

# Train Derailment Traps Railway Worker, Rescue Takes Four Hours

By DON RICHARDS  
Brand News Editor

A team of more than 60 local rescue workers labored for more than four hours Tuesday before freeing a Santa Fe Railway worker from the derailed wreckage of a heavy equipment railway car just southwest of Hereford.

Guy E. Carroll of Caldwell, Tex., and a heavy equipment worker with Santa Fe, was listed in critical condition in Amarillo's Hi Plains Baptist Hospital late Tuesday night after he had been transferred from Hereford's Deaf Smith General Hospital. He had been pulled free from the wreckage about 7:30 p.m. following four hours of tedious rescue work by emergency officials.

The accident happened on the railway tracks just east of the overpass over U.S. 60 about a half a mile southwest of the Holly Sugar Road cutoff southwest of Hereford. Traffic around the underpass became heavily congested during the four-hour rescue mission.

CARROLL was trapped when a railway crane carrying a 50-foot steel support became over-balanced and toppled over on its right side and slid halfway down a steep embankment which approached the overpass. Three other workers who were riding the flatcar portion of the crane leaped from the overturning railway car and escaped injury.

However, two other workers rode the railway equipment over the embankment with Carroll but received lesser injuries. The workers, Pat Lucas of Vidor, Tex., received minor leg in-

juries and Ray Barton of Sugar City, Colo., was treated for cuts and bruises.

Carroll was trapped inside the cab-like structure of the crane car when the side crushed in after the car derailed. The victim's legs and one arm were pinned underneath the weight of the 280,000 pound rig.

RESCUE workers, including Deaf Smith County Sheriff's officers, Hereford police, Highway Patrolmen, Hereford firemen and emergency officials and two crews of Santa Fe workers, moved cautiously through their rescue efforts for fear the railway car might slide farther down the embankment and thus possibly cause additional injury to Carroll.

A tunnel was dug underneath the car in an effort to free the trapped man from below but workers later concentrated efforts to freeing the man from the top because of the high possibilities of the tunnel causing the weight of the railway car to shift.

CARROLL WAS finally pulled free after rescue workers, using saws and torches, cut away enough of the machinery inside the cab to allow hydraulic jacks to raise the wreckage.

The main men working inside the crane cab to cut Carroll loose were Warner Lawson, W.L. and Wayne McCullar. All three men worked together with the saws and torches and were the instrumental workers in finally freeing the trapped man.

During the rescue operations officials brought in several cans of shaving cream to smear on Carroll as insulation from the heat of the cutting torches.

Witnesses to the accident said the derailment occurred soon after the railway crew had used the crane to lift one of two 50-foot steel beams used to support the weight of passing trains.

THE ACCIDENT occurred about 100 yards east of the overpass and in the

Rescue In Progress

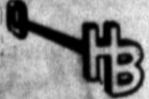

More than 60 area rescue workers were called to this scene Tuesday afternoon in attempts to free Guy E. Carroll of Caldwell from inside the wreckage of this derailed railroad crane. The man was freed Tuesday night after being pinned

inside the wreckage for four hours. The train crane-car toppled as it was carrying a support beam, pictured at the right just above the pickup. The injured man was listed in critical condition in an Amarillo hospital. (Brand Photo)

## the Hereford Brand

72nd Year - No. 41 Hereford, Texas, Thursday, Oct. 18, 1973 32 Pages

Branding

Time 

By Speedy Nieman

That feller on Tierra Blanca Creek says simple things and simple people are often the great among us.

BILL ALBRIGHT, C of C manager, has another meaning for his H-3 slogan — this week only. How about "Happy Homecoming, Herd!"

The stage is set for a big football game Friday night when Hereford takes on the Lubbock Monterey team in the opening 4-AAAA game for both teams. Tickets are moving fast, and it appears we may have a packed stadium.

Homecoming exes will not only see a fine Whiteface grid team, but they'll have opportunity to watch the Sweepstakes-winning band — fresh from another award-winning performance in the UIL marching contest Tuesday. Let's welcome the exes and support the Herd Friday!

Out of the mouths of babes comes... things you should never have said!

HEREFORD residents, like those all across the country, were a little shocked over the resignation of Agnew. There appeared to be no sentiment around town, however, that agrees with those voices of gloom that think the nation is coming apart at the seams.

We noted one disturbing reaction from some people interviewed on television — the belief that almost all politicians, in both parties, are dishonest. We can't agree with that.

It is our personal belief that there are many, many honest elected officials in Washington, in Austin, and in Hereford. From a personal, intimate observation in the news business over the years, we've found the vast majority of city, county and school officials to be honest and sincere, and with moral standards equal to the community they served.

In talking to a local rancher the other day, he commented that since the price of cattle had gone so high, he doesn't brand his beef anymore — he engraves them!

GARY BILLINGSLEY, assistant principal at Northwest Elementary, called this week to report a "good news" story on a couple of his Scouts. Three of the youngsters were riding bikes near the outskirts of town Saturday, when Russell Berry, 10, accidentally "flipped" and sustained a broken leg.

His brother, Wayne, 11, and a cousin, Trent McCuistian, 12, used a belt and a stick to put a temporary splint on the injured leg, then one of them went for help. Billingsley was proud of their action, and we join him in commending the pair! Parents are Mr. and Mrs. Lewis McCuistian and Mr. and Mrs. Lewis Berry.

People who won't get involved always wonder why no one helps when THEY turn up on the losing end of the deal.

## Herd, Monterey Hit Headon

BEAT  
MONTEREY  
SR. 74

Spirit is running high around Hereford this week and the Whitefaces prepare to open District 4-AAAA this Friday against the Monterey Plainsmen. Some zealous Herd fans exhibited a little of their enthusiasm this week and this billboard on Harrison Highway west of Hereford got a new look.

### Spirit Running High

## Hospital Pay, Rooms Hiked

By O.G. NIEMAN

A five per cent across-the-board salary increase was approved for hospital employees here Tuesday, but directors of the Deaf Smith County Hospital District also approved a hike in room rates.

Both of the increases are to be effective Nov. 1, it was announced by hospital administrator Ron Welty. He recommended the pay hikes as a "cost of living" increase, pointing out that a similar raise was made about one year ago.

Welty said directors had "held the line" on room rates as long as possible, even going to a slight reduction last year. Due to rising operating costs, along with an expected decrease in medicare funds, the board felt that an adjustment was necessary, he added.

THE COST of semi-private rooms will be raised to \$39 a day, and private rooms

will be \$43 a day. Present rates are \$31 and \$37.

IN OTHER business during the regular monthly board meeting Tuesday morning, directors discussed delinquent accounts, approved the medical staff report and financial report, and approved the leasing of monitoring equipment — rather than purchasing.

The board approved the removal of a list of past-due accounts from the "active" file, but efforts will be made to collect the debts. Several directors opposed the "charging off" of the bills, pointing out that they personally knew some of the people were able to pay the bills.

Dr. A.T. Mims presented a report from the medical staff of the hospital. He announced the hospital had hosted its first student from the Texas Tech School of Medicine and "everyone seemed pleased with the potential of the program." Students will be assigned

here, from time to time on a rotating basis, and are under the direction of a family practitioner for two to four weeks.

A CONDENSED operating statement for the year ending Sept. 30, 1973, showed hospital revenues of \$979,310 and expenses of \$905,761. Net patient revenue for the year amounted to \$883,081 and tax revenue was \$50,068. The remainder was from Medicare reimbursement, investment income, and contributions.

Welty also reported that the county had been taking care of some indigent bills which were actually the responsibility of the hospital district. The board authorized Welty to assume those bills that belonged to the district.

Attending the meeting were L.J. Strafass, board chairman; Tommy Camahan, Wanda Hoover, Ed Wilson, Donna Vander Zee, and Dr. J.H. McCrary; also Welty, Dr. Mims, and O.G. Nieman.

## Plainsmen Favored As Enthusiasm Runs High For Herd Homecoming

When an irresistible force meets an immovable object, something has got to give.

That irresistible force is the Hereford Whitefaces and that immovable object is the Monterey Plainsmen. And which one gives first will be decided within a two-hour period Friday night in Whiteface Stadium in Hereford.

The game is the first district encounter for both teams. Both have been idle the past week in preparation for this game. It also is Hereford's Homecoming and the Herd will be out to revenge a 7-0 loss to the Plainsmen last year which knocked Hereford out of the district championship.

Both teams are unbeaten in non-district action. Hereford is 5-0 and Monterey is 3-0-2. Kickoff for the game is 7:30 p.m. with the Plainsmen picked to win by a single point.

HEREFORD boasts the number one offensive team in the district making an average of 4.7 yards every time it touches the ball. On the other hand, Monterey's defense is statistically the best in the district and has allowed opposing rushers only 1.6 yards per carry. Somewhere along the line that should set up a head-on collision.

"Games like this are what it's all about," Herd Head Coach Larry Dippel said. "It's always a big challenge to play in a big game. This can't be the game of the season for us because there are still four other teams, but it definitely is a big game."

## Area Meeting Set Saturday

Expected to bring 225 women to Hereford Saturday and Sunday, the fall area meeting of Beta Sigma Phi sorority will convene here with the four local chapters as hostesses.

Headquarters will be in LaPlata Junior High School building, with a Saturday dinner and Sunday brunch scheduled in the cafeteria and Sunday morning forum discussions in the gymnasium.

IN OTHER activities surrounding Homecoming a pep rally is planned at 2 p.m. Friday in the old high school gymnasium. The Homecoming queen will be announced and crowned at the rally from the five contestants nominated earlier.

Contestants in the Queen's pageant are Seniors Becky London, Diedra Dzuk

See HERD, MONTEREY Page 2

## Homecoming Schedule

FRIDAY

- 2 p.m. — Pep rally.
- Crowning of Homecoming Queen. Old High School Gym.
- 3 p.m. — Homecoming Parade through downtown Hereford.
- 5-7 p.m. — Senior bar-be-cue supper at high school cafeteria.
- 7:30 p.m. — Kickoff of Hereford-Monterey district game at Whiteface Stadium.

Mrs. Howard Gore is general chairman for the annual meeting, and Mrs. Jim Cramer co-chairman. Featuring the program will be an address by Rose Marie Christian, representative of sorority's international office at Kansas City.

Registration and informal visiting will begin at 3 p.m. Saturday. Visitors will come from some 50 chapters over the Panhandle and as far south as Plainview.

## Band Makes It 14 Straight

The Hereford Whiteface Marching Band kept its string of 14 going Tuesday after it received another first-division rating in the University Interscholastic League Marching Contest in Canyon.

All three judges of the annual contest agreed with the first-division rating, which is the 14th consecutive marching first and the first one under the directorship of Randy Vaughn.

The band now remains in contention for the coveted Sweepstakes award. In order to win the award the band must now achieve first-division ratings next spring in concert and sight reading.

All area bands marched in the contest Tuesday but were not marching in competition. Each band is judged on its own merits and several bands may receive the same rating.

## Herd, Monterey To Hit Headon

Continued From Page 1  
and Donna Munnerlyn; Junior Cindy Smart and Sophomore Renee Payne.

A parade at 3 p.m. will follow the pep rally and will follow a route from the high school to Park Avenue, west to Main Street and through downtown Hereford.

The senior class will then host a barbecue supper in the high school cafeteria from 5-7 p.m. before the 7:30 p.m. kickoff.

Dippel said the attitude of the Whitefaces has been "real good this week. We've made it so far with nobody hurt. All the boys are well and in good shape."

However Monterey Coach James Odom didn't talk in the same light.

"We have some injuries that will hurt us considerably for the Hereford game," Odom told The Hereford Brand this week. "We are still without (starting tackle) Steve Maxwell. He has been hurt three weeks now. We also lost Keith Jones, who has been our starting guard."

"Also our starting center, Keith Potts, is hurt and will snap only on punts," Odom said.

"EVEN THOUGH we are 5-0, we have to be considered the underdog," said Herd coach Dippel. "Monterey is the defending district champion and was the preseason pick. Monterey is still undefeated."

Hereford and Monterey have played no neutral opponents during each's five-game non-district schedule. The Whitefaces have beaten Pampa, Palo Duro, Borger, Canyon and Amarillo. Monterey edged Big Spring 11-7; tied Wichita Falls Rider 21-21; tied Midland 7-7; beat Estacado 36-0 and shut out Hobbs 10-0.

ALTHOUGH Monterey has the leading defensive team, Hereford has allowed fewer points to opponents than any other team in the district. The Herd has allowed a total of 32 points while Monterey has allowed 35 points.

Hereford has scored most of its 113 points this season in the second and fourth periods. Monterey has had its defense at the best during the second and fourth periods, not allowing any opponent scoring during those periods.

The second period also has been Monterey's best offensive period and the Hereford defense has not allowed any opponent to score in the second period.

"This is the game of the leading offensive team versus the leading defense and that will be the key to the game — how well we will be able to move against their defense," said Dippel. "It should be a very exciting game for the fans."

"We are expecting a large crowd because it is a homecoming game and because it is the first district game," said the Hereford coach. "We had some real good workouts this past week and we feel like we accomplished a few things."

(For other stories relating to the game and an interview with each of the two coaches, turn to the sports pages in Section II.)

The winner of the contest will be considered to be in the driver's seat in District 4-AAAA as the other four district teams play each other. Lubbock Coronado will be playing in Plainview and Lubbock High will be at Snyder.

## Tunneling Under Wreck

Rescue workers are digging a tunnel under the derailed railway crane car Tuesday afternoon which pinned railway worker Guy E. Carroll inside. Workers later abandoned the tunnel plan for fear the crane might slide farther down the

embankment and cause additional injury to Carroll. The victim was pulled free from the wreckage late Tuesday evening and was listed in critical condition in an Amarillo hospital.

(Brand Photo)

## Railway Accident Traps Worker

Continued From Page 1

center of a curved portion of the track, which is a leg of the Santa Fe line which services the Holly Sugar plant west of Hereford.

The crane had lifted the beam and was backing around the curve as the other workers were holding the beam

with ropes in an attempt to keep it from swinging free.

Just before the crane reached another flatcar, upon which the beam was to have been placed, the beam began swinging out to the right and the over-balance of weight on the boom of the crane pulled the railway car off the tracks.

After the accident the crane car laid

on its right side on the embankment with its rail wheels pointing up toward the tracks.

Dr. Kenneth Hunt, Hereford medical doctor, and Dr. Howard Johnson, were called to the accident along with Frank Bethune, anesthesiologist and remained with the trapped man during the four-hour ordeal.

## Salvation Army Helps Those Who Are 'Down In Their Luck'

By STEVE CONNELLY  
Staff Writer

The Salvation Army, a United Fund agency, helps those who are temporarily "down on their luck."

As Vance Crume, Salvation Army member said, "The Salvation Army does a lot more than people know."

Over 4,000 boys each summer enjoy a free vacation at the Salvation Army Camp Hobbittelle near Midlothian, Tex. Last year, more than 6,200 unwed mothers were cared for in the Salvation Army's 36 homes and hospitals in the U.S.

The Salvation Army was founded in 1852 by William Booth, a Methodist minister who left the pulpit to preach the Gospel in London slums. His movement was first called the Christian Mission, then the Hallelujah Army, and finally the Salvation Army.

The organization also has an official weekly publication called "The War Cry", which has a circulation of almost 20 million copies in the United States.

Last year 60,756 men participated in the 121 nationwide Men's Social Service Centers' rehabilitation programs of spiritual counseling, work therapy and psychiatric care.

Crume said the Salvation Army receives \$4,000 annually from the United Fund and that these funds are vital to the Army.

Crume said although the services are limited in Hereford, those in need can be sent to the larger center in Amarillo. The funds are also used to send hardship cases to hospitals in other parts of the state for special medical treatment.

## Halloween Can Have More Tricks Than Treats

Apples, cookies, candy, cider, and donuts seem to go right along with the witches, ghosts, ghouls, and goblins of Halloween. The goodies are treats — payments in lieu of tricks. Or are they?

This year's Halloween the annual pilgrimage begins for the long anticipated treasures. Will it be "trick or treat?" or, trick or treatment? For many children it is an evening of great fun and adventure, but for some it can turn into a night of tragedy and sorrow.

Each year, far too many children are injured and killed Halloween Eve by motorists unable to see them darting unexpectedly into the street. Others are badly burned as their costumes are ignited by flames from lighted candles and lanterns. These tragic situations could be avoided if parents would observe rules of good sense and safety.

Use only bright costumes. A white-sheeted ghost is more easily seen by a passing motorist than a black-clad witch. But even brightly clothed children may be hard to distinguish as the evening darkens so fluorescent strips which would make them even more visible, is suggested.

Do not allow children to carry lighted candles, or lanterns, or any type of open flame. Many children have been burned in past years when their costumes,

often made of extremely flammable material, caught fire. A flash-light would be easier to carry, and would also make crossing the street safer. Be sure to chaperone all children who would not normally be allowed outside alone at night. Younger children should be out only in the early evenings. The discreet presence of an adult can stop a problem situation from developing.

A major problem each Halloween is children who have been cut, drugged, or poisoned. Apples and cup cakes can have razors hidden in them. Any kind of non-commercially packaged edible can have drugs or other poisonous ingredients added to them. Be very careful that gum, candy, and other snacks are securely wrapped, and that the wrapping has not been opened and resealed. It is best to trick or treat in your neighborhood.

Keep a light on in front of your house so that there is no danger of children being injured by walking into objects or holes they cannot see in the dark. If there is a pet in the household, keep it away from the door.

Children enjoy putting on makeup as part of their costume but be careful of what they use. Cheap make-up can in many instances cause complexion problems for youngsters - or hurt their eyes.

Finally, when your child goes out for the evening, make sure you know where he or she is going and what time he or she should return.

Halloween can be a real treat for everyone. One way to ensure it is to follow these simple rules of safety. The result will be an enjoyable and safe evening for children and parents alike.

Safety on Halloween is not a magic act.

# Chamber Endorses Community Health, Safety Organization

Endorsement of a new community health and safety organization was made by directors of the Deaf Smith County Chamber of Commerce during a regular monthly board meeting Wednesday morning. Committee reports also highlighted the session.

Bill Johnson, former Jaycee president, made the presentation on the new community organization which is being organized to combat narcotics violations and venereal disease problems. A "hot line" is planned, along with a speaker's bureau, and Johnson said the group is seeking qualified people to work in the program.

After hearing a report from director Terry Caviness on highways and transportation, the board adopted a resolution "encouraging all city and county agencies, and all citizens, to work together on improving safety factors at all dangerous intersections — in the city as well as in the county."

Pauline Howard, publicity committee, presented a project idea on truck deals to further publicize Hereford's No. 1 position in cattle and agriculture. The board recommended the project be presented to the new budget committee for possible adoption in the 1974 budget.

R.C. Hoelscher, governmental affairs director, reported his group has been studying the fuel shortage and fuel crisis as it relates to Deaf Smith County. The committee recommended that citizens be encouraged to write Congressmen and urge this area be given its fair share of fuel in order to keep the vital ag economy on the move.

President Jim Conkwright appointed A.J. Schroeter, Roy Faubion and Dick Montgomery as the nominating committee for new officers. Bill Albright, executive vice president, reported on attendance at a West Texas C of C meeting.

Directors attending the meeting included Conkwright, Hoelscher, Montgomery, Tom Burdett, Melvin Jayroe, R.W. Eades, Caviness, Larry Wartes and Bobby Veigel.

# City Denies Gas Rate Adjustment

Hereford City Commissioners Monday night turned down a request from Pioneer Natural Gas concerning gas cost adjustments. Pioneer had asked the city to allow a gas-cost monthly adjustment instead of the yearly adjustment it presently has. The request would have allowed Pioneer to pass added gas costs on to the consumer on a monthly basis instead of once a year as it has now.

Dale Young, manager of Hereford Pioneer Natural Gas appeared before the commissioners Monday as he had done last month when he initially made the request. The city had tabled the question pending action by a committee of other cities where Pioneer had made similar requests. Commissioners told Young they were turning down the request in order that Pioneer might go ahead and appeal the decision with the Railroad Commission, which controls utilities in Texas.

"If the commissioners go ahead and take action, then that allows Pioneer to go ahead," said Dudley Bayne, city manager. "If the city tables it again Pioneer would just have to wait."

"We don't feel like we can grant the request," said Mayor Jim Sears. "If Pioneer feels they have a good case then they can go ahead and appeal and the Railroad Commission is better qualified to investigate the case. If the Railroad Commission feels the request is warranted then Pioneer will get the monthly adjustment."

Young had told commissioners the monthly adjustment was needed in order for Pioneer to have a sufficient cash flow so that it could bid for gas fields. "It could hurt both Pioneer and the city if we can't be competitive on the market for gas," said Young. "We are not asking for an increased rate of return or profit. We just want to be able to pass increased costs along to the consumer on a monthly basis instead of the yearly basis we now have."

Young said about 25 per cent of the towns served by Pioneer had already approved the monthly adjustment. "Most of them are reasonably small towns, Friona and Seagraves are probably the largest."

Bayne reported from the committee of cities and told the commission the committee had recommended the request be denied. "They felt Pioneer could continue with an appeal if we would go ahead with some action," said Bayne. "If Pioneer has that good of a case and the Railroad Commission thinks so, then Pioneer deserves it and would get it anyway."

IN OTHER action at the meeting Commissioners accepted a bid of \$3,850 from Goldwaithes of Texas for a Toro greensmower for the golf course. The city approved an ordinance accepting more of the paving under the city street paving project and annexed a small piece of land to the city. An alley on Rio Vista Circle was closed by request and commissioners agreed to maintain the caliche portion of 14th Street.

Bayne also gave a report on the city's budget and said that a total of \$303,976 has been received by the city in revenue sharing funds. All city commissioners were present for the meeting along with Bayne and Earnest Langley, city attorney.

# GI Bill Aids Men In Educational Progress

Educationally disadvantaged veterans and servicemen using the GI Bill made substantial educational progress in Fiscal Year 1973. Jack Coker, VA Regional Office Director, reported that 130,000 trained and used free entitlement during the year, or before. A total of 196,000, including 126,000 veterans and 70,000 servicemen, have received free entitlement since it became available to veterans in 1967, and servicemen in 1970.

Coker also noted that 428,000 educationally disadvantaged trainees (including 64,000 servicemen) have taken some form of GI Bill "catch-up" training since 1966. "We make a special effort encourage these veterans to take advantage of the GI Bill because of the profound effect it can have on their lives," he pointed out.

A veteran or serviceman is considered educationally disadvantaged if he was a high school dropout, or completed high school but needs refresher, deficiency or other courses to qualify for advanced training. Coker explained that under the free entitlement program, VA pays regular monthly training allowances but time spent training is not charged against the total GI Bill time the trainee is entitled to.

The pay is \$220 a month for single veterans training full time—more for trainees with dependents. Details on GI Bill eligibility are available at any VA office, veterans county service office, or from representatives of local veterans service organizations, Coker added.

# Local Girl Elected To WT Senate

Rebecca Suarez, West Texas State University freshman from Hereford, has been elected to the Student Senate at the campus in Canyon. Miss Suarez is the daughter of Mr. and Mrs. Jasinto Suarez, Rt. 1, Hereford.

The Student Senate is the governmental organization of the WTSU student body, serving as a communication link between the students and administration and as an outlet for student opinion of campus matters.

Officers of the Student Association are president Mike LaGrone of Canyon, vice president Betty Jo Davidson of Midland. The vice president of the Student Association presides over the Senate.

# New, Advanced Cotton Gin Being Built At Crosbyton

Construction is nearing completion on a new cotton ginning facility at Crosbyton, which is hoped to be the first step toward creation of the most efficient off-farm system possible through current technology.

In March of this year, members of the Crosbyton, Wake and McAdoo Cooperative Gins on the High Plains of Texas, voted to join forces to create a new cooperative under the banner of American Cotton Growers (ACG).

The members of ACG recognized that improvements in the present cotton handling system have been difficult to make. With this in mind ACG members created an organization which will have

the responsibility and control of all off-farm operations required to get their products to the consumer.

ACG members pre-committed more than 40,000 acres of cotton to the cooperative before planting season. Cotton will be stored on the turnrow and picked up by the gin's fleet of 150, 47-foot containers. These containers can haul 25,000 pounds or more of seed cotton in a single load.

Once at the gin cotton will be dumped into an elevated hopper (37-foot elevation) and the cotton will be blended. This should solve the problem of lack of uniformity in High Plains cotton and result in a better market price.

The 30-bale-per-hour gin will

press each bale to universal density (U-D) and wrap the bales in clear plastic shrink-film. Compress costs will be lowered because no resampling or recompression will be needed once cotton reaches the compress.

ACG will operate a burr pelleting plant as a source of additional income for its members. Burrs will be pelletized and sold as cattle feed.

Seed will be processed by Plains Cooperative Oil Mill while lint will be marketed by Plains Cotton Cooperative Association.

ACG members have agreed to market their cotton through a seasonal pool. Every ACG member will receive the

seasonal average price for each quality of cotton he delivers. Through the seasonal pool concepts, members do not receive the high for the market year, but they are protected from selling on the low.

By marketing better cotton and cotton-by-products for more money and by lowering handling costs between the farm and the customer, ACG members will increase the profitability of cotton farming.

# DEAF SMITH COUNTY Farm News

## Deaf Smith Agricultural Total Receipts On Rise

Although farming and ranching have not been the most lucrative of occupations in recent years, Deaf Smith County's agricultural community has been making out better than most, it appears.

The majority of local farmers held their own last year and a number of them, especially those with well-equipped, commercial-size setups, ended up well ahead of the previous year.

Credit for it is attributed to record output, made possible by generally favorable weather conditions, by greater mechanization and by more intensive use of fertilizers and pesticides.

Gains were made in nearly every section of the county. The Northeast, which was hit by heavy and continuous rains, was an exception.

The facts and figures, showing how local growers fared in relation to others, are contained in a survey released by the Standard Rate and Data Service.

It reports total receipts in Deaf Smith County from farm operations in the past year at \$63,549,000. Two years ago, when it made a similar survey, it listed the total at \$50,946,000.

That was the gross amount, before deductions for operating costs and taxes.

Included in it are the cash receipts from the sale of farm goods, together with government payments and income in kind, which is the value of products grown and consumed on the farm.

The increase, 24.7 percent, compares with a 16.7 percent rise in the United States and

with 18.0 percent in the West South Central States.

According to the most recent figures from the Department of Agriculture, approximately 13 percent of the total received locally from the sale of farm products came from the marketing of crops and 87 percent from livestock, poultry and dairy goods.

Although the past year was a big one for the American farmer in terms of gross income, it was also a record one for expenses. However, there was some net gain.

The Agriculture Department reports gross income at \$68.9 billion, an increase of \$9.2 billion over the prior year.

Production expenses rose in the same period to \$49.2 billion which was \$4.7 billion above 1971. As a result, net farm income went up 4.5 billion in the past year.

All signs point to a much bigger improvement in the current year.

Commercial slaughter of red meats in Texas is reported to be down three per cent during August and 14 per cent below a year ago.

Cattle slaughtered totaled 290,000 head, which is 8,000 below the number slaughtered a month prior and 42,000 under a year ago.

Hog slaughter is 50,000 less than a year ago. The eight-month cumulative hog kill this year totals 1,068,000. Calves killed during August was 3,900 above last month but 1,500 less than a year ago.

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture  
John C. White, Commissioner

What Goes Up Comes Down... Sheep, Lamb Feeding Continue Decline... Red Meat Production Dips

While much notice was given when farm prices were advancing to new record levels, very little has been said regarding recent farm price declines. Agricultural producers are well aware of price declines during the past few weeks.

Cattle prices, for example, have decreased in price 30 per cent during the past several weeks (the same is true for hogs). The price decline is the biggest since 1950.

It shows again that the law of supply and demand does work in agriculture. As more livestock went to market, the price declined and these downward dips to producers hopefully will result in lower prices for the consumer. Livestock prices—as is the case with all agricultural commodities—will continue to go up and then down. Prices to farmers do in fact fluctuate widely on the short range as well as the long haul. Meanwhile, production costs of farmers remain fairly static and in fact continue to increase in price even though the price that farmers receive for their food and fiber gyrate constantly.

This is one of the lessons in agricultural economics that the general public knows very little about, yet it is basic to farming and ranching.

Texas' farm prices as of Sept. 15 are down two per cent below the previous month.

Beef cattle at \$47.80 per hundred pounds are down \$8.50 from a month ago.

Hogs at \$41.80 were \$14 below last month. Other meat and poultry prices were also below month ago levels. Sheep at \$15, for example, was down \$4.40 per hundredweight from a month ago; lambs were down \$3.90. Broilers were off two cents from last month, and turkeys declined four cents per pound. Egg prices dropped six cents per dozen from a month ago.

Crops showed some price increases, the first in some time. Cotton was up nine cents from a month ago but is still more than 20 cents under parity. Grain sorghum was up 28 cents from a month ago. Wheat was up 23 cents per bushel.

DRYLOT sheep feeders with a lot capacity of 2,000 head or more had 107,000 sheep and lambs on feed for slaughter as of Sept. 1, the Texas Crop and Livestock Reporting Service notes.

This is nine per cent below the number on feed a month earlier and 10 per cent below the number on feed Oct. 1 of a year ago.

Current intentions to market are: October 47,000; November 33,000, and December 27,000.

Placements during September totaled 34,000 head with a total of 10 feeders reporting 1,000 or more head on feed as of Oct. 1. Marketings during September totaled 50,000 head.

COMMERCIAL slaughter of red meats in Texas is reported to be down three per cent during August and 14 per cent below a year ago.

Cattle slaughtered totaled 290,000 head, which is 8,000 below the number slaughtered a month prior and 42,000 under a year ago.

Hog slaughter is 50,000 less than a year ago. The eight-month cumulative hog kill this year totals 1,068,000.

Calves killed during August was 3,900 above last month but 1,500 less than a year ago.

LIVESTOCK producers are again reminded to continue to submit screwworm samples to the fly laboratory at Mission. Also check your herds regularly and treat wounds on livestock for screwworm control.

## Market Increasing FARM FACTS

Market activity remained at about the same level as last week in Western cotton markets, according to the Agricultural Marketing Service, USDA.

Demand was strong. The limited volume of grower offerings was readily absorbed into marketing channels at most locations. The bulk of current ginnings was being delivered against contracts made earlier in the year.

Small mixed lots brought 50.00 to 80.00 cents per pound in Central and South Texas with better quality lots bringing the higher prices. In South Texas, offering prices for below grade qualities ranged from 25.00 to 40.00 cents per pound. Growers generally rejected offers at the lower prices.

Growers around Harlingen, Texas contracted a limited volume of 1974-crop cotton at 64.00 to 65.00 cents per pound. Contracting activities for 1973 crop were moderate on the Texas Plains where prices ended the week around 38.00 cents per pound above loan rates for better quality, premium mike cotton. Central Arizona growers rejected of-

fers to contract their 1974 crop at around 60.00 cents per pound, basis grade 31 staple 34.

In Southeastern New Mexico, growers were offered 80.00 to 85.00 cents per pound for their 1973, Acala 1517, crop and 80.00 to 85.00 cents for their 1974 crop, basis grade 31, staple 37. Contract prices were around 68.00 cents per pound, basis grade 31 staple 35 in the San Joaquin Valley of California for 1974-crop cotton.

The Central and South Texas harvest was delayed by rain during the week. It was expected that harvesting could not resume for up to two weeks in some locations. Harvesting was getting underway at most Central Arizona and California locations.

Defoliation operations were increasing in California, Arizona, Southeastern New Mexico and around Abilene, Texas.

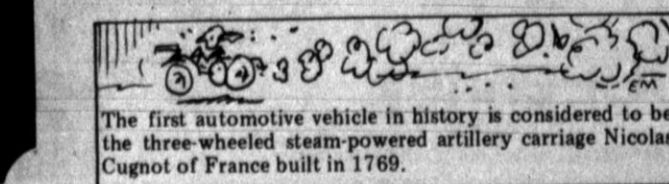

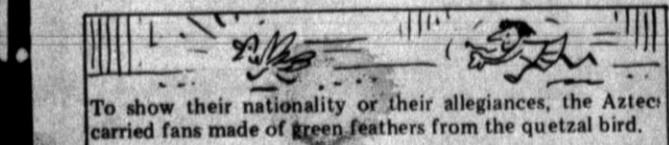

Prices quoted for selected qualities, 3.5 to 4.9 mike, were in Lubbock, 58.95 last week, 61.95 this week, strict low middling light spotted (42), 32 staple; and Dallas, 64.25 last week, 69.25 this week; middling light spotted (32), staple 32.

## Wheat Symposium Set Nov. 29 In Amarillo

Wheat producers throughout the Texas Plains and North Central Texas will get a look at the total wheat production picture during a Wheat Symposium Nov. 29 at the Holiday Inn West in Amarillo.

Registration for the daylong meeting will begin at 9 a.m., according to R.J. Hodges, agronomist for the Texas Agricultural Extension Service, which is sponsoring the event along with the Panhandle Economic Program, South Plains Development Program and Rolling Plains Economic Program.

Setting the stage for the symposium will be Dr. E.M. Trew, Extension Service assistant director and state agricultural program leader. His talk will be on "The Challenge in our New Agriculture."

Discussions will follow on pest management, the disease, insect and weed situation, the fertilizer situation, irrigation management and economics for decision making.

Speaking will be Extension Service specialists Emory Boring III, entomologist at Vernon; Dr. Frank Petr, area agronomist at Amarillo; Leon New, area irrigation specialist at Lubbock; Norman Brints, area economist at Vernon; and Marvin Sartin, area economist at Lubbock and Tom Beck with Diamond-Shamrock at Amarillo.

Extension Service district agents W.W. Grisham, Jr. of Amarillo and J.G. Simmons of Vernon will provide remarks at

the morning and afternoon sessions, respectively.

R.B. Dawson, chairman of PEP, and Bob Hillery, chairman of RPEP, will preside over the sessions.

According to Hodges, the symposium will follow the annual meeting of the Texas Wheat Producers Association at the same location on Nov. 28.

What is fog? Is it really a cloud on the surface of the earth?

Yes, fog is nothing more than a cloud. All clouds are formed when some kind of cooling process lowers the moisture capacity of the air to the point where moisture becomes visible particles—thus a cloud.

This process can occur in several different ways and under different circumstances. In the fall, when fog is seen most often in most parts of the country (the west coast experiences much fog in winter), fogs are usually caused when the earth (heated during the summer) loses its heat into the cooler night air.

As the warmer air from the earth's surface rises and is cooled, fog forms. Cold ground, in spring, for example, can make its own fog when warm moist air blows over it—by cooling the air to the cloud stage.

Fog, then, is nothing more than a land-locked cloud.

The Hereford Brand, Hereford, Texas, Thursday, October 18, 1973

## Funeral Is Held Here Tuesday For Kelly Coplin

KELLY COPLIN

Funeral services for Spencer Kelly Coplin, 61, of 113 Ave. B, were conducted Tuesday afternoon in First United Methodist Church, of which he was a member, and burial was in Rest Lawn Memorial Park, directed by Gilliland-Watson Funeral Home.

Dr. Jordan Grooms, UMC pastor, with the Rev. Gene Brink of First Christian Church and the Rev. H.T. Goodwin of the Assembly of God, conducted the services. The family requests that memorials be made to First United Methodist Church.

Mr. Coplin, owner of a service station and auto sales firm, died Saturday afternoon at Deaf Smith General Hospital. He had been a resident of this county since 1961, when he came from Oklahoma.

## Former Deaf Smith County Judge Dies

The funeral of Earl Wallace Wilson, 85, of Childress, former resident and county judge of Deaf Smith County, was held Monday afternoon in a Childress funeral chapel and burial was in the cemetery there.

Mr. Wilson, retired supervisor of the Farmers Home Administration office in Childress, died there Sunday night.

Born at Pilot Point and a graduate of Baylor University, he came to Hereford in 1906. He had ranching interests in this area and served as county judge from 1924 to 1932, then for another term in 1936.

Survivors are his wife; three daughters, Sue Gravelly and Rue Balliff of Childress and Lucretia Bagwell of Kingsland; six sisters, Ruby Gilbreath of Hereford, Olive Morris of Vega, Nell Morgan of Adrian, Frances Steele of Fort Sumner, N.M., Imogene Rice of Duncan, Okla., and Grace, Casteel of Atlanta, Ga.; two brothers, John of Vega and Homer of Bakersfield, Calif.; five grandchildren and two great-grandchildren.

## Mrs. Campbell Is Buried After Wednesday Rites

The funeral of Mrs. Thomas Hallie Campbell, 84, of Westgate unit at Kings Manor retirement home, was conducted Wednesday afternoon in Rose Chapel of Gilliland Funeral Home by J.T. Marlin, minister of Central Church of Christ.

Burial was in West Park Cemetery, directed by Gilliland-Watson Funeral Home.

A resident of Deaf Smith County since 1931, when she

came here from Crosbyton, Mrs. Campbell died Monday afternoon in a local hospital.

She was born June 1, 1889, at DeLeon, and married W.A. Campbell at Haskell. His death occurred in 1959. She was a member of the Church of Christ.

Survivors include three sisters, Mrs. Goliad Blount of Olton, Mrs. Oscar Campbell of Crosbyton and Mrs. R.O. Crump of Oklahoma City, and a brother, Herman Helton of San Angelo.

## Woman Buried In Plainview

Funeral services for Mrs. Clara Pinkerton, 85, of Westgate unit at Kings Manor retirement home, were conducted Monday afternoon in the Nazarene Church at Plainview and burial was in Plainview Memorial Park. Her death occurred Friday afternoon in a hospital here.

Mrs. Pinkerton lived in Plainview before she came to Kings Manor, moving there in 1936 from Booker. She was a Missouri native, born at Norwood in 1888.

Survivors include three daughters, Mrs. C.T. Douglas of Hereford, Clara Randolph of Borger and James Hanson of Plainview; a son, R.W. Pinkerton of Portland, Ore.; six sisters, two brothers, 11 grandchildren, 20 great-grandchildren and two great-great-grandchildren.

Mays decides to retire after 22-year career.

Immigrants encounter prejudice in Europe.

U.S. assures world it can supply wheat.

## Service Planned At 2:30 Today For Jack Hudson

The funeral of Benjamin B. (Jack) Hudson, 69, of 325 Ave. A, is scheduled at 2:30 p.m. today in Avenue Baptist Church, of which he was a member. Burial will follow in Rest Lawn Memorial Park directed by Gilliland-Watson Funeral Home.

Mr. Hudson, who had operated a service station here for a number of years, died Tuesday morning in an

Amarillo nursing home. He was born March 16, 1904, in Washita County, Oklahoma, and came to Texas from that state in 1929. He married Velma Turner Nov. 2, 1921, in Anadarko, Okla.

She survives him, with four daughters, Mmes. Bill White, Marlene Wright and Dancora Bromlow of Hereford and Mrs. Cornelia Langford of Lubbock; and two sons, Guyman of Friona and Jim of Eagle Mountain, Calif.

Also surviving are four brothers, George of Dimmitt, Roy of Amarillo, Bracy and Harvey of El Reno, Okla.; 26 grandchildren and four great-grandchildren.

## Air Force Captain Killed

Capt. Gary Noltensmeyer was one of seven U.S. Air Force men killed Monday evening in a C-130 plane crash into a mountain near Fort Smith, Ark., where he was stationed.

His wife is the former Cindy Jones, daughter of Mr. and Mrs. J.P. Jones of 114 Douglas.

Memorial services for the crash victims are to be conducted today in Little Rock. Burial will be at the U.S. Air Force Academy near Colorado Springs, with arrangements pending.

## Warns To Check Contract Fully

By JOHN L. HILL  
Atty. Gen.

With the "credit crunch" on capital for home financing, and the increased requirements for down payments, some consumers may be tempted to take the "contract for sale" route to satisfying a desire for home ownership.

In legal terms, this is known as "an executory contract for conveyance of real property."

What it actually is is an agreement between the person who owns a piece of real property and the person who wants to own one that the owner will convey the house and lot after certain terms are met.

A price is determined, and the buyer agrees to make monthly payments of a certain amount for as long as it takes to pay off the principal. The average buyer, however, has a tendency to look only at the amount of the monthly payments — in terms of his budget, without taking into account all that the payments may have to cover, or how long they will last.

FOR instance, in one case which was investigated by the Attorney General's Consumer Protection Division, a South Texas man had signed a contract in 1968 to buy a house costing \$6,350. He paid \$500 down, leaving a balance of \$5,850 payable at \$45 a month at an interest rate of 8 per cent on the declining balance.

There was no mention of the total number of payments to be made, but an amortization schedule (which would have been available from any bank or savings & loan institution for about \$1.50) would have shown that it would take more than 30 years to pay it off.

In a separate section, the contract for sale required that the buyer pay taxes accruing on the property, as well as the premium for insurance to protect the investment.

When you consider that the amortization on the note would have resulted in the first few \$45 monthly payments breaking down to \$39 for interest and only \$6 for principal, you can see that further deductions for taxes and insurance would reduce the principal payments to little if anything.

That points up a primary danger inherent in a poorly-drawn contract for sale: If the payments are too low, it could take a generation — or a lifetime — to assume ownership.

BECAUSE that is another problem with many of these contracts — when they state that the buyer will not be given the deed to the property until the full contract price has been paid. If the would-be homeowner gets 30 days behind on a payment, the seller could

demand the full balance immediately, with a threat of repossession.

Reports of cases of repossession, without notice, led the 1969 Texas Legislature to pass a law requiring the seller to give formal notice, if the buyer's investment had reached a given point:

If less than 10 per cent of the purchase price has been paid off, the seller must give 15 days' written notice by certified or registered mail. If between 10 per cent and 19 per cent of the purchase price has been paid

off, 30 days' notice must be given. And, if 20 per cent or more has been satisfied, 60 days' notice is required.

And the notice of forfeiture of interest and acceleration of indebtedness must be stated in this language, printed in 10-point bold face type: "You are late in making your payments under the contract to buy your home. Unless you make the payment by \_\_\_\_\_, the seller has the right to take possession of your home and to keep all payments you have made to date."

## Sorority Set To Greet Area Convention Guests

Only last-minute arrangements remain for Beta Sigma Phi members here in preparation for entertaining area members at their fall meeting this weekend.

First of some 225 women from the Panhandle-Plains area will register at the opening hour, 3 p.m. Saturday, in LaPlata Junior High School.

All programs and entertainment will be in the school building except when the visitors go to Sugarland Mall Saturday evening for a performance of the comedy, Any Wednesday, by Hereford Community Players.

Adjournment Sunday will be in time for the visitors to attend services in the churches of their choice.

Highlight of the program will be the appearance of Rose Marie Christian, administrative assistant to the international executive council, from the international BSP office in Kansas City. She will speak at the Sunday morning brunch.

Mrs. Christian is director of international funds and in charge of legacy and international honorary memberships. She also works with the Walter W. Rose Memorial

### Scholarship program.

She has taught in elementary schools of Kansas City and Shawnee Mission School Districts, served as teacher for homebound handicapped children and as consultant for an educational record company.

A native of Kansas, she is a graduate of Kansas State University and did graduate study in Kansas and Central Missouri Universities.

Leading in hostess duties for the convention are chapter presidents, Mrs. James Shearer of Alpha Alpha, Mrs. Fred Mulkey Jr. of Xi Epsilon Alpha, Mrs. Edward Allison of Kappa Iota and Mrs. Robert Williams of Alpha Iota Mu; also Mrs. Max Stipe, president of the city council which correlates work of the chapters here.

Mrs. Howard Gore and Mrs. Jim Cramer are general chairmen.

Registration will be conducted from 3 to 7 p.m. Saturday during an informal social period preceding the luau to be served at 7 in the school cafeteria.

Mrs. Nolan Grady is registration chairman, with Mmes. Hicks Roberson, Johnnie Burkhalter, Ollene Williams,

Jim Aldridge, C.D. Fitzgearld Jr., Ken Walser and Ken Wiley on the committee.

Arranging the entertainment is a committee with Mrs. Tim Gearn as chairman, Mmes. James Norton, Fred Mulkey Jr., David Block and Miss Carla George as members. Mrs. Tom Buchanan heads the committee on convention charm with Mrs. David McDonald and Cindy Albracht assisting.

Awards will be made for club scrapbooks and yearbooks, to the chapter with the largest attendance and the chapter which travels farthest to the convention. Mrs. Joe Story is chairman of the awards committee.

Mrs. R.J. Cramer heads the committee arranging the forums which will open the Sunday program. Members include Mmes. Max Stipe, James Shearer, Floyd Neil, Bobby Jones, Jerry LaFrance, and Connie Sooter.

Door prizes will be presented at the Sunday morning style show-brunch. The committee has Mrs. Gary Tyler as chairman, Mmes. Lee Kimball, Chuck Danley, Connie Jefferies, Nadine Wade, Bill Drake and Dink Godwin as members.

**RITUAL PARTICIPANTS** -- Hereford Beta Sigma Phi members, who will entertain the sorority's fall area meeting this weekend, have as their part on the program the closing ritual. Reviewing the ceremony at the rehearsal are, from left, Mmes. Max Stipe, Jim Cramer, Davie Sorrells and Archie Dwyer. Also taking part is Mrs. James Shearer, not pictured. Mrs. Charles Lang is chairman of the committee arranging the ritual.

## Manor Auxiliary Elects Officers

Headed by Mrs. J.J. Durham as president, 1974 officers of Kings Manor Auxiliary were elected at the semi-annual business meeting in the Westgate dining room of the Manor Tuesday afternoon.

Mrs. Durham will succeed Mrs. Bill Davis when the new officers begin their duties Jan. 1. Mrs. Earl Harkins was named vice president, Mrs. Wesley Fisher secretary and Mrs. G.S. Wheeler treasurer.

Final announcements were made concerning the benefit style show which the Auxiliary will sponsor Tuesday afternoon in the garden room of the Manor. Tickets are on sale by all members and proceeds will be used by the Auxiliary in its work of improving the quality of life for residents of the retirement home.

Committee reports included the announcement of six new members. Mrs. J.T. Gee of Friona was introduced as a member who has done more

than 100 hours of volunteer work in the Auxiliary.

Appreciation from the Founders Association board to the Auxiliary for assistance in the recent Founders Day dinner were expressed by Mrs. Gee. The nominating committee's report was given by Mrs. Jim Perrin.

## Cultural Club To Carry Out Project

A sewing project for Westgate unit of Kings Manor retirement home was planned by members of Cultural Extension Club, meeting in the home of Mrs. Paul Corbett recently. Two dozen bibs for Westgate patients will be made by the club women.

Their program included a resume of the history and purpose of 4H Clubs and a sketch of the program in this county, in observance of National 4H Week. Mrs. Hilrey Aven was the speaker.

Mrs. M.W. Sumner discussed the topic, Family Stability, listing four ways of building attitudes. Mrs. J.G. Gandy gave the opening exercise.

## Change In Hereford Study Club Made

A change in the scheduled meeting place of Hereford Study Club is announced for this week; members will meet at 7:30 p.m. today in Mrs. Roy Hartman's home, 412 Sunset. Mrs. J.W. Witherspoon will be hostess with Mrs. Hartman. Gladys Setliff is in charge of program arrangements.

Three members of Hereford TOPS Club were among honorees at the annual Area Recognition Day in Plainview Saturday, and half a dozen others attended the program in Wayland College auditorium and a low-calorie gourmet luncheon.

Mrs. Mark Koenig was one of 28 area women who achieved the second goal to TOPS members, whose aim is to Take Off Pounds Sensibly and then change the word "Take" to "Keep". She took part in a ceremony of graduation to TOPS status.

Mrs. Kindon Anderson, with a weight loss of 28½ pounds, won the competition in her division. Mrs. Ancil Greenway with other chapter leaders in the area was honored in a leaders parade.

Also presented onstage were longest and ing TOPS including, from the local chapter, Mrs. Melvin Jayroe, who has maintained her chosen weight three years, and Mrs. Owen Andrews, one year.

Crowned as queen for the year was Jessie Johnson of Amarillo, who recorded the greatest weight loss in the period, 95 pounds.

C.I.A. dropping national intelligence estimates. Federal control of fuel oil supply hinted.

Final plans for the benefit bridge tournament were made by members of Kappa Iota Chapter of Beta Sigma Phi at their model meeting Tuesday evening in the Community Room of First National Bank.

The annual benefit is scheduled for 7:30 p.m. October 25 at Community Center. All proceeds will go to Girlstown. Final preparations were also made for weekend's activities for the area convention.

Mrs. Bobby Jones presented the program entitled Friendship. She discussed the importance of friendship, the qualities of a good friendship

and what factors determine a close friendship.

Mrs. John Kreigshauser welcomed special guests, Mrs. James Smart, Mrs. Lenon Young and the chapter's sponsor, Mrs. George K. Muse.

Present were Mmes. Nelson Kendell, Davie Sorrells, Tom Bullard, Kirk Owsley, Robert Devin and George L. Muse.

## New Members Recognized

New members were welcomed into the Hereford Aggie Mothers Club Saturday afternoon in the Flame Room of Pioneer Natural Gas building.

Accepting the invitation to join the club were Mmes. Jack Griffen, J.D. Whitaker, Hilery Aven and Austin Rose Jr.

Plans were made for a bake sale scheduled Nov. 10 to raise money for the club's goal, giving a scholarship to a new A & M student.

Present were Mmes. George Olesen, Robert Lloyd, J.J. Durham and Thurman Atchley.

Mmes. Carlton Dobbins, Arthur Blackburn, Allen Parsons and L.B. Gherring were other Hereford members at the meeting, were Mrs. Wayne Lee, formerly of this city and now a Plainview TOPS leader, was one of the hostesses.

Next year's area meeting was set for Lubbock and a state meeting is scheduled in Corpus Christi next March.

More than 300 persons from 38 area chapters were at the Plainview session, including the only men's TOPS club in Texas, which is located in Plainview.

Final preparations were also made for weekend's activities for the area convention.

Mrs. Bobby Jones presented the program entitled Friendship. She discussed the importance of friendship, the qualities of a good friendship

and what factors determine a close friendship.

Mrs. John Kreigshauser welcomed special guests, Mrs. James Smart, Mrs. Lenon Young and the chapter's sponsor, Mrs. George K. Muse.

## Small Talk

By SUE COLEMAN  
Women's Editor

REMEMBER those bluebonnets that were blooming out at the Peyton Rameys' house on Sunset last spring? There was a nice sprinkling of them in a flower bed, and we had a picture in The Brand when they came in flower.

Well, the Rameys said they had discovered that the Texas flower could be kept in bloom all summer, by keeping the plant from forming seed and pouring on enough water to "drown it." Sure enough, they still had bluebonnets in bloom when fall came. I've noticed the flowers when I passed the house all summer, and intended to go out and get another picture but haven't been able to find time. Now I wonder if bluebonnets, which are natives in central and south Texas, would keep blooming all season down there if somebody took such good care of them, or if there is something about growing them in this climate that accounts for the continued bloom.

LATELY I've met some nice dogs, including Barbara Burkhalter's fluffy white spitz pup that she brought when she was in our office on an errand, and caused a work stoppage while everybody came around to pet the friendly pup.

It's name is Ginger and its mother belongs to the Lee Umsteads, Barbara said.

Another beautiful white dog, an unusual German shepherd, is the pet of Glenda and Loyd Vaughn and their family on their farm at Westway. It's big enough to be a good guard for a farm home, not just a pet.

WHEN A critic sees a play and says the performance was interesting, it usually means he didn't like it much. Not a critic, I'm going to use that adjective on the high school Thespians' drama, A Distant Bell.

The young actors did a good job of emoting, but the play was one I just didn't care for. Which is a disagreement with Wayne Hodgson, whose selections I've always liked in the past, but then tastes can't always coincide.

And I'm looking forward to the next play he directs, and

Buddhism is still a force in Burma.

A flyswatter once changed the history of Algeria. In 1827 the French consul was struck in the face with a flyswatter by the native Algerian ruler. France avenged this insult by seizing Algiers in 1830 and driving the Turks out.

## Member Is Added At Club Meeting

A new member, Mrs. Don Carthel, was enrolled in Bippus Extension Club and Mrs. John Seay was introduced as a guest at its recent meeting in Mrs. Jimmie Bradley's home.

Argen Draper, county extension agent, gave the program on Arthritis. She spoke of control of the disease, saying that emotional upset can affect a patient adversely.

Others present were Mmes. Charlie Burk, J.V. Perrin, Clint Homeid, Wayne Sifford and Inman Larson.

Regulation of experimental drugs called lax.

Housing starts decline as credit flow slows.

## Mrs. Tyler Will Head CowBelles

To take office in January for a new year, officers were elected in Hereford CowBelles at a Tuesday luncheon in the Country Club. Mrs. N.E. Tyler was named president to succeed Mrs. Robert Josseland.

Mrs. C.F. Newsom and Mrs. James McCarty are the newly elected vice presidents, Mrs. Dick Coupe secretary; Mrs. Olin Caviness was re-elected treasurer and Mrs. Ed Reinauer Sr. will be chairman of the beef-for-Fathers-Day committee.

Chosen as delegates to the state CowBelles convention at

Ablene this week were Mmes. Tyler, O.G. Hill Jr. and Coupe, with Mrs. Josseland as an ex officio delegate.

Texas CowBelle pins are now available at Spanglers Jewelers, it was announced.

Hostesses for the lunch were Mmes. George Warner, John E. Smith and Billy Wayne Sisson.

Mrs. Joe Reinauer announced the next meeting for Nov. 20 at the Country Club.

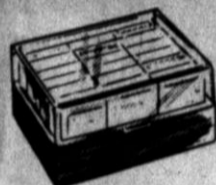

Turtle necks are still popular but they are definitely not for everyone.

**DISTRICT APPOINTEES** — Eastern Star members from Hereford were named to committees in District 2, Section 3, at the recent state meeting of the order. Mrs. Vernon Darden, left, is worthy matron of the local chapter and J.B. Noland, back row, center, worthy patron. Standing with Mrs. Darden from left, are Marie Cline, on the commemorative medallion committee; Mrs. Bill Hutson, chairman of the kindness-hospitality committee; Mrs. B.E. Roberson, co-chairman of the committee on arthritis; back row, Vernon Darden, Masonic ambassador; Noland, time and talent committee; and Roberson, Star visitation committee.

**Walcott Carnival Offers Prizes**

Halloween costumes will be an asset to the wearers at the Walcott P-T-O masquerade and carnival the evening of Oct. 27. Without the costume, a visitor will be charged a fee of 25 cents. The carnival will be held at Walcott School for benefit of the Parent-Teacher Organization. The public is invited. Costume prizes will be given in four age divisions: pupils in first to fifth grades, sixth to ninth grades, adults and pre-school children.

**CHURCHILL ELECTED**

On Oct. 26, 1961, following national elections in Britain, Winston Churchill succeeded Clement Attlee as prime minister.

**SURPRISE VISIT**

On Oct. 26, 1966, President Johnson made a surprise visit to Vietnam.

**COSTUMED FOR OKTOBERFEST** — Host couples for Hereford Country Club's Oktoberfest, a fall party for members and their guests, appeared in colorful Bavarian peasant costumes to suit the atmosphere of a German festival. The Richard Ottensens, upper left, stand in the foyer with Mr. and Mrs. Bruce Lusk of Amarillo. Before the laden table with its red-checked cloth,

upper right, are Mr. and Mrs. Jack Simmons, Mr. and Mrs. Tom Sargent. Mrs. Tommy Braddy admires her husband's gala outfit, lower left, while the David Hutchins, center, share a joke with their guest, Barbara Mantooth of Lubbock, and the George Ritters smile hospitably in the receiving line. Other hosts, not pictured, were the L.D. Neumeysers.

**Historical Society Elects New Officers For Year**

Officers headed by Mrs. Henry Sears as president were elected for Deaf Smith County Historical Society at a meeting of the board of directors Thursday. Re-elected as vice presidents were Mrs. George Turrentine and Mrs. Juston McBride, also George Stambaugh as treasurer and Mrs. Austin Rose Jr. as secretary. New directors recently chosen by society members are Mrs. Richard Bamard and Mrs. Virgil Marsh. Directors who will continue to serve are Mrs. A. B. Higgins, Mrs. Colby Con-

wright and Sam Morgan. Mrs. Sears, who has been active in the society since its organization and formerly served as secretary, succeeds Palmer Norton as president. The Historical Society is responsible for the operation of Deaf Smith County Museum, which is open to the public from 2 to 5 p.m. each Wednesday, Saturday and Sunday. The staff welcomes requests for special events and tours, which may be directed to Mrs. Sears or Mrs. Rose.

## Simple Food Can Mean Very Tasty Desserts

By SUE COLEMAN  
Women's Editor

HER FAMILY'S liking for plain foods makes cooking much simpler, Mrs. Arnold Fangman says, but the slender brown-eyed housewife adds that she would enjoy taking time for a gourmet dish occasionally if she thought it would be appreciated.

Since her four active children and farmer husband prefer meat and vegetables without fancy trimmings, and simple desserts, she saves time in the kitchen and uses it to sew for herself and her daughters, and even has leisure for relaxing at the piano.

Sweets that the family likes include a banana bread which is a bit different with the addition of lemon, and the universal favorite, brownies. Here are her recipes:

### BANANA-LEMON LOAF

2 cups sifted flour  
3 tsp. baking powder  
½ tsp. salt  
½ cup shortening  
1 cup sugar  
2 eggs  
1 cup mashed banana  
2 tb. lemon juice  
1 tsp. grated lemon rind  
1 cup chopped walnuts  
Sift flour, baking powder and salt together. Cream shortening and sugar until light and fluffy; add eggs one at a time, beating well after each addition. Beat in bananas and lemon juice; gradually add dry ingredients and mix just until moistened. Stir in walnuts and lemon rind. Turn batter into greased loaf pan and bake in moderate oven, 350 degrees, for 50 minutes or until it tests done. Cool 10 minutes, remove from pan and complete cooling. This makes one loaf.

### BROWNIES

Beat together 6 tb. cocoa, 1-3 cup melted shortening, 1 cup sugar and two eggs. Sift together ¾ cup flour, ½ tsp. baking powder and ½ tsp. salt, and add to egg mixture. Add ½ cup broken nuts.

Spread in a greased 8-inch-square pan and bake 30 to 35 minutes at 350 degrees.

MRS. FANGMAN is serving this year as president of Westway Extension Club, which is busy now with its annual

service project of collecting fabric scraps and gifts to send to patients in the Wichita Falls State Hospital.

"We're working this year to get more gift items for Christmas," she explains. "Hospital staff members write us that so many of the patients are simply ignored by their families and never receive gifts.

"It seems so sad that people who are mentally ill but often are fully aware that relatives and friends forget them, should be so neglected. However, we've learned that this is often the case and we want to help so they will all have gifts on their birthdays and at Christmas."

HER OFFICE as president is the first Mrs. Fangman has held in the club. She has been a member since she moved to Westway community 11 years ago, "but not always active," she adds.

The Fangmans live in a homey white stucco house on Harrison Highway, set back between two huge trees in a yard surrounded with evergreens.

Mrs. Fangman came here from Happy, where she was born and grew up on a farm and dairy, graduating from high school in Happy and then working in the office of a farm supply firm at Tulia before she married. She was Leona Venhaus before marriage.

Her experiences with farm animals as a child gave her an interest in helping her sons now with their 4-H Club project animals.

SHE ENJOYS outdoor chores and such activities as swimming and tennis, and says the family has been looking at campers "and I think we're getting camping fever!"

The children's activities take a big share of her attention. Russell, 10, is playing football this fall with the Tierra Blanca Elementary team and daughter

Denise, 7, is taking music lessons.

Leona Fangman has also studied piano lately and plans to do more, resuming study that was interrupted after her childhood lessons. She says her playing is far from expert but she enjoys it.

The youngest Fangman daughter is Carrie, just five and not yet in school. The younger son, Brendan, will be nine years old next week.

Mrs. Fangman is a member of the Women's Organization of St. Anthony's Catholic Church, and helps teach a kindergarten class on Sundays.

**CELEBRATE BIRTHDAY** — Mrs. D.H. Bryant, who displays a novel birthday cake, was honored on her 96th birthday Monday when all her children were here. Pictured with her are the Rev. Noel Bryant of Wichita Falls, Mrs. Orion W. Carter of Plainview and Cawthon Bryant. Mrs. Francis Burgess of Tulia completed the family gathering.

## Mrs. Bryant Honoree On 96th Birthday

Mrs. D.H. Bryant celebrated her 96th birthday Monday in the home of the Cawthon Bryants, and found among numerous greetings on the day an engraved card from President Richard Nixon.

Gathering in the home to honor her were her children, Mrs. Orion W. Carter of Plainview, Mrs. Francis Burgess of Tulia, the Rev. and Mrs. Noel Bryant of Wichita Falls and the host couple; grandchildren, Mr. and Mrs. John David Bryant of Hereford, Mr. and Mrs. Weldon Carter of Pampa, and a great-grandson, the Carters' son James.

A resident of Kings Manor-Westgate, Mrs. Bryant has lived in Hereford since 1902. She has been a lifetime member of the United Methodist Church, active here as a Sunday School

teacher and in the women's organization. A special guest Monday was her minister, Dr. Jordan Grooms of First UMC, and longtime friends, Mr. and Mrs. Merlin Kaul.

Patriarchs Militant and Ladies Auxiliary, IOOF Hall, 8 p.m.  
Kiwanis Whiteface Breakfast Club, Dickie's Restaurant, 6:30 a.m.

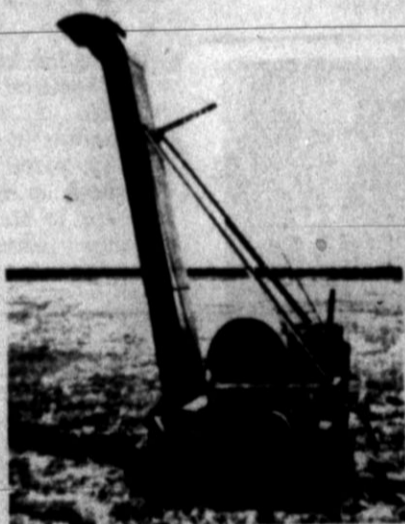

Many of the working girls, who travel a great deal, prefer pants and separates as their popular outfits. They can assemble blouses, sweaters and jackets of various styles and fabrics and in this way make changes as the occasion demands.

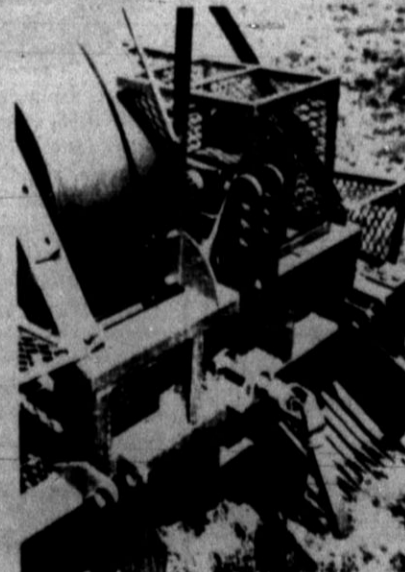

Suede jackets are good this season and another favorite is the plaid wrap around jacket with solid color pants.

## THREE-POINT COTTON STRIPPER

## Guest Is Speaker On Club Program

Natural foods and their advantages in the diet, as well as added value of food grown in the Hereford area, were discussed by Frank Ford as guest speaker to La Afflatus Estudio Club Tuesday afternoon.

Mrs. Marlin Gilliland was hostess for the meeting in her home. Mrs. Lottie Clark was in charge of the program and introduced the speaker, a Deaf Smith County farmer and owner of a firm which processes locally-grown foods for sale over the nation.

Ford spoke of laboratory tests carried out for a number of years which show extra food

values in grain and other crops produced in this area, and told of the nation-wide stress on natural foods in recent years.

Mrs. T.W. Roberson prefaced the program with a Thought For The Day.

With Mrs. Sam Morgan directing business, members voted to serve as Deaf Smith County Museum hostesses during one month in 1974.

Mrs. W.J. Gilliland was a guest and other members present were Mmes. Claude Ricketts, S.C. Ramey, B.F. Markham, Walter Johnson, A.N. Hopson, Emmitt Hale and Cecil Braly.

Diane Briones

## Miss Briones Competes For Air Base Title

Diane Briones, the granddaughter of Mr. and Mrs. Isias Carmen of 114 Bradley St., Hereford, was one of 12 beauty contestants to compete recently for the honor of becoming Miss Edwards Air Force Base.

An annual event, this year's contest was composed of talented and lovely young ladies from the base and local area. Contestants, in bathing suits and formal attire were judged by a panel of five on beauty, poise, personality and speaking abilities.

Diane, who is 17, is 5 foot 2 inches, and weighs 110 pounds and is 36-24-36. She was sponsored for the event by the 4200 Test and Evaluation Squadron at the base.

Sergeant Briones, her dad is a computer technician for the Air Force Flight Test Center at Edwards and a 19 year veteran

## At The Library

### Life In Twelfth Century England

The Lion of England and The Plot That Thickened are two books being featured at the Deaf Smith County Library this week.

Henry II's fiery character is brilliantly presented to the reader in The Lion of England. The King's grand passion for life, combined with an overwhelming ambition, has a great effect on his personal life.

The Plot That Thickened is a light, comical novel of love. A far-out scheme is conceived when Mr. Butterwick tries to talk his daughter from marrying a modern day bum.

The library is open to the public free of charge on weekdays from 9 a.m. until 5 p.m. and Saturdays until noon.

#### THE LION OF ENGLAND

By Margaret Butler  
Here is a novel that splendidly evokes life in England in the mid-twelfth century, an England only just emerging from the grip of the old pagan gods.

It tells of the love of the first Plantagenet, Henry II, for his Saxon mistress-half witch, half wanton-the love that alienated Henry's proud queen, Eleanor of Aquitaine, and sowed the seeds of his savage conflict with his brilliant chancellor and archbishop, Thomas Becket.

As the novel opens, the anarchy of King Stephen's reign is over; the gifted young monarch has restored a measure of order. But throughout Henry's realm, deep in the forests in the sacred oak groves, the ancient pagan rituals, though outlawed, are still celebrated the horned god still demands his sacrificial due.

Dominating this sweeping novel is King Henry himself. A man of colossal energy and overriding ambition, capable of terrifying rages, Henry is surprised into tenderness by his passion for his lovely pagan mistress, Mikenal.

Hikenai is a "faery woman", dedicated early by her mother to the Old Gods, the powerful and savage deities dear to the

U.S. to write off part of Indian debt.

of the Air Force. He is currently involved in work on engineering computers, which simulate experimental flight of new Air Force aerospace systems.

Saxons long before the Normans and their civilizing clerics arrived.

It is their affair and its impact on Henry's tangled relationships with Eleanor and Thomas that lie at the heart of The Lion of England, brilliantly reinvigorating this famous triangle.

Becket is given new dimension-an outward piety masking not just love of display and the iron will that would ultimately bring him into confrontation with his king, but also a driving bloodlust that stood surrogate for a natural desire for women.

And Eleanor, more than the promiscuous, conniving bitch of record, is instead a demanding but committed wife who suffers agonies at Henry's defection, yet manages to wait out the king's grand passion and live to sing another day with a husband altered and matured by grief.

#### THE PLOT THAT THICKENED

By P.G. Wodehouse  
There is no explaining tastes-particularly tastes of love. Monty Bodkin had for some reason fallen in love with Gertrude Butterwick, a beefy girl with large feet, who played on the All England women's hockey team.

This left Sandy Miller, Monty's secretary, heartbroken. Her own love for Monty was both unrequited and unmentioned, but there was a ray of hope.

Mr. Butterwick, knowing of Monty's aversion to work, made it a condition of the betrothal to his daughter that Monty hold down a job for a year, which seemed more or less likely to sink any chance of the liaison coming to fruition.

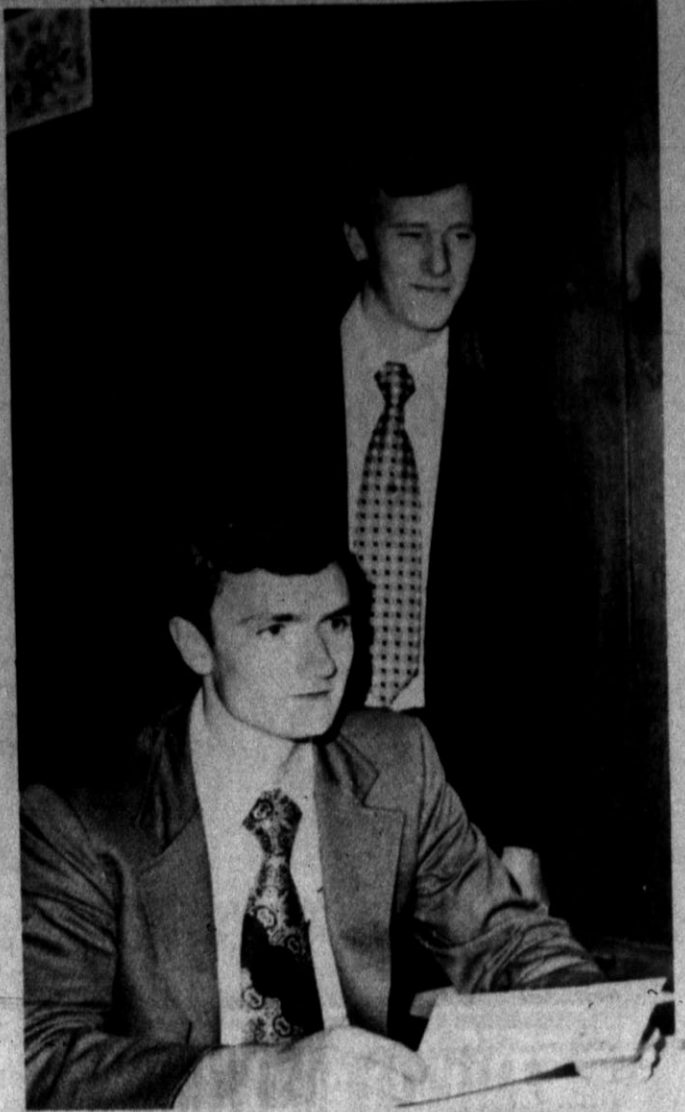

But Monty succeeded in blackmailing the Hollywood film tycoon Ivor Llewellyn into giving him a job that perhaps he could do.

With the conditions plainly satisfied, Monty, feeling that his return to London should be in the style of a Roman triumph, confront Mr. Butterwick to claim Gertrude's hand.

But Hell has no fury like a flummoxed Butterwick, and Sandy has a few cards of her own to play. Complicating all these matters is the mysterious affair involving Mrs. Llewellyn's pearl necklace.

The whole diabolical and exciting business can be ironed out only - as indeed it is - by the mater of involved plot and hilarious comic invention, P.G. Wodehouse.

Enjoy! Enjoy!

## Local Missionaries

Arriving recently in Hereford to do missionary work with the Church of Jesus Christ of Latter Day, Saints is Elder Weber, standing, of San Diego, Calif. Seated is his partner Elder Geddes, who has been doing work with the church in the Hereford area for approximately three months. Elder Weber is scheduled to continue work in the Hereford area for three months.

## Artist-Member Gives Club Show

Paintings by a member of LaPlata Study Club, Mrs. W.D. Askew, were displayed and discussed for the club's program on Art Tuesday evening, with Mrs. Juston McBride as guest speaker.

Deaf Smith County Museum was the meeting place; Mrs. Askew and Mrs. Emil Dettman were hostesses.

A palette knife painting was completed by Mrs. Askew as a part of the program, and as she worked she described that painting technique.

The rural scene was auctioned to members, with Mrs.

Jack Brown as the successful bidder, and the artist gave the money to the club project fund.

Mrs. McBride gave an appraisal of Mrs. Askew's paintings which were hung in the meeting room. Most were landscapes, with scenes from various locales including New Mexico, New England and Mexico.

Mrs. J.C. Brown conducted the brief business session, when members arranged for supplying transportation to Kings Manor retirement home residents for the remainder of this month.

## Sweater Dressing Interest Increase

Falling into knits means increased interest in sweater dressing.

"Besides traditional sweaters, pants and dresses, knits shape up as outerwear," according to Marilyn Brown, consumer education-clothing and textiles specialist, Texas

Agricultural Extension Service, Texas A&M University System.

"Big knit shapes for fall include bulky, knee-length coats and bulky, belted wrap jackets. Also tunics and below-the-hip-length sweaters with wide-ribbed midribs.

"The campus feeling of the '50s returns with the sloppy Joe and varsity sweaters," the specialist continued.

"Another updated fashion consists of a waist length pullover teamed with a longer cardigan. The zip-front jacket is an additional fall shape."

In general, Miss Brown predicted an abundance of new detailing-including shawl collars on pullovers, dresses and jackets, and high-waist ribbing. Also collars that button into turtlenecks and wide-ribbed V-necks.

Knit textures range from the very softest mohair, angora, rabbit and camel's hair to the brushed shetlands and raised surfaces of boucles, chenille and poodle-stitching, she said.

"Some big, thick worsted are knitted into heavy handmade looks-often with traditional cable patterns.

"Acrylics-stitched in flat and bulky knits-rate higher than ever.

"Fall colors, on the other hand, keep pace with the season-featuring nature shades such as rust, copper, beige, camel, off-white, brown, hunter green, maroon, slate and charcoal."

Some solids are contrasted with tone-on-tone combinations-while bright, primary colors accent others, the specialist noted.

"Patterned fall knits boast horizontal and diagonal stripes, jacquards with geometric or old ski-sweater patterns, tweeds, argyles and plaids.

# News From Austin

# Warns Of Natural Gas Shortage In Texas

By BILL BOYKIN

The chairman of the State Railroad Commission has issued a grim new warning that natural gas shortages will hit Texans hard this winter.

In a speech to Texas Mid-Continent Oil and Gas Association at Dallas, Chairman Jim Langdon said:

"Propane already is in short supply due to stockpiling to offset the natural gas shortage. As much as 500,000 barrels daily of distillate fuel oil will be needed from November to March.

If distillate use is as high as predicted in the state, three to five times above normal, shipments to out-of-state

consumers may have to be cut 50 per cent.

Out-of-state commitments, mandatory federal allocations and other factors may require that Texans share proportionally in shortages.

Langdon recommended early construction of offshore deep-water ports to accommodate super-tankers from foreign countries and stepped-up development of domestic reserves of oil and gas (including shale oil) and increased use of coal.

Meanwhile, only one major customer of Lo-Vaca Gathering Company, Lone Star Gas Company of Dallas, rejected a Railroad Commission temporary rate increase — to 29.55 cents per 1,000 cubic feet — on natural gas delivered by the big Houston-based company to its customers around the state.

**CREDIT INSURANCE CUT UNCERTAIN**  
Credit life insurance rates, which haven't been cut since

1968 in spite of reductions in losses, are going down, but it isn't certain how much.

The subject caused a minor hassle between State Insurance Board Chairman Joe Christie and Marcom Shockley, Board life insurance division head, at a hearing on credit insurance.

### TASK FORCE CREATED

Gov. Dolph Briscoe set up a multi-agency task force on youth care and rehabilitation to coordinate efforts at problem solving in the area.

### COURTS SPEAK

The Court of Criminal Appeals held unconstitutional a resentencing provision of the new law reducing marijuana penalties, designed to permit lighter sentences for those convicted under old statutes.

U.S. District Judge Jack Roberts directed the federal government to spend the entire \$11 billion appropriated by Congress to build water treatment plants. He granted a summary judgment sought by Texas.

The State Supreme Court agreed to review a case involving the amount of recoveries under uninsured motorist insurance policies.

The U.S. Supreme Court held Texas cannot hold back on giving prisoners credit for good behavior until their appeals are final. The decision affirmed lower court findings that the system rewards some prisoners while denying time credit to others.

Directors of the \$127 million Moody Foundation did not have authority to increase the board membership.

The Court of Criminal Appeals upheld the 10-year sentence given a Pecos man in the 1971 slaying of his parents.

The Parks and Wildlife Department will appeal a \$303,667 Gillespie County commission award for 131 acres of land condemned for Lyndon B. Johnson State Park inclusion.

### AG OPINIONS

Atty. Gen. John Hill held cities can charge regulatory fees (but not taxes) on coin-operated amusement machines for children.

In other opinions, Hill concluded: Appeals court judges must be paid at least \$1,000 a year more than state district judges; and courts of civil appeals judges must get at least \$1,000 less than State Supreme Court justices.

Texas Mass Transportation Commission may accept federal grants when authorized by the legislature or an agency. It may grant financial aid to political subdivisions for planning public mass transportation either out of funds which may be appropriated for that purpose by the legislature, private gifts or federal grants for the purpose.

An appraisal study on assets of a Houston rapid transit line can be withheld from public disclosure under an exception to the open records law because the city is negotiating for purchase of the company, and publicity may have a detrimental effect on the negotiating position of the governing body.

The chairman of the 1973 constitutional convention must be one of the 181 legislators who are delegates.

State law does not permit deduction of the value of real property owned by a subsidiary of a bank or held in trust for the bank, though it allows reduction of the actual cash value of bank shares by a proportionate amount per share at which the real estate directly owned by the bank is assessed to it for taxes.

Signboards planted on private land should be treated for condemnation purposes as though they were owned and erected by the landowner regardless of private agreements on leases, Atty. Gen. John Hill held.

In other opinions, Hill concluded: Portions of the new Campaign Reporting and Disclosure Act of 1973 setting up state and county election commissions are unconstitutional, but validity of other portions is not affected. Balance of the act will be enforced, Secretary of State Mark White Jr. said.

+New law bringing most Texas coastal waters under the uniform wildlife regulatory act does not supercede penal provisions governing seining. It does not cause the Parks and Wildlife Department to lose regulatory authority over shrimp in Cameron, Brazoria, Jackson, Willacy, Jefferson or Orange counties.

+Gillespie County retains title to its county roads dedicated more than a century ago, except where they have been fenced by landowners continuously for 20 years and are not reasonably necessary to reach adjoining land.

+The county judge of Hill County may not also serve as veterans county service officer.

+A court reporter's salary should be paid by counties of a district on a scale fixed by the district judge.

+Texas Amusement Machine Commission jurisdiction over coin machines on federal bases depends on terms of cession agreements and appropriate state law. If located on land not ceded to the U.S. and acquired with non-appropriated funds, commission jurisdiction will be complete.

+A tape of testimony of Dallas vending machine magnate R.B. Williams before a 1969 House committee can be released under the open meetings law. However, Hill retained some of the committee files submitted to him for further study as to whether they may be confidential.

+An act of the 1973 Legislature creating mass transit authorities with power to levy motor vehicle emission taxes is constitutional.

+The open records bill does not permit public disclosure of birth and death records filed with county clerks, and certain portions of the Artesia Hall child care facility file are not subject to disclosure under the same law.

**BOLLWORM DEADLINE EXTENDED**  
Upper Coast and Winter Garden cotton growers have been granted a 10-day deadline extension for cotton stalk destruction — until October 20 — in the pink bollworm control program.

Rains forced the plowup extension in Arkansas, Calhoun, Refugio, Jackson, Victoria, Goliad, DeWitt, Karnes, Live Oak, Wilson, Atascosa, Bexar, McMullen, Medina, Frio, La Salle, Dimmit, Zavala, Maverick, Uvalde, Kinney and Val Verde Counties.

**SCHOOL TAXES UP**  
According to a Texas State Teachers Association survey, 44

**BRING YOUR CLOTHES to POLYCLEAN CLEANERS**

per cent of local school district officials responding to a survey said local school tax increases were necessary this year to balance budgets.

Seventy-five per cent, said TSTA, responded that they will have to raise local taxes in 1974-75 to keep programs at present levels. Twenty-nine per cent said programs had to be curtailed this year.

**HIGHWAY DEPARTMENT CITED**  
For the third time in six years, Texas Highway Department received top national honors from Discover America Travel Organizations Inc.

The Department took the 1973 award for its Infobord program in highway rest areas picturing scenic, historic and recreational features. A total of 188 Infobords are contemplated over the state.

**WATER PROGRAM APPROVED**  
The Texas Water Quality Management program has been approved by the U.S. Environmental Protection Agency.

The state program had to meet federal water pollution control act requirements for Texas to receive \$1,200,000 in federal funds to assist with operation of the state program.

**CONCOM PUBLIC INFO COMMITTEE MEETS**  
An all out effort to get the news and information about the 1974 Texas Constitution Convention is being planned by a legislative committee headed by Rep. Tim Von Dohlen, Goliad.

Rep. Dohlen met with legislators and newsmen last week to discuss a public information office for the ConCon where all news media can get complete information about the convention.

The office will be set up in the capitol building as close to the convention hall as possible, Von Dohlen said, and asked reporters how they wanted the information bureau set up for maximum efficiency for all media.

**APPOINTMENTS**  
Don R. Workman of Lubbock was named by Gov. Dolph Briscoe as chairman of Texas Youth Council after resignation of Robert W. Kneebone in a major TYC shakeup.

Other recent Briscoe appointments included Cue Boykin of Midland as Industrial Accident Board chairman; John L. Blair of Kountze (reappointment) to the Texas Air Control Board; Dr. Xico P. Garcia of Corpus Christi, Henry A. Guerra Jr. of San Antonio and Margal M. Vicars of Brownsville to the Good Neighbor Commission;

J.C. (Zeke) Abranek of Liberty, Otho Plummer of Beaumont and Bryan D. Beck Jr. of Beaumont to the Lamar University board of regents; T.L. Roach of Amarillo, C. Wallace Harrell of Gonzales and Irby B. Carruth of Austin to the West Texas State University board; Carter McGregor Jr. of Wichita Falls to the Midwestern University board; Dr. Sidney W. Edwards of Kyle and Dr. Eb C. Girvin of Georgetown to the State Board of Examiners in the Basic Sciences;

Donald F. Dean of Madisonville to the Trinity River Authority board of directors; Don Doyle of Austin and Sheriff Robert R. Gladney of Freeport to the Commission on Law Enforcement Officer Standards and Education; Phillip A. Lord of Pasadena to the State Board of Plumbing Examiners; Elsworth Drummer of San Antonio and Judge Raul Gonzales of Sinton to the John F. Kennedy Memorial Commission; and Gordon Sauer

of Fredericksburg and Mrs. Cary Isenberg of Dallas to the Fleet Admiral Chester W. Nimitz Memorial Naval Museum Commission.

**SHORT SNORTS**  
Texas Safety Association launched a campaign to eliminate "booby traps" on 187,000 miles of county roads and city streets.

Rep. Carlos Truan of Corpus Christi asked an investigation of 38 deaths in state mental institutions during the last two years.

A manpower policy report to the Governor recommends eliminating all discrimination in state hiring and creation of a Texas Fair Employment Practices Commission.

The Governor has asked for federal disaster aid in flood-damaged Guadalupe, Hidalgo and Wilson counties.

Texas is the first state in a single year to rehabilitate more than 25,000 through vocational retraining programs.

Orn Gerald Brooks of Jeff Davis County received the 1973 Lady Bird Johnson award for highway beautification efforts.

Homer Foerster, Texas State Board of Control executive director, received the employer of the year award from the National Association for Retarded Children for employment of the retarded and other handicapped persons.

Former Gov. and Mrs. Price Daniel donated 100 acres of land in Liberty County for a

Southeast Texas Sam Houston Regional Library and Research Center and regional archives depository.

Two Texas engineering and designing firms have merged to form TCB, Inc., Houston, and CECON, Inc., Austin, thus creating the largest consulting engineering and design firm in the state of Texas.

Governor Briscoe asked that Fort Bend County be declared a disaster area as a result of floods and requested federal aid for flood-damaged Hidalgo, Guadalupe and Wilson counties.

The State Textbook Committee began a new series of meetings here on October 9 to select \$11.8 million worth of new textbooks.

U.S. Sen. John Tower promised efforts to expedite a Laredo request for a permit to build a new international bridge across the Rio Grande. No decision is expected before January.

A significant cut in production of Texas farm crops and livestock is seen in 1974.

A governor's conference on rural development is slated here October 23.

A new state agriculture department office has opened in Dallas to serve Dallas, Ellis, Collin and Grayson counties.

State park visitors during the winter months must limit their stays to 28 consecutive days.

productive year in 1973. Cash receipts for the first seven months of 1973 show increases over last year," Commissioner White said.

**THE FAMILY LAWYER**

**Injury Before Birth**  
Motorists who negligently knock down pedestrians would naturally expect to be held legally liable for the consequences.

But suppose the pedestrian is an expectant mother. And suppose, as a result of the accident, her baby is born with some sort of defect. Could the motorist be held liable also for the injury to the child?

Traditionally the law refused to grant damages for prenatal injuries. Courts reasoned that until the actual moment of birth, the child was merely a part of its mother, with no independent existence on which to base a claim.

But in recent years the law's viewpoint has changed sharply. Today, almost everywhere, a child is entitled to collect damages for a prenatal injury that was inflicted negligently—at least, if it occurred during the later months of pregnancy.

As one court put it: "A child has a legal right to begin life with a sound mind and body."

Of course it is still necessary, in establishing the child's claim, to prove there was a causal connection between the accident and the disability. Consider this case: A baby was born with a deformed foot after his mother had been hurt in an auto collision. But medical experts said there was no reliable way of tracing the deformity to the accident. Accordingly, a court ruled that there were no grounds for holding the other motorist liable.

Assuming that the child does have a legitimate claim, would it make any difference if the mother herself was partly to blame for the accident? That question arose in another auto case, in which the mother's own bad driving—as well as the other motorist's—had contributed to the collision.

But a court decided that the mother's negligence should not block her child's claim against the other motorist. The court thought it would be unfair, after giving the child a legal right, to take that right away because of somebody else's error.

## Deaf Smith Ranks First In Cattle Cash Receipts

Deaf Smith County ranked first in cash receipts for livestock in 1972, according to recently published statistics, Agriculture Commissioner John C. White has announced.

Deaf Smith County ranchers received \$89,710,000 for livestock. For crops farmers received \$23,524,000. Government payments brought the total cash receipts for the county to \$113,234,000.

The figures have just been published by the Texas Crop and Livestock Reporting Service, a joint effort of the Texas Department of Agriculture and the USDA, Commissioner White said.

"Even with freezes, rains, and fluctuating market, Deaf Smith should enjoy another

## Egg-Size Tomatoes In Offing

Egg-size tomatoes that provide as many slices as larger varieties — but cost less — may crop up in supermarket egg cartons in the next few years.

A new elongated version of dwarf tomatoes is currently under development at a Gainesville, Fla., agricultural research station.

Because of their compact size, more than six times as many of the new plants can be put on an acre than conventional varieties. This means higher per-acre yields and the possibility of once-over mechanical harvesting and mechanized handling.

Since the smaller fruit is less subject to crushing during handling, researchers believe it could be harvested with less expensive and sophisticated machinery than that now being used.

Research to develop the new species was stimulated by the threat to Florida's \$100 million tomato industry from imports originating in countries where workers' daily wages approximate hourly minimums in the United States.

Agriculturists point out that elimination of the Florida tomato business would further increase the nation's balance of payments deficit and put more pressure on the American dollar and the economy as a whole.

**Hired Farm Workers Rise**  
Total number of paid farm workers in the U.S. was 2.8 million in 1972, marking the second consecutive yearly increase. Reason for the rise, says the USDA's Economic Research Service, was last year's over-all high production.

**Dubious Honor**  
Recent research shows that nutgrass has the dubious distinction of being the world's worst weed. In one crop or another, nutgrass is found almost everywhere in the world except in the Sahara Desert and the polar regions.

## Can You Read Your Newspaper In 5 Minutes?

# Yes.

It's not something you do if you want the details of today's news.

But you can get a lot of facts from your newspaper in only five minutes if that's all the time you have.

Skim the headlines. They'll tell you only the most important information in each story. And if you want to learn more, read the first couple of paragraphs.

Then, if you want still more, read deeper.

A newspaper is organized so that if you're interested only in a particular subject — such as sports — you can spend your five minutes getting more and more information about it.

A newspaper is designed to help you get as much news as you want as quickly as you can.

Your newspaper. It's yours. Use it for you.

# Monterey Picked By One Faces Rated Underdog In Friday's Game

The Monterey Plainsmen have been rated as a one-point favorite to beat the Hereford Whitefaces according to this week's Harris Rating System Poll.

The Herd is rated as the number 41 team in the state among AAAA teams while the Plainsmen are picked in the Number 37 spot.

Although both teams were idle last week, both moved up in the ratings. Monterey had been rated 39th last week and moved up two places to its 37th rating this week. The Herd jumped five places from its 46th place last week to the 41st place this week.

Monterey currently has a power rating of 138.5 while Hereford's is 137.6.

The two teams are rated 1-2 in District 4-AAAA with Snyder, Coronado, Lubbock and Plainview rated in that order. Snyder is picked as the number 70 team and is a one-and-one-half point favorite over Lubbock High this week which is rated 83rd in the state.

Coronado takes on Plainview this week and is picked as a two-touchdown favorite over the Bulldogs. Coronado is rated number 77 in the state while Plainview is at the number 188 spot.

The power rating system of Harris shows the point spread for any given game simply by looking at the difference in the

ratings of two teams regardless of class division. Below are the Harris ratings of area teams for this week.

## Dippel: 'They Will Be Ready For Us'

"They will be ready when they come up here to play us," said Hereford Head Coach Larry Dippel about the Herd football game Friday against Lubbock Monterey.

"We won't be sneaking up on them. If we were 0-5 instead of 5-0 then we might surprise them. But if we do beat Monterey then we will be beating them at their best."

Dippel said the key to Friday's district opener would be the defense and the kicking game.

"They are real solid on defense. They have good size, quickness and are able to contain and force their opponent into making mistakes," the Herd coach said. "They really have no weaknesses."

DIPPEL HAD considerable praise for the front five defensive linemen of the Plainsmen.

"They have three players that are all equally strong and you can't tell much difference between," Dippel said. "Larry Horn at noseguard, Mike Hagan and Zane Cox at defensive ends are all exceptional players. They come at you pretty strong."

DIPPEL ALSO expressed concern about Monterey's league-leading kicker and punter, Mike Anderson.

"Anderson is leading the league in punting with a better-than-40-yard average. He can really back you into a hole. He also is a tremendous field goal and extra point kicker. There will always be the threat of a field goal with Anderson."

Dippel said he and his coaching staff had been taking a little more conservative approach to the Monterey game because of the emotions involved.

"WHEN YOU have a game this emotional the players tend to get tight and the result is more mistakes. We have been cutting down our offensive plays this week and reducing the number of defensive formations to make it more simple for better execution and less mistakes."

"We have been very fortunate this season because we have had some big plays and long runs," the Herd coach added. "Monterey may not let those big plays happen. With as good a defense as they have, they'll be working to keep us a long way from the goal. That will help them contain us considerably."

Dippel said the Homecoming game is normally a good game for the Herd because of the help of the crowd reaction.

"There is no doubt that the crowd, the band and the momentum helps the team — it can really make a big difference."

HEREFORD COACH LARRY DIPPEL

"...Games like this are what it's all about..."

## Odom: 'Hereford Looks Real Tough'

"Hereford looks tough."

That was the outlook of Lubbock Monterey Head Coach James Odom in an interview with The Hereford Brand this week.

"Hereford has real good balance," Odom said. "That's what makes them different from last year. You can not concentrate on beating them in one area. They're (Hereford) a real balanced team this year."

"There is no question about Hereford having a good team," the Lubbock coach added. "You can't be 5-0 and be a slouch."

THE MONTEREY coach said he was worried about the offensive threat of the Whitefaces. When asked what Monterey would have to do to stop Hereford Odom said:

"We have got to keep Hereford from getting the 'big play.' We are going to have to stop (James) Harris and (Chuck) High. We are going to have to contain (Franklin) Higgin's passing and stop (Dave) Charest's runs and catches."

"We have got to stop them all over the field," he said. "It's different this year. We can't concentrate in one area. We have got to control the entire team."

CONCERNING this week's clash between the district's number one offensive team of Hereford and the district's number one defensive team of Monterey, Odom said the game would be a big challenge for the Plainsmen.

"We have got a challenge if we want to remain number one in defense," he said. "We are first right now and of course we want to stay that way. But against Hereford it is going to be a big challenge for us."

ODOM SAID HE FELT the key to either Hereford or Monterey winning the game would be the mistakes.

"It's the mistakes that will probably decide it. It's who fumbles or gets passes intercepted, and then who can capitalize on the other's mistakes."

Odom said he expects the game to be an emotional one and that Monterey is expecting the Hereford team to be "very emotional."

"I feel emotions are a basic part of any football game and I believe emotions will play a big part of the game. We expect Hereford to be emotional because it is their homecoming and the fact we beat them last year in a big game."

WHEN ASKED what he felt Monterey was going to have to do in order to defeat Hereford, Odom said "Control the ball."

"We have got to take it and make the long drives and control the ball, which we have not been able to do this year. I don't think Hereford is going to give us the ball anywhere near their goal, so we are going to need to make the long drives. Our defense has set up or made many of our points for us this year and we are going to need to control the ball this game."

Odom said he felt District 4-AAAA was the best balanced it has been in a good while.

"I feel like the district champion will lose at least one district game," he said.

## Hereford Boxers Place Well In Amarillo

Hereford Boxing Club competed against Stinnett and Amarillo Clubs Saturday night in Amarillo and won eight out of 19 fights which gave Hereford one-third of the bouts.

There were a total of 24 fights. Winners for Hereford were:

- Edwin Smith, 50, over Andrew Griego, Amarillo.
- Barry Jackson, 68, over Marshall Cates, Stinnett.
- Ernest Castro, 83, over Jeff Warrick, Stinnett.
- Richard Ballesters, 83, over Jerry Louderdale, Amarillo.
- Roy Pena, 110, over Tim Florez, Amarillo.

- Frank Celeya, 115, over Stanley Malisowski, Stinnett.
- Juan Ruiz, Jr., 111, over Mike Sargent, Stinnett.
- Raymond Dela Cerda, 150, over Richard Ashford, Amarillo.

Losing on the Hereford team were:

- George Guerrero, 68, to Shave McCoy, Amarillo.
- Fabian Ruiz, 66, to Claude Hooks, Stinnett.
- Danny Hernandez, 78, to Jimmy Watson, Stinnett.
- Terry Pedigo, 80, to Danny Alcola, Amarillo.
- Carlos Guerrero, 88, to Jerrel Warrick, Stinnett.

- Mike Castro, 91, to Charlie Gomez, Amarillo.
- Roy Ballesters, 95, to Joe Salazars, Amarillo.
- Glen Griego, 103, to Romero Guzman, Amarillo.

Ben Lueb, 126 Avenue G, was the big winner of last week's Hereford Brand football contest when he missed only three of the 20 games.

Two of Lueb's three misses were tie ball games all 288 entrants which in the contest

- Henry De Leon, 135, to Junior Watson, Stinnett.
- Martin Lucero, 125, to Jimmy Bruce, Stinnett.
- Odie Lucero, 106, to Henry Valverde, Amarillo.

missed. He wins \$20 for his first place win.

Taking second in the contest with four misses and 16 off the tie breaker was Many A. Herring, 726 Avenue G. Second place prize award is \$15. Also missing four games and 20 off the tie breaker to take

The next match will be in Plainview, Saturday, at 8 p.m. in the Hutchinson Center (where the Flying Queens play basketball).

Russell Jackson and Clayton

and Charlotte Schroeter missed four games but were too far off the tie-breaker points of 65 which were scored when Oklahoma beat Texas 52-13. Twenty-six persons missed five games in the contest and 48 entrants missed six games.

# Herd Retains Stat Leads

The Hereford Whitefaces retained their lead among district statistics this week as they moved into a head-on collision with the Monterey Plainsmen this week.

Hereford held its lead as the number one offensive team in District 4-AAAA and Lubbock Monterey held the same lead in the defense column.

The Herd also sits at the top of the column with its unmarred 5-0 season record as all other teams in the district has suffered either ties or losses.

Several Herd players also continued to hold leads in various statistical columns. James Harris is the leading scorer with 44 points and also is the league's leading rusher, leader in total offense and is second in tandem offense in (rushing and receiving.)

Franklin Higgins continued to lead the district in passing and

Dave Charest still holds the receiving. Mike Crim holds down second place in punting behind Monterey's Mike Anderson.

Chuck High also sits near the top of the column in both rushing and tandem offense.

Below are the official district statistics as compiled by Walt McAlexander of the Lubbock Avalanche-Journal.

**PORTS OF CALL**

For Travel And Adventure

By Edward H. Sims

OSTEND, BELGIUM—Ferries to England, from France and Belgium, may lose most of their business to a tunnel, and hovercraft, in the next decade. But for a few years, at least, most motorists on the continent headed for England will still go by ferry.

Since ferries are inevitably slow, as is all sea travel, the trick is to avoid the long rides from Scandinavia and the Hook of Holland. The trip from the Hook requires eight hours. From Jutland in Denmark to Harwich the time is eighteen!

But from this city, a favorite holiday spot for British summer vacationers for many years, the time is only three hours, forty-five minutes. From Calais and Dunkirk the time is even less, and there is a hover ship making the run from Calais. The shorter ferry trips are, the cheaper, also.

Getting the right information on sailings and making bookings, however, is one of the chores which makes Dad grey. The inefficiency of the European travel agency is legendary.

If one calls the ferry, the girl at the ticket office may not know when the ferries sail! That, of course, is hard for many to believe. Nor can the traveler always learn whether a particular boat is full.

So one just as well enjoy the trip through the low coun-

tries and drive up to the ferry when the car gets there. Take the next one, and enjoy the time wandering about Ostend, Calais or Dunkirk.

Belgium's roads are better than France's, and less congested than Holland's. Thus Ostend has always been the writer's favorite ferry town.

Calais and the hovering craft, however, are best for quick transportation. As the Ostend ferry boat I took approached Dover, some days ago, the swish and hum of this fast-stepper from Calais overtook us at the harbor entrance and was given right-of-way! The air blasting down sent up a spray all round the modern-craft, and it moved off smartly. We felt like stick-in-the-muds, wallowing along at five knots.

The cliffs of Dover, by the way, are not white but grey, though they sometimes reflect white at a distance in the sun. They are indeed tall, and formidable, and one can understand why German Army commanders didn't relish the thought of scaling them under fire in 1940.

The new road, A-2, to London is now open, but one should figure on two and a half hours to reach a hotel or address in the center of the city. The drive is, at times, through beautiful rolling country, but the traffic is always heavy, and everyone is on the wrong side of the road!

# Herd 'New Look' Accompanies Opening Of Basketball Season

With 9 of the 11 varsity players graduated and a new head coach taking the whistle, Whiteface basketball is sure to have a "new look" this season.

Coch Barry Arnwine, who moved up from the assistant's post to replace Ron Mayberry, actually greeted only one veteran when practice started Monday. That was Dan Vander Zee, big 6-8 post man, who led the team in scoring and rebounding last year and was a

4-AAAA All-District selection. The other letterman — James Harris — is still busy playing football. He was sixth in scoring for the Whitefaces last year and had a record 41 "steals", along with being an honorable mention pick on the all-district team.

With two quality players like Vander Zee and Harris returning, Arnwine is quick to admit that things could look worse.

"The team is starting with a lot of enthusiasm and confidence," he reported Tuesday.

The start of the season is less than a month away, with the first game being Nov. 16 here against Canyon. The regular football season ends Nov. 15 in Lubbock.

The Herd was short in numbers on junior players last season, and the junior varsity compiled only a 9-20 won-lost

record. Top candidates up from the JV include Lynn Tarr, the top scorer; Dennis Noggler, Andrew Wingert, Junior Morales, Mike Albiar, and Gerald Shipley.

Still on the football team are juniors Mike Munneryn and Doug Charest, and senior John Stoy, who has injured a shoulder and may miss the roundball season. Also listed as varsity candidates are three players up from the sophomore team — Craig Nieman, Hank Stringer and Jim Arney.

The Herd, rich in talent last year, recorded a 23-10 mark on the season but wound up 6-4 in the all-important district action. Monterey and Snyder tied for the title, with the Plainsmen winning the playoff. The

Whitefaces lost the four league tilts by a total of 10 points.

Lost via graduation were such standouts as Keith Kitchens, David Duvall, Terry Scott and Gary Hicks — all who are playing basketball in college, and Luther Mays, Alan Cornelius, Mike Mayberry, David Tipps and Ralph Scott.

Assisting Arnwine will be Joe Tubb. Tubb will also be in charge of the junior varsity team. The sophomore team will be coached by Dempsey Alexander as soon as Alexander completes duties with the varsity football team.

"We have a strong non-conference schedule," said Arnwine. "We play all Amarillo teams along with Borger and Pampa."

"Everybody in the district lost quite a bit," said Arnwine. "Coronado has the most and will probably be the preseason pick. Monterey and Plainview will also be rated high."

Arnwine said the season should be an exciting one for fans.

"We will be playing the type of game that is exciting," he said. "We will be out there to get after it."

Arnwine said depth will be his major concern this year.

"We want to be strong in positions underneath the basket. We have real good starters for underneath, but our depth problem will show should our starters begin to foul out of games."

## WT Basketball Feature New Look

West Texas State University's "new look" basketball team kicks off practice sessions under new coach Ron Ekker Monday and the season ticket campaign is already off and rolling.

The Buffaloes, under the 6-4 Ekker, will face 15 home opponents, including six Missouri Valley Conference foes, in Amarillo's Civic Center Coliseum during the 1973-74 campaign. One other game is scheduled in the Fieldhouse on West Texas State University's campus and isn't included in the season ticket sales.

West Texas State hosts the Brazilian National team Thursday, Nov. 8, in a contest which will be part of a goodwill exchange between Brazil and the Missouri Valley Conference. That is the game which will be played on campus. The other 15 home games are slated for Amarillo.

Other home games in that period are Quincy College, Dec. 5; Adams State College, Dec. 10; Eastern New Mexico University, Dec. 15; Hardin-Simmons University, Jan. 3; Memphis State University, Jan. 5; University of Texas-Arlington, Jan. 10; North Texas State University, Jan. 12; and New Mexico Highlands University, Jan. 14.

Home games for the remainder of the season are St. Louis University, Feb. 7; Louisville University, Feb. 9; Pan American University, Feb. 18; New Mexico State University, Feb. 21; Wichita State University, Feb. 28; and Tulsa University, March 2.

Games in the MVC season ticket plan are North Texas State, St. Louis, Louisville, New Mexico State, Wichita State and Tulsa.

### ELEPHANT REMEMBERS

PORTLANDS, ORE. — A Portland Zoo elephant named Tux Ho learned that pressing a lighted panel on a box-like device produced a sugar cube. Eight years later she pushed the lighted panel 19 of the 20 times it was offered.

The Buffaloes, featuring an aggressive pressing-type of defense, will open their 1973-74 season with nine straight games in Amarillo's Civic Center Coliseum, starting Dec. 1 against Central State University of Oklahoma.

## Cool Weather Boating Hazards

Now that summer has ended and cool weather is in the offing, you can stop worrying about becoming a boating accident casualty, right?

Wrong, say Texas Parks and Wildlife Department water safety officials.

Cool weather boating offers some hazards all its own, and letting your guard down could be a fatal mistake.

For example, one cool weather boating activity is hunting, a sport which takes the hunter to remote places with little chance of assistance in case of an emergency.

Weather is a factor which should be considered. It's more unpredictable during the fall and winter, therefore increasing the chances for the boater to be caught under adverse conditions. This could mean a dunking.

A dunking in cold water is a serious situation because of hypothermia, or subnormal body temperature. This happens when your body begins to lose heat faster than it produces it. Exercise can drain your energy reserves, so it is important that you remain calm in cold water and expend as little energy as possible.

The cardinal rule in any

boating accident, of course, is to stay with the boat. But if you do become separated from your boat and life jackets, there are still some things to do to save your life.

For example, if you relax, chances are that air trapped in your heavy clothing will keep you afloat for a little while.

If you are wearing hip boots, keep the tops under water. Air trapped in the boots will cause them to float at the knees. Turn on your back, and use a backstroke to paddle to shore.

Duck hunters may be able to grab floating decoys and push them inside their jackets to help stay afloat.

Oars can also help you. If you have only one, put it under your chin and spread your arms along its length. If you have two, roll on your back and put one oar under the back of your neck. Stretch your arms along its length.

Because you will be chilled when you reach shore, it is important that you build a fire as soon as you can. A water proof container of matches, therefore, should be carried in your pocket as part of a survival kit.

Stay by the fire until someone comes for you or until you are thoroughly dry and know you can get to shelter unassisted.

### ONE MINUTE SPORTS QUIZ

- Name the teams meeting in the NL pennant clash.
- Name the teams meeting in the AL pennant clash.
- How many career home-runs did Hank Aaron end the 1973 season with?
- Name the NBA player to hit more than 70 per cent of his field goals attempted for a season.
- Which player has been selected to the NHL All-Star team the most times?

### Answers To Sports Quiz

- The New York Mets and the Cincinnati Reds.
- The Oakland Athletics and the Baltimore Orioles.
- 713—One short of Babe Ruth's 714 record.
- Wilt Chamberlain.
- Bobby Hull.

### VETOES PENSION BILL

MONTGOMERY, ALA. — Gov. George C. Wallace has vetoed a bill passed during the recent session of the Alabama Legislature that would have provided a pension for Governors disabled in office.

### FREED AFTER 50 YEARS

NEW ORLEANS—After 50 years in a mental hospital as a result of a crime for which he was never tried, Salvatore Frisella, 34, has been set free after the state said it would not prosecute.

natural energy HOME

CLEAN ENERGY FOR TODAY AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource... natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

# Jaycees End Convention

With 153 registered delegates from a dozen Panhandle cities, plus visitors including national and state officers, Area I-A Jaycees and Jaycee-Ettes convened in Herford on the weekend. They competed for awards in speaking and program presentation, heard candidacies

## Award Winners In 4-H Club Projects Announced

Outstanding work in all phases of the 4-H Club program was recognized at the annual achievement banquet Friday evening, when Chris Marnell and Roger Sanders were introduced as County Gold Star girl and boy for 1973.

In addition to the major awards, a complete list is announced as follows by Joyce Shipp and Robert Devin, 4-H directors on the Extension Service staff here:

Sam Finley and Rudy Coleman in agriculture; Lynette Clearman, Britt Hicks, Joe Monroe, Devin Douglas, Larry and Bobby Williams, beef; James Mayes, Connie Terry, Tim Ruland and Kyle Bruton, bicycle; Gina Inman, Lynn Mitts, Connie Villarreal and Diane Warden, bread.

Melinda Tatum and Paula Terry, child care; Sandee Emmitt, Maribel Guterrez, Stephanie Paetzold and Diane Ward, clothing; Edd Stallings, conservation; Beverly Cole, Cynthia Smart, Melody Kendrick and Chris Marnell, consumer education.

Sidney Sawyer and Randy Coleman, dairy; DeAnn Walser, Janae Pagett, Yvonne Gutierrez, Juanita Kendrick and Dawna Inman, dairy foods; Denise Cotton, Peggy Miller, Barry DeHart and Rodney Miller, dog care; James Hamby, entomology.

Charisse Dobbs, Sandra Stallings, Donna Carr, Joann Wagner, Carmela Burges and Ronda Hagar, dress revue; Susan Skaggs, Janae Pagett, Ronda Hagar and Donna Carr, food-nutrition; Sandee Finley, food preservation.

Sherry Strain and Yvonne Vera, health; Geni Welty and Lee Ann Urstead, home environment; Lora Coker, Nicki Merritt, Carla West and Frankie Well, home management; Cathy Crim, Jeanette Holman, Allyn Rowland and Lee Washington, horse club.

Mark Betzen, petroleum

announced, were entertained at a Saturday evening banquet and heard Lewis Timberlake of Austin, president of Decision Dynamics, speak and conduct a leadership seminar.

Jaycees and the wives' organization of this city were hosts. Larry Bean was convention chairman for the Jaycees and Mrs. John Bunch for Jaycee-Ettes.

Jim Conkright, president of Deaf Smith County Chamber of Commerce, welcomed visitors at the banquet.

Bill Johnson received the Spark Plug award and Lonny Coffey the Speak Up award as the only Herford winners.

John Bunch, a state vice president now, announced his candidacy for national director, and Johnson for state vice president of Region 101 to succeed Glen Stevens of Friona.

Mrs. Jerry Tustison of Irving, state president of Jaycee-Ettes, was a special guest as was Mrs. Bill Blackburn of Childress, state vice president for Area I-A.

Jaycee state vice presidents for their respective regions included Jim Jordan of Perryton and Joe Stephenson of Claude, as well as Stevens. John Duggan of Vega, national director for the area, and Milton Saltzman of Pampa, administrative director, were also present.

From outside the area, visitors were Keith Anderson of Lubbock, national director of Area I-B; Don Craig of Monahans, Bob Vinson of Stanton, Mr. and Mrs. Gene Bell of El Paso, all state vice presidents. Other visitors came from Abilene, Albany and Midland.

Area cities which sent delegates were Amarillo, Borger, Childress, Claude, Dimmitt, Friona, Happy, Muleshoe, Pampa, Perryton and Vega.

During Convention

Area Jaycees received awards during the Area convention held in Herford last weekend. The convention headquarters was the Red Carpet Inn with meetings held in the Starlife Club. Herford Jaycees and Jaycee-Ettes were hosts of the joint convention.

## 4-H Horse Club Elects Officers

New officers of Deaf Smith County 4-H Horse Club were elected at a meeting in Community Center Monday evening, with Allyn Rowland named president.

Cathy Crim is vice president, Sandee Finley secretary-treasurer, Tom Marnell reporter.

After the business meeting the club members joined those from two other 4-H Clubs which met at the same place, for an hour of games.

# Officers Talk Drug Scene To Local Women's Meet

By STEVE CONNELLY  
Staff Writer

Two officers of the Hereford Police Department attended a meeting of the Peak of the Panhandle Educational Secretaries Association at 7 p.m. Monday in the Flame Room of the Pioneer Natural Gas Co. and spoke of the dangers of drugs.

Lt. Paul Ramirez and Officer Larry Burelsmith attempted to give some warning signals to the women at the meeting so they would know drug users and be able to help them.

"The sooner, we, as parents, recognize the drug problem, the sooner it will end," began Lt. Ramirez.

Lt. Ramirez gave a brief history of narcotics, and said the use of drugs began before the birth of Christ. Hashish, a

highly concentrated form of marijuana, was given to soldiers before battles so they would fight without fear. He also said the Chinese have used various drugs for centuries.

Lt. Ramirez said marijuana is on the decline in Hereford because of arrests, but that harder drugs were on the rise.

"Marijuana has led many people to heroin, cocaine, and other hard drugs," Lt. Ramirez said. In a 1968 survey by the Hereford Police Department, 89 per cent of those arrested for marijuana said it was not enough of a "high", and that they would eventually seek other drugs.

The officers showed samples of marijuana and then lit a small amount to familiarize the women with the smell.

Officer Burelsmith then spoke on the dangers of am-

phetamines, barbituates, hallucinogens, and delirants. Burelsmith also showed an example of a "shotgun kit", which is the hypodermic syringe, tourniquet, etc., used by some pill users to inject the drugs to get a stronger effect.

After Burelsmith completed the talks on drugs, both officers answered questions from the women, who seemed very interested in the problem.

## BRIEFS

Brandt stresses German domestic reforms.

Senate votes \$300-million rise for school lunches.

Prayer amendment backed in Senate.

U.S. signs space accord with Europeans.

# Wood Describes 'Outdoor Classroom' To Rotarians

Ronnie Wood, life science teacher at Stanton Junior High, told Rotarians at noon Monday about the new 'outdoor classroom' facility along Tierra Blanca Creek.

Wood, introduced by Johnnie Price, said a portion of the creek near Veterans Park had been set aside for the school's use in teaching life science.

"We want to let nature take its course so that the creek may return to the way it was when Pioneers found it," Wood said. "We then go out on a nature trail and teach according to the natural examples along the creek."

Wood said the project would teach students the importance of wildlife.

The teacher said a forest ranger from Lubbock and the local Soil Conservation Service

office were joining the school's efforts to restore the creek. Along with his talk Wood presented slides of the creek to show what areas students will learn.

On British trains, the cow-catcher is called the plough.

# Vietnam POW To Speak In Amarillo

Brig. Gen. David W. Winn, USAF, will be the featured speaker at the third annual Panhandle Veteran's Ball, Friday, November 9, at the Villa Inn in Amarillo, according to J. Brad Baker, chairman of the Panhandle Veteran's Ball Committee of the Chamber of Commerce.

The Ball will include a reception, dinner and dance. Music will be provided by the Dick Morton Orchestra and Dean Kelley will act as master of ceremonies.

General Winn will be the first prisoner of war to speak in this area. He was shot down on August 9, 1968 over North Vietnam, and was a prisoner of war until March 1973.

Winn is currently the vice commander of Sheppard Technical Training Center, Sheppard Air Force Base, Texas. The Center provides

GEN. DAVID WINN

technical and health care sciences training for officers, airmen, and civilian employees of the U.S. Air Force Reserve, Department of Defense, and foreign nationals.

The Ball will be held in the Tropic Room of the Villa Inn in Amarillo with the reception starting at 6:30 p.m., dinner at 7:30 and the dance at 9:00. Tickets are \$7.50 each and are available at the Amarillo Chamber of Commerce or from representatives of the various veterans organizations.

## Web of despair

Early in life, the prodigal son left home to make his own way in the world. But without his father's guidance, he lost all he had and became *entangled in a web of despair*. Self-pity was his only friend. Then one day he decided to return home and ask to become his father's servant, nothing more. He had not gone very far, when he was met by his loving, forgiving father, who called him son and *helped him back home*.

Many Christians also feel trapped, entangled in *their own web of despair*. They have shut themselves off from their Heavenly Father. Like the prodigal, they must take the first step on their own in order to return home. Once that difficult first step is taken, *God will help them the rest of the way*. Maybe you should take your first step out of that web. *God will help you back.*

**You In The Church**  
**The Church In You**  
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

# Hereford High Prepares For Homecoming, 1973

Students work on Choir float, right, and junior float, left.

FOOTBALL QUEEN CANDIDATES for this year's Homecoming activities are shown making plans for the coronation which will be conducted at the Friday afternoon pep rally. The five lovely candidates, left to right, are: Becky London, senior; Renee Payne, sophomore; Cindy Smart, junior; Donna Munnerlyn, senior; and Diedra Dziuk, senior. The pep rally is set for 2 p.m. Friday, and the parade follows at 3 p.m.

Sophs put in many hours on float, too.

Student Council float shaping up.

CHURCH OF CHRIST

15th & Blackfoot

PREACHING THE GOSPEL IS MY BUSINESS. Jesus said, "Go . . . preach the gospel to every creature." Mark 16:15

ALL MEN NEED IT. All have sinned (Romans 3:23.) The wages of sin is death (Romans 6:23)

IT IS GOD'S POWER TO SAVE. "I am not ashamed of the gospel of Christ for it is the power of God unto salvation." Roman. 1:16.

IT MUST BE BELIEVED. "He that believeth not shall be damned." Mark 16:16

IT MUST BE OBEYED. "And to you who are troubled rest with us, when the Lord Jesus shall be revealed from heaven with his mighty angels, in flaming fire taking vengeance on them that know not God, and that obey not the gospel of our Lord Jesus Christ." II Thess. 1:7-8.

IT MUST NOT BE CHANGED. One of our Lord's apostles wrote, "Though we, or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed." Gal. 1:8.

WE BELIEVE that the gospel of Christ was fully preached by the apostles, and that God has preserved that message in the New Testament. We further believe that it can be understood by common people. We welcome an invitation to study that message with you, using your Bible as a text. You name the time and place.

Richard Donley

# Erskine Poses as Race Track Cashier

Inspector Erskine poses as Ed Benson, head cashier at a race track that has been robbed of a quarter of a million dollars, on the ABC Television Network's "The FBI," Sunday, Oct. 21 (6:30-7:30 p.m.).

In "The Exchange," the bandits, Ray Curtis and Desmond Murphy, are forced to hide the money at the track before making their getaway. They kidnap Benson's wife, Ada, to compel him to help recover the money.

Benson informs the FBI, and Inspector Erskine sets out to trap the bandits by impersonating Benson and delivering the money to them in his place.

Efrem Zimbalist, Jr. stars as Inspector Lewis Erskine. Also starring are Philip Abbott as Arthur Ward, assistant to the bureau director and Shelly Novack as Agent Chris Daniels.

Guest starring are Scott Marlowe as Ray Curtis, Ron Randall as Ed Benson, Jesse Vint as Desmond Murphy, Barbara Colby as Marri Nolan and Antoinette Bower as Ada Benson.

The teleplay by Robert C. Dennis was directed by Marc Daniels.

★★★

Efrem Zimbalist, Jr. and Antoinette Bower star in "The FBI."

# Jesse James Rides Again

Cliff Robertson portrays a gunslinger in "The Great Minnesota Northfield Raid."

Academy Award winner Cliff Robertson and Robert Duvall star in "The Great Northfield Minnesota Raid," an action-filled Western depicting the era of Cole Younger and Jesse James, on "NBC Saturday Night at the Movies" Oct. 20 (8:00-10:00 p.m.) on the NBC Television Network.

(Robertson was named Best Actor of 1968 for his performance in "Charly.")

Falling to secure amnesty from the Senate of the Missouri legislature, Cole Younger (Robertson), Jesse James (Duvall) and others of Cole's gang decide to rob the "biggest bank west of the Mississippi" at Northfield, Minn.

They ride north from their Missouri farms, and Cole, posing as a wealthy cattle buyer, makes friends with banker Wilcox (Robert H. Harris). He and Wilcox form a plan to persuade virtually all of the townspeople to deposit their fortunes in the bank. As soon as the bank is overflowing with funds, Cole, Jesse and the gang make their move.

The 1972 Universal release was written and directed by Philip Kaufman.

- The Cast

# Friday Program Notes

7:00...ABC...THE BRADY BUNCH  
"Getting Greg's Goat." Greg and his teammates kidnap a rival school's mascot, a goat, and the ladies in this athletic room.

7:00...NBC...SANFORD AND SON  
"Lamont...That You?" Lamont and Son temporarily have doubts about each other after a mix-up at a bar.

8:00...NBC...NEEDLES AND PINS  
"Union Trouble." Nathan's (Norman Fell) Lorelei's fashion become a joke when a small incident snowballs into a crisis compounded by stubbornness on both sides.

8:00...ABC...ADAM'S RIB  
Special one-hour episode. "The Unwritten Law." Adam's rib defends a woman who accuses her husband in a divorce to the same case.

8:00...CBS...THE SHAPE OF THINGS  
Comedy special for and about women with guest stars Phyllis Diller, Joan Rivers, Valerie Harper, Lynn Redgrave, Lee Grant and Brenda Vaccaro. The special will present a unique satirical revue in which the fair sex will be calling the shots--on both sides of the camera.

9:00...ABC...LOVE AMERICAN STYLE  
"Love and the Heartbeats Honey." with guest stars Jerry Orbach, Barbra Streisand and Burton Gilliam; "Madre and the Secret Spouse," with guest stars Bob Cummings, John Dehner, Bruce Davison and Renne Jarrett. "Love and the Flunky," with guest stars Bill Russell and Gloria Hendry and "Love and the Cozy Comrades," with guest stars Kurt Kaesner and Gloria LeRoy.

# "Brian Keith"

Dr. Sean (Brian Keith) loses his office nurse, Puni (Victoria Young), to the battle of inflation when she moonlights at a golf range and suffers a black eye, and her male nurse successor nearly organizes the clinic out of business. In "Inflation" on NBC Television Network's "The Brian Keith Show" Friday, Oct. 19 (8:30-9:00 p.m.).

Mr. Ishi (Pat Morita) takes Puni's job with high recommendations from Dr. Chaffee (Roger Bowen) but his efficiency is too much for Dr. Sean and Dr. Anne (Shelley Fabares). When by accident Dr. Sean finds Puni at the golf range, he convinces her to return to her regular duties. Nancy Kulp appears in her regular role of Mrs. Gruber, the landlady. This segment was written by Bruce Shelley and David Ketchum and directed by Earl Bellamy.

# "The Ten Year Honeymoon"

A terminally ill policeman unnecessarily places his life in danger in "The Ten Year Honeymoon," starring Claude Akins and Paul Burke, on NBC Television Network's "Police Story" Tuesday, Oct. 23 (9:00-10:00 p.m., in color).

# Doc, Make Us Well

A lie about a starring role by bit actor Carey Roberts meant to cheer his dying father, backfires and the elder Roberts loses the will to live in "Friends in High Places," on the ABC Television Network's "Marcus Welby, M.D." Tuesday, Oct. 23 (7:00-10:00 p.m.).

Believing that his roving son has returned to comfort him in his illness, Arnold Roberts becomes despondent and rips the life-saving tubes from his body when Carey tells him he has come back for a movie role. Later, when Carey is stricken with colitis, Dr. Welby counsels the father to encourage the son in his acting career.

Robert Young stars as Dr. Marcus Welby and James Brolin stars as Dr. Steven Kiley, their office nurse, starring as Consuelo Lopez, their office nurse.

# Magician and Wife

"I think it was one of the most awkward scenes I've ever done," said actress Brenda Benet after doing a romantic scene with her husband, Bill Bixby, in his new NBC-TV series "The Magician."

"It was even hard to kiss him," she continued. "It's the same old mouth, but it was terrible. I was so abnormally shy; I guess because I don't think it's anybody's business. The scene would have been easier had I done it with a total stranger because that would be real acting. With Bill, it was like being on exhibition."

**Halloween mystery drama**  
 Sally McMillan's (Susan Saint James) life is endangered and Mildred (Nancy Walker) becomes the victim of a scare campaign in a Halloween mystery drama, "The Devil, You Say," on NBC Television Network's "McMillan and Wife," the "NBC Sunday Mystery Movie" colorcast of Oct. 21 (7:30-9:00 p.m.).

Commissioner McMillan (Rock Hudson), while investigating the murder of a man who warned Sally of danger prior to his death, uncovers a connection between Stalinism and Halloween girls sent anonymously to Sally each.

Guest stars include Keenan Wynn as Prof. Zagmeyer, Robert Hooks as Sam Burke, Werner Klemperer as Dr. Ernest Blecker, John Fielder as Simpson, Barbara Colby as Linda Comsac, and Rita Gam as Pamela Kane. Alex March directed from a script by Steve Fisher.

**TENNESSEE TRIMMER**  
 Tennessee Ernie Ford, co-host of NBC-TV's Oct. 22 musical special, "Timex Presents: Opryland, U.S.A.," sports a leaner look on the program. He says that the lost 23 pounds during a six-month period.

**AT THE MOVIES—THE GREAT NORTHERN MINNESOTA RAID**  
 Duane Page's "The Great Northern Minnesota Raid" is a historical drama about the Missouri legislature, Cole Younger and Jesse James (Robertson and Duvall) and others of the gang decide to rob the "biggest bank west of the Mississippi" at Northfield, Minn. Universal, 1972.

9:00...**ABC... GRIFF**  
 "Don't Call Us, We'll Call You," with guest stars Joan Darling, Kaz Garas and Martin E. Brooks. Griff and Mike work desperately to learn the identity of an unknown psychotic who is terrorizing their secretary Grace Newcombe.

**RECOGNITION FOR ROONEY**  
 Mickey Rooney, playing for laughs as a recurring guest star on "NBC Follies," has an Oscar, three Oscar nominations and four Emmy nominations to his credit.

**TOURING TRIO**  
 Two stars of NBC-TV's "Chase," Michael Richardson and Brian Fong, and Randolph Mammoth, of NBC-TV's "Emergency!," all own Landrovers and hope to tour South America together next spring.
