

**GETTING THE SIGN** — Twig Rose's Heavyweight Angus receives the "swat" from contest judge John McNeil of West Texas University that signifies him as the Grand Champion steer in Friday

afternoon's show, the first time for an Angus to receive the top honor. Kath McCathern's Heavyweight Cross, left, was named Reserve Grand Champion of the show.

## History-making stock show is big success

The annual Hereford Young Farmers Junior Livestock Show closed out its history-making run Saturday with the sale of some 185 animals.

The show ended with the Grand Champion steer, belonging to Twig Rose, selling to Hereford State Bank for \$2.18 a pound and the Grand Champion barrow, belonging to Kim Sealy, selling to the National Farmers Organization for \$1.76 a pound.

"I was real happy with the show," superintendent Layton Sawyer said after the final animal was sold late Saturday afternoon. "It seemed like it started out real slow, but it ended up real good."

"The high market prices for the animals helped us a lot."

The market price for cattle is about 35 cents where a year ago it was down around 29 cents. Also, the hog market is up this year and this aided in the selling of animals at higher prices.

"We want to thank the buyers, because they played a big part in the success of the show. This is what the kids need," he said.

In the 4-H and FFA judging contest Saturday morning, Deaf Smith County placed third in the 4-H division behind Terry County and Lamb County teams. Terry County had 1110 points, Lamb County had 1099 points and Deaf Smith County had 1090 points.

Members of the team were Roger Sanders, Ricky Coleman, Sandra Stallings and Twig Rose.

Lorraine won the FFA judging event with 1135 points, followed by Amarillo with 1129 and Spur with 1117.

Kenneth Adams of Hereford won the County Lamb Showmanship trophy and Dean Smithson of Dimmitt won the Four County Lamb Showmanship trophy.

In the barrows division, Russell Windham of Lazbuddie had the Four County Showmanship trophy and Frank Bezner Jr. of Hereford had the County trophy.

Ricky Roark of Vega received the Showmanship trophy in the steer class and Ricky Coleman received the County Showmanship trophy. The Four County trophy was donated in the Jack Brooks family in memory of their son, Rodney.

The annual show went into

the record books Friday afternoon when the first Angus was named as the show's Grand Champion.

Rose's 1140-pound steer was the first of its breed ever to be named the top animal in the show's 26-year history.

Trophies for the show this year were donated by Deaf Smith County Electric, K-Bob's, American Dusting, and Van-Roach Cattle Company in the steer competition; West Texas Rural Telephone, Mobil Oil, Hereford Parts and Winget Pump in the lamb competition; and Davis Implement, Ralph Owens, A-Z Tire and John's Electric in the barrow competition.

**THE BIG WINNER** — Kim Sealy took home ten trophies from the market hog judging Thursday. All three of Sealy's entries, a lightweight Chester White, a Heavy Weight Duroc, and a Medium Weight Hamp-

shire, won County and Four County trophies for their divisions. His Duroc was named Grand Champion of the show, while the Hampshire was named Reserve Grand Champion.

## Chamber members approve new office lease contract

A new and larger home for the Deaf Smith County Chamber of Commerce was given the "green light" Friday at a special called meeting of the membership.

### Orchestras to present concert

An orchestra concert featuring three Hereford school groups will be held Tuesday, beginning at 7:30 p.m. in the high school auditorium.

The concert will present three orchestras—the La Plata and Stanton junior high orchestras, and the combined All-City Elementary Orchestra (5th and 6th grades).

The public is invited to the concert, free of charge. Linda Huff is the Stanton director; Charles Jones is the La Plata director, and both will conduct the elementary group. The junior high orchestras will play numbers to be used in the University Interscholastic League contests in March.

The board of directors had previously approved a plan to lease another office building to be located at 701 N. Main. Melvin Jayroe, president, explained that directors could not obligate the C of C to the proposed 10-year lease, necessitating the special membership meeting at 10 a.m. Friday in the Civic Club Center.

The members authorized the board to enter into a 10-year lease agreement with E.E. (Pete) Caviness, who will move a building to the site and remodel it for the Chamber. Plans call for a white brick veneer exterior, with paneling and carpet on the interior.

The new facilities committee, headed by Roy Faubion, and the board recommended more space than was included on the original proposal. The office facility will contain 1,560 square feet instead of the 1,350 tabbed on the first proposal. Rent will be \$290 a month-up from \$270 in the first study.

Jayroe and Tom Burdett explained the leasing agreement to

the members Friday, with both men praising Caviness for his cooperation in the proposal. Jayroe pointed out that three major problems would be solved with the move—a large directors' meeting room, more storage space, and more parking facilities. It was pointed out the present office has some 1,300 square feet of space but only an estimated 900 square feet of usable working area, because of a long hallway down one side.

The Chamber is paying \$150 rent per month at its present location, 126 E. 3rd, but the new budget provided for \$300 a month on leasing of new facilities. The Women's division of the Chamber has volunteered to take charge of the landscaping at the new site.

The new building will have central heat and refrigerated air and a paved parking lot. Size of the directors' room is set for 20 by 30 feet, and the room can be closed off to allow other meetings in the room.

Directors were highly enthusiastic about the proposal, pointing out that previous studies had resulted in rest estimates of \$400 to \$500 a month.

### Fire destroys labor houses

A wind-whipped fire destroyed two barrack-type houses at the labor camp southwest of Hereford Friday afternoon, with one family losing all their possessions in the blaze.

Fire marshal Jay Spain said the fire started in a vacant house, then quickly spread to the occupied house on the east. He added that the wind, type of construction of the buildings, and the long distance to water combined to void efforts to save the structures. The buildings are outside the city limits.

Spain said cause of the fire was believed to be the result of two 6-year-old boys smoking in the vacant house. A family of nine lived in the other house, which burned to the ground. Anyone wishing to help the family with clothes, linens or dishes can contact Spain for details.

A Hereford fireman, Ronnie Osborn, was injured while fighting the blaze and was hospitalized. He was in Deaf Smith General Hospital Saturday being treated for smoke inhalation and eye irritation.

### Beet harvest near finish

The Hereford area's beet crop harvest, slowed by freezing weather conditions, is now about 92 per cent complete.

Bob Ginn, agricultural manager at Holly, said Friday that he estimated about 35,000 tons still to be received from growers. This figure represents about eight per cent of the total. Ginn reported some 87,000 tons of beets now stacked on the yards. He thinks the harvest may be completed by the middle of next week. The harvest has been set back several times with the freezing weather.

Ginn had stated the previous week that it was difficult to determine the damage inflicted by the weather. "When it freezes to extremely low temperatures, this is detrimental to being able to store the beets and keep them in good shape," he added.

He also indicated that the sugar content had slipped a little but was "holding very good under the conditions."

### COUNTY LEADERS TOLD

## Texas water plan faces tough fight

BY SPEEDY NIEMAN

**Publisher**  
Charles Hoover was named president and other officers and directors were named during the annual meeting of the Deaf Smith County Water Association Thursday night at the Community Center.

Guest speaker for the occasion was Harry P. Burleigh, executive director of the Texas Water Development Board, who announced that a report on the Texas Water Plan was due to be completed by the first of next year.

Burleigh also cautioned members of the local association that "the fight has just begun on the water importation project." Longtime chief of the Bureau of Reclamation in Texas, Burleigh said "as tough as the engineering job was on this project, the task of selling the proposal to Congress and other states is going to be even more difficult."

Burleigh was introduced by State Rep. Bill Clayton of Springlake, executive director of Water, Inc., who also spoke briefly and joined the guest speaker in fielding questions at the close of the program. Bill Waddle, manager of the Texas Water Conservation Association,

was also present at the meeting, along with Jack H. Bowen of the Texas Water Development Board. Hoover, manager of Southwest Feed Yards, succeeds Andrew Kershen as president of the county water association. Eldred Brown was elected vice president, and James Hull was re-elected as secretary-treasurer. Jay Boston served as chairman of the nominating committee.

Clayton urged members of the Deaf Smith association to attend the annual meeting of Water, Inc., scheduled for Feb. 19 in Plainview. He announced that a progress report to be made at the meeting would answer some of the questions and present some facts and figures on the

## March of Dimes drive set today

Starting from Community Center at 2:30 p.m. today, scores of volunteers will call at Hereford homes seeking contributions in the annual Mothers March of Dimes for the National Foundation which combats crippling birth defects. The goal is more than \$3,500.

Drive chairman this year is Bob Emery, and sponsoring organization for the march is Beta Sigma Phi sorority.

Members of other clubs and church groups, as well as individuals, have volunteered to assist with the drive, Emery says, but more workers will be welcomed since the larger the number working, the sooner the drive can be completed.

He expects not more than two hours will be required of any volunteer to call at an assigned number of homes. Residents are asked to leave their porch lights burning during drive hours to signify that they will make contributions.

Each of 28 team captains is responsible for an area of the city, after division by streets. Captains were enlisted by Beta Sigma Phi chapters under leadership of the city BSP Council, of which Mrs. Kenneth Ruland is president. Mmes. Max Stipe, Melvin Fowler and Tom Buchanan are presidents of the three chapters.

Last year's contributions from this county totaled \$3,500, and the aim of the 1972 drive is to surpass that amount, Emery has announced. Of funds collected here, 25 percent will be sent to national headquarters to finance grants for research on birth defects.

This institute was founded

### NAMES CLARIFIED IN NEWS ARTICLE

Due to a similarity of names, The Brand has been requested to make further clarification in an article in last week's paper concerning the clarification of Charles Allen, former vice president of local bank, on a theft by bailee charge. The defendant stated, was with a Hereford bank. He was not the Charles E. Allen, who is vice president of Friona State Bank.

from March of Dimes funds in past years, when the emphasis was on a campaign to prevent polio and treat its victims. Since discovery of the Salk vaccine, financed by the National Foundation, polio is a disease no longer dreaded.

Birth defects have succeeded as the chiefcrippler of children, so most attention is given now to research for preventing them. Each year such defects are found in 250,000 newborn babies of the nation, and lives of some 500,000 unborn babies are claimed.

In addition to the 25 percent, remaining campaign receipts are divided evenly between the national organization and the local chapter to be sent on patient service, public and professional health education and other community services.

**MARCH OF DIMES RECIPIENT** — Little Betsy Perez, 2, right, daughter of Mr. and Mrs. Tommy Perez, 418 Ave. G, recently received her leg braces for correction of a birth defect. These appliances were provided

by the Deaf Smith County Chapter of the March of Dimes, under the direction of John Aiken, left, county chairman. The 1972 MOD drive will be conducted today.

## Branding Time

by Speedy Nieman

Always forgive your enemies—nothing annoys them so much.

If the federal courts in Texas keep "legislating" instead of "judicating", we're probably gonna wind up without congressional districts, party primaries, money for public schools, and anarchy.

The Supreme Court finally called a welcome, if temporary, halt to one of these assaults on State laws by granting a stay on the "unconstitutional" decision reached by a three-judge federal panel on congressional redistricting. There now appears a chance the court will use some common sense.

Many state and lesser governmental units, in addition to Texas, are discovering that some of their long-established statutes and procedures are suddenly "unconstitutional." Makes you wonder how our state fared so well under all those "unlawful" laws for more than a 100 years.

You are young only once, and, if you work it right, once is enough.

The Hereford Young Farmers Junior Livestock Show appeared headed for another successful run as this column was written. The show got underway with some adverse weather Thursday, but everyone seemed to expect this as a part of the annual event. Conditions were better Friday and Saturday, however, and youngsters were not worrying about the weather as they showed their prize livestock.

We were highly impressed at the basketball game Friday night, not only by the hustling herd, but by the High School Stage Band and the girls' Drill Team. The band added a spirited touch to the contest, and the Drill Team put on a fine show at halftime. We know folks must be proud of the public school system here, and of the young people who represent the school so well.

When the annual March of Dimes Mother's March is conducted from 2:30 to 4:30 p.m. today, remember these people are volunteer workers giving of their time to aid a worthy cause. We urge your consideration in supporting the drive and, at the very least, your courteous reception of the volunteer workers.

In history-making selection

Twig Rose shows Grand Champion of show

Twig Rose broke tradition Friday when his 1140-pound Heavyweight Angus became the first animal of that breed to be named the Grand Champion of the Young Farmers Junior Livestock Show.

John McNeil, of West Texas State University, brought a loud round of applause from a crowd of approximately 250 persons

Friday when he brought his hand down on the rear of Rose's Angus.

Kathy McCathern's 1192-pound Heavyweight Cross was named the Reserve Grand Champion of the show. Her animal, just prior to the naming of the show champion, was selected the top Cross breed champion.

"History has been made here

today," McNeil said as he summed up the Grand Champion and Reserve Grand Champion "I have heard a lot about this show and I don't think that an Angus has ever been named the Grand Champion—Well, it has today."

He said the reason he selected the Heavyweight Angus as the Grand Champion of the show

was because of its "long, muscular body and because it is a well-balanced steer."

Layton Sawyer, general superintendent of the show, said it was the first time in the history of the show that an Angus has won Grand Champion honors. He said Herefords have been the dominating breed ever since the show was originated.

Britt Hicks of Hereford displayed the champion Lightweight Hereford, Ricky Roark of Oldham County the champion Mediumweight Hereford, Lynette Clearman the champion Heavyweight Hereford and Ken Jamerson of Bovina the champion Lightweight Angus.

Also, Caye Clearman, sister to Lynette, had the champion Mediumweight Angus, Rose the champion Heavyweight Angus, Gary Cotten of Hereford the champion Lightweight Cross and Miss McCathern the champion Heavyweight Cross.

Has grand, reserve champs

Sealy sweeps hog division

Kim Sealy captured three class championships in market hog judging Thursday then went on to show the Grand Champion and Reserve Grand Champion of the show as the annual Hereford Young Farmers Junior Livestock Show began its three-day run.

Sealy's 190-pound Lightweight Chester White was named the breed champion in the first class shown, and Sealy followed with the champion animal in the Lightweight Duroc class and Heavyweight Hampshire class.

His Duroc was named the Grand Champion of the market hog show and his Hampshire was named the Reserve Grand Champion of the show.

Enroute to winning the Champion and Reserve Champion honors, Sealy won three of the six classes. He was allowed to enter only three animals in the show and won with each of them.

Hereford was well represented in the show with 11 of 12 Four County Champions.

Those winning Four County firsts were Frank Beizer Jr. in the Heavyweight Crosses, Ira Robinson in the Lightweight Crosses, Craig Solomon on the Other Breeds, Johnny Burns in the Poland Chinas, Curtis Smith in the Heavyweight Hampshires, Kevin Sanders in the Lightweight Hampshires, Ricky Coleman in the Lightweight Durocs, Terry Reid in the Heavyweight Chester Whites, and Sealy in the Lightweight Chester Whites, Heavyweight Durocs and Mediumweight Hampshires.

Terry Reid had the Reserve Champion in the Chester White class, Ricky Coleman had the Reserve Champion in the Duroc class, Kevin Sanders the Reserve Champion in the Hampshire class, Roger Sanders in the Poland China class, Rodney Coleman in the Other Breeds class, and Allen Wilson in the Crosses class.

Some 160 animals were entered in the market hog show.

Water...
(Continued From Page One)
Texas Water Plan.
Burleigh pointed out that the final approval of the water importation project rests with Congress. "Keep in mind," he told local members, "that this is the largest water supply job ever attempted anywhere, anytime."

The much-discussed plan calls for moving surplus water from the Mississippi for distribution in West Texas and New Mexico. Several county members asked about the feasibility of moving water from Canada to this area, but Burleigh explained preliminary studies indicate this proposal is many years in the future.

Canadian officials, he said, have indicated that it will be a minimum of 35 years before their studies are complete, and before they will be ready to discuss the export of water. In response to a question about the cost of pumping, Burleigh said the energy cost would represent about 65 percent of the total cost.

Directors named to the Deaf Smith County Water Association were: Wilburn Axe, Frank Beizer, Jay Boston, Bruce Brown, Bruce Burney, Jim Conkright, Donald Day, A.R. Dillard, Mrs. Argen Draper, Clint Formby, Homer Garrison, Howard Gault, Bill Gentry, Bob Gim, Mrs. Genevieve Guseman, Bob Jossner and Elmo Hall.

Also Andrew Kerahan, Virgil Marsh, Pat Malone, Carroll McDonald, D.C. McWhorter, O.G. Nieman, Cecil Oglesby, Ralph Owens, Jim Ferrin, John D. Pittman, Denzil Pulliam, Eddie Reinauer Jr., Charles Schlabs, Billy W. Sisson, Harlan Vander Zee, Bobby Veigel, James Witherspoon.

Named as associate directors were Juston McBride, J.C. Brown, Melvin Hoover, Jack Vanderburg and Jim Lindsey.

Cultural Club enters name for THDA delegate
Its president, Mrs. J.G. Gandy, was nominated by Cultural Home Demonstration Club Friday noon as a candidate or county delegate to the 1972 Texas Home Demonstration meeting. The club met in Mrs. Grady Parsons' home for a business session.

Each member stated her clothing goal for this year. Mrs. M.H. Wiseman read The Home-maker's Creed. Plans were made to assist in a farm dinner. Other members present were Mmes. M.W. Sumner, Paul Corbet and J.C. Price.

Decorative art technique shown
Handcrafts which supply decorative accents for the home were demonstrated to Hereford Study Club Thursday evening, when Mrs. Jack Wilcox was the program guest. Mrs. Ed Wilson and Mrs. Richard Winget were hostesses in the Wilson home.

Mrs. Bob Poston introduced Mrs. Wilcox, who makes a hobby of crafts as well as managing a shop for the sale of art and craft material, where she conducts classes. She showed techniques of decoupage, folk art and other types of decoration.

Review will present Burt Bacharach music
Songs by Burt Bacharach, top popular composer, are featured in the musical comedy, Promises, Promises, which Mary Allen Vincent of Dallas will present in a singing review at 8 p.m. Feb. 17 in the high school auditorium.

Bacharach, whose tunes include Raindrops Keep Fallin' on My Head and numerous other hits, composed the music for this play which has a book by Neil Simon. Miss Vincent sings the principal numbers from the stage production as she narrates the plot.

Her appearance here will be sponsored by L'Allegre Study Club as a benefit for the "We Care" fund which helps with medical expenses of local indigent children at Deaf Smith County Public Health Clinic. Needed medical tests, x-rays and medicines are provided by the fund.

Tickets are on sale now by all members of L'Allegre Club, under leadership of Mrs. Hazen Woods and Mrs. Jim Carnahan, co-chairman of the finance-project committee. Mrs. Danny Martin is club president.

Posters made by members have been placed in Hereford stores by a committee comprising Mmes. J.H. McCrary, Rudy Metz and Dennis Farley.

The club brought Mrs. Vincent to Hereford last year to give one of her musical reviews, and entertainment form which she originated and which has proved popular in cities over Texas and in other states where he has appeared.

With a piano accompanist, she brings the flavor of the music stage to her presentation of hit musicals. The show she reviewed here previously was "I Do, I Do!"

## London named to state band

Gary London, a senior member of the Hereford High School Band; has won a "first chair" in the area band and will compete in a statewide band contest in Fort Worth Feb. 10-12.

Gary, son of Mr. and Mrs. Baxter London, earned a first-chair clarinet rating in competition against 43 other clarinetists in the Lubbock area contest Jan. 22. He had previously won a second-chair rating in a region contest at Canyon.

The HHS senior is now a member of the state band and will compete for a chair. Each of the four areas in the state will send the top 11 musicians in each category, and auditions will be conducted on the first day. The next two days will be devoted to practice for a grand final concert of the band and choir, it was reported by Ben Gollehon, band director.

Gary has been playing in the band since the seventh grade, and was appointed this year as drum major.

STATE BAND MEMBER — Gary London, member of the Hereford Whiteface Band, recently achieved a position in the state band, after winning a "first chair" in area competition.

## Project success spurs extension

Satisfied with the success of the club's major project of this year, members of La Madre Mia Study Club agreed Thursday evening to make its December holiday bazaar an annual project.

Proceeds are being donated to the Hereford Division of the Opportunity Plan, the Satellite program and the Day Care Center. Members express appreciation to supporting citizens for helping make it successful in its first year.

In other business conducted by Mrs. G.C. Merritt, president, the group voted to answer roll call at the next meeting by giving a household item for the

Rev. Sam Ogan family who recently lost their home and belongings in a fire.

Mrs. Dave Honea was elected parliamentarian to replace Mrs. Ray Moore, who is moving to Arkansas.

Mrs. Richard Ward and Mrs. Carl Carlile were hostesses in the Ward home, where Banyat Adipat and Terawit Katerunrock, seniors at Hereford High School from Thailand, were guest speakers.

Sponsored by the First Chris-

tian Church, the youths are staying with the John Alkin and Gene Brink families. Following detailed accounts of their country's customs, industrial and agricultural developments, Adipat and Terawit sang songs in their native tongue and displayed items from Thailand.

Other members answering roll call with My Most Embarrassing Moment were Mrs. Lyn-ton Allred, Waldo Baxter, Herschel Black, James Gentry, Dean Herring, Wayne Lady, Don Lane, G.C. Merritt, Bobby Owen, Dale Sains, Bud Snyder, W.E. Sparks, Charles Watson, Roger Williams, Bill Thorn and Ron Zimmerman.

The 1972 junior amateur golf championship will be played Aug. 15 at the Brookhaven Country Club, Dallas.

## Luncheon canceled

Cancellation of the lunch planned for Monday by Deaf Smith County Federation of Women's Mrs. Garland Solomon, is announced by Mrs. C.D. Kelton, president. A new date for the luncheon will be fixed, she added.

Mrs. Solomon was a vice president of the Federation and president of one of the member clubs, Garden Beautiful.

## Manley spending OF leave here

After 18 months service at Kadena Air Force Base on Okinawa, Troy Manley is on leave, visiting here in the home of his parents, Mr. and Mrs. G.L. Manley of 901 Fifteenth.

At the end of his leave the Hereford airman is to report to Luke AFB near Phoenix, Ariz.

Sugar maple, beech, birch, soft maple, red oak and aspen make up 79 per cent of the total hardwood timber consumed by mills in New York state.

## Bride honored at shower-tea

A bride whose marriage took place Jan. 14 in Plainview, Mrs. Mike Dawson was complimented with a shower-tea Saturday in the home of Mrs. Gene Streun. The honoree is the former Evelyn Beasley of Plainview; the couple is at home west of Hereford after a wedding trip.

Shower guests were greeted by Mrs. Streun. In the receiving line with the bride were her mother, Mrs. W.H. Beasley Sr. of Plainview; her husband's mother, Mrs. Reese Dawson Sr. and her sister who was matron of honor for the wedding, Mrs. Pat Kidd of Plainview.

Another sister, Mrs. Jim Ritter, and Mrs. Reese Dawson Jr. served tea. They were bridal attendants, and for the shower they wore gowns in two shades

of purple which were worn in the wedding. Table decorations repeated those colors, with lavender and purple flowers arranged with a miniature fountain on a reflector in the center. Lace over white satin covered the table, where grape punch was served with petit fours.

In the hostess party with Mrs. Streun were Mrs. J.B. Nolaad, L.B. Lookingbill, Gene Welch, Raymond Wiley, Herb Dones, Leroy Edwards, George De Lozier, L.C. Root's and Kenneth Christie.

Thomas Jefferson entered a public contest to choose the design for the White House. The contest was won by James Har-

## Mrs. Leach on honor roll

Mrs. Janis Dean Leach, daughter of Mr. and Mrs. M.E. Dean of 226 Aspen, Hereford, has been named to the Wayland Baptist College Deans Honor Roll for the fall semester of 1971 with an average of 3.50.

A senior at Wayland, Mrs. Leach seeks a B.A. degree with a major in business administration and a minor in history. She is a member of Phi Beta Lambda, and she was junior class secretary last year.

### CARD OF THANKS

Members of Frio Baptist Church and community want to express appreciation and to publicly thank members of the Fire Departments from Hereford, Friona and Dimmitt for their every effort in fighting the fire which destroyed the church pastor's home.

# Stephen, DeeAnn Douglas capture lamb competition

Stephen Douglas and DeeAnn Douglas captured the County and Four County lamb championships Thursday in the lamb showing of the annual stock show.

Jim Tucker and Jerry Tucker both of Hart, displayed the other two Four County champions of the show.

No Grand Champion or Reserve Grand Champion was named in the lamb competition. Douglas had the champion of the Fine Wool breed and Miss Douglas had the champion of the Crosses.

Richard Esqueda of Hereford had the County Reserve Champion in the Fine Wool breed and Rick Wright of Dimmitt had the Four County Reserve Champion of that breed.

Gerald Petty had the Reserve Champion of the Crosses breed for the County competition and Mike Windham of Friona had the Four County Reserve Champion.

Annette Cotton finished second in the Medium Wool field behind Jim Tucker. Her animal was tagged the County Champion and Four County Reserve Champion.

The toughest class for Deaf Smith County exhibitors was the Southdown class where two Hart exhibitors finished in the top two places.

Jerry Hart of Hart and Harley Malone of Hart had the Four County Champion and Reserve Champion, respectively, in the Southdown class.

Dean Howard of Hereford displayed the County champion of the Southdown class and Robert Jobe had the County Reserve Champion.

(ADDITIONAL AUCTION RESULTS WILL BE PRINTED IN THURSDAY'S BRAND.)

## How to understand the most important part of the POW problem.

Pretend you're 12 years old and your father's a Prisoner of War in Southeast Asia.

YOU won't understand the maneuvers of the bargaining table. You'll be baffled by the cries of "political issue" or "prolonging the war."

You'll want somebody, somebody believable, to tell you your father's all right, that he's being decently treated. This message to Hanoi and its allies is acting as spokesman for all the boys and girls, wives and parents whose fathers, husbands and sons are being held in secret captivity in North Vietnam, South Vietnam, Cambodia or Laos.

But meanwhile there is no need for Hanoi and its allies to delay even a day in answering this plea:

Let neutral observers into your prison camps to make sure that American prisoners are being decently treated, according to the standards of civilized nations.

There's nothing political about that. There is something very, very human about it—big enough, transcending enough to be understood by a 12-year-old boy or girl.

And understood, we hope, by Hanoi. By acting swiftly on this issue they can earn the gratitude of millions of Americans...and respect from all the world.

**SUPPORT OUR PLEA TO HANOI AND ITS ALLIES:**

Clear away the doubts—Open your prison camps to neutral observers... now!

We ask no more than we give. All American and South Vietnamese prison camps are inspected regularly by official neutral observers—The International Committee of the Red Cross.

American Red Cross National League of Families of American Prisoners and Missing in Southeast Asia.

### Airport slates 'open house'

Hereford Municipal Airport will hold "open house" Sunday, Feb. 6, giving city residents an opportunity to view the new \$47,000 facility which is located about five miles east of town.

Charles Frye, airport manager, said the open house will be from 1 to 6 p.m., with all city and area residents invited to visit the facility. No special activities or formal program is planned.

Frye said the move into the new airport terminal was made the day before Thanksgiving. Paving work was recently completed. City Mgr. Dudley Bayne reports that the building cost about \$42,000 and furniture and paving work amounted to about \$5,000.

The modern terminal has drawn favorable comment from flyers all round the area, as well as out-of-state pilots.

BY SUE COLEMAN  
Women's Editor

**MORE HONOR ROLL** listings for Hereford students have come in; today we point with pride to:

Suzanne Solomon, freshman, education major at Oral Roberts University in Tulsa, has been named to the Dean's list for the past semester. She is the daughter of the H.L. Solomons and was a 1971 graduate of Hereford High School.

To be named to the Dean's list at the private liberal arts college, a student must average a 3.5 grade point or better on a scale of 4, and have completed at least 14.5 semester hours with no grade below C.

Cheryl Ann Cole, daughter of the Floyd Coles, is on the Dean's honor roll at Oklahoma State University in Stillwater (this seems to be the day for recognizing smart students who have crossed the line to Oklahoma schools).

A freshman also, Cheryl is a student in the school of arts and sciences, Honor students at OSU must make at least a 3 grade

average while carrying 12 or more credit hours and receiving no grade lower than C.

**MR. AND MRS. HUBERT Stoerner** became grandparents this week when a daughter was born to their son and his wife, L.A. and Mrs. Larry Stoerner of Laredo.

The young Stoerners named their daughter Sandra Denise. She was born Thursday and weighed in at 7 lbs. 9 ozs. Maternal grandparents are Mr. and Mrs. Tony Barbian of Kress.

**SHE WILL BE HERE** for a few days, Ann Lillie said when I saw her just briefly at the Calliopean Club party Thursday night, and so I hope there will be a chance for more than a mere exchange of greetings with her.

She has numerous friends to visit when she comes back to Hereford, and I'm sure will be busy during her stay. Her home now is in Grand Junction, Colo. She is the house guest of the Melvin Cordrays.

**ALSO AT THE Calliopean** party it was a pleasure to meet Mrs. Max Sherman, who was the club's speaker. A friendly and pretty blonde wife like she is, certainly is an asset to a man in political office, like State Sen. Sherman.

In an election year, we will no doubt be having a lot of visits the next few months from wives doing a bit of informal campaigning for their candidate husbands. It's always nice to meet them; sometimes you get the impression that the wife should be the candidate, because she makes a better campaign speech than her husband!

**Hereford man now in Vietnam**

Julian A. Tijerina Jr., Army Specialist 4, recently was assigned to the 624th Supply and Service Company near Long Binh, Vietnam.

Tijerina, son of Mr. and Mrs. Julian L. Tijerina, Route 2, Hereford, entered the army in October, 1970 and received basic training at Ft. Ord, Calif.

**Jaycee-Ette tea planned for guests**

Invited to a membership tea for Jaycee-Ettes Sunday afternoon are wives of all Junior Chamber of Commerce members here, and wives of prospective members. Tea hours are 3 to 5 p.m. in Community Center.

Hereford Jaycee-Ettes have also sent invitations to those in other cities of this area. Local members, headed by Mrs. Larry Jackson, president, will play hostess.

A display of arts and crafts, original work by several Hereford residents, will be arranged for inspection by the tea guests.

**Six persons initiated into dance group**

New square dance members were initiated into the Merry Mixers Square Dance Club at a recent meeting when they were asked to perform a dance with paper bags covering their head and balloons between their knees.

Those initiated into the group were Mrs. H.J. Wilhelm, Lucille Wilhelm, Mr. and Mrs. Bill Polk and Mr. and Mrs. Bob Hammock.

The Pistols and Petticoats square dance club from Umbarger were guests.

Recently elected to serve Merry Mixers this year were Mr. and Mrs. Dale Krows as president, Mr. and Mrs. Jack Ambold vice president, Mr. and Mrs. Archie Dwyer secretary-treasurer, Muriel Bussey social chairman, and Mrs. Herb Edwards reporter.

Judge H. C. Williams sets day  
H. D. assistant Joyce Shipp looks on

Argen Draper  
her day proclaimed

**Argen Draper Day fixed and reception slated**

Proclamation of Feb. 1 as Argen Draper Day in Deaf Smith County, signed officially by County Judge H.C. Williams, indicates the esteem in which Mrs. Draper is held as she completes 25 years of service as county Home Demonstration Agent here.

The County H.D. Council will be hostess Tuesday afternoon at a reception honoring Mrs. Draper; all her friends in the county are invited to call between 2:30 and 5:30 p.m. at the Flame

Room of Pioneer Gas Co. "The greatest thing in Deaf Smith County are its people," Mrs. Draper has said, and the people have expressed their appreciation of her in turn by entrusting the leadership of many civic enterprises to her, and in 1957 naming her the Outstanding Citizen of the Year to receive the Lions Club citation at the annual Chamber of Commerce banquet.

Since formation of a Women's Division of the Chamber she has been a member, served on committees, and this month became the director of public affairs for 1972.

Argen and Tom Draper came to this area in 1947 from Tahoka. He is a farmer and stock raiser and they live on a farm south-east of Hereford on the Dimmitt Highway.

Something of Mrs. Draper's background is sketched in Judge Williams' proclamation:

"Whereas, Argen Draper, wife of 'Coon Hunter' Tom Draper, became the Home Demonstration Agent in Deaf Smith County on Feb. 1, 1947 after being reared in Wellington, Collingsworth County, Texas and graduating from Wellington High School and from Texas Tech and Texas Woman's University, and

"Whereas, during the course of the last 25 years the said Argen Draper has established 12 Home Demonstration Clubs in Deaf Smith County, Texas which presently have 160 active members, and

"Whereas, Argen Draper has served the people of this county as an employe of the said county, the State of Texas and the U.S. Government with great devotion, sincere interest and untiring effort for this quarter of a century, and

"Whereas, during the said past 24 years, Argen Draper has been active in various capacities in Deaf Smith County Chamber

of Commerce Women's Division, AAUW, AHEA, THDA, Eastern Star, American Legion and VFW Auxiliaries and the Central Church of Christ, and

"NOW THEREFORE BE IT RESOLVED by the undersigned Judge of Deaf Smith County that Tuesday, Feb. 1, 1972 be and it is hereby designated Argen Draper day in Deaf Smith County, Texas; and

BE IT RESOLVED that all citizens of Deaf Smith County be invited to a reception in honor of this distinguished servant of the people of Deaf Smith County, which will be at the Flame citizens of Deaf Smith County be which will be at the Flame Room located at the offices of Pioneer Natural Gas Co. in Hereford from 2:30 p.m. until 5:30 p.m. on Feb. 1, 1972."

Born at Wellington, Mrs. Draper was Argen Hix before her marriage. During her tenure in the Extension Service office here, she has worked with 11 assistant H.D. agents, from Doris Mahaffey in 1949 to the present assistant, Joyce Shipp.

She has also seen two H.D. Club women from this county become president of the Texas

H.D. Association — Mrs. R.L. Campbell of Fairview community for the 1948-49 term and Mrs. A.E. Hodges, now serving.

Main difference between today's H.D. Clubs and those of 25 years ago are the teaching tools, she finds. New developments are home study courses for members, the County Program Building Committee which brings H.D. Clubs and other organizations together in community betterment programs, short courses, workshops and newsletters.

One annual event in Deaf Smith County clubs which was the first of its kind in the state and has now been adopted in other counties, is designation of an Outstanding H.D. Woman.

Initiated in 1952 by Jimmie Gilentine, then publisher of the Brand, who presented an award to the woman chosen, this designation has been made each year and will be in 1972, still sponsored by the Brand.

The Detroit Tigers will play 16 exhibition games in Lakeland Fla., next spring, opening with the Minnesota Twins on March 4.

H.D. Chatter, for the Sunday Brand, counting on it to reach many people who otherwise might not be notified of services available through her office and other Extension Service channels.

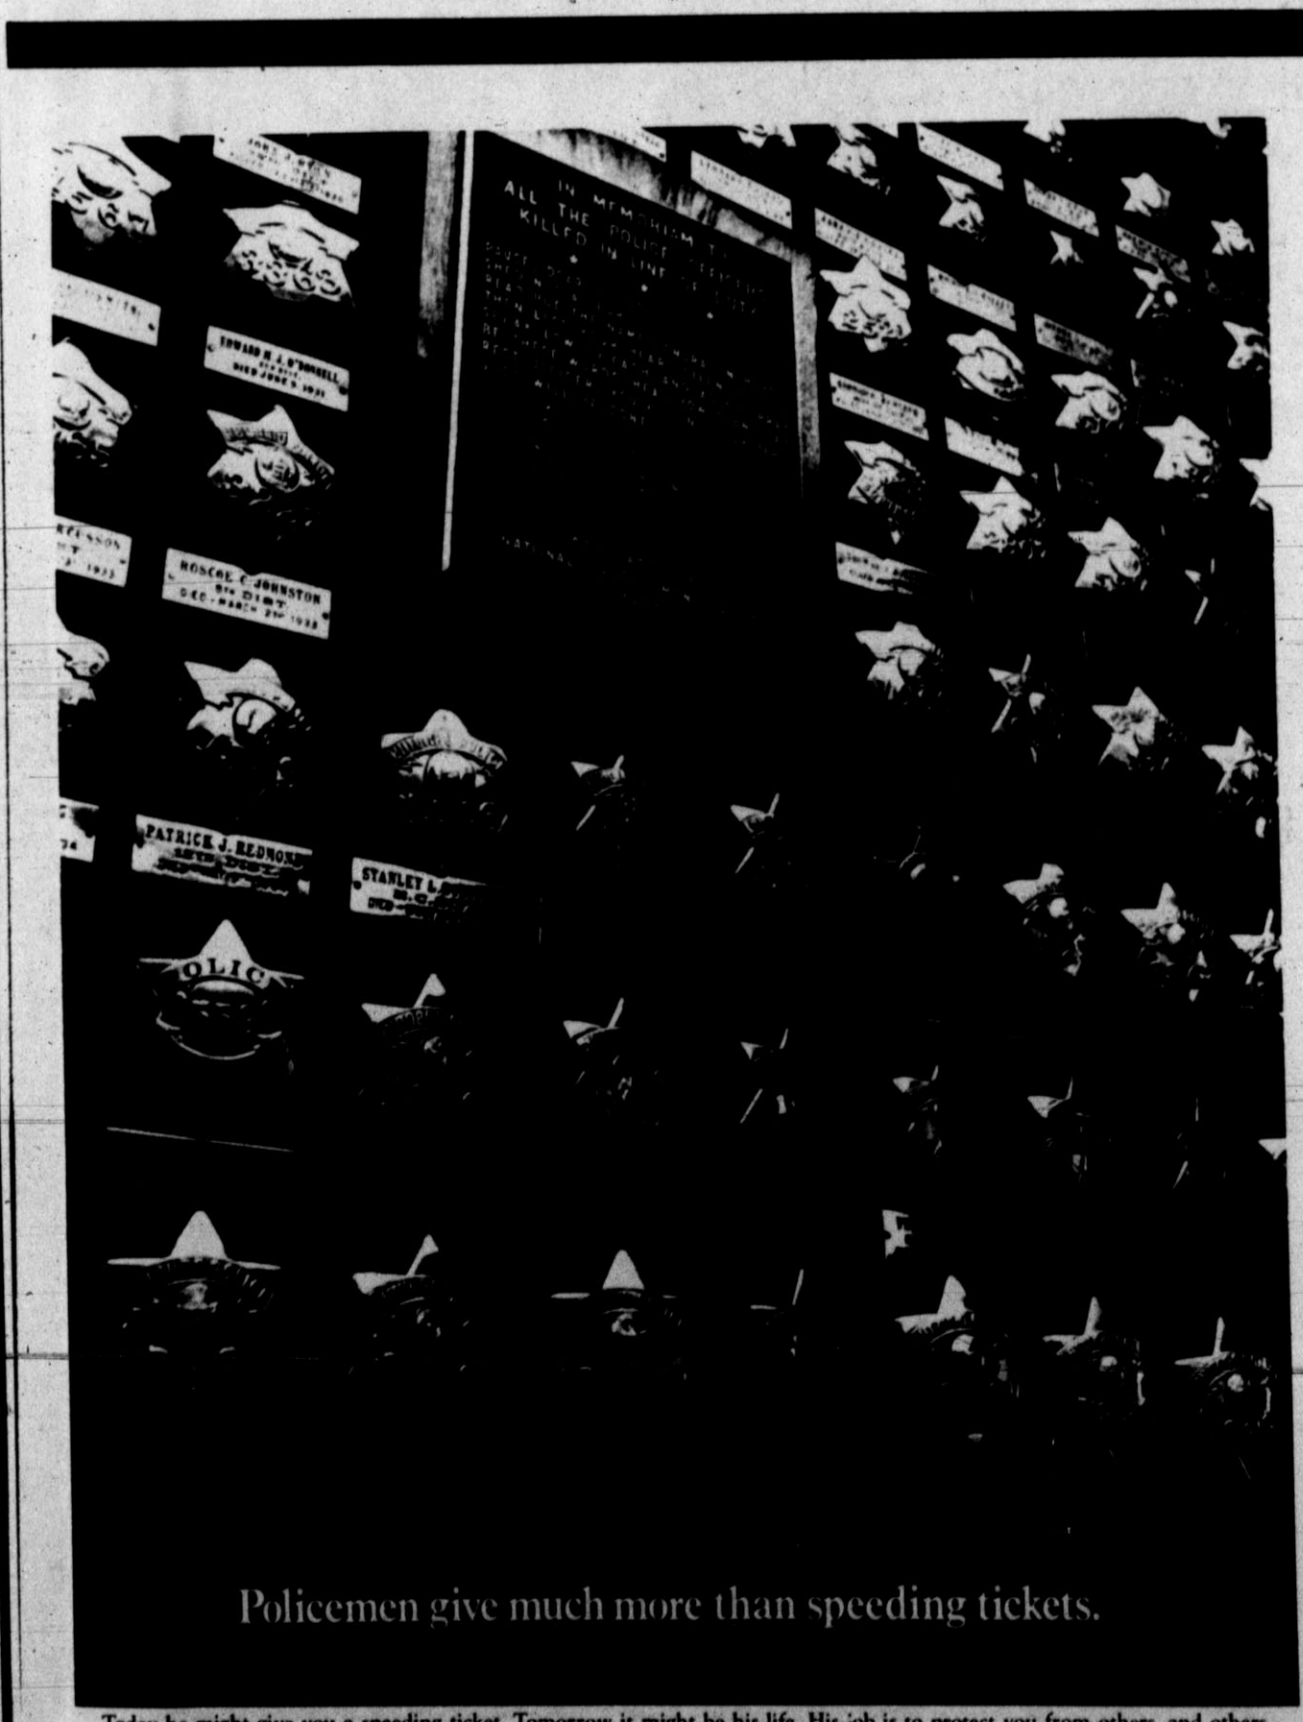

Subject matter has changed to keep pace with changing times but the aims, to serve both individuals and the community, remain the same. Mrs. Draper says she considers H.D. Clubs the "backbone of the Extension Service"

She writes a weekly column,

**Mrs. Grimes is H. D. hostess**

Mrs. D.R. Grimes was hostess to West Hereford Home Demonstration Club Tuesday afternoon in her home. Mrs. E.M. Cox presided for business and read a poem, 'That Nice Thing Someone Said,' to open the meeting.

The hostess gift went to Miss Evelyn Bell. Also present were Miss Mary Bradley, Mmes. Blanche Hardin, Roy Boyd, W.H. Awtry Sr., John Jacobsen Sr. and D.W. Allmon.

Policemen give much more than speeding tickets.

Today he might give you a speeding ticket. Tomorrow it might be his life. His job is to protect you from others, and others from you. Sometimes there's no way out. He knows it. That's why he can be a cop. He's here to stop burglars, find lost children or deliver a baby. Whatever the price. So when you need help, call a friend. Call a cop.

# By the Garden Gate with Glad

By Mrs. Art Manjeot

**ANTICIPATION**  
One of the emotions of a true gardener is that of anticipation. The soil is prepared, the rain comes, the sun shines, and the seeds are planted (or bulbs, etc.) Then there is the waiting time, which is certainly filled with much anticipation as to whether the planted materials will come up, will bear fruit, blossom or do that for which the gardener planted.

Yes, all of these questions rush through our minds, and we wait with anticipation to see what the outcome will be. Marie Witthold James has well expressed this emotion of the gardener in the following lines:  
"Already I am visioning  
A thousand Daffodils;  
Hundreds of flaming red tulips,  
Sweet fragrant hyacinths,  
These to beckon, me  
Even though I now feel the  
winter's icy chills.  
My gifts unto my garden,  
and other plots  
Surely a rich reward will bring  
Why should I shrink from winter,  
Which but leads to the

Spring?"  
The two days I was home last week were busy days, not only for myself but for many of my friends and co-workers, in Garden Clubs. For instance, I know that there were more than 400 bulbs for Spring Flowering planted on the grounds of the Hereford State Bank; several hundred planted by Mrs. O.G. Hill Sr. and her helpers in the gardens at the First Baptist Church, and Mrs. Hill and a worker planted a large number in the Pioneer Study Park and at her home.

The Junior Garden Club girls, led by their leaders, Mrs. R.W. Mitchell and Mrs. G.W. Newsom, were at work, too. These young ladies and helpers planted a nice collection of various varieties on the grounds at Westgate and King's Manor. My neighbors, the Duns, had their hundred or so bulbs tucked away into mother earth, and many others were also placed into the prepared soil. Yes, Hereford should blossom as a desert rose, come Spring.

If you, too, are looking forward to beauty in the spring-time, from the hard work and handwork of these people; if perchance you meet up with them, then tell them you appreciate their interest in the beautification of Hereford.

Another beauty spot will be planted by the Ladies of the Women's Chamber of Commerce. Most of this planting will be daffodils, and I understand that they will be planted on the grounds of the park at the Santa Fe Depot. This is one of their beautification projects. According to the grapevine and correspondence, there are to be some changes made around the Memorial Marker in the triangle park, just south of Stanton Junior High School. This could be made a place of beauty, if some work and interest was shown. The U.D.C. state officers who were instrumental in the placing of the marker, have been doing some planning, and we are hopeful these plans will materialize.

**HEREFORD MY HOME TOWN**  
The Annual Chamber of Commerce, was an inspiring and entertaining function. This is one that I look forward to, and which I always enjoy. The setting was beautifully laid by the arrangement committee and the ladies who did the decorating. The presiding officers did an excellent job of presiding over

the program and, all in all, the occasion will go down as one of success. Congratulations to each recipient of an award!

The speaker, Mr. Murphey, entertained, instructed, and inspired the listeners. Humor, a good hearty laugh, and a thought-provoking message are always good for us. As for myself, I am sure I could never be a real community PILLAR, but I do hope that I can measure up to be a good STIRRER, and will be found trying to carry my part in the building of my town and community. There are many challenges in and around Hereford and it behooves all to look about themselves, and find best where they can serve, and offer their services (as instructed by Mr. Murphey). What will the year show for our Home Town? ? ?

Referring back to Beautification, which has as its basis cleanliness and hard work, I would like to say that one of the outstanding needs of Mr. Public in Hereford is to be aware of LITTER, and TO DO SOMETHING ABOUT IT. We will never reach the goal of making our home town what it should be, until all of us become LITTER conscious. I have traversed practically every street and many of the alleys in Hereford and have noted some changes made for the good, but there is so much more to do.

Homeowners, businessmen, public places, etc. all NEED to become aware of the determinate of un-cleanliness which creates Litter, along with weeds grown on properties, alleys, vacant lots, and around many of the business houses. Litter has been aptly termed a "national disgrace." Its ramifications are moral, social and economic; it costs the public, the government, the cities, and industries untold sums of money.

It mars the beauty of the nation, home-towns, also contributes to the growth of slums and corrodes the spirit of public pride and personal dignity. It is one of the MAJOR problems in the United States, blighting the countryside and marring the beauty, character and cleanliness of the nation's streets, roads and highways, parks, beaches, waterways, homes and public buildings. It costs the American taxpayer over \$500 million annually in clean-up efforts. It is a hazard to the health of our nation or community, is a fire hazard,

and creates countless hazards to the safety of our people.  
**WHO LITTERS??** You and I. What are we going to do about it? One of the means of controlling litter is to educate the public, beginning with the adults, then the young people and the children. This is something that one and all should be interested in, and we should do something about. Litter prevention is more than keeping America beautiful and clean; it is a vital and necessary part of our lives, and is worthy of our continuous efforts, and whole hearted cooperation.

Any one can throw litter here and there, but it takes a bit of "back-bending" to pick it up, and to throw it into a container, and then to see that it is properly disposed of. Let us all purpose to do our part, and put forth every effort to use resources to combat the litter problem in Hereford.

**WINTER HOUSE PLANTS.** This is the time of year that our house plants need special attention, and we have the time and urge to do these chores during the time we cannot work many hours outside. All plants should be thoroughly cleaned. If they are of the large leaf varieties, then the electric cleaner can be used. Take the soft cleaning brush and clean the leaves carefully. For the smaller plants, and those more delicate, use tepid water with a bit of soap suds. Clean each leaf, carefully remove all dead leaves and other parts of the plant which are detrimental to its beauty and growth. When carefully and thoroughly cleaned, wash with a spray—either the one attached to the sink, or you can use a Windex bottle (which has been washed well). Attach the spray and use tepid water. Do not use cold water, it is shocking to the plant. Do not become too disturbed if the plants do not seem to be growing. All plants must have

a rest period, and these shut-in months, January and February are often the time they take a rest, so be patient and loving towards them, and before long they will be showing new growth, and vigor. Do not use plant food during this time, as they do not want a stimulant. Wait a bit until they do need the stimulation.

For the sunny days, when you want to be outside, this is an ideal time to do some dormant spraying (be sure it is a still, quiet day). Use a well-recommended oil dormant spray and be sure that all shrubs, roses, trees. Another suggested chore WHY do this? It is a preventive measure for the gardener, in that the dormant spray has a smothering effect on insect eggs that are wintering in the rough bark crevices of shrubs and trees. Another suggested chore for these pretty winter days is to spread a light covering of soil sulfur on lawns and flower beds. Sulfur helps to counteract the alkalinity (and we have it in Hereford) in the irrigation water, thus stimulating and aiding the grass and shrubs.

These are some chores I have in mind to do when I am back at home. My good pal, helper and I have our work laid out for us. **CLEAN UP AROUND THE PLACE:** Old stems, and other rubbish should be cleaned out of corners, flower beds, vegetable plots etc. (we did this last week). PLEASE BE A GOOD CLEAN GARDENER. . . DONT BE A LITTERBUG. . . at home or elsewhere. Glad

Canadian tobacco companies will end cigarette advertisements on radio and television on Jan. 1.

A muskrat's living quarters usually are above the high water mark along banks of rivers and lakes.

## Sewing project of Red Cross to be discussed

A new Red Cross "ditty bag" project, not related to the annual Christmas gifts-for-servicemen program which has been carried out in this county for several years, will be discussed at a meeting of the Uniformed Volunteers at noon Thursday.

Members, and any other interested women, are invited to the meeting, a salad lunch in the home of Mrs. Ray Carlile, 315 Stadium.

The new project is making unfilled bags for use of servicemen in hospitals. This county is ask-

ed to supply 50 of the bags; material will be purchased by Deaf Smith County Red Cross Chapter. The Christmas ditty bags are made and then filled with small gifts.

Not only Red Cross Volunteers, but women in Home Demonstration clubs and several church

groups, as well as individuals, have assisted with that project, and Mrs. Andrew Kershén, president of the Volunteers, expresses the hope that they will also aid in the new task of simply sewing the bags.

### Here's how we beat the system.

For years, the competition has looked at Gifford-Hill's 360 pivot sprinkler system as the one to beat.

They've done their best to build a system that looks as sophisticated and acts as sophisticated.

But now, just about the time they think they're getting close, we beat our own system.

For 1972, we've added new features that still make the 360 the most dependable, the most versatile and safest system you can buy.

The 360's new direct gear drive has bearings completely immersed in oil and fewer moving parts which mean less chance for malfunction.

The new collector ring eliminates rewinding cable.

The new alignment control linkage has positive control that reacts instantly to any misalignment. If there is a malfunction, the entire system shuts off automatically.

The new intermediate control panel is moisture-proof. The base is aluminum. The cover is Kydex plastic. It's non-corrosive, non-conductive, chemically inert, ultraviolet resistant and constructed to prevent the collection of condensation.

The new automatic end gun control option is located at the pivot panel. This solid-state control allows you to turn the end gun on or off as desired.

The new weather-proof coating is designed to give maximum protection from severe exposures.

The primer is fine zinc particles dispersed in a high strength plastic binder.

The top coat is a non-oxidizable, corrosion and chemically inert, vinyl acrylic material.

Together the two coats provide protection similar to galvanized materials, but superior when exposed to highly corrosive, high humidity atmospheres.

The only thing we haven't improved lately is the water pattern. Not even we can figure out a way to do that. Yet.

You can't beat our system. So, join us. For a demonstration.

Contact your nearest Gifford-Hill representative.

### More pay, fewer jobs?

Arguments that raising the minimum wage is an effective way of combating poverty has considerable appeal, and is frequently used by proponents as a reason why such rates should be increased. But in recent years, while the hourly rate has gone up, the result has frequently been increased joblessness and more poverty, the Chamber of Commerce of the United States declares.

Many businesses which cannot afford to meet the required higher wage have been compelled to reduce the number of hours their employees work and, hence, the workers' pay. Others, who may not be able to reduce hours, are forced to reduce their work force in order to stay in business, the National Chamber points out.

Workers likely to be receiving minimum wage rates are very seldom a family's main breadwinner, but are usually the young and unskilled—the very ones whose jobs may be eliminated if employers are forced to pay a higher rate.

A lower wage for these workers should be instituted, the National Chamber feels, permitting business to hire more young workers, especially among those minority groups where

### Status of stamp

Now that the Price Commission has washed its hands of any responsibility for restricting Postal Service rate increases, it is reasonable to predict that those rates will continue their climb, unless the Postal Commission decides to intervene.

It also is reasonable to predict that as the Postal Service prices rise, it will get more competition from private deliverers and other forms of communications, such as the telephone.

But even if the service loses some of its business—assuming that it is not able to fight off competitors through its privileged legal position as a government corporation—it may acquire what, for lack of a better word, could be called mystique. The once lowly postage stamp could assume a new cultural and economic status.

A service station operator in Oxon Hill, Md., not long ago anticipated this new status by substituting postage stamps for trading stamps as a sales lure. Business jumped some 20 per cent, suggesting that maybe his customers are beginning to find it harder to save up enough money to mail letters than to buy a new toaster.

The way things are going, stamps may have a great future as a gift idea for those who care enough to help their friends afford the luxury of using the U.S. mail service.

the unemployment rate is considerably higher.

Many youths are willing to take a job at less than the existing minimum, and such jobs available under a lower pay scale, while useful, would not be worth the adult wage requirement. Hence, such a lower minimum would not jeopardize employment opportunities for adults.

Such a concept is not only economically sound, the Chamber believes, but it also serves the equally desirable goal of creating new jobs openings. As Prof. Paul Samuelson argued so succinctly, "What good does it do a black youth to know that an employer must pay him \$1.60 an hour, if the fact that he must be paid that amount is what keeps him from getting a job?"

### Transcendent issues

A grim race is on to achieve public understanding of the need for adopting national energy goals that will give a green light to intensified oil exploration and development. Representatives of individual companies no longer speak in terms of the welfare of their companies alone—nor that of the oil industry, for that matter. Their first concern is with getting people to realize the magnitude of the task of providing adequate energy to keep the country running.

Energy consumption is estimated to almost double by 1985, yet the public's attitude toward the task of producing and delivering increasing energy to meet these requirements is still based largely on complacency. One oil company executive calls for the "beginning of an understanding" and urged prompt development of national energy goals. The prompt establishment of such goals is imperative because of lead time required to develop new energy sources. Projects for which funds are committed in 1971 won't become fully operational until the end of the decade. Another executive of a large oil company indicates the need for public understanding of today's petroleum industry problems with the admonition that an acceleration of domestic oil exploration is indispensable if the U.S. is to forestall a further decline in its "alarmingly low" petroleum reserves and avert excessive dependence on foreign sources. He emphasized, "Governmental policies directed toward stimulating exploration must be steadfastly and resolutely followed. The issues and stakes transcend domestic political considerations."

Obviously, the complacency which assumes an energy abundance in perpetuity is an invitation to far worse than a simple return to the horse and buggy.

### Letters to ed...

"Letters to the Editor" can be interesting and informative additions to a newspaper, offering an opportunity for the reader to have his say—whether it be for or against items in the news. The Brand invites such letters, but we also have some "ground rules" concerning their publication.

Our policy will be to publish as many letters from readers as possible, provided they are in good taste and free from libelous statements, not too lengthy, and do not come under the heading "advertising."

All letters must be signed and include a legitimate address, and the writer must be willing to have his name published with the letter. Names of letter writers will not be withheld—this is a policy of the new management.  
—SN—

## Texas!

Discovering the Lone Star State with...

### The Mansion

The most famous haunted house in Texas stands just across the street from the Capitol at 1010 Colorado Avenue in Austin—the Executive Mansion.

Much like the White House in Washington, the Mansion has gone through a long history of "evolving". It was designed and built by master builder, Abner Hugh Cook, 114 years ago—33 years before the completion of the present Capitol—to properly house the governors of Texas and their families, as befitting their position. A masterpiece of neo-classic art, it was functionally inadequate and structurally unsound: Experts of the day gave it few years before it would collapse. Down the years, however, succeeding governors have shored it up, added kitchens and baths (the original single bath with a wooden tub was outside and the kitchen had a dirt floor), porches, rooms, an elevator, etc. While not exactly up to 1969 living standards, the Mansion is more livable today than ever. Sporadic attempts to replace the old building with a new one meet repeated failure. Texas likes its tradition.

The Mansion is really a museum, filled with exquisite treasure and trinkets of bygone eras. By custom, each departing governor leaves a personal possession to Texas posterity. Likewise, each First Lady makes some notable improvement or change, as befits a lady, to the grounds or building.

While the Mansion and its grounds are comparatively secluded today, they were for many decades the center of much social activity. Theatricals, formal receptions, huge gatherings and Easter Egg rolls held sway. Parties and dances filled the stately rooms. Eight blushing brides swept down the elegant staircase... one governor died... one governor was kicked out of office and the mansion for refusing to pledge allegiance to the new Confederacy... the venerated father of Texas, Sam Houston. And, there was one suicide, who, according to reliable account, still hangs around.

Come, Texas, and join the every morning tour of these hallowed halls. Exclaim at the priceless memorabilia of the administrations of thirty-four governors. But, keep an eye peeled, too, for empty chairs that rock, doors that open and close by themselves... or the unexpected tap on the shoulder that speaks of an unrequited love of long ago.

How to get there:

### MAIN STREET, U. S. A.

## Borrowed \$\$ means fiscal sanity absence

By BERT MILLS

Washington, D.C.—Few people worry much these days about the astronomical national debt but those who do should know that on January 3, 1972, the public debt of the United States was \$423,771,319,347.55.

Unbelievable as it may seem this nation is in the red to the tune of a mammoth \$423 billion plus. In 1971 alone, the public debt rose more than \$34.8 billion and prospects are at least as bad in 1972.

In the most recent fiscal year, ended last June, the Federal government spent over \$21 billion just to pay the interest on this tremendous debt. Even higher interest payments will be required during this fiscal year.

In case these boxcar figures are too large for the average mind to comprehend, they can

be reduced to per capita basis. For every one of the 208.6 million men, women, and children, in the nation, their share of the national debt is \$2,031.80 each. How does a government operate when it owes such a tremendous sum and yet continues to live beyond its income year after year? In our own times, governments including our own simply printed more money. These "greenbacks" were worthless in theory but when used to pay the government bills, the paper money acquired value at the expense of all other money. The effect was to impose an invisible tax on everybody who had any money.

#### Deficit Financing Causes Inflation

While modern techniques are more sophisticated than printing "greenbacks," the effect on taxpayers is even worse. Now the U.S. Treasury sells interest-

bearing securities to raise cash. They become part of the reserves held by banks and depreciate the value of regular money. Also the public must be taxed to pay the interest and then taxed some more to pay back the bank loans.

So deficit financing by government causes inflation. To control inflation, government spending must be controlled. Every President, every Cabinet member, and every member of Congress knows that. And still the deficit spending goes on year after year, because the pressures for spending are so great.

There is a way to stop deficit spending. It could be ended by making it unconstitutional. A large group of members of Congress have proposed precisely that course. There are 12 Senators and 51 Representatives who are sponsoring bills or resolutions to put the U.S. on a pay-as-you-go basis. Their names were listed in the Congressional Record on the opening day of the new session of Congress by Rep. John Saylor (R., Pa.), a veteran of 2 years in the House.

Rep. Saylor's won proposal is H.J. Res. 1004, which proposes an amendment to the Constitution which would require every President to propose a balanced budget, and prevent Congress from spending any more money than is taken in by the government.

Of the 65 Congressional advocates of limiting outgo to income, only 14 are Democrats, a few of whom are liberals from the north. So it is apparent that a Congress controlled by Democrats is most unlikely to pass the Saylor resolution or anything similar.

#### Cutting Spending Should Rate Priority

Politicians talk a lot about "reordering our priorities." It is a fine phrase but it is usually employed to justify support for some new spending program. Rep. Saylor called upon his colleagues to "join in the struggle to put America back on a sound financial basis." He asked: "After all, is there a higher national priority?"

The answer to that question is "yes," but there shouldn't be. The current breed of officeholders is dominated by spenders, despite the 65 advocates of a balanced budget. Indeed, if the record were studied, it would be found that many of the advocates of economy are also sponsoring programs of their own.

Until the public rises up in wrath and tells Uncle Sam to quit spending borrowed dollars, fiscal sanity will never return to this nation.

## Talk of Texas

BY JACK MAGUIRE

**THE GREAT GIVEAWAY**—History books ignore it, and the man responsible probably didn't know what he was doing. But the fact remains that Texas, in 1896, perpetrated the biggest giveaway of natural resources in its history.

The bonanza was the ownership of all of the ground water, oil, natural gas and minerals on private property in the state. The man responsible for the bonanza was B.T. Selman, the Smith County delegate to the Constitutional Convention of 1896.

Since 1783, when Spain had reserved title to all minerals, known and unknown, for the Kin, Texas had retained these rights even on property that was privately owned. When Texas entered the Union in 1845, it retained as a state the right of ownership of all of its minerals.

In 1847, however, the owners of a salt lake in Hidalgo County had been permitted by the state to sell the salt commercially. Then during the Civil War, when salt was scarce, Texas cancelled the patent and took control of the lake. After the war, the owners petitioned to have the patent renewed.

Selman wanted to see the patent on the salt lake returned to the owners. To accomplish this, he introduced a resolution at the Constitutional Convention releasing all mineral rights to the surface owners of the land. On March 22, 1896, the Convention approved the ordinance. It has been retained in succeeding Constitutions.

As a result, Texas gave away mineral rights that would have brought it revenues within a century of more than \$5 billion annually.

**TEXANS AT WORK**—John B. Aderhold of Longbranch, Rusk County, is the world's largest breeder of bullfrogs.

The more than 5,000 amphibians presently in residence at the Goggle Eye Bull Frog Farm will never see a frying pan. Aderhold raises his frogs strictly for science and guarantees them to be free of disease. As a result, the going price for one adult frog often is as much as \$20.

Aderhold's farm is one of the two in the U.S. devoted exclusively to raising bullfrogs for laboratory use. He breeds the frogs in some 60 specially-built breeding cages which are vermin-proofed, kept at constant temperatures and disinfected with special chemicals to keep out germs.

Hospitals and universities in many states depend on frogs from the Goggle Eye farm for medical research.

**THE UNCHANGING TIMES**—Dallas city fathers have been worried about pollution for at least a century.

On July 12, 1866, the city government adopted an ordinance declaring that it would be a nuisance subject to prosecution for anyone to be found responsible for "deposits or accumulation of any substance that is in a state of decay, and becomes unpleasant, offensive and unhealthy."

### SENSING THE NEWS

By Anthony Harrigan

EXECUTIVE VICE PRESIDENT

Southern States Industrial Council

From the heliport on the 6th floor of the new U.S. Steel Corp. building in Pittsburgh, one can survey a vast stretch of America's industrial heartland. Far below, I can see the Allegheny and Monongahela Rivers which form the mighty Ohio River. For mile after mile, steel mills and other factories rise along these waterways. Ironmasters were at work here in the 18th century. By World War II, Pittsburgh steel mills were rolling more steel ingots than Britain, Germany, France, Russia and Japan combined.

Pittsburgh rose at the point of land geographers refer to as the Forks of the Ohio. The rivers provide access to the rich Ohio Valley, the Great Lakes and the Mississippi. Stefan Lorant, chronicler of Pittsburgh, described Pittsburgh as "at once the bridge from the East and the gateway to the West, the most western of the great cities of the seaboard, the most eastern of the great cities of the valley."

This great city, with its superb geographic location, isn't as accurately known as it should be. Many Americans still think of it in terms of smokestacks and soot. But Pittsburgh cleaned up after World War II. The late Richard K. Mellon, head of the family whose stamp is on almost every feature of Pittsburgh's life, pioneered the fight against pollution in an industrial community—and won. The smog-choked skies are gone.

Since its founding, Pittsburgh has displayed extraordinary vitality. Great fortunes were made here and enormous enterprises fashioned for the future. The dimensions of America's industrial life were devised, in large measure by Pittsburgh's entrepreneurs of the 19th and early 20th century. The city continues to serve as the headquarters for far-flung industrial and commercial enterprises. A new generation of business leaders has applied Pittsburgh's know-how to aviation, electronics, petrochemicals and other contemporary businesses.

But industrial know-how, alone, won't guarantee the success of Pittsburgh in future or, for that matter, the success of the entire American industrial system. Today, American industry—American jobs—are threatened by foreign competitors and by the union monopoly power which has a drive wage rate to fantastic levels. Ever-increasing wage scales and fringe benefits, combined with union restrictions to work, threaten the livelihood of adult Americans and their children in future. U.S. industrial power, of which Pittsburgh is a symbol, could fade in a single generation. Statistics tell the story. In 1960, when Jones and Laughlin broke ground for its new \$80 million open-hearth South Side plant, America's share of world steel production was 47 per cent. By 1970, it was only 20 per cent.

The steel industry feeds the automobile industry. Twenty-two years ago, the U.S. share of world automobile production was 76 per cent. Two years ago, it was 33 per cent. The plunge is continuing.

The United States, in short, is in danger of becoming an industrial drop-out. The jobs of millions of Americans are threatened by the slowdown and unreasonable wage demands that deprive U.S. industry of domestic and foreign markets.

Business leaders in Pittsburgh and other industrial cities understand these facts of life. They know that unions are demanding and enforcing wage scales that don't make economic sense. For example, a foreman, fitter belonging to the Sprinkler Fitter's Union, earn \$17,347.20 a year—without overtime. This type of work requires bossing a one or two man crew and involves manual labor, installing piping, valves and fittings. In addition, the employer is required to pay 60 cents an hour in welfare benefits. This foreman's wage is more than the average sprinkler engineer earns in his job of designing sprinkler systems.

**PROGRAM PRINCIPALS** — Mrs. Max Sherman of Amarillo, wife of the state senator from this district, is pictured with Mrs. Tom Kendrick, right, who introduced Mrs. Sherman as speaker to Calliopean Study Club and guests Thursday evening in Mrs. D. W. Palmer's home.

## Senator's wife is club speaker

A woman's view of the political scene, from the wife of a state senator who is a novice in the office was given members and guests of Calliopean Study Club Thursday evening. Mrs. Max Sherman of Amarillo was the speaker.

Guest night was observed by the club in the home of Mrs. D. W. Palmer. The program was arranged by Tom Kendrick, who introduced Mrs. Sherman, wife of the man serving his first term as senator from this Panhandle district.

When her husband decided to be a candidate for the office, Mrs. Sherman said, she intended to take no active part in his campaign but she soon became interested enough to join him in

visits to every county in the district, house-to-house doorbell ringing and even walks in parades.

Political experiences has been a delight, the young Panhandle woman continued. She feels that "my world has been stretched" by making new friends over the district and in Austin, where the Sherman family lived during the legislative session; also by learning firsthand the real meaning of politics in a democracy and the patriotism roused by being a part of the large whole of government.

She entertained her hearers by telling of social life in Austin, visits to historic homes and to parties given by wives of Texas officials, and of her membership in the Senate Ladies Club and its activities.

Mrs. Sherman and her husband both grew up in Borger and attended Baylor University; she later studied at the University of Wisconsin. She teaches English in West Texas State University and plays the organ for her church. The Shermans are parents of a young daughter and son.

Hostesses for the meeting were Meses, D.C. McWhorter, Gene Parsley, Dale Furr and Palmer.

Guests who registered were Mrs. Dexter Lillie of Grand Junction, Colo., a former Hereford resident; Mrs. W.H. Griffin of Houston, who plans to move to this city soon; Meses. Wesley Fisher, Earnest Langley, Floyd Coleman, Wayne Thomas, Howard Gault, Ben Childers and Wesley Gulley.

Members present included Meses. Keith Simmer, George Warner, C.J. Crump, Alton Fraser, Millard Nobles, David Gibson, Hazen Woods, Sue James, and Ansel McDowell.

The average life of a normal, healthy human hair is seven to 10 years, according to the Stelner of London salon in New York. When a hair degenerates or falls out, it is generally replaced by a new hair—unless its owner is becoming bald.

**HAVE THIS LABEL ON YOUR NEXT PRESCRIPTION**

### The standard deduction is up this year. But maybe you should itemize.

Your best buddy Lenny might have told you to itemize your deductions because it would save you more tax dollars.

Your neighbor possibly suggested taking the standard deduction because you'd pay less taxes that way.

And Frank down at the office he helps everybody with their return... what did Frank recommend?

If there's some way to save you money on your income tax, H & R Block will know how to do it.

Itemized and standard deductions are nothing new. We've been preparing returns for years using both. We'll figure out your situation both ways and then prepare your return using the method that's best for you.

You see, for only a few dollars more than it costs to do it yourself (with advice maybe from some other amateur), you can have your tax return prepared with complete confidentiality by a specially trained member of the H & R Block team. There are thousands of them in over 6,000 conveniently located offices.

Each member of H & R Block is warm, friendly and anxious to help you. A visit to H & R Block usually takes just a short time. Once in our office, you sit down over a free cup of coffee and possibly learn things about your income tax that you never knew existed. Things that we know, because income tax returns are our only business.

H & R Block's fees start at \$5 and the average cost was under \$12.50 for over 7 million families we served last year.

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

It means that H & R Block also offers you year 'round tax service for just one low fee, with no extra charge for audits and estimates.

Yes, it's true. The standard deduction is up this year.

It's one of the many things we'll consider when we do your return.

**DON'T LET AN AMATEUR DO H&R BLOCK'S JOB.**

### McQuigg named bowler of week

Ink Spot took four games Worley Garage and moved into a tie with Watts Texaco for the lead of the Major League in local bowling action. Watts split with Wilson Beef & Lamb.

Roger McQuigg was bowler of the week with a 718 series. He also had high single game scratch with a 221, and high 3-game scratch with a 635.

Ink Spot posted the high team game, 1952, and also had the high team series with a 3033. Orval Watson Ford won four over Arrowhead Mills; Sunset Lanes won three over K-Bobs and Sulley's Vending took three over Dickie's Restaurant.

The standings: Watts Texaco 27-13, Ink Spot 27-13, Sunset Lanes 25-15, K-Bob's 25-15, Orval Watson Ford 22-18, Wilson Beef & Lamb 20-20, Sulley's Vending 20-20, Worley Garage 13-27, Dickie's Restaurant 12-28, Arrowhead Mills 10-30.

### Jo Russell wins Denver rodeo event

Jo Russell, the former Jo Poarch of Hereford, recently won barrel racing events at the Denver Fat Stock Show Rodeo. She has placed in many rodeo events throughout the West Texas area in the past.

Now a resident of Shamrock, Mrs. Russell is the daughter of Mr. and Mrs. V.H. Poarch of Route 3.

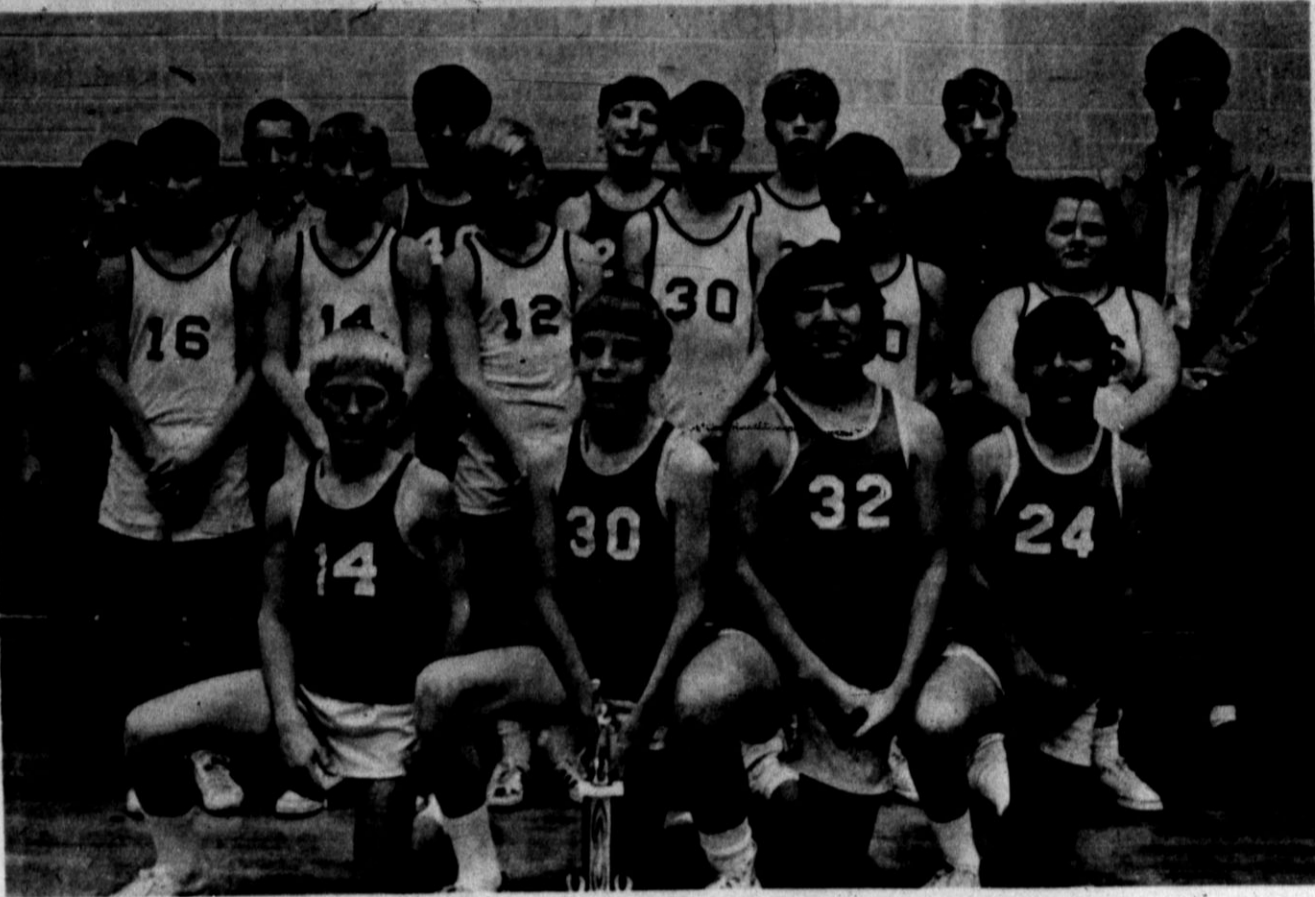

Visitors to the Virgin Islands National Park "hike" one of its paths in swimming trunks, mask and flippers.

ST. ANTHONY'S CAGERS — Winners of the consolation trophy in the recent Hereford Junior High Tournament, after winning over Canyon Purple and Vega and losing to La Plata, are these members of St. Anthony's basketball team; back row, from left, Tony Albracht, Randall Herr, Robert

Rodriguez, Mark Peters, Mike Foster, Matt Graver, and coach Ralph Loerwald; second row, Jerry Koenig, Dennis Schilling, Mike Artho, Doug Reinart, Robert Perez and David Fetsch; front row, Dennis Artho, Don Brockman, Frank Mancillas and Jessie Castaneda. Photo by Betty Koelzer

## Potato producers to vote on national market plan

During the first ten days of February potato producers across the United States will be called upon to either accept or reject a proposed potato research and promotional plan submitted by the national Potato Council and passed by Congress. The much discussed plan, if approved by growers nationally, will have far reaching effect in establishing the image of potatoes to be the consumer.

Public hearings were held this past summer in Denver, San Francisco and Washington, D.C. to determine modifications and support or disapproval of the marketing, research and promotion proposal. The United States Department of Agriculture has reviewed the hearings

and has determined a referendum vote is in order.

Doyle Burns, executive director of the National Potato Council, said, "Now that the USDA has made its recommendation, it will be up to the potato growers of the country to either accept or reject the proposal."

Basically the plan's main provisions call for potato promotion and marketing on a nationwide basis. Any programs developed will not duplicate or take the place of existing strong state or regional efforts.

It has been pointed out that some of the goals will be to improve the image of potatoes with consumers to point out nutritional advantages and to develop new markets and uses for

potatoes.

The Potato Research and Promotion Act, as it is officially called, has set some definite guidelines for administration membership and financing.

Each state is guaranteed at least one member on the Potato Promotion Board which will be made up of commercial potato growers appointed by the Secretary of Agriculture, but nominated locally. Each state will be granted a minimum of one member, with one additional member for each additional five million hundredweight. Once the board is established it will have full powers for administration of the total program.

Financing of the act comes from the levying of assessments at a rate set by the National Potato Council Board and approved by the Secretary of Agriculture not to exceed one cent per hundredweight of all potatoes sold. However, Provisions have been made in the plans to reimburse producers who do not support the act.

Burns said that those who don't wish to support the plan can get a refund of the assessment they have paid by making application to the board.

Burns also pointed out the plan forbids any of the funds collected to be used in attempting to influence government policy. He also noted the act may be terminated or suspended if need be by a simple vote of more than half of the producers. "This way the producers won't be binding themselves to something that would continue for-

ever if it doesn't work," Burns added.

"The important point," Burns commented, "is that the plan, to become effective, must be supported in referendum by two-thirds of the producers voting or by two-thirds of the production representing at least half the producers."

"The plan is self-help, pure and simple," Burns said. "It will be administered by a board of potato producers, developing their own programs and projects and assessing their own members on all potatoes sold with all projects confined to one specific area - promotion and research."

"It's a chance for the potato farmers to do something good for themselves with minimal government participation" Burns concluded.

The vote, due to be taken in February of this year, will be an important milestone for the future of the potato industry.

### Lions taking summer camp applications

Applications for a summer vacation full of fun for handicapped children in the Hereford area are now being accepted by Members of the Hereford Lions Club.

This unique Texas Lions Camp for Crippled children at Kerrville will open its first two-weeks session Sunday, June 4. Five sessions will be held this summer for youngsters from 7 through 16 years of age.

The Camp is free to eligible blind, deaf, mute, or crippled children. Transportation to and from the Camp is supplied by the local Lions. All requests for summer camp are handled locally by Lions.

For more detailed information about the Camp, you are urged to contact Jim Holmes at 384-0006. In the past years, Lions have sent over 13,000 youngsters to Camp.

Snake's eyes are covered by hard, transparent, plastic-like caps so they can burrow without hurting their eyes. They have no eyelids.

### Taped market reports available

Instant market news reports can be had for the dialing, according to a revised directory issued this week by the U.S. Department of Agriculture. Dial any one of 87 separate numbers in 67 cities and towns - and you can receive a recorded market news report that's updated at least every day and usually several times a day. Southwest reports are available in 18 cities.

Hereford and Amarillo are included among the automatic answering devices. Vegetable reports are available at Hereford July through November. General livestock and meat information pertinent to the area can be obtained at Amarillo by dialing 372-3494. The report is updated regularly throughout the day.

This updated list is found in the booklet, "Federal-State Market News Reports-A Directory of Services Available." C&MS-21, revised to January 1972. In addition to the directory of telephone answering devices available, the booklet also contains: A complete list of federal-state market news reports

throughout the nation, arranged by commodity, with the local address of the office can provide the report. Mailed market news reports are sent free on request to persons needing them.

2. A complete list of all reports on the nine teletype circuits of USDA's Consumer and Marketing Service. This list is useful to persons who subscribe to the leased wire service by paying actual line and machine charges to the common carrier which provides the service.

3. A table and map showing locations of all federal-state market news offices.

The market news service provides up-to-date information on prices, supply, and demand for most agricultural commodities. Market news reporters in about 210 field offices gather the information and release it nationally and locally to anyone who needs it provided by USDA in cooperation with state departments of agriculture.

A single free copy of C&MS-21 may be obtained by sending a postcard to Information Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250.

## Economic Stabilization

## Questions and Answers

Q. My lease will not expire until June 1. Can my landlord increase my rent before that date?

A. No. Rentals under lease cannot be increased until the lease expires or comes up for renewal.

Q. Where can I get forms to report wage and salary increases to the Pay Board?

A. Forms PB-1 and PB-2 may be picked up at the local Service and Compliance Centers of the Internal Revenue Service. Instructions for filling out these

forms are contained within the forms.

Q. How does a consumer use a retailer's base price to determine if there has been a price violation?

A. You should compare the current price of an item with the

base price, i.e., the amount charged during the freeze period. If there has been an increase, you may want to ask the manager to explain to you why the price of the product has increased. You may be satisfied from his explanation that the

increase is permissible, because increases are permitted to reflect manufacturer's and other costs. However, if you are not satisfied with his explanation, call your local Internal Revenue Service office.

Q. I'm a small retailer doing less than \$200,000 worth of business a year. I have a sign on the wall of my store telling customers that base price information is available. Isn't that enough to satisfy the posting requirement?

A. No. The base prices of your top 40 items or those products which accounted for 50 percent

of your total dollar sales volume during the last fiscal year must be posted prominently in your store. (Retailers with sales of \$200,000 or more a year must post these prices in each department and must post the base prices for food and food-related products.) The important thing to remember is that the base price lists must be easily accessible to the customer and must not require him to ask a store employee for access to the information.

In addition to the above, all retailers must prominently display, on each floor of their es-

tablishments, at least one sign (minimum size 22" x 28") announcing the availability of base price information for all items that are not posted or required to be posted. Base Price Information Request Forms must be available in at least one location on each selling floor of the establishment and the retailer must respond in writing to such written requests within 48 hours after the request is received.

Q. Can a retailer post his base prices in book form?

A. Yes, as long as the book is prominently displayed.

Q. What constitutes a "de-art-

ment" as far as retail posting regulations are concerned?

A. A department is the organizational unit customarily treated by the seller as a department.

**TOWN HALL RESTORED**  
COBOURG, Ont. (AP)—A citizen's group has launched a \$1.5 million campaign to restore the 111-year-old town hall in this Lake Ontario community of more than 10,000 people.

Victoria Hall, one of the province's more imposing public buildings, was started in 1865 and opened in 1866 after an expenditure of \$110,000.

H. D. CHATTER

## Thoughts of 25 years ago

By Mrs. Argen Draper  
Home Demonstration Agent

WELL, FOLKS, IT'S hard to believe but it's true—this is the silver anniversary of my employment in Deaf Smith County.

Mrs. Taft McGee and Mrs. H. L. Hershey refreshed our memory that the first club meeting I attended in the county was at Progressive with Mrs. H. O. Griffith, and think of this—Doris Parsons Cory was six weeks old and Mary Lou Shore was feeling very grown up as she had just become a teenager.

Mrs. Ira Ott remembers that the first program in February 1947 was on Family Relations—How to Solve Your Problems. Family Life Education has been a strong program area ever since.

Mrs. Paul Hoff reminds me that the first meeting of North Hereford Club was at Mrs. Mary Bodkin's. For years we always said North Hereford Club had four generation club members Mrs. Bodkin, Mrs. Otto Olson, Mrs. Harold Pettyjohn and Roy and Larry Pettyjohn.

Roy and Larry both liked club and really hated to miss; in fact, rather miss school than club!

There have been some interesting things connected with children in club. Sue Shirley is the only youngster who as a first grader came to home demonstration club without her mother.

In receiving the yearbook for 1947 the programs were the same that homemakers need today to raise good and healthy families; i.e. citizenship, making every motion count, landscaping, using new equipment, handwork, good grooming, food preservation and preparation.

There was an unusual program, which gave me a chuckle. It was a debate, Resolved: That the kitchen has more influence

on the home than a living room. The Progressive Home Demonstration Club suggested the program and you know, I'd like to hear that debated today.

Officers of Progressive Club listed in the yearbook are: Mrs. Lewis Harvey, V.E. Dodson, C.E. Watts, C.V. Burgess, Taft McGee, Ira Nickets, T.J. Parsons, F.J. Walterscheid and Clyde Russell.

AT COUNCIL MONDAY when the membership broke the news about the reception, I could distinctly remember Doris Leggett, the district agent, and me sitting in the courtroom where Mrs. J.G. Gandy and Mrs. M.H. Wiseman were sitting Monday and Mrs. T.J. Parsons where she was in January 1947.

Mrs. Parsons was then Parliamentarian and has been a very regular council member and official since.

Three council officers have gone to the school room: Mrs. Merlin Kaul, council chairman; Mrs. V.E. Dodson, vice chairman; Mrs. V.P. Walker, reporter. Mrs. Earl DeHart is serving as secretary-treasurer.

Of the members serving on council committees, Mrs. Ida May Vaughn is deceased. Of the others most are living here but some have moved, one to Mexico, two to Amarillo and one to Muleshoe.

The original clubs that are meeting are Bippus, Ford, North Hereford, Progressive, West Hereford, Westway and Wyche.

Original clubs we do not have now are Fairview, Frio, Heiselman, Sims and South Hereford. Clubs organized since and now meeting: Cultural, Messenger, Dawn, Young Homemakers and

LA PLATA WINS TROPHIES — La Plata's basketball players acquired two third place trophies and a first place in the recent Junior High School basketball tournament. Team representatives shown here are from left, Rowan Alexander and

Carl Simpson, 7th grade with third place trophy; Dave Charest and Mike Crim, 8th grade with third place trophy; Barry Allen and Mike Munterlyn, 9th grade, with first place trophy. Photo by Betty Koelzer

### Home Demonstration Study Club

EXTENSION work in Deaf Smith County had a good foundation under the leadership of Sadie Lee Oliver, one of the nicest persons I've ever known.

Her expertise in foods, home improvement and landscaping notable, and she was good in all other subjects. She did great things for Deaf Smith County families. Mrs. Ira Ott has invited Miss Oliver to the reception Tuesday.

Some of you old timers will remember the other home demonstration agents who served this county: Maggie Avant, Ruby Fincher, Mozelle Craddock, Emma Gunter, Lula Mae Martin and Mrs. Izora Clark Matthews. Mrs. Bob Wilson was employed in 1931 by the county, to work as home demonstration agent.

### IT TAKES GOOD PERSONNEL

to put the Extension work over in a county. These home economists have served as assistant agents and have worked primarily with youth: Doris Mahaffey, Joan J. Coleman, Clara Redman, Loyce Avant, Dorothea Prowell, Jeanette Faulkenberry, Loreta Fowler, Jean Beene, Sandra Ruebush, Rita Huckert, and Joyce Shipp.

In the farm section, Foster Whaley, now County Agent in Gray County, was in training when I came to the county; Robert Devin has worked only a

few months but is doing a good job with youth work.

While in Deaf Smith County, I have worked with three county agents: Hugh Clearman, resigned to go in business for himself; J.W. Thomas, retired, and Juston McBride, who is presently making Extension information and farm management practices available for families.

### COMMISSIONERS COURTS

have cooperated to the fullest in making the work acceptable and successful. The present Court of Hon. H.C. Williams, Earl Holt, Marcus Latham, Bruce Coleman, and Donald Hicks are very good at supporting our work and I appreciate their support personally and professionally.

Extension is only one of the programs that the Court is working in to make Deaf Smith the BEST.

### HERE ARE THE OFFICIALS

in the clubs in 1947: Bippus: Mrs. Julian Perrin, Mrs. Irene Ballard, Miss Christine Fortenberry. Mmes. J.G. Fortenberry, Roy Pruitt, Richard Evans, G.H. Parker, C.F. Rickles and E.K. Pinnell. Ford: Mmes. F.D. Ferguson,

H.M. Benson, Cecil Cayton, George Epting, Chris Wegner, and Maxey Dowd.

North Hereford: Mmes. Bob Fullwood, Louie Olson, Grady Parsons, Murl Parker, George Parker, Frank Brinkman, Fred Barrett, Clinton Jackson and Earl DeHart.

West Hereford: Mmes. Bertie Rowe, Archie Schott, L.J. Matthews, Douglas Wooddell, John Walker, Ida Vaughn, Miss Ara Lewis, Mmes. Buck Richardson, Bruce Wooddell Miss Evelyn Bell, Mrs. Vern Witherspoon.

Westway: Mmes. Earl Scott, Roy Lee Wilson, M.S. Roe, Grace Little, Joe Landers, Manuel Hawks, Carl Schroeder, Merlin Kaul, Joe Wagoner and J.C. Morrison.

Wyche: Mmes. Curtis Tra-week, Paul Wilson, E.C. Hewitt Jr., Billy Graham E. O. Baker, George Robertson, Ira Ott, R.L. Cocanougher, G.W. Newsom and H.H. Caraway.

MY TENURE IN Deaf Smith County has been very enjoyable and I hope my efforts have helped families become better citizens. My sincere thanks to all who

have helped with my work from the smallest to the largest effort; it has taken all citizens, organizations and my family cooperating to make Extension's influence felt in this area.

See you Tuesday 2:30 'til 5:30 at the Blue Flame Room. I will be flattered for families to come by for refreshments and a visit.

THERE'S NO REASON for me getting sick except possibly I went into shock realizing I am here for a silver anniversary reception for employment in Deaf Smith County. when I wouldn't at first promise to work even a year.

### HARD TO BELIEVE

WASHINGTON (AP)—An automatic pneumatic trash collection system that eliminates odors, dust, noise and overflowing trash cans will be installed in a new housing site in Jersey City, N.J. The Department of Housing and Urban Development says the system, first of its kind in the United States, will service about 500 dwelling units, a 40,000 square foot commercial building, a pre-school, elementary school and an indoor swimming pool.

## Speaker's subject is life in Russia

Extending an invitation to husbands to enjoy a special program brought by James Gulde of Amarillo, members of St. Anthony's Women's Organization met Thursday evening in the parish auditorium.

Guests also recognized were Mr. and Mrs. R.L. Layman, Mrs. Gulde and Mrs. W.D. Wolfe.

Gulde showed color slides, gave a talk and answered questions concerning a recent trip to Russia on which Mrs. Gulde accompanied him. The couple spent three weeks in Moscow and traveled through Yugoslavia.

Guide described the Russian's controlled society, the ideas by which the common people live and told listeners to be "thankful for the freedom we have as Americans."

A brief business session, presided over by Mrs. Bill Reinauer, preceded the program. Approximately 30 members were present.

Schumacher, Arbert Robert, W.J. Gililand and Jimmy Brewerman.

The next club event will be Hospitality Sunday, Feb. 6 when appointed members will serve coffee and doughnuts following 10 a.m. Mass. Mrs. Tommy Albracht is chairman.

Starch, a carbohydrate, is found in great amounts in almost every living plant and serves as a reserve food supplement while the plant is dormant.

### C of C Women set board lunch

Executive board members of the Women's Division, Deaf Smith Chamber of Commerce, will meet for a lunch at 12 noon Tuesday in Hereford Country Club, Mrs. Lynn Kester, president, announces.

This is one of the board's monthly business sessions, when committee reports of Mrs. Edward Roberson, chairman, on decoration for the annual Chamber of Commerce banquet Jan. 29, a project assigned to the Women's Division each year.

Britain is governed from London and one in eight inhabitants live within the city boundaries.

## Debra Young is married in ceremony at home

In a pretty home ceremony Friday evening, Miss Debra Ann Young and D.K. Greeson exchanged marriage vows at the home of the bride's uncle and aunt, Mr. and Mrs. Bill Young, 227 Aspen.

She is the daughter of Mrs.

Harvey Young, 112 Avenue H, and the late Mr. Young. The bridegroom's parents are Mr. and Mrs. J.D. Greeson, 232 Star.

The Rev. Homer Goodwin, pastor of First Assembly of God Church, was the officiating

clergyman. Her brother, Thomas Harvey Young of Lubbock, gave the bride in marriage as the wedding party stood before an arrangement of greenery with white and pink carnations. Miss Jo Ann Young was her cousin's maid of honor and Ran-

dy Cawthon was best man, the only attendants.

White acetate crepe made the bride's street length suit, with a sheer bodice styled with portrait neckline and long puffed sleeves. The skirt was goared to flare at the hemline.

Her headpiece was a cluster of white pompon chrysanthemums on ribbon streamers extending over her hair at the sides. She carried pink carnations centered in white pompons, on a bridal Bible with a show of ribbons.

The maid of honor wore a pink crepe dress with dropped puff sleeves and street length skirt. Her corsage was of the white flowers and her headpiece of the pink.

A reception was held after the wedding in the home, with Miss Lorraine Reinart registering guests. Misses Paulette Reinart and Carla George served punch while Mrs. Tony Carter cut the wedding cake.

A bouquet of the pink and white flowers used in the ceremony, was arranged to center the table.

Leaving on a trip which takes the couple to a home in Dallas, Mrs. Greeson had changed to a two-piece pink knit suit.

She is transferring from Hereford High School to a Dallas school as a junior. She has been a distributive education student and DE secretary. An HSE graduate, Greeson is with Bell and Howell in Dallas.

**37 HUD OFFICES**  
WASHINGTON (AP) — The Department of Housing and Urban Development has completed its decentralization program with the activation of 17 more HUD field offices, HUD's field structure now consists of 10 regional offices, 39 area offices and 3 insuring offices.

## Along the Frio

BY MRS. OWEN ANDREWS

Mrs. Sam Ogan continues to improve from burns received in the Frio parsonage fire, Jan. 12. She is still in intensive care in High Plains Baptist Hospital. Among family members here to see her was her aunt, Mrs. Tom Hatchett, of Stephenville. Mrs. Ogan was reared by Mrs. Hatchett after her mother's death when she was a small child.

Rev. Ogan has taken a motel room near the hospital. Their son, Sammy, is still here. Debbie Pitman, a daughter who was slightly injured in the fire, was going this weekend back to Norman, where her husband, Marsh attends college. Debbie decided against enrolling this semester. The other daughter, Mrs. Jack Andrews, goes daily to be with her mother as is permitted.

Mrs. Joyce Lindsey and child-Vicki, 12, Roger, 12, and Ricki, 6, have moved into the tenant house on the H.F. Benson place. Their home is at Eureka, Kan. Her parents, Mr. and Mrs. Laurence Warrick, also of Eureka, helped them get moved and were here Tuesday until Sunday. They also visited the J.E. Warricks. Mrs. Lindsey plans to remain through the spring session of school for the children to attend Hereford schools.

Mr. and Mrs. H.F. Benson attended the Friday evening wedding of her niece, Miss Debra Daniels to Darrell Breiling, both of Amarillo. The wedding was held in Tascosa Baptist Church, Amarillo.

Mr. and Mrs. Darrall Culp and Keith have moved to Wilcox, Ariz. They have lived here several months, coming here from Wilcox last fall.

Mrs. D.C. Miller came home

from an Amarillo hospital Saturday having spent the week there undergoing tests.

Cay and Jim Zetsche spent Thursday until Monday with their grandparents, the Owen Andrews, and with the Herbert Bruns in Hereford. Their parents, the George Zetsches were taking a truckload of farm implements from Dumas to La Russell, Mo. to Glen Andrews. The Andrews moved this month to the location, near Carthage.

Frio Homemakers Club met Tuesday afternoon in First National Bank Community Room, with Mrs. Ronnie Andrews as hostess. The program was a discussion of Packing a Traveling Bag given by Mrs. E.F. Vogler. She made suggestions on planning a minimum wardrobe, how to organize accessories with

costumes for ease of packing and using.

Others attending the meeting were Mimes, Eugene Baldwin, Tommy Sparkman, Annie Lee Dobbins, Henry Andrews, Annie Springer, Jim Brooks, J.E. Warrick, Laura Littrell, T.L. Sparyman Jr., Owen Andrews and Miss Alma Andrews.

Mrs. Grace Henson of Englewood, Fla., came this week to visit her relatives, the Elza Warricks and H.E. Lindleys. She is here especially for a checkup with her physician in Amarillo.

Word was received here of the death Tuesday night of Newt Lawson of Grandfield, Okla., former resident of this community. Funeral services were held there Thursday. Mrs. Lawson died a few years ago, also at Grandfield.

"Cycle" to most people has something to do with a motor or a bike.

To us, "cycle" has to do with the efficient production of electric power, with efficiency and with conservation of resources.

It's about a unit we'll install in 1973. It's called a Combined Cycle Unit. It utilizes a gas turbine to help create electricity and in so doing, it produces heat. We then use this heat to make steam to run a steam turbine which, in turn, produces electricity. Using these units in combination, we generate more power but with less fuel and water than if each were to be run separately.

So, we do the "cycling" and you'll have the power you'll need at the lowest possible cost. Sounds simple, doesn't it? But, it took lots of planning and lots of engineering know-how to come up with this means of conserving resources and yet producing adequate electricity.

ELECTRICITY IT DOES SO MUCH GOOD

FOR SO MANY PEOPLE

**Prince Valiant**  
IN THE DAYS OF KING ARTHUR  
BY HAL FOSTER

**Our Story:** THE CORONATION OF YOUNG KING GIAN AND THE TRADITIONAL CEREMONIES THAT FOLLOWED LASTED FIVE DAYS. "ARN, MY ONLY FRIEND, I FEAR THAT YOU WERE RIGHT. THE NOBLES WISH TO RULE, MAKING ME BUT A FIGUREHEAD."

"WHEN I SEEK INFORMATION ON THE STATE OF DONDARIS I AM MET WITH POLITE EVASIONS AND OPTIMISTIC ASSURANCES. IF ALL IS WELL IN THE KINGDOM, WHY DO MY PEOPLE LOOK APPREHENSIVE AND SPEAK IN HALF WHISPERS?"

ARN'S TUTOR HAD TOLD HIM, 'HISTORY REPEATS ITSELF.' SO HE GETS PERMISSION TO VISIT THE ARCHIVES. THERE HE LEARNS SOME INTERESTING FACTS IN THE HISTORY OF DONDARIS.

AND HE REPORTS HIS FINDINGS TO GIAN. "DANGER THREATENS BEYOND DONDARIS' WALLS. FIFTY YEARS AGO FOUR TRIBES LIVED IN PEACE ON THIS VERDANT PLAIN, THEN CAME THORHOLD, YOUR GRANDFATHER AND A MIGHTY WARRIOR, AND ONE BY ONE HE CONQUERED THE OTHER THREE TRIBES AND LEVIED HARSH TRIBUTE...."

"HE PUT DOWN REBELLIONS WITH GREAT SLAUGHTER AND EACH TIME INCREASED THE TRIBUTE. THE PEOPLE OF DONDARIS ACCLAIMED HIM AS A GREAT CONQUEROR AND THE BRINGER OF WEALTH AND LUXURY TO THEIR SPLENDID CITY..."

"THEN YOUR FATHER BECAME KING AND WORE THE HORNED HELMET AND THE GREAT SWORD 'CALABEAST,' AND NOW FOR TEN YEARS THERE HAS BEEN AN UNEASY PEACE."

"BUT, ARN, WHAT IS THERE TO FEAR?" LAUGHS GIAN. "THOSE CONQUERED PEOPLE HAVE NEITHER WEAPONS NOR AN ARMY. THEY HAVE THE HUMAN SPIRIT THAT REBELS AGAINST TYRANNY ONLY AWAITING THAT DAY WHEN A GREAT LEADER UNITES THEM, AND ON THAT DAY DONDARIS WILL FALL." THE KEEPER OF THE ARCHIVES SUGGESTS: "IF HIS HIGHNESS, PRINCE ARN, WISHES TO CONTINUE HIS RESEARCH I CAN REVEAL SOME INTERESTING FACTS."

## Hints from Heloise

**DEAR HELOISE:**  
We have a little Chihuahua dog that loves to be out in the sun. But we got tired of letting him in and out a million times a day, so we made him a little door all his own.

We took our screen door off the hinges and fixed it for him. We cut a square out of the bottom of the wooden frame, just big enough for him to go through. Then we put hinges on one side of his small door so that it would open out.

Now our dog has his own private entrance and he can come and go as he pleases. This is the way we did

ours, but it could also be done to a regular wooden door. You could make it where the door opens in and put a latch on it if you wanted.

And if your dog is big enough to push the door himself, you could put the hinges on the top of the miniature door and this way it would swing both ways, yet would be closed after the dog passed through it.

Our tiny dog just loves his door and won't even come in when we open the whole door...he waits until he can use his own little door.

Ponce  
That's a doggone good idea!  
Heloise

**DEAR HELOISE:**  
Recently we had a vanette installed in our bathroom, and when the basin was removed, it left holes in the wall that could not be reused, as new holes for the new location had to be made for the faucets.

I knew leaving them uncovered would spoil the looks of the "new look," so I decided to try something to hide them.

I took black friction tape (the black matches the trim of the tile) and cut out leaves and placed one leaf over each hole.

No one is the wiser, as it looks like the tile was installed with the decoration on it.

Frances Littman

**A SWIVEL NECK?**

**DEAR HELOISE:**  
An inexpensive way to make one of those chain necklaces all the girls are wearing is to purchase brass swivels which can be found at almost any fishing tackle store.

Snap these together to whatever length you desire.

Chelsea Crenovese

**DEAR HELOISE:**  
I wanted to give my mother something special for her anniversary, so I bought two new tablecloths and put one on her regular table and one on the extra table she takes out when the whole family is together.

Then I took one of her dinner plates and traced 10 plates on one cloth and 14 on the larger one.

When I got home I embroidered around the plate line and also embroidered the name of each grandchild in the middle of each "plate" on the larger cloth. On the smaller cloth I put the names of her children and their spouses, plus "Mom" at one end and "Pop" at the other. Then put the date and a flower design in the middle of the cloths.

She really cherishes them. Every holiday they're out and she's beaming!

A Reader

**DEAR HELOISE:**  
Here's a hint for a quick

If you have a hint, problem or suggestion you'd like to share... write to Heloise today in care of this newspaper.

J-30

**HELP FOR HOMEMAKERS**

lunch for the kids, or a way to get rid of that always left-over "sloppy joe" sauce. Just heat and serve over macaroni shells or noodles.

It is as good as any tomato gravy and the kids really do it justice.

Sue

**A PIECE OF CAKE**

**DEAR HELOISE:**  
This is my favorite way of dividing square cakes (you could use it on round ones too).

Tear a straight edge from the newspaper. Fold it into halves, thirds, eighths or however many servings you need. Then use this paper as a ruler, moving it as you cut.

For round pies or cakes, use the newspaper edge again. Only this time, put your paper around the edge to the dimension of the pan, fold it into as many servings as you want, then cut at each crease. To find the center, put another strip across the pan at the widest part and fold your paper in half. That's the center.

Ginger Johnson

**DEAR HELOISE:**  
This is a hint for owners of instant-picture cameras. We were always in a quandary as to what to do with the just-developed picture, which must be dry before being handled.

We solved this problem by saving two of the metal containers the film pack comes in. We remove the sponge and staple (which could scratch or smear a picture).

We slip the just-developed picture into one tin, then when it is dry, transfer it to the second tin.

Marcella Thomas

**DEAR HELOISE:**  
The portable crib has many uses. Best known are the playpen, dressing table and junior-sized crib. But now that my youngest child is three, I've just found another:

As a desk!  
Raise the floor of this crib to the high level as in a dressing table. Raise the legs to the high position. (They go low for playpen use and high for crib and dressing table use.) Then drop the small drowside.

I put a typewriter on it.

my small metal file cabinet, a lamp, paper clips, etc., and have all that junk in one place rather than in my bureau drawers.

Mary Dorfman

P.S. This is for the bar-type, not the mesh-type portable crib.

Mary, you're a LAMB for passing on this ingenious tip to our readers who own these versatile cribs.

Heloise

**DEAR HELOISE:**  
Children can use little colored bubble gum balls in the place of missing marbles in their Chinese checker game.

Violet Z.

**HAIR'S HOW!**

**DEAR HELOISE:**  
You know those large safety pins that the smaller ones come on? Well, they sure come in handy when you want to keep your hair back out of your eyes.

It isn't tight-fitting, but real comfortable.

Mrs. J. Howard
