

City Approves \$1.5 Million Budget

Pioneer Gets Nod For Monthly Adjustments For Cost Of Gas

By DON RICHARDS
Brand News Editor

With a promise of no new taxes or service charges, the Hereford City Commission Monday approved a new \$1.5 million budget and then handed Pioneer Natural Gas a long, sought-after monthly adjustment in the cost of gas.

The new budget passed by the Commission is expected to be well within the revenues total for the city. Total budgeted disbursements were set at \$1,585,250 for the 1974-75 fiscal year which begins May 1. Total revenues during the upcoming fiscal year were estimated at \$1,624,868 with a surplus left over from this year of \$391,276 for total available funds at \$2,016,144.

"The city is in really good condition," said Dudley Bayne, city manager, who proposed the budget. "We have a relatively small bonded indebtedness for this size city and this proposed budget

allows us to adequately operate all departments within the city."

PIONEER Natural Gas, through local manager Dale Young, had first appeared before the commission in September to ask for the change to allow Pioneer to adjust consumer bills on a monthly basis to reflect increases to Pioneer in costs of gas at the wellhead. The utility company in the past has had a yearly adjustment clause which, in effect, allowed the company to make the same cost-of-gas adjustments.

Young had stressed to Commissioners that the change to monthly adjustments would not cause any undue increase in cost of gas to consumers. He said it would just pass it (increased cost of gas) to consumers on a monthly basis instead of yearly and therefore allow Pioneer constant cash flow to bid for new gas reserves.

THE COMMISSION declined the request in October and then agreed to

reconsider it during the Feb. 4 meeting. Young Monday night presented some answers to the questions of commissioners about increased expenses of "dry holes" and interest paid by the company.

However, Young said there would definitely be "no doubling up" of costs to consumers, as had earlier been questioned by the Commission.

On a motion by Frank Barrett and second by Dub Boyd, the Commission then unanimously approved the request. The approval by the Hereford Commission follows that of several city commissions in area towns.

Young told The Brand that local consumers could expect to see the monthly adjustment begin with "either the March or April billings."

IN OTHER major action at the meeting, Commissioners decided to give

Jump Ball!

Hereford Junior Mustangs falls to the floor after grabbing a rebound off the boards at the same time as a Lubbock Coronado player. The referee is shown signaling for a jump ball after the two players tied the ball in the air. Hereford's Dennis Nogger is seen.

Trustees Take Insurance

The Hereford School Board of Trustees Tuesday morning approved a bid of \$17,762 from Plains Insurance Agency for one year's insurance coverage of buildings in the school system.

The action, which came in a special called meeting, followed a lengthy discussion over the bid from Plains, and a second bid from Lone Star Agency.

The board rejected a three-year in-

surance plan coverage — that could have "locked-in" the premium rate — in order to allow the two firms, and any other insurance firms, an equal opportunity to bid next year for insurance coverage on the entire school system.

The meeting was called specifically to discuss the insurance after trustees postponed definite action during a regular meeting of the board last week. Bud Eades, representing Plains which carried the policy last year, had appeared before the board to renew the insurance and said the premium would be \$21,584.

However, Ken Rogers of Lone Star Agency, then requested to submit a bid for reinsurance. Trustees then set up the special meeting to allow both firms an equal opportunity to bid.

TUESDAY MORNING Lone Star submitted a bid of \$19,132 on a one-year plan and then submitted a bid of \$18,481 per year for a three-year plan.

Eades then presented his bid for \$17,762 per year as either a one-year or a three-year bid.

Both bids were made and typed into letter form before the meeting had begun.

"By having competition bidding we saved \$3,800 from the original bid," said Bobby Veigel, board member, in discussing which bid to accept. "I feel that must be considered in deciding which bid to accept. On a three year plan that could mean more than \$11,000."

"The Lone Star Agency saved us money by entering into it and I feel we should consider that before we necessarily take the low bid."

"The two bids made a lot of difference in the premium rate," said Dr. Ron Zimmermann. "It is definitely in the best interest of the school to take more than one bid."

DR. ROY HARTMAN, superintendent, then explained why only one bid was submitted the first time. "We had a situation here several years ago in which the best interests of the school were not served by competition bidding. The

school went many months without insurance at all and it could have been real trouble.

"It's mine and Larry Wartes (administrative assistant) fault for not getting competition bids the first time," Hartman added. "I was not aware that we could even get competition bids because it hasn't been that long ago that the school got into trouble because it did take bids on school insurance."

Trustees Dr. A.T. Mims, Hilrey Aven and Hugh Clearman agreed with Hartman that at one time the school "got in trouble" because of competition bidding.

"Well, I just feel we need to consider more than just the lower bid in this situation," said Zimmermann. "On a three year plan we saved \$11,250 by meeting this morning."

However, board member Danny

Harris, Tarr Hold Off CHS

Two big "steals" by James Harris and two blocked shots by Lynn Tarr helped the Hereford Whitefaces hold off a late surge by Coronado, and the Herd scored a 58-53 triumph over the Lubbock team here Tuesday night in the last regular game of the season.

Hereford, the "surprise" team of the district, and Plainview tied for the first half of the conference action, while Monterey claimed the second round without a loss. Officials of the three schools were to meet Wednesday to determine the playoff arrangements.

HEREFORD had four of its starters in double figures Tuesday night, and Harris led the way with 17 points. Mike Albiar hit 16, while Dan VanderZee contributed 13 and Dennis Nogger 10. VanderZee was in early foul trouble and saw limited action in the second half. He

fouled out with 3:04 left in the game.

Charles Quisenberry led the Coronado attack with 15 points, while two others scored in double figures. Officials limited the physical contact of the game, and Hereford wound up with 18 points at the charity line on 26 attempts. Coronado was 15 of 19 at the free-throw line.

HEREFORD took the lead in the first period, but the Mustangs came back with a 14-13 advantage at the close of the period. The Herd got hot in the second period and reeled off 23 points to take a 36-31 lead at halftime.

The Whiteface lead was cut to one point, 42-41, early in the third period, but

then pulled back ahead by five, 46-41. The Mustangs battled back to lead by 47-46 late in the third quarter, but Harris hit a jumper from the baseline just before the stanza ended for a 48-47 Hereford lead going into the final 8 minutes.

CORONADO jumped in front one more time at 49-48, then Hereford took the lead and kept it the rest of the way. Harris hit underneath and Albiar struck from long range to make it 52-49.

Harris stole a pass and fed Albiar, but he was fouled on an attempted lay-up shot. Officials added a technical when a player on the bench made a remark, and Albiar hit 2 of the 3 shots. That gave the Herd a 54-49 lead with 4:18 remaining.

Harris stole the ball again and fed VanderZee, who hit a reverse lay-up for a 56-49 advantage. After a Coronado score, See HERD Page 2

Playoff Planned Friday

The Hereford Whitefaces and the Plainview Bulldogs will meet at 7 p.m. Friday in Wayland College's Hutcherson Field House in Plainview in the first round of a two game District 4-AAAA playoff, officials announced Wednesday morning.

Winner of the match will then play

Lubbock Monterey Saturday night in the first round of district play and Monterey won the second round outright, thus necessitating the three-team playoff series.

Local Cowboys Featured In Germany News

By SUE COLEMAN

Deaf Smith County cowboys will soon be featured in the pages of a Munich, Germany, newspaper as the result of a visit here by Peter Sartorius, whose assignments in the United States also included covering the end of the Skylab space mission and the recent Mohammed Ali-Joe Frazier fight.

Sartorius was a house guest of the Elmer Kimballs while he spent several days in Hereford, visiting ranches and feedyards to get a picture of life of modern cowboys.

His story about this area will concern not the cattle feeding industry, but the actual work of cowboys today in contrast to that of open range days which is depicted in stories and movies familiar to European residents.

The personable young newsman became acquainted with the Kimballs through Frank Hergert, student from Germany who lived in their home while he attended Hereford High School in the American Field Service program several years ago.

Hergert's mother, Lilo Stephan, is employed by a

publishing firm in Nuremberg, and was Sartorius' secretary when he was on the staff of that paper.

Mrs. Stephan and other members of her family have visited in the Kimball home since Hergert was here, and Mr. and Mrs. Kimball have returned their visits.

Sartorius has also worked on a smaller paper in Germany, in the Black Forest region. He travels widely now, as a feature writer, and his story on the end of the Skylab program follows one of U.S. space exploration that he wrote three years ago on the Apollo mission.

Other recent assignments have been to an island off the Scottish coast and to Hongkong. In fact, he says he has been in all parts of the world except black Africa and Australia.

From Hereford, he was flying to Iceland to write an account of the recovery of a small town which was devastated by a volcanic eruption. The story was covered by Sartorius.

Just before his plane was due to leave Saturday he was shopping in a Hereford store for a pair of boots to take home not for himself but for his 16-month-old daughter who will soon be old enough to appreciate a souvenir from Texas, he says.

PETER SARTORIUS

Branding Time

By Speedy Nieman

That feller on Tierra Blanca Creek says it's easy to forgive a child who is afraid of the dark; the real tragedy is men who are afraid of the light.

FRIENDS of the Bob Ginn's will have opportunity to help during a time of need when a special blood-bank drive is held here Friday from 3 to 5 p.m. in the Community Center. Mrs. Ginn, wife of the ag manager at Holly Sugar's Shoup plant, recently underwent extensive surgery.

For each pint of blood donated to the drive, a credit of \$10 will be applied to the Ginn hospital account. Sounds like a fine way to "give of yourself."

THE GASOLINE crisis made the headlines on the national and state news scene Wednesday. Energy chief William Simon reported Presidential orders to "do something about the long lines at stations," while Gov. Dolph Briscoe announced that there is no gas rationing in sight for Texas.

No long lines of cars at stations were reported in Texas, and state officials feel that each operator can handle the supply in an equitable manner — much better than it could be handled under a rationing system. That's good news we hope it proves true.

CONGRATULATIONS to the Hereford Whiteface basketball team for making the district playoffs. The team was not ranked very high by the "experts" when the season started, but they have completed the regular season with a fine 22-10 won-lost record and still have a shot at the 4-AAAA title.

We'd also like to commend the Hereford coaching staff for good conduct on the sidelines. Fans have noted that some coaches of other teams did not serve as very good examples for their players during this season!

THE LONGER A MAN WORKS the more he realizes that organizations seem to be governed by certain mystical and unalterable laws. Some of the most famous of these are:

Murphy's Law — If something can go wrong, it will.

Weller's Law — Nothing is impossible for the man who doesn't have to do it himself.

Chisholm's Law — Anytime things appear to be going better, you have overlooked something.

Pingie's Law — Once a job is fouled up, anything done to improve it makes it worse.

Crane's Law — There is no such thing as a free lunch.

OVERHEARD DURING business hours: "Mr. Paddlefork, I've taken all the criticism of my work from you I can stand. How do you spell quit?"

City Approves \$1.5 Million Budget

Continued From Page 1
 two weeks notice before discontinuing fire department service to surrounding counties. The decision came after Bayne told commissioners that surrounding county judges had not responded to letters written Dec. 14 by Earnest Lappley, city attorney.

The city had written the letters to surrounding county commissioners seeking relief from liability in incidents connected with fire coverage.

"We make many fire runs to places

just inside counties that surround us," said Bayne. "We have made quite a few to Summerfield and feedlots near Summerfield to extinguish fires. (Summerfield is in Castro County).

"WE ARE NOT asking any great monetary contract with the surrounding counties," said Bayne. "We just want to be relieved of any liability when covering a fire outside Deaf Smith County. It's a real service to these other counties and I feel they should at least have the cour-

tesy to answer our letters."

The Commission discussed dropping the fire coverage immediately, but decided on the two week period to allow time to notify the feedyards just outside the county which would be most affected by the action.

The Commission also authorized Langley to write a "letter to the editor" to the Castro County News in Dimmitt to tell of the Commission's action and the reasons for the action.

"Summerfield will be the most hurt by this action," said Mayor James Sears. "But we have no other choice. If Castro and other surrounding counties don't give us a liability contract then we are leaving ourselves wide open to personal law suits. The only way to avoid this without the contract is to just drop fire coverage outside the county."

The contract would have to be approved by the Deaf Smith County Commissioners because of the present setup with the fire department serving as a joint city-county venture. However, the city commission would be the party affected by law suits resulting from incidents involving fire runs outside the county.

THE COMMISSION also voted to add six new police car units to the Hereford

Police Department and put four used police car units up for public bid.

The commission accepted a low bid of \$23,468.90 for the six new units from Orval Watson Ford Sales. The approved bid was an alternate bid for a heavier unit than had been used the past year. The bid was for six 1974 Mercury Montereys.

Also bidding in the proposal was Johnson Chevrolet and Jones Motors, who submitted only a base bid with no alternate bid.

The Commission then decided to hold a public bidding in the near future to sell the four present police units in addition to other city equipment, which Bayne said included several pickup trucks. Opening and deadline dates for the public bids will be announced later.

THE COMMISSION also officially set the city election for April 2 in the Community Center. Election judge appointed was Lloyd Sharp with Robbie Seed as alternate. Places 3 and 4, presently held by Dub Boyd and Frank Barrett, will be up for election.

Both Boyd and Barrett have filed for re-election and Harvey Milton has also filed for Place 3. Filing deadline has been set at March 1 at City Hall.

Commissioners briefly discussed extraterritorial jurisdiction and legalities involving the annexation of property. The city presently is involved in annexation procedures for a portion of south Hereford and Langley was asked to temporarily "hold off" on annexation until the legalities are cleared.

IN DISCUSSION of the new budget brought out comments from Sears and commissioner Hap Cavness concerning recreational facilities in Hereford.

Sears said he felt the city should look into adding more tennis courts if it was felt the budget could "stand the addition."

Cavness then suggested that some

action needs to be started toward studying a "recreational center" in the city. He commented about the special action council created by the Deaf Smith County Chamber of Commerce for a similar purpose, but added that he felt the city and county governments should be involved and interested in working for the facility.

Bayne said he felt a bond issue would be necessary and Sears added that local residents want a nice facility, but that the cost of the many proposals would scare people away. Sears agreed that the facility was needed, but said caution should be used to make sure local residents would approve such a bond issue. He estimated \$4-5 million would be needed to build the facility needed here.

COMMISSIONERS also discussed the adding of a part-time "meter-maid" to control the parking in downtown Hereford. The Commissioners commented that many persons are taking advantage of the two-hour parking spaces.

Bayne said that a city patrolman would be assigned to part-time duty on

parking to see if the problem could be lessened.

In working out the budget, Bayne said two new positions have been added to the city including a watchman at the city dump, and a full-time director of public works.

THE NEW budget, which was approved after a public hearing at which no one appeared to protest any part of it, also showed property values in the city at \$96 million. Ten years ago the property value in the city was at \$46.8 million.

Assessed values for property in the city are at \$43,272,450.

Bonded indebtedness was listed at \$1.8 million for the six outstanding bond issues.

"This figure is very low considering the assessed values in the city," said Bayne.

Total revenues for the general fund was listed at \$1,534,100 for the upcoming fiscal year with a surplus of \$330,409. Total disbursements in the general fund for the upcoming year were set at \$1,494,560 with an operating reserve of \$369,940.

All commissioners were present at the meeting.

 Albiar hit two more free shots for a 58-51 lead. Tarr blocked a Mustang shot and it was still 58-51 with 2:13 left. Morales missed a lay-up shot, then Quisenberry stole a pass and drove down the court. Tarr made another clean block of the shot, and the score was still 58-51 with 50 seconds left.

HEREFORD won the junior varsity game, 54-45, but lost the sophomore contest by a one-sided score of 61-29. Craig Nieman led the JV scoring with 15

points, and James Arney added 9 points. Mike Crim was top scorer for the sophs with 8 points.

Board Pleased With Hospital Poll

Directors of the Deaf Smith County Hospital District held a routine monthly meeting Tuesday morning, with general discussion on several items highlighting the session.

Ron Welty, hospital administrator, presented the monthly financial statement and also distributed a summary on the results of a "patient opinion poll." He also discussed the possibility of some remodeling work in the old wing of the hospital, and the possibility of establishing a "satellite" training center here in cooperation with the Texas Tech School of Medicine.

The board approved the application of Dr. Ernest Cabrera as an active member of the hospital's medical staff. As a new physician in the community, his membership on the staff had been on a temporary basis for a specified time.

Dr. A.T. Mims gave the monthly medical staff report, announcing that an accreditation survey team is scheduled to be here March 15. The hospital will be seeking accreditation for another two-year period.

Directors also authorized Welty to pursue his talks with Texas Tech officials on the possibility of establishing a training center here for the medical school. He said the financial aspects of the program are now being studied, including the possibility of securing grants.

49-Year Resident Here, J.H. Reinart Is Buried

Funeral services for Joseph Henry Reinart, 82, a resident of Deaf Smith County for 49 years who died in Deaf Smith County Hospital, Monday after a short illness were conducted Wednesday morning in St. Anthony's Catholic Church of which he was a member. The Rev. Bernard McGorry, S.A. officiated.

Rosary services were held Wednesday evening in Rose Chapel of Gilliland-Watson Funeral Home and burial in Rest Lawn Memorial Garden. Grandsons of Mr. Reinart served as pallbearers and acolytes.

Mr. Reinart was born July 28, 1891 in Roselle, Iowa, and moved to Lindsay, Texas with his family in 1900. There he married Mary Lueb on Jan. 26,

1915. In Nov., 1924, he moved to a farm 9 miles southeast of Hereford. Since 1953 they have lived in town and presently, the family home is at 423 Star.

Surviving him are his wife; two daughters, Mrs. Armella Wiecek and Mrs. Helen Batenhorst, both of Umbarger; five sons, Alfred of Dumas, Arhart, Esidore, Elmer and Leander, all of Hereford. He is also survived by sisters, Sister Mary Perpetua Reinart, O.S.B., of Blytheville, Ark., Mrs. Maggie Mosser of Slaton, Mrs. Lizzie Spaeth of St. Joseph, Mo. Mrs. Mary Walterscheid of Carlsbad, N.M., Mrs. Susie Perry of Fritch and Mrs. Louise Mirisak of Gainesville and three brothers, Hank and Bill of Lindsay, and Vincent of Muenster; 42 grandchildren and 17 great grandchildren.

Hereford Woman's Uncle Is Buried

Burial services for Artie Payton of Gentry, Ark., former longtime resident of Dimmitt and the uncle of Mrs. Oscar Lee Williams of Hereford, are

scheduled at 2 p.m. today in Gentry.

Mr. Payton lived at Dimmitt 30 years before moving to Arkansas. Mrs. Williams was in Gentry for the funeral services.

Two Relatives Die Within Recent Week

Death of Mrs. Ella Collingwood in Sturgis, S.D. last Friday was the second in the immediate family of Mrs. Etta Cowan and Mrs. L.A. Ashlock of Hereford, occurring within the space of a week.

Mrs. Collingwood was their sister. A brother, W.O. Burton, died Feb. 9 in Concord, Calif. Funeral and burial of the two family members were conducted in their respective hometowns.

Other relatives in Hereford are their nieces, Mmes. Guy Cornelius, Franklin Ashlock and Elsie Russell.

Graveside Funeral Conducted For Infant

Graveside services for Bryce Alan Christie, infant son of Mr. and Mrs. Jimmy C. Christie of Summerfield, were conducted in West Park Cemetery Tuesday morning by the Rev. Jim Pickens, pastor of Forrest Avenue United Methodist Church at Lubbock and former pastor at Dimmitt.

Burial was directed by Gilliland-Watson Funeral Home.

The baby died Monday. He is survived by the parents; grandparents, Mr. and Mrs. L.F. Shamon, Mr. and Mrs. Kenneth Christie, all of Hereford; and great-grandparents, Mrs. Gladys Christie of Lubbock and W.J. Thomas of Hereford.

Community Conference Planned Next Week At Community Center

The Advisory Council for Technical - Vocational Education in Texas will co-sponsor with Hereford Independent School District a Community Conference on Technical - Vocational Education next Thursday, Feb. 21, at 2 p.m. at the Community Center.

People and their needs as these relate to "Education for Living and Making a Living" and implications for the individual are the overall focuses of the community conferences.

The objectives of the conference are:

1. To provide a public forum on technical, vocational, adult and manpower education in respective communities of the state.
2. To inform citizens about studies, proposals and opportunities in technical, vocational, adult and manpower education in the state.
3. To determine the effectiveness of local, state and national efforts to make educational experiences relevant to individual and community needs.

4. To secure information from citizens of the community concerning the educational needs of the individuals and the community as a basis for planning and management at the local and state levels and to provide input for the fifth annual reports of the Advisory Council.

The conference should be interesting and informative. All citizens of the community are invited to attend.

Advisory Council members who plan to attend from out-of-town are Roy Davis of Lubbock; W.T. Crouch of Itasca; Robert McAbee of Ft. Worth; and Alton Lee and James Keeton of Austin.

Blood Bank Scheduled Friday For Mrs. Bob Ginn Fund

A special blood bank drive is scheduled for 3-5 p.m. Friday at the Community Center to aid in the hospital fund for Mrs. Bob Ginn.

Mrs. Ginn, wife of the agricultural manager at Holly Sugar plant in Hereford, recently underwent extensive surgery. The blood bank Friday is expected to help defer expenses of the operation and hospital costs.

Persons donating one pint of blood will be crediting Mrs. Ginn's hospital account \$10 for each pint.

The mobile unit of the blood bank will also be in Hereford on regular schedule from 3-6 p.m. Feb. 27 at the Community Center.

DST Opposed

Senator Lloyd Bentsen has urged the chairman of the Senate Commerce Committee to speed up consideration of legislation repealing year-round daylight savings time.

In a letter to Senator Warren Magnuson today, Bentsen asked that the bill be presented to the full Senate as quickly as possible.

"Year-round daylight time was supposed to save us a lot of energy, but now that I have seen it in operation, I seriously doubt

that the savings is worth the cost," Senator Bentsen said. "I am particularly concerned about the safety problem," the Senator said.

"These little children are lined up in the dark to go to school, and I almost ran over one the other day riding along on his bicycle. I must say I was really shaken by the experience."

Bentsen said he thinks Congress will repeal winter

daylight time, if the bill is not bottled up in committee.

"I think most of us realize that we made a mistake in the Congress when we accepted the Administration's proposal for year-round daylight time," Bentsen continued.

"Congress must dispose of winter daylight time as quickly as possible and concentrate on more workable programs to conserve and increase energy supplies," Senator Bentsen said.

Carnival Slated

Parishioners from St. Anthony's and St. Joseph's schools will have their annual Parish Carnival on Sunday, March 3 from 12:30-6:30 p.m. in St. Anthony's School with Edward Schilling serving as chairman and Allan Brockman, co-chairman.

There will be various booth, a sweepstakes raffle, country store, mystery box, country auction and a big money raffle as entertainment. Refreshments will be on sale in the cafeteria.

Joe Schumacher, chairman of the country auction, which will take place at 3:30 p.m. asks that anyone who will give household items, sports equipment, useful farm-related items, or other items, to please contact him or his committee members: Leander Reinart, Raymond Schiabs or Kenneth Walterscheid.

Reinart, Raymond Schiabs or Kenneth Walterscheid.

Change In Club's Officers Is Made

Mrs. Dean Stallings, vice president of Progressive Extension Club, was advanced to the presidency Tuesday when the resignation of Mrs. Floyd McGee as president was accepted. Mrs. Dick Fellers was elected vice president.

Mrs. A.B. Jacob was hostess to the club in her home. The program subject was Family Stability. Mrs. Pete Carmichael's topic was Lessons From Life, while Mrs. Fellers discussed The Parent-Child Generation Gap.

Progressive Club has enrolled two new members lately. Mrs. James Murrell and Mrs. Carmen Lopez.

Other members at the Tuesday meeting were Mrs. H.L. Hershey and Mrs. Tom Morgan.

Vega PTA Plans Tourney

The Vega School PTA is planning to sponsor a volley ball tournament March 21-22-23. Any type of teams may be entered in the tourney and persons interested in entering a team should contact Eddie Gibson at Vega High School.

Over \$1 Million Goes Up

HOW MUCH effect has the campaign against cigarette smoking, begun just 10 years ago by the Surgeon General, had on residents of Deaf Smith County?

Are they smoking more or less than they did in January, 1964, when he issued the warning that cigarette smoking was a hazard to health and to life? The findings are that many people heeded the warning and quit permanently. Others cut down on their consumption but found it too difficult to give it up completely.

The downward shift has been offset, however, by the growing use of cigarettes by teen-agers, especially young girls.

The net result is that, despite all efforts on the part of the Public Health Service, the National Cancer Institute and others to get people to give up cigarettes, there are now some 52 million smokers in the United States, which is 2 million more than in 1964, when the campaign began.

The facts and figures come from national statistics compiled by the Department of Agriculture and from area reports released by the tobacco industry and others.

In Deaf Smith County, a breakdown shows, approximately 2,263,000 packs of cigarettes were sold in the past year.

Related to the local population over 18, this was equivalent to 169 packs per capita.

Throughout the United States as a whole, by way of comparison, the average was 206 packs. It was 180 packs in the West South Central States.

With the feeling that most of the smokers who could be turned away from cigarettes have already been turned and that the smoking habit "will continue for the next several decades, at least," the National Cancer Institute is trying a new approach.

What with the rising taxes levied on cigarettes, smoking has become a more costly habit. Residents of Deaf Smith County spent some \$1,075,000 in that direction last year, or about \$80.30 per smoker, it is estimated.

Forum

Slated Here

Hereford's Planned Parenthood Chapter invites the general public to attend a neighborhood health program Thursday and Friday at Community Action Center.

Discussion topics will include childhood diseases, nutrition, infant health and development, tuberculosis and personal and neighborhood hygiene.

The forum is slated for 9:30 a.m. - noon and 1:30 - 3:30 p.m. both days.

RECIPE

By Sarah Anne Sheridan

Eggplant Casserole

The eggplant is a vegetable whose flavor is enhanced and often more desirable when combined with a variety of ingredients. The versatility, therefore, makes it a queen among cooks who enjoy turning out delicious casseroles. This recipe while simple, is one designed for those who like the subtle taste of the eggplant.

- 1 large eggplant, pared and cut into pieces
- 1 medium onion, quartered
- 3 T butter
- 1 slice of white bread
- 2/3 c grated sharp cheese
- 1 egg, separated
- salt and pepper

Boil the eggplant and onion until tender. Drain well and chop finely. Add butter, crumbled bread, half of cheese, egg yolk, and seasonings to taste. Mix well. Beat egg white until stiff and fold into first mixture. Pour into a buttered, shallow dish and sprinkle remaining cheese on top. Bake for 1/2 hour at 300 degrees.

CELEBRATION SAFEWAY

POINT OF VIEW
What's
in an
autograph?

By **DON FREEMAN**
 Copley News Service

HOLLYWOOD — After reading John Lahr's excellent first novel, "The Autograph Hound," I fell to thinking about the peculiar nature of fame and the moths that are attracted to it, with paper and pen. I thought of the oddity of the autograph itself, which is enduring evidence of some contact with the famous, however slight and fleeting and impersonal.

As a kid, I had a short-lived, half-hearted interest in collecting autographs. First, by some mystic unwritten formula of growing up, you hoarded stamps, then bubble-gum cards, then coins and then, often as not, you went after autographs.

My interest was already on the wane when, at the age of 11 or 12, I sought the autograph of the idol of any right-thinking American boy, a big league baseball player.

On this day, in the home-stretch of a pennant race, the object of my pursuit had gone for the collar. The ballclub had lost a doubleheader and his contribution was eight times at bat and not one base hit. My timing, in other words, was really terrific.

I caught him as he left the clubhouse and he was walking, disconsolate, head down, to his car. I waved my autograph book and a stubby pencil in his face.

"Sir, may I have your autograph, please?" I said.

"Beat it, kid," he said.

Disenchanted, I threw away the autograph book and never got another. Not long ago, I was talking about this phenomenon, the notion of acquiring signatures of the celebrated, with an authority on the subject. He is Charles Sachs, a bright and merrily articulate fellow who operates the scriptorium in Beverly Hills and is the largest autograph dealer west of Philadelphia.

"The value of an autograph isn't necessarily related to fame," Sachs noted. "Your average television star, known to millions all over the world — his autograph may be worth only \$5 or less, the bottom of the barrel. Bob Hope, for instance, signs his name so often his autograph doesn't mean much on the market."

"An average movie star's autograph may be worth, oh, maybe \$15 or \$25. On the other hand, a signed photo of Greta Garbo, if I could get my hands on one, I'd ask \$350 for it and have no trouble selling it. Katharine Hepburn's signature on a letter is worth about \$100. In the autograph business, you can make a lot of little money, so to speak."

"The collecting of autographs — I'm talking now about serious collecting, of signatures on historic documents and archives — has brought investors into the market," Sachs went on. "It's a rapid growth market which rises 25 per cent a year. Historic autographs can have real value."

"Is it true that Babe Ruth was the first celebrity to give out his autograph?" I asked.

He scoffed. "Babe Ruth!" he said. "Hardly. Autograph collecting goes far back into time. Julius Caesar was an autograph hound. Back in Elizabethan times, the people wanted the signatures of their heroes. In this country, Sitting Bull's signature was prized. At first, he would make his sign, a picture of a buffalo. Later, he learned to write his name white man's fashion."

"For serious collectors, autographs are a matter of history. Autographs are collected for the same reason people want Civil War guns or old letters or documents from the Revolutionary War. George Bernard Shaw used to charge a small fee for his autograph. And then he'd hand out an acerbic printed note about the whole practice of requesting autographs."

REJECTS AGNEW OUTLINE
NEW YORK—Former Vice President Spiro T. Agnew offered the outline of a novel to Random House but the firm rejected the proposed book, a spokesman for the publishing firm said.

 We observe that the post-office delivers tax-due notices on time.

DEAF SMITH COUNTY CELEBRATES

F.F.A. WEEK

FEBRUARY 17-24

**DEAF SMITH COUNTY
MERCHANTS SALUTE
THE FUTURE FARMERS
OF AMERICA...**

The Future Farmers of America give a thorough education in the most recent farming techniques for the young men and women of America's farming community. We salute the F.F.A. for an endless effort to improve all the aspects of farming. In classroom instruction, in the field training and scientific research the F.F.A. has conquered many of the hazards that have slowed down farm production in the past.

**THE FUTURE FARMERS OF AMERICA WELCOME THE
CHALLENGE TO BUILD A STRONGER AMERICA**

Bull-Breakin' Babe

Cindy Dodge, the new Miss Winston, enjoys rodeo activities whether they involve romping in mud like this or eating a bronco's dust. The six-year veteran has won world championship honors in team roping, bull riding and calf roping.

Rodeo Lassoos Cowgirl

Cindy Dodge, current World's Champion Team Roper of the Girl's Rodeo Association, has joined the Winston Rodeo Awards program as Miss Winston Rodeo Awards and will assist in a variety of public relations assignments throughout the professional rodeo circuit.

The daughter of Mrs. Jane Dodge, Marysville, Calif., Cindy will continue to live in Marysville. A horsewoman since childhood, the pert 23-year-old started showing horses at the age of eight.

She qualified for the American Horse Show

Association hunt seat medal finals for two years, the stock seat medal finals for one year, and the American Quarter Horse Association stock seat finals for one year.

Her real interest in rodeo started some six years ago when her father, Don Dodge, a thoroughbred trainer, felt she was old enough to rope from a horse.

Although Cindy is justly proud of her world championship buckle in team roping, she managed to finish second for the world championship in bull riding and fourth for the calf roping crown.

Up And In

Hereford's James Harris goes up high for a quick two points in Hereford's 58-53 win over Lubbock Coronado Tuesday night. Harris led the Whitefaces in scoring with 17 points. Hereford will now play Plainview in the first round of district playoffs Friday night.

Little Dribblers Start Practice Session Saturday

The Little Dribblers basketball program will open practice sessions Saturday morning.

Members of the Hereford Jaycees and coaches of the teams worked this past Saturday in conducting tryouts for the kids and the drafting of the teams. The draft was held from 8 p.m. until past midnight Saturday.

There are still several openings for coaches that officials hope will be filled before Saturday's opening practice session. Persons interested in coaching a Little Dribblers team should contact Steve Slagle, president, at 364-6376, or contact any Jaycee.

All kids in the Little Dribblers program are expected to bring their enrollment fee of \$3.50 to

the first practice Saturday to give to the coaches. A player must be officially enrolled with fees paid before he will be allowed to participate in any practice.

Practice sessions will be held the next two Saturdays at the High School and Stanton Junior High gymnasiums.

Schedules released for practice sessions Saturday are: Major League Teams -- Stanton Junior High, 10 a.m. Pistons, Warriors, Knicks,

Lakers, Hawks and Bullets. 2 p.m. Royals, Bucks, Suns and Celtics.

Minor League -- High School, 10 a.m. Coyotes, Wildcats, Rebels, Rockets and Aggies. 2 p.m. Owls, Raiders, Badgers, Wranglers and Frogs.

Pee Wee -- High School, 10 a.m. Wolves, Hornets, Buffs, Eagles, Longhorns; 2 p.m. Rattlers, Whitefaces, Mustangs and Bobcats; 4 p.m. Bears.

Team Rosters And Schedules Will Be In The Sunday Brand

Track Season Begins Saturday

After one of the most successful track seasons in the school's history in 1973, you'd have to classify this as a "rebuilding year" for Coach Don Cumpston and his Whiteface cinder team.

The team launches the new season at Plainview Saturday in the annual Bulldog Relays with just five lettermen returning and some of the top prospects still involved in basketball this week.

Cumpston anticipates a "slow start" for his team and thinks the key to the success of the

squad this year may well depend on the progress of some sophomores and juniors.

Last year's team captured the school's first district championship in AAAA, won three other invitational meets, sent 11 individuals to the region meet and two to the state meet, and placed second, fourth and fifth in the remaining meets.

Heading the list of returnees is Charles High, who advanced to the state meet and finished sixth in the 330 hurdles. Other veterans are James Harris, hurdler and relay team member; David Varner, shot put; Franklin Higgins, 880-yard man, and Julio Gonzales, miler.

Of the 11 cindermen to earn a regional berth last year, only two return--High and Harris. Lost by graduation were Luther Mays, Steve Nieman, Terry Champ, Barry McNutt, Wesley High, Danny Harris, Johnny Adams, Joe Coleman and Joe Sheffy. Also gone is top miler Jim Henson, third in the district meet in 1:56.2, then ran a 1:53.9 in the state meet to win fourth.

HEREFORD BRAND Sports

Always Ready

Always ready to go has been Herd Coach Barry Arnwine's strong bench backups. All five of the varsity reserves have provided the needed depth this season for the Herd to enter the District playoffs. Pictured at left is manager David Kelly, Mike Munnerlyn, Doug Charest, Gerald Shipley, Junior Morales and Andrew Wingert.

Golf Teams Enters Tourney In Andrews

The Hereford High golf team goes to Andrews this week for a tournament, using the event as a warm-up for District 4-AAAA action.

Coach Terry Russell announced this week that a 5-member team composed of O.H. Seamands, Tom Coneway, Shane Lockhart, Joe Priddy, and Curtis Stoerner will play at Andrews. It is a two-day meet, starting Friday.

District tourney action opens March 8 at Snyder. The district

teams meet for a tourney in each of the four cities involved, and each meet will be on a Friday.

Coach Russell explains that two teams will compete in each district tourney, a varsity and junior varsity squad. The low four scores are counted in the competition.

Other members of the team include Rex Lee, Kelly Lee, Larry Vigil and Billy Word. Several more players may compete for spots after basketball season had ended.

Bridges Returns

Donald Bridges, golf course superintendent of John Pittman Municipal GC, Hereford, attended the 45th International Turfgrass Conference and Show which was held February 10-15, at the Anaheim Convention Center in Anaheim, California.

Sponsored by the Golf Course Superintendents Association of America, the Conference this year was expected to draw a record-breaking 4,500 registrants from throughout the world.

Highlight of the Conference was an educational program

headed by more than 45 prominent speakers including outstanding golf course superintendents, research scientists, agronomists and officials of all industry organizations. Registrants also viewed the latest equipment and services offered by some 150 leading firms in the golf industry.

Purpose of the 5-day meeting was to update superintendents on the latest developments and information on the professional management of golf courses.

Booster Club To Move Into Herd Spring Sports

The Whiteface Booster Club is making plans to extend its active participation into the spring sports, it was announced this week by Dick Montgomery, vice president.

Basketball was the main topic for Monday night, however, with Coach Barry Arnwine discussing the final games of the regular season. Hereford will be involved in the district playoff, and the schedule and site were to be determined Wednesday.

The club will meet again next Monday night, and a decision will be made on how many meetings are to be held during the spring. Boosters indicated a preference to hold more meetings and meet the members of the track, baseball, tennis, golf and volleyball teams.

Plans are underway for the annual All-Sports Banquet, but the announcement of the featured speaker for the event has not been finalized.

His Prayer for The Nation

In his first inaugural address, George Washington asked God to help him to be a good, successful president:

"Such being the impressions under which I have, in obedience to the public summons, repaired to the present stature, it would be particularly improper to omit in this first official act my fervent supplications to that Almighty Being who rules over the universe, who presides in the councils of nations, and whose providential acts can supply every human defect, that His benediction may consecrate to the liberties and happiness of the people of the United States a government instituted by themselves for these essential purposes, and may enable every instrument employed in its administration to execute with success the functions allotted to his charge."

Later in life, he reaffirmed his faith in the wisdom of God by saying: "The will of Heaven is not to be controverted or scrutinized by the children of this world. It therefore becometh the creatures of it to submit to the will of the Creator, whether it be to prolong or to shorten the number of our days, to bless them in health, or afflict them with pain."

Farmcast

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture John C. White, Commissioner

Farm Parity at 94 Per Cent... Eight at or Above Parity... Texas Cattle Numbers Increase Again... Value Up, Too.

Farm Parity is inching again toward 100 per cent. The latest parity ratio from the Texas Crop and Livestock Reporting Service is now set at 94. In December, it was 89 per cent. Parity has been at 100 per cent during one brief period last year, the first time in almost 20 years.

So even though parity is going up, agriculture producers have a long way to go before reaching financial equality with the rest of the economy.

In Texas during December, eight commodities out of more than 200 which are produced in the state, were at or above parity. The all farm products index of prices received by Texas farmers as of January 15 was 10 per cent above the previous month and 50 per cent above a year earlier.

Only one category of livestock was above parity. That was sheep at \$19.50 per hundredweight, or \$6.20 above parity. Hogs at \$38.90 were \$1.40 under parity. Beef cattle at \$45.60 were \$1.90 under parity. Calves at \$53 were \$8.60 under parity. Lambs at \$38.30 were \$9.20 below parity.

Wheat at \$5.19 per bushel was \$1.50 above parity. Corn at \$2.74 per bushel was 29 cents above parity. Oats \$1.49 per bushel was 30 cents above parity. Grain Sorghum at \$4.15 was two cents under parity.

Cotton at 58 cents per pound was eight cents under parity. Mohair at \$2 per pound was 67 cents over parity. Wool at 90 cents per pound was 32 cents under parity.

Eggs at 66.2 cents per dozen were slightly above parity.

TEXAS cattle and calf numbers as of January 1 totaled 16,250,000 head. This is eight per cent above the previous level of 15,100,000.

Beef cow numbers at 6,470,000 is up four per cent from last year. Milk cow numbers at 350,000 is down three per cent.

The number of cattle on feed for January 1 was 2,205,000, down two per cent from last year's level.

Total inventory value of all cattle and calves on Texas farms and ranches as of January 1 totaled \$4.6 billion; this is 31 per cent higher than a year ago.

The 1973 calf crop in Texas is estimated at 5,900,000 head, 10 per cent above the previous level.

Nationwide, the number of cattle and calves is up five per cent from a year earlier. It's the highest on record and is the seventh year of consecutive increase.

The 1973 calf crop nationwide is estimated at a record high of 49,000,000, up three per cent from a year ago.

Texas, Missouri, Nebraska and Oklahoma rank in that order in the size of the 1973 calf crop among the 50 states. These four states accounted for more than a fourth of the total calves born in the nation.

RECEIPTS of all livestock at auction markets inspected by the Texas Animal Health Commission totaled 9,400,000 head in 1973, compared to 9,100,000 head a year earlier.

Cattle and calf receipts were seven per cent above 1972. Sheep and lamb receipts were down eight per cent. Hogs were down 17 per cent. Goats were down 16 per cent from 1972 levels.

The 1973 outshipments of Texas cattle and calves shipped to other states totaled 3,700,000 head, down 10 per cent from the 1972 annual number.

Sheep and lamb outshipments totaled 602,000 head. This is up 23 per cent from a year earlier.

Some of the puzzles of life confound us, but we're always able to find someone who knows all the answers.

Wire Buying Urged Before Summer Rush

"If you plan to use baling wire in your hay-making operation this spring and summer, put your order in now," urges an economist for the Texas Agricultural Extension Service.

Baling wire will again be in short supply this year, believes Dr. Arthur Gerlow. And unless farmers, ranchers and custom operators order early, they may experience a shortage similar to or possibly even worse than last year.

"The task of keeping inventories on such steel supplies as baling wire has now shifted from the manufacturer to the distributor or retailer," points out the Texas A&M University System specialist. This enables the manufacturer to ship to distributors directly off the production line. But the distributor must have his order in at the time of production. Otherwise he may be caught short.

Why did the baling wire shortage hit last year?

According to Gerlow, a combination of things were responsible. First of all, hay

production was high last year in most sections of the U.S. Furthermore, a shortage of steel, especially the lower quality steel rods used in producing baling wire, kept production down.

"Another thing to remember is that baling wire is a low profit item for steel companies to produce," notes Gerlow.

Whether or not there will be a noted shortage of baling wire this year will depend heavily on weather conditions, adds the economist. If spring and early summer conditions are favorable for forage growth, hay production could boom. And that would boost demands for baling wire.

"But users of baling wire can't afford to wait on the weather," emphasizes Gerlow. "They must get their orders in now, and even that might be too late."

Algerian Arabs refer to the lion as "Mr. John Johnson."

Erosion Warning Issued To Great Plains Farmers

Conditions that could lead to severe wind erosion are expected to occur in the Southern Great Plains on an estimated 67 days during 1974, with the worst during March and April, according to a U.S. Department of Agriculture scientist.

Donald W. Fryrear, agricultural engineer with USDA's Agricultural Research Service, Southern Plains Sandyland Field Station, said

inches of the soil is loose and there has been little rainfall since September and the soil is dry. He said the top one or two inches of the soil is loose and powdery and is thus highly susceptible to wind erosion.

The pressure for all-out agricultural production could result in thousands of acres of the highly wind erodible sandy soils of the region being plowed and planted to dryland cotton. Such large-scale plowing of

grasslands coupled with present oil moisture conditions and a long dry period could prove catastrophic. In addition to the damage caused to the land,

blowing soil can block highways, reduce visibility and add to the maintenance costs of homes and industrial installations.

Fryrear said that if the dry soil must be tilled the recommended practice for the area is deep chiseling to bring large clods to the surface. The clods will make the surface rough and tend to break up the wind at ground surface thus reducing erosion. Chiseling should be 8 to 10 inches deep on about 20 inch centers.

In the cotton-growing areas of the Southern Plains Fryrear recommends that cotton farmers not mow their stalks, but rather let them stand until tillage is necessary, then chisel without mowing. The unmowed stalks among the chisel clumps will aid in reducing the tendency of the soil to blow.

If cotton gin trash is available, spreading it on the more erodible soils may also prove helpful, Fryrear said. He added that if the problem areas are treated first, there will be less tendency for the rest of the areas to blow.

4th In Grains

Agriculture Commissioner John C. White has announced that Deaf Smith County ranked fourth in the state in the production of both wheat and rye in 1973.

Wheat production increased 2,599,000 bushels from 1,881,000 bushels in 1972 to 4,480,000 bushels last year.

Farmers harvested 136,000 acres of wheat and averaged 32.9 bushels an acre. This compares with an average yield of 26.5 bushels in 1972.

The state's leading county in wheat production was Ochiltree County with a total yield of 6,890,000 bushels.

Production of rye decreased in Deaf Smith County in 1973. A total of 50,000 bushels were produced in 1972 compared with 32,700 bushels last year.

Average yield per acre also slightly decreased from 1972

levels of 26.3 bushels per acre to 25.2 bushels in 1973.

Commissioner White said that Texas produced a record 58,600,000 bushels of wheat and 648,000 bushels of rye.

"Wheat and rye are important crops, and we are proud that Texas ranked in the top ten for both the wheat and rye producing states," White said.

WTCC Resists Land Use Bill

The West Texas Chamber of Commerce has recommended to the West Texas Congressional Delegation that they oppose a House bill which would place the regulation of land use under Federal control. H.R. 10294 is now in the hands of the House Interior Committee, and WTCC's position on the Federal land use legislation was stated in a recently adopted resolution.

WTCC believes that Americans have zealously guarded their right to own and use property, and the concept that the level of government closest to the people should regulate its use to the extent necessary to protect the public health and welfare.

The real issue is whether there should be sweeping Federal Government intervention into a traditionally state and local matter—the use of private property.

Joe Collyns of San Angelo, Chairman of the National Affairs Committee of the West Texas Chamber of Commerce, says: "Proposed Federal land use controls will do much, possibly more than any other force between now and the end of the century, to shape our future economy and the American Way of Life. It could have serious effects upon our ability to meet the demands of people for energy, for food, for housing and for jobs."

The proposed Federal land use legislation demon-

strates lopsided concern for the physical environment while almost ignoring the necessary use of land that is fundamental to every aspect of the American people's lives."

James A. Rogers of Plainview, Chairman of the WTCC Agriculture and Ranching Committee, stated the position of West Texas Chamber of Commerce when he said: "If such Federal land use legislation must be passed, that legislation should encourage and assist states and local levels to formulate and implement land use plans, and be free of dictate as to the content of those plans."

Private property rights should be left intact and such legislation should refrain from authorizing the use of sanctions against non-complying states."

Ginger Newton Named Betty Crocker Leader

Ginger Newton has been named Hereford High School's 1973-74 Betty Crocker Family Leader of Tomorrow.

Ginger won the honor by competing with other seniors in the written knowledge and attitude examination on Dec. 4. She is now eligible for state and national honors and will receive a specially designed award from General Mills, Inc., sponsor of the annual educational scholarship program.

State Family Leaders of Tomorrow receive a \$1,500 college scholarship while state second-place winners receive a grant of \$500. The state winner also earns for his or her school,

a 20-volume reference work, "The Annals of America" from Encyclopedia Britannica Educational Corporation.

In the spring, state winners and their faculty advisors will be the guests of General Mills on an expense-paid educational tour which will include Washington, D.C. and Minneapolis, Minn. A special event of the tour is the announcement of the All-American Family Leader of Tomorrow, whose scholarship will be increased to \$5,000. Second, third and fourth place winners will receive scholarships of \$4,000, \$3,000 and \$2,000 respectively.

A \$1,000 nutrition scholarship is also available again this year

from General Mills. The winner of this grant is a participant in the Betty Crocker Search who is planning a college major in nutrition or a related field, ranks among the highest in his or her state on the overall examination and scores highest on the included nutrition questions.

This year, 703,074 students from 14,463 schools were enrolled in the Betty Crocker Search, which for the second year, included senior boys. Since the program began in 1954-55, approximately nine million students have participated and scholarship awards total more than \$2 million.

DE Competes In Area Contest

Ten Distributive Education students from Hereford High School competed in an area DE contest that took place in Wichita Falls Feb. 8-9.

The students that participated were David Renfro, public speaking, Simon Mendoza, advertising, Sofia Foster, display, Rodney O'Rand, public speaking, and Barbara Richards, Jesse Redmon, and Vickie Arroyos all entered in job interviews.

Others that participated were Sandra Stallings and Lorraine Acton in sales demonstration, and Sammy Sanchez entered in display.

The meeting was held at Hirschi High School in Wichita Falls. G.C. Graves was chairman of advertising and Mrs. Betty Mercer accompanied the group as a sponsor.

There were two first place winners and one second place

alternate winner that will compete in the state meeting which will take place March 7-9 at Dallas. The winners of the state meet go on to Chicago for the national meet during the first week of April.

Hereford winners were first place advertising, Simon Mendoza; first place public speaking, Rodney O'Rand; and second place alternate display, Sofia Foster.

The students attended a dance Feb. 8 and enjoyed a brief shopping spree.

"We were welcomed and this was one of the finest area contests we have attended," commented Graves. "The contest was very well organized and there were between 500 and 600 students participating in the eight areas of the contest," he said.

Students came from schools ranging from Wichita to Dumas and from Levelland to the Lubbock schools.

Trekking To Tourney

HHS golf team, who will compete in Andrews, Tex. on Feb. 23 are (L-R) O.H. Seamonds, Tom Conaway, and Rex Lee, kneeling are: Kelly Lea, Shane Lockhart, Curtis Stoerner and Joe Priddy. Not pictured are Larry Vigil and Billy Word.

ICT Has Two Winners

ICT students from Hereford High attended a competitive meet Feb. 8 in Lubbock at Estacado High School. The students were judged on their appearance and how good their preparation was.

Henry Cordova was entered in welding and George Ramirez entered in mechanics. Awards were only given to first place winners.

Industrial Cooperative Training is a course taught by Ray Barber for students interested in learning vocational skills. There are three ICT classes in the morning, to allow students to work in the afternoon.

Welding, mechanics, brick laying, and laboratory work are studied. The student is trained for a year in class, and supplied with two to three books for each job. ICT trains the students to have a good attitude toward their jobs and prepares them for the work he will be doing. The students compete during the year for awards.

Future Teachers Travel To Dallas

Approximately 16 Future Teachers of America, plus Mrs. Margaret Bell and Mrs. Betty Mercer will be attending a meeting that will be held in Dallas at the Dallas Memorial Auditorium. The meeting will be held Feb. 21-23.

The Classroom Teachers Association of Hereford will pay the expense of three delegates and the two advisors. The delegates were chosen by the FTA points system.

The members hope to learn more about teaching as a possible profession and about FTA and its offering to prospective teachers.

Also to help to improve their ability to teach, the members are student teachers, teaching at high, junior high and elementary schools.

Some of the activities at the meeting will include registration on Friday morning. The first general session will be at 2:30 p.m. on Friday and second general session at 7:30 p.m. A dance is slated for Friday evening.

District XVI meets Friday at 4 p.m. Saturday for workshop and a House of Delegates meeting.

HHS Band Prepares For UIL Contest

Beginning a three month preparation, the high school band is now readying for several different spring contests. On March 8, individuals of the band will compete in the annual solo and ensemble contest in Amarillo. Individual band members of the different sections in the band will be entered in solos along with one or two ensembles entered. From each section of the band a large woodwind and brass choir will be entered. These groups will be made up of the first chairs in each section.

After solo ensemble contest, the band will spend two months preparing for the UIL concert and sight reading contest in Amarillo on April 24.

Having rehearsals of each section Feb. 11, through March 8, while the orchestra prepares for contest, each section has a one hour sectional arranged at their convenience to work on the contest music.

When the orchestra contest is over the band will rehearse two nights a week until the contest. If they come home with a sweepstakes win, the band will receive a chance to participate in the Buckaneer Music Festival in Corpus Christi April 25-28.

This year at UIL contest, the band will play a tune in class 4AAAA and Symphonisen Blisance also class, 4AAAA tune.

Scholastic Arts Contest Held In Western Plaza

Hereford High School is being represented by six students of the art department at the annual scholastic art awards contest exhibited at Western Plaza. The regional exhibit will be on display Feb. 16-March 2. Gold key awards were won by Lorna Douglass and Sammy Garcia in ink drawing. Sammy Garcia also won two merit awards in the pastels classification. Linda Cornett and Lee Walker were presented merit awards in graphic design.

National co-sponsors were Crescent Cardboard Co. They are makers of Crescent cardboard, art poster board, display blanks, illustration board, Bristol board, mat board and Melton mounting board; Eastman Kodak Co., Grumbacher Artists' Material Co. manufacturers of pre-pressed oil colors and mediums plus several other art supplements; Hallmark Cards Incorporated, Hunt Manufacturing Co. They are manufacturers of speedball pens, linoleum block printing products and several more different types of lettering utensils; Strathmore Paper Co. manufactures artist papers, boards, pads, and blocks; and

Jewels by Trifari, creators of fashion jewelry.

Awards offered in the sponsored regional exhibition, were gold achievement keys and certificates of merit. In the National High School Art Exhibition, the awards are gold medals. And a \$100 award for the best painting or drawing from each sponsored region is offered by Hallmark Cards Incorporated.

Other entries were Sylvia Gonzales, print making, David Renfro, ink drawing, Regina Fetsch, pencil sketch; Cathy Carrothers, ink drawing; Lee Walker, silk screen; and Linda Cornett, water color.

Canyon Hears Choir

Hereford High School choir students will travel to Canyon Feb. 23 to attend the annual UIL solo and ensemble contest. To prepare for this contest, a day was set aside to give the singers an opportunity to perform for Joel Shackleford who is currently choral director at Palo Duro High School in Amarillo.

Shackleford is an impartial objective expert who can give students musical pointers to make them better singers.

Students who attended the contest day, were from Hereford High, LaPlata and Stanton Jr. High schools which were held in the HHS auditorium.

Judging times ranged from 9 a.m. to 3:30 p.m. with 10 minute intervals for each solo and ensemble.

Hereford High School choir students will also be attending a choral contest on March 21 with Fred Ratliff, high school choir director.

UIL Math Takes First In Meet

The HHS University Interscholastic League math team held a slide rule and number sense contest Saturday Feb. 16 at Hereford High.

Eleven teams participated with Hereford taking top honors and Odessa Fernian capturing second in both slide rule and number sense.

In slide rule, 3rd place was won by Lubbock Cooper, 4th Lubbock High, and 5th Odessa Ecton.

Individual winners from Hereford were in number sense veteran, Ginger Newton 1st, and Jim Goheen 3rd. Number sense novice Jean Barber 1st and Denise Wosnitzky 2nd. Debbie Walterscheid also competed.

Slide rule veteran Joel Fuhrmann ranked 2nd. Ginger Newton also competed. Slide rule novice Barbara Garcia won 2nd. Mary Jo Bartels and Delores Abalos also competed. The next contest will be March 9 at Lubbock Coronado.

Building Continues

The interior of the new Hereford High School library, which will be able to seat 100 students, is still under construction at 200 Ave. F. Finishing touches will be added in April.

Volleyball Attends Tournament

HHS varsity volleyball team completed two days of tournament play Friday and Saturday.

The first match was against Amarillo High with the score of 14-2, 14-12. Amarillo taking both games.

The second match was against Palo Duro with

Hereford taking both games with the score 15-11, 15-3.

Hereford traveled back Saturday to play Phillips with the score 13-11, 15-8, with Phillips taking the wins.

The reason for not having a 15 point game, is that by rules an

eight minute time limit is given and if it runs out whoever is ahead by 2 points wins the game.

Tascosa took first place in the tournament with Amarillo High taking second place and Pampa third.

Out of Orbit

ON GETTING REFUNDS The Government has published rules under which a consumer could get his money back if he was stuck with a product that had been banned as hazardous. The new rules are effective March 6.

Forensics Place At Tech

"Texas Tech is one of the toughest tournaments this year," remarked Wayne Hodgson, forensic director. "I am very proud of the team as a whole and especially proud of the two who placed."

Hereford High School Forensics Squad traveled to Texas Tech Friday, Feb. 15 for an overnight tournament there.

Thirty-nine Texas high schools also attended the tournament. Two HHS students placed in finals. Rhea Ann Wesson placed in Girl's Poetry, and Russ Odom placed third in Boy's Prose.

Midland High went home with the second place sweepstakes, and its sister school Midland Lee took home the top sweepstakes trophy.

The Forensics Squad travels to the Dumas Invitational March 1 for a tournament there on March 2.

Small Talk

By SUE COLEMAN
Women's Editor

THOSE air excursions to exotic places, sponsored by the Farr-Pfizer companies every year with a lot of travelers from Hereford and this area included, are under way to Rome and other Italian cities, I hear. The Charles Hoovers and Ruth Word came home Wednesday from one of the trips; others are scheduled to leave next week and early in March.

Plans to go with the next group are being made by the Wayne Barbers, C.F. Newsoms, Dick Coupes, Virgil Marshes, Bill Waldens, R.N. Yarbros, Craig Smiths and maybe others. Janelle Clements and Margaret Golden are getting ready for the tour next month.

Some of these have gone on the previous trips, to Spain or Jamaica or other seaports. They travel with people from over the Plains and nearby states, and it certainly sounds like fun.

A PHOTOGRAPH in last Thursday's Fort Worth Star-Telegram, of an attractive young woman and a small girl riding together on an appaloosa horse in front of a building with the sign, Smithfield Elementary School, has principals who are not strangers in Hereford.

The young woman is Mrs. Henry Womack, granddaughter of the E.L. Lawhons of Hereford, and the little girl is her seven-year-old daughter, Yvonne, a second grader in the school at Smithfield, a Fort Worth suburb.

Reason for the picture is indicated in the headline on an accompanying story, Fuel Crisis? Oh, Neigh; Saddle Up.

Information about these, and application forms are available by writing to the WTSU Department of Music at Canyon, 7916.

The other announcement is of an antique show and sale Friday through Sunday in Amarillo's Civic Center. It's advertised as the largest show of its kind ever held in this area, with all sorts of antiques including Indian artifacts and vintage cars.

MAYBE somebody is trying to charge my favorite holiday from Groundhog Day to the more popular St. Valentine's. Anyway I certainly appreciate the Valentines from Alpha Iota Mu Chapter of Beta Sigma Phi, and the Music Study Club.

TEA HONORS GIRLS—High school girls entering the Miss Teenage and Miss Hereford Pageant were honored with a tea Sunday afternoon in the Community Center. In top photo, sophomores Lisa Martin and Melinda Watts enjoy refreshments, while junior and senior girls, Beverly High and Debbie Gomez read over entry forms.

MISSED A SPOT—Diedra Dzuik, Key Club sweetheart at Hereford High School, points to a spot on the door that Key Club members missed. The high school students spent Saturday washing windows and cleaning rooms at Kings Manor. Also pictured are Franklin Higgins, John Stoy, Mauri Montgomery and David Loerwald.

Newcomers Schedule Bake Sale Friday

Newcomers Club will have a bake sale Friday from 9:30 a.m. until 6 p.m. in Sugarland Mall. Entry blanks for the Cutest Kid Contest scheduled for May 4 will also be available at the sale and may be purchased for \$2.

Blanks may also be obtained from Mrs. Homer Yocum at Circle K Store on Park Ave. and Mrs. Melvin Hoover at the Hereford State Bank. April 1 is the last day blanks may be purchased.

Kids Are The Real Thing is this year's theme for the contest and Lynn Slesick, weather forecaster at KVII television station in Amarillo, will MC the contest.

The Newcomers sweetheart banquet was held recently for members and their husbands at the House of Wong. Mrs. Yocum, the club's president, presented each member with a Valentine corsage and husbands were given gifts by members. There were 28 present.

Altho' many of the young girls still prefer to wear their hair long, the holiday season is a time to try out the more elaborate hair-do's for gala occasions. New designs have the hair drawn back from the face and arranged with flowers, jewels or extra hair pieces, high on the head or toward the back of the head.

Winning Essay Tells History In Form Of Boy's Diary From 1774

First place for historical essays by seventh grade pupils in boleros Chapter, Daughters Of American the recent contest sponsored by Los Cl-revolution, went to Scott Formby, who used a diary form to write on the assigned subject:

A CHILD OF 1774
 December 29, 1773

Dear Diary,
 This is my first letter to you. My sister gave me this idea. I am using a tablet to keep my notes to you on. Christmas was very good to me this year. I received a top, a kite, some marbles, and a sled as gifts. All of Father's family came over Christmas Eve and the house was full of people.
 Daddy had to use two back logs in the fireplace and Mother had quilts everywhere so that we could all sleep. We had a Christmas dinner of wild turkey, cranberries, and mother fixed some of her special plum pudding in our Dutch oven. We sang carols most of the time so you can see that I had a very good time.

Your Friend,
 Andrew

February 15, 1774

Dear Diary,
 I guess I should tell you something about me and my family. I am 12 years of age. I have brown hair, green eyes and I am 4 feet 11 inches tall. My hobbies are riding horses, arm wrestling, and relays. I have a sister, Mary, 14, and a little brother John, 9 years.
 My father is a lawyer and my mother works hard all day cooking and cleaning house. We have been living in Lowell, Mass., for as long as I can remember. We belong to the Congregational church, but there are other churches and religious beliefs in the 13 colonies, such as: Catholic, Baptist, Quaker, Lutheran, and others.
 Father brings home the paper and I enjoy reading it very much. It is the Boston News-Letter. We have not been reading it too long and until we received it, my Uncle John would go through the town streets beating a drum and announcing the news. He was known as the town-crier. I sure do miss him.

When I grow old I hope to go to college, but we are not sure where. Harvard is over a hundred years old but Dad thinks I might go to Dartmouth which is six years old and has a good reputation.
 Mother wants me to go to the University of Pennsylvania

which is the only non-demonational school in all of the 13 colonies. It is snowing and we are going for some wood. I'll try to write again soon.

Your Friend,
 Andrew

March 7, 1774

Dear Diary,
 I must tell you about my trip to Boston. Father bought mother a new clock. It's a banjo clock and it's only the second clock we have ever owned.
 Father also brought mother some special lace and a bonnet but the banjo clock is really nice. Father was the first man in town to own a wrist watch too. I think we will buy a new stage wagon soon, as ours is sure worn out.
 While we were in Boston Father told me about the 13 colonies and it was very interesting. He told me about a man named George Washington, and I think I would like to grow up to be just such a man.
 Mr. Washington has just been elected to the First Continental Congress in Philadelphia. He is from Virginia and Father says he is a great leader and a brave fighter. I don't know why but all the colonies sent someone but Georgia.
 In Boston we saw lots of ships in the harbor and many big beautiful houses. Father said they were Georgian style and are owned by people who build ships and own them. See you soon.

Your Friend,
 Andrew

August 13, 1774

Dear Diary,
 I am glad that I could talk with you this year. As I write more and study more I enjoy telling you what I think. I am going to become a doctor when I grow up. But I think that we need more lawyers and more school teachers and more merchants and traders too.
 Daddy says that someday the 13 colonies may expand and become larger. He says that this is truly the land for free people and I want to be a part of it.
 We worship as we want to, we do many things that we would like to do but I feel that there may be a big fight one day so that we can really do all the things we want to and be called free people.
 Thank you for letting me write you and good night.

Yours truly,
 Andrew

Enter Your "BIG EATER"
 in The
 Annual
 Texas State
 Championship
 Steak Eating Contest
 February 26, 1974
 6 to 8 P.M.

Sharpen your appetite. Get ready to stuff yourself for money. All you need is a gargantuan capacity for choice beef — and a \$5.00 registration fee. Then on February 26, you'll sit down and dig in. We'll provide the steaks — broiled rare, medium or well done — and keep bringing them on 'til you yell "call rope."

Free cokes and coffee to all spectators.
 It's the tasty way to go!

Entries Still Open For Miss Hereford

More entries for the Miss Hereford pageant are being sought, members of the steering committee learned at a meeting Tuesday morning to check on progress of preparations. Mrs. J.W. Robinson is entries chairman.

The annual pageant, to choose an entrant for the Miss Texas contest and also to name a Miss Teenage Hereford is scheduled for March 23. Young women from 18 to 28 years of age, to compete in the Miss Hereford division, are especially needed. Mrs. Lynn Kester, general chairman, said.

Younger girls appear in the pageant in competition for the title of Miss Teenage Hereford, but do not progress to a state

contest. A number of entries in each division are wanted, to assure the continued success of the pageant here.

One more committee was authorized to stage the pageant. Mrs. S.G. Townsend was named, chairman for a backstage committee.

Mrs. Guy Warden, chairman of program advertising, reported that her committee expects to complete its task this week; most of the ads have been sold.

Other steering committee members present were Mmes. Jack Renfro, Harlan Vanderzee, Ken Rogers, O.G. Nieman and the pageant co-directors, Mrs. Terry Caviness and Mrs. Dwight McGee.

CARNIVAL WORKERS — Preparing for the annual carnival at St. Anthony's Catholic Church, game and poster chairmen look over completed posters in the parish hall. The event is set for the afternoon of March 3 with all sorts of carnival attractions, refreshments and prize drawing. Seated are Mrs. Larry Walterscheid, chairman, and Mrs. Sammy Gonzales of the committee on bingo, bean bag and fish pond. Standing are Francis Backus, chairman, Vincent Gallagher and Jim Madrigal who will operate the cake walk, wheel of fortune and pennypitch. Mrs. Raul Trevino is another member of the women's committee.

Music Is Lunch Feature

Young men were special guests of Hereford CowBelles at lunch Tuesday, when two award winners from the recent Junior Livestock Show were honored and entertainment was by the Pure Country music group.

Steve Douglas, 4-H Club boy, and Ted Eicke of the Future Farmers received awards given by the CowBelles for showmanship in the stock show, among beef cattle exhibitors in their first show.

Mrs. Reece Lawson introduced the two boys and their mothers, Mrs. Donald Douglas and Mrs. F.L. Eicke.

The musicians, who played while members gathered at Hereford Country Club, and during lunch were Jay and Wayne Boren, Gary Godwin and Johnny House.

Roy Faubion was an other masculine guest, introduced as the recently-appointed state news director for Texas CowBelles. He was made an honorary Hereford CowBelle last year.

Mrs. Bob Josseland and Mrs. Dick Coupe, who represented the Hereford group at the national convention of cowmen and CowBelles at San Diego Jan. 21-24, reported on that event.

Mrs. Josseland was named chairman of the national IDA committee, which has the function of collecting and submitting ideas for carrying out the organization's program.

Announcement was made that a chartered bus will take Panhandle members to the

Texas CowBelle meeting April 22 and 23 in San Antonio. Mrs. N.E. Tyler, president, Mrs. Newsom, and Mrs. Leo Hellman went to Littlefield recently by invitation from Lamb County Home Demonstration Clubs, and gave a program to about 50 members which resulted in a request that they return and help form a club there.

It was announced that Dimmitt CowBelles were organized in January with 24 members.

Mrs. Melvin Cordray, ways and means chairman, said her committee has begun plans for a silver coffee to be held soon. Mrs. James McCarty reported beef promotion committee activity including a gift of beef to homemaking classes in

Hereford High School, for use in foods lessons.

The luncheon hostess committee included Mmes. Lawson, Bill Albright, Jim Arney, Ray Bates, J.R. Allison and Gary Victor. They used flag colors in a patriotic motif for decoration, with streamers on tables and clusters of red, white and blue balloons floating over miniature pens where whiteface cattle figurines stood.

Hostesses were dressed in the colors also, each wearing a frilly white apron with CowBelle emblems printed on it.

Door prizes given by Hereford merchants were presented to Mrs. Doyal Fletcher, Mrs. Thuet, Mrs. L.B. Worthan and one of the guests, Eicke, who passed his prize package on to his mother.

Ex-Resident In Cast

A former Hereford resident and member of this city's Community Players is in the cast of the musical comedy, Auntie Mame, current production of the Amarillo Little Theatre. Mary Howard, in the soprano section of the chorus, also plays four bit roles in various scenes.

When the Howards lived here she had a principal role in the Community Players' first production, Blithe Spirit, a memorable characterization of the second wife.

She and her husband, the Rev.

Fred Howard, were leaders in organizing the local players and active in plays until he was transferred from St. Thomas Episcopal Church here to an Amarillo church.

A number of Community Players members and other Hereford residents were in the audience at opening performances of Auntie Mame last weekend. Included were the John Gillilands, Bill Smith, John Aikins, Tommy Carnahans and Archie Dwyers. Auntie Mame is scheduled for Friday and Saturday nights this week and next.

At The Library

Pilot Freed From Chinese Prison

Band of Brothers by Ernest K. Gann is the book being featured this week at Deaf Smith County Library.

The suspenseful novel tells the story of Alexander Malloy who is imprisoned in China and the rescue attempts of a man named Lewis Horn.

The library is open to the public on weekdays from 9 a.m. until 5 p.m. and on Saturdays until noon.

BAND OF BROTHERS
By ERNEST K. GANN

Band of Brothers brilliantly captures that excitement and exhilaration as it tells a story of

supreme adventure and of that chivalrous camaraderie among men that can exist only in the face of danger.

When Alexander Malloy, who has become a legend in flying, is blamed for the disastrous crash of the plane he is piloting from Manila to Taipei, the reaction of the aviation world is shock and embarrassment.

Only one man, Lewis Horn, a romanticist of total conviction, believes in Malloy's innocence. He resolves, regardless of the dangers involved, to rescue his friend from a Chinese prison

and almost certain death. The situation is further complicated by his attraction to his friend's beautiful Chinese wife.

Horn is certain that the Chinese government is using Malloy as a scapegoat to cover up for whoever was really responsible for the accident. With the help of four colleagues, he set out to prove his theory.

Once the challenge is clear, the suspense machinery takes off at full throttle and holds the reader until the very last climactic air scene.

Honors Pledges

Fall pledges of Kappa Iota Chapter, Beta Sigma Phi, were honored at a preferential coffee Saturday morning in Mrs. John Kriegshauser's home. Mrs. Lennon Young and Mrs. Sparky Stephens are the two pledges.

Special guests were Mrs. Tom Buchanan of Lubbock, a former member, and Linda Thorrell. Coffee and casual talk filled

the hour, with some time given to discussing plans for members participation in the Heart Fund drive Sunday.

Mrs. Edward Allison, president, welcomed the pledges and other guests. Mmes. Nelson Kendall, Tom LeGate, Tom Bullard, Davie Sorrellis and Kirk Owsley were also present.

Bats or frogs are taken from the mouths of possessed persons in Nigeria, though no one knows what possessed them.

GOAL REACHED— Mrs. Dickie Geris, wife of the local Heart Fund chairman, and Gene Brock are pictured collecting money from Heart Fund volunteers. Over \$2500 was collected Sunday afternoon and it was announced that Hereford has passed its goal of \$6000. Deaf Smith County is the second county in Texas to reach its set goal.

Looking for a Beet Sugar Industry Which Has Growth and Stability?

Year-round employment opportunities exist now in the operating department of the new BMA beet sugar plant being built at Hillsboro, N. Dak. for the Red River Valley Cooperative, Inc.

Openings are in all job categories, including chief chemist, shift superintendents, assistant master mechanics and all other stations, including watchmen. These opportunities offer responsibility and challenge to qualified individuals interested in assisting in the further development of the Natural Beet Sugar Bowl of North America.

Sugarbeets Booming
The future of the beet sugar industry in the Red River Valley of Minnesota and North Dakota is secure. It is at present the one area of the United States which is expanding acreage and processing facilities.

In this important beet development region of the Upper Midwest, three plants are under construction and major improvements are proposed for four others.

Red River Valley growers have been told the 1974 outlook is "bullish" and they are looking forward to years of continued growth—growth which began some 50 years ago.

Farmers in this rich, productive dry-land farming area have nearly a half century of sugarbeet history. Only the most advanced methods are used and the individual farmer-owners, who more often than not farm 2,000 acres, generally talk in terms of planting and cultivating units of 12 and 16 rows instead of the conventional 4 and 6. The use of herbicides and electronic thinners to greatly reduce the need for hand labor is commonplace.

Plenty of Land
There are over 6 million acres of fertile cropland in this area of the Red River Basin. In the vicinity of Hillsboro, with an average rainfall of 18 to 21 inches—the majority during the period April to September—the deep fertile soil permits the successful production of several well balanced crops, all without irrigation. Included are sugarbeets, wheat, barley and potatoes with a limited acreage of flax and sunflowers being planted in recent years.

The level topography of the area in which sugarbeets are grown lends itself to large scale

mechanized production practices so important to economical operation, particularly in sugarbeets.

High Returns
Returns from beets have long been much more attractive than returns from nearly any other crop that can be grown in the Red River Valley. Even though this margin recently has been narrowed slightly by the high price paid for competitive feed crops, it is felt that farmers will always have a strong economic incentive to grow beets in the Valley. There are several reasons for this:

Costs are Less
Beet irrigation is not necessary in the Valley. Consequently, farmer supervision and production costs are down proportionately. Also, there is less risk of disease and crop failure of sugarbeets in the Valley than in any other U.S. growing area and because of recent advances in mechanization, less hand labor is used in the Red River Valley sugarbeet fields than in other areas.

It is reasonable to believe that the high prices now being received for Red River grain crops will be of rather short duration. Reputable sources in Congress and the Department of Agriculture predict a softening of the grain market in 1974 and 1975. Whereas the price of sugar and the price paid for sugarbeets are just now beginning to increase and are expected to increase over the long term. Thus, in the Red River Valley, sugarbeets are still esteemed as a reliable cash crop of high value.

As proof of this, sugarbeet production in the Red River Valley is increasing significantly. It is pointed out that sugar production of the seven beet sugar factories in the Valley will probably exceed 11 million hundredweight in 1974.

The area which will produce this sugar will approach 300,000 acres. This is almost double the production of 1972. And the farmers and businessmen involved proudly point out that the Red River Valley of North is fast becoming the Natural Beet Sugar Bowl of North America.

Most Modern Factory
BMA beet sugar plants under construction in Hillsboro and Wahpeton, North Dakota, are:

(1) newest in design with the most modern equipment in the world; (2) operated as a completely integrated system; (3) designed for maximum sugar recovery of piled beets; (4) planned so as to use the least water of all plants in the U.S.; (5) built to meet immediately all EPA standards for 1981 when they go onstream in September 1974; and (6) designed for expansion to 10,000 ton of beets per day.

Beet acreage, plant site and water are available to support this expansion in the future plus the kind of community just right for family living.

In All-American Contest
The Hillsboro plant site is two miles north of one of North Dakota's most progressive cities. In fact, Hillsboro was named the state's most progressive community competing in a state-sponsored contest with cities of all populations. Two years ago Hillsboro was a finalist in the All-American Cities program—selected as a finalist on the basis of its citizen involvement and building of two new schools, a grass-roots golf course and clubhouse, numerous city utility system improvements and park and recreation facilities equal to those found in major metropolitan centers. Conveniently located on an Interstate highway, midway between North Dakota's two largest cities, Fargo and Grand Forks, Hillsboro is only an hour's drive to the lake country of northern Minnesota. If hunting is your sport, deer abound within walking distance of the city limits. But, the 1900 residents of the beautiful city invite you to "come see for yourself."

Write If Interested
Qualified persons interested in investigating the employment opportunities in the well-established and booming beet sugar industry in the Red River Valley of the North, please write: P. O. Box 43, Hillsboro, North Dakota 58045.

State your training, years of experience and other facts which you feel may be important to the cooperative. If you are looking for an opportunity to grow with a young company in a strong and stable beet-growing area, we will appreciate hearing from you.

Chapter Hears Project Announced

Announcement of the state project in Beta Sigma Phi Sorority for this year was made to Xi Epsilon Alpha Chapter at its meeting Tuesday evening in the home of Mrs. Fred Mulkey Jr. The chapter contributes each year to the major

U.S. seeks heavy fines for fuel overcharges.

Solar energy for home use termed near.

charitable project selected by the state BSP.

Called Dollars For Dana, the project is aid to a Beta Sigma Phi member in Lubbock who has been stricken with a crippling disease.

XEA members discussed a sales party to be held next month, as a fund-raising project. Plans were also launched for representation at the state meeting next June in Austin.

Mrs. Mulkey gave the program on Interior Decoration, discussing principles of home decoration, current fashions and trends.

The next meeting, March 5, will be in Mrs. Jim Aldridge's home at Dimmitt.

Those present included Mrs. Jerry Shipman, Kenny Ruland, James Horton, C.D. Fitzgaurd, Archie Dwyer, Jim Cramer, Terry Albracht and Aldridge.

Onions, cabbage, carrots and potatoes are featured in a new recipe pamphlet published by the Texas Department of Agriculture. For free copies of "Texas Vegetables" write to John C. White, Commissioner, the Texas Department of Agriculture, P. O. Box 12847, Austin, Tex. 78711

OLD-FASHIONED BEEF STEW

1 lb. Texas beef stew meat
Flour
Salt
Seasoned salt
Pepper

Garlic salt
Celery salt
4 Texas potatoes
4 Texas carrots
2 Texas onions

Trim excess fat and waste from beef. Flour and season. Brown in small amount of fat. Cover with water and cook approximately 45 minutes. Peel and cut into bite-sized pieces potatoes, carrots and onions. Season and add to beef. Continue cooking 1 1/2-2 hours. For additional recipes write John C. White, Commissioner, Texas Department of Agriculture, P. O. Box 12847, Austin, Texas 78711.

Vocational Study In Schools

A phase of education which has been given increased emphasis in Hereford schools the past few years, the vocational programs were discussed by a guest speaker to La Affiliatus Estudio Club Tuesday afternoon.

The meeting was in Community Center with Madeline Bell and Della Stagner as hostesses.

Richard Robinson, coordinator of vocational education in the public schools, was introduced by Mrs. Walter Johnson for the program, one of the series in which the club is surveying various facets of the community.

Robinson explained that vocational education is offered in junior high as well as high school here, with 854 students in all. He listed the subjects comprised in the vocational

program, explaining each briefly.

Members were especially interested in his report that 140 persons are enrolled for adult basic education, which gives adults an opportunity to prepare for high school equivalency tests and receive diplomas.

An important part of this class is instructed in English for those who do not speak the language, and Robinson told the club one pupil holds a college degree but still needed the course to learn English.

In the business period with Mrs. Sam Morgan presiding, members voted to contribute \$100 to Westgate unit of Kings Manor retirement home, toward purchase of new draperies for residents' rooms.

Mrs. B.F. Markham gave the Thought For The Day, a tribute to George Washington in his birthday week.

Few Reservations

Left For Bus Trip

With two buses assured to take CowBelles of this area to the state convention in San Antonio April 22 and 23, a few more reservations are available and may be made this week, Mrs. N.E. Tyler, president of Hereford CowBelles, has been informed.

Members who would like to make the trip by bus are asked to notify Mrs. Tyler or Mrs. C.F. Newsom before the end of the week. The second bus was engaged after reservations on the first were taken quickly, and only a few remain.

With only one absent, members present included Mrs. Emmitt Hale, Marlin Gilliland, Ira Ott, A.H. Cook, Lottie Clark, Cecil Braly, S.C. Ramey, George Suggs, T.W. Roberson and A.B. Higgins.

Visitors Leave

After Stay

With Relatives

Mrs. Bob Reinauer and small daughter, Brenna, left Monday after several days visit in the home of Mr. and Mrs. Joe Reinauer Sr. and other relatives here. They will stop for a visit with young Mrs. Reinauer's parents at Schulenburg, then go to their home in Florida.

Bob Reinauer, son of the Joe Reinauers, is stationed there as a U.S. Naval aviator, but has been on duty in the Mediterranean area recently. His wife and small daughter have been abroad, living at various places near his locations.

DAR Gives Citation

Presentation of the DAR Good Citizenship award to Kathi Bell, Hereford High School student, was made in school assembly Tuesday morning by Mrs. L.W. Norvell, regent of Los Cibleros Chapter, Daughters of American Revolution. A bronze medal and citation were given Miss Bell.

Daughter of Mr. and Mrs. Charles Bell, she was nominated by senior girls and selected through a questionnaire by a faculty panel. The annual award to a senior girl is based on leadership, dependability, service and patriotism to an outstanding degree.

Generation Gap Is Discussion

General discussion of The Generation Gap Between Parents and Children was led by Mary Gonzales in the program for the Heritage Extension Club at a Tuesday evening meeting in SWPS Reddy Room.

Experiences and opinions of the members present were discussed, concerning relations of members with their parents and also with their children. The program was one in a series on Family Stability.

Next meeting of the club, March 5, will be in the home of Mrs. Jacob King, 335 Ave. I.

La Plata Club Elects Officers

New officers were elected by members of La Plata Study Club Tuesday evening in the home of Mrs. Don Taylor, 220 Star.

Mrs. Harlan VanderZee was elected president; Mrs. Ray Seale, vice-president; Mrs. Taylor, secretary; Mrs. Phillip Shook, correspondent; Mrs. Lewis McCouston, treasurer; Mrs. J.C. Brown, parliamentarian; Mrs. Emil Dettman, historian-reporter.

Husbands Of Newcomers Entertained

Gag gifts for the honorees, husbands of Newcomers Club members, were presented at a dinner which was among the Valentine parties given by clubs here last week. The Newcomers entertained at the House of Wong.

Opening the gift packages, which the wives brought for their husbands, made an amusing part of the evening's program.

A buffet supper was served to 26, at tables gaily decorated with symbols of the holiday.

Artists Consign Medal Designs

The Texas Panhandle Centennial Committee announces a contest for area artists interested in designing the Commemorative Medal to be used in the upcoming Bi Centennial Celebration.

Two sides of the Commemorative Medal will be designed. The first side will bear the general, Panhandle Centennial Commemorative design, to appear on all medals.

The second side will be decorated with artwork appropriate to each participating Community and or County and will appear on the medals used for the celebrations in the various, participating communities.

Prizes for the over-all, Panhandle Centennial side will be \$100, or two sets of artists proofs, and will be paid by the Panhandle Centennial Committee.

The prizes for the various Community-County design winners will be paid by the local Centennial Committees.

Finished Commemorative Medals will be approximately

1 1/2" in diameter. Artistic designs are to fit entirely within an 8" to 12" circle, allowing for border-edge inscription.

Entries are to be submitted in black and white, pen and ink.

Designs for the Panhandle Commemorative should convey a geographic panorama of the Texas Panhandle, such as the High Plains and the Caprock. Cultural aspects such as cattle, wind mills, oil wells etc., can also be included.

Subject matter for the Community-County designs should agree with the suggested Panhandle Centennial Commemorative subjects. (A list of subjects is available at the office of the Amarillo Chamber of Commerce and will be mailed upon request.)

Artists submitting designs for the Panhandle Commemorative should mail those entries to the Texas Panhandle Centennial Committee, Amarillo Chamber of Commerce, 301 Polk, Amarillo Tx 79101.

Designs for the Community-County competitions should be mailed to the local Bi Centennial Committees, in care of the Chambers of Commerce.

Bay View Meeting

Place Is Changed

A change in the meeting place for Bay View Study Club this afternoon is announced by Mrs. Howard Gault, president. It will be in Deaf Smith County Historical Museum instead of in a home as is customary.

Mrs. Si Darling will be hostess to members for a program to begin at 2 p.m.

Golden Gleams

We should be gentle with those who err, not in will, but in judgment.

-Sophocles.

Men judge the affairs of other men better than their own.

-Terence.

A man has need of tough ears to hear himself freely judged.

-Michel de Montaigne.

When we are too young our judgment is weak; when we are too old, ditto.

News From Austin

Lawmakers Debate When To Hold Constitution Vote

AUSTIN, Tex. — Long before the Constitutional Convention completes its work, serious thought is being given to when revision of the basic laws should be scheduled for a statewide vote.

At the same time, a group of lawmakers (probably in the minority) is agitating to recess along about the middle of next month until after the primary election.

Convention President Price Daniel Jr. favored a May 4 vote initially — on party primary ballots. With legal difficulties in sight and uncertainty over convention completion date, he indicated he could go along with a November 5 (general election) vote date on the revision product.

Daniel felt the election should be called while interest in the convention's product is hot — and still sees some points in favor of a special election before November.

Proponents of November balloting argue time is needed to develop public understanding of the revision document and to refute opposition attacks.

Lawmaker-delegates backing a recess until after the primaries feel more objective voting on revision can be assured after election campaigns are behind them.

Others contend a shorter recess is advisable so delegates can see what they have done and take the pulse of voters back home on revision proposals before a final, irrevocable vote.

Daniel insists there is still grounds for optimism about completing work of the convention by early April — with

or without a recess of just one week.

ENERGY BILL HIT — Top Texas officials claimed provisions of a federal energy emergency bill would give the U.S. Secretary of Interior control over oil production traditionally reserved for states.

Gov. Dolph Briscoe, Lt. Gov. William P. Hobby Jr., House Speaker Price Daniel Jr., Atty. Gen. John Hill and Railroad Commission Chairman Jim Langdon called on the U.S. Senate to recommit the bill to Conference Committee.

They complained the measure would give the secretary power to set monthly maximum efficient rates of production. Another provision would allow the official to call for production in excess of maximum efficient rates for 90 days or more.

GAMBLING REFERENDUM SOUGHT — A campaign is under way to force a statewide referendum at May 4 primary elections on legalizing horse race gambling.

Enough signatures have been obtained to get a place on the Republican ballot, but supporters of the referendum are far short of the 110,000 signers needed for a Democratic vote.

Heads of Texas Citizens for Parimutuel Horse Racing reported they have collected 40,000 signatures on petitions.

Texas last voted on the issue in 1968 and rejected it in both primaries. Democrats turned it down 764,173 to 664,859 and Republicans nixed it 55,525 to 50,837.

Such a referendum has no binding effect on the legislature.

ECONOMIC STUDY ORDERED — Research has been authorized to reduce harmful economic effects of closing military bases at Laredo, Mineral Wells and Weatherford.

Texas Industrial Commission will direct the research, which is financed by a \$195,050 Economic Development Administration grant. Laredo hopes to make its air base a business and commercial center. Industrial promotion and water resource analysis are planned for Mineral Wells and Weatherford.

COURTS SPEAK — Upholding a fine and jail sentence assessed a Lubbock film exhibitor, the Court of Criminal Appeals concluded Texas' new obscenity law meets U.S. Supreme Court standards.

Former State Rep. Walter Knapp of Amarillo lost his final appeal from a four-year prison sentence on charges of stealing state postage stamps.

Evangelist Lester Roloff, cited for contempt of court for keeping children in an unlicensed home for girls, was ordered by the state Supreme Court freed from jail pending March 20 hearing.

A Dallas man won reversal of a 20-year sentence for fondling a nine-year-old daughter, when the Court of Criminal

Appeals found testimony in trial court insufficient.

AG OPINIONS — Administrative proceedings conducted by the state comptroller's hearings division are not meetings as defined by the open meetings act and should not be open to the public, Attorney General Hill held.

In other recent opinions, Hill concluded:

- Fifteen per cent of the mixed drink beverage clearance fund belongs to cities and counties where the tax originated, and money should be refunded to them.

- Water code provisions providing for replacement of directors who vacate their office because of disqualification are constitutional. Penal provisions of SB 807 are also constitutional.

- A provision providing for removal of the Nueces County court of domestic relations judge for cause in the same manner as a county judge would be removed (by a district court) is valid.

- Constitutional Convention lobbyists don't have to file monthly "activity reports."

- A deputy game warden is authorized to arrest without warrant game law violators, but he has no authority to carry a pistol.

- A Justice of the Peace convicted of a felony can draw emoluments of office pending his appeal unless the convicting court suspends him.

- Additional tax under the rollback provision of the agricultural use amendment to the constitution does not become due until the land no longer qualifies for agricultural use taxation.

CRIME GOALS ADOPTED — A new criminal justice plan for Texas seeks to reduce major crimes — burglary, robbery, drug abuse and theft — up to 20 per cent by 1978.

The Governor's Criminal Justice Division proposed 24 programs, and has \$29.1 million in federal funds to help state and local agencies with crime curbs.

The plan reflects input from

citizens, officials, criminal justice personnel and staff aides and executive committee members of the Criminal Justice Council.

A lawsuit filed by Frances "Sissy" Farenthold accusing Governor Briscoe of taking unlawful campaign contributions is set for trial here April 8.

The Governor's Office of Equal Employment Opportunity approved a plan of the House of Representatives to end discrimination in hiring.

Forty-five highway projects are due for bid letting February 26-27.

The construction boom is losing its vigor, according to a University of Texas Bureau of Business Research report which found building last year increased only one per cent over 1972 and actually dropped off 11 per cent in December.

Texas Ranger Senior, Capt. Clint Peoples will retire March 31 and become a U.S. Marshal.

Texas teachers have organized a statewide political action arm known as Texas Educators Political Action Council (TEPAC).

Texas Aeronautics Commission received a recommendation from its director to approve Rio Airways passenger service between Tyler-Longview and Dallas.

Was this strange wall in the Andes designed by an extraterrestrial visitor thousands of years ago? This is one of many provocative suggestions posed in "Chariots of the Gods?", G-rated film from Sun International Productions which shows Friday and Saturday, at the Star Theatre in Hereford. The film is based on the controversial best-seller by iconoclast Eric von Daniken.

Keepsake

KESTER'S JEWELRY
Across from the Post Office
in Downtown Hereford

Edward Kennedy, Senator (D-Mass.), on the President's health proposals:
"I think we've seen a very substantial movement by the administration."
Henry M. Jackson, Senator (D-Wash):
"The present situation clearly indicates that... we are going to be in a posture where gasoline rationing may well be a reality."

The plan reflects input from

Thinking that everyone has to enlist in the Army as a Private is like thinking that a master chef must start as a bus boy.

ONLY THE ARMY OFFERS STRIPES FOR SKILLS

Like business and industry, the Army rewards know-how with money and position. And, that's just for openers. There are promotions coming right up. After 16 weeks, you will be promoted to the pay grade in line with your demonstrated skill level. We call this opportunity "Stripes for Skills." It means if you have a skill — any of 165 skills — there's a good, steady job and an advanced rank open to you. Check it out. And, take a close look at the new Army pay scale. We think you'll be impressed. Today's Army may be just the place to make the most of what you've got.

A COOK FOR EXAMPLE:

CAN ENLIST AS AN E-3 AND EARN	Base Pay \$377.70	Housing \$105.00	Food \$68.40	Clothing \$5.40	TOTAL: \$556.50
				(after 6 months)	a month

* The figures shown are for a married person. If you are single, housing and food are furnished.

In addition to dollars and cents pay, you also receive 30 days paid vacation a year, medical and dental care, retirement and other valuable benefits.

AIMING FOR ECONOMY IN A PICKUP?

THE DODGE BOYS ARE RIGHT ON TARGET

WITH A MONEY-SAVING PICKUP!

ONLY THE DODGE BOYS GIVE YOU ALL THIS:

- **SMALLEST 6-CYLINDER ENGINE.**
The 225-CID Dodge Slant Six is the smallest 6-cylinder engine offered on any American pickup. (Naturally, if you want more power, Dodge offers a couple of larger, dependable V8 engines, too.)
- **ELECTRONIC IGNITION.**
This advanced system is standard on every 1974 Dodge pickup. It eliminates points and condenser (that can wear out or get wet). In addition, factory-recommended spark plug maintenance is up to 18,000 miles under normal driving conditions. (Another nice saving for you when you choose a new Dodge pickup.)
- **FRONT DISC BRAKES,**
independent front suspension, and one of the roomiest cabs in the business are all standard. In addition, only the Dodge Boys can offer you three different pickup cabs. The conventional cab (shown), the exclusive Dodge Club Cab, and the Dodge six-man Crew Cab. All three types are available in regular two-wheel drive or four-wheel drive!

Tax Strategy Outlined By CPA

As 1973 runs out, so does the time in which a taxpayer can do something to decrease, or perhaps increase, his income taxes for the year.

Who would want to increase his taxes? According to Burke Haymes of Houston, president of the Texas Society of Certified Public Accountants, anyone anticipating more income in 1974 than in '73 might well try to bring some of the income and the taxes on it into a year in which the tax rate would be lower.

This can sometimes be achieved, he said, by aggressive collection of money owed, sending out bills more promptly than usual, or by accepting bonuses or commissions ahead of time.

While shifting income from year to year, one might also try to concentrate deductible expenses in the year in which income will be greater - through advanced or delayed payments of estimated state or local taxes, for example, or by timing medical payments or charitable contributions - either early or late.

"Some taxpayers bunch as many of their deductible expenses as they can in alternate years," according to Haymes, "then take the standard deduction of up to \$2,000 in the years in between."

Another year-end step to minimize taxes is to offset capital gains realized during the year with capital losses by selling securities or other investments that may have declined in value.

If there is a reluctance to sell a stock because of the likelihood that it will rise in value, one can sell it, wait more than 30 days, then buy the stock back again. Or, one can switch immediately to another stock in the same industry.

But it is not wise to base economic decisions solely on tax consequences, Haymes said. "In making investments, for example, many considerations are likely to outweigh the tax results. The investment should first of all be attractive for its own sake -

because it promises to be profitable and safe. After that one can begin to look for tax advantages."

For this reason, he said a wise investor is very leery of gimmicky year-end devices for reducing income taxes. Persons of moderate income rarely stand to gain by investing in the so called "tax shelters" that sometimes permit persons in very high brackets to defer or reduce taxes. In the CPA official's opinion, if your income is only moderate, the risks involved in tax shelters may be much too great for the tax benefits they may bring, if any.

It was once believed that seeds from trees fell into small crevices on an alligator's scales, and took root so that he resembles a small island!

THE FAMILY LAWYER

Menace Of The Crowd

"Far from the madding crowd," wrote the poet Thomas Gray, life can be beautiful.

It can also be a lot safer. Crowds have built-in dangers, and the law requires those in charge—if anyone is—to take reasonable precautions against accidents.

Consider this case: Moviegoers came swarming into the lobby of a downtown theater, determined to get good seats at the next "break." But they pushed so hard against the restraining rope that an elderly woman in front suffered a broken rib.

In due course, she filed a damage suit against the owner of the theater. At the trial, the owner protested:

"Crowding is one of the risks of going to see a popular picture. We can't help it if people have bad manners."

But the court granted the woman's claim. The court said the management had no business allowing more people into the lobby than it could safely control.

In another case, a publicity-seeking store created a crowd on purpose by not opening its front door on time. When the door was finally thrown open, the resulting scramble left two customers injured. For its negligent role in this affair, the management was later held liable.

Still, not every crowd-caused injury is preventable. Another woman was injured in an elevator when too many people tried to squeeze in. Was this, too, the responsibility of the management? Demanding damages, the woman said it was.

But a court disagreed, seeing no one at fault in such an odd, impromptu mishap. Said the judge: "How could the owner of the building either foresee a possible accident of the type described or forestall it?"
