

# Holman Quits, Questions Board's Trust

By O.G. NIEMAN  
 Publisher  
 An airing of the non-graded school program and the resignation of assistant superintendent Bob Holman highlighted a lengthy session of Hereford School Board Tuesday night.

It was also a tension-filled session, marked by an unusual board-teacher conference with administrators leaving the room, and by Holman cautioning that an apparent "split between some members

of the board and the administration" could cause great harm to the school system.

Holman is accepting a similar director of curriculum position with the Baytown School District at a substantial increase in salary. He said, however, that the position had been offered for the past three years and "the apparent mistrust by some board members" had given impetus to his decision.

Board president Hugh Clearman called a private

meeting of trustees at the end of the business agenda about 1:30 a.m. Wednesday. Asked about the closed-door session later Wednesday morning, Clearman would only say that he thought "it might be well for the trustees to have a private chat."

Supt. Roy Hartman said he asked all administrative personnel to leave the room during the curriculum discussion "because some members of the board indicated they wanted it that way." When all ad-

ministrators left except Bill Phillips, administrative assistant and the board's recording secretary, trustee Ron Zimmerman suggested that he also be excused "since he writes the checks."

Asked how he felt about leaving the discussion, Hartman replied that "it gives the appearance that some members of the board lack confidence in the administration."

In other business Tuesday night, trustees approved 10 teachers resignations and

elected six new teachers, approved bills and heard general reports, tabled a stadium-seating proposal, and discussed the current campaign to complete student health record.

The teacher elections included the naming of a new assistant basketball coach, Joe Tubb, who has coached two years at Amarillo Palo Duro. A Levelland native, Tubb is a West Texas State graduate. He replaces Barry Arnwine as the assistant, after Arnwine was

elevated to the head coaching job.

Randy Vaughn, junior high band director, was also promoted to the position of high school band director upon the recommendation of Supt. Hartman.

Other new teachers elected: Robert Stewart, music at Bluebonnet; Nancy Jones, music at Shirley; Helen Reed, high school P.E. and volleyball coach; Colleen Billingsley, high school English; Joyce Seigler, school nurse.

Resignations included: Holman, Dianne Davis, Central; Mayme Hunter, Bluebonnet; Matilda Coronado, nurse; Carolyn Brigrance, Central; Wanda Johnson, Central; Jan Walsler, Shirley; Charlotte Laughlin, high school; Billye Buck, high school; Jeany Mayberry, La Plata; Mark Armor and Gay Elza.

The curriculum discussion on the non-graded program was placed on the agenda, according to Hartman, because the two

new board members—Zimmerman and Danny Martin—had expressed an interest in reviewing the matter.

Teacher representatives from each grade level at Tierra Blanca and from grades 1 and 2 in other elementary schools working with the non-graded program were present. The trustees and some 18 teachers conducted a question and answer discussion on the "open space" and non-graded program, including comparisons with the "traditional" system.

Clearman asked the teachers to give their opinions on how a new elementary school building should be constructed. Most of them apparently preferred an "open space" type building such as Tierra Blanca, but with modifications. A number of teachers felt that portable walls or partitions would serve a valuable purpose.

There was no doubt that practically all the teachers were strongly in favor of the non-graded concept. They termed it "more efficient, providing more individualized teaching, and producing better attitudes and students."

Several said the method was harder for the teacher because of more preparation and planning.

Several Tierra Blanca teachers said they felt their school had received "unjust criticism" on the non-graded, open space concept of teaching. They felt it was primarily a lack of understanding by the public. Another problem was in the area of teacher-parent conferences. Too many parents do not attend the conferences to learn how their child is progressing, noted some of the teachers.

At the beginning, Martin asked the teachers how they were selected for the board session and if they received any instructions. All answered by saying their principal asked them to be a representative, noting only that they should "answer honestly and to their best knowledge any questions posed."

Trustees invited complaints during the discussion, and many teachers promptly complained of not having workbooks this year, causing extra work for the teachers in preparing materials. They added that the time could have been better utilized with the students if the workbooks had been available. One explanation given was that student fees do not cover the cost of the workbooks as prices have increased.

Clearman asked the teachers their opinion of the "finished product" under the no-graded program. Most replies indicated the teachers felt students achieve more than those under the traditional method.

One teacher explained that the student-teacher ratio is smaller under the non-graded system since teachers work in teams. "All students are individuals and as educators, we need to provide for all kinds of students—we feel this is possible in this teaching concept."

One parent attended the session and asked the board to hear his opinion after the teachers had left. Appearing was Bill Taylor, who said he appreciated the "honesty and openness of the administration, teachers and board" as indicated by the meeting.

"I am not here for a tirade against the teaching concept, but just to voice the opinion of one parent," Taylor stated. He noted that he was opposed to the non-graded program, and that his "real concern was in bringing up children in an environment where they don't know failure."

It was pointed out during the teacher discussion that a student hardly ever "fails" a grade in elementary school. Some students are held back due to immaturity and without parent approval, they added.

Taylor compared the system to putting your child in a race and telling him that no one wins and no one loses. "Our children have to face reality, and somewhere along the line I think the schools should start

That feller on Tierra Blanca Creek says he knows he's supposed to be his brother's keeper, but now he's his Uncle's keeper, too!

Freedom seems to be the ability to do anything you want to without considering anyone—except your wife, the children, parents, neighbors, police, boss, fellow workers, Internal Revenue Service, the bank, the preacher, and a few dozen other people.

There are some indications that additional building projects are in the planning stages for Hereford in the near future. Nothing is so akin to progress as watching residential and commercial building taking place. If things keep popping, hustlin' Hereford will have another great year during '73!

Mustaches and beards are quite in style around Hereford, with many men getting a good start for the Diamond Jubilee Celebration. With men's hair styles being what they are, it's not as strange these days to see men with whiskers, long sideburns, and mustaches.

One man, who went out of town over the weekend, remarked that he figured people would stare at him in a town where they were not preparing for a Jubilee celebration. No such thing, he reports, because a lot of men are wearing free whiskers!

According to reports, dryland wheat in the county and around the area is probably the best at this stage than it has been in a number of years. Any additional moisture might really help produce a bumper crop. Wet conditions continued to slow corn and sugar beet planting in some areas, while high winds and blowing sand damaged some onions. Warm weather is desired by many farmers and ranchers.

The early bird has to get his own breakfast.

Did anybody ever "get your goat"? Some decades ago, so the story goes, there was an old custom of placing a goat in the same stall with a race horse. The companionship of the goat, it was believed, soothed a thoroughbred horse.

It happened at times that the owner of a competing horse in a race would cause the goat from the opposition stable to be stolen overnight, which often fretted the horse so that he would be worthless the following day.

They "got his goat." When anyone or anything "gets your goat," it now generally means that you have lost your poise.

Surely no one needs a reminder, but Sunday is Mother's Day—a good time to give a gift or simply let Mom know how you feel about her. We shouldn't need a special day, of course, but since we don't take time to show our love and appreciation many times during the year, then Mother's Day is not a bad idea.

## NEW VEHICLES PURCHASED

# Animal Controls Passed By City

By LORI HOPSON  
 Staff Reporter

In regular session Monday, Hereford city commissioners accepted low bids on city equipment, passed ordinances on animal control and annexation of property into the city limits, granted permission for special use zoning to an Amarillo firm, discussed state law allowing right turns at red signals, and heard a report from city manager Dudley Bayne on 1972 and '73 revenue sharing funds and expenditures.

Commissioners passed an amended animal control ordinance prohibiting the running at large of dogs, poultry, rabbits and livestock; provided a method of impoundment, release and destruction of dogs found running at large, and provided a means of rabies control by vaccination, impoundment, observation and destruction of dogs or other animals suspected of rabies infection.

In addition, the new ordinance, which replaces or repeals some 17 old ordinances,

will provide for the levying and assessing of an annual tax of \$1 on dogs kept or maintained in the city, and provide for the collection of such taxes.

Fees will be assessed for the impoundment of animals included in the ordinance, and other articles in the ordinance will prohibit the keeping or maintaining of livestock within the city limits and provides for certain exceptions.

In other business, the commission accepted the low bids on two half-ton pickups and a three-ton truck. Orsborn Buick submitted the low bid of \$5,800.00 on the pickups, and other bidders were Norwood Chevrolet at \$5,841.90, Oglesby Equipment at \$5,919.01 and Orval Watson Ford at \$6,418.28.

Low bidder for the three-ton truck was Norwood Chevrolet at \$7,276.23. Oglesby Equipment submitted the other bid at \$9,803.06.

Special permission was granted to Bob Jordan of an Amarillo rendering service for zoning to accommodate a changeover to a similar service

of Hacker and Sons Meat Co. east of Hereford.

A petition was submitted by residents of Centre Street between the Southwestern Public Service Transformer station on 15th Street and the Frank Ford Addition, which requested annexation into the city limits, and the commissioners passed an ordinance annexing the area.

The city manager read a report of revenue sharing funds and expenditures in 1972, and funds allotted and proposed expenditures for the current year. Commissioners approved the revenue sharing budgets for both years, and gave their official approval to a project to improve the intersection of Park Avenue and Hwy. 385.

Also discussed by the commission was a new state law which will go into effect in August, permitting right turns at red signal lights. Commissioners were informed that city governments, under the law, would have the option of prohibiting right turns on red in the city, though state law would allow the practice. After some discussion, the commission elected to delay any action on the issue pending further discussion and investigation on the safety hazards of the practice.

A request for construction of a storm sewer along Harrison Highway by residents of Green Acres addition was denied, because the project had not been included in the city budget for the year, and would require too great an expense for the city. Bayne said that a recent estimate set the cost of the

## Grid Clinic Set For 6th Graders

A football clinic for all sixth-grade boys has been set for Saturday at 9 a.m. in Whiteface Stadium, it was announced Wednesday by Coach Larry Dippel.

The clinic will be held just prior to a spring training scrimmage session planned for the Whiteface varsity football team.

Heard coaches will conduct the clinic and boys are requested to wear shorts, tee shirts, and tennis shoes or football-type shoes.

Dippel said he was "a little disappointed" with the defense in last Saturday's scrimmage session—the first of the spring. He thought the offensive line and defensive secondary "looked good" in the scrimmage, and these had been two areas of concern by the coaches.

Dippel singled out defensive ends Willie Glass and John Stoy as standouts in the scrimmage. He cited center Terry Bell and offensive tackle Donnie Henson for making good progress in the spring drills.

**MAYS IN STATE MEET**—Hereford's Luther Mays was posed for the start of the 880-yard run when this exclusive photo was taken for the Brand Saturday at the state track meet in Austin. Mays finished fourth in the race, knocking two seconds off his best time of the season in running a 1:53.9. It was the fastest schoolboy half-mile run in the nation this year with the winner clocking a 1:51.1. A light rain had just started to fall, and umbrellas can be spotted in the huge crowd.

## Jubilee Chiefs Annual Shrine Clinic Slated

Officers and directors of the executive committee of the Hereford Diamond Jubilee were elected and installed during a meeting last week in the Flame Room of the Pioneer Natural Gas Co. building.

Jim Conkright was named as corporation president, and Dale Young was installed as general chairman.

Other officers and directors installed were Lynton Allred, vice-president; Bud Eaes, secretary-treasurer.

Members of the executive committee are Rodney Laubhan, revenue division; Mrs. Joe Reinauer, ladies chairwoman; Billy Johnson, men's participation division; Melvin Jayroe, spectacle ticket division; Dick Montgomery and Jim Arney, special event division; Gene Campbell, publicity.

During the meeting, Harold Wheeler presented plans for the Jubilee parade. He is encouraging all community clubs and organizations to participate in this event. In order that time slots may be allotted, those interested in the parade should contact Dick Montgomery or Jim Arney as soon as possible.

## Use Classifieds

The 17th annual children's diagnostic clinic, sponsored by the Oasis Shrine, will be held in Hereford May 19, with pre-registration deadline set for May 18, according to Jerry Payne, Shrine president.

Local officials urge all persons planning to attend the clinic to pre-register with a local physician before the clinic date.

A kickoff breakfast for Shriners will be held at 6:30 a.m. with registration beginning at 8 a.m. in the Southwestern Public Service Co. building, according to Payne.

A number of specialists from across the state are expected to participate in the clinic, examining patients and recommending treatment for the more than 100 children expected to attend.

Specialists in the fields of speech, hearing, radiology, neurology, pediatrics, cardiology, plastic surgery, orthopedics and dentistry will participate, according to Dr. A.T. Mims, medical director of the clinic.

Local doctors, optometrists and dentists and their assistants, as well as laboratory and x-ray personnel, will assist with the clinic.

Youngsters up to 18 years of age are eligible for the free clinic. The children to be seen during the clinic are those with handicaps, though not necessarily crippling handicaps.

Lunch, provided by the Hereford Lions Club, will be served in the high school cafeteria for the children and their parents. The Shriners will provide the transportation to and from the noon lunch.

## Westbrook Here For FDA Rally

The adult chapter of the Fellowship of Christian Athletes will sponsor a rally at 8 p.m. Monday in the Hereford High School auditorium with John Westbrook as guest speaker.

Westbrook, the first black to play football in the Southwest Conference, is a student director with the Southern Baptist Convention. He will sing and speak in the rally here, and the public is invited at no charge.

The rally serves as an extension of the youth chapter's FCA Golf Tourney held over the weekend.

# Hereford Thumped Twice, Season Ends

The number "23" was a bad one for Hereford's Whiteface baseball team Saturday.

The Herd finished the season with 23 defeats, and the champion Monterey Plainsmen scored 23 times in one inning while winning a twinbill over the Whitefaces Saturday by 23-8 and 17-5 scores.

Monterey, the defending state champion, won the District 4-AAAA title with an 18-2 record. The Plainsmen, riding an 11-game-winning streak, will meet Amarillo Tascosa (17-2) in bi-district play starting May 17.

Lubbock Cornado was runner-up in district with a 12-8 record, followed by Plainview (10-10), Snyder (10-9), Lubbock High (6-13) and Hereford (3-17).

The 4-AAAA All-District team was also named Sunday by The Avalanche-Journal, and Monterey dominated the team with six players. Plainview placed three on the 12-man squad; Snyder had two, Coronado one, and Hereford failed to land a berth.

Monterey shortstop Tommy McIntyre was named Player of the Year; Plainsman second baseman Brad Harrelson was picked as the top sophomore, and Plainsman coach Bobby Moegle was the Coach of the Year.

In the first game of the twinbill here Saturday, Monterey scored all 23 of its first-game runs and collected all 22 of its hits in the second inning of the five-frame game. Hereford

had only one error in the inning. Ricky Locke, Bill Phillips and David Loerwald all worked on the mound in the inning for Hereford.

Monterey banded out 18 hits in the second game off Lynn Tarr and Locke. Hereford had only four hits in each game.

Terry Poindexter had a single in each game, while Ricky Peters, David Loerwald, Ricky Locke, Twig Rose, and Bill Phillips also had base hits. Poindexter and Locke each drove in two runs in the two losses.

# Tournament Begins Today

A three day adult volleyball tournament for area teams, sponsored by the Hereford Jaycee-Ettes, begins today and continues through Saturday at Hereford High School gymnasium.

teaching this," he added. Clearman thanked Taylor for appearing to voice his opinion and invited him to "return anytime." Holman also invited Taylor to visit with him to discuss the program.

Administrator Jim Holmes reported that the drive to update immunization and health records of students was "progressing well," although there had been some problems. He said the records were about 97 per cent complete Tuesday.

Holman's resignation is effective June 30, at the end of his current contract, and ends a six-year tenure as an assistant superintendent here. He came six years ago as an assistant to Johnny Clark, who is now superintendent at Baytown where Holman is going.

Holman noted that he and Hartman were both assistants, and they helped organize the pilot educational service center in the form of PESO (Panhandle Educational Service Center). These regional centers are now in operation throughout the state.

Holman had been a principal and coordinator of English-language arts at Midland for seven years before coming to Hereford. At Baytown, Holman said he has also been invited to teach two classes at the University of Houston and expects to accept.

Dr. A.T. Mims, after hearing Holman's resignation read by Hartman, said he felt the school system "was undergoing a great loss." Holman has helped guide this school into some great programs and our system has drawn recognition throughout the state.

Clearman added that "Bob has been instrumental in bringing good things to the

system, in adding some highly beneficial programs." Hartman told trustees that Holman "is the top curriculum man in the state."

In his brief response, Holman thanked board members who had helped in the expanding and innovative programs the past six years, and expressed appreciation to the administrators and teachers for a great "team effort."

"It takes a team effort to provide a fine school system, and under the guidance of Hartman and Johnny Clark, this school is recognized as one of the best anywhere," he claimed. "But if dissension is shown in the system, the school cannot continue to draw top educators, authors and researchers to visit the system and help with new programs."

In the presentation of general reports, Larry Wartes noted that the cafeteria fund has spent some \$24,000 more above revenues than last year. This is due to increased food prices and to a lesser volume and value of commodity foods. He added, however, that the Texas Education Agency has notified the school that a special payment will be made in lieu of the commodity foods.

The superintendent distributed a list of cafeteria food prices to illustrate the rising costs. Prices for August, 1972 and March, 1973 were listed on the sheet. Examples included a pound of ground beef, from 69 to 75 cents, and (it was emphasized) a pound of fish sticks from 49 to 89 cents, and chicken breasts from 69 to 99.

One hundred pounds of potatoes had risen from \$4.50 to \$7.50, and onions had jumped from \$4.25 for 50 pounds up to \$12.75. All school board members were present for the meeting.

Hereford's two state track meet qualifiers both placed in the big Austin show Saturday, with half-miler Luther Mays capturing a fourth place and 330 hurdler Chuck High finishing sixth.

Mays ran two seconds under his season's best time, clocking a 1:53.9 for the two laps. Dallas Roosevelt's Alvin Crenshaw won the event in a National-best time of 1:51.1. He has never lost an 800 race.

High was running in the rain by the time the intermediate hurdle event took place, and he was clocked in 40.5 after breaking the 40-second mark several times this season. Borger's Gary Gray was fourth, while the winning time was 37.5.

Coach Don Cumpton was pleased that both of his runners placed in the big meet. He thought Mays ran "a great race" in posting his best time of the year, and added, "I hope High goes back next year!" High is a junior.

Results of other 4-AAAA qualifiers to the state meet: Monterey's Bruce Williams won the pole vault with a 14-6 effort; teammate Ricky Wheeler was fifth in the 440 with a 49.5 time;

# Winners Named In FCA Golf Tournament Here

A small turnout of golf fans witnessed some great action here Monday when touring pros Charles Coody and Dick Crawford presented a short clinic then joined two amateurs for an exhibition match in the annual Fellowship of Christian Athletes Tournament.

Crawford teamed with John Farquhar, top-ranked Amarillo amateur, to edge Coody and Hereford golf coach Jim Holmes in the exhibition match.

The Crawford-Farquhar team shot a 65, while Coody and Holmes carded a 67. About 100 fans were in the gallery.

Eleven local teams vied for honors in the FCA tourney, and first-place honors went to the foursome of J.A. McWhorter, Vance Hall, James Self and Dub Boyd. The team shot a nine-under 62 score with handicaps.

Two teams tied for second and third place with scores of 63. One team was composed of Mike Horton, Rocky Lee, Sam Long and Mike Benway. The other team had Don Martin, Charles Duvall, Steve Stevens, Don Lowder and Bob Spangler.

Fourth place team, with a 65, was Mike McWhorter, Bartley Dowell, Helen McWhorter and Frank Cogdell. Fred Upshaw, tourney chairman, reminds

winners to pick up their prizes at the golf shop at the municipal course.

Upshaw said he thought local golf fans "really enjoyed" the appearance of the golf pros, but he was disappointed in the turnout.

Farquhar had the best round in the exhibition match, shooting a 5-under par 66. Coody carded a 68; Crawford had a 69, and Holmes came in with a 72.

Coody, the 1971 Masters Champion, finished fourth in the Houston Open Sunday, before coming to Hereford. A native of Stamford, he is a personal friend of Upshaw's and accepted the invitation to appear at the FACA tourney here.

Coody, who now makes his home in Abilene, was 26th on the PGA money list before picking

up more than \$3,000 for his efforts at Houston Sunday. His career earnings on the tour amounted to \$454,099 at the close of 1972. He turned professional in 1964.

Crawford is a former NCAA champ out of the University of Houston, and Farquhar is one of the top amateurs around and a former Walker Cup player.

The second annual FACA tourney was staged by the high school chapter, and proceeds will be used to send the athletes to summer Fellowship of Christian Athletes' camps.

Loerwald gave praise to parents and Kiwanis Club leaders for the opportunities provided by Key Club. He presented gifts to club sweetheart Susie Hickman and to Kiwanis advisors Gene Brock and Bobby Owen. He also paid special recognition to his parents, and to retiring club president Joe Sheffy and other

Steve Loerwald, new division lieutenant governor from the Hereford Key Club, was the installing officer. Sheffy, as the retiring president, introduced his officers—Terry Poindexter, Austin Rose, Franklin Higgins, Mike Mayberry, Tony Ohlig,

Dan VanderZee and Montgomery.

A special musical play, "My Country 'Tis of Thee", was presented as special entertainment by Miss Linda Wilhite's 6th grade home room. The group received a standing ovation for its performance.

Invocation at the dinner was worded by Twig Rose; Kevin Malone led the pledge, and Mike Mayberry led the singing of "America". Poindexter introduced the guests.

Hunter's son, Jack M. Hunter of Williamson Printing Corp. of Dallas and a fourth generation printer, was guest speaker at the banquet.

Entertainment was provided by Mrs. Tom Burdett who played the piano and presented several vocal selections.

The amended animal control ordinance also defined violations and penalties.

Under rules set forth in the new ordinance, dogs found running at large will be impounded by either city police officers or animal control officers, and the owner notified, if the owner is known. After a 72-hour period, if the owner wishes to secure the release of the dog, he may do so by paying an impoundment fee of \$3, paying the annual dog tax required in the ordinance; if it has not already been paid; and by furnishing proof of the dog's rabies vaccination.

If the dog's owner fails to procure the release of the animal, the city police or animal control department may sell the animal for the best price obtainable. Any person buying the dog at such sale will also be required to pay all fees and taxes included under the ordinance rules. If the owner of an impounded dog fails to procure the animal's release, and if the animal cannot be sold, then the dog will be destroyed.

All dogs known to be carrying rabies infection will be destroyed on sight, and those suspected of having the infection will be impounded and held for observation by a licensed veterinarian.

A fee covering the cost of veterinary observation for the suspected animal will be assessed and collected by the city from the animal's owner, or if the owner is not known, from

the individual for whose benefit the animal has been under observation, such as the person bitten, or the person who reports the suspected animal to city authorities.

Each dog in the city will be required to have a yearly rabies vaccination, and city identification tags which will be obtainable through the city office. Tags will not be issued to animals without proof that the animals have received their annual vaccinations.

Owners who willfully permit their animals to run at large will be guilty of a misdemeanor, as will any person who fails to deliver his animal to the proper authorities, should it be suspected of rabies infection.

The ordinance also prohibits the keeping and maintaining of livestock and small animals such as poultry and rabbits within the city limits, and sets forth certain exceptions, in cases such as milk goats. Organizations such as riders' clubs or rodeo clubs are also listed in exceptions to the ordinance, and other special permits may be obtained from the city manager's office.

# Small Talk

BY SUE COLEMAN  
Women's Editor

**A FAMILY GET-TOGETHER**, for the first time in 30 years, is being held this week while Mr. and Mrs. Bill Hays of Hernando, Miss., are visiting members of the Hays family here, at Dimmitt and Friona.

They came last weekend and there was a family supper Sunday at Opal Bookout's home; the visitors are her cousins.

**A NOTE FROM MRS. DEKAY LLOYD** of Benicia, Calif., has news that will be interesting to some Hereford folks, and if her name doesn't sound familiar to you, maybe you knew her as Jayne McKee.

She wrote the note on the back of a form renewing a subscription to The Brand, and it's the kind of news we like to get from former residents.

Her son, Stephen A. Sawyer, is to graduate June 17 from Stanford University with a BS in electrical engineering. He was born in Hereford, is the grandson of the late Mr. and Mrs. O.L. McKee and Mr. and Mrs. W.M. Sawyer.

He has made a grade average of 92.3 and his mother is understandably proud of that. It seems to be nothing unusual for him, as he graduated magna cum laude with an associate degree from De Anza Community College in Cupertino, Calif., after finishing high school at Vallejo.

Also he has a good record from his military service, three years in the army and four years in the air force; he was named soldier of the year for his battalion in the army air defense command at Olathe, Kan.

In addition to attending Stanford U, he works for Sylvania in Mountain View, Calif., and lives in Sunnyvale with his wife, who was Marilu Burke of Lawson, Mo.

**IF YOU WANT TO DO** some housecleaning and help a good cause, too, take those empty plastic pill bottles and detergent bottles to one of the Bluebird group leaders who want hundreds of the bottles for craft work at Bluebird camp May 28-June 1.

Those bottles, I hate to throw away, so there are some stacked in a bathroom shelf and some in the garage. Other people I know have the same instinct to hang on to them and will be as happy as I to put them to use.

You can take them to Mrs. James Hamby at 328 Ave. E or Mrs. John Gilliland at 116 Kingwood, or phone and they'll come get them. And they want scraps of felt, too, in any color. A good chance for your good deed.

**ANOTHER GOOD DEED** that should interest some of you - Baby sitters are needed for the Red Cross swimming program here this summer. If that sounds odd, Mary Zinger explains that most of the women

eligible and willing to teach the children to swim at classes in the municipal pool, are young mothers.

Their children are too small for the classes, and need to be cared for while the mothers teach. They are taken to Community Center, right across the street from the pool, during the morning classes.

Schoolgirls may help with care of the children, but mature, responsible women are needed to supervise. A chance for lonely older women to be of real service and at the same time enjoy foster "grandchildren."

### PILGRIM HOUSE

The first common house of the Pilgrim colony at Plymouth was started on Dec. 25, 1620.

Mrs. Dyal Garner, president of Hereford UMW, welcomed visitors from over the Panhandle and Dr. W.A. Appling, pastor, gave the invocation. Dr. Clifford Trotter, Amarillo district superintendent, assisted in the ceremony of union.

Tea was served after the program by women of the hostess UMW.

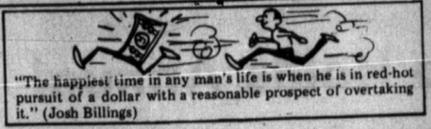

## Pupils Scheduled For Recital

# Club's 64th Year Ended

Closing its 64th year, Pioneer Study Club was entertained with lunch in the Caison House Tuesday noon, and heard a program emphasizing club federation. Since 1910, a year after its organization, this club has been in the Texas Federation of Women's Clubs.

Plans to act as hostesses at a coffee and registration period for annual Midplains Pioneer Day here May 26 were made. Each year members assume this duty and wear costumes of pioneer times in Hereford as they greet visitors at the County Bull Barn.

Mrs. John Winder, a new member of the club, was a speaker on Values of Federation, discussing various facets of the TFWC program and their result in broadening the horizons of club women. She read the Federation Creed.

A longtime member, Mrs. A.L. Manjeot, had the subject, Rewards of Federation, in-

cluding a poem from the latest issue of the TFWC magazine to sum up her talk.

Mrs. B.E. Brumley led members in reading the club motto to close the program. Mrs. P.B. Sowell gave the day's quotation from a famous American, using John F. Kennedy's plea to "Ask not what your country can do for you, but what you can do for your country," and suggesting that members substitute the word county for country.

Roberta Campbell presided for business, as year's reports of officers and committee heads were given. Members voted to sell bulbs again as a fund-raising and beautification project.

Blooms from tulip bulbs sold last year, with iris blossoms, decorated tables. Hostesses were Mmes. Delmar Sigle, M.L. Simpson and R.L. Wilson.

Others present were Mmes. Marlin Gilliland, Henry Neely,

## Quality Seed Vital To Grain Producer

LUBBOCK—What do West Texas grain sorghum producers look for when selecting their planting seed? Obviously, most will look for seed exhibiting high germination, good yield potential and a maturity range which will fit their anticipated planting date and water availability. But an often overlooked factor in planting seed selection is its purity, says a Lubbock-based agronomist with the Texas Agricultural Extension Service.

"Planting seed has been an important source of off-type and weedy sorghums since the introduction of sorghum hybrids in the late 1950's," says Dr. James Supak.

"The reason for this is that male-sterile plants (plants which produce no pollen) must be used in the production of hybrid seed. Pollen from male-fertile plants is carried by air currents to the sterile plants where pollination occurs and hybrid seed are produced.

"The problem comes when pollen from undesirable plants such as sudangrasses or sorghum alnum pollinates the sterile plants, producing seed which develop into weedy sorghums."

Supak says that seed of both the grain and weedy types are similar and can not be separated by seed processors. Consequently, few sources of planting seed are completely free of off-types.

"The rapid increase in off-type and weedy sorghum infestations in this area has caused a great deal of concern among farmers, seed producers and weed scientists alike," he says. "They compete with grain sorghum for nutrients, water and sunlight. Since they

are closely related to grain sorghum, they can not be controlled with herbicides. Many of the weedy-type sorghums are prolific producers of seed which may lay dormant in the soil for several years."

Supak emphasizes that reputable seed companies take special precautions to minimize the number of undesirable seed in their hybrids. They use isolated crossing blocks, pure seed stocks, and they rogue their crossing blocks regularly. Even with the use of good production techniques, however, it is virtually impossible to completely eliminate the off-type and weedy sorghums.

"Farmers also can help reduce this problem," the area specialist says. "Several measures can be taken. For one thing, producers can buy planting seed only from reliable companies noted for selling clean seed.

"Another, they should carefully label all sorghum seed after opening a bag to avoid inadvertently mixing grain with forage and sudan types.

"An important step to be taken is roguing of off-types in lightly infested fields to prevent their establishment in nearby clean fields.

"And most important," the agronomist concludes, "farmers in seed producing areas can greatly assist seed breeders in improving seed quality by avoiding the indiscriminate planting of sudan-type forages.

Cooperation between seed companies and farmers is essential to reducing the quantities of off-type and weedy sorghums in grain sorghum planting seed."

## Texans To Get First Chance

Orders from the Texas Railroad Commission in reaction to a resolution passed by the legislature last week, has brought action of particular interest to those facing shortages of liquefied petroleum gas in Texas.

The commission used a little known statute, set out in the resolution sponsored by State Rep. Bill Clayton to halt plans of an out-of-state oil company from buying the entire output of three refineries near Breckenridge, Eastland and Cisco and sending the gas out of the State.

The statute puts no hardships on the local plants, Rep. Clayton said, for a Texas market is readily available. It just emphasizes that Texans shall get first call on her own products and gives them the chance to do so.

The railroad commission also stopped Skelly Oil Company from closing a distribution point in Howard County which sells four million gallons of LPG annually to 850 customers.

The plant, located at Sand Springs, has operated for 17 years. The railroad commission said it was acting to maintain a supply of gas for the West Texas area under a law directing it to protect the public from losing petroleum supplies.

Rep. Clayton stated that the fuel situation in Texas is critical, and that rationing

began last December to keep heat in homes, schools, cotton gins, tractors, oil rigs, and for other users of gas. Further cuts due this month will affect a million people in rural homes if the railroad commission does not move quickly, Clayton added.

## Texas Reports 59 TB Cases Each Week

Mrs. Jewel Smith, a local director of the American Lung Association formerly called the TB and Respiratory Disease Association, today revealed that Texas reported a total of 596 cases of tuberculosis as of April 21.

"Fifty-three cases of tuberculosis were reported between April 13 and April 21," she said, stating that over a five year period, a median of 59 cases per week, state-wide, were reported.

The Christmas Seal organization recently changed its name to include all lung diseases and such related disease factors as air pollution and cigarette smoking.

"TB remains one of our high priorities," she explained. "With over fifty cases per week sprinkled throughout the state, TB is far from being whipped."

Dr. Clyde Rush, Mrs. June Rudd, and Lorenzo Granado serve with Mrs. Smith on the Lung Association board.

## Ladies Set Friday Meet On Jubilee Celebration

Activities are under way for the Hereford Diamond Jubilee in the Ladies Participation Division. A dutch treat luncheon is scheduled for Friday noon at the Country Club to acquaint the chairwomen of the division committees with upcoming events during the Jubilee celebration.

Dale Young, general chairman of the Diamond Jubilee will present the overall scope of events to the ladies.

On the agenda for this meeting will be the specific assignments for the chairwomen and their committees.

Plans for the Ladies Tasting Spree July 17 at the Bull Barn will be formulated at this time. Included will be a planning session of the Diamond Jubilee recipe booklet, to be composed by the community women and the sale of commemorative plates at the July 17 luncheon.

Also to be discussed is a kickoff luncheon June 7, featuring an old fashion style show for workers in the Ladies Participation division. This meeting will include the organization of Belle Chapters, with a door-to-door porch light sale of bonnets that night.

Other events to be discussed will include Ladies Day, Aug. 29. Area women who are interested in working in the Ladies Participation Division should contact Mrs. Joe Reinauer, Sr.

## High Ratings Won By Two Piano Pupils

Ratings of excellent were received by two Hereford piano pupils who competed in the annual Amarillo Symphony student contests recently. Winners in each of three categories appeared in concert with the Symphony Saturday evening.

Phillip Zinser was named alternate to the winner in the 12-14 age category and will be awarded a medal. He would have played in the Saturday concert had Janice Wilson of Richardson, the winner, been unable to appear.

Zann Zimmerman competed against 12 other contestants in the category for age 11 and

under. Their ratings of excellent were the highest given except to the category winners. Both are piano pupils of Mrs. Joe Hacker.

Zann played a Haydn concerto and Phillip's selection was Kabalevsky's Youth Concerto. He competed in a field of 14 contestants.

## Urethane foam use is increasing

Urethane foam, now used for seat cushioning, safety padding, energy-absorbing automotive bumpers and rigid structural parts, will increase in production 13 to 15 per cent annually through 1975, according to J.A. Lucas, general manager of Good-year's Foam Products Division.

Predicting the growth both in new products and markets for the product which has properties of both plastic and rubber, Mr. Lucas observed that "probably half of the present uses of plastics weren't even conceived 10 years ago."

So you've decided to sell your own house. Here's a little basic reading you should do first.

You might start with "Real Estate" by Husband and Anderson, 868 pages of theoretical (and rather stuffy) real estate principles. Then you really should read "The Real Estate Handbook," a definitive volume of the basic ABCs of real property sales and management. And of course "Advertising Real Estate Successfully" and "Mortgage Lending" cover a few of the specialized areas that will be important to you. And naturally, if you hope to get top dollar for your home, you should at least browse through "The Power of Creative Selling."

Or, you can phone a local Hereford area Realtor. He's probably already read all these books. More important, he's practiced what they preach. It's his business to know local and state codes, salesmanship; money availability and the hundreds of other things necessary for successful real estate practice.

Think about it: doesn't it make more sense to trust your valuable property to a professional?

### Bluebirds Day Camp Plans Made

Summer activities of Campfire Girls in Hereford were planned at the Leaders Association meeting in the Campfire Lodge Friday morning, with attention focused currently on the annual Bluebird day camp.

It is scheduled May 28 to June 1, and on the final day a council fire will be held to celebrate the fly-up of Bluebirds in the third grade to the status of Campfire Girls.

For craft work in the day camp, leaders announce the need for plastic pill bottles and detergent bottles.

Several hundred of each type of bottles will be needed, and residents who will give them are asked to take them this week to the home of Mrs. James Hamby, 328 Ave. E, or Mrs. John Gilliland, 116 Kingwood.

About 200 girls in Bluebird groups, the Campfire program for younger girls, are expected to attend the camp this year.

Another event scheduled for early summer is a Campfire Swimming Meet July 1 at the municipal pool. Plans are being worked out with some contests for non-swimmers as well as swimming events—in which Campfire Girls may earn honors.

Mrs. Sanderson Is Honoree At Shower

A layette shower was given recently for Mrs. Doug Sanderson, when three friends were hostesses in the home of Renae Davis. Mrs. Ed Sanders and Mrs. Donnell Anderson were the co-hostesses.

Gift packages were presented to the honoree and opened for the inspection of guests during the informal party hour. A stork centerpiece decorated the table.

# Outdoor Play Or Work Appeals To Housewife

By SANDY INMAN  
Brand Staff Writer

**OUT-OF-DOOR ACTIVITIES** and summer fun go hand-in-hand with Mrs. Joe Don Edelman and her family. "We enjoy all sorts of outdoor activities," says Mrs. Edelman.

Working in her vegetable garden and also helping her husband with the yard work is a pleasure, says Mrs. Edelman. "I love to play tennis. It's just relaxing, being able to go out side, even if it's just to walk."

"I've learned to organize my time. I had too," laughed Mrs. Edelman. "I'm currently sewing a summer wardrobe for myself and my children. We plan to take a vacation to Montana to visit friends and relatives this summer."

**MRS. EDELMON MAKES MANY** of the outfits that her children have, from scraps of material. "It's not only fun, but it is very practical."

Saving time is a must for the mother of two small children. "Any short cuts that I find help tremendously, especially when I prepare meals."

One of her favorite main dishes is a Mexican dish which is quick and easy to prepare. This recipe is ideal for working mothers, she says.

### MEXICAN MEATLOAF

Brown 2 medium size onions  
2 lbs. hamburger meat  
1 can mushroom soup  
1 can chicken-w/with-rice soup  
1 small can taco sauce  
1 small can green chili peppers

1 small can tomato paste  
1 tsp. garlic  
Salt meat. Crumble Doritos in bottom of casserole. Put in

meat mixture and cover with longhorn cheese. Bake 30 minutes in a 350 degree oven.

**AN EASY DESSERT** that Mrs. Edelman likes to prepare, especially during the warm weather months, is cherry salad pie.

### CHERRY SALAD PIE

1 can Eagle Brand milk  
1 can cherry pie filling  
1 small can coconut

1 cup chopped pecans  
1 pkg. Cool Whip (Dream Whip can be substituted)  
(Also, you can add 1 can crushed pineapple for different taste.)

Pour in graham cracker crust and chill.

**MRS. EDELMON IS** an active member of St. Anthony's Church and the Young Homemakers Club, and she works part-time at the Hereford

State Bank. The former Linda Paetzold, Mrs. Edelman has lived in Hereford all her life. She grew up in family of two girls and two boys.

As the oldest daughter she assumed household tasks including preparing meals for the family which she says has greatly helped her since her marriage.

The Edelmons have a

daughter, three-year-old Kimberly, and a nine-month-old son, Trent.

Besides being an avid sports fan, she enjoys spectators sports like watching her husband rope.

Summer Bliss Deflects Fear

The Inner Steps and The Hospital Makers are two books which have been received recently at Deaf Smith County Library.

The Inner Steps is the story of a newly married couple whose summer honeymoon turns into a nightmare of horror. The supernatural seems to be forcing the husband into the past with relentless power.

The Hospital Makers is a forceful novel that traces the careers of Jim Morelle and Stanley Levinson from their earliest days as interns to their position as respected leaders on the hospital staff. Each day unfolds dramas in the routine of hospital life.

The Deaf Smith County Library is open to the public on weekdays from 9 a.m. to 5 p.m. and Saturday until noon.

THE INNER STEPS

by Sara Cardiff

Lily and Cris Voorhees set off one Friday evening to begin their honeymoon at the luxurious Hudson River estate which Cris will one day inherit.

Lily arrives at Voorhees Manor a carefree bride, but as the lovely summer days pass, she becomes enmeshed in the violent tensions that lurk beneath the surface of the elegant life of Cris's family.

Worse, Lily seems to be falling prey to the same psychological—or supernatural—relentless force which pursues her handsome husband.

The growing horror ap-

parently has its source in a summer, two years before, when Cris had vacationed in Colorado, photographing the ancient cliff dwellings of the Old Ones, an Indian people long vanished from the earth.

Upon his return to Voorhees Manor, at a large formal party, a woman in a beaded gown had drowned. And that same night a car crash obliterated all memory of the fateful party from Cris's mind.

Now, slowly, Cris's memory begins to return. But: "This is not by memory," he cries to Lily in agonizing fear, "this is

not my world." It is the murderous thoughts of an Old One that are slowly seeping back into the empty spaces of his mind.

As, with Lily's aid, Cris struggles to disentangle the real from the unreal, the present from the past, an equally sinister domestic drama plays itself out at the manor. This all too human danger threatens Lily and Cris here and now, but there is also a malevolence so powerful it had crossed oceans of time and a continent of space to encompass their destruction. Only with the final revelation

on the cliff edge of the unknown, do the past and present, sharing a common crime, merge into one irresistible force determined that no witness to it shall survive.

THE HOSPITAL MAKERS

by Irwin Philip Sobel

At its elegant square-block location between Park and Madison avenues, New York's McKinley Hospital functioned in the tradition of the great teaching hospitals of Europe, exposing promising young interns to the guidance of some of the best men in medicine and demanding in return a simple, lifelong loyalty to the hospital and everything it stood for.

It was a jealous love affair which most medical students of the 1930's dreamed of sharing, and none more eagerly than Jim Morrelle and Stanley Levinson, two young men from

widely different backgrounds destined to serve the hospital in its darkest hour.

As this powerful novel traces the careers of these two men from their earliest days as McKinley interns through their rise to positions of leadership on the hospital staff, it involves the reader intimately in the life and death dramas that are an everyday part of a doctor's work and lays bare the behind-the-scenes in-fighting that too often determines the course of modern medical practice.

**NOTABLES** — Awards were presented at the recent installation banquet of Hereford Jaycees and Jaycee-Ettes, to members of the women's organization who have done outstanding work the past year. Above from left are Mrs. Bill Johnson, Jaycee-Ette Of The Year; Mmes. Larry Bean, Dan Warrick, John Bunch and Harvey Milton who with Mrs. Bill Bankston, not pictured, were each cited for work in one program area. At left, Mrs. C.L. Hollingsworth takes office as 1973-74 president; Mrs. Bill McKinney, seated, is the retiring president.

The ambitious man will do his best whether he's watched or not.

Trip To Historic Ranch Site Set For Cowbelles

A tour to Deaf Smith County's most historic ranch site, the old headquarters building of Las Escarbas division of the famous XIT Ranch, has been arranged for Hereford CowBelles at their May meeting Tuesday.

Meeting at the home of Mrs. Joe Reinauer Sr. on the Harrison Highway five miles west of the city, the group will leave at 11 a.m. for the building about 30 miles west of Hereford on what is now the Reinauer Bros. ranch.

Each is to bring a sack lunch and drinks will be served for lunch. Plans are for the group to be back in Hereford by 2:30 p.m.

Las Escarbas headquarters, unoccupied for a number of years and now falling into ruin, has been given by the

Reinauers to the West Texas Ranch Museum at Texas Tech University, and will be moved to the outdoor museum location on Tech campus and restored.

It served as home and office for the division manager of the XIT before that huge ranch was broken up into smaller ranches and sold to early Panhandle settlers.

If the weather Tuesday prevents the trip, CowBelles will meet instead in Community Center, Mrs. Bob Jossander, president, has announced.

# For God So Loved The World

## Second Sunday in May

...in America that means Mother. Every second Sunday in May is Mother's Day, one of the greatest of special days. It is a time when men, women, boys and girls take pains to do her homage, to dedicate to her — with simplicity and love, the simplest of things she wants most. Since it is her day, may the countless details and careful planning be in strict accord with her varied tastes. May we never forget life's uncertainties, disappointments and failures as we make plans to celebrate. May we forget all the foibles of men and remember her love is steadfast, sure. Who else can kiss a hurt and make it well? Who but Mother can control the Prodigal's steps? Then honor her with all you have on this Lord's Day. Lend a constant, kind, and friendly hand as you take her to church. It is your Mother's Day.

# STATE CAPITAL Highlights AND Sidelights

by Bill Boykin  
TEXAS PRESS ASSOCIATION

AUSTIN, TEX.—Gulf Coast and South Texas newspaper publishers kicked off an investigation into the "newsprint crisis" last week that could become a nation-wide issue.

Last week in San Antonio a probe was launched into the causes of the current newsprint shortage in the United States. A resolution requesting a "Congressional investigation" of the current newsprint crisis was adopted at the joint board meeting of the Texas Gulf Coast Press Association and the South Texas Press Association.

Publishers speaking for the resolution asked the Texas Press Association and National Newspaper Association to "investigate the problem at all levels" including "price fixing" and the "reported nationwide newsprint shortage."

The resolution asked the press associations to report their findings to their memberships so that "publishers can make necessary plans and adjustments for the future months and years."

Several weekly newspapers recently have converted to daily publication because of the growth of their cities, and are having problems getting more newsprint for their publications.

The regional press associations also asked that the Texas Congressional delegation be alerted to the problem and requested "assistance in working toward solutions for an adequate supply of this resource which is so vital to our industry."

Other state press associations in the southwest and midwest have received copies of the resolution, and have received requests for action by their officers at future board of directors meetings.

The newsprint manufacturers in the United States have told publishers that shortages have been caused by paper mill closings in some states because of "environmental problems."

Wet weather has kept timber in the forests and away from the mills, newsprint officials have said.

Canadian mills—another big source of newsprint in this country—have not been contacted by the publishers, but will be asked to report the reasons for current shortages, the press association officials said.

Some publishers have inquired about newsprint supplies in other countries, and "pool purchases" of newsprint from overseas markets.

Recent price increases by the newsprint companies have sparked part of the controversy also.

"We cannot understand why the price of newsprint is the same in the states with newsprint mills—close to the source of supply—and in areas hundreds of miles from the manufacturing plants," one publisher pointed out.

GOVERNOR SUPPORTS SCHOOL FINANCE AID—Gov.

offense possession of marijuana to a misdemeanor.

**SPEAKER CANDIDATES EMERGE**—Candidates for House Speaker have begun to emerge, meeting deadlines fixed by state law for reporting their campaign expenses. (Few have any expenses to report.)

Reps. Carl Parker of Port Arthur, James Nugent of Kerrville and Fred Head of Troup joined Reps. Bill Clayton of Springlake and DeWitt Hale

**AT MAYTIME DANCE**—A junior high dance with a May-Day theme was given at Hereford Country Club Friday evening with Jan Reinauer, Kiska Hodges, Janann Bullard, Brad Clark, David McLeod and Randy Robinson as the host group. Music for dancing was by the Nivicos, Ltd. A Maypole with streamers and flowers centered the table where Miss Hodges is pouring punch for Robinson, Grady Hopson and Miss Bullard.

**Cancer Society Dinner Is Tonight**

The annual meeting of Deaf Smith County Chapter, American Cancer Society, will be held at a dutch dinner at 7:30 p.m. today in Civic Club Center, open to all residents who have contributed to the Cancer Society or done volunteer work for it.

Speaker at the dinner will be Dr. William Anthony, Amarillo urologist who is past medical director of the Potter County unit of the ASC, and has been nominated as district medical director.

Wesley Guiley, president, will conduct the election of new officers and board members of the local chapter.

of Corpus Christi as officially declared candidates. Head issued the most optimistic announcement, claiming he has 67 supporters.

Other possibilities included Reps. George Preston of Paris, Dave Finney of Fort Worth and Chris Miller of Fort Worth.

**AUTO INSURANCE HEARING SET**—The State Board of Insurance will hold public hearings on auto insurance rates here July 10. Hearing, starting at 9 a.m. on that date, will cover rating plans, manual rules and endorsement forms for both voluntary and assigned risk policies. Written statements were requested by June 11 from witnesses. New rates would be effective September 1.

**AG OPINIONS**—Gov. Briscoe had to withdraw appointment of Houston City Councilman Judson Robinson to the State

Board of Corrections after Atty. Gen. John Hill said one man can't hold both jobs.

In other recent opinions, Hill concluded:

A public school teacher can serve as a county commissioner (if he isn't paid for county duty); a legislative aide can serve as committee consultant; and a state university professor can be paid for consulting services to a property tax committee but a county judge can't serve on a school board. Hemphill County commissioners cannot be elected countywide at large to avoid redistricting.

Private college students in part-time work-study programs are covered under workmen's compensation.

A beer-wine sale for on-and-off-premise consumption election should be submitted as a single question rather than as two separate issues.
