Herd, Bulldogs To Tangle Friday

Branding Time

By Speedy Nieman

That feller on Tierra Blanca Creek says wouldn't it be nice to return to the "good old thirties" when about the only major worry we had was the fear that we might starve to death.

There's a disease that strikes many people every year about this time—it's called "new-car fever" and it is caused by the introduction of the new models. Three of the local dealers will be unveiling their '74 models Thursday and Friday, and another one is scheduled next week.

THERE has been a lot of coffee-shop talk around town concerning the organization of a new cattle feedyard. Plans are "on the drawing board" and it appears an announcement will be made in the near future. If the project is completed, it will add to Hereford's claim as the "cattle-feeding capital of the world."

Remember when the only parking problem was getting the girl to agree to it?

FALL-LIKE weather hovered over Hereford and the Panhandle area Monday with the minimum and maximum temperatures being only a few degrees apart—in the 47 to 53-degree range. Farmers were happy to see the mercury climb again Tuesday, and warm weather was back with us Wednesday. Everyone is hoping for good harvest weather this fall.

I guess it's natural for women to move the furniture around now and then, but it is unusual for the cost to go \$285,000! A national wire report this week carried the story of a "slight" remodeling job on the interior of President Nixon's Air Force jet. The main change, as suggested by Mrs. Nixon, is relocation of the guest lounge so that it will be next to the President's suite. The report stated that Mrs. Nixon and other members of the family thought guests should have the choice location. Isn't that nice?

BILL ALBRIGHT, C of C manager, who has been spreading the "H-3" slogan of "Hospitable, Hustlin' Hereford", now informs us that it also stands for "Hereford's Hustlin' Herd!"

By DON RICHARDS
Brand News Editor

The Hereford Whitefaces, boasting the only AAAA unblemished record in the Panhandle, defend their home field Friday against the Borger Bulldogs.

Kickoff for the contest is scheduled at 7:30 p.m. in Whiteface Stadium. Polls have picked the Herd as a two-touchdown favorite.

"But Borger has a history of beating teams they shouldn't beat," said Herd Coach Larry Dippel. "They were tied last week by Canyon and you can't compare scores of their team against our scores."

However, Dippel said he was well pleased with his team's 37-7 win over the Palo Duro Dons last Friday.

"You would have to say I was surprised," he said. "I felt it would be a much closer contest. And had Palo Duro not had so many mistakes it would have been a much closer contest."

THE COACH said he was most pleased with the team in the fact that the Herd didn't miss any chances to capitalize on the Palo Duro miscues.

"Both of their fumbles were converted into scores by us, we got a safety off a bad pitch-out by them and then scored again after they kicked-off following the safety. Then we scored following one of our interceptions and the other interception came just before the half to stop a drive and end the half."

BORGER'S season record presently stands at 10-1 following a season opening win of 14-6 over Perryton and last week's 7-7 tie with Canyon.

"Their defense has allowed only those two touchdowns," Dippel said. "They do concern me with their defense."

The Whitefaces are presently leading other teams in District 4-AAAA in both offense and defense and several Whitefaces are individual leaders in different statistical columns. (For area polls, District 4-AAAA statistics, see additional stories Pages 1-3, Section Two.)

"The defense had a real good game Friday," Dippel said. "Our passing game was the key to our offense. We didn't move the ball well on the ground,

but both (Franklin) Higgins and (Mike) Crim threw well in the game.

The coach also said receivers Harold McNutt and Dave Charest caught excellent to aid in the win.

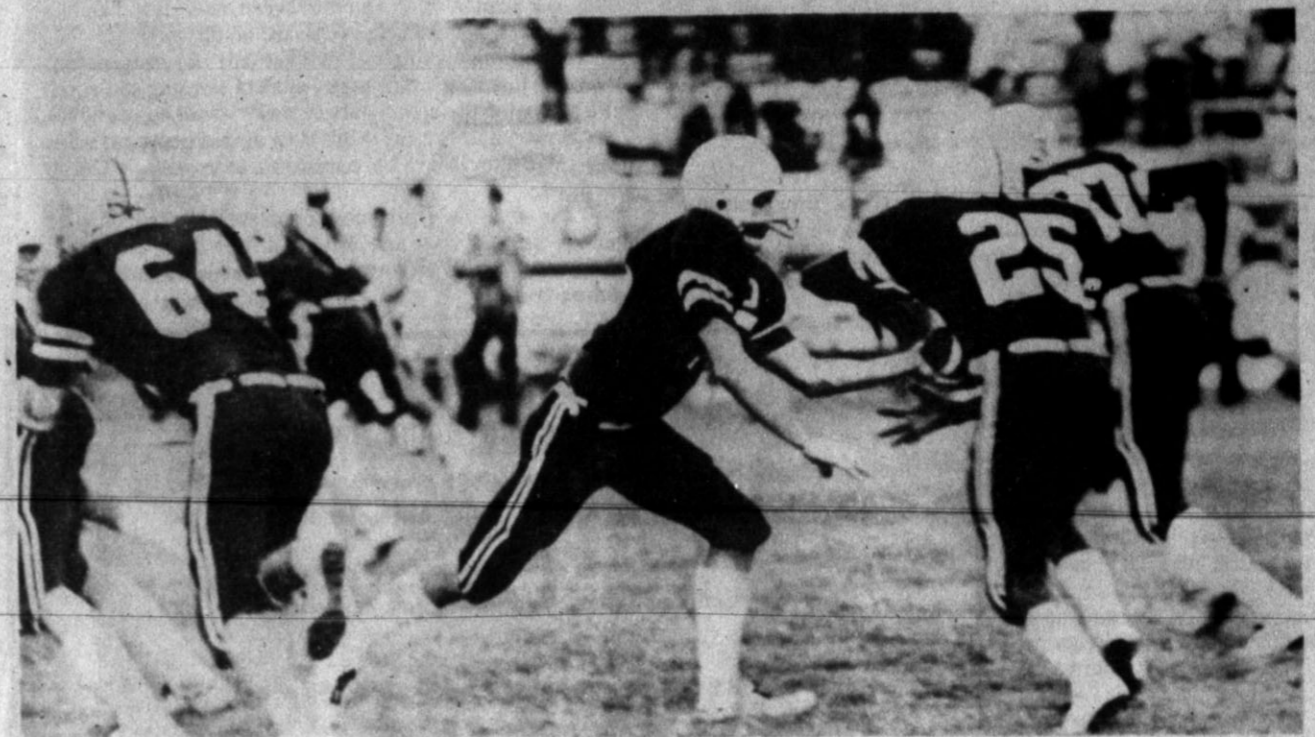

BORGER scored two second-quarter touchdowns in its opening game against Perryton for the 14-6 win. Perryton turned over six fumbles to the Bulldogs, who cashed in on two of them. Borger outdistanced the Rangers 201 total yards to 178. However, Perryton won the first downs battle 13-11.

In the Bulldogs' game last week against the Canyon Eagles in Borger, the Eagles scored their points in the second period and Borger tied the game in the final quarter. Canyon took over five Borger fumbles during the game, but the Borger defense set up a tight front line to keep the Eagles out of scoring position. After Borger's fourth-quarter touchdown, Bulldog coach Sonny Lang decided to go for the tie with 7:03 remaining in the game.

Borger stayed in the game in the second half by blocking two Canyon field

goal attempts. Canyon then fumbled the snap on a third field goal attempt. Canyon had 16 first downs and 306 total yards in the game. Borger had five first downs and 135 total yards.

OTHER major games in the area pit Estacado at Coronado tonight; Friday night games include Midland at Monterey, Plainview at Midland Lee, Snyder at Big Spring, Tascosa at Dumas, Clovis at Palo Duro, Caprock at Canyon, Perryton at Pampa, and Lubbock High at Amarillo High Saturday.

Higgins To High

Herd QB Franklin Higgins lays the ball into the arms of Herd running back Chuck High during the Amarillo Palo Duro game Friday night in which the

Whitefaces won 37-7. Leading the play for High is pulling guard Ed Warren, left, and fullback James Harris, right.

Gas Rate Discussed, Center Manager Hired

The Hereford City Commission Monday night approved a gas franchise for Pioneer Natural Gas, tabled a request for a monthly gas rate adjustment by Pioneer, and hired a new manager for the Hereford Community Center.

Commissioners approved the gas franchise within the city limits for Pioneer Natural Gas and then entered into a long discussion with Hereford Pioneer manager, Dale Young, concerning a request to allow Pioneer to adjust the gas rate to the consumer monthly instead of yearly as is presently done. The commission then tabled the request until a committee of other area city governments reports on similar requests by Pioneer in other towns.

The Commission then hired Melba Richards as the new manager of the Hereford Community Center to replace Mary Frances Lemons who recently resigned. Mrs. Richards was hired from a list of six applicants for the job, which became open last month when Mrs. Lemons submitted her resignation.

In other major action of the regular meeting, commissioners purchased a new city street sweeper from Plains Machinery at a base bid price of

\$18,932.50. West Texas Equipment Company had submitted a bid of \$18,650, but commissioners selected the Plains Machinery bid because of a five months difference in delivery date and mechanical differences between the two sweepers bidden.

COMMISSIONERS also endorsed the Amarillo regional Mental Health-Mental

Trustees Call Track Bond Election

The Hereford School Board of Trustees Tuesday called a \$38,000 bond election for Oct. 2 to finance the re-surfacing of the athletic track at Whiteface Stadium.

Meeting in special session, the Board called the election after Dr. Joe Whitley presented trustees with petitions bearing more than 1,000 signatures of local residents requesting the election.

The exact purpose of the election as stated by the board, is to re-surface the

track whereby it can be used year-around with little maintenance and also for the re-surfacing of the runways for the field events and rings for shotput and discus events.

Supt. Roy Hartman said the election, if approved by voters, would not cause an increase in taxes.

"The money is there in the interest and sinking fund," he said. "Just voter approval is needed before it can be spent."

The issue to re-surface the track has

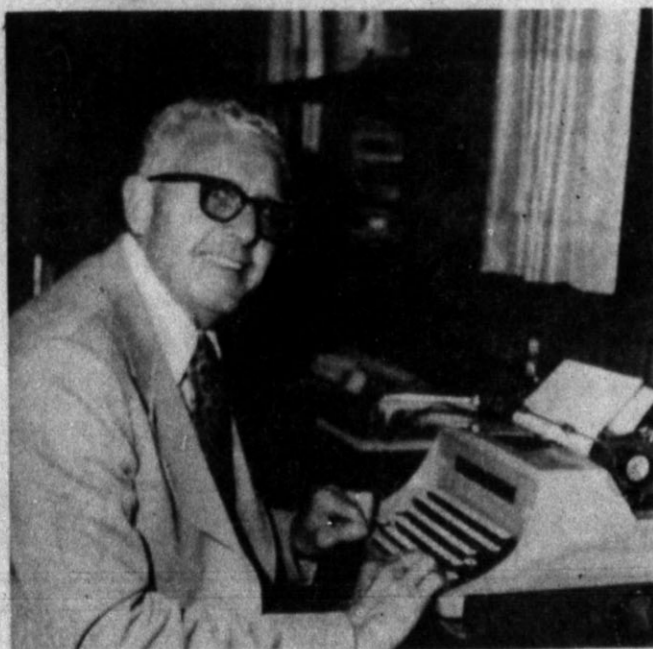

been defeated twice over the past two years by local voters, but Dr. Whitley told the board he felt voters did not realize exactly what was being called for. He met with the board this summer to ask what action was needed to call another election.

The trustees, who have the authority to call an election almost anytime, told Whitley they needed some sign of voter approval before they would call the election again. Whitley then came up

with the 1,000-signature petition.

Balloting in the election Oct. 2 will be in the Hereford Community Center from 8 a.m. to 7 p.m. Absentee voting begins at 8 a.m. and will continue weekdays until 5 p.m. Sept. 28. All absentee voting must be done in the Hereford School tax office on Sampson Street, immediately across the street west from the courthouse.

In other action at the special meeting, trustees hired Bob Davis of Columbian Securities as financial adviser.

Byron Terrell

School Program Boasts Many Success Stories

By KATHY MARGRAVE
Staff Writer

Resulting in "almost 24-hours a day, seven-days a week" jobs for its two coordinators, the Vocational Adjustment Class at Hereford High is the source of many success stories.

Begun nine years ago at Hereford High, the VAC program is a cooperative project between the Hereford Independent School District, the Texas Education Agency and the Texas Rehabilitation Commission.

Byron Terrell began as coordinator of the class and was joined four years ago by Gene Brock.

For the second year, Terrell and Brock are assisted by Elsa Valdez, a teacher's aid. Her duties however, include only classroom work, orientation procedures and record keeping.

"THE VAC program is designed for mentally handicapped youngsters, who in elementary and junior high have been determined to be unable to make it in the academic field," Terrell explained.

"The program endeavors to find skills that the student is capable of learning. Figuratively speaking, we are trying to make taxpayers instead of tax consumers out of these youngsters."

STATISTICS show that for every \$1 spent on the training of a mentally handicapped person, the government receives \$10 in taxes paid by that person.

Most of the students enrolled in the VAC program devote their entire school day to the vocational adjustment class.

"We try to center our class instruction around the world of work," Brock commented. "This includes instruction on how to fill out application blanks, the need and use of social security cards and numbers, family budgeting and what we call, every day math — making change, simple arithmetic and the like."

"However, we do study each individual student to determine if he is capable of working in another class," Terrell said. "Sometimes a student will be able to keep up with other classes. For example, we had one student that was extremely good in math and one in political science. Sometimes we do have students though that are good at reading, but cannot comprehend what they have read. We have placed some students in building trades, electronics and some in our cosmetology classes."

OF COURSE the program has had its downfalls, but it can boast several success stories.

One of the program's graduates is currently produce manager at a local grocery store, one is head custodian at a local school, two are full time employees of a school custodial staff and one is a successful beauty operator. One student has been employed four years by a local dentist.

In a recent follow-up report presented the school board, Brock and Terrell outlined the success of the program. In a three-year follow-up attempt, 17 graduates responded to follow-up inquiry. Of that 17, nine were permanently employed and two were housewives. Five of the 17 who responded have held the same position since leaving the VAC

Gene Brock

See SCHOOL PROGRAM Page 2

School Program Boasts Many Success Stories

Continued From Page 1

program and six made only one move from position since leaving the program. Four of those who responded were presently unemployed, two of those being housewives. Sixteen of the ones who responded replied that they had adequate training in the VAC program.

Currently, Brock and Terrell have 26 students in the VAC program with 13 of those being employed full time and five part time.

"WE MAKE regular visits with the students and their employers and we act as supervisors or consultants. We have no set schedule and we are available to both the employer and student at all times. Sometimes the employer or student will come to us after work or on the weekend so it sometimes is a 24-hour a day, seven-day a week job."

"We try to visit with the students and employer as often as necessary and make sure that the students work in harmony with their co-workers. One time I got out and hopped cars with one of my students just to show her the proper way," Terrell related.

This year, the VAC program has students employed at Hereford Wrecking Co., Caviness Meat Packing Plant, school cafeterias and custodial staffs, Kings Manor and one boy is employed with the construction crew at the public library. "We have had excellent cooperation from area businessmen," the instructors remarked.

"One advantage over the other vocational programs at the school is that our students are available to work full time, whereas in the other programs the students are required to attend school a half day."

BEFORE BEING allowed to enroll in the VAC program, students must meet certain requirements.

"Most of these requirements are met in elementary school," Brock said. "Students must take a psychological examination and their IQ must be between a certain minimum and maximum level to qualify for the VAC program."

"Each school campus has its own placement committee, composed of teachers, supervisors and special education advisors, who evaluate the students' abilities and determines what placement would be best. And of course, we must have the parents' permission."

The past four years, pre-vocational labs have been conducted on the junior high campuses in Hereford.

"These are lab sessions, one for boys and one for girls, that have actual working situations," Brock explained. "It prepares the students in junior high for the high school class and jobs."

STUDENTS enrolled in the VAC program spend their entire three years of high school in the project learning working skills and actually working.

"When it comes time for them to graduate," Terrell said, "they participate in graduation ceremonies just like the other seniors and their diplomas are no different."

The coordinators agreed that not only did the program teach the mentally handicapped student working skills, but also presented the opportunity to make social adjustments.

"Some students come to this class as introverts and when they leave they could be considered extroverts," Terrell chuckled.

"The students experience the personal satisfaction of getting their job done and earning a little bit of their own money. Sometimes they experience a change in their whole outlook on life."

City Discusses Rate Adjustment

Continued From Page 1
Retardation program for a MH-MR unit in Hereford. The MH-MR center will be located in Hereford, but the regional endorsement was needed by the Commissioners in order for the local MH-MR unit to receive state funds.

The Green Acres addition to the city was re-zoned by the Commission on a request from the property owners. Zoning was changed from a multi-family and duplex zone to a single-family residence zone.

The Commission also tentatively denied a request to lease the old city dump grounds. Jim McAndrews had requested the lease, but the city turned down the request until further plans concerning the Hereford Airport, which lies nearby the old dump grounds, are completed and approved by the Federal Aviation Agency.

THE CITY also gave final approval to a number of completed paving units in the city under the recently passed street paving program. The approval gives the paving company the authority to begin

assessing city residents who reside along the newly-paved streets.

Pioneer Natural Gas presently has an agreement with the city allowing it to adjust its gas rates yearly in line with the rising cost of natural gas to the company. However, this request by Pioneer would allow the company to adjust gas rates monthly instead of once each year.

CITY Manager Dudley Bayne told commissioners he felt the request by Pioneer was "out of line." He said that he and City Attorney Earnest Langley had gone over the request and were recommending that the presently yearly rate adjustment be retained.

Young, appearing before the city in behalf of Pioneer, said the monthly adjustment would allow Pioneer to keep up a continuous cash flow that would allow them to bid competitively for new gas in the fields.

"THE PRICE of gas in the fields is rising faster than we expected and we want to be able to be in the position to bid when the price is right instead of having to wait 12-15 months," Young said.

The gas manager emphasized that the monthly gas rate adjustment would mean no extra profits for Pioneer. "We would just be passing the costs on to the consumer," he said. "They will be paying the same either way. They will just be paying now what they will be paying at one time next year."

HOWEVER, commissioners questioned Young concerning the relationship between Pioneer's service to domestic customers and to industrial customers. Some commissioners expressed the feeling domestic customers were paying for the rising costs of gas brought about by the addition of new industrial customers.

Pioneer is making similar requests in other cities in the area and Mayor Jim Sears said a committee composed of residents of these affected towns has been formed to study the situation.

Commissioners then tabled any action on the request until that report is made. All members of the commission were present for the regular meeting except Commissioner H.A. Cavness.

Tea Begins AAUW Year

Meeting dates for the Hereford Branch, American Association of University Women, have been changed to the second Thursday of each month, for the season which began recently with the annual membership tea. Meetings are at 7:30 p.m. in Community Center.

Mmes. Cawthon Bryant, Lonidene Edmonson, Marcus Phillips, Jan Dudley and Betty Sue Robinson were tea hostesses. Mrs. Reuben McGilvary Jr., president, welcomed members and guests and Mrs. Robert Hickman presented an orientation for prospective members.

Officers for this year were introduced: Mrs. Hickman and Mrs. Gene Huntsinger are vice presidents, Mrs. W.J. Gilliland secretary and Mrs. Dick Bamard treasurer.

Grants Available For High School Graduates

High school graduates desiring to further their education and who need financial assistance to do so may now apply for grants to fund part of this training.

Under a new federal program, the Basic Educational Opportunity Grants Program, interested students may apply for grants that will pay up to one-half of their educational costs, points out Dr. Warren Mauk, 4-H and youth specialist for the Texas Agricultural Extension Service.

The Extension Service, through its county agents, has applications for the grants as well as additional information on the program. Applications are also available at post offices, high schools and state employment offices.

"The new program provides an excellent opportunity for students to enroll in colleges and universities as well as in vocational or technical schools," says Mauk. "However, the program in which the student enrolls must require a high school diploma and must be at least six months

in duration. "Students must be entering a post-secondary educational program for the first time after July 1, 1973 and on a full-time basis. And grants must be applied for annually. Applications for the 1973-74 school year may be submitted until next February."

According to the Texas A&M University System specialist, the amount of the grants are based on the cost of the program in which the student enrolls and the ability of the student or his family to pay for

the training. The issuance of the grants will not be influenced by scholarships or other sources of funding available to the student.

The grants are designed to pay for tuition, student service fees, board and room, books and certain other expenses.

"This program provides a tremendous opportunity for high school students to obtain further education and training," says Mauk. "And, it's not a 'poverty' program. Individual situations will be considered in awarding the grants."

Rites Scheduled For Ex-Resident

Funeral services for Avis Rhodes of Port Aransas, a former Hereford resident and father of Marie Bradford of this city, will be conducted today in Clarendon. He died Monday night in a Corpus Christi

hospital. Mr. Rhodes, 66, lived here from 1950 to 1966. He is survived by his wife; two daughters, Mrs. Bradford and Norma Small of Port Aransas, and a son, Jackie, of Dallas.

Early-Day Local Resident Is Dead

The funeral of Maggie Louise Turnbow Harlacher of Burbank, Calif., a childhood resident of Hereford and sister of Mrs. Belle Grimes of 110 Catalpa, is scheduled Friday afternoon at Forest Lawn Funeral Home in Los Angeles.

Mrs. Harlacher, 67, died at her home in Burbank Tuesday of an apparent heart attack. Born April 6, 1906, at Lalanda, N.M., she came to Hereford at

the age of five with her parents, the late Mr. and Mrs. Ples H. Turnbow, spent her childhood here and attended Hereford schools.

In addition to Mrs. Grimes, she is survived by a sister, Mrs. Ina Kearns of Los Angeles, and a brother, Willard J. Turnbow of Rockville, Md. Her husband, retired from the Los Angeles police force, died eight years ago.

Consider Proportion When Redecorating Mobile Home

In the redecorating mood but live in a mobile home?

"Don't despair — simply apply space-conscious decorating solutions," Patricia A. Bradshaw, housing and home furnishings specialist with the Texas Agricultural Extension Service, Texas A&M University System, suggested.

A major consideration is proportion, the specialist explained.

"The average living room — or living-dining area — is 12 feet wide and less than 24 feet long, and appears long and narrow

unless furnished and decorated properly.

"Consider traffic patterns — and how rearranging may affect the flow.

"Before redecorating, examine existing furnishings. Decide which need replacing or renovating," she said.

"Since furniture and fabrics receive maximum use from compact living, select high-performance characteristics such as durability.

"Durable synthetic fabrics such as 100 per cent nylon, delin or polyester provide easy-

to-clean, soil-resistant fabrics — ideal for re-upholstering."

Scale is another important consideration, Miss Bradshaw added.

"Select furniture with scale in mind to achieve visual space," she noted.

"Window treatments and floor coverings may be used to create the impression of space."

If walls are dark-paneled, rely on other furnishings to create the desired impression, the specialist advised.

BIRTHS

Mr. and Mrs. Gerald Roy Carpenter are the parents of a son, Trevar Lee, born September 18. He weighed 8 lbs. 9 oz.

Mr. and Mrs. Richard Merle Griesman are the parents of a daughter, Venus Marie, born September 15. She weighed 5 lbs. 14 1/2 oz.

Letter To The Editor

Is It 'Deef' Or 'Def'?

Dear Editor,
Will you please verify for me the correct pronunciation for the name of Deaf Smith County, Texas?

For many years, I have heard visitors from West Texas refer to the name as DEEF Smith County. Natural food enthusiasts who know the area for its fine grains have told me of ordering flour from DEEF Smith County. I have even heard national television network newscasters pronounce the name as DEEF Smith. I have accepted this pronunciation as being correct.

Now, however, I am assured by two East Texas migrants that the pronunciation DEEF is incorrect. They say they KNOW that the proper pronunciation is DEF, as any educated person

would say in using the term "deaf and dumb," or, in better taste, "deaf mute."

I hold some things in reverence. If the proper pronunciation of Deaf Smith County is DEEF, I think this is as it should be.

Please settle the question for us.

Sincerely,
George W. Shannon

Ford introduces the 74's. The news is big, medium and small. At your Ford Dealer's.

Ford Mustang II. A new class of small car: First Class.

Mustang II is 19 inches shorter than last year's Mustang... even a bit shorter than the original one. It's more than a new Mustang. It's a whole new class of small car: First Class. In every way. From its jewel-like exterior to its handsomely appointed interior, the new Mustang II gives

you a luxurious level of standard equipment you probably never expected to find on a small car. Yet Mustang II still carries an economical small-car price. Mustang II comes in two different body styles, four different models. See them soon.

1974 Ford Torino. The solid mid-size.

Torino's got a new young look this year. Excitingly restyled outside... exciting new features inside. And lots of solid car to go with them. A new young look, a smooth and steady ride. That's Torino '74.

Gran Torino Brougham 2-Door Hardtop shown with optional deluxe bumper group.

1974 Ford LTD. The quiet full-size.

Quiet, luxurious, beautifully built, that's LTD for '74. A high level of craftsmanship wherever you look, from the fit of the doors, hood and trunk to the impressive list of LTD features. Steel belted radial tires. Automatic transmission. Power steering. Power brakes, and more. All standard on LTD for '74.

Ford LTD Brougham 2-door Hardtop shown with optional deluxe wheel covers, white sidewall tires and deluxe bumper group.

Ritual Chapters Of Sorority Meet

Preceding a work session of all Beta Sigma Phi members here, to make decorations for the area convention they will host next month, the two ritual chapters met for their respective programs in Community Center Tuesday evening.

Kappa Iota Chapter set the date for its annual benefit bridge party for Oct. 25. Proceeds will go to Girlstown U.S.A., which the chapter is assisting as its main project this year.

Members brought school supplies for Girlstown residents to the meeting, and will continue to give personal aid to Girlstown after a trip to that residence home at Whiteface last spring which gave an insight into the needs of the girls there.

Mrs. Nelson Kendall was elected chapter sweetheart and will be the Kappa Iota entrant in the Beta Sigma Phi queen contest this year. Plans were also made for chapter socials in

the business session with Mrs. Edward Allison presiding.

Mrs. Robert Devin gave the program on Social Etiquette. Hostesses were Mes. John Kreighauser and Allison.

Also present were Mes. David Block, Tom Buchanan, Tom Bullard, Tim Gearn, George Muse, Tom Legate and Davie Sorrells.

Alpha Iota Mu Chapter had a program titled Painting The Person, from Toni Stabile's book, Cosmetics—Trick Or Treat? It was given by Mrs. Jerry LaFrance.

Special guests were the chapter advisors, Mrs. John Schneider and Mrs. R.J. Cramer. Hostesses for the evening were Mrs. David McDonald and Mrs. Lonnie Coffey.

Mmes. Fred Ruland, Bill Drake, Jimmy Bell, Coy Mason, Chick Holbert, Johnnie Burkhalter, Ken Walsler and Robert Williams, and Miss Carla George were also at the meeting.

The Hereford football programs were all printed this season before it was discovered that one of the eight twirlers was missing. Accidentally omitted was sophomore Betty Banks, daughter of Mr. and Mrs. D.E. Banks of Rt. 1, Hereford. Her name has been inserted below the team roster—the only page of the program not previously printed.

Case Of The Missing Twirler

Guest Is Speaker For La Plata Club

United States Bi-Centennial preparation was the subject of a guest speaker, Nelson Lewis of Friona, at the season's first meeting of La Plata Study Club Tuesday evening.

He told of plans for celebration of the nation's 200th birthday on July 4, 1976. Lewis is a writer who has traveled over the entire United States. He moved to Friona from South Carolina six years ago, is serving as Friona's Bi-Centennial chairman and field secretary of Farmer County Historical Society.

He and Mrs. Lewis were guests introduced by Mrs. Jack Brown at the meeting in Mrs.

Ken Rogers' home. Supper hostesses were Mrs. Brown, yearbook chairman, and those on her committee, Mes. Jim Neill, Philip Shook, Kenneth Hunt and Rogers.

Yearbooks were distributed after a short business period directed by Mrs. J.C. Brown, president.

Members present included Mes. Raymond White, W.D. Askew, Jay Boston, Pete Cash, Emil Dettman, Pat Hughes, Ansel McDowell, O.G. Nieman, Lewis McCustian, Frank Prowell, Nancy Richie, Major Schroeter, Ray Seale, Don Taylor, Harlan VanderZee, Jake Webb and Louis Woodford.

Survey Of Season's Program Given Club

An overall survey of the year's program theme, A New Look At Our Community, was presented by Miss Della Stagner for La Alfiatus Estudio Club at its meeting Tuesday afternoon in First National Community Room.

She gave special attention to community service organizations which will be studied in detail through the year, as she gave facts about the city's population, ethnic groups, income levels and

economic factors. Members decided to sponsor a Campfire Girl group as a major project of this club. Mrs. Sam Morgan presided for business. Mrs. T.W. Roberson and Miss Stagner were hostesses.

Also attending were Madeline Bell, Mmes. Cecil Braly, Lottie Clark, A.H. Cook, Marlin Gilliland, Emmitt Hale, Walter Johnson, B.F. Markham, S.C. Ramey, A.B. Higgins and George Suggs.

Police Investigate Burglary, Three Local Auto Accidents

By STEVE CONNELLY
Staff Writer
Three traffic accidents and a burglary were reported during the week by the Hereford Police Department, along with several persons arrested for being intoxicated.

North Plains Printing Co. was burglarized Monday and about \$488.50 in checks and cash were stolen from the business.

Speedy Nieman, publisher of the Hereford Brand, discovered the burglary at about 2:45 p.m. Monday, and reported to the police.

Entry was apparently gained through a window on the west side, and the exit was made through a door on the west side.

The door to the soft-drink machine was pried off and about \$10 was stolen from the machine. Also, \$25 was stolen from a cash box in the office and checks, one for \$106.50 and another for \$347. The police department is still investigating the incident.

The three reported accidents this week involved a parked car, and in one case, a car left the scene.

An accident in the 500 block of Brevard Street occurred Sunday at 9:50 p.m., involving a hit-and-run accident.

A Mazda, owned by Ernesto Condarco, 818 Blevins, was parked in the 500 block of Blevins when an unknown car collided with the Condarco car and left the scene.

An accident, Monday, occurred in the 100 block of Whiteface at 12:40 p.m., when a 1969 Dodge, owned by U.D. Black, 419 Ave. K, was parked and facing north on Whiteface.

A 1960 International pick-up, driven by Marcus S. Kemp, Box 466, was traveling north and

attempted to turn east onto Shirley Avenue and collided with the left front quarter of the Black car.

A few minutes later, another accident was reported in the 300 block of Sampson Street.

A 1969 Mercury, owned by Chuck Cosper, 139 Ranger, was parked on Sampson Street, and another 1969 Mercury, driven by Virgil Hennen, 703 N. Lee St., was parked beside it.

The Hennen car allegedly was backing out of a parking place and collided with the Cosper car.

The Hereford Fire Department reported to one fire this week, three miles south on U.S. 385. A car, owned by Clifford Hargrave, 339 Star, caught fire with a large amount of damage to the engine, according to fire reports.

Large Crowd Expected At Manor Dinner

Attendance is expected to be near 400 for the annual Kings Manor Founders dinner Monday, when Founders Association members from over Northwest Texas and neighboring states meet in Lamar Memorial Garden Room at the Manor.

Dr. Jordan Grooms, pastor of First United Methodist Church, will be the special speaker at the dinner this year. Entertainment will be music by the family of Richard Snow,

executive director who has assumed that position within the past year. S. L. Garrison is currently president of the Founders Association, and Jim Conkright of the Manor's board of trustees.

Time is 7 p.m. The dinner is open to all persons in the association; membership is available for a gift of \$10 or more to the Manor, a Methodist retirement home. That fee is for an annual membership; other types are scaled upward to memorial founder membership for a gift of \$10,000 or more.

One purpose of the annual dinner is to call attention to the need for contributions which help support the retirement home and help it carry out its

program of "adding years to life and life to years."

Messenger Club Holds Election

The Messenger Extension Club elected officers Friday afternoon in the Messenger clubhouse.

Argen Draper. She demonstrated how to cut patches and the various designs that can be used in quilting. There were 10 members present.

Elected as president was Mrs. S.N. Thweat; vice-president, Mrs. John Gamett; secretary-treasurer, Mrs. Bob Moellus; reporter, Mrs. Gene Bradley; council delegate, Mrs. Bill Page. Quilts and Quilt Making was the program presented by

AMA ORGANIZED

Come see the '74 Oldsmobiles.

"But dad, all you said was that Cutlass Salon had reclining seats. You didn't say it came in a new coupe, too."

Last year Cutlass Salon was a new kind of American car—a sedan built for its roadability. This year there's a Salon two-door coupe. Like the sedan, it has a new, lower steering ratio for quicker response. Steel-belted radial tires to grip the road. Special suspension for tight cornering.

Contoured seats that recline. And you can even order a Landau roof. Cutlass Salon. Built in the Grand Touring Tradition.

"Look Walter! Now we can get an air conditioner that filters smells."

Not only does Tempmatic regulate temperature inside your car to a preset level, it also charcoal filters the air. The filter acts to reduce many offensive odors from the air entering the car. It's available on all full-size Oldsmobiles. The '74 Delta 88 coupe has a brand new roofline. Hydraulic bumper systems, front and rear. And underneath—a suspension system that's as tough as ever. Olds Delta 88. It's really put together. More than just another pretty car.

"Hey! I didn't know we could get these new little windows in the Toronado."

Order a Toronado with an opera roof and you get opera windows and a padded canopy of oxen-grain vinyl. You can also order a new interior with rich velour upholstery, a high-energy ignition system, and True-Track braking. The 1974 Toronado has a new instrument panel with a message center that lights up to warn you when certain things such as your gas, oil pressure, seat belts, etc., require your attention; there's even an exceptionally accurate digital clock, with quartz-crystal controlled movement. Front-wheel drive Toronado. Engineering can be beautiful.

Stop in at your Olds dealers.
He's got surprises for every member of the family in all the other '74s, too: Ninety Eight Regency Cutlass S and Supreme, Omega and station wagons.

GM

24 Rural Accidents Occur In County During August

The Texas Highway Patrol investigated 24 accidents on rural highways in Deaf Smith County during the month of August according to Sergeant W. E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and ten persons injured.

The one fatal accident recorded in the county during August resulted in the death of George W. Farmer, 33, of Amarillo. Farmer was killed August 14 near Dawn when a Santa Fe train slammed into the side of the tractor-trailer truck

he was driving. The rural traffic accident summary for this county during the first eight months of 1973 shows a total of 99 accidents resulting in two persons killed and 38 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for August, 1973 shows a total of 586 accidents resulting in 24 persons killed and 328 persons injured as compared to August, 1972, with 593 accidents resulting in 28 persons killed

and 359 persons injured. This was 7 less accidents, 4 less fatalities, and 31 less injured in 1973 at the same period of time.

The 24 traffic deaths for the month of August, 1973, occurred in the following counties: Montague, four; Armstrong, Castro, Dallam, Swisher, Baylor, Clay, Wise counties, two each; and Deaf Smith, Donley, Parmer, Haskell, Lubbock, and Lynn counties, one each.

The Veteran Sergeant reminds you, the Texas motorist, to Drive Friendly the Texas Way!

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

An Even Dozen . . . Sheep Feeding Declines . . . Food and Fiber Pavilion Plans Nearing Completion.

An even dozen commodities are above parity for Texas agricultural producers, the Texas Crop and Livestock Reporting Service notes.

The commodities are wheat, corn, oats, potatoes, hogs, beef cattle, calves, sheep, turkeys, eggs and mohair.

The average wheat price in Texas is \$4.24 compared with parity at \$3.51 per bushel. Corn at \$2.75 per bushel compares with parity of \$2.36. Rice at \$11 per hundredweight compares with \$9.65 parity. Potatoes at \$6.50 per hundredweight compares with \$4.32 for parity.

All but one category of livestock is above parity, the single exception being lambs.

Hogs at \$55.80 compares with parity at \$37.10. Beef cattle averaged \$56.30 per hundredweight; parity is \$44.70. Calves at \$68 per hundred average compares with parity at \$54.20. Sheep at \$19.40 per hundred compare with parity at \$12.60. Lambs averaged \$37.60, but this is \$8.20 per hundred under parity.

Turkeys averaged 46 cents per pound with parity at 40.5 cents per pound. Eggs averaged 69.2 cents per dozen with parity at 64 cents. Mohair averaged \$2.30 per pound with parity at \$1.49 per pound.

Cotton prices to farmers averaged 34 cents per pound while parity was 66.05 cents per pound.

The all-farm products index of prices received by Texas farmers and ranchers is 20 per cent above the month of August and 61 per cent above a year ago. The livestock and livestock products index is 21 per cent above a month ago and 69 per cent higher than a year ago. The all-crops index is 18 per cent above a month ago and 50 per cent above a year ago.

And though farm prices go up, they also come down. During the period from August 15 to September 6, for example, prices had dropped 14 per cent.

Farm production costs also continue to rise. The index of prices paid by farmers is 19 per cent above a year ago.

DRYLOT sheep feeders with a capacity of 2,000 head or more had 117,000 sheep and lambs on feed for slaughter as of Sept. 1. This is seven per cent below the number on feed a month earlier and nine per cent below the number on feed a year ago.

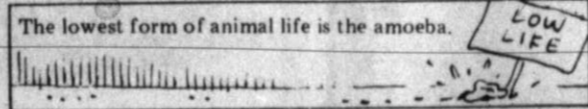

Current intentions to market are: September 55,000; October 36,000, November 26,000. Placements during August totaled 54,000 head with a total of 10 feeders reporting 1,000 or more head on feed as of September 1.

PLANS for the Food and Fiber Pavilion of the Texas Department of Agriculture at the State Fair of Texas are nearly complete. Theme of the pavilion this year will be to show consumers how to get the most value for their food dollars.

This will be the fourth year that the Texas Department of Agriculture has had charge of the food and fiber pavilion. About one million persons annually have visited the pavilion since then.

A number of programs are planned to show consumers how to get the most for their food money including special emphasis on cost per serving. Special programs are also planned to highlight the natural fibers-cotton, wool and mohair.

Also on display will be features highlighting the top-quality foods produced by Texas agricultural producers.

Local Feedyard Purchases All Stock Of XIT Feedyard

Deaf Smith Feedyards, Inc. of Hereford, has announced it has entered into an agreement of intent to purchase all of the capital stock of XIT Feedyards, Inc., of Dalhart.

sonnel will continue with XIT, except Joe C. Easley, general manager, who expects to resign within the next few months to devote his time to other personal interests.

Deaf Smith, a wholly owned subsidiary of Southwestern Investment Company, Amarillo, is managed by Ernest G. Latta. Latta will assume the title of Director of Cattle Operations, and be responsible

for the overall management of both Deaf Smith and XIT. The consummation of the proposed transaction will bring Deaf Smith's total cattle feeding capacity to 65,000 head.

The purchase of XIT for an undisclosed cash consideration is subject to final review by Deaf Smith, and delivery of 100 per cent of the outstanding stock of XIT.

The Lieutenant Governor's Report

Texas Program Helps Veterans Buy Land

By BILL HOBBY
Most Texas veterans are well aware of the benefits available to them from the GI Bill.

This federal program has provided hundreds of thousands of former servicemen and women with money for education.

It also enabled thousands of veterans to buy homes with government-guaranteed loans.

What many veterans do not realize is that the State of Texas has a similar program in grateful recognition of their service.

The Texas Veterans Land Program so far has helped almost 50,000 former servicemen purchase tracts of land. Since 1948, the state has loaned \$400 million to help Texas veterans buy 3.5 million acres of land.

Under the program, the Veterans Land Board buys a minimum of 10 acres for the veteran. He then pays for the land in semi-annual installments for 40 years, although the principal may be pre-paid without penalty.

The maximum loan is \$10,000. However, the veteran may pay the difference in cash if the tract costs more.

The veteran pays only five and a half (5½) per cent interest on the money. At today's interest rates, that is a real bargain.

To be eligible for the program, you must have served no less than 90 consecutive days in the military between September 16, 1940, and the end of U. S. military involvement in Vietnam. Persons receiving a dishonorable discharge are not eligible.

Persons on active duty also are eligible even though they may be stationed outside the state.

The chairman of the Veterans Land Board is Bob Armstrong, commissioner of the General Land Office. You may write him care of the Veterans Land Board, Austin, Texas 78701 for the materials and information necessary to make application.

I urge all veterans to become informed about the benefits of this program. And I ask all

Texans to join me in supporting the continuation of the Texas Veterans Land Program.

On the ballot this November, Proposition Seven seeks the constitutional authority to extend the lending authority of the Veterans Land Board by \$100 million.

Without this additional lending authority, Commissioner Armstrong estimates that the program will have to be curtailed toward the end of this year.

The Texas Veterans Land Program is not tax-supported. It is paid for by the veterans who participate in it.

I believe the continuation of this program is the least we can do to show our thanks to the men and women who have given so unselfishly of their service to our state and nation.

Newberry To Speak At Farm Bureau Meeting

Warren Newberry of Waco, executive director for the Texas Farm Bureau, will be principal speaker for the annual meeting of the Deaf Smith-Oldham County Farm Bureau, according to an announcement by Bill Walden, county Farm Bureau president.

The meeting, which

culminates the year's activities for the local farm organization, will be held at 7:30 tonight in the Hereford High School cafeteria. All members are urged to attend the barbecue dinner.

Newberry is the top administrative official and business manager for the state organization and has held major positions in American Farm Bureau for a number of years.

Walden said he believed the annual county meeting "affords an opportunity for every Farm Bureau member to voice his opinion on issues affecting him on the local, state and national level."

He added that all members are invited to attend and par-

ticipate, and announced that plenty of barbecue will be ready to serve even if reservations did not reach the office.

Accidental Falls Rate High In Home Deaths

Falls account for almost one-third of all accidental deaths in the home.

Last year, some 8,000 people died from accidental falls in the home. Such accidents are not restricted to falls from one level to another but may be the result of a fall on a level surface.

Statistics indicate that more than half of these fatalities involved people over the age of 65. The elderly's impaired hearing, vision, and sense of touch, coupled with a possible lessened sense of balance and a certain degree of handicapped mobility, make them highly susceptible to accidental falls.

Officials at the Texas State Department of Health emphasize that many home accidents, especially among the elderly, can be avoided if forethought to safety is applied when building, remodeling, or rearranging your home.

FOR INSTANCE, many accidents could be averted if stairs were eliminated in home construction. While one-story single family homes successfully achieve the goal, increasing land costs unfortunately may necessitate the construction of multi-level housing.

So, it seems, stairs will be with us always. But they can and should be built with safety in mind. Dividing a one-story rise into two flights of stairs

with an intervening landing should reduce the amount of injury by limiting the fall to less than one story. Also, stair treads and risers should be uniform in size. Handrails should be continuous, with double handrails when possible. This added safety precaution would provide a rail for both ascending and descending the stairs. The handrail should be small enough to be grasped easily.

Single steps are a very great hazard. Think of how many times you've over-looked single steps in an entrance sidewalk or between rooms, losing your balance as you unsuspectingly stepped down. If steps cannot be

grouped to achieve the desired change in level, a ramp would be more useful. For elderly people, a railing alongside changes in level is essential.

Even minor changes in level constitute a hazard. If possible, it is desirable to eliminate the sill of the outside door. The sloping sill is, however, part of the weather protection—and if it is to be eliminated the entrance door will have to be protected by being set back in the house or by an extended porch.

THE ELIMINATION of a change in level at the door is likely to increase slightly the cost of a home under construction, since additional space will be necessary for weather protection. Consideration should be given to such a procedure, especially if an elderly person is residing in the home.

A shift in level from one type of flooring to another can also be disturbing to those who are less coordinated than the average person, and thus floor coverings should be chosen with safety in mind.

Much can be done in the bathroom to eliminate the falling hazard. If the floor of the tub does not have some slip-resistant treatment, such material should be applied. In addition, a number of sturdy grab bars are useful for getting in and out of the tub for support during the bathing operation. Similar supports are desirable for showers.

Attention should also be given to the selection of flooring materials to avoid slipping. An additional safety aid is to broom finish exterior sidewalks.

There are other safety features which can be implemented even if you're not building or remodeling, say state health officials.

REARRANGE YOUR storage so that frequently used items can be stored at levels that do not require stooping, reaching, or climbing. Well lighted stairways and frequently used rooms are essential. Keep furniture clear of traffic lanes, and, in the bedroom, leave an open path to the window and door in case of an emergency. Fix loose or torn carpeting, linoleum, and stair treads that could cause falls. Remove all scatter rugs at top of stairways and other rugs that slide easily on the floor.

Don't be an accident statistic.

Bob Lassiter led the chapter collected and Mrs. Gerald Hale led members in singing the Delta Kappa Gamma song.

Guests present were Lucille Naylor and Marie Huntley. Members answering roll call included Mmes. Fred Mulkey, C.R. Higgins, Don Walters, Augusta McCarty, Tolbert Painter, Sam Ratcliff, Earl Holt, Sidney Kerr, Eleanor Hudspeth, Audrey Powell.

Also Mmes. Fritz Christman, Lawrence Carlson, Tandy Legg, J.C. Mercer, Elizabeth Willis, Nancy Richey, Rodney Laubhan, Don Shipley, Roland Haigrove, O.Z. Golden, J.D. Neill, Claude McDougal, Dick Montgomery, Charles Bell, John Heard and Miss Della Stagner.

Supper hostesses in the REC Medallion Room were Mmes. Gary Billingsley, Tommy Braddy and J.J. Durham. Mrs.

Turning to produce items, the specialist reported seedless grapes in good supply and excellent quality.

Cantaloupes and watermelons still carry reasonable price tags, she continued.

Prunes, plums, bananas, nectarines, oranges and new crop apples are in best supply at the most economical prices.

"Best vegetable buys consist of potatoes, dry yellow onions, carrots, corn, head lettuce, celery, squash, okra, cabbage, rutabagas and cooking greens."

"Also tomatoes, green peppers, sweet potatoes, radishes and green onions."

"Most flavor makers — garlic, mustard, Worcestershire, chili, catsup, horse-radish, herbs and spices — are relatively inexpensive and quick to use."

For the second week this month, markets are featuring specials on chicken and pork cuts, the specialist continued.

"Lower fryer chicken prices make them the biggest bargains in many meat departments. Enjoy it fried, baked, stewed, roasted or in an exotic recipe."

For the most economy and quality for your egg money, choose Grade A, large-size eggs, she advised.

"Watch for specials on some pork cuts — hams, picnics, shoulder roasts and steaks, and end cut loin roasts generally the best values."

"With the freeze off beef, supplies will increase — but expect price fluctuations for the next few weeks," Mrs. Clyatt said.

"In general, look for best beef buys on chuck roasts and steaks, round steaks and ground beef."

Extra Time Spent Pays Off

Newcomers Meet Today

Home of the new president of Hereford Newcomers Club, Mrs. Homer Yocum, 1014 East Third, will be the meeting place for the club's monthly business session at 7:30 p.m. today.

Mrs. Yocum and other new officers were installed at the recent September luncheon of the club.

Membership is open to anyone who has been a resident of Hereford less than two years. A covered dish luncheon and a business meeting are held each month, and the club engages in various community activities.

Small Talk

By SUE COLEMAN
Women's Editor

A COPY of a new book by Bessie Patterson, this one a series of lessons intended for study by church women, has reached my desk and by glancing through it I can tell that I want to read it thoroughly.

People here know Mrs. Patterson as a writer through her History of Deaf Smith County, which is not only a pleasantly readable account of people and events, but is used here at the Brand as a standard reference book, along with Webster's Dictionary and the Texas Almanac, as a trustworthy source of information.

A teacher and director of church study for years, Mrs. Patterson is qualified there as well as in writing to prepare her new book, which she titles with a quotation, Wisely Train The Younger Women.

It is aimed for study by younger women, to help them set personal goals and attain them, also by older women, to encourage them to meet the challenge and "wisely train the younger."

IF YOU GO to the open house at Berger Girlstown Saturday, and eat the barbecue supper that will be served from 4 to 7 p.m., you should enjoy the food because practically all of it will be from Deaf Smith County, Viola Williams says.

That inveterate Girlstown supporter has good-naturedly taken lots of teasing about scrounging and cattle rustling and otherwise gathering up things the girls need — and she admits, even brags, that she has been at it again.

Meat and vegetables for the supper will be the fruits of her

beg-borrow-or-steal tactics, she says. And actually, she doesn't have to resort to strongarm methods to get Hereford folks to contribute to Girlstown.

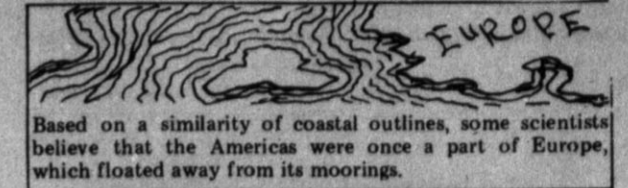

She just suggests to the proper persons that her girls need this or that, and she insists that there aren't more generous givers anywhere.

To get to Girlstown at Berger, incidentally, you drive four miles from the city on the highway toward Pampa, and there is a sign on the gate to guide you.

NELL HODGES left the first of the week for Waco to attend a board meeting and then a state meeting of Texas Homemakers Association.

A SON, ERIC Drake, was born Sunday afternoon to Mr. and Mrs. Marcus E. Jacobsen of Rt. 1, Canyon. He was born in an Amarillo hospital and weighed 6 pounds and nearly 6 ounces.

His paternal grandmother is Ursalee Jacobsen, and his great-grandmother is Mrs. John Jacobsen Sr., so the young man is a member of an old Hereford family.

Based on a similarity of coastal outlines, some scientists believe that the Americas were once a part of Europe, which floated away from its moorings.

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION NOVEMBER 6, 1973

NUMBER ONE ON THE BALLOT (S.J.R. 8)

Article III, Sections 5, 24 and 49a and Article VIII, Section 6 of the Texas Constitution are amended to:

Provide for regular annual sessions of the Legislature. The regular session in each odd-numbered year would be for a period not to exceed 180 days. The regular session in each even numbered year would be for a period not to exceed 60 days and would be limited to consideration of fiscal matters and any emergency matters submitted by the Governor. The 60 day session could be extended by the Governor for a period not to exceed 30 days.

Provide an annual salary for members of the Legislature not exceeding \$15,000 per year and a per diem not exceeding \$18 per day for each day of each regular session or special session.

Provide that no appropriation of money shall be made for a longer term than one year and direct the Comptroller to make annual estimates of anticipated revenue rather than biennial estimates.

NUMBER THREE ON THE BALLOT (S.J.R. 13)

Article VIII, Sections 1a and 1b of the Texas Constitution are amended to:

Extend the \$3,000 ad valorem tax exemption to the residential homesteads of unmarried adults.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults."

NUMBER FOUR ON THE BALLOT (S.J.R. 1)

Article XVI, Section 59 of the Texas Constitution is amended by adding a new Subsection (e) which:

Provides that no law creating a conservation and reclamation district shall be passed unless a copy of the proposed law is delivered to the commissioners court of each county and to the governing body of each incorporated city or town in whose jurisdiction said district or will be located. Each such commissioners court and governing body may file its written consent or opposition to the proposed law with the Governor, Lieutenant Governor and Speaker of the House of Representatives. Each special law creating such a district must comply with general laws then in effect relating to consent by political subdivisions to the creation of such districts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide for annual regular sessions of the legislature; and to provide an annual salary of \$15,000 and per diem for the members of the legislature, effective in January, 1975."

NUMBER TWO ON THE BALLOT (H.J.R. 7)

Article XVI, Sections 50 and 51 of the Texas Constitution are amended to:

Include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses.

Presently a single adult person is not entitled to claim a homestead exemption and a married man can abandon a family homestead without the consent of his wife.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses."

NUMBER FIVE ON THE BALLOT (S.J.R. 12)

Article XI, Section 7 of the Texas Constitution is amended to:

Provide that all counties and cities bordering on the coast of the Gulf of Mexico are authorized to levy a tax to pay for bonds issued for the construction of sea walls and breakwaters upon a majority vote of the resident property tax-payers. Counties and cities are presently authorized to levy such taxes and this amendment only changes the required vote from a two-thirds majority to a simple majority.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing counties and cities bordering on the Gulf of Mexico to issue bonds

NUMBER SEVEN ON THE BALLOT (H.J.R. 6)

Article III, Section 49-b of the Texas Constitution is amended to:

Provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund. This amendment increases the present \$400 million authorization to \$500 million.

Remove the present provision which permits buying of land only by those veterans who served between September 16, 1940 and the date of formal withdrawal of United States troops from the armed conflict in Viet Nam. This amendment would allow all veterans who served after September 16, 1940 to buy land from the Veterans' Land Fund, provided they are otherwise qualified.

Provide that, in the event of the death of an eligible

NUMBER NINE ON THE BALLOT (S.J.R. 25)

Article VIII of the Texas Constitution is amended by adding a new Section 2C which:

Allows the Legislature, by general law, to exempt all real and personal property used by non-profit water supply corporations or cooperatives from all property taxes. The exemption would apply only to such property as is reasonably necessary to conduct the business of a non-profit water supply corporation or cooperative.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from property taxes certain property used by a non-profit water supply corporation or cooperative."

for the construction of sea walls and breakwaters upon a vote of the resident property tax-payers.

NUMBER SIX ON THE BALLOT (S.J.R. 26)

Article V, Section 8 of the Texas Constitution is amended by adding a new paragraph which:

Provides that the district court, concurrently with the county court, shall have the general jurisdiction of a probate court and in a probate proceeding shall also have the jurisdiction otherwise conferred on it by law. It also provides that the legislature may increase, diminish, or eliminate the jurisdiction of the district court or county court in probate matters, may adopt rules governing the filing, distribution, or transfer of cases and proceedings as between the courts having jurisdiction of probate matters, and may provide that all appeals in probate matters shall be to the courts of civil appeals.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment stating that the district court concurrently with the county court shall have the general jurisdiction of a probate court, and providing the jurisdiction thereof, and further providing that in any probate proceeding the district court shall also have jurisdiction otherwise conferred upon it by law, and further providing that the legislature may increase, diminish or eliminate the jurisdiction of the district court or county court in probate matters, and further providing that the legislature shall have power to adopt rules governing the filing, distribution and transfer of all such cases and proceedings as between district courts, county courts, and other courts having jurisdiction thereof, and further providing that the legislature may provide that all appeals in such matters shall be to the courts of (civil) appeals."

Article XI, Section 5 of the Texas Constitution is amended by adding a new Section 5(a) which:

Authorizes and requires incorporated cities, towns, and villages, regardless of population and notwithstanding the constitutional limitations on total tax rates, to levy such annual ad valorem taxes on the taxable property in the city, town or village as are necessary to pay the principal of and interest on, when due, the general obligations hereinafter issued by the city, town, or village. The legislature is empowered to limit by general or special law the total principal amount of general obligations which may be issued, but unless and until the legislature acts to do so, the limitations established by statute with respect to the total principal amount of bonds which may be issued by independent school districts shall apply as the rate limitation on cities, towns, and villages.

The wording of the proposed constitutional amendment as it appears on the ballot is as follows:

"The constitutional amendment to authorize cities, towns, and villages to levy such ad valorem taxes as are sufficient to pay the principal of and interest on their general obligations hereafter issued, subject to the restrictions provided by law."

Article VIII of the Texas Constitution is amended by adding a new Section 2C which:

Allows the Legislature, by general law, to exempt all real and personal property used by non-profit water supply corporations or cooperatives from all property taxes. The exemption would apply only to such property as is reasonably necessary to conduct the business of a non-profit water supply corporation or cooperative.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from property taxes certain property used by a non-profit water supply corporation or cooperative."

1974 Chevrolet

A better-than-ever way.

When the wheel belongs to you, the road goes anywhere you say. And it's so much better with a '74 Chevrolet.

Caprice Classic. Introducing an elegant motor car, just asking to be enjoyed. Outside: an imposing new grille, and on the Coupe, a distinctive new roof line. Inside: peace, quiet and convenience. With standard power steering to do most of the turning, standard power front disc brakes to do most of the stopping, and a standard Turbo Hydra-matic transmission to do the shifting. If you want the luxury and comfort of a car that leaves little else for you to do but enjoy the ride, you don't have to look beyond the '74 Caprice Classic. However, the freedom of the open road begins with the freedom of choice:

Vega GT. This year's version of last year's Motor Trend Economy Car of the Year. (And Car and Driver Readers' Choice as Best Economy Sedan for the last three years.) With a reshaped nose, bigger bumpers, nicer carpeting, new stripes and new colors. Plus more good things to make it better. See what it's like to drive a winner.

Camaro. The way it looks is the way it goes. Quick, sleek and nimble. With a low, wide stance, responsive steering. And comfort that's rare in a car that handles so well. Plus classic new styling, and plushness from the cut-pile carpeting up.

Malibu Classic. A luxury Chevelle, new this year. With full foam seats. A fold-down front armrest. Wood-grained vinyl accents. Elegant inner door panels. Extremely tasteful upholstery and cut-pile nylon carpeting.

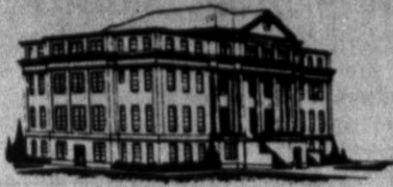

That's just inside. The exterior is just as classic, in character and in detail, as the interior. Yet, it remains mid-size. And, it remains all Chevrolet. With Chevelle handling and at a Chevelle price. Now that you've looked, come and see the new Malibu Classic—and all the 1974 Chevrolets. The ones shown here, plus Impala, Monte Carlo, Nova, Corvette, pickups, vans and all our new cars and trucks.

MRS. S.L. WALSER

WT Registration Reaches 'A Leveling Off Point'

By STEVE CONNELLY
 Staff Writer
 Registration at West Texas State University has hopefully reached "a leveling off point," according to Dr. Donald Cates, dean of admissions and registrar.
 The number of students enrolled by the 12th class day was 6,782, compared to 6,575 last fall. This pushed the enrollment number up by 207 over last year.

Significant rises resulted in the number of graduate students, women students, commuter students, and part-time students. The total freshman class was up by more than 100 students this year as compared to last year, although the beginning freshman enrollment has remained stable.
 Graduate students enrolling at WTSU made a jump from 781 last year to 1,197 this year;

women students went from 2,716 last year to 3,043 this year; commuter students went from 2,904 last year to 3,100 this year; and part-time students went from 1,499 last year to 2,010 this year.
 The sophomore, junior and senior classes remained about the same this year, as did the number of on-campus students, men students, and the percentages of different races within the school.
 Dr. Cates said that part-time students probably would have been more significant in number if circumstances within the government had not required a rise in costs in tuition and fees.
 Reasons for the increase in enrollment, according to Dr. Cates, include an excellent year for crops and crop prices this year and an increased effort by the faculty of WTSU last year in counselling the students.
 The number of students just after enrollment ended was 6,949 which means that 167 students dropped school before the 12th class day.

Funeral Service Conducted For Mrs. S.L. Walser Homes Scheduled

Funeral services for Mrs. S.L. Walser, 85, whose death occurred Saturday afternoon in Westgate Unit of Kings Manor retirement home, were conducted Monday afternoon in First Baptist Church, of which she was a member.
 The Rev. Doug Manning, pastor, and Dr. DeWitt Seago, Kings Manor chaplain, officiated. Burial in Rest Lawn Memorial Park was directed by Gilliland-Watson Funeral Home.
 A resident of Hereford since 1923 and of a farm near Summerfield the previous six years, Mrs. Walser came to Deaf Smith County from McLean. She and her husband had farmed there and in Hardeman County since their marriage Dec. 23, 1906.
 She was the former Laura Elizabeth Lance, born Aug. 6, 1888 near Fort Smith, Ark. The Lance family moved to Texas the next year and she grew up in Chillicothe, as did Walser.
 She is survived by her husband; a daughter, Zella Mae Crump; a granddaughter, Zell Robinson of Dalhart; a sister, Mrs. Della Walser of Hereford; a brother, Earl Lance of Summerfield, and two great-grandchildren.

Tour Of Three

Three homes will be open to visitors Sept. 28 in the annual tour of homes sponsored by Garden Beautiful Club, Mrs. Joe Story, president, has announced.
 From 3 to 7 p.m. that day, callers will be received by club members at the A.L. Jordan home south of the city on the Dimmitt Highway, the Lewis Block home at 128 Nueces and the W.P. Axe home at 213 N. Texas.
 Tickets will be on sale in advance by Garden Beautiful members. The tour is a benefit for the club projects fund; main project at present is beautification of Deaf Smith General Hospital grounds, which has been under club direction several years.
 Hostess group at the Jordan home will include Mmes. Story, Ray Cowser, T.J. Carter and Roy Smith. The Block home will

have Mmes. Harman Ford, Bruce Burney and L.H. Lookingbill Sr. as hostesses from the club.
 At the Axe home, the hostess committee will be Mmes. N.D. Bartlett, V.O. Hennen, Deward Roberson and Charlie Noland.

BSP Convention Work Under Way

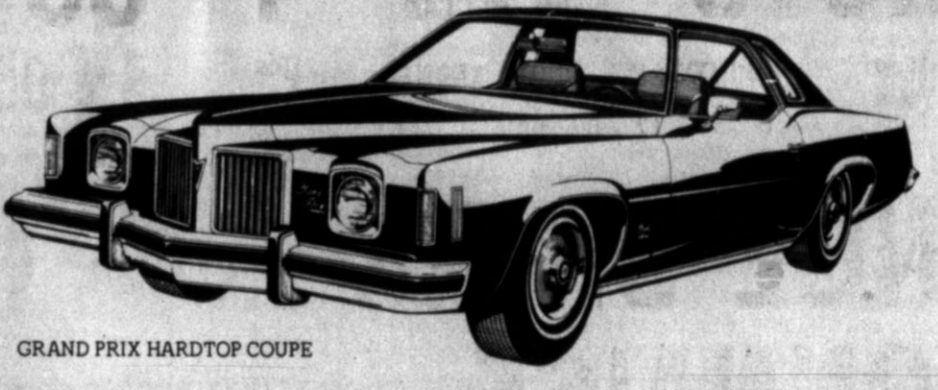

Planning which began almost a year ago when Hereford was picked as the 1973 convention city for Beta Sigma Phi chapters of the Panhandle area, was translated into concerted action at a work session for four local chapters Tuesday evening.
 Members met in Community Center to make decorations for convention events of Oct. 20 and 21. Programs, business sessions and entertainment will be headquartered in La Plata Junior High School for some 300 members who will come from over the area.
 Mrs. Robert Williams is chairman of the decorations committee, with Mmes. Fred Ruland, Kirk Owsley, George Muse, Beverly Fink and Sherrill Bullard as other members.
 Mrs. Howard Gore, general chairman of arrangements, and Mrs. Jim Cramer, co-chairman, have announced committees to prepare for and conduct the convention events.
 Mrs. Tim Gearm is chairman of Saturday evening and Sunday entertainment, Mrs. Davie Sorrells of motel arrangements and Sunday church services, Mrs. John Schneider of publicity.

Heading the committee on registration is Mrs. Nolan Grady; on favors, Mrs. Cramer; on program printing, Mrs. Hicks Roberson; on door prizes, Mrs. Gary Tyler.
 Awards will be presented for scrapbooks, yearbooks, newest chapter, best attendance and farthest travelers. Mrs. Joe Story is chairman of award arrangements.
 Mrs. R.J. Cramer is chairman of the committee on meals, Mrs. Charles Laing on the closing ritual program and Mrs. Tom Buchanan on convention charm.

FORT BROWN
 On March 28, 1846, Gen. Zachary Taylor's army crossed the Rio Grande and established Fort Brown on Mexican soil.
MADRID SURRENDERS
 Madrid surrendered to the nationalists under Gen. Francisco Franco on March 28, 1939.
DAM COLLAPSE
 On March 28, 1965, a dam collapsed in an earthquake in Chile and killed some 400 persons.

Doves More Like Homing Pigeons

With a few exceptions, mourning doves are pretty much home bodies, according to results of a Texas Parks and Wildlife Department banding study.

The department and private individuals banded 51,095 doves between 1925 and 1965 and have recovered 1,734 bands from birds marked in Texas, according to a recent article in Texas Parks & Wildlife magazine.

Department biologists say that 85 per cent of the birds were recovered in Texas, and the majority of these recoveries were made in the same ecological region where the birds were banded.

Because 63 per cent of the recoveries from winter-banded adults were made during the following hunting season in the same region of the banding, biologists believe that adult doves return to the same wintering area year after year. A portion of the population could be there year-round.

More than two-thirds of the recoveries from nestling and juvenile mourning doves banded in summer were taken the following fall within the same ecological region where they were banded, indicating that a substantial proportion of immature doves remain in the area where banded until hunting season begins.

Louisiana accounted for 24 per cent of Texas-banded birds

recovered in the United States. Hunters in 18 states, including California, Minnesota, North Dakota and Florida at the extremes, have recovered bands from Texas birds.

Biologists do not know the speed of dove migrations, but they have a couple of indications that doves can travel great distances in a short time. One dove banded in Manitoba was killed in Travis County 37 days later after a journey of 1,600 miles.

Another dove banded in Brooks County in Texas was killed 66 days later in North Dakota after a 1,500 mile trip. Biologists point out that there is no way to determine how long the doves had been in the area before they were shot.

Mexico accounted for 54 per cent of the bands recovered from doves killed outside of Texas. Bands were also received from Guatemala, Honduras, El Salvador and Nicaragua.

The record for the longest time between the date banded and the date recovered is held by a dove banded June 4, 1953, in Palo Pinto County. The bird was shot 11 years and four months later in Mexico. Another dove was recovered 10 years after it was banded as a nestling.

Biologists say these long lapses between banding and recovery are rare since at least 50 per cent of mourning doves never see their first birthday.

OUTDOORS IN TEXAS

BY VERN SANFORD

"Wildlife is a product of edges." This statement has long been an axiom in game management circles. Although hunters may not have thought of it in these terms, this principle is one that most of them realize instinctively.

What does it mean? Dr. J. F. Linduska of Remington Arms explains it this way. When you go hunting for cottontails (and that's legal in Texas anytime) you don't put your beagle down in the center of a cornfield, or in the middle of a dense wood. You work the hedgerows, brushpiles, and woodland borders . . . the edges.

It's the same with quail and pheasants. For every one of these birds you find out in the center of the field, you'll stir up a dozen on the borders, on the banks of ditches and just inside the thickets. Again it's the edges.

Of course the real give-away as to where game hangs out is to watch a bird dog with a couple of seasons of savvy behind him. He won't putter around in the big uniform places. He will skirt the edges of the field, the edges of the plum thickets, the edges of the orchard, and all the other edges where different types of vegetation meet.

Dr. Kinduska says "It's no mystery why game inhabit the edges. That's where they find, in close proximity, all the things necessary for a good life."

He points out that the center of a picked cornfield offers food aplenty and occasionally the birds will wander to the center. Also the center offers

protection, so now and then the birds will stray in. But by far the greatest advantage to the hunter is to be found at the edges . . . since that's where the game spends most of its time.

Succinctly put "it's a matter of safety and logistics".

Whether it's game or some other species of animal life it's not enough simply to have lots of food and cover. Unless they are properly distributed . . . one in relation to the other . . . the amount of wildlife an area will support will be limited well below its real potential.

That's why, other things being equal, 10 one-acre ponds will produce more ducks than one big 10-acre pond.

It's a large part of the reason, too, why the small patch farms of yore were more productive of game than the big, consolidated, Texas ranches of today.

Modern day game management strives to improve habitat partly by increasing and bettering "edge" conditions.

Naturally, such a program doesn't allow for too many generalities. In a large timber stand it might well mean creating openings to insert food producing units in a uniform habitat of trees. In a large area of open fields it might call for hedgerows, or fence-row plantings of shrubs and trees to add cover to a barren landscape.

Whatever the formula, it will vary with the nature of the countryside and the type of game you want to encourage. But you can be sure that giving wildlife an edge on numbers will require, first of all, giving them an edge on which to live.

Bowhunting Sport Not For Bumlbers

Is bowhunting the ultimate experience in the sport of hunting? Or is it a cruel and bloody pastime?

The proficiency of the individual bowhunter determines the answers to these questions, according to wildlife and hunting authorities.

Bowhunting requires the utmost discipline, they say, and this takes countless hours of preparation. Those who are not willing to pay the price in these hours devoted to the sport are the ones who do the sport the most harm.

The skills needed for consistent success in bowhunting can be divided into two categories — skill in archery and skill in hunting.

Becoming an adequate shot with a bow is not hard for most who try, but it takes time. Thousands of arrows must be shot and retrieved. The best way to approach learning to shoot is to start with a light-weight target bow and develop good shooting habits.

Ultimately, though, the bowhunter must practice with a hunting bow which will have a heavier draw weight. His practice arrows must be of the same weight and spine (stiffness) as the arrows with which he will hunt. Otherwise, his marksmanship will be unpredictable.

A rule-of-thumb used by bowhunters is their ability to hit a paper plate consistently at 40 yards using a hunting bow and arrows. When the archer can do this, he may be able to make a clean kill, if he can get within 40 yards of a deer.

Now the bowhunter must develop his skills as a hunter. This involves sharpening his senses, developing knowledge of the game he seeks and acquiring the physical ability to move silently and smoothly through the woods. And it means acquiring almost superhuman patience.

The ability to get within bow range and bring the bow to position to release the arrow is more than just a matter of luck. Another important aspect of bowhunting is preparation of equipment. Arrows should be matched so that their performance will be consistent. Broadheads must be sharp enough to shave hair since a clean kill depends on the hemorrhaging effect of the broadhead.

State law requires that each arrow have the archer's name and address on it in some non-

water-soluble medium.

Old bowstrings should be discarded, and new ones broken in. Carry an extra bowstring since a careless movement with a sharp broadhead can slice a string and end the hunt for the day.

Because bowhunters must be close to a deer to make a clean kill, camouflage is important.

natural energy HOME

CLEAN ENERGY FOR TODAY AND TOMORROW

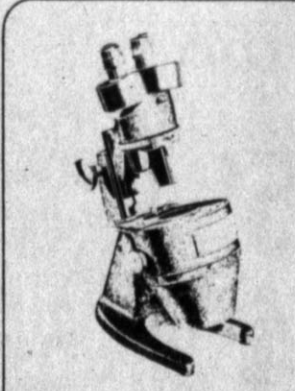

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource . . . natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

Legal Notice NOTICE OF BOND ELECTION

THE STATE OF TEXAS COUNTIES OF DEAF SMITH CASTRO AND PARMER

HEREFORD INDEPENDENT SCHOOL DISTRICT TO THE RESIDENT QUALIFIED ELECTORS OF THE HEREFORD INDEPENDENT SCHOOL DISTRICT INCLUDING THOSE WHO OWN TAXABLE PROPERTY IN SAID DISTRICT AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in HEREFORD INDEPENDENT SCHOOL DISTRICT on the 2nd day of October, 1973, in obedience to a resolution and order duly entered by the Board of Trustees of said School District, which is attached hereto and made a part of this Notice for all intents and purposes.

WITNESS MY HAND AND SEAL OF SAID DISTRICT, this the 18th day of September, 1973. Hilrey L. Aven Secretary, Board of Trustees Hereford Independent School District (District Seal)

RESOLUTION AND ORDER CALLING BOND ELECTION THE STATE OF TEXAS COUNTIES OF DEAF SMITH, CASTRO AND PARMER

HEREFORD INDEPENDENT SCHOOL DISTRICT WHEREAS, the Board of Trustees of the HEREFORD INDEPENDENT SCHOOL DISTRICT is authorized to levy a maintenance tax under the provisions of Article 2784e-1 as the result of an election held within the District on the 28th day of April, 1974; and WHEREAS, the Board of Trustees of the HEREFORD INDEPENDENT SCHOOL DISTRICT deems it advisable to issue bonds under the provisions of Chapter 20 of the Texas Education Code by submitting (at an election called for the purpose) the proposition hereinafter set forth; therefore,

BE IT RESOLVED AND ORDERED BY THE BOARD OF TRUSTEES OF HEREFORD INDEPENDENT SCHOOL DISTRICT: SECTION 1: That said election shall be held on the 2nd day of October, 1973, at the Community Center Building, Hereford, Texas, and the entire District shall constitute one election precinct for said election.

SECTION 2: That the following named persons are hereby appointed officers of the election: MRS. ROBBIE SEED - Presiding Judge MRS. VIRGINIA WOODFORD - Alternate Presiding Judge

The Presiding Judge shall appoint not less than two nor more than 14 qualified clerks to serve and assist in holding said election; provided that if the Presiding Judge herein appointed actually serves, the Alternate Presiding Judge shall be one of the clerks.

On election day the polls shall be open from 8:00 A.M. to 7:00 P.M. MR. ORPHA CLICK is hereby appointed as the Clerk for absentee voting for said election, and the School Tax Office of the Hereford Independent School District, in said District, Hereford, Texas, is hereby designated as the place at which absentee voting shall be conducted for said election. For the period absentee voting is permitted by law, the hours designated for absentee voting shall be from 8:00 A.M. to 5:00 P.M. on each day except Saturdays, Sundays and official State holidays.

SECTION 3: That said election the following proposition shall be submitted: PROPOSITION "SHALL the Board of Trustees of the HEREFORD INDEPENDENT SCHOOL DISTRICT of Deaf Smith, Castro and Parmer Counties, Texas, be authorized and empowered to issue the bonds of said District to the amount of THIRTY-EIGHT THOUSAND DOLLARS (\$38,000) for school building purposes, to wit: the construction and equipment of school buildings in the District and the purchase of the

necessary sites therefor (Track and Athletic Facilities); and shall there be pledged and levied, assessed and collected annually ad valorem taxes on all taxable property in the District sufficient, without limit as to rate or amount, to pay the principal of and interest on said bonds as the same become due, said bonds to be issued in one or more series or issues to mature serially or otherwise not more than FORTY (40) years from their date, and to bear interest at such rate or rates as in its discretion the Board of Trustees shall determine?" SECTION 4: That the official ballots for said election shall be prepared in accordance with V.A.T.S. Election Code, so as to permit the electors to vote "FOR" or "AGAINST" the aforesaid proposition which shall be set forth in substantially the following form:

PROPOSITION "THE ISSUANCE OF \$38,000 BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREFOR (TRACK AND ATHLETIC FACILITIES)" The word "FOR" and beneath it the word "AGAINST" shall be made to appear on the left of the proposition. A square shall be printed on the left of each of the words "FOR" and "AGAINST", and each elector shall place an "X" in the square beside the statement indicating the way he wishes to vote.

SECTION 5: All resident qualified electors of the District, including those who own taxable property in said District and who have duly rendered the same for taxation, shall be permitted to vote at said election. At said election two separate ballot boxes shall be provided at each polling place. In one box only resident qualified electors who own taxable property and who have duly rendered the same for taxation shall be allowed to vote. In another box all resident qualified electors (who are otherwise qualified but do not own taxable property which has been duly rendered for taxation) shall be allowed to vote. The votes cast in each of said boxes shall be recorded, returned and canvassed in such manner as will reflect separately the votes cast by the qualified electors who own taxable property and who have duly rendered the same for taxation from the votes cast by all qualified electors (including those who own taxable property and who have duly rendered the same for taxation).

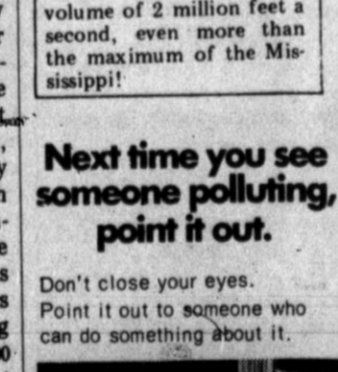

SECTION 6: A substantial copy of this resolution and order shall serve as proper notice of said election and said notice shall be published one time at least ten (10) days prior to the date set for the election in a newspaper of general circulation in the District. PASSED AND APPROVED, this the 18th day of September, 1973.

Hugh L. Clearman President, Board of Trustees Hereford Independent School District

ATTEST: Hilrey L. Aven Secretary, Board of Trustees Hereford Independent School District (District Seal) T-38-1c

Although only 225 miles long, the Plata River, in flood time, discharges a volume of 2 million feet a second, even more than the maximum of the Mississippi!

Next time you see someone polluting, point it out. Don't close your eyes. Point it out to someone who can do something about it.

People start pollution. People can stop it. Keep America Beautiful 99 Park Avenue, New York, N.Y. 10016 A Public Service of This Newspaper & The Advertising Council

A Two Point Program To Stop Pollution.

El Llano Season Opened

A welcome back dinner party was held for members of El Llano Study Club Monday in the home of Mrs. Lloyd Kirkeby, 133 Nueces.
 At the club's first meeting of the fall season, the yearbook committee presented plans for the coming year.
 Hostesses for the party were, Mmes. Kirkeby, Elmer Kimball, Tom Hamlett and Fain Caesar.
 Members present were Mmes. Labry Ballard, Jim Bookout, Olen Caviness, Ben Childers, R.W. Eades, Boyd Foster, R.C. Hoelscher, John Jacobsen, Melvin Thompson, Raymond White and Bob Word.

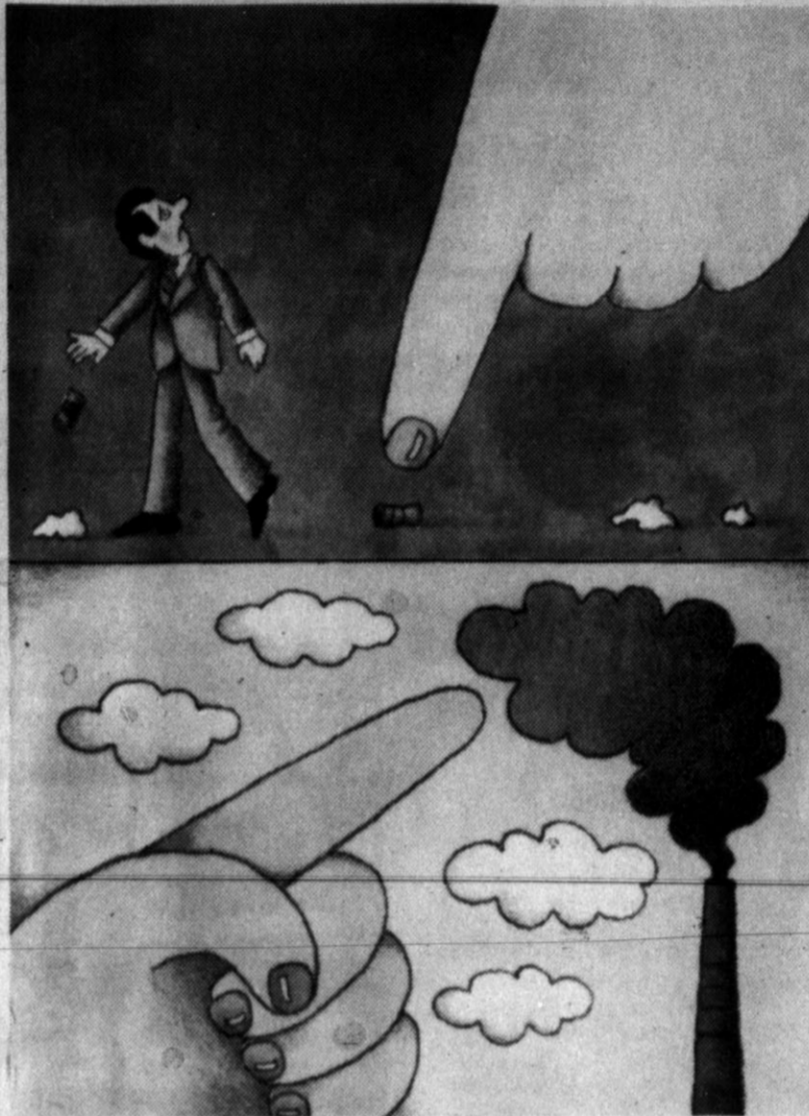

Sister Of Hereford Woman Is Buried

Funeral services for Mrs. Veta Covington, 72, of Amarillo, sister of Mrs. Lynn Kester, were conducted Tuesday afternoon in Second Avenue Baptist Church with burial in Memorial Park Cemetery at Amarillo.
 Born at Gainesville, Mrs. Covington had lived at Sudan and for the past 29 years in Amarillo. She was a 50-year member of the Order of Eastern Star.

Former Resident's Funeral Rites Held

The funeral of Mrs. Jeanette B. Rosson, 76, a former resident of this area, was conducted in a Sherman funeral chapel Tuesday afternoon and burial was at Sherman, where her death occurred Monday.
 Mrs. Rosson was born Jan. 28, 1897 in Hamilton County. She is survived by a daughter, Mrs. Tom Gibson of Sherman; a sister, Mrs. W.H. Fitzgerald of San Antonio; two grandchildren and one great-grandchild.

The Litter Point.
 Someone just tossed a can on the ground. Use this point to point it out. Maybe next time he'll toss it in a litter basket.

The Air Pollution Point.
 Don't close your eyes to that smoking smokestack. Point it out to someone who can do something about it.

People start pollution. People can stop it.

Jury Rules In Favor Of Big Tex, Armour
 A 69th District jury ruled late Friday night in favor of Big Tex and Armour in a \$35,000 civil law suit filed against the two companies by Walter Pyles Jr. of Cameron.
 Pyles had filed the suit against the two companies in connection with cattle he had placed in the Big Tex feedlot. He claimed some of the damages resulted when Big Tex allegedly sold 894 head of his cattle to Armour without his prior consent. Armour entered the suit after Pyles claimed the packing company did not return the cattle.
 Pyles claimed other damages when he alleged that Big Tex maliciously caused loss of weight to his cattle during a controversy in which Pyles was removing remaining cattle from the feedlot late last fall.
 Other damages alleged by Pyles brought the total amount of the suit to just more than \$35,810.
 However, the jury ruled in favor of Big Tex and Armour in that Pyles had given prior consent to the sale of the cattle and that Armour had the right to retain the beef. The jury then ruled no malice on the part of the cattle feedlot and awarded no damages to Pyles.

More Time And More Concerts Announced For CCA Members
 Time extension for the annual membership drive in Hereford Community Concert Association was announced by directors Friday, when arrangements were completed for reciprocity with the Clovis CCA this season.
 Four more concerts will be available to Hereford members through this arrangement, by which members of the two associations may attend concerts in the other city.
 Hereford CCA directors are waiting confirmation from the national talent agency on its third program, chosen at a board meeting at the official close of membership week Friday. Big Band Cavalcade and a harp duo have already been booked.
 With these three concerts, four in Clovis and three in Canyon, where reciprocity with the CCA has been in effect several years, a membership card purchased during the extended time of the Hereford drive will entitle the holder to attend ten programs by nationally known artists.
 The purchase must be made before 5 p.m. Wednesday, through one of the membership campaign workers or at the drive headquarters in Deaf Smith Chamber of Commerce office.
 Price of an adult membership remains at \$10, and for the first time this year student memberships are available at half that cost, and memberships to cover parents and all children in a family, at \$30.
 Clovis CCA has announced its complete schedule of concerts for this year, to include The Incomparable Hildegarde, the Lee Evans Orchestra and Voices, mezzo-soprano Marvatee Cariaga, and organist Ted Alan Worth. Evans and his jazz piano trio were heard in Hereford as one of last year's concerts.
 Like Hereford, Canyon has not chosen its third program but has booked the Eglevsky Ballet and pianist Thomas Schumacher as "hold" attractions.

Jon Birdsong Wins Top Spot In Area Art Shows
 Hereford artist Jon Birdsong has captured three first places and one second place in two area art shows the past three weeks.
 Birdsong, who recently resigned as art instructor in the Hereford school system, to devote his time to art, won first place in the professional watercolor division of the art show at the Maize Days Show in Friona. Birdsong also won first place in the show in the miniature class.
 In the Tri-State Fair Art Show in Amarillo Birdsong won first place in the watercolor division and placed second with enamel on copper.
 Birdsong will be opening a combination five-man art show this weekend in the 'Little Gallery' in downtown Oklahoma City. The show opens Sunday and will continue through Oct. 5.
 Four other artists from Amarillo will open the show with Birdsong.

Club Elects Secretary
 Mrs. Pete Carmichael was elected secretary by Progressive Extension Club Tuesday in the Flame Room of Pioneer Natural Gas building.
 Mrs. Carmichael is taking the place of a resigning officer, Mrs. T.J. Parsons. Members also studied a page in their new yearbook entitled Ways To Build Your Club, directed by Mrs. Tom Morgan.
 Mrs. E.C. Hammett presented a program, Your Heart Has Nine Lives. She listed some of the danger signs of heart disease.
 Members also present were Mmes. Dean Stallings, H.L. Hershey and Taft McGee.
BOUGAINVILLE BATTLE
 One thousand Japanese troops were slain in a desperate attack on U.S. positions on Bougainville on March 11, 1944.

'Emergency Fund' Lessens Family Financial Crisis
 An "emergency fund" — or cash cushion — lessens a family financial crisis.
 "This fund allows continuation of family financial plans regardless of unforeseen circumstances," Lynn Bourland, home management specialist, Texas Agricultural Extension Service, Texas A&M University System, explained.
 "Emergencies do happen — and when they do, money is needed."
 When one occurs, the "hardness" of the fall depends on the "thickness" of the cushion, the specialist emphasized.
 "Unless a definite emergency fund has been established, money set aside for other purposes must be used."
 "In other cases, family money has been spent — leaving none available for emergencies. As a result, some asset must be sold to cover what's needed."
 Besides helping in times of urgent need, an emergency fund has other advantages, Miss Bourland continued.
 "For one, it starts a regular savings plan. Once the family adjusts spending attitudes — and builds up a cash fund — they can set goals for saving."
 Savings also "make" money by avoiding interest charges levied when money is borrowed from a bank or savings institution.
 In addition, a cash cushion allows an individual to carry less expensive automobile and health insurance policies, the specialist noted.
 "Simple increasing the amount deductible before the policy pays places the individual in a less expensive policy group."
 A set-aside fund also furnishes cash if some unusual financial opportunity arises. For example, a family can take full advantage of sales — or even buy municipal bonds when they become available.
 "The best method for building an emergency fund is to set aside a regular amount of money each pay period," she concluded.

Hereford Jumps In Ratings

Faces Picked Over Borger

The Hereford Whitefaces, who soundly defeated the Amarillo Palo Duro Dons, 37-7 Friday night, have taken a big jump in state AAAA ratings up to number 38, according to the Harris Rating System.

Rated 113th last week, the Herd was picked as a five-point underdog to Palo Duro, who was rated in the number 30 spot last week. However, because of the Herd's win over Palo Duro, the Dons dropped about as much as Hereford gained to number 131 in the state.

THE HERD has also been rated as a 15.6 point favorite over the Border Bulldogs for Friday night's game at Whiteface Stadium.

The jump in rank of Hereford puts the Whitefaces behind only one 4-AAAA District team, Snyder. The Tigers are ranked at number 27 with a power rating of about two points over the Herd.

The jump also lifted the Whitefaces over Lubbock High, Lubbock Monterey and Lubbock Coronado. Lubbock High is rated number 83 in the state, Monterey at 93rd in the state and Coronado at 110th in the state.

NUMBER one AAAA team in the state this week is Odessa Permian with a power rating of 150.8. Amarillo High, tied last week by Wichita Falls, is rated

24th in the state. Wichita Falls is in number 16 position with a 141.0 power rating.

According to the Harris Rating system, the difference in the power rating of two teams, no matter what class division, will give the point spread if the two teams were playing each other that week.

LUBBOCK Monterey had been rated as 37th in the state last week before it managed a 21-21 tie with Wichita Falls Rider. The tie was enough to knock them back to the 83rd spot. Snyder had been rated as 89th in the state until their victory over Midland Lee boosted them to their number 27 spot this week.

Lubbock High also took a shot downward this week as the Westerners fell to Odessa Ector. Rated number 58 last week, Lubbock High fell to number 83 this week.

Borger, to play the Herd Friday, slipped somewhat in AAAA ratings after the Bulldogs were tied by Canyon 7-7 last Friday. The Bulldogs were rated 161st in the state last week with a power rating of 121.8. This week the Borger team is rated 166th in the state and retained the same power rating of 121.8.

Below are the Harris Ratings for this week of many of the teams in the Hereford area.

Stanton 8th Ties Pampa, 9th Wins Over Tulia

The Stanton 8th and 9th grades played Thursday and came out with one tie and a win.

The Stanton 8th grade team jumped out to a 6-0 halftime lead over Pampa when quarterback Kelly Kitchens hit Albert De Toro with a pass covering 60 yards.

However, Pampa came back

in the final half and tied the game at 6-6. Stanton 8th grade coach Jeff Smart's team was able to stop the possible winning extra point attempt by Pampa to hold the tie game.

Coach Cuby Kitchen's Stanton 9th graders pulled out a 12-6 victory over Tulia in last week's

action.

Falling behind 0-6 to Pampa, the Stanton 9th graders tied the game on a three yard run by Gilbert Rodriguez. The winning touchdown was scored in the fourth quarter when Stanton's Barry Acton went over the goal line from 1 yard out to give the Hereford team the win, 12-6.

Hereford Area

SPORTS

The Hereford Brand, Hereford, Texas, Thursday, September 20, 1973

Don Richards

The Waiting Is Worth It

I have always been a final gun man. Win, lose, draw, rain, sleet or Howard Cosell, I have always been one to stay until the final whistle of a football game.

I'll admit, I've stayed through to the end of some really boring games, but I haven't missed any last minute exciting game turn-about plays.

I WAS one of the fools who stayed with Dallas and Roger in the playoff games last year against San Francisco. I got mad and threatened to shut off the tube more than once, but I stayed until the end and was glad of it.

In 1965 I saw half of Texas Tech's season in a total of not more than 10 minutes. That was the year Tom Wilson and Donny Anderson won four consecutive games in the final two minutes of each game by a total of 13 points.

SATURDAY I almost broke my record. The Texas Tech and Utah game had begun to get pretty boring about halftime and especially along in the third and fourth quarter. The party I was with was beginning to put some pressure on me to "beat the rush" at the end of the game.

The Raiders moved within scoring position twice without making it across and it was getting the crowd pretty uneasy. However, I held out and was rewarded.

Tech scored twice in the final three minutes on some very exciting plays.

Same thing happened Sunday. Roger and

Dallas just kind of played around until the end of the game when they had no choice left but to pull some exciting play in order to win.

Like I said, I've seen some pretty boring action, but those little two-three minute spots of excitement make it all worth it.

I REALLY hate to see the polls boosting Hereford up so high in one week. The team had an outstanding win over Palo Duro last week, but such a radical jump doesn't seem right.

Before the season started Palo Duro was rated as the 122nd team in the state in Class AAAA football. The Dons then defeated Dumas and were, for some reason, pushed up to number 30 in the state and picked over the Herd. Now the Amarillo team is back to 131.

The Herd was rated at 132nd before the season and took a reasonable jump up to 113th after the Pampa game win. But this week's jump up to 38th seems highly unusual, especially with Lubbock High, Monterey, and Coronado all rated much lower than the Herd.

I'M LOOKING forward to the Billie Jean King-Bobby Riggs tennis game tonight. I never have enjoyed spectator tennis that much but I am interested in all the other activity surrounding the match. Riggs and Ms. King should have an excellent verbal battle even if the tennis battle is no good.

Also, if Riggs is up to par, he should have something wild planned for the match. I hear he is planning some special uniform to wear.

Clifford Arnold Grabs First Place In Contest

More than 300 persons entered the second week of the Hereford Brand football contest with Clifford Arnold, Box 1577, carting away first place.

Arnold, who missed four of the 20 games, tied with Susan Wartes, 236 Northwest Drive, and Dale Smalts, 700 Cherokee, with four misses, but won the tie-breaker when he guessed 40 points, just 4 off the 44-points total in the Hereford-Palo Duro game.

Miss Wartes took second place when she missed the tie breaker by nine points and Smalts got third place when he

guessed off by 23 points on the tie-breaker.

Arnold won \$20 for his first place and Miss Wartes got \$15 and Smalts \$5.

A total of 28 persons tied with five misses for fourth place in the contest. However, both Steve Groce, 224 Beach, and Dwight McGee, 125 Aspen, both missed the tiebreaker by two.

Both guessed 42 points. The two will split the \$2 fourth-place money with \$1 each.

A total of 308 entered the contest with the West Texas-Tulsa game being the one missed the most. Everyone in the contest missed guessing the three tie-games between WF Rider-Monterey, Canyon-Borger, and Amarillo-Wichita Falls.

Higgins Receives Honor As 4-A Player Of Week

Franklin Higgins, Hereford Whitefaces quarterback, was named Wednesday by the Amarillo News as 4-A Area Player of the Week.

Higgins received the honor because of his performance against the Amarillo Palo Duro Dons last Friday night when he completed six of seven passes for 96 yards and a touchdown.

The Herd quarterback also picked up 40 yards on the ground on three carries.

For the season Higgins had 106 yards of passing, hitting on seven of 11 attempts with no interceptions. He has led the

Herd through two consecutive victories to remain the only 4-A team in the Panhandle with an unblemished record.

Other area players nominated for the honor this week include David Ream, Caprock quarterback; James Mayberry, Tascosa wingback; Danny Huffhine, Plainview quarterback; Paul Smith, Tascosa running back; Johnny Fowler, Caprock tailback; Harold McNutt, Hereford end who caught four passes for 46 yards against Palo Duro; and David Thomas, Amarillo High defensive tackle.

Hereford Athletes

Seven North Texas area athletes appear on the Sul Ross State University football roster for the 1973 campaign. Area athletes include: (right to left, top row) Marshall Pennington, Borger; Alan Cornelius, Hereford; Jeff Loerwald, Hereford; (bottom row) Ronnie Davis, Wichita Falls Rider; Melvin Parrimore, Wichita Falls; Jerry Neal, Childress; and Wesley High, Hereford.

Harris, Munnerlyn, Higgins, High Lead In District Stats

Hereford's Whitefaces, coming off a strong win over the Palo Duro Dons, 37-7, for their second win of the season, moved into the top spot in offense and defense in District 4-AAAA as well as placing individual players in the top statistical columns.

Hereford, along with Snyder, who beat Midland Lee 27-15, retained a clean season record as Lubbock Monterey managed a tie game with Wichita Falls Rider. Both Hereford and Snyder presently stand at 2-0, Monterey at 1-0-1, Coronado at 1-1, with both Lubbock High and Plainview winless at 0-2.

Five individual Hereford players moved to top spots in different statistical columns and nine Herd players worked into the top 10 in other areas.

HERD BACK James Harris, who rushed for 56 yards against Palo Duro, all in the first half, stayed in the lead among league rushers with a total of 229 yards. The total also put Harris in the top position in total offense.

Whiteface Mike Munnerlyn leads the district in in-

terceptions with three after he picked off two in the Palo Duro game.

Herd Quarterback Franklin Higgins moved into the district league in passing percentage at .583 after his six completions out of seven throws in the PD game. Also on the top spot in the district was Chuck High in the scoring lead with 18 points. High is tied for that lead with Monterey's Larry Lambert.

Harris is in third place in scoring with 14 points and Dave Charest has 9 points. High also places fourth in rushing in the district and is fifth in total offense.

Mike Crim, with his 38.8 punting average, is second in District 4-AAA action, following only Donnie Combs of Lubbock. Crim also is in the passing column with his .500 percentage of completions.

IN THE receiving department both Harold McNutt and Dave Charest moved into the top 10 as McNutt grabbed the number two spot and Charest tied for number three.

In the tackles department, Herd defensive man Armando Gonzales is tied for 21st with 17 tackles.

The statistics for the entire league are compiled each week by Walt McAlexander of the Lubbock Avalanche-Journal.

Dove Hunting 'Good' - 'If'

Like other cautious souls who know the odds are against them in the long run, Parks and Wildlife Department personnel are reluctant to predict anything as uncertain as the mourning dove season.

A last-minute polling of opinion among biologists, wardens and information officers stationed in the North Zone netted a qualified "good" with lots of "ifs" tacked on.

Overall, range and food conditions are right. Spring and early summer rains have yielded bountiful food and cover.

El Paso Parks and Wildlife Department information officer Rodger McKown reports that

the Trans-Pecos is green and most stock tanks are full of water.

"With the exception of mountainous regions," said McKown, "there are plenty of birds out here. They should be around the first of September if there are no sudden cool spells to push them south into Mexico."

Farther east, around San Angelo, regional wildlife supervisor Jack Parsons says that game wardens in the area report few birds with only one concentration of doves in south Glasscock County.

Law Enforcement supervisor Charles Keller of San Angelo is hopeful that maize-cutting

operations in the area will hold flights of birds pushed south by future cold spells.

Regional wildlife supervisor E.L. Young of Waco reports excellent range in the north central portion of the state with many scattered birds.

"Doves are so dispersed in this area," said Young, "that we had trouble attracting birds to our trapping and banding sites."

Blackland prairies from Austin to Waco look good with an abundance of doves.

Waco information officer Tate Pittman predicts a better-than-average year for dove hunting in the Edwards Plateau.

"There are large numbers of juvenile birds in the Northern Hill Country which indicate that it was a good year for production," said Pittman.

Meet The Whitefaces
Steve Loerwald, Dave Charest, Harold McNutt

Hunting Seasons In Panhandle

DEER — November 18 through Dec. 2, begins 30 minutes before sunup and ends 30 minutes after sunset.

QUAIL — Nov. 17 through Feb. 15.

PHEASANT — Dec. 8 through Dec. 23, begins 30 minutes before sunup and ends 30 minutes after sunset.

DOVE — Sept. 1 through Oct. 14, Jan. 5 through Jan. 20, begins 12 noon every day.

DUCK — Oct. 25 through Nov. 25, Dec. 8 through Jan. 20, begins 30 minutes before sunup until sunset.

GOOSE — Oct. 29 through Nov. 25, Dec. 8 through Jan. 20, begins 30 minutes before sunup until sunset.

TEAL DUCK — Sept. 15 through Sept. 23, sunup until sundown.

These dates are for hunting seasons in the Texas Panhandle. Dates will vary somewhat outside the Panhandle area.

Check Hunting Laws If Going Out Of State

If you are thinking about hunting in another state, it would be a good idea to check the hunting laws there before you go.

Otherwise, you might not hunt.

Colorado, for example, now requires that persons born after Jan. 1, 1949, must be certified as having passed an authorized hunter safety training course. Texas' hunter safety program with the Parks and Wildlife Department fills this requirement.

Colorado is just one of 17 states with a mandatory hunter safety program.

Other states include California, Connecticut, Delaware, Kansas, Michigan, Minnesota, Montana, New

The Consumer Alert

Consumers, Merchants Hurt By Spiraling Prices

By JOHN L. HILL, Attorney General

As prices keep spiraling upward, the hapless consumer is having such a hard time stretching the dollar as far as his or her needs demand that most of them are looking for every available budget ex-

pander. It is a difficult, and time-consuming, pursuit, because most people are parttime buyers, whereas the retailers from whom they buy are full time sellers. And at this point in our economy, the merchants—who also are consumers—are complaining that they, too, are

having a hard time making ends meet.

THE CONSUMERS' search for bargains and the merchants' desire for new customers have resulted in some unique retailing systems, such as the old fashioned cooperative, and the "membership" purchasing

plan. In most cases, membership retailing seems to be working to the satisfaction of both member-buyers and member-merchants. Under this type of program, a group of people affiliated through employment, fraternal organization, credit union or other mutual bond, arrange to patronize certain retailers in exchange for a set discount.

The consumer club issues identification cards to its members, and publicizes the participating merchants' products among its membership in exchange for the discount privilege.

The buyer can benefit through reduced costs, and the seller has the chance to gain a new

market. But the Consumer Protection Division of the Attorney General's office has received complaints which indicate that some so-called purchaser clubs are operating solely to the benefit of the operators.

THE COMPLAINTS usually have centered on schemes in which salesmen are recruited to sell discount membership cards, after making a personal monetary investment in the plan, and are promised large commissions in return.

The salesman's job is to call on merchants and talk them into buying lots of the cards, and getting their own customers to buy into the plan. The merchants allegedly are told that

they not only will increase their clientele, but they will be paid a commission on each membership they sell. And, we are told, the merchants are promised the bonus of free advertising in exchange for their participation.

The consumer, who may be asked to pay as much as \$40 or \$50 to belong to the "club," is promised large discounts and "huge annual savings."

When this sort of plan is not operated properly, our Consumer Protection Division receives complaints from every participant—the salesmen, the merchants and the consumers. Merchants have charged that they did not receive their commissions, and-or did not reap any advertising benefits.

Salesmen have complained of failing to receive commissions. And consumers have stated that the discounts they received were miniscule in comparison to what they had been promised.

SOME OF THESE cases are under investigation by this office. Others ceased the deceptive practices when informed of the complaints. In the case of one club card, a Dallas trial court enjoined the operator from making any fraudulent misrepresentations about its services.

One of the problems noted by the court in that case was that the defendant promoted tours, and required cash advances for them, but frequently cancelled

the tours—while the would-be travelers were at the airport for anticipated departures. Some members complained that they could not get refunds, but the firm went into bankruptcy and their money cannot be recovered.

The prudent consumer always should examine every offer to be certain that it not only is a real bargain, but with an eye to determining whether it is a product or service of actual use to that individual.

Assessed Property Valued At \$58,883,000 In County

What is the assessed value of property in Deaf Smith County? To what extent has this total, which serves as the base for local taxes, changed in the last few years?

1967 figure of \$442 billion to a total of \$641 billion.

As a result, property taxes collected by local communities

in the past year amounted to \$36.7 billion, a 46 per cent increase over the \$25.2 billion collected five years ago.

With people all over the country concerned over their steadily mounting property taxes, a look at the local assessment situation is in order.

Such a look has just been taken by the Census Bureau as part of a nationwide survey of state and local government operations that it makes every five years. The findings, just released, are contained in its "1972 Census of Governments."

They show that, in Deaf Smith County, where the property tax is the principal source of revenue for local government needs, the assessed value of property subject to such tax amounted to \$58,883,000. This compares with the total reported five years ago, \$43,633,000.

It was an increase of 35 per cent. Elsewhere in the United States assessments went up 43 per cent, on average, and in the State of Texas, 46 per cent.

Assessed valuations are not to be taken as true market values, it is noted, since property is assessed in most communities for tax purposes at something less than actual value.

The tax rate that is applied to the assessed value is the other factor in determining how big the tax bills are.

In terms of population, the tax base in Deaf Smith County was equivalent last year to \$2,872 in taxable property per local resident.

Throughout the Southern States, the average was \$2,772 per person and, in the State of Texas, \$2,023.

Property assessments, as well as tax rates, have been increased in most parts of the country in the last few years as local communities, confronted with bigger operating costs, were forced to seek additional revenue.

Nationally, the assessed valuation of locally-taxable property has jumped from its

Highlights And Sidelights From Austin

Inquiry Into Juke Box Operations Ordered

By BILL BOYKIN
New legislative subcommittee investigations of the amusement and vending machine industry have been ordered amid sensational (and disputed) allegations resulting from a 1968 probe.

Speaker Price Daniel Jr. named Rep. Arthur (Buddy) Temple of Diboll to head a House Consumer Affairs subpanel inquiry into juke box operations and needed legislation in the field.

The subcommittee was instructed to work jointly with a Senate group headed by Sen. Ron Clower of Garland. Clower said his subcommittee will look into allegations the industry is linked to organized crime and that the regulatory state

Amusement Machine Commission is dominated by big operators who do not protect customers.

Daniel said the air should be cleared of speculation, controversy and innuendo which has surrounded operation of the industry for years.

Meanwhile, Daniel unveiled some of the previously-secret records of a 1968 House investigation. Most controversial was a tape recording of testimony by Pete Martinez of Austin that he gave money to a state representative, a state senator (who is now dead) and a judge, on behalf of Raymond B. Williams of Dallas, a major amusement machine owner who previously served on the regulatory commission.

Williams has denied Martinez's testimony. Department of Public Safety Director Wilson E. Speir said Martinez, now serving a probated sentence for burglary, failed to satisfy a lie detector test that he was telling the truth and that he refused to repeat his charges to a district attorney or grand jury.

AID FOR RUNAWAYS
An experimental hot line for runaway youths to send word to their families is being installed through leadership of Gov. Dolph Briscoe and with cooperation of the telephone company and its employees.

Briscoe announced the facility, which he termed "Operation Peace-of-Mind," will be manned by volunteers for 30 days. The initial Houston

office will have two statewide inbound Wide Area Telephone Service (WATS) lines, one national WATS line and three local lines in the city.

The Governor said the network will transmit messages from the runaways to their parents and friends and is not intended to "inform" on them. Volunteers will also tell the youthful wanderers where they can receive assistance anywhere in the state.

Number of the state WATS line is 1-800-392-3352. The national WATS number is 1-800-231-0946.

SALES TAX BONDS REQUIRED
Businessmen delinquent in payment of sales taxes they collect from customers must

post bonds ranging from \$100 to \$50,000 after January 1.

Failure to put up the required bond (based on volume of business) and pay delinquent taxes may result in court action to close a business.

Fred Russ, director of the State Comptroller's Tax Division, estimated \$35 million in state and \$7 million in local sales taxes are delinquent for the period which began in 1961. Much of this total is due to business failure.

Russ predicted \$3 million to \$4 million will be produced by the new bonding law from businessmen who are now delinquent.

Under the new law, a bond will be required of all new businesses for a two-year

period. If there are no delinquencies, the requirement will be dropped. Discounts will be allowed for timely payments to the state of taxes collected and pre-payments.

BRISCOE LIKES IT HERE
Governor Briscoe says he likes his job and has given no thought to quitting after a single term.

While he said he is not ready to make a formal announcement, the Governor didn't leave much room for doubt that he will seek a second term in 1974.

"I have enjoyed this job," said Briscoe. "I haven't thought about leaving."

While he was at it, Briscoe said he sees no reason to change his mind about not calling a

special legislative session. He stated flatly he does not see one as needed for any purpose.

COLLEGE BOND REQUIREMENTS REVIEWED
The Coordinating Board, Texas College and University System looked over proposed rules and regulations by which three Texas schools may issue tuition-backed bonds to construct new facilities.

Action is expected to be taken on the rules and on tuition equalization grant procedures at a September 28 meeting in Dallas.

The 63rd Legislature authorized the University of Houston to issue up to \$40 million in tuition bonds for its Clear Lake Campus, Texas

A&M University a maximum of \$7.5 million for Texas Maritime Academy and Moody College of Marine Sciences and Maritime Resources and Pan American University, Edinburg, a maximum of \$10 million.

Schools must provide estimates of enrollment, estimated gross tuition revenues and total cost of proposed construction projects.

AG OPINIONS
Atty. Gen. John Hill ruled state game and fish funds may be used to erect artificial reefs on submerged lands of the continental shelf seaward of three marine league limits.

In other recent opinions, Hill concluded:
An automatic, unmanned bank teller machine operating 24 hours a day seven days a week does not violate bank holiday laws.

Proposed plans for a Rapid Transit Authority must be furnished to the Governor's Interagency Transportation Council by the governing body of the principal city rather than by the authority governing body.

Funds contributed to an optional retirement fund by a college employee vest after one year of participation, regardless of whether the employee has been working for more than one institution. The employing college in such case has no right to obtain a refund of the state's matching portion.

APPOINTMENTS
Mrs. Jess Hay of Dallas, Harold Herndon of San Antonio and Tony Bonilla of Corpus Christi were appointed by the Governor to the Coordinating Board. Reappointed were O. H. Elliott of Austin, Dr. George V. Brindley Jr. of Temple and Fred Moore of Austin.

Jimmy Banks of Austin is new chief Texas representative of U. S. Sen. John Tower.

J. Doug Toole of Houston has been elevated to chairman of Texas Water Quality Board.

Joe La Mantia of McAllen, Edward Messick of San Antonio and Noel Rater of Dallas were placed on Texas Civil Air Patrol Commission.

New members of the Texas Commission on the Arts and Humanities are Mrs. Margaret Crow of Dallas, Mrs. Mary Moody Northen of Galveston, Mrs. Wesley West of Houston, Mrs. Laurel Dammier of Amarillo and Bill Burford of Dallas.

For God So Loved The World

The little things

During the holocaust of World War II, thousands were placed in concentration camps. So horrible were these human disposal depots that today's man could never begin to imagine what they were like.

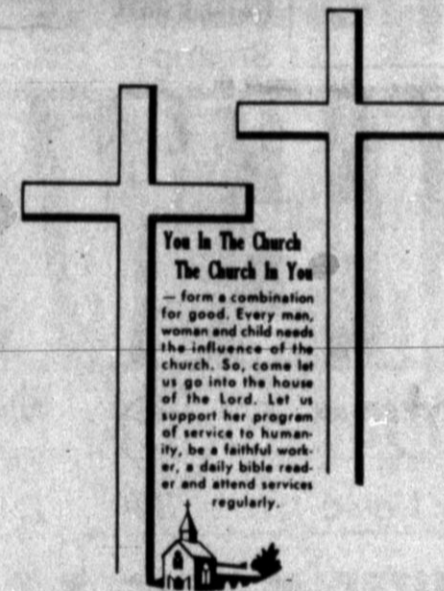

In an effort to shield their children from the grim reality about them, parents would encourage their young to write or draw about past happiness . . . incidents of pleasure in past life.

But somehow, the children sensed their fate and automatically it was reflected in their creations. For example, one small child remembered the last butterfly he had seen, and lamented that he might never see another. What a small memory, but so very vital.

Today's generation isn't staring death in the face. We are too busy making memories to take time to recall them.

But we would do well to pause for a moment and reflect upon the *little things* . . . the things we so easily take for granted.

We should Give Thanks from our church pew and wherever we are, for we are truly blessed.

You In The Church
The Church In You
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

Hunting Wrap-Up, Forecast

With North Zone dove hunting well underway and early teal season coming up, it's high time to consider what is in store for Texas hunters this fall.

Just about everyone will agree that range conditions across the state are excellent and have provided the basis for good production of fawns, quail chicks and fledgling doves as well as fattening up the adults.

All the spring and early summer rainfall has created an abundance of food and cover in most parts of Texas.

There is a paradox in all this plenty. It's hard to hunt almost any species of game if they don't have to move around for food.

Mourning dove hunters on the opening weekend can tell the tale — doves were scattered with few concentrations and a shotgunner had to work to get his limit of birds.

Deer hunters over most of the state can also expect to work hard for their deer come Nov. 17.

By species, here is how the 1973-74 hunting season looks as of the middle of September:

—DEER: Good fawn production across the state with the possible exception of Northeast Texas where some fawns have been lost. There have also been reports of fawn losses in Llano County, the top deer hunting county last year. Biologists cite a lack of rain in the late summer which could have weakened the young deer and made them susceptible to disease.

Of course, fawn production will not affect this year's hunting but should figure into future seasons.

Biologists say that screwworms seem to have had little adverse effects on the state's deer this year. According to the Department of Agriculture, Texas can expect the heaviest screwworm incidence this fall and by that time bucks will have shed the velvet on their antlers, a main point of screwworm entry on adult buck deer.

Even with last year's comparatively large incidence of screwworms, few deer apparently were lost.

Out in the Trans-Pecos, Parks and Wildlife Department information officer Rodger McKown of El Paso predicts an overall good season for both whitetails and mule deer.

According to McKown, range conditions are good but biologists and wardens report that some counties such as El Paso and Hudspeth have few deer. Mule deer antler growth is good.

Panhandle mule deer herds have bounced back from the low of the 1940s and should offer considerable recreation to hunters in that area.

Beaumont information officer Leroy Williamson reports that deer in his area have increased by five per cent over the 1972 season with some pockets of overpopulation in the southeast portion of Texas.

Field information officer Ernest Marsh of La Porte echoes excellent range conditions which will put the "hunt" back in deer hunting this fall.

Department biologist H.L. Robinett, project leader in the Edwards Plateau area, looks for outstanding antler production on the Hill Country whitetails.

Much the same applies for Possum Kingdom deer, according to biologist C.E. Holt of Decatur.

—TURKEY: Telemetry studies by wildlife biologists indicate that Rio Grande turkey production is down this year in the Edwards Plateau, one of the state's major turkey-producing areas.

Fewer turkey poults will reduce overall harvest but sufficient numbers of adult birds should be present in both the Edwards Plateau and Possum Kingdom Regulatory Districts. Turkey look good in the eastern one-half of the Panhandle as well as in the Permian Basin, an area which biologists say is undersold on turkey hunting.

—QUAIL: Continued heavy rains along the coast have forced ground-nesting bobwhites from their nests and consequently, breeding activity is late both there and in South Texas. Ernest Marsh expects the birds to continue nesting up to November and warns hunters to anticipate a large number of young birds in their game sacks come opening day in November. Quail population figures along the coast and in South Texas will depend on the amount of production in the next 45 days.

Scaled quail nesting activity in the western portion of Texas seems to have fared better than that of the bobwhites. Scaled or blue quail produced earlier than bobs and ample rains in some parts of West Texas in July should mean excellent production.

Quail in the Edwards Plateau of Central Texas look good, even for an area which is not usually known for its quail hunting.

—MOURNING DOVES: We'll confine our comments to hunting prospects in the South Zone since our earlier predictions of spotty North Zone hunting proved to be all too true.

Like quail, coastal mourning doves have had their nesting interrupted by rains and high winds. Considerable nesting is still going on and there should be plenty of young doves in game bags on opening day Sept. 22.

Few birds are presently evident except in the northern counties of the South Zone such as Bastrop and Guadalupe.

—WATERFOWL: Briefly, ducks are down and geese are up. Texas habitat is excellent for receiving waterfowl but a dry spring and summer on the Canadian prairie nesting grounds will reduce the number of ducks making it to Texas this year.

There is ample rain and a late rice harvest on the coast should combine to provide excellent range for wintering ducks. Federal wildlife officials expect large numbers of geese

to make their way south this year and have authorized the department to restore a five-bird bag limit.

According to biologist C.D. Stutzenbaker of Port Arthur, mild weather in the Arctic, with a record light snowfall and early ice breakup, made for ideal goose nesting conditions.

—ANTELOPE: Regional wildlife director Jack Parsons of San Angelo says that antelope have increased in the Trans-Pecos but have suffered some setbacks in the Permian Basin. Trans-Pecos adult buck numbers are up by six to seven per cent and does have increased by 11 to 12 per cent. Trans-Pecos antelope hunting should be the best since 1962.

Poor range conditions for antelope in the Permian Basin have reduced the herd by some 13 per cent.

—SQUIRREL: East Texas is the state's major squirrel hunting area. It looks bad in the north and good in the south.

Williamson in Beaumont says that it has been one of the worst years for Northeast Texas squirrels in some time. Late freezes killed fruiting plants and few squirrels have been sighted along the river bottoms.

Quite the opposite holds true farther south in East Texas. Marsh in La Porte reports excellent acorn mast in the pin oaks with scattered mast in blackjack and live oaks. Conditions generally look good.

For hunters with a taste for the more exotic species of game, there are brief seasons in the Panhandle on ringneck pheasants, aoudad and lesser prairie chickens. All look good. Shotgunners sated with dove and quail shooting might try their hand at sandhill cranes this fall. Parks and Wildlife Department officials say that the sandhills or little brown cranes are not hunted to the extent that they could be.

Liberal bag and possession limits are set for the large, hard-to-shoot birds and the season, which is limited to West Texas, starts in the latter part of October.

The Lieutenant Governor's Report

Homestead Law Is Texas Tradition

By BILL HOBBY

The protection of a person's home is a much-cherished Texas tradition. Homestead laws date back to the days when the state was a republic.

In 1839, Texas passed a law which prohibited the forced sale of a family's homestead for the payment of debts. This principle was reasserted in the five state constitutions which have been adopted since then.

A major shortcoming of our homestead provisions, I believe, is that this protection was not afforded to the real property of single adults.

THIS NOVEMBER 6 we will have the chance to right this inequity. Amendment 2 on the ballot would extend the same homestead protection to single adults, which is presently available only to families. Increasingly, there are single

adults in our society who have invested their earnings in a home. In my opinion, it is patently unfair that they could lose their home under circumstances in which a family would retain ownership.

Amendment 2 also provides that abandonment of a family homestead will require the consent of both husband and wife. The present Constitution does not provide for this, and it has been held that the consent of both parties is not required to give up a homestead exemption.

In this situation, a husband can abandon the homestead without his wife's consent, leaving her in danger of losing the home.

AMENDMENT 3 on this November's ballot also deals with the homestead provisions.

Families always have enjoyed an exemption from ad valorem taxes on the first \$3,000 value of their homestead.

Last year, Texas voters

approved an amendment to the Constitution which extended a further property tax break to persons 65 or older.

This amendment was interpreted to mean that a family relationship must exist. Consequently, many tax collectors refused to grant this exemption to home-owning widows and other qualified single persons.

Amendment 3 would clear up this confusion, providing that the extended exemption could be granted regardless of family status of the elderly person.

IN ADDITION, Amendment 3 would extend the \$3,000 homestead exemption to all single adults. As mentioned before, I believe single citizens are entitled to the same protections and rights as married home owners.

I hope the logic of equalizing these laws and ending discrimination against the single citizens of our state will be apparent to everyone. Adoption of Amendments 2 and 3 will do much to correct these inequities.

"HOW THEY KNOW" Valuable, new and very important Mind Control discoveries have appeared in the news in the past few years. October 1971 — COMPANION — "Mind Control — To Bring Out The Best In You." September 3, 1972 — PROVIDENCE SUNDAY JOURNAL — "Mind Control: When You Create Images In Your Mind, Your Whole Body Chemistry Responds." October 1972 — MADISONVILLE — "How To Think Yourself Thin With Mind Control." November 1972 — HARPER'S BAZAAR — "Mind Control: Something For Everyone." Also articles in LIFE, NEWSWEEK, NATIONAL OBSERVER, NEW YORK TIMES, LOS ANGELES TIMES, SALES MANAGEMENT and many others.

One of the reports that was admitted to the Parapsychological Association to the American Association for the Advancement of Science as reported by a computer scientist was: "That corporate executives using ESP and involving millions of dollars doubled their company's money." SILVA MIND CONTROL COURSE has had tremendous success throughout the nation in teaching practical applications of controlled ESP. This is the first and only method in history known to be effective in developing controlled ESP.

The "Silva Method," as this method is known, was scientifically researched by Dr. Jose Silva from Laredo, Texas, a research scientist and a pioneer in mental training, researching since 1944. He is the discoverer of the new Science of Psychocentrality and the creator of the MIND CONTROL program. Dr. Silva states: "The discovery that human intelligence can learn to function with awareness of the Alpha and Theta frequencies of the brain will go down in history as the greatest discovery of man."

The discovery, he adds, "is sure to change our concept of Mind, Psychology, Psychiatry, Psychoanalysis, Hypnosis and of the Subconscious."

JOSE SILVA
RESEARCH SCIENTIST

Dr. Silva explains that there are four principal brainwaves: The Beta Wave, associated by some to be the outer conscious level, physical activity, anxiety, tension, etc.; and the Alpha Wave, also associated with inner levels of mental activity, tranquility, inspiration, creativity, concentration, ESP, accelerated healing process, memory, learning and many other phenomena; the Theta Wave, related to deeper levels of meditation, concentration, and potentially even greater learning and recall capabilities; and finally the Delta Wave, associated with deep sleep now known as unconsciousness.

Dr. Silva continues, "In just hours of classroom instruction students can learn to function with awareness of Alpha/Theta levels." This is accomplished with the use of the SILVA METHOD of Mental Training without the use of Bio-Feedback Equipment.

MANY benefits are now known to exist for those who learn to function with controlled awareness of the Alpha and Theta levels. Our students report better memory, high grades, less tension and anxiety, faster realization and healing, release and rejection of psychosomatic problems, control of sleep and headache problems, control of smoking, weight problems, and some report correction of drug habits, and also maintenance of better general health. Dr. Silva adds that these abilities are just side benefits and that the real benefit is that the student, when at these levels, seems to sense information impressed on the brain cells of others at a distance.

Dr. Silva believes that this is what some call ESP or Extra Sensory Perception, but he calls it Subjective Communication. The MIND CONTROL program has changed the meaning of ESP, which was uncontrolled, erratic and very evasive; to Subjective Communication which is controlled and effective. He adds that perfecting the means to communicate at this dimension will be the second phase of human evolution on this planet.

Subjective Communication is being used to become aware of information for problem detection and solving.

Dr. Silva states that we somehow have unconsciously learned to interfere with the body's healing function and that this effect is known as the psychosomatic health problem. It appears that by learning to function with awareness of the Alpha/Theta levels, we automatically cease to interfere, allowing the body's internal organs and glands to return to their natural rhythmic self-healing function. We don't need to touch the internal organs how to function; Nature takes care of that when we do not interfere. The Silva Method is dedicated to help humans become healthier, more productive and better problem-solving agents. For references ask any of our graduates in the United States, Mexico, Canada, Central and South America and Europe.

Marcus Makes All Well

An immigrant couple's lifelong dream of owning their own home is shattered when the husband is faced with a very expensive but vitally needed heart operation, on the ABC Television Network's "Marcus Welby, M.D.," Tuesday, Sept. 25 (9:00-10:00 p.m.).

In "For Services Rendered," Fred Pulaski must decide between buying the home he and his wife, Vera, have wanted all their lives, or a heart operation that will put them in debt for many years, but which could save Fred's life. A serious attack takes the decision away from Fred, but Dr. Welby must convince Vera that the future is not as dismal as it might seem.

Robert Young stars as Dr. Welby with James Brolin starring as Dr. Steven Kiley, his associate. Elena Verdugo co-stars as Consuelo Lopez, their office nurse. Tige Andrews guest stars as Fred Pulaski with Kim Hunter as special guest star in the role of Vera Pulaski. Also in the cast are: Dan Tobin
Wayne
Bank Manager
Ray Oliver
Erik Richards
Maria Elena Cordero
Penny Goetz
Nurse Ferguson
Sarah Chaffin
Nurse Marlowe
The teleplay by Jerome Ross was directed by Marc Daniels.

Kim Hunter guest stars on "Marcus Welby, M.D."

"Needles; A Shot in the Arm for ABC

Norman Fell and Deirdre Lenihan star in "Needles and Pins."

Arriving in New York from Omaha, Wendy Nelson (Deirdre Lenihan) seeks advice from an old family friend, dress manufacturer Nathan Davidson (Norman Fell), and is promptly swept into the business when she is commended as a model, in "The Girl From 7th Avenue," the premiere colorcast of "Needles and Pins," Friday, Sept. 21 (8:00-8:30 p.m.) on the NBC Television Network.

In addition to modeling, Wendy helps Sonia (Sandra Deel), Nathan's girl Friday, and matches wits with Charlie (Bernie Kopell), the firm's salesman. Wendy realizes her college "masterpiece" designs are impractical and accepts Nathan's offer to learn the business from him—all in the spite of Nathan's zany brother-in-law partner, Harry (Louis Nye).

The cast includes Larry Geiman and Alex Henteloff as Max and Myron, cutter and pattern-maker; Milton Selzer as Singer, the competitor; and Joshua Shelley as Elliott, the deli waiter.

"Needles and Pins," a Screen Gems Production in association with NBC-TV, is filmed before an audience at NBC's Burbank studios. David Gerber is executive producer; Hy Averback, producer. Averback also directed the premiere episode, written by series creators Adele and Burri Styler.

"Go" gets the Raspberries

The popular rock recording group, the Raspberries, is visited by the "Go" show as they make a new recording, without a hit, until latter took charge of their recordings. During the show the Raspberries will be heard in their gold record hit "Go, All the Way" and their other hits "I Wanna Be With You" and "Let's Pretend."

Members of the Raspberries are Eric Carmen, rhythm guitarist and vocals; David Smalley, bass guitar and vocals; Wally Bryson, lead guitar and vocals; and Jim Bonifanti, drums and vocals.

Don Imus, disc jockey for radio station WNBC in New York, will be the host and narrator. Rift Fournier is producer-director-writer.

The first of seven Bob Hope specials of the 1973-74 season will be colorcast on the NBC Television Network Wednesday, Sept. 26 (7:30-8:30 p.m.) with guest stars Ann-Margret, singer John Denver and tennis pro Bobby Riggs. Ann-Margret will be making her first of two appearances on Bob Hope specials this season. As well as appearing on Bob's opening comedy-variety show, the red haired actress-singer-dancer will be a guest on the final Hope special of the season and star in a repeat of her own special "Ann-Margret: When You're Smiling," in October.

John Denver whose recordings have made him a favorite with the younger generation, will be the guest host of NBC-TV's "The Tonight Show Starring Johnny Carson" Sept. 24, two nights prior to his "Bob Hope Special" appearance. Bobby Riggs, the "Grand Old Man of Tennis," will come to the Hope special following his match with Billie Jean King.

Music for "The Bob Hope Special" will be by Les Brown and his Band of Renown. It will be produced by Mort Lachman and directed by Dick McDonough.

Saturday Program Notes

11:30...CBS...FAT ALBERT AND THE COSBY KIDS
"What Does Dad Do?" After the kids give exaggerated reports of their fathers' occupations in class, special assignments are given to each child. The group then decides that no matter what your job is, doing it right is the important thing.

4:00...ABC...ABC'S WIDE WORLD OF SPORTS
ABC Sports live coverage of the World Wrestling Championship Fight from Toronto, Canada between Jose Clyde Gray and Jose Napolies. Commentary will be provided by Howard Cosell.

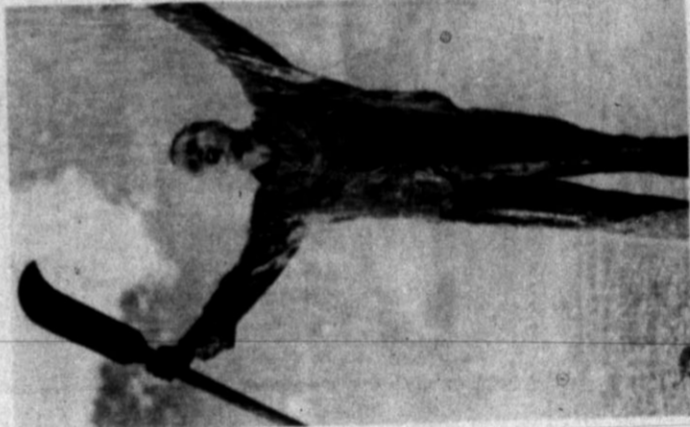

7:00...NBC...EMERGENCY!
"Frequency," Paramedic Johnny Gaps (Randolph Mantooth) becomes emotionally upset over radio priorities when a recently married friend is seriously injured in a traffic accident.

7:00...ABC...THE PARTNERSHIP FAMILY
"None But the Onley," Keith's attempt to get a date by writing a copy of a letter to Laurie's father.

7:30...ABC...SPECIAL MOVIE PRESENTATION — "ROSEMARY'S BABY"
ABC will broadcast for the first time on TV the blockbuster movie made from Ira Levin's terrifying tale of witches, Satanism and an innocent mother-to-be in modern Manhattan.

8:00...NBC...SATURDAY NIGHT AT THE MOVIES — "COOL HAND LUKE"
Starring Paul Newman and George Kennedy. The saga of a cool-headed, independent chain gang prisoner who is determined to buck the system. J. D. Cannon and Jo Van Fleet co-star.

8:00...CBS...HIDDEN CAMERA
"Mannix" (7:30-8:30 p.m.), the first half of the dual presentation, stars Mike Connors as private investigator Joe Mannix and Peggy Fair, "Bar" as his secretary and Peggy Fair, "Bar" as his secretary (8:30-9:30 p.m.), starring Buddy Ebsen in the title role, and Lee Meriwether as his widowed daughter-in-law and assistant. Will be the second presentation.

Paul Newman stars in "Cool Hand Luke."

Sunday Program Notes

4:00...CBS...FAMILY CLASSICS
Animated special based on literary classics. "The Count of Monte Cristo."

5:00...CBS...NEWS RETRO
"The Mystery of Stonehenge," an award-winning exploration of the origins of the mysterious ruins of England's stark Salisbury Plain, soon to be on TV.

6:30...ABC...SPECIAL MOVIE PRESENTATION — "FUNNY GIRL"
The film that established Barbara Streisand as an authentic movie star and an Academy Award winner comes to television for the first time. Ms. Streisand stars as Fanny Brice along with Omar Sharif as Nick Arnstein, her gambler husband. Co-starring are Kay Medford as Mama, Arlene Francis as a backstage pal, and the Franchese family as the Brice family.

7:00...NBC...THE WONDERFUL WORLD OF DISNEY
"The Barefoot Executive," starring Kurt Russell, Joe Flynn, Harry Morgan and Wally Cox. A television page's TV rating prediction success is short-lived when his secret source of information, Rafles the chimpanzee, is discovered.

7:30...NBC...LOVELY BUT LETHAL
"MOVIE...LOVELY BUT LETHAL," starring Pauline Collins as Vera Miles. A Columbia through an investigation that uncovers a fierce battle for cosmetics supremacy involving lying, stealing and industrial espionage.

7:30...CBS...THE MYSTERY DOUBLE
Price is special guest star.

7:30...NBC...MANNIX-BARNABY JONES
"Mannix" (7:30-8:30 p.m.), the first half of the dual presentation, stars Mike Connors as private investigator Joe Mannix and Peggy Fair, "Bar" as his secretary and Peggy Fair, "Bar" as his secretary (8:30-9:30 p.m.), starring Buddy Ebsen in the title role, and Lee Meriwether as his widowed daughter-in-law and assistant. Will be the second presentation.

Hidden Camera

Allen Funt is on the move across the country again, taking a candid camera's eye view of the funny side of the rites and wrongs of marriage in America in "Smile When You Say 'I Do,'" his first feature film for television airing on the ABC Television Network's "Tuesday Movie of the Week," Sept. 25 (7:30-9:00 p.m.).

Using the format that made him famous—getting up unlikely situations to catch the unsuspecting with his hidden camera—Funt covers the nation to see how people feel about marriage today. As always the people in each vignette don't know they are becoming movie actors, but all happily agreed to be a part of the film when they learned that the man in the golfing cap and dark glasses was Allen Funt.

Composer-singer Ray Stevens (who wrote "Everything Is Beautiful") contributes his comments on the subject with two songs, "Smile When You Say 'I Do'" and "The Now Vow."

In the more conventional '50's. Different decades, but because of the speeded-up tempo of modern living, almost like different centuries.

Bob and Carol Sanders are a modern, with-it couple in their late 20's; Ted and Alice Henderson, a more cautious married pair in their middle 30's. This engaging foursome live in Los Angeles, where Bob is a filmmaker and Ted is a rising lawyer. They're also parents.
