JIM LIPSCOMB is seen in the top photo with his 16-foot "homemade" craft which rivals top factory jobs in appearance, performance and dependability. HARDY COLE, lower photo, has long since become accustomed to working without his left hand and

says he found it no great chore to design and construct the 14-foot plywood boat which is "sea-worthy" and most attractive. Pictures of other Hereford-built boats will be found on page 5.

## Post Office Box Rent To Increase

The Post Office Department has issued an order for an increase in post office box rents, effective July 1.

This is the first time there has been an increase in box rents since 1907, according to Elmer Patterson, assistant postmaster.

The increased charges are made to conform with the increased cost of providing equipment and maintaining the service, he said and will be made on a nation-wide basis.

Rent on boxes will be increased as follows:

	Present Rate	New Rate
Small Boxes	\$ .75	\$ 1.10
No. 2 Boxes	\$ 1.00	\$ 1.50
No. 3 Boxes	\$ 1.50	\$ 2.25
No. 4 Boxes	\$ 2.00	\$ 3.00

## Eight To Report For Army Service

An induction call of eight men was taken from the draft board Thursday, according to Mrs. A. Petersen, clerk. Two of these are volunteers.

They will report for induction on June 18.

Those included in the call were: Kieth James Wagner, Pampa, Texas; Sammie Bradford, Hereford; Benny L. Potter, Hereford; Cloyd Clayton Adams, Plainview; Jerome Louis Friemel, Canyon; George Davis Zetsche, Jayton, Texas; and the two volunteers, Franklin D. Larson, Elsinor, Utah; and William Ray Fitzgerald, Hereford.

## Interest Rates Up On Commodity Loans

Loans on 1953 crop commodities, including support loans on wheat, grain sorghums, cotton, etc., will bear an interest rate of 4 percent per annum, according to recent official releases by B. F. Vance, chairman of the State PMA committee.

The rate will represent an increase of 1/2 percent over 1952 loans—and an increase of 1 percent over 1951 loans, since a 1/2 percent increase was also levied last year. Prior to these increases, the loan rate had generally been 3 percent.

The increase will cost Deaf Smith producers approximately \$7,000 this year, since commodity loans totaled \$2,804,959.00 here in 1952. The 1/2 percent increase will reflect additional interest costs of about \$14,024.50 for a year, but since most of the loans cover only a six months period, the overall increase should be approximately \$7,000.

Last year commodity wheat loans totaled \$2,004,972; grain sorghum loans were \$587,274, and cotton loans were \$212,740.

## Building Permits Total \$51,600 For Past Thirty Days

Building permits totaling \$51,600 were issued in Hereford during the month of May, according to records in the City office.

Permits for the same period in 1952 totaled \$56,200, which is \$4,600 more than this year.

There were two business permits issued during the month which were Dr. J. W. Barnett, Dental Clinic, \$15,000; and Winget & Barrett Apartment building, \$35,000. Others issued were: D. C. Kinsey, residence, \$1,600; N. D. Bartlett, residence, \$10,000; N. D. Bartlett, Co., \$10,000.

## Patton To Head Local Kiwanians

Wm. H. Patton was elevated from vice-president to president of the Hereford Kiwanis Club at the regular meeting here Thursday at noon, following official resignation of H. V. Stanton as club president.

Mr. Patton will serve as president of the organization until January 1954, according to club by-laws.

Mr. Stanton tendered his resignation as head of the club at a recent directors' meeting and Thursday made the resignation official before the club. Poor health, he said, made it impossible for him to finish out the term.

A nominations committee, composed of Bob Wear, H. A. Caviness and John Winkler, was appointed to nominate a new vice-president to succeed Patton.

MEET HEREFORD'S "GOOD NEIGHBORS," Mr. and Mrs. O. A. Smith, 200 Blevins Street, who were selected Friday by judges as winners of the 1953 expense-paid vacation to Drowsy Water Ranch, Granby, Colo., as guests of The Here-

ford Brand. They will make the trip in a 1953 Packard Clipper, courtesy of Seigler Motor Company, co-sponsors in the annual contest.

# Mr. and Mrs. O. A. Smith Are 1953 Good Neighbors

"God knew in this troubled world we would have sorrow, so he gave us neighbors like the Smiths."

The tribute closed a nomination blank which entered Jewell and Orval Smith in the Hereford Brand's second annual "Good Neighbor" Contest. Furthermore the three anonymous judges, after long deliberation, agreed with the blank and officially selected The Smiths as 1953 Good Neighbor winners.

As a tribute to the couple, The Brand will award them an all-expense paid vacation to famous Drowsy Water Ranch near Granby, Colo., June 14-20. They will, in addition, make the trip in a 1953 Packard Clipper automobile, courtesy of Seigler Motor Company, co-sponsors in the contest.

"A vacation in Colorado has long been something we have dreamed of," said Mrs. Smith in an interview, "but never could afford."

Once at the ranch, the Smiths will be literally adopted by Cecil and Narine Malone, Drowsy Water proprietors who deeply appreciate being selected for the annual vacation and make personal efforts to see that Hereford's "Good Neighbors" have a lot of fun. Lodging, horses, hikes, fishing trips and wonderful, home-cooked meals—everything, including Cokes—will be covered for the Hereford couple.

Drowsy Water, generally considered one of the most hospitable and outstanding dude ranches in Colorado is literally waiting for the Smiths—with open arms.

Contest judges, on the other hand, felt like they were the ones

who really needed the vacation. They were unanimous in their selection, but admitted that they had a "rough time."

"Even the first eliminations were hard," said one lady, "and the further we went, the worse they got. I really think all 20 of them deserved to win. I never knew this country had so many fine neighbors."

Five individual nominations were placed for the Smiths during the contest, but judges said they based their selection upon the basis of deeds rather than upon the number of nominations, pointing out that others possibly had more nominations.

Some of the various accomplishments of the Smiths as neighbors included distributing of clothes outgrown by their own children to other families, furnishing of garden produce to neighbors, assistance in time of sickness, taking newcomers to church and helping them get acquainted.

"They are never too busy to help people," declared one neighbor. "I was in a hospital with tuberculosis and the Smiths were the only people in Hereford who remembered me. They regularly sent cards and little packages," wrote another.

Says another neighbor: "The welcome mat is always out at their home, and friendship and good neighborliness always first in their hearts. No one can be more deserving."

When you sum up the fine tributes paid to the Smiths by those who nominated them, it pretty well boils down to the sharing of world-

ly goods, no matter how meager your own lot, plus thoughtful kindness which make the lives of others happier and brighter. In addition, several of the nominations were jointly pointed out that neither Mr. or Mrs. Smith ever got too busy to neglect their own family or to

bring up their own children in a wholesome, Christian home. All in all, it sounds as though the Smiths are Hereford's "Best Neighbors"—chiefly because they are the one couple which comes nearest to living by the Golden Rule.

## Bob Phillips Of Lubbock To Brand News Editor Post

R. K. "Bob" Phillips today announced his resignation as farm editor of the Avalanche-Journal, Lubbock, to accept the position of news editor on The Brand. He will assume his new duties Monday morning, June 8, and is widely experienced in the small-town newspaper field.

Addition of Mr. Phillips to The Brand staff will fill a vacancy created last November, when John Bennett resigned the position to go to Waco.

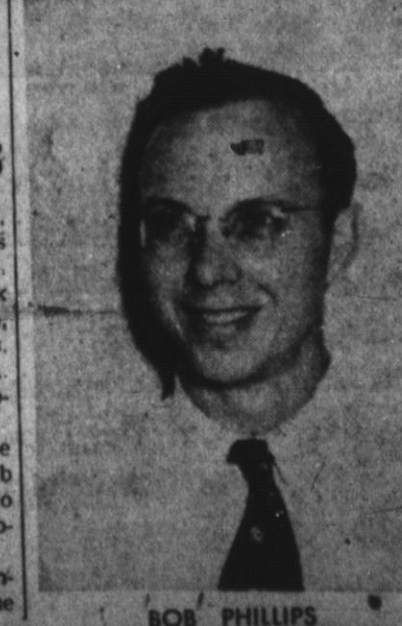

"It has taken a long time to find a man we thought could fill the job successfully," Jimmie Gillentine, publisher said. "We feel that Mr. Phillips is that man, however, and we think that you will like the entire Phillips family. They are nice folks, come highly recommended and we believe will be a worthwhile addition to the community and to the newspaper."

He was born August 19, 1923, in Weatherford, Texas, while his father was publishing a struggling newspaper in Eastland, then a roaring oil boom town. "All of my childhood I remember," says Bob, "was spent in Weatherford, where my father was publishing the Weatherford Democrat."

In 1942, Phillips entered the Air Force, spent a year at Sheppard Field, six months in service training schools, then 18 months in Italy as squadron intelligence clerk with the 483 Bomb group, 15th Air Force. Discharged in the fall of 1945, he spent a few months attending Weatherford College, then a year as a clerk in the Pentagon, Washington, D. C.

Controlled by an urge to go back to school, Phillips resigned his post and headed for home. By sheer accident he stopped over in Stillwater, Oklahoma, and liked the place so well he matriculated in Oklahoma Baptist University. The next year there, he met Betty Brown of Oklahoma City—and four years later matriculated in matrimony with still a year of college life ahead. Their first son, Robbie, was born July 20, 1950, about three weeks before Bob graduated—and hit the road "job-hunting."

First, he landed a job as printer-reporter near Tulsa and a few months later became a reporter on the Wewoka Times, Wewoka, Okla. From here, he moved back to Weatherford where he was employed as advertising manager on a small daily until December, 1951, when he went to Lubbock with the Avalanche-Journal. Since that time he has been employed as Desk Editor and Farm Editor until his recent resignation. The Phillips second son, John Ann, was born May 6 in Lubbock this year.

## A PROFITABLE HOBBY

# Boat Makers Turn Out Unusual Craft

For an arid country in the midst of a prolonged drought, Hereford probably has as many boat builders per square inch as the next place. On record, at least, are five men who are today having a lot of fun with small craft, constructed by their own hands.

Boat-building is a hobby which requires patience, quite a little skill and a small outlay of cash. It occupies long hours (builders say you'd be surprised how many invitations you get when you once start on a boat) demands considerable doing and redoing—and a patient wife. However, if the boat floats, it is bound to also provide a source of pride which man seldom achieves, along with an operating knowledge of just what the craft will do and what it will not do—despite the fact that most boat builders secretly and sincerely believe their boat is actually the best on the lake at any given place or time.

Boat-building is a lot like falling in love. If you are going to build a boat, nothing in the world could stop you. Not even a long day of work and nagging wife. If you don't care about building a boat, you just don't—and that's that. Boat builders around Here-

ford definitely fall into two classes: the guys who do it the easy way, and the few who do it the hard way. The easy way—most practical for the greater majority—is to purchase a kit and put the fool thing together. This, of course, is sometimes rougher than it sounds. The pencil, some paper, a saw, nails, screwdriver and hammer—and become a hermit for a couple of years.

Old Navy Man  
Jim Lipscomb, Hereford's postmaster, is a guy who did it the hard way. Jim is an old Navy man. World War I vintage, and he knew all about boats, an opinion that has changed little. Besides, he just plain likes to build things. Somewhere, somehow, Jim got the urge to build a boat. He checked up on the kit deal, investigated standard blue prints on boats—and plain didn't like them. Finally, he went to the library, checked out all of the boat books available, got some boat magazines and started studying boats. This went on for a couple of years until he began speaking a foreign language not even his wife could understand. Then and then only, (Continued On Page 5)

## Seeded Wheat Acreage Reports Are Still Lagging; Three Days To Go

"Still lagging—and only three days to go," is the manner in which PMA officials described the survey on seeded wheat acreage reports for Deaf Smith county covering 1951-52-53.

Acreage reports are required from a total of 1,230 growers, according to Faust Collier, secretary, who said Saturday that 851 had reported, leaving 373 still out—an average of around 70 percent complete for the county.

The acreage figures, if submitted and signed, will be used as determining basis for future acreage loan rates, according to Mr. Collier. Allotment figures in the past have been established by Bureau of Economics estimates, and the actual

figures basis have long been sought by farmers of this area, who believe that the method will generally benefit the area.

"We hope the majority of the remaining producers will furnish the acreage figures before Wednesday, which is the absolute deadline," Mr. Collier said. "If we do not get them complete it will be necessary to submit an estimate on the remaining 30 percent. However, we feel that actual signed reports will do much more toward establishing equitable allotments for the area."

Hansford and Ochiltree County were reported beyond 98 percent complete in seeded acreage figures for the three years in PMA news-letter releases this week.

## Around Town

Wheat harvest, despite Wylie Roberson's first load—last Wednesday, had not started to move Saturday, it was revealed by a check of Hereford elevators. Henry Dobbs six miles south, had brought in the second load to Packard Mill. It tested 58 and ran 21 percent moisture. These two loads were the only ones yet reported for the 1953 season.

Several farmers will probably start cutting Monday, however, according to elevator men. They are predicting "not so much wheat as last year, but probably better quality." Most of the 1953 wheat is expected to come from irrigation tracts, according to elevator men who estimate that dry land acreage will yield very little wheat, most of which will come in the form of sparse yields.

G. P. Owen announced this week that the Acme Cleaners will be closed from June 12 to June 15, when they will move to the location on Third Street formerly occupied by Western Hardware. Wilkins Barber Shop will also move into the same location. The building now occupied by the two firms on Main is scheduled for remodeling to become the home of Mode-O-Day with Mrs. E. F. Drury and Mrs. Hazel Powell as operators.

The Amarillo delegation, enroute to Clovis, spent several minutes in Hereford Saturday morning visiting business firms. They were accompanied by Mayor George Sees and a few other Hereford men to the Clovis Pioneer Day celebration.

The Hereford Riders Club will practice at the arena Tuesday night. It was announced Saturday, and the regular meeting of the board of directors will be postponed, due to the practice session.

## GRASS ROOTS

Quite a lot of water under the bridge since the last writing of this column. Was very fortunate to be invited to go on a fishing trip with Harold Close, Sr. and his Honor the Mayor of Sudan, Harold Close Jr. We fished at Platoro, Colorado and those of you who are trout fishing bums like me will certainly be interested to know that the country there is beautiful and that the fishing was good.

There is very little anyone can say to make the situation any better in regard to the lack of rain we have been putting up with. I hope that all of us appreciate the value of these irrigation wells that are taking us over the hump this year as in years past. It is hard for me to believe that anyone living in this irrigation area could think lightly about the value of our water and the importance of its conservation.

It has been a long time since I said anything about J. B. Noland, but I have another story to tell about the Whizz from Summerfield. J. B. is a very busy farmer as those of you who know him will agree. It was just about a year ago that J. B. seeded his alfalfa field. All theory and practice has shown that June just isn't the time for

seedling alfalfa but J. B. seeded anyway. He cut the hay twice last year, and his first cutting this year yielded around 90 bales per acre, that figures pretty close to three tons to the acre. Ask him how he did it!!!

Quite a lot of talk about the potato situation for this year. If I had the answer my worries for the years to come would be over. It is said by the men who have known the potato game since its beginning here in the Hereford area that this is the craziest year they have seen. Two bad freezes plus a heavy infestation of insects.

There are some beautiful stands of Hubam Clover up and growing now. Am sure that the farmers who have this fine soil building clover will want more of it in the future. Which brings about the practice of seeding legumes for soil building. Will have quite a lot more to say about it in the near future, but plans for seeding Hairy Vetch into Grain Sorghums should be made right away.

I think that is a mighty dirty trick Dale Reeves pulled on Dale Tinnin and knowing Dale I'm sure we haven't heard the last of it.

**Radio Bible School Scheduled To Open Here Monday, June 8**

A Vacation Bible School of the air will begin on June 8 over KPAN. The broadcast will begin at 1:30 each afternoon through June 19.

Rev. Harold Kaestner, who will be in charge of the programs, will talk on "God is Love and How He Shows His Love To Us." Following this, several questions will be asked. The children listening to the broadcast are to answer the questions on a post card or in a letter and send them to radio station KPAN. Rev. Kaestner will grade the letters and return them to the children along with a gold cross lapel pin.

This is non denominational, so anyone can send in their questions. The 30 minute Bible school of the air is being sponsored by station KPAN.

Jolly 4-H Club  
"Good Posture" was the program of the Jolly girls 4-H Club at their meeting in the home of Mrs. Batenhorst on May 28.

Refreshments were served by Mrs. Batenhorst. Those attending were: Wynona Roberts, Fern Coursey, Bernadette Batenhorst, Ann Dyer and Peggy Browning.

YWA Wiener Roast  
The Y.W.A. of the Baptist Church had a wiener roast Friday night and elected officers.

Officers elected were: Vondell Edwards, president; Mollie Bettis, vice president and Patsy Jackson, secretary-treasurer.

Others attending the meeting were: Sue Savage, Myra Jo Sowell, Shirley Sharp, Katherine Snare, Mary Frances Pittner, Mrs. Clinton Masie, and Mrs. J. B. Harlin.

Mr. and Mrs. C. R. Smith left Thursday to visit in the home of their daughter, Mrs. Jack Wilson, a former resident of Hereford. The Wilsons now live in Albuquerque.

Mrs. W. F. Gillison returned Wednesday from Albuquerque after a visit in the home of the Jack Wilsons. They also visited the S. T. Hornbuckle family.

John Gilliland, Billy Legg, and Marlene Gilliland will leave Monday for Colorado. They are going on a two weeks' fishing trip. They will be accompanied by Marlin Gilliland.

## Wyche HD Club Talks On Kitchen Lighting

Forty footcandles give enough light in the kitchen over the work counter, range, and sink," said Argen Draper to the Wyche Home Demonstration Club when they met Thursday afternoon in the home of Mrs. E. A. Wilke for a program on home improvements.

The agent showed films of kitchens, demonstrating the proper places for lights.

The president, Mrs. W. R. Scarth, presided over the business session during which time committee reports were given.

Mrs. C. C. Ellis, council delegate reported that the council recently approved of the H. D. Chords. Mrs. V. E. Dodson, was re-elected as craft design leader.

The next meeting will be at Mrs. Charles Packard's with the 4-H girls giving the program.

Others present were Mrs. Jim Cross co-hostess, and Mesdames: Elmer Reinart, Duane Walker, Ira Ott, Edwin Food, W. P. Axe, C. R. Damson, E. C. Hewitt, Gene Aw-

## Day Nursery To Open On June 15

The Labor Camp Day Nursery will open June 15 for the care of Mexican migrants.

There will be a paid supervisor who will be there each morning to open the nursery and care for the children. She will be assisted by volunteer church women.

Shortly after the nursery opens there will be open house for all women and especially for clubs, so that the women can see the children.

The committee wishes to thank all women of Hereford for the time and the food that was brought for the booth during Pioneer Days.

The booth netted about \$100. They wish to thank the women who brought clothes to the rummage sale. It was through these women, the committee has been able to pay a supervisor for one month.

Mrs. Floyd Ross, publicity chairman, said.

try, J. V. Pickens, Betty Olson and H. L. Ward.

## Efficient Are The Hands

That Save Your Health and Your Money

Few purchases today represent bigger bargains than prescriptions. Because the modern drugs your physician prescribed are so effective against serious diseases, people live and get well faster than ever before. This means hospital, nursing and medical costs are lowered.

There's another angle, too. Despite the millions upon millions spent on research, the pharmaceutical industry is dedicated to lowering drug costs.

Within the last five years, for example, streptomycin prices have been reduced 97 percent. Similar price reductions have been made on such other life-saving drugs as penicillin, cortisone and many others.

In these days of inflation we thought you'd like to know your prescription is still an outstanding value. We'd welcome the opportunity to help you to better health at lower cost.

**Maxwell - Spring Wedding Held**  
A lovely home wedding united in marriage Miss Patricia Maxwell, daughter of Mrs. F. M. Rollins of Friona and David Spring, son of Mr. and Mrs. Edward Spring of Bovina. The wedding was in the home of Mr. and Mrs. Sam Dorris in Clovis, N. M. Rev. W. Wilburn of Friona, pastor of the Assembly of God Church, performed the ceremony. Only close friends and relatives were present.  
The bride was attired in a two-piece suit with a red carnation corsage. "The Lord's Prayer" was played throughout the ceremony.  
The Red Cross Bloodmobile was in Friona Thursday from 8:30 to 4:30.

**Westway News**  
By Mrs. Merlin Kaul and Mrs. Elmer Combs  
Vacation Bible School Commencement exercises were held at the community house Wednesday night with 64 receiving certificates. The daily exercises were reviewed for parents and friends present. Handwork was displayed and special songs and Bible drills presented by each class. Mrs. Roy Lee Wilson, who has acted as principal this week, presented the certificates.  
Three families have been without water this week as the result of well trouble. The Elvin Wilsons had to have their well at the house deepened last week and some repair work is necessary before they can have water. The Joe Wagoners were without water Wednesday due to some needed repairs. A rig at the George Turrentine home is fishing for a casing in the well there. If it is recovered, the well will be deepened as well as the irrigation well which is located west of the well at the house. If the lodged casing cannot be recovered, a new well will be dug near the present one. Times like this makes one realize what could happen if the water in this area should "play put."  
Mr. and Mrs. Jack Renfro left Thursday morning for Altus, Okla. where potato harvest is about ready to start.  
Vernon Wilson of Abilene was a visitor in the Elvin Wilson home this week. Vernon came to take a combine back to Abilene. He reports good rains recently at Abilene, and says crops look good.  
Mr. and Mrs. Vernon Burges went to Amarillo Friday where Vernon is receiving medical treatment.  
A feeder at the Joe Landers' farm burned Wednesday afternoon destroying about 5 tons of ground alfalfa. Joe had ground the baled hay that morning and said he heard something go into the feed-burner. He thought nothing of it until neighbors discovered the fire about 1 o'clock. With the high wind, the feeder and contents were quickly consumed. By early discovery of the fire, a tractor and several buildings adjacent were saved. Joe says he thinks a piece of steel went through the feeder and caused friction heated the steel and caused immediate smoldering which soon resulted in the blaze.  
Deborah Pierce, daughter of Mr. and Mrs. Marlin Pierce, celebrated her fifth birthday Wednesday with a party at the home of her grandmother, Mrs. A. C. Pierce at Hereford.  
Those attending from this community included the honor guest, her mother, Mrs. Joe Wagoner and Joe Bob, Dwain Phipps, and Darlene and Diane Wilson.  
The SLO 4-H Club met Wednesday afternoon at the home of Carolyn and Marilyn Jackson.  
Mrs. Ira Scott gave a demonstration of "Ham and Hard Boiled Egg Sauce." At the close of the meeting, Mrs. B. E. Jackson, assisted by Carolyn and Marilyn served refreshments of cake and cokes to Mrs. Scott, Mrs. Elmer Combs, JoEddy and Kay Scott, Gayle and Ann Wagoner, Jenny Lynn McCathern, Patsy and Sandra Townsend, Nancy Green and a guest Suzanne Elliott of Happy.  
The next meeting will be held at the home of Nancy Green.  
Mr. and Mrs. L. D. Combs, Connie and Carol of Brandon, Colorado and Mrs. Allie Combs of Clayton, N. M. were guests Tuesday night and Wednesday in the Elmer Combs' home. L. D. is a cousin of Elmer and Cliff and Mrs. Combs is their aunt.  
According to reports received here: Rev. Guy Patterson, former pastor of the Methodist Church here has been assigned to a full time church at Cotton Center which is near Plainview. Rev. H. G. Hamlett, District Superintendent, will speak here on the second Sunday and will discuss a new pastor with members here.  
We can't understand the attraction to the Johnny Townsend home but Johnny has lived another swarm of bees. He's quite positive that this swarm emerged from a hive where a "second queen" decided to take her brood and get out.  
About two weeks ago, Johnny "hived" an enormous swarm which had settled on the limb of an evergreen tree close to the house. Looks like Johnny is rapidly getting into the bee business in spite of himself.  
James Alston has returned home from his school duties at Texas A & M. He is assisting his father T. D. Alston on the farm this summer.  
Mrs. W. B. Nunley and children of Hereford visited in the Elmer Combs home Wednesday afternoon.  
A number of visitors are expected from Amarillo and the surrounding area at the singing here Sunday.  
Frank Russell and Don Combs of Munday spent Tuesday here with Elmer and Clifton Combs.  
Mr. and Mrs. Harold Morgan of San Diego, Calif. spent a few days this week here in the home of her sister, Mrs. Reuben Long. The Morgans went from here to Altus, Okla. to visit Mrs. Morgan's parents. Mary Francis Long accompanied them to spend two weeks with her grand-parents. Mr. Morgan leaves soon for Honolulu, Hawaiian Islands where he will be stationed for 6 months.  
Mrs. Reuben Long was hostess at a supper last Saturday night, honoring the birthday of Mr. Long. Those present included Mr. and Mrs. Long and children, Mr. and Mrs. W. C. Osburn and family and Mr. and Mrs. Paul Allman and family.  
Mr. and Mrs. Edd Blakely left Thursday morning for Albuquerque N. M. on business.

**HOUSING LOAN CONTROLS**  
FHA and VA loans on housing now may be made without the controls imposed by the Defense Production Act, according to FHA administrator, Albert M. Cole. This means: 1. FHA mortgages now may be made repayable in 25 or 30 years, instead of a maximum of 20 years, and the four or five per cent minimum down payment requirements, depending on cost, for VA housing are abolished. Down payments will now be regulated by commercial requirements. VA mortgages may be made repayable in as much as 30 years.

# Boat Makers.....

(Continued From Page 1)

LAMA BEAVERS was one of the community's first boat-builders. The above metal craft, constructed in 1946 for fishing trips,

is still in operation—despite the fact that it was built in record time.

DENNIS BAKER is seen in this picture with his flaming red boat, a kit product—and

Baker's second boat.

he was ready to start building the boat. He drew his plans in minute detail, figuring all stress, bends and such things like a professional. Next he located some oak fence material which a lumber yard wanted to be rid of and started to work. The light burned in his garage workshop for months on end. Jim says sometimes he only salvaged one usable quarter-inch lath from a full "1x12" rough oak board. A couple of years ago he emerged one bright day with his pride and joy: a 16-foot boat with center deck and five-foot bow deck. She has a 61-inch beam and a 54-inch transom (if you understand that foreign language). Jim says every single item—and he can tell you how many thousand screws—were bought right here in Hereford with the exception of fiberglass, which was not stocked here at that time. The boat is finished in natural color with the fiberglass over the outside hull. She's a honey to the neophyte, and to Jim she runs second only to his wife, Susie.

### Hardy Cole Boat

Hardy Cole, local photographer, is another fellow who likes to build boats the hard way. Boat-building, incidentally, would be the last hobby you would ever select for Mr. Cole, who has only one arm. Despite all of this, he got the fever and turned out a remarkable job. Hardy's boat was a little simpler, perhaps, in that he used plank and quarter-inch plywood. However, if you mention boats around Hardy, watch out for that foreign language again, as he will immediately start quoting riddles about compound curves, bevels and making like a series of problems in solid geometry.

This lady, in addition to the materials and curves, includes more than a gallon of wood glue and 1,100 separate screws. Hardy started out on a sketch from Field and Stream, but like Lipscomb, finally wound up drawing his own plans. He says the plywood was easily bent after being soaked a few minutes in hot water. Knowing where and how much to bend was the tough part of the job. Unlike Lipscomb, Cole did not have a complete workshop of tools and often ran into difficulty along this line. He says the absolute essen-

tials are "an electric drill with all attachments, a T-bevel, hammer, saw—and everything else you can find."

Mr. Cole this week has his boat on Possum Kingdom Lake, where the family is on a fishing excursion.

### Beavers Built in 1946

One of the fellows who first got nipped by the boat-building bug was Llama Beavers. He and his brother, Hall, now deceased, decided they needed a boat for a fishing trip back in 1946. Being long on resources and a little short on cash, they started to work and completed the job just as the season opened in '46. It is a 14-foot metal job and strictly a serviceable craft. Nothing fancy, but "just what the doctor ordered," so far as the brothers were concerned. Since that time the boat has provided many happy hours and successful fishing trips.

Mr. Beavers apologized profusely for the appearance of the boat when the picture was made. "We were in such a hurry to go fishing that we didn't care much what she looked like," he said. "Really it is a wonder it even floats it was put together so fast,"—and just to prove the point, he thoughtlessly reached down and tenderly patted the boat with his right hand.

### Easley Has Two Boats

Morris Easley is one of the "kit" boys who got the bug—and stayed with kits. In February, 1953, he completed his second boat, a 12-foot white job that appears to be a streamlined speedster. Whether it was a help or a hindrance only Morris can say, but his two sons, Dickie, age 6, and Paul, age 3, contributed their share to the venture.

"We all had a swell time," says Morris, and he is not one whit prouder of the two boats than are the youngsters. When Mr. Easley wheeled the boats out of the ga-

### Allen Rhodes Is Promoted

WASHINGTON, D. C. (FHTNC)—The Bureau of Naval Personnel has announced that it is an advancement in rating for Allen A. Rhodes, son of Mr. and Mrs. A. A. Rhodes of Route 4, Hereford, Tex., and husband of the former Miss Peggy M. Tisdale of Summerfield, to commissaryman third class, USN, while serving aboard the destroyer USS Cushing. The advancement came as a re-

sult of a world-wide competitive written test which consisted of questions testing military and professional skills. To be eligible for the written quiz, Naval personnel had to exhibit proficiency in the on-the-job phases of their ratings.

### Good Posture Is 4-H Club Topic

"Why Posture is Important" was the demonstration Mrs. C. F. Hornfeld gave to the members of the Caprock 4-H Club Tuesday. Mrs. Hornfeld pointed out, "Good posture makes you look better, feel better; and work better, so try to look your best at all times."

### Phebean Class

Phebean Class of the First Baptist Church held its regular business and social session with Mrs. Wilbur Gibson Thursday afternoon. Mrs. Clay Angelo, president of the class, presided over the business. Plans were made to carry on se-

cret pairs during the summer and names were drawn. Those present were Mrs. Dennis Baker and two children, Mrs. LeRoy Price and three children, Mrs. George Springer and daughter, Mrs. Clay Angelo, Mrs. J. B. Hallin, teacher of the class, and the hostess. The Great Wall of China is 1.5 miles long.

**Hereford Hardware Regains Top Softball League Spot**

By Shelby Whitfield  
 Phillips 66 knocked Dawn out of the driver's seat of the Hereford Softball League Thursday night by thumping them soundly, 18-7. Hereford Hardware regained leadership by defeating Summerfield 10-6 in the nightcap of the twin bill.  
 The Phillips 66 win and the Summerfield loss moves the Phillips boys into third place, one half game back of second place Dawn. In the first game, Phillips 66 continued their practice of allowing the opponents an early lead. Pitcher, David Miles, spotted Dawn six runs in the first inning.  
 But the Phillips 66 sluggers were determined to be victorious. They made the 18 runs on 14 hits. Six of the hits were for extra bases.  
 Bub Sparks was the star of the night.  
 The centerfield hit three home runs in four times at bat. One was a grand slammer. Sparks stepped to the plate leading 7 to 3. The bases were full and Sparks tied it up with a blast of the left fielder.  
 Miles bore down and didn't allow another run but Phillips continued to hit. Iley Barton, scoring 11 runs in the last three innings of the five frame contest.  
 Wendell Burdine gets credit for preventing the game from going five innings. He hit a homer with two men on in the last of the fifth to give Phillips 66 the needed 10 run lead.  
 Sparks, Burdine, and Reuben Knox had three hits each for Rex Lee's team.  
 Iley Barton and Ed Lemmons had two each to account for half of the Dawn safeties.  
 Miles is the winner and Barton the loser.  
**Second Game**  
 Hereford Hardware got off to a three run lead in the first inning. Stan Barrett's two run homer was the big blow. But Summerfield came back in the last of the first with three runs to tie the game. Clifton Harper collected a four master for Summerfield in that frame.  
 After two were out in the top of the second H-H scored twice to take the lead again. Summerfield counted once in the last of the second but H-H kept the lead this time for good.  
 Hereford Hardware picked up in-

urance runs in the third, fifth, and seventh innings.  
 C. A. Shanks replaced the winning pitcher, Richard Overcast in the seventh inning and was touched for two runs but the rally fell short.  
 Stan Barrett paced the winners with three hits while Kenneth Neal connected for three bingles for the losers.  
 The victory makes overcast record 2-0. Jack Clark gets the loss.  
 Next Tuesday night, Hereford Hardware plays the Knights of Columbus and Summerfield meets Piggly Wiggly.

### Mrs. Bessie Jones Installed OES Worthy Matron In Formal Ceremony

Mrs. Bessie Jones was installed as worthy matron of the Hereford chapter, Order of Eastern Star, Tuesday night at a called session held at the Masonic Hall. Other officers installed were: W. L. Jones, worthy patron; Mrs. Opal Roberson, associate worthy matron; Mrs. Nell Culpepper, secretary; Mrs. Virginia Patton, conductress; Mrs. Johnny Sanders, associate conductress; Mrs. Dorothy Noland, chaplain; Mrs. Earlene Walton, marshal; Mrs. Catherine Moore, organist; Lela Scarth, Ada; Ludie Greason, Ruth; Easter Glea-

ton, Martha; Grace Thomas, Electra; Alta Caraway, warder and Reynolds Sanders, sentinel. Mrs. Vivian Major, retiring worthy matron, opened the meeting and welcomed Mrs. F. C. Giendening as a new member. Mrs. Belle Hromas served as the installing officer and serving with her were: Mrs. Bessie Hill, installing chaplain; Mrs. Juanita Hershey, marshal; Mrs. Nell Culpepper, organist and Mrs. A. L. Manjeot, secretary. All of the new officers wore white nylon formals and carried lace fans in the emblematic colors. The fans and the corsages,

also in the colors of the emblem, were gifts to the officers from the incoming worthy matron. Following the installation Mrs. Jones gave greetings to the Order and announced her theme of "Friendship." Her motto "A Friend Loveth At All Times" and her colors are white and gold. The worthy patron also gave a brief message to the group. The junior worthy matron, Mrs. Vivian Major, and junior worthy patron, Bill Hromas, were presented in the East and the newly installed worthy matron presented Mrs. Major with her past matrons jewel. Mr. Jones presented the junior patron with a gift from the chapter. Mrs. Opal Roberson presented Mrs. Major with a white O.E.S. Bible. The installing officers were pre-

sented with gifts from the worthy matron and Mrs. Belle Hromas presented Mrs. Jones with a gift from the installing officers. Following the presentation of gifts, a program was presented. Mrs. Ludie Greason sang an appropriate solo, accompanied by Mrs. Catherine Moore. Mrs. Bessie Mae McCracken played a piano solo and Deward Roberson sang "Bless This House," accompanied by Mrs. McCracken. The program was concluded with group singing of the worthy matron's song "Living For Jesus." Visitors recognized were Mrs. Lynn Honea of Chapter 190, Sacramento, Calif., Mrs. Florence Guinn, Mrs. Bessie Chitwood, Mrs. Bessie Boggus and Mrs. Bessie Boatman of the Friona chapter. The newly installed officers serv-

ed as hostesses for the social hour held in Fellowship Hall. The refreshment table was done in white and pink, honoring the outgoing worthy matron with her colors. Approximately fifty members attended. ### Endeavorers Enjoy Picnic

One of the many get-togethers held during Pioneer Day festivities in Hereford last week, was when a pioneer group of Christian Endeavorers of the Presbyterian met for a picnic supper at the A. R. Rogers home on Saturday evening.

Many of the group had not seen each other for thirty years and many were the remembrances discussed. Their Sunday School teacher, Mrs. C. C. Ferguson, met with them.

Out of town guests were: Mr. and Mrs. Phillip Broadwell, Electra; George and Bernice Bove Young of El Paso; Mrs. Lois Cobb Jones, McLean; Mrs. Audrey Carroll Lee, Amarillo; Mrs. Nelia Carter Fox, Austin, and Fred Fuqua, Amarillo.

Hereford guests present were: Glenn Boardman, Harry Seed, George and Helen Jenkins Millard, Roy and Eva Rice Botsford; Lee and Velma Green Conklin, Otto and Lena Bodkin Olson; Mrs. Catherine Stringer Higgins, Mrs. Julia Wood Gilliam, Mrs. Harvey Nunn, Mary Bradley; Mabel Barnhart and the hosts, Arthur and Ruth Lee Rogers.

## Our Greatest Asset

Developments over the United States, especially Texas, during the past five years have emphasized dramatically the outstanding good fortune of the Hereford territory in possessing an adequate supply of underground water.

While neighbors — including those as close as Amarillo — have faced acute shortages of drinking water, this territory has gone about its business with never a care or worry in the direction of water for drinking purposes. We have even possibly wasted precious water in the growing of improper crops for irrigation and by careless handling of this natural resource, a factor

which this editorial would classify as an entirely different subject.

The blunt truth of the matter evolves from a plain question: "How many of us really appreciate our water supply?"

We became excited about oil wells and their possibilities in this area — but do they really compare with our underground water supply as a natural resource? Less than 200 miles from Hereford there are oil producing areas which are hauling in drinking water in tank cars. Fort Worth and Dallas have spent close to the net income from a small oil field in an effort to insure a reasonable amount of water for domestic and commercial uses — and their situations are still questionable.

Oil has its unchallenged place in our modern mode of living—but it will never be a basic resource such as water. In other words, we could still live without oil—but never without water. Looking at the underground water situation from an economic standpoint, the banks of Hereford today show combined deposits rivaling or surpassing 1948. A country which can stand drought in this manner certainly has much of which to be proud. Somehow the situation reminds us of Cortez and his band of Conquistadors who came to this country searching for gold. Disappointed and harassed in their quest for sudden riches, those who lived branded the fertile country as worthless. Yet, the lands these adventurers passed by have long since produced many thousandfold the fondest dreams of wealth ever imagined by the gallant Spaniards.

## What's News...?

"What's new this week?"

Often you hear the question around a little newspaper like The Brand. When someone asks it, they are generally thinking in terms of big happenings, things like murders, explosions and riots. Most newspapermen know this, so they generally grin and say, "Nothing much."

In the first place, a town like Hereford has very few items of such interest. In the second place, they are pretty generally our poorest form of news—simply because most people already know about them. The only chance we have is more complete, reliable details.

The "Hospital Notes," for instance, probably have more real news value for our readers than the lead story in this very issue. Take a fire, for another instance. The Brand will cover any piddling little blaze whereas the Associated Press is not interested unless there is a loss of life or extremely heavy damage. Still that fire probably caused a lot of heartaches for the family involved.

What we are trying to get across is the fact that the small-town newspaper does a job no other medium achieves. It is down to earth and owes its very existence to understanding and writing about things in which the metropolitan press would sneer. It prints the good along with the bad, withstands a lot of abuse and criticism, is the brunt of many jokes—and still manages to struggle along.

Despite all of this, most people subscribe to their hometown paper—and a few are proud of it. In addition, it affords a service which residents of the big towns are denied. People who live in small towns and on farms get the same newspapers the city folks get, they get the same big-time radio programs and they watch the same television shows and newscasts. In addition, they have the hometown newspapers, a grass-roots medium which covers the little things and, once in a while comes up with something truly clever, readable and worthwhile.

AUSTIN, Tex. —Before leaving Austin, the legislators said to each other, "Goodbye, see you at the special session."

It is expected that Governor Shivers will call them back when the courts make a final decision on the natural gas tax.

If the tax is upheld, the state will have available the money that has been piling up since the tax was passed by the previous legislature, plus a monthly return of some \$1 million.

Governor Shivers has predicted that the court test will come to an end in the Fall.

Reviewing the session, Governor Shivers commended the legislators as a hardworking lot who had put through about 75 to 85 per cent of the program he requested.

He thus revised upward a previous estimate that only a small fraction of his program was completed.

Lawmakers deserve praise, the governor said, for passing some legislation and for defeating other bills.

It was well, he thought, that no new taxes were passed, no expensive state services were inaugurated, and no punitive measures were taken against either labor or management.

As to legislation passed, the governor thought these measures were good:

Authorizing new tuberculosis hospitals at San Antonio and Harlingen; setting up a stronger water conservation program; establishing a state toll road authority; increasing the pay of state employees \$180 per year; toning down the auto safety inspection law; providing three-day jail sentences for driving while intoxicated; and taking steps to study and deal with alcoholism.

The chief executive also thought favorably of these proposed constitutional amendments, to be voted on by the people in November next year:

Permitting Texans in the armed services to vote; authorizing use of a surplus in the Confederate Pension fund for state buildings; boosting the ceiling on state welfare expenditures from \$35 million to \$42 million; and permitting women to serve on juries.

There were several of the governor's proposals that the legislature failed to put into effect, including:

Revising the election code; congressional and judicial redistricting; raising the money paid for road building; financing new buildings at Southwestern Medical School at Dallas, the University of Texas cancer research hospital and dental school, the deaf school, and the prison system; and providing public school teachers a salary raise.

Increasing the teachers' pay was the hottest and most controversial issue of the session.

Teachers asked for \$600 per year additional salary—they got nothing, although a compromise, had they accepted it, would have given them \$306.

"It wasn't so much the money," the teachers' spokesmen complained. "It was the principle of the thing."

They said that administration leaders never considered any way of financing the pay increase except by hiking local property taxes.

School people also balked at the administration's insistence that state payments to school supervisors and counselors be eliminated.

A statement was issued by the Texas State Teachers' Association to the effect that it "should not be and has not been in the position of being willing to cripple or sacrifice its school program for the conditional promise of a small salary increase when the principles involved were so far-reaching."

The association said it would continue its fight for salary raises at the next session and pointed out that a special session could be called to deal specifically with this problem.

In addition to the proposed constitutional amendments listed above, these additional ones were passed by the Legislature and will be submitted to the people:

Increasing the pay of elected state officials, including members of the Legislature; giving precinct, county, and district officials four year terms instead of two-year terms; permitting teacher retirement system and state employee retirement system credits to be transferred; forbidding the state to assume any debt on bonds issued to build toll roads; allowing state and local government workers to go under the federal social

## AND SO TO SLEEP

A toy puppy with an extra long tail is putting children to sleep effortlessly at a Boston Hospital. The youngsters never know it.

Dr. Orvar Swenson of Boston told of the innovation in anesthetizing children at a clinic of the Central Texas Journal Club.

The rubber puppy, named Perky, is different from similar toys in only one respect—its long tail. The tail carries an anesthetic.

When the child squeezes Perky to hear his squeak, the tail shoots out anesthetic. Almost before the youngster can say "Perky," he's asleep.

"When the child awakes he has no unpleasant memories," Swenson said. "The last thing he remembers is squeezing Perky to hear him whistle."

The **BOOTLEG** —Philosopher

Editor's note: The Bootleg Philosopher takes the cake this week for backwardness, as his letter will reveal.

Dear editor:

I've heard it said by statesmen and students of history that the British Empire has been declining and shrinking in recent years, and while I've got nothin against declinin and shrinkin, I know lots of folks who've been doin it steadily for years, I had not paid much attention to the claim.

In fact, the way England could still manage to swing a loan, regardless of who was in the White House, Democrats or Republicans, led me to believe she was mighty as ever, but the last few weeks I've begun to have my doubts.

They were brought on by all the excitement and hullabaloo over the crownin of the Queen over there.

Now personally I got nothin against the Queen, looks like one of the most level-headed young ladies I ever heard of, but what worries me about England is it looks like that once mighty empire is rynnin out of ideas, at-least of original ideas. Now she's copyin after America.

Crown a queen is all right, it brings a big crowd to London, turns lots of tourists' dollars loose, but thunder the idea has been used so much in this country it's about as novel as a Fourth of July float. In the last few years a community which ain't crowned some 'sort of a queen was considered queer, almost unorthodox. A picture of some girl gettin crowned —doesn't make any difference who by, anybody from the governor to a county commissioner to a president of a chamber of commerce to a newspaper editor seems to be equally skillful at the job, in fact, I guess it's one of the few jobs it takes the least trainin at to reach perfection in that's known to man—as I say, a picture of some girl gettin crowned queen is as common a sight in the papers these days as a bathin beauty or a fugitive from justice.

In the last few years I can personally remember havin seen pictures of girls gettin crowned as bathin beauty queens, blackeyed pea queens, watermelon queens, cantalope queens, petrolum queens, wheat queens, rice queens, alfalfa queens, football queens, photo queens, better roads queens, in fact, the only two queens I haven't seen pictures of are cumquat queens and blacksmith shop queens, and also Johnson grass queens, and somebody may be workin on them.

England is just rynnin out of new ideas, but it didn't seem to make much difference if she did copy an American idea, the crowds sure swarmed in for the crownin.

Yours faithfully,

### Times Change, Also Children -- Not A Fireman In A Carload

Most youngsters decide definitely what they want to be when they grow up. Once upon a time, firemen and engineers held to the spotlight in popularity, but times change so we would like to know what your son or daughter views the most promising profession these days.

**BONNIE CRAIG:**  
Daughter of Mr. and Mrs. Eldon Craig, thinks that she will be a nurse when she grows up. Bonnie is 11 years old.

**CRAIG GRIFFITH WINGET:**  
Son of Mr. and Mrs. C. R. Winget, is nine years old and thinks that he will "just remain a cowboy."

**JOELLEN HAMILTON:**  
Daughter of Mr. and Mrs. Joe Hamilton, said that she was going to be a nurse. Joellen is five years old.

**KENNY LOERWALD:**  
Son of Mr. and Mrs. E. H. Loerwald, thinks that Television is a very promising profession. Kenny is nine years old.

**VIRGINIA LYNN SOWELL:**  
Daughter of Mr. and Mrs. J. B. Sowell Sr., also thinks that she will be a nurse. Lynn is six years old.

**GEARY GEARNS:**  
Geary, who is the nine year old son of Mr. and Mrs. Kenny Gearns, said that he wanted to be a doctor.

## 'Tater Peelin's

By Roberta Campbell

We often hear somebody say a child looks just like its mother or father did when they were little but we've never seen two little girls more alike than the small daughters of Mr. and Mrs. Britch Hopson.

Even to Naomi, Dawn looks just as Randy did at her age. Naomi recently received a nice check from Capper's, for an article on "The Care and Grooming of Little Girls Hair" but when we see some of the cute little dresses she makes always in twos we think it might be "The Care and Grooming of Little Girls' Period."

History was made at our house this week though we didn't realize as we put our cake together that our son, who was dipping into the frosting about as deep as we were had never before seen a three layer cake. We suppose it's because families are so much smaller that practically all recipes are for only two layers now.

We still have two part collie puppies that we would like to find a home for in the county.

The mother dog is a very good watch dog and good with stock.

A shy mouse listed on the luncheon menu of a caged rattlesnake with a well-laced bite. Seldom does the food bite the mouth it feeds.

Robbed of her hens, an Illinois farm woman advertised for the thief to "come and get" the lonesome rooster left behind. Seems he's been growing in a minor key ever since.

Security plan; and authorizing counties under 10,000 population to keep separate tax assessor-collectors by local option.

Some of these issues are controversial—you'll be hearing more about them as election time approaches.

As the session ended, Governor Shivers' desk piled up with bills passed and sent to him for his signature. He signed 25 of them in one day. These included provisions to:

Permit courts to order compulsory hospitalization of those who use narcotics except under a doctor's order.

Give the University of Texas renewed power to lease land on the southwestern Medical School campus to private research agencies.

Hike from \$150 to \$200 per month the Confederate pension of Walter W. Williams and his wife, who live near Franklin. Williams is one of the only two Confederate veterans living in Texas.

Set aside \$30,000 to prosecute the

Rio Grande water fuss with N. M. Give state and local government workers 15 days annual military leave for National Guard or reserve training without loss of vacation time or salary. Members of the Legislature are excepted.

If Governor Shivers and Lieutenant Governor Ben Ramsey should both leave the state at the same time, the acting governor will be Senator Jimmy Phillips of Angleton.

Phillips was elected president pro tempore ad interim of the Senate. That means he is the presiding officer of the Senate for the time between sessions.

The president pro tem is second in line, behind the lieutenant governor, to fill the governor's shoes in his absence.

Phillips holds the modern filibustering record. Two years ago he spoke for 17 hours and 55 minutes against a bill that would have abolished the state hospital board.

Attorney General John Ben Shepperd wants to oust from Texas the "communist-dominated" International Fur and Leather Workers Union of the U. S. and Canada.

Shepperd asked for an injunction against the union and its agent, Emanuel Coutlakis, on the grounds that they had not registered with the Texas secretary of state.

Coutlakis, the attorney general said, has been attempting to organize the workers of a tanning company of San Antonio.

In line with Shepperd's request, District Judge Charles O. Betts issued a temporary restraining order.

**Short Snorts:** Frank D. Quinn, chairman of the state parks board said in a speech here the tourist business can be the state's biggest—but it is handicapped by a hule against state advertising. Want a job? The Texas Highway Patrol is looking for new recruits. Draft quota for Texas in July is 1,268 men, smallest since September. You can have a television set in your car. A bill preventing same was found to be unconstitutional.

# How Can I?

By Anne Ashley

Q. How can I reduce the splattering and smoking of fat when broiling steaks or chops?

A. After preheating the broiler, pour in just enough cold water to cover the bottom of the broiler pan. The water does not interfere with browning or crisping the meat. It lessens splattering, and also makes the cleaning of the broiler much easier.

Q. How can I store white garments to keep them from turning yellow?

A. Use brown or blue paper for wrapping the white garments. The chloride of lime in white paper will destroy the color of the garments, causing them to turn yellow.

Q. How can I prevent dandruff?

A. Some have claimed success by using a mixture of one part apple juice and three parts water. Apply this solution twice weekly.

Q. How can I make a lotion to prevent sunburn?

A. By mixing two ounces of water and 10 drops of glycerine; add a little perfume and dab this on the skin with a soft cloth; leave on five minutes, then wipe off very gently.

Q. How can I keep freshly pared apples from turning brown?

A. Put the pared apples into a bowl of cold water immediately, and they will not turn brown. They can be kept this way for some time, until ready for use; just by changing the water once or twice.

Q. How can I easily clean silk lamp shades?

A. Use a soft-bristled brush to remove the dust from the shades, as it is the dust that rots the silk and destroys the color. This should be done every week.

Q. How can I prevent body perspiration odor?

A. Wash the body with a basin of warm water, to which add two tablespoons of compound spirits of ammonia. This leaves the skin sweet, clean and fresh.

Q. How can I make a good hot-weather bath powder?

A. By mixing equal parts of cornstarch and talcum.

Q. How can I safely clean oil paintings?

A. Use warm soapsuds. Wash only a small section of the canvas, at a time, and wipe it dry. When the entire surface is clean, go over it with a cloth dipped in linseed oil to prevent cracking.

Q. How can I remove lint from freshly varnished surfaces which have not fully hardened?

A. Rub these spots with a cloth moistened with turpentine, and follow with furniture polish.

Q. How can I soften butter?

A. The best method to soften butter that is too hard is to turn a heated bowl over it. This softens the butter throughout, and it then is easily spread.

## Kathryn Davis Graduates From Nursing School

Kathryn Davis, daughter of Mr. and Mrs. A. H. Davis, received her degree in nursing from St. Anthony's School of Nursing in Amarillo Wednesday night. The graduation program was held in St. Mary's Cathedral Hall.

Miss Davis graduated from Hereford High School in the spring of 1950 and has completed three years of training at St. Anthony's. She spent four and a half months in San Antonio in special study at the State Hospital and at Santa Rosa Hospital where she specialized in Pediatrics. She will remain at St. Anthony's until fall.

Attending the graduation exercises were Mr. and Mrs. A. H. Davis and her mother, Mrs. Mary Collins, and Mr. and Mrs. A. S. Higgins and family.

Only one mail pouch was ever lost by the Pony Express.

Earliest New England houses were built of thick planks instead of logs as is generally believed.

# Personals

Kay Ruth Barnard, daughter of Mr. and Mrs. D. C. Barnard, went to Missouri to attend the graduation exercises of the Wentworth Academy at Columbia, Mo. She accompanied her uncle and aunt, Mr. and Mrs. Bob McCoy, of Pampa.

Mrs. Tobert Wagner returned from Groom where she has been visiting her mother, Mrs. C. E. Fields.

Mr. and Mrs. S. S. Dodson have been to Perryton over the week end. They were visiting relatives.

Mrs. J. Fortenberry went to Amarillo on a shopping tour Saturday.

LET'S COOK SOMETHING

Mrs. Hammer's Strawberry Preserve Recipe Popular

By request, we use Mrs. J. B. Hammer's recipe for strawberry preserves in our recipe column for today. Hereford homemakers have been using this recipe for years and the requests come from some who have heard about the recipe, and from others who have used it and have misplaced it.

here because by picking one quart as soon as they are ready, a good deal of waste can be eliminated.

Strawberry Perfection Preserves

- 1 quart strawberries
5 cups sugar
Wash and stem strawberries, handling as little as possible. Cook fruit without sugar three minutes by the clock, stirring carefully. Add 3 cups of sugar, mix thoroughly into berries and cook three minutes more, giving an occasional stir. Add the remaining two cups of sugar and stir carefully into berries and cook three minutes more. Pour into earthen vessel and cool, stirring occasionally. Let set over night or two or three days, and pack in jars and seal cold.

JUST 'CAUSE I WAS A HOMELESS ORPHAN THAT DIDN'T HAVE ANY FOLKS OR NO HOME, THE SHERIFF WANTED TO KETCH ME AN' PUT ME IN AN INSTITUTION~

I GUESS INSTITUTIONS ARE SWELL~ BUT I DON'T LIKE 'EM 'CAUSE THEY DON'T ALLOW DOGS IN 'EM~ I LOVE ZERO~ SO I JUST HADDA RUN AWAY BEFORE THE SHERIFF COULD KETCH US~

THE SHERIFF'S LOSS IS MY GAIN~

GOLLY GEE, WHAT A PURTY PLACE!

RIGHT YOU ARE~ MAN AND BOY, I'VE STOPPED HERE EVERY JUNE FOR NIGH ONTO FIFTY YEARS~ COME TOMORROW WE'LL BE IN APPLGREEN JUST OVER THE HILL~

I DON'T GUESS ITS GONNA RAIN~ THAT MEANS WE KIN EAT OUTDOORS AGAIN, HUH?

YOUR PROPHECY IS CORRECT~ WE SHALL DINE AL FRESCO~ SURROUNDED BY THE LAVISH BEAUTIES OF THE GREAT OPEN SPACES, BY GUM!

HONEST, I NEVER ATE SUCH NICE FOOD~ IT'S LIKE MAGIC~ COOKING ALL KINDS OF FOOD IN JUST ONE~ WHAT DO YOU CALL IT??

IT BEARS THE PROUD NAME OF ITS IMMORTAL CREATOR~ A GENIUS~ HEAVEN'S GIFT TO THE HUNGRY MAN~ MU-L-L-I-G-A-N, MULLIGAN! A NAME THAT WILL GO DOWN IN HISTORY WITH SHAKESPEARE, MICHEL-ANGELO, BEETHOVEN AND THE UNKNOWN WIZARD WHO INVENTED THE FISHHOOK~

YEAH~ IT'S SWELL~ BUT WHAT'S IN IT?

HUSH, CHILD~ NEVER, NEVER ASK A COOK WHAT'S IN A MULLIGAN STEW~ THE INGREDIENTS OF THIS NOBLE DISH, ARE TO BE EATEN AND ENJOYED~ BUT NEVER QUESTIONED!

WHO ARE YOU, MISTER? ARE YOU LOOKING FOR SOMEBODY?

WELL, STRICTLY SPEAKING, I'M NOT LOOKING FOR A PERSON AT ALL...ARE YOU IN CHARGE HERE?

I GUESS YOU COULD SAY I'M IN CHARGE WHILE MISS DOOLEY IS SICK... AT LEAST, I'M IN CHARGE OF THE HORSES.

NOW WE'RE GETTING SOMEWHERE! IT'S THE HORSES I'M HERE ABOUT.

LOOK, SON, MY NAME'S CLINTON. I'M A PRIVATE INVESTIGATOR... HERE'S MY POLICE CARD... I'M LOOKING FOR A HORSE NAMED "SILVER LAD".

A DETECTIVE? GEE, MR. CLINTON, WE'VE GOT TWO HORSES, BUT I DON'T THINK THAT'S THE NAME OF EITHER ONE.

GOLLY, I NEVER HEARD OF A PRIVATE EYE LOOKING FOR A HORSE!... WAS IT STOLEN, OR SOMETHING?

NOTHING LIKE THAT... MY CLIENT IS A RICH HORSE BREEDER, AND IT SEEMS THIS NAG IS THE LAST OF A CERTAIN BLOOD LINE... HE WANTS HIM BAD, SO HE HIRED ME TO FIND HIM. LET ME TAKE A LOOK AT YOUR HORSES.

HOLY SMOKE! I MUST BE WRONG AGAIN!... NOBODY WOULD PAY A GUY FIFTY BUCKS A DAY AND EXPENSES TO FIND THOSE!

THEY'RE FINE HORSES, MR. CLINTON... THEY JUST NEED TO BE CARED FOR... SAY! HERE COMES THE SHERIFF... HE MIGHT HELP YOU.

WELL, RUSTY, WE LANDED A COUPLE OF BIG FISH... MEL AND TRIXIE WERE WANTED BY THE F.B.I. FOR FORGERY AND CHECK PASSING... GOT THEIR JOBS HERE WITH FORGED REFERENCES... WHO'S THIS GENT?

THIS IS MR. CLINTON... HE'S A PRIVATE EYE AND HE'S LOOKING FOR A CERTAIN HORSE.

HORSE NAMED "SILVER LAD," SHERIFF... SOLD AS A YEARLING IN LEXINGTON... SUPPOSED TO HAVE BEEN BOUGHT LATER BY DENVER DOOLEY WHILE HIS CARNIVAL WAS PLAYING THERE.

WELL, LET'S GO SEE DOOLEY'S SISTER IN THE HOSPITAL... LIKE AS NOT SHE CAN SETTLE IT.

A LITTLE LATER  
I'VE HIT THE JACK POT, RUSTY... ONE OF THE HORSES IS "SILVER LAD," ALL RIGHT... I'VE PHONED MY CLIENT AND HE'LL BE HERE TOMORROW.

YES, SIR... I'LL LOOK AFTER THEM TILL HE COMES... IF HE BUYS "SILVER LAD," MAYBE HE'LL GIVE ME A JOB.

# JOHNNY HAZARD

by FRANK ROSSIN

FLYING IN THE TUNNEL TRANSPORTS TO HIS HOME CITY OF NAMRON, GORSE CALMLY TELLS JOHNNY THAT HIS UNDERGROUND PEOPLE INTEND TO RETURN TO THE SURFACE TO RECLAIM THE EARTH THEY ONCE INHABITED!

LOOK, GORSE... YOU JUST CAN'T "TAKE BACK" THE EARTH'S SURFACE... EVEN IF YOUR ANCESTORS DID ONCE INHABIT IT!

WHY NOT? WE HAVE AS MUCH RIGHT TO RULE IT AS YOUR PEOPLE! AND, IF THEY FIGHT US...

... OUR SUPERIOR WEAPONS AND AIRCRAFT WILL CRUSH RESISTANCE WITH FRIGHTFUL LOSSES ON YOUR SIDE! IT WILL BE WISER IF THE SURFACE POPULATION SUBMITS PEACEFULLY!

BUT WE UPSTAIRS POLKS DON'T QUIT THAT EASILY! TURN THIS SHIP AROUND... YOU'RE MY CAPTIVE NOW!

PLEASE, NO HEROICS! YOUR LITTLE TOY DOES NOT FRIGHTEN ME!

IT MIGHT INTEREST YOU TO KNOW THAT YOU AND YOUR SMALL FRIEND HAVE BEEN COVERED... SINCE THIS TRIP BEGAN!

HE'S SO RIGHT, JOHNNY!

DON! YOU'RE ONE OF THEM!

RIGHT! AND OUR LITTLE EXPEDITION DOWN HERE IN THE 'COPTER WAS A CONVENIENT WAY TO DISAPPEAR FROM THE SURFACE WITHOUT QUESTIONS BEING ASKED!

DON'T FORCE ME TO KILL YOU, JOHNNY! I'VE GROWN FOND OF YOU AND CUTOUT... AND I'D LIKE TO SPARE YOU IF YOU PLAY BALL!

WE ARE ARRIVING AT NAMRON NOW...

NAMRON... FANTASTIC EARTHQUAKE-PROOF CITY... INTER-CONNECTED, HELIUM-FILLED DWELLING SPHERES... A COMPLETELY SUSPENDED METROPOLIS.

JUST WAIT'LL YOUR FATHER COMES HOME - I'LL HAVE HIM TAKE CARE OF YOU

DAGWOOD, YOU'LL HAVE TO PUNISH ALEXANDER - HE WAS CARELESS AND DISOBEDIENT

DAGWOOD, HE'S TOO OLD TO HAVE TO STAND IN THE CORNER FOR PUNISHMENT

HOW ABOUT NOT GIVING HIM HIS ALLOWANCE THIS WEEK?

THAT WON'T WORK - HE'S ALREADY COLLECTED HIS ALLOWANCE FOR THREE WEEKS IN ADVANCE

I'M TOO YOUNG TO GO TO JAIL

LET'S SEND HIM UP TO HIS ROOM WITHOUT SUPPER

THAT'S NO GOOD - HE'S DYING ANYWAY AND HE HAS BOOKS AND MAGAZINES UP THERE TO READ

HOW ABOUT A GOOD OLD-FASHIONED SPANKING?

NOTHING DOING - HE'S TOO BIG - I'D RATHER WRESTLE A WILDCAT!

THERE MUST BE SOME WAY TO DISCIPLINE A BOY HIS AGE

IT'S A FATHER'S DUTY

IF YOU'D TELL ME JUST WHAT HE DID I COULD MAKE THE PUNISHMENT FIT THE CRIME

HE LEFT OUR NEW LAWN MOWER OUTDOORS LAST NIGHT IN THE RAIN AND IT GOT ALL RUSTY

WHAT'S THE MATTER DAGWOOD?

I HAVE A CONFESSION

I'M THE GUILTY ONE - I LEFT THE LAWN MOWER OUT LAST NIGHT

OH, GOODIE, THAT MAKES IT SO MUCH EASIER

THERE ARE A THOUSAND WAYS TO PUNISH A HUSBAND

I'M SORRY, POP, BUT I TRIED TO TAKE THE RAP FOR YOU

THANKS

ABOARD THE VAST STAR SHIP--  
THE COLOSSI COMMUNICATE VIA  
THE MENTAL HELMETS...

THE MAIN REASON IS THAT  
YOU SAVED OUR LIVES,  
TINY BEINGS.

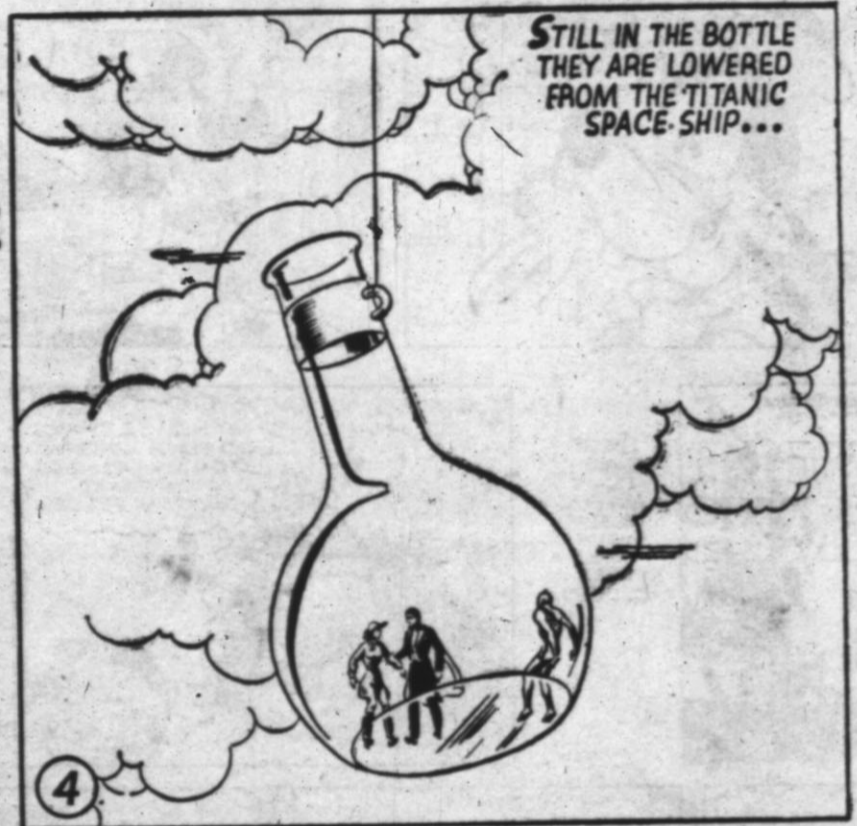

WE HAVE DECIDED  
NOT TO USE YOUR  
PLANET TO REFUEL  
OUR SUN.

"WHEN WE WERE HELD HELPLESS BY YOUR GRAVITY,  
YOU SAVED US FROM FIRE THAT WOULD HAVE  
DESTROYED US."

AGAIN.

THEY'RE LEAVING! THE  
FIRST VISITORS FROM  
SPACE! HOW AWFUL--  
GOING BEFORE WE  
COULD LEARN ANYTHING  
ABOUT THEM--

LET THEM GO!  
IF THEY STAYED,  
THEY MIGHT  
CHANGE THEIR  
MINDS.

THE SHIP'S--GONE--  
IT JUST VANISHED!  
WHO'LL EVER BELIEVE  
THIS HAPPENED TO US?
