A PLEDGE TO THE NEW PATRIOTISM

(By Dr. Chas. S. Medbury, Des Moines, Iowa.)

To this day that is mine, my country's and my God's, I dedicate my all. My talents, every one, shall be held subject to the sight draft of the emergencies of others. I will enlarge my soul by cultivating love for those against whom I feel myself recoiling. No man shall ever feel his caste in my presence, for within my heart of hearts there shall be no consciousness of it. The man who has fallen will find in me a friend, the woman down—a helper. And more than this: Those falling shall have my trust that they may stand still. The cry of every child shall find my heart, whether it be cry of need or aspiration. Cherishing every life of whatever land or race and mindful of hidden struggles, in all things I will strive to help. No word shall ever cross my lips that hurts another in face, form, station or estate. My own weaknesses, follies, sins, shall chasten speech and spirit—deny me pride. My life shall be a dedicated thing; I shall count it desecration to pervert it. The vandal hands of lust and hate and greed shall not be permitted to despoil. And thus I do resolve—not because I am good, but that I want to be; not because I am strong, but that I fear weakness; not that I feel myself above others, but that with all my heart and soul and strength I long to be of humankind both helped and helper. So do I dedicate my days; so do I set apart my culture; so do I receive but to give again to others; so do I press humbly into the presence of the Sacrificed Son of Man, crying out in eager consecration: "Master, let me follow Thee. Wherever the world needs ministry wherever life is still to be given for the many, help me, Thou whose manger cradle brought democracy to life, to meet in my own worth democracy's final test, and to my own great day be true."

FRANK P. JOHNSON.

As the panorama of the Chautauqua plan unfolds this week before the local patrons it is being borne home more than that the Chautauqua idea is "something good to appeal to every man's taste." Every man or woman attends finds something particularly appealing to him or her in some of the programs, and something, perhaps, that does not interest so much. A program that would appeal to one class would not reach everybody, and for that reason the schedule is balanced with talent to give something to every man or woman who buys a ticket.

The lectures are especially fine this year. The pledge at the top of this column, recited Tuesday night by Frank P. Johnson, gives an idea of the fitness of the thought left here by this powerful speaker. It was a brand-new angle to community effort, especially appealing to the farmer, and the farmer who missed the lecture here in the poorer. Hereford's Community Clubs will use this pledge in their work hereafter.

The Oratorio artists Tuesday gave lovers of real vocal music a treat. The company, consisting of Eugene Christy, tenor, Genevieve Cadle, soprano, Mary Lander, contralto, Stanley Deacon, baritone, and Helen Rauh, pianist, was strongest in the experience of the performers and the smoothness and flawless execution of their work. Mr. Deacon's powerful baritone, perhaps, attracted the most attention. The little pianist's rendition of the Etude in A minor by Paganini-List, was encored enthusiastically. There was a fitness about the work of this company that even a jass-band could thoroughly appreciate.

Everett Kemp and J. A. Cooper both made a powerful impression Wednesday, the former by his fustian humor and contagious satirist, and the latter

by the strong appeal made for universal peace. Mr. Kemp put the audience in a good humor and Mr. Cooper sent them away sober and thoughtful. At night "Friendly Enemies" drew a packed house and words of praise for the sentiment of the plot and the clever acting of the principals.

For those who cared for novelty, Daddy Grobecker's Toddlers entertained Thursday afternoon and at night, after a prelude by the same troupe, detective Harry Looze's lecture on crime was given close and careful attention. Mr. Looze drew a strong, but true, picture of present-day conditions and made a powerful appeal for after-war social remedies. His straight talk to the mothers of the country was perhaps the high note in his discourse, while his display of sawed-off shot guns, glass dials, short card gambling devices and other oddities used by Chicago criminals attracted a crowd of the curious after the performance.

Music lovers of Hereford were looking forward with intense pleasure to the appearance Friday afternoon of the Redpath Concert Company, an orchestra that comes heralded as one of the best in existence.

Sheriffs Work Together on Booze Case, Castro Co.

Dimitt, May 25.—In one of the most spectacular raids in the history of Castro county Sheriff J. A. Johnson, heading a posse of three local deputies and Sheriff C. S. Purcell of Deaf Smith county, grabbed four illicit stills in the Nazareth neighborhood Wednesday, made several important arrests, and confiscated a lot of palapañalla and some booze.

The officers have been working on this case for several months and made all necessary preparations before swooping down on the stills. The aid of Sheriff Purcell of Deaf Smith county, a man who has a wide reputation as pure poison to booze peddlers, was requested by Sheriff Johnson. Mr. Johnson says a large amount of the credit for the success of Wednesday's raid is due Mr. Purcell, whose experience and leadership added greatly in making the captures complete in every detail.

FEDERAL RESERVE OFFICIAL GIVEN A TRY AT OUR FISH

Wednesday afternoon Mr. Reordan was given a fishing trip on the creek by officials of the First State Bank & Trust Company, the party, besides Mr. Reordan, consisting of Messrs. Henry and Homer Wilkinson, Albert Herbst and Johnathan Pitman.

Ku Klux Klan Organizer In Hereford; A Pure-Blooded American Community Has No Need For Them

The Brand has been told by two of the best citizens in Hereford that an organizer for the Ku Klux Klan has approached them this week and that he is probably endeavoring to organize a branch of the Klan in this county.

The Brand has no use for a "straddler" of anything; and we consider this Klan question one of such serious import to our country that we propose to hit straight from the shoulder and state how this paper stands on this question point right here and now.

Deaf Smith county has as high a percent of pure, unadulterated American blood in it as any other county on the globe; it has as clean a record for morality, for law enforcement, for law observance and freedom from crime of every nature as any other county in the country. There are no problems here that are not quickly and easily handled by the constituted forces of governmental law and authority.

We believe in upholding the hands of our duly elected national, state, district and county officials and are unalterably opposed to any man, or set of men, that would take that constituted authority out of the hands of the people's representatives and place it in hands not authorized by the constitutions of the United States and the State of Texas.

If for no other reason we would oppose the organization of the Klan here on account of the masks behind which it works.

We can see no reason for a Klan in Deaf Smith county and believe that the injection of such a question into our local community life would cause more undiluted trouble and misery than the importation of a whole carload of Old Scotch whiskey.

"Tierra Blanco Kids," Armed For Bear, Invade Amarillo; Lawrence Develops Into Wonderful Orator

The "Tierra Blanco Kids," five strong fishermen all, equipped with poles and "bait" cans, and all tied together on one strong rope, pulled off an early morning parade Thursday on Main street. Local Shriners acted as herdsman and saw that the five Novices kept strictly within the rules. Later they were bundled into cars and carried to Amarillo, there to be offered as sacrifices on the altars of Khiva Shrine.

The five brave youths were: A. Lawrence, Doug Fox, Johnathan Pitman, Jim Black and Gano Hastings. While waiting for the cars to Amarillo Ring Candidate Lawrence remarked with a sigh: "Well, there's one good thing, guys; as long as we stay here we ain't up there!" and the Shriners laughed, thinking of the ordeal before the Novices in Amarillo.

A large number of local Shriners attended the spring ceremonial at Amarillo

Thursday and the five Hereford candidates were but part of 107 Novices put through the ropes during the day. All report a great time, a great meeting, and seeds of pure fun. A. Lawrence was the local candidate offered for the Ring. He lost at Amarillo, but made a gallant fight all day for the coveted honor. The boys report that Lawrence developed into a street orator of de luxe and made inspiring and impassioned appeals for support from every cross street along Polk during the day. Among those who went up from Hereford for the occasion were: Mr. and Mrs. George Garrison, Homer Wilkinson and daughter, John McLean, E. B. Black, H. D. Reed, A. H. Elliston and family, Homer Fox, Mr. and Mrs. W. E. Dameron, Mr. and Mrs. F. H. Oberthier, Jr., Frank Metcalf, and Albert Herbst. Candidate Lawrence's platform, which attracted wide attention over the Panhandle, follows:

PLATFORM

Keyword: "BULL"

Motto: "If You Must Throw the Bull Make It Stick"

No bulls (nobles), I am out for this ring and that ain't no bull.

I am a cow man from Hereford and I believe in the BULL and the Bull-ette, and we all know the Bull is mightier than the Bull-ette.

I believe that all Bull Elephants should be slaughtered in order to provide ivory to make better heads for the members of Khiva Patrol. THIS AIN'T NO BULL, All you Shriners appear to directors, but I want you to become stockholders—Hold My Bull.

Say boys, Bull is like perfume—to be smelled, not swallowed.

Bull's my keyword in this race. No better slogan I could find. In everything Bull has its place—Don't leave the Bull behind.

Bull will sometimes do a lot. That brains and muscle never can; There is a place in every plot Where Bull and brains go hand in hand.

Now, boys I may be a goat before this campaign is over, and may have to be clipped, too, for you never can tell what the bull will do.

Nobles, I want that ring and am willing to do anything fair or unfair—will string beans, kid gloves and even try to Bull frogs in order to get it. Me and my Bull will be in the ring on the 25th.

Yours for the Ring,

A. (Bull) Lawrence.

Tucumcari's crack baseball team, on a tour of the country, will meet the Hereford Whitefaces at the local ball park next Monday afternoon. And the game will be free, too, through the generosity of local fans who subscribed enough to guarantee the visitors from loss.

A determined effort will be made to give the visitors their money's worth. The Tucumcari team is enroute to New Mexico cities for several games in that state. Those who have contributed to date to the local list for expenses for this game are: Truman Hines, W. R. Steckman, Frank Metcalf, G. D. Shaw, Otho Beene, Chas. Whitehead, George Gyles, T. K. He went after a court witness, leaving Hereford at 9:30 o'clock with instructions to be back by ten next day sure. Mr. Smith drove to Amarillo, leaving there at 1:20 p. m., arriving at Sayre at 5:45. He began the journey back at 1:00 p. m., reached Amarillo at 5:00 a. m., and had his man here on time as instructed.

The trip back took all night. He drove 422 miles, averaged thirty miles per hour actual traveling time, and made twenty miles to the gallon of gas.

CHAS. F. HORNER REACHES HEREFORD FOR BRIEF VISIT

Chas. F. Horner, chief boss and the inspiration behind the Redpath-Horner Chautauqua, reached Hereford Friday morning and spent the day here looking over the local field. Mr. Horner has been acting as superintendent at Carlsbad the first of the week in order to get the local viewpoint.

Ten minutes after The Brand had gone to press last Tuesday afternoon a phone call from Plainview brought the news that the Hereford Chamber of Commerce Band had captured first prize in the amateur class competition at the West Texas Chamber of Commerce convention, and in addition, had ranked only a fraction of a point below the winner of the Class A, or professional contest. Director Brothers scored a perfect 100 percent as leader, and the judges of the contest said that Hereford has the best band in amateur circles west of Fort Worth and displays a remarkable groundwork of real music for such a young organization.

The news spread over town quickly and Wednesday the boys were received as conquering heroes. The splendid performance of the Hereford boys was an eye-opener to most of our own citizens. Ten thousand dollars appropriated for advertising the city would not have gone as far in the right direction as this one winning performance. Returning delegates report that the Hereford band was the favorite from the start of the vast throng at Plainview; that they handled themselves like veterans throughout; that they faced the cheering audience quietly and with military precision; and when the test came played the most difficult of music without a hobble anywhere.

The older band boys are unanimous in placing the lion's share of the credit with Director Brothers, for his able work the past year and at the convention, with the large number of youngsters in the band, who provided the harmony and made an awfully good job of it. They were pitted against crack organizations from Jayton, Sweetwater and other points and the competition was keen, but the judges never hesitated a second as to where the money belonged. The boys brought back a check for \$250 in triumph.

The chautauqua split the delegation that would have gone to Plainview, but at that there were several carloads of (Continued on Page Five)

COW ORDINANCE IS CONSIDERED WHEN CITY TREES HURT

The City Commission has asked The Brand to call attention to the fact that some of the residents near the lake park have been in the habit of staking out milk cows on the newly worked and planted portions of the lake slope and have seriously injured some of the new trees planted this spring. Quite a sum of money and a lot of work was expended in an effort to start this park in the right direction and the Commission feels that every one should cooperate in an endeavor to protect the young trees. The Commission is considering the advisability of passing an ordinance providing a penalty for staking cows in any of the city's parks in future.

HARRISON'S BROTHER LOOKS IN ON FAMILY TUESDAY

A party made up of Esca Harrison of this city and brother, O. C. O. C. Harrison is editor of the Bailey County Banner. The visitors only remained here a short time and left for Amarillo Tuesday evening enroute to Seymour.

THE CRIME WAVE

Crime is on the increase regardless of the statements of heretical pulpit parasites who say the world is getting better. There are unmistakable reasons for the increase.

First: Your children are not taught the Bible. Less than twenty-five per cent of the children of the country can recite the Ten Commandments correctly. Ignorance of the Bible increases crime.

Second: You have preached that damnable crime producing lie, namely, "there is no sin," until its effect is now felt in the wave of theft, arson and murder.

Third: You have yielded to the infamous, demon-possessed-feminine-maudlin sentiment which looks upon the criminal as a hero and the jails as rest resorts until you have destroyed

the idea of punishment. Consequently, crime increases.

Fourth: Your lax, criminally lax, enforcement of law has increased crime. Your juries are cowards and your judges are without judicial conscience or a penal backbone. Their sentences are a curse to law and an encouragement to the criminal.

The time has come to demand that all people, and especially the courts and their officers, shall respect law and enforce its stern demands upon criminals regardless of political fear or favor.

About Being Late
ONCE THERE was A MAN.

OR AFTER the COLLECTION.
OR ANY time he TOOK a notion.

LUTHERAN PASTOR INSTALLED HERE ON LAST SUNDAY

Last Sunday morning an attractive service was conducted in the county court room which, pro tempore, serves the Immanuel Lutheran congregation for a church home. Rev. Theo Evers, the new pastor, was installed in his new duties. Rev. Hinge, the installing pastor, delivered a powerful sermon on the theme, "Preach the Gospel." In

showing it to be the duty of the entire Church to preach the Gospel, he pointed out that, tho the commission to preach devolves exclusively upon the pastors, yet every member of the Church is invested with the solemn duty to assist the engrafted word which is able to save souls in that he exercise his influence to bring those into the Church who are yet outside of its pale. After the service a delicious lunch was served by the ladies of Immanuel congregation.

Rev. Evers has been in the ministry for seventeen years. During this time he served the Lutheran Church in three different parishes, viz., in North Dakota, where in the service of the mission he organized eight congregations, and in Campbell and Utica, Neb., serving these congregations seven and eight years respectively. During the war he rendered active service to the government as four minute man and was admitted to the chaplaincy by the war department. Besides Herford, he represents the Lutheran Church also in Farwell and other places.

It doesn't pay to be "stuck up." The peacock of today may be only a feather duster tomorrow.—Golden (Col.) Transcript.

Henry Allman has good wheat, Elliott Bros. wheat looks to be very fine from the road. However, to take the country as a whole the wheat crop in Castro county will be very short for 1922. Another nice shower would be a great benefit to crops just planted and growing grass and gardens.

Our little community is beginning to make preparations to entertain the Castro County Singing Convention and all visitors from other counties next Sunday, May 28. We are looking for a large crowd, if the weather remains good and we hope we will not be disappointed. Everybody come and let

BY THE PEOPLE

Why We Are Sore

We frequently notice, while in the stores, that a travelling salesman will come into the store and receive and order from the merchant and whether it be a large or small order the travelling salesman steps to the telephone, gets long distance and gives the order to his house for immediate shipment, which, of course, is the proper thing for him as salesman to do. So far so good. But, from the viewpoint of a consumer, we fall to see the necessity for that salesman—Why shouldn't Mr. Merchant be aware of his needs and be able to step to the phone and

order the goods for himself and thus do away with the needless expense of the traveling salesman, which is added to the cost of the goods to the consumer. We are informed that one little grocery supply house in Amarillo, and there are several others, keeps four to five traveling salesmen on the road all the time and they make their territory two or four times per month. And each must receive a salary of \$150 to \$200 per month and no doubt some of them more than that, and added to that each of them is allowed a traveling expense account of \$3.00 to \$6.00 per day or more.

We were in a grocery store the other morning in Hereford, when four of these traveling salesmen selling groceries for Amarillo houses, came into the store to try for orders. Why should the consumer be burdened with this absolutely needless expense. We have to pay for the telephone service any-

way and why not use it exclusively and do away with the parasite. We would have more money for public improvement and school purposes and the development of our good country.

Amarillo's whole trade territory is supplied with telephone service which might be utilized, with a tremendous saving of overhead expense to the benefit of the consumer. Moreover we hereby move and petition the honorable Hereford Chamber of Commerce to

How's Your Battery?

Maybe you've noticed that it isn't turning the motor over as strong as it might, that it hasn't quite the pep it used to have, that it seems to be just a little "off its feed".

That's a signal that your battery needs the kind of attention we give—and probably needs it right away!

Never mind if it isn't a Willard. Bring it in anyway. Here at Battery Headquarters we've had experience in fixing all makes of batteries—and we give them all exactly the same attention.

Pinchots are Pals in Their Victory

As soon as the returns proved that Gifford Pinchot had smashed the political machine of Pennsylvania, the most conservative stronghold of the Republican party, the smile of victory illuminated the faces of the victor and his wife. Mr. and Mrs. Pinchot were caught by the camera man just as he said: "Smile girl, smile, for we win."

When every man and every woman acts as though the whole problems rests on his or her individual shoulders. There is no meeting place in which to arouse common action on behalf of the people, unless leadership be grasped by the home-town newspaper. The economist who can devise a workable people's union will have performed a useful service.

FIREWORKS READY FOR THE FALL

Between now and the fall elections the Attorney General, Mr. Daugherty, will have an opportunity to fix up quite a few political fences, and incidentally to prepare his cases against the grafters who have robbed the government of millions of dollars, and by the time the voters are ready to absorb the dope, the press agents may be expected to be all set for the sensations. Undoubtedly the supply of material will be quite adequate to tide over the crucial period, and then we can all go to sleep again. The Attorney General has before him the opportunity of a lifetime. It is a matter of common knowledge that the government has been victimized to the limit of endurance, and the public would like to see a little action. We can look forward to prosecutions, beyond a doubt. We may even look forward to a few technical convictions, because some one must be the goat, but the hope of looking forward to the time when the wealthy grafters are put behind prison bars is a dream, pure and simple. When the smoke of battle shall have cleared away we are more likely to see established the firm of Daugherty and Palmer, the do-nothing brothers, and to note their keen appreciation of virtuous silence. In the meantime, the public may as well put cotton in its ears. Otherwise it is bound to be deafened by the shouts of indignation and the volume of threats that will issue from the Department of Justice. Get ready for the fireworks. Also watch how swiftly the rocket sticks face to earth.

MEASLES CAN BE WIPED OUT

Dr. Royal S. Copeland, the Commissioner of Health for the City of New York, told the members of the New York Press Club last week that measles could be wiped out of the United States in forty-eight hours. If every case were isolated for two days, said the Health Commissioner, that would be the end of the disease. Surely a statement of such importance shows more clearly than ever how important it is for Congress to make a proper appropriation, so that the national health authorities may dominate space in the newspapers to talk to the people on matters of health and sanitation. There is danger in Iowa when a case of bubonic plague breaks out in Western Asia. The interesting fact is that the danger can be eliminated if the one-track mind Congressmen will arouse themselves.

A PEOPLE'S UNION IS NEEDED

Surely the people have lost in large measure the sense of their power and place in the world's affairs. There is need of a new awakening. It is almost pitiable to hear men and women discuss business conditions as though the business of the nation was something apart, some strange, mysterious machine operating without any relation to the individual. Perhaps the people are so close to the picture they fail to see that the reeler is the lord and master of the great distributor, and that the people are the lords and masters of every retailer on earth. If business is stagnant, the people make business stagnant. They can bring about business rivalry whenever they decide to do so. Humanity's weakness lies in the desire to "let George do it." The people have come to accept the belief that their particular attitude or their personal action can have no bearing on anything, that it will be lost in the general result. Consequently everyone "lays down." It is this knowledge of public apathy that gives strength to the political leeches that suck the life-blood of the nation, and, once fastened on to the body politic, are so hard to get rid of. Trade revives when the people buy. Then the retailer gets busy, the jobber gets busy, the manufacturer gets busy, and men and women become employed. Prosperity will come back.

FRIONA
 Prof. W. H. Younger of Farwell was here Monday morning on his way to Canyon. He was accompanied by his brother, who made application for the principalship in our school.

The program committee for Memorial Day is busy preparing songs and other exercises suitable for the occasion. Owing to the fact that no minister could be secured to preach the Memorial sermon, that part of the services will have to be dispensed with. The committee has secured the services of W. E. Dameron of Hereford, to deliver the Memorial address on that day. The entire program will be rendered in the forenoon on account of the Chautauqua program which occurs in the afternoon. Mr. Dameron is an eloquent speaker and his address will be of interest to all who may hear him.

Messrs. Guyer, Crawford and White, the members of the newly elected school board were business visitors in Canyon Tuesday. They were there looking after matters pertaining to the building of a new school house and the selecting of the teaching force for the coming term.

Rev. Maples is conducting a series of revival services here at the Baptist church. The attendance and interest have been fairly good considering the busy season.

Miss Lucy Goodwine completed her second term of school at Wichita Falls last week and returned home Tuesday morning.

The first day's program of the Chautauqua will be given here Sunday afternoon and night and will continue for five consecutive days. This promises to be an excellent program throughout. Get your ticket and be there.

Everett Talbot had a narrow escape last Friday from serious or perhaps fatal injury. He was driving a six-horse disc harrow and the team became frightened while crossing some rough freshly broken sod land and ran away.

Everett was thrown from the disc, which passed entirely over his body, giving him only a few bruises. How he escaped being cut to pieces is a miracle.

On Monday morning a team of mules belonging to Mr. Foster became frightened and ran away. Mr. Foster had hold of the lines, but they broke and the mules ran into a wire fence and damaged the wagon considerably, and the mules were badly cut about the legs by the wire.

The school election passed off very quietly last Saturday. The candidates were Crawford, Guyer, Turner, Perry and White. Crawford, Guyer and White were elected; Crawford and Guyer to the long term and White to the short term.

DAWN

Attendance at Sunday School was good last Sunday. Bro. Wooten gave a good sermon after Sunday School to a good audience.

Reinhold Frye has returned home after spending the past nine months attending high school in Hereford.

The Literary society has a good program for next Friday night. Everyone is invited to attend. Dawn and Vega Baseball teams put up a stiff battle the 21st. Dawn winning with a score of 11 to 6. This is the first game the Vega boys have lost this season and they took it pretty hard. "Jess" Perkins pitched an extra good game the Mac was air tight behind the bat for Dawn. The Vega batteries were hard to handle, but the Dawn boys got their hits in bunches. Christinger, Roberson and Carter got hits everytime they were at bat. Dawn and Amarillo Independents will tie up at Dawn May 28th. This will be a good game. Come out and see it.

WANT MISS MINNIE WILES ON SUMMER NORMAL BOARD

State Superintendent Annie Webb Blanton has requested Miss Minnie Wiles, of the Texarkana, Texas, high school faculty, to make application for a position on the summer normal board of examiners. It is quite unusual for the state superintendent to request applications for positions of this nature, since they are usually sought by applicants from all over the state, and Texarkana school authorities regard the request as an honor richly deserved by Miss Wiles, Texarkana, Texas.

Miss Wiles is a daughter of Mr. and Mrs. J. A. Wiles of this city and taught Latin and Spanish in the Hereford high school in 1919-20. Miss Wiles was elected Principal of the local city school in 1921, but accepted a position as Dean of the Study Hall at Texarkana. Miss Wiles will spend a part of the summer with her parents, arriving here in a few days.

the same as in any other calling or you'll not succeed. Keep your buildings and machinery painted to save them from decay. Then, too, think of the difference in appearance. Paint makes your improvements much more valuable. We have all kinds for both inside and outside work.

OUR AIM - TO HELP IMPROVE THE PANHANDLE

THE OLDEST SETTLER
Old Uncle Andy Higgins has inhabited these diggins, according to his statements, nearly ever since the flood. He swam he old Mizsory to evade the petty jury, when her highest bluff was nothing but a little dab of mud.
He bears us tellers grumble, when the weather takes a tumble, an' never calls a halt until she's twenty-nine below, but soon old Uncle Andy has us feelin' fine-an-dandy, when he tells us how they froze in squads, some sixty year ago.
When summer-heat is fiercest, coolin' breezes scarce, old Uncle Andy chuckles with his everlastin' grin. And says, in his opinion, there's a mighty war'n dominion, where, changes is, the most of us will likely flounder in!

SEE YOU NEXT WEEK
How we would value a friend who was all goodness, all self sacrifice, all kindness, all forgiveness, always ready to help us and powerful enough to do it—the chap who stands by in the storm and never deserts. If we threw down a pal of this kind I suppose we'd be though crazy, and yet we go to church on Sunday, pretend to believe all these things about man's only lasting friend, the Great Creator, we put a quarter in the plate and then say, "see you next week."
