

Nine Killed In Mid-Air Collision Over Airport Training Plane Strikes Liner During Landing

COLUMBUS, Ga., April 22. (AP)—Nine persons were killed today when a special Delta Airlines plane carrying eight employees of the company, including one top official, collided with a civilian plane and both crashed onto the airport here where they were enveloped in flames.

The Delta plane was coming into the airport for a landing when, airline officials said, the civilian plane "came down from overhead and struck the tail of our ship."

School Building Amendment Set

AUSTIN, April 22. (AP)—Submission of proposed constitutional amendment to finance a \$60,000,000 building program for state-owned schools was assured today by the House, which also sent the Senate two other proposed changes in the state's fundamental law.

Hungarian Silver Returned By US

FRANKFURT, Germany, April 22. (AP)—The United States shipped \$25,000,000 worth of Nazi hoarded Hungarian silver and art objects back to Budapest today in a new gesture of friendship.

POLICE HUNTING PHANTOM KILLER

LAMESA, April 22. — Dawson county police have run into a "dead end" in their efforts to follow the trail of the person who clubbed John R. Bailey to death on the Brownfield highway some time Saturday night.

Passing Of \$22,000 In Bogus Checks Told

William Curtis Shelton, 55, admitted to police today he is no piker when it comes to writing bogus checks.

Shultz Testifies At A&M Probe

AUSTIN, April 22. (AP)—The joint legislative committee investigating Texas A&M College today heard a former Aggie testify that he was aided in distributing a letter concerning the college controversy by former President T. O. Walton and Travis Bryan, president of the First National Bank at Bryan.

Confab Stalemated

MOSCOW, April 22. (AP)—The council of foreign ministers wound up a second secret session on the Austrian peace treaty today and failed to announce any conclusive results, apparently leaving the key Austrian issues stalemated.

Grief-Stricken Big Spring Widow Returning Home From Texas City

By WILLIAM C. BARNARD TEXAS CITY, April 22. (AP)—This is to tell the warm-hearted citizens of Big Spring, Texas, that a grief-stricken, grey-eyed girl of 17, terribly in need of help, is on her way back to her home in that West Texas city today.

Eight Killed As British Troop Train Blows Up

Condemned Jews Beat Hangman By Committing Suicide

JERUSALEM, April 22. (AP)—Terrorists blew up a British troop train southeast of Tel Aviv today, killing at least eight persons, and then machinegunned the wreckage. The attack was made two hours after two condemned Jews committed suicide with explosives just before they were to be committed to the gallows.

HOUSTON, April 22. (AP)—An armed bandit made an unsuccessful attempt to take \$50,000 in cash from the basement payroll section of the National Bank of Commerce here shortly after 11:30 a. m. today.

Bank Hold Up Attempt Nipped

HOUSTON, April 22. (AP)—An armed bandit made an unsuccessful attempt to take \$50,000 in cash from the basement payroll section of the National Bank of Commerce here shortly after 11:30 a. m. today.

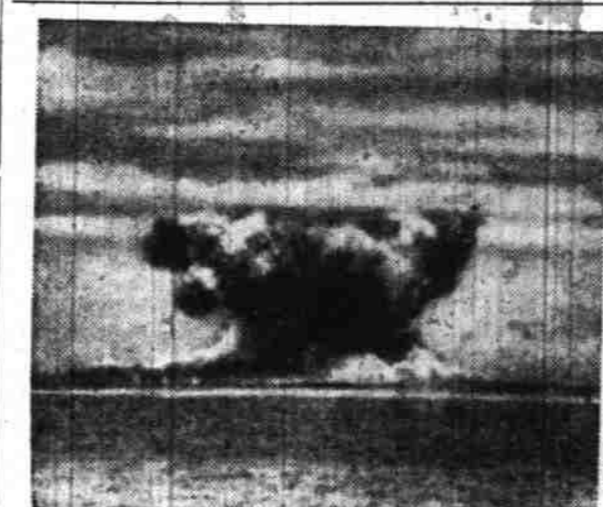

Marine General Raps Unification

WASHINGTON, April 22. (AP)—Gen. A. A. Vandegrift testified today that unless the Marine Corps' mission is specifically outlined in pending armed services unification legislation the corps could be reduced "to a role of military impotence."

Chinese Military Situation Tense

NANKING, April 22. (AP)—Chinese dispatches reported today the military situation in Shansi was becoming increasingly serious for the government forces as communists stepped up an offensive along the province's north-south rail line.

Senate Is Due To Pass Aid Bill Today

TWO BIG BLASTS — Texas City's tragic explosion developed more than one similarly to an atomic bomb. The Texas blast which killed hundreds (left) is compared with that of the second Bikini bomb. (AP Photo).

DESOLATION AFTER BLASTS — This desolation, reminiscent of war scenes, is the remnant of the Monsanto Chemical plant at Texas City on April 21, five days after explosions and fires which ravaged much of the Texas coastal community. Company officials have announced that the plant will be rebuilt on the same site. (AP Wirephoto).

Dallas Good-Will Tourists Visit

Dallas' hand-shaking, merry-making and rug-cutting good-willers spent an hour here at noon today saying "thanks" for customers served over the years in this area.

Chinese Military Situation Tense

NANKING, April 22. (AP)—Chinese dispatches reported today the military situation in Shansi was becoming increasingly serious for the government forces as communists stepped up an offensive along the province's north-south rail line.

New Fire Frightens Tense Coast City

TEXAS CITY, April 22. (AP)—Trigger-tense Texas City was thrown into frightened excitement today when a warehouse containing 1,000 tons of ammonium nitrate caught fire and burned for two hours.

Disaster Fund Over \$1,800

The disaster relief fund hit around \$1,800 today as more checks came into the fund. As the volume subsided to an extent, the Junior Chamber of Commerce prepared for the next big lick when it presents an all-community revue Thursday at 8 p. m. in the municipal auditorium.

WEST KNOTT FARMER, ISOLATED BY SANDSTORM, HELPS DELIVER INFANT

His friends henceforth have reason to refer to Santos Barron as "Doctor."

Opponents Start Last-Hour Futile Attack On Plan

WASHINGTON, April 22. (AP)—Opponents launched an admittedly futile last-hour attack on the Greek-Turkish assistance program today as the Senate drove toward a 3 p. m. (CST) vote on it.

Senator Edwin C. Johnson (D-Colo.), chief opponent of the measure, called it one of "Middle East aggression."

Senator Williams (R-Del.), another opponent, told the Senate the President's plan involves "a new American political doctrine for the world, the cost of which could reach untold billions and the deployment of American manpower in the front line trenches of the global ramparts."

AFL Awaiting CIO Reply For Merger

WASHINGTON, April 22. (AP)—The AFL executive council opened a detailed search today for a way to combat the far-reaching union curbs which the Senate will begin debating tomorrow.

Steel Industry Peace For Two Years Seen

PITTSBURGH, April 22. (AP)—Top officials of the CIO-United Steelworkers and the US Steel Corp. today will put their signatures on a new pact which Union President Philip Murray declared "assures peace in the industry for two years."

WEST KNOTT FARMER, ISOLATED BY SANDSTORM, HELPS DELIVER INFANT

His friends henceforth have reason to refer to Santos Barron as "Doctor."

Mrs. Parsons To Join Husband in New York

Mrs. Seth H. Parsons, who has been visiting her parents, Mr. and Mrs. B. Reagan, and other relatives, left Monday evening for New York to rejoin her husband. Parsons has been working on his doctor of education degree at Columbia University since his separation from the army. He formerly was an instructor in Big Spring schools and subsequently coordinator of diversified occupations.

2 Big Spring (Texas) Herald, Tues., April 22, 1947
Methodist Women Attend Group Meetings Of WSCS

Women of the First Methodist WSCS held group meetings Monday afternoon for inspirational study and prayer.

Circle one was entertained in the home of Mrs. C. E. Thomas, and the meeting was called to order by Mrs. M. E. Perry. Opening prayer was offered by Mrs. H. G. Keaton, and Mrs. Perry conducted the lesson on "Christian and Race."

"Uniqueness of Man," was given by Mrs. Thomas, and Mrs. M. A. Cook gave a paper on "Love Of God And Love Of Man." Mrs. A. C. Moore closed the program with a discussion of "Sense and Nonsense About Race."

Refreshments were served by the hostess, and those attending were Mrs. S. R. Nobles, Mrs. Robert Hill, Mrs. H. J. Whittington, Mrs. Keaton, Mrs. Perry, Mrs. Cook, Mrs. Haynes, Mrs. H. F. Howie, Mrs. James J. Johnson, a new member, Mrs. Moore, Mrs. John Chaney and Mrs. F. G. Powell.

Circle three met with Mrs. Clyde Johnston to begin the study of "The Christian And Race."

Mrs. Charlie Morris was leader for the discussion "Basic Foundations," and taking part were Mrs. A. F. Johnson, Mrs. C. R. Moad, Mrs. A. C. Bass, Mrs. H. M. Rowe and Mrs. Cecil Collings.

Prayer was offered by Mrs. N. W. McCleskey, and it was announced that the next meeting will be held with Mrs. R. E. Satterwhite.

Refreshments were served, and those attending were Mrs. Johnson, Mrs. Bass, Mrs. Rowe, Mrs. Collings, Mrs. Satterwhite, Mrs. Arthur Woodall, Mrs. McCleskey, Mrs. B. E. Winterrowd, Mrs. Mor-

Baptist Meetings Devoted To Prayer, Mission Programs

Mission study, business meetings and discussions highlighted circle meetings of the First Baptist Women's Missionary Society held Monday.

The East Central circle met at the church Monday afternoon for a study of the mission book, "That They May See." Mrs. J. L. Haynes was in charge of the discussion, and Mrs. Frank Gary closed the program with prayer. A report from Mrs. G. A. Brooks, sponsor of the Girl's Auxiliary, was read and the treasurer's report approved.

Those attending were Mrs. R. V. Jones, Mrs. D. C. Maupin, Miss Minnie Moore, Mrs. R. C. Hatch, Mrs. Frank Gary, Mrs. Lina Lewellen, Mrs. Bennett Storey, Mrs. J. L. Haynes, Mrs. J. P. Dodge and Mrs. R. V. Harp.

Evelyn Coker gave a review of the mission study book, "Shining Like The Stars," by Harold E. Dye Monday morning when the Maybelle Taylor circle met at the church.

The program opened with a song "What A Friend We Have In Jesus," and those attending were Frances Hendrick, Lois Rose, Evelyn Coker, Claribel Clarke, Mary Kathryn McCarty, Helen Ferrell, Joyce Wheelless, Ann Haynes and Mrs. Dick O'Brien.

Mrs. J. D. Benson Is Program Leader

Mrs. J. D. Benson brought the fourth chapter study of the book "Our Country In India," Monday afternoon when the Women's Council met at the First Christian church.

"We Would Be Building," was the subject of the afternoon, and those attending were Mrs. Harry Lees, Mrs. R. J. Michael, Mrs. H. E. Clay, Mrs. H. C. Read, Mrs. Lloyd Thompson, Mrs. G. W. Dabney, Mrs. A. A. Marchant, Mrs. Arthur Caywood, Mrs. Shelby Hall, Mrs. W. N. Bonner, Mrs. Justin Holmes and Mrs. C. M. Shaw.

Pre-School Mothers To Meet Wednesday

Mothers with pre-school children who will enter classes next fall for the first time, are urged to attend a meeting which has been called Wednesday at the YMCA at 3:30 p. m.

Dr. G. E. Peacock will be guest speaker for the afternoon, and Mrs. C. A. Horton will show a health film, "Road To Health And Happiness."

Youth Rally Held Here At Church

Around 330 young people were in Big Spring Monday evening for a district youth rally held at the First Methodist church.

Midland outnumbered other towns in the Sweetwater district with a representative group of 80 young people. Dinner was served to conference officers, sub-district officers and district officials at 6:15 p. m. in fellowship hall, and the general assembly followed.

Highlight of the program was an address by Rev. George Harper, secretary of the national Youth Fellowship. His talk was based on the theme "Christ Above All." The Fraker Girl's Ensemble sang two numbers, "Dearest Lord Jesus" and "Now The Day Is Over." Jane Stripling sang the solo part of the last number.

Among officers attending were several from Abilene. They are Ray Hart, vice president; Fern Morgan, secretary and treasurer; Dorothy Clay, publicity; James Pickens, missionary and world friendship; Willene Christopher, worship chairman; and Elizabeth Willis, recreation chairman. Others here for the rally were Martha Jo Post of Colorado City, community service chairman; Mattie Sue Howland of Lubbock, youth director; Dr. O. P. Clark, district superintendent; and Rev. W. E. Hamilton, executive secretary of the conference.

Coming Events

WEDNESDAY
CHILD STUDY CLUB meets with Mrs. Jack T. Smith, 707 Astor, at 2:45 o'clock. Mrs. John D. Coffey will be co-hostess.
PRE-SCHOOL MOTHERS meet at the YMCA at 3:30 to plan for health round-up.
FIRST BAPTIST CHOIR practices at 8:30 p. m.
FIRST METHODIST CHOIR has rehearsal at 7:30 o'clock.
PARK STUDY CLUB meets at 8 p. m.
THURSDAY
AMERICAN LEGION AUXILIARY will join with the legion for a winter roast Thursday evening.
NEW TOWN STUDY CLUB meets with Mrs. Grover Cunningham at 9:15 o'clock.
FRIDAY
Y.O.P. REBEKAH association meeting to be held here.
DORCAS CLASS meets at the First Baptist church at 9 p. m.

Speaker Arrives For Tea Tonight

Miss Helen Hosp arriving from Midland Monday evening for her appearance here as guest speaker of the AAUW tea this evening.

The affair will be held in the parish house of St. Mary's Episcopal church at 7:30 p. m. Miss Hosp, associate member of the American Association of University Women, spoke in Midland Monday afternoon, and is addressing club women in their area following the national AAUW convention held in Dallas last week.

Panzy Myrick Feted On Fifth Birthday

Panzy Myrick, daughter of Mr. and Mrs. J. T. Myrick celebrated her fifth birthday anniversary with a wieners roast recently.

James played, and those attending were Dorothy and Ramond Lacy, Dickie, Barbara and Joe Ed Earnest, Patsy Potter, Sandra Clanton, Vada, Zada and Sue Myrick, Carol and Joe Edward Zant, Kenneth Haral, Glen Jerry and Dewana Lee Myrick, Ann Cowell, Imogene and C. J. Myrick, Patsy Haney, Mr. and Mrs. Joe Myrick, Mr. and Mrs. Ed Bailey, Mrs. K. Legate, Mrs. Clifton Clanton, Mrs. Joe Zant, Mrs. Buck Herron, Mrs. Mary Cowell, Mrs. G. Riggan and the honoree.

Service Club Heads Vote Into Polio Committee

The Howard county Infanile Paralysis committee voted in a meeting Monday afternoon to issue automatic committee memberships to presidents of the various service clubs in Big Spring.

Under the plan, the president of each service club would serve on the committee during his term of office, and automatically be succeeded on the committee by the new club president each year.

Mrs. S. E. Womack, public health service nurse, who is a member of the committee, announced at the Monday meeting that she would devote personal time to polio cases should they develop in Big Spring.

Mrs. Womack has had training in the Sister Kenney system of treatment for polio.

The secretary's report showed that the local chapter had contributed aid to 441 cases since 1938, representing an expenditure of \$4,050.988.

Coffee On House New Innovation On T&P Trains

Coffee on the house is an innovation now being offered on Texas and Pacific Railway trains.

Here for the convention Monday, J. B. Shores, director of public relations for the T&P, said that he had been impressed by the public desire for mid-morning and mid-afternoon coffee.

Thus far, the "experiment" has proven highly popular with patrons. Promptly at 10 a. m. the steward moves throughout the train with coffee, cream and sugar, pouring a free cup for any passenger who desires it. This is repeated at 3 p. m.

To popularize and broaden diner service on T&P trains, the company is to start almost immediately on a popular priced menu service. Stewards will distribute the menu throughout the trains, showing prices of balanced meals. Prices will compare with those offered in cafes for substantial fare without some of the frills which go on higher priced meals. Pullman passengers also will have the lower-priced menus in addition to the regular diner schedules.

Legion Post Plans 'Hot Dog' Party

The American Legion post will have a "hot dog" party for its members and families at 7 p. m. Thursday, Harold P. Steck, commander, has announced. The affair will be held at the city park in lieu of the regular meeting, and at 8:30 p. m. the group will adjourn to the softball field to witness the Legion team in a league game.

Ackerly Farmer Suffers Heart Attack

ACKERLY, April 22.—I. P. Graham, farmer who resides two and a half miles south of here, is in the Cowper - Sanders hospital at Big Spring after having suffered a heart attack Monday morning. Graham has been a resident of this community for 20 years.

Tributes, Gifts Given Pastor At Farewell Party

Members of the East Fourth Baptist church bade farewell to the Rev. James Roy Clark, pastor of the church, in a program in the church basement Monday evening.

While speakers paid tributes to the work of the man who had led the church for the past two years, gifts to members of the Clark family were arranged for a surprise presentation. The Rev. Clark was touched visibly by the laudations and personal gifts.

The basement of the church was crowded as members turned out to wish the minister well in his new calling as pastor of the Morgan Street Baptist church in Corpus Christi. Mrs. Clark and the children are due to remain here until the end of school. The Rev. Clark left today for his new charge.

Canada produces most of the world supply of palladium, a precious metal of the platinum family.

Pond Baby Born

Mr. and Mrs. Joe Pond are the parents of a daughter born Friday morning in Malone and Hogan hospital. The baby, which weighed six pounds and two ounces, has not yet been named.

US Crude Oil Production Up

TULSA, Okla., April 22. (AP)—Crude oil production in the United States averaged 4,909,885 barrels daily during the week ended April 19, an increase of 4,570 barrels over the previous week and the seventh consecutive weekly gain, the Oil & Gas Journal reported today.

Kansas recorded the most noteworthy gain, 8,650 barrels high at 278,450 barrels.

Other important increases were: The eastern area, up 2,000 barrels to 65,000; Colorado, up 1,360 to 38,110, and Wyoming, up 1,150 to 112,630.

California was down 2,250 barrels to 907,500, Mississippi declined 2,050 to 85,540, Oklahoma was down 2,000 to 376,900 and Michigan was off 1,735 to 42,140.

Texas's output was unchanged at 2,150,545 barrels.

Striking Vets Forfeit Checks

DALLAS, April 22. (AP)—Veterans taking on-the-job training with the Southwestern Bell Telephone Company in 51 North Texas counties, will receive no subsistence checks for the period they are out on strike.

E. M. Cain, regional education officer of the VA, said the move was in line with the National VA policy to cut off payments when veterans leave school or training.

Cain estimated yesterday that there were 623 veterans affected.

Tin Magnate Dies

BUENOS AIRES, April 21. (AP)—Simon I. Patino, peasant-born Bolivian clerk, who in mid-life became a world famed tin magnate reputedly worth \$300,000,000, died here yesterday in his hotel suite of "general exhaustion" attributed to old-age.

SYMPATHY FOR LOVE-STRUCK

DETROIT, April 22. (AP)—Romance was at the bottom of a walkout yesterday of 13 AFL truck drivers and dock workers. They left their jobs at the Hayes Freight Lines, Inc. in

protest, they said, of the arrest of a fellow worker who admitted using a company truck to drive his girl friend home. The strikers are members of the Teamsters Union.

Americans normally send about 680,000 telegrams a day.

Keys made at Johnnie Griffin's—adv.

FLOWERS COME BACK HOUSTON. (UP)—Another end of the war note—corsages are back at dances held by students at Rice Institute. The student council voted 9 to 8 to lift the ban on corsages which was imposed during the war to help Rice naval students save money.

CONCRETE CONSTRUCTION Equipment To Do Smallest of Biggest Of Jobs A. G. MITCHELL Phone 748-J

SOMETHING DIFFERENT AND BETTER—This sums up the attitude of a group of Italian youngsters, taken out of squalid surroundings and given refuge in a YMCA camp at Rome. Here they satisfy long-inherited appetites, and learn that camping, baseball and sports are more fun than looking guns and living under a dictator. This is typical of the program YMCA's in war devastated countries are trying to do while in the midst of a formidable rehabilitation program. To help them help themselves, Big Spring YMCA is seeking a minimum quota of \$500 toward the World Youth Fund, currently underway.

Famed Gainesville Circus Rehearsing

GAINESVILLE, Tex., April 19. (AP)—The biggest show of its kind on earth is ready for its eighteenth season.

Gainesville's happy hobby, its community circus, opens next week bigger and better than ever with 138 "home-grown" performers and thousands of dollars worth of new equipment.

The circus has ten engagements in two states this year. It could have more, but the performers, many of whom make their vacations coincide with the circus season, just can't get away from their jobs.

The performers are bankers, truck drivers, lawyers, doctors, housewives, merchants, clerks, service station employees — men, women and children from every walk of life.

The only thing that counts is talent. One of the stars is a delivery boy. The ticket taker is a leading undertaker.

None receives pay. Most of them provide their own costumes, instruments, and animals. Profits are plowed back into equipment.

A. Morton Smith, editor of the Gainesville Register and father of the circus, estimates that the Gainesville community circus has brought home \$150,000 during its career. Last year's show made \$25,000.

Other advantages to the community include the international publicity, a decline in juvenile delinquency, an enterprise that has united the town of 12,000 to an unusual degree, an opportunity to travel about the southwest free, and an almost year-round method of exercise.

and boys to ride them. A railroad switchman named Bill Wingert had amused himself for years on a backyard trapeze. A school teacher had experience as an aerialist.

Before the opening date, so many actual performers were available that the burlesque was abandoned. They had enough real performers to put on an honest-to-goodness circus.

The directorate held its breath that first day, May 1, 1930, for it had spent \$300, almost the sum of the Little Theatre debt. The show was such a success it had to give three performances and made \$420.

A week later a repeat performance was requested by a Legion convention. Then Denton guaranteed \$100 and expenses per performance to put on the show there.

From then on the Texas Topsy crew fast. The following year it gave five performances. There were seven the following year, ten in 1934. They performed before 11,000 spectators in College Station, 7,500 in Austin, 52,000 in Fort Worth and 30,000 in Houston.

They turned down many professional offers for tours.

The circus has consistently stuck to its policy for performing for flat, guaranteed sums, and for civic groups sponsoring benefits.

A moving picture is to be made, based on the history of the circus. Gainesville's profit will be a new \$15,000 flame proof tent.

If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food in a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As age advances the "old stomach" needs more help. The reason is this: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment, sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of the vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains very special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait until you are one of the millions of people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

STATE EASES CONSCIENCE OF AN HONEST MAN

AUSTIN, April 21. (AP)—It took eight years and a ruling from the attorney general—but the state has finally, and completely eased the conscience of an honest man.

Back in 1939, when W. Lee O'Daniel was governor, he received \$504 in cash and an anonymous letter stating that the money was in payment of a debt owed to the State of Texas. After official conferences, the money was placed in the executive department suspense account—which is roughly equivalent to a dead-letter office. It was to remain there until additional information was received.

Nothing was ever learned about the \$504 or its sender. Recently the state auditor, weary of having his bookkeeping cluttered up, asked the attorney general what he should do with the money.

In a four-page opinion, the attorney general replied. In short, what he said was: put the money in the general revenue fund where the state can spend it.

404 Scouts Sign For Round-Up

Members of the Boy Scout district committee today were completing arrangements for the 21st annual Scout Round-Up which will open at 4 p.m. Thursday.

H. D. Norris, scout field executive, said early registrations had been made this morning by 404 Scouts from 17 troops in the Buffalo Trail council. More registrations were expected this afternoon. Previous attendance figures at the annual event have ranged from 800 to 1,000 Scouts representing from 40 to 50 troops.

Norris reminded local Scouts to contact their respective scoutmasters to arrange for excused absences from school classes Friday. The Round-Up will continue through Saturday noon, with a barbecue planned for the closing feature. Scoutmasters must submit in advance names of all troops members who are to be excused from classes on Friday, Norris said, and scoutmasters are being asked to have their respective lists ready by Wednesday if possible.

Americans use some 600 million pounds of waxed paper annually.

New Redistricting Attempt Is Planned

AUSTIN, April 22. (AP)—An alternate manner of redistricting the state for legislative representation has been opened up for the House.

Its committee on constitutional amendments last night sent to the calendar, with a recommendation for adoption, a joint resolution for submission of a constitutional amendment that would force redistricting by a state board in the event the legislature fails to follow the constitutional mandate every 10 years.

This action came a few hours after the House killed for this session Rep. Harley Sadler's redistricting bill.

The amendment, by Rep. Cecil Storey of Longview, is similar to one pending in the Senate, by Sen. George Moffett of Chillicothe. The Moffett proposal has been passed on second reading, but it lacked the necessary two-thirds vote for final approval.

The proposed amendment by Storey would set up a board of five, consisting of the speaker of the House, the lieutenant governor, the attorney general, the comptroller and the land commissioner, to reapportion legislative representation if the legislature fails to redistrict after each federal census, as provided by the constitution.

If the board did not act, the supreme court would be empowered to force it to take the step by a mandamus proceeding.

House and Senate committees labored late into the night, sending much additional legislation to the floor, postponing final action on other matters, and killing some bills.

Chopped down by the House constitutional amendments committee was a suggested amendment which would extend homestead tax exemptions to local levies. Homesteads are now exempt from state taxes up to \$3,000 valuation. City officials opposed the plan, saying it would dry up irreplaceable sources of revenue.

The House labor committee recommended passage of a Senate bill by Ben Ramsey of San Augustine, outlawing secondary or sympathy strikes, boycotts and picketing. It sent to subcommittee a house bill authorizing the governor to take over public utilities—including light and power, heat, gas, steam, water, transportation, telephone and sewer service—in case of a strike.

A proposal to give the newly-established State university and A&M for Negroes constitutional status was delayed for one week in the House committee on constitutional amendments. This action came after members told the author, Rep. Jim Hefflin of Houston, that they agreed with the purpose of his proposal, but not with the wording.

Hefflin had told the committee the purpose of the amendment was to give Negroes equal educational opportunity under the constitution, and protect the status segregation laws.

Also delayed for another week's study in this committee was a proposed constitutional amendment authorizing issuance of \$300,000,000 in bonds to finance small business and home loans for veterans of World War II. Rep. S. J. Isaacks of El Paso asked that the resolution be mimeographed to give committee members further opportunity to study it. The resolution was a combination of several veterans aid proposals.

Rep. S. J. Isaacks' bill establishing a multiple-list textbook adoption for the state's elementary schools was pending as the first order of business in the House today.

Efforts to postpone considera-

Vocational Test Results Compiled

Results will be compiled this week from a vocational placement test which the junior class of Big Spring high school underwent recently in connection with the school's guidance program.

Purpose of the test, given to local high school students for the first time, is to point out vocations with which the students may not be familiar but which make use of the latent talents of that student. It will likewise serve as a check upon whether a person's choice of an occupation coincides with those things which he likes to do.

Zaida Brown, guidance program director, hopes that by the coming school year, such surveys can be conducted among the eighth grade students and thus enable successful courses to be mapped out from the outset of their high school work.

"We are trying to give the students an opportunity to find which qualities or talents they possess that constitute kinetic abilities," Miss Brown explained. "We then can give them the education they can do something with."

Findings of the survey will be revealed personally to the student.

Interior Department Budget Slash Asked

WASHINGTON, April 21. (AP)—An unprecedented 47 per cent budget cut was recommended for the Interior Department today by the House Appropriations committee.

Slashing vigorously in its promised "meat axe" drive to chop \$6,000,000,000 from President Truman's \$37,900,000,000 federal budget for 1948, the committee sent to the House floor a \$136,536,513 bill to operate the Interior Department for the 12 months starting July 1.

The farm population of the United States includes about a third of all the children in the country.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barcolite (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

The Chiropractor and You

No. 3 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic

CHIROPRACTIC ADJUSTS THE CAUSE OF DISEASE—Nature is the Chiropractor's only aid—adjustments remove the pinch on the nerves and enable Nature to do her part to make and keep the body well. Ninety-five per cent of diseases are due to pressure upon nerves along the sides of the vertebral column. This pressure interferes with their functions; hence inflammation, unnatural action, pain and distress are manifested where these nerves end. All diseases are prolonged until pressure upon these nerves leading to the affected parts is adjusted. It is the business of the Chiropractor to release this pressure with the hand, the doing of which has never been taught in other schools, nor practiced by them.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you, permit Nature to remove

CHIROPRACTIC IS RIGHT! CASE HISTORY No. 19114. A business executive with a chronic kidney condition of 9 years standing. His system was so-filled with toxins that a walk of but two blocks left him exhausted. He estimated that he had spent \$2,943 in seeking relief but without success. He had reached the point where he said, "I no longer desired to live" when he was persuaded to investigate Chiropractic. Spinal X-rays were taken and adjustments commenced to relieve nerve pressure. Much to his surprise improvement came almost immediately and within 90 days he was discharged as well.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you, permit Nature to remove

GREYHOUND

A WAY TO END THE TELEPHONE STRIKE

We did our best to avoid this strike and we are doing our best to get it settled.

Agreement on arbitration offer on wages could be the means of ending the telephone strike.

Wages are the big issue.

The company believes that wages paid its employees are good.

The union says they aren't and wants much more. Their demands total 66 million dollars per year, or an average of 3 dollars per month per subscriber.

The company has said, therefore, "let's decide by putting it before an impartial board of arbitration and have both sides abide by the decision."

The union has refused.

Acceptance would hasten the end of the strike.

It would get employees back on the payroll.

The public would get normal telephone service.

Scores Of Red Cross Workers Aid In Rehabilitating Tornado Areas

BORGER, April 22 (AP)—The Red Cross is very much on the job in the tornado stricken areas of the Texas Panhandle and Southwestern Oklahoma.

Scores of workers wearing the Red Cross arm band are nursing the sick and injured, feeding the hungry and sheltering the homeless.

Officials say these workers are faced with the biggest and most rugged rehabilitation job ever undertaken by the Red Cross in the mid-west.

But they say Americans have come to the aid of the stricken communities in typical good neighbor fashion. Clothes and other supplies have poured in from every section of the nation. Warehouses as far south as Elkhart, Kan., and as far north as Elkhart, Texas, are loaded with supplies.

Red Cross workers poured in to the stricken areas shortly after the tornado struck. They were so busily engaged that they gave no thought of arm bands. This gave the impression to some that the Red Cross was slow in moving into the area. Leo Durkaa, regional director of the mid-western area with headquarters in St. Louis, said:

"Describing the activities of the Red Cross, Jimmy Bullock, editor of the Hutchinson County Herald at Borger, says:

"Today should a visitor stroll into the Red Cross headquarters that has been established in the Higgins public school building he would be amazed at the things before his eyes.

"Organization and a systematic control method of administering relief was set up very shortly after the Red Cross arrived on the scene.

"There is a room with abundant clothing for men, neatly arranged on hangers and nicely constructed racks.

"Another room contains facilities for fitting women refugees. Even a room is provided for baby clothes. Shoes are neatly arranged in rows with every type imaginable available, including cowboy boots.

"Refugees may visit another room where inoculations are given against typhoid. In the basement, one sees food materials of every description. Refugees may obtain free groceries, including sugar without the ration stamp.

"Bedding and even tarpaulins for wrecked roofs also are available."

A few hours after the tornado passed, Red Cross officials board-cast pleas for a supply of 3,000 pounds of meat. In less than two hours, the Hutchinson county chapter collected and dispatched the whole amount.

Rumors circulated in the storm areas that clothing had been sold to refugees have been proven to be without fact or truth, Durkaa said. The Red Cross has a complete file of receipts for every piece of clothing issued.

All aid given is in the form of a grant and not as a loan with the expectation of the victim repaying what he receives, Durkaa stressed.

Sloat Subdues Dallas Rebels For Cats, 3-2

By The Associated Press

A tight, three-hit pitching performance by slender Dwain Sloat gave the Fort Worth Cats a 3-2 victory over Dallas last night and kicked them into second place in the Texas League standings.

While Sloat was adding to his mound record, San Antonio dropped a 14-8 decision to Shreveport, skidding into third place as a result.

In other games, Tulsa defeated the league-leading Oklahoma City Indians, 6-4, and Beaumont downed Houston, 6-3.

Sloat had a no-hit game going into the seventh inning against Dallas, only four men having reached first base. They got on via walks. But Hal Hirston rapped out a double that spoiled the show, drove in one run and paved the way for a Dallas rally that netted another in the ninth inning.

Charlie Samaklis played firemen for Sloat after Dallas had cut a tying run on third base with two out. Bob Finley's connection with one of his pitchers turned into an easy third to first out.

Fort Worth had fashioned two runs in the fourth inning and had added another in the top half of the ninth.

A home run with the bases loaded gave Tulsa its victory over the Indians. Jim Schilling parked one outside in the top half of the ninth to rate as No. 1 individual of the night.

The victory, incidentally, allowed Tulsa to jump from the cellar into sixth place, bypassing Dallas and Houston. Dallas is back in last place, with Houston a notch above.

Beaumont kept its grip fourth by making it six straight victories. The Exporters built up an early lead with a pair of runs each in the first two innings and single

Legion To Operate Stanton Ball Field

STANTON, April 22.—The local American Legion post has agreed to take over the operation of the Stanton soft ball field, which is being relocated in the northern section of the city.

Among new equipment which has been placed on order are 300 spectator seats.

A nominal fee will be charged for all the games in order to meet expenses for the season. Fans may obtain season tickets for \$3, good for the entire family. Persons not having a ticket will be charged a flat fee of 10 cents a game. Per-seps under 12 will be admitted for five cents.

A city league will shortly be organized here and is slated to begin operations around May 1.

The Hiroshima atomic bomb demolished four square miles of building and left another three square miles uninhabitable.

Tallies in the third and fourth. Houston's efforts produced runs in the first, third and ninth.

The licking by Shreveport wasn't quite as humiliating to San Antonio as it could have been. Only 54 paying guests were in the stands to see it drop its second game of the series with Shreveport.

Tonight, the same schedule faces Texas League fans. Oklahoma City is host to Tulsa, Dallas to Fort Worth, Houston to Beaumont and San Antonio to Shreveport.

School Problems Due Honest Study

Governor Beauford Jester has permitted two important teacher pay bills (including the disputed \$55 per capita apportionment) to become law without his signature. His action is not all surprising; in fact, it was the culmination of an effort to be both realistic and consistent.

situation beforehand that he did in making his final decision. He makes the point that the present per capita system, based on census rather than attendance, places a premium on enumeration and not on attendance, a requisite for maximum educational opportunity. It is a valid point. He wants to know why Texas spends the fourth largest amount on education, yet ranks 32nd in efficiency of education. This ignores the high population of Texas in the national scale, but it, too, has its validity.

Redistricting Gets The Run Around

Redistricting is a dead duck for this session of the Texas legislature. It has been a very dead duck since 1921. Despite rise of hopes that the law-makers might make a move this term toward fulfilling a constitutional mandate, those who look at the matter realistically have maintained a fingers crossed attitude all along. Now their gloomy optimism has been substantiated.

there is little reason to believe that the counter-part to House redistricting will ever get consideration. At any rate, the gross inequities have stemmed from the mal-alignment of legislative districts. Perhaps it makes no difference how it was killed, but one cannot help from refraining from the wish that the more forthright method of a roll call on the bill itself had been the means. The elimination of the enacting clause leaves a slim avenue for wriggling around the basic issue. A frontal attack on the bill would have made it necessary to stand up and be counted on the actual issue itself. The action now points to the necessity of enacting a measure by Sen. Moffett which would make redistricting by a board automatic when the legislature fails to do its sworn duty.

The Nation Today—James Marlow—

Vandenberg Skips 'Crash Landing'

WASHINGTON, (AP)—Senator Vandenberg (R-Mich.), has walked away from one of the state department's "crash landings" on bipartisan foreign policy against which Harold E. Stassen has complained in the past. The Michigan senator stepped out briskly over the weekend with a statement that he will not support the shipment of war-ordered goods to Russia until the Soviets settle satisfactorily the \$11,000,000,000 bill hanging ever them for lend-lease equipment they got during the fighting.

disliked the inconsistency of sending the goods to Russia, he thought the United States must keep its agreement with the Soviets "scrupulously." Dean Acheson, under secretary of state, repeated the argument about keeping contracts at a news conference almost simultaneously. But the next day, the Michigan senator is reported to have written Senator Bridges (R-NH), one of the chief critics of the Russian deal, that he (Vandenberg) would not go along on shipments to Russia now.

Affairs Of The World—DeWitt MacKenzie

General Ho Asks Moral Reform

During long years of journalistic globe-trotting a reporter naturally encounters many extraordinary stories, but I've just run into one of the most remarkable of my experience. There is in New York on special duty the distinguished Chinese soldier, General Ho Ying-Chin. He is widely regarded as Generalissimo Chiang Kai-Shek's right hand, and in this critical juncture in world affairs is representing China on the United Nations military staff committee.

ment to inaugurate reforms which will win over the population now dominated by the Reds. And along with economic reforms must come the moral force that will give new standards to the country. In short, there's no use trying to "reform" the communists unless the change starts first in the government and among its key supporters. Obviously the spreading of these new ideas calls for specially trained people, and the energetic Ho has laid before the Generalissimo a program which calls for selected groups of Chinese to be sent to America at once for training in moral re-arrangement. He specifies that these men "must be absolutely unselfish; they should be men of faith, not necessarily Christian but with a spiritual philosophy."

In Hollywood—Bob Thomas

O'Brien, Tracy Plan Film Together

HOLLYWOOD. (AP)—Pat O'Brien may appear in one of the leading roles of "State of the Union" with Spencer Tracy, if current dickerings pans out. O'Brien would like the meaty part of the newspaper publisher, and it's highly possible that the deal will go through. If so, it will be the first time the two Irishmen have appeared together since their early days in theater stock.

120 dancers one night on his current tour. Domesticated Errol Flynn was lurching with wife and 2 1/2-year-old daughter in the Warner Commissary. He's off the cane, but won't have to do any swash-buckling in his next, "Silver River."

A Moving Tale

ALTON, Ill. (AP)—Thieves earned a place in the Hall of Fame. They took a 1,200-pound boiler from a street in front of a warehouse.

Hal Boyle's Notebook

Disaster Preparations

TEXAS CITY, (AP)—There is one ultimate question raised for America by the Texas City disaster. The question is this: Although the American spirit has been shown capable of rising unselfishly above mass tribulation, is the overall American organization for coping with community-wide disaster and chaos of this type sufficient?

The question that Texas City poses in peacetime is: What would happen in wartime if a series of such tragedies simultaneously struck scores of communities, as certainly would happen in the event of the dropping of many atom bombs by a ruthless enemy?

There is sentiment today in Texas City for the creation of a federal organization of trained emergency staffs able to move swiftly into an overpowered community and organize its health, medical and rescue problems. In wartime both the Army and Navy are prepared for such exigencies. They have the doctors, food stockpiles, and engineers to deal with such situations.

Big Spring (Texas) Herald, Tues., April 22, 1947

Washington Merry-Go-Round—Drew Pearson

Truman Lectured On Liberalism

WASHINGTON. — President Truman heard some blunt talk about "liberalism" from an unexpected quarter the other day. The man who preached the sermon on liberalism was none other than Ed Flynn, "Boss of the Bronx" and the man who did the most, next to Bob Hannegan, to nominate Truman at Chicago, Flynn, together with Democratic leaders from Rhode Island, New York, New Jersey and Connecticut called at the White House to discuss party political prospects with the chief executive, and barely had they been seated when Flynn cut loose. Democratic executive director Gael Sullivan, standing near the president, started the discussion by saying:

liberalism in the party as an essential for re-election in '48. However, he wasn't as outspoken as the boss of the Bronx. "We've just seen the enormous rise in the President's prestige nationally," said Hague. "But we must not be deceived by it. We're now in an era of good feeling. This is the very time we must work the hardest. If we don't, we're liable to slip back into the rut."

agree with it. It will take a lot of work to make them vote for us next time." Although not asked to comment, Mayor Hague seemed to take this almost as personal criticism. "Don't look at me," he said. "I'm for the women."

GREEN QUOTES PEARSON

Rhode Island's Senator Theodore Francis Green observed that the growth of Truman's popularity is due to the fact that the President showed the country he could make decisions on his own. In order to remain popular, Green said, the President would have to continue making forthright decisions.

He warned the party against playing down Roosevelt too much, however, and pointed out that the country would be a long time forgetting that the Democratic party was Roosevelt's party. "Don't forget," said the senator from Rhode Island, "that the Republicans haven't dared repeal a single piece of Roosevelt legislation, or even attack it for that matter. This should show all of us how popular he still is and how strongly his memory favors us."

Edwin W. Pavenstedt, Miami—The authority for my statement that Senator Borah of Idaho urged Franklin Roosevelt to take a stand for the Spanish Loyalists in the Spanish Civil War was Senator Borah himself. Ambassador Oswald Aranha, New York — the important US African air base, Roberts Field, in Liberia, opposite the bulge of Brazil, is likely to fall into French hands as a result of GOP congressional economy. The field, important to Brazilian and American air routes through Africa, cost \$3,000,000 to build and about \$100,000 to keep up annually. If we give it up, it reverts to Liberia which will turn it over to the French, who already are angling for it. Some US Army men are privately worried about Russian influence in the French government and fear Roberts Field might become a stepping stone through Africa to South America.

WOMEN'S VOTE

A rather sharp note was sounded by Connecticut National Committee Woman Mary Hausman, who urged action to retrieve the women's vote.

"Make no mistake about it," she said. "The women beat us last time. And they can do it again. It takes an awful lot of irritation to make millions of women carry their babies with them to the polls on election day to vote against an administration whose actions they dis-

approve. It takes a lot of work to make them vote for us next time."

Broadway—Jack O'Brian

Don't Open Door, Break Window

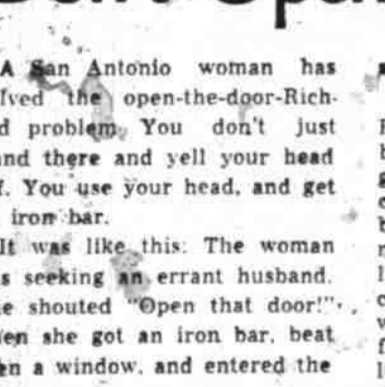

A San Antonio woman has solved the open-the-door-Richard problem. You don't just stand there and yell your head off. You use your head, and get an iron bar.

The Clay County Leader of Henrietta, in a column written by Jerry W. Sitton, says "we get worked up and almost declare civil war over time somebody reminds us that Texans must have an Oklahoma fishing license to stand in Texas and catch fish in the Red River, which separates Clay County from Oklahoma. There's absolutely no justice to it."

Two traveling salesmen from Ohio picked the wrong way—and place—to pare their expenses. They ate a large \$4.50 meal at a Fort Worth restaurant, then walked out without paying the check. Police were called, and gave chase. The men made a good race of it for three blocks, then gave out. They had eaten too much.

Mobley, Frank Murdock Edge Foes At AC

Rex Mobley, the Berger bopper, can write his own ticket at the Big Spring Athletic club from now on.

The Texan endured Buck Lipscomb's dirty work for the better part of half an hour Monday night but had the know-how in the clutch to inflict a defeat on the Hoosier.

Referee Dory Detton, who ran a fairly orderly house all evening, disqualified Lipscomb after 12 minutes of the opening heat when Bucko refused to pattern his game along the recommendations made by Dory.

Mobley was in a bad way about that time. Lipscomb had practically popped his neck with a choke hold and was holding on for dear life when Detton stepped in and gave the Indian the thumbs up.

It was a different story from there on in, however. A wary Mobley steered clear of trouble until he saw an opening, then pounced on Buck with a rolling leg split that all but paralyzed the surly Mid-Westerner. The whole thing required something like 10 minutes.

A new star was born in the opener, black as he may be painted in the eyes of the patrons.

That would be Frankie Hill Murdock, a Fort Worth product who makes an issue of chicanery and villainy. Murdock had the stands in a good natured uproar with his between-innings strut.

He came from behind to clip Jack Carter, the Auckland veteran, after Carter had employed a cradle pin hold to cop the opener in 22 minutes.

Hill's back breaker evened matters in 15 minutes and he ultimately plopped on Ruby Jack with a pin to win him the duel.

Keys made at Johnnie Griffin's—adv.

Bronc Diamond Corps Opens In Midland Wednesday Nite

Local Stadium Isn't Ready

The Big Spring professional baseball club will operate as a road team until the local park is ready, General Manager Joe Langston announced this morning.

It had originally been planned to play the first game of the Longhorn league season here Wednesday afternoon but the Highland Park plant is only half ready, contractor Arlie Suggs said. Work on the steel grandstand began only Monday and Suggs planned to pour more concrete today.

The Broncs, as an out, will move to Midland for a Wednesday night game and play there again Thursday night, according to present plans. Indications are the other two games of the four-game series will have to be played in that city, too.

In event those four games are played away from home, the Hossees will not open at home before May 1, at which time they come back to clash with Sweetwater. Langston said the game undoubtedly would be played at night.

After the Midland series, the Big Springers are scheduled to play Odessa April 27 and 28 and Ballinger April 29 and 30. Starting with the Sweetwater game on May 1, the Broncs will be at home for seven days, meeting Odessa and Vernon after the Sports leave.

Lloyd "Pat" Patterson may go to the box for Big Spring in the first game. However, the announcement of whether or not he is ready will have to come from the big boy, himself.

DISPLAYS WINNING FORM—James Fannin looks on in the hope of picking up a few pointers as Don Webb digs in to start a mile run jaunt. The Big Spring boys make a good team. Webb picked up a first place in the Regional Two meet last weekend while Fannin finished second. The pair will go to Austin and the state meet May 3. Webb is a senior while Fannin has two years of eligibility remaining. (Photo by Jack M. Haynes).

HERMAN TOPS Buc's Hustling For Owners, Notes Honus

PHILADELPHIA, April 22. (AP)—It's no mystery to Honus Wagner, veteran coach, why the Pittsburgh Pirates are atop the National league standings.

"The answer is quite simple," said the Flying Dutchman here for a speaking engagement. "It's the new owners — Mr. McKinney (president of the club), Tom Johnson and that guy, Bing Crosby."

"They've been on hand for every game and have got the players so fired up that we look like a great ball club."

But old Honus, well passed 70 years, hates to think of what might happen when "that guy Crosby" goes back to crooning and picture making.

"Keep him around all season and we'd be mighty hard to beat for the pennant," he added. "I don't know what it is but Bing, Mr. McKinney and Tom Johnson have done something to make the same outfit that finished in seventh place last year. They're great guys."

Wagner also extolled the team spirit imbued by Billy Herman, the new Buc manager.

HANDCUFFS LAMESA — Jose Cindan (above) labored five innings in the box to earn the victory as Big Spring's baseball Broncs turned back Lamesa, 7-6, in a game at Lamesa. Jose is a powerful Cuban righthander and should develop into one of the Longhorn league's most consistent winners. (Photo by Jack M. Haynes).

Longhorns Play Lamesa Today

Wright Slated For Hill Duty

Big Spring high school's scheduled baseball game with the Lamesa Tornados was to be run off as scheduled at 3:15 p.m., today on an improvised diamond north of the Highland Park stadium.

Conn Isaacs, Steer baseball mentor, and other members of the athletic department, spent most of Monday afternoon locating home plate and the bases, throwing up a backstop and dragging in several sections of bleacher seats from the softball field.

The field will be without fences, which means that any long clouds will have to be run out. Outfielders should have a sweet time, should they have to follow pellets into the underbrush that surrounds the field.

Marv Wright was due to go to the hill for the locals. In two starts to date, the Big Springers have copied one decision. They lost to Odessa, 24-23, after having slammed San Angelo, 15-6.

Lamesa was one of the pre-season favorites in District 10AAA play. They put the blast on Odessa, 21-18, the day after Big Spring had fallen victim to the Hossees.

DISTRICT STANDINGS

Team	G	W	L	Pct.
Ablene	2	2	0	1.000
Lamesa	2	2	0	1.000
Odessa	2	1	1	.500
Big Spring	2	1	1	.500
Midland	2	1	1	.500
San Angelo	2	0	2	.000
Sweetwater	2	0	2	.000

Majors Draw 786,991 Customers In Early Games, May Top 1946

By The Associated Press

Judging from early returns, the attendance at the Major league baseball parks this season should come pretty close to matching last year's record.

Despite poor weather which has caused the postponement of 16 games during the first week of action and cut into the crowds in others, the 16 big league clubs drew a combined total of 786,991 cash customers, an average of 18,309 per game.

With the increase in the number of night games and added interest in such cities as Pittsburgh and Cleveland, where new owners have taken over, it is not inconceivable that the 1947 attendance will approach, if not top, last year's amazing figures.

The limited action produced one big upset as the surprising Chicago White Sox, taking liberties with the left-handed shoots of Hurricane Hal Newhouse, the Detroit ace, slapped down the Tigers 6-4 to remain unbeaten atop the American league standings.

In registering their third victory of the campaign, Ted Lyons' crew judged Newhouse and two successors for 10 safeties, four of them for extra bases.

The Sox swatted Newhouse for five runs in the first five innings to settle the issue. Newhouse was wild, walking five men during that time.

In the National league's only contest, the Chicago Cubs, behind Hanke Wyse's three hit pitching,

won their third straight by blanking the Cincinnati Reds 3-0 at Wrigley field.

Kent Peterson, making his first major league start, matched Wyse's airtight pitching except for the sixth inning when the Cubs broke loose for five singles and all their runs. Len Merullo led the Cubs' 10-hit attack with four safe blows.

Our truck will be in Big Spring each Wednesday.

LOOKING 'EM OVER

Track and field events have taken on a new lustre in the eyes of Texas athletes and it's high time they did.

The sport has long been neglected in the Southwest. Of course, there is a reason why the game hasn't been promoted like football and basketball. Track is the sort of athletics that can't pay the freight. And in ordinary times, the budget of the sport had to be cut down due to the limited football gates.

Of the existing world records in 21 track and field events (including the two and four mile relays, javelin and hammer throw), 15 are owned by Americans. Of the 15 Yankees, only Freddy Wolcott—holder of the 220-yard low hurdles and co-holder of the 120-yard high hurdles—is a Texan. Most of the others hail from California, where track and field are emphasized and well patronized.

In years past, our town would make a half-hearted effort at fielding a track team. Other years it did not bother.

When Mule Stockton returned from military service, he made the local high school boys track-conscious. He developed a good team last year, did even better this time out. His Steers rang up 22 points to finish in second place in the Regional Two meet last week, biggest number of local points a local contingent ever scored in the show.

Stock saw no less than nine of his boys qualify for the state meet, which will be held the first week in May. Furthermore, he's looking forward to an even better balanced squad in 1948.

Back from this year's team will be such operatives as Leon Lepard, James Fannin, Delmar Turner, Jim Bill Little, Ike Robb, Bobby Fox, Howard Nuckles, Ray Russell and Harold Berry.

in the high school football camp is B. B. Lees, a nifty passer. B. B. is growing like a weed, is up to 170 pounds, may hit 180 by fall.

Coach Pat Murphy can include him in his long range plans. Lees only recently celebrated his 16th birthday anniversary.

ABC Thrashed By Ford, 6-2

A three bagger by Jimmie Felts with the bases full started the Big Spring Motor softball team on the road to a 6-2 triumph over ABC Monday night, as Glenn Bredemeyer limited the ABC aggregation to two hits.

Felts' blow came in the second inning, after John Malaise and Koger had crossed the plate in the first for both ABC's tallies. Darrell Davis gave up only five safeties to the Ford batters, but the Motor men made the most of the bingles and several ABC miscues as field.

Bredemeyer scored two of his team's runs, while Savage, Newton, Rowe and Felts each circled the diamond once.

American Legion dropped a 10-5 decision to Howard County Junior college in the other go.

PLEDGE MADE BY ESCAPEE

AKRON, O., April 22. (AP)—Authorities at the county jail said they received a note yesterday from Bernard K. Stout, written just before he escaped. It said: "I know crime does not pay. I am leaving the country to make a fresh start." But Lionel Cavins, 22, was

sentenced to one-to-15 years for helping Stout to freedom. Stout was held in connection with the robbery of a Corry, Pa., savings and loan association.

Another Lady Is Free Of Stomach Gas And Headache
One lady said recently that her stomach used to be like a "gas factory." That is, when she ate a meal it seemed to turn right into gas. She was always bloated, had awful stomach gas pains, daily headaches and constant irregular bowel action. Now, however, this lady says she is FREE OF STOMACH GAS and she says the change is due to taking INNER-AID. Her meals agree with her. No gas or bloating after eating. Headaches and constipation are gone. "Oh! what relief!" states this lady. "Why don't other gas and constipation sufferers get INNER-AID." INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores. (adv.)

Requests Made That Cantata Be Sung In Prison
An appeal to the warden of Tennessee's state penitentiary and to other state officials will be made soon for permission to present the cantata, "Big Springs," as an entertainment feature for inmates of the institution.
Included in the prisoner list is Frank M. Grandstaff, composer of the cantata but who has never heard his work played. It had its premiere here March 28 by the T&P male chorus.
J. B. Shores, director of public relations for the T&P, is to be in Nashville soon to present the offer to bring the cantata to the Tennessee prison, and likely will be joined there by R. L. Tollett, president of Cosden Petroleum Corporation, who will represent Big Spring. Tollett made a call on behalf of the local chamber of commerce prior to the premiere of the cantata, but officials declined the request to permit Grandstaff to be brought here for the event.
"Since it was not possible for the composer to be brought here for the cantata, it is hoped the cantata can be taken to him. Grandstaff is a life-terminer."

Calves On Feed Tests To Be Sent To Fort Worth
Calves on feed at the US Experiment Farm will be shipped a week from Tuesday to market at Fort Worth, F. E. Keating, superintendent, has announced.
The animals, on feed tests since last November, will complete the period this week. Weighing will be accomplished over the weekend.
Basic objective of the tests is to pursue the study of effect of minerals on feeding, and particularly on contributing to urinary calculi, a scourge of the feed lot.
Calves are marketed in Fort Worth because of facilities for not only grading carcasses and weights, but also for measuring and analyzing bladder precipitates.

Pair Given Fines On Driving Charge
Two men picked up by members of the city police force Sunday evening on charges of driving while under the influence of intoxicants, entered pleas of guilty and paid fines in county court proceedings Monday afternoon.
They are Levi E. Keefe, whose fine amounted to \$100 and costs, and Russell F. Whitmore, whose cash penalty amounted to \$75 and court expenses.
The average truck in the United States pays nearly four times as much to state governments as the average passenger car in license fees, and twice as much in gasoline taxes.
Keys made at Johnnie Griffin's address.

Nile Delta Yields Only A Cotton Bale Per Acre

WASHINGTON, April 22. (AP)—The great delta lands of the Nile River produce slightly less cotton annually than is grown in Texas.
An account of the methods of producing and ginning cotton in Egypt was brought back here by Rep. Bob Poage of Waco.
In Cairo as American delegates to the interparliamentary union, Poage and Rep. Cooley (D-NC) spent their spare time inspecting the agriculture of that ancient land.
Here are some of their observations:
There are some 5,000,000 acres of cultivable lands in Egypt. All in the Nile delta—that low land near the river mouth subject to overflow.
The rainfall averages only two inches annually, and everything has to be irrigated. The Nile's flow down through the delta is greater than the water that empties from the Trinity or Brazos into the Gulf, but less than the Mississippi. The source of the flow is far off in the mountains of Ethiopia and elsewhere in Central Africa.
Only one-third of the Nile delta is cotton, but the land yields a little more than a bale to the acre on the average. The annual production is 1,750,000 bales, compared with about 2,000,000 for Texas.
Although Egypt is noted for its one and one-half inch premium grade cotton, farmers this year were encouraged to grow shorter staple. There are not enough mills now operating in Europe to handle the long fiber, and most American mills are adapted to shorter grades, so there is no market for the superior cotton.
Everything is done by hand... all planting, cultivating, picking and even the pumping of water out of the river for irrigation.
About 20 seeds are placed in each hole—so a lot of thinning usually follows. All rows run east and west. The holes are made on the south side of the bed and thus protected from the occasional cold northerly winds.
In early April the cotton had four to eight leaves, somewhat advanced as compared with the average cotton coming up at that time in Central Texas.
Cotton buyers purchase the crop directly from the farmer. Bring it to the gins in 320 pound bags, and run it through the grade and gin racks throughout the winter. Some 1946 cotton still has to be ginned.
The gins are of 1895 vintage, made in England, and are entirely hand operated. In front of each gin stand or rack two little girls, working all day, pick out sticks, burs or other coarse materials. The result is an exceptionally fine grade cotton. The girls Poage saw were about 10 years old, and probably made about 10 cents a day.
The average male laborer in the fields or gins receives not more than 25 cents daily. The same went for laborers moving dirt by basket from one side of a highway to the other in a road construction project.
Even at this labor price, Poage says the work probably cost more in American dollars than it would cost to do the job with modern road-building equipment and a daily wage of \$15.

High School Analysis Starts Here Tomorrow

An intensive three-day analysis of Big Spring high school gets underway here at 8:30 a.m. tomorrow, under the direction of Dr. Doyle D. Jackson, Lubbock, coordinator of the school's first evaluation criteria project.
Dr. Jackson, head of Texas Tech's teacher placement bureau and professor of education and psychology, has directed several evaluations for Texas schools. He will be aided by a group of 19 other educators and administrators from colleges and high schools in this area. Included will be representatives from Texas Tech, San Angelo College and Howard County Junior College as well as instructors and administrators from San Angelo, Midland, Odessa and Lubbock.
The Big Spring high school will be checked against a standard set up in an eight-year study of 200 of the better high schools of the nation. In preparing for the special study, administrators, supervisors and teachers have set up a basic philosophy of education for Big Spring, a course of study for the high school, and have engaged in an exacting self appraisal of their own effectiveness.
The evaluation will cover virtually every field of operation from philosophy to instruction, to plant and administration, taking cognizance of objectives and results. An important summation period has been set for 4 p.m. Friday at the high school.

Hereford Breeders To Meet Saturday
The Howard County Hereford Breeders association will conduct its annual business meeting at 3 p.m. Saturday at the county agent's office. E. W. Lomax, president, announced today.
It will be the first session for the group since the association's annual sale in February. Lomax said all breeders were urged to attend, since annual reports will be made by the secretary and new officers will be elected.

Weather Forecast
Dept. of Commerce Weather Bureau
