Deposits Up For 2nd Quarter

By BOBBY TEMPLETON
Brand News Editor

Financial prospects are much brighter for the local economy now compared with this time last year when deposits in both Hereford banks were much lower.

As of the June 30 bank call, the Hereford State and First National Banks reported almost 5 million more in deposits than was recorded on the bank call of June 30, 1975. The total amounted to \$61,563,587.65 with both institutions

reflecting increases.

THE NEWS LAST YEAR at this time was that deposits dropped \$1.4 million for the second quarter call of the year. Each three months, banks are required to report deposits, loans, assets and other information to the Comptroller of Currency. It must also be published in a general circulation newspaper in the customer area.

Even though the second quarter call

figures are high, they are traditionally the lowest of the year since farmers and other businessmen have not yet accumulated all their earnings for bank deposits. Farmers in general have not yet harvested, nor sold crops and therefore have not yet received funds.

The total net amount on loans outstanding on June 30 for the banks was \$50,052,633.50. The total assets of the banks was \$76,728,227.28.

The total amount of deposits recorded

in the first quarter bank call on March 31 was about \$67.1 million, also one of the lower periods of the year. Loans amounted to about \$43 million and assets were about \$75 million for both banks.

ON JUNE 30, 1975, the deposit total was about \$56.6 million. Loan were \$40.5 million and assets were \$66.9 million.

The last bank call figures show that First National Bank of Hereford had \$39,485,852.87 in deposits. The net amount of loans, excluding such information as bad debt amounts, was \$35,488,509. Assets totaled \$49,968,226.36.

Hereford State bank recorded \$22,077,734.78 in deposits. Loans amounted to \$14,564,124.50 with assets reaching \$26,760,000.92.

A change in accounting procedures requires the banks to report net amounts on assets and loans. Previously, the banks reported gross figures.

USDA Expects Record Corn Harvest This Year

WASHINGTON (AP) - Farmers are expected to harvest a record corn crop this year, a Bicentennial reaping of native

American grain so large that it could help ease consumer grocery prices through 1977.

A senior Agriculture Department economist says that if the weather continues good, the additional grain will have a major impact on retail food prices. But an activist group, the Community Nutrition Institute, warned that prices would likely rise more than USDA predicts.

The department will announce its first corn production estimate of the season on July 12. Spurred to all-out production by rising demands for grain, farmers will harvest about 72.4 million acres of corn this year, 8 per cent more than in 1975 and the largest acreage in 27 years.

Interviews with officials and farmers in more than a dozen key states which produce 90 per cent of the crop point to a harvest significantly larger than last year's record 5.8 billion bushels.

The USDA has projected a harvest of up to 6.73 billion bushels, but those are bookkeeping figures based on probabilities. The July 12 estimate will be based on field surveys taken around July 1.

Last year's huge corn harvest has been an important reason why 1976 food prices

slowed down. Now, according to USDA, consumers will see food costs average 2 to 5 per cent higher this year, compared with an 8.5 per cent gain in 1975 and jumps of 14.5 per cent in each of the two previous years.

The reason is this: Corn is the biggest and most valuable farm crop in the United States. It is a rich in life-giving nutrients for animals which produce the beef, pork, lamb, eggs, chicken, turkey, milk and butter for family tables.

When farmers do not have enough corn at reasonable prices to profitably feed the animals, there is less food for American tables and grocery costs soar.

Don Paarlberg, director of economics is the USDA, said that even with another record corn harvest this fall, food prices probably will continue to rise because of rising costs for getting commodities from the farm to the consumer.

"If there is an increase in the retail price of food it is likely to come after the stuff leaves the farmer's gate," he said.

Corn also is in big demand for export to other countries, notably the Soviet Union, Japan and Western Europe, where, as in the United States, it helps produce livestock products for consumers.

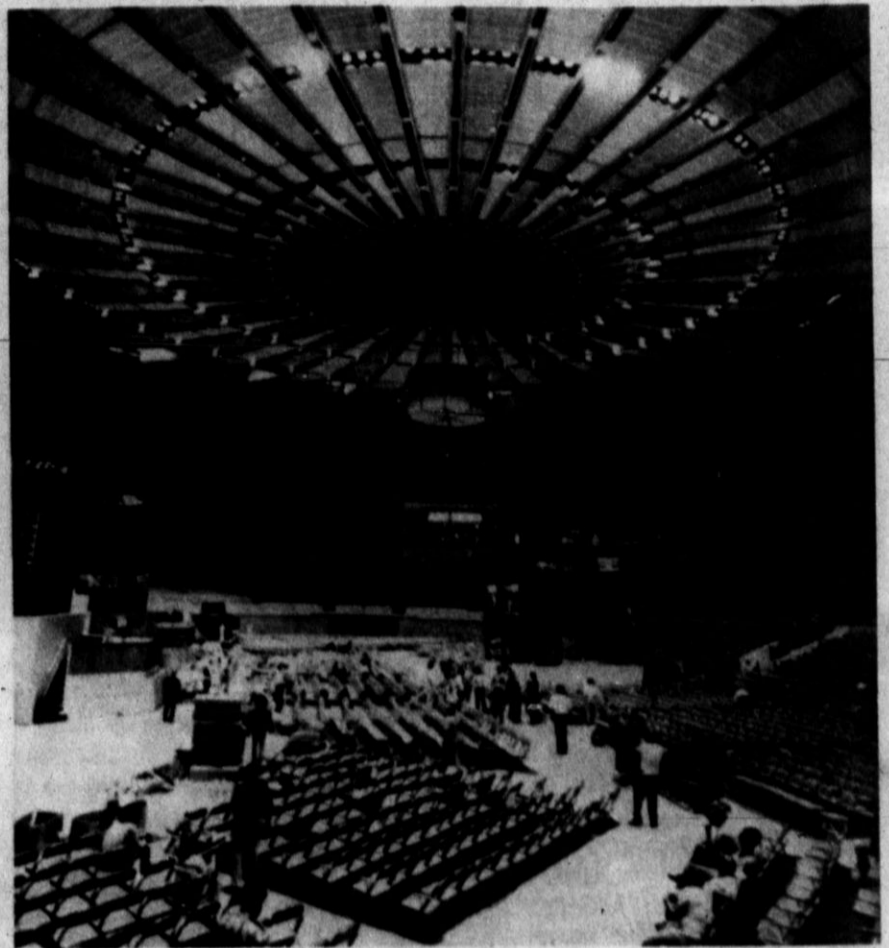

Color Comics Start Sunday

The Brand's six-page section of color comics begins in Sunday's edition and will be included each Sunday thereafter.

The color comic section will include such favorites as Peanuts, Beetle Bailey, Prince Valiant, Dick Tracy, Snuffy Smith, Blondie, and others. Johnny Wonder, a puzzle and game strip for the youngsters, will also be one of the features.

The Sunday edition of The Brand will sell for 25 cents on the news stands beginning with the inclusion of the comic section. Subscription rates will remain the same as recently announced with the change to daily publication, except Monday and Saturday.

The weekly television section was dropped this week, and the tv programs will be listed daily under the new format. There was not sufficient sponsorship for the weekly section.

Pat Nixon Reported In Serious Condition

LONG BEACH, Calif. (AP) - Doctors kept an overnight vigil on former first lady Pat Nixon, partially paralyzed on her left side from a stroke and in "serious but stable condition."

Mrs. Nixon was reported resting comfortably after visits with her two daughters Thursday night, but neurologist Dr. John Mosier said she is far from being out of danger.

"If the stroke doesn't get any worse, she's not going to die. If it gets worse, well, people do die from strokes," Mosier said at a news briefing called after the 64-year-old wife of former President Richard M. Nixon was admitted to Memorial Hospital Medical Center.

The stroke caused "moderate paralysis" of Mrs. Nixon's left leg, arm and left side of her face, which in turn caused a "slight slurring" of speech, Mosier said.

"I think she will walk," he said, but added, "She may not walk normally." Pressures in her life "certainly could have been a contributing factor" toward her illness, Mosier added.

Secret Service agent called an ambulance for Mrs. Nixon, and she was accompanied during the 30-mile trip from the former Western White House by her husband and younger daughter, Julie Nixon Eisenhower.

Nixon slipped out of the hospital only an hour after her arrival and apparently returned to San Clemente.

The couple's other daughter, Tricia Cox, flew in from New York and she and Mrs. Eisenhower visited with their mother until about 9:15 p.m. before joining their father at San Clemente.

President Ford and his Republican challenger, Ronald Reagan, called Nixon at the hospital.

"It could be serious," a White House spokesman quoted Nixon as telling the President.

"They are very hopeful," Reagan quoted the former president as saying after Nixon was notified that her condition had stabilized.

"She had a stroke of maybe 35 to 50

per cent completeness," Mosier said Thursday.

Mrs. Nixon suffered the stroke Wednesday while reading, Mosier said.

That feller on Tierra Blanca Creek says everything that is done in the world is done by hope.

Nothing in the world can take the place of persistence. Talent will not; nothing is more common than unsuccessful men with talent. Genius will not; unrewarded genius is almost a proverb. Education will not; the world is full of educated derelicts. Persistence and determination alone are omnipotent. The slogan "press on" has solved, and always will solve, the problems of the human race.-- Calvin Coolidge.

A LOT OF FOLKS in Hereford will be anxiously awaiting the Miss Texas Pageant on statewide TV Saturday night, hoping that Delfine Ulibarri will be in the top 10 and we can watch her play the violin. The TV schedule indicated the pageant will be on Channel 4 and Channel 11 at 10:30 p.m. Saturday. The Miss Hereford Pageant is probably the largest undertaking of the Women's Division, Deaf Smith C of C, each year with more women working together on this project than any other. In order to encourage these women to continue sponsorship of such a fine community event, more high school and college girls need to start thinking now about entering next year's pageant.

JUST ABOUT every small town in the country, and some not so small, are experiencing a shortage of doctors. When the health care is affected, the problem becomes personal.

The problem really becomes personal to anyone who calls for an appointment only to find the doctor is unable to take any new patients. Only in a real emergency can the person without a personal physician receive medical aid in far too many communities.

In our own community, the numbers of doctors had decreased by two in recent months and our doctors are overworked and desperately need some relief. Deaf Smith General Hospital has worked out a plan to provide some emergency relief on weekends by securing outside help.

The medical schools have increased their enrollment in the past few years and are turning out more graduates, yet the demand overwhelms the supply for medical doctors. The recruitment of doctors for rural areas is a very competitive project, and most young doctors prefer to practice in cities.

There is no easy answer to the problem and merely talking about it won't get the job done. Trouble is most of us don't know what to do but talk. If some plan of action is offered, the odds are great that plenty of help can be secured to try it out.

Heart Device The Same

HOUSTON (AP) - A device implanted in a woman patient recently at St. Luke's Episcopal Hospital is nothing really new according to Dr. Michael E. DeBakey, noted heart surgeon at Baylor College of Medicine.

DeBakey said it was something he had used since 1966.

He said the left ventricular assist device LVDA may be a new refined version but that the mechanical heart is doing the same work for which it was originally intended - pump blood into the arteries.

Swimsuit Winner Named

FORT WORTH, Tex. (AP) - Preliminary competition in the Miss Texas Pageant Thursday night yielded a clear-cut swimsuit winner, but produced a talent tie.

Miss Big Thicket, 18-year-old Janis Ann Smith of Newton, won the swimsuit contest. Talent competition resulted in a tie between Miss Dallas, Lori Ann Smith, 19, of Fort Worth, and Miss Hurst-Eules-Bedford, 22-year-old Cindy Roberts of Edinburg. Miss Smith sang and Miss Roberts played a piano solo.

Another preliminary round of judging was scheduled for Friday, with the Miss Texas finals Saturday night at the Tarrant County Convention Center.

Marshal May Get 10 Years

SAN ANGELO, Tex. (AP) - A state district court jury recommended the maximum 10 year prison sentence Thursday for former Castroville City Marshal Frank Hayes, who was earlier found guilty of aggravated assault in the 1975 shotgun slaying of Richard Morales, 29.

Morales died of a shotgun wound in 1975 while allegedly in Hayes' custody.

Hayes had been charged with murder, but in his charge to the jury Judge Earl Smith said Hayes could be found guilty of murder, murder while committing a felony, aggravated assault or criminally negligent homicide.

Reagan Heads For Colorado

Ford Wins Most Delegates

CHICAGO (AP) - Ronald Reagan headed for potentially greener pastures in Colorado today after suffering his worst setback in several weeks in his campaign for the Republican nomination for president.

President Ford gained 24 delegates Thursday and Reagan picked up three in delegate elections in North Dakota and commitments from previously uncommitted delegates in six other states and territories.

That gave Ford 1,028 of the 1,130 delegates needed for the Republican nomination. Reagan, who had been steadily gaining in recent weeks, trails with 8979 in The Associated Press' survey of GOP delegates.

And Reagan, while still predicting a first-ballot victory next month in Kansas City, devoted a significant portion of his

day Thursday to trying to head off second-ballot slippage if the convention gets to that point.

He held several private meetings with about a dozen Indiana delegates - who are legally bound to him only on the first ballot - to solidify their support.

The former California governor planned to meet today with state convention delegates in Colorado. The state meeting was scheduled to elect 25 national convention delegates today and Saturday.

Jim Lake, Reagan's press secretary, said he hoped to win at least 19 of those delegates, which would balance some of Thursday's losses.

Reagan, who spent most of Thursday courting delegates from Illinois and Missouri, as well as those from Indiana,

in a marathon series of private meetings at a Chicago hotel, did not comment on the North Dakota loss.

A number of the delegates pledging themselves to Ford Thursday had been expected by both campaigns to go that way. But North Dakota, where Reagan campaigned in person, was a setback, although Lake claimed the opposite.

Reagan had said he hoped for a "rough split," and various aides had predicted winning six to nine of the North Dakota delegates. In voting Thursday, 18 legally uncommitted delegates were elected - 10 who declared for Ford, three for Reagan and five uncommitted.

After Colorado picks its delegates, there will be 55 still to be named, and Ford is the favorite to gain more ground.

State Fire Official Is Expected Here

A deputy state fire marshal is expected to arrive in Hereford Monday to assist in the investigation of two incidents of arson which occurred here within a five day period.

According to a Hereford Fire Department spokesman, the deputy fire marshal, who is being sent by the state fire marshal's office in Austin, will probably arrive Monday to help in following leads and gathering evidence in the incidents.

The local fire department requested assistance in the investigation of the arson incidents Wednesday, after the Ronald Zimmerman residence at 113 Hickory was extensively damaged in an early morning fire, apparently lit by burglars who took five guns from the home.

Arson is also believed to be the cause of a fire at the Doc Carter residence at 1003 Plains July 2. Thieves made off with 12 guns in that incident.

The Hereford Fire Department, city police and Deaf Smith County sheriff's officers are currently coordinating their efforts in the investigation of the two arson cases.

Today In History

Today is Friday, July 9th, the 191st day of 1976. There are 175 days left in the year.

Today's highlight in history: On this date in 1776, Gen. George Washington summoned his troops in New York and had the Declaration of Independence read to them.

In 1816, Argentina declared independence from Spain. In 1850, President Zachary Taylor died at the White House after serving only one year and four months of his term.

In 1940, during World War II, the Duke of Windsor was appointed governor of the Bahamas.

In 1947, the engagement of Britain's Princess Elizabeth and Lt. Phillip Mountbatten was announced.

In 1960, the Soviets threatened the United States with missiles if any attempt were made to oust the Castro government in Cuba.

In 1961, a U.S. space capsule, launched from a rocket, was recovered in the air by an Air Force plane over the Pacific.

Ten years ago: The National Association for the Advancement of Colored People, meeting in Los Angeles, rejected the "black power" concept of racial separatism.

Five years ago: The last U.S. base guarding the demilitarized zone in Vietnam was turned over to South Vietnamese troops.

FAITH REVEALS THE UNLIMITED FACETS OF LOVE

o many of us, the word "love" usually signifies romantic adventure, happy marriage or the care and anxiety of a parent; but while all of these are good examples of it, they by no means tell the whole story. Love is an act of kindness for one's neighbor; an anonymous donation to a worthy cause; food and supplies sent to starving native children or the victims of a disaster; a regular visit to the sick, the elderly or the lonely of any age; and so on indefinitely. Whatever form it takes, the main ingredients of love are thoughtfulness and unselfishness, and you will find the recipe for it at the Church of your choice. It will be served with a generous portion of happiness for you as well as for the recipients of it.

Respect is what we owe; love, what we give.
—Phillip James Bailey

Good Luck

A letter to Miss Hereford 1976:

Dear Delfine,

We in Hereford are proud of the way you have been representing our city this week during the Miss Texas Pageant. Our best wishes go with you as you enter the final phases of the competition. We will be watching Saturday night with fingers crossed in hopes of a successful outcome. Hereford feels lucky to have a talented and beautiful young lady with your poise and charm entered in the pageant. We know you'll capture the hearts of the judges, just as you have ours.

Delfine Ulibarri

I. That a hearing shall be given to the owners and to all persons owning or claiming any interest in or lien upon any property abutting the streets and avenues or portions thereof of the City of Hereford, Texas, hereinafter named, within the limits hereinafter set out, and to all other interested parties, including their agents and attorneys, before the City Commission of the City of Hereford, Texas, which hearing shall begin on the 2nd day of August, 1976, at 7:30 o'clock p.m. and shall be held in the City Hall of Hereford, Texas, at which hearing all of said owners and other interested parties, their agents or attorneys shall have the right to be heard on any matter as to which hearing is a constitutional prerequisite to the validity of any assessment sought to be imposed and to contest the amounts of the proposed assessments, the lien and the liability thereof, the special benefits to the abutting properties and the owners thereof by means of the improvements for which all of such assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings and contracts in connection with such improvements and proposed assessments, or concerning any matter or thing connected therewith.

The said hearing may be continued from time to time and day to day until a fair opportunity for hearing has been afforded to all desiring to contest the said assessments or proceedings, and the City Commission shall have the power to and shall correct any errors, inaccuracies, irregularities and invalidities, and shall determine the amount of assessments and all other incidental matters and shall have the power by ordinance to close such hearing, and by the same or by a later ordinance or ordinances to levy such assessments before, during or after the construction of such improvements, but no part of any assessment against abutting properties shall be made to mature prior to acceptance by the City by ordinance of the improvements abutting the property for which the assessment is levied. It shall not be necessary to levy all of the assessments at one time or by a single ordinance, and said hearing may be closed as to each portion of a street and/or avenue constituting a unit of improvement (as such units are designated below), after a fair opportunity for hearing has been afforded to all desiring to contest the assessments proposed to be levied against the owners and their properties abutting on the portion of each street and avenue constituting a unit of improvement; and the City Commission shall then have the power to levy such assessments against such abutting properties and against the owners thereof, as provided herein and in the prior proceedings of the City Commission herein referred to. No assessment will be made against any abutting property or the owner thereof in excess of the special benefits to such property and its owner in the enhanced value thereof by means of such improvements as determined at such hearing. All of such owners, claimants and other interested parties, their agents or attorneys, are hereby referred for further information, to the proceedings with reference to said improvements on file and/or of record with the City Secretary of the City of Hereford and particularly to the estimate of the City's Engineer, and to the proposed assessment roll wherein the exact amount proposed to be assessed against each abutting property and the owner thereof is set forth; said City's Engineer's estimate and said proposed assessment roll being on file in the office of the City Secretary.

II. The nature of the improvements for which assessments are proposed to be levied and to which this notice relates is the filling, grading, raising, paving or repaving said streets and avenues or portions thereof in a permanent manner, and by the construction or reconstruction and the realigning of curbs and gutters where there are no existing curbs and gutters which can be utilized in whole or in part in the opinion of the City Engineer and by reconstructing and realigning existing curbs and gutters which can be

utilized in whole or in part in the opinion of the City Engineer, and by the construction of such other necessary incidentals and appurtenances as the City's Engineer has found to be necessary or advisable, all as shown by the plans and specifications of the City's Engineer, and by widening where necessary so as to attain the paved width from back of curb which is set out below, said paving to consist of the construction of an adequate asphaltic wearing surface on an adequate base, the exact nature of such improvements being more particularly shown in the plans and specifications which are on file in the office of the City Secretary of the City of Hereford.

III.

The streets and avenues or portions thereof to be improved within the limits fixed by the City Commission are listed below as they have been divided by the City Commission into separate and distinct improvement units. There is stated in connection with the listing of each street and avenue or portion thereof within the limits herein defined constituting each improvement unit the estimated amount or amounts per front foot to be assessed against the owner or owners of properties abutting such street and avenue or portion thereof and against such properties, the estimated total cost of the improvements as to each improvement unit.

There is included in the estimated amount to be assessed against abutting properties and the owners thereof a proportionate part of all costs incidental to the construction of the improvements.

The designation of such streets and avenues or portions thereof and such other information is as indicated in accompanying chart.

IV.

The City reserves the right to omit the improvements to entire units or blocks therein where one or more properties therein are exempt from the lien of the assessment and the owners fail or refuse to execute valid mechanic's lien contracts fixing valid contractual liens against such properties, or to otherwise secure the payment of their share of the costs of such improvements, and any such omissions will not invalidate the lien or liability on assessments made against the properties abutting any streets and avenues or portions thereof being improved.

DONE BY ORDER OF THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS, IN WITNESS WHEREOF WE HAVE HEREUNTO SET OUR HANDS AND THE SEAL OF SAID CITY ON THIS, THE 2ND DAY OF JULY, 1976.

Limits on Leaded Gas Stalled By Government

WASHINGTON (AP) - The government says it won't impose limits on lead in gasoline until October in order to avoid the risk of creating a gasoline shortage during the summer peak driving season.

An Environmental Protection Agency official said Wednesday that imposing the limits now might interfere with the current "extraordinary demand" for both leaded and unleaded gasoline by vacationing American motorists.

Stanley Legro, EPA assistant administrator, said that starting Oct. 1 no more than 1.4 grams of lead will be allowed in each gallon of leaded gasoline. Currently, gas averages between 1.4 to 1.9 grams, he added.

The EPA imposed limits on lead in 1973, but the following year four producers of lead additives challenged the limits in federal court.

A federal appeals court first set aside the EPA regulation, then reinstated it upon a rehearing by the full court.

The regulations received final legal clearance last June 14 when the Supreme Court refused to review the case.

Although lead improves combustion of gasoline, EPA considers lead a hazard because it emerges from tailpipes to settle into the dust of cities and roadside communities, where people may ingest it.

Lead, if absorbed into the body in sufficient amounts, can disturb vision, cause permanent nerve damage and even lead to mental retardation.

EPA invited comment from refiners and the general public on its intention to enforce the original schedule for lead reduction, and indicated it would consider revising the rules if necessary.

Strike Cuts Car Output In Half

DETROIT (AP) - A day-old strike at a key Chrysler Corp. engine plant has forced five car and truck assembly facilities to begin reducing output in half, a company spokesman said today.

An estimated 4,400 members of United Auto Workers Local 372 walked off the job at the engine plant in the downriver suburb of Trenton Wednesday over a local dispute involving working conditions. Negotiations with the company were to resume this afternoon.

Meanwhile, in the separate 11-week-old strike in the rubber industry, a management executive in Cleveland said an industry offer rejected by the striking United Rubber Workers would have provided a total increase of 30 per cent over three years. URW officials demanded at the beginning of their strike that the companies come up with a package providing a 42 per cent increase.

Children Donate Funds To Political Candidates

WASHINGTON (AP) - Adult donors to political campaigns can use their children to circumvent legal limits on presidential campaign gifts, the Wall Street Journal said.

The newspaper conducted a random telephone poll of Democratic and Republican campaign donors and said it found that a few of them are as young as five years old.

There was no indication how many child donors there are.

Parents say the giving is legal because their children's donations come from the youngsters' own money and that the children are asked whether they want to contribute, the newspaper said.

Still, political giving in the name of children could easily become a subterfuge, the Journal said.

Federal law prohibits an individual from giving more than \$1,000 per campaign to any one federal candidate. It also prohibits individuals from making donations in the name of another person.

David Fiske, a spokesman for the Federal Election Commission, told the Journal regulations are being drafted to

prevent using children to evade donor limits. Fiske said the commission intends to require that gifts by donors under 18 must be made knowingly and voluntarily from a fund owned or controlled by the minor.

Judging from the telephone poll, Democrat Jimmy Carter "appears to have by far the biggest kiddie corps" of donors, the Journal said.

It said Francis Hertzog Jr., identified as an ophthalmologist from Long Beach, Calif., and an

old Carter friend, had given the legal limit of \$1,000 to Carter more than a year ago. Seven of Hertzog's children also were listed for donations totaling \$6,000 more, including \$785 from Kate, 5, and another \$785 from Lars, 7, the newspaper said.

The paper quoted Hertzog as saying all the children's donations came from trust funds established for them years earlier.

Pistol Pez Takes On O'Hannon

Pistol Pez Whatley headlines Lions Club Wrestling action at the Bull Barn Saturday night. Whatley, a stocky 230 pounder, faces tough Davey O'Hannon, a brawler from New Jersey. O'Hannon weighs in at 250.

Pistol Pez last week won out in tag action against O'Hannon and Dennis Stamp along with partner Ricky Romero, but Whatley suffered a beating at the hands of his opponents before the mat was cleared. Ex-World Champion Dory Funk Jr. and present World Wrestling title holder Terry Funk are both high on Whatley, not only for his potential as a pro grappler, but for his amateur background.

The Funks, who brought quarterback Tully Blanchard to West Texas State, pointed out that under present rules a man may be an amateur in one sport and a professional in another. Whatley has two years of collegiate football eligibility left.

In semi-main action Saturday night, agile Jerry Kozak will pit speed and experience against the huge cowboy from Longview, 285-pound Don Wayt.

Kozak, often called the "giant-killer" by his mat peers, is a 218-pound junior heavyweight.

The Lawman, ex-deputy sheriff Don Slotton of Abilene, will try once more to put down the shoulders of big Nick Roberts. The two met here six weeks ago, and battled to a rugged draw. Slotton is 6-5 and Roberts, from Lubbock is 6-4. Both come in the ring at 240 pounds.

In the opener, the flashy Mexican youngster, Silver Streak, takes on Wayne Hammer of St. Louis. Hammer is green but ambitious and powerful. Both weigh 230. Hammer replaces an ailing Bad News Brown, scheduled here but injured in a recent bout. Action begins at 9 p.m.

HE SCORED IN 1923 NEW YORK (AP) — When Yankee Stadium first opened in 1923, John Drebing was the official scorer. And when the stadium reopened in 1976 after two years of reconstruction, Drebing, at 84, was the honorary scorer.

Cowboy Vets Getting Ready

THOUSAND OAKS, Calif. (AP) — A sampler of Dallas Cowboy veterans, led by quarterback Roger Staubach, took to the practice field here today to join rookie hopefuls in the getting-ready process.

Reporting along with quarterbacks Staubach and Clint Longley Thursday were wide receivers Drew Pearson, Golden Richards and Percy Howard; tight end Billy Joe DuPree; center John Fitzgerald; and linebackers Bob Breunig, Randy White, Thomas Henderson and Warren Capone.

Quarterbacks and receivers were scheduled to work on pass routes and timing Friday while the linebackers were expected to join in the regular practice.

The rookies held a 15-minute scrimmage Thursday following workouts.

Coaches said a pair of corner back hopefuls had a standout day, Henry Laws of South Carolina and Beasley Reece of North Texas State.

The rookies head north to Irvine, Calif., Saturday to scrimmage the San Diego Chargers rookies.

'Tubing' Linked To Boating Accidents

One person died and another nearly lost his leg in two accidents involving the use of inner tubes on Lake Travis in May.

"Tube riding can be very dangerous," according to William Walker, supervisor of water safety enforcement for the Texas Parks and Wildlife Department. "The tube is unstable in the water; the rider has no control over where he will be towed and is at the mercy

of the boat operator."

"Tubing" is a fast-growing fad on Texas lakes that requires no skill. A large inner tube is attached by towline to a motorboat; when the tube is in position, the motorboat speeds up and the rider hangs on.

In both of the Lake Travis accidents, the rider had fallen off the tube and the boat operator returned to pick him up. The boat operators were unable to see their friends in the water and ran over them, killing or injuring them with the boat propellers.

The majority of the accidents that happen while tube riding are caused by boat operator carelessness — operating the motorboat at excessive speeds, traveling in a zig-zag fashion so that the tube speeds around in a pop-the-whip action. Persons riding inner tubes have been slammed into trees, rocks, docks, houseboats, sailboats and other motorboats. Some have been caught in two ropes and dragged for considerable distances.

Tubing is fun if done safely. The rider should wear a bright-colored, Coast Guard-approved personal flotation device (PFD) and the boat operated at a reasonable speed. If the operator must make a turn, he should allow for the distance the tube will swing. The PFD will keep the rider afloat and the bright color will help the boat operator locate him in the water.

NO INTERRUPTIONS NEW YORK (AP) — The Ringling Bros. and Barnum and Bailey Circus didn't have to take a spring breather for hockey and basketball this time in Madison Square Garden. Both the Rangers in the National Hockey League and the Knicks in the National Basketball Association failed to make the playoffs in their respective sports.

MILWAUKEE (AP) — Gorman Thomas smashed a two-run double in the 13th inning Thursday night to give the Milwaukee Brewers a 5-4 win over the Texas Rangers.

The Rangers sent the contest into extra innings when Joe Lahoud popped a ninth-inning home to tie it at 2-2.

Texas got two runs in its half of the 13th, but the Brewers roared back for the win.

HOUSTON (AP) — Enos Cabell scampered home on Jose Cruz' single in the bottom of the ninth Thursday night to give the Houston Astros a 7-6 win over the Montreal Expos.

Ken Forsch, 2-2, picked up the win in relief and Steve Dunning, 0-3, was tagged with the loss.

DALLAS (AP) — Southern Methodist University announced Thursday the signing of its first woman tennis scholarship player.

The honor went to Kim Steinmetz of St. Louis, Mo. SMU Tennis coach Barbara Camp called Steinmetz "aggressive and improving."

ABILENE, Tex. (AP) — Mark McKillip, all-state fullback from DeLeon, has signed a football agreement with Abilene Christian University. ACU head football coach and athletic director Wally Bullington said McKillip may be tried at linebacker in addition to fullback.

HOUSTON (AP) — The Houston Astros say they have broken off negotiations with Floyd Bannister, the first player chosen in the recent major league free agent draft.

Astros General Manager Tal Smith said Thursday the club and the lefthanded pitcher from Arizona State "are far apart" and added, "We have withdrawn our offer."

FORT COLLINS, Colo. (AP) — Center Jim Czirr of Michigan, a ninth-round draft choice, notified the Denver Broncos on Thursday that he has decided not to play professional football, team officials said.

A team spokesman at the Broncos' summer training camp here said Czirr did not disclose his future plans.

BUFFALO (AP) — Just 38 days after he became a free agent, right winger Rene Robert signed a new multi-year contract with his old National Hockey League team, the Buffalo Sabres.

A member of the high-scoring French Connection line, Robert "didn't really talk to any other clubs" before signing for an undisclosed figure, he told a news conference Thursday.

Robert, 27, has scored 136 goals for the Sabres in four full seasons here. He scored 35 goals and had 52 assists last season.

CHESTER, Pa. (AP) — Offensive guard Dennis Smelser of Texas A&M, called "the best offensive prospect we had in camp" by Coach Dick Vermeil, has voluntarily left the Philadelphia Eagles training camp along with two other rookies.

"Sometimes a kid gets real down," Vermeil said Thursday. "In Dennis' case, he misses his wife in Texas, who is pregnant. And there are a lot of emotional things they go through."

The others who left camp, which opened Monday, were defensive tackle Jose Gonzales of the University of Miami and offensive tackle John Jacobi of West Texas State. All three are free agents.

GOLF

SOUTHPORT, England — Severiano Ballesteros, a 19-year-old Spaniard, shot a three-under-par 69 for the second straight day to take a one-stroke lead over Johnny Miller of the United States after two rounds of the British Open Golf Championship.

MOLINE, Ill. — Fuzzy Zoeller fired a course record 63, including a tour record-tying eight straight birdies, and took a one-stroke lead over George Archer after the opening round of the \$100,000 Quad Cities Open.

PHILADELPHIA — Connie Chillemi of Orlando Fla., shot a two-under-par 69 for a one-stroke lead after the first round of the U.S. Women's Open Golf Championship.

TENNIS

GSTAAD, Switzerland — Americans Jeff Borowiak, Billy Martin, Peter Fleming and Fred McNeil scored victories to advance into the quarter-finals of the Swiss International Tennis Championship.

COLEMAN REMEMBERS SAN DIEGO (AP) — Jerry Coleman, in his fifth season as play-by-play broadcast announcer for the San Diego Padres, laughs when anyone recalls a certain incident during his New York Yankee playing days. It seems some Yankees were staying out late and general manager George Weiss ordered detectives to follow the players.

When the detectives turned in their report on Bobby Richardson and Tony Kubek it said, in effect: "They go to the movies, the YMCA then have a malted milk." The Richardson-Kubek double play combination became known as the "malted milk" boys.

And says Coleman: "I was one of them, too."

Women tennis players from 32 nations will compete in the U.S. Federation Cup matches to be held in Philadelphia's Spectrum Aug. 22-29.

Minor, Pee Wees Bronco Stars Play Tonight

The Bronco Minor and Pee Wee All Stars clash tonight in games beginning at 8 at the Bronco League Park. Both All Star games will be in progress at the same time.

All Star teams for the leagues were named at the annual Kids, Inc. banquet last week as a climax to the baseball season. The teams were divided into American and National League Stars in each of the divisions.

In the Bronco minors, Mike Adcock—selected as coach of the year, and Oscar Williams will guide the National All Stars. The American Stars will be coached by Toby Torres and Tom Rambo. Ronnie Terry was named player of the year in the minors, and Gilbert Silva was presented the Sportsmanship Award.

In the Pee Wee league, the National All Stars will be coached by Weldon Stephan named as coach of the year, and Jim Grimes. The coaches for the American All Stars are Leo Hollowell and Jim Noland. Daniel King was selected player of the year for the pee wee league, while Rodney Torres took the Sportsmanship Award.

Spaniard Leads British Open

SOUTHPORT, England (AP) — Severiano Ballesteros, the handsome 19-year-old from Santander, Spain, was the hero of the day once again Thursday in the second round of the British Open—at the expense of American Johnny Miller.

Ballesteros, who had figured in a three-way tie for the lead Wednesday after an opening-round 69, sprang to life and romped home with another three-under-par 69 Thursday for a two-round 138 and a two-stroke lead.

Miller, the six-foot blond star of the American pro tour, had led the field for most of Thursday's round with a convincing 68. That, added to his first round 72, gave him a four-under-par 140 for two rounds.

Everyone—except Ballesteros—had thought the young Spaniard would begin to fade once the pressure was on. Ballesteros had said Wednesday, "If I play like this, I have a chance." Thursday, he reiterated his feelings. "I'm confident I can keep going, more confident than yesterday, in fact."

Ballesteros, who earlier had worried that any wind might wreck his driving, had visited

the pro shop Thursday for adjustments to give him a lower trajectory.

The uncommon heat, which had burned the 7,001-yard, par-72 Royal Birkdale course until it looked like straw, and had upset the true run of the greens, freshened slightly during the day. Players like Jack Nicklaus and Tom Weiskopf, who Wednesday had criticized the state of the greens, all said they were happier with the conditions.

Nicklaus set the early pace when he got a two under par 70 for a two-round 144. Then came Miller, with a four-under-par last nine holes that included four birdies in the final six. Then Hubert Green very nearly caught Miller. He had a 70—it could easily have been two strokes less—for a two-round 142.
