## Trustees Let Bid For Track Surface

By DON RICHARDS  
Brand News Editor

Hereford School Trustees Tuesday night awarded a bid of \$38,000 to Vibra Whirl of Panhandle for the installation of a new surface for the running track at Whiteface Stadium.

Construction for the new track is expected to begin with the end of football season the middle of November and is expected to be completed before the start of track season next spring.

ORIGINAL BID for the track from Vibra Whirl was \$41,965. However, the company had bid for resurfacing more of the track than what was needed and company officials later agreed with school officials for the \$38,000 price tag.

The construction includes resurfacing of the running track, new approaches to field events and porta pits for the broad jump and pole vault events.

Immediately before opening the bids, Trustees canvassed the results of the

Oct. 2 election in which local voters approved the bonds for the new track. The board then sold the bonds to Hereford's First National Bank at an interest rate of 4.20 per cent.

IN OTHER ACTION at the five-hour meeting, board members accepted bids for a new drivers education car, heard a report from the building trades program of the school and hired four new teachers.

Bids for the new drivers education car were opened from three local agencies for four cars. Orval Watson submitted bids of \$1,370.74 and for an LTD and \$1,181.96 for a Ford Galaxie. Doyle Johnson submitted a bid of \$1,810.52 for a Chevrolet Impala and John Osborn submitted a bid of \$1,600 for a Pontiac Catalina.

All bids were for 1974 models and included the trade-in of the present drivers education car.

Bids accepted by the trustees was the LTD Ford from Orval Watson.

REX MANLEY, teacher of the building trades class gave board members a report of the progress of the class in building additional dressing rooms to the athletic field house, which is the class project this year, and how he works with the students.

"We teach each boy a safety program first concerning working with the machinery and then how to take care of the tools and tool room," Manley said. "We try to teach a general knowledge of all building trades and then let the students go into the areas they want to learn more about."

Manley said the boys are becoming very good in bricklaying, electrician work, carpentry and other trades and will definitely have a trade established by the time they graduate.

New teachers employed by the board include Jeanette Ramey for Northwest Elementary; Mary Lindley at La Plata; Sherry Harder at Stanton; and Naomi Hare as a special education teacher.

IN OTHER discussion administrative assistant Jim Holmes told board members that high school classes will be held for girls who are not in school because they are pregnant.

"Any girls or women who would like to enroll to keep up with high school classes may do so by contacting high school counselor Mrs. Wilma Braddy," Holmes said.

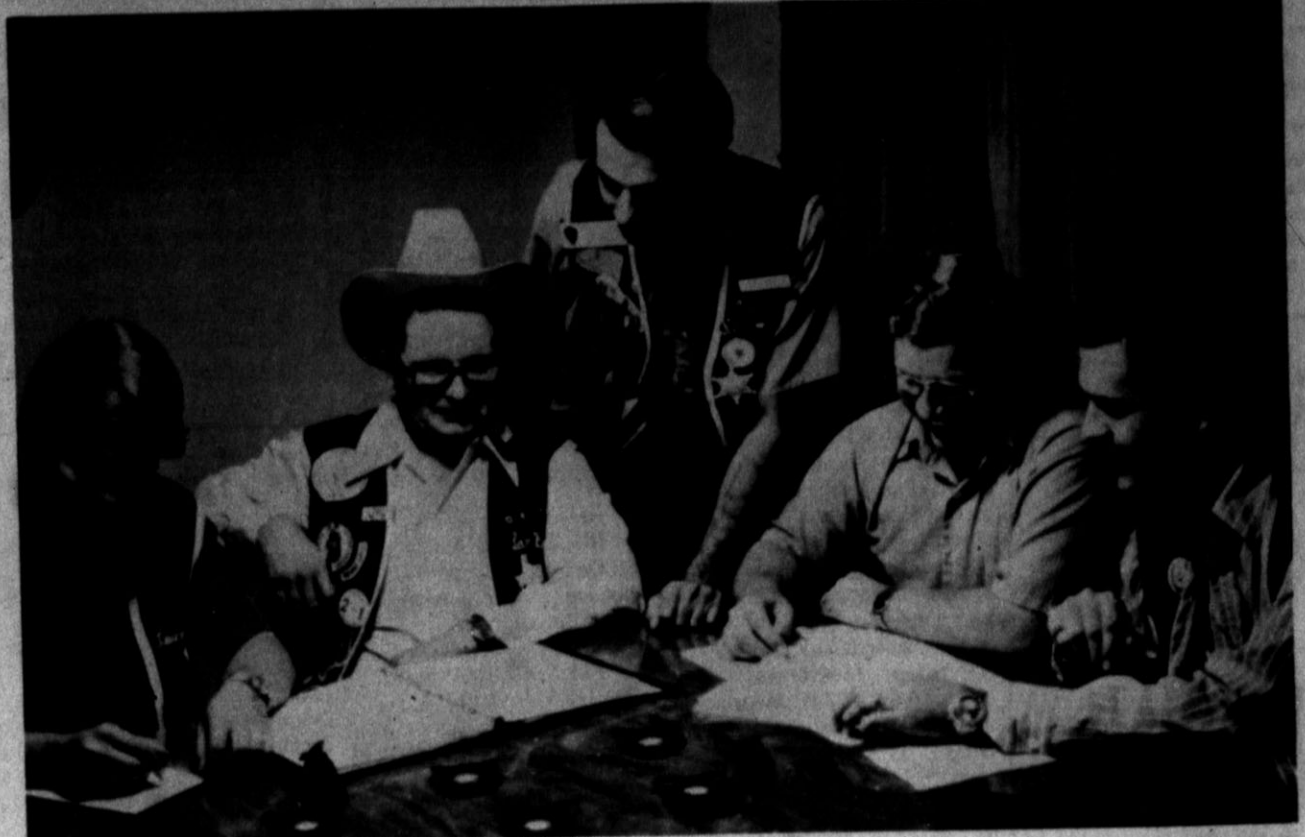

Supt. Roy Hartman informed trustees Hereford has more than 100 persons hired under federally-sponsored programs and their wages paid by federal monies.

Board members also adopted a policy concerning forfeiture of honors by students and a policy concerning outside employment of teachers.

Students may be suspended under the policy for flagrant violations of school rules. Teachers are also allowed to hold outside employment as long as that employment does not interfere with school work.

In final action of the night trustees learned from Lubbock Architect Herd Brasher that final plans for the new elementary will be ready November 1 and bids will be let then.

All board members were present for the meeting except Dr. A.T. Mimms.

### Branding

By Speedy Nieman

That feller on Tierra Blanca Creek says too many people reach for the stool when there is a piano to be moved.

GERALD PAYNE (Deaf Smith County Abstract) was the top bidder for the first Dirk West cartoon published in The Brand. Payne paid \$25 to the Whiteface Booster Club to claim the original cartoon at the boosters' meeting Tuesday night. The Brand presented the drawing to the club to be sold at the meeting.

THIS IS National Newspaper Week, ending Saturday, and the theme this year is "Your foundation for free choice." Newspapers are partners with the public. They are the people's voice, guardian of democracy, and catalyst for civic action.

No matter what happens locally, people know their newspaper will try to provide the facts. The Brand places emphasis on local news — it is the only newspaper that really cares about you! Studies show that 8 out of 10 adults read a community paper. What other news source can claim such trust and loyalty? Where's the fire? Who won the election? Who made the touchdown? Find the answers in your newspaper, plus a lot more. Your local newspaper is a faithful partner... joining hands with you to get things done!

THE UNITED FUND campaign will kickoff Oct. 22, and volunteer leaders are already making plans to direct a drive that will meet the goal. With prospects of good crops and other related economics, it should be a year when the community shares some of its blessings with those not so fortunate. It can be done — but only by everyone giving a fair share!

### Kickoff Planned

#### For UF Workers

A kickoff breakfast is planned for all United Way workers at 6:30 a.m. next Thursday at Dickie's Restaurant.

The meal is sponsored by the First National Bank of Hereford and will be the main meeting for workers before the local United Way drive begins Oct. 22.

All volunteer workers will receive final instructions from local United Way officials and will receive their kits.

## County Has Routine Session

Deaf Smith County Commissioners held a routine meeting Monday, approving bills and regular reports, authorizing a representative to attend a Governor's conference Oct. 23, and approving a special request for use of the Bull Barn.

Commissioners also received word from Gov. Dolph Briscoe that Tommy D. Carnahan has been appointed to the board of directors of the Red River Authority. The governor had asked the court to recommend someone to replace V.E. Dodson.

COMMISSIONERS were told at the last session that Dodson was retiring from the post. He has been a director from Hereford since the Red River

Authority was first organized. In a resolution to the governor, the court praised Dodson for his longtime and valuable service, and recommended that Carnahan be appointed as the new director.

Commissioners also heard a request from Howard Gault and other interested parties for a hard-surface road east of Hereford. The road in question extends about four miles from the highway to a feedyard. No action was taken.

JUSTON McBRIDE, county agent, appeared at the session to request that one or more of the commissioners consider attending a Governor's conference on the Rural Development Program. Commissioner Marcus Latham was

authorized to attend the meeting in Austin Oct. 23.

Mrs. Susie Curtsinger appeared to request use of the Bull Barn for a "Western Jubilee" which is sponsored by the Rebekahs. She explained the event was getting too large to hold at the lodge. The jubilee is tentatively set for Nov. 13. Approval was granted, provided no scheduling conflicts prevented use of the Barn on that date.

Two members of the court were out of town and unable to attend the first session of the month. Absent were County Judge H.C. Williams and Commissioner Donald Hicks.

## No. 1 Boys Organization Funded By United Way

By KATHY MARGRAVE  
Staff Writer

Boy Scouts of America, the number one youth organization in the nation, will have approximately 875 boys and girls in the local scouting program by the end of this year.

The Llano Estacado Council of the Tierra Blanca Boy Scouting District is funded locally by the United Way.

LAST YEAR the local council, under the direction of Jerry Helfenbein, asked for \$8,500 from the United Way

Fund. The council received only 70 per cent of that amount, due to the fact that the drive did not meet its goal.

"Basically, each individual troop in the council is self-supporting," Helfenbein explained. "However, we need money from the United Way to keep us in supplies, for maintenance on Camp Don Herrington, to send underprivileged kids to camp, to maintain records for each individual scout and for various summer programs that we conduct," Helfenbein said.

THE LOCAL council maintains 18 acres of land that is available for public use for picnics and outings.

The Llano Estacado Council has 33 units, with 15 cub packs, 12 troops and 9 explorer posts.

The newest group in the council is the explorer post.

"The explorer post is for boys as well as girls and offers training in vocational fields and general interest fields which include radio-TV, medical, law enforcement and veterinary medicine and many more," explained Helfenbein.

## Dippel Says Amarillo Game Best Of Year For Hereford

Hereford Whiteface Head Coach Larry Dippel said this week he felt the Herd's win over Amarillo High Friday was "the best overall game" the Hereford team has played this year.

"We played real well defensively and had 188 yards rushing and that's pretty good," the coach said. "We had 221 yards total offense against a good defensive team."

However Dippel said he had not passed as much during the game as he wanted to.

"We should have thrown more," the coach said, referring to Hereford's two completions in nine pass attempts. "It would have helped our offense quite a bit if we could have."

THE 21-2 win over the Amarillo team finished non-conference action for the Whitefaces and left them with a perfect 5-0 record before entering district play next week. They face an open date Friday, but start the district against favored Lubbock Monterey here in a Hereford homecoming game next week.

Hereford, with its unbeaten, untied record, is the only AAAA team in the West Texas area with an unblemished record.

HOWEVER, Dippel suggests that that record may be hard to keep in the upcoming district games.

"The entire district looks tough," he said. "Monterey has had a tie game, but they are still undefeated and look real strong. Then Lubbock Corona do has been playing extremely well lately."

Snyder got beat last week, but that could be the best thing that has happened to them. They could really get stronger because of that."

The coach said entering district play is like starting a new season.

"IT'S NEW life for everyone," he said. "Records really don't mean a thing anymore. Now is when the wins and losses really begin to add up."

Dippel said the Hereford players will be drilled on basic fundamentals this

week before they begin really preparing in-depth for Monterey next week.

"This is our first chance to go back and sharpen up on basic fundamentals," he said. "We won't spend a lot of time on them, but just to refresh their memories."

DIPPEL SAID the Amarillo Sandies surprised Hereford some last Friday because "they didn't do exactly what we had expected them to."

"They had never thrown the ball as much as they did against us," he said. "Also they did a lot more stunting on defense than we had anticipated."

"That did hurt our offensive consistency and we had to have the big plays. Fortunately, we did have those big plays. Also, we did some adjusting at halftime and then we moved the ball better."

Dippel said all Hereford players came through the game in good physical shape and that all players should be in top shape for the Monterey game.

# Jaycee-Ettes Gather For Area Convention

Jaycee-Ettes of Area IA will convene here on the weekend with Jaycees who will hold their annual fall meeting beginning at 6 p.m. Friday at the Red Carpet Inn.

Hereford Jaycee-Ettes, headed by Mrs. Dale Smith as president, will be hostesses at some events for the "Ettes", wives of Jaycees, and will join with their husbands as hosts at

programs for both women and men.

Mrs. Bill Blackburn of Childress, new vice president for Area IA of the Texas Jaycee-Ettes, is to be here to conduct business sessions of the women's organization. She was appointed to head the area at the summer state board meeting in Victoria last July.

Proceeding that appointment, she served as regional coordinator in 1972. She was one of the organizers and was named charter president of the Childress Jaycee-Ettes in 1970. Since then she has held almost every local office.

There are now 14 Jaycee-Ette clubs in the Panhandle area, all expected to have representatives at the convention.

Main purpose of the Jaycee-Ettes is to aid Jaycees in their programs of service to community and humanity.

Hereford members have cooperated in all Jaycee service activities and also have contributed to the Hereford Day Care Center, assisted the C of C

Women's Division in conducting the Miss Hereford pageant and in a city beautification project.

"Jaycee-Ette clubs give a young wife an opportunity to participate more fully in her husband's life as well as to accomplish something on her own," is Mrs. Blackburn's comment. "We often hear someone ask, 'What can I do; I'm only one person?' but in Jaycees and Jaycee-Ettes you are many."

Chartered in March, 1971, the present Jaycee-Ette group in Hereford named Mrs. Larry Jackson president. She was succeeded by Mrs. Bill McKinney and then by Mrs. Smith.

# Rotarians Learn About County 4-H

Representatives of the Deaf Smith County 4-H Chapter were the guest speakers Monday during a noon luncheon of the Hereford Rotary Club.

Local chapter members who told the Rotarians about 4-H

The club presently has 79 members and has its annual awards banquet scheduled for Friday night at 7:30 p.m. in the Bull Barn.

# \$24,000 Burglary Reported

By STEVE CONNELLY  
Staff Writer

A burglary of over \$24,000 occurred some time between Friday afternoon and early Saturday morning at the home of Taylor Holland, 248 Northwest Drive.

Among many other items, the theft included radios, jewelry and coin collections.

Holland reported the incident to the Hereford Police Department after he returned to his home and found it had been burglarized.

Holland is offering a \$500 reward to anyone who can give information leading to the arrest and conviction of the burglars.

David Mondragon, 210 Fuller, and Domingo Villareal, 702 Ave. F, were arrested for the theft of eight truck tires from the Shook Tire Co. Saturday afternoon.

The burglary reportedly occurred at 12:30 a.m. Friday, and the two men allegedly sold the tires soon after the incident.

Mondragon was released under a \$500 bond and Villareal was released on a bond of \$2,000.

William F. Benefield, 22, and Steve Crantz, 17, were arrested after they were observed apparently inhaling varnish fumes Friday at 8 p.m. by an officer of the Hereford Police Department.

Bond was set on Benefield and Crantz for \$100 each and both were released on these bonds this weekend.

Jessie Flores, 21, was arrested for possession of marijuana at 10:10 p.m. Saturday in the intersection of 7th Street and Miles Avenue.

Flores was released on a bond

of \$1000 for the charge. Another arrest for possession of marijuana took place at 12:25 a.m. Saturday in the 100 block of Knight street.

Eugene Condarco, 105 Knight was arrested in front of his residence by police officers after they had reportedly observed him driving recklessly. Bond was reportedly set at \$500 for the charge.

Two thefts of smaller amounts occurred over the weekend from two local businesses, both involving soft-drink machine burglaries.

Loerwald Bros. Welding, 231 W. 2nd, was burglarized of a small amount of change from a soft-drink machine inside the building sometime between noon Saturday and 7:50 a.m. Monday.

The second business was the Toro Truck and Trailer Co., 127 Miles, which was burglarized between 6 p.m. Saturday and 9 a.m. Monday of a small amount of change from the soft-drink machine in the business.

A traffic accident at 10:10 a.m. Saturday in a parking lot in the 400 block of W. Hwy. 60 occurred, involving a truck hauling a trailer and a parked car.

A 1970 Plymouth, owned by Garre D. Lowrance, 1613 E. 17th St., was parked in the lot when a 1969 GMC truck, driven by Robert Baldrige, Box 166, Miami, Okla., hauling a produce trailer backed up in the lot and collided with the Lowrance car.

A second accident Saturday occurred at the intersection of Park Avenue and Avenue B at

8:30 p.m. involving two cars. A 1965 Chevrolet, driven by Marvin E. Galvina, Jr., 902 S. Main St., evidently passed another car at the intersection and collided with a 1973 Pontiac, driven by Jesus S. Campos, Box 301, Friona.

An accident in the 400 block of Park Avenue occurred at 5 p.m. Sunday involving two cars.

A 1967 Buick, driven by William W. Phillips, 108 Ave. I, and a 1970 Chevrolet, driven by James E. Stubbs, 211 W. 6th, were headed west on Park Avenue when the Stubbs car attempted a left turn from the right lane and collided with the Phillips car.

Sunday's second accident was reported at 7:45 p.m. and took place at the intersection of Hwy. 60 and Progressive Road.

A 1968 International truck, driven by Harry A. Allen, Rt. 5, Poplar Bluff, Mo., apparently stopped at a stop sign at the

intersection, left the intersection and collided with a 1972 Chevrolet, driven by Ray E. Monroe, Rt. 2, Hereford.

One accident was reported for Monday in Hereford at the parking lot of Herf's Drive-In at 8 p.m.

A 1966 Chevrolet pick-up, driven by Patricia Ann Foreman, 416 Ave. G, was apparently parked in the lot and began to back out and collided with a 1970 Chevrolet, driven by Robert D. Smalls, 700 Cherokee.

Two persons were arrested during the weekend for being intoxicated, and two others were arrested for drunk and affray.

## Local Realtors To Take Courses In San Antonio

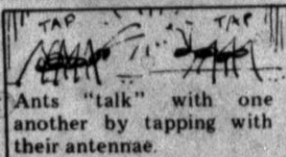

Numerous men and women in the local real estate business will join hundreds of others from all parts of Texas in the Oct. 14-20 Texas Realtors Institute courses in San Antonio's Convention Center, it was announced here by Gene Campbell, president of the Hereford Board of Realtors.

"Those who take a week away from their business to enroll in either Course I, II, III or IV in San Antonio will stretch their professional capabilities in day to day and long range real estate transactions at a very high pace. What you've got in the Institutes is a winning combination, I think, for the

subjects covered concern, as well as future real estate matters, with a faculty that's experienced in practicality and as a teaching team," Campbell said.

"To participate in Course I, you do not have to be a member of the Texas Association of Realtors which sponsors the session, nor do you have to hold a real estate license. College students, homemakers, bankers and others will be found in this course. It's basic, focusing on real estate law, construction, professional standards, appraising, sales, finance and closings, but it gives the student new earning power."

Benny McMahan of Dallas, the education committee chairman for TAR, has announced that fees are \$100 for non-members of TAR and \$75 for members of TAR.

**CAST OF PLAYERS' SHOW** — Each actor in the comedy, *Any Wednesday*, which Hereford Community Players will present three evenings beginning today, has a major role in the laugh-provoking story of high life in a penthouse apartment. The show will begin at 8 p.m. in the former Yardstock location at Sugarland Mall, with tickets available at the door. Forming a romantic triangle in the plot are Mary Ann Dziuk, seated, as the wife, Jennifer Graham and Archie Dwyer, standing, as a young girl and her older lover. The fourth cast member, David Moxon, appears as a young man with a sense of humor who breaks into the trite old situation.

## Lutheran Parish Service Leader Will Speak At Immanuel Church

The Rev. Ray Schkade will be guest speaker for special mission services in Immanuel Lutheran Church at 11 a.m. and 2:30 p.m. Sunday, with the public invited to hear him.

He will also speak to the Bible class at 9:45 a.m. and has asked that both adults and high school youth be in the class, the Rev. Herman J. Schelter, pastor, announces.

Rev. Schkade since 1967 has been executive director of parish services for the Texas District of the Lutheran Church, Missouri Synod.

He has developed new parish programs and is in demand as a lecturer and workshop leader not only in Texas but in other districts. In his district he is responsible for Christian education, stewardship, evangelism, recruitment, youth and social ministries.

In addition, he is serving as senior chaplain of the 111th Transportation Group of the National Guard, member of the board of directors of Lutheran Social Services of Texas and fraternal leader of Lutheran Brotherhood Regional Branch.

A native of Giddings, Rev. Schkade received training for the ministry in several Lutheran colleges and seminaries.

He vicared at Grace Lutheran Church in Brenham preceding his last two years of seminary study, and upon graduation was assigned to organize a mission

WITH ALL the things For-Benefit-Of this and that scheduled before the year ends, don't forget to mark your calendar on Oct. 23, date of the style show sponsored by Kings Manor Auxiliary.

This I'm saying not only because the Auxiliary is making life more pleasant for many of the residents of the Manor, and style show proceeds will help them, but because entertainment is being planned that I'm sure you'll like.

It won't be just an ordinary fashion show. In the first place, the garden room out at the Manor, one of the new wings that serves as the residents' recreation room as well as a place for public meetings, seems made for a fashion parade. Its growing plants will be part of the decor, a window wall opposite the stage area is sunny, and there's plenty of space.

**THE SHOW THEME** will be Alice In Fashionland, I'm told by Joanne Simmer, who is general chairman. Picture Sylvia Emerick as Alice from the famous Wonderland book, Margaret Formby as her friend the White Rabbit, and John Gilliland as the Mad Hatter.

Costumes are being assembled under Amy Gilliland's direction. Then the parade of fashions from Gaston's will have Teddy Alexander as narrator, and organ music by the expert Elston-Clark will thread through it all.

Don't you want a ticket? They're on sale now for \$2 by all members of the Auxiliary.

**BIRTH** of a son, Chad Michael, to Mr. and Mrs. Don L. Davis of Freeport is announced a little late here; he is already three weeks old but maybe he hasn't started to school yet. He was born Sept. 20, weighing eight pounds, thirteen and a half ounces.

Grandparents are Mrs. George Pope and Joe A. Huckert of Hereford.

**DONNA STENDEL**, a Hereford freshman at West Texas State University enrolled in the two-year secretarial program, is a member of Alpha Delta Pi, advisor at Brown Hall, member of Hall Council and of AWS, a release from Canyon says.

She is the J.W. Stengels' daughter and an HHS graduate. After graduation at WT she hopes to work in the Muscular

Dystrophy Association, to which she has given much time as a volunteer.

**LIVE THEATRE** is plentiful in town this weekend. High School Thespians will give their fall play, A Distant Bell, Friday evening in the school auditorium, and the Community Players will present a comedy, Any Wednesday, today through Saturday in-the-round in Sugarland Mall.

## Stagner Family Here In Reunion

Eight sisters and brothers, all the children of the late Mr. and Mrs. Joe Stagner, were together last weekend for the first time since the death of the parents.

Fred Stagner came from San Francisco, Mr. and Mrs. Joe Stagner and their daughter, Toni, from San Antonio.

They all spent Sunday in the home of Mrs. Owen and Miss Stagner, who share a duplex, and in the afternoon other relatives joined the group to visit and take photographs. Supper Friday was in the Owen Stagner home, featuring trout which Stagner caught on a trip to Gunnison, Colo.

Among the relatives present were Mr. and Mrs. Walter Easter. He is a brother of the late Mrs. Joe Stagner, the only member now living of the pioneer Easter family.

## Guests Introduced At Newcomers Lunch

Introductions were made informally for half a dozen guests and the members of Hereford Newcomers Club who were present at the October luncheon Tuesday. The meeting was in Community Center.

Time was spent in get-acquainted conversation after the covered dish lunch. Tentative plans were made for a holiday bazaar to raise funds for club activity and community projects. More definite plans will be fixed at the monthly business meeting at 7:30 p.m. October 18.

For that meeting, Mrs. Homer Yocum, president, will be hostess in her home at 1014 East Third.

Guests who were invited to become club members were Mmes. Gary Singer, Robert Brown, Willie Hohn, Rory Elizondo, Tommy Gray and Richard Elsheimer.

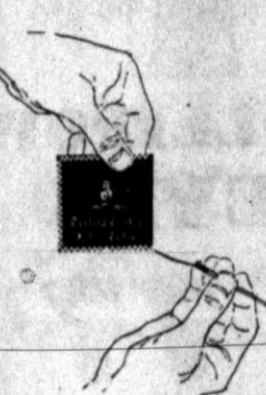

Mrs. Yocum emphasized that all women who have been Hereford residents less than two years are eligible for membership. Any newcomer who would like more information about joining the club is urged to telephone Mrs. Yocum at 364-5845.

## Club Hears Facts About Arthritis

More women than men are affected by arthritis, a very prevalent disease among all ages in this nation, members of West Hereford Extension Club were told in a program Tuesday afternoon at the home of Mrs. Roy Boyd.

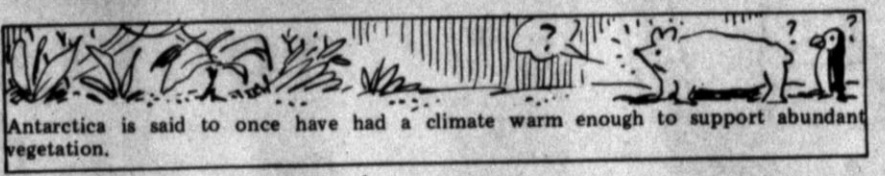

Mrs. E.M. Cox and Mrs. Boyd gave the program. Mrs. D.W. Allmon directed a recreation period afterward, and received the hostess gift for the day. Other members present were Mrs. John Jacobsen Sr., Mrs. Mlys Pierce and Miss Evelyn Bell.

To: Deaf Smith Chamber of Commerce

From: Dorell L. Jones  
Subject: Election to Board of Directors of  
Chambers of Commerce

I am seeking a position on the Board of Directors and, since I am a relative newcomer to Hereford, feel a responsibility to present to you my philosophy, qualifications, and experience.

A PERSONAL NOTE FROM

C. Earl Page  
Mayor

To the Honorable Mayor of Hereford, Texas. 3/28/73  
This informal note is to introduce, in an equally informal manner, one of my good friends and a long-time resident of Spencer, Iowa - Dorell L. Jones. We shall nurse a good-neighborly grudge against Hereford, Texas, for enticing him from "Success City U.S.A.", but do wish him well in his new adventure with you (all). Dorell's background is more than impressive, and includes former membership on our City Council and able association in successful business association with one of my best friends, "Kort" Schnorr (dec.) Respectfully yours,

I believe that a director must be very interested in the growth and economy of his city and must have the necessary time to develop ideas into action. I also believe that one should have considerable knowledge in the fields of economy, city government, community expansion and growth, as well as religious and civic activities.

I served for seven years as an elected city government official in a city whose population is comparable to Hereford and understand city government problems.

As for my personal data, I am a member of the First Christian Church, a veteran of World War II, a Mason-Shriner, a past post, county, and district commander of the American Legion, and am a member of the Elks Lodge. I was actively engaged for thirty years in an automobile dealership and for seven years in the clothing business. My two sons are public school teachers and my daughter is an employee at a local bank. At present my wife, Ethel, and I are owners-operators of the Friendship Chateau Inn.

Enclosed is a copy of a letter from the Mayor of Spencer, Iowa, to the Mayor of Hereford, Texas as testimonial of my character and reputation.

## Hereford Students Pledge At WTSU

Seven West Texas State University students from Hereford have pledged social sororities following fall rush at the campus in Canyon.

Melissa Ann Johnson and Patricia G. Herr pledged Alpha Delta Pi, while Alesia Ragsdale and Elizabeth Word joined Chi Omega.

New members of Zeta Tau Alpha are Suzanne Debra Hewitt and Nancy Newsom, both freshmen. Also, Marcia Tiefel who is a 1973 sophomore pledge.

Miss Johnson is the freshman daughter of Mr. and Mrs. Julian W. Johnson, Star Route, Hereford, Miss Ragsdale is the sophomore daughter of Mr. and Mrs. Mack Ragsdale, Rt. 5.

Mrs. Robert Word, 221 Ranger are the parents of freshman pledge Miss Word. Miss Herr, freshman is the daughter of Mr. and Mrs. Raynold J. Herr, 103 Aspen, and Mr. and Mrs. Carroll F. Newsom, Miss Newsom's parents, live at 150 Live Oak. Miss Tiefel is the daughter of Mr. and Mrs. Ar-

thur Tiefel, 231 Ave C. Mr. and Mrs. L.C. Hewitt of Rt. 3, Hereford are the parents of Miss Hewitt.

The week-long period of rush at WTSU started Sept. 3 with a convocation and included four rounds of parties during which the rushees learned which sororities wanted them and the sororities learned which girls wished to join them.

Five sororities affiliated with the National Panhellenic Conference are represented on the Canyon campus. They are, in addition to Alpha Delta Pi, Chi Omega and Zeta Tau Alpha, Delta Zeta and Kappa Delta.

While Greeks in other parts of the country reported dwindling interest on college campuses in recent years, "we continue to hold our own or grow," says Mary Lou Famum assistant dean of women at WTSU.

Ninety-six girls pledged sororities this fall. The local Panhellenic Council sets a limit of 55 members for each of the WTSU sororities.

# Farm Life Then And Now Surveyed

Farming, which followed ranching in the Panhandle area, took that order in programs of Pioneer Study Club and was the subject at a luncheon Tuesday in the House Of Wong. The preceding program was concerned with ranching on the Plains.

Mrs. O.G. Hill Sr., sketching the history of farm operations from days of the homesteaders to present irrigated crops, had her own experience to draw upon.

Humor and drama were added to her talk with personal recollections of coming at the age of 10 with her parents and younger brothers and sisters from Central Texas to homestead in Eastern New Mexico.

From the difficult life of pioneer farmers Mrs. Hill told how use of machinery, electricity and finally irrigation has changed the manner of farm

operation and farm life. She has been closely associated with farms in this area through the years and still, with her sons, manages farm and ranch operations.

With Mrs. John Winder and Mrs. L.H. Lookingbill Sr., Mrs. Hill was hostess for the luncheon. They decorated tables with chrysanthemums from Hereford yards, and toy farm machines. A chrysanthemum corsage was placed at each place.

Roberta Campbell recited her favorite Bible verse to open the program, after flag pledges led by Mrs. Frank Ball.

Other members lunching were Mmes. W.M. Wimberley, R.L. Wilson, P.B. Sowell, Delmar Sigle, J.V. Pickens, Wirt Phillips, Ted Panciera, Henry F. Neely, H.E. Miller, Tandy Legg, W.C. Hromas, John Heard, Henry Hastings, Herman Ford and C.L. Craig.

**ON REGIONAL PROGRAM**—Mrs. Gerald Hale and Mrs. Bob Hamman are members of a panel from Delta XI Chapter of Hereford, which will take part on the program at the regional meeting of Delta Kappa Gamma in Amarillo Saturday. Mrs. J.D. Neill is also on the panel, which was arranged by Mrs. Dick Montgomery. Their subject is Goals For Women In Education.

## Creative Auction Slated In Club

Lone Star Study Club's annual auction of items which its members have created, to raise funds for the club treasury, was planned at the meeting Tuesday afternoon in the home of Mrs. Jim Bookout.

The auction will be held Nov. 13 with Mrs. S.S. Williams in charge. Members voted to be responsible for transportation of Kings Manor retirement home residents during October, a customary service activity. Mrs. Gaston Baer gave the program Tuesday, reading first an essay titled "What Democracy Means To Me, then adding spice in a humorous verse, Maggie Goes On A Diet. An essay was written by a schoolgirl who compared

democracy to a light carried by a blind man. Responding to an inquiry, the story went, he said that he did not need the light, but "it can keep others from tripping over me."

The essayist's comment was that she was born to democracy, had never felt the need for it because it was simply there, but she considered it a challenge to do something for others.

Mrs. Henry Vaughn was hostess with Mrs. Bookout. They served refreshments to Mmes. R.G. Blue, J.E. Shirkey, J.C. Williams, S.S. Williams, M.H. Wiseman, S.B. Womble, G.W. Newsom, John Moore, W.O. McCutchen, C.D. Kelton, John N. Jacobsen Jr., Jim Higgins, H.E. Henslee, W.S. Fluit, J.J. Durham, Virgil Dodson, Hardy Benson and Miss Mildred Elliott.

Mrs. Jim Ward ... works with youth groups

## Let's Cook

### One Of New 4-H Leaders Is Youth Work Backer

By SUE COLEMAN  
Women's Editor

ACTIVITY in youth organizations has become a habit with Mrs. Jim Ward, not as one of the youth but as a mother. She says she was "never a joiner" as a girl, but she has been involved in Cub Scouting, boys' athletic leagues and now 4-H Clubs with her children.

She is one of several new adult leaders in 4-H Clubs of this county, serving as leader of the new WIN Club. Volunteering to become an assistant, she found herself quickly promoted to leadership and attending a district training session.

Some of her children have been 4-H members, and award winners, in past years and she is pleased to be a part of the program for youth which is observing National 4-H Week now.

SHE BELIEVES it is one of the best of the national youth organizations, and says the program it offers is practical and also appealing to girls and boys in the 9 to 19-year age range.

Interest of the Ward children in its livestock programs, plus Ward's own liking for farming and stock raising, induced the family to sell their home in Hereford and lease the place where they now live west of town just off Holly Sugar Road.

It is known here as the old J.C. Reese place, since that family occupied it for many years. The two-story stucco house with its wide porches, big windows and high-ceilinged rooms is surrounded with shade and fruit trees and there is space for a large garden inside the fenced yard.

BARN AND corrals at the back accommodate the youngsters' 4-H animals. Ward farms some adjoining land to grow stock feed. The whole family gardens, growing food to eat, can, freeze and give to friends.

Ward grew up on a farm and enjoys the outdoor chores as a change from his regular job; he is drivers license examiner for the Texas Department of Public

Safety here. The family has lived here seven years.

Mrs. Ward was born in Pryor, Okla., and lived in several places where her father's work took her family, before graduating from high school in Tucson. She was Joyce Ball before her marriage.

SHE WAS A student in Abilene Christian College at that time and he in military service. Except for a short time in Kansas City, where their oldest daughter was born, the Wards have lived in Texas; they were back in Abilene before the move to Hereford.

The children are Diane, 16; Tammy, 13; Greg, 11, and Marsha, four years old.

Favorite recreation of the family is camping. Scorning the niceties of plush motor campers, they load tents and other equipment for real roughing-it, and enjoy the mountains of New Mexico and Colorado with a Jeep to take them where a car can't.

"All of us pitch in to cook and clean, so the camp chores are fun and we all look forward to camp trips," blonde Mrs. Ward says.

SHE LIKES homemaking activities, sewing and other handicrafts.

"Of course I sew for the three girls and myself, and last year I was ambitious enough to make a knit suit for my husband and it turned out all right so I may make more.

The older girls are learning to sew now — that's another thing

they get in 4-H work — so I'll have more time to crochet and knit."

Joyce Ward is active in her church also, teaching a kindergarten group in Central Church of Christ.

Picking a favorite recipe, she considered the taste of the cook's best judge, her husband. He calls her carrot cake the best he ever ate, and she says it is easy to make and very good for freezing.

#### CARROT CAKE

- 3 cups flour
- 2 cups sugar
- 2 tsp. baking powder
- 1 tsp. soda
- 2 tsp. cinnamon
- Pinch salt
- 1 cup salad oil
- 2 cups grated carrots
- 1 small can crushed pineapple with juice
- 3 tsp. vanilla
- 3 eggs
- 1 1/2 cups pecans

Sift and mix dry ingredients, add liquids, then nuts. Beat eggs in last. Bake an hour at 350 degrees in tube or long pan, or in layers. Carrots may be "grated" in blender.

#### ICING

- 1 box powdered sugar
  - 1 stick margarine
  - 1 pkg. cream cheese (8 oz.)
  - 1 tsp. vanilla
  - 1/2 cup chopped nuts
  - 1 cup moist flaked coconut
- Cream all ingredients together well, and spread between layers, on top and sides of cake.

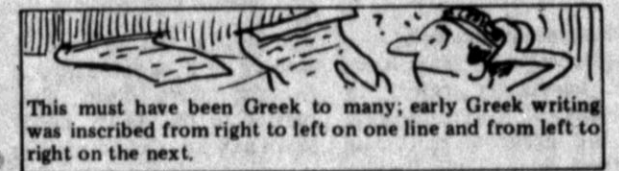

### Mrs. Sheppard Is Hostess For Club

A friendship quilt 40 years old was shown to Sunshine Club members by their hostess, Mrs. Edith Sheppard, as part of a program on quilts and quilting, given at the meeting Tuesday evening.

Members also saw a pantsuit bought as the club's birthday

gift to Kim Pizza, their "adopted" girl at Girlstown U.S.A. Mrs. Clotile Green received the hostess gift.

A salad course was served to a guest, Helen Watts, and Mmes. George Minor, Mike Koelzer, Clint Lundry, Willodene Brooks and Green.

This must have been Greek to many; early Greek writing was inscribed from right to left on one line and from left to right on the next.

## Operetta Included In Year's Programs

Yearbooks for the new club season were distributed to Music Study Club members at their meeting Monday afternoon in Mrs. Steve Clements' home. Mrs. Ed Line was co-hostess.

Mrs. Allen Cansler briefly reviewed the program outlined in the books, emphasizing a scheduled performance by club members of an operetta for Kings Manor residents Feb. 11.

Delegates named from the club to attend the fall convention of District I, Texas Federation of Music Clubs, in Borger this weekend are Mmes. W.T. Carmichael, Wes Fisher, Joe Hacker, J.R. Allison and T.W. Roberson.

Mrs. Roberson is a district board member as chairman of insignia, Mrs. Carmichael as chairman of sacred music and Mrs. Allison as chairman of a scholarship fund.

Music from the movies since the revolution in music of the 1960's, was the theme of the program presented by Mrs. Dale Young.

She said the decade produced music "that challenged the old answers and struggled violently with new questions," when singers wrote their own songs to

express political and private attitudes.

Mrs. Hacker and Mrs. Buddy Peeler played as a piano duet, Tonight, from Bernstein's West Side Story, followed by a performance of The Impossible Dream from Man of La Mancha, by Mrs. Tom Burdett and Mrs. Cansler.

Mrs. Carmichael, accompanied by Mrs. Major Schroeter, sang Dear Hearts And Gentle People (Mancini) and a chorus directed by Mrs. Cansler sang another Mancini selection, Charade, and Legrand's Windmills Of Your Mind.

Mrs. Burdett accompanied the chorus, composed of Mmes. Carmichael, Allison, Joe Reinauer Sr., Joe D. Rogers, Young, Fisher, Paul Lyons and Lynton Allred. A solo, What Is Youth? from Romeo And Juliet, was sung by Mrs. Rogers with Mrs. Jack Rogers as accompanist.

Recordings of music from the movies completed the program. Mrs. Hacker presided for business.

Mmes. Joe Schultz, Jan Walser and Jack Rogers, also Jessica Rogers, were welcomed as guests.

**PARENTS HELP IN 4-H** — As National 4-H Week is being observed a salute is due parents and adult leaders of the young members, who keep the 4-H program moving. Mr. and Mrs. Paul Scott and their daughters, Shelly and Barbara, top photo, share interest in the white rabbit, Peabody, central figure in the new project of rabbit raising. Care of dogs is another new 4-H project, and in the lower photo the handsome spitz, Mark, is shown by Peggy and Rodney Miller to their mother, Mrs. Buster Miller, left, and project leader, Mrs. Jim Ogle.

## Clubs At Dawn Unite To Expand Benefit Carnival

## Patriotic Program Is Heard

American patriots of past and present were named by 15 Valeda Club members in response to roll call Tuesday evening, when patriotism was the theme of a program directed by Mrs. Richard Ottesen.

Mrs. Frank Zinser Jr. was hostess in her home west of Hereford, and as president conducted a brief business meeting. Plans were completed for the club's guest night at the next meeting, Oct. 23. It will be in the home of Mrs. B.W. Sisson.

Mrs. Glenn Watts reminded members of the United Fund drive to begin soon in Hereford. Mrs. Ottesen spoke of The Spirit of 1776, saying that love of liberty and love of God motivated the patriots who founded the American way.

She played a recording, What Price Freedom? by the Regeneration Singers.

"Remember Me In Your Will"

Over and over again, Widow Green's housekeeper urged her to "remember me in your will." Sure enough, when the widow died, the bulk of her estate was left to the housekeeper.

In short order, disgruntled relatives took the matter to court.

"This is a clear case of undue influence," they charged. "This woman simply pestered the old lady into writing her will that way."

However, the court found the widow's will valid. The court said that mere pestering, while it might be considered uncouth, could not be considered undue influence in the legal sense.

All sorts of pressures may affect the provisions of a person's will without being unlawful. In another case, the pressure was romantic. When a businessman died leaving everything to his secretary, his children complained in court that she had used feminine wiles to overcome his resistance.

But again, the court upheld the will.

"It is undeniably true," said the judge, "that the female sex does have the power in many instances to exercise a dominating influence over the male sex. However, there is a difference between due and undue influence. Undue influence must be such that the party had no free will but stood (in bondage) because of such influence."

Of course it may be difficult to tell, after the person has died, just how powerful the pressures were. Therefore, the law looks for certain telltale circumstances.

For example, undue influence was found plausible by one court because the person was in a weakened mental condition when he signed the will.

And another court decided that the owner of a test home had exerted undue influence on a dying patient, largely because the terms of the will seemed "unnatural." The court found it suspicious that the deceased, always a devoted father, would have suddenly disinherited his children in favor of a comparative stranger.

# Texas' Akins Only Second Soph To Start For 'Horns

If football were one of those kids' games where you move a piece around the board at the roll of the dice, a sophomore quarterback would automatically signify "go back three spaces for more experience."

Marty Akins is only the second sophomore quarterback ever to start for Darrell Royal at Texas, and despite an apprentice year as a freshman

last season, he began this year with only 30 minutes of playing time to his credit.

Still, it was with the poise of an experienced field general that Akins took the Longhorns on a 70-yard drive that turned the momentum around in Texas' 28-12 Southwest Conference-opening win over Texas Tech Saturday.

It was the kind of drive which in past seasons has seen the

Longhorns jell into a solid offensive football team, and though the jury is still out on its lasting effects this time, there is no question of its impact Saturday.

"I was happy to see Marty have a game like that," said Fred Akers, UT's offensive coordinator who handles the backfield. "Naturally, you hope something like that last drive carries over, but those are

things you just have to wait and see."

The game was a big one for the Longhorns, particularly since it came after a season-opening loss to Miami.

"This was a good win, not just for Marty, but for us as a team," Akers says. "His effort and confidence and competitiveness haven't changed a bit since he got here, but his execution was a lot better. He did some things you don't see quarterbacks doing a lot these days - he did everything you can ask a quarterback to do."

## New Teachers Join Staff

Attracting the eye of many students at HHS, Mrs. Donna Martin, one of the many new teachers, teaches Western Society and Consumer Math.

Mrs. Martin has many interests. She enjoys swimming, likes to play volleyball, and tennis and loves to watch football.

The hobbies she enjoys most are reading novels, singing, listening to music, crocheting, and decoupageing. Mrs. Martin, after being asked what her favorite food is said "I like so many things that it would be easier to list my least liked food which is rutabagas."

Mrs. Martin is a native of Marietta, Georgia. She graduated from R.L. Osborne High School of Marietta and the University of Georgia.

Mrs. Martin says that this is her first year to teach, and even though she can't compare Hereford to any other school, she replies "I think it was a good place for me to begin my teaching career. The students I have are very cooperative, friendly, and talkative for the most part."

She likes the system of teaching used at Hereford High School. Mrs. Martin says, "Since I don't have a real basis

of comparison, I can only say that I feel able to teach with a good degree of freedom. I feel this is important because each teacher has and knows the method of teaching in which he or she can do the best job."

Mrs. Martin and her husband reside at 215 Centre.

"Words are my 'thing' next to people," stated Mrs. Bonnie Dee Masten, a new teacher at HHS. Mrs. Masten teaches four Spanish classes and one English class.

Mrs. Masten was born in Wheeler, Tex. and attended high school there. She received her college education at West Texas State University where she majored in speech and minored in Spanish.

When asked her opinion of Hereford, people and activities she replied, "My first impression came last Spring when I did my student teaching here. I was overwhelmed by the friendliness of the faculty and administration at HHS. Since my student teaching had been such a pleasant experience I applied for a teaching position."

Mrs. Masten has many hobbies such as cooking, reading, playing chess, gardening, snow skiing and

travelling. She has travelled around most of the United States and parts of Canada. She also has hopes of visiting Mexico City.

Not only does teaching and her hobbies keep her busy, but she attends WTSU on Monday nights to work on her master's degree in the fields of speech and Spanish.

Mrs. Masten has two daughters, Melinda who attends Stanton Jr. High, and Anjani who is three and a half.

Her husband John is employed at Walcott grade school as a coach.

Robert Allen has joined the biology teaching staff as one of the new teachers at HHS.

Along with Larry Walls, Mr. Allen has replaced Robert Priest and Gene Barkowsky who taught Biology last year. The third member of the biology staff is Mr. Tommy Rosson.

Mr. Allen moved to Hereford from Amarillo with this year being his first year as a teacher.

Mr. Allen attended high school in Dallas and spent two years at Amarillo High School where he graduated in 1965.

During his years in college, he went to Amarillo Junior College for two years and West Texas

State University for six years where he graduated in the spring of 1973.

Mr. Allen has a wife Paula and a little girl Sheila.

In his opinion of High School he answered, "I have been associated with Hereford High School only a short time but the over all atmosphere has been the best anywhere. I am looking forward for a great teaching

year and hope to accomplish many goals that have been set for this year."

Mr. Allen when asked about his favorite food said it was roast beef.

Sheila his daughter attends kindergarten at the First Baptist Church of Hereford.

Paula his wife attends West Texas State University as a student.

## Shorthorns Keep Things Moving, Longhorns Lose To Caprock 34-0

The Shorthorns retained a two game win streak adding a third victory Saturday at Clovis. The win-loss record is now 3-2-0.

Asked about the game, Sophomore head coach, Aaron Bourland said, "Overall, everyone played very well. We had some problems in the first half, falling behind 14-6, but we came out the second half and played probably better than we had played in any of the 4 preceding games."

In the scoring department, Clovis struck first and put eight points on the board.

Then in the second quarter Steve Jones, running off some good blocking from Roger Pickens, fullback, went 60 yards

around end for six.

Late in the second quarter, Clovis intercepted a Mike Arthro pass and ran it back 45 yards for another six, ending the half 14-6 Clovis.

In the third quarter, the Shorthorns drove down to the ten of Clovis and Mike Arthro floated one to Davis Ford for six more points.

The Defense held tough the entire second half and the Shorthorn's offense produced six more points as Steve Jones, once again off Roger Pickens lead block, went 50 yards around end to put them ahead 18-14 in the remaining five minutes of the game.

Outstanding defensive

players were Sammy Gonzales with two interceptions, Albert Gonzales with one interception, Mike Foster with one, and Luiz Marquez and Kenneth Henson making things tough on the line for Hereford.

The Shorthorns take on Plainview today at 4 in Hereford for their next game.

The Hereford JV football team was beaten for the second time this year as they fell to Amarillo Caprock by a score of 34 to 0.

In the first quarter Caprock got on the board after covering a Hereford fumble at the Longhorn 20 yard line. Caprock was able to make the two point conversion and led in the first

quarter 8-0.

The second quarter was the battle of the defenses as neither offensive team could make any progress.

In the third quarter Caprock kept increasing their points scoring two successful times making the third quarter score 18-0, Caprock's favor.

However, Caprock was not finished for the evening as again being able to capitalize on Hereford's mistakes. Caprock, was able to score two more touchdowns insuring their win as they beat Hereford 34 to 0. Hereford's JV record now stands at 2-2-1.

The Longhorns play Lubbock High on October 18, in Lubbock.

They have had the opportunity to dance at West Texas State University last year at a basketball game.

They went to camp this summer and won a blue ribbon in a performance competition with the other teams July 8-12.

They practice at school including Tuesday and Thursday nights with the band. Officers create routines in addition to the ones learned in camp.

Drill Team is very expensive and costs about \$220. The Drill Team pays for everything not including the buses for the out of town games.

## Thespian Play Set For Friday

The play will be presented Friday at 7:30 p.m., in the High School auditorium.

The play, written by Katherine Morrill, depicts an old woman, played by Beverly Willis, and her three lovely daughters, Rhea Ann Wesson, Donna Stroup, and Denise Strange.

Tryouts were open to anyone interested in drama. Director Mr. Wayne Hodgson cast the play with the help of his wife, Mrs. Daria Hodgson, and Mr. Rex Manley of building trades.

"It's a different and unusual play, and a very good one I

think," remarks Mr. Hodgson. "It ranges from comedy to tragedy and back again. You can't really classify it as one or the other.

"It's a very emotional play and requires a good amount of talent, which we have."

The remainder of the cast consists of: LaDonna Bridges, Cathy Koelzer, Brenda King, Frank Torres, Cameron Clements, Sara Ricketts, Kim Young, Alan Ward, Cindy Cridler, and D'Lyn Davison.

## LIFE AHEAD

Only four years have passed, but what lies ahead?  
Will this be a life of service to God and country...  
or will it be bleak, full of dissipation and sin?  
Parents—the job is yours! Financial security is good, but don't  
stop there. Much more than a life is at  
stake—*there is a soul to be reconciled,  
to be guided. Then tend him, nurture him—* for  
"A child left to himself bringeth his mother to shame." Prov. 29:15.  
Remember, his life will only be a projection of  
yours. Let us help make it a "Good Life Ahead."

The Lieutenant Governor's Report

# Constitutional Amendments Discussed

By BILL HOBBY  
In previous reports, I have discussed seven of the nine Constitutional amendments you will be asked to vote on this

November 6. The remaining two amendments deal with probate jurisdiction and non-profit water supply corporations.

Under the 1876 Constitution, the district court was limited to appellate jurisdiction and general control over the county court in probate matters. The

county court was given general probate jurisdiction. The district court has no original jurisdiction over the probate of a will, and deals in such matters only on appeal.

Amendment 6 would simplify and eliminate inefficiency in this process by providing that the district court, along with the county court, has general jurisdiction over probate matters.

Amendment 6 would simplify and eliminate inefficiency in this process by providing that the district court, along with the county court, has general jurisdiction over probate matters.

Amendment 9 gives the Legislature the authority to exempt from property taxation certain personal and real property of non-profit corporations and non-profit cooperatives which supply water.

The exemption would be limited to property which is necessary for the acquisition, storage, transportation, sale and distribution of water. If passed, this amendment would have to be implemented by statute. The exemption would apply only to property taxes, both state and local.

I hope the discussion of these amendments in the last few weeks has given you some information on which to base your vote.

Whatever your views of the amendments are, I urge you to express them at the polls November 6.

## Health Careers Assemblies Set For Hereford Schools

The Texas Health Careers Program will present Health Careers Assemblies in three Hereford schools October 24. The program will be presented at La Plata Junior High School at 8:30 a.m., Hereford High School at 10:15 a.m. and Stanton Junior High School at 1:00 p.m. The unique presentation by Spencer Guimarin, director of THCP, are designed to introduce exciting career opportunities in

health care to all students. With ever advancing technology and research the health care field offers great employment opportunities to people with a diversity of education and training. By 1980 it is projected the health care industry will employ more than any other single industry in the United States with the exception of Federal and state government.

The Texas Health Careers Program is a project of the Texas Hospital Education and Research Foundation and was begun in 1964 by the Texas Hospital Association because of a severe shortage in all health manpower categories. During the past six years the Texas Health Careers Program has presented assemblies to more than 730,000 Texas high schools and junior high school students.

## CHURCH OF CHRIST

15th & Blackfoot

**SPEAK THE SAME THING.** The Bible beseeches Christians to all speak the same thing. "Now I beseech you, brethren, by the name of the Lord Jesus Christ, that ye all speak the same thing, and that there be no divisions among you." I Corinthians 1:10. This statement is directed to the church of God which was at Corinth and "With all that in every place call upon the name of Jesus Christ our Lord." Verse 2.

**SPEAK AS THE ORACLES OF GOD.** "If any man speak, let him speak as the oracles of God." I Peter 4:11. If all would speak as the oracles of God, then they would assuredly speak the same thing. I am determined to do this. I will speak where the Bible speaks and be silent where it is silent. I will call Bible things by Bible names, and try to do Bible things in Bible ways. You can hear me speak in the meeting house at 15th and Blackfoot, or I'll be delighted to study with you in your own home. I'll not ask you to accept any thing that you can not read in your own Bible.

**THE GIFT OF GOD.** It is eternal life through Jesus Christ. (Romans 6:23.) This is given through the knowledge of Christ (II Peter 1:3.) This knowledge is available through the Scriptures. "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works." II Timothy 3:16-17.

It is our intention to be presenting Bible truth from week to week. Your comments will be welcome.

Highlights And Sidelights From Austin

# Third Largest State Oil Lease Sale Nets \$21.4

By Bill Boykin

"There'll be no 'right-to-work' law in the proposed new Texas constitution," predicted Lt. Gov. Bill Hobby and Bill Hartman, Beaumont Enterprise-Journal, at a meeting of the Texas Daily Newspaper Association last week.

Answering a question from a newspaperman at the summer meeting of the Texas Daily Newspaper Association in Guadalajara, Mexico, Hobby and Hartman said the Texas Constitutional Revision Commission will not have "right-to-work" in the proposed constitution which will be submitted to the legislature in November. Hartman is a member of the commission.

"It will be impossible for 'right-to-work' advocates to get the two-thirds vote necessary to get it back in the constitution at next year's Texas Constitutional Convention," Hobby added.

The convention — beginning in January — will be writing a new constitution to present to Texas voters in 1974.

Hobby also told the Texas publishers that the most important change for the commission and Concon is reorganization of the executive branch. "Texas state government now spends \$5 billion a year with no one in charge," he concluded. "Under present constitution we have the weakest 'office of governor' in the nation."

**SPECIAL SESSION URGED**

Atty. Gen. John Hill has joined in the demand that Gov. Dolph Briscoe call a special legislative session on a wide range of child welfare matters and school finance laws revision.

Briscoe, who heard of the recommendation while attending the southern Governors Conference in Alabama, said he has not changed his mind about need for a special session at this time. He made clear that means he doesn't intend to call one.

Hill also released his report on licensing of Artesia Hall, the East Texas child care facility which was closed last summer after reports of serious mistreatment and even a murder charge there.

While he, in effect, said W. Kendall Baker of Houston, a former State Welfare Board chairman, and House Speaker Price Daniel Jr., did nothing wrong in serving as attorneys for the Artesia Hall owner, the attorney general advised a law curbing legal practice before state boards by former members. He also suggested restrictions on legislators' practicing before state agencies.

Hill concluded there were no improper payments or inducements to get Illinois children placed in Texas child care institutions by that state's welfare officials.

The attorney general conceded, however, that there appeared to be a certain amount of "wining and dining" of the Illinois officials.

He criticized hiring out of Texas Welfare Department employees part-time to private child care facilities. The Welfare Board, meanwhile, voted to fire its former director of social services, who had been on the payroll of private institutions.

**YOUTH COUNCIL SHAKEN UP**

Leadership of the Texas Youth Council was shaken up in the wake of recent "semi-riots" at Gatesville Boys School and a court finding that discipline is too harsh at several state institutions for youth.

Dr. James A. Turman resigned as TYC executive director, a post he has held since 1957, and Robert Kneebone quit as chairman.

The Board named W. Forrest Smith of Dallas as new chairman of TYC and Ron Jackson, 33, of Brownwood as acting executive director.

Smith told the House Committee on Human Resources TYC "needs a little settling time and a little of the pressure taken off" before it can move toward new goals. Smith said the council will comply fully with the rulings of Federal District Judge William Wayne Justice at Tyler that it end certain disciplinary practices used against youth school inmates.

**NEW GAS RATE GRANTED**

The Railroad Commission granted Lo-Vaca Gathering Company, which sells natural gas to many Texas cities, a fluctuating interim rate of about 29.55 cents per 1,000 cubic feet of gas.

The increase is five cents above the present weighted average cost of gas to the company as of last June.

A commission order also provides that the weighted average cost of gas be adjusted up or down each month to reflect the current cost Lo-Vaca is paying.

Lo-Vaca sought an interim rate of 34.9 cents per mcf. The commission said the interim rate was designed to allow the company to purchase gas and recoup operating, but that it does not provide a rate of return on investment. Granting the

temporary rate may prevent or mitigate gas shortages to the public during winter heating months, the Commission order said.

**COURTS SPEAK**

A Dallas man sentenced to death for murder during armed robbery won a reversal of his conviction in the Court of Criminal Appeals on grounds his arrest was not based on sufficient information and conflicted with court-set standards.

The Court of Criminal Appeals reversed the 35-year prison sentence assessed a Houston man for rape, because arresting officers illegally seized negatives showing the man having sex relations with a child.

The Texas Supreme Court refused to hear the appeal of a

military captain's ex-wife that she was entitled to part of his future retirement benefits.

The High Court also denied a motion for rehearing by Houstonian Candace Mossler in her court suit to avoid paying a \$250,000 legal fee to famed Houston Attorney Percy Foreman. Foreman successfully defended her and a nephew seven years ago on charges of murdering her husband.

Gillespie County landowners got their commissioners court on their side in claiming a 32-acre ranch condemned for the Lyndon B. Johnson State Park is worth \$303,667 instead of \$165,445 offered them by the State Park and Wildlife Department.

**AG OPINIONS**

The Parks and Wildlife

Department may contract with utility or water districts for water and sewage services in state parks, Attorney General Hill held.

In other recent opinions, Hill concluded:

+The State Department of Public Welfare must continue to license child care institutions for the emotionally disturbed.

+State employees may receive merit salary increases in both years of the fiscal period, but the amount spent for such raises can never exceed the monthly maximum no matter how much money is available.

+Beaumont has authority to donate park land to the State Department of Mental Health and Mental Retardation for use in building a hospital, without need for an election, but public hearings are required.

+Out-of-state and out-of-county witnesses can be paid reasonable expenses for their appearances in court cases.

**APPOINTMENTS**

Governor Briscoe reappointed Mrs. Gus Wortham, Aaron J. Farfel and Mack H. Hannah Jr. of Houston to the University of Houston board of regents.

Briscoe reappointed Alton O. Bowen of Austin to the Governor's Committee on Aging and designated him to continue as committee chairman.

Dr. David T. Kelly of South Carolina will head the Division of Program Development of the Coordinating Board, Texas College and University System.

Clayton T. Grimm of Austin will serve as managing director

of the Texas State Building Materials and Systems Testing Laboratory, a consortium of nine state universities seeking to find innovative materials and methods in building.

**SHORT SNORTS**

Some 420 Texas cities collecting sales taxes received \$52.8 million from the source during the quarter which ended June 30.

The federal government probably won't approve Texas water quality standard, but the state won't lose anti-pollution funds, according to the Environmental Protection Agency regional director.

Texas' Offshore Terminal Commission set December as target date for completion of its report on feasibility and location of offshore deepwater ports for oil-carrying super-tankers.

Hearings have been rescheduled for October 3 in Houston and October 4 in Corpus Christi on locations of proposed liberty ship fishing reefs.

Texas city, county and other political subdivisions will receive the entire allocation of local funds from the Land and Water Conservation Fund Program for the next fiscal year — about \$1.7 million.

Seguin has American Revolution Bicentennial Commission of Texas executive committee endorsement as a Texas Bicentennial Community.

Next year's Southern Governors Conference will be held in Texas. The host city has not been selected.

### WHEELLESS TRAIN

A train that will zip along at nearly 300 miles per hour - without wheels - is being developed by Japan's railway system. Secret of the super-speed train, according to the October Reader's Digest, is use of the principle of magnetic repulsion. Both train and tracks are given a positive magnetic charge, causing the train to hover, above the track rather than ride on it. By about 1985, such virtually noiseless "flying dream trains" will be in operation.

Yes, some plants eat animals. The pitcher plant traps and digests insects in order to supply itself with nitrogenous food.

## Bad Week Experienced By Guessers

In a week of upsets in high school and college football, Charlotte Schroeter, 309 Western, won this past week's Brand Football Contest with five misses and only two points off the tie-breaker score. She wins the \$20 first place prize.

Tying with five misses in the

contest, but taking second place and \$15 because of the tie-breaker was Ray Todd, 204 Centre. Todd guessed 26 points on the tie-breaker and thus was three points off while Mrs. Schroeter was two points off. Seven others missed six games in the contest and again the tie-breaker was used to

determine third and fourth places. Both Fred Upshaw, 902 Cherokee, and Joe Tubb, 209 Fir (both are assistant coaches at Hereford High) tied for third and fourth when both missed the tie-breaker by two points. Upshaw guessed 25 points and Tubb guessed 21 points. Total

points in the Hereford-Amarillo tie-breaker game was 23 points.

Others with six misses were Kirk Johnson, Wayne Fuller, Beverly Beene, Marc Strange and John Poindexter.

A total of 284 entered the contest with most of the entries missing at least eight games.

## Hearings Set In Four Cities On Sugarbeet Wages And Prices

The U.S. Department of Agriculture announced a series of public hearings on wage rates and prices for the 1974 crop of sugarbeets.

The hearings will be held between October 10 and October 17, in the following cities within the major producing and labor supply regions of the sugarbeet area:

At Ann Arbor, Michigan on October 10, 1973 at Weber's Inn, 3050 Jackson Road, beginning at 9:30 a.m.

At San Benito, Texas on October 12, 1973 in the Community Building, 210 East Heywood, beginning at 9:30 a.m.

At Denver, Colorado, on October 15, 1973 in Room 1430

(ground floor) of the Federal Building, 1961 Stout Street, beginning at 9:30 a.m.

At San Francisco, California on October 17, 1973 in Room 1325 of the Appraisers Building, 630 Sansome Street, beginning at 9:30 a.m.

The series will be considered as one hearing, and testimony at each place will constitute a

part of the same record. Persons may present testimony at any of the designated places.

One condition which producers must meet to qualify for payments under the Sugar Act of 1948, as amended, is to pay wage rates not less than those determined to be fair and reasonable by the Secretary of Agriculture after public hearing and investigation. The act also provides, as a condition for payment, that producers who process sugarbeets grown by other producers must pay prices for sugarbeets determined to be fair and reasonable by the Secretary of Agriculture.

To obtain the best possible information; USDA requests that all interested persons appear at the hearing to express their views and present appropriate data.

A copy of the hearing proceedings will be available for public inspection at the Office of the Hearing Clerk, Room 112-A, Administration Building, U.S. Department of Agriculture, Washington, D.C. 20250, about November 12, 1973.

# Hereford Boxers Take 7 Matches At Muleshoe

Seven Hereford boxers were among 16 winners of matches Saturday in Muleshoe in a triangular match between Hereford, Amarillo and Muleshoe.

The boxers, under the A.A.U. program directed by Harold Wheeler, were in their first match of the year.

Twenty members of the Hereford team attended the match, but because some were not ready to fight, only 16 of the boys were matched with opponents.

"I felt like we had some real good matches at the Muleshoe meet," said Wheeler. "I was real proud of all the boys. I feel real good about having some good boxers this year. I think we will have a fine year."

The boxers will now enter

another triangular match in Amarillo Saturday in the Golden Gloves Building in the 1800-block of Garland. Competing in the match will be Hereford boxers, Amarillo and Stinnett.

The triangular match in Amarillo is scheduled to start at 8 p.m.

Winning matches for the Hereford team and their opponents at the Muleshoe matches were:

Edwin Smith, 9 years old and 51 pounds over Keith Williams of Muleshoe.

Ernest Castro, 10 years old and 83½ pounds over Greg Seals of Lubbock.

Fabian Ruiz, 10 years old and 64 pounds over Sonny Bohannon of Amarillo.

Richard Ballesteros, 13 years

old and 85 pounds over Alvaro Ontiveros of Muleshoe.

Frank Celeya, 14 years old and 104 pounds over Tim Flores of Amarillo.

Roy Ballesteros, 15 years old and 95 pounds over Joe Bonilla of Amarillo.

Anastasio Madrid, 16 years old and 128 pounds over Hector

## Herd Players Honored

Hereford football players Dave Charest and James Harris were honored this week by the Amarillo Globe-News Sports department when each received nominations as AAAA area player of the week.

Harris rushed for 107 yards in Hereford's 21-2 win over

Leal of Muleshoe.

Other Hereford youth fighting and turning in good performances but not recording wins were Cezar Castro, 7 years old, 51 pounds; Matt Morgan, 10 years old, 64 pounds; Dewayne Smith, 10 years old and 57 pounds; Hugh McCann, 13 years old and 102 pounds; Eddie

DeLeon, 13 years old and 146 pounds; Carlos Guerrero, 14 years old and 85 pounds; Roy Pena, 14 years old and 104 pounds; Raymond DeLa Cerda, 16 years old and 141 pounds and Glen Griego, 13 years old and 104 pounds.

Coaches assisting Wheeler are Hubert Sims, Donnie Welty and Roy Faubion.

The boxers workout at 6:30 p.m. each Monday, Tuesday and Thursday in the Little Bull Barn. Wheeler said all area youth interested in boxing are eligible to come and tryout anytime and that there is no fee for joining the team.

# It's Not All Just Luck

The Herd has been the surprise team of the season to many area sports writers and especially to several area teams.

Everyone seemed to have figured this would be Hereford's rebuilding year and that victory would come only occasionally. And once a week is occasionally enough for me.

We heard in preseason polls and interviews about all the talent of other teams. But we never heard much about the talent of the Hereford team. And that's really what I feel has made the difference.

HEREFORD HAS several outstanding players including running backs, good passers, a lot of good linemen and a cracker-jack defense. But what is really good is that we have a different individual star each week.

In the five consecutive wins this season we have had an outstanding performance from a different offensive and defensive player each week.

To me that means there is a lot of team effort on the part of all the players — and that's what really counts.

ANOTHER THING I give credit to for a successful season is the coaching. Hereford's coaching has been very good this year. The Whiteface staff does an excellent job before each game of preparing the players for that week's game — and then also has worked well in calling plays under game pressures.

Another phase often left out is the coaches who never get to watch Hereford each week because they are off scouting other teams. These coaches are doing their job well because Hereford seems prepared to meet the opposing teams each week.

OF COURSE, the real season begins next week with district action. The Herd has worked hard to get to this first district game. They deserve a lot of support for the Monterey game and I feel they will get it.

According to forecasters they are not supposed to win and probably will be picked as the underdog. But then, they started the season as the underdog.

WEST TEXAS State's Buffaloes also face an open date this week, but will return home next week to play Utah State. That should be a good game.

Anybody needing tickets for the game, or any WT home game, can buy them locally at McDowell Drug.

Hereford's Mike Wartes was named offensive star for the Buffaloes in the win over Lamar last Saturday. WT looked good in the game and it was one of few times Lamar has lost to the Buffaloes in Beaumont.

West Texas' season should begin to get better as they get players off the injured list.

IF ANY area football fans are unable to go to, or watch, area games on the tube, several local radio stations carry many WT, SWC and other big games.

Hereford's KPAN carried many WT and Tech games and all Hereford High games. Canyon's KCAN carries many daytime Oklahoma football games. Lubbock's KFYO broadcasts all Tech games and Amarillo's KPUR carries many other Southwest Conference games.

I guess everybody knows the outcome of Monday Night's televised football game. In case you weren't watching, Cosell was ahead the first quarter, but Meredith rallied in the last half to come out on top.

Maybe we should ask for Rosmary Casals back?

## Herd Still Ahead In Standings, Offense

The Hereford Whitefaces continued their domination of the offensive statistics in District 4-A after whipping the Amarillo Sandies 21-2 Friday.

The Herd also is the only unbeaten, untied team in the district which also gives the 'Faces the lead in standings going into the first district game.

The Whitefaces face the Monterey Plainsmen next Friday in the first district game for both teams. Both Monterey and Hereford have open dates this Friday in preparation for next week's game.

Hereford leads the offensive column with an average of 283 yards per game. That average is almost 60 yards per game above Lubbock Coronado in second place.

Monterey, who has been strong against the ground rush, leads the district in defense as the Herd sits in third place behind Coronado in second. The Plainsmen have allowed more yardage through the airways than any other district team, but have virtually set up a brick wall for opponents' rushers, allowing an average of only 1.6 yards per carry.

In individual statistics James Higgins still is in first place among passers in the district hitting on 22 of 39 attempts.

Also leading the scoring for the district is Hereford's James Harris with 44 points.

Harris also took over the district lead in rushing yardage after he racked up 107 yards

against Amarillo Friday. His 464 yards tops all rushers and also is tops in the total offense department. Harris is also the leader in total yards for rushing and receiving with 477 yards.

The Herd's Chuck High is third among district rushers and in total offense with 392

yards. High's 430 total yards in rushing and receiving gives him fourth place in tandem offense. Dave Charest of Hereford leads area receivers with his 12 grabs for 197 yards.

Below are listed the district statistics as compiled by Walt McAlexander of the Lubbock Avalanche-Journal.

The Hereford Whitefaces, unbeaten and untied through five non-conference games, have been rated No. 46 Class AAAA team in the state according to the Harris Rating System.

The rank still leaves the Herd behind the Monterey Plainsmen, who were rated No. 39, and will be the Herd's opening district game opponents next Friday.

Both the Whitefaces and Plainsmen are idle this week in preparation for the start of district action next week, but the poll has given Monterey a one-point edge if the game were played this week. Both teams' rating may change again before next week's game depending on the outcome of other AAAA area games.

Hereford presently has a power rating of 137.7 which is slightly less than Monterey's 138.5.

The team in Hereford's 4-AAAA district taking the biggest drop was Snyder, who suffered a 25-0 beating at the hands of AAA Lamesa. Snyder, who had been rated No. 43 last week and was ahead of both Monterey and Hereford, dropped to No. 67 after the loss.

Hereford was rated No. 55 last week while Monterey was No. 44.

Lubbock High moved down two steps this week from their 87th rating last week to No. 89 this week. Plainview still retained the lowest rating for a 4-AAAA member with its 182nd rating. However, the Bulldogs did move up from a week ago when they were rated No. 188.

Amarillo took a dip from their 111 rating last week after the Sandies took a 21-2 suffering from the Whitefaces. The Sandies have been rated 119 this week.

The area teams listed in the Harris Rating System are listed below. The power ratings are such that the team with the

higher rating is picked to win and the difference in the ratings is the amount of points that the favored team should win by.

# Tom Who on Tomorrow?

Outside his native Milwaukee, Savannah and Atlanta, Philadelphia and Los Angeles, not too many people are acquainted with a brash and sometimes controversial broadcast journalist named Tom Snyder. He has worked as an on-air newsmen for 17 years in those cities.

But starting with "Tomorrow," few may have to ask, "Tom Who?" Snyder will host NBC Television Network's new late, late talk show, "Tomorrow," (Monday) 11:00 a.m. colorcast regularly from 12:00 Midnight-1:00 a.m.) following the Monday-through-Thursday "Tonight Show Starring Johnny Carson" telecasts. The premiere follows Monday, Oct. 15 ("Tonight" broadcast).

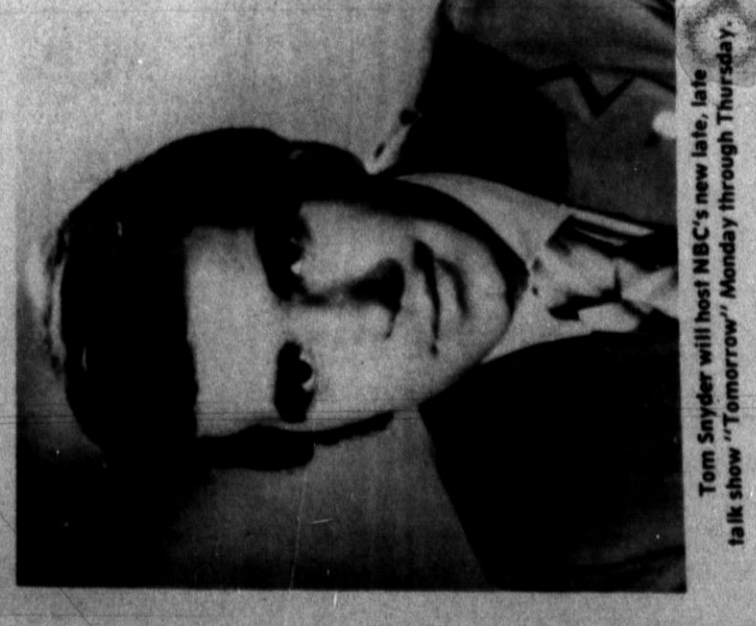

The program will feature guests from all walks of life—experts in their own fields—who will rap with Tom.

Most of the guests will not be "names," familiar to the general public. They will be persons who have an interesting story to tell. At times the show will be conversational, and the goal is to be always interesting.

Snyder has a facility for drawing out people. He will pose provocative questions. Sometimes there will be more than one guest, but if a person as an unusual story to tell, he might be the only one on for the full hour. If the conversation lends itself, "Tomorrow" could run past the allotted hour.

The guests will run the gamut from doctor, lawyer, merchant, chief, poor man, rich man, beggar man, thief.

They will not be there to plug their latest book or their latest album. They will be there to tell their story and Tom will ferret out the details.

Tom Snyder will host NBC's new late, late talk show "Tomorrow" Monday through Thursday.
