

Contractor Would Blackmail Olson, Investigators Told

WASHINGTON, July 31 (AP)—Paul A. Olson, former secretary to Rep. Coffee (D-Wash.), told the senate investigating committee today that Elvind Anderson, Tacoma contractor, attempted to "blackmail" him into withdrawing last January as a candidate for mayor of Tacoma.

Olson testified that Anderson had told him that unless he withdrew from the primary race in which the contractor was also entered, Anderson "would use the check to injure me in some way in the March election."

COFFEE TESTIFIES — Rep. John Coffee (D-Wash.) appears before the senate war investigating committee, when he testified that a \$2,500 check received in 1941 by his former secretary from a war contractor was a "campaign contribution." (AP Wirephoto).

The witness' reference was to a \$2,500 check which Anderson gave to Olson in 1941 while the latter was serving as Coffee's secretary. Anderson has testified that the check was in payment for services he expected to receive from Coffee and Olson in connection with a defense contract. Coffee told the committee yesterday he received the money as a "campaign gift."

He added that he declined to withdraw, telling Anderson that "there was nothing wrong" about the payment and "if you want to use it go ahead and shoot the works."

Anderson, Olson said, did not make the transaction public until about a week after the primary election and a week preceding the run-off. Anderson was eliminated in the primary, running last, the witness said, while Olson lost out in the final to C. V. Fawcett.

Proposal Would Divide Holyland In Four Parts

LONDON, July 31 (AP)—Lord Addison disclosed today that Anglo-American experts proposed to divide Palestine into four tracts and leave to inhabitants of a Jewish province thus created the problem of deciding how many of their wandering fellow Jews could migrate to the Holyland.

The four areas, he told the House of Lords, would include an Arab province and a Jewish province, and each "would have the power to limit the number and determine the qualification of persons who might wish to take up permanent residence in their territories."

In addition to the Jewish and Arab provinces, said Lord Addison, dominions' secretary the joint commission of experts proposed to establish a district of Jerusalem and a district of Begeb.

The latter section is a piece of desert land lying in southern Palestine in which Jewish migration was permitted under the 1910 Palestine land transfer regulations.

Addition opened a Palestine debate held simultaneously in both houses of parliament.

He also announced that the British government had disassociated itself from a bitter anti-fraternization letter written by Lt. Gen. Sir Evelyn Barker to the British troops under his command in Palestine.

Federal Judges Get Raise In Salaries

WASHINGTON, July 31 (AP)—President Truman today signed legislation raising the salaries of the nation's 300 federal judges by \$5,000 a year.

The raise blankets the federal judiciary, from district judges to the chief justice of the United States.

Thus, Chief Justice Vinson will get \$25,500 annually and the associate justices \$25,000. Pay of circuit court judges goes up to \$17,500, and that of district judges to \$15,000.

One constitutional effect of the bill is to ban appointment of present members of congress to the federal judiciary until next January, at the earliest.

In case of some Senators, they will have to wait as long as four and a half years—until their present terms expire—before becoming eligible for any federal judgeship.

OPA Agreement To Boost Textile Ceilings Heralds Clothing Hike

WASHINGTON, July 31 (AP)—Cotton clothing prices headed up still further today as OPA agreed to raise textile ceilings an average of about 16 per cent.

This increase on fabric, the minimum required under the new price control law, is expected to boost cotton garment costs at least 10 per cent, an OPA official told a reporter privately.

Other OPA officials have estimated that clothing increases may range from 15 to 20 per cent, on top of price hikes for some apparel granted earlier this week.

BUS CRASHES INTO RIVER—A 6 passenger bus lies in the Peace river near Vernon, Tex., after crashing through guard rails on the river bridge. Diphtheria Serum Rushed To Ship

BOSTON, July 31 (AP)—With one dead, others stricken and a diphtheria epidemic feared, the Coast Guard today rushed antitoxin by air to the troop ship Colby Victory, several hundred miles off Argentina, Nfld., and enroute to Bremenhaven, Germany.

An air-sea rescue plane bearing medical supplies from New York landed at Salem, Mass., took aboard additional antitoxin and flew on to the lend-lease air base at Argentina. There the supplies will be transferred to another plane and flown to the ship.

The Coast Guard estimated the supplies would reach the Colby Victory this evening.

The War Shipping Administration, for which the ship is operated, said the ship carried 1,009 replacement troops. It also said that the Army had control of medical facilities aboard.

Bearings Trust Charged In Suit

WASHINGTON, July 31 (AP)—Attorney General Tom Clark announced today the filing of three civil actions charging that three American and one foreign producer of anti-friction bearings have violated the anti-trust laws.

Clark said separate suits alleging that cartel agreements had been made to control world markets in bearings, were filed in federal court at Cleveland, O., against these American companies and what he called "their foreign conspirators."

The Timken Roller Bearing company of Canton, O.; SKF Industries, Inc., of Philadelphia and Aktiebolaget Svenska Kullagerfabriken of Gothenburg, Sweden; and Norma-Hoffman Bearings Corp., of Stamford, Conn.

Clark said in a statement that the complaints charge that "the cartel restrictions have had the effect of preventing the American producers from supplying, seeking and acquiring foreign markets with the consequence of reducing American bearing production and American employment of labor."

Thursday Last Day For Student Transfer

Transfer of scholastics from one district to another within the county can be made through Thursday, County Supt. Walker Bally said this morning.

"The law states that no transfers will be made after Aug. 1," Bally stated. "We interpret that to mean they can be made on the first day of the month."

Since July 1, a total of 212 transfers have been made within the county. Most of the switches were negotiated by students in the Fairview and Moore vicinities. Neither of these districts have schools at the present.

Residents Drawing Heavily On Water

With another day of heavy usage in prospect this morning, Big Spring's water consumption figures for July had already approached the 100 million gallon mark, as residents continued to draw increasing amounts from the city supply.

Based on the rate for the first 30 days, the July total should be approximately 102 million gallons, City Manager B. J. McDaniel said. The total had climbed past 99 million gallons last night.

OPA Agreement To Boost Textile Ceilings Heralds Clothing Hike

Also in prospect, according to those who know but who may not be identified, are these other increases:

1. A price boost of one to two cents a can in price ceilings on corn, peas and tomatoes.

2. A possible cent a loaf hike for bread, with proportionate increases for other bakery products.

3. A jump of eight to 10 cents a pound for coffee.

4. Higher ceilings on several kinds of breakfast cereals.

Molotov Asks End Of Franco Regime At Paris Conference

REDS TO BENEFIT MOST UNDER PEACE TREATIES

PARIS, July 31 (AP)—Russia emerged today as the principal beneficiary of proposed peace treaties which would strip Italy, Finland and beaten Germany's Balkan satellites of their military power, redraw their frontiers and charge them at least a billion dollars in reparations.

The treaty drafts presented to the 21-nation peace conference last night by the Big Four agreed upon substantial territorial increases for the Soviet Union, upon payment of \$900,000,000 in reparations to Russia and left Russia's domination of eastern Europe intact.

In certain disputed sections of the treaty drafts, however, it

seemed apparent that the western powers intend to try to whittle down some of the Russian gains in the east.

The United States and Britain want the vital Danube river opened to trade on a basis of complete equality, while Russia wants nothing said in any of the treaties about freedom of navigation on the Danube. Western members also want "most favored nation" status for all allied nations, while Russia would exempt all fields closed to private enterprise.

Under the proposed treaties none of the defeated countries would be allowed any bombing planes or submarines and would be required to guarantee funda-

mental human rights and to bar fascist activity.

The military machines of all would be reduced to a vestige of power, and the treaty drafts directed the five beaten countries to cooperate for the purpose of insuring against any German rearmament in the future.

The drafts offered little vital change in the troubled status quo—except for withdrawal of Russian occupation troops from the Balkans and British-American forces from Italy.

Russia alone of the major powers would win reparations—\$100,000,000 from Italy, \$300,000,000 each from Finland and Romania and \$200,000,000 from Hungary.

Russia Favors Two-Thirds Majority Rule

PARIS, July 31 (AP)—Soviet Foreign Minister V. M. Molotov, in a speech to the Paris peace conference today, called upon democratic countries of the world to put an end to the Franco regime of Spain.

The Soviet foreign minister spoke after an appearance before the conference rules committee at which he fought to establish a two-thirds majority voting rule for the conference of 21 nations, because, he said, "if all decisions were by simple majority the USSR would be sure to find itself always in the minority."

He found qualified support in his fight in US Secretary of State Byrnes, who, an American informant said, will propose tomorrow that a two-thirds majority vote be necessary for approval of essential and substantive matters.

Making his first official conference announcement, the Soviet foreign minister told a meeting of the rules committee, "this (a simple majority) naturally would place the Anglo-Saxons at an advantage because it would form a block of from 12 to 13 votes."

He expressed fear that adoption of a simple majority rule would play the west against eastern Europe.

"The conference should be interested in preventing a play on votes and should be concerned with assuring the authority of the recommendations it is going to make, and not in attempting to set off 12 countries against seven or eight countries."

He predicted there was every possibility the conference could reach each termination with every proposal adopted by a two-thirds rule.

Newspaper reporters of many countries, sitting in for the first time in history as peace conference observers, were in attendance as the committee plunged quickly into the troublesome question on which Molotov voiced his support of a Yugoslav proposal for a two-thirds voting rule.

Foreign Policy Bills Held Up In Adjournment

WASHINGTON, July 31 (AP)—Three administration bills designed to strengthen this country's hand in world power politics and to bolster American defenses are snarled in the adjournment drive now on in congress.

Foreign policy authorities said today only one appears to have even the slightest chance of approval before the lawmakers close up shop for the year on Friday.

The three measures, none of which has passed either house, would:

1. Authorize the president to send military missions anywhere in the world.

2. Permit the president to promote standardization of arms and equipment throughout the western hemisphere.

3. Allow the president to help train and equip a Chinese army of one million men, provided Gen. George C. Marshall succeeds in his efforts to unify China.

Administration efforts have been concentrated on the military missions bill partly because it is the nearest to floor action—committees in both chambers have okayed it—and partly because some of its provisions would cover some of the same ground as the China bill. In other words, the president still could send a training mission to China.

While there was no outright agreement to drop the poll tax bill, the session tentatively is slated to end Friday, and southern opponents of the legislation easily could hold the floor for two days—or longer, as they have previously demonstrated when the same issue was before the chamber.

Even before the vote, Majority Leader Barkley told reporters: "Everybody understands that if we can't get cloture we can't get a vote, no matter if we stay in session a month."

Barkley himself filed the cloture petition Monday, immediately after the bill was called up for senate action.

Senator Asks Military Policy

WASHINGTON, July 31 (AP)—Senator Elbert D. Thomas (D-Utah) asserted today that America and "all other nations" possess "biological and chemical latents of undreamed effectiveness which could bring death, disease and starvation to an entire country."

The chairman of the senate military committee did not enlarge on his statement in a speech prepared for the institute on the United States in world affairs at American university here.

Asserting that another war "will mean the end of western civilization," Thomas called for "a positive military policy unless we wish to forfeit the results of our recent hard won and expensive victory."

He said the nation should preserve its present technological and scientific leadership, insist on mobility in all armed services and coordinate its military strength with the United Nations.

The atomic bomb, biological warfare, rockets, far-ranging planes and other developments have made the United States subject to attack, Thomas said, and a future war "would probably start with an attack against major industrial cities."

Flying Review Slated At Goodfellow Field

Local citizens have been invited to attend the massive air show at San Angelo Thursday, which is being staged by the AAF in commemoration of "Air Force Day."

"Open House" will begin at Goodfellow Field at 1 o'clock. A mass formation of PT-13's will fly

over the city of San Angelo tomorrow morning, heralding the afternoon program.

The following exhibits will be open to the public:

(1) Parachute Department; (2) Link Trainer; (3) Aircraft on display in the various stages of maintenance and repair; (4) Gunner Trainer; (5) C-47 Transport (open for interior inspection); and (5) Fighter and training craft.

Civilian aircraft will also be put on display.

Among the events scheduled for the air show are formation flying by PT-13's, demonstrations by Superforts (B-29's), aerobatics by PT-13's, simulated aerial combat by AT-5's, low altitude demonstrations by C-47 transports, airborne re-supply, simulated "dive bombing" attacks on a ground installation by a P-47, demonstration in the use of fire fighting equipment, demonstration of the famous P-80 "Shooting Star," and a grand finale with all available aircraft participating in a "pass in review" ceremony.

Information has been received here that Brigadier General George H. Beverly, commanding general of the San Antonio Air Service Technical Command, will serve as principal speaker at a VJ Day celebration in Monahan, which will be staged in that city Aug. 14.

Plans are being made by the Big Spring recruiting station to dress a float for the parade to be conducted that day in Monahan.

Anti-Poll Tax Bill Good As Dead This Term

WASHINGTON, July 31 (AP)—The senate declined today to limit debate on the anti-poll tax bill. The decision was generally interpreted as killing the legislation for this session.

By a vote of 39 yeas and 33 nays, far short of the required margin, the senators rejected a motion to apply cloture, sometimes called the "gag rule."

A two-thirds favorable vote of members present and voting would have been required to put the seldom-used rule into effect.

While there was no outright agreement to drop the poll tax bill, the session tentatively is slated to end Friday, and southern opponents of the legislation easily could hold the floor for two days—or longer, as they have previously demonstrated when the same issue was before the chamber.

Even before the vote, Majority Leader Barkley told reporters: "Everybody understands that if we can't get cloture we can't get a vote, no matter if we stay in session a month."

Barkley himself filed the cloture petition Monday, immediately after the bill was called up for senate action.

Angelo Wants Star Mail Service Here

Efforts for the inauguration of star route mail service between San Angelo and Big Spring have been instituted at San Angelo, through the transportation committee of that city's Board of City Development.

The BCD has pointed out that mail from San Angelo to cities along the Texas & Pacific west of Sweetwater (Big Spring, Midland, Odessa, etc.) is being delayed 24 hours in delivery.

The Angeleons have proposed a schedule that would leave San Angelo around 1 a. m. to make connection here with the T&P trains 7, westbound, and 2, eastbound. The Big Spring-to-San Angelo schedule was not set out.

The action is being taken up with postoffice officials.

British Continue Tel Aviv Manhunt

JERUSALEM, July 31 (AP)—Civil life in the modern all-Jewish city of Tel Aviv was at a standstill today as an unprecedented manhunt by 20,000 red-bereted British Tommies went into its second day, with 133 men and 10 women already under arrest.

A high ranking officer said the roundup of underground members wanted for questioning in connection with the bombing last week of the King David hotel here and other outbreaks of violence in the Holy Land, would continue for two or three more days. Up to 3,000 arrests were expected.

Building by building, the hounded Tommies combed the city, seeking principally members of Irgun Zvai Leumi and the Stern gang, Jewish underground organizations.

Suspects were whisked to hastily erected barred wire cages, and then the men were taken to Rafa prison camp and the women to Latrun detention camp.

Imperialists Blasted

MOSCOW, July 31 (AP)—Bolshevik, journal of the policy-making central committee of the communist party, asserted today that "American imperialists are solidifying themselves in the Far East and turning Japan into a colonial possession and monopoly market and estate of American capital."

CPA BOSS CAUTIONS

Higher Prices Alone Can't Fill Showrooms

WASHINGTON, July 31 (AP)—CPA boss John D. Small cautioned today against consumer hopes that, impending price boosts might quickly fill shelves and showrooms with shiny new goods.

Noting that the OPA revival act requires higher prices for many items, the Civilian Production Administrator said this alone "cannot be expected to bring a flood of new goods into the market."

Civilian production this month probably has equaled the biggest month in history, December, 1941, the CPA chief reported, and topped by 3 percent the record for June, highest month since VJ-Day.

The July estimate is tentative. Small told reporters in explaining

Lomax HD Club Hears Program On Food Preparation

"Take your vitamins from food rather than pills," members of the Lomax HD club learned when they met for a program on food preparation last week in the home of Mrs. Ralph Newman.

A pressure sauce pan was exhibited, after which the merits of pressure cooking were discussed. The members learned that by shortening the cooking time, valuable vitamins could be retained, and that by using a small amount of water, minerals are not poured away. Green garden peas were cooked as a demonstration.

A paper on character analysis was read by Mrs. Ray Russell. Handwork was done, and lessons in crocheting were given.

During the business session at which Mrs. Waymon Etchison presided, a report on the council was heard and discussion was carried on the picnic and HD encampment to be held at the Big Spring park on August 8 and 9. A committee to include Mrs. Doris Blissard, Mrs. Ray Russell, Mrs. Tommy Newman and Mrs. Waymon Etchison was appointed to arrange for the club's program for the event. The committee will meet August 1 with Mrs. Ray Russell to make plans.

Refreshments were served to Mrs. Lawrence Adkins, Mrs. Doris Blissard, Mrs. Ralph Newman, Mrs. Tommy Newman, Mrs. H. O. Phillips, Mrs. A. J. Stallings, Mrs. Waymon Etchison, Mrs. Ray Russell, Mrs. A. G. Donelson and a visitor, Mrs. Cleve Newman.

Lunches Provided School Children Under Federal Aid

School children of the nation will be assured adequate and nutritious food under the National School Lunch Act approved by President Truman in June. The date marks the beginning of a new era in farmer-consumer relationship, according to information distributed by Robert H. Shields, USA Administrator through M. Weaver, local AAA supervisor.

After running 11 years on a year-to-year basis and without State financial support, the new law is now a regular item of Federal expenditure, with provision for state assistance on a matching-of-funds plan.

Began in 1935 as a means of utilizing surplus foods, with funds from Section 32 of the Agricultural Act, the school lunch program on April 30, 1946, included 44,000 schools with over seven million children in all states, Alaska, Hawaii, Puerto Rico and the Virgin Island.

The program aims to encourage better nutrition in feeding growing children. It also aims to assure outlets for food surpluses and to better distribution when buying power is retarded and proper diets might suffer.

CPA Limitations Fail To Boost Construction Of Local Home Units

By WACIL McNAIR
A general break-down of local building permit records for 1946 indicates that the Civilian Production Administration's limitation on commercial construction has not resulted in anticipated residential increase.

The CPA order, effective March 26, constituted a nation-wide curtailment on all types of construction, except residential and a few projects deemed essential for health and general welfare. The idea was to channel more building materials into residential projects in efforts to expedite construction of living quarters for returned veterans.

The order has proved effective in curtailment of commercial building locally, but there has been no distinct increase in the rate of housing construction.

The result here was a general decline in building figures, beginning immediately after the CPA order, and finally leveling off at a monthly average far below that of the first quarter.

The first quarter total for all types of construction was \$454,280, as compared to \$441,521 for the second quarter and the first four weeks of July. The figure for the second quarter actually is lower by \$50,000, since a permit

for an annex at the East Fourth Street Baptist church was granted in May, but CPA has not granted authorization for the proposed construction.

Excluding the church permit, the average per month since the CPA order was issued is \$97,889, while the monthly average prior to the order was \$151,450.

Commercial building, which kept the records at a higher level during the first quarter, slumped after the CPA order to less than half of the prior rate. At the end of March permits had been issued for \$226,050 in commercial building, but from April 1 to July 27 only \$94,440 had been recorded, for a total of \$320,490. The rate of residential permits has been steady since the first of the year, with no appreciable upswing noted as a result of the CPA order, for a total of \$365,550.

Lumber companies and building material agents have indicated that increased materials for houses have continued to reach the market slowly, because most materials available at the time limitations were effected were suitable only for commercial building. This condition has made it difficult for potential house builders to obtain doors, windows, etc., for dwellings.

Camp Hood Captain Commits Suicide

A And M Seeks Plant

WASHINGTON, July 31 (AP)—Following conferences with War Assets Administration officials yesterday, Rep. W. R. Poage of Waco said little progress could be made on the proposal that Texas A&M college take over the 18,000-acre Bluebonnet ordnance plant at McGregor until WAA authorities who inspected the plant last week return to Washington.

EVERY LITTLE WIND HAS ITS NAME: GENTLE, FRESH OR FULL HURRICANE

By JACK RUTLEDGE
Associated Press Staff
Everyone likes to talk about the weather. It's so personal. It gets in your hair. It keeps you awake. It delays planting. It comforts you. It makes you shift from linens to red flannels. But, as Mark Twain said, few people do anything about it. Few, for example, even know what the weather man means when he predicts gentle southerly winds, shifting to moderate or fresh. Except maybe that you'll feel a breeze.

Sometimes you wonder if he knows, himself, what that gobble-degook means. But he does. In one simple lesson, here's a breakdown of weather terms:

Light winds—1 to 7 miles per hour; gentle—8-12; moderate 13-18; fresh 19-24; strong 25-38; gale 39-54; whole gale 55-75; hurricane anything above 75 miles per hour.

They also have what they call the Beaufort scale, number wind velocity from 1 to 12. When weather men hold a clambake, they get professional and use Beaufort scale designations.

Here's the Beaufort scale:

1. Smoke rises vertically (1 to 3 miles per hour).
2. Wind felt on face (4-7 m.p.h.).
3. Leaves, small twigs in motion, wind extends light flag (8-12).
4. Raises dust and loose paper (13-18).

5. Small trees in leaf begin to sway (19-24).
6. Large branches in motion; whistling heard in telegraph wires (25-31).
7. Whole trees in motion (32-38).
8. Breaks twigs off trees (39-46).
9. Slight structural damage to houses (47-54).
10. Trees uprooted (54-63).
11. Widespread damage (64-75).
12. Terrific damage (75 up). Simple, isn't it? Or is it?

Surplus Vehicles At Post On Sale

Big Spring army air field, with a concentration of 32 surplus used motor vehicles, is one of sixteen locations set forth in a newly issued disposal catalog now in the hands of in excess of 12,000 certified veterans on the lists of War Assets Administration's Fort Worth regional office. A total of 648 surplus motor vehicles, all on the "set aside" list for sale exclusively to ex-servicemen, are available for inspection between now and August 13 in a mail-order sale.

Vehicles at Big Spring AAF include 31 weapons carriers all offered for sale at fixed prices ranging from \$413 to \$636, the majority being 1942 models. One truck tractor at \$1485 is likewise offered.

Following inspection veterans are invited to submit their orders by mail to the WAA in Fort Worth. Awards will be made August 14 and 15 on the basis of the oldest dated certificate for each type of vehicle. Alternate choices are urged.

Other locations at which vehicles are to be seen include: Abilene AAF, Camp Barkeley, Goodfellow Field, San Angelo; Dalhart AAF, Amarillo AAF, Lubbock AAF, Pampa AAF, Fort Worth AAF, Pantex Ordnance Plant, Amarillo; Camp Wolters, Camp Bowie, Camp Hood and the Fort Worth Quartermasters Depot. Passenger sedans, motorcycles, scooters, command and reconnaissance cars, carryalls, panel and pickup trucks and various trailers are on the list.

A Local Lady Spit Up Acid Liquids For Hours After Eating

For hours after every meal, a Local lady used to spit up a strong, acidulous liquid mixed with pieces of half-digested food. She says it was awful. At times she would nearly strangle. She had stomach bloated, daily headaches and constant irregular bowel action. Today, this lady eats her meals and enjoys them. And she says the change is due to taking INNER-AID. Her food agrees with her.

No gas, bloating or spitting up after eating. She is also free of headaches, now, and bowels are regular, thanks to the Remarkable New Compound.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring. (adv.)

was more alert than in the pre-war days of Hitler. The battleship Missouri was rushed to Istanbul and it was made quite clear that the United States was on the side of peace.

People Must Be Alert for War

Moral to be drawn from all this is that peace conferences sometimes can be deceptive. Vigorous action to prevent war depends on public opinion.

Man in Street Did Not See War

I came back to Europe in 1930 for the London naval conference, when it became distressingly clear that Mussolini was planning to stab France in the back; and again in 1936, when Hitler was betting his money on Franco in Spain and had buffeted France by sending his troops into the Rhineland.

LOOKING 'EM OVER

With TOMMY HART
 Players in the Muni softball league should sing the blues—back in 1850 pitchers in baseball stood almost as close to home plate and threw overhand, besides.

Too, the opposition oftentimes had as many as 18 men in the field. A standout like Wee Willie Keeler would have been lost, he and his motto, "hit 'em where they ain't," for the defense was everywhere.

Bases originally were stakes two or three feet high and catchers stood far enough back of home where they could take the ball on the first bounce. They even had "pig-tails": Little men who retrieved the ball in event the backstop failed to trap the pellet.

When bases became cushions, they weren't staked down and base guardians oftentimes kicked them out of a runner's way as they tried to touch them. Soccer was never rougher when a runner would take off across the field trying to corral a bag given the boot.

And the pay scale? It was a ruffian sport. Many a man of The Word condemned it. But most of the pioneers played it for free. A bottle of suds could inspire them to Herculean feats. In 1899 Christy Mathewson was to be paid \$80 a month in installments of \$10 at Taunton but he didn't get them all.

Ed on his back, permitting the two runners to cross the plate.

But the game apparently inspired some of the players to greater things. Henry Chadwick, often referred to as the "Father of Baseball," once wrote a song entitled "Who Will Take Care of Mother?"

Wagering on the outcome of games was common. More than two-thirds of the spectators usually attended for that purpose. In some parks, special booths were thrown up and pools for the games were sold.

In 1876, a base on balls did not exempt a man from a time at bat and the first batter of the inning followed the last man put out, instead of the last man who batted.

It was a treacherous way to make a living around '75. A bloke by the name of Joe Borden authored a no-hit game that year. He wound up the next season as ground keeper for the Boston club of the National League.

Treacherous in more ways than one. The Cincinnati Red Stockings boasted a streak of 92 wins from 1868 to 1870. The Athletics of Brooklyn handed them their first loss in the last half of the 11th inning after they got two runners on the base paths and the next batter singled. When McVey, Cincy fielder, stooped to pick up the ball, several spectators jumped

on his back, permitting the two runners to cross the plate.

Waco recorded its second straight shutout conquest, whipping the Naval Air Technical Training team of Ward Island, 10-0, in eight innings as Clarence Pined signed, doubled and tripled and Gil Turner and Johnny Morrow each drove in three runs.

Three games are on today's schedule. The Magnolia Tigers play the Empire Room, Rapid Blue Play meets Shell, and Baytown opposes the East End Merchants.

Rube Melton Cops Pitcher's Duel From Howie Pollet

By the Associated Press
 Leo Durocher's Brooklynans are riding high today. Bouncing along on a 3-1-2 game lead with Howie Pollet, the best St. Louis Cardinal hurler out of the way.

When Lippy Leo's dandies dumped Pollet in last night's series opener, 2-1, they struck a mighty blow in defense of their World Series aspirations.

Eddie Dyer needed a clean sweep of the three-game set at Ebbets Field to snatch first place from the precocious Dodgers but now the best he can do is cut the margin to 1-1-2 games by tomorrow night.

Rube Melton, Durocher's long shot starting choice, got ho-ye with his first win of the season although he needed bullpen help from dependable Hank Behrman in the ninth.

The faithful turned out 31,446 strong to the Ebbets Field attendance chart to 1,022,400, the sixth time the million mark has been reached in the club's history. Brooklyn's all-time high of 1,214,903 set in the 1941 pennant year seems almost certain to be topped.

Chicago lost ground in the race by bowing to the New York Giants, 3-2, on pinch hitter Goody Rosen's single with the bases loaded in the ninth. It was the fourth time the Ottmen had topped the Cubs in 16 meetings.

Thompson taking the decision over Bob Chapman, another reliever.

Schoolboy Rowe chalked up his 11th triumph for the Phillies over Cincinnati, 8-4, with Andy Seminick's bat booming for four hits including a three-run homer.

A scheduled Pittsburgh-Boston night game was postponed because of rain.

Interest in the American league turned to the second place battle between the New York Yankees and Detroit Tigers as the Boston Red Sox increased their lead to 12 1-2 games by blanking Cleveland, 4-2. The largest crowd of 39,881. The Bengals now are only one game behind the Yankees.

Virgil Trucks fanned 13 Yanks in earning his 12th success, 6-5, to the delight of a twilight throng of 39,881. The Bengals now are only one game behind the Yankees.

Jeff Heath's home run blast with two mates on gave St. Louis a 6-3 edge over Washington in 11 innings and a victory for Stan Ferens over Marino Pieretti in a free-hitting contest.

Refiners Face Tough Hurdle In Veterans

Cosden Oilers catch another tough cookie in Muni softball league play at 9 o'clock this evening when they wrestle the Veterans of Foreign Wars.

The Vets have stumbled a time or two in second half play and they don't seem to be going anywhere in particular but they can play ball when the blue chips are showing.

With such hitters as Horace Bostick, Jake Anderson and Hal Battle in the lineup, the ex-GI's boast an attack second to none in the circuit when it clicks.

Tommy Elliott gets the starting mound call for the Vets. Red Harrison is due to climb the knoll for the Cosdens.

The evening's other contest, which gets started at 7:30 o'clock or thereabouts, finds Eddie Hammond's United Body Works Club in action against the Manhattan Club.

Hammond recently acquired pitching strength in Tobey Cunningham, a flashy all-around performer who can hit as well as play the field. His addition is expected to improve the Mechanics' stock considerably.

If the Mechanics hope to get anywhere, however, they must help the speedy offerings of courageous Jimmy Daylong, who has kept the Clubbers in the Muni title scrap all the way.

Haney's Single Decides Bout, Dallas Wins

By the Associated Press
 Jack Paepke and Eddie Chandler gave up only seven hits in 17 innings last night as Fort Worth defeated the Beaumont Exporters, 2-1 and 3-2, in a twin victory that increased the Cats' grasp on first place to four and one-half games.

Second place San Antonio took a drubbing from Oklahoma City, 10-2, while the Dallas Rebels won their first game in five days with a shutout over Shreveport, 5-0.

Tulsa's Oilers defeated Houston, 10-7.

Paepke, hurling a three-hitter, won the first game for Fort Worth when Jay Haney drove in the clinching score in the seventh after the game had been tied, 1-1, since the third.

Chandler racked up his 15th win of the season when he squeezed home Monty Basgal with one out in the tenth inning of the nightcap. Basgal had led off the round with a double to right center and moved to third on a sacrifice by George Pfister.

The Rebels scored all their runs against Shreveport in a big eighth inning handed by a home run by first baseman Bob Moyer with the bases full. Until then it had been a mound duel between Walter Wilson of Dallas and Clarence Gann of the Sports. Wilson allowed only four hits and only two men to reach second. Gann gave up six hits.

Tulsa also won its game with an eighth frame uprising. With the score tied, 7-7, first baseman Paul Richards banged out a home run inside the park with two aboard when Houston's center-fielder, James Basso, missed a shoestring catch of Richard's fly.

The Indians took 10 hits off San Antonio's Lou Janicsek and were never in serious danger after gathering a two-run advantage in the first. The Oklahoma City attack was led by Ray Murray, who homered and doubled, and by Dale Mitchell and Pat Ankenman who got three hits each. Calvin Dorsett allowed the Missions eight hits.

SCUFFLE AT SECOND—Gene Handley, Athletics' second baseman (third from left) and Tiger Roy Cullenbine (second from left) are being separated by Umpire Art Passarella. Handley had jabbed Cullenbine, who then poked him in retaliation during the sixth inning of a game in Detroit. George McQuinn (5) and Pete Suder (right) help part them.

Picks Players In August—

Crook Named To Lead Local Golf Cup Team

Bill Crook, who invaded the Muni course the other day to fire a 71 in the qualifying round of the city golf tournament, has been named captain of the home team for the Hall-Bennett cup matches, an annual event that precedes the Labor Day golf show at the country club here.

Crook will choose his team from participants in 36 or 72 holes of medal play sometime early next month. All members of the country club will be given chances to rate a position on the contingent.

Crook's aggregation will have much prestige to uphold. The home contingent has held the upper hand in the competition since 1940. Last year, a brigade led by J. R. Farmer edged a squad managed by Chick Trout of Lubbock, 8 to 4.

Iverson Martin, Fort Worth veteran, accepted the job of captaining the "foreign" team, which, of course, will be made up of players outside of Big Spring.

O'Donnell ran over Ackerly, 18-10, in the evening's other contest to earn a place on the list of survivors that includes Stanton, Veterans of Foreign Wars, Ackerly and Cosden.

Pete Womack, who skips the Cosden crew, gave the Oilers their first three runs against Sparenburg when he doubled with the bases loaded.

Pat Stacey clouted out a long home run in the Oilers' many pronged attack while Conn Isaacs collected three blows.

The Refiners were originally scheduled to play their semi-game on Friday night but have requested a change due to a schedule conflict. Their semi-final foe will be Stanton.

The Catholic team trounced East Fourth Baptist, 29-5, in the only game played Tuesday. With the scalp of the YMCA team already hanging from its belt, the St. Thomas church girls are favored to sweep to the second half crown.

Senor Rosales, one of the sponsors of the Catholic team, will shortly stage a dance. Proceeds from the entertainment will be used to purchase jerseys for the girls, he said.

A bruising 13-12 victory over the favored Cosden Gaugers served to put the Continental Oilers in the driver's seat in the race for second half honors of the Forsan Community softball league.

The reversal was the first of the campaign for Blacky Hines' troupe, which won first half honors in a breeze.

Bobby Asbury, Lewis Heuvel, Jack Keith and ElRay Scudday hit home runs for the Gaugers but the Oilers tallied five runs in the initial inning and were never headed.

Otis Griffith started on the rubber for the Continentals and staggered through to earn the decision despite the fact that he was punished in the middle rounds.

Lees, with Manager Heavy Montgomery in the box, slugged Phillips' Gassers, 15-12, in the other contest of the evening. Bill Long was the losing hurler.

Few Vets Exhaust Readjustment Pay AUSTIN, July 31. (AP) - Fewer than 1 per cent of the eligible veterans have exhausted their readjustment allowances of \$20 per week for 52 weeks during the past two years. Harry Benze Crozier, chairman of the Texas Unemployment Compensation Commission, made the report, discounting complaints that veterans are loafing and refusing to work while they can receive compensation. He said that only 5,000 veterans have used their entire entitlements since the program was established two years ago. At this rate, 2,500 a year, the readjustment allowance program would have to remain in operation for 260 more years until the last veteran claimed his last \$20, stated Crozier. Veterans are eligible to receive compensation under the GI Bill of Rights up until two years after the official termination of the war or two years after their discharge, whichever is later. Congressional action has provided that this program shall expire five years after the official end of the war.

Ku Klux Klan Under Federal Investigation

WASHINGTON, July 31. (AP) — The Justice Department disclosed today that it is investigating Ku Klux Klan activities in seven states to determine whether federal laws are being violated.

The department said court action will be instituted against the Klan if such violations are uncovered.

Evidence involving any violations of state laws will be turned over to state authorities, if requested.

The investigation is being made under the direction of the department's civil rights section in New York, Michigan, Tennessee, Florida, California, Mississippi and Georgia.

However, complaints are being received from all parts of the country about the resurgent Klan's activities. The originators include individuals, labor unions, civil rights societies and other organizations.

Some name dates, places and persons involved in alleged Klan acts. All such complaints are turned over to the FBI which makes investigations for the civil rights section.

The department expects a sharp increase in Klan activity as a result of negro voting in Southern primaries, the dislocation of populations resulting from the war, congested living conditions and the other aftermaths of war.

Jester Rejects Rainey Proposal To Debate Series

DALLAS, July 31. (AP) — Beauford Jester last night rejected a proposal of Homer P. Rainey that the two gubernatorial run-off opponents meet in a series of debates on campaign issues.

Jester, who led Rainey in last Saturday's primary, made his rejection shortly before leaving for Houston after two days of conferences with Dallas advisers and supporters.

He announced also that he will open his run-off campaign tomorrow night with a radio broadcast at 8:30 p. m. from San Antonio over a large network of stations.

Rainey opens his campaign Friday with a rally at Woodridge Park, Austin, and a half hour broadcast over the Texas Quality Network.

In a telegram to Rainey at Austin, Jester said, "because my plans for the runoff were set and arranged some time ago, I must decline your invitation to debate this campaign."

By telephone, the Corsicana railroad commissioner told the Associated Press, "when you have a fellow out, there's no use getting him back in the ball game."

At the same time he announced his reply to the former University of Texas President, Jester issued a prepared statement to Dallas newspapers and press services.

"Results of the voting in Texas Saturday indicate clearly the people of Texas have little interest for my opponent's program of government with which he would replace our Texas way of doing things in a democratic manner," the statement read.

"I therefore do not feel it necessary to abet and encourage his futile effort to impress upon the people of Texas that any change is necessary in our Democratic processes by any joint debate, such as he refused in the July campaign."

"Since the electorate so overwhelmingly rejected a program which has its origin among radicals who would overthrow our democracy, I cannot see how any good purpose could be served in discussing them instead of my people's path."

"We have responsibilities now, Elmer — We'll have to provide a nursery, a name, and a sitter for the baby!"

MERRILL PAID OFF IN FABULOUS GAME

DALLAS, July 31. (AP) — Fred Merrill, who won \$188,500 in a 12-hour dice game in Reno's Frontier club July 10-11, yesterday received final payment of \$141,375 from F. L. McClanahan, Dallas oil man and one of the night club owners.

Merrill, a rancher, said his last bet in the fabulous game was for \$30,000.

His point was Little Joe, a four, one of the "hard" points. He made it.

May Dead Of Slashes, Wife Critically Hurt

WEIMAR, July 31. (AP) — A Honey Creek man was found slashed to death and his wife was critically wounded yesterday at their home in Honey Creek, 12 miles south of here.

Mrs. Ben Houstede ran to a neighbor's house after her 30-year-old husband had been fatally wounded by throat slashes. Mrs. Houstede then returned home and neighbors found her a few minutes later in a critical condition, her throat slashed.

She was taken to a Schulenberg hospital.

Two Win Court Seats, Two In Runoff

DALLAS, July 31. (AP) — Final tabulations on three district courts of civil appeals faces by the Texas Election Bureau last night indicated victories for District Attorney Robert G. Hughes of San Angelo and E. J. Miller of Brownwood and a run-off in the Dallas district between Judge Joel R. Bond and Paul McCarroll, former Dallas city judge.

In district three, with returns from all 23 counties, 18 complete, Hughes led Judge Mallory B. Blair of Belton, 49,619 to 46,149.

In the Dallas district, Bond had 40,135 to 28,120 for McCarroll and 21,941 for Thomas K. McElroy, former mayor of Terrell. Seven of eight counties were complete.

In district 11, with 19 out of 23 counties complete, Miller was leading Albert S. Mauzey of Sweetwater, 38,015 to 33,843.

Prices Up Again At Stock Auction

Receipts dropped off considerably, but prices moved upward again after a temporary decrease at the West Texas Livestock Auction company's sale Tuesday.

More drought effects were apparent, however, with a good run of cows and calves moving on a good market. White faced cows and calves commanded from \$100 to \$140 a pair, while mixed pairs ranged from \$60 to \$100.

Only a few hogs were offered, but they hit a new top price of \$20.70 per cwt. Approximately 1,000 head of stock were sold during the day.

The general market: Stocker cows, 8.00-9.50 per cwt.; stocker steer yearlings, 12.50-14.00; stocker heifer yearlings, 12.00-11.50; fat cows, 10.00-14.50; canners and cutters, 6.00-8.50; fat calves 13.00-16.50; fat yearlings, 14.00-17.50; bulls, 10.00-13.25.

HELP ARRIVES FOR DESTITUTE FAMILY LIVING UNDER TREE

AUSTIN, July 31 (AP)—Faith in the American way of life was renewed today for a destitute family of a mother and four children who have lived beneath a tree for the past two months within the city limits of Austin.
 Help and offers of help have been pouring in ever since news stories yesterday told of the plight of the family of Soldier Joe Sykes, who died in Europe.
 Home for them has been two rusty bedframes under a tree a few yards from a railroad track. Their clothes are kept in cardboard boxes. Their allotment from the army stopped when the father was killed March 29, 1945. Legal technicalities have delayed dependability benefits from the Veterans' Administration.

Six Changes Reported In Legislative Races From First Results

AUSTIN, July 31 (AP)—The Texas legislature service has reported six changes in results of legislative races announced yesterday.
 All the changes were in contests for seats in the house of representatives.
 In District 17F Louie D. Godard, Texas City, was elected instead of Harry Elwell Jr., Galveston.
 In the close District 28 race, Leta Shackelford of Livingston, was elected over Wiley Thomas of Groveton.
 D. B. Walker, Hillsboro, and Jerry T. Stockard, Frost, are the run-off candidates in District 60F, having eliminated Claude Carr, Corsicana.
 Sam G. Reams, Falfurrias, defeated A. J. Vale, Rio Grande City, for the District 74 seat.
 Sam C. Sellers, Waco, was re-elected in District 96F, eliminating Frank B. Brooks Jr., Waco.
 The District 120 race narrowed to a run-off between Joe W. Jennings, Plainview, and I. B. Holt, Olton, they having eliminated Tom W. Dean, Floydada.

Argentina To Decide Soon Whether To Join World Food Council

WASHINGTON, July 31 (AP)—Argentina will be requested soon to decide whether to join the international emergency food council, Dennis A. Fitzgerald, secretary-general, said today.
 He told reporters that if Argentina decides not to join, she will lose her provisional membership on the council's nine-nation central committee and be replaced at the September meeting of the 19 member nations.
 If Argentina joins the council, she will then be obligated to turn over her surplus wheat to the world pool.
 Argentina is one of the "big four" wheat producing countries. The others are the United States, Canada and Australia.

Rail Passenger Traffic Heavy

The summer of 1946 probably will be recorded as one of the heaviest vacation seasons in history according to current passenger volume trends of the Texas and Pacific railroad.
 Passenger traffic through Big Spring is booming, after a temporary lull in the spring. G. L. Cook, general agent said. All schedules through here are carrying near capacity loads, and a large proportion of the tickets are for long distances.
 Many of the people riding the trains now are taking their first vacation in five or six years, Cook said.
 Freight volume, however, is in a slump, but is due to recuperate as general production increases over the nation. Tank trains, carrying oil for the Navy, which kept freight traffic brisk, have been discontinued with cancellation of contracts by the Navy.
 Slow production has hit the railroad from two sides, decreasing freight volume, and accounting for a continued difficulty in delivery of new rolling stock.

Plaintiff Awarded Custody Of Child

Katherine Lawson was given the custody of a minor child as well as her freedom in her divorce action against Louis C. Lawson. The suit was heard in district court Tuesday.
 Judge Cecil C. Collings also granted two divorces this morning in suits involving Terry B. Barnes and Marvin E. Barnes and Norma Pearl Warren and Loran H. Warren.

PARIS, July 31 (AP)—The body of Gertrude Stein, who died Saturday in a hospital here, was to be placed today in a crypt at the American Cathedral church pending funeral arrangements.

Legion Post Plans To Install Officers Thursday Night

New officers of the Howard County American Legion post will be installed at the post meeting in the Settles hotel Thursday night at 8 o'clock. District Commander Jackson of Lubbock is scheduled to be here and officiate at the ceremonies.
 Taking office as new post commander will be H. P. Steek. Other officers going in are Joe W. Burrell, first vice commander; Neal Barnaby, second vice commander; Truett Thomas, adjutant; W. L. Wheeler, sergeant at arms; and Ira Thurman, finance officer.
 Steek, in a letter to all the Legion membership, has outlined principal objectives for the new year, including: A new post home; an active Woman's Auxiliary; organization of a uniformed drill team and firing squad; assistance in every worthwhile civic enterprise.
 The Legion, which has been meeting twice a month, has changed its schedule to weekly sessions. They will be held every Thursday night.

Sterlings Give House For Home For Boys

HOUSTON, July 31 (AP)—Former Governor and Mrs. Ross Sterling have announced that they have given their three-story \$1,000,000 home on Galveston Bay to the Optimist Clubs of Houston as a boys home.
 The house contains 20 rooms and furnishings include a pipe organ.
 The Sterlings said they considered the Optimist plans for a boys home in line with their desire to dispose of the home for the benefit of Texas people.
 The three Houston Optimist clubs have announced a drive to raise \$500,000 for a development fund for the home.

Texans Bake In West And Broil On Coast

By The Associated Press
 Today was another brow-mopping July day throughout Texas. In the Rio Grande valley region and along the Gulf coast widely-scattered showers added humidity to the heat. In sun-baked West Texas it was just the heat.
 Indications are that tomorrow will be the same.
 High temperature marks were recorded the past 24 hours at Snyder and Dilley, in Frio county, each with 110 degrees. Falfurrias, Beeville and Alice reported 108 degrees. At Seymour, Uvalde and Laredo it was 107. Mission had 106. It was 105 at Childress and Haskell.
 Last night a total of 2.48 inches of rain fell at Port Arthur. Pierce, in Wharton county, reported 1.25 inches. A quarter of an inch of rain fell at Brownwood and .35 inch at Livingston. There was rain in West Texas.
 Tomorrow's forecast calls for partly cloudy weather throughout the state with scattered thunder-showers along the upper coast of East Texas.

Gomez Fined On Two Driving Counts

Mike Gomez paid fines totaling \$18, including court costs, in justice court Tuesday after entering guilty pleas to two traffic charges filed against him Sunday evening.
 Gomez was accused of operating a motor vehicle without a license and driving a machine that had a defective muffler.

New Merchandise Service Offered

Big Spring is principal distribution point for a new merchandise service being offered, points as far west as Hobbs, N. M., for shipment of goods from Dallas and Fort Worth, A. B. McCasland, Texas and Pacific railroad freight agent, has announced.
 The points served are afforded overnight service from Dallas, with the merchandise cars loaded out there during the morning. Arriving here that night, the goods are transferred to TP trucks who make local deliveries at all points on their respective routes before morning.
 Similar merchandise cars are consigned each day from Dallas to Midland, Odessa, Monahan and Pecos.

Fleas Tested As Carriers For Diseases

Representatives of the US Public Health Service and the State Health Department began tests for diseases among fleas in this area today, V. A. Cross, typhus control officer, announced.
 Investigating results in an area to the north and west, particularly in Cochran county, revealed that fleas there were carrying bubonic plague, according to State Health Department reports. Some of the investigations were made southward down Sulphur Draw, coming within three miles of Ackerly, Cross, said. Although there have been no human victims of the plague, an immediate program is being launched to eliminate the fleas before a possible outbreak.
 According to the state health department reports, fleas carrying bubonic plague were found in an area covering 33 square miles, which apparently centered around Brownfield and Morton.
 Cross said that people in Big Spring and Howard county can control the fleas by dusting places where there is evidence of rats with 10 percent DDT powder. Rat runs dusted heavily with the powder will normally be cleared of fleas within 30 to 40 minutes, he said. Dusting of flowers and shrubbery with the same powder is recommended for controlling mosquitoes around homes.

Cotton

NEW YORK, July 31 (AP)—Cotton futures advanced more than \$6.00 a bale in active dealings today. A 16 per cent increase on cotton textiles ordered by the OPA and extensive covering against active export demand influenced the upturn. While the market receded at times on surges of hedge selling and profit taking, all offerings were well absorbed.
 Some trade quarters felt the market had been oversold in the sharp decline of the past week. The government weekly weather report was generally favorable and in line with trade expectations.

Absentee Voting To Begin Monday

Absentee voting for the second democratic primary election August 24 will get under way August 5 and continue through Aug. 20.
 The ballots can be cast in the county clerk's office or mailed to that function.
 A record number of absentee votes were registered in the first primary when 460 persons exercised their voting privileges.
 HERE N THERE
 Mr. and Mrs. E. M. Conley of Pueblo, Colo., were here Tuesday night and Wednesday morning with their daughter, Mrs. Will Knox Edwards, Jr., making the stop while en route to Dallas on a vacation trip. Mr. Conley was for a number of years manager of the Montgomery Ward store here, and is now manager of the Ward store in Pueblo.
