

Dewey Plays Prominent Role In Primaries

Governor Desires Defeat Of Three GOP Nominees

ALBANY, N. Y., Aug. 20 Although not on the ballot, Governor Thomas E. Dewey played an influential role in the three top New York state primary election contests today.

The governor was one of a relatively small number of voters expected to ballot in the state's 61 primary fights, including 21 congressional contests.

He journeyed to New York City, his legal residence, to vote in the embattled 17th congressional (silk stocking) district in mid-Manhattan.

Dewey is slated to be renominated at the republican state convention Sept. 3-4 at which time democrats also will convene to name his opponent, probably Sen. James M. Mead.

Publicly Dewey kept hands off the silk stocking district slugging match between Rep. Joseph Clark Baldwin and State Senator Frederic R. Couderc, Jr., but he bestowed his blessing on Couderc through a party lieutenant.

Upstate, former Rep. Hamilton Fish's choice, Mrs. Katherine St. George, was testing her political strength at the polls for the first time.

Dewey also keenly desires the defeat of Rep. Vito Marcantonio in the 18th congressional (Harem) district's republican primary.

Latest Hospital Features To Be Installed Here

WASHINGTON, Aug. 20 (AP)—The very latest features in modern hospital construction — from structural glass operating rooms to space for miniature department stores — are being incorporated in architect-engineer contracts let by army engineers for 23 veterans hospitals in a multi-million dollar program.

The 250-bed general medical and surgical hospital to be built in Big Spring is included in this group. Wyatt C. Hedrick of Fort Worth has been awarded the architect-engineer contract.

Selection of architect-engineers for the remaining 17 of the 40 hospital program, already turned over to the army engineers by the Veterans Administration, is still pending.

One innovation in the new hospitals will be the use of a central oxygen supply piped to certain rooms.

There will be rooms with filters and air especially treated for patients suffering from asthma or other allergies. There will be space allotted to a Veterans Administration canteen service which will approximate a small department store. The plans call for barber and beauty shops.

Morgan Sacked From UNRRA

LONDON, Aug. 20 (AP)—The war office announced today that Lt. Gen. Sir Frederick Morgan had been released from his duties as UNRRA's chief of displaced persons operation in Germany.

"In connection with the reorganization of UNRRA's displaced persons work in Germany, and in view of the changing situation, the war office has been informed by Mr. F. H. LaGuardia, director-general of UNRRA, that it is now possible to release Lt. Gen. Sir Frederick Morgan from his duties as chief of the displaced persons operation in Germany. General Morgan is accordingly returned to England."

Morgan's release came after LaGuardia had challenged an unnamed "high authoritative source," quoted in press dispatches, to prove a statement that Soviet Russia was using UNRRA as a means of gathering information in western allied territory.

Morgan had not been specifically named as the "high authoritative source," but there had been speculation in the press that the statement was attributable to him.

Tunnell, Traynor Expected To Win

DOVER, Del., Aug. 20 (AP)—US Senator James M. Tunnell, and Rep. Philip A. Traynor are expected to be renominated today for another term in congress by delegates to the Delaware democratic convention meeting here.

Traynor has announced his candidacy for a third term. Tunnell has not indicated whether he will seek the senate post again.

The delegates will also choose a state ticket for the 1946 November elections.

Decontrollers' Decision Due Tonight On Price Of Meats, Milk, Butter

WASHINGTON, Aug. 20 (AP)—The nation learns tonight whether such major dinner-table items as meats, milk and butter are going back under price ceilings.

As the climax of nine days of searching study, the price decontrol board will announce its decision at about 6 p.m. (Central Standard Time).

The board plans to say whether ceilings will be restored on livestock, dairy products, grains, cotton seed, soy beans and hundreds of products derived from these basic commodities.

At 8 p.m. (CST), the three members will explain in an all-network radio broadcast why they decided as they did.

However, even if the board orders controls re-established on any of the items involved, the new ceilings will not become effective until Friday, OPA boss Paul Porter announced last night.

This means, OPA officials said, that if the board orders reestablishment of controls, OPA will defer until Wednesday or Thursday any announcement of what the ceilings will be.

Prior to Porter's action, any controls restored by the board would have become effective tomorrow. Thus, OPA would have had to follow up on the board's announcement immediately with a schedule of ceiling prices.

The two-day postponement also will apply, OPA said, in the unlikely event the board fails to make a ruling on one or more of the five categories of commodities.

Mother Zinn Enjoys 100th Birthday Party

Showing little of the effects of the celebration that all but exhausted her, Mother Mary Zinn looked back Tuesday happily upon her 100th birthday party Monday.

Her home, and that of her granddaughter, Mrs. Guy Cravens, was banked with beautiful flowers. In addition there was an assortment of gifts, birthday cakes and other food friends brought for the occasion. Besides these, Mrs. Zinn had two exquisite orchids, one the gift of local florists—the other from Tom Brenneman, radio celebrity.

Friends gathered on the lawn of the First Methodist church Monday evening to congratulate Mrs. Zinn and honor her as the only surviving charter member of the church.

They laughed and cheered as motion pictures of her, taken on the occasion of her only plane ride on her 95th birthday, were projected. Mother Zinn moved up close so that her dimming eyes could take it in, too. She thrilled over the gift of a large electric fan that friends in the church presented to her.

But the excitement taxed her strength and she left early to go to bed. Tuesday found her bubbling over again in the enthusiasm of the many nice tributes townspeople paid her.

Mrs. Cravens estimated that there must have been 500 telephone calls to congratulate her, and scores of people paid their respects personally and many more sent birthday greetings.

Filipino Airlines

MANILA, Aug. 20 (AP)—The Philippine government entered the airline business today, acquiring 34 percent of the capital stock of Philippine Air Lines, Inc., a firm capitalized at two million pesos (\$1,000,000). The government announced that the move would not affect the free competition of all Philippine air lines.

By The Associated Press The University of Texas figured prominently in campaign speeches of Texas' two battling gubernatorial run-off opponents, Homer P. Rainey and Beauford Jester, yesterday.

Yugoslav Pilots Upheld For Shooting US Plane

US And British Ready For Test With Russia On Dardanelles Issue

WASHINGTON, Aug. 20 (AP)—The United States and Great Britain have decided to meet Russia squarely on the issue of the Dardanelles. In a cards on the table gesture, this country already has informed Moscow that it is flatly opposed to Soviet demands for a voice in the military control of that highly important water link between the Mediterranean and the Black Sea. Furthermore, diplomatic officials who reported this action said Great Britain will take the same step, it has not already done so. Thus the two big western powers are siding firmly with Turkey, current guardian of the Dardanelles, upon whom Russia has served two highly unpalatable demands: 1. That the straits should be jointly defended by Turkish and Soviet forces, and 2. That future control policies should be laid down by agreement among the Black Sea powers alone. To the first demand this country is said to have objected on the ground that it virtually would mean granting the Soviet union military bases in the straits. And because Turkey and Russia are the principal Black Sea powers, the second point reportedly was rejected because of fears that Russia would be able to dominate the smaller nation on any major issue. However, the American note which Fedor Orekhov, Soviet charge d'affaires, was handed at the state department yesterday leaves the way open for Moscow to negotiate for freer rights to the straits—with American support.

Acheson Calls Attack "Outrageous"; Notes Written In Protest

BELGRADE, Yugoslavia, Aug. 20 (AP)—A spokesman within the Yugoslav government said today that "our pilots did the right thing," in commenting on the shooting down of an unarmed American transport plane yesterday and forcing another to land earlier.

"They did nothing which was not in coordination with our own and international rights," said the spokesman, who declined to be quoted by name. The government itself refused official comment.

A person who saw the second C-47 attacked yesterday said the big transport went down spiraling in black smoke during an attack by two Yugoslav fighters.

WASHINGTON, Aug. 20 (AP) Undersecretary of State Acheson, in charge of the state department in the absence of Secretary Byrnes, today bluntly denounced a Yugoslav attack on an American plane as "an outrageous performance."

Acheson made this characterization as the United States handed the Yugoslav government a new and emphatic protest—the third disclosed in two days.

Four or five cannon shots could be heard. Only two parachutes were seen to open from the plane, which carried five crewmen. No passengers, mail or cargo was aboard.

It was not immediately clear over what national territory the plane was attacked.

The witness said a large column of black smoke arose from the Julian Alps where the transport came down, indicating it exploded.

American embassy officials, who called the earlier attack "wicked, inexcusable and deliberate," said they were investigating the new incident, but that Yugoslav military authorities declined to give any information.

Two RAF planes which went in search of the American craft after it sent distress signals reported no trace.

Leonard Scopes, British vice consul at Ljubljana, went to headquarters of the Yugoslav Fourth army on receiving reports that a plane had been downed. He reported that the Yugoslav soldiery "declined to discuss it." Theodore Hohenthal, American vice consul at Zagreb, was enroute to the scene.

The latest incident occurred near Bled, where Premier Marshal Tito was residing at his summer home. US Ambassador Richard C. Patterson, Col. Richard Partridge, military attaché; Lt. Col. Chester M. Stratton, assistant military attaché, and other embassy officials will fly to Bled Thursday to confer with Tito.

Several of the Americans who were aboard the first C-47 transport forced down on Aug. 9 still were held at Yugoslav Fourth army headquarters at Ljubljana. The embassy said it had received no reply to any of the protest notes nor any indication when any of the detained Americans would be released.

Typhoon Hits Japan; Crops, Property Hurt

TOKYO, Aug. 20 (AP)—A typhoon which had been expected to deal southern Japan a harsh blow swept up Korea Strait in diminishing force today and veered toward the Sea of Japan.

Crops were damaged, highways washed out and houses damaged along the western shore of Kyushu island, but no casualties were reported. Thirty-four houses were blown down at Kagoshima, apparently hardest hit. Agricultural damage was extensive and rail lines were disrupted.

Weather observers said the typhoon likely would dissipate in the Sea of Japan. Maximum winds in the center were estimated at 65 miles an hour. They had been 100 miles an hour at Iwo Jima.

Absentee Voting Due To Near 300 Mark

Absentee voting total for the second democratic primary election rose to 230 at 11 o'clock this morning and members of the county clerk's office were preparing for a heavy demand for the ballots before the 5 p.m. deadline.

The final day of voting may see the voting total pass the 300 mark. By previous standards, the balloting has been very heavy, considering the fact that confirmation of the form for the runoff primary was late in arriving from State Democratic headquarters.

The votes will be turned over to the election judges of the various voting precincts Wednesday and will be tabulated at 2 o'clock on Saturday.

Jap Silk "Unfrozen"

TOKYO, Aug. 20 (AP)—The first shipment of silk cloth from Japan since the occupation will leave for the United States before the end of the month. Five million yards of assorted grades for industrial and clothing purposes were ordered "unfrozen" for immediate shipment.

Calcutta Faced With Starvation

CALCUTTA, Aug. 20 (AP)—Military and police units, working their way through the blood-stained streets of Calcutta, restored a measure of order today in this weary city where an estimated 3,000 men, women and children were killed in four days of fighting between Hindus and Moslems.

The soldiers and police were touring the streets not only to prevent fresh outbreaks but also to search for food. Fresh vegetable and fruit stalls in New Market, the largest in the city, were damaged in the disorders.

Some sections of the market have reopened, but the limited supply of commodities were selling high above normal prices. Eggs, for example, were priced at 16 cents apiece.

Health authorities feared disease would be raging before disposal squads could complete the removal of the piles of torn, bloated bodies which littered the streets.

Forms Arrive For Unused Furlough Pay

Forms for unused furlough time settlements have arrived here and are being made available to eligible veterans at all windows of the US postoffice.

Former enlisted men of the armed forces separated from active duty at any time since Sept. 8, 1939, who did not get the leave entitled, them are eligible to file claims for the unused time. The privilege corresponds to the commissioned personnel's terminal leave pay.

Persons who saw service in either the Army, Navy, Marine Corps or Coast Guard are eligible to apply.

The forms come complete with a list of detailed instructions, which those filing for compensation are advised to follow carefully.

Completed claims are to be sent to government finance offices nearest the point where the veteran was discharged. A detailed list of the stations come attached to the forms.

Both the Veterans Administration office and the American Red Cross here are prepared to help former service men supply the proper information with the claims.

Upon completion, the forms must be stamped by notary public or other persons authorized to administer oaths for general purposes before being forwarded.

The claims blanks arrived here much sooner than anticipated. Approved in the last general session of congress and signed into law by President Truman only two weeks ago, veterans had been warned the forms would not be available before Sept. 1.

Only \$50 of the settlement will be paid in cash, according to local interpretations of the Leave Act. Persons filing for more than that sum will draw the remainder in government bonds.

Stevenson Silent On Election Plans

AUSTIN, Aug. 20 (AP)—Gov. Coke R. Stevenson was not yet ready at his regular press conference this morning to tell what if any plans he has made for going on the air in a report to the people this week.

Stevenson did not say whether he planned to get actively and directly into the run-off campaign for governor, or whether he would merely defend his administration from campaign attacks, if he did speak.

The governor said he hoped to be able to make a definite statement later in the day.

States At War With Italy Big Issue At Parley

PARIS, Aug. 20 (AP)—Poland urged a peace conference committee today to reject as "completely unfounded" an Italian declaration that Italy had not been at war with all the 21 conference nations, notably Poland, Belgium, the Netherlands and Czechoslovakia.

Belgium, Yugoslavia and the Netherlands likewise challenged the Italian claim, which was presented in a proposed amendment to the preamble of the Italian treaty taken up by the Italian plenipotentiary committee. Italy suggested that a statement in the preamble that Italy was at war "with all" allied powers be altered to read "some" of the conference nations.

The memorandum suggested also that a sentence saying "Italy, under the fascist regime, became a party to the tripartite pact."

The memorandum urged the deletion of the phrase "surrendered unconditionally" in the preamble's reference to the capitulation of July 25, 1943, and called for a reference to "Italy's material share in the war against Germany which lasted for 18 months."

No hostilities actually occurred between Italy and Poland, Belgium, the Netherlands and Czechoslovakia, the Italian note said.

A Netherlands delegate commented that the Netherlands had declared war on Italy through a note delivered by the Swedish minister in Rome, but that Italy had not accepted the note, holding that the Netherlands "no longer existed."

British To Appoint Iron Control Board

LONDON, Aug. 20 (AP)—The British government announced tonight it had decided to appoint a board "for the general control and supervision of the iron and steel industry."

The announcement said the board would include members of the privately owned steel concerns, but declined to disavow previously announced plans for eventual public ownership of the mills.

The board will be responsible to the minister of supply, John Wilmot, who last April announced in the house of commons that the government had decided to extend a "large measure of control" over the iron and steel industry.

Nationalization of the industry was one of the labor party's campaign announced goals.

Adm. Boyd In Japan

YOKOHAMA, Aug. 20 (AP)—Vice Adm. Denis William Boyd, commander in chief of the British Pacific fleet, arrived here aboard his flagship, the cruiser HMS Belfast, today. He visited General MacArthur and British diplomatic officials. Early next month he plans to inspect British occupation headquarters at Kure.

BRITAIN WOULD BE APPOINTED SOLE TRUSTEE IN PALESTINE

LONDON, Aug. 20 (AP)—A British informant said today that Britain will ask the United Nations trusteeship council next month to appoint her sole trustee for Palestine.

The government has decided this step is necessary, the source said, because of the demise of the League of Nations the legal basis of Britain's mandatory rights no longer exists.

He said, however, that Britain would "certainly not" give up her mandate in the Holy Land and had never considered doing so.

Foreign Secretary Ernest Bevin reported the United Nations assembly in January that Britain was awaiting the report of the British-American inquiry committee on Palestine before deciding the country's future. The committee subsequently recommended that Palestine be placed under a trusteeship system and that arrangements be made immediately to allow 100,000 Jews to immigrate. Negotiations on implementation of the report have become snarled, however, in a plan for division of the country into four zones which President Truman refused to support.

Miss Avant Wed Sunday

Miss Nora Avant, daughter of Mr. and Mrs. A. W. Avant, 1107 West Third street, became the bride of Clyde B. Ragsdale of San Angelo in a single ring ceremony read by Rev. James N. Swafford Sunday at 6 p. m. in the First Methodist church in Big Spring.

The bride, a 1942 graduate of Big Spring high school, wore a beige dressmaker suit with blue and tan accessories and a corsage of gardenias and pink lilies. The bride's mother was dressed in black and matching accessories and a corsage of white asters.

Ragsdale was formerly a reporter and special assignment writer for the San Angelo Standard-Times. Mr. and Mrs. Ragsdale will make their home in Abilene, where he will resume work on his master's degree in Hardin-Simmons university.

Present for the ceremony were the parents of the bride, Mr. and Mrs. Austin H. Smith and Mrs. Henry Richbourg of Big Spring, and Drew and Frances McDaniel of Lamesa.

Mrs. Mitchell Leads Program At Presbyterian Meet

"What Our Church Teaches About Marriage and the Home," was the topic of discussion at the meeting of the Presbyterian Auxiliary Monday afternoon at the church, when Mrs. Dalton Mitchell led the program.

Mrs. A. B. Brown opened the meeting by singing, "Savior, Teach Us Day by Day."

During the business session plans were made for sending relief packages overseas at Christmas. Mrs. Mitchell stated that eight packages were sent last year, four by the Auxiliary, and that there had been three replies from Greek families.

Attending the meeting were Mrs. T. S. Currie, Mrs. Lula Hardy, Mrs. D. A. Koons, Mrs. G. A. Barnett, Mrs. J. B. Mull, Mrs. James T. Brooks, Mrs. Steva Tamsett, Mrs. P. Marion Neams, Mrs. A. B. Brown, Mrs. Neal Hilliard, Mrs. A. A. Porter, Mrs. D. T. Evans, Mrs. Dalton Mitchell.

"Skivies"—sailor slang for underwear—comes to use from a term used by the early Scots, according to Ships magazine. They called the tight-fitting trousers they wore next to their skins "skiva-clothes," meaning "crazy clothes." Adopted by seamen and shortened to "skivies," it has come to be applied to any undergarment.

Miss Johnson, George Houghton Married In Candlelight Rites Monday In Presbyterian Church

Bride Wears Gown Of Brocaded Taffeta For Wedding Rites

In a candlelight ceremony performed Monday evening in the First Presbyterian church Sara Maude Johnson, daughter of Mrs. Iva Arnold Johnson, and George Houghton Jr. of Abilene were married.

Herbert Newman, minister of the Church of Christ, read the double ring ceremony at an altar decorated with banks of wedding greenery accented with baskets of white gladioli and asters. The couple exchanged the vows kneeling at a white satin prie-dieu set between tall candelabra in which were placed diagonal rows of white candles. Other tapers were set along the chancel rail. Pews were marked with clusters of white asters with white satin streamers.

Mrs. H. M. Jarratt accompanied Helen Blount, as she sang "Because" and "Always," and also played the traditional bridal marches for processional and recessional.

Wearing a gown of white brocaded taffeta, the bride was given in marriage by her brother, Edward M. Johnson. The gown was fashioned with a sweetheart neckline, embroidered with seed pearls and long sleeves extending to points at the wrists. The full skirt fell from the tightfitting pointed bodice. Her veil of white net which tapered into a full train, was caught with a coronet of orange blossoms and seed pearls.

The bride's bouquet was of white stephanotis and shattered carnations, designed as double wedding rings, joined with orchids. The entire arrangement was showered with floor length satin ribbons. For something old she wore a bracelet belonging to Nell Hatch, something new was a strand of pearls, a gift from the bridegroom, something borrowed was a watch belonging to the bride's mother, tied with a blue ribbon. She wore a penny in her shoe.

The bride was attended by Mrs. Edward M. Johnson of Crane, her sister-in-law, as matron of honor, Mrs. George P. Mizell Jr., maid of honor, and Wanda Rose Bobb, and Mary Lucy Houghton, sister of the bridegroom from Abilene, were bridesmaids.

Mrs. Johnson wore a gown of blue marquisette with blue lace trim, designed with a round neckline and a full skirt gathered onto the bodice. She wore a beret type hat of shattered carnations and rainbow asters, and carried a colonial bouquet of carnations and asters on maline backing. Mrs. Mizell wore a frock of yellow net of the same style as Mrs. Johnson's. Her headress was a bandeau of fresh pastel flowers, and she carried a colonial bouquet. Miss Bobb wore an aqua marquisette frock, and Miss Houghton's gown was of pink net, both styled with the round neckline and full skirts. They wore fresh flower toques and carried colonial nosegays.

Candles were lighted by Mrs. Tommie Elliott, wearing a frock designed with a pink satin bodice and net skirt, and Carolyn Smith, attired in white net. Both had wrist corsages of pink carnations. Edward M. Johnson, brother of the bride, was best man, and ushers were Horace Hargrove and Tom Gullede of Abilene, and George Mizell Jr.

Mrs. Iva Johnson, mother of the bride, wore a black floor length dress with a corsage of orchids. Mrs. George M. Houghton Sr., the bridegroom's mother, wore a black formal frock with orchids.

Immediately following the ceremony the wedding couple was honored at a reception in the Settles hotel. Guests were received by Mrs. Johnson, Mrs. Houghton and the bridal couple, and Mrs. Jim Black presided at the guest register.

The table, laid with a lace cloth, featured a centerpiece comprising a miniature archway under which was arranged a miniature bridal pair. The arrangement was placed on a reflector, surrounded with flowers. The four tiered wedding cake was decorated with garlands of green, and topped with a colonial bouquet of rosebuds. Presiding at the refreshment table were Mrs. R. E. Blount, Mrs. C. A. Murdock, Mrs. Joe Kuykendall, Nell Hatch, Mrs. Roy Townsend, Mrs. J. B. McNamara, Marjorie Laswell and Mrs. L. L. Gullede. Ushers at the reception were Hi Alexander and Glen Dale Brown.

After the ceremony the couple left on a two weeks wedding tour which will carry them to Ruidoso, N. M., and Colorado Springs, Colo. For traveling the bride chose a

dressmaker suit in tomato red and black. Her hat was black with sequin trim and all accessories were black. She wore an orchid corsage. The bride was graduated from Big Spring high school in 1942, where she was a member of the High Heel Slipper club and acted as drum major for four years. She is now a member of Beta Sigma Phi sorority. She has been an employe of Texas Electric company for the past two and a half years.

Houghton, son of Mr. and Mrs. George M. Houghton Sr., of Abilene, was graduated from Abilene high school, after which he attended McMurry for a year. He

served in the navy for 30 months where he saw duty in both theaters during the war. At the time of his discharge in November, 1945, he was a gunners mate third class, and held seven battle stars. He is now employed with the Stanolind Oil and Gas company. On their return, Mr. and Mrs. Houghton will be at home at 306 W. 17th street in Big Spring. Out of town guests were Mr. and Mrs. A. M. Norman of Tahoka, Mr. and Mrs. Pug Cox of Lubbock, Mr. and Mrs. Joe E. Brown of Odessa, Mr. and Mrs. E. B. Ribble of Odessa, Hugh G. Arnold of Cisco, Mrs. Edda Arnold Brown of Rising Star.

Mrs. Mary Zinn Honored At Birthday Party On First Methodist Church Lawn

In celebration of her centennial anniversary, Mrs. Mary Zinn was honored by the Woman's Society of Christian Service with an informal lawn party at the First Methodist church Monday evening.

An informal social hour was entertainment, and favorite hymns of the honoree were sung, including "Blessed Assurance," her most favored. Gifts of flowers and fruit were presented to Mrs. Zinn, and the Men's Bible class and the Philathea class presented a special gift. She wore the orchid presented to her by Tom Brennan, of the "Breakfast in Hollywood" show.

Mrs. J. B. Pickle gave a tribute to Mother Zinn from the church, after which Rev. James Swafford showed a movie taken when Mrs. Zinn was given a plane ride by Dr. P. W. Malone on her 95th birthday.

Ice cream was served with the decorated birthday cake to more than 75 guests.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcinate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two table-spoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. Move alive, youthful appearing and active.

That fast growing, up and coming business of publicity must be causing postal volume to zoom upward at hundreds of points throughout the United States, and it contributes its part in the congestion of many more hundreds of individual mail boxes.

Although everyone with a mailing address is eligible and at one time or another receives big, business-like envelopes from the publicity grinders, there probably is no better place to determine publicity volume than a newspaper editor's mail box.

Washington, D. C., apparently is the place to go if a person desires a career in publicity (when applying, be sure to use the soft-term "Public Relations") but New York City, Hollywood and Chicago also are good bets.

Quite naturally, a big part of the material bearing a Washington post mark is political, but it can

be said that the congressmen, senators and what-have-you, that make up the much-heard group, are well educated concerning the Southwest.

For example, they well know that they do not have to depend on the Pony Express for delivery of copies of their latest speeches from the floor or extensions of remarks to people in this section. Nowadays, it is not unusual for a congressman from a state on the Canadian border to favor voters as far away as Texas with printed or typed quotations from his oratorical efforts at the nation's pulse center.

Therefore, the editor utters no exclamation of surprise if he finds an official-looking envelope bearing the name "Clare Boothe Luce, M.C." in the upper right hand corner instead of a postage stamp. These "letters" have no effect on the postal receipts, however, having a tendency only to bulge the mail pouches and weaken the backs of harried workers.

Colleges and schools also come in for their part, and you can bet that even the humblest country weekly is notified when a local student is assigned a part in the class dramatic production, makes the honor roll, etc.

And there is absolutely no drudgery connected with house-keeping and doing the family wash, according to the publicity notes arriving at the editor's desk in a constant stream. The prob-

lem has been licked by new gadgets and miracle soaps. Yes, the editor is a privileged character, because oftentimes he is even tipped off in advance on what will happen on the juiciest "soap opera" radio programs next week, or what problems Mr. Anthony will solve on his next broadcast.

These epistles of information, along with huge loads from the services and government agencies, somehow managed to maintain their volume during the war, and many any editor probably had dreams of the newspaper he could have printed if the paper they used had been turned into news-print.

Crude Oil Production Increases For Week

TULSA, Okla., Aug. 20 (AP) — Daily average crude oil production increased 36,398 barrels to 4,860,118 in the week ending August 17, the Oil and Gas Journal reported today.

Greatest increases were reported for Kansas, which was up 16,500 barrels to 277,450. California was up 9,450 barrels to 885,600; the Rocky Mountain area of Colorado, Wyoming and Montana up 12,560 barrels to 180,430; Mississippi up 2,850 barrels to 71,450; Oklahoma up 1,050 barrels to 383,550; and Louisiana up 750 barrels to 395,600.

No change was reported for Texas; while the eastern area showed a decrease of 2,000 barrels to 64,500; and Illinois a drop of 6,150 barrels to 204,050.

Mississippi's daily average production was 71,450 barrels compared with 68,600 the previous week.

Candidate With A Good Record

One of the weaknesses of the Texas election system is the long ballot which often serves only to confuse the voter. Indifferent or ill-informed citizens manage to acquire a smattering of information about candidates for the governorship, and other conspicuous offices, but they know nothing of those who seek other important jobs. In this they are not alone. The ignorance of supposedly well-informed Texas citizens concerning the higher courts and some other offices within the framework of the state government is appalling.

Of the tragedies of democracy in Texas is the frequency with which men are elected simply because they have a "good political name" — oftentimes one resembling a famed or notorious one, or sometimes, simply one that is easy to remember.

Fortunately, the run-off ballot will be short. Voters should have no difficulty in familiarizing themselves with the salient

facts about every candidate whose name appears on it. Nevertheless, little attention has been given to one of the most important offices within the gift of the Texas electorate—that of judge of the Court of Criminal Appeals.

The court, actually, is a supreme court. It is the state's court of last resort on criminal matters. The importance of selecting able men to serve upon it is obvious.

For the place to be filled this year, there is a candidate whose record qualifies him for re-election. Tom L. Beauchamp of Smith County is seeking his second elective term on the court. A practicing attorney in Paris and in Tyler before becoming Secretary of State and later a member of the court, Judge Beauchamp bears the endorsement of outstanding members of the legal profession who are intimately acquainted with his qualifications. He has served diligently and honorably on the court and he deserves another term.

Talent Is Where You Find It

Few people know that H. G. Wells, who died the other day, was "not refined enough" to become a store clerk. A brawl early ended his apprenticeship and successive efforts to continue in the field met with frustration.

Thus, Wells began to work with ideas. In time he became author of some 50 volumes of such variety and imagination that one marvels at the ingenuity and talent of this man. One newspaper observed editorially that "few authors have written so much so well... and that not the least of his gifts lay in his ability to shape his material attractively for a world that on the whole demands to be entertained but needs to learn."

The genius that was H. G. Wells goes to show, also, that standard appraisals not infrequently are wrong. Had it happened contemporarily, Wells' demise as a clerk doubtlessly would have earned him the appellation

of "screwball," or, more politely "eccentric." Yet history is full of examples of men who were big and bold enough to rise above circumstance and convention to constructively exercise rare talents. The tragedy of it is that legions, who find themselves stumbling and faltering in certain fields, lack the imagination and courage to rise above their difficulties and apply their lives in channels conducive to utmost productivity. Education is beginning to recognize that the child who is slow in figures is not necessarily stupid; that he may have the spark of genius as an author, a painter, a musician. Only a fraction of human beings are destined to have that extra quality which marks genius, but civilized people ought to do a better job than is being done in finding and encouraging talented youths in the proper areas of endeavor.

Who Is To Control The Middle East?

By JOSEPH ALSOP

LONDON, Aug. 19.—Who is to control the Middle East? That is the vital question in the background of the Palestine problem which President Roosevelt always remembered; which Secretary of State James E. Byrnes still remembers; but which the unhappy President Truman seems to have partly forgotten. The British exasperation with the American stand on Palestine (which has been even deeper and more bitter than the American exasperation with the British) is directly traceable to this. In all quarters here it is felt that the significance and urgency of this question is being almost frivolously ignored in Washington. The importance of the Middle East to the British is obvious. It is their oil reservoir and is the center of their communications with the Far East. Britain must hold her Middle Eastern position at all costs if she is to survive as a major power. But the Middle Eastern oil re-

sources are also a great American reserve, on which the United States must be able to fall back when her reckless home consumption begins to produce the inevitable results. Furthermore, the Middle East bears precisely the same strategic relation to the total land mass of Europe and Asia as Czechoslovakia did to Europe before the new weapons. If the Soviet Union succeeds in its present effort to capture the Middle East, Britain will cease to be a major power; and thus Western Europe will be transformed into a political vacuum, which the Soviet Union will inevitably fill. At the same time, control of the Middle East will throw all the Far East open to Soviet penetration.

No man was more aware of these facts than President Roosevelt. He was a believer in the Jewish national home, yet he also understood the danger of driving the nationalist Arabs into permanent hostility toward Britain and the West. When he discussed the total of Jews to be admitted into Palestine after the war, 50,000 was the figure he commonly mentioned. After Yalta, when he met with King Ibn Saud, he became more than ever aware of the implications of hasty action. He then wrote Ibn Saud a friendly, but formal letter, promising him, with all the authority of the President of the United States, that the views and interests of the Arabs would be duly weighed in the formulation of American policy.

Curiously enough, President Truman sent something very close to a duplicate of this letter to Ibn Saud, only one week after taking office. This narrowly prevented the president, a couple of months ago, from being carried away by the advice of Secretary

Bill Rose Needs A Girl

NEW YORK — Kitty Carlisle, who gathered in Broadway's most elusive bachelor, playwright Moss Hart, once was the favorite gal pal of another equally talented and elusive single guy, George Gerahwin. . . . British Producer J. Arthur Rank says he has another Maureen O'Hara in his latest feminine find, Kathleen Ryan of Dublin, Ireland. . . . Unknown a couple months ago, the Goetic youngster held out for one of the smartest contracts ever made outside of Hollywood, a one-picture-a-year deal with a second available should she be in the mood. . . . and she doesn't want to come to Hollywood, preferring to stick in Dublin with her husband.

and decided, for old times' sake to include one of their tunes. . . . Groucho dug out one they wrote in 1923, "Who's Sorry Now."

Harry Bloomfield, once Mike Todd's and later Billy Rose's right arm, has abandoned Broadway producing at least temporarily after three flops in a row to concentrate on promoting the various commercial aspects of Varga, erstwhile Esquire magazine artist. . . . The agenda includes a Varga calendar, a movie called "Varga Girl," and a Broadway revue.

Comic Henry Youngman jumped into the \$3,000-a-week class for the first time with his current engagement at Bill Miller's Riviera. . . . Mariene Dietrich didn't give Jean Gabin a goodbye kiss, as the photographers requested when she was saying so long to the Gallic Gable on leaving him and Europe temporarily behind. . . . But she shore gave lucky newspaper lads a treat by kissing each of the scribes covering her arrival here by plane.

Wallace, Judge Rosenman and the ineffectual Mr. David K. Niles. On that occasion Secretary Byrnes reminded him that the action as contemplated violated his own written promises. In Secretary Byrnes' absence in Paris, however, he appears to have become totally accessible to the same influences as before.

This is not to say that the Palestine settlement agreed upon some time ago by the president's own authorized representatives, was by any means the best settlement.

The silliest and most dangerous thing that can be done, when foreign policy is under consideration, is to ignore basic strategic facts. Secretary Byrnes is only too well aware of them. No doubt it is most immoral that bases in the Middle East should be maintained by Britain. But if the Soviets capture the Middle East, it would be worse than immoral—it would be disastrous to the United States. And if the British go, and we are not ready to take their places, then the Middle East must inevitably, in the long run, come under Soviet control.

It is obviously politically impossible for us to supplement the restricted British strength in the Middle East, but what is really needed in the Middle East is a great economic program to lift the whole level of life and relax the present tensions. The Arab sense of economic and inferiority. With the tension relaxed, solutions may be found. And in this, through the World Bank and in other ways, we can help mightily. It is in our interest to do so.

Russians Alienate Most Of Europe

(Editors Note — Today Draw Pearson gives another important diagnosis of our difficult and all-important relations with Soviet Russia.)

WASHINGTON. — If the Soviet government had deliberately set out to make mistakes it couldn't have made more than it has piled up in the past year. In the one year that has passed since V-J Day, Russia has won the ill will of her neighboring countries in Europe, has lost virtually all her friends in the United States and has turned most of the world against her.

In considering our present strained relations with Russia, this is all-important. It indicates that time is running on our side, that Russia's own policies are playing into our hands, and that war can be avoided.

One year ago Soviet Russia was considered the great savior of the world. In Europe, the Russians were given credit, far more than the United States, for liberating the occupied countries, were even hailed by some as the pioneers of a new world order. In the USA, most Americans had a genuine admiration for the heroism of the Russian people and looked forward to a period of friendly cooperation.

Today that good will has vanished. In all of Russia's satellites, with the possible exception of Finland and Czechoslovakia, the Soviet is extremely unpopular, even hated. Rumania and Bulgaria would bolt Russia in a minute were it not for the Red army. Hungary and Austria, which Russia hoped to win over, voted overwhelmingly against the Soviet. In France the strong communist upsurge has now hit the downgrade. Even in Yugoslavia, where Tito is supposed to be supreme, the Russians are not popular.

Most interesting fact is that the countries nearest the Russians usually dislike them most. Thus in more distant France, there is more pro-Soviet sentiment than in the adjacent Balkans.

Finally, in the American-British zones of Germany, Germans are fearful lest the Western Allies eventually evacuate and Russia walk in.

head off war with Russia. As this is written, censored diplomatic dispatches from the Far East report three days of rifle skirmishing between American and Russian troops along the Korean border. This is the first time US-USSR troops have deliberately fired at each other. Another censored dispatch from London reports the British general staff meeting daily to plan strategy for defending the British lifeline in the near east.

In other words, certain belligerent elements in Russia are quite willing to risk war now; and certain elements in England believe a showdown is better now than later. In a charged atmosphere like this, one spark can cause tragedy.

However, this observer's experience in watching foreign affairs convinces him that seldom does any nation provoke an incident if it knows that incident means war; thus the best way to prevent war is to let a prospective belligerent know he will get it in the neck if he sticks his neck out.

In other words, if Russia knows categorically and definitely that she will be at war with us if she becomes an aggressor against the United Nations, then the chances are 100 to 1 Russia will risk no war.

against Japan, our long and costly battle of the Pacific might have been avoided.

Japan Outgassed Us

Even five years later, when Franklin Roosevelt and Adm. Leahy tried to induce the nine-power pact signatories and our state department appeasers to blockade Japan, we could have prevented the Pacific war.

But Japan knew the power of our isolationist Chicago Tribunes and Washington Times-Heralds. She knew also the deceptive diplomacy of the British foreign office. And little by little the Japs captured the resources of all China, then of Indo-China until they had built up an empire which required four years to defeat.

World Strategy has not changed since then. The same thing is also true of Russia. If she gets away with her first aggressive step in Turkey; or if she annexes Iran, she will probably get away with the other aggressive steps, until finally we find ourselves set for a serious showdown—and war.

If, however, the first aggressive step is never taken, there will be no war. And that first step will not be taken if Russia knows definitely and categorically that, if she takes it, there will be war with the United States.

In brief the three main points on our program to prevent war with Russia should be: 1. Avoid being the fall on the British kite and work through the United Nations; 2. Let Russia know that her first aggressive step in violation of the United Nations means war with the USA; 3. Do everything in our power, as so frequently urged by this column, to win the friendship of the Russian people.

(Ed. Note — Another column by Draw Pearson on how to prevent war in Europe will follow shortly.)

We Could Have Stopped Hitler

To illustrate: If Adolf Hitler had known he would have been at war with France and England when he sent his troops into the Ruhr and Rhineland he never would have given them marching orders. As it was, fearing war, he gave them to sets or orders, one to advance and the second to retreat if the French army resisted.

Likewise, Hitler never would have sent his troops into Austria if he hadn't known the Allies were unprepared. It has now developed that Hitler had no real military strength at all time, was shrewdly banking on Allied timidity and dissension. He was right.

Later, of course, having won powerful industries and resources in the Ruhr, Austria and Czechoslovakia, Hitler was in a position where he dared risk war by invading Poland. But had not France and Britain vacillated in the Ruhr, Austria and Czechoslovakia, Hitler never could have risked war with Poland.

Likewise with Japan when it first invaded China. Had Secretary of State Stimson had President Hoover's support in 1931 when the Japs walked in Manchuria; or had he received British-French support when he urged the League of Nations to act

Corpus Christi Destined To Land Franchise In Pasquel's Circuit?

DALLAS, Aug. 20 (AP)—Don't be surprised if the Mexican league, with which the majors are feuding over players, moves into Texas next season.

Corpus Christi is talking with the wealthy Pasquels, rulers of Mexican professional baseball, about a berth in the circuit south of the border.

Carl Crow, sports chairman of the Corpus Christi junior chamber of commerce, has been working on a deal with the Pasquels and has things pretty well lined up for his city to enter the Mexican league in 1947.

Corpus Christi is growing by leaps and bounds, is anxious for pro baseball and with hope of getting into the Texas league virtually abandoned, is seeking a spot with the booming circuit in Old Mexico.

And if that comes don't be too surprised if other Texas cities follow suit. Brownsville might be a good bet to also enter the league.

Speaking of baseball, the Fort Worth Cats can relax. For their information, and to remove any anxiety, it can be pointed out that they have clinched a place in the Texas league play-off.

The Cats did that last Saturday when they went 2 1/2 games ahead of Beaumont, the fifth-place club. They at that time had only 25 games to play so couldn't be beaten out of a play-off spot if all their pitchers took down with pneumonia.

It will probably be a couple of weeks before Dallas and San Antonio are mathematically "in" but there's no one figuring any other

result. Tulsa, too, appears safely in the play-off as the race enters its final 20 days.

It's merely a question of what club meets what other club in the play-off starting Sept. 16. In this play-off, first place clashes with fourth and second with third in the first round. Right now it would be Fort Worth vs. Tulsa and Dallas vs. San Antonio.

Indicative of what to expect in schoolboy football in Texas this year is the action of Austin high school in scheduling its game with Corpus Christi this fall in Memorial stadium—the 40,000 capacity University of Texas field.

High school football last year reached its all-time peak but apparently that was just a good omen. However, there will be no more at one time than the capacity 47,000 that saw last season's Highland Park-Waco final game. Reason: That's the biggest stadium in the state.

Gaugers Clash With Drillers

Standings in the Foran Community softball league may undergo a major change this evening when High School tangles with Continental and Lees opposes Cosden.

Lees is in front by half a game at the present time. Continental, early season leader, and Blacky Hines' Gaugers have played one less game than the Drillers.

A defeat for Lees could send that team tumbling into third place, however.

The league season may be abbreviated so that the play-offs can begin next week, Hines said this morning.

FORMER HONDO STARTO A&M

COLLEGE STATION, Aug. 20 (AP)—Coach Homer Norton has announced that Stanley Hollmig, Hondo, Tex., high school half-back of 1945 who starred with the Hondo Army Air Field football team last season will enter Texas A&M college in September.

Hollmig was one of the stars of Hondo's 19-7 victory over Southwestern university here last year.

Bob Coe, coach of the AAF club, called him one of the best prospects he had ever seen.

WELL EQUIPPED for a drive on the second half title of the Mundy softball league are the Cosden Oilers (above). Led by Manager Pete Womack, the Oilers swept honors in the recent Ackerly Invitational tournament and are looking forward to another meeting with the T & P Railroaders, this time in Dallas. Left to right, front row, they are Pat Stacey, L. D. Cunningham, Odell Womack, Pete Womack, and Jim Tidwell; second row, Pat Patterson, W. D. Berry, Leonard Morgan, and Clint Harmon; top row, Paul Soiden, Jake Morgan, Lewis Heavel, Everett Wilkinson, Bobby Asbury and Frank Barton. Patterson is a member of the ABC Club team but plays exhibition games with the Cosdens. Billy Bob Womack, team mascot, is in front of the group. (Photo by Jack Haynes).

Collum To Render Decision On Cosden-Motorist Battle

Wild Debate Has Cloudy Ending

Doc Wilkinson's Redcaps have gone into the lead in Mundy softball league standings but whether or not they remain there is a matter for the circuit's high commissioner, Dewey Collum, to decide.

The Big Spring Motorist buried the Cosden Oilers, erstwhile pace-setters, 15-7, in four and a half innings of play in last night's first battle here. The Fordmen accomplished the trick by scoring eight of their runs in the top half of the fifth.

The Oilers thereupon resigned without taking their turn at bat, claiming the league's now famous "nine o'clock rule" was in effect. (The legislation sets that time as the deadline for all first games at the park.) However, the Big Spring Motor manager, Dick

LOOKING 'EM OVER

With TOMMY HART

Delegates from several of the country's institutions of higher learning recently completed a meeting in Chicago and from the session came the following opinion:

"We are in favor of not paying college athletes."

Such a statement does not express the opinion of most college coaches nor the fans, but rather is the prejudiced conviction of a select few who can see the evil of professionalism slipping into the picture.

Subsidization, if it gets out of hand, as it has in some colleges, is a distasteful thing. Certainly there are few athletes in this broad land that have not accepted help, financial and otherwise, in exchange for "services rendered."

However, if nothing but the mercenary angle is to be considered, why don't the gentry who look down their noses at the policy of keeping the players solvent protest the practice of the colleges confiscating the gate receipts. What happens to that vast amount of money the colleges gross every year from ticket sales? If stadia are built, they are eventually paid for through the return on those ducaats. Then what of the profit?

A lot of good lads we know have been educated only because they could throw a football around or could hit a baseball well enough to make themselves stand out above the mob. They earned their way through school the hard way and certainly were deserving of what help they got.

him from San Francisco in the first place because other clubs heard he had a bad knee and would not risk buying him.

Jack Graves, the former Big Spring high school athlete, has taken off for Chihuahua, Mexico, to spend a sport vacation.

Boston's Red Sox, now "in" as American baseball league champions and a sure bet for the World Series crown, have been booked to play an exhibition game in Dallas next spring.

George Schepps, mastermind of the Dallas club, recently closed a deal with Eddie Collins, of the Boston front office, to have the sockers appear in Big D April 2, 1947. They'll probably tangle with Schepps' own club.

Amarillo Uses Home Runs To Rout Lamesans, 10-8

Sutch, Scopetone Hit Four-Baggers For Seeds' Gang

LAMESA, — August 20 — The Amarillo Gold Sox ran their winning string to four straight Monday night as they out-slugged Lamesa's Lobos for a 10 to 8 decision in a battle in which home runs played the leading roles.

Sutch, Amarillo's stellar short-stop, belted a long four-bagger over the left field corner after Scopetone had singled and Bauman had walked to climax a four-run Gold Sox surge in the ninth.

The Lobos came back in their half of the last frame to knock starter Chris Haskins from the mound with a 2-run rally, but Joe Budny came in with one out to fan Fulewider and erase Martin, pitcher to first.

Amarillo took a 4-run lead in the first two sessions off Cecil Hart, but Lamesa got to Haskins for 3 runs in the fourth and manager George Sturdivant tied the ball game at 6-6 in the seventh when he drove a home run 380 feet over the left center barrier with 2 men ahead of him.

Jack Haupt suffered the loss for the Lobos, taking the mound in the sixth after Hart had been lifted for a pinch hitter the inning before.

Ex-Lobo Bill Scopetone's one-run homer, Cruces double and a single by Sutch for another tally in the fifth speeded Hart's departure.

Nearly half of the 21 hits in the ball game went for extra bases, but conversely Haskins fanned 10 Lobo batters and Haupt chalked up 6 strike-outs in his four-inning stint. Moran's unimportant bobble in the fifth was the only error of the contest.

Sutch led the Gold Sox to triumph with 4 hits in 5 innings on the platter, adding a double and a pair of singles to his clinching circuit blow. He drove in 6 runs. Scopetone and Al Duarte were right behind him with 3 bingles each. Duarte pounding a duo of doubles.

Sturdivant showed his charges the way with 3 for 4, one a double. He batted in 3 tallies as did Fawcett. Fowler scored a pair. Bob Johnston's triple accounted for 2 runs in Lamesa's big fourth.

Late Uprisings Decide Battles In Texas Loops By The Associated Press Three late-inning hits, all of extra-base variety, determined three of last night's Texas League games, while the fourth was a run-away for the seventh place Houston Astros.

An eighth inning double by Mel Deuzabou gave the Oklahoma Indians a 2-1 decision over the San Antonio Missions.

In Dallas, Catcher Harvey Riebe's triple with the bases loaded and two out in the eighth inning enabled the Rebels to take their final game of the season with the Shreveport Sports, 6-3.

Eddie Snider of Fort Worth hit a sixth inning home run with two mates on base to set up a final clash with the Beaumont Exporters, 4-2.

Houston, behind the three-hit pitching of Lee Studener, blanked Tulsa, 12-0, for the Oilers' worst defeat of the season.

Cardinals Romp On Cincinnati By The Associated Press Dick Sisler, the forgotten man of the St. Louis Cardinals since his early season failure at first base, is changing the jeers and cheers at Sportsman's Park with his clutch hitting in the Red Birds' Brooklyn Dodgers, who lead by 1-2 games.

The son of the great George Sisler started the campaign as the regular Cardinal first sacker, prompting Manager Eddie Dyer to okay the sale of Ray Sanders to Boston.

When Sisler failed to hit big league "flops" on a second try, Dyer tried him in left field Aug. 9 and he has hit at a .310 clip since he regained a regular job.

Last night the brawny youngster started the Birds off to a 6-0 romp over Cincinnati on a double with the bases loaded in the first inning.

Young Sisler's father now is one of the top talent scouts for the Brooklyn Dodgers.

Sisler has to share top billing with Ken Burkhardt who shut out the Reds with eight scattered hits, the fourth time he has whipped Cincinnati this season.

St. Louis' shutout over Cincinnati was the only scheduled game in the national and was the only big league game played as threatening weather forced postponement of Chicago-New York and St. Louis-Boston tilts in the American League.

Plan For 'Air Day'
HARLINGEN, Aug. 20 (AP)—Officials of the "Air Day in Texas" program here Sept. 7-8 have announced they will cooperate with philatelists in obtaining proper postmarks and cacheting covers to commemorate the event.

LEGAL NOTICE
THE STATE OF TEXAS
To The Sheriff or Any Constable of Howard County, Texas, Greeting:

Wm. A. Hunter, administrator of the estate of Susie Johnston Wright, deceased, having filed in our county court his final account of the condition of the estate of said Susie Johnston Wright, deceased, in probate cause No. 1164 on the docket of said court, you are hereby commanded, that by publication of this writ once in a newspaper regularly published in the County of Howard, State of Texas, which said publication shall be not less than ten days before the return day hereof, you give notice to all persons interested in the account of final settlement of said estate, to file their objections thereto, if any they have, on or before Monday, Sept. 2, 1946, at which time said account will be considered by said Court, at the Court House of said county, in Big Spring, Texas, at which time all persons interested in said estate are required to appear and answer said account, if they see proper.

Witness, Lee Porter, Clerk of the County Court of Howard County, Texas.
Given under my hand and seal of said Court, at my office in the City of Big Spring, the 19th day of August, A.D., 1946.

LEE PORTER,
Clerk, County Court, Howard County, Texas; by Pauline S. Petty, Deputy.
I hereby certify that the above is a true copy of the original writ now in my hand.

R. L. WOLF,
Sheriff, Howard County, Texas; by Katy Gilmore, Deputy.

A Local Lady Spits Up Acid Liquids For Hours After Eating

For hours after every meal, a local lady used to spit up a strong, acidulous liquid mixed with pieces of half-digested food. She says it was awful. At times she would nearly strangle. She had stomach bloated, daily headaches and constant irregular bowel action. Today, this lady eats her meals and she is well. The change is due to taking INNER-AID. Her food agrees with her. No gas, bloating or spitting up after eating. She is also free of headaches now, and bowels are regular thanks to this Remarkable New Compound.

INNER-AID contains 12 Great Herbs: they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring. (adv.)

Hearing Slated In Sex-Slaying

PLYMOUTH, Mass., Aug. 20 (AP)—Charles Russell Goodale, 25, of Onset, was held in "trial row" in Plymouth county jail today for a hearing Sept. 5 on a charge of murder in the sex-slaying of Ruth McGurk, 25, Cambridge dime store supervisor. He pleaded innocent in Wareham district court yesterday. The murder complaint was not read in court. Clerk of Courts Kendrick H. Washburn disclosed, however, that it charged Goodale "did assault and beat Ruth McGurk with intent to murder her, and by such act beating did (kill and) murder said Ruth McGurk." The girl disappeared from an Onset dance hall on the first day of her vacation July 27. Her body was found a week later in a cranberry bog reservoir.

Goering Denies Any Knowledge Of Tests

NUERNBERG, Aug. 20 (AP)—Reichsmarshal Hermann Goering, recalled to the witness stand, testified before the international war crimes tribunal today that he had no knowledge of experiments carried out in concentration and extermination camps which the prosecution charges were for the benefit of Goering's Luftwaffe. Goering said that although he was chairman of the reich research council all the experiments were carried out by subordinates without his knowledge. "In 1944 I was forced to organize a special department to prevent misuse of my name," he testified. "It was well known in Germany that no other name was used as much as mine." Goering was recalled to the stand on a petition of defense counsel.

Editor Arrested As Collaborationist

PARIS, Aug. 20 (AP)—The French news agency said today that Jacques Menard, wartime political editor of the once-influential newspaper, "Le Matin," had been arrested on charges of collaboration.

The news agency said Menard was arrested in a Loire valley chateau where he was working as a gardener. His arrest ended a two years' search. Both Menard and his wife attempted to swallow poison when they were apprehended, the agency said. Menard is charged with working with the Germans during the occupation.

More than 40 farmers and ranchers flew their own airplanes to attend the first annual "flying farmers and ranchers meeting" in Bismarck, June 4. A total of 112 persons registered for the meeting.

Educators Approve New Junior Colleges

AUSTIN, Aug. 20 (AP)—Establishment of two new junior colleges, one at Laredo and one at Midland, has been approved by the state board of education. The board at its meeting here yesterday also endorsed the proposed constitutional amendment

under which the present statutory method of allocating gasoline tax funds would be written into the fundamental law. The public schools get one-fourth of the gasoline tax revenue. The amendment writing this into the constitution has been endorsed by the Texas Good Roads association. It will be voted on at the general election in November.

Another Word and True

It is great to be an American. In 1917-18 I had the honor of soldiering for her that we might keep the good American way. I did 18 months service in Western Europe. I was wounded, hospitalized, returned to service and had a part in patrolling the German Rhine. But now I am asking you to elect me tax collector-assessor.

If I am elected, I shall always bear in mind that it is the people who pay taxes, and I shall prefer to point with pride to the fine way that our people make tax payments, rather than applaud myself for record-smashing tax collections.

If I am elected, I shall become acquainted with every phase of the work, and be prepared to discuss with you matters of business about which you have a right to know. You would expect me to know something and do something, and I shall not disappoint you. I will be your employee and carry on, and thereby save our county the salary of one deputy. This is not too much to promise. You are entitled to this kind of service.

If the office of tax collector-assessor is a difficult one, let me, if you please, assume its responsibilities and bear its burdens for a time. Moreover, if the office is something fine and desirable, may I have it to enjoy for a season? I will seek to be efficient, loyal, courteous.

To my buddies who soldiered in 1917-18, to the gallant young GI's who carried the flaming torch around the world and to victory; indeed, to all the splendid people of Howard county, I again submit my candidacy. It will be great to serve you.

Sincerely,
R. B. HOOD

To The Voters Of Commissioner's Precinct No. 2

I want to thank you for your vote and influence for me in the First Primary, and I solicit a continuance of such support in the Second Primary and also solicit the vote and support of all of those who did not support me in the First Primary.

To those of you who do not know me, I refer you to those who have known me during all my residence in Howard County.

My father and mother moved into Howard County in 1902 and I have lived here since that time and I have paid a poll tax and property tax since becoming of age in 1906. I have always taken an active part and interest in all the affairs of my County, and expect to do so in the future.

I have been County Commissioner for five and one-half years and have gained much valuable experience that will help me to be a better County Commissioner in the future than I have been in the past, because experience counts in any work.

I have not been able to see everyone since the First Primary on account of business connected with my office that required my attention. I want you to take this letter as a personal request for your vote and influence.

Japs Fed Opium To Manchurians To Stall Revolt

TOKYO, Aug. 20 (P)—Henry Pu-Yi, in a garrulous mood, testified today that Japan made opium addicts of Manchurians to keep down revolt and was planning an invasion of Soviet Russia while he was puppet ruler of Manchuria, but later suffered a severe lapse of memory under defense questioning.

Pu-Yi fenced off every defense effort to get him to admit that in the late 1920s there was any banditry under Chinese generals, that the Manchurians were oppressed or that warlords burdened their people with taxes.

In two and one-half hours of cross-examination, the defense drew nothing more explicit than "I don't remember." His monotonous replies set judges of the international war crimes tribunal to shake their heads in exasperation. But Pu-Yi brimmed over with information for the prosecution earlier.

Testifying that Japan made opium addicts of the Manchurian people, he declared the Nipponese Kwantung army promised it would suppress the use of the narcotic but instead built up an opium business that netted \$200,000,000 profit yearly.

"Japan even sold official permits for opium smoking," he said.

Then Pu-Yi told the court that Russia had no aggressive plans against Manchuria during his rule "but I have reason to conclude that the Japanese were making military preparations to invade the Soviet."

Williams Reported Hurt In Accident

Lt. Raymond Lee Williams, grandson of Mrs. J. B. Nall, is reported convalescing from serious injuries sustained in an automobile mishap near Paris, France, on Aug. 12.

Mrs. Nall learned in a letter written by Lt. Williams that he sustained injuries to his eyes, ribs and leg when thrown from a car which lost a right front wheel. Lt. Williams, a post adjutant in a POW camp at Paris, was riding with a POW driver at the time. His right eye was dislodged but replaced.

Latest examinations indicate doubt as to preserving sight in the eye, several fractured ribs and lacerations about the right leg and thigh. Recently, he had cut his right hand badly. Despite his injuries, Lt. Williams seemed in good spirits.

Negro Gives Up To Officers, Brothers Sought

JACKSON, Miss., Aug. 20 (P)—Jailer C. M. Herrin said today that Johnny Craft, one of three negro brothers sought by a posse in connection with the ambushing and shooting of four white men in Smith county, had surrendered to officers in Jackson.

Craft slipped through a heavily-armed posse of several hundred officers and citizens in the Sullivan Hollow area about 60 miles southeast of Jackson yesterday and appeared early today at the Hinds county jail.

The negro, a war veteran and reputed ringleader in a series of shootings in the two days racial disturbance in Smith county, was unarmed and unharmed.

Craft was dressed in US Marine fatigue clothes. He said he had walked to Jackson from Smith county.

Sheriff of Smith county, officers here said, refused to permit anyone to interview Craft immediately.

Markets

NEW YORK, Aug. 20 (P)—Timid buying selectivity persisted in today's stock market although scant attention was paid many leaders.

Dealings, fairly active at intervals, frequently slowed. The pace quickened a bit in the final hour. While losers were plentiful, and numerous pivots unchanged, advances of fractions to a point or so held the majority near the close. Transfers remained in the neighborhood of 700,000 shares.
