

Funeral Service Planned For Mrs. Phillipp

Rosary services for Mrs. John D. Phillipp, 67, of 305 Ave. J, will be conducted at 9 p.m. today in Rose Chapel of Gilliland-Watson Funeral Home, and the funeral is scheduled for 2 p.m. Monday in St. Anthony's Catholic Church.

The Rev. Boniface Riedmann, pastor, will officiate. Burial will be in Rest Lawn Memorial Park.

Mrs. Phillipp died Friday in an Amarillo hospital. She was the former Frona Loren Mathews, born Dec. 14, 1905, at Poarch, Okla. She came to Deaf Smith County from Oklahoma in 1921, and was married here in 1927. Her husband died July 15, 1966.

Surviving her are a daughter, Louise Beckman of Hereford; a son, Stanley, of Amarillo; sister, Gladys Craig of Hereford; a brother, Ronald Mathews of Amarillo; eight grandchildren and one great-grandchild.

Albert Pena's Funeral Slated Monday Morn

The funeral of Albert Procella Pena, 47, of 702 Irving, will be conducted at 10 a.m. Monday in St. Anthony's Catholic Church and burial will follow in St. Anthony's Cemetery, directed by Gilliland-Watson Funeral Home.

Until the time of the funeral, the body will lie at the Veterans of Foreign Wars Hall.

Mr. Pena, who has been employed as attendance officer by Hereford Public Schools several years, died Friday in Deaf Smith General Hospital.

He is a veteran of military service in World War II and the Korean War. Born Sept. 12, 1925, he is a native Texan and came to this county in 1963 from Bastrop. He married Manuella Mendoza in 1947 at Brownwood.

She survives him, with two daughters, Geneva and Rose Marie; two sons, Albert Jr. and Rickie, all of Hereford; three brothers and a grandchild.

Graduates Hold Spring Banquet

Palm trees, grass-thatched huts and fiery volcanoes in a flowery setting made a Hawaiian scene for the senior banquet of Hereford High School's Class of 1973 Friday evening in Deaf Smith County Bull Barn.

Graduating seniors and their guests dined, heard a short program and then danced to music by the Black Water Draw at the annual party, high point of commencement social activities.

Steve Hysinger, class president, welcomed guests and

introduced the speaker, Jim Holston, director of student activities at West Texas State University; the soloist, Bill Devers, who sang the class song, I Shall Never Pass Again This Way, and dance band members who presented popular songs.

He also gave special recognition to Doris Fangman, chairman of the decoration committee, and Jennifer Smart, who painted murals. Gordon Gearn, vice president of the class, gave the dinner invocation and Danny Harris, secretary, the benediction.

Dinner music was by Jim Aikin and Rex Lee.

Rodney Gordon is faculty coordinator for the class of '73; other sponsors who assisted in arranging the banquet are Lynette Barefield, Margaret Bell, Billye Buck, Jo Ed Cupell, Bill Gentzel, Lois Laubhan, Betty Mercer, Betty Oglesby, Sue Painter, Steve Thomas and Ann Warwick.

SALUTE TO TRUSTEES—Two retiring school trustees received resolutions of appreciation Thursday night during the annual School Board Dinner. Hugh Clearman, board president, presented the large, framed certificates to Clark Andrews and Ed Loerwald.

SIGNS WITH RAIDERS—Hereford's Luther Mays, who advanced to the state meet in the half mile, signed a track scholarship with Texas Tech here Thursday afternoon. His parents, Mr. and Mrs. L.V. Mays, watch approvingly as he signs the papers. Tech coaches Gerald Myers and Corky Oglesby were here to talk with Mays, who will also try out for the Raider junior varsity basketball team.

Raiders Recruit Mays For Track

Luther Mays, honored as the Hereford Whitefaces' outstanding track man this season, was signed to a track scholarship by Texas Tech University here Thursday afternoon.

Mays, who won fourth in the state meet in the half mile, was signed by Tech coach Corky Oglesby, who also doubles as

assistant basketball coach and track recruiter. Raider head basketball coach Gerald Myers was also on hand for the signing.

If you haven't guessed by now, Mays' first love is basketball and he'll get a chance to play that sport at Raiderland. Mays says one of the prime reasons he decided on Tech was that he'll be given an opportunity to play basketball his first year.

Grid Official Recruits Needed

A meeting for all local men interested in officiating football games has been set for Thursday at 8 p.m. in the Whiteface field house.

The meeting has been planned by Donnie Laughlin and Jake Webb, two local members of the Amarillo chapter of the Southwest Football Officials Association, and by athletic director Larry Dippel.

There is a need for officials on the junior high level, and Laughlin invites and urges all interested men to attend the Thursday night meeting. A film on football officiating will be shown.

Luther ran a season's best time of 1:53.9 in the 880-yard run at the state meet in Austin. That mark set a new school record at Hereford, a record which Mays continued to lower during the season. His time of 1:56.2 in the district meet also set a 4-AAAA record.

A two-year letterman on Coach Don Cumpton's track team, Mays also owns one letter in basketball. Mays was a member of the Herd's mile relay team, with his best lap in the quarter being a 49.1 clocking.

Luther is the son of Mr. and Mrs. L.V. Mays of Hereford. Both parents were present for the signing Thursday and were "thrilled and excited" about his opportunity to go to college.

Pony League Teams Listed, Play Starts

Rosters were completed for Pony League teams and play started this week, it was reported by Melvin Hoover, president.

The league, for 13-14 age boys, will have most of their games on Monday and Thursday nights. Four teams comprise the league, and doubleheaders will be played at 6 and 8 p.m. on Mondays and Thursdays.

In Thursday's action, the

Indians scored a 7-3 win over the Twins, and the Orioles downed the White Sox by a 11-4 count. Mike Foster was the winning pitcher and Archie Crim socked a home run in the Indian's triumph. Greg Hacker took the loss, while Tim Sandoval led the Twins at the plate.

Hector Ramirez hit a home run to spark the Oriole hitting attack against the White Sox. Mike Reyes was the winning pitcher, and Richard Moya the loser. Bill West led the White Sox hitters.

In Monday's season-openers, the Orioles bested the Twins, 12-8, and the Indians clipped the White Sox by 6-2. Ramirez, Rowan Alexander and Dennis Artho led the Oriole attack, and Artho was the winning pitcher. Tim Sandoval led the losers' hitting attack, but took the mound loss.

Crim pitched a one-hitter and Steve Hoover and Mike Foster led the hitting to pace the Indian win over the White Sox. Scott Taylor was the loser, and Bill West got the only hit for the White Sox.

The team rosters:
WHITE SOX (Mgr. Terry Russell, Coach Joe Melton). George Collins, Bill West, David Nolen, Gary Hester, John Kindler, Jerold Stewart, Mike Culp, Ricky Matchett, Michael Pittard, Gary Pagett, Richard Moya, Scotty Taylor, Leslie Dacy.

Twins (Mgr. Greg Chisholm, Coach Roger Gregory). James Mays, Terry Bilbrey, Kent Herring, Greg Hacker, Sammy

Davison, Alfred High, Gary McCuistian, Timmy Sandoval, Kent Ellis, Richard Waters, Billy Bayne, Rodney Symons, Arthur Rocha.

INDIANS (Mgr. Jim Hansen, Coach Earl Yocum). Carlos Trevino, Scott Dryden, Joe Ray, Dale Tarr, Steve Hoover, Archie Crim, Mike Foster, Ruddy Coleman, Dyrrel Wells, Greg Hennington, Rudy Castillo, Jonathan Salazar, George Yocum.

ORIOLES (Mgr. Joe Artho, Coach Fritz Backus). Rowand Alexander, Raul Arroyos, Henry Torres, Michael Reyes, Greg Albracht, Dennis Artho, Jimmy Lawson, Hector Ramirez, Abel Trevino, Gary O'Rand, Jimmy Wright, Benny Moore, Bill Stubbs.

Local Ropers In Unique Event

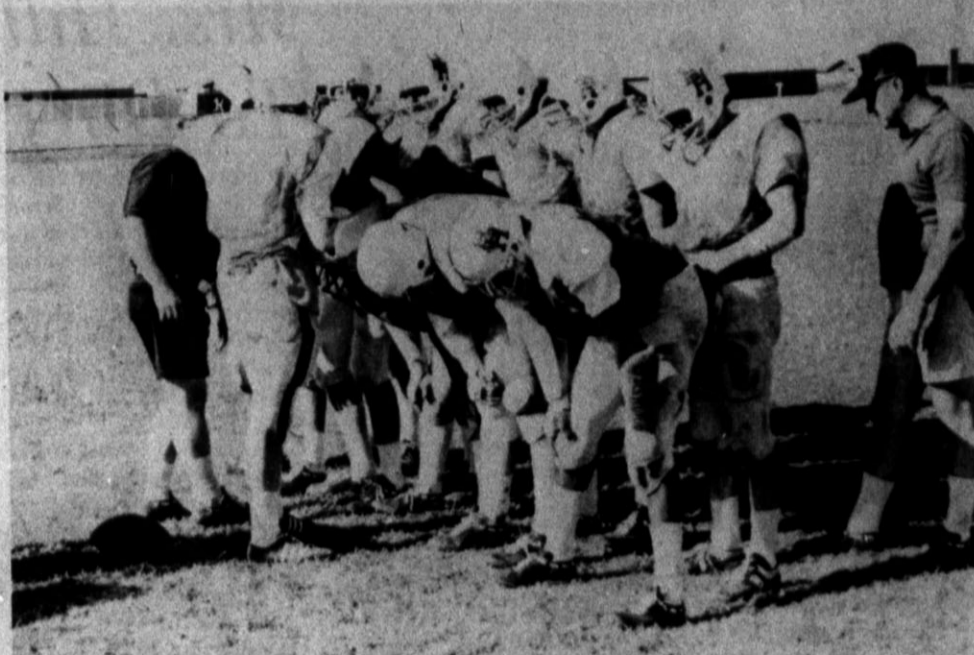

PERRYTON—Wade Lewis and Kim Gripp of Hereford will be among 22 of the nation's top steer and calf ropers who will be competing in Perryton May 19-20 in the world's most unique roping event.

Each roper will tie down two steers and two calves each day, with the first session scheduled for Saturday night, May 19, at 8 p.m. and the second session Sunday at 2:30.

The field of contestants is headed by World Champion Phil Lyne of Three Rivers, a 25-year-old who wears the title of All-Around World Champion Cowboy. He won the title by winning \$60,882 official prize money on the rodeo circuit last year, also winning the world champion calf roping title. He was also second in the world champion bull riding competition.

WIN RELAY TROPHIES—Terry Brady and Roy Martinez display trophies won by the La Plata track team at Saturday's meet in Perryton. La Plata's eighth grade tracksters won first place awards in both the 440 and 880-yard relay events.

SPRING GRID DRILLS—The Hereford Whitefaces are currently conducting spring football training, and a defensive unit gets instructions here from coach3s Don Cumpton and Dempsey Alexander. The varsity candidates held a scrimmage session Saturday morning, and the spring practice ends with a spring game Friday night.

4-4A Baseball Team Named

The 4-AAAA All-District baseball team, as selected by coaches, was released today with champion Monterey dominating the 14-man team with 6 selections.

Hereford was the only school not represented by at least one player on the first team. David Loerwald, junior, was named on the honorable mention team as an outfielder.

The coaches picked shortstop Tommy McIntyre of Monterey as the Player of the Year, and Monterey's Brad Harrelson and Coronado's Steve Bewley as Sophomores of the Year. Snyder placed three players on the first team; Coronado and Plainview had two each, and Lubbock High landed one.

Monterey selections were catcher Jimmy Shankle (Jr.), first baseman Gary Ashby (Sr.), shortstop Tommy McIntyre (Sr.), outfielders Larry Horn (Jr.) and Marlin Hamilton (Jr.), and Horn also as one of the pitchers.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin

TEXAS PRESS ASSOCIATION

AUSTIN—One of the most important cogs in our credit-based economy is the well-managed credit bureau.

In many Texas communities, retail merchants sponsor their own bureau. In some places, they depend upon and cooperate with reputable independent bureaus.

The function of a credit bureau, regardless of who runs it, is to be an objective third party, performing the task of gathering information from business with whom the consumer has traded, and making that information available to other creditors.

The credit bureau is important to you, because it literally is the keeper of your financial reputation. An error in credit reporting could result

in the loss of a preproperty choice, a purchase bargain—or a job. In the past, there were frequent reports of abuses by some unscrupulous or careless keepers of credit records. The Congress responded to those reports by enacting the Fair Credit Reporting Act, which sets standards for proper operation of credit bureaus and firms which engage in credit record checks.

The Fair Credit Reporting Act prohibits the collection of credit data for any purpose other than for the granting of credit.

If a merchant is given a "bad" report on your credit rating, you should be informed, and you have the right to inquire as to the reason.

If you have innocently overlooked payment on an account, that gives you an opportunity to take care of it, and clear your record. If, for some reason, you have had to delay payments to your creditors, the negative report could prompt you to clear up the problem.

In the event that someone merely has ignored his responsibility as a credit user, of course, knowledge of an unfavorable report would give him the impetus to reassess his financial situation.

The Texas Legislature went an extra step in 1971, and passed a law to make it a misdemeanor crime to "knowingly" give a false credit report.

That left room for human error, which could occur in a credit bureau as easily as it could in any other type of business operation.

Honest mistakes do happen. I know of one case in which a man with an excellent salary and an excellent payment record moved into a new city. He bought his wife a washer and dryer on installment, and before the first installment was due, the merchant's delivery truck arrived to repossess the appliances with the explanation that the man was behind in his payments.

It turned out that the firm had our friend confused with another man who bore exactly the same name—middle initial and all; same age; same profession, and same place of birth. That was straightened out—with the help of the local credit bureau manager.

A good credit record is one of the most important assets a consumer can have today. It is the magic key to free choice in major purchases decisions, such as a home and a car—sometimes, even the financing of a youngster's college education.

Some people who are not short of cash take out bank loans, or make an installment purchase, just to maintain a "live" credit record.

But if you are the average consumer who is dependent on the credit system, you should make it work to your advantage: When you are planning an installment transaction, be frank with the credit interviewer about your job history, your salary and other income, and your credit obligations. If family illness or some other problem caused slow payment in the past, don't be afraid to explain it. It's much better to let the creditor base his decision on facts, than to find out you "fudged."

TO APPEAR IN AMARILLO—Sonny and Cher, the husband-wife singing-comedy team of television, recording and concert fame, will appear at the Amarillo Civic Center Coliseum June 1 at 8 p.m. Tickets for the concert sell at \$5, \$6, and \$7, and are on sale at the coliseum's box office.

Holly Income, Sales Increase

COLORADO SPRING—Holly Sugar Corporation today reported increased income and sales over the prior year for its fiscal year ended March 31, 1973.

Net income was \$2,638,000 or

\$1.70 a common share compared with \$2,196,000 or \$1.41 a common share last year.

Sales for fiscal 1973 were \$100,789,000 compared with \$94,876,000 for fiscal 1972.

Provision for federal and state income taxes was \$1,906,000 for the year ended March 31, 1973 compared with \$1,853,000 for the previous year.

President John B. Bunker said that increased sales of sugar and by-products at improved selling prices, together with a continuing emphasis on cost controls, helped to offset a significant rise in the cost of both labor and operating supplies and services.

He said that bulk sugar storage facilities completed at Hamilton City and started at

Tracy, Calif., will provide improved customer service and greater operational efficiency.

Bunker commented that prolonged heavy rains in California delayed harvest. As a result, sugar production and sales in that state were lower than anticipated. The quality of over-wintered sugarbeets in Northern California is below normal, and the current harvest in this area will be longer than usual.

He pointed out that the abnormal weather conditions encountered in California were balanced by more favorable weather in most of the Rocky Mountain growing area, again confirming the importance of Holly's unique geographical diversification.

Social Security

Q. I have been told that Medicare is a limited insurance program. Is this true?

A. Yes. Although both Part A and Part B of Medicare offer valuable insurance protection against hospital and medical costs, both parts involve a deductible and coinsurance which means the patient pays a part of the cost (usually a small part) and Medicare pays the rest. In addition, there are some services and supplies that are not covered by Medicare. Your local social security office can tell you more about what Medicare covers.

Q. Old folks (persons on Medicare) are admitted to hospitals several times a year and ruined by the cost of their hospital stays. Why?

A. A recent survey indicates that most persons over 65 who go to a hospital have a stay of less than 60 days and only one admission a year. Their cost in this vast majority of cases is only \$72.00 per hospital stay.

Q. I want to keep working but want my Medicare insurance protection. Retired friends tell me their medical insurance is deducted from their checks. Can I enroll for Medicare insurance before I retire and pay my medical insurance premiums?

A. Yes. You will be billed quarterly for his insurance.

Letter To The Editor

Dear Editor:

The summer swimming season is approaching, and that means preparation for the Red Cross swimming classes. Last summer there were three sessions of these classes involving:

26 instructors gave 260 hours of instruction

37 aides gave 370 hours of work

521 students received instruction

18 students received senior life-saving training

It is very evident that this is one of the most valuable training programs our youth receive during the summer months—AND THE TRAINING IS FREE. Each student pays a small fee which goes to the city pool to pay for its maintenance. All the instructors and aides donate their time and effort.

The Red Cross is now facing the problem of engaging instructors and aides to carry out this program. Many of the instructors are mothers of young children, and they must have babysitters to stay with their children 3 hours a day for five days a week while they are

teaching at the pool. The Red Cross is asking for volunteers who will maintain a babysitting service in the community center during the hours of the swimming classes.

This is a great opportunity for the young people to do a community service and demonstrate good citizenship. If the mothers give freely of their time and talent, surely we can show our appreciation to them by caring for their children while they are working for us. So come along, everybody, and let's show the good old Hereford spirit! See you at the Community Center with the kids!

Anyone who wishes to volunteer may call Mrs. Richard Zinser at 258-7555 or the Red Cross office at 364-3761. Audine Dettman

New HHS Club Is Kiwanis Topic

Three members of Hereford noon Kiwanis Club received awards from the club for their perfect attendance at club meetings over a period of years.

Honored at the club's Thursday luncheon meeting were Dub Boyd, who received an award for five years perfect attendance; Lloyd Sharp for 15 years, and charter member Wayne Phillips for 19 years without absences.

Program for the day was presented by high school business and accounting instructor Betty Oglesby, who spoke to the club concerning the school's business curriculum, and a new organization, Future Business Leaders of America, which aims at preparing young people for positions in the business world after graduation.

According to Mrs. Oglesby, the aim of the curriculum at Hereford high school is to prepare graduating seniors for

two possibilities; that of attending college after high school graduation, and that of securing a job in the business world.

She also encouraged members to support the aims of the newly-organized club, and spoke of the need for financial aid in establishing and funding scholarships for needy students who desire a college education, but require financial aid.

Mrs. Oglesby was followed in the course of the program by FBLA Club president, Terry Scott, who said that the club's aim was to put students in a situation where they can "see what's going on in the business community", and relate to business and job opportunities in the area.

Carla Crist, high school vocalist, preceded Mrs. Oglesby, singing "June Is Bustin' Out All Over", to the accompaniment of HHS choir director Fred Ratliff.

OFFICERS ELECTED—Officers elected and installed recently for the Frio Homemakers Club are from left, Mrs. E.F. Vogler, president; Mrs. Jack Andrews, vice-president; Mrs. Frank Robbins, secretary; Mrs. Owen Andrews, reporter; and seated, Mrs. Annie Springer, marketing chairman.

Local Woman Is Business Grad

Mrs. Donita Henson, daughter of Mr. and Mrs. Woodie McDermitt, who graduated from Hereford High in May 1972, has successfully completed the one-year Concentrated College Training for Business program at West Texas State University. The secretarial course consisted of the following: Advanced typing, business English,

business math, calculating machines, duplicating, office administration, and secretarial procedures.

Donita and her husband, Jay, will be moving to Missouri where she will be applying for secretarial positions.

GIVES ENDORSEMENT—Mayor Jim Sears recently endorsed the observance of May senior citizens month in the city. Theme for the observance this year is "Older Americans in Action," and it stresses the renewal of the nation's commitment to government efforts concerning older Americans, as well as strengthening of bonds which will insure a place of honor for older Americans in families, communities and the nation. Shown with Mayor Sears are Ed Dziuk Sr., president of the local American Association of Retired Persons, and Mmes. W.O. McCutcheon, Henry Vaughan and H.J. Wilhelm, also of AARP.

Grady Given Commission On Graduation From Texas A & M

Commissioned in a ceremony following his graduation from Texas A&M University Saturday, Lt. Robert Grady, son of Mr. and Mrs. Nolan Grady, 116 Ave. J., will be placed in the field of engineering and will go on active duty June 28 in the U.S. Air Force Reserves.

He received a bachelors degree in industrial engineering in the commencement exercises earlier Saturday. The commissioning program was conducted by Gen. Creighton Abrams, chief of staff of the U.S. Army.

Grady was an Air Force ROTC cadet major at A&M. He was an executive officer of the 4th Group, 2nd Wing of the Corps of Cadets, named a

distinguished student at A&M and recipient of the Cadet Scholastic Achievement certificate. He received a three-year Air Force scholarship. As a junior student he was a member of the Ross Volunteers, and as a senior a member of the Cadet Court. He was on the Town Hall committee three years. Campus affiliations of the Hereford student include Phi Eta Sigma fraternity, Alpha Pi, Society of American Military Engineers and Wings and Sabers. He completed six weeks of summer military college field training encampment at Eglin Air Force Base, Fla., as an undergraduate.

KING GEORGE
King George III succeeded to the throne of England on Dec. 30, 1760.

The Department of Defense and the U.S. military services issued more than 1,440 periodicals last year, according to the Tax Foundation, which quotes Sen. J.W. Fulbright. The Air Force started more than 200 during the period, cut out 400 others and the Army discontinued 59 periodicals but started 102 new ones. The bills for these publications ran to over \$12.5 million.

With everybody saying they've got the best sorghum seed, Niagara has just one thing to say about Oro: Try it.

Niagara SEEDS ORO HYBRID SORGHUM (GRAIN)

With all the claims everybody's making for their sorghum seed, we just ask you to do one thing with our one Oro, yellow endosperm hybrid. Try it in a test planting. You'll get a yield that will really open your eyes.

You'll get a head crease of from 4 to 7 inches, blooming in 60 to 70 days and ready to harvest in 100 to 125 days. Plus large, loose, open heads of 8 to 10 inches. Oro also brings you good threshability with high test weight. As well as exceptional tolerance to head smut, MDMV virus, and anthracnose. On top of all that, Oro is versatile—it's adapted for both dry land and irrigated conditions. There's an Oro dealer near you. He and Oro are really worth a try.

Happiness Is In Reach Today

By Argen Draper
Home Demonstration Agent

MEDITATE ON THIS inspirational writing, keeping your mother in mind. Try to imagine her ambitions for you from the time before you were born until now. What do you want out of life?

A psychologist asked 3,000 people what they wanted most in life—what would bring them the greatest happiness. Ninety-four per cent of them answered they were "enduring" the

criticism, rejection, tiredness temptation, nervousness resentment, discouragement disappointment, despair, frustration.

One or more of these obstacles will complicate our pathway through life—we won't go very far on life's journey without meeting these stumbling blocks.

What are we going to do with them? What are we going to do with ourselves?

The art of living at your best has to be practiced every day. Some days you are easier to live with than at other times. We all make mistakes, but we can keep on trying.

THERE IS A REAL CHALLENGE in being a woman! Homemakers have the most important job in the world, and it isn't an easy one. It requires skill, patience, physical endurance and a keen sense of humor.

The atmosphere of a home is greatly influenced by the way you feel, talk and act. Happiness at any age depends on one's attitudes, and attitudes affect one's relationships in life.

Three rules for living at one's best are:

Accept cheerfully new situations and new limitations which the years inevitably put upon you.

Get busy with tasks that force you to think of other people and their needs.

Turn to God for new insight into life's problems. You can't do it alone.

Telephone Busy On Mother's Day

Every Mother's Day Southwestern Bell scratches its head and wonders about that so-called generation gap.

This year, the telephone company says, Mother will generate an average of 25 long distance telephone calls per second across the U.S. on May 13.

That figure includes approximately 5,000 calls which Southwestern Bell expects will be placed through the Hereford office on Sunday, said Mike Patrick, manager for the phone company.

Patrick said the estimate includes about 3,800 One-Plus (direct dialed calls) and about 1,200 calls which will require operator handling.

Fourteen operators will be on duty in Hereford on Mother's Day.

Patrick pointed out that rates for direct dialed calls are cheaper because such calls bypass the operator.

"To get the best service, call before 11 a.m. Sunday or in the afternoon," Patrick said. "To really avoid the calling rush, long distance customers may

call Saturday and get low weekend rates."

Patrick added, "There really aren't any non-busy times to call on Mother's Day anymore."

He pointed out that Mother's Day is neck-and-neck with Christmas in the race for the nation's biggest calling day of the year. Last year Christmas won with 9.1 million calls, a lead of only 56,000 over Mom's Day.

Cotton Talk

Regardless of the facts, when asked about conditions on the Marble Brothers Farm in Floyd County the standard reply from Don Marble of South Plains for years has been "Never saw it better."

Now, at the start of the 1973 planting season the answer rings true, not only on the Marble farm but all across the Texas High Plains. Seldom if ever has the area been in better shape to start a

crop. The same rain and snow that stretched a six week harvest period into almost six months and caused untold losses on the 1972 crop has left the Plains with the best underground moisture conditions in many years. And a high level of subsoil moisture historically has foretold bumper crops. Moreover, supplies of major farm commodities grown on the Plains are not of line with demand nor does it appear they will get out of line, so there are excellent prospects for good prices this Fall on cotton, feed grains, wheat, soybeans and livestock. All of which is prompting Marble, who is Secretary-Treasurer of Lubbock-based

Plains Cotton Growers, Inc. to supplement his usual reply with "It looks now like this may be the year to be farming on the Plains."

Flooded farmlands and continuing rains in Mississippi, Missouri, Louisiana, Arkansas, Tennessee, Georgia and Alabama have greatly reduced chances for high production in an area that earlier was expected to produce around 6 million bales of cotton. Latest estimates say production in these states may be cut by 20 per cent or more. On the other side of the cotton

picture there are indications of increased cotton acreage and good production forecasts coming from California and Arizona. And, given ideal weather, the cotton crop in the Mid-South and Southeast could still reach the 6 million bale mark.

"But should the total U.S. crop fall significantly below 12.5 million bales, as now seems entirely possible," Marble notes "we could be well paid for our efforts to achieve maximum yields and the highest possible quality from our 1973 crops."

"An agent is a guy who bites the ham that feeds him." (Paul and Helen Martin Denis)

"Youth is happy because it has the ability to see beauty. Anyone who keeps the ability to see beauty never grows old." (Franz Kafka)

Three From County Are Selected To 4-H Congress

Delegates to the Texas 4-H Congress from Deaf Smith County 4-H Clubs will be Carmela Burgess, Sandra Stallings and Britt Hicks, who were selected by the County Parent-Leader Association at its meeting in REC Medallion Room this week.

Club members gave unprepared talks on why they wanted to attend the Congress, how they qualified and how they would use information gained. The three delegates were chosen on the basis of these talks.

Future activities of county 4-H Clubs, beginning with a Horse Club playday May 26 and ex-

tending to next fall, were discussed by the leaders.

Nine 4-H members who qualified in district contests last week-end and some adult leaders will leave June 4 for the Texas 4-H Roundup at College Station. The association voted to pay their expenses.

Workshops on 4-H record books will be held June 13 and 15; books for this year are due June 28. Mrs. Austin Rose and Mrs. A.E. Hodges were named to work with Joyce Shipp, assistant county extension agent, and 4-H members to arrange a dance.

Planning began for the annual county club fair set for Sept. 9,

and for leader forums scheduled Sept. 10-12.

Profit of \$1543 from a recent benefit bean supper was reported. Of this sum, \$1000 went to a fund for a district 4-H center and the remainder was placed in a savings account.

Cattle Feeders Expand Staff

AMARILLO—With increasing emphasis on marketing and beef promotion, the Texas Cattle Feeders Association has added two members to its staff.

Charlie Ball, TCFA executive vice president, announced that Mike Riethmayer, formerly area economist-manager with the Texas Agricultural Extension Service, and Jim Peterson, formerly with the Big Tex Feedlot at Hereford, have joined the association staff to develop expanded programs.

Riethmayer, who is to be a fieldman in South Texas and on the South Plains, received a bachelors degree in agricultural business in 1970 from West Texas State University, then a masters degree in agricultural economics from Texas A&M University in 1971.

A native of Parmer County, Riethmayer is married to the former Becky Elliott of Friona.

They have one son, Brenton Robert.

Peterson, a native of Havre, Mont., received a bachelors degree in animal science from Montana State University in 1964 and a master of agriculture degree in feedlot management from Texas A&M University this year. Experienced in farm, ranch and feedlot operation in central Montana, Peterson was a part owner and operator of a family ranching operation from 1968 to 1971.

He joined the Big Tex Feedlot in July of last year.

Peterson was a member of the collegiate livestock judging team at Montana State and a past president of the Junior T-Bone Club. He married the former Loraine Haynes and they now reside in Amarillo.

The TCFA, based in Amarillo since its formation in 1967, represents about 90 per cent of the cattle on feed in Texas, which is the number one feeding state in the nation.

Mothers Compare All-Girl, All-Boy Families

All girls or all boys —which would a mother prefer for her family? Or would she rather have some of each, as most families do?

Mrs. Philip Shook votes for daughters and Mrs. Kenny Gearn for sons, each pointing to her own attractive children to support her choice.

Each mother admits she may have missed something in bringing up an all-of-a-kind family, but mentions a number of advantages, such as the convenience of the children's sharing rooms and clothes and other belongings which would not be possible among brothers and sisters.

Coincidentally, both Mrs. Gearn and Mrs. Shook were only girls in families with several boys, but their reactions to that upbringing differ. Mrs. Gearn says her brothers got her thoroughly accustomed to cars, so her sons' tastes never seemed strange to her. Mrs. Shook always wanted a sister, and hoped if she had one daughter she would have at least one more so each would have a sister.

On both sides, the Shooks' families ran to boys so both sets of grandparents are inclined to pet the three daughters of Rosemary and Philip Shook. The girls are Kaye, 14 years old and in the eighth grade at La Plata Junior High; Kristi, 12, and Karol, 10, sixth and fourth graders respectively in Northwest Elementary.

One advantage to mothers with plenty of daughters, is plenty of help in the home as they get up toward teenage, Rosemary Shook laughs. She teaches fourth grade in Shirley School, so help with homemaking chores is appreciated after school hours.

Shook is principal of Tierra Blanca Elementary and both have done all their teaching in Hereford schools. They came here in 1967 and live now at 123 Aspen. Kaye was born in San Antonio but was brought home to Hereford at the age of five weeks; the other daughters are natives of this city.

All three participate in youth activities of First United Methodist Church, the two younger as choir members, also in school and Campfire programs.

Problems in raising daughters? Well, Rosemary Shook says biggest ones concern the telephone and the bathroom.

"But really the competition for those is not too disturbing — yet," Mrs. Shook says. "The girls are considerate of each other and make us glad that we have just girls in our home!"

As to the advantage of being a mother to boys, Idie Gearn has a ready answer.

"After you get them through Cub Scouts and the junior Sunday School department, you can turn them over to their father to finish raising. He can put them to work, be their Scout leader and help them become adults, then you can enjoy them as young men."

Youngest of the Gearn brothers is Gordon, who is graduating from Hereford High this year. The two oldest, Tim and Geary, now have their own business, Tagco Industries, and are in the process of getting a new building erected for it. Ken works with his father in Kenny Gearn Machine Works.

Mrs. Gearn has the unusual position of employe for her sons as secretary at Tagco. Instead of losing contact as parents often do with children who marry and go to their own homes, she says, she is lucky enough to be with them during working hours every day.

"Of course it never occurred to me that my children would all be boys," she adds, "but it has turned out to be a lot of fun and has certainly given us a lively home. I'm very proud of each one of them and his special talents."

When the Gearn were asked to pose for a Mothers Day photograph, they were reminded that they did the same thing for The Brand 17 years ago, when the boys were aged 2 to 12. Mrs. Gearn has a clipping of the photo, captioned Four Of A Kind and made in front of the fireplace. So they grouped around the fireplace in their living room at 124 Kingwood for the current version.

Mon Amis Club Lunch Ends Year

Mon Amis Study Club met Thursday in the home of Mrs. Don Tindal for its end-of-season luncheon and installation of officers.

Installed for the coming year were Mrs. LeRoy Edwards, president; Mrs. Jerry Lance, vice-president; Mrs. James Dobbs, secretary-treasurer; Mrs. Guy Walser, reporter-historian; Mrs. Roy Botkin, social leader, and Mrs. Martin Young, parliamentarian.

Mrs. Maurice Tannahill, guest who conducted the program, gave each new officer crayons along with instructions about "coloring" her duties for the year. Mrs. Young presented Mrs. Tannahill with a flower arrangement in appreciation.

Members also presented Mrs. Ray Bates with baked and frozen foods in a club shower for her coming baby. As a tradition, this aids the mother as she comes home from the

hospital. Honored the last two months were Mrs. Ernest Flood Jr., who is the mother of a son and Mrs. Leon Richards, who has a daughter.

Special guests at the meeting included Mrs. Pearl Jay who is a house guest of her daughter Mrs. James Dobbs, also Mrs. Jimmy Christi.

At the close of the luncheon, Mrs. Flood presented Mrs. Young, the retiring president, with a silver bread tray from members of the club.

A mid-summer social was planned before the new year begins in September.

After the business meeting the club adjourned to the patio for visiting.

Members present included Mmes. Young, Bates, Buster Thomason, Flood, Botkin, Tindal, Edwards, Guy Walser, Tom Young, Pat Hogan, Lance, Dobbs and Richards.

SHOW UNUSUAL BLOSSOMS—Texas' state flower, the bluebonnet, which is rare in this area, is blooming in a bed at the Peyton Rameys home, 127 Sunset. The Rameys' son, two-year-old Donald, holds one of the flowers on the low plant in the foreground. Mrs. Ramey and daughter Katie, four, look over the bed where other bluebonnet plants are scattered among irises and shrubs with the hope they will produce enough seed to carpet the ground next spring.

Small Talk

BY SUE COLEMAN
Women's Editor

PEOPLE WHO EXPERIMENT with growing things always interest me, and when I went out to the Peyton Rameys this week to take a picture of bluebonnets that are in bloom there, I enjoyed hearing that he plants many things which aren't supposed to grow in the High Plains, but sometimes do.

Bluebonnets can be coaxied to bloom here, of course, but it isn't easy and I suspect they would tend to freeze out in some of our colder winters, even after they are well established.

But Ramey has found that he can keep the handsome blue flowers appearing far into the summer, not just in spring which is supposed to be their season for bloom. For one thing, he keeps the seeds picked off, and for another, he "drowns them."

That is Mrs. Ramey's description of the amount of water poured on the plants. They aren't just well watered, the ground is kept wet. That probably helps not only in

watering the roots, but in evaporation which gives the leaves some damp air which bluebonnets get in their native climate.

WHEN MRS. L.H. LOOKINGBILL and Mrs. Ray Johnson went to the Texas Federation of Women's Clubs convention at Brownwood this week, both of them were from both the Federated Women's Clubs in this county.

Both are members of Pioneer Study Club and also Summerfield Study Club, and besides that they are in Deaf Smith County Federation, which has state affiliation.

Lillian Lookingbill says it was a good convention even though Brownwood is a much smaller city than is usually chosen to care for all the delegates from over Texas, and entertainment was tops.

The music department of Howard Payne College helped on the program, and its president, Dr. Roger Brooks, was a featured speaker along

Beefmobile Statistics

Statistics on Hereford CowBelles' work with the Beefmobile last weekend showed that 29 members assisted under the chairmanship of Mrs. Reece Lawson, traveling a total of 224 miles, and 1,064 visitors registered.

Hereford members were hostesses for stops at food markets here, in Dimmitt and Vega while the Beefmobile was in this vicinity. Sponsored by Radio Station KGNC of Amarillo, it is going to area cities to promote the use of Texas grain-fed beef.

Recipes, menus and information about buying beef and its food values, are distributed free at each stop. Visitors are asked to register and cuts of beef are awarded in drawings.

Those who received the free beef in this area were Mrs. Richard Lyons, Mrs. W.T. Gunstenson, Mrs. Annie Springer, G.W. Stringer, Leona Brandes of Vega and Clara Talley of Dimmitt.

Chairmen of hostesses for each day here were Mrs. Quentin Martin, Thursday, Mrs. Warner Lawson, Friday, and Mrs. Dick Coupe, Saturday.

Musical-Drama Set By Church

"Celebrate Life!", a puppet musical-drama, will be presented at 7 p.m. today by the adult choir of the First Baptist Church of Hereford.

The musical-drama will be directed by Ben Gollehon, and soloist will be Miss Sherry White, Miss Hereford of 1972. Dialogue parts will be filled by Dan Cameron, Steve Graham, Charles Wagner and John Winder.

The public is invited to attend.

Church Women Pick '73-'74 Officers

Election of officers was held by St. Anthony's Women's Organization at its meeting Thursday at St. Anthony's parish hall.

Airman Assigned To Korean Base

KOREACUSAF—Airman First Class Mickey D. Simpson, son of Mr. and Mrs. William H. Simpson, Rt. 3, Hereford, Tex., has arrived for duty at Osan AB, Republic of Korea.

Airman Simpson, an air passenger specialist, is assigned to a unit of the Military Airlift Command which provides global airlift for U.S. military forces. He previously served at Travis AFB, Calif.

The airman is a 1969 graduate of Dimmitt (Tex.) High School. His grandparents, Mr. and Mrs. M.L. Simpson, reside at 113 Star St., Hereford.

Club Committees For Year Named

TO BE MARRIED—The Rev. and Mrs. Franklyn McCorkle of Baytown announce the engagement of their daughter, Amonna Sue, to the Rev. John Thomas Goodwin, son of the Rev. and Mrs. Homer T. Goodwin. The couple plan a June 2 wedding. Miss McCorkle is a senior at Evangel College at Springfield, Mo. The Rev. Goodwin is a senior at Oral Roberts University in Tulsa. He graduated from Hereford High School in 1969.

Committees were appointed for the coming year by Mrs. Roger Williams, new president of La Madre Mia Study Club Thursday night at the installation dinner which was held at Dickie's Restaurant.

Appointed were: social committee, Mmes. Herschel Black, Ben Scott, Don Lane and Dave Honea.

Yearbook committee, Mmes. Lynton Allred, Richard Ward and Charles Watson. Treasury committee, Mmes. C.D. Adams, Bud Snyder, James Gentry and W.E. Sparks.

Membership committee, Mmes. Wayne Lady, Don Walser and John Smith. Telephone committee, Mmes. Dickie Geries, Dean Herring and Waldo Baxter.

Courtesy committee, Mmes. Gerald Martin, Jimmy Anderson and Charles Frye. Project committee, Mmes. G.C. Merritt, John Smith, Erwin and Don Taylor.

Mrs. Dave Honea, past year's president, conducted installation of officers. Installed

as president was Mrs. Williams; vice-president, Mrs. Craig Smith; secretary, Mrs. Anderson; treasurer, Mrs. Adams; historian, Mrs. Lady; parliamentarian, Mrs. Taylor; reporter, Mrs. Sparks.

Mrs. Honea presented a program with the theme, From Child to Adult. As each officer was installed, she spoke on the relation of being a club officer to the stages of growing to adulthood. She then presented A Prayer of A Parent.

Mrs. Williams conducted the business meeting and presented a gift to Mrs. Honea.

A committee report was given on the club's part in Hereford's Diamond Jubilee celebration. Plans were made for a float to be entered in the parade and a pie kitchen booth to be set up.

Holiday tour of homes was planned and members drew ballots for secret pals for the summer months.

To add to the theme of the dinner, tables were decorated with baby containers and spring flowers.

You are invited... to good times, good food

...in your own backyard with an outdoor gas grill and gas light. You can cook up a party at a moment's notice, because a gas grill is ready to cook in minutes. And it's so easy to cook on because you can control the heat. With a gas grill there's no charcoal mess, and you still get that delicious, outdoor ghar-broiled flavor that comes from the smoke of meat juices dripping on permanent ceramic briquets. Besides the good times you'll have cooking out, you enjoy the convenience of having a gas grill. You'll probably find yourself cooking on it just because you wanted to get out of the kitchen or didn't want to mess up the broiler of your kitchen range.

Any Good News?

WASHINGTON—Once upon a time there was a man with two young sons. One of the boys was an incurable optimist; the other was gloomy and pessimistic.

These character differences were so pronounced that the boy's father decided to test them, to see if he could cheer up the pessimist or discourage the optimist.

On Christmas day, he took the pessimist to a room filled with packages containing expensive toys, sports equipment and candy. He took the optimist to a room with only one large package, which was filled with horse manure.

He left the boys alone long enough to open the packages, then returned to observe their reactions.

He found the pessimist staring sadly at the expensive toys. "They'll probably break," the boy said. He said he couldn't use the sports equipment because nobody would want him on their team. He feared the candy would cause cavities. And so on.

The optimist, on the other hand, was digging enthusiastically through the horse manure, exclaiming, "Gee, dad, I just know there's a pony in here someplace!"

That's a long way of saying there's been so much scandal, gloom and doom in the news lately that I'm determined to find a "pony" in it someplace—it's time for a little good news.

So here's a short selection of some of the nicer things we've noticed lately, and you'll have some of your own to add.

THE ECONOMY: Unemployment is down almost a full percentage point. In March, 1972, it was 5.9 per cent. This last March, it was 5 per cent. That's still too high, but at least the movement is in the right direction.

The federal budget deficit for this fiscal year will not be as high as was expected. A \$24.8 billion deficit had

been forecast; now it looks more like \$19.8 billion will be the final figure.

Personal income rose 9.6 per cent from March '72 to March '73, which is more than twice as much as the 4.7 per cent increase in consumer prices for that period.

FOREIGN AFFAIRS: A team of reporters for the Russian Communist Party newspaper Pravda is touring the U.S., writing nice things about us for the folks back home. They have praised the comfort of American cars in general, as well as the quality of the one they are using. They like the skill of our drivers and the quality of our highways (although not our traffic jams or our accident rate). They like the fast service at our roadside restaurants, and the smiling, helpful waitresses. They envy our plentiful supply of housing. It's all part of the Soviet Government's efforts to establish a warmer relationship with us.

The Japanese just paid off all their remaining debt to the U.S. for postwar economic assistance—22 years ahead of schedule!

JUST PLAIN NICE PEOPLE: Remember Kenneth Clark—Lord Clark of England—the host of the television series "Civilization"? Well, he has just offered his extensive collection of rare and valuable books to an American library. He says he did it because "during the last 50 years the United States has been infinitely generous to Great Britain. They have not only saved us from extinction in two wars, but they have saved buildings and books that mean much to us.

"My offer to the Morgan Library is a small—a very small—sign of recognition of what we owe to the United States."

Thanks, Lord Clark. We could use a kind word or two right now.

GRASSROOTS OPINION

LIVINGSTON, TEXAS, POLK COUNTY ENTERPRISE: "When you stop and think about it, passage of any kind of a law to take guns away from the people could be treading on the constitutional rights of free Americans. It's hard to believe

that removal of hand guns from the people will keep folks from killing each other. There are knives, clubs, broken bottles, razors and a long list of weapons which are handy enough when people throw reason aside and try to kill. If there were no weapons people would probably bite each other to death."

MONROE CITY, MO., NEWS: "We all know our elected officials . . . (when)

Congress is not in session have put on their traveling clothes to make extensive investigations in Europe and elsewhere. What they are investigating, no one seems to know. Our officials do assure us however that their missions are indeed important.

I'd sum up the whole sordid mess... something like this: Mr. Congressman quite arbitrary, How do your travels go? Here and there and everywhere. Wasting the taxpayers' dough."

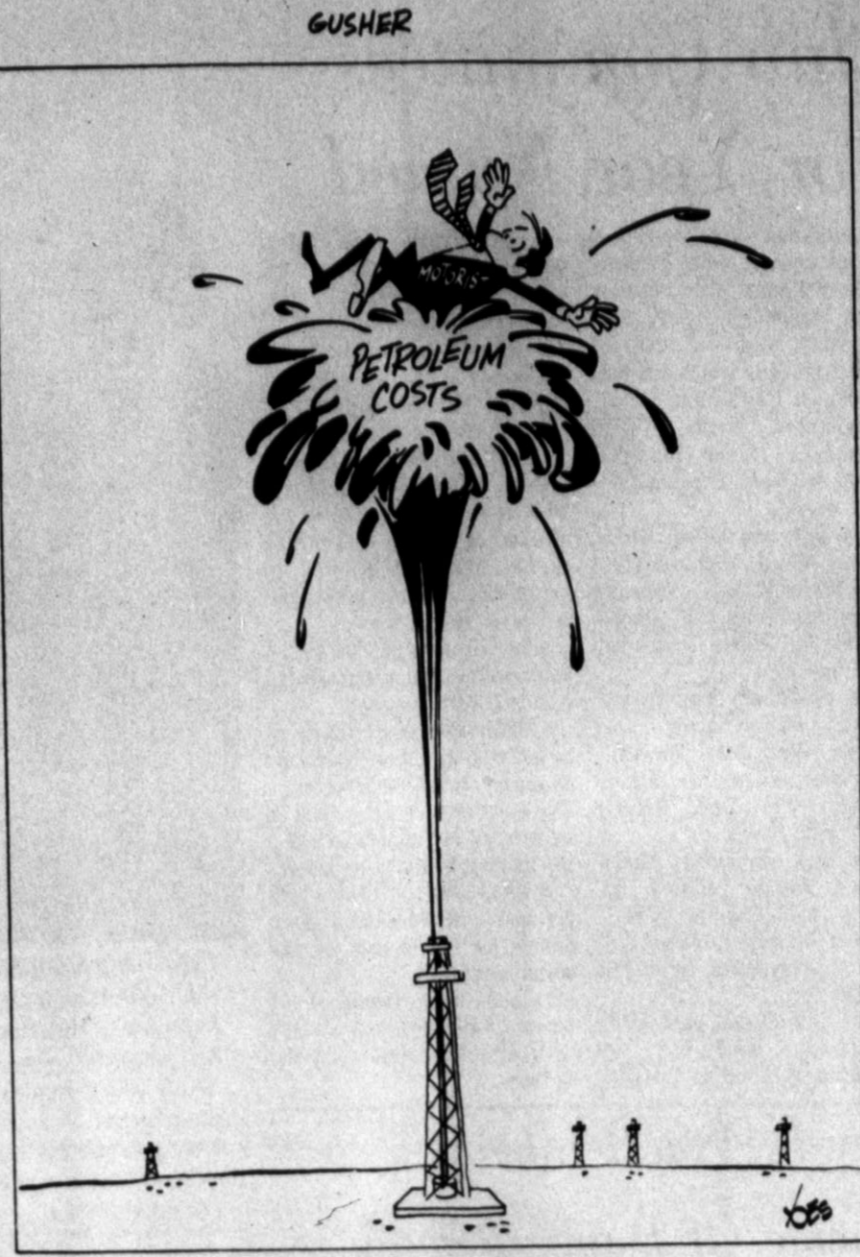

Home Cost Climbs

For the last 25 or 30 years, there have been people around who advised against buying a home until the cost of materials and construction eased off a little. If anyone took this advice, they are probably still waiting to buy a home; and, as inflation marches on, the cost of putting a roof over your head gets higher with every passing day.

The National Association of Home Builders has estimated that the increased cost of wood products, brought on by inflation and other factors, has added about \$1,200 to the construction cost of a typical new one-family house

in just the past six months. In addition to the distortions of Phase II price controls that kept prices artificially low, generally increasing inflation and unusually strong demand, the problem of high and rising lumber prices isn't helped any by the fact that the sales of timber from National Forest lands, a major source of supply, have declined even as demand for wood products has continued to rise like an express elevator. Environmental restriction and controversy over the impact of timber harvesting has had much to do with this decline, which saw 1972 National Forest timber sales fall 20 per cent below the allowable harvest. One of the urgent needs is that adequate funds be made available to permit the Forest Service to meet progressively higher standards of environmental protection that have been imposed on timber harvesting and to institute more of the high-yield forestry techniques pioneered by leading forest products companies.

The high cost of putting a roof over your head is the result of many factors. But, in the end, the consuming public pays the bill. This demonstrates two facts: First, artificial controls can't cancel out deep-seated inflationary pressures. Secondly, the nation cannot much longer afford political mismanagement and ill-considered and costly environmental restrictions that block orderly and proper development of the nation's essential natural resources.

MAIN STREET, U.S.A.

New York Not Good Place to Visit, Anymore

WASHINGTON, D.C.—Fun City can be fun only for the privileged few visitors who do not have a money problem or benefit from a generous expense account which relieves the pain of a \$43-per-day hotel room, a \$12.50 theatre seat, a \$9 taxi fare, and even a 30-cent ice cream cone.

Of course you do not have to stay at a famous Class A hotel which charges \$43 for a room with twin beds, a cracked sink, a burned-out light bulb in the bathroom, and a pair of dirty socks left under the bed by the previous occupant. Nor do you have to park your car in the

hotel garage, at \$7.50 per day.

If you do leave the car at home and travel by plane, it may cost you a bit to get downtown by taxi, even from close-in LaGuardia Field. The tab is more from Kennedy or Newark Airports. There are buses, called limousines, but they are slow and inconvenient and there is the problem of handling your own luggage.

As to inflated theatre prices, you could fudge a bit by doing as New Yorkers do. The trick is to buy a rear balcony seat to a non-hit on an off night, then bribe an usher with a dollar bill to move forward to an empty seat after

the curtain goes up. Of course, this is easier done by an individual with gall but without a wife and two children.

Better forget about ice cream cones. Howard Johnson got rich and famous by selling 28 delicious flavors at reasonable prices but the Broadway branches of this chain obviously seek to discourage ice cream customers. In fact, if you patronize Howard Johnson's at all, better bring your own card table. It will be twice the size of a table for two.

Bring Your Walking Shoes
Best way to get around midtown Manhattan is by pedal express, meaning hiking, no biking. There are a few intrepid commuters who ride bicycles in city streets but they are a menace to pedestrians and motorists alike.

When walking in New York, pay particular attention to the "Walk" and "Don't Walk" lights. If you do, you will soon learn the safest time to cross is on the "Don't Walk" red. If you wait for the "Walk" green, chances are a taxi or truck will make a left turn and at least scare you half to death.

There are buses and subways in New York but you had better know what you are doing before you try them. A 30-cent subway token is likely to be worth the price only if you are a student of youthful graffiti. Every car and every station is thoroughly defaced, some in such remote places that one must admire the ingenuity of the youthful delinquents.

A 35-cent bus fare is a better investment for a short haul. However, make sure you have the exact change. Operators carry no money, to thwart holdups. However, they are virtually powerless to frustrate bands of petty thieves who jump on at the rear door when a passenger exits. New York buses give a lot of free rides in this way but only to brazen natives.

Walking does present some hazards. You could get mugged and relieved of your valuables and perhaps of your senses. Lesser dangers include innumerable construction projects forcing detours at best, and potholes in the street which speeding taxis hit and splash water on unwary pedestrians.

Not a Great Place to Visit
That old saw about New York being "a great place to visit but I'd hate to live there" is no longer true. It is by no means as good a place to visit as Washington, and it is impossible to live there unless you are either extra rich or one of that special breed who not only knows all the angles but can invent a new one when necessary.

THE BOOTLEG

—Philosopher

Dear editor:

Located where it is, naturally The Sunday Brand had no chance to get in on the big Watergate doings, thus missing getting first denounced and then apologized to by some of those around the center of power in Washington, but still there are lessons it seems to me you might profit by if you study some of the sidelights close enough.

For example, a Washington newspaper back there during the re-election scramble published a questionnaire sounding out the public on what it thought of President Nixon's decision to mine North Vietnam harbors.

Without the President's knowledge, I fell sure, some of his re-election promoters with plenty of cash lying around went out and bought an extra 1,000 copies of the newspaper and had everybody in the office fall to and clip out the questionnaire and vote in favor, producing a lop-sided majority.

Now on the new policy some people now practice, "ask not what your government can do for you, figure out for yourself what it can do for you and get in on it, the same as some big shots do." It seems to me there's an opportunity here for alert newspapers.

I don't know what it'd be, but stir up some hot issue around here, run a questionnaire in the paper, and sell an extra thousand copies to people trying to swing public opinion.

This will take some doing however because first nobody around here has any un-reported slush funds to spend on such an operation, and second there aren't enough issues.

On the whole, I'd say that the difference between Hereford and Washington is that while in Washington they have more problems than they have answers, in Hereford you have more answers than you have problems. Maybe it'd be sounder to just let your circulation grow, as I understand it is, at the standard rate of \$5.95 a year. These people who buy up big wads of extra copies are here today and gone tomorrow.

Talk of Texas

THE WAR THAT WASN'T—When F Troop, Texas National Guard, was ordered to active duty in World War II, it almost precipitated a border skirmish with Mexico, a friendly ally.

F Troop, one of the last contingents of horse soldiers the U.S. Army had, was called to Federal duty in November, 1940, and sent to Fort Bliss near El Paso. The cavalrymen, made up almost entirely of men from Mineral Wells and Palo Pinto County, had been transferred to Fort Ringgold at Rio Grande City when the Japanese attacked Pearl Harbor on December 7, 1941.

Immediately the Texas troop received orders that read: "Be prepared to repel invasion from land, sea or air."

The horse soldiers had no artillery except a few small machine-guns. They dutifully set up, however, and aimed them across the Rio Grande toward Mexico. The Mexican military, noting guns and uniformed U.S. soldiers manning new defense posts, reacted accordingly. They set up their own artillery on their side of the river.

Fortunately, the U.S. commander at Fort Brown, a few miles down river at Brownsville, heard of the situation and decided to use a little military diplomacy. He promptly invited the commander of the Mexican garrison at Matamoros to dinner and explained why Troop F was displaying guns. A few days later, the Mexican Army returned the favor by inviting the American officers to their garrison for a barbecue.

There were no further incidents.

TRAVELING TEXAS—Motorists driving through Victoria County can get lost if they depend for directions on the weather vane atop the courthouse.

When the contractor was putting the last new roof on the structure, he forgot to adjust the weather vane for direction. As result, the letter "E" points almost due south instead of east.

GEM DANDY—Because a wealthy Dallas man decided that he'd like to own a ruby as nearly perfect as possible, a laboratory there now turns out gems of such beauty that even experts can't distinguish them from the real thing.

The name of the Dallasite has never been revealed. Even Kashan Laboratories, where the gems are made, keep the names of its staff secret. Their rubies, however, are now well known in the gem markets of the world.

Synthesizing gem-quality rubies began in 1960 when the daughter of the Dallas man married a young expert in crystallography. He told his new son-in-law that he had always wanted to own a fine ruby. The young man replied that he would "grow" him one in the laboratory.

After several years of work and the recruitment of other scientists, stones of gem quality were produced. Today the best ones sell for about \$270 per carat.

PART TEXAS—Like many another famous American, Will Rogers claimed Texas as one of his homes.

In 1902, he came down from his native Claremore, Okla., and worked for awhile on the Little Robe Ranch near Higgins, Lipscomb County. He left to join a wild west show—the step that led him to his career as a humorist, motion picture star and writer.

By the Garden Gate

With Glad

By Mrs. Art Manjeot

Like the Spring with all its splendors, All its birds and its blossoms, All its flowers and leaves and grasses... Longfellow.

Most of us sometime find ourselves wishing. Such a time came to me as we were driving to Dallas last week to attend the state Garden Club annual convention.

There were so many beautiful things of nature that I wished that I had a huge canvas, oil paints, brushes and talent to paint the beauty as it was unrolled on the landscape.

Masses of wildflowers, spreading trees with their new spring dress, naked trees just with a tiny bit of greening, acres of land with their crowing glory—verdant wheat and oats. Farmers driving their tractors, planting cotton and other grains.

Following along behind them the new turned soil, and the wisps of dust. I could imagine that perhaps the farmers were whistling a happy tune, because they were so glad to be in their fields and getting the seed planted. It was also tantalizing to smell the fresh turned soil.

As Mrs. O.G. Hill Sr. and I drove along it seemed to me that we could imagine that we were traveling through a land of magic carpets. The golden hue of the massed daisies, the bright blue of the beautiful bluebonnets, the deep red of red clover, the coral loveliness of the Indian Paintbrush and the mixed blossoms of buttercups, primroses, winecups, with carrots and various daisies in lavender, blue and purple, all appeared as lush carpets covering the hillside, the valleys and the pasture lands.

Really there is nothing comparable to the handiwork of the Master Gardener. Private gardens were wonderful to look at with their shrubs and flowers. The roses, iris, peonies, honey-suckle, lilacs and many annu were in full bloom.

The arrangements made of them added that certain something to all the session which made them festive affairs. Another note of luxury were the gorgeous orchids, which graced the lovely dresses of the honor guests and speakers.

The thing which made them so special (and why I am mentioning them) is that the chairman of the convention, Mrs. Detman, raised the orchids and the chairman of corsages made them up. Beautiful, Beautiful!

Interesting, informative, inspiring, and intriguing things marked the various events of the 45th annual convention of Texas Garden Clubs Inc. The overall theme was Flowers, Facts and Friendship.

1. Of special significance Texas is having one of its most loved members advanced to the presidency of the National Garden Clubs Inc. Mrs. Howard Kittel, (known to most of us as Mary) of the Fort Worth Garden Club.

2. Mrs. G. Browning Smith of Harlingen was installed as the new president of Texas Garden Clubs Inc.

3. Mrs. E.H. Boedeker of Lubbock was installed as director of District One.

4. Mrs. O.G. Hill Sr. will serve as chairman of the special silver and gold books and Mrs. A.L. Manjeot (Glad) will serve as chairman of human ecology, for T.G.C. Inc.

5. Hereford Garden Club won several awards.... Citation on CARE participation, citation on horticulture activities (Mrs. R.L. Wilson is chairman of horticulture), achievement of honor-roll rating (Mrs. R.L. Layman president) second place on club historical scrapbook (Margaret Shown, chairman and entry of poster on Water, Waste and Wisdom, entered by Vernon Carroll won third place, which carries with it a cash award.

6. A first of importance was the horticulture breakfast, which placed special significance on horticulture. Nell Sperry, County Extension Horticulturist, Texas Agricultural Service, spoke on Indoor Landscaping.

The basic achievement of correct indoor landscaping is the selection of plants. This should be done with the utmost care. Indoor landscaping can be started with one plant; correct relationship of architecture should be carefully considered, plotting of the plants, and uses.

These can be grouped, used in pairs or singly. Effect and usefulness is most important, as is maintenance. The cultural

requirements are light, water, temperature, soil and tender loving care. He emphasized the fact that no plant will do well wet. More plants are killed with too much water than any other way.

Size, color, textural qualities and placement are vital to the success of indoor landscaping. Many of us have been participating in this garden art. Pictures created beauty spots, and accent placement are to be of first consideration. (On my return home, I made a resume of all my potted plants, and searched and studied the effectiveness of their use, as to indoor landscaping.)

7. The speakers on flower arranging, emphasized the fact that is now being stressed that arrangers come back to the use of full floral arrangements. Good floral arranging should be meaningful to the arranger; aids in unchanging fundamentals, clearing of the mind of turmoil, lifting the sad heart, aids in finding tranquility and strengthens belief in God.

8. Therapy, one of the greatest channels for garden club members. Cautioned us to remember that, "If you take flowers to the sick you please them. If you teach some one

who is sick to appreciate floral beauty and to work with their hands, you aid in healing."

9. There is no letting down for garden clubbers; they should be alert, conservative, seekers of knowledge, diligent participants and a good sport. Flower show judges should continue to study, observe, participate and share knowledge.

10. Bud to Blossom Garden Club, was recipient of Blue Ribbon Rating for their club. (Congratulations!)

11. New adopted themes of state president and district directors all place emphasis upon our heritage. Theme for District One is, A More Beautiful Texas our Heritage.

Thought for the gardener: nature has done her part, now we must do ours...

Choir Gives Concert For Lions

The Hereford High School Mixed Choir presented a special concert for the Hereford Lions Club Wednesday at the Civic Club Center.

The choir, directed by Fred Ratliff, presented a variety of songs—including spirituals and folk songs—and concluded with "I Believe in Music", written by Lubbock's Mac David with a special arrangement by Ratliff. President Nolan Grady reminded Lions that a life membership in the Texas Lions Crippled Children's Camp will

be awarded one of the club members, and asked for recommendations to be given to the selection committee. A number of guests and visiting Lions were introduced at the regular weekly luncheon meeting.

Betzen-Downey Vows Are Spoken

Following a recent afternoon wedding ceremony in St. Anthony's Church, Mr. and Mrs. Joel Downey are at home in Amarillo.

Mrs. Downey, the former Ruth Betzen, is the daughter of Mr. and Mrs. Arnold Betzen of Route 4. Downey is the son of Mr. and Mrs. Dave Downey of Route 5.

The Rev. John Keisling, associate pastor of St. Anthony's Church, officiated. The bride was given in marriage by her father. Blue and white spring flowers decorated the church.

Miss Debbie Connelly attended the bride as maid of honor and Dennis Cowley served as best man. Ushers were Melvin Betzen, the bride's cousin, and Jay Nolan.

Flower girl was Amy Cash and Nathan Flood was ring bearer. Mark and Johnny Betzen were candlelighters.

Mrs. Allen Evers, organist, and Mrs. Ernest Flood Jr., vocalist, presented selections, "Ava Maris and On This Day Oh Beautiful Mother."

The bride gown was of peau de soie and Chantilly lace over bridal taffeta. It was designed with a high neckline, empire waist, Camelot sleeves and A-line silhouette.

The veil of illusion with lace border fell from a lace coif.

Miss Betzen wore her mother's locket and carried blue and white spring flowers.

Bridal attendants wore blue floor-length gowns and the maid of honor carried a small nosegay of blue carnations. The flower girl carried blue and white petals in a basket.

Members of the family assisted at the reception at Knights of Columbus Hall. Miss Rita Betzen served the three-tier cake decorated with spring flowers. Miss Theresa Betzen and Miss Cindy Downey served punch from the bridal table which was centered with a candelabra with blue tapers.

Miss Virginia Downey and Miss Bridget Mazurek invited guests to the registry.

The bride chose a pink pantsuit as her traveling costume.

Mrs. Kershen Is Westway Speaker

Practical shortcuts in preparing family meals, baking, sewing and housecleaning were given by Mrs. Andrew Kershen as she spoke to Westway Extension Club Thursday afternoon on management of time by making motions count.

Saving time in routine work so it can be spent on more pleasant activities was stressed by Mrs. Kershen, who concluded, "We need to find happiness today rather than look for it tomorrow."

Joining in the discussion were Mmes. Orville Williamson, Bess Werner, Albert Lamb and J.C. Morrison.

Mrs. Morrison was hostess in her home.

Britain uses computer

Britain has announced that a post office computer is to be programmed to keep a check on the flow of mail throughout the country in an effort to speed up letter deliveries.

From railway, road, air and shipping timetables, and other information, the computer will select the best routes for sending mail between any of Britain's 700 sorting offices.

Pioneers To Gather Here

Deaf Smith County pioneers from as far as Washington and Oregon have been known to show up at the annual meeting of the Mid Plains Pioneer Association, and directors of the event this year expect it to be no different than in the past.

According to association president Woody Wilson, people from "all over" are expected to attend the annual get-together, scheduled for May 26 at the Bull Barn.

Registration will begin at 10 a.m., and a bar-be-que lunch will be served at noon. Earnest Langley will give the welcome address for visitors, and a short program and business session will follow.

Prizes will be awarded to those visitors traveling the greatest distance to attend, and to the oldest pioneers present.

In addition, area pioneers with the longest history in Deaf Smith county will also be recognized at the covered-dish luncheon. Beef for the bar-be-que will be furnished by local pioneer Ezra Norton.

A highlight of the day's activities will be the announcement and recognition of Deaf Smith County's Pioneer of the Year, and honor last held by local realtor Claude Ricketts.

Cheap air conditioning is no bargain.

Servel Gas Air Conditioning is a Bargain.

The bargain comes in smaller utility bills, fewer maintenance calls and the longer life of a Servel system. But you'll never buy one cheap.

The Servel goal has always been: "Build it like the Swiss." That's why the units are precision-made. And that's why they contain more stainless steel than any other air conditioner on the market. They're built to last and to perform dependably. This and the economy of natural gas energy saves you every month.

Quality construction is the reason you pay more for Servel initially. Because quality doesn't come cheap. Long, economical operation is the reason you'll save in the long run. Because quality pays off.

Most people can afford quality when they know all the facts. Especially when they're concerned with a cool, restful, healthy home environment — when home has a permanent meaning.

Think long and hard before you invest in central air conditioning. Then install Servel.

"The World's Most Respected Name in Air Conditioning."

Susan Klechak Is Bride In Afternoon Ceremony

Miss Susan Marie Klechak and Martin A. Urbanczyk were united in marriage Saturday afternoon in Saint Anthony's Catholic Church with the Rev. John Kiesling, associate pastor, officiating.

Miss Klechak, daughter of Mr. and Mrs. Kenneth J. Klechak, was given in marriage by her father. Urbanczyk is the son of Mr. and Mrs. C.P. Urbanczyk of Rt. 5.

Miss Judy Bezner served as maid of honor and Kevin LaFuer was best man. Miss Julia Urbanczyk and Miss Debbie Klechak, sisters of the couple, were bridesmaids.

Groomsmen were Richard Schlabs and Bill Urbanczyk, brother of the bridegroom.

Ushering guests to their seats were Connie and Sidney Urbanczyk also brothers.

Alter boys were Kevin Urbanczyk and Douglas Reinart, both cousins of the bridegroom.

Wedding selections, Twelfth of Never and Wedding Song, were sung by Ben Gollehon with Mrs. Charles Jones accompanying.

The church was decorated with bouquets of white snapdragons, majestic daisies and carnations and aisles were marked with white satin roping.

The bride was gowned in a floor length dress of silk organza, with high rise bodice overlaid with Venice lace and a standup collar of lace medallions. Lantern sleeves fell from lace caps and were gathered to lace cuffs.

The skirt was decorated with lace daisies down the front. Skirt fullness was held to the

back. Completing the dress was a train bordered with lace.

An illusion veil attached to a Juliet cap was worn by the bride, as she carried a Victorian bouquet of roses, daisies, stephanotis and babybreath.

As a good luck charm, the bride wore a diamond pendant and matching earrings of her maternal grandmother.

The bride's attendants wore nylon dotted swiss dresses of pastel yellow, blue and lavender. The princess line dresses were styled with puff sleeves and stand-up collar. Attendants wore picture hats of contrasting shades and were carrying bouquets of lavender, blue and yellow daisies and babybreath.

The reception following the wedding was held in Hereford Country Club with Mrs. Sydney Urbanczyk and Mrs. Ronnie Wagner serving the all-white five tiered colonnade cake.

Serving punch and coffee were Misses Deanne Allen and Julie Vogel, as Miss Evelyn Urbanczyk, sister of the bridegroom invited guests to register.

Bouquets of yellow stock, lavender pom-poms and blue majestic daisies decorated the reception rooms. The table was trimmed with similar gralands.

The bride wore a pink and white knit pantsuit with white accessories as her traveling costume. The couple took a wedding trip to Colorado Springs.

Mrs. Urbanczyk is a 1972 graduate of Hereford High school and was formerly employed with Helens Youth Shop.

Urbanczyk is now serving in the U.S. Army and will be stationed at Fort Carson, Colorado. He is a 1971 graduate of Hereford High School and was formerly employed with Missouri Beef.

Included in the out-of-town guests were the bride's grandparents, Mr. and Mrs. A. Manik of Harwood Heights, Ill. and Mr. and Mrs. George Klechak of Chicago, Ill.

Also Mr. and Mrs. William L. Murtaug of Harwood Heights, Mr. and Mrs. Lennard Shipp, Harlingen; Mrs. Robert Bailey and daughter, Chicago; Mr. and Mrs. Donald Anderson, Oklahoma City, also guests from Amarillo, White Deer, Friona and Summerfield.

ENGAGEMENT ANNOUNCED—Mr. and Mrs. Bob Northcutt of Grady, New Mexico announce the approaching marriage of their daughter, Judy Kay, to Floyd Schlinker, son of Mr. and Mrs. Carl Schlinker of Friona. The couple will exchange wedding vows at 7 p.m. June 1 at Immanuel Lutheran Church in the Rhea community. Relatives and friends of the couple are invited to attend. Miss Northcutt is employed by John D. Aikin, attorney and Schlinker is engaged in farming with his father.

Riders Will Go To Clovis Rodeo By Invitation

An invitation was accepted for the Clovis RCA rodeo to be held June 2, by members of the Hereford Riders Club meeting Thursday at Community Center.

During the business meeting the club accepted the Harold Close family and Habel Cross as new members.

Members decided to buy steers and have steer roping this summer. Also, the donkey ballgame held earlier was reported on.

Annette Cotten won the door prize this week at the meeting.

All members are asked to be at the rodeo arena May 18 at 8 p.m. to practice for parades and playday and also, bring uniforms. There were 20 members present.

HHS Junior Given Girls State Award

Babette Stengel, Hereford High School junior, will represent the local American Legion Auxiliary at Bluebonnet Girls State in June, with Margaret Schilling as alternate, it is announced by Mrs. J.G. Gandy, Auxiliary president.

Kris Garrison of Adrian will also go to Seguin for the annual Girls State session; she is sponsored by Adrian Lions Club and the Hereford Auxiliary since Adrian has no American Legion organization.

Girls State will be held this year from June 12 to 22 at Texas Lutheran College.

The girls will leave Amarillo June 11 with other delegates from the 18th District, traveling by chartered bus.

Girls State gives citizenship training to high school girls from over Texas, allowing them to participate in a mock state government to learn the functions and working of various offices.

Delegates are selected for the qualifications of leadership, character, courage, honesty, scholarship, cooperativeness and physical fitness.

Begun in 1937 as an Americanism activity of the Legion Auxiliary, the program is a non-partisan, non-political attempt, related to the Legion's Boys State program, to teach a love of God and country to American youth.

Delegates live together as self-governing citizens and learn duties, privileges, rights and responsibilities of citizenship, so they may grasp the meaning of responsibilities they must assume when they become adults.

Mrs. Lawrence Carlson, Girls State chairman in the Hereford Auxiliary, will present the commission to Miss Stengel at HHS Awards Day. The chosen delegate is the daughter of Mr. and Mrs. J.W. Stengel of Summerfield community.

ENTERED IN CONTEST—Miss Janet Frye, daughter of Mr. and Mrs. Ray Frye of 144 Liveoak, has been entered in the International Crescent Girl contest by Lamleda Chi Alpha fraternity at West Texas State University. The contest is being held in Indianapolis. Miss Frye is a junior at WTSU and is president of the Crescent organization in Canyon.

Letter To The Editor

Dear Sir,

We would like to express our thanks to all who contributed time and funds to our recent F.C.A. Golf Tournament, to Cal Garrett and the staff of the Hereford Municipal Gold Course, and also to the Hereford Brand, and KPAN radio for their fine publicity of the event. All helped to make the tournament a big success.

Sincerely,
The Fellowship of Christian Athletes

Farewells Said To Club Hostess

Scheduled at the home of Mrs. Gene Parsley, the year's final meeting of Calliopian Study Club Thursday evening was an occasion for members to say goodbyes to the hostess, who will move soon to Colorado Springs.

A gift was presented to Mrs. Parsley, who has been a Calliopian Club member during most of her residence in Hereford and served as president three years ago.

Hostesses with her for a Maytime supper were Mmes. George Warner, W.E. Dettman, D.C. McWhorter, Mary Gibson, Irving Alexander, A.T. Mims, Gerry Grubbs and John Gilliland.

Tulips in pink, orange and yellow shades, from Mrs. Warner's garden, filled clay pots set on mats from India to center pink-covered tables.

Officers for next season were installed by Mrs. Tom Kendrick, retiring president who gave each new officer a small item she said would be useful in her duties, such as a whistle for the president to call meetings to order and a book of blank checks for the treasurer.

Mrs. Keith Simmer is president for 1973-74, Mrs. Alton

Fraser vice president, Mrs. Emmett Milburn secretary, Mrs. Warner treasurer, Mrs. Dale Furr correspondent and Mrs. Gilliland reporter.

Members expressed their appreciation for Mrs. Kendrick's work as president with a gift.

A brief memorial for Bob Word was held, and the club will contribute to a fund in his honor; Mrs. Word is a Calliopian member.

Awards Presented

At Piano Recital

Awards were presented to piano pupils of Mrs. Sam Long for their achievements during the year Sunday at a recital in First Baptist Church.

Ruth Griego was presented a gold cup for rating superior three consecutive years in the Texas Federated Music Club Festivals.

Playing duets at the recital were Karol Shook and Sheree Harris; and Kristi and Kaye Shook.

They also played solos, as did Terri Seiver, Ronald Plummer, Ruth Friego, Vivian Burges, Patricia Hendon, Patty Harris.

Our Slogan: "More People—More Farms"

SUNDAY, MAY 13, 1973

Our Story: PRINCE ARN RETURNS FROM HIS MISSION AND REPORTS TO KING AGUAR: "CROWN PRINCE HEIDMAR WAS KILLED IN AN ACCIDENT AND HIS COUSIN GRIMMER WAS CROWNED IN HIS STEAD. IT IS HE WHO WILL WED PRINCESS FRIEDA."
"I SUSPECT THE ACCIDENT WAS PLANNED."

"THANK YOU, GRANDSON. WE WILL KEEP AN EYE ON GRIMMER FOR I FORESEE HIS AMBITION WILL BE GREATER THAN HIS LOYALTY."

THE SOUND OF MUSIC AND LAUGHTER LEADS ARN TO THE GARDENS WHERE LADS AND MAIDS SING AND DANCE IN THE SUNLIGHT. SUCH GAIETY IS IRRESISTIBLE AFTER THE STRESS OF HIS MISSION AND HE IS DRAWN TOWARD THE MERRYMAKERS.

A MAID WITH LAUGHING EYES COMES DANCING UP TO HIM AMID A SWIRL OF AUBURN CURLS AND PLACES A CHAPLET OF FLOWERS ON HIS BROW: "COME DANCE WITH ME, SERIOUS BOY, FOR THIS IS MIDSUMMER DAY, A TIME OF MERRIMENT."

TOGETHER THEY DANCE. OTHERS ARE DANCING, TOO, BUT ARN IS AWARE OF ONLY ONE.

SHE FETCHES HER BASKET AND THEY FIND A SHADY SPOT TO REST. THE MUSIC COMES FAINTLY AMONG THE TREES AND THERE IS MUCH WHISPERING AND QUIET LAUGHTER. MANY MARRIAGES STEM FROM MIDSUMMER DAY.

EVENING COMES, AND TWILIGHT STEALS QUIETLY AMONG THE TREES. THE MAID COMES CLOSE TO ARN, VELVET LIPS CARESS HIS, LIGHTLY. THEN SHE IS GONE.

DAGWOOD, WHY ARE YOU SHAKING YOUR FIST AT THE RAIN?

I WANTED TO CUT THE GRASS TODAY... BACK AND FRONT... AND NOW IT'S POURING RAIN

AND I WANTED TO TRIM THE HEDGE AND SPADE THE GARDEN, TOO

AND I WAS GOING TO BRUSH THE SCREENS AND PUT THEM UP

AND NOW WITH ALL THIS RAIN I CAN'T DO A THING... HOW UNFORTUNATE!

WELL, STOP SHAKING YOUR FIST AT THE RAIN AND COME INSIDE... YOU'LL GET ALL WET

NOW ALL I CAN DO IS TAKE A NAP... WHAT A WASTE OF TIME! WHAT A DRAG!

DAGWOOD, GOOD NEWS... THE RAIN HAS STOPPED!

THE SUN IS OUT AND YOU CAN GO TO WORK

Oh!

DAGWOOD, STOP SHAKING YOUR FIST AT THE SUN AND GO TO WORK!

hints from Heloise

DEAR HELOISE:
If householders are keeping a record of payments made to the newspaper carrier, they may find it rather difficult to maintain a running record if the receipts are as small and easily misplaced as the ones we get.

My husband conceived the idea of attaching the receipts with plastic tape to a 3½" x 4½" piece of cardboard, after each payment.

Thus we have a record readily available, if needed. We have this cardboard on a bookcase near the front door, where it is most convenient.

The payment card may be discarded after it has served its purpose.

Mrs. Ruth Swanson
Ruth, I do believe your idea

is the best I've heard. It's simple and yet certainly does the job.

And while we are on the subject of newspaper carriers, do your newspaper boy the courtesy of always having money ready and available when he comes to collect. His time is valuable, too, and causing him to make extra trips to collect a bill is very inconsiderate...

I'll step down from my soapbox now and say thanks again, Ruth. You're a doll.

FUR GOODNESS' SAKE!
DEAR HELOISE:
When bath time comes

around for your long-haired canine friend—make sure that you brush his coat thoroughly before you coax him into the tub.

You will be so glad you did when he dries and you have to brush him. You'll find that the hair doesn't knot and is less painful for him.

He'll thank you too.

GOING ON A DIET?
DEAR HELOISE:
I am on a diet and use the instant powdered diet food. I mix this with powdered skim milk. It's so much trouble to mix every time, so I finally got wise.

I made up a quart of the powdered milk and then dissolved four packets of the diet food in this.

Now I just pour a glassful every time I get ready for a "meal."

LETTER OF LAUGHTER
DEAR HELOISE:
As I see the many "Fair and Fat" women lumbering down the streets, I find my-

self repeating the lines: "Oh, dress your legs in pants, my dear. They are your limbs, my sweeting. You look divine as you approach. You should see yourself RETREATING!"

Mrs. Iva Wagner

ALONG THE TRAIL
DEAR HELOISE:
We purchased a new trailer home and when we moved I discovered I had quite a collection of plastic flowers.

I didn't want to throw them out and had no place for them. My husband suggested wall vases.

We couldn't find anything suitable, so he bought a small rectangular-shaped plastic (woven effect) wastebasket and cut it in half, lengthwise.

Then he made backs for each half using one-half inch plywood so they could be hung.

We put plastic foam in the bottoms and all we had to buy was some greenery. Also add-

ed a few butterflies, bees, and tiny birds.

Proud Wife

FROSTED FLOWERS
DEAR HELOISE:
Permanent plastic flowers and fruits which have lost their newness can be restored to life.

Simply apply a coat of frosted nail polish (a silver or gold shade is best) to each piece and remember to apply some on the leaves.

Gives an antique look and really makes them look brand new. Let's recycle all we can!

Ginny Fox

PENNY BAGS?
DEAR HELOISE:
While we do not have a dog, our daughter does.

Rather than throw away the table scraps, I put them in a plastic bag and freeze them. Then when we go to visit, there is a "scrap bag" for Penny.

She grins from ear to ear when she sees us. Don't know whether it is because of the scrap bag or that she is glad to see us.

Anita Ross

QUICK LINING
DEAR HELOISE:
My children complained that their unlined jackets make them itch.

I took old sweatshirts, cut them up the center front, so they would open up like the jacket.

I then fitted them inside the jacket and sewed them to the jackets, forming a soft lining.

This increased the warmth and stopped the unpleasant itching, much to the pleasure of my boys.

It only takes a few minutes to complete the entire job.

Mrs. Lyle Kraus

HEADS UP!
DEAR HELOISE:
I make rag dolls for friends and by accident last month cut two patterns from the waist up and forgot the lower part with the feet.

My little niece asked if I would make her an upside-down little doll.

Her idea was adorable. No

matter which way she holds her dolly, now the head is always up.

I just joined the two waists together. Then I covered the seam with a little belt.

After the dolly was made, we called her "Upsadaisy" Daisy is on what ever end is up!

Janie Henderson

PICK A CARD!
DEAR HELOISE:
Don't throw away the mount cards provided with those instant color film packs, just because you put your prints in albums.

Put the package in the glove compartment in your car. Next time you find someone not at home and want to leave a note—write it on the cardboard backing. Peel off the paper, revealing the sticky side, and stick to a window.

It will be in plain sight when the person comes home and can be easily peeled off the window.

Alice Slabach

What a nifty idea! Sure works better than writing a note on the back of a gum wrapper and slipping it under the door.

● **WELL VERSED?** A thousand and one, a sixth part of twenty; some may have none, but others have plenty! What does this verse describe? P.S.: It's a word of five letters.

● If Ilya was the son of Ivan's daughter, then Ilya was the daughter of Ivan's son. True or false?

● **Challenge:** Stand on your left leg. Place the heel of your right leg before you on a chair. Now, try to untie your shoe without bending your left knee.

● Irma Villarreal, of San Antonio, Texas, asks: "What did the Indian say when his dog fell off the cliff?" Can you answer Irma's question?

MAGIC SIXES! A pair of dice is needed for this trick. Place the six side of one die against the six side of the other. Seemingly, the two become magnetized and stick together. But, as you demonstrate, this magnetism does not work with any other sides.

The secret is to moisten the six side of one die. When the two are placed together, they will adhere. When they are separated, wipe away the moisture with your thumb and no one will be the wiser.

Of course, you can apply the "magic" to any number you choose.

"HEY, WAIT FOR ME!" cries the backpacker at right to his fast-moving friend, above. Which path should he follow to catch up?

TEE FOR TWO! Add these colors neatly for a surprise picture: 1-Red, 2-Lt. blue, 3-Yellow, 4-Lt. brown, 5-Flesh tones, 6-Purple, 7-Lt. green, 8-Dk. green, 9-Dk. blue, 10-Maroon.
