

Six Churches Hold Classes

Vacation Schools Attract Many Local Youngsters

Hereford youngsters—750 strong—turned out during the month of June for Vacation Church schools in six Hereford churches.

Under the supervision of 144 adults—most of them parents—the young people studied the Bible, did handcraft work, prepared programs for church services and learned songs.

Immanuel Lutheran
At the Immanuel Lutheran church

Around Town

A doctor who started giving his money to help unfortunate people, and is considered crazy enough that well-meaning fellow citizens try to have a guardian appointed for him, is the theme of "All That I Have," full-length free movie which will be running Tuesday at the Star Theater. Regular theater hours will be kept, as usual, and short subjects will be included on the program. The first program starts at 1:45 o'clock Tuesday afternoon.

There will be a flying-up ceremony for Mrs. Robert Thompson and Mrs. Weslie Brown's Blue Bird groups Tuesday night at 8 o'clock at the Camp Fire Hut. The public is invited.

Mrs. Gerald McCaskill underwent oral surgery last week to have two impacted wisdom teeth pulled, and Gerald says that her mouth was so sore the day after the operation she could hardly open it. She still has two more that have to be taken out later.

Ed Paynor spent two days last week in Oklahoma, taking his State Board in Pharmacy examinations at Oklahoma City and Norman. Paynor graduated from Southwestern State College, Weatherford, Okla., this spring shortly before he moved to Hereford. It will be two or three weeks before he receives word about the test results.

Looking for a spot to cool off? The land-locked Chamber of Commerce office, which could well be a sweltering place on these hot summer days, should be an oasis now that an air conditioner has been installed. They had to chop a hole in the roof of the hotel Jim Hill ballroom to get fresh air for the cooler, but that was done, and the air is carried by a duct into the C of C office.

When a Highway Patrolman called Mrs. Freddie Gray Thursday night from the City Cab stand to tell her that Mona had been killed in an accident near Canyon, W. D. Isbell, one of the partners in the cab company, offered her transportation to Canyon if she needed it. Isbell not only drove her over, but waited until she was ready to return, then drove her back to Hereford.

Several Hereford Lions are in Borger this week-end attending the annual District 27-1 convention being held there. Gayle Foster, Hereford's candidate for district queen, accompanied the group to the convention. New officers, a new convention city and the selection of district queen were on the agenda for the convention.

Approximately 25 Hereford scouts returned Saturday night from a week-long camp at Camp Don Harington. Friday night it was announced that John David Bryant of Hereford was honor camper of the entire camp for the first week. Elmer Rook of Hereford was named Camp Goat for being able to put up with practical jokes the best of anyone in the camp. Several Hereford boys were named among those for the order of the

The Red Cross board of directors will meet in the Red Cross office on June 23 at 8 o'clock for a business meeting, according to Mrs. Reed Williams, president of the group. Mrs. Corinne Jennings, executive secretary will give a report on the school she attended recently in Abilene. Plans will be made for the annual meeting which will be held sometime during June.

a group of 35 juniors formed a choir to sing at morning worship services on the Sundays of June 14 and 21. The same group also made a small altar for their Sunday school room.

The theme of the school—"Jesus Our God, Our Teacher, Our Friend and Our Saviour" is being carried out by means of films and flannel-graph drawings. The school, which opened June 8, will close June 19. The entire group of 87 enrolled at the First Christian Church last week participated in a Children's Day program and exhibit at the Sunday evening worship service on June 7. Each department had songs and exhibits carrying out the particular theme for their department.

Prophets Studied
The juniors studied the Prophets of the Old Testament; primary students studied "God's World and How to Love and Care for It." "Home and Family" was the subject studied by the kindergarten and nursery departments.

The theme "Living for Jesus" was followed in all the departments of the East side Baptist church in their first vacation church school since they were organized earlier this year. The small building which houses the church was filled to overflowing with 111 youngsters enrolled for the 2-week school which will end on June 19.

Creative Theme
Another first went to St. Anthony's Catholic church. There were 92 students from 4 to 14 enrolled for the first annual school. A creative theme was carried out in all the departments with such activities as screen painting, Bible stories, singing and art taking the spotlight. There were 15 workers helping with the school.

The largest number of students enrolled for classes were at the First Baptist Church, where a total of 256 youngsters showed up for classes.

The second annual Vacation Bible School of the Air is in progress each afternoon through June 19 from 1:30 to 2 o'clock. Theme for the school is "God is Love and How He Shows His Love." Rev. Harold Kaestner is directing the non-denominational school. At the end of each half-hour program a group of questions are read to the listeners and they are invited to send in the answers. They receive a small gold lapel pin in the form of a cross to show that they participated in the school.

School Ends
The vacation Bible School closed at the First Methodist Church Wednesday afternoon. A total of 135 students were enrolled for the classes which were held from June 1 to 10.

The primary department of the First Methodist Church studied "Jesus My Friend", the kindergarten, "My Home and Family".

(Continued on Page 2)

SCENES FAMILIAR to all vacation church schools are shown above. The top picture shows the nursery age group of the Eastside Baptist church busily engaged in making clay men under the supervision of Nancy Milford, Lajean Latham, and Sue Savage. In the

bottom picture a group of youngsters of the Immanuel Lutheran church are shown coloring and cutting out of workbooks provided especially for the school. Over 750 Hereford youngsters were attending vacation church schools over the city this month. Staff Photo.

Day Nursery Opens Monday With Help From Volunteers

Miss Shirley Montgomery of Shamrock has been hired to fill the post of supervisor for the Hereford Labor Camp Day Nursery this summer.

Teen-Agers To Help
Two teen-age homemaking students will go to the nursery each day from 11 until 2 to serve lunch to the children.

There are still several articles which the nursery needs for operation, according to Mrs. Floyd Ross

member of the nursery committee. Among the items needed are old card tables that could have the legs cut off to make them the correct height for the children. Any cooking utensils will be welcomed, Mrs. Ross said.

Baby Bed Needed
A baby bed is another item on the must list, as well as play pens

(Continued on Page 2)

ALL PACKED AND READY TO GO! The O. A. Smith's load the last of the luggage into the back of the new 1953 Packard which will take them to the Drowsy Water ranch, near Granby, Colo., for a week's vacation, courtesy of The Hereford Brand. The Smith's were selected as The Brand's Good Neighbors over a list of 20 entries in the annual Good Neighbors contest. Seigler Motor company is furnishing the car for the trip. Mr. Smith and 8-year old Gary are looking forward

to the fishing near the ranch, while Mrs. Smith is planning on doing some horseback riding. June Marion, 17-year old daughter, got a suspiciously happy gleam in her eye when she saw that an overnight camping trip was listed among the weeks activities of the ranch. There are just too many things to do for Karen Sue to decide what she thinks would be the most fun although she thought she might "try" to ride a horse. Staff Photo.

Wreck Victim's Funeral Today

EDWARD RAY PERRY

MONA GRAY

Funeral services for Eddie Clay Perry, 17, Hereford teenager who was killed in an automobile accident Thursday night near Canyon, will be held at 2:30 this afternoon at the Avenue Baptist Church with Rev. H. V. Fields, officiating. Interment will be in West Park Cemetery. He was the son of Mr. and Mrs. H. W. Perry.

Ranger Services
Services for Mona Beth Gray, 14, who was killed at the same time and place as her brother, will be held in Ranger. She was the daughter of Mr. and Mrs. Freddy Gray.

Perry was born October 19, 1935 in Lawton, Okla. They moved to Deaf Smith County in 1943.

Survivors include his parents, Mr. and Mrs. H. W. Perry, three brothers, Leon, Bobby, and Euel, all of Hereford, and two sisters, Helen Barrow of McKinney and Patricia Perry of Hereford.

Arrangements were made by Gilliland Funeral Home.

Five Car Accident
The two young people were killed in a five-car accident that occurred about 9:30 Thursday night about six miles north of Canyon.

Cecil Messer, 21, also of Hereford, was critically injured in the accident. He is still in Neblitt Hospital, Canyon.

Head-On Collision
Messer was in the center lane of the three-lane highway passing another car when G. W. Bender, Canyon, started to pass a car from the other direction, and the two vehicles met head-on.

Saturday officers were still trying to determine the cause of the accident. (Continued on Page 2)

Eleven Persons Indicted By Recalled Grand Jury

A grand jury that spent until midnight Friday in deliberations handed out 11 indictments before they were through.

Included in these are two forgery indictments, one burglary indictment, one child desertion indictment, and one indictment for second offense DWI.

Persons Indicted
Forgery indictments were returned against Robert Spencer and Marvin Holmes, a burglary indictment against David Scales, child desertion indictment against Edward Freeman, and a charge of second offense, driving while intoxicated, against Obie Lee Ma-

lone. Names on the other five have not been released.

This was the second session of the grand jury this year, having been temporarily adjourned on Feb. 2.

Jury Members
Members of the grand jury include: W. P. Axe, foreman, Harry Bennett, Lynn C. Kester, Ira Scott, D. C. McWhorter, Dalton Criswell, Herschel Burrus, P. B. Sowell, G. S. Solomon, Austin Rose, Jr., J. B. Haile, and J. R. Overstreet.

When the jury was excused by Judge Harry Schultz in February, it was cited as subject to recall any time within six months.

ESTIMATES ARE TURNED IN BY PMA

Wheat Harvest To Get Going Well This Week

Wheat from the estimated 48-50,000 acres of irrigated wheat in Deaf Smith County has begun to come in to the elevators, though harvest is not expected to get into full swing until at least the middle

of this week. By Friday, about 150 loads had been brought in, all from irrigated land.

Hugh Clearman, Deaf Smith County agricultural agent, said he

Deposit Will Be Required With Application To Drill

A deposit of \$25 to insure the turning in of a well log and registration form will be required in the future when Deaf Smith County farmers make application to drill an irrigation well.

A motion to require the deposit was passed Friday night at a meeting of the County board of directors of the water district. The deposit will be returned when the log and registration are completed and turned in.

It's A State Law
Tom McFarland and Bill Broadhurst, from the Lubbock office of the High Plains Underground Water District, told the directors that drillers who are not complying with the law as it is related to water well logs are actually violating a state law.

That fact, with the need for the information in the forms, apparently motivated the deposit idea.

"Shot" Dangers
A danger from seismograph crews accidentally ruining irrigation wells with their "shots" was another matter brought up at the meeting, which was attended by directors Gayle Neal, Paul Corbett, Pete Carmichael and Frank Bezner.

One solution to this would be to

Quantity Of Copper Wire Is Stolen In The County

Loss of more than 800 pounds of copper wire and wire scrap was reported last week to Sheriff Lowell Sharp and Police Chief Leo Box.

Southwestern Public Service Co. lost 730 pounds of wire that had cost them about 40 cents a pound, and REA reported the loss of about 100 pounds of scrap wire.

Saturday the sheriff's office reported that they were working on the case, but did not have anything for publication.

ask the county commissioners to pass a county law governing the distance which seismograph test holes must be drilled from irrigation wells for safety.

Recharge Experiments
Broadhurst told the directors about experiments on wells and pits in lakes as a means of recharging the supply of underground water.

He said that California has found that cotton burrs in such lake pits will result in the absorption of water, and allow it to seep down into the water-bearing sands.

FB To Handle Forms
As a means of making it more convenient for all farmers and land owners to obtain application forms for well drilling, and to get them filled out properly, the directors accepted the proposal made by Maurice Howell, Farm Bureau service officer, that he handle the forms and help farmers fill them out.

Unless the person desiring to drill a well is in a rush to get the application signed by the necessary three directors, it will be left at the Farm Bureau office, and directors will go there to sign it.

There will be no charge for the handling of the forms, Howell and the directors agreed.

DWI Charge Draws Ten Days In Jail

'Abe John Green, charged March 16, on Driving While Intoxicated appeared in County Court Monday and plead guilty.

Testimony by the State Highway patrol, arresting officer, showed that Green appeared intoxicated and the defendant refused his right to go upon the stand and testify in his own behalf. He was assessed a penalty of 10 days imprisonment in county jail by Judge Horace L. Schloss.

Moisture Low
Moisture content on wheat which has been brought into Hereford has run as high as 14, but most of it was from 13 down to as low as 9.

Weight is averaging above 60 on most of the new crop, and apparently the average yield is about 30 bushels per acre.

Frank Bezner, who planted some Early Premium this year, reported that he got about 50 bushels to the acre from 4½ acres, but his overall yield will only be about 30 bushels, due to late watering.

Others Harvesting
Others who were reported to be cutting last week were Elmer Rehnart, William Wulff, M. R. Latham, Charles Coffman and S. J. Barclay.

An estimate of planted wheat acreage for the three years of 1951, '52, and '53 have been completed by Faust Collier, office manager for the Production and Marketing Administration.

Planted Acreage
As he pointed out, these were estimates of planted acres, and do not necessarily show how much came up or was harvested.

His figures, which were sent in Friday are: 1951—345,856 acres; 1952—263,194 acres; 1953—246,359 acres.

Collier has made his first wheat loan of the year on the harvest from some 40 acres which averaged 32 bushels on irrigated land.

Nan Longbottom Is Now At Girls' State Meeting

Nan Longbottom, daughter of Mrs. Perry McMinn, left Saturday night to attend the Girls State meeting in Austin.

Nan is being sponsored by the American Legion Auxiliary. During the meeting the girls will elect officers of the government and learn how the government is run.

Girls' State is held to develop leaders for tomorrow's government. Nan will return June 21.

Relation Of Markets And Production Are Given More Attention

COLLEGE STATION —Production and marketing are closely related and must be given consideration by farmers and ranchmen in the day to day operation of their businesses.

In the recently announced 9-Point Livestock and Poultry Improvement Program for Texas, two of the 9-Points emphasize the importance and inter-dependence of production and marketing.

Volume Needed
C. H. Bates, farm management specialist for the Texas Agricultural Extension Service, says efficient production practices involve the output of commodities desired by the trade and in volume large enough to justify their handling by buyers.

Thus, growers should join with neighbors in producing livestock, livestock products or crops of high quality in order to command the attention of buyers. He cites the broiler industry which has grown in recent years to large propor-

tions in areas of east and north central Texas as an example of efficient production which was designed for volume marketing.

Study of Markets
Producers, explains the specialist, probably should devote more time to the study of market trends

over a period of years. It could prove profitable. For example, if market hogs are at peak prices in September and October and again in April, it would certainly be profitable to plan breeding and feeding schedules to catch these markets. Market news information

helps producers establish the true value of their products and also reflects consumer demand.

It is worth noting, says Bates, that as livestock prices have declined during the past several months, the demand has lessened for the common or low-grade ani-

mals. Efficient production, he says, also means preparing for the channels of trade, the type and quality of product demanded by the consumers. The penalty for offering products of undesirable qualities is lower prices.

junior, "Ways of the New Testament".

The Assembly of God church will start its Vacation Church School on June 15. The sessions will be held from 6:30 to 9 o'clock each evening until June 27. "The Bible is the Word of God" is the theme for the school.

Departmental studies will be based on various themes. "The World God Made" will be discussed by the beginners; "We Choose to Do Right" is the theme for the primary group. "The Road From Earth to Heaven" is the topic of the junior class and the intermediates will study "We Know The Bible is True."

He Fought Occupation Troops As Guerrilla

Former Dutch Soldier Gives Talk At Rotary

"You don't know how lucky you are to live in a free country," Ted Linterz, former Dutch citizen and soldier, said in a talk at the weekly Hereford Rotary Club luncheon Friday in Hotel Jim Hill.

Linterz told the Rotarians about some of his experiences in Holland and other parts of Europe during and after World War II.

He fought German paratroopers during the blitzkrieg of Holland, and later went underground, fighting guerrilla warfare until his superior officers felt that it was best for him to leave the country.

Price On His Head
"The Germans put a price of

5,000 guilders on my head after we robbed a bank which was guarded by their troops," he said. "They were taking everything out of the country. Money, food, even all of the cattle."

Linterz told how he was called into service four times, the last time to fight in Java, where he was wounded by three bullets in one leg.

"After the war, Holland got so that you hardly dared say anything against the government or the queen. If a policeman heard about it, you were taken away to jail, and it would cost maybe 25 guilders if what you said wasn't too bad, more if they thought it was pretty bad."

Now In Hereford
Linterz, now a dental technician in Hereford, first spent some time in New York when he came to the United States, but he said that he did not consider New York as the real America.

Bud Jacobsen, vice president, presided at the meeting, which was attended by 42 members and guests. Francis Hardwick was program chairman.

Before Linterz's talk, the Rev. Spurgeon Murray Dennam, pastor of the First Methodist Church, was introduced as a new member of the club.

Day ...

(Continued from Page 1)

Workers for the coming week will be: Mrs. Earl Plank, Mrs. Joe Paetzold, Mrs. Jack Winget, Mrs. Wayne Edwards, Mrs. O. Wertenberger, Mrs. Lloyd Lovel, Mrs. George Terry, Mrs. Otto Gilliland, Mrs. Jim Kirby, Mrs. John Gallagher, Mrs. Floyd Ross, Mrs. Jack Brown, Mrs. Maynard Buck, Mrs. Hank Williams, Mrs. E. W. Hobson, Mrs. Don Moore, and Mrs. Glen Nelson.

Many more volunteer workers are needed to keep the nursery running, Mrs. Ross said, in order that no one worker will have to work more than a few hours each week.

Wreck ...

(Continued from Page 1)

ing to untangle the skein of events which led to the death of two persons and the injury of others, including Mrs. W. A. Dobbins and Richard Curtis, 16, of Hereford.

After the two-car collision, both the sedan and the truck veered off and crashed into two other vehicles. A wheel from the truck flew off and struck a fifth car.

GRASS ROOTS

Question of the Week: What about the potato crop? For several weeks now people who are interested in potatoes, which includes all of us, have been worried about the bottom dropping out from under the spud market. Seems that the picture has changed quite a bit lately and the same people are now somewhat worried about any yield. There will be potatoes harvested this year but it is anyone's guess how it will compare with last year's harvest. It isn't any trick at all to go through a field and find up to 20 spuds under a vine. This would be a healthy condition if even four or five of these would make a number one potato. This condition can be attributed to the May freeze which caused the first set of potatoes to be sluffed off. This forced the vines to put on a new set of potatoes. The next thing that happened a little insect known as Psyllid hit the weakened vines. There is seldom a year that this insect can't be found in the fields but seldom in such numbers that control is necessary. Psyllid is definitely a menace this season and quite a lot of dusting and spraying is already being carried on. Whether or not this insect can be completely killed is debatable. How-

ever they can be controlled and the infestation of Psyllid must be kept down. Quite a variance of opinion as to what to use and how it should be applied. The recognized control is DDT as the killing agent with sulfur as a repellent and this applied as a dust. Low gallonage spray could be effective if applied from ground equipment, but it is hard for me to visualize spray applied at the rate of five gallons to the acre penetrating a heavy growth such as the potato vine has and getting control on an insect that harbors itself on the underside of the leaf. Do some thinking and a lot of investigation.

Looks like the Hereford area is going to produce some wheat this year. I don't know what the acreage is going to be, but there are going to be some of the boys who will report some phenomenal yields this year. There are those who say that there are some years when you can water wheat and there are some years when you can't. I wonder if the reason for such good irrigated fields this year isn't that the people are really getting on to irrigation efficiency and management.

Amarillo Driver Wins Feature Race During Free Night At Track

There was some excitement in the feature race at the race track Friday night when Chink Betty from Amarillo, driving car 11 turned over. He escaped without serious injury, however.

The only casualty of the evening was Bill Blackwell, Hereford, who had his leg broken in a pit accident, and was taken to the Deaf Smith County Hospital in a Gilliland Funeral Home ambulance.

Jenkins Won Feature
Fats Jenkins, Littlefield, crashed the fire wall, which had been saturated with gasoline and ignited. Jenkins also won the feature race in car 41, though he had broken an axle in the time trials.

He was given a tight race by car 55, driven by Joe Thomas of Amarillo.

A Chocolate Pie
Dick Dunbar of Iowa was reported to be still hungry after winning the pie race by a lap. He had eaten a whole chocolate pie as part of the contest.

In the trophy race, Chink Betty came in ahead. Since it was a free night, no trophy was presented, and Chink got kissed by flagman Ed Lorenzo, of Clovis rather than by a pretty girl.

Ray Steigl, Hereford, took the slow car heat in car 1001, while the fast car heat went to Dunbar in car 74. Dunbar also won the Australian Pursuit race.

Track manager Leonard Ross said that between 700 and 800 persons showed up for the free night. Races are scheduled for every Friday night, he said.

Young People Meet
Plans for a chuck wagon supper will be discussed Sunday night at the meeting of the young people of the Assembly of God church. "Patience" will be the theme for the evening.

Linda, Verena, Toni and Joe Parker and their grandmother, Mrs. Nettie Winters, have just returned from a two-weeks' vacation in Oklahoma.

Hospital Notes

Patients in Hospital
Mrs. F. L. Bridges, OB; Steve Faulkner, surg.; Sidney Urbanczyk med.; Peggy Erdman, surg.; Mrs. John Henderson, surg.; Mr. Allen Hughes, surg.; Bill Blackwell, med.; Michael Kemp, med.; Mrs. Jose Rodriguez, OB; Gwynne Owen, acc.; Mrs. G. A. F. Parker, med.; Mrs. Glenn Boardman, med.; Oliveros Reyes Trenida, med.; J. B. Snead, Jr., med.; and Mr. H. I. Nickerson, surg.

Patients Dismissed
Mrs. Jim Golding, OB; 6-12; Don Campbell, surg., 6-12; Terry Lynn Jones, med., 6-10; Mrs. Ernest Roberts, surg., 6-11; Glenda Auld, surg., 6-10; Mrs. Buddy Calhoun, med., 6-10; Mr. C. I. Rudd, med., 6-10; Anderson Witherspoon, med., 6-12; Mrs. R. H. Gibbons, med., 6-12; Mrs. Don M. Vaughn, OB, 6-9; Mrs. Richard Gilbreath, OB, 6-9; Mrs. M. R. Ward, OB, 6-10; Mrs. Alfred Church, OB; 6-12; Mrs. W. N. Rieger, OB, 6-11; and Mrs. Lee Kimball, med., 6-12.

Births

Gift Shower Held For Kenneth Pearce

A pink and blue shower honoring little three-month old Kenneth Eugene, son of Mr. and Mrs. Arthur Pearce was held in the home of Mrs. Walter Lane recently.

The table was decorated with pink and blue carnations surrounding a large cake with a stork in the center. Decorations throughout the house were pink and blue baby sox.

Approximately 30 people registered during the calling hours.

SCHOOL CHILDREN HELP -- High school girls and boys, out of school for strengthening weakened levees on the rampaging Sabine River. The River's crest was expected to threaten the town with severe damage. (AP PHOTO)

Personals

Mr. and Mrs. J. B. Harlan, Jr. and family of Denver are visiting in Hereford with his parents, Mr. and Mrs. J. B. Harlan Sr. He will preach at both morning and evening services at the First Baptist Church this Sunday.

Jo Hall is visiting with friends and relatives in Floydada this week.

Mrs. Jeff Roberson returned home this week from Dallas where she has been at the bedside of her father, C. P. Caldwell, who has been ill.

Mr. and Mrs. J. W. Barnett and boys left Saturday morning for a vacation trip to Galveston.

Mr. and Mrs. Hugh Harman of Guymon, Okla. are visiting in Hereford with his brother, S. L. Harman, Jr.

Northwest Hereford News

By Mrs. R. C. Childers

Mrs. J. T. Richardson and Mrs. Pat Robinson and girls, returned Monday evening from a visit with their son and brother, Hulon Richardson and family in San Angelo. While there the group visited Mrs. S. Mozurike in Utopia. She is the mother of Mrs. Hulon Richardson. They all report a wonderful time on the Mozurike Ranch.

Ella Mae Childers returned Tuesday night from a vacation trip to Ruidosa and White Sands, N. M.

Mr. and Mrs. Grady Parsons went to Halfway to visit Mr. and Mrs. Aubrey Talley Sunday. Mrs. Talley is a sister of Mrs. Parsons.

Leroy Packard left Thursday for Greenree and Ruidosa, N. M. to visit friends there.

Mrs. Leona Packard and her mother, Mrs. C. J. Troxell were shopping in Amarillo Monday.

Clifford, Ralph and Leslie Cook of Springlake visited their grandmother, Mrs. Leona Packard over the week end.

Mrs. Maggie Banks, Mrs. Jimmie Banks and daughter and Mrs. B. V. Paden of Springlake visited in the Leona Packard home Tuesday.

Mr. and Mrs. M. W. Sumner visited Mr. and Mrs. Fred Norman Sunday afternoon.

Mrs. M. W. Sumner spent Wednesday afternoon visiting with Mrs. John Hunter.

Mr. and Mrs. M. W. Sumner spent Monday evening with Mr. and Mrs. Glen Hetzler.

Mr. and Mrs. Jack Renfro returned Wednesday afternoon from a business trip to Altus Okla. They were gone about a week.

Bill English of Lubbock visited in the Jack Renfro Home Wednesday afternoon. Bill is a cousin of Mrs. Renfro.

Jack Renfro spent Friday looking over his potato acreage at Olton.

Freda Jean and Butch Inman are visiting their grandparents, Mr. and Mrs. Milhone in Wildorado this week.

Alice and Margaret Inman are spending this week with their father Fred Inman in Siminole this week.

The Workers 4-H Club sponsored by Mrs. M. W. Sumner, gave a demonstration on good posture habits, in the home of Mrs. Grady Parsons, at the regular meeting of the Cultural Home Demonstration Club Thursday afternoon, June 11, at 2:30 p.m.

Paula Beth Corbett was commentator. Proper sitting, walking, standing, and stooping habits were demonstrated by the other 4-H club members.

Paula Beth also stated that it took a good figure to improve posture. Correct eating and proper exercise, helps to do this, and that good posture was a 24-hour job. 4-H girls on the program were: Dora Ruth Inman, LaVera Head, Jessie Ann Gray, Paula Beth Corbett, Stella Hunter, Phyllis Sumner, and Patsy Caywood.

Three of the girls wore the dresses they modeled in the 4-H dress review May 16. They were LaVera Head, Jessie Ann Gray, and Patsy Caywood.

The business session was presided over by the vice president, Mrs. Louie Olson.

swimming in the N. D. Bartlett private pool Thursday afternoon.

Mr. and Mrs. Art Lewis spent last week visiting relatives in Okla. and in Carthage, Mo. where they visited his parents Mr. and Mrs. Q. N. Lewis who are former residents of Westway.

Paul Corbett left Thursday for San Joh, N. M. to be gone two days on business.

Mrs. R. C. Childers and Patsy were in Amarillo on business Tuesday.

Rural Telephone men were in this vicinity Friday morning checking lines and phones, and stated that the mystery calls being received here and there over the community were caused by atmospheric conditions, from the power lines of the REA and that condenser pads etc. would have to be installed before it was corrected. They also stated that when placing a call on your line, you should dial your number and replace your receiver and wait at least 30 seconds before lifting it again. Of course on your calls on other lines, just dial and wait for your party to answer.

Jack Rogers Breaks Wrist While Cranking Tractor

Accidents will happen, especially when a tractor crank is concerned. If you don't believe it, just ask 13-year-old Jack Rogers.

Wednesday while he was cranking a tractor he broke his right

wrist in three places.

The youth, son of Mr. and Mrs. Joe Rogers, has his arm set and is at home now just waiting for it to get well.

Polio Fighters Plan Workshop

Chapters of the National Foundation for Infantile Paralysis in Texas, Arkansas, Louisiana and Oklahoma have been invited by Basil O'Connor, president of the Foundation, to participate in a one day workshop meeting in Houston on June 17.

Based on the very successful chapter workshops of last year, the Houston meeting is the first of eight similar panels scheduled for the United States this summer.

Assisting O'Connor will be George P. Voss, director of chapter for the Foundation and chairman of the workshop; Dr. Kenneth Landauer, assistant medical director for the Foundation; Miss Elaine Whitelaw, director of Women's Activities; Miss Dorothy Ducas, the Foundation's director of public relations, and Mr. Charles L. Massey, director of Region V.

Inaugurated Last Year
The workshop meetings were inaugurated in 1952 to permit the discussion of common problems informally between chapters and Foundation officials. The results were such as to substantially improve chapter operations and administration, as well as to enlarge the public education program which is so great a part of the Foundation's mission.

Every phase of the chapter work will be discussed, with the floor open to questions for solution by the panel members. Dr. Landauer will lead the morning session on the topic "Toward Better Medical Care". To be covered are "What National is doing in care, treatment and prevention research"; "What the chapters can do"; and "What the chapters ask National Foundation Headquarters to do."

The afternoon session will be devoted to the main topic "Toward Better Chapter Service", and will include the best means of telling the polio story through local publicity and public education vehicles.

Mrs. Minnie L. Walker, who has been in Hereford since the Pioneer Day celebration visiting with friends and relatives left Saturday for her home in Cleveland, N.M. She has been making her home there with a son, Cecil.

Those working on the project were Mrs. Grady Parsons, Mrs. Louie Olson, Mrs. Art Lewis, Mrs. Paul Corbett, Mrs. Earl DeHart, Mrs. R. C. Childers, Mrs. C. S. Barclay, Mrs. Fred Wolfington, Mrs. Marvis Southward, Mrs. Leona Packard, and Mrs. J. T. Richardson.

Signs Now Point The Way For NW Hereford Visitors

Members of Northwest Hereford Community can now direct strangers to their homes in such a manner as "just drive two miles west on Rose Lane", or "I live on the corner of Popular Road and Poppy Lane."

Such names as Popular Road, Maple Road, and Rose Lane and Poppy Lane were used. The signs, white with black lettering are hung on an iron bar which is bolted to each post.

Road signs for the Northwest Hereford vicinity were hung on individual posts, and the project completed in a special work-day session Thursday morning by members of the Cultural Home Demonstration Club.

The project has been very little expense except for the lumber, as the posts were donated by Jack Renfro. Co-operation and hard work has brought the sign project to its completion.

Began Two Years Ago
The project was started two years ago, when the committee met with committee members of the Westway Home Demonstration Club who were also interested in the same project, and the two groups decided on the use of trees and flowers for road names, using the names of flowers for the east and west roads, which are called lanes, and names of trees for the north and south, and they are called roads.

The committee asked the County Commissioner of this precinct, J. C. Morrison about the placing of posts on county property, and the correct place to set the posts. Morrison readily agreed to do the work for us if we would show him where we wanted the posts and the territory which we were to cover. This they did some time ago.

Men Helped
The ladies working Thursday morning all readily agreed that they could not have accomplished the final work without the aid of the three men who volunteered

A SWIMMING PARTY honoring Larry Ricketts from Ft. Worth was given by his grandmother, Mrs. Ida Ricketts, Friday afternoon. Those attending the party are, from left: Larry Ricketts, Lisle Patton, Richard Patton, Bobby Jackson, and Danny Jackson.

Summary Of Attorney General's Opinions For May Are Released

Austin—Attorney General John Ben Shepperd has released a summary of all opinions of his office for the month of May. Forty opinions were issued during the month.

Rulings of general interest included the following:
A commissioners court cannot pay expenses of a representative to a conference in Mexico to secure removal of a ban on migratory labor.

A county may pay unlawfully collected motor vehicle registration fees to the State Highway Department.

Can't Withhold Money
The highway department may not withhold a farm-to-market road program from a county as a means to collect fees from the county.

In order to convict a person of a felony for giving three "hot checks" under \$50 the accused must have given the second check after the first conviction and the third check after the second conviction.

No Money For Primary
Funds raised by public taxation may not be used to pay the cost of a presidential primary.

The giving of a radio or television set as a prize is not subject to tax as a "retail sale."
County funds may not be spent on city property to provide parking space for city and county officials.

Funeral For Former Resident
Funeral services for Mrs. Grace F. Guthrie, former Hereford resident who died last week in Ventura, Calif., will be held at 10 o'clock Tuesday morning in West Park Cemetery. Gilliland Funeral Home has charge of the arrangements.

WELFARE OFFICE VISITS
Mr. Halford, State Welfare officer from Amarillo was in Hereford Friday on business.

Classes In Swimming Get Underway Friday

Swimming classes for children will begin Friday morning at the municipal swimming pool, according to manager Jack Ramey. Instruction will be given by Ramey and Wayne Stagner, life guard. Classes starting this week will be for 5 to 12 year old beginners. Next week classes will begin for beginners of 13 and over. Beginning the third week, intermediate instruction will be given, while advanced swimming lessons for anyone who wants them will begin the fourth week. The fee for each course of five lessons is \$5, Ramey said.

Pool Schedule

Sunday — 1:30 — 6.
Monday 1:30 — 6.
Tuesday — 1:30 — 6.
Wednesday — 1:30 — 6; 6:30 — 8.
Thursday 1:30 — 6.

stance of a bovine with a penchant for blooms of this type appears to be that of Ferdinand the Bull.

Diets For Babies

In the care and feeding of infants it used to be widely held that "cow's milk and mother's milk do not agree," and furthermore that nursery milk should all be from one cow. Today, of course, formulas using cow's milk are widely used both as supplemental and exclusive diets for babies.

Another exploded theory from grandmother's day is that skimmed milk is not nutritious. Non-fat milk solids are now known to include some of the most valuable nutritional elements of the complete whole milk food.

Among the dairy superstitions which still persist to a greater or lesser extent is the idea that milk and milk products are fattening. Here again is a misconception that fails to stand up under scientific research. In the matter of diet, if the daily intake of all the food you eat is more than is needed, up goes weight. If a person eats less than he needs, he's reducing!

Need Not Be Fattening

Dairy products need not be fattening. As a matter of fact they can be most important adjuncts in weight reduction. As "nature's most perfect foods," milk and its products are widely adaptable in diets which must be limited in calories while including the essential food elements. They are equally important in non-reducing diets.

"Whichever way the scale tips for you," say the dairy nutritionists, "milk will help to level it out."

Dairy Industry Folk Lore Rife

I never saw a purple cow;
I never hope to see one;
But I can tell you anyhow—
I'd rather see than be one.

Long before Mr. Burgess wrote his bovine commentary half a century ago, the dairy industry was a fertile field for folk-lore, old wives' tales and superstitions that would give the blush to the purple cow.

One of the most common and widespread of these misconceptions was that thunder would sour milk. Some of the quibblers on this subject maintained it was the ozone released in the atmosphere by lightning that did the harm. Whichever the viewpoint, modern science says there's nothing to it. Thunder, being merely air vibrations, has no more effect on milk than a dairy worker who sings basso profundo.

Another Myth

Another popular myth had to do with the alleged milking of cows by hedgehogs, black snakes and other varmints. As long ago as 1767 Stephen Fovargue, in his "New Catalogue of Vulgar Errors" pointed out that the process of milking requires the creation of a vacuum. The throat and lungs of the species named are not suited for this function, and as Fovargue remarks, "if he is able to procure no other food but what he can get stomach too!"

A bucolic sense of poesy was probably responsible for the old English theory that buttercups in a cow's diet improve the quality of her milk. A scientific observation would have disclosed the fact that cows carefully shun ranunculus bulbosus. The only recorded in-

Private parties to be Arranged

Making Of Sponge Cakes Shown At Bippus Club

Scoring butter cakes and making sponge cakes was the demonstration for the Bippus Home Demonstration Club, when it met at the home of Mrs. Labry Ballard Wednesday afternoon.

Argen Draper, County Home Demonstration Agent, demonstrated making sponge cakes, while club members brought butter cakes to be scored.

Those present were: Mrs. Chas. Banks, Mrs. J. V. Perrin, Mrs. J. G. Fortenberry, Mrs. Charles Hoover, Mrs. Ruby Don Hoover, Mrs. Argen Draper, Christine Fortenberry and the hostess.

Breakfast Demonstration Is Given At Caprock 4-H

A demonstration of a "good breakfast" was given to the members of the Caprock 4-H Club when they met in Rebba Pinnell's home. Mrs. C. F. Homfeld had ham and eggs in cream sauce for the main dish.

Plans were made to give a program of good posture habits to the Bippus Home Demonstration Club, June 17.

Those present were: Wanda and Rebba Pinnell, Barbara Banks, Glenda Homfeld, Judy Pinnell, Mrs. E. K. Pinnell, Mrs. C. F. Homfeld, and Mrs. R. L. Pinnell. The next meeting will be June 16 in the home of Judy Nell Tomlinson.

Personals

Laing Housewarming
The Chuck Laing's were surprised with a house warming Friday night, by the employees of the Southwestern Public Service Company and friends of the Laings at their new home on Elevins. Gifts were brought by approximately twenty-five guests and refreshments were served.

Mrs. Glen Mingus and daughter, Glenda, of Friona visited in the Carroll Hagar home Saturday.

Mr. and Mrs. Carroll Hagar and family, Mr. and Mrs. Louis Hagar and Mrs. M. T. Hagar returned last week from a weeks' visit with Mrs. M. T. Hagar's brother, R. H. Gresham and family, in Springfield, Mo.

Birthday Supper Honors D. R. Holt At His Home

A birthday supper honoring D. R. Holt was given in the back yard of his home Thursday night.

Those attending the supper were Mr. and Mrs. D. R. Holt and Wanda Gayle, Mr. and Mrs. O. R. Sanders, Kit, and Verita, Mr. and Mrs. Pat Cook, Mr. and Mrs. Elmer Cook, Mr. and Mrs. Joe Locke and Danny Joe, Mrs. J. M. Brownlow, Mrs. Eula Carmack, Bill Wisdom, Jeff Russell and Emory Brownlow.

Youngsters Injured In Scooter Accident

Marvin Hedge, 12, and Jerry Mitchell, 11, received minor injuries in a car-motor scooter accident at Avenue E and Union Friday afternoon.

Mrs. E. M. Whitthaus, driving a 1940 Chevrolet, collided with a motor scooter, driven by Marvin J. Hedge.

Mrs. Whitthaus was going south on Avenue E and was almost through the intersection when the motor scooter hit the right side of the Chevrolet.

Hedge was driving without an operator's license. Damages were estimated at \$250 by investigating officers.

HORSE LED TO SAFETY -- An unidentified rider rode a horse into the Sabine River flood at Deweyville, Tex., in order to lead this colt to safety. The boat represents a sort of a traffic hazard to the wading animals. The southeast Texas floods were caused by heavy rainfall during a week of violent weather in many parts of the state. (AP PHOTO)

Friona News

Mrs. E. R. Day, Correspondent — Phone 2792

Members of FHA Have Returned From Trip To Carlsbad Cavern

The FHA girls of the Friona High School returned Saturday from a four day trip to Carlsbad Caverns. They went boat riding, swimming, and took part in many other sports.

Mr. and Mrs. I. H. Henderson, Mrs. Lyndon Sanders, Mrs. Sloan Osborn, and Mrs. H. T. Magnus went with the girls. Those making the trip were: Jane Phipps, Letha Faye Day, Zelma Beaty, Clea Rae Stowers, Sally Osborn, Ann McKee, Loretta O'Brian, Sue Cranfill.

Jerry Norwood, Gay Ann McFarland, DeAnn Buske, Bennie Grubbs Betty Ashcraft, Denise Magness, Carol Blackburn, Glenna Pope, Roberts Reed, Eugenia Landrum, Mary Tatium, Marilyn Fairchild, Phyllis Fairchild, Nelda May, Elizabeth Grubbs, Marie White, and Linda Miller.

Everyone seemed to have a very nice time.

FRIONA PERSONALS

Mrs. A. H. Boatman left Friday morning for Okla. City, to take her grandchildren home. They are the children of Mr. and Mrs. Clifford Boatman.

Miss Tila Rue Day visited last week with her parents, Mr. and Mrs. E. R. Day.

Sgt. Jack London and Dean London of Cassville, Mo., arrived in Friona Wednesday for a visit with the P. L. Londons and the Ashford Hill's.

Mrs. Oscar Baxter and children, Mrs. E. R. Day, and Tila Rue enjoyed a picnic in Hereford Wednesday.

Judy Crume spent Tuesday night with Mr. and Mrs. E. R. Day and Tila Rue.

Mr. and Mrs. Ralph Roden, Billy Mac and Pam moved to Friona last week from Littlefield. Roden will soon open a drug store just north of Ralph Taylor's Barber Shop.

Mrs. A. A. Crow is visiting her son and family in Crain, Texas. John Parish, principal of the grade school, received word Wednesday of the death of his father in Ft. Worth. He left immediately for Ft. Worth.

Mrs. Florence Hughes of New Market, Iowa is visiting her brother and sister-in-law, Mr. and Mrs. A. O. Drake.

Mr. and Mrs. L. J. Jones of Morton visited their daughter, Mr. and Mrs. Kenyth Cass over the week end.

Dog, Back Broken, Bites Man Who Comes To Aid

Steve Struve's dog didn't exactly bite the hand that fed him, but what he did was just about as bad. Struve's dog was run over last week, and his back broken. When Struve went to pick the dog up to take him to a veterinarian, the dog bit him on the chin and hung on so tightly that Struve had to use both hands to pry the dog's mouth open.

At that point, Mrs. Struve went to the rescue and took both her husband and the dog to the doctors.

Mrs. Harrelson Is Honored With Pink and Blue Shower

Mrs. Glenn Harrelson was honored at a pink and blue shower Friday at the home of Mrs. Franklin Baurer.

Those present were: Mesdames Mabel Hartwell, Retta Agee, G.A. Collier, Walter Schuler, Carl Schlinker, Lee Renner, Dickie, Lee, Hermon Schueler, Gilbert Schueler, Darrell and Lillian Schueler.

Refreshments of ice cream, cake and punch were served by Mrs. Baurer.

LONG MARRIED LIFE

Mrs. T. B. Armstrong received word Wednesday of the death of Mrs. Easter Rose, 98, of Whitney. She was a friend of the family since 1912.

Mr. and Mrs. Rose are the only known couple in the United States to have celebrated their 80th wedding anniversary.

Mr. Rose is 100 years old and is in fair health.

Mrs. E. R. Day was also a very close friend of the Rose family.

ED WHITE'S MOTHER DIES

Ed White received word last week of the death of his mother, Mrs. J. C. White, 85, who lived in Florida.

Mr. and Mrs. Ed White and family did not attend the funeral as they visited her last year.

The community extends sympathy to the family.

EDDIE WHITE IN KOREA

Mr. and Mrs. Ed White received a letter from their son, Pvt. Eddie White, stating he was located near Seoul, Korea.

Eddie left the states on April 7 and arrived in Tokyo about the first of May.

Eddie attended school in Friona before entering the Army.

PIANO RECITAL SUNDAY

Mrs. Lawrence Lillard will present her piano students in a recital Sunday afternoon June 14, at 3 o'clock in the high school auditorium.

There will be a variety of numbers as Mrs. Lillard had 30 pupils who will take part in the program.

Miss Lucille Park was in Dumas Tuesday to attend the wedding of one of her former pupils, Miss Marilyn McEntire.

Mr. and Mrs. Ira Ricketts and Mrs. Archie Dougherty called on Mr. and Mrs. A. Low Thursday afternoon.

Chamber Of Commerce Notes

"Keep Hereford Ahead" is the suggested program for the Deaf Smith County Chamber of Commerce, states G. E. Mullins, Mgr.

Mullins says "Today, Hereford is confronted with civic and business problems that call for immediate and vigorous attention for they have a profound bearing in both the present and future prosperity of our city. Cities are built by the men and women living therein and with a 'Keep Hereford Ahead' program, we can make it an even better community, in which to Work—Worship—Live and Pray."

Paul Harvey, President, says that if we expect Hereford to grow and prosper in order that we and

our children may continue to prosper and have greater opportunities, we must "Keep Hereford Ahead."

Moon says "A chamber of Commerce accomplishes many worthwhile things for the community, which most people believe 'just happen.' The Deaf Smith County Chamber of Commerce deserves to be on the payroll of local businesses because it is working for them. It is going to work still more through an extended program of activities and services."

A subscription to the Chamber is a profitable investment, not a donation. Top businessmen of Hereford can't be hired to work for you, but you can get them to work for you without pay by being an active member in the Chamber.

"The value of a Chamber is limited only by the power given it, to do things that are essential to the adornment and growth of Hereford," states Mullins. "If we all get together, it is a beginning, if we work together it is progress and if we stick together, it will be success."

The Deaf Smith County Chamber of Commerce is going to "Keep Hereford Ahead."

Mr. and Mrs. Luther Lesly and boys, Samie, John and Tom were luncheon guests of Mr. and Mrs. Sam Lesly Wednesday.

Mrs. Howard Armstrong visited with Mrs. Ira Ricketts Tuesday morning.

Mr. and Mrs. Lewis Harvey, former residents of this community, were in Leadville, Colo., over the week end. Homer Harvey was married Sunday, June 7. The Lewis Harveys went to attend the wedding.

Mr. and Mrs. Lewis West were Sunday afternoon visitors of Mrs. West's parents, Mr. and Mrs. Sam Lesly.

A TRIBUTE

TO FATHER'S!

There's an old saying that "mother knows best." Well, it seems to us that Father, bless him, should come in for some compliments, too, once in a while. It is true, of course, that upon mother's patient shoulders rests the upbringing of the children. And this is as it should be. But let's not forget that Pa is generally the family breadwinner and it is up to him to pay the bills. When day is done and he comes home, make things as cheery and loving as you can. Have a nice dinner ready. Lay out his slippers and his beloved pipe. Show him how much you love him by being kind and considerate. He may not tell you how he appreciates these attentions. But he will . . . as all good fathers do!

Better Use of Water Is Needed In Texas, Gov. Shivers States

By ALLAN SHIVERS
Governor of Texas

There are no "drys" in Texas so far as water is concerned. The dry areas of our state aspire to be wet and the wet sectors want to stay that way.

Everyone agrees that we must have more water—or must conserve what we have. There is no economic factor more important to the prosperity and progress of Texas than the water supply.

The problem touches not only the farms and ranches and industries of the state, but also a large portion of our individual citizens.

No Academic Question
It is no academic question when a family has to practice strict economy with the water used for maintaining lawns and gardens, washing cars, and even for bathing and drinking purposes. Millions of Texans have to think of water

conservation every time they turn around.

It is no light matter to our farmers and ranchers when crops fail because of drouth and when livestock do not have enough water to drink.

Equally Critical
It is an equally critical situation when productive industries have to curtail or stop their operations, or reduce their number of employes, for lack of water. It is just as serious when new industries that otherwise would be attracted to Texas go elsewhere because of the water factor.

But, despite all of these discouraging circumstances, the fact is that Texas is not a poor state with respect to total water resources.

We must, however, use and save and distribute the water we have more wisely.

July Fourth Fireworks Display Planned By Chamber Committee

A fireworks display on July 4 will be sponsored by the Deaf Smith County Chamber of Commerce, the Hereford Junior Chamber of Commerce, and the Hereford Lions Club.

General plans for the fireworks display were made at a special meeting of the Chamber of Commerce merchants committee Wednesday in the Jim Hill Hotel. Fireworks for the display will cost about \$230, of which \$100 will be contributed by the Lions Club. The Jaycees are to notify the chamber later if they can contribute financially. They are going to help set up the display.

Other Items
Other items on the committee agenda included the Keep Hereford Ahead program, a shopping survey, plans for closing stores on Independence Day, and the current publicity program.

Window stickers and other material will be acquired for the Keep Hereford Ahead program, both to stimulate business and help get new members.

Development of the shopping survey, preferably in co-operation with Mrs. Della Stagner of the

B&PW Club, will be done by C of C manager G. E. Mullins.

The committee is recommending that all possible business be suspended on Independence Day. Information on this program will be put out by every possible means.

Presents For Governors
Onions and potatoes from Deaf Smith County will be sent to every state governor in the United States soon, if committee plans work out. A sack will also be sent to President Eisenhower.

Howard Gault will help, as well as the Jaycees, in acquiring material for this project.

Lubbock Kiwanis Members Visit Club In Hereford

"Texas citizens must decide whether they will solve their own problems in raising money for public schools, or whether they will wait until the situation becomes so bad that the Federal government is asked to step in again," Rep. George Berry, Lubbock, told members and guests at the Hereford Kiwanis Club meeting Thursday in the Jim Hill Hotel.

Rep. Berry, one of eight members of the Lubbock Kiwanis Club present at the meeting as part of the Kiwanis inter-club relations work, gave a history of the growth of the free school system in Texas and over the nation, and showed how necessary changes have been made every 20 or 30 years.

Schools Changing
"Our schools are undergoing changes, and a new wave of youngsters, children of the veterans of World War II, will soon be entering our schools," Berry said.

"This state has ceased to be pri-

marily rural, but is, instead, concentrating its citizenry in urban areas, as the state swings more to an industrial economy."

He said that at present, the state is paying about 51 cents of every dollar of school money, local sources are paying 47 cents, and the Federal Government 2 cents. The state proposes to shift more of its burden back to local sources.

Dowell Is Nominee
Bob Wear, chairman of the nominating committee to select a nominee for vice president, announced that the committee had named Bartley Dowell.

President Bill Patton, who presided, said nominations will be received from the floor next week, and an election held.

He also appointed Lowell Sharp as the new chairman of the inter-club relations committee.

There were 34 members and guests present at the meeting.

Card of Thanks
We wish to express our most sincere thanks to all of our kind friends and neighbors who so generously lent a helping hand during our recent misfortune and death of our dear little boy.

We want to thank everyone who contributed to the fund, the doctors and nurses, all who sent food and flowers, and everyone who helped in any way.

May God bless each of you.
The Ohlig family.

State Required Auto Insurance

Several accidents in recent months have found people without the state required liability insurance on automobiles.

This situation can be extremely bad, depending upon the extent of damage inflicted upon the other car and its occupants. If the liability insurance is in force the driver has very little trouble other than injuries which he or his family may sustain. However, if he has no insurance he will likely be required to post a bond covering all damages to the other car and to its occupants—regardless of whose fault may have caused the accident.

If no one is seriously injured in the collision, reports must still be filed with the Highway Department in Austin within a period of 24 hours and, despite the fact that the driver went merrily on his way, he will still be required to post bond in an amount covering injuries to the other party. In case this is not done, his driver's license will be suspended. Some cases have been occurred where the department suspended the driver's license and took up the license plates of the vehicle.

As these operations indicate, the state required insurance is solely for protection of the other fellow and, in turn, the other fellow's insurance protects you. The majority has, of course, complied with the regulation but the few who have not are taking long chances, effects of which multiply in proportion to seriousness of the accident.

The law, already in force in numerous other states, is here to stay. People who own automobiles would be wise to investigate it carefully. The time may come, in fact, when the policy will be required before license plates are issued and this system, it appears, would be the one sure way to enforce the regulation.

of problems to be created by what is generally referred to as "growing pains." Hereford during the past few years has suffered its share of these headaches and, in the future will probably be confronted by numerous others.

The school board, for instance, has been musing over the unquestionable problem of where to put around 200 additional students who will enroll here next September. This week they emerged with what appears a practical answer. They propose to construct the vocational shop building in connection with the new \$850,000 high school plant as rapidly as possible, thus providing around six classrooms which can temporarily be used to house the overflow from the additional enrollment. The solution, in our opinion, seems to be an ideal one and we feel that the board members should be commended for such practical handling of a difficult problem. In addition to meeting all requirements, it also appears that the plan is the one which will create the least possible expense to the tax payers of the district.

In the first place, the shop building has been classified as optional all along—with the idea of omitting it if necessary to hold down costs. The high school plans, already approved, will in no manner be interrupted by construction of this portion ahead of the remainder of the building. Since the shops are definitely part of the long range high school plan, the proposal will not in the long run cost the taxpayers any more.

If the board had purchased barracks to be later discarded or even been able to rent quarters, it would still have been an expensive procedure. Temporarily partitions, if required in the shop building, will cost no more there than in some other building—and they will certainly be necessary somewhere. The only possible objection to such a plan would rest on the point of constructing the shops now, rather than at some later date—and the cost of any other type of temporary housing would more than offset such an object.

The conclusion arrived at by the board indicates much thought and consideration from every standpoint. It is representative of the type of action which has led to consistent growth and progress of the community, and, when you stop to think about it, which goes hand in hand with Mr. Greeley's original advice.

County Financial Reports In Order

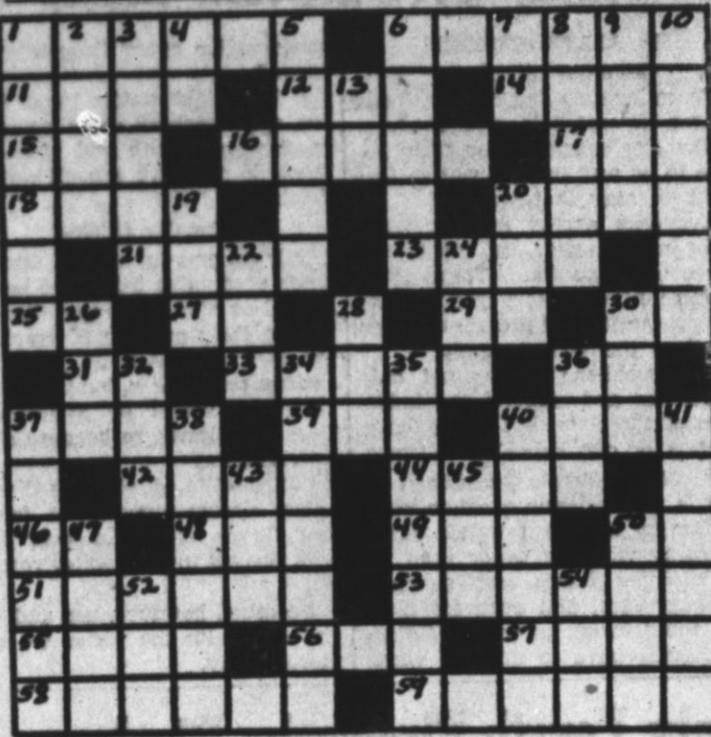

The Commissioners Court, it seems, is definitely against putting a radio in the sheriff's automobile. The question is one of some standing and is getting to be kicked around considerably on the streets.

Making such decisions is within the jurisdiction of the commissioners, but we wonder if they are acting to the best interest of the public in this particular case. The very same court thought enough of the radio system to install considerable central office equipment and, in addition, it was the same court which thought the sheriff needed the car in question. The total investment in radio equipment and automobiles runs to the point of several thousand dollars.

The question which arises in our mind is that all of the radio equipment was either a bad mistake, or that investment of an additional \$500 or \$600 should be made to supplement the thousands of dollars already invested in cars and radio equipment.

The court says the county cannot afford to make the purchase—and it is also their job to know these things. However, if Deaf Smith County is in such bad financial condition, it appears to us that the people who pay around \$200,000 in taxes each year have a right to know of this condition. The laws of Texas, Article 1609, require that the court publish a financial report immediately after the first regular term of the commissioners court. Article 1636 likewise requires the court to publish each quarter a certified copy of the treasurer's report which shows balances in the various funds and accounts. Since these laws were instituted and passed for the very purpose of informing the public, it appears that the commissioners court should take immediate steps to comply with the state laws in this regard.

QUESTION OF THE WEEK

Citizens Agree With Sheriff On Need For Two-Way Radio

Do you think that the sheriff could better serve the county if his car was equipped with a two-way radio?

MR. J. B. STANFIELD, 501 Ross

No doubt about it he probably could, but I don't think we should buy anything else.

ROY OSWALD, 226 Main

Yes, he could if they would have it on the City Police car and the State highway car.

MRS. J. L. DAVIS, 338 East Second

Yes, I think they should have everything available, so he can do his job well.

LEATON CLARK, 235 Avenue I

Yes, I think he should, then his contact with other towns and officers could be more efficient.

MRS. RALPH MCCULLOUGH, 139 Texas Avenue

Yes, I believe he could serve his county much better.

BILL MESSICK

Well, a two-way radio in the sheriff's car would save lots of driving. It would also make it easier for the sheriff to keep contact with the Highway Patrol, if he can pick up their broadcasts.

KENNETH COKER

I don't know how the county is fixed financially, but it does seem to me that a radio in the sheriff's car would be handy. After all, he does have a lot of territory to cover with a small staff.

MRS. JIMMIE ALLRED, 129 Ave. D

Yes, I think it would be very nice if he had one. It would be convenient and appropriate and he could get more done.

MRS. CHARLES DONES, 113 Lake St.

Yes, I do, he would be better informed of things going on and he could keep in touch with other officers better.

'Tater Peelin's

By Roberta Campbell

Mary has a little lamb alright, but instead of followin us to school she follows us to the garden and tops the corn and eats the beans while we're busy hoein the weeds.

But there's one nice thing about sheep—Their memory is short and once we get her to the house she doesn't think to go back without us. It also gives us an excuse for quitting even if we're not to the end of the row.

-tp-

To all you folks who asked for green beans last year we're trying a little patch this year and will let you know when they are ready to pick.

We're hopin to have enough blackeyed peas for everybody includin our many out of town customers and if hail doesn't get them they should be ready by the first of August which is a little earlier than usual.

-tp-

We compared little sisters last week and this week its big sisters. They are not so much alike, but ever since the first time we saw Nancy and Patsy Smith, daughters of Mr. and Mrs. George Smith, we've thought they were two of the prettiest girls to grow up in Hereford.

-tp-

We know another very pretty young lady in the Court-house who has just started wearin a diamond. Phyllis you don't mind if we tattle do you?

By Vera Sanford

Texas Press Association
AUSTIN—Return of the tidelands title to the states by the federal government does not write flin to the long, dramatic story of submerged lands.

Texas, for example, owns the lands under the Gulf of Mexico to a distance of 10.3 miles (or three leagues). Beyond that line, the "continental shelf" is the property of the federal government.

It is expected that now the tidelands controversy is settled, both the state and the federal government will start leasing land for oil development.

What will that do? Will great production from the continental shelf cut down the demand for Texas (including tidelands) oil?

A Wait For Answers

These are questions that remain to be answered, and they have considerable significance for Texans, because the oil industry is the state's greatest taxpayer.

If, for example, the tidelands produce heavily and provide a tremendous revenue to the state, other tax sources will not have to be tapped heavily.

If, on the other hand, the continental shelf becomes a major oil producer, the tax revenue will go to the federal government, and Texas taxpayers will suffer accordingly.

Answers to the questions posed here may be long in coming, but in the meantime there are bound to be many columns of newspaper space devoted to them.

Top issues are involved. For instance, if the tidelands yield sufficient tax revenue, the teachers' pay can be increased—and therein lies one of the hottest governmental issues in Texas today.

Teachers' Pay, An Issue

It is an issue, by the way, that will certainly figure outstandingly in the political campaigns of next summer.

You may be certain that prospective candidates, who are writing their platforms now, are putting the question of teacher pay at the top of their lists.

There remains, of course, the possibility that a special session of the legislature may solve the problem by providing more money for teachers.

Even so, teacher pay will remain a political issue, both in state and local races.

Legislators seeking re-election may in some instances have a hard time if it is shown that they opposed the \$600 per month pay increase for teachers.

Crude Demand Up

Current demand for Texas oil was boosted when the Exchange Crude Oil Purchasing Company of Dallas offered to buy from the state 15,000 barrels of oil per day for a price two per cent or five cents a barrel above the top market price.

New Mexico already has accepted a similar proposal, which is part of an overall project to operate a pipeline from Midland to Los Angeles.

The West Coast Pipeline Company would operate the 950-mile facility, which would cost a billion dollars and carry a total of 300,000 barrels of crude per day.

Land Commissioner B. A. C. Giles said he would probably ask for more money for the Texas crude, and that a decision on the offer would be made in about two weeks.

Bill Hits at Gangsters

The state supreme court upheld its former decision by ruling against rehearing two test cases attacking the natural gas "gathering" tax.

This tax was passed by the 1951 Legislature and immediately challenged by the gas companies. It has been in the courts ever since, and the revenue from the tax has been piling up, unspent.

If and when the court's decision becomes final, it is expected that Governor Shivers will call a special session of the Legislature to appropriate the money.

Governor Shivers has signed a bill that hits at beer taverns and undertakes to keep liquor gangsters out of Texas.

The bill, sponsored by the state liquor control board and the liquor and beer associations, gives the board wider powers to close up beer and liquor establishments that are indecent or jeopardize the public safety.

Under the new law there are 31 causes for which the Liquor Control Board may suspend or cancel a beer retailer's permit, as compared with 15 in the present law.

It attempts to keep gangsters out of Texas by requiring that liquor establishments must be 51 percent Texas-owned.

Panhandle Paragraphs

NEW PLANT VARIETY

There's strange goings on out at the Grady Meadows Garden.

Seems Mr. Meadows bought himself some certified seed potatoes and proceeded to plant in the usual manner.

Only what came up wasn't potato plants, in the strict sense of the word.

He's got potatoes in the ground alright and the bush above ground looks normal enough, except they bloomed and where the bloom was, something resembling tomatoes are.

Meadows says he planted his potatoes at the usual time and in the usual manner and they grew as he expected until some of them began blooming and he got the tomato-looking bulb.

The bulb looks like a tomato on the outside and when dissected, has the same characteristics of a tomato inside. Only Meadows isn't calling them tomatoes.

"I've never seen anything like it before and I don't know what to say it is, he told an Empire reporter. "Maybe that's where the original potato seed came from."

But potato or tomato, there's still funny goings on out at the Grady Meadow's place. STEPHENVILLE DAILY EMPIRE.

THAT'S AN IDEA

On the grounds of Oilman Tom Sowell's home of Mercedes is a graceful statue of a young woman dancing. She is clad in the insubstantial garment that dancers have affected since the time of the greeks.

Sowell told one of his gardeners to get a bucket of water and scrub brush and see if he couldn't brighten up the statue. After looking the thing over, the gardener wondered aloud how much it cost. "Twelve hundred dollars," said Sowell.

"My, my Mr. Tom, you sure got yourself bamboozled," said the gardener. "I could buy you a five one for half that." DALLAS MORNING NEWS

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher has an odd idea this week, which we publish without comment. May be a few Yankees living around here.

Dear editor:

All my life I've heard it said the Yankees have more stamina than the Southerners, more drive, more get-up about em, if you want something done, give it to a hard-drivin Northerner, don't turn it over to a drawlin slow-movin Southerner, and while this never has bothered me, in fact, it suits me fine, I recognize the wheels of industry and commerce and literature have got to keep turnin and if the Yankees want the job I'm perfectly willin, never did see a wheel that had a place on it to fit my shoulder, but there are some Southerners who don't like it.

They resent it. They argue about it. They get up before daylight to prove they've got as much energy as anybody. Now while it never has affected me that way, I figure energy is something you don't have to prove, it's like money, you spend it recklessly to prove you got it and you wind up without any, personally I've always conserved my energy, feelin that energy still inside me was better than energy used up gain up one row and down another, but as I say, while this claim of Northern superiority in this field of endeavor never has bothered me, it has a lot of Southerners.

I believe though I have run on to some evidence that will win the argument for the South.

I noticed in an article in a magazine the other day which I borrowed from a barber shop in town where I was visitin for social purposes, not professional, where there are now six survivors of the Civil War still livin.

And here's the overwhelming fact that ought to end the argument from now on: Out of those six survivors, five of em are Confederates! The South had the stamina to out-survive the North five to one. In fact, you might say, from sheer numerical strength, in the final analysis the South won the war.

This is such a satisfyin conclusion, such devastatin proof the South has more energy and staying-power than the North, that as far as I'm concerned that ends the argument and I intend to rest on my laurels from now on. The South can rise again if it wants to, but as for me, personally I'll continue sittin.

Yours faithfully,

Classroom Plan Sounds Practical

When Horace Greeley said, "Go West, Young Man" he was issuing sage advice, a fact which has been proved many times during the past 100 years. Actually what Mr. Greeley so tersely said was that the West was a new and undeveloped country; that it was bound to settle, grow and prosper. People who populate this country today are still "growth conscious" and can still expect to gain by increasing values.

Mr. Greeley, with all of his sagacity, however, overlooked a fact that as the country grew and expanded this very growth and development would result in thousands

Highlights...

(Continued From Page 4)
 Another provision is that counties may vote to permit sale of alcoholic beverages for off-premise consumption only. That would put the beer tavern out of the picture.
Stills Discovered
 Four illicit stills were seized by Texas Liquor Control Board agents during April, and Coke R. Stevenson, Jr., the board's administrator commented that high federal

taxes on whiskey encourages moonshining.
 The administrator recalled that the national conference of liquor administrators, recently held in Minneapolis passed a resolution asking the federal government to reduce taxes on whiskey so that it can be sold at a price that is more competitive with the moonshine.
 Dr. J. M. Bethea assumed his duties as executive director of the state board for hospitals and spec-

ial schools. Thus he will be in charge of the care and treatment of 30,000 persons in state institutions.
 A retired army general, Dr. Bethea was formerly commanding officer of McCloskey General Hospital at Temple. Previously he was head of Brooke Army Medical Center, San Antonio.
 Hunters will be interested in a law passed by the recent legislature and granting the state game commission power to regulate sea-

BOB JOHNSON, recently advanced in rate to boatswain's mate second class, USN, serves as coxswain in charge of a landing craft aboard the attack cargo ship USS Electra. Johnson, son of Mrs. Francis Maguire of Amarillo, and nephew of Mr. and Mrs. R. J. Richardson of Hereford, has named his LCM "Pogo."

sons and bag limits in Gillespie, Kerr, and Mason counties—in the hill country where deer abound. Previously, the regulations were set by the legislature itself. One purpose of the new law was to bring about legalized killing of does which, game experts say, are getting too numerous.

Showdown On Lodges
 A showdown test of the State Parks Board's powers to borrow \$3,000,000 to build three resort hotels, in Texas is in motion.

Plans are drawn for three, one million dollar lodges and other facilities to be built with private capital in state parks at Lake Texoma, near Denison, Inks Lake near Burnet, and Possum Kingdom Lake near Mineral Wells.

A court test will undoubtedly be necessary to determine the validity of the financial plan.

Attorney General John Ben Shepperd advised a legislative committee that issuance of negotiable revenue bonds for the purpose would be illegal.

Representative Jack Fisk of Wharton tried unsuccessfully to have the 1953 Legislature pass a law prohibiting erection of the lodges. He threatens to file an injunction suit against the board if necessary to stop the construction. Fisk contends that the resorts would compete with private tourist courts and hotels and that if the projects failed the state would be liable.

SHORT SNORTS: Ed Reichelt has resigned as an assistant attorney general to join a law firm in Fort Worth. . . Jefferson Davis' birthday was mighty quiet here; not only the banks but also most state offices were closed. . . State employees will henceforth get seven cents per mile travel allowance on their cars, instead of the former six cents. The raise was provided for in a bill which the governor has signed. . . State Health Officer George W. Cox announced that he had sent an observer to study the atomic blasts in Nevada. The expert will return and make a report on how to deal with radiation hazards. . . Twenty-seven touring landowners from Mexico visited the capitol, received certificates of honorary Texas citizenship, and visited several ranches in this area.

Good pastures don't usually last unless they are given proper attention through a good management program.

Frost on the evaporator of the refrigerator should never be allowed to become more than 1/4-inch thick.

DON'T BE A STATISTIC

Summer weather means more and more families will be going to lakes and streams for outings and picnics. Favorite forms of recreation are boating and swimming and both can be very dangerous if the rules of water safety are not observed at all times. Don't, says the state Farm and Ranch Safety Committee, become a statistic by being careless while around, in or on water.

Plant annual flowers this summer for fall blooms.

Streu's Diary

June 12, 1953

DEAR DIARY:

This is my favorite time of the year—except for the early fall months. The days are long—I can leave work at six and still get in nine holes of golf—rather indifferent golf, but still golf. Or I can take a drive out into the country or go visiting or most any thing—besides this is the time when I start getting ready for vacation—if I get one—and the anticipation is half of a vacation. I can also run around the house after work bare-footed—and I love to go without shoes—a throwback to the days when I was allowed to wear shoes only on Sundays during the summer. Lots of nice things about this time of year.

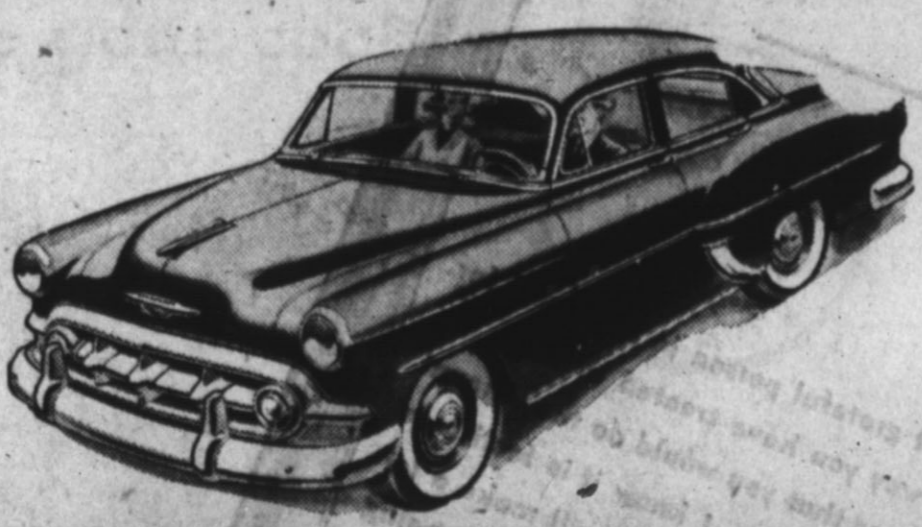

Then there is the pleasure of helping customers choose the proper fishing tackle and camping and picnicking equipment. I get almost as much fun from such activities as I do in gathering my own stuff together.

Some days it looks like we might achieve peace in Korea—other days it is not so good—when I think of all the billions of dollars spent in my lifetime for destruction, and think of all the good that could have been accomplished by building schools and roads and dams and hospitals—it is utterly sickening. Wars are caused by greed—greed for power, fame, money, material or land. Stop greed and you stop war. But—there is always greed—sometimes disguised as ambition—sometimes as efficiency—

and sometimes as charity. It is with us in Hereford and all over the world. Which reminds me—I could use a little of your hardware and gift goods business—seems some of my creditors are afflicted with that same evil.

Oh, well, it's been fun blowing off steam and just maybe it will cause someone to think a little bit.

ANNOUNCING!

THE PURCHASE OF BRADLEY GRAIN COMPANY AND HEREFORD FEED COMPANY BY

the

HEREFORD GRAIN CORP.

(A Cooperative Corporation Chartered By The State of Texas)

A member and stockholder of the producers Grain Corporation, Amarillo, Texas.

This New Coop will be managed by Jack Bradley and S. H. Slagle until a new manager is hired by the Board of directors.

Dividends will be paid on feed, seed, fertilizer, and supplies sold, as well as grain purchased or stored.

You may expect the same friendly, courteous service under the new management as you have always received, and we will be featuring those fine

P. G. C. FEEDS

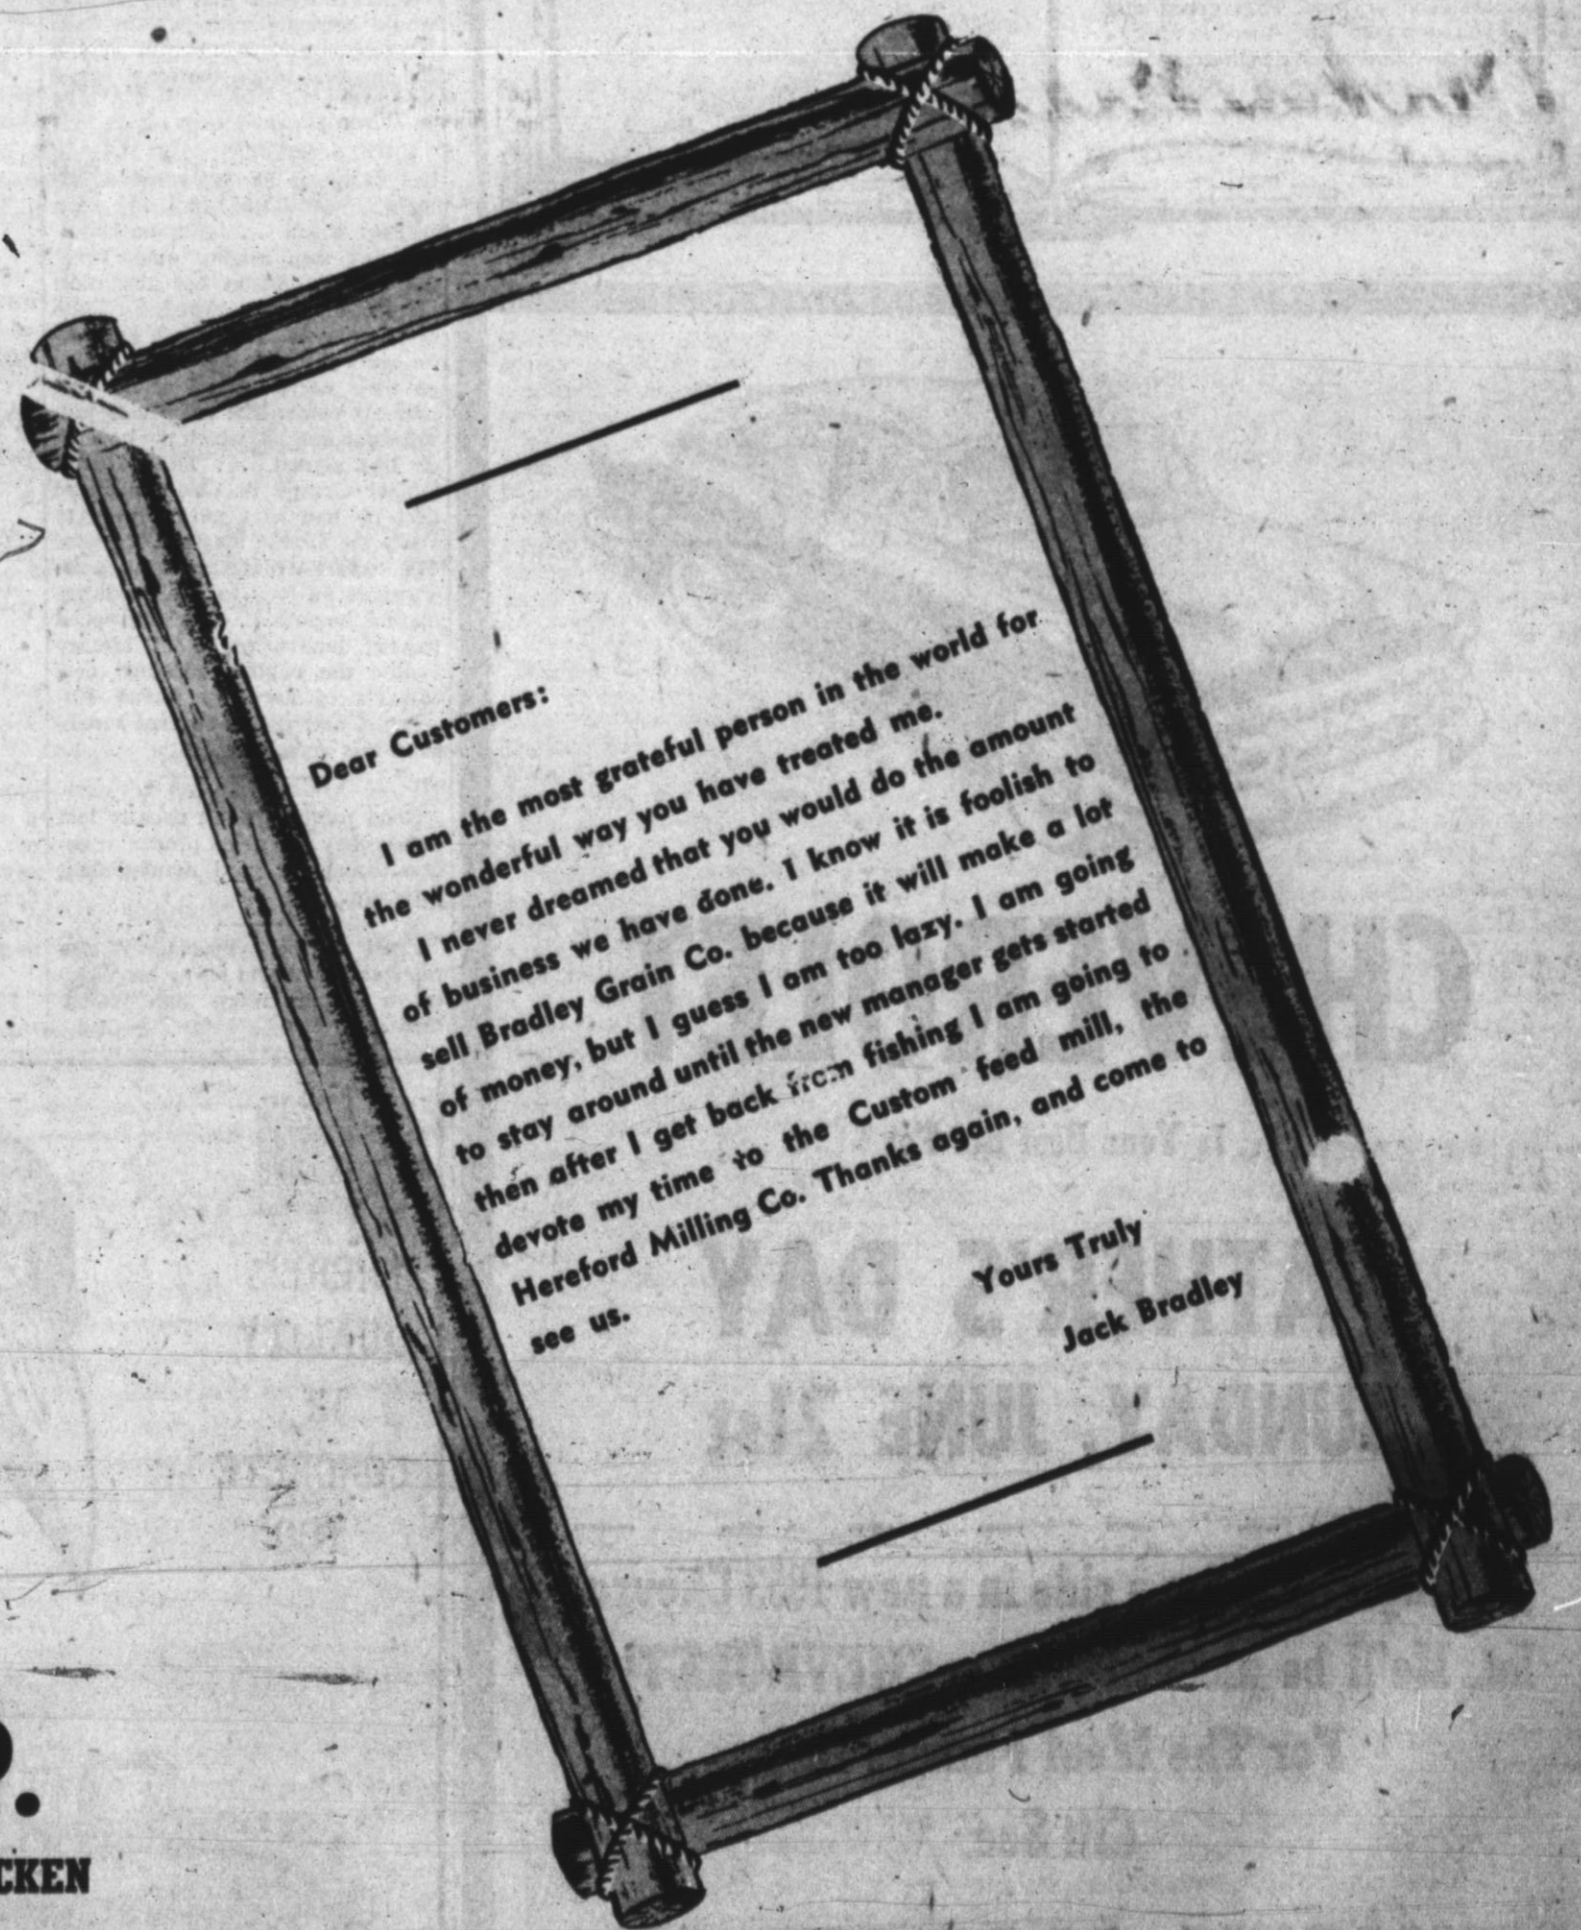

A complete line of quality feeds for all classes of livestock and poultry

HEREFORD GRAIN CORP.

FRANK KNABE VIRGIL DODSON J. C. McCracken

PETE CARMICHAEL S. H. SLAGLE

JACK BRADLEY (Directors) H. E. DANFORTH

Dear Customers:

I am the most grateful person in the world for the wonderful way you have treated me. I never dreamed that you would do the amount of business we have done. I know it is foolish to sell Bradley Grain Co. because it will make a lot of money, but I guess I am too lazy. I am going to stay around until the new manager gets started then after I get back from fishing I am going to devote my time to the Custom feed mill, the Hereford Milling Co. Thanks again, and come to see us.

Yours Truly
Jack Bradley

FOIBLES

By Kent Saare

As far as the balance of the American League teams are concerned this lap, the Yankees are apparently well on the way to leaving them in the lurch, but withal the onesidedness of the chase, there is raggle taggle evidence showing through the Bombers.

Rizuto is being relieved at every breathing gap available and although the replacements to date have been Martin and Carey, reports persist that M. Mantle is going thru the shortstop antics daily. Allie Reynolds is now a stopper instead of a starter and his

Fancy and Plain

route pitching spot is being filled by Johnny Sain, a waiver of the N. L. A sophomore, Whitey Ford is the bell wether of the pitching staff, with spodic and lessening aid from Raschi and Lopat, who more often than otherwise, need some late inning succor from the bullpen.

Berra has been in and out of the lineup like a boy tad in the ole swimmin' hole, as this type weather holds up. But with the fragile type opposition, if it can even be so termed, their only worry is the size of the take after the serious this fall.

Should the Braves emerge into

the finale, Milwaukee County would have to float more bonds, instantaneous, to enlarge the stadium before the staves caved out. Rumor has it that the Thumper, Ted Williams, will be out of the Gyrene Fly Boys by next September if not sooner. This, because of his outstanding war record. He won't be able to help the Sox much this term, for how could just any one man accomplish that, but at least he will get in his fall fishing.

Hope all the other U S and A boys get theirs, in, too. Notwithstanding all this guff about the speed of the Boston's freshie outfield, 6-2-even, that his big bat will pry an opening for him there or someplace else on that team. There is many a league fifth that would assume his temper and stipend, if 'en the Boudreaux stick to speed over tallies, and wouldn't he play home-sweet-home on those close-in palings of the stadia, either at NY or Cleveland?

The scribes really laid the hex on Campanella around Memorial Day, when they put it in black and white, that the paunchy padder was ahead of the Babe's homer schedule during the year when he clobbered 60 lappers. On May 30, Campy had 17 homers, and at this writing he still has that aggregate, and no more.

Ed Matthews of the Braves and Ted Kluszewski of the Cincinnati's have both passed him at 18. Ruth, in his record run, had 18 on June 15th, but his real spurge came in the last 45 days of the 1927 season, when from August 15 to September 30, he clouted 24 round-trippers. In the other 115 days of the season he only slapped 36.

Last Saturday at Compton, California, Wes Santee of Kansas U., who had run off at his mouth about a four minute mile of his own manufacture, alerted one and all to the distinct possibility of such an occurrence. The Ashland amble hung up a 4 minute, 2.4 seconds marker, which is the fastest 8 furlongs ever strung together by an American runner and the fourth fastest of all time, being actually just one second off Gunder Haeg's world record.

The Kansas Kid has another year of college and if he and John Lundy of Australia could face each other on a propitious occasion and a fast track, no matter where, one or both, might rupture that four minute deadline beyond recall.

I note where the books, no blondes or brunettes mentioned, obviated 4 TCU footballers for the '53 season, 3 were ends and the other a tackle. If the '53 TCU line, before that happened, was as thin as the last one I gandered at, it's threadbare for sure, now.

Management Of Pasture Necessary For Profits

COLLEGE STATION — Once a good pasture is established, management largely determines its productivity.

Attention given the pasture should be equal to that given other cash crops on the farm, says E.M. Trew, pasture specialist for the Texas Agricultural Extension Service, for pastures are a cash crop.

The objectives of a good pasture management program should include the use of practices that will lead to the production of good quality grazing; maintain high production and efficient use of the forage produced, says Trew.

Rotation Grazing

Rotation grazing is of prime importance. Continuous grazing is often not efficient grazing for studies have shown that frequently up to 50 percent of the forage produced is lost from trampling or is wasted because of excess production at peak periods.

Grazing animals may be limited to small areas through a rotation grazing system. This will force the animals to take all the forage produced. Rotation grazing, explains the specialist, also permits use of plants when they are most palatable and productive. Studies have shown in some cases pastures clipped at four week intervals produced 50 percent more than those clipped at two-week intervals.

Rotating the grazing also gives

the plants a chance to rest and make regrowth between grazings and permits the plants to maintain their vigor both above and below the ground. Excess production, and there should be some during the early growing season, can be utilized for either hay or silage, says Trew. The fencing problem can be handled, explains the specialist, by using portable electric fences if permanent ones are not feasible.

Mowing Controls Weeds

Another important phase of the pasture management program is mowing. This practice will give weed and small brush control and will keep the plants growing. If pasture plants are not mowed, says Trew, they become woody and less palatable as they approach maturity. Mowing plants during their growing season, on the other hand, causes new vegetative growth, keeps the plants tender, palatable and with a higher protein content. Temporary or supplemental pastures have a definite place in the management program. Small grain and legumes are excellent for fall, winter and spring. Sunday and cowpeas are tops for the summer and fall grazing seasons.

Temporary Pastures Help

Temporary pastures will provide grazing when the permanent ones are short and also makes possible rest periods for the permanent pastures. Some producers, explains Trew, use temporary pastures the year-round instead of the permanent type and actually produce more beef and milk per acre.

Finally, says Trew, the pasture management program is made easier when only the best adapted plants are used in the pasture; when adequate supplies of fertilizers—based on soil tests—are used on the pasture and when dry hay is made available to livestock grazing on lush, succulent pasture.

Club Planning Melon Feast For Next Month

A watermelon feast was planned for sometime in July at the Tuesday meeting of the West Hereford Home Demonstration club.

Mrs. Carlos Vaughn, president, presided over the business meeting and Mrs. Foy Huff was in charge of the recreation.

Mrs. John Jacobsen introduced Mrs. Ed Dzuik, 4-H leader, who in turn introduced the 4-H girls, who gave a demonstration on posture. The girls, members of the Junior County Wide 4-H club were: Sharon Brinkman, Barbara Jacobs Maxie Wiseman, and Ann Rose Dzuik.

Gifts and Prizes

The hostess gift was won by Mrs. Vern Witherspoon, recreation prize by Mrs. E. M. Cox and penny ante by Mrs. P. H. Luck.

Those present were: Mesdames John Jacobsen, Sr., Vern Witherspoon, Edna Bowe, H. B. Hood, R. H. Hale, Roy Boyd, Foy Huff, P. H. Luck, C. M. Cox, Ida May Vaughn, Miss Evelyn Bell and Miss Mary Brady, a guest, Mrs. Minnie Walker and the 4-H girls and leader.

The next meeting will be June 23 at Mrs. Wes Brady's.

No phase of turkey production offers greater opportunities for cutting costs, increasing profits and growing better birds than does the proper use of range and succulent feeds.

Dawn, Phillips Getting Close To The Leader

By Shelby Whitfield
Dawn and Phillips 66 stayed on the heels of Hereford Hardware with wins Thursday night. Dawn moved within half game of the leader and Phillips 66 took over undisputed possession of third place as they closed the gap to one game.

Homer Hershey relieved in the third and allowed three hits the rest of the way.

Phillips 66 scored their 16 runs on only 12 hits but 13 P-W errors aided them.

Runs Scored

George Loerwald, Raymond Cummings, Raymond Lueb, and Tim Corbett each had two hits. One of Corbett's, a double, drove in the game ending run in the fifth inning.

Dawn had an easy time defeating REA. They scored five runs in the first and tallied four more in the second.

REA collected only three hits off Dawn pitching. Iley Barton pitched four innings and is the winner. He allowed only two runs on two hits.

Wait Lemmons relieved in the fifth allowing one more hit.

Manager Jim Russell started for REA and is the loser.

Lemmons Led Dawn
Lemmons led Dawn hitters with three hits. Ed Lemmons, Johnny

McBroom, and Ralph Atchley each hit two softies.
Johnny Winkler got the longest hit of the evening. It was a grand slam home run over the left fielder in the fifth frame.

As the season progresses, it looks as if it will be a four team race.

Pennant Prophecy

The pennant will probably go to Hereford Hardware, Phillips 66, or Dawn, but Summerfield could easily come through.

The championship is decided by a four team play off however, and not by the pennant winner.

Next Tuesday Phillips 66 meets the K. C.'s and the bottom half is still open but there will probably be a game scheduled before Tuesday night.

Summerfield NEWS

By Mrs. Guy Walsler

Vacation Bible School started Monday with 105 enrolling. Mrs. J. B. Noland was principal. Special speakers this week were Mrs. George Graham, Mrs. John Winkler, Mrs. B. E. Roberson of Hereford and Rev. Durhan of Bovina.

Mr. and Mrs. J. M. Wright and Joe spent the week end in Norman, Okla. They went after her mother, who had been visiting her son and Mrs. Wright's brother.

Mr. and Mrs. Doc Newton of Hot Springs, N. M. visited in the home of Mr. and Mrs. O. B. Roberson last Friday.

Miss Janet Euler has returned home from Pampa where she taught school.

Mr. and Mrs. Lee Curry returned home Thursday from Breakenridge and Ft. Worth. While at Breakenridge they attended a family reunion where all of Mr. Curry's brothers and sisters gathered at the home of their older sister, Mrs. Effie Kichen.

All thirteen children of the late J. C. Curry were present.

Kay and Kyle Morse of Ft. Worth returned home with their grandparents to visit in their home and also in the home of Mr. and Mrs. Guy Walsler for a while.

Riding Club Picnic To Be Held Tuesday

Plans for a picnic at the riding arena next Tuesday night were made at the Wednesday night meeting of the Hereford Riders Club.

Faust Collier, president, presided at the meeting. There were 18 present.

A discussion of rodeo business and parade rules was held. Members voted to go to Tucumcari on the 18th and to Vega the 27th.

Those attending the meeting were: Mr. and Mrs. W. M. Stewart, Mr. and Mrs. Leo Forrest, Mr. and Mrs. Jack France, Mr. and Mrs. Faust Collier, Mr. and Mrs. D. R. Holt and Wanda, Mr. and Mrs. Homer Brumley and Carolyn, Miss Nell Spradley, Mrs. Ralph Sears, Walter Johnson, Harold Easley, Jeff Roberson, and Louis Smith.

Personals

Marlene Allred was entertained with a surprise birthday party Thursday afternoon.

Wylagene Quattlieb, n. o. w staying at Ceta Glen, will visit next week with Marlene Allred.

Blanche Lathan and Iona Reed took Rita Lathan to Amarillo Wednesday. Rita was on a television show.

Major and Mrs. L. P. Hansen and David of Lubbock spent the week end in the home of Mr. and Mrs. Ray Johnson.

Mrs. Clara Freeman, who has been visiting in the home of Mr. and Mrs. Ray Johnson, has returned to the home of her daughter in Amarillo.

Mr. and Mrs. J. C. Clearman and daughter visited in Amarillo Monday.

Mr. and Mrs. Finis Botkin of Tahoka spent the week end in the home of Mr. and Mrs. Roy Botkin. Ronnie Mac, who has been visiting with his grandparents and uncle, came home with the Botkin's.

Willis DeLozier, son of Mr. and Mrs. George DeLozier, who has been going to school in Lubbock, is now working in Tulsa.

Mr. and Mrs. Dewey Slay visited in the D. C. Walsler home one day last week.

Mr. and Mrs. Richard Rice and Mr. and Mrs. Gene Purcell of Cheyenne, Okla. visited in the home of Mr. and Mrs. Guy Walsler last Friday.

Mr. and Mrs. Stanford of Arizona and Mr. and Mrs. J. A. Stanford, Neal and Stanley of Amarillo were guests in the home of Mr. and Mrs. J. C. Clearman Wednesday.

YOU BOUGHT 'EM! OH, YOU GOOF, YOU IDIOT, YOU SUCKER!

NOW LOOK, I BOUGHT 'EM TO SELL.

BUT WHO'D BUY AN AUTOMATIC TOOTHBRUSH?

HAVE YOU LOST YOUR MIND?

I HAVE NOT LOST MY MIND! I'M USING MY MIND! SPIFFY-JIFFY AUTOMATIC TOOTHBRUSHES ARE THE WONDER OF THE AGE. ON EVERY GROSS I SELL, I'LL MAKE A PROFIT OF \$288.

AND IT'S A PITY SOMEONE ELSE AROUND HERE ISN'T USING HIS BRAIN TO RAISE SOME NEEDED CASH.

AT LEAST I'M NOT THROWING AWAY WHAT MONEY WE DO HAVE ON CRACKPOT INVENTIONS!

I'LL SHOW 'EM! MR. SPIFFY HIMSELF ASSURED ME THAT THE ONLY PROBLEM IS IN MANUFACTURING SPIFFY-JIFFY AUTOMATIC TOOTHBRUSHES FAST ENOUGH TO SATISFY THE COUNTLESS MILLIONS OF EAGER CUSTOMERS WHO ARE CLAMORING TO BUY THEM.

LADY, WOULD YOU LIKE TO BUY—

NO!

WELL—UH— I GUESS YOU CAN'T EXPECT TO SELL ONE TO EVERYBODY.

SLAM!

LADY, WOULD YOU LIKE TO BUY A SPIFFY-JIFFY AUTOMATIC TOOTHBRUSH?

DEAR ME, YES! JUST THE THING I'VE ALWAYS WANTED! I MIGHT BUY EVEN A DOZEN.

DO SIT DOWN, HAVE SOME COOKIES, BUT I SIMPLY MUST RUN OVER TO A NEIGHBOR'S FOR A MINUTE. COULD YOU WAIT?

CERTAINLY, MA'AM.

THEN I DO HOPE YOU WON'T MIND KEEPING YOUR EYE ON JUNIOR AND LITTLE CLARISSA WHILE I'M GONE.

ER—UH— NOT AT ALL, MA'AM.

MILDRED!

AT LAST WE CAN PLAY, GIRLS.

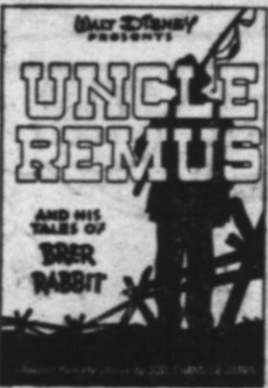

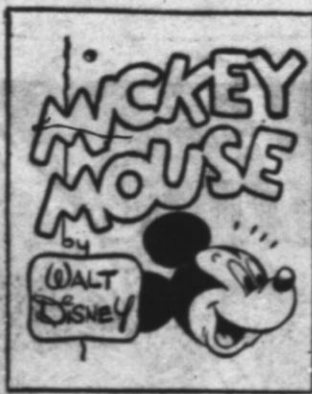

WE THOUGHT YOU'D NEVER GET HERE.

REALLY, YOU HAVE NO IDEA THE TROUBLE I HAVE GETTING BABY SITTERS.

DOPEYE

IN THE HAMBLE THEATRE by T. SIMS & B. ZABOY

ANOTHER WEDDING!! ALL MY FRIENDS ARE GETTING MARRIED!!

OH, GOODY!! JUST MY SIZE, TOO!!
WE WOULDN'T HAVE TO WAIT FOR ALTERATIONS!!

POPEYE, YOU MUST MEET ME FOR LUNCH!!

YOU WISH TO TAKE THE GOWN WITH YOU??

NO, I WANT YOU TO PUT IT BACK IN THE WINDOW--- ONLY FOR A SHORT TIME!!

A GIRL WITH MY LOOKS AND CHARM SHOULD HAVE BEEN MARRIED LONG AGO!!

AHOY, OLIVE, YOU SEEMED EXCITED ON A PHONE!!

YES I AM. I'LL TELL YOU ALL ABOUT IT AT LUNCH!!

NO NEED TO WASTE WINDOW SPACE. I SHALL PUT THE GOWN AWAY FOR MISS OYL!!

WE CAN USE THAT WINDOW FOR A SPORTING GOODS DISPLAY!!

WHY WON'T YOU TELL ME WHAT IT IS??

BECAUSE I WANT YOU TO BE SURPRISED!!

YOU'LL FIND IT IN THE WINDOW AT THIS ADDRESS!!

COPE, 1963, KING FEATURES-SYNDICATE, Inc., WORLD RIGHTS RESERVED.

HAH!! JUST AROUND A CORNER!!

I SUSPECT YOU WANTED 'EM FOR ME??

FOR YOU??

YES, THAT'S RIGHT--- I DID!!

MANDRAKE THE MAGICIAN

BY LEE FALK & PHIL DAVIS

BEGINNING: THE WATER CHAMP-

EVER SEE MUSCLES LIKE THAT? I CAN BEAT ANY MAN ON EARTH IN ANY KIND OF WATER SPORT!

OH--DON--YOU'RE WONDERFUL!

'SCUSE ME, GIRLS. I'VE JUST SEEN SOMETHING TERRIFIC, THAT NEEDS DON'S PERSONAL ATTENTION.

THAT'S THE MOST CONCEITED MAN I'VE EVER SEEN. WHAT'S KEEPING MANDRAKE?

YOU DON'T KNOW WHAT A BREAK I'M GIVIN' YOU, BABY. EVERY GIRL ON THE BEACH IS DYING FOR A DATE WITH ME. HOW ABOUT IT?

I HAVE A DATE!

THAT GUY I SAW YOU WITH-- THAT POOR EXCUSE FOR A MAN? HONEY, I'M DON, THE WATER SPORTS CHAMP!

POOR EXCUSE--? HOW DARE YOU! HE CAN DO ANYTHING BETTER THAN YOU CAN! OUTSWIM YOU, OUTDIVE YOU--

WANNA BET ON THAT-- A DATE AND GOOD-NIGHT KISS THAT I CAN'T BEAT YOUR SILLY BOY FRIEND IN ANY KINDA WATER SPORT?

SILLY--/ YES--YES--I'LL TAKE THAT BET. YOU CONCEITED, IMPOSSIBLE--

OH, MANDRAKE, I DID A FOOLISH THING. I BET YOU COULD BEAT THE WATER-SPORTS CHAMP IN--

WHOA, WHAT'S ALL THIS, NARDA?

WATCH! THIS'LL BE GOOD!
