Branding Time

By Speedy Nieman

THAT FELLER on Tierra Blanca Creek says the couple that hasn't seen tough days doesn't appreciate the value of a dollar.

With the price of cattle down and the cost of fertilizer up, we heard a feeder manager here this week report that "we're just feeding the cattle for the manure."

A philosopher is a man giving other people advice about troubles he never had.

OUR SYMPATHY and apologies go to James Hull, manager of Deaf Smith REC. His father, W.V. Hull, died last week in Corsicana and funeral services were held in Dawson. The obituary notice in The Brand inadvertently listed the name as "Hall" throughout the article, and we apologize for the error.

Neither wealth nor position makes a man a gentleman; neither does poverty prevent a man from being a gentleman.

CONGRATULATIONS are in order for the Hereford High students who will be going to the Regional UIL Meet at Lubbock to represent their school in literary as well as track and field competition. HHS scored 100 points in the district literary contests and also tallied 100 in the track meet.

It's good to see our students excel in all areas of competition and, perhaps, those who win in literary events have not drawn full recognition. It requires long hard study, practice and preparation for students and teachers alike. The winners are the "cream of the crop", but the more winners we have, the more it follows that the rest of the class is also improving in excellence.

When our students rank high in interscholastic competition in all areas, we think it's a good indication that the schools are doing a good job of educating all of our kids.

Yesterday is experience; tomorrow is hope; today is getting from one to the other as best we can.—Eraser Dust

We should be content with what we have, but never with what we are.—Channing Pollock

IF YOU'RE a country and western music fan, you'll want to catch the big show being sponsored by Hereford Jaycees Saturday night at the Bull Barn. It promises to be a fine evening of entertainment, and at the same time you'll be helping the Jaycees sponsor worthwhile community projects!

AND, FOR the sports fans, Hereford is hosting a Regional Qualifiers' Meet here Saturday evening—a track and field meet that will draw the top-ranked competitors in all of the Panhandle and West Texas. Only track stars who have won first or second in their respective district meets are eligible for the competition here. The meet is being sponsored by the sports committee of Deaf Smith County Chamber of Commerce.

Allred, Conkwright Sworn As Trustees

By DON RICHARDS
Brand News Editor

Lynton Allred and Jim Conkwright were sworn in as new members and Hugh Clearman was re-elected president of the Hereford School Board of Trustees Tuesday night.

Veteran members Hilrey Aven and Dr. A.T. Mims helped the board canvass the school election results and then stepped down as County Clerk B.F. Cain administered the oath to the two new members. School business manager Bill

Phillips then took temporary charge of the meeting for the election of new officers. Clearman was retained to head the board, Bobby Veigel selected vice president, and Conkwright selected as secretary. All were unanimous choices.

IN OTHER major action at the meeting the Board approved a 1974-75 school calendar, heard a presentation bid from Lone Star Insurance Agency for workman's compensation insurance for the school, heard a report on the Individually Guided Education (IGE) program from Mal Manchee and Howard Birdwell, and went into a long discussion concerning issues which arose during the recent school board election.

Board members also accepted the resignations of several teachers in the school and hired two new teachers.

THE APPROVED calendar for the next school year starts school Aug. 14 with a faculty meeting with classes beginning Aug. 20. Labor Day is taken off and the Thanksgiving holidays. School will be out for Christmas from Dec. 20 through Jan. 2. Spring break will be the week of classes March 24-26 with the end of school falling May 27, 1975.

Ken Rogers of Lone Star Agency appeared before the Board to present a detailed workman's compensation in-

Commissioners Appoint Librarian

By O.G. NIEMAN
Publisher

Mrs. Baxter (Gwen) London was named as the new county librarian, replacing Mrs. Lorene Newman, during a regular meeting of the Deaf Smith County Commissioners Court here Monday.

Mrs. Newman, county librarian since 1953, announced her retirement, effective June 1, but was unable to attend the meeting Monday. She was hospitalized over the weekend in Tucumcari, N.M., following a motorcycle accident.

In other business Monday, the commissioners approved application for renewal of the grant for an assistant district attorney; endorsed a Hereford Bicentennial Committee upon request from the local DAR chapter; approved a resolution to the Panhandle Regional Planning Commission calling for a comprehensive manpower program;

approved use of the Bull Barn Sept. 13-14 for the annual Fiesta celebration; approved the fire report, and approved payment of monthly bills.

COMMISSIONERS also reviewed the revenue sharing funds, after County Judge H.C. Williams announced that a check for \$63,603 had been received for the third quarter of the fourth entitlement period. One more check, in the same amount, is due this fiscal year. Total revenue sharing funds received by the county now totals some \$511,334.

The county earmarked most of the funds for the new library, allocating some \$476,000 for construction and furnishings. The original construction bid was \$350,182. Another \$43,500 was tabbed for remodeling the courthouse after the old library is moved, and \$59,300 was allocated for county machinery. The county has earned some interest on the revenue funds, and now shows a balance of \$129,069 plus interest.

COMMISSIONERS had several applicants for the librarian's post, but Mrs. London was the only one interviewed. Although two of the applicants had college degrees as librarians, it was apparent the commissioners felt Mrs. London's experience and service merited prime consideration. The court received several letters of recommendation for Mrs. London, who has worked in the library nine years.

After a brief discussion, commissioners approved the appointment of Mrs. London at a salary of \$700 per month, effective May 1. She will assume the post at a time when construction is nearing completion of the spacious new

county library facility across the street from the courthouse. Mrs. Newman has served as the county librarian for approximately 21 years.

At the same time, commissioners named—with Mrs. London's approval—Rhonda Stewart as the assistant librarian. Miss Stewart, 22, graduated from West Texas State in December and has worked at the library part-time and in the summers through her high school and college days. Her salary was set at \$600 per month, effective May 1.

ANDY SHUVAL, criminal district attorney, and his assistant, Roland Saul, appeared at the meeting to request the application for renewal of the Criminal Justice Council grant on the assistant D.A. program. Shuval pointed out that the CJC required a study and evaluation of the local program by three district attorneys, and that they reported it was "a valuable program that should be continued."

Shuval also outlined the results of the evaluation, as well as a survey of criminal districts and case loads across the state. He said the program here had helped increase the number of cases handled and had "streamlined" the operation of the office.

SHUVAL ALSO commended the work of his assistant—a sentiment which was echoed by the members of the commissioners' court. The renewal application will request an increase in the assistant's salary which, Shuval pointed out, will be included in the grant. The county's cost for the program remains at \$1,000 per year. The court approved the renewal resolution.

Ballot Positions Listed

The Deaf Smith County Democratic Party recently released a list of ballot positions of local candidates for the May 4 primary.

Incumbent Judge H.C. Williams drew first spot in the county judge race as challengers J. Mike Ranspot and Sam Morgan will be listed second and third respectively.

Candidate Joe M. Zinser drew first ballot position in the Commissioner Precinct Two race with the other candidates to be listed in the following order: Austin C. Rose Jr., William H. (Bill) Griffin, Grant Hanna and Clinton Jackson.

The three candidates in the Commissioner Four race will be listed in the order of James P. Voyles, Luther Lesly and M.W. (Webb) Blankenship.

ALL OTHER local races have only the incumbent running and there was no drawing for ballot positions.

In other races to be included on the ballot, the top listing will be incumbent George Mahon running for U.S. Representative, District 19. Mahon has no opponent.

In the Texas Governor's race, incumbent Dolph Briscoe will be listed first, Frances (Sissy) Farenthold next, then W.H. (Bill) Posey and Steve S. Alexander last.

Bill Hobby is the only candidate in the Lieutenant Governor's race as is John Hill in the Attorney General's race.

IN THE positions for State Treasurer, incumbent Jesse James will be listed first followed by challenger Donald B. Yarbrough.

For State Comptroller incumbent Bob Bullock will be listed first and second will be Hugh Euburg.

John C. White will be listed on top in the Commissioner of Agriculture race followed by Herbert A. (Peanut) Schroeder.

Mack Wallace will be listed first and C.A. Kelly second in a race for an unexpired term of Railroad Commissioner.

In the State Board of Education James H. Whiteside will be listed first along with Dorothy McLarty.

In the only other challenged race on the ballot, that for State Representative, challenger Harvey R. Floyd of Vega will be listed first with incumbent Bill Clayton of Springlake listed second.

THE STATE Executive Democratic Committee also requested the local party to include on the ballot a straw vote concerning allowing parimutuel betting on horse races by local option. The vote will only be a method of determining the wishes of the public so that the 64th Legislature can decide whether to enact a law for the betting.

HSB Announces Stock Exchange Completed

Harlan D. Vander Zee, president of Hereford State Bank; Jeff R. Carlile, executive vice president; and Walter F. Johnson, president of First Abilene Bankshares Inc., jointly announced the acquisition of Hereford State Bank by the Abilene based multi-bank holding company was completed Tuesday.

Shareholders of Hereford State Bank have exchanged one share of stock held in the Hereford bank for one share of First Abilene Bankshares, Inc. and a cash consideration, outlined in a prospectus mailed to the Hereford State Bank shareholders on March 28. The process of acquisition began in June, 1973.

In the joint statement, Vander Zee, Carlile and Johnson said they are most enthusiastic about the prospects of benefits to be derived from this affiliation, and indicated that no changes are anticipated in the bank's Board of Directors' policies, officers, or employees.

Marvin Carlile, chairman of the board of Hereford State Bank, will become a director of First Abilene Bankshares, Inc. In this connection Johnson stated, "We are delighted at the prospect of having Mr. Carlile as a member of our holding company Board. He is recognized as an outstanding banker and

church and civic leader, and his counsel and advice will be most meaningful to our Board."

Johnson reported that First Abilene Bankshares, Inc. had earnings for the first quarter of 1974 amounting to \$355,809, compared to \$251,855 for the first quarter, 1973, or \$1.58 per share compared to \$1.39 per share, an increase of 45 per cent for the comparable period.

The primary subsidiary of First Abilene Bankshares, Inc. is the First National Bank of Abilene. First National was organized in 1889 and had assets at year end, 1973, totaling \$130,524,259. In addition, the company owns 200,000 shares of Bank of Commerce, Abilene.

Approval has been received for the acquisition of the remaining 500,000 shares of Bank of Commerce, by exchanging one share of Bankshares stock for each thirteen and one third shares of Bank of Commerce stock. The exchange is subject to acceptance by Bank of Commerce shareholders. Consummation of this acquisition is expected later this month.

Bank of Commerce organized in 1959, had assets of \$21,127,375, at year end, Hereford State, organized in 1947, had 15,000 shares outstanding, with assets at year end, 1973, totaling \$27,696,278.

Recover Stolen Trailer

Local Highway Patrolmen and Deaf Smith County Sheriff's Deputies Monday night recovered this stolen trailer after the patrolmen stopped an Amarillo man to give him a warning ticket for driving without tail lights on the

trailer. At left Highway Patrolmen Ralph Pedigo, Chief Deputy Art Burton and Sheriff Travis McPherson examine the trailer Tuesday morning. See story, Page 3.

Student Advances To Nationals

Sylvia Betzen, Hereford High School senior student, will be representing Texas at the Office Education Association (OEA) National Leadership Conference in Minneapolis, Minn. April 27-May 1.

Miss Betzen earned this elite honor by winning a first place trophy in stiff competition at the State OEA Youth Leadership Conference this past weekend in Austin. She will be among 3000 high

school students to attend from throughout the nation. Miss Betzen will be declared a national winner, climaxing a year of contests at regional and state levels.

The daughter of Mr. and Mrs. Clarence Betzen, she was one of approximately 30 students entered in the accounting and related job cluster events (level II). It is the win in this category

which entitles her to attend the national conference.

Four Vocational Office Education (VOE) members from HHS, including Miss Betzen, served as voting delegates with two participating in contest events.

Miss Betzen is employed through the VOE program at Orval Watson Ford Sales Company.

OEA provides students the opportunity to develop office occupation competencies through 24 competitive events ranging from individual contests in the stenographic, typing, office duplicating, job application and human relations areas to group contests in parliamentary procedures and chapter activities. The competitive aspect of OEA increases student's subject knowledge, spirit of competition, human relations knowledge and practice, confidence and rewards fellowship and socialization. The year's chapter activities help students in planning and participating in future civic affairs as responsible citizens of their communities.

Rotary Talent Show Scheduled Here May 17

The annual Hereford Rotary Club Talent show is scheduled in Hereford High auditorium for May 17 and Rotarians are seeking entries from local interested talent performers.

Persons knowing of talent acts or wishing to aid in the show should contact Buff Benson, Marc Hoelscher, Elston Clark or any member of the Rotary Club.

All auditions for talent are being scheduled for the show and all persons interested in performing should contact club members.

P. O. Making Job Lists

The Hereford Post Office announces that applications are being accepted and examinations given to establish a register of eligibles from which future clerk and carrier vacancies will be filled.

Starting salary is \$4.65 an hour and applications must be submitted before April 29.

All interested persons are urged to apply.

Wins At State OEA Conference

Sylvia Betzen, VOE student at Hereford High School, captured this trophy in Austin where she competed in a State OEA Youth Leadership Conference last weekend. The win entitles her to attend the national OEA assembly in Minneapolis, Minn. April 27-May 1.

Mrs. Valdez Services Held

Funeral services for Mrs. Juan Valdez of 828 Ave. K were conducted Monday afternoon in St. Joseph's Catholic Church with Gilliland-Watson Funeral Home directing the burial at West Park Cemetery.

Mrs. Valdez died Sunday in Deaf Smith County General Hospital after a lengthy illness. Born February 10, 1892 in Mexico, Mrs. Valdez was Apolonia Ramirez before her marriage. Her husband's death occurred in 1969.

The couple came to Deaf Smith County in 1946 from Ballinger.

Survivors include a son, Sam Valdez; five daughters, Mmes. Maria Gamez, Eva Arreano,

Ben Coronado, Evila DeLeon and Hermalina Zamora all of Hereford; also, 52 grandchildren and 90 great-grandchildren.

U.S. SUPPORTS POUND

The United States has made available an additional \$1 billion in U.S. currency to help England support the value of the pound.

EXPENSIVE PENNY

The House Consumer Affairs subcommittee heard testimony that the 95 per cent copper now used in a penny was too expensive. They suggested 96 per cent aluminum alloy and 4 per cent various other metals.

Letters Thanks Voters, Renews Pledge

Dear Editor, To the voters of the Hereford School District:

I take this opportunity to thank the voters of the Hereford Independent School District for their support in Saturday's Trustee election. Naturally, the results were most gratifying to me.

But I think probably the most important and significant result was the large voter turnout, indicating an interest in the

school system and how it is managed.

As I stated in the campaign, I pledge that I will study each issue on its own merits and will make my decisions objectively and responsibly. I will vote in a manner which I feel is consistent with the best interests of the Hereford Independent School District.

Sincerely, Jim Conkright

Expresses Appreciation To Voters

Dear Editor, To the voters in the Hereford School Board Election:

I would like to express my appreciation to the voters of the

Hereford Independent School District for their expression of confidence in me by electing me to serve as a school trustee.

To return that confidence, I

Annual Shrine Clinic Canceled

The annual Hereford Shriners Clinic, scheduled for May, has been canceled because of conflicts in schedules of visiting doctors.

The clinic will not be held at all this year, but is being scheduled early for next year to avoid similar conflicts, according to Shriners officials.

The clinic is being planned during the last two weeks of April next year in order to avoid conflicting seminars for visiting doctors.

Two County School Trustees Elected

Two county school trustees were elected without opposition Saturday as voters returned Vernon Inmon to the at-large post and Floyd Brown to the county precinct 3 position.

Brown received 24 votes in the precinct 3 balloting, while Inmon garnered 57 votes overall. Deaf Smith County commissioners canvassed the votes Monday and approved the totals.

ould be returned to the school if the amount of claims stays a low figure.

The school is required by state law to have some type of workman's compensation by July 1 and have the choice of taking a plan through the state school board association. However, trustees expressed they felt the Aetna plan presented by Rogers "looked much better" than the state plan.

Bud Eades, of Plains Insurance Agency and a regular competitor of Lone Star Agency for school insurance business, was expected to submit a bid, but instead endorsed the plan of Lone Star.

However, trustees decided to table any action until the May 14 meeting of the board. A school board workshop will be presented in Canyon May 1 at which the state insurance plan will be explained. Trustees felt they could look and understand both policies better after the workshop.

MAL MANCHEE and Howard Birdwell reported to the board findings of theirs from a recent trip to El Paso to study the IGE plan. The two gave a slide presentation on the program in the El Paso schools and said the program is being studied for possible use in Hereford schools. Both reported it allows very flexible working with students, especially in a well mixed ethnic population among school children.

UNDER THE regular report of Larry Wartes concerning the cafeteria, board members got into a long discussion concerning several questions which were raised during the last school board election.

"There seems to be a lot of question concerning the free meal program in the cafeteria," said Wartes. "We are under the National School Lunch Program and they set the rules for free lunches. We can't do anything about the free lunches unless we completely get out of the national plan."

Wartes said about 50 per cent of the lunches are given free, but only under the conditions prescribed by the federal plan.

"What some don't realize is that those 50 per cent free are of the total number which eat in the cafeterias," he added. "We still have another 1,500 kids who eat elsewhere other than our cafeterias. That 50 per cent is not of the entire school, but just of those that eat at the school."

Dr. Roy Hartman, superintendent, added that all the free breakfast meals to students are totally reimbursed by the state government.

IN FURTHER discussion to other issues raised, Hartman released a

statement with his answer to most of the questions raised. Because of length of the discussion, the board tabled the discussion until the next meeting. However, all members and Hartman agreed that the questions need answering and will "definitely be a part of the next regular agenda."

In other action at the meeting the Board:

—Accepted the resignations of Jane Copen of Northwest school; Donna McGee of Aikman; Geneva Gomez of Northwest; Margot E. Sims; Kathryn Stanley; and assistant coach James Arthur.

—Hired teachers Davaughn White for Northwest and Veda Sligar for Aikman.

—Heard announcements of how Hereford did at district in UIL literary and track and field and then approved a recommendation to send state VOE winner Sylvia Betzen and sponsor Mrs. Joyce Wartes to the national competition in Minnesota.

—HEARD A report from Mrs. Wilma Braddy, high school counselor, and Jerry George, principal, about the status of several seniors who may not be able to graduate because of failing grades in required subjects.

—Planned the past board members banquet for May 9 with former superintendent Johnny Clark as speaker.

—Briefly discussed a letter from Roy Faubion suggesting a different method for school trustee elections. Faubion

suggested the board look into creating places whereby candidates would run for specific places rather than for several open positions.

—HEARD a report from Hartman that monies received from bonds in the building program had made the school more than \$79,000 in certificates of deposits.

—Heard a report from Orpha Click, tax assessor-collector, that delinquent tax collections were up in March and that the school presently has collected 85.75 per cent of its tax roll.

—The new board passed resolutions of appreciation to old members Dr. A.T. Mims and Hilrey Aven for their past service to the school.

—Noted that voting in the last election was a new voter turnout record for school elections. A total of 1,677 voted as compared to a previous record of 1,402 in 1972.

—HEARD A report from Hartman that high school students after their junior year may take college courses at West Texas State that will be counted toward a college degree provided the student continues to get a high school degree and that graduating seniors may take a maximum of three hours of night classes during the regular school term.

—Set a special meeting of the board for 6:30 a.m. April 30 to tour the completed portions of the schools for later approval and acceptance.

Warning Ticket Costly, Man Ends Up In Jail

A warning citation for pulling a trailer without taillights proved costly to a 26-year-old Amarillo man late Monday night as he ended up in Deaf Smith County jail charged with the theft of the trailer.

Joe Michael Hayes, of 1906 S. Highland, Amarillo, was in jail Tuesday under \$4,000 bond set by Glen Nelson, justice of the peace. He was charged with the theft of a small, mobile home trailer from Alamo Mobile Homes in Amarillo.

Hereford Highway Patrolmen Ralph Pedigo and Larry Bigham stopped Hayes about three miles east of Hereford about 11 p.m. Monday after they noticed no apparent tail lights on the trailer.

Pedigo said they were about to issue a warning ticket for the alleged minor violation when he noticed there was no license plate on the trailer. After

questioning, the officers said the suspect could produce no proof of ownership of the trailer and it was then that they carried him to Deaf Smith County jail for further questioning.

Sheriff's Chief Deputy Art Burton checked with Alamo Mobile Homes and found that the trailer was stolen and then the man was booked into Deaf Smith County jail.

Officers reported the man said he was on his way to Roswell and was only carrying the trailer to Clovis at the request of an Umbarger man. However, officials said no identification has been made of any other person in Umbarger in connection with the case.

The trailer was valued at \$3,500 and had been sold by Alamo Mobile Homes, but had remained on the lot at closing time Monday afternoon.

Herd Captures Second In District

By SPEEDY NIEMAN
The hustlin' Herd track and field team captured second place in the District 4-AAAA meet at Plainview Saturday, qualifying five individuals for the regional competition in Lubbock April 19-20.

Coach Don Cumpston's Whitefaces, projected to battle for runner-up team honors this year, scored 100 points but didn't win a single first place. Only first and second-place winners qualify for the region meet, and Hereford took four individual seconds as well as a second in the mile relay.

JAMES HARRIS, Hereford's all-around athlete, led the way with seconds in the 330 hurdles and the long jump. Hurdler Chuck High, who went to state last year, took second in the high hurdles, and Charles Varner won second in the shot put.

The mile relay team, clocking a season's best of 3:26.5, was composed of Harris, High, Dave Charest and Elijio Garcia. High tied for second in the high jump, but lost a flip of the coin and settled for third place.

Monterey recaptured the team title from the defending

champion Whitefaces, scoring 133 points. Team totals behind Hereford included Coronado 83, Snyder 71, Plainview 56, and Lubbock 39.

THE TWO hurdle events were feature races of the day, and Coronado's Ray Harvey won both. He and High were neck-and-neck all the way in the high hurdles, but Harvey edged the Whiteface hurdler at the finish line. Harvey was timed in 14.4 seconds and High had a 14.45 time. Harvey also nipped Harris in the 330 hurdles, clocking a 39.4 to Harris' 39.7.

High was third in 40.4.

Other third-place winners for Hereford were Franklin

- TEAM TOTALS** - Lubbock III, Plainview III, Monterey 99, Hereford II, Coronado 15, Snyder 18.

Higgins in the 800, Garcia in the 400, and the sprint relay team composed of Barry Allen, Jay Williams, Mike Munnerlyn and Steve Jones.

Plainview and Monterey. The Whiteface JV tallied 81 points, with miler Joe Gonzales winning the only blue ribbon.

and Gamez was fourth in the 800. Fifth places went to Spain in the long jump, Schumacher in the 330 hurdles, and John Mays in the 800. Edwards was sixth in the 100, and Mike Turner was sixth in the 220.

broken in the varsity division—two by Coronado and one by Monterey. The Mustangs' Rick Robertson topped the discus mark by a foot with a toss of 168-2, and Randy Clabaugh cleared 14-3 1/2 in the pole vault for a new high. Monterey's Jeff Scott set a high jump mark at 6-5 1/2.

ONLY THREE records were

Date Change Announced

Wayland Smith, president of the Hereford Gun Club, announced that the regularly scheduled shoot to be held Easter Sunday has been cancelled.

The shoot will be held Friday April 19, at 7 p.m. Lights have been installed for night shoots. Thereafter, the regular shoots will be held each second and fourth Sundays of each month.

Area's Best Runners To Be Featured In Meet Here Saturday

A "tournament of champions" is planned for this weekend at Whiteface Stadium as Panhandle and South Plains high school track stars gather in Hereford for a Regional Qualifiers Track Meet.

tator meet. The best runners in the area will be here and it will be great competition for all the boys."

THE SPECIAL MEET, to begin at 4 p.m. Saturday, will feature the best runners and trackmen from the area. In order to qualify for this Hereford meet, tracksters had to win either first or second in their respective district meets last week, therefore setting up a meeting of the best in each event.

CUMPTON said all Amarillo schools and all Lubbock schools have been invited and he expects them to come. Both Lubbock Dunbar and Estacado also are expected to attend. Strong races are expected in the hurdles and sprints as some of the fastest times in the state will be entered in the Hereford meet. Also some of the state's best efforts will be represented in the field events.

Awards will be given to the top three finishers in each event. Admission to the meet will be \$1 for students and \$2 for adults.

The field events in the special meet will begin at 4 p.m. with the starting of the Shot Put, Long Jump and Pole Vault. At 5 p.m. the discus and high jump will be held. The running events will begin at 6 p.m. and all races will be finals. If more than one heat per race is required then entrants will be running against time.

More than 30 area schools and possibly as many as 50 will be represented in the meet. Participants from Class B through Class AAAA will be competing against each other for individual honors. No team trophy will be awarded in the meet.

THE REMAINING portion of the schedule includes: 6:15 p.m. 880-yard dash; 6:30 p.m. 120 yard high hurdles; 6:45 p.m. 100-yard dash; 7 p.m. 440-yard dash; 7:15 p.m. 330 yard intermediate hurdles; 7:30 p.m. 220-yard dash; 7:45 p.m. mile run; 8 p.m. mile relay.

Sid Shaw, Louis Abel Capture Award In Baptist Men's Tourney

About 30 entrants braved the wind and dust to participate in the First Baptist Church Men's Golf Tourney Tuesday at John Pitman Municipal Golf Course, with Sid Shaw and Louis Abel capturing the "Worth Covington Award".

Shaw and Abel carded an 185 partnership total for the top award, while Shayne Lockhart and Chuck Cosper finished a close second at 186. Lockhart took medalist honors in the men's division with an 81.

Meet director Steve Graham also announced the "duffer" trophy went to the team of Dallas Phillips and David

Nolen who carded a 243 score. Earl Yocum won the "tennis trophy" after shooting an individual high of 142 over the 18 holes. Phillips also won the "closest-to-the-hole" trophy on No. 5.

Curtis Stoerner took medalist honors in the boys' division with a 76, while Greg Pagett and Tommy Weaver won the partnership trophy for that division.

Prizes were awarded at a supper in Fellowship Hall following the tournament Tuesday afternoon.

This Easter, send a touch of springtime.

Sears Tells Bond Sales

In releasing Treasury figures, County Savings Bond Chairman James H. Sears, announced today that sales of Series E and H United States Savings Bonds in Deaf Smith County during February totaled \$12,321.

Sales for the first two months of 1974 were \$29,646 for 16 per cent of the 1974 sales goal of \$180,000.

Texans purchased \$20,490,454 in Savings Bonds during the month. Year-to-date sales totaled \$41,680,165 for 18 per cent of the yearly sales goal of \$236.8 million.

MINIMUM WAGE BILL
Congress has passed the minimum wage bill which raises the minimum wage from \$1.60 an hour to \$2.30 and brings 7 million more persons under its coverage. The raises, in steps, begin May 1 to be completed by 1978.

THE FAMILY LAWYER

Time Limit On Safety?

For how long a period of time may a manufacturer be held responsible for the safety of his product? Say a stepladder collapses. Does it matter—legally—whether it was bought 20 days ago or 20 years ago?

Of course, in a particular case, there may be specific guarantees or standards of safety that apply. But the law has developed some broad guidelines as well.

For one thing, the manufacturer is usually not responsible merely because his product has "grown old" in the normal fashion. As one court put it, in rejecting the claim of a housewife injured by an aged washing machine:

"There is no duty upon a manufacturer to furnish a machine that will not wear out."

On the other hand, a manufacturer may still be held responsible years after selling the product, if the passage of time had nothing to do with the accident. Take this case:

A bar stool, after being in use for three years, caved in under an unlucky customer. The manufacturer, sued later for damages, protested that he could not be blamed, since the stool had been "out of our hands" for such a long time.

Nevertheless, the court decided the injured customer had a legitimate claim because the accident was traceable to a faulty welding job done at the factory. The court said this was not the kind of hazard caused by usage of the product.

In one unusual case, the time lag was 13 years. The gear shift knob in an automobile had shattered when a passenger was thrown against it. There was evidence indicating that the plastic material used in the knob was subject to deterioration in sunlight. There was also evidence that the deterioration would not be apparent to the average person.

The court said the jury could reasonably conclude that the 13-year interval did not prove the knob's safety, but only that it hadn't really been tested until this particular accident.

Farmcast

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

EGG-TYPE CHICKS, broiler and turkey poult production, on the other hand, showed increases, but egg production in February was down from the same time a year ago. 1,731,000 egg-type chicks were hatched in the State in February, a 14 per cent increase from a year ago and a 12 per cent increase over January. The 14,680,000 broiler chicks hatched in February were six per cent above February, 1973 and seven per cent above January. Texas' turkey poult hatched in February totaled 4,025,000, a 14 per cent increase over a year ago and a 15 per cent increase over the previous month. In addition, slaughter of chickens in January was six per cent for the same month last year and slaughter of turkeys for the same month increased 38 per cent over the same month in 1973. February, 1974 egg production totaled 182 million, a decrease of one per cent from a year ago and seven per cent below January, 1974. The number of layer hens on hand was about the same as last year but two per cent more than for January.

IN THE 21 leading broiler producing states-of which Texas is one—there were 63,690,000 chicks placed during the week ending March 23, an increase of three per cent over the same week last year, and eggs placed in incubators totaled 77,332,000, a one per cent decline from a year ago.

THE TEXAS Department of Agriculture has opened a market news office in San Antonio's Produce Terminal Market in cooperation with the Federal government. The teletype service will send reports on the South Texas produce over the nation to news wire services, government agencies and many large produce houses. A 24-hour market information telephone service will be in operation soon. The service will give South Texas producers and buyers complete market news on produce of the area. The new service is in addition to the present system at the San Antonio Livestock Exchange.

THE PREDATOR CONTROL program involving use of the M-44 sodium cyanide capsules on an experimental basis in 44 counties of Central and West Texas is beginning again. A training program in the use of the M-44 device was scheduled several weeks ago, but a court restraining order caused the Texas Department of Agriculture to cancel the classes. The restraining order was lifted March 29, and new training classes in the 44 county area are being rescheduled, and will be announced soon.

BAPTIST GOLF WINNERS—The First Baptist Church held a men's golf tournament Tuesday with these six entrants among the trophy winners. Left to right are Curtis Stoerner, medalist in the boys' division; Stevyn Lockhart, medalist in the men's division; Louis Abel and Sid Shaw, winners of the 'Worth Covington Award' in the men's partnership competition; Dallas Phillips, a member of the high partnership team; and Earl Yocum, high individual.

A Place to Grow

Students Experience New Educational Horizons

Students at Berry Academy can enjoy courses in horsemanship and recreational riding in beautiful surroundings. At Berry, it's possible to bring your own horse to school.

MT. BERRY, GA.—Berry Academy in the pine-forested foothills of northwest Georgia is attracting young people from across the nation. They've discovered that Berry Academy is a place with exciting new educational horizons.

"Room to Grow" is the feeling at Berry, and students in grades 6 through 12 find creative challenges for their own personal growth as well as plenty of elbow room for their exuberant energy. Young men in grades 9-12 and young women in grades 10-12 may reside on the campus. Students commute from their homes to all grades.

The intellectual challenge comes from a classroom ratio of one teacher for every 11 students. A majority of the faculty and administrators have advanced degrees, masters and doctorates.

The Academy is affiliated with famous Berry College. Academy students have access to such choice facilities as the indoor swimming pool and the elaborate college student recreation center. Qualified students can take Berry College courses for college credit.

In addition to academy activities, the nearby college offers unique cultural opportunities for academy students, ranging from tutoring in special studies to concerts, lectures, plays and sporting events on its campus. School holidays offer longer expeditions, such as ski and cultural tours of Montreal, Canada.

Both the Academy and College share a 30,000 acre environment—forests, mountains, lakes and streams—all Berry owned. This expanse is more than twice the size of Manhattan.

The Academy itself has extensive landscaped grounds and native deer roam across the park-like campus.

Eleven different buildings, many of native stone, provide facilities that make the average high school seem cramped for space. A 5,000-volume library, a beautiful interdenominational memorial chapel and the classroom and administrative center are three of the most striking buildings.

As part of a diverse enrichment program, students can canoe, camp, hike, ride bicycles and ride horses for miles on school lands without ever crossing a boundary line. In addition to the horses, including Morgans, regularly stabled at Berry, available space permits some boarding stu-

dents to "bring their horse to school."

All students may also participate in a full program of athletic, social club activities.

In an era when some private educational institutions are facing declining enrollments and financial hardships, Berry Academy is growing. Many of its students come from such places as Ethiopia, El Salvador, Ecuador, the Dominican Republic; and the northern states, Michigan, New York, Connecticut and New Jersey, are also well represented at Berry.

One reason for Berry's popularity is its tuition rates. Students receive \$1,200 more education benefit than they pay for. Endowments allow the school to provide an educational windfall, and tuition is only \$900 per year. Boarding students get full facilities (including medical) for only \$1,500 a year more.

An unusual work opportunity program allows high school students to earn from \$300 to \$700 per year, and scholarships totalling \$20,000 are awarded annually.

For more information about Berry Academy, the school with room to grow, write Ed Laird, Director of Admissions, Mount Berry, Ga. 30149.

Oil Shortage

Stirs Waters

AS A RESULT of the energy crisis, the current economic expansion is expected to run out of gas in 1974.

That's the sobering projection of a life insurance company's senior vice-president and economist, Dr. Charles Moeller, who believes that any gain in gross national product will be due to inflation and that real GNP for the full year 1974 could be slightly negative.

This disappointing outlook—based upon the expectation of a continuing oil boycott—represents a downward revision from a \$1,385 billion GNP to a GNP of \$1,360 billion and a drop from a 2 per cent rate of real growth forecast just prior to the deterioration of the Middle East situation.

The company report notes that about two-fifths of energy consumption is accounted for by industry and points out that significant cutbacks here would affect output, jobs and income.

AFTER THREE consecutive years of strong growth, consumer spending is expected to slow its pace in 1974. This year, expenditures by consumers for all goods and services advanced about 10 1/2 per cent over last year, but the outlook for 1974 is for a gain of only 6 per cent.

Following strong expansion in 1973, durables may show no increase in 1974. Nondurables chalked up a 12 per cent increase this year, but a rise nearer 6 1/2 per cent is expected in 1974. Consumer outlays for services are expected to grow by 7 1/2 per cent compared with 9 per cent in 1973.

PERSONAL income crossed the trillion dollar mark in 1973 and should record a gain of 10 per cent for the full year. The rate of growth will be somewhat slower next year, with a 7 1/2 per cent gain carrying this key indicator over \$1,110 billion.

BUSINESS fixed investment in new plant and equipment has been exceptionally strong in 1973, up more than 15 per cent. A slower pace of investment is likely in 1974, with total capital spending expected to increase 7 1/2 per cent. Corporate profits before taxes jumped 28 per cent in 1973, with a substantial part of the increase due to inventory profits. The latter will not be as large in 1974, and total profits are expected to be off about 8 per cent.

AFTER TWO YEARS of exceptional growth, housing starts declined to 2.1 million units in 1973 from the record 2.4 million units started in 1972. However, dollar outlays in-

creased by more than 9 per cent in 1973. The slowdown in residential construction already underway is expected to continue into 1974, making this sector one of the weakest in the economy. Outlays for the full year 1974 are likely to decline 6 per cent to less than \$56 billion, with private housing starts dipping to about 1.7 million units.

IN 1974, for the first time since 1968, purchases of goods and services by all levels of government are expected to rise faster than total GNP—10 per cent vs about 5 1/2 per cent. These purchases will account for 22 per cent of GNP—slightly below the post-World War II high set in 1968.

While neither higher income tax rates nor tax reform are presently anticipated for 1974, Social Security taxes are scheduled to rise again as the earnings base upon which the tax is levied jumps from \$10,800 to at least \$12,600. "Such expansions of the government pension program," says Dr. Moeller, "point up the very pressing need to maintain a reasonable balance between public and private efforts, and to continue the cost-accountable method of financing the public pension system."

PRICE PRESSURES in 1973, resulting from the tremendous demand for American goods and services both at home and abroad, created a complex

problem. Of immediate significance is the high price that will have to be paid for energy to both our foreign sources of oil and for alternative sources of fuel. These increases will permeate all areas of the economy and, under such conditions, say the economists, the elimination of price controls probably would be desirable if the economy is to avoid even more serious distortions and dislocations resulting from attempts to hold prices at unrealistic levels.

THE U.S. LABOR force this year will probably average 92 million workers. The unemployed proportion of the civilian workforce may reach 6 per cent, a considerable rise from 1973, as fuel-related problems interfere with industrial output and business activity.

The one favorable aspect of the oil shortage is that it occurred now when the United States is only moderately dependent upon foreign energy sources rather than several years from now when dependence upon foreign oil sources is expected to be substantially greater.

The Problems Of Moving

(EDITOR'S NOTE: The following is the first of a nine-part series dealing with the problems involved in a family's moving from one town to another. The series is divided into separate categories relating to the different areas of moving.)

BY JANIS LOCKHART
Brand Staff Writer

If the husband has just changed jobs, or has been transferred to another city, it is now time for the housewife to become informed to all the things that must be done to get the rest of the family ready to move.

In the event that the family house must be sold, the first item will be to select a realtor if the family chooses not to sell the house themselves.

THE THINGS that need done in order to start showing a house are the following: Get all closets and storage areas in proper order, as when the prospective buyers come to see the house, they are naturally going to want to see just how much space there is for storing, clothes, and usually women will especially want to see how much cabinet space is available.

IF THE HOUSE is on the dark side and people are coming to look at it, it will be advantageous to have all lights on, advised one realtor. The prospective buyers can see how light it can be and are well aware that lights can be turned off, but it is much better to have it as light as possible.

There are a few other things a woman should know and be prepared for when showing a house. Through experience, one must expect quite a few people to look through the house the one that the owner feels is perfect. While they are rambling through they may talk all about the defects in the way it is arranged or decorated and for the owners sake, he must sit there very quietly and let them talk. The lookers taste most likely will not be the same as the owner.

IT IS best for the owner to try to find a position in the house and stay there while they are looking, because they do not need to give a tour. The realtor does this. When the lookers start to leave, let them leave without any questions or comments. Your realtor will let the owner know if they were interested.

"Try to keep your house clean and neat, as clutter will turn people away about as fast as anything else," said one local realtor. "Also, keep the yards as nice as possible. This is another selling feature to any house."

ONE FEATURE that the men usually are interested in is the fence, shrubs, and working area in the garage. Therefore, he needs to be able to get to all of these places without worry of pets.

A good way to handle this is to put the pet out in the back yard while everything else is being looked at and then when they are ready to look out in the back, transfer the pet to the garage. This way, there is no delay in these people getting to look at the entire house and property that is for sale.

CHRIS L. TANAHAHILL

Friona Native In Rescue Unit

Army first Lieutenant Chris L. Tannahill, son of Mrs. Tress Tannahill, 1608 W. 10th St., Friona, is assigned to an air ambulance unit serving a 38,000-square-mile area in Kansas and Nebraska.

He and 53 other members of the 82nd Medical Detachment compose the military assistance to safety and traffic (mast) unit at Ft. Riley, Kan. Mast provides military helicopters, crews, paramedical personnel, and medical supplies during natural disasters and in other military or civilian emergencies.

With 13 existing units in the U.S., Mast is designed to expand, not replace, civilian emergency medical services. The Ft. Riley unit, equipped with six UH-1H Huey helicopters, is on 24-hour alert for calls from law enforcement officers, hospital administrators, physicians, or responsible citizens at accidents scenes

within a 100-mile radius of the post.

Highway accidents, gunshot wounds, heart attacks and farm accidents in remote areas are top priorities. Mast is also available for inter-hospital transfers of patients, and transport of blood, medicine, and human organs for transplant.

Lt. Tannahill is an assistant operations officer in the 82nd medical detachment.

He is a 1969 graduate of West Texas State University. His wife, Glenda, lives at 615 W. 3rd St., Junction City, Kan.

GRANT HANNA

I am not a native of Hereford but I came here in 1942 during WWII, having been assigned to the POW Camp with an MP unit. Later, I was transferred to overseas duty but returned to Hereford and married a local girl. We purchased a farm 3 1/2 miles northwest of Hereford and have lived there for 27 years. We have 2 daughters.

During the years I farmed, also handled Dekalb Seed and later operated the Hanna Coffee Sho Shop. I have held offices in the local and state Veterans organizations. I am a charter member and have served ten years on the Board of Directors of the Hi-Plains Research Farm; also, charter member and past president of the Grain Sorghum Producers Association. I am a member of the First United Methodist Church and have served as a trustee and member of the Administrative Board. Presently I am serving a 10th year on the county County School Board.

"it is finished"

... so everyone thought. The Jewish pretender was dead. He could cause no more trouble for the Romans rulers. But the Romans were wrong. It was not finished. Indeed, the *miracle was about to begin.*

Just before sundown, Christ's body was taken from the cross, prepared for burial, and placed in a stone covered tomb, which was locked and guarded. But three days later the tomb was empty. He who had been declared 'Finished' was alive again. *It is now Easter.*

He who had raised up others from the dead was now raised up himself. And in this resurrection there was hope of life beyond the grave. There was a new beginning. *This gave mankind a second chance for life by believing in Him.*

The Roman rulers meant for the cross to finish Jesus. But God turned it into a new beginning. Christmas is now sanctified in Easter. Love turned Dark Friday into Good Friday. He lives and we, too, may live, *in the measure that we learn to kiss the Cross.*

We too can have this new beginning. It is Easter!

Grocers Cut Beef Prices

With larger beef supplies this week, consumers can expect budget-saving values," Mrs. Gwendolyn Clyatt predicted.

The consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University system, said "good values" are available on chuck roasts and steaks, ground beef, sirloin steak, rib steak and beef liver.

"Pork prices are a bit more moderate," she added. "Generally, bacon is down in price some, as are canned hams. Boston butt roasts, end chops, quarter-loins cut into chops, loin-end roasts, frankfurters and roll sausage also are being featured."

At produce counters asparagus is more readily available, and cabbage, carrots, celery and head lettuce are wearing attractive price tags. Mustard, collards and turnip greens are other good choices, the specialist said.

"Enjoy grapefruit while they last," she advised, adding that oranges will continue plentiful with very good quality."

At poultry counters, egg prices are slightly less, with grade A, large-size eggs offering the best combination of quality and economy. In addition to eggs, Mrs. Clyatt also cited cottage cheese, Cheddar cheese, dry beans and peas, peanut butter and fish as nutritious and economical choices for traditional "meatless" meals prior to Easter.

CONSUMER WATCHWORDS: Steak eaters, this is your week to buy.

If you want to eat steak but cannot afford the finest cuts, buy arm or blade steak, chuck steak, round steak or flank steak. Sprinkle the surface with tenderizer or marinade. Let the meat stand half an hour for each one-half inch thickness of meat before cooking.

Agri-Culture? HOW'S YOUR?

THE WORLD'S BIGGEST WAR ON LIVESTOCK DISEASE WAS U.S. PROGRAM TO WIPE OUT BRUCELLOSIS.

THIS AILMENT, ALSO KNOWN AS BANG'S DISEASE, CAN CAUSE UNDULANT FEVER IN HUMANS... FIRST EFFECTIVE VACCINE WAS DISCOVERED IN 1930...

FEDERAL AND STATE WORKERS BEGAN EXTENSIVE ERADICATION EFFORT IN MID-1950'S... TESTING SOME 3 MILLION HERDS, IMPOSING QUARANTINES, AND VACCINATING CALVES...

NOW, INCIDENCE OF THIS DISEASE IN CATTLE HAS BEEN CUT FROM 11% TO LESS THAN 1/2 OF 1%... AND IS EXPECTED TO BE TOTALLY WIPED OUT BY THE END OF DECADE!

GED Tests Offered Here

Robert L. Thompson, Hereford High School counselor, announces that General Educational Development (GED) tests will be administered at 8:30 a.m. Monday and Tuesday at the Hereford School Administration building across the street south from HHS.

The examination consists of five tests, each taking approximately two hours. A testing fee of \$10 will be required.

The Texas Education Agency awards a Certificate of High School Equivalency to those making satisfactory scores on the exam. The GED is designed for adults who have not gained a high school diploma.

Group Finances Watson's Concept

Doug Watson, son of Mr. and Mrs. Frank Watson of 501 Ave. J, has received a \$2,000 stipend from the National Endowment for the Humanities (NEH) for a

two-month study proposal this summer.

Watson, instructor of English at Vernon Regional Junior College, submitted the concept which encompasses New England Puritanism, its literature, art, culture and the theory of "divine calling".

The study will be carried out through independent reading and research, travel in New England with special emphasis placed on art and architecture and taking related courses at a college in the New England area.

Watson is a 1965 graduate of Hereford High School.

Health Care Group Plans State Meeting

The Texas Nursing Home Association's 24th Annual Spring Meeting will be held April 15-18, at the Convention Center and Palacio Del Rio Hotel in San Antonio.

The meeting is expected to draw over 600 nursing home owners, administrators, guests, and representatives from the health care field. This year, the Texas Nursing Home Association will represent some 30,000 licensed nursing home beds in Texas and is the largest nursing home association in the United States representing both privately owned and non-profit long term care facilities.

TNHA is dedicated to continuing the improvement in the delivery of quality health care for the aged. Recognizing the needs of the patients and residents in the long term care environment, TNHA has designated "The Nursing Home - A Good Place to Live" as its meeting theme. The meeting will offer 15 hours of education credit to those attending as approved by the Texas Board of Licensure for Nursing Home Administrators. These special education sessions are supervised by the University of Texas at Austin, Division of Extension, Distributive Education Department and will focus on Reality Orientation, a rehabilitation program designed to prevent patient withdrawal from the realities of living.

Give the bride and groom a U.S. Savings Bond. Who knows, maybe when they buy their first house, their first car, or take their first vacation, it'll be because you gave them their first Bond. U.S. Savings Bonds. A good way to start a marriage.

Take stock in America.

Buy U.S. Savings Bonds

Now U.S. Bonds pay 8 1/2% interest when held to maturity of 5 years. 10 months 1 1/2% (the first year). Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

If you can't get PIONEER Brand 8311

here are some excellent alternative hybrids for High Plains farmers.

Pioneer Brand 8311, the "Golden Bronze Yield Leader," has been our most popular hybrid this year — so popular, in fact, that it may be in short supply in some areas. One reason is that the demand has been so great downstate where 8311's disease tolerance is so important. Fortunately, there are several other Pioneer Brand hybrids that are proven top performers on the High Plains. If you can't get 8311, ask your dealer about these.

- PIONEER Brand 8417**
This versatile yellow endosperm sorghum is a champion yielder in the medium-late maturity class, for irrigated or non-irrigated land. It has large open heads, uniform head height, strong stalks for easy threshing, good tolerance to smut and anthracnose.
- PIONEER Brand 820**
This top-notch full-season hybrid, is a consistently high yielder. Excellent drought resistance and standability plus good roots and stalks make it a good choice for irrigated or non-irrigated farming on the plains.
- PIONEER Brand 828**
One of the highest yielding sorghums you can plant, this full-season hybrid responds well to good management on good land with plenty of water. Plains growers like it because it holds its quality and threshes well even after an early freeze. It produces sturdy stalks with semi-compact heads of dark red grain.
- PIONEER Brand 846**
Famous for its versatility and adaptability, this medium maturity hybrid yields along with the full-season varieties. Resistant to smut, rust and MDM, its outstanding hybrid vigor and excellent drought resistance help it turn in consistently high yields even under stress.

Remodling, Redecorating Is Project of Couple

By SANDY INMAN
Brand Staff Writer

TRANSFORMING a living room into a kitchen-dining room has been a continuous if not tedious remodeling project of Brad and Mary Johnson. The renovation process began when the couple moved into their home at 510 Star over a year ago.

Working on the house during their leisure hours, they have knocked out a portion of the living room wall for an entrance way and added plumbing and new cabinets in their kitchen.

Previously used as a kitchen-dining area, their living room has been converted into an

attractive and spacious living area in which the family spends most of the time.

MINGLED colored shag carpet of gold and frosty lime green adds to the homey atmosphere of the living room as do pieces of furniture the couple obtained when they were married.

"My husband has done most of the work himself including building and staining the kitchen cabinets," professes Mrs. Johnson.

"When Brad would ask me what I thought about adding cabinets here and building a shelf there, I wasn't much help. I have to see something already finished before I can express an opinion on it," she says.

When talking to Mrs. Johnson you immediately realize she has a zest for life and loves talking and being with people.

BESIDES enjoying sewing for herself and making rich desserts for her husband, much of her time is occupied by her eight-month-old son, Cory. She has decorated the nursery with Winnie-The-Pooh pat-

terned curtains which accentuate the avocado green shag carpet. In one corner of the room is a book shelf made by her husband from decorative black bricks.

Mary Stoy before her marriage in 1969, Mrs. Johnson graduated from Hereford High School the previous year. The couple are members of St. Anthony's Catholic Church and her husband is employed at Garrison Seed and Co. Mary also works part-time at the company keeping books for her father.

An easy dessert to prepare and one particularly delectable for husbands who enjoy eating rich dessert dishes is Blueberry Dessert.

BLUEBERRY DESSERT

2 cups flour
2 cups oleo
1/2 cup brown sugar
1/2 cup chopped pecans
1 can blueberries (drained)
1 large pkg. cream cheese
1 cup powdered sugar
1 large pkg. Dream Whip
1 tsp. vanilla

Cream sugar and oleo, add flour and nuts. Put mixture into a sheet pan and cook 20 minutes at 350 degrees. Cool and crumble into small pieces. Save 1/2 cup for topping.

Mix cream cheese and powdered sugar. Whip Dream Whip and vanilla until stiff. Add powdered sugar and cream cheese, mix well and pour over crumbs.

Sprinkle drained blueberries over filling then top with remaining crumbs. Chill and serve.

Mrs. Brad Johnson with son, Cory

Lunch Celebrates Chapter Birthday

A salute to the 18th birthday of Delta Xi Chapter, Delta Kappa Gamma, was given at an anniversary luncheon Saturday in Hereford Country Club, and officers for a new two-year term were elected. History of the chapter was sketched and a tribute paid to the society's founders in a program directed by Mrs. Claude McDougal.

Erma Walker told of the chapter organization, which included members from Castro and Palmer Counties until four years ago. Growth brought a division then, with Deaf Smith County continuing under the original name.

Mrs. McDougal led a panel tribute to the founders, assisted by Eleanor Hudspeth, Nancy Richie, Mrs. J.D. Neill and Mrs. Earl Holt. Mrs. Rodney Laubhan led group singing of the Founders Day Song.

Headed by Mrs. Charles Bell as president to succeed Betty Mercer, new officers are Mrs. Joe Bradley and Mrs. Bob Lassiter as vice presidents, Mrs. Roland Hairgrove secretary and Mrs. Tolbert Painter correspondent.

They will be installed May 4 with officers from four other area chapters, in Wayland Baptist College cafeteria at Plainview. Mrs. C.B. Lowrance

of El Paso, state president, will conduct that ceremony.

Mrs. W.R. Beard of Ralls was introduced as a guest of Mrs. John Heard. Other members present were Mmes. Merlin Kaul, Tandy Legg, J.J. Durham, Bill McCarley, Harold Wester, Elizabeth Wills, Dick Montgomery, Audrey Powell, Tommy Braddy, Reuben McGilvary Jr.

Also Mmes. H.V. Crawford, Betty Sue Robinson, Gene Huntsinger, Gary Billingsley, Don Shipley, Virgil Walker, Jim Bookout, Fred Mulkey, Earl Springer, Marie Ratliff of Amarillo; Also Della Stagner, Phyllis Gerdsen and Betty Sue Robinson.

Former Member Welcomed To Extension Club

The program subject was Let's Have Fits, and West Hereford Extension Club had a demonstration by Argen Draper, county extension agent, on fitting garments in home sewing. Miss Evelyn Bell was hostess in her home, 604 West Third.

Mrs. Norman Livesay rejoined the club after moving back to Hereford from Olton. She was a member a number of years ago when she lived here. She will be hostess for the next meeting, April 23.

Mrs. U.V. Pierce read a poem, The Toy Maker, written by her brother. It reminded members of homemade toys they had enjoyed as they heard of "A wagon axle and a 4x6 timber, a cultivator wheel, as I remember. Then round we go and never stop on a merry-go-round make by my pop."

Other members at the meeting were Mmes. Blanche Hardin, E.M. Cox and John Jacobsen Sr.

Council Plans Events

Several events were scheduled by members of Beta Sigma Phi City Council Monday evening in the Hospitality Room of Hereford State Bank.

BSP Sorority rituals is planned for 8 p.m. Tuesday at the Community Center and Founders Day dinner scheduled for 7:30 p.m. May 30 at Dickie's Restaurant. All chapters are asked to attend both events.

Hostesses for the evening were Mrs. Joe Story and Mrs. James Shearer.

Members present included Mmes. David McDonald, Chick Hobert, Ken Walser, Bill Drake, Bobby Jones, Davie Sorrells, Sparky Stephens, Jim Cramer.

Also, Mmes. Ken Wiley, Jerry Shipman, Johnny Burkhalter, Edward Allison, Tom Bullard, Delbert Bainum, Fred Mulkey and Max Stipe.

Contest Names Deadline

Deadline for nominations for the "Pioneer Woman of the Plains" has been set for May 1, according to Mrs. Bula McGowan, chairman of the program committee.

This is the fifteenth year the Plainview Business and Professional Women's Club, sponsoring organization of the annual Pioneer Round-Up, has honored a pioneer woman of this area.

Announcement of the "Pioneer Woman of the Plains" will be the highlight of the evening activities of the 46th Round-Up planned for Saturday, May 11, and will be staged

at the Hale County Agriculture Center.

Entry blanks have been mailed to all civic clubs, women's clubs and organizations in Plainview and surrounding areas. Individuals may also submit names to be considered for this honor. A group of judges will select the winner based on information submitted. The number of times a person is nominated will have no effect on the selecting of the honoree. Entry blanks and additional information may be obtained by contacting Mrs. McGowan, 296-2622 or 296-2731.

According to the rules of the event, the nominee must have been a pioneer resident of the High Plains, short biographies including the candidate's outstanding contributions to home, church, community and general welfare of her fellowman must be submitted and all entries must be signed by the person submitting the

letter of nomination. Nominees submitted in past years will be eligible and may be submitted again, except those who have already received the honor.

Mrs. Opal Strother, President of the B&PW Club, said other events of this year's Round-Up include the reception beginning at 10 a.m. honoring all pioneers; the parade down Broadway at 2:30 p.m.; the supper beginning at 6 p.m. in the Agriculture Center; the program at 8 p.m. and the square dance following.

Arrows were shot into the air by South American Indians during an eclipse to frighten the sun into shining again. (It always seemed to work, too!)

WORK DAY PLANNERS—To swell their fund for a trip to a 4-H Citizenship Shortcourse in Washington, D.C., members of the County Citizenship Project Group will hold a work day Saturday, inviting the public to patronize their car wash at Swanson's West Park 66 Station, corner of Park Ave. and Highway 385, and a bake sale in Sugarland Mall. Reviewing plans at a Monday meeting are, from left, Sandra Stallings; Kandy Newman, who is bake sale chairman; Mrs. C.E. Coleman, an adult leader; Terry Barrier, group chairman, and Britt Hicks. Ricky Coleman, not pictured is car wash chairman. Time may be reserved by calling the station, and charge for a wash job will be \$3.50 unless the vehicle is unusually dirty.

Simms Club Makes Visit To Museum

Glimpses of pioneer life in Deaf Smith County, as preserved in Deaf Smith County Historical Museum by household, farm and business objects actually used here, were seen by Simms Study-Craft Club members when they toured the building at their April meeting.

Mrs. Edgar Hartley was hostess for the meeting, arranging lunch for the group at Dickies Restaurant and then the museum visit. Mrs. Austin Rose Jr. conducted the tour of exhibits inside the museum and in the yard where a replica of the dugout that was "Hereford's first residence" was an attraction.

In costumes worn by oldtimers of Hereford, were among items which interested the club women.

In a business session after the tour, the club's officers were all re-elected for another year. Mrs. Ray Borman is president, Mrs. Oliver Wann vice president, Mrs. LeLand Burns secretary-treasurer, Mrs. Robert Lloyd reporter, Mrs. Terry Creitz parliamentarian and Mrs. Jerry Roberts historian.

Plans were completed for ending the club season with a luncheon May 1 in Simms Community Building.

In addition to officers, those present were Mes. John Borman, Joe Burnett, Jim Cavin, Emmett Young, Willis Duggan, Julian Perrin and Eddie Rohrbach. Stacy Creitz was a guest.

CALENDAR OF EVENTS

THURSDAY

Shower Given Young Matron

Close friends of Mrs. Bill Jack Gilliland complimented her with a layette shower Saturday in the home of Mrs. Mike Ferguson, where Becky Owen, Mes. Brad Johnson, Mike Davis and Mark Hicks were hostesses with Mrs. Ferguson.

Guests visited informally, presented gifts to the honoree and helped her open the packages, and were served refreshments. The table was decorated in yellow and orange shades, with a stuffed bear as a centerpiece.

Special guests were Mrs. Gilliland's mother, Mrs. Morris Easley, and her husband's mother, Mrs. W.J. Gilliland.

SAFEWAY WILL BE CLOSED EASTER SUNDAY, APRIL 14

So that our employees may have the opportunity to observe Easter with their families, your Safeway store will not be open for business next Sunday. Your cooperation in planning to complete your food shopping ahead of Easter will be most appreciated. We hope that your family, too, enjoys a happy holiday.

A SURE WAY TO PLEASE MOST FAMILIES IS TO SERVE THEIR FAVORITE CUTS OF TENDER, JUICY, FULL-FLAVORED BEEF. THE BUYS WE ARE OFFERING RIGHT NOW MAKE THIS AN EXCELLENT TIME TO ENJOY THE ROASTS OR STEAKS PREFERRED BY YOUR FAMILY. YOU'LL GET USDA CHOICE GRADE BEEF, WITH EXCESS FAT AND BONE TRIMMED OFF. YOU'LL GO HOME WITH THE FAMOUS SAFEWAY MONEY-BACK GUARANTEE OF FULL SATISFACTION.

At The Library

**Largest Diamond
Sought By Doctor**

A Cleft of Stars by Geoffrey Jenkins is the book being featured this week at the Deaf Smith County Library.

A way to obtain the largest diamond in the world is the ultimate goal of an ex-Gestapo doctor in this exciting novel.

The library is open to the public free of charge on weekdays from 9 a.m. until 5 p.m. and on Saturdays until noon.

**A CLEFT OF STARS
BY GEOFFREY JENKINS**
The largest diamond in the world.

A renegade recluse willing to kill to preserve his private domain.

The beautiful daughter of one of the world's richest men.

The burial site of an ancient queen whose king once ruled half of Africa.

A half-crazed ex-Gestapo doctor seeking treasure.

A young ex-convict determined to prove his innocence. A trained hyena.

Such are the desperate elements which Geoffrey Jenkins has blended into his most exciting novel yet. He has set it in the shadow of the Hill, a brooding natural fortress ruled by a curse so old and deeply rooted that is regarded by South African natives as the ultimate taboo: to look on it is death!

HOMECOMING HONOREES — Four charter members of Farm and Ranch Club were among former members entertained with a homecoming luncheon last Thursday in Mrs. W.W. Gilbreath's home. Mrs. P.B. Sowell, standing upper left, Mmes. Phillip Miller, Charlie Burk and Dean Robbs, pictured with Mrs. Glen Hetzler, second from right in photo at upper right, are the quartet who were

original members. Mrs. Sowell is chatting with Mrs. N.E. Tyler, left, and Mrs. Charles Hoover. Other honorees in lower photos are, from left, Mmes. Harold Bass, C.F. Douglas, John Hill, Bill Bass, W.B. Nunley, N.D. Bartlett and Hershel Burrus. Mrs. Hill came farthest for the club reunion, from her present home in Ft. Lupton, Colo.

Club Wins Awards In District

Awards won by Summerfield Study Club at the recent spring convention of the Top of Texas District, Texas Federation of Women's Clubs, were announced at the club's meeting for a coffee Friday morning in Mrs. Mack Noland's home. Mrs.

Earl Lance was hostess with Mrs. Noland.

First place was given Summerfield Club on its conversation project and also for programs in the education division. It placed second in American heritage and citizenship.

Mrs. Thurman Atchley attended the convention at Borger. She was elected as the club delegate to the state TFWC convention at San Antonio May 7-9.

A club contribution was made to the American Cancer Society through the county fund campaign.

In China, the first few days of the new year have been the only days celebrated as universal holidays.

**Easter Egg Hunt
Amuses Children**

An Easter egg hunt for children of members, a yearly event in Young Mothers Study Club, entertained 15 children Tuesday afternoon in the home of Mrs. Jim McDowell, then the club had its usual evening meeting in First National Bank Community Room.

After hunting eggs in the yard, the children played games and were served cookies and punch.

At the evening meeting, R.C. Hoelscher was guest speaker. He is chairman of a new committee in Deaf Smith County Chamber of Commerce, that on development of human resources.

Purposes of this group were explained to the club members, who asked questions which Hoelscher answered after his talk. Members were principally interested in suggestions for a community recreation center aimed at use by youth.

A trip to Girlstown was planned for the afternoon of April 21. The club has given assistance to residents of that home for girls on various occasions, and members plan a personal visit to get better acquainted with its facilities and needs.
An election campaign and

voting for next season's officers are scheduled for the next meeting, April 23, when Mrs. Travis McPherson and Mrs. Bud Edwards will be hostesses.

**Look
Who's New**

Mr. and Mrs. C.M. Cansler are the parents of a boy, Keith Allen born April 8 and weighed 6 lb. 4 oz.

Mr. and Mrs. W.V. Criss are the parents of a girl, Melanie Letha born April 9 and weighed 7 lb. 15 1/4 oz.

Mr. and Mrs. Arthur T. Alvarez are the parents of a girl, Beatrice Moreno, born April 7 and weighed 7 lb. 6 1/2 oz.

Red Cross Comforts Twister-Torn Areas

American Red Cross Disaster Relief efforts continue for tens of thousands of persons made homeless by the worst onslaught of tornadoes the nation has experienced for almost 50 years.

Ripping through the nation's mid section from Alabama to the Canadian border, the vicious series of almost 100 twisters tore up communities in more than a dozen states in the midwest and south, leaving over 300 persons dead, thousands injured, and destroying or damaging an incalculable number of homes, farms and business structures.

A massive relief effort by the Red Cross and other voluntary and religious agencies is under way to aid the injured and homeless, thousands of Red Cross volunteers and disaster specialists have opened storm shelters in schools, armories and other public buildings to house the homeless, food is being provided in most of these safe havens and from mobile Red Cross disaster vans in the damaged areas.

OTHER Red Cross disaster workers and equipment were being rushed into the disaster areas from around the country, and Red Cross blood centers are flying emergency supplies of blood for the injured to hospitals in the stricken communities.

The Red Cross Center in

Columbus, Ohio sent 16 units of blood to hard-hit Xenia: 200 units from Charlotte, no car went to Nashville for injured Tennessee victims. The regional Red Cross centers in

Peoria, Ill., Louisville, Ky., and Birmingham, Ala., also were preparing to ship blood. The ARC center in Birmingham remained open all night and collected 600 additional units.

In Xenia, Ohio where one half of the city suffered severe damage or destruction, the Red Cross is operating six shelters, aiding approximately 2,400 victims, including some 1,500

persons housed at Central State University, which itself was heavily damaged. Nearly 100 Red Cross volunteers and staff are assisting with relief; mobile disaster canteens are working throughout the affected area. Red Cross volunteer nurses are helping to give tetanus shots, and to give medical aid to disaster victims.

FURTHER SOUTH, in Cincinnati and Hamilton County, Ohio, Red Cross disaster workers are sheltering 750 persons in nine schools and other public buildings. The Red

Cross was feeding 1,500 disaster victims in shelters and at mobile disaster canteens roaming the affected areas. Preliminary Red Cross surveys show 240 homes destroyed, 750 with major damage and 1,000 dwellings with minor damage. An estimate 75 mobile homes and 80 farm buildings were destroyed and 100 boats were reported lost on the Ohio River and its tributaries.

In Louisville, Ky., the Red Cross has opened three shelters and readied another 10 shelters. Disaster victims are being fed

at the ARC chapter headquarters and from several mobile vans. Red Cross survey teams are checking damage while hundreds of other volunteers are assisting with the relief efforts.

Red Cross workers in Alabama are sheltering 1,000 persons made homeless by the tornadoes. Assistance is being provided to the injured and homeless throughout the state, where nearly 50 deaths and over 200 injuries have been reported.

IN THE MIDWEST, Red Cross volunteers and staff are providing emergency assistance, including shelter, feeding and medical care, to victims of tornado strikes in Indiana, Illinois, Oklahoma, Michigan and Missouri. In hard-hit Indiana, an ARC shelter was opened in Fulton Co., one of 12 counties reported ravaged by storms.

According to Red Cross surveys, tornadoes damaged or were sighted in two counties in Illinois, one county in Eastern Oklahoma, four counties in Michigan, while heavy wind and hail storms affected parts of Missouri. Trained Red Cross disaster and nursing staff are being moved into areas where needed.

A tornado unroofed a 18-story apartment building in Roanoke, Va., forcing the evacuation of residents. The Red Cross opened shelters for those needing a place to stay. Emergency relief assistance also was given to victims of Tornado strikes in Meadowbridge, Mullinsville and Greenbrier Co., W. Va. Local Red Cross chapters throughout the United States are accepting disaster fund contributions to help finance the relief work, Red Cross officials said.

Gender Hinders Female Employes

By Bill Hobby

Although most people seem to give lip service to the need for increasing job opportunities for women, actual progress has been depressingly slow.

Recent studies by the Carnegie Commission on Higher Education and the President's Council of Economic Advisors emphasize the fact that progress toward job equality has been sadly small.

WOMEN STILL make less than men holding the same jobs. They are the first to be fired and the last to be promoted.

A few years ago, we could say the problem was lack of awareness. We no longer have that excuse.

Today, almost 40 per cent of all workers are women, compared with 31 per cent in 1953. Most of them are working for a very important reason—necessity. Almost two-thirds of all working women are single, divorced, widowed, or have husbands earning less than \$7,000 a year.

Women's earnings are actually falling behind those of men. In 1956, the average full-time female worker earned 63.3 per cent as much as the average man. In 1971, that figure was down to 59.5 per cent.

WOMEN HAVE had little success in breaking into the high-status professions. In 1970, they made up 28 per cent of college faculties, about the same proportion as four

decades earlier. In that same year, 32 per cent were classified as clerical, and 14 per cent as blue collar workers with semi-skilled jobs.

Women also are the most vulnerable to unemployment. In August of last year, the unemployment rate for women was 48 per cent higher than that of men. The major unemployment problem of women is the refusal of many employers to consider them for other than a traditional "woman's" job.

These nationwide statistics are paralleled by the situation in Texas. A 1972 study of employment in state government shows just how far we have to go.

THE MEDIAN salary for the white male state employee was \$5,582, compared with \$5,537 for the white female.

Even when women have a say in hiring practices—through the electoral process—they still come out on the short end. Of 18,309 elected officials in Texas, only 1,174 (or 6.4 per cent) are women. Not surprisingly, the greatest numbers of women serve as county clerk (59.9 per cent) and county treasurer (65.7 per cent).

One of 24 Texans in the U.S. House of Representatives is a woman. Five of 150 members of the Texas House of Representatives are women. One of the 31 state senators is a woman. There are no women in the top 10 statewide offices.

Part of the problem in electing women to office lies in the failure of a significant number of women to decide to seek public office.

THERE IS MUCH that society, government, and employers can do to improve the career outlook for women. But here is still a great deal women can do for themselves. Women in Texas must be willing to commit themselves actively to working for equality in all aspects of our society.

Enrollment Begun For Holy Land Tour

Response to enrollment in a 31-day Comparative Education Tour of the Middle East, India and the Holy Land, being directed by Dr. Carl Parker, chairman of the Department of Elementary Education at Eastern New Mexico University, has been "excellent."

Some 40 persons have already signed up for the tour, scheduled to depart from Lubbock, June 13, and to return July 14, according to Dr. Parker. Applications are still being taken, and several vacancies for the tour are still available.

For the past six years, Dr. Parker has conducted the overseas tour for which a student may earn six credit graduate or undergraduate hours. If so desired, persons

participating in the trip may audit for no credit hours.

Upon leaving the United States, the tour group will journey to Rome and will proceed from there to Istanbul, New Delhi, Calcutta and Bombay, Tel Aviv, Jerusalem, Bethlehem, Athens, London, and a number of interesting points in between, Dr. Parker explained.

The trip will include an excursion on the Bosphorus River and a site seeing tour of the Taj Mahal, the Wailing Wall in Jerusalem and the Doric Temple of Apollo in Greece.

In all, the 31-day trip will cost each participant \$1,629 plus tuition for the six credit hours the tour is taken for college

credit. The cost includes all rooms and at least two meals a day.

"We are urging people to book their reservations for the tour now," Dr. Parker commented. "We feel many more people may be interested in participating in the trip since the fuel embargo has been lifted."

Persons interested in making the month-long journey may contact Dr. Parker at Eastern New Mexico University. He will supply the necessary application forms and the information pertinent to the trip. It is not necessary that persons participating in the tour be current students at the university.

"Time is getting short, so we strongly urge that persons sign up for the tour as soon as possible," said Dr. Parker.

INDUSTRIAL STUDENT OF THE WEEK—The Industrial Cooperative Student of the Week is Manuel Flores Jr., son of Mr. and Mrs. Manuel Flores of 608 Ave. K. Manuel is a junior student at Hereford High School and is employed as an automobile electrician at Consumer's Fuel Co-op Assn. Inc. He plans to attend college after graduation.

Sligar Billed In HSU Play

Travis Sligar of Hereford will appear in the Spring Production of "Major Barbara" by George Bernard Shaw, April 18-20 at 8 p.m. in Van Ellis Theater at Hardin-Simmons University. Sligar will fill the role of Peter Shirley.

The play, which will be staged in the round, is a high British comedy of wit, involving the competition of human souls between Barbara Undershaft, a Major in the Salvation Army, and her father, Andrew Undershaft, a wealthy manufacturer of munitions. The set will be unique in that it will revolve to give the audience members, sitting on three sides, a different perspective for each scene.

Costumes and sets will suggest the early 1900's in Britain. H-SU students designed and executed the sets and the costumes.

The production is open to the public and reservations may be made by calling 677-7281, Ext. 421.

If your kids like animals and playgrounds and eatin' in the park, they should wear action-packed Jumping-Jacks!

Because Jumping Jacks has shoes for all the things kids do! New, fun-filled canvas styles, play shoes, dress-ups — cool sandals, too! And of course, our well-designed infants' shoes to protect baby's growing feet. Every shoe we make has durability and good fit; we don't forget the family budget, either! From tots to pre-teens, kids always want running, funning, skipping, hopping, never stopping Jumping-Jacks!

Pioneer Literary Society Model For Club Program

Climax of a season's programs devoted to Deaf Smith County history, pioneer women of the county were guests of Pioneer Study Club at a luncheon in Hereford Country Club Tuesday.

They heard a program modeled on an old-fashioned Literary Society meeting, the kind that entertained early settlers of this area.

Even the weather cooperated, with an old-fashioned West Texas sandstorm as a debate, spelling bee and poetry reading were conducted by Mrs. Ralph

McCullough, club member who is district chairman of lingual arts in the Texas Federation of Women's Clubs.

In the form of programs which old-timers presented with their own talent because no other was available in small West Texas towns of that time, the topic was Social Aspects Of Rural Life.

Old favorite poems were recited by Miss Roberta Campbell, who was awarded a lollipop as first prize; Mmes. Bess Werner, M.L. Simpson, W.C. Hromas and McCullough.

The debate subject was: Resolved: That An Anti-Cigarette League Should Be Formed In Hereford Public Schools. This topic recalls the club's origin as a group of mothers who staged an anti-cigarette campaign among

students in 1909; it was presented amusingly by Mrs. O.G. Hill Sr. and Mrs. A.L. Manjeot for the affirmative, Mrs. Frank Ball and Mrs. R.L. Wilson negative.

Winners, the affirmative speakers, were awarded a bag of jelly beans while the losers received a sack of Bull Durham tobacco, the West Texas cowboys' favorite which is now a collector's item.

For the spelling bee, Mrs. Ted Panciera and Mrs. Herman Ford "chose up sides" and Mrs. McCullough pronounced the words. Mrs. Panciera's side had three spellers standing and Mrs. Ford's only one when they all missed the word "asafetida".

Tables were decorated with miniature old-fashioned furniture and school desks, with bright bouquets of tulips. A small sunbonnet marked each place. Hostesses were Mmes. Delmar Sigle, J.V. Pickens and John Heard.

Mrs. Pickens introduced guests, Frances Dameron, Mary Bourn, Mmes. W.E. Dameron, S.O. Wilson, Helen Patterson, Lura West, and as a newcomer among the old-timers, Mrs. Doug Manning. Mrs. Cora Cockrell was welcomed as a new member, and Mrs. Werner on her return to the club after several months' absence during recovery from a broken hip.

The business session was curtailed for the special program, and Miss Campbell, president, announced the final meeting of this season April 14 at the Country Club. Mrs. P.B. Sowell, who is to take office as president then, announced the theme for next year's program will be Texas Under Six Flags, a look at state history as a prelude to the 1976 U.S. Bicentennial program.

Deliver your words not by number, but by weight.
-H.G. Bohn.

Easter Lions Officers

The Easter Lions Club installed new officers Monday night in a dinner meeting at the Easter Community Center. Installed were (seated l-r) Earl Harkins, Boss Lion; Louis Block, 1st vice president; Calvin Riley, 2nd vice president; Charles Self, secretary. Standing (l-r) Buster Thomason, tail twister; Martin Young, Treasurer; Earl Gunther, Lion Tamer; and Richard Price, Director. James Dobb is the retiring president of the club.

Officers Named For Term In OES

Mr. and Mrs. Robert Harris were advanced to main offices in the Hereford Chapter, Order of Eastern Star, as officers were elected Tuesday evening for a new year. Mrs. Harris became worthy matron and Harris worthy patron, after serving a term as associate matron and patron.

They succeed Mrs. Vernon Darden and J.B. Noland in the offices. Mrs. Charlie Brown was elected associate matron and Deward Roberson associate patron for the next term.

Mrs. Arthur Clark will continue to serve as secretary and Mrs. Jack Brown treasurer. Audrey Powell was named conductress and Mrs. A.L. Sauter associate conductress to complete the list of line officers. Announcement was made of a tea in Canyon April 21 to honor

grand officers in District II, Section III. An invitation was read from an Amarillo Chapter for Friendship Night there April 20.

Roberson, Harris and Horace Hershey were appointed on a committee to buy new tables for the Masonic Temple, where the OES meets. A new member, Marie Huntley, was welcomed. Mr. and Mrs. Charlie Brown and Audrey Powell were hosts who served refreshments after the business meeting.

Rebekahs Send Cheer Messages

Meeting Tuesday evening in the IOOF Hall, 20 members of the Rebekah Lodge held their weekly meeting and sent cards to shut-ins. Edna Mathes, vice grand, conducted the meeting. Mrs. Elmer Combs was hostess, who served refreshments during an informal social period.

Community Players Select New Board

New directors of Hereford Community Players, chosen by mailed ballots, are Mrs. Wayne McCullar, Archie Dwyer and Robert Stewart, it was announced by Hank Haug, president, at the April membership meeting Monday evening in Community Center.

They replace Roy Faubion, Mrs. John Gilliland and Tom Kendrick, who are ending board terms, and will serve with holdover members. Mrs. David Emerick, Mrs. Chick Halber, Linda Gilbert, Mrs. Joe Reinauer Sr., John Aikin and Haug. At the board meeting May 6 officers for the coming year will be chosen.

Plans for programs to be initiated in the new year, to offer

participation in plays to more members, were adopted. In addition to the occasional three-act plays, short plays, cuttings, and play readings will be given at membership meetings, open to other interested persons.

These short dramatic pieces, in varied moods, will then be available to clubs and other organizations here as program material. A committee to set up this plan is to be appointed by the new board.

First program of this type will be presented April 29 for Deaf Smith County Women's Forum at a luncheon in Community Center, with Mrs. Gilliland as chairman. Plans for a full-length play this spring have been canceled.

Farewell Said To Mrs. Tyler

Xi Epsilon Alpha Chapter of Beta Sigma Phi gave a going-away dinner for departing sorority sister Tuesday evening at K-Bob's.

A gift was presented to Mrs. Gary Tyler who will be moving to Tyler in the near future.

Those saying farewell were Mmes. Charles Skaggs, Jerry Shipman, Jim Cramer, Fred Mulkey, Kenny Ruland and Archie Dwyer.

Don't forget April 24. The Blood Mobile will be at the Community Center from 2-4 p.m.

If medically possible, give a pint of blood this month.

Cowbells To Buy Tickets

Hereford Cowbells who plan on making the club's trip to San Antonio April 21-23 are urged to purchase their airplane tickets this week.

Reservations for a round-trip flight on Texas International Airways will cost \$70.28 per person. The plane will leave Amarillo on Sunday, April 21, at 1:20 p.m. and fly non-stop to San Antonio. Members will return Tuesday the 23rd, leaving San Antonio at 6 p.m. and fly directly to Amarillo for a 7 p.m. arrival.

Participating Cowbells should mail their ticket payment immediately to: World-Wide Travel, Box 2724, Amarillo, Tex. 79106. Reservations can also be made at the Texas International office at 1711 Polk Street in Amarillo.

Mrs. Bradly Is Club's Speaker

Mrs. Bill Bradly presented the program entitled Musical Heritage to members of the Veleda Study Club Tuesday evening in the home of Mrs. George Ritter.

She gave a short history of music in America and listed some of the great American composers and their songs.

During the business session Mrs. Glenn Watts, who has recently been appointed as director of activities at the Community Center, reported on

the center's progress in encouraging its use by teenagers. Working with Mrs. Watts, the club's current project is getting the youth and community introduced to the recreational activities and facilities provided by the center.

Offer Good At All Hereford, Amarillo and Canyon Stores

WE PUT MORE INTO OUR IRRIGATION SYSTEMS SO YOU GET MORE OUT.

When you buy Gifford-Hill irrigation equipment, you get a lot more than just equipment. You get a quality product. One that's proven itself superior to anything in the field.

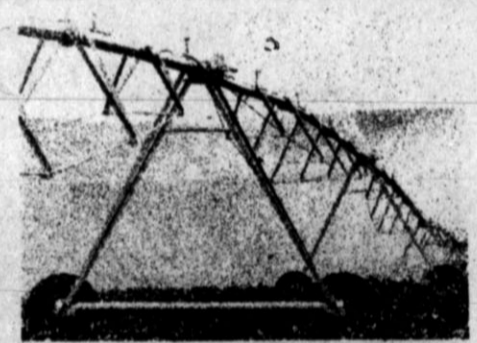

You see, Gifford-Hill is one of the nation's leading suppliers of irrigation equipment, and has been for over 20 years. And one of the reasons we have remained a leader is our concern for quality. That along with our understanding of the problems you face.

Take our 360 pivotal sprinkler for example. It's a classic. The 360 is recognized throughout the industry as the most sophisticated, yet the simplest to operate, pivotal system on the market.

But it's the little things, the care in designing and engineering, that really set the 360 apart from all the others.

For example, the water pattern is unique. By placing the sprinkler heads further apart near the pivot point and closer together at the end, the 360 applies water uniformly along the entire length of the system.

We also make the best surface irrigation pipe around. Each joint of our aluminum pipe is manufactured under stringent quality controls. And it's roll-welded

to insure uniform wall thickness.

Gifford-Hill makes the most dependable and economical pipe available for underground installation, too. Vanguard PVC Plastic Pipe.

Aside from durability and flexibility, Vanguard features an exclusive rubber gasket joint. Thousands of feet can be installed in one day. In practically any kind of weather.

Of course these are only a few of the outstanding features of our products. The point is that we know and understand the problems you face everyday. And we have the expertise and equipment to help you solve them.

But more important, we stand behind our products. We make them. And we guarantee them. So, if you have an irrigation problem, call the irrigation experts. Call Gifford-Hill.

For more information on these and other Gifford-Hill products, contact your nearest Gifford-Hill representative.

GIFFORD-HILL & COMPANY, INC.

News From Austin

Assembly Breaks For Incumbent Campaigns

AUSTIN, Tex. — Delegates to the 1974 Constitutional Convention have taken a break in their efforts to rewrite Texas' 1876-model Constitution.

The 181 delegates (Texas House and Senate members) are to spend the next 30 days back home discussing with their constituents the work accomplished thus far on the constitutional rewrite.

Decision to take the recess until May 6 was triggered partially by the desire of some delegates to return to their home districts to concentrate on re-election efforts, stymied for the most part for the last three months by their need to meet a five-day-a-week convention schedule in Austin.

Other convention delegates and convention leadership feel

the 30-day break will provide opportunity for them to seek citizen comment on the work of the convention so far.

Many convention delegates have complained that the work schedule has been so strenuous they have had little opportunity to touch base with the folks back home.

When they return to Austin in May, delegates will go to

work on new Constitutional articles dealing with the Judiciary, General Provisions and Separation.

The recess will also provide Style and Drafting Committee staff members opportunity to review articles which have gained tentative approval to insure that no error has crept into the document during the heat of debate on the convention floor.

Convention leadership is now talking about submitting the final document to voters at the November, 1974, general election.

APPOINTMENTS — William Gregg Paul of Rusk and Dr. William Ben Buckaby of Wichita Falls were appointed by Governor Briscoe as members of the Midwestern University board of regents. Carter McGregor Jr. was reappointed to the Board.

Briscoe named L. D. Brinkman of Mountain Home, Tony Kunitz of Sinton and L.H. True of Wimberley to the Texas Conservation Foundation.

Leroy Beck Jr., formerly of San Antonio, is a new legal aide in the Secretary of State's Election Division.

Briscoe appointed five to the Board of Directors of the Lavaca County Flood Control District No. 3 Paul A. Najvar, Robert Joseph Pesek, Leon Louis Kahanek Jr. and Alfred Neumeyer Jr., all of Hallettsville, were reappointed for two-year terms, and Julius Bueck of Hallettsville was appointed for a two-year term.

The Governor named S.B. Allen of Edna, Edwin H. Duenow of Lolita and A.H. Stafford of Edna to the Board of Directors of the Lavaca-Navidad River Authority.

House Speaker Price Daniel Jr. appointed a special interim committee to study the reorganization and modernization of state agencies which administer public education.

Rep. R. B. McAlister of Lubbock will serve as chairman.

Larry Crumpton of Austin has been named Deputy Director of the Texas Department of Community Affairs.

Briscoe has selected Miss

Diane Booker as acting director of the Texas Film Commission.

OFFICIAL OPINIONS — Prisoners in county jails must be permitted to vote, Atty. Gen. John Hill concluded in a recent opinion. Hill's interpretation which held a portion of the Texas Election Code unconstitutional does not apply to convicted felons since they would not be qualified to vote anyway.

The opinion speaks to persons who are in their home county jails on misdemeanor charges. The Election Code specifically states which persons may vote by mail — and

October 30 to March 25 of \$129,042 and contributions of \$25,536. His contribution report does not include proceeds of the October 30 appreciation dinner which netted about \$350,000, and is tied up in litigation.

Frances Farenthold, Briscoe's primary challenger for the Democratic nomination, reported contributions of \$40,865 and expenses of \$25,007 during the period February 4 to March 25.

COTTON PLANTING DEAD-

LINES — Corpus Christi cotton farmers must have all planting completed by midnight April 20. Agriculture Commissioner John C. White has announced.

Planting dates are fixed around the state as part of the control program of the Texas Pink Bollworm Act, administered by the Texas Department of Agriculture.

White advised farmers in the Corpus Christi area to concentrate on planting their cotton as soon as possible.

Enlists In Army

Monta Raye Edds of Hereford enlisted in the U.S. Army Monday and will accept job training and an assignment at Ft. Sill, Okla. She will begin active duty Sept. 6. Miss Edds is shown being sworn in by Lt. Goodloe and was represented by SSG. Andy Anderson.

Test your diamond I.Q.

Q. IS A LARGE DIAMOND ALWAYS MORE VALUABLE?

A. Not always. A smaller stone of finer color and more precise cutting—to show the fire—can be considerably more valuable than a larger gem of less quality. Cutting, color, clarity and carat weight are all important factors. As a member of the American Gem Society, we'll help you strike the right balance. AGS affiliation is awarded only to those jewelers who qualify on the basis of gemological knowledge and high ethical standards. Come in soon and let us explain the "Four C's" of diamond value to you.
