

AROUND TOWN SIGHTS, FACES SEEN

GAS PRESSURE UP
As The Brand goes to press, R. C. McGilvary, local manager for the West Texas Gas Company, reports that all restrictions on the use of gas have been lifted and service is back to normal. Rising temperatures at mid-day promise some relief from the cold wave.

The meeting of Alcoholics Anonymous, advertised in this issue of The Brand (page 10, Section 2) for tomorrow night, has been postponed due to weather and inability of the speaker, who was scheduled to be here, to be present. The open meeting will be held at a later date, to be announced in The Brand next week.

NEW ARRIVALS IN TOWN:
William Jack Lowry, son of Mr. and Mrs. E. W. Lowry, arrived at the Deaf Smith County Hospital on January 20. Charles Robert Lemons, son of Mr. and Mrs. Robert Lemons, arrived on January 26, and Barbara Mary, daughter of Mr. and Mrs. Frank Zinsig Jr., put in her appearance on January 28 (yesterday). Also just arrived: Cynthia Jane Loerwald, daughter of Mr. and Mrs. Ed Loerwald, and dating from January 20. According to the grapevine, Ed was sorta hoping for a boy this time, but he was overruled by the young female members of his family, and of course the ladies won. What chance would a boy have, anyway, with three older sisters to boss him?

ANOTHER NEW ARRIVAL:
David Lee Pepper, new son of Mr. and Mrs. George D. Pepper, arrived yesterday afternoon (Wednesday) at 4:30 o'clock.

Deaf Smith 4-H Club boys will have a meeting at the county court house Saturday afternoon, according to Hugh Clearman—weather (Continued on page 12)

New Grand Jury Will Convene On Monday

A new Grand Jury has been summoned for the opening of the February term of District Court in Hereford next Monday. County and District Clerk Robert Thompson announced this week.

On the Grand Jury panel are James E. Black, R. L. Coccougher, E. Danforth, G. E. Gollehon, E. W. Shugart, S. J. Barkley, J. B. Noland, Ernest May, J. L. Woodford, C. H. Hammock, C. S. Perrin, Jim O. Jenkins, Lloyd L. Airhart, Tony Burris, H. H. Miller, and J. M. White.

The Grand Jury will convene Monday morning at 10 o'clock for instructions from Judge Harry Schults.

No cases have been set on the court docket for the opening of the new term, Thompson said.

Members of the Grand Jury panel, were John McLean, C. L. McCroon, and R. L. Campbell.

Pioneer Rancher Dies At Canyon Tuesday Morning

Charles Lenox Gordon-Cummings, pioneer Texas settler and one of the last surviving T-Anchor cowboys, died Tuesday morning at his home east of Canyon.

His home, known in this section as Gordon's Country Club, has long been a popular picnic and fishing spot, and the elderly rancher had been a familiar figure in the Panhandle.

The son of a titled Scottish family, he was born in Calcutta, India, on May 29, 1865. He was 82 years of age at the time of his death.

Mr. Gordon-Cummings had come to America in 1894. He joined the Alamogordo division of the KKK in 1897, and later, in 1898, joined the T-Anchor. Later he fled on the land on the banks of the Tierra Blanca east of Canyon where his home, a prominent landmark, now stands.

Surviving him are his widow; three daughters, Mrs. Clarence Harrington and Mrs. Jimmy Culwell of Amarillo; and Mrs. Rebecca Barker of Plainview; a brother, William Gordon-Cummings, who now lives in New Zealand; and two granddaughters, Gordon-Cummings, a student at the University of Colorado; and Phyllis Rae Harrington, a student at Amarillo College.

DEADLINE FOR POLL TAX PAYMENTS ON SATURDAY
Saturday is the last day to pay your poll tax, Sheriff J. C. Reese warned local voters this week. Poll taxes were not assessed on the tax rolls this year, as they have been in the past, due to a change in the state law. Check your receipts, Reese warns, if you're not sure whether or not your poll tax has been paid.

Hazlewood Urges More Active Interest in State Government

SPEAKS IN HEREFORD

SENATOR GRADY HAZLEWOOD

JayCees Planning Screen Planting For Dump Ground

Hereford's dump ground, long an eyesore on the Highway 60 approach to the city from the east, will be screened this spring by the planting of three or four rows of trees, according to tentative plans now being prepared by the Hereford Junior Chamber of Commerce.

The dump ground, used by both city and county, is located just north of the main highway, and east of the city.

An order for several thousand trees has already been placed at Texas A & M College by County Agent Hugh Clearman, who, with Bill Wolfe, is directly in charge of the JayCee project.

Plans are being made to undertake the screen-planting late in February or early in March. The project was adopted at a meeting of the board of directors of the Junior Chamber of Commerce Monday night. Plans are to plant a three- or four-row "shelterbelt" along the south and west sides of the dump ground, which will in two or three years, effectively screen it from observation from the highway.

Other projects outlined for the JayCees during the next six months, in addition to assisting the City in installing street markets, which was the project outlined for January, include a city-wide clean-up and paint-up campaign during April; renewal of work on the park on south Main street in May and, tentatively including reopening of a golf course at that time and tentative plans to assist in sponsoring a Golden Anniversary celebration in Hereford, possibly in June.

Brother of Sheriff J. C. Reese Dies

Luther Reese, brother of Sheriff J. C. Reese of Hereford died in Baltimore, Maryland, Saturday afternoon.

He had been receiving treatment at the Johns Hopkins Hospital in Baltimore. His home was in Wyoming.

Sheriff Reese left Hereford Tuesday for Ballenger, Texas, where funeral rites were scheduled Wednesday afternoon.

80 JayCees and Guests Turn Out for Banquet Tuesday Eve

A. T. Stowers of Frona Died Here Last Monday

Andrew T. Stowers, 80 years old, of Frona, died Monday afternoon at the Deaf Smith County Hospital in Hereford after a long illness.

Mr. Stowers was a native of Alabama. He came to Texas in 1890, and has lived in Farmer county since 1897.

Survivors include his widow, Mrs. Mattie Lou Stowers, of Frona; eight sons, J. W. Stowers, of El Paso; C. S. Stowers, A. D. Stowers, J. C. Stowers, W. M. Stowers; A. T. Stowers Jr., Y. D. Stowers, and H. C. Stowers, all of Frona; one stepson, Elmer Wilson of California; and four daughters, Mrs. A. L. Corley of Waco, Mrs. R. C. Clark, Mrs. Albert Davis, and Miss Dorothy Stowers of Frona.

Also surviving are 18 grandchildren and six great grandchildren.

State Senator Grady Hazlewood, speaking before the Hereford Lions Club yesterday at noon, entered a strong plea for active interest, on the part of every citizen, in the affairs of government.

"We can't have a government of the people, by the people, and for the people unless every one of you will take an active interest in what is going on," he said. "There isn't a single bill introduced in the legislature that doesn't affect you. Know what is going on, and write your legislators," he urged.

Hazlewood cited the water control bill, which was introduced at the last session of the legislature, as a good example of what a group of interested citizens can do, if they make an organized effort, to protect their own interests.

"If that bill had passed," he said, "every irrigation farmer in Deaf Smith county would have needed a personal lawyer. You would have had to prove to the Texas Board of Water Engineers what only God knows—and an impossible situation would have been created."

There will be another attempt at water legislation at the next session, he warned, advising local water users to begin thinking now about what kind of a bill this area wants in that regard.

Senator Hazlewood advised local Chamber of Commerce committees interested in paving Harrison Highway to seek state designation for the route, instead of making further efforts for farm-to-market designation. "Roll up your sleeves and start fighting," he advised.

He called for concerted action from the people of the Panhandle to secure appointment of a Panhandle man to the Highway Commission. "This district has never had a man on the Highway Commission since it was formed," he said, "and it is the only district in the state which has never been represented."

If the people of the Panhandle will call a solid vote, Hazlewood believes, and get solidly behind some one man from this section, they can secure his appointment when the next vacancy occurs.

He touched briefly on the failure of the bill, which he presented at the last session, to establish an agricultural experiment station in Deaf Smith county. Hazlewood told the group that on the last day of the session, he had seven bills to present. The Experiment Station was second in order of importance.

Number One, he said, was a tax (Continued on page 12)

Robert Thompson Asks Re-election As County Clerk

The Brand is authorized this week to announce the candidacy of Robert Thompson for re-election as County and District Clerk, subject to action of the Democratic primary in July.

"We have tried to keep in mind that we are servants of the people, and have tried to operate the office with the aim of serving all of the people in an efficient manner," Thompson said. "By employing the most efficient help available, I feel that I have accomplished that aim."

"We are proud of our records in the clerk's office, and welcome inspection of any interested person at any time."

"If re-elected, I pledge my best efforts to see that the high type of service which we have tried to render in the past will be continued."

Paul Conaway, program chairman for the first Junior Chamber of Commerce dinner meeting Tuesday night, watched a program blow up in his face and whipped together a new one in the space of three or four hours on the eve of the banquet Tuesday afternoon.

The weather, which caused cancellation of most of the original program, however, didn't hamper attendance as eighty JayCees and guests turned out to overflow the seating arrangements which had been planned for a crowd of seventy-five.

Conaway's troubles began early Tuesday afternoon when Charlie Smith of Borger, state Vice-President of the JayCees, who was slated to deliver the principal address of the evening, called to report that he was snowed-bound and would be unable to get to Hereford.

A few minutes later, Mac McAllister, manager of Radio Station KICIA of Clovis, who had promised to bring a group of entertainers from his radio staff over the evening, called to say that his group would be unable to make the engagement because of the icy roads. Conaway reported to the JayCees Tuesday night that the real reason, however, was that McAllister's hula girls thought it was too cold for grass.

DEADLINE NEAR IN VOTING ON MAN OF THE YEAR FOR 1947

OFFICIAL BALLOT
LIONS CLUB "BEST ALL-AROUND CITIZEN" COMMITTEE

Care of The Hereford Brand
P. O. Box 673, Hereford, Texas

I nominate
as the Best All-Around Citizen of this community for the year 1947.

My Reasons for making this nomination are:

(Attach another sheet to this ballot if needed)

Signed
(All Ballots should be returned Not Later Than January 31)

Saturday, January 31, is the last day to mail this ballot (above) with your nomination for Hereford's "Best All-Around Citizen" of 1947. Nominations have been pouring in for the past several days. All ballots must be in the hands of the committee not later than Saturday.

Prospects Are Bright for Housing Project; Options Are Obtained

Pool Announces Formal Opening Of New Western Auto Store on Friday

Johnny Pool will hold the formal opening of his new Western Auto Associate Store, at the corner of 3rd and Main, tomorrow morning (Friday) with a two-day "get acquainted" sale on Friday and Saturday.

The new store, which occupies the building formerly occupied by the Texas Market, has "seamlessly" been open for business since Monday, but the formal opening has been postponed until clerks can complete arrangement of stock and fixtures.

Featuring the opening is a guessing contest, with the person guessing closest to the total number of different stock items in the store winning a new Truetone Mantle Radio.

A complete stock of merchandise is being installed in the store this week in preparation for the formal opening.

Pool, who is owner and manager of the new store, comes to Hereford from Amarillo, where for the past ten years he has been manager of the Western Auto Store at the corner of Fifth and Polk. He was a member of the Amarillo Kiwanis Club, and active in civic affairs there.

He lately announced this week that he has succeeded in renting a duplex apartment on South Main street, and plans to move his family here immediately after the first of the month.

Mrs. Pool and their daughter, Jane Elizabeth, 5, and son John Thomas, 7 months old, will arrive in Hereford next week.

Five Members Hereford Band Get All-State Clinic Bids

Five members of the Hereford High School band have been selected again this year to attend the All-State Band Clinic, to be held this year at Waco, on February 11-14. Bandmaster T. V. Brantley announced this week.

The Whiteface band was represented at the clinic last year by five members.

In view of the fact that less than 200 students are selected from school bands in the entire state to attend this clinic, the Hereford representation has been exceptionally high, Brantley reports.

Selected to attend this clinic this year are Mary Helen McGilvary, who is attending the clinic for her second year; Wanda Fish, Reuben Knox, Oliver Streu, and Kenneth Finley.

Last year's representatives were, in addition to Mary Helen, Wayne

Taylor and Elliston to Carry "Deaf Smith Story" to Eastern States and Canada Soon

"The Deaf Smith Story" will be carried to the East Coast and into Canada next month when Dr. Edward Taylor, chief of the dental division of the Texas Department of Health, accompanied by Beryl Elliston of Hereford, launches a lecture tour through the eastern states.

At Dr. Taylor's request, Elliston will accompany him on the tour, and will show color movies of Deaf Smith county crops and agriculture in conjunction with Taylor's lectures.

The Hereford Chamber of Commerce will sponsor collection of a

Contractor Will Confer With City On Paving Plans

Prospects are bright this week for construction of at least 50 houses in Hereford this summer under an FHA-approved housing development plan, Chamber of Commerce manager Pete Cowart reported yesterday.

Options have been obtained on approximately 16 acres of land as a site for the proposed development in the northwest part of the city, and the contractor who proposes to build the project is now working out plans and specifications.

The site selected lies west of Highway 51 and north of Harrison highway, within the city limits in the northwest corner of town. Options to buy the property have been obtained from Dan Finlan, Jim Lipscomb, Pete Cowart and G. T. Higgins.

W. C. Schutts Jr., housing contractor who conferred with Chamber of Commerce directors and others interested in the project here two weeks ago, has made a survey of the proposed site and is now working out plans and cost-estimates on the entire project. Schutts advised Cowart this week that he would probably be in Hereford within a few days to confer with city officials regarding paving and utility extensions to the proposed site.

Schutts has just completed the last of three housing projects for the city of Plainview, totalling 500 houses in all, constructed during the past two years.

The homes are FHA-approved, ranging in cost at Plainview from \$7,500 for a 2-bedroom house and garage to \$9,500 for a 3-bedroom house and double garage. No definite estimates have been reached yet regarding cost of units in Hereford, but Schutts has indicated that he expects to be able to quote definite figures on the project within a short time.

The cost of the homes will include paving and sidewalks in the development.

Sufficient land has been obtained to provide for construction of approximately 50 houses, if purchases are available for that many units.

Schutts made it plain to the local group, during his conference here two weeks ago, that he was not interested in building houses on speculation. "We are not in the real estate business," he said, "and don't want to own any houses. Our business is building them."

He indicated at that time that he (Continued on page 7)

Political Announcement Calendar Is Featured

A "Political Announcements" calendar, which will be published weekly in The Brand until the week of the primary elections on July 24, appears in this issue.

The standard fee for listing the names of all candidates for office, precinct, county and district, in this calendar will be \$17.50, payable in advance.

Newsom, Eugene, Roberson, Jack Brunley, and Mary Estelle LeGrand. Four of these five won first-chair positions in the all-state band last year.

Of the group to attend this year, (Continued on page 7)

special subscription fund to pay Elliston's share of the expenses on the tour. John Pitman, Alton Frazer, and W. E. Dameron have been named by Chamber of Commerce directors as a committee to raise the funds for the trip.

Elliston told Chamber of Commerce directors Tuesday afternoon that he estimated expenses on the trip would be between \$750 and \$1,000.

The directors, after some heated discussion, turned the matter over to the committee to set the amount

State of Emergency Declared; Schools Close; Stores Re-open

A record-breaking blizzard which has laid a sheet of ice and snow over the entire Plains area entered its seventh day this morning with no relief in sight. The heaviest snow storm of the week fell last night, with about three inches of snow measured here. Low temperature in Hereford Wednesday night was six degrees.

The gas situation is still critical, but West Texas Gas Company officials in Lubbock this morning advised the Hereford Chamber of Commerce that local business houses, except for heavy industrial users of gas, would be able to re-open today.

Mayor W. E. Dameron yesterday declared a "state of emergency" in Hereford, at the request of officials of the West Texas Gas Company, and all local business houses were requested to shut off their heat and, if necessary, to close up entirely.

All schools in the area have been ordered closed, and will remain closed for the duration of the emergency. Local mills, laundries, cleaning and pressing shops, and other large industrial users are shut down.

Many local business houses were still closed this morning. Gas company officials expressed sincere appreciation for the co-operation of business men in closing their doors yesterday, and said that this action had kept many homes from being without gas last night.

Local flour mills, laundries, and other heavy industrial users of gas had shut down Tuesday afternoon at the request of R. C. McGilvary, local manager of the gas company, in order to reduce the drain on gas pressure here.

With the low temperatures continuing yesterday, local stores were asked to shut off their heat and close, or remain closed as much as possible, for the duration of the emergency.

Hereford schools were closed yesterday, and will remain closed until the situation is relieved.

Pressure in the main which serves Hereford and 42 other Plains cities south of here had dropped alarmingly Tuesday and Wednesday, and service in many towns south of Hereford was threatened.

Levelland was without gas for more than eight hours Tuesday afternoon and night, and Clovis was threatened with a shut-down yesterday.

Towns and cities as far south as Midland are served by the same main which serves Hereford, McGilvary said.

So far it has been unnecessary to invoke the "state of emergency" powers decreed by Mayor Dameron yesterday. Voluntary cooperation by Hereford merchants has been 100 per cent in the shut down, according to McGilvary.

Every measure is being taken, he said, to insure an uninterrupted supply of fuel for homes and essential institutions throughout the territory.

Temperatures have been below 20 degrees since last Friday night, and dropped to a low of 2 degrees Monday night, one degree Tuesday night. High temperatures for this week was 11 degrees recorded Wednesday morning, when the sun broke through the overcast for a short time.

Residential users of gas are requested to conserve fuel as much as possible during the emergency.

Light snowfall which has been intermittent over the area since last Friday night has brought a little moisture to this area. The official measurement of moisture content at midweek was a little more than five one-hundredths of an inch for the week. The total moisture recorded here for the month of January is less than 15 inch.

An additional .19 inch of moisture had been measured in (Continued on page 7)

Birthday Ball Plans Unchanged; Collections Slow

The annual President's Birthday Ball, which is slated to climax the March of Dimes campaign in this county tonight, will go on as scheduled unless weather conditions make it impossible. Debs Knox, chairman of the dance committee, reported this morning.

Frank Miller and his Orchestra from Clovis are slated to play for the dance at the City Hall, and there will also be dancing to the nickelodeon at the Elvians Club-house. Both dances begin at 9 o'clock.

Advance ticket sales have been good, Knox reports.

No plans have been made to date for postponing the dance. Notices will be posted downtown if such action becomes necessary, Knox said.

Collections in other phases of the 1948 March of Dimes drive have been poor so far, the county chapter reports. The sale of dance tickets has accounted for the big portion of the funds collected.

The drive officially closes tomorrow night (Friday). Funds are urgently needed in this county to replenish funds exhausted this year by the care of local polio patients.

The county chapter has been forced to borrow money already from the National Foundation for Infantile Paralysis to maintain the patients now under care at the Polio Clinic in Plainview.

Frozen Ground Threatens Water Service In City

There is danger of water service being interrupted in many homes in Hereford due to freezing of service lines between meters and houses, Onias Carroll, City Water Superintendent, warned today.

"Let your faucets drip through the night," Carroll advised local householders.

A check yesterday afternoon, he reports, showed that the ground was frozen to a depth of eight to ten inches, and if the cold front continues, the freezing will go steadily deeper.

There is no danger of city mains freezing, Carroll says, but many service taps are not buried more than 10 to 12 inches. If a flow of water through the lines in main-taining fair consistency, freezing can be avoided, he advises.

It's a good idea, Carroll added, to keep both hot and cold water faucets open slightly, since hot water pipes inside the house will freeze readily if they are not well protected.

Cotton Loans To Be Handled By ACA, Local Banks

The Deaf Smith county ACA office will prepare application forms for cotton loans for local growers who want them, F. G. Collier, county ACA secretary, said this week, and either of the two local banks will handle the paper.

Only a small amount of the cotton produced here this year is likely to go into the loan, Collier said, but the ACA office will be prepared to handle all loan applications.

Estimates are that probably not more than 150 to 200 bales of cotton will be placed in the loan here. Except for a small amount of the crop which was late in being harvested and has been damaged by weather, locally produced cotton is finding a ready market.

At the present time, however, the market on lower grades of cotton is at or below the loan level, according to Collier, and steps are being taken now to make the cotton loan available to local growers.

The loan rate is based on a price of 27.68 cents per pound for middling white 15-16 staple.

The County ACA committee is requesting every farmer in the county who produced cotton this year to report the acreage and yield, Collier added.

There are no acreage restrictions, and the report is not required, he pointed out; but such a report may be of statistical value to the county.

Last Rites For Mrs. L. Wolcott Held Thursday

Funeral services were conducted for Mrs. Lella Wolcott at the First Christian Church January 23 at 4:00 o'clock, by Rev. Roy W. Ford. Interment was at West Park Cemetery under the direction of Boxwell Bros. of Amarillo.

Mrs. Wolcott died suddenly at her home in Amarillo January 20. She was the wife of the late Dr. Wolcott of Amarillo.

Mrs. Wolcott was a resident of Hereford several years before coming to Amarillo. She was born January 12, 1877, in Palo Pinto, Texas.

She is survived by her daughter, Mrs. Dillon White of Dallas; a son, Jack Baird of Las Vegas, New Mexico; a sister, Mrs. John B. Miller, and a brother, Oscar Vaughan, both of Hereford; and two grandchildren.

Pairings for Amarillo AAU Cage Tournament Are Announced; Game Times Not Yet Decided

Pairings for first-round play in the Amarillo AAU Basketball tournament were announced this week by Earl Stagner, manager of the Hereford Independents, who are expected to be one of the strong entries in the tournament again this year.

The Independents are in the lower bracket of the tournament pairings, and will meet the Panhandle Lubricators in their opening round game. Time and place for the game have not yet been decided, Stagner said.

Other first-round pairings in the lower bracket include West Texas State Freshmen vs. Panhandle Laundry. The remaining fourteen teams in this bracket all draw first round byes.

In the second round of play, Bob Seeds Sporting Goods Store will meet the YMCA All-Stars; Paper Paint Decorators meet Morse Independents; Amarillo Flying Service meets the winner of the West Texas State Freshmen vs. Panhandle Laundry game; Stratford Independents meet Clarendon Junior College; Amarillo JV's meet the Dimmitt Black Widows; Hedley Lions meet the winner of the West Texas State-Panhandle Laundry game; West Texas Pirates meet Modern Market; and Phillips Gassers meet Phillips Cafe.

In the top bracket, first round games are slated between Joiner Motor and Cactus Ordinance and Graham-Hoeme and Carey All-Stars. Other teams drew byes, and second-round pairings in this bracket include Maverick Club vs. Frank Phillips Men's Club; Gulf Oil vs. Sande Soght; Panhandle All-Stars vs. winner of Joiner-Cactus game; Spearman Independents vs. Santa Fe; Carpenter Equipment vs. Research and Development; Claude Merchants vs. winner of Graham-Hoeme-Carey All-Star game; Thalia All-Stars vs. Wayland College Fresh; and Friona Athletic Club vs. Panhandle Troupers.

The Hereford Independents, if they get by their first two contests as scheduled, will probably meet the strong Stratford Independent team in the quarter finals in Amarillo on February 16—and the semi-final round in the lower bracket is hoped to pit the West Texas Freshmen against the winner of this contest.

Top teams in the upper bracket, according to the dope sheet, are the Graham-Hoeme quint, which features Borden Price, who played last year with the Hereford team, and Bo Graham; and the Frank Phillips Men's Club, a strong contender in

previous tournaments.

Many of the teams entered in the tournament this year are unknowns, however, and some surprising upsets are predicted as the tournament gets underway.

The Friona entry in the tournament, the Friona Athletic Club team, faces a strong quarter-final opponent, if they ease by the Troupers in the opening round, in the winner of the Wayland-Thalia contest.

Dimmitt's Black Widows, in the lower half of the West Texas State Freshmen, or their conquerors, in the quarter-finals if they get by the JV's in the opener.

All quarter-final games will be played in Amarillo on February 16-17-18. Semi-finals will be played there on February 24, and the finals in each bracket are slated for February 27. Winners of the two brackets will meet in Amarillo on February 28 for the championship, and the two losers in the February 27 games will play on that date for third and fourth places in the tournament.

First and second round games are to be scheduled by the individual teams at places and dates to be agreed on between them.

Team rosters for the tournament this year are limited to ten players and two alternates.

Rev. Sparkman Resigns Pastorate Of Avenue Baptist

Rev. R. S. Sparkman, pastor of the Avenue Baptist Church of Hereford, announced his resignation to his congregation at the morning services last Sunday.

The resignation will become effective at the close of the evening services next Sunday, Rev. Sparkman said.

Rev. Sparkman has been pastor of the Avenue Baptist Church for the past two and a half years, coming to Hereford when the church was organized as a Mission under administration of the First Baptist Church. He was formerly pastor of the South Dallas Mission at Dallas.

Under his direction, the Mission was organized as an independent church in October, 1946, a short time after completion of the church building on 25-Mile Avenue. The church has grown rapidly in membership since that time.

Rev. Sparkman made no announcement of his future plans. No successor for the local pastorate has been chosen.

Social Security Payments Keep Family Together

"The Social Security Act places emphasis on the importance of the family and gives special protection to women with young children," said J. R. Sanderson, manager of the Amarillo Social Security office.

"Some women callers," Sanderson continued, "think that benefits are paid only to 65-year old widows. When a qualified worker of any age dies and leaves a widow who was living with him at the time of his death, she is immediately eligible to receive:

1. Monthly payments for herself and their unmarried children under 18, or
2. A single cash payment if there are no children."

Many women seem to think that in the event of their husband's death they can get back only the few dollars paid in social security premiums. It should come as no surprise to a widow to learn that she and her minor children are eligible for regular monthly payments. Many such benefits are now in force. These monthly benefits frequently mean for the children the difference between going to work and going to school. Monthly benefits to widows have been the means of keeping many families together and homes intact.

Mrs. Don Taylor of Louisiana, Mo., arrived Monday for a visit with relatives in Hereford. She is the daughter of Mr. and Mrs. J. H. Pilsman.

Wayne Evans left Saturday for Chicago, where he will look after business interests.

Tom Draper made a business trip to McKinney the past week-end.

Freedom Train Will Stop In Amarillo

Thanks to loud protests from Panhandle school children, various civic organizations and individuals, the Freedom Train, bearing a display of some of the nation's most historic documents, will visit the Panhandle of Texas in May.

The Freedom Train is scheduled to make an all-day stop in Amarillo on May 16 on a return trip from the West Coast.

Officials of the American Heritage Foundation, which is sponsoring the nation-wide tour of the Freedom Train, agreed to schedule the Amarillo stop after a wave of protests arose from the Texas Panhandle when the train's original schedule was announced.

According to the original schedule, the train was slated to enter Texas at Denison on January 29, and swing through central and south Texas en

route to the west coast. The entire West Texas Panhandle-Plains area was missed by the itinerary. Amarillo American Legion and VFW chapters, Spanish-American War veterans, DAR chapters, and other Amarillo civic organizations, backed by protests from Panhandle citizens, began firing protests into Washington.

The result was announced last week by Congressman Eugene Worley. The train will visit the Panhandle.

No other stops were scheduled in the Texas Panhandle except for the one in Amarillo. The Freedom Train will be in that city, and its contents will be on view, from 10 a. m. until 10 p. m. on May 16.

The Freedom Train is a special streamliner carrying the originals of many important historical documents in special display cases. Among the great records are the Constitution of the United States, the Declaration of Independence, and the original notes of the Gettysburg Address.

The train's tour is financed through popular subscription. Heritage Foundation officials are asking each city visited by the train to make contributions in relation to population.

If your head feels hot and feet feel cold around the house all winter, the trouble probably is that the house is unevenly heated rather than inadequately heated.

The hardness of wool felt differs with the kind of sheep the wool came from. Wool from Rambouillet sheep makes the hardest felt.

HEREFORD

Bull

By JIMMIE GILLENLINE

Lock the doors and hide those old Pepsi-Cola bottles. J. Beryl Elliston is going to become a Deputy Sheriff!

Beryl is the kind of guy who never did anything like anyone else, and the characteristic will hold true even in the execution of his duties as a Deaf Smith County peace officer. The activities of the new deputy will be always beyond the meites and bounds of this county, according to J. C. Reese, sheriff, who agreed to make the appointment under such agreement with Elliston.

Alton Fraser, J. C. McCracken and E. L. Adams met Monday with the Commissioners Court and asked that Elliston be appointed as deputy sheriff in order that he might receive railway passes, enabling him to make various trips to advertise this section without paying rail expenses. They also pointed out that the appointment would extend other courtesies to Elliston while he is visiting various points over the country. A letter from the Chamber of Commerce was also submitted to the Commissioners Court approved the appointment while in session, and Reese says that he will officially deputize Elliston, probably Thursday afternoon.

Elliston plans to leave early in February for an extended trip through the northern portion of the United States and Canada with Dr. Edward Taylor, head of the Dental

Division, Texas Health Department, and to whom much credit is due in establishing Hereford as "The Town Without A Toothache." Elliston will carry with him colored movies telling the "Deaf Smith County Story" and will show the film to clubs and interested groups over the entire Northwest.

Beryl's badge will of necessity carry full authority of the office, but if he happens to encounter a gang of bank robbers I know just exactly what will happen. When Elliston gets through telling about the accommodations, fine foods, beautiful scenery and golden opportunities, the gangsters will voluntarily surrender all—for a spot in the Deaf Smith County Jail.

Hereford now has an Alcoholics Anonymous chapter, which will hold an open meeting Friday evening, Jan. 30, in the county court room. The AAs are one of the finest organizations in the country. It is a no-dues organization and includes people from all walks of life. Alcoholics Anonymous has done more to re-establish people than all of the temperance societies, church crusades and prohibition laws put together. Chiefly, this is true because entrance to the organization must be voluntary. Every one is invited to this big, open meeting tomorrow (Friday) night.

We have often heard that the Texas Highway Department is free from politics and pressure, but sometimes we wonder. J. G. Loft, district engineer of the Texas Highway Department, this week reported to Potter County Commissioners in Amarillo that a new 4-lane highway will be constructed west from Amarillo to the New Mexico line, serving Bushland, Wildorado, Vega and Adrian. A 4-lane road, mind you, with a 300-foot right-of-way. This is all part of a deal to make Highway 86 a 4-lane road across Texas. Meanwhile, people from all over the South Plains and Eastern New Mexico drive hundreds of miles out of their way into Amarillo, then back to Dalhart, en route to Colorado, because there is no crossing on the Canadian over Highway 51. Think

of the thousands and thousands of miles which might be saved in wear and tear, gasoline and oil—in time alone—of this part of the country ever gets enough recognition to secure a crossing.

Let's put it this way: If there is no politics in the State Highway Department, then we need some people on the highway board who are smart enough to judge actual needs and service.

What Hereford needs is a Bald-Headed Father's Club. This club would serve a lot of purposes, and think of the potential membership. It could pretty soon be one of the biggest clubs in the country. Yes, Sir, the time has come when these old boys need to assert themselves. When things finally come out in the wash, you will find that this is also the real secret of Hereford's low tooth decay rate. When just the right amount of Deaf Smith County soil settles on the scalp, a process of assimilation begins whereby the hair is gradually transformed into a protective covering for the teeth. Did you ever notice how some of these old boys with tattle-tale gray teeth always have the shiniest heads?

However, this is beside the subject. This club business is really important. It needs to be done. Let's meet about once a month—if our wives will let us out that often. Charter members could include Jim Witherspoon, Dr. R. B. Willis, Lyle Blanton, Edward Robertson, S. B. McAllen, Pete Cowart, Frank Daniels, Harold Close, Paul Harvey—and even Elmer Colleton and G. W. Brunette might be able to qualify. There would be a lot of handicaps to overcome, of course. We could do it, though. Take the little matter of reflections. We could meet in a semi-dark room, or could have in the by-laws that each member furnish his own colored glasses.

When this club spoke, it would be the voice of experience. Our very first project would be advice to the younger generation as regards these \$5 and \$10 clubs. All of these old bald-headed boys got clipped on the same racket back around 1931 to 1935. History is just repeating itself. If you haven't been approached yet, you will soon. It is just a revival of the chain letter scheme. Back in our day, it started out for a dime and then gradually worked itself to a buck. However, everything else has gone up; the chain letter people may figure \$5 and \$10 is well in line with current day prices. Anyway, this is beside the point. If you are about to put your money into one of these schemes, please take my advice. Hunt up one of these old bald-headed boys and ask him how he came out when he invested back in 1934.

Here's a clipping which was published in 1932. It is the chain letter to end all chain letters. It was started in Washington, D. C., with the hope of bringing happiness to all of the tired, bridge-playing wives over the country. Unlike most chains, this one doesn't cost any money.

"Simply send a copy of this letter to five women friends, then bundle up your husband and send him to the lady whose name heads the list. When your name works to the top, you will then in turn receive 15,176 handsome, robust men with thick, wavy hair.

Have Faith—Don't Break the Chain." P. S.—One lady broke the chain and got her bald-headed husband back.

Meanwhile, sugar beets are getting more and more consideration among irrigation farmers in this area. They are getting the fever down around Friona, which is developing more shallow-water irrigation faster than any other section of the Plains. There is no doubt but the 7,000-acre goal set for this area will be reached. The sugar beets is the coming crop in the Hereford territory. There have been too

Let's Talk About Houses and Homes

If you merely exist in the place you live, it's a house—if you LIVE in it, it's a home.

And to really live in that home you need those little conveniences; and you need constantly to care for that home and repair it at the proper time.

That's right, you really have no home unless you care for it — and caring for a home means keeping it in proper repair.

WE HAVE THE MATERIALS AND THE KNOW HOW OF THE LUMBER BUSINESS.

HERE IS
HOW...

Extra

PAYMENTS ON YOUR

FARM LOAN

CAN DO DOUBLE-DUTY...

Patriotic farmers work long hours to get a job done. It's this "double-duty" that means the difference between a good crop and just a fair one.

It's double-duty performance too, that tells the difference between ordinary farm loans and the new, long-term loan with the PREPAYMENT RESERVE now available at this bank.

In an ordinary loan, extra payments on principal reduce future interest charges, and no more. They stop working for you then and there.

Extra payments on your loan from this bank not only give you full interest saving—they also build, at no cost to you, a reserve for paying interest and principal in less favorable years.

Don't be satisfied with an ordinary loan! Insist on one that makes your extra payments do "double-duty."

Now, through our special arrangement with The Equitable Life Assurance Society,

you can obtain farm loans from this bank with this unusual feature and other advantages listed below.

CHECK THESE ADVANTAGES

- 1 Prompt, friendly local service—No red tape... Deal with people you know.
- 2 Pay any amount at any time from farm income—the famous Farm Income Privilege.
- 3 No extra charges—No stock obligations. No fees and no commission to pay... only the usual abstracting of title policy and recording expense.
- 4 4% guaranteed 40 years—Take your choice of 14 different plans.
- 5 Save time and money—Make the payments on your loan here at this bank.
- 6 Prepayment Reserve—Save interest on your extra payments while they build a reserve to tide you over lean years.

Miss Alice Paetzold Becomes Bride Of Mr. Mark Koenig In Church Rites

As the couple knelt before an altar decorated with white gladioli and lighted tapers, Miss Alice Ann Paetzold, daughter of Mr. and Mrs. John Paetzold, became the bride of Mark Koenig, son of Mr. and Mrs. Joe Koenig of Goree, in a double-ring ceremony performed in St. Anthony's Catholic Church by Rev. Albert Heald on Tuesday morning, January 20.

Preceding the ceremony Miss Adeline Koelner sang "On This Day" and "Ave Maria" accompanied by Miss Martha Jesso, organist, who also played the traditional wedding marches.

Miss Eleanor Paetzold was her sister's only attendant. She wore a floor length dress of pink tulle

fashioned with high neckline, cap sleeves and full skirt. Her picture hat of half-braid matched her long pink gloves and she carried a nosegay of blue carnations. Leo Koenig served his brother as best man.

The bride, who was given in marriage by her father, wore a gown of white satin, made with fitted bodice and full skirt extending into a long train. The off-shoulder bertha of imported Bolka lace was attached to a sheer marquisette yoke, over which fell the lace-edged veil of imported French illusion. The tarsi of seed pearls which held the veil in place was accented by her only ornament, a single strand of pearls, the gift of the groom, and she carried a sheaf of white gladioli.

"Tacky Party" Winners Are Picked And Photographed at Avenue Party

The Adult Training Union of the Avenue Baptist Church held a tacky party Friday night, January 16, at the home of Mr. and Mrs. E. H. Harper at 912 25-Mile Avenue.

Hereford's inquiring photographer, Alex Thompson, was on hand to snap the pictures (above) of Mr. and Mrs. Coleman Wright (left), voted the "tackiest couple," and Mrs. C. B. Thomas (tackiest woman) and S. L. Hale (tackiest man).

An old-fashioned ranch supper and games preceded the contest to select the "tackiest" individuals and couples present.

In addition to the contest winners those present included Mrs. Harper, Rev. R. S. Sparkman, Mrs. Gertrude Davis, Mrs. George Willson, Mr. and Mrs. Alvin Williams, Floyd Lowe, George Hudson, Roy Landers, and Alex Thompson.

Engagement Is Announced

Mr. and Mrs. Walter H. London announce the engagement and approaching marriage of their daughter Gertrude, to Mr. Ted Myers of Amarillo, son of Mrs. C. S. Barnett of Clarendon.

The wedding will take place at the First Christian Church on Saturday evening, February 14.

Miss London has been employed in Amarillo for the past year with the Veteran's Administration and the couple plan to make their home in Amarillo.

COMMUNITY BUILDERS: TROY WOMBLE

Young Pioneer Settler Made Accurate Guess
As To Hereford's Location; Dug In To Wait

EDITOR'S NOTE: As this issue of The Brand goes to press, Pioneer Citizen Troy Womble is still in serious condition in the Deaf Smith County Hospital, following a stroke of paralysis several weeks ago. This article was prepared as one of a series on Hereford's pioneer citizens.

Troy Womble, who observed his 72nd birthday on New Year's Day, 1948, is one of Hereford's first citizens and a man of many "firsts" in the pioneer days of this community. He was the first dug-out on the land where Hereford is now located; he started the first ice business in Hereford; he is one of the last remaining charter members of the first Christian Church in Hereford; and he is believed to have been the first resident of Hereford to have a telephone installed in his home.

He came to Hereford as a boy in 1891—or more accurately, came to the place where the town of Hereford now stands. The town itself was established later on land where Mr. Womble had filed.

An astute business man even as a youth, he filed on three sections of land at the present site of Hereford when he learned that a railway right of way was to be surveyed through this section. He and his brother-in-law, L. R. Brady, used a map and selected a place where they thought the railroad was most likely to cross the Tierra Blanca. Young Troy figured, correctly, that that would probably be the location of a town.

Next day he set out for Amarillo and filed on the three sections. That was in 1896. When the Santa Fe railroad was built, his dugout was squarely on the right of way.

Troy Womble came to the Texas

Panhandle with his parents in 1891 from Tennessee. He was a son of the late Mr. and Mrs. J. C. Womble.

His sister, Mrs. Ollie Brady, tells the story of how he came to Hereford. The Womble family had shipped their household goods and stock by freight from Huntington, Tenn., to Amarillo. The rest of the family came to Texas by passenger train, but young Troy, then 14 years old, had a placed fixed in the carload of freight, and stayed with it until he arrived in Amarillo.

He entered the Panhandle, unknowingly, on the heels of the big Indian scare of '91. His family, who had arrived before him, were plenty worried—but the Indian scare turn-

ed out to be a fake and the train arrived safely with its "stowaway" passenger.

Troy Womble was born on January 1, 1876, in Chatham County, North Carolina. He moved with his family to Tennessee in 1891, and to the Texas Panhandle in 1891. Since then, Deaf Smith county has been his home.

Although his main interest was in land and farming, he ran small herds of beef cattle for many years, selling the last of his cattle last year.

He was for many years a director in the First National Bank in Hereford, and last year took a leading part in organizing the new Hereford State Bank.

He was married to Sallie Alpha-dene Baker at Huntington, Tenn., on March 26, 1899. Seven of their children are now living. His wife died in 1917. Later he married Mrs. Anola Miller Myers of Canyon on March 3, 1920, and two children, Troy Womble Jr. and Bessie Womble, were born to them.

His children are L. E. Henrichsen of Hagarman, N. M.; Mrs. D. C. Haskley of Tulsa, Oklahoma; C. B. (Baker) Womble of Hereford; Miss Ethel Womble of Hereford; Mrs. Carl Williams of Hereford; Mrs. Robert Thompson of Hereford; Johnnie Womble of Hereford; Troy Jr. and Bessie Womble of Hereford.

There are now 17 grandchildren, four great grandchildren.

Two sisters, Mrs. Ollie (L. R.) Brady of Hereford and Mrs. Joyce (M. O.) Meeks of Denver, Colorado; and one brother, M. D. (Mac) Womble of Colorado Springs are also living of the original pioneering J. C. Womble family.

Honest Work Now

Snitch, a mongrel pardoned by Nebraska's Gov. Val Peterson for "transgressions" when he panhandled dimes for a now dead beggar, is doing honest work now—mooching legally for the March of Dimes campaign at Omaha. He's shown putting the donation bite on Mrs. L. J. Rubenstein and Tracy J. Peycke. The children, Sherrill Ernest and Johnny Jackson, are polo victims on the road to recovery.

Mrs. Leo Forrest Leader For Club

AWOL 19 Years!

William H. Phillips, 42, is in custody of Army authorities after being absent without leave since June 3, 1929, when he was reduced from sergeant to private at Fort Sam Houston, Tex. Phillips, from Keokuk, Ia., gave himself up at nearby Scott Field "to wipe the slate clean."

Highway 66 Will
Become 4-Lane
Amarillo West

The State Highway Department is planning construction of a section of 4-lane highway in Deaf Smith county, but 99 per cent of the residents of the county won't know it.

Plans were announced this week by District Highway Engineer J. C. Lott of Amarillo for construction of a four-lane divided highway on Highway 66 between Amarillo and the New Mexico line. Highway 66 nicks the extreme northwest corner of Deaf Smith county, just before it reaches the state line.

Lott revealed state highway department plans in a conference with Potter County Commissioners in Amarillo Monday.

The long-range planning of the highway department calls for widening Highway 66 to a four-lane divided road entirely across the state, Lott said. The first section of construction will be from Amarillo west to the Bushland underpass, a distance of 8.3 miles.

"The first four-lane construction will begin just west of the Bushland underpass, where the present road makes a wide curve to swing into the present 'death trap' underpass," Lott said.

Potter county has been requested to provide a 200-foot right of way for the highway construction.

The 4-lane highway, when it is completed to the New Mexico line, will serve Adrian, Vega, and Willdorado.

No plans have been advanced by the Highway Department for continued 4-lane construction on U. S. Highway 60 between Amarillo and the New Mexico line, although the New Mexico highway department is completing construction of a 4-lane highway between Clovis and Farwell on this highway route, and the highway has been widened to 3-lanes from Amarillo to a point a short distance north of Canyon.

This route, between Amarillo and the state line, serves Canyon, Umbarger, Dawn, Hereford, Summerfield, Friona, Borina, and Farwell-Texas, connecting at Hereford with State Highway 91.

The Texas Safety Association asks motorists to watch their following distance to avoid tragic accidents. "Ask yourself while you're driving, 'Can I stop in time?'"

The Texas Safety Association reminds the pedestrian not to be an umbrella ostrich on rainy days. Keep the umbrellas out of your vision of oncoming traffic—you'll keep walking longer!

Gas Supply

(Continued from page 1)

Hereford between noon yesterday and 8 a. m. this morning, bringing the total moisture for the month to slightly more than a quarter of an inch.

In answer to some complaints heard locally yesterday that Amarillo firms had not been requested to shut down, McGilvray pointed out that the city of Amarillo is served by an entirely different supply line, and the amount of gas being used on the North Plains has no effect whatever on the gas supplies being pumped through the mains serving Hereford and points south of here.

As a matter of fact, McGilvray pointed out, there has been plenty

of gas pressure to serve Hereford itself, but an unlimited drain here would have left many cities south of Hereford without fuel entirely. Pressure in the main, which normally stays between 400 and 500 pounds, had dropped to less than 150 pounds yesterday.

Five Members

(Continued from page one)

Mary Helen Gilvray plays the clarinet; Wanda Fish, the flute; Reuben Knox, the baritone horn; Oliver Streu the drums; and Kenneth Finley the bass horn.

The Hereford students will play in the West Band, Brantley said. Between 90 and 100 students have been selected from Texas High School bands to play in each of the

two clinics "East" and "West." Plans are already under way to send the local group to Waco, which will open on Feb. 11, and continue through Feb. 14.

The Texas Safety Association reminds motorists that you must see danger to avoid it. Keep windshield and windows clear of snow and ice outside, and fog and frost inside, so you can see what you're missing!

Observe Golden Wedding Anniversary

Mr. and Mrs. L. J. McKensie celebrated their fiftieth wedding anniversary Sunday with 29 relatives and friends gathered at their home for an informal dinner. In the afternoon music was provided by their son, L. J. McKensie Jr. and Mrs. McKensie and by a granddaughter, Mrs. Florine Tarpley.

Those of their ten children attending were: three sons, Edell and Ethel, L. J. Jr. and his family; two daughters, Mrs. J. C. Kuykendall and family and Mrs. E. E. Kuykendall and family.

Ten grandchildren attending were Jack, Florence, Florine, James, Nancy Bea, Jimmie, Ernest, Grace, Virgil and Betty Lou. Also three great grandchildren who included LaVon, Delores Kay and Jackie

Carline.

Other guests were Aaron Kent and Mrs. Marie Harper and children.

Lyle Pluitt, student at the University of Texas, arrived home Tuesday to spend a mid-semester vacation here with his parents, Mr. and Mrs. W. S. Pluitt.

COUNCIL MEET

City Council of Garden Clubs will hold a meeting in the home of Mrs. Homer Brumley Friday afternoon at 3 o'clock.

The Texas Safety Association reminds drivers that when you shoot out of the driveway without looking both directions, you risk your life!

Amarillo PCA To
Hold Stockholder
Meeting Feb. 5

The fourteenth annual stockholders' meeting of the Amarillo Production Credit Association will be held on February 5, at 9 o'clock a. m. in the Esquire Theatre at Amarillo, according to Secretary-Treasurer S. P. Powers.

The Association serves farmers and ranchers in Armstrong, Carson, Dallam, Deaf Smith, Hansford, Hartley, Hutchinson, Moore, Oldham, Potter, Randall and Sherman counties.

This meeting will be especially important as the Association has repaid all government capital and will celebrate local ownership.

All members and their wives are urged to be present.

Directors of the Association are: Byron Gist of Amarillo, John L. Hammond of Happy, Hall Medford of Amarillo, Emil Knutson of Tomba and Gaston Wells of Dumas.

Valentine Motif
Used At Luncheon

The Valentine motif was used Monday when Mrs. Wayne Evans entertained a group of friends at an attractively appointed luncheon. The table from which the luncheon was served, was laid with lace and dotted with red hearts. Red carnations flanked by red tapers in crystal holders formed the centerpiece. Small tables for four were centered with old-fashioned nosegays and place cards were lace-trimmed Valentines holding sachet favors.

The menu observed the romantic season as salads and other courses appeared in the red and white colors.

Invited guests included Mesdames L. B. Barnett, Tylan Evans, J. E. Kirby, Norman Harris, J. T. Gilbreath Jr., Louis Woodford, Charles Hayes of Dimmitt, J. R. Allison, T. E. Seigler Jr., Millard Nobles, Henry Benson, Will Graham, Will Streu and Troy Moore.

The menu observed the romantic season as salads and other courses appeared in the red and white colors.

Invited guests included Mesdames L. B. Barnett, Tylan Evans, J. E. Kirby, Norman Harris, J. T. Gilbreath Jr., Louis Woodford, Charles Hayes of Dimmitt, J. R. Allison, T. E. Seigler Jr., Millard Nobles, Henry Benson, Will Graham, Will Streu and Troy Moore.

Going-Away Party Given

White carnations decorated the home of Mrs. W. J. Stanford when she entertained Saturday afternoon with a three-table bridge party honoring Mrs. Tom Boyd, who is leaving to make her home in Fort Worth.

Mrs. F. H. Oberthier played high for the score award and a going away gift was presented to the honoree. Mrs. V. O. Hennen and Mrs. W. E. Damsen were tea guests.

Those playing were Mesdames Boyd, R. P. Conaway, Colby Conkright, C. H. Dyer, O. L. Click, Ernest Medkief, Paul Mathers, Frances Houston, Herman Ford, Helen Pipkin, Richard Barnard and F. H. Oberthier.

Bridge Club Entertained

Guests of the Tuesday Afternoon Bridge Club when members were entertained in the home of Mrs. Jim Lipscomb Tuesday afternoon, were Mrs. Norman Harris, Mrs. W. A. Teter and Mrs. Frances Houston.

The Valentine motif was evidenced in tallies, gift wrappings and flowers. At the conclusion of contract games Mrs. Ernest Medkief won the high score for members and Mrs. W. A. Teter received the guest award.

Members of the club present were Mesdames Paul Mathers, C. H. Dyer, W. J. Stanford, R. P. Conaway, Ernest Medkief and the hostess.

Prospects Bright

(Continued from page 1)

would want signed purchase commitments from prospective owners before beginning the building project, said said he would be able to offer contracts stating a definite price for a definite house if he undertook the project.

He would not commit himself at that time to definitely undertaking the project, but all indications are now that Schutt is preparing to carry out the job.

Highway 66 Will
Become 4-Lane
Amarillo West

The State Highway Department is planning construction of a section of 4-lane highway in Deaf Smith county, but 99 per cent of the residents of the county won't know it.

Plans were announced this week by District Highway Engineer J. C. Lott of Amarillo for construction of a four-lane divided highway on Highway 66 between Amarillo and the New Mexico line. Highway 66 nicks the extreme northwest corner of Deaf Smith county, just before it reaches the state line.

Lott revealed state highway department plans in a conference with Potter County Commissioners in Amarillo Monday.

The long-range planning of the highway department calls for widening Highway 66 to a four-lane divided road entirely across the state, Lott said. The first section of construction will be from Amarillo west to the Bushland underpass, a distance of 8.3 miles.

"The first four-lane construction will begin just west of the Bushland underpass, where the present road makes a wide curve to swing into the present 'death trap' underpass," Lott said.

Potter county has been requested to provide a 200-foot right of way for the highway construction.

The 4-lane highway, when it is completed to the New Mexico line, will serve Adrian, Vega, and Willdorado.

No plans have been advanced by the Highway Department for continued 4-lane construction on U. S. Highway 60 between Amarillo and the New Mexico line, although the New Mexico highway department is completing construction of a 4-lane highway between Clovis and Farwell on this highway route, and the highway has been widened to 3-lanes from Amarillo to a point a short distance north of Canyon.

This route, between Amarillo and the state line, serves Canyon, Umbarger, Dawn, Hereford, Summerfield, Friona, Borina, and Farwell-Texas, connecting at Hereford with State Highway 91.

The Texas Safety Association asks motorists to watch their following distance to avoid tragic accidents. "Ask yourself while you're driving, 'Can I stop in time?'"

The Texas Safety Association reminds the pedestrian not to be an umbrella ostrich on rainy days. Keep the umbrellas out of your vision of oncoming traffic—you'll keep walking longer!

WHY

GENERAL ELECTRIC

PUT LOWERED PRICES

AHEAD OF OTHER THINGS

General Electric lowered prices because we wanted to do our part to stop the present spiral of inflation.

General Electric lowered prices on electrical appliances in greatest demand—because that is where lowered prices on General Electric products will do the most good and have the greatest effect.

General Electric lowered prices regardless of the fact that G-E profits are not high—are not at present levels high enough.

We did this because we know that in the long run General Electric can prosper only as the people of this country prosper. We believe that producing more goods for more people at less cost is the soundest way of running a business. And we feel that inflation in this country has reached a dangerous level—for the wage earner, for the man with savings, and for industry alike.

Do you know what inflation can do to you?

As money buys less and less, your savings lose their buying power. Life insurance policies dwindle in value. Money saved to take your wife to the hospital won't pay the bill when the time comes. Pay checks buy less and less. Retirement money won't pay for retirement.

This applies to the man who brings home a weekly pay check, to the man with a little savings in the bank or a life insurance policy, and to companies that have to build new plants and buy new machines to fill future needs and provide future jobs.

Inflation is a sinister thing. It steals up on a country and its economy in a gradually accelerating two-step of prices and wages—each trying to get one step ahead of the other—and there is no red line to show when the danger point has been reached.

Inflation is like a fire. Once it gets well under way, it can never be checked until everything is destroyed.

Self-restraint by industries and individuals
the best check

You as an individual can do most by buying less and saving more—thus avoiding bidding up the prices for scarce goods. Business and industry can do much by lowering prices whenever and wherever possible—voluntarily.

General Electric put lowered prices ahead of other things because we believe it is a step towards licking inflation.

We Must Destroy Inflation or It Will Destroy Us

GENERAL ELECTRIC

You'll give a rousing cheer for this whirling, swirling Bobbie Brooks skirt. It's a complete circle of beauty...with a striped taffeta sash that makes little of your middle. Fashioned of Mellinson's PALMELLA in a group of gorgeous colors. Sizes 7 to 15.

fashion shop
"Smart Clothes for Smart Women."

War on Against Carbon Dioxide Danger Urged By Cox

AUSTIN, Jan. 26.—To minimize the danger of carbon monoxide poisoning during winter weather, motorists and commercial drivers are urged by Dr. Geo. W. Cox, to check up now on the exhaust systems of their automobiles for defective connections and leaks.

He said that "warming up" a car in a closed garage in the greatest cause of carbon monoxide deaths. Leaks from manifold connections, cracked manifolds, defective mufflers, leaks from loose muffler connections and leaks from hot air heater connections are potential sources for release of carbon monoxide and should be checked.

"Pay particular attention to these items and remember that proper carburetor adjustment causes minimum production of carbon monoxide and that the highest proportion of this gas is produced by an idling motor."

The State Health Officer said that headaches which occur during long drives may be an indication that carbon monoxide is leaking into the car. Sleepiness, dizziness, fatigue and in extreme cases, paralysis are other symptoms of carbon monoxide leaking into the car. Truck drivers making long drives are particularly vulnerable, he said.

Doctor Cox described this gas as being colorless, odorless, and tasteless. When in the air it gives no sign of its presence and is taken into the blood instead of oxygen. Suffering or collapse result from lack of oxygen.

Tech Exes Seek Charter For Fund To Aid College

LUBBOCK, Jan. 26.—Request for a charter for the Texas Technological College Loyalty fund, a foundation to carry out a three-fold financial program of the college Alumni association, has been presented to Prior Daniel, state attorney general, the Alumni association announces.

Money raised by the foundation will be used to finance the association in an enlarged program of service to college students and former students, to provide unrestricted funds for the use of the college when faced with needs which cannot be met by state appropriations, and to establish scholarships for students of superior ability, association representatives stated.

All Alumni and ex-students will be asked to make voluntary contributions to the Loyalty fund when the charter is granted. Submission of the charter for approval was authorized by the association executive board at a recent meeting as a means of supporting activities without session annual dues from members, it was explained.

SWPS Names New Office Manager At Dimmitt

DIMMITT, Jan. 26.—Gerald Dorough, manager of the Dimmitt office of Southwestern Public Service Company, for the past three years, has been transferred to Clovis, N. M., effective February 1, where he will become assistant to the Division Manager of the New Mexico Division.

Succeeding Dorough at Dimmitt will be Jeff Peeler, who is being transferred from Denver City, where he has been manager of the company office since 1945.

Mr. and Mrs. Dorough and two children, Jerry Don and Judy Gayle, will move to Clovis February 1.

Mr. and Mrs. Peeler and two children will transfer to Dimmitt on the same date.

Mexican Consulate In West Texas Is WTCC Goal For 1948

ABILENE, Jan. 26.—Establishment of a Mexican Consulate in West Texas and an extension of the teaching of the Spanish language as a required subject in public schools and state owned colleges will be sought by the Latin-American Commission of the West Texas Chamber of Commerce.

These are only two of the eight objectives outlined by the newly formed commission, according to Chairman C. W. Meadows Sr. of San Angelo. Another objective will be for the naming of a West Texas on the Governor's Good Neighbor Commission, "with particular view of aiding in perfecting a fair and equitable arrangement between our producers and the citizens of Old Mexico for seasonal Mexican labor."

The Commission also will foster efforts to clear the title to the International Big Bend park, by seeking acquisition of additional acreage at the ingress, which now is privately owned. At the same time the commission will work for additional highway, railway and air facilities to serve the park.

Manager D. A. Bandeen of the WTCC termed the objectives as necessary and worthwhile in the economic and cultural development of West Texas. Other members of the commission are L. D. Ashton, Cleburne; Tim B. Cobb, De Rio; Charles Stuckey, Monahans and Ed Nunnally, Brownsville, who is secretary.

Latest Navy patrol bomber, land-based, incorporates reciprocating and jet engines. Each of two wing sections, one on each side of the fuselage, has an opening in front for propeller power and a small slit in the rear for jet exhaust.

University of California scientists have discovered that mites on wild birds, such as yellow headed black birds and English sparrows, carry the virus that causes encephalitis or sleeping sickness.

Garden Group Announces Plans for Early Summer Gladioli Show

Flower lovers and members of all Hereford Garden Clubs are being invited by the Hereford Garden Club to join in extensive planting of gladioli and will be invited to enter the gladioli show planned for early summer.

The club met in the home of Mrs. E. Ramey Friday afternoon and Mrs. Deward Robertson, gladioli advisor for the club, announced that members of the club and others who desire bulbs should place their orders with her not later than February 13. The bulbs are ordered in quantity lots to take advantage of a low purchase price and plantings should be made by March 15. Varieties include: Burma (rose) 10c, Maid of Orleans (white) 7c, King Lear (purple) 4c, Yangtze (yellow) 8c, Rewi Fallow (red) 8c, Picardy (salmon pink) 4c. All orders prepaid.

Club members will compete for a ten dollar district award, offered by Mrs. Lyle Blanton, district councillor.

on the basis of a two-year fact finding study of the gladioli and while non-club members may not compete for the award, they will be welcomed as participants in the gladioli show.

After a short business session, Mrs. O. G. Hill, the president of the afternoon was opened by Mrs. Marion Butler, who read a paper taken from the magazine, "The Country Garden," on the new style garden calendar. Mrs. A. L. Manjeet conducted a quiz session on garden club work, giving packages of flower seeds for right answers and gave a talk on fact finding and possibilities for the future. She told how to keep records of facts found in growing gladioli and suggested the use of photography in keeping records.

The next meeting of the club will be with Mrs. O. G. Hill on February 13, and the program will be in the form of a seminar.

Members attending the meeting were: Mesdames Hester Brumley, Roy Crutchfield, Charles Dones, C. C. Ferguson, W. S. Pruitt, E. E. Priddy, N. E. Gass, E. W. Harrison, O. G. Hill, John Jacobson Jr., J. D. Kelton, Will S. Kerr, A. L. Manjeet, John Robinson, Marion Butler, J. P. Slaton, A. O. Thompson, A. V. Hendrick, Jim Black, Earl Springer, Deward Robertson and the hostess, Mrs. Leroy Aven was a guest.

Seeds of Advice From The Garden Club

Beginning February 27, The Hereford Garden Club will sponsor a dish-garden project among its members. Mrs. J. P. Slaton, club horticulturist, has prepared this informative article for club members who would like to share the information with those not able to do active club work.

Dish gardens are popular in mid-winter and because there are so many styles and tastes in dish gardening many flower lovers find they can enjoy several at a time.

They can be made to represent: Oriental miniature landscapes, cluttered with figurines, arched bridges and bric-a-brac pagodas. Woodland gardens, by using evergreen seedlings, mountain laurel, mosses, etc. Desert gardens, by using cacti and other desert plants, and A Breath of Spring, by using ivy, daffodils, grape hyacinths, pansies, succulents and rocks.

The mechanics of making a dish-garden are simple. Select a low dish, bowl or tray of water-tight pottery, glass or rust-proof metal. Indian or Mexican pottery, shellacked on the inside. If plants with large roots are used, select a fairly deep container or build up the soil above the rim.

Place a layer of large pebbles on the bottom of the dish to assure good drainage, and cover with shallow layer of earth, using the type suited to the plant material selected. Rich loose soil and leaf mold are best for woodland plants and spring flowering bulbs. A sandy loam for cacti and succulents, with bits of charcoal added to keep the soil sweet, seems best.

The plants, with roots intact, are set firmly in the soil and if necessary can be anchored with bits of rocks. In placing the material, the principles of flower arrangement hold good. Balance, and unity in type and texture of material are important.

One single watering, if thorough, will last several days. Excess water should not be allowed to stand in the bottom of the dish between waterings. Gardens made up of cacti or succulents need very little water and are, therefore, suitable for over-heated rooms.

SLO 4-H Club Has Meeting Saturday

The Sadie Lee Oliver 4-H Club met Saturday afternoon, January 24, at the county courtroom.

Mrs. Argen Draper, county home demonstration agent, helped members of the club select their 1948 projects.

Mrs. J. W. Thomas will meet with the club in March to discuss "Care of Your Hair."

The next regular club meeting will be held at the county courtroom on February 28.

Attending the meeting Saturday were Dorothy Young, Frances Young, Mossie Young, Fatsy Childers, Mary Elizabeth Hund, Thelma Joyce Epting, Marilyn Henderson, Royda Boyd, Sandra Jo Caraway, Norma Sue Wilson, Sheila Miller, and Nelda Guy Lawrence, members; Mrs. Draper, and one sponsor, Mrs. John Henderson.

Sub-Deb Plan Bake Sale

Sub-Deb Club met in the home of Martha Thomas on Wednesday, January 21, when plans were made for the group to hold a bake sale on Saturday, January 31, at the City Food Store. Cakes will be sold from nine to four o'clock on Saturday.

Plans were also made for a supper party on Saturday, which will be held in the home of Mary Jo Mathies and tentative plans were made for a tea to be given in March.

Refreshments were served to: Margaret Sowell, Jacqueline Newell, Pat Longbottom, Betty Smith, Betty Katherine Hodges, Wilma Jo Robertson, Gayle Foster, Bobbie Brownlow, Mary Katherine Carroll, Barbara Boyd, Louise Green, Fatsy Slagle and the hostess.

Out of town relatives attending the Wolcott funeral rites were Mr. and Mrs. Dillon White of Dallas, Mr. and Mrs. Jack Baird of Los Vegas, New Mexico, Mrs. Odell Elliott of Dallas, Mr. and Mrs. R. V. Miller of Tulsa, John O. Miller of Amarillo and Mr. and Mrs. Jack Cartwright of Dimmitt.

Mrs. W. R. Scheihagen is reported doing very well after undergoing an operation in a Dallas hospital Friday.

I WOULD NOT DARE GO INTO A CATHOLIC CHURCH!

And I certainly would not talk to a Catholic priest! But yet there are a lot of things that I would like to know about the Catholic Church.

Such thoughts are common to a lot of people. They have heard many stories about the Catholic Church — some of them too preposterous to believe. They would like some accurate information but they are afraid to enter a Catholic Church or speak to a Catholic priest. They even hesitate to question their Catholic friends for fear of insulting or embarrassing them.

Well, here is an easy way to get some first-hand information on things Catholic — without cost or obligation — and in the privacy of your own home!

To anyone interested we will send FREE a short but complete course in Catholic doctrine . . . written in conversational form . . . with test sheets which you can fill out and we will correct. When you finish this short course your knowledge of the principal laws, ceremonies, and beliefs of the Catholic Church will be above average.

If you are interested, write to

Dr. Heard Had Battle With Scripters Over Interview On "We The People" Program, But "Enjoyed the Trip"

Dr. G. W. Heard, Hereford's 80-year old dentist, discoverer of "the town without a toothache," and recent ambassador on the "We The People" program, wasn't entirely satisfied with the script handed him for the broadcast, he told interviewers here after his return from New York last week.

Interest in his subject, the points he wanted to get across and the reactions of the people, concerned Dr. Heard much more than the technicalities and his reactions as a radio speaker in his recent experience.

"I was not as concerned with the

auditorium full of people or with the mike as I was about the points I wished to get across," he said. "I had no time to be scared or 'mike conscious'."

He admitted he did have a little trouble with the script writers and protested enough that they did the script over the second time. They assured him in a nice way that radio was their business and that they knew much better than he what the people want and expect in the way of entertainment.

Dr. Heard is still unconvinced however that the American Radio

Public must always have jokes and fun on their programs rather than a serious vein occasionally when the subject calls for such.

True to comments heard here, he did not wish to include the grape story in comparison to this sugar beats raised nor the part about the pencil growing into a tree because of our soil qualities. He did not feel that they were making fun of but rather carrying out the idea of the Texan's habit, attributed to them by the rest of the world, of bragging.

Otherwise the sponsors and all the people he met in connection with "We the People" program receive his highest praise in their interest and treatment of him. They were friendly, kind and concerned over his welfare and comfort while he was their guest. They insisted on paying the smallest item of expense and even paid him over and above the amount promised for expense.

Although he went by plane to New York, he returned by train which he enjoyed more, as he stopped in Washington, D. C. for three days and also visited in Indiana. He had a better chance to meet more people, the one subject that interests him most.

Pioneer Club Holds Tuesday Session

Pioneer Study Club was entertained in the home of Mrs. F. M. Kester Tuesday afternoon with Mrs. Wirt Phillips as cohostess.

An informal program was given. Mrs. A. B. Christian read a poem, "Prayer" (White Birds) with piano accompaniment given by Mrs. Frank Terrell.

Mrs. O. M. Dickey gave an account of conditions in Germany by reading letters from Col. James W. Ward of the U. S. Army, who is stationed at Firth. The Colonel told of visiting Hitler's hide-out and of visiting homes in Bavaria where even the furniture and dishes were made of gold.

Mrs. J. B. France, president, conducted a short business session. Those present were Mesdames Fred Barrett, A. G. Bell, J. E. Beyer, A. B. Christian, O. M. Dickey, Noah Ewton, Burl France, N. E. Gass, J. M. Gilliland, A. V. Hendrick, J. B. Jones, John Patton, Wirt Phillips, Frank Terrell and the hostess.

Shower Honors Bride-Elect

Beta Eta Chapter of Psihon Sigma Alpha complimented Miss Gertrude London, whose marriage to Ted Myers of Amarillo will take place on February 14, with a lingerie shower Monday night when the chapter met with her twin sister, Lilye London, in the London home.

News of the approaching wedding was revealed by two heart-shaped cakes with names of the couple traced in blue icing. Streamers from the wide blue satin bow which joined the cakes, bore the wedding date and were attached to cupids at the other end of the table.

After gifts were presented refreshments were served to the honoree, Ella Mae Martin, Marian Plummer, Marie and Adeline Koelzer, Marie Denton, Pauline Loerwald, Frances Young, Bess Hagar, Juanita Kelly, Gwendolyn Springer, Ruth Pickens, Mrs. Walter London Jr., and the hostess.

Justakrd Club Meets

Mrs. N. E. Milburn was hostess for members and guests of Justakrd Club on Wednesday, January 21. Special guests were Mesdames Harry Caylor, Clyde Cave and Don Combs.

After an enjoyable session of bridge, Mrs. Kellar Muse was awarded the prize for high score and Mrs. Grant Fuller was given the prize for the second high score. Members attending were Mesdames Kellar Muse, Frank Cogdell, Grant Fuller, C. J. Crump, Henry Sears and the hostess, Mrs. George V. Stambaugh was a tea guest.

Mrs. Luke Is Club Hostess

Mrs. Eddie Reinauer reviewed Nicholas Slonimsky's "Music in South America" for the Dawn Study Club at a meeting held last week in the home of Mrs. Carl Luke. Meaning of South American dances and customs was discussed.

Mrs. R. B. Latham told of the Western Ballet Russe and showed illustrations of the different dance movements. Those attending the meeting were Mesdames Lloyd Althart, A. T. Frye,

John Graham, R. B. Latham, Ernest May, H. V. McCabe, Norman Miller, Eddie Reinauer, L. A. Smith, Boyd Stewart, Zed Stewart, Floyd Walton, and the hostess, Mrs. Herman Paetold and Miss Marcella Luke were guests.

Robert S. Miller, Ph.D. 3-c son of Mrs. John B. Miller, has just been discharged from U. S. Naval Hospital Corps in Dublin, Georgia. He has been in service there for the past two years.

Council Meeting Held By H. D. Clubs

A council meeting held at the court house Saturday afternoon was of interest to various Deaf Smith County Home Demonstration Clubs. Mrs. P. D. Ferguson, president, presided after a recreational program conducted by the recreational chairman, Mrs. Merlin Kaul. Mrs. Ferguson introduced the president of each club who, in turn, introduced the council delegates. Fifteen clubs were represented, with five clubs recording 100 per cent in attendance.

They were Ford, Frio, Messenger and North and West Hereford.

Mrs. Orville Groneman, of Sims was named parliamentarian and Mrs. Henry Kinsey of Helsenman, assistant parliamentarian. Standing rules of the council were read and committees for 1948 were read. They include: Finance; Mesdames Joe Waggoner, Luther Lesly and Owen Andrews; exhibit, Mesdames E. M. Cox, C. F. Rickels, and C. P.

Norton; year books, Mesdames V. E. Dodson, Orville Groneman and Henry Kinsey. Standing committees named included: Recreation; Mesdames Merlin Kaul, Ira Ott and Paul Metcalf; market, Mesdames Clarence Hollabaugh, R. A. Pullwood and Willie Elliott; education, Mesdames J. P. Slaton, G. W. Newson, R. L. Campbell and Zerrell Thomas; expansion, Mesdames Ira Rickette, Jack Higgins and J. T. Richardson; 4-H Club, Mesdames Curtis Trawick, Grace Little and Earl Scott.

All club presidents and committee chairmen were instructed to bring a written report of planned activities for the coming year to the next council meeting. Mrs. Jack Higgins, representing the Fairview club, presented the name of Mrs. R. L. Campbell for endorsement as a candidate for the next president of T. H. D. A.

Members were urged to turn in all Association dues as soon as possible and a meeting of club reporters was announced for February 3. Mrs. Tom Draper, CHDA, announced the meeting and requested those not having ways to attend the meeting to be at her office by nine o'clock on the morning of February 3, and rides would be provided.

Attending the meeting were Mrs. E. K. Pinnell, Bippus; Mesdames C. P. Norton, and A. C. Hershey, Dawn; Mesdames R. L. Campbell and Jack Higgins, Fairview; Mesdames F. D. Ferguson, H. M. Benson, Geo. Sping and Chris Wagner, Ford; Mesdames Owen Andrews, D. E. Chisholm and Henry Dobbs, Frio; Mes-

dames R. A. Pullwood, Grady Parsons and Fred Saltman, North Hereford; Mrs. Henry Kinsey, Helsenman; Mrs. Pepe Carmichael, Progressive; Mrs. Zerrell Thomas, Sims; Mesdames E. S. Williams, A. C. Flowers and Clarence Hollabaugh, South Hereford; Mesdames E. M. Cox, Roy Boyd and Neal Young, West Hereford; Mesdames Earl Scott, J. H. Millard and Merlin Kaul, Westway; Mesdames Ira Scott, V. P. Walker, Wyche; Mesdames E. A. Beltrami, Jack and J. T. Gunn, Messengers; Mrs. Tom Draper, CHDA, Mrs. R. J. Durstine and Mrs. J. S. Allman, guests.

Rance H. D. Club Met With Mrs. T. P. Newton

The Rance Home Demonstration Club met in the home of Mrs. T. P. Newton Wednesday, January 21. Bill Ball was answered with "one thing I can do better this year."

Plans for the year were discussed by the president. The new year book was reported on by Mrs. L. J. Counselman. Mrs. T. P. Newton presented the program of work planned by the Texas Home Demonstration Association. Demonstrators and local leaders appointed were Mesdames H. G. Behrens and T. P. Newton, home food supply; Ray Coker and J. M. Wright, home improvement; L. J. Counselman, landscape; L. A. Beavers and A. F. Blakemore, clothing.

Attending were Mesdames Roy Coker, L. A. Beavers, Jack Streun, H. D. Behrens, Clifton Harper, A. F. Blakemore, G. H. DeLozier, F. M. Woolbright, L. J. Counselman and T. P. Newton.

District Garden Clubs Plan For State Meeting

A called meeting of the executive board, District 1 of the Texas Garden Clubs, Inc. was held in Lubbock Thursday, with Mrs. Lyle Blanton, district councillor, presiding.

The main purpose of the meeting was to make plans to attend the state convention, which will be held in Harlingen on March 4-6. It was announced that one or more buses would be chartered for the delegates and Hereford's group will take the bus leaving Amarillo on the morning of March 2.

The convention proper will be held in Harlingen but will also include programs at Weslaco, Donna and Brownsville featuring a sight-seeing tour along America's longest street into Old Mexico. Enroute to Harlingen a stop will be made in San Antonio, where the Chamber of Commerce and Garden Clubs will conduct a tour of the city, and on the return trip stops will be made at Corpus Christi, Austin and Waco, when the National Garden Club project, memorial plantings, will be observed.

Hereford women attending the Lubbock meeting were Mrs. Blanton, Mrs. A. L. Manjeot, first vice-councillor; Mrs. Carroll White, president of the Garden Beautiful; Mrs. R. A. Daniel, president of Bud-to-Blossom Club and Mrs. Ernest Kerr, district corresponding secretary.

Helen Acker Is Officer In U. T. Panhandle Club

AUSTIN, Jan. 26.—The Panhandle Club at the University of Texas has elected the following officers: Wayne Cox, son of Earl Cox of Panhandle, president; Robert Lakson Bentley, son of Bill Bentley of Glendon, vice-president; Miss Ruth Nowlin of Plainview, secretary; Miss Janet Caperton, daughter of J. H. Caperton, treasurer; Miss Helen Acker, daughter of C. C. Acker of 306 McKinley Avenue, Hereford, special chairman; and H. D. White, son of Loy White of Canyon, reporter.

Westway

MRS. CARL SCHROEDER

Mr. and Mrs. Paul Rudd, Kenneth and Harold Rudd, and Mr. Little spent Monday night and Tuesday with Mr. and Mrs. Griffin.

Mr. and Mrs. Ralph Durstine, who have been visiting friends near Frio, spent the week-end at the Merlin Kaul home.

Mr. and Mrs. E. H. Little visited her parents, Mr. and Mrs. H. D. Robbins, near Frio Sunday.

Mrs. Grace Little was a dinner guest in the L. H. McMurray home Sunday.

Mr. and Mrs. G. C. Merritt suffered bruises when their car failed to make a turn and was wrecked Thursday.

Visitors in the Elmer Combs home over the week-end were Cliff and W. E. Combs of Plainview.

Mr. and Mrs. Arthur Tubbs and family of Plainview and Mr. and Mrs. G. C. Merritt and G. C. Jr. were Sunday guests in the Elmer Combs home.

Mr. and Mrs. A. A. Head visited her sister at Hobart, Oklahoma, last week.

Mr. and Mrs. Elmer Combs, Eugene and Billy Don, visited Mrs. Vesta Mae Johnson at Summerfield Thursday night.

A. A. McMillan of Dawn called in the Carl Schroeder home last Friday.

Mr. and Mrs. Kelly Gray celebrated their wedding anniversary with a supper Saturday night, attending were Mr. and Mrs. G. C. Merritt and G. C. Jr., Mr. and Mrs. Herman Neff and family, Mr. and Mrs. Clinton Jackson and family, W. B. Nunnally, John Young and children, Mr. and Mrs. Robert Boyd and children, Mr. and Mrs. Elmer Combs and boys, Mrs. Oswald and son, and Mrs. Nat Thomas and Cliff Combs of Plainview.

Rev. Wayne Wilcox of Plainview will preach here Sunday morning and Sunday night.

Junior High and 8th Grade Cagers Lose First Games to Amarillo Five

Hereford Junior High and 8th Grade basketball teams lost their first games of the season last Wednesday night, January 21, at Amarillo when they dropped a double-header to the Elizabeth Nixon Junior High teams.

The Juniors suffered their first loss in seven starts this season, dropping a close game, 30 to 29, to the Amarillo quintet.

Starting line-up included Bill Engman and Jack Stanton at forwards; Hopson at center; and Patterson and Popchok, guards.

The 8th graders, with four straight victories to their credit, tumbled in another close one, losing to the Elizabeth Nixon "B" team 18-18.

Starters were Harold Morton and Bill Kelly, forwards; Darrell Janssen, center; Ray Graham and Willie Waite, guards.

Both teams were suited out in new uniforms for the first time.

Local fans will have an opportunity to see the Junior and 8th grade quintets in action on the local court Friday night (tomorrow) when they will meet a pair of Frio teams.

Games begin at 7 p. m. Next Tuesday night both teams will go into action at Dimmitt, and next Thursday night, they will return to the local court in a pair of games with the Vega teams.

Both of the Junior quintets have hung up good records this season. The Junior High five has scored 231 points in seven games, to 779 for their opponents. The total score was reached with 104 field goals, 23 free tosses. The Juniors have committed 86 fouls to 79 for their opponents.

Leading scorers are Bob Patterson with 80 points, "Bill" Engman

with 46, and Jack Stanton with 31. The seven-game totals for the other squad members are Hopson, 16; Popchok, 6; Kerr, 14; Kenneth Brock 4, and Christian 3. Alton Brock, forward, and Teed, center, have yet to score.

The 8th Graders have won five games, losing one. Their total score for the six games: 171 points to 81 for the opponents. The tallies include 78 field goals, 13 free tosses. The 8th Graders have committed only 28 fouls to 40 charged against their opponents.

Their scoring for the six games: Kelly 51; Morton 48; Janssen 11; Graham 9; Waits 8; Mathers 3; Bybee 4; R. Thomas 4; Richard Murrell 4; and Gayle Cornelius 2. Larry Wilson, guard, is scoreless.

CARD OF THANKS

We wish to thank our friends, neighbors and relatives for their many kindnesses and sympathy expressed in the recent loss of our mother and sister. Your thoughtfulness will long be remembered by us.

Mr. and Mrs. Dillon White
Mr. and Mrs. Jack Baird
Mr. and Mrs. Oscar Vaughn
Mrs. Odell Elliott
Mrs. John B. Miller and family.

CARD OF THANKS

We wish to express our thanks and appreciation to all our friends for your sympathy and kindness during my wife's and sister's sickness and in the hours of our bereavement in the loss of our loved one.

E. T. Brooks
Mr. and Mrs. C. F. Perkins.

FROM SOUP TO NUTS: SOCIOLOGY TO GIN RUMMY

New Non-Fiction Additions at County Library Offer Big Variety of Reading Entertainment

The inquiring mind can find a variety of colorfully illustrated information about everything from the latest rules of Gin Rummy to a revised study of "The Destiny of Western Man" in a collection of new books for the non-fiction shelves at the County Library.

For the interior decorator, or maybe just somebody who's thinking about repainting the old homestead, there's a "fascinating volume by Louis Cheskin on "Colors and What They Can Do for You." It's attractively illustrated, and written for the lay mind.

And if you're interested in a particular period, or just interested, there's a new volume entitled "American Interior Design" by Merrick R. Rogers, which covers the traditions and developments of domestic design from colonial times to the present.

Somewhat along the same lines of interior decoration is a new book on "Flower Arrangement" by Rockwell and Grayson which discusses arrangement both for home decoration and for show competition—all items guaranteed to interest local garden clubbers.

And along the line of interior decoration in another sense is a book of fascinating recipes, "The 60 Minute Chef," by Lillian B. McCue and Carol Truax, which covers everything from soup to nuts—but isn't designed for a limited budget.

Owners of "Grandfather's Clocks" of uncertain age and ancestry may find some interesting browsing in a book which covers the early American history of the clock makers.

For camera fans, and what city has more than Hereford, there's an illustrated volume entitled "Fun With Your Camera" by Jacob Deschin. This is a new edition of an old favorite.

Interested in travelling? Well, there's a fairly wide selection ranging from a book on "Liberia" by Edmund Wilson, by way of the "Great Lake Lake" by Dale L. Morgan to "Evergreen Land," a travel-talk on Washington state in the Pacific Northwest by Ned Jones.

"Twentieth Century Music" by Marion Bauer and "Best Plays of 1947" as compiled by Burns Mantle are also new editions to the non-fiction shelves.

A late revision of "The Destiny

Around Town

(Continued from page one)
permitting, of course, to discuss plans for the big show next month. The boys are asked to bring their dads.

Open house at the new Hereford Clinic is being postponed—until better weather. The doctors would like to be able to invite their guests to use the new sidewalks, if and when the weather gets warm enough for pouring concrete.

Rev. Dick Cagle will observe his third anniversary as pastor of the First Baptist Church of Hereford next Sunday morning. Preacher Cagle came to Hereford from the Ervay Street Baptist Church in Dallas just three years ago.

The absence of highway accidents (and we're keeping our fingers crossed as we write this) during the last couple of weeks of bad weather in this immediate area has been remarkable. Maybe motorists are realizing that thin ice on the highway is just as dangerous as thin ice on the old skating rink—and a lot more so.

of Western Man" by W. T. Stace has a new chapter concerning the effect of Communist Russia on Western civilization.

As previously mentioned, the new selections include Oswald Jacoby's latest instructions and rules of Gin Rummy. There's also a copy of "Roy Bedichek's "Adventures With a Texas Naturalist."

Two of the most beautifully illustrated volumes in the library are among the new additions. One is "The American Past" by Roger Butterfield. It's a pictorial history of the United States "from Concord to Hiroshima," and guaranteed to interest young or old in the history of our nation. The other is Bernard DeVoto's "Across the Wide Missouri," the story of fur trading in the Rocky Mountain area, and is copiously and beautifully illustrated by Alfred Jacob Miller.

And just in case there's nothing of particular interest in all of these selections, there's a 198 edition of "Information Please Almanac" that covers practically everything!

Oklahoma City Minister To Be C-C Speaker

Rev. W. H. Alexander, pastor of the First Christian Church of Oklahoma City, has been selected by the Board of Directors of the Hereford Chamber of Commerce to deliver the principal address at the annual Chamber of Commerce banquet here next month.

Date for the annual banquet has been set for February 27, Secretary-Manager Pete Cowart said this week.

Glen Snyder is in charge of the banquet committee. The annual dinner will be held in the basement of the First Baptist Church. Tickets will be placed on sale soon.

Rev. Alexander delivered the address before the Amarillo Chamber of Commerce at the annual banquet in that city last year, and was heard there by several members of the local board of directors. He is reputed to be one of the finest speakers in the Southwest.

80 Jay Cees

(Continued from page one)

skirts.

Then Mayor W. E. Damon, also slated to make a brief talk, called to report that he was ill with a cold and would not be able to attend.

Falling back on the theory that local talent is best after all, Coney got on the telephone, arranged for Minister Bob Wear of the Hereford Church of Christ to pinch-hit for Smith; secured the services of Miss Thelma McMinn and her boys' chorus from the High School for the musical entertainment; and invited Dr. G. W. Heard, who had just returned from New York where he appeared on the "We, The People" broadcast, to make a report on his trip, filling the program spot left vacant by the Mayor.

Jimmie Allred, local master of legerdemain, was on hand as scheduled for a 15-minute sleight-of-hand performance.

The boys' octette, whittled to seven members by the weather, led off with four snappy musical numbers and an encore; Wear made a brief and inspirational talk on the duties of an individual to his community, and Dr. Heard virtually brought down the house with a humorous report on his experiences during his trip to and from New York.

Local JayCees, climaxing a membership campaign with the dinner Tuesday night, indicated an addition of some 30 members, nearly doubling the active membership of the organization.

Members of the Board of Directors of the Hereford Chamber of Commerce were special guests.

Hazlewood

(Continued from page one)

relief bill for the tornado-wrecked communities of Higgins and Glazier. Hazlewood blamed Lieutenant Governor Alan Shivers for blocking submission of that bill.

Next he attempted to bring to a vote the Hereford Experiment Station bill, and was blocked at the last minute when Senator Rudolph Weirner of Seguin invoked a rarely-used rule to force an adjournment, he said.

In regard to proposed re-districting of Texas legislative districts, which he believes will be a great boon to the Panhandle and West Texas generally, Hazlewood predicted that if the constitutional amendment which is to be submitted to Texas voters this fall is passed "there will never be a 10-year period pass without redistricting."

The amendment, he pointed out, provides for creation of a special board to accomplish redistricting if the legislature fails to act at any time. No legislator, Hazlewood asserted, will let any board do that job for him if he can help it. If the amendment passes, he believes, there'll never be any more delays about redistricting in Texas.

The Texas Legislature, Hazlewood commented somewhat acidly, "is the most democratic group on earth."

"Any group from asylum inmates to the penitentiary is found represented in the Legislature," he said.

Taylor and

(Continued from page one)

appearances are slated before dental societies, students, and other groups.

Another appearance in Minneapolis has been arranged by A. W. Erickson, noted crops observer and booster for the Deaf Smith area.

From Minneapolis, the travelers will move to the east coast, where some 15 engagements in various cities are slated. They will continue their tour through New England and into Canada. The lecture tour is expected to continue for about 30 days.

Taylor will speak to dental societies and other groups, and urgently requested that Elliston accompany him on the trip and show the color films made in Deaf Smith county during the past year.

A stormy discussion was touched off among the Chamber of Commerce directors three weeks ago when Fraser, Pitman and Dameron appeared before the board with a request that the Chamber of Commerce help underwrite expenses of a number of trips over the country which Elliston has been making on his own to advertise Hereford and Deaf Smith county.

Dr. Taylor's request that Elliston and the Deaf Smith films accompany him on his proposed lecture tour next month was presented.

The matter was finally settled at a called meeting of the board of directors Tuesday afternoon, when an estimate of expenses was obtained, and the committee appointed to solicit funds for the trip.

The Chamber of Commerce was also instrumental in obtaining Elliston's appointment as a special Deputy Sheriff, in order that he might obtain the advantages of railroad passes and other courtesies on his tour.

Wheat Variety Identification School to Be Conducted in Hereford

Hereford Scouter Gets Silver Beaver Award at Council

Streu Is Honored; Attendance Prize Goes To Dalhart

Urin Streu, Hereford District Scout Commissioner, was awarded the Silver Beaver, highest award in Scouting, for outstanding contributions to the work of the Boy Scouts at the annual meeting of the Llano Estacado Council in Amarillo last Thursday night.

Streu was one of three Panhandle scouters to receive the award this year. Others were Robert McNeill of Amarillo and E. F. States of Dalhart.

The awards were presented at the annual banquet Thursday night at the Herring Hotel by John S. McKnight.

Approximately 300 Scouters and friends of scouting in the Panhandle area attended the banquet and program. Included was a delegation of 40 from the Hereford district.

New Council officers installed by Scout Executive W. J. Hatt included Lewis P. Fields of Amarillo as president of the council; W. E. Dameron of Hereford, Virgil F. Fetterson, O. H. Finch, Eselle Fox, C. H. Burrow, Dorsey B. Smith, Dr. J. A. Hill, Lon C. McCrory, and Spencer Baird.

Dameron was not present for the installation.

Veteran scouters awards were announced, also, for Dr. M. C. Adams and David N. Beavers, both of Hereford, who were not present for the banquet. Both received awards as Ten Year Veterans.

Glenn E. Reeve of Friona received a Five Year Award; and Roy N. Ivy of Vega received a Ten Year Award. The attendance award and banner this year went to the Dalhart-Hartley-Sherman District. The award was won for the Hereford District last year. The attendance award is made on the basis of the number of delegates present at the annual meeting and the mileage traveled. The Dalhart delegation numbered only 31, but edged out the Hereford representatives (46 in number) since they travelled a longer distance to attend the meeting.

In presenting the Silver Beaver

THREE "SILVER BEAVERS" GET AWARDS AT COUNCIL MEETING

Award to Urin Streu of Hereford, McKnight cited him for serving Scouting since 1928. Streu is, at present, district commissioner for the Hereford district, a position which he has held for the past two years. Prior to that time, he was Scoutmaster of Hereford's Troop 1, and has been active in scouting work in the community for nine years.

A review of the World Jamboree of 1947, held in France was presented by H. A. Tuck of Dumas, who accompanied the Panhandle Scouts to the convention.

Even College Women Talk Too Much, Says Texas Tech Prof.

LUBBOCK, Jan. 28.—Even a college education doesn't help some women just talk too much.

Consider the case of the Texas Technological College coed, who every morning for an entire semester chatted with her boy friend outside the door to her English class until her professor arrived. She always followed the professor into the room just as he was beginning his lecture.

Silver Beaver Awards, Scouting's highest honor, were presented to three Scouters of the Llano Estacado Council at the annual meeting last Thursday in Amarillo. Presenting the awards, at extreme right, is John S. McKnight, member of the executive board of the council. Receiving the citations are, left to right, Robert McNeill of Amarillo; E. F. States of Dalhart; and Urin Streu of Hereford. (See story at left). Photos courtesy Amarillo Globe.

This week, wondering how long her protracted conversation could go on, the prof entered the classroom via an outside window. After waiting and talking just outside the door for about 15 minutes the girl decided teacher wasn't coming to class that day. Without a single glance into the room, she and boy wandered off.

GARDEN BEAUTIFUL TO MEET FEB. 6

The Garden Beautiful Club will resume meetings after a vacation during the month of January. A meeting will be held in the home of Mrs. Tom Carter on Friday, Feb. 6, at 3 o'clock.

Try a Want Ad!

Irrigation School Schedule Unchanged

The Wheat Recognition Course to be conducted at the City Hall on Thursday, February 12, will not affect the schedule of the Irrigation School, which is being held each Thursday, County Agent Hugh Clearman said this week.

Both meetings will be held at City Hall. The Irrigation School classes are being conducted in the dining room; and arrangements have been made for the other class to meet at the same time in Fireman's Hall, Clearman said.

Dimmitt Baptist Pastor Resigns To Go To Quanah

Rev. M. J. Lee, pastor of the First Baptist Church at Dimmitt for the past four years, has resigned to accept a call from the First Baptist Church at Quanah.

Rev. Lee delivered his farewell sermon at the Dimmitt Church last Sunday morning and evening, closing a pastorate of four years and two months in that church.

While pastor at Dimmitt, he had served a one year term as Moderator for the Tierra Blanca Baptist Association, had been a director and trustee of the Palo Duro Baptist Camp, and chairman of the District Nine Executive Board.

Rev. and Mrs. Lee and their three sons, Jimmy, Tommy, and Billy, left Monday for Quanah where he assumed his new pastorate at the Quanah First Baptist Church this week.

Fred and H. C. Baird left Saturday for Nashville, Tennessee, where they will visit Mr. and Mrs. H. C. Baird's daughter, Mrs. King, and family. Mrs. H. C. Baird had flown there earlier for a visit and became ill but will be able to return with her husband.

Mrs. Byrdie Fellers left last week for Dallas to be with her mother, Mrs. W. R. Scheithagen, who is in a hospital there for an operation.

Mr. Zula Gilliam and Mrs. Bruce Rose were visitors in Amarillo Saturday.

One-Day School Planned Here On February 12, Says Soder

A one-day "wheat variety identification school" will be conducted in Hereford on February 12 at the City Hall, K. E. Soder, director of the Texas-Oklahoma Wheat Improvement Association, of Oklahoma City, announced this week.

Alton S. Fraser-Mills will be in charge of local arrangements for the school, Soder said.

Hereford is one of 11 towns in the entire Northwest Texas wheat belt area selected for one of these courses.

"Recognizing the interest in kernel identification," Soder said, "we have scheduled, in connection with the Agriculture Department of Texas-Oklahoma Flour Mills, 11 one-day schools in Texas to teach these most directly concerned how to distinguish between 'good' and 'poor' milling and baking varieties of wheat.

"With premiums being paid by several country elevators for 'good' varieties, and with differentials between 'good' and 'ordinary' on the Kansas City and other terminal markets averaging 1 cent more, it behooves to look like the housewives will make their demands for high quality bread felt all the way back to the farmer... even in the face of our huge export program," he continued.

Attendance at the school will be limited to managers and key employees of local mills and elevators, to county agents and vocational agriculture teachers, and to growers of certified wheat.

Mills and grain dealers are requested to limit attendance from these firms to persons directly buying or handling wheat, Soder said.

"We plan to give as much individual instruction and attention as possible," he pointed out, "so we probably won't have time or room for school classes or for wheat growers other than certified growers."

When the school is finished a simple test will be given and everybody qualifying will receive a "certificate of merit." Those successfully passing the test will be allowed to attend a state-wide two-day variety school in April to learn more about varieties.

"Our goal is 500 variety-pickers in the state by next harvest," Soder said.

The morning session of the school will begin at 8:30 a. m. with a discussion of "Importance of Wheat Quality" by K. E. Soder.

At 10 a. m. Fred T. Dines, Agricul-

ture agent for Tex-O-Kan Mills, will lecture on "Introduction to Kernel Characteristics."

At 11:30 a. m. Kodachrome slides of wheat varieties will be shown by Soder, assisted by Howard N. Holmes, supervisor of the Federal Grain Inspection service, Fort Worth, and R. H. Jordan, Grain Inspector, of Oklahoma City.

The afternoon session will begin at 1:30, with a lecture by Harry Vaupal of Universal Mills, Fort Worth, or by Bud Cormack of General Mills, Minneapolis, on "Variety Characteristics as I See Them."

A variety test will be given at 3 p. m.

At 3:30 p. m. Dr. L. M. Atkins of the Texas A. & M. Experiment Station, or his alternate, K. E. Porter of the Amarillo Experiment Station, will speak on "Field and Bakery Quality of Principal Varieties."

At 4 p. m. certificates will be awarded to all persons passing the tests.

Each student will need a magnifying glass, soft lead pencil with eraser, small grain forceps, small flashlight, and a one-quart sample of any pure wheat variety, Soder said.

Classes will be conducted at Sherman on February 3, at Fort Worth on February 4, at Wichita Falls on February 5, Haskell on February 6, Crosbyton on February 10, Plainview on February 11, Hereford on February 12, Perryton on February 13, Pampa on February 17, Shamrock on February 18, and Dumas on February 19.

Robert L. Thompson returned from Dallas Saturday after a week there on business. He flew down and back, adding to the growing list of business men and women who are going places by plane.

Dr. G. W. Heard returned Thursday from his trip to New York City to be on the program "We the People." He spent three days in Washington, D. C., on his way home and a few days in Indiana with a friend.

Another Letter to the Editor from . . .

The Bootleg Philosopher

Dear editor:

It was cold out here at Bootleg last weekend and all I could do to get up from my chair by the stove at dish-washin time and get down to my neighbor's mail box to borrow his paper, which he won't miss no way as he ain't got no intellectual drive and frequently ignores his mail to

feed his cattle or cut wood, but a good newspaper, or even a copy of yours, is the ideal company on a cold day, and I was readin this week about them grain speculators and how President Truman is opposed to it, in a theoretical sort of way as he didn't know ahead of time his own White House physician was doin it too and may be some of his other officials, but I want you to know I am opposed to grain speculation with all the energy I got, which is the reason I don't plant none.

As I see it, there ain't no bigger gamble for example than growin corn or oats or wheat. A man can work all year if he can't figure out nothin better to do workin his land and fightin bind weed and cockle-burs and wishin it would rain when it's dry and stop rainin when it's wet and hopin for warm weather when it's cold and gettin mad when it gets too hot and frettin over the chances of a hail storm and when he gets to the end of the year and his speculation has turned out all right to the extent he has a crop of grain made, all he does is take it to town to get whatever they'll pay him for it and discovers some birds in New York has been buyin and sellin his crop four months before the crop was made and has made ten times as much money off of it as he has and has done it from a steam-heated office.

That's what I call a gamble, and I'm here to tell you I'm gonna lead a righteous life this year and if any wheat comes up on my place it'll be voluntary. President Truman may not be able to handle his personal physician but him and me see eye to eye on grain speculation and I for one will hold the line and fight off inflation by not speculation on a grain crop this year, and I may go all-out and do the same by cotton, alfalfa and sugar beets.

Yours faithfully, J. A.

Jackrabbits of Wayland College Now "Pioneers"

After 38 years as the Jackrabbits, Wayland College has finally decided to change the name of the school motif.

It's now the Wayland College Pioneers, and plans are underway to build a concrete covered wagon on the corner of the campus and outfit the pep squad with suitable pioneer regalia.

The surprise move occurred in chapel last Tuesday in a move sponsored by the varsity basketball squad. According to Dr. J. W. Marshall, the change is in keeping with Wayland's plan to become a "pioneer in the field of international education."

The Jackrabbit, which has stood as the symbol of the college will be immortalized in some suitable memorial, it was stated.

Red squill is the safest rat poison and properly used will give excellent results. Thoroughly cover the area where rats harbor with one application. Wait at least two weeks before spreading poisoned bait again.

LEGAL NOTICE

THE STATE OF TEXAS
To: Weldon Webb, Defendant,
Greeting:
You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 8th day of March A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 8th day of December A. D. 1947 in this cause, numbered 3028 on the docket of said court and styled Louise Webb, Plaintiff, vs. Weldon Webb, Defendant.

A brief statement of the nature of this suit is as follows, to wit: Suit for divorce on the grounds of non-support and mental cruelty; as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this the 20th day of January A. D. 1948.

Attest:
R. L. THOMPSON, Clerk,
District Court, Deaf Smith
County, Texas.
By LILLIE LONDON, Deputy.

Wayland Cagers Have Good Record In Season Play

T. K. Criswell of Anton, Texas, and Billy Timmons of Tahoka, have been named co-captains of the Wayland College Jackrabbits.

The Plainview collegians are experiencing their most successful basketball season in over fifteen years.

this year. Undelected in Junior College competition, the team has won 12 and lost four games, three of the games to senior colleges. The other defeat came at the hands of the Texas Tech freshman squad.

Criswell, starting guard for the varsity crew, is a freshman at Wayland, majoring in commercial arts. He is a Navy veteran, serving three years with the fleet in the Pacific theatre of operations. He had the unique honor of serving as the youngest mayor in the state when he was elected as a dark horse candidate in Anton in 1946 shortly after his discharge from active duty.

An excellent floor man, Criswell is also cited with being the third high point-man on the squad, trailing Leon Burch of Plainview, and D. W. Harkins of Levelland. Billy Timmons, a member of last year's varsity crew is going after his second letter this season. He lettered four years in high school, participating in basketball and his team won second in the district. The 18-year old athlete plays an aggressive brand of ball and is exceptionally good on fast breaks.

My "Line Up" for Better Living Electrically

To enjoy all the conveniences and luxuries of modern electric living, you must have adequate wiring. That means large enough wire to operate your electric range, water heater and refrigerator, outlets placed so that you can use your electric cleaner any place you wish.

To help you get ready for better living electrically, your Public Service Company will be glad to send a specialist to your home to check your wiring for you. There is, of course, no obligation—just call or write your nearest Public Service office.

Adequate Wiring MEANS:

1. ENOUGH CIRCUITS for serving efficiently and safely all the appliances you have.
2. LARGE ENOUGH WIRE for serving your present and future needs.
3. ENOUGH OUTLETS AND SWITCHES for convenient living.

We have nothing to sell but good electric service.

Mrs. Roy Calvert Is New Teacher In High School

Mrs. Roy Calvert, who has been teaching at the Frio School in Castro county, has resigned to accept a position as teacher of General Science in Hereford High School. Mrs. Calvert assumed her duties here at the opening of the second semester of the school term.

She is a graduate with a bachelor's degree, from the Vocational and Industrial School of Technology of Weatherford, Oklahoma, and has been working toward a Master's Degree at West Texas State College at Canyon.

Mrs. Calvert has taught General Science, English and Spanish in Leakey, Oklahoma, schools, and has done departmental work in the Junior High School at Lefors prior to going to Frio, where she began teaching last year.

The U. S. Navy reports that 183 Marines were killed and 616 wounded on Eniwetok during the war.

Shishtinto Group Elects

Officers were elected at the regular meeting held by Shishtinto Camp Fire Girls at the Camp Fire Hut Tuesday afternoon, January 20.

They are Ida Rae Brunson, president; Betty Culpepper, vice president; Daisy Cates, secretary; Doris Richardson, treasurer, and Kathryn Kester, scribe.

Programs were outlined for a four months period and handicraft work was discussed. Janice Craig and Sue Savage were welcomed as new members.

The Texas Safety Association reminds winter motorists that to stay out of a skid on icy and wet roads, keep your speed down and allow plenty of space for stopping.

To prevent reinfection of rats, all piles of rubbish, trash, and brush should be burned; feed concentrates should be protected, barns and cribs should be rat-proofed.

USDA's State Crop Insurance office reports that 3,993 cotton claims for indemnity have been received under the 1947 program and final payments in Texas will amount to approximately \$1,180,000.

Who's jamming a wrench in the gears?

3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employees, have refused to accept the offer of the Railroads of a wage increase of 15½ cents an hour.

This is the same increase awarded 1,000,000 non-operating employees by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947.

Agreements have been made with 1,175,000 employees, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

Strike Threat
The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employees in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroad in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

What Now?

The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employees, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad

employees, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employees.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employees than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employees represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15½ cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.	Type of Employee	1939 Average Annual Earnings	1947 Average Annual Earnings	1947 Average Annual Earnings with 15½ Cents per Hour Added
ENGINEERS	Road Freight (Local and Way)	\$3,966	\$5,126	\$5,787
	Road Passenger	3,632	5,399	6,025
	Road Freight (Through)	3,147	4,684	5,169
	Yard	2,749	4,081	4,539
FIREMEN	Road Freight (Local and Way)	2,739	4,603	5,268
	Road Passenger	2,732	4,644	5,166
	Road Freight (Through)	2,089	3,460	3,901
	Yard	1,922	3,136	3,563

Railroad wages computed from Interstate Commerce Commission Statement M-300. Full year 1947 estimated on basis of actual figures for first eight months.

NOW, WHILE OUR STOCK IS STILL COMPLETE...
IS THE TIME TO SOLVE YOUR HEATING PROBLEMS...

Streu's AGAIN Offers

An Outstanding Stock of Dearborn Heaters

It is with a feeling of pride that we offer this excellent line of Dearborn Gas Heaters—a product that is nationally known for quality, performance, durability and economy. Dearborn's reputation for fine quality is the result of rigid standards of excellence. Several years of selling these heaters have brought surprising endorsements from the users, which in turn caused us to place orders more than a year ago for a large number. We have enough now to take care of a large volume of users.

Our present stock includes several sizes (20,000 BTU, 25,000 BTU, 35,000 BTU, 45,000 BTU, 60,000 BTU) in most models. In addition to Low First Cost, you will also find them to offer Low Cost Operation. Come in today and let's talk over your individual Heating Problems—that's where Dearborn is best!

SEE THE FAMOUS DEARBORN

Symphonaire Models

WITH THE EXTRA SAFE

Cool Cabinet

Beautiful in Appearance — Unrivalled in Performance — Unequaled in Safety Features!

Place your Dearborn in any part of the room... close to the wall if you like—it won't blister the wall or woodwork... by the window if it fits in better there — no fire hazard in case drapes or curtains happen to touch it. Place it on the rug or carpet — no danger of fire, or injuring waxed floors. Let the children play around it — no fear of burned fingers. Our Ever-cool Cabinet definitely removes these worries. In fact, the cabinet is so cool that you can further enhance its appearance by placing a scarf and lamp or bric-a-brac on the top.

Eye-Arresting Beauty in Every Dearborn Cabinet!

Our Cabinets are made of fine furniture steel and are smartly styled in the modern mode. Their graceful lines possess all the charm and beauty of a piece of fine furniture. Dearborn Cool Cabinet feature makes possible the use of ultra-smart furniture-like finishes which are especially appropriate even in the finest surroundings.

**NATURAL GAS
OR BUTANE**

Famous HI-CROWN BURNER with Blue Flame Pilot Light... exclusive features on all Dearborn models. Superior performance with all gases.

AUTOMATIC LIGHTING

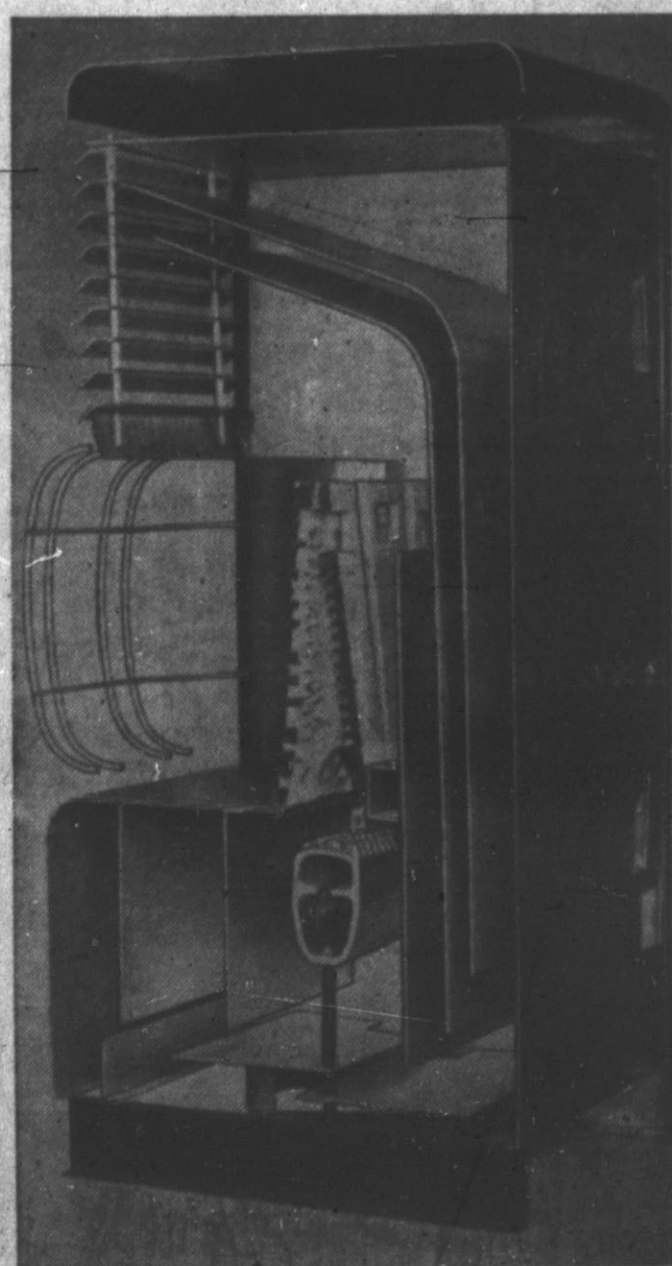

All Dearborn Natural Gas models are optional with the Blue Flame Pilot Light... a modern convenience and safety feature usually found only on the most expensive heaters. So simple and safe... even a child can operate the heater without fear of burns.

RADIATION PLUS CIRCULATION

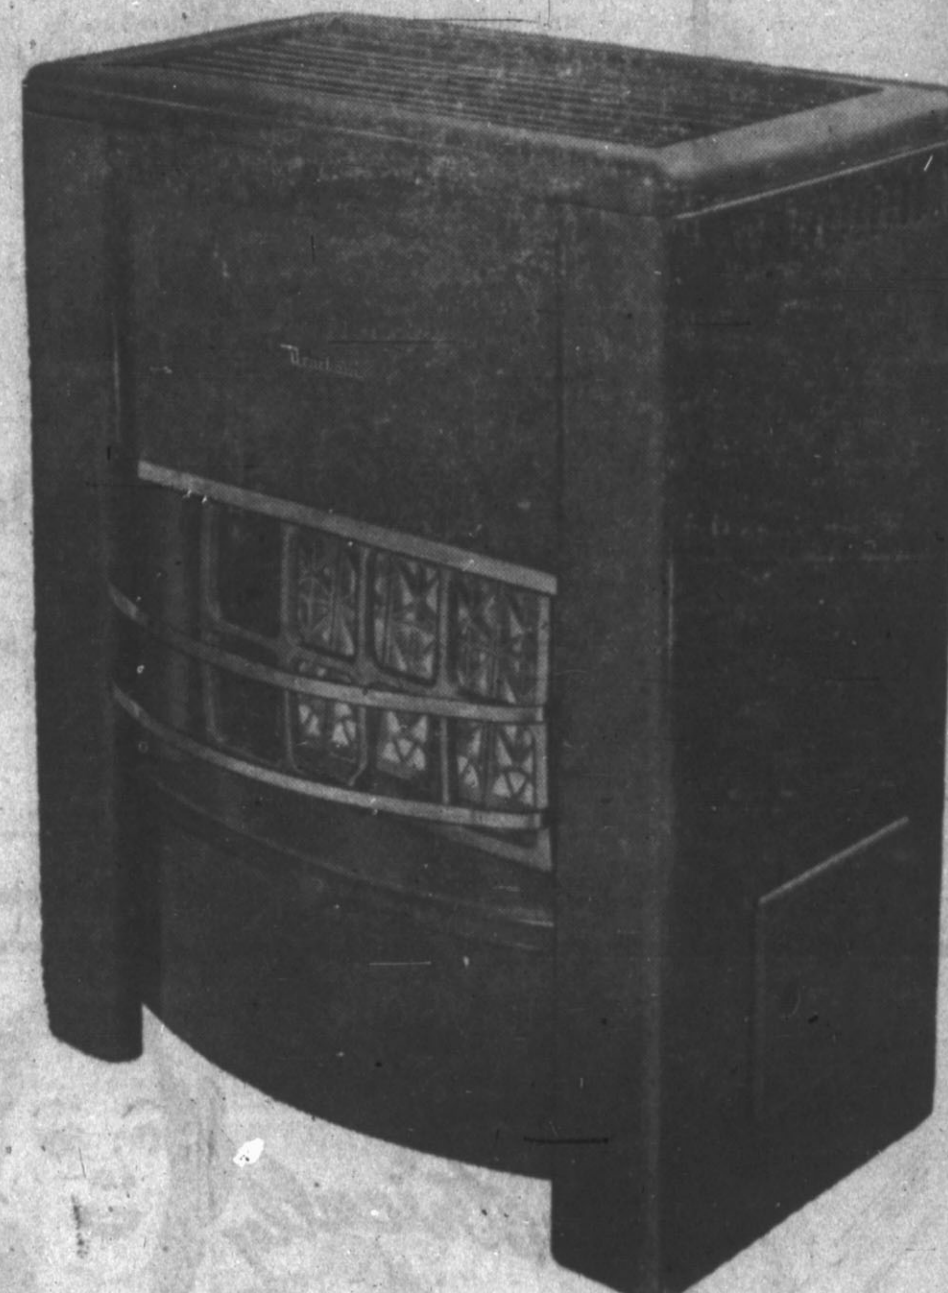

The intense heat (1750° Fahrenheit) created in a Dearborn Radiant causes a greatly accelerated speed to the movement of HOT air rushing out of the top of the radiant. This upward surge of hot air causes a large volume of cold air to be syphoned up through the series of flues formed by the interior baffles. The warmed air is forced out through the louvers so swiftly and in such volume one can scarcely believe that this movement of air is accomplished without a fan or blower. An official E. Vernon Hill Laboratory Test shows the volume of heated air to be in excess of 250 cubic feet for each single cubic foot of gas entering the burner.

DEARBORN'S FULLY PATENTED INTERIORS

This patented forced-circulation principle is utilized in Dearborn's Circulators and Radiating-and-Circulating Models with outstanding results. An exclusive feature which accounts for the speed with which a given space can be heated and the greatly reduced banking of useless but costly heat of the ceiling. It is the secret of Dearborn users' low gas bills—and what is equally important... Our extra-safe air-cooled cabinet.

**SOLVE THE HEATING PROBLEM
... AND THE MOISTURE
PROBLEM TOO!**

**RADIATION
---PLUS CIRCULATION!**

RADIATION PLUS CIRCULATION

Dearborn fully vented Radiant Models are designed to eliminate the moisture problem as well as meet the need for greater heating efficiency. Their radiating-and-circulating feature is highly appreciated because the reflected heat from the glowing radiants keeps floors warm while circulated warm air is forced into all parts of the room.

Users find them attractive and cheerful in appearance, economical, and wonderfully efficient. All are A. G. A. approved for any kind of gas, and each is a masterpiece in quality construction.

- NO MOISTURE
- ABUNDANT RADIATION
- BLUE FLAME PILOT

Meetings Held By Farm & Ranch Club

Two January meetings were held by the Farm and Ranch Club with Mrs. Edd Thomas hostess for the January 8th meeting and Mrs. Zerrell Thomas hostess on January 22. At the first session annual reports were presented and later forty-two games were enjoyed. Mrs. Roy Pruitt won the club prize.

Mrs. Zerrell Thomas featured a Mexican theme in appointments and decorations for the luncheon table, using a colorful winter bouquet for the center decoration.

After the luncheon Mrs. Phillip Miller presented the club with an angel food cake for which members drew numbers. Mrs. Edd Thomas won the lucky number.

For the serious part of the program Mrs. Charles Burk gave an interesting discussion of "The Trend in Washington in 1948."

Members present were Mesdames Garland Solomon, Phillip Miller, Waldron Melton, Charles Burk, Henry Melton, Frank Rickels, Edd Thomas and the hostess.

Pete Hopson, former Hereford resident, and Mrs. Hopson have arrived in Hereford to make their home. They have been living in Oklahoma.

Mrs. W. M. Stovall and two grandsons, Zay and John Gilbreath, of Dimmitt spent the week-end at her home in Hereford.

Mr. and Mrs. Ralph Hastings and son and Mrs. Hastings's sister, Mrs. Paye Herndon of Panhandle are in Mineral Wells for a week or ten days.

Dorcas Circle Entertains At Tea - Program

Dorcas Circle of the W. S. C. S. of the Methodist Church entertained with a tea for members and prospective members at the home of Mrs. Bartley Dowell Tuesday evening, February 20.

The program consisted of a book review "Peace of Mind" by J. L. Liebman, given by Mrs. Darrell Blanton, and an outline of the work of the Woman's Society of Christian Service given by Mrs. Leo Forrest, president of the organization.

Tea was served from a lace-laid table centered with yellow jonquils. Mrs. Richard Barnard poured.

Those attending were the circle president, Mrs. Lee Kent, and Mesdames Glenn Gripp, G. A. Brown, J. B. Coonougher, Glenn Watts, Earl Plank, Art Lewis, Leo Forrest, W. L. Davis Jr., J. W. Whelan, Bill Waldrop, Joe L. Hamilton, C. R. Winget, Darrell Blanton, Howard Gore, C. J. Patton, Don Martin, Paul Coneaway, W. H. Goetzsch, Beulah Ortega, Richard Barnard, Lonnie Edwards, Norman Gray and the hostess.

Child Study Club Hears Mrs. Draper

Mrs. Tom Draper, CHDA, spoke on "Feeding the family" at a meeting of the Child Study Club held in the home of Mrs. Marlin Gilliland Thursday evening.

Mrs. Earl Springer presided over the meeting when members voted to contribute to the March of Dimes and preceding Mrs. Draper's talk. Mrs. Dale Tinnin spoke on "Peanut Butter and Pies and Pansies," presenting an attractive pattern to follow when enticing children to eat certain foods.

Mrs. Draper stressed the need for American housewives to realize the necessity of saving food in order that aid may be given to starving children in Europe, and make a strong plea for concerted action in sending food to Europe.

The next meeting will be held in the home of Mrs. Clinton Jackson on February 12.

Those present were Mesdames Worth Covington, Frank Daniel, In Foster, J. B. Powles, G. O. Heard, Merlin Kaul, E. J. Pepper, Edward Roberson, Earl Springer, Maurice Tannahill, Dale Tinnin, Carroll Whiteside, F. G. Witherspoon, Clinton Jackson, the guest speaker and the hostess.

Sunshine Club Has Meeting in Francis Mathis Home Here

The Sunshine Club met at the home of Mrs. Francis Mathis, where a quilt-top was pieced.

A refreshment and entertainment committee was elected to assist the hostesses during the coming year. Dues were set at ten cents a month and birthday dues at a penny a year.

A Valentine party will be held in the home of Mrs. Charlie Sheppard. The date has not been set. Valentines will be presented to Sunshine pals.

The next meeting will be held in the home of Mrs. Clint Landry. Refreshments were served to Mesdames Charlie Sheppard, Billy Wells, J. F. Shannon, James Tucker, L. R. Pittman, and the hostess.

Mrs. R. A. Daniel Jr. and little daughter Karen Sue, spent the week end with her sister-in-law, Mrs. Lilburn Ray, in Lubbock, after Mrs. Daniel attended the executive board meeting, District 1 of the Texas Garden Clubs Inc. held in that city Thursday.

45 YEARS AGO

Headlines: The "Row" in Rules. At 1:30 A. M. Tuesday (Jan. 28) citizens of this city were awakened by the rapid firing of pistols and terror stricken cries of Fire! Fire! and the clanging of church bells.

Started citizens arose and glanced out their windows and saw that Dewey Avenue was afire. Several

people gathered and commenced the first fire battle in the history of Hereford. The origin of the fire is not positively known. It was soon evident that buildings in what is known as the "Row" were doomed to destruction and all hands went to work to save the adjoining buildings—the fire fighters were busily engaged in throwing wet blankets and water on buildings on the opposite side of the street. Just about the time it was conceded no effort would save the buildings—the wind changed enough to carry flames to the southeast and the danger was over. (A list carried seven buildings as a total loss, \$28,175.00 estimated loss and several injured and persons overcome by smoke). The great need of hooks and fire fighting apparatus was easily seen Tuesday morning—perhaps we will get them now—by incorporation.

Annual Meeting Hereford Benefit

The Hereford Benefit Association had a meeting Saturday, January 17, in the office of the secretary, Mrs. Dorothy Ross, in the Courthouse.

A business session in which Mrs. Ross gave a report for the past year's work showed a service to 19 families during the year paying \$12,480.00. Mrs. Ross said this was one of the highest records since the organization of the Association in 1908.

Election of officers and directors followed with N. E. Gass re-elected as president, and Ralph Smith as vice-president. The directors were re-elected as follows: Alex Thompson, C. C. Acker, D. H. Alexander and Leonard Foster. The remainder of the officers for the coming year are to be appointed by the directors.

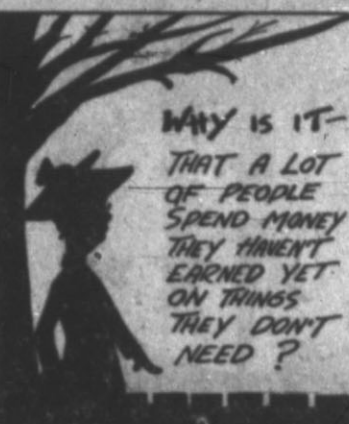

FFA Chapter Has Meeting Jan. 19

A meeting of the Hereford chapter of Future Farmers of America was held on Monday night, January 19, at the high school.

Parliamentary procedure was the topic for discussion at the meeting. After the regular meeting, refreshments were served, and a basketball game was played in the gymnasium.

Members present were Stanley Slagle, Joe Bob Thompson, Dwayne Walker, A. L. Williams, Earl Billingslea, Burt Lee, Joe Hershey, Harley Griffith, Lyndal McGee, Doyle Cox, Dick Aze, Harry Brozman, James Brownlow, Frankie Edwards, Leon Ferick, Clifford Galley, Melvin Garner, Steve Goldston, James Henderson, Jack Hennen, Leo Hicks, James Hutson, Pat Kerr, Johnny McBroom, Jack McCracken, Richard Pickens, and Fred Rodgers; and W. WTCC Committee Seeks Cotton, Woolen Industries for Area

West Texas Chamber of Commerce in carrying out a plan adopted last year at the annual convention, has employed Mark E. Wood, of Clinton, New Jersey, a prominent textile engineer, to head a project to bring new wool and cotton textile industries to West Texas.

The announcement was made this week by E. O. Wedgeworth, secretary of the West Texas-Santa Fe Industrial Development Committee. Committee chairman E. L. Bue-low convened the executive panel on October 9 in Abilene to meet with D. A. Bandeen to negotiate with Texas Tech on the proposition of sponsoring a project to explore the possibilities for cotton and woolen mill industries in West Texas.

The project approved was one of employing a well-known textile engineer to cast up two surveys; one to report on the assets and liabilities in the requirements for West Texas to secure woolen mill industries, and the second to report on cotton mill industries.

The committee proposed to finance the project on a fifty-fifty basis with the Santa Fe lines.

Estimated cost of financing the project is \$10,000.

"This project should give the answer," Wedgeworth said, "to the thirty-year old question as to why we produce so much wool and cotton and send it away to be fabricated, and this answer will come as a result of the Santa Fe committee's activities."

Rats found in Texas are the Norway, or common rat, and Alexandrine or roof rat. The Norway rat lives on the ground, under buildings, heaps of rubbish or in burrows, while the Alexandrine rat lives in attics, lofts, under eaves and in double walls.

**We Can't Understand
Why Anyone
Would Want To
Paint Now**

Prices are so darn high that you feel just like putting it off until some other time... unless you have already put it off too long and it's a matter of having to protect and preserve the wood—or that things just look so drab you can't stand it any longer.

If you are in either of the above "fixes" and are going to paint regardless, we think we should tell you about our paint — **LOWE BROTHERS**. It's no more expensive than ordinary paints and it has such fine lasting quality. You'll be amazed at the amount of space a gallon covers... inside or out.

District 1-A Football Schedule Completed; Both "A" and "B" Teams to Play Full Slate

Committee Has Meeting Friday At Phillips

A full conference schedule for both "A" and "B" teams in the District 1-A football conference for 1948 has been completed by the district executive committee.

The District Executive Committee, headed by Supt. V. D. Armstrong

of Dalhart, met late week-end at Phillips to set up regulations for the new District 1-A loop and to map a schedule for the B clubs of each district team.

The new 1-A district, announced two months ago, includes Dalhart,

Dumas, Perryton, Phillips, Tulla, Hereford and Canyon.

The Executive Committee has decided that the "B" club of each of the District 1-A teams will play a full conference schedule, meeting the "B" team of each district contestant on the Thursday before the "A" team of each school are scheduled to meet.

The "B" teams will alternate home games with their respective "A" squads, so that each school in the district will have a home game during each week of the conference schedule.

In other words, the Hereford Whitefaces will meet the Dumas Demons in a conference game at Dumas on October 8. On October 7, the Hereford and Dumas "B" teams will play in Hereford.

The "B" teams of the seven 1-A schools will be permitted to match non-conference games with other schools in addition to the six 1-A games scheduled if they so desire, the committee decided.

Class A football teams will play through to a state championship this year for the first time. Until this year, only Class AA schools of the state had entered state championship playoffs, the Class A teams advancing to Regional titles.

The complete District 1-A Conference grid schedule for 1948, as released by the District Executive committee, follows:

DISTRICT "A" SQUADS

October 1: Tulla at Perryton.

October 8: Hereford at Dumas; Tulla at Canyon.

October 15: Canyon at Hereford; Dumas at Tulla; Dalhart at Phillips.

October 22: Perryton at Hereford; Phillips at Canyon; Dumas at Dalhart.

October 29: Hereford at Dalhart; Perryton at Canyon; Dumas at Phillips.

November 5: Phillips at Hereford; Perryton at Dumas; Dalhart at Tulla.

Nov. 12: Canyon at Dumas; Tulla at Phillips; Dalhart at Perryton.

Nov. 19: Phillips at Perryton; Hereford at Tulla; Canyon at Dalhart.

DISTRICT "B" SQUADS

Sept. 28: Perryton at Tulla.

Oct. 7: Dumas at Hereford; Canyon at Tulla.

Oct. 14: Hereford at Canyon; Tulla at Dumas; Phillips at Dalhart.

Oct. 21: Hereford at Perryton; Canyon at Phillips; Dalhart at Dumas.

Jr. Musicians To Hold Festival On March 20

Plans are being made for the Junior Music Festival which will be sponsored by the National and Texas Federation of Music Clubs for the seventh district on March 20.

Following last year's plan, the festival will be divided into three groups in order to accommodate all

juniors who wish to enter. Miss Mattie Mae Swisher, district chairman of junior festivals, has announced.

Competitive sessions will be held in Hereford, Lubbock and Quanah on that date and competent judges will attend all sessions to grade the students and give constructive criticism of their work.

The festival is open to all juniors from 6 to 18 years of age for vocal and instrumental solos, ensemble groups, hymn playing and memory work. Students who are not affiliated with a federated group and wish to enter the festival, may do so by paying a small fee. All entries should be made to Miss Swisher at 123 West Fifth Street, Hereford, by March 12, and any further information desired may be obtained by writing her.

The juniors in Hereford who will take part in the festival are members of the Voco Club and students of piano studios here. Entries are expected from all over the Panhandle area.

ANNOUNCEMENT

Announcement of the change of date of the Deaf Smith County Federation of Women's Clubs board meet from Saturday, March 6, to February 26, was left out of the federation meeting report last week. The change of date was made necessary by conflicting meetings. The regular quarterly luncheon meeting will be held on March 12 at the First Christian Church, at which time each club will be called upon for a two minute report of the past year's activities.

Mr. and Mrs. O. G. Hill returned from the Southwest Stock Show in Denver, Colorado on Wednesday and left Saturday for Mineral Wells, where they will spend three weeks or a month.

Mr. and Mrs. Lyle Blanton left Saturday in his private plane for San Antonio, where they will transact business and visit with relatives.

HEREFORD IMPLEMENT CO.

MARKETS

Many southwest farm products found weaker markets last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Hogs fell sharply at midweek for net losses of mostly 50 cents to \$1 for the period. Top butcher hogs closed at \$26.50 at San Antonio and Fort Worth, \$27 at Oklahoma City, \$27.50 at Wichita, and \$27.75 at Denver. Sows brought \$22 to \$24.

Ewes sold fully steady to strong, but lambs dropped 50 cents to \$1 and more at most southwest markets. Good and choice lambs closed around \$22.75 at San Antonio, \$23.25 to \$23.75 at Wichita, and \$24.50 at Denver. Fort Worth brought me-

dium to choice woolled fat lambs at \$1 to \$2.4. Oklahoma City closed at \$24 top. Contracting of spring clip wools increased, as a million pounds of Texas combing wools were signed up at 50 cents a pound f. o. b. \$9 per cent shrinkage.

Late losses offset early gains on southwest cattle markets to leave some classes higher, some lower than a week ago. Steers and yearlings showed weakest tendencies. Common and medium steers and yearlings brought \$16.50 to \$22.50 at Houston, as medium grades sold at \$22.50 to \$26.50 at San Antonio. Medium and good steers cashed from \$26.35 to \$29.75 at Denver, and \$25 to \$29 at Wichita. Medium and good steers moved at \$20 to \$27 at Fort Worth and \$24 to \$28 at Oklahoma City.

Some southwest markets quoted eggs a little lower for the week.

Dallas and Fort Worth paid around 40 to 42 cents a dozen for most current receipts. Denver 37 to 38, and New Orleans 41 to 42. Hens held firm, but fryers found rather slow demand at 40 to 41 cents a pound at New Orleans and around 37 to 38 elsewhere.

Spot cotton prices registered net declines of around \$3.50 per bale in less active buying. Low grade current ginnings were not readily accepted by the trade.

Wheat marketings fell off sharply as prices slumped early in the week and closed fully 10 cents lower Friday. Bulk carlots sold at \$3.11 1/2 per bushel at Texas common points. White corn all but regained early losses but yellow corn stayed 13 cents lower, and other grains netted declines of around five cents.

Limited marketing of rough rice went at slightly higher prices this week, as milled rice moved up to 50 cents a hundred pounds. Most feeds went further sharp gains. Hay weakened under increased offerings and slack demand. Shelled peanuts held firm despite slow trading. Some farmers' stock moved, mostly at support prices.

Demand picked up for many fruits and vegetables during the week, though some remained dull. Broccoli, cauliflower, oranges and sweet potatoes sold firm to some stronger at Denver, where potatoes, spinach, carrots and turnips brought higher prices. St. Louis and Kansas City paid more for Texas oranges and grapefruit, but bought lettuce and cauliflower cheaper. Turnips went much higher at New Orleans in an otherwise dull week. Good demand strengthened carrots in the Lower Rio Grande Valley, but cabbage lost sharply as beets and broccoli sold about steady.

Went Wrong

When John Cikulin got through holding up a Chicago tavern he ran out what he thought was the back door—but it led to a washroom. He's shown handcuffed to his bed in a hospital after the customers worked him over with beer bottles.

Summerfield

BY GAYLE ROBERSON

There were 59 in Sunday School Sunday.

The Girls Auxiliary met in the home of Mrs. Jim Clark. The program was a review of the 60 year history of the Woman's Missionary Union. Attending were Genelle and Naomi Carter, Charlene and Dorothy Lee, Linda and Rose Stephan, Maxine Morgan, Roseanne Pence, Gayle Roberson, Bobbie Jean Walser, Mrs. Moody Stephan, and the hostess, Mrs. Jim Clark.

Mr. and Mrs. Kenneth Neill and Cheryl were visitors in the home of Mr. and Mrs. John A. Graham Wednesday.

Mr. and Mrs. Jack Clark visited in the home of Mr. and Mrs. Carl Lee Sunday.

Mavis Hensley is back in school after being in Amarillo. Mrs. Lester Akin, who is Mavis' mother, is confined to her bed and is staying with her mother, Mrs. W. A. Powell. Mr. Akin accompanied her.

Taking part in the band concert at Hereford last Thursday night were Billie Ray Johnson, Conrad Clark, Wayne Lee, and Brady Lookinsell of Summerfield.

Mr. and Mrs. J. B. Noland and girls were visitors in Littlefield last week-end.

M. and Mrs. J. A. Noland have visited his sister in Waco.

Mr. and Mrs. O. B. Roberson have gone to Montgomery, Alabama, to visit friends.

Alma Lou Scroggins of Hereford spent Wednesday with Genelle Carter.

Billie Louise Webb in the home of her parents, Mr. and Mrs. Earl Lance, Sunday.

LEGAL NOTICE

THE STATE OF TEXAS,

COUNTY OF DEAF SMITH:

NOTICE OF SALE BY CARRIER WHEREAS, the undersigned JACK SQUIRES doing business as Hereford Truck Line, of Amarillo, Texas, has in his possession at his depot in Hereford, Texas, certain freight consisting of automobile or truck tires described as follows:

Frio Teacher Is Surprise Honoree At Luncheon

Frio, Jan. 24—Patrons of Frio school gathered last Wednesday at noon at the schoolhouse to enjoy a covered dish luncheon which was a surprise to their teacher, Mrs. Roy Calvert.

Mrs. Calvert was presented with an all-wool Golden Dawn blanket as a gift from the community.

Those attending were Mr. and Mrs. W. A. Springer and son Charles Ralph; Mrs. E. M. Green and Patsy Ann; Mr. and Mrs. Elbert Summers and son, Clint, of Hart; Mrs. D. E. Chisholm and children, Danny and Janet; Mrs. E. F. Vogler and son, Walter; Mrs. H. F. Benson and daughter, Norma Genelle; Mrs. Elmer Jones and daughters, Patsy Jo and Marilyn Joy; Mrs. Owen Andrews and children, Verdelia, Frances, and Jo; Mrs. Walter Hodges Jr. and children, Iris, Fay, Jerry, Dennis, and Austin Ray; Miss Alma Andrews; and Mrs. T. L. Sparkman Sr.

Mrs. Calvert has resigned as teacher at Frio school to accept a position in the Hereford Rural High School. Mrs. Fred Aze will succeed her as teacher here.

The production credit associations in Texas have been made loans for nearly \$700 million in the past 14 years. Total losses since organization of the association have been about 1-40 of 1 per cent of the money loaned.

The annual loss from weeds in the U. S. has been placed at \$3 billion.

The stinger of a honey-bee continues to bore deeper into the human skin even after the bee itself has been pulled away and the stinger is no longer attached to it.

Tech Adds War Surplus Units To Campus

LUBBOCK, Jan. 28—War surplus goods, including 31 entire buildings, a quantity of office furniture, equipment for an infirmary and a cafeteria, electronic and other laboratory equipment, and a 33-passenger bus, have been received at Texas Technological College from the Bureau of Community Facilities, Federal Works Agency, during the past year, according to S. T. Cummings, college purchasing agent.

The buildings were delivered to the campus from Camp Berkeley at no cost to the college to meet a pressing need for additional space for classrooms, laboratories and other facilities. The college paid only the cost of plan and site preparation and utility installation.

Some of the other items were donated to Texas Tech free, while others were made available at a reduction of 95 per cent or more of an estimated fair price, Cummings said.

Expressing appreciation to the Bureau of Community Facilities, Texas Tech officials point out that the surplus buildings given the college have doubled space available for classrooms and laboratories, thus enabling the college to dispense with night classes this fall even though enrollment has reached unprecedented sizes. Last spring more than 40 night classes were held regularly on the campus.

Political Announcements

The following persons have authorized The Brand to announce their candidacy for office, subject to the action of the Democratic Primary on July 24, 1948:

For Sheriff, Tax Assessor & Collector: J. C. REESE (Re-election)

For County Treasurer: MRS. VELMA HODGES (Re-election)

Damages Pegged At \$80,000; No Insurance Held

Fire which broke out in the body shop shortly after midnight Tuesday night razed the new Ireland Motor Company building on West 3rd street, with damage estimated at \$80,000 by owner Woodrow Ireland. Nine cars and pick-ups, most of them late models, which were in the shop for repairs were badly damaged by the flames, smoke, and explosion of a barrel of alcohol-base anti-freeze which blew up a few minutes after the fire had started. The blaze almost completely gutted the back half of the big, modern one-story brick structure, which was completed last May. The flames were confined to the shops, and damage to show rooms and parts department in the front of the building was confined to smoke and water damage. Ireland was already making plans to rebuild the structure early next day morning. "We've been in business here for fourteen years," he said, "and we're not pulling out now." The parts department is open for business now, and service in other departments will be resumed as quickly as possible. Ireland said that part of the front of the building would probably be raised for temporary repair service for ten days and reconstruction on the damaged shops would start as soon as possible. No insurance was carried by the firm on the building. Owners of all vehicles damaged in the fire will be paid full damage immediately, Ireland said yesterday. Nine vehicles, eight new ones, were damaged.

Mesdames Gault and Slaton Discuss Russian Art For Bay View Club

Bay View Club met in the home of the president, Mrs. Colby Conkright, Thursday afternoon for an interesting program on Russian Art. Mrs. Howard Gault and Mrs. J. P. Slaton gave the two-part program with Mrs. Gault discussing Russian Painting and introducing that subject by giving a survey of the trend of Russian Art as produced out of the history of the country. She told

scribing the new artist as a public agent, a product of World War II. She showed a collection of prints of paintings which now hang in the Russian State Museum.

Mrs. Slaton chose Russian Architecture for her topic and told how architecture played a big part in Russian plans and traced the communist influence, mentioning the utilitarian phases of architecture and its effect on the people whose slogan is "Art for the people and the people for art."

Mrs. Slaton reviewed Eric Newton's criticism of a recent article in Pravda, Russian newspaper, in which

Frio H. D. Club Meets January 21 In Jones Home

PHIO, Jan. 26.—Frio Home Demonstration Club met on January 21 in an all-day meeting at the home of Mrs. A. T. Jones. A quilt was quilted.

A business session was held and roll call was answered by members with "What is wrong with my community?"

Reports were given by the club demonstrators, and the hostess gave a report on her home improvement project.

Mrs. A. E. Barnett discussed "Training Schools for Better Citizenship."

Mrs. D. F. Yandell spoke on "A Community Center."

Mrs. Travis White discussed "Community Recreation."

A written report by Mrs. Curtis Traveck on the state convention at Galveston was read by Mrs. W. A. Springer.

Attending the meeting were Mesdames A. E. Barnett, D. E. Chisholm, H. P. Benson, E. F. Vogler, Olin Parris, W. A. Springer, T. L. Sparkman Sr., Travis White, D. F. Yandell, and the hostess.

he gave conclusions to the effect that this phase of Russian art will not endure because of provincial control.

During the business session reports were heard and plans discussed for the April 19 guest day affairs scheduled to be held in the home of Mrs. Phillip Barkley.

Members attending were Mesdames Bob Wilson, J. P. Slaton, J. H. Sears, G. A. P. Parker, John McLean, Paul Mathers, A. M. Jones, G. G. Heard, E. W. Harrison, Howard Gault, D. H. Alexander, J. R. Allison, Phillip Barkley, H. L. Benefield, Henry Benson, H. G. Conkright, Herman Ford, Roy Ford, and the hostess.

Bud-To-Blossom Club Has Coffee

Bud-To-Blossom Club was entertained at a morning coffee at 10 o'clock Friday in the home of Mrs. Cecil Parker. Mrs. R. A. Daniel Jr. was cohostess.

A book review was a feature of the entertainment with Mrs. Ernest Kerr reviewing "Transfer Point" by Catherine Forbes.

A short business session was held when members voted to make a do-

nation to the infantile paralysis fund. Those present were Mesdames Travis Caraway, Ben Childers, R. A. Daniel Jr., Paul Harvey, Lee Kent, Marvin Knox, Jimmie Moxey, W. H. Patton, George Springer, Richard Winget, Arthur Tiesel, and the hostess. Mrs. J. D. Neill was welcomed as a new member.
