## A Taste of New Mexico

The Gold Coaters, Chamber of Commerce representatives from Carlsbad, N.M., were in Hereford Thursday visiting with local chamber members, including the Hereford Hustlers. The Gold Coaters, during their goodwill trip which will take them to Amarillo, Canyon, Plainview, Lubbock, Brownfield, Seagraves, Denver City and Lovington, N.M. today, have been sharing ideas with the different chambers. Escorting the Gold Coaters are, above from left, New Mexico state policeman Rocky Garcia and Carlsbad Sheriff Tom

Granger. Hereford Chamber President Joe Shollenberger holds a glass roadrunner, a gift to the chamber from the Gold Coaters. Others pictured are Louis M. Whitlock [next to Shollenberger], president of the Carlsbad chamber; Irene McKinster, Hustlers chairman, and Byrl Blount, Gold Coaters chairman. Gladys Cavness was named Hustler of the Month following Thursday's meeting with the New Mexico contingent. [Brand photo]

## Stones Charged In Girl's Death

DIMMITT—Self-professing witches Loy and Louise Stone were arrested shortly after noon Thursday for the murder of 15-year-old Roxanne Casas of Dimmitt.

Stone, 47, and his 46-year-old wife, self-proclaimed members of the occultist church of Wicca were charged with the shotgun slaying of Miss Casas as she rode in a pickup truck Monday night down a country road northwest of Dimmitt.

Two other Dimmitt youths, Carlos Garza, 18, and Maria Trevino, 15, were wounded in the shooting. Garza was treated and released Monday night after sustaining superficial wounds, while Miss Trevino was admitted with buckshot wounds.

The pickup's driver, Arthur Herrera, 18, and passenger, 15-year-old Adriana Rangel, were not injured.

Justice of the Peace Marshall Young, who had ruled Miss Casas' death a homicide, Thursday set bond at \$50,000 each.

The Stones were arrested at their farm house northwest of Dimmitt. Serving the murder warrants were Castro County Sheriff Granville Martin, his deputies, State Department of Public Safety officials, the Texas Rangers and Chuck Cosper, game warden who lives in

Hereford.

"We've got 'em in jail and the charge is murder," Martin told The Brand shortly after the arrest. "We haven't set bond yet — the JP is sick in the hospital and as soon as we can get him out, we'll arraign 'em."

Young reportedly was dismissed from Plains Memorial Hospital after the arrest, set bond on the couple and then returned to the hospital.

Miss Casas was killed about 7:30 p.m. Monday by a blast entering the right side of the pickup. A second blast hit the right side of the pickup's bed, according to authorities.

Martin said that his office had received a call from the Stone residence earlier Monday evening about carloads of young people harassing the couple.

A Hereford youth was fined \$100 and jailed for a night two weeks ago for allegedly harassing the Stones.

"The kids call it (the house) a spook house," Martin told an Associated Press reporter. "They thought they'd all go check it out — and they got it checked out."

Another Hereford youth, high school senior Tommy Weaver, recently went out to the Stone's house — but for a different

## House Speaker Protests Stamp Memorandums

AUSTIN, Tex. (AP) — Speaker Bill Clayton says state welfare workers should not "go out on the street and drag people in an attempt to qualify them for welfare."

Clayton protested Thursday that some regional directors of the Department of Human Resources had sent out memorandums urging door-to-door solicitation of new food stamp recipients.

Commissioner Jerome Chapman of the agency that administers all state welfare facilities said he had a personal conviction there are people in Texas who are hungry but do not know about the food stamp program.

"I see nothing wrong in telling them," he told reporters.

He said one regional supervisor, in El Paso, had been reprimanded "because I do not condone the manner in which he went about it."

"We should be attempting to shrink

the welfare rolls and not expand them and it makes little difference if we are talking about money from the federal government or the state treasury," Clayton said in a statement. "All that money came from the same price-the tax-payers of this state and nation."

Clayton cited the case of an El Paso regional officer of the Department of Human Resources who offered free dinners to welfare workers who brought in the most new food stamp recipients.

"This is all being done under the guise of helping the state's poor, but it is a blatant attempt to stuff more recipients on the rolls and to avoid any reduction in the work force of the welfare department," Clayton said in a statement.

"What appears to be happening is that supervisors are telling their workers that their jobs are threatened by cut-backs if they can't increase the state's welfare rolls," Clayton said.

Clayton quoted from a memorandum (See FOOD STAMPS, Page 2)

## Unemployment Remains Stable

WASHINGTON (AP) — The nation's unemployment rate edged up from 6.9 percent to 7 percent in October, showing little change for the seventh consecutive month, the government reported today.

Unemployment has fluctuated between 6.9 percent and 7.1 percent since April, and Labor Department analysts said this shows the economy is not growing fast enough to account for the steady increase in the labor force.

The stagnation in the jobless figures is expected to increase pressure on the Carter administration for a tax cut and new job-creating programs next year.

Nearly 6.9 million Americans remained without jobs last month, about 10,000 more than in September.

Most of the increase was among black

workers, whose jobless rate climbed from 13.1 to 13.9 percent in October. In contrast, the rate for white workers has remained at 6.1 percent for the past four months.

Over the past year, the Labor Department said, the black rate has shown no improvement, while joblessness for whites has declined by more than a full percentage point.

High unemployment among blacks has sparked criticism of President Carter from black leaders, who use the figures to argue that the administration should expand its efforts to help minorities.

The Labor Department did report some improvement last month in the total number of Americans employed, which rose by 135,000 to 91.2 million. But the

size of the labor force also grew last month and since enough new jobs were not produced to take care of the new entries, unemployment also increased.

The unemployment rate had fallen dramatically from its 1976 high of 8 percent last November as the economy enjoyed a period of rapid growth before slowing last spring.

In September, when the jobless rate fell from 7.1 percent to 6.9 percent, the White House cited the decline as evidence that the economy was recovering from its spring-summer slowdown. However, the October figures appear to dispute that assessment.

Contributing to the slight rise in joblessness last month were layoffs among steelworkers, whose jobs were eliminated by import competition, and strikes in the aircraft and automobile parts industries, the Labor Department said.

Helping to offset payroll declines last month were a 45,000 increase in construction jobs and gains in some service industries, such as insurance and real estate.

Over the past year, total employment

has grown by 3.5 million while total unemployment has fallen by about 600,000.

Most of the increase in employment in the past 12 months has been among adult women, whose ranks grew by 1.7 million. During that time, employment of adult men rose by 1.4 million and teen-agers by nearly 500,000.

The trend for women continued in October as their jobless rate edged down from 7 percent to 6.8 percent.

The teenage unemployment rate declined from 18.1 percent to 17.3 percent last month.

## 6-Year-Old Leaves Glass Surroundings

HOUSTON (AP) — Scientists from the Johnson Space Center have now made it possible for a little boy whose has spent the six years of his life in a womblike plastic bubble to take the one giant step into a normal world he has never known before.

Little David, 6, can now wander around the hospital corridors, look at the cars in the parking lots, try out the icemaking machine, and look forward to a visit to the zoo, to walk on the green of grass, to touch, with his gloved hand a brown autumn leaf, and to see what he wants to see most of all—a big, red fire engine.

In was July 21, 1969, when astronaut Neil A. Armstrong was the first man to step on the moon and he said, "That's one small step for man, one giant leap for mankind."

And, when little David, with the help for the researchers at the National Aeronautics and Space Administration NASA, took his first step out of his bubble and into a world of space and size and color and other people, it was a giant leap.

David suffers from a disease known as severe combine immune deficiency. His body has no defense against the germs and bacteria. What would be the sniffles for a normal child could be death for little David.

Officials of the Baylor College of Medicine and the Johnson Space Center displayed the miniature space suit and backup system, built from a lawnmower chassis.

The system has allowed David to sit at

a desk with his teacher; play pitch with a rubber ball with his 9-year-old sister; to communicate directly with other persons.

The first time he crawled down the eight-floor long tube into the space stuff, little David stood up and said, "Well, let's take a walk."

Dr. Buford L. Nichols, David's attending physician said: "This is an important future in the cultural enrichment of the boy. He is now learning the concepts of space, developing physical skills which cannot be one within the bubble and is advancing the education for this very bright young child."

Bill Caramean, project director at NASA for the tiny space suit, said, "I think this shows how we can advance to mankind what we have learned in the space program. This simple space suit, similar to the biological isolator garments worn by the astronauts during quarantine after their return to earth, probably can be used for a variety of diseases. For example, the young leukemia patient who is quite vulnerable to infection during certain periods could use it. We have developed another suit for a youngster in Los Angeles."

The cost for the development of the suit was \$20,000 and came out of the NASA budget, money set aside for a unit that is attempting to turn the knowledge gained in outer space to use for those on the planet Earth.

The suit, a spinoff from the Apollo lunar missions, is made of rubberized

(See BUBBLE BOY, Page 2)

## Lubbock Youth Found Dead

LUBBOCK (AP) — A man already free on bond on a previous child molesting charge was being held without bond today, charged with capital murder in the abduction slaying of six-year-old Johnny Turner Jr.

Johnny's small, decomposed body, clad in blue jeans and tennis shoes and obscured from view by low hanging tree branches, was discovered Thursday morning lying face down in rocky, weed-choked Yellowhouse Canyon.

A Lubbock police officer and a state trooper made the grisly discovery, ending a numbing eight-day search of the rugged terrain.

Philip Carey Brasfield, 28, of nearby Slaton, charged Tuesday with aggravated kidnapping in connection with Johnny's disappearance, was ordered held without bond on the capital murder charge by Justice of the Peace Wayne LeCroy.

At the time of his arrest Monday night, Brasfield was free on a \$5,000 bond. He was indicted last May on a charge of child molesting.

Authorities said the body was found about 10 a.m. Police spokesman Bill Morgan said, however, that positive identification was not made until later Thursday afternoon.

(See YOUTH, Page 2)

## And Everywhere that Shawn Went . . .

Shawn Stubbs, of 211 W. 6th, did some shopping downtown Thursday, and his canine friends were quite a spectacle. The pups followed Stubbs, without leaving his side, to various stores and stayed outside by the door while patiently waiting for their master to return from inside. "Dangdest thing I ever saw," a passerby said while the photo was being taken. [Brand photo by Paul Sims]

## Voting Still Light Near Deadline

Bob Price, Republican candidate for the State Senate calls it apathy. Deaf Smith County Clerk B.F. Cain says it probably means everybody will be in town for the election Tuesday.

Whatever the reason, only 24 absentee ballots had been cast early today for the election which will decide the fate of seven proposed constitutional amendments and, locally and in the 31st District, who among five candidates will replace Max Sherman.

Sherman resigned from the Senate to become West Texas State University president.

Throughout the area, absentee balloting seems to have been light.

"I've never seen so much apathy for an election," said Price, making reference to not only the light turnout but the overall public response.

He added that most people probably are still unsure of who they will support Tuesday.

"I've been expecting quite a few votes this week," Cain said, "but we sure haven't gotten them. I guess everybody's going to be in town Tuesday."

Absentee voting ends at 5 p.m. today in the County Court House.

Other candidates for the Senate are Democrats Bob Stappan, Mel Phillips and Burk Whittenburg, and Republican Jim Brandon. All of those are from Amarillo, Price is from Pampa.

The last election on proposed amendments was in 1975. There were 27 absentee ballots cast in that election in Deaf Smith County.

# update friday

## Embargo Expected To Be Approved

UNITED NATIONS (AP) - The U.N. Security Council was expected to slap a permanent arms embargo on South Africa today, ending a two-week debate on how to answer the white-ruled nation's recent crackdown on black activists and organizations.

The council's 15 members agreed during private consultations Thursday night to adopt the embargo resolution at today's meeting unanimously and without a vote. The proposed resolution is backed by the five Western nations on the council, including the United States.

Debate was initiated by the U.N.'s 49-nation African bloc after South Africa on Oct. 19 outlawed nearly every major black organization still operating openly, closed two black-oriented newspapers and detained more than 50 persons opposed to the government's policy of apartheid or racial segregation.

## Duval County Officials See Convictions Upheld

NEW ORLEANS (AP) - Two former Duval County political figures face federal prison terms today after a federal

appeals court upheld their convictions on income tax violations.

No significant error was found in the U.S. district court trial of former District Court Judge O.P. Carrillo and former Duval County Commissioner Ramiro Carrillo, the 5th U.S. Circuit Court of Appeals said Thursday.

"Appellants raise six issues on appeal. None of them merit reversal of their convictions," the 5th circuit said Wednesday. "We affirm."

The men were charged with filing false individual and partnership income taxes. The prosecution said they hid income from a false front business at Benavides which they created to enable them to sell materials to the city and county while also holding jobs as public officials.

## Military Pensions Won't Be Reduced

WASHINGTON (AP) - President Carter's panel on military pay is giving indications that it won't propose any major reduction in the growing cost of military pensions, a cost which now exceeds the Army payroll.

Members of the Commission on Military Compensation agreed tentatively at a meeting Thursday that any pension proposals would be written so they would not apply to current retirees or to persons already serving in the armed forces.

A staff member, Lt. Col. Michael O'Connell, said that means the full effects of any change would not be felt for 20 to 30 years after enactment.

Commission members also listened without dissent as O'Connell told them: "Based on cost alone, we find no compelling argument for changing the retirement system."

## Former CIA Director Pleads No Contest

WASHINGTON (AP) - Former CIA Director Richard Helms faces sentencing by a judge who says he's not bound by a White House-approved deal for leniency.

Helms pleaded no contest - no contest - on Monday to two counts of failing to answer the "material questions" of a Senate committee inquiring about CIA activities in Chile.

The charges are misdemeanors, each punishable by a minimum of one month in jail and a \$100 fine to a maximum one year in jail and \$1,000 fine.

The Justice Department recommended the minimum sentence for Helms and the suspension of both jail and the fine. But when Helms was before him Monday, U.S. District Judge Barrington D. Parker said, "This court does not consider itself bound by that understanding."

## Weather

West Texas - Generally fair through Saturday. A little warmer most sections Saturday. Highs upper 60s to the upper 70s except upper 80s lower valleys of the Big Bend. Lows mostly in the 40s except upper 20s mountains. Highs Saturday mainly in the 70s except near 90 Big Bend.

from page 1

## Bubble Boy

nonporous fabric similar to that used in life rafts.

For added protection, it is covered with a white silky material, identical to real space suit fabric. There are form-fitting gloves and shoes, topped by a clear plastic bubble for the head, all in one piece.

There is a filter system and a large umbilical cord attached to the push car backup system that pumps air into the suit. Little David can also ride on the push cart if he becomes tired.

Dr. Mordina Desmond, professor of pediatrics at Baylor College of Medicine, told newsmen, "In fact after his trips in the space suit, we saw David tired for the first time in his life."

An eight-foot long tube leading to the space suit is connected to David bubble home by a large metal ring and chamber sealed off by more rings. The chamber is

sterilized. David can cross to the sterilize tunnel in his space suit. The procedure is reversed when the boy returns to his isolator.

Physicians said it takes the youngster about 30 minutes to make the crawl and to get fitted into his traveling space suit.

David now spends his time between a sterilized bubble in the family's ranch style home and the bubble in the hospital. He breathes filtered air, eats sterile food, and has never felt the skin-to-skin touch of a loved one's caress.

The youngster has been out in the space suit three times now, twice for two and one-half hours, once for three hours. Eventually, doctors expect him to be out of his bubble for at least four hours.

On the out-of-hospital trips, David will be transported by van. The system is capable of running off a battery charger

plugged into an ordinary electrical outlet, even a car cigarette lighter. Should be battery power system fail, an emergency supply is available.

Brynn Holcombe, a nurse who has worked with David over the years, said, "He was apprehensive at first about crawling down the tube to the space suit. But once in the suit, all you could see were those big eyes and a big, big smile."

Dr. Nichols said there is a ray of hope that David's body someday will build the cells needed to protect him from germs. He said advancements are being made and that "David had given us the opportunity to study this disease and to perhaps someday find an answer."

Physicians have refused to disclose the last names of David's parents in an effort to let the family lead a normal life.

from page 1

## Youth

"The body was taken to a funeral home but the parents did not go there to make identification," he said. "It was made through distinguishing scars-missing teeth, moles and childhood marks-that the parents told us about."

Dr. Jose Diaz, who performed the autopsy, declined Thursday night to speculate on the cause of death until further tests were performed. He said

## Shooting

reason. Weaver is the editor of the Whiteface, the school page published every other week in The Brand.

He quoted Stone as saying: "We're commonly known as witches, but not so much in the sense of old Salem

there were some external injuries on the body but no knife or gunshot wounds - nothing to explain the death by itself."

The first-grader disappeared last Wednesday from the low income apartment complex where he lived with his parents, John and Florence Turner.

Mrs. Turner said she saw her son playing in front of their apartment building about 6:30 p.m. A few minutes later, he was gone. He was believed last

seen by witnesses who reported seeing a small black child with a white man in his 20s at a local service station.

Juvenile Capt. Bill Cox said searchers began combing the portion of the rocky canyon early Thursday after receiving information from an unnamed source.

"We're going back and do some more leg work," he said. "This is one case we really don't want to get away from us."

from page 1

this to some extent at Christmas Mass."

Approximately 250 persons attended the funeral of Miss Casas, a Dimmitt High School sophomore. Dimmitt schools were dismissed an hour earlier than usual for the service.

from page 1

"accidentally" not to receive the reprimand.

"We were simply trying to reach the people who had not heard of the program," Ortiz said, adding that no dinners were actually awarded.

"If there had been they would have been paid out of my pocket."

Chapman explained that the federal government requires that news of the food stamp program must be spread among those persons who might be eligible. At first the "out-reach" effort was fully paid.

## Food Stamps

he said was issued July 12 from the El Paso area by Antonio Ortiz, regional director of financial services. The memo said in part "we must increase our food stamp caseload to avoid a second reduction in force ... I challenge every supervisor to be more creative in their own area and operate their own min-out-reach program with their present staff."

Clayton said that on Sept. 19 Ortiz again wrote all personnel to "take an active part in our efforts to reach each and every eligible family" and offering "a dinner for two to the employee with

the most valid referrals by the end of October."

Clayton said, "here we have state employees competing to see which one can do the most to swell the welfare rolls and win a dinner at state expense for doing it ... It will certainly by my intention to see that such practices are halted. We are not going to save people's jobs in this state by increasing the welfare rolls as long as the legislature can prevent it," he said.

Ortiz sat beside Chapman when the two talked with reporters. Chapman said Ortiz happened to be in Austin

# Imprisoned Americans To Return

WASHINGTON (AP) - About 50 of the 585 Americans now in Mexican jails will be free when they are returned to the United States next month and the others will probably be granted parole a short time later, says a Justice Department official.

Michael Abbell, director of the exchange program, said Thursday that interviews with about 240 of them will probably return next month.

The exchange will occur under a treaty and enabling

legislation that President Carter signed last week allowing the United States to exchange prisoners with Mexico and Canada.

Abbell said the officials who will process the prisoners will meet in San Antonio, Texas, next Tuesday to go over their plans. They will go to Mexico Nov. 11-14 to inform the prisoners of their rights and duties if they seek repatriation.

The Justice Department expects to charter four air-

planes. Abbell said, to take the Americans out of Mexico around Dec. 9. Initially, they will be taken to a prison near the border, but federal prison officials won't disclose the name of the prison until the prisoners have arrived.

One group of 188 American prisoners has not yet been tried and the treaties stipulate that prisoners cannot be exchanged until they complete their trial and appeals. Another group of 50 to 80 apparently still have

active appeals. Abbell said.

Of the rest, Abbell said that 31 were convicted of immigration law violations and one of a political crime. Those categories are not covered by the treaty. Another dozen are Mexican residents although they retain U.S. citizenship, he said. And, there are about 60 who for various reasons prefer to stay in Mexico, Abbell said.

Novelist F. Scott Fitzgerald was born in 1896.

# Police Arrest Austin Atheist

AUSTIN, Tex. (AP) - Atheist Madalyn Murray O'Hair has started another fight in what she calls her war against Austin by demanding that the city council not open its meetings with a prayer.

She was arrested in the council chambers Thursday, escorted to the city jail and charged with disrupting a public meeting.

In recent days, O'Hair has filed suit to get "In God We Trust" removed from coins and bills, broken up a church bingo game, accused an employee of stealing valuable computer tapes and heard one of her sons denounce her flurry of legal activity at a news conference.

She has filed assault charges against a PTA official that she says hit her after she objected to prayer at a PTA meeting.

Her adopted daughter, Robin, was harassed so much in an elementary school that she had to send her to a private school out of town, she said. Because Austin had deprived her of the joy of taking care of Robin, she said, she would wage war against the city.

Police Chief Frank Dyson personally arrested Mrs. O'Hair after she said would continue talking through the customary prayer that opens city council meetings.

Disrupting a public meeting is a Class B misdemeanor, punishable by a fine up to \$1,000 and up to 180 days in jail.

"I cannot be quiet while you continue to mock the law," Mrs. O'Hair told Mayor Carole McClellan after the mayor called upon Rev. John W. Auer of St. Martin's Lutheran Church to give the invocation.

Mrs. O'Hair said prayer at public meeting is "illegal and unconstitutional" as well as

"immoral" and against the teachings of Jesus Christ in the Sermon on the Mount.

The last apparently was a reference to Jesus' statement that Pharisees prayed on the street to be seen of men but that his followers should pray in private.

Both Mrs. O'Hair and the mayor spoke calmly during a 10-minute exchange. Two visiting third-grade classes from St. Elmo's Elementary School looked on with big eyes.

The mayor told Mrs. O'Hair she could address the council during a period set aside for citizen comments.

With television cameras on her and microphones thrust into her face, Mrs. O'Hair said she will be on the agenda for the next six weeks to talk about church-state issues but that in addition to that she would try to halt the prayer.

"I will continue to talk during the prayer," she said.

The mayor ordered Mrs. O'Hair removed from the chambers.

Mrs. O'Hair warned the police chief not to touch her when he arrested her or she would charge him with assault.

She was escorted from the chambers. The mayor called after her, saying she could visit with council members individually.

"She cannot visit me," said council member Jimmy Snell.

Mrs. O'Hair called Snell a "token black."

Outside, Mrs. O'Hair told the chief she was glad to meet him because she wanted to know what he planned to do about church bingo games.

The chief said he would look into future violations. The preacher gave the invocation.

# The Abundant Life

AS WE WILL

BY BOB WEAR

WE CANNOT HAVE ALL THINGS exactly as we think we would like to have them, but there is nothing wrong with this arrangement. Of course, we must learn to accept disappointments, and there will be some setbacks, and probably some out-and-out failures. All of these are to be expected.

WE WILL ACCOMPLISH many things we wish to accomplish, there will be some full realizations, and some completely satisfactory experiences. We must learn how to be adequately grateful, because this is essential to the fullness of accomplishments and successes.

THERE IS ONE FACET OF LIVING in which we can have our own way. We can choose to be the kind of persons we wish to be. Of course, there must be diligent effort, continuing effort, strong self-discipline, and the right choice of guidelines. As we move along, we can make the indicated corrections and modifications. The point is; our life can be "as we will."

A WISE OLD HERMIT who lived in the mountains of Virginia was gifted with a rare insight known only to a few men.

"The young boys of the community laughed at the old man. 'I know how to fool him,' said one. 'I'll take a bird in my hand ... hold it so he can just peek through my fingers ... and

ask him what it is. When he answers, I'll say, 'Is it dead or alive?' If he guesses it's dead, I'll let it fly away. If he says it's alive, I'll crush it."

"They found him at the door of his hut. 'Old man,' said the boy, 'I have a question. What's in my hand?'"

"Well, my son, it looks like a bird you've caught."

"Right," said the boy. "Now, is it alive or dead?"

"The old man fixed his gaze upon the lad a long moment, then said, 'It is as you will, my son.'" - L.C. Waggoner.

WE CAN HAVE POWER over self. There may be many things which touch our lives over which we are able to exercise little or no control. There may be some life elements we would like to change, but it is impossible to do so. With our character and our personality, however, "it is as we will."

"OVER THE TIMES YOU have no power. To redeem a world sunk in dishonesty has not been given you. Solely over one man therein you have a quite absolute, uncontrollable power. Him redeem and make honest." - Carlyle.

WE CAN BE THE PEOPLE we wish to be. We can make the right choices, take the right actions, make corrections when necessary, and we can hold fast to the guidelines of wisdom and good judgment.

# Occultist Explains Unusual Beliefs

[Editor's Note: Tommy Weaver, co-editor of *The Whiteface*, the Hereford High school page published bi-weekly in *The Brand*, recently interviewed Loy Dean Stone, a self-proclaimed occultist charged Thursday for the shooting death of a 15-year-old Dimmitt girl. The interview was conducted more than a week prior to the slaying.]

WICCA does not translate Witchcraft Cult of America, though some folks might think so.

Loy Stone, who lives south of Hereford, has these letters on the license plate of his car. The letters WICCA form a word meaning craft of the wise.

Stone and his wife are followers of the WICCA religion, or as Stone said: "We're commonly known as

witches, but not so much in the sense of old Salem witches that worship the devil. We don't believe in the devil, we believe in a force of God that we can control with our minds. We worship God in ritualized prayer; we more or less use props to put ourselves in frame of mind. Catholics do this to some extent at Christmas Mass.

"Our belief is that we are reincarnated each time we die, until we reach a state of perfection, each life being a higher degree than the one before. We believe that you can control what happens in your own life. If, for instance something goes wrong in our day, we blame ourselves, not God. If something does go wrong, we try harder to correct ourselves. We someday want to reach perfection, and when we do this, we'll be apart of God. We may not be but a haingal on his finger, but we'll still be a part of God."

The WICCA religion has numerous followers throughout the world. The public is invited to attend the meetings, according to Stone, though the meaning of the meeting may not be understood.

There have been numerous rumors that Stone is a devil worshiper and has had bouts with the law. The rumors are false, he said.

Stone, devout in the WICCA religion, does not even believe there is a devil other than man himself.

Stone recently has been harassed by HHS students who believe he is a devil worshiper. He has turned all of that over to the law.

## Obituaries

### WEISHAAR INFANT

Tony Ryan Weishaar, infant son of Mr. and Mrs. Ron Weishaar, 107 Nueces, died Wednesday in Deaf Smith General Hospital shortly after his birth.

Graveside services are being held today at 2 p.m. at St. Anthony's Cemetery under the direction of Smith & Co. Funeral Home with the Rev. Bernard McGorry officiating.

In addition to parents, survivors include, one sister, Brooke of the home; and grandparents, Mr. and Mrs. Ed Barrett of 329 Douglas and Mrs. Clara Weishaar of Imporia, Kans.

## Letter To The Editor

Dear Editor:

The junior class and sponsors would like to thank White Implement Co. and Farm Discount Lumber for providing material and a place to build our homecoming float.

Thanks again, Junior Class, 1977-78 and class sponsors

A coal mine explosion in Jacobs Creek, Pa., on Dec. 19, 1967, resulted in 239 deaths.

## Young Homemakers Make Banquet Plans

Two events on the calendar of Young Homemakers of Texas were discussed Tuesday evening during a YHT meeting in Southwestern Public Service Reddy Room.

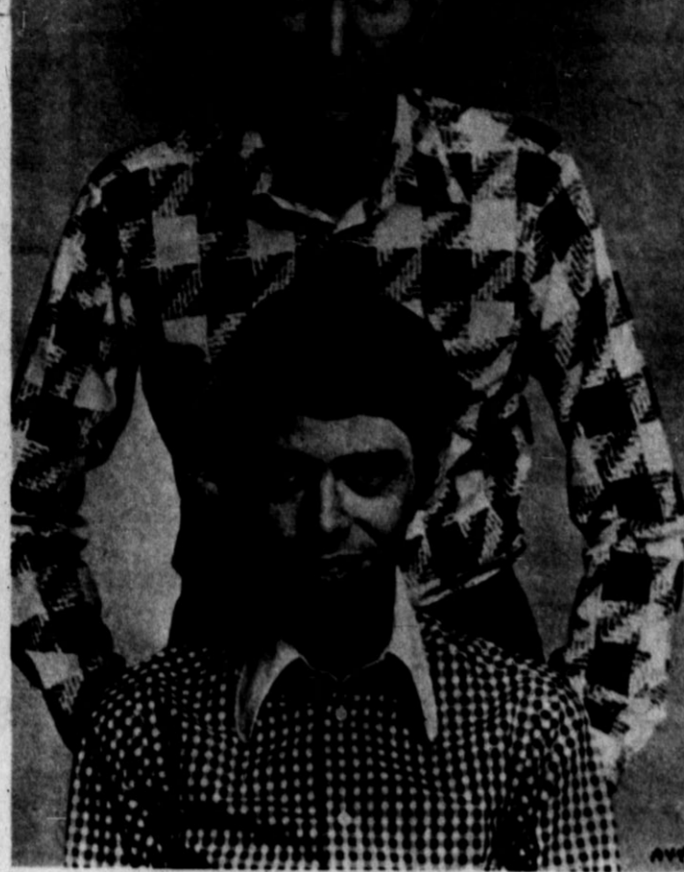

Plans were reviewed for the upcoming YHT and Young Farmers Awards banquet, slated at 7 p.m. Nov. 12 at K-Bob's Steak House. Also, members agreed to begin their "Pictures with Santa" fund-raising project next month. Dates and times of the photo sessions will be announced at a later date.

Patricia Vogler and Mavis Rasmussen were introduced as guest speakers, informing the

Young Homemakers about the Pro-Family Rally to be held Nov. 18-21 in Houston. This rally is being held in opposition to the Equal Rights Amendment and International Women's Year (IWY).

Other guests included two new members, Janette Walker and Zallee Campbell.

Members in attendance were Kathy Abbott, Gail Blain, Brenda Hardisty, Shirley Carlson, Marilyn Culpepper, Cara Dearing, Linda Goss, Brenda Campbell, Pam Robinson, Barbara Weatherford and chapter advisor Mrs. M.T. Burelsmith.

ROSTAL AND SCHAEFER  
...to entertain here Saturday night

## British Piano Team To Perform For Local CCA Members Tomorrow

Rostal and Schaefer, acclaimed internationally for their duo-piano renditions of both popular and classical music, will make their local debut Saturday night in the Hereford High School auditorium. Their Hereford performance is part of the first American tour of this popular British team and it is being presented by Community Concert Association for CCA members at 8 p.m.

Peter Rostal and Paul Schaefer have, in a brief time, established themselves not only as a popular duo-piano team in their native England but have built an international career that, with the 1977-78 concert season, brings them to the United States for the first time as professional performers.

It is not, however, their first visit to America. Having never met, both artists were pursuing careers as concert pianists when, independently, they won scholarships to the Juilliard School of Music in New York, one of America's most prestigious and well-known schools for "classical" musicians.

Schaefer began his study of the piano at the age of six and by seven he was performing his own compositions. It is he who does all of the imaginative arrangements for the duo that have been so instrumental in building their reputation. Composition and arrangement is second only to performing for Schaefer and he is apt to include a direct quotation from Chopin in an arrangement of his own. He is particularly interested in modern, tonal songs and is currently working on several that he hopes to have published.

While piano students in England, both artists won scholarships to the Royal College of Music. For the Calcutta-born Englishman, Peter Rostal, this marked even more of an achievement than for his partner-to-be as he had only begun his study of the piano four years earlier.

With a background from the Royal Academy and Juilliard, it would be expected that this duo would concentrate on the traditional literature for duo-piano. They say, however, "We're not frustrated musicians, we are classical pianists who happen to think that light music deserves better treatment." They have been encouraged in this idea by their teachers at both schools and have thus established a style and a reputation that is difficult to place in any category.

The fast-selling albums of the duo represent almost every genre of music from the music of Brahms, Bach, Schubert and Handel to that of Bacharach and even the Beatles. Their latest venture on records brings together the worlds of Dvorak, Bach and the discotheque. Rostal and Schaefer's "Brand New World" is their own arrangement of Dvorak's "New World Symphony with duo-pianos, synthesizer and percussion, soon to be released as the duo's first "single" in England.

Upon their return to England after studying at Juilliard, Rostal and Schaefer were encouraged by a former teacher at the Royal Academy to perform, as they had on occasion, as duo-pianists. One of England's most popular show business personalities, Max Bygraves, is really responsible for this duo.

It was he who suggested serious pursuit of a career as duo-pianists and they have since been featured repeatedly by him on radio and in live variety shows. It did not take long for word about the new team to spread and they were soon invited to present a Command Performance for the Queen Mother.

Since their successful Royal Command Performance, Rostal and Schaefer have been featured not only on their own BBC-TV show, "The Two Pianos of Rostal and Schaefer," but as guest stars, often repeated, on over fifteen variety series in England and on "Piano Festival" on Paris TV.

Their own radio series, "Kings of the Keyboard" followed appearances on several radio shows in England. They are currently recording a new BBC radio series and have recently taped guest spots on "Stars on Sunday" and "Friday Night is Music Night" for BBC-TV. They also recently recorded two shows for Dutch television, performed for two weeks at the Urania Theatre in Berlin and performed on German radio.

The multi-faceted career of these two young artists finds them performing in every type of musical setting from

concerts to cabaret. They have been seen in cabaret as far afield as the Hong Kong Hilton, the Dusit Thai in Bangkok and in Cannes, France. They performed for several seasons at London's Savoy Hotel while also doing guest appearances with the Royal Choral Society at the Royal Albert Hall.

They have been seen at the "Proms" at Royal Festival Hall that were the inspiration of the New York Philharmonic/Andre Kostelanetz "Proms". Each weekend through the summer finds Rostal and Schaefer doing a Sunday concert at one of the principal seaside resorts in England and during the remainder of the year they can be found in concert halls throughout the English countryside.

The sense of rapport these two artists have with each other extends to their audiences. The South China Morning Post reported, "the two managed to prevent the 'great American walk-out', a Hong Kong phenomenon in which gangs of elderly tourists, acting presumably on a pre-arranged signal, arise with much noise and general distraction and leave the room, usually in the middle of a quieter item requiring considerable concentration on the part of the performer."

"For Rostal and Schaefer, everyone sat silently and respectfully except for periods of enthusiastic applause, and that was exactly as it should have been because these are two extremely talented young men who fully deserve the undivided attention of their audience."

The common musical studies background and personal musical preferences of Rostal and Schaefer go far in explaining their success as a duo with remarkable rapport. That they are good friends makes sense of ensemble even keener. They practice six hours a day and both are film "freaks". Schaefer in particular likes the movies of James Bond which has led to one of their most popular album's success with their "007 James Bond Medley".

Whether performing "serious" music or that taken from among the best of film music, Rostal and Schaefer are serious musicians. They claim of some "popular" music that it is "as much of a challenge as any classical piece and we treat the music as such."

Among their stated aims is one to interest more people in music and to help them to enjoy it more. Their masterful performances of the classics and their brilliant adaptations of what might otherwise be quickly forgotten popular music shows how successfully they have achieved this ambition.

**WHAT'S THE USE?**  
I'm really pretty much alone now—even though I have people all around me.

My family is no longer together. My children have their own families and are busy with their own interests, problems, and good times.

The days have passed when I was truly needed. Oh, I get a phone call now and then, and the voice on the other end says, "Mama, I need for you to..." The request usually refers to some menial task that has no lasting effect or value.

Even the days of washing, ironing, and cooking are gone. There is no call for even furnishing the physical necessities of life, not to mention mending emotional hurts or patching bruised feelings.

### King's Manor Craft Sale In Progress

The Crafts Sale at King's Manor Retirement Home opened this morning and will continue until tomorrow afternoon.

Located in the Manor's Lamar Memorial Garden Room, the sale will include Christmas angels and wreaths, pillows, Mrs. Beasley granny dolls, stuffed toy dogs, clowns, satin pillow cases and more. Vena Hudson is crafts director at the Manor.

The public is invited to visit the Manor and attend the current sale.

Each day stretches out farther and farther. I wonder as I think of my life—what's the use of it?

### Art Sale Opens Today

The public is invited to attend Hereford Art Guild's "Festival of Arts" show and sale today and tomorrow in Sugarland Mall.

A total of 15 Guild members will display their works, representing a variety of artistic tastes. Mrs. Billy Hutson is chairman of this year's Festival.

The show will be open from 10 a.m.-6 p.m. each day.

Individuals who harbor hopes of becoming artists will have the opportunity to try their skills during the two-day sale. For a 50 cent fee, a person can try their luck at painting with help from an Art Guild member.

All works on display will be available for purchase.

**New Arrivals**

#### BIRTH ANNOUNCED

Mr. and Mrs. Steve Shaw of Plano are the parents of a daughter, Natalie Anne, born Oct. 18. She weighed 7 lbs. 5 oz.

The infant has a brother, Chad, who is 4.

Grandparents of the newborn include Mr. and Mrs. Bill Cargo, 126 Hickory, and Mr. and Mrs. Oliver Streu, former Hereford residents, now of Amarillo. Mrs. Leona Cargo and Mr. and Mrs. Daves of Amarillo are the baby's great-grandparents.

Mrs. Shaw is the former Judy Cargo.

## Open House Saturday At Camp Fire Lodge

The public is invited to an Open House and Tea from 2-4 p.m. Saturday at the Camp Fire Girl Lodge during the Autumn Festival 1977.

On exhibit will be crafts and artwork submitted by local Camp Fire Girls, leaders, advisors, sponsors and board members. The Autumn Festival is affiliated with the National CFG Art Competition.

All entries submitted by Camp Fire Girls will be placed in a judging division while other Council entries will be classed in a non-competitive category. Exhibits will be categorized as 1) Art, 2) Crafts, 3) Stiches and 4) Clay. The latter category is the national art competition medium for 1977.

Entrants in the judging aspect of the Festival will include Blue

## Simms Club Observes Silver Anniversary

Members of Simms Study-Craft Club celebrated their club's 25th anniversary Wednesday afternoon during a Thanksgiving luncheon in Simms Community Building.

President Juanita Perrin called the business meeting to order and lead the club in reciting the club collect. Each member submitted recipes to be included in a club cookbook.

After the luncheon, members of the club admired the new carpet laid at the community

building through joint efforts of the Simms Lions and Simms Study-Craft Club.

After the club's regular business session, several guests participated by reminiscing about the past in Simms community. These visitors included Joe Meyers, Peggy Criet, Ruth Ferguson, Jewel Blankenship, Pam Stevens, Bernice Reed, Ina West, Eliza Heltzer, Jessie Mae Hammock, Ada Hollabaugh, Evelyn Croford and Nancy Perrin.

# For God So Loved The World

**GOD'S WONDERS ARE REVEALED,  
NOT HIDDEN, BY AN ECLIPSE**

An eclipse of the sun or moon, be it partial, total or whatever, is an exciting celestial event to most people in the part of the world where it will be visible. No matter how many of them we have already seen, they always promise a spectacular new behind-the-scenes look at the mechanics of the universe, right from our terrestrial vantage point, free and available to all. Much of our knowledge of the heavens has come as a result of these alignments of the sun, moon and earth, and they provide an even greater insight into the magnitude of God's creation. So look to the sky, enjoy the show, and on your return to earth go to the Church of your choice, where you will learn how you and this magnificent world you live in came into being.

"For the invisible things of him from the creation of the world are clearly seen..."

## Ann Landers Women's Libber Speaks

DEAR ANN: I must respond to "California Pig"—the chauvinist louse who said Women's Libbers are largely responsible for the increase in male impotency.

DEAR PTT: I'm tired of being your scapegoat. We've been blamed for the rise in unemployment, the increase in crime, homosexuality—and now it's male impotency. Perhaps you've had problems with one woman. Well, too bad. Everybody has problems with somebody at one time or another.

You say "the Libbers" don't WANT a man to protect them. Do you honestly think men are protecting women today? From what?

Was I protected by a man when he raped me? Was I protected by a man when he denied me an abortion for an unwanted child? Was I protected by a man when he refused to give me a job because he thought women should stay home and do the cooking and cleaning?

Thanks, Pig, but we don't need your "protection." It's high time you stopped blaming women for your own inability to function as an adult. For years you blamed your mother—and now your sweetheart or wife is supposed to take the rap for your immaturity. Grow up or shut up!—Heard that Song Before

DEAR HEARD: Many "Libbers" wrote to express the same sentiments but your letter was one of the few that was printable. Have a good day!

DEAR ANN LANDERS: You have stated many times that the purpose of your column is to educate people. This letter is on behalf of those of us who handle money.

I work for a large Western bank and handle anywhere between \$7,000 and \$15,000 a day. Almost everyone thinks that the extra \$10 or \$20 they get when someone makes a mistake will not hurt a large corporation or bank. They are right. It won't—but it can sure hurt a teller or a cashier. What people don't realize is that it goes against his (or her) record and could cost a person his job.

I am appealing to your readers to please—if you get more money than you are entitled to—return it. Not only will your honesty reaffirm the cashier's faith in humanity but it might even save his job.—We All Make Mistakes

DEAR MISTAKES: Here's your letter—but you left out the most important benefit of all—self-esteem. Returning money when you have been overpaid gives you a good feeling about yourself. And people who feel good about themselves are a joy to

DEAR ANN LANDERS: I received in the mail yesterday morning two invitations—both for dinner parties on the same evening.

I like one of these couples better than the other but my husband says we should divide the time—go to one for cocktails and explain that we have an obligation to go elsewhere for dinner. He feels in this way we will at least have made an appearance at the first party

which is better than a turn-down. (I should tell you the two hostesses are not fond of each other.)

I think we should accept the invitation from the woman I feel closest to and not try to make both affairs. What do you say?—Split Personalities

DEAR PERSONS: Your husband's idea is a good one. The hostess will probably feel better if you come by for cocktails than if you give her a negative response.

## State Council Protests Tax

AUSTIN, Texas (AP) — Texas' Energy Advisory Council sent a hot protest to Congress Thursday about President Carter's energy program, particularly the crude oil equalization tax.

The resolution, authored by Attorney General John Hill, was passed unanimously by the council, which is made up of the state's top energy officials, while Gov. Dolph Briscoe was in Washington lobbying with the House-Senate conference committee.

Briscoe left for Washington Wednesday after President Carter canceled a meeting for Friday with the nation's governors on a national energy program.

The different bills that passed the Senate and House setting out the national policy are being considered by the conference committee in hopes of reaching a compromise.

Amendments were made to Hill's resolution by Speaker Bill Clayton, Railroad Commissioner Mack Wallace, and Sen. Peyton McKnight. D-Tyler, that strengthened and enlarged Texas' opposition to parts of the program supported by Carter.

"One area in which I am hopeful is that of killing the oil equalization tax attempt outright," Hill told council members.

Hill said the proposed oil equalization tax, which was approved by the House, was unfair and basically a tax on consumers who would eventually pay the cost.

Wallace said the rebates that would be made to fuel oil purchasers from the tax income was an "unfair, purely political move."

"This tax is an attempt to solve technical problems with political answers," McKnight said.

The public is invited to attend the Art Guild's sale today and Saturday in Sugarland Mall. (Brand photo by Dianne Banner)

## Pro-Treaty Group Forms

WASHINGTON (AP) — With the blessing of the White House, a group of businessmen, politicians and others is mobilizing a come-from-behind citizens' campaign to rally support for the embattled Panama Canal treaty.

The Committee of Americans for the Canal Treaties sees itself as the first private counterpoint to a campaign by treaty opponents who already have launched their campaign.

The pro-treaty committee fired its first salvo this week with \$35,000 worth of newspaper advertisements in New York, Los Angeles and Washington.

"It's a contest of ideas and facts," said lawyer John O. Marsh Jr., one-time counselor to former President Ford and now a director of the pro-treaty

committee. "The battleground of public opinion is dominated by the other side," Marsh acknowledged. But, he said, "It is a reversible issue."

Treaty opponents say they hope to raise \$1 million for their campaign. So does the pro-treaty committee. At a meeting Wednesday, one business executive told the committee that "if we can get 20 to 40 other companies dealing in Latin America to do the same, we would pledge \$50,000."

S. Lee Kling, a St. Louis banking and insurance executive and a co-director of the pro-treaty group, said donations already exceed \$75,000.

He said the committee hopes to conduct mass mailings, set up a speakers bureau, put

pro-treaty advertisements on radio and television and persuade citizens to write their senators and congressmen on behalf of the treaty.

Most of the campaign for treaty ratification has been waged so far by the White House and State Department.

## Today In History

By The Associated Press Today is Friday, Nov. 4, the 308th day of 1977. There are 57 days left in the year.

Today's highlight in history: On this date in 1952, Dwight Eisenhower was elected the 34th president of the United States. He defeated Democrat Adlai Stevenson for the first Republican presidential victory in 20 years.

On this date: In 1520, King Christian II was crowned king of Sweden.

In 1825, the first boat to reach New York City by using the Erie Canal arrived nine days after leaving Buffalo.

In 1884, Democrat Grover Cleveland was elected president.

In 1931, the League of Nations accused Japan of aggression in Manchuria.

In 1944, the World War

II allies announced that Greece had been completely liberated from the Nazis.

In 1973, Sen. Edward Brooke of Massachusetts became the first Republican senator to publicly urge the resignation of President Richard Nixon.

Ten years ago: Pope Paul underwent an operation for removal of his prostate gland.

Five years ago: President Richard Nixon said he was confident the United States would negotiate a Vietnam peace settlement on the basis of "honor" and not "surrender."

One year ago: Rhodesian independence under black majority rule by March 1, 1978, was proposed by Britain.

Today's birthdays: Actor Art Carney is 59 years old. Painter and scenic designer Eugene Berman is 78.

## ELECT...

# JIM BRANDON

Dear Friends,

As you know, I hope, I am running for the State Senate in the special election being held Nov. 8th. This election is critical to the future of the Panhandle area, so I hope you will take the opportunity to vote and voice your opinion.

History shows us that the more power we give the politicians, the less freedom we will have to enjoy. Common sense tells us we must stop the runaway growth of government if we are to protect our future and the future of our children.

I know you will agree with me that our heritage of freedom is worth preserving. I need your support and vote on Tuesday, November 8th.

Sincerely,

Jim Brandon  
Jim Brandon

Jim is a hard working businessman.

## EXPERIENCE...

- Businessman
- Cattleman
- Certified Public Accountant
- Board of Regents, Amarillo College (7 years)
- Native Texan (22 years in Amarillo)
- Panhandle Campaign Chairman of Citizens For Reagan

A Vote for JIM BRANDON is a vote for  
A Better Way of Life! On November 8...

## VOTE BRANDON FOR STATE SENATE

Political Advertising paid for by Brandon for Senate Committee, Charlene Lacy, Treasurer, 1708 Avondale, Amarillo, Texas 79106. 362-2782

Jim enjoying his family.

## JIM BRANDON WILL WORK:

- ★ FOR reduction in Property Taxes
- ★ AGAINST a State Income Tax
- ★ FOR cutting State Spending
- ★ AGAINST any form of Gun Control
- ★ FOR Keeping Texas Energy for Texas Farmers and Consumers
- ★ FOR Repealing the Unearned and Unjust Legislative Retirement Plan
- ★ FOR Solving the Water Problems of West Texas
- ★ FOR 100% Parity for Texas Farmers

Jim is active in Grassroots Politics.

# Stanton Freshmen Smash La Plata

By BOB NIGH  
Brand Sports Editor

The Stanton Junior High freshmen used the breakaway speed of running backs Richard Saenz and Ricky Fuentes to roll past the La Plata Mavericks 22-8 in a cross-town showdown at Whiteface Field Thursday afternoon.

Fuentes sped 75 yards for one Dogie touchdown, and Saenz added another six-pointer from 69 steps out to provide Stanton with the winning impetus. The win gave Stanton a 5-5 mark on the season, while the Mavs fell to 2-8 with the loss.

The game was an affair of big plays as the result of turnovers with the Dogies getting an initial 6-0 lead after a Maverick fumble, and the Mavericks getting all their points on Dogie miscues.

Stanton quarterback Darrell Dirks gave his team a 6-0 bulge with 2:09 left in the first quarter after Joe San Miguel fell on a Mav fumble at the La Plata one. A pass for the PAT fell short.

Fuentes gave Stanton some breathing room at 14-0 with a darting burst down the middle of the field on a wingback counter, which went 75-yards for a touchdown. Dirks found Saenz alone in the end zone for the two-point PAT and the

Dogies led 14-0 with 9:48 left in the half.

The Mavericks got a big break following their next possession when a La Plata punt off the toe of Chris Schumacher was fumbled by Fuentes and Hector Dominguez recovered for the Mavericks in the end zone. Dominguez was stopped short on the run for the PAT, and Stanton held a 14-6 lead.

The margin was cut even shorter in the third period when Stanton punter Audie Prewitt was tackled in the end zone for a safety after a high snap from center. The play followed a La Plata defensive stand which forced the Dogies to attempt the punt from their own six.

The game-clincher came with 2:24 left in the third stanza as Saenz took a pitch from Dirks and scooted down the sideline for 69 yards and a Stanton touchdown. The PAT pass from Dirks to Saenz was good for the final 22-8 margin.

While Saenz and Fuentes provided the offensive fireworks for the Dogies a defense led by noseguard Tony Rodriguez and tackle Bert Wofford controlled the Mavericks in the second half, allowing just 13 yards total offense to La Plata in the final 20 minutes without giving up even one first down.

Stanton came out on top in

total yardage 336-91 with Saenz 155 yards leading the way, and Fuentes adding 133 yards to the Dogie total.

La Plata got 39 yards from Brent Self, 30 more from Schumacher, and 16 from quarterback Felix Solis, but the Dogie defense turned the ponies back with their defensive heroics in the final two periods to stifle any La Plata offensive threats.

## Loop Leaders

Paul Bell [r] and Greg Brockman are sitting out action along with the rest of the Herd this week, and the Whiteface duo are interested spectators of the week's play with Bell the leading rusher in District 4-4A and Brockman the top receiver. Hereford closes out the season next Thursday against the Monterey Plainsmen, 28-7 winners over Lubbock High Thursday night. (Brand photos)

## JV Loses As 'Dogs Rally

The HHS Junior Varsity came oh so close Thursday afternoon in Plainview, but late heroics by the Bulldogs forced the Longhorns to swallow a 14-8 defeat as they dropped their eighth game against a solo win this year.

Plainview scored from three yards out on a third and goal play with 29 seconds remaining in the game to claim the victory. The play off tackle wiped out a HHS rally that saw the visitors take an 807 lead in the final period.

Bud Hughes drove for the final four yards to give the Longhorns their touchdown, and Arthur Villegas added the

go-ahead points on a sweep. Plainview came close to scoring the winning points later in the period, but Joe Mitchum broke through to block a Bulldog field goal attempt. The winning score came after Hereford failed to move the ball and was forced to punt.

The JV will close out its season next Thursday afternoon against the Monterey JV in a 2:30 p.m. contest at Whiteface Field.

The Herd sophomores close out their campaign tomorrow afternoon at Whiteface Field with a 1 p.m. battle against Levelland, a team the Short-horns defeated 18-13 October 15.

## Plainsmen Set Sun On Lubbock's Day

The Monterey Plainsmen got a break Thursday night when Lubbock standout Ernest Day was injured in the third period as the Westerners were driving for the go-ahead score, and the defending District 4-4A champs went on to zip up Lubbock 28-7 to secure their second straight trip to the playoffs.

The big play came as Lubbock was on the move inside the Monterey 30 with the score knotted at 7-7 early in the third stanza at Lubbock's Lowery Field. Monterey safety Mike Thomasson hit Day with a crushing blow which knocked the Westerner star out and necessitated his removal from the game.

The Westerners could manage only nine more yards offensively with Day out for the night, and Monterey added one touchdown in that third period and two clincher scores in the final stanza to grab the District championship.

Day's loss was most evident in the fact that Lubbock led in total yards 223-164 until he had to leave the game, and Monterey wound up on top by a 330-232 margin.

The big gun for the victorious Plainsmen was quarterback Ron Reeves who scored all four Monterey touchdowns on runs of 2, 33, 5, and 14 yards. The loop's top scorer finished the

night with 150 yards on 18 totes, and raised his point total to 102 on the year with one game remaining against Hereford next week.

# Bell, Brockman Secure In Leads

By BOB NIGH  
Brand Sports Editor

The Hereford Whitefaces, still smarting from a 21-17 setback at the hands of the Lubbock High Westerners at the Herd Homecoming last week, take a one-week vacation from grid action this week and two members of the Herd rest relatively secure in the number one spots in the loop in rushing and pass receiving.

Junior Paul Bell and senior Greg Brockman will sit back this week and watch district opponents try to catch them in the rushing and receiving categories respectively. Bell holds nearly a 500-yard margin in the rushing race over Mark Butler of Coronado, while Brockman is at least four receptions ahead of his nearest competitors with 18 snags on the year.

All figures are based on performances prior to any action this week.

Bell holds the district rushing leadership with 1178 yards on 234 carries this season. Butler is nearly 500 yards behind that figure with 684 yards on 124 tries, and Monterey quarterback Ron Reeves is ranked third with 623 steps on an even 100 totes.

More Sports  
Page 10

Bell picked up 202 yards against the Westerners last week to become the first Whiteface runner since James Harris in 1973 to cross the 1,000-yard plateau.

Brockman also had a good game against the Westerners, hauling in four Kelly Kitchens aerials to push his loop-leading total to 18 on the year. The

LEE SEZ  
"They sell better with a Family Homes sign out front."

sure-handed Herd tight-end ran 241 yards on the season, a 13.4 yards-per-catch average. His nearest competition has come from Monterey's Eric Voyles and Plainview's Jay Miller, who have 14 catches apiece and 250 and 226 yards respectively.

Bell is also in the number one spot in tandem offense, and second in total offense and scoring this week. The speedy HHS Junior has 1,208 total yards rushing and receiving to lead Butler (707) the tandem offense category, and trails only Reeves 1314-1178 in the total offense list. The total offense category includes yards gained rushing and passing, the latter of which Bell has none. Reeves has 623 rushing yards and 691 passing.

Reeves still leads the loop scoring race with 78 points on 10 touchdowns, one running conversion, and 14 kick points. Bell is second with 66 points on 11 TDs. Butler and Billy Williams of Plainview are far back tied for third place with 30 points apiece.

Brockman has also closed in on Coronado linebacker Steve Matthews in the tackles category with a 17-tackle effort against LHS. Matthews still leads the list with 105 stops to Brockman's 100. Plainview linebacker Don Palmer is third on the list with 97 stops, while Herd tackle Jim Fish is currently 11th with 69.

## Longhorns Remember Last Year's Defeat

By KEN RAPPOPORT  
AP Sports Writer

The Houston Cougars wear scarlet and white, but the Texas Longhorns only see red when they look at them.

"I'm hoping we can do a lot of making up Saturday," says Texas quarterback Randy McEachern.

Bristling with emotion, McEachern and his revenge-minded teammates hope to a tone for last year's 30-0 loss to the Cougars.

This year, the Longhorns are a little better fixed-ranked No. 1 in the nation and possessor of seven straight victories, including decisions over Oklahoma and Texas Tech.

Although the revenge motive is an obvious emotional factor in the Longhorns' favor, however,

Houston has the built-in trigger of playing the nation's top-ranked college football team.

The Cougars have been getting in the mood for Texas all week.

Coach Bill Yeoman has had his reserves, who run Texas plays in practice, decked out in burnt orange uniforms, with "Mr. Heisman" written on the back of No. 20, representing Texas' Earl Campbell, and "All-America" on defensive tackle Brad Shearer's jersey.

While Texas hopes to solidify its position atop the rankings and the Southwest Conference, second-ranked Alabama is prepared to do the same in the Southeastern Conference against league rival LSU, ranked No. 18.

In other games, third-ranked

Oklahoma visits Oklahoma State, No. 4 Ohio State is at Illinois, No. 5 Notre Dame entertains Georgia Tech, No. 6 Michigan is home against Northwestern, No. 7 Kentucky is at Vanderbilt, No. 8 Arkansas meets Baylor in a night game at Little Rock, and No. 9 Penn State visits North Carolina State-Texas A&M, No. 10, is idle.

Elsewhere, its No. 11 Nebraska at Missouri, No. 12 Pitt at West Virginia, No. 13 Clemson at North Carolina, Utah at No. 14 Brigham Young, No. 15 Florida State at Virginia Tech; Stanford at No. 16 Southern California, Washington at No. 17 California, Wyoming at Arizona State, tied for No. 19, for a night game and Colorado at Iowa State, the other No. 19 team.

Alabama Coach Bear Bryant will face a former pupil Saturday - LSU Coach Charlie McClendon. McClendon played for Bryant at Kentucky earlier in the Bear's career and is the last of the master's former pupils to beat him.

That happened in 1970 by a 14-9 score, but Bryant has won the last 20 meetings with one ex-pupil or another-he is 30-5 over-all-and holds an 11-2 edge over McClendon.

Oklahoma will be starting a stretch drive for the Big Eight Conference title, while Oklahoma State will just be trying to salvage some pride. The Sooners lead the league with a 4-0 record and are 7-1 over-all. Oklahoma State is 4-4 over-all this year and 2-2 in the league.

The Cowboys are coming off a 31-14 whipping by Nebraska and are trying to regroup, while Oklahoma is fresh from a 42-7 victory over Kansas State and appears to be in the best shape of the season.

## King Makes Finals

RANCHO MIRAGE, Calif. (AP) - Billie Jean King has moved into the finals of the \$250,000 round-robin tennis tournament at the Mission Hills Country Club with a hard-fought win over Kerry Reid of Australia.

King, of New York, will play for the \$75,000 first prize Saturday with either top-seeded Chris Evert of Fort Lauderdale, Fla. or Dianne Fromholtz of Australia, depending on the outcome of tonight's match between Fromholtz and Virginia Wade of England.

King's 7-6, 4-6, 6-1 victory over Reid early today left her champion of the blue division with a 2-0 record going into her final round-robin match tonight.

In other play Thursday night, Evert and Martina Navratilova, a Czech expatriate playing out of Dallas, also scored marathon victories.

Evert rallied to defeat Virginia Wade of England 1-6, 6-4, 6-4, in a two-hour match. Evert's final in the round-robin competition. The win gave her a 2-1 record in the red division and kept alive her chances of reaching the finals as division champion.

Navratilova's 6-4, 3-6, 6-3 win over Fromholtz in a two-hour, 10-minute match left Fromholtz 1-1 in the red division going into her final round robin match tonight against Wade.

If Wade, who is also 1-1, wins the match, Evert will go to the finals by dint of her victory over the English player Thursday.

But if Fromholtz wins, she will earn the final berth by virtue of her upset victory over Evert in first-round play last Friday night.

Navratilova finished her round-robin competition with a 1-2 record.

**NOTICES**  
We have been advised by the Texas Department of Health Resources that our water system failed to meet the microbiological maximum contaminant level of their Drinking Water Standards, as well as those of the Environmental Protection Agency-National Interim Primary Drinking Water Regulations.  
Water samples analyzed by the State laboratory showed that the water from our system had failed the limits set by Federal and State Regulations for coliform bacteria. The limit is one coliform per 100 ml as the average of all routine monthly samples collected. The coliform organism is an indicator of contamination and is not harmful in itself.  
It should be noted that only this one sample out of the 240 samples collected during the past year was found to contain coliform organisms. Two additional samples were collected at the same source within a weeks time and no coliform organisms were found. The bad sample was probably caused by improper sampling techniques.  
This notice is required by the Environmental Protection Agency.  
City of Hereford Water Department 89-3c

Nos has avisado el Departamento de Recursos de Salud del Estado de Texas que nuestro sistema de agua no cumple con el nivel maximo de contaminacion microbiologica asegun las reglas estatales para Aguas Bebederas, lo mismo que las reglas nacionales de la Agencia de Proteccion Invironmental-Reglas Nacional de Aguas Bebederas.  
Las muestras analizadas por el Laboratorio Estatal enseno que nuestro sistema de agua no cumple con las reglas federales y estatales acerca de bacteria coliformo. El limete es un coliformo por cada 100 ml. como el promedio de las muestras que se juntan mensual. Los organismos de coliformo es uniramante una indicacion de contaminacion pero no es danoso.  
Se debe notar que solo una muestra de 240 que se juntaron durante el ano se hallo que contenia organismos de coliformo. Dos muestras mas fueron encontradas en la misma parte durante una semana pero no hallaron organismos de coliformo. La muestra mal fue debido a manera impropia en sacar muestras.  
Esta noticia es Requerido de la Ciudad por la Agencia de Protecion Invironmental.  
City of Hereford Water Department 89-3c

**NOTICE BY PUBLICATION STATE OF TEXAS**  
TO JACK LAVERNE CARPENTER, Respondent,  
GREETINGS:  
YOU ARE HEREBY COMMANDED to appear and answer before the Honorable District Court, Deaf Smith County, Texas, at the Courthouse of said county in Hereford, Texas, at or before 10:00 o'clock A.M. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of DOROTHY HALENE CARPENTER, Petitioner, filed in said Court the 31st day of October, 1977, against JACK LAVERNE CARPENTER, Respondent, and said suit being number DC-8405 on the docket of said Court, and entitled "In the Matter of the Marriage of Dorothy Halene Carpenter and Jack Laverne Carpenter," the nature of which suit is a request to annul marriage.  
Lola Faye Veazey Clerk of the District Court of Deaf Smith County, Texas By Ruth Lub 91-1c

**SPECIAL SHOW**  
BOSTON (AP) - A special exhibit called "Prints of the 1970s" is being held at the Museum of Fine Arts through Dec. 4.  
The museum says the show "will offer new insights into the recent graphic art of 35 contemporary printmakers, whose styles range from realism to abstraction."  
Among the artists included in the exhibition are Jim Dine, Jasper Johns, Helen Frankenthaler, Claes Oldenburg and Robert Rauschenberg.

**African Paper Scorns U.S.**

JOHANNESBURG, South Africa (AP) - The South African government's leading newspaper critic Thursday objected to increased U.S. pressure for racial liberalization, saying America is providing the white-minority government with domestic political ammunition.  
A pro-government newspaper told the United States to "go to hell."  
The comments came after Secretary of State Cyrus R. Vance announced that the United States was withdrawing a commercial attaché and naval attaché and that the arms embargo America has observed against South Africa since 1963 would be extended to cover such borderline equipment as spare aircraft parts and radar installations.  
The United States also supports a mandatory, international arms embargo against South Africa that is to be voted Friday in the U.N. Security Council.  
Johannesburg's liberal Rand Daily Mail endorsed the view of white opposition leader Colin Eglin that U.S. pressures are harming the "process of peaceful change."  
"This is because they are being eagerly exploited by the Nationalists the ruling party to try to whip up emotions of the white electorate to an unprecedented pitch," the Mail said.  
South Africa's 2.2 million white voters go to the polls Nov. 30 in an election called by Prime Minister John Vorster to gain a fresh mandate to withstand external pressure and for his proposed constitutional revision. It would give limited self-government to South Africans of mixed race and Indians but not to the more than 20 million blacks. All the non-white

Psychanalyst Sigmund Freud died in 1939.

# Malone Ends OT; Gives Rockets Win

By The Associated Press  
"I really don't like overtime," said Mines Malone. "I like to get it over as soon as possible."

So the Houston forward did something about it Thursday night. He scored six points and grabbed six rebounds in the extra period to lead the Rockets to a 113-111 National Basketball Association victory over the Golden State Warriors.

"We needed the win, so I went out there and gave it a full five minutes," Malone said succinctly.

Malone had 19 rebounds for the game, helping to provide the Rockets with a 59-35 edge in that department.

"We were outrebounded tonight by a big margin, and we can't win like that," said Golden State Coach Al Attles.

Houston Coach Tom Nissalke was pleased with the outcome of the game, but not its artistry.

"That was a dock worker's game," he said. "I didn't recognize any of our plays. Artistically, it was a flop. This was our worst game since last February."

In the night's other NBA action, the Cleveland Cavaliers whipped the Milwaukee Bucks 100-91 and the Phoenix Suns turned back the San Antonio Spurs 110-89.

Malone, who finished with 17 points, scored all but two of Houston's eight points in overtime as the Rockets won their fourth straight game.

Mike Newlin led Houston with 26 points, 20 of which came in the second half. Rick Barry scored a game-high 34 points for Golden State, with teammate Bill Smith pumping in 25.

Cavaliers 100, Bucks 91  
Bingo Smith pumped in 24 points, 14 in the third period, to spark Cleveland over Milwau-

HOUSTON (AP) - Two Rice starters might miss Saturday's Southwest Conference game against Southern Methodist after suffering injuries in practice Thursday, Rice officials said.

tee. The game saw-sawed through the first two periods, with the score tied 23-23 at the end of one quarter and 45-45 at the half.

Cleveland, however, led by Smith and guard Walt Frazier, who threw in 10 of his 16 points in the third quarter, roared out to an 81-64 edge after three periods.

"Our offense wasn't very smooth," said Milwaukee Coach Don Nelson. "Our shooters weren't hitting the open shots. I think the Cavaliers are a better team this year and they beat us tonight without Campy Russell. What can I say?"

Suns, 110, Spurs 89  
Walter Davis scored 24 points and a stingy Phoenix defense forced 40 turnovers by San Antonio as the Suns thrashed the Spurs. The 89-point production by San Antonio, which led the league in scoring last season, tied its lowest point total in its two-year NBA history.

# Dibiase To Meet Dillon

Teddy Dibiase meets J.J. Dillon in a grudge match this Saturday night in Hereford Lions Club Wrestling. Dibiase has a grudge against Dillon and the wrestler-manager seems to have a grudge against the world. A series of incidents involving Dibiase and Dillon and his two grapplers led up to last Saturday night's main event in which Dibiase found a substitute in popular Reggie Parks.

Scheduled to appear in a tag match with Ricky Romero, Dibiase had a commitment to wrestle for the world title in Amarillo. He refused to jeopardize his chances by facing the Brute and The Angel, but challenged Dillon to meet him this coming Saturday. The match has been made.

Dibiase has a weight pull of ten pounds at 245, but they wily Dillon has experience and a definite lack of ethics to overcome this.

The Angel, a 255-pound product of Bordeaux, France, meets the Super Destroyer.

# Bob Nigh Let's Talk Sports

Former Hereford standout Dave Charest made quite a few headlines after last week's Army win over Holy Cross. Charest was honored by his team by being presented the defensive game ball, and he also was chosen the ECAC Division I "Defensive Player of the Week" for his performance.

Charest, starting at a cornerback spot for Army while only a sophomore after seeing a bunch of action as a freshman, intercepted two passes, blocked a punt, and deflected two more aerials while making five tackles for Army in its 48-7 victory. All three turnovers tended by Charest led to Army scores in the contest.

The two pickoffs tied Charest with teammate John Hilliard for the team lead in interceptions with three. The former Herd star also ranks eighth on the team in total tackles with 44 stops, 25 of which have been solo efforts.

Dave's parents, Mr. and Mrs. Melvin Charest of Hereford will travel to Colorado Springs this Saturday to see the Army team play the Air Force Academy.

The Texas Tech Red Raiders will attempt to bounce back from a 26-0 shell-shocking absorbed from the University of Texas last week as they play the Horned Frogs of TCU Saturday at the Tech Homecoming.

The game will feature one of the most prolific pass-catchers in SWC history in TCU's Mike Renfro. Renfro needs on 15 receptions to break SMU's Jerry Levias' all-time SWC reception record of 155 catches. Renfro already has broken Levias' yardage-record of 2,275 with 2,463 markers on 141 receptions.

40,000 fans are expected for the battle, which will begin with the kickoff at 2 p.m. Saturday at Jones Stadium.

The West Texas State University Buffaloes have worked their way into a tie for the Missouri Valley Conference football lead with a 31-20 win over Indiana State last week. The pre-season favorite Buffs are now tied at 3-1 for the loop lead with New Mexico State and Wichita State.

The Buffs have only Tulsa and Southern Illinois on the conference slate, and a pair of wins would give WT the title. West Texas has rebounded from a dismal 0-4 start to win their last four games, and will take the week off Saturday before playing tough Colorado State at Kimbrough Stadium November 12.

Speaking of the MVC, the conference will hold its Basketball Tipoff this Sunday and Monday in Omaha, Nebraska. Players, coaches, and media from each of the nine conference cities will be on hand for the function which features two new wrinkles this year.

A free basketball clinic will be conducted at Creighton's Kiewit Center Sunday afternoon for boy and girl players of all ages, and a community luncheon will be

held Monday at which the featured speaker will be Pete Carlesimo, athletic director at Fordham University and a member of the National Invitation Tournament directors committee.

There will be what is expected to be an exciting flag football game at 4 p.m. Saturday at the YMCA flag football field at the Northwest Elementary School grounds.

The Steelers and Jets, tied for the AFL Division lead in the Y's boys' league with 6-0 marks each, will do battle for the divisional championship at that time.

The Steelers are coached by Bud Snyder, while the Jets are guided by Mike Dodson. The Steelers seem to have the edge in offensive punch, having scored 180 points this season as compared to 85 by the Jets. The defenses will line up virtually even, however, with the Jets having allowed just 29 points to six foes, and the Steelers just 31.

The game will be the last of eight games which will begin at 8 a.m. Saturday. So if you're looking for a lot of football action get up early Saturday and spend the day out there. Don't worry, they take a break for lunch at noon.

# Young Shoots Barbs At Opponent Norton

By ED SCHUYLER JR.  
AP Sports Writer

LAS VEGAS, Nev. (AP) - Jimmy Young, who is being paid \$1 million to meet Ken Norton in a scheduled 15-round fight, doesn't think the bout against the top-ranked heavyweight contender will be his toughest. That he says, was a six rounder against Jasper Evans for which he was paid \$150.

"He was on my case all the time," Young said of Evans, who he outpointed in 1972.

Young thinks-actually hopes-that Norton will try and be on "his case" all the way Saturday night at Caesar's Palace.

"If he can knock me out lookin' at me, he's gonna try," Young, a clever boxer ranked No. 2 among heavyweights, said Thursday. "He's gonna try to hurt me."

# Bengals, Browns Set For Showdown

By BRUCE LOWITT  
AP Sports Writer

Somehow it wasn't supposed to be quite this way-but by being this way, it's even better.

Before the National Football League season, the Cincinnati Bengals were being touted as the heirs-apparent to the Pittsburgh Steelers in the American Conference's Central Division. And the Cleveland Browns... well, despite their turnaround season of 1976, they were somewhat ignored. Just a fluke, the insiders said.

Now, halfway through the season, it's the Browns on top and the Bengals on the bottom-and both of them rushing toward a showdown Sunday in Cleveland.

"This is an awful big football game for both teams," said Cleveland Coach Forrest Gregg, whose team shocked the Bengals 13-3 in Cincinnati in the season opener. "We've played them once this season and we play 'em twice every year, so we know it's going to take an

outstanding effort to beat the Bengals."

In other NFL games Sunday, Green Bay will be at Kansas City, Buffalo at New England, Dallas at the New York Giants, Pittsburgh at Denver, Chicago at Houston, Miami at the New York Jets, New Orleans at Philadelphia, St. Louis at Minnesota, San Diego at Detroit, San Francisco at Atlanta, Seattle at Oakland and Tampa Bay at Los Angeles. Monday night's game is Washington at Baltimore.

The Browns are coming off perhaps their best game of the season, a 44-7 rout of Kansas City last Sunday. The day after the game, Chiefs Coach Paul Wiggin was fired.

Cincinnati, meanwhile, had another nail-biting game last Sunday, battling Houston into overtime before beating the Oilers 13-10.

Instrumental in the victory was Cincinnati's rookie full-back, Pete Johnson. He caught four passes for 42 yards-half the number of passes he caught in

his entire four years at run-oriented Ohio State. "I knew I could do it," he said. "I was really glad the coaches had enough confidence in me to throw me the ball. In the past, they always sent in Lenvil Elliott when they wanted to pass and the defense knew what was going on."

In Kansas City, Tom Bettis, formerly the Chiefs' defensive backfield coach, will get his first shot at directing the team which has managed only one victory in seven games this season.

Buffalo, also 1-6, heads into the second half of the season knowing it will have to be without injured running O.J. Simpson, the biggest cog in the Bills' offense.

Dallas, off to the best start in its 17-season history, tries to remain the NFL's only unbeaten team on the strength of league-leading passer Roger Staubach, completions on 115 of 191 passes for 1,397 yards, eight touchdowns and only one interception.

# Free Agent Classes Now Four With Moore

NEW YORK (AP) - There were three major classifications in today's free agent baseball draft-option playouts, six-year veterans and certain minor leaguers whose eligibility depended on contract assignment during the 1977 season.

And then, there was Junior Moore.

Moore, who batted .260 in his rookie season with the Atlanta Braves in 1977, was in a category by himself, just as available as all of the big name 'free agents even though he did

not fit into any of the three conventional lists.

That was because of a unique clause written into Moore's contract with the Braves that permitted him to leave at the end of the season.

When National League President Chub Feeney first saw Moore's contract and its special freedom clause, he rejected it. But subsequent arbitration upheld the pact and it was finally formally approved in August.

The agreement, negotiated by Moore's agent, Abdul Jalil of Superstar Management, was included in the third baseman's contract, giving him an escape route if he was dissatisfied with his playing time. Moore played in 111 games and went to bat 361 times.

After the season, he decided to exercise the unique contract clause and declare for free agency. He is by himself in a category labeled: "Agreement Between Player and Club."

Moore was unlikely to attract the kind of big-money offers waiting for some of the other free agents in today's auction. There were anticipated price tags of between \$1.5 and \$2 million for hitters like Rickie Zisk, Lyman Bostock and Larry Hise, and pitchers like Mike Torrez and Rich Gossage.

They were the blue-chip players available in the draft, but there were plenty of other familiar names in the free agent grab bag. The option playouts included Dave Kingman, Bruce Bochte, Willie Crawford, Rick Miller, Merv Rettenmund, Tom Burgeier, Mike Marshall,

# Let's Visit A U.S. Weather Station

A weather console is a panel with instruments to measure many things:

- wind direction, speed and gusts
- temperature
- air pressure (Usually, if pressure is high, the weather is good. If pressure is low, the weather is bad.)
- dew point (at what temperature the weather will become foggy)
- cloud heights

Radar screens can locate areas of snow and rainfall within 200 miles.

Mini Page Photos by Jackson Hill

Rain or snow fall in a bucket. A machine measures how much the rain weighs. This helps tell the amount of the snow or rainfall.

Several satellites high above the earth send pictures of clouds and temperatures back to receiving stations.

A weatherman studies different maps and draws a local forecast map.

A typist sends out weather information over a special wire. The news goes to newspapers, TV and radio stations.

## Weather Try in Mind

Words about weather are hidden in the block below. See if you can find: weather, air, climate, clouds, clear, cold, dew, forecast, front, heat, rain, rain, snow, sunshine, wind, spring, hail, clear, fog, pressure, humidity, frost, storm, temperature, map, overcast, summer, winter, and fall.

## Mini Page Quiz-a-roo

Read this week's Mini Page and fill in the blanks.

Page 1. Because of the \_\_\_\_\_ shortage, Columbus, Ohio had "School Without Schools" last winter.

Page 2. In Alaska, the winter of '77 was \_\_\_\_\_ than usual.

Page 3. Ken Anderson plays for the Cincinnati \_\_\_\_\_.

Page 4. It takes an AP artist \_\_\_\_\_ minutes to draw a weather map.

Next week: Read about an exciting teaching idea that's stepping into classrooms across the country. Also read about National Education Week.

## A Newspaper Weather Map

New York — Many newspaper maps are sent over the wires by the Associated Press wire service. The AP gets its information from a nearby National Weather Service office.

The Weather Service sends a map with tracings and markings made in pencil and ink. The AP artist puts the information on a map and adds weather symbols. It takes about 45 minutes to get the map ready to put on the wire. Some newspapers call their local weather bureaus for news about their area.

## Columbus, Ohio, Beats the Fuel Shortage School Without Schools

Some once-a-week classes met in a neighborhood tavern.

Photos courtesy the Columbus Dispatch.

Columbus, Ohio — This past winter, the schools in Columbus ran out of gas . . . but they kept right on going.

They ran out of natural gas to heat 150 of the 172 buildings. They shut down most of the buildings. But they didn't shut down the learning.

They kept right on going, using many ways to keep on teaching.

For three weeks in February, they had "School Without Schools."

One day a week, some of the kids met in one of the schools that did not heat with natural gas. They handed in their papers and picked up the next week's homework.

Other students met in other places. Hotels, homes, banks and businesses gave them space.

Teachers phoned pupils to give them homework.

TV and radio stations gave time so teachers could go on the air with lessons.

The Columbus Dispatch newspaper gave the schools pages for lessons and TV schedules.

Ohio law makers passed a special law saying that the kids didn't have to make up the time.

A lot of people warmed up to the whole idea. Parents became more interested in the children's school work.

But many of the kids were glad to go back to school when the buildings were finally opened.

Puzzle: Draw a line to the part in the story that is about these pictures.

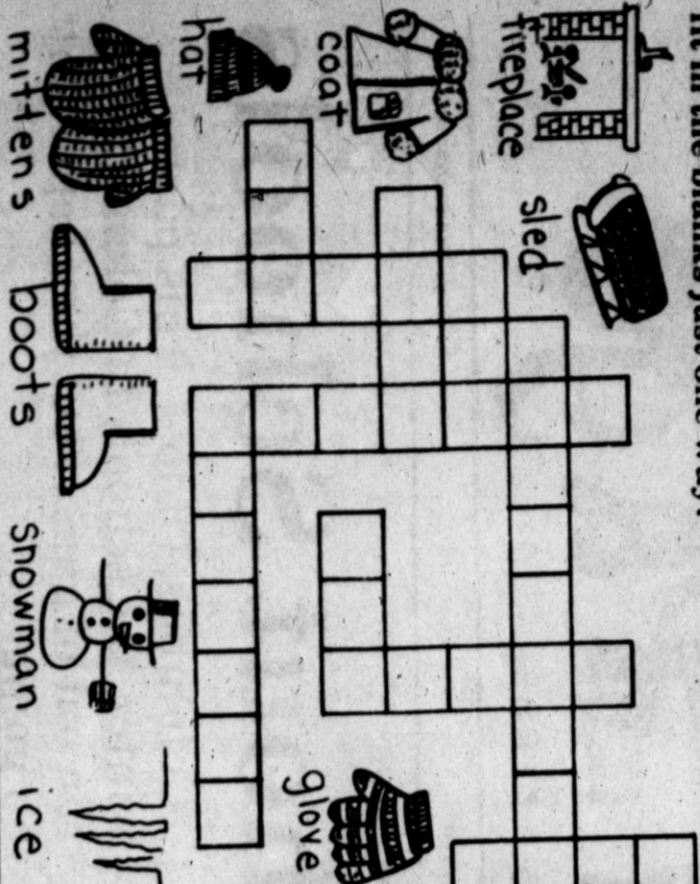

Since there were no classes and lots of snow, this father and son had time to share an igloo! Looks like fun!

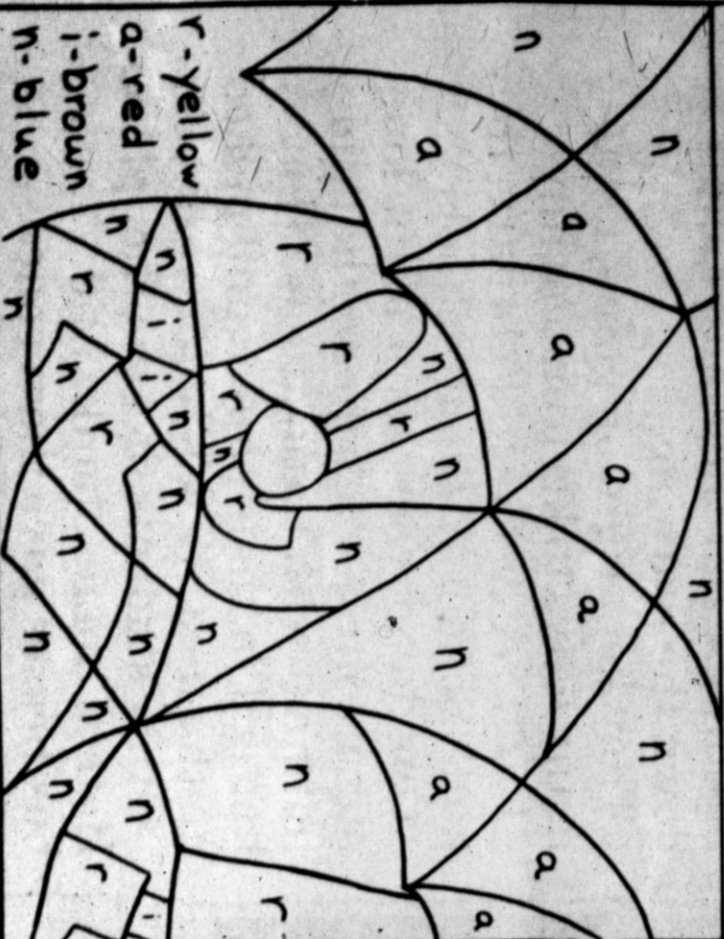

Students bundled up in coats and heavy sweaters on the last day before the schools were shut down for three weeks.

# Puzzle-1e-do

This puzzle is about winter weather. The words will fit in the blanks just one way.

## 1977! Wow! What a Winter!

Look at the snow in Adams, New York, on February 2, 1977.

Do you remember the big freeze of last year?

Cold air blew in from the Arctic. Many schools closed because of bad weather and lack of fuel. Some factories had to shut down. Frostbite was a problem.

January '77 was the coldest month on record in the Ohio Valley and many other places in the eastern U.S.

In Detroit, Michigan and Indianapolis, Indiana, it did not get above freezing for a whole month.

In Buffalo, New York, some snow fell for 43 days straight.

Many animals suffered. Tail feathers of some birds froze to the ground. Food was frozen in ice too thick to chip away. Deer walked around in belly deep snow.

But it wasn't all snow and freezing temperatures. In some parts of the west, the month of January was the driest on record.

And in Alaska, it was much warmer than usual. It was so warm that bears in the Anchorage Zoo would not hibernate.

What will the winter of '78 be like? Scientists don't agree. We'll all be winter weather watchers.

Come harvest your

## Super Sport: Ken Anderson

Cincinnati Bengal fans get a big kick out of watching star quarterback Ken Anderson play football.

Ken is ranked as the all-time leading passer in pro football.

In six seasons with the Bengals, he has completed nearly 60 per cent of his passes.

He has been picked to play in the Pro Bowl three straight years.

He does a lot of volunteer work to help his community.

In the off season, Ken works with a real estate firm in Northern Kentucky. He is also studying for a law degree at Chase College.

He is married and has one son. In his spare time he likes to play tennis.

## Caramel Apples

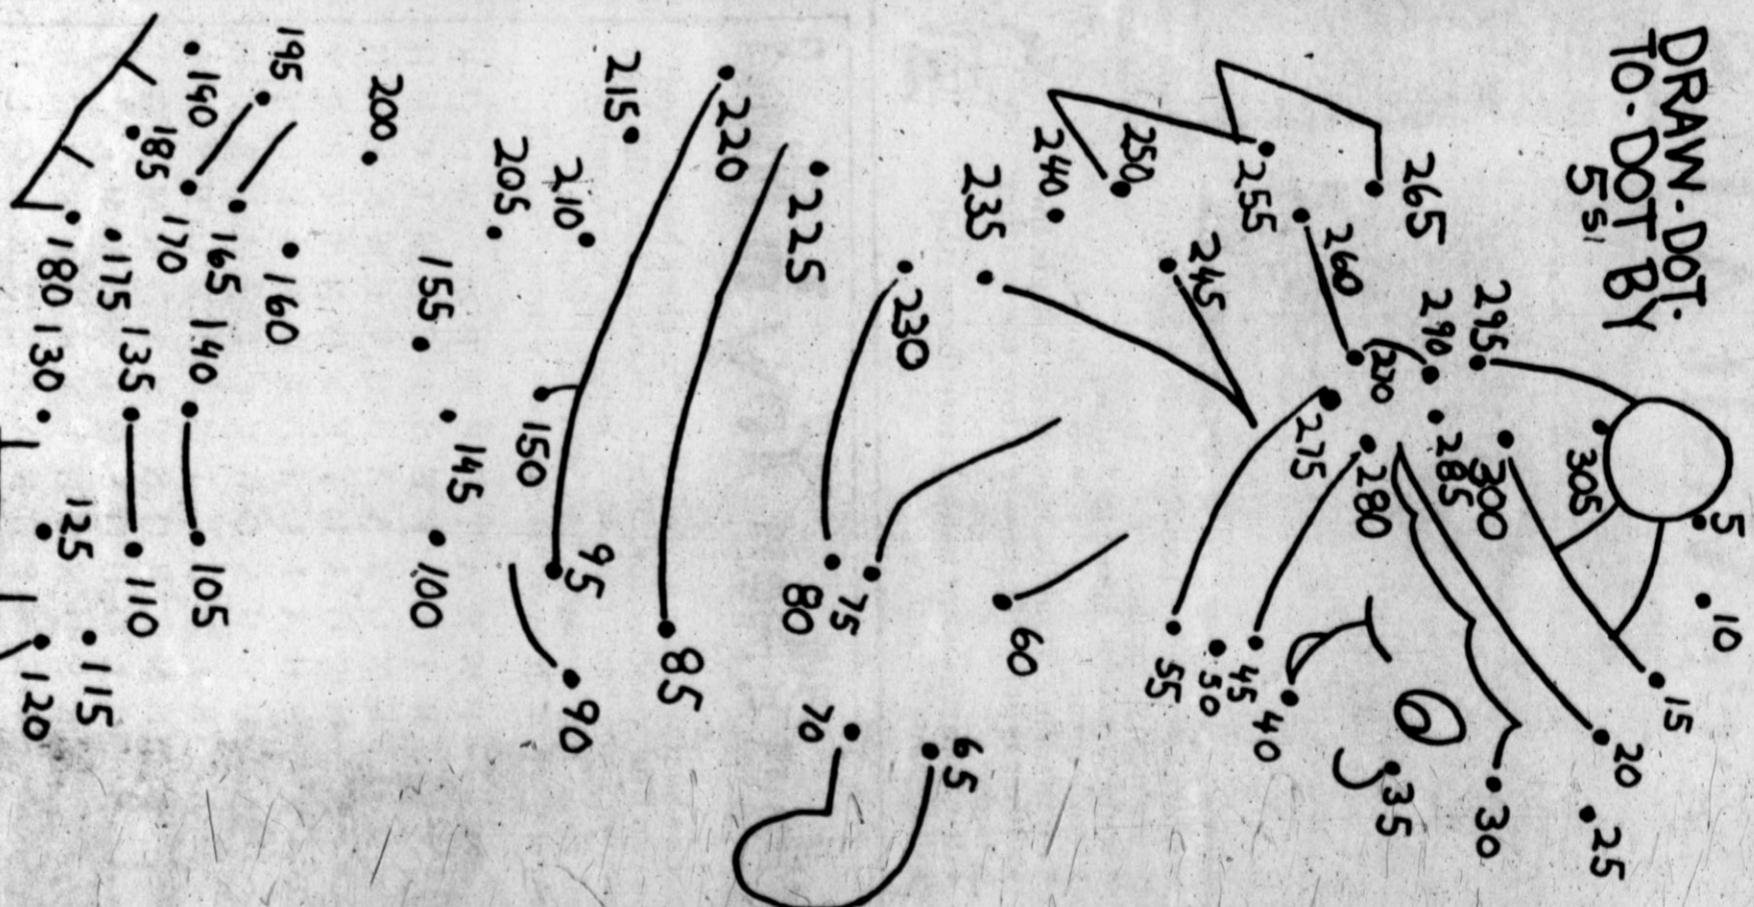

This is a good "Make-With-an-Adult" recipe that's fun to make in the classroom. What you'll need:

- 1 bag caramel kisses
- 3 tablespoons water
- 6 popsicle sticks
- 6 medium size apples.

1. Empty kisses into the top of a double boiler.
2. Add water to caramels. Melt over low heat. Stir to keep from sticking.
3. When melted, insert sticks in apples. Dip. Syrup. Place apples on wax paper to cool.
