

Briscoe Plan Offers More State Aid

No New School Taxes Here Predicted

Local School district taxpayers may be getting a break for once if proposals by Governor Dolph Briscoe go into effect after the convening of the next state legislature according to information presented Tuesday night at the Hereford School Board meeting.

Dr. Harrell Holder, who recently attended a statewide meeting on school finance, reported that the local district may receive as much as \$1 million in

increased state aid provided Briscoe's proposed plan for the state to bear 90 per cent of the Minimum Foundation Program (MFP), goes into action. Of course, the legislature must act on it.

Information he received at the meeting in Austin revealed that the local district's share of the Local Fund Assignment (LFA), the amount paid into the Minimum Foundation Program, could be reduced from .0025 to .0019 per cent. This would result in a reduction from \$1,400,000 to \$400,000 in the LFA.

Total property values of the taxed school district property was shown as \$451 million, which is only a slight increase from the \$397 million estimated by the MSA study authorized by the state over a year ago. Other districts were not as accurate as Hereford in reporting 100 per cent of property values and were therefore penalized with much higher values used in the Governor's proposal.

Holder said Austin's value were doubled and one district had over a \$1 billion added in values. Also helping the district is that Hereford is not out-of-line on per pupil expenditures as other districts are.

The basis for the governor's proposal is that the state will take on 90 per cent of the MFP and the local district will pay only 10 per cent. Before, it was financed on a 75/25 basis. The governor told those attending the meeting that he is serious about his no-new taxes promise and that the increased aid to districts could be financed through current surpluses in

state revenue as discovered by Comptroller Bob Bullock.

Holder said Hereford could expect the possibility of no new local taxes and a possible decrease. This would be possible with the state taking on more of the school financing. He feels Briscoe is committed to his proposal and has more power to influence the legislature than any previous governor.

Another bright spot for the district is that the current valuation of the district's property may decrease if productivity of agricultural lands is used as basis for determining values.

Trustee David Hutchins was concerned that actual acreage figures were not used in computing school taxes which would cut out taxes on about 10 per cent of a farmer's land used for unproductive purposes. This would include the homestead, areas for storing farm equipment, county roads, turnrows, and irrigation ponds and ditches.

Holder said this should be the case and would be ASC acre figures are used. He was not sure whether the acres used now provide for the 10 per cent of unproductive land.

He further warned that the productivity measure for taxes was more beneficial to grassland owners such as ranchers rather than farmers in this area since land here is highly productive.

Finally, he noted that the governor's proposal does not provide for an increase in teacher salaries, which he described as unfortunate.

Honored Realtors

Marie Griffin, center, was the honored recipient of the "Realtor of the Year" award during a Hereford Board of Realtors installation banquet

Tuesday night at the Country Club. She is standing with Don Tardy, the board's new president and outgoing president Jeane Coker.

update wednesday

Smokey Returned To Mountains

CAPITAN, N.M. (AP) - Smokey bear, who received so much fan mail he was given his own zip code, has returned to the New Mexico mountain from which he was rescued 26 years ago during a raging forest fire.

Smokey, who became America's symbol of fire prevention after New Mexico game warden Elliott Barker found him clinging with burned paws to a charred tree, died of natural causes Tuesday at the National Zoo in Washington, D.C.

He was 26 years old, the equivalent of 70 in humans.

Smokey's remains were flown from Washington to Albuquerque on Tuesday night, then taken to Smokey Bear Historical State Park.

Presidential Chief Ruled Out

ST. SIMONS ISLAND, Ga. (AP) - Jimmy Carter is considering a new plan for appointing Cabinet members and senior White House staff and has ruled out naming a single, all-powerful chief of staff.

"It is not his intention to have a single person who would function as a chief of staff and exercise authority over all other staff members," Jody Powell, Carter's press secretary said Thursday.

Airlines Strike Ends

LOS ANGELES (AP) - A tentative settlement has been reached in the 18-day strike by pilots against Continental Airlines, a spokesman for the Air Line Pilots' Association said today.

Continental officials could not be reached for comment, and there was no immediate word when flights would resume. All continental flights have been canceled through Friday.

Continental Capt. Dave Saas said negotiators hammered out terms of the tentative pact Tuesday night at a meeting in El Segundo, but he said the pact had not been signed by the parties.

Republican Recovery Seen

NEW YORK (AP) - Sen. John Tower, R-Tex., predicts an early recovery for the Republican party but says business leaders have got to copy the unions and "get down to the business of grass roots politics."

Tower, speaking at the annual meeting of the American Paper Institute's paperboard group, told the business executives:

"Labor doesn't mind ringing doorbells, and answering telephones. Organized labor beats us with organized manpower."

weather

West Texas: Fair today and tonight. Partly cloudy Thursday turning colder north. Highs today upper 60s north to near 80 southwest. Lows tonight 30s mountains and north to near 50 south. Highs Thursday 50s north to near 80 southwest.

Suit Judgment Given

The Wayne Woodward lawsuit won against the Hereford School Board of Trustees continued Tuesday night with a closed session of the board to discuss a judgment filed in Amarillo District Court Nov. 3 by U.S. District Judge Halbert O. Woodward.

It requires the district to pay Woodward \$6,000 in attorney fees, \$11,870 for back pay from the 1975-76 school year and a monthly salary (based on an annual amount of \$12,310) for the 1976-77 school year until the time he is reinstated. It is all based on the judge's order that the district provide Woodward with his former 7th and 9th grade English teaching job or similar position.

The school board took no specific action Tuesday night although it still stands on its original intention to appeal the judgment.

A 30-day time limit is placed on the board to comply with the order. This would be Friday, Dec. 3. If the district paid the total amounts required on about that date, it would amount to \$20,945 if three months salary for this year were counted. The board has 10 days to appeal the judgment from the date it was filed.

The trial on the suit was held in September in Amarillo with oral arguments being heard in Lubbock later. The judge announced his first judgment on Oct. 12 based principally on the first amendment guarantee of free speech.

Woodward had distributed American Civil Liberties Union material during school hours to some of his students, which was argued by Woodward's attorney as permissible under the First Amendment. He was told afterwards to refrain from further distribution such controversial material.

The school attorneys Richard Green and Ernest Langley argued that the administrators did not renew Woodward's contract for the 1975-76 academic year because the teacher had shown "hostile attitudes" and was generally uncooperative.

Woodward is guaranteed a position with the district and is entitled to salary changes after reinstatement in accordance with his experience as if he had worked continuously to the present. He is

Banks, County Offices Close Tomorrow

Both of Hereford's banks will be closed in observance of traditional Veterans' Day tomorrow, however, the city Post Office will remain open.

Spokesmen for both city banks indicated that no business will be transacted tomorrow, however, regular business hours will resume Friday.

A Post Office spokesman reported that mail will be delivered as usual tomorrow. Offices at the county courthouse will also be closed Thursday, but city offices will remain open.

guaranteed all benefits of teachers here and nine per cent interest on money due him from the due date of the money until it is paid. Interest is not figured into the total.

Realtor Of The Year Named

Marie Griffin was named "Realtor of the Year" when the Hereford Board of Realtors held its annual installation banquet Tuesday night at Hereford Country Club.

Mrs. Griffin was cited for her "professionalism within the Hereford board and her work with state and national associations," when a special plaque was presented by James Gentry. She was also commended for civic work, including duties with the United Way and the YMCA.

Jack Haptonstall, Dallas Realtor, was guest speaker for the event and installed the new officers. Haptonstall's topic was "Living by the Code", stressing the importance of the Realtors' code of ethics. Mrs. Haptonstall also had a brief part on the program, presenting a

bouquet to Jeane Coker, outgoing president.

Special entertainment was presented by the Hereford Chamber Singers, who were introduced by Gene Campbell, a Realtor and member of the choir. He announced the Singers had received a special invitation to perform in Romania next summer. Campbell paid tribute to Bill Devers, director, whose "total dedication has made this group possible."

Special guests were introduced by Tommy Bowling. These included a regional officer of the Texas Association of Realtors, local media representatives, and judges of the board's Uncle Sam Essay Contest. Temple Abney recognized student winners of the essay contest who

were present at the banquet.

Don Tardy was installed as president of the board, succeeding Jeane Coker. Other new officers are Mark Andrews, vice president; Linda Warrick, secretary-treasurer; directors Neil Cooper and Marie Griffin, and multiple-listing chairman Gene Campbell.

In his address, Haptonstall stressed three factors for Realtors in living by the code: Never form an opinion until you get the facts; apply the rules authoritatively, and pray for the right answers. He also told his audience that the first great rule of salesmanship is to "approach each day with love in your heart."

The men who wrote the code, said the speaker, must have believed in god and

the free enterprise system. Haptonstall said the Golden Rule applies in the code, and he asserted that "the spirit of the Golden Rule is most vital". He explained the "spirit" as "going the second mile even if you don't expect the other person to do so."

The speaker said he thought the nation's number one problem was moral deterioration. The one thing that all of us can do, if we are Christians, is to pray. Haptonstall concluded.

Bell Savings Possible With Higher Rates

AUSTIN (AP) - Southwestern Bell Telephone Co. says it will save more than it loses if the Public Utilities Commission allows it to raise its rates on private line service (PLS) to such businesses as alarm systems and news services.

If the rates are raised, Bell expects to lose \$3.7 million because it costs \$12 million to provide that service.

Bell is asking the Public Utilities Commission to authorize a PLS rate hike as part of the company's proposed \$298.3 million rate increase in Texas.

By putting the PLS on a cost-related basis rather than a value-to-the-customer basis, Gordon Price of St. Louis testified Tuesday. Bell expects some of its customers will go to Bell competitors. Those competitors are not other telephone companies, but are private firms licensed by the Federal Communications Commission.

Price, general rate and tariff manager for Bell, said some of those firms might use existing Bell lines to provide private line service.

Price said its PLS charge has remained relatively unchanged for 20 years.

CB Antenna Theft Reported

Minor thefts continue to be the major items occupying Hereford police, with another theft occurring here Tuesday.

Vera Haney of 230 Ave. C told officers that a CB radio antenna was taken from her vehicle while it was parked at her home Tuesday.

The antenna was valued at \$16.95.

(See BOARD, Page 2)

Pioneer Study Club Donates Memorials

Memorial books honoring deceased members of Pioneer Study Club have been placed on shelves at Deaf Smith County Library, it was announced during the club's standard meeting Tuesday at Caison Steak House.

The club donated books in memory of the late Mrs. Ralph McCullough and the late Mrs. Allen Bell. The selection given as a memorial to Mrs. Bell was "Panhandle Pilgrimage."

A card of thanks was received and read from Hereford Day Care Center. Mrs. W.C.

Hromas, president, opened the meeting by requesting Mrs. Ted Panciera to read the club collect. Mrs. Art Manjeot lead the group in the U.S. Pledge of Allegiance and Mrs. Bess Werner asked the members to recite the Texas Salute.

Mrs. H.E. Miller was called upon to report a recent food donation. Also, members brought toiletry items to be contributed to Girlstown at Whiteface.

In keeping with the program, "Texas Heritage and Economic Indicators," table decorations

depicted the produce of this region. Miss Roberta Campbell introduced this topic and stressed the premise that Texans need to be more aware of the versatility and abundance of this state.

Mrs. J.V. Pickens delivered the first part of the program by focusing on the products grown here and in the surrounding locale. She cited area resources, including field crops and vegetables, the cattle industry, processing of health foods and irrigation well water.

Complementing Mrs. Pickens' presentation was a report by Mrs. Manjeot, who viewed the abundance of products issued by the state as a whole. Comparing Texas to a nation by itself, she considered this state's size, ethnic representation, vastness and versatility in products.

She stated that it is ranked Number 1 in production of petroleum products and that chemical plants provide one-fourth of the state's manufactur-

ing income. Mrs. Manjeot also said that Texas' gross income of \$5 billion annually is also due to minerals, forestry, 176 major electric power plants and additional factories.

Welcomed as guests were Mrs. Ray Johnson from Florida and Mrs. George Turrentine. Hostesses included Mmes. Delmar Sigle, C.P. Cockrell and A. Petersen.

Others in attendance Tuesday Mmes. Paul Rudd, Frank Ball, Bonnie Brumley, C.L. Craig, Herman Ford, P.H. Gilliland, Henry Hastings, John Heard, O.G. Hill Sr., Tandy Legg, L.H. Lookingbill Sr., Mary Seigler, P.B. Sowell and R.L. Wilson.

Mutscher Denies Desire

BRENHAM, Tex. (AP)—Former Texas House Speaker Gus Mutscher has denied, but in leave-the-door-open style, that he will try to further his career beyond Washington County.

Mutscher was sworn in as county judge Tuesday, a week after his unopposed election, and afterwards he said in a telephone interview that he is enjoying his "little courthouse job." But he hedged on a statement that he has no plans to seek higher office.

"I would say-at this time—that this job doesn't point in any other direction," said the once powerful House speaker. "I like people and I like public life but it higher office has got to be a meritorious thing. I've got too much to do to go around running again."

Mutscher was appointed to his present job by Washington County commissioners last July only hours after a state district court judge released him from a 48-month probation.

He was convicted in 1973 of charges of conspiring to accept a bribe from Houston bank promoter Frank Sharp. The release gave Mutscher a clean slate enabling him to again accept public office.

Despite the scandal to which Mutscher's name was linked, Washington County officials have vowed their complete support, County Commissioner Robert Gaskamp said.

"He's done a wonderful and terrific job so far," said Gaskamp. "That Sharpstown scandal is behind us. Besides, I don't think 99 per cent of the people around here believed it anyway."

"I've always said I thought we had one of the best Houses ever. It was a real All-American team," Mutscher said. He added that he received countless congratulatory telegrams and letters from legislators past and present when his probation was canceled.

The wounds of Sharpstown are deep, but only Gus Mutscher knows if he will try to return to Austin once they are healed.

The University of California has developed the Emerald Riesling by breeding the Johanesberg Riesling grape with the Muscadelle du Bordelais.

Ruby Cabernet is a grape developed by the University of California by breeding the Cabernet Sauvignon with the Carignane grape.

Obituaries

ALBERT G. SCHNEIDER
Services were conducted Nov. 2 in Livermore, Iowa, for Albert G. Schneider, 75, brother-in-law of Henry Wedel, Hereford. The funeral was held in Immanuel Lutheran Church at Livermore, where he was buried.

Mr. Schneider died Oct. 30 in his livermore home. Born Sept. 5, 1901, he married Ann Wedel in Hereford in June of 1927. Mr. Schneider was a retired grocer. Survivors include the widow, two sons, three daughters, a sister and 15 grandchildren.

Newcomers Meet For Luncheon

Several upcoming events were planned by members of Hereford Newcomers Club during their luncheon held Tuesday at Community Center.

At the business meeting, members were asked to bring a dozen cookies or candies to the next meeting and also something to display that has special meaning.

The club's Christmas party was planned Dec. 3 with a progressive dinner beginning at 7 p.m. that evening. Also, a playday will be held Nov. 17 at 10 a.m. at Community Center.

Members are asked to bring lunches to the playday.

Irene McKinster, representing the SOS program at Hereford State Bank, presented the program during the luncheon.

Recognized as visitors by members present included Jan Erise, Judy Hill, Linda Lonenecker and Shirley Peterson.

Auten Promoted

U.S. Air Force Lieutenant Colonel Jimmie D. Auten [center] is pinned with the silver oak leaves of his present rank by his wife, Judy, and Colonel B.M. Smith, commander of the Weather Office, 5th Weather Squadron, U.S. Army Forces Command, Ft. McPherson, GA in a recent promotion ceremony at Ft. McPherson.

Auten Pinned With Oak Leaves AF Lieutenant

U.S. Air Force Lieutenant Colonel Jimmie D. Auten was pinned with the silver oak leaves of his new rank by Air Force Colonel B.M. Smith, commander of the Weather Office, 5th Weather Squadron, U.S. Army Forces Command, Ft. McPherson and his wife, Judy, in a recent promotion ceremony at Ft. McPherson. LTC Auten is chief of operations of the Weather Squadron at Ft. McPherson.

A graduate of Hereford High School LTC Auten holds a bachelor of science degree in

math from Texas Tech University, Lubbock, and a masters degree in management from Webster College, St. Louis, Mo. LTC Auten attained his commission in the U.S. Air Force's ROTC program in 1960.

In Aug. 1969-1970, LTC Auten served with the U.S. Air Force in Thailand. His decorations include the Bronze Star Medal, two Meritorious Service Medals, an Air Force Commendation Medal, the National Defense Medal, Viet-

nam Service Medal and the Vietnam Campaign Medal.

LTC Auten is a professional member of the American Meteorological Society of Boston, Mass., and is a member of the Red Oak Baptist Church, Red Oak, Ga.

He and his wife, Judy and their three boys—James, Jonathan and Jason reside at 3840 Clearwater Drive, College Park, Ga. LTC Auten is the son of Mr. and Mrs. Jim H. Auten, 700 N. Miles Ave., Hereford.

Board

approved at a called meeting at 4 p.m. Thursday.

IN OTHER ACTION the board: --Heard a presentation by HHS Science department chairman Tommy Rosson and teacher Ronnie Wood on the school's chemistry, biology and other related courses.

--Discussed a tax report by tax assessor-collector Fred Fox, which showed the current collections are

\$1,955,551 or 60 per cent of the taxed amount. It is \$200,000 above this time last year due primarily to the reappraisal. Delinquent taxes collections are \$125,350.25.

--Listened to Assistant Superintendent Larry Wartes express the need for more school bus drivers. Five are presently needed. Drivers must be certified according to state law whether they be housewives or teachers.

--Reviewed an enrollment report indicating that 5,609 students are now in the district schools. The first three grades show an increase of 67 students over this time last year. Total enrollment is 14 students less.

--Appointed a textbook committee under chairman Dr. Holder and an advisory textbook committee under chairman Mal Manchec.

--Set graduation on Thursday, May 26.

EPA Forces Expensive Air Quality Regulations On Six Texas Cities

DALLAS (AP)—The Environmental Protection Agency says new air quality regulations will cost approximately \$91 million annually in six Texas metropolitan areas.

The regulations aimed at improving air standards in Beaumont-Port Arthur, Corpus Christi, Dallas-Fort Worth, Houston-Galveston, San Antonio and El Paso will be discussed at hearings next month before they are put into effect, the EPA said Tuesday.

A spokesman for the EPA said the cost of implementing the regulations would be borne mostly by the affected industries. Some transportation-related control measures may have to be paid for by cities.

The interim regulations deal basically with hydrocarbons emissions control and are the result of a decision by the 5th U.S. Circuit Court of Appeals at New Orleans that apparently has cleared the way for the enactment of old and revised regulations, the EPA said.

In addition, some new information shows some cities

have failed to maintain quality standards recommended by the EPA in 1973.

The standards were never established because the state of Texas and private industries took the EPA to court. In some cases, the EPA said, peak levels of pollution in several Texas cities were up to four times the national standard.

The interim regulations, the agency added, will be adopted within the next few months and will be followed by a long-range plan to phase-in additional controls as needed.

The regulations propose the following for the Texas metropolitan areas:

—Beaumont-Port Arthur: New regulations for reduced emissions from large fixed roof storage tanks used for crude oil. EPA said that further reductions will be required eventually in the area before control levels are maintained at or below the EPA standards.

—Corpus Christi: Additional controls to reduce emissions from large roof storage tanks used for crude oil. Here, too, the

federal agency said, further requirements will be necessary to maintain required levels.

—Dallas-Fort Worth: Controls to regulate vapor recovery for gasoline marketing, crude oil storage controls, and transportation control measures. EPA said all reasonable available controls have been applied in the area but because of the severity of the problem, even the interim measures will not be enough to attain the desired control standards.

—Houston-Galveston: Controls for gasoline marketing vapor recovery, crude oil storage controls, ship and barge vapor recovery, organic solvent degrea-

sing, and transportation controls. Houston also faces additional measures when updated information is available on the contamination levels.

—San Antonio: Gasoline marketing vapor recovery, organic solvent greasing control and transportation controls.

No specific recommendations were made for the El Paso area.

The regulations also call for implementation of carpool matching and promotion systems with the systems expected to be in operation before September 1977.

Hearings are scheduled for Houston Dec. 14, San Antonio Dec. 15 and Dallas Dec. 16.

Veterans To Host Pancake Supper

The Hereford chapter of the American Legion, Post 192, will host a Pancake Supper from 6-8 p.m. Thursday Nov. 11, when the members of the organization observe Veterans Day.

Although veterans Day holidays were observed last month by government entities, the true

Veterans Day is set Thursday as is tradition. It will be held at the American Legion Hall in Veterans Park.

The supper is free to all veterans and Legion members.

In support of this holiday and others, the veterans organizations are continuing the support of its program to display flags all over town. The flags, standards and holders are furnished and maintained by the veterans organizations. The flags are placed out for nine different holidays including Memorial Day, Flag Day, Veterans Day, Fourth of July, Labor Day, Armed Forces Day, Columbus Day, Elections Days, Washington's Birthday, and Lincoln's birthday.

Hereford was one of the first towns to sponsor the project, which involves both the Kiwanis Club and the Hereford High School Key Club. Under the coordination of Key Club sponsor Gene Brock, the flags are placed out when needed and taken down.

Merchants participate in the program by reserving flags at \$12.50 a piece.

Whooping Crane Record Hoped This Winter

PORT ARANSAS, Tex. (AP)—A near-record number of rare whooping cranes is hoped for at the Aransas Wildlife Refuge along the Texas Gulf Coast this winter, a refuge official said.

Lee Marlatt, assistant manager of the refuge, said he is hopeful that some 60 whoopers will winter in the remote refuge this year.

"We've never actually had 60 here," he said, "but they had pretty good luck with their hatching this summer. We hope to get 10 young ones this time." Marlatt said 35 adult birds

and nine young have already arrived from their summer nesting grounds in Canada, 2,500 miles to the north.

Refuge officials are optimistic about the possibility of more birds since 57 were counted here last winter and Canadian survey teams reported finding 13 fledglings alive in the 16 nests they were able to locate.

Experts say your auto tires must be cool to give a correct measurement of their inflation pressure.

District Leaders To Clash Friday

By BOB NIGH
Brand Sports Editor

District 4-4A's most potent offense will clash head on against the league's stingiest defense this Friday night in Hereford when the Monterey Plainsmen do battle with the Hereford Whitefaces.

Hereford sports the best offense in the district with an average of 260.1 yards per game. The Plainsmen, on the other hand lead the district defenses with an average of only 175.9 yards allowed to opponents per outing.

Although it may sound like the game matches up the irresistible force against the immovable object, the game pits the team with the best record in the league against one which has fallen to the cellar after being tabbed to win the crown.

Monterey has soared to a 9-0 mark this year behind their tough defense and an offense that ranks second only to the Whitefaces.

The Plainsmen average 240.8 yards per contest, some forty yards ahead of third-place Lubbock, which has a 208.8 average. The other two district members, Plainview and Coronado, possess 189.8 and 182.2 standards.

Coronado is the only district team to have completed the season. The Mustangs closed out with a 4-5-1 mark, including a 2-2 record in the district.

The Mustangs are second in defense as they wait for the rest of the district to close out action this week, excluding Monterey which will continue on into the playoffs.

Coronado allowed foes 200.5 yards per game to rank ahead of Plainview. Hereford, and Lubbock which average 219.1, 238.2, and 294.2 yards game allowed.

The Plainsmen have yet to be scored upon in the first period of any game this year. Overall Monterey has allowed just 48

points to nine foes, a 5.3 per game average.

Hereford has allowed the most points, 172. Lubbock is second in points allowed with 162. Plainview has allowed 124, while Coronado gave up 121.

In the turnover department Hereford has the dubious honor of leading the league, and those same turnovers are a big reason for the Whitefaces demise.

Hereford has lost 19 of 36 fumbles this season, and has given up 11 interceptions for a total of 30 giveaways. Lubbock High ranks second with 16 lost fumbles and seven stolen passes for a 23 total.

Coronado closed out the year with only eight fumbles lost, and the Mustangs threw seven interceptions. Plainview has lost 11 fumbles and has given up seven interceptions, while Monterey has lost 12 fumbles and has had only five passes picked off.

In individual statistics Monterey quarterback Ron Reeves holds the edge in rushing and scoring with 730 yards and 78 points. The only player with a chance to catch Reeves in rushing in Plainview's Robert Long, who has 687 markers.

WTSU To Host Bowlers

The West Texas State University Physical Education Department is sponsoring the Region 16 Special Olympic Bowling Tournament Friday, November 13.

The event will run from 9 a.m. to 3 p.m. in the Buff bowling alley in the school's activity center. Persons wishing more information about the tournament may contact A.J. Luquette of the school's physical education department.

Hereford's Carlee Graves, Roy Martinez, and Jim Lawson rank fifth, seventh, and eighth respectively among district rushers. Graves has 495 yards on 81 carries, while Martinez has 390 yards on 109 totes, and Lawson has 302 yards on 49 tries.

Lubbock's Robert Carrasco has hauled in 18 passes to lead league receivers. Coronado's Eric Blumrosen has 16 to lead Hereford's James McDowell by one for the runner-up spot.

Lawson leads district signal callers in passing percentage with a .432 standard while hitting on 19 of 44 passes. Reeves is second in passing, having completed 23 of 59 tries for a .390 mark.

Kelly Kitchens, who has split time with Lawson as the Herd quarterback is fifth in passing with a .349 standard. Kitchens has connected on 22 of 63 attempts.

Reeves holds a 12-point lead over Martinez in the scoring race, 78-66. Reeves has 13 touchdowns on the ground to account for all of his points. Martinez has seven rushing TD's, three more on passes, and had added six PAT's.

Adrian Splits With Alamo

The Adrian High School girls overcame early jitters to defeat Alamo Catholic 48-35 and raise their season record to 2-0 in basketball action Tuesday night in Amarillo.

The Adrian boys were as fortunate, however, and dropped their game to Alamo by a four-point margin, 47-43.

The Adrian girls got in a hole before the game even started when they inadvertently showed up in the wrong color jerseys and were assessed six technical fouls before the tip off.

Alamo took advantage of two of the six free throws to move ahead. The Matador girls came out of the ordeal shaken up, and found themselves behind 16-4 later in the first period.

After a tension-settling time out, they came on strong to pull to within four before the period ended with Alamo ahead 16-12.

As the game progressed Adrian gradually took charge, and after three periods they trailed by just a single point, 32-31.

Adrian devastated the Alamo girls in the final period, racing to a 17-3 margin to claim the victory. Belinda Jackson led the way for Adrian with 22 points.

Tammy Durham added 15 to the effort, while Susan Skaggs helped out with 11.

The Adrian boys played Alamo virtually even for half of the contest. The Matadors trailed by only two at the end of each of the first two periods, and were behind 20-18 at intermission.

Alamo used a height advantage to dominate the boards at both ends of the court, and in the third quarter a Matador cold spell saw the winners take a 35-28 lead.

The Matadors fought back in the final period, and pulled in within three at 46-43 before Alamo began a stall game.

An ensuing foul accounted for the final point of the night as Alamo escaped with a 47-43

CAIRO, Egypt - Gottfried von Cramm, a former German tennis star in the 1930's, was killed in an auto accident. He was 66.

NORTH HOLLYWOOD, Calif. - Claude Newman, a sports writer and editor in the Southern California area for 50 years, died at the age of 73 following a lengthy illness.

NEVER HIT A MASCOT

PORTLAND, Ore. (AP) - It was the day after Oregon's mascot was painted on the field at Autzen Stadium. End Mark Cramer tried to defend against a pass at midfield, stumbled and fell. He began pounding a fist into the turf. Suddenly, he realized he had been hitting the bill of the Oregon duck.

Right now, 'Bama is on a 5-0 upgrade after a sluggish 2-2 start - "We've let the other people do the coaching the last five games," Bryant says - while Notre Dame struggled to beat Navy and lost to Georgia Tech after beating five consecutive opponents without allowing a touchdown.

Will it be Bryant the legend or Notre Dame the legend? Let's try ... Alabama 17-13.

Last week's score was 46 right, 20 wrong and one tie for a .697 percentage. On the season, it is 421-177-11-709.

Ohio State at Minnesota: Might the Buckeyes be looking ahead to Michigan and might they suffer the same fate that befell Michigan at the hands of Purdue? "There isn't a chance in the world of that for one reason, and you're looking at him," says Woody Hayes... Ohio State 31-14.

Missouri at Oklahoma: With all their troubles, the Sooners still have an outside shot at the Big Eight crown and the Orange Bowl. "We have an opportunity to take it down to the finish against Nebraska," says Coach Barry Switzer... Oklahoma 27-21.

Texas A&M at Arkansas: The Razorbacks ruined the Aggies' perfect 10-0 season a year ago with a 31-6 rout and there is a little revenge motive here ...

Palmer Wins Cy Young

NEW YORK (AP) - Baltimore's Jim Palmer, an All-Star Game reject last July who reversed his field in the second half of the season, won the American League's Cy Young Award for the third time.

The Orioles' right-hander joined Sandy Koufax, formerly of the Los Angeles Dodgers, and Tom Seaver of the New York Mets as baseball's only triple winners of the coveted pitching award.

Palmer, also named the American League's best pitcher in 1973 and 1975, was an easy

By HERSCHEL NISSENSON

AP Sports Writer
NEW YORK (AP) - Bear Bryant is about to visit Notre Dame for the first time and it is questionable whether college football's book of legends can stand the strain.

"I've been to South Bend," Bryant notes, "but I've never been in the arena. I'm looking forward to it. Notre Dame is probably the football capital of the world."

Whoa there, Coach. Isn't Tuscaloosa the football capital of the world?

"Only in Alabama." Alabama and Notre Dame have met twice - in the 1973 Sugar Bowl and the 1974 Orange Bowl - with Notre Dame winning both by a total of only three points. For that little difference, plenty was accomplished. Notre Dame won a national championship and may have cost Alabama two of them.

Right now, 'Bama is on a 5-0 upgrade after a sluggish 2-2 start - "We've let the other people do the coaching the last five games," Bryant says - while Notre Dame struggled to beat Navy and lost to Georgia Tech after beating five consecutive opponents without allowing a touchdown.

Will it be Bryant the legend or Notre Dame the legend? Let's try ... Alabama 17-13.

winner this time over runner-up Mark Fidrych, Detroit's flashy "Birdman" who took baseball by storm in his rookie season.

Palmer received 108 points on 19 first-place votes, four seconds and one third from the Baseball Writers Association of America. His total more than doubled that of Detroit's young right-hander, who had 51 points based on five first-place votes, seven for second and five for third.

California's Frank Tanana was a distant third with 18 points.

Tide Picked Over Irish

Texas A&M 20-10.

West Virginia at Pitt: The Mountaineers won last year on a last-second field goal. Anything can happen in this neighborhood rivalry, but Pitt is feeling its oats as the new No. 1 team in the land ... Pitt 35-14.

UCLA at Oregon State: Will the Bruins be looking ahead to Southern Cal? Probably, but no matter ... UCLA 38-6.

Washington at Southern California: Will the Trojans be looking ahead to UCLA? Probably, but no matter ... USC 38-6.

Illinois at Michigan: Will the Wolverines be looking ahead to Ohio State? They'll probably be

looking back to Purdue, and Illinois will suffer the consequences ... Michigan 41-7.

Purdue at Iowa: What can the Boilermakers do for an encore? Would you believe the Upset Special of the Week ... Iowa 23-16.

Florida at Kentucky: Despite the loss to Georgia, the Gators can capture a share of the Southeastern Conference crown for the first time with a victory here. Does there always have to be a first time? Second Upset Special ... Kentucky 24-17.

Georgia at Auburn: "Champions win their own titles," says Georgia's Vince Dooley. "The Southeastern Conference cham-

pionship game is at Auburn next Saturday, and that's a tough spot to play." But the Bulldogs can make it to the Sugar Bowl with a win ... Georgia 34-17.

Nebraska at Iowa State: "We're a long way from the Orange Bowl," says Nebraska's Tom Osborne, "but we're closer than we were last week." The Cornhuskers will have to put the clamps on Iowa State's explosive offense ... Nebraska 27-13.

Colgate at Army: The Red Raiders still are undefeated but the Cadets may be unkind enough to spoil next week's looming battle of the unbeaten with Rutgers ... Army 24-17.

Shockers Tabbed MVC Basketball Favorites

TULSA, Okla.--Wichita State basketball coach Harry Miller departed from standard pre-season banter by forecasting that his defending Valley champion Shockers were going to be a good team and maybe even better than last year's squad. "We'll be quicker and more mobile than last year," said Miller. "We should be able to do more things on offense and will correspondingly be better on defense."

On the strength of those words Wichita State came away from the annual Valley Tipoff Luncheon last weekend as the team favored to take the championship, but the decision was far from unanimous.

Two separate polls were taken at the Tipoff function, one by the coaches and one by the sportswriters and broadcasters, and the Shockers were slim favorites in both to retain the Valley crown. The coaches gave WSU 54 points and 4 first place votes, Southern Illinois also had 54 points but only three first place votes. Drake was picked to finish third (45 points), West Texas State fourth (35), New Mexico State fifth (27), Bradley sixth (25), and Tulsa seventh (12).

The writers and broadcasters picked the finish to be the same as the coaches and the point totals were comparatively close, also. WSU tallied 144 points with 12 first place votes, while Southern Illinois had 142 points and 10 first place nods. The media poll also showed a close battle for the third spot between Drake (92 points) and West Texas State (91 points), New Mexico State had 64 points, Bradley 51 and Tulsa was last with 32 points.

The Shockers return two-time all-Valley center Bob Elmore, along with the Valley newcomer of the year, Lynbert "Cheese" Johnson. Starting guard Bob Trogele is also back. Projected

into the starting picture for the Shockers is guard Charles Brent and freshman forward Ray Shirley.

The fact that Southern Illinois has everybody returning, including Valley player of the year and all-America candidate Mike Glenn, from a team that had a 9-3 Conference record was the reason for the Salukis being given a chance at the title. Included in the returnees is the Valley's best field goal percentage man, Corky Abrams. The 6-7 senior shattered the field goal percentage record last year by connecting on 76.7 per cent of his shots in Conference games. Southern Illinois has added Abrams younger brother to the squad, 6-5 Wayne, and the Salukis recruited a 6-9 center from Cedartown, Georgia, Alfred Grant, who is expected to see considerable playing time this season.

Drake was voted to finish third in the polls, somewhat of a surprise considering their 3-8

Valley record from last year. The Bulldogs have unanimous all-Conference player Ken Harris back and guard Terry Benka is returning after having to sit out last year with an injury. Add to this the fact that Drake has 7-0 Rod Littlepage back, along with 6-11½ Chad Nelson and a raft of quick guards and it is easy to see why the Bulldogs figure to improve on last year's showing.

Every coach in the Conference was optimistic about the coming year, signaling that the Valley will again be strong from top to bottom and Bradley coach Joe Stowell summed it up by saying "I know Bradley can beat any of the teams in the Valley." The Braves were picked to finish sixth in the polls. If Stowell is correct in his estimation and Bradley does finish as they were picked, it means last year's race that lasted until the final game of the season before a champion was picked may look like a cakewalk in comparison to 1976-77.

New Farm Built For Ag Students

The Hereford Independent School District has recently purchased a four-acre tract of land just east of the Roland Stables, north of Hereford. The land is to be used by the Agricultural Department as a farming project.

The Department has already constructed metal barns and pens with the capacity to handle 80 show pigs. The pens are of the latest design with electricity and automatic heated waterers.

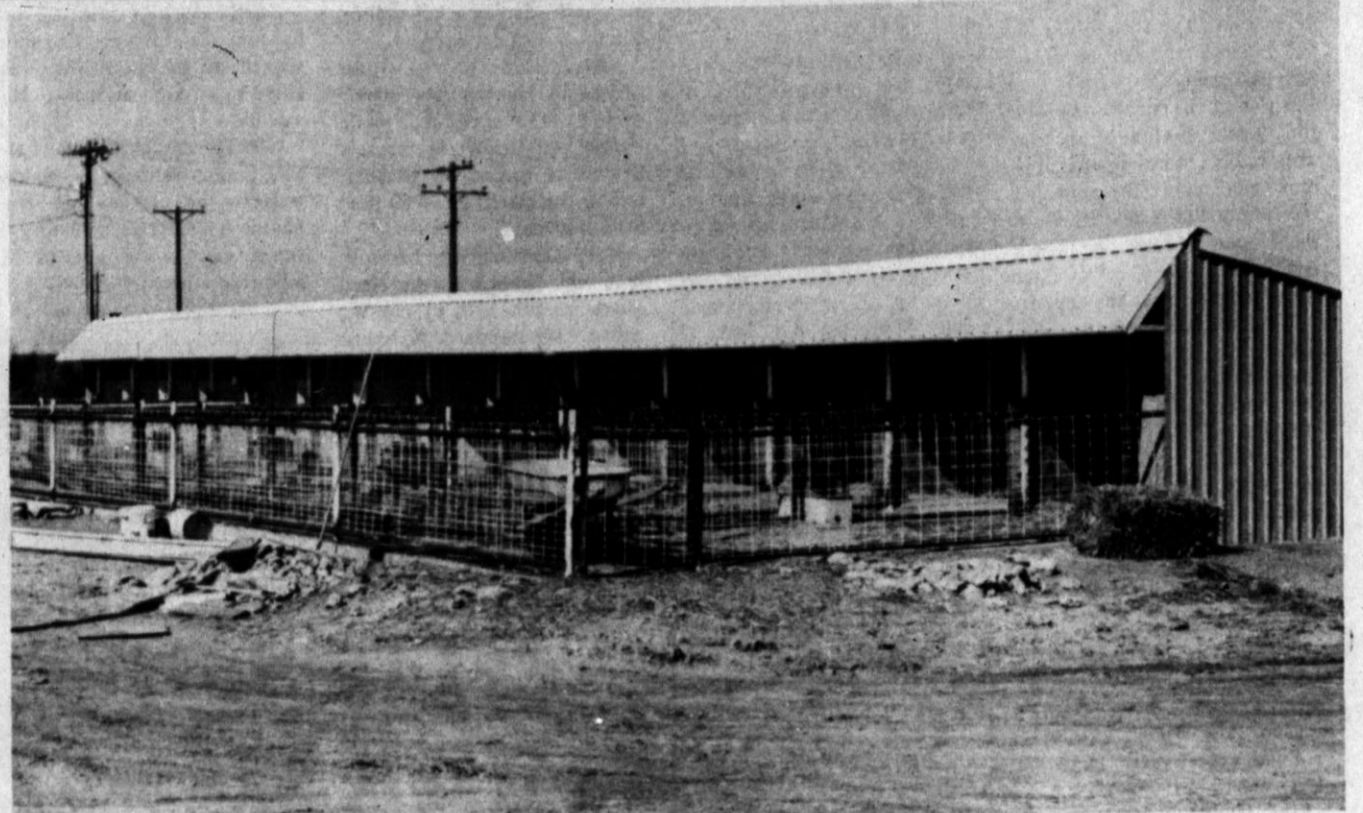

Part of the pens have a concrete floor. Upon final completion there will be four barns and the remainder of the acreage will be used for grazing. These barns will be used for bedding, working, washing and holding of the livestock.

The farm is to be used by students who do not have access to a farm and are in the Agricultural Department. It is intended upon the number of students enrolled at the time, they can feed 4 hogs; 2 to 4

lambs and 2 steers each.

The students plan to attend Amarillo Fat Stock Show in January and Hereford Stock Show Jan. 27-29. They will also attend the Houston Stock Show in March.

The sheep barns should be completed within one year and the total improvements on the farm should be completed within two years.

These are New Hog barns being constructed as part of a complete Farm to be finished within the next two years.

Is It A Green Astronaut Or Not?

Mr. Perkins high school Physics class applied the laws concerning rockets to their physics studies by actually shooting up a rocket.

Shepard, thus the rocket was forced to a crash landing. But it was safely recovered by Ramon Castillo.

The class tried it again this time Marc Strange borrowed a little green lizard, alias "Limpid Lizard," from the Biology department. Rowan Alexander shot the lizard into the sky after Jerry Koenig, Tony Albracht countdown. Because of the added weight it only reached the altitude of 643 feet.

The rocket traveled only 500 ft. from the pad and our recovery man Ramon Castillo recovered the rocket and passenger before it hit the ground.

Last Wednesday Robert Holder brought his module rocket and they went to the football field north of the school. Through the measures of Mark Powers it was found to reach the height of 733 feet on the first lift off. The wind then caught the parachute and carried it about 1500 ft. away from the launching pad.

The class then in chase was hampered by weeds, trees, houses, cars and David Smalts was rerouted by a Getman

Buggy Bumpers Win First In Football

The bragging rights for the best intramural football team has been settled. It was settled when the intramural football program came to an end last Oct. 26. The first three places went to the Buggy Bumpers, Mary Jane Gang and the Mafia. Intramural Football started several weeks ago and is just now being completed. There was seven teams in this years program. They were Buggy Bumpers, Mary Jane Gang, Mafia, Jayhawks, Disco Ducks, Moonshine Gang and Big Bad Brass. Only three of them received plaques.

This year there will be no Super Bowl. There didn't have to be a playoff game because the Buggy Bumpers won it out right. They had the best record with five wins, no losses, and one tie. The Mary Jane Gang was the runner-up team with a record of four wins, 1 loss and 1 tie. The third place team was the Mafia. They had a record of four wins and two losses.

Here are the winning teams with their rosters. Buggy Bumpers first place-Steve Cortez, Greg Hacker, David Sledge, Don Brockman, Randall Herr, Jerry Koenig, Kent Herring and Doug Rienart. Mary Jane Gang second place-Scotty Taylor, Timmy Sandoval, Ismael Adams, Hector Ramirez, Gary Scott, Mark Walton, Billy Stubbs, and Richard Moya. Mafia third place-Bobby Barrientes, Roy Mendoza, Quete Mendoza, Ricky Garcia, Arnulfo Barrientes, Santos Luna, Eloy Marquez, Lucas Longoria, Eddie DeLion, and Ramon Cantu.

Football is over but there will still be many intramural sports throughout the school year. If you are not participating in a sport now, go and sign up for Ping Pong singles or doubles, for that is the next intramural sport which will get under way shortly. Ping Pong is for both girls and boys.

Carter, Ford Debates Held

History classes of H.H.S. staged their own debates between the Presidential candidates.

The debates were held to better acquaint the students with the views of the candidates.

The candidates had two advisors in the debates. The advisors would give advice to the candidates while the opponent answered a question or rebutted his opponent's answer.

The debate was held in the general format of original debates with a moderator and reporters asking the questions.

Debates were held in the first, third, fourth, fifth and sixth periods. Each class had its own Carter and Ford.

There were two sections to the debates: Foreign Policy and Defense and Economic and Domestic Issues.

There were two sets of Fords and Carters; one for each debate topic.

A variety of topics were discussed in the foreign policy and defense debates. Examples were: Defense budget, Arab embargo, China and Taiwan relations, Panama Canal, Vietnam, and U.S.A. arm sales.

A variety of topics were discussed in the second debate and they were the tax bills and unemployment.

In the debates representing Carter were 1st period and 3rd period - David Carnahan and Tandy Walden; 4th period - Larry Landers and Colleen Rudd; 5th - Karla Polk and Ira Robinson, 6th period - Tony Albracht.

Ford 1st period and 3rd - Ricky Switser and Marc Strange; 4th period - George Yocum and Phillip Zinser; 5th period - Patty Hendon and Melinda Gonzales; 6th period - Nancy Lomenick and Chris Southward.

The government class of H.H.S. also was extremely involved in the telling of the presidential elections in taking a poll of the whole student body at H.H.S. Results contradicted the results of the elections in the nation. President Ford won by a margin of 60 votes. Percentage wise the tally was 53 per cent Ford and 47 per cent Carter.

Also a poll was taken by the government classes races for Senate and House of Representatives.

Students were asked their preference for Senate and

House of Representatives.

Running for House of Representatives were Congressman George Mahon and Republican Jim Reese. The total was extremely close. The candidates ended up in a dead heat: Mahon with 517 and Reese with 518.

In the race for Senate, Senator Bentsen won overwhelmingly over Steelman 61 per cent to 39 per cent.

Mrs. Kelso, History department chairman expressed satisfaction in the debates. He felt the students responded well to challenge of debating. He felt the students as a whole did very well in gathering the information and figures needed in the debate.

After each of the debates a poll by show of hands was taken and the overall winner of the debates was Jimmy Carter, coinciding with the feeling about actual debates between Carter and Ford.

FTA Holds District Meet

FTA had a district meeting in Canyon, Tuesday, Nov. 2. FTA members from all over District XVI; 500 students and sponsors attended. Hereford has a candidate for District XVI Financial Secretary. She is Kay Zetche, a sophomore. Members will present a skit, and hand out materials during Kay's campaign.

Kay is a new member of FTA but has been active in FTA during her junior high years. She now is the piano accompanist for the girl's choir. Annual District XVI convention is for the election of officers and other business. Workshops will be held to help members know more about FTA and the teaching profession.

The election of officers will be conducted by Melinda Gonzales of Hereford who is the Recording Secretary of District XVI. The mixed choir of Stanton Junior High will sing at the

second general session on Tuesday afternoon.

Doug Morris is the director. Hereford will have seven voting delegates who will participate in the election and other business. Other recent activities of FTA include Mr. FTA and Miss FTA speech contest held at Amarillo High School on October 19. Mr. FTA from Hereford is Gilbert Carasco and Miss FTA is Leanne Hughes. Both received good ratings from the judges. Eighteen FTA members are from all over. District XVI participated.

FTA's major money making project is now in progress. Sixty cases of candy were ordered and are being distributed by FTA members. The money that FTA makers is used for expenses to State FTA Convention in San Antonio in February, and also give scholarships to FTA seniors who plan to be teachers.

Government Classes Visit Courtrooms

Government students at Hereford High School have been studying the functions and procedures of the court.

The students in Coaches Ashby, Bourland, and Stewart's rooms met at the Courthouse during the first and third periods.

When asked what he hoped the students to gain by attending the trial, Coach Ashby stated that he "hoped they mostly gain knowledge of court procedures." Coach Bourland hopes that by experiencing a trial, the students will learn about the

punishment one can gain from committing a crime.

The majority of the students felt that the defendant in the trial was guilty as charged and should be punished. They also had mixed emotions about the defendant and his family.

The main topic that was discussed in the government class was that of the trial.

According to Coach Ashby, this was one happening that the students really got involved with. Most of their personal opinions were very strong and really had been given thought to.

Only Girl Golfer Wins Singles Medalist Honor

In the West Texas University High School Invitational Meet for girls, on Oct. 22, the first and only Hereford High girl golfer won singles medalist. Barbara Scott, a sophomore, competed in a three and four 4A District contest at Hunsely Hills in Canyon.

Barbara shot an 86, which was good enough to give her the singles medalist. Second went to an 88 score. Barbara was competing against 63 girls from many schools around the

Panhandle including, Borger, Amarillo, Pampa and Plainview among others.

Barbara has been golfing for about a year and a half. Her best ever has been a 83 at the local golf course. She will compete next spring when the tournaments start again.

Slavery was introduced into the American colonies at Jamestown, Va., in 1619, and existed until abolished by the 13th Amendment to the Constitution in 1865.

ICT Enters Contest

Industrial Cooperative Training, Cosmetology, and Building Trades represented the Vocational Department of Hereford High School at the District 6 Vocational Industrial Clubs of American Leadership Conference at Brownfield High School recently. About 30 students and 3 sponsors attended.

Mark Bartels, Bernadette Jesko, Ricky Garcia, Loyd Bridges, Marcial Limas, Mark Fowler, and Terri Seiver represented I.C.T. in the opening and closing contest. Mark Bartels, Eddie DeLeon, Mike Harris, Scott Ward, Tony Lee, Bernadette Jesko, Kevin Glenn and Beverly Edwards demonstrated a Club Business Procedure Contest. Beverly Edwards also demonstrated an Extemporaneous Speech Contest.

Mark Bartels, I.C.T.-VICA President and District 6 Officer and Delegate, led the sargent-at-arms training session and

Beverly Edwards, Cosmetology VICA President and District 6 Vice President, led the vice president training session.

The Leadership Conference is an annual training session for individual Club officers and new VICA members. District 6 consists of 82 VICA Chapters and approximately 1800 VICA members.

Several Hereford VICA members plan to campaign for District Officers at the District Contest which will be held in Waylan Baptist College on March 4th and 5th. The state contest will be in Fort Worth on April 29-30. The National Contest will be in Cincinnati, Ohio in June.

members.

At the pep rally Friday, Oct. 29, the winners were announced for each category. The categories were, most scariest, Johnny Escamilla; funniest, Margaret Brumley; most life-like, there was a tie between Mindy Mason and Lee Ann Umsted; most original, Kim Cochran; Best all Around, Dana Hutchins.

The winners received a bag of candy from cheerleaders. Special appearance was made by Suzanne Duval to present the winners with their candy. At the end of the Pep Rally all the lights were turned off and an area of the floor was decorated by eight pumpkins in the shape of an H.

CLARKS
SPRING CREST
CUSTOM DRAPERIES

When you're looking for the finest in custom made draperies, you need look no farther than Clark's. They are professionals in the field of custom draperies and sell the best with Spring Crest Draperies. Clark's is also the exclusive dealer for the Spring Crest CreStrand...the elegant window decor. So beautiful, so effective that it has been referred to as "the waterfall drapery".

Spring Crest draperies are beautiful and long lasting with a steel spring pleater to assure your home of beautiful windows as long as you desire.

The Clarks will come to your home and personally measure your windows and walls to assure a proper fit when they return to install your new drapes. They even have a custom traverse rod bender to fit your bay window neatly.

The business is entirely family owned by Jim and Leatrus Clark and their son Rich and his wife, Pat. With their combined experience and know-how, you can be assured of a beautiful job.

They offer many other services such as a drapery cleaning service, carpet steam cleaning, decorator curtain rods, custom made cornice boards, bedspreads and a fine selection of decorator home accessories. You'll find this beautiful shop in the Sugarland Mall and while you're talking about your custom drapery needs, they'll even fix you up with a good cup of coffee.

BICENTENNIAL FACTS

The Mischianza, which took place on May 18, 1778, in Philadelphia, was an extravaganza, organized and directed by Captains Andre and De Lancy to honor Gen. Howe on his departure as Commander-in-Chief of the British army in America. It featured a grand regatta of decorated barges, gun salutes, a mock tournament between knights, a banquet, fireworks and a concluding exhibition in which an allegorical Fame saluted Howe with the words, "Thy laurels shall never fade," recalls The World Almanac.

Paul Harvey News

In A Lather

London is in a lather. The bottom had dropped out from under England's money. Under Britain's last Conservative government the value of the pound stabilized; under the current Labour Department, it has shrunk by almost one-third in 18 months.

Britain is an excellent example of what not to do.

"Unemployment" was the battle cry of the British election of 1945.

Britain's Laborites were demanding and promising "full employment." And on that promise they got elected.

In and in-and-out years since, during their "in" years, the Labor government has taken over-nationalized—railways, public utilities, coal mines, the steel industry and most truck transport. The results have been a total disaster for the consumer, the worker and the country.

Consumer prices in nationalized industries have increased much faster and higher than in private industries. In a span of 13 years the average price increase of the products in government-run industries increased 95 per cent. In private manufacturing, only 18 per cent.

And in the run-down of the nationalized industries, thousands of British workers lost their jobs.

Britain, of all places, is now

having to import coal!

Further, the Labor government had promised to improve the condition of the poor. Now there is an endless wait for hospital beds. You'll wait two years for a cataract operation. And so Britain's doctors are leaving Britain twice as fast as British medical schools are producing more.

The Socialists promised "housing," with the result that millions of former homeowners have been taxed out of homes, are now condemned to live in large tower blocks to which the tenant is virtually bound for life.

Council tenants consider themselves as shackled in their "cells" as were Britain's medieval serfs.

Twenty per cent of Britain's adult males are now unemployed, at least half of them because the pay-and-fringe benefits for not working add up to more than the wages for working. The resultant corruption of the spirit contributes there, as anywhere, to all manner of crime and violence.

In wartime, Britain's government upkeep amounted to 49 per cent of that country's gross national product. Today the government take is 64 per cent.

Britain's Prime Minister James Callaghan says the trouble is that the British people have not been earning their standard of living for years.

Now both their fiscal welfare and their freedom are at stake.

Here is a Labor leader in effect telling them that they will either go back to work or they will have to be put to work by a dictator.

Man Has Two Wives

SIoux FALLS, S.D. (AP)— Patricia Martin says she was duped into thinking she was Bob Martin's only wife. His death three weeks ago has forced her to turn to welfare to feed her five children, she says.

Mrs. Martin learned after her husband's death she was one of two wives. Martin, South Dakota's director of economic development, led a dual life, heading a household in Sioux Falls and another with a wife and four children in Pierre 200 miles away, state Atty. Gen. William Janklow said.

"I'm a very simple person. I'm a mother first and I was of the opinion that Bob was married, had three children and was divorced," Mrs. Martin of Sioux Falls was quoted as saying in an interview with the Watertown S.D. Public Opinion.

"I was brought up in a family that believed you washed dishes and scrubbed floors before you asked for any assistance whatsoever. Now I've been reduced to having to beg for ADC Aid to Dependent Children and food stamps.

"My humility is gone. My pride is gone. I don't have a shred of dignity left. But I'm protecting my children. I can go through anything but those children have to eat."

Martin's last paycheck has been withheld until a court decides who will administer the estate. Lawyers for the two families have begun negotiations, though no will has been found and Patricia Martin, 33, who said she married Martin in 1968, can't find a marriage license.

"I remember signing a document, that's all. He took care of it. They have tried to check it out legally but obviously I was duped and I don't know why," she said.

Asked Sunday about her husband's two wives, Martin's wife in Pierre, Mary Lou, said, "This is not fact." She would say anything else, but a son said later the matter was in an attorney's hands.

"I believe his other wife was

Ferry Docks At Remote Fishing Village; Alaska Loses Another Frontier

PELICAN, Alaska (AP)— Another slice of frontier life in Alaska vanished forever in the predawn darkness Tuesday. The gleaming state-run ferry LeConte linked up this fishing village deep in the misty Alexander Archipelago with mainland civilization.

For some, the 200-mile round trip maiden voyage of the LeConte from Juneau on Alaska's southeast coast to

Pelican on Chigof Island was a cause for celebration.

"You can't stop progress, even in Pelican," beamed Big Rosey, the hefty saloon-keeper, ad hoc banker and mother figure to the 200-odd men, women and children who make their home in this 40-year-old cannery town. "We've got it made now."

For others, however, the first of a once-a-month appearance by the 250-passenger auto ferry represented the untimely end to a disappearing lifestyle.

"That ferry is the ugliest thing I've ever seen come in here," growled Pelican's 25-year-old mayor, Bruce Anderson, as the LeConte tied up to the town's new \$360,000 dock.

"A lot of people like myself came here to escape from civilization, but a majority of the people want it."

The majority prevailed because of the unquestionable need for low-cost transportation and freight service to the town where previously all supplies must come by barge and all passengers by air.

Before the ferry, Pelican residents had to pay up to \$160 to charter a plane to or from Juneau. And it cost Rosey nearly \$100 a case to ship in beer.

In contrast, a passenger ticket on the LeConte, the smallest of six state ferries which ply between a dozen towns on

Alaska's Inland Passage, is \$12 one-way. The bill for the first freight load out of Pelican, a big fork lift bound for Seattle for repairs, was less than \$300.

Bella Hammond, the wife of Gov. Jay Hammond, headed a party of dignitaries among the 70 or so passengers who made the inaugural 16-hour round trip voyage, which was marred by an outbreak of sea sickness as the LeConte rolled through 12-foot seas while steaming near an open passage to the stormy Gulf of Alaska.

"Everything would have been

okay I think if I hadn't eaten the poached salmon for lunch," said one female passenger as she emerged pale and shaken from a crowded restroom.

Sharing the limelight with Mrs. Hammond's official party was an unofficial delegation of Juneau bar owners and their friends, who spend the entire round trip ensconced in the LeConte's lounge.

"We may not break even fares to and from Pelican, but we'll probably make up for any losses in the bar," said one LeConte crew member.

RELO

FAMILY HOMES REAL ESTATE

Gaillardians

Southwest Texas State University's 1976 "Gaillardians or all-campus favorites, were presented at "Sounds of SWT," a musical and awards presentation held Friday night (Nov. 5) in Evans Auditorium as part of SWT's 1976 homecoming. SWT's 12 Gaillardians are, left to right, Jerry King of San Antonio, Joyce Smith of

Silsbee, David Guerra of San Antonio, Kay Fink of Houston, Dale Chafin of Longview, Joy Jeane of Laredo, Joe Sheffy of Hereford, Sally Haenelt of Spring, Ken Wise of San Antonio, Sherry Blankenship of Lubbock, Steve Ferrell of Alvin and Kathy Frost of La Porte.

Letter To The Editor

Dear Editor,
Friday was definitely "Hereford Day in Amarillo". As hundreds of educators and friends of education gathered Friday morning for the District XVI convention, they were greeted by the sound of music as they entered the Amarillo Civic Center.

That music came from none other than the Hereford High School Band. The band was joined by the Hereford High School Choir as they presented a tribute to the bicentennial. These students and their coordinator Randy Vaughn and Don Moore are to be commended and complimented on a job well done. They sounded great and they looked great.

Also, to add to the "Hereford program," four Key Club members presented the colors, and were equally impressive.

Students, we're proud of you and for you. Thank you from your teachers.

Sincerely,
Carolyn Waters
Stanton Jr. High Teacher

Dear Editor,
As the Daylights Savings Time (DST) has come an end for the year 1976, I would like to express my opinion of the subject.

The farmer are the ones that are feeling that bunch that has out the (DST) into law and if those farmers should decide to go on a strike against the DST organization and not raise any more food as long they forced DST, then would they have sense enough to discontinue DST for ever then.

No they only think of themselves.

And if the parents should sue them for their children being killed on account of DST, which should be done.

One child and one human is worth more than all the DST's they put into effect.

No one likes the Daylight Savings Time.

There were nine people killed

in Dallas a year ago on account of that rotten DST law. And that is just one place in USA. Just think about the other 48 states that go on DST and also the rest of the Texas cities.

No all they can think about is themselves.

We don't need people like that running our country.

There is one thing they cannot change—the sun. But they sure would like to if they could.

Mrs. Ole Larson

Granado Graduates

Sergeant Daniel Granado, son of Mr. and Mrs. Alvino Granado of 800 Brevard St., Hereford, has graduated from the Air Training Command Noncommissioned Officer Leadership School at Randolph AFB, Tex.

The sergeant, who was trained in military management and supervision, is a computer operator with the Air Force Military Personnel Center at Randolph.

Sergeant Granado is a 1970 graduate of Hereford High School. His wife, Mary Jane, is the daughter of Fidencio Horta of Boling, Tex.

The Mormon church was organized in Fayette, Seneca County, N.Y., by Joseph Smith, April 6, 1830.

For thousands of years dates have been one of the chief foods of the people in the dry lands near the Mediterranean sea.

Jones Attend Best Western Convention

Jack and Doris Jones of the Best Western Red Carpet Inn of Hereford joined 2,500 other Best Western owners and operators at the lodging chain's recent annual convention in Phoenix.

Members in attendance represented Best Western's 1,783 motels, hotels, and resorts throughout the United States, Canada, Mexico, Australia, New Zealand and the Caribbean. Best Western is the largest lodging organization in the world.

The theme of the convention, "Yesterday...Today...and Tomorrow," focused delegates attention to the challenges posed by the rapid growth of Best Western is currently experiencing as well as operating problems including the energy crisis. Multi-media presentations and major addresses were aimed at defining Best Western's role in a changing travel industry.

Convention highlights included groundbreaking ceremonies for Best Western's new \$10 million International Headquarters/motor hotel complex adjacent to the Arizona Biltmore resort in Phoenix. Best Western owners and operators toured their International Marketing and Reservations Center, a facility generally acclaimed the most sophisticated in the industry. Best Western guestroom sales through the Reservations Center will top \$46 million in 1976, a 35 per cent increase of 1975 volume.

Delegates also visited the Best Western Idea Display Center which featured a record 170 exhibits showing new

motels/hotel products and promotion ideas. A special Education Day at the convention offered operators 12 inkeeping seminars conducted by leading lodging industry experts.

POINT PLACE, Ohio (AP) — Beau, a 180-pound St. Bernard, has become the proud owner of a new pair of shoes, which makes him somewhat of a celebrity in his neighborhood.

Mrs. Mary Bilger, who is keeping Beau for a married daughter, said the dog's veterinarian recommended the shoes to help arrest an infection on the dog's paws. The shoes were intended to discourage the dog from licking his paws, which aggravates the infection and discourages healing.

Beau's new black shoes which lace up the front, were custom-made by Nick DiLorenzo, a retired shoemaker.

Mrs. Bilger said Beau seems fairly pleased with the shoes, though he appeared a little bewildered when they were first laced on.

Awards Presented To SWPS Workers

Award certificates went to three Hereford residents out of a total of 113 employees honored Tuesday night (November 9) by Southwestern Public Service Company at a service awards dinner in Amarillo for service ranging from 5 to 35 years.

A service emblem for 20 years was presented to Raymond L. Dement by Berl M. Springer, president and chief operating officer of the company.

Among the group receiving awards for 15 years of service was Jake Webb.

The first period of service honored in the Southwestern program is for 5 years, and

Kelly Lane Tyler was among this group.

This was the third of four service award dinners held throughout the company's territory. A total of 329 employees, with a combined service of 6,385 years, were honored.

The Eiffel Tower is 984 feet tall and was built for a World's Fair in Paris in 1889.

Connecticut, Rhode Island, Massachusetts, Vermont, New Hampshire and Maine are the six states making up the northeastern United States and New England.

ARMED PHARMACISTS
LITTLE ROCK, Ark. (AP) — Thirty-one area pharmacists met at the police department recently to learn when and how to use their guns for self-protection during pharmacy robberies.

Charles West, executive director of the Arkansas Pharmaceutical Assn., said pharmacists in New Orleans reduced the number of drug store robberies in 1975 by banding together and training themselves in the use of guns. He said Little Rock pharmacists read about it in a trade journal and decided to try it.

West said figures compiled by Senator Birch Bayh (D, Ind.) showed that in 1975 35 million doses of controlled drugs were stolen in burglaries or robberies of the nation's pharmacies.
