### Details Of Six Day Festival Announced

#### HOME TOWN TALK

By Beddy

Just this question: Is there any connection between this city's water and sewer system requirements and whether one of the local paid firemen (one of the three) resided here one day or one year before taking his present job? If there is some connection between these matters a fellow might be justified in voting against sewer and water bonds because one of the firemen had arrived in the city hours instead of months before being employed by the city. If there is none then there is no logical reason for allowing opinion in the one matter influence a decision in the other.

This little paragraph above is chronicled with nothing personal in mind; just picked up a little dope via grape-vine telegraph.

Roe Fulkerson, editorial writer par excellence, of The Kiwanis magazine, got over a homerun blow in last month's issue. He told of riding into a strange city, with a citizen of that town. They struck a bad bump in a street and the driver said, "I wonder why they don't fix that." He arrived at an auditorium and another citizen of that town wondered why "they" didn't fix the necessities of the place. Roe went on to wonder whether one of those young business men would have waited for "they" to do the job if he found himself on a highway veranda of a Country Club with a beautiful girl looking into his eyes and wanting to be kissed.

And, after all, just who in tarnation is this "they" anyway? "They" personifies to most of us not anybody in particular but everyone in general who do just as we do—neglect their personal responsibilities to their communities. We might say that "they" personifies our own neglect of the responsibilities to our communities.

When we pull ourselves, mentally, away from everything in our town and sit, as if upon a pedestal from whose elevation we breathe anathema upon "they" we err. We are all parts of our community; some of us may represent strong as parts, others withering limbs needing amputation to protect the health of the entire body.

Letting "they" do it and complaining that intangible "they" do not do things we individuals believe should be done leads only to inactivity, stagnation, strife, envy, malice—disintegration of the community's social, commercial, professional, industrial life.

To learn what is being done for betterment of the community it is a good idea to go to the official records; the tax rolls, the city government's records, and to determine what is planned to be done in the future to go directly to officials in charge of various parts of the community business—the city manager, the chamber of commerce manager and directors, the other city and county officials.

It is unfair to ourselves and others when we accept ordinary commonplace gossip as fact, and, perhaps unwittingly, by word of mouth, relay such gossip which, gathering force in its incorrectness, grows rapidly until it is a monstrous example of injustice, carrying poison of most deadly effect.

And here comes Euell Robb with the announcement he is going to outstrip the wonderful feat of making this an outstanding theatre center, accomplished by building the Ritz. Success of the Ritz has shown him enough to lead to a decision to build a \$300,000 playhouse seating 1,500 persons; a theatre that will be one of the largest and finest in Texas.

Yep, things are rocking along pretty well in our town; even if they are sagging in some respects compared with last year and the year before. Where other towns are pretty much in the dumps be-

(Continued on page Eight)

#### FEDERATION HEADS PLAN FOR SPRING

Name Contest To End Saturday; Other Announcements

Details of plans for the first annual all-city festival, to be staged here during May under auspices of the City Federation, were announced Tuesday.

The program will extend over six full days, with plenty to amuse and entertain every hour, the announcement discloses.

Opening on a Monday with a street parade of decorated floats, official carriages of visiting princesses and attendants and numerous other colorful features, the affair will end Saturday evening with a Mardi Gras celebration in which prizes for the most unusual costumes will be awarded, and a general good time made available to every person.

#### Coronation

The queen of the festival, whose identity will be kept secret until she is crowned, will arrive by airplane shortly before the opening parade. Following the parade, which will debut at the central carnival grounds, the local baseball park on the Broadway of America, just east

You have until Saturday night to send your suggestions of a name suitable for the six-day festival to be held here in May. A cash prize of \$25 will be awarded the person who suggests the name adopted. Mail your suggestion to the Contest Editor of The Herald. You may use a coupon appearing in this newspaper for this purpose if you wish.

of the city, the coronation ceremonies of the queen will take place. City officials and others will join in the opening ceremony preceding the coronation.

At the carnival grounds will be all sorts of amusements, rides, concessions, minstrels and musical attractions.

Efforts are being made to add an automobile show, a large Big Spring industrial exhibit and an art exhibit as added features. They would be shown under canvas.

Another high point in the week's program will be a pageant, "Texas Under Six Flags," with a cast of more than 500 persons and a stupendous display of fireworks, firearms and sham battle. "Over the Top."

#### Vaudeville

Ten or twelve acts of big time vaudeville also will be brought here for the week it was announced. One of the largest orchestras in the South will be here to play for dancing each night and a concert band also will be brought for duty throughout the week's program.

Dancing on an open-air platform will be offered each evening except the first, when the queen's ball will be held in the new Crawford hotel annex, now being built.

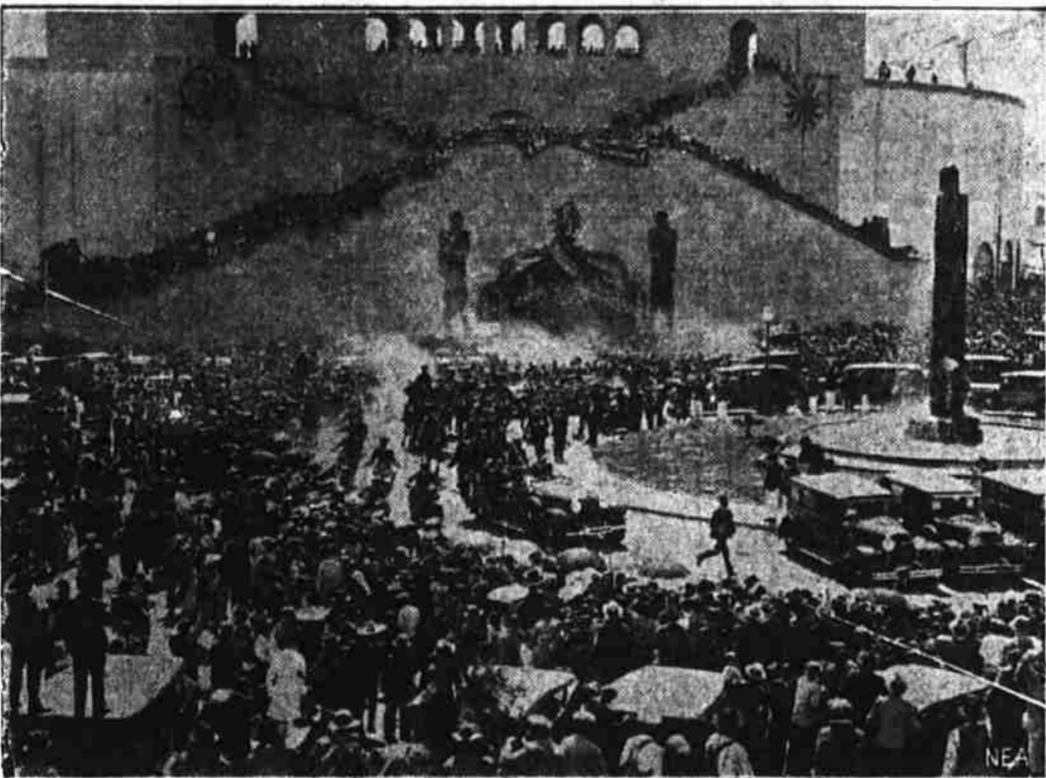

Plans are to make this an annual event, it was said. Tuesday evening, Feb. 25, a special midnight program will be given at the Ritz theatre to raise funds to defray preliminary expenses of the festival.

The announcements of Monday were made by the City federation, through Chris Ming, well-known showman, who has been retained as director-general of the entire program. Mr. Ming, it will be remembered, directed the Kiwanis minstrel last December, which was pronounced the most successful affair of its kind ever produced here.

**Typographical Men To Meet Tonight**  
An important business meeting of Big Spring Typographical Union No. 707 will be held in room 314, Crawford hotel, this evening at 7:30 o'clock according to announcement by the secretary, N. L. Miller.

## 1929 C. OF C. WORK REVIEWED

Mexico's New President Acclaimed Just Before Shooting

This picture shows the crowd assembled as President Pascual Ortiz Rubio of Mexico left the National Stadium at Mexico City after inauguration ceremonies. Note the large military escort. Less than three hours later, an unsuccessful attempt was made to assassinate the new chief executive at the gate of the National Palace.

## Hes Tyler to Memphis

### BETTY LEE SHOPPE TO SELL STOCK

Eron and Jacobs Quitting Ready-to-Wear Business

The Betty Lee Shoppe, East Third and Rannels streets, which has been operated very successfully for the past 15 months by A. Eron and A. Jacobs, will be discontinued as soon as its fine stock of ladies' ready-to-wear, women's and children's shoes and kiddies' merchandise can be sold to the public, the owners announced Tuesday.

Lease on the store space, located in the new Allen building at one of the city's busiest corners, has been sold by Messrs. Jacobs and Eron, who have decided to retire from the clothing business both here and in Plainview, where they operate two stores.

"This entire stock will be sold regardless of the price it brings," they declared.  
The Betty Lee Shoppe, besides conducting one of the most complete kiddies' shops in West Texas,

(Continued on page Eight)

### Defense Has One Day To File Appeal In Damage Suit

One day remains in which defense counsel may file appeal in the \$5,000 judgment returned in favor of Mrs. Myrtle Wheeler against John Guitler, Sr., John Guitler, Jr. and Repps B. Guitler.  
The verdict was returned in district court late last week after the plaintiffs proved to the satisfaction of the jury that W. B. Tidwell was acting as agent for the Guitler interest when his automobile collided with a machine on the Lameca highway and fatally injured George S. Wheeler, husband of Mrs. Myrtle Wheeler.

Plaintiffs asked \$45,000 actual damages and \$20,000 exemplary damages, alleging that Mr. Wheeler could reasonably have been expected to save \$45,000 had he lived to die a natural death at the average mortality age. Mrs. Wheeler was joined in the suit by three children, who were left fatherless when Mr. Wheeler was killed in the automobile collision.

**BANKS TO CLOSE WEDNESDAY**  
Banks will remain closed Wednesday in observance of the birthday anniversary of Abraham Lincoln. It was announced by officers of the local banks.

### REWARD IS AWARDED SLAUGHTER

Hall County Officers Come Here For Prisoner

Hes Tyler, charged with slaying Bryant Nall near Memphis the night of January 30 and who was arrested in Coahoma Saturday afternoon by Sheriff Jess Slaughter, was on his way to Hall county Tuesday afternoon in the custody of Sheriff S. A. Christian and Deputy L. E. Hill.

The Hall county sheriff arrived in Big Spring Tuesday noon. Earl Gilcrest and W. A. Renfro, residents of Memphis, were brought to Big Spring to identify Tyler, which they did without hesitation when the prisoner was brought before them in the Howard county jail.

#### Statement

Sheriff Christian said one of two other men held in Hall county jail in connection with the attempted robbery and resultant slaying has made a statement implicating Tyler in the gun shot which resulted in the death of Bryant Nall.

Sheriff Slaughter had a check for \$600 neatly folded away in his bill fold, the reward offered by Memphis citizens and the father of the victim. Tyler was arrested in Coahoma by Sheriff Slaughter just 4 minutes after he arrived in that city.

Hall county officers and identification witnesses were questioned concerning the reported mob violence danger that was expressed in conversation with Memphis officers Saturday and they replied that feeling had subsided sufficiently to permit the law to take its due course.

#### Denies Guilt

Tyler was grilled by officers here Saturday night in an effort to secure a statement concerning the holdup and shooting that resulted in Bryant Nall's death one week later, but the prisoner staunchly denied his guilt and claimed he knew nothing about the crime. Tyler was held after the questioning and had not been subjected to further inter-

(Continued on page Eight)

### WORK DONE IN INTEREST OF ALL CITY

Multitude Of Problems Arises In Daily Routine

(Editor's Note: This is the first of a series of articles dealing with work done during 1929 and planned for 1930 by the Big Spring Chamber of Commerce. This first article deals with the entire 1929 record in brief form. Subsequent ones will take up various phases of the organization's work in more detailed manner.)

In presenting a report or review of the activities of a chamber of commerce or any organization acting as clearing house for community problems that are, in their very nature, separate and apart from matters falling properly under jurisdiction of civil authorities, one always is faced with the task of giving a correct picture of the day-by-day activities without submerging in them the more important accomplishments.

There is perhaps no place in the entire city where as many small daily tasks of so varied nature arise as in the offices of the chamber of commerce. Scores of persons from every walk of life, with widely divergent viewpoints and aspirations, come here for information and advice. This is given in every instance to the best of the knowledge and ability of the organization.

However, aside from the large volume of work which might be termed routine, numerous specific tasks have been undertaken and many performed successfully during the past year.

Briefly, by months, these have been:  
January: Premiums for 1928 fair paid and county poultry school conducted with E. N. Holmgreen, of A. and M. college, in charge; \$160 in premiums awarded exhibitors.  
February: Assistance given in the campaign to raise \$60,000 for purchase of airport site. Big Spring Airport, Inc., organized.

Gardner S. Rogers, city planning and zoning authority, brought here for joint meeting of city commissioners and chamber of commerce directors.

March: A farmers' short course was conducted with a two-day program well attended. Meals were served by the organization, both days for farmers and their families.

Three representatives were sent to Fort Worth to confer with officials of the Southern Air Transport, Inc., relative to making Big Spring division headquarters on its El Paso-Dallas and projected Amarillo-San Antonio lines. This divisional terminal arrangement was framed under terms of a contract signed in Big Spring with S. A. T. officials. The local airport was officially leased to S. A. T. for three years.

April: City federation was assisted in a clean-up paint-up campaign. Representatives were sent to Lubbock, where the organization was an intervenor for the Texas & Pacific in the hearing on its application for permission from the interstate commerce commission to extend the Texas-New Mexico railway to Lovington, N. M., an application subsequently granted.

A carload of registered dairy calves was made available for 4-H club boys and girls.

Nineteen dairy farmers went to the Panhandle-South Plains Dairy show in Plainview with expenses paid by the chamber of commerce.

May: An open membership meeting was held with Walter D. Cline and a group of local men as the speakers.

Pure planting seed was purchased for club boys.

Oil companies and individuals identified with the industry were assisted in repairing a road, from Astam to the Howard county section of the highway.  
An agricultural advisory council was organized to work in co-operation with the county and home demonstration agents.

June: A joint meeting was held

(Continued on page Eight)

### Trial For Governor

Charged with having spent \$100,000 for campaign expenses in a state where the legal limit is \$4000, Governor Walter Kohler, above, Wisconsin's millionaire chief executive, now faces trial. Among those who filed the charges against him were Philip La Follette, brother of Senator La Follette.

### LINCOLN IS HONORED

Rotary Club Luncheon Attended By 85

Commemorating the birthday anniversary of Abraham Lincoln, Rotarians engaged in an exceptionally interesting program Tuesday noon at the regular weekly luncheon meeting in the Episcopal parish house. Rev. Dow H. Heard gave a colorful talk on "Abraham Lincoln, His Life and His Work," depicting the life of the great American from his boyhood struggles to the presidency and his tragic death. He concluded his talk by giving the famous "Gettysburg Address" by Lincoln, one of the masterpieces of perfect English.

Twenty-two members of Scout Troop 2 were guests of the club and appeared on the program for a Boy Scout drill and repetition of the Scout allegiance to the American flag. Fred Hopkins, scout master, spoke briefly on "The Friendship for Boys" telling members what the friendship of a man may do for growing boys.

Chris Ming, who has been engaged to take charge of a city-wide spring festival, told of his plans for the event predicting that the gala days will bring 50,000 visitors to the city. The project received the approval of the club members.

Frank Eoyles, member of the high school faculty, announced the county basketball tourney to be held here Friday and Saturday, urging support of members.

Eighty-five Rotarians and guests were entertained.

### The Weather

West Texas: Fair tonight and Wednesday; colder Wednesday in north and west portions.

## Leggs Tells House Committee Serious Labor Shortage Would Result From Restricting Mexicans

WASHINGTON, Feb. 11 (AP)—Chairman Leggs, of the federal farm board, asserted today before the house immigration committee that restriction of Mexican immigration would result in a serious labor shortage in the agricultural Southwest.

If Mexican labor cannot be obtained for growing vegetables and small fruit crops, he said, "the land will probably be devoted to cereals, of which the country now produces a very great excess, and on which we are putting forth our best efforts to try to curtail the acreage."

"It is my belief that these people have a very difficult problem to deal with if they are to continue to produce the kind of products

### ROBB WILL ERECT NEW STRUCTURE

Lyric To Be Closed; Two Locations Considered

Plans are being drawn for a motion picture theater in Big Spring that will cost \$300,000 and seat 1,500 persons, J. Y. Robb, head of the Big Spring Amusement company, which operates all three local theaters, announced Tuesday.

The Ritz, recognized as one of the finest theaters in West Texas architecturally and one of the finest sound houses in the southwest, was completed but two years ago. Its success, which has far outstripped expectation of the owners, has led to the decision to cinch Big Spring's position as the outstanding theater town of West Texas by erection of a larger and finer theater, said Mr. Robb.

Two locations for this new theater are under consideration, Robb told The Herald. One of these is on North Security street and the other on Main street, he said.

The Lyric Theater, which also is a sound house and has for many years been a favorite amusement center, will be closed February 22, the sound equipment to be moved temporarily to the Queen on Main street, Mr. Robb said.

The Lyric building has been leased to Acorn Stores, said Mr. Robb.

### Airport Log

Monday, February 10  
Southern Air Transport, Pooker Universal, from El Paso, landed 3:10 p. m., five passengers; Pilot, Howard Woodall; departed 3:20 p. m. for Dallas.

Thorn Dcmnelley, pilot, Erick Hoffman, passenger; Vought-Corsair, navy type attack plane, arrived from west coast, enroute to Fort Worth.

Arthur Oakley, Ardmore, Okla., flying Buhl monoplane for Noble-Olsen Drilling company, arrived from Ardmore, due to depart Wednesday for Carlsbad, N. M.

Buddy Jones, Fort Worth, piloting J-5 Stinson Jr., for Texas & Pacific Coal and Oil company; arrived from Fort Worth.

E. L. Schrader, in Travelair owned by Continental Oil company, arrived from Ponca City, Okla.

Tuesday, February 11

E. L. Schrader, in Travelair, hoped off on short business trip; due to return to port late Tuesday.  
Southern Air Transport, Pooker Universal, arrived from El Paso 10:15 a. m., two passengers; departed for Dallas 10:20 a. m.; Pilot Howard Woodall.

**Baptist W.M.U. Meets In**  
**Circle Sessions Monday**

The Women's Missionary union of the First Baptist church met in circle meetings Monday afternoon for the regular monthly combination business and mission study programs.

Central circle met with Mrs. F. Gary, circle leader, in the church parlors. Mrs. Gary opened the meeting with a devotional, which was followed by an interesting discussion by members.

The circle decided to study a home mission text and chose "Stewardship in the Lives of Women." Reports from committees were heard. Mrs. Woodley was hostess, and assisted by Mrs. Battle, served delicious refreshments to 12 members present.

Mrs. H. H. Squires entertained West circle in her home on Douglas street. Mrs. Lester King led the devotional and Mrs. W. E. Buchanan gave the opening prayer. The study lesson was taken from the mission text "Soul Winning" and was conducted by Mrs. B. Rea-

can. Twelve mite boxes were distributed. Fifteen members were present.

Mrs. J. W. Barnett entertained the East circle in her home at 410 Nolan street when six members were present. Mrs. R. C. Haich led the devotional and Mrs. J. S. Austin had charge of the business meeting and the study session. Offerings for Buckner's Orphan home were made.

An important business meeting was conducted by the Christine Coffee and the Lucille Reagan circles which met jointly in the church. It was decided to combine the two circles under the name of Lucille Reagan Mrs. Mildred Jones was made chairman of the new circle. Mrs. R. T. Piner, vice-chairman. Mrs. W. D. Cornelison, secretary-treasurer. Mrs. Sidney Woods, chairman of missions. Mrs. A. L. Cone, chairman of mission study. Mrs. S. R. Weaver, stewardship committee chairman. Mrs. Bennett, chairman of the benevolence committee. Mrs. C. G. Glascock, personal service. Mrs. A. L. Cone, periodicals. Mrs. I. A. Fuller, educational chairman. Mrs. W. R. Douglass, publicity. Mrs. J. D. Boykin, Bible study. Mrs. G. H. Hayward, mite box chairman. Fourteen members were present.

Mr. Critchlow offers to send 1 to interested. Write him today. He also wants County and State Agencies everywhere to make \$250 to \$1,000 per month—adv.

**OPENING AT R. & R. THEATRES**

**NORMA SHEARER APPEARS IN "THEIR OWN DESIRE," RITZ**  
It is just possible that psychological reasoning lay behind Metro-Goldwyn-Mayer's choice of Sarita Fuller's novel, "Their Own Desire" as the vehicle for Norma Shearer's forthcoming all-talking production of the same name.

For, when moviegoers attend the opening of the new Shearer picture starting Wednesday at the R. & R. Ritz theater, they will come into cinema weather of the warmest temperature, and this exclusive of the love scenes between Miss Shearer and her leading man, Robert Montgomery. For 60 per cent of the scenes in "Their Own Desire" are laid outdoors and were filmed in such a variety of spots as Lake Arrowhead, more than 100 miles from the Metro-Goldwyn-Mayer studio in Culver City; the fashionable Norcoean club, near Elsinore, where swimming pool holes were made; a polo scene on the grounds of the Midwick Country club, in Coyote Pass, and scenes in Franklin canyon, in which wind machines were used in the manufacture of a hurricane.

It is said that executives of the producing organization experienced some difficulty in finding a vehicle for Miss Shearer which would be a fitting successor to her preceding successes, "The Trial of Mary Dugan" and "The Last of Mary Chenevix," the company finally hitting upon the Fuller novel, which was satisfactorily adapted to Miss Shearer's purposes by Frances Marion.

The story deals with a modern girl whose parents are on the verge of separation due to the father's belief that his wife has become too old for him. When Lally, the daughter, played by Miss Shearer, finds her father in the arms of another woman, she becomes embittered and takes her mother to a resort to get away from the insulting domestic situation. Here she falls in love with Jack (Robert Montgomery) whom she promises to marry, subsequently to discover that he is the son of the very woman whom she has seen with her father. The climax of the story gives Miss Shearer ample opportunity for a display of that dramatic talent for which she is so very well known while the swift-moving sequences, the dialog and the finished performances of the supporting cast place the picture as something above the average.

Besides Montgomery, the supporting cast contains such well-known players as Lewis Stone, Belle Bennett, Helene Millard and Mary Moran, while minor roles are played by Cecile Cunningham, June Nash and Henry Herbert.

**MORTON DOWNEY SCORES AGAIN IN PLAY AT LYRIC**

Apparently destined to achieve big things on the dialog and singing screen Morton Downey, Broadway's golden-voiced tenor who scored so emphatically as Tommy O'Day in "Mother's Boy," is seen to excellent advantage in his second Pathe star dialog picture, "Lucky in Love," which will be seen and

heard at the R. & R. Lyric theater on Wednesday.

Mr. Downey was born in Brooklyn, N. Y., and from his earliest infancy he has been known as a singer with a superb voice which in time developed into a tenor often compared to John McCormack's. He was for many years identified with Paul Whiteman's famous musical organization as soloist. He was in Europe for several years, and on his return, in October, 1928, he was given his first dialog and singing role in "Syncopation." This was followed by his appearance in a stellar role in "Mother's Boy," and in "Lucky in Love" he has the part of an Irish stable boy, whose golden voice wins the love of Lady Mary Cardigan, an Irish beauty.

The story written by Gene Markey affords Mr. Downey numerous opportunities for the display of his mimetic and vocal talent. There is plenty of drama, comedy and fine melody. Betty Lawford plays opposite the star and the featured players, all stage artists of distinction, include Colin-Keith Johnston, Halliwell Hobbes, J. M. Kerrigan and Mackenzie Ward. In the supporting cast also are such players as Eddie O'Connor, Louis Sorin, Edward McNamara, Elizabeth Murray, Tyrrell Davis, Richard Taber and Mary Murray.

The production was directed by Kenneth Webb, under the supervision of Robert T. Kane, producer. James Seymour supervised the dialog and Bradley Barker was production manager. The cameramen were Phillip Tannura and Harry Stradling.

Expert watch repairing for less money. Fifteen years' experience. No job too difficult. Watches, clocks and jewelry repaired. Satisfaction guaranteed. Wilke's, now located first door north of First National Bank.—(Adv.)

# THE BIG SHOT

by FRANK L. PACKARD

SYNOPSIS: From the slum where it was born, the Big Shot has grown into a powerful force in New York City. The story follows the rise of a young man from a slum to a position of power and influence. The Big Shot is a powerful force in New York City. The story follows the rise of a young man from a slum to a position of power and influence. The Big Shot is a powerful force in New York City. The story follows the rise of a young man from a slum to a position of power and influence.

## CHAPTER VIII. THE BIG SHOT IN ACTION.

A sense of earnestness assailed End as she stood on the elevated platform. How silent the city had become! There was scarcely a glimmer of light in any of the upper windows of the houses and buildings. One thought crowded another as End waited for what seemed an endless time.

Then she heard the noisy train approach and the platform shook as it pulled up in front of the station. Near an exit somewhat in the shadows End waited.

The train stopped. Yes, here were Skinny and Maloch! There was only one other passenger—a woman with a child in her arms.

All three came hurrying toward the exit, the woman close at the heels of the two men. End stepped a little farther into the shadows and allowed them to pass by her—and then she began to follow them down the stairs.

And then, when halfway down the stairs, she saw a man's form appear on the sidewalk—a man who walked rapidly by toward the foot of the stairs. She caught her breath. She was instantly conscious of an intensive sense of familiarity. That walk, the man's carriage, the swing of arms and of shoulders, the poise of his head! "Roy!" she called out brokenly.

There was no answer—no attention paid to her. Skinny and Maloch joined the man. They walked rapidly away in an uptown direction—and she couldn't see them any more.

She brushed past the woman in front of her, and ran down the remaining steps. A car was standing at the curb. The three men were getting into it.

"Roy! Roy! Roy!" she called again, but the only answer was the splutter of the car's exhaust.

Mechanically she ran after the car at top speed—and it was not until she was a quarter way up the block that, realizing the futility of what she was doing, she stopped. She kept the car in sight until it swung off the avenue at the first cross street and disappeared from view.

There was a sob in her throat as she turned then in indecision and looked around her. She swayed a little, and in a curious, groping way felt out for the nearest doorway and leaned against it for support. She wasn't going to faint, was she? Tears were in her eyes. Her lips trembled. If it had been Roy surely he would at least have turned his head when he heard his name.

## Successful After Ten Years Of Search

PLAINVIEW FARMER HAD ALMOST GIVEN UP HOPE WHEN HE TRIED ORGATONE. TROUBLES NOW GONE

"Honest, I've been trying for ten years to get the relief two bottles of this Orgatone (Argotane) has given me," declared E. F. Felly, a well-known farmer residing on Route 1, Plainview.

"Yes, ten years ago," he declared "I started having trouble with indigestion and from that time on I have certainly had my share of it. I kept taking medicine, thinking I would get over my trouble, but I just kept on suffering. My appetite was no good and I had an awful burning and pains in and about my stomach. I got to where I was disgusted with medicine because nothing helped me. I was blue and despondent, I had no ambition and was just getting clean down and out as far as health was concerned."

"I was so miserable I just felt like I must get some relief somehow, and when I saw so much in the papers about Orgatone (Argotane) I decided to see if it would do me any good, and upon the recommendation of the friends who had used it I bought my first bottle. Well it's fine. My awful pain and distress went away before I had finished my first bottle. My appetite is like it should be and I sleep like a log; I may have gained some weight too, I don't know about that but I do know that I feel like a new man, and Orgatone (Argotane) is the cause of it. If anyone will inquire I certainly will tell them what this medicine will do. I'm satisfied there is nothing to equal it."

Genuine Argotane may be bought in Big Spring at the Cunningham & Phillips Drug Store.—adv.

## Glasscock Brothers' No. 1 Edwards Waits For Cement To Set

Final completion of Glasscock Brothers' No. 1 Edwards, the well known Glasscock county well in northern Glasscock county that encountered a hole full of sulphur water while attempting to uncover a lower pay, awaits hardening of 40 sacks of cement, which were used in plugging back to the upper pay between 2,277 and 2,299 feet.

No. 1 Edwards, 1,650 feet from the east line and 330 feet from the south line of section 18, block 33, township 2 south, T. & P. Ry. Co. survey, encountered the first sulphur water while deepening from 2,375-2,422 feet and the final increase in sulphur water was encountered from 2,741 to 2,491 feet. Operators will test the cement job about Tuesday or Wednesday and then will re-runt tubing and rods and produce the well from the 2,277-2,299 feet pay, which rated approximately 100 barrels daily for 10 days before deeper drilling was started.

Mr. Willard Sampson underwent a major operation Sunday night in a local hospital.

## Miss Lingo To Leave For New York City

Miss Ada E. Lingo, who is in the employ of the J. Walter Thompson advertising agency in New York, expects to leave Big Spring for Houston Wednesday morning on the Southern Air Transport plane, going via Dallas. From Houston she will sail for New York to resume her duties.

Miss Lingo, a graduate of Big Spring High school, is a granddaughter of Mrs. A. M. Evans, pioneer Big Spring woman. The young woman came from New York by plane recently that the family physician might perform an appendicitis operation, from which she has recovered very rapidly.

## JUST A LITTLE LATE

LONDON—Although Mr. and Mrs. William Griffith received a set of silver for their wedding 50 years ago, they didn't use it, for it was stolen shortly after they were married. The entire set was recently found where the robbers had hidden it in a stretch of marshy land about two miles from the Griffith home. It was in excellent condition.

## How They Grew Thin

You will be surprised, if you look around, at how many people have grown thin in late years. It is evident that some new method has come into very wide use. It has been found that a weak gland is a great cause of obesity. So modern physicians have been fighting that cause, without starvation diets.

This right method is embodied in Marmola's prescription tablets. People have used them for 22 years—millions of boxes of them. Now in almost every circle the delightful results are apparent. A book in each box of Marmola tells you how and why it acts. The formula is given. Go try this remarkable, this natural means. Ask your druggist today for a \$1 box of Marmola. You owe that to yourself.

## BURFORD TO BUILD LINE INTO ECTOR

Four Inch Carrier To Connect With Trunk Line In Winkler

Contracts for construction of a four inch oil line from the new Ector county pool near Judkins to the Burford refinery at Pecos by way of Wink were closed last week, according to information received in Big Spring Monday.

The four inch line from the new Ector field will connect with a main trunk line leading from the Winkler county field to Pecos. Agents of the Burford Refining Company are now engaged in securing easements across ranch land in Ector and Winkler county. Actual construction of the four inch screw line is expected to start early this week, according to the information received here.

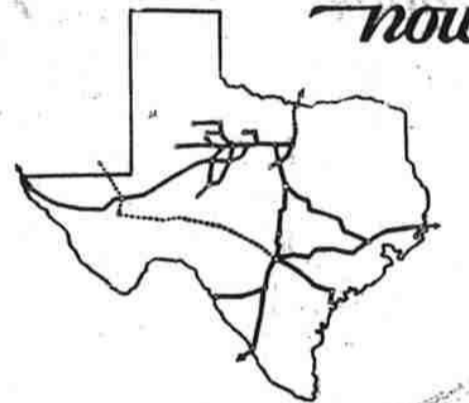

The Ector county pool has been pinched stringently because of limited outlet afforded by a small line. However, the new four inch line will not permit all producing wells to produce their maximum yield.

## the Big Shot might not be Roy.

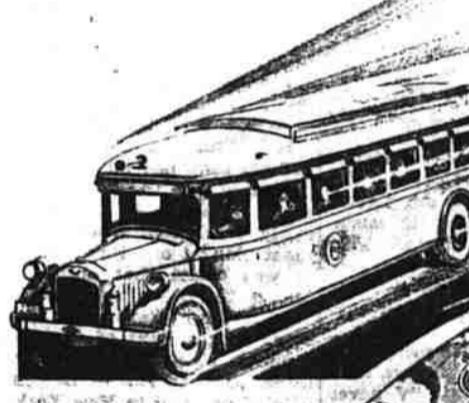

There was only one thing to do, and but a moment in which to do it.

End to the rescue! Read tomorrow of her impulsive action and its consequences.

# 316 miles of TEXAS ROUTES

### now served more conveniently and more economically

## Courthouse Employee Injured In Mishap

GREENVILLE, Tex., Feb. 10 (AP). Charley Hickman, assistant janitor at the Hunt county courthouse, was injured slightly Monday when gas, believed to have accumulated when a burner under a boiler went out, exploded as he lighted a match in the basement of the building. Only slight damage to the structure was caused by the blast.

Citrus survey to be made of South Texas in February, according to San Juan Sentinel.

## Two Texas Railways Seek To Build Near New Oil Territory

WASHINGTON, Feb. 10 (AP).—Two Texas railroads filed petitions with the interstate commerce commission seeking authority to build into new oil territory open up around Van, Texas. The Texas Short Line, controlled by the Texas & Pacific company, proposed to reach Van by building 11 miles of line from Grand Saline, Texas, while the St. Louis Southwestern company proposed to build 17 miles to the same terminus from Van Junction, a point on its present line.

### Presbyterian Ladies Hold Long Session

Members of the Women's auxiliary of the Presbyterian church held an all-day meeting in the manse Monday, with morning and afternoon program sessions, and a luncheon period. Members of the King's Daughters circle served the luncheon.

The morning program was as follows: Scripture lesson taken from the missionary text, with Mrs. W. F. Cushing, leader; discourse on the first chapter, "An Inclusive China," by Mrs. Cushing; prayer by Mrs. W. R. Settle; song by the assembly; "A Small Church," by Mrs. Emory Duff; "A Persecuted Church," by Mrs. C. P. Rogers; solo by Mrs. M. N. Meiner; "A Poor Church," by Mrs. Frank Jones.

The afternoon program included the following numbers: "A Conquering Church," by Mrs. B. F. Wills; a song by the assembly and "A Challenging Church," by Mrs. J. B. Litter.

Those present were Mesdames Roy Tucker, Ida Mann, W. R. Settle, E. L. Barrick, J. O. Tansitt, R. C. Strain, B. F. Wills, White, J. B. Litter, Compton, W. C. Barnett, Frank Jones, M. N. Meiner, Emory Duff, Temp S. Currie, Baker, Leon Moffett, Ellen Gould, H. S. Faw, R. L. Owen, C. P. Rogers and W. F. Cushing.

### DAIRYING IS MAJOR ITEM FOR DAWSON

LAMESA, Feb. 11.—Dairying has taken a major part in Dawson county's diversified farm program, according to W. W. Evans, county agent. Plans are under way here at present by merchants and farmers to present a three-day short course during April in connection with the opening of Lamesa's \$200,000 powdered milk plant this spring. Sponsors of the short course have already begun with initial plans for the three days. Several nationally known dairy authorities, including D. T. Simmons, president of the Texas Jersey Cattle association, have been invited to attend.

Activities in the dairy industry in Dawson county include stocking farms with better grade cattle by farmers and increasing their herds. Feed will be an outstanding crop in this section during the next few years, it is predicted, since the increase of cattle.

There are at present 10,000 head of milk cows and heifers in Dawson county, according to a recent survey. A large number of this amount has been shipped in recently by farmers who are preparing for the milk plant and who are planning to supply the plant with its capacity amount of milk each day.

As interest in the dairy industry grows in this section merchants and business men are preparing to aid in the rehabilitation of herds and in the farmer's plans to educate themselves to dairying. A local printing shop will issue a sixty-six page booklet in connection with the opening of the plant. Text and editorial matter will concern the dairying industry and will be written by well known dairy authorities.

Progressive Lamesa merchants saw the need of a market for milk products since the farmers could only dispose of cream at many of the produce houses here. A market for whole milk cream and skimmed milk was needed and from this necessity plans for a powdered milk plant culminated, it is thought.

Construction work on the milk plant here is being rushed so that it can be opened during May, according to the contractor. Fall of this year will probably be a busy season for the milk factory, it is believed.

### Marvelous Work Of New Konjola Medicine Told

Collins Bros. Drug Store To Introduce Advanced Remedy For First Time In Big Spring

If you were told that one single medicine put hundreds of men and women back to work in Chicago, Philadelphia and other large cities after they had been idle for months with health troubles, it would sound

G. H. MOSBY Discoverer of Konjola

impossible, wouldn't it? And that countless people were completely relieved of rheumatism and neuritis, and that they were able to walk again, without care or crutches, and that this same medicine restored health to men and women who had suffered with stomach and kidney troubles for years, that complete relief had come in cases of misery where health resorts, expensive treatments and medicine upon medicine had failed—indeed it seems impossible. Yet it is all true, and the medicine that has done all these things is the new Konjola, which is being introduced starting today at the Collins Bros. Drug Store, Big Spring.

Wherever introduced, this Konjola is vastly different and more effective in thousands of cases of ill-health than any previously known medicine. It is a remarkable liquid compound for the following well-known troubles.

**RHEUMATISM:** Especially severe cases, where pains are intense, muscles swollen, joints stiff and rigid. In the milder cases of this disease, Konjola relieves almost at once, and this medicine brings the same results to the neuritis victim that it does for the rheumatic sufferers.

**STOMACH, LIVER, KIDNEYS and BOWEL TROUBLES:** Nearly all forms of misery that arise from these unhealthy organs have been so quickly relieved by Konjola that men and women sufferers everywhere were surprised. It is the action of this medicine on the organs of the inner-system that removes toxic poisons from the system and brings quick relief in so many cases. The secret of this Konjola is the way it acts on the important functional organs of the body, namely, the stomach, liver, kidneys and bowels. So many diseases and long standing disorders of these organs were so completely conquered and entirely banished by this new compound that thousands of people in larger cities were able to give up taking medicine for time to come.

After the great accomplishments and wonderful work of Konjola in other sections, it is declared that this medicine is what hundreds of sufferers in Big Spring and vicinity have long needed to actually reach their cases, and preparations are being made to introduce Konjola for the first time at the Collins Bros. Drug Store, where this medicine will be sold and explained to the public daily.—adv.

### Cosden Well Flows Heavily

Flowing steadily at a rate of 100 barrels hourly, with tools and 1,000 feet of wire line in the hole, Cosden Oil company's No. A-1 University, three-quarters of a mile north of the nearest production in the Jenkins pool of Ector county, gave promises of being the largest well drilled in the field.

During nine hours ending at 7 o'clock Monday morning, the well flowed 875 barrels, according to reports received. Pay was topped in the well at 3,596 feet, just two feet above the first pay in Landreth Production company's No. S-1 University, which is three-quarters of a mile south of Cosden's new producer.

Cosden's No. A-1 University, 310 feet from the north line and 440 feet from the east line of section 1, block 35, University land, is the northernmost test drilled in the area. After pay was topped at 3,596 feet, an increase was secured at 3,640 feet and the hole was bottomed at 3,654 feet, where the tools and 1,000 feet of wire line were lost.

Prior to development of record production in Cosden's No. A-1 University, the same company's No. B-1 University, 1,650 feet from the south line and 440 feet from the east line of section 2, block 35, University land, was the largest well in the field. No. B-1 University topped pay at 3,568 to 3,574 feet, with increases from 2-586-90, 3-616-26 and the last increase from 3-636-73 feet, where the well tested 520 barrels in five hours.

Landreth's No. S-1 University, the nearest producer to Cosden's latest discovery and 1,650 feet from the north line and 440 feet from the east line of section 1, block 35, University land, topped pay at 3,520 feet. One increase at 3,520-32 feet was encountered before the well was completed for 856 barrels daily from a total depth of 3,562 feet.

Liano Oil company's No. 1 Hogan, slightly more than one mile south and slightly east of Humble, Penn and Atlantic's No. 1 Kitch, Hamsey and Abrams, discovery producer in the pool, had drilled Saturday to 2,480 feet in salt and anhydrite. The well is 330 feet from the north and west lines of section 18, block 44, township 3 south, T. & P. Ry. Co. survey. The test is reported in one-quarter to have logged the last salt at 2,305 feet. Salt was topped at 1,300 feet which would make its thickness 915 feet. Compared with an average of 815 feet in the thickness of salt in Landreth's No. S-1 University and the two Humble, Penn and Atlantic producers, Elevation of Liano Oil company's No. 1 Hogan is 2,913 feet.

### Counsel Employed By Comptroller

AUSTIN, Tex., Feb. 10 (AP).—Comptroller S. H. Terrell has employed former State Senator T. H. McGregor and former Attorney-General W. A. Keeling to represent him in any proceedings before the house of representatives which may develop out of criticisms directed at him by a special report of State Auditor Lynn.

In announcing that he and General Keeling had been retained, McGregor said Terrell would have no statement to make "at this time."

Representative Alfred Petach, of Fredericksburg, said the charges against Comptroller Terrell and Treasurer W. G. Hatcher were being drawn and would be put before the house during the day and accompanying them would be a resolution requesting the speaker to set in motion machinery incident to a hearing.

The state auditor had reported the comptroller's office had not made a "satisfactory accounting" of approximately \$60,000 of state funds, and charged the treasury department with "inefficiency and incompetency."

LONDON.—Princess Mary's bridesmaids now are all married. The last to go to the altar is Lady Diana Bridgeman, the bride of Sir Robert Abdy.

# February 10th to March 10th Inclusive Farm and Ranch Month

## in the Big Spring Herald Classified Advertising Columns!

In February and March people are interested in moving and making new locations for the spring and summer months. Many of these people are leaving farms and ranches and want to sell their places... others want to move to the country and are wanting to buy farms and ranches... To bring these two classes of West Texas people together the Herald is making a special offer for classified advertisements under the "Farms and Ranches" classification during the period — February 10th to March 10th, inclusive — "Farm and Ranch Month." Here is the offer:

**SPECIAL**  
**Classified Advertising**  
**Offer**  
for  
**Farm and Ranch Month:**

One  
**FREE Insertion**

Lomax Meets Steers For County Cage Title

Big Spring Hoopsters Take Second Licking From Lamesa

RURAL CLUB MAKES LAST CAGE STAND

Right to Participate In District Matches At Stake Tonight

Lomax, a rural school in Howard county claiming just seven boys eligible for senior basketball competition, will battle against what seems insurmountable odds this evening at 7:30 o'clock when its quintet comes to Big Spring to play the Steers for the county championship.

The Steers aren't worried about the game, but if no improved brand of basketball is played that has characterized the domestic club's product recently, they are due for a tumble. Lomax is coming to Big Spring with everything to gain and nothing to lose.

How About It? I remember a few weeks ago a statement was printed in this space to the effect that county tournaments as conducted now are unfair to the rural school. There was R-Bar, a school that was attempting to live up to the letter and spirit of the rules, virtually eliminated from a chance at the title because its team had participated in a rigorous day tournament with other teams playing ineligible men.

Private Coach It seems the coaches had a meeting about 10 days prior to the tournament and agreed to suspend interscholastic league rules in playing the county tournament. How, from what source the coaches secured the right or power to suspend interscholastic league rules when it is so specifically stated that all members agree to abide by the rules and regulations, is another unanswered question.

Change Possible We understand Big Spring public schools have maintained a more or less "hands off" policy when the county interscholastic league officials and directors are elected. Why the city schools should adopt this policy is inexplicable aside from the soft-shelled reason that rural schools will form the opinion the city is attempting to run things.

Slattery Wins Titular Fight BUFFALO, N. Y., Feb. 11 (AP)—Jimmy Slattery, of Buffalo, was on the top of the light heavyweights today, a champion in the eyes of the New York state athletic commission at least, and his reign was certain to last for 60 days. At the end of that time he must defend the crown against Maxey Rosenberg, barlequin of Harlem.

Broadway Hits On Old Gold—Paul Whiteman Hour Tonight

Broadway's two biggest current musical amazes, "Strike Up the Band" and "Sons o' Guns," furnish the high lights of the Old Gold-Paul Whiteman program over the Columbia broadcasting system Tuesday evening, Feb. 11, from 9 to 10 o'clock.

Paul Whiteman

and arranged for the occasion by the king of jazz, Paul Whiteman, will be sung by Mildred Bailey, and the dashing "Ride On, Vaquero," from the same peppy show, will be chanted by Bing Crosby.

- 1. Hello Baby... Rhythm Boys
2. Never Say Die... Rhythm Boys
3. Strike Up the Band... Quartet
4. Ride On Vaquero... Crosby
5. Waltz—Must Be Somebody... Trio
6. Waiting... Fulton
7. As Long As I'm With You... Trio
8. Looking at You... Crosby
9. Figaro... Trio
10. I Have to Have You... Crosby
11. Medley from "Sons o' Guns": What Love Can Do
12. Collegiate Love... Rhythm Boys
13. What Would I Care... Trio
14. South Sea Rose... Trio
15. Little Kiss Each Morning... Crosby
16. Lisa... Trio

Blair Cherry Is Amarillo Coach

Blair Cherry, a coaching product of the Oil Belt district, but mentor at North Side High school in Fort Worth for the past two years, has been named head coach at Amarillo. Cherry's application was accepted by the Amarillo school board Monday.

The new Amarillo coach is a product of Texas Christian university. He started his coaching career in 1924 as head of athletics in Ranger High school. During four years in which he directed Bulldog athletic teams he had his clubs consistently among the leaders.

Trappings Carried With Lion, Leo, On Tour Cost \$100,000

It isn't every animal that has \$100,000 spent for his equipment when he travels, but that is the sum, we are told, that is represented in the fleet of magnificent motor cars and truck that comprise the caravan that is transporting Leo, the Metro-Goldwyn-Mayer lion on his tour of the world.

PETE DONOHUE MARRIES

CINCINNATI, Feb. 10 (AP)—Pete Donohue, 29, Fort Worth, Tex., Cincinnati National league pitcher, was married here Monday to Miss Frances Meyer, 26, Louisville, Ky.

FAILURE TO HIT BASKET LOSES TILT

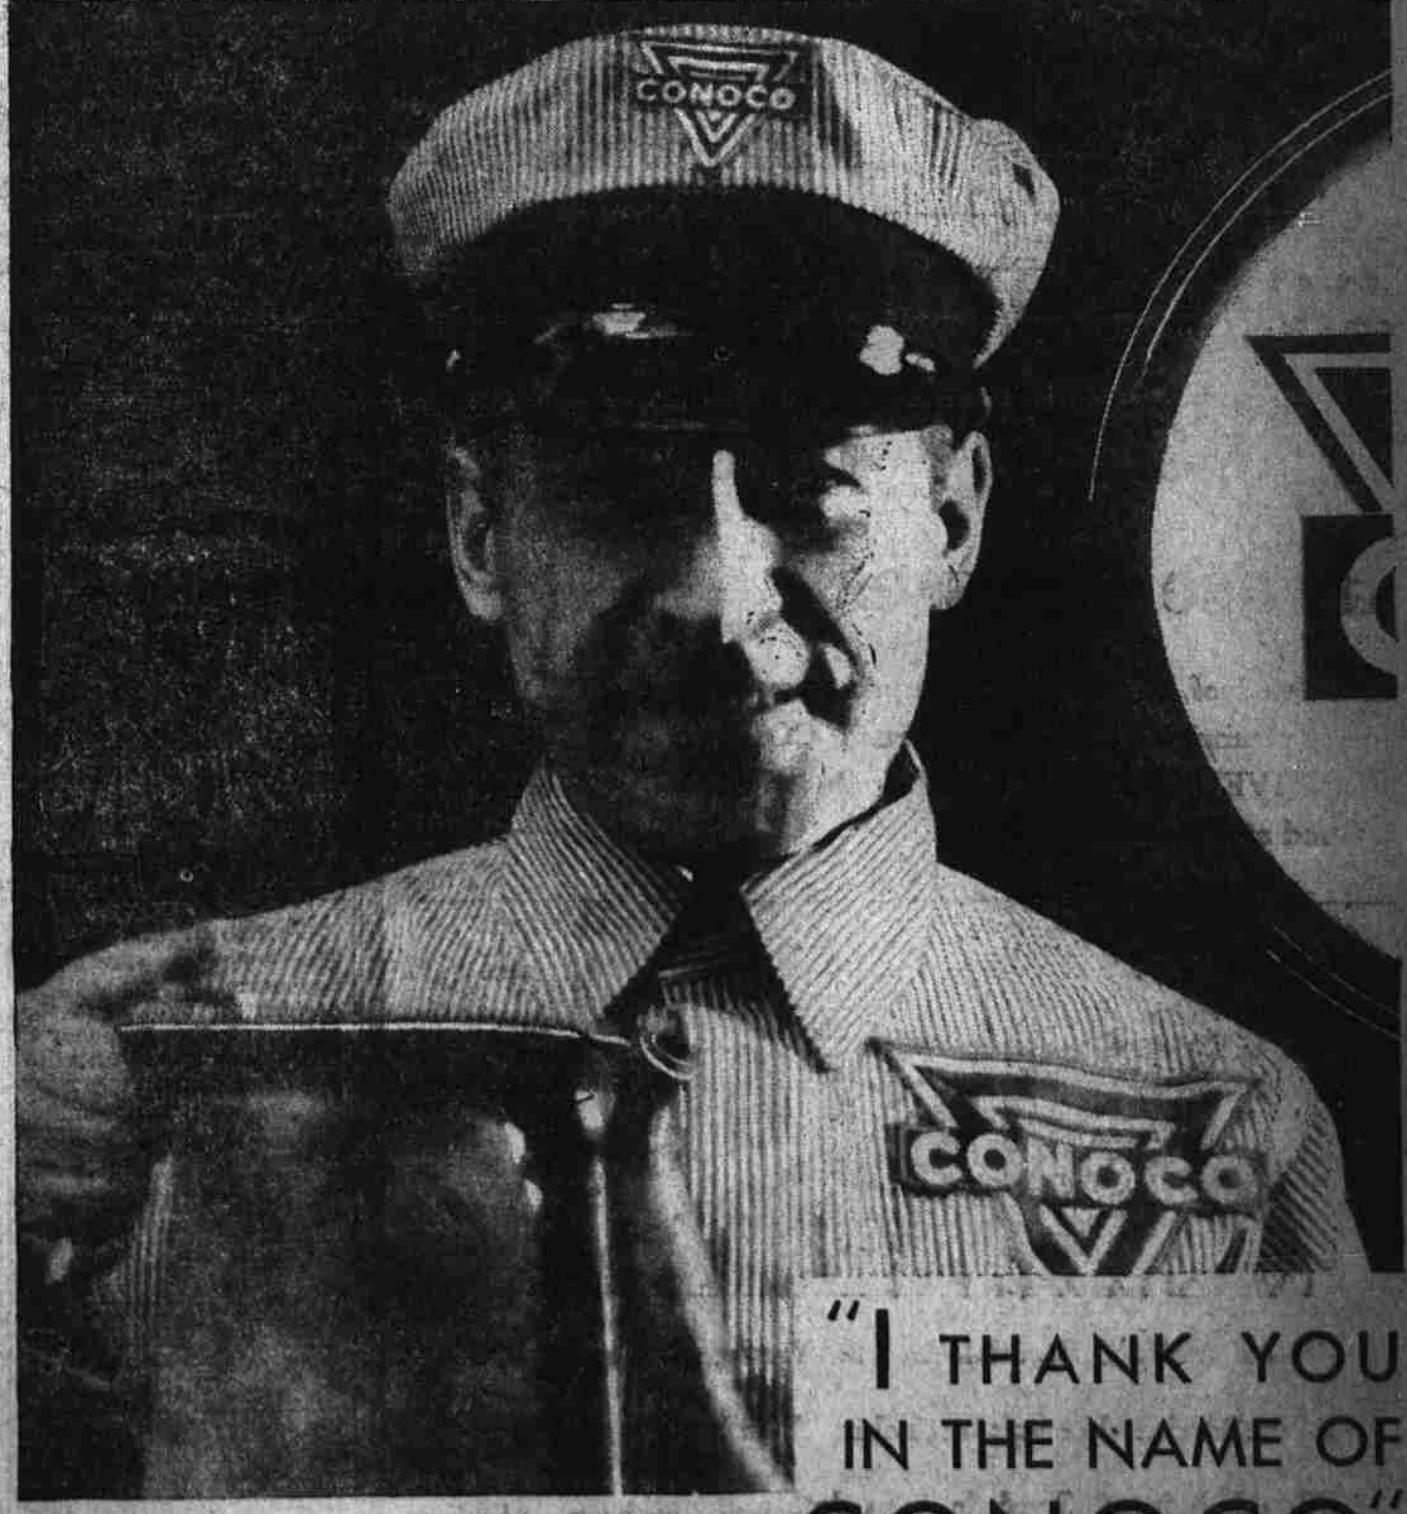

Golden Tornado Men Connect From All Angles Of Court

The Steers had no alibis of small gym and concrete floor to offer Monday night, but the fact didn't change Lamesa's plans for winning another basketball game. The Golden Tornadoes went about their task in a business-like manner and when the final gun cracked the score stood 33 to 22 with the Dawson county crew safely on top.

Coach Stevens' boys suffered an acute attack of "no-basketitis" and it proved a serious malady. On the other hand Lamesa's cagers were tuned up to top with Sprabery, Banta, Reagan and Borden hitting the ring from all angles of the court.

Elmer Pardue turned in a creditable game from a field goal standpoint, clicking the mesh nets for five goals, but his gratis tossing from the foul line was terrible. Pardue converted only one free goal out of nine efforts, which figures out a low percentage of efficiency. Ted Phillips seemed to be regaining some of his last season's form, but he committed three personal fouls, and the Lamesa boys made a habit of converting.

(Continued on page eight)

"I THANK YOU IN THE NAME OF CONOCO"

Thank you for the immediate and tremendous response to our challenge, on the introduction of Conoco Germ-Processed Motor Oil. Thank you many thousands of Regular Customers as well as the many thousands of new users who have flocked to Red Triangle stations, until it has kept all of us on the jump to drain and refill crank cases with this remarkable motor lubricant.

Conoco challenged the oil world last November with the revolutionary new Germ-Processed Motor Oil. Definitely the first fundamentally better oil of the century, this oil is now smashing all sales records. No reasonable person will use any other oil once he has heard the story of this new oil and its "Evaluative Liberty." We invite you to stop at the Sign of the Red Triangle for your first crankcase fill.

#### FAILURE TO—

(Continued from Page Seven)

##### Scoring Ice Broken

Trust Bell broke the scoring ice with a free toss, but Spraberry, brilliant Lamesa guard, came back with a field goal and forged his team in the lead. The first quarter was a thriller with Big Spring claiming the long end of an 8 to 7 count at the end of the period. Lamesa came back in the second quarter and ran its string up to 16 markers while Big Spring was adding a single field goal. At the end of the third quarter the Steers had failed to gain on the sharpshooting Lamesa quintet and the score stood 22 to 15.

The Steers tried desperately to overtake their foes in the final stanza, but three field goals and one from the foul line made no impression whatever on the final count, as Lamesa caged five from the field and one gratis pitch.

Spraberry and Pardue tied for individual scoring honors of the game with 11 points each. Tom Hutto was decidedly off form Monday night. The slim gentleman that is usually pressing teammates for individual scoring honors missed everything he attempted. A Lamesa player drew one technical foul for talking back to Referee Walter Adams and one technical was charged to the Golden Tornado captain when some over zealous Lamesa rooters booed Pardue in the act of attempting a free toss.

The Steers showed some improvement in getting rid of the ball, but there is still a tendency to overlook a man open under the basket or near the basket who could return the pass to a guard coming on through for a close shot.

#### Anniversary Is Observed With Informal Party

Mr. and Mrs. Shins Phillips celebrated the fifteenth anniversary of their wedding Monday evening at an informal party where a small number of guests were entertained in the Phillips home at 1304 South Scurry.

Guests included some of those who attended the wedding 15 years ago. The evening was spent in playing informal games and in friendly reminiscences.

Mr. and Mrs. Phillips were remembered with a lovely set of crystal glasses and sherbets, gifts of the guests.

Those present were Mr. and Mrs. C. W. Cunningham, Mr. and Mrs. W. W. Ingram, Mr. and Mrs. Steve Ford, Mr. and Mrs. Fred Stephens, Mr. and Mrs. Homer McNew, Mr. and Mrs. James T. Brooks, Mr. and Mrs. Phillips, Miss Nell Hatch, Mrs. Harvey Williamson, Messrs. Lester Fisher and Joe Flock.

#### S. C. Lamars Entertain

Mr. and Mrs. S. C. Lamar entertained at dinner complimentary to Mr. and Mrs. T. J. Lamar, who celebrated their fifth wedding anniversary during the week-end. In the attractive new Lamar home in Fairview Heights.

The dining table was laid with a cloth of flit and centered with a mound of pink and white sweet peas and dainty fernery. Tall lighted pink tapers were set at the end of the table in silver holders. Silver candy dishes filled with pink and white candies further accentuated the color idea. Small Valentines were used as place cards.

Mrs. Jack Nall gave the toast to the honor guests, wishing for them a "smooth road just a million smiles long," throughout their lifetime.

Mrs. Jones C. Lamar and Raymond Reed won prizes in the games of "42" which were played following the serving of the delicious three-course dinner.

Guests were Mr. and Mrs. Ray Martin, Mr. and Mrs. Jack Nall, Mr. and Mrs. D. H. Reed, Mr. and Mrs. W. A. Reynolds, Mr. and Mrs. Raymond Reed, of Stanton; Mr. and Mrs. Jones C. Lamar, Mrs. O. L. Parks and W. H. Griffin.

#### Home Town—

(Continued From Page 1)

cause they have to depend solely upon cotton when cotton is low, or altogether on oil production when the oil market slumps, we are continuing to receive benefit of industrial payrolls of magnitude greater than those existing in any neighboring city. This helps a lot, although it does not spell solution of the problems of all wage-earners, skilled craftsmen. If something could be done this minute to give steady and profitable employment to every man living here we're sure there's not a business man who would not help to do that thing; and the chamber of commerce would lead the way, too.

views. Hall county officers did not ask Tyler to make a statement before they started on the return trip to Memphis.

Bryant Nall, who was shot thru the stomach the night of January 30, was engaged as manager of a general merchandise store, a gin and filling station in the Ely community about seven miles southwest of Memphis. A man, named by Nall before his death, entered the store and pretended to be seeking warmth and shelter from the cold night. After all other customers had departed, Nall suggested that Tyler had warned sufficiently and that he was ready to close the store. At that juncture, the man drew a gun and ordered the store manager to put up his hands. Nall offered resistance and was shot through the abdomen.

The gun shot wound caused Nall's death one week later. Description of the man hunted was broadcast thruout Texas and Howard county officers especially cautioned be-

We are farther behind in HEALTH protection than any town of our requirements in Texas. Let's protect the HEALTH of our families—the most precious gift that we possess.

#### A GREATER BIG SPRING

No town in Texas holds the opportunity that Big Spring holds and now we are in the Crossing of the Roads. Let's pull together as other LEADERS are doing and protect our lives, properties and our HEALTH.

Yours for a GREATER BIG SPRING (A Citizen favorable to a continuation of Progress and GROWTH)
