

**HONORED AT BANQUET** — Mr. and Mrs. Frank Ball received special recognition Thursday evening at the Kiwanis Installation Banquet when Ball received the first Legion of Honor Award, for 25 years membership, to be presented in the Hereford clubs. Presenting a corsage to Mrs. Ball is Don Lane of Pampa, who has served as division Lt. Governor for the past year.

**SURPRISE, SURPRISE** — Mrs. Ball shows astonishment at the unexpected appearance of a member of their family. Eugene Brink, right, one of the evening's master of ceremonies, made the announcement to the honored couple that their daughter, Mrs. Dave Thomas of Denton was present. Photos by Betty Koelzer

**JOYFUL REUNION** — Mrs. Thomas is one of the five children of Mr. and Mrs. Ball, who live at 336 Star. Several friends of the family from Tucumcari were present also for the event. Incoming Lt. Governor Curtis of Amarillo who installed the new officers is shown in the foreground.

**FAMILY AWARD, TOO** — Representing the five Ball children, Mrs. Thomas presented her parents with a "cup of love" inscribed with 37 names "which is their heritage." Other awards were given for outstanding service by members of the two Hereford clubs, Hereford Noon Kiwanis Club and Hereford Whiteface Kiwanis Club. Rodney Laubhan and Mal Manchee were installed as presidents, along with other officers and directors.

## Building:

### Construction drops sharply to \$51,950 in September

An apparent lull in new home demands, coupled with the President's wage-price freeze, apparently had some effect on the construction surge in Hereford that dropped off from a \$482,200 total in August to a September total of only \$51,950.

Only two new home permits were issued during the month of September of this year and they amounted to more than half of the monthly total. There were only 14 permits issued in September as compared to 28 a year ago that brought in some \$335,300 in construction to the city.

In September of last year there were 17 new homes start-

ed. "I couldn't really give any reason except maybe there is a slow-down in the housing demand," said city tax officer Henry Benson. "The new home market is pretty well filled and I don't know of any vacancies, but it seems to me there has been an access of homes built compared to our population growth."

The \$51,950 issued in building permits during September brought the year's total to \$2,835,753, close to the figure at the same time a year ago. Last year, which ended in one of the largest years in construction for the city, topped the \$5 million

mark in permits. The year was aided by a permit in December in excess of \$1 million for the construction of a large apartment complex in northeast Hereford.

City manager Dudley Bayne said there are several builders who are awaiting final decisions before starting construction of a number of large units.

"They are wanting to build," he said, "but a lot of situations aren't worked out right now."

"Some are waiting to get land to build on and one I know of just got the land last week and will be building pretty soon," he said in reference to a recent zoning change approved by the city

commission at its last meeting.

Bayne attributed part of the slack off to the President's wage-price freeze and said some builders are waiting "to see what it does before they start anything."

"Money probably would be cheaper this year than it was last year, but that doesn't seem

See BUILDING Page Two

### Dickerson gets fireman award

J.W. "Jap" Dickerson was named Thursday as the Volunteer Fire Department's "Fireman of the Month," a new honor to be given to the volunteer fireman who does the most during a month to benefit the department.

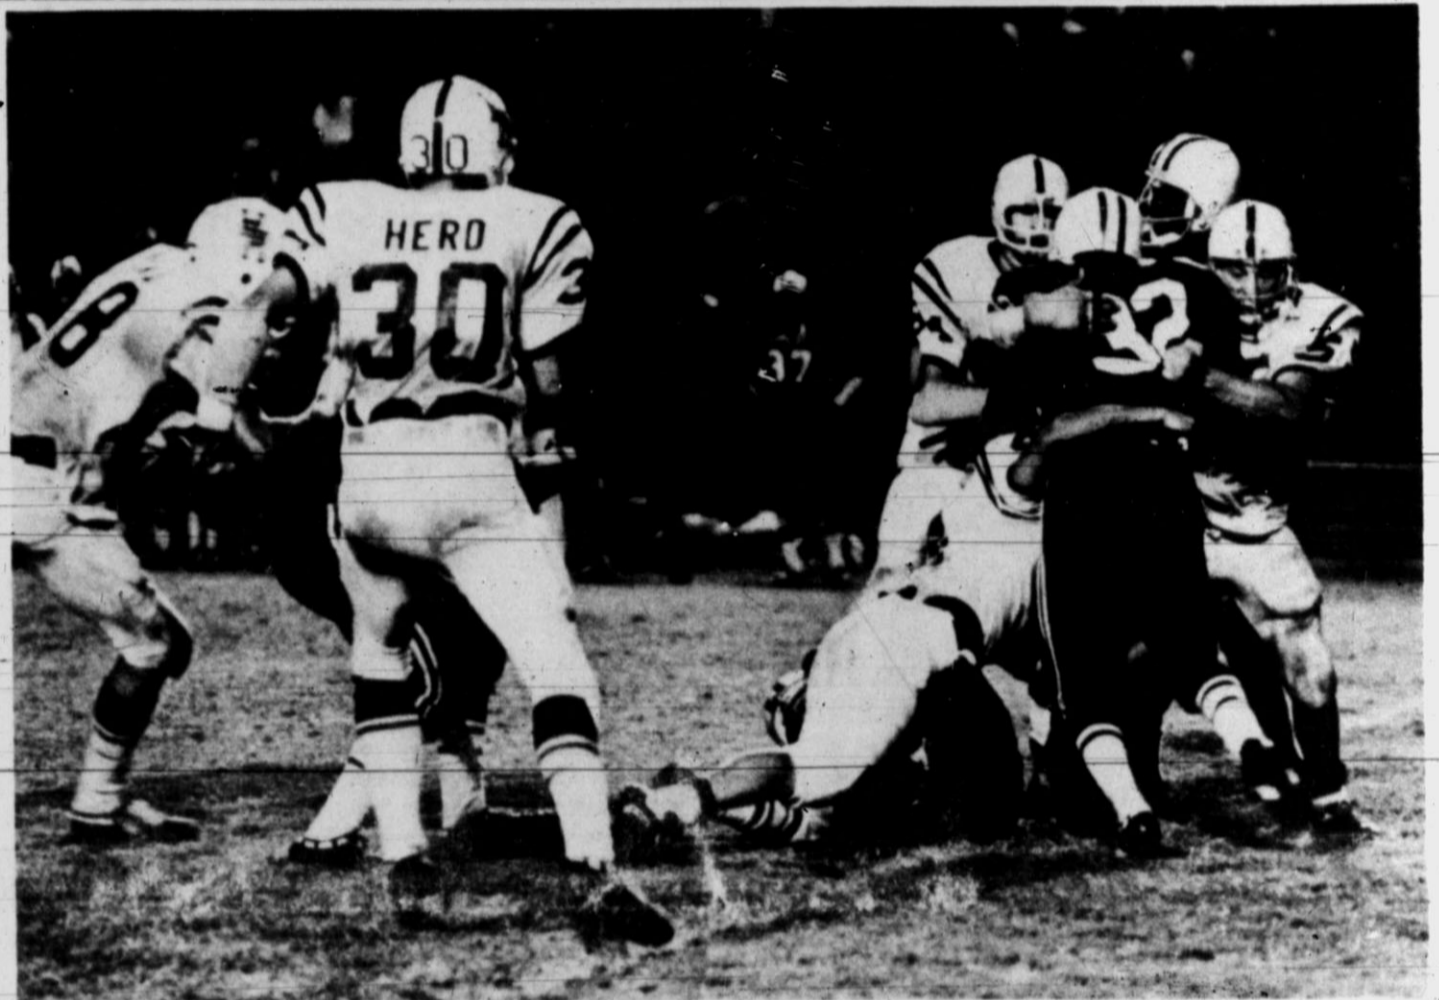

Dickerson was presented a plaque for the honor during a family party. It was for his contributions during the month of August.

The department's officers will select the "Fireman of the Month" and each person so honored will compete for the "Fireman of the Year" award to be presented each year. The naming of the "Fireman of the Year" will be done each year during Fire Prevention Week.

Dickerson, 49, was born in Amarillo and came to Hereford in 1931. He served as Fire Chief in Hereford for eight years and has been with the department for 20 years, a distinction he recently was cited for.

J. W. Dickerson

**GETTING TOUGH** — The Hereford defense, which denied a touchdown in Friday's 11-6 loss to the Dunbar Panthers, is shown converging on Panther running back, Daniel Bibbs (32). The defense held

Bibbs to only seven yards in five carries and stopped the Panther offense from getting inside the 10-yard line.

Photo by Tommy Koelzer

## Dunbar clips Herd, 11-5 on safety, field goals

The Dunbar Panthers failed to cross the Hereford goal line Friday night but the toe of senior Robert Avery made up for the difference with three field goals as the Panthers stopped the Whitefaces, 11-6.

The 145-pound Avery booted field goals of 24, 40 and 29 yards for nine of the Panthers' 11 points. The other two Dunbar points came on a safety when Hereford quarterback Keith Kitchens was called for intentionally grounding the ball as he was being dragged down in the end zone.

The Whiteface defense, the strong point in the Hereford attack, held the Panthers to only 75 total yards in the first half, but the running of Dunbar's Kenneth Burrows in the second half twice took the Panthers within the range of Avery's toe. Burrows carried the ball 25 times in the game and picked up 122 yards to lead all ground gainers in the game.

Dunbar's first field goal came with 5:46 left in the first quarter when Avery booted the shortest of his three field goals. The drive began when Dunbar's Ronald Davis recovered a Whiteface

fumble at the Hereford 29. Burrows carried three times for 10 yards and quarterback Oree Matthews picked up four more before the Hereford defense dug in and stopped the Panthers at

Richard Whitaker, president of the Amarillo Ski Club, will be in Hereford Tuesday to present a talk and show films on skiing in an effort to get a local snow ski club organized. All interested persons are invited to attend the meeting which will be at 8 p.m. at the Community Center. Whitaker will show the films "Flatland Race" and "Ski Aerobatics." Both films are relatively short.

The drive began on the mid-field marker after Dunbar was forced to punt. It took the Whitefaces only five plays to move the ball in for the score in a drive highlighted by a 25-yard scamper by Kitchens that put the ball on the Dunbar 4-yard line. John Page started the scoring drive when he picked up 11 yards to the Dunbar 39. Kitchens then hit Harris with a pass for 14 yards then scooted the 25 yards himself to the four.

Page then picked up two and Harris took the ball over on the next play to give the Whitefaces a 6-3 lead at 9:35 of the second period. The Whitefaces threatened once more before the half ended when Richard Sierra recovered a Dunbar fumble on the Hereford 47. The Whitefaces drove from their own 47 to the Dunbar 14 before they were stopped.

From the 14, the Whitefaces got a five-yard penalty for illegal procedure. Kitchens was stopped at the line of scrimmage, Barry McNutt lost two then Dunbar's Larry Collins recovered a fumble that was jarred loose from Kitchens as he went back to pass on the fourth down play. Dunbar opened the second half with a bruising ground game that gave the Panthers' punch to drive within field goal range the first two times they had possession in the third quarter. Starting from their own 39, the Panthers picked up three first downs and ground out yard.

See DUNBAR Page Two

## Beet researcher joins Bushland test center

In an all-out effort to get to the heart of sugar beet problems of area farmers, a full-time researcher has been hired by the Texas Agricultural Experiment Station at Bushland and he will be working closely with representatives of the Holly plant here.

Dr. Steve Winter, 27, joined the research staff at Bushland Friday and was in Hereford and the surrounding area with Dr. Kenneth Porter, meeting with sugar beet representatives.

Winter will be involved mainly in sugar beet research in the

areas of water use and the study of nitrates and their effects on beets. He also will coordinate the research efforts in matters pertaining to the cultural aspects of growing sugar beets.

"Hopefully we want to do some more basic research on sugar beets," Winters said Friday while on a visit here with James Witherspoon, legal secretary for the Texas-New Mexico Sugar Beet Growers Association.

"We want to get a more basic idea of how the plant works and

hope this will help us in the production. We hope to be in touch with the people in other areas such as Colorado and Idaho to see what they are doing and get some advice and ideas from what they have learned."

Winters received his BS in agriculture science in 1966 from the University of Illinois and his MS in 1968, also from the University of Illinois. He received his PhD in June of this year from Purdue.

"Certainly, we have big plans for getting something done with the sugar beet problems. We will be in close contact with the Holly people," he said.

"I am real excited about starting to work because I know there are a lot of things that need to be done, and it wouldn't be worth anything if I didn't think we could do something about the problems," he said.

Winters was born in northern Illinois where his parents were in the dairy and hog business.

"We feel we are very fortunate to have a young man of this quality working for us," Witherspoon said. "He comes highly recommended."

**NEW DISTRICT CLERK** — Lola Faye Veazy is shown as she is sworn in by County Clerk, B. F. Cain, as the new District Clerk. The swearing in ceremony was Friday for the replacement of Lucille Posey, who retired after 24 years with the county clerk's office.

## Man files appeal against revoking probation

A 29-year-old Hereford man was released on bond last week pending the appeal to a higher court of his case involving the revocation of his probation on charges of driving while intoxicated.

The man, Charles Raymond Vasek, Route 4, was released Tuesday after he was fined \$50 and court cost and sentenced to 30 days in jail after he was fined \$50 and court cost and sentenced to 30 days in jail after he was fined \$50 and court cost and sentenced to 30 days in jail.

The case began in April of last year when Vasek was arrested for DWI and fined \$100 and court costs and put on one year's probation.

He was arrested again in March of this year and charged with drunk in control of a motor vehicle and the court filed revocation of probation papers as a result of the second violation. A hearing was held in May for possible revocation of probation, but probation was extended for eight more months.

Vasek again was arrested Sept. 20 and filed on for DWI at which time he pleaded not guilty. Again revocation papers

were filed and the probation was revoked, but Vasek changed his plea to guilty and was fined the \$50 and court costs and sentenced to 30 days in jail.

It was then the attorney filed an appeal bond to get his client out of jail until the higher court makes a decision on the case. The appeal is expected to take several months before it is heard and a decision is made on it.

Other cases handled in county court last week were: —Glenn LaPlant, 68, 139 Baltimore, pleaded guilty to DWI, was fined \$200 and court costs and given one year probation.

—Leo Castillo, 56, 511 West Fourth, pleaded guilty to swindling with a worthless check and was sentenced to 60 days in jail.

—Alejos L. Ramos Jr., 26, Box 64, Bushland, found guilty by a jury on charges of DWI, fined \$50 and court costs and given one year probation.

—Alfred James, 39, 4719 47th St., Lubbock, pleaded guilty to DWI, was fined \$200 and court costs and given one year probation.

—Harry Myers Jr., 46, Box 414 Burbank, Okla., pleaded guilty to DWI, fined \$100 and court costs and given one year probation.

—Bond for Rodolfo Aranda, 22, 312 Ave. A, was forfeited when he did not appear in court and the aggravated assault case against Tommy Perez, 25, 417 Ave. G., was dismissed when the complainant did not appear in court.

—Bobby Peace, 40, Box 912, Friona, pleaded guilty to DWI, fined \$100 and court costs and given one year probation.

An aggravated assault case against Dominic McLarnan, 28, 119 Ave. J, was set for Nov. 2 and a possession of liquor for purpose of sale against Francisco Villegas, 67, Route 3, also was continued.

—Bond for Rodolfo Aranda, 22, 312 Ave. A, was forfeited when he did not appear in court and the aggravated assault case against Tommy Perez, 25, 417 Ave. G., was dismissed when the complainant did not appear in court.

—Bond for Rodolfo Aranda, 22, 312 Ave. A, was forfeited when he did not appear in court and the aggravated assault case against Tommy Perez, 25, 417 Ave. G., was dismissed when the complainant did not appear in court.

# Dunbar ...

(Continued From Page One) age to the Hereford 23 before the Whiteface defense again made a stand and forced the field goal situation. Avry booted the ball through the uprights from the 30 and tied the game up at 6-6 with 7:20 left in the third quarter.

The Whitefaces, who ran only six offensive plays in the third period, were unable to get a drive going after the field goal and were forced to punt.

Dunbar took over from its own 40, Burrows gained five, William High picked up nine then three more, Matthews scampered for 19 to the Hereford 22 and High got to the 10. It was there the drive stalled at the feet of the Hereford defense and Avry booted his last field goal, a 29-yarder with 2:36 left in the third period.

Just into the fourth quarter, the Panthers marched to the Whitefaces' 20-yard line and appeared to be on the verge of their first touchdown, but a 15-yard penalty halted the drive. High carried the ball to the Hereford 4-yard line on a fourth and 10 situation, but a clipping penalty nullified the run and

took the ball back out to the 34. The Panthers punted and the ball rolled dead at the Whiteface three.

On an identical play to that last week where the Clovis team caught Kitchens in the end zone for a safety, the Panthers put a rush on Kitchens, who was back to pass, and caught him in the end zone. As he was being dragged down, he tossed the ball into the ground and the referees ruled it a safety for the Dunbar team.

Hereford made one last effort to get in for a score and the win with just 57 seconds left in the game. It got the ball on the Hereford 47 following a Dunbar punt, and Kitchens went to the air, hitting three of five passes and pushing the ball to the 17-yard line.

He hit end Alan Cornelius for 18, Bruce Barrett for 11 then six more before a penalty brought the ball back out to the 22 with only four seconds showing on the clock. Before the Whitefaces could get another play off, the clock ran out and Dunbar won, 11-6.

## Building...

(Continued From Page One) to have made much difference." Permits issued during September were for the construction of two homes, three for additions to homes, two for altering and repairing businesses, one for moving in a work shop, one for repairing a roof, one add to a garage, one to erect a garage and one to erect a storage building.

A month-by-month break down for the year shows January with \$610,800 in permits; February, \$48,930; March, \$261,693; April, \$254,930; May, \$297,250; June, \$645,500; July, \$182,500 August, \$482,200; and September, \$51,950.

## Funeral rites set Monday for Wilma M. Hill

Funeral services for Wilma Monette Hill, 44, of 217 Ranger, will be conducted tomorrow at 2:30 p.m. in First Baptist Church. Dr. Gerald Mann, pastor, will be assisted by the Rev. Russell Wingert, pastor of First Presbyterian Church.

Burial will be in Rest Lawn Cemetery by Gilliland Funeral Home.

Mrs. Hill died at 3:05 a.m. Saturday in Deaf Smith County Hospital following a lengthy illness.

She was born Oct. 10, 1926 at Hedley and married Francis Hill June 1, 1947 at Astola, Texas.

A homemaker and member of First Baptist Church, Mrs. Hill came to Hereford in 1947 from Astola.

She is survived by her husband; two sons, Cameron and Wallace, of the home; parents, Mr. and Mrs. Grady Henson of Clarendon; and two brothers, Floyd H. Henson of Brigham and Alton R. Henson of Clarendon.

Longest golf hole in the world is the 17th at North Carolina's Black Mountain Club. It's 745 yards.

**TOPIC OF STUDY IS ECONOMICS** — Harlan Vander Zee, president of the Hereford State Bank, was guest speaker at a recent meeting of Young Mother's Study Club. His subject was the U.S. economy and President Nixon's related programs. Vander Zee is shown with Mrs. Charles Brown, left, hostess, and Mrs. Don Brush, club president and co-hostess.

## Life members, leaders honored at CFWC tea

Life members and past presidents of Deaf Smith County Federation of Women's Clubs were honored at the annual fine arts tea Thursday afternoon in Community Center.

Added to the list of life members by vote of those present, was Mrs. C. D. Kelton, who has a long record of service to the organization and is serving for the second time as its president. The life membership list is limited, and a vacancy had occurred at the recent death of Mrs. A. O. Thompson.

Mrs. Lee Curry, first president of the County Federation and also a life member, poured tea during the afternoon party at which Dr. John English was speaker on the subject, Painting for Fun.

Other life members introduced were Mrs. Ray Johnson, Mrs. O. G. Hill Sr. and Mrs. L. H. Lookingbill Sr. Mrs. T. W. Robinson was unable to be at the tea.

### CARD OF THANKS

I desire to express my sincere thanks and appreciation to Dr. Mims and Dr. McCrary and the nurses for all they did for me during my stay in the hospital; also for the flowers, cards, visits, and prayers of kind friends and loved ones, I am indeed grateful.

Sincerely,  
Mrs. Lester Galley

Carmichael in addition to the life members. Mrs. Johnson briefly sketched early history of the Federation, its organization at Summerfield as a tri-county group which later divided so each county could pursue its own interests. Mrs. Curry was named president of the county organization, which had as its main project a library for Deaf Smith County.

After Mrs. Kelton welcomed guests, Mrs. H. E. Miller introduced the speaker, who is executive director of Kings Manor retirement home and paints for relaxation. Art has many faces, he said; a man's work well done is an art, so are the caveman's crude drawings on rock walls and so is a Rembrandt painting.

He traced the development of painting to modern times and spoke of the many people today who find it a worthwhile hobby. A demonstration illustrated his remarks.

Just before she ended the program with a benediction, Mrs.

"OLD SALT" is the name given to the picture displayed here by Seth Sawyer and his mother, Mrs. Layton Sawyer. Seth's grandmother, Mrs. E. A. Guinn, local artist who got the

idea for the picture last spring from a picture in the Progressive Farmer, received a first place ribbon in the pastels division at the recent Tri-State Fair in Amarillo.

## Deaf Smith County 4-H'ers Community begin National Week today

Deaf Smith County 4-H Club members will celebrate National 4-H Club Week this week beginning with group attendance of church services this morning at First Baptist Church.

Local 4-H'ers will set up exhibits of their work downtown, reaffirm 4-H goals, encourage more youth to enroll and enlist help to make the program grow.

Persons wishing to help with the program may contact the county extension office at 364-3573. The 4-H club program is conducted by the cooperative extension service of the U.S. Department of Agriculture, the State Land-Grant Universities and the county extension services.

Adults with leadership qualities and a desire to work with young people, volunteer their time to lead local clubs and teach members how to carry out various activities.

Industry gives 4-H'ers a reason for achievement through incentives and recognition at local, county, state and national

levels and provides technical advisors and literature.

Joyce Shipp, assistant county home demonstration agent, describes 4-H as a "learning by doing" experience in which a 4-H'er can select a project and set his own goals.

"By the time the project has been completed, he has learned useful skills, the dignity of work and the satisfaction of responsibility," she said.

"In comparing accomplishments of other members, the 4-H'er develops higher standards of achievement and the self-confidence to broaden his goals and interests."

Mrs. Shipp concluded "4-H is an endless parade of enthusiastic young people from farm, small town and city -- young people exhilarated by the great challenges of tomorrow because they have already conquered the smaller challenges of today."

There are more than two and one-fourth million 4-H club members, proving that young

people respond to the 4-H challenge to do the difficult--to "make the best better."

### A HORSE DEAL

OCALA, Fla. (AP) -- A five year marketing agreement in the operation of Florida based thoroughbred sales has been signed by Joe O'Farrell, president of the Florida Breeders' Sales Company, and John M.S. Finney, president of the Fasig-Tipton Company.

The pact starts with the Oct. 4-7 Ocala Fall Sales.

**THURSDAY**

- L'Allegria Study Club anniversary tea at the home of Mary

**SHADY STRIPPERS**  
BUDAPEST (AP)--Some night clubs have found a way around a striptease ban--they send the girls out nude to start with. And the authorities, who banned strippers in January say: "In the dimmed lighting of a night club, with mediocre or worse artists performing the scenes, such things are intolerable."

"The pretext has been to make girls appear naked in the first place, thereby evading any blame for putting on a striptease act."

Postage stamp glue is made from taploca.

## Ballroom Dancing Classes

For Adults Couples -- Singles & Teenagers  
The first meeting will be Mon., Oct. 4th 8:00 p.m. Waltz, Fox Trots, Cha Cha, Tango, Swing and others.

### COTTILLION FOR SCHOOL AGE - FROM 5th GRADE THROUGH H.S.

These Cottillions will be taught in separate grades. The classes will be small since we do not combine the grades. Social graces (how to act or what to do) will be stressed. Here is where the young boy or girl learns manners, or how to become a gentleman or lady. This is a must for anyone that cares. All basic dance steps are taught. These Cottillions start this week. Call or come by

# Hereford girl lookout in New Mexico forest

A lightning bolt struck the lookout tower, sending a "sizzle" down the building and causing both girls to smile. New Mexico State University senior Joan Bass of Las Cruces and Shirley Gorman, a school

teacher from Hereford, had anticipated the experience as part of their summer vigil as lookouts in the Gila National Forest. The Lookout Mountain tower was grounded for the safety of its occupants during frequent electrical storms which, though often the culprit in igniting small fires in the area, also became one of the more exciting aspects of a lookout's solitary life.

"I did a lot of thinking," said Joan, who split lookout duty with her partner. The two women worked in approximately eight-hour shifts and while on duty scanned the area with binoculars at a 360-degree sweep at 15 minute intervals during the day.

Off-duty entertainment included reading, hiking and an occasional trip into Truth or Consequences, the nearest "civilization". Joan, a journalism major, also found time to work on a novel.

"A job like that gives you the time to be alone, see the country and take the time to realize just how infinitely small you really are," Joan said. In spite of their isolation, the two women had visitors who came often, but in strange forms.

To attract regular guests the girls rigged a "trick tank" of water which regularly brought a mountain lion, bear and small herd of deer to their back door. The girls fed leftovers to regular visitors including a fox, a squirrel and chipmunks who later became brave enough to crawl up the tower for handouts.

Their only contact with humans was during a few trips to the city and through "voices in the air" composed of fellow lookouts stationed in the various nearby districts and a dispatcher with his base radio set located at Hillsboro Peak in the Gila Black Range District. "Our dearest companion was the radio," Joan explained. "We heard everyone's conversation. Absolutely nothing was confidential!"

The radio's primary purpose was to serve as a communications network when a fire was spotted.

## Satellite school gets donation

Thanks to the efforts of a number of persons, the Pre-school class of the Hereford Satellite school now is participating in a variety of activities.

The Elks Lodge donated an antenna and put up the tower given by Neil Cooper and the class is watching Sesame Street each day. Also, the Elks have donated one-half of their proceeds from the final bingo game each week and the money is to be used for clothes, shoes, haircuts and other necessities for the children.

Arrangements also have been made with the Star Theatre to treat the pre-school and post-school classes to a show and a coke.

Approximately 30 fires were sighted by the girls, who followed a standard procedure for reporting the blazes.

"We served as a relay between the fire and the dispatcher," said Joan who explained that the lookouts could almost exactly pinpoint a fire's location through use of an azimuth instrument.

To the people of the community, the school faculty and school student body, it is people like you that make life worth fighting for and the desire to return. It is my sincere prayer and

goal to be well and work with the greatest assets of this community (your boys and girls) in a way that will set the best example for them. My prayer is that I will be guided in a way that will be most beneficial to each individual student. Sincerely, Jerry Don George High School Principal

### CARD OF THANKS

MAY I take this opportunity to express my appreciation for all the prayers, thoughts and efforts during my near escape with death in an accident.

It is people like the people of Hereford that gives a person in my situation the desire to come back.

To the people of the community, the school faculty and school student body, it is people like you that make life worth fighting for and the desire to return. It is my sincere prayer and

FROM PRESIDENT TO PRESIDENT—Each of the new Kiwanis presidents presented awards to his respective retiring president at Thursday evening's second annual joint installation banquet. In the top photo, Rodney Laubhan, newly installed president

of the Hereford Noon Club awards Eugene Brink who has led the club during the past year. In the lower photo, Mal Manchee, new president of the Hereford Whiteface Club, presents a plaque of appreciation to retiring president, Rex Easterwood.

### Bud to Blossom club plans Oct. 15 flower show

A Bud to Blossom Garden Club workshop was conducted Friday morning by Mrs. R. N. Yarbrow, president, in Community Center in preparation for the Oct. 15 annual flower show. This year's show is entitled "Potpourri of the Golden Spread." The show, open to the public at no charge, will be staged from 3-6 p.m. in the Pioneer Natural Gas Flame Room. Purpose of the flower show is to educate the public on beautification and show ways one may apply it to their homes. Mrs. Jess Robinson will conduct a potpourri sale at the show. There will be a junior potpourri section open to all juniors under age 12. Anyone inter-

### Coffee honors Patti Nobles

A coffee hosted Saturday morning at Hereford Country Club by Mmes. Jimmie Gillentine and Bill Waldrep, complimented Patti Nobles whose marriage to William Watson of Midland is set for Oct. 16. Miss Nobles received guests with her mother, Mrs. M.W. Nobles, and her grandmother, Mrs. C.D. Nobles. The honoree wore a corsage of gold roses tied with blue ribbon, carrying out her chosen bridal colors. Others in the receiving line were presented gold chry-

### Floral arranging is topic of study

Mrs. W. H. Gentry, guest flower arranger at Garden Beautiful Club Friday afternoon at the Community Center, demonstrated modern, abstract, free-style and free-form flower arranging as the study program. Mrs. Gentry displayed various flower containers of her own making. Hostesses for the meeting were Mmes. Charlie Hood and L. H. Lookingbill. One guest, Mrs. Gary Robertson, was present with new members, Mmes. Joe Story, Taft McGee and W. T. Weatherly. A progress report on the club's hospital landscaping project was given by Mrs. Lookingbill and Mrs. Deward Robertson. The earlier planned homes tour set for the month, was announced postponed until next spring.

### Look who's new

Mr. and Mrs. N. D. Kelso are the parents of a son, Keith Douglass, born September 29, weighed 7 lbs. 15 ozs. Mr. and Mrs. Carlos Zuniga are the parents of a son, born October 1. He weighed 5 lbs. 11 ozs.

### CARD OF THANKS

The family of Mrs. Maudie Robertson want to thank the many friends and neighbors for the acts of kindness, visits, cards, floral offerings and general concern during the long illness and passing of our loved one. We also wish to express our appreciation to the doctors and nurses at Deaf Smith County Hospital and to all those who were so helpful in caring for her.

### ALL-STARS ON AIR

CHICAGO (AP) - The 38th annual College All-Star football game here on Friday, July 30 will pit the champion Baltimore Colts against the best college seniors, many of whom have turned pro. ABC will televise the game nationally. The All-Stars will be coached by Blanton Collier, former coach of the Cleveland Browns.

### COW POKES

"Shore, I said bring everything out of the brush, but I only meant the cattle!"

Floyd Sackett

### Lions officer to visit Dawn club

Floyd Sackett, Lions Club District Governor, will make an official visit to the Dawn Lions Club on Monday. The visit will be at 8 p.m. at the Dawn Community Building. Sackett was born in Pampa and his wife, Janice, is an artist and teaches art at Pampa High School. He is active in civic affairs, serving on the City Traffic Commission, Red Cross Board, Cancer Board, and March of Dimes Board. He received his BA from McMurry College in 1955 and his masters at West Texas State University.

### Burglars take auto accessories worth \$5,500

Investigation continued this week into the burglary of PK Supply, Inc. in which an estimated \$5,500 in auto accessories were taken. Servio Gamez, manager of the auto supply store at 801 West First, reported the break-in at 7:01 a.m. Thursday. Entry was gained through a rear door which was pried open and a metal support bar removed. The front windows of the business were covered because of inventory work going on, and the burglary went undetected until Gamez returned to work Thursday. He had been in the

### Longtime area farmer buried here Saturday

Funeral services for Herbert Vincent Crawford, 76, a longtime area farmer who died Thursday evening in Deaf Smith County Hospital following a lengthy illness, were conducted Saturday afternoon in First United Methodist Church. The Rev. W. A. Appling, pastor, officiated with burial in West Park Cemetery by Gilliland Funeral Home. Mr. Crawford was born May 14, 1895 in Texas and married Rubye Key May 22, 1934 in Vernon. They came to Deaf Smith County in 1948 from Cotton Center. He was a longtime farmer residing 114 miles east of the city. A World War I veteran, Mr. Crawford was a member of First United Methodist Church. Survivors in addition to his wife include one son, Key Crawford of Hereford; a daughter, Mrs. Nancy McDonald of Santa Fe, N. M.; four sisters, Mrs. Irene Ball of Canyon, Mrs. Blanche Stith and Mrs. Alice Poff, both of Tulsa, and Mrs. R. W. Paschal of Wichita Falls. A memorial has been established with the cancer fund.

### STUDY ON GI BILL

AUSTIN, Tex. (AP)—About 38,000 veterans are expected to attend Texas colleges and universities this fall under the GI Bill, says Jack Coker, regional director for the Veterans Administration. More than 3,200 veterans attended schools in Travis County last spring under the federally financed plan, representing more than \$1.5 million in grants. Most of them—2,653 veterans—attended the University of Texas.

### CAN-AM POINT SYSTEM

NEW YORK (AP) - Points from a driver's best eight races in the ten-race Can-Am unlimited sports car series will decide the winner of the Johnson floatie trophy, Denis Hulme, a New Zealander living in England, is the defending champion.

### Small talk

BY SUE COLEMAN Women's Editor Several people from Hereford are taking foliage tours in faraway places, I hear; Belle Hromas and Della Stagner were mentioned as members of a party traveling into Canada and back through the New England states where trees are supposed to be at their best about now. That's a circuit I'd like to make; this is my idea of the time of year to take a trip because summer isn't my favorite season and hot weather can spoil any sort of vacation for me, air conditioning notwithstanding. Besides the northeast states, I want to go back to the Ozarks in the fall. There are wonderful displays of autumn leaves in Missouri, Arkansas and Eastern Oklahoma and it's been a long time since I've seen them. Trees over there are not the varieties seen in New Mexico and Colorado, so the show is entirely different.

### Small talk

gap! Seems like 25 years ago was a good time for organizing clubs in Hereford; several are celebrating that anniversary this fall and calling on charter members and past presidents to take bows. Seven former presidents were at El Llano Club's coffee last week, some of them no longer active club members. But Ursalee Jacobsen, still a member, wasn't able to be there. Some who live now in other towns sent messages; one was Sylvia Geron who was president six years ago when I was a newcomer in Hereford. Reports on leaf color can be confusing, because conditions can change so fast because of wind, cold, rain and other weather aberrations. Then the reporters tell different stories; one will assure you the trees at Taos will be at their peak next weekend, while the next one who has traveled that way insists it will be three or four weeks. Also, it's best to pin the informant down on his prediction. It may turn out that he was in Taos a month ago, and the leaf color is already past its prime. Look out for that credibility

**Prince Valiant**  
IN THE DAYS OF KING ARTHUR  
BY HAL FOSTER

Our Story: DAWN. A TERRIBLE SHUDDER SHAKES THE EARTH AND THE HORSES REAR IN TERROR. A ROCKSLIDE THUNDERS DOWN THE MOUNTAINSIDE. "EARTHQUAKE!" CRIES VAL AS HE TRIES TO CALM ARVAK.

A CLOUD OF DUST IS RISING WITHIN ITS WALLS, AND AS THEY WATCH, HORRIFIED, THE MARBLE TOWERS, DOMES AND PINNACLES SEEM TO SWAY. THEN SLOWLY, OH, SO SLOWLY, THEY LEAN AT CRAZY ANGLES AND SINK, CRUMBLING, INTO THE RISING DUST CLOUD. THEN COMES THE ROAR OF FALLING MASONRY. THE CITY IS GONE, LOST IN THE DUST THAT FILLS THE VALLEY.

# PONYTAIL BY LEE HOLLEY

## hints from Heloise

**DEAR HELOISE:**  
When we were having a few friends over for barbecue the other evening, I hustled around trying to fix-up my table to look festive for the occasion. The centerpiece had me stumped, however.

As I was planning—to serve a very informal meal, I came up with this idea:  
My son had a straw hat with a rolled brim that he had picked up in Mexico—a sort of sombrero. Well, I placed this on the table and circled the inside of the

brim with a string of green and red artificial peppers that had been hanging in my kitchen. (I spray-painted it later).  
Ole! It made such a hit at the party, that I now keep it on my breakfast-table where it starts us off in a festive mood each day.  
Rose Bates

### JEWEL OF AN IDEA

**DEAR HELOISE:**  
I'm a bed patient at home and need something to occupy my hands that will not constantly drop to the floor. I save, collect, beg and borrow old beads. A large foam rectangle set in a box is my lap board for re-designing these beads. I just anchor them in the foam with pins I keep in a handy foam pincushion.  
Martha Dawson

### FOR THE BIRDS!

**DEAR HELOISE:**  
If you like to have birds stay around your house, take a square board, or piece of cardboard, cut out a circle in the middle and fit a plastic bowl in it. Just nail it or tie it up on a low tree limb. Put water in the bowl; bread or bird-

seed on the board, and you're in business.  
Some birds are sure to

build their nests in your tree, or close by.  
Young Bird-lover

And aren't you a lover to be so kind to our little feathered friends? I'll "wish you a bluebird" for writin'.  
Heloise

### STUFF 'N' PEPPERS

**DEAR HELOISE:**  
Don't let leftover meat loaf dry up in the refrigerator. It's great to use for stuffing peppers.  
If there's not enough, stretch it by adding cooked rice to the stuffing.  
We like ours topped with a little square of cheese. It

## HELP FOR HOMEMAKERS

gussies it up in looks and taste.  
S. De Vore

### POEM OF THOUGHT

The noodle pot is boiling over...  
And Sonny's pants are stained with clover,  
The pipes are knocking in the house...  
And I've just seen signs of a dogged mouse,  
The kitchen's a sight, and my hair's a mess...  
And I'm going to church in that worn-out dress,  
The baby toddled in, displaying a bug...  
But he saved my day—he gave me a hug.  
G. Callaway

### HAIRS HOW!

**DEAR HELOISE:**  
My school-aged daughter has long, fine hair. She likes to wear it down straight, with a simple headband to keep it away from her face. However, the band constantly slipped off until I made this discovery:  
I took two strips of "hair

This feature is written for you... the housewife and homemaker. If you have a hint, problem or suggestion you'd like to share... write to Heloise today in care of this newspaper.  
10-3

tape" (the kind used when setting hair to keep it flat while drying) and pressed it inside the band, sticky-side up. I folded only the ends downward to fasten to the band.  
Now the headband stays in place, and the tape lasts through many wearings.  
When taking it off, simply lift the band... no discomfort or loss of hair.  
Mrs. L. Y.

### NEEDY GARDENERS!

**DEAR HELOISE:**  
I love to garden, but at my age (or at any age), the knees really take a beating.  
My solution to the problem was when I found an old hot-water bottle in the garage. I stuffed it with old nylon stockings, and it makes a marvelous knee pad.  
When the bottle gets mucky I can just hose it off, and it is ready for use the next day.  
"Petunia"

### THE BIG PUSH

**DEAR HELOISE:**  
My three daughters and I are all push-up-sleevers. It must run in the family. Blouse sleeves, coat sleeves, dress sleeves and sweater sleeves.  
Out of habit, I even pushed at NO sleeves... until I got this idea.  
One day in the dime store I spotted a package of rubber-bands of various colors, great for our different-colored garments. They match so many things, don't show, and keep our sleeves up.  
Now our only "push-ups" are from the floor—exercising also runs in the family.  
"Pusher"

### HAPPY BIRTHDAY!

**DEAR HELOISE:**  
I always manage to have cake candles too small for the candle holders for the children's birthday cakes.  
After struggling with foiled melted wax, etc., I decided to stick the candle ends in some leftover frosting, and then put them in the holders. It works!  
The candles stand at attention right down to the last huff-and-puff. And even I don't always last that long...  
Mrs. Jay

### SAVE YOUR DOUGH!

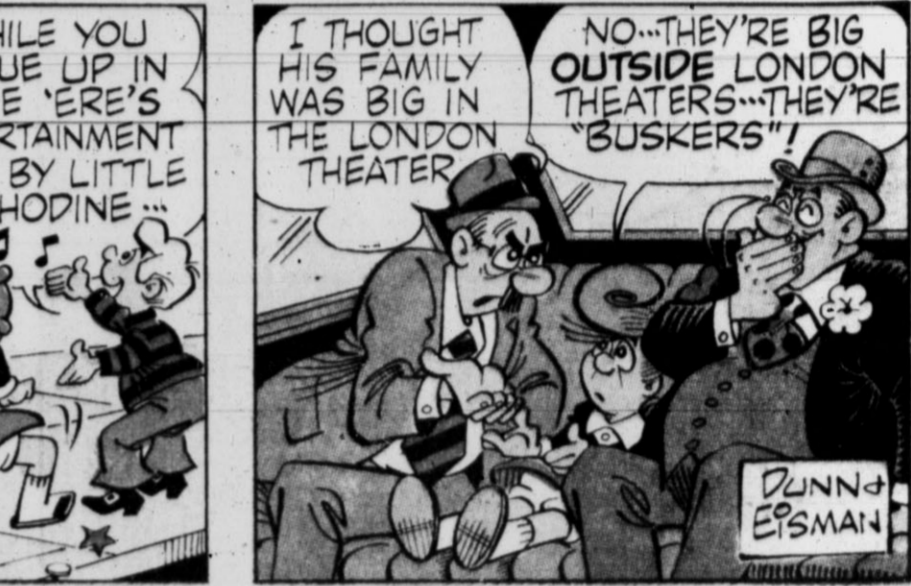

**DEAR HELOISE:**  
Every scrap of leftover pastry dough can, and should, be used.  
Roll out and cut circles with a cookie cutter. In every other circle, cut five small holes. Flute, turn up edges, and pierce others with a fork.  
When baked, place jelly, preserves, pudding, or what have you, in the fluted circles and top with the flat ones.  
Little individual goodies. Kids from 2 to 92 like them!  
Mrs. S. D. V.

### DRINK UP!

**DEAR HELOISE:**  
At the office we keep cocoa mix, and instant coffee for those who prefer it.  
Did you know it's ever so good to mix the two?  
Louise F.  
Nope, sure didn't. But do now. Thanks, pal.  
Heloise

HOCUS-FOCUS

**CAN YOU TRUST YOUR EYES?** There are at least six differences in drawing details between top and bottom panels. How quickly can you point out these differences? Answers below.

## Hal Kaufman's JUNIOR WHIRL

Fishing Contest

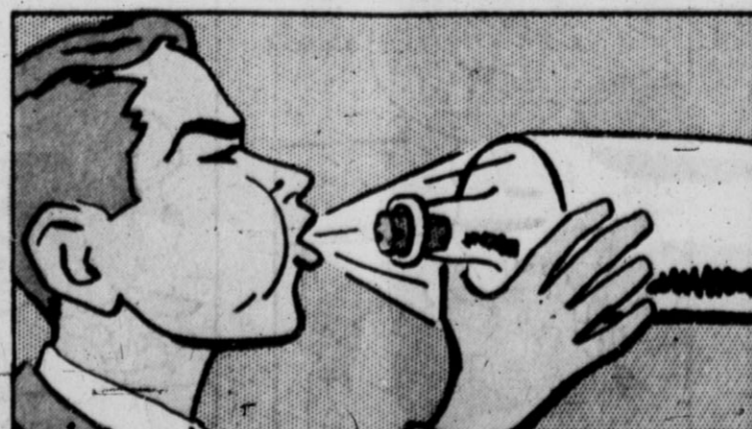

S	O	H	A	L	I	B
A	L	M	D	M	H	U
R	E	O	D	A	A	T
D	I	N	O	C	K	E
A	H	E	R	O	D	R
W	H	I	R	I	N	E
P	A	T	I	N	G	L

A great many fish can be caught in this pool of letters. Start with any letter and, moving across or down, (but not diagonally), see how many fish you can reel in on your make-believe line. As a starter, begin with "S" in the upper left corner and spell sardine. At least nine more can be found—almost all of which are found exclusively in salt waters!

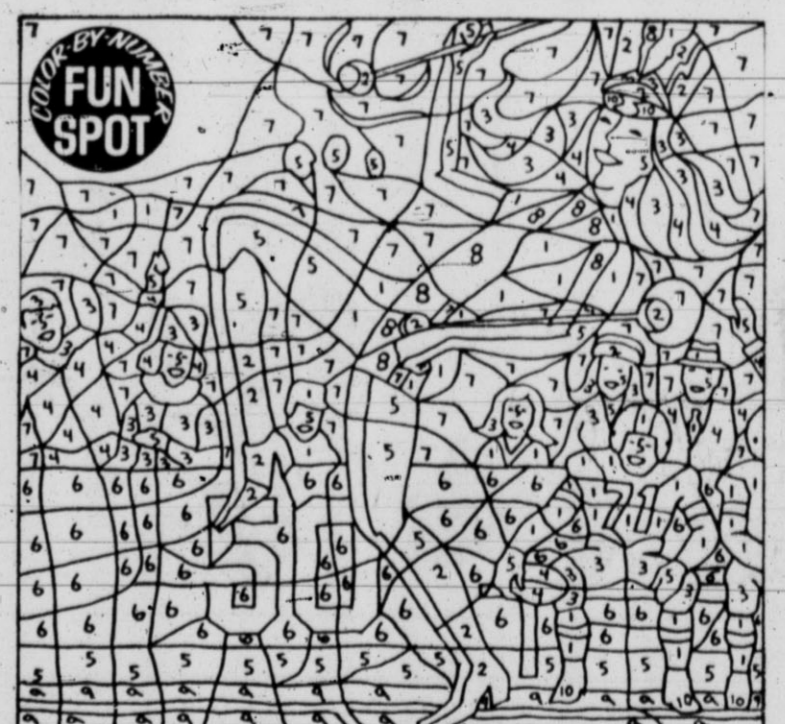

All set? Then, cast your line. **Answers:** Sardine, herring, cod, whiting, sole, haddock, halibut, bass, trout, flounder, etc.

### BULLETIN BOARD

- STRAW IN THE WIND:** What country has the most windmills? Holland? Not so. Holland has some 400, but there's a country in southern Europe with six times that number. What country? Its provinces include the Azores and Madeira Islands. **Portugal**, whose windmills in active service are said to number 2,500, plus 40 more in the Azores.
- Each of these phrases should suggest a number: In a bad spot; a cat nap; a stitch in time. What numbers? **Right (behind the eight ball): forty (40 whisk): nine (a stitch in time saves nine).**
- Which two U.S. states have the most neighbors? If you don't know, guess. **Missouri and Tennessee**, each has eight.
- Say rapidly aloud: Three fleet fleas and five fast fruit flies fled through a flaw in the flue.

**POP CORK?** Place a small cork in neck of bottle as shown above. Challenge someone to blow it out. Secret is to blow gently.

**HIGH STEPPER!** For a surprise picture above, apply these colors: 1—Red, 2—Lt. blue, 3—Yellow, 4—Brown, 5—Flesh, 6—Lt. green, 7—Dk. blue, 8—Pink, 9—Dk. green, 10—Black.

### SPELLBINDER!

SCORE 10 points for using all letters in the word below to form two complete words:

CLOTHING

THEN score 2 points each for all words of four letters or more found among the letters. Try to score at least 50 points.

## Homeplace on Higgins Ranch now home for another generation of family

BACK IN 1907 pioneer rancher Bob Higgins built the sturdy square wooden house pictured below and brought his bride there to raise their family on the place 12 miles north of Hereford which he had homesteaded after working as a cowboy in Deaf Smith County.

TODAY HIS GRANDSON, another Robert Higgins, with his young wife and four-month-old daughter lives in the house, already remodeled inside and with additions under construction as shown in exterior photos top left. A new wing plus carport gives the family more space.

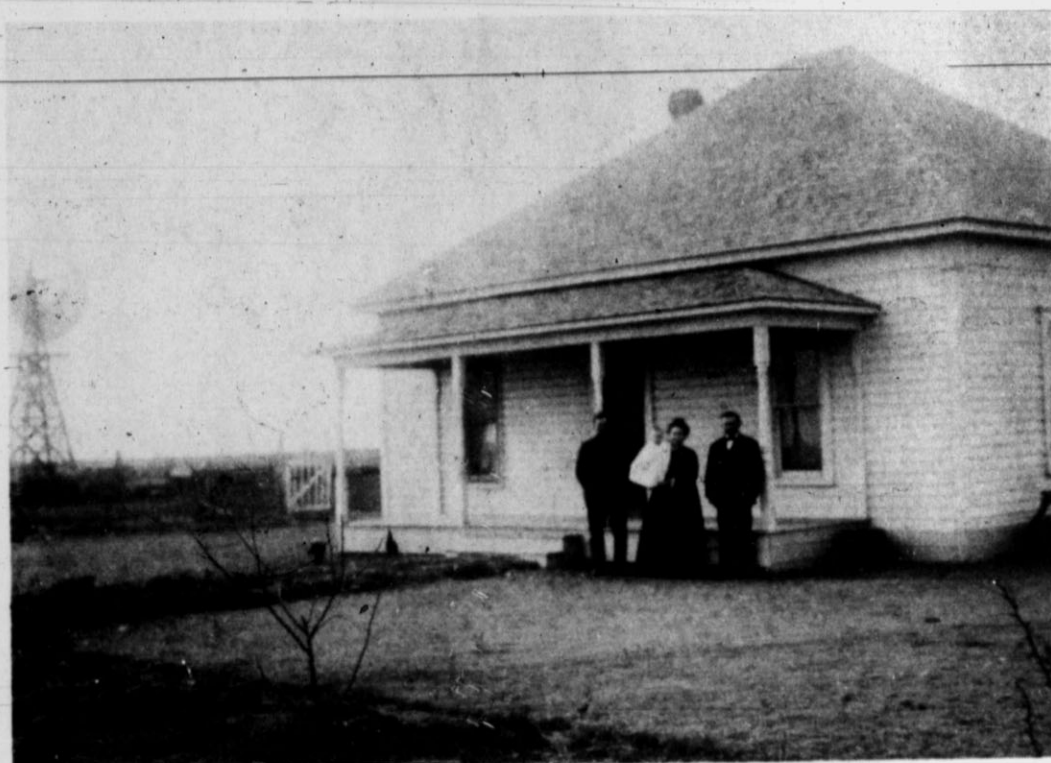

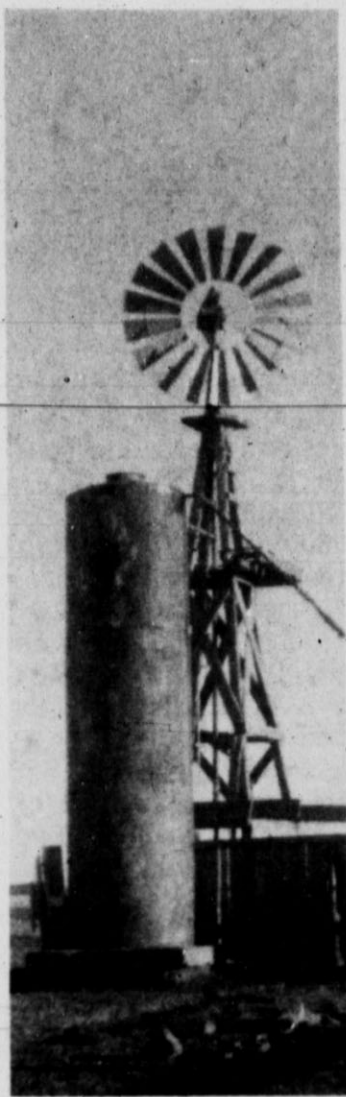

IN THE OLD PHOTO the Bob Higgins and their oldest child, Wesley, as a baby are pictured with her brother, "Uncle Church" Wood. Trees had been set in the yard and to the left may be seen a barb-wire fence with gate leading to the windmill. Remodeled and modernized in 1927, with plaster put on interior walls and gray stucco outside, a bathroom added in a shedroom at one side and the hall partition removed to enlarge the living room, the house was home for the Higgins until they moved to Hereford in 1943 to spend the remainder of their lives.

PROPPED AWKWARDLY in place while work is underway, the carport roof is shown in small photo with door at back into the added room. Higgins is doing the remodeling himself, between ranch and farm chores, with the expert help of his father-in-law, Delbert Underwood of Idalou, a professional builder.

FAMILY TRADITION holds a meaning to the younger Robert Higgins, who is preserving features of the old home place as he turns it into a comfortable modern residence. The square hip roof, characteristic of its period, is retained but the new utility room-office wing adds a gable on the south side, and the porch roof is extended entirely across the front to include the new carport. His mother, Mrs. A. B. Higgins, who lives in another residence on the place, stands with the ranch dog King at the entrance.

FAMILY MEMBERS living on the ranch, one of the few places in this county occupied by descendants of the original title holders, were sorry to see the windmill give way to an electric pump.

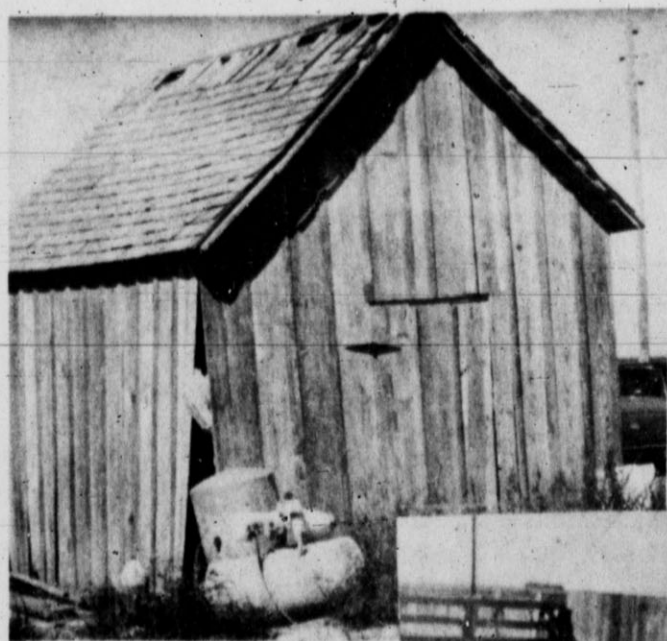

PRESENT MISTRESS of the house, Mrs. Robert Higgins was Rycke Underwood before her marriage, which took place while the couple both attended Texas Tech. She points with pride to the new kitchen sink and cabinet. Polished wood paneling here matches that in other rooms; floor and cabinet tops are in her favorite color, a soft green which is dominant in other rooms also. The new kitchen was formerly the dining room.

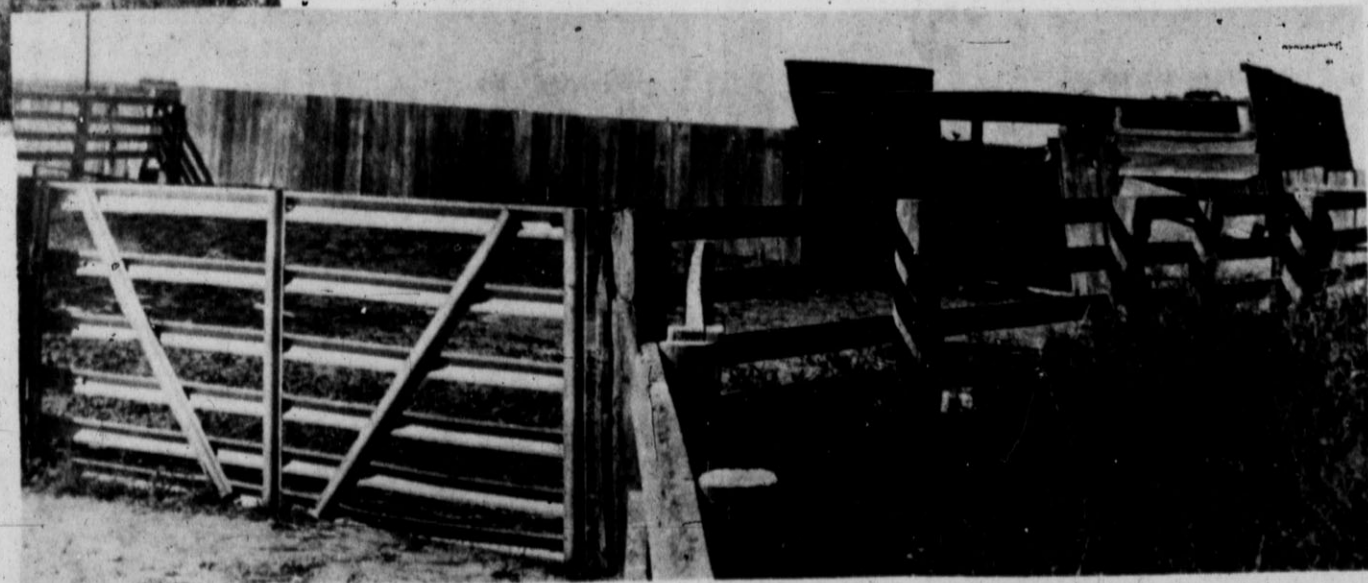

FROM THE ORIGINAL house, the corner cabinet in the dining end of the big kitchen has a new front to display best china and prized pieces of old glass. Flocked paper and walnut paneling on this wall are like that in the adjoining living room, replacing the old plaster. A door and two windows in the living room were closed in the remodeling. Some of the old walls were found to be 12 inches thick.

A MODERN OFFICE is needed by today's rancher, and Higgins has his private sanctuary in the new wing, which also has space for a large, light utility room with convenient laundry equipment. Wood in the office desk, above, matches paneling on three walls, while warm-toned brick of the fourth wall is from the old chimney and porch. Curtains are a bold red and black print, echoing the bright red of the carpet. This wing joins the main part of the house where the old bathroom shed was torn off, and a handsome new bath occupies space formerly the kitchen.

NOT ONLY THE HOUSE, but the yard, which is being cleared of an accumulation of trash left in years of occupancy by renters and ranch hands, has some aspects which the young Higgins want to keep in their original state. One is the old smokehouse, above due to get a new roof and other repairs to become a toolhouse. Corrals just behind the residence, though, are to be moved

## The Sunday Brand

SECTION TWO  
HEREFORD, TEXAS SUNDAY, OCT. 3, 1971

IN HER ROLE as boss of the ranch, daughter Heidi looks over the master bedroom from her crib-although her own smaller bedroom is next door. Sliding doors of a wide closet are in the background, part of a closet wall across one side of the room, which also provides a similar closet opening into the child's room. Rycke Higgins, a licensed vocational nurse, is employed only part-time now that she has her daughter to care for. She earned her license while the Higgins lived in Hereford a year before moving to the ranch nearly two years ago.

**HONORED AT TEA**—Mrs. Lee Curry, upper left, first president and a life member of Deaf Smith County Federation of Women's Club's was special honoree when women in those categories were introduced as honor guests at the annual fine arts tea Thursday. Other life members present, from left above, were Mrs. O. G. Hill, Sr., Mrs. Ray Johnson and Mrs. L. H. Lookingbill, Sr. Past presidents at the registration table, photo at right, are Mrs. John Johnson, Jr., T. W. Carmichael, C. D. Kelton and R. L. Ethridge. Mrs. Kelton is a past president and also current president of the Federation, and was given a life membership at the tea, by vote of members in recognition of long service to the group.

BY MELVIN YOUNG

Whenever the football season starts, there are always a few happy faces around town—and some bad ones. Naturally, the UT people have had an awful lot to smile about for a long time, (with the exception of last January 1st) and it looks like the Longhorns will have a walk-away for another Southwest Conference championship. That is, if something doesn't happen, as it can so easily in Southwest Conference play. But to date, Arkansas, in spite of the loss to Tulsa last week appears to be the only formidable conference opponent on the horizon. Outside the conference circle they have only Oregon, (results of which will be known by the time you read this) and Oklahoma University which will be played in Dallas, October 9. That could be a real scrap, and it may have some bearing on the outcome of the Arkansas game which follows the next week. The remainder of the schedule looks pretty easy.

Texas Tech will play their second conference game Oct. 9 when they meet Texas A&M at Lubbock. They shouldn't have too much trouble with the Aggies, however, that's what they thought about Tulane and New Mexico. They'll play Arkansas on November 20; the last game of the year.

Actually, Tech should have a pretty good season, in spite of the fact that they lost those "breathers" and took a sound licking at the hands of Texas University. But here again, you can't tell what's going to happen in the Southwest Conference. Whenever a team gets overconfident, that's about the time it gets knocked off.

Earnest Langley, an ardent Tech fan, hasn't given up yet, but Clint Formby is already making excuses for the past performance. He allows that the reason Tech lost to Texas last week was because they hadn't scouted Texas' second team.

And that could be right. Anyway, we have a lot of interesting football ahead and we're looking forward to every

game.

—HB—  
Apparently we've had lots of comments on the "dog page" which we published recently. Ouida Halbert, manager of Hereford Country Club says the page has been the topic of conversation out there on numerous occasions. And Mary Harman got upset. She couldn't understand why we would take a picture of Alfie (that's Kathy Close's shaggy dog) and pass right by old Dumb and Dopey. Although Dumb and Dopey haven't won any prizes, she figures it's just because they haven't been entered in any dog shows yet. And she's probably right. Every dog is a winner to his master.

Well, sir. We may just have another dog page before too long. In fact, we may work up a little contest and let the readers vote on the best looking dogs.

—HB—  
And then there's the story of the fellow who complained that today we spend \$4,000 for a school bus so that our children don't have to walk, and \$50,000 for a gymnasium so they can get some exercise.

But from the low price tags he's putting on, it's obvious the fellow hasn't purchased either lately.

—HB—  
According to The Rotarian, happiness is...

Traffic lights green,  
Row after row  
And acres of parking  
Wherever we go!

Farming in the United States employs as many people as the transportation, steel and auto industries combined.

New Mexico's first five football games this fall will be under lights.

**SHARES HIS HOBBY**—Next to his work as executive director of Kings Manor retirement home here, Dr. John English says he enjoys painting, and he likes to get other people interested in that hobby. He is the new president of Hereford Art Guild and at its meeting this week demonstrated techniques of watercolor painting; the coffee can and paper towel are some of his essential tools. Again at the County Federation of Women's Clubs fine arts tea Thursday, when he was guest speaker with Painting for Fun as his subject, he gave a demonstration as part of his happily informal talk. Paintings in the background are by other members of the Art Guild, recent award winners.

**School menus**

**PUBLIC-HIGH SCHOOL**  
MONDAY—Spaghetti and meat sauce or beef ravioli, buttered potatoes, seasoned spinach, applesauce cake, hot rolls, butter, milk.  
TUESDAY—Hamburger or Sloppy Joe, potato chips, black eye peas, tossed salad, fruit, buttered-buns, milk.

# Tech, Arkansas freshmen battle Thursday in Khiva Shrine game

**BUFFALO LAKE COMING UP** — Recent rains about the area have put more than 800 acre-feet of surface water into Buffalo Lake, which was dry just a few months ago. A number of ducks have already taken up residence on the lake located just south of Umberger.

LUBBOCK — Texas Tech coaches hit the recruiting roads last year with looks of determination on their faces. They returned several months later wearing grins of satisfaction.

Tech's recruiting year had been good, but in the hills of Arkansas, Razorback coaches felt they may have landed the best crop of schoolboy footballers ever. So, which school came out better?

The answer may be supplied in Lubbock Thursday when the freshman teams from the two schools collide in the Fifth Annual Shrine Bowl football game.

"We think we got some good athletes," admitted Tech's freshman coach Jess Stiles. "I'll tell you this, they can play."

And Stiles should know. Last year, Tech's freshmen waltzed through their five-game schedule without a loss.

This year, however, the Arkansas game will be first time the Picadors will be in action, and as sponsors of the game, the Panhandle and South Plains members of the Khiva Shrine Temple are hoping to supply a crowd of over 30,000 fans to witness the inaugural.

All profits from the game will go to help support the Shrine children's hospitals and burns institutes. The Shriners have sponsored four Tech freshman football games and have raised over 183,000 for their charity fund.

The Tech freshman squad is loaded with names mentioned frequently by university scouts. Names such as Amarillo Palo Duro lineman Gary Monroe, Monahan's runningback Billy Phipps, Corsicana's fine flanker Jeff Jobe, Port Arthur linebacker Kim Bergman, linebacker defensive end Pat Felix of San Antonio McCollum, big (6-5) center Jim Frasure of Houston Westchester, and Wichita Falls' splendid quarterback Lawrence Williams.

And to keep it all in the family, former Raiders Bruce Dowdy, Jim Dyer and current Tech footballers Larry McClinare and Mike Watkins talked younger brothers Tom, Danny and David into coming to Tech.

Young Dowdy is a defensive lineman, Dyer a linebacker, McClinare a defensive safety and Watkins a linebacker, like his older kin.

Tickets, at \$2.50 and \$1 for adults and students, are being sold by all members of the Khiva Shrine, or they will be on sale at the Tech ticket office and at the gate the night of the game.

# Tech has new mascot--'Raider Red'

7:30 p.m.—Texas A&M at Tex

LUBBOCK—Texas Tech University's football team has a new mascot—"Raider Red."

Patterned after Lubbock cartoonist Dirk West's figure of the famous Red Raider, the new mascot is the brainchild of Jim Gaspard, senior advertising major from Port Arthur, Tex.

The bright orange mustachioed figure, who has been a symbol of the Raiders for six years, stands a full seven feet two inches in his high heeled cowboy boots. The flashy "Red" came into being this semester after three years of planning by Gaspard.

"When I first enrolled at Tech as a freshman," said Gaspard, "I thought it would help to promote spirit at the games if I could design a figure like 'Red.'"

This semester Gaspard finished the figure and surprised his fellow Saddle Tramps with the new mascot, which the group immediately adopted as one of their own. The 12 pound head of "Raider Red" was made by molding chicken wire, papier mache and clay.

"I had finished the head, he

as Tech (Dads' Day).  
8 p.m.—UT-Arlington at West Texas State.

but I still couldn't get the ears just right. I ended up using my girl friend's ear for a model and it turned out great."

Gaspard wore the outfit to the first pep rally this year adorned in black satin vest, red and black satin cape, white shirt—covering a padded paunch—black and gray striped trousers, and red and white boots furnished by Luskey's Western Wear.

"Red's" clothes were sewn by Ginger Perkins, senior drama student and, according to Gaspard, "her efforts make the whole figure of 'Raider Red.'"

"Raider Red" will be portrayed this semester and possibly the entire school year by another member of the Saddle Tramps—Stan Alcott, sophomore from Lake Jackson, Tex.

"Red" is more fortunate than most football fans. He not only gets a free ticket to all the games, but he also gets to sit on any yard line he wants.

"The only drawback to 'Raider Red's' personality," said Gaspard, "is that he gets a little hot under the collar sometimes."

"However, I plan to fix that by air conditioning his head. I'm going to drill a hole in the

top of his hat and install a battery-powered fan to suck out the hot air," he said.

Gaspard graduated from Thomas Jefferson High School in Port Arthur in 1964. He then joined the Navy and spent four years as a medical corpsman in

Mrs. James A. Amyotte to live in Arlington

## Pate-Amyotte vows spoken in home ceremony

A home wedding for Janet Isbell Pate and James A. Amyotte, both of Arlington, was read by County Judge H. C. Williams Saturday against a background of glowing autumn colors in the home of her parents, Mr. and Mrs. Charles S. Digby, 711 Miles.

The evening ceremony and a reception afterward had relatives and close friends as guests. Only attendants of the couple were her sister, Mrs. Melvin Fowler, as matron of honor and Fowler as best man.

Gold and bronze strawflowers with brown oak leaves were arranged on the mantel of the living room fireplace with stair-step yellow candles on either side. Boston fern in floor urns flanked the dark brick of the fireplace.

Beige and light brown lace in a floral pattern made the bodice of the bride's dress, and white satin the street-length skirt, Peter Pan collar and French cuffs.

Her bouquet was a cascade of bronze and yellow button mums backed with oak leaves in shades of brown, gold and burnt orange.

Mrs. Fowler's dress was in antique gold textured knit cut on straight lines, the skirt slit slightly at center front. She carried the button mums in a nosegay tied with ribbon bow and streamers.

After the double ring cere-

mony the reception was held in the Fowler home at 203 Gough, where Mrs. Wayne Davis of Amarillo registered guests. Misses Rose Mary Dupnik and Peggy Hoffman, cousins of the bride, served punch and cake. Square tiers were stacked in triple arrangement for the bride's cake, decorated with wedding bells. The groom's cake was baked in horseshoe shape.

A buffet supper was served later, and the newly married couple left for a trip to take them through several Texas cities before reaching their home at 817 East Sanford, Apartment 7, in Arlington by the weekend.

Mrs. Amyotte wore for travel a long-sleeved purple dress with silver trim and accessories.

She is a sales representative of a catering firm at Grand Prairie, near Arlington. She is a graduate of Mt. St. Gertrude Academy in Boulder, Colo.

The state superintendent for Uvalde Construction Co., the bridegroom is the son of Mr.

## Grant goes for diseased cattle study

The West Texas State University School of Agriculture announced today a \$10,000 research grant to study diseased calves in commercial feed yards of the Texas Panhandle.

The grant was made by the Houston Livestock Show and Rodeo Research Committee. The research will be undertaken by John W. McNeill, acting head of the school's Department of Animal Science.

McNeill said the "main problem confronting the cattle industry was developing an economic and effective regime for preventing and treating diseases of calves coming into the area."

He said the problem has been intensified because of competition for replacement cattle in the rapidly expanding feed yards.

"Prices have increased, and

as a consequence, more stockmen have resorted to lighter weight calves to place on feed," he said. "Even though these lighter calves represent a cheaper per head investment, they demand more intensive management and disease control practices."

McNeill said changes in environment, shipping stress, dehydration and ration changes generally result in respiratory diseases.

"Death losses are certainly a problem, but probably of greater economic concern is weight loss and reduced performance resulting from diseases," he said.

"We can't put a price tag on loss. A majority of the cattle are affected to some degree."

In the beginning the research will seek preventive medicines to be used in the feed yards, he

said, but "we would like to extend it to the producer's end."

McNeill said there are many drugs available for use on diseased animals but most drug companies test their products on healthy animals.

"The diseased animal is physiologically different from a healthy animal. This alteration of physiological processes may alter the absorption and distribution of the drugs used in treatment to such an extent that they are no longer as effective as claimed," McNeill said.

The university will obtain the calves to be used from the Central Cattle Co., a division of Mesa Agro, Inc., of Amarillo. The research will be carried out at the university's Nance Hereford Ranch.

McNeill said the grant came about after Don Jobs, assistant

manager of the Houston Livestock Show and Rodeo, toured Panhandle feed yards and saw the problem.

The money will be used to purchase vaccine, feed, equipment and help cover undue death loss.

McNeill said.

The study was initiated for one year, McNeill said, but "I hope funds will be renewed. I would like to see a minimum of three years for this research."

The experimental facility at the Nance Ranch is scaled to approximate commercial feed yards. About 500 heads of cattle will be used.

Dr. John Coleman, veterinarian in charge of the diagnostic clinic at Texas A&M University's Bushland facility, will assist in the project.

"All information derived from the experiment would be subjected to routine analysis of variance to determine the statistical validity of the findings," McNeill said.

## Education topic of jail report

Swisher County is one of three jails in Texas offering both educational and recreational facilities to inmates, according to the report of a jail survey just issued by Governor Preston Smith's Criminal Justice Council.

Otherwise, educational facilities appear to be lacking completely in jails in the Panhandle State Planning Region, and many jails lacked other facilities prescribed by modern jail standards, the report shows.

The statistical report was compiled during 1970 by the Institute of Contemporary Corrections and the Behavioral Sciences, Sam Houston State University, Huntsville. It has just been published by CJC.

In the region served by Panhandle Regional Planning Commission, there are 24 county and five city jails. Only Lipscomb County reported having neither county nor city jails.

On the last census date, March 15, 1970, all jails in the region were under designed capacity, except Potter County jail. It had 110 inmates, 12 percent more than its designed capacity of 98.

Twenty-four of the 29 jails reported no educational facilities for inmates, 23 (all but Swisher and Hansford) no recreational facilities, 15 no medical facilities and nine no visiting facilities. City jails at Dimmitt, Friona, Memphis and Tulia did not report on these facilities.

Of the 337 inmates confined on

the census date in the region, 195, or 58 per cent, had not been convicted. Regionwide ratio of inmates to full-time employees was 12:1. However, Randall, Potter and Gray County jails, respectively, had ratios of 23:1, 22:1 and 17:1.

Statewide, the survey showed most jail inmates were awaiting trial, usually vegetating in cells without recreational or educational facilities. Time that might be spent in vocational training or rehabilitation was being wasted.

Counties in the Panhandle Region are Armstrong, Briscoe, Carson, Castro, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Pter, Randall, Roberts, Sherman, Swisher and Wheeler.

## Hereford auto dealers attend study program

Local Ford dealer, Orval Watson, area director of the Texas Automobile Dealers Association, announced today that the Johnson House in Lubbock will be the site of a one day study program to be held on October 12. The theme of the workshop will be "Laws, Legislation, and Legalities." Several other Hereford new car dealers plan to attend along with their key personnel.

"Dealers will learn first hand their responsibilities under the state's consumer automobile law in this the first of a series of statewide workshops sponsored by the Texas Automobile Dealers Association," said Watson.

He said the workshops would bring together at regional meetings dealers throughout the state to meet with members of the Texas Motor Vehicle Commission.

# SENSING THE NEWS

By Anthony Harrigan  
EXECUTIVE VICE PRESIDENT  
Southern States Industrial Council

Gov. Ronald Reagan of California supplied the essential background to the bloody riot at Attica prison in New York when he said that revolutionary forces in the United States have shifted their attack from university campuses to prisons. Having been largely thwarted in their attempt to turn university campuses into bases of revolutionary action, the New Left now is depending on a savage prison population to trigger enormous violence and undermine the official and public will to maintain law and order.

The first major outbreak of revolutionary violence came last month at San Quentin prison in California, where a weapon was smuggled to George Jackson, one of the infamous "Soledad Brothers," criminal revolutionaries. Jackson's death in the escape attempt served the revolutionary forces, for they have

turned him into a martyr of the New Left. Tom Wicker, the New York Times columnist, eulogized Jackson as "a talented writer, a sensitive man, a potential leader, and political thinker of great persuasiveness."

The second outbreak came at Attica prison in upstate New York. New York officials have suggested that the prisoners received aid from the outside in organizing their reign of terror. Fortunately, Gov. Nelson Rockefeller finally ordered an assault on the prison, but only after long delay and disgraceful negotiations with revolutionary prisoners who demanded amnesty and transportation to "non-imperialist" countries.

One of the most astonishing developments in the Attica story is that New York officials permitted so-called "citizen observers" to confer with the inmates. This cadre of "observers" in-

cluded hardcore radicals such as Herman Badillo, Ali Kenyatta of the Black Muslims, Tom Wicker of the New York Times, whose eulogy of George Jackson apparently won him the admiration of the militant prisoners at Attica; and others of that ilk.

It is hard to imagine what New York authorities had in mind when they allowed this radical group to meet with the prisoners. It seems safe to say that the "observers" encourage the militancy of the inmates.

What was predictable, in the situation, was that the radical-liberal elements in the media would convict the State of New York, state police, guards—and surrounding community of guilt—and downplay the violence of the prisoners. The Washington Post, in a typical example of radical-liberal coverage, headlined one story: "Outside Attica Walls A City of Hate." That's the way the radicalized media handle such stories; law enforcement agencies are portrayed as reckless; law-abiding citizens are described as prejudiced, and the criminal elements are characterized as mistreated and long-suffering. The radicalized media ignore the fact that prisons such as Attica are filled with a brutal, savage population convicted of the most atrocious crimes.

It is shocking that the radical-liberal intelligentsia should make common cause with criminals and with the large, hostile underclass that we have in this country today. But it is a fact. The New Left columnist and professor weep over the deaths of imprisoned barbarians and condemn the police who attempt to maintain law and order.

The more radical elements know precisely what they are doing. They envision prisoners in the role of a revolutionary class, men who will not hesitate to terrorize a community as a means of transforming it. Thus the radical leadership encourages Marxist political consciousness among hardened criminals.

Decent citizens should demand that agencies of government adopt a much tougher line in dealing with politicized criminals and their supporters. The Attica rebellion demonstrates the need for restoring the death penalty. Hardened criminals such as the Attica ringleaders

# Hereford man spends four months in Pacific

LONG BEACH, Calif.—Ensign William D. Grubbs, 24, of Hereford, has returned to the U.S. aboard the guided missile destroyer escort vessel USS Schofield (DEG 3), following a four-month deployment to the Western Pacific.

Ensign Grubbs, son of Dr. and Mrs. Roy J. Grubbs, Jr. is assigned to the Operations Department of the Schofield as the assistant communications officer. A 1970 graduate of Texas Tech University, he was commissioned in October 1970 and reported aboard the Schofield in January 1971.

This was his first deployment to the Western Pacific.

The Schofield operated in the Western Pacific as a unit of Antisubmarine Warfare Group Three, under the command of Rear Admiral James C. Longino Jr. Other ships of the task group were the San Diego based antisubmarine aircraft carrier USS Ticonderoga with its embarked Antisubmarine Air Group Fifty Nine, and the guided missile destroyer USS John S. McCain, the

destroyer escort vessel USS Meyerkord, the destroyer USS James E. Kyes, and the destroyer escort vessel USS Bornstein. The destroyer type ships comprise Destroyer Squadron Twenty Three, Homeported here.

The deployment, the first by an ASW group in two years, provided the Task Group with an opportunity to operate in many geographic areas ranging from the equator to Alaska. The Task Group conducted antisubmarine warfare (ASW) operations in the Indian Ocean, Philippine Sea, South China Sea, Sea of Japan, Northern Pacific, and the Bering Sea.

The excursion into the Indian Ocean was the first by a U.S. task group of this size in recent years, and provided valuable operational and environmental data which will be of use in future operations. Operations in the

South China Sea are conducted in support of U.S. Naval Forces in the Gulf of Tonkin.

Sea of Japan operations provided the Task Group with an opportunity to conduct valuable coordinated ASW exercises with air, surface and subsurface units of the Japanese Maritime Self Defense Force.

Ships of the Task Group visited various foreign ports, including Subic Bay in the Republic of the Philippines; Sasebo and Yokosuka, Japan; Singapore, and Hong Kong.

## TWO ACES ON 18th

WHITE SULPHUR SPRINGS, W. Va. (AP) - Seven irons produced two holes-in-one on the 18th hole at the Old White course here in mid-May. They were made by Mrs. Helen Post of Fort Washington, Pa., and R.W. Erskine of Santa Clara, Calif.

don't hesitate to undertake new, bloody deeds because they are confident that capital punishment is a dead letter in the United States. If the electric chair had been in use in New York State, the Attica uprising might not have taken place.

Beyond that, state authorities must screen prison populations more carefully, isolating politicized criminals bent on revolutionary activities behind prison walls. And states most certainly must refuse to permit New Left "observers" to negotiate with or represent prisoners.

Prison reforms are needed in the United States. Thousands of inmates, incarcerated for minor crimes, can be rehabilitated. But much tougher security measures must be applied to Black Panthers and similar types now operating inside prisons, stirring bloody rebellion against lawful authority. And federal and state authorities, including grand juries, should probe for links between politicized prisoners and revolutionary groups on the outside.

# Parcel service will link state to rest of the nation

A package pickup and delivery service that will link eastern Texas with a major part of the nation will be started on Monday by United Parcel Service.

The national package delivery company will institute the interstate service in Texas areas covered by Zip Codes having the first three digits 750 through 762 and 770 through 777. Service to the remainder of Texas will open early next year.

The new service will give Texas shippers access to a package service area covering 34 other states including all states east of the Mississippi River, the full states of Minnesota, Iowa,

Louisiana, North Dakota and South Dakota; and three partial states: Arkansas, with the exception of a narrow strip along the northwestern and western borders of the state, northern Nebraska and eastern Missouri.

United Parcel Service has been providing its service with in the commercial zones of Dallas-Ft. Worth since Sept. 14, 1970, and in the Houston commercial zone since April 19, 1971.

The company will handle packages that weigh up to 50 pounds and have a maximum combined length and girth of 108 inches. Queries about the new service may be made by calling collect to (214) 350-3341.

The service is being instituted as a result of a grant of authority from the Interstate Commerce Commission. The company has applications pending for additional operating authority which, if granted and fully implemented, would permit Texas shippers to reach states to the west as well.

United Parcel Service has been in the package delivery business since 1907 and presently offers its service in 38 full states and parts of seven others. It provides pickup, transportation and delivery of packages at rates comparable to those for uninsured parcel post.

In order to provide the new

service to any address in the east Texas area, the company will be operating from facilities located in Dallas, Ft. Worth, Tyler, Sulphur Springs, Lutkin, Houston, Beaumont and Texas City.

Approximately 270 employees and 200 vehicles will work out of these operating locations at the start of service. Each operating location will provide pickup and delivery service to its surrounding area.

The service is provided with several unique features, including:

A driver calls at a shipper's place of business each day to pick up packages. For a small

weekly service charge he appears automatically without regard to the size of the shipper's business or the volume of packages that can be expected from the account.

Deliveries are made directly to the premises of the consignee whether he is located on the upper floor of an office building or at street level, or whether he is within a city or in a rural area away from any city or community.

If for any reason a delivery cannot be completed on the first call, the driver will make a second, and if necessary, a third attempt at delivery without extra charge. If the package still cannot be delivered, or if it is refused by the receiver, it will be returned to the shipper, also without additional charge.

All packages sent via United Parcel Service are protected automatically for up to \$100 against loss or damage without extra charge. Additional protection can be purchased at a nominal cost.

Signatures are obtained for each package delivered and specially designed records will permit prompt answering of queries about delivery of a package.

United Parcel Service provides an address search service to minimize delivery delays, for

incorrectly addressed parcels, and also offers a C.O.D. service.

All drivers are neatly uniformed and delivery vehicles are maintained at high levels of appearance. It is company policy to wash or clean each vehicle daily and to repaint vehicles at regular intervals. United Parcel Service adheres to these standards so that its drivers will be welcome anywhere, including professional offices, retail stores and private homes.

### WINS NEW AWARD

NEW YORK (AP)—Miss Nerine Barrett, 27, Jamaican pianist living in London, has been awarded a solo recital at Tully Hall here and engagements for the 1972-73 season with the Boston, Chicago, St. Louis, Baltimore, Denver and Louisville symphony orchestras and the Boston Pops.

She is recipient of the first Michaels Award of Young Concert Artists. The new award is in memory of the late Chicago Industrialist, Bud Michaels, and his wife Belle. It is judged by an anonymous panel of professionals and based on an evaluation of a young artist's success in concert engagements, rather than a competition.

### C of C women invite public to hear speaker

Visitors are invited for the special dinner meeting of Deaf Smith Chamber of Commerce Women's Division Tuesday noon, when Bob (Pappy) Watson of Amarillo will be the speaker with Patriotism as his subject.

This is one of the quarterly meetings for the entire membership of the division, and is open to the public because the address is of general interest. Reservations may be made at Hereford Country Club.

Watson is known over the Plains area as a television station manager and commentator, and is frequently invited to give addresses with a patriotic theme. Women's Division luncheons are scheduled from 12 noon to 1 p.m.; Mrs. S.G. Townsend, president, urges all members to attend this meeting.

Brigham Young was the father of 57 children.

# Autumn means precautions against carbon monoxide

Fall is putting a chill in the air. Time for heaters and time for caution because of an odorless, colorless, tasteless gas called carbon monoxide. This gas can lull a person into unconsciousness before the victim knows he's in trouble.

"Each year in this country nearly 10,000 persons suffer carbon monoxide poisoning," says Texas Health Commissioner Dr. Jaes E. Peavy. "Nearly all require medical care or hospitalization. Each year about 1,400 persons die as a direct result of

this deadly gas. In 1970, some 30 Texas died from carbon monoxide poisoning." About 70 percent of the deaths occur in the home. Most deaths occur in the winter when the hazards are greatest due to the use of heating devices and fuel

burning equipment. In recent years, however, many deaths have occurred during the summer, because of the increased use of air conditioning. That may seem contradictory, but the fault is in the air conditioners' air return systems which

may be introducing carbon monoxide into the home. A recent study reported by the U.S. Public Health Service Injury Control Program illustrates the potential seriousness of the problem. Forty percent of the homes and establishments in-

vestigated had one or more appliances that were emitting unduly high levels of carbon monoxide. About one-fourth of these appliances were discharging gas in amounts exceeding 200 parts per million units of air—a very dangerous level.

Gas range ovens, gas floor furnaces and gas space heaters were the three leading appliances inspected which were emitting carbon monoxide. The study clearly indicated carbon monoxide was emanating from many different sources and was very difficult to detect.

Early symptoms of carbon monoxide poisoning include yawning, headache, nausea, dizziness, ringing in the ears, and abdominal pains. Gassy breathing and unconsciousness quickly follow. The victim should be called promptly, and inhalations of oxygen or oxygen-carbon dioxide mixture administered.

Since the nerve cells are involved in the poisoning, temporary or permanent damage can be done to the brain, with serious disturbances of vision, hearing, speech, and memory.

**HOW ABOUT TWOSOMES?**  
BISHTON, England (AP) — Golf makes children selfish, says an English school headmaster.

Cecil Stafford-Northcote has stopped pupils at his private boarding school from playing golf because he thinks they should first learn team sports.

**ANNIVERSARY COFFEE** — El Llano Study Club celebrated its silver anniversary with a recent coffee honoring charter members, past presidents, and members of Hereford Study Club which sponsored its organization in 1946. Special honoree—Mrs. Ray Coneway, is being "pinned" with a corsage in the upper left photo by Mrs. Elmer Kimball, program chairman, while Mrs. Pete Caviness, current president of El Llano, looks on. Charter members present, upper right photo, were Mrs. Ben Childers, center, and Mrs. Jim Bookout, right, who chat here with Mrs. Merlin

Kaul, an associate member of Hereford Study Club who was a member when El Llano was formed. The two charter members are former presidents of the club, as are women in the group pictured at the coffee table: From left, Mrs. Wayne Thomas, Mrs. W. M. Nobles, Mrs. Labry Ballard, Mrs. Paul Coneway and Mrs. Ivan Block. The coffee was in Mrs. Block's home, with the yearbook committee as hostesses. Chairman is Mrs. Kimball, shown with Mrs. S. L. Garrison, this year's Hereford Study president, in lower right photo.

## Laura Pierce sings for LCC

Laura Pierce, daughter of Mr. and Mrs. U. V. Pierce, 216 Fir, is a member of the Lubbock Christian College Meistersinger Chorus which will leave on its fall tour Thursday. The chorus, under the direction of Charles Cox, will be singing in Throckmorton, Waco, Galveston, Beaumont, and Gainesville, Texas, before returning to Lubbock on October 12. LCC is now a senior college and the first four-year class to receive its degrees will graduate May 8, 1972.

# Couple wed at church in high noon service

A high noon wedding was solemnized Saturday for Miss Leslie Ann Langland of Wichita Falls and Michael George Paschel, son of Mr. and Mrs. George A. Paschel of Route 4, Hereford.

The wedding took place at Sacred Heart Catholic Church in Wichita Falls with the Rev. Joseph Schumacher of Immaculate Conception Catholic Church of Denton officiating. He was assisted by Monsignor William Bozen from the Immaculate Conception Catholic Church of Vega.

Miss Rachael Langland of Wichita Falls, sister of the bride, was maid of honor with Mrs. Roger Jeffcoat of McAllen as matron of honor. The best man was Greg Johnson of Dallas. Bridesmaids were Miss Helen King of Denton and Miss Pat Edgar of Fort Worth. Groomsmen were Billy Albracht, Amarillo, Jerry O'Connor, Vega and Mike Hinsley, Coahoma. Ushers were Mark Hicks of Hereford and Paul Atkinson of Amarillo.

Flower girl was Jan Harwell and Richard Gore was ring bearer.

The bride's gown was made of soft candlelight silk organza with a bodice of Venice lace in empire style. The lace formed caps on the full Juliet sleeves, a small stand up-collar and the cuffs. A single Dior bow attached the flowing chapel length train.

An illusion veil extended from the Juliet cap of organza centered with a Dior bow and medallions of Venice lace encrusted with seed pearls. The bouquet was created of Talisman roses and English ivy.

The bride had in her costume an heirloom lavalere belonging to her grandmother.

The attendants wore pant dresses of candlelight crepe with long, full sleeves. Deep brown velvet trim with peasant embroidery accented the bodice and cuffs. They carried mums of gold and bronze.

Reception was at the Wichita Club with Miss Lee Harwell registering guests. The table was decorated with vases of mums in shades of bronze and gold. The bride's cake had candlelight icing with gold and bronze sugar flowers and fruit decorating it. The groom's cake was made of a chocolate brown icing with the same fruits and flowers as the bride's.

The couple will make their home in Vega after October 4.

Miss Langland was chosen homecoming queen for 1970 at North Texas State University where she received her BS degree. She was named Sigma Phi Epsilon Golden Heart, outstanding Gamma Nu member and was vice president of Delta Gamma society. She was presented as a debutante by the Woman's Forum of Wichita Falls.

Paschel received the X.R. Gill award as outstanding senior member of Sigma Phi Epsilon

Mrs. Michael G. Paschel married at Wichita Falls

## Wedding vows set

The engagement of Virginia Sue Holt to Stephen Perrin McWhorter is announced by her parents, Mr. and Mrs. Earl Holt of Austin Road. McWhorter is the son of Mr. and Mrs. D. C. McWhorter, 210 Texas.

The couple plans a November wedding in First United Methodist Church.

Miss Holt, who is teaching elementary level education in the Oklahoma City public school system, is a graduate of Texas Tech and earned her M. A. from West Texas State.

Her fiancé attended the University of Texas and received his B.S. in business administration from Texas Tech. McWhorter is associated with Hi-Pro Feeds of Friona.

at NTSSU where he received his BBA degree. He was assistant pledge trainer.

Out of town guests at the wedding were Dr. and Mrs. Arthur H. Griep, Evansville, Ind., Mr. and Mrs. Paul Eggers, Dallas; Mr. and Mrs. Richard Gore, El Paso; Col. and Mrs. K.F. Langland, San Antonio; Mr. and Mrs. Ken Bristol, Loveland, Colo.; Mr. and Mrs. LeRoy Langland of Irving.

# By the Garden Gate with Glad

By Mrs. Art Manjeot

It is good to be at home again. The trip and visits were wonderful. Was so thankful for the bounteous rain that we had had. Was still raining when I landed at Amarillo and was quite amused at a couple of young men who were making their first visit to the Hi-Plains.

When we began the descent and could see the ground, water, rain, etc., they both exclaimed, "Oh! Look at the rice fields." I just had to speak up and say to them, "those are not rice fields, they are winter wheat and maize, even though they are partially covered with water."

The younger of the two said, "Well we are just a couple of city fellows, and we know very little about crops, and we know nothing of the crops raised in the different parts of your state." After many questions as to elevators, machinery, yields, etc., we parted good friends.

I know nothing that is quite as thrilling as being a gardener, and having the deep love for nature that is mine. So many wonderful experiences, almost day by day. For all of these I am grateful. Am constantly reading and studying and in a daily paper of Wichita, Kan. I read an article which was most interesting, informative and which has a bit of hope in it, so I am going to share with you.

### HYBRID SUNFLOWERS GOOD FOR SOMETHING

Many times when Art and I would be visiting in Kansas we took nature walks, and had some of our happiest moments walking in the fields, along the river, or gathering nuts.

I would ask him questions relative to the state flower, the sunflower. I really could not understand why it was selected, and what it really was good for. In this article my questions have been answered, and some of the things stated, Art had expressed to me.

"There seems to be little hope for the common roadside variety that is the official state flower, but for the hybrids and the large variety, well that is another subject."

The ones with plate-sized heads that produce seeds, enjoyed as "nuts" (they are really good) by humans and are a common ingredient in bird food mixtures, are grown commercially and in many home gardens. The diameter of the sunflowers

this year, and also the yield has been exceptionally good. In fact ideal.

Report from the U. S. Department of Agriculture reveals a Texas agronomist has found a way to breed hybrid sunflowers of consistent high quality the same as hybrid corn is bred. It may be possible to have a yield of 30 per cent more than the old inbred varieties.

Thus the sunflower could become an "important" cash crop in the south because control of the sunflower head moth is now possible. It's hardy plant can adapt to extremes of climate more than corn or soybeans.

Sunflower oil which is both edible and industrial now has a far greater potential in American agriculture than ever before. The market for sunflower oil is better than that for flaxseed (linseed oil), statistics reveal.

"British Medical Journal," reports researchers seeking a cure for Multiple Sclerosis, the mysterious crippling nerve disease. Specialists have hit upon a hopeful clue from a most unlikely source... the Sunflower Seed.

The report includes lots of words like saturated fatty acids, polyunsaturated fats, serum lipids and linoleic acid that would be lost on the average consumer. This however will be understandable by the average citizen and consumer.

"Certainly there seems to be little harm in adding either sunflower seed or corn oil to the normal diets of patients suffering from multiple sclerosis. We can await together, and anxiously (those of us who have loved ones who are effected) the long term outcome with interest."

Therefore it appears the sunflower is a plant to watch... the Russians already have a crop that produces more than two billion tons of oil a year.

So let us watch, wait and pray that the prediction will come to pass and the oil of the sunflower will be beneficial to those who are suffering with multiple sclerosis.

If by chance you have raised sunflower seeds, remember they are good food for birds, and they produce useful oil, and that they are good eating when roasted. To prepare dry sunflower heads, shell out the seed, place the seed in a shallow or flat pan in the oven, salting when taken from the oven. Another process to follow for eating, is to soak the

package. In planting them, one is to prepare the ground, then stand a few feet away from it, and toss the bulbs (which are mixed as to varieties) and let them fall naturally, then plant there as other daffodils.

Hereford Garden Club members did very well, at the Amarillo Garden Center Annual Flower Show. Mrs. O. G. Hill won two first in Horticulture, and one red in Artistic. Mrs. Manjeot won one first in Horticulture. They both served as judges in the show, and Mrs. Bill Gentry was also on the panel of judges.

For real beauty in intense yellow, be sure and see the marigolds at the Wayne Phillips home at 108 Avenue I. Magnificently lovely. Davis Imp. Co. on the Hi-way has some very pretty roses, they have done well this summer.

## Pamela Miller registers at

### Sewanee school

Pamela Van Doren Miller, daughter of Mr. and Mrs. B. L. Miller of Hereford, is among the 936 registrants of the college of the University of the South.

Miss Miller is a sophomore at the Sewanee, Tenn. university.

The students at the university represent 35 states and the District of Columbia, plus seven foreign countries. About one-fourth of the students come from Tennessee.

Of the total, 235 are girls, two years after the century-old liberal arts college began admitting them.

Easter can occur any time between March 22 and April 25.

# Bridge tourney slated

Bridge enthusiasts in Hereford are invited to a bridge tournament to open at 7:30 p.m. Oct. 11 in the new clubhouse of Oldham County Country Club, on the west side of Hereford-Vega Highway south of Vega.

Entry deadline has been set for next Friday and the fee is \$5 a couple. Entries may be made by mail, addressed to the club at Box 175, Vega, 79092.

On the committee in charge of tournament arrangements are Jess Fincher, Jo Moore, Mmes. Donnie Richardson, Jo Sides and Jim Perrin.

Formal opening of the golf course at the new country club was marked Saturday, but the clubhouse has been in use since late in the summer.

## Friona church women's slate sausage dinner

Serving home-cooked food between the hours of 11:30 a.m. and 2:30 p.m., St. Teresa's Lady Society of the Catholic Church at Friona will be hostess at a German Sausage dinner Sunday in the church hall.

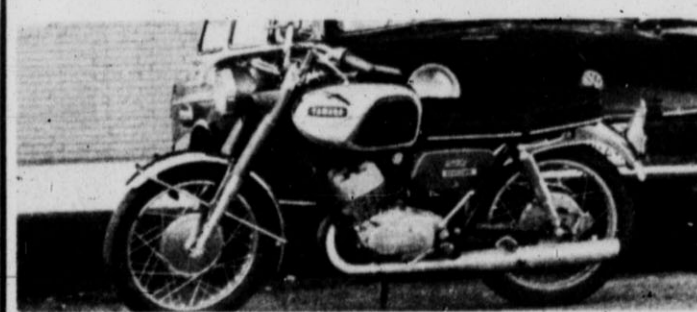

In addition to sausage, they will serve baked potatoes, green beans, sauerkraut, hot bread and baked apples. The public is invited for this meal featuring food produced in the area.

**DETAILED WATER TRIP** — Mrs. Tom Draper outlined for the Noon Lions Club Wednesday the recent trip she made to California with other local water-interested residents to observe the water transportation project there.

## Kitchen shower given Miss Hale

A kitchen and recipe shower honoring Cindy Hale, bride-elect of Mike Horton, was held Saturday in the home of Mrs. Bob Hamman. Mrs. Dick Montgomery and Flo Dickinson were other hostesses.

The honoree was presented with a kitchen utensil corsage composed of a chore girl, miniature knife, fork and spoon, joined with a blue and green ribbon.

**"Get the hot sound with a Hohner harmonica"**

Hohner harmonicas are easy to learn, easy to play and easy to take with you. Wherever you go. Many models and keys to choose from. They make great musical companions and great gifts. Get the hot sound like Johnny Cash does. Get a Hohner harmonica.

**MUSIC CO., INC.**  
244 Main 364-0681

Each guest was asked to embroider a tea towel with her name and some design for the honoree's new kitchen. Guests brought their favorite recipes and something for Miss Hale's kitchen.

The serving table was laid with a blue organdy cloth centered with an arrangement of blue carnations to carry out the honoree's colors of blue and green. A variety of refreshments was served with the hostesses presiding at the tea table.

Approximately 40 guests called during the tea hours with out of town guests from Dimmitt, Amarillo, and Guthrie, Oklahoma.

**AN ACT VIEDRIVER**  
FREEHOLD, N. J. (AP) — Herve Filion, North America and Freehold Raceway's leading driver the past three years, will seek top honors here again this fall. The daytime meet, which opened Aug. 9, runs through Nov. 30.

Filion, whose goal is 500 winners this year, will commute regularly between here and Roosevelt Raceway at Westbury, N. Y.

Last year Filion set a record with 486 winners.

## Along the Frio

**MRS. OWEN ANDREWS** Guest speaker at Frio Baptist Church, Wednesday evening was Rev. Charles Singer, native of Latvia and missionary. Rev. Singer is a leader of International Refugee Mission and Italian Gospel Mission, a mission effort supported by numerous churches in the U.S. and other countries.

Rev. Singer endured many hardships and much persecution during his youth and during World War II and now devotes his time to missionary work and preaching the gospel.

Recent guests of the Frio church were the Flying Ambassadors, a group of people most of whom live on the South Plains. Those coming for the Sunday evening service were Vern Floyd, Mr. and Mrs. Shafter Bailey of Seminole, and Don Hancock and Dub Watson of Midland. They are of a group which flies regularly to the Rio Grande for gospel preaching and to take medical supplies and help to the very underprivileged on both sides of the river. They had films of their work to illustrate their testimony.

Mrs. Weldon Stephan was hostess, on Saturday, at a tea honoring Miss Karen Armstrong of Plainview. She is being sponsored by this church at Wayland College.

Karen was accompanied by her roommate, Donna Gaub, who is from Glendive, Mon. Karen's parents are the Jake Armstrongs of Olympia, Wash.

At the tea, Karen modeled the wardrobe which had been sewed by the ladies of the Frio group, and commented: "They fit like they were made for me."

Mr. and Mrs. Clark Andrews went to Dallas during last weekend to bring home her mother, Mrs. E.B. Berryman, who had been visiting for four weeks in the home of her daughter, Mrs. Wallace White and family at Biloxi, Miss. She flew to Dallas on Sunday morning to come the remainder of the way with the Andrews.

Joe Andrews and son Jason recently went with Joe's brother, Glenn, of Etter, to near Joplin, Mo. also Kansas City and there-

abouts on a trip of several days. Joe and Jason returned home Friday, last week. Jason, 4½ years old was particularly impressed with flying home (especially the landings and take offs). (He is my grandson).

Frio Homemakers Club met Tuesday in the home of Mrs. T.L. Sparkman, Jr. The program was a round table discussion on "Hints for mothers-in-law and daughters-in-law."

Mrs. Ronnie Andrews read "Will Your Daughter-in-law Like You," by Ethelyn Pearson, from a current Farm Journal to conclude the subject. Others attending were Mesdames Frank Robbins, Sam Ogan, Chesley Johnston, Carlton Dobbins, Jim Brooks, Laura Littrell, Lloyd Schultz, Eugene Baldwin, Leon Richards, Tommy Sparkman and Miss Alma Andrews.

On Monday afternoon, Rev. and Mrs. Sam Ogan met Robert Ruffino, of Rome, Italy, at the home of Mrs. Charlotte McKay in Lubbock. Ruffino is Sammy Ogan's Italian representative, as a foreign exchange student in Italy. Ruffino was an A.F.S. student attending Amarillo College in this country, several years ago, living with Mrs. Mc-

Kay and her late husband, Dr. McKay in Amarillo. He has come with the McKays to Hereford when they visited Mrs. McKay's relative, Henry Sears, numerous times. Ruffino is in this country for a world meeting of A.F.S. workers in Atlantic City. He was with Sammy a few days ago, accompanying him to meet his Italian family at Florano, Italy.

Mr. and Mrs. Richard Price are proud parents of a daughter, whom they have named Robin Kay. The young lady who weighs 7½ lbs., was born Sept. 20. Grandparents are Mr. and Mrs. Paul Corbett, Hereford, O.E. Price and Mrs. Katherine Fox, Amarillo. She also has four great-grandparents, including Mr. and Mrs. John Key, Mrs. Allie Price, Amarillo, and Mrs. Greer, Hereford.

Mrs. Earl Harkins was hostess, on Thursday morning, at a "pink and blue" shower for Mrs. Gary Hathaway. About 20 ladies attended, including special guests from Dimmitt and Flagg.

Finland supports 92 newspapers with a combined circulation of 2.2 million.

## Letter to the editor

Dear Editor:

I have noted with regret the story regarding changing the name of our local hospital and the reactions it has caused.

Our community, as are many others, is faced with a most serious problem. Rising costs of medical care and insurance coverage are placing more and more people in the position of not being able to afford the services of doctors and hospitals. Those who are able to pay for themselves are forced to pay (also for those less able to pay, thus placing an unbearable burden on them. It is a rapidly-rising tide of misfortune that threatens soon to engulf us all.

Certainly we should realize that the answer does not lie in changing the name of the hospital. Nor will the situation be improved by inflammatory journalism that stirs antagonisms between various segments of our community. The Hereford Brand can help, Mr. Young, by promoting understanding of the situation. If the more financially secure could be helped to feel

the frustration and terror of the destitute person who is in need of medical care and just cannot pay for it, and if those less able to pay could realize the hardship this places on the ones who must bear the burden perhaps it would motivate us all to stop quibbling with each other and start seriously seeking a solution before the situation gets any worse.

In this age when medical science has the technology to help so many it is unthinkable that this help should be only within the reach of the wealthy. Surely no citizen of Hereford would want to see any person denied medical care. Nor do we want to see the entire financial load borne by the few with a little money who are unfortunate enough to get sick. There must be some way to equalize the responsibility, and if we set about the task with compassion, good sense and determination I am convinced that we can find it.

Please use your influence, Mr. Young, to motivate this community, and through it perhaps others, to seek a workable solution, so that eventually all hospitals can qualify for the name, "The Good Samaritan".

Sincerely,  
Mrs. J. Rayond Flores

# Couple wed at church in high noon service

A high noon wedding was solemnized Saturday for Miss Leslie Ann Langland of Wichita Falls and Michael George Paschel, son of Mr. and Mrs. George A. Paschel of Route 4, Hereford.

The wedding took place at Sacred Heart Catholic Church in Wichita Falls with the Rev. Joseph Schumacher of Immaculate Conception Catholic Church of Denton officiating. He was assisted by Monsignor William Bozen from the Immaculate Conception Catholic Church of Vega.

Miss Rachael Langland of Wichita Falls, sister of the bride, was maid of honor with Mrs. Roger Jeffcoat of McAllen as matron of honor. The best man was Greg Johnson of Dallas. Bridesmaids were Miss Helen King of Denton and Miss Pat Edgar of Fort Worth. Groomsmen were Billy Albracht, Amarillo, Jerry O'Connor, Vega and Mike Hinsley, Coahoma. Ushers were Mark Hicks of Hereford and Paul Atkinson of Amarillo.

Flower girl was Jan Harwell and Richard Gore was ring bearer.

The bride's gown was made of soft candlelight silk organza with a bodice of Venice lace in empire style. The lace formed caps on the full Juliet sleeves, a small stand up-collar and the cuffs. A single Dior bow attached the flowing chapel length train.

An illusion veil extended from the Juliet cap of organza centered with a Dior bow and medallions of Venice lace encrusted with seed pearls. The bouquet was created of Talisman roses and English ivy.

The bride had in her costume an heirloom lavalier belonging to her grandmother.

The attendants wore pant dresses of candlelight crepe with long, full sleeves. Deep brown velvet trim with peasant embroidery accented the bodice and cuffs. They carried mums of gold and bronze.

Reception was at the Wichita Club with Miss Lee Harwell registering guests. The table was decorated with vases of mums in shades of bronze and gold. The bride's cake had candlelight icing with gold and bronze sugar flowers and fruit decorating it. The groom's cake was made of a chocolate brown icing with the same fruits and flowers as the bride's.

The couple will make their home in Vega after October 4.

Miss Langland was chosen homecoming queen for 1970 at North Texas State University where she received her BS degree. She was named Sigma Phi Epsilon Golden Heart, outstanding Gamma Nu member and was vice president of Delta Gamma society. She was presented as a debutante by the Woman's Forum of Wichita Falls.

Paschel received the X.R. Gill award as outstanding senior member of Sigma Phi Epsilon at NTSU where he received his BBA degree. He was assistant pledge trainer.

Mrs. Michael G. Paschel married at Wichita Falls

## Wedding vows set

The engagement of Virginia Sue Holt to Stephen Perrin McWhorter is announced by her parents, Mr. and Mrs. Earl Holt of Austin Road. McWhorter is the son of Mr. and Mrs. D. C. McWhorter, 210 Texas.

The couple plans a November wedding in First United Methodist Church.

Miss Holt, who is teaching elementary level education in the Oklahoma City public school system, is a graduate of Texas Tech and earned her M. A. from West Texas State.

Her fiancé attended the University of Texas and received his B.S. in business administration from Texas Tech. McWhorter is associated with Hi-Pro Feeds of Friona.

at NTSU where he received his BBA degree. He was assistant pledge trainer.

Out of town guests at the wedding were Dr. and Mrs. Arthur H. Griep, Evansville, Ind., Mr. and Mrs. Paul Eggers, Dallas; Mr. and Mrs. Richard Gore, El Paso; Col. and Mrs. K.F. Langland, San Antonio; Mr. and Mrs. Ken Bristol, Loveland, Colo.; Mr. and Mrs. LeRoy Langland of Irving.

# By the Garden Gate with Glad

By Mrs. Art Manjeot

It is good to be at home again. The trip and visits were wonderful. Was so thankful for the bounteous rain that we had had. Was still raining when I landed at Amarillo and was quite amused at a couple of young men who were making their first visit to the Hi-Plains.

When we began the descent and could see the ground, water, rain, etc., they both exclaimed, "Oh! Look at the rice fields." I just had to speak up and say to them, "those are not rice fields, they are winter wheat and maize, even though they are partially covered with water."

The younger of the two said, "Well we are just a couple of city fellows, and we know very little about crops, and we know nothing of the crops raised in the different parts of your state." After many questions as to elevators, machinery, yields, etc., we parted good friends.

I know nothing that is quite as thrilling as being a gardener, and having the deep love for nature that is mine. So many wonderful experiences... almost day by day. For all of these I am grateful. Am constantly reading and studying and in a daily paper of Wichita, Kan. I read an article which was most interesting, informative and which has a bit of hope in it, so I am going to share with you.

### HYBRID SUNFLOWERS GOOD FOR SOMETHING

Many times when Art and I would be visiting in Kansas we took nature walks, and had some of our happiest moments walking in the fields, along the river, or gathering nuts.

I would ask him questions relative to the state flower, the sunflower. I really could not understand why it was selected, and what it really was good for. In this article my questions have been answered, and some of the things stated, Art had expressed to me.

"There seems to be little hope for the common roadside variety that is the official state flower, but for the hybrids and the large variety, well that is another subject."

The ones with plate-sized heads that produce seeds, enjoyed as "nuts" (they are really good) by humans and are a common ingredient in bird food mixtures, are grown commercially and in many home gardens. The diameter of the sunflowers

this year, and also the yield has been exceptionally good. In fact ideal.

Report from the U. S. Department of Agriculture reveals a Texas agronomist has found a way to breed hybrid sunflowers of consistent high quality the same as hybrid corn is bred. It may be possible to have a yield of 30 per cent more than the old inbred varieties.

Thus the sunflower could become an "important" cash crop in the south because control of the sunflower head moth is now possible. It's hardy plant can adapt to extremes of climate more than corn or soybeans.

Sunflower oil which is both edible and industrial now has a far greater potential in American agriculture than ever before. The market for sunflower oil is better than that for flaxseed (linseed oil), statistics reveal. "British Medical Journal," reports researchers seeking a cure for Multiple Sclerosis, the mysterious crippling nerve disease. Specialists have hit upon a hopeful clue from a most unlikely source... the Sunflower Seed.

The report includes lots of words like saturated fatty acids, polyunsaturated fats, serum lipids and linoleic acid that would be lost on the average consumer. This however will be understandable by the average citizen and consumer.

"Certainly there seems to be little harm in adding either sunflower seed or corn oil to the normal diets of patients suffering from multiple sclerosis. We can await together, and anxiously (those of us who have loved ones who are effected) the long term outcome with interest."

Therefore it appears the sunflower is a plant to watch... the Russians already have a crop that produces more than two billion tons of oil a year.

So let us watch, wait and pray that the prediction will come to pass and the oil of the sunflower will be beneficial to those who are suffering with multiple sclerosis.

If by chance you have raised sunflower seeds, remember they are good food for birds, and they produce useful oil, and that they are good eating when roasted. To prepare dry sunflower heads, shell out the seed, place the seed in a shallow or flat pan in the oven, salting when taken from the oven. Another process to follow for eating, is to soak the

package. In planting them, one is to prepare the ground, then stand a few feet away from it, and toss the bulbs (which are mixed as to varieties) and let them fall naturally, then plant there as other daffodils.

Hereford Garden Club members did very well, at the Amarillo Garden Center Annual Flower Show. Mrs. O. G. Hill won two first in Horticulture, and one red in Artistic. Mrs. Manjeot won one first in Horticulture. They both served as judges in the show, and Mrs. Bill Gentry was also on the panel of judges.

For real beauty in intense yellow, be sure and see the marigolds at the Wayne Phillips home at 108 Avenue I. Magnificently lovely. Davis Imp. Co. on the Hi-way has some very pretty roses, they have done well this summer.

## Pamela Miller registers at Sewanee school

Pamela Van Doren Miller, daughter of Mr. and Mrs. B. L. Miller of Hereford, is among the 936 registrants of the college of the University of the South.

Miss Miller is a sophomore at the Sewanee, Tenn. university.

The students at the university represent 35 states and the District of Columbia, plus seven foreign countries. About one-fourth of the students come from Tennessee.

Of the total, 235 are girls, two years after the century-old liberal arts college began admitting them.

Easter can occur any time between March 22 and April 25.

# Bridge tourney slated

Bridge enthusiasts in Hereford are invited to a bridge tournament to open at 7:30 p.m. Oct. 11 in the new clubhouse of Oldham County Country Club, on the west side of Hereford-Vega Highway south of Vega.

Entry deadline has been set for next Friday and the fee is \$5 a couple. Entries may be made by mail, addressed to the club at Box 175, Vega, 79092.

On the committee in charge of tournament arrangements are Jess Fincher, Jo Moore, Mmes. Donnie Richardson, Jo Sides and Jim Perrin.

Formal opening of the golf course at the new country club was marked Saturday, but the clubhouse has been in use since late in the summer.

## Friona church women slate sausage dinner

Serving home-cooked food between the hours of 11:30 a.m. and 2:30 p.m., St. Teresa's Lady Society of the Catholic Church at Friona will be hostess at a German Sausage dinner Sunday in the church hall.

In addition to sausage, they will serve baked potatoes, green beans, sauerkraut, hot bread and baked apples. The public is invited for this meal featuring food produced in the area.

## Along the Frio

**MRS. OWEN ANDREWS** Guest speaker at Frio Baptist Church, Wednesday evening was Rev. Charles Singer, native of Latvia and missionary. Rev. Singer is a leader of International Refugee Mission and Italian Gospel Mission, a mission effort supported by numerous churches in the U.S. and other countries.

Rev. Singer endured many hardships and much persecution during his youth and during World War II and now devotes his time to missionary work and preaching the gospel.

Recent guests of the Frio church were the Flying Ambassadors, a group of people most of whom live on the South Plains. Those coming for the Sunday evening service were Vern Floyd, Mr. and Mrs. Shafter Bailey of Seminole, and Don Hancock and Dub Watson of Midland. They are of a group which flies regularly to the Rio Grande for gospel preaching and to take medical supplies and help to the very underprivileged on both sides of the river. They had films of their work to illustrate their testimony.

Mrs. Weldon Stephan was hostess, on Saturday, at a tea honoring Miss Karen Armstrong of Plainview. She is being sponsored by this church at Wayland College.

Karen was accompanied by her roommate, Donna Gaub, who is from Glendive, Mon. Karen's parents are the Jake Armstrongs of Olympia, Wash.

At the tea, Karen modeled the wardrobe which had been sewed by the ladies of the Frio group, and commented:

"They fit like they were made for me."

Mr. and Mrs. Clark Andrews went to Dallas during last weekend to bring home her mother, Mrs. E.B. Berryman, who had been visiting for four weeks in the home of her daughter, Mrs. Wallace White and family at Biloxi, Miss. She flew to Dallas on Sunday morning to come the remainder of the way with the Andrews.

Joe Andrews and son Jason recently went with Joe's brother, Glenn, of Etter, to near Joplin, Mo. also Kansas City and there-

abouts on a trip of several days. Joe and Jason returned home Friday, last week. Jason, 4½ years old was particularly impressed with flying home (especially the landings and take offs). (He is my grandson).

Frio Homemakers Club met Tuesday in the home of Mrs. T.L. Sparkman, Jr. The program was a round table discussion on "Hints for mothers-in-law and daughters-in-law."

Mrs. Ronnie Andrews read "Will Your Daughter-in-law Like You," by Ethelyn Pearson, from a current Farm Journal to conclude the subject. Others attending were Mesdames Frank Robbins, Sam Ogan, Chesley Johnston, Carlton Dobbins, Jim Brooks, Laura Littrell, Lloyd Schultz, Eugene Baldwin, Leon Richards, Tommy Sparkman and Miss Alma Andrews.

On Monday afternoon, Rev. and Mrs. Sam Ogan met Robert Ruffino, of Rome, Italy, at the home of Mrs. Charlotte McKay in Lubbock. Ruffino is Sammy Ogan's Italian representative, as a foreign exchange student in Italy. Ruffino was an A.F.S. student attending Amarillo College in this country, several years ago, living with Mrs. Mc-

Kay and her late husband, Dr. McKay in Amarillo. He has come with the McKays to Hereford when they visited Mrs. McKay's relative, Henry Sears, numerous times. Ruffino is in this country for a world meeting of A.F.S. workers in Atlantic City. He was with Sammy a few days ago, accompanying him to meet his Italian family at Fiorano, Italy.

Mr. and Mrs. Richard Price are proud parents of a daughter, whom they have named Robin Kay. The young lady who weighs 7½ lbs., was born Sept. 20. Grandparents are Mr. and Mrs. Paul Corbett, Hereford, O.E. Price and Mrs. Katherine Fox, Amarillo. She also has four great-grandparents, including Mr. and Mrs. John Key, Mrs. Allie Price, Amarillo, and Mrs. Greer, Hereford.

Mrs. Earl Harkins was hostess, on Thursday morning, at a "pink and blue" shower for Mrs. Gary Hathaway. About 20 ladies attended, including special guests from Dimmitt and Flag.

Finland supports 92 newspapers with a combined circulation of 2.2 million.

## Letter to the editor

Dear Editor:

I have noted with regret the story regarding changing the name of our local hospital and the reactions it has caused.

Our community, as are many others, is faced with a most serious problem. Rising costs of medical care and insurance coverage are placing more and more people in the position of not being able to afford the services of doctors and hospitals. Those who are able to pay for themselves are forced to pay also for those less able to pay, thus placing an unbearable burden on them. It is a rapidly-rising tide of misfortune that threatens soon to engulf us all.

Certainly we should realize that the answer does not lie in changing the name of the hospital. Nor will the situation be improved by inflammatory journalism that stirs antagonisms between various segments of our community. The Hereford Brand can help, Mr. Young, by promoting understanding of the situation. If the more financially secure could be helped to feel

the frustration and terror of the destitute person who is in need of medical care and just cannot pay for it, and if those less able to pay could realize the hardship this places on the ones who must bear the burden perhaps it would motivate us all to stop quibbling with each other and start seriously seeking a solution before the situation gets any worse.

In this age when medical science has the technology to help so many it is unthinkable that this help should be only within the reach of the wealthy. Surely no citizen of Hereford would want to see any person denied medical care. Nor do we want to see the entire financial load borne by the few with a little money who are unfortunate enough to get sick. There must be some way to equalize the responsibility, and if we set about the task with compassion, good sense and determination I am convinced that we can find it.

Please use your influence, Mr. Young, to motivate this community, and through it perhaps others, to seek a workable solution, so that eventually all hospitals can qualify for the name, "The Good Samaritan".

Sincerely,  
Mrs. J. Rayond Flores

## Kitchen shower given Miss Hale

A kitchen and recipe shower honoring Cindy Hale, bride-elect of Mike Horton, was held Saturday in the home of Mrs. Bob Hamman. Mrs. Dick Montgomery and Flo Dickinson were other hostesses.

The honoree was presented with a kitchen utensil corgage composed of a chore girl, miniature knife, fork and spoon, joined with a blue and green ribbon.

Each guest was asked to embroider a tea towel with her name and some design for the honoree's new kitchen. Guests brought their favorite recipes and something for Miss Hale's kitchen.

The serving table was laid with a blue organdy cloth centered with an arrangement of blue carnations to carry out the honoree's colors of blue and green. A variety of refreshments was served with the hostesses presiding at the tea table.

Approximately 40 guests called during the tea hours with out of town guests from Dimmitt, Amarillo, and Guthrie, Oklahoma.

### AN ACT VIEDRIVER

**FREEHOLD, N. J. (AP)** — Herve Fillon, North America and Freehold Raceway's leading driver the past three years, will seek top honors here again this fall. The daytime meet, which opened Aug. 9, runs through Nov. 30.

Fillon, whose goal is 500 winners this year, will commute regularly between here and Roosevelt Raceway at Westbury, N. Y.

Last year Fillon set a record with 486 winners.
