Boiler Blows

A 1,000-pound boiler flew through the air for more than two blocks Monday after it explosed inside Hereford Pure Milk Company. The boiler landed on Sampson Street, bounced up and sliced the telephone pole in half, before stopping on East 2nd Street behind the drive-in windows of Hereford State Bank. Passersby are shown looking at the deformed boiler. Photo at bottom was taken from Pitman Elevators and shows the milk company immediately after the explosion.

That feller on Tierra Blanca Creek says the number of people in a community isn't nearly as important as the type of people in the community.

THE EXPLOSION at Hereford Pure Milk Monday interrupted the business routine of the community to a greater extent than any event in some time. The miracle is that no one was seriously injured or killed . . . we have to consider

The story of the accident is well covered in today's Brand, but we'd like to add a comment on the great work of the city crews and the utility companies. The clean-up around the disaster area was accomplished quickly and efficiently by city workers and volunteer firemen.

ourselves very fortunate.

Utility crews were fast to react to the accident and were at the scene within minutes to cut off electric and gas connections that could have been dangerous elements. Law enforcement personnel also moved in quickly to direct the flow of traffic. We salute all these men whose work is too often taken for granted.

NOTHING helps soothe feelings more in an ag oriented community after a long dry spell than a good rain. That was the case around Hereford Sunday after rainfalls measuring from half an inch up to 3 inches were reported around the area.

The moisture apparently covered the general area, alghough the rain was light in some spots. Some hail piled up in places, but no one was complaining—everyone wanted some moisture in any

A big sports weekend looms in Hereford with a baseball tournament starting today and ending Saturday, and the Deaf Smith C of C hosting a big track and field meet Saturday. The track meet will give sports fans the first opportunity to see an event on the new all-weather track facility at Whiteface Stadium.

There's more to being a good teacher than a knowledge of the subject.

THE HEREFORD Kiwanis Club will hold its annual Broom Sale Friday and Saturday, with headquarters on the Gibson parking lot. All products are

Explosion

Blast At Milk Plant Rocks City, \$100,000 Damages

By DON RICHARDS Brand News Editor

Shortly after 11 a.m. Monday a group of kindergarten students from the First Baptist Church toured the five-month old facilities at the Hereford Pure Milk Company.

One of the pieces of equipment the students saw was a 1,000-pound boiler.

Less than 30 minutes after the kindergarten students left, that boiler exploded, blowing off the back half of the building, injuring one milk plant worker and shattering windows within a five-block radius in downtown Hereford.

The explosion was of such magnitude that the boiler itself flew more than 300 yards in the air before it struck a building, bounced off the ground, and sliced a telephone pole in half before

coming to rest two blocks away on 2nd Street near Hereford State Bank.

ESTIMATE of damages caused by the explosion passed the \$100,000-mark late Tuesday. The milk plant itself suffered about \$75,000 with the rest coming from the resulting damages in the area surrounding the plant.

Three persons were in the building at the time of the explosion, but only one required hospitalization. Edward Green, an employee at the plant, was in the middle of the building when the explosion took place and received superficial burns from ammonia fumes. He was admitted to Deaf Smith General Hospital, but was not listed in serious condition.

HUGH KIRKLAND, owner of the plant, along with Andrew Gutierrez, were in a reception room at the front of See EXPLOSION RIPS Page 16 the Hereford Brand

Where Were You At 11:58?

By KERRIE WOMBLE Brand Staff Writer

In 10 years, most Hereford residents will be able to tell you what they were doing at 11:58 a.m. on March 11, 1974.

A tooth-rattling explosion at Hereford Pure Milk Company will serve as a bookmark, notching that moment in the minds of local citizens.

The scope of the incident became evident after hearing some of the freak occurrences which took place in those few colorful minutes.

Several Hereford folks related their personal accounts of the story that could have easily become a grisly to.

ORVAL WATSON: "It scared the heil out of us. I was sure our shop had blown up. That is a constant fear in our

'I ran out into the showroom and saw all the windows falling from their casings. When I went outside and saw all

the debris down the street, I figured out what was happening.

"I could see water spirting about 12 feet high at the milk company and the first thing that ran through my mind was that there was probably electric lines down. I also knew that there was also a possibility of a broken gas line. I sensed

"I couldn't see anyone in the building

DON LANE

and then the sirens went off. I got away from there."

A SECRETARY at John Orsborn Buick Pontiac: "The windows by my desk caved in and everyone in the office jumped away from the flying glass. At first we thought our shop had exploded, but it was soon evident that was not the "We just couldn't imagine what was happening."

A FIRESTONE employe: 'It seemed like everything was falling down on our heads. We lost nearly every window in the place.''

MRS. DORRIS DICKERSON, a drivein window teller at Hereford State Bank: "The little building I was in really See WHERE WERE Page 16

Lane Promoted At Hi Plains

Don Lane was named Tuesday as executive vice president and acting manager of Hi Plains Savings and Loan Association, replacing Myron E. Morgan who resigned, it was announced by Jimmie Allred, board president.

The resignation of Morgan and election of Lane was announced in a brief press release after a board meeting Tuesday. Morgan said he had no immediate plans to announce for the future. He had been with Hi Plains for more than 13 years.

Lane graduated from Texas Tech University with a BBA in accounting. He came to Hi Plains as vice president in 1967 after working as an examiner for the Texas Savings & Loan Department. Other previous employment included Western Savings & Loan in Fort Worth, and First National Bank of Lubbock.

Morgan joined the association in 1960 as executive vice president, manager and a member of the board of directors. During his tenure as manager, Hi Plains has grown in assets from under \$2.5 million to its present total of approximately \$17.5 million in assets.

The association also built new office facilities in 1963—the building now occupied by Hi Plains. A branch office was also opened in Dimmitt.

Teachers Rehired

By DON RICHARDS **Brand News Editor**

Teachers in the Hereford School system were re-elected to another year by the Hereford School Board of Trustees Tuesday night after trustees met in executive session for an hour and a half with the school principals

Supt. Roy Hartman said all teachers were rehired with only those who are retiring not included in the list.

Trustees met behind closed doors with each principal individually before approving the election of all teachers in a single motion.

IN OTHER action the board approved the use of Whiteface Stadium for one of the spring scrimmages by West Texas State University football team. The Hereford Noon Kiwanis Club is sponsoring the scrimmage and made the request to the board. A minimal charge of \$50 was levied by the board to cover the utility expenses of the Stadium.

The scrimmage will be similar to the one sponsored last year by the club and is used as a fund-raising project. Howard Birdwell, Kiwanis president, met with the board to ask the approval.

Cecil Rusk, executive director of the Texas Association of School Boards (TASB) talked with board members about the services offered by TASB and about his visits with other school boards in the state.

RUSK SAID the job of school board members is going to become much more difficult.

The TASB executive addressed many of his comments. to the six school board candidates who were in attendance at the meeting.

"School superintendents and

changed quite a bit in the next few years because people in the communities don't realize the problems."

FOUR TEACHERS involved in the Coordinated Vocational Academic Education -program also addressed the board to talk about the teachings they are involved with.

Mrs. Louise Witkowsky, Mrs. Joy Barkowsky, Johnny Matthews and Tommy Saul, all teachers in the junior high grades in Hereford, told the board about the functions of CVAE. The four explained that the program was meant for those "people who would otherwise not be in school because they had dropped out."

The teachers said the program allowed them to teach the students some type of skill that could be used after the student has left the school. The four said many of the students previously would have dropped out of school, but that the program gives them an interest to continue.

Both women teachers explained that their programs involve teaching 8th and 9th grade girls basic homemaking skills that could be used to gain some type of job.

Both men said basic use of tools, power and hand, are taught along with the basic fundamentals of auto mechanics and the maintenance of machinery.

IN OTHER action the board adopted a textbook list for the coming school year. Administrative Asst. Jim Holmes recommended the list of textbooks from the Textbook Committee which had studied the books.

Holmes explained

probably not all books on the list enrollment down about 17 would be used but that it gave the school a good choice to pick

Holmes also told the board that Hereford's request for Plan A assistance from the state had been approved.

The plan consolidates the plans of Hereford, Vega, Boys Ranch and Adrian under one plan and gives added school personnel to all schools. Holmes said new special education units will now be allowed at the four schools with additional funds from the state.

Hartman commended the effort of Holmes in getting the additional Special Education units. The addition of the three schools to Hereford allowed the four schools to pick up 20 additional teaching units.

IN OTHER action at the meeting:

students from this time last

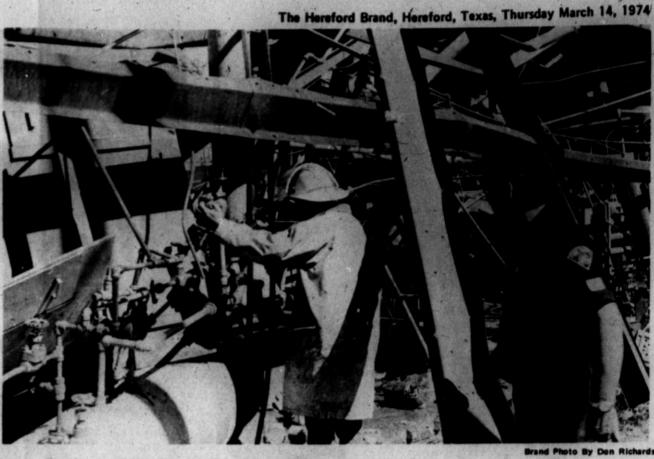

-Hartman added that average daily attendance also is below last year at this point by about three per cent.

-Tax Assessor-collector Orpha Click reported about 95.4 per cent of the tax roll collected and added that \$12,650 in delinquent taxes had been collected in the month of February

The board re-appointed Ralph Owens, Rocky Lee and Frank Zinser to the Board of Equalization which will meet in

8:30 a.m. to 3:30 p.m. schedule beginning April 1.

All board members were present at the meeting. Six of the eight school board candidates were among the some 25 -Hartman reported school guests present at the meeting.

-Reported that the entire Examine Explosion Results

Hereford Fire Chief Max Stipe, left, and Jay Spain, Fire Marshal, examine the plant machinery Monday afternoon following the explosion of a boiler of Hereford Pure Milk

Company. More than \$100,000 in damages resulted from the blast which rocked the city during the noon hour Monday.

Track Meet To Start Saturday

Twenty-nine track teams in three divisions will compete for team and individual honors here Saturday when the Deaf Smith County Chamber of Commerce Invitational holds its annual track meet on the new all-weather facility at Whiteface

It will be the 7th annual invitational track meet held here, with the C of C sports committee handling the event for the third consecutive year. Preliminaries start at 10 a.m. in the field events and 11 a.m. in the running events. Finals will start at 2 and 3 p.m., respectively.

Admission will be 25 and 50 cents for students and adults in the prelims, and 50 cents and \$1 for the finals Saturday afternoon.

HEREFORD'S new track should get quite

a workout for its initial meet, and the fast track could pave the way for some recordsetting races-if the weather cooperates.

The meet has been a two-division affair the past years, but a separate junior varsity division is being started this year. All winning efforts will thus be records in Division 3 this

HEREFORD is the defending champion in Division 1, but Amarillo High will probably draw the favorite's role Saturday. Other schools entered in the larger-school class are Palo Duro, Plainview, Clovis, Roswell Goddard, and Muleshoe.

Meet director Don Cumpton rates defending champion Panhandle and Floydada as two of the stronger teams in Division 2. Other entries will be from Olton,

Remodeling Plans Begin **Hereford Women's Father Is Buried** Funeral services for George

Commissioners Discuss Relocation Of Offices

With the new county library building moving well toward completion, Deaf Smith County Commissioners Monday began studies of remodeling and re-locating offices in the

The county's architect, Herb Brasher, was on hand at the regular meeting Monday to show tentative floor plans on the remodeling project. The commissioners and the architect visited with several courthouse officials to get their views on proposed relocations.

MORE STUDY and planning is anticipated before definite decisions are made. However it is likely that the tax office will take part of the present library facilities-making it more convenient for license-plate customers and tax-

Plans also call for the social security office and the driver's license office to be on the ground floor. The district attorney's office may be moved to the second floor, with several other offices to be re-located.

COMMISSIONERS had a relatively short agenda Monday, approving monthly bills and routine reports, approving a gas line crossing in Precinct 3, and discussing the county's position with the MH-MR school for DWI violators. Judge H.C. Williams, along with commissioners, had previously voiced support of the alcohol education program.

The Mental Health-Mental Retardation center here sponsors the program, asking that DWI offenders be required to attend the educational course as a part of their probation.

JUDGE Williams, however, had not initiated the program due to his uncertainty on ordering an offender to pay an additional \$35 fee for the course. Dist. Atty. Andy Shuval told the county court that the authorization was provided in an attorney general's ruling.

The county judge requested that Shuval "draw up" the wording to take care of the \$35 fee. The fee for the course goes to the MH-MR center to pay the costs of the program. Commissioners were reminded of a public meeting,

which has been called to discuss the possibility of an interstate highway—generally following US-60 from Las Cruces to Amarillo. The meeting is scheduled March 19 at 7:30 p.m. in the district court room.

Judge Williams announced that commissioners were to meet in closed session Wednesday at 10 a.m. to discuss personnel.

The job of cleaning up after the explosion at Hereford Pure Milk Company Monday at noon became a gigantic one for local residents. At left, Hugh Kirkland (center with hands at waist) looks over the ruins of the back half of the Milk Company, of which he is owner. Pipes that

cleans up on a Main Street sidewalk after the concussion of the blast knocked out the plate glass window. Almost all stores in the 100-block of Main Street suffered window damage from the blast. At right is a picture of U.S. 60 moments after the blast. Traffic along the route was detoured until city crews had time to clean the debris off the road.

Chamber office, from members of the booster club.

Owens, presently a resident of Phoenix, Ariz., is considered by many sports experts to be the greatest track and field star of the half century. The famous Olympian is currently making public appearances on behalf of and conducting speaking engagements before youth groups, civic meetings, sports banquets, and giving commencement addresses at various schools and colleges throughout the

HE IS ALSO a representative of the Ford Motor Co. in its marketing division, and Sears, Roebuck & Co., speaking on behalf of these companies to sales groups, marketing people and other various functions.

In 1955, the U.S. State Department delegated Owens as America's "Ambassador of Sports" and sent him on a twomonth goodwill tour of the Far East. The following year he went to Australia as one of the personal representatives of President Eisenhower at the 16th Olympiad. He was honored guest of the German people at the 1972 Olympics held in Munich.

TODAY, more than 35 years after earning the title of the 'World's Fastest Human", the same Jesse Owens continues in the front ranks of athletes, and was acclaimed in 1960 as 'The Champion of the Century"

He has gained respect and honor, not only for his achievements as an athlete of unparalleled skill and ability, but also because of his many and varied activities in community services. He has been named chairman of the 1974 Boys' Basketball International.

At the 1936 Olympic Games, held in Berlin, Germany, Owens gained international distinction with a dramatic feat by setting new Olympic records in winning individual titles in the 100-meter, 200-meter and broad jump, and running on the victorious relay team. His Olympic broad jump record was not surpassed for 24 years.

OWENS' athletic career began in 1928 at Cleveland, Ohio, where he set new world records for junior high schools by jumping 6 feet in the high jump and 22-11% in the broad jump. During his high school days in Cleveland, Owens won all of the major track events, including the state championship for three consecutive years.

At the National Inter-Scholastic School meet in Chicago, during his senior year, he set a new world record for high schools by running the 100-yard dash in 9.4 seconds-tying the accepted world record, and he created a world record in the 220-yard dash by running the distance in 20.7 seconds.

A WEEK earlier he had set a new world record in the broad jump with a leap of 24-1134. During his freshman year at Ohio State University, Owens set a world record in the 60 meters at 6.2 and created a new record of 6.1 in the 60-yard

As a college sophomore, he had the distinction of being the only track athlete in history to set three world records and to tie a fourth in a single track meet. He ran the 100 in 9.4 to tie a mark and set new records in the 220 at 20.2, the 220 low hurdles at 22.6, and the broad jump at 26-81/4.

In the 17th and 18th centuries, bagpipes were outlawed in Scotland, as seditious instruments of war! It was no music to King George's ears!

Herd Golfers Not 'Up To Par'

Get Off To Bad Start In District

The track and a honor Andre Odes Wi indiv

Hig

Hereford's Whiteface golf team had a disastrous start on the District 4AAAA tournament series the past week at Snyder, posting a team total of 347 to wind up 41 strokes behind first-round leader Snyder.

The tourney series moves to Lubbock Friday, where teams will play on the Meadowbrook Golf Course: Hereford coach Terry Russell hopes his team will be able to make up some strokes in the second round. District golf teams compete four times-in each league city-to determine the

Coach Russell reported that most of the schools had a 'bad'' day, but it wasn't due to the weather. The first round was played last Friday, and Russell was surprised the home team at Snyder didn't score below the 300 mark.

Snyder tabbed a 306 team score, and Monterey was next at 317. Coronado grabbed third place with a 320, followed by Plainview (323), Hereford (346) and Lubbock High (355). Each team has five golfers, and the low four scores go on the

Hereford's individual scoring at Snyder showed three members with 86 totals - O.H. Seamands, Shane Lockhart and Joe Priddy. Sophomore Curtis Stoerner, who usually leads the team, came in with an 89. Tom Coneway, the fifth member, shot a 92.

The Hereford JV team also posted a high score, coming in with a 406. Individual scores: Rex Lee 91, Billy Word 100, Larry Vigil 105, Dan Vander Zee 110, and Kelly Lea 114.

Canyon Nabs Two Wins Over Herd Nine

The Canyon Eagles got ahead the loss. Canyon got their 10 of the Hereford Whitefaces early in separate games Monday and Tuesday and handed the Herd two losses to bring the Faces record to 2-5.

The Eagles bombed the Herd for five runs in both the first and fifth innings Monday and went on to a 10-4 wins before turning back the Herd 6-3 in a game Tuesday. In the game Monday, played

at Whiteface Stadium, Mike Crim started at the mound for the Herd and was credited with

runs off only three hits and had only two errors in the game. Six Eagles walked in the initial period and then six others

walked again in the fifth inning. Lynn Tarr relieved Crim in the 2nd inning and went until the 5th when Harvey Torres came in. However, Torres was also relieved in the same inning by Albert Gonzales who finished the game."

Hereford got its four runs off three hits and had three errors. Three runs came in the 2nd inning and the final run was in

Crim doubled to lead off the 2nd inning with Gonzales following with a ground out to the third baseman. However Crim advanced to 2nd base on the play. Doug Charest then reached first on an error and David Artho walked to load the

Pete Hale then got on on an error as Crim scored. Lynn Tarr reached first as Hale was out at 2nd on a fielders choice. Charest had scored on the play and then Artho scored when

Torres followed with a single. In the one-run 7th inning Torres led off with a walk. Steve Loerwald flied out to shortstop and Dave Loerwald struck out at the plate. Crim then drew a walk and Gonzales singled in Torres for the final run.

In the game Tuesday in Canyon, the Eagles won off six hits and had five errors. However, the Herd managed only three runs off two hits and had one error. Dave Loerwald was credited with the loss for the Herd.

Canyon slammed in five runs in the ititial two innings and Hereford couldn't make up the difference.

Herd Trackmen Nab Second Place

Whitefaces Edge Snyder and Big Spring for Runner-Up Position

The fast-improving Hereford track team edged Big Spring and Snyder for runner-up team honors in the Mustang Relays at Andrews Saturday, while

74

Odessa Permian finished first. With James Harris taking individual honors while scoring 23 points and Chuck High tying a meet record and racking up 20 points, the Herd cindermen tabbed 88 points in the meet.

Permian won the title with 141 points. Following Hereford were Big Spring (81), Snyder (79), Carlsbad (51), and Odessa

HEREFORD went into the final event, the mile relay, needing to beat Snyder and finish in the top four to claim second place in the meet. Harris anchored the mile relay team with a great 50.3 lap, pulling Hereford from fifth to third place.

Hereford picked up eight addition points in the field events as senior Jim Marsh made his first appearance and took third in the discus and fifth in the shot put.

THE WHITEFACES had only two blue-ribbon winners-Harris in the long jump and High in the 120-yard high hurdles. High upset Permian's ace hurdler Steve King in the highs, tying a meet record of 14.1 seconds. The mark also tied the school record. Harris had a 21-41/2 effort in the long jump.

Softball League **Plans Discussed**

Directors of Kids, Inc. of Hereford are checking into the possibility of forming a girls' softball league, it was announced this week by Greg

In order to determine the interest in such a program, girls and parents are asked to send a post card to Box 1945 if they would like to see a league organized. The program would for girls from age 8 to 14.

If you, as a parent, are interested in the program and would be willing to help in some capacity, indicate this on a post card and mail it to the above box number. The organization also needs to determine if enough girls desire to participate in the summer softball

A state of new officers and Jones, treasurer, directors, headed by Buddy Elected as new Peeler as president, was elected Monday by the Hereford Noon Rotary Club.

The new officers are scheduled to take office in June. Peeler, who is employed at Radio Station KPAN, will succeed Marc Hoelscher, who is the present president. Other officers elected with Peeler include: Johnnie Price, president elect; Stanley Simmons, secretary; and Lynn

Elected as new directors were

Buff Benson, Charles Wagner, Larry Dippel, Don Richards, Roger Ruland, Alex Schroeter and Marc Hoelscher.

Roy Faubion, president of the Deaf Smith County Chamber of Commerce, was guest speaker at the meeting and asked Rotarians to join him in getting Hereford "to put on a new suit."

"We have had some erosion of beauty in our town," Faubion said. "We need to put pressure

on ourselves and on others to clean up our town, give it a face . . a new look."

"People judge us, not by our intentions, but by what we do," he started his talk. "I'm asking our town to awaken, and put'on a new suit . . . brighten up things and show we have a town we are proud of."

The Chamber president outlined each of the committees of the Chamber and many of the duties and functions of each. He also told the club about many of the projects of the Chamber, including the bringing of several major sports events and tournaments into the city.

Faubion was introduced by Rotarian Jack Wilcox, who was in charge of the program for the

Roads Get New Coat

The Texas Highway mission Thursday approved seal coat work on 150 miles of Panhandle highways and farm to market roads

The work will repair winter damage as well as protect the pavement and provide a better traveling surface.

Estimated cost of the work is \$727,000.

In Deaf Smith, County, the work involves Spur 211, from U.S. 385 to U.S. 60, 1.2 miles; also FM 1058, from FM 1412 to U.S. 385, 23.3 miles.

Three airlines reinstating canceled flights.

New Business Opens

The Sonic Drive In had its grand opening here Tuesday, with members of the Deaf Smith Chamber of Commerce "Hustlers" group on hand to welcome the new firm. Pictured above are Mr. and Mrs. Bobby Arnold and the staff of the new drive in, located on N. 25 Mile Ave.

Credit Study Slated

Everything from sources and types of credit to shopping for and keeping it will be covered in a "Come and Go Credit Experience," Monday at West Texas State University.

On hand to advise and consult during the special occasion will be representatives of the credit bureau and credit agencies, as well as credit analysts.

The activity, according to Mrs. Becky Hall, Randall County Extension Agent for Home Economics, is co-sponsored by the Randall County Family Living Comittee of the Extension Service

Guests will be able

their own credit situation selecting one of 10 "case problems" similar to theirs, following it through as a credit experience, says Mrs. Hall. The workshop's emphasis is

on "Sources of Credit," "Understanding Types of Credit," "How to Get and Keep Credit Rating," and "Guidelines for Shopping for Credit."

The event is expected to draw some 500 university students and area consumers, she adds. Analyzing the credit decisions

will be Lynn Bourland, home management specialist with the Texas Agricultural Extension Service at College Station. We expect this workshop to

offer a more epportunity for area consume to broaden their credit experie. "Mrs. Hall emphasizes. "Ino. idual credit problems will not be c concern, but rather we want to share the 'how to' aspect of

The event is from 9 a.m. to 3 p.m. in the WTSU activity center ballroom.

Funeral Pending For M.S. Serrano

Funeral arrangements for Manuel Sustista Serrano, 76, of 116 Ave. A, are pending at Gililland-Watson Funeral Home. His death occurred early Wednesday morning in Deaf Smith General Hospital after a long illness.

Born June 28, 1897, at Seguin, Mr. Serrano came to Deaf Smith County in 1953 from Lockhart. He was a member of the Catholic Church and served for a time in the U.S. Army during World War II. The funeral mass will be

Catholic Church here, and burial will be in St. Anthony's-Cemeter v.

Tech Alters Spring Dates

mencement at Texas Tech University has been rescheduled for May 11, and several other major changes have been announced for the spring calendar.

The commencement exercise had originally been scheduled for May 18. The new schedule calls also for shifting final examinations forward into the preceding week, and a detailed final examination schedule will be published soon. The schedule changes follow

recommendations made by the Commencement Committee which were endorsed by the Academic Council and approved by President Grover E. Митау.

The recommendations were aimed at "developing more meaningful commencement activities and stimulating increased participation by graduating students and in the Registrar's Oi faculty," said Dr. William R. spring semester ends.

Johnson, interim vice president for Academic Affairs.

siderably higher this year, in

line with zooming prices.

gasoline per year.

13.166,000 gallons a year.

ample, reported he owns about 332,000 acres of South Texas ranch and farm lands and has vast banking and investment interests, although he did not place a dollarvalue

on his holdings. Mrs. Farenthold placed her family net worth at \$314,684 assets (including \$200,000 worth of jewels) at \$495,771.

Lt. Gov. Bill Hobby listed assets of \$3.9 million, and

a net worth of \$599,483.
Atty. Gen. John Hill reported assets of \$3.1 million

and a net worth in excess CONVENTION LIVENS

After a dreary, extended wrangle over educational pro-visions, the Constitutional Convention finally agreed on the school-college article and went on to pound out prompt-ly voter qualifications and elections provisions.

Delegates agreed to restore voting privileges automatically to ex-prisoners. They voted to leave it up to the legislature whether to scrap the ancient requirement of signing paper ballot stubs

Another controversial provision passed would require voters in bond elections affecting property taxes to be pro-

MORE GAS ON WAY -Texas will get 119.7 million gallons more gasoline in March than in February.

The Federal Energy Office said Texas' March supply will be 657.8 million gallons.

Federal Energy Administrator William Simon announced adjustments.

AG OPINIONS - Attorney General Hill held a state employee cannot be fired merely because she is pregnant:

In other recent opinions, Hill concluded:

The Department of Public Welfare may refuse a client's request for a copy of his complete file only where inthe open records law and has not been used concurrently in determination of the person's rights.

Whether or not tips are part of the sales price of taxable food and drink depends on whether the employer derives a benefit from their collection.

The Water Development Board need not get a permit from the Antiquities Commi-ttee before archeological resources on public lands can be tampered with. But the Board has responsibility to assist the Committee in locating, protecting and preserving such resources. funds can be used to study antiquities to be affected by a reservoir, but it may not engage in salvaging operations.

Boards of regents cannot meet in closed sessions to consider granting honorary degrees, unless the honoree is also being considered for

appointment or employment. If a person seils a mobile home that does not meet new code requirements, the Bureau of Labor Statistics can get an injunction and fine the seller. (A variety of other 'questions on mobile home regulations were answered by Hill).

The comptroller of public accounts has authority to prescribe forms to be used by the Department of Mental Health and Mental Recardstion in obtaining reimbursement for costs of services and supplies furnished by its central services facilities.

SPEEDERS BEWARE - Department of Public Safety

troopers have been instructed to intensify enforcement of

speed laws.

DPS Chief Wilson E. Speir ordered the effort after receiving many complaints drivers are refusing to obey the 55 miles per hour speed

Local Survey Tells Costs

How much does the average average American family's family in Deaf Smith County spend for the electricity, gas, heating oil and other kinds of energy it consumes in the course of a year?

How much fuel does it consume annually for cooking, air' conditioning, car operation, home heating, lighting and for its various electrical gadgets and appliances?

Time was when a family could estimate fairly closely what its energy costs would be for the ensuing year and could budget accordingly.

Not any more. What with the fuel shortage, the price changes these days are frequent and unpredictable.

A GOVERNMENT study, inducted by the Citiz Advisory Committee on Enonmental Quality, offers idelines. It shows how spent in the past y the average fiscal cgy supplies.

Applying its overal to Deaf Smith Count energy cost per household ca to about \$743 in the year. Some had larger bills than this and some had smaller ones.

The biggest part of it was for the family car, which consumed \$345 worth of gasoline per household, according to the report. It added up to a total of \$2,001,000 for the local area.

The next largest expense was for space heating and water heating, a total of \$214. Air conditioning, for households so equipped, came to \$46 and major electrical appliances to \$76. The remaining expenditures were for cooking and for miscellaneous operations.

FOR THE 5,800 households in Deaf Smith County, at this rate, the total energy bill for the year comes to an estimated

"Merlin" Appears Tonight

Awe, skepticism and bewilderment are in store for those who attend a performance of The Great Merlin Mystery Show at 8 p.m. today and tomorrow in the Hereford High School auditorium.

Merlin will delve into such powers as E.S.P., mental telepathy and clairvoyance. He will present many of his famed hypnotic demonstrations including mass hypnosis using volunteers from the audience. He will cause a person to become intoxicated on a glass of ordinary water; another to eat an onion believing it to be a

Those who volunteer to be hypnotized will feel the weather change from 40 degrees below

zero to 120 degrees above zero. According to Merlin, the volunteers remember the demonstration as if it had taken place in a dream. He claims that if a person concentrates, he can read one's thoughts and

hypnotize the subject. The public is invited to attend.

People who gamble should be prepared, and able, to lose money.

Frankly, the longer we travel this road of life, the less we know about it.

If you get an idea, once in a while, you're not doing badly. Southlake Add.

Teachers Leave For State Convention

Twenty Hereford educators are leaving today for the 95th annual state convention of the Texas State Teachers Association at the Fort Worth-Tarrant County Convention

They will be among 10,000 TSTA local association members and guests expected to attend. Bobby Boyd, Bera Boyd and Roy Hartman will be official representatives to the 1974 TSTA house of delegates. That is the state association's governing body, which will meet three times during the convention to act on proposed amendments to the TSTA constitution and to conduct

other business. The 1,540 official delegates local associations throughout the state. They are certified by districts on the basis of one delegate per 100 members or major fraction of 100, to represent the 151,000 members TSTA. Every local association is entitled to at least one official delegate.

The Hereford delegation will include Hartman, the Boyds, Carolyn Waters, Sidney Kerr, Roland Hairgrove, Jo Ann Hairgrove, Reese Whittington, Rodney Gordon, Debra Gordon, Reuben McGilvary, Carol McGilvary, Shirley Barber, Gene Brock, Alice Thompson, Pat Pruitt, Bonnie Masten, Tommy Rosson, Robert Thompson and Nancy Richie.

A Weekly Report Of Agri-Business News Compiled From Sources Of The Texas Department of Agriculture

John C. White, Commissioner Parity Creeps Up Again . . . Fuel Situation . . . Turkey Poult Hatch Increases . . . Broiler Hatchings Also On The

Farm parity as of February 15 is 95. That's up one point from January and is up 13 points from a year ago. Agriculture is five points away from being on an even financial par with the rest of the economy.

Only one category of livestock-sheep- is at or above parity. Wheat, corn, oats, rice, and grain sorghum are above effective parity levels. Cotton is still a big exception. Párity is 67.58 cents per pound, but the average price as of February 15 was 54 cents.

Hogs at \$38.40 average are almost \$2 under parity. Beef cattle at \$43.80 are \$4.70 under parity. Calves at are about \$2 under parity. Sheep at \$21,50 are \$8 above

Eggs average 63.9 cents per dozen, which is three

cents a dozen under parity. Wool averaged 85 cents per pound compared with

\$1.84 parity Wheat as of February 15 averaged \$5.29; parity is

\$3.74. Grain sorghum averaged \$4.63 while parity is \$4.23. Rice at \$16.70 compared with parity at \$11.10 per hundred pounds. Hay prices as of February 15 averaged

\$41.50 per ton which is \$1 higher than a month ago. The all farm products index of prices received by Texas farmers is one per cent below the previous month but 40 per cent above a year ago.

The livestock and livestock products index is down three per cent from last month but is seven per cent above February 15 of 1973.

WILL YOU get enough fuel to produce and harvest this year's crops? It depends on what you do. The first thing you should do (if you haven't already done so) is to tell your distributor how much fuel you will need this year to plant and harvest your crops.

If you have trouble during the season getting sufficient fuel, you should contact your county Agricultural Stabilization and Conservation Service office. ASCS county office has been designated as the agency for farmers to contact regarding their fuel problems for 1974. ASCS offices are to have the latest information relating to energy supplies and are to be in a position to provide you with the answers you'll need.

Agriculture does have a priority for 1974 for fuel, but it's up to you to first tell your distributor how much you will need, and you will also be required to practice fuel conservation measures.

The Texas Department of Agriculture has a booklet available for you giving you information on how to conserve energy. You can get a copy by writing Texas Department of Agriculture, Box 12847, Austin, Texas

A 13 PER CENT increase in turkey poult hatching is noted for Texas during the recent week. Eggs placed in incubators at 483,000 are the highest-reported so far this season. This set is 21 per cent above 1973 and 18 per cent more than a week ago.

Nationwide, an increase of 12 per cent is reported in hatchings. The set of eggs was two per cent above the previous week.

BROILER hatchings also show an increase. Texas hatcheries placed 3,712,000 broiler chicks, which compared to a-year ago is eight per cent more. The total hatch was up six per cent from a week ago.

In the 21 leading broiler producing states, a nine per cent increase is reported. Eggs placed in incubators, which is up two per cent from 1973, is only slightly above the previous week.

Con-Con Hazy To Voters

The procedure of the Texas troduced and transmitted to the to the floor for third reading. Constitutional Convention is sometimes confusing and often misunderstood, even with a definitive chart at hand.

One misconception is the idea that the voters necessarily will have only the opportunity to accept or reject a new Constitution in full. Another misconception is over the general schedule of procedure of the Constitutional Convention

The Delegates recently completed the first phase of the Convention. Public hearings, which were an opportunity for the people of Texas to have maximum input and influence into the revision of the Constitution, were held in January.

Delegate proposals are in-

President who refers them to the appropriate committee according to the rules of the Convention. The last day for Delegates to submit proposals, which propose changes in the CRC document, to the Secretary of the Convention was January

Eight committees were decided on by the Delegates, sothat each committee would deal with one Article of the proposed Constitution.

Each committee will report at least one complete article, as a committee report to the floor, but also report any separate or alternative proposals which the committee beliveves should be submitted to the voters as separate questions on the ballot.

After an article or alternate has passed second reading by a majority vote of the Delegates, it will be submitted to the Style and Drafting Committee, one of the five procedural committees, which review the form and style of each proposal and returns it

The electorate must pass the proposed Constitution by a

Chamber Industrial Committee To Meet At 7:30 P.M. Today

The Industrial Development Committee of the Deaf Smith County Chamber of Commerce has arranged a 7:30 p.m. meeting today in the Flame Room at Pioneer Natural Gas for representatives of the Small Business Administration, banking and financing officials, Chamber, city and county officials, realtors, and interested business people.

Purpose of the meeting is to discuss long term financing for new and present business expansion and loans for rural industrial development. The conference is designed to assist in determining present capabilities, establishing priorities for community, business and industry projects, and assistance available for an economic development program.

Discussion will include increased size eligibility under the Small Business Administration Community Development Program which permits size eligibility of a business or industry which does not have more than \$7,500,000 in assets, a net worth of not more than \$2,500,000 and profits of not more than \$250,000 average over the past two years-after taxes. Loans up to \$700,000 on land, buildings and equipment may be available in Small Business Administration guarantees with up to 25 years pay out.

Also to be included will be advantages of organizing a local development company and handling of the Small Business Administration Community Development Loan Program. A question and answer period will follow the

Chairman, Earnest Langley, invites all interested business people to attend.

Alcoholism Counseling Started In Panhandle

Senator Max. Sherman has announced that the Texas Commission on Alcoholism has awarded a grant for \$90,914 to the Texas Panhandle Community Action Corporation to implement a pilot program in alcoholism counseling services. With a beginning date of Feb.

1, 1974, total funding for this project is \$168,746, with \$77,832 to come from contributions by the Texas Panhandle Community Action Corporation.

The primary objective of this pilot project is to establish an alcoholism counselling program in 21 counties of Planning Region I, utilizing the existing 22 satellite outreach centers of the Community Action Agency and operating in close working relationships with the MH-MR alcoholism program.

In addition, the program will deal with alcoholism prevention, treatment, and control on the community and regional levels so as to obtain maximum use and coordination of existing available services and resources.

One program director and six awarded this project are alcoholism counselors will be employed and will be responsible for case finding, referral, Treatment and Rehabilitation follow-up and after-care, Act. Composer's Contest **Invites Amateurs**

Aspiring songwriters in every city and hamlet in the United States now have an open chance to win instant fame and fortune in the form of a 1974 American Song Festival.

Sponsorship of the nation's first international music competition has been announced by Sterling Recreation Organization, a radio station, movie theater and recreation center conglomerate headquartered in Seattle.

According to Malcolm C. Klein, Sterling vice president and festival president, the newly founded event comprises a multifaceted music talent hunt in which winners will receive a total of \$128,000 in cash prizes and have their songs

sung by leading recording artists.

Different from established festivals in Italy, Lebanon and Brazil, entries are being accepted from amateur composers as well as professionals.

Contestants may seek recognition and commercial success in one or more of six music categories: (1) rock, (2) pop-middle of the road, (3) soulrhythm-blues-jazz, (4) folk, (5) country-western and (6) gospel-

Entries on recorded cassettes will be screened by a select panel of songwriting experts, Klein said. Three semifinalists in each category in separate amateur and professional divisions will eventually be moninated.

The 36 semifinalists will each receive \$500 and an expensepaid trip to Saratoga Springs, N.Y., where final judging will be held Labor Day weekend at the Saratoga Performing Arts Center.

Competing songs will be performed in a national television special, Klein said. Twelve victorious composers in the two divisions will each be awarded \$5,000.

C OF C WINNERS

Ray Chambliss and Kathy Johnson hold prizes they were presented Tuesday night for being leaders in the Deaf Smith County Chamber of Commerce membership drive just concluded. Chairman Ed Coplen made the presentations. John D. Bryant was the grand champion, winning a stereo set. Winners were treated to a steak dinner at the Country Club Tuesday. The winning team was composed of Melvin Jayroe, Bryant, Charles Wagner and Stanley

Good Quality Forecast For Texas Onion Crop

the sweetest in the country. You can eat 'em like an apple," reports a fan of South Texas spring onions, which will be on their way to market soon.

Though apple lovers might disagree with the comparison, Texas onions do have a reputation for sweetness. This year's crop is expected to be high in quality, according to Agriculture Commissioner John C. White

White added that it is too early to determine onion tonnage, but it is expected to be down slightly from last year when 14,900 acres were harvested.

The South Texas onion season is relatively short, starting around mid-March and running through mid-June. During that time

most of the onions sold in the country are grown in Texas. It is an in-between period. Storage onions sold through the winter are usually depleted and fresh onions from other parts of

harvested yet. Before Texas onions hit the market, prices go up because of short supplies. Last year storage supplies were practically exhausted by March and, except for Mexico, foreign onions were unavailable. The result was a March and, except for worldwide shortage.

the country have not been

Meanwhile, adverse weather conditions delayed the Texas harvest and disrupted shipping schedules. All of these factors caused a meteoric price rise from \$4.85 per hundredweight to \$16.90. Texas onion farmers reaped the benefit.

This year there is little possibility of skyrocketing prices. The world situation is not as tight, and Texas' harvest has already begun in spots. It is expected to be in full swing by April 1. Yellow Grano (round) and

Granex (flat) are the main onions grown in the state, but Texas also produces small amounts of red and white onions. Most of the green onions in grocery stores are babies which were picked before maturity.

CROSSWORD . . . By A. C. Gordon

be taller than the preceding one. Michigan. Girls who, at age 17, But young people today are, on youngsters were some decades

average height for 17-year-old boys, who have not quite attained maximum height, was slightly over 69 inches in the years 1963-70 - a figure comparable to that recorded in 1954

are more likely to have the average, heavier than achieved maximum growth, have also experienced a leveling off in height, with an Statisticians report that the average height of somewhat over 64 inches registered both in 1954 and in 1963-70. A similar leveling off in growth among younger children was also

> Greater height at maturity, notes the report, has in the past been attributed to several factors, notably improved health care and diet, and the tapering off in height increases may well indicate that the nutritional quality of young people's diet has reached a plateau. However, the statisticians say, further increase in height at maturity may still be possible if environmental and genetic factors become more subject to human control.

The trend toward earlier maturation, especially among boys, appears to be continuing.

The greatest annual change in average heights of boys now occurs at ages 12 and 13 rather than between ages 12 and 14 as it did in 1954. Girls on the average experience an "adolescent growth spurt" at ages 11 and 12.

This earlier maturation of children may be responsible for the heavier average weights of children. Statisticians also suggest that in an era when Twiggy has already become passe, a few extra pounds may also be considered attractive, even among the younger set.

Dr. Kubler Analyzes Human View Of Death

Dying is the biggest crisis trained at the University of that man has to face, said Zurich. psychiatrist Elisabeth Kubler-Ross recently at West Texas State University as she lectured to approximately 600 students. faculty and others on death and dying.

People are basically afraid of the catastrophic destructive force bearing down on us and we can't do a thing about it," said the author of On Death and

It is "a fear of total impotence in the face of a catastrophic destructive weapon."

Dr. Ross began the study of death eight years ago at the University of Chicago's Billings Hospital, where she joined the faculty in 1965. A native of Zurich, Switzerland, she was

"We are a very death-denying society. When people die we put makeup on them and put lipstick on a dead man's face, use slumber rooms and make them look like they're only asleep.
"We do not allow children to

visit the hospitals. They do not grow up anymore knowing that death is part of life, which is very sad," commented the

question, Dr. Ross said that conclusions from her work at the Chicago hospital were "that when people were religious they had more problems (dying) because in addition to all the other problems, they worried the punishment after about death and that they weren't religious enough.

house calls I saw a very different cross section of the population. I saw for the first time genuimely religious people who did not talk about Jesus and hell and life after death all the time, but had internalized their religious faith and really lived this way, and died with fan-

"It does not matter what you are in terms of religious denomination," she continued, In response to an audience be genuine and authentic, and have an internalized faith.

tastic peace.

'People who are a little bit religious or have an extrinsic faith have it much worse than if you are nothing at all," she said.

Dr. Ross was asked if she believed in euthanasia or mercy killing. "Euthanasia if you translate the work, means a

"A good death to me means hopefully not being in an in-stitution, hopefully not hooked up on all sorts of gadgets, hopefully surrounded by the people that you love, certainly pain free and with all the things that have been meaningful in

"In that regard I am in favor of euthanasia. But the word euthanasia is now also used for mercy killing. I really don't understand how what you call mercy killing could have anything to do with a good death.

"To me mercy killing is killing, period," said the psychiatrist. The worst thing that a healthy person can do to a dying person is to 'Leave them alone, to avoid them, to beat around the bush."

The best thing is to "simply sit with them and love them, and listen to them, and if they want to talk, then you can talk

'It's not half as difficult as most people dread," she said. HORSE RACING

West Texas Drought Threatens Wheat Crop

AUSTIN--A prolonged drought over vast areas of West Texas is threatening the 1974 wheat crop and creating prospects of dust storms, Agriculture Commissioner John C. White

said recently. White reported that chances for a good crop in the Panhandle are all but gone. "Rain can revive prospects in other areas, but there is no way we can expect to come close to our 1973 production figures," he

Production for 1973 totaled 98,600,000 bushels. A decline of 20 per cent was forecast earlier this year, and prospects have worsened

Moisture in the High and Low Plains during 1973 ranged from 12-16 inches, which is below normal. The season began with wet soil, however, and crop production was high.

A large percentage of available moisture was extracted from the soil during the growing season. This was followed by a dry fall and mild winter. Large areas of the High and Low

Plains, Trans-Pecos and Edwards Plateau have had little or no moisture since last October.

"Official records now show that the current dry spell in that part of the state is as critical as it was in the late 1930's," White said. He warned that this factor plus the return of several hundred thousand acres of land to production could bring on

In 1779, English lawmakers introduced into Parliament a bill for the punishment of

Some land that has been in grass for several years also has been returned to production, and White noted that it "should remain in

"It is time to be concerned about the situation," he said. "It would appear that some of the glowing forecasts about wheat production may

VA Sheds Light On Benefits

EDITOR'S NOTE: Veterans and their families are asking more who draw pensions from thousands of questions concerning the benefits their Government provides for them questionnaires? through the Veterans Administration. Below are some representative queries. Adtitional information may be obtained at any VA office.

126

:sī

Q-About six months ago, the Veterans Administration issued me a Service-Disabled Veterans Insurance (RH) policy. Does this policy pay dividends?

A-No. Dividends are payable only on National Service Life Insurance and N.S. Govern-ment Life Insurance policies with "V" or "K" prefixed policy

Q-As a World War I veteran drawing compensation from the Veterans Administration for a service connected disability, am I eligible for a \$2,800 automobile allowance?

A-No. This benefit is restricted by law to eligible veterans of World War II, Korean Conflict, Post Korean period, Vietnam Era and servicemen currently on active duty.

Q-Do persons 72 years old or the Veterans Administration have to file annual income

A-No. But while a recent law excludes these pensioners who have been on the rolls during two consecutive years from filing questionnaires, they still must report changes in income.

Explosion Rips Through Hereford Pure Milk Company

Continued From Page 1

the building and were not injured. Both were hit by flying debris but were able to run safely from the building, which is located on Main Street and U.S. 60.

The "twin explosion" rocked downtown Hereford and shattered windows within a five-block radius. Reports of blast indicated it was heard several miles away.

METAL SIDING, broken machinery and debris covered the immediate area around the building and U.S. 60 was closed and traffic re-routed for about an hour until emergency workers could begin dean-up work.

"I don't understand it yet why more

persons were not injured or killed," said Jay Spain, Hereford Fire Marshal: "With all the flying metal and that boiler, it's just hard to believe that someone wasn't

WITNESSES reported that parts of the building flew more than 300 feet straight up. Several persons also reported narrowly escaping injury by the flying pieces of the building.

Officials theorized that a "pop-off" safety device on the boiler was the initial cause of the blast. They also indicated that "twin explosions" then caused the damage to the surrounding buildings.

The twin explosions resulted first from the initial explosion and then from the repercussion of the blast off of Pitman Elevator, located just south of the milk plant.

Most witnesses testified to two consecutive concussions which caused their

THE BOILER, located to the back of the milk plant building, exploded and first blew out the back and sides of the back-half of the building. Two milk service trucks parked in the rear of the building received heavy damage and were shoved back several feet by the force of the blast.

The boiler itself then went up heading in a northeast direction. A tree located just outside the building was cut down first by the boiler before it started its

two-block flight.

MRS. DORRIS DICKERSON, bank teller at Hereford State Bank drive-in window reported seeing the boiler come spinning through the air from the south-west. She said as it came down it clipped the top off the Tucumcari Industries building, landed across Sampson Street where it ricocheted off a chain-link fence.

She said it then flew up and cut a telephone pole into before hitting the street, bouncing off a pickup and finally stopping to the side of 2nd Street, just 50 feet short of her drive-in window.

THE BOILER carried much of the tree with it and dropped huge chunks of wood all along its 300-yard flight. Pieces of conduit pipe and electrical meter boxes were found thrown through a glass doorway two blocks away. One large piece of pipe crashed into the front of a car on display at Milburn Used Car Lot near several bystanders who were looking at another car. Heavy damage was done to the car hit.

Pitman Grain Elevator reported a total of 104 windows knocked out by the blast. Windows as far away as the Civic Club Center and over to Central

Elementary were shattered by the sound and wave concussion. One piece of metal from the explosion

ricocheted off the Fire Department building on Miles and 2nd Street and rammed through the back windshield of one of the fire truck units.

SEVERAL local residents reported being 'knocked down" by the blast and many others said they hid under cars and desks when the initial blast came. One woman reported one flying piece of metal came in the window of her car, narrowly missed her and lodged in the back seat. Another man said his car was "moved over" by the blast.

Most heavily damaged building other than the milk plant were those located north across U.S. 60 from the plant. Valdez Texaco, A-Z Tire and the Firestone Store all reported heavy damage to the front of their buildings. Almost all windows in a direct line from the explosion were shattered.

KIRKLAND said milk service to all local customers would continue on schedule despite the loss of the building. He said two milk service trucks have been rented to store fresh milk and that other local dairies have offered their

storing services. He added that repairs to the building will begin immediately and that it will be rebuilt in phases. He said the plant will remain in its present location, but that the building will be completely redone.

Where Were You At 11:58?

Continued From Page 1

rocked. I looked up and saw the boiler and chunks of metal flying through the

"I was petrified, but it really didn't occur to me that I might get hit. I was more worried about it smashing into my

"It (the boiler) nicked a corner off the foof of Tucumcari Industries and broke a nearby telephone pole like it was a matchstick. The pole fell against a car and the boiler grazed a pickup before it landed in the street (2nd Street).

"It's really a weird sight to look up and see a boiler flying through the air like that. I was rooted to the spot."

BENNY WOMBLE of Womble and Simpson Oil Company: 'There was just a terrific concussion which seemed to literally move the walls of our building. Everything was knocked off our top

"My first thought was of a train collision when I looked out and saw all the dirt and steam in the air.

'The noise was so loud that my ears rang for several hours afterwards.'

PITMAN GRAIN employe: "I had just walked out of the building (Pitman's) when it blew. I wasn't facing the right direction to see the explosion but the air was full of dirt and scraps of tin and iron."

A SECRETARY at First National Bank: "Of course, it was frightening. We were afraid we were going to lose all our

At The Library

A Dream House Or Haunted House

Events her alded by the

mysterious appearances of a

white cat that only Ellen could

In Witch by Barbara Michaels, Ellen March's just remodeled home was a silent refuge until strange terrifying events started occurring with each appearance of a white cat. Tim, the nephew of one of her new friends, seemed to be the center of it all, but what motive would he have?

The Deaf Smith County Library is open to the public free of charge on weekdays from 9 a.m. until 5 p.m. and Saturdays until noon.

WITCH By Barbara Michaels

It was a dream house, and Ellen March wanted to buy it the instant she saw it. She would have it-in spite of the work that had to be done on it, its isolation, and even the legend of the witch who had lived there and whose familiar-a white cat-was rumored to haunt the environs.

At 38, she was able for the first time to do what she wanted. For almost ten years, she had been a full time housekeeper and mother for two families-her own daughter Penny and the three sons of her" dead sister. And Jack. But Jack was her sister's husband, and it would do no good to examine too closely her feelings for him.

Now they were all going away: Jack to a European assignment for the government agency he worked for, the youngest boy to join his brothers in college and Penny to boarding school. Ellen was on her own for the first time since her disastrous early marriage and subsequent divorce.

After two hectic months, everything was done. Ellen moved in, helped by her family, and told them goodbye with only a few tears. No, she promised them she was sure she would not be lonely. And she was not.

Almost immediately, her only neighbor came to call. Norman-McKay was handsome, cultivated and shared Ellen's love for books. And Edward Salling-the town eccentricwas a dependable ally when Ellen's first efforts to become nearby met with such cold rebuffs:

Until the horror began. Tim-Norman McKay's nephewseemed to be at the center of it all. The boy was as wild and as beautiful as a woods animal. And as dangerous

Ellen's beautiful house changed from refuge to prison as she tried to understand the strange and threatening events

Others interested in the flight by Texas International Airlines,

A charter plane trip to the to leave Amarillo at 1 p.m. April Texas CowBelles' state con- 21 and return at 7 p.m. April 23, are asked to notify Mrs. N.E. Tyler, president of the Hereford

Regular round-trip fare to San Antonio is \$87.28; for a group of 35 or more it would be \$66.28, local CowBelles have been informed.

The convention is scheduled during annual Fiesta Week in San Antonio, and fiesta events are included on the program. Members' husbands are invited to all events. Headquarters will be in the historic Menger Hotel in downtown San Antonio.

Business meetings and workshops are scheduled Monday, April 22, with a Mexican fiesta dinner at 6 p.m.

After a general meeting Tuesday morning and a lunchean, visitors will be free to explore the city and fiesta. Chamber of Commerce office.

El Llano Club Takes Trip

A short business meeting was conducted by El Llano Study Club Tuesday evening in the home of Mrs. Fain Cesar before members went to Amarillo for dinner and to see the play, The Prisoner of Second Avenue.

Questionnaires were handed members concerning a YMCA in Hereford which is part of a survey conducted by the of Germany, a house guest of Mrs. Elmer Kimball.

Members present were Mmes. Ben Childers, Labry Ballard, Ivan Block, Jim Bookout, Olen Caviness, Pete Caviness, R.W. Eades, Boyd

Foster, Tom Hamlett, John

Jacobsen, Kimball, Lloyd

Guests present were Mrs. Kirkeby, Melvin Thompson, Dick Winget and Christel Wich Raymond White and Joe White.

Benefit Fun Night Set Next Week

Kings Manor Auxiliary has set dates for two events next week, the semi-annual membership meeting March 19 and a benefit bridge—42 party March 22. Both are scheduled in Lamar Garden Room at the Manor, Mrs. J.J. Durham, Auxiliary president, announces.

Tickets are on sale by members now for the benefit fun night, which will raise funds to complete a project of hanging new draperies in two wings of Westgate unit. The Auxiliary executive committee toured these rooms at a recent meeting to see improvements made by

new paint and draperies. Proceeds of a style show in December went to this project, and other gifts were received including \$100 from La Afflatus Estudio Club. Tickets for the fun night are priced at \$2; the public is invited to attend.

At the membership meeting, committee chairmen will report their activities and an orientation program for new members will be announced, Mrs. Durham said.

The spring membership drive is to be held soon, preceding open house May 5 on Kings Manor campus. This will be a Sunday afternoon event with the public invited to visit all sections of the campus and see the Manor's facilities.

Auxiliary membership is open to interested persons who wish to aid in any way its program aimed at improving the quality of life for residents of the retirement home. Artscrafts classes, transportation and social activities are important phases of the program, directed by various com-

C Of C Aims Explained To Newcomers

Operation of Deaf Smith County Chamber of Commerce, how it is organized and its function in the community, were explained to Newcomers Club members by chamber manager Bill Albright when he was a guest at the club's March luncheon Tuesday

A Mexican food luncheon was served before the speaker was introduced. Mrs. Homer Yocum

presided for business Mrs. Tom Butler was welcomed as a new member, Mrs. Philip Hill and Mrs. Don Childres as visitors.

All the efficiencies of local loan service.

What do you expect from an agricultural loan? Long terms? Reasonable charges? These traditional advantages have been offered by the Federal Land Bank for over a halfcentury. But the Land Bank also provides personal attenthe local lender who understands local needs. Come to the Land Bank . . . for many good reasons.

common-sense law of life warns us not to do it. To do so proves ust how weak and small we really are. It is vulgar. It is a Bible command. We are warned "not to take the name of the Lord Thy God in vain." Just why do we do it? Is your soul calloused? Do you associate with wicked

people? Do you mistakenly think it is smart? Do you own a dirty vocabulary? Just explain why you do it! Your best friends don't like it. Your office associates hate it. Your family and even the stranger on the street condemn you for it. Why on earth do you do it? The Lord will not hold him guiltless

that taketh His name in vain. You never solved a problem, never gained a friend nor proved a reason for using swear words. You are losing your honor. God requires better of you. Regular worship in church will help you break the terrible habit. Learn to respect and honor God. Don't swear!

Next Play, Other Spring Events Set By Players For Club Talks

Representation at the Texas

Non-Profit Theater Players are invited to present a

Women's Division.

Reading for parts in the next Chamber of Commerce discussed; several members Community Players production began Monday and will continue this evening and Sunday afternoon, open to any interested Association's spring meeting in brief dramatic skit for a persons. The three-act comedy, Lubbock April 5-7 was also critique by a guest producer. The Paisley Convertible, is scheduled for April 19-21, under direction of Rosalind Rush.

adT.

Cast of the play includes two women and two men in the 20-30 year age range and an older woman. Tryouts will begin at 8 p.m. today and again at 2:30 p.m. Sunday, in the fellowship hall of First Christian Church.

The comedy by Harry Cauley takes its title from a couch-bed in the one-room city apartment of Amy and Charlie Rodgers. Charlie is a young intern in a nearby hospital and Amy an artist; a former romantic interest of each is also involved in the plot, with Amy's mother.

Readings began in Community Center Monday after the March board and membership meetings of the Players. Dates for the play were set to include a Sunday matinee, the first for Hereford Players.

Plans were made for the annual membership dinner on the opening night, with attendance at the play as the entertainment after dinner in Hereford Country Club.

This event climaxes the yearly membership drive and a package fee of \$10 will include a year's dues, the dinner and play, for both new and old members. Mrs. Jack Wilcox is chairman of arrangements for the evening.

Announcement was made that members are invited for a seminar on amateur theater, sponsored by Amarillo Little Theatre March 22 when its production of the comedy, Any Wednesday, will open. In-cidentally, this is a play which Hereford Players staged last

Participation in the Community Fine Arts Festival March 30 and 31 was planned, with a scene from The Paisley Convertible to be presented as the Players' contribution to this annual event sponsored by the

Test your diamond

Q.IS A LARGE DIAMOND ALWAYS MORE VALUABLE?

A. Not always. A smaller stone of finer color and more precise cutting - to show the fire-can be considerably more valuable than a larger gem of less quality. Cutting, color, clarity and carat weight are all important factors. As a member of the American. Gem Society, we'll help you strike the right balance. AGS affiliation is awarded only to those jewelers who qualify on the basis of gemological knowledge and high ethical standards. Come in soon and let us explain the "Four C's" of diamond value to you.

Growing Food Is Subject

Producing food in small garden plots was discussed in West Hereford Extension Club Tuesday afternoon, at a meeting in the home of Mrs. U.V. Piece.

Argen Draper, county ex-

tension agent, spoke of organic gardening, a new application of an old idea, growing plants without chemical fertilizers. Backyard strawberry beds to produce fresh fruit in a small space, were suggested by Mrs. E.M. Cox as she told how to grow the berry vines in this climate.

Mrs. Pierce read a poem, Mother, to open the program. Other members present were Evelyn Bell, Mmes. D.W. Allmon, Blanche Hardin and John Jacobsen Sr.

African Scenes Viewed

African tour were presented in slides by Willie Weaver, Hereford teacher who was guest speaker for Lone Star Study Club Tuesday afternoon. The club met in SWPS Reddy Room with Mrs. Coy Phillips and Mrs.

S.S. Williams as hostesses. 'Introduced by Mrs. Virgil Dodson, the speaker com-

Actual date of the an- Alma Bailey, who had lived here since she was 12 years old. Martin was a barber in Hereford until his retirement a few years ago.

> The Martins' one child is Lonidene Edmonson, who teaches at Tierra Blanca School. Ther are two grandchildren and a small greatgrandson. A grand-daughter and her husband, Mr. and Mrs. Don Maxwell of Amarillo, were here for the Sunday dinner. The other grandchild lives in Dallas.

GUEST MUSICIANS - Music Study Club and about 100 guests heard a special program Monday afternoon by a rock-folk group frm Amarillo, The Windmill, introduced by Mrs. Allen Cansler, center. Greg Jackson and David Quisenberry entertained with songs, several of their own composition.

Pop Group Heard By Club, Guests

Stage band members of Hereford High School were among special guests for an unusual program of the Music Study Club Monday afternoon at Community Center, presented by The Windmill, a popular music group from Amarillo. Approximately 100 members

and guests heard the program. It featured original compositions of the young musicians, a folk-rock trio whose relaxed rhythmic style was applauded by the teenage

guests as well as the club members who more often hear classical music on their programs. The audience comprised listeners from eight months to 80 years of age.

Texas Composers Day was being observed by the club with this special guest day program. Mrs. Allen Cansler was the leader who introduced the entertainers.

Greg Jackson, David Quisenberry and Randy Brown are the trio members; the latter, a student at West Texas State University, was ill of a throat infection and unable to make the trip to Hereford. The two who appeared are both residents of Amarillo, who teach and play professionally.

Hostesses for the afternoon were Mmes. W.T. Carmichael, Dale Young, Ellis Coombes, Dolson W. Palmer and J.C. McCracken, They served tea from a table covered in pale gold lace over taffeta, with shamrocks scattered over the surface and a large green Irish hat in the center

NURSING

Visitors Welcome

Hosts"Career Day" get a chance to visit with about he variety of careers several SPC representatives.

South Plains College in

Levelland has extended an

invitation to all area high school

students to attend "Career

Education Day" on Wednesday,

March 20, scheduled in con-

junction with Gov. Dolph

Briscoe's proclamation of

March as "Career Op-portunities for Youth Month."

Sessions with information on

college courses and the careers

they lead to and tours of the

campus will highlight the day's

events, said Don Melton,

director of guidance at SPC and

a coordinator of the program.

Registration will begin at 8:30

a.m. in Texan Dome. Tours will

originate from the Dome during

ign in until 9:50 a.m. Students,

teachers and others will then

Cornish fairies are said to hate the smell of fish, Every-

one does, after a while!

A general assembly at 10 a.m. in the SPC Auditorium will kick off the program. Two "interest sessions" are planned for 10:25 and 11:15 a.m. During the sessions, students will be able to talk with SPC faculty and staff

available to students who enter

any number of fields. Lunch will be from noon to 12:45 p.m., followed by a program of entertainment. The day concludes with visitations, tours and conferences starting at 1:30 p.m.

Mr. and Mrs. Elisha Bridges ... to celebrate 50th anniversary

LEON RICHARDS SUGGESTS

Consolidate ...and get your bills under full control

Gather up those nagging bills, those dragging charge accounts, your lagging expenses...bring them to financial bouse! Let us show you how to add them all together (consolidate!), pay them off in one convenient loan. Your payment may be less than your total monthly

Come in...call us. Consolidate to a larger loan... \$1000 ... \$1500 ... \$2000 or more. Act today!

> Leon Richards, Branch Manager 615 So. 25 Mile Ave. 364-4432

Women's Editor

AFTER SPENDING a week Cora Johnson reports. with a new granddaughter, Norma Coffey is back from Dallas willing to talk about Leslie Camille Stapp, who was born there March 3. She is the daughter of Mr. and Mrs. Carl Stapp Jr. who live in the Dallas suburb of Lewisville.

They are former Hereford residents. In addition to Norma and Marvin Coffey, the baby's grandparents are Mary Stapp and Dr. C.N. Stapp of this city. Oh yes, Leslie Camelle

weighed 6 pounds 9 ounces at

FAYE Williams and Ethel Newsom missed the Hereford Garden Club meeting last Friday because they were leaving to make the famous Gulf Coast azalea tour that includes the Bellingrath gardens and other spots in southern Alabama, I heard.

This is the season for flower trails in that region, from East Texas eastward through the Gulf states. Dogwood and redbud ought to be mighty pretty now, not to mention azaleas and other cultivated plants. Now if you have a vacation at just the right time, there's an idea for a trip.

OFF ON one of the trips she frequently takes in the interest of her church, Bessie Patterson was guest teachers for a leaders' class in the Church of

Bessie and Elmer Patterson are a retired couple who give much of their time to church work, often going to places where the Church of Christ is starting new congregations, and helping launch their programs. Mrs. Johnson had another

piece of new from California Her daughter Elaine, Mrs. Sam Hoover of Arcadia, won a trip as a salesman for World Books, and spent last weekend at a company conference in San

THE HONOR list at Texas Woman's University for the fall semester included the name of Lanita Herr of Hereford, a freshman at the Denton school. She is the daughter of the Raynold Herrs of 103 Aspen.

ONE of 17 students at Mc-Murry College, Abilene, who will go to Mexico during spring break to work with a church congregation near Puebla is Charles Allison of Hereford, a sophomore who majors in

He is the son of Daisy Allison of 107 Beach, and a Hereford High graduate. The McMurry students will form a work group to remove a condemned building from church property so the congregation can rebuild. A similar outreach team from the college performed a similar Miraflores, Mexico, last spring.

Reception Marks Golden Anniversary

Friends and relatives of Mr. and Mrs. Elisha Bridges of 220 Brevard are invited to attend a reception to honor their 50th wedding anniversary Sunday from 2:30 until 4:30 p.m. in the Medallion Room of Deaf Smith

Residents of Hereford since 1927, Bridges and Sadie Horn were married at Spur in Dickens County on March 17, 1924. The couple had 13 children

including one daughter, Linda Kay, who is deceased. There are 25 grandchildren and four great-grandchildren.

Their children will host the reception. They include Loyd, Joe Billy, Merl, Edwin, Ronald, Donald and Jimmie Bridges of Hereford; Juanita Phillips and Betty Turner of Amarillo; Lucille Harper of Logan, Okla.; Earl and Frank A. Bridges of Casa Grande, Ariz.

and exempler chapters will be

Punch and cookies were

served to members present.

They included Mmes. Sparky

Stephens, George Bullard, Ken

Wiley, Chick Holbert, Kenneth

Glenn, Fred Mulkey, Hicks Roberson, Joe Story, Johnie

Burkhalter, Ken Walser, Max

Stipe and Carla George.

Coupons Requested By BSP Council

Hereford residents are asked . 7:30 p.m. April 16 in Community to start saving Betty Crocker Center, at which time preceptor coupons to be donated to Girlstown in Borger for the

purchase of a pickup. A goal of 600,000 coupons was set up by Beta Sigma Phi City Council at a meeting Monday evening in the Community Room of First National Bank.

The coupons will be collected over a period of 18 months. The local sorority will launch a

drive in the next few months.

Also, during the business session, members scheduled Culture is the art of being unselfish with some of your Beta Sigma Phi ritual night for

OF PUBLIC MEETING Texas Highway Department wll conduct a public meeting in the District Courtroom of Deaf Smith County Courthouse in Hereford, Texas on March 19, 1974 at 7:30 P.M. The purpose of this meeting will be to gain knowledge to be used in a report to Congress on the Feasibility and necessity for constructing to appropriate standards a route from Amarillo, Téxas or its vicinity to Las Cruces, New Mexico or its vicinity with the alignment to serve immediate locations or vicinities thereof of Hereford, Texas and other towns and cities in New Mexico. This alignment will be generally along U.S. 60. This meeting will pertain only to that portion of this route in Randall, Deaf Smith, Castro, and Parmer Counties in Texas. All interested individuals and groups are requested to be present at this meeting. Come prepared to submit all pertinent data which you may have, both oral and wrtten, that would have any bearing on this feasibility study.

> NOTICE OF CITY OFFICERS' ELECTION

City of Hereford Notice is hereby given that a City Officers' Election will be held on the 2nd day of April, 1974 in the above named city for the purpose of electing the following officers for said city: Commissioner Place 3 and ner Place 4. Said election will be held at the following polling place in said

COMMUNITY CENTER BUILDING

The polls at the above designated polling place shall on said election day be open from 8:00 o'clock a.m. to 7:00 o'clock p.m.

The absentee voting for the above designated election shall be held at City Hall Building, in said city, and said place of absentee voting shall remain open for at least 8 hours on each day of absentee voting which is not a Saturday, Sunday or an official State holiday, beginning on the 20th day and continuing through the 4th day preceding the date of said election. Said place of voting shall remain open between the hours of 8:00 o'clock a.m. and 5:00 o'clock

Dated this the 18th day of February, 1974.

> James H. Sears, Mayor City of Hereford T-11-1c 2

Chatter is a very expressive word when applied to some conversations.

PUBLIC HEARING NOTICE

Street, Hereford, Texas 79045, has applied to the Texas Water Quality Board for an initial permit pertaining to a variable amount of rainfall runoff water containing wastes from the cattle holding pens (500 head) which are located at a point 2.3 miles northeast on U.S. Highway 385, then 0.5 mile south on a county road, adjacent to the east city limits of Hereford. Deaf Smith County, Texas. The rainfall runoff water containing wastes will be collected in holding ponds and utilized for irrigation. There will be no discharge to the surface waters of the State. A public hearing on this application will be held in the Council Chamber, Room 201, City Hall, 916 Texas Ave., Lubbock, Texas, 10:00 a.m. -

April 16, 1974, to receive

evidence on the conditions, if any, under which the permit may be issued, and to determine whether State Certification in accordance with Section 401 of the Federal Water Pollution Control Act Amendments of 1972 may be issued. Preliminary information available to the staff of the Texas Water Quality Board indicates that a waste discharge conforming to the conditions shown in the Fact Sheet would not unreasonably impair the quality of waters in the State. Additional data will be developed at the hearing, but further technical information concerning any specific aspect of the discharge, if available, can be obtained by writing the Texas Water Quality Board, P.O. Box 13246, Capitol Station, Austin, Texas 78711.

Area Leaders

nquet will start at 7:30. The program will consist of selecions by the Bel Canto Chorale (Amarillo High School Choral group invited to the Summer Music Festival in Vienna), and brief remarks by Norris.

Dick Morton and his orchestra will provide music for

The theme of Panhandle Odyssey 2000 was developed in 1972 by its planners who stress that the Panhandle as a unit is journeying toward greater growth and prosperity during the remaining years of this century.

VOE STUDENT OF THE WEEK - Vocational Office Education Student of the Week is Olivia Tijerina, daughter of Mr. and Mrs. Carlos Tijerina of 321 Norton. Olivia, who is a senior student at Hereford High School, is employed at the First Baptist Church as a general office clerk under the supervision of Doug Manning. After graduation, she plans to attend college.

I TURNED AROUND AND IT WAS SOLD!

We don't intend to make whirling dervishes of our clients, but we DO put all of our experience and facilities to work right now when you delegate the selling job to us. 25,000. to 35,000.
