Herd, Snyder Clash In Home Finale Win Over Tigers Would Assure At Least A Tie For District Title

The Hereford Whitefaces, sitting on top of the District 4-AAAA mountain, will be trying to pull up the rope behind them Friday when they play host to the Snyder Tigers

The Whitefaces, leading the District 4-AAAA race by one full game with two games left, will be assured of a tie for the crown with a win over the Tigers.

Hereford has been favored over the Tigers by a touchdown. Kickoff is slated for 7:30 p.m. with pre-game activities beginning at 7:10 p.m.

The game will be the final home game of the season for the Herd and has been designated as Parents' Night. Parents of the players will be introduced before kickoff.

Pre-game activities also include a bonfire at 7:30 p.m. tonight behind Doyle Johnson Chevrolet and a pep rally in downtown Hereford at 3 p.m. Friday.

HEREFORD, leading the district with a 3-0 record, also lays its perfect 8-0 season record on the line for the game. A win Friday will give the Whitefaces a cinched tie for the crown with Monterey and Lubbock High, should both win their games. Monterey plays Plainview and Lubbock takes on Coronado.

Monterey and Lubbock currently stand at 2-1 in district action. Coronado is 1-1-1, Snyder is 0-2-1 and Plainview is 0-3.

HOPES FOR the Herd lie behind its balanced offensive attack and consistent defense. Leading the offense is running back James Harris, who leads the district in rushing and scoring. Harris

needs only 161 yards in the final two games to break the 1,000-yard barrier and has scored 80 points through the eight games.

Backing Harris will be tailback Chuck High, who has tacked on 605 yards this year, including the longest run from scrimmage at 86 yards. Herd quarterback Franklin Higgins and receiver Dave Charest also lead the district in passing and receiving.

HERD COACH Larry Dippel sees the Snyder game as a must game if the Whitefaces are to win the district outright.

"We could get some help from other teams," said Dippel. "But if we expect any help then we must win over Snyder." Dippel said he was afraid of the Tigers

first of the season and then have lost recently in some close fought ballgames." "They were undefeated through the first four games of the season," Dippel

because they came on real strong at the

sa id. Snyder then lost to AAA powerhouse Lamesa, lost to Lubbock 13-12, were tied by Coronado 16-16, and fell to Monterey

"THEY realize they could salvage a good winning season with two wins in these last two games," Dippel said. "They have a big-play guy in Welton Cobb. He is the second leading scorer behind Harris and is the leading tackler in the district."

Cobb is the returning district

champion in the 100-yard dash. He won the district meet in the event last year as a sophomore in a time of 9.6 seconds.

SNYDER also leads the district in defense with what Dippel says is "considerable weight up front."

The defensive line for the Tigers includes Cobb at linebacker at 190; Wilbert Thompson, defensive end 165; Willie Smith, noseguard at 230; Micky Gonzales at defensive tackle at 235; Grant Knipe at defensive tackle at 245; Ralph Lewis at defensive end at 180 and Jerry Fore, linebacker, 170.

'They also have (Tommy) Welsh at fullback at 205 to give some added punch to'Cobb," Dippel said.

"THEY played a really tough game

with us last year and they have all their guys back," the coach said. "This is a big game and we really need to win it."

The coach said offensive and defensive stalwart captain Jim Marsh will definitely be out of action this week following an ankle injury in the Coronado game.

"His foot is in a cast and he will miss this week at least and maybe the Lubbock game. We will just have to check it as we go.

Dippell said he was well pleased with the defense in the Coronado win and that the Herd played a better game totally. "We were more consistent offensively

than we have been. However, Dippel's philosophy for this week's game was "Never underestimate

Of Piggly Wiggly Store

One of Hereford's oldest independent businesses sold this week. Piggly Wiggly, owned by Gaylord Newell, was pur-chased by DMD, Inc. — a corporation organized by Morton and Amarillo people - and will become a Thriftway store.

The sale to DMD brings to a close more than 30 years of grocery business in Hereford for Newell. He bought a store from Glen Weir in 1943 and affiliated with Piggly Wiggly when he moved in 1950 to the present location at 426 Main St.

Officers in DMD include Bill Moore, formerly of Amarillo who recently moved to Lovington, N.M. to operate a marketing for Affiliated Foods in Amarillo.

Both men announced that no personnel changes were planned in the Hereford store. Chester Harrison, who has been store manager for Newell, will remain as manager of the Priftway store.

"There will be no changes, except we hope to provide better service through the latest merchandising techniques adopted in the Thriftway system," stated Moore.

Thriftway is the name adopted by a sponsored advertising group growing out of Affiliated Foods. There are now 35 stores with the Thriftway name. Affiliated Foods is the retailer-owned cooperative that grew from the merger of the Panhandle Associated Grocers and the South Plains Associated Grocers about five years ago. They now comprise about 350 stores.

"In the Thriftway group we are able to project the image of the larger independent food merchants in smaller communities," Moore added.

Moore said the corporation became interested in Hereford, after learning of the availability of the Piggly Wiggly store, because of "the very strong economy of the area and progressive attitude of the community."

Retirement System In, Electric Fences Out

By DON RICHARDS Brand News Editor

The Hereford City Commission Monday night approved a city employe retirement system and passed an ordinance prohibiting electric fences within the city limits.

The retirement system, which has been discussed since early spring by the commission, is expected to go into effect soon and will be retroactive from May 1, 1973, for all employes of the city. Appointed as a three-man committee to oversee the retirement plan and investment were Mayor Jim Sears, City Manager Dudley Bayne and Commissioner H.A. Cavness.

The commissioners approved the ordinance prohibiting electric fences within the city after Bayne reported about "20 electric fences in the city."

"Some of these fences are rigged up to be pretty dangerous and could be real hazards," said Bayne.

City Attorney Earnest Langley said

he has studied the laws of many towns concerning such fences and that most cities "outlaw them entirely."

COMMISSIONERS discussed the electric fences during a previous meeting after complaints from several Hereford residents. Commissioners said some residents had electrified their yard fences in an effort to keep out dogs and cats, but had, in effect, created hazards for other residents, especially unsuspecting children.

Farmers Get Relief From Critical Fuel Situation

Farmers in the midst of a big crop harvest will apparently get relief from restrictive fuel allocations which were scheduled to go into effect Nov. 1.

At least that was the word Bill Albright, Deaf Smith County Chamber of Commerce executive vice president got from an official of the Oil & Gas Office this week.

The ag committee of the Chamber had protested restrictive provisions of the Federal Mandatory Middle Distillate Allocation Program, which would have placed diesel fuel on allocations of the same month last year.

LOCAL AG leaders pointed out that, due to a wet fall last year, harvest conditions were not the same and farmers required more diesel fuel this fall. The committee contacted several Oil & Gas officials, as well as U.S. Congressman George Mahon.

Albright said an OOG official told him, in a telephone conversation this week, that restrictions would be held off, temporarily, and that distributors would be allowed to use their discretion in allocating fuel.

MAHON told members of the local ag committee that he had received a number of calls concerning the situation, and he was aware of the critical problem that could arise. He apparently agreed with the group that the Federal program had little advance planning before implementation.

Nominations Needed

Nominations are open for the Woman Of The Year; to be presented an award Jan. 8 at the annual dinner of Deaf Smith Chamber of Commerce Women's **Division**

The award is made each January to a woman selected for her community services during the previous year. She must be a member of the Women's Division, but what she has done for the entire community will be considered.

Any resident, woman or/man, may

make a nomination, explains Mrs. Milton Adams, chairman of the awards committee. Service to the chamber, church work or any community work either as an individual or with drives and activities benefiting the city and area, may be a basis for the nomination.

Mrs. Adams asks that nominations be made by letter, telling briefly the reasons, and mailed to the chamber office, Box 191, Hereford.

Deaf Smith County was apparently one of the first to raise an organized protest to the provisions of the new program. Other areas soon followed suit, wever, and all asked for a reappraisal of the program.

Committee leaders working on the problem here included R.C. Hoelscher, a director and chairman of the govern-mental affairs group, and Bud Snyder, agricultural committee.

Fine for violation and conviction was set at a maximum of \$100, same for other city ordinances.

IN OTHER action at the commission meeting:

-Plans for remodeling of the Pitman Municipal Golf pro-shop were discussed. Commissioners gave Bayne the go-ahead to remodel the old stone pro-shop. Cost of the remodeling is expected to be about \$30,000. The shop will include two new additions, with twice as much room for men's locker area.

-The commission authorized Bayne to write county commissioners in Castro and Parmer Counties requesting \$100 each time the Hereford Fire Department makes a call into those counties. The city also requested an agreement with the two counties protecting the local fire department from liability.

Bayne said similar agreements now exist with Oldham and Randall Counties. The Hereford Fire Department has made a total of 18 calls outside the county this year:

-THE COMMISSION learned that about 300 more trash containers will be needed to cover the town. The new alley containers are expected to allow for more efficient and sanitary removal of

trash. Bayne said about 25 tons of garbage each day are collected by garbage trucks.

-Bayne and Langley reported that a settlement had been reached between the city and Pacific Molasses, located on

Progressive Road, concerning alleged damage to the city sewer plant.

The city served four official violation notices to the plant concerning sewage release before the out-of-court com-

United Way Goal At Two-Thirds Point

The Deaf Smith United Way Campaign passed the two-thirds completion mark by Wednesday noon with promises from President Mike Patrick that all contacts will be made.

Campaign workers reported a total of \$33,971.50 by noon Wednesday, 67 per cent of the goal of \$50,925.

Patrick, head of the United Way of Deaf Smith County, said many of the contacts by workers have not been made and that he is confident the goal can be reached.

"Unfertunately some of the workers have failed to carry out the responsibilities they originally accepted in the United Way Campaign," he said. 'I would like to apologize on behalf of the United Way to the businesses and individuals who have not yet been contacted.

"I would like to emphasize that all unworked cards are being recalled so that they can be worked by people interested in the United Way effort."

Light Turnout For Election

Deaf Smith County voters joined the trend of voters statewide Tuesday in the constitutional amendment election.

Less than nine per cent of the ap proximate 7,400 registered voters in the county turned out for the election which was average for the election across the state. A total of 661 voted in the county. Number 1 amendment in the election

creating annual session of the Legislature and raising legislators' salaries, fell strongly to Deaf Smith voters, much the same as it failed across the state.

Voters in the county apparently also set some kind of a record as they canceled out the county's votes on two amendments with tie votes. The amendments were numbers 4 and 7. Listed below are the Deaf Smith county results for each amendment and in parenthesis the general feeling of voters statewide.

-COMMISSIONERS agreed to purchase an Air Force helicopter for the city as soon as it becomes available. Bayne informed the commission the helicopter has been made available to the City of Hereford for \$200. Its true value is estimated at \$49,500. The Air Force recently gave Amarillo the same offer and the city converted the plane into a rescue unit.

Bayne said the Air Force will make the next copter available to Hereford and the city will have 15 days to accept the offer

THE COMMITTEE created for the retirement plan of the city was set up to select an investment agency for the retirement funds. Lincoln National was selected as the agency and com-missioners decided to appropriate about \$60,000 next year to start the retirement program to cover past services.

Employes under the plan have 25 years to earn full retirement benefits of 50 per cent and then will earn one-half per cent of their base pay for each year of service over 25 years.

"One reason for a retirement plan is to keep good employes working longer," said commissioner Frank Barrett. "I think this plan will help us in that area."

The three-man committee will act as trustees over the retirement fund and will make decisions concerning early retirement requests by employees.

Meats In Food Stores To Be Uniformly Labeled

"How about a ribeye steak for dinner tonight? Or would you prefer a Delmonico steak, fillet steak or beauty steak?" Actually, they're all the

same, and that's added to the shoppers' confusion over the years.

In the next few months, though, consumers should find some relief in shopping for meat, because grocers and meat markets are joining together in adopting new Uniform Retail Meat Identity Standards, according to Dr. Frank Orts, meats specialist for the Texas Agricultural Ex-

Scheduled Today

Funeral Service

Funeral services for Antonio Hernandez Esquivel, 65, who resided at the Labor Camp, will be conducted at 10 a.m. today in St. Anthony's Catholic Church with the Rev. Aedan Davis officiating.

Burial in St. Anthony's Cemetery will be directed by Gililland-Watson Funeral Home.

A resident of Deaf Smith County since 1943, when he came from Winters, Mr. Esquivel died Monday evening of an apparent heart attack. He was employed here as a farm laborer

He was born April 3, 1908 at Ballinger and married Louisa Yanes in 1953 at Clovis.

Survivors are his wife and a son, Richard, of Hereford; two other sons, Jesse and Tony, and a daughter, Minnie Martinez, all of Rupert, Idaho.

Flowers Grow Profusely **Under Her Green Thumb**

By SUE COLEMAN Women's Editor

HER "GREEN thumb" is probably Mrs. C.R. Logan's best-known component to most Hereford residents, as her front yard displays her knack as a gardener.

Passing the home at 315 East Fourth in almost any month of the year, one sees a variety of bloom and many times Mrs. Logan herself at work with the plants

She uses every inch of the small yard, even the curb in front and part of the alley at the side, with one small plot

cession of flowers in a riot of colors.

A HEREFORD resident 22 years, Mrs. Logan is a native of Boone County, Ark., but was two years old when her family moved in a wagon train to Hamilton County.

A PHONE call the other day, a very nice surprise, was from Linda Kids of all people, at Sulphur Springs. It surely was good to talk with her briefly, and learn that the Kids family is fine and busy She called to ask for some

clippings from the Brand erning Project Christmas Card in past years here. Seems that she has sold somebody in her new home on the idea of the project for that East Texas city, and definite information was wanted on the handling of some details

I gather that Linda is helping with civic activities in Sulph Springs as she did in Hereford while she was living here maybe as a Beta Sigma Phi member in a chapter down there.

It was her work in the sorority here that led to my acquaintance with her, which I enjoyed thoroughly.

LUCKY enough to get to the Amarillo Symphony's concert

Saturday night, I saw realize that there is a Hereford Herefordites Dorothy Renfro, Ruth and N.D. Bartlett in the years? It has been building for crowd and am sure there were more:

Of course that isn't counting orchestra members from Hereford. Charles Jones occupied the first chair in the cello section for part of the concert when the assistant conductor, Michael Matesky, was con-ducting instead of filling his chair as principal cellist. Sylvia Coatney played viola

Director Nick Nixon says the orchestra will soon be ready to give a public concert, perhaps around Christmastime. It will accompany the fall musical which the choral department will stage Nov. 29-30. WHY ... Do Stores Start Christmas Before Thanksgiving?

That's a question that's often asked and it deserves a sincere answer!

Your newspaper appreciates the spirit that prompts many of the objections to early Christmas shopping promotions. However, when the reasons for the urge to "Shop Early" are examined, the most critical agree it's MORE than a problem for stores alone.

So we're happy to take this opportunity to present some of the problems that confront all stores at holiday time.

Every successful store directs its best effort toward perfecting a helpful service to ALL its customers. And since many the season, to maintain the kind of store service all shoppers have learned to expect.

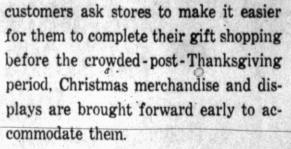

When you recall the extremely crowded conditions of stores the final two or three weeks before Christmas the problems becomes evident.

If no early Christmas shopping were done this condition would be multiplied many fold. (Actually there would not be enough room behind store counters for enough sales people to serve shoppers during this period between Thanksgivitems that are in plentiful supply the entire year.

The Hereford Brand, Hereford, Texas, Thursday, November 8, 1973

If you were to ask the thousands of retail employees — (and as a group they represent one of the largest employee groups in <u>Hereford</u> they would tell you that much of the stress and strain of their Christmas would be relieved if the shopping public would anticipate Christmas shopping throughout the year. (Then you'd seldom hear your friends in retailing remark, "I'm simply worn down to my knees by Christmas Eve."

Granted that the problem is not a one-

And scarcely a major store in the nation could cope with the store traffic that would be generated if any part of early Christmas shopping was postponed until after Thanksgiving. Even under present circumstances most stores are strained to capacity during the peak of ing and Christmas.)

The same condition exists in regard to the children's visits to Santa Claus. Thousands of children and their parents look forward to their annual visit with him, and unless he makes an early appearance, many hundreds would be doomed to disappointment, simply because it's physically impossible to reach him in a shorter time.

Those in the store business know that an extremely large percentage of the Christmas gifts that are selected are sided one it should be recognized that stores are faced with the problems of convenient service to customers, of maintaining helpful employee relations, of providing a place where those of the <u>public who can not</u>, or <u>do not</u>. plan ahead may select the traditional gifts for their loved ones and friends.

We are sure that if all of our storekeepers could chat with you, personally and informally, that you would be convinced of their sincerity, and that in the true spirit of Christmas they would not be criticized for their efforts to perform a helpful service to their shopping public.

No One Injured

An accident at the intersection of Farm-to-Market Road 2943 and U.S. 385 occurred shortly after noon Saturday when the brakes on a truck driven by George Deanda, 1535 E. 16th, Amarillo, failed. Deanda could not stop at the intersection and the truck overturned and came to a stop near the edge of the highway. Deanda was not injured.

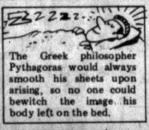

Years In Japan As Missionary **Precede Assignment To Hereford**

Almost a quarter-century of missionary work in Japan is in the background of the Rev. Arthur Newell, S.A., who lately came to Hereford as associate pastor of St. Anthony's Catholic Church.

During his work in Yokohama, southwest of Tokoyo, with the Society of the Franciscan Friars have built 18 churches and a large school in Japan, and now maintain five of these churches, Father Newell says. 'The idea of the mission is to

establish a church and gradually allow the native priests to take charge," he explains.

His assignment to the mission area came soon after his ordination as a priest in New York City Feb. 21, 1948. He was born Dec. 3, 1917, in New York,

second youngest in the family, with three sisters and three brothers

Early education was in a Dominican school in a New York City suburb and he completed education for the priesthood with the Atonement Society.

Hereford has impressed him as "a beautiful town with beautiful homes and streets" and a climate he has been enjoying. However, when he was given the assignment here someone told him it never snows in Texas and co-workers at St. Anthony's had to disillusion him about the winter climate.

His duties at St. Anthony's, where he praises "the friendly atmosphere," include teaching 11th grade religious instruction and serving as moderator for the liturgical committee, also the building and maintenance committee. He has been acting moderator for the parish newsletter until another staff member arrives.

Faces Rated 38th In Statewide Poll

The Hereford Whitefaces, undefeated through eight games this season, have been picked as a seven-point favorite over the Snyder Tigers in District 4-AAAA competition this Friday according to the Harris Rating system.

The Whitefaces moved up in the poll this week to position No. 36 and raised the power rating to 138.6. Snyder's power rating is 131.6 thus making Hereford a seven-point favorite. The Tigers

Campaign Contribution Laws Reviewed In Austin

By - Bill Boykin Texas Press Association Over 200 leaders of industry and representatives of professions met in the capitol last week to review the new state laws governing campaign contributions, expeditures and lobbying.

Secretary of State Mark White and Attorney General John Hill discussed the major legal changes brought about the 'reform" legislation of the last Texas legislature.

"We are living in a period of legal transition," the Attormey General told the business and professional men and women. 'My office has produced over 200 opinions so far this year more than the total last year and over 100 opinions are stacked up to be prepared."

White outlined his recent "campaign contributions and expenditures directives" at the meeting sponsored by the Texas Society of Association Executives.

Other speakers reviewed the details of the new lobby law and the sections of the penal code which affect campaigns and

lobbying. "H.B. 2 - the new lobby law is unconstitutional," stated Frank Maloney, Austin attorney. "It violates both the first and fifth amendments to the constitution.".

He cited federal cases which supported his opinion on the new Texas lobby law, and other state. speakers pointed out that several AG opinions are needed in this state to clarify sections of State's office, and additi

the campaign expenditures law and lobby law. Political action committees for state businesses and associations are being formed

as a result of the new laws. Labor unions must go the PAC route in Texas now also, because they are prohibited under the new law from contributing to political cam-

aigns. Speakers on the program indicated that the Sharpstown scandal and Watergate investigations are going to make office holders, candidates and those who work and contribute to campaigns very wary about

future political activities in this "Until we get more in-formation from the Secretary of

Attormey General's opinions, most representatives of business, professionals, labor and industry are going to be very cautious about participating in political campaigns and contributing to campaigns," one spokesman for the group said.

"None of us wants to be the first 'test case' under these new laws," he concluded.

Others observed that it was going to be harder to get good people to run for public office because of the tough new laws, and predicted the strict campaign laws would make it easier for incumbants to remain in present offices.

Both Jack R. Martin, Houston, president of TSAE, and Gene N. Fondren, chair-

man of the TSAE Government

Relations Committee, outlined the need for future briefings for state business and industry leaders on the new laws governing the mechanics of "Texas politics.".

LEGISLATURE **GETS REVISION**

A proposed 13,5000-word rewrite of the 97-year-old Texas constitution has new been handed the legislature for its consideration. A blue ribbon, 37-member

revision commission presented the document to legislative leaders last week with an urgent request that it serve as a starting point in the 1974 con-

GOVERNOR ANNOUNCES FOR RE-ELECTION

Governor Briscoe, addressing more than 9,000 at a record fund-raising dinner in his honor, announced he will run for a four-year term next year. Estimates of income from the dinner ran in the \$750,000 range, less \$100,000 expenses.

The governor designated former Congressman Joe Kilgore, Austin attorney, as his 1974 campaign manager.

Sponsors of the Briscoe dinner termed it one of the most-successful of its kind ever staged for a state candidate in Texas.

TERMINAL DECISION POSTPONED

Texas Offshore Terminal Commission put off for a month a recommendation on endorsement of an offshore mooring system for unloading oil from supertankers to allow time for examining a proposal of Galveston officials to build an on-shore deepwater port.

Galveston Wharves proposed a 60-mile, 100-foot-deep channel to accommodate deep draft vessels. TOTC agreed to delay until November 27 action on two phases of its seven-part report to the legislature on feasibility and site location of a future offshore terminal.

kike George Matheson, in his blindness, said we must have faith. We must have faith in our fellowman, in our country, in our church. Whenever we doubt either God or man, we would do well to think of Jesus, since we are not sufficient unto ourselves. Although we have faith in God largely because we must have Him, we would become ineffective and insecure without it. For people of faith, life becomes a radiant

thing. Faith can overcome the most miserable circumstances. Faith can overcome despair. Even the universe opens

Cótton Harvest Operations

Increasing

Cotton harvest operations are creasing daily on the South Plains, according to Paul R. Dickson, in charge of the U.S.D.A. Cotton Classing Office in Lubbock. This increase is reflected in the increasing number of cotton samples being received at the area U.S.D.A. Cotton Classing Offices at Lubbock, Brownfield, Lamesa and Levelland.

Samples from 74,000 bales were classes at the four offices furing the week ending Friday, November 2nd. This brought the total classed for the season to 96,000. This is far ahead of the pace pf last year's crop. At this time last year samples from only 1,200 bales had been

Quality of the cotton harvested continued excellent and is considerably higher than last

Grades 31 and 41 continued to be the predominant grades at Lubbock, making up 70 percent of all classed. Grade 31 made up 32 per cent, Grade 41, 38 per cent and Grade 32, 11 per cent. Staples were predominantly 30 to 32. Twenty-five per cent had a staple length of 30, 21 per cent stapled 31 and 15 per cent was 32.

Micronaire readings continued excellent. These readings indicate that most of the early harvested bales were fully mature. Eighty-four percent of all cotton tested at Lubbock had micronaire readings in the premium range of 3.5 to 4.9, 10 percent was in the high micronaire range of 5.0 to 5.2 and 4 per cent was in the very high range of 5.3 and above.

The Agricultural Marketing Service of the U.S.D.A. reported slow trading on the Lubbock market during the week.

GLORY IN THE CHURCH: "Unto him be glory in the church." Eph. 3:21. In the New 'Testament, 'Church' is used of all souls redeemed by the blood of Christ (Matt. 16:18; Eph. 1:7, 21, 22; 5:23.) It is also used in a local, or literal, sense (Acts 13:1.) In this sense, "Church" refers to a group of Christians who meet in some particular place for worship.

WHICH CHURCH? There i really no difficulty in knowing which church one should be a member of, in the broad sense. If one does what the Lord requires for the remission of past sins, he will be added to the church (Acts 2:47.) The Lord will do the adding, and he will surely add one to the right church.

WHICH LOCAL CHURCH? This question is more difficult, but it is vital to every one who wants to enjoy God's favor now, and forever. It can be answered by comparing the teaching and practice of any church under consideration with what the New Testament teaches.

NAME: In apostolic days, local churches were called, ebusches of Christ. Romans 16:16.

DENOMINATION: denomination is a combination of local churches. In New Testament times, there were no denominations. Each church was completely independent of all other churches. When the Bible is believed and obeyed, the same will be true today.

TEACHING AND PRAC-TICE: To be true to the Bible, a church must be ready unto every good work, and confine itself to the teaching of Christ (II John

AN INVITATION: The church that meets at 15th & Blackfoot in Hereford invites your consideration. We are not a part of any denomination, nor do we participate in any central organization. We are just a church of Christ, and we intend to speak as the oracles of God (I Peter 4:11.) We shall be most happy to have you visit any of our services. We will respectfully answer any questions ou have about our practice.
