THE BRADLY HERD SELLS GOOD ONES

MOVING, N. M., MAN BUYS 16 HEAD OF NICE BULLS

LOTS MORE LEFT

Hereford Country is Supplying Ranches With Improved Stuff

Another nice sale of registered Herefords was completed here this week when Mrs. L. R. Bradley disposed of sixteen head of the splendid young bulls from her herd to Carl Sams of Irving, N. M. While the exact figures are not announced, Mrs. Bradley said the bunch brought fair prices considering conditions. Shipment will be made next week.

Mr. Sams has a big ranch which ranks about second in his county and is determined to make it the first thought question. Therefore he started out to find the best blood obtainable to breed up his herd. He is greatly pleased at the Bradley herd and complimented Mrs. Bradley very highly upon the breeding and quality of her animals.

Edwards Clan is Gathering Here For Big Reunion

A summer reunion of the Edwards family is being planned here for the near future. Mr. and Mrs. C. E. Edwards and daughter, Diana, and son, J. L., all of Barlow, Ky., came in Friday morning. Mr. Edwards was formerly editor of The Brand, about twenty years ago, and is now a gospel singer. Mrs. A. L. Connor and daughter, Clara Marie, of Pinefield, Texas, were also here. Mrs. Connor is daughter of Mrs. W. H. Edwards. Miss Laura Edwards, the Korean missionary, has arrived in Seattle, according to a wire received Thursday. She will reach Hereford about Sunday. She is also a daughter of Mrs. W. H. Edwards and has been away for the last seven years.

SLICING MACHINE LATEST ADDITION TO CASH & CARRY

Another labor-saving convenience has been added to the equipment of the Cash & Carry Grocery for the convenience of F. A. Bone's patrons. The machine is a patented slicing device by which bacon, meats of all kinds, cheese, and, in fact most anything in a grocery store may be sliced to any degree of thinness desired. The machine is mounted on a table, is quickly adjusted and should prove of great benefit to this enterprising establishment.

BOY SCOUTS CALLED TO MEET NEXT MONDAY, JULY 24

The scout master has recently returned from a pleasant and profitable trip to northern New Mexico. Forest fires, canyons, mountains, Indian villages and cliff dwellers ruins are among things he would like to tell you about next Monday evening. There are other reasons why scouts should be present. Let's have 100 percent attendance.

AN ANGELO MAN IMPRESSED WITH HEREFORD'S WATER

R. Lawton, of San Angelo, Texas, was here Thursday morning. Mr. Lawton has been prospecting in this part of the Panhandle and as far west as Fortale for the past two years. Mr. Lawton declares that the Hereford country looks best, especially the volume of underground water.

SOMETHING TO SELL EVERY WEEK

PINCKERT BELIEVES IN MAKING EVERYTHING PAY ITS WAY

"Something to sell every time you come to town" is the slogan which has been adopted by F. L. Pinckert, manager of the Bar N Ranch, sixteen miles southwest of Hereford in Castro county. Mr. Pinckert has been discovered coming to Hereford once a week for several weeks past, each time with a trailer and a load of hogs. Investigation disclosed the fact that this weekly trip has become a habit with him. He is one of the most consistent customers of G. W. Bramley, the hog buyer, and keeps a steady revenue coming in from the sale of hogs.

The Bar N Ranch is owned by H. D. Neely of Omaha, Nebr., a brother of Ben F. Neely of Castro county. Mr. Pinckert has been running the ranch for the past four years and runs cattle, hogs, poultry and has 250 acres in row crops. The hog herd numbers around 200 head.

Mr. Pinckert believes in diversifying and does not put all his eggs in one basket. He raises a lot of hogs for the market, buys some on his own hook, and keeps them moving in and out of his place the year round.

Brunks Baseball Team Split Games With Whitefaces

In two tight and interesting ball games this week between the local team and Brunks Comedians an even split has been the result, and the third and deciding game was scheduled to be played on Friday afternoon.

On Tuesday the visitors licked the locals 6-4 in a well played and interesting game. A box score of this contest was not obtained. Beene pitched five innings for Hereford and Robinson two, with Morris catching. Morris then went in the box and finished the game, Boyd receiving. The Brunks battery was McFarland and Wandell.

Thursday afternoon Hereford evened up the series 8-4. Although McFarland fanned fifteen men, errors behind him were too much of a handicap to overcome. Curtisinger pitched his usual steady game. Alban and Acker pulled off a neat double play in the first, after Ralph Smith had first base scored on an error. The box score shows the following:

Hereford	AB	R	H	PO	A	E
Carter, cf	5	2	1	0	0	0
Robinson, 3b	3	2	1	0	0	2

MRS. JOE BODKIN SURPRISED WITH BIRTHDAY DINNER

Mrs. Joe Bodkin was made the honoree at a surprise birthday dinner, given at the home of Mr. and Mrs. A. C. Barnhart Tuesday. Mrs. Bodkin was invited to spend the day at the Barnhart home. Guest began to arrive with laden baskets of cuts before the noon hour, until thirty-five of the neighbors and friends, much to the surprise of Mrs. Bodkin, were assembled.

After the lunch hour Miss Elizabeth Tatum and Mable Barnhart rendered some good music. The afternoon was spent in a pleasant social way.

Peels Spuds and Asks for Senate Vote

From spuds to Senate is quite a long haul, but the confident Mrs. Olson, of Minnesota, is not afraid to pose in kitchen frock among the voters of the state to secure the U. S. Senate in place of Frank Kellom, the present Republican Senator. Mrs. Olson does not let her campaign interfere with housework, as one, wide awake photographer found when he called at the home. Political wisacrees say Mrs. Olson is piling up hundreds of votes in her campaign.

McDonald Winner Of Cup in Shoot At Roswell, N. M.

D. L. McDonald won the registered shoot held at Roswell July 18 under the auspices of the Roswell Gun Club, breaking 199 pigeons out of 200 shot at. M. W. Evans of Lake Arthur was second with 173 pigeons out of 200; Ernest Malone of Roswell third with 165 pigeons, and H. B. Smyrl of Roswell fourth with 158. H. J. Donnelly of Guthrie, Oklahoma, and Theodore Ronati, Jr., of Las Cruces, N. M., professional shooters, broke 184 and 164 pigeons, respectively, out of 200 shot at.

The attendance at the shoot was not large, but out of town shooters were very enthusiastic over the manner in which the shoot was conducted.

THOMPSON FAMILY GATHERS HERE IN SUMMER REUNION

E. M. Thompson of Gainesville, Texas, brother of A. O. Thompson, accompanied by his wife and son, came in Tuesday night on an overland trip to spend a vacation here with his relatives. Mr. Thompson formerly lived here, years ago, and is well remembered by the old timers.

Mrs. Frank Wymore of Ardmore and Mrs. Auer Morris of Oklahoma City are also here visiting Mr. and Mrs. A. O. Thompson and other relatives.

BOARD OF EQUALIZATION LISTENING TO KICKS FRIDAY

The City's board of equalization, consisting of J. Frank Potts, B. F. Guthrie and J. S. Jones, was in session all day Friday, hearing complaints from property owners on valuations fixed on their properties. Very few "kicks" are being made and the excellent work of the board seems to be generally recognized.

Massed Band Was Success; Crowds Greatly Pleased

The massed band concert Thursday night attracted a large crowd, the streets about the Brunks Theatre tent being lined with automobiles. While the two bands had never played together before, they seemed to experience little difficulty and the audience was well pleased with the melody and smoothness of execution shown. The Hereford Band will give a regular Thursday night public concert hereafter.

W-H-E-W! LAREDO WEATHER DESCENDS UPON THIS BURG

The weather is just downright hot. The past few days have been of the sweltering kind, extremely rare for this high altitude. Rain is beginning to be needed badly. In addition to the benefits it would bring to the crops its cooling effect on the atmosphere would be especially welcome.

REV. EVERS BACK FROM A PLEASANT TRIP DOWN SOUTH

Rev. Theo. H. Evers reached Hereford Thursday morning from Houston, where he attended the Lutheran Synod as a delegate from this section of the Panhandle. Rev. Evers reports a delightful stay in Houston and Galveston, and a very profitable meeting of the church.

AMARILLO GIRLS HERE FOR A VISIT IN DUNLAP HOME

Misses Lela Wolfelin and Clara Currie, both of Amarillo, came down Friday morning and will be the guests of Miss Dean Dunlap for the next few days.

LOCAL CAMPAIGN SUDDENLY DEVELOPS INTO REAL HOT AFFAIR ALL AROUND

UNCERTAIN OUTCOME TO CONTESTS FOR OFFICES OF COUNTY JUDGE, SHERIFF AND CLERK AS VOTING DAY DRAWS VERY NEAR

LADIES' SCHOOL OF INSTRUCTION

Mayor Knight Gives History of Texas Ballotting Laws and Discusses State Candidates. Machinery of Voting Used Saturday Gone Over in Minute Detail

What apparently started out to be a quiet and uneventful election has suddenly developed into one of the hottest and most closely contested affairs in the history of the county, and all the local prophets have it that Saturday's voting will be the heaviest on record. As usual the excitement is nearly all confined to the county offices, especially those of County Judge, Sheriff and Clerk. Friends of all candidates for these three places are actively on the job, in bunches, and the streets seethe with arguments pro and con, and the gum shoe men are as thick as flies around a molasses barrel. The country districts are also being thoroughly canvassed, and candidate cards are sticking in the screen doors of every house in Hereford.

It's an uncertain political year. Everybody is agreed on that point. It used to be that lines could be fairly well drawn and some definite figuring done on the probable outcome, but "them happy days" have passed with the advent into the political arena of the lady voters, added to the abnormal interest and uncertainty among the people which seems to have changed their ordinary habits and ways of thinking. So that in Hereford today all candidates are on the uneasy seat and there are few brave enough to predict the outcome of any of the contested offices without laying himself wide open to the same charge made against a Weather prophet.

Sanitarium Stock Holders Working Out the Problem

About twenty-five stockholders of the Hereford Sanitarium held a meeting at the Ford Garage Tuesday afternoon and discussed the present status of that institution. It was reported that part of the money necessary to liquidate the indebtedness against the hospital had been raised, and it was determined to meet again next Tuesday, meanwhile endeavoring to complete the raising of the necessary money. After the obligations have been met the question of the future of the sanitarium will be decided.

COBB ON THE CORN FOR A CHANGE

Ty Cobb, the Georgia Peach, likes to attack "Corn on the Cob" whenever he gets the opportunity, though the great baseball player is not in any way cannibalistically inclined. He is seen here engaged in his second favorite sport.

The ladies' Community Club held a School of Instruction for new voters at the Methodist church Thursday afternoon. Mrs. Homer Wilkinson presided and explained the object of the meeting. Mayor Knight was then introduced and delivered an address upon the history of the Texas election machinery, explaining the Democratic primary law, etc. He also went down the state ticket and gave a brief summary, so far as he knew of each candidate. He was frequently interrupted by questions, the audience showing a very intelligent and searching interest in all the explanations.

Following the Mayor, Mrs. E. F. Guthrie made a spirited and concise talk on the history of the suffrage movement and the necessity for the new voters to acquaint themselves with the machinery of the ballot.

The meeting was well attended and no doubt did a lot of good toward clearing up the puzzling questions confronting many of the lady voters.

Guardsmen Nurse Sore Arms; Look Forward to Trip

A snappy drill was the order of the day for the local Guardsmen last Wednesday evening, when about seventy percent of the personnel of the company turned out in preparation for the coming summer camp at Austin. Additional drills will be indulged in frequently between now and next Wednesday, July 20, when the company leaves for Camp Mabry.

The boys have had their second "shot" in the arm as a preventative against typhoid fever, and as a result most of them are sporting sore arms. But they are a cheerful lot and take the "shots" like they take most everything else—with a grin—and look forward to the great vacation trip that lies ahead of them next week.

HENRY HASTINGS' MOTHER IS HERE FROM CLARENDON

Mrs. M. A. Hastings, of Clarendon, and two granddaughters, Leona and Gladys of Dimmitt, reached Hereford Friday morning. Mrs. Hastings will visit in the home of her son, Henry Hastings. Misses Leona and Gladys have been visiting in Canyon, and accompanied their grandmother to Hereford.

MRS. ED JOHNSON BACK HOME AFTER MOTHER IMPROVES

Mrs. Edgar Johnson and son and Mrs. Johnson's sister, Mrs. C. N. White of Dallas, reached Hereford Friday morning from Des Moines, N. Mex. Mrs. Johnson and her sister were called to Des Moines by the serious illness of their mother. Mrs. Johnson stated that she is now improving and getting along nicely.

THE CHILD'S ENEMIES

All investigations should begin with and be for the benefit of the child. The population of the United States today would be fifteen or twenty millions more had it not been for the neglect of the parents and the municipal governments. More than fifteen or twenty millions of children have been born in the United States in the past fifteen or twenty years, who have died because of criminal, domestic, and municipal neglect.

We belong to the brass-band possession in works of superficiality. We are excessive talkers, but are rather meagre in labors of worth-while investigations.

We hate the drudgery of patient, toiling investigating for the protection of our children. We have criminally neglected the child prior to birth and immediately following his entrance into the world.

We are perfectly willing for Congress to vote millions of dollars to fight diseases now destroying our hogs, sheep, cattle, and horses, but we have spent one hundred years preventing Congress from voting an appropriation to stamp out the diseases destroying our children.

We are perfectly willing for Congress to pass an appropriation from

which we can get financial benefit, but we cry economy if Congress tries to pass an appropriation to stamp out the murderers of our children.

We are blowing trumpets and congratulating ourselves about the magnificent work we are doing along lines of sanitation, but we are doing practically nothing to eradicate the great venereal diseases that are affecting and staining ninety-two per cent of the population of the United States.

There is a continuous stream from the cesspools of society flowing through the yards and municipal governments of this country poisoning the lives of our children, and staining the characters of our boys and girls.

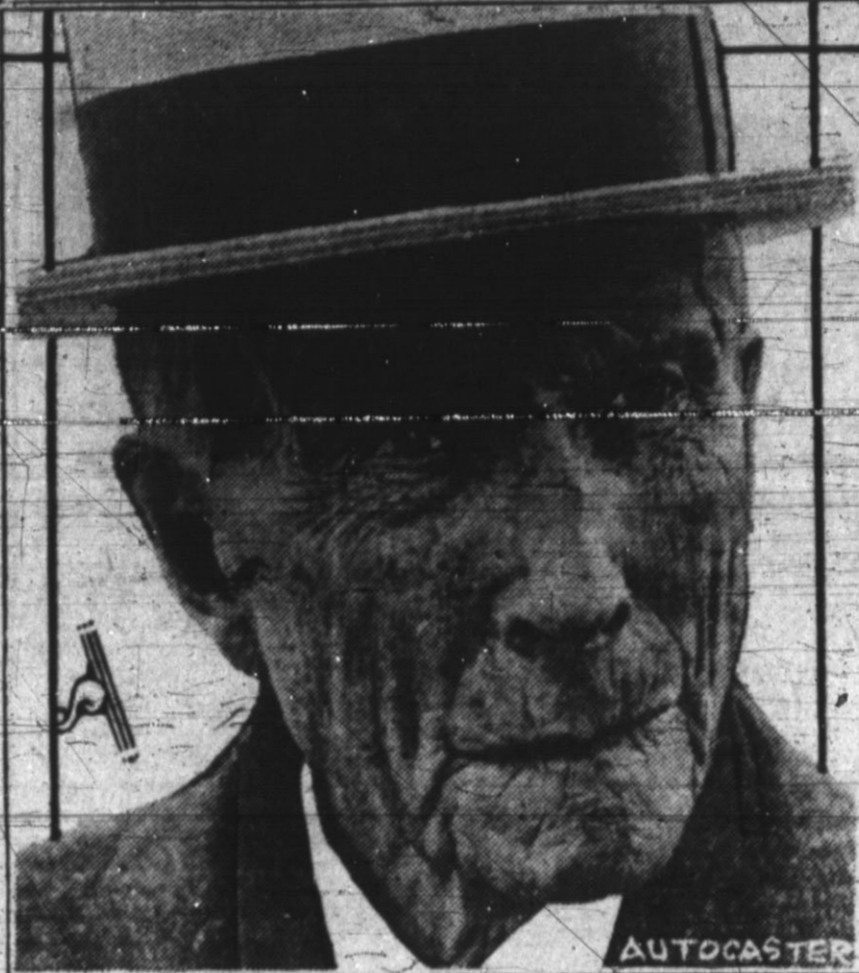

Before we used antitoxins in diphtheria five out of every ten cases died. Now, with the use of antitoxins only one out of ten die.

People who fight vaccination and other methods by which children are made immune to disease are the enemies of our children. They are the curses of society, and they ought to be incarcerated.

The time has come to spend any amount of money that might be necessary to give to this land boys and girls whose bodies and minds are absolutely perfect.

ROCKEFELLER TODAY

Richest man in the world poses for this special picture at 83

John D. Rockefeller attended church at Tarrytown, N. Y., on Sunday following his 83d birthday, July 8. He made it the occasion to do his bit for humanity, even though it caused him to break a rule of long standing of not posing for pictures. He bargained with newspaper men, agreeing to pose for this special picture if they would attend church with him. It is health, not wealth, that now interests the retired oil king.

Another Goodyear Masterpiece

Like the All-Weather Tread Cord which leads in quality and value, the new Cross-Rib Cord perfected by Goodyear embodies features which make it another Masterpiece giving to the public again the greatest value in its price class.

This new Cross-Rib Cord has a long-wearing semi-flat tread—with the tread rubber extending from bead to bead.

The carcass is made of long staple Arizona and Egyptian cotton built up on the exclusive Goodyear "Group-Ply" principle.

The Cross-Rib Cord is cured on air—reducing to a minimum chances of hidden defects.

We have these new tires in all popular sizes at these prices which are unusually low for a standard recognized brand.

CAN'T FOOL FARM BUREAU

We learn through the "New York World" that "Congress resents the \$16,000,000 Farm Federation Lobby," this in a "special dispatch" which might be even deliberately aimed at the destruction of The American Farm Bureau Federation, now found very annoying to certain members of the national legislature who speak for interests opposed to agriculture.

A great hue and cry is raised about the enormous salaries paid to the personnel of the Farm Bureau Federation. J. R. Howard, the president, is quoted as receiving \$15,000 a year, and the secretary, Mr. Cloverdale, receives \$12,000; the treasurer and assistant secretary get \$8,000; Gray Silver, the director, \$12,000; and so runs the list covering the department of marketing, the legal department, the information department and so on.

It is shown that approximately \$75,000 a year is spent in salaries. These "startling figures" may frighten the farmer, who has no conception of such fabulous salaries, and perhaps he may revolt, it is of course the hope.

As a fact, the cost of the whole personnel does not foot up to the salary of any one of a hundred heads of the great business organizations who would like to destroy the Farm Bureau Federation, put an end to the farm bloc and yank the tiller of the soil back into the yoke.

It is said the Bureau has grafted itself upon the Federal organization; made possible the Smith-Lever act; and is now the dictator of the farm bloc. If that be so, then Senators who form the bloc have operated much more efficiently in the interest of the heart of America than the Independents who roll the pork barrel without detraction.

If there is anything wrong with the Farm Bureau it will be corrected, but the body will not be disintegrated.

The farmer has just felt his strength. He is merely stretching at the present time.

PUT A CRIMP IN CANADA

Surely it is time the American government pitched itself and put an end to the Canadian propaganda aimed at stripping the United States of its farming power.

Publishers of weekly newspapers, particularly those in distinctly farming centers, are being bombarded with onslaught news articles sent out by the Canadian government with the object of advertising Canadian agricultural possibilities right here in the United States.

The hope is that the publishers will print the matter not sensing its injurious effect on the agricultural interests they should fight to protect.

Here lies a splendid opportunity for Postmaster General Work to show his loyalty and relieve overburdened employees from excessive work.

The propaganda is disseminated in this country in the familiar O. H. M. S. (On His Majesty's Service) envelopes, the international franking privilege being used to undermine the de-

are paying for postmen and rural free delivery men to distribute through the country Canadian propaganda directed openly against the interest of the American land owner.

There may be some question as to whether the Post Office Department, Congress, or the Secretary of State should act in the matter, but some one should act and without delay.

There are Six Candidates for the United States Senate, to be voted on next Saturday. The intelligent voter, deeply interested in the men who make the laws for the United States of America, will carefully consider the History, Training, Mental Equipment, Vision and views on current public questions of each man before casting his vote for this highly important office.

Your careful consideration is asked of the candidacy of

CLARENCE OUSLEY

of Fort Worth, Texas

one of the six candidates. Unbiased students of political government the state over are a unit in admitting that Mr. Ousley's

PLATFORM TRAINING

is the best rounded, the clearest, the most understandable view of pending governmental problems that has yet been presented to the people.

for this high office is the best of a of the candidates, as he has been consistent student of political thought all his life, has served his country many high places, is easily the platform man of them all, is well poised, mentally alert and thoroughly informed on public questions the hour.

VISION

is broad and unhampered by pet political broils and entanglements man with constructive principles and the ability and courage to carry them through to a successful conclusion.

If you want to vote to put a man in the Senate of the United States who

will handle the job

with the dignity, intelligence and courage that will bring honor and credit upon the great State of Texas, then you are asked to think twice before you scratch the name of Clarence Ousley next Saturday.

and don't overlook this point

The Cattlemen and progressive farmers the state over are rallying to Mr. Ousley's support in this campaign because they KNOW that he is the best informed of all the candidates on the real needs of the cowmen farmers of Texas, and furthermore KNOWS WHAT TO DO ABOUT IT WHEN HE GETS TO WASHINGTON.

FINGERPRINT BOSS'S NOSE

Here are the days when the old ranch smells of burning flesh as the boys stamp home the brand of "Coke X." No more will boss have to submit to a painful week

as an owner's brand of her hip heels. Because, it has been discovered that a cow's nose, like human finger tips, are no two alike. In the east, dairymen are inking boss's nose—finger-printing her as shown in the picture—and filing the identification prints for any future needs.

Friday night. A general invitation is extended to all who wish to attend. The Congregational churches of Springlake, Hürley and Friona have arranged to hold a picnic together on Friday, July 28. The site selected is the grove near Muleshoe where the 4th of July celebration was held. A good program will be prepared and there will be refreshments on the ground. A general invitation is given and a pleasant time anticipated.

The wheat growers have arranged with John Giesler to handle their wheat through his elevator. It was thought for a while that they would have to shovel their grain into the cars.

The school board met Monday afternoon with representatives of four architect firms of Amarillo and after interviewing each one separately the choice finally fell to the firm of Parker & Rittenberry to furnish the plans and specifications for Friona's new school building. These gentlemen hope to have the plans all ready by the time the bonds are approved and sold. It is the intention of the "board" to secure the most up-to-date and efficient building that can be secured with the funds at its disposal and not to sacrifice quality for quantity.

You are invited to come to the school house Saturday night and see a womanless wedding. It will be rare sport and you will be the loser if you fail to attend. Charges will be reasonable.

PROGRESSIVE

If men wish to be held in esteem they must associate with those only who are estimable.

Mrs. F. E. Perkins came home from Rochester, Minn., Saturday morning. Friends of Mr. Perkins will be glad to

know that he is recovering fast from his recent operation. He expects to be home within a few days.

The Junior Winners have organized their class. Glad A. Norton was elected president, Peery Caldwell vice president, and Marguerite Bowman, secretary. All is ready now for active service. The class will make an effort to prove themselves worthy of their name.

Little Lois Berry is very sick this week. It is hoped the next few days will find her doing better, so she can again be her usual jolly self as we know her.

"By forgiving an enemy, you make many friends."

Mrs. Nettie Reedy, of Jefferson, Tex., is visiting in the home of her son, Henry Reedy. She expects to spend part of the summer here.

An urgent appeal is made to all Seniors by their president, Gene Cheek, to be present next Sunday. Some unfinished business needs to be attended to.

The all day meeting proved indeed worth while. It was a great pleasure to have so many visitors with us. All of whom we wish to invite back again. The day was an inspiration to those who have put forth their feeble efforts to make the Sunday School a success, who have endeavored above all to provide a gathering place where our boys and girls as they seek companionship, may form their associates among the upright, manly boys, among the fine, respectful girls. To them the response of the people means an ever increasing interest in this worthy institution. Is it not worth our full support, a good portion of our time and money? We are greatly indebted to a number who so willingly contributed to the program.

The reading given by Bobbie Baker pleased the audience very much. By request she gave her second in the afternoon. The special song by the Arkon young folks was well rendered and enjoyed.

The spiritual rendition of the Holy City by Moslemes Thorp and Owens thrilled and edified. The Bro. Beavers held our attention by his portrayal of the beautiful life of the greatest man among the great.

"Lives of great men all remind us. We can make our lives sublime, And, departing, leave behind us, Foot-prints on the sands of time. Foot-prints, that perhaps another, Sailing o'er life's solemn main, A forlorn and shipwrecked brother, Seeing, shall take heart again."

Miss Made Park visited with Mrs. Geneva Brumley Friday evening. Miss Brumley left for her home in Hereford Sunday. While here she made many acquaintances who will miss her very much.

A number of friends and relatives of Mrs. A. S. Higgins came from Clovis Saturday to give her a surprise visit.

JOEL

NAZARETH

The little fellow is getting along as well as can be expected and will be home in about a week.

Miss Mary Braddock returned to Amarillo last Tuesday, after visiting a few weeks with relatives and friends here.

A bunch of candidates for County office came to Nazareth last Tuesday night and gave us a very interesting talk, shaking hands and making friends. Here is hoping they will be that friendly for the next two years.

A son was born to Mr. and Mrs. Clemens Rickartz last week.

BOVINA NORTHSIDE

Everyone in Northside community is wearing a smile. A splendid rain fell Wednesday night. Fully an inch of water fell, all crops are doing fine.

Ford Reeves and F. L. Sprague went to Farwell Thursday morning on commander work.

Gordon McCuan visited with Raymond Davies Thursday and Friday night.

A Mr. Brase of Hereford was in our vicinity looking for cattle belonging to Wilkinson and Valentine.

Frank Witherspoon, Jr., of Kansas City, was a northside visitor Wednesday evening.

Raymond Davies branded calves Saturday morning. He also has a new Ford.

After election the roads will have a chance to cool off. Every time you hear a car it generally winds up a candidate knocking at your door. Some are working harder than usual.

John McDonald helped Raymond Davies brand calves. He said his family has been visiting at Silverton, Texas the past two weeks and he and his two sons are hatching.

Last Wednesday night's rain, and hail cause Mr. Hederson's sheep to stampede, killing four and twenty are still missing. He said he had about given up hope of finding them. He has about fifteen hundred in all.

Worth Weir's corn was one-half destroyed by hail, nothing but the stock remaining standing. Other places corn was not damaged quite so bad and some was not hurt at all.

James Woltman and family have been visiting the Thomas Harkey family at Spru, Texas, and putting up a supply of fruit for winter. Mr. Harkey has a fine orchard. Mrs. Woltman and Mrs. Harkey are sisters. Raymond Davies' wife and little son, Casey, are keeping house for Mrs. Woltman while she visits.

Last Thursday evening about 1 o'clock when the storm was threatening Mrs. Theo. Davies called Raymond's attention to a cyclone in the west. In a moment there was a sand cloud below it and it could be seen plainly traveling. Later it is reported to have struck the Rhea ranch tearing things up. The ranch is about twenty miles up the draw west.

Messrs. O. G. Gregory, Reginald Livey, Horace Nichols and Clifton Jones

left Bovina Sunday morning for Amarillo to work in the railroad shop. J. P. McDonald and family arrived at noon from Rock Springs, Texas. Mr. McDonald has been very sick. They took rooms at the Bovina Hotel.

R. B. Ezell and two daughters arrived from Sulphur Springs, N. M., this week. They feel much benefited by their trip, having been gone six weeks. Mr. Ezell has had rheumatism the past year.

FRIONA

Another bountiful rain fell here last Wednesday night which was of great benefit to the growing crops. A few miles west of town it was accompanied by a destructive hail storm. The gardens were destroyed completely and the row crops were beaten to the ground. However, there seemed to be no wheat crops within its course, but a part of W. H. Warren's oats crop was destroyed.

Mrs. Ribble and daughter, Iris, of Portales, N. M., are spending this week visiting Mrs. J. C. Wilkinson. Mr. Ribble was formerly manager of the Rockwell Bros. Lumber Yard at Portales.

The Christian Endeavor Society has planned to hold special meetings on Sunday afternoons at the homes of the people living too far out from town to permit of their attending the regular meetings. The first effort of this kind was held Sunday at the home of Mrs. Reeve, nine miles west of town. The social committee has announced a social at the Sterick home east of town

AS TEDDY JR SEES IT

Editor's Note: The recent triumph of progressive Republican candidates in various states and aspect of other Old Guard leaders brought forth the following comment from Theodore Roosevelt, Jr., Assistant Secretary of the Navy, when approached by the Washington representative of this newspaper:

I AM delighted with Gifford Pinchot's victory in Pennsylvania. It indicates a general trend toward progressive ideals. In this connection, however, it is necessary to bear in mind that since 1912 lines are blurred considerably on progressive policies. For example, a very large part of the 1912 progressive platform has already become the law of the land. In this woman suffrage is a specific incident.
