

Luncheon Honors Dignitaries

Visiting dignitaries were honored at a luncheon Saturday in connection with Hereford's Diamond Jubilee, and Gov. Dolph Briscoe was presented the honorary "Hereford Bull" award upon arrival at the airport at 1 p.m. In the photo at left, Gov. Briscoe admires the "Bull" after the presentation by Jim Conkwright, C of C

president, while Mrs. Briscoe looks on. At the luncheon, Dale Young, Jubilee general chairman, presented several awards — including (right) souvenirs to Dr. and Mrs. Lloyd I. Watkins. He is the new president of West Texas State University. Special plaques went to elective officials—Congressman George Mahon,

State Sen. Max Sherman, and State Rep. Bill Clayton. Mayor Jim Sears welcomed Gov. Briscoe at the airport, and Young also presented the governor one of the plaques. Ignacio Arietta, Mexican consulate from Lubbock, was another official honored at the luncheon.

Celebration Moves Into Final 3 Days

Noon Luncheon, Pageant, Battle Of Bands To Highlight Jubilee Activities

John White, Texas Agricultural Commissioner, takes the spotlight at noon today during Agricultural-Industry activities of Hereford's Diamond Jubilee Celebration.

White will be the main speaker at a noon luncheon at the Bull Barn which will also be a joint meeting of all Hereford civic clubs and a quarterly meeting of the Deaf Smith Chamber of Commerce.

The meeting highlights today's activities of the Celebration with Mexican-American Day activities Friday and Diamond Jubilee Day Saturday.

OTHER activities today include a bus tour of local industries and feedyards, which is scheduled to leave Jubilee Headquarters at 9 a.m. The tour will finish at 11:40 a.m. and then carry persons to the Bull Barn luncheon.

Also at 2:30 p.m. today will be a tractor-pull at the rodeo arena and the second showing of "Hustlin' Heritage '75" will be at 8:30 p.m. in Whiteface Stadium.

Highlighting Friday's activities will be a visit of the Mexican Consul to the United States, a Mexican Fiesta and Mexican Arts Exhibits.

THE MEXICAN noon luncheon will be in the Community Center with the San Pablo Methodist women in charge. The luncheon and activities will continue in the center from noon until 5 p.m.

A Mariachi band also will play from 3-5 p.m.

Another big activity of Friday will be the "Battle of the Bands" beginning at 7 p.m. in the Bull Barn. Four well-known bands from the area will entertain the crowd for another hour until 1 a.m.

BANDS to be featured in the "battle" will be "Blackwater Draw," "Fresco," "Salty Dog," and "Badge."

Saturday will be the climax and final day of the Celebration as Hereford Officially Celebrates its 75th birthday.

A large birthday cake will be cut by town officials at 10 a.m. in the Community Center with awards being presented to persons from farthest points and to the oldest mother and father.

A BAR-BE-CUE sponsored by the Rotary Club will be held at noon in Dameron Park.

The bar-be-cue will cost \$1 per person unless a Jubilee button is worn for which the person will get a 50 cent deduction.

A TIME capsule, containing pictures and historic items, will be buried at 1:30 p.m. Saturday on the south side of the Community Center. The capsule is scheduled to be opened on Hereford's 100th birthday, Sept. 1, 1968 along with another time capsule buried on the courthouse square back in 1948 on Hereford's 50th birthday.

AT 3 P.M. Saturday will be the judging of beards at the Community Center with the awards to be presented that night at 8:30 at the final showing of the Hereford Pageant at Whiteface Stadium.

During intermission of the pageant will be the drawing for the Diamond Jubilee grandfather clock.

Religious Festival

A crowd of more than 1,000 gathered in City Park Sunday night during Religious Heritage Day of the Diamond Jubilee Celebration. The crowd joined in religious services delivered by several singing groups and various ministers of local churches.

DJ Parade Billed As Texas' Largest

By KATHY MARGRAVE
Staff Writer

Hereford's Diamond Jubilee Celebration rolled into full swing Saturday as the Diamond Jubilee Parade officially kicked off the week-long celebration activities.

Billed as the "longest parade in Texas history" by parade officials, the 127 entry parade was led by Gov. and Mrs. Dolph Briscoe, U.S. Rep. and Mrs. George Mahon of Lubbock, State Sen. Max Sherman of Amarillo, State Rep. Bill Clayton of Springlake and Otero Ignacio Arrieta, Mexican consul to the United States.

Parade attendance was estimated at between 15,000 to 20,000 persons.

A group of out-of-town judges selected winning entries before the parade. Winners in the various categories were:

SWEEPSTAKES — 1, Deaf Smith County Library float; 2, Mexican Belles Teacher's Aids, float.

BEST IN THEME — 1, St. Anthony's Catholic Church; 2, Home Demonstration Council.

CAR OR OTHER 'VEHICLE' — 1,

Watt Ballard, 1903 Flint auto; 2, Long Horn Model A Club of Amarillo.

AGRICULTURE FLOAT — 1, Deaf Smith County 4-H Club; 2, Deaf Smith County 4-H Horse Club.

CHURCH AND EDUCATION — 1, Home Demonstration Council; 2, St. Anthony's Catholic Church.

COMMERCIAL — 1, Pioneer Natural Gas; 2, First National Bank.

BANDS — 1, Boys Ranch Roughriders Band; 2, Hereford High School Band.

CIVIC CLUBS — 1, Easter Lions Club; 2, Hereford Rotary Club.

MILITARY — 1, Hereford American Legion and Veterans of Foreign Wars Color Guard; 2, Reese Air Force Base, Lubbock, color guard.

RIDING CLUBS, seniors — 1, Randall County Sheriff's Posse; 2, Friona Riding Club.

RIDING CLUBS, juniors — 1, Hereford High School Rodeo Team; 2, Boys Ranch Honor Patrol.

Other activities Saturday included a mock bank robbery and shootout in downtown Hereford and a tobacco spitting contest.

Deputies' Raise Causes Snag

By O.G. NIEMAN
Publisher

Deaf Smith County Commissioners had no problem in formally adopting a \$1,162,437 budget Monday, but they hit a snag on trying to decide how much to raise the pay of three sheriff's deputies.

After much discussion, and some controversial exchanges between County Judge H.C. Williams and Sheriff Travis McPherson, the court and judge voted 2-2 on a motion to raise the deputies pay from \$664.50 a month to \$700. The topic will be on the agenda again at the next meeting, when hopefully all commissioners will be present. Bruce Coleman was absent Monday. The tie vote came when Donald Hicks and Earl Holt voted for the motion, and Marcus Latham and the judge voted against.

See Page 1, Section 2 for parade pictures

County Budget Passed

A PUBLIC hearing was held on the budget, which already had tentative approval of the court from the first meeting of the month. Only two ladies — Argen Draper and Juanita Hershey — appeared for the budget hearing, and it was approved after a brief review. Commissioners could not officially approve the tax rate, since all members were not present. The budget calls for an increase of 5 cents per \$100 assessed valuation on county taxes, with the assessment remaining at 22 per cent of value.

HOWEVER, the combined city, state, and special district tax bill remains the same as last year — \$1.72 per \$100 assessed valuation. The state ad valorem tax was reduced 5 cents to offset the 5-cent county increase. The county tax is now \$1.20; the hospital district is 25

cents; the water district is 5 cents, and the state is 22 cents — all per \$100 valuation.

The new budget was increased "only" \$73,931 over last year's estimate and is \$105,693 less than the actual '72 total. It proposes a 5 per cent salary increase, across the board.

IN OTHER business Monday, the court approved a contract for a jail management consultant, approved an underground cable to the new library, passed a resolution which relinquishes title to Central School properties, and heard a Blue Cross representative outline rate increases on hospitalization for county employees.

At the last meeting, commissioners had sent an inquiry to the state to determine if the county could be rein-

stated on receiving funds for county school administration. The state pays \$2,600 to the county judge, as ex-officio county school superintendent, and \$2,600 to a secretary. Judge Williams had declined the job several months ago, and the commissioners agreed for the county to make up the difference in pay.

HOWEVER, the Texas Education Agency reported the county was still eligible to receive the \$5,200 per year. Judge Williams said he met with the county school board and they agreed to request the county be reinstated.

The topic of pay increases for the top three deputies has been with the court for several months. Last month, commissioners approved a clothing

See COMMISSIONERS Page 2

Wreck Injures One

One man was injured in a truck mishap Tuesday, shortly after 1 p.m. on a county road 1 1/2 miles west of Dawn.

Rev. Will Comer Thrillkill, 2326 NW 14th St., Amarillo, received minor injuries in an incident about one mile south of where a man had been killed in a truck-train accident two weeks ago.

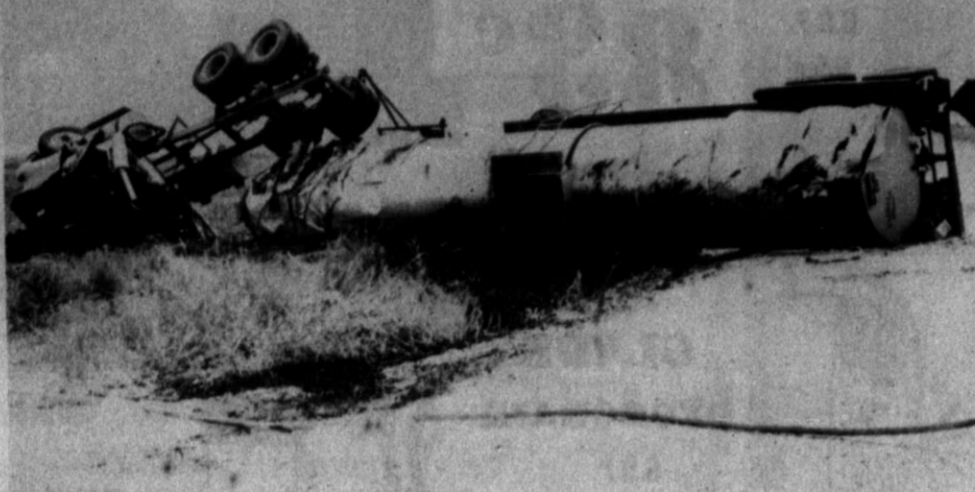

Thrillkill, driving for Caddell Transit Corp., Lawton, Okla., was traveling south on the county road in a 6000 gallon asphalt tanker when a blowout reportedly occurred causing the truck to veer to the left. The tanker struck a dump truck,

driven by John Michael Grady, 728 N. Cleveland, Amarillo, and then turned over in the bar ditch, totalling the cab and tanker.

Grady, a driver for Grant Trucking Co., Amarillo, was not injured, and the truck received blowouts on the left rear tires and damaged two wheels. The gas tank on the truck was also damaged, but no fire resulted. Thrillkill was taken to Deaf Smith General Hospital where he was treated for injuries.

Two units from the Hereford Fire Department arrived shortly after the incident to make sure that the spilled asphalt did not ignite. A unit of the Texas Highway Patrol was also dispatched to the scene.

Much of the asphalt spilled on the ground and the overturned truck was removed by a wrecking crew with the help of the Hereford Volunteer Fire Department.

Truck Wreck

Will Thrillkill, Amarillo, received minor injuries from a truck accident Tuesday, 1 p.m., only one mile south of where another man was killed in a truck-train accident two weeks ago.

Incidents Keep Police Busy

By STEVE CONNELLY
Staff Writer

There were few traffic accidents this week, but the Hereford Police Department was kept busy with other incidents.

One accident occurred Friday at 5 p.m. in the 300 block of Main Street involving two cars.

A 1964 Mercury driven by Robles A. Martinez, 401 Lawton, was attempting to turn right onto Tmird Street, off of Main, when a 1970 Ford driven by Nan Neal Conaway, 116 Rio Vista, struck the rear of the Martinez car.

One accident was reported Saturday at 2:15 a.m. at the parking lot of Big Daddy's Truck Stop, involving a parked car.

A 1961 Chevrolet owned by Ismael Yanes Vera, 329 Ave. E, was parked in the lot when a 1972 Ford driven by Don Wenison McNeese, 413 Star, was

backing out of the lot and struck the Vera car.

Only one accident was reported Sunday, which occurred at the entrance to City Park on South Main Street.

A 1962 Chevrolet driven by Luis Ruben Ortega, Rt. 3, Hereford, and a 1972 Ford driven by John C. Hagar, 703B S. 25 Mile Ave., were traveling south on Main Street. The Ortega car was reportedly in the inside lane, and the Hagar auto in the outside lane when the Ortega car attempted to change lanes and collided with the Hagar car in the left front fender.

Three accidents were reported Monday, one of which occurred near the intersection of U.S. 60 and U.S. 385 involving a car and a pick-up.

A farm vehicle was said to have been going south on U.S. 385, with several vehicles following it, when all of the vehicles stopped. When they stopped, a 1973 Chevrolet pick-up driven by Kenneth Wayne Bass, Hart, collided with the rear of 1967 Ford driven by Yvonne O. Simpson 229 Fir.

The second accident Monday happened at 12:50 p.m. on U.S. 60 involving two cars.

A 1967 Mercury driven by Sandra T. Combs, 433 Ave. K, and a 1965 Ford driven by John H. Evans, Portales, N.M., were proceeding west on U.S. 60, when the Combs car stopped at a traffic signal and the Evans auto collided with the rear of the car.

A third accident occurred in the parking lot of Gibson's Discount Center, involving a parked car and an unknown automobile.

A 1973 Chevrolet, owned by Dickey Eugene Wright, 919 Irving, was parked in the lot and an unknown vehicle struck the car in the right rear fender and left the scene. The other car has not been found yet.

The Police Department also arrested one person for DWI (driving while intoxicated), and two for being drunk in public, along with answering several calls for family disturbances.

The Hereford Fire Department reported to one fire this week which was Monday at 1 p.m. involving a truck which caught on fire. The 1970 Ford truck, owned by a contractor from Midland, was loaded with paint which caught fire and almost destroyed the truck.

Back to school savings. So students can concentrate on their studies.

Sale 3 for 275

Suspect Arrested In Stabbing

Jessie Martinez, 603 13th St., was stabbed following a reported argument, last Saturday, and bond has been set at \$5,000 on Ricardo Rodriguez, who was arrested in connection with the assault.

Martinez was said to have been in serious condition Saturday, but is in better condition now.

Officers were called to Deaf Smith General Hospital about 7 p.m. Saturday, shortly after the

stabbing was reported. Rodriguez, who had taken Martinez to the hospital, was questioned by officers there and gave them a statement concerning the incident.

The incident reportedly happened after an argument at the Martinez home. A third person involved in the incident, is still being sought for questioning.

Rodriguez was treated for minor cuts at the hospital after his arrest by officers.

Funeral Service For Mrs. White Conducted Here Tuesday

Mrs. Lillian Amanda White, 78, a former Hereford resident, died Sunday morning in a nursing home at Dimmitt, where she had lived since October, 1969.

Her funeral was conducted Tuesday afternoon in Rose Chapel of Gilliland-Watson Funeral Home by the Rev. Jim Bozeman, pastor of Temple Baptist Church. Burial was in

Rest Lawn Memorial Gardens. Mrs. White was a native of Illinois, born Oct. 16, 1894. She came to Texas from that state in 1917. Her marriage to Clarence Henry White took place July 10, 1960, in Hereford. He died in 1965.

Mrs. White was a member of Avenue Baptist Church.

Survivors are six sons, Marvin Kearns and Burney Kearns of Hereford, Joe Kearns of Amarillo, Kenneth Kearns of St. Paul, Minn., Jack Kearns of Chicago and Howard Kearns of Seaside, Calif.; 17 grandchildren and eight great-grandchildren.

Religious Day Draws Large Crowd To City Park Ceremony

ANSWER TO HIGH GASOLINE PRICES
New Texas law, effective August 27, created a new category of vehicle, the "motor-assisted bicycle." More than 175 mpg is claimed by the only brand so far certified in Texas, the Solex (shown above). A motor-assisted bicycle can be pedaled like any bicycle, or operated by motor power (top speed, 20 mph), or both. And no helmet is needed for the operator. Minimum legal age is 15.

Sherman Reappointed

Lieutenant Governor Bill Hobby recently announced the re-appointment of Senator Max Sherman of Amarillo to the Texas Legislative Council. Also named were Senators Jack Hightower of Vernon, Jim Wallace of Houston and Grant Jones of Abilene. Senators Sherman, Patman and

Religious Day activities Sunday began with ceremonies throughout the city in different churches with other festivities during the day including a supper at City Park with gospel festivities during in which a crowd of almost 1,000 persons attended.

The picnic supper began at 6:30 p.m. Sunday with lemonade and coffee provided by the Hereford Ministerial Association, and each family group brought their own dinner to enjoy the company.

At 8 p.m., the worship service began with the Rev. Jordan Grooms of First United Methodist delivering the invocation, followed by a song service in which the crowd participated.

Prayer was presented by the Rev. Boniface Riedmann, St. Anthony's Catholic Church, and special music followed the prayer. Spanish religious music was also a part of the service.

The Rev. Max Jetton, Church of the Nazarene read and discussed scripture from the book of Luke, and later, the Rev. Eugene Brink, First Christian Church, delivered a sermon entitled "Don't Look Now But We're Being Followed", which asked Hereford citizens to try to prepare the world for the future generations which will follow.

To end the service more special music was provided and a benediction was delivered by the Rev. William Lang of St. Thomas Episcopal Church.

REWARD OFFERED

On May 2, 1865, President Andrew Johnson offered a reward of \$100,000 to anyone capturing Jefferson Davis, president of the Confederacy.

MUNICH OCCUPIED

On May 2, 1945, the U.S. 7th Army occupied Munich; Berlin was captured by Russian armies.

SMALL TALK

By SUE COLEMAN
Women's Editor

THERE'VE BEEN so many things to do and go to during Jubilee Week that there's a possibility we've missed some of the things that are just there to see, which are certainly worth our time.

Displays of antiques in store windows, for instance, many of them shown with imagination in special settings, and all of them objects of interest or curiosity, whether or not they are pieces of value (in money).

You have to look around over town to see them all, not just downtown and in the mall. Driving along Park Avenue I noticed a striking display in a florist shop, that called for a stop and a closer look. You may come upon something quite worth seeing just anywhere there is a business place.

ALSO THERE IS the Santa Fe exhibit in special cars on the siding a piece west of the depot, attractive to railroad buffs and others.

And the quilt show at the mall is still open, with several dozen old and new quilts and coverlets hanging in the building formerly occupied by

the Yardstick, and another quilt set up in frames with an expert quilter working on it.

If you like, you may take a few stitches yourself under her direction. But you will likely decide you'll never be able to duplicate the fine handwork on display.

SEVERAL QUILTS date back around 1850 and some were finished this year. You can trace the styles in bedcovers as you notice the dates.

One of the nice things about the display, each quilt has a label with the name of the maker, date, design name and present owner's name.

And names of those designs have a fascination of their own: Ocean Waves, Shooting Star, Rob-Peter-to-Pay-Paul, Double Wedding Ring — the oldtime women who made them certainly used their imaginations!

AS HAS BEEN mentioned, digging into a town's history turns up all sorts of interesting facts, some very surprising.

I am much interested in two different notes about a Miss Millicent Griffith, who was

connected with the history of Hereford about the time World War I ended.

It seems that she was a partner in ownership of The Brand at one time, and from 1921 to 1923 she was superintendent of Hereford Public Schools.

WHAT AMAZES ME is that I've never heard before of Miss Griffith, in all my contacts with oldtimers during eight years residence here.

A woman principal of a small rural school when West Texas had small rural schools, was not unusual, but a woman school superintendent was unusual then as it still is; didn't Hereford folks think there was anything remarkable about Miss Millicent's job?

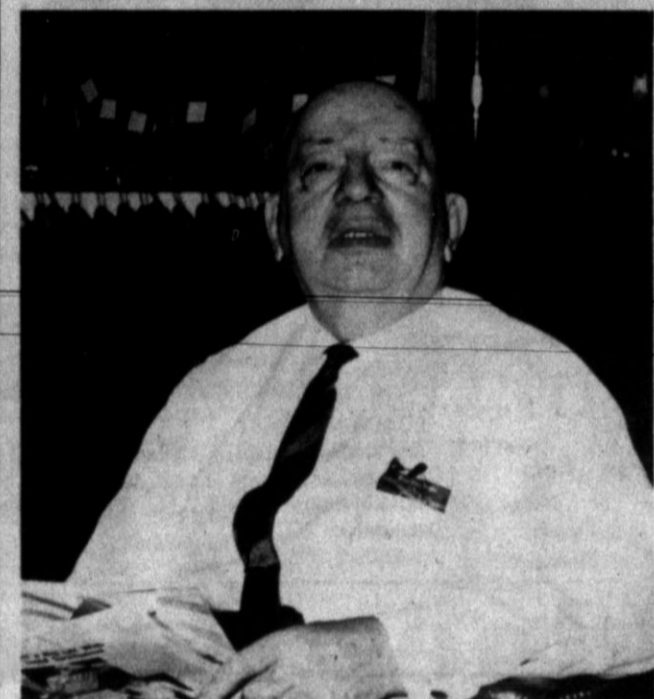

She was just mentioned casually in the pieces I read, and my curiosity is whetted. Who can tell me about her, please?

Grant To Aid Migrant Children

A grant of \$244,507 from the department of Health, Education and Welfare (HEW) to the Panhandle and South Plains District Venture, Inc., of Amarillo was announced to The Brand from Cong. George Mahon's Washington office Monday.

The grant, a head start type grant strictly for migrant children, will be for a 12-month program to provide full-day, full-year child development in day care services to the children. The project will serve the counties of Deaf Smith, Hale and Lubbock.

Mrs. Maria Gamez is head of the Hereford Day Care Center.

75TH BIRTHDAY—With residents of Hereford observing its 75th birthday this month, not to be overlooked is Gaston Baer's 75th birthday that he celebrated August 11. Mr. Baer is owner of Gaston's Popular Store in downtown Hereford, where he founded it 52 years ago.

Beans And Milk Are Two Forgotten Foods

Food dollars may have quit "pinching" lately — and just plain gone to "hurting."

"So take a hard look at what's placed in that shopping cart," Frances Reasonover, foods and nutrition specialist, Texas Agricultural Extension Service, Texas A&M University System, advised.

"Although highly nutritious, some foods which rate low on the food status scale get neglected," she noted.

Two such "forgotten foods" are beans and milk.

"Beans add variety as a meat alternate while providing protein economically.

"Twenty grams of protein

from beans costs consumers about six cents — compared to 19 cents for the identical quantity of protein from hamburger."

Milk, on the other hand, often is "written off" as just for babies or children.

"Consequently, many consumers select cheese over milk to provide calcium in diets.

"With nonfat dry milk, the calcium equivalent of one glass of milk costs three cents. For that same amount of calcium from Swiss cheese, the consumer pays nine cents — and 68 cents for cream cheese," Miss Reasonover added.

THE FAMILY LAWYER

Danger From Below

Farmer Watson's sheep, grazing in their pasture one morning, spied a thick, molasses-like liquid oozing out of the ground. Finding it appetizing, they all took a long drink.

Unhappily, the liquid was nothing but crude oil, seeping up from a broken pipeline that ran underneath the farm. In short order the sheep sickened and died.

Watson lost no time in seeking damages from the pipeline company. In court, he pointed out that the company had known of the leak for more than a week without bothering to warn him of the danger.

Result: the court ordered the company to pay for the dead sheep. The judge said it had failed to exercise the "reasonable care" that the law demands in such circumstances.

This case illustrates the type of claim that can arise from the network of cross-country pipelines now spreading swiftly under our land.

Gas pipelines too have their hazards. In another case, a gas pipeline was laid on the surface of some suburban property, close behind a small house. A resident of the house unwittingly backed his car over the line, cracked it open, and suffered a toxic dose of escaping gas.

When the man asked for damages, the company said it had a contractual right to lay pipeline "anywhere on the premises." But a court said this did not mean it could do so without fair regard for the safety of people living there.

Of course, the resident who is aware of a pipeline has to take reasonable precautions too.

Another farmer was injured when his plow struck a buried pipeline, throwing him to the ground. But it seems he had known where the pipeline was, and had been hoping that the plow would just slide right by it.

A court decided he could not collect damages from the pipeline company.

"He contributed," said the court, "to his own hurt."

THE Hereford Brand

Girls Win Rodeo Team Trophy

Renee Poarch of Hereford was named All-Around Cowgirl at the Tri-State Rodeo held in Perryton the past weekend, and the Hereford girls won the team trophy.

The Hereford girls are leading in the team race of the Tri-State Rodeo Association, having captured the team trophy at all four Tri-State Rodeos to date. These have been at Wheeler, Happy, Muleshoe and Perryton.

Hereford will host the next Tri-State Rodeo on Sept. 6-8. The high school rodeo will be held three nights and have one matinee performance on Saturday. Stock contractor for the rodeo here will be James Martin of Spearman.

At the Perryton rodeo, Miss Poarch won the barrel racing and pole bending events and was third in goat tying. Mary Shipp was third in barrel racing, and Gary Cotten was third in calf roping.

To Battle Tascosa At 10 p.m. In Vega

By DON RICHARDS
Brand News Editor

Head Coach Larry Dippel gets his first good look at his prospects for the season as the Hereford Whitefaces take on Amarillo Tascosa's Rebels in a pre-season controlled scrimmage at 10 p.m. Friday in Vega High Stadium.

The game was scheduled late after the Vega football team scrimmage and was planned in Vega because of the Diamond Jubilee show being staged through Saturday in Whiteface Stadium here.

CAPTAINS
Jim Marsh and Wayne Schumacher

COACHING STAFF
Jim Arthur, Dempsey Alexander, Wendell Robinson, Fred Upshaw, and Larry Dippel, head coach. Kneeling: Larry Walls, trainer; Joe Tubb, Don Cumpton, and Aaron Bourland.

DIPPEL said the main purpose of the scrimmage will be to "give" the players some game-like conditions against other players and other circumstances.

"We will be working the ball out of different field positions in an attempt to see in what areas we need to concentrate before the actual season starts," Dippel said. "We are approaching this scrimmage just like a workout. However, it will be better because it will give the players a chance to come together as a team."

THE COACH said he knew Tascosa would have a good team, but he isn't particularly worried about it.

"We know they are plenty good, but it doesn't really matter. I just want to get a good workout out of it so that we can learn what we need to do for the games that really do count."

Dippel said he has been pleased with the effort of the Whitefaces during the first week of workouts in pads.

"THEY'VE made a lot of improvement," he said. "Their effort has been real good, but there has been a lack of intensity of concentration. I'm hoping that will improve after this scrimmage as we get closer to that first-season game."

The Whiteface coach, who was coach of the year in 1971,

said he has been pleased with the performance of several individuals and the offense and offensive line in particular.

"However, the depth at linebacker and in the secondary is a major concern," he said. "I've been well pleased with the running backs. James Waits has been making good progress and (Franklin) Higgins has looked good. James Harris and Chuck High also have been running good."

DIPPEL said he also was pleased with the defensive line, but again that the "youngsters in the defensive secondary have got to mature quickly."

The scrimmage will have officials but will be a controlled game. Each team will get the ball on the 30-yard-line with three downs to make a first down. If a team doesn't make the needed 10 yards, the team returns to the 30 yard line and starts again.

DIPPEL said the teams would punt and work on punt coverage, but that there would be no runbacks to avoid possible injuries. Only after a team gets deep inside the opponents will it then have four downs to make the 10 yards.

There will be no admission charge and the game is open to the public. Vega Stadium is located in the northeast part of the town.

"Remember the poor—it costs nothing." (Josh Billings)

Buffaloes Ready To Explode On Ground

With their top seven rushers returning from 1972, West Texas State University's Buffaloes appear ready to explode on the ground in 1973. A proven senior college passer isn't in the group of offensive backs, but should one develop from among three candidates a balanced attack will be had.

The Buffalo coaching staff spent considerable time during spring drills working on the passing game from the I formation. The Buffaloes led the Missouri Valley Conference in rushing yardage last fall—260.3 yards per game.

Coach Gene Mayfield used the Wishbone-T offense last year, but it is hoped the I formation will provide a better balance between running and throwing.

HEADING the list of backs returning to the fold is Billy Pritchett, who was named this summer to the Pro Football Weekly All-American first team for 1973.

The 6-4, 230-pound Van Vleck senior was also named this summer by the New York Jets scouts as the nation's top collegiate running back.

Pritchett rushed through 11 foes for 1,128 yards two years ago as a sophomore. He was injured last year and missed the final four and one-half games—

Dinner Held For Winners Of Slow-Pitch

An appreciation dinner was given Monday night by Allen Parsons of K-Bob's to honor the K-Bob's Slow-Pitch Softball team for winning the league championship.

Parsons presented the silver and blue first-place trophy which is on display in the lobby of K-Bob's.

Members of the team attending the dinner included Greg Herring and Rudy Gonzales, coaches; Paul Hubbard, Roger Gregory, Oscar Ribera, Joe Sheffy, John Stoy, Franklin Higgins, Marc Herring and Carey Black. Those not attending were "Bubbe" Short, Danny Harris and Mort McCullough.

limiting his rushing total to 436 yards. His 1,564 net yards in two years makes him the eighth leading rusher in the school's history.

Both Pritchett and junior Cole Fraley of Borger were named to the 1973 pre-season All-Missouri Valley Conference team. Fraley, a 205-pounder, led the team in rushing last fall with 794 yards. He was named to the second all-conference team, along with Pritchett, and was picked as the MVC's First Year Player of the Year.

ALSO returning is Jimmy Lisle, who ripped for 405 yards

Season Football Tickets Now On Sale At School

Season football tickets for Hereford High Whiteface Football games are now on sale at the School Administration Building.

Tickets are \$10 per book (one

person) and will be good for the five home games in Whiteface Stadium. More than 550 of the tickets already have been sold.

The tickets will be available until Sept. 7 at the Administration Building, 364-0606.

person) and will be good for the five home games in Whiteface Stadium. More than 550 of the tickets already have been sold.

The tickets will be available until Sept. 7 at the Administration Building, 364-0606.

last fall, Rich Schleider, Clois Burgess, Mike Wartes and Mickey Matthews. Schleider, the stocky 175-pounder, raced for 341 yards in varsity games last fall as a freshman. He scored three touchdowns against New Mexico State and raced 59 yards to score against North Texas State.

Burgess, a former Amarillo Caprock player, started the season's final four games at fullback after Pritchett was injured and gained 275 yards. Wartes, who started most of the time last year at quarterback, had 125 net yards. Freshman Mickey Matthews was the

seventh leading ground gainer with 62 net yards. He scored the winning touchdown against North Texas State in a 17-14 victory.

PRITCHETT underwent surgery before spring training and missed that session, but is expected to be running at full strength.

THE quarterback job is still up for grabs between Wartes, letterman Bob Sweat and junior college transfer Don Nava. Sweat started most of the spring, but had a shoulder operation in May and his right throwing arm has not been tested under fire since then.

Wartes, who had a standout spring game, was the regular Buff quarterback for most of last year. Nava threw 25 touchdown passes in two years of junior college football.

The Buffalo passers completed only 38 of 130 passes last fall and 15 of those attempts were intercepted.

MICROWAVE OVEN Demonstration

Let us answer all your questions about Microwave Cooking . . .

EVERYONE IS INVITED
Saturday, September 1
10:00 A.M. to 4:00 P.M.

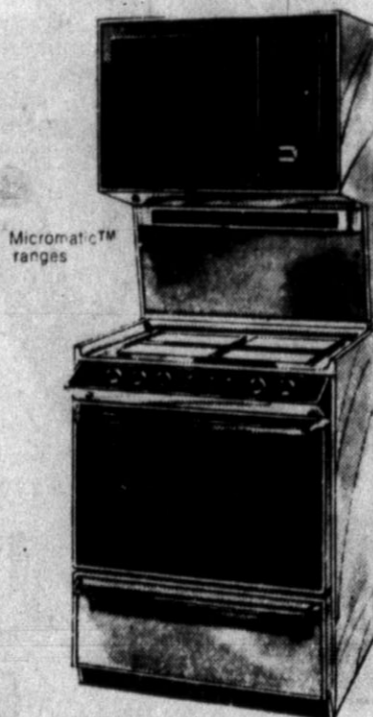

Get more out of cooking—more time for living.

Litton's new world of microwave cooking is a bright new world. Where gourmet meals can be cooked quickly in cool comfort—with maximum convenience and minimum cleanup.

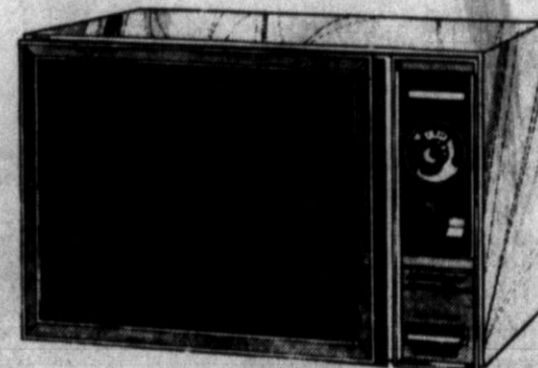

Microwave cooking comes of age with the Litton Minutemaster countertop microwave ovens. So advanced they'll handle most all of your cooking by themselves. Litton countertop ovens deliver microwave speed, large capacity and yet they'll fit almost anywhere in your kitchen—anywhere in your home.

With such exclusive features as the exclusive Micro-Browner™ steak grill that sears, browns, grills and fries. Plus automatic defrost, and a bright easy-clean acrylic interior.

Remember, too, microwave cooking seals in good taste. Litton provides more in the most advanced cooking appliances today—for the many cooks in you.

SUGARLAND MALL HEREFORD, TEXAS

Takes \$931,000 To Beat Local Thirst

Residents of Deaf Smith County seem to have been on a drinking spree in the past year — for soda pop, that is.

They have been downing cola drinks, ginger ale, fruit-flavored beverages and mixers

at a record rate, according to the latest industry figures for the regional area.

By the same token, their outlay for these thirst quenchers has reached significant proportions. As a result, the fizz

biz had become big biz locally. Local consumption of soft drinks in 1972 was at the rate of 478 eight-ounce bottles a year for every man, woman and child in the area, it is estimated.

This was more than ever before. Two years ago, by way of comparison, local people were consuming about 465 bottles annually. The increase since then amounts to 13 bottles per person.

Elsewhere in the United States the average was close to 400 bottles per capita, which was 12 more than in 1970.

One explanation for the increase is that teen-agers, who are the biggest users, are more numerous than ever. They have been going for soda pop at the

astounding rate of 550 bottles per year.

Another factor cited is the attractiveness to many people of the many low-calorie drinks that have become available. They have made a strong impact on the weight-conscious public.

Standard and Poor's, the financial advisory service, notes: "With more time for leisure and greater affluence, people are indulging their tastes for foods and beverages. These products are almost universally recognized as a symbol of the American modern-day culture."

The net result, in Deaf Smith County, has been that soda pop consumption reached a total of 9,799,000 bottles in the past year, according to a breakdown of regional figures compiled by Carbonated Beverages, an industry publication.

Nationally, the outlay for the 80 billion bottles and cans of soft drinks sold in the year came to more than \$7.6 billion, about double the 1965 figure.

Deaf Smith County's share of this total was approximately \$931,000, it is estimated.

Navy Seaman Recruit Alton W. Moton, son of Mrs. Mamie J. Moton of 322 Ave. E. Hereford, graduated from recruit training at the Naval Training Center, San Diego.

A 1973 graduate of Hereford High, he is scheduled to report to Dental Technician "A" School in San Diego.

Home Fire Death Loss Can Be Cut Sharply

Last year some 6500 Americans died in home fires. Many of them failed to follow, or just did not know, a basic rule that might have saved their lives:

"Don't try to fight any but the smallest fire; just try to get everybody out of the house fast, then call the fire department from the nearest outside phone."

According to National Fire Protection Association president Charles S. Morgan, quoted in a September Reader's Digest article, "If every family would take a few simple precautions, perhaps nine out of every ten people who now die in residential fires could escape alive."

The key steps to protect your family are these:

1. SET STRICT smoking rules. About one out of every five home fires — and 56 per cent of all deaths in such fires — are from careless handling of smoking materials.

2. INSTALL SMOKE detectors. Many fires begin smoldering undetected during normal sleeping hours. Experts say the average home would be far safer with one or two strategically placed smoke detection units. Moderately

priced ones you can install yourself are available.

3. SLEEP WITH bedroom doors closed. This simple but vital safety precaution can increase your chances of surviving. Smoke, heat and fumes can build to lethal levels even in rooms distant from fire; a close-fitting solid wooden door, if shut, can triple the time it takes for it to become unbearable or fatally hot inside your room.

4. HAVE A FAMILY escape plan. Make certain your entire family is aware of what to do in case of fire (and who's responsible for infants or handicapped persons in your household). Everyone should know at least two ways of getting out of each room and should be able to find them at night, when there may be no light.

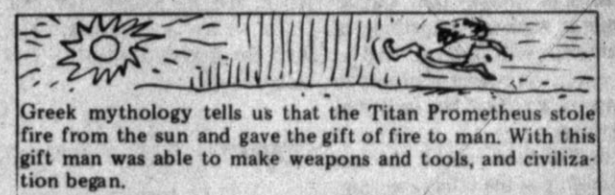

Have periodic drills. And be sure each family member knows this life-or-death rule:

"Once out, stay out. Don't go back into a burning house, even to try a rescue."

5. KEEP AN EYE on your kids. Many children are fascinated by flame, so always keep matches and lighters well hidden from them. When they are of school age, instruct them carefully in dealing with matches.

6. INSPECT your home. Prevention is the greatest safeguard. Items that call particularly for careful regular inspection and good maintenance are heating equipment (faulty furnaces cause more home fires than smoking), electrical equipment, and flammable house supplies.

Not all home fires can be prevented. But, says author Warren Young in the article, with just a little thought and preparation, these rules and safeguards can give you one of the best life-insuring plans possible.

Greek mythology tells us that the Titan Prometheus stole fire from the sun and gave the gift of fire to man. With this gift man was able to make weapons and tools, and civilization began.

WT Courses To Be Offered In Hereford

Two courses in "continuing education" will be offered in Hereford this fall by West Texas State University's School of Business. It was announced this week by Dr. Eldon Lewis, dean.

Representatives from the School of Business will be in the Hereford High vocational building Friday from 5:30 to 8 p.m. for organization and registration.

Sept. 4, from 7 to 9:40 p.m. The accounting course is set for Thursday evenings, beginning Sept. 6, from 7 to 9:40 p.m.

The courses are full three-hour credit courses, or can be taken for non-credit. The classes are set for 15 weeks, a full semester, ending in December. Veterans are eligible for re-imbursement on costs of the courses.

Books to be used for the business course are: "Psychology Applied to Life and Work", and "How to Lick Executive Stress". Books may be purchased from the instructor at the first class meeting. In the accounting class, the book for the course will be "Federal Income Tax," 1974 edition.

Courses to be offered are "Business Psychology", 315; and "Federal Income Tax Accounting", 311. The business class is scheduled to be conducted each Tuesday evening.

Dr. Zeke Marchant will be instructor for the business psychology course, and Arthur J. Glover (J.D., CPA) will instruct the income tax accounting course.

Some of the stated purposes of the business course include: Help the student understand and appreciate other people's behavior, study and realize the existence of social class, understand ego-defense mechanisms, appreciate and understand personality patterns, learn to use psychology in obtaining a job, gaining a promotion, and being happy on the job.

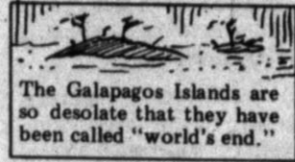

Jerry Lewis Telethon Brings Welcome Addition To Traditions

Through his coast-coast Telethons Jerry Lewis has brought a welcome addition to the traditions of Labor Day.

He has made the end-of-summer weekend something of a national folk festival. And in so doing, Jerry has returned to America a little of her forgotten heritage.

bring hope and comfort to alleviate despair.

Jerry Lewis gets through to the hearts of his fellowmen. There are few passive viewers. To watch is to participate, and the feeling is good — and American.

The Galapagos Islands are so desolate that they have been called "world's end."

His Telethons recall the lost fellowship of the village sewing-bee, the winter's night taffy-pull around the fire, the volunteer rescue of those in imminent peril, and the dedication to the ideal of "one for all and all for one."

It's a house-raising for those unable to provide for themselves, when only the combined goodwill of many neighbors can

Open-Air Concerts Planned Friday, Saturday At WTSU

Vocalist Mike Williams and a rock group, The Trend, will perform in open-air concerts at West Texas State University Friday and Saturday.

Council to provide entertainment for the Canyon campus students during registration week.

The concerts are sponsored by the Student Activities

Williams, who describes himself as "a purveyor of ideas," will appear at 7:30 p.m. Friday in the patio area between the two high-rise dormitories on the east side of the campus.

Hereford Man Dies After Collapsing At DJ Parade

Collapsing in the crowd gathered at Main and Second Streets to watch Hereford's Diamond Jubilee parade Saturday afternoon, 81-year-old Eules B. Miles was pronounced dead on arrival at Deaf Smith County Hospital.

with the Rev. H.V. Fields of Lubbock, former pastor of Grace Gospel Church here, officiating. Burial was in West Park Cemetery.

He will be joined the next night by The Trend, a seven-man, one-girl concert rock group, at an ice cream fete-street dance beginning at 6 p.m. on the west side of the East Dining Hall. Buffalo Drive will be blocked off for the dance.

Mr. Miles, of 137 Beach, was a carpenter who had lived in Deaf Smith County since 1925, when he moved from Collin County. He was a veteran of military service in World War I, and a member of Avenue Baptist Church.

Surviving Mr. Miles are his wife; a daughter, Mrs. L.L. Baker of Childress; five sons, Wallace of Burkburnett, Francis of Norwood, Mo., Eugene of Santa Ana, Calif., James of Huntington, Beach, Calif., and retired Air Force Major I.F. Miles of Montgomery, Ala.

Also survivors are four sisters, Mrs. Edd Kensako of Chillicothe, Tex., Mrs. F.U. Payne of Lockney, Mrs. C.W. Woodson of Greenville and Mrs. Louis Bowen of Dallas; a brother, Claude, of Collin County; 11 grandchildren and four great-grandchildren.

His funeral was conducted Tuesday in Rose Chapel of Gilliland-Watson Funeral Home

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

Add Another Three Million... It's One Hundred Million Above 1972... Fifty-four Per Cent More.

Crop production records in Texas continue to climb. For example, you can add another 3,000,000 bushels or so to the 1973 Texas wheat crop; add 100,000,000 bushels more to the grain sorghum crop; the corn crop in Texas is up 54 per cent this year from a year ago.

Latest estimate now on the wheat crop in Texas is 98,600,000 bushels. This is the second highest ever. Back in 1947-26 years ago—the Texas wheat crop totaled 116,960,000 bushels. Yield this year will be a new all-time record high of 29 bushels per acre.

Texas, the leader in the nation in grain sorghum, is out-doing itself this year in that commodity. Expected production now is forecast at 414,800,000 bushels. This compared with 319,780,000 bushels in 1972.

This year's estimate (it could even go higher) is the largest ever. Yield this year will average 61 bushels per acre, another record high. That means an average of 3,416 pounds per acre. Several reports indicate 5,000 to 6,000 pounds grain sorghum on dryland in Texas this year.

ADD 54 per cent on the 1973 corn crop compared to 1972, says the Texas Crop and Livestock Reporting Service.

Corn production in the state this year is forecast at 60,800,000 bushels. A record per acre average of 95 bushels per acre is expected for Texas this year, the highest ever.

COTTON crop for Texas this year is expected to reach 4,500,000 bales, which would be the largest crop since 1965. Acres for harvest are estimated at 5,500,000 compared with 5,000,000 acres in 1972. Yield is expected to average 400 pounds per acre, which is only the third time in history when Texas produced that much on a per acre basis.

Texas also continues to be ahead of the rest of the nation in cattle on feed. The latest report shows that there are 2,302,000 head of cattle and calves on feed in Texas. This is nine per cent above a year ago but one per cent below the number on feed a month ago.

Marketing of fat cattle during July totaled 389,000 head, which is five per cent above July of last year and three per cent above June, which again proves that Texas cattle producers are not holding cattle in spite of the price freeze.

Texas had almost 700,000 more cattle on feed as of August 1 than the second-ranking state, Iowa.

Nationwide, the number of cattle and calves on feed in the seven major cattle feeding states totaled 9,122,000 head. This is four per cent less than a month ago but two per cent more than a year ago at this time.

JULY milk production in Texas is up by only one per cent from a year ago, and is one per cent below the previous month, which continues to bear out predictions of lower milk production.

MacARTHUR DECLINES
On April 30, 1944, Gen. of the Army Douglas MacArthur declared he neither desired nor would accept the nomination for president.

DOMINICAN LANDING
On April 30, 1965, American airborne troops landed in Dominican Republic and established a 9-mile protective zone for Americans.

Local Big Brothers-Sisters Elect Board Of Directors

Board of directors of the newly formed Big Brothers-Big Sisters of Hereford Inc. were elected at a recent meeting. Elected to the board were Rodney Laubhan, chairman; Wanda Hoover, secretary; Bartley Dowell, treasurer and Paul Ababs, R.L. Blakely, Jim Pickett, Andy Shual, Walter

Kreig, Rene Ramirez, Margaret London, R.C. Hoelscher, Dudley Bayne, David Pruitt and Gladys Caviness. One other board member will be elected later. The group discussed the hiring of a director for the non-profit, locally funded project. A proposed budget was

presented to the United Way and the local group asked to be considered for funding, according to Laubhan.

"A survey was conducted in public schools last spring, and according to the survey, approximately 100 boys would benefit from such an organization in Hereford," Laubhan said. "Since that time, we have decided to also form a Big Sisters chapter in conjunction with the Big Brothers unit, and we don't know how many girls would benefit from the organization."

"The most important fact that people should understand is that the project would offer a one-to-one relationship, that is one man for every boy and one woman for every girl."

Presently the local group is looking for a permanent office, and are gathering material on that subject to present to the board.

Anyone wishing to make contributions for the project, or wishing more information on the Big Brothers-Big Sisters chapter may write Box 1821, Hereford.

Diamond Jubilee Parade — 'Biggest In Texas'

The Diamond Jubilee Parade which officially kicked off the week long celebration activities Saturday, was billed as the 'longest parade in Texas history.' The parade was highlighted by the presence of Gov. and Mrs. Dolph Briscoe and included marching bands, riding clubs, floats, antique cars, army displays, clowns and everything that makes a parade a success.

Let's Cook

Pleasing Family Tastes Makes Cooking A Hobby

By SUE COLEMAN
Women's Editor

WHEN YOUR COOKERY habits have been adjusted to getting meals for four growing children, then suddenly your family shrinks to half its size, it's a case of learning all over again, Mrs. T.E. Brisendine says.

Cooking has been one of her favorite aspects of homemaking; she likes to prepare meals with food especially liked by her husband, three sons and daughter. Now that the youngest son is the only one at home she has to think carefully about the quantity of each dish she cooks.

The Brisendines' daughter, DIAnn, has been on U.S. Air Force duty in recent years, and last winter married Robert Burns, also an AF sergeant; they are stationed at Shaw base in South Carolina.

THE OLDEST SON, Lynn, and his wife live in Lamesa; middle son Mike is married and in his own home here, leaving Trent, 13, the only one at home.

Bringing up her family has been Naomi Brisendine's main hobby, she says with a laugh, although she enjoys work in her yard and has cultivated a beautiful lawn of African Bermuda with flowers in borders, shrubs, trees and vines as accents at her home, 805 S. 25 Mile Ave.

The tiny front lawn, trim and green, gives only a hint of colorful flowers, shade and fruit trees and loaded grapevines in the white-fenced backyard.

FOR THE FIRST 20 years of her life her home was in North Carolina and most of her relatives still live there. In trips back to visit, the Brisendines have brought various plants that flourish in that East Coast state and experimented with growing them here.

Some do well, like the glossy holly shrubs in front of the house, and some turn out unexpectedly, like the maple tree they transplanted, with a great deal of soil around its roots.

The tree died, but two years later a redbud sprouted from the North Carolina soil, and is now a handsome tree.

READING, watching TV and riding a bicycle are other pastimes for Mrs. Brisendine. She crochets, and has made an afghan for each of her children, but says she "just isn't the crafty type."

A member of North Hereford Extension Club three years, she is its president this year and enjoys its programs and friendship with its members. She had not been in a club for a number of years, since the disbanding of La Mere Study Club, which she also served once as president.

She attends First United Methodist Church and is a member of its Fellowship Class.

After graduation from high school in her birthplace, Midway, N.C., she married and came first to Amarillo, then after three years there to Hereford.

THE BRISENDINES have lived 19 years in their present home. They added a room and a bath as their family grew and redecorated it at intervals.

Latest addition is handsome green-and-gold carpet in the kitchen-dinette area, put down this week as a wedding anniversary gift.

One of Mrs. Brisendine's

favorite recipes is for a main dish the men in her family eat with enthusiasm. She says there is not really a recipe, and she has estimated the amount of ingredients as well as she can.

It is easy and quick to prepare and she recommends that it be served with hot cornbread to please any hearty appetite.

MEAT AND BEANS

Brown in a skillet until crumbly, about half a pound of hamburger meat. Add half an onion, chopped, ½ tsp. salt, and black pepper, chili powder and cumin to taste.

When the onion is cooked, pour in 1 can pinto beans, juice and all, and continue to cook about 15 minutes.

FOR DESSERT, a man will almost always choose apple pie and Brisendine got this recipe for his wife from a restaurant where it was a specialty. It is the best she ever tried, she says.

APPLE PIE

1 can pie apples
½ lb. (½ stick) butter or margarine
½ cup cream or half-and-half
1 tb. cornstarch
1 tb. flour
1 c. sugar

Spices to taste (cinnamon, nutmeg, or allspice)
Mix and bake between crusts in 10-inch pan at 425 degrees for 15 minutes, then about 30 minutes with heat reduced to 350 degrees.

Younger Belles Active In City's Celebration

Their special contribution to the city's Diamond Jubilee celebration, hopscotch contests were directed by Sugar 'n' Spice Belles on Community Center parking lot Tuesday afternoon as a Youth Day event.

This is a group of younger Jubilee Belles, formed of sixteen girls with Mrs. Gaylon Bryan as sponsor. They have had a part in much of the Jubilee activity and in advance promotions before Jubilee Week.

Queen of the group is Regina Bryan, with Sandie Emmitte as princess. They prepared a float for the parade Saturday, with Home Life Now and Then as the theme. Members posed in old and new fashions, including an 1898 bathing suit and a bikini, and engaged in contrasting

home activities such as churning and watching TV. Costumed members joined each of the Friday promenades before Jubilee Week, and several attended the mass church service Sunday evening.

Pictures and clippings will be supplied by the group for the time capsule which will be buried today. Other members are Deborah Block, Desiree Brown, Shelly and Reshell Bryan, Robbin and Rebecca Coleman, Eugenia Combs, Carol Day, Carol Eddie, Kerry Hacker, Rhonda Hatter, Dawna and Gina Inman, Cheryle Nielson, Pauls and Pam Word.

Place of the 1974 reunion in the first week of August will be in California with the Robert Unruh's of Culver City as hosts. The Jones family holds its reunion each summer at a different state or national park, usually near the home of a member.

FATHER OF ZOOLOGY
Konrad von Gesner, considered the father of modern zoology, was born in Zurich on March 26, 1516.

EMBARGO ACT
On March 26, 1794, the first Embargo Act was passed by Congress to stop all commerce with foreign countries.

ROBERT FROST
Poet Robert Frost was born on March 26, 1875.

Mrs. T.E. Brisendine ... tree grew from North Carolina soil

Veteran Service Often Overlooked

There is available to all veterans one free service which is too often overlooked or disregarded.

This word comes from Benny Womble, Veterans County Service Officer for Deaf Smith County.

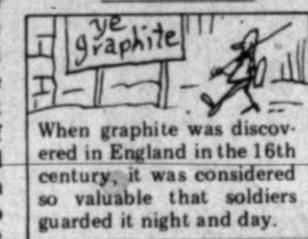

This particular free service enables all veterans to have their service discharges recorded by the county clerk of any county in the state of Texas. Most veterans who take advantage of this service have their discharge placed on record in their county of residence.

The importance of this service was illustrated last month when a disastrous fire destroyed the service records of millions of persons who were discharged or released from the Armed Forces of the United States prior to 1960. Many of the people in this category will be unable to obtain proof of their military service and could encounter great difficulties in the event they ever wish to apply for some veterans benefit provided either by the State or Federal Governments.

Every person who is released or discharged from active duty with the Armed Forces should be advised to have their discharge recorded immediately upon their return home. The original discharge

paper is one of the most important documents that a person may receive during his or her entire lifetime and every precaution should be taken to protect it. Any number of disasters may occur, however, which could result in loss or destruction of this very important piece of paper, such as fire, storm and others. If any such event occurred, and a veteran's discharge was recorded, he could readily obtain a certified copy by contacting his local county clerk.

Every veteran, regardless of when he was in military service, should take advantage of this free service and have his discharge paper recorded.

LEON RICHARDS SAYS

Couple At Home After Vows Spoken At Friona

Mr. and Mrs. Troy Wayne White are at home at 112 Avenue H after their recent marriage in First Baptist Church at Friona. Mrs. White was Miss Veveca Welch before the wedding.

Parents of the couple are Mr. and Mrs. Royce G. Welch, Rt. 3, Friona, and Mr. and Mrs. Ray White of Friona. The Rev. Neal Foster of Summerfield Baptist Church was the wedding officiant.

Barbara Allmon of Canyon was maid of honor; Davey Hill best man; Mrs. Alan Hamilton and Melinda Householder of Idalou, bridesmaids; Steve Stone and Alan Hamilton, groomsmen, and Kevin Welch, usher.

Wendy Tatum was flower girl and Greg Welch ring bearer. Max White and Rhea White lighted candles; wedding music was by Mrs. Roy Miller, Mrs.

Teddy White and Carleen Schlenker.

The church was elaborately decorated in blue and white. The bride's gown of organza with daisy lace trim was made empire style with a train. Her bouquet was carried on a white Bible. Bridesmaids wore blue dotted swiss and carried white and blue daisy poms.

After a reception in the church fellowship hall, the newlyweds left on a trip to New Mexico resort areas.

Both are graduates of Friona High School and attended South Plains College at Levelland.

Several pre-wedding parties honored Miss Welch, one a shower in Summerfield Baptist Church with Mmes. J.B. Noland, Jerry Lance, Guy Walsler, J.R. Euler, George DeLozier, Eve Lookingbill, Roy Botkin, Kenneth Christie, Gerald McCathern and Neal Foster as hostesses.

Mrs. Troy W. White ... nee Veveca Welch

4-H Fair Discussed

Rules and Regulations for the County 4-H Fair to be held September 8 was the program presented by 4-H leader, Mrs. Bruce Terry, to members of the Merry Maidens 4-H Club Monday afternoon.

Reports were given by Eugenia Combs on tours through town, Paula Terry on the recent Boy's Ranch tour and Lora Coker on the dress revue.

There were 21 members present at the meeting, also the club's leaders, Mrs. Gene Combs and Mrs. Terry, and County Extension Agent Joyce Shipp.

Family Goes To Reunion

Mr. and Mrs. R.L. Fuhrmann, 505 Union, recently attended the 11th annual reunion of the L. Dow Jones family at Sequoyah State Park near Wagoner, Okla.

Mrs. Fuhrmann is the former Mildred Jones, a daughter of Dow Jones whose home was at Leedy, Okla. The Fuhrmann's daughter, Wanda, of Oklahoma City, and son, Larry, of Houston, were among reunion guests.

Seven of the 10 surviving children of Dow Jones, with their families and other relatives, attended. Sixty persons from Texas, Oklahoma, California and Arizona camped and picnicked together.

A fish fry was a special event. Some of the visitors saw the Cherokee pageant, Tsa-La-Gi, and younger members went on a float trip down the river.

INTRODUCING Gene Bullard

"I am very pleased to announce that Gene Bullard, long time resident of Hereford, has recently joined our staff here at Wards as our Appliance Sales Specialist. Many of you have known Gene for several years as he spent several years with a local lumber retailer prior to going into appliance sales a few years ago. I feel extremely fortunate to have been able to acquire a man with Gene's qualifications and experience to serve our customers." W.M. Broxson Store Manager

Gene Bullard
"It's a real pleasure to be associated with a company like Montgomery Wards where I can offer my many friends top quality merchandise at a real down to earth price. The really great advantage is selling Wards appliances, furniture, tvs, carpet and etc., is I can be assured and can assure you that Wards backs everything they sell with a "real" satisfaction guarantee." "I'd like to personally invite you to come down and take a look at our line of Airline TV's, stereos and Signature appliances." Gene Bullard
You'll Like Wards Just say Charge It!

MONTGOMERY WARD ENERGY SAVING ACTION

Tips to help Consumers Save Energy and Money.

Use small electric appliances in place of major appliances for specialized jobs. - Electric skillers, toasters, waffle irons, popcorn poppers, electric fondue pots, bean pots and coffee pots generally use less electricity than a range does on the same jobs.

At The Library

Bizarre Events Reveals Terror

The Tightrope Men is one of the books featured this week at the Deaf Smith County Library. It is filled with deadly realism about the lives of secret agents of several European countries who have been assigned on a dangerous mission.

Mungo's Dream is a novel that points out to the reader that the grass is not always greener on the other side of the fence. A young college student at Oxford is disillusioned when he realizes that his roommate is not the person that he projects himself to be.

The library offers its facilities free of charge to the public. It is opened on weekdays from 9 a.m. until 5 p.m. and Saturdays until noon.

THE TIGHTROPE MEN
By Desmond Bagley

Few shocks can compare with the pure terror of looking into a mirror and finding a completely unknown face reflected back. But that experience is only a prelude to the bizarre events that await the hero of Desmond Bagley's latest novel of intrigue.

It's a tale that sends the agents of several European governments on a deadly foray across the wild of Scandinavia, a trail that ultimately extends beyond the Russian border and includes, along the way, a savage chase down a corkscrew road into a mountain and one of the strangest sea battles ever devised.

And before the final card is played the lives of several people depend on how well they keep the secret of that mysterious face in the mirror.

MUNGO'S DREAM
By J.I.M. Stewart

When Mungo Lockhart begins his first year at Oxford, he finds that his roommate is Ian Cardower, member of an aristocratic, if not wealthy, Scottish family, whose name, while vaguely familiar to Mungo, appears shrouded in some kind of mystery.

Mungo, too, is Scottish, but he is the product of a simpler, more austere childhood, having been orphaned and then raised and mostly educated by an aunt.

Mungo sees Ian as the embodiment of the perfect Oxford student—popular, secure, superior, experienced with women—everything Mungo isn't.

However, they become close friends and Mungo meets Ian's family: his father, Lord Auldern, a landowner; and his homosexual uncle David, who lives in seclusion with a once prominent writer.

Mungo, having only some vague knowledge of his own heritage, becomes interested in Ian's heritage, particularly in another uncle, Douglas, who has been involved in a scandal and had died some years earlier.

As Mungo delves deeper into Ian's family history, questions arise concerning his own parentage and his relationship to the Cardower family, and he attempts to discover who he is.

J.I.M. Stewart writes perceptively about a young man who, as he searches for his identity, achieves the self-confidence and sense of security necessary for truly independent existence.

R. G. BLUE RESIDENCE — The R. G. Blue home, 1107 Park Ave., was chosen residential beauty spot for the month of July by the Women's Division of the Deaf Smith County Chamber of Commerce.

Eighth Season Of Texas Closes

Saturday the great metal triangles rang, closing the eighth season of the musical drama "Texas" which plays in the Palo Duro Canyon. More than 85,000 people attended the 58 performances, raising the total attendance in the eight years to 585,000. The final un-audited count for 1973 is 86,262.

There were two rain-outs this season, eleven in eight years. On five other evenings this summer the audience waited patiently for short rains to stop and the show was able to proceed except for one occasion when only the first act was presented.

The production is still drawing people from great distances. In a survey taken on August 2, which is representative of the figures for this season, 36 per cent of the audience lived over 500 miles away, 37 per cent of the audience lived in the panhandle and the rest traveled from one hundred miles to 500 miles each way to come.

After the final performance of the summer, the cast changes to work clothes and puts everything away for another

year. Make-up is turned in, clothes prepared for the cleaners and the laundries, drawers cleaned out and floors scrubbed. Sets are put away, supplies are checked in, tools are located and locked up. When everything is in order, the company joins in celebration with a dinner. After that there are final farewells and the theatre closes for another year.

For information about the 1974 "Texas" season, write to Box 268, Canyon, Texas 79015.

BOMBAY

Bombay was put under control of the British East India Company on March 27, 1668.

LONG-DISTANCE CALLING

On March 27, 1884, the first long-distance telephone call was made between New York and Boston.

WAR DECLARED

Argentina declared war against Germany and Japan on March 27, 1945.

CAMBODIA ENTERED

On March 27, 1970, attacking South Vietnamese troops entered Cambodia for the first time.

Presbyterian Church Names Interim Pastor

The Rev. Roger B. Knapp of Tulsa will come to Hereford as interim pastor of First Presbyterian Church, and will be in the pulpit for Sunday services, members of the church Session have announced.

The church has been without a pastor since the death of the Rev. Russell Wingert earlier this summer.

The Rev. and Mrs. Knapp are expected to arrive Friday; they will be introduced to the congregation and friends at a

reception immediately after the morning worship service Sunday.

For the past five years Rev. Knapp has served as pastor of Westminster United Presbyterian Church in Tulsa. He is a native of Ohio and received most of his education in New Jersey.

After graduation with a bachelor of arts degree in religion from Duke University, he received the master of divinity degree from Princeton Seminary in 1962, then did post-graduate study in the University of Edinburgh, Scotland, and served several local churches by supply preaching.

While he was in the seminary he was awarded the Edward Howell Roberts scholarship prize in the field of homiletics, the art of preaching.

Henderson Rites Held Tuesday

Funeral services for John Henderson, 66, who farmed 14 miles southwest of Hereford, were conducted Tuesday morning in St. Anthony's Catholic Church and burial followed in St. Anthony's Cemetery.

Rosary services were conducted Sunday and Monday evenings in Rose Chapel of Gililand-Watson Funeral Home.

Mr. Henderson died in an Amarillo hospital Saturday morning after a short illness. He had been a resident of Farmer County for 19 years.

Born Nov. 8, 1906, in Zanesville, Ohio, he came to Texas in 1927 from Wichita, Kan., and married Pauline Bergmann Oct. 3, 1928, in Amarillo.

He is survived by his wife; a daughter, Marilyn Metcalf of Amarillo; a son, James, and a brother, Lloyd, both of Wichita, and eight grandchildren.

The man at the top wouldn't be where he is today if he hadn't been where he was yesterday.

Highlights And Sidelights From Austin

Key Decisions Made In State's Basic Laws

By BILL BOYKIN

The Texas Constitutional Revision Commission made key decisions last week on finance and legislative sections of the state's basic laws.

It will formulate recommendations September 6-8 on judiciary and education provisions, Sections on local government and general provisions will be reviewed September 13-15.

Final action of the 37-member body, which is studying changes needed in the state's basic laws, is scheduled September 27-29. Meanwhile, a legislative planning committee for the January-May 1974 constitutional convention of lawmakers is moving ahead with preparations for the historic gathering.

The planners have voted to spend \$33,938 on new chairs and desks to place in the House of Representatives chamber during the convention. Chairs, costing \$165 apiece, will be replicas of those used by delegates to the 1876 constitutional convention. The desks, considerably more economical, will be made by state prison system inmates at a cost of \$22.50 each.

The revision commission practiced some economies (of language) in shortening the recommended general legislative tax power section of the constitution from the present lengthy statement of limits and exemptions to the following:

"Taxes shall be levied and collected by general law for public purposes only, and shall be equal and uniform."

The 181 legislators who will be delegates to the convention will convene here December 6-8 for a briefing on details of the commission's recommendations. The convention will open January 8.

CHILD CARE RULES TIGHTENED

The State Board of Public Welfare is toughening requirements for licensing child-care institutions and has named former State Rep. Randy Pendleton of Andrews as temporary head of a licensing division.

Pendleton said the new division will shift role of the Welfare Department from urging facilities to comply with the law to active enforcement of the law and policing of facilities.

The Board also named a new six-member advisory council (with three alternate members) on child care administration to assist in checking credentials of personnel at child care facilities. The legislature this year required administrators to be licensed by January 1.

FARM PRODUCTION HIGH SET

Texas farmers and livestock raisers are setting new production levels this year, Agriculture Commissioner John C. White reported.

Records, according to White, are being tied or broken for wheat, cotton, grain sorghum, corn, peanuts, soybeans, oats, barley, rye and rice. Texas is first in the nation in cotton and grain sorghum and fourth in wheat production.

Texas cattle on feed total 2.3 million, said White, about 700,000 more than the second-

SO TRUE

Stick to your good resolutions and you give those resolutions no chance to stick you.

ranking state, Iowa, and an increase of nine per cent over last year. White said cattle producers marketed more cattle during June and July than they did a year ago. Proving that they are not holding back because of the price freeze on beef.

White predicted that removal of the beef price ceiling will not cause skyrocketing of meat prices and may even help bring them down.

He said there are warning signs consumer resistance to the rising prices of food products is stiffening.

GUARD STRENGTHENED

Texas for the first time in six years will field a full Army National Guard division November 1.

New Guard troop allocations will rise the state's authorized Army Guard strength to 17,700 from the present level of 16,000 (with 17,377 now authorized).

Reactivation of the 49th Armored Division of the Texas ANG was announced at Camp Mabry headquarters here recently. The "Lone Star" armored division will have three brigades strategically located over the state — the First in Dallas, the Second in Fort Worth and the Third in San Antonio. In addition, the 36th Airborne Brigade at Houston will become a part of an active Army airborne division in event of mobilization.

The 49th Division will contain 21 battalions. Summer training will be at Fort Hood, largest armor training camp.

INSURANCE DEALS TARGETED

New Insurance Board rules aim to halt rate discrimination and unfair competition in property and casualty insurance.

Board Chairman Joe Christie said some non-rate-regulated companies, including Lloyds and reciprocals, offer unrealistically low rates to prime risks with the intention of having ultimate liability assumed by a rate-regulated company.

Christie said the "brother-in-law" deals can result only in higher rates for the majority of policyholders.

"A farce has slowly but surely been perpetrated when a large company either forms a Lloyds, or even rents one by one scheme or another, for the purpose of

evading this state's regulatory laws," Christie said.

Tourism gained modestly through July with attendance at attractions up one per cent and highway tourist bureau services up nearly five per cent for the first seven months of 1973.

Forty-seven attractions reported 29.7 million visitors, a gain of 300,000 over January-July, 1972.

DOCUMENTS DEMANDED House Speaker Price Daniel Jr. called on the Department of Public Safety to release to him and the public documents on a House committee vending machine industry probe, held confidential for six years.

Daniel directed Department of Public Safety Director Wilson E. Speir to deliver the tapes and other records Monday (August

27), and called a news conference at the same time.

He said the open meetings law, House rules and the new public access to information act require free public access to government documents except in most-extraordinary circumstances.

APPOINTMENTS

Gov. Dolph Briscoe appointed Amarillo District Judge Mary Lou Robinson associate justice of the Seventh Court of Civil Appeals.

Gilbert J. Pena has been named assistant chief of the law enforcement division in Atty. Gen. John Hill's office.

Jane Hickie of Austin is new chairperson of the Texas Women's Political Caucus.

Governor Briscoe appointed John Artero of Victoria to the State Board of Morticians,

succeeding Charles L. Villaseenor of Austin.

The Governor appointed William P. Ratliff of Haskell 9th district judge.

SHORT SNORTS

The Texas Democratic party will put on a show of its own during the September 15 national party fund-raising telethon (NBC) and expects to get about \$150,000 in operating money for the effort.

Texas Public Interest Research Group (TexPirg) charged "sexual discrimination" in hiring practices of three government agencies.

The State Highway Department has moved for dismissal of an Austin federal district court injunction blocking the San Antonio North Expressway. DPS predicts 42 will lose their

lives during the Labor Day weekend in traffic accidents

The cotton stalk destructor deadline in the Lower Rio Grande Valley has been extended until midnight September 30 from August 31.

The constitutional convention planning committee met with Louisiana convention delegates for advice on preparations for the historic January 1974 revision effort.

A 19-and-a-half per cent increase in workmen's compensation insurance rates has been ordered, effective September 1.

Private Trade, Vocational Schools Provide Career Training

By JOHN L. HILL, Attorney General. While some 250,000 Texans are in the process of registering for college and university courses this fall, and thousands more entering vocational and technical training in public junior college, there are others who will be looking to private trade and vocational schools. These private schools, which offer courses in a wide range of subjects — from stenographic or welding, to accounting or TV repair, can provide career training for the new high school graduate, as well as the person looking for a new field for his or

her particular talents. Prior to 1971, the prospective private vocational student was at a disadvantage when he began shopping for a school. Advertising claims frequently went way beyond what a school actually could guarantee. Misrepresentations of course offerings, job-placement capabilities, and payment plans were complained of. WITNESSES told a legislative fact-finding committee of experiences involving educational disappointments, such as signing up for training which was not in fact available, as well as economic frustrations, such as being required to pay out allegedly worthless contracts. Legitimate trade and vocational school operators became concerned, and urged that all the private schools be

regulated. As a result, the Texas Legislature passed a Texas Proprietary School Act, which took effect in 1972. The act, administered by the Texas Education Agency, requires T.E.A. certification of the private career schools; requires state approval of the courses they offer, and prohibits misrepresentations of course sales and advertising. As of now, some 240 proprietary schools have been certified by the state, and applications from about 30 newly-organized schools are pending approval. THIS HAS BEEN an obvious benefit to the Texans seeking to further their educational opportunities, and increase their earning capacities, in institutions apart from the college and university systems.

The Texas Proprietary School Division of the Texas Education Agency maintains a list of all certificated schools, and their approved courses, as well as all institutions qualified for veterans' training. And the T.E.A. also works with my Consumer Protection Division in the investigation of charges of unauthorized "career schools", as well as any complaints of misrepresentations by authorized operations. I am told that an average of one complaint a week is received, and that most of these have been found to relate to misunderstandings, rather than violations of the act. But my office has had occasion to file suit as legal representative of the T.E.A., primarily when we have uncovered violations by pyramid

sales schemes which offered as part of their marketing plans "schools" which were not schools at all, but merely part of the sales pitch. IF YOU OR YOUR child encounter any problem which you consider to be a violation of the Texas Proprietary School Act, do not hesitate to contact the Attorney General's Consumer Protection Division, or the T.E.A. But since it's always better to be safe than sorry, keep these precautionary measures in mind when you start talking about private trade or vocational education: —Beware of high pressure sales methods. —Look out for exaggerated promises, such as "easy" courses, or "guaranteed" job placement.

—Read every word of the contract offered, and determine the refund policies of the school in the event of illness or some other event which could prevent you from completing a course. —Visit the school. Talk to the

faculty, and talk to persons who have graduated from the school. —Be certain that the operation is certified by the Texas Education Agency, and if you still want reassurance,

check with your local Better Business Bureau, and with major employers in your community. Once you have found the right school, the rest is up to you. Good luck to you.

Trade Mission Nets \$50 Million In Sales

The recent Texas trade mission to the U.S.S.R. and Austria resulted in sales nearing \$50 million, according to preliminary reports received by the Texas Industrial Commission. "Although final sales figures have not been tabulated, it is already obvious that Texas

manufacturers far surpassed last year's \$40 million in new international sales in that visit to Russia," James Havey, director of international trade and leader of the mission, said. The mission included a visit to Vienna, Austria, to participate in the opening of the U.S. Department of Commerce's

new East-West Trade Center. The participants then went to Moscow where they reported the Russians "in a mood to buy" Texas products. One firm reported it has already equaled last year's \$3 million in sales and may surpass the total with more followup business. Another Texas businessman said the visit could result in new sales of \$8 to \$10 million per year. "We met many, if not all, of the top men in the Soviet of industry," Gordon Gardner of F. H. Maloney Co. in Houston said. "We were received at the highest level and we met with people which otherwise would have taken years to achieve through individual effort." The Texas Industrial Commission, which has been leading international trade missions since the mid-sixties and has been presented the coveted "E Award" for excellence in export development by the U.S. Department of Commerce, took along five companies on the last trip. Participants, besides F. H. Maloney Co., were the Johnston Division of Schlumberger Technology Corp. in Houston; Halliburton Co. of Dallas; Axelson Industries of Longview, and HydroTech International Inc. of Houston.

Opening Of Club Year Set

A coffee next Wednesday morning will begin a new year for Simms Study-Craft Club; details were decided at a meeting of the program committee Monday in the home of Mrs. Ray Brorman, club president. She and Mrs. John Brorman will be hostesses for the coffee at 10 a.m. in Simms Community House. A schedule of programs and meeting places was tentatively arranged at the meeting, and prospective members were discussed. The committee hopes to have yearbooks ready for distribution at the coffee. Members of the program committee are Mmes. Terry Creitz, Joe Meyer, Leland Burns, Robert Lloyd and John Brorman, with Mrs. Ray Brorman serving ex officio.

"FROM HERE"

...it appears our world needs a lot of 'fixin up'." Too often, too many of us do our day-to-day job in a half-hearted way. We lose our perspective... our relationship to the world. We get to feeling our importance. *Right there is our un-doing.* When a man loses humility, he is on the way out. This man, with his wrench, looks at the world from way up. He wonders if he did his best on the foundation underneath him... if the high walls will support the structure he is atop. Both are basic to good building. The church, too, is necessary in the building of character, in the transforming of souls. *It will help us greatly in the training of people to help fix our world.* It will make good stewards of us who will be more anxious to share the fruit of the vine. So let us attend church or Synagogue every week. Let us, in earnest, help this man 'fix up' our world.

Lieutenant Governor's Report

Constitutional Revision Is Crucial In Texas History

By BILL HOBBY

Next year, you will be witness to and, hopefully, participate in what may well be a crucial chapter in Texas history.
 On January 8, 1974, the 181 members of the Texas Legislature will convene in Austin to consider revising or rewriting our state's antiquated Constitution.
 Eleven months after that you may be asked to pass judgment at the polls on their efforts to bring Texas government into the 20th century.
 At the last general election most Texans agreed that our Constitution was in need of overhaul.
 The present Constitution was written in 1875 in reaction to the unjust rule of a Reconstruction government. At that time,

Texans were rightly suspicious of government, and sought to constrain its activities.
 The office of governor was not given the authority with which to oversee properly the functions of the state.
 The governor should truly be a chief executive with the power to regulate directly the activities of state agencies. Only in this way can the voters of the state hold him responsible.
 Constitutional restraints on the legislature have almost guaranteed a part time, amateur body of lawmakers. Annual sessions are vital, I believe, to the efficient functioning of state government, which spends almost \$5 billion of your tax money each year.
 Many things are wrong with our present Constitution. It is

too long, containing many provisions which should be statutory law.
 It hamstring city and county governments, making it difficult if not impossible to deal with contemporary problems.
 The fact that our present Constitution has been amended 212 times should be ample proof of its inadequacies.
 There are some provisions, however, which I believe should be retained. Chief among these is the requirement that state government stay on a pay-as-you-go basis, providing that Texans get all the state services they can without going into debt.
 In recent weeks, a 37-member Constitutional Revision Commission held public hearings throughout the state to get

citizen views of what should be included in a new constitution.
 If you missed the hearing in your area, you can still have your say by writing the commission at 800 Brazos, Austin 78701.
 It is equally important that you make your views known to your state senator and representative.
 Theirs will be the formidable and vital task of examining the recommendations of the Constitutional Revision Commission and correlating them with the views of their constituents.
 I hope you will take advantage of this opportunity to participate in modernizing our state government.

GOOD PSYCHOLOGY

 PARENTS OF YOUNGSTERS ENGAGED IN STEADFAST PLAY OR WORK SHOULD TAKE A CUE FROM LEADING COACHES AND ATHLETES WHO REALIZE THAT IT IS NECESSARY TO REPLACE WATER LOSS HOUR BY HOUR. THE PRACTICE OF REPLACING BODY FLUID WILL HELP PREVENT DEHYDRATION AND HEAT EXHAUSTION.

How to look well at a diamond

 Diamonds have many hidden differences... so choosing wisely can be difficult.
 Come in and look through our Diamondscope... the true nature of each diamond will be clearly revealed. Let our gem experts help you choose a diamond beautifully right for you.
