

HE'S ALL YOURS — Martha Ann McBride hands the reins on her Grand Champion Charolais steer Saturday to Bud Snyder, vice president of the First National Bank. The bank paid a near-record price

of \$3 per pound for the animal during the auction Saturday afternoon, paying a total of \$3,477 for the 1,159-pound animal. —Photo by Betty Koelzer

Livestock Show Ends 3-Day Run

By MARSHALL DAY
Staff Writer

The 25th annual Hereford Young Farmers Junior Livestock Show, blessed with an unexpected number of entrants, wound up three days of keen competition Saturday with the selling of top animals.

Martha Ann McBride, who displayed the Grand Champion steer in competition with some 90 other animals, sold her animal for a near-record price of \$3 a pound. The animal was purchased by the First National Bank at a cost of \$3,477.

A much larger number of steers, barrows and lambs showed up for the annual show than was expected, Layton Sawyer, one of the show superintendents, said.

A last minute onrush of entrants surprised the superintendents, and schedules were altered to take care of the extra animals.

In the 4-H and FFA judging contest Saturday morning, the Deaf Smith County Senior 4-H judging team finished second in the team scoring, topped only by the Lamb County Senior team. The Hereford team had 1019 total points to 1063 for the Lamb County team.

The FFA judging title went to the Lazbuddie team with 1073 points. The Dimmitt team was second with 1071, followed by Slaton with 1060 points, Hereford with 1050 points, and Canyon with 1028 points.

High individual scoring honors in the 4-H class went to Bruce Brigdon of Lamb County, who had 390 points. Ricky Coleman was the Hereford chapter's only high place finisher. He came in third with 348 points.

Gary Webb of Dimmitt had the high individual points for the FFA division, followed by Vince West of Lazbuddie and Glen Wasden of Dimmitt who tied for second.

In the showmanship class, Dean Hill of Hart won the first place trophy in the steer division, Frank Bezner of Hereford won the trophy in the barrows division and Brent Sanders of Dimmitt won the lamb trophy.

The sale Saturday began with the selling of the floor and continued with the sale of the top animals in each of the three classes. The Grand Champion steer sold first, followed by the grand champion barrow and class champion lambs.

The Hereford State Bank received a round of applause for its role in the sale. See LIVESTOCK Page Ten

GETTING TOGETHER — Helen Mitchell, left, and Nell Miller, of the county tax office get things together for the onrush of vehicle registration

which begins Monday. Some 3,000 passenger cars, in addition to several thousand other vehicles, are expected to register within the next two months.

Letters Will Leave Earlier In Day, Starting This Week

Outgoing mail will leave Hereford earlier each afternoon in the future to allow overnight service on letters mailed to within a 250-mile radius of the city Postmaster Nolan Grady announced Saturday.

The final mail dispatch of the day, effective Monday, will be 5:30 p. m., instead of 6:25 p. m. as has been the case heretofore.

"This change is being made so we can give Amarillo more time. As it is, they just don't have enough time to give overnight service to the areas nearby," Grady said.

"We have had too much mail delayed in what we consider our prime trade area through lack of time. This change will let us get it out in time to assure overnight delivery within a 250-mile radius and to the Dallas-Fort Worth area."

Grady got word Friday of approval for a third mail dispatch daily from Hereford, to leave here at 3 p. m. That addition will give Amarillo postal workers a headstart on sorting and dispatching mail from Hereford that has been accumulating since morning.

A batch of mail will continue to go out at 5:30 a. m. daily, Grady assured. Mail deposited any day after 5:30 p. m., however, will wait up to 12 hours before it goes out.

The postmaster pointed out that "a lot of people" mail their

letters in Hereford from 5 to 6 p. m. each day, apparently as they are on their way home from work.

"Probably a third of our outgoing letter mail is dropped in between 5 and 6," Grady said. "If they should get it in the mail after 5:30, it's going to be delayed for 12 hours before it goes out." He urged all persons to mail early, to allow the postal workers to prepare the letters and parcels for dispatch.

Letters dropped in outside mail bins should especially be dropped early in the morning, Grady said, because they are opened only once a day — when the regular mail carrier goes by during his route. The only exceptions are the mail bin outside the post office, the mail bin at Sugarland Mall and the mail bin at the intersection of 25 Mile Avenue and Park Avenue.

Those are the only outside letters drops which have shown an average of 25 letters or more each day after the regular pickup of the mail carrier during his route.

Other changes probably will be coming up before long concerning the postal department, Grady said.

"I look for changes to come fast and furious over the next few years," he said.

The local post office probably will be open only from Monday

through Friday, effective this summer, he said. It has two hours of window service on Saturday now. The Saturday closing probably will be announced by June 1, he said.

"One of the first things I look for in the future — and there's

a need for it, I think — is a package-wrapping service. You bring a package in and we wrap it for mailing. For a fee, of course. They are going to expect this thing to be paying for itself within a few years," Grady said.

Special Committee Starts Research Into Declining Sugar Beet Quality

The steady decline of sugar in area sugar beet crops during the past two years has led Holly Sugar Corporation and area beet growers to the establishment of an eight-man Research Committee that will study the increasing problem.

The committee, formed in a recent meeting of area sugar beet growers, is comprised of members of the Texas-New Mexico Sugar Beet Growers Association, Holly Sugar Corporation and advisers from Texas A&M University.

"We have felt the need for such a committee for some time," said Holly Agriculture manager Bob Ginn.

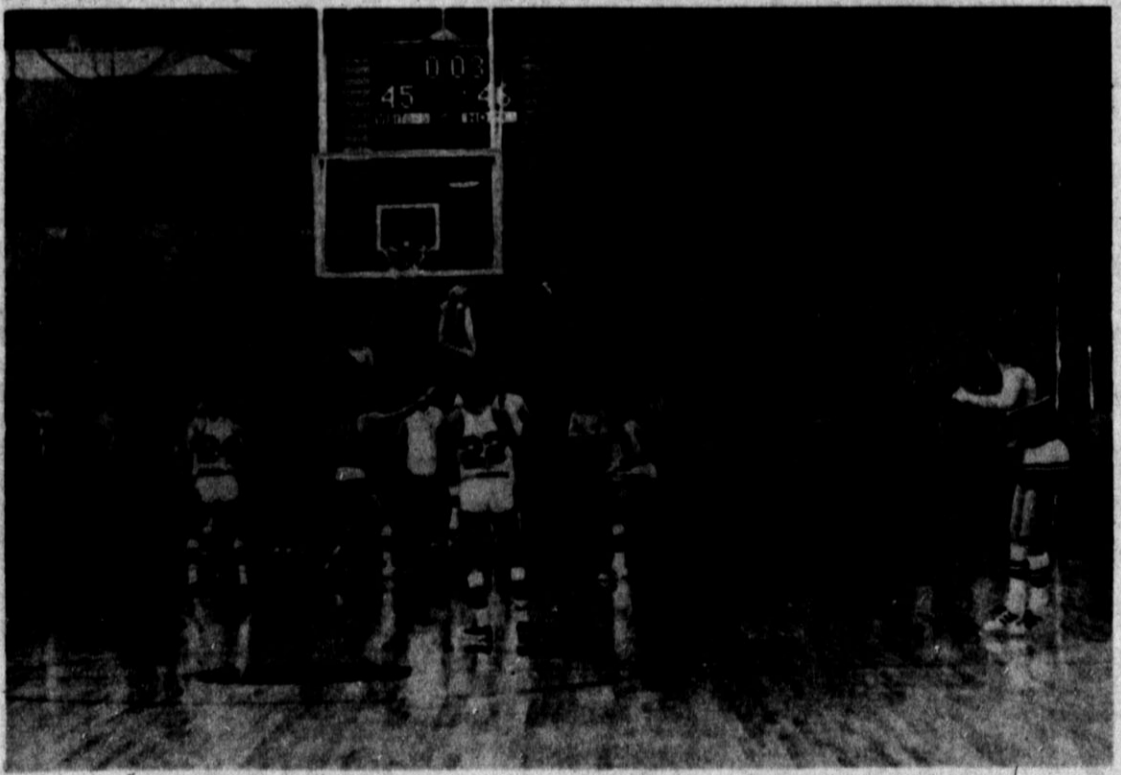

The purpose of the committee will be to advise and make decisions in research work that will be carried on toward soil testing of area sugar beet fields. Workers from the Hereford Holly Sugar factory will go into the

fields with soil coring machines where they will take soil samples to be analyzed. The samples will be returned to the factory where they will be tested for nitrogen phosphate and potassium.

The soils laboratory is being financed by Holly Sugar Corporation. The laboratory, which just this week received its final pieces of equipment used in the testing, is located at the factory and soil experts and workers from other Holly factories have been called in to help with the initial testing of soil samples already gathered.

The soil samples are taken at no cost to the grower, Ginn said, but it is necessary for the various county agriculture agents to become involved in the research program. The agriculture agents will act in an advisory capacity along with the

See RESEARCH Page Ten

TIME RUNS OUT — The hands of John Sparks can be seen grabbing the rebound on a missed Lubbock free throw with three seconds to play, with

David Myers standing by to help in the lane. The ball was tied, and Hereford was unable to change the 46-45 Lubbock lead.

Herd, Monterey Play Tuesday

By CHARLES RICHARDS
News Editor

A severe case of foul-itis put a crimp in the Hereford Whitefaces' district basketball standing Friday night, but the Herd will try to jump back into the race here Tuesday in a match with the Monterey Plainsmen.

The game will be in La Plata Gym at 8 p. m., preceded by games matching the two schools' sophomore teams at 4:30 and the junior varsities at 6:15.

Hereford will go into the match with a 19-7 season mark and a 1-1 record in District 4-AAAA, and Monterey is 0-2 after having absorbed a convincing 55-37 drubbing from the Plainview Bulldogs Friday.

Plainview leads the league with a 3-0 record. It is through the first half of the season except for a game with Hereford next Friday night in Plainview.

Hereford lost to Lubbock, 46-45, in the Hub City Friday night after leading virtually all of the contest but still could tie Plainview by beating Monterey Tuesday and the Bulldogs Friday.

Monterey is out of the first half picture already, while Lubbock High still holds open a chance for a tie if Hereford beats Plainview.

The winner of the first half will play the second half winner for the district championship.

Monterey now has lost four consecutive games and the Plainview's record has sagged to 19-4 after they won all but two of their first 21 games. Monterey lost first to Pampa, Lubbock and Hobbs by whisker-close margins before dropping the 18-point decision to Plainview.

Starting for Monterey, the co-favorite with Plainview in

preseason predictions, will be 6-5 junior Grady Newton, 6-3 senior Roger Wiebusch, 6-3 senior Dale Gannaway, 6-0 senior David Theiford and 5-7 senior Kip Bass, son of former Texas Tech coach Bob Bass. The Plainsmen's sixth man is Greg Gilkerson, a 6-3 junior.

Monterey is known for its aggressive man-for-man defense and for its deliberate offense.

The Hereford-Lubbock game was played before a large crowd almost equally split between Whiteface and Westerner partisans. The entire Hereford pep squad journeyed to Lubbock for the game. From a crowd standpoint and the nip-and-tuck manner of the game, the contest could not have been better — except that each team's fans wanted it to win.

Hereford led 17-13 after one quarter and 35-25 at the half be-

fore the Westerners deadlocked the game, 37-all, after three quarters.

Keith Kitchens scored 11 points to lead the Whitefaces with Mike Wartes contributing 9, Dana Rush 8, Blake Arwine 6, David Myers 5, John McNeely 4, and John Sparks 2. Lubbock's 6-8 Mark Davis, the league's leading scorer and rebounder, pulled down 16 rebounds during the game but McNeely held him to 12 points.

Hereford succeeded in making Lubbock abandon its zone defense by going into a deliberate, ball control game early in the second quarter and expanding its lead from 17-13 to 21-13. But once Lubbock was in a man-to-man, Hereford had difficulty connecting on its shots from close in.

The Whitefaces connected on 14 of 45 field goals efforts and

17 of 24 from the free throw line. Lubbock had 14 of 36 from the floor and 18 of 34 from the line.

The foul trouble hurt the most. The Herd got several fouls on its full court press early and finally both McNeely and Kitchens fouled out and several other players had four fouls each. As a team, Hereford had 25 fouls.

"I just hate that we lost it," Coach Ron Mayberry said. "We got in foul trouble and couldn't do the things we wanted to do. I can't criticize my boys. It was a great effort. They gave everything they had."

The strategy to pull Lubbock out of its zone worked, Mayberry said, although Lubbock seemed to play better against Hereford in the man-for-man than See HERD Page Ten

Monday Is Dollar Day In Hereford

West Texas Water Confab Planned Friday At Lubbock

What's what with water — in Canada, the United States and specifically in West Texas — will be reviewed Friday for those attending the ninth annual West Texas Water Conference. The conference is sponsored by the West Texas Water Institute representing 30 West Texas organizations which have a special interest in water resources. Several hundred are expected to register when the conference opens at 8 a. m. at the Red Raider Convention Center. Sessions will include discussions of the Canada Water Act, water planning in the Mississippi River basin, water planning by the federal government and the findings from special water related studies on the Texas High Plains. Providing research results will be representatives of Texas Tech University, Texas A&M University and the U. S. Department of Agriculture's Agricultural Research Service (USDA-ARS) at Bushland.

Peter J. Reynolds, head of the General Studies Section, Water Planning and Operations Branch Government of Canada, will open the meeting. He will discuss "Canada Water Act: A Vehicle for Action," outlining the nationwide water resources program adopted by Canada. Water planning by the U. S. government will receive special attention at the luncheon session when Executive Director Bill Clayton of Water, Inc., will be presiding. Fred H. Bayley III, who has spent 18 years with the U. S. Army Corps of Engineers in Mississippi, will talk about water planning in the Mississippi River Basin during Session I. He is assistant chief of the Corps' Planning Division at Vicksburg. Moderator of this session will be Jack W. Fickessen, acting executive director of the Texas Water Development Board. Interim Dean Sam E. Curl of the College of Agricultural

Sciences at Texas Tech University will moderate Session II devoted to two discussions. Dr. J. R. Johnson, chief, Southern Plains Branch, Soil and Water Conservation Research Division, USDA-ARS, will review "Some Water Options for the Southern High Plains." Texas Tech agricultural economists James E. Osborn and William C. McCray will describe "Interindustry Effects from Water in the Texas High Plains. Dr. Osborn is program chairman for the conference. Afternoon sessions will be devoted primarily to research results. Texas Tech Agronomist Eugene A. Coleman will talk about "Feedlot Runoff for Crop Production: Promise with Problems." From Texas Tech's Department of Civil Engineering, Tommy Ray Knowles and Dr. B. J. Claborn will present a paper on the "Development of a Computer Model for Groundwater Management." Representatives from the Texas A&M University Agricultural Research and Extension Center at Lubbock will describe the "Effects of Irrigation Methods and Fertilizer Techniques on Potential Pollution of Ground-

water by Nitrates and Other Solutes." They are Dr. C. W. Wendt, soil physicist; Dr. A. D. Onken, specialist in soil fertility and Dr. O. C. Wilke, agricultural engineer. "Groundwater Recharge Research for the Texas High Plains" will be shared with participants by Arland D. Schneider, USDS-ARS agricultural engineer. Dr. George McBee, resident director of research for the A&M research and extension center in Lubbock will moderate that session. Moderating the final session will be Director Tom Longnecker of the High Plains Research Foundation at Halfway. Three

papers will be presented. Dr. Raymond E. Meyer, Texas Tech soil physicist, will discuss "Subsurface Asphalt Barriers as a Water Conservation Measure." Wilke will talk on "Potential for Harvesting Water in the Texas High Plains." Director Dan M. Wells of the Texas Tech University Water Resources Center will describe water research at Texas Tech.

MOD DONATION — Michael Lewis, left, presents Lynton Allred with a check for \$56.73 that was collected in a recent talent contest at La Plata Junior High School. The money was given to Allred as the school's share of the recent March of Dimes drive.

HIGH AWARD WINNER — Charlotte Williams, daughter of Mr. and Mrs. Delmo Williams, recently won the highest award, given to Campfire Girls. Charlotte received the award during the annual Father-Daughter Banquet, and is shown above participating in the program the following day honoring the members' mothers.

H.D. CHATTER
Outdoor
Cookery

By Mrs. Argen Draper
Home Demonstration Agent

H. D. CHATTER
By Argen Draper
Outdoor pork cookery can be as simple or elaborate as desired. Both the amateur and the experienced backyard chef will usually welcome a few guidelines. Personally, we modify these recipes and cook the same cuts in the oven. Use the recipes as you wish but all will agree the flavors are different and you'll have some findings the family will like.
With one of these pork dishes add green salad, vegetable baked on grill and maybe fruit or pie.

SOUTH-OF-THE-BORDER SPARERIBS

Cut 4 to 6 pounds spareribs into serving-sized pieces. Place ribs on grill, rib ends down, as high as possible above coals. Broil at low to moderate temperature 1 to 1 1/2 hours, turning to brown evenly. During last 15 minutes, brush ribs with barbecue sauce. 4 to 6 servings.

For Barbecue Sauce combine 2 to 3 tablespoons (1/2 package) taco seasoning mix with 1 can (15 ounces) tomato sauce.

PATIO PORK STEAKS

Place 4 to 6 pork blade or arm steaks, cut 1/2 inch thick, in flat utility dish. Pour marinade over them and marinate in refrigerator 4 hours. Place steaks on grill and broil at low to moderate temperature, brushing with marinade and turning occasionally for 35 to 45 minutes or until well done. 4 to 6 servings.

For Marinade combine 1 cup bottled barbecue sauce, 1 cup sweet pickle juice, 1 teaspoon steak sauce and 2 teaspoons salt.

ALOHA PORK ROAST

Select a 6 to 8-pound pork loin roll or a 9 to 11-pound boneless leg of pork. Insert rotisserie rod through center of roast. Insert meat thermometer, angling it so tip is in center of roast but not resting in fat or on rod.

Place on rotisserie and cook

at low to moderate temperature to 170 degrees F. (well done). Allow 2 1/2 to 3 1/2 hours for pork loin roll; 3 1/2 to 4 1/2 hours for leg of pork. During last 30 minutes, brush roast frequently with pineapple glaze.

For Pineapple Glaze combine and cook for 5 minutes, stirring occasionally: 1 can (13 ounces) crushed pineapple, 2 tablespoons brown sugar, 1 tablespoon cornstarch, 1/4 teaspoon ginger, 1/4 teaspoon garlic salt and 1/4 cup soy sauce.

CHERRY-GLAZED HAM SLICE

Place smoked ham slices, cut 3/4 to 1 inch thick, on grill as far as possible from coals. Brush with glaze. Broil at low temperature, brushing with glaze. Broil at low temperature, brushing with glaze and turning occasionally for 20 to 25 minutes or until well done.

For Cherry Glaze combine 1 cup cherry preserves with 2 tablespoons lemon juice. HINT: Meat carves more easily if it is permitted to set after roasting.

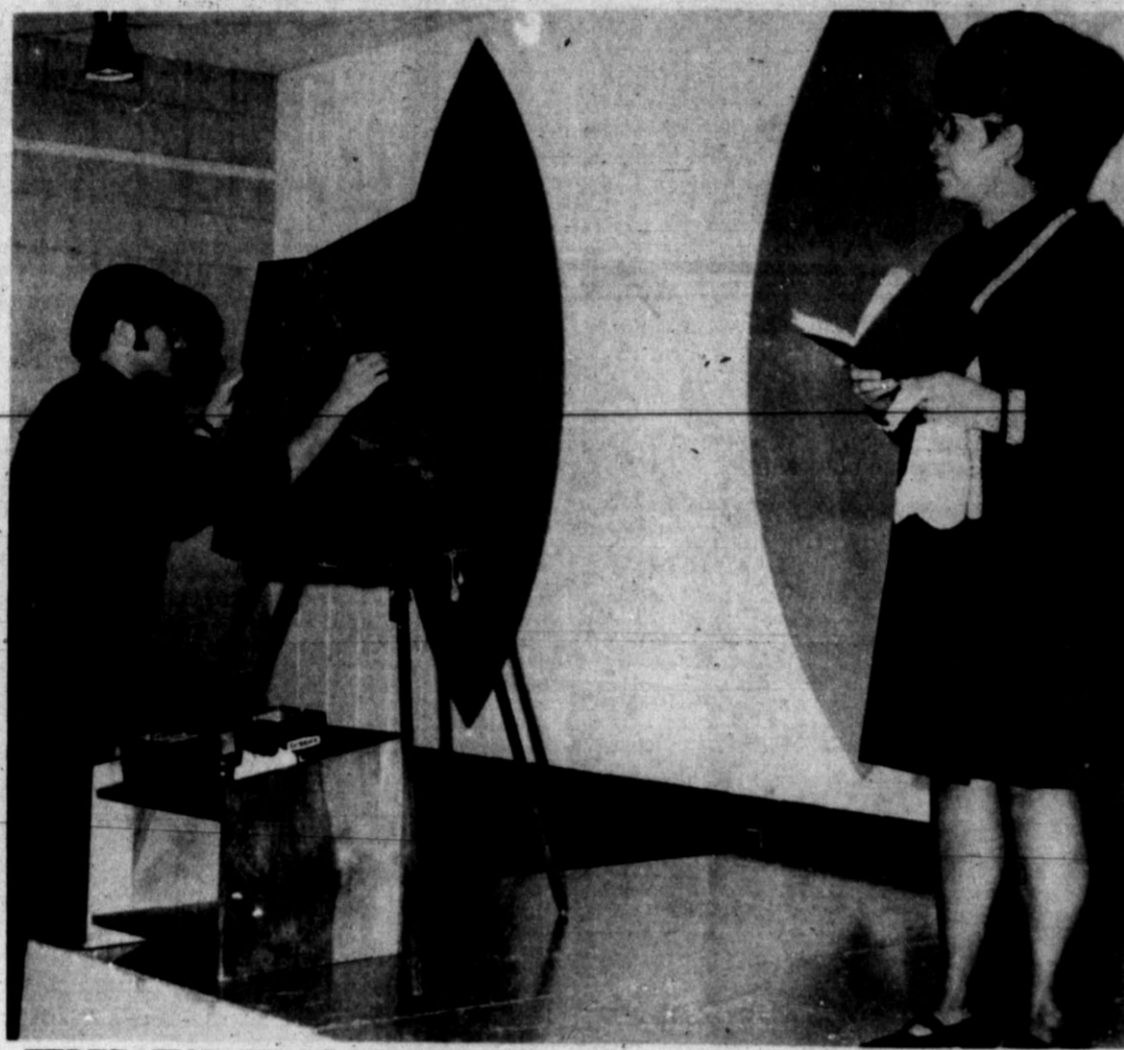

A few questions at the office regarding meringue for cream pies. Meringue should be slightly browned, light and moist in appearance, adhering to crust around edge of pie. It should have no beading or watering.

"Weeping" meringue is caused by too long baking, too much sugar for egg whites, or incomplete blending in of sugar. Add sugar a little at a time. For a smooth clean-cut meringue, dip knife into hot water and shake off excess water before cutting pie.

Standard recipe for meringue is 6 tablespoons sugar to 3 egg whites, 1/4 teaspoon cream of tartar. Citrus juice can be added to meringue. 1 teaspoon orange, lemon or lime juice can be added to meringue; also, 1 teaspoon syrup from commercially canned peaches.

More Tips On Making Fluffy Meringue:

- 1) Eggs that are at room temperature beat up to a greater volume than those at refrigerator temperature. Use large fresh eggs.
- 2) When whites are frothy, begin to add sugar slowly, beating well. Make sure all the sugar is dissolved. This helps prevent "beading."
- 3) Beat until stiff peaks are formed. Stiff peaks stand straight up and don't curl over. Don't overbeat so that meringue becomes dry.
- 4) Be sure pie is cool before putting meringue on.
- 5) To prevent shrinking, spread meringue so it touches the edge of the crust all around the pie.
- 6) Be sure meringue is completely baked because under-

FEDERATION HEARS CHALK TALK
—A chalk talk, art work by Rick Lee and narrated by Mrs. Gerald Wilson, was the unusual program feature at the winter luncheon of Deaf Smith County Federation of Women's Clubs

held Friday in the Community Center. The reading was entitled Fine Arts—The Art of Living. Entertainment during the luncheon was provided by Mrs. William Penn, pianist, and Mrs. John Messenger, vocalist.

baked meringue causes "weeping" and loss of volume.

7) Cool pie on a rack, a way from drafts. Cool meringue slowly. A draft causes meringue to shrivel and form little beads of syrup on top.

Concentrate on this release from our specialist:

What's the difference in paying cash and buying on credit over a long period of time. The comparison results are somewhat shocking, says Mrs. Doris Myers, Extension home management specialist at Texas A&M University.

A study conducted at the University of Minnesota in 1968 illustrates the side effects of credit buying over a period of 45 years. Based on the service life expectancy of nine commonly purchased consumer items, the study estimated that a family will buy three refrigerators, ranges, toasters, vacuum cleaners and living room rugs; two electric sewing machines, and four television sets. In addition, if they are a one-car family and a car is kept for approximately 3 years and 10 months, 13 cars will be purchased.

If these items are bought on time payments, the total cost of principle and interest will be about \$39,000. But if these same monthly payments are invested in a savings account for a similar length of time as the installment payment period, the family will be able to purchase the same nine items during the 45-year period and have almost \$33,000 left over.

This is due to 45 years of interest compounded quarterly at 4 percent. If \$8,000 in interest charges not paid are considered, the total savings would equal \$41,000.

The difference between buying first and paying later, and in saving then buying, is equal to about one-third of the purchase price of the items. Even the "wise use of credit" is expensive and creates considerable erosion of purchasing power over the life span of families, Mrs. Myers says.

On December 31, most Japanese eat buckwheat noodles, said to represent longevity.

The Rev. Fred Howard, pastor of St. Thomas Episcopal Church, presented a joint program entitled "The Age of Faith" and "Adventures of the Intellect," at a Thursday evening meeting of Calliopean Study Club.

The Rev. Howard said "The thousand years that brought about the reformation is considered the age of faith. The

church, the central force in the community, was of one belief until people began to seek religious freedom."
Guests at the meeting held in the home of Mrs. C. J. Crump, were Mr. and Mrs. W. L. Walser.

Members in attendance were Mmes. Clyde Cave, Emil Dettman, Alton Fraser, J. T. Gilbreath Jr., Sue James. Tom

Accepted currency in the Republic of Texas in 1836 was "hammered dollars" — Spanish coins from which the ruler's likeness had been removed. Texas subsequently printed banknotes ranging from \$1 to \$5,000, including a \$3 bill.

Faith-Religion
Is Study Topic

The Rev. Fred Howard, pastor of St. Thomas Episcopal Church, presented a joint program entitled "The Age of Faith" and "Adventures of the Intellect," at a Thursday evening meeting of Calliopean Study Club.

Members in attendance were Mmes. Clyde Cave, Emil Dettman, Alton Fraser, J. T. Gilbreath Jr., Sue James. Tom

Kendrick, Ansel McDo well, Gene Parsley, D. W. Palmer, Vernon Swanson, Jack Wilcox, Hazen Woods and Bob Word.

Mrs. Gilbreath will host the Feb. 11 meeting at which time Mrs. D. C. McWhorter will present a program entitled "Reformation — the Troubled Time."

Accepted currency in the Republic of Texas in 1836 was "hammered dollars" — Spanish coins from which the ruler's likeness had been removed. Texas subsequently printed banknotes ranging from \$1 to \$5,000, including a \$3 bill.

Waiting Wives And Mothers Accept Red Cross Project

Mrs. Andrew Kershen, Deaf Smith County Red Cross Chapter trained volunteer and past member, visited the Waiting Wives and Mothers joint meeting Thursday afternoon in the home of Mrs. Pete Curtis and suggested the club work with

Red Cross in making layettes for babies of wives of servicemen.

The new project was accepted by all present and two new members of the Waiting Wives, and material was distributed. Mrs. Corinne Neeley is coordinator of the two clubs.

Glady's Garden

By Gladys Howton Manjeot

The High-Plains is noted for many things. I would like to add to the list the beautiful sunsets, which we see so often.

The past few days the sunsets have been gorgeous. Colors breath taking, and the blending of the vivid red-gold colors, in with the azure colors at eventide create a picture that would challenge any lover of nature or art.

Yesterday afternoon, I took out time to go to the west windows and enjoy the beautiful, beautiful sunset. As I looked at the panoramic view, I was speechless (and that is really something for Glad to be speechless). In viewing the sunset, I was impressed with the fantastic interest created by the trees in the landscape, with the background of the sunset.

Some of the trees that I particularly noticed, were: red plum (ornamental) Gum tree, American Elm, Chinese Elm, Burr Oak, Red Oak, Ascending Elm, (real tall) Spruce both the green and the Colorado Blue, Various Evergreens, and etched on the beautifully colored skyline, was the lovely form of the Willow trees, at the Harold Close home. Yes definitely trees make the winter landscape more beautiful and an interesting study as to forms.

FORMS OF TREES
The following are the various forms that we look for in trees, and give measured consideration when selecting for placement in a landscape design. Note:— Those that do well in the Hereford vicinity will be marked with a capital R.

PYRAMIDAL
Sweet Gum R... Exotic Dawn Redwood (Melosequoia) R... Famous Bald Cypress (Taxodium) R. Tulip Tree... Red Oak R... Pin Oak (will grow but it is advisable to have the soil and stratum checked before planting. When the roots strike Caliche they cease to grow). Arbor Vitae (Thyus Occidentalis) R.

1. — VASE
Blue Vase Evergreen R... They are not only beautiful in form, but color. Chinese Elm (Ulmus Pumila) R (fast growing, and heavy shade) Silver Maple (Seedless) R... American Elm R... Moraine Locust R.

2. — BROAD AND SPREADING
Red Maple—R... America's fastest growing hardwood tree. Majestic Black Walnut—R. Burr oak—R... (there is a beautiful Burr Oak in the West Lawn Cemetery)
Thornless Honeylocust (Indi-

mic) Black Locust—R... White Oak... White Ash R... 3. — OVAL
Sugar Maple... Catalpa R... Sycamore R... Saucer Magnolia R... Hawthorn R... Beech R... 4. — WEEPING
Willow R... Cherry R... Ornamental Weeping Peach R... (lovely pair at King's Manor)

5. — COLUMNAR
Lombardi Poplar... R... (they are subject to disease, but if properly cared for have long life here) Ginkgo (Ginkgo Biloba), very beautiful tree, foliage dark lovely, green. Would like to try to grow one in this area, they do well in Fort Worth.
Multiple—Stemmed or Low—Forked

6. — BIRCH, Redbud, R Silk Tree (Mimosa R Crape Myrtle, R Staghorn R Sumac, Smoke Tree... R... Some of these can be so pruned that they will have other forms. They are also referred to by some authors as being in the form class of Irregulars.

7. — TREES WHICH PRODUCE NUTS.
Pecans... R... Walnut (Black) these make a beautiful tree with a very deep full shade... R... there are some in town that have been here almost 60 years. Chestnuts... are grown in many sections of the state, and are a beautiful tree.

Evergreens, most any of the family of evergreens do well here, also various shrubs are good growing materials for our area, some if these are: Lilac Barberry (both the Red and Green) Pomegranate, (Punica granatum) my neighbor Mrs. Houser has a beautiful one, and the foliage is one of the main attractions; Japonicum, Korean Boxwood, Mahonia, Pussy Willow, Holly (Buford), Beauty Bush Spirea (Cantonensis) and Spring Glory Forsythia.

8. — PICTURESQUE.
Golden Rain Tree... R... English Hawthorne (C Splendens) Hybrid Redbud, Radiant Flowering Crab, both the Apple and the Peach; Purple Tree Wisteria, and Golden Chain Tree. There are many more, but I know these do well.

If further information is needed consult with a reliable nurseryman, Landscape Architect, or Garden Club member. Glad will be happy to assist in any way that she can.

Reminders: Soon it will be time to plant Sweet Peas. The soil should be thoroughly prepared, and to aid in keeping

Auten Promoted To AF Major

Jimmie D. Auten, son of Mr. and Mrs. Jim H. Auten of 700 N. Miles Ave., has been promoted to major in the U. S. Air Force.

Major Auten, a weather officer at U-Tapao Airfield, Thailand, serves with a unit of the Air Weather Service.

The major, a 1956 graduate of Hereford High School, received his B. S. degree in math from Texas Technological University. He was commissioned there through the Reserve Officers Training Corps program.

His wife is the former Judy G. Kiker.

Plan February Wedding Vows

A February 6th wedding is planned for Miss Betty Jean Whitten of Adrian and Lane Bell of Vega, in the First United Methodist Church of Adrian.

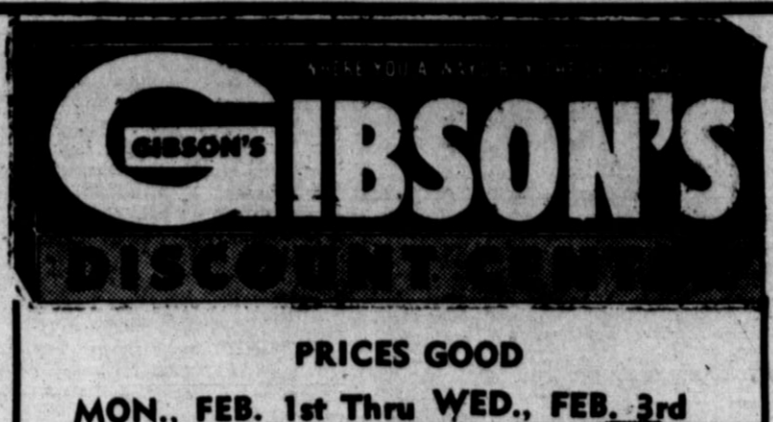

The bride-elect is the daughter of Mrs. Elbert Whitten of Adrian and the late Mr. Elbert Whitten.

Bell is the son of Mr. and Mrs. A. B. Bell of Chillicothe, Texas.

down diseases it would be wise to sterilize the soil. Another precaution would be to treat the seed before planting. Soak for 1 minute in 95 percent alcohol or 20 minutes in 1 to 1000 bichloride of mercury. As the plant comes up and starts growth, when it has as many as three or five leaves, spray with a good solution of recommended mildew preventive. Continue this spraying throughout the blooming season.

Some have called about brown appearance of their evergreens. This could be caused by winter burn, and as the plant puts on new growth it will be shed. Treatment that would probably aid in bringing out the green would be to take a real strong spray, put on the water hose, and wash up and down (movement) on the spruces, and other upright plants, on the low branching just wash carefully with the water spray. This will remove accumulated dust, give the plant more breathing (they breath through the needles) and will also give the shrub or plant a good cool drink, which we have not had because of lack of rainfall. Do in middle of the day.

Give a plant coupon to your Dear Valentine, this year. Red roses (some of the new introductions) favorite plant or packets of seed, as a selection of bulbs would make any gardeners heart jump with joy.

NEW CADET — Larry Stoerner, left, son of Mr. and Mrs. Hubert Stoerner of Hereford, is shown with James Bredewater of New Branfels as they are congratulated by Col. Haynes M.

Baumgardner, professor of Aerospace Studies at Texas Tech. The two young men are new cadet officers for the spring semester at Tech.

Appreciation Luncheon Set February 22

Home Demonstration Council members met Monday afternoon to plan the annual appreciation luncheon to be held February 22 for county officials, H. D. Club members and their families.

County H. D. Woman of the Year will be named as highlight at the luncheon. She is selected by an "out-of-county" committee from names submitted as club nominees. Qualifications include work done with the council in 1970.

Committees appointed for the luncheon were Wyche, Cultural and West Hereford Clubs, decorations; Messenger and Bipus, table setting; North Hereford and Progressive, serving; Dawn and Young Homemakers, coffee; Westway and Ford, rolls; education committee, hospitality; and Mrs. T. J. Parsons, publicity.

Plans Made For Valentine Party

Members of La Madre Mia Study Club met Thursday evening to plan the annual husbands Valentine party to be held Feb. 13. They met in the home of Mrs. Gerald Martin with Mrs. Bobby Owen as co-hostess.

The social committee will host the Valentine Eve Mexican supper for husbands of all members.

Mrs. Richard Ward, vice president, presided over a brief business session in the absence of president, Mrs. Lynton Allred.

Mrs. G. C. Merritt's program topic was entitled "How The Mother Manages Her Time." She said a daily work schedule is good if it is flexible and can be broken when need arises. Some hints she gave in cutting down on the work load and saving time included using both hands when possible in household chores, keeping dishes in a convenient place, cleaning the oven every two weeks, using vacuum cleaner attach-

ments to avoid strenuous bending and stooping, and setting the table for breakfast the night before to avoid rush in the morning.

Other members present were Mmes. Waldo Baxter, Herschel Black, Charles Frye, James Gentry, Dean Herring, Dave Honea, Wayne Lady, Don Lane, Ray Moore, Dale Sains, Ben Scott, John E. Smith, Bud Snyder, Eugene Sparks, Richard Ward, Charles Watson and Ron Zimmerman.

BALANCE WHEEL

EDMONTON, Canada — The Alberta cheese industry has never developed as it might have done because it has been used as a sort of "balance wheel" for the seasonal fluctuations of the fluid milk industry. D. J. Prince, dairy specialist with the Alberta agriculture department, said this situation has prevented establishment of consistent cheese supplies for existing markets.

Sealy, Vasek Finish 1-2 In Pig Judging

Kim Sealy's 193-pound lightweight Chester White barrow was tagged Thursday as the County and Four County Grand Champion pig as the animal won the class crown, division title and the show honors of the barrow division.

Sealy's animal took the top spot from Ronnie Vasek's 228-pound heavyweight Duroc that was named the Reserve Grand Champion of the show.

About 200 persons watched the judging.

Sealy's pig, in addition to beating Vasek out for the show championship, bested 10 other animals for the championship. His animal was named the best

from the class of breed champions and runners-up of the Berkshire, Chester White, Duroc, Hampshire, Poland China and Other Breeds.

The judge Dr. Leland Tribble, swine research professor at Tech University, called Sealy's animal "one of the most tremendous ham-bearing hogs" that he has seen.

"The animal is real trim, has a tremendous frame and scale, a good long rump and is a real clean animal," Tribble said.

The 193-pound animal was named the top animal in the lightweight Chester White class in competition with 10 other animals. It then was named the breed champion as it bested the light and heavyweight Chester Whites.

Lonnie Brown of the Hereford FFA chapter had the No. 1 Berkshire of the show. There was only one class of Berkshire so his 206-pound animal topped the county and four county show.

Bob Behrends of the Dimmitt 4-H chapter had the heavyweight Chester White animal and the reserve breed champion of that class. The reserve county champion of the Chester White class went to Edd Stall-

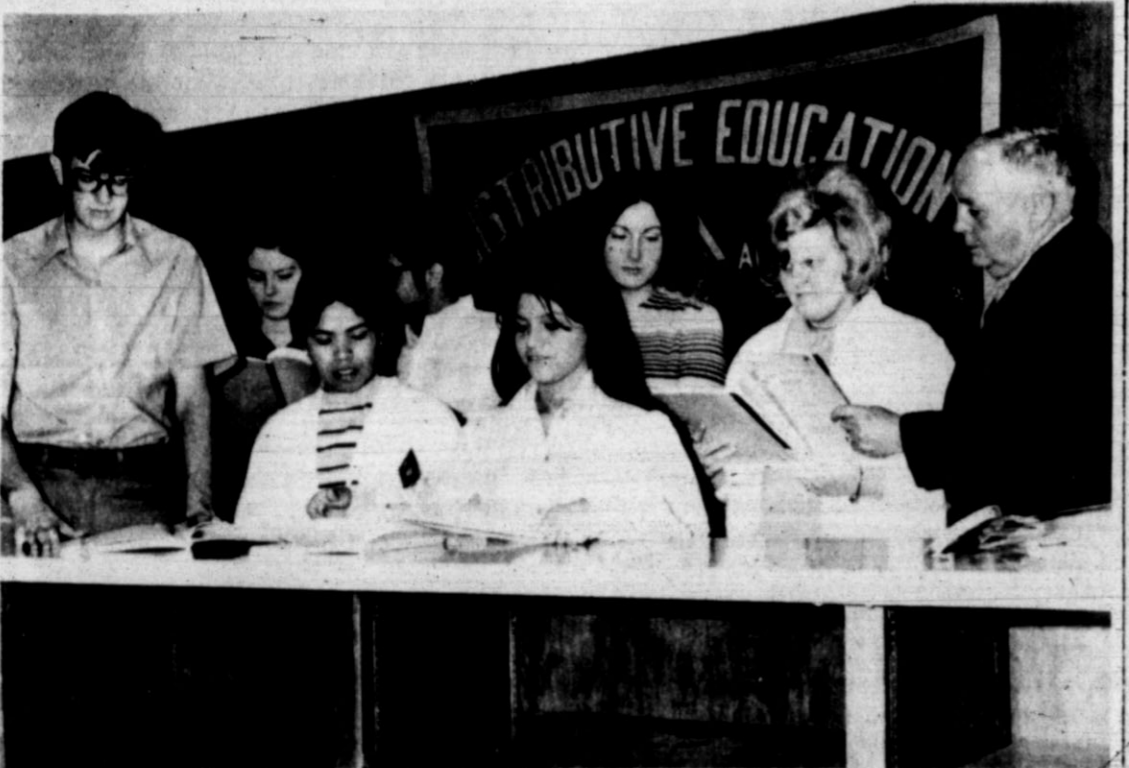

ings of the Hereford FFA who had a 213-pound animal.

Eugene Patrick of Hereford displayed the top lightweight Duroc, Vasek the top heavyweight Duroc, Frank Bezner the top lightweight hampshire, Marvin Smith the top heavyweight Hampshire, Mike Windham of Lubbudie the top Poland China and Olen Schulte of Nazareth the top animal in the lightweight crosses and other breeds.

"I think, in general, that the top animals in this entire show were real good as far as modern animals are concerned," Tribble said. "They would all rank real good in almost any show because they are real top animals."

The professor, who has judged the Hereford swine show for the past three years, said he was real pleased with the animals because each breed was well represented by "real top animals."

LONE STAR AGENCY

TO ATTEND AREA CONTEST—G. C. Graves, right, coordinator of Hereford High School Distributive Education department, and eight DE students leave Thursday for Odessa where they will represent Hereford at the Area Leadership Conference Friday and Saturday. To compete in contest are, from left, Randy Cook, sales demon-

stration and public speaking; Beverly White, display; Simon Camarillo and Rita Ranspot, job interview; Audie Henderson, advertising; and Mary Helen Reyna and Betty Trevino, cashier. Kay Lynn Alexander, business speaking and sales demonstration, is not pictured.

Baptist Men's Day Observance

Baptist Men's Day will be observed today at Temple Baptist Church, 700 Avenue K, with the men of the church in charge of services this morning at 11 and evening services at 7.

Leading morning worship services will be Charlie Callaway, Baptist men's director; James Welch, music director; Don Waters, Sunday school director; Robert Hillerby, J. C. Simpson, Bill Townsend, Eddie O'Rand and Bill Lamm.

Services tonight will be led by Vernon Inman, Baptist boys' and mens' coordinator; Bill McDowell, church training director; Douglas Morris, music director; Albert Ricketts, Holl and Cook, E. B. Woodell, Bill Wells and Ronnie Wood. The public is invited.

Merry Mixers Dance To Calls Of Stuart Rowan

Merry Mixers Square Dance Club danced to the calling of Stuart Rowan Thursday evening at the IOOF Hall with Pinky Pearson, a guest, assisting in some dance calls.

Welcomed as guest dancers were Mr. and Mrs. Onais Carroll.

Hostesses for the evening were Mr. and Mrs. Jack Hughes and Mr. and Mrs. Al Harris.

There are still openings for beginners interested in joining the Merry Mixers. Classes are from 7-8 p. m. on second, third and fourth Thursdays of every month. Next dance is Feb. 11 at 8 p. m.

COLUMBIA SUES

NEW YORK — Columbia Records has started legal proceedings against the bootlegger, manufacturer and distributor of an unauthorized Bob Dylan record.

Tylan has an exclusive contract with Columbia.

The record company has sent notice to retailers that unless the record is withdrawn from sale, legal action also will be brought against them individually.

Services Held Thursday For Steve Williams

Funeral services were conducted Thursday afternoon in Rose Chapel at Gilliland Funeral Home for Steve S. Williams, 79, who died Wednesday at Westgate.

The Rev. Clifford Trotter, pastor of the First United Methodist Church, officiated, assisted by the Rev. Gene Brink, pastor of First Christian Church. Burial was in West Park Cemetery.

Mr. Williams married Faye Roper June 16, 1915 in Plainview and came to Deaf Smith

County in 1930 from Canyon as a rancher. He was a member of the First United Methodist Church.

Survivors are his wife and daughter, Mrs. Ella Marie Veigel both of Hereford; two brothers, Jeff Williams of Hale Center and Paul Williams of Toco, Ga., three sisters, Misses Alice and Beulah Williams of Plainview and Mrs. Frank Reifsynder of Peru, South America, and three grandchildren.

memo to advertisers

ABC

What is the A.B.C.?

Chatting with a merchant the other day, we mentioned our "ABC figure."

"What," he asked, "is an ABC figure?"

Perhaps what we told him will also interest you.

This newspaper is a member of the Audit Bureau of Circulations, an independent, nonprofit organization of nearly 4,000 advertisers, advertising agencies, and publishers.

Its purpose is to provide accurate and factual reports on the circulations of member publishers. In the advertising and publishing industry, the ABC insignia is often referred to as the "hallmark of circulation values."

At regular intervals, an ABC traveling auditor visits our office to check our records. The findings of this physical audit are embodied in an Audit Report published by ABC — the report literally tells us what our circulation is.

Virtually everything an advertiser should know about our circulation is found in this report, facts and figures without opinions.

Few retailers bother to ask to see a copy of our report, yet we want you to know one is available anytime you are interested in the quality and quantity of our circulation audience — the audience for your advertising messages.

What is an ABC figure?

It is our way of assuring you that you get full measure for your advertising dollar in this newspaper.

Coleman, Bezner Raise Top Lambs In Contest

Ricky Coleman and Frank Bezner Jr. split the top show awards with a pair of Dimmitt youths Friday in the lamb division of the annual Hereford Young Farmers Junior Livestock Show.
 Coleman won both county

and four-county honors in the Finewool Cross competition and Bezner captured county and four-county trophies in the Medium Wool section of the show.
 The Finewool competition went to Randy Morgan and the Southdown competition to Paul Askey. Both boys are with the Dimmitt FFA Chapter.

Other four-county winners from Hereford were Dale Lemmons, light Finewool class; David Hutchins, light Finewool Cross; and Richard Schilling, heavy Southdown.
 Bezner's winning lamb was in the heavy category of Medium Wool; Coleman was in the heavy Finewool Cross judging.

Susan Balden, Hereford FFA Sweetheart, presented ribbons and trophies to the winners.
 Ronnie Dennis, Kress vocational agriculture director, judged the show. He said the quality of the top lambs in the show "was real good. The lambs were fed and conditioned to show real well."
 He gave the greatest emphasis, in judging, to the length of loin and rump and the amount of muscle in the legs.
 "That's your higher-priced cuts of meat. The eye appeal, the prettiness of the animal helps, but to be honest with the kids, you have to pick the lambs that possess the greater muscling; and overall size, scale and finish; what kind of meat they'll give when slaughtered out. That is what these animals are going to be used for," Dennis said.

TALENTED GROUP — Shown above are the first and third place winners in the La Plata Junior High Talent Contest. The four girls, Shari Hughes and Susan Wartes, seated, and Nancy Newsom and Donna Durham, standing, won first place. Mike Munnerlyn, left, placed third in the contest. Linda Wommack, another member of the singing group, and Jay Boren, who placed second, are not pictured.

Look Who's New

Mr. and Mrs. Jose Rodriguez are the parents of a son, Jesus, born January 28. He weighed 8 lbs. 3 oz.

A meeting for anyone interested in becoming an official basketball referee will be held Wednesday at 7 p. m. at Shirley Elementary School according to Tommy Bowling who is coordinating the meeting.

Anyone interested in becoming a qualified basketball official is urged to attend the meeting.

A film will be shown, Bowling said, and information on how a person can become an official will be given.

It would take one million-million-million polio viruses to fill a ping pong ball.

CARD OF THANKS

TO all the many wonderful friends who with their many thoughtful acts of kindness helped us so much during the sickness and loss of our loved one. We appreciate so much the prayers, floral offerings, visits, food and cards.

A special thanks to Dr. Payne, the entire staff at Deaf Smith County Hospital and to the ladies of the First Baptist and Temple Baptist Church. Every expression of sympathy will long be remembered.

Charles W. Anderson and family.

The Japanese housewife does no cooking, cleaning or sewing on New Year's Day.

GRAND AND RESERVE — Susan Balden, right, FFA Sweetheart, presents Martha McBride, center the county and four-county grand champion steer trophies during the annual Livestock Show. Kay Atchley, left, is shown with the reserve grand champion animal and trophies.

Show... Top Steers Belong To Local Girls

(Continued From Page One)
from the more than 300 people present when officials of the bank voluntarily raised the price of their bid on Martha Ann McBride's county and four-county Hereford breed champion.
"The bank bought the animal for 75 cents when the bidding ended, but later announced it would up the price per pound to \$1.
"The animal weighed 1038 pounds.

Herd...
(Continued From Page One)
in the zone.
"We did control the game and that was our game plan. We controlled the ball until the last three minutes," he said.
"It was in that last three minutes that Lubbock managed to tie the game at 41-41. Hereford took a 43-41 lead but Lubbock came back with five straight points — three from the foul line — to take a 46-43 lead.
With 35 seconds left, Kitchens fouled out but 5-11 senior Bobby Hutcheson missed the first of a 1-and-1 free throw situation and Sparks rebounded.
Ten seconds later, with 25 seconds to play, Hutcheson fouled Rush, who made both free throws to cut the margin to one point, 46-45.
The Herd's full court press caused two bad passes but both went out of bounds off Hereford. Then with 0:12 showing on the clock, Myers tipped the ball away, a teammate grabbed it and Sparks got a pass on a fast break lay-up. He was rolled to the floor in the attempt and missed the basket, but had two free throws coming, with seven seconds left.
Both shots missed and they rebounded but Rush tied the ball. The tip went to Lubbock and Warties fouled a Westerner in desperation with three seconds left.
Lubbock missed the free throw and Sparks rebounded, but it was tied up. The jump ball with a second left went astray and the game ended, 46-45, Lubbock.

Research
(Continued From Page One)
presentatives from Texas A&M who will be specialists in the different phases of the operation.
"In getting the soils laboratory started, the members agreed to set priorities on the samples to be taken. The first priority will be for sugar beet fields that will be going on in 1971, Ginn said. Any farmer who indicates he will plant sugar beets this year will have the first opportunity to have his soil tested.
"The second priority will be for any sugar beet grower who would like to have fields other than sugar beet tested.
"After the first priority has been taken care of, Ginn said, the second priority will be handled by the laboratory.
"One of the main reasons we have set up this operation is be-

Martha Ann McBride's 1159-pound heavyweight cross steer outclassed some 83 other steers in judging Friday and won recognition as the County and Four County Grand Champion steer of the annual Junior Livestock Show.
The traditional slap on the rump by steer judge Ken Woodward of Panhandle A & M brought loud applause from the more than 250 people who watched the steer judging.
Kay Atchley, like Miss McBride a representative of the Hereford 4-H Club, was awarded the trophy for Reserve Champion, with her heavyweight Black Angus.
Miss Atchley finished 1-2 in both county and four-county judging in the Angus breed competition.
Miss McBride's animal, a Charolais, won the County and Four County Cross steers division, then captured the breed honor over the top lightweight and one other heavy weight cross.
Miss McBride displayed three animals in the show. She had her heavyweight cross and two heavyweight Herefords. Her heavyweight Herefords placed first and second in county judging, with the first place winner also being named the four-county Hereford breed champion. Her third-placing heavyweight Hereford was named the county reserve champion after an animal belonging to Larry Sanders of the Friona FFA was chosen the four county reserve champion of the Hereford breed.
Jim McNeely of Hereford had the second best animal in the Cross judging, in both county and four county, finishing behind the Charolais that went on to claim the coveted Grand Champion trophy.
Other county winners were:
— Beverly Cole of Hereford 4-H in light Herefords, although she finished ninth in four county judging;
— Valerie Christie, Hereford 4-H, in lightweight Angus competition. She took four county also.
— Kathy McCathern, Hereford 4-H, in light Cross steers. She took four county also.
"I think each individual who entered an animal in this show should be commended," Woodward said. "All of the animals were of top quality and I think this is perhaps one of the best groups of animals I have seen in some time."
Layton Sawyer one of the two superintendents of the show, said he considered the animals in the steer division, as well as the barrow and lamb divisions some of the best he has seen at recent Young Farmers Livestock Shows.
"These kids, all of them, have put in a lot more work than most people realize," he said. "I think they deserve more credit than what they have gotten so far."
Woodward, in sizing up the Grand Champion steer of Miss McBride's said it was one of the best overall dressed animals he has seen.
"This steer is finished out real well, he rounds off real well at about the 12th and 13th ribs and is a real clean animal. This is, overall, a tremendous steer from the standpoint of growing ability and meeting the standards of modern feedlots," he said.

LABELLED STUPID
ST. CATHARINES, Canada — Two of the recommendations of the royal commission on the status of women were labelled respectively "stupid" and "crazy" recently by the woman chiefly responsible for the establishment of the commission. Laura Sabia of St. Catharines called "stupid" the recommendation that mothers be paid \$500 a year for each of their children under 16. And she described as "crazy" the suggestion that a married man's tax deduction for his dependent wife be reduced from the present \$1,000 to \$600.
TOP UP
KINGS LYNN, England — Pub-owner John Gardiner hired topless girl singers to perform in his Norfolk bar because, he says, they make men thirsty.

Research
cause the quality of beets has deteriorated since we first came here and we feel there are several reasons for this," Ginn said.
The testing of the soil is hoped to be just the first step in sugar beet research, the agriculture manager said. He said additional tests and research may possibly follow if this phase of the operation succeeds.
"With this operation, there are two things we can do immediately to help ourselves," Ginn said. "One is by making the tests we can not over-nitrate the crop and improve our sugar content."
"Secondly the leaf spot problem, which reduces the sugar content, can perhaps be controlled better, we hope, with the use of two or three new fungicides that will be available to us this year."
Voting members of the committee are Dr. D. D. Dickenson, Percy Rosenow, Bob Ginn, and Paul Scott, representing Holly Sugar, Jay Boston, Virgil Marsh Raymond Higginbotham and E. L. Davis, representing the sugar beet growers, and the various other persons serving in advisory capacities.
James Witherspoon, executive secretary and legal representative for the Texas-New Mexico Sugar Beet Growers Association, was named to an advisory position.

Solon Offers School Bills

By BETTY HANNA
Capitol Correspondent
AUSTIN — State Rep. Bill Clayton of Springlake introduced five bills in the Texas House last week, including four dealing with education.
One bill relates to the use of English as the basic language of instruction in all schools and was referred to the Committee on Public Education.
Two other bills related to the vaccination of children admitted to child-caring institutions and facilities and to the vaccination of persons attending public schools or state-supported institutions of higher education. Both of those were referred to the Committee on Public Health.
Another Clayton bill would amend the Education Code and increase the limited sales, excise, and use tax for the benefit of public schools. That bill went to the Committee on Revenue and Taxation.
His fifth bill related to a temporary registration permit for certain vehicles of a non-re-

Solon Offers School Bills

resident owner used in movement of farm products. This was referred to the Committee on Motor Traffic.
Michael P. Metcalf of Dumas was confirmed as criminal district attorney of the 90th district in executive session of the Texas Senate in the past week.
Metcalf replaces Jerry Tucker, whose resignation becomes effective Feb. 1. Gov. Preston Smith accepted the resignation and made the appointment of Metcalf.
Two bills of interest to the Hereford area are in legislative committee, one concerning the creation of a juvenile board and the other for the office of criminal district attorney.
The welfare bill was finally passed in the Senate Monday, but only after an amendment proposed by Sherman was added. The freshman senator's amendment put the four categories of welfare back into the bill — the aged, the blind, the disabled, and the aid to dependent children.
The constitutional limit was removed from the first three categories, but an \$80 million ceiling was put on the aid to dependent children program. The \$80 million ceiling on the AIDC program is an increase from \$23 million.
Sherman said that he believes the amendments as passed will meet the emergency situation. "I think the bill is one that meets the emergency we face. It is a limit higher than I would have preferred, but at least it is a partial limit," the senator said.
The senator also commented on the stock scandals which have shaken the state. "It puts a cloud over the whole legislature," Sen. Sherman said. "But it will give the necessary push for some kind of ethics bill which I would wholeheartedly support."
Sherman, serving his first term in the senate, said he has no personal knowledge of the affair since he was not here, but feels the situation has created concern in both the house and senate, and will result in some affirmative action.
"As a freshman senator, I would like to add, however, that I am impressed with the men in the House and Senate," Sherman said. "I know they are a man said, 'I know they are a dedicated, hardworking group of people, and I have confidence they will take the necessary steps to set up a code of ethics which will eliminate such situations in the future.'"
ENZYMES MIRACLE
NEW YORK — Enzymes carry out chemical miracles in the body, and their action is so fast it has never been adequately understood. Now a rapid technique has been developed that can detect small changes in enzyme molecules as they act. The enzymes that contain certain metal atoms are made to act on substances that are fluorescent. This permits scientists to follow extremely rapid energy transfer and changes in enzyme structure. The method was devised by biochemist Bert L. Valee and coworkers at Harvard Medical School.
COOL COWS
NEW YORK — Air conditioning the heads of cows during summer months increases milk production by 20 per cent, say dairy scientists at Louisiana State University. Along the Gulf Coast milk output generally drops in the hot, humid weather. Putting the whole cow into an air-conditioned space upped production by 30 per cent, but it costs too much. A profitable gain was made by inserting the heads and necks of cows through flexible seals into an air-conditioned area.
TAMED BULLDOZER
BIRKENHEAD, England — Furious Terence Round swept a four-ton bulldozer towards his in-laws' house, determined to flatten his relatives as well as his wife. Along the way he smashed two offices. But before he could add the house to his list, he was confronted by his even more determined wife. "It's the most courageous thing I've seen in my life," he said of his wife after collecting a two-year jail term in a Cheshire court.

Drager Receives Bronze Star In Vietnam Action

Army Chief Warrant Officer George A. Drager, son of Mr. and Mrs. Abraham Drager, Rt. 5, recently received the Bronze Star Medal in Vietnam.

He was presented the medal for distinguishing himself through meritorious service in connection with military operations against hostile forces in Vietnam. The medal, adopted in 1944, recognizes outstanding achievement.

Drager earned the award while assigned as personnel officer with headquarters company, 40th Signal Battalion near Long Binh. He entered the Army in February 1955 and completed basic training at Ft. Carson, Colo.

His wife, Margaret, lives in Lawton, Okla.

Mavs Club Pups In Two Games

The La Plata Junior High Mavericks took the Plainview Estacado Blue Pups in a cage competition Monday with the Mavs winning two of the three games.

The seventh grade won its game against Estacado, 35-28 with Dave Charest taking high point honors with 14.

The eighth grade dropped a close one to their opponents in a 45-44 game. Marvin Harris scored 16 points for high honors, in the only loss for the three La Plata teams.

The surging ninth grade Mavericks put on a scoring performance against their Plainview opponents as they dealt the visitors an 87-58 defeat.

The Mavs held a 45-19 half time lead.

Dan VanderZee was the leading scorer for the contest as he netted 21 points. He was followed by Jim Marsh and James Harris with 15 each and James Waits with 13.

Sherry White Is HHS Homemaker Of Tomorrow

Hereford High Schools' 1971 Betty Crocker Homemaker of Tomorrow is Miss Sherry White, senior, selected for her performance in a written knowledge and attitude examination taken by senior girls Dec. 1. Miss White will receive a specially designed award from General Mills, sponsor of the annual education program. She is now eligible for state and national honors, including one of 102 college scholarships - totaling \$110,000. The national first place winner - the 1971 Betty Crocker All-American Homemaker of Tomorrow - will receive a \$5,000 educational grant. She will be chosen this spring from 51 Homemakers of Tomorrow representing each state and the District of Columbia at the close

of an expense-paid educational tour of Washington D. C. and Colonial Williamsburg, Va.

Each state winner will be accompanied on this tour by a school advisor. Second, third and fourth-place national winners will be awarded \$4,000, \$3,000 and \$2,000 scholarships. Other State Homemakers will receive \$1,500 grants.

Second-ranking Homemakers in each state receive \$500 educational grants. The school of every \$1,500 scholarship winner receives a set of Encyclopedia Britannica.

All judging and selection of winners is done by Science Research Associates, Chicago, which also constructed and graded the written examination.

The Betty Crocker Search for the American Homemaker of Tomorrow is the only national scholarship program exclusively for high school senior girls. Begun by General Mills in the 1954-55 school year to emphasize the importance of home-making as a career, it will, with the 1971 grants, have awarded more than \$1 and three-fourths million in scholarships during its 17-year history.

This year's enrollment of 650,000 senior girls brings total

participation since the start of the program to almost seven and three-quarters of a million.

Messenger Club Elects Delegate

Mrs. Leo Webb was elected at a Friday afternoon meeting in the home of Mrs. Bill Page as the Messenger Home Demonstration Club nominee as delegate for district meeting at Booker in April.

In other business the group voted to make one lap robe each for a patient at Amarillo Veterans Hospital.

Mrs. Gene Bradley reviewed the book, Why Kids Go Wrong—Or Right.

Mrs. Tom DeShazo and Mrs. N. A. Brown were honored with a birthday party and presented birthday gifts from their secret pals following the business and program activity.

Mrs. John Garnett won opening exercise prize and Mrs. Bradley won floating prize.

Others present were Mmes. Elmer Northcutt and S. N. Thwait.

Next meeting will be a salad luncheon and Valentine Party beginning at 12:30 Feb. 12 in the home of Mrs. Garnett.

How to mistake a Realtor for an anybody in real estate.

It's easy. If you don't know what a Realtor is. He's not just anyone in real estate. He's the professional. The one with experience and expertise, who is pledged to the strict code of ethics of the National Association of Real Estate Boards. If he weren't, he couldn't be a Realtor.

That's good. Especially when he's working for you. Because you can relax, knowing your best interests are being taken care of, ethically, professionally.

There's no better way than that, is there?

Hereford BOARD of REALTORS
Your Realtor®
Somebody good to have working for you.

A Realtor is a professional in real estate who subscribes to a strict Code of Ethics as a member of the local and state boards and of the National Association of Real Estate Boards. You can recognize him by this seal.

CRIB CRISIS
CARLISLE, England - Student nurse H. Cruddace found her first big emergency was to give the kiss of life - to four piglets. For 30 minutes the young nurse fought to save their lives when the baby pigs stopped breathing on a Cumberland farm. Three survived.

Mrs. Hodges To Attend National Conferences

Mrs. A. E. Hodges of Hereford, state president of the Home Demonstration Association, will catch a flight this morning for East Lansing, Michigan where she will attend a national board meeting. Plans will be finalized for the national conference to be held Sept. 20-23 in Dallas. Mrs. Hodges will also attend a National Safety Conference at the Kellogg Center on the University of Michigan campus. She will be accompanied by Mrs. R. C. Childers, state safety chairman from Borger, to both conferences, sponsored by

All-State Insurance Company. They will return home Friday.

Miss Denton Is On Honor List

Jana Denton, daughter of Mr. and Mrs. Leon Denton of Hereford, was named to the Dean's Honor List at the University of Kansas, Lawrence, Kan.

Miss Denton is a 1970 graduate of Hereford High School and is a music major. She had a 3.83 grade point on a 4.0 scale.

Guild Donates To Day Care Center, Plans Lent Project

St. Anthony's Guild met Thursday night and voted to give a cash donation to the Hereford Day Care Center and as project during the Lenten Season they will make baby layettes for needy babies in the area.

Program was given by Paul Abalos who spoke on "Family Structure and Religious Aspects of the Mexican-American People" and showed a film on the Mexican-American cultural background.

Film Scheduled At Labor Camp

The Amarillo Baha'i Community will present a movie entitled "It's Just The Beginning" during a meeting at 2 p. m. today at the Labor Camp on the Dimmitt Highway. The showing will be at the Hacienda Dance Hall and refreshments will be available. The public is invited to the showing of the film.

Among the twenty-five members present was Mrs. Matt Jesko, winner of the door prize. Hostesses were Mmes. Ed Bezner, Raymond Gerk, Allen Brockman and C. J. Berend.

Randy Sublette Gets Promotion

Randy M. Sublette's 20, son of Mrs. Edna E. Sublette of Clovis, N.M., recently was promoted to Army Specialist Four near Baumholder, Germany, while serving with the 8th infantry division.

Spec. Sublette is a training clerk in Battery B, 7th Battalion of the Division's 16th Artillery. He entered the Army in October of 1969, completed basic training at Ft. Bliss, and was stationed at Ft. Sill, Okla. before arriving in Germany. His father, James R. Sublette lives in Hereford.

RING AROUND THE ROSY — These 4-H and FFA members marched their Herefords around Judge Ken Woodward of Oklahoma Panhandle A & M during Friday afternoon's cattle show at the Bull

Barn. Martha Ann McBride's animal behind Judge Woodward, above, was selected as County and Four County Hereford Breed Champion. —Photo by Betty Koelzer

HIGH CLASS — Other winners in the lamb division of the stock show are, from left, Jerry Matthews, Dimmitt, reserve champion Finewool; Ray Lee, Hereford, county reserve champion Finewool; Mike Windham, Lazbuddie, reserve champion Southdown; Richard Schilling, Hereford,

county champion Southdown; Dennis Schilling showing for Richard Schilling, Hereford, county reserve champion Southdown; Gary Dunning, Hereford, reserve champion Medium wool; and David Hutchins, Hereford, county reserve champion Finewool Cross.

THE BRANDIN' IRON

by MELVIN YOUNG
The beautiful weather in the Panhandle the past few days makes us wonder why everyone doesn't want to live here.

However, Texas weather can be unpleasant, if not downright nasty. I believe it was Charlie Guy, writing in the Lubbock Avalanche-Journal a few years ago who said "Thank God for the sand. Without it we would be overrun by Northerners wanting to move to this part of the country."

That may not be an exact quote but we got the idea that Mr. Guy figured the blowing sand and dust kept a lot of folks from moving down. Not that we don't want to grow — but we don't want to be overrun.

We have had some blowing dust the past couple of months and it has been so dry that some folks figure it has quit raining altogether, but the balmy days this past week just naturally make you forget that. It can get cold here too, but it warms up so rapidly that you hardly notice it. And after all, there aren't many years when the temperature drops to 9 degrees below zero as it did earlier this month.

All in all, this has to be the best climate in the world.

E. D. "Britch" Hopson, owner-manager of Ve Meat Company, and a lifelong resident of Hereford, has been moved to Lubbock Methodist Hospital where he is still in intensive care following an accident at his Vega plant last week. Hopson was severely burned when a boiler at the plant exploded. He is improving but still cannot have visitors.

A member of the family told us Friday that skin grafting on his hands will begin as quickly as possible. Apparently the injury to the hands was the most severe.

Our sincere congratulations to the entrants of Hereford's Junior Livestock Show, and particularly to the winners in all divisions. Incidentally, the gals dominated the show this year. (See story and photos elsewhere in this issue of the Sunday

Brand.)
The annual Jr. Livestock Show has been one of the highlights of community activities over the years and we believe it has been one of the top shows of its kind in the country.

The show is now being sponsored by the Young Farmers Organization.

And things are still boiling down in Austin. Now we see that Frank C. Erwin, Jr. has resigned as chairman of the Board of Regents of the University of Texas system, although still remaining on the Board. Erwin is the controversial board chairman who personally directed the pulling out of trees on the campus that caused such a furor a couple of years ago. He has said that the job is taking too much time from his law practice, and we can well understand why. After all, most such board chairmen leave the driving of the bulldozers to the workmen.

Actually, Frank Erwin may have been good for the University. He may well have jolted the other board members and the administration out of their lethargy and put the college back in the hands of the administrators rather than the students.

Our thanks to Helen Rose for the following.
We always appreciate favorable comments about this newspaper, particularly since, as in most other things, it is the unfavorable remarks that we hear. Helen clipped the following from the PIONEER NEWS-OBSERVER and we'll pass it along to our readers. It was written by humorist Bill Nye in 1885.

DEFINITION OF A NEWSPAPER
It is a library. It is an encyclopedia, a poem, a biography, a history, a prophecy, a directory, a timetable, a romance, a cookbook, a guide, a horoscope, an art critic, a political resume, a ground plan of the civilized world. It is a sermon, a song, a circus, an obituary, a picnic, a shipwreck, a symphony in solid brevity, a medley of life and death, a grand aggregation of man's glory and his shame. It is, in short, a bird's eye view of

ENGRAVED SPITTOON? — Kima Marsh, senior member of the Campfire Girls, presented the gold engraved spittoon to Mr. J. C. Simpson, caretaker of the Bull Barn, in appreciation for assistance given at each Father-Daughter Banquet. Other senior members presenting awards were Sara Bell, Dianne Smith and Charlotte Williams.

all the magnanimity and meanness, the joys and sorrows, births and deaths, the pride and poverty of the world, all for five cents.

Well sir, the price has gone up. The paper isn't 5 cents anymore, but as Helen says, "even at the current cost of the paper, it is still quite a bargain."

Ta-Ya-Kin-Shus Get First Prize For Campaign

The Ta-Ya-Kin-Shus Campfire group received a check Thursday from the Chamber of Commerce Beautification Committee for first prize in the Christmas tree clean-up campaign held earlier this month.

The girls toured the local newspaper office following a brief business session. Participating in the Christmas tree campaign were Tammy Action, Cynthia Easterwood, Melissa Hammett, Lisa Hones, Kathi and Kristi McDowell, Becky McGilvary, Tammi Martin, Debra Morgan, Janis Simpson, Kristi Shook, Brenda, Joyce and Michelle Walterschied, Kim Wert, Jana Wiley, Mrs. Vincent Walterschied, group guardian,

Westway Pastor Gets Pastorate

Jackie Lee, pastor of Westway Baptist for the past two years, and his wife Donna are leaving this week for O'Brien, Texas where he will take on the position as pastorate of the First Baptist Church. While in Hereford, Lee attended Wayland Baptist College in Plainview. He is transferring to Hardin-Simmons where he will be a junior. and Mrs. Phillip Shook, assistant.

OFFICE EDUCATION ASSOCIATION
HEREFORD HIGH SCHOOL

PARLIAMENTARY PROCEDURE takes hours of practice and will be entered in contest by Delma Benevidez, Rhonda Goeringer and Lucy Perez, left to right.

TRANSCRIBING AND TYPING take place in most offices every day. Shown, front, at the typewriter, is Kathleen Warren. Linda Hallows demonstrates the use of the transcribing machine.

FILING plays an important part in all types of office work. Linda Manley, left, and Kaylanette Battenfield demonstrate the use of a filing cabinet.

Vocational Office Education week will be observed this week, Feb. 1-5, in high schools across the nation.

OEA is composed of those students enrolled in Vocational Office Education classes. The program provides opportunity to develop leadership and an understanding of the world of work in an office occupation. Its objective is to develop vocational competence.

Local activities will include Open House tomorrow evening for parents and employers of VOE students in Hereford High School.

The annual OEA Area Leadership Conference will be held March 12 and 13 in Lubbock with 12 girls representing Hereford. They will enter various skill contests in competition with area VOE students. Winners at area contest qualify to attend state conference at San Antonio in April.

The annual Employer-Employee banquet set for May will honor businessmen of the community who employ VOE students so they may receive on-the-job experience.

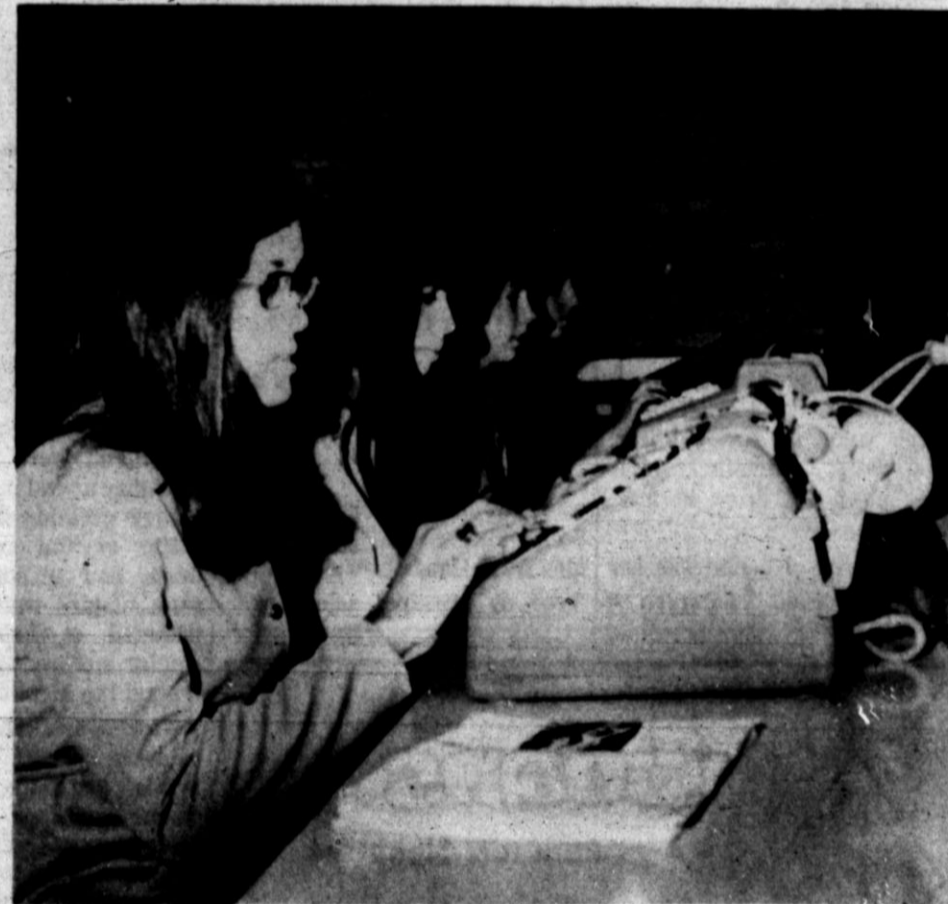

Local businesses cooperating with the VOE-OEA program this year are First National Bank, Chamber of Commerce, KPAN, Dr. David Hamblen, Pioneer Natural Gas, Andco Commodities, Hereford Labs Inc., Knox TV & Music, J. C. Penney Company, B&H Electric, SIC, Central Church of Christ, Orsborn Buick-Pontiac, Avenue Baptist Church, Steve Messenger and Company, Panclera Tire and Supply, Tubb-Lowder-Easterwood Law Firm, Retail Credit Company, Shirley Elementary School, Hereford Credit Bureau and Vaughan Real Estate-Insurance.

VOE-OEA SPONSORS — Teachers-Sponsors of the Vocational Office Education and Office Education Association at Hereford High School are Mrs. Elizabeth Wills, left, and Mrs. Bill McDonald.

OEA OFFICERS for 1970-71 are, from left, Sandy Trevino, vice president; Karren Kendrick, secretary; and Cynthia Boren, seated, president. Other officers are Mary Garcia, treasurer; Lucy Perez, parliamentarian; Gay Womble, historian; and Michelle Beckman, reporter.

MACHINES, MACHINES and more machines are necessary for fast, efficient office work. Shown practicing, from front to back, are Lydia De La Cruz on the full-key adding machine; Lillie Morales and Brenda Saul, rotary calculators; and Kathy Smith, ten-key adding machine.

BULLETIN BOARDS — with a message — lend suggestions during daily classwork, a class project. Mary Martin, left, and Kathleen Funk, put finishing touches on one bulletin board in the HHS VOE department.

TO ENTER SCRAPBOOK in area contest are Michelle Beckman, left, and Gay Womble. Here they look over another school's scrapbook for ideas on the one they will put together to represent Hereford at the conference in Lubbock in March.

Mrs. Joe Reinauer Jr.
nee Linda Alexander of Dallas

Reinauers On Wedding Trip South Of Border

A honeymoon trip to the Yucatan Peninsula via San Antonio began for Mr. and Mrs. Joe Reinauer Jr. after their marriage at high noon Saturday in Dallas. Mrs. Reinauer is the former Miss Linda Lee Alexander, daughter of Dr. and Mrs. Lee J. Alexander of Dallas.

After February 15 the couple will be at home at 112 Mimosa. The bridegroom, son of Mr. and Mrs. Joseph Frank Reinauer Sr. of Harrison Highway, is farmer and rancher in this county.

The marriage was solemnized in Christ the King Catholic Church with the Rev. William Botik, pastor, officiating. Her father gave the bride in marriage.

Her matron of honor was her sister, Mrs. Paul T. Baroco of

Fort Walton Beach, Florida. Miss Susie Fagot of Dallas and Mrs. Dan Bourgeois of Litcher, Louisiana, her cousins, and Miss Cissie Reinauer of Hereford the bridegroom's cousin, were bridesmaids.

Mr. Reinauer was attended by his brothers, Lt. James R. Reinauer of Jacksonville, Florida, as best man, Arthur R. Reinauer and Lt. Robert M. Reinauer of Kingsville as groomsmen with Dr. Paul T. Baroco.

Ushers were Lewis Block and Lt. Larry Hess of Corpus Christi.

Organ music for the ceremony was by Darryl Nanco, with Schubert's Ave Maria and selections from Handel's Water Music Suite as principal selections.

Ivory satin with an overlay of English net made the bride's gown. Bands of Venice lace embossed with silver circled the round neckline, high waistline and simulated cuffs on the fitted sleeves. Seamlines of the gored skirt which spread into a train, were traced with the lace which also banded the top of the wide hem.

Attached to a lace headpiece set far back on her blonde hair, a silk illusion veil floated over the train to cathedral length. The bridal bouquet was a cascade of pink sweetheart roses.

Floor-length gowns of coral pink satin were worn by the feminine attendants. Styled with a high neckline finished with a ruffle of the material, each dress had a soft back pleat from empire waistline to hem, trimmed at both sides with similar ruffles, which continued around the hemline.

Nosegays of pink and red roses were carried by the bridesmaids. After the wedding, the couple and their parents received guests at Brookhaven Country Club. Miss Lucretia Olson of Houston was at the registry table.

Mrs. James R. Reinauer served punch and Mrs. Robert M. Reinauer coffee while Miss Lucy Ann Howrey of Wylie served the

—Small Talk—

By SUE COLEMAN
Women's Editor

SOME OF THE FUNNIEST reading matter published in recent months has been done by fashion writers, who, I suppose, didn't intend to be funny at all. Or at least hoped readers would not notice the tongues in cheeks.

The subject has been skirt lengths, a very good talking point, I'll admit, but the tone has been hysterical which doesn't seem necessary. The conclusion reached by most seems to be that arguments over short-long skirts is causing women to accept the pant suit.

That conclusion is, to me, as ridiculous as the arguments. They all appear based on the assumption that women have no memories and no gumption. Personally, I resent that!

IN THE FIRST place, I think the public relations boys have wasted their efforts in getting women to "accept" pantsuits as customary dress.

All that selling was a shade unnecessary, since pants have been a very popular item of women's dress for at least 30 years and the new styles are not only pretty, but practical and becoming to most women.

That's more than you can say about the stretch pants which have been worn so unbecomingly by so many women in late years.

BUT THE FUNNIEST remarks come in those frenzied statements about American women being forced by fashion designers to give up their attractive short skirts and wear those ugly mid-calf lengths. That can be questioned from two or three angles.

Nobody is being "forced" to wear any style if she doesn't want to, and she never has been. There are a few slaves to high fashion who throw away a wardrobe and buy a new one every time styles change, but those are the neurotic minority (rich, too!).

Most of us pick what we want from current styles and leave the rest. If enough of us leave some innovation, it fades away — witness the sack dress in the early 1960's. Nobody is forced to choose pants or long skirts; she can hem the skirt.

Nextly, that phrase "attractive short skirts." On some women, they are. But looks like the older, or fatter, or more knock-kneed a gal gets, the shorter she likes her skirts. We've been treated to a lot of mini-atrocities lately, the passing of which no one should regret.

AND THEN THE theory,

cake. Tables were decked in the wedding colors of bright pink and rose red. Tall vases held pink and red roses. Touches of pink accented the sugar flowers on the white wedding cake on the bride's table. The groom's cake was a spice cake.

For travel the bride changed to an ensemble in soft powder blue with full length coat. She carried a tourmaline mink muff and wore a matching pixie hat.

She has been employed in the Dallas Public Library and is graduate of Ursuline Academy in Dallas, Sophie Newcomb College of Tulane University, New Orleans, and the University of Texas at Austin.

Mr. Reinauer was graduated from Oklahoma State University, where he was a member of Kappa Sigma, Phi Kappa Phi and Alpha Zeta. His high school studies were completed in Hereford. He served two years in the U. S. Army.

Mrs. Skelton TOPS Queen

Mrs. Lonnie Skelton was named Sugar Blues TOPS Club Queen for the week at a meeting Monday evening with 16 members in attendance.

One new member is Mrs. Lela Whitehead, transferred from an Amarillo club. Mmes Clarence Veazey and Erlene Cook were visitors.

Mrs. Woody McDermitt read the history of the local chapter and said the loss of weight for 1970 averaged: two-and-a-half pounds per member.

stated as a fact, that skirts of mid-calf length are ugly. Not necessarily so. Just by watching movies on TV, you can see many graceful, pretty dresses of a few years ago (or even farther back) with skirts well below the knee.

Actually, any adult woman can remember wearing dresses that length and any girl in the upper teens can at least remember seeing them. The fashion writers' implication that longer dresses are something entirely new, an unheard-of novelty being foisted on womankind, has no basis in fact.

Except for the flapper era back in the 1920's civilized women have worn skirts below the knees for centuries, until four or five years ago. It's only young teenagers who find covered knees strange.

AS FOR THE "ugly mid-length" it's true that many of the new dresses women wear, so much as those pictured in the high fashion magazines, the extreme styles that aren't much worn.

They are ugly not because of the length but because, as my grandma would say, "they fit like a drink of water." They droop, across the shoulders, bag at the waistline, sleeves wrinkle over the arms and skirts hang limply. A dress of any length is ugly with that handicap.

Then they are usually modeled by girls wearing clod-hopper shoes clumsier than any feminine footwear of past history, including overshoes. The "attractive short skirts" aren't helped any by those shoes, either.

Designers keep saying that shorter skirts call for squared shoes with heavier heels, but when you compare girls' feet today with those of the 1920's flapper in her flesh-tinted sheer

All-School Play Tryouts Slated At LaPlata JHS

Tryouts for the fifth annual all-school play at LaPlata Junior High will be held Monday and Tuesday, Mrs. Spicer Gripp has announced. The play will be a comedy, Papa Was a Preacher, to be presented March 4 and 5.

Mrs. Gripp will be assisted in directing the play by John Murdock, and stage manager will be Lynn Lauderback, assisted by Cathy Carothers.

This will be the ninth play Mrs. Gripp has directed for Hereford schools, including several faculty plays at LaPlata. She has had a two-year leave from teaching, while she worked on a masters degree.

Rehearsals of the comedy will begin as soon as a cast is selected. Based on a book by Aylene Porter, telling of her own experiences as a Texas preach-

er's daughter, the play is a warm and humorous portrayal of family life in the parsonages of small towns earlier in this century.

Well, this is a lengthy expression of opinion, with the chance that nobody else agrees. But then I've had to listen to, or read, a lot of drivel by so-called fashion experts who seem not to remember as far back as 1965, and I've personally seen a lot more fashions than that.

Muscular Dystrophy Volunteers Will See Free Film On Monday

Public showing of a film concerning muscular dystrophy is scheduled at 7:30 p. m. Monday in St. Anthony's school auditorium, and Howard Wright of Lubbock, district director, will meet afterward with volunteers who are to conduct the local drive for funds to combat this disease.

The first football cheer was based on a battle cry, the National Geographic Society says. At the Princeton-Rutgers game of 1869, some Princetonians roared out a lusty "Siss, boom, ah." The shout derived from the rocket yell of New York's Seventh Regiment.

Everyone is invited to see the film, with no admission charge. Wright emphasizes, The film has previously been shown in several Hereford schools.

Volunteers are being recruited for the fund drive Feb. 15. Others who will assist are invited to be at the meeting Monday, when plans are to be outlined.

To Discover Truth

Available at the Deaf Smith County Library this week is a novel which tells the story of two boys who discover their fathers, both high in social standing, are not to be respected as such. Check it out today.

WHERE IS MY WANDERING BOY TONIGHT?

By David Wagoner
 Andrew Jackson Holcomb, Jr.,

the young hero of this wonderfully entertaining novel about growing into manhood in the West, is a natural heir of Huck Finn and Jamie McPheeters.

Good-natured but rebellious, precociously wise, yet naive in many ways, Jackson—and to call him Junior instead is to court a flat in the eye—is the son of the presiding judge in

Slope, Wyo. His best friend Fred Haskell is the son of the local preacher, which may be a fate much worse, though Jackson won't concede it.

The story revolves around the boys' gradual discovery that their fathers may be pillars of society but they aren't exactly pillars of fire or virtue.

When Judge Holcomb, a widower who has been a shrewd and acquisitive jurist (he wasn't a hanging judge because "there's no money to speak of in that"), decides to skip town without advance notice, he leaves the 17-year-old Jackson with

title to half the town (including an interest in both the local bank and the local whorehouse), along with a book entitled *What Every Young Boy Should Know*.

It is hardly enough to cope with the respectable predators who want a piece—if not all—of the action the judge left behind.

The boy's adventures in search of Jackson's errant father bring them into contact with a delightfully bizarre array of characters, including Miss Lulu, who looks after the "soiled doves" of the Cheeker Casino; two unlikely tutors named Mauger

and Pinkus, more at home on the road than in the classroom; Greasy Brown, an old cowhand ("I seen the earch shake and I seen it hold still, and between the two for drinking purposes I'll take her holding still") who knows about a lot more than cows; and a mare named Mrs. Sippi, who has to be one of the great equines in literature.

In exploring the clash between the idealistic young and their hypocritical elders, and exposing the connivance-of-law and religion in the corruption of a small town, David Wagoner

C of C Women Leaders To Meet

The executive committee of Deaf Smith Chamber of Commerce Women's Division will meet for lunch at 12 noon Tuesday in Hereford Country Club. Mrs. Shepard Townsend, new president of the Division, has notified all committee members.

This meeting will mark the beginning of the 1971 program deals with themes he has touched on in previous novels.

In the Division, New officers were elected and installed at the general membership meeting in January.

Mrs. Townsend succeeded Mrs. Jack McKinster as president. Committee chairman are to name their co-workers and work plans for the year are to be launched.

The country Ethiopia ranges from arid deserts that dip to 381 feet below sea level in the Danakil Depression to the 15,150-foot-high mountain, Ras Dashan, in Ethiopia's western highlands.

Mrs. Ed Sanders . . . with clock brought back from Germany

'Like Olden Days'

14 Months In Germany

By JANIE REINART THIRTY-FIVE DAYS after her husband left for military duty in Germany, Mrs. Ed Sanders caught a plane and joined him. That was 14 months ago and now she says "It's great to be back!"

ON ONE LEAVE from the army the Sanders went into Austria with some friends and visited the birthplace of Mozart. All traveling is done in small cars or on bicycles, and to drive in Germany an American must get a special license, as Sanders did. His wife thought she would be "dangerous to the country" if she drove.

"They're beautiful." ENTERTAINMENT and time spent leisurely went mostly to visiting friends and attending an occasional American show. All television stations were in German so they couldn't understand them. There was one American radio station.

Sen. John Tower Offers Park Bill

(Editor's Note: The following is Sen. John Tower's weekly report to Texans.)

This past week I offered in the Senate a bill to establish a Big Thicket National Park in East Texas which I believe merits early approval by the Congress and the broad support of Texans.

I believe this because I have tried to offer a bill which would preserve most of ecologically unique areas of the Big Thicket, provide additional acreages for increase recreational opportunities, and yet be compatible with economic growth.

All together, my bill provides for acquisition of land up to 100,000 acres.

Last year, legislation was offered to create a park of at least 100,000 acres, but in my opinion, that bill left much to be desired in terms of satisfying the realities of requirements for establishment of a Big Thicket National Park. I felt that bill left too many unanswered questions. It did not specify a boundary for the proposed park; it failed to rectify the contradictory goals of preservation and recreation, and it offered the possibility of committing such a large expanse of land as to be detrimental to economic growth and well being.

I support the concept of a national park to preserve a portion of the Big Thicket for both the future enjoyment of generations and for scientific study of this unique area.

At the same time, I recognize the need for increased recreational opportunities in Texas. And, I recognize that legislation passed by Congress should not be so drawn as to stifle economic growth or unduly hamper existing commercial operations.

I have listened to the various advocates for a Big Thicket National Park and over the past few weeks I have worked to design legislation which would blend the requirements for preservation, recreation and continued growth. The legislation I offered was the result of that effort.

My bill would authorize the establishment of a Big Thicket National Park of 81,472 acres in Hardin, Polk and Liberty counties. The bill defines this acreage. It consists of the so-called Profile Unit extending from near Saratoga in Hardin County northward to meet the Alabama-Coushatta Indian Reservation in Polk County together with a rough triangle of land in Hardin County with its three corners near the communities of Saratoga, Sour Lake and Kountze. The Profile Unit and the triangle would form a contiguous boundary far more susceptible to management than the so-called String of Pearls concept once mentioned but now generally considered to be unmanageable.

My discussions with East Texans indicate that a contiguous park composed of the Kountze-Sour Lake-Saratoga triangle and the Profile Unit will provide the protection required for a significant portion of the Big Thicket which is representative of the area and which includes most of the more ecologically-unique areas.

My bill would also authorize increased development of recreational areas on the shores of Lake Livingston, Sam Rayburn Reservoir and Toledo Bend Reservoir, and within and adjacent to the existing Sam Houston, Davy Crockett, Angelina and Sabine national forests.

It specifies that the acreage of the national park and the new recreational areas combined shall approach but not exceed 100,000 acres. Also, the bill leaves a degree of discretion in the selection of sites for the recreational areas so that specific needs of Texans may be fully considered.

I am hopeful that the Senate Interior and Insular Committee will call early hearings this year on my bill to establish a Big Thicket National Park and that all interested parties will by then be prepared to give the committee the benefit of their views in this regard.

I am also hopeful that should this legislation become law, the State of Texas would coordinate with the law its efforts to further increase the recreational opportunities in that continuing area.

We should preserve for our children and for future generations a significant portion of the Big Thicket.

We should move to meet the growing requirements for increased recreational facilities.

And we should take action which will allow continued economic growth.

I believe we can work to achieve all three of these goals,

El Chicano Habla Looks At Police

(Editor's Note This is the second of three articles written by the El Chicano Habla organization, concerning their aims and goals.)

We, the members of El Chicano Habla Organization, as citizens of Hereford, have several complaints against the city cops. We have checked out several of the people's complaints and we found them to be correct.

Their problems were that the city cops were getting involved in a lot of things where they shouldn't. They are getting involved by coming into the clubs and discriminating because the only ones that have been taken out up until now have been Mexican-Americans. Or else, they will walk in and tell the parties drinking that they have had enough and should leave the premises.

In my opinion, the bartender is the one that knows how much they drink and when they should leave. If they should be taken out of the club by the police just because they're not liked, without the bartender calling the police, that is what I call discrimination. If they are going to arrest somebody like that they should back a truck or a

panel and take everyone that is in there including the bartender. They should check them out and see how many are drunk and how many aren't.

even though they may appear on the surface to be incompatible.

I stand ready to work with all concerned to make the Big Thicket National Park concept a reality and simultaneously provide for recreational and economic needs.

I believe the bill I have introduced is the answer to the hard problems which have plagued the Big Thicket questions since its inception.

then they will be set free. But, as everyone knows, they are not going to put you in jail for two hours and then let you go for free. The first thing you know, you pay a thirty or fifty dollars cash bond and then you are free. If you want to come to court, it is not going to cost you twenty-five or thirty dollars to hire a lawyer.

I have never seen one man or woman leave the club walking. If there are one or two hundred people in the club, they all leave in cars, and, there are plenty that are drunk.

El Chicano Habla Organization

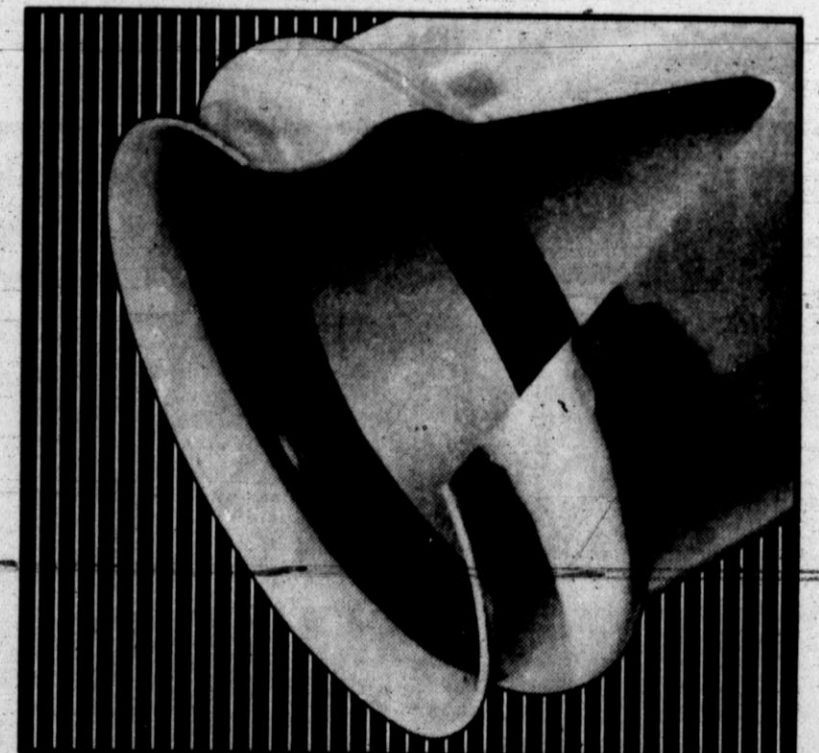

COW POKES By Ace Reid

"One thing, ol' Wilbur ain't ever worried no body about his farm surplus. He ain't ever had a crop."

Here's a watertight statement about Vanguard's rubber gasket joint.

It won't leak

The idea of using a rubber gasket joint in Vanguard PVC plastic pipe was revolutionary. It meant no more bands or solvents. Easier, faster, trouble-free installation. But that was just a beginning.

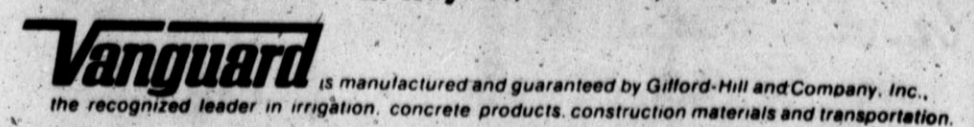

Next we put the pressure on. We hydrostatically tested it. We put it through all sorts of temperature tests. We twisted it and turned it. Then we field tested it. We gave it more punishment than you or those inevitable ground shifts could ever hope to.

Just as we anticipated—the rubber gasket held. So, whatever your needs for plastic pipe, Vanguard is it. Bend it any way you want. We'll make a watertight statement about Vanguard's rubber gasket. It won't leak. Just be reasonable.

Vanguard is available in 1/2 to 15-inch diameters.

Plans Announced For Vows In May

Mr. and Mrs. J. P. Jones, 114 Douglas, announce the engagement of their daughter, Cynthia Diane, to Lt. Gary Noltensmeyer of Jacksonville, Ark., son of Mr. and Mrs. D. E. Noltensmeyer of Albuquerque, N. M.

An afternoon ceremony is set

for May 22 in the First Presbyterian Church. Miss Jones is a Hereford High School graduate and May candidate for BBA degree from Texas Tech University. She is a member of the Dean's Honor List and NCAS, National Collegiate Association for Secretar-

ies. She has served as president of Pi Omega Pi, national business teachers education honor society and secretary in Phi Gamma Nu, national business women's professional sorority. She is employed by Thomas Clinton, a Lubbock attorney.

Her fiance is a 1969 graduate of the United States Air Force Academy in Colorado Springs,

Colo. and completed his pilot training at Reese Air Force Base in August of 1970. He is commissioned as pilot at Little Rock, Ark., Air Force Base. The couple plans to live in Little Rock.

GED Test Will Meet New WAF Education Rules

The U. S. Air Force recently changed the education requirements for women applying for the USAF WAF program, Staff Sergeant Tim Harmon, USAF Recruiting representative from Amarillo, announced Saturday.

Young women who have completed requirements to be a high school graduate by completion of the General Educational Development (GED) test may now apply for the USAF WAF program.

Further information may be obtained on the program by contacting Harmon, USAF Recruiting Office, PO Building, Amarillo, or by calling 376-0147 or 376-0148.

Veterans' Checks Jump 10 Per Cent

Increased payments averaging between 9 and 10 per cent for approximately 1.6 million veterans and survivors on the Veterans Administration pension rolls are provided in a bill signed into law by the President Dec. 24, according to Jack Coker, Director of the Veterans Administration Regional Office in Waco.

He reported the bill also raised income limitations that determine if, and how much, VA pension can be awarded to disabled veterans, and widows and children of deceased veterans.

VA pension is paid for disabilities and deaths not due to military service.

The new law was designed to avoid a drop in income for those "current law" pensioners whose Social Security increased during 1970 and who would have had veterans pension benefits reduced beginning Jan. 1, 1971.

An increase in benefits was also given to parents receiving dependency and indemnity com-

pensation (DIC). Coker said the income limit controlling the receipt of pension was increased by \$300 for both "protected" and "current law" pensioners, as well as parents receiving DIC.

Increases of 10 per cent were also authorized for veterans on the current law pension rolls entitled to aid and attendance, as well as for widows receiving death compensation, DIC, or current law pension. The household rate for veterans entitled under the current pension law was also increased by 10 per cent.

The new law also removes the requirement for persons age 72 or older who have been in receipt of VA benefits for two consecutive years to file annual income questionnaires, although they are still required to report changes in income or net worth.

This provision applies to income reports to be filed at the end of 1971.

Five additional exclusions

from the counting of income for current law pensioners have also been provided. These are:

1. Payments from Servicemen's Group Life Insurance;
2. Amounts equal to a prepayment on a secured debt on real property, the principal residence of veteran or spouse during the year of death or the year following;
3. Amounts in joint bank accounts;
4. Payment received by a retired employee from a former employer as reimbursement for Social Security supplementary medical premiums;
5. Certain payments from the military retired family protection plan.

The exclusion applying to the military retired family protection plan also now applies to DIC parents.

In cases where a veteran who was receiving aid and attendance had his pension stopped due to income in excess of the limit set by law, drugs and medicine may still be furnished where his income is not more than \$500 over that limit.

The law also extended wartime service entitlement to certain Mexican Border period veterans who served for 90 days or more between May 9, 1918, and April 5, 1917, in Mexico, on

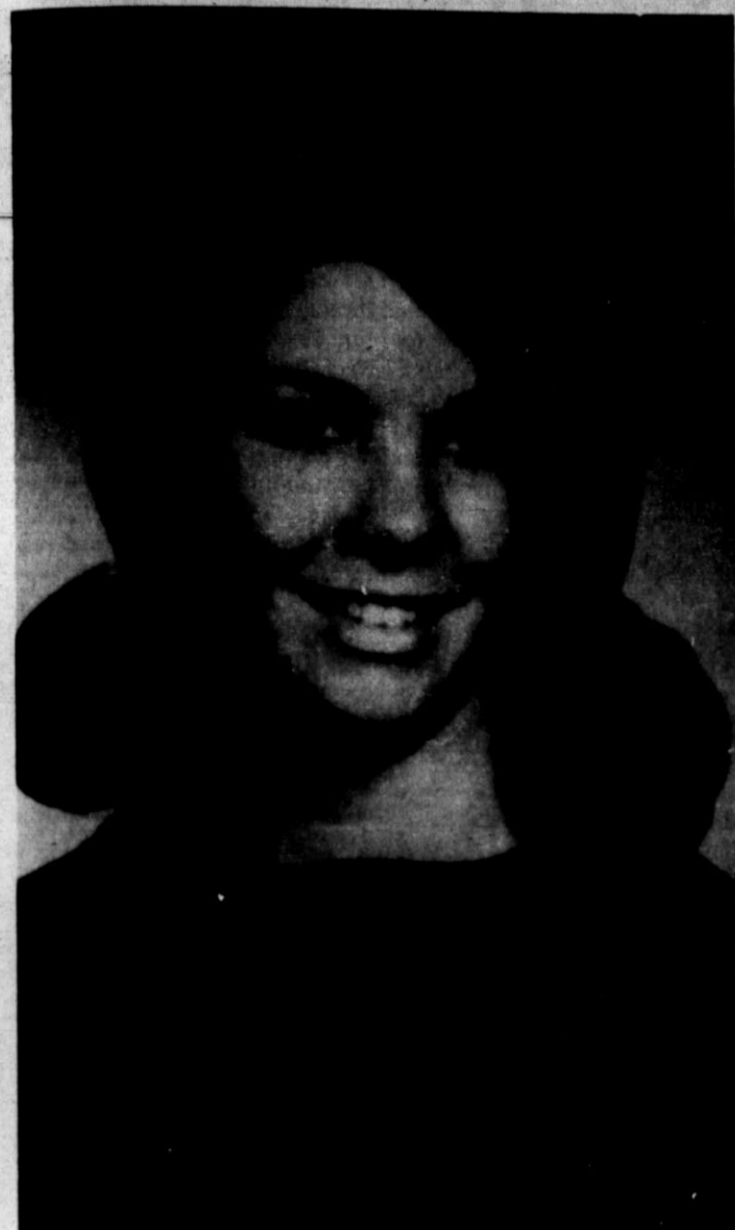

its borders or in adjacent waters. Provisions of the bill became effective January 1, 1971, except for the provisions related to reporting of annual income. Those provisions will be effective Jan. 1, 1972.

TO CHOOSE VAMPIRE
CULVER CITY, Calif. — Miss American Vampire will be chosen this fall to rule in the "House of Dark Shadows," the MGM film based on the popular TV afternoon series, "Dark Shadows."

The film stars Joan Bennett, Jonathan Frid and Grays or Hall. Miss American Vampire will receive a week's role with an all-expense paid week for two in New York.

Girls 18-25 are being encouraged to let their imagination run wild in achieving their particular "Vampire look." The judging will be based on originality as well as charm, poise, stage presence, and videogenic qualities for television.

In Japan, pipe stands for constancy because it never changes color, bamboo represents stern strength because it bends with the wind and returns to its original position, and plum represents beauty.

Miss Cynthia Jones
... spring bride-elect

Witkowski Holds Conference With Top Ag Leaders

Leo Witkowski, president of the Texas Wheat Producers Association is in Austin this week with a number of other association members to participate in a series of conferences with Texas Department of Agriculture officials.

Participating with Witkowski are Dwight Hamilton, vice president, and Bill Nelson, executive vice president. As members of the Texas Agricultural Council, the group will join officers of other agricultural commodity organizations to host a breakfast for members of the appropriation and agriculture committees of the Texas Legislature.

A request for certification to hold a wheat referendum and producer board election will be filed with Commissioner of Agriculture, John C. White.

Witkowski will report on his recent trip to Portland, Ore. where he attended the annual meeting of the National Association of Wheat Growers. Nelson will discuss current association programs and activities and an open discussion will be handled by Hamilton.

Young Named To Honor Roll

James Neal Young Jr., a Hereford High school graduate, was among 406 Oklahoma State University students named to the President's Honor Roll for the fall semester.

Only students making straight A's while carrying at least 12 credit hours are selected to the honor.

The eighth grade won the second place trophy and the ninth grade the third place trophy. Shown left to right are Nancy Newsom, Lynn Tarr, Susan Wartes, Dan VanderZee and Shari Hughes.

New Breeds Make Meat Less Tasty?

CANYON — The dean of the School of Agriculture at West Texas State University says the influx of the so-called exotic breeds of livestock into breeding programs may have a detrimental affect on the meat quality the consumer enjoys today.

Dr. Charles M. Smallwood says the exotic breeds produce large and growthy body types, but the offspring may lack the early maturity and carcass quality to make "the very desirable meat the consumer is enjoying today, and we don't know about reproductivity under range conditions."

Modern trends in beef production indicate that successful cattle farming is really a matter of adjusting animal, environment, and economic factors to yield the greatest profit, Smallwood said.

Exotics are good milkers, Smallwood told the Panhandle Livestock Association in a speech this week, and "we know that under range conditions crossbred dairy and beef animals have a poor reproductivity rate because of the high nutrient requirements for milk production."

Adjusting the animal requires that the rancher find a breeding cattle that will produce the optimum weight of beef on a

given tract of land as economical as possible. This situation has to be achieved under the existing environmental and managerial conditions and still must meet the market demand he added.

"Heridity is the key to improvement in beef carcasses," Smallwood said.

Present knowledge reveals that while size in cattle, as measured by weight and skeletal scale, is of economic interest, it is not the goal of a constructive breeding program, he added.

"The goal is higher weights on less feed at market ages," Smallwood said. "If you breed for rapid growth rate in young bulls after weaning and for higher weaning weights in calves, you can expect an increase in feed efficiency and some increase in mature size."

The 200 Panhandle ranchers were told that their net income

Device Makes Changes

LUBBOCK — Teeth, concrete, ceramics, bones, rock and other non-metallic substances have something in common.

In each it has always been a tedious, time-consuming chore to discover the "crystalline orientation" — or the natural alignment pattern of the crystals in the substance.

But not any more. Because of a closed loop electro-mechanical device invented by a Texas Tech University geochemist, what used to take weeks now requires only days and all a man has to do is set up the experiment and turn a switch on the apparatus.

Prof. E. Christiaan de Wys has won prizes from the National Aeronautics and Space Administration for his invention for which NASA has filed a patent application. One prize is a plaque for his "outstanding contribution" to the JPL Cost Reduction Program awarded by Director W. H. Pickering.

The model of the apparatus is at the JPL, but de Wys explained its advantages in safety, speed and accuracy.

Heretofore, a man had to insert a specimen into a device and, by hand, turn it every possible "which way" to discover

the "preferred" crystal orientation." This is done by projecting an X-ray through the substance and measuring the defraction of the ray.

A man still inserts the specimen in de Wys' device, but now he can turn a switch, walk away and let the machine perform better what he formerly did. The machine feeds information into a computer. Once the readings from an X-ray treatment are recorded, the machine automatically shifts the specimen to a new position, and takes a new reading. This is repeated until the X-ray has surveyed the specimen from every possible position.

The physical, chemical or optical behavior of any substance corresponds to the preferred crystalline orientation, Dr. de Wys explained.

As a consequence, the apparatus he invented will be of use of course, in space exploration, but equally important to medicine, engineering and science research on earth.

De Wys joined the Texas Tech faculty last June after four years in research for the JPL and earlier work with IBM.

"I came because I like to teach," he explained.

VA War Policies To Pay Dividends

Some 195,000 Texas veterans holding World War I and World War II insurance policies will receive \$13,694,300 dividends this year.

These dividends are part of a record \$275 million in annual dividends Administrator of Veterans Affairs Donald E. Johnson approved for distribution in 1971.

The higher dividends, were made possible because of increased interest earnings of the World War I United States Government Life Insurance (USGLI) and the World War II National Service Life Insurance (NSLI) trust funds.

Nationally, dividends totaling \$255 million averaging about \$64 apiece will go to about 4,000,000 veterans with NSLI policies.

The 163,400 veterans with USGLI policies will receive \$30 million in dividends, averaging about \$122 apiece. All dividends will be paid in 1971 on the anniversary dates of the policies.

Since payment of dividends will be automatic, veterans need

not write to the VA to receive payment. Veterans who have instructed VA to retain their dividends will receive appropriate statements.

In 1970 more than 4,191,000 veterans with NSLI and USGLI policies received \$284 million in dividends. Those with USGLI policies averaged more than \$115 apiece, while those with NSLI policies averaged nearly \$61.

Ray Hill Selected Bowler Of Week

Ray Hill, with a 653 handicap, was named last week as the Bowler of the Week in Major League bowling.

Carl Kleuskens had a 224 for the high single game scratch. Larry Lopez had a 576 for the high three game scratch and the Athletic Shirts had a 1049 for the high single game team high total.

Worley and Robb had a 3021 for the high three game team token.

In play last week, Ink Spot won four from E-Z-Way Grocery, Worley and Robb won four

from Missouri Beef No. 2, Athletic Shirts won four from Sunset Lanes, Sulleys Vending won three from Piggly Wiggly, Team No. 6 won three from Missouri Beef No. 1, and Boyd Machine Shop split with Orval Watson Ford.

Standings show Ink Spot, 10-2; Athletic Shirts, 10-2; Sunset Lanes, 7-5; Team No. 6, 7-5; Orval Watson Ford, 7-5; Boyd Machine Shop, 7-5; Missouri Beef No. 2, 5-7; Worley and Robb, 5-7; Sulleys Vending, 4-8; E-Z-Way Grocery, 4-8; Piggly Wiggly, 4-8; and Missouri Beef No. 1, 2-10.

DOWNTOWN VARIETY PARK

Adrian News

By ANN BEAVERS
 The Adrian P. T. O. will have its regular monthly meeting at 7:30 p. m. Monday. The program on Landscaping will be brought by Mr. Ray Love. Hosts for the night will be Mrs. Billy Briggs-Chairman, Mr. and Mrs. Leland Burns, Mr. and Mrs. Billy Brown, Mrs. Irene Brown, Mr. and Mrs. Oliver Wann and Mr. and Mrs. Gordon Moore. We hope for a nice turnout as our last three meetings had to be cancelled.

Rev. and Mrs. Bob Miller spent Monday and Tuesday in Ft. Worth attending the Evangelists Conference.

Harold Fite of Borger visited Sunday evening with Mr. and Mrs. Jno Horton.

Mrs. Larry Gibson of Boys Ranch is spending this week with her parents, the Jim Perrins, while Larry is attending the Stock Show at Vega and in Amarillo.

Mr. and Mrs. Joe Lomax of Amarillo and Mack Fortenberry of Canyon were Sunday dinner guests of Mr. and Mrs. Jake Fortenberry.

Last Tuesday Mr. and Mrs. E. B. Pounds took Mr. and Mrs. E. E. Allen to Amarillo for both couples 37th wedding anniversary. They had dinner, they visited in Dumas with Mr. and Mrs. Moran Pounds and boys.

Kevin Sifford, son of Mr. and Mrs. Wayne Sifford, is in St. Anthony's Hospital in Amarillo.

Gordon Moore spent three days recently in Dallas attending a Stucky's Meeting.

Mr. and Mrs. Pat Maupin and Chad of Hereford visited Sunday with Mrs. Millie Maupin.

Mr. and Mrs. Brub Beavers and children visited Sunday in Tulla with Mrs. Addie McCluskey.

Spec. 5 and Mrs. Bill Perry, home on leave from Okinawa, visited Wednesday with Mr. and Mrs. Jack Fincher and Mrs. Julia Fincher and friends.

Mr. and Mrs. Slim O'Brien of San Jon visited Wednesday in Adrian with friends.

Mrs. Linda Pond of Amarillo visited Thursday with her parents the Bob Gruhkeys.

Lee Amason of Amarillo visited Monday with Mr. and Mrs. Jack Fincher and Mrs. Julia Fincher.

Jr. High Basketball teams traveled to Hartley Monday night, with the girls losing and the boys winning, 27-11.

Mr. and Mrs. P. N. Johnson visited in Canyon Sunday with Mr. and Mrs. Bill Sterling and family and Mr. and Mrs. Bill Johnson and family.

Among those attending the Llano Estacado Council of Boy Scouts Appreciation Dinner Saturday evening at Amarillo Cap-

rock High School were Rev. and Mrs. Don Travis, Mr. and Mrs. Robert Jacobson, Mr. and Mrs. Don Morgan, Mr. and Mrs. Pat Blankenship and Mr. and Mrs. Lorin Creitz.

Mr. and Mrs. Fred Brownlee of Glenrio visited Friday with Mr. and Mrs. Larry Travis.

The Methodist Young Folks and their leader Mrs. Vickie Brown worked in the Church Basement, Wednesday afternoon. They did some painting

and put up some paneling.

Mr. and Mrs. Larry Travis celebrated their first wedding anniversary Sunday with dinner at his parents the Rev. and Mrs. Don Travis and family, went to Ute Lake, had supper in Tucumcari at Martin's and later visited with the Joe Brownlee family.

Mrs. Imogene Parker was in Amarillo, Saturday to visit her eye doctor.

Rev. and Mrs. Don Travis and Rev. and Mrs. Kenneth Metzker of Vega attended a covered dish supper at St. Paul Methodist Church in Amarillo Friday night.

Mrs. George Gruhkey is spending this week in Amarillo with Mr. and Mrs. Perry Gruhkey and Jay Loyd.

Mr. and Mrs. Earl Brown, Mr. and Mrs. Bob Ivy and Mr. and Mrs. Ralph Guest were among those attending the Rodeo in Amarillo, Sunday. Bobby Brown was entered in the Rodeo.

A 4-H Project Meeting was held Monday after school in the home of Mrs. Dorothy Travis. Attending were Donette Travis, Rene Moore and Susanne Rohrbach.

Some of the Methodist Youth and Mr. and Mrs. Sam Brown attended the Vega Methodist Church, Sunday morning.

There will be an assembly program Friday morning in the auditorium starting at 8:40 a.m. featuring Al Lampkin with his magic act.

Feb. 2 — The Setlor class will sponsor a Spaghetti Supper in the school cafeteria starting at 5 p. m. The Basketball game with the Channing Boys B-team will start at 5:30 p. m.

Viruses can take the form of pretzels, corkscrews, raspberries, tadpoles, toaststools, needles and cupcakes.

Bentsen Is Named To Select Groups

U. S. Senator Lloyd Bentsen was assigned this week to two of the most powerful Senate committees, the Armed Services Committee and the Public Works Committee.

He was also appointed to the House-Senate Joint Economic Committee which reports to Congress on economic affairs. His appointment to the Armed Services Committee will be to work with other Senators in matters concerning national defense as well as military construction. Sen. John Tower is third-ranking Republican on this same committee.

The Public Works Committee handles legislation dealing with rivers and harbors, roads, public buildings and other public projects. Representative Bill Clayton,

who was in contact with Bentsen Monday, heard of his appointments.

"Our new Senator has already shown the respect he has won from his colleagues by the committees to which he has been assigned," Clayton said. "The Texas Panhandle and South Plains area can consider itself very fortunate that Lloyd Bentsen has been appointed to the Public Works Committee of the Senate."

"That committee not only has jurisdiction over the highways and other public facilities, but most important it has jurisdiction over water development which is a main concern of this part of the state."

Clayton said Bentsen sought an appointment to the agricultural committee but was not appointed.

LONE STAR OFFICERS ELECTED—Elected Tuesday afternoon to serve Lone Star Study Club for 1971 were, from left, Mrs. C. D. Kelton, parliamentarian and retiring president;

Mrs. Jim Bookout, president; Mrs. Jim Higgins, secretary; Mrs. S. S. Williams, vice president; and Mrs. C. O. Phillips, treasurer.

Bowling Bums Take Honors

The Bowling Bums made a sweep of team play in the junior Bowling league as they won two team honors.

The Bums had a 2173 for the high team series handicap and a 734 for the high single game handicap.

Frank Smith had a 577 for the high three game handicap and Ted Tiefel had a 220 for the high single game handicap.

In play last week, the Bowling Bums won four from the Underground Hawks and the Twilight Bombers won three from Team No. 4.

Standings show Bowling Bums, 10-2; Underground Hawks, 8-4; Twilight Bombers, 5-7 and Team No. 4, 1-11.

Prince Valiant
IN THE DAYS OF KING ARTHUR
by Hal Foster

Our Story: VICTORY! THE EARL OF BURNFORD IS WILD WITH JOY... HIS DAUGHTER RESCUED AND HIS RUTHLESS NEIGHBOR SLAIN. PEACE WILL COME AGAIN TO THE COUNTRYSIDE. BUT TO PRINCE VALIANT IT IS ONLY A DAY'S WORK.

THERE IS LITTLE TIME FOR CELEBRATING. THE WOUNDED MUST BE CARED FOR, THE DEAD BURIED, THE CASTLE CLEANED AND REPAIRED. THE FIEP WILL BE GOVERNED BY NEW LAWS TO SUPPLANT ASTARIC'S TYRANNY, AND NOW VAL IS FREE TO ONCE AGAIN RIDE AT ADVENTURE.

SPRING IS NEWLY COME, SHY FLOWERS APPEAR, AND THE THICKETS ARE FILLED WITH BIRD SONG. BUT WHERE IS THE FINE SPIRIT OF ADVENTURE? GONE! AND THE CAUSE: ALETA'S JEALOUSY. HE REMEMBERS ALL HER FAULTS AND TRIES TO HATE HER, BUT WITH LITTLE SUCCESS.

HE WANDERS INTO WALES. GLOUCESTER, CAERLEON ARE PASSED, AND HE COMES TO LLANTWIT MAJOR. HERE HE TARRIES IN THE OLD ROMAN BARRACKS, FOR HE AND ALETA HAD SPENT A HOLIDAY HERE. IDLY HE WATCHES THE SHIPS SAIL BY.

THEN A TALL, SLIM VESSEL GLIDES SWIFTLY BY: GUNDAR HARL'S! THE SHIP ALETA CHARTERED TO TAKE HER TO THE MISTY ISLES.

HIS HEART TELLS HIM TO CALL OUT, TO WAVE HIS CLOAK, BUT PRIDE STAYS HIS ARM. HE WATCHES IN AGONY AS THE SHIP FADES INTO THE DISTANCE.

1773 © King Features Syndicate, Inc., 1971. World rights reserved. 1-31

VAL RIDES ON... AND ON, NOT KNOWING OR CARING WHERE. THERE IS ONLY ONE PLACE HE WANTS TO GO: ON THAT SHIP BESIDE ALETA. TOO LATE NOW.

NEXT WEEK - The Wanderer

HERE'S AN ASSIGNMENT WHICH MAY TEACH YOU OBJECTIVITY!

YOU COVERED AN EARLY MILITANT BREAKTHROUGH AT MAUMEE UNIVERSITY...

RUN UP THERE AND DO A SERIES ON THIS SITUATION ...THERE IS A SECOND-SEMESTER FRESHMAN IN ON THE NEW-RELAXED ENTRANCE RULES

HE'S OLDER- HE'S ON PROBATION AS A 'CURED' DRUG USER...

PUT IT TOGETHER -SO US SQUARES MAY SEE WHAT SUCH A PERSON IS UP AGAINST...

THE STUDENT'S NAME IS LEIGHTON OLSON, JR... YOU MAY HAVE HEARD OF HIS MOTHER... MRS. STEVE CANYON!

PONYTAIL

BY LEE HOLLEY

WOW! DID I HAVE A GOOD DAY IN SCHOOL!

YOU DID?

YOU'LL HAVE TO EXPLAIN THAT ONE!

I NEVER KNEW ALGEBRA COULD BE SO EXCITING!

ALGEBRA! EXCITING?

COME ON, YOU'D BETTER SEE THE NURSE!

HEY! WAIT!

HI! READY TO GO?

HI! THIS IS TOBY DOBBS. WE MET IN ALGEBRA TODAY!

SCHOOL PARKING Lot HOURS 9-15

HE'S GIVING ME A RIDE HOME IN HIS NEW, FOUR-ON-THE-FLOOR, 375 GTO!

YES, I'D SAY SHE DID HAVE A GOOD DAY IN SCHOOL!

hints from Heloise

DEAR HELOISE:

If any of your readers are planning a kitchen shower, they might enjoy some of the ideas I saw used the other evening. The invitation was for "Yellow Kitchen Shower."

Since the bride-to-be chose a yellow kitchen, most of the items she received were yellow... aprons, hot pads, canisters, yellow-handled cutlery, etc. (And in case you don't know, it's perfectly all right to receive a knife for a gift as long as you give the donor a penny—that cuts the superstition about bad luck!)

The hostess had made an unusual table arrangement

out of a small feather duster, a string dish mop, several of the sponge-type mops on sticks, etc. She had dyed them all in various shades of yellow and had them arranged in plastic foam set in the center of an

upside-down copper ring mold.

Just before the party was over, all the single girls and young marrieds were gathered in a circle while the bride-to-be wound the gift ribbon (the ends of which had been tied together) around the girls from behind. The first one receiving a knot would have the first baby, the one who got the end of the ribbon was the next to be married, etc.

And would you believe I got the...

Ribbon End

Congratulations and thanks for sharing. Here's hoping that "end" will be the beginning of a bright future!

AN EASY REACH

DEAR HELOISE: I made a "picker-upper"

for a person in a wheelchair. I used a piece of conduit—the tube electric wires are run through—a half-inch across and about 30 inches long. An aluminum tube would be even lighter.

I took a piece of stiff wire about 70 inches long and bent it in the middle, leaving a ring at the bend. Then I ran the two ends of this wire through the conduit tube, spread the ends out and bent each end to form a hook.

By pulling back on the ring, the hooks come together. Push and they come out and open.

Old Dick

You may be old, but that's a slick trick in any man's language!

Heloise

DEAR HELOISE:

I have some exotic house plants that I've had to bring in for the cold weather. The perfect place for them was

HELP FOR HOMEMAKERS

the entry hall where the door is flanked with glass, but I hesitated to set them directly on the floor.

So I took a large cookie sheet with sides, covered it with self-adhesive paper in a wood tone and placed the pots on it. Then I put gravel and pretty rocks all over the

bottom of the sheet around my pots. Presto! A small corner of my patio—in-doors!

One could use several of these cookie sheets (or round pizza sheets) and fill a sunny corner full of plants without using shelves or expensive planter boxes.

"Green-thumb"

This feature is written for you... the housewife and homemaker. If you have a hint, problem or suggestion you'd like to share... write to Heloise today in care of this newspaper. 1-3/

A FLYING START

DEAR HELOISE:

Here is a very good suggestion for all motorists: Always carry a small-handled fly swatter in the car. Helps to rid the car of any insect that might happen to fly in the window.

THE COLD FACTS

DEAR FOLKS:

A lot of you want to know why your refrigerators don't seem to be as cold from week to week after you defrost them or between times.

Most of the new ones have a dial on the side to regulate the temperature. We frequently set a milk carton or a container on that left side right where the dial is. Did you know that

this sometimes cuts the refrigerator temperature down if you happen to hit it?

So always keep your eyes on that old dial. It's even easy to move while wiping off the shelves.

Heloise

LETTER OF LAUGHTER

DEAR HELOISE:

At the beginning of a new school year I asked my little nephew (who considers school a real drag) if he liked his teacher.

He very quickly replied, "I don't know... I haven't gotten a report card yet."

Aunt Jo

ALL HEALED NOW

DEAR HELOISE:

Every time I drove the car my new black shoes became scuffed on the heels.

When I spied an old pair of thin plastic gloves that I had used for washing dishes, I got a bright idea.

I cut two of the fingers off, and at the palm end of the fingers I cut a "V." Then I slipped these over the slender heels of my new shoes. For very slender heels, you may need a piece of tape to hold the plastic on.

Keeps them clean as can be and they are easily stored in the glove compartment of your car... the "fingers," that is.

Fran Obermiller

DEAR HELOISE:

We recently replaced the

seats and backs of our old dinette chairs. The old seats were in fair condition, so I saved them.

Later we had house guests and I needed extra booster seats for two squirming four-year-olds at mealtime.

I resurrected the four old seats, taped them together in pairs and covered them with olefin. On the bottom I attached a foam-backed plastic place mat. Then I cut a 2-inch-wide cardboard frame the size and shape of the seat and tacked it around the edge of the foam.

The foam keeps the booster from slipping. They look neat, can be sponged off and even left on the chairs between meals.

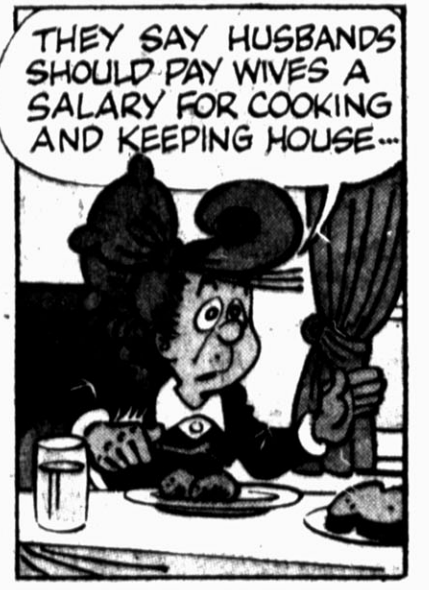

Thankful Fan

SPECIAL FAVORITE

DEAR HELOISE: You are my idol, because if I knew half as much as you do, it would only take me 15 minutes to do what I'm getting done in an hour and I could spend half as much for groceries and have twice as much to eat!
