City To Upgrade Signals

By J.T. BELEW
Brand News Editor

Hereford City Commissioners approved contracts Monday totaling \$65,156.34 for the purchase and installation of automatically controlled traffic signals for two intersections on U.S. Highway 385.

The signals, to be installed as soon as the city receives final approval from the Texas Highway Department, will be placed on U.S. Hwy. 385 at its intersections with U.S. Hwy. 60 and FM 1058.

SIGNALS currently in use at those intersections will be salvaged by the city

for use at other intersections.

City Manager Dudley Bayne told the commissioners bids had also been received for installation of a traffic signal at U.S. Hwy. 60 and Main Street which would cost \$28,569.78.

The commissioners voted to refrain from putting a traffic signal at that intersection for the present time.

Bayne said parts used salvaged from existing traffic signals could be used to improve the signals at the Main and Hwy. 60 intersection.

THE CITY manager said the new signals would provide protected left turns and would be operated by solid-state electronic sensors installed beneath the pavement. He said because of their

solid-state construction, the sensors have proven not to be affected by severe cold or hot weather.

Contracts for poles, signal heads and signal controllers were awarded to three companies and totaled \$36,299.34, and a \$28,857 contract was awarded to Bryant Electric Co. of Amarillo for installation of the system.

General revenue sharing funds will be used to pay for the project.

THE COMMISSIONERS awarded a \$16,506.25 contract to T.O.K., Inc., of Amarillo for water and sewer extensions to recently annexed Block 17, Rickets Addition and Block 2, South Heights Addition.

A contract for an acoustical ceiling for

the Hereford Community Center was awarded by the commission to W.C. Calder of Clovis, N.M., in the amount of \$1,980.

In other business, the commission appointed J. Neil Cooper, A.J. Schroeter and Melvin Jayroe to the Board of Equalization, scheduled to have its first meeting Tuesday.

BRIEFLY, the commission discussed the possibility of hiring a director of public works as approved in a previous meeting. Bayne told the commission he had reviewed some applications. He said he was continuing to look for a person capable of filling the position.

The commission ended its meeting with a closed session to discuss land and use of parks.

Branding Time

By Speedy Nieman

That feller on Tierra Blanca Creek says the truth hurts people who don't like to face facts.

Not what you read but how you read it is the key to knowledge.

Congratulations go to the staff and directors of Deaf Smith General Hospital upon its two-year accreditation from the Joint Commission on Accreditation of Hospitals. We hope readers took note of the article in Sunday's Brand concerning the announcement.

The accreditation is something most of us take for granted, but it's something that administrator Ron Welty and every member of the hospital staff work hard to attain. It should make each of us realize that DSG is very much in the ballgame of the fight for life and health.

The cattle feeding industry finally heard some encouraging words in Washington this week, and all we can say is that it's about time. The plight of the cattleman, who has taken a financial beating for almost a year, hadn't attracted much attention outside the area where he was being skinned.

People in the metropolitan areas, who have probably cheered the drop in cattle prices, have discovered it resulted in only a small decrease in the price of meat. The way things have been going, the situation cannot mean cheap beef for the housewife. The supply of fat cattle will decline and there will come a time when meat will have to be much more expensive because there won't be much of it.

The cattle feeding industry has grown to be a giant in this part of the country and, due to a fortunate combination of climate, availability of sites, closeness to feed grains, the beef industry has turned out fat cattle for packing houses at the most economical rate ever known.

We can only hope for positive action in Washington this week, because something has to happen soon to give relief to the cattle industry. Otherwise, it could be a long time before people of this country can afford beefsteak.

A newspaper friend of mine has a favorite remark for his wife when she gets "amart" with him. I don't know how he gets away with it, but he tells her: "Just remember, our marriage contract comes up in a few months and I haven't decided whether or not I'll renew my option!"

The remark brings to mind a news article I read a couple of years ago about two women legislators in the East who had created quite a stir by introducing a bill to make marriage a three-year contract with an option for another three years.

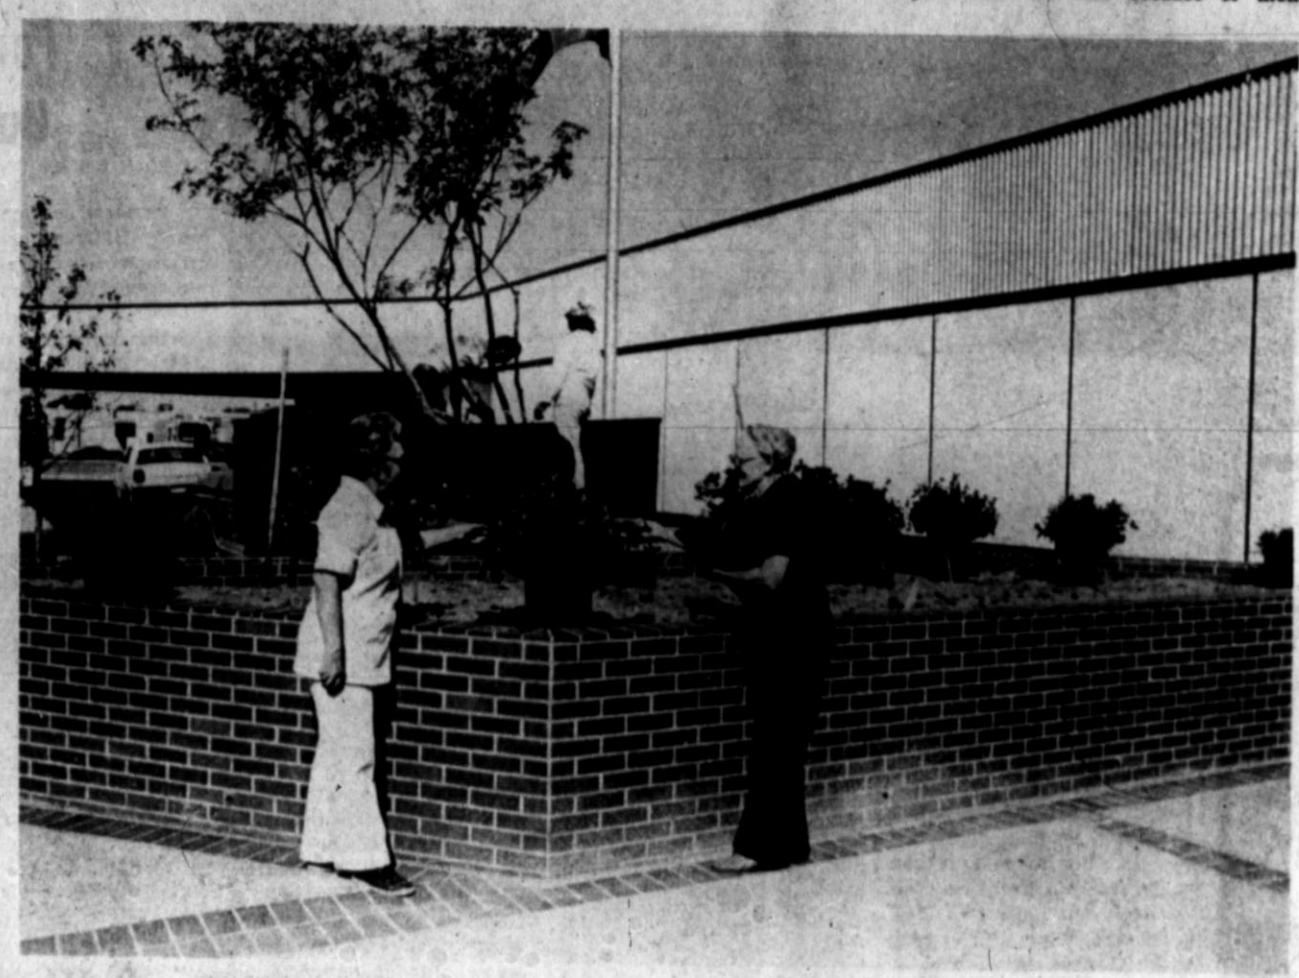

Since I didn't read anymore about it, I assume the gals didn't get to first base with that proposal. Most people don't take kindly to tinkering with things that might violate their moral codes. We are seeing a lot of divorces, but I doubt if many people are interested in changing our long-accepted pattern of marriage—including the vow of "until death do us part."

Of course, most of us men can see some advantages right away. If our wives knew we could cancel the deal after three years, they'd probably treat us a lot better.

[Note to Lavin: I'm only kidding!]

Library Landscapers

Hereford Garden Club President Mrs. O.G. Hill, right and Mrs. D.N. Garner, club member, examine one of the 35 plants the club set out Monday around the new Hereford County Library. In the background, workmen for Love

and Son Landscape Contractors of Amarillo prepare to plant a Red Oak tree. Total cost of the trees and plants amounted to \$761.86. The contractor donated rocks to the club to decorate the landscape.

County, City Honored At 'Texas' Opening

Deaf Smith County and Hereford were recognized jointly as a Bicentennial Community Wednesday night by the American Revolutionary Bicentennial Committee at the Gala Opening of Texas in Palo Duro Canyon State Park.

Hereford Royalty

Two Hereford queens shared a throne, the back seat of a convertible, for Saturday's parade down Main Street. Shown left is Monica Herring, Miss Teenage Hereford 1974 and Susie Hickman, Miss Hereford 1974. Susie, the daughter of Mr. and Mrs. Robert Hickman, will compete in the upcoming Miss Texas Pageant. Monica is the daughter of Mr. and Mrs. Dean Herring.

H.C. (Hank) Williams, county judge and Frank Barrett, mayor pro-tem, received flags from Texas ARBC representative Mrs. Gene Brownrigg in honor of the Deaf Smith-Hereford Bicentennial appointment.

THE PRESENTATION was made at 7:30 p.m. on the outdoor theatre stage, preceding the opening night musical dramatization of Texas history, an annual event at the state park.

Counties and cities other than Deaf Smith and Hereford which were given flags were Carson County-Groom, Panhandle, Skellytown and White Deer; Donley County-Clarendon, Hedley and Howardwick; Amarillo and Potter County-Borger; Grey County-Pampa, Lafor and McLean; Randall County-Canyon; Armstrong County-Claude, Washburn, and Fritch; Swisher County-Happy and Tulla.

Task Force Announced

Deaf Smith County Sheriff Travis McPherson and Hereford Police Chief Caydon Brush said Monday a task force to investigate major crimes has been formed between the two law enforcement agencies.

THE PRIMARY duties of the new team is to investigate burglaries, narcotics use and provide better coordination of information between the two departments.

Each law enforcement agency supplies two men to work in the new team. Sheriff's Chief Deputy Arthur Burton directs the team. Burton is assisted by Sheriff's Deputy Jim Cooper and city patrolmen Phil Sciombato and Vernon Hope.

Local Man Drowns

Drowned in Ute Lake Sunday afternoon, Herman Joseph Hollenstein, 61, of 411 Blevins was buried in Rest Lawn Memorial Park after Wednesday morning funeral services at St. Anthony's Catholic Church.

Mr. Hollenstein was with a family party which had been boating at the lake near Logan, N.M. Margarito Marquez, boat officer at the lake, reported the Hereford man was swimming just off the shore before he went under the water.

Family members reported the accident to state police at 12:40 p.m. and the body was pulled from the lake at 5:15 p.m. by two officers. His body was taken to Trigg Memorial Hospital in Tucumcari and transferred to Hereford by a

Tucumcari funeral home. Rosary services were conducted Monday and Tuesday evenings in Rose Chapel of Gilliland-Watson Funeral Home here. The Rev. Bernard McGorry, pastor of St. Anthony's, officiated for the funeral mass Wednesday and burial was directed by Gilliland-Watson.

Mr. Hollenstein, a mechanic for McRight Garage and Supply, came to Deaf Smith in 1953 from Bushland. He was born April 12, 1913, in Umbarger and married Louise Huseman Oct. 27, 1941 at Nazareth. He was a member of the Catholic Church.

Survivors in addition to his wife are a

Crop Coverage May Become Necessity

Although crop insurance has been a "yes or no" decision for most Texas farmers in the past, it may soon be a necessity, believes an economist for the Texas Agricultural Extension Service.

"One major insurance company is expecting to write two to three times more coverage for crops this year than in 1973 because of the higher cost of getting a crop in the ground," says Dr. Wayne Hayenga. "Also, farmers are expecting higher prices for their crops, and many of them remember—the extensive damage done by hail last year."

Rates for hail insurance vary by crop, area of the state and company, explains the Texas

A&M University System economist. Grain sorghum rates go from about 1.5 to 8 per cent of the coverage while cotton rates usually start at 3 or 4 per cent. In some hail prone areas, some companies quote prices as high as 18 per cent.

"At present, no commercial insurance companies write 'all risk' crop insurance in Texas," notes Hayenga. "This type of insurance is available in 94 counties from the Federal Crop Insurance Corporation, with coverage limited to cotton, sorghum, corn, peanuts and citrus. Its main purpose is to protect farmers from a total crop failure, so the amount of coverage available is limited."

ROGER NADEAU
FEATURED WATER COMEDIAN WITH
WATER FOLLIES

Water Follies To Benefit Deaf

The International Water Follies, the world's largest water and stage show, which was the outstanding attraction at the Brussels World Fair and will be featured at EXPO '74 in Spokane, Wash., will be seen at the Amarillo Civic Center for three days in July.

There will be a single performance on Friday, July 12, with matinee and evening performances scheduled for Saturday and Sunday, July 13 and 14. The show is being presented by the Amarillo Rotary Club for the benefit of the Regional Hearing and Speech Foundation.

The International Water

Follies is a show different to that of the usual type of show seen in Amarillo in the past. It ranks as one of the four top traveling shows in America today.

Combining a musical revue in water and on stage, the fast-moving Follies has a running time of two hours and has ten water scenes and seven lavish stage numbers. It is presented in the world's largest portable pool and stage, 150 feet in length and 35 feet wide.

With special emphasis on comedy, the Water Follies contains about every form of entertainment featuring world champion divers and swimmers, stage acts, both a stage ballet

and water ballet and a singing star. Comedy runs throughout the show and includes routines on the stage, in the pool and from the diving boards.

Tickets for all performances are priced at \$3 for adults and \$2 for children. Mail orders for any of the five performances—one at 8 p.m. Friday; 2 p.m. and 8 p.m. on Saturday and Sunday—will be filled by writing to the Rotary Club of Amarillo, 1006 Jackson, Amarillo, Texas, 79101.

Fiery Crash Is Fatal To Ex-Resident

A former Hereford resident, James K. Higgins, 28, of Amarillo, was killed on Texas Highway 283 south of Crowell early Saturday when his car crashed into a bridge rail on Beaver Creek, and burned.

He is a graduate of Hereford High School and while a student here in the late 1960's he was active in 4-H Clubs.

Future Farmers of America, and RCA Rodeo Association. In 1960 he was named Deaf Smith County 4-H Gold Star Boy and the previous year he had exhibited the grand champion steer in the Hereford Junior Livestock Show.

Born in Enid, Okla., he was the son of Mr. and Mrs. Karroll Higgins, now Amarillo

residents. The family lived in Hereford several years while he was growing up. He was graduated from Oklahoma State University, and employed as a sales representative for Feed Commodities Inc. of Amarillo.

The funeral was conducted Tuesday morning in Boxwell Brothers Chapel at Amarillo by the Rev. B.L. Davis, pastor of San Jacinto Baptist Church and formerly of Hereford First Baptist of which Higgins was a member. Graveside services and burial were at Tuttle, Okla. Tuesday afternoon.

In addition to his parents, Higgins is survived by two sisters, Becky Leon and Susan Higgins, both of Amarillo.

Former Resident Buried At Goree

Funeral services for Mrs. Tony G. Hammons of Goree, former Deaf Smith County resident who died Friday in Goree hospital, were conducted in that city. She was the sister of Mrs. Brady Morton and Mrs. Carl Smyth of Hereford.

Born April 21, 1916, at Bluet, N.M. Mrs. Hammons was Velma Williams. She married Tony Hammons in 1937 at

Lovington. She and her husband farmed in this county during the 1940's; they moved to Goree in 1965 from Amarillo.

Survivors include her husband; a son, Billy Smith of Thorsby, Ala.; a brother, Alvin Williams of Bentonville, Ark.; the two sisters here and another, Thelma Smoot of Amarillo; two grandchildren and a great-grandchild.

FAMILY HEALTH

When getting tennis balls out of a can that has a ring pull opener, be sure to dry perspired hands before opening the can. (Wet fingers may slip as you pull the opening ring.) Don't yank off the top. Lift the ring straight up and peel the lid back slowly. And don't reach into the can to pull out the first ball; shake it out.

Youths Find 4-H Beef

Where The Action Is

Over 166,000 4-H'ers, nationwide, are involved in beef projects varying in size from an animal or two for the younger members to a small herd for the older teens. Each hopes to win a blue ribbon, to make a profit and to learn as much as he can about producing quality beef.

Giving added incentive to the young beef producer is Celanese Chemical Company, donor of county, state and national awards in the program. Selected by the Co-operative Extension Service, up to four young people in each county can earn medals of honor. One state winner is provided an expense-paid trip to National 4-H Congress, Dec. 1-5, in Chicago, and from those high achievers, six national scholarship winners

are selected to receive \$700 grants.

Winning top beef honors at fair shows in her home state of Wyoming and elsewhere came easy to a recent national winner in the 4-H beef program, Rebecca von Forell, 17, of Wheatland, started her 4-H beef experiences with a single purebred Hereford. She expanded that initial investment into a herd of 17 purebreds valued at more than \$8500. The scholarship winner, along with her own honors in showing quality livestock, has aided younger 4-H'ers in their efforts in showmanship and judging events.

For more information on the 4-H beef program, contact the county extension office.

Congress Cites Crisis

By BOB PRICE
U.S. Congressman

ACTION FOR BEEF PRODUCERS. Events this week demonstrate an increasing awareness in the Congress of the severe financial problems being faced by cattle producers and feeders who have experienced a ten-month slump in market prices.

I sent a personal letter to President Nixon containing the signatures of over fifty members of the House of Representatives from both political parties calling on the President to rescind his Executive Order issued last year lifting restrictions on all raw beef imports to the United States and returning to the import quotas established in the 1964 Beef Import Act.

If we are to assure the American public of a dependable supply of nutritious beef and restore stability to the cattle market, positive action must be taken to remove the United States as the world's dumping ground for surplus beef producing foreign nations.

In a related action, the Chairman of the House Agriculture Committee announced that three days of public hearings, June 18, 19 and 20, will be conducted on the problems facing the livestock industry. These hearings will

cover such matters as cattle prices and beef imports.

I was further encouraged by the announcement that hearings will be held on June 25 and 26 on legislation I have introduced to establish a three billion dollar revolving loan fund to assist financially distressed cattle producers and feeders. The fund would be administered by the Farmers Home Administration.

OLD DEPLETION ALLOWANCE. On Tuesday I submitted testimony to the Senate Finance Committee which is presently holding hearings on proposed legislation to abolish the oil depletion allowance.

In the 13th District of Texas, where 88 per cent of all drilling is done by independent producers, enactment of this legislation would dry up and supply of outside risk capital,

without which these producers could not operate.

It would make no sense for the Congress to destroy the incentive for those who are providing our energy needs, and I shall continue to oppose this type of reckless legislation.

FEDERAL LAND USE. On Wednesday I joined with a majority in defeating a vote of 211 to 204 consideration of a Federal land use bill. Enactment of this legislation would only lead to a further increase in the power of the Federal Government at the expense of the States and the people, who I believe are more properly qualified to develop and implement land use programs.

AUSTIN, TEX.—Police have reported that two men riding a motorcycle sped by Edith McKay in a grocery store parking lot and grabbed her purse.

Howard Callaway, Secretary of the Army, at West Point: "You must not only lead your men, you must inspire them in these days of the volunteer army."

Carl Albert, Speaker of the House, on legislation: "It is increasingly evident that the investigations of wrongdoing have not slowed Congress."

only transition

"For lo, the winter is past, the rain is over and gone." Song of Solomon 2:11. And slowly nature makes the transition to spring. The dark, dreary days of winter give way to blue skies and the planting of corn. The fragrance of spring, coupled with the gentle warmth of the sun, create that welcome feeling of spring . . . the feeling of freedom and rebirth. The dark days of our lives, like the dark days of the year, are not here forever. They are only periods of transition, a changing from one period of time to another. They will all pass, and will be replaced by something much better than we ever knew before. Again, it is only transition. God gave us the winter season so that we might appreciate the glories of springtime more fully. He also gives us difficulties in abundance so that we can understand more fully the blessings He sends us. Most certainly we all go through periods of transition. But just remember that they are temporary. A better tomorrow is sure to come if we have a faith that is strong. Just rely on God. We can make it. It is only that period of transition.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Constitutional Convention delegates are entering the make-or-break last laps of their work.

Delegates last week completed first-draft approval of the proposed new state charter after final agreement on the delayed judicial article.

President Price Daniel Jr. said he hopes all articles will be pushed through the third-reading stage by the end of June.

After that, the document will go to the convention's "Submission and Transition Committee," which will wrap up all proposals in package form and return them to delegates.

At this stage, the document and related separate-submission items (like right-to-work) must be approved by a two-thirds majority (121 votes) to be submitted to voters.

The Submission and Transition Committee will serve as a kind of conference committee, seeking compromises which can rally approval of the necessary majority of delegates.

After months of stormy debate and close votes, the convention began to receive praise from many quarters for its efforts to improve the 1876 constitution.

Kind words were still being withheld by the governor, however. Aides to Gov. Dolph Briscoe said he would "find it very difficult" to support the revision in its present form, because recommended changes infringe on gubernatorial powers in areas of veto and calling special legislative sessions.

TRADING STAMP LIMIT? — The State Finance Commission may ban use of trading stamps and other inducements by savings and loan associations to help attract deposits.

The panel's savings and loan section is scheduled to rule on the long-standing issue June 22.

Opponents argue the regulation would curtail advertising by savings and loan associations, would not benefit consumers and would be meaningless to federally-chartered institutions.

An earlier version of the proposed regulation included an exemption for associations competing with other financial institutions which offer stamps and other premiums.

Savings and loan associations are divided on the issue. Several consumer groups have indicated they will offer testimony in opposition to the proposal.

WASTE HEARINGS SET — Texas Water Quality Board has scheduled 12 public hearings over the state to explore problems concerning disposal of industrial solid wastes, a controversial issue.

The first hearing will be held July 11 in Fort Worth with the final one in Austin October 24.

Other hearings are slated for Dallas July 12, Port Arthur July 25, Beaumont July 26, Houston August 6-7, Corpus Christi August 22-23, Brownsville August 30, El Paso September 20, Midland September 26, Amarillo September 27 and Longview October 2.

Legislative committee probes of TWQB, with special attention to its procedures in processing applications for waste disposal sites are scheduled to begin after the Constitutional Convention adjourns.

COURTS SPEAK — A man who entered a Fort Worth hospital with a cut thumb, fainted, felloff the operating table and suffered a brain

Houston ironworker should get workmen's compensation benefits due to inhalation of lead and zinc fumes.

The Court of Criminal Appeals held that a policeman who sees a driver making a movement before stopping is not justified in searching the traffic offender's car.

The Court of Criminal Appeals ruled a common law husband is entitled to have a jury pass on whether he was justified in killing his wife's lover though he did not catch them in embrace.

AG OPINIONS — Atty. Gen. John Hill found the

State Democratic Convention date is fixed at September 17 by state law, but said it could be recessed until a later date to avoid a conflict with the Jewish holy day, Rosh Hashana.

In other recent opinions, Hill concluded:

* The state's tuition equalization grant program is available to graduate and professional students who meet requirements...

* A real estate broker being investigated by Texas Real Estate Commission has a right to see the file on his case.

* Designation as the

juvenile court under the Family Code is limited to courts possessing jurisdiction over juvenile matters from a source other than the Family Code.

* A district court lacks jurisdiction to appoint a county attorney or attorney pro tem to work with a grand jury if the district attorney is present and not otherwise disqualified.

* A taxpayer is entitled to a refund of gas production taxes if the Federal Power Commission establishes a rate lower than the contract price and requires him to make a refund of the amount

overcharged, even though he is permitted to satisfy his obligation through a gas exploration agreement with or without discount provision.

MEAT IMPORT CUT URGED — Agriculture Commissioner John C.

White called for restrictions on beef imports into the U.S. immediately.

If the restriction is delayed until after the November election, White claimed beef prices will rise next spring and summer, and the domestic livestock

industry will be damaged.

SHORT SHORTS
Texas wheat production is expected to drop 35.6 million bushels from 1973 totals due to failure of dryland wheat on the Texas High Plains.

WT Researches Feed Additive

Beef cattle raisers may enjoy up to a 10 per cent increase in returns per cow through feed additive research with an artificial amino acid, methionine hydroxy calcium analog (MHA), presently underway at West Texas State University.

Funded through a \$4,000 grant from the DuPont Corp., the WTSU School of Agriculture is midway in their project to determine the effects of the amino acid on beef cattle milk production, with the ultimate goal of increasing calf weight at weaning time.

"We hope there will be from a 10-20 pound increase in the calf weight," noted Dr. Don Beerwinkle, WTSU agriculture professor and project coordinator. This amino acid is already being used successfully in the poultry and the dairy

cattle industry."

For the last two days, the six-man team, including Dr. Larry Varner from the Texas A&M Extension Service in Uvalde, have been milking the 180-cow test herd. It is the regular University teaching herd of Angus and Hereford cows.

"We will be looking at the total milk production, the fat and protein content, and other solids content of the milk," Beerwinkle said. The cows and calves were weighed Saturday to determine calf weight gains at this point.

The project begun in mid-March will be completed some time in October at the final weighing. The cows and calves have been given daily doses of MHA in portions of 0, 5, 10, 15 grams. This is the only milking they will receive.

Neighbors Halt Crime

The scene is an average neighborhood in Texas. A would-be burglar stalks one of the homes; he sees that all doors appear to be securely locked and windows are shut. He walks to the rear of the house and disgustedly sees no signs of invited opportunity. Before he can leave the area, a police patrol car stops him and checks his identification. The police were summoned when an alert neighbor reported a suspicious man near the home of an out-of-town family.

WHAT COULD have been a financial tragedy was averted because of the public information campaign being conducted by Governor Briscoe's Crime Prevention Program.

The pilot project, funded by the Governor's Criminal Justice Division, is one of the first comprehensive programs of its type in the United States. Six cities Amarillo, Abilene, Beaumont, Corpus Christi, Odessa, and Waco — are involved in the massive public information effort.

By systematically using the mass media, making community talks, neighborhood visits, and on-premise inspections, the anti-crime drive is striking at the heart of residential and commercial burglary opportunity. Governor Briscoe commented on the state's staggering burglary rate when he formally approved project funding. He said, "Most burglaries are due to the oversight of a few simple security measures. Targets of opportunity in burglary are easy to recognize and eliminate: a door left unlocked, an open window, an open garage door, or a yard strewn with newspapers — an indication that a family is gone and their home unattended."

"Statewide emphasis on the prevention of this type of costly crime should make a significant impact on disabling the fast-moving cycle of crime."

"The success of any program of this nature, which is totally dedicated to crime prevention, is the ability of the police to encourage citizen involvement plus the citizens' genuine willingness to protect themselves."

"If Texans will take the common sense approach of securing their homes at all times, we can witness a great decrease in burglary victimization."

The Governor favored the six-city approach because it would demonstrate a unification of police effort on a statewide basis to cause a reduction in crime. With a strong united front, other police agencies are now interested in preventing crime before it occurs. Many inquiries are coming from other states.

THE CAMPAIGN utilizes a concept relatively new in the United States. In this country, police have neglected the area of security, relying solely on apprehension after the fact.

Crime prevention, on the other hand, involves anticipation, recognition and appraisal of the crime risk, plus

action to remove or make that risk less attractive.

All officers assigned to the crime prevention units in the six cities have been graduated from the National Crime Prevention Institute in Louisville, Kentucky.

"These officers are now specially trained to anticipate and reorganize crime risks in their communities. They are going directly into the neighborhoods, advising the property owner and working with them to devise the least expensive methods of removing the risks," states William R. Corbett, CJD crime prevention project coordinator.

He added, "Police are really the second line of defense. As Governor Briscoe has said, 'the primary responsibility for implementing crime prevention measures belongs to the citizen.'"

The stated goal of the program is to reduce the incidence of burglary by 18 percent the first year; 30 per cent in the fifth year.

Lt. Everett January of the Waco Police Department Crime Prevention Unit typifies the approach the new program takes toward crime reduction.

January and his counterparts take their crime prevention expertise directly to the public on a people-to-people basis. They survey businesses and homes to point out weaknesses in security, then make recommendations. These may consist of replacing existing doors with solid wood doors, deadbolt locks, or other measures that would strengthen the home or business against a criminal attack and reduce the percentage of theft.

AN AUSTIN public relations firm was selected to design and produce spot announcements for radio and television use for each phase of the campaign. Stories for newspaper use on crime prevention techniques are also prepared with the help of each designated crime prevention unit. Early reports show that all media have responded by giving unlimited free space to educate the public on methods of self-protection.

In addition to mass education, the crime prevention specialist will talk to citizens in their homes, whether it's one family or a gathering of a neighborhood.

They use demonstration props and films to tell the story of how best to protect family and property.

The "consultants against crime," as they are called, are becoming highly sought-after civic security advisors. Community leaders are becoming excited about the prospect of learning how to make it hard on the criminal element who steal millions of dollars of property yearly.

Lt. January, in speaking to a Waco meeting, expressed the Governor's Crime Prevention Program in a nutshell. "Crime is getting worse, not better. And that's not propaganda. People don't want to get involved. They say it's not happening in my part of town."

"Let crime go unchallenged, unchecked, and it will be in your part of town."

Test Date Nears

"The economy is strong. I think we have a very reasonable chance of going forward very strongly."

Rogers B. Morton, Interior Secretary, on natural resources:

"If we don't adopt long-range planning, civilization will be faced with virtually rebuilding itself."

Less than two weeks remain to submit registrations for prospective teachers who plan to take the National Teacher Examinations at West Texas State University, July 20. Registrations must be forwarded so as to reach the Educational Testing Service, Princeton, N.J., no later than June 27. Dr. Kenneth Waugh, director of the WT Testing and Counseling Center, said.

Bulletins of information describing registration procedures and containing registration forms may be obtained from Dr. Waugh, at WTSU, or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, N.J. 08540.

At the one-day test session, a candidate may take the Common Examinations, which

include tests in Professional Education and General Education, and one of the 24 Area Examinations, which are designed to evaluate his understanding of the subject matter and methods applicable to the area he may be assigned to teach.

Each candidate will receive an admission ticket advising him of the exact location of the center to which he should report. Dr. Waugh said. Candidates for the Common Examinations will report at 8:30 a.m. on July 20, and should finish at approximately 12:30 p.m. Candidates for the Area Examinations will report at 1:30 p.m. and should finish at approximately 4:15 p.m., according to the time schedule for these examinations which has been set up by Educational Testing Service.

Yoga Instructor

Yoga instructor Stephen Clark assumes one of the basic yoga sitting positions. According to Clark, yoga increases energy, vitality, and concentration through a series of exercises. Classes will be held at the Community Center in connection with the Center's summer program beginning Monday June 24.

Yoga Classes Begin Monday At Center

Yoga instruction will be offered to Hereford residents beginning Monday at the Community Center. Two classes, one for youngsters and the other for adults will be in conjunction with the Center's summer program.

Stephen Clark of Amarillo will instruct the courses at the Community Center. Clark says the practice of Yoga can increase a person's agility and make them limber and relaxed. He says the yoga student's mind can become more focused and practicing yoga will give a person more energy and vitality.

Clark first became interested when a yoga center opened near his home in Dallas. After studying there for two years, Clark moved to Los Angeles and became director of the Los Angeles Integral Yoga Institute.

Youth Given Chance To Work

A ten (10) week Summer Youth Program began Monday for approximately 900 youth in the 25 counties of the Texas Panhandle. The program will be operated by the Texas Panhandle Community Action Corporation through the Manpower office located at 1604 West 8th in Amarillo. (phone no. 372-5691)

The purpose of the summer program is to provide work experience for economically disadvantaged youth, ages 14 to 22 years.

The goals of the program are:

- (1) To provide part-time work for students attending school.
- (2) To provide short-term employment for out-of-school youth adjusting to a work setting and in transition from school to a job setting.
- (3) To provide short-term employment for recent graduates.
- (4) To provide short-term employment for veterans.
- (5) To provide short-term employment for inmates under special work release agreement.

Care to our coffin adds a nail, no doubt, And every grin so merry draws one out.

—John Wilcox.

When one is past, another care we have, Thus woe succeeds a woe, as wave a wave.

—Shakespeare.

It is a mistake to suppose that all care is wakeful.

—Leigh Hunt.

I care not for children till they care a little for me.

—Walter Scott.

DEEP CUT-SALE PRICES ON FAMOUS MAKE BRANDS

A Sale with a Reason... and Not Just an Excuse...
IT'S A BITTER PILL TO SWALLOW! But Here's the Low-Down. It nearly breaks our hearts to see our stocks of Quality Merchandise GO ON SALE at the ridiculously low prices you see advertised here!... But there's not much we can do about it for we have a serious inventory problem. WE'RE OVERSTOCKED with far too much merchandise for a store our size. We're NOT having financial difficulties—NOT TRYING TO RAISE cash—NOR are we in distress. We simply must dump Surplus Stocks at any cost to adjust our inventory. We have altogether too much of everything with a serious overstocked condition that is not healthy for any business. We're an aggressive firm, maintaining an enviable reputation and selling only the top brand name lines. But—like all well-rated firms there comes a time when mistakes occur and adjustments are in order. That's why profit is not the object of this sale. DUMPING STOCKS—REDUCING INVENTORY and stimulating business is OUR ONLY REASON for this sudden and drastic move. We consider it good business to take our losses now—swallow our pride and admit our mistakes. Nothing wrong in that—is there? That's why we have ripped, cut and slashed prices in every department—why you can save 20%, 30%—yes, even 50%. So—come shed a tear with us while we bury our mistakes and take our losses.

Motorcyclist Races At Ten

By DAN WELTY
Sports Editor

At the tender age of ten, Kenneth Hicks is one of the breed of young men who sleep, eat, talk, think, and even ride motorcycles. Kenneth has 33 trophies and 25 ribbons to prove that he takes motorcycling seriously.

Kenneth comes by his talent honestly, though. His dad is Claude Hicks of the Hicks Oil and Gas Company in Hereford on First Street. The elder Hicks said, "I was racing motorcycles back in the 74 and 46 Harley days when you had a thousand pounds of metal under you. I even raced cars for a while, and then got out of it, I thought. Now Kenny and I are into racing more than ever."

Any weekend during the racing season will find the father and son team loading three motorcycles into their van and heading somewhere in the Panhandle to race. Friends sometime go along, and a trailer with three or four motorcycles is pulled behind the van.

The Hicks have raced at Wellington, Greenbelt, Fritch, Clovis, at Hereford's new track, and just about every other track in the area.

Kenny started racing motorcycles last season when he was nine years old. He's been riding for four or five years, though, and now has a stable of three bikes, all Kawasakis.

The smallest of the three is a 90cc bike, and Kenny said he has been riding it from the beginning. The bike shows signs of wear and tear, with most of the frame welded back together at the joints.

Also in the group is a 100cc bike, and a 125 cc bike that has been sleeved to make it a 100cc

engine with high-revving capabilities. The sleeved bike has a frame with a longer wheelbase that makes it more desirable for dirt riding, but Kenny needs to grow a little more to handle the bike as well as he would like.

With all his machinery, Kenny usually competes in three classes at races. He runs in the microman events for 12-year-olds and under, and races in the miniman events for 14 and under. Then Kenny will jump on one of the 100cc bikes and race in the 100-125cc class.

Kenny races mostly outdoors, but he has raced in Amarillo's Civic Center on the concrete, and once in the Fair-Grounds coliseum on the dirt.

The stack of trophies the Hicks display at their business is testament to the fact that Kenny could be an up and coming competitor in the world of motorcycle racing.

Young Rider

Kenny Hicks pulls the front wheel of his 90cc motorcycle off the ground. Kenny at ten years old, is currently in his second season of racing. He attends school in Adrian, but spends the summer and winter weekends with his father, Claude Hicks, in motorcycle racing activities.

ONE MINUTE SPORTS QUIZ

1. Who won the NCAA Track and Field Championship?
2. Name the winner of the Philadelphia Golf Classic.
3. The LPGA Desert Golf Classic was won by whom.
4. Name the winner of the Belmont Stakes.
5. What baseball team does Yogi Berra manage?

Answers to Sports Quiz

1. Tennessee Volunteers.
2. Hubert Green.
3. JoAnne Carner.
4. Little Current.
5. New York Mets.

Canucks is the name given in the United States to Canadians generally, but in Canada it means French-Canadians, and it's thought to be a corruption of the word the French-Canadians called Irish immigrants.

At First

Action at first base during a Bronco League game Monday night between the Yankees and the Dodgers of the Major division. The two teams will meet for the league championship in a best of the three series beginning Saturday night. The first pitch in the series will be thrown at 8 at the Bronco League park on Ave. H.

Results

yard dash. Sandy Whitley was first in the long jump, with Pam Whitley second, Abalos third, and Strauss fourth. Merritt and Wells were first and second in the 440-yard dash.

In the girls senior division, Gussie Sanders was first in the long jump and 100-yard dash. Renee Payne was second in the long jump. The team of Payne, Tami Lawson, Pam Whitley, and Sanders won first in both the 440-yard and 880-yard relays. No senior boys competed.

Comment On Sports

BASEBALL

BY PETE FRITCHIE

WASHINGTON, D.C.—The question in the national capital remains: Will baseball return? Tampa and Seattle are to have pro football teams and many Washingtonians wonder why this city can't again field a Major League baseball team.

The San Diego Padres now have financial backing but their new players have failed to make a winner of the California team and, naturally, this triggers talk of bringing in the Padres.

There was talk of the Cleveland franchise coming here at one time and, if it could be arranged, and a stadium built midway between Washington and Baltimore, there might eventually be a chance for a Baltimore-Washington entry. (The Birds, though in recent years highly competitive, do not draw as they should.)

Another hope is that Oakland will move to Washington. The A's don't draw well either. Charles Finley is sick. And the players seem to be grumbling all the time.

Little Pitchers

"I could tell he was talking about me, wasn't he?"

"Well, yes, he was."

"And didn't I hear him say I had a thick head of hair?"

"Well, he didn't mention your hair."

Don't

"Let me tell you one thing before you go any further," she said.

"What's that?" he asked.

"Don't go any further," she said.

SAFEWAY

A SURE WAY TO PLEASE MOST FAMILIES IS TO SERVE THEIR FAVORITE CUTS OF TENDER, JUICY, FULL-FLAVORED BEEF. LOUISA'S LETTER

Dear Louisa,

I am a high school student but I would like to work during the summer and save up my money for my college fund. My mother doesn't think this is a good idea because it will interfere with me accepting invitations to the beach and where ever. But my father thinks it is a good idea because he says every girl should learn just how much work it takes to make money.

My parents are well-to-do and it is not absolutely necessary for me to work as far as finances are concerned. What do you think about this?

Lola B.-N.C.

Answer:

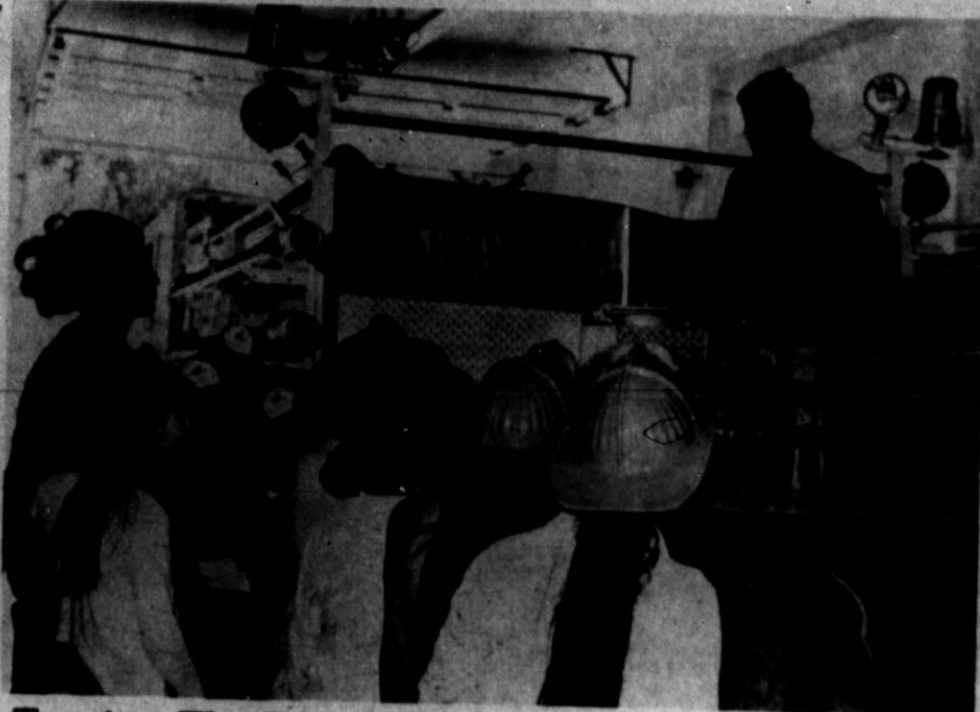

I agree with your father that it is a valuable experience for every girl to have

a job and understand the value of money. So if you can find a job with good people it will not only mean money in the bank but it will give you something interesting to do during the summer months. You will probably meet interesting people under such circumstances—those you might never know otherwise.

Very often, when young people have nothing to do, they get bored and do things for excitement that they wouldn't do if they had something sensible to occupy their time. So look for a job but do not expect certain privileges just because having one is not for your financial necessity.

Louisa

Address letters: Louisa, Box 532, Orangeburg, S.C. 29115

Touring The Fire Station

Fire Marshal Jay Spain explains how a fire hose is stored in the rear of a fire truck to a group of youngsters touring the firehouse. The youngsters from Tierra Blanca summer school, Learning section D were given simulated plastic fire helmets and demonstrations of most fire-fighting equipment. The class was accompanied by Mrs. John David Bryant.

The Hereford Brand, Hereford, Texas, Thursday June 20, 1974

Trip Offers Hope

The American people support the President's effort to improve our relations with the Soviet Union, and I believe his upcoming trip to Moscow represents a positive step.

But every summit meeting is also a precipice. And this one, in particular, is surrounded by heavy clouds. The President must not ignore the dangers that lie ahead on the road to Moscow; he must approach it with no illusions and no false hopes. He has said he will take that approach.

Certainly the President and Secretary Kissinger deserve great praise for their diplomatic achievements in China, in the Middle East, and in their pursuit of détente with the Soviet Union.

We have nothing to lose and much to gain by sitting down to talk with our adversaries. But we must remain cautious about entering into agreements with them.

At this time, the Kremlin leaders understand that President Nixon is in a weakened political position at home due to his domestic problems—and they may feel that they can drive a harder bargain because of it, and seek concessions that would be harmful to our national interest. The President should not feel that he has to go out on a limb to bring home a signed agreement, any agreement.

Deep Military economic, and ideological differences remain between the U.S. and the Soviet Union. They are to deep to be settled in a few days.

They will require months, even years, of patient negotiation. They cannot be papered over in a brief, spectacular bout of summit diplomacy.

On the thorny issue of strategic arms limitations alone, there are complex problems to be ironed out. Our

country's lead in nuclear missiles is being rapidly diminished by the advances of the Soviet Union, which poses a growing threat to our national security.

As we work toward a new SALT agreement on weapons limitations, we must ensure that our nation will not be put at a disadvantage in either numbers of weapons or sophistication of weapons, as it was under earlier SALT I agreement.

Such an agreement cannot be reached at one summit meeting—and I believe it would be asking too much to expect this from the President.

As we move to improve relations with Russia, many citizens of good will, who deeply desire peace are asking, "What price détente?" There is also a question of whether America should grant trade concessions to the Soviets at the very moment when Russia is working at cross-purposes in détente, so far, is the result of American initiatives and American concessions. At what point do we demand corresponding gestures of good faith from the Soviet Union?

REALISTICALLY, we must recognize the effect of domestic events upon the President's ability to negotiate concessions from the Soviets.

As he travels to Moscow, the President should understand that the American people do not expect him to resolve all our differences with the Soviet Union during this one meeting.

He must keep in mind that the American people and the Congress will not brand his trip as a failure simply because he doesn't come back with a signed agreement.

A dramatic foreign policy achievement cannot be resolved in Moscow; it must be resolved in Washington.

Our nation cannot afford the risk of concluding hasty or ill-considered agreements. It would be better for the President to come home from Moscow with no treaty than with a disadvantageous one. That summit meeting should be viewed as an opportunity to further negotiations that take years to conclude rather than a deadline for achieving spectacular results.

In a spirit of sober, unblinking realism, let us look upon the upcoming Moscow summit as a time to sow, but not necessarily time to reap.

RECIPE

By Sarah Anne Sheri-lar

You probably know that rice, so versatile and acceptable, is economical and delicious.

Almond Chicken with Rice

- 3 c cooked rice
- 1/2 c sliced mushrooms
- 1/2 c almonds blanched
- 3 T salad oil
- 1 clove garlic cut
- 1 t salt
- 1 c cubed bamboo shoots (canned)
- 1/2 c thinly sliced water chestnuts (canned)
- 1/2 c thinly sliced celery
- 1 c diced cold chicken
- 2 T liquid (1 tablespoon each from bamboo shoot and water chestnuts cans)

Brown almonds in 1 tablespoon oil. Set aside. With a table fork, mash garlic into salt in skillet. Add 1 tablespoon oil and then bamboo shoots and mushrooms. Brown lightly. Add liquid. Cover tightly. Cook over low heat 5 minutes. Add water chestnuts, celery and 1/2 of the almonds. Just heat through. Celery and chestnuts should remain crisp.

Make gravy by mixing 2 teaspoons cornstarch, dash salt, 1/2 teaspoon sugar, 4 tablespoons water and 4 teaspoons soy sauce. Cook until liquid thickens and is smooth. Garnish with green onions and almonds. Serve with hot fluffy cooked rice.

BIBLE VERSE

"Whatsoever ye do, in word or in deed, do all in the name of the Lord Jesus, giving thanks to God the Father through him."

1. Who is the author of the above advice?
2. To whom was he writing?

Answers To Bible Verse

1. Paul the Apostle.
2. The Christians in the church at Colosse.

Tracksters Compete In Amarillo

Hereford's AAU track team traveled to Amarillo to compete in that city's Parks and Recreation track meet Saturday. The Hereford Track Club is sponsored by the Noon Kiwanis.

Although no points were kept, Coach Don Cumpston said the Hereford track club would have gathered 542 points. Youngsters competed in five divisions; Bantam (9 and under); Midget (10-11); Junior (12-13); Intermediate (14-15); and Senior (16-17).

Sixty-five members of the Hereford Track Club entered in the event, and will travel to Brownfield to compete in an AAU meet this Saturday.

In the boys bantam division, Steve Barkowsky was fourth in the 50-yard dash with a 7.4; Steve Barret, David High, and James Pittard also ran. No place finishers in the 75-yard dash. Barret placed second in the long jump with an 11-2, and Barkowsky was third with a 10-9. The four also ran in the 440 relay with a 65.4 timing.

In the girls bantam division, Joyce High was first in the 50-yard dash with a 7.1; Michelle Osborn was second, Jolisa Barrier fourth, Marilyn Osborn fifth, and Carla Baxter sixth. Carla Baxter was first in the long jump with an 11-11; Joyce High was second, Michelle Osborn third, DeDe

Whitley fourth, Angela Roddy fifth. In the 75-yard dash, Joyce High was first with an 11.3; Michelle Osborn was second, Angela Roddy fourth, Carla Baxter fifth, and Marilyn Osborn sixth. The team of Baxter, Barrier, High, and Michelle Osborn placed sixth in the 440-yard relay.

In the boys midget division Zane Barber was third in the 50-yard dash with Wayne High fifth and Jeff Coup sixth. Barber was first in the 100-yard dash with High sixth. Barber was first in the long jump with a

13-6, with William Wolfe second, High fifth, and Coup sixth. Barber, Julius Sanders, High, and Wolfe were second in the 440-yard relay; and the team of Trent Thomas, Jeff and Kevin Coup, and Randy Vogel was fifth.

In the girls midget division, Darlene Sanders was first in the 50-yard dash with a 7.0; Lynette Walker was sixth. Sanders was first in the 100-yard dash with a 13.1; Walker was sixth. There were no place winners in the long jump. Sanders, Shirley Hutton, Debra Rogers, and Louise Mays placed fifth in the 440-yard relay.

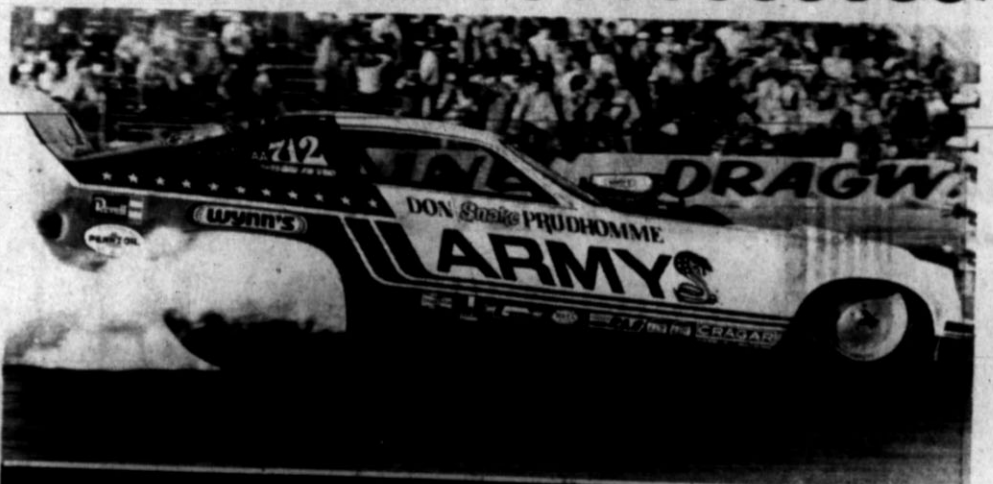

In the boys junior division, Richard Olson was first in the shot put with a 35-3 1/2; throw and placed fourth in the 100-yard dash. Gerald Vaughn was second in the 220-yard and placed third in the long jump. Juan Flores was fourth in the 440-yard dash. The team of Olson, Juan Ruiz, Flores, and Brent Clark was second in the 440-yard relay.

In the girls junior division, Sandy Whitley was first in the 100-yard dash with 11.9 first in the 220-yard dash with a 29.5, and was second in the 440-yard dash. Marie Schilling was third in the 440. The team of Whitley, Schilling, Paula Barber, and Kay Foster was second in the 440-yard relay.

In the boys intermediate division, the team of Gerald Vaughn, Daniel Olson, Tommy Clark, and Steve Cortez placed first in the 880-yard relay and second in the 440-yard relay. Cortez was fourth in the 110-yard dash, with Jay Montgomery placing second in the shot put, Olson placing second in the 440-yard dash, Daryl Wells placing fifth in the 220-yard dash, and Dennis Collins and Wells placing second and third in the 880-yard dash.

In the girls intermediate division, Shari Straffuss, Grace Abalos, and Sandy and Pam Whitley were first in the 440-relay. Paula Spurland, Frankie Wells, Lori Taylor, and Micky Merritt were second. In the 110-yard dash, Pam Whitley was first, Taylor third, Abalos fourth, and Straffuss fifth. Pam Whitley was second in the 220-

(cont. Results)

Army Versus Navy

Don "The Snake" Prudhomme and Tom "The Mongoose" McEwen will meet in a best of three match race series Friday night at Amarillo Dragway. Prudhomme runs for the Army, and McEwen for the Navy. In their season series, the Army holds a 17-1 advantage over the Navy.

Dragway Features Army-Navy Duel

The two top-rated funny cars in the country, one campaigned by Tom McEwen and the other by Don Prudhomme, will face off in an Army versus Navy night at Amarillo Dragway Friday.

Don "The Snake" Prudhomme, flying the U.S. Army banner on his red, white, and blue car, has enjoyed a successful season so far. During the past three and one-half months, he has won twelve championships; broken eight track records, and broken one

national record.

"The Mongoose" Tom McEwen runs under auspices of the U.S. Navy, but hasn't had the luck of the Army. In a series of confrontations between the two this season, the Army has downed the Navy 17 times, while the Navy has won only once. The Navy will be hoping to reverse the trend in Amarillo.

Part of Prudhomme's success this season has been his switch to a Vega body on his funny car. The Vega body has superior aerodynamics. The Ed Pink 426

Chrysler hemi rests in a John Butera chassis.

Prudhomme has predicted funny cars will be running in the five-second bracket for the quarter-mile before the end of the season. "The Snake" ran a 6.16 in the '73 Supersnationals, and consistently runs in the 6.20's at 235 miles per hour.

Friday night's races will be NHRA-sanctioned featuring all NHRA classes. Four E.T. brackets will also be run. Gates will open at 6 p.m. with races beginning at 8 p.m.

Cowboys Reign On Rolling Plains

The West lives on in the rolling plains of Texas, maintaining a broad-brimmed profile in the land of the Four C's: Coronado, Comanches, Cavalrymen and Cowboys.

The first three are gone, but not the Cowboys, in a region that runs from below Abilene to the Oklahoma border in the Panhandle.

Western hats and boots are everyday wear, particularly in the smaller towns. Not far from main highways are the old, established ranches: the Spur, Pitchfork and Matador, below the Camprock in the Kicken area; farther east, near Vernon, the W.T. Waggoner spread; and near Dalhart, what remains of the XIT, once the world's largest.

Rodeos abound. Some are stop-offs on the professional cowboy circuit; others such as the Texas Cowboy Reunion at Stamford are for amateurs. Texans who decide to vacation on the plains will find that there is one scenic point which surpasses all others: the 122-mile Palo Duro Canyon, 22 miles southeast of Amarillo.

The 1,900-foot deep canyon is the scene each summer of the Panhandle heritage drama, "Texas," in an outdoor amphitheater.

Palo Duro is recommended by the West Texas Chamber of Commerce in its new spring publication, "Wonderful West Texas Fun and Adventure Map," said J. Fike Godfrey of Abilene, WTCC executive vice president.

"An in-Texas vacation, at today's lower speed limits, offers a fine opportunity to enjoy the majestic expanse of the Plains and Panhandle," said Godfrey.

Below Palo Duro Canyon, State Highway 207 between Claude and Silverton, also passes across Tule Canyon. The Croton Breaks south of Dickens is a colorful region of canyons, buttes and creeks, while the new Copper Breaks State Park north of Crowell was dedicated in April.

Abilene, the southernmost of the three largest Plains cities, offers an excellent zoo whose

reputation is growing, and Old Abilene Town, a western amusement park on Interstate 20.

Southwest of Abilene, near Buffalo Gap, is Abilene State Park, shaded by oaks and mesquites. It is one of seven state parks on the Plains: Copper Breaks, near Crowell; Lake Arrowhead, Wichita Falls; Lake Brownwood, north of Brownwood; Mackenzie at Lubbock; Palo Duro Canyon; and Fort Griffin, north of Albany.

Lake Brownwood and Hubbard Creek Reservoir near Breckenridge give fishermen and water sport fans plenty of elbow room, as do lakes near Abilene and Coleman and Lake Kemp at Seymour.

In the Panhandle, Lake Meredith, west of Borger, reigns over the fishin' holes as Palo Duro dominates the scenery. Spreading among the cliffs of the Canadian River Valley, it covers 21,600 acres and also is accessible from Amarillo, Stinnett, Sanford, Fritch, Dumas and Pampa.

Detailed brochures about West Texas number more than 200 and are available free from the literature library of the West Texas Chamber of Commerce, Box 1561, Abilene, Texas 79604.

RECIPE

By Sarah Anne Sheridan

Fresh vegetables provide a nutritious volume for casseroles as well as help the homemaker stretch her budget dollars.

Squash Casserole

8 medium squash
4 strips of bacon
1 onion, chopped
1/2 green pepper, chopped
1 1/2 c crushed saltine crackers.
2 eggs, beaten well
butter
salt and pepper
paprika

Boil the squash in salted water until tender. Drain then chop. Fry bacon until crisp. Saute onion and green pepper in drippings until tender. Add crumbled bacon, onion and green pepper to squash along with one cup of the crushed crackers, the beaten eggs, and salt and pepper to taste. Mix well and put into a greased casserole. Top with remaining cracker crumbs. Dot with paprika. Bake in a 350 degree oven for 30 minutes. *Serves 6 to 8.

Fashion

White pants, with colored T-shirts or jackets, are popular this season. One reason for this is that they can be worn with such a variety of tops.

Prints are quite colorful and interesting for summer. One dress I observed, with birds scattered over the fabric, was most attractive.

In shaping up for the swim season, an hour of tennis is supposed to wear away four hundred and twenty calories.

Indoor Heat, Humidity Add A Heavy Load To Your Central Cooler

For the millions of Americans who will want to do their part in conserving energy this summer, the Air-Conditioning and Refrigeration Institute has some timely tips.

The most important general principle to understand at the beginning, ARI says, is that heat and humidity which enter the house from the outside, or which are produced inside the house, impose a heavy load on an air-conditioning system.

So to save energy, concentrate on ways to prevent heat and humidity coming inside and from being created inside. Here are some ways you can do this:

Household activities such as cooking, bathing, mopping floors and doing laundry—the "steamy" chores—are major producers of indoor humidity. Indoor heat is also generated by many of these activities, as well as by sun streaming in unshaded windows.

Obviously, you can't give up such activities. But if you can re-schedule them for the cooler early morning and late evening hours, you'll be taking a load off your air conditioner during the mid-day and afternoon, when outside temperatures are highest, says ARI.

In addition, use your stove fan to ventilate steam created by cooking, or consider closing off your kitchen if you're taking on an all-day cooking project such as canning. Close air-conditioning vents and open windows wide in the

kitchen, and keep doors to the rest of the house closed.

Pressing seams and darts while you sew is good sewing practice, but it means keeping your iron plugged in for long periods of time. Try reorganizing sewing projects to save ironing "on" time.

Personal grooming appliances such as hair styling dryers can create a sizable volume of warm air. Time family grooming sessions for morning or late evening.

Try washing Fido and your pet rubber tree on the patio to avoid an essential steaming of the bathroom.

If you have a back-yard pool, hang towels and swimsuits outside to dry rather than indoors.

Put off wall-washing, wallpaper steaming and other major hot and sticky cleaning jobs until the cooler days of fall, if possible.

Draw shades or curtains at sunny windows.

Set the air-conditioning thermostat at the highest level of comfort and leave it alone.

It's easy to see that with a little thought, you can defer much household-generated heat gain to the hours when your air conditioner's load is the lightest. The result could be a cooler home—and a cooler you.

Final tip—if you plan to purchase air conditioning this year make sure your equipment is certified by the Air-Conditioning and Refrigeration Institute.

Highway Moves Beef 'Crop'

There is one Texas agricultural commodity for which harvest time comes almost every day. That "crop" is beef. Mention Texas and beef cattle in the same breath and anyone who ever watched television conjures up pictures of rugged cowhands moving great, dusty herds northward to the railheads in Kansas.

In the Panhandle and plains country of northwest Texas

today, however, it's different.

THIS IS the center of a whole new industry which is producing more and better beef than ever before. This growing modern agribusiness was born there because of the nearby availability of the major ingredients for making beef—cattle and abundant feed.

A third factor makes it possible for the ingredients to come together: The highways.

A 1973 SURVEY by Southwestern Public Service Company for the four-state area showed 110 feedlots with capacities ranging from 5,000 to 81,000 head. In addition, there were 16 packing plants in the area.

The Texas Highway Department's District 4, headquartered in Amarillo, recently completed a new survey on the impact of the industry on the highway system.

The Highway Department surveys were begun in 1970 to determine the effect of truck traffic generated by the feedlot industry on the highway system.

Much of this traffic moves over Farm to Market or Ranch to Market Roads. In many cases, these roads were not designed to support the heavy loads which they carry almost every day.

Trucks serving the feedlots must deliver their loads the year around and in all kinds of weather. This excessive but necessary traffic is of major concern to the highway department.

In the 17 northern Panhandle counties in the Amarillo district, the highway surveys surveyed feedlots with an annual capacity of 3.1 million beef animals.

Every working day—about 260 days per year—these feedlots generate an average of 2,246 trips by trucks. Average weight hauled is 40 thousand pounds per truck. Loads include cattle, feed and waste.

OTHERS ARE concerned about ability of the highways to maintain flexible, safe and convenient transportation needed by agriculture. The chairman of the transportation committee of the National Cattlemen's Association in May said the highway system is not growing fast enough to provide for the movement of beef and other agricultural products across the United States.

Other states are concerned, too. Many Minnesota wheat producers "missed the boat" with important shipments destined for export last year because many of the state's highways were not adequate to bear heavy loads.

The problem is compounded by a nationwide shortage of rail cars and the abandonment of some 31 thousand miles of railroad lines since 1938.

Often overlooked by the average urban consumer, highway transportation makes a difference in the availability and price of food for his table.

Almost three-fourths of fruits and vegetables today travel over the highways to major markets. The percentage is even higher for livestock—almost all of them go from producer to consumer by way of the roads.

The Panhandle-plains area, plus adjoining areas in New Mexico, Oklahoma and southwestern Kansas, has become a center for the cattle feedlot industry in the nation.

The Texas cattle feeding industry has grown tremendously in the last 15 years, from approximately 300 thousand head of cattle fed in 1958 to about 4.9 million head fed in 1973. That's a growth of 1500 per cent in a decade-and-a-half.

Basically, the feedlot industry takes cattle from the vast ranches of the area, feeds them carefully and scientifically balanced diets and sends them off to nearby packing houses to be turned into feed for America's tables. All the movements are by trucks over the highways.

The average cow coming into a feedlot weighs 600 pounds. After a 130-day stay, the animal weighs 1,000 pounds. While at the feedlot, the cow eats about 22 pounds of food per day. One eighth of what it eats is a feedlot form beef; the rest is waste.

Moscow--Fifteen Years Makes A Big Difference In Russia

By Edward H. Sims

WASHINGTON, D.C.—Reporters covering President Nixon's trip to Moscow later this month will see a different country from that they saw while covering Mr. Nixon's last official visit to the Russian capital in 1959.

Then Nikita Khrushchev was just beginning to emphasize a greater effort to give the people more cars, household appliances and consumer goods. Until then Russian budgets had stressed heavy industry and weapons so much little had been left for the average Russian citizen.

But even after Khrushchev's fall, under the reign of Leonid Brezhnev, Kremlin leadership has not dared change this policy. In some areas, Brezhnev has even surpassed Khrushchev in emphasizing more and better consumer goods for the people.

In 1959 Russians were waiting six and eight years, or longer, to buy a small-unattractive car. There were other waiting periods for television sets, etc. Today things are much improved. The Russians have brought in foreign automobile companies to build cars and trucks. There are many more television sets, etc.

In 1959, when the writer accompanied Nixon to Moscow (Nixon was then Vice President) the Russians dressed very shabbily by U.S. or European standards. At the American exhibition in Moscow's outskirts that year one was struck by the drabness of Russian clothes and styles.

And at the big Moscow department stores women stood in long lines for such things as the best stockings. Today, however, there are many millions of television sets, many more automobiles, the best subway in the world, clean streets (compared to U.S. cities), better dressed people, etc.

And in the fifteen years since 1959 the Russians have surpassed the U.S. in such vital industrial measurements as steel production, aircraft production, nuclear missiles, etc. It is, in short a different Russia Mr. Nixon visits in 1974—a Russia that admittedly has made progress on two fronts, on the consumer goods front and on the industrial front.

That progress was clearly reflected in the Salt I agreement of 1972, which froze Russian nuclear submarines at 62 (to 44 U.S.) and intercontinental missiles at 1,616 (to 1,054 U.S.).

Empty Churches Raising Questions Among Englishmen

By Marion Shores
(European Correspondent)

LONDON—In England there are many churches, 18,000 belonging to the established Church of England, a church that commands much respect for its tolerance but which seems to lack the necessary ingredients to attract new believers in an age of dying Christianity.

Some of these churches are thriving centers of their faith, with large congregations. Many are quite old and of historical interest, and much effort is put into preserving them.

When necessary, appeals are made for funds to pay for work that needs doing. Such a church is St. Mary's in Hendon, North West London, which is trying to raise £15,000 chiefly to restore its main tower. Parts of the church date back to the 11th century. It's also the oldest identity mark of the original Hendon of Saxon Times.

On the other hand, because of a decrease in members, many churches are standing empty, their congregations having vanished. The Church Commissioners have to decide what to do with these

churches. Some are not worth repairing and of no historical interest so are pulled down.

Others, particularly in cities, have been put to different uses, such as museums, libraries, student and visitor refectories or hostels. Others are used for less interesting occupations; one in York, St. Saviour's, is used as a theatrical store.

Some churches are sold or leased to other denominations. There has been much discussion whether they should be handed over to Sikhs or Muslims, and generally the feeling is that non-Christians should not have formerly consecrated buildings.

If decisions are not made fairly quickly about redundant churches, they become prey to vandalism. This can determine whether a church is repaired and put to some use or demolished.

That a useful purpose can be found for some churches is encouraging. It seems a better use of England's heritage than demolition.

THE FAMILY LAWYER

Visit to Washington

Millions of American tourists will be visiting the nation's capital this year for a close-up look at their government. Although most of them won't realize it, they should be grateful for an unusual law called the Federal Tort Claims Act.

This Act, overturning the ancient doctrine that "the King can do no wrong," allows a citizen to hold the government liable in case he gets hurt on federal premises. For example, claims have been filed by:

a man who stumbled on uneven flooring in a Senate corridor;

a woman who skidded down the steps of the National Gallery of Art;

a woman who fell on ice behind the White House during a Christmas pageant; and,

a woman who slipped in the lobby of the Smithsonian Institute.

True, payment under the Act is not automatic. The victim must be able to establish some measure of fault on the part of the government.

Thus, a woman tourist who stepped into a hole beside the Washington Monument won her claim because she proved governmental negligence. It seems that some family plumbing, installed by a government crew, had undermined the paving and caused it to sink.

But a man who stepped into a hole near the Jefferson Memorial (at Cherry Blossom time) was denied damages because he had ventured into an area where the public was not supposed to go. The court said the government was not required to be as careful in places where visitors were not expected.

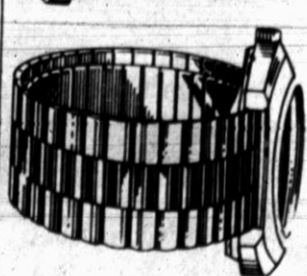

Of course, the Act applies equally to federal premises all over the country. You have its protection in courthouses and post offices, military bases and national parks.

In one case, a boy won damages under the Act after a wobbly mailbox toppled over on him. The court felt that the mailbox was a federal "place of business," just like the post office, and should be kept just as safe.

Anne Meara appears in PBS Special

Actress-comedian Anne Meara will appear in "Male Menopause: The Pause that Perplexes," an hour-long documentary special on the PBS Special of the Week, Monday, June 24 (7:00-8:00 p.m.) on PBS.

What's a woman doing in a show about the middle-aged male? Meara will appear in two comedy-drama vignettes written by noted feminist playwright Megan Terry. Both vignettes reflect certain aspects of the middle-aged man's behavior and attitudes and the female response to them.

In the first, she plays a young secretary—the mistress of a married middle-aged man who is now backing out on his promises to run away with her. In the second segment, Meara portrays a middle-aged housewife complaining about her middle-aged husband's peculiar behavior.

"Male Menopause: The Pause that Perplexes" will be hosted by actor William Windom, and features original music by folk singer Oscar Brand. The program will be a highly structured hour of information and entertainment exploring the problems and misconceptions of male menopause—a crisis of the mind and spirit. Using humorous vignettes (in which Windom also appears), it examines the predicament of America's middle-aged male. Like the difficulties it studies, the show's approach is largely subjective.

Anne Meara perhaps is best known as half of the comedy team of Stiller and Meara, with her husband Jerry Stiller.

After her marriage to Jerry Stiller, the two appeared in several productions with the then-fledgling Central Park Shakespeare company of Joe Papp. Off-Broadway salaries being what they were, the two turned to stand-up comedy. Their success as a comedy team has given both a chance to return to legitimate theater and films. Meara appeared in "The Out-of-Towners" and was one of the stars of the popular "Lovers and Other Strangers." One of her recent stage appearances was in John Guare's award-winning "House of Blue Leaves."

"Male Menopause: The Pause that Perplexes" is produced by the National Public Affairs Center for Television, NPACT producer, Richard V. Brown. Associate producer: Bobbie Birrell. Thornton. Writer: Michael DeGuzman. Film editor: Ursula Goldschmidt. Production manager: Jim Solt.

Let's Cook Club Is Learning Area

BY SUE COLEMAN
Women's Editor

ELECTION as president of Young Homemakers Extension Club after only a year of membership may seem like a sudden elevation in office for Mrs. Richard Patzig, but she had previous experience as head of a similar club in another city.

Mrs. Patzig was happy to find a club for young women in the Deaf Smith County extension program, as she had been a member of such an organization at Kress and enjoyed its activities planned for the particular age group.

"Women who have not been homemakers many years, and who have small children, have entirely different interests and needs from those who have been in extension clubs for a long time," she said. "The older women would be bored by lessons that the inexperienced need."

HER CLUBS have continued for the young Hereford woman training that she began as a homemaker student in high school. She was member of Future Homemakers in Happy High, where she graduated.

She has always lived in West Texas, growing up as Bobbie Todd in Happy, attending West Texas State University before her marriage, then living at Kress until the family moved here two years ago. Her husband, a graduate of Tulia High and Texas Tech with a degree in agribusiness, is an employee of Warner Seed Co.

The Patzigs have a five-year-old son, Todd, and expect another child this summer. Todd attended kindergarten last term and right now is enthusiastic about Vacation Bible School.

He likes learning to read and having stories read to him. He and his mother, who also counts reading as one of her hobbies are regular patrons of the County Library.

ALTHOUGH marriage interrupted her college attendance, it by no means killed Mrs. Patzig's interest in con-

tinuing study. While she lived at Kress she joined other students and drove to Plainview for classes at Wayland College.

Her plans for the future call for driving from Hereford to West Texas State University and eventual completion of requirements for a degree in elementary education.

Sewing is a favorite activity for Bobbie Patzig. She makes her own clothes and intends to learn to sew for the men in her family. She likes to cook too, especially Mexican dishes. Some recipes she likes best are for variations of ordinary foods, including an easy-to-make, delicious bread.

ONE-RISE MIXER BREAD
1 pkg. active dry yeast
1/4 cup hot tap water
2 one-third cups flour
2 tb. sugar

1 tsp. salt
1/4 tsp. soda
1 cup sour cream
1 egg

Grease 12 medium muffin cups. In a large mixer bowl dissolve yeast in hot water, add 1 one-third cup flour and all other ingredients. Blend half a minute on low speed, scraping bowl constantly. Beat 2 minutes at high speed.

Stir in remaining flour, mixing thoroughly. Divide batter evenly into muffin cups. Let rise in warm place 50 minutes. (Batter will rise slightly but will not double). Heat oven to 350 degrees and bake bread 30 minutes.

Note: Batter may be spread evenly in pans and covered with greased wax paper, then placed in refrigerator 6 to 24 hours before baking.

Calendar Of Events

THURSDAY

Women's Golf Association, John Pitman Municipal Golf Course, 9 a.m.
Kiwanis Club, Civic Club Center, noon.

AARP, Community Center, 7 p.m.

Youth Activities Underway, Slated

Look Who's New

Painting and twirling classes are underway, cheer leading will be taught next week, basic rules for chess, table tennis and other indoor games are being learned, volleyball, tennis and handcraft groups are getting organized in the Summer Youth Program here, and all are open to other interested youngsters.

With some activities already in progress the full schedule is yet to be worked out, says Mrs. Glenn Watts, Community Center director who is working with a committee from the Chamber of Commerce Women's Division to give Hereford girls and boys "something to do" this summer.

Twirlers will complete their first series of lessons today and another is scheduled to begin July 15. Cheerleaders' training will begin Monday, to be conducted at Community Center and across the street in Dameron Park.

Mildred Guinn and Anna Kovaks, local painters and teachers, are conducting the art classes from 2 to 3 p.m. Wednesdays and 9:30 to 11:30

Friday in Community Center. Crafts classes are being formed.

A high school boy is instructor for the indoor games from 10 a.m. to noon Wednesdays. Basic rules will be learned and there are tentative plans for a tournament later. Classes in yoga for youth and also for adults were organized this week.

A bicycle race is in the plans for later in the summer. Not a part of the specific program, square dances for high school students began several weeks ago and are attended by enthusiastic dancers every Thursday evening.

A supper show is set for Friday, when Hereford Jaycees will cook hamburgers for the crowd and movie comedies will be shown.

Although attendance has not been as good as sponsors of the program had hoped, varied activities are in progress and other youth of the city are invited to join any of the existing groups — or to help form others.

Mr. and Mrs. Danny William Thompson are the parents of a daughter, Ashley DeLane, born June 15. She weighed 6 lbs. 8 oz.

Mr. and Mrs. Harry Allen Woods are the parents of a daughter, Jolenna Kay, born June 18. She weighed 7 lbs. 9 1/2 oz.

Mr. and Mrs. Kevin Keith Thurman are the parents of a son, Brandon Keith, born June 18. He weighed 6 lbs. 4 oz.

BIBLE VERSE

"Wherefore, if any man is in Christ, he is a new creature; the old things are passed away; behold all things are become new."

1. Who wrote the above statement?
2. Of whom is it particularly descriptive?

Answers To Bible Verse

1. Paul, the Apostle.
2. Paul, himself.

Officers Installed In Extension Clubs

Patterns, the subject of an installation program for Deaf Smith County Extension Club officers Monday, was applied by the speaker, Mrs. Elmer Patterson, to the designs of God, of nature and of human thought, symbolized by the paper patterns which home dressmakers use to cut a garment.

She pinned pattern pieces on dresses of the women who were installed to various offices, to denote their responsibilities. The program followed a salad luncheon in Pioneer Gas Flame Room, a joint installation of officers for the County Home Demonstration Council and all the separate clubs.

Council officers are all returning for a second term, Mrs. H.L. Hershey as chairman, Mrs. E.C. Hewitt Jr. vice chairman, Mrs. J.H. Holden secretary, Mrs. Roger Williams correspondent, Mrs. Wayne Sifford treasurer, Mrs. Jimmie

Bradley parliamentary and Mrs. Ralph Warren reporter.

Others present to be installed included Mrs. Dean Stallings, president of Progressive Club; Mrs. Richard Patzig, Young Homemakers; Mrs. T.E. Brisendine, president, Mrs. J.A. Crofford, treasurer and Roberta Campbell, Council delegate, North Hereford Club.

Also Mrs. Grady Parsons, president, and Mrs. Arthur Dettmann, reporter, Cultural Club; Mrs. Sifford, president, and Mrs. Clint Homfeld, secretary, Bippus Club; Mrs. W.P. Axe, vice president, Mrs. Harley Ward, reporter and Mrs. Ira Ott, parliamentary, Wyche Club.

Also Mrs. Edward Hammett, secretary, Palo Duro Club; Mrs. Joe Bowers, treasurer, Heritage club; Mrs. Carl Parnell, Council delegate, Dawn Club; Mrs. Ulys Pierce, president, West Hereford.

Pattern Set

Installing officers in Deaf Smith County Extension Clubs and the county council, Mrs. Elmer Patterson used a theme of Patterns. At right in top photo she speaks to the Council chairman, Mrs. H.L. Hershey, center, and vice chairman, Mrs. E.C. Hewitt Jr. Club presidents who took office, lower photo from left standing are Mrs. Grady Parsons, Cultural Club; Mrs. Dean Stallings, Progressive; Mrs. T.E. Brisendine, North Hereford; seated, Mrs. Wayne Sifford, Bippus; Mrs. Ulys Pierce, West Hereford; Mrs. Richard Patzig, Young Homemakers.

City's Beauties To Model

Modeling by Miss Hereford, Miss Teenage Hereford and a dozen of the other contestants for those 1974 titles will feature the Good Luck Party for Susie Hickman July 2, when friends will gather at the Country Club to wish the current Miss Hereford success as she competes in the Miss Texas pageant.

Committees have been named from the Chamber of Commerce Women's Division, sponsors of the party as it is of the annual Miss Hereford contest. Mrs.

Lynn Kester is general

chairman.

She announces that Mrs. Clint Formby will be narrator for the style show, in which Miss Hickman will model the wardrobe she has selected for various Miss Texas events next month at Fort Worth. Her mother, Mrs. Robert Hickman, will also wear costumes she is taking for the occasions when she will accompany her daughter.

Summer outfits from Hereford stores will be shown by Monica Herring, Miss Teenage Hereford, and Cindy Hairgrove, Libby Patten, Joyce Brady, Kim Wilson, Cindy Crider, Lynda Dones, Lisa Martin, Jana Ray, Gussie Sanders, Lisa Lyles, Delfine Ulibarri and Melinda Watts.

Miss Hickman will sing the selection which will be her

talent contest number. Mrs. Dwight McGee, pianist, will play for the parade of models.

Mrs. Calvin Goodin heads the decorating committee. Mrs. Danny Martin the hostess committee. Mmes. J.W. Robinson and Bill Johnson will direct the models backstage.

Tickets are on sale this week to Women's Division members and will go on sale to the public next week at Hereford State Bank and the Chamber of Commerce office. Mrs. Melvin Hoover is ticket chairman.

Mmes. Richard Ottesen and Joe Reinauer Sr. are coordinating business firms. The Hereford Brand and radio station KPAN are in charge of publicity.

Kitchen Shower Given Miss Hale

Cookery lessons were offered to a bride-to-be, Debbie Hale, at a party in her honor Monday evening in the Charles Bell home. Kathi Bell and Shari Hughes were hostesses with a kitchen shower.

Miss Hale and Jeff Deavenport are to be married

June 22. Misses Hughes and Bell will be attendants in the wedding.

Each guest at the party brought a gift for the honoree's kitchen, also a recipe and one of its ingredients. Instructions for preparing each dish were given for a program of laughter.

With yellow chrysanthemums as decoration, the table sparkled with crystal and refreshments featured a cool fruit salad in half of a watermelon rind.

Guests included Miss Hale and her mother, Mrs. Jim Hale, Karen Fox, Kim Wilson, Susan Wartes, Kathy McCathern, Twanaha Kendrick, Brenda Owen, and Jackie Pickens.

The hostesses were assisted by their mothers, Mrs. Charles Bell and Mrs. Pat Hughes.

AGNEW DISBARRED
ANNAPOLIS, MD. -- The Maryland Court of Appeals has disbarred former Vice President Spiro T. Agnew. Not being a member of the federal bar, his disbarment in Maryland prevents his practicing law elsewhere.

AC Slates Enrollment

Mid-term registration for full-time students at the Amarillo College School of Vocational Arts, 6222 W. 9th, will be held on the campus Monday.

Students can enroll in day classes for the programs at any six-week period, said Everett Williams, dean of the vocational school. Most courses are set up for 21 months, but some students received certificates in 15 to 18 months, he added.

Programs offered on the west campus include air conditioning and refrigeration, automotive

mechanics, diesel mechanics, commercial electronics, and welding. Additional information concerning mid-term registration or programs may be obtained from personnel at the SVA campus.

Being careful is less painful than being injured—and less expensive, too.

Study may provide intelligence but it takes thinking to develop wisdom.

Honorary CowBelle

A surprise presentation was made to Bill Albright, executive secretary of Deaf Smith County Chamber of Commerce, by Hereford CowBelles to name him Honorary CowBelle of 1974. Albright was out of the city when the award was announced at the Hereford CowBelles' annual Dad's Day barbecue June 11; Mrs. C.F. Newsom, vice president, took the cowbell symbol to his office and presented it in recognition of Albright's support of the organization's chief aim, beef promotion.

WASHINGTON NOTES

SIMON ON BUDGET

Secretary of the Treasury William E. Simon stresses that the Government should aim toward a balanced budget in 1976 as a key to controlling the nation's inflation rate.

ON HEALTH PLAN

President Nixon has appealed for swift passage of a national health insurance plan to make quality care within reach of every American while maintaining the private medical system.

STUDY LONGER

The Agriculture Department says that although people are going to school longer than they used to, those in rural areas are still dropping out sooner than city residents.

COURTS WASTES

A government survey says the nation's courts waste \$50 million a year by summoning too many citizens for jury duty and making them wait long hours.

ON SOCIAL SECURITY

James B. Cardwell, Social Security Commissioner, warned falling birth rates, larger numbers of retired persons and inflation threaten to create a deficit in the Social Security system's trust funds as early as 1979.

ON CUTTING TROOPS

Secretary of State Henry A. Kissinger has warned Congress that forcing troop cuts abroad could destabilize the political situation in Western Europe and sabotage U.S. efforts to bring peace in Asia.

W.S. Izall Studies

Human Relations

A three-week Human Relations Seminar on interpersonal relations, group dynamics and values clarification is currently underway at West Texas State University with 40 participants, including William S. Izall, 208 Greenwood St.

The seminar, which carries three hours of graduate credit, is being conducted as a self-learning process with no formal presentations. Each session is a total unit of skill building. Participants will conclude the seminar with a study of human rights as they relate to everyday living.

Dr. Jack Nance, WT professor of education, instructs the seminar in the Methodist Student Center each afternoon.

Thanks Spoken And Beef Recipe Shared

Appreciation to those who helped the Hereford CowBelles in their Beef For Fathers Day promotion last week is expressed by Mrs. E.C. Reinauer, chairman of the committee in charge, who is also answering numerous requests by sharing the recipe for meat balls which CowBelles served in food markets during the week.

Mrs. Reinauer says the assistance of Deaf Smith County Chamber of Commerce and the Hereford Jaycees, the Hereford Brand and radio station KPAN for publicity, K-Bob's steak House, the Big Texas Steak House for loan of the giant whitehouse figure, both local banks, and all the women who worked in stores and downtown to carry on the promotion, is much appreciated.

The meat balls were served to shoppers in supermarkets of the city, to whet their appetite for beef purchases. Many women who sampled them asked for the recipe, and here it is, family size:

MEAT LOAF BALLS

1 lb. ground round steak or ground chuck
1 large onion, chopped
1 large green bell pepper, chopped
1 egg
1 can tomatoes (16 oz.)
2 1/2 cups rolled cracker crumbs

Place ingredients in large mixing bowl and mix well. Shape into 2 1/2-inch balls, or size desired. Bake at 350 degrees until lightly browned. Serve with sauce made as follows:

Mix according to directions on package, 1 envelope of spaghetti sauce. Add 3 tsp. Worcestershire sauce, 4 dashes hot sauce.

This recipe may be used for a meat loaf, by draining the juice off the can of tomatoes and using only 1 1/2 cups cracker crumbs.

Mix all ingredients well in a large bowl, shape into loaf and place in covered dish or pan. Four over top of loaf, the tomato juice which was drained off. Strip loaf with 3 slices of bacon and bake at 350 degrees 1 1/2 hours.

BSP Members To Attend State

Six members of Beta Sigma Phi Sorority will represent Hereford chapters at the annual Beta Sigma Phi state convention scheduled this weekend in Austin.

Members who will leave today are Mrs. John Schneider of Alpha Alpha preceptor chapter, and from Xi Epsilon exemplar chapter, Mmes. Ken Wiley, Jim Cramer, Jerry

Shipman and James Horton and Mrs. Jim Aldridge of Dimmitt.

A banquet will climax the weekend activities and featured speaker will be Dick Ross of Kansas City, son of the international sorority's founder, Walter Ross.

Workshops, business meetings and varied social events are on program for the summer convention.

NOTES, COMMENTS

Haste rarely saves time.

Trade at home. It pays me, you and everyone.

Luck is often the product of attention and ability.

High flying causes more than airplane accidents.

An optimist is usually an individual who feels good.

He who lives at high tension usually blows a fuse.

Who's the head of the house is often a matter of argument.

Freedom isn't always the right to do and say what you please.

Most people have some good in them and all people have some evil.

The happiest people go to church; there must be something to it.

Loafing becomes respectable when the doctor tells you it is necessary.

Never lose your temper because someone else can't think clearly.

If you think well of those who think well of you the score is even.

Life can be enjoyed by all who are willing to accept it patiently.

The man who earns what he gets will be under obligation to no man.

The Hereford Brand, Hereford, Texas, Thursday June 20, 1974

Girls Sign For Annual CFG Camp

Camp in the New Mexico mountains will again be an experience for Hereford Campfire Girls who are registering this week for the annual week of outdoor living which is scheduled to begin July 28.

Girls may register between 1 and 4 p.m. this afternoon or Friday at the Campfire Lodge. Mrs. Lewis Lea, executive secretary, announces.

Those who have completed third grade through high school age are eligible. Fee for the week is \$30 for girls registered

in the Campfire program, \$40 for non-members.

Again this year the Hereford group will go to Camp Summer Life at Vadisto, N.M., between Las Vegas and Taos. Approximately 200 girls, leaders and sponsors attend the camp each year from Hereford.

Any interested adult who will volunteer to assist with camp life and the 15 activities which range from outdoor cooking to archery, is asked to notify Mrs. T.E. Seigler or inquire at the Campfire Lodge.

Learning To Use Gift

Hereford Rotary Club has presented the County Library a slide projector to use in its new building, and Rotarian Rodger Ruland demonstrated its operation to library staff members Monday evening. Sina Sims, student aide, and Jean Kelly, part-time employee, check the slide Ruland holds up before library had for several years owned sets of slides suitable for public programs, but no projector to show them, they decided their "housewarming" gift would be the machine which can be used in story hours, club presentations and for other purposes.

Star Revived At WT

The famed feats of cowboy star Tom Mix are coming to the silver screen of the Panhandle-Plains Historical Museum Sunday as the fourth program of their Sunday afternoon summer series. The Museum is located on the West Texas State University campus in Canyon.

The 30-minute silent western is free of charge, and will be shown at 2:30 p.m. and 4:30 p.m. in the Museum basement. Museum-goers can also see

the new exhibit "Texas in the Civil War," which includes an 1858 British Enfield rifle, a Confederate side knife and belt buckle, and the "Stars and Bars," the national flag of the Confederacy adopted in 1861.

This flag was dropped in 1863 due to its unpopularity on the battlefield. In the smoke and dust it could not be distinguished from the Union's "Stars and Stripes."

Doc's Orders

"I prescribe absolute quiet for your husband," said the doctor. "Here's a sleeping powder."

"When do I give it to him?" asked the wife. "You don't give it to him," said the doctor. "You take it yourself."

That's It

Drag-How about giving me a diamond bracelet?

He-My dear, extenuating circumstances force me to preclude you from such a bauble of extravagance. Drag-I don't get it.

He-That's what I said.

Stenog's Delight

Billers--This typewriter will revolutionize the industry!

Sellers-How?

Billers--Look at the adjustable mirror, powder compartment, a manicure set built in, and a hideaway for chewing gum.

Loyal

Jones had an occasion to reprimand his wife.

"I think dear," he said soothingly, "that you fib a little occasionally."

"Well, I think it's a wife's duty," was her response, "to speak well of her husband occasionally."

TV COMMENTARY

By John Smiley

CBS' "Bicentennial Minutes" is an interesting, new idea whose time will begin July 4, 1974 and expire July 4, 1976. The series will consist of 731 sixty-second programs, each glimpsing an event of the Revolutionary Period that happened exactly 200 years ago to the day of the broadcast. A new program will be aired each day, seven days a week.

CBS has canned its idea of stretching Walter Cronkite's evening news to 45 minutes. The reason: stations on the local level nixed it. Local programs return higher profits.

THE UNITED NATIONS has made a series of TV documentaries to inform the world that its population is

expected to double by the year 2000. The aim of the effort is to illustrate the need for family planning.

IN THE very beginning host Johnny Carson was right on the money when he warned that the Emmy cast was for the most part "much ado about nothing."

ONE THING about the program "Good Times," it took away Maude's maid. Esther Rolle departed "Maude" for the drumbeat of her own show. She'll be replaced on "Maude" by English actress Hermione Baddeley.

PRO FOOTBALL is undergoing some changes in its rules this year in order to make for more exciting action for TV viewers.

B&P Co-Owners Attend Fly-In

W.L. Polk and Muriel F. Bussey, co-owners of B&P Pipeline at 721 Blevins, attended a "fly-in" for contractors the past week at the Charles Machine Works, Inc. where Ditch Witch trenching equipment is manufactured.

During the two-day event, the group met with engineers, toured the office and factory, and saw field demonstrations of underground construction equipment.

Among the group were Allen Havens, part owner of Circle R Supply, Booker, Texas; Joe H.

Belt, Kountze, Texas, vice president of Don Belt Co. Inc., Construction, Beaumont; Polk and Bussey, David M. Callaway Jr. and Daniel Cizler, owner and secretary, respectively, of La Feria Contractors Inc., located at La Feria.

The Lieutenant Governor Report

By Bill Hobby

The fastest growing country in the world has some lessons for Texas. That country is Israel. My wife Diana and I had the opportunity to visit Israel last month. For five

days we toured Israeli schools and hospitals and were briefed by government officials on the problems that country faces. What are those problems and how do they resemble those of Texas? Like Texas, Israel is a rapidly growing state, an increasingly urban state, and an increasingly industrial state. Like Israel, Texas has a large minority of its people who need special education to work in an increasingly technical and complex world. Unlike Texas, Israel makes a massive effort to help its citizens who need new skills learn what they

need to learn in order to become productive citizens. In spite of the fact that our world civilization began in the Middle East, that our religion (Christian, Jewish or Moslem) began in Israel, it is today what Texas was a few generations ago: a frontier state, struggling for survival. Israel cannot afford to have citizens of working age who cannot contribute to the national

effort. So she makes the massive commitment to education that she must to survive. Twenty-five years ago, when the modern state of Israel was being born, most of the emigrants were from Western Europe. Most of those early emigrants were highly trained and educated people. They came from countries with fine systems of public education. Many of them came from families with

traditions of educational and professional excellence. That pattern has now changed. Most of the emigrants now are from North Africa and the Middle East. These newer emigrants frequently lack the skills necessary to survive in a modern technical society. So Israel has developed a variety of programs to see to it that the newcomers learn the skills the country needs. Some of

The Hereford Brand, Hereford, Texas, Thursday June 20, 1974 this training takes place in the cities, some on-farms and in kibbutzes. But it takes place. We visited a kibbutz on the Sea of Galilee whose principal industry is farming and fishing. (Would you believe their biggest crop is bananas?) This kibbutz has opened a hotel that is so popular you have to make reservations months ahead. This same kibbutz, in order to provide employment for its older members who can no longer do the heavy work of farming and fishing, has opened an electronics factory, producing a device invented by one of its members. Throughout the country, emigrants are given instruction in Hebrew, training in technical skills, and placed in jobs. Unemployment is almost unknown. In short, Israel, in

Israel, in

The Hereford Brand, Hereford, Texas, Thursday June 20, 1974

order to survive, has had to make the investment necessary to see that each citizen functions at the highest possible level.

That's the lesson we Texans can learn from Israel. In Texas, we have one of the highest unemployment rates of any state. We have the highest dropout rate from our school system. We have more poor people than any other state. In fact, one person out of every ten classified by the

federal government as poor lives in Texas.

Wages in Texas are farther below the national average than they were in the 1940s. Texans are farther below the national average in education (number of school years completed) than we were in the 1940s.

We are beginning to do something about these problems. Every year our system of community colleges grows remarkably. And most of

that growth by far is in the technical subjects.

Each year vocational education comes closer to getting the emphasis it deserves in our school system. But we've got a long way to go, and a lot of lessons to learn from a small nation about the size of Houston and Dallas put together.

Could Be Fun is like insurance—the older you are the more it costs.

—Spotlight, San Diego.

WASHINGTON NEWS REPORT

Nixon & Arms-Debate in Russia-The Currie Gamble-The Balance-

WASHINGTON, D.C.—Ever since President Nixon sent Congress a defense budget sharply up for the fiscal year beginning July 1st there has been sharp debate in Congress about the sums requested—and in the Pentagon about what weapons the nation should place its hopes in.

Congress seems likely to go along, generally, with increased defense requests, though as columnist after columnist has reported this year there seems to be more waste in military projects and spending today than ever before in history.

Various projects are suspect as absolute wastes of the taxpayers' money. The Air Force is under increasing scrutiny. Its B-1 bomber, its A-10 close support aircraft, are both sourly viewed by many members of Congress as gigantic wastes. And some feel there has been a calculated pattern of deception from Air Force

spokesmen, to cover their blunders.

The Marine Corps Harrier—for which much has already been spent—is considered an experimental toy by some Congressmen. The British Government has just withdrawn much of its backing for the Harrier, a joint British-U.S. project in recent years. If the Harrier proves an impractical dream, and the A-10 also, the nation's ground forces are left short in the field of close support.

There is sharp debate about Navy carriers—whether they are too vulnerable. The Soviet Union has no carrier bombers, for example;

they obviously consider carrier air fleets outdated.

In the missile field, Russia has moved ahead of the U.S. in both ICBM numbers and size (destructive force) of bombs. But the U.S. has more bombers and more submarine missiles. President Nixon's possible accomplishment in Moscow later this month is in reaching an agreement with the Russians to limit further expansion, and certain new approaches, in the nuclear missile field.

As of now U.S. policy is a gamble, based largely on the theories and ideas of one man, Dr. Malcolm Cur-

rie, director of the Department of Defense office of research and development. Currie is a scientist and all-out for exotic, sophisticated and costly weapons. His theories and those of manufacturers (one of which he came from to the Pentagon) is that the next war will be totally different, one in which the exotic weapons, projected, will accomplish marvels in accuracy and pinpoint destruction. But relying on these hopes is a gamble for America—and just how much to depend on such hopes is a question affecting all Americans.

ALT Plans Melodrama

Amarillo Little Theatre's fifth annual summer melodrama will open Friday, June 28, and run Thursday, Friday and Saturday nights through August. "Deadwood Dick, or The Game of Gold" will be presented at the Camelot Inn, just off the Nelson exit on 140 East.

Food service will begin at 7 p.m., with the Camelot Inn offering a complete buffet meal for \$3.95. Buffet prices for children under 12 are half price. Patrons also have the option of ordering steak or lobster.

Those who prefer may attend the melodrama only; melodrama tickets and buffet tickets will be handled separately. Tickets for the melodrama are \$2.75 for adults and \$1.75 for students. For

reservations, contact the ALT box office at 355-9991.

Director Fox announced that he is pleased to be able to offer a complete dinner and evening of entertainment for only \$6.70 or \$3.75 for children, and added that he feels the luxurious atmosphere and quality food

service of the Camelot Inn will greatly enhance the melodrama. An old-fashioned sing-along begins at 8 o'clock with performance at 8:30.

The production is double cast, with each cast playing on alternate weeks.

Gospel Group To Perform Here

Modern gospel singers, the "King's Quartet", will perform Saturday in the Hereford High School cafeteria during the monthly meeting of the local chapter of Full Gospel Business Men's Fellowship International (FGBMI).

The six-member group has toured throughout the western United States, carrying the Christian message through music. They began in 1967 as a part time church group in Albuquerque, N.M.

The Kings sing many of their own compositions with two members being accomplished song-writers. Dave Gentry, pianist and tenor vocalist, and Jim Glunt, lead guitarist, are the group's composers. The other members are Carl Bell, lead singer; Ed Rimer, bass;

Dave Dixon, baritone; Jim Rimer, bass guitar.

The Kings have performed with other artists, such as The Oak Ridge Boys, The Happy Goodmans, The Florida Boys, The Blackwoods, The Statesmen, The Singing Rambos, Andre Crouch and David Wilkerson Youth Crusades.

A buffet supper, costing \$2.65 per person, will begin at 7 p.m. in the HHS cafeteria with the meeting and Kings Quartet following at 8 o'clock.

The public is invited to attend.

The will to live is the important factor in determining the lifespan of man.

Farewells Said

Just-married Mr. and Mrs. David Watts were honored with a bon voyage party in fellowship hall of First Baptist Church before departing for Germany. They left Friday for Frankfurt to live until Watts completes his United States Army service. Hosts were the couple's parents, the Edgar Vinsons and Glenn Watts. The refreshment table was set with steins from German and a specially decorated cake with maps of Europe and the United States to complete the theme.

PCG Backs Cattle Feeders

All farmers on the High Plains, including cotton farmers, have a sizable stake in finding a remedy or a solution to the plight of cattle feeders, according to Don Marble of South Plains, president of Lubbock-based Plains Cotton Growers, PCG Inc.

"If the recent year's disastrous cost-price relationship forces cattle feeders out of business and feedlots go empty, a surplus of feed grains and cottonseed products could easily develop," he says.

Accordingly, PCG has joined forces with the cattle industry, the Grain Sorghum Producers Association of Lubbock and others in pushing for federal legislation to provide emergency government-guaranteed loans to feeders unable to get financing through normal channels.

Bills have been introduced and hearings scheduled in both the House and Senate, and considerable bipartisan support is in evidence. The bill considered most likely to move in the Senate, on which hearings were held Monday, is S-3579, co-sponsored by such notables as Democratic Senator George McGovern of South Dakota, Chairman of the Senate Subcommittee on Agriculture, John Tower (R-Tex.), Carl Curtis (R-Neb.), James Eastland (D-Miss.) and Hubert Humphrey (D-Minn.), and others.

Republican Congressman Bob Price of Pampa has introduced H.R. 15079 in the House and hearings are to be held Tuesday and Wednesday. In telegrams to McGovern and to Texas Congressmen and Senators, Marble said "Legislation is desperately

needed authorizing emergency loans to cattle feeders to prevent empty feedlots, beef shortages and depressed markets for feed grains and cottonseed."

THE U.S. DEPARTMENT of Agriculture's most recent estimate of U.S. cotton acreage and production, printed in the May issue of "Cotton Situation," obviously will need revision in view of recent developments on the Texas High Plains and elsewhere, according to officials of Plains Cotton Growers, Inc. of Lubbock.

USDA projected the U.S. upland cotton crop for 1974 at 14 million bales, to be harvested from 14.7 million planted acres, and PCG says it is reasonable to assume that some 2.5 million bales were expected to come from about 3 million acres in the 25 counties represented by PCG in the Lubbock area.

But since the USDA compiled those figures, it is pointed out, hail, high winds and continued dry weather in sections of the Plains have reduced the area's potential to around 2 million acres and perhaps 1.5 million bales. Excess rain has brought flooding of cotton fields in the heavy producing areas of Northeast Arkansas, Western Tennessee and parts of Mississippi and Louisiana.

Some observers indicate this situation without quick relief could reduce acreage and production potential in those areas by as much as 10 per cent.

Also there are reports that some of the acreage intended for cotton in the Southern Half of Texas may have gone to grain sorghum instead.

The joint PCG-Lubbock Cotton Exchange Estimates Committee will meet in early July to compile standing acreage figures for PCG's 25 counties. USDA will release another national acreage estimate on July 11, but it will be an estimate of planted acreage as opposed to "standing" acreage.

So truly meaningful national cotton acreage figures will not be available until the following month, and at that time they are almost certain to be down from the May estimate.

As the days continue to get warmer we can expect more electrical clouds and storms. Do you remember the lightning count? Does it really tell you how far away the lightning bolt was?

When you see a bolt of lightning and do not hear thunder, begin a second count and note the number of seconds until you hear the thunder. Divide this number by five and you have the distance of the lightning.

This is an infallible rule and is based on the knowledge that sound travels only a fifth of a mile per second. Therefore it takes five seconds for the sound to travel a mile, even though you immediately see the flash, even at some distance.

Beef Cuts Best Pig Show Set On Market List In Lubbock

Forequarter beef cuts take the economy "spotlight" this season, one expert says.

"These cuts are comparatively the best value now, although some stores will feature round cuts at lower prices," according to Mrs. Gwendolyn Clyatt, consumer marketing information specialist, Texas Agricultural Extension Service, The Texas A&M University System.

Pork values include smoked hams, picnic, shoulder roasts and steaks, end-cut loin roasts and chops, she added.

"Fryer chickens remain the money-stretcher in many meat departments, and grade A, large-size eggs generally are the economy-quality egg value."

"Turkey, whole bird and parts, are plentiful and economical."

Turning to fresh fruits and vegetables, Mrs. Clyatt cited peaches, apricots, cherries, plums and nectarines as priced "on the high side."

"Cantaloup, watermelons and honeydew melons have more attractive price tags as supplies increase, and pineapple, strawberries, apples and oranges are worth considering."

Vegetable items in largest supply at the most economical prices are cabbage, carrots, sweet corn, okra, green beans, dry yellow onions, radishes and green onions.

CONSUMER WATCHWORDS: Cottage cheese is featured at dairy counters. One and a third cups of cottage cheese supplies about the same amount of calcium as one cup of milk.

Tension and suppressed emotion killed many of our associates and may kill you.

A sick man who pays no attention to his doctor shouldn't blame the medical profession if he fails to get well.

The second annual Southwest Feeder Pig show will be held October 7-8 at the Panhandle South Plains Fair Grounds, in Lubbock.

According to Clyde Gordon, chairman of the Livestock Industry Committee, Lubbock Chamber of Commerce, the first pen will be sold individually and all other pens will be cut one time.

Only barrows and gilts weighing between the weights of 40 and 70 pounds will be eligible for show. An entertainment bar-b-que night on the first evening is also planned with the sale to be held at 1 p.m., Tuesday, October 8.

Further information may be obtained from Lubbock Chamber of Commerce, P.O. Box 561 Lubbock, Tex. 79401.

Conserve Soil With Minimum Tillage Method

AUSTIN--Agriculture Commissioner John C. White recently suggested that farmers who are still planting crops employ minimum tillage practices to conserve soil and fuel.

The method combines tilling and planting into a once-over operation. Some farmers also supply fertilizer, herbicide and insecticide in a single trip across the field.

It can reduce soil loss from 40 to 90 percent and cut down on fuel use by 50 percent or more.

It finally has been proven, a few million times, that it's harder to keep one's mouth closed than open.

When you go on a vacation trip, in your automobile, remember that death takes no holidays.

UNIROYAL Vitavax-200
helps wheat emerge faster, winter better, break dormancy earlier.

That's because Vitavax-200 is more than just another surface seed protectant. It's a powerful systemic seed treatment that gives your seed protection all the way to the embryo.

Why chance yield losses, when near perfect protection against smuts,

bunts, rots, and seedling blights costs so little. Vitavax-200 now has full EPA clearance for use on wheat and barley. Talk to your authorized Vitavax-200 dealer about treating your seed today.

The Hereford Brand, Hereford, Texas, Thursday June 20, 1974

Proposed Textbooks To Be On Display

New text materials to be considered for use in Texas public schools beginning Sept. 1, 1975, will be placed on public display July 1 at the Region XVI Education Service Center, 1601 South Cleveland, Amarillo.

Copies of the proposed textbooks will be sent to the centers by publishers submitting new materials for adoption by the State Board of Education November 9.

Although an exhibit in Austin is the only place educators and the general public will be able to actually examine kindergarten and primary grades learning systems, detailed descriptions will be made available at the service centers. Each system may include books, films, tapes, or other equipment.

Copies of each prospect or the systems will also be sent to members of the State Textbook Committee and their advisors.

Each prospect will include information about the authors, an outline of the purposes of the system and its relationship to specific research, a guide for the teacher's use, evidence of field testing with different population groups, and evaluation procedures to be used.

Text exhibits at the regional education service centers throughout the state will include books for 11 elementary school and 11 high school subjects.

Elementary school subjects include textbooks for bilingual instruction in Spanish language development, basal reading in Spanish, supplementary reading in Spanish, English as a second language, mathematics in Spanish, social studies in Spanish, and Science in Spanish.

Other elementary subjects slated for new texts include

handwriting for grades one through three, language and grammar for grades one through eight, science for grades one through six, and basal readers for grades seven and eight.

High school text materials will be selected for courses in speech, elementary analysis, analytic geometry, calculus with analytic geometry, probability and statistics, computer mathematics, mathematics independent study and conference courses, fundamentals of mathematics, introductory algebra, Spanish levels I and II, and choral music.

The 15 teachers and administrators appointed to the 1974 State Textbook Committee and their advisors will examine each text this summer in preparation for their October 2 meeting to vote on the recommended materials. This list of books voted by the committee is then forwarded to the Texas commissioner of education. Final action will be taken by the State Board of Education at its November 9 meeting in Austin.

Each member of the State Textbook Committee will appoint two consultants to examine and make recommendations on the bilingual textbooks and systems for the primary grades and bilingual systems for kindergarten. Each consultant must have special training in kindergarten and/or bilingual education under criteria set up by the State Board of Education.

Committee members will also request the help of advisors in the other subject areas. Some 800 teachers active in Texas public schools, parents, and other specialists are expected to serve as advisors to the State Textbook Committee.

State Textbook Committee members and their consultants will examine all systems of bilingual subjects and kindergarten oral language development systems at the Austin Municipal Auditorium Sept. 30 through Oct. 2. This exhibit will present the same materials which had been available to the public at Maplewood Elementary School in Austin from June 17 through August 9.

Parents and other citizens will be able to express their views during a series of public hearings at the Texas Education Agency in Austin beginning Sept. 10.

The commissioner of education will hold hearings beginning at 10 a.m. on Sept. 10-12. Later, the State Textbook Committee will hold a public hearing October 1 beginning at 8:30 a.m. The State Board of Education will hold a final public hearing November 8 beginning at 8:30 a.m.

2 STEEL BELTS HELP RESIST CUTS AND PUNCTURES.

2-PLY POLYESTER CORD BODY FOR SMOOTH RIDE.

PASSENGER CAR TIRE GUARANTEE

Montgomery Ward guarantees each of its passenger car tires for a specified number of miles when used on except taxis. If your tire does not give you this mileage because of:

- defects in material or workmanship,
- normal road hazard failure,
- premature tread wearout (2/32 inches or less remaining),

Montgomery Ward will:

1. During the first 10% of guaranteed mileage, replace the tire free.
2. During the remaining guaranteed mileage, replace it for a prorated charge based on mileage used.

Nail punctures repaired free during the entire guaranteed mileage.

For guarantee service and adjustment, return tire to any Montgomery Ward branch with the Guarantee Booklet issued at the time of sale.

Charge after first 10% of guaranteed mileage based on selling price in effect at the time of return at branch to which returned, including federal excise tax.

Passenger tires used on taxicabs, and motor vehicles other than passenger cars are guaranteed on the same basis against defects in materials and workmanship only.

NEWS NOTES

NEIGHBORLY DROP IN
YPSILANTI, MICH.—Leonard Daymon, 46, and two of his friends dropped in on his next door neighbor unexpectedly. Daymon along with pilot John Moody, 46, and passenger Edward Brendtke, 39, were aboard a single-engine plane which lost power, bounced off the roof of the home of Mitchell Glenn and smashed into two cars.

ROOM FOR TWO
SEATTLE—If 23-year-old Dan Kauren ever gets thrown out at home, there's plenty of room for him in the doghouse. He built a doghouse seven-feet high with a floor 6-by-5 feet. The dog, a St. Bernard, weighs 125 pounds.

AIR BAGS DELAY
DETROIT—The nation's top two auto makers are seeking another delay in making air bags mandatory safety equipment on 1977-model cars.

REJECTS LATEST BID
SALISBURY, RHODESIA—The African National Council has rejected the latest proposals by Rhodesia's white minority government to settle an 8½-year-old constitutional dispute.

WORRIED ABOUT PIG
PHOENIX, ARIZ.—Condemned murderer Charles Doss has expressed concern about testing a pig in the gas chamber where he is scheduled to die Aug. 1. He has organized Save The Pig Inc. to cancel the execution of Charles R. Doss in order to spare the life of this poor, unoffending pig.

USE ITCH-ME-NOT TO STOP THAT ITCH!
Acts like a local anesthetic. Apply quick-drying ITCH-ME-NOT (contains 6 itch-stoppers) for eczema, insect bites, toe itch, other surface rashes. Antiseptic kills germs, speeds healing. If not pleased in 15 MINUT. ES, your 50¢ back. TODAY at ...

THE STATE OF TEXAS
TO: JOLETTA WOMACK
GREETINGS:

You are hereby commanded
to appear and answer before the
Honorable District Court, 69th
Judicial District, Deaf Smith
County, Texas, at the Court-
house of said County in
Hereford, Texas, at or before 10
o'clock A.M. of the Monday next
after the expiration of twenty
(20) days from the date of
service of this citation, then and
there to answer the Petition of
GERALD S. BURNEY and
CORNELIA ANN BURNEY,
Petitioners, filed in the said
Court on the 30 day of May, 1974,
against JOLETTA WOMACK,
Respondent, and said suit being
numbered 7130 on the docket of
said Court and entitled IN THE
INTEREST OF A CHILD, the
nature of which suit is a request
to terminate the parent-child
relationship. Said child was
born the 14th day of April, 1974,
in Albuquerque, New Mexico.
The Court has authority in
this suit to enter any judgment
or decree in the child's interest,
which will be binding upon you,
including the termination of the
parent-child relationship and
the appointment of a con-
servator with authority to
consent to the child's adoption.
Issued and given under my
hand and seal of said Court at
Hereford, Texas, this 13 day
of June 1974.

Lola Faye Veazey
Clerk of the District Court
Deaf Smith County, Texas
Travis McPherson, Sheriff
Deaf Smith County, Texas
Sheriff, Deaf Smith County,
Texas
By: Dean Butcher Deputy,
T-25-1c

THE STATE OF TEXAS
To any Sheriff or any Constable
within the State of Texas —
GREETING:

You are hereby commanded
to cause to be published once
each week for four consecutive
weeks, the first publication to
be at least twenty-eight days
before the return day thereof, in
a newspaper printed in Deaf
Smith County, Texas, of the ac-
companying citation, of which
the herein below following is a
true copy.

CITATION BY PUBLICATION
TO:
Henry Heinlein, Sophia
Heinlein, John Heinlein, Henry
Heinlin, Jr., Frank Heinlein,
George Heinlein, Phillip
Heinlein, Antin Heinlein, Carl
Heinlein, Anna Heinlein, Ed-
ward Heinlein, Joseph Heinlein
and Ema E. Mercer, and also
the heirs, their heirs and legal
representatives of Henry
Heinlein, Sophia Heinlein, John
Heinlein, Henry Heinlein, Jr.,
Frank Heinlein, George
Heinlein Phillip Heinlein, Antin
Heinlein, Carl Heinlein, Anna
Heinlein Edward Heinlein,
Joseph Heinlein and Ema E.
Mercer.
Defendant, Greeting:
YOU ARE HEREBY COM-
MANDED to appear before the
Honorable District Court of
Deaf Smith County at the
Courthouse thereof, in
Hereford, Texas by filing a
written answer at or before 10
o'clock A.M. of the first Monday
next after the expiration of
forty-two days from the date of
the issuance of this citation,
same being the 8th day of
August A.D. 1974 to Plaintiff's
First Amended Petition filed in
said court, on the 18th day of
June A.D. 1974 in this cause,
numbered 5640 on the docket of
said court and styled Betty Fay
Kearns Neely et vir, R.C. Neely,
Jr. Plaintiffs, vs.
Henry Heinlein, Sophia
Heinlein, John Heinlein, Henry
Heinlin, Jr., Frank Heinlein,
George Heinlein, Phillip

Heinlein, Antin Heinlein, Carl
Heinlein, Anna Heinlein, Ed-
ward Heinlein, Joseph Heinlein
and Ema E. Mercer, and also
the heirs, their heirs and legal
representatives of Henry
Heinlein, Sophia Heinlein, John
Heinlein, Henry Heinlein, Jr.,
Frank Heinlein, George
Heinlein Phillip Heinlein, Antin
Heinlein, Carl Heinlein, Anna
Heinlein Edward Heinlein,
Joseph Heinlein and Ema E.
Mercer, Defendants.
A brief statement of the nature
of this suit is as follows, to-wit:
Being a suit in trespass to try
title to recover title and
possession of that certain land
and premises in Deaf Smith
County, Texas, being the North-
west one-fourth (NW-4) of
Section Eight (8), Block Seven
(7), B&F Surveys, containing
160 acres, more or less,
asserting title also by adverse
possession under Article 5507,
5508, 5510, 5519, and 5519a, V. T.
C. S. and under any other
limitation statute applicable to
the ownership of real property
as is more fully shown by
Plaintiff's First Amended
Petition on file in this suit.
If this citation is not served
within ninety days after the
date of its issuance, it shall be
returned unserved.
The officer executing this writ
shall promptly serve the same
according to requirements of
law, and the mandates hereof,
and make due return as the law
directs.
Issued and given under my
hand and the seal of said court
at Hereford Texas, this 18th
day of June A.D. 1974.

Attest: Lola Faye
Veazey Clerk,
District Court
Deaf Smith County,
Texas.
(SEAL)
By Virginia Easley
Deputy.

PUBLIC NOTICE
TITLE I GRANT APPLICATION
PUBLICATION
ANNOUNCEMENT

The Panhandle Regional Plan-
ning Commission announces that
it has submitted an application
to the Department of Labor for
funding under Title I, the
Comprehensive Employment and
Training Act of 1973
(CETA), Public Law 93-203 for
the Texas Panhandle Manpower
Consortium. The total amount of
funds available for the consor-
tium region is \$1,445,940. Each
local unit of government sig-
natory to the multijurisdic-
tional agreement shall receive
its fair share of the funds
allocated. The following city and
counties are included in the
CETA program:
City of Amarillo, Armstrong
County, Briscoe County, Carson
County, Castro County, Colling-
sworth County, Deaf Smith
County, Donley County, Gray
County, Hall County, Hansford
County, Hartley County, Hemph-
ill County, Hutchinson County,
Lipscomb County, Moore Coun-
ty, Oldham County, Parmer
County, Potter County, Randall
County, Roberts County, Swis-
her County, Wheeler County.
The purpose of these funds shall
be to provide job training and
employment opportunities for
economically disadvantaged,
unemployed and underemploy-
ed persons and to assure that
training and other services meet
the maximum employment
opportunities and assist pro-
gram participants to become
significant segments of the
population which will include
but not be limited to persons
receiving public assistance
payments, Vietnam-Era veter-
ans, former manpower trainees,
and persons of limited English
speaking abilities.
Program activities and services
provided:
Classroom Training \$325,000
On-the-Job Training 175,000
Public Service
Employment 311,000
Work Experience 450,000
Services to Clients 144,594
Other Activities 40,346
TOTAL \$1,445,940
It is planned that these activities
shall provide assistance for but
shall not be limited to the
alleviation of such problems as
economically disadvantaged
youth needing assistance to stay
in school, and vocational
training and employment for
economically disadvantaged,

unemployed, or underemployed
persons 16 years and older.
Approximately 1,825 individuals
are to be served by this
program.
The application may be
reviewed at the Panhandle
Regional Planning Commission,
Amarillo Building, Room 730,
3rd and Polk Street, Amarillo,
Texas, 79101, telephone (806)
376-4238, between the hours of
8:00 A.M. and 5:00 P.M.
Monday through Friday.
Persons wishing to make
comments should make them to
the above address no later than
June 30, 1974. Further informa-
tion about programs in the
region may be obtained from the
Texas Employment Commission
and the Texas Panhandle
Community Action Corporation.

HEREFORD BULL BARN

Farm-facts
A Weekly Report Of Agri-Business News
Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

THE BEEF industry is taking its lumps, and, as usual
in such cases, there are several theories about the cause.
One is that the demand in this country was down.
Americans ate 14 pounds less beef in 1973 than they did in
1972. Another is that the export demand was less and that
other countries imposed export controls, while the United
States has no such controls on imported beef. As you can
imagine, there are some people calling for government
restrictions on beef imports, and that may be imperative,
but right now is only in the talking stage. U. S. Agriculture
Secretary Buttz says that because Americans ate less beef
last year doesn't mean they like beef less. He said less red
meat was marketed because of consumer boycotts and
government price manipulation. And that sounds
reasonable; but, in the meantime, cattlemen pay more for
what they must buy and get less for what they sell.

YOU MIGHT have noticed that the governor of
Oklahoma, David Hall, introduced a resolution before the
recent governor's conference calling for a change in meat
grading standards and introduction of a national "check

off" program on slaughter cattle to promote beef. Texas
pork producers recently approved a check-off program of
promotion, education and research, and insect, disease and
predator control. This program will be getting underway
about July 1. Other commodity groups who have similar
programs include peanuts, soybeans, grain sorghum, pecans,
turkeys, and wheat. Such programs are authorized under
the Texas Commodity Referendum Law which is
administered by Commissioner White.

KAUFMAN and Washington Counties cattlemen have
fewer restrictions now on brucellosis testing requirements.
Those two counties have been restored to "modified-
certified" status, the USDA reports. At the same time,
Cherokee, Navarro, and Wood Counties, all in northeastern
Texas, have been taken off the modified-certified
brucellosis area list; and cattlemen there who ship beef for
dairy-breeding animals will have more brucellosis testing
requirements.

RAINS HAVE blessed areas in the State, but there is
still a short supply of moisture on the High and Low Plains,
handicapping planting. This probably initiated the joke
about a West Texas drought: A tourist stopped at a service
station (when it had gas) and commented to the old-timer
serving him that it looked like rain.
"Hope it does rain," the old-timer said. "Not for
myself but for my grandson. I've seen rain."
