

## "D" Day Is Observed Quietly, Prayerfully in Hereford

### June 12 Marks "D" Day for Fifth Loan Drive

With a goal of \$375,000 (\$170,000 of which must be in Series E bonds) Deaf Smith County faces its biggest bond-buying job in the Fifth War Loan, which will start on June 12 and continue through July 8. The quota exceeds that of the Fourth War Loan by \$20,000, though the series E quota for the current drive is not quite so large as the last "E" quota.

As in the past, the drive will be handled here with a minimum of high pressure methods. As expressed by Claude Ricketts, war finance chairman for the county, the aim of the committee will be simply to tell the people of the job to be done—and let the people deliver. As Mr. Ricketts points out, Deaf Smith County has oversubscribed every bond quota during the war; and with the beginning of the invasion, local people are more conscious than ever of the need of financial support for the armed forces.

"Every headline and every news broadcast is an adequate plea for all-out support of the Fifth War Loan," Mr. Ricketts said, pointing out that there is a bond to fit every purse and every purpose.

### Youthful Farm Workers Enroll In Crop Corps

Enrollment of boys in the U. S. Crop Corps is well underway, it was announced this week by Zack Jagers, assistant county agent, who says that 50 boys have already been enrolled and have received their membership cards.

Boys in the corps will receive job assignments and will be allowed to wear a sleeve patch signifying their membership in the army of volunteer farm workers. On the basis of the amount of farm work done, they will receive stripes and ratings similar to regular army ratings, Mr. Jagers said, adding that at the end of the season the boys will be presented with certificates showing their part as patriotic volunteers.

Boys are urged to see Mr. Jagers and enroll in the crop corps. Members of the corps will be paid prevailing wages for work done.

### Mooch Only Pooch To Fly Over Jap Homeland

Lt. Roy Hastings, son of Mr. and Mrs. Henry Hastings of Hereford, can claim the unique honor of serving as pilot for "Mooch" the first dog ever to fly over the Japanese homeland on a bombing mission.

Mooch is a wistful-eyed, silky haired cocker spaniel and the official pet of the Naval Fleet Air Wing 4's Bomber Squadron No. 139. The pup has been with the squadron for most of the ten months of his life; he accompanied the Naval flyers to their base in the Aleutians, and rode in Hastings' plane on a recent bombing mission over Paramushiro.

Lieutenant Hastings and his co-pilot, Gus Stranahan of Pittsburgh, insist that Mooch brought them good luck on all their missions. Lieutenant Hastings, 26 years old, has recently received his promotion to full lieutenant. After seeing service in the Central Pacific during the early months of the war, he spent some time on duty in the states, and for the past eight months has been stationed in the Aleutians. His wife, the former Miss Betty Shyrock, lives in Pampa; and the account of "Mooch the flying pooch" first appeared in the Pampa Daily News.

### War Prisoner Air Mail Form Available

Better mail service to American prisoners of war in Europe was promised this week with the arrival of special airmail letter forms at the Hereford post office and at the office of the executive secretary of the Deaf Smith County Red Cross.

By use of this standard airmail form, letters to Americans held by the Germans will be more easily cleared through mail and censorship channels, and the forms are distributed free both at the post office and the local Red Cross Chapter.

The new form will stop complaints of German censorship authorities concerning patriotic slogans stamped on envelopes, and the new type letters should be cleared much more easily, according to the American prisoners themselves who report that British letters on similar forms have been getting much faster delivery than American mail.

Mrs. C. H. Dyar, chairman of the prisoner of war committee of the Deaf Smith County Red Cross, states that the air mail postage on the form letters will be six cents, and that any persons desiring advice or aid in preparing letters or parcels for prisoners are invited to contact the local Red Cross office, which is located in the court house.

Mrs. Dyar points out that while parcels can be sent only by the prisoner's next of kin, anyone can write to prisoners of war.

### Good Start Reported In Church School Activities

With a daily schedule including in worship, play, stories, music and project activities, work at the Vacation School sponsored by the Methodist and Presbyterian Churches is off to a good start, it was announced this week. The school is being held each week day morning except Saturday and will continue through June 16.

The beginners are studying "Happy Times in Church," under the direction of Mrs. Henry Williamson, Mrs. E. E. Fridley, Mrs. Jim Kirby, Mrs. W. D. Jones, Mrs. Walter Seed, Jr., Ann Bateman, Betty Dunlap, Mary Helen McGilvray and Doris Jean Hastings.

The primary department is studying "Bible Homes and Homes Today," and working with this group are Mrs. Marvin Boyd, Mrs. Arch Conklin, Mrs. Claude Forson, Mrs. Harry Lomas, Mrs. Darrell Staggers and Cornelia Hamilton.

### Potatoes Sprayed From Plane in Latest Protection Device

Newest protection for the potato crop in the Hereford area is an airplane dusting service being supplied through Close Chemical Co. by the Cardwell Airplane Dusting Service of Bryant, Tex.

The Cardwell service, previously used principally in the spraying of cotton in South and East Texas, has already been utilized by about 11 potato growers of this vicinity; and spraying will probably have to be repeated if rains wash off the insecticide. The plane flies low over the potato fields and a special spraying device is used in the operation.

Potato growers who have had fields sprayed include J. J. Fastold, Sylvester Slagle, C. D. Walser, Joe Evans, Herman Neff, Howard Gaul, F. S. Barrett, J. K. Baker, Glenn Weir and H. B. Stanfield.

### Anderson Rites Held Last Week

Funeral services were held last Tuesday afternoon at the Church of Christ for Robert E. Anderson, 57 years old, who passed away at his home in Hereford on May 28. Mr. Anderson, who had been in poor health for several months, had been a resident of Hereford for the past six years.

Born Apr. 6, 1887, at Sedalia, Mo., Mr. Anderson was married to Miss Emma Jean Crawford at Erick, Okla., in 1911. He became a member of the Church of Christ in 1914 and had been active in the church since that time.

Survivors besides his wife, include three sons, Carlos and Johnny Anderson of Hereford, and Harley Anderson of Roswell, N. M.; three daughters, Mrs. R. Stewart, Mrs. L. D. Harrison and Miss Betty Anderson, all of Hereford; five sisters, Mrs. B. F. Darman, Carnegie, Okla., Mrs. A. P. Duncan, Oklahoma City, Mrs. A. D. Hurford, Roswell, N. M., Mrs. G. K. Till, Bell, Calif., and Mrs. Edgar Scheider, Plainview; three brothers, O. F. Anderson, Elk City, Okla.; G. V. Anderson, Oklahoma City and Ivan Anderson, Las Vegas, N. M., and two grandchildren, Harold and Glynda Faye Anderson, of Hereford.

Minister L. H. Andrews, assisted by Rev. S. E. Eldridge of the Assembly of God Church, conducted the funeral service and burial was in West Park Cemetery.

Pallbearers were R. R. Jackson, N. E. Gass, B. C. Dement, Ted Matthews, Charley Green and Clint Lundry.

### Interest High In 4-H Program

Twenty-five boys Saturday afternoon attended the county 4-H Club meeting and definite assurance was given of participation by Deaf Smith County youths in the 4-H Victory Garden, meat animal and rural electrification programs, according to Asst. County Agent Zack Jagers.

Each boy who enters the Victory Garden contest and fulfills the 4-H aim of producing enough to feed himself and one soldier will be eligible for a certificate, Mr. Jagers said. And some valuable prizes will be offered to county and state winners in all contests.

More Victory Gardens. In pointing out why a Victory Garden is important this year, Mr. Jagers cited the following figures: There are ten million men and women in our armed forces and each person consumes five and one quarter pounds of food each day.

Before going overseas each must have a 90 day reserve of food. Each serviceman on overseas duty must have a 90 day reserve; and to assure this food stockpile, 50 per cent of all commercial pack fresh vegetables has already been allotted to the men and women in the service.

Our farm population is the lowest in 20 years, so some of the responsibility for food production is on the farmer.

### Wheat Bins Offered for Sale on Cash Price Basis

The Deaf Smith County AAA Committee has been authorized to sell wheat bins belonging to Commodity Credit on a cash purchase basis. It was announced this morning by F. G. Collier of the local AAA office.

The same prices used on the recent bidding for bins will be in force, Mr. Collier said; but it will not be necessary to fill out bid forms. Prospective purchasers may call at the AAA office for information concerning bin sizes, prices, etc.

### Make Early Requests for Harvest Help

It is still too early to know exactly what the manpower situation will be during harvest, but certainly the situation will be better if farmers make early request for harvest hands.

County Agent A. R. Bateman, in urging farmers to come by his office as soon as possible and make known their needs for hands during harvest pointed out that the office will thus be able to render much better service than if farmers wait until (Continued on Page 12)

### Baptist Church School Sets A High Enrollment Record

The First Baptist Vacation Bible School got off to a good start with Preparation Day last Saturday in which 118 were registered. After a preliminary program, a parade was staged through the business and residential districts, followed by refreshments at the church.

The school began Monday morning with 141 enrolled. High attendance for the week reached 156. Classes will continue throughout next week and children ages 4 to 16 are invited to attend.

### Mine-Moving Record Claimed for Hereford Men by Indiana Reader

It's a far jump—or a long tunnel—between prairie dogs and coal mines, but it looks like the prairie dog war has touched off some eloquence on the subject of coal mines. At least, The Brand's Indiana reader who contributed colorful material on prairie dogs and Hereford pioneers writes that Ollie Fox's story about moving the coal mine (a 300 ft. mine, complete with fixtures, moved three miles by two men and a nice healthy pair of mules.) is substantially correct, except for a few minor details.

According to our Indiana reader, the story should be about as follows: In June, 1908, the city of Brazil, Ind., purchased Brazil Block Mine No. 9, adjacent to the Brazil city water works; and the contract to move the mine was let to Henry and Ed Tiefert, who now live in Hereford.

The mine was moved on July 4, 1908, as part of the celebration of the national holiday; and the job began at about ten o'clock in the morning when the Tiefert brothers hitched their mules to old No. 9 and "in one pull moved the entire mine property, consisting of tippie, tracks and 320 acres of unworked lease," to its present location, where it is still being operated.

During the moving operation, mining continued and the output for the day was normal. The former mine site is now a 640 acre lake which furnishes an inexhaustible water supply for the City of Brazil.

At three o'clock on the afternoon of July 4, as part of a holiday contest, Henry Tiefert threw a two-year-old Jersey bull 100 yards and six inches and set an all time record for bull throwing.

### Union Service Sunday At Christian Church

Union church services of the Christian, Methodist and Presbyterian Churches will be held Sunday night at 8 o'clock at the Christian church, and the public is cordially invited to attend the union worship program. The joint services of the three congregations will continue throughout the months of June, July and August.

"D" Day, which was officially announced in Hereford at about 6:45 o'clock Tuesday morning by the sounding of the fire siren, was no occasion for celebration here and was marked principally by a day-long attention to news broadcasts and a prayerful hope for the success of Allied liberation forces in France.

Though a few early risers undoubtedly knew of the invasion before the 6:45 sounding of the fire siren, most persons in town Tuesday morning stated that the official alarm was the first they knew of the invasion; and flags began to make their appearance on Main Street shortly before 8 o'clock as business men arrived in town.

### Rainfall Here Comes to 1.14 Inches Yesterday

Total rainfall reported in Hereford yesterday amounted to 1.14 inches, all but .64 inches of which fell in a drenching down-pour late yesterday afternoon. According to early morning reports, the rain was not general for the entire Panhandle area but thunder showers were reported at widely scattered locations.

### Local Airman Listed Prisoner

Flight Officer James Ray Coleman, who was reported missing in air action over France on Feb. 25, has now been announced as a prisoner of war in Germany, according to a message received last week by his parents, Mr. and Mrs. R. J. Coleman of the Messenger community.

Flight Officer Coleman, 23 years old, entered service in 1941, and transferred to flight training from the Air Corps ground forces. He had already taken part in numerous missions over the continent when his plane was shot down.

### Airline Application Includes Hereford on Proposed Feeder Line

Hearings on the application of Southwest Airways to establish feeder airlines in Texas and Oklahoma will be held in approximately 90 days, it was announced this week by the company, which states that Hereford is included on the proposed air route to be submitted to the Civil Aeronautics Board.

The Board has already set June 7 as the date for a pre-hearing conference on its application, and this is expected to be followed by formal hearings within three months. Company statements are optimistic for an early extension of air transportation to smaller towns in this area, and the aim of the program will be "to provide fast, frequent air service, with passenger service in addition to air mail and air express."

The general plan is to include Hereford in one of the feeder lines operating out of Amarillo, on a route to extend as far as Roswell, N. M.

### Lt. Col. Bell Receives Discharge from Army

Lt. Col. Daniel G. Bell, son of Mrs. Allan Bell of Hereford, has received his discharge from the army and expects to return soon to his home in Dallas from Camp Davis, N. C., where he has been stationed.

Lt. Col. Bell, who had been a reserve officer for many years, had been on active duty since before Pearl Harbor and was on duty in Hawaii for several months after the outbreak of the war.

He had been stationed at Camp Davis both before and after his return from foreign service. His discharge was made possible because of the less critical manpower needs of the army, because of his long service and his period of overseas duty.

No time for jubilation, "D" Day for many Hereford people meant that friends and members of their families were going in to dangerous action; and though of course no definite information is available on the number of Hereford men who are taking part in the fighting in France, it is known that perhaps more than a hundred Hereford servicemen have been in England and some of them were in the attack forces.

The Presbyterian Church was opened at five o'clock Tuesday morning for any worshippers who desired to come for a few minutes of prayer; and the Methodist and Christian Churches were open from 6:45 o'clock on throughout the day. Pastors of all churches report that several families came in for meditation and worship.

On Tuesday night a joint worship service of the three congregations brought out the solemn significance of the invasion date. Opened by a period of prayer and meditation, the service continued with music, directed prayer, scripture reading, the reading of a poem and a prayer for Divine aid and comfort for men of the invasion. ### Burning Tank Truck Damages Bridge, Highway

A burning gasoline tank truck on Highway 60 not quite one mile west of Hereford Monday knocked out two concrete piers on a bridge and did serious damage to the pavement in a freak accident which might easily have proved fatal to the driver of the truck and to other drivers on the road.

The truck, a '41 Ford with semi-trailer and gasoline tank, was being driven west Monday shortly after noon, when the wheels came out from under the trailer and the driver, a Dumas man, looked back to see flames coming from the big gas tank. The excited driver jumped from the truck, which continued on its course to hit the bridge, knock out some piers and come to a stop on the highway about 125 paces beyond the bridge, where the gasoline continued to burn for more than 12 hours.

Because the wind was from the south, traffic continued around the burning tank truck and did not have to be re-routed off the highway. State patrolmen said that the damage done to the bridge and the highway was heavy.

### AROUND ATown Sights and Faces Seen

This may be one way to start a community argument, but according to a brief view up and down Main Street Tuesday morning, W. L. Alexander over at the City Drug was the first to get his flag out for the "D" observance. However, Edward Roberson who works at the Gulf Service Station on West Third says he was in Amarillo early Tuesday morning when the invasion started and that he put out his flag when he got home—which would probably give him the real record for the town.

This too, is unofficial; but Mrs. Bonnie Brumley seems to have been one of the first to turn on her radio and hear the invasion news. She called Mrs. Frank Gyles, who called Rev. James Aiken—and Jimmie says he had his church open by about five o'clock Tuesday morning.

But evidently some of the fire-boys were taking no chances when the alarm sounded. For Anderson Witherspoon, caretaker at the City Hall, says that several of the firemen answered the call.

According to those who attended the USO dance last Friday night, Steve Hosmer, who took over the director's baton from Red O'Brien on very short notice, did a plenty good job. In fact, the folks who attended (Continued on Page 12)

## Do You Remember?

June 3, 1904.  
Homer Inmon left Tuesday afternoon for some point in Indiana, where he goes to take Frank Schuster, who has been adjudged insane, to his people. It will be remembered that Schuster was arrested sometime ago on a charge of burning the school house near Dawn. Homer will go by the way of Chicago

and return via St. Louis, where he will take in the World's Fair.

On last Sunday night some unprincipled person or persons, under cover of the darkness, hid himself to the tent which was recently placed on the school ground by the Seventh Day Adventists and to show the low and despicable principle which holds sway in some men and controls their actions, cut the ropes which held the tent in its place. That such people are in our midst is to be deplored; but just why one could get his consent to engage in the commission of such devilish crimes, is a question which the minds of good and thinking people are entirely unable to answer.

## Veteran's Bill Aims at Employment For Servicemen

(The following summary of provisions of the "G. I." Bill of Rights" recently passed by the House and now in House-Senate conference, was sent in by Congressman Gene Worley.)

After the last World War, many veterans returned looking for their old jobs back. Nearly everywhere they looked, however, they saw signs "No Help Wanted." Many veterans, who were heroes on the battlefronts, were forced to earn their living with a tin cup and pencils or with a fruit stand on a street corner. All of us still recall the Bonus Army and the tragic conditions which prompted it.

But this time the story will be different for the returning veteran. The Congress has already provided that the returning veteran of this war shall have first call on his old job if he wants it. In addition, under the terms of the "G. I." Bill of Rights, endorsed and sponsored by the American Legion, Congress has provided for discharge payments upon release of the veteran from the armed forces. In addition to this, an unemployment compensation will provide him with a living until he can readjust himself to civilian life and find a job. And to those veterans who want to buy a farm or go into a small private business for themselves, Congress has provided an

opportunity for them to secure reasonable loans, guaranteed by the government, from banks or other sources. This will give these veterans an opportunity to become substantial citizens and make worthy contributions to their communities and the nation.

For those members of the armed forces who left the classroom for the battle front, pro-

vision has been made for them to resume their schooling.

These are a few of the provisions which were contained in the "G. I. Bill of Rights" recently passed by a unanimous vote in the House. The bill is now in conference and it is expected to be sent to the President soon for his signature.

## I remember from school.

I once had to do a composition about the world's greatest invention being wheels. Just think of gear-wheels, water-wheels, and especially all the wheels for transportation! But right now the greatest thing of all, I'd say, is to keep wheels going; keeping your car in service, for instance. There's this and that to help you. There's one motor oil and another. Now from what I know, the explosions in any engine must produce acids, which brings up the bright idea of safely OIL-PLATING your engine's insides with Conoco Nth motor oil. You want to prevent damage from acids . . . internal corrosion! Some things are specially good at fighting corrosion, and OIL-PLATING comes in that class. Even chromium plating, just for comparison, couldn't stay closer to working parts than this protective OIL-PLATING. It battles corrosion, so as to help you preserve your transportation as soon as you switch to Conoco Nth oil.

## Wedding Date Announced At Tea Ceremony To Take Place June 16

Blue and white, chosen colors of Miss Imogene Roberson whose marriage to Mr. Russell Pogue, ministerial student at the Baptist Seminary in Fort Worth will take place June 16, were featured in decorations for the twilight tea given to announce the approaching nuptials at the home of Mrs. A. L. Manjeot Monday evening. Hostesses were Mrs. Manjeot, Mrs. P. H. Gilliland, Mrs. J. B. Harlin and Mrs. Reber Howton.

In the receiving line were Mrs. Jack Roberson, mother of the bride elect, the honoree, Mrs. J. S. Pogue and Mrs. Howard Pogue of Tulla, mother and sister of the bridegroom-elect, Miss Kathryn Easter and Miss Avis Matthews, schoolmates of the honoree.

With candlelight for lighting, the tea table carried out the blue and white theme with white orange blossoms and blue cornflowers. An open Bible with blue ribbon marker matching the

cornflowers held a white page which read "Imogene and Russell—June 16." Mrs. A. O. Thompson poured.

An informal program entertained the guests. Musical numbers by Wanda Lee Terry and her accordion, vocal selections by Ellen Posey and Louise Young and readings given by Mrs. P. H. Gilliland and Miss Kitty Harlin were enjoyed.

Those attending were Mesdames C. T. Guseman, Jim Lipscomb, H. G. Conkwright, Jeff Gilbreath, Audrey Chambliss, Carl Mountz, Lora Long, W. E. Barnes, T. W. Roberson, Malcolm Cassels, G. P. ## SEEDS of ADVICE

from  
The Garden Club

Note—This article on chrysanthemums dealing with diseases and insects was prepared for the Garden Club by Mrs. John P. Slaton.

While chrysanthemums blossom in the fall they do their growing during the summer months. If grown in the garden they are not bothered with fungus diseases to a great extent but mildew and leaf spot have to be dealt with persistently.

Mildew can be recognized by the powdery white appearance of the leaves and leaf spot can be recognized by the appearance of brown spots on the lower leaves.

Mildew is not difficult to check if dusting sulphur is used promptly. Leaf spot can usually

be controlled by removing the affected leaves and spraying with Bordeaux Mixture.

If the plants are not crowded and are well-watered and cultivated properly very little fungus disease will appear.

As for insect pests, the alphis, red spider and grasshopper will likely give everybody trouble. The alphis is usually seen on the tips of new growth as well as on the underside of leaves. They work late in the spring and early in the fall. They may be green, reddish tinted or black and as they are sucking insects they must be disposed of with a contact spray. Black Leaf 40 is recommended but it should be stronger than directions given on the bottle.

The red spider works on the underside of the leaves and is almost invisible to the naked eye. A grey webbing with yellowing of the leaves indicate its presence. A strong nicotine spray plus soap, applied every three days is effective, and dusting with sulphur helps.

For the grasshopper an arsenate of lead spray used as the directions are given is as good as can be found.

**SWOON WITH SINATRA** (That is, if you're the swooning type) at "Higher and Higher", the musical which introduces Frank in his first film role. ## THIS WEEK... AT THE USO

If you should phone the USO and someone answers the phone saying "R. H. Macy and Co., M as in Macy, A as in Macy, C as in Macy, Y as in Macy" or "Murphy's Cafe—Mr. Murphy speaking" think nothing of it. The soldiers have a mania for answering the phone and they say the first thing that comes to mind.

All we know is what we hear and from what we heard the men who left here for Gainsville, Tex., on Sat. afternoon had a big time in Amarillo. We hope everything turns out O. K.

Thursday night Mrs. Gaston Baer brought in an angel food cake that was the prettiest, and highest one that we had ever seen. Her mother, Mrs. Lena Berg, baked it for the men and they surely did appreciate it. Thanks a million!

Do you need anything repaired? Pvt. David Rigby is the man you want. He repaired furniture and a clock at the USO. And speaking of putting things in running order, our piano was tuned again last week. It is so old that it doesn't hold a tuning very long but right now it is in good shape again.

We didn't mention Leo Stormwind for two weeks and what happened? He wrote a letter to the editor of the Amarillo paper and won a \$5.00 prize! He just will get into print.

Maybe we should get him to write this column.

One of the men who has been coming to the USO was extremely excited last week. We found out that his future wife was to arrive that afternoon. Miss Ruth Cain of Fairmont, W. Va., arrived Tuesday and they were married Wednesday night. A notice of their wedding will be found on another page but we want to add our best wishes to Pfc. and Mrs. Edward Simmons.

Nearly 100 men have left our camp since last Wednesday. We are missing them a great deal and we hope they are giving a thought to us once in awhile. It was hard to tell them "good-bye," in fact we stayed away from the train and the bus depot on purpose. More will soon be leaving and then we will settle down to welcoming those who are coming in every day as replacements.

All indications point to no special privileges for the GSO girls this month. Since we began letting them assign themselves to GSO service only one girl has served any time.

### MASONIC BULLETIN

Hereford Lodge 848

Stated meeting second Monday in each month. School of instruction each Thursday night.

JOHN PATTON W. M.  
E. L. Brady, Secy

If conditions do not improve by June 15 another method will be tried. The boys who are still here are doing their part in the war effort as much as those who have gone to other camps. Come in and tell them so. That is your part in this effort.

Mrs. J. J. Dimmitt of Texhoma has been visiting her mother, Mrs. Geo. Guinn at her home here. Mrs. Dimmitt and son Geo. L. McClendon, accompanied by Mrs. Guinn left Saturday for Texhoma. Mrs. Guinn will go from there to visit her sister, Mrs. John Lofland, in Beaumont for several weeks.

Bill Green of the U. S. Navy is visiting his brother, Dudley Green.

## NEWS IN THE WORLD OF RELIGION BY W.W. REID

In his capacity as president  
 of the Federal Council of the  
 Churches of Christ in America,  
 Bishop Henry St. George Tucker  
 has issued the following prayer  
 to be used in all churches on "In-  
 vasion Day" and immediately  
 thereafter: "Almighty and most  
 merciful God, Father of all man-  
 kind, lover of every life, hear, we  
 beseech thee, the cry of thy  
 children in this dark hour of  
 conflict and danger. Thou hast  
 been the refuge and strength,  
 in all generations, of those who  
 put their trust in thee. May it  
 please thee this day to draw to  
 thyself the hearts of those who  
 struggle and endure to the ut-  
 termost. Have mercy on them  
 and suffer not their faith in  
 thee to fail. Guide and protect  
 them by thy light and strength  
 that they may be kept from evil.  
 May thy comfort be sufficient  
 for all who suffer pain or who  
 wait in the agony of uncertain-  
 ty. O righteous and omnipotent  
 God, who, in their tragedies  
 and conflict, judgest the hearts  
 of men and the purposes of na-  
 tions, enter into this struggle  
 with thy transforming power,  
 that out of this anguish there  
 may come a victory of righteous-  
 ness. May there arise a new or-  
 der which shall endure because  
 in it thy will shall be done in  
 earth as it is in heaven. Forgive  
 us and cleanse us, as well as  
 those who strive against us, that  
 we may be fit instruments of thy  
 purposes. Unto thy most gra-  
 cious keeping we commend our  
 loved ones and ourselves, as-  
 cribing unto thee all praise and  
 glory, through Jesus Christ our  
 Lord. Amen."

KEEP ON . . . . . Backing the Attack! WITH WAR BONDS . . . . .

Three thousand delegates to the recent session of the Northern Baptist Convention in Atlantic City, N. J., adopted resolutions that in many ways, while not "blessing" war, have reversed the traditional anti-war attitude of this communion. Quoting the recent Methodist action, they affirmed that "God has a stake in this war," because "this is a new kind of war in numbers and treasures enslaved." "War itself is not and cannot be made holy," the resolution said. "The present is of all wars the most bestial. But while war itself is unholiness and human personality are most holy. For the overwhelming majority of all those who seek to know the mind of Christ, and to obey his will, when war is invoked against these holy things there is no alternative but to dedicate in their defense our lives, our treasures, and that which to us is dearer than physical existence—the lives of our children." The resolution was introduced by Dr. Daniel A. Poling of Philadelphia.

Two prominent pastors of the Presbyterian faith have been elected moderators of the General Assemblies of the two American branches of the church, in succession of two presidents of theological seminaries who served during 1943-44. The Presbyterian Church in the U. S. A. has selected the Rev. Roy Ewing Vale, Indianapolis pastor, as moderator to succeed Dr. Henry Sloane Coffin, president of Union Theological Seminary. The Southern Presbyterian Church, Houston, Texas, successor to President Donald W. Richardson, educator of Richmond, Virginia, as its moderator.

## Tiefel in England

Sgt. Arthur Tiefel, son of Mrs. Alvina Tiefel, is now overseas helping to "keep 'em flying" with the Aircraft Section of a large Air Service Command Depot somewhere in England.

Sergeant Tiefel and the men of this section help to keep our combat planes, the best in the aerial battle being fought in the skies over Germany by adding the most up-to-date improvements to ships after the new inventions are perfected.

He is one of the men recently commended by Lt. Gen. Carl Spaatz, commanding general of the U. S. Strategic Air Forces

in Europe, when production at this depot was increased over 100 per cent.

Before entering the army he was employed by Ed Tiefel of Hereford as a carpenter.

## Sends Flowers to Mother

Pfc. Willis C. Julian of the U. S. Marine Corps, sent flowers to his mother, Mrs. Lora Harris, on Mother's Day by sending an order to Russell Daniel of the Hereford Floral Shop. Pfc. Julian, now stationed on Guadalcanal, has been in the Marine Corps for three years and has been on duty in the Pacific for the past 16 months.

## Not Quite Twins

Virgil I. Morton of Hereford thought he had run into his twin brother when he arrived at Camp Pickett, Va., recently to find that Herbert A. Morton had arrived the same day. Virgil was born Nov. 22, 1923 in Texas. Herbert, also a Texan, was born Nov. 20, 1923. The boys are the same height, but the Panhandle evidently grows 'em bigger, because Virgil outweighed his "twin" by about 30 pounds.

## Transferred to Norman

Lawrence Beckman, Seaman 2-c, who has just completed his basic training at San Diego, has been transferred to the Naval Base at Norman, Okla., where he will train as an aviation gunner.

SUSAN HAYWARD, JOHN WAYNE and DENNIS O'KEEFE are pictured in a scene from "The Fighting Seabees", which will be the week-end feature at the Star.

## Concerning "Exiles"

Wilbur M. Collins, a former Hereford boy whose family now lives in Lubbock, writes from somewhere in the Mediterranean Area. Collins had just seen a March 30 issue of The Brand, which he borrowed from a shipmate.

"I used to attend school in Hereford," writes Collins, adding that this was about 13 years ago but he believes he still has some friends in Hereford.

Collins read the Bull Column selection from "The Yankees Exiled at Amarillo Field"—and didn't like it. "You let them know from me," he says, "that they should be proud to be in the good old state of Texas. Even... New England would be better than the place some of our boys are in."

A Seabee and proud of it, Collins says he has a nice, quiet location—nothing to do but eat and sleep except for a little routine day and night work.

"There are a lot of us Panhandle boys," he concludes, "who would be happy to be exiled in Amarillo."

## RETIRING OFFICERS OF O. E. S. CHAPTER ARE ENTERTAINED

Those enjoying the party were Mesdames Bessie Hill, Myrtle Reed, Clara Shore, Gladys Manieot, Lavina Gilliland, Pearl Kinsley, Bessie Boggess, Iva Cavanaugh, Pearl Gass, Belle Hromas, Beulah Mercer, Myrtle Witherspoon, Mary Baird, Miss Lucy Reed and the hostess.

### College and University Graduates

May and June brings graduation time for college and university students. Specialized training is stressed now as never before and this year's graduates have prepared themselves to fit in with service plans of the nation in order that they may have a part in speeding the day of Victory.

Seven of Hereford's young men and women will receive degrees from the colleges and universities of their choice this semester. They have all been outstanding students and have been recognized as leaders in their chosen field of study and in campus activities.

Two Hereford students were among St. Anthony's School of Nursing graduates in Amarillo.

Miss Wanda Jean Reed, daughter of Mr. and Mrs. H. D. Reed, has received her diploma there and after a few days' vacation will go to Chicago, Ill., where she will attend the Franklin Institute of Science and Arts for a six weeks course in eye, ear, nose and throat special training. On completing that course she will be employed as a nurse in the office of Dr. A. J. Streit in Amarillo. Miss Reed is a member of the American Red Cross Reserve and while in St. Anthony's she took part in extra activities, including the School of Nursing Choral Club.

Miss Virginia Simpson, whose parents are Mr. and Mrs. M. L. Simpson of the Jumbo Community, has also received her degree in nursing at St. Anthony's School of Nursing. She is also a member of the American Red Cross Reserve and will be at the school until June 23. Her plans until that time are indefinite but after a brief rest she plans hospital duty or work with the Red Cross. She is the granddaughter of Mr. and Mrs. W. A. Hunter.

Miss Vivian Olson, daughter of Mr. and Mrs. John H. Olson, graduated May 22 with the degree of Bachelor of Arts from Trinity University, San Antonio, with a major in Spanish and a minor in Business Administration and with honors of Summa Cum Laude. She was the first student since 1940 to be given this honor.

During her freshman year she was elected to the Lancerettes, girl's scholastic organization, and while a sophomore she was secretary of the Y. M. C. A. and also of the "Life Work Recruits." When a junior she was president of the Spanish Club, secretary of Alpha Chi and elected to Who's Who in American Colleges and Universities. For the past three and

one-half years she has been secretary to the Dean of the University and the past year has been president of the Language Club and senior class representative to the student council.

She will be employed in the censorship department of the U. S. Post Office in San Antonio, beginning her duties there on June 5.

Miss Mary Ann Acker will complete the complete business course at Chillicothe Business College in Chillicothe, Mo., the last of June. The course consists of nine side subjects and three major subjects.

She has been a member of the Students Christian Association and The Cosmopolitan Club and has taken part in all campus activities, having been chosen cheer leader during the basketball season. She has been an honor student in all divisions of the course and recently completed her four weeks in model office training.

Miss Acker, who is the daughter of Mr. and Mrs. C. C. Acker, enrolled in the Business College Sept. 7, 1943.

Miss Vidabelle Orr, daughter of Mr. and Mrs. Berry Orr, received her B. S. degree from Texas Technological College in Lubbock on May 15, with a major in Chemistry. For the past two years she has been secretary of the American Chemical Society and has been an assistant in the Chemistry Laboratory for the past two years.

Miss Orr is one of five of Mr. and Mrs. Orr's eight children, who have attended Texas Tech. After graduating from Hereford High School she worked for a year here in the office of the County Home Demonstrator. She has accepted a position with the U. S. Chemurgic Research Laboratories in New Orleans, La., and will report there on June 1.

Two Hereford young people will be among University of Texas graduates the last of June.

Miss Sara Calhoun, a graduate of Adrian High School, attended Stephens College, Columbia, Mo., for her first two years of college work, transferring to the University for her junior and senior years. She was an art major at Stephens College and a member of Tau Sigma Tau, honor society for art students, and a member of Zeta Mu Alpha, social sorority.

Sunday School and Church were attended by 123 Sunday morning. At the morning service the Vacation Bible School closed with the presentation of diplomas. There were 125 enrolled in the school; 94 was the average attendance each day. There were 43 workers; and over \$17 was collected for the starving children of China. The handicraft classes made toys for the Nursery and the beginners department. The girls made bird cages and pins to go on their coats.

Mr. and Mrs. B. E. Roberson, Wendell and Gayle visited relatives in Lubbock Sunday.

Our community received a light rain last Wednesday. North of the community farmers reported some hail which damaged the wheat fields. The wheat surely is looking pretty now and some of the row crops are up. Some farmers had to plant their feed over after the rain.

It looks as if one out of every 50 persons save their high school diplomas. This is of course outright guess work, but such is the indication of extensive research on my part. Only eight Hereford High School diplomas, dated prior to 1929 showed up.

Mrs. Bessie Smith was the first one to appear. She got in shortly after 8 o'clock Friday morning. Her diploma, issued to Bessie Lorena Sanders May 18, 1923, is signed by Millicent Griffith, superintendent, Travis M. Dameron, principal, E. S. Ireland, board president and E. B. Posey secretary. Bessie says this was the first year HHS used the book type diploma, and it sure is a nice one. It even listed the following class roll: Frances Ellen Fullwood, Fannie Lucille Megett, Pearl Wood, Grace Lorraine Ferguson, Geneva Burkett, Leonie Marguerite Bishop, Walter Roscoe Galley, Maurice Roger Corbett, James Harold Spratt, Reinhold Arnold Frye, John Travis Cleff, Carl Leonard Lester, Charles Berlin Angelo, Nola Mae Brumley, Elberta Jane Reid, Mary Kathryn McDonald, Ella Druella Tidenburg, Lois Caroline Samuelson, Gusta Ada Samuelson, William Harold Hicks, Jo Bailey Elliston, Lucille Myrtle Woodward, John Harold Biggs, Bessie Lorena Sanders, Gladys Emily Bryant, Charles Christopher Gilbraith, Austin Manuel Reid, Ethel Fay Womble, Elsie Mabel Renfro, Wilbur Radford Slaton, Nancy Elizabeth Bruner, Lois Emily Parker, Eva Skelton, Thelma Virginia Tynes, Dollie Evelyn Ward, Agnes Louise Elliston, Gladys Emmett Beams, Ruby Norine Moreman, Glenola Mae Powelson, Oscar Neal Womack and Roye Lee Aikman.

Mr. and Mrs. Glenn Snyder didn't graduate here, but still have their diplomas. Glenn's was issued from Lawrenceville in 1912 and Mrs. Snyder got her St. Lawrenceville, Ill., diploma in 1911; however, she says she isn't older than Glenn—just smarter, maybe. Anyway, Mrs. Snyder was astounded to think that anyone should fail to keep their diploma. She has carefully kept these two in a trunk and was astounded to know that anyone might lose or misplace one.

**Folks in Uniform**

"Gosh, Joe, Solzman & Solzman have resumed their annual markdown on tuxedos."

presented was by Mrs. Jesse Stanford. Her diploma was issued to Nellie Dea Black on May 23, 1910. It is on fine quality parchment paper and was neatly tied with a silk ribbon. It was signed by E. H. Wray, superintendent, R. A. Robertson, principal, Ada T. Wray and H. S. Cannon, faculty members; C. W. Warren, board president, and A. P. Murchison, secretary. Mrs. Stanford was in one of the first graduating classes; she says that there were nine boys and one girl in the class, and adds: "I have kept my diploma all of these years, but this is the first time I have ever found any use for it."

Incidentally, I was disappointed that we didn't hear from Mrs. Alex Thompson. Everyone says Audrey was in Hereford's first graduating class and laughingly classes herself "The mother of Hereford High School." Maybe she misplaced her diploma, or maybe she didn't read the column. Several persons have suggested that I am merely trying to find out if as many as 10 people read this trash.

Mr. and Mrs. J. J. (Scotty) Buckner have both managed to retain their diplomas. Scotty received his in 1911 and she (nee Jennie Love Carter) received hers in 1914. She says that E. B. Black used to frame diplomas free for all of the graduates and that these two have been kept in the frames, although pictures were placed in front of them. Their daughter, Frances Irene (now Mrs. J. K. Salser of Lubbock) was the first HHS girl graduate, both of whose parents also graduated from high school in Hereford. They almost have a clan of graduates. In addition to themselves, they have two daughters and one son; she has two brothers and two sisters and Scotty has one sister—total of 10. Scotty's 1911 diploma is signed by Ben Short, superintendent and A. R. Robertson, principal; C. W. Warren, president, and A. P. Murchison, secretary of the board. Mrs. Buckner's 1914 diploma was signed by Ben Short, superintendent, W. S. McClung, principal; J. W. Barnett, president, and H. C. Myrick, secretary of the board.

Elmer Patterson not only

through high school without being tardy or missing a single day during the entire four years.

Elmer graduated with the class of 1924. C. H. Dillehay was superintendent, Travis M. Dameron, principal; E. S. Ireland was president of the board and E. B. Posey was secretary. The 1924 class boasted 24 graduates: Grace Alice Witherspoon, Catherine Maurine Beyer, Goldia Brumley, Mary Pauline Ray, Kathleen Hawkins, Evelyn Mildred Jackson, William Howard Knox, Elmer Patterson, Beulah Lee Rutherford, Onias R. Carroll, Eoyse Pitman, Juanita Anthony, Lucille Gilbreath, Eunice Walker, Van Bruner, Margaret Joyce Corbett, Dell Parker, Louise Ricketts, Jesse M. Carter, Margaret Gilliland, Jewell Evelyn Ward, Emma Jeanne Donald, Zoe Ella Womble and Raymond LeRoy Hodges.

Mrs. Lynn Kester says that she and Lynn also have their diplomas, but since they were not issued from Hereford High School they were ineligible.

I also had a nice note from Zula Wood, now Mrs. Clem Gilliam of Dimmitt. Mrs. Gilliam says:

"In the Brand today I note you wonder about the Hereford graduates keeping diplomas. Just wanted to say that it is

impossible for me to bring my diploma to the office Saturday, but I still have it and it is in good condition. It is real sheep skin and is about 16x20. It is signed by Lin Fertech, principal, B. M. Harrison, superintendent, John E. Wilson, president and H. C. Myrick, secretary of the board of education. The date is May 22, 1916.

Thanks, Mrs. Gilliam. Next time you are in Hereford and have some time, come by the office and I will give you a ticket anyway.

I also want to thank all of these folks who were so nice to let us borrow their diplomas which date prior to 1929—from any school—we would like to borrow them for our window. We will take good care of them and will return them intact. We will leave this window with diplomas until June 12. I still think that

I am right when I say that people lose or misplace their diplomas. It is like the teachers always said: "The important thing is what you learn; the diploma is merely a certification that you have completed the work." However, I do admire the folks who have kept them. It seems silly to work 11 or 12 years to graduate and immediately lose all track of your di-

ploma—like I did.

There's a bunch more stuff, but due to the paper shortage it will have to wait until next week.
