

Self-Reliance Urged In Scouting Program

Teaching of self-reliance underlies the complete program for the three divisions of Scouting.

Unit leaders give members of Cub packs the opportunity to rely upon their own resources at every opportunity. Members of Boy Scout troops are taught self-reliance, and the same quality is tested in the older members of Explorer posts. The complete program is designed for boys eight to 17 years of age.

The Cubbing program, for boys eight, nine, and 10 years old includes four ratings and offers additional awards for advancement through its various stages.

First rank in the Cub pack is that of Bobcat. During his first year of activity, the Cub may attain the rank of Wolf by completing required work in the organization. Gold and silver arrow points are awarded for additional accomplishments.

In his second year the Cub may attain the rank of Bear and win other arrow point honors, while in his third year of "Cubbing" he may win the rank of Lion.

Highest honor for the Cub is attainment of the Webelos badge, given for completion of all the requirements of becoming a Tenderfoot Scout.

The entire Cub scouting is home centered with pack members specializing in handicraft and simple skills.

Boy Scouts, aged 11-13, start off as Tenderfoot Scouts, advancing through the ranks of second class Scout, and first class Scout into the Merit Badge field where they may attain Star and Life Scout ratings.

Completion of requirements for any five of 111 Merit Badges qualifies the boy for the Star Scout rating. The Life Scout rank is awarded for completion of work on

five other badges including those for first aid, athletics or physical development, personal health, public health, life saving, and pioneering or safety.

When the Scout accumulates a total of 21 badges he is promoted to the rank of Eagle. The Merit Badges required for the top Scout rating include those for swimming, first aid, life saving, personal health, cooking, camping, civics, bird study, path finding, physical development.

At the age of 14, the Scout may graduate into the Explorer class which gives him opportunity for

further exploration into various vocational fields.

His work as an explorer will come under the heading of Air Explorer, Sea Explorer, of Explorer Scout, depending on the field in which he wishes to work. Programs for the Explorer post are recommended by an adult advisory committee, but must be selected by members of the post, each of which have 12 votes to cast for favorite fields.

All adult leaders serve only in units, allowing Explorers to test their individual reliability and initiative in conducting programs.

FIVE EAGLE SCOUTS HERE

B'Spring Troops Lead In Awards

Big Spring troops not only led the Buffalo Trails Boy Scout council in total advancement during 1949, but they furnished more than half of the top awards.

Of nine boys in the entire 17-county council area who attained the Eagle Scout rank last year, five were from Big Spring troops.

The Eagle rank is no small thing. In order to attain it, a boy must progress through the rank of tenderfoot, second and first scout. Then he must earn five merit badges to become a Star Scout, another five for Life rank, and finally 21, with half the number required on specific subjects, to become an Eagle.

But the ability to earn badges is not enough. He must continuously demonstrate efforts to live up to the Scout oath and law, and to

show traits of leadership ability. For this reason, each step requires a certain length of service. Although a boy might attain the Eagle rank in a year's time, few make it under two years and most do not achieve it until their third or fourth year in scouting.

A unique feature of the Big Spring contribution to the Eagle total in the council last year was the inclusion of two brothers, Warren Anderson and Don Anderson, sons of Mr. and Mrs. V. T. Anderson. Others who achieved the rank were Bobby Leonard, son of Mr. and Mrs. Arthur Leonard (his father was a scoutmaster and is now assistant district commissioner); Keith Bailey, son of Mr. and Mrs. Nile Bailey; and John Richard Coffee, son of Mr. and Mrs. John A. Coffee.

Vocational Guidance Is Counted Among The Results Of Scout Work

One of the outstanding features of the Boy Scout program is the aid it affords Scouts in choosing vocations.

Council Shows Progress In All Departments

Gains, although not always pronounced were shown in all departments by the Buffalo Trails Boy Scout council last year.

Total membership increased by little more than 100, indicating that a foundation had been laid for an extension of the program and greater membership gains among boys this year.

The Cub Scout total gained from 1,367 to 1,511 in the year's time; Boy Scout enrollment eased up from 1,906 to 1,970. The Explorer (senior boy) program increased from 217 to 258 and leaders from 1,225 to 1,339. The number of units was up from 139 to 158.

All figures are net. This means that boys who dropped or grew out of the program were not counted and had to be offset by bringing in new boys into the program. Total boy membership during the year had been 5,778. The number of new units organized in the year was 54, a new record for the council.

Bible Class Backs Troop 2 Activities

Troop No. 2, sponsored by the Men's Bible Class of the First Methodist church, is made up of 28 boys. J. T. Baird is chairman of the troop committee while Cecil Drake, assisted by Weldon Low and Doyls Dunbar, is scoutmaster. The troop meets in its hut at 6th and Owens street.

In addition to guidance by adult leaders who are actually engaged in practically every occupation and profession, the program of scouting gives youngsters opportunity to work at a total of 111 occupations while exploring the Merit Badge field. Scouts may "taste" every thing from aerodynamics to zoology, Jimmy Hale, field scout executive, pointed out.

Fifteen different fields are covered in work for the 111 Scout Merit Badges. Advisors and Scoutmasters work with boys in the Merit Badge program. Scouts not only learn how to perform many of the tasks, but also learn what the field has to offer.

Fields covered by the Merit Badge program include campcraft, sports, aquatics, nature, conservation, personal development, citizenship, public service, animal husbandry, plant cultivation, communications, transportation, distribution, building, arts, crafts, and collections.

More Boys Show Advancement

Advancement among Cubs and Boy Scouts showed substantial gains on a council-wide basis last year.

Among the Cub units of the Buffalo Trails council, the number of individual advancements or awards during the year increased from 1,169 in 1948 to a total of 4,332 in 1949.

In the year 1948 there were 2,135 units of scout advancement ranging from a tender foot to Eagle, and last year the total jumped to 3,413. A good part of the advancement increase was at the extremes. There were about 300 more tenderfoot scouts, and nearly 600 more merit badges earned.

Boy Scout Week

It is our pleasure to extend good wishes to Scouting on the occasion of the birthday of America's greatest youth movement . . . and to pay tribute for Scouting's many fine accomplishments.

Definite Objectives Set Up For Year To Advance Scouting In This District

Some definite objectives, other than for membership goals, have been adopted by Scouters in the Lone Star district for 1950.

These were proposed originally by unit leaders—the scoutmasters, Cub masters, den mothers, etc.—and endorsed by the district committee. Subsequently, in December, it was formally adopted as part of the program of work. Here are some of the goals set up for Scouting:

A minimum of six over-night

hikes on a district basis during the year, with troop camping and hiking encouraged on a regular basis.

Some activity such as a jamboree or camporee every three months.

More impressive Court of Honor sessions for presentation of awards, and a more impressive ceremony for those who have attained the highest award—that of Eagle Scout.

Each troop take as a Thanks-

giving and Christmas good turn project the helping of a needy family. Also more emphasis upon individual, troop and district good turns. Each troop also is urged to perform regular good turns for its sponsors.

Sponsor a bicycle and motor scooter safety campaign during the year.

Urge continuation of and participation in existing council activities such as first aid contest, swimming meet, Round Up, etc.

That all future monthly Scouters, round table be held in conjunction with the meeting of the district committee and the club leaders.

Cub leaders set up as an immediate objective the holding of a Blue and Gold banquet by each pack, preferably during Scout anniversary week.

They also favored setting of definite dates for pack meetings and holding the meetings as scheduled. Each pack will be encouraged to make at least one educational tour of business and industry during the year.

Efforts will be made to stage a Cub pet or hobby show during the year.

At least two Cub leader powwows (training sessions) are sought during the year.

Most emphasis was placed on development of plans for a Cub Day Camp this year, with leaders urging that it "be held regardless"

of other activities. They also favored the idea of meeting monthly in joint sessions with the district committee and scout leaders.

Coahoma Schools Sponsor Cub Pack

The Coahoma public schools sponsor Cub pack No. 13, which last reported 33 boys on the rolls.

Although currently inactive, efforts are being made to restore this unit to its full strength in membership and activities.

M. R. Turner is institutional representative. Morris Ledger heads the pack committee, assisted by J. O. Nixon and Rev. Mark Reeves.

Boy's Achievements Recognized Through Special Courts Of Honor

Among the activities adding impressiveness to the Scouting movement is the Court of Honor.

As the name implies, it is a "court" convened to pay honor to members for special achievement, especially in advancement.

Special attention is given to

youths who attain the highest rank, that of Eagle Scout. This, of course, is the goal of every boy in Scouting, and added emphasis is being placed on it under a long-range five-year plan.

Courts of Honor are scheduled monthly in Big Spring, being held at the district courtroom. In charge is John L. Dibrell, chairman of the advancement activities for the Lone Star district.

Plans for the next session, scheduled for Feb. 14, call for the entire district committee to sit as a court. Members of the committee will be assigned the honor of presenting badges and certificates to Scouts who have completed an advancement in rank or earned a merit badge or other special award during the past month.

During the year, Dibrell will vary the court, bringing more men into direct contact with boys.

The philosophy of the court is that it affords a device whereby boys are made conscious of the honor of their achievements in a program slanted to character building and citizenship training.

18 Enrolled In Troop At Coahoma

Seventeen boys are listed on the rolls of Boy Scout troop No. 8 at Coahoma.

Sponsor of this unit is the Coahoma Community Service club, and institutional representative is M. R. Turner. Heading the troop committee are E. L. Robertson, assisted by W. R. Morrison, C. D. Read, A. B. Cramer is the scoutmaster.

Scout Uniforms Are Distinctive

Distinctive uniforms distinguish members of the various Boy Scout organizations.

The regulation Boy Scout uniform is of the traditional khaki color with pockets trimmed in red braid. Western-style trousers and overseas cap help the Scout stand out in any group.

Scout neckerchiefs may be of any color chosen by the individual troop. Field leggings form an optional item of dress. "Boy Scouts of America" is emblazoned across the right-hand shirt pocket.

Cub Scout uniforms consist of a blue shirt and blue, western style trousers. Cubs wear a small cap trimmed with gold braid while the Cub neckerchief has a gold background and blue border.

Official Explorer uniform is dark green in color. It includes green overseas cap and dark maroon tie. "Explorer, BSA" is written across the right shirt pocket.

Optional Explorer uniform is the regulation Boy Scout dress with the neckerchief replaced by a maroon tie and the "Explorer, BSA" strip over the pocket.

The adult leader's uniform consists of khaki shirt and trousers and overseas cap, and a dark green tie.

25 Boys Registered In Sterling Pack

One of the outstanding packs in the Lone Star district is that of No. 14 at Sterling City.

Currently it has 25 boys registered and is carrying on a good program. Sponsor is the Stockton-Curie post of Sterling City. W. D. Farnsworth is institutional representative. Chairman of the pack committee is C. D. McEntire. Others are Joe Emery, H. A. Chapple, O. E. Deal, James D. McWhorter, Jeff Davis.

Cubmaster is Claud Rainey and den mothers are Mrs. J. D. McWhorter and Mrs. Mildred S. Emery.

FIRST CLASS RATING OPENS NEW FIELDS FOR BOYS IN SCOUTING

Attainment of the rank of first class opens new vistas to the lad in the Boy Scout movement.

He may rise to three higher ranks by means of study in special (or merit badge) fields.

To attain the rank of Star scout, he must have qualified for any five merit badges, must have a record of three months satisfactory service as a first class scout, must again demonstrate a degree of extraordinary adherence to the principles of the Scout Oath and Law.

The next step is to become a Life scout. This is done after three months satisfactory service as a Star scout, qualification for 10 merit badges, including first aid, physical development or athletics, personal health, public health, life-saving, pioneering or safety. Again he is called into account on the

oath and law.

The pinnacle is that of Eagle Scout, which is the elite level attained but by few. Not only must he have six months satisfactory service from the time he became a Life scout and have shown outstanding ability for leadership and for keeping the oath and law, but he must also earn 21 merit badges. Required in these are first aid, life saving, personal health, public health, cooking, camping, civics, bird study, pathfinding, safety, pioneering, athletics or physical development.

Before he gets his Eagle award, he is usually subjected to close inquiry from a board of review and impressed with the added responsibility it carries. Afterwards, he may continue his study in various fields and earn Eagle palms for his badge.

WIN HIGHEST HONOR—Dr. P. T. Quast, Sweetwater, and Santos Ramirez, Pecos, were presented the Silver Beaver award, highest within gift of the council, at the annual area meeting in Midland on Jan. 27. It is given for outstanding service to boys. Dr. Quast, left, has served 27 years as a scoutmaster, executive board member and merit badge counselor. At present he is on the council committee on camping and activities. Ramirez has been a scoutmaster for the past six years, organized a Cup pack, Scout troop and Explorer post. He is the first Latin-American to attain the coveted honor and one of the few scoutmasters so honored in the council.

BIGGEST IN NUMBER

Cub Packs Serve The Younger Lads

Big Spring's Boy Scout organizations meet four nights each week. One or more Cub packs, Boy Scout troops, or Explorer posts hold meetings each Monday, Tuesday, Thursday and Friday evenings at unit huts in various sections of the town.

Approximately 335 boys make up the four packs, 12 troops, and two posts of the organization. Cub packs, made up of youngsters between the ages of eight and 10, are the largest units, each having from 20 to 35 members. Membership in Scout troops ranges from 10 to 20 members, while Explorer posts, made up of older boys, have an average membership of 12.

Cub pack No. 11 is sponsored by Ellis Homes Community house. Dan English is institutional representative for the pack and George L. Brewer is cub master. J. C. Robinson is chairman of the pack committee.

Committee members include Gardner A. McGahan and Burke Plant. Mrs. Burk Plant, Mrs. Alexander, and Mrs. J. C. Rollinson are Cub mothers. The pack is in its second year of organization.

The Big Spring Rotary club sponsors pack No. 13 with Chester O'Brien serving as institutional representative and H. C. McNabb as cub master. Harvey Wooten and Tom McAdams are members of the pack committee. Others are being selected under current re-organization of the group.

Cub mothers are Mrs. N. R. Holcomb, Mrs. Harvey Wooten, and Mrs. Tom McAdams. The pack meets in Boy Scout Troop No. 1 hut on the College Heights campus.

Pack No. 29 is sponsored by Cosden Petroleum corporation. Jack Y. Smith is institutional advisor. Other leaders are to be selected as soon as re-registration is complete.

Pack No. 44, sponsored by the Northside Baptist Brotherhood, has C. V. Warren as institutional representative. W. E. Lovelady is cub master, while Wayne L. Richardson serves as chairman of the pack committee.

Committee members are J. L. Long and Shirley Walker. J. T. Johnson is assistant cub master. Mrs. C. V. Warren, Mrs. C. L. Guess and Mrs. W. N. Wood, Mrs. Frank B. Wilson are den mothers. The group meets at the Northside Baptist church.

Charter Presented To New Cub Pack

Charter for Cub pack No. 28 was presented to the sponsors, the Stanton Lions club, on Monday evening.

This unit has 23 boys registered. Cecil Bridges is the institutional representative and Paul K. Jones is chairman of the pack committee. Other committeemen are W. M. Tottenham, W. R. Dale, R. B. Whitaker, Cleo Echols. The Cubmaster is Phillip White, assisted by Elmer J. Long. Those serving as den mothers are Mrs. R. B. Whitaker, Mrs. Paul K. Jones, Mrs. Cleo Echols, and Mrs. Charles Parker.

Oath Keystone To Scouting Program

Keystone of the entire Boy Scout program is the oath.

It is short and simple, yet comprehensive.

"On my honor," pledges the boy who enters the program. "I will do my best to do my duty to God and my country, and to obey the Scout law; to help other people at all times; to keep myself physically strong, mentally awake and morally straight."

The oath deliberately places first things first—duty to God and country, to others, and lastly to self.

Lest the boy forget the oath and its import, it is repeated on numerous occasions and in special instances there are rededications to its principles. The oath becomes somewhat of a fetish with many boys, for when confronted with a test of their honesty, they frequently will say: "On my Scout honor." Few Scouts will bandy that about carelessly.

Seek New Leader For Forson Troop

The Forson Service club is sponsor of Boy Scout troop No. 11 at Forson.

S. W. Porter has been serving as scoutmaster, but at this time a successor is being sought. Efforts also are being made to re-organize the unit.

T. T. Henry serves as institutional representative. C. V. Wash is chairman of the troop committee with Curtis J. Lamb, O. G. Hamm, G. D. Kennedy and J. C. Wise as other members. There are 15 boys listed on the membership rolls.

13 Scouts Listed On Troop 6 Roster

Troop No. 6, sponsored by the First Christian church, has a membership of 13 boys. Chester Cathey is institutional representative. Duval Wiley, chairman of the troop committee, is assisted by M. R. Eger, R. W. Parks, and Hack Redgen.

Committees Map Scout Activities

The over-all program of development for Boy Scouts of the Lone Star district, composed of Howard, Martin, Glasscock, and Sterling counties, is worked out by a district administrative committee.

Chairman of the group is Joe Pickle, while L. M. Brooks is vice chairman.

Dr. P. W. Malone is finance chairman; J. B. Apple is chairman of organization and extension, and S. M. Smith is chairman of the camping committee. Others on the administrative committee are Ted Phillips, activities chairman; Sam McCombs, chairman for health and safety; Wacil McNair, public relations; D. M. Mc-

Kinney, district commissioner; Arthur Leonard, assistant district commissioner; and Cecil Nabors, neighborhood chairman.

Leslie Snow and Walton Morrison are committee members at large. Representing Big Spring scouting organizations on the Buffalo Trail council are Dr. W. B. Hardy, president Nat Shick, honorary vice president; and W. C. Blankenship and E. C. Dodd.

Executive board members at large are Carl Bloomhield and R. L. Tollett. Charlie Watson is council commissioner.

Jimmy Hale is field scout executive for the Lone Star district as well as for the Lone Wolf district of Mitchell county.

'GOOD TURN' BROUGHT SCOUTING TO AMERICA FORTY YEARS AGO

A "good turn" by an unidentified British Boy Scout in 1909 to an American businessman who had lost his way in a London fog, led to the incorporation of the Boy Scouts of America in Washington, D.C., 40 years ago next Wednesday, Feb. 8.

The late William D. Boyce, Chicago publisher, was so impressed with the helpfulness of the British Boy Scout, who declined his tip for the "good turn" that he accompanied the Scout to the office of Sir (later Lord) Robert Baden-Powell, founder of Scouting, learned about the program and brought a trunkful of pamphlets to America. Later, he incorporated the organization.

On June 21, 1910, a group of men representing 34 national groups interested in youth, started developing the organization and opened a temporary office in New York City.

From that modest beginning the Boy Scouts of America has grown in four decades to more than 2,300,000 boys and adult leaders.

Since 1910 more than 16,500,000 American boys and men have subscribed to the Scout Oath and Law.

Troop Operates For Negro Boys

The Colored Men's Business and Social club sponsors troop No. 17 for colored boys. Twelve boys have membership in the organization.

Oliver Reed serves as institutional representative. Ellis O. Brown is scoutmaster and Otto Tucker and Roger Brown are assistants.

W. D. Mott is chairman of the troop committee which is made up of Robert Kuykendall, Nathan Lankford, Charles H. Johnson, Walter Nichols, George A. Weatherall, Clarence Sewell, Hillery Brown, Hoase Young, and Troy Burka. The troop meets at the Lakewood school.

40,000 Boys Will Camp At Valley Forge

Over 40,000 Boy Scouts, representing every section of the United States, are scheduled to assemble on June 30 in Valley Forge, Pa., for a week of camping together at the famous national shrine.

The occasion will be the second annual National Jamboree.

Scout leaders have observed that Valley Forge is a fitting site for the 1950 Jamboree, especially so because of the theme of the 40th anniversary.

The Scout organization started a year ago on its crusade to "Strengthen Liberty." Valley Forge itself, which was immortalized by Gen. George Washington and his Continental army, is readily associated with the Liberty of America, the Scout leaders explain.

The Buffalo Trail Council, which is composed of 17 West-Texas counties, has been assigned a quota of 99 Scouts and nine adult leaders for National Jamboree attendance.

The Lone Star District, of which Big Spring is a part, may send as many as 17 Scouts to the big gathering, or one for each active troop in the district.

Registration period for the Jamboree will close on March 1. The Scouts and their leaders are to travel in regional trains to the site of the Jamboree.

CLOSE RELATIONSHIP—An example of how close relationship of adults and boys can work together for an active Boy Scout program is provided by troop No. 9. This picture was taken on the occasion of a Thanksgiving banquet given the boys at the Wesley Methodist Church. The Rev. Cecil Hardaway spoke and the men and boys spent the evening playing games. Leaders, pictured left to right, back row, are Tommy Lovelace, committee chairman, Luther Coleman, Rev. Hardaway, Ike Low, Glenn Smith, John Garrison, H. H. Thames, J. M. Saunders, committeemen, and Keith Bailey, assistant scoutmaster. Billy Bob Watson, assistant scoutmaster, is kneeling at left, and J. B. Apple, then scoutmaster, is at the right. Apple now is district organization and extension committeeman. In Nov. 1949 all members were completely uniformed, a troop goal.

AS ANNIVERSARY FEATURE

President Truman To Greet 12 Outstanding Boy Scouts

President Truman will greet twelve outstanding Boy Scouts in the White House during Boy Scout Week, Feb. 6 to 12, to mark the 40th birthday anniversary of the organization.

The Scouts, who will represent the nation's 2,300,000 Scouts and leaders in ceremonies at Washington, D.C., where the Scout Movement was incorporated, will go to Independence Hall in Philadelphia Feb. 9 for ceremonies where the Liberty Bell is enshrined. The Scouts will wind up their trip in New York where they will enjoy sightseeing, meet notables and visit the National Council office.

Boy Scout Week marking the 40th birthday of Boy Scouting in the United States, will be observed from Feb. 6 through Feb. 12. On the actual birthdate (Feb. 8) all the members will have an opportunity to recommit themselves to the Scout Oath or Promise at 8:15 p.m., in the four time zones.

The theme of the birthday celebration is "Strengthen Liberty." Since in every city and town and nearly all villages and hamlets throughout the nation and its territories more than 71,000 Units take part, this is the largest birthday celebration observed by young America.

Federal officials, civic leaders in Washington and national Scout leaders will greet the twelve representative Boy Scouts at a breakfast in Washington Wednesday morning (Feb. 8). A year ago the Boy Scouts launched its two-year Crusade to "Strengthen the Arm of Liberty" by giving more boys in Scouting a richer experience. Summing up the service projects and activities carried on in 1949 in a "Report to the Nation," the dozen Scouts will tell of the progress of the first year of the Crusade.

Impressive ceremonies at Independence Hall, Philadelphia will proclaim the 40th anniversary of the Boy Scouts of America where the historic Liberty Bell in 1776 proclaimed, "Liberty throughout all the land unto all the inhabitants thereof." Here the aims of the Crusade to "Strengthen the Arm of Liberty" will be restated. All taking part in the ceremony will rededicate themselves to the Crusade and to the principles of the Scout Oath and Law.

Similar ceremonies featuring a "Declaration of Purpose" will be held by Scouts at the state capitals, county court houses and city halls throughout the nation, emphasizing the Crusade's three objectives of more-trained leadership, better unit programs and stronger membership. Ceremonies will also spotlight the National Scout Jamboree, the climax of the two-year Crusade.

Rotary Supports 'Oldest Troop'

Boy Scout troop No. 1, oldest troop in Texas from the standpoint of continuous registration, is sponsored by the Rotary club. Chester O'Brien serves as institutional representative, A. A. Cooper is scoutmaster, and Dr. Frank Dillon is chairman of the troop committee.

Serving on the committee are Walton Morrison, Fred Keating, and Julius Neel. R. L. Heath, John Hardy, and T. W. Alderson assist the scoutmaster.

Several of the adult leaders of troop No. 1, including O'Brien and Morrison, are former members of the organization. The troop was formed in 1911, shortly after the organization of Boy Scouts of America. It now has 28 members.

Wesley Methodists Back Troop No. 9

Rev. C. C. Hardaway is institutional representative for troop No. 9, sponsored by the Wesley Methodist church. Seventeen boys make up the troop.

Tommy Lovelace is chairman of the troop committee which is made up of H. H. Thames, J. M. Saunders, Luther Solaman John Garrison, and Glenn Smith. J. B. Apple is scoutmaster while Keith Bailey and Billy Bob Watson are assistants. Troop hut is located at the church.

Troop 15 Sponsored By IOOF Group Here

The Independent Order of Odd Fellows sponsors troop No. 15 which has a membership of 23.

Cecil Nabors is institutional representative and A. C. Wilkerson is scoutmaster. Gardner A. McGaben is assistant. Chairman of the troop committee is Earl Wilson and committee includes Gordon Gross, Earl Flew, Gene Crenshaw, and Gene Thomas. The troop meets at the IOOF hall at Municipal airport.

Hope Begins To Dawn In Cancer Research

By HOWARD W. BLAKESLEE
Associated Press Science Editor

NEW YORK, Feb. 4. — Nearly 100 research roads now point at cancer.

All have made some progress toward finding some treatment better than surgery, x-rays and radium. All are blind alleys—thus far.

But the variety and the effects on cancer are one reason why in 1950 research workers are beginning to hope.

There are about 75 chemical compounds which retard cancerous growths. There are at least three hormones with retarding effects. Also several kinds of bacteria that produce substances with inhibiting effects. There are extracts of normal, healthy tissues with similar powers.

With the new isotopes from atomic ovens—radioactive atoms—there are intriguing attempts to outdo x-rays.

One vitamin-like compound, chilling of malignant tissues, retarding the flow of blood and diet show some useful effects on cancer.

Even supersounds, the noises too high-pitched for ears to hear, are used in new cancer experiments.

You might think that all these approaches are assurance of early success. But conservative scientists and doctors think a fundamental discovery has yet to be made in order to understand just where all the similar retarding signs are leading.

The discovery is about growth. Cancer is called wild growth. That is a misnomer. Cancer growth is the same kind we all had before we were born. We were embryonic tissue then, and such tissue grows very fast. The main difference between embryonic and cancer tissue is that the cancer never stops.

That is—almost never. There are a few hundred recorded cases where cancer apparently stopped spontaneously. But that only makes the problem harder for science to solve.

Cancer can start anywhere in our bodies. It can grow in the skin, bones, blood, any organ. In grey matter of the brain. Wherever cancer starts it is exactly the same kind of tissue as that in which it originates. It is not poisonous. It does no harm except to get larger.

In the end the enlargements causes death, and after the most painful kind. But even in death, cancer is erratic. Sometimes the fatal growths do not cause excessive pain. Sometimes x-rays, or occasionally some of the retarding drugs, hold the suffering so low that patients work almost to the end.

A little is known about what starts cancers. X-rays and radium

can do it, some drugs of the coal-tar variety, viruses in a few animal cancers, anything that causes prolonged irritation of some tissue. Probably heredity carries susceptibility.

In recent years so many signs have pointed to growth itself as the leading mystery that today the committee on growth is the chief co-ordinator of much of the nation's cancer research.

The chemical compounds that have some retarding effect include 60 found by the National Cancer Institute. These come from 1,000 chemical compounds examined. Other hundreds or maybe thousands are yet to be examined. The 60 have been tried only on animals. There are many other retarders. The first were found at the Rockefeller Institute in New York many years ago. Yale University cancer work has uncovered a number.

Male and female sex hormones inhibiting effects on human cancer. Women with fatal breast cancer have added comfortable years to their lives by taking sometimes male and sometimes female sex hormones. Female sex hormones have relieved a few men with prostatic cancer. Acth has attacked cancers growing in connective tissues, including the white blood cells of leukemia. But acth is only one of several remedies that sometimes have good effects on leukemia.

There are the bacterial products. The latest of these in the news is from bacillus prodigiosus, tried on more than 100 human cases, all incurable, with 25 still alive, longer than expected, a very few of them in quite good shape.

This remedy now has gone back into the laboratory, for further development. That further development is the fate of most ethical cancer remedies after one public airing. This particular germ's complex sugar has been tried for more than 20 years. Results are now a little better, but not good enough.

A similar remedy was Russia's famous KR, made from the germs which cause the South American cagas disease.

Germany and Austria have a new one, called toxinol, made from a bacillus named siphonospora pleomorphia. It reduces the size of cancers, for a while. So do the others of the same class.

Extracts of spleen caused about a score of skin cancers to disappear in work done in New York City. After a year the cancers were apparently cured. Lamb liver extracts have had favorable effects on skin cancer. Since skin cancer is the easiest to cure, these extracts are interesting mainly if

they can throw some light on why cancer grows and what stops it.

The vitamin-like substance is a chemical relative of the B vitamin, folic acid. It reduced Babe Ruth's suffering sharply for a number of months. But otherwise it has been disappointing. Eating three dozen raw egg whites a day has helped.

The chilling treatment, called frozen sleep, at Temple University helped human cancers. Again temporarily. Ligation, to cut down the flow of blood, has been reported by doctors as a help.

Numerous doctors are using remedies of their own, and not publicizing them. They think the remedies help.

There are a few remedies on the market, in bitter controversy. These seem to be retarders. Like some of the treatments which doctors do not publicize, they apparently cure a few cases. The doctors say the good effects are too small to overbalance the bad. The proponents of the remedies retort that the medical profession is persecuting them.

Nothing else has the record of cures that come from surgery, x-rays and radium. With a life at stake most doctors prefer to play safe and use these standbys.

The number of cancer patients

is rising, probably because of better detection. The proportion of cancer deaths is falling a little, because of earlier detection, better surgery, better x-ray and radium

treatments. These old remedies have not reached the limit of their cures. But they can't win the race, and research is looking to chemotherapy to begin assisting soon.

FEBRUARY 6-12

The Southern Ice company is in thorough accord with the Boy Scout movement and takes this opportunity to wish every success for the Boy Scouts everywhere on the occasion of their 40th Anniversary.

Southern Ice

MANLEY COOK, Manager

No Commitments For Aid-To-Asia

WASHINGTON, (AP)—Two important spokesmen of the Western World have said that something really ought to be done about the poor people of Asia. But neither offers anything like the Marshall Plan bonanza which the United States voted for Europe. One Western statement came from U. S. Secretary of State Dean Acheson. One came from the British Commonwealth nations, which have just met in Ceylon. Both were cautious.

Any Western help for the Far East will have to come out of the already strained purses of the taxpayers in France, Britain, Canada, the United States. The Ceylon meeting agreed to put some help into the Asian countries. But they did not say how. Britain's foreign minister, Ernest Bevin, did voice hope that the United States "would play a major role."

Secretary of State Acheson, speaking for the U. S., told the press previously that help for far eastern nations would be put out through the "Point Four" program of President Truman, aimed at helping the backward areas of the World. So far Congress has not voted a single dollar for that program.

Lower-ranking spokesmen for the administration estimate that "Point Four" will take about \$50 million a year. It will be spread around

far eastern nations only where it appears that there is some chance to pay off—such as in a textile mill, a new dock, a food processing plant. And such loans will go into nations only where there is some chance of political stability.

The International Labor Organization has just reported on a survey of the far eastern troubles. Here are the highlights as the ILO reports them:

1. Far eastern nations have babies so fast that it will be difficult to put machines into the nations rapidly enough to take care of the wage-earners who have to support all the new mouths.

2. There's a real rat-race here on far eastern desires to buy in the west. Far easterners don't export enough to the west to get the money to buy the western machinery they want and need, to be able to turn out what they want to sell.

This ILO report tells of China, Japan, Siam, Indo-China, Pakistan, Indonesia, India, Burma, Ceylon and Malaya. It says the far eastern nations have taken a spectacular shift from the black to the red column in their post-World War II trade with the United States.

Before World War II most far eastern nations sold us raw materials, got dollars, and spent those in Europe to buy machinery. But now Europe can't sell them so much machinery, and the United States doesn't want so much from the Far East. We don't need its raw silk. We are using rayon and nylon. We don't need so much raw rubber. We are using our own synthetic rubber. We don't need so much processed tin. We now have some of our own tin smelters. Here's how some of the far eastern nations have slid into the red on our trade columns, as the ILO reports it:

Before World War II India sold us \$11 millions more than we bought from her. In 1948 India bought \$92 millions more from us than we sold her. The Philippines in 1938 traded even. In 1949 the Philippines bought \$231 millions more from us than we sold them. In 1938 Indo-China sold us \$4 millions more than we sold them. Ten years later they bought \$21.2 millions more than they sold us.

Giant Tree Spared

EL MONTE, Calif. (AP)—California's biggest eucalyptus tree—it measures 35 feet in circumference—has been spared the axe, at least temporarily. The giant was to be sacrificed for a road widening project until Prescott F. Cogswell, 90, protested. Cogswell planted the monster in 1888. It was then four inches high. He said county authorities assured him the project has been deferred.

Sterling Troop Among New Units

Among the newer troops in the Lone Star district is No. 12 at Sterling City.

It came to the district when Sterling county was attached to the Buffalo Trails council last year. Sponsor is the Stockton-Currie American Legion post at Sterling City, and W. D. Farnsworth is

institutional representative. L. C. McDonald is troop committee chairman, with E. M. Bailey, O. T. Jones, Dr. W. J. Swann, and Howell M. Knight also serving. Scoutmaster is Ray Fritts.

Boy Scout Week February 6-12

During the observance of Boy Scout Week — February 6 to 12th — it is our hope that every boy in this great Buffalo Trail Council will gain new inspiration; that all the present Scouts will find an added joy in the privileges of Scouting and that other boys will decide to become Scouts.

To the men who have given so loyally of their time to the training of our boys in this area, we extend congratulations on the accomplishments achieved.

Victor Mellinger's
Store for Men & Boys
THIRD AND MAIN

Second Step, Second Class

Having had one month's service as a tenderfoot scout, a boy is eligible to qualify for his second class scout rating.

Among the requirements are that he understand and demonstrate the rudiments of first aid, including artificial respiration, know the elements of Morse signalling (semaphore or wig-wag signalling has been outmoded because it is no longer of great use); know how to observe or to track; master the art of the scout pace for covering long distances in fairly rapid time, how to use the knife and hatchet; how to build a fire (with no more than two matches, and to begin learning how to build by flint and steel or by friction); how to cook a few specified dishes; give evidence of systematic thrift and savings; know the key points on a compass and how to find directions with a compass; show he practices and understands some fundamentals of safety, and give proof that he is trying to live up to the principles of the Scout Oath and Law.

Exciting German Drug May Be Major Anti-TB Weapon

By ALTON L. BLAKESLEE
Associated Press Science Reporter
NEW YORK. — Hundreds of tuberculosis patients will be treated this year with a new drug, born in Germany, and called TB-1. It has been given to 7,000 persons in Germany in the last two years, and credited with many good effects. American doctors are just beginning trials to learn what it may do. Their tests will take about a year, but they have good reasons for hoping TB-1 will become another major weapon against tuberculosis.

German doctors reported remarkable recoveries of many patients with lung TB after getting TB-1 pills along with bed rest for four to six months. This is exciting because lung TB is the hardest type to cure with present drugs. But TB-1 was used at a time when the German people began getting better food and care. So there's a question how much the recoveries were due to better living, and how much to the drug. TB-1 also wasn't as dependable or as quick in action against lung tuberculosis as streptomycin, German doctors said. One big hope is that TB-1 will be a helpmate for streptomycin in fighting lung TB. Streptomycin usu-

ally loses its punch after a few weeks or months.

What happens seems to be this: There may be billions of TB germs in the lungs, most of them exactly alike. They reproduce rapidly. Streptomycin hits most of them, slowing or stopping their growth.

But some of the germs are different. They vary from normal, like humans born with one eye, or three legs. They are what geneticists call mutants. One or more of these altered breeds of germs apparently aren't affected by the drug and are able to produce more and more germs just like themselves. After a time, there are billions of altered germs that resist streptomycin.

But these altered bugs may be vulnerable to a different drug. Doctors already have one such drug, para-amino-salicylic acid, or PAS for short. It can be given after streptomycin stops working. Or double treatment often makes streptomycin effective for months longer, giving the patient a better chance to recover.

TB-1 may be particularly useful in this partnership. German reports indicate the TB germs don't develop resistance to it. TB-1 might also be helpful in chronic or long-lasting cases.

The tests here will study how much TB-1 should be given, whether it produces any harmful effects itself, and what it does against other forms of tuberculosis. In Germany it was reported very effective against TB of the larynx, intestines and genito-urinary tract. It didn't seem to have much effect against miliary (generalized) TB, or tuberculosis affecting the brain or spinal cord.

Dr. Hinshaw and Dr. McDermott went to Germany as consultants for Schenley Laboratories, Inc., which is making the drug available for some studies here under the name Tibione.

TB-1 belongs to an entirely new

family of drugs, known as thiosemicarbazones. This anti-TB effects were discovered by Prof. Gerhard Domagk.

Congratulations BOY SCOUTS On Your 40th Anniversary

It is the youth of today that will be world leaders of tomorrow. So, on this 40th Anniversary of the Boy Scouts, we pay tribute to this great organization for the work it has done in the past . . . for the work it will do in the future as the Scouts of the World 'Build together as "Citizens at Work."

LOOKING TO THE FUTURE..

40th
Anniversary

February
6 to 12

We are proud of our Scouts, the work they are doing and the record they are making. We congratulate them and their leaders on their 40th anniversary.

BIG SPRING HARDWARE CO.
117-19 MAIN STREET BHS BIG SPRING TEXAS

Scouts Have Full Calendar

Calendar for the Buffalo Trails council is full of activities for boys and cooperative effort by men during 1950.

This week—Feb. 6-12—marks the observance of the 40th anniversary of the founding of the Boy Scout movement. The Council finance campaign also swings into action this month and on Feb. 23 the operating committee conference will be held at Midland.

Activities by other months include:

MARCH—Explorer bivouac and Order of Arrow annual meeting 17-19; leaders training courses.

APRIL—Quarterly executive board meeting on 13th; long range committee first reports same date; regional meeting in Oklahoma City 17-19; 24th annual Round-Up in Big Spring 27-29.

MAY—Troop camping training courses; summer camp opens at Ranch 29th; Cub leader pow-wows.

JUNE—Shake down camp for National Jamboree in Big Spring 16-18; camping at Lake Sweetwater and Ranch; National Jamboree opens at Valley Forge, Pa. on 30th, coincidental with national council meeting.

JULY—Cub day camps; executive board meeting on 13th.

AUGUST—Annual swimming meet in Midland on 19th.

SEPTEMBER—New fiscal year and nation-wide round-up starts; Explorer advisors' conference.

OCTOBER—Third annual barbecue and quarterly executive board meeting at Scout Ranch on 12th; council civic service report; uniform and insignia inspections

by units.
NOVEMBER—Training courses for unit leaders; Thanksgiving "good turns."

DECEMBER—Annual first aid meet in Odessa on 16th; winter camp at ranch Dec. 27-Jan. 1; Christmas "good turns."

Patrols Use 'Gang' Ideas

One of the "secrets" of the Boy Scout program is the patrol system.

Troops are divided (as evenly as possible) into patrols. These recognize that it is only natural for boys to band themselves together in "gangs," based on community of interest, congeniality, etc. But what the scouting program does is to make this natural instinct and channel it into useful activities to develop leadership, wholesome competition, loyalty, and to generally get over the program of character building and citizenship training.

IN ALL SECTIONS
The Boy Scouts of America is organized in all sections of the United States and Alaska, Hawaii, the Canal Zone, Puerto Rico, Guam, the Virgin Islands, and in many U. S. Army Posts overseas.

No. 5 Unit Aided By First Baptists

Troop No. 5 is sponsored by the First Baptist Brotherhood with G. G. Morehead as institutional representative and Merrill Creighton as chairman of the troop committee.

Rayford Cockerell, George Melear, Leonard Coker and Ted Phillips are committeemen. Scoutmaster is Arnold Seydler and assistant scoutmaster is Loy House.

The troop meets in the scout hut at 22nd and Lancaster streets.

An Explorer unit is now being organized for ex-members of Troop No. 5. H. C. Mobley is to advise the new group, while the same committee will work with the post.

Glasscock Unit Needing Sponsor

The Garden City troop (No. 16) may be looking for another sponsor this year.

It was chartered under sponsorship of the Lions club at that point, but this organization is now inactive. The troop came to the district and council last year when Glasscock county became part of the Buffalo Trails council.

C. G. Parsons is institutional representative. J. C. Cunningham troop committee chairman, assisted by Y. C. Gray, T. E. Carr, J. L. Parker and O. L. Rich. Rev. Archer C. Durrant is scoutmaster and Harry Calverley is assistant.

MANY MILLIONS
Since the founding of the Boy Scouts of America in 1910, the grand total of boys and leaders enrolled is 16,500,000.

Employer and Employee meet through Want Ads. Read and Use The Herald Classified Ads.

TAKE PROGRAM TO BOYS

Scoutmasters And Cubbers Are Busy

Although the entire organization is backed by thousands of a leaders who work "behind the scenes," the Boy Scout program is actually carried to the boys by a group that devotes a large portion of its time to direct supervision of troops and packs. They are the Scoutmasters and

Cubbers. They put into practice the activities that are planned by themselves and "behind-the-scenes" committees.

Despite the fact that Scoutmasters and Cubbers (Cubbers include Cubmasters and Denmothers) spend many hours each week with their troops and packs, their work doesn't end there.

They hold regular meetings each month to study methods of strengthening their troops and packs and the programs they are presenting to the youngsters.

The meetings usually are round-table discussions, where problems, objectives, special events and other pertinent topics are discussed by the people who perform the most important tasks in the Scouting program.

Troop Is Active On Lenora Area

An example of how Scouting functions in the smaller communities is found in troop No. 10 at Lenora.

It is sponsored by the Lenora school of central Martin county and has Grover Springer as institutional representative. Chairman of the troop committee is C. A. Castleberry. Others serving with him are W. D. Howell, Hugh Butler, A. C. Fleming, Powell G. Yates, Tom Brown and C. A. Koonce. The Rev. A. C. Byrd is the scoutmaster and R. A. Wright is assistant. Twelve boys are registered with the troop.

Kiwanis Club Sponsors Troop

Kiwanians sponsor Explorer post No. 3 with S. M. Smith as institutional representative. H. W. Whitney is chairman of the post committee made up of Marion Shields and Alsie Carleton. W. D. Berry serves as post advisor to the 11 members.

Explorer post No. 13 is sponsored by the East 4th Baptist Brotherhood with Rev. J. S. Parks serving as institutional representative and chairman of the post committee. Alvin Smith, Walter Grice and Cecil Mason form the committee. Arthur Leonard is advisor to the 13 Explorers, assisted by Glenn Napper.

OVER 2,300,000 BOYS
In 1910 the membership of the Boy Scouts of America was approximately 50,000 Scouts and Leaders. The grand total during Boy Scout Week 1950 is in excess of 2,300,000.

Boy Scout Week

February 6-12

It is our pleasure to extend good wishes to Scouting on the occasion of the birthday of America's greatest youth movement... and to pay tribute for Scouting's many fine accomplishments.

17 Boys Served By Stanton Troop

Seventeen boys are served by Boy Scout troop No. 14 at Stanton. The program there is sponsored by the Stanton Lions club and with Cecil Bridges as institutional representative. Guy A. Eiland is committee chairman, and J. B. Stewart and Bridges serve with him. Bob Deavenport is the scoutmaster for the troop.

15 Boys Enrolled in Northside Troop

Troop No. 19 is sponsored by the Northside Baptist Brotherhood and is made up of 15 boys. C. V. Warren is institutional representative and C. A. Tonn is chairman of the troop committee. Nobel Kennemur is scoutmaster for troop No. 19. Members of the troop committee are Earl F. Hollis, R. C. Cook, and J. C. Tonn. The troop meets at the Northside church.

HITCH AS TENDERFOOT PRECEDES BOY'S ACTIVITY AS REAL SCOUT

A Boy Scout must be a tenderfoot before he is really a Boy Scout.

In order to qualify for this rank, he must first of all understand the Scout Oath and Law and subscribe to them; he must know the scout motto ("Be Prepared"), the scout sign (three fingers extended upward and the thumb extended over the little finger which is pulled in and down). These remind him of the three points of the Scout Oath.

He also must know the scout handclasp which will identify him to other Scouts anywhere, how to salute (using the scout sign arrangement), know the significance of the badge (which is composed of the tenderfoot to specify the three points of the scout oath, the second class scroll upturned like a scout's smile and carrying a knot as a reminder for a good turn each day), and the two together to form the first class badge.

In addition he must know the parts of the uniform, how to wear it and its significance; know the composition and history of the flag of the United States of America and the respects due it, how to tie eight useful knots, and the rudiments of hiking, sanitation, etc.

Cubs Get An Early Start

For a quarter of a century, a boy had to reach the age of 12 years before he could get into scouting.

But with youngsters "growing up" faster now than they did a generation ago, scouting has adapted itself to the change by setting up the Cubbing program.

This permits the boys to come in at eight years of age. They go through several steps which eventually graduate them into a scout troop at the age 11.

Cubbing is different in many respects from the Boy Scout program, but none so much as in the fact that it is designed as a "backyard" activity for youngsters. This, happily, has brought women into the program as den mothers, who supervise the weekly meetings of youngsters of a neighborhood under a watchful eye. They are not yet ready for rigorous activities such as hiking and long camping, but they are enthusiastic and ready for action.

Membership Of 18 Shown In Troop 3

Eighteen boys form troop No. 3, sponsored by the Kiwanis club. E. M. Smith serves as institutional representative while Herbert Whitney is chairman of the troop committee. He is assisted by Marion Shields and Alvie Carleton.

Scoutmaster is Edward Fisher and assistant is Gene Thompson. The troop hut is located at 10th and Bell streets.

3-Year Training Plan For Leaders

Adult leaders in Scouting may now qualify for special recognition and awards by completing requirements of a three-year training program.

The three-year program has replaced the five-year plan, which was first originated in 1930. The program was originated to offer maximum opportunities to adult leaders for training and encouragement.

Recent growth and extension of the Scout movement prompted adoption of the three-year program of training. By completing such a training program, Scouters may qualify for the Scouter's Key and the Scouter's Award.

Although, basically, the requirements state that Scouters may qualify by completing the course, they also are expected to put into practice the benefits they glean

from the program. "Performance" is cited as an important part of the qualifications, since that entails carrying the enriched program to the boys.

All unit leaders, both Cubbers and Scouters, as well as commissioners are eligible to participate in the three-year program.

Scout Law Sets Up Responsibility

Supplementing the Boy Scout oath, which is the basis of the Scouting program, is the Scout Law.

Divided into 12 parts, the law sets up that many specific responsibilities of boys who associate themselves with scouting.

He pledges himself to be trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent. He also must know the meaning of each of these terms and how he is expected to put them into action.

Boy Scouts of America

Boy Scout Week Feb. 6-12

Montgomery Ward

Summer Camps And Round-Up Major Attractions Of Year

The Buffalo Trail Boy Scout Council sprawls over 17 West Texas counties, but distances do not discourage the Scouts and their leaders when annual events appear on their calendar.

Greatest participation, of course, develops when activities are carried for the Scouts themselves, although adult leaders take part in several events of their own.

Largest event is the annual summer camp, an activity that fittingly highlights the year for all Scouts.

Buffalo Trail Scouts have always managed to get in their camping, but that phase of the program is now in the midst of rapid expansion due to excellent facilities at the Council's Ranch in the Davis mountains.

Approximately 2,000 Scouts and leaders camped at the ranch during 1949, and the figures are expected to climb this year.

Other events that draw council-wide participation are the annual Round-Up, which is held in Big Spring each spring, and the council swimming meet, usually held in Midland.

Attendance at the Round-Up usually varies from 700 to over 1,000, depending on weather conditions, etc., while troops from throughout the council send teams to the swimming meet.

Other events, such as monthly camps, are carried on by individual troops and districts throughout the year.

For Cubs, the Day Camps and Blue and Gold banquets are annual events.

Adult leaders gather each year for the annual council banquet and for the annual district meetings and banquets.

Probably the most widely celebrated event on the Scout calendar is, of course, annual Boy Scout week, which opens today for 1950.

FINE CAMPING FACILITIES

Ranch Big Asset For Area Scouts

Purchase of a 6,000-acre ranch in the Davis Mountains easily ranks as the highlight of major events for the Buffalo Trail Boy Scout council in a number of years.

The ranch was purchased two years ago to provide the council with its first permanent camping facility in history. Previously, Scouts in the Buffalo Trail council were forced to depend upon camping facilities in other areas for their annual summer outings.

The Scout ranch was cleared of debt in 1948 and a note-burning ceremony on Oct. 14 of that year attracted dozens of adult leaders to the ranch. Adult leaders visit the ranch each year during October.

Many improvements have been made at the ranch, enough to offer one of the most attractive camping programs in the country, and more facilities are to be added in the future.

At present, improvements consist of a well-arranged mess hall capable of feeding 125 boys at one time, a water system with showers and sanitary facilities, a light plant, refrigeration equipment, outside handicraft lodges, improved roads and other facilities required for a first class camp.

More than 2,000 Scouts and adult leaders attended regularly scheduled camps at the ranch last year.

The ranch is located southwest of Pecos in the Davis Mountains.

It boasts an abundance of varied plant life, rugged terrain, wild life and other features that make it an ideal camp site.

Local Units Have A Fine 1949 Record

As Boy Scouts all over the country celebrate the 40th anniversary of their organization's founding during the next week, Big Spring Scouts can point with pride to activities of local troops during the past year.

Every Big Spring Scout troop has engaged in at least 10 nights of camping in the last 12 months, Jimmy Hale, field scout executive, stated. Several troops have participated in as many as 20 camping excursions during the year.

They have been represented at each of the monthly camp meetings for the Lone Star district and led the Buffalo Trail council in advancements. All troops were present for the Big Spring Round-up and Scout Jamboree held here in April, while 10 of the 17 troops were represented at the Buffalo Trail summer camp in the Davis mountains last summer.

A total of 75 Scouts from Big Spring spent at least a week at the summer camp.

In addition, local troops have played important roles in such civic enterprises as the Centennial, March of Dimes campaign, and Community Chest drive. Scout troop No. 1 of Big Spring, oldest troop in the state from the standpoint of continuous registration, will also be celebrating its 40th birthday this year, 40th anniversary of the organization of Boy Scouts of America.

Boy Scout Week

THE SCOUT OATH — On my honor I will do my best — to do my duty to God and my country, and obey the Scout Law . . . To help other people at all times . . . To keep myself physically strong, mentally awake, and morally straight. This is the pledge that binds together the fine young Americans who daily are doing a job of making better citizens of themselves and making a better nation for us all. We admire the fine future leaders of America for developing the American way of life and standing by the principles by which men must live to be free and happy.

prepared to give courteous and dependable service.

TEXAS ELECTRIC SERVICE COMPANY

CARL BLOMSHIELD

FATHER AND SON—J. M. McDonald and Jerry McDonald, Midland, father and son, are the first to be registered from the Buffalo Trail Council for the National Scout Jamboree in Valley Forge, Pa. next July. Jerry is a member of Explorer post No. 85 and his father is chairman of the council jamboree committee. The 17-county council has a quota of 99 Scouts and nine leaders. Troops and explorer units had until Feb. 1 to field for places by paying a \$10 reservation fee. Until March 1, reservations will be on a first-come first-served basis. Reservations have come in from troop No. 20 at Colorado City, No. 80 at Odessa, No. 40 at Sweetwater, No. 68 at Pecos; No. 5 and 9 at Big Spring and post No. 11 at Kermit. H. D. Norris, Sweetwater, formerly of Big Spring, will accompany the delegation. Cost per boy, including transportation, meals, etc. will be around \$175.

IN SCOUT COUNCIL

Big Membership Increase Sought

Increases ranging from 25 to 300 percent are being sought in units and membership within the Lone Star Boy Scout district this year.

Leaders hope that this goal will not only met but also exceeded. At the end of the year there were six Cub packs with 223 boys registered. Before this year is out, the district is aiming at 12 packs with a minimum of 400 members. Roughly, Cubbing is pointing to double its strength.

Objective for Boy Scout troops is to increase from the 19 now listed with 410 Scouts to 24 units with 500 boys by the end of the year.

For Explorer (senior) boys, the goal is to increase from two to five units and from 24 to at least 50 boys.

This goal presages a big job for the organization and extension committee headed by J. B. Apple, but the committee already is at work.

It also calls for an increase in program efforts on the assumption that if Cub, Scout and Explorer programs are made interesting and active enough, there will be no serious problem in recruiting boys.

Aside from securing sponsors, the next biggest problem is that of providing adequate and trained leadership for offering programs to the boys.

Watson Serving Second Year As Commissioner

Commissioner of the Buffalo Trails council is Charles Watson, Big Spring.

Watson is now serving his second year in this post. He personally visits with the commissioners in each of the 30 districts, gathers reports on the health of programs and activities in the various units and makes recommendations. In a sense, his office is the "doctor" to see that the scouting program is actually being provided as it should.

Leader Training Work Increases

Leadership training made some significant advances in the Buffalo Trails council during 1949.

Besides the five formal training courses, which reached 170 men, there were a series of informal training sessions that drew 1,107 leaders. These included such as 114 at council operating committee meetings, 56 at two commissioner conferences, 403 at 63 scouter round tables, 176 at Bob Perin's one-night training programs, and 235 at the together meetings (dinner affairs for organizational work).

Four Cub leader courses were given with an enrollment of 46 Gen Mothers and pack leaders participating.

We Salute Boy Scouts

On The Occasion Of Their 40th Anniversary

It is great to have Scouts in our America. Great to think that the future leaders of America will have instilled in their hearts and minds the creeds and principles taught to them by the Boy Scouts. We are for this great organization.

BOY SCOUT WEEK

FEBRUARY 6TH TO 12TH

Whether it will be a world led by wise men, humane and principled, depends upon the guidance . . . the education . . . the ideals instilled in our youth today. On their shoulders will fall the mantle of leadership. This week we pay tribute to the Boy Scouts of America — citizens at work — and pledge our continued support to an organization which has produced and will continue to give us men who are leaders . . . IN THE HOME . . . THE COMMUNITY . . . THE NATION . . . THE WORLD.

NOW! PROOF that brushing teeth right after eating with

COLGATE DENTAL CREAM HELPS STOP TOOTH DECAY!

Exhaustive Research by Eminent Dental Authorities Proves How Using Colgate Dental Cream Helps Stop Tooth Decay Before It Starts!

NOW! Dental science offers proof that brushing teeth with Colgate Dental Cream right after eating is an effective, safe way to help prevent new cavities, greatly reduce tooth decay!

More than 2 years' continuous research at leading universities—hundreds of case histories—makes this the most conclusive proof in all dentifrice research on tooth decay!

For now—the same toothpaste you use to clean your breath while you clean your teeth—brings you a proved way to reduce tooth decay! Colgate Dental Cream has

been proved to contain all the necessary ingredients—including an exclusive patented ingredient—for effective daily dental care. No risk of irritation to tissues and gum! And no change in Colgate's famous flavor, foam, or cleansing action! The Colgate Dental Cream now at your dealer's is the same formula used in these exhaustive tests.

Regular visits to your dentist are necessary for complete dental care. No home method can help everyone; nor can it stop all tooth decay or help cavities already started.

NO OTHER DENTIFRICE OFFERS PROOF OF THESE RESULTS

X-Rays Show How Proper Use Of Colgate's Helps Stop Tooth Decay!

Under the direction of eminent dental authorities, one group of college men and women all ways brushed their teeth with Colgate Dental Cream eight after eating—while another group followed their usual dental care. The average of the group using Colgate's as directed, and using Colgate's exclusively, was a startling reduction in number of cavities—far less tooth decay! The other group developed new cavities at a much higher rate.

Modern research shows that tooth decay is caused by mouth acids which are at their worst right after eating. When you brush your teeth with Colgate's as directed, you help remove mouth acids before they can harm enamel. And Colgate's penetrating foam reaches crevices in teeth where food particles often lodge.

Children Love Colgate's Flavor! It's Easy To Start Them On The Colgate Way To Reduce Tooth Decay!

Don't wait another day to start your children on Colgate Dental Cream. Teach them the importance of always brushing their teeth right after every meal. They'll love Colgate's flavor, so it's easy to get them to use Colgate's correctly; give them all the benefits of this safe, proved way to reduce tooth decay!

Always Use Colgate's To Clean Your Breath While You Clean Your Teeth—and Help Stop Tooth Decay!

BIG SPRING, TEXAS, SUNDAY, FEBRUARY 5, 1950

40th ANNIVERSARY

Local Scouts Join Over 2 Million Others In 40th Birthday Program

SCOUT WEEK PROCLAIMED—Mayor G. W. Dabney signed a special proclamation Saturday to help focus Big Spring's attention upon local Boy Scouts and Cubs. On hand to witness execution of the proclamation were, standing left to right Bill Earley, explorer (senior) Scout who is affiliated with Troop No. 5 in Big Spring; Jimmy Smith, regular Scout from Troop No. 9; and Stephen Baird from Cub Pack No. 13. Local Scouts and Cubs will participate in observance of National Boy Scout Week, which opens Monday. (Hugh Mathis Photo).

PROCLAMATION

WHEREAS, February 8, 1950 is the 40th anniversary of the founding of the Boy Scouts of America, chartered by the Congress of the United States, as a program for all the boys of America, and

WHEREAS, the Boy Scout Program has affected the lives of 16,500,000 American boys and men since 1910, and now has an active enrollment of 2,300,000 and

WHEREAS, the movement is engaged in a Crusade to "Strengthen the Arm of Liberty" by giving more boys a richer experience and increase its usefulness to the nation and

WHEREAS, the Boy Scouts of America, a great force for training youth in right character and good citizenship, marks its 40th anniversary by a great National Scout Jamboree at Valley Forge, Pa., this coming summer;

NOW THEREFORE, I, G. W. Dabney, Mayor of the City of Big Spring in the State of Texas, do hereby proclaim the week of February 6th to 12th as "Boy Scout Week," and do urge our citizens to recognize the unselfish, patriotic service being rendered to our community by the volunteer Scout Leaders who bring the Program to the youth of our city, and in all possible ways, to further this wholesome youth program, and help the City of Big Spring to be adequately represented at the great National Scout Jamboree this year.

IN TESTIMONY WHEREOF I have hereunto signed my name officially and caused the Seal of the City of Big Spring to be affixed, this 4 day of February, 1950.

G. W. DABNEY,
Mayor, City of Big Spring

Strengthening Of Liberty Is Year's Theme

Boy Scout Week this year finds the organization at the mid-point of its two-year Crusade to "Strengthen the Arm of Liberty", which seeks to bring more boys into its ranks, give them richer experiences in all phases of its programs under volunteer leaders of high character who take training courses so they can carry on effectively.

The theme of the 40th birthday observance is "Strengthen Liberty." In countless meetings across this nation, this theme will be portrayed in pageants, demonstrations, public ceremonies and Parents' Night gatherings.

The highlight of the second year of the Crusade will be the National Jamboree at Valley Forge, Pa., at which 40,000 Scouts and leaders from every section of the nation and several hundred Scouts of other lands will camp together from June 30 to July 6.

In many communities and at state capitals, Scouts will be greeted by civic leaders and will take part in ceremonies related to the Crusade.

In accordance with tradition, Scouts everywhere will rededicate themselves to the Scout Oath and Law on Feb. 8th at 8:15 p. m. in the respective time zones.

School authorities in countless communities have arranged for pupils who are Scouts to put on demonstrations in school assemblies. Many public and private schools act as sponsoring institutions for Scout units. The latest National Council report to Congress shows that 16 percent of the 71,000 Scout Units in America are sponsored by educational institutions.

Thousands of new Cub Scouts, Boy Scouts and Explorers, as the new Senior program is termed will be inducted through investiture ceremonies.

Sunday, Feb. 12th will be Boy Scout Sunday. Scouts and leaders will attend church services in uniform.

INCORPORATED IN 1910

The Boy Scouts of America was incorporated on February 8, 1910 in the city of Washington, D.C. Colin H. Livingstone was the first President of the National Council.

Special Events On Schedule For Week

Boy Scouts of America, numbering some 2,300,000 strong, Monday will launch a week-long observance of the organization's 40th anniversary, and Big Spring Scouts, Cubs and adult leaders will be in the thick of the big celebration.

National Boy Scout week is celebrated each year in February. It is always set to include Feb. 8, which is the anniversary date.

This year, Mayor G. W. Dabney of Big Spring has issued a formal proclamation to focus interest of the community upon the observance, and local Scouts and their leaders have planned an active schedule for the week.

For the most part, events here have been planned to bring the Scouts before the public for special attention during National Boy Scout week. Participating here will be Cubs, regular Scouts and senior (explorer) Scouts.

Some Cub packs plan to hold their annual Blue and Gold banquets during the week. Pack No. 28 in Stanton already had set the date of its banquet for Tuesday night.

All three divisions of the Scout organization will exhibit displays in show windows of local stores, and Cubs will conduct actual demonstrations at the Empire Southern Gas Co. office and at the L. M. Brooks Appliance Co.

Scouts and Cubs are being urged to wear their uniforms throughout the week, and several local churches plan to give special recognition to the Scouts during services on Feb. 12. Churches are sponsoring institutions for several troops in Big Spring.

Plans also are being made for Scouts to appear on local radio stations. Announcements of definite times and dates will be made during the week.

All regular Scouts are scheduled to assemble for a general camp Friday night at the school property abutting 11th Place and adjacent to the athletic fields. On Saturday morning they will stage a special clean-up project of their own as a community contribution. They plan to clean rubbish, brush, weeds, etc. from the school property.

Store window displays will be at Mellinger's, Lee Hanson's, Marchant Optical Co., Wackers, McCrory's, Elmo Wasson's, J. C. Penney's, Big Spring Motor Co., Whites Auto Store, Hester's and J&K Shoe store.

Over 2,000 In Camps At Area's New Ranch

Camping was one of the high spots in the Buffalo Trail council last year.

Of course, much of it centered around the council's Boy Scout ranch in the Davis Mountain country.

Approximately 2,000 Scouts and leaders camped for one or more nights at the ranch last year. There were 605 Scouts in the summer long-term camps and 91 in the winter long-term camp. In addition, there were 824 Scouts who spent 10 or more nights in the open during the 12-month period.

Some improvements have been made in physical properties at the ranch, including the grading of roads, acquisition of a pick-up truck, a Diesel power unit, auxiliary butane tanks, an additional latrine, refrigerator and general expansion of camp sanitary facilities. Improvements also were made to the Sweetwater Lake camp site.

Besides the Scout Ranch activities, there were many others. For instance, the annual Round Up at Big Spring had a record-breaking attendance of 762; the annual first aid meet more than 100; the annual swimming meet more than 200.

The senior bivouac at the ranch drew 114 young men from this and neighboring councils. Besides area-wide participation in Boy Scout anniversary week observances, an estimated 3,000 took part in "Crusade" ceremonies to invigorate Scouting in an effort to "strengthen the arm of liberty."

Baptist Group Sponsors Troop

The East 4th Baptist Brotherhood is sponsor for troop No. 4 with Arthur Leonard as institutional representative. Troop committee chairman is Cecil Mason and committee members include Walter Grice, Alvin H. Smith, Jim Bennett, and Jimmie Parks. Jesse Adams is scout master, assisted by Billy Ruid. Troop hut is located at the rear of the East 4th church.

Latin-American Lads Make Up Troop 7

Troop No. 7 is composed of 23 Latin-American boys. It is sponsored by the local Lions club and meets at the Kate Morrison school. George Melear is institutional representative for the troop. Rafael A. Garcia is scoutmaster and Clarence Yanes is assistant. Committee members include John B. Moore, Dan Bennett, E. H. Boullious Jr.

Dr. W. B. Hardy First Big Springer To Serve As Scout Council President

Although Big Spring and the Lone Star district have been in the Buffalo Trails council for nearly a quarter of a century, it was not until this year that the council president hailed from Big Spring.

This honor was conferred on Dr. W. B. Hardy, dentist, at the annual meeting in Midland in January. He was installed at the annual council meeting immediately following his election.

Scouting is by no means a relatively new experience to the council president. He participated first in the program as a Boy Scout in troop No. 1 when his father was assigned here as pastor of the First Methodist church.

Upon entering practice here, he became connected with the Scout program as an adult leader. Since

W. B. HARDY

1930 he has served the council in various capacities, and has been a vice-president for the past five years.

Before this, he served as a troop committeeman for troop No. 3 and later as district chairman for a number of years. He also has headed several key committees and has been members of others for the council.

"My first inclination was to say 'No,'" said Dr. Hardy, recalling how his name had been placed in nomination. "But I owe this council a great debt... I intend to try to repay it in part this year."

If he has any one ambition in mind as president of the 17-county area, it is to strengthen the program and enlist and hold more boys. He wants the movement so bulwarked that the output of Eagle

scouts will be accelerated.

"If we can have a majority of the boys in the program seriously striving to become Eagle scouts, over the next five years this area will be next to paradise as a place to call home," he said.

Dr. Hardy has more than himself in mind when he says that he "owes a debt" to the council. He had two sons, W. B. Hardy, Jr. and Bobo Hardy, who achieved top scouting honors here.

Upon assuming the highest office of the council, Dr. Hardy lost no time in pitching into work. Already he has named key committees and has set up a schedule. Assisting him is P. V. Thorson, Midland, area executive of the council. Dr. Hardy succeeds H. Lyman Wren, Snyder, who held the office in 1948-49.

TOOTS & CASPER

I'LL HAVE THE COMPLETE HISTORY OF YOUR FAMILY TREE READY FOR YOU THIS AFTERNOON-- I'LL BRING IT OUT TO YOU!

THAT GENEALOGIST IS TRACING MY ANCESTORS BACK FOR GENERATIONS! I MAY YET FIND OUT I'M A DESCENDANT OF ROYALTY.

THIS AFTERNOON I'LL GET THE LOW-DOWN ON MY BACKGROUND TOOTS! YOU'LL FIND OUT YOUR HUSBAND IS A REAL BLUE BLOOD!

HOW MUCH IS IT COSTING YOU TO HAVE YOUR FAMILY TREE TRACED?

THIS GENEALOGIST LOOKS UP ANYBODY'S ANCESTRY FOR ONLY TEN DOLLARS. SO I GAVE HIM MY ORDER!

SHAME ON YOU, CASPER, FOR NOT GIVING ME THAT \$10.00 TO BUY A NEW HAT.

COME IN, AND FIRST OF ALL, TELL ME -- DID ANY OF MY ANCESTORS AMOUNT TO ANYTHING?

YOUR ANCESTORS NEVER PLAYED SECOND FIDDLE TO ANYONE-- ALL OF THEM WERE LEADERS IN VARIOUS LINES OF ACTIVITY.

IN THE 17TH CENTURY 'CAPTAIN CASPER' WAS THE SCOURGE OF THE SEAS, THE MOST FEARED PIRATE OF HIS TIME! HE WAS EVENTUALLY CAUGHT AND BEHEADED.

IN 1708 'CASPER THE RASPER' WAS PUBLICLY HANGED FOR INCITING MUTINY AMONG THE KING'S GUARD-- IN 1886 'TWO-GUN CASPER' WAS EXECUTED FOR BANDITRY AND--

YOU CAN READ THE REST OF IT, YOURSELF! MY FEE FOR BRINGING THIS DATA TO LIGHT IS TEN BUCKS.

HERE'S TWENTY DOLLARS IF YOU'LL KEEP IT DARK!

HONEY, NOW I'LL BET YOU WISH YOU'D LET ME BUY A NEW HAT WITH THAT 'TEN.'

TOOTS, THERE'S A MISTAKE SOMEPLACE-- THAT GUY MUSTA GOT MY ANCESTORS MIXED UP WITH COL. HOOVER'S.

Jimmy Murphy

THE LONE RANGER

WHEN YOU'VE TAKEN HIM TO THE GUARDHOUSE, UNMASK HIM!

LISTEN, MAJOR BREATH I'LL TELL YOU ALL THE INDIAN KNOWS-- AND MORE!

THE INDIANS WHO STOLE YOUR SUPPLIES AND WAGONS WERE LED BY TWO WHITE MEN NAMED SCAR AND CLIP. THEY KNOW YOU'RE ALMOST OUT OF AMMUNITION. THEY KEPT THE FRESH SUPPLY FROM REACHING YOU SO THEY COULD ATTACK THIS FORT!

WHETHER THAT IS TRUE OR NOT, I INTEND TO HOLD YOU WHILE I INVESTIGATE.

I DIDN'T COME HERE TO BE TAKEN PRISONER!

HEY!

WATCH HIM!

WATCH THIS!

STOP HIM!

OUT OF MY WAY!

HEY---

WHY DIDN'T YOU STOP HIM?

THERE'S MORE IMPORTANT TROUBLE, MAJOR! BIG DEAR IS COMING TO ATTACK THE FORT!

Prince Valiant

IN THE DAYS OF KING ARTHUR

BY HAROLD R. FOSTER

Synopsis: "YOU HAVE HURT ME DEEPLY, SIR VALIANT, BY HINTING THAT I AM ABOUT TO MAKE A THIEVING RAID!" SAYS THE SENSITIVE BOLTAR AS HE PUTS A NICE EDGE ON HIS AXE. "I MERELY PLAN A LITTLE BUSINESS TRANSACTION."

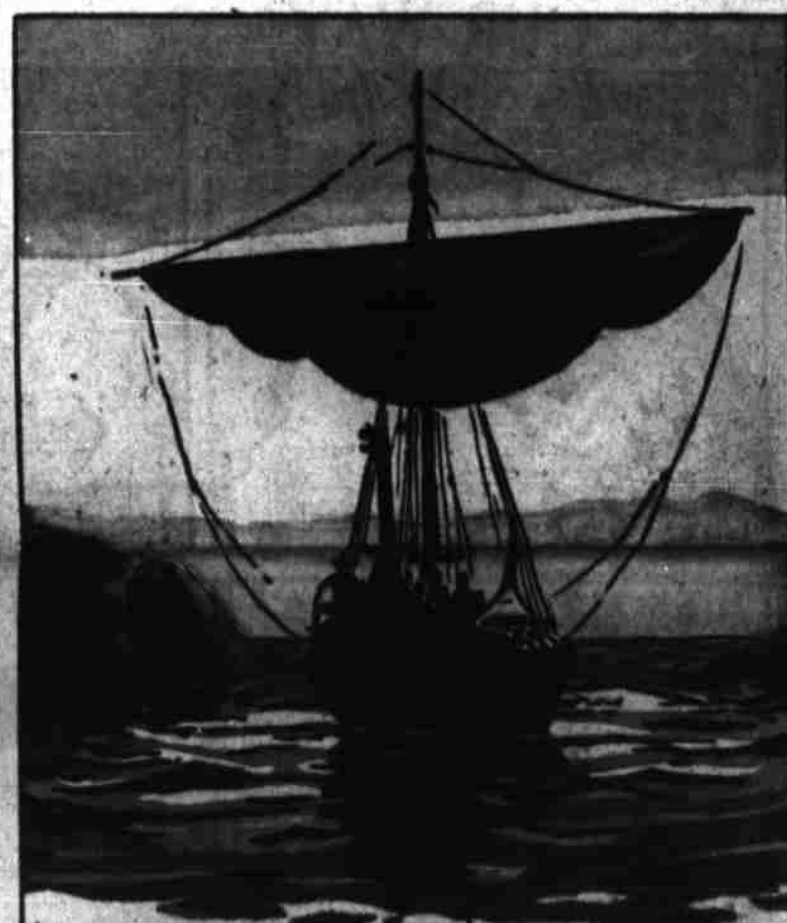

LATE IN THE DAY THEY PASS A HARBOR ENTRANCE AND SEE WITHIN ITS SHELTER A PROSPEROUS CITY. BOLTAR SAILS ON GRUMBLING: "MY MEN NEED EXERCISE. TOO LONG HAVE THEY BEEN ON SHIPBOARD."

SO, A MILE BEYOND THE TOWN, HE SENDS ALL BUT A FEW ASHORE IN THE GATHERING DUSK.

AND THESE MEN OBEY THEIR CHIEFTAIN BY RUNNING. THEY RUN SWIFTLY NOR DO THEY STOP WHEN THEY REACH THE TOWN, BUT RUN RIGHT THROUGH UNTIL THEY COME TO THE QUARTER WHERE STAND THE WAREHOUSES OF THE MERCHANTS.

BOLTAR'S SHIP COMES SLOWLY INTO THE HARBOR, UNCHALLENGED. FOR SOMETHING SEEMS TO HAVE HAPPENED TO THE SENTRY IN THE DARKNESS.

AS THE SHIP GLIDES SILENTLY ALONGSIDE THE QUAY THERE IS A GROWING TUMULT WITHIN THE CITY. THE SOUND OF AXES ON STOUT DOORS CAN BE PLAINLY HEARD!

PRINCE VALIANT BIDS ALETA STAY WITHIN THE SHELTER OF THEIR CABIN AND STEPS ON DECK FULLY ARMED SAVE FOR HIS SHIELD, FOR HIS LEFT SIDE IS STILL WEAK FROM THE WOUND.

"NOISY TOWN, ISN'T IT?" REMARKS BOLTAR VIRTUOUSLY. "ITS CITIZENS MUST BE ROISTERING IN THE TAVERNS!"

RUSTY RILEY

DID YOU SAY THESE TWO HORSES BELONG TO A COUPLE OF BOYS AT BLUE HILL ACADEMY, MR. TIM?

WELL, THEY REALLY BELONG TO ONE BOY... BUT THERE'S A COUPLE OF LADS GOING TO RIDE 'EM IN THE SHOW.

COME TO THINK OF IT, YOU OUGHT TO KNOW ALL ABOUT THAT HORSE SHOW... SEEMS TO ME, I READ THAT MR. MILES, THE MAN YOU USED TO LIVE WITH, IS THE CHAIRMAN.

MR. MILES IS THE ONE WHO DONATED THE PRIZE FOR THE JUMPING... A WATCH. IT GOT LOST, AND HE THINKS I TOOK IT.

HERE COME THE BOYS FROM BLUE HILL... TAKE THEIR HORSES OUT TO THEM, WILL YOU, LAD?

YES, SIR.

HM-M... A WATCH, EH? NOW, THAT'S TOO BAD!

GAY, JACK, WHILE WE'RE HERE, LET'S BUY A CAN OF THAT HEAT-FOOT OIL FOR OUR BOOTS... GOT A COUPLE OF BUCKS?

SEE! I'M SORRY, BUT I HAVEN'T... RONNIE VAN FLYSTER HANDED BACK THAT FIFTY YET!

YOU MEAN RONNIE HASN'T PAID BACK THE FIFTY YOU LOANED HIM TO GET OUT OF THAT JAM WITH THE POLICE?

NO... AND IF HE DOESN'T COME ACROSS SOON, I'LL HAVE TO CASH IN THE SECURITY HE GAVE ME!

LATER

CAN I ASK YOU SOMETHING, MR. TIM? WHEN A PERSON BORROWS MONEY, WHAT DO THEY MEAN BY "SECURITY"?

WELL, IT'S SOMETHING VALUABLE ENOUGH TO COVER THE AMOUNT OF THE LOAN IF IT ISN'T PAID BACK.

H-M-M... THERE'S SOMETHING KINDA QUEER ABOUT THIS... I THOUGHT RONNIE VAN FLYSTER WAS RICH, BUT HE CAN'T BE IF HE HAD TO BORROW FIFTY DOLLARS... H-M-M... I WONDER WHAT THE SECURITY WAS?

WILD CATS

WELL, HUMPHREY, NEXT SEASON WE OUGHTA HAVE EVEN A MORE SENSATIONAL YEAR THAN THIS, AN' WE'LL GIVE YOU A RAISE-- UK... WELL, A FEW MORE DOLLARS.

THAN K'YA, I SHORE HAD A LOTTA FUN. I'LL GO HOME AN' DO M'BLACK-SMITHIN' TELL NEXT SEASON.

WAIT A MINUTE, MR. PENNYWORTH, YOU'RE HANGING ON THE PHONE, IT'S THE PRO FOOTBALL COMMISSION.

THAN K'YA, M'AM.

H'LO, MISTER C'WISHUN, THIS IS HUMPHREY PENNYWORTH... HUH... RILLY... SHORE... I'LL COME RIGHT OVER.

HOPPIN' HARRY? I-I WAS EXPECTIN' THIS.

W-WELL GO WITH YA.

THEY SAID I'M SPOSED FER T'COME ALONG.

DON'T LET 'EM PLAY ON YOUR SYMPATHIES... DON'T PAY NO ATTENTION TO THEIR BALONEY.

I-LET US KNOW WHAT HAPPENS, AN' DON'T GIVE IN?

ON A PLANE COMING INTO THE CHICAGO AIRPORT IS A CERTAIN MR. HOPE OF HOLLYWOOD, WHO IS A SPORTS FAN, ESPECIALLY PRO FOOTBALL.

GREATEST IDEA I EVER HAD, LET'S SEE... THEIR OFFICE IS IN THE GIGGLE BUILDING ON RICHIGAN BOULEVARD.

MY NAME'S HUMPHREY PENNYWORTH, I UNDERSTAN YA WANTED T'SEE ME.

YES NEEDED? WE HAVE A MATTER OF THE UTMOST IMPORTANCE?

WE'RE IN A BAD SPOT, WISH SOMEBODY'D MAKE US AN OFFER, HE MIGHT GIVE IN... HE'S A BIG SOFTY, HEY, WADSE WE COULD SELL TO TED COLLINS...

COLLINS IS TOO SMART, SUPPOSE THAT BIG FAT BOOB HUMPHREY FALLS FER...

MR. BOB HOPE IS HERE TO SEE YOU.

LOOK... WE'RE BUSY... ALWAYS LIKED YOUR STUFF, NICE TO HAVE METCHA...

LOOK, WE AIN'T IN NO MOOD FOR LAUGHS.

HOW WAIT A MINUTE, BOYS... I WANTA BUY YOUR FOOTBALL TEAM?

UH... HE... UH... I MEAN... WE WASN'T THINKIN' OF SELLIN' THE WORLD'S GREATEST TEAM.

I'LL RAISE THE OFFER, I WANT THAT TEAM, GET OUT A BILL OF SALE AND I'LL MEET YOUR FIGURE.

WHILE THE DEAL IS BEING PREPARED FOR THE SALE OF THE WILDCATS LET'S GO BACK TO THE PRO FOOTBALL COMMISSION.

YOU MUST REALIZE, HUMPHREY, THAT PRO FOOTBALL IS THROUGH IF YOU CONTINUE IN THE GAME...

YOU'VE KNOCKED EVERY TEAM OUT OF COMMISSION... MOST OF THE TEAMS YOU PLAYED ARE HOSPITALIZED... THE FUTURE OF PRO FOOTBALL IS AT STAKE.

WELL, I'LL BE BAD-BURNED, MR. FILCHER-BLOOM, TH' COACH TELLS ME HOME A TH' FELLERS WAS HURT... WELL, I'LL BE BAD-BURNED.

IF THAT THERE'S TH' CASE... I'LL NEVER PLAY AGAIN... I WUNT NURT NOBODY, NOT EVEN A FLY. GUESS I DON'T KNOW MY OWN STRENGTH.

THANK YOU.

WHEW!

Twelve Families Are Welcomed Here During Past Week By City Hostess

Twelve families of newcomers were welcomed to Big Spring this week by Mrs. Jimmie Mason, city hostess.

Mr. and Mrs. E. Ray Shaw, 1110 E. 19th, are former residents of Kennedy. He is block boss and weigher at the West Texas Compress and Warehouse Co. The Shaws have a daughter, Toni Ray, four and half months old.

From Littlefield come Mr. and Mrs. James W. Hodges, Jr., to live at 304 Lancaster. They have two daughters, Barbara June, 4 years old and Linda Kay, 16 months old. Hodges is a distributor for the Curtis Candy Company.

Mr. and Mrs. M. E. Smith 1623 E. 3rd formerly lived in Odessa. He is a driller for the Dixilyn Drilling Co. They have two children, Deborah Dawn, 18 months and Lonnie Edward, 5.

Mr. and Mrs. Roy L. Cardin, 204 Benton are from Mesa, Ark. She is a nurse at Medical Arts Hospital. Their son, Vernon R. Cardin is employed at Texas Electric Service Company and his family will join him in Big Spring in the near future.

Mr. and Mrs. C. L. Kendrick, Wagon Wheel Apartments, Bldg. 7, Apt. 1 are from Sweetwater. He is a computer for Independent Exploration Co.

Mr. and Mrs. B. M. Franks, 308 Austin, come to Big Spring from Dallas. He is a partner in the firm Gilliland & Franks, dealers in used furniture and floor coverings, 907 E. 2nd. The Franks have a daughter, Linda Joyce, two years old.

From San Angelo are Mr. and Mrs. Herbert O. Bailey, who now reside at 408 1/2 W. 5th. He is a driller for Amerada Petroleum Co. and Mrs. Bailey is a clerk at Wacker's. They have a three year old daughter, Elizabeth Ann.

Mr. and Mrs. Walt Prine, 508 1/2 Gregg, formerly lived in Deming, N. M. He is a bootmaker at Christensen's Boot Shop. A son, Clarence Craig is employed at a local body shop.

Mr. and Mrs. J. L. Bowman, 700 Goliad, are former residents of Frederick, Okla. Bowman is putting in a plumbing and heating shop at 202 1/2 S. Benton.

Mr. and Mrs. Wes. T. Rother

from Sweetwater now live at 1706 Austin. He is a surveyor for Independent Exploration Co.

Mr. and Mrs. Arthur Kalbow came from Sweetwater to reside at 409 E. 2nd. He is a driller for Independent Exploration Co. They have a daughter, Linda Kay, one year old.

Mr. and Mrs. Jack Ashley are newcomers to Big Spring. They are former residents of Grand Prairie.

Fifth Graders Prepare Meal

Mrs. Cecil Penick's fifth grade girls at West Ward school entertained 38 students and ten teachers with a lunch Friday noon.

The students have been studying menu planning, meal preparation, buying, table settings and service. Committees were appointed to do the purchasing, prepare the main course, make the salad, set the table and serve the guests. One teacher was at each table to serve as hostess.

The menu included milk, bread, butter, pinto beans with tomatoes, onions and salt pork, a lettuce, tomato and carrot salad, jello with fruit cocktail.

Billie S. Leonard Is Named Honoree

Billie Sue Leonard was named honoree at a bridal shower in the home of Mrs. Alva Porch Friday. She is the bride-elect of Jack Armstrong and wedding vows will be exchanged Feb. 18 in the parsonage of the East Fourth Baptist church.

Hostesses for the affair were Mrs. Porch, Mrs. T. F. Hill, Mrs. A. S. Wood, Mrs. Clarence Todd Eula Mae Todd, and Jo Porch.

Guests were received by Mrs. W. O. Leonard, mother of the bride-elect, Jo Porch, Mrs. Alva Porch and the honoree.

The serving table was decorated in green and white and an arrangement of white gladioli and stock centered the candlelight table. Mrs. T. F. Hill and Mrs. A. S. Wood presided at the serving table.

Nita Jo Hill was at the register and gifts were displayed by Mrs. Clarence Todd and Eula Mae Todd.

Seventy-five guests registered.

Scouts To Attend Meet

Troop Leaders of Troop 7 have asked that the Girl Scouts meet in front of the First Methodist parsonage at 6 p.m. this evening to go in a body to the church's youth meeting to hear the Rev. and Mrs. Ernie Best, missionaries to China.

Mrs. K. L. Click Is Class Hostess

Mrs. K. L. Click was hostess to the Ruth Class of the East Fourth Baptist church in her home, 1006 Bluebonnet.

During the business session, Mrs. V. M. Mayo was elected to serve as membership vice president and Mrs. Dick Rigby was elected to serve as fellowship vice president.

Mrs. J. S. Parks gave the devotional.

Attending the meeting were Mrs. Gladys Moore, Mrs. Ruth Holmes, Mrs. Hazel Daughtrey, Mrs. Jimmy Medford, Mrs. Alice Millican, Mrs. K. L. Click, Mrs. Dick Rigby, Mrs. B. M. Mayo and visitors, Mrs. Inez Lancaster, Mrs. Clyde Gafford, Mrs. Billy Rudd and Mrs. J. S. Parks.

Improved

Mrs. Pearl Hornbeck underwent major surgery at the Medical Arts hospital Saturday morning. Her condition is described as satisfactory and she is expected to be able to have visitors by Tuesday. She is employed by the Collins Brothers Drug.

Garden City Teacher Given Birthday Party By Students; GA Has Meeting

GARDEN CITY, Feb. 4 (Sp)—Gracia Ross was entertained with a surprise birthday party by her pupils Tuesday afternoon at the school. Mrs. Joy Wilderson and Mrs. W. K. Scudgry, room mothers assisted with the serving.

Refreshments were served to Honorable Marie Gandy, Jimmie Smith, Pewee Pitman, Margie Self, Truman Parker, Jessie Kirk, Roland McArthur, John L. Daniel, Sonny Alton, Eugene Daves, Clematone Miller, Shirley McNew, Sandra Wilkerson, Judy Gay Wilkerson, Shirley Rowe, Johnnie McCartney, Lorette Venable, Phyllis Durrant, Kerney Sue Scudgry, Dale Hillger, Mrs. Frank Ramsel, Mrs. Alton Cook, Mrs. Venable, Thelma and Lillian Carr, Mrs. Ed Neely and the honoree, Miss Ross.

The Lois Glass Girls Auxiliary met Tuesday afternoon for the regular weekly meeting. The session opened with the group saying the watchword, the allegiance and a prayer by Mrs. Wade.

Reports were heard on the activities of the organization during January.

Attending were Mrs. Wade, Mary Gillispie, Martha Gillispie, Marceline Gill, Annette Ward, Sandra Wilkerson, Helen Cunningham, Lunda Parsons, and Fred Christie.

Mrs. Gus Miller, violin teacher of San Angelo, will present her sixteen piece violin choir at the Methodist church in Garden City Sunday February 12. The program will begin at 11 a.m. and a basket lunch will be served following the program.

Mrs. Miller previously presented violin solo programs here but this is the first appearance for the choir.

The Young People's Training Union of the East Fourth Baptist church were entertained with a game party in the home of Mr. and Mrs. Keats Watts Thursday evening. Games of forty-two and dominoes were played.

Refreshments were served to Dorothy Christian, Lois Reagan, Boyce Patton, Jewel Neal, Barbara Lytle, Bo Anderson, Arnold Tom, Jerry Bond, Gorman Hancy, Bois Craig, Sugar Case, Corn Yates, Holly Bird and the sponsors, Mrs. H. M. Jarrett and Mrs. Keats Watts.

Vic FLYNN

by Michael Shayle and Ralph Lane

In the swanky Chicago apartment of the Widow Saybrook.

THEN YOU'RE PERSUADED, MRS. SAYBROOK?

I GUESS SO, MR. MANGLE. I ASKED YOU OVER TO GIVE ME THE PARTICULARS OF HOW YOU'VE BEEN MANAGING MY LATE HUSBAND'S ESTATE, BUT SOMEHOW WE END UP TALKING ABOUT VACATION SPOTS.

PARADISE PEAKS IS WORTH TALKING ABOUT! ABSOLUTELY THE LAST WORD IN WINTER RESORTS. YOU AND YOUR SON WILL BE CRAZY ABOUT IT.

HERE COMES CHRISTOPHER NOW - BUT WHY SO EARLY, CHRISTOPHER?

I BROUGHT HIM HOME, MRS. SAYBROOK. HE ABSOLUTELY REFUSES TO TAKE HIS BOXING LESSON.

CHRISTOPHER! HONESTLY, YOU'RE JUST LIKE YOUR FATHER!

IS THAT BAD, MUMMY?

I'M AFRAID YOU'RE A COWARD, JUST LIKE HE WAS. BUT I'LL MAKE A MAN OF YOU IF IT'S THE LAST THING I DO. NOW GO TO YOUR ROOM!

I MUST BE LEAVING NOW. I GO FROM HERE TO PARADISE PEAKS TO ARRANGE FOR YOUR ARRIVAL.

THANK GOODNESS I CAN AT LEAST DEPEND ON YOU, MR. MANGLE!

WELL, IT TOOK A BIT OF DOING, BUT I FINALLY SOLD HER. NOW SHE'LL NEVER DISCOVER I EMBEZZLED THAT MONEY FROM HER HUSBAND'S ESTATE! PARADISE PEAKS WILL TAKE CARE OF THAT! WONDER IF SCROBE HAS MY WIRE YET?

And at Paradise Peaks.

SO MANGLE'S FLYING OUT HERE TOMORROW. THAT MUST MEAN HE'S FINALLY DECIDED TO GO THROUGH WITH IT.

KIDNAPING IS A PRETTY DANGEROUS GAME - MANGLE AND I'LL BE TAKING A LONG CHANCE WITH THE LAW...

BUT FOR A HUNDRED GRAND APIECE - MAYBE IT'S WORTH IT!

Lavishly Staged Historical Drama Is 'Prince Of Foxes'

IN HISTORICAL DRAMA—Wanda Hendrix and Tyrone Power in a scene from "Prince Of Foxes", an elaborately staged historical drama which plays today and Monday at the Ritz theatre. It was filmed in its entirety in Italy, against backgrounds authentic to the Renaissance, the period with which the story deals.

Something spectacular in the way of historical dramas is promised in the "Prince Of Foxes" headlines on the Ritz program for today and Monday. Tyrone Power, Orson Welles and Wanda Hendrix are starred in the action story of Cesare Borgia's intrigues. Outstanding character players include Marina Bertl, Everett Sloane, Katina Paxinou, and Felix Aylmer. The production, first major American movie to be shot in Italy in its entirety since the war, is set against a panorama of impressive settings that include ancient castles and fortresses, priceless art masterpieces and vast plains which have not changed greatly since the Renaissance, the period in which the story is based.

square-kilometer landlocked area atop Monte Titano, from which the Adriatic Sea, 15 miles distant, can be seen.

From the battlements of the 900-year-old castle atop Monte Titano, warriors pour huge tubs of boiling oil over invaders. In one of the picture's most unusual sequences, made unforgettable photographically when King had the camera replace an attacker, with the oil apparently poured directly over the lens.

To reproduce the genuine Italian backgrounds on Hollywood sets would have cost millions without achieving the note of authenticity the studio sought for its production, which provided a virtual Cook's Tour of the Mediterranean land for the company. Starting at San Marino, the unit moved to San Gimignano in Tuscany, thence to Siena, Florence, Venice and Rome.

Thousands of native Italians were used as extras in the film's descendent families who for generations have produced the wardrobes for Italian operas, turned out the elaborate costumes. In addition to the Americans and Italians who worked on "Prince of Foxes," other nationalities represented in the international cast and crew were British, Greek, Austrian, Dutch, Swedish, Irish, Spanish, German, Australian, Scotch and Czech.

Nearly three years went by from the start of the production to its finish, during which intensive preliminary preparations were made in selecting locations, with director Henry King and studio technical experts scouring Italy for the proper natural backgrounds. Major battle scenes of "Prince of Foxes" were photographed in the oldest and smallest republic in the world, San Marino, a 64-

HIGHLIGHTS ON KBST

Programs Urge Trading At Home

A new series of programs devoted to community interest is now being presented on KBST, Monday through Saturday. Called "Buy In Big Spring," the series presents on each program a brief discussion on the advantages accruing to the community through patronage of home town merchants.

A variety of musical selections is also presented on the daily program. "Buy In Big Spring" is put on the air at 11:45 a.m., 4:30 p.m., 8:30 p.m. and 10:15 p.m.

METROPOLITAN OPERA
The season's third performance of Mozart's comedy, "The Marriage of Figaro" will be presented on ABC's Saturday matinee broadcast of the Metropolitan Opera, Saturday, Feb. 11, from 1:00 to 4:45 p.m., over KBST.

Principals in the four-act opera will be Italo Tajo as Figaro, Bidu Sayao as Susanna, Eleanor Steber as the Countess, John Brownlee as the Count, and Jarmila Novotna as Cherubino.

With Frits Reiner conducting the Metropolitan Orchestra, Herbert Graf will be Stage Director, Kurt Adler, the chorus master.

"THE GREATEST STORY"
Forgiveness is theme of the biblical drama, "The Man Who Sought Forgiveness" which will be presented on the ABC-KBST broadcast of The Greatest Story Ever Told, this afternoon at 4:30.

The story is that of the slave Kenaz, who is owned by a fair and generous man of Japhin in Galilee. Kenaz's master, Aaron has worked out an arrangement whereby the man may buy his freedom.

With Kenaz final payment made, he accompanies Aaron to the slave market to assist him in buying the slave that will replace him when he is freed. There, by a strange twist of fate, he sees on the slave block, Maluch, the man who sold him into slavery 15 years ago. The outcome is a happy one and makes a thrilling story.

"SUCCESSFUL PARENTS"
Two prominent author-lecturers, John Mason Brown and Mairie Ward Sheed, will enlighten radio listeners on the perennial question, "How Can We Be Successful Parents," on ABC's America's Town Meeting broadcast heard over KBST Tuesday Feb. 7 at 8 p.m.

Brown is associate editor of "The Saturday Review of Literature" and Mrs. Sheed is author of "Gilbert Keith Chesterton" and "Young Mr. Newman" and former chairman of training for the London Catholic Evidence Guild.

"COUNTER-SPY"
The print of a woman's shoe on a lonely road near an isolated farmhouse where Silky Eager an alcohol racketeer has been shot provides the clue to the murderer in the Counter-spy episode, titled "The Case of the Walking Witness" to be dramatized on ABC and KBST Tuesday, Feb. 7, at 6:30 p.m.

Pneumonia Tops List Of County Diseases

Pneumonia was the leading disease reported here by the Big Spring-Howard county Health Unit Saturday.

The report included 28 cases of the disease. Also on the list were two cases of chicken pox, two of diphtheria, two of mumps, and one of polio.

CUNNINGHAM & PHILIPS

NEW PERSONALITY—That's John Barrymore, Jr., latest of the famed dramatic family to make a debut on the screen. He appears at the Ritz Thursday, Friday and Saturday in "The Sundowners." Other principals, shown here with Barrymore (left) are Robert Preston and Chill Wills.

ADVENTURE STORY—Nina Foch and Glenn Ford are the principals in "Undercover Man," the Ritz theatre's feature for Tuesday and Wednesday. The crime story is based on revelations in the book by Frank J. Wilson, former Secret Service chief.

'UNDERCOVER MAN'

Secret Service Work Dramatized

Called a thriller in crime stories, standing wife, Whitmore is an assistant of Fords, and Kelley plays the gang's mouthpiece.

Rolling Truck Tire Damages Auto Here

An auto belonging to C. A. McDonald, 306 East 6th street, was damaged when it was struck by a rolling truck tire.

The tire had apparently come from a passing vehicle. Police took it to the police station, following the mishap which occurred about 12:30 a.m.

Clothesline Stripped

Two sheets and a pair of pajamas were reported stolen from a clothesline at the Otis Graf residence, 807 West 17th street, sometime Friday night.

New Barrymore Appears In Screen Role

A third generation Barrymore now comes to the screen. He is John Barrymore, Jr., who makes his debut in "The Sundowners," a western melodrama which plays at the Ritz theatre Thursday, Friday and Saturday.

Diana Barrymore, half-sister of young John, was formerly in pictures but is no longer part of Hollywood. Lionel has no children and Ethel Barrymore's two sons, Sam and Jack Colt, are not connected with films. John's sister, 19-year-old Dolores, is not interested in acting at the moment and is attending college.

John and Dolores are the children of Dolores Costello, a one-time famous star of the screen herself and a famed beauty, and the late John Barrymore.

The 17-year-old son of the late "Great Profile" plays a trigger-happy young Texan in his first film, which tells the exciting and action-packed story of a Texas cattleman's feud in semi-documentary screen terms.

Young John shares top acting honors in "The Sundowners" with Robert Preston, Robert Sterling and Chill Wills. Brunette beauty Cathy Downs and John Litel head the large cast of featured players in the film which was based on a novel by Alan LeMay and directed by George Templeton.

The consciousness that we have the force of the universe behind us does give us courage. "I was strengthened at the hand of the Lord my God was upon me."—Exr. 7:28.

Howard County Considerably Stronger At Ballot Box This Year

Although figures are not complete in most instances, Howard county is in excellent shape as compared with many counties in the area on vote registration. The visible voting strength of the county will be around 8,500, which is about eight percent more than the previous record established in the presidential year of 1948. This is a good record, and the electorate is to be congratulated along with the Jaycees and others who campaigned to constantly remind the public to qualify for voting privileges. Although populations are unchanged, the vote registration had the effect of boosting Howard population so far as state affairs are concerned. When those in authority lend an ear, it will be to the points with most potential power at the ballot box. For instance, at the ballot box, Howard county potentially can carry 70 percent the weight of Tom Green county. It can carry 75 per cent of the weight of Taylor county and 90 percent the weight of Ector county. All these counties boast far more population than Howard county, and in some cases probably more than twice as much. Midland, which is reputed to have a comparable population with Howard county (some say more), has only 85 per cent the potential voting power of Howard county.

Affairs Of The World-DeWitt MacKenzie Smoke Screen Attempt Seen In Soviet Move To Try Hirohito

DIPLOMACY MOVES IN WEIRD AND devious ways to achieve its end in international affairs, as witness Russia's note to Washington asking that the Mikado be tried for war crimes involving germ warfare. Officials say the proposal will be rejected. They suspect Moscow is trying for one thing to create a diversion to counter the American demand that the Soviet Union return 376,000 Japanese who, Tokyo claims, are being held as prisoners of war. Russia says these prisoners have been returned. That creates a considerable mystery, to put it mildly, because after all it isn't easy to misplace several hundred thousand troops. The MOSCOW NOTE IS DOUBLY queer in view of an announcement by the U. S. State Department on Jan. 14, 1949, that all 11 of Japan's wartime foes, including Russia, had agreed to exempt Emperor Hirohito from war crimes prosecution. The assumption of the Russian note is that the emperor has been a powerful ruler who would be responsible personally for the issuance of orders for the conduct of war. What foundation is there for such a supposition? The cold fact is that the little man is generally regarded by informed observers as merely a symbol of government. HIROHITO WAS ABSOLVED OF blame by none less than Joseph B. Keenan, chief prosecutor at the Japanese war crimes trials. Keenan said the position of the prosecution was "that a group of gangsters seized control of the Japanese government" and "degraded the Japanese people into believing the emperor was with them in waging this aggressive war." The prosecutor described the emperor as more of a figurehead than anything else.

Capital Report - Doris Fleson

Public Doesn't Know The Real Issue In H-Bomb, Doesn't Care

WASHINGTON - Accepting his responsibility under the McMahon Act, President Truman has ordered production of the hydrogen bomb. All the available evidence indicates that he was supported in his decision by those privileged to participate in the discussions, including the politicians who are members of the Joint Committee on Atomic Energy. The capital therefore received the news calmly. Few had doubted that the President would order the new bomb made; most of them saw no alternative. Congressional mail indicates that the American people share that fatalism. Actually, members of Congress get comparatively little mail about atomic matters, except possibly during a security scare. The more thoughtful ones are not happy that this is so. It also has a tendency to restrain those who are inclined to question the secrecy in which atomic policy is shrouded. The President will get fan mail, then, from the more security-minded, who are normally quite vocal, and little of any other kind on this issue. What is perhaps his most momentous decision he will have to defend only to himself. He probably wishes it could be otherwise. The public does not yet know what atomic scientist Dr. Harold C. Urey called "The curious prejudice" against making the H-bomb is or was. AEC Chairman David Lilienthal, after persistent prodding, said he didn't know whether the public ever could know and debate "The real issue" involved. In the absence of signs that the public resents this deprivation, the politicians can be expected to hold back. Some signs of their attitudes may emerge in connection with the President's appointment of a successor to Mr. Lilienthal, who retires this month. The presence of Dr. Robert Oppenheimer in the deliberations of the Joint Atomic Energy committee led to speculation that he is under consideration. A physicist who had a key part in development of the wartime A-bomb Dr. Oppenheimer is currently chairman of the General Advisory Committee to the AEC. The President originally sought a big name from industry who might conceivably be spared the pulling-apart that some senators feel free to inflict upon Mr. Lilienthal. But it has, as usual, proved a difficult quest. Mr. Lilienthal has stated that he wished to feel more free to discuss public questions. But, under a barrage of questions, he has flatly declined to indicate what action he might take toward public discussion of atomic matters after he leaves the commission February 15. He is not a secrecy-minded man; yet his responsibilities to one knower of the nation's secrets will go with him the rest of his life. This inescapable fact may be one reason why some of the President's choices for AEC resist that particular burden.

The Nation Today-By James Marlow

Warm Argument Develops Over Taxes On U. S. Oil Operations

By CHARLES MOLONY (For James Marlow) WASHINGTON. - HOW MUCH incentive do people need to prospect for oil and to keep producing oil when they strike it? There is going to be a lot of argument over taxes on oil operations for some weeks to come, but it will all boil down to that basic question. The answer is a matter of opinion—maybe strong opinion, but still opinion, not fact. President Truman like President Roosevelt before him, holds this opinion: Less incentive is needed than the special tax privileges the present law allows; these constitute the worst loopholes in the tax laws today. The oil industry, to a man, holds that at least as much incentive is needed as present tax laws give, maybe more. The national interest doesn't permit discouraging handlers of such a vital natural resource, they say. THE ARGUMENT FOCUSES AROUND two provisions in the law allowing persons or firms with an interest in oil (or gas) production to: 1. Deduct from taxable income (that is, exempt from taxes) 27 1/2 per cent of the gross income of each well, up to a limit of half the net income from that property. This is called a "percentage depletion allowance." 2. Deduct from total income—from all sources—all expenditures each year for "intangible" drilling expenses, meaning mostly the labor costs of drilling wells. The "intangible" run about 50 to 75 per cent of total drilling costs. The second provision applies exclusively to oil and gas wells, but the percentage depletion allowance also applies to mines in lesser degree. The Truman administration complains that oil, gas, and mining interest get much better tax deduction privileges than other business concerns. Oil men answer that it costs many thousands of dollars to drill a well, and a driller faces chances of drilling so many "dry" holes before he strikes oil that he'll quit trying unless he can count on the present tax allowance. And, they say, so will the man with a marginal oil well—one with relatively low production and high production costs. The oil men also say the threat of an oil shortage was overcome because of the present tax law. The administration credits improved methods and good prices

Anti-Public Power Team Engineered '49 Deal To Kill Civil Rights In Senate

WASHINGTON - It seems a far cry from the civil rights issue in the South to the public power question in Montana, but the story has just leaked out as to how a coalition of Republicans and Democrats killed the civil rights program in the Senate a year ago. The deal was engineered by the Montana Power and Light Co., and illustrates how certain GOP maneuverings between elections help to lose elections on election day. Key figures in this historic deal—discreetly referred to as a "voting arrangement"—were smooth, shrewd Sen. Dick Russell of Georgia; Nebraska's gregarious Sen. Ken Wherry, the GOP floor leader; and Dick Corsette of Montana Power and Light, who coached the anti-public power team in the Senate. The first "contact" was made when Sen. Russell approached colorful Zales Ecton of Montana last March, at which time the Senate was fighting over a cloture rule aimed at stopping a civil rights filibuster. Ecton then called in Wherry and Wherry pledged enough Republican votes to override Vice President Alben Barkley's anti-filibuster rule—provided Russell would deliver Southern votes to beat a government plan to run a transmission line from the government's Kerr Dam to Anacosta, Mont. Montana Power and Light wanted to run these transmission lines itself, was vigorously opposed to government operation. Result of all this was that Wherry delivered 19 votes to Sen. Russell—though it should be stated that some GOP senators did not know of the "voting arrangement." Those who voted with the south to doom the civil rights program are: Bricker, O. Bridges, N. H. Butler, Neb., Cain, Wash., Capehart, Ind., Cordon, Ore., Donnell, Mo., Ecton, Mont., Gurney, S. D., Hickenlooper, Iowa, Jenner, Ind., Kern, Mo., Langer, N. D., Malone, Nev., Millikin, Colo., Reed, Kans., Schoepel, Kas., Thye, Minn., Vandenberg, Mich., Watkins, Utah, Wherry, and Young, N. D. Actually, the Republicans and the utility crowd had the worst of the bargain, for Russell delivered only six votes in return. For, by the time the appropriation for the Kerr-Anacosta line came before the Senate in August, the deal had been discovered by three inquisitive pro-public power senators—Alabama's Lister Hill, hearty Bob Kerr of Oklahoma, and fiery Wayne Morse of Oregon. At the time the three senators made their discovery, power mogul Corsette and Sen. Wherry had the votes to beat the transmission line. But a special emergency meeting was quickly called by the public power senators in an unmarked room a few feet from the Senate chamber. Oscar Chapman, then undersecretary of the interior, and White House assistant Charlie Murphy rushed up to the meeting and a new strategy was outlined. Alabama's Hill persuaded Southern senators to be absent when the Kerr-Anacosta line came up. He reminded them they had only promised not to vote for a government power line. But they were not pledged to vote. Oregon's Morse urged the same "absent" strategy on moderate Re-

There's Plenty Of Life In The Old Boy Yet

HOLLYWOOD. - The Rev. Milton B. Corey has selected his third career at the age of 70. He plans to follow in the famous footsteps of his son, Wendell Corey. The retired minister is doing his first acting job in "Rawhide," a western with Tyrone Power and Susan Hayward. And he's having the time of his life. "Wendell was surprised about all this," said the father. "He was in New York at the time and read about it in the papers. He wired his congratulations." The tall, alert churchman admitted he had long yearned to act. He even appeared in a few plays in youth. But the New England disapproval of actors and the need to support a family turned him to business. "I was always interested in the ministry, too," he said. "So while I was an accountant by day, I spent nights studying for the ministry." At 45, he began his second career as a minister in the Christian church. A year ago, he came here from Massachusetts to retire. "People don't like to have a 70-year-old minister," he explained. Corey, who feels "there's a lot of life left at 70," was nipped by the acting bug again. He got himself an agent and landed a role in "Rawhide"

Scoutmasters Who Guide Boys Are Rated As A Noble Breed

Well, here it is Boy Scout Week again, and we are going to have to take one of those trips back down Memory Lane to the days of Tenderfoot Whipkey. I note this is the 40th anniversary of organized Scouting in the United States, so if we do go back as far as suggested, I must have been not too far behind the charter members. But no matter about that. Scouting came to Colorado City in the personage of Mr. John W. Persons. As I remember it, there wasn't a great deal of instructional literature for the scoutmasters then, but Mr. Persons, who also was the town's postmaster, had a great love for boys, and there is no finer characteristic I know of for a man to make a good scoutmaster. At any rate, Mr. Persons devoted long and valuable hours to his little group of kids, and they in turn adored him. We didn't have much to work with, either, other than the kind and wise guidance of the scoutmaster. I know the troop never did collectively manage to get uniformed, although a few of the boys got the full outfit, to be the envy of all the rest of us. We did some close order drill work, down on the court house lawn, using long staffs instead of guns, for the shoulder pieces. The boy who was sharpest on his about-face, to-the-rear-march, column left, and so on, got to be drill master. I made the assignment one afternoon, but got put back in the rear rank, where the shorter fellows stood, after my squeakily-barked commands sent the loop members off in all four directions, with one column marching bang up against the courthouse wall. Then, we worked pretty vigorously for a time at semaphore, and stood in our respective yards and wagged those flags like mad. I never could read what the Scout in the next block was signaling to me, but then he never understood me either. We could always holler back and forth when the semaphore system broke down. Ah, those Friday night hikes! Up Lone Wolf Creek we would go, blankets slung across young shoulders, and potatoes, bacon, frying pan and the rest in a knapsack that weighed four pounds at the start, and a hundred and four at the finish. Mr. Persons made us pitch camp, police up the grounds, and get all the work done before we headed for the swimming hole. The prize overnight camp in my memory is the night we went out on a stalking patrol, in the pitch dark. I was cocky enough to assert I could see in the dark, and hence would be the leader. Nothing happened until I stepped smack into the creek with all my clothes on, and about three other boys tumbled in on top of me before the halt order could be given. The potatoes roasted in the ashes came out with more ash than spud, too, and the bacon was pretty crisp. But how can those things affect a boy's appetite? So, my progress in Scouting wasn't much, I never did start a fire with those sticks; and when bird watching, all I could see was sparrows. But I think I first learned to brush my teeth regularly through Scout urgency, and probably to clean my fingernails now and then. I know I picked up some of the fundamental rules of sound living. I couldn't have failed to absorb some of these under Mr. Persons' fine example. I realized in a vague way then that a Scoutmaster is of a noble breed, as is any adult who takes time to really live with boys. I know this for sure now. And I salute these Scoutmasters. They're due a lot of credit that so many boys go so much further in Scouting than I ever did. —BOB WHIPKEY.

Today And Tomorrow - Walter Lippmann

China Communism Apparently Has No Blueprint For Future

On the future of Communism in China there seems to be nothing in the official writings and pronouncements which can be regarded as the blueprint of a plan. Careful students of Communist literature whom I have consulted can produce texts which show that beginning with Lenin nearly thirty years ago, the Communist leaders have been deeply interested and active in promoting the revolution in Asia and in making Communists the leaders of that revolution. But these texts throw no light whatever on what is to happen, as in China now, when the revolution is victorious under the leadership of convinced Communists like Mao Tse-tung. The question of how a Communist government will proceed to transform China, which is certainly not now a Communist society, is of enormous consequence for China, and indeed for all of Asia. But there is, it is reasonably certain, no explicit answer to that question now available. What we know, however, is the story of how the Russian Communists transformed Russia. Is this to be the model and pattern for China? It seems most improbable that it can be. It is unlikely, I should imagine, that Mao Tse-tung thinks that the Russian model can be imitated in China during his lifetime. The Russian model for transforming a backward society was described by Stalin himself in February, 1946, in an address, which on this subject, is the classic Communist text. Stalin was explaining how Russia had been transformed from "an agrarian into an industrial country" in "only some thirteen years." This could not have been done, he said, without the collectivizing of agriculture, without changing "from a small-scale peasant economy to a large-scale agricultural economy." This had to be done, he said, in order "to eliminate the age-old backwardness of our agriculture in so short a period of time." And then Stalin added: "It cannot be said that the party's policy did not meet with resistance in this respect. Not only backward people, who always resist everything new, but also many others of the party systematically held back the party and tried in all sorts of ways to drag it on to the usual capitalist line of development." This resistance was crushed and overcome in Russia by the power of the Soviet state. Without that Russia could not have been transformed rapidly into a Communist society. That defines rather sharply and clearly the problem which confronts Mao Tse-tung. There is no doubt that his popular support rests on the peasants who, on his urging and with his help, have expropriated the landlords and driven out the money lenders. That is the Chinese revolution as of today. But we know on the authority of Stalin himself that this is not the Communist revolution. If Russia is the prototype, then the real Communist revolution lies ahead of Mao Tse-tung, and it will turn upon whether he can and will use the power of the state to force the peasants, who have seized the land from the landlords, to enter into collective farms under Communist government control.

Notebook-Hal Boyle

Crawford Offers Neat Solution To Movies Vs. Video Problem

NEW YORK. - HOLLYWOOD'S MALE Crawford has a solution to the problem of movies versus television. This Crawford is Broderick Crawford, and his solution to the conflict that the motion picture magnates gnawing each other's fingernails is: "Turn out the B-grade, or low budget, pictures for television—and the A-grade, high-cost pictures for the film theatres." Crawford—no relation to Hollywood's female Crawford, Joan—thinks it is foolish for the film industry to war against television, as it once tried to battle radio. "RIGHT NOW THE MOVIE ACTORS are screaming to get on television," he said. "But the studios won't let them. Television won't stop the making of movies. It should, however, force the studios to make a better product." Crawford is the son of well-known actress Helen Broderick. He made an excellent name for himself on Broadway but spent a dozen years of the West Coast before hitting the jackpot. He did it last year in "All the King's Men," an adult picture in which he played Gov. Willie Stark, who resembles the late Huey Long. Eighty leading Hollywood correspondents in an AP poll voted it the best film of 1949 and named Crawford actor of the year. RIGHT NOW BRODERICK, A BIG, bluff, easy-going ex-sergeant, is the ranking candidate for an academy "Oscar" next month. But he has been acting too long to count on it. He feels one reason "All the King's Men" turned out so well is the off-hand manner in which it was made. "You want to know a secret?" he said. "It was shot off the cuff. "Nobody in the cast had a script, and only Robert Rossen, the director-producer, really knew what he was doing. "He let us all read the script once—then took it away from us. Not knowing the dialogue until two minutes before the camera starts grinding really keeps an actor on his toes. It's a wonderful way to work. You don't have time to get bored with your lines."

STORK CLUB

At the Cowper Clinic & Hospital: Born to Mr. and Mrs. J. B. Mashburn, Stanton, on January 28, a son, James Bethel, Jr.

Born to Mr. and Mrs. O. W. Hall, 1107 W. 2nd, on February 1, a son, Charles Erwin; weight seven pounds, four ounces.

Born to Mr. and Mrs. Horace

Garrett, 1609 E. 12th, on February 4, a daughter, Dorothy Ann; weight eight pounds, three ounces.

At Malone & Hogan Hospital: Born to Mr. and Mrs. J. C. Kern, Jr., 1303 Martha, on January 29, a son, Jack Charles, III; weight seven pounds and one ounce.

Born to Mr. and Mrs. Perry H. Mathis, 103 Mt. Vernon, on January 29, a daughter, Nancy Elizabeth; weight eight pounds, two and half ounces.

Born to Mr. and Mrs. D. M. Gilliland, 206 Princeton, on January 30, a daughter, Mary Katherine; weight six pounds, four ounces.

Mrs. Cecil McDonald Is Hostess To Club On Friday Afternoon

Junior Women's Forum members held a regular program meeting in the home of Mrs. Cecil McDonald Friday afternoon. Mrs. T. J. Williamson was co-hostess. Mrs. Steve Baker, president, was in charge of the business session.

Mrs. Clyde Johnston, committee chairman, announced that plans were complete for a square dance to be held at Legion but proceeds will go to the Girl Scouts.

Mrs. Don Burk directed a program on China.

Attending were: Mrs. Steve Baker, Mrs. M. B. Berryhill, Mrs. Don Burk, Mrs. L. D. Chrane, Mrs. Reuben Creighton, Mrs. J. E. Elliott, Mrs. Bob Flowers, Mrs. Jack Irons, Mrs. Clyde Johnston, Mrs. Arnold Marshall, Mrs. L. Phillips, Mrs. Zolie Mae Hawkins, Mrs. Jack Smith, Mrs. Clyde Thomas, Jr., Mrs. Wallace Carr and the hostesses.

Mrs. C. W. Nevins Presides At Meeting

Mrs. C. W. Nevins, president, presided at the regular meeting of the Trainmen Ladies at the WOW Hall Friday afternoon.

Attending the meeting were Mrs. J. T. Allen, Mrs. J. E. Hendricks, Mrs. J. C. Burnam, Mrs. S. B. Jordan, Mrs. W. O. Wason, Mrs. L. D. Jenkins, Mrs. Frank Powell, Mrs. W. A. Cobb, Mrs. J. S. Tuckness, Mrs. C. Spears, Mrs. W. C. Moore, Mrs. L. A. Webb, Mrs. G. H. Briden and Mr. and Mrs. C. W. Nevins.

Round-Up Dance Club Has Meeting Friday

Round-Up Square Dance Club met Friday evening at the Legion clubhouse. McCullough Western Band played the music for the square dancing.

George Amos was master of ceremonies and callers included Phil Smith, Oscar Nabors, Jimmie Felts, Jr., Dan Houston, Charles Hutchinson, Dan Greenwood, Jr., Garner McAdams and Clyde Thomas, Jr.

Bermuda Wedding

Master Sergeant William Byrley, son of Mr. and Mrs. M. E. Byrley, 611 Bell, Big Spring, was married to the former Lillian Bradley of Montreal, Canada, at an informal ceremony held at the Kindlay AFB post chapel in Bermuda on Sunday, January 15.

The bride wore a grey chiffon velvet street length dress and carried a small bouquet of white hydrangeas.

Eleanor Collier, also of Montreal, served as maid of honor. T-Sgt. Edmond J. Borkowski, a fellow airman of the groom, was best man.

Master Sergeant Byrley is now assigned to the 1504th AAC Squadron at Kindlay AFB, Bermuda, but expects to be re-assigned to the United States in the near future when he completes his overseas tour of duty.

The bride has been employed at the Bermuda Trade Development Board in Bermuda for the past year and one-half.

The Byrleys are now residing at Watburn Cottage, Pitts Bay Road, Bermuda.

Patsy Burrus Named Honoree At Shower

Patsy Burrus, bride-elect of Deacon Stanly, was named honoree at a miscellaneous shower held in the home of Mrs. J. R. Petty, 1013 Sycamore, Thursday night.

Other hostesses were Mrs. Floyd Williams, Mrs. Donald Hayworth and Mrs. Bill Morris.

Decorations carried out a red and white Valentine theme.

Games were played.

Approximately 50 persons were included on the guest list.

O. E. Warren of 902 Bell, Wesley Warren and Jack Graham of Coahoma, returned Friday night from Eagle Pass with about 100 pounds of fish.

Faye Coltharp is in San Antonio, where she is attending a District Florist Telegram Delivery meeting.

Best Speaks At Susanna Wesley Class Meeting

The Rev. Ernie E. Best presented the devotional and gave a talk on Japan when the Susanna Wesley Class of the First Methodist church met Friday.

Hostesses for the meeting were Mrs. J. A. Iden, Mrs. B. C. Winterford, Mrs. Jim Terry, Mrs. E. P. Jones, Mrs. Gladys Slusser and Mildred Lusk.

The Valentine theme was carried out in the decorations.

Guests attending were the Rev. and Mrs. A. H. Carleton and Carolyn, the Rev. and Mrs. Ernie E. Best and Sylvia, Lucile Heister and Mrs. Ruby Martin.

Members present were Mrs. E. S. Dorsett, Mrs. Arthur Woodall, Maria McDonald, Mrs. A. M. Bowden, Mrs. W. E. Moren, Mrs. Alice Riggs, Mrs. W. A. Laswell, Mrs. J. P. Meador, Mrs. Charles Eberley, Mrs. H. D. McQuain, Mrs. C. E. Shive, Mrs. D. W. Rankin, Sr., Mrs. Eunice Myers, Eudella Moore, Enrique Hernandez, Mrs. M. W. McCleary, Mrs. W. D. McDonald, Mrs. G. E. Fleeman, Mrs. H. F. Williamson, Mrs. W. F. Cook, Mrs. Q. C. Graves, Mrs. W. A. Miller, Mrs. E. L. Warren, Mrs. Mary Delbridge, Mrs. Harwood Keith, Mrs. J. A. Iden, Mrs. S. P. Jones, Mrs. B. C. Winterford, Mrs. W. V. Nichols, Mrs. Bob Eubank and Mrs. A. C. Hart.

Members present were Mrs. E. S. Dorsett, Mrs. Arthur Woodall, Maria McDonald, Mrs. A. M. Bowden, Mrs. W. E. Moren, Mrs. Alice Riggs, Mrs. W. A. Laswell, Mrs. J. P. Meador, Mrs. Charles Eberley, Mrs. H. D. McQuain, Mrs. C. E. Shive, Mrs. D. W. Rankin, Sr., Mrs. Eunice Myers, Eudella Moore, Enrique Hernandez, Mrs. M. W. McCleary, Mrs. W. D. McDonald, Mrs. G. E. Fleeman, Mrs. H. F. Williamson, Mrs. W. F. Cook, Mrs. Q. C. Graves, Mrs. W. A. Miller, Mrs. E. L. Warren, Mrs. Mary Delbridge, Mrs. Harwood Keith, Mrs. J. A. Iden, Mrs. S. P. Jones, Mrs. B. C. Winterford, Mrs. W. V. Nichols, Mrs. Bob Eubank and Mrs. A. C. Hart.

Mrs. M. A. Cook Is Bridge Hostess

Mrs. M. A. Cook was hostess to the Friendship Bridge Club in her home, Friday afternoon.

Mrs. H. V. Crocker won high score. Mrs. Garner McAdams and Mrs. Lewis Murdock blinged. Mrs. J. T. Johnson took the floating prize.

The Valentine motif was carried out in the refreshment plate and decorations.

Attending were Mrs. C. Y. Clinkcales, Mrs. R. S. Bluhm, Mrs. Herbert Johnson, Mrs. H. V. Crocker, Mrs. Garner McAdams, Mrs. W. M. Gage, Mrs. Lewis Murdock, Mrs. J. T. Johnson and the hostess, Mrs. Cook.

Mrs. C. Y. Clinkcales, 507 W. 18th will be the next hostess.

Lions To Entertain Ladies Thursday

A Beaux and Belles party is planned for 7:30 p.m. Thursday as a Lions ladies night feature.

The event is slated for the Settles ballroom and will replace the regular Wednesday luncheon. It will not be a dinner affair, said Dan Conley, program chairman, although refreshments will be served.

Features of the program turn on eight fun-making acts depicting the Gay Nineties.

There are such items as "How to win the Man You Want" and "Which Girl Should He Marry?"; a scientific husband-and-wife selector; gems of etiquette. There will be big game hunters, said Conley, who strut their stuff with walrus mustaches. There will be a "melodrama at the Op'ry house" and other items.

While costumes are not necessary, Conley said that Lions and their ladies were being asked to wear gay ninety costumes wherever possible. There will be a prize for the best costumed couple.

Another high-light of the occasion will be the induction of more than a dozen new members.

Margaret Christie Receives MS Degree

Margaret Louise Christie, home economics teacher at Colorado City high school, received her master of science degree at North Texas State college recently.

Mrs. Christie, formerly home demonstration agent in Howard county, took her degree in home economics and family life. She accepted a teaching assignment at Colorado City in September.

Happy Stitchers Meet In Sneed Home Friday

Viola Sneed was hostess to the Happy Stitchers Friday. Purpose of the meeting was to quilt. Plans were made for a party to be held Feb. 11. A Valentine box for children will be prepared at the party.

Attending the session were Ella Ruth Morton, Joyce Johnson, Zelda Abbie and Bessie Daugherty. Zelda Abbie will be hostess for the club meeting next Friday at 2 p.m.

Circle Is Organized

Mrs. C. B. South was elected to serve as the first president of the Gold Star Circle at the organizational meeting Friday night at the Settles Hotel.

Mrs. Harold Steck, president of the American Legion Auxiliary presided at the meeting. The Gold Star Circle is being organized by the Auxiliary and any woman may join who lost a son, husband, father or brother in World War I or World War II.

Other officers elected to serve include Mrs. Joel Culver, vice president, Mrs. J. C. Beard, secretary-treasurer.

Mrs. W. H. Rooper, chairman of the Auxiliary's Gold Star Committee, assisted Mrs. Steck at the meeting. Mrs. Steck told the group of work that can be done by volunteer hospital workers.

Announcement was made that the Gold Star Circle will meet with the Auxiliary on Feb. 18. At that time announcement will be made as to when and where the Gold Star Circle will hold meetings.

Attending the session were Mrs. L. O. Johnston, Mrs. Tom Stewart, Mrs. C. W. Nevins, Mrs. Isabel Campbell, Mrs. F. H. Talbot, Mrs. C. B. South, Mrs. Herbert Smith, Mrs. Mary Dix, Mrs. J. Lusk, Mrs. Kathleen Freeman, Mrs. Bernard Lamun, Mrs. Joel Culver, Mrs. J. C. Beard, Mrs. Steck and Mrs. Rooper.

Square Dance Set For Monday Night

The Junior Women's Forum will sponsor a square dance festival Monday at the American Legion hall.

Net proceeds from the affair will go toward improvement of the Girl Scout but kitchen facilities. Music will be furnished by Hoyle Nix and his West Texas Cowboys. Plans call for some exhibition sets, and there will be a number of outstanding callers to help. All the callers are giving their service and the Legion is donating use of the hall for the benefit affair. Starting time is 8:30 p.m.

Missionary Society Has Meeting Thursday

Mrs. John E. Kolar gave the devotional when the Main Street Church of God Missionary Society met at the church Thursday.

A business meeting was held and it was decided that the project of the group will be to select furniture for the parsonage.

Announcement was made that a film on Japan will be shown at the church March 2. A nominating committee was named and those on the committee are Mrs. Andrew Dickson, Mrs. E. H. Herring, Mrs. George Smith, Mrs. John Black.

Arrangements were made for the district rally which was held at the church on Friday.

FEEL LIKE A \$1,000,000 ?

It's a feeling you can have—and should have—regardless of your bank balance. Good Health fosters that "good feeling." And, how is your health?

If you're a bit under the weather, may we suggest a visit to your Doctor? Let him look you over. Maybe there's some minor adjustment that will make world of difference. You'd do as much for your car. Why not for your constitution? And—if you get a prescription—let us compound it.

The UNITED

Constance VanMeter Becomes Bride Of Glenn Eugene Smith Saturday

Before the altar of the Deceatur First Methodist church Saturday evening at 8 o'clock, Constance VanMeter, daughter of Mr. and Mrs. Olin James VanMeter, became the bride of Glenn Eugene Smith, son of Mr. and Mrs. Glenn E. Smith of Big Spring.

Double ring wedding vows were read by the Rev. William D. Craig, pastor of the church. Given in marriage by her father, the bride wore a gown of white bridal satin fashioned with a chancilly lace bertha beaded in seed pearls. The fitted bodice extended to a low waistline which was gathered to a full skirt which fell into a long cathedral train.

Her fingertip veil of English imported illusion fell from the beaded halo. She carried a cascade bouquet of gardenias, a white orchid and stephanotis.

Lavaga Renshaw was the bride's maid of honor. Bridesmaids were Carma Lou Moore of Henrietta, Beverly Wren, Ann Scott Ferguson and Annah Lou Taylor.

Attendants wore identical gowns of chartrouse tulle taffeta fashioned with a Queen Anne collar extending into a v-shaped neckline, fitted bodices and finished with very small self-covered buttons and short sleeves. They wore matching taffeta mitts. Their headresses were half hats of nylon net. The maid of honor wore a halo of nylon net.

Cascade bouquets carried by the attendants were of red roses.

Jack L. Woodruff served as best man. Groomsmen were Bill Laliker, Canadian, Wayne Swindell, Quannah, Darnell Peacock and Bob Wash of Big Spring. Junior groomsmen were Jimmy Smith, brother of the groom and Johnny VanMeter, cousin of the bride.

Following the ceremony, Mrs. Gordon Roberts, organist, played a group of nuptial selections. She also accompanied Mrs. Cody Caraway who sang "O Promise Me" and "One Alone." Traditional wedding marches were played.

The ceremony was performed before an altar centered with baskets of white gladioli and white stock. In the background, the choir loft was banked with palms and woodwardia ferns. Candelabra were placed at vantage points in the gallery.

A reception was held immediately following the wedding at the home of the bride's parents. Guests were received by parents of the bride and groom and members of the bridal party.

Arrangements of white gladioli and white stock were placed at vantage points in the reception rooms. A tiered wedding cake encircled with white blossoms centered the mahogany table. Silver candelabra were placed on either side of the centerpiece.

MRS. GLENN EUGENE SMITH

Nancy Christian and Marion Price served punch. Mrs. John VanMeter presided at the cake. Patsy Dill of Dallas and Mary Nella Brooks alternated at the bride's book.

When the couple left for a wedding trip to New Orleans, La., the bride was wearing a navy gabardine suit with a white blouse and navy accessories. She wore an orchid corsage.

The Smiths will make their home in Denton, where they are attending North Texas State College. The bride formerly attended Texas Christian university. The groom is a former student at Tarrant State college. He served with the Army for 18 months, one year was in Japan. An officer of the Gessle fraternity, the groom will receive his BS degree in June.

For her daughter's wedding, Mrs. VanMeter chose a cloud and grey lace dinner dress with a green orchid corsage.

The groom's mother wore a beige dinner dress with a brown orchid corsage.

Out-of-town wedding guests were: Mr. and Mrs. C. V. Wash, Mr. and Mrs. Bill Arnett of Big Spring, Mr. and Mrs. I. O. Shaw, Colorado City, Mr. and Mrs. Jack Templeton, Odessa, Mr. and Mrs. H. E. Dill, Patsy Dill, Mr. and Mrs. Kyle Rots, all of Dallas, Mr. and Mrs. Tom Terrell and Tommy, Mr. and Mrs. John S. Estill, Mr. and Mrs. William D. Sanders, Fort Worth, Mr. and Mrs. O. T. Finlayson, Mr. and Mrs. John W. Finlayson, Rhomb, Mr. and Mrs. John VanMeter and Johnny VanMeter, Vega, Mr. and Mrs. A. M. Johnson, Baird, Mr. and Mrs. O. V. Scott, Wichita Falls, Mr. and Mrs. Earl Jameton, Corpus Christi, Mr. and Mrs. Bill Laliker, Mrs. Chloa Grabbe, Denton, Mrs. W. A. Stokes and Lee Ann Boyd, Mr. and Mrs. M. P. Mask, Joan Mask, Mr. and Mrs. Oscar Cox, Mr. and Mrs. Bert Hawkins, Mr. and Mrs. Rex Bird, Bridgeport, Mr. and Mrs. Pete Moore, Henrietta, Mr. and Mrs. Ray Christian and Emily Beth Christian of Vernon.

Following the rehearsal Friday

HI-TALK

By Dolores Franklin

Congratulations to Floyd Martin and Wayne Brown. Floyd won the highest honor given at the Odessa High Basketball Tournament last Saturday when he walked away with the sportsmanship award. This award is given for the manner in which one plays. Wayne Brown also attained recognition at the tournament by making the all-tournament team.

The student council met Thursday morning for their regular meeting, and decided on the date for Ranch Week. It is scheduled for February 22, 23, 24. Activities during Ranch Week include electing "ranch week queen", and chuck wagon dinner, an assembly program featuring Hoyle Nix, a kangaroo court, and a big western dance where the ranch week queen will be crowned. Student council members will act as sheriffs and will fine students not wearing the proper clothing.

Friday night, a dinner was held in the home of the bride's parents, Mr. and Mrs. Glenn Smith were host and hostess.

Preceding the wedding, the bride was honored with a number of parties and showers which took place as follows: December 21, kitchen shower, Nancy Christian, hostess; January 7, luncheon, Mrs. O. L. James and Mrs. W. A. Mauldin, hostesses; January 14, miscellaneous shower at the home of Mrs. H. N. Ferguson, co-hostesses were Mrs. Tom Terrell, Mrs. C. B. Hoyl, Mrs. E. W. Renshaw, Ann Ferguson and Lavaga Renshaw; January 14, Saturday night party at the home of Mrs. Joe Wren, Beverly Wren, co-hostess; January 15, breakfast at the home of Mrs. Ben Grubbs, Mrs. Ben Williams and Bell Ford, co-hostesses; January 16, coffee, hostesses, Mrs. Gordon Roberts and Mrs. Archie Hoyl; January 21, miscellaneous shower at the home of Mrs. C. V. Wash in Farson; January 22, breakfast at the home of Mrs. New Taylor with Anna Lou Taylor as co-hostess; February 2, splasher dinner with Marion Price as co-hostess.

Plans were also made for a regional student council meeting in Del Rio. Two juniors and two seniors will make the trip along with Miss Marian Short, sponsor, and Mr. Reed, principal. Members of the student council include Amos Jones, Dallas Woods, June Cook, Luann Creighton, Wanda Lou Petty, Marilyn Miller, Jackie Little, Shirley Riddle, Mona Lou Walker, Doyle Mason, Elbert Long.

Big Spring sent several visitors to the Fort Worth fat stock show. Some of the Ft. Worth visitors include Truitt Vines, Billy Fryar, Kenneth Fiew, Martin Fryar, Luar Creighton, Arlye Morton, Pete Shannon, Marcellous Weaver, Bobby Wheeler, Perry Walker, Frances Weeg, Rosemary Rice, Kennel Williams, and John Dameron. Louis Rice and Robert Hagan attended the Houston fat stock show.

Quite a few duets being seen in churches Sunday night lately: Lou Ann Miller and Frank Philley, Rita Faye Wright and John Edwin Fort, June Cook and Cui Grigsby, Luann Creighton and Sousa Stallings, Sandy Swartz and Wooty Woodcraft, Shirley Burnett and Autry Burke, June Brownrigg and Wyatt Lancaster.

Seen in the show Wednesday night were Mona Moad and Jimmy Greene, Lou Ann Nall and Duaine Hamway, Koleta Hoisager and Bill Adams, Gayle Mosler and Walter Phillips.

Dolores Kinzey left this week for a tour of South America. She is expected to return in about a month.

The sight of the week is the football team sporting their new jackets around over the campus. The jackets were presented Friday in assembly.

Coahoma Residents Attend Stock Show In Fort Worth; Meeting Held

COAHOMA, Feb. 4—(Spl)—Mrs. A. D. Shive and Wanda spent the weekend visiting in the home of Mr. and Mrs. Emmitt Cavin of Odessa. Mrs. Shive and Mrs. Cavin are sisters.

Ray Echols, Wayne DeVaney and Louis Lovelless have returned from Fort Worth where they spent several days attending the Fat Stock Show.

Mrs. Jim Turner and daughter are home from the Big Spring hospital where the daughter was born several days ago.

Mr. and Mrs. Walter DeVaney

and sons of Canyon, were the weekend guests of Mr. and Mrs. C. H. DeVaney.

Mr. and Mrs. Travis Jenkins, accompanied by Mr. and Mrs. Dub Arnett of Vincent, spent last weekend attending the Fat Stock Show in Fort Worth.

Bobby Powell, a representative of the local FFA chapter, showed three lambs at the Fort Worth Stock Show. All three lambs were placed. Travis Jenkins is the FFA teacher. Wayne White and Jack Wolf, local 4-H boys, also showed their calves at the Stock Show over the weekend.

Wendell Shive, Maurice Duncan and Dickson, local football players, who made the all-district team, attended a banquet in Abilene last Tuesday evening. It was given in honor of all players who made the all-district team. They were accompanied by their coach, Edd Robinson.

Louis Lovelless was in Sherman last week where he enrolled for a session at Austin College.

Fannie Sue Read, first grade teacher, is back in school after missing several days because of illness.

Members of the Coahoma Square Dance Club, who were guests of the Garden City club for a dance in the school gym, where Mr. and Mrs. J. B. Martin, Mr. and Mrs. Burrell Cramer, Mr. and Mrs. Earl Read, Mr. and Mrs. Tom Spears and Mr. and Mrs. Ralph Davis.

Women of the Presbyterian church met Thursday evening for a book review entitled "Japan Begins Again" with Mrs. Charles Read in charge of the program. She was assisted in the review by Mrs. Glenn Guthrie and Mrs. W. T. Barber.

Refreshments were served in the church parlor by Mrs. Bruce Mayfield and Mrs. H. L. Stamps. A Valentine theme was carried out in the refreshment table and plates.

Those present were: Mrs. Frank Lovelless, Mrs. Leroy Echols, Mrs. Virginia Kidd, Mrs. Cora Echols, Mrs. C. T. DeVaney, Mrs. Noble Read, Mrs. Sam Cook, Mrs. Bruce Mayfield, Mrs. H. L. Stamps, Mrs. Charles Read, Mrs. W. T. Barber and Mrs. Glenn Guthrie.

Reapers Class Has Valentine Party At Coahoma

COAHOMA, Feb. 4—Members of Reapers Sunday school class of the Baptist church held a Valentine party in the home of Mrs. D. W. Byrnes Thursday. Mrs. A. C. Mincey was co-hostess.

The Valentine theme was carried out in table decorations which included candles, cupid hearts on a mirror.

At the business meeting, Mrs. Ray Swan presided and announced new committees. Mrs. H. H. Tanner closed this portion of the meeting with a prayer and Mrs. Norman Read had charge of the social hour.

Attending were Mrs. F. W. Birkholder, Mrs. A. C. Mincer, Mrs. O. D. O'Daniel, Mrs. Norman Read, Mrs. Ray Swan, Mrs. H. H. Tanner, Mrs. C. O. Welch, Mrs. Bob Marshall, Mrs. Mark Reeves. Guests were Mrs. G. W. Graham, Mrs. Alfred Theime, Mrs. Paul Camp, Madge Thieme, Ethel Thieme.

Coahoma WMU Has Instruction

COAHOMA, Feb. 4—The WMU held a school of instruction this week with Mrs. Paul Camp, president, in charge.

She was assisted by Mrs. R. A. Marshall. Others attending were Mrs. Clovis Phinney, Mrs. Norman Read, Mrs. D. W. Byrnes, Mrs. D. M. Meceer, Mrs. Mark Reeves, Mrs. O. A. Coffman, Mrs. W. L. Nixon, Mrs. Moore, who is leaving to make her home in Seminole, was presented with a going-away gift.

Later in the week at Midland, Mrs. Reeves was elected district WMU president, making her a state WMU vice-president.

COSDEN CHATTER

L. B. Baird Not So Happy About Flood Waters

L. B. Baird, who has been stationed at New Orleans since last November handling the shipment of a large quantity of fuel oil, has reported that he is anxious to return to Big Spring. The Mississippi river is at flood stage. He is shipping oil from storage behind the levee and reports that there is only three feet more of levee between him and the river.

When the company first got into asphalt production a year ago, a second floor was added to the laboratory building. Work has been underway to close the space between the laboratory building and the change house with a brick addition to provide larger asphalt, laboratory and engineering offices. The addition will be completed within the next ten days.

R. W. Thompson was in Dallas Monday to attend a meeting of the Forms and Reports Committee of the Mid-Continent Oil and Gas Association.

Dick Johnson has been ill with a cold. Mamie Mayfield suffered a bruise from falling on the ice. Wendell Joe, Phyllis Ann and Lonnie Farrell, children of Luther F. Anderson have all been ill with pneumonia. M. J. Williams and J. D. Cagle have been off work because of illness.

Word has been received that Mrs. J. W. Sanderson is still very ill and receiving medical treatment at Fort Worth. Mr. Sanderson is on an extended leave of absence.

F. L. Houghton, Jr. of Midland, Chester Jones of Colorado City, and Mr. Biedenkapp with the Wall Street Journal of Dallas were visitors in the office this week.

Sam Newman, uncle of Ray Rich, was buried in Glenrose on February 2. The body of A. F. Anderson's father who died last Wednesday in California, has been returned to Big Spring. Services are being held today.

L. F. Kinder went to New York to meet his wife who is returning home after visiting her family in England the past two months.

Granville Hahn is a new employee at the tire store, J. D. Allison, Ray Thomas, and Robert Odum Jr. are new refinery employees.

Joe B. Thurman's son is in the hospital under observation. Darrell, Doris, and Francis, children of Theo O. Earnest, are in the hospital with a virus infection. Roland was admitted to the hospital last Thursday.

Is Improved

Mrs. Perry Mathis is reported to still be seriously ill although her condition has improved slightly. She is not able to have visitors

RIBBON RAMBLINGS

By Mildred Young

"Beware of miracle-mongers. Beware of those who come promising something for nothing. 'Something for nothing' is against universal law. I have instinctively distrusted those who claimed magical powers. No magical power was given which acted contrary to moral law. Inner crookedness always results in crooked conduct. There is no such thing as the 'gift of miracles' to be used for selfish or immoral intent. Miracles are always moral. If we could always depend upon the magical we would become shiftless; if we could not believe in the miraculous all we would become hopeless. No self-respecting man will substitute magic for muscle."

There must be something about West Texas that gets the visitor here. We're always hearing of some one who comes here on a visit and is deeply impressed with the area. The latest is Johnnie Graham of Sullivan, Illinois. He has returned home after visiting his cousins, Mrs. Roy Franklin, Mrs. W. B. Ayers, Mrs. J. S. Ellsard and Mrs. Mollie Crittenden. He says he liked Texas and Big Spring very much. Though this was only his first visit here, he says he'd like to return to make his home. Of course, the Illinois Chamber of Commerce probably won't let him, but we made an impression anyway, didn't we?

Heard by way of grapevine, that a few people didn't agree with our comments on the woman for TSCW president campaign. We don't expect everyone to agree with everything we say, because we don't agree with everything we hear or read either. But we're always glad to hear that you liked or didn't like something because we know you're reading us.

Dale Puckett's Leave Coahoma

COAHOMA, Feb. 4(Spl)—Mr. and Mrs. Dale Puckett left Monday for Seminole where they will make their home while they are building a new residence on the E. T. O'Daniel farm near there. The Puckett's will make their home there and he will manage the farm and ranch. Puckett has been farming in the Coahoma community for the past several years and Mrs. Puckett has been employed as secretary of the Howard County Farm Bureau during that time. Jack Pratt, an employee of the Southern Farm Bureau Life Insurance Company of Jackson, Miss., visited in the C. H. DeVaney home this week. DeVaney is a director of the company.

Mrs. Ray Nichols Is Club Hostess

Mrs. Ray Nichols was hostess to the Fairview Home Demonstration Club Thursday afternoon in her home.

Mrs. J. F. Sellers gave the devotional. During the business session a decision was made to contribute to the March of Dimes fund. A quiz on parliamentary laws was conducted and Mrs. Shirley Fryar demonstrated how to make a coffee cake.

The next meeting will be Feb. 18th in the home of Mrs. Hollis Webb, 114 Lincoln.

Attending the meeting were Mrs. W. H. Ward, Mrs. D. F. Bigony and Dorothy, Mrs. J. F. Sellers, Mrs. G. W. Webb, Mrs. Shirley Fryar, Mrs. Hollis Webb, Mrs. W. A. Langley, Mrs. Frank Wilson, Mrs. Roy Green, Mrs. J. G. Hammock, one visitor, Mrs. Ella Farmer and the hostess, Mrs. Nichols.

Ernestine Clymer Weds H. Fowler

COAHOMA, Feb. 4—Herschel Fowler, Coahoma, and Ernestine Clymer, Odessa, were united in marriage here last Monday noon.

The ceremony was solemnized in the First Baptist parsonage with the Rev. Mark Reeves officiating. Attending the couple were his brother, Junior Fowler, and wife of Odessa.

The bride wore a beige suit with brown accessories. Mr. and Mrs. Fowler will make their home in Roby. He is a graduate of Coahoma high school and is the son of Mrs. Jessie Fowler, Coahoma. After separation from the armed services, he has been serving as an oil well driller, working currently at Snyder.

CAMPUS CHATTER

from HCJC—By Lois Reagan

Several out-of-town and out-of-county new students have enrolled at HCJC for the second semester.

Among the new faces in this category are Thomas Bill Barnes, Knott, June Baker, Detroit, Mich., Barbara Beard, Brownfield, Texas, Barbara Beard, Brownfield, Texas, Dean Box, Vealmoor, Shirley Clinkscales and Thomas Clinkscales, Corpus Christi, Travis Davis, Ackerly, James Glynn, Stanton, Valle Jolly, Vealmoor, Charles McNew, Westbrook, Ralph Rogers, Lamesa, Ada Smith, Fort Stockton.

The student council is about to have a change in official membership. Donnie Alexander, who has withdrawn to attend North Texas State college, has resigned as head of the council. A. J. Cain has been nominated for the office and his election by acclamation was anticipated.

Boys in the dormitory are talking proudly about the new ranch style furniture added recently. A desk, several chairs and sectional pieces have been added.

Students got a mental glimpse of "flying saucers" when Harold Stock addressed the assembly. He outlined the various reports of the "saucers" and left his listeners to decide whether the whole thing was fact or fiction.

Enrollment is now around 400 for this season of the year at HCJC. At last the square dance bug has bitten numbers of students, and nearly two score have signed for instruction.

Included in the list are James Kinsey, Bill Sewall, Jerry Rogers, Mr. and Mrs. Terry Ryan, Chop Van Pelt, Donald McAdams, Jimmy Jennings, Sue Nell Nell, Patsy Young, Bob Craig, Charlotte Williams, Jean Robinson, Vernon Gandy, Bill Womercraft, Charles Seydler, Johnnie Kenston, Bitty Jones, Bob Vaughn.

Lael Roberts, Tom Morgan, Jo Gregory, M. Franks, Bill Holbert, J. V. Bishop, Margaret Cowan, J. Crawford, T. E. Underwood, Alvin Shroyer, John Robinson, Donnie Carter, Ina Miles, Lois Reagan, Mary Felts, James Fannin, Pat Ray, June Prather, Bobby Elmore and Clara Thames.

Sacony suits of Palm Beach

"It's a wonderful buy!" **22.50**

Buy two suits... get four suit changes! Mix two Sacony suits of wool-and-rayon Palm Beach — one tailored and dark, the other soft and light-colored. They're carefully coordinated to suit each other, and lead a double life.

Why are Sacony suits our choice as well as yours? Because there's nothing . . . nothing that can match the crisp assurance of these famous warm-weather suits. And nothing like them, this season, of all seasons, when a softer look blooms, a softer feeling pervades peachskin-smooth Palm Beach. You'll love the cooler touch of Palm Beach this summer . . . You'll love the gentler lines that fit your figure — with such a made-for-you air. Because this year, there are Sacony suits, proportioned to every figure type — misses' and petite sizes. See these exciting new fashions here — just as you see them in the leading magazines — LIFE, HOLIDAY, VOGUE, HARPER'S BAZAAR, MADEMOISELLE, TODAY'S WOMAN, CHARM and GLAMOUR. And be sure to see them now!

Gayson WHITEHALL
IMPORTED EGYPTIAN COTTON \$3.95

Feel the luxurious wealth of this fine shirt fabric made of imported Egyptian cotton. Softer, richly smoother... Whitehall's quality makes it an unbelievable value at this price.

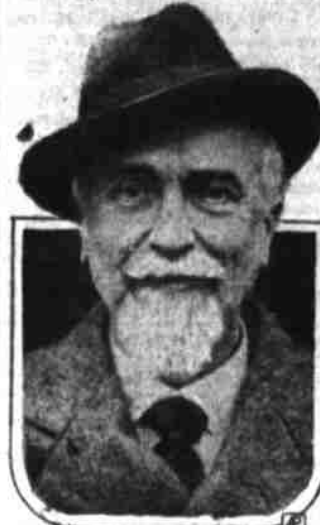

Whitehall has a natural, deep seated sheen that's part of the fabric. With each laundering, this "locked-in" lustre comes up fresh and sparkling. Long staple Egyptian cotton actually makes Whitehall 60% stronger than shirts at the same and even higher prices. That means it will wear much longer. Come in and see Jayson's finely tailored new shirt — Whitehall, in wanted collar styles.

Mystery Man Of World Finance Succumbs Today

MONTAGU NORMAN

LONDON, Feb. 4. (U. P.) — Lord Norman, longtime governor of the Bank of England and a powerful man of mystery in the world of finance, died in his sleep early today at his London home. He was 78.

As Montagu Collet Norman — "The Sphinx of Threadneedle Street" — he headed the powerful Bank of England from 1920 to 1944. The Bank of England is substantially the equivalent to the U. S. Federal Reserve Bank. It has broad advisory powers over finance throughout the British Commonwealth and the Empire.

Early in his career he was with the New York City banking firm of Brown Brothers. He travelled extensively in the United States. Still earlier he was a partner in Brown, Shipley and Company, British-American bankers.

Norman was an outstanding figure of international finance between the two world wars. One of his major achievements, although many financial experts thought it might have caused Britain's economic crisis in 1931, was getting his country back on the gold standard.

He was also largely responsible for organizing the World Bank of International Settlements in 1929. He rarely talked. He refused interviews, scrupulously avoided publicity. He lived a retiring life.

In the only two interviews he ever gave to the press his two cryptic answers to newsmen's searching questions were: "My mind is a complete vacuum." And "don't believe all you hear."

He was born at Much Hadham, Hertfordshire, of a widely known financial family. His grandfather had been a director of the Bank of England for over 50 years. His mother was a daughter of Sir Mark Collet, a former governor of the Bank of England.

Local High To Be Represented At Mineral Wells Meet

Big Spring high school will be represented at the state convention-clinic of the Texas Music Educators association by four band members.

The meeting is set for Wednesday through Saturday in Mineral Wells.

J. W. King, Jr., director, announced that Rolly Seawell, Larry Evans, Udonald Butler, and Guy Knowles would participate in the state activities. Seawell is band captain, saxophonist and a senior. Evans is a junior and trumpet soloist. Butler is a junior and French horn player, and Knowles is a sophomore and a trombonist. They were selected on the basis of outstanding work in the band, scholarship and musical ability.

They will take part in general band activity and will try for places on the all-state band. A featured attraction will be the performance of the Salvation Army band from Chicago. Outstanding guests of the TMEA will be Dr. Frank Simon, cornet soloist and instructor in the Cincinnati conservatory, and Henry Fillmore, popular composer of band music. Other leading figures will work with individuals and sections.

District Court Is Recessed In City Until 20th Of Month

The 118th District Court closed shop in Big Spring Saturday until February 20th, at which date proceedings will be resumed.

A February term of court for Glasscock county is scheduled to open Monday morning.

The court concluded a busy week in Big Spring, disposing of some 29 cases, all of them criminal cases involving felony charges. Twenty-five cases actually came to trial during the week, most of them resulting in pleas of guilty, while four other cases were dismissed.

One divorce case was heard Saturday morning. Velma McCluskey was granted a divorce from Aubrey McCluskey and the custody of a minor child was awarded to the plaintiff. The defendant was ordered to pay \$30 per month for support of the child.

After Hydrogen Bomb — What?

By HOWARD W. BLAKESLEE

Associated Press Science Editor
NEW YORK, Feb. 4. — The hydrogen bomb within a year, and what next? Will there be more, how soon, how much worse?

What can we expect, and what will be the limit? If the hydrogen bomb succeeds, the answer is there will be more. Because the hydrogen bomb taps a source that was supposed to exist only in the stars.

Once open that door, and the possibilities are endless. How fast will they come? The hydrogen bomb is arriving ahead of the schedule which cautious scientists set in their testimony before the U. S. Senate four years ago.

Five to ten years, they said, without specifying what bomb. Can they be worse? The H-bomb is said to be, at worst, a thousand times more powerful than the A-bomb. But a few competent scientists said there was a possibility of bombs thousands of times

more powerful. They said this was remote. But now that one seems about to come true, there is new weight in their speculations.

Ahead are the lithium bomb, the boron bomb and the antineutrino bomb — to name only those which are in the published records. All these belong to the "light-weight" chemical elements, in which scientists expect to find most of their early bombs. You can add carbon bombs and nitrogen bombs, and maybe beryllium, to amplify the light-weight possibilities.

Why can these things be considered possible? The phosphor match, the kind you strike on your U. S. Senate four years ago. Coal and wood must be heated to hundreds of degrees before they will burn. The match ignites with the mild heat of friction, and then can communicate the heat to start the fire.

In the world of nuclear bombs, all except two must be preheated like wood and coal. They must be

heated to millions of degrees, with tons of pressure. The two exceptions are uranium and plutonium bombs. These are set off by cool neutrons — no great heat required.

These two are the phosphor matches, which science fears can set off the others. These two furnish the millions of degrees heat and pressures. The question is do the atomic "matches" blaze long enough.

The bomb mechanism is almost absurdly simple. You, your house, the stars, everything in the known universe is made of only two kinds of particles, protons and neutrons. About half your weight is neutrons, the rest protons, and you can disregard electrons because they weigh so little.

These particles form all the atoms, one for hydrogen, 239 for plutonium. When an atom splits in about two equal pieces it emits tremendous energy, mostly as heat. That is the A-bomb.

Tea Held Friday

Mrs. Jimmie Caldwell, the former Gertrude Hull, was honored at a gift wedding tea Friday night in the home of Mrs. Ruler Jones, 1807 Lancaster. Mrs. Bill Stea gold, Mrs. O. B. Warren and Mrs. James Underwood and Mrs. Jones were hostesses.

Guests were greeted at the door by Mrs. Ruler Jones, who introduced the honoree and her mother, Mrs. Joe Hull of Midland.

The honoree wore a blue dress. Her mother was dressed in a printed crepe with a white carnation corsage. Mrs. Jones wore a black dress with a white corsage.

Mrs. Otis Wise was at the register table, which was centered with a miniature bride and groom. White satin ribbon and silver wedding bells held a fountain pen in the white guest book.

Gifts were displayed by Mrs. Underwood.

The tea table was covered with a lace cloth and centered with an arrangement of pink and yellow cut flowers on a mirror reflector. Yellow candles, crystal and silver appointments completed the setting. Plate favors were silver bells tied with white satin ribbon.

Mrs. Bill Steagold presided at the punch service and Mrs. O. B. Warren served cake.

Forty-five guests called during the tea hours.

Youth Week To Be Climaxed At Program Tonight

National Youth Week activities will be climaxed here this evening with a city-wide youth worship service.

Young people will be in charge of the 8 p. m. services at the First Baptist church and will present a program of devotionals, instrumental and vocal music.

Three speakers will be presented, said Omar Pittman, Jr., who has headed up the week's observance under YMCA sponsorship. In addition, the East Fourth Baptist young people's orchestra will have a part in the service and a violin trio will play the offertory.

Dee Jon Davis is to speak on "Our Unity in Christ Compels us to Build." Joann Miller is to speak on "Teach Us to Build," and Barbara Blair will speak on "We Build with Thee."

Pittman, Lola Reagan and Mrs. J. E. Hardesty will play "Lying for Jesus" as a violin offertory. The youth choir will be composed of young people from the various churches.

Purpose of Youth Week has been to focus attention of the community upon youth and its place in the community. Numerous programs have been presented to religious, civic and school groups.

Westside Baptist Class Has Social

Westside Baptist Three-H Club members held a social meeting in the home of Mrs. Inez Knight. Games were played.

Refreshments were served to the following: Mrs. G. C. Gross, Mrs. L. C. Gibbs, Mrs. O. G. Ward, Mrs. O. H. McElroy, Mrs. Alice Monteith, Mrs. Ora Gordon, Mrs. Sam Horton, Mrs. J. S. Patterson, Mrs. Finis Gibbs, Mrs. T. F. Sanders, Mrs. Inez Knight and two visitors, Mrs. Ruby Vaughn and Mrs. Trantham.

Mrs. Grandstaff Is Host To Bridge Club

Mrs. Roy Grandstaff was hostess to the Double Four Bridge Club Friday afternoon.

The Valentine motif was carried out in the decorations and dessert.

Mrs. Don Carleton won high score, Mrs. Raymond Plumlee second high, Mrs. Wayland Taylor third and Mrs. H. F. Jarrett won the floating prize.

Members present were Mrs. W. J. Garrett, Mrs. Ben Hogue, Mrs. Clyde Wines, Mrs. Raymond Plumlee, Mrs. H. F. Jarrett. Guests were Mrs. Wayland Taylor and Mrs. Don Carleton.

Class Favorites

Every year about this time, members of the Big Spring High School student body take time off to select class and school favorites for the year. This year they chose Peggy Lamb, co-editor of the Corral and yell leader, as the best all-around girl. Best all-around boy honors went to Howard Jones. Pictured are favorites of the five classes.

UPPER LEFT—Bobby Hayworth, president of the freshman class, a football and basketball player, shares the honor of freshman favorite with Shirley Wheat. Shirley is secretary and treasurer of the class.

UPPER CENTER—Rita Wright, who is active in speech and debate and is a cast member of the one-act contest play to be given by the speech department, took the majority of the votes when the favorite senior girl was selected. Howard Jones, best all-around boy, is the senior favorite, too. (Peggy Lamb, best all-around girl, was ill when the pictures were made and does not appear.)

UPPER RIGHT—Taking time out for refreshments are the eighth grade favorites, Evelyn Lewallen and Doyle Maynard Evelyn is a member of the Girls Chorus. Doyle is serving as president of the eighth graders and is a football player.

LOWER LEFT—Junior favorites are Sue Craig and Bobby Gross. Sue is secretary-treasurer of the class and plays volleyball. Bobby goes in for football, basketball and track.

LOWER RIGHT—Charles (Speck) Franklin, football and basketball player, and Mona Lue Walker secretary-treasurer of the class, a volleyball player and Girls Chorus member, are the sophomore favorites for 1949-50. Favorites will be featured in the high school annual which will be published shortly before the close of the spring semester.

(All Photos By Mathis.)

Mrs. Leslie Green Is Named Honoree

Mrs. Leslie Green was named honoree at a baby shower given in the home of Carrie Scholz, 1605 Johnson, Friday. Hostesses were: Miss Scholz, Mrs. Bert McAllen and Mrs. Martin Dehlinger. Rooms were decorated with arrangements of pink and white carnations and fern.

Guests were served from a lace covered refreshment table centered with a pink antique vase. White tapers were on either side of the vase. Margaret Warner and Jesse Bob Ryan presided at the table.

Louise Sheeler was at the register. After the guests had arrived, Mrs. Green received a telegram which read: "Helen, you and your guests come to the south east room for a surprise."

In a south east room stood a stork holding a tiny doll. Gifts were arranged around its feet. Above the arrangement was a large pink and blue satin and mauline bow with streamers which were inscribed with gold letters which read: "For Helen's Baby." Mrs. Bill Griese assisted Mrs. Green in opening the gifts.

Attending were: Mrs. Omar Pittman, Mrs. Ruth O'Connor, Margaret Warner, Mrs. Lucy Sheeler, Mrs. L. D. Gilbert, Mrs. J. M. Morgan, Mrs. E. D. Jenkins, Mrs. C. J. Dupont, Mrs. C. C. Choate, Mrs. C. W. Deata, Mrs. Earl Corde, Mrs. Lena Hearn, Mrs. Bill Griese, Mrs. A. J. McAllen, Mrs. Bernard Huchton, Mrs. Frances Finney, Lillian Jordan, Mrs. Ed Settles, Zadora Peterson, Mrs. Thurman Gentry, Mrs. Walter Reuckart, Jesse Bob Ryan, Mrs. J. C. Morgan, Betty Farrar,

New Scouts Join Troop Eleven On Friday Afternoon

Two new members were accepted when Girl Scout Troop 11 met Friday afternoon. The new members are Mary Alice Gillott and Joyce Edwards.

During the meeting the group decided to buy curtains for their room in the Scout hut. A committee was appointed to choose the curtains. On the committee are Peggy Hogan, Maxine Rosson and Betty Early. The group also decided to make an over-seas bag for some children in Europe.

A valentine party will be held at the next meeting. Names were drawn for the exchange of valentines, and each individual will make the valentines she gives. Refreshment and entertainment committees were appointed to plan the party. On the refreshment committee are Edith Storm, Maxine Rosson, Nita Jo Herrleston and on the entertainment committee are Shirley Banks, Agatha Cagle and Beverly Nichols.

Attending the meeting were Betty Early, Peggy Hogan, Maxine Rosson, Edith Storm, Mary Lou Staggs, Mary Alice Gillott, Mary Helen Lee, Joyce Edwards, Nita Jo Heddlston, Shirley Banks, Agatha Cagle, Beverly Nichols and leaders, Mrs. Bill Early and Mrs. Ben Mabe.

Mrs. A. J. Arcand, Mrs. Roger Arcand, Mrs. Harry Jordan, Mrs. Kay Williams, Mrs. Frank Smith, Joyce Howard, Mrs. Frances Sneed and Mrs. D. M. Gilliland.

Mrs. A. J. Arcand, Mrs. Roger Arcand, Mrs. Harry Jordan, Mrs. Kay Williams, Mrs. Frank Smith, Joyce Howard, Mrs. Frances Sneed and Mrs. D. M. Gilliland.

Beauty Culturists Unit Sponsors Second Series Of Grooming Lessons

Big Spring High School girls who are enrolled in physical education and home making classes will have an opportunity Monday to take part in some "Personal Grooming" discussions conducted by representatives of the Big Spring Unit of the Texas Association of Accredited Beauty Culturists. Students of Arsh Phillips, Anna Smith, Edna McGregor and Edith Russell will meet together in the study hall at assigned periods to see the demonstrations and hear discussions.

Five operators will discuss aids to beauty, poise, health, cleanliness, clothes and posture. Each operator will style one head of hair to demonstrate the proper care of the hair. Purpose of the sessions is to encourage the girls to take better care of their hair, nails and skin.

This is the second year which the program has been sponsored. It was started by beauticians of the city in an effort to render service to girls of the community. The local beauty association was given a good deal of recognition at their state meeting because of the program which they presented last year. Mallie Cathey was the chairman of the program last year and Edna Womack is directing this year's presentation.

The day's program is being held in connection with a study which the high school and eighth grade students completed for the six weeks period ending January 20.

During this study, Arsh Phillips and Anna Smith, health and physical education instructors present-

ed lectures and led class discussions dealing with health education. Films concerning various phases of health supplemented the lectures and discussions.

Most of the films were secured through the cooperation of Mrs. Romona Harris and Mrs. Esther Trantham of the Howard County Health unit and Mrs. Louise Horton, Big Spring public schools health nurse. Posture and exercise, body defense against disease, food and nutrition, body framework and the value of a smile were some of the film themes.

Special emphasis was placed on cancer and tuberculosis when the films, "Choose To Live," "Enemy X," "Behind The Shadows" and "Cloud In The Sky" were shown.

Operators who will appear in-

clude: Fern Bedell, Settles, 9-10 a. m.; Opal Osborne, Settles, 10-11 a. m.; Mallie Cathey, Art, 11-12 noon; Beth McMorrey, Settles, 1-2 p. m.; and Edna Womack, Columbia, 2-3 p. m.

Wedding Vows Read

To Ann Fuller, daughter of Mr. and Mrs. J. H. Fuller, Gail Rouse, became the bride of Odell Vinson, son of Mr. and Mrs. Thomas Vinson, Friday evening.

Lloyd Connel, minister of the Main Street Church of Christ read the double ring wedding vows in the home of the bride's parents at 7:30 o'clock.

Huckleberry and plumose decorated an archway above the nuptial space. Anemones, scillas, daisies and daffodils formed other floral arrangements.

The bride wore a light brown tweed suit with brown accessories and an emerald green blouse. She carried an orchid on a white Bible.

Peggy Crow served as maid of honor. Best man was T. A. Moss. Sherry Lynn Fuller and Mrs. Bill Casey, sisters of the bride, served as candelighters.

Preceding the ceremony, Peggy King played a group of nuptial selections and accompanied Mary Jane Hamilton, who sang "O Promise Me" and "Because." Miss King also played the traditional wedding marches. Background music for the exchange of vows was "To A Wild Rose."

Following the ceremony, a reception was held in the home. The three-tiered wedding cake was topped with a miniature bride and groom. The refreshment table was covered with a lace cloth. Appointments were silver and crystal. Mrs. Bill Casey served the punch and Mrs. Harold Tolbert, the cake.

Sherry Lynn Fuller was at the register.

Mothers of the bride and groom were dressed in black and wore carnation corsages.

Out-of-town wedding guests were: Mrs. J. M. Crow and Peggy of Seminole, and Mr. and Mrs. J. D. Fuller, grandparents of the bride, Colorado City.

The Vinsons attended Big Spring High School and will make their home here.

Big Springers Return From Youth Meeting

Fifteen Big Spring delegates returned late Saturday from a World Youth Fellowship meeting of the District Four Christian churches. The meeting was held at the San Angelo First Christian church and marked the climax of a week of youth emphasis at that church.

A banquet was held Friday night and interest group meetings Saturday. Reuben Batton, Filipino ministerial student, and Dr. C. A. Burch, former missionary, both from Texas Christian University, appeared on the program.

Peggy Thomas, student at TCU and state president of the Christian Youth Fellowship, also appeared on the program.

Attending from Big Spring were: Jane Reynolds, Joy Williams, Jackie Marchant, Beverly Wilson, Allen Holmes, Jimmy Wilcox, Jeff Hanna, Ray Shaw, Sam Hall, Archie Thompson, Billy Early, Mrs. H. W. Smith, Mrs. Claud Williams, Mrs. W. D. McNair and the Rev. Lloyd H. Thompson.

Southwest Borden Adds Three Wells

L. H. Armer of Ft. Worth and Spartan Drilling Company of Dallas have completed their No. 1 Vealmoor field in Central-South Borden County.

This project, located 570 feet from west and 2,039 feet from north lines of section 27, block 22, TP survey, T-3-N, reported a 24-hour potential of 695.72 barrels of 46-gravity oil, flowing from open hole in the Pennsylvania lime at 7,792-7,802 feet.

Mitchell Venture Has Light Shows

S. F. Huribut and Olson Drilling Company No. 1-A Walfon, South Central Mitchell County prospector, seven miles south of Colorado City, and 660 feet from north and west lines of the southwest quarter of section 89, block 26, T&P survey, developed a slight show of oil in a drillstem test at 7,448-7,510 feet.

which covered the lower section of the Mississippi and the top horizon of the Ellenburger.

The tool was open 47 minutes. There was a blow of air at the surface for a part of the period. Recovery was 140 feet of slightly oil cut drilling mud.

The venture is to drill ahead and it will start a drillstem test when a soft zone is encountered.

Top of the Ellenburger was called at 7,490 feet. That is on a datum of minus 5.359 feet.

Oil exploration looked up in Mitchell county during the week. Austin Co. will drill a deep wildcat two miles northeast of Colorado City, it was announced.

It will be the No. 1 Mann and 960 feet from the west and 1,500 feet from the south lines of section 27-26-18, T&P.

W. Hamm No. 1 J. Miller, 1,890 from the west and 660 from the south lines of section 28-36-18, T&P, 3 miles east of Colorado City, drilled at 5,910. Operator was reported unofficially now to be Greenbriar.

In the southern part of the county Huribut No. 1 Ellwood, 2-352 from the south and 1,660 from the west lines of section 23-13, J. P. Smith, progressed to 5,190 feet in shale.

Westbrook Ellenburger pool operations include Gulf No. 1E-A Dillingham, section 8-26-4, T&P running steel line measurement to bottom at 7,908 in shale and chert, and Gulf No. 1-E Plaster, in the southwest quarter of section 4-26-15, T&P, drilling at 2,229 feet in lime.

SIGNS Outdoor Advertising H. M. HIGHTOWER 902 East 16th

At the same time, Seaboard reported completion of two wells in the Good pool of southwestern Borden county. Seaboard & Pan-American No. 10 T. J. Good, 660 from the south and 2,036.14 from the west lines of section 37-33-4n, T & P, rated 1,348 barrels. The flow was for 24 hours through three-eighths choke, natural. Oil was 43.6 gravity. Top of the pay was 7,952 and bottom at 8,160. Gas-oil ratio was 935-1 and casing pressure 975 and tubing pressure 1,000 pounds.

Seaboard & Pan American No. 11 T. J. Good, 1,980.3 from the north and 1,980 from the east lines of section 35-33-4n, T&P, rated 1-328 barrels per day. It flowed 43.6 gravity oil 24 hours through 3/8 inch choke, snoving casing pressure of 800 pounds and tubing pressure of 975. Gas-oil ratio was 700-1. Top of the pay was 8,130 and casing depth was 8,232.

Seaboard No. 12 Good, in the southeast quarter of section 35-33-4n, T&P made a trip at 7,270. No. 13 Good, 2,200 from the east and 660 from the north lines of section 43-33-4n T&P, drilled by low 1,658. Condon No. 2-37 Good in the southeast quarter of section 37, was below 5,416 feet and Condon No. 2-38 Good, in the northeast quarter of section 38, drilled to 2,328.

Seaboard No. 1 Simpson, northwest of Good production, was below 6,832 feet in lime and shale. Seaboard No. 1 Hanks, in the northeast quarter of section 19-32-3n, T&P, made a trip at 6,443.

Seaboard No. 2-A Jerry Clayton in the northeast quarter of section 7-32-4n, T&P, four miles northeast of the Good pool, drilled to 3,025 feet in lime and shale.

Seaboard No. 3 Good, 1,980 feet out of the northeast corner of section 2-32-30, T&P, drilled to 8-052 feet in shale and sand. It is 12 miles southwest of Gall.

Bay Petroleum No. 1-A L. A. Pearce, 660 feet out of the southwest corner of section 35-31-5N, T&P, two miles west of Gall, was below 6,896 feet in lime.

Drillstem test was taken at 10,275-312 feet. The tool was open 15 minutes. Recovery was 190 feet of drilling mud. There were no show of oil gas or water.

Official top of the Ellenburger has not been reported. It is understood that the formation was entered 1025 feet. That horizon has not logged any signs of any sort of fluid up to now.

The venture likely will continue drilling until it finds oil, gas or water in the Ellenburger.

Shell No. 2 TXL, eastern Glasscock Ellenburger exploration, was building derrick and moving in material. It is located 440 feet from the south and east lines of section 23-32-4n, T&P, 12 miles east of Garden City.

Rinks was struck by a shotgun blast in the left side near the heart. The shooting at 2:30 o'clock climaxed a "friendly scuffle" with Slaughter at the H. A. Slaughter home. The youth died 30 minutes later without regaining consciousness.

Slaughter told investigating officers he wasn't aware the gun was loaded when he pointed it at Rinks and pulled the trigger. The Rinks boy was on the front porch when the gun was fired through a screen door from inside the house.

Slaughter has been released on a \$1,000 bond with P. M. Moore as one of the sureties.

Reds Abandon Little Blockade

BERLIN, Feb. 4. (U)—The Russians dropped their "little blockade" of truck traffic today at Helmstedt. In an official statement tonight they said it was imposed to combat smuggling.

After two weeks of slow-down tactics, Soviet guards threw the zonal frontier wide open and waved through trucks bound from western Germany to Berlin at rates up to one a minute.

"Come on, come on," they shouted. The break came as the United States, British and French authorities discussed possible counter measures. The official Soviet statement on why the blockade was lifted did not refer to these conferences.

The Soviet-licensed news agency Adn distributed a statement by Maj. Gen. Alexander Kotikov, the Berlin commandant, replying to a protest by the western allies over interference with truck traffic on the super highway.

His statement declared smuggling activity was the primary reason behind the stringent measures imposed at Helmstedt that choked truck traffic and that there were also some conflicting regulations regarding shipment papers.

Kotikov conceded "It was not impossible that certain delays occurred" in handling traffic at the frontier.

City Student Makes McMurry Honor Roll

ABILENE, Feb. 4.—Frances Bigony, of Big Spring achieved a scholastic average that ranked in the upper ten per cent of the McMurry College student body for the entire fall semester, thus earning a berth on the McMurry fall semester honor roll, according to Jerome Vannoy, registrar.

More Pay Logged In Pennsylvania In Cochran Test

More pay section in the Bend sandy quartzite of the lower Pennsylvania has been penetrated at Stanolind Oil & Gas Company No. 3 Brown, outpost to the Landon-Deep field in Central South Cochran County, about 15 miles south of Lehman.

This venture flowed oil at the estimated rate of 50 barrels per hour during a drillstem test in the Bend at 10,073-223 feet.

The tool was open one hour and 10 minutes. A 1,000-foot water blanket was used. Gas showed at the surface in 20 minutes.

The water blanket flowed out at the top in 30 minutes and oil started flowing in 40 minutes.

It flowed for 30 minutes at the estimated rate of 50 barrels per hour. There was no water. The venture is drilling ahead below 10,233 feet in sandy quartzite.

This exploration discovered production in the Bend in a drillstem test at 10,119-175 feet. The tool was open two hours and 13 minutes. Oil started flowing at the surface in two hours. The flow during the last 13 minutes of the test was at the estimated rate of 40 barrels per hour. There was no water.

This project had failed to find any Strawn lime, which producer in a nearby well. It will drill on the Devonian at around 12,000 feet.

Location is 1,320 feet from north and 660 feet from east lines of section 14, block 1, T&P survey. It is on the west side of the Landon multi-pay field.

Glasscock Wildcat Continues Drilling

Humble Oil & Refining Company No. 1 Frost, Southwest Glasscock County wildcat, 20 miles southeast of Garden City and 1,980 feet from south and east lines of section 40, block 33, TP survey, T-5s, was making hole below 10,330 feet in Ellenburger lime.

A drillstem test was taken at 10,275-312 feet. The tool was open 15 minutes. Recovery was 190 feet of drilling mud. There were no show of oil gas or water.

Official top of the Ellenburger has not been reported. It is understood that the formation was entered 1025 feet. That horizon has not logged any signs of any sort of fluid up to now.

The venture likely will continue drilling until it finds oil, gas or water in the Ellenburger.

Shell No. 2 TXL, eastern Glasscock Ellenburger exploration, was building derrick and moving in material. It is located 440 feet from the south and east lines of section 23-32-4n, T&P, 12 miles east of Garden City.

Big Spring (Texas) Herald, Sun., Feb. 5, 1950 13 Scurry Step-out To Test Deep Zone

The Ellenburger is to be explored in North-Central Scurry County at L. M. Lockhart No. 4 McHaney. This venture is on the southeast side of the North Snyder-Canyon field.

It was low, geologically, to a Canyon producer one location away, but it developed sufficient free oil in a drillstem test to indicate that it can be completed as a producer from that formation.

It drilled on down into the Strawn lower Pennsylvania, and it found only salt water in that formation; it is now making hole below 7,350 feet in lime and shale, and is scheduled to continue to about 8,000 feet to test the Ellenburger.

This venture is a considerable distance from any other prospector which has penetrated the Ellenburger.

The location is 1,527.44 feet from north and 467 feet from east lines of section 177, block 3, H&GN survey, and four miles north of the town of Snyder.

North extension to the North Snyder field has been staked by Standard of Texas. It will be that company's No. 12-2 Mrs. Jessie W. Brown. Drillsite is to be 12 miles north of Snyder and 1 1/2 miles northwest of the recently completed Texas Oil Company No. 1 Fuller, a wildcat.

Location is 680 feet from north and east lines of the southeast quarter of section 405, block 97, H&TC survey. Planned depth is 7,000 feet.

Another exploration for Standard Oil in the North Snyder field will be the No. 1-3 Mrs. Jessie W. Brown.

Drillsite is to be 2,080 feet from west and 280 feet from north lines of section 393, block 97, H&TC survey. This places the site 10 miles north of Snyder. Planned depth for the venture is 7,000 feet.

Trio Makes Hole In Southeastern Borden

Three southeast Borden wildcats were making hole at the end of the week.

Standard of Texas No. 1-Griffin, 660 feet out of the southwest quarter of section 35-25, H&TC, drilled to 8,568 feet in lime.

Rutherford No. 1 Griffin, 660 feet from the north and west lines of section 37-25, H&TC, was at 5,388 feet in lime and shale.

Baradall No. 1 Wilson, 660 feet from the north and east lines of section 16-27, H&TC, was bottomed at 2,667 feet after setting 2 3/8-inch string at 2,665 feet with 2,900 sacks.

Buyer and Seller meet through Want Ads. Read and Use The Herald Classified Ads.

Magnolia Petroleum Company will drill a Kelly field exploration two and one-half miles northwest of Snyder.

Babe Ruth Selected Top Ball Player In History

NEW YORK, Feb. 4.—George Herman Ruth, the immortal Babe, was named today the greatest baseball player of the past 50 years.

The mightiest home run slugger the game ever has known, Ruth was more than a great player. This large, hulking top-heavy man with the dainty ankles, who lambasted 730 baseballs out of big league ball parks was the idol of America. He continues on that pedestal even in death.

BABE RUTH

No player ever has left as great an impression on America's national game as this lusty, fun-loving and magnetic person. Starting out in life as a wall in the outfield (Md.) Ruth became the most colorful and most lovable sports hero any sport has ever known.

Holder of nearly every long range hitting record in the books including the most coveted of all—60 home runs in a single season—Ruth easily outdistanced all opposition in the opinion of sports-writers and sportscasters in the Associated Press mid-century poll.

It was strictly a two-man race between the New York Yankee slugger and Ty Cobb, American League's 12-time batting champion, with the Babe a runaway winner. So completely did this dynamic duo dominate the poll that between them they drew all but 24 of the 502 votes cast. The Bambino bagged 233 votes to 118 for the fiery Detroit Tiger outfielder.

Lou Gehrig, who together with Ruth formed the most fearsome one-two punch in the history of baseball, attracted eight votes to land third place. The slugging first baseman got one more than Walter Johnson, Washington's immortal right-hander. The famous hurler, called the fastest pitcher of all time, was the only one besides Cy Young to register over 400 votes.

Joe DiMaggio, present Yankee outfield great, drew five votes for fifth place. He was followed by Pittsburgh's Hans Wagner, king of the shortstops and the New York Giants' Christy Mathewson, generally regarded as the National League's No. 1 pitcher. Each received two votes. No other player got a call.

10 Big Spring (Texas) Herald, Sun., Feb. 5, 1950

BOVINES DEPART 5AA CELLAR BY DECISIONING BROWNWOOD

A revved-up Big Spring high school basketball team trounced Brownwood, 36-22, here Friday night to depart the cellar in District 5AA standings.

The Longhorns broke the barrier in front and remained in the lead throughout. Successful field goal tries that were in the air as the buzzer sounded for both the half and the end of the game saved the Jungle Kings from a more one-sided defeat.

Floyd (Pepper) Martin fouled out for Big Spring in the second quarter but Amos Jones, who spelled the ace guard, played creditably. Jones also went to the penalty box in the fourth round, but by that time, the damage had been done.

Harold Rosson bisected the hoop with half a dozen field tosses from far out to grab scoring laurels. Howard Jones was near with ten, eight of which were the result of gratis pitches.

The Longhorns were setting the pace, 21-16, at half time and boasted an eleven-point lead (33-22) after three rounds.

Only Bill Blake of the Brownwoods gave the Steers any trouble. He hit the mark for 16 points.

Big Spring also won the B game, a 38-30 thriller. The Bears trailed for two periods in that one but picked up 14 points in the third to grab the lead.

LAMESA ACE—Tall Leon Blair, who made the all-District 3AA basketball team as a member of the Lamesa high team last year, is performing most creditably for the HCJC Jayhawks this season. Leon can be seen in action when the Big Springers play Frank Phillips of Borger here Tuesday night. (Photo by Mathis).

T & P Springs Upset In Y Casaba Play

Forsan's Oilers remained in front of the YMCA basketball league standings by trouncing Center Point 39-26, Friday night but the big surprise of the evening occurred in the opening contest, when T & P upset heavily favored Grapette, 32-25.

The skirmishes were unrelent in the Howard County Junior college gymnasium.

The Railroaders led the Bottlers all the way, although Grapette rallied strongly shortly before the help to pull within three points of T & P and had to cut that margin to two points after three periods of activity.

O. Frizell was the chief wreck-er for the winners, hitting for 15 points, while Barney Savage paced the losers with eight.

Cunningham, Henry and Anderson all had big hands in Forsan's win over Center Point. McKee's ten points led the losers.

In the evening's other game, Ackery tripped a fast improving Rowan Drilling company team, 26-19. Gaskin played a major role in that one by connecting for nine points.

Peter Pan May Race Famed Battle Creek Here Today

Exhibition and training horse races will be conducted at the Sheriff's Poase grounds, starting at 3 p.m. today.

A number of new horses are on the grounds, a factor which gives promise of a full afternoon of racing.

Arrangements are underway to stage a special exhibition between Peter Pan, last year's quarter-horse champion, and Battle Creek, winner of the 1949 Sheriff's Poase Futurity and one of the most outstanding animals ever bred in Texas.

Plans call for the two champions to vie at the full quarter mile distance.

Peter Pan is owned and trained by J. C. Hensley of Wink. Battle Creek is the property of Beale Queen, Tascosa, and is trained by Bill Morrow.

The public is invited to watch the program.

Odessa Juniors Win Tourney

ODESSA, Feb. 4.—Odessa copped the Junior High School basketball tournament here Saturday night, turning back Seminole in the finals, 23-21.

Odessa had advanced to the finals by tripping Lamesa, 32-25, while Seminole surged past Midland, 31-19.

Raymond Glatrap, Big Spring, was named to the all-tournament squad along with two Lamesa boys, Smith and Robinson; Robert Keating, Midland; Bob Gotard, Seminole; Dick Souter, Denver City; Horace Zellars, Carl Schlemeyer and Doyle Dixon, all of Odessa, and J. D. Bagwell, Kermit.

Winner of the sportsmanship award was Ronny Huckabee, Andrews.

Ohioan To Bowl With Local Team

A Columbus, Ohio, knegler with a 180-pin average will bowl with the Big Spring team in the ABC meet at Columbus in March. Jake Douglas announced Saturday.

He is Albert F. Sauer, who has competed in several national tournaments.

The remainder of the lineup will be local men, chosen from among Jimmy Eason, Dean Curlee, Conn Isaacs, Roy Osborne and Douglas himself.

23B Play Ends Tuesday Night

Play will be concluded in the district 23-B round robin Tuesday with three games scheduled for the last round.

The Stanton Buffaloes have already clinched first place in the standings, being undefeated in conference play. They clash with Sterling City Tuesday night.

Other games are Knott at Courtney and Coahoma at Forsan. Stanton goes to Sterling for that tilt. Garden City has a bye.

District 23-B cage teams will tangle in a tournament at Forsan Friday and Saturday to decide the 1950 championship.

Pairings call for Courtney and Garden City to meet in the tournament opener Friday at 7 p.m. Knott meets Coahoma at 8 p.m., while Forsan and Stanton square off at 8 o'clock. Sterling City is to play the winner of the Courtney-Garden City game at 7 p.m. Saturday.

Winners of the Knott-Coahoma and Forsan-Stanton clashes are to meet at 8 p.m. Saturday. The championship will be decided in a 2 p.m. contest.

Should a team other than Stanton win the tourney, it will meet the Buffaloes in a playoff for the title, since the Stanton quintet has already won the round-robin phase of play.

State Junior College Basketball Meet Scheduled To Get Underway March 2

COLLEGE STATION, Feb. 4. (AP)—The third annual State Junior College Basketball Tournament will be held here March 2, 3 and 4 with the controversial "two-minute" rule not to be used.

This rule, which is argued by many coaches cuts a game to 35 minutes since the team behind has no chance to get to ball on fouls in the last two minutes, has been altered in some parts of the country and tossed out in others.

Marty Karow, basketball coach at Texas A&M College and tournament director of the 25-game meet, made the announcement today.

"We will take no chances of ruining the entertainment for the spectators by using the two-minute rule," said Karow. "After consultation with coaches of the contending teams, we'll make an announcement on the system to be used. Probably it will be patterned after the big ten's present style."

CARNIVAL TO OPEN

AUSTIN, Feb. 4. (AP)—The 18th annual University of Texas aquacarnival opens here Wednesday night.

Baylor Upsets Hogs In S'west Skirmish

Aggies Sole Leaders Now

WACO, Feb. 4. (AP)—Baylor's Bears knocked Arkansas out of a share of first place in the South-west conference basketball race tonight, 52-42.

The victory by Baylor leaves Texas A. and M. setting the pace in the dizzy title chase.

The score was tied six times in the first half as Baylor made its bid to stay in the running for the championship. The Bears led at the half, 33-25.

Brunson Leads 5AA Scorers

Sweetwater's Doyle Brunson apparently has sewed up the individual scoring leadership in District 5AA basketball games.

In six games played to date, the bespectacled senior has collected 32 field goals and 19 gratis tosses for a total of 83 points.

The Ponies still have games with Brownwood and Big Spring remaining. Brunson should be able to go over the 100-point mark easily.

The ten leading scorers (conference games only):

Brunson, Sw	32	19	83
Magill, SA	25	9	59
Nunn, Sw	23	10	56
Ingram, Ab	18	10	46
Blake, B	17	7	43
H. Jones, BS	11	14	40
W. Cross, Sw	16	7	39
Rosson, BS	16	5	37
Landrum, Ab	17	3	37
Montgomery, Ab	14	8	36

Odessa Cards Warrior Game

ODESSA, Feb. 4.—The Odessa Oilers, who open their spring baseball drills in Hondo March 1, will play a number of games in South Texas before returning home.

The Oilers will clash with Laredo in Laredo March 26, Corpus Christi in Corpus March 27, Corpus again in Pleasanton March 29 and Corpus in Corpus on April 1 before returning to this section of the state.

All Monchak's gang will oppose Ballinger in Ballinger April 3, then come home for a game with Midland April 5.

A game with Oklahoma City April 7 will highlight the Oilers' exhibition schedule, which will be closed out April 8 with a game in Midland.

A. D. Ensey, Odessa's general manager, has indicated his team will play at least three games with Abilene in Hondo before breaking camp.

The Odessans are in the process of signing Emory Oden, Frank Mormino, Frank (Hack) Doe, Dick Murphy, Manny Rodriguez, Pete Armendaris, Manny Diaz and Jim Cardenas to contracts.

Stanton Champ Of Own Meet

STANTON, Feb. 4.—The host team, Leo Fields' Buffs, copped championship honors in the Stanton invitational basketball tournament here Saturday night.

Stanton defeated Coahoma's Bulldogs, 34-31, after surging past Lorraine in the semi-finals, 45-30. Coahoma had turned back Sterling City, 30-21, in next to last round play.

In the girls' tournament, Knott lost to Coahoma, 34-19.

Named to the boys' all-tournament team were Dickson, Coahoma; Lockett, Hermleigh; Baird, Lorraine; and G. Koonce and Hendon, both of Stanton.

Lamesa Workouts Begin March 25

LAMESA, Feb. 4.—The Lamesa baseball professionals will open spring training in Lobo park here March 25. The Lobos trained in Ballinger last season.

Manager Jay Haney said he hoped the Lobos could play an 11-game exhibition schedule. Games with Abilene, Lubbock, Borger, Pampa, Albuquerque and Rowell have already been lined up.

JAYHAWKS DEFEAT ODESSA, 49-33

ODESSA, Feb. 4.—Coach Harold Davis made liberal use of his substitutes as his Howard County Junior college basketball hands trounced the Odessa JC Wranglers, 49-33, here Friday night.

With the victory, the Hawks all but sewed up a deadlock for second place in Western Zone standings. They could claim sole possession of that station by bumping off Frank Phillips of Borger in their next game.

Del Turner took a pass from Cuiin Grigby to put the Big Springers ahead in the first few seconds of play and the Howard county quintet never knew what it was like to be behind. They ran the score to 10-3, after which Davis spelled the regulars with his subs.

By half time, the Hawks were leading, 26-12. Just after the intermission, Turner again broke loose for a two-pointer and the Big Springers were off again.

Turner and Sousa Stallings scored 14 and ten points each in the HCJC offensive. Don Carter of Odessa was the top point getter of the evening, however, with six field goals and four Annie Oakeys.

The victory was the second for the Hawks over the Wranglers this season and the first time in history the Hawks have been able to ring up a win in the Odessa gymnasium.

Bronchos Lose

ODESSA, Feb. 4.—Amarillo's bandies won their second game of the season from the Odessa high school cagers here Saturday night, defeating the Bronchos, 49-29.

East And West Ward Quintets Register Wins

East Ward's Seventh Graders and the West Ward Sixth Grade team advanced in championship play of the Ward School basketball tournament play at the high school gymnasium here Saturday afternoon.

East Ward staged a mild upset in defeating Central Ward, 20-18. Two field goals in the third period by Larry Hodnett put the East Ward bunch ahead to stay.

West Ward eased past North Ward, 12-10, in a "sudden death" round after the two teams had tied, 10-all, at the end of the regular game.

In consolation round game of the Sixth Grade meet, College Heights moved into the finals of consolation play by trouncing East Ward, 23-6, with tall Charley Launders doing most of the damage around the baskets.

College Heights will meet South Ward in the consolation finals next Saturday afternoon at 4 o'clock.

Central Ward and West Ward will clash in the championship finals of that bracket at 2 p.m. Feb. 18.

In the Seventh grade division, College Heights and North Ward tangle in the semi-finals at 1 p.m. next Saturday. The winner faces East Ward, whose victory over Central propelled it into the finals. North Ward Saturday won by forfeit over Kate Morrison school.

Consolation round games in Seventh Grade play next Saturday will pit Central against Kate Morrison at 1 p.m. and another Central team against West Ward at 2 o'clock.

Local Hi Cage Quintet Plays Ponies Tuesday

Safely out of the District SAA cellar for the time being, the Big Spring Steers travel to Sweetwater Tuesday night to do battle with the spirited and talented Mustangs. Starting time is listed as 8 o'clock.

The Ponies have won four of their six assignments to date and will be heavy favorites to make mince meat of the Steers this time out, since they battered the Steers by 16 points in a previous bout.

However, the Longhorns can play excellent basketball on occasions, as they proved against Abilene earlier in the season and against Brownwood last Friday night.

If the Steers win, they'll have to put a hobble on the Ponies' scoring axes, Doyle Brunson and Carl Nunn.

Brownwood plays San Angelo in Tuesday night's other game and will be the underdog in that one.

Sweetwater is a favorite to finish atop the league standings. Abilene is only half a game in arrears of the Ponies but still has games with San Angelo, Brownwood and San Angelo on its schedule.

The race will wind up Feb. 14.

TEAM	W	L	Pct.
Sweetwater	4	2	.667
Abilene	3	3	.500
San Angelo	2	3	.400
BIG SPRING	2	3	.400
Brownwood	1	4	.200

Baseball Parley Slated Feb. 19

Efforts will be made to organize the Tri-County baseball league at a meeting of interested parties at the Settles hotel at 2 p.m. Sunday, February 19.

The 1949 league president, Jack Lamb, who called the meeting, said he hoped teams from Colorado City, Ackerly and Stanton would join the loop, which schedules games on Sundays only.

Lamb said he hoped, too, that a schedule would be drawn up whereby all of the teams could draw a bye regularly, thereby giving them a chance to book games with outside teams.

Howard County Junior college won the T-C title in 1948, defeating Fort N in the Shagunawny.

LOOKING 'E OVER

With Tommy

Pat Stasey, straw boss of the baseball professionals, might have been inclined to stringing with Fernando Rodriguez, the fast ball hurler he so Abilene, had Trompoloco not been classified as a veteran in it, the Irishman felt the right hander was too ungettable. Stasey and Bert Baez are the class-men who'll run for certain here and Stasey may want that third vet infielder or outfielder, some one who can play every. The Abilene management worked hard to get Rogers back on the Sox's roster, by the way, figuring he was a pitcher than his 1949 record showed him to be. Stasey keep circulating that the Roswell Longhorn league will use as many Cuban boys as possible next season. Some one other than Joe Cambria, the Washington scout who's for Big Spring, will supply the Rockets talent, however. Wally Berger, who starred for years as an outfielder for the Braves, will manage Twin Falls in the Pioneer league next season. He's 44 years of age now, figures his playing days are. If Roswell is still seeking a manager, it could do worse than Ernie Nelson, the Midland leftie. Ernie is a smart one and one of the most likeable men in baseball. If the Longhorn league directors are looking around for a post-season series venue area circuit, they should pit their kingly against the Scottie titlist. That organization may boast ten teams this way. Both Shawnee and Fort Smith, Ark., are seeking assistance. The directors are meeting today to vote on the ad.

DUROCHER SAYS JOE DIGGIO BEST

Jelly Sorelli, the ex-Baylor university pitching ace, is rumored in line for the managerial post of the Harlingen club, in event that city fields a team in the Rio Grande Valley league. Sweetwater's three class-men in Longhorn league play next season will be Manager Johnny Botticini, Tommy Fox and Hal Bart. Botticini is a catcher, Fox and Bart are infielders. Yakima, Wash., is readying a bid to host the National American Legion baseball finals in 1951. The 1951 Odessa invitational basketball tournament will be held the first week in February, a week later than it was staged this year. When he stepped in Sioux City, Iowa, recently, Leo Durocher of the New York Giants said the best all-around baseball player he had seen since he's been in baseball was Joe DiMaggio, and Lippy used to plash Babe Ruth and Lou Gehrig.

DISTRICT 3AA RACE IN MIDDLE, TOO

Before Lew Jenkins, the Texas, was beaten by Walt Halmes recently, he was in line for a non-title match with Willie Pep, the feather-weight king. O. B. Keeler, Atlanta's veteran golf writer, says Midland's Martine Bauer is on the doorstep of a starring career. A lot of the experts are in agreement there. Marcus Freberger, the tall Texan who is playing basketball for the University of Oklahoma, is averaging about 8.5 points a game for the Sooners. Odessa JC's Wranglers have lost the services of two regular cagers, Ken Griffin and Burr Reynolds. Griffin quit school to go to work and Reynolds reportedly is transferring to a senior college. Griffin was the team's leading scorer when he quit. A Texan, Cecil Green of the Houston, will pilot a car owned by M. A. Walker of Oklahoma City in the tri-state heats of the next Indianapolis auto races Green is the reigning southwestern AAA midget champion. Green will also try his luck in Walker's \$15,000 car at Arlington Downs (Texas) track April 23. The North Carolina university football coach, which lost to Notre Dame, 42-6, last fall, will try the Irish again Sept. 30, this time in South Bend, Ind. The Tarheels have only nine games booked, incidentally, but may add a tenth on Oct. 21. The District 3AA basketball race is in about as big a muddle as is the SAA scrap. Johnny Malaise's Odessa Bronchos recently battered the Lubbock Westerners, 49-43, clearing the way for Lamesa to tie for the top spot. However, the same night Lamesa was losing to Brownfield. Now, if Lamesa can top Lubbock at home, Malaise's team could finish in a tie for first place. Ever wonder where the word "assault" came from? Tracy Mathew-

Posse Planning More Stables At Race Track

The Big Spring Sheriff's Posse will add 40 stables to its facilities located Southwest of the Municipal airport, Dr. M. H. Bennett, president of the organization, announced Saturday.

Need for the additional space was emphasized recently by receipt of 70 nominations for the 1950 Futurity scheduled for April 16 and April 23, Dr. Bennett said.

Present facilities at the Posse grounds include the huge building which was moved from the former Army Air Field to house 36 animals and provide space for tack and feed rooms and the secretary's office. An additional tier of permanent stables is capable of housing 20 more horses and run-around lots will accommodate eight others.

The new stables will be located in a separate building west of the present barns, with room for exercising horses between buildings.

Addition of the new stables is part of a long-range plan to expand the local plant as needed to take care of the Futurity. The Futurity is rapidly developing into the best known and biggest breeders race scheduled.

The Posse grounds, now clear of indebtedness, embrace about 95 acres valued at some \$35,000. Most of that amount has been paid in by members of the organization. All funds received by the Posse are channelled into plant improvements.

John Lou Callison this question:

I own a small restaurant and recently I read a news story of a man in a similar business whose kitchen exploded from leaking gas. Is there some sort of Extended Coverage endorsement on my Fire Insurance policy that would cover this for me?

Mustang Trim Ange 43-33

SAN ANGELO, Feb. 4—Sweetwater's Mustangs moved into the District 3AA basketball lead by beating San Angelo, 43-33, in a played here Friday night.

Doyle set a torrid pace for the Mustangs, scoring 16 points. Jimmy J. led 16 for the losers. San Angelo at half time, 17-

Jayhawks Play 2 Games In Local Gym This Week

Another crucial Western Zone test awaits the Howard County Junior college basketball aggregation Tuesday.

On that night, the Big Springers host the dangerous Frank Phillips JC outfit at Steer gymnasium. Starting time is 8 o'clock.

The Hawks clipped the Plainsmen by 14 points in Berger about ten days ago and will be favored to take this one. However, the Berger clan showed definite signs of coming back in a game against Odessa JC in Odessa the other night.

The contest may mark the return to action of lanky Bill Fletcher, the hatchet man in the HCJC attack. Fletcher was averaging 16 points a game when he was injured in the Odessa game here Jan. 10 and hasn't played a lick since that time.

However, the Dallas lad made the trip with the Hawks to Odessa last Friday night and took a few practice shots.

The Phillips game will be the first of two to be played here by the Hawks this week. On Friday evening, they oppose a potent Wayland college freshmen outfit in a return engagement. Wayland won a decision from the Hawks last week in Plainview.

Coach Harold Davis of the Jays announced that the locals would make up their game with McMurry here either Feb. 17 or 18. The exhibition originally was booked for Jan. 31 but was postponed because of the weather.

Armistead, Gross Herd Co-Captains

Aubrey Armistead and Bobby Jack Gross have been named co-captains of the 1950 Big Spring high school football team, it has been announced by Head Coach Carl Coleman.

Armistead and Gross are two of eight lettermen who will turn out for football drills here in the fall. Dick Laswell, tackles; Bobby Kaykendall, end; and Kenneth Williams, Bobby Wheeler and Robert Cobb, backs.

Laswell and Williams have won two letters each, along with Armistead.

The eight received their awards along with 16 other A string boys, 38 B stringers and 36 junior high boys in a special ceremony held at the high school gymnasium Friday morning.

Armstrong Hired

SAN ANGELO, Feb. 4—Henry Armstrong, line coach at Alice high for the past two seasons, has joined the San Angelo high school football coaching staff as assistant to Pete Sikes.

Sikes has announced that none of his helpers would be designated as "top assistant" but that each man would be given an assignment when spring drills get underway.

Armstrong played tackle for Rice Institute, starting there in 1942 before joining the Marines. He came back to graduate in 1947.

ROSEBOROUGH LEADS

NEW ORLEANS, Feb. 4 (AP)—Roseborough closed with a rush to take the \$10,000 Louisiana handicapped by two-lengths at the fair grounds track today.

Records Show 42 Burglaries In City And County Since Jan. 1

Forty-two burglaries have been committed in Big Spring and Howard county since the first of the year, according to records at the police department and the sheriff's office.

Eight of 36 break-ins and burglaries in the city have been solved, while officers believe that three in the county and one other in the city have been solved following arrest of a suspect early last week.

Most of the loot taken in the eight definitely solved within the city has been recovered.

Largest burglary of the year in Big Spring was the \$400 safe cracking job at the Big Spring Lumber Co. on Jan. 1. On Jan. 13, \$230 was taken from the safe at the West Texas Bowling Center, and tools valued at \$100 were stolen from a pickup belonging to L. A. White on Jan. 15.

Burglaries and thefts that have taken place this month include those at the Coca Cola Bottling company, one pair of gloves; C. B. Musgrave car, a quantity of clothing; Big Spring Lumber company safe, \$400; Ace Beauty shop, nothing missing; Curtis Carter car, clothing; Ray Echols' car, pistol; York & Pruitt Car, nothing missing; Marvin Williams, car, tire and wheel.

Also, Crocker's Newsstand, watch and 10 rings; Grantham Brothers Implement company, two burglaries with nothing missing; Walter Connor car, clothing; Marvin Sewell car, pistol and cigars; W. D. Burden house, bicycle; R. C. Hoover pickup truck, tools; Liquor store at 805 E. 3rd, seven cases of whiskey; George Knight car, briefcase; West Texas Bowling center, \$250; J. W. Croan car, coat; L. A. White pickup truck, tools; Record shop, nothing missing; Dibrell's Sporting Goods store, pistols; Maude Davidson house, canned foods; Royal Crown Cola company, nothing missing; Fred Winn car, tire and wheel.

Others were Planters Gin, tools; Carter's Service station, \$25, cigarettes and oil; Humble Service station, tire and battery; T. J. Hamm, two suitcases and \$20 at bus station; Mrs. Claude Wright residence clothing; Dreamland Hotel, four cases beer; Otis Smith house.

Three young boys, one aged nine and two aged 12, admitted breaking into Dibrell's, two girls, the Record shop, and the Royal Crown Cola building, police said.

A Latin-American man confessed to the burglary of Crocker's Newsstand and the pistol and clothing taken from the Connor and Sewell cars was recovered by Abilene police. Three men arrested in that city admitted several car burglaries here, Pete Green, chief of police, said.

The sheriff's office has listed half a dozen burglaries outside of Big Spring since the first of the year. Three of them apparently were solved after the arrest of a suspect who made statements to officers. The same suspect admitted to officers that he broke into the Grantham Bros. Implement Co. Burglaries listed since the first of the year in Howard county, but outside the city limits of Big Spring, include the Bugg Packing house, nine boxes of cheese and lunch meat taken and safe broken; C. R. Everitt Grocery, \$25; Blue Bonnet Inn, \$30; Burton-Lingo Lumber Co. at Coahoma, \$420 taken from safe; Roy Bates Grocery and Sherrod Hardware store, both at Coahoma. The suspect picked up early in the week admitted committing all three of the Coahoma burglaries. He also admitted committing four burglaries in Martin county, six in Midland and some in Dawson county.

Afternoon Bridge Club Session Held In Mrs. Alby Couch's Forsan Home

GARDEN CITY, Feb. 4 (Sp1)—Afternoon Bridge Club met in the home of Mrs. Alby Couch Wednesday afternoon. Mrs. Glenn Riley won high score and Mrs. Scuday binged.

Refreshments were served to Mrs. J. C. Cunningham, Mrs. Joy Wilkerson, Mrs. Glen Riley, Mrs. Woodrow Ramsey, Mrs. W. K. Scuday, Mrs. I. L. Watkins, Mrs. Y. C. Gray and Mrs. Ray High-tower.

The annual staff of the Garden City high school conducted the election of high school favorites Wednesday. Ed Weyman was in charge of the election. Wanda Wilkerson was elected best-all-around girl and C. B. Fisher was named best-all-around boy.

Dan Houston is instructor for a new square dance class which was organized Tuesday evening. The class is scheduled to meet each Tuesday and Thursday night until the competition of the course. George Amos of Big Spring served as an assistant at the meeting Thursday evening. Twelve squares have registered for the course.

Mr. and Mrs. Fred Tatum and daughter moved to Lubbock last week. Tatum has operated a barber shop here for the past few months and his departure leaves Garden City without a barber.

Mr. and Mrs. J. C. Cunningham have sold their home here to Mr. and Mrs. D. W. Parker. The Cunninghams plan to build a home in Midland where he is employed by the Humble Oil Co.

Mr. and Mrs. P. M. Cunningham and Helen were in San Angelo Wednesday to visit Mrs. Cross Hubbard, Mrs. Cunningham's sister, who has been quite ill.

A suicide verdict was returned. The deceased had left a note. Mrs. Baker, native of Houston, had been associated with the Parkers for 15 years.

She is survived by a brother, C. E. McCartney of Corpus Christi; a half-sister, Mrs. Harrell Young of Cuero; a nephew, Charles L. McCartney, Houston; and three nieces, Mrs. Stokes Huntley and Miss Jean Young of Houston, and Mrs. Marjorie McCartney of Corpus Christi.

All relatives are here for the services. An uncle, T. A. Bunker, died here in 1930, and was buried in the Masonic cemetery.

Rites will be said at 2 p. m. today for Thomas Frank Anderson, 65, former Big Spring resident who succumbed Wednesday in Marysville, Calif.

Rev. Marvin H. Boyd, Trinity Baptist pastor, will officiate. Services are to be held at the McDaniel-Boullouan chapel and burial will be in the local cemetery.

A native of Arkansas, Mr. Anderson came to Howard county where he made his home for approximately 45 years before moving to Marysville in 1942. He operated a ranch north of town and later became a cement contractor here.

Survivors include his wife; four sons, Floyd Anderson and Clovis Anderson, Big Spring, Robert Anderson, El Paso, and Ben Anderson, Weather Falls, Calif.; two brothers, Neal Anderson of Sweetwater and Alfred Anderson of Marysville; a sister, and three granddaughters.

Palbearers are to be Joe Turner, John Alfred, George Ely, Roy Franklin, George Coots, and Arthur Stallings.

THIS ALARM IS SURE-FIRE

SAN ANTONIO, Feb. 4 (Sp1)—Police were convinced Saturday that Frank Brothers Store on Alamo Plaza had a sure-fire burglar alarm system.

While two men were installing the system Friday night a burglar came in. Falling into their hands is a better description. He fell through a skylight.

The two men, L. L. Klinger and W. Ledbetter, nabbed him on the spot, called police and went back to work installing the intricate burglar alarm system.

Funeral Rites For Mrs. Baker To Be Held In City Today

Funeral services for Mrs. Myrtle McCartney Baker, 57, who was found dead at Ross City Friday morning, will be held at 1:30 this afternoon. Following services at the Eberley chapel, conducted by the Rev. R. A. Bird, Baptist pastor of Forsan, burial will be in a local cemetery.

Palbearers will be Robert Ramsey, Ray Prather, Ott King, Louis Carter and Roy Carter of Eola, and Ed Carter of Eden.

Mrs. Baker, an employee at the Hood Parker grocery store in Ross City, was found hanging by her neck from a rafter near her quarters in the rear of the store. A suicide verdict was returned.

The deceased had left a note. Mrs. Baker, native of Houston, had been associated with the Parkers for 15 years.

She is survived by a brother, C. E. McCartney of Corpus Christi; a half-sister, Mrs. Harrell Young of Cuero; a nephew, Charles L. McCartney, Houston; and three nieces, Mrs. Stokes Huntley and Miss Jean Young of Houston, and Mrs. Marjorie McCartney of Corpus Christi.

All relatives are here for the services. An uncle, T. A. Bunker, died here in 1930, and was buried in the Masonic cemetery.

Rites will be said at 2 p. m. today for Thomas Frank Anderson, 65, former Big Spring resident who succumbed Wednesday in Marysville, Calif.

Rev. Marvin H. Boyd, Trinity Baptist pastor, will officiate. Services are to be held at the McDaniel-Boullouan chapel and burial will be in the local cemetery.

A native of Arkansas, Mr. Anderson came to Howard county where he made his home for approximately 45 years before moving to Marysville in 1942. He operated a ranch north of town and later became a cement contractor here.

Survivors include his wife; four sons, Floyd Anderson and Clovis Anderson, Big Spring, Robert Anderson, El Paso, and Ben Anderson, Weather Falls, Calif.; two brothers, Neal Anderson of Sweetwater and Alfred Anderson of Marysville; a sister, and three granddaughters.

Palbearers are to be Joe Turner, John Alfred, George Ely, Roy Franklin, George Coots, and Arthur Stallings.

Funeral Rites For Former Resident Set Today Here

Rites will be said at 2 p. m. today for Thomas Frank Anderson, 65, former Big Spring resident who succumbed Wednesday in Marysville, Calif.

Rev. Marvin H. Boyd, Trinity Baptist pastor, will officiate. Services are to be held at the McDaniel-Boullouan chapel and burial will be in the local cemetery.

A native of Arkansas, Mr. Anderson came to Howard county where he made his home for approximately 45 years before moving to Marysville in 1942. He operated a ranch north of town and later became a cement contractor here.

Fifth Set of Twins Finds No Names Available

DENISON, Feb. 4 (Sp1)—Mrs. Henry White of Durant, Okla., has run out of names and Mr. White stopped passing out cigars long ago.

They've just had twins for the fifth time. That makes 19 children for the Whites. Sixteen of them are living. The first twins arrived in 1932, the second in 1938, the third in 1947 and the fourth in 1949.

Two sets were girls and the other three were mixed.

Mrs. White, 41, said "I've run out of names and anyway, my sister-in-law promised to name them this time."

Her husband had no comment on the twins. Asked if he was going to pass out the cigars he said: "Nope. I quit that a long time ago."

Marlene, Alice Victors Again

HOLLYWOOD, Fla., Feb. 4 (Sp1)—The amazing young Bauer Sisters, Marlene and Alice from Midland, Tex., reached the finals of the fifth annual Women's International Four-ball Golf Tournament today by defeating Jean Hopkins, Cleveland, O., and Edean Anderson, Helena, Mont., 3 and 1.

They will meet Betty Bush, Hammond, Ind., and Betty MacKinnon, Mount Pleasant, Tex., who upset defending champions Polly Riley Fort Worth, Tex., and Bee MacWane, Birmingham, Ala., one up on the 20th hole in the semi-finals.

Howard Horse Wins Anita Feature

ARCADIA, Calif., Feb. 4 (Sp1)—Special Touch upset the favored Calumet's Duchess Peg and won the \$50,000 Santa Anna Stakes at Santa Anita park today.

Talking Point was second in the field of 11 three-year-old fillies. Seagarden was third.

The time for the seven furlongs was 1:23 4-5.

Talking Point and Sea Garden are both owned by Charles S. Howard. Special Touch is owned by James N. Crofton from Keene, Cal.

The winner paid \$8.90, \$5.10 and \$6.20. The entry paid \$2.20 and \$17.60.

Texas Tourney Opens Saturday

SAN ANTONIO, Feb. 4 (Sp1)—The largest field in the history of the oldest tournament on the winter golfing circuit will tee off here next week in the 25th \$10,000 Texas Open.

Over 300 players are expected to begin the 72-hole chase over the Fort Sam Houston Country Club and Brackenridge Park Courses Thursday.

Half the field will play 18 holes the first day at one course, the other half will tour the second layout. The players will shift sites for the second round Friday. The low 64 players will qualify for the final 36 holes to be played Saturday and Sunday over the 6,400 yard Brackenridge Park Municipal Course. Par is 36-35-71. The Army-owned Fort Sam Houston layout measures 6,426 yards. Par is 35-36-71.

All of the leading links nomads except Ben Hogan are entered.

Rapist Ready For Electric Chair

HUNTSVILLE, eb. 4 (Sp1)—A 31-year-old Houston Negro porter ordered boiled eggs and hot biscuits for dinner tonight and declared himself ready for the electric chair.

William Wilson, Jr., father of five children, was to die shortly after midnight tonight for the rape of a 31-year-old Houston housewife.

Given the privilege of selecting his last dinner, Wilson asked for hard-boiled eggs, hot biscuits with gravy and sweet milk.

Wilson was convicted in Houston Oct. 31, 1948, on charges of raping the Houston woman March 29, 1942. He also had been indicted by the Harris County jury on charges of murdering another white woman and attempting to rape two others.

Gloves Tourneys End This Week

By The Associated Press The last of 21 regional Golden Gloves tournaments in Texas this year will be completed Wednesday and the stage will be set for the 14th annual state tourney.

The state tournament will be held Feb. 15, 16, 17, 18 and 20 in huge Will Rogers Memorial Auditorium in Fort Worth.

Lawyer Sees No Delay In Granting Ingrid's Divorce

EL PASO, Feb. 4 (Sp1)—William Coche, one of the attorneys handling a divorce for Actress Ingrid Bergman, today called a judicial intervention petition in the case an "obscene move by an outsider."

He said it was not expected to delay the decree.

The petition was submitted by Arturo Castillo Calero, Juarez, Mex., attorney. He asked that he be allowed to post bond and serve as friend of the court in protecting the legal rights of Dr. Peter Lindstrom, the film star's husband.

Castillo Calero denied today that the Juarez judge had rejected his petition—as a Juarez report said last night.

John Vernon, Dr. Lindstrom's spokesman, said in Hollywood that no one had been appointed to represent Lindstrom in the Mexican suit.

Convicted Rapist Gets Commutation

AUSTIN, Feb. 4 (Sp1)—The death sentence of Cirilo Zamora, convicted of rape in El Paso County, was changed to life imprisonment Friday by Gov. Shivers.

The commutation came just six days before Zamora was scheduled to die on Feb. 9.

Forsan Bisons Trounce Kats

GARDEN CITY, Feb. 4 (Sp1)—Forsan Buffaloes nosed out Garden City 51-38, in a District 23B basketball game played here Friday night.

Fourteen points made by Virgil Bennett proved the big difference in the score. Theibert Camp came in for fine points for the winners.

The tally was dekedacked at half time, 15-15.

Forsan also won the B game, 17-4, with Overton hitting for six points. Frisell paced Garden City's attack with four.

GARDEN CITY (50) FG FT A PF TP

Cheaney Starter

LAREDO, Feb. 4 (Sp1)—Joe Balley Cheaney of Brownwood, Tex., was named official starter for the 18th annual Border Olympics today.

The Olympics will be held here March 11-12. Cheaney was starter for the 1949 meet and several previous ones.

THE WEEK

(Continued from Page One)

and may be obtained from the U.S. Department of Commerce, weather bureau at Washington. It's strictly statistical but has such items at a record high of 117 degrees, a low of minus seven, and peak rainfall of 35.81 inches.

The "deathless days" string in city traffic cracked up last week at 790. A death Sunday and another Monday started it all over with the figure reduced to five Saturday night. Meanwhile, an early morning episode had claimed two lives. That's what mattered.

L. D. Whitley, Lubbock, district census supervisor, will be here Feb. 23 to interview applicants for enumerator posts and to select a crew leader. Kick-off on the important decennial count is set for April 1.

March of Dimes results picked up last week, but estimates Saturday evening were that the total raised appeared to be around \$4,000. This is just half of the \$8,000 the chapter needs. Many who can and should have not yet given. Checks can be mailed to Fritz Wehner, chapter fund chairman, Texas Electric.

What the special session of the legislature does toward financing the eleemosynary institutions remains to be seen. The only sure thing is that it will take 30 days for action. Recommended by the board of control is a \$20,000 project to add space for 250 beds here. The long range program calls for more than \$4 million more to be spent.

Junior college enrollment at deadline Saturday was up to 410. This is 90 more than at the comparable time a year ago. Head count—the actual number of individuals signing for courses—during the year has passed the 500 mark.

Building permits gained substantially in reaching \$274,000 a record for January and \$30,000 more than a year ago. Postal receipts for the month, however, slumped by \$3,000 in amounting to \$12,654.

Cosden's action in assuming purchases from Coltex contracts will mean more than three-quarters of a million dollars a year additional returns for producers in the Howard-Glasscock and Itan - East Howard pools. Cosden has been buying since Jan. 10 and effective Feb. 1 increased the take. Around 1,000 barrels a day more will be sold as a result.

All roadway has been secured on the Coahoma-350 tie-in. Only one tract is needed to close out on the Gall road extension to the county lines. The two jobs will exceed four miles.

While county figures are not reported, it is apparent that local ad valorem tax collections will average 90 per cent or better. The schools hit 81 per cent, the city better than 89 at deadline time for current payments Tuesday night.

Army Men Divided On Merits Of Black-Eyed Peas

FORT MEADE, Md., Feb. 4 (Sp1)—The results are in from "operation blackeye" and now the Army has to figure out what they mean.

On a directive from Washington, Southern style black-eyed peas were served to 135 men here Friday. The peas were prepared with salt pork and chopped onions—as Mess Sgt. Richard Kindred of Rockwood, Tenn., explained, "just like my mother does them."

Well, 23 of the guinea pig GI's said they liked the dish, 24 said they didn't and 88 didn't care enough either way to fill out a questionnaire.

Replies also indicated 10 of the 23 "likes" had never eaten black-eyed peas before and 17 of the 24 "don't likes" hadn't either. Most of the men in the test outfit, Company E of the 3rd Cavalry Regiment, are from the North.

Pvt. Thomas Hayes of Bronx, N. Y., may have summed up the arguments of the opposition when he quipped: "I like them better than sweet peas, but then I hate sweet peas."

Veep To Attend Houston Dinner

HOUSTON, Feb. 4 (Sp1)—Vice President Alben W. Barkley is to visit Houston March 7.

He has accepted an invitation to a dinner honoring three Houstonians, banker A. Dee Simpson, Oilman George Strake, and industrialist Mose M. Field.

Mrs. Barkley also has been invited. The dinner is sponsored by the Houston chapter of the National Conference of Christians and Jews.

\$3,855 In School Taxes Collected

A total of \$3,855 was turned over to the county school superintendent by the county tax collector-assessor Saturday, representing school taxes collected during the month of December.

Of that amount, \$619.74 was delinquent tax collections, the remainder on current assessments. The money goes into the maintenance fund for rural schools within the county.

Quartet Jailed On Tampering Charges

Four Latin-Americans—Manuel Renteria, Enrique Ortega, Raul Ortega and Albino Ortega—were lodged in the county jail Friday on charges of tampering with a motor vehicle without authorization.

The quartet allegedly punched holes in the casing of a Howard county car.

A recently completed nationwide survey by American Institute of Public Opinion on the question:

"Do you think advertising in newspapers adds to, or takes away from, your interest in them?"

An overwhelming proportion says advertising ADDS INTEREST to newspapers... while the same question on other media reveals a much smaller margin of favorable attitudes. Read the results given below—

Newspapers

Table showing survey results for Newspapers: National, By Age, By Sex, By Education. Columns include Takes, Adds, No Dif., Un-ferenced, Don't Read, and percentages.

Radio

NON-ATTENDANCE FIGURES RELEASED

Absenteeism Is Major Problem For Local School Authorities

Attendance in Big Spring schools amounted to 87 percent of the total membership or 94 per cent of the average daily membership during the first semester.

While the latter figure is better pretty high, combined with other factors, it does mean an imposing total number of days absent from the classrooms.

Aggregate of days absent for the first half of the school year stood at 8,862. Add to this approximately 700 individuals who are on the census but aren't in school, and the non-attendance problem is a considerable one.

Of course, a large number of the 700 not enrolled, have completed school, or are in college or have moved from town. School authorities have been going through a process of checking to locate those without legal reason for attendance. Now they are preparing to move with sterner measures.

They recognize, of course, that sickness prevents many students from attending classes. They certainly do not want to jeopardize the health of any youngster or those with whom he might come in contact. But they do want to enlist the aid of parents in seeing that children are in school unless for health or other sound reasons.

Here's the way the figures stack up for the first semester, according to records of Foster L. Patterson, visiting teacher:

Level	Member	Av. Daily	Av. Daily	Ship	Membership	Attend
Elem.	2,408	2,188.37	2,061.48			
8th Gr.	226	226.05	218.37			
H. School	663	654.97	628.06			
Lakeview	167	112.70	100.25			
Total	3,464	3,182.09	3,008.16

Parents Liable If Children Don't Attend School

Legal responsibility for having children of scholastic age in school falls heavily upon the parent or guardian.

Under the law (Art. 299 (P.C.)) parents are to be notified when children are not in school except for cause under the law. If the parent or guardian then fails to require the child to attend school, the attendance officer "shall forthwith file a complaint against such parent or person standing in parental relation to said child... upon conviction for failure to comply with the provisions of this law shall be fined for the first offense \$5 and for the second offense \$10, and for each subsequent offense \$25. Each day that said child remains out of said school after said warning has been given or after said child has been ordered in school by the juvenile court, may constitute a separate offense."

If the parent or person standing in parental relation to the child presents proof that he or she is unable to compel the child to attend, then the case may be turned over to the juvenile courts for proceedings. In other words, children which cannot be compelled by parents to attend could be committed to the state training schools.

Under article 297 (P.C.) every child in the state who is seven years and not more than 16 years of age shall be required to attend the public schools in the district of its residence, or some other district to which it has been transferred by law, for a period of not less than 120 days annually.

Children in attendance at private or parochial schools are exempt, as are those with bodily or mental condition making attendance inadvisable, or any child who is physically handicapped to the extent that it would not fit into regular class procedures. Those living more than 2 miles from school on direct road and lacking free transportation are excepted.

Those who have attained the age of 16 years and who have satisfactorily completed the work of the ninth grade, and whose services are needed to support a parent or those in parental relation may be exempt from further attendance.

This is the crux of the law under which authorities plan to proceed in an effort to attain maximum participation by children who are district responsibility.

Local Fire Captain Severely Burned In Fighting Blaze

Fire Capt. A. D. Meador received severe burns on both hands and the face Friday when a flaming ceiling fell on him as he fought a northside residential fire.

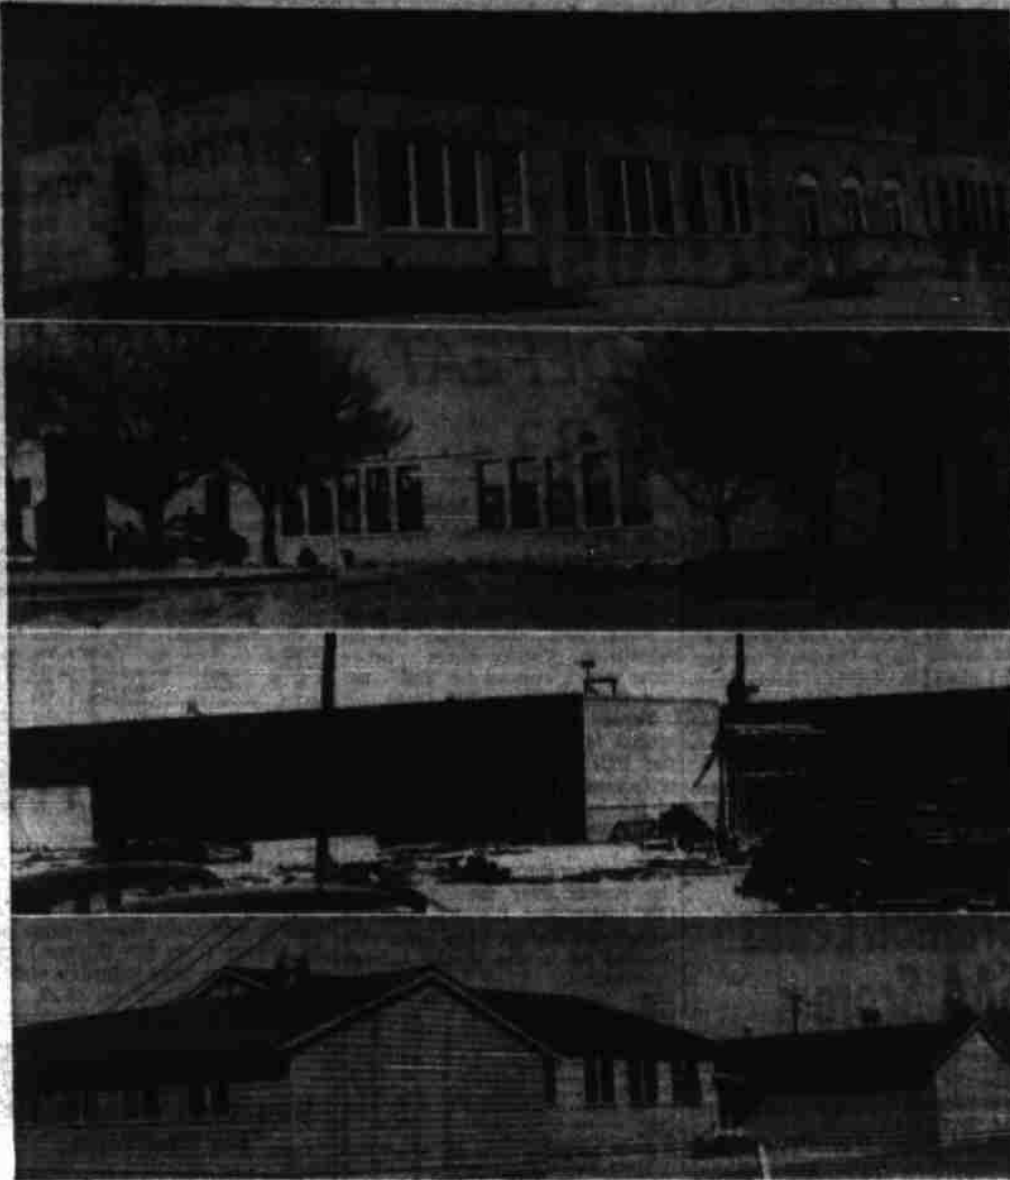

The fire, apparently starting from a gas heater, destroyed approximately 30 per cent of the house and its contents. Thomas White was occupant of the residence at 900 N. W. 5th street.

Capt. Meador sustained first degree burns on the right hand and face and second degree burns on the left hand, doctors said. He was released from the hospital following emergency treatment.

The blaze occurred about 4:40 p. m. Friday.

Rites For Pioneer

STEPHENVILLE, Feb. 4. (AP)—Last rites were held today for Mrs. Agnes B. Cowan, "Aunt Vic," a Texas pioneer who remembered running from marauding Indians when she was four years old. She was 94 when she died.

CLASSROOMS IN MAKING—Approximately 20 additional classrooms will be provided when current school building programs are complete. Top, left, the lighter portion shows two new classroom units at north ward. Second from top is a view of exterior walls of Kate Morrison school, where six rooms are being added. Third from top is a section of the 8-room addition to College Heights school. Below is the Lakeview school, which gives the colored scholastics of the local district adequate and modern facilities. (Mathis Photos).

\$115,000 PROJECT UNDERWAY

20 Classrooms Being Added To City Independent School Dist.

Major projects which will provide an aggregate of approximately 20 additional classrooms for the Big Spring Independent School district are taking shape.

The Lakeview (Negro) school building has long since been finished and utilized, and two rooms at North Ward may be ready within a week to 10 days. Other projects at Kate Morrison, where six rooms are being added, and College Heights, with eight rooms, will be a month and a half to two months in construction.

The entire project will involve expenditure of approximately \$115,000. This includes the Lakeview job, which was not in the larger contract, and purchase of a 36,400 tract of land east of Washington Place as site for a future ward school.

Exterior doors for the North Ward building have arrived and are due for installation this week. Some minor masonry, plastering and painting also remain to be done. Pat Murphy, school business manager, said that furniture for the rooms was on hand.

Outside walls and some of the partitions are up on the Kate Morrison school. The project is approximately 50 per cent complete. The completion figure, according to estimates from Puckett & French architect-engineers, is about 65 per cent on the College Heights. Walls are up, roof on, three-fourth of the partitions installed and bulk of the floor slab poured. Plumbing has been mostly roughed in on the job.

Furniture for the Kate Morrison

New Cub Scout Den Organized Here Saturday

A new den for Cub Pack No. 13 was organized Saturday at a special meeting held at the Obie Bristow home.

Fifteen youngsters were presented for registration after a full staff of adult leaders accepted assignments.

Mrs. Bristow was named Den-mother, while Mrs. Robert Stripling and Mrs. Omar Elliott were named to serve as assistants.

Den Chief for the new unit is Jimmy Hicks. He will be assisted by Bill Dillon.

Adult leaders and prospective members of the new den attended a winter roast at the Bristow home at 11:30 a.m. At that time, D. M. McKinney, Lone Star District Boy Scout commissioner, explained objectives of the Cubbing program.

Charter members of the new den are Teddy Groehl, Tommy Jack Richbourg, Eddie Kinny, Bobby Dillon, George Peacock Jr., Tony Hampton, Claude Renick, Gordon Bristow, Halley Haynes, Bill French, Lee Denton, Jerry Graham, Bobby Kiser, Bill Elliott and Robert Stripling.

Forsan Service Club Anniversary To Be Observed Thursday

FORSAN, Feb. 5.—A gala occasion is being planned here Thursday evening on the occasion of the third anniversary of the Forsan Service Club.

It will be ladies night. Indications are that there will be upwards of 60 members, together with their wives and guests in attendance. The dinner affair is slated for 7:30 p.m. in the cafeteria. There will be favors for the guests and a short program.

Local Kiwanis Membership Is Increased To 53

The Big Spring Kiwanis club has increased its membership from 46 to 53 since the first of the year, club officials announced Saturday.

The club plans to induct more new members during the next few weeks, and the ultimate roster is expected to carry 75 names.

Latest to join the organization are Leonard Lyon and J. E. Foote. They were introduced as new members at the last regular meeting.

Others who have become affiliated with the Kiwanis since the first of the year are Shirley Robbins, Harry Stalcup, J. N. Young Jr., Carl Strom and A. D. Harmon Jr.

WINGS OVER BIG SPRING

AF Traffic Heavier Than Navy's at Muny

For the first time in three years, Air Force traffic exceeded that of the Navy at Municipal airport in January, Jack Cook, airport manager, indicated Saturday.

During the first month of 1950, a total of 233 Air Force planes landed at the local field. Navy craft landing in the same period totaled 190.

Increased student operations at Lubbock and San Angelo Air Force bases was probably responsible for the heavy AF traffic, Cook said. Student pilots have been shooting landings here for the past few weeks.

Topping of the driveway and parking area for the Municipal air terminal area is to start early this week. Surfacing work was halted Monday by rain and low temperatures.

E. R. Russell, local pilot, has been doing considerable flying during the past few days. He is flying a Piper Vagabond recently purchased from Ben Funk, another Big Spring airman.

J. D. Church's Cessna Air Master, four-place plane, is getting a complete recovering job at Municipal hangar. Bill Edwards is doing fabric work on the craft. The work will probably require several weeks, observers report.

Installation of a stand-by auxiliary power unit was completed at the air terminal building last week. The emergency unit will be used in cases of power failure.

Utility service was disrupted for the second time at the airport terminal Tuesday when a maintenance man broke a gas line leading to the building.

The break was repaired in about 30 minutes. The week before, a grader had slashed an underground electrical line which supplies the terminal with power, suspending weather and communications activities for some 55 minutes.

The grading equipment was being used to prepare the base for the terminal driveway.

Jack Odle, control tower chief here, flew to El Paso early in the week for a Civil Aeronautics conference. He returned to Big Spring Friday.

Clyde T. Rice of Dallas who suffered a heart attack here about three weeks ago was flown home

yesterday in a DC-3 belonging to Toddie Lee Wynn, also of Dallas.

Rice was stricken with the heart attack Jan. 15 while visiting the Lee Hansons here. He has been in the Big Spring hospital since. After landing at Love field, Dallas, yesterday afternoon he was to be taken to his home by ambulance.

Wynn, longtime friend of Rice's, is a former partner of Clint Murchison, Dallas oilman.

Continental airlines claimed a new commercial speed record Thursday after one of its Convairs had flown from Denver to Kansas City in an hour and 38 minutes, according to J. A. Ferguson, Pioneer station manager who also handles Continental's station services at Municipal airport.

The Continental plane cut 37 minutes from regular flight time on the 553 mile hop Ferguson said. Average speed was 340 miles per hour.

The plane was piloted by Capt. Wade Johnson of Denver.

McALISTER READY TO PRODUCE DEVICE

Local Man Develops Concealed Automotive Air Conditioner

A concealed automotive air conditioner, capable of pulling summer temperatures down 20 degrees, has been designed by George A. McAlister, Big Spring.

After three years of work, McAlister, instructor at Howard County Junior College, is ready to move into the production stage. He started working with the device in 1946 but a practical model was not developed until July 15, 1949.

Due to patent and other legal procedures, it was not possible to manufacture the cooler for commercial distribution until now. A Dallas operator has an option on production, but if he does not exercise it, McAlister has ample backing to produce it locally.

McAlister's first cooler was designed for, and attached to a 1949 Chevrolet, but it is adaptable to many other late model automobiles. As a matter of fact, installation in cars lacking air ducts in a number of the later models can be made inexpensively by adding the ducts.

Experience has shown that under ordinary conditions the cooler will lower the temperature 20 degrees. Sworn statements bear this out.

The cooler works on the evaporative principle. It carries six gallons of water in a tank under the front bumper. This is sufficient for a 100-mile trip without a refill under normal driving conditions and speeds.

Because the tank is equipped with a circulating pump and any excess spray on or through the evaporative pads is returned to the tank, maximum use is made of the water.

The cooling unit itself is installed behind the grill, but it does not interfere with the radiator. Neither does the cooler detract from the appearance of the car because it is totally concealed within the shell of the automobile.

In this respect, as in others, it differs radically from other automobile evaporative-type coolers which were made to suspend outwardly from a partially opened window.

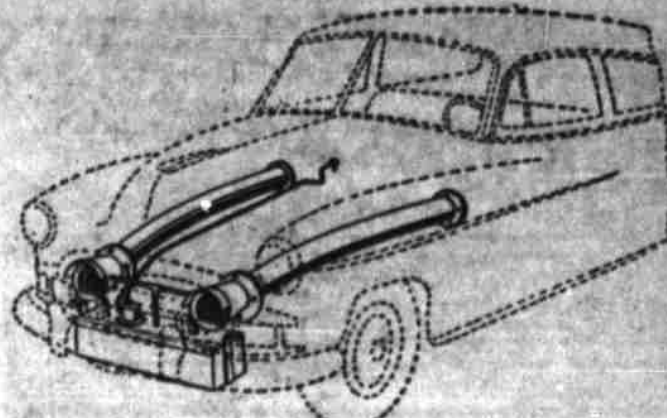

Forward movement of the car automatically sets up a forced

Garden City MOD Dance Nets \$200

GARDEN CITY, Feb. 5—A profit of \$200 was realized from the March of Dimes benefit square dance held here last week.

Mrs. H. A. Haynes, county chairman, reported the figure Saturday.

At one time Wednesday evening, there were 18 squares on the floor. Music was furnished by the Hubbard string band from Big Spring. Callers included Tommy Whatley, George Amos, Jim Feita, Oscar Nabors, Charles Hutchison, J. Johnson of Big Spring, Phil Smith and Dan Houston of Garden City. There also were callers from Cosboma, Stanton and Sterling City. Women of the community donated pies, cakes and sandwiches, and these proceeds went to the fund.

NEW CAR AIR CONDITIONER—Invented by George A. McAlister, HCCJ instructor, a new concealed evaporative type air conditioner for cars is due on the market this year. It was designed for late model cars with built-in air ducts, but is adaptable to any type. Evaporative pads, served by a pressurized spray, take in air behind and below the radiator grill. The air is delivered by the long ducts to the interior, where its flow and volume may be controlled and directed. Six gallons of water, enough for a 100-mile drive on a summer day, are carried in a tank behind and below the front bumper. A small electric pump circulates it to the pads and excess gravitates back to the tank.

McALISTER READY TO PRODUCE DEVICE

Local Man Develops Concealed Automotive Air Conditioner

A concealed automotive air conditioner, capable of pulling summer temperatures down 20 degrees, has been designed by George A. McAlister, Big Spring.

After three years of work, McAlister, instructor at Howard County Junior College, is ready to move into the production stage. He started working with the device in 1946 but a practical model was not developed until July 15, 1949.

Due to patent and other legal procedures, it was not possible to manufacture the cooler for commercial distribution until now. A Dallas operator has an option on production, but if he does not exercise it, McAlister has ample backing to produce it locally.

McAlister's first cooler was designed for, and attached to a 1949 Chevrolet, but it is adaptable to many other late model automobiles. As a matter of fact, installation in cars lacking air ducts in a number of the later models can be made inexpensively by adding the ducts.

Experience has shown that under ordinary conditions the cooler

flow of air through the ducts. This furnishes the interior of the car with a sufficient quantity of cooled, washed air. The volume of flow may be reduced at the outlet to desired rate, or it may be aimed by means of directional outlet.

McAlister points out some other probable advantages of the unit, incidental to cooling. One is the delivery of air filtered through moist pads and thus cleaned of dust and pollen. Medicants, deodorizers, etc. may be added to the water for particular effect or pleasant odor.

By a minor addition, the unit can deliver water under pressure to the exterior of the windshield, making it effective as a washer. The tiny pump used to circulate the water has negligible effect on a battery, consuming far less energy than the smallest light on a car.

One of the most difficult problems presented in connection with the design was recovery of water which might get through the evaporators. McAlister engineered so that a partial vacuum is set up at the lower front side of the unit. From this point a pressure-free duct is extended behind the pad for free return of any excess water to the reserve tank.

Annual Lions Club Minstrel Set For March 2-3 In City

Dates for the third annual Lions club minstrel have been set for March 2 and 3.

Plans are shaping for the affair, and a representative of the John B. Rogers Producing company will arrive here Feb. 18.

This is the same company which produced "Centurama" here during the Centennial week.

Harold Steek, general chairman for the production, said that a club assembly would be called for the evening of Feb. 18. Rehearsals are due to get underway the following Monday.

While the show is a project of the Lions club, talent is not restricted to the club. Persons desiring to try-out for a place in the production should call Schley Riley, talent chairman, at 1146.

Net proceeds from the project will go to local civic and welfare programs. From the first two shows the club financed purchase of \$1,200 in new band uniforms and contributed a substantial amount to the Girl Scout hut.

Mr. and Mrs. O. W. Fletcher Have Party In Forsan Home; Visits Made

FORSAN, Feb. 4 (Sp) — Mr. and Mrs. O. W. Fletcher entertained with a party in their home Thursday evening.

Guests included Mr. and Mrs. D. W. Roberson, Mr. and Mrs. Whittenburg and Mr. and Mrs. Joe E. Mastera.

Mr. and Mrs. C. V. Wash, Bob, Charles and Danny and Marie Petty went to Decatur Saturday night to attend the wedding of Constance Van Meter, daughter of Mr. and Mrs. O. J. Van Meter, and Glen Eugene Smith, son of

Mr. and Mrs. Glen Smith of Big Spring and former residents of Forsan. Bob Wash was one of the groom's attendants for the wedding.

Wayne Monrosey is home for the week end from West Texas State Teachers College, Canyon.

Mrs. S. C. Crumley, Sr., is in Seagoville visiting her son and his family, the Rev. and Mrs. S. C. Crumley, Jr.

Barney Harrigan of Abilene was a business visitor in Forsan Thursday.

Mr. and Mrs. D. W. Roberson, Betty, Robert Lee and David were recent visitors in Strawn, Mineral Wells and Weatherford.

Mr. and Mrs. H. L. Hand, Jr., and sons are in Sweetwater visiting his parents, Mr. and Mrs. H. L. Hand, Sr.

Horace Mann of San Angelo was a business visitor here Friday.

Mr. and Mrs. J. C. Parker and Jan were in Mason Friday and Saturday. Her mother, Mrs. Kelso, who has been visiting them here, returned with them to her home in Mason.

Mr. and Mrs. Alvin Long are moving from Forsan to Carlsbad, N. M. to make their home.

The Rev. A. L. Byrd attended the Baptist convention in Midland Thursday.

A. D. Copelis of Abilene was a visitor in the D. W. Roberson home Thursday.

Bill Leonard of Texas Tech was home Thursday and Friday to attend the funeral rites of his grandmother, Mrs. Ida V. Wangman.

Friday guests of Mr. and Mrs. Frank Theime were Mrs. Henry Bade and Julius Bade from their ranch near Sterling City.

Sam Berger was in Odessa during the week.

Oilmen Protest British Bans

HOUSTON, Feb. 4 (Sp) — Great Britain may find that her restrictions against American oil companies affect her own ECA pocketbook.

Oilmen and Congressmen want to know how much of Britain's Economic Cooperation Administration money is being used to expand her own oil industry.

Several senators have indicated heavy slappings of United States European recovery funds will be in order if they confirm what they suspect.

The administration is expected to ask Congress shortly for \$3,100,000,000 for the recovery program.

In December British officials ordered a ban on all fuel oil imports from American companies and a one-third reduction in gasoline imports. The order became effective Jan. 1. India, Australia and Kenya immediately made similar announcements.

The announcements explained it was desired that such oil from American companies be replaced by surplus British reserves as they become available.

American oilmen do not like to think of Britain cutting off a large portion of their overseas market and then using American ECA money to aid in replacing the market with her own petroleum reserves.

This week there was indication the ban against American oil is to become effective throughout the British commonwealth.

Mr. and Mrs. O. W. Fletcher entertained with a party in their home Thursday evening.

Guests included Mr. and Mrs. D. W. Roberson, Mr. and Mrs. Whittenburg and Mr. and Mrs. Joe E. Mastera.

Mr. and Mrs. C. V. Wash, Bob, Charles and Danny and Marie Petty went to Decatur Saturday night to attend the wedding of Constance Van Meter, daughter of Mr. and Mrs. O. J. Van Meter, and Glen Eugene Smith, son of

Glasscock District Court To Open

The February term of 118th District Court for Glasscock county will open Monday in Garden City.

Charles Sullivan, presiding judge, and Elton Gilliland, district attorney, plan to be at the Glasscock county courthouse Monday morning when the grand jury is scheduled to convene. A light criminal docket is expected, since few complaints have been lodged.

Judge Sullivan said there is a possibility that a few civil cases will be tried during the February term, however.

Rites For Tot Today

Last rites will be said at 4 p.m. today at the Sacred Heart Catholic church for Gloria Madrid, four months old daughter of Mr. and Mrs. Henry Madrid. The baby died Saturday morning at the family home at 201 NW 2nd (Richard) street.

Named Katy Director

ST. LOUIS, Mo., Feb. 4 (Sp) — R. B. George of Dallas has been elected to the board of directors of the Missouri-Kansas-Texas Railroad.

First Aid Courses For Instructors To Be Held Here

Special courses for first aid instructors will be held here this week.

Bob Lucey, first aid specialist for the American Red Cross, will arrive Monday to present the course as a refresher and qualify for first aid instructors.

C. J. Lamb, chairman of the first aid activities for the Howard Glasscock chapter, urged all now holding RC instructor ratings or who have held them to contact Red Cross headquarters Monday. Instruction is to begin Monday evening, he said.

410 Enrolled In City Junior College For Spring Term

The close of registration Saturday found a total of 410 students enrolled in Howard Junior college for the spring semester. E. C. Dodd, president, said last night.

Enrollment is 33 less than for the fall term, but is considerably above the number enrolled for the 1948 spring semester, Dodd said. Last fall, 443 students were taking courses at the junior college. Spring enrollment last year was 320.

Saturday was the last day for entering the school for the spring term, Dodd stated.

Local High School Industrial Students Work 10,000 Hours

Twenty-one high school students in the industrial cooperative training class put in an aggregate of more than 10,000 hours during the first semester.

Of this amount, reported Joe B. Neeley, co-ordinator, 8,482 hours were spent in training on the job and 1,787 hours in related study in the classroom.

In the process of their training, these students earned \$3,012, a figure which does not include time spent on the job on Saturdays or holidays. Their gross earnings, therefore, are substantially higher.

Individual earnings in on-the-job training ranged from \$100 to as much as \$223 in one case. The amount depended upon the length of service and the scale for apprentices in that particular occupation as well as hours worked. In general, students averaged around 85 hours of class work.

Under the program students spend part of their morning in school in job related study and then go on the job for the afternoon for practical application.

Listed in the program, together with objective and training station, are: Horace Bowden, Baker, Vaughn's Sweet Shop; Gene Campbell, auto mechanic, Rows' Garage; Men-vil Click, printer, West Texas Stationers; Juanita Hobbs, Barbara Petty, Betty Hamrick, Venita Sue Smauley, nurses aides, Medical Arts; Carrol Kinman, auto mechanic, Dietz Garage; Dan McClanahan, office work, City of Big Spring; Arnold Parmley, electric motor repair, Taylor electric; Elva

Thames, laboratory technician, Cow-per's Clinic Hospital; Lavern Tro-lindet, office worker, Big Spring hospital; Joe Waldrop, florist, Faye's Flowers; Ben Boadie, auto mechanic, Jones Motor Co.; Myri-Click auto electrician Wilson Auto Electric; LaNell Engle, office worker, West Texas Compress & Warehouse Co. Savoy Kay, auto body repair, Quality Body Works; Viron Har-tin, auto mechanic, Quality Body Works; Geraldine McGinnis, flo-rist, Conley's Flowers; Jimmy Mea-dor, stock room clerk; Marlin Murphy, office machine repair, Hesser's Office Supply.

INGRID AND ROBERTO—Ingrid Bergman, who gave birth to a boy at a Rome hospital, sits with Roberto Rossellini during a news conference in April. Rossellini, who directed Miss Bergman's most recent film, was reported at the actress' bedside. Miss Bergman recently filed suit for divorce from her husband, Dr. Peter Lindstrom, Hollywood physician, and announced that she plans to wed Rossellini after the divorce is granted. (AP Wirephoto).

BUT ALL'S FORGIVEN NOW

Ingrid's Lover Tussles With Life Cameraman

ROME, Feb. 4. (AP)—Roberto Rossellini, the Italian film director who specializes in realism, tussled with a cameraman three minutes tonight outside the hospital housing Ingrid Bergman and her infant son. The clash was bloodless, but sound effects were loud.

"Scoundrels!" Rossellini shouted as he jumped from his new car at the gates of the clinic.

"This is enough, enough. When are you going to stop this?" Rossellini seized photographer Jack Birns of Time and Life magazines and shook him violently. Birns, of Los Angeles, shoved Rossellini right back.

Other photographers snapped the scene as the two 185-pounders hosted each other. Both are about five feet, 10 inches tall. Rossellini is 43 and Birns 31.

Turning to a policeman, Rossellini ordered: "Arrest this man." The officer ignored the order. Rossellini then turned and stalked into the hospital where he has been living since the Swedish film actress, still legally the wife of Dr. Peter Lindstrom of Holly-

wood, gave birth to the boy Thursday night.

Later Rossellini's chauffeur came downstairs and apologized on behalf of the director. He said Rossellini was excited and upset.

"I forgive him," the photographer said. "I'm a father too."

The director is shooting a film on the life of the Roman Catholic Church's most gentle saint, Francis of Assisi, at Oriolo Romano, near Lake Bracciano, 20 miles from Rome. This follows up completion of "Stromboli," a grim picture starring Miss Bergman, which was made last year on the volcanic island of Stromboli off Sicily.

Birns said he was startled when Rossellini lunged for him, apparently trying to seize the flash bulb from his camera, but he blocked the camera with one hand and Rossellini with the other.

Rossellini kept shouting "It's my right, it's my right," the photographer related.

Birns got his picture. Photographers scattered when Rossellini drove in from location, so he trotted to the main door of the clinic, where Birns and others were posted.

"We thought it was the chief of police followed by two jeeps of police," one of the Italian cameramen said later. "That's how much noise Rossellini was making."

Elio De Angelis, owner of the clinic, quoted Miss Bergman as saying she would not leave the hospital while reporters waited outside.

Miss Bergman, who is awaiting a mail order divorce from Juarez, Mexico, has until Sunday, Feb. 12, to register the birth.

Juarez attorneys say that, in normal course, her divorce will be granted about Feb. 14. She will have an opportunity, in registering the birth, to declare who is the father of her baby — tentatively named Roberto.

Under Italian and California law, the baby would be regarded legally as the son of Dr. Lindstrom, who visited Miss Bergman in Sicily last May in a reconciliation attempt that failed.

Dr. Pier Luigi Guidotti, one of her doctors, said that, "biologically and sentimentally, there is no doubt that the child is Rossellini's — juridically, that's another matter."

Rossellini carries one key to the luxurious three-room suite of Miss Bergman in the clinic. Miss Bergman's special nurse, Giulia Favoretta, carries the other.

The nurse said both the actress and her blue-eyed son spent a good night last night. Breast feeding started at 8 p.m. Rossellini was "deeply touched" at the sight, Miss Favoretta said.

GUARD MAKES LEGAL TACKLE

DETROIT, Feb. 4. (AP)—A guard for the Detroit Lions professional football team tackled a man at a holdup scene last night and sat on him until police arrived.

At police headquarters, Howard Brown was commended on his flying tackle. The football player said, however, it was just a plain tackle.

"Flying tackles are illegal," Brown explained, "and call for em."

DISTRIBUTION TO NEEDY URGED

Brannan's Potato Plan Draws Sharp Senatorial Criticism

WASHINGTON, Feb. 4 (AP)—Secretary of Agriculture Brannan's plan to sell surplus potatoes back to farmers at bargain prices drew sharp criticism today from several senators.

Brannan directed Friday that from 25 million to 40 million bushels of the 1949 surplus—which cost the government an average of \$1.25 a bushel—be sold where grown at one cent per hundred pounds. They would be dyed blue to keep them out of regular market channels and farmers presumably would use them for animal feed and fertilizer.

"That seems to be putting pigs and livestock ahead of hungry kids," Sen. McCarthy (R-Wis.) told a reporter.

McCarthy urged that all farm food surpluses—such as butter, milk, eggs, and potatoes—be made available for free distribution to needy people.

Other GOP lawmakers, including Sen. Aiken (R-Vt.), said the decision was up to Secretary Brannan.

But most of them said they thought ways could be found for human use and consumption of the surplus potatoes.

Aiken said many relief agencies do not know "they could get the potatoes merely by paying transportation costs."

Senate Democratic Leader Lucas (D-Ill.) said the Brannan disposal plan only emphasizes the "need for effective controls over both planting and marketing of potatoes if we are going to continue government price supports."

Lucas told the Senate Friday that Congress should jerk out the price props for potatoes this and future years unless Congress passes a new measure that would actually reduce potato production.

Sen. Anderson (D-NM), who preceded Brannan as Secretary of Agriculture, said he would "like to see these surpluses used if possible."

But Anderson agreed with Lucas that unless Congress passes effective potato controls it probably will quit supporting their price.

Lucas told the Senate that the losses on potato supports were giving a "very dark eye to the entire farm support program of the nation."

He said Secretary Brannan now has "no controls whatsoever."

Sen. Aiken contended that Brannan and department officials now have authority to limit both planting and marketing of potatoes as a condition for continued support.

Before issuing today's directive Brannan had asked Congress for advice on the some 50 million bushels of surplus spuds, owned by the government saying they could

be dumped or destroyed or another 10 to 12 million dollars spent on moving them for free disposal or industrial uses.

Members of the Senate Agriculture Committee replied that the problem was one for the secretary to solve.

It cost the government about \$225 million to support potato prices on the 1949 crop. Cost of the 1949 surplus may reach \$90 million to \$100 million. The Agriculture Department decided Friday to lower average farm price supports for the 1950 crop to \$1.01 a bushel or 9 cents less than last year's average.

Change In Local C-C Constitution Okayed Saturday

Chamber of commerce members unanimously approved a change in the organization's constitution at a called meeting Saturday, permitting an increase in the number of directors from 30 to 40.

The change is effective immediately and will apply to the board of directors to be elected for the new fiscal year which begins March 1, Douglas Orme, president, said.

Under the amendment, 15 directors will be elected for two year terms each year instead of the 10 which were formerly chosen. After the change has been instituted, 15 members of the board will be held over annually, serving with an equal number of new directors.

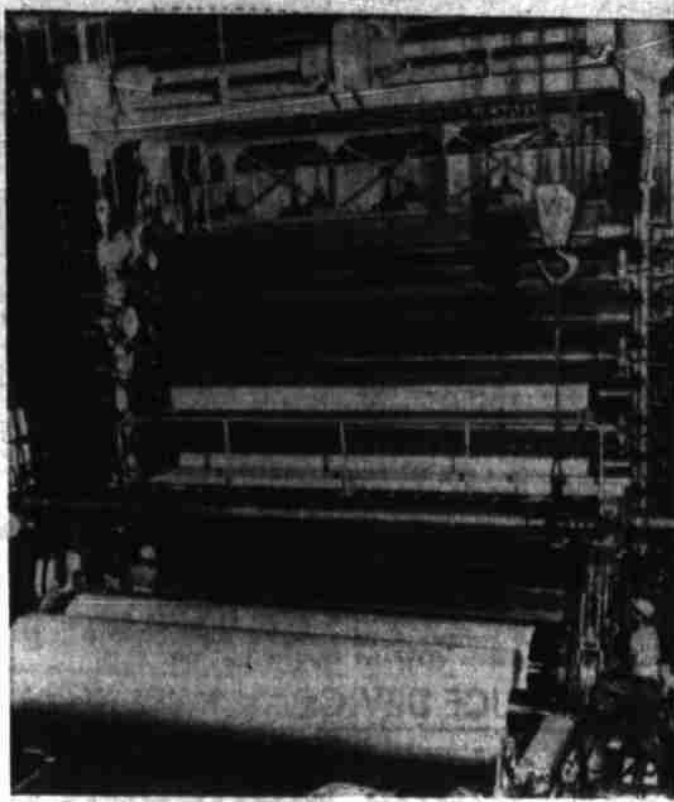

The 30 directors elected by the chamber's members may elect an additional group of not more than 10 directors to serve for one year, bringing the board's total strength to 40.

Maximum for the 1950-51 board will be 35, Orme said, since only 10 directors will be held over from 1949-50 fiscal year. Full strength of 40 may be attained in 1951-52.

Chamber members favored the change in rules allowing for the election of 15 directors annually by a 230-6 margin, according to a survey made by J. H. Greene, manager, prior to the called session. Those attending the special meeting Saturday voted unanimously for the change.

Holdover directors for 1950-51 are Ray Griffin, J. B. Collins, J. D. Jones, Roy Cornelison, Pat Murphy, Dan Conley, H. P. Wooten, Shine Phillips, R. Gage Lloyd, and Matt Harrington.

They will nominate a list of from 30 to 40 potential directors. Ballots for the selection of 15 from the group will be mailed to the organization's members within a few days, Orme said.

NEW SOURCE OF NEWSPRINT—Newsprint pours from huge machines at the \$22,000,000 plant of the Coosa River Newsprint Co. at Coosa Pines, Ala. The plant, which manufactures paper from Southern pine, is the first new source of newsprint in more than a decade. Stock in it is held by 128 newspapers throughout the nation. The plant will turn out 300 tons daily when it reaches peak production. (AP Wirephoto).

Experts Suggest Way To Avert Depression

NEW YORK, Feb. 4 (AP)—How can the nation stave off or cushion another depression? How guard against the wholesale loss of jobs when business slackens?

Some think labor can do it by forcing companies to guarantee an annual wage, rather than to hire or fire men from day to day as new orders wax or wane.

Some think government can do it by managing the supply of money and credit so that the country never actually deflates—unless the bubble bursts.

And some think industry can do it, by setting up reserves in the fat years to keep plants running in the lean years, thus keeping many on the payroll who otherwise would go on relief.

Gen. Robert E. Wood, chairman of Sears, Roebuck and Co. of Chicago, thinks the United States will be able for a number of years to stave off the threat of recessions or depressions by juggling the money supply. He is no advocate of such a policy, but he thinks that is what we are in for.

The part that industry itself could play is stressed by Joseph L. Snider, professor of business economics in the Harvard Business School, in the forthcoming issue of "The Controller," official publication of the Controllers Institute of America.

Businessmen retain extra funds for expansion, Snider says, but "fail to establish funds which will insure continuance at all times of a healthy level of operations." In the past, business reaction to the threat of depression, he notes, was to lower wages, reduce the number of employes, cut overhead, put off upkeep, pare stocks and even let down on sales efforts. But he thinks all this is self defeating in the long run—"one company's expense is another company's or individual's income." And he suggests that stabilization reserves would stop this sort of cost cutting from snowballing into a depression.

Youth Accented At City High School Assembly Friday

Accent was on youth at the high school assembly program Friday. Members of the student body were presented in a Youth Week

program announced by Omar Pihman, Jr. Included were Larry Evans, pianist; June Brownrigg, declaimer; and the "Hungry Five," a German band recruited from the high school band. Another highlight of the program was presentation of sweaters to lettermen, and letters to the 7 and junior high football squads. Approximately 80 boys shared in the awards. Afterwards, the team had a meeting and elected Bobby Jack Gross and Aubrey Armistead as co-captains for next autumn.

Cowan To Broadcast Over KBST Today

Carlton Cowan, vocational agriculture teacher at Knott, will be guest speaker on the chamber of commerce radio program Sunday afternoon.

He will be interviewed by H. J. Morrison, assistant chamber manager, and will discuss the vocational agriculture phase of the public school curriculum. The broadcast may be heard at 3 p. m. Sunday over station KBST.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Buick Style is Here Again!

NO question now as to who has the ball on automobile styling!

Take a look at almost any blockful of new cars—and you will see once more the sweep and dip of tapering fenders that Buick pioneered—and that the whole country went for with a joyous whoop and holler.

They're a little smoother now, of course, rounded a bit—and are molded right into the body. And they flow sweetly into rear-fender forms that look for all the world like a jet plane's power plant.

Then look how wonderfully they are topped off in the upperstructure—with wide, curving, one-piece windshields, and with smart, Buick-originated wrap-around back windows!

Yes, Buick style is here again. The sleek, swift-lined style that has put Buick right in the fashion forefront of postwar America.

And you can have it in a choice of many sleek and roomy models, ranging in

price from just above the lowest brackets to the fine-car field.

Come in to see your Buick dealer—and start traveling in the smartest styling of the times.

Girl Magician To Appear In City Next Saturday

Joan Brandon, a good-looking girl with a bag full of tricks, has been booked for an appearance here next Saturday at 8 p. m. in the city auditorium.

A veteran trooper and object of a page spread last year in Life magazine, Miss Brandon is being sponsored here by the junior chamber of commerce.

Miss Brandon might pass for a starlet, but in reality she is a talented professional magician with a background of appearances in the 48 states and a dozen or more foreign countries.

Daughter of an outstanding magician, she was tutored by her father while carrying on other studies. As a result, she got to be not only a polished magician but good in music and dramatics as well.

Last year she presented a popular television show over WNBC, running weeks on end without repeating a trick. Her repertoire is crowded with feats of magic such as pouring a hundred drinks out of an apparently empty container. Miss Brandon delights in de-

bunking spiritualists. It irks her to see \$250 million a year lifted by this gentry when she contends that fake mediums can always be unmasked.

Her show here will be presented at popular prices.

City Church Bowling Schedule Changed

Schedule of games for the Church Bowling league has been changed to a six team basis, Dr. T. C. Tinkham, league secretary, has announced.

The new schedule is to go into effect Monday. The change was necessitated when two teams dropped from the competition, leaving a total of six entrants.

Teams now in the league and captains of each are Alley Warmers, Troy Harrell; Pin Toppers, Arnold Tonn; Speed Balls, C. A. Tonn; Pin Poppers, Melba Preston; Spares, Nita Chapman; and Strikers, Bob Vaughan.

CARRIER BOXER ARRIVES IN ORIENT—The U. S. Navy aircraft carrier Boxer lay at anchor after its arrival at the Yokosuka naval base near Tokyo, Japan, after arrival to join the 7th United States fleet. The Boxer's arrival in Japan coincided with the visit there of the joint U. S. Chiefs of Staff. (AP Wirephoto).

Graduate Nurses To Meet Here Wednesday

The Big Spring Graduate Nurses Study club is to meet Wednesday

at 8 p. m., according to Esther Trantham, secretary.

Carl S. Bloomsheid is to be guest speaker at the meeting

which will be held at the Big Spring clinic. All members have

been urged to attend the meeting, and to bring guests if they wish.

Native Rulers Is Saar Problem

SAARBUECKEN, Feb. 5 (AP)—One of the first and biggest problems of the Saar, if it emerges as a politically autonomous little nation after this month's Paris talks, will be to find native Saarlanders to govern it.

This pocket-size coal mining valley—70,000 of its 226,000 population are miners—has been "colonized" by Prussians for most of its recent history. Iron Chancellor Bismarck, then Kaiser Wilhelm II, sent scores of stiff-necked Prussians here to administer the region. Adolf Hitler later sent a group of handpicked Nazis to run the West-Marx, as he called the annexed Saar.

Even today there are many Prussians in the Saar administration. They have become "naturalized" Saarlanders but, as French High Commissioner Gilbert Grandval put it himself, that does not mean they have suffered any change of heart.

Premier Johannes Hoffman, himself a native Saarlander, knows that to some of his officials the Saar is just an insurgent province of a greater Germany. It was probably this private anxiety which drove him to impulsive action last month when Chancellor Konrad Adenauer of Western Germany started clamoring that the Saar was really German and must one day be put under the government of Bonn.

But the two internal security laws which Premier Hoffman then proposed to parliament went, as the high commissioner said, "a little far." They provided such stringent penalties for almost any form of criticism of the Saar government and constitution, that world reaction condemned them as "undemocratic." Hastily Hoffman climbed down, promised they would be reconsidered and finally modified.

It was perhaps symptomatic, however, that they aroused less vigorous reaction in the Saar. Foreign observers here estimate that the Saar is at heart only about 40 per cent democratic in spirit even today.

People show a typically German acceptance of higher authority. Measures which would have called forth an immediate general strike in politically-conscious France cause scarcely a ripple here. The Saarlanders always accept their situation calmly. Past history is at least partly responsible for this.

Originally Seris under the Princes of Nassau-Saar, they were conquered by King Louis XIV of France who founded the city of Saarlouis, second town of the little state.

Long periods of administration by the Prussians followed until the end of the first world war brought French military occupation of the Saar. This gave place to govern-

ment by an international commission appointed by the League of Nations until the Saar voted its own annexation with Hitler's budding third reich. Nazis from other parts of Germany then ran the Saar until the French returned in 1945.

Glasscock Voter Registration Up

GARDEN CITY, Feb. 5—Voter registration increased by almost 100 for Glasscock county this year. Sheriff Walter Toole reported that a total of 377 had paid poll taxes and 13 others had received exemption certificates. This gives a total viable vote of 390 as compared with 295 for last year.

Penicillin Price War Cutting Cost Sharply

Time can reduce the rare and the scarce to common and plentiful where man has a hand in it.

Latest example is the "wonder drug" penicillin, which reportedly has become involved in a price war waged by drug manufacturers.

Local druggists report no first-hand information on a price war, as such, but they have noted sharp declines in prices for penicillin.

"We got \$1.50 now for the same amount of penicillin that used to sell for \$10," one Big Spring druggist said.

Latest price reduction came about two weeks ago, and there have been others in recent months.

The Wall Street Journal reported recently that manufacturers involved in the price war were selling 100,000 units of penicillin for four and a half cents. They got \$20 for the same amount in 1943. Of course, there are some "middle men" who figure in the picture before the drug reaches the retail outlets.

Nevertheless, effects of the price war have already extended to the retail purchaser.

Druggists are warning their customers, however, that penicillin or any type of medicine containing that drug should never be taken unless prescribed by a doctor.

Indiscriminate use often causes a rash that is worse than the illness for which the drug was taken in the first place.

Also, penicillin builds an immunity to itself. A person who takes it on his own initiative for a minor illness may find that he requires a double or triple dose for a major illness—or maybe it won't be effective at all.

Daughter Born To Horace Garretts

Mr. and Mrs. Horace Garretts became the parents of a daughter, Dorothy Ann, born Saturday at 9:10 a.m. at the Cowper hospital.

The baby weighed in at eight pounds and four ounces and she and her mother are doing well. Maternal grandparents are Mr. and Mrs. Charles Dublin; the paternal grandmother, Mrs. Doela Brown. Mrs. Dora Roberts is the great-grandmother.

Ice Storm Damage Set At \$1 Million

OKLAHOMA CITY, Feb. 4. — Southwestern Bell Telephone Company officials estimate damage in the Oklahoma-Texas area from the recent ice storm at \$1 million.

In Oklahoma, officials said, 248 poles were broken while 7,500 wire breaks were reported. Almost 100 circuits are still out and six southeastern Oklahoma towns isolated because repair trucks can't travel muddy roads.

Postal Strike Ends

ATHENS, Feb. 4. — A 17-day old postal strike ended today after the government promised to give favorable consideration to employee demands for wage increases.

A. E. (SHORTY) LONG

Long Announces For Office Of Commissioner

A. E. (Shorty) Long announced Saturday that he would seek the democratic nomination as county commissioner from precinct No. 3.

He is married and he and Mrs. Long have two children. His residence in Big Spring dates back to 1905 when he moved here at the age of 6 years. In 1914 he left here and continued his schooling in East Texas and subsequently engaged in farming.

Returning to Big Spring in 1923, he was associated with the Texas & Pacific Railway company as a machinist. "I continued in this work until recently," he said, "when laid off on account of the new Diesel locomotives. During the time I have lived here, I have made many friends of which I am proud. I have had business, farming and some treasury experience.

"I understand the people and what they want and would, with their help and cooperation, try to make a good commissioner. As in the past, I would seek to be fair in dealings with all.

"It will be my purpose to see all the people in precinct No. 3 and I want them to know that I will appreciate their votes and influence in the coming primary."

Mercy Murder Trial Recessed Over Weekend

BRIDGEPORT, Conn., Feb. 4. — Carol Ann Faigh's mercy murder trial was in weekend recess today while both sides readied their final arguments.

The case, first of its kind in Connecticut history, may reach an all-parent jury of nine women and three men before next Tuesday night.

The recess ends Tuesday morning when the prosecution opens its summation, highlighting for the jury the points brought out in evidence. The defense follows with its final arguments.

Then the state makes its closing statement.

Superior Judge John A. Cornell's charge to the jury is expected to take about an hour. He is required to instruct the jury on the legal meaning of temporary insanity, the point on which the entire second degree murder case turns.

Carol, 21-year-old blonde college girl, shot her father to death Sept. 23 after she learned he was incurably ill of cancer. The father, Carl Faigh, was a sergeant of the Stamford, Conn., police force.

Carol faces life imprisonment if convicted. She is pleading temporary insanity.

Among 48 witnesses for the defense since the trial opened Jan. 24, many have testified Carol was driven out of her mind by the news of her father's illness and was insane when she shot him.

Dr. Clifford Moore, the star medical witness for the defense, said Carol developed a "cancer phobia" after the disease struck other members of the family. This year caused her mind to black out when she learned her father was a victim, he said.

Carol, pale, slender, and six feet tall, took the witness stand Thursday in her own defense. In a dramatic courtroom scene she testified she did not remember the shooting. She said she blacked out when they broke the news to her of her father's cancer.

Yesterday the state of Connecticut struck back with its own psychiatrist, Dr. Joseph M. Lesko, who made five visits to Carol after the shooting.

He swore the girl was sane when she put a single bullet into her father's brain as he slept in the Stamford hospital.

But Dr. Lesko admitted, under defense cross-questioning, that he was not as experienced a psychiatrist as Dr. Moore. Nor, he added, did he have as good an opportunity to judge the girl's mental condition as did Dr. Moore.

Testimony on both sides ended shortly after noon Friday.

Commodity Price Index Declines

NEW YORK, Feb. 4. — The Associated Press index of 35 important wholesale commodity prices this week declined just a shade—to 160 from 160.01 last week-end.

The index, whose base year of 1928 equals 100, was at 163.46 a year ago.

Villages Reported Labeled By Quake

TEHRAN, Iran, Feb. 4. — Several villages were destroyed and two persons killed in another earthquake in the Gabandi area on the Persian Gulf, the govern press reported today.

The tremors started in the area 10 days ago.

Engineer Company To Be Transferred

FORT RILEY, Kan., Feb. 4. — Company A of the 73rd Engineer Combat Battalion will leave Monday for Camp Hood, Tex., where it will join its parent unit, the 73rd Engineer Combat Battalion.

The transfer will be permanent. The company has been stationed here since August, 1947. The trip, by motor convoy, will take about four days. Overnight stops will be made at Enid and Ft. Sill, Okla., and Hamilton, Tex.

Four officers, a warrant officer and 121 enlisted men are involved.

SHORT-CUT IS COSTLY

BERKELEY, Calif., Feb. 4. — Kenneth Graves, 28, wanted to forget all about driving through a stop sign. But he picked a costly way of saying so.

"I'll pay the damn fine. Let's skip all this," he replied to Justice of Peace Oliver Young's request for his plea.

The judge said, "24 hours in jail for contempt for swearing in court, and \$50 bail instead of the usual \$5."

Here's The General Electric Laundry Bargain You Waited To See

MONDAY ONLY

MONDAY ONLY

General Electric wringer washer, famed for "quick, clean" washing. Washes clothes clean, clean, clean! GE "Activator" tumbles and loosens clothes, chases stubborn dirt and soil. You know you can depend on General Electric.

It's A Bargain
It's Brand New — 1950
It's General (GE) Electric

Set of gleaming, white enameled twin-tubs. Each tub has 20 gallon capacity and is equipped with casters for easy rolling. It's built to last for years and years. A real bargain at the regular price of \$16.95.

- 2 lb. capacity.
- Self tilting drainboards.
- Durable balloon rolls.
- Quicker emptying.
- Permanently lubricated GE motor.
- One year written warranty.
- Non-stain finish.
- "Quick Clean" washing.
- Activator wash action.

Washer \$109.95

DRIFTS BLOCK HOUSE ENTRANCE—Fourteen-foot snow drifts block the entrance to the W. F. Baer home in Ferndale, Wash., in the usually snow-less Puget Sound country. Baer stands at the entrance to a tunnel he dug to reach the back door of his home. (AP Wirephoto).

Legislature May Reach Battling Stage This Week

Another Test On Shivers' Hospital Proposals Coming

AUSTIN, Feb. 4. (AP)—The Legislature likely will reach the battle stage next week. A strength test on Gov. Allan Shivers' plea for eleemosynary operating and building funds and his proposals for raising them will come in two important committee meetings Monday and Tuesday.

The Senate Finance Committee will study bills Monday to provide \$20,875,128 to the institutions the rest of the biennium.

The House's revenue and taxation committee Monday and Tuesday will put to its first test a bill embodying Shivers' proposal that the money be raised through an omnibus tax increase on such items as oil, liquor, and gasoline.

What happens in those committees may determine how long the legislative session lasts. Should the proposals move quickly to House and Senate floors with approval, an early show-down and possible quick adjournment could result.

Administrative hopes for that are dampened by indications of a sharp split that forebodes battle both in committee and in the House.

Rep. J. M. Hefflin of Houston, critical of the governor, resigned from the House committee Thursday when the session was three days old. He hammered at taxing people "already bearing the burden of taxes."

Others on the committee are known to share similar views. They apparently intend to aim their guns at the bill before it gets to the House floor.

Division in the House was indicated in the close 66-58 vote against a resolution calling for the governor to open up all appropriation bills for downward adjustments.

The deal was not directly on the governor's omnibus tax proposal but indicated a slim majority was going along with the governor, at least temporarily. The governor had proposed any revisions in the other appropriation bills.

Shafner Urges Gas Tax For Airlines

TEMPLE, Feb. 4. (AP)—State Sen. W. A. Shafner said today airlines should pay a state tax on gasoline. "Few Texans know that because our state gasoline tax exempts non-highway users from the payment of the four-cents-a-gallon state tax, the state must refund this tax to airlines just as it does on farm tractors and other non-highway users," Shafner said.

The state refunded \$1,735,000 to airlines in this way during the last year.

COUNTY 4-H BOYS GET BIG MONEY FOR PRIZE STEERS AT TWO SHOWS

Howard County 4-H club members sold prize Hereford steers for fancy prices at two livestock shows Saturday, including a reserve grand champion at Houston.

Donald Hewitt's middleweight Hereford, which placed next to the grand champion at Houston, brought \$6,400 at the sale held there Friday.

The animal placed second in the middleweight group and then took the reserve championship in the final junior Hereford judging event.

It was fed by Donald Hewitt, instead of Donald Denton, as previously reported. Hewitt was unable to appear in person at the Houston show because of illness. His steer was exhibited by Perry Walker, another Howard county 4-H clubber.

The animal was nudged for the grand championship by another middleweight entry fed by Bobby Zane Eggar of Star. The grand champion brought \$15,000 at the sale.

In Fort Worth, Billy Fryar sold a 1,260-pound Hereford for 44 cents a pound, while Donald Denton's 1,240-pound animal brought 40 cents and Jack Wolf's 1,130-pound entry brought 40 cents.

SAY DEMANDS GREATER THAN DURING WAR

City's Rental Housing Problem Shows Signs Of Becoming Acute This Year

Big Spring may face its largest rental housing problem within a few months. That is the consensus of several local observers, based on present demands and prospects of developments which promise to intensify the situation by mid-summer.

Some believe believe demands are greater now than during the war, in some respects. A large portion of inquiries concern permanent living units of four and five rooms each, they explain.

During the war, more prospective tenants were interested in smaller units on a temporary basis. There is also a greater demand now for more modern apartments than during the war.

Several agencies come in contact regularly with individuals and families seeking rental housing in the city. Probably the greatest volume of such contacts reaches the chamber of commerce where an estimated 20 inquiries are made during an average day.

Sometimes the number of calls there in a single day may drop to 10 or 15, but on other occasions inquiries are logged at the rate of 35 or 40 per day.

The Herald also receives many inquiries from persons seeking rental living units. Classified advertisement columns are used from time to time by persons seeking apartments and houses, and others make inquiries at the Herald office. Ordinarily the rate of such inquiries averages about six a day.

Members of the chamber of commerce office staff believe the demands are greater than ever before, based on inquiries they receive.

J. H. Greene, chamber manager, estimated that 150 houses and apartments could be rented within a week if they were available and a public announcement to that effect could be made.

Demands are expected to increase as opening date for the Veterans Administration hospital approach, although prospects for 80 new rental units at the former rodeo grounds promise some relief. The demands arising from the hospital opening are not expected to be met entirely by that project, however.

Furthermore, completion of Highway No. 350, connecting Big Spring with Snyder, may bring a number of families to Big Spring. Completion of the highway is due early next summer. It will afford a direct, paved route from this city to the Seely county oil field. Parts of the field will be almost as near Big Spring as Snyder.

Hoover To Testify In Atom Spy Probe

Savants Would Employ H-Bomb Only In Defense

NEW YORK, Feb. 4. (AP)—Twelve top American scientists called today for a solemn promise that the United States never will use the hydrogen bomb unless it is first employed against us or our allies.

The scientists, mostly A-bomb men, said this country should develop the bomb for one reason only—to prevent its being used.

They sounded two warnings: 1—Russia probably will have the H-bomb in less than four years. 2—The bomb—ours or the Russians'—will be much more powerful than most estimates have indicated. A single H-bomb could wipe out New York or any other great city.

"It's use would be a betrayal of all standards of morality and of Christian civilization itself," said the group, headed by the real father of the H-bomb, Dr. Hans A. Bethe of Cornell University, who discovered how the sun makes its heat with hydrogen.

All are attending the annual meeting of the American Physical Society. They spoke for no group, but for themselves as "worried citizens."

Despite the H-bomb's vast power, their statement said, this country could survive an H-bomb attack and effectively strike back.

They said it will be difficult to stockpile the bombs because they probably must be liquid hydrogen at about 450 degrees Fahrenheit below zero.

CCC Buys 18,000 Tons of Cottonseed From Local Crop

Approximately 18,000 tons of cottonseed have been purchased here by the Commodity Credit Corporation from the 1949 crop.

Greens investment in the CCC, which bought the seed in a price support move, is around \$800,000.

It is estimated that the pegged purchases resulted in \$90,000 to \$100,000 more to producers than would have been received from selling on the depressed open market.

Producers have until Feb. 15 to place seed with the CCC. A number have cleared their papers at the PMA office in the old city hall building for processing. It is necessary that the papers clear before Feb. 15 if the seed is to go into the program.

The CCC plans to process the seed and place on the market as finished products or to distribute in other channels.

Another Iron Lung Ordered For Use Of Big Springers

Order has been placed for another "iron lung" to be placed at disposal of Big Spring people whose illness might require use of such an artificial respirator.

Purchase of an Emerson "lung" with attachments to run the total bill to around \$2,700, has been made by the AFL Local No. 826, Cosden refinery workers. The union sponsored fund collection for the machine, with other Cosden employees assisting in contributions.

A special committee will be named to supervise assignment of the respirator in accordance with the community's needs.

Another iron lung also is due to be bought for the community soon, through funds raised through joint sponsorship of the VFW and Jay-Cees. This drive has reached its goal.

The device purchased through the Cosden local is a complete, modern model, with a detachable hood for special oxygen intake, mirror, book rest, special attachments to permit access to patient, and an auxiliary shell to take care of a second patient in an emergency.

THEY MAKE 'EM TOUGH

FORT WORTH, Feb. 4. (AP)—A truck lopped off a fire plug and utility pole this week and crashed into Horace L. Spaulding's house here. Two months ago a speeding auto removed his front porch.

Six years ago, he recalled today, a car bounced the house two feet off its foundations.

BEGIN PROBE OF FUCHS ATOMIC SECRETS LEAK—Sen. Tom Connally (D-Tex.) (left) committee member, and former AEC Chairman David Lilienthal (center) listen as Sen. Brian McMahon (R-Conn.), chairman joint congressional atomic energy committee discuss extraordinary hearing to probe case of Klaus Fuchs.

ATOMIC SCIENTIST ARRESTED—A top British atomic scientist, Klaus Fuchs (above), has been arrested in London as the result of FBI digging into leaks of A-bomb secrets to Russia.

London dispatches said Fuchs was charged with two violations of the official secrets act in Bow Street Court. This photo of Fuchs was made available by FBI headquarters in Washington following the London announcement of his arrest. (AP Wirephoto).

Fuchs was also present even at the assembly of an atomic bomb, according to this account.

Groves testified behind closed doors—closed, one committee member said, to keep other possible spies from hearing tips which might cause them to skip the country.

McMahon said Groves told the atomic committee today that: (1) "He had no doubt as to Fuchs' opportunity for knowing vital information;" and (2) the British scientist was never subjected to an American security check, having already been cleared by his own government.

The 38-year-old scientist was brought to court Friday in England to face charges of relaying U. S. atomic secrets to the Soviet Union.

Rep. Durham (D-NC), vice chairman of the congressional atomic group, said today's session discussed—without reaching a decision—whether the United States can take any action against a foreign subject who gives away U. S. secrets.

Rep. Durham (D-NC), vice chairman of the congressional atomic group, said today's session discussed—without reaching a decision—whether the United States can take any action against a foreign subject who gives away U. S. secrets.

Joint Committee Will Quiz Top G-Man Monday

Group Seeking To Find Out How Much Secret Data Stolen

WASHINGTON, Feb. 4. (AP)—Grave-faced lawmakers anxious to plug any further leaks in atomic security today called J. Edgar Hoover to testify Monday after hearing first-hand that a trusted British scientist—now an atomic spy suspect—was free to obtain "most vital weapons information."

The Senate-House Atomic Committee asked the top G-Man to testify in closed session as it sought to learn from Lt. Gen. Leslie R. Groves the size of the hole in America's atomic treasure chest.

Chairman McMahon (D-Conn.) related to reporters that Groves, wartime head of the atomic project, had told the Congress members that Scientist Klaus Fuchs had "access to a wide area of the most vital weapons information."

Groves indicated this included data on the proposed hydrogen bomb. Hoover already has told a Senate appropriations group, according to senators, that Fuchs became a paid Moscow agent in 1950. He was filtered into the English atomic setup after the war broke out. The physicist then worked his way up to become a member of the British atomic mission to this country.

Fuchs was also present even at the assembly of an atomic bomb, according to this account.

Groves testified behind closed doors—closed, one committee member said, to keep other possible spies from hearing tips which might cause them to skip the country.

McMahon said Groves told the atomic committee today that: (1) "He had no doubt as to Fuchs' opportunity for knowing vital information;" and (2) the British scientist was never subjected to an American security check, having already been cleared by his own government.

Lewis Spurns 70-Day Coal Truce Proposal

WASHINGTON, Feb. 4. (AP)—John L. Lewis turned down President Truman's 70-day coal truce proposal today but President Truman let his 4 p. m. deadline pass without further action. The White House said his moves would be governed by whether coal is dug Monday.

There was no definite word from the White House as to whether Monday would bring action under the Taft-Hartley act if the miners do not work—as union officials in the fields had indicated broadly they would not do.

Charles G. Ross, presidential secretary, issued this terse announcement upon passage of the hour at which Mr. Truman had asked for replies to his truce-and-fact-finding proposal.

"No further word having been received from Mr. Lewis, his letter received earlier in the day is construed as a rejection of the President's proposal of a fact-finding board. The President's further course will depend on the state of employment in the mines on Monday. Mr. Lewis' letter said nothing about the return of the miners to their jobs."

When asked whether this meant injunction proceedings under the Taft-Hartley act if "normal production" is not restored Monday morning, Ross said: "You can draw your own conclusions."

Lewis in a letter to the White House advised Mr. Truman that the miners "do not wish three strangers"—the president's proposed fact-finding board—to fix their wages, and working conditions.

John D. Battle, executive vice president of the National Coal Association, said reports from the field indicated that the "wink or nod" to walk out already had been given by Lewis.

Mr. Truman had proposed that the miners return to normal coal digging for 70 days while the board studied the dispute and came up with recommendations for settlement which could be accepted or rejected by either side. But Lewis voiced suspicions.

In cryptic terms, the United Mine Workers leader contended that the board's findings would leave his union with but one choice—to accept or face a Taft-Hartley act injunction against a strike.

While announcers report contributions during the 35-minute broadcast, volunteers will cruise about the city in cars. Where porch lights are turned on, it will be taken as a signal that residents wish to contribute to the March of Dimes.

Meanwhile, firemen and Army Recruiting service personnel set up the MOD wishing well on the corner of Third and Main for the third Saturday yesterday. The project had netted the drive a total of \$304.10 on the first two Saturdays, but tabulation of contributions yesterday has not been made.

An incomplete count Wednesday indicated that approximately \$3,400 had been raised to aid infants.

Radio station KBST is set to sponsor "operation porch light" next Saturday evening. Starting at 6:05 p. m., the station will air a special program to aid in the drive for funds.

An incomplete count Wednesday indicated that approximately \$3,400 had been raised to aid infants.

Radio station KBST is set to sponsor "operation porch light" next Saturday evening. Starting at 6:05 p. m., the station will air a special program to aid in the drive for funds.

While announcers report contributions during the 35-minute broadcast, volunteers will cruise about the city in cars. Where porch lights are turned on, it will be taken as a signal that residents wish to contribute to the March of Dimes.

Meanwhile, firemen and Army Recruiting service personnel set up the MOD wishing well on the corner of Third and Main for the third Saturday yesterday. The project had netted the drive a total of \$304.10 on the first two Saturdays, but tabulation of contributions yesterday has not been made.
