Juvenile Board Approval Expected Next Week

RUNAWAY WIN — Harold Schmucker (34) and Dana Rush (20) contest Caprock players for a rebound while Keith Kitchens (30) watches to see whether the ball will come his way. Robert Graham (51) scored 14 for Caprock, which dropped the game, 88-60, to Hereford —Photo by Werner Koelzer

Record Now 16-5

Herd Rolls On, Routs Caprock

The Hereford Whitefaces put on a fabulous free throw shooting exhibition and blitzed the Amarillo Caprock Longhorns, 88-60, Tuesday night.

Coach Ron Mayberry's Mob, now 16-5 probably would have hit the 100-point mark except that he chose to give his reserves playing experience in the fourth quarter. The Whitefaces led by more than 30 points at the time.

Hereford took a 22-11 lead after the first quarter and then expanded it to a 28-point margin at the half, 52-24, by canning 20 of 22 free throws. Of the 52 points at intermission, Hereford made 26 from the field and 26 from the charity line (out of 28 free throw attempts).

For the game, Hereford hit 27 of 66 field goal tries (41 per cent) and 34 of 40 free throw tries (85 per cent).

The lead widened to 69-37 after three quarters, and after one minute of the fourth quarter Mayberry benched his starting five of guards Mike Wartes and Keith Kitchens, center John McNey and forwards David Myers and Blake Armwine.

Wartes and Kitchens each scored 19 points to pace the attack. McNey tossed in 11, Armwine 9, Dana Rush 8, Myers 7, John Sparks 6, Harold Schmucker and Jeff Loerwald 4 and Lester Mays 1, as all 10 of Hereford's players scored.

Hereford now has four straight victories and will try to mark up a string of five for the first time this season when it tangles with the Clovis Wildcats Saturday night in New Mexico.

The Whitefaces won four straight twice earlier this season before losing both times to Dumas. Before the conquest of Caprock, Hereford won three straight games in the Muleshoe tournament — capturing the championship trophy. The Mob beat Lockney, Canyon and Muleshoe successively.

The varsity game at 8 p. m. MST Saturday will be preceded by a 6:15 p. m. game involving the Hereford and Clovis sophomores.

The next home game is not until the District 4-AAAA opener Jan. 26 against Lubbock Cor-

The attempt to establish a Juvenile Board in this county is expected to get its final local approval next week.

The Hereford School Board will consider the matter at its January meeting Tuesday, and Supt. Roy Hartman said he sees no problems for the proposal, especially since school trustees gave practically the same resolution its unanimous support last month.

The City Commission approved the resolution Monday night, one week after the County Commissioners Court gave its support.

The matter went before all three groups the first part of December. The school and the county okayed it, but the city balked on several items, the most vital of which was a clause binding each of the three ruling bodies to put up one-third of the Juvenile Board's operation costs, without having any limitations on the money spent.

Members of the three boards huddled in the latter part of December with City Attorney Earnest Langley and County Attorney Andy Shuval and changed the resolution in several places to make it agreeable to all.

If the Legislature approves the resolution — as it has for other counties routinely in the past — Deaf Smith County would be authorized to create a Juvenile Board, which would have the power to appoint a juvenile officer.

The City Commission approved the Juvenile Board resolution in a short meeting Monday night. The commissioners spent only a few minutes on it. In their only other action, they authorized City Manager Dudley Bayne to negotiate with the county and state concerning city land to be deeded over to the state for widening of U.S. 60 from Hereford to Summerfield.

The state will give as its purchase cost for the right of way whatever amount is needed to pay for curb and gutter along the highway in the city. The city then will pay that money to the contractor to do the work.

Under the Juvenile Board proposal, each of the three ruling bodies would appoint two members to the board, with the county judge serving as a seventh member. The board members would receive no salary and would serve two-year terms, with three of the terms expiring each Dec. 31. The appointments could be a member of the ruling body or could be a person from the community at large.

The city, school and county each would pay one-third of the expenses of running the juvenile office and board.

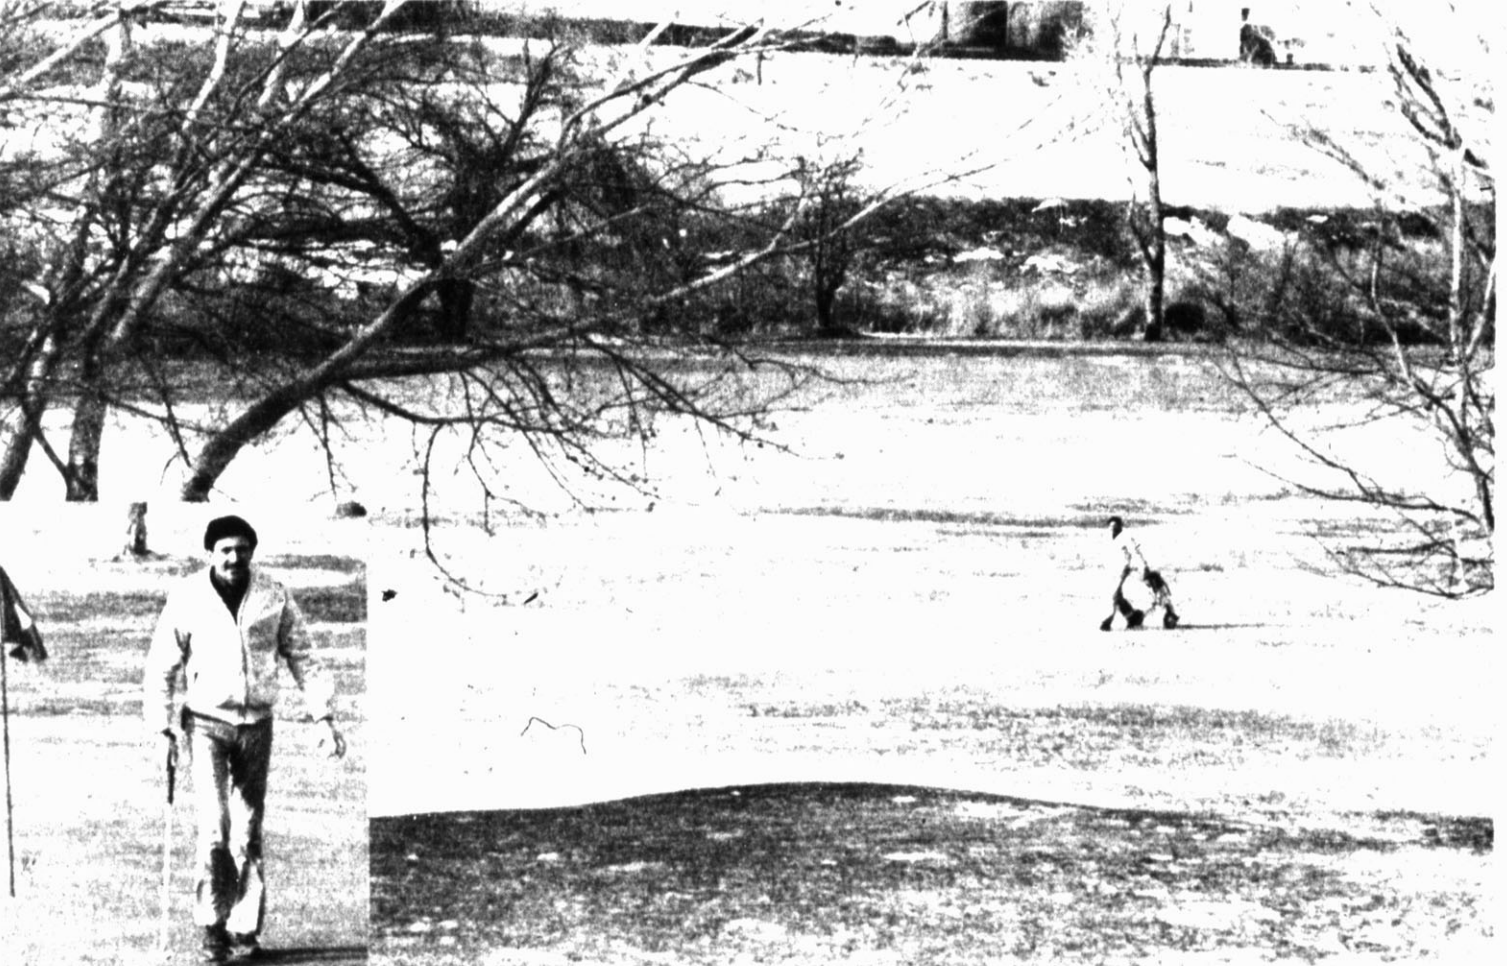

The resolution at first asked the Legislature to establish a juvenile board. Now, it asks the Legislature to authorize the county commissioners to establish such a board. That would enable the commissioners to also dissolve the board if it wanted to do so.

The resolution at first said the juvenile officer would "receive an annual salary to be fixed by the board, and shall receive an annual allowance for expenses in an amount to be determined by the board."

The second time through, that clause was amended to take that out of the hands of the Juvenile Board and put it in the hands of the county commissioners, who would be acting in conjunction with the wishes of the city and school.

It now reads: "The juvenile officer or officers shall receive an annual salary and shall receive an annual allowance for expenses in amounts to be fixed by the Commissioners Court of Deaf Smith County."

Additional protection for the See BOARD Page Two

PAR FOR THE COURSE? — Bill Clayton, purchasing agent for Wilson and Company, was the only person who took advantage of the "high" 18-degree temperature Tuesday. Clayton is shown as he walks down the 18th fairway and on the inset he has just

completed the final hole. He was on vacation and decided on a round of golf although he was the only one who decided that on a day when temperatures dipped to nine below zero. —Photo by Betty Koelzer

Farm Program Could Be Worse, Water Assn. Told

The American farmer, who lost the 1965 Farm Act to make way for the 1971 Act, can count himself lucky he even has a program to operate under, according to Wayne Mayfield, manager of the local Agriculture Stabilization and Conservation office.

Mayfield, in speaking to about 100 members of the Deaf Smith Water Association Tuesday night at the Bull Barn, said farmers are still asking why they don't have the old farm program.

"The new program won't necessarily mean farm income will be down," he said, "so you better be glad you've even got a program."

Mayfield, who gave his second

discussion of the new farm program, said the new farm program will have its advantages and disadvantages, but the 1971 program will give the farmer "a lot more flexibility though it is similar to the old one."

He said the new program is designed to give more flexibility to the farmers, greater reliance on the market place, protection for foreign income and a balance of supply and demand.

Mayfield explained each part of the new bill that will affect area farmers.

In a question and answer period at the end of the program, farmers indicated concern for the three major crops in this area that will be affected by the new program — wheat, feed

grains and cotton.

In the business session meeting of the county water association, Andrew Kershen was elected president, Virgil Marsh vice president and James Hull secretary-treasurer.

Some 21 new directors were also elected and Homer Garrison gave a report on the upcoming meeting of the state water association, Water, Inc. which will be held here on Jan. 19 at the Bull Barn.

Garrison said some definite plans and results of the Texas Water Plan should be available at the time of the meeting and area and state water association members will be able to see what has been accomplished toward realizing the

plan. Denzil Pulliam, immediate past president of the county water association, gave a report of the activities of the organization during the past year, pointing out the incorporation of the county water association and Water, Inc.

"We are cooperating together fully and in harmony. Water, Inc. has changed its by-laws so any county with 100 members in its organization will have a director to represent that county on the state body," he said.

Pulliam said members of the local water association need to get out and help sell the idea of importation of water. "We need to pass the project See PROGRAM Page Two

Firemen Stay Busy Tuesday

The Hereford Volunteer Fire Department broke a 20-year old record Tuesday, answering eight fire alarms within an eight-hour period.

Jap Dickerson, fire chief, said the fire department was summoned to seven fires in 12

hours in 1951 and that was the busiest day until Tuesday, when the eight fires occurred in eight hours, 27 minutes.

Seven units and 35 men of the local fire department responded to three of the fire reports, which were general alarms.

Those were at St. Anthony's School, Osborne Buick Used Cars and Herb's Automatic Laundry.

The first fire alarm was sounded at 8:28 a. m. and the day was scattered with alarms until the final one was reported

at 4:45 p. m.

The fires were: —At 8:28 a. m. at the Kozy Inn Cafe on West U.S. 60 where a smoke scare brought firemen to the scene.

—At 9:34 a. m. at St. Anthony's School where a water line broke and resulting steam looked like a fire;

—At 11:43 a. m. a truck caught fire on Progressive Road but was extinguished before firemen arrived;

—At 1:26 p. m. a well house on the Irvin Reeves place on Austin Road caught fire when heat lamps ignited debris;

—At 2:29 p. m. a false alarm was reported at the Jim Nolan home 2½ miles west on U.S. 60;

—At 2:55 p. m. a fire was reported at the Osborne Buick used car lot on 221 North 25 Mile Ave. when a man thawing pipes let the fire get away from him;

—At 3:19 p. m. several spray cans near a heating unit at Herb's Automatic Laundry at 1009 Park Ave. exploded but customers extinguished the fire before the firemen arrived; and

—At 4:45 p. m. a trash dumpster behind the Lynette Apartments caught on fire and was quickly extinguished.

ONE OF MANY — Members of the volunteer fire department are shown extinguishing one of eight fires they were summoned to Tuesday. The fire

here is a well house on Austin Road that caught fire when heat lamps ignited near-by debris. —Photo by Betty Koelzer

By MARSHALL DAY
Staff Writer

Bitter sub-zero temperatures, accompanied by howling winds, ushered in the new year in the Hereford area this week. Winter, when it arrived, hit hard.

A cold front moved into the area late Saturday afternoon accompanied by high winds that gusted up to 35 miles an hour and about one-tenth of snow. The sudden blizzard-like conditions continued through Sunday, when temperatures fell from a Saturday high of 35 to a Sunday high of 22. The thermometer dropped steadily throughout Sunday.

On Monday the temperatures dropped even more to a low of three above zero, and on Tuesday it hit an official low of five below zero in Hereford. Some thermometers at city residences showed temperature as low as 10 below zero.

Road conditions in the county were good, in contrast with those of most of the Panhandle. As much as six inches of snow fell north of Amarillo. Roads between Dumas and Amarillo were closed Sunday and early Monday before work crews could get in to clear them. Every road in New Mexico was reported as ice packed and hazardous for driving.

Travelers were stranded in several Panhandle cities over the weekend because of the weather.

The winds that hit the area Monday, combined with the low temperature, had the same effect as a minus 45 degree reading.

The freezing temperatures and high winds reached from the northern part of the country to around the Lubbock area. South of Lubbock, weather was reported to be near ideal.

School kids in the upper Panhandle got an addition to their Christmas holidays when schools in some 10 towns were closed because of the weather. Some were reported closed because of inadequate heating facilities; others could not send out school buses.

Adrian, just 50 miles north of Hereford, closed its school doors because of the inclement weather.

Mike Patrick, manager of Southern Bell Telephone Company, said the weather did not affect the telephone service here, although there "was some normal trouble unrelated to the weather."

Carroll McDonald, with Southwestern Public Service, said although the weather was bad, it was not bad enough to do any damage to the electrical wires. He said some crews were sent to the Bushland and Wildorado areas where some trouble was reported.

Shoot-up Costs \$\$\$ To Youth

A 19-year-old Hereford youth remained in the county jail Wednesday on charges of rudely displaying a firearm.

Joe Benavides of 216 Catalpa was arraigned Tuesday before corporate judge J. D. Neill who set his fine at \$50. Benavides did not pay the fine and was placed in jail.

Benavides was picked up in Dimmitt by the Castro County Sheriff's office after he reportedly fired several shots inside a home on Catalpa Street late Tuesday afternoon.

Investigating officers said Benavides began firing a sawed-off .22-caliber rifle in a house at 220 Catalpa then ran out of the house and drove off in a pickup that belonged to Jim Flowers.

No one was injured in the shooting although one man who was in the house at the time did receive cuts when he jumped out of a window in an attempt to get out of the house.

Herd...

(Continued From Page One) sure 2 and Ron Hopson 2.

Caprock, a co-favorite with Amarillo Tascosa for the District 3-AAAA basketball race, was unable to cope with the full-court defense the Whitefaces threw at it. Hereford forced Caprock into 21 turnovers and converted several steals into fast break goals.

Hereford never trailed in the game, with Wartes hitting on a 15-foot jump shot from the corner and then feeding Kitchens on a driving lay-up to put the Whitefaces into an early 4-1 lead. About halfway through the period, the Herd led 7-4 but McNeey made a free throw and then stole a Caprock pass. It took two passes to find Wartes in the left wing again, and he connected for a 10-4 bulge. Wartes' free throw moments later put the Herd into an 11-4 advantage.

From there, Caprock managed to close the gap to 14-10 but Wartes made two free throws and hit again from the corner to make it 18-10, and the Whitefaces got goals from Schmucker and Rush to jump into their 22-11 first quarter lead. Wartes already had nine points.

Then in the second quarter came the free throw shooting. By the half, two Caprock players already had four fouls apiece and the team had 17 fouls. Hereford proved deadly from the line that first half, with Arnwine making 7 of 7, Wartes 5 of 5, Kitchens 4 of 4, McNeey 3 of 3, Sparks 2 of 2, Rush 2 of 2 and Myers 3 of 5.

ELK OF MONTH — Gene Hoggar was named Elk Of The Month for December by Local Lodge 2269 in a recent meeting. The honor was the first given by the organization and honors men who have helped in the organization during a certain month.

The Herd had but five field goals, out of 15 attempts, in the second quarter but their 91 percent accuracy from the free throw line (20 of 22) pushed them to a 30-point period that put the game out of Caprock's reach.

The lead expanded first to 24-13, then 28-15, then 38-17, 38-18, 42-18, 42-20, 46-20, 46-24, before Hereford ran off six straight points at the end of the second quarter — on a lay-up and four free throws by Kitchens — to expand the margin to 52-24 at the half.

Caprock's Rob Graham, who carried a 22 point average into the game, was held to 14. David Merrill led the Longhorns with 17.

Going into the game, Hereford was ranked by the Amarillo Globe-News as the No. 4 basketball team in the entire South Plains-Panhandle. Plainview and Monterey, in District 4-AAAA with Hereford, were rated No. 1 and No. 2, however. Dumas was No. 3, followed by Hereford.

Dimmitt, which defeated Hereford early in the season, is rated fifth, Tascosa sixth, Phillips seventh, Ralls eighth, Morton ninth and Lubock High 10th.

Tascosa, the No. 6 team, defeated Caprock by two points in the Amarillo Tournament finals last week.

In the second 10 are Canyon, 11; Lubbock Christian High School, 12; Caprock, 13; Pampa 14; Dalhart, 15; Spearman, 16; Channing, 17; Clarendon, 18; Olton, 19 and Muleshoe, 20.

Other rated teams are Quitaque, 21; Levelland, 22; White Deer, 23; Paducah, 24; Hedley, 25; Farwell, 26; Claude, 27;

Bootlegging Charges Are Filed Against 54-Year-Old Local Man

A 54-year-old Hereford man was arraigned Monday on his second and third charges within two months concerning alleged bootlegging.

County Judge H. C. Williams set a \$2,500 bond on Juan Macias of 308 Ave. C on a charge of possession of liquor in a dry area, after lowering to \$2,500 a previously set \$5,000 bond on a charge of selling liquor in a dry area.

The violations occurred Dec. 29, according to the complaint.

Macias, who said he is represented by attorney Jim Durham of Amarillo, will be tried March 9 on the charge of selling liquor and April 13 on the charge of possessing it.

At the time of his arraignment, Macias was free on a \$500 bond set after he was charged in early November with possessing liquor in a dry area for the purpose of selling it. That charge is to come up for trial Tuesday.

At his arraignment Monday, Macias already had posted a \$5,000 bond. Williams went along with the recommendation of County Attorney Andy Shovel that the \$5,000 bond be lowered and that the new case carry a bond that would have the effect of letting Macias free on a total bond of approximately the same amount.

Youth Is Charged Again

Doug Tatom, a high school senior, has been charged with theft over \$50 concerning money that turned up missing at Hereford Meat Market, where he was employed.

Tatom, 17 of 128 Northwest Drive, signed a statement after investigation by the Deaf Smith County Sheriff's office. He was accused of taking \$120 from a desk in the store and of pocketing money from Christmas tree sales that should have been turned over to the cashier.

Sheriff Travis McPherson said the grand jury will consider the charges against Tatom when it meets Friday. A previous grand jury took no action against the youth concerning charges filed after the burglary of Gibson Discount Center last September, supposedly because he had no prior arrest record. Tatom is free on \$500 bond.

Sheriff's deputies recently made trips to get two men under indictment in this county for felony charges.

James O'Laughlin, 39, of New York and Canada, was returned to Hereford from San Bernardino, Calif., to face charges of theft over \$50, and William Ray Cline Jr., 22, of Hereford was returned here to face felony charges. O'Laughlin was accused of stealing a truck from a local chemical company.

Sanford-Fritch, 28 Adrian, 29; Sunray, 30; Allison 31; and Shallowater, 32.

Students Vie For Trips To United Nations

Hereford High School students will begin competing soon for the right to go in June or July on an educational visit to the United Nations in New York City.

The Hereford lodge of International Order of Odd Fellows is sponsoring the contest. The student selected from Hereford will travel by bus with other winners throughout Texas and perhaps one or more adjoining states to New York and back.

Throughout the nation and Canada, some 1,000 teen-age high school students will converge on the United Nations as winners in the contest.

Jerry Johnson and Bill Austin, members of the IOOF committee advancing the plans for the contest, said this is the first year the Hereford lodge has participated in the annual U. N. Pilgrimage for Youth, now in its 22nd year.

Program

(Continued From Page One) within the next two years and get it before Congress if the studies indicate the project is feasible," he said.

The project would mean moving water from another source some 800 miles over land, elevated to 4,000 feet to irrigate about 15 million acre-feet of crops. Presently, area farmers are irrigating with only about 7 million acre-feet of water.

"If the reports say we can't get the water in here, we will have at least attempted something no one else has ever tried," Pulliam said.

The official residence for the Governor of Texas in Austin was built in 1865 and still serves as the mansion for the first family of the Lone Star state.

Beet Growers Meet Saturday

Sugar beet growers from Texas and New Mexico will gather here Friday and Saturday for the organization's annual meeting at the Bull Barn.

The annual business meeting will be in the Community Center Friday beginning at 2 p.m. and the annual banquet will be at 7 p.m. Saturday at the Bull Barn.

Edward McPaul of Chicago will be the featured speaker at the annual banquet. McPaul, a humorist, was educated at the University of Michigan, Harvard Business School, and the University of Edinburgh, Scotland.

He taught at DePaul and Northwestern Universities and has spoken in every state and in every type of organization.

James Valentine, area soil chemist from Lubbock who has made many studies in this area concerning the buildup of nitrogen in soils, and Dr. Robert W. Berry, area plant pathologist, will speak at the business session Friday.

Also at the business meeting, the growers will elect two directors for the expired terms of Raymond Higginbotham and Shirley Garrison.

A report will be made concerning the sugar beet contract for the coming year, figures on growing costs and sugar beet income as well as reports of proceedings for the previous year.

On the eve of the meeting, the sugar beet association made the announcement that the capital contribution for 1971 will be lowering speedy creation of the board. It is similar to a bill the Legislature passed to establish a Juvenile Board in Moore County.

The resolution asks for the Legislature to make the bill effective immediately, allowing the Juvenile Board to go into operation right away.

Board...

(Continued From Page One) three groups was added in the clause calling on them to put up the money.

The resolution says the commissioners court "may enter into an agreement with the city commission of Hereford and the board of trustees of the Hereford Independent School District to provide the necessary funds for payment of the salary and expenses of the juvenile department." Added were these words: "such Agreement to extend for such period of time as the three governing bodies may determine from time to time."

After the school board gives its okay, the resolution will be mailed to State Rep. Bill Clayton and State Sen. Max Sherman with a request that they push it in their respective houses, according to Lowell Sharp, a school trustee and the chairman of the seven-man screening board that picked Billy Hodges as juvenile officer in the absence of a Juvenile Board.

Sharp said he is confident the matter will get the swift approval of the Legislature, al-

Clovis Visitors Like Hospitality Of Local Couple

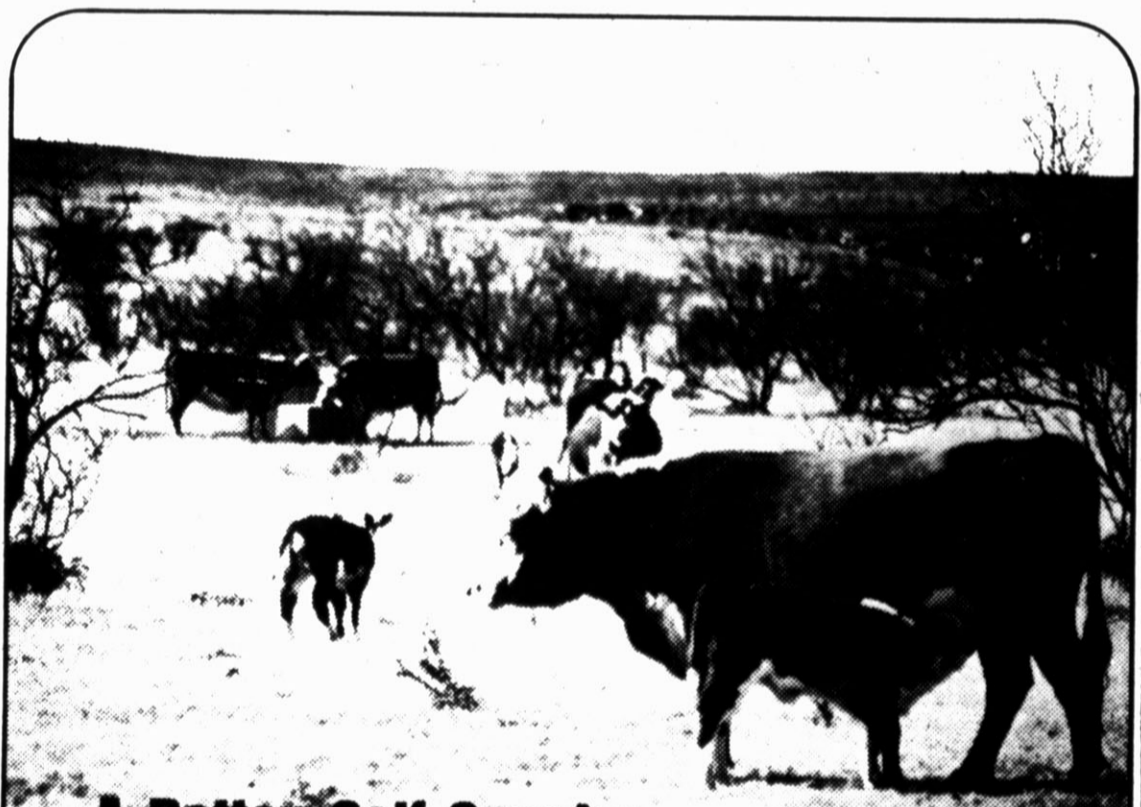

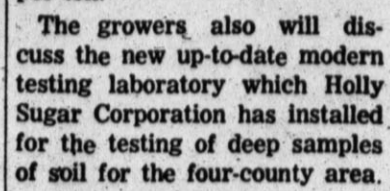

A nomination for Hereford's "Good Samaritan of the Year" title is made by Mr. and Mrs. Arthur Cole of Clovis, the recipients of a recent good turn from Mr. and Mrs. Melvin Henderson of 238 Greenwood.

The Coles were driving to Amarillo Airport Dec. 18 to meet their twin sons, James and John, who were flying in for the Christmas holidays from New Haven, Conn. Trouble with their car developed at Friona, and they were told that Hereford was the nearest place repairs could be made.

Limping into Hereford, they stopped at the service station which the Hendersons operate at Park Ave. and Ave. F, only to learn that the parts they needed could not be obtained so late in the day.

The Hendersons loaned their own car to the Clovis couple to finish the trip to Amarillo and get the boys, both students at Yale. While they were gone Henderson repaired the Coles' car as well as he was able, so it could be driven to Clovis that night.

A Better Calf Crop! Another good reason for feeding T-E Liquid Supplement.

When the calves are on the ground you'll be glad you had T-E Liquid Feed Supplement on the range. It delivers the protein, vitamins and trace minerals your cows need to produce a better calf crop. It will give them extra energy, make them forage better and enable them to get all the nutrition available from stalks, hay or pasture. With T-E Liquid Feed Supplement in your feeding program, you can count on more consistent estrus, better conception, easier calving, fewer abortions or stillborns and larger calves dropped and weaned. Fed free-choice, T-E Liquid Feed takes the guesswork and hard work out of supplement feeding. It's self-rationing. Animals consume what they need—no more, no less. And since one T-E feeder will take care of 75 to 100 head up to ten days, it does away with most of the work. There are many good reasons for feeding T-E Liquid Supplement that you can count on your calf crop. Talk to your dealer about other reasons why T-E Liquid Feed saves you time and makes you money.

By MELVIN YOUNG

It has been a long time since we have seen sub-zero temperatures in Hereford, Texas, and to say the least, most folks were not prepared when Monday's cold wave hit. Most however, were smarter than this writer who discovered Monday morning that his wife's auto did not have antifreeze in the radiator. (We took care of that situation before the next morning rolled around.)

Our thermometer at the house showed an even zero Monday morning and we understand that the official gauge at Holly Sugar, three miles west of Hereford tallied minus-1. Tuesday morning, our thermometer again registered 1 degree warmer than the one at Holly, showing a minus-3 while the official temperature was 9 below. There were reports however of temperatures as low as minus-14, reported about 40 miles from Hereford in the upper, and western, part of the county, while most of the people out around the Easter Community reported minus-11.

We suspect also that the battery business has been good in Hereford for the past few days. Of three cars at our abode, only 1 would start Monday morning. And we might add that it was the oldest. Others reported similar experiences.

Sammy Spangler however, gets the award for the most pathetic story. Sammy's car would not start, but hubby Bob has an old Volkswagen that kicked off just like it's supposed to. But it was Sammy's morning to pick up all the neighborhood kids for school and she found herself, five youngsters and a Cello, all riding — perhaps not so comfortably — in Robert's Volk. And that's a pretty good load.

—HB—
The official minus-9 of Tuesday morning may not be a record.

Wedding Guests Present From Several Cities

Out-of-city guests attending the wedding of Miss Gwen Cargo and Bob Jackson in First Presbyterian Church of Amarillo last week included grandparents of the couple, Mr. and Mrs. Alfred Harbert of Putnam, Okla., Mrs. Anna Jackson of Thames, Okla., as well as M. G. Layment of Hereford and Mrs. Leona Cargo of Amarillo. Also from other cities were Elva Brown of Thames, Mr. and Mrs. James Layman and family of Dimmitt, and relatives, friends and wedding party members from Hereford home of the bride's parents, and Borger, where the bridegroom's parents live.

Smallest members of the wedding and their families were also from out-of-town. Laura Lee Allen, daughter of the Tolbert Allens of Fort Worth, was flower girl and Sheldon Groomer, son of the Rodnie Groomers of Borger, ring bearer.

The pillow on which he carried the rings was the one used in the wedding of the bride's parents, Mr. and Mrs. Bill Cargo, and was made by her late grandmother, Mrs. M. G. Layment. The Indian head penny she wore in her shoe for luck was worn by her mother as a bride.

The bridegroom's parents, the Bob O. Jacksons of Borger, were hosts for the rehearsal dinner in an Amarillo restaurant the evening before the wedding.

ord low, but if it isn't, we're glad we weren't here when the record was set. And as one sage so aptly put it Tuesday, "It's colder than h—!"

Yes, as a matter of fact, it is.

—HB—
With summer conflicts, and the fact that most of our family is in school the rest of the year, we usually try to take a few days off right after Christmas and go where the weather is warm. A few years ago we made a trip to Phoenix, Arizona, spending a week at the Valley Ho Motel out in Scottsdale. It was a pleasant trip, but naturally it rained all the time we were there. And cold too. After returning home we learned that the Texas Panhandle had enjoyed perfect weather.

Last year we combined a business and pleasure trip to El Paso — and Juarez — and almost froze to death.

This year, we repeated the

Juarez trip — not on purpose — but because the Mexican government wouldn't let us go any further.

We had planned to journey to Chihuahua City, about 200 miles into the interior of Mexico, but discovered when we reached the border that someone (guess who) had left the title to the automobile safely tucked away in the file at Hereford, Texas. Now you can cross the border without proof of ownership and spend all the time you wish within 25 miles of the good old U. S. A., but spare yourself the effort of trying to travel further. If you don't have the title to your car you don't get the Tourista sticker — and consequently you don't travel into the interior.

We will say however, that the weather in Juarez was exceptionally beautiful — but again, we goofed. The golf clubs were at home. And guess whose room didn't have a color TV set for the bowl games.

We did catch a little of the Texas-Notre Dame game on a set at the Juarez Race Track but since they had other things going on out there they wouldn't turn-up the sound. So we bombed-out on that one too.

—HB—

However, we might report that the dogs weren't running that day so we saved whatever

money we might have wagered otherwise. We didn't even have a bet on a bowl game!

—HB—
And speaking of bowl games, Jimmy Roberts should get an award of some kind for being the only man in Hereford who lost on every bowl game. And he picked the teams himself, or at least half of them.

Jimmy, and Joe Kerr, decided to make a wager on 6 games over the holidays, but couldn't get together on the bets. They finally decided on a formula — they would flip a coin to see who got first choice and then alternate on each match.

Jimmy won the flip, and immediately picked Ohio State over Stanford. Joe of course had the choice and picked Nebraska over LSU. Jim had third choice and picked No. 1 ranked (at that time) Texas over the Irish of Notre Dame, and Joe's next choice was Tennessee over Air Force.

Jim, deciding to pick an underdog for a change, chose Oakland over Baltimore and that left the last choice to Joe. Being an avid Cowboy fan, he stayed with the 'Pokes and let Jimmy have favored San Francisco.

Well, you've probably figured it out by now. Jimmy lost every game. Now that's what we call a "perfect season."

WOMEN'S C OF C OFFICERS—Officers for 1971 in the Women's Division of Deaf Smith Chamber of Commerce, headed by Mrs. Shep Townsend as president, were installed at a luncheon Tuesday. From left standing are

Mrs. Lynn Kester, first vice president; Mrs. Rex Lee, secretary; Mrs. Townsend; Mrs. Stan Knox, director. Seated are Mrs. John Blocker, second vice president, and Mrs. Homer Garrison, director.

Mrs. Townsend Heads Women's C-C Division

Officers for 1971 were elected and installed in the Women's Division of Deaf Smith Chamber of Commerce Tuesday as Mrs. Shep Townsend was introduced as the new president. Her appointment is made by the Chamber of Commerce president.

New directors are Mrs. Stan Knox and Mrs. Homer Garrison. The two vice presidents, Mrs. Lynn Kester and Mrs. John Blocker, were re-elected

and took office for another year. Mrs. Rex Lee's term as secretary continues. Mrs. Townsend succeeds Mrs. Jack McKinster as head of the division as it begins its fourth year with a membership of 98, almost doubled during Mrs. McKinster's administration.

Mrs. Blocker, ex officio membership chairman, reported 50 women enrolled at the beginning of 1970. Committee chairmen made

their annual reports, briefly summarizing a year of activity featuring aid to two new community enterprises, the County Health Clinic and the Hereford Day Care Center, both in money and service.

Chairman for the coming year are to be appointed by the new directors in consultation with a division officers and are to be announced within a few days, Mrs. Townsend said.

The meeting Tuesday was at a luncheon in the Caisson House. This was the winter general meeting, one of four quarterly sessions each year for the full membership. In other months, executive meetings are held.

FHA Farm Loan Limits Boosted

With President Nixon's signature, Congressman Bob Price of Pampa has seen his proposal to boost FHA farm real estate loan limits by 40 per cent become law.

Price was author of the initial legislation raising FHA farm ownership loan limits from \$60,000 to \$100,000.

"Now young people trying to get a start in farming, Vietnam veterans and established farmers interested in expanding their operations, will be able to look to FHA for increased financial assistance. This is of vital importance to agriculture in the Texas Panhandle, the State of Texas and other farming areas of the country," Price said.

Price said raising FHA loan limits for farm land purchases is an absolute necessity.

"Inflation is a cancer eating away at the wealth of this nation; no person or business is exempt from its effects," he said.

"If farmers are to be expected to continue to produce high quality foods and fibres at a cost to the American consumer that is lower than any time in our nation's history, then farmers will need access to expand their sources of credit which they can use to make farming operations as efficient as possible."

The Texas lawmaker said he is particularly proud of his proposal because its enactment will not cost the taxpayers more money. Funds for the FHA home ownership program are raised from private investors through the sale of FHA notes in the private money market.

Local Boy Wins First In District In VFW Contest

Kevin Young, winner of first place in the recent Voice of Democracy essay contest conducted here by the Veterans of Foreign Wars, took top honors in the district contest and now will be an entrant in state competition, VFW Commander Kenneth Gott announced.

Contestants, who are high school students, submitted essays which they taped, to be judged for content and delivery. The tapes are to be submitted for state judging by the end of this week.

Young, son of Mr. and Mrs. Dale Young of 509 East Fifth, received a U. S. Savings Bond as first place winner in the district. State and national winners are given scholarships.

Entries in the district contest came from Plainview, Floydada and Littlefield as well as Hereford. Young was judged county winner from a field of 150 entrants.

The annual 10-day Aqua Festival in Austin, Texas, is rated one of the nation's ten largest festivals.

That First Big Step

WALKING presents a problem when a child has been born with an open spine. But Norman Proctor, 3, of Salt Lake City, Utah, is finding the help he needs at the March of Dimes Birth Defects Center at Primary Children's Hospital. Skilled professionals, such as physical therapy aide Charles H. Vought, make it a lot easier for a little boy who wants to learn. The voluntary health organization helps support medical services, research and professional and public health education aimed at prevention and treatment of birth defects.

The Oasis Shrine Club is running Marvin Coffey for a director's position, and officials in the local organization have urged all local Shriners to attend.

At the local meeting Monday, Roland Hairgrove was elected

Guest Presents YHT Program

A program by a guest shared interest with discussion of important winter dates for Young Homemakers of Texas, at a meeting of Hereford Chapter Tuesday evening in LaPlata School homemaking rooms.

Mrs. T. D. Thomas was introduced as guest speaker by her daughter, Mrs. John Drake, program chairman for the evening. Her subject was Operation Lockup as she discussed prevention of poison danger in the home.

Not only did she urge that all medicines and disinfectants be kept locked out of reach of children, but she listed numerous household products which are not ordinarily regarded as poisonous, but which can be very dangerous if care is not taken in using them.

A skit in which Mrs. Thomas was assisted by club members, Mmes. Kenneth Keil, Lela and Shelton, Charles Weatherford and Drake, underlined the theme of the talk as it presented a conversation among angels whose departure from earth had been speeded by poisons.

Chapter representation at the annual state YHT convention in Dallas Jan. 15-17 was discussed. Mrs. Weatherford, new Area I president, will go from Hereford and some others plan to attend also. Planning was begun for the awards banquet Feb. 13, in which the chapter will join Young Farmers of Texas

president, B. H. Roberts vice president and Coffey secretary. Jim Brown, Bill Philpot and C. W. Holcomb were named directors.

from this county. A change was made in meeting plans for Jan. 19, when Mrs. Dorman Duggan will direct a program on cameo painting and Mrs. Keil will be hostess at LaPlata.

Others present Tuesday were Mrs. Jim Culpepper, Mrs. Bud Kelley and the chapter advisor, Mrs. M. T. Burelsmith.

Lou Hall Named Bowler Of Week

Lou Hall, with 30 pins over her average and the high individual game of 191, was named last week as the Bowler of the Week in the Strike Outs League.

Connie Levering had a 480 for the high series and the high team game and high team series went to Hereford Flying Service. They had a 788 for the high team game and a 2140 for the high team series.

One Hour Martinizing won three from Weatherford Gin, Deaf Smith County REC dropped three to K&B Contractors and Hereford Flying Service won four from Security State Bank.

Standings have Hereford Flying Service, 38½-13½; Weatherford Gin, 33½-18½; One Hour Martinizing, 30½-21½; K&B Contractors, 21½-30; Deaf Smith Contractors, 21½-30½; Deaf Smith REC, 18-34; and Security State Bank, 14-38.

U. S. News and World Report selected Austin, Texas, as one of 14 "pleasant places to live."

Raiders Play SWC Opener

LUBBOCK — Texas Tech hosts Central Missouri State Saturday before plunging into the play for keeps bracket of Southwest Conference warfare against Arkansas Tuesday in the Coliseum.

The Red Raiders upped their mark to 6-5 for the season Monday night, taking a 80-56 win over Northern Colorado. The win continued the Raider's pattern of winning one and losing one during the season. Central Missouri stands 4-5 for the season, and have won four of their last five games.

Central Missouri posted a 19-6 record last season enroute to a co-championship in the Missouri Intercollegiate Athletic Association, and a berth in the small college regional playoffs. The Mules returned four starters and nine of 12 lettermen this season.

When Central Missouri was called Warrensburg Teachers College, the two teams met in 1939 and 1940 with the Red Raiders winning both games.

The Arkansas Razorbacks come to Lubbock looking for their first win in the Coliseum. Arkansas is 0-14 in the unfriendly confines of Tech's home court, and the Red Raiders have beaten the Razorbacks in the last three meetings between the two teams.

Arkansas boasts a new coach in Lanny Van Eman, who was an assistant coach at Iowa last year under Ralph Miller. Iowa was undefeated in Big 10 play last season.

Van Eman inherited one of the conference's most exciting players in Almer Lee, a 6-1 guard, who shared Sophomore of the Year honors with Tech's Greg Lowery last season in the

FALSE EYELASHES

AUCKLAND, New Zealand — A customs man found 11,000 false eyelashes sewn into Bing Chi Wong's overcoat on his return from a visit to Hong Kong.

He was fined 1,500 New Zealand dollars (\$1,680) on charges of smuggling and importing prohibited goods. The eyelashes were worth about 5,500 New Zealand dollars (\$6,000) in New Zealand.

LET'S COOK SOMETHING

LaCostes Unusually Interesting People

By JANIE REINART
Staff Writer
COMBINE a preacher-dee-jay-college student and a junior high school math teacher with a comedian-like personality and you have a pretty good idea of

an interesting household with lots to talk and laugh about. Bob and Carolyn LaCoste, newlyweds of seven months, are just that combination and more. It's a pleasure to visit with such an interesting young couple. Time seems to whiz by when conversing with the ingenious two-some. "My wife is probably the most liked teacher at La Plata," is the opinion of LaCoste along with many others who know

Mrs. Robert LaCoste . . .

her. "AND THE MOST foolish," his wife added without hesitation. "I gave my phone number to 167 seventh graders and told them to call anytime they needed anything, so at 3 in the morning one calls and asks me to explain base eight," she laughed.

"But they're dolls and I love 'em! After I've told them if they add 7 and 2 they should have 12 and they've agreed and hung up, I have to explain why and how to my dear husband," she chuckled.

Mrs. LaCoste recently was the first teacher in first-year teaching to win first place in the spirited homeroom contest for having the most originally decorated room at La Plata.

SHE GRADUATED from Pampa High School and moved to Corpus Christi where she attended Delmar Junior College. While there she was named to the Hall of Fame and chosen Who's Who.

She received her BS at A&I University at Kingsville where she worked as state committee member for the Texas Student Education Association (TSEA), the college branch of Future Teachers of America (FTA).

She is liaison with A&I in this district for the Alumni Association and guesses it's "an honorary title of some kind."

VISITING THE BEACH and playing solitaire inspire Carolyn in her poetry writing. Three poems have been printed in the Voyager Magazine and by Hallmark Cards thus far.

She and her husband are presently working on the lyrics for Little Sha Marie which they will send to Wynn Stewart for recording. Stewart has a two-year-old daughter named Sha Marie so they feel he may be glad to sing their song. His daughter is a friend of the LaCoste's niece.

LaCoste wrote a song, Carolyn, and dedicates it to his lovely wife. They have sent for a copyright on it and will send for one on Sha Marie as soon as the song is completed.

MRS. LaCOSTE stepped off the plane in Dallas last week wearing sunglasses and carrying Bob's guitar and was asked if she was Bobby Gentry and could they please have her autograph.

Mrs. LaCoste was quite flattered by this and other remarks made on the trip. She plays drums.

Her husband was with a group of professional singers in Phoenix, Ariz. but gave that up to become a preacher, and has no regrets.

Bob LaCoste, who follows in the footsteps of his father now preaching at Medina, Tenn., is with the Fifteenth Street Church of Christ. One of his brothers-in-law is also a preacher.

BOB, PARTTIME DEEJAY with KPAN, announces evenings on FM radio. He attends West Texas State University where he will earn his degree in speech and drama.

Bob and Carolyn were married seven months ago in Hereford "because we thought since Bob preaches here this is the place we should be married," said Carolyn.

"The astrology book said my parents were perfect for each

other and that I, an Aquarius, should marry a Capricorn," she recalled. "Well, I didn't even know a Capricorn. I met and married one, though."

JUST BACK from spending a week with her parents in Corpus, they tell how their flight was the last one in to Amarillo before they shut down the runway at 3 a.m. Sunday due to the heavy snow. That afternoon they went to Denver City to see friends and on the way back through Friona "visibility was bad." Carolyn's family suffered damages in the recent hurricane.

While at Corpus they picked up a Sock It To Me cake that is rapidly becoming popular in that area.

"All my friends were trying it while we were there and it's really good," assured Carolyn. "It's got a swirl to it, and every once in awhile you get a tangy bite of cinnamon and sugar."

Here it is:

SOCK IT TO ME CAKE
Mix together:
1 box Duncan Hines Butter Cake Mix
1/4 cup Crisco or Wesson oil
1/2 cup sugar
4 eggs

One 8-oz. package sour cream
1 t. butter flavoring
1 t. vanilla flavoring
1 cup pecans
In separate dish mix two tablespoons sugar and one teaspoon cinnamon. Put half of cake mixture into tube pan, swirl with sugar and cinnamon on top of cake mixture and place remainder throughout as desired. Bake at 325 for 50 minutes.

A BANANA NUT cake recipe which has been in her family since the time of her great grandmother, and perhaps earlier than that, has been revised only through additional ingredients.

Carolyn's grandfather's family was killed by the Apache Indians when he was an infant

and was taken captive and raised with the Apaches. He met and married her grandmother who was full Apache Indian.

"My mother added more bananas to the recipe and uses Softa Silk instead of flour for a smoother cake," explained Carolyn. "I add more nuts to mine. I'll tell you, the frosting will come out different every time. I guess because of the climate."

BOB SAYS "It's delicious. One of the best cakes I've ever eaten. It's not one of those cakes where you yell 'water!' after you've eaten some."

"He's just trying to butter up his newlywed wife," Carolyn accused, jokingly. "It stays moist for quite a few days if there's any of it left by then."

Here is her revised recipe:
BANANA NUT CAKE
Two-thirds cup Crisco
1 and two-thirds cup sugar
3 eggs
Two-thirds cups buttermilk
1 1/2 cup bananas
2 1/2 cups Softa Silk or 2 1/2 cups flour

1 1/4 teaspoons soda
1 teaspoon salt
1 cup chopped pecans
Cream Crisco and sugar until fluffy and add eggs, buttermilk and bananas. Blend well. Add flour or Softa Silk soda and salt and blend well. Fold in nuts.
Bake at 350 for 25-30 minutes. Makes 3 8-inch layers.

FROSTING
1 stick soft oleo
1 box powdered sugar
2 teaspoons vanilla
3 or 4 tablespoons cream milk

Mix, starting with three tablespoons of milk and adding remainder gradually until smooth.
For BANANA NUT BREAD she uses the same recipe but bakes it in loaf pans for 45 minutes to one hour.

SOUTHWESTERN LIFE

Relatives From Hereford Go To Family Reunion

Residents and former residents of Hereford were among those attending a family reunion Christmas in the Grover A. Benton home at Sulphur, Okla. O.B. Sumner, a brother-in-law of Mrs. Benton, and Donnie and Billy Wilson went from this city.

The George Sumners of Dallas, the Jim Shirley family of Sulphur, Floyd Messenger family of Del City, Okla., Andy Sumner family of Midwest City, Okla., and Kenneth Shaw family of Manteco, Calif., are all formerly of Hereford.

Mrs. Willard Sheesley of Center, Colo., who lived here as a child, and her husband were also present. They spent a week here after the reunion, visiting her father, O. B. Sumner.

Others at the reunion were Weldon Holland of Amarillo, the James Holland and Gerald Castle of Greenville and Mrs. Marco Wilson of Oklahoma City. Members of the Benton family living in Sulphur are Mrs. Donald Lamb, Kathryn, Georgia and Henry Benton.

Good morning?

Some mornings you wake up wishing you hadn't. Maybe because of too much party fare. What you need is one of nature's great helpers. Pick yourself up with a glass of delicious Borden Buttermilk. It's got a come-awake taste that makes the day delicious. Or try it the night before. Borden Buttermilk is a fine way to start a good night's rest. Awakening or retiring, Borden Buttermilk.

BORDEN

ENGAGED COUPLE — Engagement of Miss Deborah Ann Goodall, daughter of Dr. and Mrs. Edwin Goodall of Breckenridge and granddaughter of Mrs. Ray Coneway of Hereford, to Ronald Clyde Edwards of Breckenridge is announced by the bride-elect's parents. The prospective bridegroom is the son of Mr. and Mrs. Clyde Virgil Edwards. The marriage will take place July 10 in First Christian Church of Breckenridge.

DE STUDENT OF THE WEEK — Duckwall's Department Store in Sugarland Mall employs Distributive Education student of the week, Miss Janice Stindt, 17-year-old daughter of Mr. and Mrs. Fred Stindt, 122 Greenwood. Miss Stindt is shown above with her employer, Gary Parrack. She is salesclerk at Duckwall and a senior at Hereford High School. She plans to attend a business school upon graduation. —Staff Photo

VOE STUDENT OF THE WEEK — Miss Cynthia Boren, daughter of Mr. and Mrs. Fred Boren of Route 1, has been selected as Vocational Office Education student of the week. She is employed by Ray Moore, pictured, at Retail Credit Company. She is a senior VOE student at Hereford High School and plans a career in business. —Staff Photo

At The Library Life Of A Politician

Two novels, one written by a veteran political author who served more than four years as President Johnson's special Assistant, and the other by an author helping you to escape from the "with it" feeling to the "out of it" air, are now available at the Deaf Smith County Library. Check them out today.

DANA THE IRRELEVANT MAN

By Douglas Cater
This stirring and original first novel by Douglass Cater, a veteran political writer who served more than four years in the White House as Special Assistant to President Lyndon B. Johnson, is set in contemporary Washington.

Dana chronicles the decline and fall of an unnamed President and the personal crisis of a top Presidential adviser.

Cater has written a roman a clef. His characters will be the subject of guessing games in political and literary circles, for he has penned subtle sketches of many well-known Washington figures.

There are traces of various presidents, and Chester Dana, the President's man, resembles several prominent Presidential advisers in recent years.

The story is dramatic. A sensitive young Harvard scholar, Southern-born, is commissioned by Dana's wife to write the authorized biography of her husband, who has ended a brilliant career in the worlds of finance and government. But David Bohun, the scholar, has greater ambitions. He means to get at the secret of Dana's split with the President, which climaxed his career.

He fancies himself as a latter-

day Henry Adams come to Washington to serve as voyeur in politics, interpreting the deeper movement of history being enacted there. David Bohun experiences all the frustrations of a creative man in trying to probe and interpret another man's life. Living in the Dana household, Bohun has a passionate affair with the Dana daughter, Pascal, who is a memorable woman in fiction.

Bohun's search for meaning and identity is a dominant theme of the book. He records it in his private notebook whose excerpts provide counterpoint to the main narrative. Bohun's notebook also offers wry and perceptive commentary on the high drama of Washington — the politicians, press, social and sex life, military struggles, corruption and the rest.

WHISTLE AND I'LL COME TO YOU

By Agnes Sligh Turnbull
For many readers weary of being too much "with it," Agnes Sligh Turnbull here provides a

delightful escape "out of it." The setting is the very small town of Callaway. The time is the turn of the century, an era of parasols and trolley cars, of summer evenings on the porch and Christmas sleigh rides.

Alice Newcombe, the novel's heroine, is the marriageable daughter of the president of the local bank. She has a nice, fussy mother, a pleasant, manly brother, and a small but devoted group of friends.

This serene milieu is interrupted by the arrival of a new young man in town. Robin Adair is English and has come to Carraway in search of two elderly cousins.

He and Alice are destined to fall in love, but there are many stumbling blocks before their way is clear. Suspected crime, the whisper of gossip, indignant parents, and weeks of lonely agony separate the pair before the idyl comes to its final turn.

Woven into the plot also are the parties in the mansion where the old cousins live in

elegance; the corn roasts and square dances in country orchards or kitchens; the "sings" on the steps of the houses where dwell the town's most popular young ladies; and quiet canoe rides on the winding creek.

No one writing today can evoke the charm and nostalgia

of America's recent — — vanished — — past better than Agnes Sligh Turnbull.

Ethridges Have Holiday Guests

Mr. and Mrs. Ethridge of Hereford had several visitors at their home during the Christmas and New Year's holidays. Visiting were Mrs. Ethridge's sons, Nelson Lee Rutter and family of Clovis and Clayton Gene Rutter of Houston.

DOWNTOWN HEREFORD

THE FAMILY LAWYER

Half-Picked Pocket

It was intermission time at the theater, and the lobby was crowded. Suddenly a patron felt his wallet being eased out of his back pocket. Whirling around, he seized both the wallet and the hand of the culprit.

In due course, the fellow was arrested on a charge of larceny. At the trial, however, he came up with a defense.

"I admit I had theft in mind," he told the court. "But I never did get that wallet more than half way out of the man's pocket. Maybe I'm guilty of an attempt, but nothing more."

Nevertheless, the court found him guilty of larceny, as charged. The judge said the offense was complete when he took full possession of the wallet and began moving it out of the victim's pocket.

The crime of larceny requires both a taking (even for a short time) and a carrying away (even for a short distance). Nothing less will do. Thus:

A prudent woman shopper kept her purse in a coat pocket, tied by a string to the inside of the pocket. Here, too, a man was caught in the act of lifting the purse out.

But this time, the court held him guilty of attempt only, not larceny. The court said that because of the string binding the purse to its owner, the defendant had never gotten it fully into his possession.

What about a would-be shoplifter who never gets the merchandise out of the store? Consider this case:

A woman pushing a shopping cart took a package of beef out of the freezer. But instead of dropping it in the cart with her other items, she slipped it inside her purse. An observant employee caught up with her just before she reached the checkout stand.

When she was unable to explain her conduct, the woman was arrested on a charge of larceny. At the trial, she insisted that she could not be convicted because she had never gotten the beef out of the store.

But the court held her guilty anyhow. The judge said she had taken "complete and exclusive control" of the package by placing it inside her purse.

"The fact that the possession was brief," said the court, "is immaterial."

LEADING DESIGNER

CHICAGO — When Santa Claus comes to town, Marvin Glass, the leading toy designer, is riding close behind.

Glass, who heads his own firm of toy designers for the \$3.2 billion industry, creates about 10 per cent of all the toys on the market.

He maintains a large staff of artists, engineers, scientists and skilled technicians to develop his ideas.

Glass said speed and novelty, which economists claim are the two factors chiefly responsible for the rapid changes in today's

FAMILY PLANNING

NEW DELHI — India's family planning program averted 5.2 million births until 1969, Health Minister B.S. Murthy said in parliament.

India's population on Aug. 1, 1970 stood at 550,569,000, an official release said.

The population is increasing by a little more than one million a month.

MY THREE SUNS—Reflections off of ice crystals in the atmosphere produced the unusual effect of triple suns in the western sky Tuesday afternoon. A similar effect was reported seen in the eastern sky Wednesday morning. The sun is in the middle and two other bright lights—though not so bright as the sun itself—appeared on each side. Crossing each of the "artificial" suns was a multi-colored splash that appeared to be the ends of an inverted rainbow. —Photo by Tommy Koelzer

Club Has Young Talent Parade

A parade of young talent from fourth, fifth, and sixth grade students in Northwest Elementary School bridged the "Musical Generation Gap" for members of La Plata Study Cub in their meeting Tuesday evening. Mrs. Tom Harkey was hostess for the program in the school auditorium. Introducing the young performers was Mrs. M. H. Riche, who made arrangements for the program. Piano solos were presented by Zann Zimmerman, Jana Wiley, Scott Formby, Susan Skaggs, Angela Hartman, David Arney, Phillip Zinser and Dee Ann Caison. Jana also played a number on the melodica, and Phillip highlighted his performance with his own composition, Rhapsody. Dee Ann Caison accompanied her brother, Rodney, in three numbers on the drums. Twirlers and dancers lent variety to the entertainment. Donnie Johnson presented a tap dance routine, and twirlers were Deadra Polan and Vivian Martin in a duet performance, Kathy Wilson and Lacey Easley. Guitar numbers were presented by a trio, Suzanne Duval, Shelley Scott, and Laurie Close; and by a duet composed of Ricky Coker and Clayton Faubion.

Donald W. Lind Given Promotion With Holly Sugar

Donald W. Lind, shift superintendent at the Shoup factory in Hereford since 1964, has been promoted to assistant factory manager at Holly Sugar Corporation's Carlton factory in California's Imperial Valley.

Lind joined Holly in 1945 in his hometown of Hardin, Mont. as a battery foreman. His career with Holly was interrupted from 1951 to 1955 when he was in the Navy. He was an honor student graduate of Navy metalsmith school in 1953.

In 1955, he returned to the Hardin factory as an extra station man and was promoted to beet end foreman in 1960 and two years later was named a sugar end foreman. When Holly opened its newest factory in Hereford in 1964, Lind was promoted to shift superintendent and transferred to that factory.

In 1969 and in 1970, he was temporarily transferred to the Tracy, California and Sidney, Montana factories as construction supervisor during the company's modernization and expansion programs at those plants.

He is a member of the Elks Lodge and is an avid hunter and golfer. He and his wife, Margaret, have three children: Shella, Bradley and Brian.

Bruce Miller Elected Head Of Local Council

The Deaf Smith County Council on Alcoholism Tuesday elected Bruce L. Miller as chairman of the council for the coming year. Miller succeeds the Rev. Fred J. Howard, who was chairman for 1970.

Other officers elected were Program Vice-Chairman, Fred Howard; Secretary-Treasurer, R. L. Ethridge; and Directors, Jim Boreman, Billye Buck, Mrs. O. G. Hill, Herman Schellert, Lonnie Cardinal.

The council also decided to elect an administrative vice chairman and asked the nominating committee to make recommendations at the next meeting.

In other action, the council decided to set up a series of public meetings for showing films on alcoholism. A workshop is tentatively scheduled for Feb. 23 with the Rev. George V. Clark and Dr. Gene Seale as co-leaders. In executive action, Miller appointed Jewell Smith as assistant Secretary-Treasurer. The Council will meet again in late January or early February to make final preparations for the workshop. The State Capitol at Austin, Texas, is built of pink granite and ranks second in size only to the National Capitol in Washington.

"Give us a chance to say yes"

'71 Wheat Program Differs From Previous Program

"Wheat producers who choose to take part in the 1971 Voluntary Wheat Program will have considerably more freedom in planting their farm operations than they've had in the past," reports Frank J. Bezner, Chairman of the County Agricultural Stabilization and Conservation (ASC) Committee.

Under the 1971 Wheat Program, which was authorized by the Agricultural Act of 1970, wheat growers will receive allotments based on a national domestic wheat allotment of 19.7 million acres, the Chairman said. However, 1971 farm wheat allotments will be used only to determine acres to be set aside on each farm and the amount of payment a producer may receive under the wheat program. Unlike previous years, the allotments will not determine the amount of wheat to be grown on a farm.

In fact, he said, wheat producers are no longer required to plant wheat in order to qualify for program benefits. "The wheat allotment does not restrict a producer to a set number of acres of wheat, nor does it indicate to him what crop or crops he must or should plant," the ASC Committee Chairman said.

The general outline of the new wheat program has already been announced, and full information on all provisions are expected before March 1, when program sign-up begins.

"Every effort will be made to see that all farmers are fully informed about the new farm program. Farmer meetings are planned; newsletters and other material will be mailed to producers; and additional press releases will be issued," he said.

Sign-up period will be March 1 through April 9 at County ASCS offices, with the program open to all producers with farms having wheat allotments. A producer may sign up one or more farms in which he has an interest and not sign up others, as he chooses.

When a producer signs up, he agrees to set aside an acreage to be put in conserving uses. He also agrees to maintain his farm's conserving base. The set aside percentage will be between 60 and 75 percent of the domestic wheat allotment. The actual set-aside percentage, to be announced before sign-up begins, will not exceed 75 percent.

By participating in the program, a producer becomes eligible for price-support loans on his entire wheat production and domestic marketing certificates on the projected production of the farm domestic allotment acreage. (Marketing certificates are a form of price-support payment for wheat producers.)

While it is not necessary for a grower to plant wheat in order to earn a payment, if he fails to plant at least 90 percent of his domestic allotment to wheat or an authorized substitute, he may have his 1972 al-

lotment reduced as much as 20 percent. If no wheat is planted for three consecutive years, the entire allotment can be lost.

Payments to producers participating in the 1971 wheat program will guarantee they receive 100 percent of parity on the production of their full domestic allotment. Face value of the certificates will be the difference between 100 percent of parity on July 1, 1971, and the national average wheat price received by farmers during the first five months of the marketing year.

Preliminary payments to farmers will be made as soon as practicable after July 1, 1971. These will be equal to 75 percent of the estimate of the total payments to be made. The balance of the payment, if any, will be made after December 1, 1971. If the estimated preliminary payment is found to be too high, no refund by producers will be required.

Price-support loans will be available to program participants at \$1.25 a bushel, national average.

Substitution will be allowed for wheat and feed grains. That

is, acreage above a farm's wheat allotment which is planted to corn or grain sorghum will be considered planted to wheat for wheat allotment history purposes. A producer with a wheat allotment and a feed grain base can plant his eligible cropland acreage to wheat or feed grains without loss of history, and will receive both wheat certificates and feed grain payments. He must meet the set-aside requirements for both programs and must maintain his farm's conserving base, as well as sign up for both programs.

Other provisions of the 1971 Voluntary Wheat Program relate to set-aside on summer fallow farms, use of set-aside acres, land eligible for set-aside, types of conserving uses, payment limitation of \$55,000 a person, and various regulations on program participation.

Bezner said these provisions will be publicized through newsletters, meetings, and letters to producers, as well as through additional news releases to the press.

-Small Talk-

By SUE COLEMAN
Women's Editor

Holiday visiting is pretty well over now, I suppose, except for the lucky college students who had an extra week after New Year, but we are still hearing about trips and housefuls (or is it houses full?) of company.

VISITORS DURING the holidays with Mr. and Mrs. U. V. Pierce were Mr. and Mrs. Jack Sikes and children of Hollis, Okla., Mr. and Mrs. Henry Turner and Elena of Arlington, Mr. and Mrs. N. R. Pierce and children of Lubbock.

GLADYS AND Irving Wil-loughby were among those with a houseful of guests all through the Christmas weekend. On Christmas Day their children and grandchildren were there; Doris and Jack Reynolds with Tod and Lara of Plainview, Jean and John Willoughby with

Chris and Scotty of Odessa.

On the Sunday after Christmas, visitors were the Willoughby kin, Mr. and Mrs. Webster Willoughby, Mr. and Mrs. Rex Lovelady of Amarillo and John Willoughby of Oklahoma City. Mrs. Sarah Willoughby of Westgate, Irving's mother, joined that gathering, as she did the one on the 25th.

Then on the Tuesday after Christmas, the Willoughbys got to thinking about the slim birthday celebration usually given anyone with a birthday on Dec. 29, and that is Doris' birthday. So they went down to Plainview to have dinner with the Reynolds family and observe that day properly.

THELMA LINK WENT to Iowa Park for Christmas with her son and family. Biggest attraction, of course, was the grandchildren.

ABOUT THAT LONG holiday for colleges, which happens because of the new-fangled system of three semesters instead of two for the school year, I note that it is being greeted with cheers by students and others interested in progressive education.

Far be it from me to expect anyone to admit that he can remember back as far as I can, so I'm not asking who else remembers, but — In my college days it was customary for the college year to be divided into three — we called them terms; semester was a word known only from English stories.

So about that time somebody figured out a brand-new system which was hailed as a great advance in the educational world; they started having two instead of three terms a year and called them semesters.

That sounded very sophisticated and certainly all of us in those days wanted to be sophisticated, so we felt that education had definitely made a step

forward. Anyway, the system has lasted up to now.

But it's quite old-hat this year, and we are all happy about this new idea for a three-ter — oops! bed pardon! — trimester system. And now is the time to mention it again: Ain't progress wonderful?

MY PROGRAM

...BUT IS IT ENOUGH? My program consists of some very special activities...services I perform every week. But I ask you, is that enough? Social work, church attendance, tithing of my income, teaching in Sunday school, these things I do, but I ask you... is that enough? God says, no! He expects more than good works. He expects you to surrender your life in full to Him. The sick must be attended. His church must be supported. There is work to be done. These are virtues pleasing to Him but He still expects full surrender of your life. Why not enlist in God's army this very day? Why not start to church regularly and take up your cross and follow Him all the way... then you won't have to ask, "Is My Program Enough?"

Adrian News

By ANN BEAVERS
Several tourists were stranded in Adrian Sunday night due to the snow and ice. There was one wreck Saturday west of Adrian but no one was injured.

N. L. Jacobson took granddaughters Jo Ellen and Janet Jacobson to Wellington Christmas Day to exchange gifts and visit their other grandmother, Mrs. Joe Baumgardner.

Mrs. C. G. Pond Jr. of Amarillo spent Tuesday and Wednesday with Mr. and Mrs. Bob Gruhkey and Martha.

Mr. and Mrs. D. P. Doherty were Tuesday dinner guest of Mr. and Mrs. J. W. Woodward in Amarillo.

Martha Gruhkey spent the weekend in Lubbock with Dorris Horton.

Watch Night Services were held Thursday night at the First United Methodist Church.

Bobby Wayne Brown attended the rodeo Friday through Sunday in Odessa.

Rev. and Mrs. Ralph Odom and family of O'Donnell were Saturday dinner guests of Mr.

and Mrs. Lerin Creitz and Melanie.

Mrs. Maggie Pinnell, 88, of Pampa fell and broke her hip Monday and is in the High Plains Baptist Hospital in Amarillo. She is the mother of Roscoe Pinnell.

Mr. and Mrs. Ross Bearden and family and friends of Canyon spent Saturday through Monday with Mr. and Mrs. James Bearden and family.

Mr. and Mrs. Davis Brown and Kile spent several days last week in Dumas with her parents, Mr. and Mrs. S. P. Vick.

Mrs. Ralph Guest took her daughter, Mrs. Greg Thomas, to Lubbock Saturday.

George Harwood of Lubbock, Charles Harwood of Canyon and Mr. and Mrs. Dickie Harwood of Amarillo visited during the holidays with Mr. and Mrs. Fred Harwood and family.

Mr. and Mrs. E. B. Pounds were New Year's Day guests of their son and family, Mr. and Mrs. Moran Pounds, in Dumas.

Bobby Wayne Brown of Portales is home between semes-

ters with his parents, the Earl Browns.

Mr. and Mrs. Hardy Harris returned home Tuesday to Navajo Dam, N.M. They had been here visiting relatives for a month.

Watch Night Services were held Thursday night at the Adrian Baptist Church, with around

12 attending.
Mr. and Mrs. G. D. Webb and family visited relatives in the Fort Worth area over the weekend.

Mr. and Mrs. E. E. Allen took Chester and Keith Wood back to the Childrens Home in Amarillo Sunday. They had spent the holidays here.

Saturday night Supper guests in the home of Mr. and Mrs. Calvin Peters and boys were Mr. and Mrs. M. A. Ferguson and Gene, Mr. and Mrs. Ralph

Anderson, Mr. and Mrs. Ray Brown, Mr. and Mrs. Sam Brown and Mike, Mr. and Mrs. James Bearden and children and Mr. and Mrs. Earl Brown.

Mr. and Mrs. Pat Blankenship and family spent the weekend in Borger with relatives.

Mrs. Farris Kromer and Bruce spent the Christmas holidays in Plainview with her daughter and family, the Phillip Pinnells. Another daughter and husband Mr. and Mrs. Elza Pollard of Norman, Okla., were

there also.
Cecil Blasingame cut his leg, just above the knee, while using an electric sander on some metal and had to have several stitches in his leg Friday.

Mrs. Farris Kromer and Bruce visited Mrs. Glen King in Shamrock Sunday.

Mr. and Mrs. Dwayne Gruhkey of Amarillo were Sunday dinner guest of his parents, Mr. and Mrs. George Gruhkey.

Mr. and Mrs. W. B. Betts and

family spent the holidays touring in the Big Bend, Rio Grande Valley, Corpus Christi, Galveston, Houston, Atlanta, Tex., and Mt. Pleasant. They were gone 10 days.

While Mr. and Mrs. John Horton were touring Texas, during the holidays, they also visited Mr. and Mrs. Bob Carr and family. Bob is a former Channing resident and his wife Jeannie Mosteller Carr is a former Adrian resident.

Mr. and Mrs. Keith Kromer and Stephen spent the weekend

at Santa Fe.

Mr. and Mrs. Roy Jobe and family of Tucumcari visited Sunday with Mr. and Mrs. Alford Jobe and family.

Mrs. Easter Briggs of Lubbock visited Tuesday and Wednesday with Mr. and Mrs. E. E. Allen.

Mrs. Meb Bolin and children of Portales spent Wednesday and Thursday with her parents, Mr. and Mrs. E. N. Jacobsen. They also visited the Robert Jacobson family.

Wilders Celebrate 60th Anniversary

A luncheon honoring Mr. and Mrs. J. J. Wilder, formerly of Hereford, on their 60th wedding anniversary was held recently in Mineral Wells. Jessie Wilder married Nellie Millard Dec. 25, 1910. They moved to Hereford in 1918 where they lived for 30 years before their move to Mineral Wells in 1948. Wilder is a retired farmer. Attending the anniversary celebration from Hereford were

Open Program Given By XEA

Each member present had her say in the program of XI Epsilon Alpha Chapter of Beta Sigma Phi, meeting Tuesday evening in the Rural Electric Co-op building. Mrs. Pat Parker was hostess. Mrs. Max Goforth directed open discussion on the program topic, High Moments of History. Those participating were Mes. Bill McDonald, Jim Cramer, Clyde Jones, Melvin Fow-

Players Slate Tryouts Today

Readings for roles in Hereford Community Players winter production, Glass Menagerie, are to begin at 7:30 a. m. today in the parish hall of St. Thomas Episcopal Church, Meredith Wilcox, director, announces. Any area resident who wishes to try for a part is invited. A new production style for Hereford will be introduced with this drama, to be staged in the round with action in the center of the auditorium and the audience surrounding the stage. With this "first," Community Players will bring to Hereford playgoers a closer approach, a more penetrating and vivid expression of today's theater, Mrs. Wilcox explains. She has had experience with in-the-round productions as a former member of an Oklahoma City acting group.

The Glass Menagerie is one of Tennessee Williams early plays, a "memory play" which lends itself well to this staging technique. It has two women and two men characters with all roles open for the tryouts. Characters are Amanda, the

Mr. and Mrs. M. L. Simpson Jr. and Lisa.

Hosting the occasion were the couple's children, Mrs. Joe Traylor, Spearman; Mrs. John Coke, Mineral Wells; Mrs. Gerald McIlroy, Lubbock; L. B. Wilder, Tulsa; and Charles Wilder, Bartlesville, Okla.

The Wilders have 13 grandchildren and 10 great grandchildren.

Business discussion centered around the chapter's ways and means project, in which the prize will be A Night on the Town.

Announcement was made that a film on a noted musical work, Handel's Oratorio The Messiah, will be presented at the next meeting, Jan. 19, by Mrs. Fowler. Mrs. McDonald is to be hostess.

mother, a woman of great but confused vitality, clinging frantically to a past time and place, Laura, her daughter through whom Amanda tries to establish her own identity; Tom, her son, narrates the play; Jim O'Connor, Tom's friend, the gentleman caller.

Innovations in staging and lighting for this play, as well as the different stage locale, are planned. Persons who would like to assist in technical aspects and those interested in acting are invited to come to the reading session this evening, Mrs. Wilcox said.

Feed Grain Set-Aside Explained

"The most important aspect of the 1971 Feed Grain Set-Aside program is that it provides farmers much more freedom than previous programs have in deciding the kind and amount of grains and other crops they want to produce on their farms. At the same time, it is designed to put a greater reliance on the market place as the principal source of farm income while assuring equitable returns to growers and sufficient feed grain production for domestic and export needs," according to Frank J. Bezner, Chairman of the County Agricultural Stabilization and Conservation (ASC) Committee.

"For example, the feed grain base for a farm will be used only to determine acreage set-aside and price-support payment. The feed grain base does not restrict a producer to a set number of acres of feed grains nor does it indicate to him what crop or crops he must or should plant," Bezner said.

The general outline of the new feed grain program has already been announced, he said, and full information on all provisions are expected before March 1, when program sign-up begins.

"Our County Committee and County ASCS office will make every effort to see that all farmers are fully informed. Farmer meetings are planned; newsletters and other material will be mailed to producers; and additional press releases will be issued," he said.

The ASC Committee Chairman provided this summary of the 1971 Feed Grain Set-Aside Program provisions to date:
 Sign-up period will be March 1 through April 9 at County ASCS offices. The program is voluntary and open to producers with farms having corn or feed grain bases. Barley will not be included in the 1971 program. Farm feed grain bases will remain substantially the same as for 1970.

A producer may sign up one or more farms in which he has an interest and not sign up others, as he chooses. When a producer signs up, he agrees to set aside an acreage to be put in conserving uses. He also agrees to maintain the farm's conserving base. The set-aside percentage has been tentatively set at 20 percent for planning purposes by the U. S. Department of Agriculture, with actual set-aside percentage to be announced before sign-up begins.

By participating in the program, a producer becomes eligible for price-support payment on one-half his feed grain base and price-support loan on all his feed grain production. It is not necessary that he produce feed grain in order to earn a payment. However, if less than 45 percent of his feed grain base is planted to feed grains, his farm's 1972 base will be reduced by the amount of the under-planting, up to 20 percent of the base. If he plants no feed grains or authorized substitute crops for three successive years, the feed grain base could be removed.

Payments to producers participating in the 1971 Feed Grain Set-Aside Program will be determined on the basis of the 1971 farm yield for payment purposes multiplied by one-half the feed grain base. If the required set-aside is determined to be 20 percent, a preliminary payment rate of 32 cents a bushel for corn and 29 cents a bushel (52 cents a hundred-weight) for grain sorghum will be made. If the required set-aside is less than 20 percent, the preliminary payment will be reduced proportionately.

In any case, the total payment will guarantee a producer not less than \$1.35 per bushel for corn or 70 percent of parity, whichever is higher, on one-half of his corn base. A guar-

antee of \$1.24 per bushel (\$2.21 per hundredweight) is provided for grain sorghum. If the final payment turns out to be less than the preliminary payment, no refund will be required from producers.

Price-support loans will be available to program participants at \$1.08 a bushel for No. 2 corn and \$1.73 a hundred-weight for grain sorghum. These are national average loan rates; county loan rates will vary somewhat from these averages.

The 1971 loan rates on other feed grains will be: Barley, 81 cents per bushel; oats, 54 cents per bushel; and rye, 89 cents per bushel. The wheat loan rate will be \$1.25 a bushel, and the soybean loan rate will be \$2.25 a bushel for No. 1 grade.

Substitution will be allowed for wheat and feed grains. That is, acreage planted to wheat (above a farm's what allotment) will be considered planted to feed grains for feed grain base history purposes. A producer with a feed grain base and a wheat allotment can plant his eligible cropland acreage to wheat, corn or grain sorghum without loss of history, and will receive both wheat certificates and feed grain payments. He must meet the set-aside requirements for both programs and maintain his farm's conserving base, as well as sign up for both programs.

Other provisions of the 1971 Feed Grain Set-Aside Program relate to set-aside on summer fallow farms, use of set-aside acres, land eligible for set-aside types of conserving uses, payment limitation of \$55,000 per person, preventing loss of base history, and various regulations on program participation.

Miss Fuhrmann Attends Confab
 Wanda Fuhrmann, daughter of Mr. and Mrs. Ronald Fuhrmann, 505 Union, Hereford, was one of 850 university students from eight states who attended a Leadership Training Conference at the Adolphus Hotel in Dallas, Texas, from Dec. 27 to Jan. 1.

Miss Fuhrmann, a senior at the University of Texas participated in the five-day training conference sponsored by the South Central region of Campus Crusade for Christ International. "With youth in revolt and society in confusion, the students at this conference were trained to mobilize into a campus-changing force," said Bill Bright of San Bernardino, Calif., the founder and president of Campus Crusade who spoke on the last day of the conference. "They learned how to experience the abundant Christ in a life and how to communicate it effectively to others," Bright said.

Campus Crusade for Christ International is an inter-denominational movement of Christian students and laymen. It was founded by Bright in 1951 at U. C. L. A. to present Jesus Christ as the solution to today's problems. It has 2,200 full-time staff members and is active on more than 450 university campuses in the United States, as well as in 44 foreign countries.

The conference in Dallas was one of six similar conferences held simultaneously in the U. S. and Canada. Other host cities included Vancouver, B. C., Atlanta, Philadelphia, Chicago, and San Bernardino, Calif. Over 6,000 students attended these Christmas vacation training conferences.

HOW COME HE MISSED?
 ALBUQUERQUE, N. M. — As a sophomore, Joe Hartshorne set a University of New Mexico place kicking record in 1969 Hartshorne made 20 of 21 points after touchdown attempts and 8 of 9 field goal efforts.

New Cotton Program Offers Opportunities

More opportunity is open to cotton growers in planning their 1971 farm operations than has been possible in previous years, according to Frank J. Bezner, Chairman of the County Agricultural Stabilization and Conservation (ASC) Committee. "More opportunity, more decisions, more freedom, and more responsibility for each grower are provided in the Agricultural Act of 1970, which is now the basic farm program law through 1973," he added.

The Upland Cotton Program is part of an over-all program designed to: (1) give farmers more flexibility in making their farm operating decisions; (2) protect farm income; (3) keep our agricultural production in line with anticipated needs; and (4) put a greater reliance on the marketplace as the principal source of farm income.

The ASC Committee Chairman provided this general summary of the new cotton program:

No marketing quotas or penalties will be in effect, which means any farmer can grow as much cotton as he chooses without having to pay a marketing quota penalty. However, cotton program payments and loans will be available only to growers with farm allotments who sign up and participate in the program. Farm allotments are apportioned on the basis of the farm history of cotton acreage in previous years.

A national cotton allotment of 11.5 million acres has been set for 1971. The Deaf Smith County allotment for 1971 will be approximately 6300 acres.

Signup period will be March 1 through April 9. To participate in the program, a grower must sign up during that period at his County ASCS office.

Growers who participate in the cotton program will be required to set aside an acreage which will not be more than 20 percent of their farm's base acreage cotton allotment for their farm. The final set-aside percentage will be announced before signup. This set-aside must be devoted to conserving uses. Participants must also maintain the farm's conserving base in conserving uses.

Apart from the set-aside and conserving base acreage, they will be free to plant their remaining acres to cotton, or to any other crops except those under marketing quotas. Quota crops for 1971 are rice, peanuts, tobacco, extra long staple cotton and sugarcane.

Growers who sign up, set aside the required number of acres and maintain their farm's conserving base will be eligible for price support loans on their entire cotton production and will receive price-support payments on the acreage planted and cared for in a workmanlike manner within the farm allotment.

The national average price-support loan level will be 19.5 cents per pound, net weight, based on Middling one-inch cotton, micronaire 3.5 through 4.9, at average location. The change from gross weight to net weight for cotton loans was announced several months ago, Mr. Bezner said. If loans were to be made

in 1971 on the basis of bale gross weights, as was the case in 1970 and earlier years, the 1971 loan rate on cotton would be approximately 18.7 cents per pound.

The term of price-support loans on 1971 cotton will be 10 months from the first day of the month in which the loan is made, provided the producer presents a warehouse receipt showing that not more than 60 days storage charges have accrued on the cotton. In prior years, the loan maturity date on July 31 following the year in which the cotton was produced.

The cotton price-support payment yield for any year will be determined on the basis of the actual yield per harvested acre for the three preceding years, except that the 1970 farm projected yield will be substituted in place of the actual yields for the years 1968 and 1969. There is a provision for adjusting the actual yields for abnormal yields in any year caused by drought, flood, or other natural disaster.

The price-support payment rate for 1971 will be equal to the difference between 35 cents per pound and the average spot

VISITORS FROM GIRLSTOWN — Two residents of Girlstown U.S.A. were house guests of Mrs. Viola Williams, 404 Western, for several days during the Christmas holidays, returning on the weekend to begin school Monday. In a quiet moment at the Williams home, Kathy Skinner works on a jigsaw puzzle with some over-the-shoulder advice from Carolyn Hilliard, Mrs. Williams, a member of the board of directors for the girls' residence home at Whiteface, frequently brings girls to Hereford for visits.

market price of Middling one-inch good 'mike' cotton for the five months, August through December 1971. However, this payment cannot be less than 15 cents a pound. The payment computation will be figured on the acreage planted within the base acreage allotment times the farm payment yield.

Producers will receive the preliminary price support payment of 15 cents a pound as soon as practicable after July 1. The final payment, if any, will be made soon after December 31, 1971, the end of the first five months of the marketing year. No refunds from producers will be required if the final payment rate turns out to be less than the 15 cents per pound.

A producer who plants less than 90 percent of his cotton base acreage allotment will lose a portion of it the following year equivalent to the percentage he underplanted, up to 20 percent. If for three consecutive years he plants no cotton, and receives no planted acreage credit, the entire allotment will be removed. All allotments removed from farms will be reallocated to other cotton farms.

Additional provisions of the 1971 cotton program relate to transfers of farm allotments, payment limitation of \$55,000 per person, bonus payments for small farms, skip-row planting, and regulations on program participation.

The provisions will be publicized through newsletters, farmer meetings, and letters to producers as well as through further news releases to the press. In addition, farmers who have specific questions concerning program provisions should contact their County ASC office.

"The County ASC Committee and the County ASCS office will make every effort to see that farmers and all other interested persons are fully informed about provisions of the new farm programs," Bezner said.

THANK YOU

A great big "Thank You" to a wonderful group that planned the farewell party for me — The Plaque, cash corsage and money tree were great-espacially coming from friends such as you-thanks to everyone involved — and to you that came by to visit, was so nice to have you. To all of the people of Deaf Smith County, thanks for letting me be your Treasurer these thirty (30) yrs.
Sincerely, Velma Hodges

CARD OF THANKS

MY children and I would like to take this time to express our deepest appreciation to everyone for all the help, flowers, cards and prayers given for the loss of our loved one. I would like to thank Rev. Bill Parvin, Don Larkin, H. V. Fields and Harvey Hudson, also Dr. Hunt, Dr. McCrary, and Dr. Payne for their help. A very special thanks to those employed at Wilson Beef & Lamb Co.
Mrs. Gaylon Hudson and Children.

Austin, Texas, is forecast to grow by 55 percent from 1970 to 1980, according to the National Planning Association.
