commented. "But of course, any help would have to be strictly on a voluntary basis."

Mrs. Hoover explained that the majority of placement applicants would be subject to employ by individuals rather than corporations. "The under-17 working force is more suited to jobs such as babysitting, yardwork, window-washing and this type of activity."

Mrs. Hoover requests that anyone interested in volunteering to help place youth in summer jobs call her at Hereford State Bank.

"I REALLY want to encourage local businessmen and individuals to seek help

through the Employment Commission," said Rape. "The young applicants we serve are generally high-quality employees."

He continued, "I have worked for the Commission for over seven years and the complaints about these kids have been quite minimal. If there's a job available, we can find someone with the ambition and capability to handle it."

Rape urged businessmen to ease the summer job shortage by calling the Texas Employment Commission at 364-2776.

## County Extension Service Makes New Appointment

Garland H. Stewart, 26, of Texline has been appointed assistant county extension agent for Deaf Smith County, effective June 21, according to a joint announcement Tuesday by county commissioners and W.W. Grisham Jr., district 1 extension agent.

STEWART, a 1974 graduate of Panhandle State College's School of Animal Science, will replace Robert Devin. Devin has been appointed county agent for Dallam County.

Stewart graduated from Texline High School in 1965. He was in the U.S. Navy for four years.

THE NEW agent is a past 4-H Club member, Gold Star Boy and district council member.

Stewart is married to the former Celesta Smith of Gallup, N.M. The couple attends the Church of Christ.

WITH 318 V8 GOT 18.78 MPG.**

USAC PROVED IT:  
OUR DODGE 318 V8 CAN GET SLIGHTLY BETTER GAS MILEAGE THAN A FORD OR CHEVY SIX-CYLINDER PICKUP!

In an actual road test from LaVerne to Blythe, California (a distance of 381 miles), at an average speed of 54 mph, USAC put six competitive pickups through the test: two Chevrolets (a 250 6 and 350 V8), two Dodges (a 225 6 and 318 V8) and two Fords (a 250 6 and 302 V8). All pickups were purchased by USAC through regular retail channels. All had standard manual transmissions and rear axle ratios, as well as nominal eight-foot cargo boxes.

The Dodge 318 V8 got slightly better gas mileage than the other two V8s, as well as the Ford and Chevrolet 6-cylinder engines! Our 318 V8 got 18.78 mpg. Our 225 Slant Six did even better—19.05 mpg. Together, they got better gas mileage than everything else in the USAC test!

# F.M. Campbell Funeral Is Conducted Here Tuesday

The funeral of Floyd Monroe Campbell, 85, resident of Westgate Unit at Kings Manor retirement home, was conducted Tuesday afternoon in Rose Chapel of Gilliland-Watson Funeral Home. Officiating was J.T. Marlin, minister of Central Church of Christ of which Mr. Campbell was a member.

His death occurred Monday in Deaf Smith General Hospital. Born Feb. 21, 1889 in Marion County, Arkansas, Mr. Campbell came to Texas from that state in 1918 and to Deaf Smith

County from Crosbyton in 1937. He married Mary McCaleb Sept. 3, 1913 at Haskell.

His wife survives, with a daughter, Doris Dickerson of Hereford; two sons, J.V. of Hereford and Roy of Claude; three sisters, Ethel Logan of Hereford, Margie Magum of Plainview and Winnie Mitchell of Harlingen; a brother, Oscar of Crosbyton, and six grandchildren.

# Death Takes John Sims, Ex-Resident

The funeral of John Sims, former Hereford resident who died at his home in Lubbock Tuesday night, was being planned Wednesday at Lubbock. Mr. Sims was district manager of Pioneer Natural Gas Co. in the Hereford office for several years before he was transferred to Midland in 1966.

After two years there he went to Lubbock as district manager and had lived in that city since. He came to Hereford from Slaton.

In addition to his wife, Dixiebell, he is survived by a son, Taylor Sims of Odessa, and three grandchildren.

# Benefits Added For Disabled Veterans

Public Law 93-82, enacted by the Congress on August 2, 1973, authorized a program to provide medical care for the dependents and survivors of certain disabled veterans. According to Benny Womble, Veterans Service Officer for Deaf Smith County, many eligible persons are not taking advantage of their entitlement under the program, known as Civilian Health and Medical Program of the Veterans Administration (CHAMPVA).

Eligible to participate in this cost-sharing medical care program is the spouse or child of a veteran who is permanently and totally disabled because of disabilities which were incurred during military service. Also eligible is the surviving spouse or child of a veteran whose death was caused by a service-connected disability. Persons eligible under this program are provided with medical care identical to that furnished to the military retiree and his dependents and supervisors under the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS). The reimbursement claims made by eligible participants are handled by the Mutual of Omaha Insurance Company, the Fiscal Agent for Texas. For inpatient care in a civilian hospital, an eligible person may pay 25 per cent of the total cost, and CHAMPVA will pay the remaining 75 per cent. There is an annual outpatient deductible amount of \$50 for one person and \$100 per family. After the deductible is met, CHAMPVA will provide reimbursement of 75 per cent of the total cost of outpatient care, including drugs and medicines.

Any person who meets the basic requirements may apply for Veterans Administration eligibility by contacting their local Veterans Service Officer.

# Know THE Weather

During your vacation to the beach or lake this summer an interesting pastime might be a study of the clouds day by day.

For example, very high cirrus clouds will often indicate the approach of a warm front, which brings with it rain. But the higher the typical summer cumulus clouds, separated white puffs moving gently along in a summer sky, the better the weather is likely to be.

If the sky is cloudless with barometer high and steady and wind from the west, then good weather should be ahead. If the typical summer cumulus clouds get low to the ground and form even lower, then rain will probably occur during the day.

The summer cloud puffs are formed as air rises and contracts, thereby increasing the percentage of moisture in the air. When it increases enough, the moisture changes into tiny particles, which change the air to visible air—a cloud. If this occurs low to the surface of the earth, it's an indication that the moisture content of the air is great—thus a greater chance of rain from the clouds during the day.

# Outstanding Debts Average \$1,600 Per Family Here

(Special)—In Deaf Smith County, how important a role does installment credit play in consumer spending for goods and services?

How large a debt load are local families carrying? How well are they managing it?

The great majority appear to be in good shape. Because of their concern over inflation, fuel conditions, unemployment and other aspects of the economy, they have been keeping their expenditures within bounds lately while watching developments.

As a result, their debt has stayed at a manageable level and their credit in good shape. Nationally, according to the latest figures from the Federal Reserve Board, the American Bankers Association and others, the amount of installment debt outstanding is over \$147 billion, with more than one-third of it consisting of automobile loans.

What this means, for the overall population, is that its consumer debt represents one-seventh, approximately, of its net, after-tax income.

In Deaf Smith County, on the basis of local income and spending figures and the national findings, its outstanding debt load comes to an estimated \$1,600 per family.

That is the local average. Some families owe considerably more than that and others considerably less. Many buy for cash and have no installment debt at all.

For the Deaf Smith County population as a whole, the debt adds up to approximately \$9,194,000.

In addition to the amount owed for cars, which is the largest single item, it covers personal loans, loans for home repair and modernization and

other consumer purchases. Excluded are charge accounts, home mortgage debt and single payment loans.

To pay off this debt within the course of a year would require about 16 per cent of net earnings, on average, or about \$135 per month per local family.

Is there concern over the ability of most Americans to handle their debt? Very little, although the American Bankers Association recently reported that 2.69 per cent of such loans were 30 days past due, as against 2.53 per cent a year ago.

# Inmans Attending Truck Forum Fingerprints Record More Teens In Crime

Mr. and Mrs. Burke Inman, Inman Trucking Company in Hereford will be in San Antonio today Saturday for the 40th Annual Convention-2nd Southwest Exposition of Texas Motor Transportation Association, which represents the organized truck and bus industry in Texas. Highlighting the program will be addresses by Lt. Governor William P. Hobby, ATA Chairman of the Board Dillon Winship of Atlanta, Georgia, Dr. Paul Preston of Florida Atlantic University, Dr. John McKetta of The University of Texas at Austin, Dr. Robert Fulmer of Trinity University and Henry Alexander, President of TMTA and Vice President of Central Forwarding Inc. in Waco. Dr. Preston, director of instructional media and assistant professor at Florida Atlantic,

also has a private practice in which he specializes in seminars and organizational development workshops. He will keynote the Friday General Assembly; and Dr. John McKetta, a professor in the Chemical Engineering Department of the University of Texas who is well-known for his expertise in both the fields of energy and the environment, will appear on that same program. Lt. Governor Hobby will be the featured speaker at a Friday luncheon. Addressing the Saturday morning General Assembly will be ATA Chairman Winship, president of Georgia Highway Express in Atlanta, and Dr. Fulmer, who is considered an authority on management technique. Alexander, who has served

during the past year as TMTA's top elected official, will speak at the Saturday Assembly and will preside throughout the three days of activities. Humorists scheduled for the Saturday luncheon and the Saturday night President's Banquet are Newt Hielscher of Shreveport, La., and Homer Leonard from Austin. TMTA's 40th Annual Convention - 2nd Southwest Exposition will officially open at 1 p.m. today with an Exposition Ribbon-Cutting ceremony at the Entrance to the San Antonio Convention Center Exposition Hall. The Exposition, which is open to the public, will then be open from 1:30 to 5 p.m. this afternoon, from 1:30 to 5 p.m. tomorrow and from 9 a.m. to 3 p.m. Saturday. Gifts and prizes will be awarded daily in the Exposition

Area, and all persons going through the exhibits area will be eligible for prizes simply by filling out tickets available at the entrance and from individual exhibitors. The Exposition is being sponsored by truck and bus associations in Arkansas, Louisiana, Oklahoma, New Mexico and Texas and is being held in conjunction with TMTA's annual meeting. All events of the TMTA Convention will be in the San Antonio Convention Center and will be limited to the morning hours so that there are no conflicts with Exposition events in the afternoons. In addition to displays from manufacturers and distributors from throughout the United States, this largest truck and bus equipment-service display in the Southwest will include a continuous-viewing theatre of industry-related films and slide shows, as well as the prize drawings and entertainment. Headquarters for TMTA are located in the Motor Transportation Building, 406 East 11th Street, Austin, TX.

Twenty per cent of the arrests recorded by the 273,180 criminal fingerprint cards received at the Texas Department of Public Safety last year were of 17-, 18- and 19-year-olds, the DPS said. Colonel Wilson E. Speir, DPS director, added that the Texas percentages "appear to be consistent with those nationwide." Those in the late teen years arrested represent a combined total of 19,522 per cent of all arrests, he added. Conversely, the oldest person whose arrest was reported by a fingerprint card was a 96-year-old white male who was charged with theft. The Identification and Criminal Records Division at DPS is the state's central collection agency for criminal history information and Joe Tisdale, chief of the operation, said his division experienced another record year. The 273,180 criminal arrest fingerprint cards increased by 21,510 cards over the number for 1972. A daily average of 1,019 cards was submitted by 635 different Texas agencies and 18 out-of-state agencies. Of the total number of cards processed, it was found that 65.18 per cent had a prior record existing in the bureau. The remaining 34.82 per cent were new to the system, Tisdale

added. In the laboratories bureau, a section of ICR, the polygraph examiners increased their clearance of cases last year by 64 per cent over 1972. In all, they cleared 1,761 criminal cases. Another sizeable increase came in the photography section where assistance in specialized photography on physical evidence instances rose from 131 cases to 186 during 1973 for a 42 per cent hike. Another area in which the lab's workload was notable came in the marijuana examinations. Combining the totals of the headquarters and the nine field labs, there were 40,157 tests conducted on marijuana during 1973 which shows an increase of 40.8 per cent over the 28,519 examinations in

1972. The firearms section cases increased from 355 cases in 1972 to 401 in 1973 for a 13 per cent climb. In all, they conducted 5,504 examinations of evidence. Meanwhile, the questioned document section checked 3,422 documents as compared to 2,761 the previous 12 months, accounting for a 24 per cent workload increase. The modus operandi bureau, which keeps tabs on known criminals, improved its facilities so as to enable faster and more comprehensive service to police agencies. The bureau's files contain a variety of information including fingerprints, photos, and operational methods used by criminals active in Texas. The latest fingerprint section received 4,461 latent fingerprints for examination and

assistance was rendered 721 times to city, county, state, federal and military officers while aiding in 196 different investigations. Forty-seven per cent of the total services of the labs was given to assisting city police officers while 29 per cent of the bureau's energies were contributed to helping DPS law enforcement officers. An additional 21 per cent of the lab's efforts was aiding county officers while 1.7 per cent was devoted to other state peace officers. Rounding out the workload were assistance to federal and other requesting law officers. And, during the year, the complete criminal histories of 73,337 individuals were coded and filmed which accounted for 492,034 separate documents.

# Salvaging For Charity Is Hoax

You may be one of the thousands of Americans saving empty cigarette packs for some charitable purpose. You should know that the effort is in vain.

This advice comes from The Tobacco Institute, an organization of cigarette manufacturers. The Institute says the practice is growing, and all without apparent reason.

Actress Joan Crawford has taken to the air in a series of radio announcements for the American Foundation for the Blind, to point out that the belief that cellophane bands from cigarette packs can be redeemed for guide dogs is a "cruel hoax" resulting in "heartbreak and anger."

TYPICALLY, word seems to spread in a community that some number of bands or packs will help provide such things

as a dialysis machine for a kidney patient, open-heart surgery for a child or an iron lung for a polio victim.

In many cases newspapers have assigned reporters to track the source of these well-meaning efforts. Never has such a rumor been traced to its actual source.

"Such publicity is helpful," an Institute spokesman said. "Yet the empty cigarette pack rumor still pops up as predictably as daisies in the spring — and all year long."

Burns W. Roper, the public opinion survey expert, says it's likely that people respond energetically to these empty-pack drives, without checking their authenticity, as a way of "getting involved" personally in our highly complex, institutionalized society.

"People have strong feelings of frustration about their

inability as individuals to do something," Roper says. "Joining with friends and neighbors in a project of this sort is a way of expressing this."

THE TOBACCO Institute has a thick file of newspaper clippings showing how the empty-pack rumor has led to substantial and useless efforts in communities across the country. With nearly thirty billion packs of cigarettes being sold annually in the U.S., the potential is enormous.

Recently the New York Times reported that "millions" of empty packs had been "collected by hundreds of people, from employees in a Massachusetts corporation to sailors aboard the aircraft carrier Enterprise, to raise money for the two-year-old daughter of a garage mechanic in Crown Point, New York, who needs open-heart surgery."

These and scores of similar reports had one thing in common: the potential beneficiaries of the drives did not exist.

"Cigarette companies," says The Institute spokesman, "have for many years made sizable contributions to health research, education and other philanthropic causes, both nationally and in their own communities. But none of this involves redemption of empty packs."

"There is just no truth to this heartbreaking rumor," says Miss Crawford.

WHAT SHOULD a person do if someone asks him or her to help respond to one of these "drives"?

"Challenge the rumor," says The Institute. "Ask to see an advertisement signed by a manufacturing company, for instance, in which such a redemption offer is made. There just won't be any. That's the way to stop these well-meant but futile efforts in their tracks."

# School Offers Financial Aid

Amarillo College students that need financial aid to attend summer school will find assistance readily available at the AC Financial Aid and Job Placement Office.

"We have essentially the same programs available in the summer that we have in the spring and fall," said Larry Patterson, financial aid director. These include loans, part-time or full-time employment, grants, and scholarships.

Loans available to students

include short-term interest free loans covering the cost of tuition, fees and or books which are available through the Amarillo College Foundation, Inc.

The Hinson-Hazelwood College Student Loan Program is operated by the State of Texas, said Patterson. This program provides a Texas resident with a maximum loan of \$1,500 per academic year for tuition, books, fees, and living expenses.

The Nursing Student Loan

Program is only for students accepted in the Associate Degree Nursing program, Patterson said. This loan provides a maximum of \$2,500 per year for tuition, books, fees, and living expenses.

Federally Insured Student Loan Program permits students to obtain low interest loans from their lending agencies. "All we do," said Patterson, "is help the student complete the application and make recommendations." Banks, credit unions, or saving and loan

associations participate in this program.

There are other small miscellaneous loans that are provided through private donors or organizations.

Various types of employment also are available from the office housed in the College Union Building.

"We have more jobs than student applicants," Patterson said.

"Jobs range from full-time summer employment for those students attending evening

classes to part-time and evening jobs for someone that is in class all morning," he said.

Amarillo businesses call the office and supply specific job information which is then posted on bulletin boards throughout the campus. Students can then select a job that meets their qualifications.

Grants and scholarships also are available in the summer. These include the Law Enforcement Education Program, Nursing Student Scholarship Program, Tuition Scholarship Fund, the Amarillo College Foundation, Inc., and the Basic Educational Opportunity Grant (BEOG).

The BEOG is only available to School of Vocational Arts students during the summer months "because they are the only students that are full-time in the summer," said Patterson. A full-time student is one carrying at least 12 hours a semester or 25 clock hours per week.

Anyone interested in financial aid or job placement can either call or see Patterson to fill out applications.

## ON DIRIGIBLES

Senator Barry Goldwater (R-Ariz) has urged the nation to take "a second look" at the possible merit of building fleets of dirigibles as "launching platforms for intercontinental missiles," or carrying huge payloads.

## SENATE & POSTAL RATES

The Senate voted 71 to 11 to ease the impact of increasing postal rates on magazines and newspapers by stretching out the period over which the publications have to pay in full the higher rates set by the Postal Rate Commission.

## NAVY & CIVILIAN JOBS

The Navy has indicated that by June 1975 it will eliminate the jobs of 482 civilians in various headquarters around the world and transfer 572 military positions to ships and aircraft units which the Navy says are presently understrength.

## INFLATION GROWTH

The director of the Cost of Living Council reports that inflation is boring deeper into the economy and appears ready to stage an unexpected resurgence toward the end of the year.

## Marathon Game Goes 54 Hours

It was the bottom of the 617th inning. The score was 546-525, and then the game was called because of tired.

About 50 Hereford men participated in a marathon slowpitch softball game that lasted from Friday at 11:15 p.m. until Monday, 9:15 p.m. That's a total of 54 hours of continuous ballgame.

The event was held to raise funds for the newly organized Hereford Amateur Athletic Association. The purpose of HAAA will be to promote sports in the city on a level where any citizen can participate and enjoy sports.

The HAAA plans to sponsor a flag football league, two basketball leagues, a golf league, and any others that might come along. Sid Shaw, one of the organizers said, "We were tired of going out and trying to get sponsors to back us

in every sport we wanted to play, so a bunch of us got together and formed the association. We staged the marathon and we have some working capital.

Besides the funds the marathon slow pitch game raised, there will be a \$5-a-year membership fee into the HAAA to help cover the cost of running the organization.

The marathon slow pitch game continued at all costs, after a slow start Friday night. The game was scheduled to begin at 10, but the tornado sirens blew before the game started. After a trip to the storm cellar, the group finally began play at 11:15 that night.

Shortly after the game began the players were soaked with rain and hail, but after the storm passed, played in clear weather the duration of the weekend.

## AAU Boxing Here

Boxers from three states will convene in Hereford Friday to begin the AAU Region Nine Junior Olympic Boxing Tournament.

Boys ranging in ages from 12 to 15 will box in the Bull Barn Friday and Saturday nights for regional titles and a chance to move into the AAU Junior Olympic Nationals to be held in Peoria, Ill. in August.

The boxers have won district titles in Texas, Louisiana, and Mississippi.

The Hereford Boxing Club, host club for the meet, will have

four members boxing under the West Texas District club title. Frank Coleys and Eddie De Leon will box in the senior division and Hector Guerrero and Vincent Guerrero, Jr. will box in the intermediate division.

Tickets are still available from several outlets in Hereford, including the Hereford State Bank, First National Bank, The Chamber of Commerce, and from 4-H and Junior Law Enforcement members.

## Dinner Honors Coaches

Elizabeth Sperland and Sylvia High, center, were hostesses Sunday at the Community Center for an "Appreciation Dinner" for Hereford High School coaches. Coaches Larry Dippel, left, and Don Cumpton were among the coaches and wives attending the special fete. Both women are active in the Whiteface Booster Club.

## Winners Named In Bike-A-Thon

Winners for the prizes given away to Bike-A-Thon contestants have been named by Dale Jones, marathon director.

Due to the huge response on the part of Hereford residents, the Deaf Smith County Society decided to give away twice as many prizes as had been originally planned.

In the marathon bike ride, \$6,116 was raised for cancer by

more than 130 riders. For their efforts in raising money for the cancer society, several contestants won prizes.

Colleen Malone raised \$770 and won the first place prize, a ten speed bike. Karla Driskill was second in money raising with \$487.50 and received a three-speed bike.

Other prize winners in the money-raising group were Becca Gibson, \$483, winner of a bike generator and headlight; Denise Albracht, \$443.25, winner of a bike horn; John McCrary, \$283, winner of a bike reflector kit; and David Nolen, \$225, winner of a trophy.

Prizes given for the most sponsors went to Albert Cardenas with 56 sponsors, a generator and headlight; David Smalts, with 30 sponsors, winner of a bike horn; Richard Waters, 23 sponsors, winner of a reflector kit; and Kelly Cherry with 21 sponsors, winner of a trophy.

First place in the youngest rider division went to Rodney Torres, age six, won a trophy, and second place trophy went to Freddie Gamboa, age six (going on seven).

Largest family participation went to the Joneses. Barry Lynn Jones and his wife Elaine, and their two children, Gary and Karen, received \$12.50 worth of bike service.

Competent Fleet headquarters wired a ship at sea: "Move heaven and earth: get there Friday!" The ship's captain wired back: "Raised hell. Arriving Thursday."

## Coaches Shown Appreciation

Approximately 100 persons attended a "Coaches Appreciation Dinner" hosted at the Community Center Sunday by Sylvia High and Elizabeth Sperland.

The two ladies, both active members of the Whiteface Booster Club, told coaches and special guests the dinner was held "to express our appreciation for your work and support of the boys in the athletic program."

Rev. C.W. Allen, pastor of St. John's Baptist, served as master of ceremonies for the event. Rev. Jim Scott, pastor of Mt. Sinai Baptist, led the audience in a special Bible reading. Special music was provided by the Hereford

United Community Choir.

Chuck High and Terry Bell, two Whiteface athletes, introduced the coaches and their

wives. The two hostesses made brief remarks, and Coach Larry Dippel responded on behalf of the coaching staff.

... boasted the man who is pointing across the countryside. Obviously not too much impressed, his true friend in a firm voice, pointed upward and ask, how much do you own up that way John?

Everything was silent for a while. It was enough to send cold chills up ones spine. What a point the friend made! After all the bragging and hoarding of wealth one can stake claim to, won't make any difference when the final bell rings. No one will be able to trade his stocks and bonds for a crown.

Perhaps the proud land owner should read Matt. 19:24 which discusses the chance a camel has to pass through the eye of a needle.

It is impossible. The wealthy man who points so positively, has never come face-to-face with the fact that it all comes from God.

He only gives us stewardship of our earthly possessions for a little while, and He charges all bad management against our record.

Surely it would be much preferred, if we would readjust our living habits. Maybe we should trade some of our earthly holdings for a good church attendance and support record. We might even get a little corner of Heaven in exchange, where the title is guaranteed forever.

# Spirit High in Spring Game; Whites Win

By DAN WELTY  
Sports Editor

## Looks For Running Room

Wingback Dave Charest, number 25, eyes the trenches for an opening on the end-around. Although the Maroon team led the spring scrimmage for three quarters, the White team rallied in the fourth to win 24-22.

## Goal Line Drive

Alfonso Gamez (22) crashes through the line at the goalstripe for a one-yard touchdown for the White team in the spring varsity scrimmage Saturday evening. The Whites went on to win a close contest, 24-22.

"In our spring scrimmage we tried to sell the boys this idea," Hereford head coach Larry Dippel told the Whiteface Booster Club Tuesday night. "We had two control scrimmages, and we would be in a game situation. We wanted them to get out there and win." And the Maroon-White game was a fiery contest to be only an intrasquad scrimmage to end spring training. The White team won the game 24-22 with a strong fourth quarter finish.

The spring game was to set up real game situations, and give the Herd coaching staff a final chance to sum up the talents of the players. Dave Charest made it clear he was ready on the opening kickoff when he took the ball and ran right up the middle for a 95-yard return and the first score of the game.

The White team took some time warming up though, and it was in the second quarter before the Whites got in scoring range, with Alfonso Gamez scoring from one yard out to make it 7-6.

Maroon maintained their first half dominance, though, with a Mike Crim pass to Harvey Torres for a 12-yard touchdown and the halftime score of Maroon 14, White 6.

The White team, with Don Cumpston at the helm, came out the second half ready to play some ball. The second half was marked by strong hitting in the line, and second effort on the part of the backs.

Alfonso Gamez claimed his second touchdown of the night in the third period of another one yard plunge. Coach Dippel told the booster club "Gamez can find those running lanes, and he ran right at the Maroon team."

Going into the fourth quarter it was Maroon 14 and White 12. The play that turned it around for the White team came on a 40-yard punt return by Doug Charest to the 20, and a few plays later, Mike Artho went two yards on a keeper to score and put the Whites ahead 18-14.

The Whites put the game away for good on a Doug Charest 12-yard run to make the score 24-14.

Mike Crim threw a 14-yard pass to Dave Charest to give the Maroons 22 points, but time ran out before they could make any other points.

Coach Dippel told the booster club the scrimmage turned up a few surprises, and that the starting positions were still open as far as next season was concerned.

"We were very pleased with the game. The kids were very competitive, and were pleased as well as excited about next year," said Dippel.

Dippel expressed concern over the high-scoring in the game, though, saying the

defense was not what the coaches had hoped it would be.

"We played a straight defensive style, and we hope the defense wasn't as bad as the score indicated. We'll just have to wait till next fall to see."

"We want to work on the defense so we'll be a multiple-defense team. It's something we'll have to work on," said Dippel.

"I know one thing, though. We'll have real competitive boys throughout our three teams."

The only injury in the game was to Mike Munnerlyn, who received a severe sprained wrist on the fourth play of the game. Coach Dippel said Munnerlyn would be back in shape by fall. The Whites totaled up 268

yards offense in the game, with Doug Charest leading the pack with 15 carries and 97 yards and one touchdown. Alfonso Gamez had nine carries for 47 yards and two scores. Roy Martinez had 10 carries and 45 yards.

White quarterback Mike Artho, although small at about 135 pounds, surprised a few people with four completions of seven passes for 53 yards and one touchdown.

The Maroons tallied 187 yards with Dave Charest leading the way. Charest carried 15 times for 83 yards, plus a 65 yard kickoff return, four passes for 30 yards, and one touchdown.

Harvey Torres caught two passes for 19 yards and one touchdown for the Maroons. Maroon quarterback Mike

Crim went seven of 12 passes for 56 aerial yards, and two touchdowns.

Other business discussion at the booster club meeting included the naming of several club vice-presidents for the 1974-1975 season. Mac Tubb will be in charge of football; Speedy Nieman, basketball; Joe Whitley, track; Pete Tarr, baseball; and Donny Laughlin, golf and tennis.

## Dear Friends

While attempting to meet the people of Deaf Smith County during the past few months, I've strived to maintain a modest, upright campaign.

I've always tried to stick to the many frequently repeated issues of the campaign and leave personalities out of it.

In my campaign I've made many new friends who have told me a change needs to be made in the County Judge's office. Regardless of the election's outcome, I will always be grateful for the many friends I've made.

Saturday, you can help decide the question, "Do we need a change?" I hope you will exercise your right to vote

Thank You

## New Cattle Breed Comes To Panhandle

A new breed of cattle has arrived in the Panhandle.

Seven Barzona bulls have been delivered to the Fain Ranch in northern Potter County by Pioneer Beef Cattle (Southwest).

The bulls are products of Pioneer's bull evaluation and sales center at McGregor, Texas.

The Barzona breed was perfected in the 1940's on the Bard Kirkland Ranch in Arizona. Barzona cattle are crossbred from four breeds, Africander, Hereford, Angus and Santa Gertrudis.

Barzona cattle were

Government researchers tell us that modern crops produce the most nutritious foods in history.

Agriculture is the nation's and the world's only industry that absolutely affects every living person in some way. It is the one thing the millionaire has in common with the most primitive tribesman.

Why are American farmers able to outproduce the farmers of all other nations? The American farmer is educated and runs his farm on sound business principles. He is also well informed of market conditions and agriculture research through a vast network of both government and free enterprise communications.

Prepared convenience foods that get the cook out of the kitchen fast have contributed greatly to the rise in food costs this year.

Every farmer in America today produces enough food for himself and 51 of his countrymen.

developed to withstand the heat and cold, drought and sparse grazing of the Southwest. They inherit hardiness from the Africander breed, meatiness from the Hereford, motherability from the Santa Gertrudis and marbling from the Angus.

Bob Brandenburg of Amarillo, Pioneer representative for the Panhandle, said that, to his knowledge, the Fain Ranch bulls are the first Barzonas ever sold in this area. Ranch manager Bob Morris

said the Fain Ranch is interested in the breed because calves sired by Barzona bulls have lighter birth weights and finer bone structures than those from many other breeds.

The ranch is breeding the new bulls to first-calf Hereford heifers to reduce calving problems for the young mothers. Brandenburg said that calves from Barzona bulls will weigh 55 to 70 pounds at birth, compared to 70 to 90 pounds from calves from Hereford sires.

After birth, calves sired by Barzonas are fast growers and good gainers, with the hybrid vigor of the two-breed cross, the Pioneer representative noted.

Red or reddish in color, Barzona cattle are both horned and polled. They made fast, profitable gains, have strong feet and legs, and are not readily susceptible to diseases and parasites, Brandenburg said.

Pioneer offers performance-tested bulls of all breeds, Brandenburg said.

## Onion Prices Drop

Onion prices dipped to lowest levels of the year during the past two weeks, one authority reports.

Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System, estimated this year's onion crop 18 per cent greater than last year's, with prices three to four times lower.

Cabbage, carrots, broccoli, soft-shell squash, cooking greens, radishes and green onions are other "economically

priced vegetables worth considering this week," the specialist said.

"Cantaloupe and strawberry supplies are increasing with prices more attractive, and this is the last 'peak' month for pineapple. Watermelons are more plentiful, but prices remain relatively high.

"Apples, bananas, oranges, avocados and honeydew melons show moderate prices," Mrs. Clyatt noted.

At poultry sections, she termed fryer chickens a bargain. "Egg prices are down, making

them one of the lowest priced, high-protein foods on the market. Grade A, large and medium-sizes are "nip and tuck" for best values.

"Retail beef prices are unchanged for the past two weeks with features in most markets on various cuts of mature and baby beef — in general, best values include chuck roasts and steaks, ground beef, round steaks and roasts, and beef liver.

Pork values appear on shoulder roasts and steaks, smoked hams and picnics, end-cut loin roasts and chops.

# Silver Wedding Date Is Marked

The silver wedding anniversary of Mr. and Mrs. Virgil Marsh was celebrated with a party Sunday afternoon at their home north of Hereford, and the couple left afterward on a second honeymoon trip to Santa Fe complete with rice and old shoes tossed by their children who were the party hosts.

Married May 26, 1949, in Las Cruces, N.M., the Marshes have lived in this area of Texas since 1953. At the time of their marriage both were teachers in New Mexico A&M, now New Mexico State University. Mrs. Marsh is the former Thelma Parker of Amarillo.

Their children who gave the anniversary party are Sherri and Tom Sargent, Kima Marsh and Jim Marsh.

Callers were invited to register by Cindy Gruner, Janann Bullard, Kathi and Sara Bell.

Friends who assisted in greeting guests and serving the anniversary cake and champagne were Mmes. Walter London, Dave Hopper, Dick Coupe, Don T. Martin, Kenny Gear, Richard Ottesen, James Bullard, Donald Shipley, Gerald Hale, Homer Garrison and Jack Wilcox.

Emphasizing the silver theme which had appeared in engraving of the invitations, silver serving pieces were used and a silver container held spring flowers on the table. Other flowers sent with the congratulations of friends were placed in all the rooms.

# Residents Asked To 90-Plus Tea

With residents past age 90 as honor guests, their families and friends, as well as other senior citizens of Hereford, are invited to the Ninety-Plus tea in Lamar Garden Room of Kings Manor beginning at 2:30 p.m. Friday.

In fact, all area residents are invited and will be welcomed, says Mrs. Don Davidson, director of diversional activities at Kings Manor retirement home. Entertainment will include a sleight-of-hand act by "magician" John Gilliland.

Announcement of the Outstanding Senior Citizen in the community, chosen from nominations made by residents this month, will feature the program at the tea. Letters of

nomination are being judged by a committee picked by Deaf Smith County Chamber of Commerce.

The choice will be made from county residents 75 years of age and over, and may be a man or a woman.

Tea will be served by members of Kings Manor Auxiliary under direction of the social committee, which is headed by Mrs. Keith Simmer.

The tea climaxes observance of National Senior Citizens Month in Hereford. Selection of the Outstanding Senior Citizen is sponsored by the committee on family living of County Extension Clubs.

# 1930-31 Grads Meet In Reunion

Classes of 1930 and 1931 in Hereford High School had their reunion together Saturday after the annual Mid-Plains Pioneer reunion, and members voted to continue the joint get-togethers each year.

About 50 members of the two classes, their wives and husbands, and one faculty member of the period, John Forrest Riggs, were present for an informal reception in Community Center during the afternoon and a dinner at the House of Wong.

Brooks Dyer of Amarillo presided for the Class of 1930 and Mrs. A.B. Higgins for the 1931 HHS graduates.

Riggs came from Garden City, Kan., for his first visit to Hereford since he left in 1928. He was a popular HHS coach of the 1920's.

Florence Boardman Renz of

St. Louis was another visitor, not a member of the two classes but an acquaintance of many who were members.

Also from other cities were Reavis Kerr of Canyon, Mildred Pennington Fuqua of Tucumcari, Gladys Jones Benson of Dimmitt, Roger Orr of Lubbock, Claudell Sikes of Portales, Myra Hartman Witherspoon of Albuquerque, Ruby Vaughn Anthony of Elida, N.M.

Also, from Amarillo, Maybelle Witherspoon Baird, Gladys Hopper Buttell, Paul Wright Barnett, Lloyd Bowsher, Inez Hough Lovan and Pauline Smart Wilson.

Mrs. A.C. Flowers discussed hazards which cause accidents in many homes, and Evelyn Bell's topic was Fire Prevention Measures. Joining in the discussion were Mmes. D.W. Adkinson, Roy Boyd and Robert Boyd.

A luncheon was planned for June 11 in the home of Mrs. Flowers, 501 East Fifth, to close a year of club meetings.

### Students Make SPC Dean's List

Eleven students from the Hereford area are among 256 students named to the Dean's Honor List at South Plains College for the spring of 1974.

A total of 67 students earned a 4.0 grade point average or all A's, announced Nathan Tubb, academic dean at SPC. Students must maintain a 3.25 grade point average and carry at least 12 hours in order to be named to the honor roll, Dean Tubb said.

Students included Michael Grimsley (all A's) and David Hicks, both of Hereford; Ronald H. Howarter of Spearman; Jan A. Peters, Guy Sanders, Cynthia Barnett, Evelyn Dandridge (all A's), Silvia Flores and Roger D. Goffman (all A's), all of Friona; Patricia Nichols of Black and Vera Schulte of Nazareth.

# Thieves Prey On Vacationers

By JOHN L. HILL  
Attorney General

Vacation bound? There's a chance you might also be heading for trouble if you haven't taken certain precautions before leaving home.

Law enforcement experts and our Consumer Protection Division attorneys say that what is vacation time for most folks is working time for many burglars, pickpockets, and con men.

They suggest that you plan in advance to burglar-proof your home and to guard against possible thefts or consumer frauds on your trip. While the number of such occurrences is small compared to the number of vacationers, it only takes one bad experience to ruin a trip.

HERE'S A LIST of things to check before you leave:

- Stop mail, newspaper, and other deliveries.
- Tell a neighbor or your apartment manager that you will be gone and ask them to keep an eye on the place.
- Leave a few lights on or buy

an automatic timer to turn certain lights on and off each evening.

Check your lawn just before leaving and, if you will be gone a long time, have someone cut it while you're away.

Check all windows and doors to make sure they are locked. A sliding glass patio door can be more securely fastened by wedging a stick at the top or bottom of the door.

Check with your local police if you plan an extended vacation. Many forces offer a "close patrol" of homes where persons are away. If your police force does, you will need to tell them what cars or persons, if any, will be making authorized visits to your house.

Have your telephone put "on vacation." Your callers will be told that the telephone has been temporarily disconnected at your request, and you can have them referred to another number if you wish.

Avoid mentioning to casual acquaintances or strangers that you will be on vacation. Also, avoid telling your newspaper's

society editor of your trip until you have returned.

Before leaving, engrave all valuables in your home and those you will be taking with you in the car with your driver's license or social security number. Some police forces will loan you an engraver to mark your belongings and will register your number on their master list. This may discourage burglars from taking your goods and can make identification of recovered stolen goods much simpler.

**AFTER TAKING** precautions to secure your home from burglars while you are gone, don't let down your guard when you get into the car and drive away. There are a few things to remember during your trip too: Make sure you have had your car serviced and thoroughly checked before leaving and always get out of the car to watch when having it serviced on the road. There are a few unscrupulous persons who sometimes take advantage of tourists with out-of-state license

plates. If your car was given a clean bill of health before you left, you can better evaluate warnings about faulty fuel pumps, air filters, batteries, etc.

Take traveler's checks or use credit cards, and keep a list of your credit card numbers in a safe spot.

Men should avoid keeping billfolds in back pockets, or at least button the pocket if possible. To discourage pickpockets, use the inside coat pocket or a money belt.

Women should select a purse with a secure clasp or zipper and keep a hand over the opening when carrying it.

Don't wear unusually expensive or flashy jewelry or display large rolls of bills.

Never boast of wealth or possessions or tell strangers your home town or address.

Check valuables at your hotel desk for safekeeping.

YOU COULD be taken advantage of in more subtle ways, too. Many people spend large amounts of their money on vacation souvenirs without examining them carefully. Many souvenir items are cheaply made, over-priced, and of little or no practical value. Try

to set a limit on the amount of money you spend on things you're likely to throw away or put in a closet later.

If you have a consumer problem, contact the Attorney General's Consumer Protection Division, your county or district attorney, or your local Better Business Bureau.

## Bible School

### Begins Monday

Immanuel Lutheran Church, 100 Ave B, will again conduct their annual vacation Bible School, beginning Monday at 8:30 a.m.

Each morning session will last about three hours for children aged 4-12. Topics will be headed under the theme "God's People Today." Classes will continue through Friday.

All children are welcome. For further information, call 364-1667.

PHILLIP T. CAIN

# Cain Earns Doctor's Degree

Phillip T. Cain, son of Mr. and Mrs. B.F. Cain of 104 Elm, is among 190 candidates scheduled to receive the degree of doctor of medicine during the 84th Annual Commencement Exercises of The University of Texas Medical Branch Sunday at 8 p.m. in the Galveston Moody Civic Center auditorium.

The UTMB School of Medicine, the ninth largest in the nation, is the State's oldest and largest medical school. UTMB has over 300 fulltime and 242 part-time faculty members teaching 725 medical students. The UTMB complex includes seven teaching hospitals which annually treat the 23,062 in-patients and 122,512 outpatients.

The 1974 Commencement speaker is Dr. Bill Roy, United States Representative from Kansas, who is one of only 210 persons in the country to hold the combined degrees of Doctor

of Medicine and Doctor of Law. In addition to Commencement Exercises, students and their families can attend the Honors and Awards Convocation where various students and faculty members receive special recognition.

Cain came to UTMB after receiving his Bachelor of Science degree from Texas Christian University in 1971. He is a member of Phi Chi medical fraternity and Alpha Omega Alpha honor medical fraternity.

Following graduation, Cain will begin his internship at John Peter Smith Hospital in Fort Worth. He will reside at 6785 Trail Lake Drive in Fort Worth with his wife, formerly Susan Harris of Midland.

Cain graduated from Hereford High in 1967.

## Realtors' Meet Set For June

Franklin A. Jeffers of Amarillo, president of the Texas Association of Realtors, this week called on the Hereford Board of Realtors to participate in the TAR convention program set for June 12-15 in Fort Worth.

"It is my feeling that those who participate in the convention will be better able to meet with flexibility the problems in Texas housing, financing and marketing," Jeffers said. "The population growth in the state is stirring the interest of builders and Realtors in many levels, in many areas. We have coming to the convention platforms some of the best minds in the country to address themselves to Texas problems and solutions."

Speakers and topics for the convention will be Joe Doherty, National Association of Realtors president, on association developments; Dave Stone, of San Jose, Calif., sales; Dr. Anthony Downs, board chairman of the Chicago Real Estate Research Corp., on national economy; and Dan Baker, San Antonio, motivational speaker.

President of the board, Lee Umsted, and board vice-president, Sam Long, joined in urging local board members to register now for the convention. They noted many special events of entertainment are also planned, including a TAR golf tournament and several night-time parties.

# Small Towns Bounce Back

Are small towns coming back? Some are. Surveys show many city people would rather live in a small town.

"Whether a small town grows, or begins to wither, often depends upon the determination of local people," says Will Erwin, assistant secretary for rural development of the U.S. Department of Agriculture.

"Towns with a 'we can do it' attitude will go out and bring in job-producing plants, offices, and laboratories, so that their young people don't have to leave their home areas in search of job opportunities," says Erwin. "Others will cater to tourists and a recreation-hungry nation."

"The 'we can do it' crowd will guide the area's growth to make sure it helps to meet the needs of people, adding to the beauty and environmental tone of the neighborhood."

"Economic development makes it possible for towns to do things — to provide convenience in getting goods and services — to serve as a starting point from which people may improve the quality of their lives."

"Frequently, long drives to big cities may be far from dead. But it makes sense, regardless of the gasoline situation, for towns to develop in such a way as to meet the needs of residents, including farmers."

"Can towns be developed to get this done? The answer is 'yes,'" according to Assistant Secretary Erwin, if you are willing to work at it. He cites the story of Livingston, Alabama, as

it appears in the May 6, 1974, issue of the Congressional Record.

Livingston had been going downhill for 20 years—losing people annually. By the mid 1960's, it was thin and gaunt. Jobs were lacking—living conditions were poor—streets, many unpaved, were pitted with potholes. Potential employers took one look and kept going. Insurance companies threatened to cancel fire policies due to undependable water mains.

A crushing blow came in 1965 when the state condemned the tottering town's water system and ordered it to stop dumping its raw sewage into the Suwannee River.

Now it was sink or swim. The town decided to swim. City fathers joined hands with the Sumter County Rural Development Committee. They quarter-backed a community movement that led to a master plan. From that plan, work groups set out to give Livingston a new destiny.

One group worked on new jobs. Today five industries, employing about 1,000 persons from miles around, occupy a new industrial park. Livingston reversed its long mass outmigration of native sons—many had been forced to seek employment in distant cities.

Several new businesses have been established. Old houses were renovated and some new ones built—a product of more prosperity. And there was something to do around town.

The area's new water system provides water to neighboring communities. Livingston has better schools, churches, and more community life. It has more of what it takes, including pride, to keep farms, businesses, and homes running. Livingston is on the go!

Can other towns bootstrap themselves into better places to live and work? Federal rural development loans and other assistance, according to Assistant Secretary Erwin, are available. "But those communities that take the initiative to achieve and guide development, as a rule, will benefit most from it," the official concluded.

# Tech Unearths Skull

Texas Tech was ahead a head last Thursday a rhinoceros head, that is.

The rhinoceros skull has belonged to The Museum of Texas Tech University since 1947 when a Lubbock big game hunter, the late W.G. McMillan, went to Africa and bagged the animal. Thinking of his hometown museum, he shipped the head to the museum. It arrived, however, less than bone clean.

For efficiency the Museum Director W. Curry Holden decided to bury the head and let nature take its course in cleaning the skull. It was buried two feet deep behind the museum. On the back of the acquisition card recording the gift was a "treasure map" with an X to mark the spot.

Time passed. McMillan died. Dr. Holden moved on to other university duties. The Museum was moved to new quarters. An

asphalt parking area was paved in back of the old museum building — now Holden Hall.

Then the acquisition card was discovered — with its notation of the buried skull.

The time was right Thursday to uncover it. Groundbreaking for an addition to Holden Hall was held, and the first picks broke through the asphalt at the X-marked spot where the rhino skull was buried.

It was uncovered, lifted out — clean and ready for future display in the new Museum of Texas Tech.

On hand for the rediscovery were Mrs. McMillan who went to Kenya, Africa, with her husband in 1947 for part of his safari and also their son, W.G. McMillan Jr. who went on the hunt with his father and also bagged his own rhinoceros. Enjoying the rediscovery with them were Dr. Holden, now

professor emeritus of history, Texas Tech President Grover E. Murray, and a crowd who had come for the groundbreaking of the building addition which has been designated the Social Sciences Building.

# Glorieta Retreat Mountains Shelter

Glorieta Baptist Conference Center — one of America's largest religious facilities — is like a small bustling, well-groomed community mysteriously placed in the middle of New Mexico's Sangre de Cristo Mountains.

Located on the old Santa Fe trail, the conference center is situated on 2,500 acres in famed Glorieta Pass, 18 miles east of Santa Fe on Interstate Highway 25.

Holcomb Auditorium, with its 160-foot illuminated spire, is the focal point of this modern resort-style Christian training center. Spanish-Territorial in architecture, it seats 3,500 people and is completely equipped for dramatic and multi-media presentations.

However, the conference center is more than Holcomb Auditorium. Once on the grounds, one learns there are more than 80 hotels, motels, lodges, apartment complexes, dormitories and camp shelters, not to mention rustic cabins, trailer courts and camping areas. The architectural decor of the Old Spanish West is used in the more than 200 modern buildings.

Although owned and operated by the Sunday School Board of the Southern Baptist Convention, Glorieta is used by churches and organizations of all denominations and other non-profit organizations from September to May.

During the summer months, Southern Baptists use the center for Bible study, youth retreats and leadership training. Summer guests participate in week-long training sessions which cover every phase of Southern Baptist life. Mornings and evenings are used for conferences, classes and inspirational services. Afternoons are usually free to allow guests to enjoy the attractions of Santa Fe and Northern New Mexico.

The summer schedule — May 31-Sept. 2 is divided into 14 different conferences, each a

week long. The schedule includes conferences dealing with Sunday School and Church Training Leadership, Youth Leadership Conferences, workers with Mentally Retarded and Deaf, Bus Outreach Conferences, SBC Youth Choir Festivals, Senior Adult Conferences, Music Leadership, Bible-Preaching Conferences, Woman's Missionary Union, Home and Foreign Missions, Student Conferences and Conferences for Single Adults.

A post World War II phenomenon, the conference center was built to meet rising demands of the rapidly growing Southern Baptist denomination.

A conference center in addition to the one at Ridgecrest, N.C., was needed to serve the populace west of the Mississippi River.

New Mexico Baptists bought

the Breese Ranch at Glorieta in 1948, and gave it to the Southern Baptist Convention. Construction began in the 1950's after more land was acquired. Most of the buildings as seen today were completed in the mid-60's.

The carefully landscaped grounds are made colorful with gardens of more than 80,000 plants and flowers, including 1,100 varieties of Iris.

The conference center is framed by high mesas and heavily forested mountains with 10,300-foot Glorieta Baldy in its own "back yard." The abundant flower gardens, ponds, waterfalls and terraces make "Glorious Glorieta" a gardening showcase.

Wise people believe half of what they hear; wiser ones know which half to believe.

# Coffee Given In Farewell

Leaving Hereford this weekend for a home in Abilene, Mrs. Mac Tucker said goodbye to a number of friends at a coffee Tuesday morning when Mrs. Juston McBride and Mrs. Harlan VanderZee were hostesses in the home of the former, assisted by Mrs. McBride's daughter Marki.

member of North Hereford Extension Club, Bud To Blossom Garden Club and women's organizations of First Baptist Church.

Coffee was served from a table set against a wall where a large mirror reflected the arrangement of dyed daisies and lilac leaves in the center.

Members of those groups and other friends and neighbors of Mrs. Tucker were invited to the morning party in the lately redecorated McBride home.

# Pam Miller Earns B.A.

Pamela Van Doren Miller, daughter of Mr. and Mrs. Bruce L. Miller on Harrison Highway, received a Bachelor of Arts in political science at The University of the South in Sewanee, Tenn.

Miss Miller was co-manager of the student radio station and manager of the canoe team.

The university awarded 219 earned and seven honorary degrees at its 106th commencement Sunday afternoon. B.A. degrees were awarded to 186 graduates of the College of Arts and Sciences and B.S. in forestry to six. In addition 13 graduates of the School of Theology received Master in Divinity degrees and one a Licentiate in Theology.

The university awarded one Master of Sacred Theology degree for completion of summer work in the Graduate School of Theology, and 12 Master of Arts in Teaching degrees for work in the Sewanee Summer Institute of Science and Mathematics.

The baccalaureate sermon Sunday morning was by the Rev. Walter Harrelson, dean of Vanderbilt Divinity School, who preached on "Faith and Courage."

"We need in these times," he said, "to calculate the extent to which we are reaping the benefits of the courage of others and not having the esthetic and religious sense to recognize our dependence upon them."

Dean Swift of Alliance, Ohio delivered the valedictory address and Roger Farrow of Huntsville, Ala. the Latin salutatory. Farrow's speech marked the end of a long Sewanee tradition, as next year the salutatory will be delivered in English.

The commencement exercises also included presentation of various awards for character and scholarship.

About one fourth of the graduating class have plans for jobs after graduation, from banking and real estate to horse training and sailmaking. Another fourth are going directly to graduate school, a fourth are undecided, and of the remainder about half are teaching and the rest could be classified as miscellaneous — entering military service, being housewives, taking paramedical or teacher training, etc.

## RECIPE

By Sarah Anne Sheridan  
If your family likes fish, you might try this on some special occasion. Use for trout, red snapper, or flounder.

### STUFFED FISH

- 2 c cooked chopped shrimp or crabmeat
- 1-3 to 4 lb. boned trout or snapper
- 2 eggs
- 1 c cream
- 2 T butter
- 1/2 c chopped canned or fresh mushrooms
- 2 t chopped chives
- 1 T flour
- 4 T sherry
- salt and paprika
- 2 limes or lemons

Mix the shrimp or crabmeat, eggs, and 1/2 cup of the cream together. Melt butter add mushrooms and chives. Saute until soft. Then add flour, stirring well until the mixture is bubbling. Add shrimp mixture and cook until thick. Place fish in a baking dish and stuff with mixture. Pour over the remaining cream, sprinkle with salt and paprika. Add sherry and bake at 350 degrees for 45 minutes. Serve with wedges of fresh lime or lemon and sprinkle with fresh chopped parsley for color. Serves 6.

## Cotton From Valley

Tony Lopez of Hereford shows off a cotton stalk, complete with large white bolls, which he brought back from San Benito over the weekend. Lopez, of 1134 S. Main, visited his brother and reported seeing many fields of loaded cotton stalks in the Valley.

## Borger Hosts Fish Fry

Borger's 11th annual "World's Largest Fish Fry," an all day event with enough fish, French fries and cole slaw for over 7,000 persons, will be from 11 a.m. to 7 p.m. Saturday in Borger's Aluminum Dome.

The event was started by local business men in 1964 in anticipation of completion of Lake Meredith and was so popular it developed into an annual program sponsored by the Borger Chamber of Commerce.

Advance tickets sell for \$1.50 and door tickets sell for \$2.

## AIKEN TO RETIRE

The dean of the Senate, George Aiken (R-Vt) has announced he will not run for re-election this year. Aiken, who will be 82 in August, said he decided after he was last elected in 1968 that he would not run again.

## Dancers Feted In Barn

A barn party at the Don Tindal place southeast of Hereford Saturday night had the Martin Youngs, Leon Richards, Kenneth Fries, Ernest Floods and Tindals as hosts.

Caller for the barn dances was Stuart Rowan; he and his wife were guests at the party. Bales of hay around the room added atmosphere, and decorations were in red and white bandana prints.

Guests were Messrs. and Mrs. Chesley Johnston, Earl Hartkins, Clarence Behrend, James Dobbs, Ronnie Andrews, Jimmy Christie, Tommy Sparkman, Charles Rickert, Dee Willard, Lonnie Strickland, Tom Betzen, Buster Thomason, Larry Dobbs, Dan Easley, Dick Hill, A.C. Boyd, Charles Park and Leroy McCormick, also A.T. Jones.

## Sweet-Fancy Club

### Installs Officers

Officers installed at a recent meeting of Sweet And Fancy Decorating Club are Mrs. Carlton Richardson, president; Mrs. Nick Milburn, vice president; Mrs. Mark Koenig, secretary and Mrs. Joel Lytal, treasurer. Mrs. Jay Crofford, retiring president, gave each a humorous symbol of her office in the installation.

A meeting to plan for the coming year was set for July 25. Mrs. Lytal gave the program on assembling cakes.

## Small Talk

By SUE COLEMAN  
Women's Editor

SUMMER brings dog-days, folks used to say, when dogs go mad with the heat. Science has other explanations of why dogs go mad, but I don't mind claiming kinship with the canines and laying my fits of hydrophobia onto the heat.

A few of these baking days with temperatures around 100 and I'm ready to start running in circles and biting people.

## Variety Is Dance Theme

Beginners as well as advanced pupils will have their share of the spotlight in the variety dance program at 8:30 p.m. today in the high school auditorium, the annual spring recital of the Larrymore Studio.

Three-year-olds, Becky Layman, Shelly Webster, Mary Jane Anderson, Connie Owens and Cathy Seale, will appear in one routine titled Pink Cloud. Presenting their first recital solos will be Melinda Rogers, Robyn Griffin, Lisa Snyder, Judy Flores and Ben Flores.

More difficult dances will be solos and group numbers of advanced students. Two of them, Gwen Wolfe and Mahota Manning, were choreographers of their own solos.

Nancy McDonnell, assistant instructor, also did some of the choreography and taught some numbers, including one by her pupils from Dimmitt.

The public is invited to the recital.

There are normal differences in human beings' reactions to weather conditions and some folks love summer. But I can be more comfortable on below-freezing than on over-85 days, prefer the shade to the sun, had rather add coats and mufflers than to "take off my skin and dance around in my bones" and still be hot.

MY FUSSING and fuming about the heat probably runs my temperature up, of course, and then I really burn up at hearing the weather broadcaster declaiming with hearty cheer about the beautiful day we've just had with a maximum of 102.

It is past my understanding for somebody to say that we've had fine weather the past week, sunny and warm, when anybody knows it would be much better if it were rainy and cloudy, even cool.

This stage of a West Texas drought is no time to burble on about lovely sunny days!

SOME of the special guests for her wedding Saturday were brought back by Brenda Saul and her mother, Rosalie Coplin, when they made a weekend trip to Nebraska.

Grandparents of the bride-elect were among relatives visited up there, and accompanied her home to be guests this week and at the wedding. Brenda is to marry Richard Snow of Amarillo.

Rosalie has made not only her daughter's bridal gown, but dresses for attendants, and just loved the task, she says. It's all finished and she can enjoy her visitors now, and take things as easy as the bride's mother ever can.

ALTHOUGH the Juston McBrides are neighbors of mine, and I was an interested watcher in passing at the things that went on while their house was being redecorated lately, like carpet and paint and paneling being taken in and out, this week is the first time I saw the finished product.

Ruth McBride's skill as an artist is reflected in the decorating plan for the house, one of the fine older homes in Hereford that has not fallen a victim to "progress."

With muted gold carpeting and woodwork to set off some antique furniture and carefully blended newer pieces, it is a beautiful interior from front door to back. But it looks like a place to live, not something clipped from a decorating magazine.

The McBride's daughter Marki is at home for a short vacation, incidentally, before attending the summer term at the University of Texas in Austin. She and her dark-eyed mother are becoming adjuncts to the colors in the house, or is it the other way around?

**Colorado Draws Baptist Youth**

More than 60 junior high and senior high youth from First Baptist Church are expected to attend summer camp in Larkspur, Colo. Monday-Friday, according to Rev. Doug Manning, pastor.

Youth from University, University Hills and First Uvalde congregations will be traveling to the annual Baptist camp from south Texas.

Gerald Mann, Jimmy Phillips and Homer Hanna, Baptist pastors, will join Rev. Manning as speakers and activity directors. Each church will also be represented by its youth director, including Steve Graham of Hereford.

Brother Manning said that the group plans expeditions to Pikes Peak and the Air Force Academy near Colorado Springs.

The retreat will involve workshop sessions including Bible study and creative celebration.

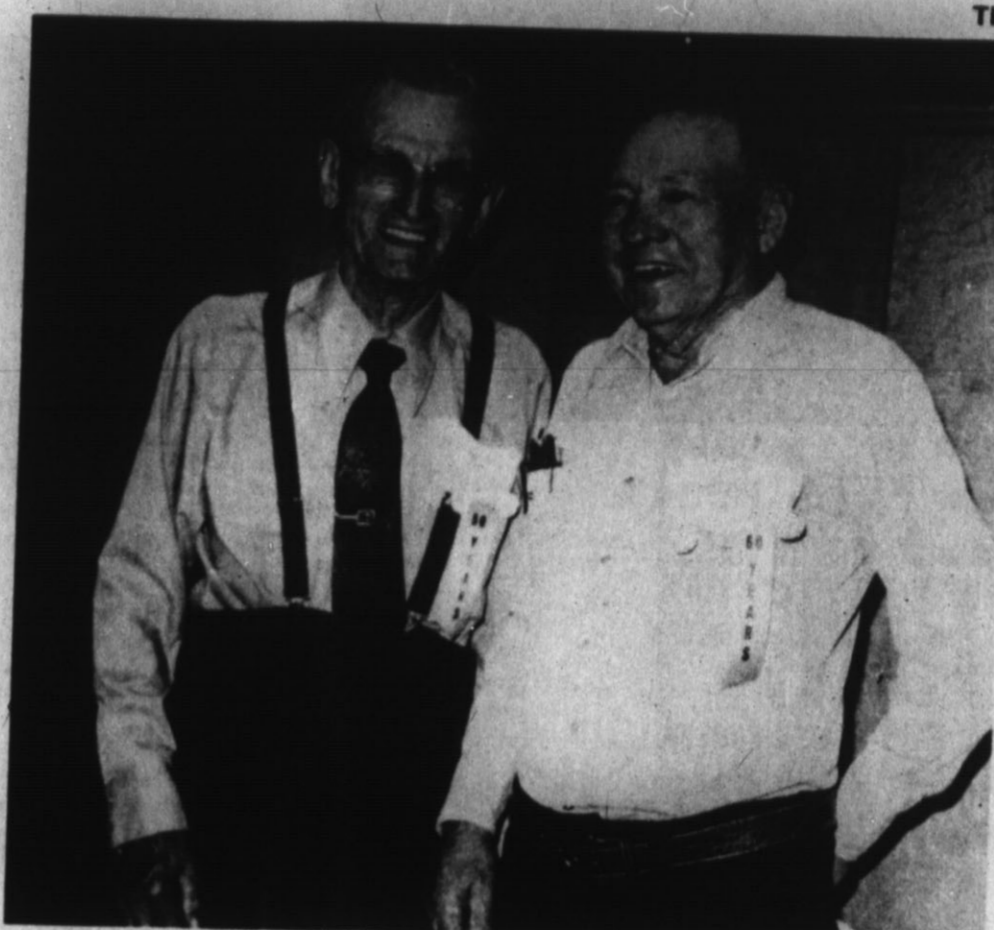

To raise money for the two chartered buses, a garage sale

is being sponsored by the participating youth at the Ray Frye residence, 144 Liveoak, tomorrow and Saturday. Among the sale items will be a riding lawn mower, clothes dryer, clothes iron, furniture, clothes, dishes, bicycles, pottery, small appliances, lawn furniture and several pieces of children's furniture.

Adult sponsors who will be accompanying the young people are Penny Jessup, Carolyn Willis, Messers, and Mmes. Danny Martin, Charles Watson and Dave Honea.

**Baptists To Sing At Festival**

The 1974 Southern Baptist Convention "Youth Choir Festivals" will be held this summer at Glorieta Baptist Conference Center, according to Larry Haslam, conference center manager.

The ALPHA Festival will be held Friday-Monday, while the OMEGA Festival will be conducted June 4-7. Celebrative

worship, singing with combined Festival choirs and the Parade of Choirs will highlight the identical 3-day events.

Richard E. Myers, pastor of University Baptist Church, Charlottesville, Va., will be the worship leader for the Festivals and Duncan A. Couch, choral director at Southwest Baptist College, Bolivar, Mo., will serve

as music director. All church youth choirs in the Southern Baptist Convention are invited to attend. Interested choirs may contact Larry Haslam, Glorieta Baptist Conference Center Box 8, Glorieta, N.M., 87536.

**New Credit Law Notes Women**

Household purse strings unwound for Texas women recently with changes in credit legislation, according to one authority.

for husband and wife, the specialist noted.

"For instance, if a married woman applies for credit in her own name, and the reporting agency shows no separate record on her, it could cause a refusal of credit. A visit to reporting agency and then the firm's credit manager can help straighten out the matter, if the woman meets all the other credit requirements.

"Legal rights of women are being recognized as equal to those of men, and this law is responsible for that trend," the specialist observed.

She outlined implications of the revised law.

"In 1973, the Texas Legislature amended the Texas Consumer Credit Code to prohibit a credit grantor from denying an individual credit or loans in his or her name—or from restricting or limiting the credit granted—solely on the basis of sex.

"This gives a woman, 18 years or older, the right to apply for and get credit in her own name, if she meets the financial requirements of the credit grantor.

"Meeting those depends on her ability to be responsible for her own debts.

"This usually means having a regular income, stability in employment and residence, a checking account and references," Mrs. Myers said.

The specialist discussed how variations in individual marital status can affect credit even with new legislation.

"The single, young woman who has never had credit may have a problem in establishing credit.

"A parent or some other responsible adult may have to guarantee the account at first.

"Credit is established once the account is handled properly for a sufficient time."

Although the married woman now has the legal right to credit in her own name, most firms usually prefer to handle the account as a family account, Mrs. Myers said.

"It's less expensive to service one account instead of two.

"However, most firms will open an account for the married woman on request, if she meets the credit requirements. Still, some firms may include her husband's name in parenthesis for identity purposes."

Married women may encounter credit problems if credit reporting agencies are slow to make separate reports

involve widows, divorced or separated women.

"The widow usually has no problem in changing accounts to her name if the family has a good record of payment and her financial position meets the firm's requirements," Mrs. Myers said.

"A divorced woman who had accounts in her husband's name may have to reapply for accounts in her name.

"In general she must follow the same guidelines for establishing credit as a single woman.

"If she had accounts in her name as a married woman, she simply might have her marital status changed on their records after discussing the accounts with her creditors.

"The divorced woman, in any case, would be wise to consult each firm and change previous accounts that were family accounts or accounts in her husband's name," Mrs. Myers suggested.

Women who are separated, but not divorced, have the most difficult time with credit, the specialist said.

"Some firms suspend additional credit during this time, because funds may be tied up until a divorce is final.

"This may affect the credit records and impair future credit.

"The firm's credit policy will determine what a separated woman can do."

Noting "many substantial and beneficial changes" recently in the rights of women, especially married women, Mrs. Myers said that more firms are realizing they can give credit to married women in Texas with complete legal security, since married women now can be sued in the same manner as their husbands.

The specialist also cited "changing economic factors" and "continued liberalized credit policies of most firms" as other reasons for changes in current business practices.

**Souvenir Coins Now Available**

Commemorative coins for the upcoming bicentennial celebration went on sale Tuesday, according to George Lokey, chairman of the Amarillo Bicentennial Committee.

A total of 8,200 coins have been ordered in gold, silver, antique silver and bronze. Numbered coins will be available to collectors. The coins will not arrive until mid or late July, but can be ordered beginning today by contacting the Chamber of Commerce office. Chamber of Commerce members will receive preference on orders that are received through June 19.

On July 3 at the Amarillo Art Center, the first sets of coins will go on the auction block. After the first 75 sets of coins are auctioned, other coin groupings in plastic containers may be purchased. These groupings include 75 sets of all 4 coins (\$100), 75 sets of silver, antique silver and bronze groupings (\$50), and 275 sets with the bronze and antique silver coins (\$15).

Individual coins will be priced at \$50 each and \$25 each for numbered gold and silver coins; \$5 and \$4 for numbered and unnumbered antique silver; and \$3.50 and \$2.50 for numbered and unnumbered bronze coins. Of the 2,500 antique silver, only 1,000 will be numbered; of the 5,000 bronze coins, only 1,000 will be numbered. Doug Watkins of Amarillo designed the Panhandle side of the coin and Mark Jackson of Amarillo designed the Amarillo side.

**PIONEER OF YEAR** — Mrs. A.G. Bell holds the plaque designating her as Pioneer Of The Year after the presentation at the Mid-Plains Pioneer Association meeting Saturday in the County Bull Barn. She was also the oldest woman present, at 93. Seated with her is the 1973 Pioneer Of The Year, Mrs. John Jacobsen Sr. Benny Wornble, newly elected president of the association, stands in the background.

### Pioneers Attend Reunion

Oldest pioneers and those who traveled the longest distance to attend the Mid-Plains Pioneer Association meeting in the County Bull Barn Saturday were honored along with Mrs. A.G. Bell, who was named Pioneer Of The Year.

She was the oldest person registered, at 93. The oldest man was H.D. Culpepper, 602 East Third, who will be 91 on his birthday in July. The woman who came farthest was Gladys

Hicks Newman of Kansas City, Mo. Britain Robinson was present from Elk Grove, Calif. Benny Wornble was elected president of the association for the coming year to succeed Woody Wilson. Frank Ball was named vice president and Mrs. Merlin Kaul was re-elected secretary.

Old-timers of the area gathered for their annual reunion and a basket lunch in the Bull Barn, where they visited and renewed acquaintances with a conversational keynote of "Do you remember?" Many also visited Deaf Smith County Historical Museum, which held open house

all day. The morning business meeting began with a welcome from Wayne Thomas and response by Caldwell Hicks of Pampa, after an invocation by the Rev. Fred Whipple. The special recognitions were made at the meeting.

Pioneer Study Club members, dressed in turn-of-the-century style, were in charge of registration. Coffee was served by the family living committee of county Extension Club. Frank Ball and Marlin Gilliland greeted pioneers and their guests at the reception desk in the foyer.

### Miss White Named To 'Texas' Cast

Sherry White, daughter of Mr. and Mrs. R.C. White of 214 N. Texas Drive, will join the 140 cast and crew members of the musical "Texas" in Palo Duro Canyon.

Miss White, music major at Texas Tech University, will be one of 36 singers to appear in the annual production which is beginning its ninth season. She is a 1971 graduate of Hereford High School and former recipient of Miss Hereford and Miss Lubbock titles.

Members of the 1974 cast and company came from 40 towns in seven states, and from Columbia University and the National Shakespeare Company in New York to the Film Actor's Playhouse in California.

"Texas" will run from June 19 through August 24, nightly except Sundays at 8:30 p.m. CDST.

For tickets and information write "Texas", Box 268, Canyon, Texas 79015.

## Proposal Affects Local Government

Article IX concerning local government in the proposed new constitution makes a number of important changes in the present constitution written in 1876.

Another effect of the new article is to streamline and consolidate provisions concerning local government which are scattered throughout the present constitution.

For example, sections describing local tax and debt limitations are in one article while provisions dictating terms of office and elections are in other articles. The fact that the proposed article on local government brings all provisions concerning local government under one article is a substantial improvement in the organization of the constitution.

Only three of the sections of the proposed article are entirely new and have no counterpart in the current constitution. Section 2 of the proposed constitution consists of a general statement that defines the powers of counties. The present constitution does not make county power explicit, but duties and functions are referred to throughout the current document.

A second new provision, Section 4, gives local governments more local control by allowing county governing bodies to enact ordinances.

This power to enact ordinances may be granted or repealed at any time by a majority of the voters. The section is intended to allow more local control over such matters as subdivision standards, building codes, sanitation and environmental protection.

The Local Government Committee and the convention felt the section dealing with the adoption of county home-rule charters was important enough that voters should consider it separately.

The county home-rule charter would allow the voters broader discretion over the organizations and functions of county government. This provision allows a majority of the voters of a county to adopt, amend or repeal a home-rule charter.

Other sections of the new article lower the population limit of cities that may adopt home rule charters from 5,000 to 1,500. Cities under 1,500 would be governed according to

general law.

Another important section of the proposed Local Government Article allows cities and counties to create special districts and authorities within their boundaries. This section encourages cities and counties to provide new services which would otherwise require the creation of independent special districts, separate and apart from the structure of city and county government.

The net effect should be to reduce the demand for independent special districts which have proliferated under various sections of the current constitution.

Section 10 of the proposed article concerns city and county taxation. Tax rate limits for municipalities and counties are retained in modified form from the current constitution.

Taxes may not be levied by school districts and other special districts unless approved by the voters.

The new section does allow political subdivisions to levy additional taxes to retire bonded indebtedness. This provision should make the bonds of cities and counties more attractive to purchasers and result in lower

interest charges to local taxpayers.

The proposed Local Government Article consolidates all of two articles — and portions of three others into a single article with 1,400 words. The corresponding sections in the 1876 Constitution contain over 9,500 words.

The general effect of the article should be to make the operation of cities, counties and other local governments more flexible, efficient, and responsive to the voters.

#### Alert Nurse

The doctor was questioning the new nurse about a patient.

"Have you kept a chart on his progress?"

"No," replied the blushing girl, "but I can show you my diary."

#### What He Learned

"What did mama's little boy learn in school today?"

simperted a lady to her offspring.

"I learned two boys," responded junior, "not to call me 'mama's little boy.'"

**NOTICE TO CONTRACTORS**

Sealed bids for furnishing and installing water and sewer mains and appurtenances for the City of Hereford, Texas, will be received by the City Manager at the City Hall, Hereford, until 2:00 P.M., June 17, 1974 and then at said place publicly opened and read aloud.  
All proposals shall be accompanied by a cashier's or certified check upon a national or state bank in the amount of five per cent (5%) of the total maximum bid price payable without recourse to the City of Hereford or a bid bond in the same amount from a reliable surety company, as a guarantee that bidder will enter into a contract and execute performance bond within ten days after notice of award of contract to him. The bid security must be enclosed in the same envelope with the bid. Bids without check or bid bond will not be considered.  
The successful bidder must furnish performance and payment bonds upon the forms which are attached hereto in the amount of 100% of the contract price from an approved surety company holding a permit from the State of Texas to act as surety or other surety or sureties acceptable to the Owner.  
The right is reserved to reject any and all bids and to waive any informality in bids received. Plans, specifications and bidding documents may be secured from the office of the City Manager, City Hall, Hereford, and Bill R. McMories & Associates, Inc., 6300 Canyon Dr., Amarillo, Texas 79109, on deposit of Twenty-five Dollars (\$25.00) per set, which sum so deposited will be

refunded, provided: (1) All documents are returned in good condition to Bill R. McMories & Associates, Inc. not later than 48 hours prior to the time for receiving bids; or (2) The Contractor submits a bid and all documents are returned in good condition to Bill R. McMories & Associates, Inc. not later than five (5) days after the time that bids are received.

**PUBLIC HEARING NOTICE**  
A public hearing will be held by the Texas Water Quality Board in the  
Stephen F. Austin State Office Bldg.  
Conference Room 1149  
1700 North Congress Avenue  
Austin, Texas  
at 10:00 a.m., June 19, 1974 to receive evidence to determine if Texas Water Quality Board Permit No. 00532 issued to Hereford Produce Company, P.O. Box 1775, Hereford, Texas 79045 should be amended to a new format which the Texas Water Quality Board has adopted in order to make the State and Federal permit formats consistent and to determine whether State Certification in accordance with Section 401 of the Federal Water Pollution Control Act Amendments of 1972 may be issued. Preliminary information available to the staff of the Texas Water Quality Board indicates that a waste discharge conforming to the conditions shown in the Fact Sheet would not unreasonably impair the quality of waters in the State.  
Additional data will be developed at the hearing, but further technical information concerning any specific aspect of the discharge, if available, can be obtained by writing the Texas Water Quality Board, P.O. Box 13246, Capitol Station, Austin, Texas 78711.  
Hereford Produce Company is located at 911 Dairy Road, Hereford, Deaf Smith County, Texas and discharges into Tierra Blanca Creek; thence to Palo Duro Creek; thence to the Prairie Dog Town Fork of the Red River (Segment 0207); thence to the Red River in the Red River Basin.  
Following the hearing, a Hearing Commission Report containing the Commission's findings and recommendation will be prepared and presented to the Texas Water Quality Board at its June 25, 1974 Board meeting to be held in the Madrid-Granada Rooms, Sheraton Crest Inn, 111 East First Street, Austin, Texas at 9:00 a.m.  
Issued this 23rd day of May, 1974.  
J. Randel Hill,  
Chief of Hearings

**AG OPINIONS** - Persons over 65 are entitled to benefits of homestead tax exemption where political subdivisions have approved, though they fail to so claim during rendition period. Atty. Gen. John Hill held.  
In other recent opinions, Hill concluded:  
\* The property tax for higher education does not expire in 1987 but extends for an indefinite period.  
\* Names of persons whose sentences for possession of marijuana have been continued by the governor should be made public.  
\* The Department of Public Welfare is not precluded from negotiating a premium for its medical assistance program which can be expected to result in a reduction of the Medicaid reserve.

**REPEATERS ARRESTED** - More than 65 per cent of arrests recorded through criminal fingerprint cards last year had prior records, the Department of Public Safety reported.  
Twenty-five per cent of the 273,180 arrests were of 17-19 year olds.  
Criminal arrest fingerprint cards increased 21,510 in 1973 over 1972. An average of 1,019 cards a day was submitted by 635 different Texas agencies and 18 out-of-state agencies.

TEXAS PRESS ASSOCIATION

**AUSTIN, Tex.** - Texas Constitutional Convention delegates, bogged down again in debate, were told that, when they finally agree, they must get out and lead the campaign for a new constitution.  
Louisiana Gov. Edwin Edwards and House Speaker E.L. Henry offered words of advice, comfort, cheer and condolences to their Texas neighbors concerning the business of constitution writing.  
Both had leading roles in adoption of a new Louisiana constitution early this year after a convention in 1973.  
"You have got to take your document to the people, or it won't get done," Henry told the Texas delegates.  
Special interest groups will reach their constituents, warned Edwards; so state officials must try to sell the new document drawn by the convention to average citizens who hold the swing votes.  
At the same time, visiting Governor Edwards said it is highly doubtful the Louisiana revision would have been adopted had he not taken an active part in promoting it.  
Meanwhile, Texas delegates had a bucketful of problems trying to get together on the judiciary article of their product. Merger of the Supreme Court and Court of Criminal Appeals, right of appeal by the state in criminal cases and status of county judges proved the toughest items to compromise.  
Even before agreement could be reached on the judiciary, delegates plunged on into the general provisions article which promised some of the convention's highest-voltage controversies over so-called state right-to-work provisions and other tough ones.

**COURTS SPEAK** - Cities cannot tax rolling stock of railroads, the Texas Supreme Court held.  
At the same time, the High Court concluded that a doctor could not be held negligent for failure to order x-rays to detect a small chicken bone in a baby boy's lung.  
A Jefferson County man, sentenced to 75 years for heroin sale, won a new trial because his lawyer was not allowed to impeach a state witness by bringing up a prior conviction.  
The Supreme Court declined to hear arguments by attorneys for Elmer Wayne Henley Jr., accused of Houston sex slayings, on immediate transfer of the trial site from San Antonio.

**APPOINTMENTS** - Governor Briscoe appointed Erwin A. Elias of Waco to the Texas Motor Vehicle Commission, and Rogelio P. Perez of Austin director of the new Migrant Affairs Office.  
Briscoe named Sam Baxter of Marshall Criminal District Attorney for the 71st judicial district (Harrison County), succeeding Vernard G. Solomon of Marshall, who resigned.  
Mrs. Mary Ann Roberts of Spring will be chairman of the 15-member 1974 state textbook committee.  
Briscoe appointed 12 members of the local inter-governmental personnel act advisory committee, including Mrs. Andrea Beatty of Austin, Lila Cockrell of San Antonio, Edwin Daniel of Wichita Falls, Amado Garza Jr. of Laredo, Job L. Hammond Jr. of Amarillo, Charles Carsner of Victoria, McNeal Adams of Jasper, Frank L. Priore of Fort Worth, Vince Rachal of Houston, George K. Smith of Dallas, Nestor Valencia of El Paso and Edward Vela of Hidalgo.  
Herman Lauhoff of Houston was sworn in as the newest state representative from District 84.

**SHORT SNORTS**  
House Speaker candidates were urged to call a halt to campaigning on the Constitutional Convention floor.  
Socialist Workers Party is gathering signatures the goal: 35,000 to get a place on the November ballot. The party only got 24,000 votes in 1972.  
Texas Water Quality Board suspended a permit for South Texas Industrial Service to bury toxic industrial wastes near Three Rivers.  
Texas family physicians will receive instruction on latest techniques in care and treatment of the mentally ill in a series of conferences next month.

Briscoe appointed 12 members of the local inter-governmental personnel act advisory committee, including Mrs. Andrea Beatty of Austin, Lila Cockrell of San Antonio, Edwin Daniel of Wichita Falls, Amado Garza Jr. of Laredo, Job L. Hammond Jr. of Amarillo, Charles Carsner of Victoria, McNeal Adams of Jasper, Frank L. Priore of Fort Worth, Vince Rachal of Houston, George K. Smith of Dallas, Nestor Valencia of El Paso and Edward Vela of Hidalgo.  
Herman Lauhoff of Houston was sworn in as the newest state representative from District 84.

**SHORT SNORTS**  
House Speaker candidates were urged to call a halt to campaigning on the Constitutional Convention floor.  
Socialist Workers Party is gathering signatures the goal: 35,000 to get a place on the November ballot. The party only got 24,000 votes in 1972.  
Texas Water Quality Board suspended a permit for South Texas Industrial Service to bury toxic industrial wastes near Three Rivers.  
Texas family physicians will receive instruction on latest techniques in care and treatment of the mentally ill in a series of conferences next month.

**AG OPINIONS** - Persons over 65 are entitled to benefits of homestead tax exemption where political subdivisions have approved, though they fail to so claim during rendition period. Atty. Gen. John Hill held.  
In other recent opinions, Hill concluded:  
\* The property tax for higher education does not expire in 1987 but extends for an indefinite period.  
\* Names of persons whose sentences for possession of marijuana have been continued by the governor should be made public.  
\* The Department of Public Welfare is not precluded from negotiating a premium for its medical assistance program which can be expected to result in a reduction of the Medicaid reserve.

**The Baby Snatchers**  
Dave Toma infiltrates a major baby-selling operation in which newborn infants are sold for up to \$35,000 to couples unable to adopt through legal agencies. In "Rockabye," on the ABC Television Network's "Toma," Friday, May 21 (9:00-10:00 p.m.), Toma, who plays the role of a doctor, is inspired by actual events in the career of Detective Dave Toma, who was written by series star Tony Musante and his wife Jane, using the pen names, Peter Salerno and Jane Sparks. In "Rockabye," directed by Joseph Herdy, Patty and Johnny Davis are celebrating a wedding anniversary when arms when Toma tries to sell them a baby he is carrying in his arms. When Toma tries to make an arrest on the spot, Davis thrusts the infant at Patty and takes off, with Toma in pursuit.

**Streets of San Francisco**  
A wealthy woman's daughter is kidnapped and the girl's boy friend, who has a prison record, is implicated in "The Streets of San Francisco," Thursday, May 20 (9:00-10:00 p.m.). (Rebroadcast) Mrs. Adele Stone, who is dominated by a mystic, Madame Natasha Vasiliev, is sure her daughter Julie's boy friend, Mark Dillon, is to blame after Julie is snatched away from the underground garage at their luxurious apartment house. Even though many clues point to Dillon, Detective Mike Stone and Steve Keller mistrust this too easy solution as they bend efforts to crack the case and get Julie back alive. Karl Malden stars as Detective Lt. Mike Stone and Michael Douglas as Assistant Inspector Steve Keller. Diana Douglas, mother of series star Michael Douglas, guest stars as Mrs. Stone. Others in the cast are Stephen Oliver as Mark Dillon, Stephen Boucher as Julie Stone, George McCowan directed the episode by Robert Schilt.

**CBS Children's Film Festival**

The story of the unusual friendship between a Russian forest ranger and an orphaned lynx is told in "Friends for Life," an adventure film from Russia which will be rebroadcast on "The CBS Children's Film Festival" Saturday, June 1 (12:00 Noon-1:00 p.m.) in color on the CBS Television Network.  
The ranger rescues the injured baby lynx, whose mother has been killed by a bear, nurses it back to health with the help of the ranger's German shepherd dog, and the three become close and loyal friends.  
The lynx grows into a fine, strong animal, and the ranger refuses many offers to sell him. Then the animal is stolen and sold to a circus, but he escapes and manages to reach his home. When he does not find the ranger there, the lynx sets off to look for his friend.  
A popular science film studio production, "Friends for Life" was written by Yank Seidman and directed by Agostino Bonaventura, with photography by Anatoli Kazhin, Burr Tillstrom's Katala, Fran and Ollie with Fran Allison and hosts of "The CBS Children's Film Festival."
