**Pyramid Of Fun**

With the final school bell ringing recently, Hereford's young folks converge on area swimming pools to beat the heat and to splash away spare hours. This group of boys were caught in the act of doing fancy tricks at Hereford's Municipal Swimming Pool.

## Participation Urged In 75th Celebration

Public participation by Hereford residents was pushed as plans for the 75th Diamond Jubilee Celebration took a big step forward Tuesday morning at the "Brothers of the Brush" breakfast.

Meeting in Dickie's Restaurant, about 30 of Hereford's businessmen, adorned with mustaches and beards, started the formation of chapters of "Brothers of the Brush" and a schedule was set of early activities of the August celebration.

Bill Johnson announced charters will be given to each 10 or 15 men who get together to form a "Brothers" chapter. He said competition should soon develop between the different chapters to build enthusiasm and participation of as many local people as possible.

"THE BEARDS and whiskers are one of the most important ideas of this celebration," Johnson said. "We need each person to try to get into a 'Brothers' chapter and get involved with the fun and excitement of pushing our city toward the celebration of its 75th birthday." Johnson said the goal is to form 50

chapters of bearded or mustached men with 10-15 men in each chapter.

Also included in the plan will be chapters of "smoothies" for men who "don't want to grow their facial foliage, physically can't, or their wife won't let them."

HOWEVER, every man in Hereford will have to purchase a jubilee button declaring himself as either a "Brother" or a "Smoothie." Men caught without buttons will be punished at the hands of a "kangaroo court". Johnson said punishment involved could mean being dunked fully-clothed into a horse tank. Johnson also announced other dates and activities planned for the jubilee celebration.

THE FIRST promenade of men and women dressed in top hats and long coats and long dresses and bonnets is scheduled for July 27 when the first session of the "kangaroo court" will be held.

Also beginning July 27 will be the "Rocking Chair Marathon" in which prizes will be given for persons who can rock continuously for the longest time. Prizes are also expected to be given for the best decorated rocking chairs.

July 28 will be the first day of Hereford's caravan to area towns to gain publicity for the celebration in an effort to get area participation in the week-long celebration in August.

THE ACTUAL celebration of the 75th anniversary will begin with a parade August 25. Many other activities are then planned throughout the week of August 26-Sept. 1.

Johnson also announced that several different old-fashioned top hats, vests, coats, garters and buttons would go on sale Monday.

BUTTONS FOR "Brothers of the Brush" members will be \$1 each and buttons for "Smoothies" will be \$2 each.

Dale Young, general chairman of the celebration, pushed the idea of participation and asked that all in attendance push others in the town and area to "get involved with the plans." Young said this celebration could mean a great deal to Hereford and Deaf Smith county residents because of the unity of the people that could result.

Young suggested that men come up with humorous names for their "Brothers" chapters. "And don't be afraid to wear your top hats or vests around town to create attention. Make other people want to join the bandwagon and get involved."

"THE SADDEST thing that could happen," Young said, "is for a man to say on September 2 that he wished he had gotten involved or grown him a beard or mustache."

## Pioneer Gas In 'Enviably Position'

"Pioneer Natural Gas Company is in an enviable position" as far as gas reserves are concerned Pioneer officials said Tuesday in a noon luncheon for area businessmen.

"Pioneer's reserves are sufficient for approximately 14 years," said K. Bert (Tex) Watson, newly elected president of the gas company.

The luncheon was sponsored by Pioneer to explain the company's position in connection with the recent announcements of fuel shortages across the country.

WATSON SAID the gas company is able to offer gas service to new industrial customers throughout its system in the area.

"We expect to be able to continue to offer this industrial service, which should prove to be a real competitive advantage for the communities we serve," he said.

Despite Pioneer's relatively secure position in gas supply, Watson emphasized that there is a definite fuel

shortage across the country and that the "whole thing is not just some concoction the oil companies have made up."

"There is a definite fuel crisis," Watson said after the luncheon. "I don't think there is any question about there being a shortage of the fuel supply nationwide."

ALONG THE same line of questioning Watson also said he felt the fuel shortage was not an attempt to get environmentalists to relax their attacks on major oil and gas companies.

"I'm not familiar with national level politics as far as the Alaskan Pipeline is concerned," he said. "But I feel people should be concerned about solutions to the fuel crisis."

The gas official said in his talk that although the gasoline condition is worsening, he feels the country can get "through it okay."

WATSON SAID he felt long term solutions to the fuel crisis would result in

the study of coal use, nuclear plants, fission, hydrogen and fuel cells. He emphasized the need to develop uses for the abundant supply of coal in the country.

To remedy the situation Watson said he felt conservation was needed by utilities companies.

"It is not feasible to use three B.T.U.'s (British Thermal Units) of gas to make one BTU of electricity that is in turn used to heat water or homes," Watson said. "That is not good conservation. I realize I am getting competitive on this but I think it is something we must realize."

Watson said after his talk that he feels natural resources must be used to their most efficient use. He also admitted that this even falls back on Pioneer as far as using gas lights and gas appliances as substitutes for electricity.

HE EMPHASIZED that the field cost

of gas was escalating in an unprecedented manner. He said that projections for gas costs for 1973, made two years ago, were surpassed a year ago, and he assumed that this trend will continue in the foreseeable future.

Watson pointed out that Pioneer's acquisitions of new gas supplies since the beginning of the year have been promising and that the cost of gas adjustment currently in effect has provided the company with the ability to negotiate for these new gas supplies in the highly competitive market. Watson conjectured that in the near future it may be necessary to change the cost of gas adjustment to a quarterly basis in order for Pioneer to maintain its position of advantage in the area of gas supply.

Watson used maps of the Anadarko and Permian basins showing Pioneer's current exploration activities. He said that Pioneer's planned expenditures for the current year had been more than quadrupled over previous years. It is expected that, through company expenditures and those of its drilling partners, between \$20 and \$30 million would be spent for exploration during 1973.

During his talk, Watson touched on some of the "near term" and "long term" problems facing all types of energy suppliers in the country. He discussed some potential "immediate term" and "long term" solutions.

### Leg Catches In Auger

## Man Injured In Feed Mill Mishap

A 26-year-old man was critically injured Tuesday afternoon when his leg became entangled in an 8-inch auger in a feed bin at Farr Better Feeds on Progressive Road.

The man, Antonio Valdez Jr., was trapped in the auger for more than an hour and a half as Hereford firemen, police officers and emergency officers worked to free him. He was carried to Deaf Smith General Hospital where he was listed in good condition Wednesday morning.

Other workers at the feed mill reported Valdez was working alone in the bin when the accident occurred. He apparently slipped into the auger and became entangled immediately.

Another worker, hearing Valdez's cry, shut off the auger and then discovered the accident.

Dr. Hugh McCrary was summoned and stayed with and administered emergency medical aid to Valdez, who remained conscious throughout the hour and a half ordeal.

Workers tried to free the man for several minutes and then used a cutting torch to cut the auger and braces in four places before Valdez could be pulled free. His leg had been twisted around the auger.

Valdez and his brother were in their first day of work at the feed mill Tuesday when the accident occurred. The accident happened shortly after 2 p.m. and Valdez was pulled free of the auger about 3:45 p.m.

## Californian Sentenced To 5 Years

An all-male jury handed an 18-year-old California man a five-year prison term in Judge Archie McDonald's 69th District court here Monday after the man had pleaded guilty to the armed robbery of a Deaf Smith service station.

The man, John Randall King of Riverside, Calif., had confessed earlier to the April 9 crime, but had requested a jury hear testimony and assess punishment.

The case highlighted the first half of the week's courtroom action. McDonald heard three pleas of guilty in felony cases Tuesday and was expected to preside over a jury trial Wednesday in which Alen Everett Brooks, 19, was charged with burglary by breaking in connection with the January burglary of Harold Close Drug Store in Sugarland Mall.

King pleaded guilty to the shotgun robbery of a Glen Rio service station, owned by Charles Jones, in which \$333 was taken. King and his defense attorney, Frank Baughman of Amarillo, had asked the jury to assess punishment in an attempt to gain a probated sentence.

However, the jury, which had authority to assess a sentence ranging from five years to life, handed down the minimum sentence and denied probation.

Key witnesses for the state included Jones and Highway Patrolman Mike Stark of Vega, who arrested King shortly after the robbery as King drove east on Interstate 40 near Wildorado.

Evidence introduced by Criminal Dist. Atty. Andy Shuval included the sawed-off shotgun of King's which was used in the robbery and a statement of confession signed by King.

King then took the stand in his own defense and admitted that all allegations were correct and said that he pleaded guilty because he was guilty. Under cross examination by Shuval, King's voice became shaky when he said he committed the robbery because, "I wanted to die. I just did not want to live any longer."

Baughman also put a psychiatrist and four members of King's immediate

family on the stand in an apparent attempt to prove non-violence on King's part and appeal for the probated term.

King said during his testimony that he bought the shotgun and sawed off the barrel with the intent of robbing "someplace, but I didn't know where."

Jurors in the case were Jerry Shipman, Frelin F. Suttle, Jimmy F. Garner, Wayne E. Thomas, Lynn Arnold, Arthur E. Robinson, Marcus Phillips, Leroy Rickman, L.W. Denton, Ralph Owens, William D. McKinney and Bill Peatzold.

In other action in McDonald's courtroom, the judge heard three pleas of guilty Tuesday and assessed probated terms to each defendant.

Juan Ybarra Enriquez pleaded guilty to theft and received a four-year probated term; Roberto Eaton received a three-year probated term for his guilty plea to driving while intoxicated (DWI); and Sam Province received a five-year probated term for his plea of guilty to DWI.

making the center a "teen center" where local youths could meet for recreation and organized youth programs.

Mrs. Armon Lauderback, who spoke for the Velela Study Club, suggested the city look into the possibility of hiring a young married couple to plan and organize activities for youths at the center. She suggested a games room be made and a juke box be installed to attract the youth.

Dudly Bayne, city manager, suggested a committee of the women also select a committee of local students to meet with him to work out possible plans for the center and for youth activities.

CLUB MEMBERS also suggested expansion of the building to include a bigger ballroom and more games rooms and perhaps a swimming pool. However, Mayor Jim Sears said the budget would

not allow the building of an indoor heated pool.

Sears did add that if the present plans fill the community center and more room is needed, the commission might study the expansion.

"But, first let's fill up the space we have," Sears added.

The club women also expressed interest in the Central Elementary building after the new elementary is built to

replace it. However, Bayne advised the club to check with the school board concerning the building.

IN OTHER action the commission: Heard a request from Jim McAndrews to buy from the city part of the old dump ground property. Attorney Ray Cowser appeared for McAndrews and Western Feedlots. Cowser said the land was needed as a pond for runoff at the feedyards. After discussion, the com-

mission asked Cowser to have an engineer study the land to see what kind of action was needed.

Accepted a bid of \$3,695 plus trade-in from Western Office Supply for a new copy machine.

Discussed releases on the paving program that will allow contractors to begin paving many Hereford streets.

All commissioners were in attendance at the meeting.

## 'Teen Center' Idea Discussed For Hereford Youth

Members of the Velela Study Club appealed for help to Hereford's City Commission Monday night in an attempt to reactivate the Community Center as an activity center for local youth.

Club members posed several questions to commission members about the present status of the community center and about future plans for use of the building.

DISCUSSION then centered on

# Wrecks Plague Weekend

Nine minor accidents plagued Hereford City patrolmen over the past week end.

The accidents began about 2 p.m. Friday and continued through Monday afternoon. The Friday accident happened in the parking lot of the Chevrolet dealership when a 1972 Mercury driven by Sheila Olson Hardin, 127 Ranger, was in collision with a 1964 Pontiac driven by Bruce Plummer of 238 Ave. E.

SATURDAY morning about 9:20 an accident on Park near

Main Street involved a 1968 Oldsmobile driven by Betty Brannon Word, 241 Avenue C, and a 1966 Ford driven by Antonio Lopes, Box 2119, Hereford.

The Oldsmobile was reportedly going west on Park and was attempting to turn left onto Main when it was in collision with the Ford which was following it on Park.

Just before noon Saturday at the intersection of Ross and 6th Streets, a 1968 Buick driven by Leona Adela Sevier of Rt. 3 was in collision with a 1966 Old-

mobile driven by Walter Allon Gearm of Box 636 in Hereford.

The Sevier vehicle was reported heading south on Ross and the Gearm vehicle heading west on 6th at the time of the collision.

SHORTLY before 11 p.m. Saturday about \$300 damage was done to an awning at the Whiteface Drive-In on U.S. 60 when a 1973 Chevrolet truck collided with the structure.

According to police records, Rosendo De La Cruz Guerra

was driver of the truck headed down U.S. 60 when the truck collided with the structure.

About noon Sunday an accident was reported at 6th Street and U.S. 385 between a 1965 Plymouth driven by David Russell Tipps of Box 83 and a 1961 Mercury driven by Donnie Stagner Owen, 306 Union.

Tipps was reportedly driving south on U.S. 385 as Mrs. Owen was heading west on 6th Street and the vehicles collided in the intersection.

ABOUT 8:14 p.m. Sunday a collision occurred in the 400-block of Lee Street between a parked car and a moving vehicle.

Paul Martin, Fullwood Apt. No. 9, was reportedly heading north on Lee in a 1973 Plymouth when the car collided with a 1969 Chevrolet pickup parked. The pickup was owned by Albert Arriaga of 828 Brevard.

An accident reported to officers at 9:30 p.m. Sunday in the 700-block of East Park when a 1966 Ford driven by Pete Encinos, Box 611, was in collision with a 1967 Buick parked on the Street and owned by Dorothy Clearman, Box 1367.

ONLY A few minutes later officers were called to another reported accident at the intersection of U.S. 385 and Plains Street. A 1961 Volkswagen driven by Carroll Banner, 906 Sioux, was in collision with a 1972 Dodge pickup driven by Gerry Martin Robbins of Rt. 2, Hereford.

The Banner vehicle was reported going north on U.S. 385 with the Robbins vehicle following. The accident apparently occurred when the Banner vehicle attempted a left turn onto Plains.

The final accident Monday occurred about 2:15 p.m. in the 300-block of Main Street as a 1966 Chevrolet driven by Pauline T. Sanbrano, Box 572, had stopped at the traffic light at the intersection.

The collision happened when a 1973 American Motors Hornet driven by Laura Gardiner Gibson, 904 A Miles, attempted to back from a parked position on Main Street.

## Theft Charges Filed

James Edwards Stubbs Jr., 19, of Hereford was charged with theft Monday in connection with a May 19 incident in which a stereo tape deck and stereo tapes were taken from a pickup. Stubbs was charged before Mrs. Jonnie Turrentine, acting justice of the peace in the absence of Glen Nelson, and Mrs. Turrentine set bond at \$2,500.

Stubbs was arrested on a warrant Sunday by Hereford City police officers after investigation of the reported theft of the stereo equipment from a pickup owned by Norman Goodfellow, 410 Lawton.

Stubbs was being held in Deaf Smith County jail Tuesday evening in lieu of bond.

## Presbyterian Meeting Planned

A meeting is planned at 5:30 p.m. today for members and friends of the Presbyterian Church to discuss goals of the church for the following year.

The congregational meeting is open for all interested in helping with the church and all are openly invited to attend. Registration is planned from 5:30 to 6 p.m. with the meeting immediately following.

# HHS Rodeo Club Members Place In Final Standings

Three Hereford High School Rodeo Club members have placed in the final standings of the Tri-State Rodeo Assn.

In the final rodeo of the season held last weekend, Mary

Shipp won first place in barrel racing and goat tying which gave her final standings of first place in barrel racing and fifth place in goat tying. She also placed third in final standings as all-around cowgirl.

Gary Cotten placed third in the final rodeo in chute dogging and received sixth place in chute dogging in the final standings. Bud Kendrick received fifth place in the final standings in bareback riding.

The Hereford boys team received fourth place in final standings as best team while the girls team placed third in final standings.

Last weekend's rodeo was the associations final rodeo of the year. The new season begins in July with the first rodeo scheduled at Happy.

## Rotarians Give Campership

Hereford Rotary Club donated an \$80 check to the Leo Club Monday to finance one child to Camp Wigwam later this month.

The Leo Club, the high school club of the Lions Club, is operating the coffee shop in the civic center to provide funds for retarded children to the camp. President Mike Patrick

presented the check to Leo Club President Libby Word and member Gary Dillard.

In other action at the weekly meeting of the club Buddy Peeler announced the Campfire Girls had presented the club the Birch Bark Council Fire Award for 1973 for continuous financial support.

Patrick announced the

district Rotary meeting June 12 in Plainview and urged all incoming officers to attend. He also reminded members of Ladies Night June 26 at the Country Club.

The members then discussed goals for the new officers who will take office the first of the month.

## Rebekahs Name New Officers

Top officers of the Hereford Rebekah Lodge were elected Tuesday evening at the meeting in the IOOF Hall, where Beatrice Cox was named noble grand and Mrs. R.E. Curtisling vice grand.

With other officers who will be appointed, they will be installed in July. Mrs. Cox will succeed Ann Freeman as noble grand.

A memorial service led by Mrs. A.N. Hopson honored

deceased members. Participation in the city's Jubilee this summer was discussed.

The hostess, Edna Mathes, served refreshments to a guest, Bessie Edwards, and 21 members.

## Funeral Conducted For Florida Man

Funeral services for Jose Moreno Garcia, 38, of Apopka, Fla., were conducted Wednesday morning at St. Anthony's Catholic Church with the Rev. Aedan Davis officiating. Gilliland-Watson Funeral Home directed burial in St. Anthony's Cemetery.

Mr. Garcia died Friday at Apopka. He was a truck driver, and was born March 18, 1935 at Mathes, Tex. He married Petra Foster in 1961 at Littlefield. Survivors are his wife and three sons, Jose Jr., Ruben and Benite, of the home; his mother, three sisters and a brother.

## Allison's Name On Dean's List

Named on the dean's honor list for the spring semester at McMurry College, Abilene, is Charles Allison of Hereford, a freshman whose major is religion.

Allison is the son of Mrs. Daisy Allison and a graduate of Hereford High School. His average for the past semester was 4.0.

## MOON WALK

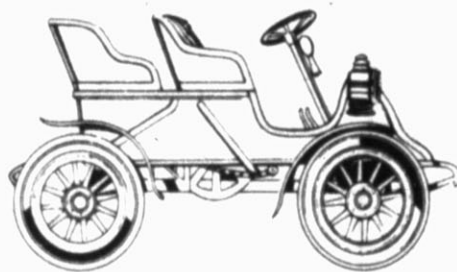

Apollo 16 astronauts walked on the moon on April 21, 1972.

## Retreat sounded by brass bands

New Zealand's happy tradition of serenading cruise ships as they dock in Auckland has been discontinued because of the abuse and maltreatment suffered by brass bands at the hands of ships' passengers.

The bands, manned by volunteers, have been cursed, spit on and hit by empty beer cans and air rifle pellets so ships will now be serenaded by recorded music.

# Dalby Pledges Fuel Conservation

Aero Mayflower's agent in government allocation of Hereford Dalby Transfer & existing fuel supplies. Storage Co., this week called "The uncertainty of the attention to the need for availability of fuel supplies."

C.E. Spears said, "has caused us to re-examine our method of operations to insure that we can do our part in conserving fuel."

We are making every possible move to completely eliminate fuel waste. The summer months are the peak moving months and we don't want to inconvenience any of our customers."

Spears took note of recent statements by Charles W. Hulett, chairman of the American Movers conference and Executive Vice President of Aero Mayflower Transit Company, Inc.

Commenting on the fuel supply problem during a news conference in Indianapolis, Ind., Hulett said, "The federal government should establish a priority system of allocations which will insure that fuels in short supply will be available for the nation's most critical needs."

"I strongly endorse this plan," Spears said and added, "It will take the cooperation of the moving industry, government, and every individual citizen for us to deal with the fuel supply problem."

# Consumer Protection Bill To Aid Public

By JOHN HILL, Attorney General

One of the accomplishments about which our State Legislature could boast at the end of its 1973 session was the passage of a really meaningful Consumer Protection Act.

The Attorney General's staff is pretty proud of that achievement, too, because we worked side by side with the Texas Consumer Association and the Texas Retail Federation for four long months to help the sponsors pass that bill.

I BELIEVE that the consumer law my office had had to enforce before that bill became effective May 21 (when Governor Dolph Briscoe signed it into law), was woefully inadequate. I felt that the State was giving only lip service to consumer protection until a firm law, with penalties strong enough for violator to feel, was substituted for the old law.

Now, people are asking me, "How does the new law help the consumer?"

Well, we take the position which is reflected in this law—that everybody is a consumer. Businesses are consumers, and the sales and service contracts they make should be as free of fraud as the consumer agreements you and I make.

THE NEW law gives extra help to any consumer who complains of a fraud or representation which occurred after May 20, because:

1) It expands and clarifies the "dirty laundry list" of deceptive practices punishable by law.

2) It authorizes the trial court to order restitution to the consumer for the money he lost.

3) It allows the State to obtain penalties when a court orders an injunction against anyone found violating the consumer law, instead of delaying possibility of penalties until an injunction has been violated. Obviously, that will be an added deterrent to abuse.

4) It gives the consumer not only the legal right, but the incentive, to file an individual suit, since he now will have an opportunity to recover triple damages, as well as court costs and attorney's fees, if he wins his case.

5) It gives a group of consumers who claim injury by a single deceptive practice the right to file a class action suit—if each has suffered damages amounting to \$10 or more. And if they win, they can recover actual damages, plus court costs and attorneys' fees.

6) It encourages the establishment of consumer protection offices by individual cities.

And 7) it gives the consumer more close-to-home help, because he can turn to his county or district attorney, who now have enforcement jurisdiction concurrent with the Attorney General's Consumer Protection Division.

(Under another law, the

Legislature also guaranteed the maintenance of Attorney General's regional offices in El Paso, Houston, San Antonio, Dallas and Lubbock, and consumer protection assistance is available at each of these, as well as at my Austin office.)

YOUR NEW consumer protection does all of that, and more, and at the same time, offers safeguards to assure that a well-meaning businessman is not the target for harassment suits, by awarding him court costs and attorney's fees if that is found to be the case. It also provides methods of dismissal of a suit, if the business wants to make an adjustment on the complaint.

One thing that must be

stressed: If you have a complaint about a consumer abuse which occurred prior to May 21, my Consumer Protection staff will help all they can, but they will be confined to enforcement under the old law.

IF YOU HAVE a problem which dates to May 21 or since, my first suggestion would be to contact the person with whom you made the contract, to see if it can't be settled amicably. Most merchants and service people do want to satisfy their customers.

If that doesn't work, contact your county or district attorney, or the Attorney General's office in Austin, Dallas, Houston, Lubbock, El Paso or San Antonio.

## THE FAMILY LAWYER

### Upped Check

Martin bought a secondhand motorcycle from a friendly stranger, giving him a check for "eight hundred dollars." But when he got the check back from the

bank at the end of the month, it had been upped to "thirty eight hundred dollars."

Martin decided that the bank had no right to take the extra \$3,000 out of his account.

"It's not my fault the fellow was crooked," he argued in a court hearing. "Let the bank try to collect the difference from him."

But the bank pointed out that Martin had made three careless mistakes in writing the check:

- 1) he had failed to fill in the payee's name;
- 2) he had failed to fill in the numbers after the dollar sign; and
- 3) he had left more than an inch of open space in front of the word "eight"—plenty of room for inserting the word "thirty."

The court concluded that Martin, by his negligence, had invited the tampering—hence, would have to bear the loss himself.

Of course, as a general rule, a bank has no right to pay any more

money out of your account than you have authorized. The bank, after all, has the best opportunity to detect fraud by examining a check before cashing it.

But the law will usually shift the loss to you if, by your carelessness, you have made the check easy to alter.

Furthermore, you have a duty to go over your cancelled checks within a reasonable time after they are returned, and to alert the bank if something is amiss.

# Penney Sales and Specials for the Summer of '73 Or . . . Easy Living Made Easier

**COUNTY RED CROSS BOARD** — Serving through the past year, some of the officers, directors and community representatives who make up the board of Deaf Smith County Red Cross Chapter will begin a second term when the new board is formed July 1. John Poindexter, second from left top row, will continue as chairman. Mrs. Gaylon Bryan, left, is treasurer this year; also in top row, Mrs. Henry Neely is orientation chairman and Baxter London first aid chairman and instructor. Middle row, from left, are Mrs. Tony Hoffman, youth activities chairman; Winnie Anderson, R. N., chairman of nursing services; Mrs. E. W. Dettman, Mrs. Jim Clarke and Ray E. Clay, board members. Community representatives, from left bottom row, include the Rev. Sam Ogan, Frio; Mrs. Edgar Sowell, Dawn; W. J. Albracht, Wyche, and Mrs. Willis Duggan, Simms.

**Red Cross Board Year Is Closing**

A new year will begin for Deaf Smith County Chapter of the American Red Cross when some members of the board will retire and new directors take their places in July.

John Poindexter has been elected to a second year as board chairman and a number of other members will continue to serve.

Present officers who with the chairman make up the executive committee are Lee Umstead, vice chairman; Mrs. Gaylon Bryan, treasurer, and Genevieve Miller, executive secretary.

Chairman of work areas include Don Shipley, disaster service; Mrs. David Brumley, water safety, and Mrs. Sam Morgan, uniformed volunteers.

Representing their communities are Mrs. Buel Monroe and Mrs. G. V. Hall, Walcott, and Gerald Parker, Dawn. Also on the board are Mrs. Clinton Jackson, the Rev. C. W. Allen,

Mrs. Israel Gamez and Duane Albracht, in addition to those in the photographs.

**WHO and WHERE IS THE C - A - T?**

**Weekly Market Report**

**Apples To Hit Markets**

Granny Smith apples from New Zealand will make pie while the sun shines in the United States this summer. "New Zealand seasons are the reverse of ours, and these apples are crisp and juicy—excellent cooked or eaten fresh," Mrs. Gwendolyn Clyatt said.

"THEY'LL BE in the markets soon," the consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University, predicted. She added that almost-exhausted apple supplies from controlled-atmosphere storage in the U.S. continue costing more as summer approaches.

TEXAS' grapefruit crop shows an increase of 20 per cent over the 1971-72 season,

resulting in more fruit available at attractive prices. "And oranges, bananas, pineapples, avocados and strawberries are worthy of consideration, pricewise."

"Most economical vegetable choices include cabbage, carrots, celery, potatoes, corn, mustard, collards, turnip greens, radishes and green onions."

SPECIALS at egg counters, poultry and beef sections fit into the "casual eating" pattern of

the picnic season now that it's official.

"Fryer chickens remain about the same with a few retailers offering whole birds and parts at lower prices."

"Best beef values appear on round steaks, ground beef, chuck roasts, calf and beef liver."

Best pork values generally include shoulder roasts and steaks, end-cut loin roasts and chops, smoked hams, picnics and pork liver. Mrs. Clyatt concluded.

**Army Green**

Army women may soon be commanding all-male units.

Army Chief of Staff General Creighton Abrams is expected to give his approval soon to a policy change which will permit women to command men in almost all types of units except those with direct combat missions.

Army regulations at present limit the command authority of WACS to WAC units only. Recently, the Army changed regulations to permit women to serve in all but 48 of the Army's 482 enlisted jobs. The 48 jobs not open to women are either combat-related or physically demanding.

The Army is reportedly studying the possibility of

opening some of these jobs to women. For example, the Army would like to permit women to enter flight training and serve as fixed-wing or helicopter pilots in non-combat assignments.

WOMEN HAVE invaded the citadel of the foot soldier. The Army Infantry School in Fort Benning, Georgia, previously an iron-clad domain of the infantryman, has enrolled its first women students in the Infantry Officer Advanced Course.

### Group To Tour Hereford Feed Yards

About 37 persons from Hereford's Southwest Feedyards Friday morning. The tour will go to Summerfield and then to the Jim Conkwright Ranch. The group will dine Friday night at the Hereford Country Club where a panel discussion will be held with individuals representing the businesses toured on the panel. Saturday the group is expected to tour a feedyard in Hale Center before returning to Brenham.

### Part In Jubilee Activity Planned

Their part in Hereford's Diamond Jubilee celebration, and in the district convention of Jaycees to be held here in October, was discussed by Jaycee-Ettes in a meeting Tuesday evening at the SWPS Reddy Room. Members named to attend the kickoff luncheon for women's Jubilee activities are Mmes. C.L. Hollingsworth, Dale Smith, Larry Bean, Harvey Milton, Bill Johnson and Dan Warrick. At the Thursday luncheon they will learn of plans for women's part in the celebration which begins late in August, and Jaycee-Ettes will fit their plans into the framework. Harvey Milton, Jaycee member who is chairman of the fall convention arrangements, spoke of plans for that annual district meeting which will bring visitors to Hereford from over the Panhandle.

### Gun Club To Form

A new Hereford Gun Club will hold an organizational meeting at 8 p.m. Friday in the Community Room at First National Bank. The gun club disbanded several years ago in Hereford and several men have written Austin and are attempting to organize the club again. The public is invited to attend the meeting and all interested parties may join the club.

# Farm News

## Evaporation Takes Much Soil Moisture

The old adage of what goes up must come down is not always true when seen in the light of what is happening to water in the High Plains soil.

"Fact is," says Oliver Newton, agricultural meteorologist for the National Weather Service (NWS), "over a 15-day period during May, we lost more than five inches of soil moisture by evaporation."

NEWTON, who works in cooperation with the Texas Agricultural Experiment

Station, is based at the Texas A&M University Agricultural Research and Extension Center at Lubbock.

"At present our water supply is being used much faster than it is being replaced," he reports. "Inevitably we are forced to get the most out of every inch of available moisture."

Says Newton, "Because of the importance of evaporation loss on the High Plains, the NWS began publishing daily evaporation reports in 1972. Our

intentions are to help the farmer determine the most efficient timing of crop irrigation."

DATA included in the report is supplied from weather service sub-stations at Spur, Lubbock, Locketville, Plainview and the Wild Life Refuge south of Muleshoe. Newton explains that figures are correlated every 24 hours from the total amount of water lost to evaporation from an open water surface at each location. The

information is then analyzed by the NWS office at the Research and Extension Center at Lubbock. This data is computed as an average evaporation loss on the South Plains and is submitted daily Monday through Friday to radio and television stations throughout the area, as well as to other sources of the NWS teletype circuit.

With this report, the meteorologist says, producers using certain carefully assembled guidelines should be

able to determine when they can expect to irrigate their crops.

THE PRODUCER must first determine the moisture supply of his fields at a given time, he explains. This may be a rainfall gauge or irrigation measurement that was heavy enough to wet the soil to a depth equal to or deeper than the normal root zone of the crop. This becomes the date when soil moisture depletion begins.

Second, by examining the evaporation data offered by NWS and estimating the percentage of moisture absorption by his crop, he can determine the percent of soil moisture retained. With this calculation, he is able to plan his irrigation several days before it is needed.

THE PROBLEM of determining soil moisture loss and supply is complex, Newton points out. Several factors besides evaporation must be considered.

First, crops extract water from the soil at a rate closely related to the evaporation potential. Of course, this will vary, depending on soil conditions and plant maturity. For instance, a young crop will not extract water as fast as do mature crops.

"Second, available moisture varies, depending on the soil, crop, rainfall and other factors. Plants will extract moisture at

Other notables who will participate earlier that day in dedication ceremonies include Congressman W. R. (Bob) Poage of Waco, chairman of the House Agriculture Committee; Gov. Dolph Briscoe; and Commissioner of Agriculture John C. White.

Briscoe has signed a proclamation designating the

week of June 10-16 as "Farm Bureau Week" in Texas. Several major events are to take place during the week which will be highlighted by the dedication services and barbecue dinner June 13.

The dedication ceremony will get under way at 1:30 that day in front of the new building at 7420 Fish Pond Road. Briscoe will deliver the dedication address, and he will be introduced by White. Congressman Poage will welcome the assemblage to Central Texas.

The ceremony will also include the planting of a symbolic pecan tree, using soil from counties all over Texas, and the burial of a time capsule containing historic items.

Open house for Farm Bureau members and the general public to tour the building will be from 2:15 until 6 p.m. The barbecue dinner will be held at 6:30 p.m. in the Waco Convention Center.

In his proclamation setting aside the special week, Governor Briscoe noted that the Texas Farm Bureau is the largest general farm organization in the state and said that for many years it has wielded "a strong influence in state affairs."

Other highlights of the week will include a conference of county Farm Bureau presidents on the afternoon of June 12 and morning of June 13, a banquet for Farm Bureau agents on the evening of June 12, and a

meeting of Safemark servicing agents (Safemark is the brand name for tires and batteries distributed by Farm Bureau) on Thursday, June 14.

### Hereford Club

#### Tops In Range

Hereford Riders Club is leading the club in range II after receiving 580 points in the recent June playday.

High point participants from Hereford are Jay Kerr, senior boys, 35 points; Sam Finley, intermediate boys, 56 points; Pam Kerr, intermediate girl, 39 points and Laura Thames, peewee girl, 45 points.

The king and queen of Siam visited the United States on April 22, 1931.

## Cotton Loan Values Spread Wide

There will be a wider spread in 1973 between Commodity Credit Corporation loan values for the 3,724 different grade, color, staple and micronaire combinations of eligible U.S. upland cotton, according to officials of Plains Cotton Growers, Inc., Lubbock.

The 1973 schedule of premiums and discounts that will determine physical loan prices above and below the 20.65 cents per pound base price of Strict Low Middling 1-1-16 inch cotton, released May 17, generally shows higher premiums for the upper quality range and greater discounts on lower qualities.

The base price is applicable to cotton in the desirable 3.5 to 4.9 micronaire category at average U.S. location. Location differentials for the various U.S.

warehouses have not been announced, but Lubbock area loan levels are normally five points below the national average, which would give this area a base loan of 20.60 cents.

The 1972-73 loan schedule was based on Middling 1-inch cotton at 19.5 cents per pound. The change to a SLM 1-1-16 inch base, according to the U.S. Department of Agriculture, was made because less than one percent of the U.S. crop falls in the Middling-inch category while over 13 per cent is in the new base quality. The loan price for Middling-inch, obtained by subtracting the announced 115 point discount from the 20.65 cent base, remains at 19.5 cents per pound for 1973.

The widening of loan price differentials for 1973 reverses a three-year trend toward

narrower differences. Premiums and discounts that byssinosis, or brown lung, make up the loan schedule are developed from spot market prices recorded over the nine-month period from August through April of the preceding year, and prices for the lower grade assigned to the upper level of qualities barked cotton, which is much during this period of 1972-73, in greater than 50 points, "is more relation to the lower qualities, than enough incentive for producers to grow and harvest the cleanest, highest quality cotton possible under a given set of conditions."

USDA also announced May 17 that 1973-crop cotton would not be subject to the 50-point or 1/2 cent per pound penalty long applied to cotton which is reduced in grade because of extraneous matter, including bark, or spindle twist. Elimination of this \$2.50 per bale discount on "barky" cotton had been requested by Plains Cotton Growers, Inc. on the grounds that the penalty was not justified by a loss of such cotton's spinning and finishing performance.

This matter sparked sharp controversy, with some in the industry saying removal of the 50-point penalty would increase the amount of barked cotton produced. It was further stated that the additional barked cotton

would increase the incidence of byssinosis, or brown lung, disease, in textile workers.

But PGC President Ray Joe Riley of Hart denies these allegations. He reasons that the through April of the preceding price penalty that accompanies marketing year, and prices for the lower grade assigned to the upper level of qualities barked cotton, which is much during this period of 1972-73, in greater than 50 points, "is more relation to the lower qualities, than enough incentive for producers to grow and harvest the cleanest, highest quality cotton possible under a given set of conditions."

"Moreover," Riley states, "there is absolutely no supportable evidence, nor to our knowledge any previous suspicion, of any connection between bark in cotton and byssinosis."

## Officials Indifferent About Senate Bill

Directors of Lubbock-based Plains Cotton Growers, Inc. find little fault with the theory behind the Senate Agriculture Committee's "target price" approach to farm legislation, but have serious misgivings about the Committee proposal's chances for achieving stated objectives under the stresses and strains of political and marketing reality.

The PGC Board, meeting in Lubbock May neither endorsed nor rejected the Senate Bill, numbered S-1888.

"PENDING further study and a better assessment of alternatives and possibilities for changes in key provisions," said PGC President Ray Joe Riley of Hart, "our activities will continue to be guided by our existing position in favor of extending the present cotton program—which means we'll be working for a farm program as close as possible to the Agriculture Act of 1970."

S-1888 as reported by the Committee would set a "target price" for Strict Low Middling (SLM) inch-and-a-sixteenth cotton, as reflected by spot market quotations for the first five months of the cotton marketing year (August-

December), at 43 cents per pound. When the spot quotations for this quality fell below 43 cents, producers would be entitled to a price support payment equal to the difference.

TWO MAJOR objections to this mechanism for determining producer payments were voiced by PGC directors. First, spot market quotations do not accurately reflect prices paid to farmers, therefore there is no direct relationship between these quotations and a producer's total income from cotton.

Second, basing payments on the difference between market prices for any single quality and a target price could well lead to gross inequities. It was pointed out that SLM 1-1-16 inch cotton, because of a short supply in that particular quality, could sell for 43 cents or more while other qualities available in adequate volume would be selling at prices far below the cost of production.

FITS CHRYSLER & FORD

IF YOU DIDN'T BUY FROM  
**ORVAL WATSON FORD SALES**

200 W. FIRST HEREFORD YOU PAID TOO MUCH

So you've decided to sell your own house. Here's a little basic reading you should do first.

You might start with "Real Estate" by Husband and Anderson, 868 pages of theoretical (and rather stuffy) real estate principles. Then you really should read "The Real Estate Handbook," a definitive volume of the basic ABCs of real property sales and management. And of course "Advertising Real Estate Successfully" and "Mortgage Lending" cover a few of the specialized areas that will be important to you. And naturally, if you hope to get top dollar for your home, you should at least browse through "The Power of Creative Selling."

Or, you can phone a local Hereford area Realtor. He's probably already read all these books. More important, he's practiced what they preach. It's his business to know local and state codes, salesmanship, money availability and the hundreds of other things necessary for successful real estate practice.

Think about it: doesn't it make more sense to trust your valuable property to a professional?

# HHS 1930 Grads Meet In Reunion

For the first time since graduation from Hereford High, the class of 1930 held a reunion during the Mid-Plains Pioneer meeting here Saturday. Members decided to make it an annual event for those who come to the Pioneer Day celebration.

After lunch at the County Bull Barn, the group with some from the classes of 1929 and 1931, spent the afternoon at Community Center to reminisce and enjoy punch and cookies served from a decorated table.

In the evening they met for dinner at Dickies Restaurant, joined by other friends.

Most of the classmates had not seen each other since graduation, and all noted changes — in size, color of hair or its absence, even teeth entered into the recognition factor. They recalled incidents of their senior year, including

the bi-district champion football team, first for HHS.

To add to the fun, two prizes were awarded. David Harrison, who came from Colorado Springs, received the one for the longest distance traveled, while one for the "longest face" went to Deward Roberson who promised to have a transplant before next year's reunion.

Those who came from other cities, in addition to the Harrison, were the Ed Johnsons of Socorro, N.M., the Roger Orrs of Lubbock, Allen Houghes Montgomery and the Newt Gillilands of Dallas.

Also Marjorie Golden Watson of Panhandle, Sarah Agnes Bryant Burgess of Tulsa; the Lloyd Bowshers, Inez Hough Lovan, Vonnell Dyer and Wright Ireland, all of Amarillo.

Hereford residents were the Bub Newells, Woodrow Gilbreaths, Ralph Hastings and Robersons.

**GRADUATING CLASS OF 1930**—The class of 1930 in Hereford High held its first reunion Saturday during the Pioneer Day celebration at the Bull Barn. This class photo was on exhibit. First row, from left, are Kathleen Cronin, Portia Jacobs, Emma Jackson, Ruth Batts, Lyndell Brooks, Florence Shore, Maybelle Witherspoon, Nanie Mae Renfro and Merle Barber. Second row, Lloyd Browsher, Pat Jones, Lewis Sherman, George Harris, Charles Rice, Junior

Sherman, Ralph Hastings, Paul Bowsher and Babe Russell. Third row, Frankie Mae Corn, Sara Agness Bryant, Marjorie Golden, Mary Broadwell, Genevieve Eberle, Vondell Brooks, Tiny Lee Springer, Ruby Johnson, Hazel Dunn, Aileene Houghes and Paul Barnett. Fourth row, Hal Kester, Deward Roberson, Ervie Coker, Ed Johnson, Woodrow Gilbreath, Bernard Seed, T.E. Seigler, David Harrison, Henard East, Charles Simpson and Wright Ireland.

## Survey Being Conducted For Big Brother Chapter

In an effort to check the interest in forming a Big Brother-Big Sister chapter in Hereford, the Hereford Kiwanis Club is distributing forms explaining the organization and seeking volunteers.

The form, which appears in today's **HEREFORD BRAND**, is also available at both banks and at the city hall. Interested persons are asked to fill out the form and send it to Big Brothers-Big Sisters of Hereford, Box 1821, Hereford.

A 20-minute film detailing the Big Brother program is available to any interested

group and may be checked out any day at the city hall.

Rodney Laubhan, a Kiwanis member and present coordinator of the Hereford survey, said that a survey was recently conducted in Hereford schools to reveal the number of fatherless boys in the Hereford school system.

"The survey showed that there were between 80 to 100 fatherless boys in the Hereford School system," Laubhan said.

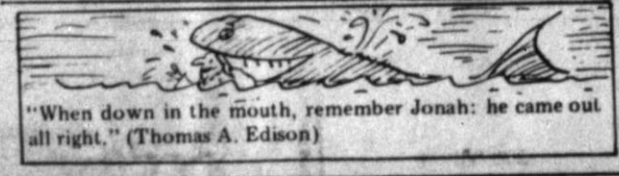

Laubhan said that along with the Big Brother chapter, a Big Sister chapter would also be

formed in Hereford.

"The Big Sister program is for young girls who have only one parent, now necessarily a motherless girl," Laubhan said.

If enough interest is shown through the current survey being conducted, Laubhan said the next step would be to organize a board of directors, then to incorporate as a non-profit organization and then to affiliate with the national Big Brothers organization through the Amarillo chapter.

### Do You Want To Share Your Life?

If you do, there are youth in Hereford who need your life. We are asking your help in supporting a Big Brother - Big Sister organization for Hereford.

**PURPOSE OF BIG BROTHERS**  
A boy who has little opportunity to enjoy his basic childhood right to the love, understanding and example of a worthy man receives through Big Brothers assistance in the development of his total personality. This is accomplished by providing him with a mature masculine identification, friendship and guidance of a Big Brother.

**WHO ARE LITTLE BROTHERS**  
Little Brothers are boys six to sixteen years of age who do not have a father living in their home and who do not otherwise have the benefits of adequate male guidance. They are fatherless primarily because of divorce, desertion or death of the father.

**PURPOSE OF BIG SISTERS**  
It will be an organization of volunteer women assisting in help girls between the ages of six and sixteen who may profit from the friendship of women not members of their own families.

**WHO ARE LITTLE SISTERS**  
Little sisters are girls whose lives may need redirection or a little more cheer. They may be too shy or aggressive. They may feel unwanted in their homes.

Both Big Brothers and Big Sisters will work together as one organization. Referrals will be primarily made by social agencies, Schools, Churches, Law Enforcement Agencies, or individuals and by parents who learn about the Big Brother - Big Sister program and desire some kind of aid for their own child.

Please indicate your area of interest.  
(Check as many as you desire)

## Satellite Center Offers Material For Programs

Available for programs in organizations upon request, film strips and comment concerning the work of Hereford Satellite Center are offered by the local board, it was emphasized at the June board meeting Tuesday.

Members met for lunch at K-Bob's Restaurant with Buddy Peeler, board chairman presiding. Program chairmen for any county organizations are invited to notify Peeler to arrange for a film showing.

Discussion of a proposed addition to Satellite School training here, and of the need for volunteer assistance next fall, especially for transportation of pupils, occupied the meeting time.

**CARD OF THANKS**

I would like to thank Dr. Hicks, Dr. Mims and the hospital staff for being so nice and for the care that you gave me during my stay in the hospital. I appreciated all of my friends and loved ones for their prayers, visits, flowers, cards and letters.  
Mrs. Robbie Fortenberry

**CARD OF THANKS**

I wish to express my appreciation to Dr. Rush, Dr. McCrary, Dr. Mims and all the nurses at the Deaf Smith General Hospital and to everyone who sent flowers, cards and who came to visit while I was in the hospital for surgery.  
Marcy Hughes

**Legal Notice**

THE STATE OF TEXAS

TO: VIRGINIA KAY MARTIN Defendant, Greeting: You are hereby commanded to appear before the Honorable 69th District Court of Deaf Smith County, at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 23rd day of July A.D. 1973, then and there to answer Plaintiff's Petition filed in said Court, on the 4th day of June A.D. 1973, in this cause, numbered 6817 on the docket of said court and styled John David Martin Plaintiff, vs. Virginia Kay Martin Defendant.

A brief statement of the nature of this suit is as follows, to wit: a divorce, as is more fully shown by Plaintiff's Petition on file in this suit. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this the 4th day of June A.D. 1973.

Attest:  
Lola Faye Veazey Clerk,  
District Court, Deaf Smith County, Texas  
By Virginia Easley Deputy.  
(SEAL)

THE STATE OF TEXAS

TO: DON STEVENS Defendant, Greeting: You are hereby commanded to appear before the Honorable 69th District Court of Deaf Smith County, at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 23rd day of July A.D. 1973, then and there to answer Plaintiff's Petition filed in said Court, on the 4th day of June A.D. 1973, in this cause, numbered 6775 on the docket of said court and styled Bill Lynn Page Plaintiff, vs. Don Stevens Defendant.

A brief statement of the nature of this suit is as follows, to wit: For debt and foreclosure of landlord's lien, as is more fully shown by Plaintiff's Petition on file in this suit. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this the 4th day of June A.D. 1973.

Attest:  
Lola Faye Veazey Clerk,  
District Court, Deaf Smith County, Texas  
By Virginia Easley Deputy.  
(SEAL)

**Hereford Girl Hurt In Amarillo Mishap**

Ernestine Barela, 10-year-old daughter of Mr. and Mrs. Juan Barela of Hereford, suffered head and spinal injuries Sunday afternoon when a car struck a bicycle she and a cousin were riding in Amarillo. The girl and her cousin, Randy Lee Barela, 9, son of Mr. and Mrs. Daniel Barela of Amarillo, were on the bicycle crossing a street when the bike was struck by a car. Apparently Ernestine was pedalling the bike and Randy was riding on the handlebars, according to Amarillo police. Ernestine was thrown onto the pavement and remains at Northwest Texas Hospital where she was taken after the accident. She was reported in critical condition late Sunday.

On April 21, 1907, Henry VIII became king of England on the death of his brother, Henry VII.

# Mays Finishes Fourth

Hereford's Luther Mays finished fourth in a star-studded 880-yard field at the third annual Klein High School Track Festival Saturday night.

The Whiteface track star was clocked in 1:57.3 while first place was 1:56.7 by William Hamrick of Dell City, Okla. The sixth-place finisher had a 1:58 time to show the closeness of the race.

Mays received an invitation to the all-star track meet after capturing a fourth place in the state meet with a 1:53.9 clocking—his best effort of the season.

New records were established

in the pole vault and the long jump at the Klein meet. James Smart of Liberty became the first Texas schoolboy in history to vault 16-feet, breaking the old record of 14-6 at Klein. Milton Mitchell of Bryan long-jumped 24-9 for the other record.

Texas schoolboys won nine events while New Mexico and Oklahoma entrants won two events each.

Mays, selected as the outstanding Herd trackman the past season, has signed a track scholarship with Texas Tech University. He will also try out with the Tech basketball team.

# Texas Safety Association Gives Life-Saving Tips

Vacation time is a happy time, but it also can be a time for tragedy, says the Texas State Department of Health.

Spring and summer weather go hand in hand with recreation in Texas, which has something to offer for everyone—from seashores and lakes to forests and rugged mountains.

In most cases, recreation is associated with water for swimming, boating and fishing. While great for recreation,

water poses a serious threat to the safety of young and old alike.

Last year, for example, 601 persons lost their lives in water-related accidents in Texas. Not all of these drownings involved swimmers and boaters. In far too many cases individuals fell from a place of presumed safety—says a dock or river bank—into the water and were drowned. Children are most susceptible to this type of incident.

Two children drowned this year in the Colorado River near Austin after being warned of the treacherous nature of the river bank on which they played.

What can you do to make your vacation or a weekend trip a happy, safe one? The State Health Department and Texas Safety Association have some lifesaving pointers.

First, make swimmers out of all children and adults. The Red Cross throughout Texas offers free swimming instruction. Or, you may enroll for swimming lessons with a private instructor. Being able to swim is your best insurance for coming out of an accidental dunking alive.

Always swim in marked areas if possible, and never swim alone. If you get into trouble, your companion could toss you a life jacket or rope or extend you a pole to help you reach safety. Never swim when chilled, overtired or overheated. Stay out of or off the water if a thunderstorm threatens. Rough water and lightning take their toll.

Boaters should make certain their boats are in perfect shape and meet safety and state regulations—which include having a Coast Guard approved flotation device on board for

each person. Many of these devices are cushions—which could float away if a boat overturns. If there are children aboard, make them wear a life jacket or ski belt. If you're on the water at night, you must have running lights.

Rough weather and overloading are particular hazards for boaters. If you're on the water when a storm threatens, head for the coast immediately. Even the best boaters and swimmers have perished in foul weather. If your boat should capsize, stick with it—chances are that it will stay afloat.

When pulling skiers, boat drivers should be aware of swimmers, other boats and obstacles above and below water. Don't be a showoff on the water. Life is too precious to lose.

Skiers have safety rules, too, including the wearing of a flotation device. Even good swimmers can be dazed by a hard fall while skiing.

A good procedure is to have at least two persons in the ski boat—one to drive and the other to watch the skier. Learn the arm signals prepared specifically for skiers—and use them. It's hard to hear above the noise of a motor, but a hand signal can get the message across. For instance, a skier who falls should raise an arm to signal he's okay.

When a person is entering the water, being picked up or having a towrope moved into position to grab, the motor should be in neutral. Whirling propeller blades kill several people every year.

If you're in the water, be on the lookout for other boats. If one approaches, raise a ski into the air as a signal.

Summer is a time for fun, and there's enough recreational pursuits for anyone. So when you're planning your outing, the State Health Department says, put a little thought and planning into safety.

## Highway 80 Tennis Tourney Planned June 25 In Andrews

Summer Tennis trails will lead to the Andrews Open Highway 80 Tennis Tournament slated to be held June 25-28.

The Andrews tourney will be one on the Highway 80 Tennis

Tourney circuit which will run through the summer.

Divisions which will be open to participants include men's singles and doubles, junior boy's singles and doubles, junior girls' singles and doubles, and three classes for boys and girls aged between 12 and 16.

Players will be allowed to enter two events in their divisions, due to current construction of new courts.

Entry deadline has been set for Friday, June 22.

Entry forms can be secured by writing to the Andrews County Chamber of Commerce, 204 N.E. 1st, Andrews, Texas 79714.

Tourney officials are expecting some 250 entries in this year's tournament.

## Concorde To Fly In Eclipse

The British Concorde 001, flying at about 60,000 feet, will start from Las Palmas in the Canary Islands and land after a 2,000-mile flight at Chad, Central Africa, following the path of the eclipse of the sun on June 30.

Concorde's speed will enable astronomers to extend the time of the eclipse, only seven minutes on the ground, to 80 minutes on board the flying laboratory.

## Doc Gives Body A Rest

HOLLYWOOD — Usually, on the "Tonight" Show, Doc Severinsen is garbed in wildly colorful, mod-peacock fashion and Johnny Carson issues jokes about his spectacular clothing. But now he is wearing an old leather jacket and nondescript slacks. Why, a fellow wondered, the muted outfit?

"Have to give my body a rest," said Doc Severinsen who would, of course, be more stridently clothed to lead the band later on the Carson show.

He's a real kick, this Doc Severinsen, who blows a terrific trumpet in his position as musical conductor of the "Tonight" Show, a title he has held since 1967. He has since

become known also as the show's resident fashion-plate, boutique division.

"In a sense, I was one of many," Doc said. "I mean, I didn't look any different from other musicians at the time. But the clothing revolution happened and I happened with it. It was no plan. One night, I happened to wear a wild tie and Johnny mentioned it. I went on to a wild shirt and in time it was part of my personality."

Occasionally, Doc ventures off and plays concerts. He has an 11-piece outfit he calls the Now Generation Brass and 10 singers and the result, he says, is a sound fairly similar to the group known as Chicago.

Doc Severinsen is a product of the big band era but he's not too big on nostalgia. "Sure, there were a lot of good bands back then," Doc said, "and I played with the best. But what people don't re-

member is that there were a lot of bad bands, too, and I don't miss them at all. No way."

In time, Doc evolved his own style, with the swinging crispness that is his trademark.

In common with so many trumpet men, Doc's prime idol was Louis Armstrong. "Satchmo Armstrong was the granddaddy of anybody who picks up a horn," Doc said. "I never felt I was of age until I heard Louis and could absorb his personality. The way he would feel the music — too much! When Louis played his horn or when he sang, he said it all."

Now about that nickname. Carl Severinsen's father was a dentist up in Oregon. "Dad was Big Doc and I was Little Doc, which goes back to when I was a little kid growing up. Now I figure that if my son becomes a dentist, he'll become Little Doc and I'll be Big Doc."

## Men's Slow - Pitch Softball League NOW FORMING

All persons interested in playing in a Men's Slow-Pitch Softball League in Hereford are asked to be present Thursday night at the Pioneer Natural Gas Blue Flame Room, 301 W. 3rd at 7:30 P.M.

Topics discussed will be formation of tournaments & other interesting facts concerning Slow-Pitch Softball.

# Peace Corps Worker Has Two Views Of Island

BY SANDY INMAN  
Brand Staff Writer

"THIS IS THE TROPICAL island paradise I've always dreamed about?" That was the thought that ran through Kathy Miller's mind when she found there was no hot water in the home on the Jamaican island she was stationed.

The daughter of Mr. and Mrs. Bruce Miller, Miss Miller recently returned from Jamaica where she was a Peace Corps volunteer worker.

"I decided to join the Peace Corps because of the challenge and the opportunity to go into a new country with high ideals. It's a very rewarding and selfish experience to be able to find out, first hand, the real culture of a country."

"IT IS DIFFICULT to find that so much poverty, illiteracy and unemployment exist in the country when one sees the beautiful resorts of Montego Bay."

Miss Miller was sworn in as a volunteer into the Peace Corps September 1, 1972. After being sent to Kingston, the capital of Jamaica, for six weeks of training, she was sent to a small community called Dias.

There she was a teacher-trainer working for the ministry education of basic schools.

This, she explained, is the equivalent of pre-schoolers in the United States.

"I lived with a Jamaican family during this time. It was so far out. There was little electricity and all of our drinking water had to be boiled."

"TRANSPORTATION IS ALSO a tremendous disadvantage. The volunteers have to depend on hitch-hiking and walking when assigned to villages. The country folk uses public transportation when in the cities."

"Although there were disadvantages in living there, it was quite an experience seeing a country go through the problems of independence and growth. It is a new country of 10 years of independence."

Hopewell, a fishing village about 10 miles west of Montego Bay, was Miss Miller's next assignment.

"This was a change for the better. I was closer to people and I shared a house with another volunteer."

SHE WAS IN CHARGE OF five schools. Schools were held in churches, under trees or in teacher's homes.

"The facilities were poor but the dedication and love to the children of Jamaica is exceptional," says Miss Miller.

Four months passed before she switched jobs to working in Montego Bay Community Regional Hospital where she was a recreational therapist. She commuted to her job from Hopewell.

"This was the first time a volunteer had come here. I noticed throughout all my various jobs on the island; when the people realize you are not a tourist, the barriers begin to fall and a truly friendly relationship can begin."

"JAMAICANS ARE PROUD people and have a wonderful attitude toward life. They never worry about time."

Miss Miller was astonished at how materialistic Americans are compared to underprivileged countries. Some of the things that she missed the most were hot water, washing machines, cars, ovens, and meat.

The nearest market was 10 miles from her home and by the time she bought the meat and returned home, it was spoiled.

"That gives you an example of the humidity and the heat of the country." Her diet consisted mainly of fruits, vegetables and bread.

SOME OF THE UNUSUAL FRUITS and vegetables on the island were breadfruit, like bread except you roasted it; cho-cho, similar to green potatoes; pumpkin, which wasn't like the pumpkin that we know in the states; plantain, similar to bananas.

She explained that the food in the local stores, which were nothing more than shacks, was cheap but when shopping in the supermarkets at Montego Bay it was very expensive.

Some of the articles Miss Miller brought back were rum, straw articles, wood carvings and a mobile she had made from sea shells.

"I had considerable spare time to do things I've always wanted to do. You have no television on the island and have to rely on your own resources for entertainment. You have a lot of time to learn about yourself."

"I WOULD MEET WITH other volunteers on the island and we would go sightseeing and go the beaches. They were really beautiful as was everything on the island. There were all sorts of flowering plants and the greenery was very lush."

In asking Miss Miller to sum up her venture in the Peace Corps she said that it was a challenge and that she had learned that we, the American people, were not there to impose American values on the people but to teach them new skills they could use throughout life.

Miss Miller graduated from Eastern New Mexico University in Portales last year. She plans to continue her education in nursing training at West Texas State University and Northwest Texas Hospital.

# Start For New BSP Unit Slated

A friendly venture to Friona was discussed by members of the executive board of Kappa Iota Chapter, Beta Sigma Phi, Saturday morning in the home of Mrs. David Block. The chapter plans to help organize a chapter of the sorority in Friona.

Plans for a social was also discussed for sometime in July. Money will be raised to purchase a camera for the club.

A hospitality booth and a bicycle race are two projects that members decided to have in the Diamond Jubilee celebration.

During the business meeting, members were named to the Diamond Jubilee board. Chairman for the event is Mrs. Tim Gearm and co-chairman is Mrs. Kirk Owsley.

Also, representing the club are Mrs. Block and Mrs. Terry Schoenart. Members on the board will attend a luncheon June 7.

A proposed budget for next year was discussed and the members set for standing committees were presented. Names for advisors and

sponsors were debated upon and will be presented to members next fall. Mrs. Block served refreshments of Cokes and pastries. Members present were Mrs. Tom Buchanan, George Muse, Nelson Kendall and Tom Bullard.

### CULTURAL CLUB MEETING

The Garden Room at Kings Manor will be the meeting place for Cultural Extension Club at 2:30 p.m. Friday. Hostesses will be Mrs. J.D. Love and Mrs. Novelle Stallings, club members who are residents of the Manor.

'OLDEST MAN' DIES

# Julie Vogel Is Party Honoree

Showers for June bride-elect, a feature of the early summer season, included one Monday evening complimenting Julie Vogel, whose marriage to Dan Koenig is planned for June 15. Daisy colors, white and yellow, were stressed in decorations at the Flame Room of Pioneer Gas Co., where friends called during the evening.

Mrs. Herbert Vogel, mother of the honoree, and Mrs. Mark Koenig, the prospective bridegroom's mother, greeted guests with Miss Vogel. Her sisters, Kathy and Carol, were at the registry table.

It's Our 25th Year

# Mariner will seek Mercury clues in '74

NASA will attempt the first exploration of Mercury in March, 1974, when the Mariner spacecraft will come within 635 miles of the planet.

The television cameras will take pictures and six other scientific experiments will send back information to earth to try to answer such questions as what is the shape of the planet and why does it rotate so slowly, turning only once every 59 days.

AIR RECORD  
Capt. William P. Odom went around the world by air in 78 hours, 55 minutes on April 16, 1947.

WARNING ISSUED  
On April 16, 1971, President Nixon said air raids would continue until North Vietnam released all prisoners of war.

... a family affair  
FATHER'S DAY JUNE 17

# Wedding Date Set

Mr. and Mrs. Mark Lindeman of 302 Avenue K announce the approaching marriage of their daughter, Mary Emma, to Jerry Wayne Stewart, whose parents reside in Glenrose.

The marriage is to take place June 22 in Fort Worth, at St. Mary of the Assumption Catholic Church. The Rev. John Walbe will officiate.

Miss Lindeman, who attended Hereford schools, is a nurse who is employed in Fort Worth.

# Services Held For Former Local Man

Memorial services for Maj. Edgar L. Hawkins were held Sunday at the First Baptist Church in Lamesa.

Maj. Hawkins was born in Hereford May 3, 1929 and was reared in the Key Community near Lamesa. Survivors are his mother, Mrs. W.E. Hawkins of Lamesa; and two brothers, Bob of Lamesa and Earnest of Commerce.

Mrs. Hawkins' sister, Lorene Knox, resides in Hereford. Other relatives from Hereford attending the memorial services Sunday were Thurman Atchley, Arnold Powell, Bill Edelman, Ellen Thomas, R.D. Lance, Roy Suttle and Jack Streun.

Maj. Hawkins has been on the missing-in-action list since Sept. 20, 1968 when his F-105 jet fighter was downed during a low-level mission in North

Vietnam. Relatives said the Pentagon recently declared that he was killed in action at the time of the crash.

He graduated from Lamesa High in 1946 and Texas Tech in 1950. Hawkins was on the tract team at Tech, a football manager, and a member of the national crop judging team.

IRA PROCLAMATION  
The official wing of the Irish Republican Army announced the suspension of its guerrilla activity in Northern Ireland on May 29, 1972.

TREATY SIGNED  
On May 30, 1631, Maximilian of Bavaria signed the Treaty of Fontainebleu to defend the king of France against all enemies.

 Let's Cook Something

# 'Hate To Cook' Recipes Are Easy For Homemaker

By SANDY INMAN  
 Brand Staff Writer

"I HATE TO COOK, BUT it is a necessity," laughs Mrs. Larry Burelsmith.

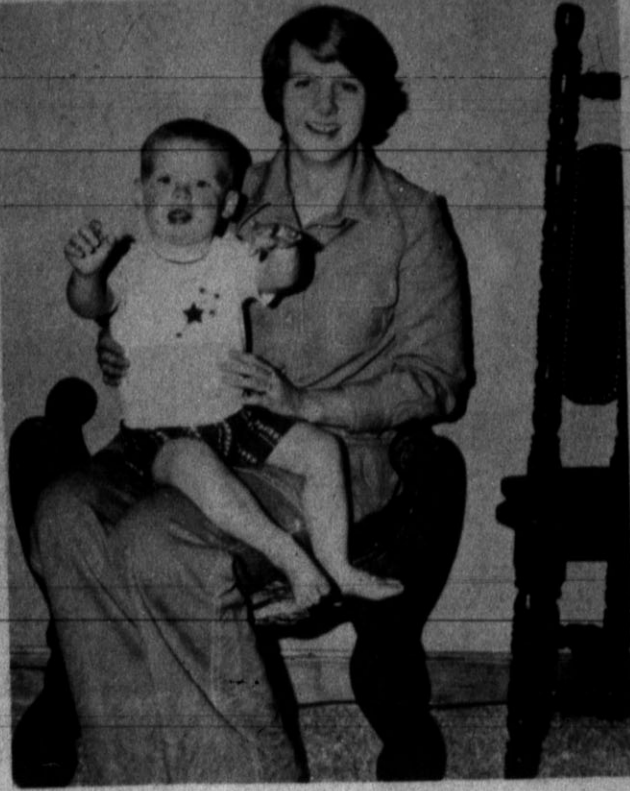

Two dishes her family enjoys are Sweet 'N' Sour Spareribs and Banana Nut Bread. She likes them because they are not complicated to prepare but add a touch that is a bit different to meals.

**1/2 cup water**  
 1 cup soy sauce  
 Place spareribs in soy sauce overnight in refrigerator. Brown spareribs in a large skillet in one tablespoon of vegetable oil. Drain off sauce and mix ingredients. Thicken with cornstarch and place spareribs back in soy sauce. Simmer for three hours or until done.

**1/2 tsp. salt**  
 1 cup mashed ripe bananas  
 1/2 cup chopped pecans (walnuts can be substituted)  
 Cream together shortening and sugar; add eggs and beat well. Sift together dry ingredients; add to creamed mixture alternately with bananas, blending well after each. Stir in nuts.  
 Pour into well-greased 9x5x3 inch loaf pan. Bake in moderate oven (350 degree) 45 to 50 minutes or until done. Remove from pan; cool on rack.  
 Wrap and store overnight for added flavor.

**SWEET 'N' SOUR SPARERIBS**  
 2 lbs. pork or beef spareribs  
 1 tsp. ginger  
 1 cup sugar  
 1 cup vinegar  
 1 tb. cornstarch

**BANANA NUT BREAD**  
 1-3 cup shortening  
 1/2 cup sugar  
 2 eggs  
 1 3/4 cup sifted all-purpose flour  
 1 tsp. baking soda  
 1/2 tsp. soda

Mrs. Larry Burelsmith with son, Ethan

## Memorial Fund Established For Former Hereford Pastor

A memorial loan fund in memory of the late Howard and Frances Scott, formerly of Hereford has been established at Howard Payne College by Mr. and Mrs. Kenneth L. Goad of Cleburne, son-in-law and daughter of the Scotts. Dr. Roger L. Brooks, HPC president has announced.

The gift of \$500 was presented to Dr. Joseph T. McClain, dean of the Institute of Christianity, long-time friend of the Scotts. Both Mr. and Mrs. Goad will soon be leaving for Dalat, Vietnam, where they have been appointed missionaries by the Foreign Mission Board of the Southern Baptist Convention.

The late Mr. Scott is a former educational director at First Baptist Church of Brownwood, and is a former pastor of First Baptist Church of Hereford and

of Field Street Baptist Church in Cleburne.

Dr. Brooks said those friends of the Scotts who would like to make additional contributions to the fund may do so through his office.

The heart of a hummingbird beats 20 times as fast as that of a human—1400 times a minute.

Gifts That Last for Dad June 17th

 DOWNTOWN

**THE BURELSMITHS** previously lived in a furnished apartment before moving to their home at 606 Union last December.

"We have acquired most of our furniture in the last several months and it has been fun," the young homemaker says.

Mrs. Burelsmith has refinished several pieces of furniture, including a chest of drawers for their son's bedroom and a kitchen table and chairs.

During the summer months she is a water safety instructor at the city pool. She teaches adult evening classes and has been active with this program for the past four summers.

**WORKING TOWARDS** receiving her bachelor of science degree and teaching certificate in August from West Texas State University, the young homemaker hopes to teach science or English in a secondary school this fall.

"As a family hobby, we love to work in the yard. My husband is preparing to plant shrubbery in the backyard. This is something we all enjoy participating in," she says.

Mrs. Burelsmith was Shelly Rush before her marriage in 1970. The couple has a son, Ethan, who is 21 months old. Her husband has been employed with the Hereford City Police Force two years.

## Rudd, Zinser At Boys State

Two Hereford students are among over 860 boys participating in the 33rd annual American Legion Boys State sponsored by the Department of Texas and held on the Campus of The University of Texas.

Paul Rudd and David Zinser were chosen to represent Hereford Post 192 of the American Legion at this year's Boys State which began registration Tuesday.

Following registration, each citizen was assigned to one of two political parties — the Nationalist or Federalist. Each citizen then functions as a member of his party, attending its precinct, county and state conventions and voting in its primary.

In Boys State, The American Legion provides the type of program where the young citizen has the opportunity to learn for himself that his government is just what he makes it.

Boys State enrollment this year brings the total to 17,479 junior high school boys who have attended since 1940 when Boys State was first inaugurated in Texas.

**Bangladesh search for offshore oil**

Minister for Mineral Resources Mofiz Chowdhury of Bangladesh announced recently that offshore drilling for oil will start this year in the Bay of Bengal, a bed experts consider rich in deposits.

Forty international companies from Canada, France, the United States, Japan and other countries are competing for prospecting rights.

The U.S. Mint in Philadelphia, built in 1782, was the first building owned by the U.S. Government.

# Small Talk

BY SUE COLEMAN  
Women's Editor

**THE FAMILY OF THE NEW** Chamber of Commerce manager, Bill Albright, had a stormy reception when they moved to town Friday, but I hope they have forgiven the West Texas weather and are getting nicely settled now.

Mrs. Albright and children stayed in their former home until school closed, when Albright began his work here several weeks ago. They are living at 108 Mimosa.

**PERMANENT RESIDENTS** in Colorado now, Jean and Urlin Streu will be missed in Hereford even though they have spent summers in the state to the north for several years, operating a resort near Crested Butte which they have lately sold.

They will live between that town and Lake City, I'm told, after selling their home on McKinley Street here.

**MRS. A. G. BELL AND** Blanche Hardin, at least, and probably a number of other people in this county who came from Cooke County, were interested in wire service stories lately about their former hometown, Era, winning a \$450 award as the state's top town under 1,000 population, in the 1973 Texas Community Improvement program.

Both women were born at Era, which is near Gainesville. A United Press International article tells how 45 families in the crossroads community decided 11 years ago to improve it, and now have a new school, community center, fire department with two trucks, three churches and several businesses — with 200 people in all.

The community president I note, is a woman, Emogene House, who boasts that just about everybody living there is involved in some of the clubs that help make the neighborhood grow.

Weddings are as prevalent as usual in June, not only here but in other places. Delight and Hank Williams went to Wichita,

Kan., on the weekend for the wedding of her niece, Karen Finkenbinder, and Randall Ford. Lucy Moore and Ed Warren also attended the wedding of a niece, daughter of her sister and husband, Mitta and S. L. Ehrle of Tulsa.

Weekend visitors with Guin and John Torbit were his son, Gerald, and family of Pueblo, Colo.

Genevieve Miller had visitors and paid a visit on the weekend when her sons, Jon David and Dion, with the former's family, came up from Austin. They all went Sunday to visit her brother, Burton Olsen, in the Oslo Community in Hansford County, inspected the historic Lutheran church there and celebrated the fourth birthday of Jon David and Julie's daughter, Courtney.

**EL LLANO OFFICERS**—Taking office last week at the season's final meeting of El Llano Study Club, Mrs. Elmer Simball, seated left, is the president for 1973-74. In the photo with her are Mrs. Fain Cesar, vice president, and Mrs. R. W.

Eades, secretary. From left in photo at right are Mrs. Jim Bookout, who will serve as historian; Mrs. R. W. Hoelscher, to be parliamentarian after a term as president; Mrs. Melvin Thompson, treasurer, and Mrs. Tom Hamlett, reporter.

# Robinson To Attend Electrical Workshop

Jess A. Robinson, a Hereford High School student, will attend the 11th annual Future Farmers of America Farm Electrification Workshop June 11, 12 and 13 at the Episcopal Church Conference Center, north of Amarillo.

The workshop is sponsored by Southwestern Public Service Company.

Robinson will take a course in electric controls. A total of 13 hours of instruction are offered in three subjects—farm motors, farm wiring and controls.

Five of the students, two from the wiring and motor courses and one from controls, are selected as outstanding and receive trips to the FFA national convention for their accomplishment. Each student who finishes the course in which he enrolled is awarded a certificate.

An alternate will be selected in each section in the event the winner is unable to attend the national convention.

## 15-year-old boy stabled like animal

Hamburg police recently arrested a West German couple, both 36, on suspicion of keeping their 15-year-old son in a three-square-yard stable without daylight, fresh air or warmth for five years. The parents told police they had been unable to cope with their mentally defective son.

Highlights And Sidelights From Austin

# Special Session Demanded After Bill Fails In House

The 63rd Legislature's failure to agree on even a stopgap aid to education revision set off repeated demands from House members for a special session. Speaker Price Daniel Jr. joined in the chorus, calling on the House Education Committee to "prepare, polish and refine" a school finance bill "for legislative action no later than September 15."

Gov. Dolph Briscoe, who holds the key to whether or not there is going to be a special

session on anything, made clear — twice in writing — that he doesn't plan to call one.

Daniel said his instructions to the Education Committee were offered just in case Briscoe reconsiders his position.

The Committee will begin a series of hearings on school finance here June 18. More than 700 of the 1,149 school districts are in financial trouble, according to Committee chairman Rep. Dan Kubiak of Rockdale.

Briscoe set in motion new studies to develop information for specific legislative proposals in 1975 to equalize educational finances and opportunities. A special session at this time would be "premature," said the Governor, since necessary data

cannot be assembled for another two years.

Daniel and others claim the problem of financial inequities among the school districts already has been "studied to death," and that the House had the answer in H.B. 945 last month.

But Briscoe feels proposals before the Legislature this year would "have only added to the present system of programs and budget with no review of current spending or effectiveness." He said he hopes the new study can produce an "educational approach that we can afford (without new taxes), as well as one that will meet the needs of the future."

PETRY HONORED  
The Governor, four former

governors, legislators, office holders — who's who in Texas — honored Herbert C. Petry Jr., Carrizo Springs, last week for serving 18½ years as a State Highway Commissioner.

Petry, who goes off the Highway Commission at the end of this term, has served longer than any other Texan on that important governmental body.

While he was lauded for his public service, speakers encouraged his neighbor at Uvalde, Gov. Dolph Briscoe, to make a place for him in Texas public service — and a "balloon went up" for Petry as Director of Transportation for the United States.

Petry said "thousands of people had better jobs and better incomes in Texas as a

result of the state's efforts to build an adequate highway system to attract new industries and encourage expansion of industries."

Several presentations were made by present and former highway commissioners, Highway Department officials and employees, Good Roads Association and the man who appointed him to his first term on the Commission, Gov. Allan Shivers. A film strip was presented on his career, including sections about his worldwide career as the youngest president of Lions International 1951.

FINAL REFORM MEASURES PASSED  
Lobby control, code of ethics

and campaign finance disclosure legislation passed in closing hours of the 63rd Legislature's regular session.

While none of the bills were as strict as the original House version, all were viewed by advocates as an improvement over present laws.

All filings and financial disclosure under all three bills will be with the secretary of state.

The new public access to information act is viewed as the best law of its kind in the country. Governor Briscoe earlier signed H.B. 3 to strengthen the open meetings law.

LEGISLATIVE OUTPUT DOWN  
Legislative output was down

considerably this year over 1971, although some contended the 63rd Legislature came to grips with more monumental problems than the last.

A total of 688 bills was passed by the 63rd, compared with 1,066 by the 62nd in their 140-day regular session.

A total of 2,746 bills was introduced, together with 97 proposed constitutional amendments.

Three hundred Senate bills and 388 House bills were passed, as were two proposed amendments to the constitution introduced in the House and seven introduced in the Senate.

COURTS SPEAK  
The State Supreme Court refused to back Gulf Oil Cor-

poration's claim that its 45,771-acre lease in Crane County of the Permian Basin should be extended 4,661 days due to lost production resulting from Railroad Commission proration orders. The lease will expire July 14, 1975.

In other recent action, the Court held:

—A common law wife can't collect insurance benefits when she isn't using a man's name.

—An intermediate court was correct in concluding a car cannot be confiscated by the state for drug transportation unless the state can prove the charge beyond a reasonable doubt.

—An Air Force Village retirement home for officers and their dependents is not entitled to a property tax exemption since tenants were not taken in as charity cases exclusively.

—An off-duty cafeteria worker who broke her arm while welcoming other workers on pay day is eligible for job injury benefits.

—The owner of a \$65,000 home in Denton must spend \$1,500 to add brick, stone or stucco to conform with neighborhood requirements.

The Court of Criminal Appeals held requiring movie patrons to have membership cards is no defense for showing obscene films.

A district court hearing here ended in an oil company's agreeing to give priority to local consumers of liquefied petroleum gas products.

AG OPINIONS

Atty. Gen. John Hill declined to term state tuition equalization grants to private colleges unconstitutional, but advised caution in view of cases before the U.S. Supreme Court.

In other recent opinions, Hill concluded:

—Non-protein sources of nitrogen may be included in the total percentage of crude protein in the guaranteed analysis of feeds required by Commercial Feed Control Act of 1957.

—An attempt by the legislature to appropriate funds for a longer term than two years is inoperative.

APPOINTMENTS

R.J. (Dick) Lindley Jr. of Houston was named to the board of directors of Texas Turnpike Authority, succeeding Cyril J. Smith of Houston.

Carroll Sullivan of Gainesville was reappointed to the North Texas State University Board of Regents.

Garland F. Smith of Weslaco was appointed to the board of directors of Rio Grande Valley Pollution Control Authority. Justo L. Cisneros of Brownsville and Richard Martinez Jr. of McAllen were reappointed to the same authority board.

SHORT SNORTS

Lt. Gov. Bill Hobby officially announced he will not seek permanent chairmanship of the Constitutional Convention next January.

R.L. Phinney of Austin, Internal Revenue Service District Director for 21 years, announced he will retire this month.

# For God So Loved The World

## ONLY THE BEGINNING

For all those who truly seek wisdom this is "Only The Beginning" time. It's time for rewards but also time for setting the sails to cope with the high winds ahead. Commencement to serious minds can be little less than frightening. Have these young people learned well to do their duty? Are they qualified to accept prosperity? Are they fortified for adversity? Have they learned about God? If they have not learned these things well, then they have learned but little.

Opportunities are in abundance for those who are determined. Commencement is only the first round on a ladder that reaches to the stars for all who will but apply themselves. Then, young graduates, be of great faith and unlimited perseverance. For He said you have only "to seek and ye shall find, knock and it shall be opened unto you."

## C Of C Women Outline Summer Activity Plans

Representing the Women's Division, Deaf Smith Chamber of Commerce, Mrs. Joel Newman, its fine arts chairman, will go to San Antonio for a fine arts seminar this weekend sponsored by the Fine Arts Council of that city.

Decision to pay expenses of her trip was reached at the June executive board meeting at a luncheon in Hereford Country Club.

Plans for the summer membership meeting were announced by Mrs. E. W. Sparks, public affairs chairman. Teachers of the city will be especially invited for this meeting, a dinner to be held at 7:30 p.m. July 10 in the Caison House.

It will be open to all members. Mrs. Melvin Hoover will be in charge of program arrangements.

A second city-wide cleanup campaign in Hereford this year.

### Concorde blamed for fish that got away

Britain's Department of Trade and Industry received a complaint from a Scottish angler who claimed to have "lost" a salmon when the Concorde passed overhead on a test flight and wants to be reimbursed for the cost of the fish.

He told the commission investigating claims for damage due to Concorde's supersonic test flights along Britain's west coast, that he was so startled by the sonic boom that the fish got away.

## Rainbow Girls Install Officers

Linda Jo Collins was installed as worthy advisor of Hereford Rainbow Assembly in an open ceremony Monday evening at the Masonic Lodge. She is the daughter of Mr. and Mrs. Boyd Collins. Mrs. Bill Hutson, past mother advisor, installed her.

Other officers also took their seats as Miss Collins advanced to the principal post, after serving in many offices, including a term as associate advisor.

Elected associate advisor in her administration was Carmela Burges, with Sue Roberts as charity, Patricia Brownlow hope and Jana Ray faith, Becky Oglesby, treasurer, and Carole Vogel, recorder, are other new elected officers.

The installing staff was headed by Cindy McWhorter, with Karen Scott as marshal, Kathy Roberts musician, Linda Merrill chaplain and Melissa Johnson recorder.

Appointed to office by Miss Collins are Jo Lyn Williams, chaplain; Michelle Moore, drill leader; Janet McWhorter, love; Staci Robinson, religion; Cindy McCarley, nature; Jane Ellis, immortality.

Also, Lana Clark, fidelity; Debbie Fletcher, patriotism; Jettie Watts, service; Dalene Henson, confidential observer; Rose Warren, outer observer; Joan Josseland musician; Laura Clark, choir director.

promoters; Carla Dobbins, hostesses. Mrs. J.A. McWhorter is mother advisor for the local assembly.

Younger sisters of Miss Collins took part in the ceremony, Rita Ann as registrar and Georgia Mae making the presentation of the chosen flowers, daisies. Karen Scott sang Pass It On, the song selected by the new worthy advisor.

Yellow, green and white are her colors, "Let Your Light So Shine," her theme, and her Bible verses were chosen from the Gospel of Matthew, beginning, "You are the light of the world."

Taking office as hope, Miss Brownlow was presented her gavel by her father, Gene Brownlow.

At a reception after the ceremony, refreshments are served by Joan Frische, Terry Swindell and Donna Grady.

to precede the celebration of the city's 75th anniversary late in August, will be sponsored by the beautification committee, Mrs. Melvin Jayroe, chairman, reminded members.

A two-week cleanup period is planned before the Jubilee celebration begins with a parade Aug. 25. The Women's Division will enter a float in that parade, and the decorating committee is at work now on preparations for building it.

Details of sponsoring Sandy Caison's trip to Fort Worth next month to appear as Miss Hereford in the Miss Texas pageant were discussed. Miss Caison and her official

chaperones, Mrs. Dwight McGee and Mrs. Terry Caviness, will be in Fort Worth July 15-21.

A tea to honor the current Miss Hereford will be given before she leaves, with the Women's Division as hostess.

As was done last year, a telegram will be sent from Hereford friends to wish her success in the state contests. Those who wish their names included may notify the Chamber of Commerce office by telephone, and be billed for the one dollar fee.

Mrs. Rex Lee, president, conducted the meeting; 11 members were present.

## Drive Under Way To Collect Trading Stamps For Children

The Churches of Christ in West Texas are busy collecting stamps for the Children's Home of Lubbock. The trading stamps, 3,100 books of them, will be used to purchase two vehicles for the Children's Home.

Any brand of stamps can be used but purchase contract has been made with the Gold Bond company and the S & H Green Stamp Company. The

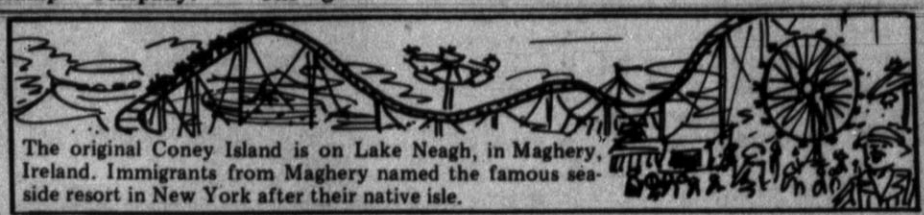

Children's Home is able to trade stamps to have the brands needed for the purchase.

The vehicles needed are a pickup for use on the Home's 15 acre Lubbock campus and a 14 passenger van. The two vehicles will replace older models which have high mileage on the speedometer.

The Children's Home was started in 1953 to serve boys and girls in the Southwest who

needed a Home. Since it started 1,000 boys and girls have been served according to Home Superintendent Floyd I. Stumbo. "Today, 150 boys and girls are given care by the Home," Stumbo stated.

Stamps can be mailed at any time to Floyd I. Stumbo, Superintendent, Children's Home of Lubbock, Box 2824, Lubbock, 79408.

The original Coney Island is on Lake Neagh, in Maghera, Ireland. Immigrants from Maghera named the famous seaside resort in New York after their native isle.

## Detective Novel Is 'Of Today'

Another engrossing case of the fictional detective, Lew Archer, is the subject of *Sleeping Beauty*, a new book in DeafSmith County Library, this time concerned with environmental problems which lead to the secrets of a wealthy and powerful family.

Another recent addition to library shelves is a piece of non-fiction, *The Great Wagon Road*, which gives sidelights on early American history along an Indian trail which became a principal route westward from the English colonies.

### SLEEPING BEAUTY

By Ross Macdonald  
The New York Times Book Review has called the novels of Ross Macdonald "the finest series of detective novels ever written by an American." And Eudora Welty says of his detective hero, Lew Archer, "He is of today, one of ours." Macdonald's new Lew Archer novel—his first since his best-selling and brilliantly acclaimed *The Underground Man* and *The Goodbye Look*—it itself strikingly "of today," of this moment in America.

*Sleeping Beauty* plunges Archer into a fascinating and intricate case connected to a disastrous oil spill on the coast of Southern California.

It involves him with three generations of the imposing Lennox family whose offshore oil platform has caused the spill; whose young heiress, glimpsed for a haunting moment on the beach—handsome, angry-eyed, clutching an oil-drenched sea bird in her arms—has disappeared.

On her trail, Archer finds himself journeying into a horrendous past, into the hidden lives of a family twisted by money, by power, by a ruthless, almost compulsive instinct for infidelity—infidelity between husbands and wives, parents and children, infidelity to friends, dependents, duty and, in a sense, to the earth itself.

As Archer moves among these people, among their lies and contradictions; as episodes distant in time and uncovered—a derelict stranger dead, a ship destroyed by fire in World War II, a secret case of extortion, a child's long-ago glimpse of violence; as the novel moves to its climactic and complex resolution, the reader is once more held fast by the unique art of Ross Macdonald; crackling suspense rooted in strong perception of reality.

### THE GREAT WAGON ROAD

By Parke Rouse  
The eleventh volume in the American Trails Series brings the reader back east to the area soon to be the focal point of the nation's bicentennial. The chronicle of the Great Philadelphia Wagon Road is the story of infant America. Few trails in early America

were more important than the Indian route which extended east of the Appalachians from Pennsylvania to Georgia. This ancient warrior's path had long been used by Iroquois tribesmen of the north to go south to trade, hunt, or make war.

After a series of treaties with the powerful Five Nations of the Iroquois, the English acquired the route which was to become the principal highway of the colonial back country. By the end of the colonial era traffic was numbered in tens of thousands—more traffic than all other main roads put together.

With the coming of canals, turnpikes and railroads, however, the wagon road lost its importance, new waves of European emigrants no longer came south and the once-rustic "back country" no longer looked to the east for amenities or enlightenment.

But the character of the people along its route did not change, and it is still known for Andrew and Stonewall Jackson, Cyrus McCormick, James Polk, James Buchanan and their kinsmen. The Great Wagon Road was the pathway to opportunity, and opportunity made America grow.

**FRIENDLY NUZZLE**—Ringling Bros. and Barnum & Bailey Circus' world-famous tiger trainer, Charly Baumann, enjoys a bit of fun with his huge pet, Kismet, in the 102nd Edition of *The Greatest Show On Earth*. Four performances are scheduled at the Amarillo Civic Center on Tuesday and Wednesday, June 26 and 27. There will be two performances each day, at 2:30 p.m. and 8:00 p.m.

"The brain is a wonderful organ; it starts working the moment you get up in the morning, and does not stop until you get into the office." (Robert Frost)

Can you divide 10 into two parts—one five times as large as the other? Answer: 1-2/3 and 8-1/3.

**WHO and WHERE IS THE C-A-T?**

## Watson Now Heading Gas Company

K. Bert (Tex) Watson, who Friday assumed the office of president and chief executive officer of Pioneer Natural Gas Company, announced the naming of a new vice president for the company, as well as two new officers for Pioneer Gas Products Company, a Pioneer subsidiary.

Pioneer Natural Gas Company directors elected Watson in a board meeting April 17, making his appointment effective Friday to coincide with the retirement of Burtin P. Smith. Smith, who took early retirement, will remain on the board and continue to serve as chairman of the executive committee.

IN TALKING about the changes in company personnel, Watson said, "I am pleased to announce that David Culver has

The great fire of Nov. 9, 1872, in Boston, Mass. caused \$75 million property loss.

Remember Dad  
June 17th  
Cowan Jewelers

been named a vice president of Pioneer Natural Gas Company and will continue as supervisor of the gas supply department." "With the energy situation as it is today," Watson continued, "Gas supply has become a vital part of our company operation, and we are pleased to have a man of Culver's experience in this position."

R. R. McCafferty, assistant

vice president and a long-time employee of Pioneer, was advanced to the position of president of Pioneer Gas Products Company, and James E. (Buck) Cannon was named vice president. Pioneer Gas Products is a subsidiary of Pioneer and operates gasoline plants for the production and sale of liquid petroleum products.

IN COMPLETING the announcement, Watson said that Larry R. Shortes, Pioneer vice president, would assume the duties of division manager of the West Texas Division of Pioneer. Shortes, who was named vice president in February of this year, will remain with the company in an advisory capacity until his retirement on August 1.
