Gas Rate Case Sent Back To Texas Courts FEAR TOLL

Proceedings - Are Due To Be Re-Opened

Companies Had Attacked Reduction As Confiscatory

WASHINGTON, May 16 (AP) — The supreme court returned to Texas courts today for further proceedings litigation involving a 1933 order by the Texas railroad commission directing the Lone Star Gas company to reduce from 40 to 32 cents per thousand cubic feet its charge for gas sold to distributing companies in 275 Texas municipalities.

Hughes Gives Opinion

Chief Justice Hughes, delivering the opinion, said the Texas court of civil appeals had held that the gas company had not "sustained its burden of proof because it had failed to make 'a proper segregation of interstate and intrastate properties and business."

Hughes said the "determination sion's rate was confiscatory could not properly be set aside by the application of an untenable standard of proof and in disrecent of the court of first instance as the the evidence which had been appropriately addressed to the commission's findings and had com-Justice Black dissented and Justice Cardozo did not participate.

READING WRITING

MUSSOLINI IN THE MAKING," by Gaudens Megaro; (Houghton Mifflin.; \$3.50).

For a good many years a Harand faculty member named Gautens Megaro has been digging up material on an Italian named Benito Mussolini. Megaro started out to study Italian history, but found himself specializing almost before he realized it.

He says that Mussolini has not yet concealed or destroyed all the source matter on his early career, and proves it by producing some of it. He had difficulties with the Italian police while engaged in research, and although he talked with a good many Italians, including the king and Mussolini, he is careful to protect his helpers, great and small. Much material came from sources which were unaware they were being plumbed.

All this research has been concen trated, so far as "Mussolini in the ty simply: the boyhood period up sors, the manufacturers of Bird-popular quartet is now covering to the time of young Benito's first Brand oil and shortening for Tuest the largest territory of its experial Cole appearing in the boys departure for Switzerland; his caday, May 17. reer as a socialist; the time beOriginated over Radio Station band has played for the majority

FISHERMEN RESCUED

GALVESTON, May 16 (A)—Six out-of-town fishermen who had been missing here since they started on a fishing trip early yesterday, were reacued by a United States coast guard patrol boat from an abandoned concrete ship in the harbor shortly after midnight.

Three of the men are Besumont residents: Joe Sanders, 24, Johnny Price, 29 and Jim Price, 31. The other men are Houstonians, who left immediately after being put ashore here without giving their names.

SHOT TO DEATH

TOLEDO, O., May 16 (A)—Charles J. Stein, 72, former treasurer of the Scripps-McRae newspaper chain and former part owner of newspapers in St. Paul, Minneapolis and Omaha, was found shot to death near a pond today. He had been missing since yesterday afternoon.

Coroner William M. Shapiro returned a verdict of suicide after he had read a note left by Mr. Stein. Despondency due to financial worries apparently was responsible, the coroner said.

CLENCHED FISTS open as women in Fascist-taken Ca-talonian town change from "clanched ast" salute of the Spanish government to open palms greeting Franco.

A'S ADMIRER, "Herby," baby chimpanzee at Philadel-phia 200, made friends with Rookie Outfielder Paul Easterling but decided not to join the Athletics—now.

FROM HANDS of diver

WHERE'S MY CAR? is real riddle for British tennis fans with autos wedged, beetle-like, at Wembley stadium.

ON ROLLING EARTH GUNS BLAZED A LIVID TRAIL as pounding artillery of Francisco Franco's insurgent army laid the barrage that helped drive a wedge separating Catalonia from the rest of government Spain, along the eastern coast. This area was subdued by a rolling barrage from 75-millimeter guns and 155-millimeter. "long rifles" and howitzers. The subsequent advance of infantry was accompanied by lighter field pieces for use at close range in anti-tank action. Franco's military strategy has been adapted to above rough terrain.

HOLD FAST, KING, might be friendly tip to silk-hatted King Gustav of Sweden as he starts upward for first ride on esca-lator newly installed in Skansen museum in Stockholm. The king heartily approved this modern method of travel.

SCANT JACKET is evened up by over-full skirt that ties on, in beach ensemble designed by Dunton for generous sun exposure. The heavy navy blue linen wraps are worn over shorts and top of striped blue and pink.

'I WAS CHAMPEEN,' says George Green to his visi-tors at Laguna Honda home in San Francisco, "champeen welter-weight." As Young Corbett he fought Mysterious Billy Smith at Carson City, Nev., on March 17, 1897, on the same card that saw James J. "Gentleman Jim" Corbett mix with Bob Fitzsimmons. The world's "champeen welterweight" is now nearing 70 years.

GOVERNMENT POSTERS were quickly burned when Generalissimo Francisco Franco's victorious insurgent soldiers en-tered the village of Chert, Spain, on the rebels' march to the sea. These proclamations had rallied citizens to oppose the oncoming

ART ADMIRER at New York exhibit of paintings by the Chilean, Camilo Mori (above) is Mrz. Carlos Davila, wife of the former president of Chile. Also in the exhibit was handcraft of the Araucanos, aboriginal Indians of Chile.

BOSSY BOSSED THIS BATTLE when England's artillerymen prepared for war drill in the grassy Seasen region. When the core wealth's retreat from gun range the soldiers moved, on theory that no harm should come to one of John Sull's providers.

Open That Good Eye Some of the umpires in the WT-Rainey Win

NM baseball league should get a dog. The observer thinks that a couple of them can't see their way in and out of the parks, much less some of the things that go on on the playing fields. The play that was called in favor

Wink in the Barons-Spudders of Wink in the Barons-Spudders an uphill battle in tying the local ball park Sunday afternoon Big Spring representatives in a winning, 5-3. The Big Spring agbrought a distinct flatbush yodel from the packed stands and the "referees" didn't think that was the sporting thing to do. But the wolves 20-20, had the right to bark.

The argument all came about when Ump Ned Pettigrew ruled Spangler, Wink base runner, safe at second when Second Sacker Hank Henderson fielded Barn-hill's ground ball. Spangler was out for two reasons. Henderson never lost control of the ball after be fielded it despite the fact that Spangler almost drove him into the ground and the base runner had no right to interfere with Henderson when the fielder was making the catch.

Pettigrew later admitted he missed the play and referred the final who in turn turned it back to Pettigrew. The base arbiter didn't feel like he should change his decision so let it stand.

Clovis, on the wings of a twogame winning streak, accomplished at the expense of the Midland Cardinals over the past two days, comes to town this afternoon for a three-day stand, getting better pitching and hitting than they have at any time during the current campaign. They defeated Midland, 11-6, 9-6, and their fortunes are steadily picking up.

Well Prepared For Clovis Invasion

Big Spring is well prepared for the invasion, however. All the pitch- YESTERDAY'S STARS ers are apparently in good shape. By the Associated Press

Manager Barnabe still had the bat

Carter's Little Liver Pills

When you see the NEW Electric REFRIGERATORS, you'll hardly believe your eyes.

Electric REFRIGERATORS have been so greatly improved, during the past few years, that electric cold, today, compares with earlier models as modern electric light compares with Edison's original invention. And reduced cost of electric current has gone hand in hand with advances in electric cold. Since 0000, there has been a 00% drop in residential electric rates in (City), despite the fact that the U. S. Department of Labor's cost of living index has risen 00% in the same period.

Remember, when you look at the new electric refrigerators, that you get more for less money, now, than ever before. Furthermore, you can buy on easy terms. And electric rates are so low that your new electric refrigerator will save, in food kept safer, much more than it costs to operate; will save, in a short time, enough to pay for itself,

Knowing these facts, it is obvious that many of the more than 10,000,000 present users of electric cold - those who bought their electric refrigerators some years ago - would enjoy not only even greater comfort and convenience but would actually be money ahead by replacing, now, with a modern model. It is even more obvious, in the light of today's increased efficiency and decreased operating cost, that using any other method of refrigeration in a home that has electric current is like using candles in dark corners instead of simply plugging in another cord and enjoying modern light.

SEE THE NEW Electric BEFRIGERATORS TODAY. Their smart designs and bright, enduring finishes will delight your eye. Their roomy, well-lighted interiors, with so many new time-temper-and-trouble saving features, will make the time you spend in your kitchen a joy instead of a job. More than ten million families now enjoy the safe food preservation, faster freezing, economy, convenience and cool, clean comfort that come with electric cold. Do what they have done . . . BUY AN Electric REFRIGERATOR.
