Bids On School Requested

Specifications Are Sent Out

Hereford is taking another step toward a new high school Wednesday when the school board met and sent out bid forms to contractors for all phases of the project.

Through Saturday morning, forms and specifications on the work had been sent to 15 general contractors, and to nine firms which signified they might bid on the mechanical and electrical work involved in the building.

Bonds Totaled Last Nov. 22, \$850,000 worth of bonds were voted by the school district for construction of the building, and on Feb. 27 of this year \$600,000 worth of the bonds, which will be paid off over a 25 year period, were sold to three investment companies.

Bids, which can be on any one of the three major parts of the construction—general, mechanical or electrical—will be opened in the High School auditorium at 3 o'clock the afternoon of Wednesday, July 15. Hereford School Superintendent George Graham said.

Any Or All "If a contractor desires to do so, he can bid on just one part, on two parts, or all parts of the project. General construction involves the construction of the building itself, mechanical work will be all of the plumbing and heating, and, of course, the electrical bids will cover all electrical work."

Bid forms and specifications have been sent to contractors in Amarillo, Lubbock, Oklahoma City, Big Spring, San Angelo, Dallas, Fort Worth, Quanah and Enid, Okla.

Shop Building First Construction will start as soon as possible after the bids are let. It is the desire of the school board that the shop building be completed first, so the sixth grade can hold classes there this fall.

Those present at the board meeting Wednesday included board chairman H. H. Miller, members Robert Wagoner, Mrs. Earl Plank, Carl McCaslin, Lyle Woodford, and A. J. Schroeder, school district tax assessor-collector Fred Baird, and Graham.

Judge Schultz Sentences Three

Three men were given sentences by District Judge Harry Schultz Thursday, but two of them were put on probation rather than being sent directly to the penitentiary.

All three sentences were passed after the men pleaded guilty. David Seales, 25, was put on probation after being sentenced to five years in the state penitentiary for burglary. Marvin Holmes, who pleaded guilty on a forgery charge, was put on probation after being given a three year sentence.

Two Year Sentence Robert Spencer, who entered the third guilty plea, was sentenced to two years for forgery.

On the two probation sentences, the men will have to report twice each month to the county welfare officer. If they break the law in any way, they were warned, they can be sent to the penitentiary on the judge's order without any further hearing.

David C. McDuff Is Announced As Winner Of A&M Scholarship

David C. McDuff, son of Mr. and Mrs. J. A. McDuff, was one of the 81 top high school graduates of this year who have been named winner of a four-year Opportunity Award scholarship at Texas A & M college.

The winners were chosen by the Faculty Committee on Scholarships of the college through a statewide contest participated in by 356 candidates.

Cash Plus Work The Opportunity Awards are valued from \$800 to \$1600, recipients receiving \$200 to \$400 each year for four years; plus employment provided by the college. Winners were chosen after careful consideration of each candidate's character, scholastic record, evidence of leadership and financial circumstances.

The plan was started eight years ago by former students of the college and is further supported by clubs, business corporations, foundations and individuals. David is also an applicant for the one Star State Farmer degree, Future Farmers of America.

CONVENIENTLY LOCATED trash barrels in all parks in Hereford should help to keep parks cleaner, as well as improving the general appearance of the city. With this thought in mind, the Deaf Smith County Chamber of Commerce helped obtain a quota of 55-gallon drums which have been painted

and marked, lids have been furnished by the city, and the barrels are now being put out in the parks. Damon Park, which does not have a good stand of grass, will not have its quota of barrels until a bit later. Onias Carroll, left, and Bill Patton put the first barrel out by the swimming pool Friday. Trash Barrels Being Put Out In All Of City's Parks

A highly co-operative project to "Help Keep Hereford Clean" reached a high point Friday when the first of a dozen trash receptacles were placed in a city park near the swimming pool.

The barrels were furnished by the Deaf Smith County Chamber of Commerce, lids were furnished by the City of Hereford, aluminum

paint was furnished by Blanton Butane. Streu Hardware furnished a stencil to show that the Chamber of Commerce had its part in the proceedings, the barrels were moved several times by Hub Motor Lines, and they were painted by Ray Downey of the Farm and Home Supply.

Onias Carroll, city employee, and Bill Patton, of the Chamber of Commerce committee, which has charge of the program put out the first barrel.

Location Of Barrels Three of the barrels will be located in Jaycee Park, four in Damon Park, and one each in Mathers Park, at the corner of Park Avenue. (Continued on Page 2)

TAX DELINQUENTS WARNED

On July 1, 1952 taxes which have not been paid will be declared delinquent and put on the delinquent rolls, according to a warning from the office of the county tax assessor-collector.

Penalty on the unpaid 1952 taxes will then jump to 11 per cent plus \$1 in costs for a delinquent tax receipt.

Auto Injures Three Children On Main Street

Three children received minor injuries when they were hit by a 1941 Chevrolet driven by Mrs. Sarah Jordan Parvin Thursday afternoon at Fifth and Main.

The injured were treated at the Deaf Smith County hospital. They are Judy Hoff, 9, daughter of Mr. and Mrs. Paul Hoff Kenny Hagar, 3, and Paul Hagar, 5.

Mrs. Parvin was going north on Main street and was making a left turn on Fifth when the children started crossing the street. Parvin stated that she did not see the children. Charges of failure to grant the right-of-way were filed against Mrs. Parvin, according to Chief Leo Bus.

Golf Tourney Began Saturday

Qualifying started Saturday June 27 for the annual city Golf Championship. Qualifying will run through next Friday, July 3, which will be the day for qualifying for medalist prize.

All qualifying rounds must be over 18 holes, and players must pick up a score card in the pro-shop and state that they are qualifying as only that round will count. Bud Posey, club pro, said. A player may qualify nine holes one day and nine holes the next day, if he so desires, however, entry fee is six dollars, and does not include green fees. Don Martin is the defending champion and will be a favorite along with Frank Cogdell, Stan Barrett, J. M. Posey, Dr. R. E. Langenfelder, Bill Howard, J.A. Pitman, and W. W. Gillbreath of Dimmitt.

Tourney Information Facts about the tournament: Saturday, June 27, through Friday, July 3, qualifying rounds. Friday, July 3, qualifying for medalist prize.

Sunday morning, July 12, 10 o'clock, final matches in all flights. (Continued on Page 2)

Funeral Services Will Be Held Today For Retired Rancher

Funeral services for E. C. Burks, 75, will be held this afternoon at 3 o'clock at the First Baptist church in Happy with Rev. Aaron Shaw conducting the service. Mr. Burks, a retired farmer and rancher, died June 26, after a short illness, according to Gilliland Funeral Home.

Active pallbearers will be Walter Graham, Leo Witkowski, John Hammond, Alend Mann, Houston Faulks and John Sims. Interment will be in Happy Cemetery.

Born in Tennessee Burks was born October 5, 1877 at Estill Springs, Tenn. On July 26, 1903 he married Eva Dixon. They came to Deaf Smith County in 1898 from Tennessee.

Survivors include: his wife, two sons, Marques Burks, Roy N. M., Charles E. Burks, Happy, three daughters, Mrs. A. B. Fortner, Happy, Mrs. Addison Hunter, Hereford, Mrs. Sam Goulden, Amarillo, six grandchildren, three brothers, Hugh and Larry Burks, of Estill Springs, Tenn., John Burks, Hooker, Okla., three sisters, Mrs. Jessie Tate and Mrs. Minnie Corn of Estill Springs, Tenn., and Mrs. Kate Corn of Nashville, Tenn.

business and industrial use of water. Water from this well will be pumped to the McKinley station, and from there into city mains. City manager Cecil Massey went down during the pumping out operation to see how the water was clearing. The well is located just north of the Jaycee park. (Staff Photo).

EXTRA WATER FOR HEREFORD will soon be coming from this well into water mains, rather than running into a pit, as it was doing here while the loose sand was being pumped out of the new well. This Hereford's fifth well, is part of a program to meet the growing demands of the city for residential,

AS HOME DEMONSTRATION AGENT

Miss Clara Redman Will Move To Dawson County

Miss Clara Redman, Assistant Home Demonstration Agent for Hereford for the past 13 months, has accepted the position as Home Demonstration Agent for Dawson County, Lambesa, effective July 6. Miss Redman came to Hereford from Eufaula, Okla.

She attended Eufaula high school and received her BS degree in Home Economics at Southeastern State University in Durant Okla., after which she taught school for one year at Bledsoe school.

In Charge of 4-H Miss Redman was in charge of the 4-H activity in Deaf Smith County.

Dorla Leggett, District Agent of Amarillo, wrote Judge Horace L. Schloss saying, "I will start at once to try to find you an assistant who will go right on with the work in Deaf Smith County."

"I know there is often a little apprehension in the change of agents, but we try to make our program and plan of work a continuous thing so that it will go right on regardless of the change in the personality of the agents. With Mrs. Draper to guide the new Assistant as she gets acquainted. I feel there will be very little break in the program of work."

"I will contact you as soon as I have a good assistant for you."

Our face is as red as some of the fireworks will be the night of July 4, at 8 o'clock in Veterans park. It has been called to our attention that we told all about the fireworks display, but failed to mention such important matters as time and place.

Two Hereford couples held a joint celebration Thursday night by going to Amarillo for dinner. Mr. and Mrs. Don Martin celebrated Martin's birthday, and Mr. and Mrs. Cawthon Bryant celebrated their 16th wedding anniversary.

City police will have a better desk for their radio equipment after this. Patrolman Darwin "Doc" Miller, who is a pretty good carpenter, tackled the job of rebuilding the desk Saturday.

A tie game resulted Friday night from the bout between the Hereford Ramblers and the Earth women's team. The Ramblers will play the Dimmitt team here Monday night at Veterans Park.

Isaac Milton Conkwright, 95, died Friday in Oklahoma City. Conkwright is a brother of the late H.G. Conkwright, an uncle to Colby Conkwright, and of Mrs. J. R. Allison, and a cousin of Mrs. A.G. Belland and W. H. Russell. He was born in Winchester, Ky., and had lived in Oklahoma City since (Continued on Page 2)

ONIONS BY THE TON began coming out of the ground Thursday in this field operated by H. E. Danforth and A. E. Kendall. Mexican workers took about 800 sacks of onions per acre from the 35 acre field, which was dug a little bit early because the onions were getting too big for the grades which are currently in market demand for this type of onion.

Kendall asked for at least 100 Latin-American workers to handle the crop, and "at last count there were over 300," he said. A harvest season which is a little later than usual had left many of the workers without employment so the smell of onions must have smelled like money to them. (Staff Photo).

Home Builders Class Members Hold Ice Cream Supper Social

The Home Builders Class of the First Methodist church held its monthly social, an ice cream supper, in the patio at the church Tuesday evening.

Members of the class brought cake and freezers of ice cream. Colored movie films were shown to the group with Bill Stanford operating the projector.

Frausto Services Held On Saturday

Funeral services for Juan Frausto, 22, were held Saturday, June 27, at the Labor Camp Catholic church with Father Raymond Gillis conducting the services.

Juan died in Deaf Smith hospital Thursday after an illness of one year.

Burial will be in the Catholic Cemetery.

Juan was born June 12, 1931 at Eagle Pass, Texas. He came to Deaf Smith County in 1947.

Survivors are his parents, four sisters and three brothers.

Jim Wheeler, M. Noel and Beverly; Mr. and Mrs. Leon Clearman; Mr. and Mrs. G. Gilliland, Neela and Darrell; Mr. and Mrs. Byron Durham, Mrs. Ralph Gregg and Wanda; Maurice Howell; Mr. and Mrs. O. Wertnerberger, and their guests; Mr. and Mrs. A. H. Burkholder and son Paul of Cleveland; and Mr. and Mrs. W. J. Messick, Jane and Robert.

He will be buried in Oklahoma City Monday.

A winner in the Buffalo Lake fish rodeo came to the Western Auto Store in Hereford shortly after noon Saturday to claim a pair of Seal-Dry waders. He won them by catching a bream, tag 210, and turning it in to the proper authorities. The winner was T. L. Cave, of Amarillo.

Lyle Blanton, Dr. W. D. Lawrence and Dr. A. T. Mims recently made a fast trip to Canada for a bit of fishing. Dr. Lawrence's father, Joe Lawrence of Minneapolis, met them there. Blanton caught the two biggest fish, eight pound wall-eyed pike, within 10 minutes of each other. Members of the party caught great northern pike and some bass during their five days of fishing.

It seemed that Gaston Baer was scared out of his wits last week when two Hereford policemen came to "put him away." Baer got a traffic ticket in Dallas about four months ago and never got around to paying it. He got a letter recently saying he would have to pay it or they would come after him. It was all a joke put up by his daughter and son-in-law. Baer doesn't think Gaston has paid the ticket yet.

Slight of the week—a young woman driving rapidly down the middle of the street north of the courthouse while she used both hands to straighten her hair. She must have been wearing her St. Christopher medal that day.

As of February 1953, more than 2,000,000 persons were receiving monthly old-age or survivors insurance payments under the Federal Social Security law.

GRASS ROOTS

Secretary of Agriculture Benson said today to seed Vetch and Rye again. In no uncertain terms he has informed me that he had no place for an irrigated pasture. This year he got caught short. No grass or feed and his Vetch and Rye played out before any Sudan pasture was ready. The part that thrills me isn't that my friend is out of pasture, but that he is looking for someone with some irrigated pasture to rent. Which all goes to prove that irrigated pastures certainly do have a place in any livestock farmer's operation.

I heard the tops in a cow-boy the other day. E. W. Hobson had a mean cow that lead pipe, cuss words or patience couldn't handle. His system of moving her around was unique to the extent that he used a shot gun instead of a horse. Hobbs claims that a blast of bird shot from a distance works wonders but went on to say that he always carried some No. 1 Buck Shot in his pocket in case he needed protection from the bovine. Which goes on to prove that if you have a bulky female around your place just have 'em a blast with the shot gun. I quote another very good friend of mine when I add, "Do as I say do, don't do as I do."

Amphibious School Next For O. Streu

Ensign Raymond Oliver Streu, USNR, son of Mr. and Mrs. Urlin Streu, will report July 31 for a five weeks amphibious training school in Coronado, Calif., after which he will be assigned to the USS Winston for sea duty.

Streu is a graduate of Hereford High School and received his degree from Texas Technological College in May 1952. He enlisted in the Navy in August of that year, and took his boot training in San Diego. He attended Storekeepers' School in San Diego and reported to the U. S. Naval Station in Newport, R. I. in March, 1953.

Larry Rickman Back In Dallas Hospital

Larry L. Rickman, 14 year old son of Mr. and Mrs. L. B. Rickman, was admitted to the Scottish Rite Hospital for Crippled Children in Dallas on June 17.

Larry is having skin grafts done because of injuries received in a car wreck a few years ago. The hospital was founded 27 years ago by Texas Masons to provide the best treatment for Texas' crippled children at no extra cost to the patient.

Since that time, the Scottish Rite Hospital has treated more than 15,000 children in the wards and 88,000 which patients. An expert staff of doctors, nurses and therapeutic technicians provides the treatment, both corrective and surgical, by means of contributions from the general public.

Sherley-Cearley Vows Are Taken At Friona

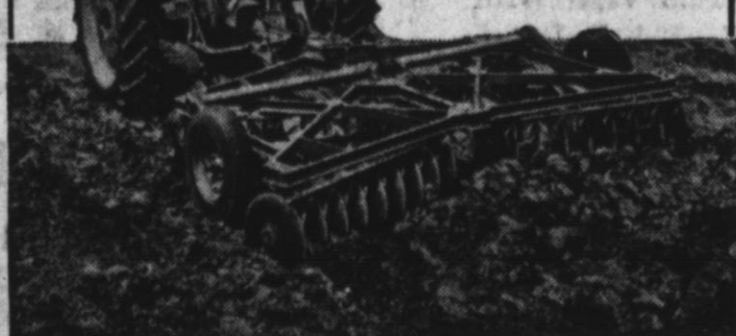

The marriage of Miss Imogene Sherley, daughter of Mr. and Mrs. Thomas A. Sherley, of Friona to Waylon Neal Cearley, son of Mr. and Mrs. W. D. Cearley, Amarillo, was solemnized Sunday, June 21, in the Friona Baptist Church.
 Officiating at the service was Rev. C. M. Fields, pastor of the Friona Baptist Church.
 White gladioli, daisies and greenery were used to decorate the church. Wedding music was provided by H. V. Rocky, pianist, and Don Lewis who sang "Because," and "I Love You Truly." Rocky

also played the traditional wedding marches.
 Wedding tapers burned in candleabra for illumination.
 Feminine attendants were Onita Coffman, wearing orchid taffeta and carrying yellow gladioli, Mary Bell McGlothlin, wearing yellow taffeta and carrying an orchid, and Sue Nazeworth, who wore aqua taffeta with pink gladioli for a bouquet.
 Best Man
 Jimmy Hatcher of Amarillo was best man. Ushers were Bill Gunklock and Jim Britton of Amarillo.

The bride, whose father gave her in marriage, wore a floor length gown of white satin. The molded bodice had long fitted lace sleeves tapering to petal points at the wrists and an overskirt of lace fell to fingertip length over the full satin skirt. The fingertip veil was of nylon net edged in lace and held by a halo of satin and net. The bride carried a white Bible topped by a single white rose.
 The bride's mother wore navy crepe with white accessories and the bridegroom's mother wore orchid shantung with white accessories.
 Wedding Reception
 Following the wedding a reception was held in the Friona Club House. The bride's table was laid in white linen decorated with a memory candle and floating flowers.
 For her going away costume, the bride chose a beige antique taffeta with white roses fashioned into a corsage.
 Mrs. Cearley is a graduate of Friona High School and Mr. Cearley is a graduate of Price College, Amarillo. He served with the Marines in Korea and is now employed with the Sides Fruit Com-

pany in Amarillo. After June 28 the couple will reside in Amarillo.

(Continued from Page 3)

Those going to Camp are Doris Jane McFarland, Gladys Baxter, Merlene Gibson, Loretta O'Brian, Katherine Dunn, and Phyllis Tridder.

Mr. and Mrs. Frank Spring and family are leaving Saturday for various parts of California. They will be gone two weeks.

Gone To Dude Ranch
Miss Eida Hart and Lois Norwood left this morning for their weeks' vacation on a dude ranch at Fraiser, Colo.

Mr. and Mrs. L. R. White were shopping in Farwell Tuesday.

Mr. and Mrs. E. R. Day Sr. were supper guests in the home of Mr. and Mrs. Alton Day Tuesday night.

Mr. Allen Stewart left Wednesday for Los Angeles where Mr. Stewart will complete a course in Gemology. They plan to return in about two months.

Mr. E. R. Day, Hedia Nell, Letta Fay and Allen Ray were in Hereford Friday.

Mr. and Mrs. Robert Collier and children will spend the week end in Lubbock with her sister and family, Mr. and Mrs. Troy Kemp. They will return Sunday and bring home Lowann Sparkman who has been visiting for a week with her cousin, Sandra Jean Kemp.

Mrs. Ben Stokes, Linda, Jimmy and Lue returned home Monday after visiting her sister and husband, Mr. and Mrs. D. E. Readinger of Logan, Okla.

Moved To Muleshoe
Mrs. Patty Hughes, who has been employed at the Home Beauty shop in Friona, went to Muleshoe to work in the beauty shop there last week.

Betty Rhodes, Mary Lou Miller, Anita Scubrough, Donna Miller, and Denise Magness returned Wednesday from the Plains Baptist Assembly near Floydada.

The Lovelland Jaycees were in Friona Tuesday advertising their annual Rodeo to be held July 2, 3, and 4. They put on a musical show on Main street.

Mr. and Mrs. Tolbert Stowers left last Friday for a vacation in New Mexico. They visited Mr. Stowers parents, Mr. and Mrs. L. C. Camp in Dalhart on the way.

Phillips Goes Up Ladder With Win Over Hardware

Phillips 66 walloped the Hereford Hardware softball with a 25-10 win Thursday night, moving them up a notch on the league ladder.

The petrol boys took the lead in the first inning when Raymond Leub doubled with a man on first, and made another score on an error.

In the first of the second inning, Phillips made six more runs, with the hits including a home run over the left fielder by Leub.

Zeroed In
Hereford Hardware zeroed on the target at that point, and made five runs in the last of the second to give them a more optimistic outlook on the proceedings.

Stan Barrett walked, Ray Hardy singled, and Bill Howard swatted a homer to bring all three of them across the home plate. After Kelly popped out to first, Randolph Thomas and Sam Long both clouted long ones that gave them full trips around the diamond.

Phillips 66 got three more runs in the third, and the Hereford Hardware nine managed to get two men back across the plate.

No Score In Fourth
Neither team scored in the fourth but Sparks, Loerwald and Miles made it across in the first of the fifth to spread their lead even further.

Unable to score, Hereford Hardware made one hit in the last of the fifth, then watched helplessly as the 66's sent five more runners around the circuit in the first of the sixth.

Hardwaremen showed they still had some strength left when they got one hit, and one run, but the Phillips team promptly clouted six more runs in the first of the seventh, and held the hardware team to only two hits during their final period at bat.

Dawn Rolls Over KC's
In the second game of the evening, Dawn rolled merrily along to win a 10-5 victory over the

Knights of Columbus and put themselves in the second spot in the league.

The KC's made a good start with runs by Billy Albracht and Jim Combs during their first turn at bat, but Dawn promptly doubled that with runs by Jackie Burrus, Walter Lemons, Ed Lemons and Hagar.

Walterscheid Scores
Kenneth Walterscheid scored for the KC's in the second, and Dawn was kept to their original four runs.

Coming back in the third, though, Dawn made two runs when Dwayne Stewart socked a homer, then made a run by Jackie Burrus in the fourth.

The KC's got their last two runs in the fifth, and held Dawn to a no-hit inning, but the lads from Dawn swatted three more in the sixth to take the ball game.

In Tuesday's two games, Hereford Hardware beat REA 14-2, and Summerfield took the KC's 12-11.

How Can I?

By Anne Ashby

Q. How should dress shields be washed?
A. They can be kept fresh and made to wear longer, by the following method: Place them flat and brush with tepid soap suds on both sides. Soase up and down in clear rinsing water to which a little ammonia has been added. Press, but do not wring. Hang over the line and allow to drip dry. Do not iron.

Q. How can I make furniture polish?
A. This can be done very easily by mixing two parts boiled linseed oil and one turpentine. This makes an excellent polish.

Q. Should fish be allowed to soak in water before frying?
A. Fresh fish may be washed off, but it should never be allowed to soak in water for any length of time, as this will destroy the flavor of the fish and cause the flesh to be of a flabby texture.

Q. How can I preserve the luster of linoleum?
A. If you use a too-stiff brush when washing your linoleum, you will soon have a surface that is entirely lusterless. The best way to preserve the shiny effect is to sponge very lightly with soap and water.

Q. How can I take the sting of mosquito bites?
A. By adding a little household ammonia to the water with which the skin is washed.

Q. How can I remove perspiration stains from dress materials?
A. If the material will bear cold water, soak it overnight in a strong salt water solution, using just enough water to cover well. Rinse thoroughly afterward, to remove the salt.

Q. How can I make a good dish with sausage and apples?
A. Try filling the centers of apples after coring) with sausage and baking until the apples are tender. This is a different way of serving sausages and makes quite a delicious dish.

Q. How can I remove rust from knife blades if the rust has been allowed to remain for a long time?
A. By sticking the blades upright into an onion and leaving them for sometime. The blades will be clean with an ordinary scouring pad.

Q. What is a good dressing for patent leather?
A. White Vaseline petroleum jelly makes a good dressing for rubber or patent leather. Apply the jelly with the fingertips, then polish with absorbent cotton.

Q. How can I mend a lace curtain so that it will not be noticed?
A. A torn lace curtain can be mended by ironing a piece of starched net over the hole. This is a better method than stitching or darning it.

The average retirement payment to one person under social security is \$50 a month. The maximum payment is \$85 a month.

Wheat harvest is about over. Some say we made as much wheat as in 1953, some say not. Guess no one will ever really know. Practically all of the wheat this year came from irrigated tracts—and was reported as exceptionally good. My guess would be around 800,000 bushels—and that will start more than one argument. However, it won't be the first time.

The A. O. Smiths report a wonderful vacation this year. They said everything was just about per-

fect. They even bragged a lot on T. E. Seigler's Packard Clipper. The only trouble with the Good Neighbor contest is that more people can't win. That is the truth. I have probably the best neighbors in town. In fact, that was why I thought up the contest in the first place. The Joe Beyers live across the street and they are the kind of folks whom the poets write about as ideal neighbors. The Ike Crosthwaits live to the south and they are more of the same. Sometimes our kids spend more time

there than at home. The Clarence Schultz live to the north and they also classify as the world's best and most generous neighbors, especially during fishing, hunting and watering season.

When we went to the press meeting a few days back, Abe Martin fed and watered the dog. The lawn was watered every day and one time the neighbors even mowed it for us. You just can't beat neighbors like these. You sure can't. The only two blotches on the whole neighborhood are the Gilleintines, and the Streus—and I don't want to get started on people like that.

George Heard says he and his son started a war on sparrows this spring. They were about to take the place, so the Heards started shooting them. Now he says the place is abundant in mocking birds and that he is beginning to notice quite a few quail, doves and other birds around the place. Maybe there is something to that old saying about "bird's of a feather." Note: this has absolutely no connection to the mention of Streu in the above paragraph.)

Last issue I mentioned an interest of local fishermen in Canadian waters. It is developing. Just heard that Lyle Blanton, Dr. Lawrence and Dr. Mims got back from a fishing spree which took them to the "Lake of the Woods" country in Canada. It was quite a jaunt. Lyle flew them to the border in his plane and there they were met by Dr. Lawrence's father, who lives in Minneapolis. They are telling some tall tales about 24-inch Walleye pike and Northern pike. Lyle has probably had more experience fishing, so he tells the wildest stories. Lyle is alleged to have caught two 8-pounders, the biggest to be landed during the trip. It took them around nine hours to make the flight. All three

were really sunburned and blistered.

Mr. and Mrs. Harold Close also plan to leave within a week or so for Canada. Probably the Calgary country. Dr. H. A. Channer also dropped in for a chat. He has the fishing bug for the worst way, but is about ready to settle for Colorado. His wife, Phyllis, is really the champion. Even Doc admits it.

Paul Harvey is just back from Texhoma Lake and just to prove that dreams do not always materialize, the Harveys found it so terrifically hot that they cut their vacation short three or four days. They said even an air-conditioned cabin was just like an oven in that country. They came home and Paul spent the last three days under a Deaf Smith County shade tree in his back yard. Actually, this is taking your vacation, "Cliff Acker style". Cliff says he would rather stay home any time—and has for years. If he gets too comfortable Cliff gets together a bunch of rocks and lies on them then dozes for an hour or so, which he says pretty well takes care of his outdoor life for the rest of the year.

Quite a few people around here are "going to college" this summer. Bob Thompson dropped in the other day and says everything is OK with him. He likes it fine. Mrs. Bob Wilson is another West Texas student. She likes everything except driving back and forth. J. C. Reese, on the other hand, has quite a problem with his college life. Mrs. Reese and their son are also attending and, it seems, quite a rivalry has developed within the family concerning grades. Trouble is, J. C. does not always come out ahead. He and his son, Jerry, are in some of the same classes and when son beats father, the trouble starts around the Reese domicile. Mrs. Reese doesn't count. She got so far ahead, the two men gave up and started their own private feud.

G. W. Brumley goes out to the ranch at regular intervals and usually takes along his lunch. The other day he drove up to a windmill, opened both car doors wide to get a breeze, and ate his lunch. It was hot and while sitting there, G. W. dropped off to sleep. He was snoring away when something like a rasp rubbed across his face. He jumped up, bumped his head on the top, let out a yell—and looked around to find a startled cow. The animal had apparently walked up, taken a good look at his bald head and given him a big "cow kiss" from the point of his chin to the tip of his glistening pate.

Elmo Fridley dropped in the other day and said that he heard there are 700 vacant houses in Lamesa, due to the prolonged drought. He also said that they are cutting the teacher staff there by 30. The last rain they had was back when Adam and Eve were still monkeying around in the Garden of Eden, according to Elmo. A lot of those towns are bringing in water in tank cars.

The Jaycees are putting on a big tennis tournament and Bill Howard says they put in a classification just for me. It is entitled, "Men over 40." I predict it will be a flop. No one over 40 has any business playing tennis in the first place, and, like Bill says, I ought to know. Besides, it would result in more sunburned heads than you can count. Nothing is so painful as a sunburned head which, as Bill pointed out, I ought to know. In addition to all of this, everyone over 40 seems to be on this low calorie diet business, which isn't conducive to tennis playing. Tennis, after all, is a young man's game. When you get past 40 that's the proper time to take up golf or join the Rider's Club. Maybe I am wrong, but that entry fee

Northwest Hereford News

By Mrs. R. C. Childers
Mr. and Mrs. Lyle Rickman returned this week from Missouri where they attended the funeral of Mrs. Rickman's brother, Allie Hardman, who died quite suddenly from a heart attack. They were gone about a week.

A new house is nearing completion on the Troutman Brothers' place two miles west of Hereford, on the west half of the section formerly owned by T. E. Seigler.

Trip To Yellowstone
Mr. and Mrs. C. S. Barclay left Friday morning for a vacation trip to Yellowstone National Park and other points of interest in the north west.

The C. S. Barclay residence is now connected with the Westway telephone exchange.

Mr. and Mrs. Edgar Telchik and Mr. and Mrs. W. E. Holcomb were in O'Donnell on business Friday.

Jack Renfro started digging potatoes at Lubbock Monday morning and at Olton on Tuesday of this week.

Family Celebration
A Father's Day celebration in Claude was attended by Mr. and Mrs. Earl DeHart and Kenneth in the home of Mrs. DeHart's brother, Glenn Robinson and family for their father, W. E. Robinson, also of Claude.

Mr. and Mrs. Henry Babcock, Sweetie and J. H. Jr. of Kermit, Texas visited in the home of her sister, Mrs. R. C. Childers and family, Tuesday. They were on their way to Harrison Ark., where they will visit Mrs. Babcock's parents, Mr. and Mrs. Earl Johnson, and a brother, Wayne Johnson and wife.

Mrs. Allie McNeill and Mr. and Mrs. Cortez McNeill and three boys spent Wednesday in the R. C. Childers home.

W. E. Robinson of Claude, visited in the home of his daughter, Mrs. Earl DeHart and family of this vicinity, Wednesday.

Mrs. Art Lewis and daughters, Georgia and Bonnie returned home Wednesday, from Galveston where they had attended the Grand Assembly of the Order of the Rainbow Girls.

Won Door Prize
Mrs. W. E. Holcomb was the winner of the door prize at the REA meeting Thursday night. The prize was a Sunbeam Mixmaster, which will come in real handy along with the cake making knowledge, which was learned in Home Demonstration work this spring.

Mr. and Mrs. George Hillard are the parents of a baby boy born in the local hospital last week. Mother and son are at home and doing fine.

Mr. and Mrs. A. C. Hershey and family plan to leave Tuesday for Abilene, where they plan to visit relatives and most of all to see their fifth oil well come in. Time has been set for next week as the time, the well will be brought in. Mrs. Hershey says that they especially wanted to see this one come in, as they had never seen a well brought in before. She says they have four wells on their place and did not get to see any of them brought in. The place belongs to the heirs of the Box Family.

Mrs. Oscar Vaughn of Del City, Texas, and Mrs. R. A. Fullwood of Hereford were visitors in the Earl DeHart home Thursday afternoon. Mrs. Vaughn is an old friend of the DeHarts and Fullwoods.

Argen Draper was a caller in the R. C. Childers home Tuesday morning.

is one fifty cents I am going to save—and how!

Tennis and swimming are the two most strenuous exercises in the world. No one but a low-life Jaycee like Bill Howard would take such an advantage of decrepit old people, anyway. If he slows down a little bit, maybe he will get old someday himself, then he will know what I mean.

AN EXCEPTIONALLY FINE FIELD of potatoes such as this one of Jack Renfro's will probably produce between 250 and 300 sacks of potatoes per acre this year. This field is located two and a half miles north and six miles west of town on the Grady highway. Renfro is interested in the growing of nearly 3,000 acres of potatoes this year. Though the po-

tato market is not at its best this year, Renfro said that the price is still higher here than prices being paid in Arizona and California because of a difference in freight costs. Potato harvest is expected to get into full swing here about July 4. (Bill Patton Photo).

Miss Kimbrough Wed On Friday

Miss Barbara Jean Kimbrough became the bride of Bill Dickson, son of Mr. and Mrs. W. J. Dickson, at 8 p.m. Friday evening in the Avenue Baptist Church. Rev. E. L. Minor, pastor of the First Baptist church of Spade, read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. M. R. Kimbrough.

In keeping with the bride's chosen colors, a pink and white theme was used in the flowers and appointments for the church. Tall baskets of white gladioli and daisies flanked an arch of greenery entwined with white gladioli florets. White "tapers" burned in seven branched candelabra to give candlelighting.

Miss Jan Hargis presented a prelude of piano music and accompanied Barbara Winget who sang "I Love You Truly" and "Because". Miss Hargis also played the wedding marches and played "Indian Love Call" as soft background music for the ceremony.

Miss Bobbie Drury was maid of honor. She wore an aqua ballerina dress of lace over satin and carried a bouquet of pink tinted daisies. The bridesmaid, Wanda Kimbrough sister of the bride, wore a dress identical to that worn by the honor maid and carried pink tinted daisies.

Candles were lighted by Mary Lois Coker and Dale Dickson. The flower girl was Anna Lois Kovac who carried a basket filled with yellow rose petals to match her dress. Kenny Greathouse carried the rings on a white satin pillow.

Bob Duncan, cousin of the bridegroom, served as best man. Ushers were Dale Winget and Corky Gardner.

Bridal Gown
The bride, whose father gave her in marriage, wore a cocktail length dress fashioned of white lace over bridal satin. The bodice was made tight fitting with a Peter Pan col-

lar and long fitted sleeves that came to points at the hands. The full skirt was attached to the bodice by a cord of lace and ended in wide scallops at the hem line.

The waist length veil of illusion was attached to a coronet shaped lace hat with rhinestone clips. The single white orchid which she carried on a white Bible, was showered with white satin streamers. The bride's only jewelry was a pair of pearl earrings belonging to her mother.

The bride's mother wore a navy crepe dress trimmed in white, and the bridegroom's mother wore navy crepe with red accessories. Their corsages were of white carnations.

Reception At Church
Immediately after the wedding vows were exchanged a reception was held in the social hall of the church. The refreshment table was covered with a lace cloth and centered with a tiered wedding cake decorated in blue and white rosebuds and topped with a miniature bridal couple. Mrs. Jewel Coker presided at the punch bowl, Mrs. Barbara Hudson served the cake and Mrs. Bob Duncan secured names for the guest book.

When the couple left on a wedding trip to Ruidosa, N. M. and other New Mexico points, the bride was wearing a yellow suit-dress with yellow and white accessories. She wore the orchid lifted from the wedding bouquet as a shoulder corsage.

Hereford High Graduates
The bride attended Wright City, Okla. schools until she moved to Hereford in 1950. She graduated with the 1953 class. She was a member of F. H. A. and Pep Club, and was also a member of the Order of Rainbow for Girls.

Mr. Dickson was also a member of the 1953 graduating class of Hereford High School. He is employed here by the Val Air Com-

MRS. ED CROW

Miss Jane Welch Marries Ed Crow

Before a decorative midsummer background arranged with a white trellis arch entwined with daisies and greenery and banked with Madonna lilies, miniature mums, shasta daisies and gladioli, Miss Jane Welch became the bride of Ed Crow Friday evening, June 26 at 7:30 p.m.

The nuptial vows were spoken before the altar of the First Baptist church with the Rev. R. H. Cagle of Ballinger, former pastor of the Hereford church, officiating. Cathedral tapers burned in seven-branched candelabra to give soft illumination for the scene.

The bride is the daughter of Mr. and Mrs. Fred Welch. The bridegroom's parents are Mr. and Mrs. F. R. Crow of Ft. Worth.

Nuptial Selections
Proceeding the ceremony Wayne Evans, organist, played a concert of nuptial selections and accompanied Harold Lewallen of Abilene, vocalist, who sang Grieg's "I Love Thee", and "Because", by D'Hardelot. Following the ceremony, as the couple knelt, Lewallen sang "Wedding Prayer" by Dunlap as a benediction. The traditional wedding marches were used with "O Perfect Love" played during the ceremony.

Attendants
Mrs. Jack Miller of Dimmitt, cousin of the bride, served as matron of honor. Bridesmaids were Miss Jan Waldrop of Canyon, cousin of the bride, and Miss Wanda Ward of Dallas. The honor matron wore a full length rose-taffeta

gown made with long basque coming to points in front and back.

The strapless bodice was enhanced by a lace bolero with short push-up sleeves. Bridesmaid's gowns were in a pink taffeta, styled identical with that worn by the matron of honor. The three attendants carried dainty t'chon fans decorated with tiny pink and Better-Tone rosebuds with falls of satin ribbon. They wore matching head pieces of t'chon rosebuds and lace mitts. Little Linda Waldrop was flower girl. Her dress was of pink taffeta with pink velvet ribbon and tiny pink flowers at the waist. She also wore pink rosebuds in her hair and mitts, and sattered rose petals from a white bride's basket.

Bridegroom's Attendants
Bridegroom's attendants were Richard Hyde of Fort Worth as best man, Richard Martin and Bryan Crow, brother of the bridegroom, both of Ft. Worth, as groomsmen. Ushers were Wendall Welch, brother of the bride and Wayne Adams of Borger.

The bride, given in marriage by her father, wore a traditional gown of white chantilly lace over satin. The bodice had tiny satin buttons on the front and a high winged collar of lace. Long lace sleeves tapered to petal points at the hands and the full skirt extended into a chapel train. Her fingertip veil of illusion was attached to a crown of orange blossoms. Her only jewelry was a necklace of pearls and crystal which had been worn by her mother at her wedding.

The wedding bouquet of Fleur de Amour, arranged with stephanotis, feathered carnations and showered with white satin streamers, was carried on top of a white Bible. The traditional something old, new, borrowed and blue were also worn by the bride.

The bride's mother wore a mauve orlon suit with white accessories, and the bridegroom's mother wore pink with white accessories. Both wore white carnation corsages.

Reception in Church
Following the double-ring ceremony a reception was held in Fellowship Hall at the church. Mrs. Cliff Estes presided with others in the house party, including Mesdames Ray Suit, Bob Lawrence, Harold Loerwald, Miss Reba Dones, Miss Donna Stagner and Mrs. Doyle Kelly of Lamesa.

The bride's table was laid with a lace cloth and centered with twin pink lace hearts backed by arrangements of pink and white daisies and lighted tapers. The tiered cake was garlanded in pink sugar rosebuds.

When the couple left on a wedding trip to points in northern New Mexico, the bride was wearing a pink orlon frock featuring navy accessories with corsage of Fleur de Amour. After July 1 they will make their home at 130 Colonial St. in Fort Worth.

The bride is a graduate of Hereford High School and received a degree from Hardin-Simmons University this month. During her senior year she was named University Queen and was active on the campus in religious and musical organizations.

Mr. Crow is a graduate of Polytechnic High School in Fort Worth and is a senior student at Hardin-Simmons University where he is studying for the ministry. He was a two-year letter man in football at the University and has served as president of Life Service Band and Cowboys For Christ. The cou-

Bones-Knox Wedding Vows Said In Chapel

The Hill Memorial Chapel of West Texas State College in Canyon was the scene for the wedding of Mary Lou Bones and Reuben H. Knox Sunday afternoon at 4 o'clock.

The bride is the daughter of Mr. and Mrs. J. S. Prickett of Dill City, Okla., and Mr. Knox is the son of Mr. and Mrs. W. H. Knox of Hereford. Rev. Strauss Atkinson, pastor of the Baptist Church of Canyon, read the double ring ceremony.

Decorations for the chapel included tall baskets of white chrysanthemums and gladioli arranged with palm leaves and lighted tapers in seven-branched candelabra.

Musical Background
Mrs. Bob Lawrence was organist, playing pre-nuptial selections as the guests arrived and accompanying Mrs. Bobby Owen who sang "O Promise Me" and "Because". "Through The Years" was played as musical background for the ceremony and the Lord's Prayer in

her father. She wore a gown of yellow Chantilly lace, made over matching taffeta, designed with a fitted bodice which met the skirt in large scallops, and buttoned at the back with tiny lace-covered buttons. The deep yoke of illusion was set off by scallops and the short sleeves were edged in scallops. The full lace skirt was floor length. Her tiered veil was fingertip length and held in place by a halo outlined with simulated pearls.

Given By Father
The bride was escorted to the altar and given in marriage by

her father. She wore a gown of yellow Chantilly lace, made over matching taffeta, designed with a fitted bodice which met the skirt in large scallops, and buttoned at the back with tiny lace-covered buttons. The deep yoke of illusion was set off by scallops and the short sleeves were edged in scallops. The full lace skirt was floor length.  Short net mits completed the costume. Her only ornament was a single strand of pearls. She carried a shower bouquet of pink Brier-cliff roses.
 The bride's mother wore a navy rayon dress while the bridegroom's mother wore powder blue shantung. Both wore white carnation corsages.
 Reception in Cousins Hall
 At the reception held in Cousins Hall, the house party included Mrs. Harry Durham of Portales, N. M., and Mrs. Carl Prickett who presided at the refreshment table, and Mrs. Elvin Prickett at the guest register. The bride's table was set in white with the center piece formed of the bridal bouquet and

the attendant's bouquet. The wedding ring cake was surrounded by tiny white blossoms.
 For the wedding trip to points in New Mexico and Colorado the bride chose a white linen and lace frock and a small white hat. After June 28 the couple will return to Hereford to make their home at 213 Avenue J.
 Oklahoma U. Graduate
 The bride graduated from Dill City, Okla., high school and attended Oklahoma University. She received her degree from W.T.S.C., Canyon and taught in Vista, California last year.
 Mr. Knox graduated from Hereford High School and is a graduate of Amarillo Junior College. He attended N.T.S.C. Denton and is a senior student at W.T.S.C. Canyon. He is employed at Suits Auto store.

Texas Vs. Drought Fire Truck Hazard

Are you a socialist?
Most Texans, especially people in this area, will flatly tell you they are not. However, the very people who screamed the loudest against socialism in the last national election seem to be the ones who are fighting the hardest for government benefits in face of the present Texas drought.

The Kleburgs, for instance, have resided in splendor and luxury on the world famous King Ranch for a long period. They have entertained royalty at times and the Kleburg layout is reputed on such grand scale as to overshadow some of the world's smaller kingdoms. This week Mr. Kleburg is in Washington pleading for government assistance to see his gigantic ranch through a rough time. He is one among many. Cattlemen from all over the state are pleading, along with Republican big guns, for drought relief.

These people, without question, are facing a rough situation. If anyone ever needed help, it is the cattleman of 1953. Since the government has abetted other people, in distress it is also possible that these people are entitled to the same consideration.

On the other hand, they are in no worse condition than many car dealers over the Southwest. Yet the car dealer has no support price on used cars—and they could certainly use it. The same is true of numerous other business ventures.

In a land which bases its economy upon cattle, we know that our thinking will not be popular, but we cannot help recalling the vehement expressions of most cattlemen against socialistic government trends which sent income taxes soaring during the lush years. Generally, their stand has consistently been one of independence. During the days of OPS, the cattleman went to Washington and asked to be "let alone" to operate their own business as they saw fit. Now the picture has changed.

On the one hand, if they had been allowed to save the money they paid in taxes during the prosperous years they might not be asking for help. On the other hand, it does not appear consistent for the cattleman to switch completely and ask for a revival of the trend which he has been condemning.

We are rather inclined to still agree with the old fashioned outlook of the cattleman, however. In this country, the government is the people. When we take from one group for the benefit of another group, it spells out the practice of socialism. Even granting that socialism is alright, which we do not, it should be carried all of the way. How about a special program for those car dealers? What about the grocery men, the dry goods merchant, the doctor and the lawyer. Forty-three theatres closed during May. There are possibly a few implement dealers who could stand a helping hand. Yes, perhaps even a newspaper or two.

Actually, we do not believe the budget will ever be balanced or the national debt liquidated until the people regain the art of standing on their own feet and once again popularize the old theory of saving for a rainy day.

The inhabitants of Hereford, generally considered as average to better neighbors than found in most communities, do from time to time engage in a most unusual and peculiar habit. The siren shrills out indicating a fire and the firemen, along with several hundred other citizens, make a mad dash for the fire department.

The result is one dangerous, mad, insane scramble.

In addition to placing the lives of participants in jeopardy, the Hereford fire bugs are also endangering the property of their friends and neighbors. The situation became so bad a few years back that the City Commission passed an ordinance and instructed the police department to issue traffic tickets for "following the fire truck." A few traffic tickets were issued—and things quieted down for a while. Members of the fire department are again complaining, however, that crowds following the truck are so great as to impair efficiency of the department.

We agree with the firemen. First and foremost objective when a fire occurs is to extinguish the blaze with as little damage as possible to life and property. The firemen work without pay and are entitled to every possible consideration. In addition, the person whose home is burning is likewise entitled to consideration in view of the fact that his life-savings are going up in flames. While we grant the possible thrill a person may get from veiwng a big fire, it is questionable whether risk of additional limb and property justifies the action. This is especially true when the fire bugs crowd in to such an extent that the fire department cannot properly function.

The great trouble is that people are thoughtless about the trouble they may cause. If they really wish to be of assistance they can, of course, apply for membership in the fire department. Meanwhile, if the present trend continues, the City Commission will have little choice other than to once again instruct police officers to start handing out traffic tickets.

A Glorious Fourth

To most of us, July 4 without firecrackers is like "bacon without eggs" or "glasses without lens." It appears, however, that times are changing.

Many people thought it foolish when Hereford, like other cities over the country, passed ordinances preventing the sale of fireworks within the city limits. Many of us drove outside the city limits and helped our children buy firecrackers.

"What," we asked, "is the sense in depriving the kids of a little fun?"

An accident this week resulted in eight stitches in one youngster's hand. This was in addition to severe burns and, only by good fortune, did the lad save his hand at all. The fact that he was 14 years of age makes the shooting of fireworks by younger children all the more dangerous.

The situation, in fact, should put fireworks in a complete new category for most of us. They are not perhaps the innocent pastime many of us believe. They can be vicious and dangerous. If discharged at all, fireworks should be handled under careful supervision and with extreme caution. Remember, they are made to explode—and generally do.

An Ontario small-town council planned a spinster tax after boosting an already enforced levy on bachelors. Guess equal rights means equal bites, eh!

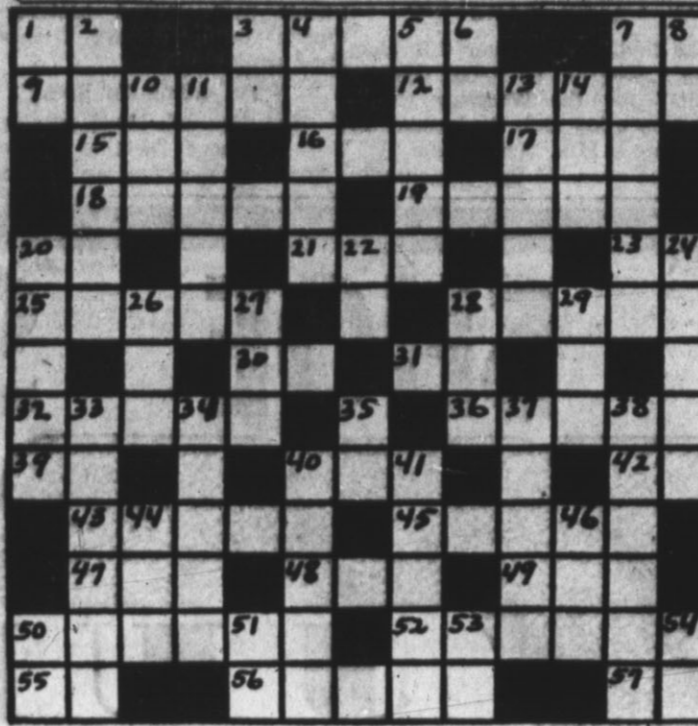

A midwestern robbery victim got off a streetcar only to be held up again, by the same pair. Sounds like a monotonous evening.

A governor of an eastern state signed a bill changing a law's wording from "who" to "whom," which is about as interesting as changing "ho" to "hum."

When the Kremlin switched policy and released doctors accused of "murdering" Soviet officials, French Reds didn't have time to kill a published denunciation of the medicos. Bel it caused a lot of Red faces to get redder, if possible.

After 11 years a thief returned a stolen wallet and \$27 to a Washington man. Mailed all the way from Texas, it arrived in time to pay a medical bill. Money from a bad man for a good cause, eh!

Question Of The Week

Parallel Parking Wouldn't Help Travel On Main, Most Believe

Do you think that parallel parking, rather than the present diagonal parking on main street would improve the movement of cars and cut down on the number of accidents in town?

HARRY CAYLER

No, parallel parking is too difficult for most people to do. Parallel parking takes up more space and much more time when you do park or leave a parking space.

C. B. BALL

I think it would. It would give more driving space in case a third car wanted to pass. I don't believe there are as many accidents in parallel parking because in diagonal parking people just back out and don't look in their rear view mirror.

EVA GAIL BIGGERS

No, I don't think it would improve the movement of cars because I don't know how to parallel park and furthermore I don't think 98% of the women in Hereford can parallel park. Besides, there wouldn't be enough parking space if it were for parallel parking.

ROBERT LUEB

There wouldn't be enough parking space for all the cars of Hereford if you had to park parallel on Main street unless they would put some parking lots close to Main, so one wouldn't have to walk too far.

DICK BARNARD

Most wrecks are caused by carelessness so parallel parking wouldn't help at all. I should think that more cars could park diagonal than they could parallel.

SIDNEY FULLER

Yes, it would improve the movement of cars but as far as reducing the number of accidents in town, I don't think so.

NORMAN MOORE

No, it takes less time to park diagonal than parallel and is much easier to get away from the curb to back out.

'Tater Peelin's

By Roberta Campbell

We can remember when we were still in pigtails how we would take a biscuit and go to the garden and pull up a fresh green onion to go with it but the aroma from the Danforth onion patch being harvested to the west of us now isn't so pleasin when all you have to go with it is the smoke from burnin wheat stubble in another field close by.

Although the tornadoes we have reference to were several states away they were still much nearer to us than we realized until this week.

A letter from our sister in South Dakota tells of one that hit their place a few days ago and did quite a bit of damage to out buildings and wind breaks as well as window lights in the house. Trees a foot through were blown down.

They had gone to the neighbors earlier to the storm cellar but decided it was only going to rain and came back home just in time to get the daylight's scared out of them.

A card in the same days mail from our boy (he isn't really ours but we've always claimed him) up in Shrewsbury, Mass. notified us that they didn't suffer any damage though he and his wife were driving down Maple Street that was wiped out when the storm hit.

Somehow all the trees missed them.

Maybe a sand storm every day and 108 degrees isn't as bad as we had imagined.

By Vern Sanford

AUSTIN — Feel the heat? Then eat more salt this summer. That's the suggestion of State Health Officer Dr. George W. Cox. Dr. Cox says you can help prevent heat prostration by adding a pinch of ordinary table salt to each drink of water you take — for the salt content of your body becomes deficient the more you perspire.

No Draft Difference
Signing of an armistice in Korea will make little or no difference in the draft call, says Brigadier General Paul L. Wakefield, state director of selective service.

He bases his statement on the fact that the primary purpose of the draft law is to keep this country ready to defend itself against all comers. Men are drafted as we need replacements for the men in training.

Because of the increased demand for men the past few months, more than one-third of those called were under 20 years of age. This month's quota is 1,749 men. Next month it will drop to 1,268. The monthly quota will run between 1,000 and 2,000 men for the State of Texas.

Excellent Library
If the Williamson system of ranking football teams could be applied to universities as a whole, the University of Texas would be found among the first 15 or 20, according to Dr. Logan Wilson, president of the Main University.

He stated that universities are judged by criteria such as libraries and faculty salaries.

UT's library, he said, contains more than a million volumes and is the largest and finest in the South. But UT's faculty salaries do not compare with those of California, Minnesota, Illinois, Indiana, Wisconsin, Ohio State, Washington North Carolina or Virginia.

Speaking of the physical assets of the university, Dr. Wilson said the school had not overbuilt or built too lavishly, but that "our emphasis should be less on brick and more on brains."

Interest in government among the feminine sex was on the increase the past week when Bluebonnet Girls' Staters elected their First Lady.

She is tall, blond Jean Manning from Hamilton who will serve as the 1953 Governor.

Two other top state posts were filled by the girls. They chose Grace Morrow from Abilene as Lieutenant Governor and Polly Sue Dietze of Cuero as Attorney General.

Ten Dollars A Case
A court-appointed attorney defending persons in felony cases is entitled to \$10 per day for each day the case is actually in trial. If he defends more than one case on the same day he is entitled to \$10 per case, according to a court's office.

The question arose when a court-appointed lawyer at Hillsboro represented four persons in court the same day and put in a claim for \$40.

Under the ruling he will collect.

Attorney General John Ben Shepherd is sitting on five state agencies for legal help. He has asked officials of the University of Texas, the Texas Prison System, Texas Southern University, the State Department of Education and the Texas State Teachers' Association to provide him with such arguments as they can muster to support the state's suit to uphold the natural gas tax law.

The case comes up in Federal court next Fall.

These five agencies stand to benefit most from the tax if it is upheld.

Disaster Contributions
Those of you who contributed to the Waco or San Angelo disaster funds may deduct the contributions from your income tax, under a ruling issued by the Bureau of Internal Revenue.

With the encouragement of the Texas Press Association, the daily and weekly newspapers of the state raised thousands of dollars for the relief of the stricken cities.

Efforts of the International Fur and Leather Workers Union to organize Texas labor have been stopped—at least temporarily.

District Judge Charles O. Betts issued an injunction, which also prohibits organizing by Emanuel Couliakis, who allegedly has been trying to get San Antonio workers to join the union.

Couliakis failed to register as a union organizer, as required by Texas law.

JUST MEANT TO BURN

Saturday night's conflagration here spelled bad luck for the Irvin Johnseys for the second time in less than two months. Some time ago, Mrs. Johnsey bought a \$300 bedroom suit from Lemons Furniture company.

However, the Johnseys were in the process of remodeling and repairing their home in the western part of town, so the suite was left at the store.

Later, R. C. Lemons, owner of the firm, called Mrs. Johnsey to inquire if she wasn't ready to have the furniture delivered.

She demurred, asking that delivery be delayed a little longer.

A few days afterwards, wind swept flames destroyed the Johnsey home.

The suite remained at the furniture company.

Saturday night, it was among home furnishings, consumed when the Lemons' company burned. MEMPHIS DEMOCRAT

SHORT WHEAT CROP

The wheat crop for 1953 has about been completed. The crop one of the shortest on record, was of exceptionally high quality, the dealers said.

The yield of harvested grain averaged possibly five to six bushels per acre, ranging from one-and-a-half to two bushels on up to maybe twelve in extreme cases. Some farmers had grain yields varying from two to eight bushels. In some cases the fields were opened for grazing and then turned under. Estimate of the grain handles here was about 35 carloads. GOOD NEIGHBOR POLICY

Hale Center opened up its warm heart to lend helping hands to a neighbor burdened with distress.

A large flock of farmers worked together all day to hoe out a half section of cotton for J. L. Hobbs. The work was sponsored by men of the Baptist church, but other farmers also pitched in to help. Some farmers had their help with them; others unable to attend themselves sent employees to work.

The Hobbs' son is seriously ill in a Dallas hospital. Mr. and Mrs. Hobbs had neglected their cotton to look after their son, and the cotton needed attention. HALE CENTER AMERICAN

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his Johnson grass farm no doubt is misinterpreting the intentions of the man he's writing about this week, which is not unusual with him.

Dear editor:

I was out here the other day speculating on the economic situation, when a man gin' never quite made ends meet any discussion of times gettin harder or better is mostly academic, it's like worryin over what the fare on the first trip to the moon is gonna be, most likely you won't be aboard anyway, when I noticed a puff of wind swirlin a newspaper along over my pasture and I watched it for a while and noticed it caught on a bobwire fence and later on in the mornin when the sun went behind a cloud I got up and walked down there and picked it up and got back under my tree and flipped through it.

Over on an inside page I read where some government official was discussin the some thing I'd been thinkin about, the economic situation, and his advice was that while there's nothin to get panicky about, things may be tightenin up a little and he was advisin people to cut down a little on expenses.

Now cuttin down on expenses is sound advice, I probably could have thought of it on my own, but what disturbed me about this man's advice was his ideas of how you ought to go about cuttin down on expenses.

"When most men think about cuttin expenses, the first thing that crosses their minds is trimmin the wife's grocery list," he said, and then added, and this is what burned me up: "But most any man can trim his own expenses by workin more, doing more, doing with less: cigarettes, and going to a few less rodeos."

It seems to me that government is goin too far when one of its employees makes a statement like that. Trimmin expenses by workin harder is like goin to Mayo Brothers to cure an in-growin toenail. Trimmin expenses may be important, but there ought to be some other way to do it without workin harder. I'd just as soon let em pile up. In fact, workin harder ain't necessarily the way to do it anyway. The last year I worked hard, which was fourteen years ago, I plowed more land, planted more acres, and wound up with the shortest crop of my life. Most expensive year I ever had.

What I say is, let the government, which really ain't in much shape to be advisin anybody on how to cut down on expenses, figure out its solution but let me figure out mine. Cuttin down on smokin and rodeos ain't necessarily the answer either. Winston Churchill smokes twelve one-dollar cigars a day, and he ain't in a financial strain. Gene Autry attends rodeos nearly every week, some times even seven times a week, and look where he is.

Personally, I don't want to vary my diet, but I would like to see my grocery bill cut a little.

Yours faithfully,
J. A.

Included among the et cetera, of course, are the official and binding rules of the collegiate portion of the sport. . . And contrary to usual procedure, they are no great number of changes, save some re-phrasing and supposedly

Fancy and Plain

clarifying sections and all the one big change does is to turn the game, as we have known it recently, inside foremost and put it back on a firm foundation with the all-the-route type of players in the van.
Briefly, lest it be overlooked, here is the big one, Number 3-5-1-A the new substitution rule: Players removed from the game during the first and third periods may not return to action in those periods. Players withdrawn before the final four minutes of the second and fourth periods may go back into the game in those final four minutes.
Since this gasper came most suddenly, it is going to have more

than ordinary impact on the 1953 season. Or, at least, the guessing consensus points to these factors, that some coaches, forbidden by conference rule to engage in spring training, have to do all their planning on paper others, especially those clubs topheavy with specialists, had to devote their spring work trying to finger the players who could work effectively on both offense and defense, if any; and all the mentors were enmeshed by the surprise and are facing reorganization, not only of their playing systems but also their scouting and coaching regimes, since many organizations tend to individual technique coaches.
Even this staid official publication has a wee section devoted to the precast division and in the briefest of forms, here 'tis Midwest — Notre Dame will be the top independent (and probably tops in the nation (the last bit is my own idea.) Michigan State and Ohio State to fight it out for the Big Ten flag, Oklahoma, despite heavy losses, including four AA's, to rule the Big Seven and the Johnny-Come-lately Houstons to pack off the Missouri Valley rag.
Southwest — A three way raffle is forecast for this confounding conference, wherein the favorite has prevailed only rarely in 20 years. The picks Rice, which won four conference games in a row at the tag end of last season; Texas, defending champ, and Baylor, SMU, deploying from its wing and spread formations to the split T, is the dark horse, probably only for the reason there always has been one. West — Southern California, the PCC's only Rose Bowl winner since the pact was entered into with the Big Ten eight years back, is favored, (with UCLA and Paul Cameron, close. (Better reckon with Pappy and the Bears, both like to eat and well).
COP will be, as usual, a strong independent club. Utah to take the Skyline Conference. South — Extra strong again with Georgia Tech an odds-on pick, but pushed by Alabama and Tennessee, (A guess here that 'Bama will be more of the shoving type). West Virginia to take the Southern confalon, unless they join the absconders, from the SC whose conference is still unnamed.
Duke is rated tops in this new group which pulled out of the unwieldy SC this spring. East Princeton and Penn to fight it out for the Ivy crown. Navy rated the top outsider with Blaik and the Pointers coming on, mayhap faster than expected. . . The above ratings were listed in that order, oddly enough, coinciding with my own opinion that the East rates last now, footballwise. Remember Syracuse against Alabama? There still oughta be legislation to cover such debacles. . .

Let's Cook Something

Mrs. Elliston's Frozen Pudding First Produced From Necessity

Here is a recipe that just happened. Like Topsy it just grew out of a necessity. One day Mrs. Nolie G. Elliston had unexpected company and one can of fruit cocktail, with not much time for preparation of food. When it came time for the meal she served what she called "frozen pudding" and it has been one of her favorites ever since.
She served this dessert at a party given in her home recently and one of the guests asked us to print it in the Sunday Brand recipe column. Although Mrs. Elliston had never put the recipe down on paper, she was kind enough to work out proportions and let us have it for the Sunday Brand.
She said in her note of reply to our request "When you have cooked as long and as much as I have, you just sort of throw together what you have on hand and then hope it will turn out all right. There's one good thing about farm folks — they are usually hungry enough to eat up the evidence of either success or failure, but I think I have worked out the recipe so that even the amateur cook can use it with success."

FROZEN PUDDING

- 1 medium size can fruit cocktail
- 1 quart home canned pineapple (canned will do)
- 2 cups sugar
- 4 eggs
- 1/2 lb. butter or margarine
- cup nuts (more if desired)
- Pinch of salt
- 1 teaspoon vanilla
- Drain fruit and add 1 1/2 cups sugar
- 3 heaping tablespoons flour
- gar flour and butter to juice. Heat until almost boiling and add well beaten egg yolks. Allow to boil until eggs are cooked or about one minute. Beat egg whites stiff and add remaining half cup sugar. Stir hot mixture into egg whites and add the nuts. When this has cooled add the drained fruit.
- Roll one small box Graham crackers fine and line bottom of oblong pyrex dish. Fill dish two thirds full of custard-fruit mixture and cover with more crumbs. Whip 1 cup of cream sweeten to taste and add the vanilla. Make a layer of the cream over top of pudding and cover with the remaining third of the crumbs. Set in freezing compartment of refrigerator until firm. It does not hurt to freeze it but it has to be thawed before it is eaten so after it is firm enough to cut out easily it may be removed to a shelf in the refrigerator.
- Mrs. Elliston says this may be kept for days — the longer it lasts the better it tastes.

In seeking the injunction the Attorney General contended that the furriers' union is dominated by Communists and that Texas workers should be protected from such influences.

Police Co-operating
Colonel Homer Garrison Jr. denies that Texas police are not co-operating fully with Federal narcotics agents.

Garrison said that the Federal Narcotics Commissioner "indicated that there was a lack of co-operation from state and local officers in Texas in assisting his agents in enforcement of the narcotics law."

Admitting that Texas officers are handicapped by lack of manpower, materials, legislation, and money, Garrison told police convening in San Antonio that Texas officers are proud to work as a team with each other and with federal agents. The co-operation of Texas police is excellent, Garrison concluded.

Also at the policemen's convention, Inspector G. C. Connor of the Texas Department of Public

Safety, said that lives can be saved on the highways through better driver education, enforcement of traffic laws, highway engineering, and public support of the safety principle.

"If we are to clear our highways of congestion, loss of life, injury to person, and destruction of property, the program must be carried out," said Connor.

Loan Shark Cases
The Texas Supreme Court has blocked the road to justice in loan shark cases, charges Leon Green, a University of Texas law professor.

Green cited the case of a man and his wife who brought suit charging that certain loan companies harassed and intimidated them and threatened to get the man's job.

The case finally went to the supreme court, which denied the plaintiffs a cause of action, listing half a dozen legal points to support the decision.

Referring to this decision, Green said, "Loan sharks are now given the green light to pursue their victims with all the ruthlessness and every stratagem which they can devise. . ."

Texas farmers and ranchers — as well as the State Treasury and the oil producers — stand to benefit from the 25 cent average increase in the well price of crude oil, says Charles E. Simons, executive vice-president of Texas Mid-Continent Oil Gas Association.

At the present rate of production the higher posted price for oil will mean an additional \$37,500,000 a year paid to royalty holders, farmers, ranchers and land owners.
This, the first price advance since 1947, will add \$250 million a year to Texas oil income, Simons pointed out — and stimulate the search for more oil.

SHORT SNORTS: Roy Bedichek, naturalist and author, says that so far man has invented no insecticide that can take the place of the old-fashioned insect-eating bird. . . Mrs. Miriam Ferguson, former governor of Texas, celebrated her 78th birthday by working in her flower garden.

Funeral Service Held On Friday

Funeral services for Frank M. Osborn, 75, of Friona were held Friday afternoon at 2:30 o'clock in the First Methodist Church of Friona, with Rev. U.S. Sherrill and Rev. L. L. Hill officiating.
Mr. Osborn died Thursday morning in his home at Friona. He had been ill for several months.
Mr. Osborn was born March 6, 1878 in Corinth, Miss. In 1905 he married Della King of Emory, Texas. They came to Texas in 1902 from Ark., and to Farmer County in 1930 from Holline, N. M. Pallbearers

Active pallbearers were Johnny Brand, Dennis Roberts, Albert Rozen, W. S. Crow, Ed White, and Arthur Hilton.

Burial was in Friona cemetery. Arrangements were made by Gilliland Funeral Home.

Survivors include his wife, two brothers, W. C. Osborn of Friona, and E. M. Osborn of Hope, Ark., a sister, Lillian Clark, of Texaco, N. M., and a stepmother, Mrs. Mary Osborn of Sulphur Springs, Ark.

Mr. and Mrs. Lyle Blanton left Wednesday by plane for Dallas where they attended a butane meeting.

Mrs. W. S. Flutt made a business trip to Amarillo Friday.

Streu's Diary

June 26, 1953

DEAR DIARY:

I am eternally amazed at the way things change down through the years — was a time when one had to go to the corner of Hollywood and Vine Streets to see beautiful young things dressed in sneakers, a bathing suit and sun glasses — but, behold these things can be seen almost any day on Main Street, Hereford, Texas!! Not that I object — merely an example of how times change.

Hardware merchandising methods have changed, also, during the last thirty years — Streu's used to be a dark, ill lighted, poorly heated in winter and non-cooled in summer, a store seldom visited by the ladies because it was dirty and badly arranged. Now, you will find Streu's neatly arranged, well lighted, cool, and clean — a lovely place in which to spend several hours a week just browsing — hundreds of beautiful and useful gift items will catch the eye — and, we hope, the pocketbook.

But, while merchandising methods have changed, and products have changed — and customers have changed — one thing remains unchanged in Streu's — our courteous personnel still will give you friendly, prompt and efficient service. The kind of service that you can not get elsewhere.

In line with changing things, we are expanding our sporting goods department with a new showcase — and, later, a wider selection of fishing and other sporting items — progress.

By the way, I need a little more room for displays, and would sacrifice a few beautiful gas ranges to get this room — will sell at my cost — I have not lost my mind — I'm just going to get some more room.

Noticed a news story last week about how the city dads were drilling a new well "before it was really needed". If I may judge by the time it took me to get a tub of bath water the other night, it was just barely "before they needed it".

Picnic Plans Made By VFW Auxiliary

Members of the Auxiliary to the Veterans of Foreign Wars held a regular business and social meet at the Memorial Park VFW Hall Wednesday evening. Nine members of the Canyon Auxiliary were special guests.

Plans were made for a picnic for families on July 5 in the Memorial Park with every one bringing baskets for the picnic supper. Those named to a committee on arrangements for the July 5 program are Mesdames George Jones, Larry Summers, James Roberts, and Ed Johnson.

Meets Twice Monthly
The group meets on the second and fourth Wednesdays of each month. A work party following the meeting to be held on July 8, was planned.

A can-of-the-month project was adopted with members bringing a can of food to each meeting in anticipation of aid for needy families at Thanksgiving time.

Ice cream and cake were served to 21 members and the special guests.

Collision Wednesday Caused Minor Damage

Minor damages were caused in a wreck here Wednesday afternoon when a 1952 Mercury driven by Mary Elzada Frye, collided with a 1948 Chevrolet driven by Mrs. Edward R. Roberson, at Union Avenue and Avenue C.

Miss Frye was going north on Avenue C and Roberson was going east on Union Avenue. Miss Frye's car hit the right rear of the Chevrolet, police said.

Four Wood Carvings Show Basic Christian Doctrine

Four scenes depicting the fundamental convictions of the Christian faith were recently carved on panels for a Canal Zone church by Major Henry H. Kight, former Lubbock artist stationed at Albrook Air Force Base.

Working in his spare time, Major Kight completed the panels in two years. Carved on mahogany from the Darien Province in Panama, the panels decorate the All Souls' Chapel at the Episcopal Cathedral of St. Luke in Ancon.

Major Kight is the son-in-law of M. B. Sudduth of Hereford; his wife is the former Cliett Sudduth. He attended Texas Tech in 1938 and majored in commercial art. Soon after leaving Texas Tech, he was employed by the Mark Halsey Drug Store in Lubbock as a commercial artist.

Force in May 1943. During World War II, he served in the China-Burma-India theater where he flew 186 missions over the Hump. He is the holder of the Distinguished Flying Cross, the Air Medal with Oak Leaf Cluster and has 4 battle stars on his theater ribbon.

Presently, he is completing a three year tour of duty at Albrook Air Force Base in the Panama Canal Zone, where he has been Aircraft Maintenance Officer with the 1st Air Rescue Group.

Rev. and Mrs. R. H. Cagle and son Bert of Ballinger have been visitors in Hereford the past week. Rev. Cagle, former pastor of the Hereford First Baptist church, was here to conduct the wedding of Miss Jane Welch and Ed Crow of Fort Worth Friday evening.

A GROUP OF RAINBOW GIRLS WHO ATTENDED THE ANNUAL GRAND ASSEMBLY OF RAINBOW are shown boarding the bus that took them to Galveston Sunday afternoon. From left they are: Marilyn Lewis, Dixie Young, Georgia Lewis, Lu Durham, Martha Jean Brown, Vella Kee Skypala, Sandra Jo

WHY THE HURRY, MILDRED?

IT'S BARELY DARK, AND, BESIDES, YOU HAVE THAT SALESMAN BABY SITTER.

WELL... THEN JUST ONE MORE RUBBER.

MEANWHILE

HE'S STUCK.

WE'LL PLAY COWBOY AND INDIAN. PULL, CLARISSA!

COO! OW!

MAYBE WE COULD ROPE HIS NECK AND PULL HIM OUT THE OTHER SIDE.

NO, LET'S SQUIRT OIL ON HIM TO MAKE HIM SLIPPERY.

IT WORKED!

PULL, CLARISSA.

STOP YOU IDIOTS! GET THE LADDER!

WHEE! WE GOT HIM LOOSE.

HELP! EEE-EEOW!

SHALL WE SCALP HIM WHILE HE'S ASLEEP?

NAH, LET'S PAINT HIM TO LOOK LIKE A MAN FROM MARS.

LATER

OH, DEAR! I'M AFRAID I STAYED A LITTLE LONGER THAN I —

EEK! YOU'RE GREEN!

MERELY HOUSE PAINT, MADAM. WHICH I TRUST WILL WEAR OFF IN TIME.

NOW, ABOUT THE DOZEN SPIFFY-JIFFY AUTOMATIC TOOTHBRUSHES YOU WERE GOING TO BUY.

ER — I'D LIKE THEM IN PINK POLKA DOTS TO MATCH MY BATHROOM CURTAINS.

I'M AFRAID THEY DON'T COME IN POLKA DOTS, LADY.

THEN I'M SO SORRY, BUT I DO APPRECIATE YOUR TAKING CARE OF DEAR LITTLE CLARISSA AND JUNIOR.

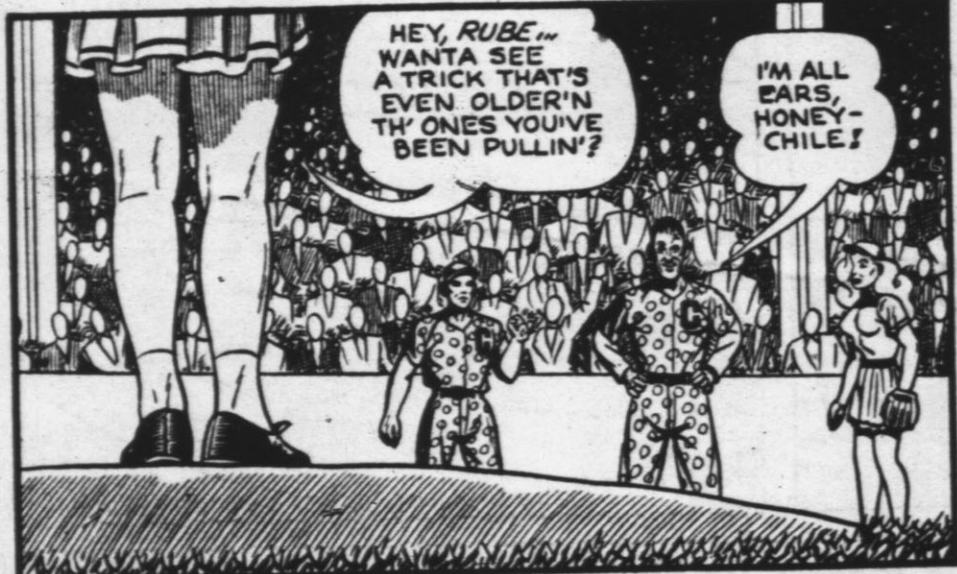

BAH!

IF I DIDN'T HAVE A TRUCKLOAD OF THESE DANG THINGS TO SELL, I'D QUIT RIGHT NOW!

AS DON IS ABOUT TO CARRY OUT NALLOR'S COMMAND TO EXECUTE JOHNNY AND CUTOUT, JOHNNY'S SPLIT-SECOND JUDO DISARMS HIM AND...

NALLOR, THIS GIRL IS USELESS TO YOU, DEAD! CUTOUT AND I ARE GETTING OUT OF HERE... WITH HER AS OUR SHIELD!

PLEASE, BABY... PLAY ALONG... OR WE'LL NEVER GET OUT OF HERE ALIVE!

KEEP THE GUN ON ALBA, CUTOUT! I'LL TAKE CARE OF THE GUARD OUTSIDE!

RIGHT, JOHNNY! SORRY TO DO THIS, MISS ALBA... BUT YOU UNDERSTAND HOW IT IS!

START TRAVELING, CUTOUT! I'LL GRAB THE GUARD'S WEAPON AND TAKE CARE OF A FEW THINGS HERE!

NOW TO SEAL THAT DOOR SHUT LIKE A SOLID IGLOO!

COME ON, JOHNNY... HURRY! TIME'S A-WASTIN'!

FROZEN SHUT! THIS IS YOUR FAULT, DON... BECAUSE OF YOUR STUPID SENTIMENTALITY!

I WANT ALBA RECAPTURED... ALIVE! I WANT THOSE OTHER TWO... DEAD! IT IS YOUR TASK— AND DO NOT RETURN UNTIL IT IS DONE!

IT'S STARTIN' TO RAIN AGAIN~ I FEEL SORRY FOR THE POOR MULES, PULLIN' THE HOUSE THROUGH ALL THIS BLACK, STICKY MUD~

DON'T WASTE YOUR SYMPATHY ON THE MULES~

MULES ARE THE SMARTEST CRITTERS IN THE WORLD~ SMARTER'N ANYTHING THAT WALKS, CRAWLS, SWIMS OR FLIES~ AND THAT INCLUDES ALL US HUMAN CRITTERS~

GOLLY~ YOU MEAN THEY'RE EVEN SMARTER THAN PEOPLE??

I KNOW MULES IS SMART~ BUT I THOUGHT PEOPLE WAS SMARTER THAN ANYBODY~

NOPE~ INSTEAD OF PEOPLE TRYING TO TEACH ANIMALS TO DO TRICKS, THEY COULD LEARN TRICKS FROM ANIMALS!

WELL, WHAT D' YA KNOW? THE MULES KIN SEE THE ROAD IS BLOCKED AND ARE TURNIN' OFF~

NATURALLY~ THEY REMEMBER THIS MUDHOLE FROM LAST YEAR~ THEY DON'T FORGET ANYTHING~

LET THE LADIES REMAIN IN THE CAR AND WE SHALL SEE WHAT A TWO-MULE-POWERED MACHINE CAN DO TO YANK A TWO-HUNDRED HORSE-POWERED ENGINE OUT OF A MUDHOLE~

KEEP YOUR MONEY, SON~ THERE IS NO CHARGE~

THANK YOU~ NOW MAYBE WE COULD ALL HELP THAT STONE TRUCK! HE HAS A HEAVY LOAD AND HE'S STUCK~

YEP~ FRED WAS ON HIS WAY TO DUMP THAT RUBBLE~ BUT I TALKED HIM INTO DUMPING THE LOAD IN THE MUDHOLE AND SAVING HIMSELF A FIVE-MILE TRIP~

GEE, MR. COBB, YOU'RE TERRIBLE SMART~ YOU'RE EVEN SMARTER THAN THE MULES!

RUSTY RILEY

By FRANK GODWIN

HERE ARE THE BILLS ON THE HORSES, MR. BURDY, AND THE BILLS OF SALE... I GUESS MY JOB'S FINISHED, SO I'LL GRAB A TRAIN FOR HOME.

BOSS'LL SURE BE PLEASED.

SO LONG, MR. CLINTON.

FOR MILESTONE RIGHT NOW, TEX?

LATE FOR A START NOW... I THINK WE BETTER LAY OVER AND START AT DAWN.

TEX, I BEEN WOND'RIN' WHY MR. MILES IS SO CRAZY TO GET SILVER LAD THAT HE HIRED A DETECTIVE TO FIND HIM... IS HE SO SPECIAL?

HE SURE IS SPECIAL, RUSTY... DUE TO A DISASTROUS STABLE FIRE, HE'S THE ONLY SURVIVOR OF A FAMOUS LINE OF HUNTERS.

MR. MILES IS DETERMINED TO KEEP THE LINE GOING.. AND HE HOPES TO SHOW HIM AT THE LEXINGTON JUNIOR LEAGUE HORSE SHOW.

JEEPERS! THAT'S A REAL IMPORTANT SHOW!.. WE'LL SURE HAVE TO WORK ON HIM TO GET HIM RIGHT FOR IT.

MEANWHILE, AT THE BREEDING FARM OF 'VELVET' KANE NEAR LEXINGTON.

HERE'S PORKY MIMS, VEL, AND THE ROAD MAP YOU ASKED FOR.

OKAY.. GIVE ME THE MAP AND SIT DOWN... I DON'T WANT QUENTIN MILES TO GET SILVER LAD TO MILESTONE FARM FOR A WHILE.. AND IT'S GOING TO BE UP TO YOU TWO BOYS TO SEE TO IT THAT HE DOESN'T

I DON'T GET IT, VEL... WHAT'S THE GIMMICK?

I'M NOT IN THE GAME OF RAISING HORSES FOR A HOBBY... THAT BIG SHOT FROM SOUTH AMERICA IS READY TO GIVE ME TOP PRICE FOR ALL MY YEARLING HUNTERS..

WELL?

DON'T BE STUPID... SILVER LAD IS FROM THE WORLD'S MOST FAMOUS LINE OF HUNTERS. EVERYBODY THINKS THE LINE ENDED IN THAT STABLE FIRE... IF MY CUSTOMER KNEW THAT MILESTONE FARM WAS GOING TO RAISE THEM... WELL...

I GET IT NOW! IN THAT CASE YOUR BIG SHOT WOULD CALL OFF HIS DEAL AND WAIT TO BUY MILESTONE HORSES..

RIGHT!.. I WANT THAT HORSE HIDDEN AND HIDDEN GOOD TILL MY DEAL IS SETTLED..

SO YOU WANT SCRUB AN' ME TO SNATCH THE NAG.. RIGHT?

NOW LET'S LOOK AT THIS ROAD MAP!

YOU SURE TOOK YOUR TIME BREVIN' THAT COFFEE, PRINCE... IT BETTER BE GOOD!

YOUR TONGUE IS SHARP, MR. EASY LOCKE... I AM USED TO MORE RESPECT FROM MY HIRELINGS!

KING'S PRACTICED EYE QUICKLY LOCATES A BRUSH-COVERED TRAIL WHERE TERRA WANDERER'S "DISAPPEARING" TRAILER WAS SKILLFULLY GUIDED FROM THE HIGHWAY, BUT THE THIEVES ARE NOW SEVERAL MILES AHEAD ON THE OLD CANYON ROAD!

DON'T MAKE ME LAUGH! I'M NOT BOWIN' AND SCRAPIN' TO Y-YOU... I-ER... WHAT D-DID YOU D-DO TO THIS JAVA...? I-I OOOOOOO...

YOU DEMANDED STRONG COFFEE... IT IS STRONG!

MY QUICK TEMPER HAS LEFT ME WITHOUT A GUIDE IN THIS STRANGE LAND... BUT I HAVE THE OBJECT OF MY LONG JOURNEY!

STOP HERE, MR. WANDERER. I'D LIKE TO LEARN WHY OUR QUARRY PAUSED AT THIS POINT!

BUT MY TRAILER ISN'T HERE, KING! EVEN I CAN SEE THAT IT WAS TOWED ON... WE'RE WASTING TIME!

4 AN HOUR LATER...

THOSE THIEVES ARE GETTING AWAY!

NOT JUST THIEVES, MR. WANDERER... SUPPOSE YOU TELL ME WHAT MADE THAT TRAILER WORTH MURDER?

MANDRAKE

THE MAGICIAN

BY LEE FALK & PHIL DAVIS

IF IT'S DIVING OR WATER-SKIING I CAN MAKE ANY MAN LOOK SICK! HERE'S A JACKKNIFE WITH A DOUBLE TWIST! TRY AND BEAT IT, WISE GUY.

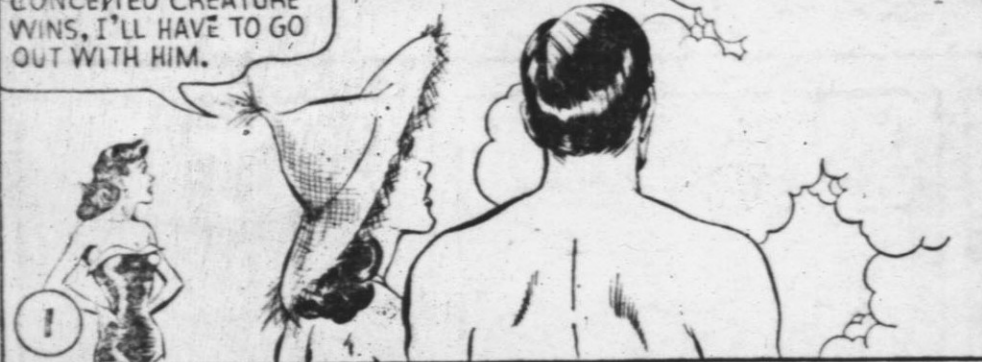

NOW--IT'S YOUR TURN-- AND I HOPE YOU BREAK YOUR NECK! Hey--THE BOARD'S UP THERE!

MANDRAKE GESTURES HYPNOTICALLY AT THE BRAGGART--

OH, EVERYONE STARTS FROM THE DIVING BOARD--

OH, MANDRAKE, IF THAT CONCEITED CREATURE WINS, I'LL HAVE TO GO OUT WITH HIM.

IT'S MORE DIFFICULT TO START FROM THE WATER AND DIVE UP TO THE BOARD!

HALFWAY UP, WE PAUSE TO LIGHT A CIGARETTE--

-- THEN SPIN-- TO PUT OUT THE MATCH.

-- THEN A TRIPLE SPIN-- TO DRY OFF-- AND I FINISH UP ON THE BOARD. I HAVEN'T THOUGHT OF A NAME FOR THE DIVE YET--

I'M SEEN' THINGS-- LOSIN' MY MIND-- I QUIT!

MANDRAKE --HE'S HAD ENOUGH.

NO, SIREE. WE'RE NOT FINISHED YET. HE MENTIONED BEING THE WATER-SKI CHAMP. COME ON, DON. THAT'S NEXT!

6 NEXT WEEK = WATER SKIING -- A LA MANDRAKE!
