

Band Goes For No. 14 To March In Contest In Canyon Tuesday

The Hereford Whiteface Marching Band will be going for its 14th consecutive first division rating Tuesday during University Interscholastic League (UIL) Marching Contests in Canyon.

The band, this year under the direction of Randy Vaughn, is scheduled to march at 3 p.m. Tuesday in West

PAUL GALLEY
Drum Major

Texas State's Kimbrough Stadium. The annual contest is the first part of three UIL contests the band will enter during the school year in an attempt to win the coveted Sweepstakes Award.

THE CONTESTS at Canyon are for all bands in the Region I Panhandle division of the UIL. Bands from smaller Class B schools are scheduled during the day along with all bands up to Class AAAA in the region.

The nature of the contest is such that bands do not compete against each other in order to achieve a first division rating. Each band will march and play and will be judged individually on its own merits. Bands are judged on a scale of 1 through 5 with the 1-rating being the highest rating.

Under this judging system it is possible for each band marching to receive the same division rating. However, few bands attain the No. 1 rating.

JUDGING the bands will be Dr. James Jurens, Dr. Charles Traylor and Phil Anthony.

Vaughn said the Hereford band is planning about a seven minute performance in which it will play six songs. All bands must perform on the field for a minimum of six minutes but no longer than eight minutes.

Marching 128 members, the Hereford band will play "Macarena" as a fanfare and then perform pinwheels to "Southern Spirit." The band will then do a step-two drill to the "British 8th" and then another pinwheels routine to the well-known "Maria" song.

A FEATURE routine will then accompany the band's playing of "Evil

Way" and then the exit drill will be to the tune of "Ceremonial March."

"We've been practicing pretty hard for the contest," said Vaughn, who is in his first year of direction here. "It (the contest) is earlier this year than it has ever been and it has pushed us in getting ready for it."

"The kids have been playing pretty well, but we still need to work on the marching," he said. "But we are working on it this weekend and should have enough time before Tuesday."

ASSISTING Vaughn with the band this year are Jim Priest, director at La

Plata Junior High; Nick Nixon, high school assistant; and Tom Wine, director at Stanton Junior High. Drum Major of the band this year is Paul Galley.

The band must attain a first-division rating in marching Tuesday in order to stay in contention for the Sweepstakes Award. The other two parts of the three-part contests for the Sweepstakes will come in the spring of the school year and will be for concert and sight reading.

In order for a band to win the Sweepstakes Award it must receive a first-division rating in each of the three contests.

Crash Kills Dimmitt Man Car, Truck Collide In County Road Intersection

A 20-year-old Dimmitt man was killed shortly before noon Friday when the car he was driving slammed into a truck in a county road intersection about five miles southwest of Hereford.

Killed in the grinding collision was Carlos Zarazua, a resident of Dimmitt and employed at Armour and Company west of Hereford. He was pronounced dead at the scene by Municipal Judge J.D. Neill.

Driver of the truck, Juan Trevino of 721 Lyndon, Raymondville, was not seriously injured.

The accident occurred two miles south of U.S. 60 on a county road known

as the Prisoner-Of-War-Camp road. The two vehicles collided in the intersection as the truck was headed south on the POW road and the car headed east.

The intersection is an unguarded one with no traffic signs.

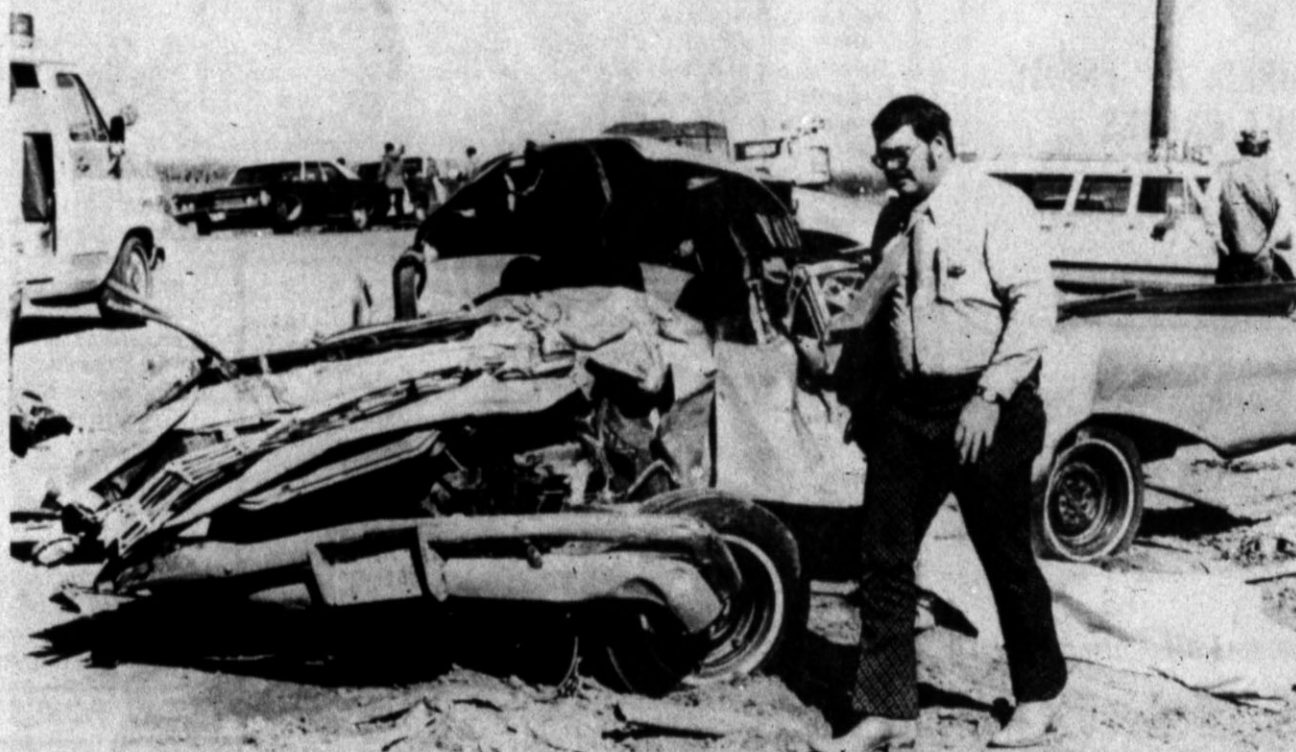

The two vehicles collided with such force that the front of the car was demolished. Both came to rest in a field just southeast of the intersection.

The Ben Patterson residence is on the corner of the intersection. Mrs. Eldon Howell, who lives in a trailer house near the intersection, heard the crash and reported the accident to Hereford authorities.

Officials said Zarazua was apparently returning from his job at Armour and heading toward Dimmitt at the time of the collision.

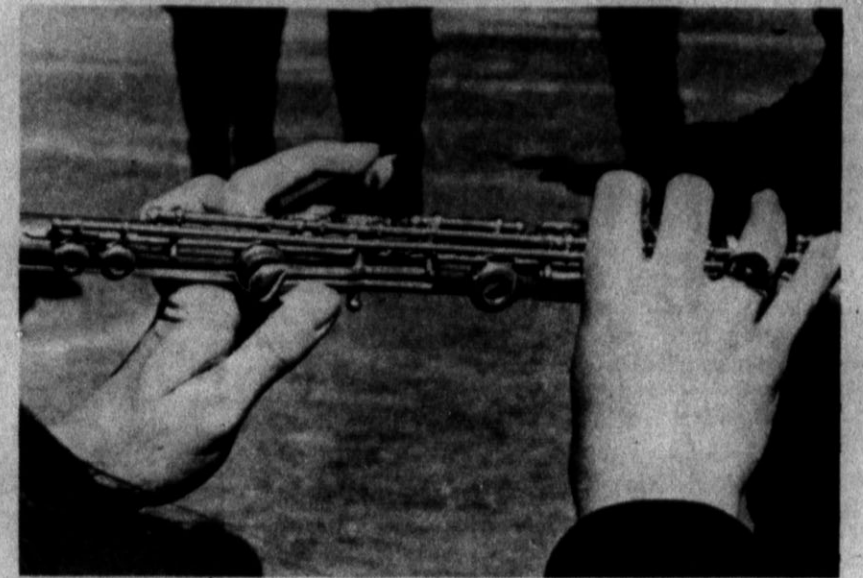

Officers in charge of the investigation were Highway Patrolmen Russell Wheeler and Larry Bigham. Several units of the Deaf Smith County Sheriff's Department helped with the investigation along with Hereford Fire Marshal Jay Spain, who was called when it was reported Zarazua was trapped in his car. However, officials said the man apparently died instantly.

Funeral arrangements are pending in Dimmitt.

Accident Victim's Car

Carlos Zarazua, 20, of Dimmitt was killed shortly before noon Friday southwest of Hereford when his car collided with a truck driven by Juan Trevino, who was not seriously injured. Above, Deaf Smith County Deputy John Martin helps with the investigation.

Practice Makes Perfect . . .

Kindergarten Program To Begin In January

A full-day kindergarten program for all children 5 years of age — on or before Sept. 1, 1973 — will be initiated by the Hereford Independent School District on Jan. 14, it was announced this week by Supt. Roy Hartman.

Because of the need to provide for an increase in enrollment, facilities and teaching staff, there will be a pre-enrollment day on Tuesday, Nov. 6, from 9 a.m. to 4 p.m.

The program is not compulsory, but parents who would like for their child to take advantage of the kindergarten program should take him or her to their appropriate neighborhood school for pre-enrollment Nov. 6.

The 5-year-old kindergarten program was provided for by the Texas Legislature in House Bill 787. School officials here pointed out that, as a result of crowded facilities and existing kindergarten programs, it may be necessary for children to attend a kindergarten class in a school other than the one in which he is pre-enrolled.

In accordance with the State Immunization Law, it is necessary that the child's current immunization records be presented to the principal's office before he can actually begin school on Jan. 14.

The state bill provides that the kindergarten program will include: (1) An appreciation for the cultural and family traditions of the child's parents; (2) An awareness and appreciation of the broader world in which the child must live; (3) Assistance provided to the child to develop appropriate language skills; (4) Preparation for the child to participate in the world of his peers and the broader cultural stream into which he will progress more as he matures; (5) A beginning in the development of the mental and physical skills and cooperative attitudes needed for adequate performance in a school setting; (6) A beginning in the development of his unique character and personality traits.

UF Agency Treats Alcoholism As Disease

By KATHY MARGRAVE
Staff Writer

The Deaf Smith County Council on Alcoholism, a United Fund information and referral agency, has as its first concern Alcoholism as a disease, not alcohol as a beverage.

The Council on Alcoholism is a volunteer citizens group organized to help meet the need of the alcoholic, his family, his employer and the tax-paying public.

The basic principles of the council are that alcoholism is a disease; the alcoholic can be helped and is worth helping; alcoholism can be prevented if symptoms are recognized in time and that alcoholism is a public health problem and therefore a public responsibility.

"THE COUNCIL is not a prohibitionist organization, nor does it promote drinking," explained Rev. W.A. Lang, Jr., council executive board member. "The council is neither wet

nor dry, but includes persons of all opinions on the issue. Its principal objective is to inform the public about drinking to excess or to the extent that serious personal problems are created through alcoholism."

Absstinence is within the scope of teaching of the council, but it is not its total approach to the problems connected with the misuse of alcohol.

THE COUNCIL'S primary objectives are to increase public understanding of the problem of alcoholism; maintain information for the public for consultation and referral

services; mobilize public opinion for a community approach to this major health problem and help promote and expand needed facilities for the rehabilitation of the alcoholic by bringing together members of the community at large.

"This year the council on alcoholism is scheduled to receive three per cent of the United Way Fund's goal," Mrs. R.L. Etheridge, council member, said.

"LAST YEAR, since the fund did not reach its goal, the council did not receive any money. However, about a month ago we did receive a check for \$225 which the United Way held for us until we ran out of money," Mrs. Etheridge explained.

This money goes for supplies, films, educational material and other expenses.

"Control of alcoholism through education and com-

See UNITED WAY, Page 2

Branding Time

By Speedy Nieman

That feller on Tierra Blanca Creek says success is three parts ability, two parts luck, and five parts having the right wife.

At the coffee shop the other day, a young man said he got married because he thought two could live cheaper than one, but he forgot to ask if she was working.

THE BRAND welcomes visiting Jaycees to hustlin' Hereford, with hopes that your convention has been a big success to this point. Hereford is proud of the community projects now being accomplished by its Jaycees, and we extend best wishes to all clubs as they adjourn and head home this evening!

THE PAST WEEK was National Fire Prevention Week and we hope a number of interested citizens took time to visit the "open house" at Hereford Fire Department. Fire Marshal Jay Spain and all the members of the Hereford Volunteer Fire Department perform a great service for the community — one that we take for granted until it strikes close to home. The Brand joins other citizens of the community in expressing appreciation to a great volunteer fire-fighting crew!

DUE TO several requests by large industrial prospects, a "quickie" labor survey has been conducted by Deaf Smith County Chamber of Commerce. A survey form was published in The Brand, and the questionnaires were distributed in school to be taken to parents.

Results of the informal survey were not available late this week, but it is hoped that a large number of people responded to the questionnaires. The availability of labor could be the big difference when an industrial prospect seeks a new site.

Amarillo, which has been successful in industrial development the past year, is now attempting to recruit new citizens. Their labor market picture is apparently down, and the city needs to show more workers for some interested manufacturing prospects.

Industrial development leaders in Hereford feel the labor market potential might be better here than in some communities. One reason is that the city draws a large number of migrant workers, particularly during the vegetable harvest, and some of them might be enticed to become permanent residents.

This week's Canyon News reported that the Vice President threw out the first ball for the World Series about this time last year, and this year he threw in the towel!

Services Held For Mrs. J. O. Newell

Funeral services for Mrs. J. O. Newell, 85, resident of Hereford since 1901, were conducted Saturday afternoon in First United Methodist Church, of which she was a member.

The Rev. Jordan Grooms, pastor, officiated. Burial was in West Park Cemetery, directed by Gililand-Watson Funeral Home.

Mrs. Newell, a resident of Westgate unit of Kings Manor retirement home in recent years, as Merline Ethel Patton came with her parents, the late

Mr. and Mrs. W. H. Patton, to Hereford from Plainview. She was born Dec. 19, 1887 at Breckenridge.

She married J. O. Newell, from another Hereford pioneer family, here on Oct. 13, 1907. He owned and operated dry goods stores in the city until the 1930's, when he served as a deputy sheriff and then became sheriff in 1936, serving three terms. His death occurred June 5, 1958.

Surviving Mrs. Newell are two daughters, Virginia Winget of Hereford and Elaine Willoughby of Oklahoma City; three sons, Gaylord, Charles and Orland, all of Hereford; a brother John Patton; a sister, Lelia Trotter of Fort Worth, 13 grandchildren and 19 great-grandchildren.

Library Going Up

Bricklayers are moving right along with the outside walls of the new library being added to the west front side of Hereford High. The walls are about half the way up now and should be completed in the near future. Completion for the addition is expected sometime next spring.

Hospital Board To Meet

The Board of Directors of Deaf Smith General Hospital will meet in regular session for an expected short meeting at 7 a.m. Tuesday. The planned agenda for the meeting includes only routine

items including approval of minutes, report of the medical staff, financial report for fiscal year 1972-73, and miscellaneous reports by Administrator R.R. Welty.

County Court Busy

Judge H.C. Williams' County Court was the busy one this week as 16 misdemeanor cases were handled.

Only one of the cases through the court was a civil case and the other 15 were concerning criminal charges.

The one civic case was a hearing concerning the mental condition of the defendant.

In the 15 criminal cases filed through the office of Criminal Dist. Atty. Andy Shuval, only two were cleared from the docket while others require further action.

A probation revocation hearing was held for Tommy Ray Barrett and the probation was extended through October 1, 1974.

The other case completed was a charge of driving while intoxicated (DWI) against Jackie Claude Blankenship. Blankenship was fined \$100 plus court costs, six months in jail and 18 months of probation.

Two persons who are still at large were charged with defrauding an innkeeper.

Bonds were set on eight other

cases during the week: Marion B. Boydston charged for aggravated assault with a deadly weapon; Ruth Barrett, charged with DWI; David Munoz, charged with DWI; Joe Garner, charged with DWI; George Fredrick Pope, charged with DWI; Huracio Herminio Garcia, charged with DWI; Jessie Flores, charged with possession of marijuana; and

Eugene Condarco, charged with possession of marijuana.

Three appeal bonds were made from action of the Justice of the Peace court — all concerning speeding cases. The three persons connected with the separate cases are Herman Dell Wallar, Lloyd Herman Chadwell and Homer J. Armstead Jr.

Breakfast Planned

A United Way Fund Drive kickoff breakfast, sponsored by the First National Bank of Hereford, will be held at 6:30 a.m. Thursday at Dickie's Restaurant.

"Invitations have been sent out to all campaign workers, captains, division heads, city and county officials, news media and clergy," Mike Patrick, United Way President, explained. "However, anyone that is interested in the United Way Fund is invited to attend."

Patrick said the purpose of the breakfast is to pass out information packets to all workers and to explain the approach of this year's campaign.

Bud Eades, campaign committee chairman, Lynton Allred, campaign chairman and Patrick will explain phases of this year's drive, which has a goal of \$50,925.

"I strongly believe that we will reach or surpass our goal this year," Patrick remarked.

Gold Star Winners Named

Gold Star 4-H Club members in Deaf Smith County this year are Chris Marnell and Roger Sanders, who were presented the awards to climax the annual 4-H Achievement banquet Friday evening in the County Bull Barn.

These two will be among honorees at the District 1 Gold Star Banquet in Amarillo Nov. 10. Members, parents and adult leaders attended the county banquet, which closed the annual observance of National 4-H week here.

Another special award, the Texas Plains Key, went to Sandra Stallings, Carmela Burges, Kathy Vogel and Ricky Coleman.

Recognized for long service as leaders were Mrs. Hugh Cleaman and Mrs. Floyd Cole, 15 years each, and Mrs. Austin Rose Jr., five years. Other organizational and project leaders, as well as friends of 4-H, were introduced.

Coleman was master of ceremonies; he and Jigger Roland, chairman of the Parent-Leader Association, recognized the special guests. Kim Simpson welcomed the diners and Shelly Scott led the 4-H flag pledge after the invocation by Britt Hicks.

Numerous awards in all phases of 4-H Club work were announced; these are given by various local and national firms.

Rowland presented

ROGER SANDERS

CHRIS MARNELL

nutrition and clothing the past three years.

Junior leadership, foods, clothing, citizenship, consumer education, recreation, crafts and child care are listed among her projects.

Sanders is acting as an assistant leader for a 4-H club this year. He was on the 1971 county livestock judging team which went from District 1 to state competition and has placed well with his pigs at various shows.

His projects included field crops, sugar beets, vegetable production and electricity. He was club president two years, council delegate a year and attended electric camp last year. His leadership has been especially strong in the area of livestock.

A Hereford High School graduate with the 1973 class, he has since assisted his father on the family farm, and is active in church and community affairs. His parents are the Clayton Sanders of Summerfield.

achievement awards to Sue Shirley, Joann Wagner, Miss Burges and Sanders; leadership awards went to Wesley Strain, Coleman, Miss Stallings and Burgess. Recipient of the citizenship award was Kathy Vogel.

Both the Gold Star winners are 18 years old and have records of active participation

in 4-H projects. Miss Marnell, daughter of the F.A. Marnells, has held office at local and county levels as an eight-year member of Merry Maidens Club.

She was chairman of Teen Leaders Association in 1972, represented District 1 at State 4-H Roundup two years in clothing and has been an outstanding junior leader for food-

United Way Agency

Continued From Page 1

munity service is the objective of all council activities," Rev. Lang explained.

The council volunteers conduct consultation sessions with family and friends of the alcoholic with problems being kept on a confidential basis. They also assist the employer who shares in industries' multi-billion dollar loss resulting from alcoholism. (Surveys indicate that Deaf Smith County has between 500 and 600 alcoholics.)

Pamphlets and literature to all who need information are provided by the council and they also furnish speakers and films on alcoholism to service clubs, industrial groups, churches, schools and civic organizations.

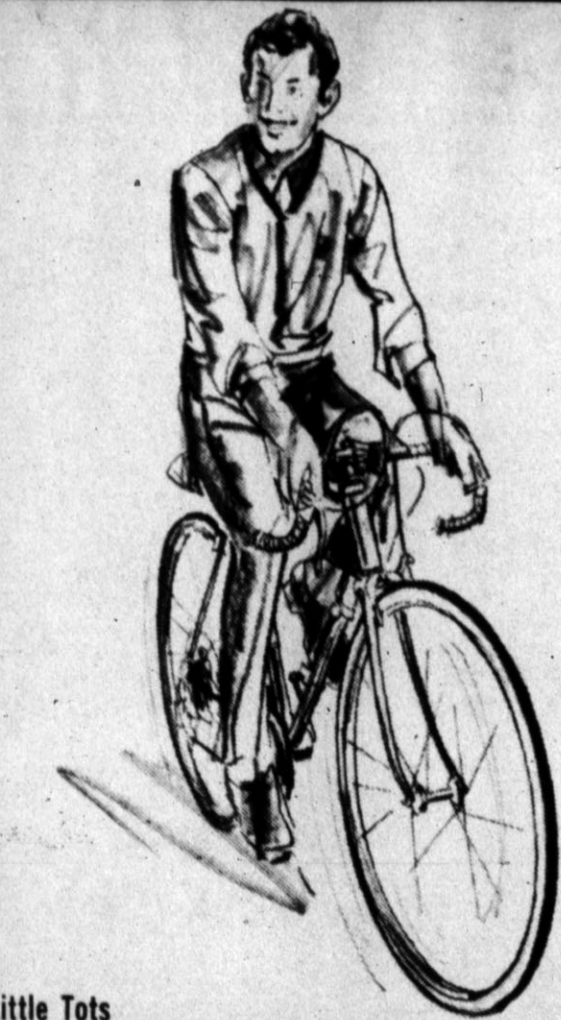

"THE COUNCIL on alcoholism is not taking any stand for or against usage of alcohol," Rev. Lang stressed. "We're interested in the disease of alcoholism and not whether a person drinks or not. We are not a prohibition agency, we're only a referral agency."

COWAN JEWELERS

DOWNTOWN

H³ / HUSTLE HUSTLE HUSTLE

By Bill Albright, Executive Vice President
Deaf Smith County Chamber Of Commerce

Your Chamber of Commerce supports those activities designed to improve and promote the community. The Safety of all our citizens certainly qualifies, so our compliments to the municipal officials who are working to enforce safer bicycle riding in Hereford.

And while we're on the subject of safety, many of our drivers could set a better example of good driving thru a more consistent and timely use of turn signals, use of head lights at dawn, dusk and in rain and fog, turning into the correct lane, and complying with posted speed limits and stop signs. Next time YOU drive - look for these violations - it's surprising

how many of us really need to brush up on good driving practices.

Many thanks to Radio Station KPAN and The Brand for their response in promoting the recent labor survey conducted by the Chamber to identify available workers in this area. We also acknowledge the assistance of the grocers, the

banks, and all schools in helping to distribute the questionnaires. Paul Abalos is our official translator. The results of the effort are not yet complete but I'm sure we will gain some valuable information from the process.

Suppose we do acquire a new industry in Hereford - say one that employs 100 workers - know what that would mean to us? There would be 351 more people - that includes 97 families, 79 more school children and 75 more preschoolers. Personal income would be up and over one million dollars per year.

Bank deposits would increase almost a half million and retail sales would rise \$565 thousand. A surprising gain is 66 more non-manufacturing jobs and one additional retail establishment - and that's all from just

100 more workers. Imagine what several industries could mean.

Hereford's Hustlin' Herd is another bright spot in the crown of our community. While the 5 victories are impressive and evoke considerable pride, I believe that there is even more to "pop our buttons" about.

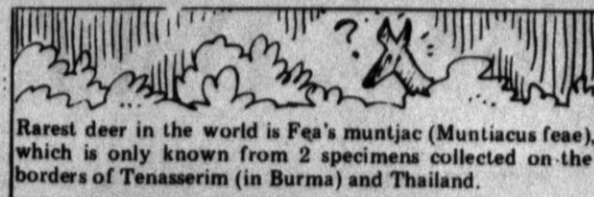

I'm speaking of such things as the student conduct, the bands

enthusiastic and professional performance - The fans and boosters loyal support, the pep squad and cheer leaders great spirit and the good sportsmanship that is evident on the field. All this reflects on the educational system, the families and the total Community of Hospitable Hustlin' Hereford.

Take a bow y'all and hustle hustle hustle.

★ NOTICE ★

Due to the large number of new customers coming in to buy gasoline and diesel fuel, I would like to make the following announcement:

I cannot accept any new customers—either on diesel fuel or gasoline at this time. I am barely able to take care of my regular customers, and can only sell them the same amount they bought in the same month last year. I think this is true almost everywhere.

For those who still wonder—there is a fuel shortage. Before you buy a new business or farm, or increase the size of your present one, I suggest you contact your supplier to see if you can buy fuel.

I am sorry for this inconvenience and hope it gets better, soon, but I am sure not very optimistic.

Sugar Beet Harvest Picks Up After Rain

The local harvest of the annual sugar beet harvest is nearing the 25 per cent completion point and has picked up steadily following last week's rain, according to a Holly Sugar official.

"We have been going good since Monday," said Bob Ginn of Holly. "We had a sufficient supply of beets to keep the plant running constantly even though the farmers could not get into their fields because of the rain.

"Most of the harvesting then began to pick up Monday and

was going good Tuesday."

Ginn said a total of 120,000 tons of beets had been delivered to the Holly plant through noon Friday.

"They have an average of about 14.4 per cent sugar," he said. "That's still doing pretty good."

Barring unforeseen prohibitive weather, Ginn said the annual beet harvest should be completed this year by mid-November.

4-H Program

Held Tuesday

A program on 4-H was presented by the Argen Draper 4-H Club to Rebekah Lodge members this week at IOOF Lodge Hall.

The girls gave short talks about the why's of the 4-H emblem and the four H's on each emblem. Taking part in the program were Carla West, Eugenia Combs, Sandra Thomas and Karen Cople.

Mrs. Bill West was recognized as a guest and Mrs. Gene Combs, the club's leader, introduced the girls and gave an introduction to their program.

Toro Enrolled In Short Course

Joe D. Toro of Hereford has enrolled in the semi-postpay paystention school currently being conducted at Texas A&M University's Electrical and Telephone Training Center.

The four-day course is directed by Marvin Moss, instructor in the Telephone Technician Training Department, and personnel from the Engineering Extension Service, a division of TAMU.

The course covers automatic electric semi-postpay paystention theory and practical maintenance of Type 86 instruments. Students will be taught to interpret wiring and schematic diagrams, to conduct field tests and to perform field maintenance.

The training program is sponsored by the Texas Telephone Association and the Texas Statewide Telephone Cooperative Association.

Toro of 215 Ave J, is a lineman employed by West Texas Rural Telephone in Hereford.

Weekly Market Report

Fryer Chicken Prices Drop

Fryer chicken prices dropped steadily the last couple weeks—back to bargain levels in most markets.

"Whole birds offer the best values," Mrs. Gwendolyn Ciyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, Texas A&M University System, noted.

"Beef and pork prices, on the other hand, remain basically unchanged."

"In general, look for best beef values on chuck roasts and steaks, round steaks and roasts, beef and calf liver, ground beef, and arm and blade roasts and steaks.

"Pork buys include hams, picnics, shoulder roasts and steaks, and end-cut loin roasts and chops."

For an appetizing main dish that makes a little meat go a long way, the specialist suggested brown pork chops baked on top of a casserole of creamed potatoes, Spanish rice, baked beans or other

vegetables, macaroni, noodles or onions.

Egg supplies remain adequate—and when compared to other high-protein foods, they're a bargain, the specialist pointed out.

"Cheddar cheese is featured at dairy counters along with milk, sour cream and other cheese," Mrs. Ciyatt continued.

"Today grapes carry attractive price tags as supplies increase. Abundant apple supplies also mean decreasing prices.

"Other fruits worthy of consideration include prunes, bananas, oranges, cantaloupes and pears."

Consumers can choose from several varieties of hard and soft shell squash. In addition, larger head-lettuce supplies bring more attractive prices, she added.

"Dry yellow onions, potatoes, sweet potatoes, celery, green peppers, rutabagas, mustard, collards, turnips and greens, and cucumbers are among the economical vegetable choices."

Chill Tulip Bulbs For Winter Planting

"Tulips can be grown as successfully in the South as garden magazines and bulb catalogs claim, if they are treated properly," contends Everett E. Janne, landscape horticulturist for the Texas Agricultural Extension Service.

"Tulips require cold temperatures to perform at their best," explains Janne, "and Southern winters are usually too warm for good flower bud development. So, the Southern gardener must substitute cold conditions by chilling the bulbs artificially at 35 to 40 degrees for at least 45 to 60 days prior to planting."

Keep the bulbs refrigerated until mid-December, then plant

immediately upon removal from cold storage. If bulbs are planted earlier than this, the warm soil may nullify the cold treatment," says the horticulturist.

"Pre-cooled bulbs are frequently advertised, but unless they are kept in cold storage, the normal garden shop temperatures can also nullify the pre-cooling effect," notes the Texas A&M University System specialist.

"Without pre-cooling, the flower quality will be poor and the stems extremely short. A word of caution, though—do not allow the bulbs to freeze while in cold storage."

40,000 MILE TIRE BE SELECTIVE

Choose the B.F. Goodrich LIFESAVER® RADIAL STEEL R/S

GUARANTEE
In normal driving, you'll get at least 40,000 miles of tread wear from the Lifesaver Radial Steel R/S on your car. If you don't get 40,000 miles, take the guarantee back to your BFG retailer. He'll allow you credit for the difference toward the going trade-in price of new ones. And add a small service charge.

Muscular Dystrophy Paper Drive Here

The Muscular Dystrophy Chapter girls of Hereford are presently conducting a drive collecting old papers and magazines.

The drive will continue through October 31 and anyone having old papers and magazines is requested to call either Bridget Mazurek 276-5262, or Ramona Swindell, 364-1236. Persons may also deliver the papers during the day to 119 Fir where the papers can be placed on the porch or in front of the garage.

"Many papers have already been presented and we want to thank the people for them," said Miss Swindell. "We just want to get as many as we can to raise more funds."

Williams Funeral Set At 3 p.m. Monday Here

The funeral of Lee Williams Jr., 21, of Lubbock, a Hereford native who died in a two-car crash on the outskirts of Lubbock Friday morning, will be conducted at 3 p.m. Monday in Rose Chapel of Gilliland Watson Funeral Home.

Dr. Jordan Grooms, pastor of First United Methodist Church, and the Rev. Gene Brink of First Christian Church, will conduct the service. Burial will be in Rest Lawn Memorial Gardens.

A passenger in a car involved in a collision, Mr. Williams was dead on arrival at a Lubbock hospital. Six others were injured in the crash, including Lyle James Livesey of Lubbock, driver of the car in which Williams was riding. Born Sept. 22, 1952, in Hereford, Mr. Williams is survived by his parents, Mr. and Mrs. Oscar Lee Williams of this city; a brother, Ross Williams of Lawton, Okla.; and grandparents, O. C. Williams of Hereford and Mrs. Vesta Payton of Oklahoma City.

Mini-Vacations Enjoyed By All

Ever felt like you've been away for a week when you only spent a day in the country?

"Such mini-vacations can be memorable events for all concerned," Dr. Jennie Kitching, family life education specialist with the Texas Agricultural Extension Service, Texas A&M University System, said.

"The whole family will enjoy an unexpected outing more if they occasionally take time off to spend the day together in some special way.

"This time off doesn't necessarily mean going away overnight or taking the children out of school. It can mean just leaving the usual weekend chores and running away for a day of fun," the specialist explained.

Mini-vacations or time off has another value.

"While promoting a sense of responsibility, adults can help

children become spontaneous and flexible enough to meet life as it is.

"Learning the ability to make compromises and adjust routines, children can learn to have fun while fulfilling responsibilities. This is the heart of bringing up children," Dr. Kitching said.

"While still young, children can learn from parents and other adults the importance of setting limits for work as well as pleasure.

"Young people can grow up to accept obligations when they recognize the option to put burdens aside every once in a while to enjoy themselves in other pursuits.

"Otherwise, routine becomes so oppressive that the ultimate purpose gets lost in the shuffle," the specialist warned.

"So, what are you and your family doing this weekend?"

Along The Frio

By MRS. OWEN ANDREWS
Brand Correspondent

The Rev. and Mrs. Sam Ogan, Sammy Ogan and the Jack Andrews went to Stephenville the first of the week to help Mrs. Ogan's aunt, Mrs. Tom Hatchett, move into town into an apartment. Mrs. Hatchett has lived in the family country home for many years and is moving into more comfortable and easily kept home.

Mrs. John Simpson was honored on her 81st birthday Sunday with a family dinner in the home of a son, Robert Simpson. Other children, J.C. Simpson and Mrs. Leon Roberts of Wellington, also were present along with several of the grandchildren and Mrs. J.C. Simpson. Coming with Mrs. Roberts was her daughter, Patsy Ford and her daughter, Kandi, of Dodson.

Visiting the John E. Andrews Monday evening were her brother, Robert Haseloff and his wife from Abilene. They had been on a vacation in Colorado.

Frio Homemakers Club met Tuesday in the home of Mrs. Owen Andrews. The program was the making of Fried Pies, by Mrs. Andrews and Mrs. Carlton Dobbins. A biscuit mix, using powdered milk, was

the specialty recipes being given out to those in attendance.

Others attending were Mmes. Tony Urbanzyk, T.L. Sparkman Jr., Eugene Baldwin, Laura Littrell, Ronnie Andrews, J.L. Brooks, Frank Robbins and E. F. Vogler.

Jeanine Jobe, daughter of the Clayton Jobes, and Patricia Yerby, daughter of the Ralph Yerbys were injured in a car accident Tuesday evening. Patricia escaped with bruises and cuts, but Jeanine received a broken shoulder bone, deep cuts and undetermined internal injuries. She was seemingly doing satisfactorily the last of the week, at Deaf Smith General Hospital.

The Yerby car was destroyed as it turned over into a plowed field. The accident took place several miles south and west of Frio.

Mr. and Mrs. Tony Vigil spent last weekend at Las Vegas, N.M. where they attended the wedding of a niece and visited relatives.

James Bullard was able to leave the Hereford hospital to go home after three weeks stay there. He suffered a heart attack.

Elmer Jones is home from High Plains hospital, Amarillo, recovering from recent surgery.

Fuels, Fertilizers May Be Short In 1974

Farmers may find it just as difficult to obtain fertilizers and fuel during the coming year, according to Dr. Michael Sprott, economist in management with the Texas Agricultural Extension Service.

The tight supply-demand balance of certain nitrogen and phosphate fertilizers is the

result of several factors. First is the release of 62 million acres that were set aside in 1972.

Another important influence is the strong foreign demand for fertilizer, making export prices much higher than domestic ceiling prices.

Devaluation of the dollar has further aggravated the

situation, continues Sprott. Like other items in world trade, fertilizer prices currently may be discounted by as much as 20 per cent where the price is quoted in dollars but payment is made in currencies whose values have risen in relation to the dollar.

Farmers experienced a tight

fuel situation during spring planting this year and expect a similar situation this fall. Although the diesel supply for fall appears adequate, gasoline stocks are low, notes Sprott.

For next spring, the gasoline and diesel situations appear mildly optimistic. Although farmers will be permitted to

plant more acres, more fuel is being imported and allocated to distributors servicing farm accounts.

The big fuel concern is over the short supply of LP gas, says Sprott. A cold, wet fall and a harsh, early winter could keep farmers from obtaining enough propane for crop drying.

Now It's Hereford's Turn

Friday night the Hereford Whiteface football team will play its most important game so far this season.

The game will pit the Herd against the Lubbock Monterey Plainsmen in what is expected to be one of the closest games of the year. It is also Hereford's Homecoming game.

The game is the first district contest for both teams and the winner will be considered the "team to beat" in District 4-AAAA.

Monterey was favored in preseason polls to win the district while the Whitefaces were forecasted to finish in the lower echelon of the conference. However, the Herd has been the surprise team of the Panhandle and has gone through its entire five-game non-conference schedule without a loss.

Monterey also is unbeaten in five games, but did suffer a tie with Wichita Falls.

THE TRUE test of a good team and its

coaches is when it makes a good showing in what is expected to be a "rebuilding year."

The Hereford team has won all its games this year because of one major thing — total team effort. And that's what it will take this week to win this important district game.

However, it will also take another thing that only Hereford residents and businesses can provide — total team backing.

A tremendous community showing of support for the Whitefaces would help the team considerably. They have come a long way this year — a lot farther than most people figured they would. Now it's up to Hereford residents to help them go farther.

Visibly and verbally support the team this week. Pick your own method for showing your support, but do show it.

The team and coaches have proved themselves to Hereford. Now it's time for Hereford to prove itself to the team.

They Should All Get A Chance Like This

What does it take to give the typical high school student a positive attitude toward the American business system? Not much. Just exposure to the facts.

That point has been demonstrated many times by experiments like this one.

Fifty Indianapolis high school students were invited to a two-week, all-expense-paid institute held last summer on the campus of Wabash College. It was called Opportunities L.A.B. (for Learning About Business).

The program was developed by the Indianapolis Chamber of Commerce, Wabash College, and Indiana University-Purdue University at Indianapolis. It was sponsored by 36 companies, many of them among the giants of American business.

As you would expect, the institute included films and lectures on the fundamentals of running a business in modern society. But the organizers had the good sense not to spend all of the time talking "at" the students.

INSTEAD, the key to success was the simulation of an actual business situation. The students were formed into 10 corporations, each engaged (on paper) in the manufacture and marketing of mini-calculators.

The five members of each company functioned as a board of directors. They had to make decisions about pricing, advertising, financing, and so on, and even engaged in a mock labor negotiation with real businessmen and real union representatives.

Decisions made by the student "directors" were fed into a computer, which reported their theoretical effect on the health of the fictitious companies — a role-playing technique common to university schools of business administration.

THE RESULT of this experience was a dramatic change of opinion among the par-

ticipants about many aspects of business. But not all. The students were not propagandized. They entered the seminar able to think for themselves and left it in the same condition. For example, attitude tests made before and after the institute program showed that the participants continued to believe — by 80 per cent — that business is "insufficiently concerned with" the environment.

ON THE other hand, the number of students correctly identifying after-tax profits as about "five per cent or less" rose to 84 per cent after the seminar. Seventy-two per cent of the graduates said profits are "just about right," six per cent thought they are "too much," and 16 per cent said "not enough."

Ninety-four per cent said profits should be limited "only by natural competition in the marketplace."

Fifty-six per cent of the institute graduates disagreed with the statement "price controls are necessary in today's economy." Eighty-eight per cent disagreed that "price controls can be put into effect without restricting the freedom of the average citizen."

THE KIDS' comments were typical of teenagers who have been through similar programs. Here are a few of them:

"The course challenged our thinking and I began to appreciate how much thinking businessmen have to do."

"I learned so much that my outlook on business, the stockmarket, lobbyists, and government has been changed about 45 degrees."

"The greatest learning experience of my life."

Shouldn't all kids have a chance to participate in something like this?

Help Stop Fire

People cause most fires, and people can prevent most fires.

Not "the other fellow," but you... and you... and you!

Good attention to fire prevention starts at home, then carries through on the job or in the classroom, during leisure-time activities and while traveling, everywhere and at all times. In other words, "Never give fire a chance to start!"

AT HOME, get rid of possible fire hazards

and try to change habits which could be dangerous.

Tour the house to weed out and discard everything no longer needed, especially from storage areas where all sorts of "stuff" tends to accumulate. Then check throughout the house and correct all hazards, like faulty electrical appliances and worn cords, combustibles stored too near sources of heat, defective cooking equipment, a heating system which hasn't been cleaned or had a safety inspection since last used.

Next, make a conscious effort to correct habits like carelessness with smoking materials, smoking in bed, leaving matches and lighters where small children can too-easily get hold of them, or smoking while handling gasoline-powered equipment like the lawn mower and snow blower.

ON THE JOB, help stop fires by being careful with smoking materials and obeying all "No Smoking!" signs without fail. Report faulty electrical equipment, follow regulations for safe storage and disposal of combustible materials, cooperate fully with the firm's fire safety program.

Start now. Fire Prevention Week ended Saturday. But now is the time to start really observing fire safeties. Do your share to help stop the fires which now claim an average of more than 12,000 lives in the United States each year and cost the nation approximately \$2.4 billion annually.

The Sunday Brand Editorial Forum

Hereford, Texas, Sunday, October 14, 1973

Where Do We Sit?

From Agnew To Buffalo

"Nothing is politically right which is morally wrong."
—Daniel O'Connell

There is an old joke that goes around almost everytime the second-in-command of a club or organization is introduced. It goes:

"He's the vice president, or the president in charge of vices."

That joke didn't seem quite so funny this past week when the news broke concerning the resignation of Vice President Spiro Agnew.

ONLY ONE other time in U.S. history has a vice president resigned his position. The first time there was no scandal involved.

John Calhoun resigned his position as vice president back in the 1800's, but he did so because he wanted to return to the U.S. Senate. However, it's doubtful if Agnew will ever return to a political position.

IT SURE doesn't take long for some people to forget about the fall of a man — especially when it's his job their after.

Friday night, only two days after Agnew resigned, President Nixon announced his nomination for the new vice president — House Minority Leader Gerald Ford. The choice was an exceptionally good one — about as good as anyone could have made.

But I feel there was a tremendous amount of politicking from Wednesday through Friday by persons wanting the position. The job could mean a big boost to anyone seeking a presidential nomination in 1976.

This was no time for politics, and it appears Nixon made a wise selection. Ford should have no trouble receiving approvals from Congress.

A PECULIAR bit of information came up at the last meeting of the Hereford School Board of Trustees. Supt. Roy Hartman read a poll concerning how much money should the federal government inject into the school systems in the United States. Most Americans seem to believe the government finances 30 per cent of the school's budget, but also felt it should finance up to 50 per cent.

However, actual figures reveal the government funds only about 7-8 per cent of schools' budgets.

A GROUP IN Canyon has formed in an attempt to help the growing problem at Buffalo Lake near Umbarger. The committee is attempting to find methods to replenish the dwindling water supply at the once-popular lake.

The group is presently looking into two methods for filling the lake back to a useable level: drilling water wells down to the Santa Rose water formation; and piping water from a Lake Meredith water line that runs east of Canyon.

As of yet the committee has reached no definite course of action. It would be nice to see the lake put back in reasonably good condition. It is a nice, scenic location for a lake and picnic site and its geographic location in relation to Hereford is another plus for it.

The committee is interested in finding a solution. It would be a waste to abandon the Lake.

DON RICHARDS

A New Network?

Presidential advisor Clay Whitehead has called for a new television network, to bring more diversity into American homes. Whitehead would make available to the new network a VHF channel in the 2 to 13 group.

Whitehead's idea is, of course, sound. It is in the best interests of the American people, though implementation of his proposal is certain to encounter entrenched opposition.

The dangerous situation exists today wherein a few executives in New York (of the three major commercial networks) can determine what news, and what emphasis, the American people see and hear on television.

This is unquestionably a disproportionate influence, especially since these executives' first interest is financial success, not the national interest. It is as if there were only three newspapers offering American readers national and international news coverage. That too would be intolerable.

Columbus & New World

It was in the first week of August, 1492, that Columbus sailed from Palos, Spain, in search of a route across the Atlantic to China and the Far East. With three ships he sailed westward for more than nine weeks before land was joyously sighted.

Columbus was looking for islands west of the Sargasso Sea. When a lookout sighted Watling Island, on the morning of October 12th, Columbus thought he had reached India, named the natives Indians and called the island San Salvador. (Another island now has that name.)

Careful research has established that Columbus was not the first to discover America. A Viking had arrived almost five hundred years earlier. But Columbus' discovery was nevertheless the more important, because it opened up the New World to trade and exploration. For practical purposes, then, Columbus' discovery was the meaningful discovery of the New World.

B.J. Crowley's HOROSCOPE

Week of October 14

LIBRA—The self-reliant Libra has a better than average sense of humor. He is a peaceful person, who often dislikes hard work and is sometimes careless in money matters. Best day is Monday, best color is blue and lucky number is six.

LIBRA—Sept. 23 to Oct. 22—Show your goodwill by supporting cancer, heart or mental retardation drives or volunteer programs, or any other cause that touches your heart.

SCORPIO—Oct. 23 to Nov. 22—Use your persuasiveness wisely and confidently. Although those born under this sign can turn on the charm, they are often considered the most demanding of all.

SAGITTARIUS—Nov. 23 to Dec. 21—Relief comes now following a period where the air seems to have been charged with tension. A new understanding is reached with either young or old.

CAPRICORN—Dec. 22 to Jan. 19—Use this week to relieve tension built up over a long period of time by planning events for fun and relaxation with your family.

AQUARIUS—Jan. 20 to Feb. 18—Give generously to the church or charity of your choice. Accept and carry out requests made for the donation of your time for worthwhile projects. Get involved!

PISCES—Feb. 19 to March 20—You have many interesting experiences to relate, but you must practice conciseness in the telling or you may bore your listener. For the sake of good health, you must not overwork.

ARIES—March 21 to April 20—This could be one of the most significant weeks of your life, especially if you are in the field of teaching or writing. An exciting challenge comes your way for which you will have to put old and outdated methods aside.

TAURUS—April 21 to May 20—Learn from the past! Profit from your mistakes. Your actions now directly affect those close to you. It is up to you as to whether the effect is good or bad.

GEMINI—May 21 to June 20—This is a pleasant week for you as you are especially sensitive to needs of others. Make a very special person happy by taking home a small gift as a token of your love.

CANCER—June 21 to July 22—Spurge a little! You deserve to indulge a spur-of-the-moment whim. Be more generous with others during this enjoyable period.

LEO—July 23 to Aug. 22—Prepare for unexpected travel. Your money worries should be lightened considerably when you arrive. Be honest and keep track of your expenditures.

VIRGO—Aug. 23 to Sept. 22—Restlessness can become curbed by becoming more involved in the church of your choice.

Dear editor:
This is not only out of my field but also over my head but for the past few days I've been struggling over how we can use our Constitutional scholars.

According to what I've been reading in the newspapers, there is a great division of opinion in Washington and around the country over what the Constitution says on such matters as whether or not the President has the right to withhold his tapes even if they might contain evidence in criminal trial, or over the question of whether a Vice President can be indicted before he's impeached.

SOME Washington officials say yes to both questions, others say no, so what do they do? They call in outstanding Constitutional scholars. And what do the scholars say?
Some say yes, some say no.

In other words, after a lifetime spent in studying the Constitution, the scholars can't come any closer to a unanimous agreement than the rest of us, most of whom have never read the Constitution all the way through in the first place.

I'M NOT going to say that the scholars have wasted their time, but I suspect they've been given the wrong questions. You don't have to have memorized the Constitution to know it doesn't say anything about tapes, but if you got as far as the 8th grade you know it says all men are created equal, not necessarily in talent and brain power but equal before the law, and it doesn't excuse even Presidents and Vice Presidents from this splendid treatment of the human race.

I didn't intend to get so serious, I just wanted to point out that when you consult more than one scholarly authority on any subject you're likely to come out with more than one answer. If you want to know what the Constitution says on most issues, figure out what would be fair and you'll find that's what it was trying to say.

I DON'T think the Constitution says anything about this, but after a lifetime of scholarly studying of the matter, I've noticed that in the long run you wind up tired-er than in the short run.

Yours faithfully,
J.A.

Real Tomatoes

Mrs. Norma Tomberlin, 716 Blevins, shows off her tomatoes, one weighing 1 1/2 pounds, which grew from three vines in a flower bed. The size of the tomatoes is contrasted by the apple in the center.

CC Board To Meet

The Board of Directors of Deaf Smith County Chamber of Commerce are scheduled to meet at 6:30 a.m. Wednesday in the Chamber office on Main Street.

The regular monthly meeting is normally on the third Thursday of the month. However, the meeting day was changed to Wednesday this month because of the United Fund kickoff breakfast which is scheduled Thursday morning.

City To Study Pioneer Rate Adjustment

In its regular session at 7:30 p.m. Monday in City Hall the Hereford City Commission is expected to take action on a request from Pioneer Natural Gas to allow for monthly gas rate adjustment instead of the present yearly adjustments.

Pioneer had requested the change at a recent commission meeting and the company had apparently made similar requests in other cities. The Hereford city commission postponed any action pending further study.

No other major action is scheduled on the agenda for the meeting, and the commissioners are expected to move smoothly through the rest of the meeting.

The city is expected to pass an ordinance accepting portions of

the paving project presently underway in the city; approve a plat for Block 8 of the Westhaven addition, and study a petition for the annexation of land.

Some Hereford residents are expected to meet with the commission concerning the

paving of 14th Street and City Manager Dudley Bayne is expected to make a budget report and a report of federal revenue sharing funds.

A petition to close an alley in the Coneway Addition will be studied and bids will be opened for a greensmower for the city.

Whiteface Kiwanians See Film

"The Northern Project," a film concerning the environmental effects of an oil and gas pipeline through Alaska, was the program for the weekly breakfast meeting of Whiteface Kiwanis Friday. Member John Winder presented the program.

Representatives of the Whiteface chapter made plans to meet with the governor of the Oklahoma-Texas District who will be visiting Dimmitt October 16. Cecil Boyer, Sam Morgan, Earl Stagner, Roger Hale, and Ken Richardson will represent the club at the meeting.

Kiwanian Popcorn sales are still underway. Popcorn can be obtained by contacting any member of the Whiteface Kiwanis Club or by calling Cecil Boyer, president of the chapter. Profits will go to help finance youth oriented activities in the community.

Americans today eat 115.6 pounds of beef a year. In 1960 they were eating only 63.4 pounds of beef, per individual, each year.

Farmers received only 40c of every dollar Americans spent of farm-produced foods at the store in 1972.

No price tag on integrity

Judging the quality of a diamond is not a simple matter. Many factors influence the price you pay. To serve you better, we took the time to acquire the necessary scientific knowledge and gemological instruments to properly grade every diamond we sell. Our title of Registered Jeweler, American Gem Society, must be re-won each year through additional study. It is your assurance of full value for the dollars you spend. West makes sports fans laugh at losses

(EDITOR'S NOTE: Dirk West is one of the most popular sports cartoonists in Texas and the Southwest. His cartoons depicting mascots and coaches of schools appear regularly in many newspapers throughout the state and the Hereford Brand recently joined that list. The following article about West appeared recently in The University Daily, student newspaper of Texas Tech, and is reprinted here for readers' interest.)

By CHUCK LANEHART
UD Reporter

In a state where football is taken as seriously as cattle rustling once was, Dirk West has a rare talent: he makes Texans laugh at their gridiron losses.

"But I just can't draw anything funny about the University of Texas football team," he says a little wistfully. "They just run all over everybody and they never seem to lose. There's really nothing very funny about a winner."

BUT DIRK WEST IS A WINNER, and folks all over the Southwest find his sports cartoons mighty funny.

His comical characters symbolizing teams throughout the nation have adorned newspapers, magazines and program covers regularly for the past eight years.

Despite the piles of artwork West turns out, he is not a full-time cartoonist — it's just his hobby. He's a middle-aged Lubbock advertising executive, but he comes on more like one of his characters—at least when he's talking about cartooning and football. Dirk speaks with a relaxed pleasant Texas drawl, punctuated with Texas football slang.

"Yeah, I've been a avid sports fan all my life — and I've been a doodler all my life, too," he said, propping his feet amid the half-finished cartoons on his desk. "I'd have to say my cartooning evolved out of a great personal interest in sports."

GREAT PERSONAL INTEREST just may be an understatement. When this reporter sat down in Dirk's cartoon-wallpapered office, the cartoonist promptly recalled an obscure high school football game I once played in — five years ago.

Dirk's football cartoons reflect his knowledge of the game. He often can be found jawing with the sports writers in the newsroom of The Lubbock Avalanche-Journal, (A-J), trying to get some inside info to throw into his cartoons.

Dirk's animated mascots representing the various Southwest Conference teams are familiar to thousands of fans. The pot-bellied Baylor Bear, the big-snouted Texas Longhorn, the Spiny-faced TCU Horned Frog and others delight fans twice a week during football season in the A-J and other newspapers. But Dirk says his favorite character is the Tech Red Raider, which Tech has adopted as a mascot.

BUT JUST INVENTING humorous-looking characters is not enough for Dirk or his fans. He puts his characters in hilarious circumstances and each character always has something funny to say about the previous week's games or perhaps something prophetic about the upcoming ones.

"I've been a doodler all my life"

"I think my cartoons say what the fan'd like to say himself," Dirk says. "A cartoon character can say things you'd get your block knocked off for if you said it yourself. I'll zing 'em but I'll do it with humor."

"Zing 'em" is the truth. After a particularly terrible game for Tech several years ago, Dirk pictured the masked mustachioed Red Raider, his huge white hat full of bullet holes, with one of his six-shooters aimed at his temple, lamenting, "I'd shoot myself, but I'm afraid I'd miss..." And the Baylor Bear slumped next to Red, mumbling, "I got deceptive speed...I'm slower than I look."

BUT DIRK'S MOST POTENT zingers are more often than not reserved for the hapless Texas A&M Aggies. The "walking Aggie joke," Dirk's dim-witted invention, is continually muttering his "Duhs" between sentences like, "Three weeks ago I cudn't even spell 'contindor'...now I are one..."

Needless to say, Dirk has at times caught the wrath of fans, especially Aggie fans. "I guess I get the biggest reaction from the Aggies because I've stung 'em so bad when they were losing," he said, obviously not very concerned. "But the Aggie jokes started waybefore I started to draw cartoons. I just sort of help 'em along."

"Actually, I've had good and bad reactions from all over," Dirk says. "When Coach Grant Teaff took over at Baylor, I started drawing the bear a little more ferocious 'cause they were winning. Coach Teaff wrote me a real nice letter thankin' me for makin' the bear look mean." Then with a sly grin, he added, "But of course I went right back to drawin' the bear timid again."

"THE MAIN THING ABOUT MY CARTOONS is that I just try to put in a little touch of humor and keep 'em in good taste — the Aggies might disagree about the good taste part — and I try to add some inside info about the team, and I always throw in little criticism."

Though he tries never to criticize players, Dirk's rule does not apply to coaches — by any means. When Coach Jim Carlen first came to Tech, setting up a list of no-no's for his players (no long hair, drinking or smoking, etc.), Dirk predictably pictured Carlen as Moses, carrying a stone of "Carlen's Commandments," and wearing a shiny halo.

ALTHOUGH DIRK NOW CONFINES most of his cartooning efforts to the Southwest Conference, he has branched out to include the Big Eight Conference and many independent teams. He plans to begin covering the Southeastern Conference and he hopes to expand his cartoons in more newspapers.

Who knows, perhaps the University of Oklahoma and the University of Tennessee may soon learn to forget their infrequent gridiron losses — through laughing at the cartoons of Dirk West.

Baby Buffs Play Season Final

Coach Ronnie Mankin's West Texas State University Freshman football team recorded its third consecutive victory of the season without a defeat Saturday night and have taken a week off before closing the season on the road.

The Baby Buffaloes play Monterrey Tech of Mexico, a senior college, at 7:30 p.m. Saturday, Oct. 20, in Del Rio to close their season.

West Texas halted junior college power Northeastern Oklahoma A&M, 14-8, here Saturday night to run its winning string to three for the season. The Baby Buffs had earlier defeated Cisco Junior College, 16-0; and the University of Texas at El Paso junior varsity, 32-12, in road contests.

Little Bryan Carr, who worked at quarterback in the opening season victory over Cisco, but has played tailback in the other two games, leads the Baby Buffs in rushing with 341 yards on 71 carries, a 4.8-yard average.

Carr replaced injured tailback Donald Jackson of Houston after the first game, Jackson had rushed 17 times for 166 yards against Cisco, but has been unable to play since then. It is not known if his injured foot will heal before the Monterrey Tech clash.

Sophomore Mike Adams, who has been loaned to the Baby Buffs for the last two games because of the injury to Jackson, has directed the

victories over UTEP and NEO. The 6-0 quarterback from Big Spring has rushed 35 times for 168 yards and completed nine of 21 passes for 109 yards.

Wingback Larry Johnson of Childress has 15 carries for 99 yards, a 6.6-yard average. All three fullbacks have been effective. Tucumcari's Jeff Nunn

has 138 yards in 25 carries, while Danny Harris of Hereford has 67 yards in 17 carries and Darrell Blakes has 78 net yards. Mike McVay of Beaver,

Okl., has punted for a 38.6-yard average. Splendid Clifford Mann has 5 receptions for 80 yards and returned an interception 39 yards for a score last week.

Local Man's Bird Dog Receives Honor

Lloyd's Ruff, four-year-old Brittany Spaniel Bird Dog of Ken Rogers of Hereford, won first place last weekend during field trials at the Artesia, N.M., Sunland Brittany Club.

The win qualifies the prize dog to enter the national contest scheduled in November in Ardmore, Okla. The field trials are sponsored by the American Brittany Club and each placing at meets gives the dogs points toward becoming a field champion.

"The dog has a lot of class and points with real style, I feel," said Rogers. "He has been trained by Frank Roach of Pampa."

Winning Bird Dog

Lloyd's Ruff, local bird dog owned by Ken Rogers, captured first place last weekend in the Artesia, N.M. Sunland Brittany Club field trials. The win qualifies the dog to enter the national trials in Ardmore, Okla., in November.

Rogers said the dog will be entered in five or six more contests this year and is expected to place well.

Shorthorns Win, Stanton 8th Tops LP, 9th Falls

Thursday was a day for action as local football fans got plenty of excitement with three games at Whiteface Stadium.

The sophomore Shorthorns topped Plainview 8-7 in perhaps the most exciting game of the day while Stanton Junior High's 8th Grade team bopped cross-town rival La Plata Junior High 8th, 22-0.

In the third game Thursday Stanton's 9th Grade team fell to the short end of the stick in a game against Pampa 9th grade, 22-8.

The Shorthorns trailed the visiting Plainview sophomore team 0-7 until all but about a

minute and a half had gone from the clock. Then Hereford's Joe Arroyes broke into the open and caught a pass from Albert Gonzales for a 90-yard pass-run play and the touchdown. Hereford then scored the extra points and moved into the lead 8-7.

However, Plainview didn't go down without a fight and took the kickoff and drove the field to move within the Shorthorn five-yard-line. In saving the game, the Hereford defense stopped the Plainview team with less than half a minute left on the clock.

Stanton's 8th grade team controlled the scoreboard during the first game of the

afternoon Thursday against La Plata 8th. All scoring plays came one each in the opening three quarters.

Kelly Kitchens hit James McDowell with a pass for a score that covered about 45 yards to open the scoring. Greg Hennington then ran the extras for an 8-0 lead for Stanton.

In the second period Stanton struck again on a Kitchens to McDowell pass for about 40 yards and the score at halftime of 14-0 for Stanton.

In the third period Kitchens, on a quarterback keeper, snuck over the final step for the third Stanton touchdown. Kitchens then hit McDowell again for the

extra points to end the scoring at 22-0.

Gilbert Rodriguez scored the TD in the Stanton 9th Grade's 22-8 loss to Pampa's 9th.

Rodriguez struck paydirt from short yardage out and Barry Acton hit Mike Reyes with a short pass for the two-point conversion.

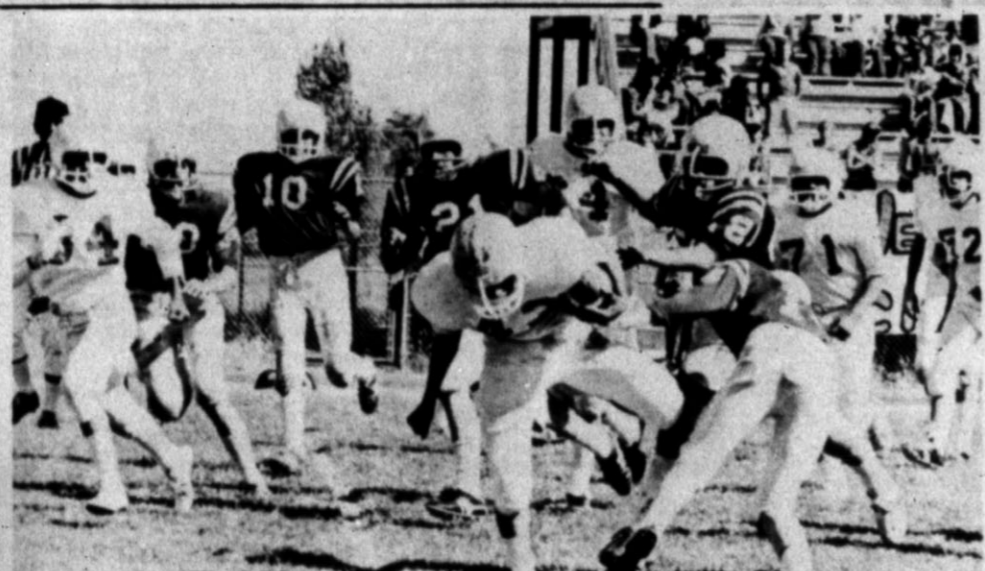

Stanton, La Plata 7ths To Play Here

Both Stanton and La Plata will host the Canyon 7th grade team in a 5:30 p.m. game here.

are scheduled for action Tuesday, both playing at home.

The Stanton 7th Grade team

Also at 5:30 p.m. Tuesday, the La Plata 7th Grade will be playing another Canyon 7th Grade team here.

Stanton Junior High 8th Grade (white jerseys) here makes a good gain against cross-town rivals La Plata Junior High 8th grade in a game Thursday afternoon. Stanton won the contest, 22-0, but both teams put in fine performances.

Hand It To Hannah

Samuel Slater is hailed as the father of the American cotton industry because he established the nation's first successful cotton mill in Pawtucket, R.I., in 1790. His wife, Hannah, added an important detail, reports the National Cotton Council. She manufactured the first American sewing thread by twisting fine cotton yarn on her spinning wheel.

HIDEKI TOJO

On Sept. 11, 1945, former Japanese Premier Hideki Tojo attempted to commit suicide in his Tokyo home.

Picnic Foods Should Be Planned Carefully

"Picnic" means anything from a peanut butter and jelly sandwich on the porch to a fried chicken feast under a shady tree on Texas fall days.

"However, don't plan a picnic unless you can transport and serve a safe meal," Mrs. Daren Walker, foods and nutrition specialist with the Texas Agricultural Extension Service, Texas A&M University System, emphasized.

When planning a picnic, consider the time required to travel to the site and how long until eating time.

"Sometimes a fun picnic turns into an unhappy event—because people become ill from food poisoning.

"Often they don't realize what causes the problem—they just know they have diarrhea, nausea and perhaps abdominal pain of vomiting.

"It's hard to believe a picnic meal could cause such trouble—but it can."

Ever-present bacteria—under the right conditions—grow and contaminate food. When these foods are consumed, illness follows the specialist said.

"Even if a family has picnicked for years without being stricken by food poisoning, the possibility exists.

"To prevent food poisoning, practice recommended food safety rules," Mrs. Walker suggested.

—Make sure who ever prepares and serves the food has clean hands—washed with soap and hot water. Also keep all equipment and utensils clean.

"This prevents spreading illness-causing bacteria."

—Keep hot foods hot and cold foods cold.

"If transporting hot, cooked foods to an outing, use an insulated bag or chest. Lukewarm, cooked foods—especially protein-type ones such as meat, poultry, fish or eggs—left in the autumn heat make perfect breeding grounds for bacteria.

"Meats and poultry that aren't served hot, cream-filled desserts, potato salad, egg salad and milk products are just a few foods that must be kept cold. Also, meats that will be cooked later.

"Use an insulated bag or chest for this purpose—with ice, dry ice or reusable cold packs."

—To prevent growth of harmful bacteria, keep sandwiches cold—especially those with protein-type fillings.

"Using frozen bread slices in sandwiches helps keep them cold until serving time," she added.

Never has it been easier to pack a picnic meal and travel, the specialist continued.

Equipment used to consist of a cumbersome wicker basket plus plates and utensils from the kitchen shelves.

"Now it's all plastic, paper and styrofoam—inexpensive, easy-to-carry and simple to replace or use again.

"Stores also feature insulated metal chests, plastic carrying cases, styrofoam coolers, thermos jugs and other picnic equipment.

"With all this convenience, there's no reason why picnics can't be fun for everyone—even the one who prepares the food," Mrs. Walder concluded.

Donna Walterscheid was recently named sweetheart of the Whiteface Kiwanis Club. She is a senior at Hereford High and is the daughter of Mr. and Mrs. Leonard Walterscheid of 222 Elm.

WASHINGTON NOTES

ON POSTAL RATES
Postmaster General Elmer T. Klassen said recently the U.S. Postal Service will seek an across-the-board increase in postal rates to take effect next January.

GAS PRICE UP
The Cost of Living Council has permitted increases of one to 2.5 cents a gallon in the retail price of gasoline and of one to two cents a gallon for heating oil.

SENATE APPROVES F14S
The Senate has added \$495.5 million to its weapons procurement bill for the purchase of 50 F14 fighter planes for the Navy and Marine Corps.

MORE AMTRAK SERVICE
Amtrak, the national passenger train network, will begin carrying automobiles as well as passengers between Chicago and Florida this winter.

WORKING WIVES
The Census Bureau reports that about 40 per cent of American wives now hold jobs. Among women with preschool children, 30 out of 100 were working last year compared to only 12 in 1950.

ON SPACE LAB
Concluding four years of preparations, nine Western European countries have formally pledged to build a "space lab" to be carried into space by the American rocket of the 1980s.

ON CLOSING BASES
The Senate has voted that the Defense Department must

give a minimum of six months notice of military base closings in the United States.

REHABILITATION BILL
President Nixon has signed a compromise \$1.5-billion vocational rehabilitation bill saying it "augurs well for progress" in settling White House-congressional disputes on other legislation.

CHICAGO NUMBER 2
The Chicago metropolitan area has superseded Los Angeles-Long Beach as the second largest metropolitan area in the country, the Census Bureau has reported. The New York City area remains the largest metropolitan area.

FARM PRICES FALL
The Department of Agriculture has reported that farm prices dropped 8 per cent in the month ended Sept. 15. An official of the Cost of Living Council predicted sharp declines in meat animals would be reflected soon at retail counters.

Comment On Sports

WASHINGTON, D.C.—This is the time to pick the Super Bowl winner, at the beginning of the "pro" season, so he goes, and its a natural choice from the national capital.

The Washington Redskins seem to have as good a chance as anyone. Miami will be equally favored, but one wonders how long Don Shula can keep it all going. So, in an even thing, or maybe even selecting the longshot, here's a hunch, and a pick, the Skins come through.

Of course, they may not get by the New York Giants

or Dallas Cowboys in their own (eastern) national Conference division. Miami could get sidetracked by Pittsburgh in the American Conference playoffs, or a dark horse.

George Allen seems to have this magic, or corn, whichever you call it, going for him and the team's togetherness kick is hard to deny. Yet the Skins must outdo both the Giants and Cowboys in their division and the central and western winner, quite a task.

The American Conference may be better balanced.

False Alarm Causes Excitement

By STEVE CONNELLY
Staff Writer

The Hereford Police Department surrounded the Hereford State Bank shortly after noon Friday after receiving an alarm of a robbery in progress at the bank.

The officers gave a sigh of relief when it was determined to

be a false alarm, and the units were called back.

A five-year-old Hereford boy was injured Thursday when he was apparently playing with a .22 caliber pistol and the gun fired, inflicting injuries to the left side of the child.

James A. Nobles, Bluewater Garden Apartments, No. 60, was treated and released by the

Hereford Medical Clinic for the wound.

A 17-year-old Hereford youth was arrested this week on three counts of theft over \$50. The thefts involved two gasoline engines and bicycle parts which were allegedly stolen between August and October.

FOUR ACCIDENTS occurred in Hereford this week, two of which involved motorcycles. The drivers of each motorcycle received minor injuries from the accident.

Rubio A. Perez, 300 Brevard, was injured in a car-motorcycle accident Tuesday at 5:15 p.m. at the intersection of U.S. 60 and Main Street.

A 1967 Oldsmobile, driven by Mildred P. Knox, 133 Ave. B, was traveling west on U.S. 60 and attempted a left turn onto South Main Street when Perez, driving a 1971 Honda 350, was headed east on U.S. 60 and the two vehicles collided.

Perez received a laceration below the knee and received stitches for the injury.

motorcycle accident this week occurred in the 1000 block of 13th Street when a 1969 Triumph 500, driven by Anselmo L. Martinez, 318 Ave. I, was reportedly operating the motorcycle in a vacant lot and collided with a parked 1973 Chevrolet, owned by Raymond Flores, 629 Ave. J.

Martinez received minor injuries to the right knee and was treated and released.

Another accident this week involving two cars occurred at midnight Tuesday in the 400 block of East 3rd Street.

A 1968 Chevrolet, driven by Delbert W. Swopes, 1507 Irving, was traveling on East 3rd Street and a 1971 Plymouth, driven by Thelma W. Jersig, 408-B E. 3rd, was backing from a private drive and the two vehicles collided.

Another accident occurred in the parking lot of Taylor and Son's Grocery Store at 4:55 p.m. Wednesday.

A 1969 Ford, owned by Homer A. Yocum, 1014 E. 3rd, was parked in the lot when unknown vehicle collided with the Yocum car and left the scene.

Sweater Knits Make Fall Fashion Scene

Sweater knits make the fall fashion scene, but may require slightly different sewing techniques.

"In general, techniques suitable for double knits can be used successfully with stable sweater knits," Margret Ann Vanderpoorten, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System noted.

"Stretchy knits, however, require slightly different treatment.

"For example, select patterns in your regular size—designated for stretchy or sweater knits.

"Also coordinate weight of the fabric in relation to design—light to medium weight for most styles and heavy weight for jackets and pants.

"Before cutting, launder sweater knits to allow for relaxation shrinkage. Exceptions to this are wool and mohair—and blends of these two fibers."

Slit tubular fabric open along one rib, the specialist instructed, noting that some knits are sold in tubular form.

To keep colors alike on all areas of a garment, use the "with nap" layout, she added.

"If a center crease doesn't

come out, lay pattern pieces to avoid it.

"At the same time, don't let fabric fall over the edge of the cutting surface—it'll stretch," Miss Vanderpoorten warned.

"When cutting these fabrics, use very sharp shears or shears designed for knits—do not use pinking shears."

The specialist recommended using a ball point needle of a very sharp number 9 or 11 needle, depending on fabric weight. Also, polyester or polyester-cotton thread.

"Set machine stitch length at 10-12 stitches per inch for either straight or zigzag stitching.

"To make sweater seams, stitch on the seamline and again one-fourth inch from seamline in the seam allowance.

"Avoid seam breakage during wear by stretching seams slightly during sewing.

"Trim seams to three-eighths of an inch. Either zigzag stitch or over-cast edges loosely. Also staystitch neck edge to prevent stretching."

Use tape or ribbon in waistbands.

Make hems fairly narrow—to prevent bulkiness and droopy lines—and apply them loosely, Miss Vanderpoorten added.

Area Sorority Chapters To Convene Here

HEAD HOSTESSES — Mrs. Howard Gore, seated, is general chairman of arrangements for entertaining the fall area meeting of Beta Sigma Phi next Saturday and Sunday, and Mrs. Jim Cramer is co-chairman. Convention headquarters will be in La Plata Junior High School and the four Hereford chapters are hostesses.

RITUAL DIRECTOR — Mrs. Charles Laing, left, is in charge of Hereford members' part on the program, the closing ritual ceremony. Mrs. Jerry Shipman is a member of the committee on meals for the visitors who will come from over the Panhandle.

HAWAIIAN ADVENTURE — Providing island atmosphere in the convention theme, Hawaiian Adventure, is the responsibility of the decorations committee, here using food grinder, crayons, graters and other unlikely tools to produce tropical flora. Mrs. Robert Williams is chairman; workers are, from left, Mmes. Fred Ruland, George Muse, Tom Bullard, Williams and Ken Walser.

Engagement Announced

Hereford, Texas, Sunday, October 14, 1973

FEATURED SPEAKER — Rose Marie Christian, a representative from Beta Sigma Phi International in Kansas City, will be the principal speaker on the convention program. She will appear at the Sunday morning brunch in the school's cafeteria.

COMMITTEE CHAIRMAN — Preparation for hostess duty at the convention has been made by a dozen local committees, working for several months. Heads of some groups, from left, are Mrs. Davie Sorrells, chairman of arrangements

for motel rooms and church services; Mrs. Tim Gearn, entertainment; Mrs. Tom Buchanan, convention charm; Mrs. Nolan Grady, registration and mailing; Mrs. R.J. Cramer, forums.

Mrs. John Gilliland Reviews HCP Play

Mrs. John Gilliland presented a program on the history of the Hereford Community Players and also reviewed their current play, Any Wednesday, to members of the AAUW Thursday evening at the Community

Center. Mrs. Colby Conkwright reported on the District AAUW workshop that was held October 5 at the First Christian Church in Amarillo. Attending from Hereford were Mmes. Conk-

wright, Reuben McGilvary and Gene Hustinger. One new member was introduced, bringing the total membership to 61. Refreshments of pumpkin tarts, jack-o-lantern sandwiches, candy corn and apple

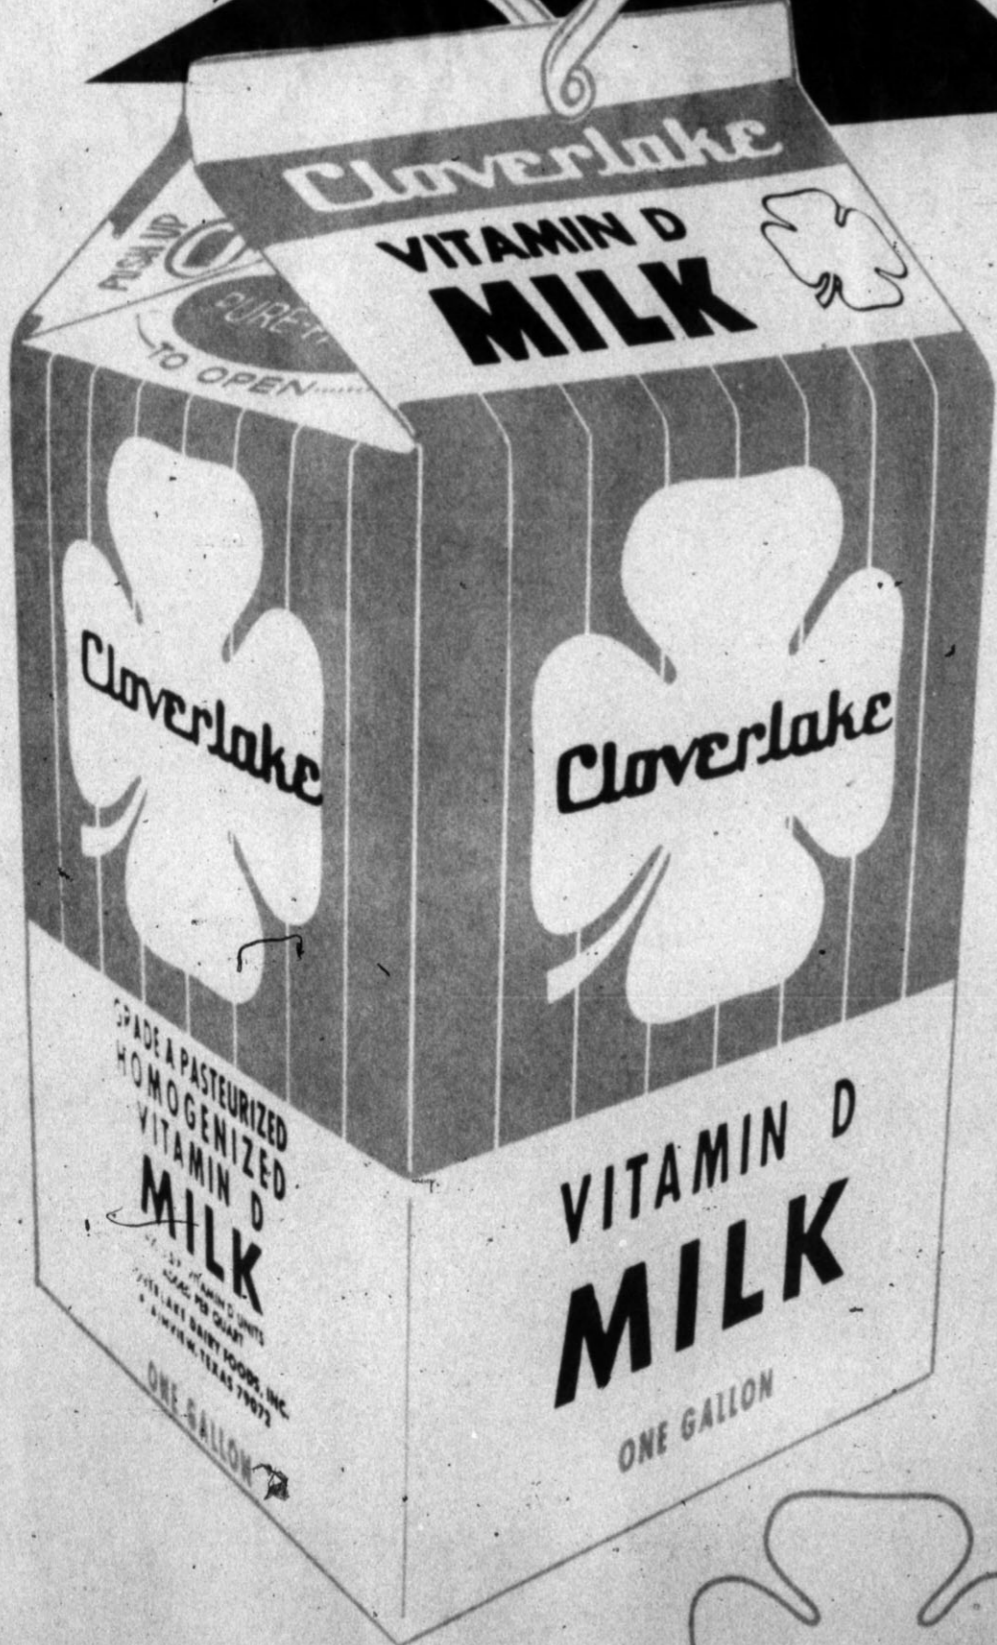

cider were served in a Halloween atmosphere. Hostesses for the meeting were Mmes. Hamman, Mark Armour, Raymond Flores, Bobby Boyd and Jordan Grooms.

BIRDSONGS VIEW PAINTING

Birdsongs Among Artists At Amarillo Art Center

Mr. and Mrs. Jon Birdsong of Hereford were among 300 guests of the Amarillo Art Center at a regional "Roundup Get Acquainted" reception. The party was sponsored by the Art Center's regional membership division, which is headed by Mrs. Guyon Saunders, Mrs. L.D. Butler and L.P.

(Pete) Gilvin, all of Amarillo, co-chairmen of the division. During the reception, paintings by Panhandle artists were displayed on easels throughout the receiving areas. Also honored at the reception was Jim Fisher, new director of the Art Center, which opened 18 months ago.

Small Talk

By SUE COLEMAN
Women's Editor

IF IT MAKES you nervous to have more than two or three visitors at a time, just consider the Pat Malones, who expect to have 80 or more next weekend. Bobbie and Pat's daughter, Kathleen, is bringing a few friends home for a visit from Texas Tech—in fact, her entire sorority.

could hardly wait to get to Denver to see her first grandchild. He is Kirk Matthew Cwelich, son of Mr. and Mrs. Jim Cwelich of that city. He was born Wednesday in Denver, and his mother is the former Nancy Jo Martin of Hereford.

The girls of Alpha Phi had planned to take their pledge group to Ceta Canyon for a weekend, but there was some sort of hitch and they were very much disappointed when it looked like the outing would have to be canceled.

LIFE membership in the Hereford Eastern Star Chapter was granted at the meeting this week to a non-resident member, Cassie Dowell, formerly of Hereford, who now lives in Reseda, Calif.

She has become a 50-year member of the Eastern Star Order, so a 5-year pin and certificate were sent to her with the life membership.

WHEN KATHLEEN phoned the news home, her parents decided the whole bunch could come to the Malone home "if nobody minded sleeping standing up." Bobbie says she qualified the invitation. Naturally nobody minds, and they're expected to arrive about noon Saturday and stay until Sunday afternoon.

WORK OF A Hereford artist, Jon Birdsong, will be displayed in an arts and crafts festival at El Paso Oct. 26-28. This will be the third annual Kermezaar sponsored by the Members Guild of El Paso Museum of Art.

The Malones are setting up equipment for badminton in the backyard, ping-pong in the garage and bridge in the den, and thanking their stars for nice neighbors like Kings Manor, which has invited the girls to play baseball on its grounds across the street.

Kermezaar is a word that needs definition, and the news release from El Paso says it is a combination of the Spanish word kermes, a carnival, and bazaar. The three-day show will be in the new El Paso Civic Center.

Now if it just doesn't rain, Bobbie laughs.

Birdsong's exhibit will feature watercolors and enamel on copper, in media familiar to Hereford residents who have seen his work in local exhibits.

GETTING ready to leave Thursday, Mrs. Don Martin

has the oldest civilization on the continent and yet its capital is a rapidly growing international metropolis of nine million people. About a fifth the size of the U.S., Mexico shows much more variation and contrast within its own 31 states than are in the U.S. 50.

William Lyles Present Program

New Hereford residents, Mr. and Mrs. William E. Lyles, former residents of Mexico City, presented a program, Let Us Be Aware Of Our Neighbors, to members of the Callipian Club Thursday in the home of Mrs. Millard Nobles.

Slides were shown during the program to add interest in various areas of the country. A fine collection of arts and crafts from many states was also exhibited.

The Lyles reported that living in Mexico afforded the opportunity to travel a good bit, although really knowing the country would take much longer. Cultural backgrounds are so different from the United States that understanding between the people on either side is virtually impossible, they said, although acceptance is necessary.

Attending were Mmes. Clyde Cave, Ansel McDowell, Emil Dettman, J.T. Gilbreath, George Warner, Paul Coneway, Emmett Milburn, Alton Fraser, Sue James, C.J. Crump, Keith Simmer, Dale Furr and Tom Kinderick.

They stated that the country itself is fascinating because it

Organization Plans Up-Coming Events

A ceremonial and pantomime were presented to members of St. Anthony's Women's Organization by three Bluebird groups Thursday evening at the parish school auditorium.

Rev. Bernard McGorry, and his assistant, the Rev. Arthur Newell.

Groups performing were the Joyful Bluebirds, Jolly Dolly Bluebirds and To-he-ha Bluebirds.

Beginning at 9:30 a.m., Oct. 27 at Sugarland Mall, the Women's Organization will sponsor a bake sale and the Right to Life group plans to hold a garage sale Oct. 19 at 211 Elm. Donations for the sale were requested.

Plans were made for several up-coming events. A basket dinner is scheduled Oct. 21 in the parish auditorium to welcome the new pastor, the

A hospitality hour was held Oct. 7, when doughnuts, coffee and juice were served to approximately 150-guests.

Shells From Over World

Beachcombing By Youth Led To Collection Idea

By SUE COLEMAN
Brand Staff Writer

PICKING UP shells on California beaches when he spent summer vacations there as a boy, has led to an absorbing interest in a shell collection for the Rev. William Lang, vicar of St. Thomas Episcopal Church.

Sharing in his hobby of finding, cleaning, identifying, classifying and displaying the beautiful souvenirs from the sea is his son Kenneth, a Hereford High School student.

"Nearly every summer since I can remember has given me some time on a seacoast, and I've always been interested in shells, just gathering them and looking at them," the genial minister explains.

"SERIOUS collecting began only a few years ago, when we were living at Refugio on the Texas Gulf Coast. That was when I began a real study of shells, to learn which were rare and consequently valuable, to classify and group them."

Now he has shells which he has found himself on the Gulf, Atlantic and Pacific coasts of America, and others from far coasts of the world. Many of the latter he has acquired by trade with collectors abroad.

For instance, a great many from Japan and islands of that area in the Pacific came from a friend who is a priest on Okinawa, in exchange for shells from American beaches.

"WE ADMIRE exotic shells from Asia or Africa, but of course some of our ordinary shells are exotic over there," Lang notes, "and I learned early in my collecting experience not to ignore common shells; if you don't have common shells in your collection it is not a complete collection!"

He tries to find unusual ways to display ordinary shells, though, such as a whole shelf of whelks from the Texas coast. That is one of the most plentiful shells to be found there, but Lang's group begins with egg cases and proceeds from the tiniest to the largest size of shell, following the growth of the animal.

Beachcombing gave him his initial interest in shells, but very few of those in his collection were picked up on beaches.

The true collector takes his shellfish live from the water, Lang says, because those on a beach have usually been

damaged by exposure to wind and dry sand.

COLORS ARE dulled by this exposure and the surface of the shell is not in top condition. Only if the shellfish has been tossed upon the beach alive is the shell valued for collections.

The Langs, father and son, enjoy diving for specimens. Some prized shells come from deeper water where the fish are dredged up, but the collector explains that those living in deeper water have the duller colors in their shells.

Also, those from warmer water have brighter colors and so tropical coasts yield the gayer-hued specimens.

Colors is one of the fascinating aspects of the collection, and so is the unlimited variation in shape.

SINCE THE time of primitive man shells have served as patterns for decoration and the design of artifacts and buildings. Architects still use shell shapes in many ways.

Lang shows a tiny miracle shell from Japan, with spiral lines which one can see copied in the shape of oriental temples. Another from the Pacific is called the textile shell, with markings which doubtless have inspired patterns of dress fabrics.

Interesting bits of history confront the shell collector, who learns for instance, that the purple dye murex was mainly responsible for the settling of the North African coast about the 15th century B.C.

IT IS A small shell fish which the Phoenicians from Tyre and Sidon discovered would yield a brilliant purple dye, much in demand for royal robes. They sailed to Africa for the shells, and left settlements which grew into trading centers.

All the varieties of murex shells are attractively colored and marked, and all are spiny so they look dangerous.

"But they come from deep water so you aren't likely to step on the spines while you're wading," Lang solemnly assures visitors.

However, he says there is

danger in a more innocent-looking group of shells, small cones with a surface that looks enameled in gay patterns.

THESE ARE all mildly poisonous and some are deadly, he warns, so when the collector handles them for cleaning he must be careful not to touch the tip where the carnivorous inhabitant ejects venom.

Many shellfish are named for their shapes: Venus' comb, angel wings, marlinspike, spider conch, maple leaf, lion's paw, heart cockle and spiny oysters, as well as the elephant snout, a large shell from West Africa.

Then the lamb conch from the West Indies is snow white, and a horse conch from the Texas Gulf is the largest item in the Langs' collection.

PERHAPS the rarest specimen is called Triton's trumpet. It came from Japan and originates in the South Seas, where it is used in religious ceremonies and is forbidden to be taken from the islands.

Not rare, but of interest to anyone who as a sixth grader has memorized the poem of its name, is the chambered nautilus. It is a handsome brown and white striped coil, and Lang has one cut in half so the various chambers can be seen.

And anyone interested in cameo jewelry would like to see the cameo helmet, the shell from which genuine cameos are carved. That is an Italian art, and the shells were first taken to Italy from their original habitat, India.

The Langs' collection is displayed in glass-fronted cabinets, where the collectors are happy to show them to visitors. Also, the minister says he is willing to show and talk about his shells to interested groups "just any time."

CADIZ LOOTED

On April 19, 1587, Sir Francis Drake of England looted Cadiz and kept Philip II of Spain from sending an armada to England.

The Rev. William Lang and son, Kenneth show Triton's Trumpet from collection

Art Show And Contest Set For Campfire Girls

An art show to exhibit work of Hereford Campfire Girls will be sponsored by the local Campfire Council Nov. 23, and three paintings selected from the entries will be sent to New York City for judging in a national contest.

This is the first year for such an event in Hereford, and the show is a part of a new program of the National Campfire Council. From the national

entries, 53 paintings will be selected to make up a traveling exhibit.

A nationwide tour in 1974 will send the traveling exhibit to local councils over the nation; leaders of the girls' organization here expect to obtain an engagement for Hereford.

Mrs. Charles Springer, a

member of the local Campfire board, is general chairman of arrangements for the show which will be held in the Campfire Lodge.

Any registered Campfire Girl may enter paintings in oil, watercolor, acrylic, ink or pastels. The paintings must have been done in 1973. The show will be open to the public.

TOPS Day Recognition To Be Given

Mrs. Ansel Greenway and Mrs. Mark Koenig, members of the Calorie Patrol TOPS Club, will participate in the area Recognition Day of TOPS Clubs at Plainview Saturday.

Mrs. Greenway will take part in the leaders' parade and Mrs. Koenig will receive her TOPS certificate for reaching her weight goal and maintaining it for a period of three months.

Others from the Hereford area attending will be Mmes. Owen Andrews, Kendon Anderson, Arthur Blackburn, Carlton Dobbins, Allen Parsons, J.B. Herring and Melvin Jayroe.

Miss Owen Pledges Alpha Delta Phi

Barbara Owen of Hereford is one of 47 women who have pledged social sororities during open rush at East Texas State University, according to Roberta Whitener, assistant director of student development.

Miss Owen, daughter of Mr. and Mrs. Bobby Owen, pledged Alpha Delta Phi.

Mrs. Whitener explained that open rush is a period in which coeds who did not participate in formal rush but are still interested in joining a social sorority are eligible to pledge.

National social sororities on the ETSU campus include

Alpha Delta Phi, Alpha Kappa Alpha, Alpha Phi, Chi Omega, Delta Sigma Theta, Gamma Phi Beta, and Kappa Delta.

Halloween Decorating Practiced

Mrs. Joel Lytal demonstrated ways to decorate Halloween cookies to members of the Sweet 'N' Fancy Decorating Club Friday morning at Community Center.

Members were given the opportunity to decorate individual cookies.

Plans were made for a workshop showing the basic steps of cake decorating from 9 to 12 noon October 26 at the Community Center. All interested persons are welcome to attend.

Mrs. Hector Villarreal was welcomed as a guest. Others present were Mmes. J.A. Crofford, Gary Duggan, Neal Foster, Manuel Garcia, Jim Gomer, Dale Hansen, Dick Oakes and Lynn Pittard.

H. D. Chatter Questions Answered About Fruit Canning By Argen Draper Home Demonstration Agent

THE 4-H AWARDS program was well attended with the 4-H members and parents proud as could be in receiving the awards for jobs well done.

The Hereford community effort in helping young people help themselves is outstanding. This is one of the reasons Hereford and Deaf Smith County is such a great place to live.

More than five million 4-H members in the United States are being influenced by adult leaders and agents to Make the Best Better. Many thanks everyone who helps with youth organizations.

CLETA BOWERS served very tasty refreshments of glazed fruit, blueberry muffins and coffee.

GLAZED FRUIT SALAD

Glaze:
1 c. orange juice
1/2 lemon, juice
3 T. sugar
3 T. cornstarch
Mix and cook over medium heat until clear.
Chill mixture and add:
2 apples, chopped and unpeeled
3 bananas
1 large can pineapple tidbits, drained
Serves 4.
This is a type of 24-hour salad. It helps with management as this can be done ahead of time.

USE YOUR favorite muffin recipe and add 1/2 c. blueberries or buy a commercial mix.

BLUEBERRIES were popular Thursday when Freda Sherman served blueberry cake with whipped cream and blueberry sauce.

THE EXPRESSION "Busy as a cranberry merchant" comes to mind today ad can-

berry "merchants" of all kinds — growers, handlers, warehousemen and processors — are getting this fall's large crop of cranberries to market.

Shoppers can expect to find abundant supplies of processed cranberry products throughout the holiday season and fresh cranberries at least through Thanksgiving.

Back in the days when commercial canning, power machinery and refrigerated warehouses were unknown, cranberries had to be sold fresh or not at all. The season was short. Harvesting was done entirely by hand.

For a few weeks every fall, the cranberry merchant was a very busy man. So busy, in fact, that he became a symbol, and "busy as a cranberry merchant" became a part of the American language.

Now cranberries are available for year-round enjoyment. Frozen cranberries are available at the store — or buy the fresh berries and freeze them at home — to use later in your favorite recipes. Cranberry sauces, relishes and juices are ready-to-use favorites that add sparkle to any meal.

Cranberry cookies boast the perky goodness of fresh cranberries.

CRANBERRY COOKIES

1/2 cup butter or margarine
1 cup granulated sugar
3/4 cup brown sugar, packed
1/2 cup milk
2 tablespoons orange juice
1 egg
3 cups sifted flour
1 teaspoon baking powder
1/2 teaspoon baking soda
1/2 teaspoon salt
1 cup chopped nuts
2-1/2 cups coarsely chopped fresh cranberries
Preheat oven to 375 degrees. Cream butter and sugars

together. Beat in the milk, orange juice and egg. Sift together flour, baking powder, baking soda and salt.

Combine dry ingredients with creamed mixture and blend well. Stir in chopped nuts and cranberries. Drop by teaspoonfuls onto greased cookie sheet. Bake at 375 degrees for 10 to 15 minutes. Makes about 12 dozen tea-size cookies.

CowBelles To Elect Officers

The Hereford CowBelles will elect officers during their luncheon meeting at 11:45 a.m. Tuesday at Hereford Country Club.

Reservations for the luncheon may be given to the telephone committee. Invitation to join the chapter is extended to all women interested in cattle and the beef industry. Information on membership is available from Mrs. Richard Ottesen at 364-5587.

Plans will be discussed during the meeting for the state CowBelles convention to be held October 17-18 in Abilene. Delegates will be elected to represent the Hereford organization at the convention.

Look Who's New

Mr. and Mrs. Juan Manuel Meza are the parents of a daughter, Sylvia, born October 11. She weighed 8 lbs. 5 oz.

Miss Brink In Honors Program

Nancy Brink of Hereford is one of about 100 freshmen participating in Texas Christian University's Honors Program during the 1973-74 academic year.

The Honors Program, inaugurated in 1962, is designed to motivate students qualified to accept the intellectual challenge to strive for academic excellence.

Invitations to join the program are extended on the basis of College Entrance Examination Board scores as well as academic promise illustrated by maintaining at least a B average grade throughout high school. The freshmen invited to join the program and their sophomore, junior and senior classmates

already a part of the program will attend classes smaller and more academically demanding than those in the regular undergraduate program. The classes are designed for maximum interaction and discussion and taught by faculty especially suited to this type of teaching.

The Honors Program is directed by Dr. Fred Erisman, associate professor of English who holds degrees from Rice University, Duke University and the University of Minnesota. At the latter university, he specialized in American Studies, an interdisciplinary field.

Miss Brink, the daughter of Rev. and Mrs. Eugene Brink of 211 Sunset Dr. in Hereford, is a 1973 graduate of Hereford High.

Wedding Date Fixed

Mr. and Mrs. C. Palmer Norton announce the engagement of their daughter, Nelda Kaye, to Paul W. Hendon, son of Dr. and Mrs. Eugene H. Hendon.

The couple plans to marry January 3 at the First Presbyterian Church with the Rev. Roger B. Knapp officiating.

Miss Norton, a member of a pioneer ranching family in Deaf Smith County, is a student at West Texas State University, where she is a member of Chi Omega Sorority.

Hendon is a senior in Texas A&M University and is a member of Phi Delta Theta Fraternity at West Texas State.

Zone Gardeners Will Meet Here

Planning for the meeting of members from over the North Zone of District I, Texas Garden Clubs, was a part of the business discussed in Hereford Garden Club Friday afternoon in the home of Mrs. G.W. Newson.

Mrs. E.H. Boedeker of Lubbock, district director, will be a guest for the one-day meeting to be held in the Music Stand. Mrs. John Jacobsen Jr. of Hereford Garden Club is zone chairman and will preside.

The club contributed plants and pots to the Junior Gardeners group which it sponsors, and voted a cash gift to World Gardening, a project of National Garden Clubs. Mrs. A.L. Manjeto reported on the flower show school she attended last week in Amarillo.

The program concerned horticulture, with Mrs. Ray L. Johnson speaking on Trends in Early America. She told of plants used in gardening during

the seventeenth and eighteenth centuries which are still common in American gardens, and of fruit and nut trees planted in colonial days and still living.

Mrs. R.L. Wilson demonstrated bottle gardening, constructing a terrarium as she told how to mix soil and sterilize it then set plants which look well together as they grow inside the glass container.

Tools to use for planting were demonstrated and a formula given for soil. A bottled garden made by Mrs. Wilson was shown as the flower arrangement of the day, and presented to Mrs. Newson.

Mrs. W. C. Hromas was co-hostess, who assisted in serving tea to those on the program and Mmes. O.G. Hill Sr., W.S. Fluitt, Art Stoy, Jacobsen, Ben Childers, R.L. Ethridge, S.S. Williams, D.N. Garner and R.W. Mitchell.

By The Garden Gate With Glad

By Mrs. Art Manjeot

Oh!, it sets my heart a clickin' like The tickin' of a clock. When October's bright blue weather comes, And there is the feel of autumn in the morning freshness.

This is a glorious time of the year. Trees and shrubs are putting on their colorful fall dress, and the world takes on the look of a colorful, gay wonderland.

All spring and summer the trees and shrubs have been a beautiful green background for the bright and lovely flowers. Now it is time for them to flare into bright autumn colors.

It is fantastic the conversion of a plain green leaf to a delightful design in reds, yellows, orange, and brown. It is truly interesting and thought provoking to study about the chemical process that takes place in this miracle of change.

Many are interested in the fall color tours in New Mexico and other places. If you are going up high the color has been good for several weeks and may be damaged by this time. When we were near Las Vegas we noted the color of the aspen on top ridge was lovely.

However if you plan to go into the valleys, next weekend would be a very good time. Soon the foliage tour at Canadian will be ready; this is worth waiting for.

Colors are turning in our own yards. There is quite a bit of yellow and bits of red. These colors will be a beautiful setting for the chrysanthemums as they come into full flower.

Another delight is the spider lily (Iacoris). I call them surprise lilies because they grow their foliage in the spring, this dies down and feeds the bulb, then in the fall "suddenly" the stem with the beautiful flower proudly showing on the tip top of the scape or stem. A brilliant red, and flower is very dainty and different.

While reading about them I learned that in some locales they are called basket lilies.

These that I have grown come from the amaryllis family, and

then there is one that is called hymenocallis lily. If you haven't grown the spider lily, be sure and list it on your want list. Really a delight to be walking in the garden early on a fall morning and be greeted by this beautiful lily.

REMINDER: It is now time to face the garden actualities for these nice autumn days. The cleaning up process. In reality it should be called the sanitation process for the garden.

First, all annuals which have completed their growth cycle should be pulled and placed in the compost pile. With each addition, a shot of nitrogen should be added to break down the fibers quickly.

While removing the plants, be sure and thoroughly clean the flower beds of all weeds and grasses. The grasses and weeds too are now maturing and making seed, and if not destroyed there will be an excellent crop of weeds, come springtime.

When the flower beds are cleaned, it is well to go ahead and spade deeply, adding some peat moss, also a bit of nitrogen or superphosphate to the soil as it is turned.

Then in the winter days, if you do not have a compost pile, take your peelings, leaves, etc., from the kitchen, dig a hole and cover them in the flower beds. These will add humus, and make the soil more friable for spring planting, and will add strength and beauty to plants.

Check shrubs for old canes or those which have died, prune these out before frost. If this is done it will aid in keeping down breeding places for insects. Be sure and write in big letters in February or when the weather permits.

Am glad that I have some late vegetables. The carrots, beets and tomatoes have added zest and vitamins to my meals. Next year I am going to plant more vegetables among the cut garden.

Very attractive borders can be grown with many of the vegetables. There is nothing

quite so colorful and attractive as beets when used for borders. Not only are the vegetables good to eat but they cut down on the grocery bill.

One of the prettiest things I have had in the yard this season is the crab apple tree. The foliage has been luxurious, and the fruit excellent. The size of the apples has been unusually large for the variety.

Because of proper spraying there have been few of the apples damaged by worms. The color is beautiful, a rich dark red, they are even beautiful when laying on the ground, and I get stooping exercises by picking them up. (Helps to keep down pounds and adds to my get-up-and-go motivation.)

Crab apples are delicious baked, fried, and for jelly and jam, also make beautiful and tasty pickles for that festive Thanksgiving dinner. Another nice thing about them is that the yield has been so bounteous that I have shared with friends and neighbors.

Have had a fine crop of grapes, and really I have eaten so many of them fresh that I have failed to make jelly, jam or grapejuice (Later I hope I can). These are the sweetest daintiest grapes I have ever grown, the bunches add that certain something to fruit and vegetable arrangements, along with the pretty crab apples. If you do not have a hopia crab apple, be sure and add this item to your want list for this year's planting.

J.P.B., of Flower and Garden Magazine staff, had a new idea in his column: If you don't go in for double digging and have pieces of sod to dispose of, this can be done by stacking it neatly with grass side downward, and dusting lawn food over each layer as it is stacked. The fertilizer will speed up decay. By spring this should have broken down into a fine fibrous loam relatively free of weed seeds and will be full of nutrients. Great for seed starting or repotting house plants.

NOW IS THE TIME, to ready houseplants. All should be

groomed carefully, new soil added if needed, or if the plant should be repotted do this. Cuttings of geraniums, coleus, Joseph coat, and others should be taken now, and rooted for planting.

Remember to thoroughly sterilize the pots, both the clay and plastic. Do not use rocks or pebbles for drainage, but take pieces of old oasis and use instead. This is much better and will make pots easier to handle, because of weight. Also adds to better drainage.

Remember many houseplants are killed by over watering. Better that they become dry, than to be smothered with too much wetness. Few plants like to have wet feet.

Many are having trouble with their lawns. If there are brown spots and grass seems dead, dig into the soil and search for grubworms. Some of the most beautiful lawns in town have become infested with grubworms and fungi.

Chloradine is the remedy to be used for the grubworms, either a wet spray or the powder. Apply generously, after damping, hold off with watering for several days. Usually takes about a week before a kill is made; if grass is not too badly injured it will respond with care and a bit of special attention. I have really had trouble with my lawns this summer. Many people have called reporting trouble. Inspect lawns carefully and prepare them for the winter months.

"Just being happy is a fine thing to do. Looking on the bright side rather than the blue, sad or sunny musing is largely in choosing, and just being happy is brave work and true."

Fashion

The beauty of fashions this season is that the individual wears what is most becoming to her. That goes for hem lines as well as necklines or waistlines.

Introducing Sensuale. First you have to please yourself.

Style # 1803
SENSUALE "A-ROGUE"
DECOLLETE UNDERWIRE
* Delicate mesh wire decollete

Oktoberfest Is Theme For Party

Oktoberfest, a harvest festival with a German air, was celebrated at an autumn membership party in Hereford Country Club Friday evening, with the ballroom decorated in the style of a Bavarian beerhall. Host couples were Messrs. and Mmes. L. D. Neumayer, Tom Sargent, George Ritter, Jack Simmons, Tommy Braddy, David Hutchens and Richard Ottesen. As they greeted guests they were in traditional Bavarian

peasant dress, the women with bright hued, full skirts and white blouses with wide laced girdles, the men with wide suspenders and colored neckties. Red checked cloths covered the tables. Candles and clusters of multicolored balloons added to the gala scene. The buffet dinner featuring a bounty of German foods was served from a large table centered with a massed bouquet of giant mums, autumn leaves and grasses. More of the brilliant leaves and bunches of grapes decorated the foyer. Music for dancing was by the Troubadors band from Clayton, N.M.

COXEY'S ARMY

On March 25, 1894, "Coxey's Army," a group of unemployed men, began a march to Washington to arouse public interest.

Club Visits Art Studio

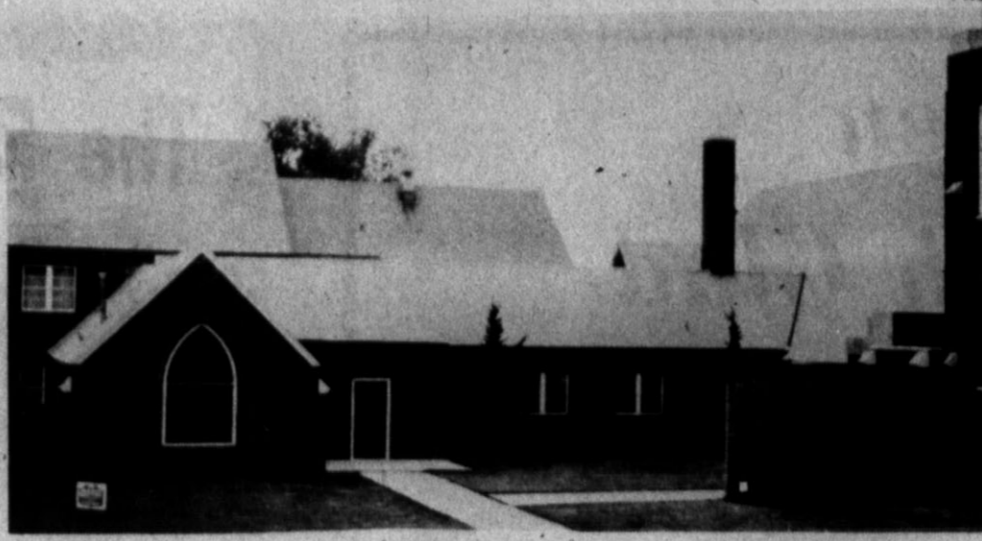

J-Bar-S Ceramics Studio in Amarillo was visited by the Ceramics Art Club Wednesday morning. Members were presented a program on stains. The presidents prize was won by Mrs. Floyd Kirkeby. A covered dish luncheon was served to the seven members present. Those included Mmes. Earl Brookhart, O.H. Culpepper, W.C. Hromas, Quentin Martin, J.W. Stengel and Leona Seavey.

INCENTIVE

Behind every man who keeps ahead of the times is a woman who is doing the pushing.

SOLUTION

Know your aptitudes — ability counts most doing the things you are capable of doing.

NON-RESIDENTIAL BEAUTY SPOT — First United Methodist Church was designated the non-residential Beauty Spot of the Month of September by the beautification committee of Deaf Smith Chamber of Commerce Women's Division. A public building or business house is chosen each month for this designation, and a residential Beauty Spot is also picked.

Couple At Home After Marriage

Mr. and Mrs. Jack Fortberry of Adrian announce the marriage of their daughter, Patty, to Ed Hall of Lubbock on August 22. The couple is at home at 1912 Avenue O, Lubbock.

The bride, employed by the Children's Home at Lubbock, attended Texas Tech and Abilene Christian College. Hall, son of Mr. and Mrs. Leo L. Hall of Groves, is an employee of Robberson-Steel Co. and has been a student in Lubbock Christian College.

Canadian price rise steepest since Korean war.

David Wiggains In LCC Men's Club

Mrs. Duncan Will Arrange Programs

Mrs. G.W. Duncan was elected program chairman for monthly meetings by members of the Victory Sunday School Class of Avenue Baptist Church Thursday in the home of Mrs. Carlyle Sargent.

Present were Mmes. Bill Wall, C.E. Coleman and Johnnie Townsend.

David Wiggains, son of Mr. and Mrs. Chester Wiggains of Box 8 in Summerfield, has been selected to be a member of Sub-T-16 men's social club at Lubbock Christian College.

Wiggains, a 1973 graduate of Hereford High, is a freshman corporate finance major.

Sub-T-16 is one of six men's social clubs at the college.

LCC is a small liberal arts senior college emphasizing high academic achievement in a Christian atmosphere.

Beta Sigma Phi Prepares Area Meet

Beta Sigma Phi members from over the Panhandle will be here next weekend for their fall area convention, with the four Hereford chapters playing hostess for a program of forums, address by an international representative and varied entertainment. Headquarters for the meetings will be LaPlata Junior High School; meals will be served there and all programs except presentation by Hereford Community Players of the comedy, Any Wednesday, at Sugarland Mall, and Sunday morning attendance at churches of the city.

Hostess chapters are Alpha Alpha, with Mrs. James Shearer of Dimmitt as president; Xi Epsilon Alpha, Mrs. Fred Mulkey Jr. president; Kappa Iota, Mrs. Edward Allison president, and Alpha Iota Mu, Mrs. Robert Williams president.

Chapter activity in Hereford is coordinated by the city BSP Council, with Mrs. Max Stipe as its president.

Mrs. Howard Gore is general chairman for the convention with Mrs. Jim Cramer as co-chairman.

A highlight of the program will be the appearance of Rose Christian, representative of the sorority's international office in Kansas City, to speak at a Sunday morning brunch in the school cafeteria. Preceding her address in a style show will be presented from Gaston's Store.

Hawaiian Adventure in '73 is the convention theme, to be emphasized in decorations. A luau will be the first event Saturday evening, after registration and informal visiting from 3 to 7 p.m.

Registration will continue Sunday morning beginning at 8:30. The program opens with forum discussion with Mrs. R.J. Cramer as chairman. Visiting Beta Sigma Phis will be invited to attend Hereford church services of their choice after the brunch.

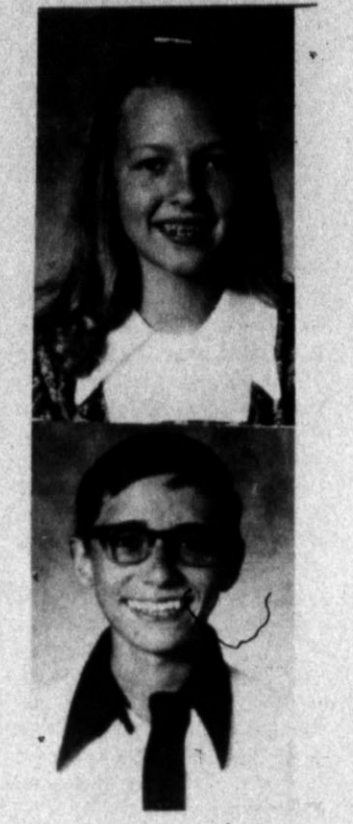

The closing ritual will be conducted by Hereford members under direction of Mmes. Charles Laing, Kenny Ruland and Archie Dwyer.

Preliminary work on the convention has been done by all local members, under leadership of committees.

Arranging for program printing were Mmes. Hicks Roberson, and Nelson Kendall.

Charlotte Skaggs and Linda Wilhite; for tote bags and favors, Mmes. Jim Cramer, Chick Holbert, Lonny Coffey and Allison.

On the committee are Mmes. John Schneider, Robert Devin, John Young and Marilyn Gell; committee on meals, Mmes. Tom LeGate, Jerry Shigman, Larry Summers, John Kriegshauser and Coy Mason; Motel arrangements committee, Mmes. Davie Sorrells and Pat Cassels.

PIANISTS — Playing piano solos on programs of District 1, Texas Federation of Music Clubs at Borger Saturday were two pupils of Mrs. Joe Hacker. Zann Zimmerman played March Wind, by MacDowell, in the opening recital by juniors. Daughter of Dr. and Mrs. Ron Zimmerman, she is in seventh grade at La Plata Junior High. In the afternoon fine arts program, Phillip Zinser, son of Mr. and Mrs. Frank Zinser Jr. and a La Plata ninth grader, presented Toccata (Khachaturian).

MONDAY - TUESDAY - WEDNESDAY

GASTON'S SUGARLAND

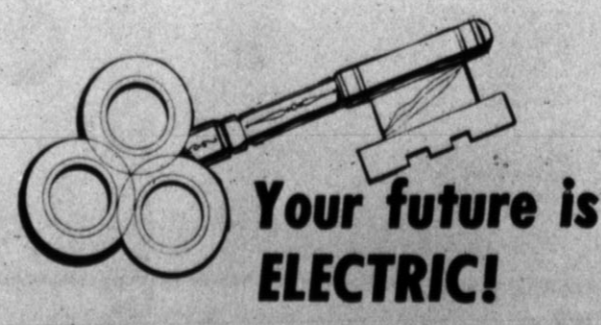

unlocking the door

The key, to unlocking the door to the future, is electricity.

That's because we can make electricity in several ways . . . using several different "fuels" in our power plants. We're now using natural gas, but our next plant, now under construction, will use low-sulphur western coal. In addition, we've been researching nuclear fuel sources. For over 15 years, we've been part of the Texas Atomic Energy Foundation — a group of Texas companies researching the fusion process. Unlike the fission approach, the fusion process using common, abundant seawater, will be able to supply unlimited electric power.

It's in the future . . . and that's our job . . . unlocking the door to the kind of future you want . . . with the electric kilowatt. After all, you get 100% use out of every kilowatt that's delivered to your home, business, farm, or ranch.

SCHOOL Lunch Menu

JUNIOR HIGH HIGH SCHOOL

MONDAY — Chicken fried steak and gravy or chicken noodle casserole, mashed potatoes, green beans, berry cobbler, rolls, butter, milk.

TUESDAY — Hamburger or chili burger, French fries, blackeyed peas, sliced peaches, buns, milk.

WEDNESDAY — Pinto beans, with hot tamales or barbecued wieners, mixed greens, corn, apple pie, school bread, butter, milk.

THURSDAY — Fried chicken and gravy or roast beef and gravy, fluffy potatoes, green peas, Jello peach mold, rolls, butter, milk.

FRIDAY — Beef vegetable stew or beef paviola, pork and beans, cole slaw, pineapple cake, cornbread, butter, milk.

ELEMENTARY SCHOOLS

MONDAY — Chicken fried steak, mashed potatoes, green beans, berry cobbler, rolls, butter, milk.

TUESDAY — Hamburger, French fries, sliced peaches, buns, milk.

WEDNESDAY — Pinto beans, with hot tamale, mixed greens, corn, apple pie, school bread, butter, milk.

THURSDAY — Fried chicken, fluffy potatoes, green peas, Jello peach mold, rolls, butter, milk.

FRIDAY — Beef vegetable stew, pork and beans, cole slaw, pineapple cake, cornbread, butter, milk.

ST. ANTHONY'S PAROCHIAL SCHOOL

MONDAY — Barbequed wieners, mashed potatoes, peas, peanut-butter bars, rolls, butter, milk.

TUESDAY — Chicken pot pie, cabbage-pepper salad, Jello with fruit, biscuits, milk.

WEDNESDAY — Tamales, red beans, Jugged salad, chocolate cake, cornbread, milk.

THURSDAY — Fish sticks with tartar sauce, buttered potatoes, green beans, cinnamon rolls, milk.

FRIDAY — Grilled cheese sandwich, vegetable soup, apple pie, milk.

HEREFORD DAY CARE CENTER

MONDAY — Breakfast: Oatmeal, raisins, milk; Lunch: Turkey roast with gravy, cranberry sauce, green peas, hot rolls, butter, milk, ice cream bars; Snack: Orange juice, birthday cake.

TUESDAY — Breakfast: Donuts, apple slices, milk; Lunch: Corn dogs with mustard, corn munchies, carrot sticks, milk, fruit cocktail; Snack: Chocolate chip cookies, milk.

WEDNESDAY — Breakfast: Rice cakes with honey, banana slices, milk; Lunch: Oven-fried chicken, creamed potatoes, blackeyed peas, hot rolls, butter, milk, Jello; Snacks: Peanut butter and crackers, orange juice.

THURSDAY — Breakfast: Farina, orange slices, milk; Lunch: grilled cheese sandwiches, deviled eggs, green salad, milk, applesauce; Snack: Bread and butter, orange juice.

FRIDAY — Breakfast: Hot muffins with honey, raisins, milk; Lunch: P-ked ham, buttered corn, seasoned spinach, cornbread, butter, milk, carrot cake; Snack: Graham crackers, milk.

VOE STUDENT OF THE WEEK — The Vocational Office Education Student of the week is Stella Agüero, daughter of Mr. and Mrs. Gilbert Agüero, 340 Ave. G. Stella, a senior at Hereford High School, is employed at A&M Gun Shop under the supervision of Millard L. Murray. After graduation she plans to attend business college.

Donations Needed In Collection Of Gifts For Hospital Project

Craft materials and Christmas gifts for patients of the Wichita Falls State Mental Hospital were discussed by members of the Westway Home Demonstration Club Thursday in the home of Mrs. Fred Sherman.

The annual project will be highlighted by a scrap fabric drive to be held at 2:30 p.m. October 25 at the Bull Barn. Mrs. Albert Lamb, drive chairman, announced that gift articles such as instant cocoa and coffee, socks and other articles of clothing are desperately needed.

Donations may be made by contacting Mrs. Lamb at 299-5514 or Argen Draper, county home demonstration agent.

Members also sent a get-well

SIGNAL INTENTIONS
To avoid rear end collisions, share all your plans with the driver directly behind you.

COUNT TEN
Don't be misled — two and two still make four, no matter what the other fellow promises.

Rev. Manning Gives Program

The Rev. Doug Manning, pastor of the First Baptist Church, presented a program entitled Marriage to members of the La Madre Mia Study Club Thursday evening in the home of Mrs. James Gentry, Yucca Hills.

Observations from his contacts with numerous couples in counseling supplied the minister with firsthand material for his talk.

During the business meeting, reports for the Holiday Home

Tour and Bazaar to be held in December were given. Homes to be toured were also announced. Those include the Wester Cleavengers, decorated by HR's - Flowers; Virgil Marshs, Clark's House of Flowers; Dave Hopper, site of the bazaar.

Money received from the tour will be donated to the Deaf Smith County General Hospital for the new intensive care unit. The annual role call was

answered by members with something nice about my husband. Co-hosting the meeting was Mrs. Gerald Martin.

Members present were Mmes. Dean Herring, Charles Watson, Lynton Allred, Jimmy Anderson, Bobby Owen, Bud Snyder, Richard Ward, C.D. Adams, Dickie Geries.

Also, Mmes. Dave Honea, John E. Smith, Wayne Lady, Don Walsler, G.C. Merritt, Ben Scott and Taylor.

Inking Demonstrated To Mon Ami Members

Inking was the program given by Mrs. Leon Richards to members of the Mon Ami Study Club Thursday at the Easter Community House.

Mrs. Richards demonstrated the process of inking and gold leafing on glass and let each member make a picture.

Plans for the Halloween carnival to be held at the Easter Community building were discussed during the business meeting.

Recognized as guests were Mrs. Kenneth Frye, Kay

Schiebout of Minnesota and Neiva Feldman of Dimmitt.

Hosting the meeting were Mrs. Buster Thomason and Mrs. Tony Young.

Members present were Mmes. Ray Bates, Roy Botkin, James Dobbs, Leroy Edwards, Ernest Flood, Don Tindal, Guy Walsler, Martin Young and Pat Hogan.

Prince Valiant

IN THE DAYS OF KING ARTHUR
BY HAL FOSTER

Our Story: AT THE FIRST HINT OF DAWN ARN RISES, ANXIOUS TO BEGIN HIS NEW CAREER OF KNIGHT ERRANT. AS HE DRESSES HE SMILES, THINKING OF THE CRAFTY ROGUE WHO MADE OFF WITH HIS DINNER.

NO ONE IS YET AWAKE IN THE TAVERN SO HE HAS TO CARRY HIS GEAR DOWN TO THE STABLES, ONE OF THE TASKS A SQUIRE MIGHT PERFORM.

A VOICE FROM THE MANGER GREET'S HIM: "GOOD MORROW, SIR KNIGHT. I HAVE JUST FINISHED BREAKFAST AT YOUR EXPENSE. MAY I REPAY YOU BY HELPING TO SADDLE YOUR MOUNT?"

THIS HE DOES WITH EXPERT EASE. "I SEE YOU HAVE HAD EXPERIENCE WITH WAR HORSES," SAYS ARN. "AH, YES. ONCE, LIKE YOU, I WAS ENCUMBERED WITH TOO MANY POSSESSIONS, THE THINGS THAT KEEP ONE TO THE TRODDEN WAYS."

"AFOOT I CAN WANDER THE SCENTED MEADOWS, THE QUIET FORESTS WHERE POLICE DO NOT VENTURE. I WAS EDUCATED IN A MONASTERY, BUT THE LIFE OF A FRIAR IS NOT AS INTERESTING AS THAT OF AN UNREPENTANT RASCAL."

ARN SPEAKS: "I TOO AM WANDERING FOOTLOOSE IN SEARCH OF ADVENTURE. WOULD YOU LIKE TO SERVE AS MY SQUIRE?" THE RASCAL GRINS: "YES, AND I WILL SERVE YOU FAITHFULLY AS LONG AS YOUR MONEY LASTS!"

HE REFUSES TO DON ARMOR. "IF THERE IS FIGHTING, YOU DO IT. I WILL SERVE IN MY OWN WAY."

PONYTAIL BY LEE HOLLEY

hints from Heloise

DEAR HELOISE:
Most little children love anything that has to do with the mail! They like to watch for the mailman and to carry the mail in to Mommy after he gives the mail to them. They hope that sometime there might be a letter for them!

On all the junk mail I receive, I scratch out my name and print

SUE
RICKY
RD 2
USA.

in the name of one of them. Next morning, when they aren't watching, I slip these letters in the mail box, to be pulled out with the regular mail. That's a happy surprise for them!

I often cut pretty pictures out of a magazine and paste them on a thin piece of cardboard. These then look like those picture postcards. I glue a cancelled stamp on the card with their name. What a thrill when they find their very own mail!

A Reader Fan
+++
It seems to take so little

sometimes to keep those youngsters happy that it is really worth the little extra effort it takes!

Children are just like all the rest of us "big" kids — they like to have a little attention, too!!
Heloise

A JUICY STORY

DEAR HELOISE:
Peeled and sectioned oranges are good to have on hand for a pleasant change from juice and for quickie nonfattening snacks.

To peel the oranges easily, pour scalding water over them in a fairly deep container. Let them stand for five minutes. Pour off this water and flush the oranges with cold water.

The oranges will now peel as easily as one can peel a banana. Use the hands only — but a sharp paring knife will quickly take off the stringy threads of white tissue.

The sections can now be

separated without losing a drop of the juice!
Edith Hinman

LETTER OF THOUGHT

DEAR HELOISE:
When I read my Bible each day I jot down a special verse on a card.

The next morning as I pack my husband's lunch box I put this card in. He enjoys reading it as he eats his lunch.

Sometimes he discusses the scripture verse with the men he works with.
Martha

THE PUNCH LINES

DEAR HELOISE:
When I was a little girl, I was taught to sew on a machine by not using material or thread. I sewed on paper and when

the lines were straight, it was time to make something.
Neva Jandahl

IT MAKES SENSE

DEAR HELOISE:
Quite often I find it necessary to send a coin through the mail and don't always have a small envelope available for this purpose.

So I make use of the extra stickers* we receive from charitable organizations that I have on hand. (They really are like oversized postage stamps without the postage!)

Simply decide where the coin should go — some blank space on your sheet of paper or order form — and moisten the gluey back of the sticker and place over the coin.

Keeps the coins safe and won't let them jingle together while in transit.
Adelle Blauwkamp

STERLING ADVICE

DEAR HELOISE:
This hint is really from a youngster who is thirteen years

old.

(There are only two of us home now that the children are gone — and I always have trouble keeping my silverware drawer straight in the kitchen.)

She suggested that I put just what I need for us two in the drawer, and store the rest (in a handy place). It is a great idea.

When company comes, I can get at the other silver, and I have much less trouble keeping the drawer neat.
Kelly DeVault

EVERY TWO HOURS

DEAR HELOISE:
When a child is sick and I have been up several times a night, my husband and I have worked out a method so we know if the other parent has given medication.

Since we must be in the

APPLE-PIE ORDER

DEAR HELOISE:
We have a chest-type freezer, and when time permits. Mom and I make pies to put in it.

We had trouble finding space for all the pies, and couldn't stack them without breaking the top crust. Mom came up with this idea:

Take cooling racks for cakes and separate them one pie's width using straightened-out wire coat hangers. Attach at each corner.

You can have this divided rack at whatever height is suitable for your particular freezer.

Now you can stack your pies without any damage being done to the individual top crusts. And it sure saves space!
Merilee P.

YOU CAN DO IT, TOO!

DEAR HELOISE:
I make a small-sized canister set from used peanut cans — the ones with the plastic lids.

After they have been washed and dried, I spray-paint them inside and out.

Then I decorate them by painting flowers, simple figures, mushrooms, vegetables, etc. — just whatever seems to fit the decorating scheme.

When placed on a round

turntable, they are ideal for whatever I need when cooking or baking.

They are really convenient for spices too. And the plastic lids keep everything you put in them real fresh.
Mrs. C.H.

+++
Just as cute as it can be, Mrs. C.H. Bet they'd really make a hit at your next church bazaar!
Heloise

HANDY FOR MOMS

DEAR HELOISE:
May I add a helpful note to the mothers of toddlers?

I always had the problem of keeping toys in my little one's hands when he was in his walker.

I found myself trotting at least a mile a day carefully replacing toys in his hands.

So wham-o, like lightning the idea struck!

I pushed him up to our living room chair and filled it with all his favorite toys.

His little hands could then reach anything he wanted.
Mother of a Smiling Babe

HOCUS-FOCUS

CAN YOU TRUST YOUR EYES? There are at least six differences in drawing details between top and bottom panels. How quickly can you find them? Check answers with those below.

Differences: 1. Cat is missing. 2. Sofa is different. 3. Skirt is different. 4. Switch is missing. 5. Antenna is different. 6. Foot is repositioned.

Hal Kaufman's JUNIOR WHIRL

BULLETIN BOARD

● **WHAT'S IN A NAME?** In response to our question, Theodore Young, of Toledo, Wash., submitted the following name-based pun-words: Anne Tenna, Arthur Itis, Barry Cade, Ben E. Fit, Dan Druff, Debbie Nair, and a host of others, more of which we'll print next week.

● **Reverse this number, turn it upside down and divide by nine. The result is 21. What is the number?** The number is one eighty-six.

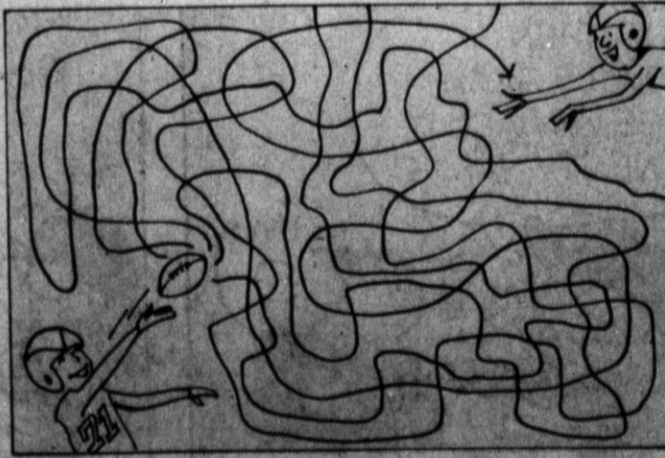

● **What worries the POSTMAN?** Answer by anagram. That is to say, use letters in POSTMAN to form answer. One possible answer is NO STRAIN.

● **A doctor uses a sphygmomanometer (a mouthful) to test reflexes, blood count, blood pressure. Which?** To test blood pressure.

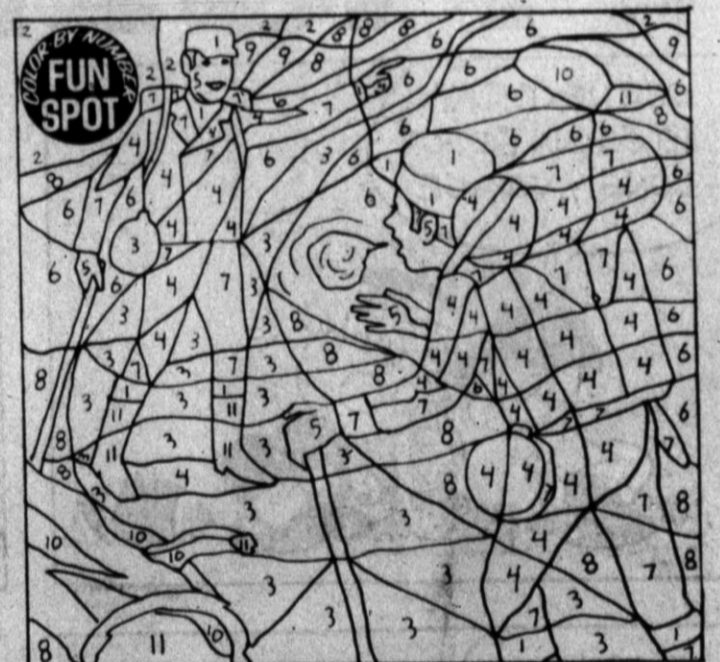

X-RAY EYES? Hand someone one dime and one penny with instructions to place one coin in each hand behind his back. Ask him to count four for the dime and three for the penny, and to triple the right-hand number and to double the left-hand number; also to add the two totals and to give you the final result.

Now, ask him to extend his hands forward so that you can make your prediction.

If the final number he gives you is even, the dime is in his right hand. If the number he gives you is odd, the dime is in his left hand.

ON TARGET? Which one of five paths does the football take to reach the outstretched arms of the player shown at upper right?

UP BEAT! Add these colors for a surprise picture above: 1-Red. 2-Lt. blue. 3-Yellow. 4-Lt. brown. 5-Flesh tones. 6-Lt. green. 7-Dk. brown. 8-Dk. green. 9-Purple. 10-Lt. gray. 11-Black.

SPELLBINDER!

SCORE 10 points for using all the letters in the word below to form two complete words:

INTERVAL

THEN score 2 points each for all words of four letters or more found among the letters. Try to score at least 50 points.

One possible anagram: Vent, late
