

Annual Farm Tour To Start Today

Tour Beginning At 1:30 p.m. To Inspect County Crops

By STEVE CONNELLY
Staff Writer

The annual Deaf Smith County Crop Tour begins this afternoon at 1:15, and the discussions and stops will prove interesting to anyone desiring to learn about different planting methods, watering methods, and varieties of grain sorghum and grasses.

A demonstration of 70 varieties of grain sorghum, sponsored by the county agricultural extension service and the Texas Certified Seed Growers Association, will take place on the Clark Andrews farm.

The demonstration monitors and gives accurate com-

parisons of different varieties under the same growing and management conditions.

EVEN THOUGH the grain sorghum was seeded somewhat late, on June 10, it is expected to mature in time. The late planting meant one less irrigation than earlier crops, which could mean something new to farmers.

Each grain company had an opportunity to put different varieties to the test, and will show farmers which varieties are best adapted to suit their needs.

On the Claude McGowan Jr., farm, different varieties of grasses for grazing and conservation purposes will be shown and compared.

Some of the varieties of grasses include Indian grass, switch grass, blue grama, side oats grama, tall wheat grass, tall fescue, western wheat grass, smooth brome grass, Klein grass and old-world blue stem.

THE PLOTS of grass were established and maintained by George Warner Seed Company, trying to compare cool and warm season grasses, and comparing the grazing and conservation values of each.

On the Big T Pump Co. farm, operated by Bill Cheek, the benefits of minimum tillage soybeans will be discussed.

Cheek said he expected about 50 bushels per acre from the Clark 63 variety of soybeans, which were planted June 5 over a wheat crop that was hauled out on May 24.

Cheek received \$95 an acre for the hay which was baled off, and planted the soybeans in the stubble, irrigated, fertilized, and cleaned the middle of the rows.

This meant only three trips through the field, compared to at least seven otherwise. The stubble in the soybeans contributes to the soil by organic decomposition and by holding the water.

CHEEK SAID he expected to harvest the beans within the next few days, even though it was a relatively late-planted crop.

ON THE Chester Wiggins farm, minimum tillage grain

Eagles To Test Herd

Canyon Aerial Bombardment Expected

By DON RICHARDS
Brand Editor

Hereford Whiteface Coach Larry Dippel heads his cattle drive through the Eagle nests of Canyon Friday night, hoping to protect his unbeaten, united season record.

Kickoff for the contest which will pit the Eagles' talented aerial attack against the strong ground game of the Herd, is set for 7:30 p.m. in West Texas State University's Kimbrough Stadium. The Herd is picked as a three-touchdown favorite to shoot down the Eagles bombardment attack.

Sporting a 3-0 season record and packing one of the leading offensive and defensive teams in the area, the Herd will be open to the constant aerial attack of the AAA Eagles, now 1-1-1.

"CANYON has a real good passing team," said Dippel. "Our defensive

secondary has played well so far this season, but this will be the first big test for them."

"They are a real explosive team and will show us a lot of formations," he said. "They go into different formations and will send a man in motion quite a bit."

Calling signals for the Canyon Eagles will be 6-2, 175-lb Ed Lair, who was chosen all-district quarterback in District 1AAA last season.

"Lair is an exceptional passer," Dippel said. "He has a smooth touch on the ball and will give our defense a real test."

"CANYON and Hereford have had a type of rivalry going," Dippel said. "I don't feel you can say there is a 'favorite' in a game like this."

The coach said he felt Canyon had played good defensive ball against Spearman, whom the Eagles beat 33-6, and against Borger, whom Canyon tied 7-7.

"They had an emotional letdown following the Borger game, which they should have won," he said. "Caprock then was able to take them pretty good." Amarillo Caprock won over the Eagles last week 38-8.

"Canyon will be ready to play us though," he added.

DIPPEL ALSO had special praise for

the Eagles returning all-state tackle, Bob Counselor, 6-5x230.

"He is one of the top college prospects and is said to be a blue-chip player," the coach said. "Then they have Gary Bednorz who is a good rusher and was named AAA player of the week following Canyon's game with Spearman."

Dippel said he was well pleased with the Herd's 15-12 win over Borger last week, but said the team "played only in spurts."

"We played well when we were behind," he said. "But Borger played their best game of the season. I had mentioned last week that Borger had a history of beating teams they were not supposed to. They played a lot stronger game than it was predicted."

THE COACH said the majority of Whiteface players were in good physical condition and would be ready physically for Friday's game.

"Mauri Montgomery (noseguard) has had knee problems that we are not sure of yet," he said. "Barry Allen got his nose broken in the Borger game and this will be hampering us some. Of course, we still have tight end Steve Loerwald out with a broken leg he sustained in pre-season practice. We are not all in

Branding Time

By Speedy Nieman

That feller on Tierra Blanca Creek says if you've ever been poor and hungry, you don't forget it as long as you live.

You often think what you would like to say to a customer, but the competitive system will not permit it, fortunately.

THE PLAN to import water to West Texas has not been washed away, it's still very much afloat. That seems to be the feeling of officials of Water, Inc. and other leaders in this very important battle.

Duncan Ellison, executive director of Water, Inc., was in town this week to report to the county water organization. He says the backers of the water import plan all feel that water will be imported—it is just a matter of time.

With the worldwide situation being what it is, with an ever increasing demand for food and fiber, this area becomes more important on the agricultural horizon. We have all the ingredients—with the exception of a dwindling water supply—to produce the necessary crops, and the water problem will have to be solved.

WHEN YOU stop and think about it, we really shouldn't be too surprised how our government is managed, or mis-managed, at times. Just take a look around you at the mess so many people make of their own affairs!

I noticed an article recently that reported thousands of entries in prize contests are discarded before the judging begins. Too many people don't read instructions or follow directions. Another story reports the unbelievable statistics on "dead letters" in post offices—undeliverable mail, sent without a return address to persons unknown or to cities without a designated state, etc.

We've got a lot of folks who are just incurably careless and irresponsible. We can only hope that not many of them go to the state legislature or to Congress. Or, if they do, let's hope the vote of one will offset the vote of another!

There is no more merit in having read a thousand books than in having plowed a thousand fields. There is no more merit in being able to attach a correct description to a picture than in being able to find out what is wrong with a stalled motorcar. In each case it is a special knowledge. — Somerset Maugham.

Commissioners Breeze Through Short Session

Deaf Smith County Commissioners, in their second regular meeting for September, breezed through a routine and relatively short session Monday.

Commissioners approved several bills on the new library construction, approved easement for a water line in Precinct 3, and determined the allocation of a state refund on lateral road funds.

COUNTY Judge H.C. Williams announced to commissioners that a refund of \$29,741 had been received from the state lateral road fund. Since Precinct 2 was the only one in the "black" in the road and bridge fund, Commissioner Marcus Latham moved that the funds be divided between the other three precincts. The motion was approved. It was noted that a refund from the state is normally received about this time each year.

The contract on the new county library construction calls for partial payment each 30 days. The past month's bills amounted to about \$21,000, with the majority of the amount going to contractor Wiley Hicks Jr. The county is using revenue sharing funds to build the library.

Easement for water line to go across a county road was approved for J.E. McCathern in Precinct 3.

COMMISSIONERS briefly discussed new amendments to the Texas Election Code on conducting primary elections—one amendment requiring that no election precinct shall have less than 100 or more than 2,000 registered voters.

County Clerk B.F. Cain said the provisions won't be applicable until the 1974 primary elections, but he is still

checking with state officials to determine if some boxes can be retained because of "hardship" to voters in going to an election box.

Commissioners reviewed correspondence received since the last meeting, including one letter supporting a raise for deputy sheriffs. They set there was some "misinformation" in the letter, which stated that Oldham County deputies receive \$770 a month.

Commissioners asked the judge to call Oldham County officials for the salary figures, and he was informed that the chief deputy earns \$700 a month. The sheriff, it was reported, receives \$700 a month plus \$150 monthly for car allowance. The sheriff there uses his own car at times, since there is only one patrol car.

Election Planned Tuesday

New Track Expected To Cut Maintenance

Tuesday Hereford voters will march to the polls to decide the fate of a proposed \$38,000 bond election to finance a new improved surface for the running track at Whiteface Stadium.

The issue has been turned down by local voters in the past. However, more than 1,000 Hereford voters recently petitioned the Hereford School Board to call the election again.

The election is scheduled from 8 a.m. to 5 p.m. Tuesday in the Community Center. Absentee voting ends at 5 p.m. Friday in the school tax office on Sampson Street across the street west of the courthouse.

Dr. Joe Whitley initiated the petitions based on the idea that many persons did not understand the issue during the earlier election. He told school trustees the exact nature of the new improved surface was not clear in many local residents' minds.

The election Tuesday, if passed, will replace the present cinder track around the inside of Whiteface Stadium with an improved running surface that can be used in all types of weather.

Officials say the high cost and time of maintenance on the cinder track is one of its (the cinder track) biggest pitfalls and would not be experienced with an improved surface track.

"WE HAVE to go to quite a bit of trouble to prepare the cinder track before we can hold a track meet on it," said Larry Wartes, Hereford Schools administrative assistant in charge of the maintenance.

"At least every year we have to go in with some type of plow or one-way and turn-over the surface of the track to re-mix the clay and cinder," he said. "We then have to find a water truck to wet down the track and then borrow a big roller to roll down the surface."

"It then has to be lined and marked off and ready for the track meet. And in the meantime, and it takes about four days before the meet, we really can't let anyone on it to workout."

WARTES SAID the costs of maintenance of the cinder track were now up

to about \$2,000 to \$3,000 every two years. "Now that is with the school personnel and coaches doing all the labor and time and not considering all the heavy machinery we borrow around town."

"Also, what is not figured in is that the entire track will need a complete new job in the near future even if this election doesn't pass.

"The cinders work their way to the top each year and the running works them loose. The high winds we had this year blew away most of the cinders. We really need to come back with a new job on the old cinder track even if we don't do anything else."

The administrator said even with the many hours of preparation at last one track meet here is canceled each year because of the weather.

"WE CAN go to all this trouble all week long preparing the track and a rain or snow Friday night or Saturday will cause us to cancel the meet," he said. "With this new type of improved sur-

face, it would be ready all the time and never need any preparation at all.

"The running lines are painted on just underneath the surface and need restriping only every few years instead of every week. To run a meet in the snow we would just sweep the snow off the track."

HEREFORD had nine track meets scheduled last school term and one was canceled because of rain. Also, high school tracksters who qualified for the regional meet had to travel to Canyon each day before the regional meet to work out on the track there.

"Ours here had gotten rained on and was far too muddy to run on," Wartes said. "When people run constantly on the track it begins to wear down and creates a low spot. Then whenever it rains these low spots take on water."

"This new surface doesn't wear down like a cinder or dirt track and never has low spots for rain to fill up."

"WITH A new surface we could call a

track meet on a moment's notice. If a coach needed a girl's or boy's track meet during a P.E. period they could just go out there and run without any preparation."

Hereford presently is the only school in its district without the improved track surface. Plainview recently installed one following Snyder. Lubbock has five new surfaced tracks.

HEREFORD Supt. Roy Hartman told trustees at the time the election was called that the track election would not cause a raise in local school taxes.

"The \$38,000 is relatively small for bond elections and shouldn't cause any change in the tax structure. We have the interest and sinking fund for the election. We just want voter approval to approve the new track."

The new surfaces are manufactured by several companies in the Panhandle. One of the most popular has been the resalite surface which is a mixture of rubber, sand and asphalt.

Accent On Health

Two Choices Available For Chronic Kidney Disease Patients

An individual with chronic kidney disease has two means available for maintaining his life. He may undergo hemodialysis, that is, have his blood purified by means of a dialysis machine, or he can undergo a kidney transplantation.

A patient who requires the use of a dialysis machine in the hospital can expect to pay approximately \$12,000 each

year. A home dialysis unit would cost about \$6,000 per year. A kidney transplant operation can cost a family literally thousands of dollars. Few people can withstand such staggering financial burdens.

Recognizing that chronic kidney disease patients face financial crisis for lack of personal financial resources to pay for the expensive equipment and care necessary for

their survival, the 63rd Legislature passed SB 386 (VCS 4477-20), the Texas Kidney Health Care Act. As a result of that act, the Division of Kidney Health Care has been created within the Texas State Department of Health to provide the care and treatment of chronic kidney disease.

The program provided by the act is designed to bring to bear all possible resources of the State and to coordinate the

efforts of the State in the matter of renal disease.

Most important, however, is that the act provides for treatment services to chronic kidney disease patients for a fraction of the cost such patients would normally have to pay. The Texas Kidney Health Care Act has given a new lease on life to some 500 Texans afflicted by chronic kidney disease each year.

This major health program is only one of the health related bills approved by the 63rd Legislature.

Another Health Department Division engendered by a legislative measure is that of Coordinated Emergency Medical Services. This division is responsible for developing a state plan for the efficient delivery of emergency medical services to high risk infants during the neonatal period, and

to persons who are injured or suffering from acute illness. Toward this end, the state will be divided into emergency medical service delivery areas, with at least one hospital in each area designated as a "trauma center."

The Texas Youth Camp Safety and Health Act gave the State Health Department the authority to license and regulate all youth camps in

Texas to insure that they meet certain health and safety requirements.

Still another bill directs the Central Education Agency to plan, institute and supervise pilot programs throughout the Texas school system for the purpose of screening children for health defects and problems.

While the Health Department gained a few new divisions and responsibilities, it also relinquished an established one, as HB 739 designated the Air Control Board as an independent State agency.

Other health legislation included a bill authorizing the issuance of bonds by cities to purchase air control facilities; a bill relating to the reporting and control of venereal diseases; and a bill relating to certain reports, permits, and duties required by the State Health Department regarding death. Still other legislation resulted in the creation of some

10 new hospital districts in Texas.

Environmental related aspects of health are the focus of several interim Senate committees created before the end of the legislative session to investigate the need for additional health legislation in the 1975 session.

One committee was created to study all aspects of solid waste, while another will seek to determine the adequacy and enforcement of environmental laws.

The House Environmental Affairs subcommittee on pollution control was directed to study the effectiveness of air and water pollution control efforts, while still another committee will examine ways in which state agencies can improve their programs of maintaining the environment.

Once again, the Texas Legislature has demonstrated its concern for health of Texas citizens.

Education Level On Rise Locally

How many people in Deaf Smith County would be unable to qualify for the following job because they lack the normal reading and writing skills? General office worker, bright, good at figures. Excellent opportunity for advancement. Write fully, stating education, experience etc. to

The vast majority of local people would be quite capable of doing work of this kind because they have had adequate training. They live in an area where the level of education has been on the rise in recent years.

The median amount of schooling being attained locally, according to the latest Department of Commerce statistics, is 11.3 years, as

compared with the 1960 median of 10.8 years.

There still remain, however, a sizeable number of local residents who have reached adult age without having acquired sufficient proficiency in reading, writing and arithmetic to hold down the advertised job.

There are 474, the government figures show, who have had no schooling at all or who have gone for less than one year.

Some 662 have reached adulthood with a background of only one to four years of schooling and another 979 with five to seven years.

Those who cannot read or write at all are called totally illiterate. Others, for whom books, newspapers, welfare forms, license applications and

the like are unfathomable, mysteries, are designated "functional illiterates."

The Department of Health, Education and Welfare, in a recent statement, declared that there are 19 million adult Americans who are totally or functionally illiterate and another 7 million elementary and secondary students who have severe reading problems.

A national effort is being made, under a Right to Read program aided by Federal funds, toward correcting the situation.

In Deaf Smith County, an estimated 2,115 men and women fall into the functionally illiterate category.

The proportion is smaller than in some areas of the country but larger than in others.

Mr. and Mrs. Doyle Johnson, left, Jim Conkwright, president of the Deaf Smith Chamber of Commerce and Melvin Jayroe, C of C board member, gather around one of the many bouquets of flowers sent by well-wisher on the grand opening of Doyle Johnson Chevrolet-Olds. The grand opening was planned to coincide with the showing of the 1974 Chevrolets and Oldsmobiles.

Historical Society Plans Membership Meeting Sunday

A membership meeting of Deaf Smith County Historical Society is scheduled at 2:30 p.m. Sunday at the county museum, with all friends of Deaf Smith Museum invited.

Date of the fall meeting is late this year, Mrs. Austin Rose, secretary, explains, because board members and others in the society were concerned with Hereford's Diamond Jubilee celebration in late August and early September.

Loans of photographs and items from the museum exhibits were made to businesses and organizations for use in Jubilee events. The museum was also used for reference material in preparation for the celebration which focused attention on the

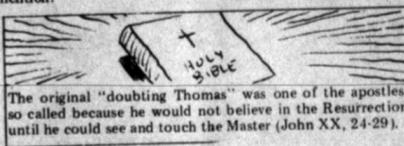

history of the county and entire area as well as the city.

Announcement of the Sunday meeting includes an expression of thanks from the board of directors to clubs which supplied hostesses for the museum in the past year.

Bay View Study Club, which trained volunteer tour guides to conduct tours of students, Campfire Girls, Boy Scouts, and adult groups from this and nearby cities, was given special mention.

Other organizations which assisted were Calliopean Club, Hereford Study Club, El Llano Study Club, American Association For Retired Persons, Knights of Columbus, LAE Study Club, Music Study Club, Bud To Blossom Club.

Also La Plata Study Club, Rainbow Girls, Horizon Club, Pioneer Study Club, American Legion Auxiliary, Summerfield Study Club, Rural Home Club, Westway and North Hereford Extension Clubs.

Graduate Level Course To Be Offered At Convention

"A graduate level course in the Texas Realtors Institute in San Antonio's Convention Center, Oct. 14-20, will draw the interest of several local men and women in real estate," said

Gene Campbell, president of the Hereford Board of Realtors, as he urged early registration for this educational opportunity. "All over the nation real estate professionals are

devoting more and more time of their day to selling condominiums. At the Texas Association of Realtors course in San Antonio, the student will be hearing firsthand the story of ranch condominiums, land brokerage and syndication law. Because of the complexities of these transactions, it is very important to know how to meet the challenge of each phase of the transactions.

Judge B. Fite of Dallas, the 1973 president of the Texas Farm and Land Brokers will be there teaching. So will James Morgan of Fort Worth, Phil Mockford of Austin, an attorney, and Don Wiedmann of San Diego, Calif. Dr. Steve Phyrer of the University of Texas will lecture on investment and feasibility studies," said Benny McMahan of Dallas, the education chairman. "Course I, II, and III will also be taught. In the graduate level class, only those who have passed all three courses will be admitted."

Fees, \$100 for non-members of TAR, and \$75 for members should be sent to TAR, P.O. Box 9907, Austin 78766.

Art Guild Growing As New Year Opens

Three new members were enrolled at the start of the Hereford Art Guild season Tuesday evening, when the group met in Community Center. Mmes. L.B. Herring, Calvin Goodin and Dale Furr were visitors who became members.

Summer activity in art was reported by 26 members in

answer to roll call. It was announced that a member, Mrs. B.D. Hutson, is now helping with art classes for residents of Kings Manor retirement home.

Mrs. Joel Newman, Guild president, attended a state meeting of art classes at Hereford Campfire Girls summer camp at Tres Ritos, N.M.

The program was a demonstration of palette knife technique given by Jeanne McGee, a member who paints and teaches.

Hostesses were Mmes. Newman, E.W. Young, E.A. Guinn and Gilliland, Guild officers.

VISITOR HONORED—Mrs. R.L. Pollock of Fargo, N.D., seated, is the house guest this week of Mrs. Dolson Palmer, right, and will be the program guest of Calliopean Study Club this evening in a meeting at Mrs. Palmer's home, 149 Liveoak. She will tell of the International Peace Garden on the U.S.-Canadian border which she was instrumental in establishing. Mrs. Sue James and Mrs. H.L. Benefield, standing from left, invited several friends to an informal coffee Saturday morning in the latter's home to meet Mrs. Pollock or renew acquaintance made when she visited here a few years ago.

At The Library

Living Nightmare Retold By Author

The author of *Voices of Masada* takes the reader into Biblical days in the year 73 A.D. The book reveals how five children and two women escape being executed and how they fought to stay alive for seven years in the Jewish Revolt against the Romans.

David Kossoff, whose imaginative history has made his Bible story interpretations into huge best sellers, has taken these two women and shown us, through their own eyes, and in the stories of the people they search out, the whole story.

Not just the last stand, but the entire seven years of the Jewish Revolt against the Romans.

We meet the guerrilla fighters, the collaborators, the Roman generals, the traitors, the heroes and heroines.

We meet Vespasian, who broke off his attack upon Jerusalem to be made Emperor after Nero. We meet Titus, son of Vespasian, and Bernice, mistress to them both.

We see Jerusalem besieged and conquered, and the beautiful Temple of Herod destroyed. And we recognize in the uncrushable courage of the Jews, countless parallels to modern-day Israel.

VOICES OF MASADA
 By David Kossoff

The mass-suicide of the defenders of the mountain stronghold of Masada in A.D. 73 is one of the great stories of courage—how nearly a thousand Jewish men, women and children chose to die rather than be enslaved by the Romans.

The historian Josephus tells us that five little children and two women were the sole survivors: 'A woman related to Eleazar, the leader of the Zealots, and in intelligence and education superior to most women, and another, a old woman.'

Before the Indians came, a species of horse roamed North America. They stood about six feet high, and had short legs ending in three clawed toes.

Familiar Prayer's Story Is Related

The prayer which has been generally adopted as a collect for clubwomen, and which begins, "Keep us, O God, from pettiness", was the subject of Mrs. Henry Vaughn, speaker to Lone Star Study Club Tuesday afternoon.

Mrs. W.O. McCutchen and Mrs. John Moore were hostesses in the former's home.

Misconceptions about the collect which is used officially in Federated Women's Clubs and by many other organizations, were explained by Mrs. Vaughn. Its author is Mary Stewart, who wrote it in 1904 as a private prayer.

But it has been attributed to Mary Stuart, the famous Queen of Scots who lived about 1600, Mrs. Vaughn said, and one phase, "human heart" was changed to "woman's heart" so that it was inappropriate for men's groups until it is lately being returned to the original words.

The prayer became known when it was published in a magazine, then on wall cards that were widely distributed. It has been set to music and arranged in a litany.

Mrs. Dale Tinnin conducted a brief business session. Tea was served from a table beautified with fall flowers, to Mmes. G.W. Newsom, S.A. McCathern, Jim Higgins, Hardy Benson, W.S. Fluit, H.E. Henslee, Jim Bookout, C.D. Kelton, C.B. Womble, J.E. Shirkey, J.C. Williams, S.S. Williams and M.H. Wiseman.

PERSHING IN PARIS
 Gen. John J. Pershing and his headquarters staff arrived in Paris on June 13, 1917.

YANK PREMIERE
 A new U.S. Army newspaper, Yank, was published for the first time on June 13, 1942.

 On June 13, 1942, President Franklin Roosevelt created the Office of War Information and named radio commentator Elmer Davis as director.

Flower Shop Is Meeting Place

A tour of a floral shop and a lesson in corsage making comprised the program of Young Mothers Study Club Tuesday evening, when members met at Park Avenue Florist. Mrs. Chesley Johnston and Mrs. Eldon Howell were hostesses.

Mrs. Charles Riggin demonstrated the making of corsages and showed materials used, then conducted a tour of the shop. Carla George arranged a bouquet for the club.

A business meeting at First National Community Room was held afterward. Plans were made for guest night at the next meeting, Oct. 9, also in the bank building, for a bake sale Oct. 28 and the annual Halloween party for members' children.

Halloween cookies, candy apples and popcorn balls, traditional refreshments for the fall holiday, will be featured at the bake sale just before the holiday.

Amendments to the by-laws were approved by club members, who discussed suggested projects for the year. They will select a major project at a later meeting.

Others present were Mmes. Robert Devin, Jim McDowell, Travis McPherson, Harvey Milton, Burl Spears and Bud Thomas.

The Banyan tree sometimes has several thousand trunks.

The Consumer Alert

Deceptive Advertising Practices Investigated

By JOHN L. HILL
Attorney General

This morning's mail to the Attorney General's Office included a letter from a woman in one of our small Texas towns, who complained that her 81-

year-old mother-in-law had been misled by an insurance company promotion which was designed to look like a Medicare mailout.

The printed material did state that the health insurance for which Social Security recipients

can qualify (Medicare) does not cover all costs of all care and treatment procedures, and seemed to imply that the insurance company had a working agreement to pick up where Medicare leaves off.

The U.S. Department of

Health, Education and Welfare, which administers the Medicare program for the federal government does not have a working arrangement with any private insurance company. And both federal and state laws prohibit the deceptive trade practice of misrepresenting that there is any governmental endorsement of a private business venture.

any complaint of an insurance company activity if he determines that it may be a violation of the board's regulations on advertising practices.

In a little more than a year, these hearings on deceptive advertising practices have resulted in some 40 cease-and-desist orders having been issued by the commissioner.

Misleaders about Medicare have accounted for some of the hearings, since the state requires that insurance companies offering a form of coverage designed to supplement Medicare make it "clear and conspicuous" that that is all their insurance does. They must disclaim any affiliation with the federal government and Social Security.

TO PREVENT other possible frauds upon the consumers, the advertising of any insurance plan must state the "negatives" in a given policy, as well as the benefits offered. For instance, if a policy precludes benefits for a preexisting illness for two years, from the date of the issuance of the policy, the advertising should show that.

If the policy includes in-hospital benefits, such as "\$25 per day for each day in the hospital," but those daily benefits are not payable until after the first three days, the potential policy buyer should be put on notice.

Most insurance companies which operate in Texas do follow the state law and Board of Insurance guidelines meticulously.

BUT IF ANY consumer does have a complaint about a deceptive insurance advertising practice, he or she should register that complaint with the State Board of Insurance or with the Attorney General's Consumer Protection Division office in Austin, Dallas, San Antonio, Lubbock, Houston or El Paso.

In addition to the administrative hearings procedure for halting any fraudulent practice, the individual consumer also has an avenue for legal action under the 1973 Deceptive Practices - Consumer Protection Act.

Under this new law, a consumer may file suit himself, for triple damages and attorney's fees, if he and his attorney

believe they have a cause for legal action.

Another section of the 1973 act gives consumers the right to file a class action suit, under which they possibly could collect single damages and attorney's fees.

BUT A SUIT may not be brought for purposes of harassment. If the trial judge determines that that was the reason for suit, he can order the consumer plaintiff to pay court costs and attorney's fees to the defendant company.

The files show that most deceptive advertising practice, however, are brought to a halt as soon as we inform the subject of a consumer complaint that the practice is considered misleading.

Weekly Market Report

Price Fluctuations Expected On Beef

Although the "thaw" on meat prices in retail markets hasn't resulted in immediate high price levels expected by some, price fluctuations are likely for a few weeks, Mrs. Gwendolyn Clyatt predicted.

The consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System, termed it "wishful thinking" to believe food prices will ever go as low as they were.

"However, if the supply and demand system is allowed to work, food should be as low as anything in our consuming lives," she added.

"Pork loin roasts and chops—and quarter loins sliced—offer good values this week. Hams, picnics, shoulder roasts and steaks also make good pork buys."

In general, look for best beef values on round steaks and roasts, ground beef, and arm and blade pot roasts and steaks, the specialist continued.

"Chicken remains one of the better buys at meat counters—with whole birds the most economical choice."

Mrs. Clyatt reported the egg market about steady—with supplies adequate for demands.

"Tokay and white seedless grapes continue in ample supplies with prices unchanged to slightly lower. Prunes also carry attractive price tags this week."

"In addition, apples, bananas, plums, cantaloupes, watermelons, nectarines and pears

Broom Sale

Nets \$150

The Simms Lions Club met for an evening meal last Thursday and a report indicated their annual broom sale had netted \$150 to be donated to Girlstown.

Entertaining at the meal were Hereford High students Amy Cox and Donna Kendall who sang a selection of western songs. The singers were accompanied by Fred Ratliff on the piano.

Guests at the meeting were Mr. and Mrs. Donald Cox and John Masten.

deserve consideration." Potatoes, sweet potatoes, dry yellow onions, lettuce, celery, cabbage, carrots, collards,

rutabagas, green peppers, squash and cucumbers are the most economical vegetable selections, she concluded.

THE CONSUMER Protection Division of the Attorney General's Office took note of the complaint, then referred it to the State Board of Insurance for investigation or whatever action that agency might deem necessary.

The State Insurance Commissioner has the legal authority to call a hearing on

Mrs. Williams Named For Title

Mrs. Robert Williams was chosen Chapter sweetheart by members of Alpha Iota Mu Chapter, Beta Sigma Phi Tuesday evening in the Medallion Room of the REC building.

The rush party theme was Love, Love, Love and was depicted in Snoopy and Peanut characters. Crazy bridge, which was won by Carol Elliott, and 52 bingo, won by Mrs. Ken Glenn, was played during the evening.

Cokes, cookies and bubble gum were served by the

membership committee which was consisted of Mmes. Fred Ruland, Coy Mason, Lonnie Coffey, Ken Walsler, Williams and Linda Wilhite.

Eight guests were recognized by the chapter. Those included Mmes. Glen Thomas, Robert Stewart, Don Brooks and Phil Scumbato, also, Phyllis Gerdson and Betty Barrett.

Members present also were Beverly Barrett and Mmes. Jerry LaFrance, David McDonald, Jimmy Bell, Bill Drake, Neill, Chick Holbert, Lee Kimball and Johnnie Burkhalter.

Study For Year Begun In Survey

A survey of year's programs outlined in new yearbooks, and a humorous playlet with a lesson in parliamentary law, made up the program as Summerfield Study Club began its new season at a recent meeting in the home of Mrs. R.E. Lance Jr.

Mrs. Ray Johnson, president, reviewed the course of study which has the general title, Concerned Women. Mrs. Earl Lance, who was co-hostess, is

chairman of the yearbook committee; Mrs. Thurman Atchley and Mrs. Elmer Woodward are other members.

Mrs. Guy Walsler assisted Mmes. Lance, Woodward and Atchley in the parliamentary law sketch.

Work of the Friendship House in Amarillo, maintained by the Mental Health Association of the Texas Panhandle, was explained and leaflets about it were given members.

Comedy Is In Rehearsal By Players

A cast addition for Hereford Community Players' comedy, Any Wednesday, is Dave Moxon, who made his local stage debut last season as the playboy brother in Come Blow Your Horn, and then appeared in a supporting role in Dial M For Murder.

He will appear with Archie Dwyer, also from the Dial M cast, and two newcomers to the Players, Mary Ann Dziuk and Jennifer Graham, in the Muriel Resink play now in rehearsal. Oct. 11-13 are dates for the

play, which Meredith Wilcox is directing with Alice Gilleland as producer. It will be staged in the round at the Yardstick building in Sugarland Mall, and after the presentation to the public will be repeated the next weekend for delegates to the area convention of Beta Sigma Phi.

Lights have been installed by Bobby Byers for this production, and will be overhead instead of from the side as in arrangements for the Players shows previously given in that building.

Work Done By Juniors

Dirt gardening was done by the Junior Gardeners group which met Saturday in Mrs. Ray Johnson's garage and mixed potting soil to grow plants this winter. This is a Campfire Girl group which is sponsored by Hereford Garden Club as a junior unit.

Each girl took the plant she potted to her own home to grow indoors. Each was also given

iris to plant for bloom next spring.

Awards won by members in the recent HGC flower show were announced. The juniors showed terrariums they had made.

Anita Almanza, Beverly Edwards, Sandra Brown and Kelly Foster placed in that order for 13 and 14-year-olds; Brenda Brown, Alan Almanza, Stephanie Foster and LeAnn Dobbs for 11 and 12-year-olds.

In the 9 and 10 year group places went to Bruce Edwards, Barbara Foster and Sherri Edwards; honorable mention to Debbie Brown and Renee Dobbs.

Others at the recent meeting were Ethel and Ray Brown, Lana and Louise Porter, also mothers, Mmes. Neal Foster, James Dobbs and Lupe Almanza.

Mrs. Jerry Carr Gives Program To Merry Maidens

Mrs. Jerry Carr presented a program on cake decorating to members of Merry Maidens 4-H Club at their meeting Monday in the Flame Room of Pioneer Natural Gas building.

Business reports were led by Jo Ann Wagner. She reported on the 4-H banquet scheduled for October 12, and 4-H Sunday to be held October 7 at First United Methodist Church.

The members decorated cupcakes for their refreshments. Six new members were recognized by the 26 members present.

Area Witnesses Assembly Slated

Hereford members plan to attend a gathering of Spanish speaking Jehovah's Witnesses Oct. 13 and 14 in Lamesa, according to Leo Montemayor.

presiding minister of the local congregation.

The assembly, sponsored by the Watchtower Bible and Tract Society of New York, will be held in Lamesa High School. The theme is Keeping Close In Mind Jehovah's Day and the purpose is to give Bible instruction on Christian principles and their application in everyday life, Montemayor said.

R.G. McCorkel is supervisor of the area, which includes 22 congregations. The main speaker will be D.G. Van Ike, representative of the sponsoring society.

Letters To The Editor

Dear Sir:

Through you, please let me express myself to the people residing on the 700-blocks of Avenue F, Stanton, G and H. I have searched all the forenamed streets, called people and still haven't found my cat.

I lost him Monday morning around 9. If you have picked him up, please return him. He is five months old and his coloring is mainly black with white along his neck, chest and stomach.

Yes, he is a beautiful cat but he is mine. There is a reward if he is returned to me.

Whoever has him or has seen him, please give him back.

Upset, but sincerely,
Mrs. G. Herring
726 Ave. G
364-5976 after 6 p.m.

Space Program Is Talk Topic

Robert G. Voss of the Manned Space Craft Center in Houston will present a talk on the Space Shuttle Program at 7 p.m. Oct. 2 in room 202 of the Activity Center at West Texas State University.

The presentation will be sponsored by the Lambda Mu Mathematical Honor Society and is open to the public.

Henry Williamson Buried After Services Monday

Funeral services for Henry Vernon Williamson, 78, of 301 Ave. B, were conducted Monday afternoon in First United Methodist Church, of which he was a member.

Dr. Jordan Grooms, pastor, officiated and burial in Rest Lawn Memorial Park was

directed by Gilliland-Watson Funeral Home.

Mr. Williamson, who had been a resident of Deaf Smith County since 1920, died Sunday in Deaf Smith General Hospital. He was a retired bookkeeper and farmer.

Born Sept. 17, 1895, in Wise County, he married Connie Thurman July 26, 1916, in that county.

He is survived by his wife; two sons, W.T. of Bryan and Henry H. of Fairfax, Va.; three grandchildren and two great-grandchildren.

Jimmie Allred Named President At Kings Manor Founders Dinner

Jimmie Allred was elected president of Kings Manor Founders Association to succeed S.L. Garrison, and announcement of gifts totaling \$24,000 to Kings Manor retirement home during the past year was made, at the eighth annual Founders Day dinner Monday.

Pete Buske of Friona was re-elected vice president and Mrs. D.F. Kendrick of Friona was named secretary-treasurer to follow Mrs. J.T. Gee, who has completed two terms in that office.

The dinner was served in Lamar Memorial garden room, the newest wing of the Manor building, with Dr. Jordan Grooms, pastor of First United Methodist Church, as speaker. Attendance totaled 377 association members and visitors from over West Texas and adjoining states.

Donors to the Methodist retirement home are members of the association.

Life membership, conferred for gifts totaling \$1,000 or more, was announced by Garrison for Mrs. C.M. Hicks, Alma Cross, Mr. and Mrs. Everett Wiseman, Mr. and Mrs. Hugh Clearman, Pitman Industries, Friona Feedyards and Dimmitt Feedyards.

Thanked for donations of beef or pork were Cattleman Inc., Fred Bruegel Jr., Neil Cooper and Bill Walden; appreciation was expressed to Jake Diehl Contractors for donations on paving and parking area work which is to begin soon.

Dr. Grooms added humor to the program introducing his

brief message with its theme of helping one another through investments in hope, faith, peace and love. He was introduced by Dr. DeWitt Seago, Kings Manor chaplain.

Jim Conkright, president of Kings Manor board of trustees, was master of ceremonies. Guests were welcomed by Richard Snow, executive director of the manor who with Mrs. Snow and their young son, Kevin, presented musical entertainment.

Dr. Weldon Butler, superintendent of the Plainview UMC district, conducted the ceremony of dedication of gifts. The invocation was by Steve Graham, associate pastor of First Baptist Church, and the benediction by the Rev. Eugene Brink, First Christian minister.

Dinner was prepared by the Kings Manor staff and Auxiliary directed by Joyce Lyons, administrative assistant, and Mrs. W.L. Davis, Auxiliary president, and served by girls of Hereford Rainbow Assembly.

Small Talk

By SUE COLEMAN
Women's Editor

THAT WAS A mighty fine fall day Friday, for a while. Though it turned into a messy summer day with a hot, dusty west wind and spoiled the effect, that kind of off-and-on weather does indicate a change in the season.

A lot of reports, as different as the kinds of weather, have been sifting in about the stage of leaf color in mountains west of here.

It's hard to figure when would be the best time for a weekend drive over to look at aspens, but I suspect the conflicting stories mean that the story tellers have been to different spots, and leaves are gold in one place while they're still green in another.

ANYWAY I can tell you that's the way it is around Cloudcroft—or was last weekend. They are advertising their fall Aspenade at Ruidoso this weekend, but from the looks of trees south of that resort spot to Cloudcroft, the color might be better a week later.

Mrs. Lundry Is Hostess

Plans for the year ahead were outlined in the Sunshine Club as its first fall meeting was held in the home of Mrs. Clint Lundry Tuesday evening.

Members enjoyed an evening of casual talk and were served a salad course. Mrs. Lois Kemp received the hostess gift.

Also at the meeting were Mmes. Elmer Jones, Mike Koelzer, Cottie Green, Willodyne Brooks and Edith Sheppard.

WASHINGTON ESCAPES

On Oct. 28, 1776, Gen. Washington's army escaped Gen. Howe's British forces at White Plains, N.Y.

SCORPION FOUND

On Oct. 26, 1968, the wreckage of the U.S. nuclear submarine Scorpion was found near the Azores under 10,000 feet of water.

SIR WALTER RALEIGH

On Oct. 29, 1618, Sir Walter Raleigh was executed for treason.

LEON CZOLGOSZ

On Oct. 29, 1901, Leon Czolgosz was electrocuted for the assassination of President McKinley.

But it was mighty pretty up there, with just a sprinkle of yellow leaves among the aspens, and the whole country nice and green because there seems to have been general rains lately.

It's a pleasant surprise to see Eastern New Mexico so lush at this time of year, with lots of wildflowers in bloom along the highways. And apples almost breaking tree branches in the valley orchards.

Leaf colors were glorious in the Colorado country near Vail about a week ago, Bessie Patterson says after a trip over that way. Of course that's farther north and higher than my New Mexico area—you see what I mean by stories from different locations.

A HEREFORD student at Hardin-Simons University, Travis Sligar has a supporting role in the drama department's major fall production, Brother of Dragons, a news release from the Abilene campus says.

The play will be presented Oct. 24-28; it is an original work by Ramon Delgado, associate professor of speech and drama, and will be submitted for judging in the American College Theatre Festival.

HUNTING UP kinfolks that you haven't seen for years or have never seen can be a risky business, but Roberta Campbell says she had good luck when she and two sisters were taken on a recent tour by son Bob.

They wanted to see relatives of their father, whom they hardly knew, and were delighted with the cousins they discovered. They went up into the midwest and over eastward as far as Virginia, and had a most pleasant vacation.

Jaycee-Ette Board Talks Convention

Convention plans were of chief interest to Hereford Jaycee-Ette board members at a recent meeting in the home of Mrs. Bill Johnson. The fall meeting of Area I-A Jaycees and Jaycee-Ettes will convene here Oct. 12-14.

Larry Bean, convention chairman for Hereford Jaycees, met with the board to present plans already made. The two organizations will have a joint meeting at 8 p.m. Oct. 4 in Dickie's Restaurant for further planning. State and area officers will be present then.

A car wash to raise funds for the Jaycee-Ette treasury was scheduled from 9 a.m. to 5 p.m. Saturday at West Park 66 Station.

Board members present were Mmes. Dale Smith, Lonnie Coffey, Stephen Carroll and John Bunch.

Six from Hereford recently went to Plainview for a Sit-in-Hen meeting. Jaycee-Ettes there were hostesses for a salad

supper and program on Marriage Counseling. John Duggan of Vega was a guest, asking the group's support in his campaign for administrative national director.

In the Hereford party were Mmes. Stephen Carroll, Ronnie Collier, James Braly, Johnson and Bunch; also a guest, Mrs. Marley DeSautel.

TELEGRAPH COMPLETED

On Oct. 24, 1860, the first transcontinental telegraph line was completed.

CONSUL ARRESTED

On Oct. 24, 1949, Communists arrested Angus Ward, U.S. consul general in Manchuria, for allegedly beating a Chinese employe.

HISTORIC CHARGE

On Oct. 25, 1854, some 670 English cavalymen attacked a Russian artillery post at Balaklava, Russia, the "Charge of the Light Brigade."

Inspect Grain Sorghum

J.C. Brown, left, of the County Soil and Water Conservation Service, and Juston McBride, County Agent, go over a field of grain sorghum on the Wiggins farm to look at the crop where minimum tillage was used. The crop will be one of the stops of the annual County Farm Tour which begins today at 1:30 p.m.

Water Inc. Plans For Area Meet

Directors of the Deaf Smith County Water Association met here Tuesday morning to hear a report from Duncan Ellison, executive director of Water, Inc., and to map plans for an area meeting to discuss water problems.

Ellison announced that Water, Inc., has not "given up" on a water import plan. Since an unfavorable report was issued on the West Texas-Eastern New Mexico Import Project earlier this year in Lubbock, the water organization has renewed efforts to show the feasibility of such a plan.

CHARLES HOOVER, president of the county water group, presided at the breakfast meeting in the House of Wong Tuesday morning. He reported that directors hope to hold a four-county meeting here the first week in December to discuss future goals and projects of all area water associations. The group hopes

to secure Congressman George Mahon for the discussion.

Ellison said Water Inc. and all members of the non-profit organization appreciated the efforts of the special study group, but the organization feels that "investigators made certain assumptions that were unrealistic and adversely affected the outcome of the study findings."

WORKING WITH the study were members of the Mississippi River Commission, the Corps of Engineers and the Bureau of Reclamation. The report found that it was not justifiable "under traditional standards" to import water from the Mississippi.

Water, Inc., says Ellison, "feels the use of traditional standards for evaluating the project are unrealistic, and doubts that any proposed project involving irrigation for agricultural purposes can ever be justified in the

future through use of these standards."

The "benefit-cost ratio" is one example which is questioned by Water, Inc. In their report summary, the Bureau of Reclamation calculates a benefit-cost ratio of .14 to 1 on primary benefits alone, and .27 to 1 when using secondary irrigation benefits.

THE TABLE concludes with a ratio of 1.09 to 1 when using Texas Water Development Board estimates and calculated to procedures as proposed by the Water Resources Council. The latter benefit-cost ratio shows the project to be "marginally" justifiable, and Water, Inc. thinks this would indicate the desirability of a full-scale feasibility study.

Directors attending the meeting here Tuesday morning included Hoover, James Hull, Wilbur Axe, Eldred Brown, Mrs. Argen Draper, Bob Ginn, O.G. Nieman, Jim Ferrin, and Juston McBride.

Canyon, Herd To Play

Continued From Page 1

perfect shape, but our overall picture concerning injuries is pretty good."

DIPPEL SAID the Herd's staging backfield is in good shape for the game

and should be Canyon's main concern.

"Chuck (High) and James (Harris) are both in good shape for the game," he said.

High presently is second in District 4-AAAA in rushing yardage and Harris is third. Franklin Higgins also is the leading passer in the conference hitting on 12 of 20 passes for 170 yards and a .600 percentage. High is tied for the scoring lead with four TD's.

(For this week's ratings of area games and district statistics, see Sports pages in Section Two.)

Other area games this week pit Lubbock Estacado at Lubbock Monterey tonight; Friday night games in addition to Hereford-Canyon include: Amarillo at Plainview, Borger at Dumas, Dunbar at Lubbock High, Coronado at Tascosa, Andrews at Snyder, Vega at Boys Ranch and Muleshoe at Littlefield.

Farm Tour Begins Today

Continued From Page 1

sorghum will be observed and discussed.

J.C. Brown, U.S. Soil Conservation Service, said the "new concept" on minimum tillage grain sorghum was called tri-level bedding.

It consists of using two rows of sorghum on a 56 inch-wide bed and alternating each year between the furrow and planting bed.

This method stockpiles residue where last years water furrow was located, enriching the soil and conserving moisture.

As in the soybeans, minimum tillage reduces the number of trips through the field, saves fuel, labor, and wear on equipment.

Wiggins planted over last year's sorghum by shredding the stalks, preparing the seedbed in the fall with a tri-level bed plow, and ran the plow in the spring to further cover the residue.

He then planted and ran small sweeps to loosen the soil because of the heavy moisture.

This meant about half as many trips in the field, saving on labor and equipment wear.

A BRIEF summary of the day's events include: The tour group will meet at the Deaf Smith County Museum at 1:15 p.m. where buses will be available.

Longtime County Resident Is Dead

Funeral services for Oliver T. Staats, 72, of Bentonville, Ark., former longtime resident of Summerfield community, were conducted Saturday at the Mason Valley Baptist Church, of which he was a member. He was buried in Benton County Memorial Gardens.

Relatives from this area who attended the services were Mmes. R.D. Lance, C.B. Thomas and Cleo Wade of Hereford, Mr. and Mrs. Thurman Atchley of Summerfield.

Mr. Staats died Sept. 19 in a hospital at Rogers, Ark. Most of his life was spent in the Summerfield area, where he farmed. He moved to Bentonville in 1952. A native of Oklahoma, he was born July 7, 1901 at Ringwood.

He is survived by his wife, the former Mary Belle Atchley; a daughter, Margaret McGee, Rt. 1, Bentonville; three sons, Gene of Murfreesboro, Tenn., Robert of Joplin, Mo. and Joe of Bentonville; a sister, Marie McLain, and two brothers, Mike and Bill, all of Buffalo, Okla.; 11 grandchildren and one great-grandchild.

FIRST STOP—Chester Wiggins farm where J.C. Brown from the SCS office will discuss minimum tillage of corn and milo crops at 1:30 p.m.

SECOND STOP—Claude McGovern, Jr. farm where Brown will discuss grass variety plots at 2:06 p.m.

THIRD STOP—Charles Schlabs farm, where Leon New, county extension office, Lubbock, will discuss sugar beet irrigation. Also, Steve Winters, Bushland Research Station, will discuss sugar beet research; Paul Scott, Holly Sugar, will discuss herbicides and varieties; and Bob Ginn of Holly Sugar will discuss the sugar beet outlook.

FOURTH STOP—will also take place on the Schlabs farm where New will talk about grain sorghum irrigation.

FIFTH STOP—Clark Andrews farm, where Dr. Frank Petr, county extension office, Amarillo, will discuss grain sorghum varieties.

Dr. Bill Clymer, Amarillo extension office, will also be there to discuss insect control, and Dr. Robert Berry, Lubbock extension office will discuss sorghum diseases.

SIXTH STOP—Bobby Veigel farm, where talks on pivotal sprinkler systems for corn and milo will be given by New, a discussion on corn diseases by Dr. Robert Berry, and corn insects by Dr. Bill Clymer.

THE SEVENTH and final stop will be at 4:40 p.m. on the Bill Cheek Big T Farm. Ed Blackwell, SCS, will discuss soybean production and minimum tillage; Dr. Robert Berry, soybean diseases, and Dr. Frank Petr, soybean varieties and fertilization.

Refreshments will be furnished by WAC Seed Co. and Gifford Hill, Inc.

Funeral Service Scheduled Today For Mrs. Rule

Funeral services for Mrs. R.R. Rule, 51, who resided south of Summerfield, will be conducted at 10 a.m. today in Central Church of Christ with J.T. Marlin, minister, officiating.

Burial will be in Friona Cemetery, directed by Gilliland-Watson Funeral Home.

Mrs. Rule, who died Monday evening in Deaf Smith General Hospital, had lived near Summerfield since 1951 and in

Texas since 1924, when she came as a child from her native Oklahoma.

The former Naomi Nadine Bristol, she was born in Pauls Valley May 26, 1922. She married R.R. Rule at Raymondville in 1940. She was a member of Central Church of Christ.

Surviving are her husband; a daughter, Raline Carroll of Amarillo; a son, Andy, of Dalhart; her parents, Mr. and Mrs. A.C. Bristol of Raymondville; two sisters, Oreta Currier of Raymondville and Almarena Bristol of El Paso; three brothers, Chester Bristol of Raymondville, Gerald of Portland, Ore. and Randle of Lewis Falls, Ida.; and six grandchildren.

Pacheco Funeral Held Wednesday

Funeral rites for Manuel Ishmal Pacheco, 68, of 425 Ave. C, were conducted Wednesday in St. Anthony's Catholic Church and burial was in St. Anthony's Cemetery, directed by Gilliland-Watson Funeral Home.

His death occurred Sunday in a local hospital. Mr. Pacheco was born June 17, 1905 at Conchas Dam, N.M. and came to Texas from that state in 1955. He moved to Deaf Smith County in 1957.

He is survived by his wife, the former Ralata Madrid; four sons, Manuel Jr., George, Victor and Charles; two sisters, Mary and Nancy Pacheco, and two grandchildren, all of Hereford.

Legal Notice PUBLIC HEARING NOTICE J&W Cattle Company Pens, 203 Cherokee Drive, Hereford, Texas 79045, has applied to the Texas Water Quality Board for an initial permit pertaining to a variable amount of rainfall runoff water containing wastes from the feedlot operation (950 head) which is located on Farm to Market Road 1058, approximately 4.5 miles west of Hereford, Deaf Smith County, Texas. The rainfall runoff water containing wastes will be collected in a retention pond and utilized for irrigation. There will be no discharge to the surface waters of the State. A public hearing on this application will be held in the Municipal Building Conference Room C 509 E. 7th Street Amarillo, Texas 10:00 a.m. - November 1, 1973 to receive evidence on the conditions, if any, under which the permit may be issued. Preliminary information available to the staff of the Texas Water Quality Board indicates that a waste discharge conforming to the conditions shown in the fact sheet would not unreasonably impair the quality of waters in the State. Additional data will be developed at the hearing, but further technical information concerning any specific aspect of the discharge, if available, can be obtained by writing the Texas Water Quality Board, P.O. Box 13246, Capitol Station, Austin, Texas 78711. T-39-1c

NOTICE TO BIDDERS The City of Hereford, Texas will accept sealed bids on the following equipment not later than 2:00 P.M., October 15, 1973 in the office of the City Manager, City Hall, Hereford, Texas: One riding greensmower with three greens cutting units, with grass catcher baskets, verti-cut units and one spare greens cutting unit. Price to be FOB Hereford, Texas. Bidder must furnish full factory specifications on units bid. 4- James H. Sears, Mayor City of Hereford, Texas T-39-2c

Dear Friends: Our humble gratitude for your many manifestations of love and concern shown us and our loved one, Laura Walser. A special thank you to our doctors and nurses for their untiring efforts. Love and blessings to each of you. S.L. Walser Zella Mae Crump Zell Robinson

CARD OF THANKS We would like to take this means of expressing appreciation and sincere thanks for all the many acts of kindness and concern during the long illness and passing of our dear Ona Hammer. Special thanks to the doctors and wonderful staff of kind and considerate nurses at Westgate Nursing Home, also for the lovely floral offerings and sweet services conducted by Dr. Jordan Grooms. The Family of Ona Hammer

Bruges, Belgium, gets its name from the fact that there are 50 bridges in the town - and thus the city was named "Bruges," meaning "bridges."

Of The Texas Department of Agriculture
John C. White, Commissioner

Cattle on Feed Up Again. . . Pecan Crop Two-Thirds Under 1972. . . Cotton Crop in Texas Largest in 11 Years.

Both in Texas and throughout the nation, cattle on feed are increasing in numbers. In Texas as of Sept. 1, there are 2,314,000 head of cattle and calves on feed. This is 10 per cent above a year ago and one per cent more than a month ago.

Nationwide, in the seven major cattle feeding states, cattle on feed are up one per cent from a month ago and six per cent more than a year ago.

Texas continues to be the number one cattle feeding state in the nation. The Sept. 1 total for Texas is almost 750,000 higher than second-ranking Iowa.

PECAN prospects for Texas appear poor. The Sept. 1 forecast from the Texas Crop and Livestock Reporting Service is 23,000,000 pounds. This would be only 31 per cent of the record crop of 75,000,000 pounds produced last year.

The Texas crop will account for only nine per cent of the total U.S. estimated production this year compared to 41 per cent for the 1972 totals.

Pecan set is extremely poor in most areas of the state. A late freeze in April along with extensive insect damage in the larger pecan producing areas has created a dismal crop prospect for 1973. Only in the Trans-Pecos area and in counties in North Texas along the Red River has a good crop potential developed.

Nationwide, the 1973 pecan crop is forecast at 263,000,000 pounds. This is 43 per cent more than last year's short crop and six per cent above 1971. Prospects are above average in all states except Florida and Texas.

COTTON crop in Texas this season is expected to be the best since 1962. Production in the state is now estimated at 4,650,000 bales. This compares with 4,246,000 bales produced in 1972.

Yield based on Sept. 1 conditions is expected to average 406 pounds per acre compared with 408 pounds in 1972.

Harvest for the state has reached about 10 per cent completion. Cotton on the High Plains and Low Plains is making excellent progress. Crop potential on the Plains is above average.

Rains have hampered harvesting in southern sections and cotton root rot is a problem in the Blacklands.

BASED on Sept. 1 conditions, a record grain sorghum crop is forecast for Texas at 421,600,000 bushels. This would be more than 100,000,000 bushels above the 1972 crop.

Peanut production is now estimated at a record high in Texas of 502,400,000 pounds compared with 480,455,000 pounds in 1972. Yield is expected to average 1,600 pounds per acre. Acres estimated for harvest total 314,000 which is 7,000 more acres than the 1972 crop.

Soybean production for Texas is also estimated now to set a new record of 11,475,000 bushels. This would be more than twice the 1972 soybean production. Acreage this year is double that of the previous year. Average per acre yield is estimated at 27 bushels per acre.

Production of corn in the state this year is estimated at 60,800,000 bushels, an increase of 54 per cent over last year.

Wheat seeding for the state is now above 10 per cent, and is on schedule with last year. Farmers are preparing fields or have them prepared throughout the state.

RANGE and non-irrigated pasture conditions as of Sept. 1 averaged 76 per cent of normal and compared with 77 per cent last year and 86 per cent last month.

Mrs. Hargis Receives 25 Year Pin

Mrs. Dorothy Hargis, chief operator in Hereford, celebrated her 25th anniversary Saturday with Southwestern Bell Telephone Company.

Mrs. Hargis graduated from Northside High School in Fort Worth and started her telephone career as an operator in Fort Worth. She transferred to

Lubbock in 1951 where she spent most of her telephone career.

While in Lubbock she worked herself up through the ranks and held positions of Service Assistant, PBX and TWX instructor, Group Chief Operator, and Acting Chief Operator. Mrs. Hargis was promoted to Chief Operator in Hereford in March of this year.

A tea was given in her honor Friday hosted by the Traffic Dept. She received a 25 year pin, corsage and gifts.

Mrs. Pierce Gives Program To Club

Mrs. U.V. Pierce gave a program entitled Your Heart Has Nine Lives to members of West Hereford Extension Club Tuesday in the home of Mrs. Lewis Kiser.

Mrs. Pierce also listed ways to prevent heart trouble. In relation to the program, Blanche Hardin demonstrated to members what foods should be eaten in order to have a strong heart with minimum risk of heart attacks.

The hostess gift was won by Evelyn Bell.

Members present were Mmes. E.M. Cox, John Jacobsen, Sr., D.W. Allmon and A.C. Flowers.

RUHR CUT OFF

On March 29, 1945, soldiers of the U.S. 1st Army cut off the Ruhr Basin from the rest of Germany.

The Lieutenant Governor's Report

Cities, Counties Partners With State

By BILL HOBBY

Cities and counties operate in partnership with the state, deriving their powers from the state Constitution and statutes.

Three of the nine constitutional amendments you will be asked to vote on this November 6 deal with the powers accorded these local units of government.

In its efforts to provide for the conservation and development of our natural resources, the state is empowered to create conservation and reclamation districts. With the rapid growth of our cities, the number of these districts designed to deal with urban problems has grown quickly.

Amendment 4 would require that a copy of a bill to create a conservation and reclamation district be submitted to each city and county affected. Then, the cities and counties would have the chance to file their approval or objections with the governor, lieutenant governor and speaker of the House of Representatives.

Since the Texas Gulf Coast is often the target of hurricanes and tropical storms, residents usually have a difficult time insuring their property unless their area is adequately protected by sea walls or breakwaters.

Since 1876, our Constitution has permitted cities and counties to levy taxes to construct these tidal barriers. Originally, the Constitution required a majority of two-thirds of the taxpayers residing in an area to approve such a taxing authority. In 1932, this was changed to require two-thirds approval of those actually voting on the issue.

Amendment 5 would further change this requirement to a simple majority of the resident taxpayers voting in such an election.

In the period after the Civil War many Texas cities and towns spent large amounts of money and went heavily in debt. Tax rates also increased sharply. The 1876 Constitution restricted the permissible rates

and purposes of local as well as state taxes.

Amendment 8 would require all incorporated cities, towns, and villages to levy such ad valorem taxes as are necessary

to pay the principal and interest on general obligations they issue. The Legislature is empowered to limit the total principal amount of general obligations which may be issued.

Brown Bag Lunches Can Be Nutritious

Now that school is in full swing, it's time to examine brown bag lunches to see if they're well-balanced and wholesome.

According to Judy Grubbs, foods and nutrition specialist with the Texas Agricultural Extension Service, Texas A&M University System, lunches should contain foods from each of the four basic food groups.

"These groups—meat, bread and cereals, fruits and vegetables, and milk—all provide important nutrients for building strong bodies and energy for work and play."

Since sandwiches are favorites for brown bag lunches, try variety to using meat, eggs, peanut butter or cheese, the specialist suggested.

"A growing child needs at least two servings of this meat group daily to grow properly."

"Include bread or cereal in the lunches. Besides sandwich

bread, try dry cereals or crackers—they're good choices, and children like them.

"Children need at least four servings of bread and cereals daily."

Also use fruits or vegetables for a variety of textures.

Containers of fresh fruits or dried fruits, such as raisins, have good flavor and make excellent desserts. Finger foods, like fresh vegetables, are easy to handle and popular, Miss Grubbs noted.

"Four or more servings of fruits and vegetables should be eaten by children every day."

"Fluid milk, ice cream and cheese give lunches the needed milk group. Children need three or more cups of milk daily, while teenagers need at least four."

"Remember to include each of the food groups in brown bag lunches for nutrition and variety," the specialist concluded.

County Now-Then Is Club's Topic

Ranch life in early days of the Panhandle and in the present was discussed by Pioneer Study Club members who have experienced it, on the program which opened a new club year Tuesday.

The meeting was a luncheon in Hereford Country Club with Mmes. Herman Ford, Frank Ball and Fred Barrett as hostesses. The program began a series with the overall title, Deaf Smith County — From Saddle Leather To Salad Bowl, a topic keyed to the city's 75th anniversary year.

Talking of life on pioneer area ranches, Mrs. Henry Neely drew on childhood remembrances of the home of her grandparents, Mr. and Mrs. G.R. Jewell, southeast of Hereford, and showed a painting of the ranch house done by Eunice Petersen from photographs.

She also spoke of ranches owned by her father, Ratcliff Jewell, where she lived as she grew up. Mrs. L.H. Lookingbill Sr. added her account of living conditions, especially for women, on her parents' ranch and on modern ranches.

Mrs. Ford, yearbook chairman, presented the new program outline, which calls for a different phase of Panhandle life to be discussed at each meeting, from the pioneers'

point of view and then from the current view.

A memorial tribute to the late Mrs. Burl France, a longtime member whose death occurred in the summer, was given by Mrs. Ralph McCullough, who read a poem and announced that the club is presenting a bound copy of the Hereford history compiled by Mrs. Austin Rose Jr. for the city's 75th anniversary, to Deaf Smith County Library in memory of Mrs. France.

Roberta Campbell presided for committee reports including a summary of the club's participation in the Hereford Diamond Jubilee of Aug. 23-Sept. 1.

Bulbs to be sold in the club's annual project of city beautification and fund raising, have been ordered and will soon arrive, Mrs. McCullough reminded members.

Luncheon tables were decorated in a Texas motif with the Lone Star flag, a cluster of the six flags that have ruled the state, and flowers in red, white and blue colors.

Members present included Mmes. C.L. Craig, Henry Hastings, John Heard, O.G. Hill Sr., W.C. Hromas, Ray Johnson, Tandy Legg, A.L. Manjeot, H.E. Miller, Ted Panciera, J.V. Pickens, Paul Rudd, Delmar Sigle, P.B. Sowell, R.L. Wilson and John H. Winder.

TGSPB Election Winners Announced

Ballots were counted and four men named in the TGSPB Biennial election. The deadline for mailing ballots was Sept. 15.

Re-elected were A.W. ("Dub") Anthony, Jr., Friona; John Gilbreath, Hart; and E.C. Witten, Edmonson. Elected to his first term was Don Nelson of Tulia. Outgoing member of the board was Don Marble of South Plains.

A committee not associated with TGSPB counted the ballots Sept. 18. Counting was overseen by a canvassing committee chaired by Rodrick Shaw, Lubbock County judge. He was assisted by Bob Gray, Texas Department of Agriculture; Billy Gunter, Texas Agricultural Extension Service; and K.B. Parish, TGSPB chairman.

The Texas Grain Sorghum Producers Board was set up in 1969 by producers who voted in the sorghum referendum. They voted a 5 cents per ton assessment on sorghum produced in 29 High Plains

counties.

The purpose of the board is to administer assessment funds to improve overall sorghum production. Each year it carries out research to combat sorghum disease, insects and other problems. It is also committed to worldwide market development and promotion of sorghum. A recent accomplishment is the new grain sorghum promotional movie. Soon available in six foreign languages, the film was produced in cooperation with the Texas Department of Agriculture.

Meeting bimonthly, the board determines immediate and long-range goals. Directors serve six year terms on the 12-man board without salary. They are called on frequently to give their time and energy to special projects that benefit area farmers.

The next meeting, scheduled Oct. 9, will determine new executive officers and plans for the new fiscal year.

Next time you see someone polluting, point it out.

Herefords Recreational Facilities
The recreational facilities in Hereford are something less than to be desired. A common gripe by most students is that there is no bowling alley or other recreational facilities other than the new tennis court. The Whiteface staff asked students and teachers what they thought could be done to improve this situation and to what extent these improvements could be toward making Hereford more enjoyable to the young as well as the old.

"I think the facilities here now are monotonous. If you don't want to play tennis you are in bad trouble because that is all they ever put in." Bill Hardin - soph.

"Indoor swimming pool, place where you can rent horses, Mini bike place where you may rent mini bikes." Sherrill Feagley - Jr.

"There should be more facilities for the kids in Hereford because the only thing to do would be to go to the show, play tennis, and skate. If there were more things for us to do, there would be less trouble." Lynnette Carthon

"There should be a place where everyone could go. An activity center like the one in Canyon. A place where you could do just about anything you like. All there is to do here is to ride around, and that becomes boring. Some kids turn to other things which could be dangerous. It would be a good way to keep kids off the streets." Holly Layman - senior

"The high school should rent the bowling alley and bus the students over there for possibly one month out of the year, and charge the students a small fee." James Arney - Jr.

"Hereford High needs an activity center like the one at WTSU. I think it would be a fantastic idea to have an indoor pool, so the students could swim and have some fun, and stay in good physical condition without a lot of work. Here if a person wants to stay in condition its either track, football, basketball, or tennis, and this is not a good situation as some people are not qualified for these sports, especially if you are a girl. It's time the people of Hereford "get together" and keep the youth out of trouble, just because there is nothing to do, but go to Amarillo and Canyon." Debbie Stringer - Jr.

"They should put in an arcade, indoor swimming pool and such things so the young people wouldn't have to go to Amarillo to do something exciting. They also need a new movie theater." Barbara LeGate - Jr.

"I think there could be a better program at the community center. Such as a fun night and things as this. I also think an indoor swimming pool would be very good. Also the show isn't a very nice place to be. I think we should try and fix the show to where it would be an enjoyable place to go to." Melinda Watts - soph.

"I think that the bowling alley should be taken under good management and fixed up. I also think that there should be a new theater built or the old one fixed so that the kids are kept quiet and aren't running up and down the aisles. There should also be some type of recreation center." Elaine Albracht - Soph.

"Hereford needs every thing! Not every body plays tennis and even if you wanted to they are still crowded. We need 1. livery stable 2. bowling alley 3. indoor swimming 4. ice skating 5. more dances 6. good theaters (indoor and out) 7. good ice cream parlor. B.H. Sr.

"I think we need a full recreation center where people can play volleyball, badminton, ping pong and all kinds of games." Debbie Cornelius - soph.

"We need to have more places to stay open till 12:00, such as arcades. A nice bowling alley with a cafe and a recreation room." Dan Rielly - Soph.

"Yes the bowling alley should have stayed open and we need more swimming pools." Randy Williams - Jr.

"Recreational facilities would help everyone's health and just their plain attitudes. Something which can be done would be for school and public clubs to get together to make plans for new recreational happenings." Roy Salazar - Jr.

"I think that Hereford should try and make an effort to get a YMCA and-or YMCA started. It would help a great deal to try and get the young and old together." Olivia Cardenas - Jr.

"I think there should be some more activities such as community activities. A YMCA for teenagers." Terri Greenwood - Jr.

"I feel that we really do need more recreational activities, such as more public swimming pools. A YMCA would be a good idea." Ellen Jorde - Soph.

New Teacher

Terry Russell, new teacher at HHS, teaches world history, eastern society comparative economics and coaches golf.

Teacher Enjoys HHS Golfing And History

Coming up par for a new course is Hereford High's new social studies teacher and golf coach, Terry Russell.

Russell has lived in Hereford for two years and before taking on this teaching position he worked at SIC Loans. When asked why he left a business profession to pursue a teaching profession, he replied that he had attended college on a golf scholarship and had the intentions of teaching and coaching, but when he was finished with college there were no teaching and coaching opportunities open at that time. Russell graduated from Borger High School and attended college at West Texas State University. Russell's previous teaching experiences consist of his student teaching which took place at Tascosa High School in Amarillo.

After being asked the question of "why do you like the system Hereford High School has," Russell replied that first of all he likes the administrators and thinks they are excellent. Then he remarked that he really likes the personnel he works with. Mr. Russell also stated that the student body is very cooperative.

Russell does not have a favorite class to teach. However, he replied "I like them all about the same."

His hobby is golf and he remarks that the golf team of Hereford High School has the potential to be a good team. He also says that he has one outstanding sophomore player and one hard working junior and three seniors that provide the experience needed.

Russell concludes that he likes teaching at HHS very much. Russell and his wife Mary reside at 112 Avenue H Apartment 3.

New OEA Officers

O.E.A. officers for the 1973-74 term are from left to right Kay Blasingame, Sylvia Betzen, Mary Ann Hernandez, Debbie Connelly, Karen Gresham and Beverly Willis.

OEA Begins Year

Members of Officer Education Association are ready to help Hereford in any way possible.

Among their activities will be visiting residents of Kings Manor and Westgate at Thanksgiving and on other special occasions. The members will give a Christmas basket to a needy family. The club also has sold health chocolate bars as a money raising project.

The officers of the club include president, Karen Gresham; vice-president, Debbie Connelly; secretary is Sylvia Betzen; reporter, Beverly Willis; historians, Kay Blasingame, and Mary Ann Hernandez.

Sponsors of the club are Mrs. Joyce Wartes and Miss Linda Williams who are also V.O.E. instructors.

Meetings of the club are to be held the first Monday of each month. The October 1 meeting will be an installation of O.E.A. officers. After the program, a short business meeting will be held.

The Hereford J.V. football team went to Amarillo and were defeated by Palo Duro's JV team.

Palo Duro got on the board early in the first quarter when Ken Carlise, picked up a blocked punt and dashed 17 yards for a touchdown.

Hereford then recovered a Palo Duro fumble at the 10 but were unable to capitalize on the mistake.

In the second quarter a 54 yard run by Neal Burum, gave

Elections Over

New Officers Announced

Dave Loerwald, Student Council president, announced Thursday September 13th, the newly elected student council representatives and class officers.

Presidents of the senior and junior classes along with Student Council president Dave Loerwald and vice president Cindy Smart, were elected last May during spring elections.

Leading the way for the senior class is Dan Vander Zee, president; Donna Munnerlyn,

vice-president; and Andrew Wingert, secretary.

Junior class president Kirk Andrews will be gaining support from his vice president Tommy Loerwald and secretary Beverly Cole.

Sophomores will begin the new year under the leadership of president Dirk VanderZee, Billy Word vice president and secretary Sara Ricketts.

Student Council members who were elected September 13th, are Senior members:

Karen Walden, Lee Line, Donna Munnerlyn, Steve Loerwald, and Andrew Wingert.

Junior members: Vickie Payne, Shylla Thomas, Beverly Cole, Hank Stringer and Barry Allen.

Sophomore members are: Melinda Watts, Gene Ann Shipley, Debra Jones, Amy Cox and Debbie Feagley.

Renee Payne was elected to the office of Student Council Secretary.

Following the election each class held a meeting to plan

their class supper and to elect an Annual Queen candidate.

Senior class supper will be October 19, and Kim Wilson was named Annual Queen candidate.

Junior class supper will be held September 21, with Brenda Owen representing her class as Annual Queen candidate.

Sophomore class supper will be November 9th, and Jill Stephan is representing her class as Annual Queen candidate.

Bells Ring Differently

Bells ring differently at HHS this year. Not only confused sophomores and new students but also confused seniors and juniors are running up and down the halls trying to beat the bells.

This year, the bells tell the tolls, as they ring at different intervals. Homeroom usually scheduled after 4th period no longer exists. Activity period is designated for 8:05-8:35.

First period begins at 8:40 and is 10 minutes longer, in

order that the announcements may be given.

The final class ends earlier to prevent the traffic problem which would occur if all the schools were released at the same time.

On assembly days there is a light change in the early periods. Fifteen minutes are taken from the first three periods with the assembly before 3rd period.

Also there is a change in Pep Rallies days. The first four periods remain the same, and fifth period is a shortened 20 minutes, the pep rallies last 35 minutes with a ten minute shortened 6th period.

New Books

New Books have arrived in the HHS library this year. Some of which may interest students are:

TITLE	AUTHOR
Contemporary Poets	Vinson
This Fabulous Century	Time
Human Species	Barnette
20th Century Poetry	Brinnin
Saphira and the Slave Girl	Cather
Never on a Broomstick	Donevan

Diaries of Adam and Eve	Twain
Wild Bill Hockock	Garst
Surfacing	Atwood
Old Glory and the Real	Blum
Time Freaks	

Spirits Aroused

As Coops Sell

Plate Covers

Spirit was aroused as the Distributive Education Lab and Co-op students sold license plate covers for \$1 each to the student body and to the residents of Hereford between September 5-21.

D.E. Lab students made approximately \$42. D.E. Co-op students made approximately \$56.

The slogan on the license plate covers stated Hereford Whitefaces No. 1, Hereford, Texas. The white with red letters plate covers were designed to glow in the dark.

Spirit was the main goal in selling the covers instead of money raising project. Results of the project was quite successful due to the Herds winnings over Pampa, Palo Duro, and Borger.

All money from the sales was turned in September 21st.

News Page 4

New Sweetheart

Newly elected FFA sweetheart for the 1973 - 74 school year is Pam Kerr a junior at HHS and the daughter of Mr. and Mrs. Jake Kerr.

FFA And FHA Elects Sweetheart, Beau

Future Farmers of America elected their 1973-74 sweetheart and officers. Senior Kathy McCathern hands her crown to Pam Kerr. Pam is a junior at Hereford High and an active participant of the Rodeo Club.

The officers after changing office this year are President-Ronald Johnson, vice president-Jay Boren, and secretary-David Hutchins.

As a tradition the Future Homemakers of America elected two beau's. The Royal Rose Chapter elected Mauri Montgomery as their beau and Chapter I elected Andrew Wingert.

The first meeting was scheduled for September 24th at 7:30 p.m. in the HHS auditorium. The guest speaker was the state FHA president Annette Rezenels from Friona.

Band And Leo Club Elected Officers

Leo Club is proud to announce their newly elected officers and board members.

President of the 61 member organization is Kathi Bell. Holding the position of vice-president is David Crume. Secretary is Cathy Lookingbill and treasurer, Debbie Hale.

Board members are sophomore Jana Ray, juniors

Cindy Ruther, and Eddie Ambold.

Leo Club held their last meeting September 25. The purpose for the meeting was to plan future projects.

Band officers for the "73-74" Whiteface band were elected September 14th.

Lee Line a senior, accepted

the honors as president. Helping him with the tasks of the upcoming year are his 1st vice-president D'Lyn Davison, and 2nd vice-president Eric Fowler.

Dee Ann Miller and Jana Ray will fill the office of secretary. Class representatives are: senior Layne Young, junior Hank Stringer and sophomore Bobby DeLaGarza.

JV's, Shorthorns . . . Commence Season

at one win, one loss, one tie. P.D. stands at one win and two losses.

For the Sophomores a good defense where it counted kept them ahead through the end of the 24-14 game against Coronado. Shorthorn coach Joe Tubb said "We played good and won, and we sure did need that one. Our defense made some very tough goal-line stands, and our offense produced 24 points, but there were too many little mistakes that luckily did not

beat us."

The Shorthorns scored first on an 86 yard sweep play with Steve Jones carrying the ball. The extra-point try was good with an Albert Gonzales to Steve Jones pass for two.

Coronado then countered with a 15 yard pass TD and extra points to tie things to 8-8.

The second quarter was scoreless, leaving it tied at halftime.

In the 3rd quarter, Roger Pickens scored on a 5 yard

plunge to let the Shorthorns go ahead 14-8, and Steve Jones ran for the extra points.

Coronado drove the ball down to the 2 yard line and scored but did not make the extra points, making it 16-14.

Then in the 4th quarter, Roger Pickens once again hit pay dirt to wrap things up, along with another extra point run by Jones to make the final score 24-14.

The Sophomores play Sat. (Sept. 29) at Lubbock Monterey.

---	---	---	---	--

The Hereford Whitefaces have been rated just more than a three-touchdown favorite over the Canyon Eagles for Friday night's encounter in Canyon, according to the statewide Harris Rating System.

The Herd did take a dip in state rank over the weekend, along with the Snyder Tigers in District 4-AAAA. The Faces, rated number 38 in the state among AAAA teams last week, dropped to number 53 after squeezing through a 15-12 over Borger. The Herd had been rated a two-touchdown favorite over the Bulldogs by the Harris poll before the game.

Snyder, who had been ranked 27th in state, dropped to 43rd after the Tigers escaped with a 28-25 win over Big Spring.

The Herd received a power rating of 135.5 for the game with Canyon. The rating is below last week's power rating of 137.6.

However, Canyon, in District 1-AAA, also took a dip in ratings from their 55th position last week to number 82 this week. Canyon's power rating dropped from 120.1 last week to 114.0 this week.

Canyon, now 1-1-1, took the season opener against Spearman 33-6 and then was held to a 7-7 tie by AAAA Borger. Last week the Eagles were trounced 38-8 by Amarillo Caprock.

The ratings of Hereford at 135.5 and Canyon at 114.0 give Hereford an advantage of 21.5 points for the game — or about three touchdowns.

The Harris power ratings are such that the difference between the power ratings of two teams playing each other, no matter what Class division each team is in, determines the point spread between the teams.

Other teams in Hereford's District 4-AAAA changed this week with both Lubbock Monterey and Lubbock High moving up.

Monterey, rated 87th this week, was moved up from the 93rd position of last week. Lubbock High was placed at 83rd last week and was moved up to 64th this week.

Lubbock Coronado moved to 105 position this week after being at 110 last week. Plainview moved down again from their 187 position to be ranked 191.

On top of the poll, Odessa Permian retained the Number 1 rating for the second consecutive week. The Odessa team was third in the state the first two weeks of the season, but moved to the top spot last week and held the position again in this week's poll.

AAAA	1. Odessa Permian	154.8	20. Midland Lee	141.7

Retain District Leads

'Faces Still Leading In Offense And Defense

The Hereford Whitefaces retained their leads in both offensive and defensive statistics among other 4-AAAA teams this week even after a breath-taking 15-12 squeeze-out over Borger.

Both the Herd and Snyder kept their slates clean as all other teams have either a loss or tie to blemish their season record. Snyder eased past arch-rival Big Spring 28-25 in last Friday's action.

Several individual Herd players lost their top spots in statistical columns as the Borger Bulldogs kept most all individual Hereford stats low.

James Harris, who was the league's leading rusher dropped to third place and Chuck High moved up to second place.

Herd quarterback Franklin Higgins retained his lead in the passing department as he now

stands with 12 completions in 20 attempts for 170 yards and a .600 percentage. Hereford's Mike Crim holds down second place with a .500 average with three completions in six attempts.

Dave Charest stands in third place in receiving with 5 catches for 79 yards and Harold McNutt has four catches for 46 yards to give him sixth place among district receivers.

Crim also continued to hold his second place in the punting average despite a low 19.5 average against Borger. Crim now has seven punts for a total of 269 yards for a 38.4 yards-per-kick average.

High stayed tied for the lead in scoring with four touchdowns as he added one in the Borger game.

Whiteface Mike Munnerlyn didn't steal any Borger serials,

but remained in second place in the interception department after his three earlier-season interceptions.

The Herd is averaging more than 200 yards per game rushing and more than 60 yards passing to hold their lead in the offensive department.

On defense, the Herd has held three opponents to an average of about 100 yards per game an about a 22-yard average through the air-ways.

321 Guess In Close Brand FB Contest

A total of 321 Hereford Brand readers guessed in last week's football contest with Earline Schneider, 505 W. 3rd, earning first place honors.

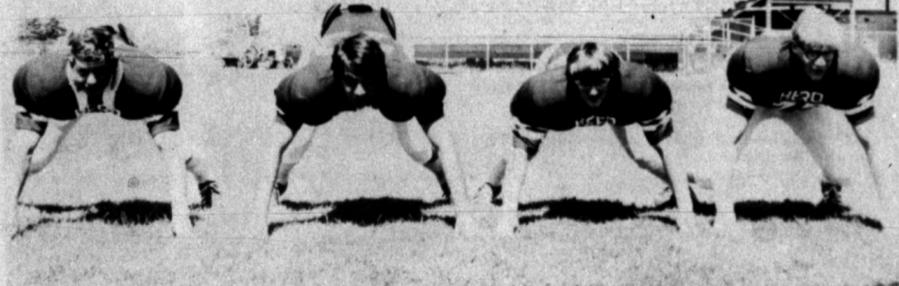

Mrs. Schneider correctly guessed 17 of the 20 games to

win the \$20 top prize. Three other contestants each missed four games out of the 20, but each were different on the tie-breaker and each placed in the next three money-winning places.

Taking second place was Dave Hopper, 509 Westhaven, with four misses and only six off the tie-breaker score of 27 in the Hereford-Borger game which Hereford won 15-12. He will be awarded \$15 for the place.

Third place in the contest goes to Garry Duggan, 501 E. 4th St., who also missed four and was 11 off the tie-breaking score. Third place prize is \$5.

Fourth place prize of \$2 goes to Marguerite McGee, Box 1634, who missed four games, but was 14 off the tie-breaker.

Meet The Whitefaces

DEFENSIVE LINEMEN --- Left to Right, Paul Timberlake, Jim Marsh, Mauri Montgomery, and David Crume.

Longhorns, Both Jr. Highs To Play Today

Capturing the romantic mood and the continental flavor of old Heidelberg, Sigmund Romberg's Student Prince will be State Fair's family entertainment feature during the 1973 World Gateways Exposition in Dallas, Oct. 6-21. The well-loved operetta with a superlative cast of singers and actors, spectacular scenery and brilliant costumes will open Oct. 5 for 20 performances in the luxurious Music Hall in Fair Park.

The Hereford High Junior Varsity Longhorns will tackle Amarillo Tascosa's JV team in a game at 4 p.m. today in Whiteface Stadium.

In four junior high games scheduled, Stanton 8th will play the Canyon Purple team at La Plata Junior High Field here, at 6 p.m.

Stanton's 9th grade team will travel to Dumas for a 4 p.m. game also.

La Plata 8th grade is scheduled to play the Dumas 8th grade team here at 4 p.m. at La Plata Field. La Plata's 9th grade team will play Pampa in Whiteface Stadium today at 6 p.m.

The Hereford High Sophomore Shorthorn team is scheduled to play Lubbock Monterey in Lubbock at 10 a.m. Saturday.

NONAGGRESSION PACT
 The Presidium of the Supreme Soviet ratified the Soviet-West German nonaggression pact on May 31, 1972.

OUTDOORS IN TEXAS
 BY VERN SANFORD

Poison ivy will get you if you don't watch out.

What most people don't realize is that its poison is potent the year 'round—even after the plant is dead.

Furthermore its poison can be transferred from one person to another by clothing or shoes—even by animals that brush up against you or that you pet after they have run through a bed of ivy.

It's not uncommon for campers who pick up firewood to be poisoned—or even from the smoke of burning poison ivy buds. In this instance the buds emit droplets of poison ivy oil that are carried away in the smoke and settle on clothing, then seep through to the skin.

You can lessen the damage of ivy poisoning by a thorough washing of hands and arms as quickly as possible after contact—and by a good scrubbing of all wearing apparel at the very first opportunity.

There are numerous "relief" medicines on the market.

But the best "cure" we have found is to rub the skin gently (don't ever scratch) or dab it lightly with cotton soaked in a mixture of 12 aspirin tablets and some camphor gum dissolved in a pint of rubbing alcohol. Apply it often.

Some say that after a bad case of poison-ivy-itch you're immune to the infection for a year or two. But, it could be that you're just a darn sight more careful and give the itchy vine a wide berth for a long time thereafter.

Herd Players Honored

Hereford Whitefaces Chuck High and Wayne Schumacher were honored this week with nominations as the 4-AAAA player of the week by the Amarillo Globe News.

Winning the honor for last weekend's best individual performance was David Ream of Amarillo Caprock.

High rushed for 123 yards in 23 carries for the Herd and also scored a touchdown and caught a pass for two yards.

Schumacher was cited for his defensive efforts in the Herd's 15-12 win over Borger. The senior captain stopped a late-game drive by Borger on Hereford 17 when he broke his way into the Bulldog backfield and forced a fumble which Hereford recovered to hold off an upset.

Schumacher was also in on 11 tackles in the game and an offense caught one pass for 15 yards, took a pass from Franklin Higgins good for a two-point try after touchdown and carried one time for two yards.

Boston Latin School, founded in 1635, is the oldest school in the United States.

Deer Meat Set At \$12 Million

Texas deer hunters took home almost \$12 million worth of venison during the past season, according to Texas Parks and Wildlife Department officials. The figure is based on the amount of boneless meat from 14,400 mule deer and 362,000 white-tailed deer killed during the 1972-73 season and the November, 1972, price of ground beef chuck which averaged \$.85 per pound statewide. The average field-dressed mule deer weighed 106 pounds

and yielded an estimated 53 pounds of boneless meat, while whitetails field dressed at approximately 73 pounds and yielded slightly more than 36 pounds of boneless meat. The total amount of boneless mule deer meat harvested in Texas was approximately 762,000 pounds and valued at more than \$647,000. Whitetails yielded approximately 13,174,000 pounds of boneless meat valued at more than \$11,198,000.

CHESSMAN EXECUTION

On May 2, 1960, Caryl Chessman was executed at San Quentin Prison, after 8 stays of execution since conviction in 1948.

PEACE OF OLIVIA

The Peace of Olivia was signed, ending the war between Poland, Brandenburg, Austria and Sweden on May 3, 1660.

TREATY SIGNED

On May 5, 1762, Russia and Prussia signed the Treaty of St. Petersburg, creating a defensive alliance.

Six HHS Students Attend Workshop At Texas Tech

Six students from HHS Round-Up staff attended a yearbook workshop at Texas Tech University in Lubbock Saturday September 15. The six hour workshop was sponsored by Southwestern Student Council Publications

and was held in the Student Ball Room at Tech. There were approximately 300 area students present at the workshop. Norman Dowdy from Taylor Publishing Company of Dallas

gave a slide presentation for improving high school yearbooks, which the group from Hereford attended. The six students attending were Janie Limas, Sylvia Gonzales, Melinda Bradley, Craig Neiman, Donald Beasley, and Tony Goerringer. Sponsoring the Lubbock trip were Mr. and Mrs. Robert White. Mrs. White is the yearbook teacher at HHS. After the day's activities, the students attending the workshop were given complimentary tickets to the Texas Tech-Utah football game.

Schedule Announced For Different Types Of Tests

Seniors, juniors, and sophomores started out this year by taking many different types of tests with the college entrance test awaiting the seniors later. Sophomores took achievement tests Tuesday and Wednesday of last week at the Bull Barn. Seniors and juniors were planning to take tests at the end of last week and the first part of this week, but were canceled until a later date, due to the tests not arriving at the counselors' office. The following schedule has been posted for all college entrance exams. The PSAT Test for juniors will be on October 23. The SAT test is set for October 13 and November 3, December 1, February 2 and 23,

April 6 and 27, June 15 and 22. The ACT test will be given on January 12 and May 4.

Junior Class Holds Annual Spaghetti Meal

The Junior class sponsored their annual class supper in a form of spaghetti meal on Friday night at the high school cafeteria. Meals were served from 5 p.m. to 7 p.m. before Hereford played Burger at Whiteface stadium. The annual queen representative elected by the junior class is Brenda Owen. The profit from the annual dinner will aid the expenditures of the school year book. The class which makes the most money will be honored by its representatives serving as the official annual queen in the 1974 Round up. The junior class officers of HHS are as follows; Kirk Andrews, President; Tommy Loerwald, vice-president and Beverly Cole, secretary treasurer.

FTA Reactivated At HHS

Reactivating a former HHS organization, the Future Teachers of America held a meeting September 17, in the HHS auditorium during the homeroom period. The activities to take place will include electing a "teacher of the month" and also a "student teacher of the month." Other activities include things such as going to the elementary schools to do student teaching and possibly serve as a substitute teacher. As an honor of FTA there is a \$1,000 college scholarship of-

ferred to active members. This is only one of the many opportunities offered. The first meeting of FTA was held to make plans for the 1973-74 school year. Rhea Ann Wesson was elected as temporary chairman of the club and D'Lynn Davison was chosen as membership chairman, to contact prospective members. Officers will be elected today and other plans will be discussed at this meeting. All meetings will be

scheduled for the third Monday during activity period and every fourth Thursday at 6:30 p.m. The night meeting will be held at FTA member's home. FTA will give students an opportunity to explore teaching as a profession and to determine plans for college preparation. Interested persons are urged to contact D'Lynn Davison for further information. Sponsors for FTA are Mrs. Margaret Bell assisted by Mrs. Betty Mercer.

Bobolinks are loved by northerners because of their beautiful song and because they eat insects and weed seeds. In the South, they're hated because they're considered an enemy of the rice crop.

BARGAIN?
...only a professional knows

Today, all diamonds have determinable value. If a stone has any worthy quality to it, a jeweler can obtain the standard price for it and doesn't need to sell it to you "wholesale." Many so-called "bargain" diamonds have first been marked up in order to be "slashed down." It costs no more to buy your diamond from a reputable firm with qualified personnel to properly evaluate the stone you select. As members of the American Gem Society, you may be assured of both our reliability and proven knowledge.

Highlights And Sidelights From Austin

Governor's Press Secretary Defends LBJ

By — BILL BOYKIN
 "The way a man comes across on television says absolutely nothing about his qualifications to govern," explains Bob Hardesty, Press Secretary to Governor Dolph Briscoe and former speech writer for President Lyndon B. Johnson.
 Hardesty, speaking before the Austin Advertising Club, said "On television, the way a person comes across all too often has little to do with what he is really like. What's of paramount importance is what he appears to be like. We are faced with a basic conflict — the conflict of illusion versus reality."
 Hardesty defended LBJ's "illusion that he was devious and secretive," stating that "it was under his (LBJ's) personal orders that there was no press censorship in Vietnam — for the

first time in the history of American warfare."
 There was the "illusion that he was a southern racist, yet he was responsible for passage of every civil rights act since reconstruction," his former speech writer added.
 Governor Briscoe "lives with myths that he is businessman's governor, but he vetoed a bill which would have raised interest rates — and the myth that he is a remote, inaccessible governor, but he is the man who is probably more accessible to members of the legislature than any Governor in recent history."
 "My remarks are not directed against the television industry and the fine people who work in it; this is something out of their control and is a face of life."
 "My point is obvious. We elect our public officials to run over government honestly, ef-

fectively and compassionately — not to entertain us. We have our Johnny Carsons for that," he stressed.
 "Therein lies the tyranny of television. The more we as a people become used to the suave, polished entertainers and newscasters, the more we expect public servants to be like them. In this day of pre-packaged candidates and edited TV campaign spots, it takes a long, long time to see through a 'snow job.' The day we judge all our political candidates on style, rather than merit, we will all be the losers," he concluded.
LBJ WAS 'TRICKED' INTO QUITTING?
 In a UPI interview last week Sam Houston Johnson, brother of LBJ, said "If anybody tells you that he didn't intend to run for a second term, they're very badly mistaken."

"He was tricked. He was led to believe if he withdrew he'd save thousands of lives. It had the opposite effect of what he thought it would," he added.
 Sam Johnson is revising and updating the book, "My Brother Lyndon." He will tell in his book that LBJ "gave up politics for peace." The choice, he thinks, shortened his brother's life.
 "Politics was his life. He gave up living when he gave it up. If he'd stayed on in the White House there's no telling how long he'd have lived."

and explained other phenomena which occurs around him every day.
 Geller gave the political reporters something to think about when he said Bell Telephone laboratory scientists were "slightly shook" when he performed some of his experiments in laboratory conditions for them.
 "Perhaps they are afraid mental telepathy will put them out of business," he said jokingly.
 He successfully conducted a telepathic experiments in other news rooms in Austin, but didn't succeed with the skeptical capitol reporters.
 Some term his unusual feats as "paracomunications" — which may very well be used in some means by the news media within a few years.
 Geller practices psychokinesis, telekinesis,

teleportation and other unexplained uses of energy forces.
 Astronaut Edgar Mitchell heard about the young man in Tel Aviv, and has helped conduct the Stanford Research Institute experiments in the lab conditions.
 Explaining that some people will never be convinced that he has unusual gifts, Geller said "There are people in the world who do not think the United States has landed men on the moon. They believe what they saw on television was filmed in Texas or Arizona."

IMPROVEMENTS GIVEN FOR HOUSE
 Eighty-one recommendations to improve legislative efficiency were revealed following a three-months study, and House Speaker Price Daniel Jr. promised early implementation of some.

The Citizens Conference on State Legislatures completed the study and handed in its report, which included such proposals as annual legislative sessions, single-member districts for all lawmakers, a new rulebook, home district offices and \$15,000 annual pay.
 Daniel applauded the recommendations and announced immediate plans to begin a review of them with key House committee chairmen. Actually, the study applied only to the House, as the Senate refused to go along with the request for CCL evaluation.
 Larry Margolis, CCL executive director, said implementing all the recommendations may cost as much as twice the present rate of legislative expenditures. However, he maintained, the legislature spends only two-tenths of one per cent of the

state budget on its own operations, and proposed changes would lead to overall economies in other areas of government.
 Among recommendations of CCL were these:
 That the legislature be authorized to call itself into special session at any time and set its own agenda; that staffs be increased; that lawmakers move heavily to computerized procedures in bill preparation and record keeping;
 That microphones be installed at all 150 desks of House members; that only representatives be permitted on the floor during sessions and that news reporters be restricted to the "press box" (or special conference rooms for interviews) and that a type of public relations program be set up for representatives.

MORE AUTO INSURANCE CUTS PROMISED
 A new competitive rate law will bring auto insurance rate cuts up to 20 per cent for many motorists, State Insurance Board Chairman Joe Christie announced.
 Christie and Gov. Dolph Briscoe jointly announced rate deviations approved for 13 companies under the law which permits changes above or below state board standards.
 Most of the 13 companies sought rate reductions for key classes of coverage ranging from 10 to 15 per cent.

SCHOOL FINANCE PLAN ADVANCED
 A House education committee recommendation for the state to assume \$600 million in added school costs over a six-year period went to Speaker Daniel and Briscoe last week.
 "What we are trying to do is relieve the local taxpayers and shift the burden to the state," said Rep. Dan Kubiak of Rockdale, committee chairman.
 "The local districts are at about their (taxing) limit."
 Kubiak said overhauling the school finance formulas can be accomplished without any immediate new taxes, because \$109 million in unexpended funds rests in the state treasury.

Recommendations included a reduction in the teacher-pupil ratio; limiting ad valorem taxes for other than capital facilities, equipment and debt service to 75 cents per \$100 of market value; local leeway funds of from \$100 to \$200 per pupil in two-step form; increasing the transportation allocation by 50 per cent; increasing the operation and maintenance cost to \$85 per average daily membership and a new teacher pay raise.
DISASTER LOANS
 Emergency disaster loans were approved for San Patricio County residents as a result of flood losses, and Briscoe asked Cameron County be declared a disaster area following heavy summer rainfall there.

STRAIT is the GATE

You In The Church.
The Church In You
Have a combination for
good. We should regard
church regularly. Every
man, woman and child
needs the influence of
the CHURCH. Be faithful
to a Churchman!

**"Enter Ye In
at the strait gate . . .
because strait is the
gate . . . which leadeth
unto life, and few there
be that find it." Matt
7:13-14.**

Strait means narrow,
compressed, limited. Amer-
icans don't like that. We want
the abundant. We like it high,
wide and handsome. But God
doesn't run the universe just
to suit popular nations. The
Bible warns us that God doesn't
think as we do.

The gate is narrow because
there is only one Cross, only one
Savior. Jesus said, "I am the way
. . . no one cometh unto the Father
but by me."

The gate is wide because whoso-
ever will may pass through it. God
welcomes one and all, and promised
not to cast out those who come.

Just inside the strait gate stands the
church . . . the fostering mother of all
other channels of human well-being.
Have you entered the "strait gate?" Have
you discovered the church?

PIGLY WIGGLY
Mr. and Mrs. Gaylord Newell

HER WORK RECORDED—Mrs. Loyd Vaughn of Westway shows a new album of gospel songs which includes one for which she wrote words and music. The trio pictured on the album cover includes her brother, the top man, his wife and a friend. Painting over Mrs. Vaughn's organ is by her brother, and she also paints in oil.

Let's Cook

**Recognition As Song
Writer Just 'Accident'**

By SUE COLEMAN
Women's Editor

MUSIC IS ONE of her hobbies, but not the main one, Mrs. Loyd Vaughn says despite the fact that a gospel song she wrote has been recorded in a new album. And she's not making any promises to write more songs.

Inclusion of The Cross And The Crown in the album, introducing The Servants, was a sort of accident, Mrs. Vaughn says. She wrote the song, words and tune, when she was 12 years old, "at that stage of writing poetry that all girls go through, I suppose," she smiles.

Her brother, Darryl Hicks, who with his wife and a friend, Carlyle Cole, form the trio they call The Servants, made the record album recently for Mark Five Studios of Greenville, S.C. They are all on the faculty of Big Oak Academy in Eagle Springs, N.C.

well as such decorative items as plaques, an old milk can which forms a lamp table base and flowers painted on a rough board.

"I LIKE TO collect things and make things of them," she explains some of the unusual pieces which decorate her kitchen walls. She also collects barbed wire, mounts and hangs it in the utility room.

That hobby began when the Vaughns moved to their present home and on the location of an old toolshed she found a pair of clippers that someone told her were barbed wire cutters.

Her father collects "the wire that fenced the West" and she thought the clippers and a few strands of wire would make a good gift for him.

By the time she found the few strands and identified them she was unwilling to part with them — and she had discovered that the clippers were not for butting wire but for trimming horses' hoofs, so she just kept the wire as a nucleus for her own collection.

occupation, she looks for shortcuts and easy methods of preparing meals for her husband and sons.

A dessert she has found useful for family meals and also church suppers, can be prepared quickly, ahead of time, and kept in the refrigerator.

CHILLED DESSERT

1 can sweetened condensed milk
4 or 5 tb. lemon juice
1 can sour pitted cherries, drained
½ pt. whipping cream, or whipped topping
½ cup to 1 cup chopped pecans

Red food color
Add lemon juice to condensed milk to thicken it, then add other ingredients; pour into crust of graham crackers or vanilla wafers. Chill until set.

Other fruits or pie filling can be substituted for the cherries, so a wide variety is possible in making this dessert to suit family tastes.

W.O. Jones Jr. Rites Scheduled

The funeral of William Oren Jones Jr., 40, of 218 Ave. A, will be conducted at 3 p.m. today in Rose Chapel of Gilliland-Watson Funeral Home.

The officiating minister will be J.T. Marlin of Central Church of Christ, of which Mr. Jones was a member. Burial will be in West Park Cemetery.

A veteran of U.S. Military service from 1953 to 1965, with duty in Germany, Mr. Jones

died Monday in the Veterans Administration Hospital at Marlin.

He was born Feb. 11, 1933, in Amarillo and was brought to Hereford that year to grow up and attend school.

Surviving are his mother, Mrs. Oren Jones Sr. of Hereford; three sisters, Katherine Hubbard of Hereford, Juanita Ivy of Amarillo and Vivian Arnold of Detroit, Mich., and a brother, Dr. Franklin Jones of Rockville, Md.

HICKS WROTE several of the gospel songs for the album. Some time ago when he was visiting in their childhood home and looking through music stored in a piano bench, he came across his sister's song that she had placed there and forgotten.

He made an arrangement of the music for the trio, using her original tune and words. The record album credits her as the author.

The attractive housewife who lives on a farm in Westway community, is naturally happy that her song was recorded, but says since she has not written another, she may never get back into the field of professional music.

SHE LIKES TO play the piano and organ and is pianist for Westway Baptist Church where Vaughn is song leader. Sometimes she sings duets with him and oftener they join other singers in the church for quartet renditions.

Study of piano when she was a child was her first interest in music, and she was in school band and choir as she grew up. Her family was not an especially musical one, she recalls, but her mother sang in a church choir.

At present Glenda Vaughn is more interested in arts other than music. She likes to model figures in wax and to paint, has studied oil painting and produced works on canvas as

SEWING IS something she enjoys occasionally, and she says her painting is done on the same basis — a flurry of interest and then an interval before the next "painting spell". She is also working on a history of her father's family, to match that compiled by her mother as a requirement for DAR membership.

Mrs. Vaughn is the former Glenda Hicks, born in Liberal, Kan. and raised just over the border in the Oklahoma Panhandle. She married after graduation from high school and the Vaughns lived in Muleshoe before moving to this county.

They have two sons who are already making Hereford football fans of the couple. Gerald, 13, plays on a La Plata Junior High team and Steven, 10, for Tierra Blanca Elementary. The boy still too young for school is three-year-old Travis, who helps his father farm.

MRS. VAUGHN'S attitude toward cooking is expressed in a verse lettered over the dining table, which says, "He who sits here must trust to fate to please his palate and fill his plate. Sometimes there is, sometimes there ain't; I am no cook, I like to paint."

Since cooking is not a favorite

**Mrs. Ruland Is
Nursing Grad**

One of 30 students who have just completed the Amarillo College School of Vocational Nursing program is Frankie Ruland of Hereford. A pinning ceremony for the graduates is scheduled this evening in the AC concert hall.

Three outstanding students in the class will be named at a reception to be held after the graduation program.

Mrs. Ruland and her husband, Delbert Ruland, reside at 223 Ave. B. She is joining the nursing staff of Deaf Smith General Hospital.

With other members of the AC class, she is now qualified for state board examinations Oct. 18 and 19 to earn the rating of licensed vocational nurse.

**Sisters, Brother
Meet In Reunion**

A reunion in the home of Mrs. Jack Roberson, 510 Knight, Tuesday brought together the surviving three children of 14 in the family of the late Mr. and Mrs. A.H. Owen.

Dr. and Mrs. A. Hope Owen came from Lubbock and Mrs. O.R. Tipps from Wichita Falls to visit their sister, Mrs. Roberson. Mrs. Tipps was accompanied by her daughter, Mrs. Ed Mathias of Midland, and other relatives who live here joined the family party.

The man who is in the right can afford to wait his turn.

Home Tour Tickets Are Now On Sale

Tickets for the tour of homes sponsored by Garden Beautiful Club from 3 to 7 p.m. Friday may be bought in advance from club members or at the door of any of the three homes during the tour, Mrs. Deward Roberson, general chairman, announces.

The public is invited to visit the homes which will be open in the annual tour, a benefit for the club's project fund. Tickets are priced at one dollar.

A group of club members will serve as hostesses at each open home. Visitors are invited to begin the tour at any home and proceed as they choose.

On the tour are the residences of Mr. and Mrs. Lewis Block, 128 Nueces; Mr. and Mrs. W.P. Axe, 213 N. Texas, and Mr. and Mrs. A.L. Jordan, just south of the city on the Dimmitt Highway.

The latter home is an older house, which the Jordans

bought when they moved here from Hartley County about two years ago because its spacious, high-ceilinged rooms will accommodate their collection of antique furniture and accessories. The other two are among the city's beautiful new homes.

Hereford residents know the Jordan home as the Gunstenson place, more recently occupied by the Kelley family. It is white, two-storied house surrounded with trees, set off the Dimmitt highway to the left as one drives toward the Easter road intersection.

Club hostesses there will be Mrs. Joe Story, Garden Beautiful president, Mmes. Roy Smith, Ray Cowser and T.J. Carter.

Hostesses with Mrs. Block will be Mmes. Bruce Burney, L.H. Lookingbill and Herman Ford; with Mrs. Axe, Mmes. Charlie Noland, V.O. Hennen, N.D. Bartlett and Roberson.

Veleda To Assist In Youth Program

Youth activities proposed for Hereford Community Center were discussed in Veleda Study Club Tuesday evening, when Melba Richards, new Center director, was a guest at the meeting in Mrs. Lawrence Reuther's home.

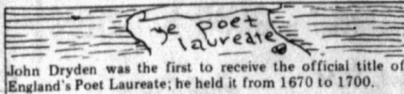

Veleda members voted last season to make a major project this year of assistance in a program to revive activities for youth at the Center, which was originally intended principally for that purpose.

Club representatives have met with the City Commission to discuss their ideas and ask cooperation.

Mrs. Richards was lately employed by the city for the director's post, after the resignation of Mary Frances Lemon. She presented her tentative plans for coming months and club members volunteered to help carry them out.

The evening's program was directed by Mrs. John Pindexter, who presented a Lee Marvin film titled *It Couldn't Be Done*, showing great American structures built under difficulties.

Refreshments were served in an informal social period that closed the meeting.

John Dryden was the first to receive the official title of England's Poet Laureate; he held it from 1670 to 1700.

About 2,300,000 blocks of limestone were used to build the Great Pyramid, tomb of King Khufu, in Egypt. The blocks averaged 2 1/2 tons each, the largest weighing 15 tons.

Paderewski, one of the world's greatest concert pianists, was the first premier of the Republic of Poland, and gave much of his fortune to aid that nation.

natural energy HOME

CLEAN ENERGY FOR TODAY AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource... natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.
