Simplifying Matters

Jackie Finley, foreground, and Lee Carr, employees for the City of Hereford, put the finishing touches on the island for drive-up mailboxes on 4th Street across from the Post Office. Putting the boxes up Tuesday morning was the final stage, as mail-toting motorists began to use the island, which replaces the box on Fourth Street next to the Post Office. The old box forced drivers to slide across the front seat to deposit mail and was considered a traffic hazard. The new two-way mail boxes allow motorists to deposit their mail more easily and faster. HISD Names Committee, Sets Textbook Policies

By PAUL SIMS
Managing Editor

A 15-member panel to consider textbooks to be used next year in the Hereford Independent School District was appointed Tuesday by the district's board of trustees.

The board also approved a set of guidelines for citizens to follow in disputing a textbook. Superintendent Dr. Harrell Holder had recommended both the appointments and the guidelines to the board.

Any input, protest or intent to protest concerning a textbook must be presented to Holder, according to the guidelines, by Feb. 3, 1978. The textbooks approved Saturday by the State Board of Education and to be considered by the HISD should be in Hereford in 30 to 40 days, according to Holder.

The superintendent, after receiving the input or protest, may appoint a committee of school administrators and teaching personnel directly involved in the subject in question to meet with the individual.

If the problem is not settled, the individual questioning the textbook will be allowed a hearing before the 15-member textbook committee. If there is still a question following the meeting, the individual may be placed on the agenda of the March 14, 1978, school board meeting.

At that board meeting, trustees will approve or disapprove the recommendations of the textbook committee.

The textbook committee appointed Monday consists of Holder, chairman; Donita Newton, Spanish reading; Jane Blea, Spanish reading; Randy Farr, Texas history; Pat Montgomery, literature; Martha Tipps, English composition; Linda Atwell, English

composition; Bonnie Wuerlein, drama, English, Spanish; Tommy Rosson, biology; James Perkins, chemistry; Lois Laubhan, English, German; N.D. Kelso, free enterprise; Betty Oglesby, business, and Jeff Smart, driver education.

The textbooks to be adopted are as follows:

- Literature, grades 7 and 8.
- Texas history and geography, grade 7.
- English Composition I, II, III and IV.
- Drama, levels I and II.
- Biology, level I.
- Chemistry, level II.
- German, levels I and II.

- Spanish, level III and IV.
- Fundamentals of the Free Enterprise.
- Business Mathematics.
- General Business.
- Office Procedures.
- Driver Education and Traffic Safety.

The board Tuesday night accepted the resignation of Fred Upshaw, Hereford High's head football coach and athletic director. Upshaw resigned Tuesday to enter private business.

The board appointed a committee of nine to search for a replacement and screen applicants. Holder said he hopes the committee will make a recommendation by the board's next meeting.

Committee members include Holder, assistant superintendent Larry Wartes, principals Jerry Don George, Pat Hughes and Bill McCarley and board members David Pruitt, David Hutchins, Jim Arney and Mack Tubbs.

The board also accepted the resignations of Wallie Crawford at Stanton Junior High, Lenora Vickery of Tierra Blanca and Bob Ward of the high school. Rosa Marquez was hired as an aid for the Shirley Elementary special education program.

The board heard — and saw — a report on the special education program involving the trainable mentally retarded at Shirley. A videotaped program was presented, detailing objectives of the program, which has an enrollment of 17. (See SCHOOL BOARD, Page 2)

Escapee Captured Near Clovis

By JIM STEIERT
Brand Staff Writer

One of two escapees from the Deaf Smith County jail remained at large in the Clovis area today following a bizarre series of events which saw both escapees elude the efforts of area law enforcement officers for 24 hours.

Jerry Lee Persons, 24, of Bovina, was apprehended just outside of Clovis about 10 p.m. Tuesday following a high-speed chase by local deputies and DPS officers, who were assisted by Clovis lawmen.

His companion, Raymundo Estraca, 27, also from Bovina, leaped from the vehicle and eluded officers as they closed in. He remains at large in the Clovis area today.

Both Persons and Estraca were being held in the Deaf Smith County jail for Parmer County officials in lieu of \$100,000 bond each on charges of rape and robbery by assault in connection with an attack on a Parmer County couple and their grandson on June 13.

According to County Sheriff Travis McPherson, the escape was a "freak occurrence."

"We were transporting nine prisoners to the state pen that day. Both the escapees were in the cell block area where we had been keeping a number of prisoners. We placed both of them in a detaining area while we were cleaning the cell blocks. Persons and Estraca apparently discovered a storage closet and got in there. They went on through another one and got out," said McPherson.

The escape came at about 10 p.m. Monday and was discovered within minutes.

McPherson reported that deputies immediately launched a search of the local area, but Estraca and Persons eluded them by hiding in a washhouse until Tuesday night.

"The suspects spent Monday night and most of the day Tuesday in the wash house before coming out and stealing a car and some clothes last night in Hereford," McPherson explained.

A subsequent stolen car report and an additional report that the suspects were seen in Bovina helped officers close in on the escapees.

(See ESCAPEES, Page 2)

Ag Seminar Thursday

The second annual golden spread Agri-Business Seminar sponsored by the Amarillo Chamber of Commerce will begin with registration at 8:30 a.m. Thursday, Nov. 17, at the Villa Inn in Amarillo.

The seminar will feature five agri-business specialists from throughout the United States. Each will give a short presentation followed by a question and answer session.

Special guest speaker is P.R. "Bobby" Smith, an advisor to United States President Jimmy Carter. He is Acting Assistant Deputy Secretary of Agriculture and is presently serving on that department's agriculture and energy policy group.

Reagan V. Brown, Texas Department of Agriculture commissioner, will also speak. Other speakers include Harold Breimyer, Agri-Business Economics Author, William C. Helming, president of Beef-Grain-Call which is a market and management service for all phases of livestock production, and Bennett L. Hausti, Agricultural Specialist, in the Commercial Loan Division of the First National Bank of Chicago.

The seminar will conclude about 5 p.m. Thursday. Registration fee will be \$12.50 and will include lunch.

Strike Gaining Acceptance

By MARGY MCCAY
Associated Press Writer

A call to unite and strike has gone out to the traditionally independent American farmer — and there is evidence he is listening.

The appeal comes from American Agriculture, a group of disgruntled farmers in Colorado who say they are tired of selling their milk, wheat and corn for less than it costs to produce.

"We're working for one common goal — 100 percent of parity for all products that we produce," said Dale Schroder, a spokesman for the fledgling group.

"We ask for no subsidies; we're willing to take our chance with the elements. But we want a contract from the government as to how much any individual farmer is expected to produce," he said.

The movement to unite farmers appears to be spreading. Farmers in Washington, Nebraska, Kansas, Texas and Georgia have staged marches and "tractorcades" to call attention to their plight.

"We're getting really strong in about 30 states," said Schroder. "And I think we'll have a really good turnout on this thing. I feel we're going to come out of this with support like you wouldn't believe."

American Agriculture has named Dec. 14 as strike day. Farmers have been asked to withhold all produce from the market and to boycott all but essential goods after that date.

"We're not going to buy a damned thing," Schroder said. "We consume 40 percent of the steel made in the United States. If it goes to the 14th, this being going to shake this nation to the core."

Parity, the issue on which the strikers have focused, is a term to describe a "fair" price for farm products in relation to the farmer's cost of living. Farm prices in mid-October were just under 65 percent of parity for most products.

"We want a reasonable profit," said Tommy Carter of Alma, Ga. "How many common workers and laborers would be willing to get 64 percent of the salary they

should be receiving? Well, that's what we get for our crops."

Georgia is a stronghold for strike supporters. Larry Lee, spokesman for the National Pork Producers Council and a former Georgian, said everything bad that can happen in farming happened in Georgia this year.

"From drought to army worms to aflatoxin a fungus which attacks corn and soybeans — all but about 30 counties have been declared disaster areas," said Lee.

Few observers give the strike much chance of success.

Lee said the most that farmers can do is call attention to their problems.

"I personally think that they will focus a lot of attention on the situation — and that's all they can hope to do. To excite the consumer is all for naught. They need to convince the Congressional people."

"What possible impact could it have on a market that has 3 billion bushels of wheat and two 6-billion-bushel corn crops back-to-back?" asked Tony Dechant, president of the National Farmers Union.

White Announces Tentative 10% Grain Sorghum, Corn Set-Aside

Acting Agriculture Secretary John White announced a 10 percent set-aside in corn, grain sorghum and barley acreages Tuesday.

The set-aside, which could reduce U.S. production by an estimated seven million tons, or three percent of the U.S. output, is still subject to a final review in the last week of January, 1978.

According to White, the set-aside would account for one percent of world production.

Howard Hjort, director of the U.S. Department of Agriculture Economics indicated that the reduction figures are based on a set-aside participation of 25-35 percent.

Phone surveys conducted by the department indicated maximum participation of 50-55 percent and a minimum participation of 10-15 percent.

The set-aside announcement came as somewhat of a surprise after Ag Secretary Bob Bergland indicated earlier that a set-aside was unlikely, in light of grain sales to Russia.

Area farmers, for the most part,

avored a set-aside of feed grains, although the figure announced by White may fall short of their expectations.

Commenting on the proposed corn and grain sorghum set-aside, White stated, "If corn prices near the end of the year are in a \$2.40 to \$2.50 per bushel range, I think many farmers will take their chances and not take part. But there will be greater participation if prices stay around the loan rate of \$2 per bushel."

According to Reuters News Service, White also announced national program acres of 67.6 million for corn, 13.7 million for grain sorghum and 7.4 million for barley.

Reuters indicated that derivation of the national program acres was based on projected domestic and export use, less imports, divided by the national program yields and adjusted for desirable carryover stocks.

"There will be no land diversion payments, no limitation on planted acreage and oats will not be included in the feed grain program," said White.

As is the case with wheat set-aside,

White pointed out that the USDA is proposing that acreage designated as set-aside under the 1978 feed grain program must be in an approved vegetative cover crop such as annual or perennial grasses and legumes, or small grain, which is not allowed to mature.

According to Hjort, "Sorghum and barley target prices will be based on the same formula used for wheat and cotton, but will not be finalized for a year."

Presently, target prices would be \$3.96 per cwt. for sorghum and \$2.26 per bushel for barley.

"Before complying with a ten percent set-aside, producers who voluntarily reduce their corn and grain sorghum

(See SET-ASIDE, Page 2)

Top Realtor To Be Named

The "Realtor of the Year" award will be presented and one of the country's top motivational speakers will be featured when the Hereford Board of Realtors holds its annual Installation Banquet Thursday at 7:30 p.m. at Hereford Country Club.

Dan Baker of San Antonio, widely acclaimed as an after-dinner speaker and sales seminar leader, is the guest speaker. He will also conduct a two-hour sales seminar beginning at 1:30 p.m. Thursday in the HSB community room.

Don Tardy, Realtor board president, announced that both the banquet and seminar will be open to interested citizens. Tickets for the banquet are priced at \$7.50 each. There is a \$5

registration fee for the seminar. Realtors will be admitted free to the seminar. Betty Gilbert and Marie Griffin are in charge of ticket sales.

New officers to be installed Thursday night include Mark Andrews, president; James Self, vice president; Nancy Moore, secretary-treasurer; Lynn Jones, director, and Gene Campbell, re-elected as multi-listing chairman.

Baker travels extensively throughout the country speaking for conventions and also does a broad range of speaking and teaching in the management and sales seminar fields. He served seven years in the Methodist ministry and, since leaving the ministry, has become recognized as a top professional speaker and author.

Smokeout To Begin On Thursday

Hereford area smokers have less than 24 hours before they kick off their part in the Great American Smokeout, a nationwide effort sponsored by the American Cancer Society. Smokers across the nation will do good on their pledges to quit smoking for one 24-hour period beginning at noon Thursday.

"Our aim is to show the smoker that they can quit if they want to," Bob Nigh, local coordinator of the event said. "If we show them that they can quit for one day they might see that they can make it forever without a cigarette."

Nigh, ACS Public Information director for Deaf Smith and Oldham Counties, reported that about 30 persons signed up for the smokeout at Sugarland Mall last Saturday, and that reaction to the sign-up was slow at both local banks Tuesday.

update wednesday

Attorneys To Give Davis Case to Jury

AMARILLO, Tex. (AP) — Attorneys matched style, wits and arguments today preparing to surrender to the jury the fate of millionaire murder defendant Callen Davis.

Nine men and three women from the gentle high plains of the Texas Panhandle are to decide if the Fort Worth industrialist killed his 12-year-old stepdaughter Andrea Wilburn.

Two persons died and two were wounded in the August 1976 shooting spree at the defendant's mansion and now, 15 months later, the case is at the fingertips of a jury.

The panel was expected to get the case after day-long closing arguments between a crack prosecutorial team and a million-dollar defense team headed by Houston attorney Richard "Racoon" Hayes.

The state was to open and close the arguments with the defense sandwiching three and a half hours of persuasiveness in between.

100 Demonstrators Injured over Shah

WASHINGTON (AP) — With almost a hundred demonstrators already injured, police mobilized for a second day of raucous street protests by supporters and opponents of the Shah of Iran as he wound up his violence-scarred state visit. Demonstrations were planned at more

than a dozen widely scattered sites around the city.

After a final round of talks with President Carter at the White House today, the Shah was scheduled to attend an Embassy Row luncheon hosted by Vice President Walter F. Mondale and a later meeting on Capitol Hill with the House International Relations Committee.

Thousands of slogan-carrying, placard-carrying demonstrators from both sides were expected to await the Shah as he traveled to his appointments. He and his wife, the Empress Farah, are due to leave tonight from Andrews Air Force Base outside Washington for a trip to Paris.

Thousands of slogan-carrying, placard-carrying demonstrators from both sides were expected to await the Shah as he traveled to his appointments. He and his wife, the Empress Farah, are due to leave tonight from Andrews Air Force Base outside Washington for a trip to Paris.

Against Brush Blaze Firefighters Plot

LOS ANGELES (AP) — Moist sea breezes replaced hot, dry desert winds early today as firefighters plotted tactics to beat a raging brush fire steamed in a canyon only three miles from expensive beachfront homes.

A spokesman for the Los Angeles County Fire Department said that the firefighters would "throw everything we have at it" today.

More than 300 firemen used hand tools Tuesday night to hack a 20-mile fire line out of the dense, tinder-dry brush in the rugged Santa Monica Mountains just 30 miles west of downtown Los Angeles.

But county fire Inspector Dennis Miller cautioned: "The fire's still out of control. There is no estimate of containment."

The blaze — the second major fire in two days in the same drought-parched hills — began at mid-day Tuesday when searing winds from the desert fanned a smoldering fire in an illegal dump. Fire officials said. The blowing sparks ignited brush around the dump.

Mailer 'Surprised' Over Fighter Suit

CORPUS CHRISTI, Tex. (AP) — Novelist Norman Mailer testified Tuesday he was surprised that prize fighter Elmo Henderson filed a suit against him because "it never occurred to me that he was sensitive to his reputation because of the way he acted in Kinshasa."

Mailer testified in the \$1 million federal suit filed by Henderson against him and Playboy Magazine. He said Henderson acted strangely during preparations for the 1974 world championship fight in Zaire between Muhammad Ali and George Foreman.

Henderson, 42, was then a sparring partner for Foreman. He sued Playboy and Mailer because Mailer, in a story on the fight, said in the May 1975 issue of the magazine that Henderson had been in the Nevada State Hospital for the mentally insane. Playboy issued a retraction in the October 1975 issue and apologized to Henderson.

Weather

West Texas—Mostly clear through Thursday with mid afternoons and cool at night. High mid 60s north to lower 80s south. Low: lower 30s north and mountains to upper 40s south.

Correction

Anyone may receive services from the health clinic at the San Jose Labor Camp.

A quote attributed to Jim Clayton of Plainview, a spokesman for the South Plains Health Provider Organization, Inc., in Tuesday's Brand read:

"Originally, we were only able to serve migrant and seasonal farmworkers. Not anyone may receive services."

"Now anyone may receive services." The Brand regrets the typographical error.

STATE CAPITAL Highlights AND Sidelights

By Lynell Williams

AUSTIN—Texas voters have patched up the century-old state constitution five more times, but they balked at amendments to allow electronic banking and permit formation of assessment-leaving agricultural associations.

These amendments were approved in a tight turnout (about 12 per cent) November 8:

- Enlargement of the Court of Criminal Appeals.
- Addition of \$200 million in bonds to the veterans land program and allowing widows of servicemen who died in line of duty to participate in the long-term, low-interest land loans.
- Authorizing judges to deny bail to repeat offenders.
- Permissible tax relief for historic and cultural property.
- Strengthening and renaming the Judicial Qualifications (Conduct) Commission.

Voters rejected amendment six which would have authorized the legislature to let banks use electronic terminals at shopping centers and other locations for payments, fund transfers and money withdrawals.

Opponents claimed the amendment would open the door to branch banking and eliminate the cancelled check as proof of payment. Bankers, who championed the proposal, said it failed because of the tight turnout and because voters were confused about it. Some small and independent bankers opposed the amendment too.

Also going down the drain was amendment five to authorize formation of associations of agricultural and marine commodities producers with power to levy mandatory assessments for product promotion. The proposal was little understood, and some feared it may lead to high food costs.

Money Records Set

New revenue and expenditure records for state government were set in fiscal 1977, according to Comptroller Bob Bullock's annual report.

Nine billion dollars in revenues (and a starting cash balance) supported expenditures of \$7 billion, leaving a net cash balance of \$1.98 billion August 31.

"This favorable position was made possible by record revenues from all major sources, including \$4.42 billion in tax collections, \$1.85 billion in federal funds, \$172 million in licenses and fees, \$279 million in investments of state funds, and \$341 million in income from state-owned land," said Bullock.

Foundation school program grants accounted for 24.9 per cent of spending; salaries and wages of employees 25.4 per cent; assistance and medical care for the needy 12.8 per cent; other education 8.4 per cent and capital outlays for highways 5.7 per cent.

Appointments Announced

Gov. Dolph Briscoe named Charles H. Schmidt of Amarillo and appointed Dew S. Osborne of Houston to the board of regents of West Texas State University.

At the same time he reappointed Dr. J. K. Davis Armstrong of Lubbock, Robert L. Grainger of Houston and James A. Elkins Jr. of Houston to the University of Houston board of regents.

He appointed Supreme Court Chief Justice Joe Greenhill, District Judge Herman Jones of Austin and C. Raymond Judice, executive director of the Texas Judicial Council, to the Criminal Justice Advisory Board.

Courts Speak

A Narcotics County double murder conviction was reversed by the Court of Criminal Appeals because no separate hearing was held on the sanity of the handicapped slayer.

The Supreme Court held a lawyer cannot be disbarred solely for failure to file an income tax return.

The high court affirmed an intermediate court decision favoring district school trustees' effort to annex large independent school district over objections of Giddings school authorities.

A suit by 11 bridge companies claiming the state owed them \$400,000 in extra cost for repainting bridges in 10 counties was turned down by the Supreme Court.

Retrial of a \$1 million products liability decision against General Motors was ordered by the Supreme Court in a Houston case.

AG Opinions

A county may not reject a bonded debtor because the debtor is not a local merchant or businessman, Atty. Gen. John Hill concluded in a new opinion.

In other recent opinions, Hill determined:

— Harris County Hospital District has authority to construct and maintain a hospital chapel to be constructed with state and federal constitutional provisions on separation of church and state.

— If a clinic foundation and clinic association operate as purely public charities, property belonging to the foundation which is so operated would be exempt from taxation notwithstanding the lease of the property to the association.

A county may not combine justice precincts so that there are only two precincts in the county.

Short Snorts

The Governor's Committee on Aging awarded 30 grants totaling \$7.7 million in federal funds to support social service programs and nutrition projects for older citizens.

More than 8,000 attended a festive campaign kickoff rally for Gov. Dolph Briscoe in Dallas.

Texas slipped from third to fourth place in the national travel market in spite of a 14 per cent increase (to \$6.1 billion) in income from travellers last year. New York moved to third behind California and Florida.

Income from cigarette smoking to the State Treasury increased \$2.1 million last month—to \$24.5 million as compared with \$22.4 million in October 1976.

Former Gov. Preston Smith, a candidate for governor, called on Gov. Dolph Briscoe and Atty. Gen. John Hill to join him in filing complete financial disclosure statements and income tax returns.

Houston Attorney James A. Baker III, who headed the President Ford campaign in 1976, told an Austin audience he has encouragement of top level Republicans to run for Texas attorney general.

FOOTBALL ANYONE?

CHICAGO (AP) — Football-like games date back over 2,000 years, according to Encyclopedia Britannica.

In the Middle Ages, it says, whole towns in Europe "turned out to play each other in rough and dangerous contests with more than a hundred participants on each side and the goals perhaps half a mile apart."

JUST A DROP IN THE BUCKET

AMERICA'S waterworks are producing water at the rate of 150 gallons per day for every man, woman and child — but not many are drinking it, according to Water Quality Association. Of all the water used in the home, only one-half of one per cent is used for drinking, the Association says.

from page 1

Smokeout

"We will again be at the banks today," Nigh said. "And, we are also getting some help at the Hereford Credit Union. I'd like to thank the banks for letting us use their lobbies these two days and also the Leo Club at Hereford High School for their volunteer work at the mall last weekend as well as the credit union for their help."

The ACS volunteers have stickers, brochures, posters, and other literature about the harmful effects of smoking available at their sign up points in the banks.

"This is a program designed just for the smoker who really wants to quit," Nigh said. "That's the secret to quitting anyway. If a person doesn't really want to

quit, he won't follow through on the smokeout."

Persons who sign up for the smokeout will be notified sometime in early 1978 about the availability of stop smoking programs which will be provided free of charge to those smokers who want to kick the habit.

from page 1

Escapes

DPS and sheriff's officers began pursuing the suspects near the Farwell community and forced their car off Highway 60 about a mile outside of Clovis.

"Estraca leaped from the car and managed to get away, but Persons was arrested without resistance," said McPherson. "The search for Estraca is continuing in the Clovis area today," he

added. Estraca, a Mexican-American, was described as about five feet, four inches tall, 140 pounds, with brown hair and eyes. Deputies reported he has tattoos on both arms.

The pair was being held in connection with an attack on a Farmer County farm couple and their grandson.

In that June 13 incident, intruders

entered the farm home of the couple about 1 a.m., raped the 65-year-old grandmother, assaulted her husband and deaf grandson, and left, taking with them about \$360 in cash, two shotguns, two .22 rifles and ammunition.

Estraca was charged in connection with the incident on July 6, and Farmer County deputies later apprehended Persons and filed charges.

from page 1

School Board

HISD have not been received.

HISD tax assessor-collector Fred Fox reported that preliminary figures on October tax collections totalled \$1,773,556 including delinquents. The total for the new fiscal year (two months old) is \$1,832,420 — approximately 6 percent of the total tax roll.

"We're about four percent ahead of last year," Fox said. "It's probably due to a little more effectiveness in the computer and the fact we're getting the mail out early. And the tax statements have the discounts printed on them for early returns."

Ronnie Woods of the Hereford Classroom Teachers Association reported that the CTA is selected delegates to attend the state convention in February at Fort Worth.

The board approved the payment of \$350 in dues to renew its membership in the National School Board Association.

In other business, the trustees

agreed to raise the salary of Phil Sciombato, juvenile probation officer, \$607, giving him a total salary of \$13,214, paid by the city, county and school district.

agreed to participate with A. L. Greenway in the closing of the Heibach Street between Miller and Ave. G.

decided to study the possibility of entering a trust fund with school districts throughout the state for fighting unemployment compensation claims.

accepted a bid of \$6,545 (including trade) from Jones Motors for the purchase of a 1977 Plymouth Voyager van.

rejected a minor policy change in the school policy manual.

heard the superintendent's report concerning Hereford's attempt to comply with U. S. Department of Health, Education and Welfare language standards.

Set Aside

acreage by five percent or barley acreage planted for harvest by 20 percent in 1978 from that planned in 1977 are guaranteed target price protection on the normal production from their entire acreage and qualify for loan programs on all they produce," White said.

White added that "the set-aside

decision will give the USDA the opportunity early next year to review the world and domestic situation again and revoke the set-aside if conditions change substantially."

The USDA spokesman also confirmed that a 17-19 million-ton feed grain reserve in the U.S. will be "captured" before the

1978-79 season in order to "remove excess grain from the market and insure our ability to remain a regular supplier of other nations and to protect consumers."

According to White, world coarse grain production exceeds consumption by eight million tons and stocks at the beginning of 1978-79 will be nearly 80 million tons.

Give 'Independence' To Elderly People

COLLEGE STATION — "Gift" the elderly this Christmas with a touch of independence, suggests Sue Young, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

For those who "have everything," give to enhance the aging person's living independently longer, and

perhaps prevent a serious accident.

Very little money is required for:

- a night light for bedroom.
- path or hallway.
- luminous cover plates on wall switches.
- a bedside table.
- a table or floor lamp (older people need more light; also, they should not depend on ceiling fixtures, which require

bulb-changing, which is, in turn, dangerous for older persons.)

Other ways to give — a little money, and a little time:

- install an outside lamp to light walkway, or handrails on steps and porches.
- apply abrasive strips on stairways and bathstubs.
- provide bedside telephone outlet.
- paint a room a light color

(light warm color helps illuminate; warm color gives feeling of homelike warmth).

- install a horizontal grab bar on the wall over bathtub.
- install an emergency push button or signal device in the bathroom.

To conserve water, wait until there is a full load before washing laundry, or use a lower water-level setting.

Sherman Lauds WTSU Advantages

Max Sherman, newly-chosen president of West Texas State University, told Hereford Rotarians Monday of the advantages of an education at WTSU despite the disadvantages of the school's location.

"We're not tooting our own horn enough. Here's an example: George O'Keefe, the world-famous artist who's 90 today taught art at West Texas State. Her roots come back here, and there are many, many people like that."

Voter Cards Mailed Out

Mailing of the new gold-colored post-card-sized voter registration certificates began Tuesday, according to Nell Miller, county tax assessor-collector.

The certificates will be used after March, 1978, through February, 1980. Ms. Miller advises those receiving the certificates to check address, name spelling and other items to determine if there are errors on the cards.

If there are no errors, voters must use the cards to vote after March, 1978.

Soviets Purchase Much US Corn

WASHINGTON (AP) — The Soviet Union has bought 601,600 metric tons of U.S. corn, the second largest reported grain sale to the Soviets within 24 hours, the Agriculture Department said Tuesday.

Officials said the corn was sold by private U.S. exporters for delivery by next Sept. 30, the end of the second year of a long-term agreement in which the Soviets are committed to annually buy a minimum of six million tons of wheat and corn combined.

The department announced Monday the sale of 100,000 tons of wheat to the Soviets, the first officially confirmed purchase of U.S. grain since a previous round of sales ended Sept. 19.

Counting today's corn purchase, the Soviets now have bought more than three million tons of grain for delivery in 1977-78, half of the minimum called for in the pact. The Soviet Union bought the minimum amount in the first year of the agreement which ended Sept. 30.

The United States has given the Soviets permission to buy up to 15 million tons of wheat and corn in 1977-78, and department officials say the full amount probably will be bought.

A metric ton is 2,205 pounds and is equal to 36.7 bushels of wheat or 39.4 bushels of corn.

Soviet grain purchases are expected to be much larger this year to help offset a reduced harvest, estimated at 194 million tons or 10 percent less than U.S. officials had forecast. As is customary, the department did not identify the firms making the corn sale nor the prices involved.

Huge harvests of wheat and corn have built the U.S. grain stockpile to its highest level since the early 1960s. The export sales are welcome news to farmers, who have seen grain prices tumble last year because of

PHANTOM GENERATOR

NEW YORK (AP) — A \$125-million generating plant may never be built because customers of General Public Utilities Corp. in New Jersey and Pennsylvania have changed their schedules for using electricity.

The company's 1.5 million customers have shifted 300,000 kilowatt-hours of electricity away from the peak daytime hours of use, says company chairman William B. Kuhns. This amount is the capacity of a medium-sized, coal-fired generating station, Kuhns notes. While some of this reduction in peak demand for electricity is the result of conservation, energy management by its customers is the major factor, he explains.

"Moving the use of electricity to off-peak night hours," says Kuhns, "reduces the need to build new generating plants to meet growing demand for energy during the day. This, coupled with the fact that electricity is less costly to generate in the large 'base load' plants operating at night, will lessen the need for future rate increase."

Sherman listed other examples the Rotarians during their weekly noon meeting at K-Bob's Steak House.

The president, who resigned from the state Senate to accept the collegiate post, lauded the music department, the agricultural programs and athletics at the school.

Sherman said other colleges in the area hurt WTSU in regard to enrollment.

"I think it was bad for West Texas when they built the University of Texas in the Permian Basin. West Texas just does not have that many students to spread between different colleges."

"We're not competitive. We just need to provide equal opportunities to young people to provide their needs. If we're not NO. 1, we ask students to consider adopting us as their No. 2 school."

Sherman said that the advantages of WTSU "is one of the best-kept secrets in the area."

"We need to be sure we provide the highest quality of education we can. We're still a school of the size where students can know the professor. You're not just a number here."

Ada Reports More Earnings During Period

HOUSTON (November 9) — Ada Resources, Inc. (OTC-ADAR) reported a 49 percent increase in its net earnings for the six months ended Sept. 30, 1977, compared to the same period of 1976.

Net earnings for the first six months period were \$1,488,000, or \$28 per common share, compared to \$998,000, or \$19 per common share, for the first half of the prior year. Revenues for the first six months of the current year were \$54,861,000 compared with \$55,970,000 through Sept. 30, 1976. The company reported that the increase in net earnings primarily results from a decrease in the company's effective tax rate from 45 percent to 20 percent. The lower tax rate is due to investment tax credits relating to coal equipment additions and to capital gains benefits on sales of certain assets during the first quarter of this year.

Spencer M. Murchison, President, stated that the Company's coal, feedyards and transportation divisions have contributed to increased operating earnings this year. The approximate two percent decline in revenues this year principally results from the company's sale in June 1977 of the smaller of its two feedyards.

Scouts Complete Seminar

Members of Hereford Boy Scout Troop 52, sponsored by the First Methodist Church recently completed an atomic energy merit badge seminar in Amarillo.

Seminar Participants

These members of Scout Troop 52 took part in a recent atomic energy merit badge seminar in Amarillo. Pictured front row, from left are Craig McCustian, Michael Foster, Craig Hammon and Jerry Van. At rear are Keith Lyles, Brent Boyd, Scott DeBoer and Mark Campbell.

Testimony Ensues In Bus Trial

AUSTIN, Tex. (AP) - John Roberts testified that he looked in his rear view mirror and saw the lights of the other bus about 100 yards behind the bus he drove - an instant later the lights were gone.

Xylitol Criticized

STONYBROOK, N.Y. (AP) - Researchers here said Tuesday they had been notified by the U.S. Public Health Service that preliminary reports showed a chewing gum sweetener called Xylitol caused tumors in laboratory animals.

It's Music City USA

NASHVILLE, Tenn. (AP) - It takes all of Page 400 in the yellow pages of the Nashville telephone book to list the music publishers.

But you'll find a dedication to profession matched by few others. Find a couple of musicians engaged in idle chatter or relaxing over beers and the topic usually is music - not football or television or politics.

The pulse of the Nashville music industry is Music Row - an explosion of guitars, denim and dreams. It's roughly a four-square block area near downtown that's made millions of a few and nobodies of many.

Recording artists, unlike those in most other professions, must endure the twisting tides of success. A journeyman plumber doesn't have to worry about his skills deserting him.

Man Bites Dog, Gets Sentence

SAN ANTONIO, Tex. (AP) - A man has been jailed here for biting a dog, police said Tuesday.

It's easy to get to Nashville because the city is penetrated on all sides by superhighways. Interstate 65 runs north-south, I-40 goes east-west and I-24 runs northwest-southeast.

GROUP RATES. Not connected With Other Tours. There's gold in these here hills.

O'Hair Rejected In Spite of Threat

AUSTIN, Tex. (AP) - Atheist Madalyn Murray O'Hair got a quick turnaround today from the governor's office in her attempt to ban all religious activities at Christmas time this year in the state capitol.

The Christmas Tree and the celebration in the rotunda has been a tradition for many years and will be there this year, said Dickie Travis, administrative assistant to Briscoe.

CowBelle Projects Planned Yesterday

Plans for a beef casserole sale, scheduled Saturday, Nov. 19 at Sugarland Mall, were discussed by members of Hereford CowBelles Tuesday during their monthly meeting at Cason Steak House.

Millie Barrett, sale chairman, reminded her fellow CowBelles to bring their casseroles to the Mall Saturday morning. Daleine Springer was appointed to advertise the casserole sale.

Sunny Lemons, local chapter president, called the group to order after the meal and asked for the reading of the minutes, which were duly approved. Mrs. Lemons reported on items which were considered during the Texas CowBelles and Cattle Feeders Association recently during their convention in San Antonio. Attending the convention from Hereford CowBelles were Mrs. Lemons, Freda Cordray and Ruth Newsom.

Mrs. Cordray stated that plans for a Texas Beef Cook-Off and a scholarship program were discussed during the state CowBelle assembly. Also, Mrs. Cordray, who is a member of the state legislative committee, announced that there is a need for a lobbyist in Washington who would protect and support the interests of the cattle industry.

In other business, Virginia Yandell issued a reminder that Farm-City Week is underway here this week. Also, it was announced by Kay Hall that the CowBelle's annual Christmas coffee is slated from 9:30-11:30 a.m. Dec. 13 in the home of Millie Barrett.

Marn Tyler and Ken McLean have donated beef for residents of Girlstown, it was announced.

Sara Lawson delivered the monthly treasurer's report.

Joan Coupe, program chairman introduced Bill R. Mahaffey, senior marketing representative for Delta Airlines, who discussed "Changing Your Attitudes" about travel. He received the traditional CowBelle Kiss from Mrs. Lemons and Mrs. Tyler.

The travel theme was also conveyed in decorations prepared by the hostesses, Nance Perrin, Joan Coupe and Kay Hall.

In addition to the speaker, guests included Jolene Bledsoe and Patricia Hardy. Door prizes were awarded to Jan Bradford, Betty Carrothers and Nance Perrin.

Junior High Dance Set Saturday

A disco dance is planned from 8 p.m. - 12 midnight Saturday for junior high students at the Community Center.

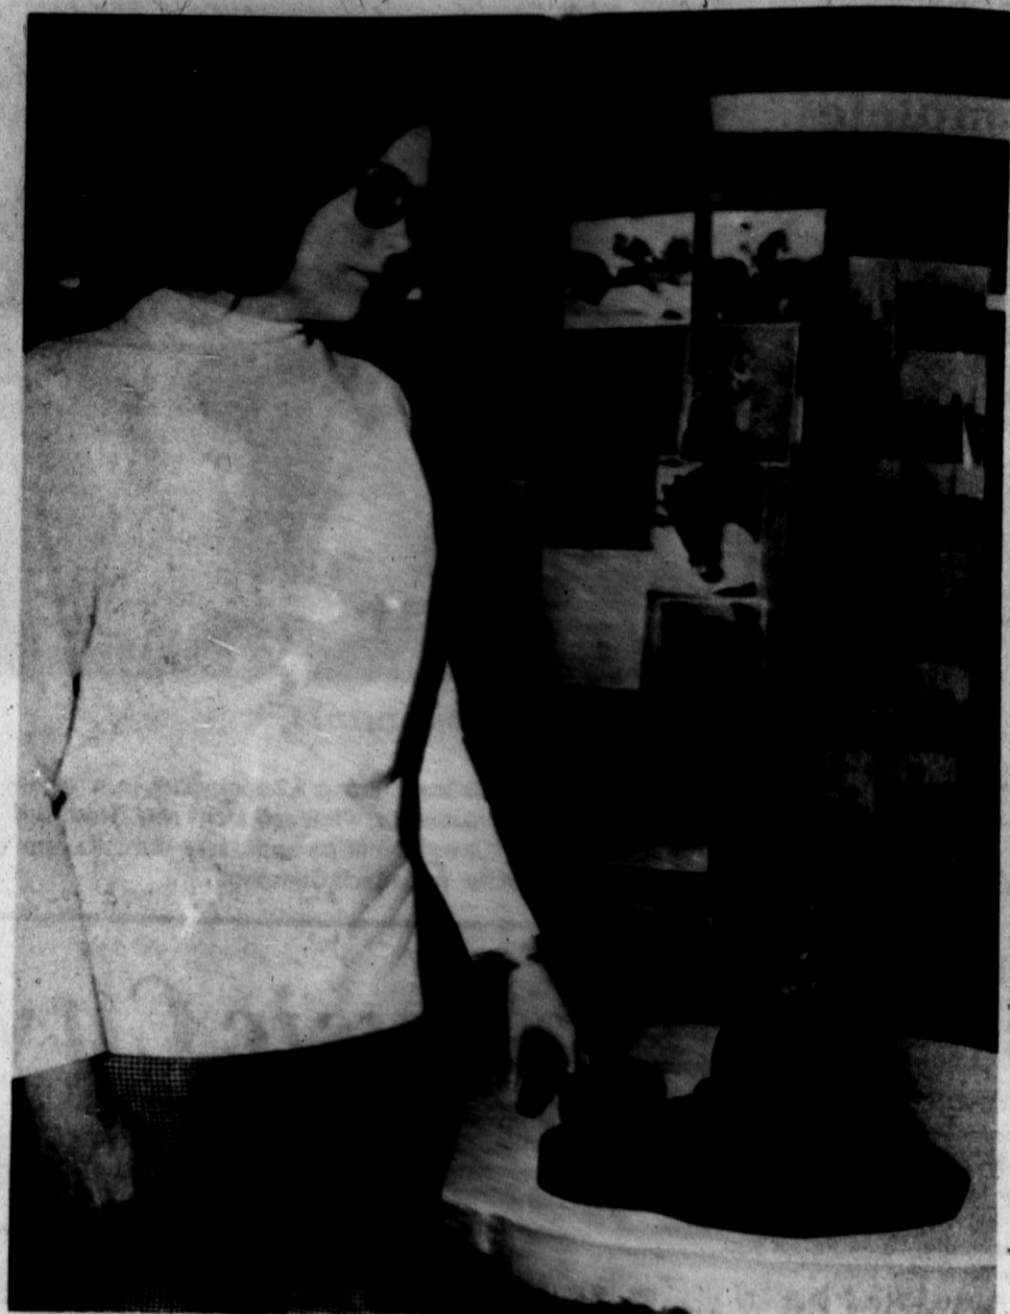

Admission, which will be limited to junior high school-age youth, will cost \$2 per single and \$3 per couple.

Ceramic Art Club Women Take Trip

Members of Hereford Ceramic Art Club assembled Monday at the Community Center for a trip to Amarillo's Fun Factory, where they took lessons in staining.

Each member brought a project to work on while at the shop. During the sack luncheon, members discussed plans for a club Christmas party on Dec. 12 in the home of Janette Perkins.

Traveling to the hobby shop were Mes. O.H. Culpepper, W.C. Hromas, Frank Huckert and Zelma Kuykendall.

LOIS RUMOHR
.....with bronze display

Hall of Fame Features Sculpture, Paintings

During the months of November and December, the works of two women artists of the American West are being featured at the National Cowgirl Hall of Fame and Western Heritage.

The displays include paintings by Carol Theroux of Bellflower, Calif. and a bronze sculpture by Lois Rumohr of Arcadia, Calif. The public is invited to visit the Hall of Fame and view this art work, as well as an exhibit honoring Dorothy Conkright, a local Smith County woman who has contributed to the area's heritage.

The Carol Theroux exhibit includes three canvases, a pastel entitled "Oklahoma Fantasy" and two oils, "Zuni Bowl" and "To the Soda Flats." Ms. Theroux is secretary of Women Artists of the American West.

Specializing in the lifestyle and culture of the Apache Indian, Ms. Rumohr has "At the Stream," a bronze sculpture, on display at the local Hall of Fame. A lecturer and teacher, Ms. Rumohr is a member of the National League of American Pen Women, as well as the Women Artists of the American West.

Ann Landers Statistic Buff

DEAR ANN LANDERS: Since you live in Illinois you will probably be ashamed to print this letter, but I'm going to give it a try.

According to the National Safety Council, Illinois drivers are very nearly the worst in the United States. Massachusetts gets first place — or last, depending on how you look at it.

A Boston driver has to pay \$839 a year to insure a medium sized car with a \$200 deductible clause. (That means the owner of the car has to pay for the first \$200 in repairs.) A Chicago driver pays about \$525 for a

policy with a \$100 deductible clause.

Wyoming is the most dangerous state to drive in. New Mexico is second. The reason for this is that people tend to drive faster in rural states because there are more wide-open spaces.

Guess which city has the most accidents? It's Houston, with Detroit second and Chicago third.

The most dangerous time of day for driving is between 4 p.m. and 7 p.m. The most hazardous months are December and January. Most accidents occur because a driver refused to yield the right of way. The number two cause — tailgating.

The safest drivers in the country are in Keene, N.H. and Sioux Falls, S.D.

The reason I am writing this letter is because I happen to be a statistics buff and thought maybe others who read you might like to know it pays to be careful if they plan on driving through Illinois or Massachu-

setts. — Phoenix Phan
DEAR PHAN: It pays to be careful no matter where you drive.

I called the National Safety Council to check your statistics and they are right on. I was told to add, "Seventy-nine percent of the accidents are what traffic police call 'fender benders' — and only 0.3 involve loss of life." (That's encouraging!)

DEAR ANN LANDERS: Today is my birthday and as usual, the clod had to run over to the neighborhood drugstore to buy me a card. He forgot. You can imagine how much I'll enjoy the card under such circumstances. This is the fifth year in a row he "forgot."

I hope every husband who reads this will realize that a woman's birthday is important to her. It's the one day in the year that is hers and hers alone.

I know my knucklehead will never change, but maybe I can get the message over to other husbands who do want to please their wives. They may be surprised at the results. — Forgotten Woman

DEAR WOMAN: You didn't ask for advice but you're going to get it anyway. Since being remembered on your birthday means so much to you why not give the guy a break and remind him a week in advance? YOU might be surprised at the results. Or would you rather keep quiet and let him forget so you can put him on the defensive and make him sweat? I know I'm going to be called a traitor to my sex for this answer, but it's exactly the way I feel.

Suicide is claiming young victims, says Debby Johnson, family life education specialist, the Texas Agricultural Extension Service. The Texas A&M University System. Suicide has risen to fourth leading cause of death among young people between the ages of ten and 24, says the specialist.

HD Club Officers Elected

Officers of Cultural Home Demonstration Club were elected Friday during a meeting in the home of Mrs. Grady Parsons.

Named to office were Mrs. John Hunter, president; Mrs. Tom Hargrave, vice president; Mrs. Paul Corbett, secretary; Mrs. Ira Scott, reporter; Mrs. Parsons, HD Council delegate; and Mrs. M.W. Sumner, parliamentarian.

Mrs. Sumner conducted the meeting as current president. She introduced Mrs. Howard Hershey as a new club member. Four guests were present, including Isabel Kinney of Albuquerque, N.M., Mrs. Ray Sumner of Takoma, Wash., and Mrs. Howard Houk of Rossville, Kans., and Mrs. C.P. Worthan.

In deference to the upcoming Thanksgiving holidays, members scheduled their next meeting a week early and will convene at 9:30 a.m. Friday, Nov. 18 in the home of Mrs. Sumner.

Members answered roll call by listing "Problems I Have Had Making Yeast Bread." The opening exercise was Grace Easley's poem "I Might Have Known" read by Myna Mae Love.

Other members in attendance included Mrs. J.G. Gandy, Ada Houser and Mrs. M.W. Wiseman.

Tamale Sale Scheduled For Saturday

Women of San Pablo United Methodist Church will be sponsoring a tamale sale from 10 a.m. to 5 p.m. Saturday, Nov. 19 at the church which is located at 220 Kibbe.

The tamales are all homemade by the women and will sell for \$2.25 a dozen.

Proceeds will go to benefit the church.

For further information one may call 364-3100.

Pastor of San Pablo is the Rev. E. Montemayor.

More than 2,500 varieties of orchid flourish in New Guinea, including the giant Vandopsis with its three-foot leaves and 10-foot spray of blooms.

Margaret Mead to Speak At Lubbock Symposium

LUBBOCK — "Focus on Individuality," a symposium sponsored by the Texas Tech University Women's Service Organization (WSO), Dec. 5-6 in the University Center, will feature speakers Margaret Mead, sociologist and writer, and the Hon. Kent Hance, state senator, and other local and campus personalities.

Mead will speak on "Human Identity and Social Action" in the University Center Ballroom, 8 p.m., Dec. 5. The WSO is co-sponsoring the event with the University Center Programs Office.

A panel discussion on effects of Title IX, which legislates greater equality for women in multiple campus activities, is scheduled for 3 p.m., Dec. 5, in the Senate Chambers of the University Center. Panelists will include R. Jeannine McHoney, director of Women's Athletics, Dr. Charles S. Hardwick, vice president for Academic Affairs, and a representative to be named from the Women's Legal Council for Texas Tech.

Activities for Dec. 6 include a theater interpretation of the roles of women in nine plays from the Greek times until present by Midge Verhein, Wisconsin theatrical performer, 12 noon in the University Center Courtyard. At 3 p.m. a panel

discussion on reverse discrimination will be held in the Senate Room. Representatives from the School of Law, the School of Medicine, Southwestern Bell Telephone Co. and a local bank will conduct the discussion.

The symposium will close with Sen. Kent Hance's speech on "Community Service," 8 p.m., University Center Ballroom.

Groups from Texas Tech and Lubbock communities are invited by WSO to purchase booth space in the University Center to represent their organizations.

More information about the programs during the symposium or booth space can be obtained by contacting Debbie Engle, chairperson of the Women in Action Committee, WSO, at 362-6880.

VFW Dinner To Be Held Tomorrow

Veterans of Foreign War Auxiliary met Monday night with Peggy Davis, president, presiding.

It was decided that the regular meeting time for the group be changed to 8 p.m. on the first Monday of every month and 7 p.m. on the third Thursday of every month.

The upcoming Thanksgiving supper to be held Thursday night was discussed. The supper will be given for the auxiliary and post members.

Members present were Doris Wilson, Doris Cochran, Frances Parker, Margie Gilman, Helen Sowell, Betty Saucy, Carmel Scott and Beatrice Cox.

The word "aborigine" originated among the Indian tribes of North America who transferred their tools and belongings from camp to camp on small sleds.

WaKan Ki Lo Horizon Club, sponsored by Marsh Cattle Company, met for their regular meeting at the Community Center.

Camp Fire Candy Sale was the topic of business and each girl present ordered the amount of candy she wished to sell. All candy and popcorn sell for \$2 a box and the group makes 15 cents per box sold; therefore, it is a money making project for the group.

If a girl sells 36 boxes she receives a certificate and a candy sale emblem; for 48 boxes she receives the same plus a giant coloring book; for 100 boxes she receives the same plus a transistor radio. These awards give the girls an aim and help the candy sale.

Next week the club will begin work on Christmas decorations for Hand In Hand project at West Gate. Center pieces for the tables and a green and red Christmas chain to decorate the dining room will be made. They will go to the nursing home Nov. 28.

Members present were Barbie Koelzer, Deanna Pool, Cindy Gamez, Jill Davis, Karen Compton, Kelly Killough, Willa Lawson, and Tammy McCathern.

Senior Citizens To Meet Friday

All local senior citizens are invited to attend a Thanksgiving supper Friday evening in the Flame Room of Pioneer Natural Gas Co.

The meal is being sponsored by Hereford Senior Citizens and will begin at 6 p.m.

Bring any design and we decorate any cake to match it.

Mail-Order Buys Need Comparison

COLLEGE STATION--To mail-order Christmas gifts, first study the catalog with care, says Linda McCormack, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Through large mail-order chains, the consumer can choose from greater selections of merchandise than most stores offer, and often the same item features several price ranges," she points out.

"However, the consumer still must decide which buy is best," she cautions.

She recommends three steps for deciding:

*Read the ads very carefully and compare features.

*Make a list of features that cannot be compared simply by looking at the advertisements. You may want to examine these features at a local retail establishment.

*Try to determine the differences in the items advertised. Know why they exist, and decide how important they are.

Fathers Welcome To Join Program

Local fathers who have sons between the ages of 6-8 are invited to attend a meeting at 7 p.m. Thursday at the YMCA office for further information

about joining the Indian Guides program.

Based on Indian lore, the YMCA Indian Guides is a program enabling a father and

son to do things together on a one-to-one basis, fostering a deeper relationship through sharing.

Tomorrow's meeting will include a film about Indian Guides, a question and answer period, as well as games and refreshments. Twenty fathers are currently participating in the program and the YMCA hopes to increase this number.

Speaking about the Indian Guides program, "Y" director Claude Huard said, "This offers a unique opportunity for the

concerned and busy father to share in the growth of his son as he begins to move outside the home into a world of friends and adults, helping his son to grow in self-esteem and gain confidence."

Fruits, Vegetables Offer Economy Buys

COLLEGE STATION--Fresh fruits and vegetables offer some top economy buys at Texas grocery markets this week, according to Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

FRESH FRUITS--Items in best supply at the most economical prices are cranberries, grapefruit, oranges, apples, tangelos, tangerines, bananas and grapes.

In selecting cranberries, look for plumpness, good color and size uniformity. Also, they are easy to freeze. Simply put the original package in the freezer.

FRESH VEGETABLES--Fresh potatoes and onions are this week's "spotlight items" for thrifty choices. Other good

values are cooking greens, hardshell squash and sweet potatoes. Additional economy buys are pumpkin, carrots, broccoli, eggplant, cabbage, rutabagas and green peppers.

POULTRY--Fryer chicken prices have "fluttered" upward slightly, but whole chickens are still an economy choice. In egg buying, Grade A, large-size eggs generally are the best value, although prices are a bit higher. That trend likely will continue through the holiday season as demand for eggs increases.

PORK--Good choices include smokes picnics, fresh shoulder roasts and steaks, assorted chops and liver.

BEEF--Specials focus on beef chuck roasts and steak, round steak, ground beef, liver and some of the more tender cuts, such as sirloin steak. Also, consider boneless cuts, because they do offer more servings from each pound than most other cuts.

CONSUMER WATCH-WORDS: Impulse buying may send family food costs soaring. Avoid haphazard food buying by planning menus and, then making a shopping list from them. This can keep trips to the store down to one a week and mean even more savings.

Veleda Members Meet

Members of Veleda Study Club met Monday evening in the Bill Walden home for their monthly business session with Mrs. Ken McClain presiding.

Mrs. Carroll Tucker introduced the guest speaker, Patricia Vogler, a member of the Panhandle Citizens Forum. Expressing her opinions about International Women's Year and the Equal Rights Amendment, Mrs. Vogler urged members of her audience to attend the IWY conference in Houston Nov. 19. She also encouraged Veleda members to do research into IWY and the ERA and then write letters to their legislators.

Refreshments were served to Mmes. Howard Birdwell, Gid

Brown, Hugh Clearman, Bill Brady, Lloyd Crume, J.D. Gilbert, Richard Ottesen, Gwynne Owen, John Poindexter, Mack Ragsdale, Laurence Ruther, Billy Wayne Sisson, Frank Zinser and two guests, Mrs. Roger Owen and Melanie Mullins.

Fireplaces are luxury items, says Sue Young, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System. Fireplaces provide little heat, says Mrs. Young, but if the house MUST have one, at least select one with a high efficiency heat return, the specialist says.

El Chicano Club Plans Convention

CANYON -- The El Chicano Club of West Texas State University will host an area high school convention on Friday, Dec. 2, and Saturday, Dec. 3, in order to provide students with an opportunity to become familiar with the campus and administrators.

"It will give them (the high school students) an opportunity to meet and talk with other students and to find out what WTSU is all about, too," said Robert Ramirez, president of the El Chicano Club.

High school juniors and seniors can sign up at their schools, he said.

Registration will be at 6 p.m. Friday in Hudspeth Hall.

The high school students will stay with WTSU students to live in the dormitories or off-campus.

The only cost is \$2.50 for a steak dinner to be held in the University cafeteria. Ramirez said, however they should plan to pay for other meals and activities during their free time.

The formal orientation will begin at 10 a.m. on Dec. 3 in the Science Building. Speakers for the morning hours will include Max Sherman, president of WTSU; Sandra Meek, acting dean of student life; Weldon Trice, dean of student life for men; and Clifford Baker, directors of student financial aid.

Speakers will be scheduled for the afternoon session. After supper Saturday, a disco dance will be held in the St. Ann's parish Hall in Canyon.

Martha Angle and Robert Walters

Boat-rocking at the FDA

WASHINGTON—(NEA)—When Stanford University biologist Donald Kennedy agreed last spring to become commissioner of the beleaguered Food and Drug Administration, his friends in the health field thought he had slipped a cog.

Taking on the FDA job, they warned, was akin to accepting the captaincy of the Titanic.

With the possible exception of OSHA, the Occupational Health and Safety Administration of the Labor Department, there wasn't an agency in the federal government with a worse reputation.

Kennedy's friends needn't have worried, it is now apparent. The new FDA commissioner has turned out to be one of the greatest boat-rockers to hit Washington in years, but there is no sign his ship is sinking.

On the contrary, under Kennedy's leadership, the FDA has suddenly seized an unexpectedly major role in the formulation of health policy in the Carter administration.

And that development is rapidly giving both the medical profession and the multibillion dollar pharmaceutical industry an Excedrin headache.

Kennedy and his boss, HEW Secretary Joseph A. Califano Jr., are launching a drive for the first major revision of U.S. drug laws since 1962 — and there is good reason to believe they will succeed.

The groundwork for such an overhaul has already been established on Capitol Hill by Sen. Edward M. Kennedy, D-Mass., chairman of the Senate's health subcommittee, and to a lesser extent, by his House counterpart, Rep. Paul G. Rogers, D-Fla.

For nearly four years, Sen. Kennedy has been holding hearings that pinpointed inadequacies in FDA's current procedures for testing and approving new drugs, and for reviewing the safety and efficacy of drugs already on the market.

When Congress returns in January, the Kennedy subcommittee will take up drug law revision as its first

order of business. And for the first time, the administration will be supporting the effort.

Donald Kennedy isn't waiting, however, for new authority from Congress to force some changes in the way drugs are marketed and prescribed.

He has already announced a controversial new program to require that certain classes of drugs include printed inserts for patients explaining side effects that may accompany usage.

Both drug companies and doctors are resisting this "patient labeling" proposal, fearing that side effect warnings could discourage patients from taking drugs prescribed by their physicians.

But Kennedy is plowing ahead, convinced that patients have every right to understand the risks as well as the benefits associated with widely prescribed drugs such as tranquilizers.

The FDA commissioner believes physicians have a responsibility to learn more about the adverse reactions from drugs they prescribe, and to share such information with their patients. Inserts in drug packages, such as those which now accompany birth control pills, could force better doctor-patient communication, he contends.

The "patient labeling" proposal is tame in comparison with some of the added regulatory powers FDA is seeking in the proposed drug law revisions, long overdue in most cases.

By this time next year, Congress and the public are likely to be immersed in the most vigorous debate over drug policies since the Kefauver hearings more than a decade ago.

For that, we can all thank Donald Kennedy. He has given a much-needed transfusion — and unaccustomed agility — to an agency one of his colleagues once described as "a slowly moving target that bleeds profusely when hit."

New Hereford head basketball coach Bobby Decker [kneeling center] is flanked by sophomore coach Aaron Bourland [kneeling l] and junior varsity coach Mickey Miller, as the trio is surrounded by the Herd varsity for this year. Players from left include Ricky Matchett, Robert

Graves, David Arney, David Schumacher, Kent Ellis, Greg Brockman, Larry McNutt, Jackie Mercer, Kelly Kitchens, and Brent Allen. The Herd opens the regular season Thursday night at home against the Tascosa Rebels. [Brand photo by Bob Nigh]

Herd Cagers Begin Year As Underdogs

By Bob Nigh

Brand Sports Editor
New Hereford High School basketball coach Bobby Decker faces much the same situation former mentor Barry Arnwine, now departed for Amarillo High, did last year. Decker's Whitefaces have been tabbed to finish only third in the district in a vote of loop coaches, and were picked to finish dead last in a poll taken by the publishers of the Top 'O Texas Basketball magazine.

"It's probably the best place to start (at the bottom) since you've always got so much to gain when picked last," a philosophical Decker said earlier this week. "But, then again it's kind of discouraging that people don't think more of us than that."

Some room for optimism exists in the Herd camp this year after Arnwine's bunch came off a dead-last pre-season rating to claim the district championship last year and forge a 22-12 record along the way.

Returning to lead the team are guard Kelly Kitchens, a Super Team pick by the aforementioned magazine, 6-3 post David Schumacher, and 6-1 guard-turned-post David Arney, who has grown two inches since last season.

"Coming off the district championship should help us a lot," Decker, former coach at Burleson said. "I hope we can keep the winning ways."

Decker is one of two new coaches in District 4-4A this season along with Richard O'Hara at Plainview. He was at Burleson five seasons before moving here this spring. His overall record there was 89-54, which coupled with a 13-11 year at Alvarado gives him a 102-65 mark as a head coach.

The new coach plans to use a 1-3-1 offense at Hereford, and will employ a man-to-man defense. "We will have some zones on, but for the most part will stick with our man defense," he said.

"We're quick enough to run a man, but we just might not have the size to match up with everybody, so we will probably have to go to a zone sometimes."

The height problem is nothing new to the Whitefaces, who overcame such a disadvantage last season with super performances by jumping-jack Kenneth Mercer and district MVP James Mays leading the way. Both of those players have departed via graduation, however.

Kitchens, a 5-10 senior has the most experience on the team with two letters under his belt. He finished the season last year with a 17.9 scoring average in district play, and a 17.1 standard through the season (excluding playoffs). Schumacher finished with 4.3 and 6.5 averages respectively, and hauled in rebounds at a 4.4 standard for loop play and 4.9 overall.

Arney played in 25 of the Herd's 32 games last year, and

had a 2.1 scoring average overall and a 2.7 standard in district action.

Combined we have players with about four years of varsity experience," Decker said. "That means we'll really have to depend on the kids up from the junior varsity to help out."

Included in that group are 5-9 junior Brent Allen, 5-9 junior Jackie Mercer, 5-11 junior Larry McNutt, 6-0 senior Kent Ellis, 6-1 junior Robert Graves, 6-1 senior Ricky Matchett, and 6-1 senior Greg Brockman.

"We'll get a lot of help from Allen," Decker said. "Along with Graves, Mercer, and McNutt. They are all good basketball players, but their inexperience will tell on them early in the season. They'll all be a lot better toward the end of the year."

But basically the coach will have to rely on the three lettermen to lead the team.

Talking a little about each of them was easy. "What do you say," the coach said of Kitchens? "He is an exceptional ball handler with a good shot. From just the little I've seen of him he'll make the transition from football to basketball real quickly."

"He has a lot of floor sense and we'll try to get the ball to him quickly on our fast break to try and make some things happen."

Of Arney he said, "David will give us enough height and speed to run our weak side post. His quickness is what I like about him, and his experience from last year will help him a lot."

"He's starting to develop some finesse at the post position," Decker said of Schumacher, who on occasion last year intimidated opponents with his strength under the boards.

"He is rebounding real well, but his lack of size will make it tough for him against a real tall player. However, he's strong enough to overcome some of that disadvantage."

The rest of the spots are pretty much open the coach said. "I think there will be a lot of competition for the different spots which will in turn make our team better," he said. "We've got 10 kids with pretty equal ability, and that will make them work hard to gain a starting spot."

The Herd opens the 1977-78 season tomorrow night against Tascosa in the La Plata gymnasium. They will complete a quick start with a game in Canyon against the Eagles Saturday night.

TOKYO (AP) - American Bill Rodgers, winner of this year's New York marathon, heads a field of 11 foreign runners from eight countries in the Fukuoka International Marathon Race Dec. 4, the Japan Amateur Athletic Federation announced Wednesday.

The 30-year-old Rodgers has the world's fourth fastest marathon time of 2 hours, 9 minutes, 55 seconds, which he set in winning the 1975 Boston race. In February this year, Rodgers won the Kyoto marathon in central Japan, beating a field of 241 runners.

Also invited by the JAAF for the race on a switchback course along Hakata Bay was Ian Thompson of Great Britain, who placed second to Canada's Jerome Drayton in last year's

Fukuoka race. The 28-year-old Briton, Commonwealth and European champion, holds the world's second best time of 2:09:13 for the long distance event.

ATLANTA (AP) - The Atlanta Braves will open their 1978 regular season April 7 at home against the National League champion Los Angeles Dodgers. It is the first time since 1973 that the Braves, who finished the 1977 season with 101 losses, have opened the regular season at home.

Scrimmages Start Year

The Hereford High School boys' and girls' basketball teams got the season started Tuesday night with scrimmages at Portales, New Mexico and Canyon respectively.

"We got beat, but we played very much better at the end, and I was pleased with the way we finished up," boys' coach Bobby Decker said Wednesday morning.

"We did a pretty good job,

especially our sophomores," girls' coach Roy Shipp said. Portales won the three-half battle over the Herd boys, and Decker attributed an early spurt by the Rams to a lot of "experimentation" by the HHS coaches. "I'm not really interested in the points scored in a scrimmage," Decker said. "What we were looking for was to find out who could play, and where they could play."

Kelly Kitchens topped Herd scorers in the scrimmage with 13 points, with strong backup coming from David Arney (12) and David Schumacher (11). Other Herd scorers included Brent Allen (9), Jackie Mercer (8), Robert Graves and Greg Brockman with five, and Kent Ellis with three.

"We were hurt easily on the offensive boards, and we need to work on our turnovers,"

Decker concluded. The Herd committed 34 turnovers in the workout, while shooting 64 percent from the field. Portales had the hotter hand, hitting 82 percent of their shots.

In Canyon the Herd girls dropped a 32-22 decision to the Eagle JV, but the HHS sophomores looked tough in a 32-27 double overtime loss to the Canyon sophs.

"We just couldn't get going offensively," Shipp said of his varsity. "We need to get some more movement on offense; we were standing around too much."

As for the sophomores, Shipp said, "They did a pretty good job. We didn't press too much on defense with them or the varsity either, and we will need to be in better condition later when we begin to press."

The Herd boys open their season Thursday night against Tascosa at the La Plata gym.

Carew AL's Most Valuable Player

By BERT ROSENTHAL
AP Sports Writer

NEW YORK (AP) - Sweet-swinging Rod Carew of the Minnesota Twins, whose .388 batting average was the best in the major league in 20 years, today was named the American League's Most Valuable Player for the 1977 season.

The 32-year-old Carew, winner of his sixth AL batting championship and his fifth in six years, received 12 first-place votes and a total of 273 points in balloting by a 28-man committee of the Baseball Writers Association of America.

Ten other players collected first-place votes in the most diversified voting in the 47-year history of the award. First place was worth 14 points, second place 9 points, third place 8, etc.

Outfielder Al Cowens of the Kansas City Royals was named No. 1 on four ballots and finished 3 distant second with 217 points. Another outfielder, Ken Singleton of the Baltimore Orioles, earned three first-place votes and was third with 200 points.

Designated hitter Jim Rice of the Boston Red Sox finished fourth and was followed by four members of the world champion New York Yankees - third baseman Graig Nettles, relief ace and Cy Young Award winner Sparky Lyle, catcher Thurman Munson, last year's MVP, and outfielder Reggie Jackson. Nettles received two first-place votes, while Rice, Lyle, Munson and Jackson had one apiece, along with catcher Carlton Fisk of Boston, and outfielders Larry Hise of Minnesota and Carl Yastrzemski of the Red Sox.

Never in the history of the award had so many players received first-place votes.

"I'm thrilled, it's just great," the usually low-key Carew said by telephone from his Minnesota home, where his wife, Marilyn, is expecting their third child Friday. "I'm just happy to have gotten it."

"I didn't have myself geared to winning it, because so many other players had such good years and I didn't want to be too disappointed if I lost," added the 32-year-old first baseman.

Although Carew's average was the highest in the majors since Boston's Ted Williams batted .388 in 1957 and he led

the big leagues with 239 hits and 128 runs scored, one voter - Doug Bradford of the Detroit News-ignored him in the MVP balloting.

Carew is the 16th player from a non-pennant winning team to capture the league's MVP Award. The Twins finished fourth in the AL West, 17 1/2 games behind champion Kansas City.

The left-handed hitting Carew is the third Minnesota player to win the league's most prestigious award. Shortstop Zoilo Versalles was the first, in 1965, and slugger Harmon Killebrew won it in 1969.

Carew's six batting titles put him in a tie with Williams for fifth place on the all-time list, behind Ty Cobb (12), Honus Wagner (8), Rogers Hornsby (7) and Stan Musial (7).

"He is just amazing," said Minnesota Manager Gene Mauch. "He has a long swing, yet hits the ball all the time. His hand-eye coordination is simply fantastic."

"I believe he would hit .400 if he played in the National League with all its artificial turfs. Heck, he may even hit in this league."

Carew agreed with his manager. "I think .400 is possible," said the soft-spoken Carew. "I think if we the American League had artificial surfaces, I think I could do it. It would take another great year like I had this year, though."

No major leaguer has hit .400 since Williams batted .406 in 1941.

"You can't set your sights on hitting .400," Carew said. "I don't set any goals. I just go out and do my best."

Carew's best last season also included 38 doubles, 16 triples, 14 home runs and 100 runs batted in - all career highs. In addition, he stole 23 bases while playing in 155 games.

Carew won his first batting title in 1969 with a .332 average, then strung together four in a row starting in 1972 with averages of .318, .350, .364 and .359.

His amazing average and his season-long challenge at the rarely achieved .400 mark apparently swung the MVP voting in his favor this year. But it took the quick-witted Mauch, a former major league infielder, to put Carew's performance in proper perspec-

Four Near Top of Football Contest

With just two weeks remaining in the Brand's Football Contest four entrants are bunched together at the top with at least seven others still in the running for the top prize of \$100 which will go to the top guesser at the end of the year.

Earl Stagner currently holds the top spot with the fewest number of misses, 46. Mal Manchec is second with 47 errors, and Dicky Sims and Bob Renfro are right in there with 48 misses apiece.

Still in the running for the top prize are Marvin Hall, Gayle Cotten, and Santry Rush, all with 50 misses, and Wayne Albracht, Darrell Dirks, E.H. Loewald, and Danny Rice, all with 51 wrong predictions.

All entrants' totals will be figured on the best 11 weeks over the season. If a person enters all 13 weeks his two worst weeks will be thrown out, and if only 12 are entered the worst week will be discounted. All entrants must have entered at least 11 of the 13 weeks to be

eligible for the season prizes. In addition to the above persons entrants with an outside chance of getting into the money, which includes \$35 for second place overall and \$15 for third, are:

52 misses - Carlton Richardson, Beverly Bryant, 53 misses - Cawthon Bryant, Larry Brogdon, Bobbie Kitchens, Karen Marsh, Linda Ramaemakers, Larry Walterscheid.

54 misses - Mrs. Ewald Berend, Becky Bourland, Marie Cogdell, Alex Valdez, R.L. Blakely.

55 misses - Dempsey Alexander, Aaron Bourland, Linda Coakley, Jimmie George, Kelly Kitchens, Debbs Knox, Davis Smalts, Lani Walterscheid, Joyce Wartes, Larry Wartes.

56 misses - Wayne Amstutz, William Igal, Cliff Johnson, Cuby Kitchens, Ann Lueb, Rodney O'Rand, Carol Smalts, David Coakley.

Barbs
By PHIL PASTORET
Having a friend for dinner is frowned on except in the most primitive societies.

Ain't progress wonderful? They haul mail in 747's for third-day delivery that once made it overnight by steam train.

Another thing to be thankful for at our house: Thanksgiving is the only day on which we're afflicted with baked squash and broccoli.

Eye Doctor Eyes Law Degree

NEW YORK (AP) — Vivien Boniuk is going to have another sheepskin to tack up on her office wall among the certificates that identify her as an ophthalmologist, a pathologist, a surgeon and a professor.

After one more year at the other end of the classroom, of going to lectures at night, of cramming for exams and fighting to get into over-registered courses, she will be a lawyer — duly graduated from New York Law School and ready to stand before the Bar.

"It's like being given the key to a secret club," Ms. Boniuk said in an interview. "You learn the meanings of the words. You get to know the people. You don't feel intimidated by anything."

But, says the native Canadian, she has no intention of giving up her practice at Flower and Fifth Avenue Hospitals and New York Medical College. And she says she has no intention of quitting her job as associate professor of ophthalmology and pathology at the college, or her work with retarded children.

"I didn't begin with the idea of giving up medicine," she explained. "It simply was the largest gap in my knowledge. I began with the idea of expanding my own horizons and, so far, what I've learned has had that effect."

It was also the ubiquitous nature of law that attracted the 36-year-old optical surgeon.

"It's difficult to open any medical journal — or any magazine at all — without hearing about the interface of law and medicine," she said. "There are an incredible number of people studying law — and not just people fresh out of college either."

New York Bar Association figures show there are some 500 Americans holding both the Doctor of Medicine (M.D.) and Juris Doctor (J.D.) degrees.

HEALTH
Lawrence E. Lamb, M.D.

Although she doesn't plan a full-time legal practice, or any real practice at all, Ms. Boniuk says her studies are not just an intellectual exercise. There is enough in the large number of malpractice suits and the volume of legislation on medicine, drugs and related issues to occupy a part-time lawyer concerned with physicians' needs, she said.

In any case, Ms. Boniuk does not see the law as a smooth road to riches.

"A lot of doctors have this notion that if they become lawyers then all of a sudden they will be highly paid — called to serve as expert witnesses and that kind of thing," said Ms. Boniuk, who has never been called as an expert and doesn't expect it.

"That's just ridiculous. You can wind up with a general knowledge of both, but you're not going to be an expert in either."

She said many medical witnesses had no legal background at all.

The same discipline and drive that got her an M.D. in 1963 from Dalhousie University

Medical School in Nova Scotia helps her legal studies, she said.

"To tell you the truth, it's significantly less difficult to get by," she said. "You don't have scads of material to memorize like you do in medical school. It's more a logical, reasoning kind of approach."

Ms. Boniuk was a resident at Barnes Hospital in St. Louis, an affiliate of Washington University Medical Center, at Baylor University Hospital and at Yale University Hospital. She is also a fellow of the Canadian Royal College of Surgeons.

Ms. Boniuk is no stranger to prejudice against women. In San Francisco, she said, she was rejected for a residency because of her sex.

"They told me they were afraid I'd work for a couple of years, then get married and quit," she recalled with a trace of old anger. "I don't know what they thought I went through medical school for."

She says her feminist politics are primarily on a personal level. "I speak up now," she explained. "I used to be silent and grit my teeth."

SECOND DEGREE—Dr. Vivien Boniuk plans to continue her work as an ophthalmologist even after she receives her degree in law, a study she took up with the idea of "expanding my own horizons."

House Saves Energy

EDWARDSVILLE, Ill. (AP) — The soil means more to Gary C. Davis than the place where his food grows. It's his home, too.

"Everything in this house saves energy," says Davis of his 4,066-square-foot swelling located mostly underground near this southern Illinois community.

Davis, who owns U'Bahn Earth Homes, Inc., estimates he will spend only about \$375 a year to heat and cool the house.

He says underground homes maintain a year-round temperature of about 56 degrees. "So all we have to do is make up the difference."

Davis says he uses a device called an economizer, which pulls in clean, fresh air heated by the sun in the winter daytime.

"The air will warm up the walls, the floors, everything. And when it shuts off, it recirculates the warm air. In the summer, we'll reverse it and turn on the economizer at night so the cool air can be brought in."

The desired temperature can be maintained for at least 12 hours, he says.

Davis also has a fireplace which he says can heat the whole house. Light enters the house through a large glass dome in the center, over the indoor swimming pool.

"We fanned out through light readings that we have 20 percent more light in our bedrooms than did 10 other conventional homes," says Davis. "A full moon brings a lot of light in, too."

Davis estimates that a \$100,000 conventional home could be built underground for about \$80,000. The cost for an underground dwelling is \$32 to \$33 per square foot, without luxuries such as the pool.

Electric Steer Works Like Real

YERINGTON, Nex. (AP) — Cut here, where men are men and women are women, Francis Goetsch has a cow that isn't a cow.

Swinging a rope above his head, Goetsch likes to lasso his "steer" by the heels.

The "animal" doesn't feel a thing. It can't snort but it can move its feet. It's also pretty fast, if it's pulled along by a horse.

Goetsch has invented an electric roping steer. Used properly, a person could learn to rope a real steer by practicing on Goetsch's invention, or so he believes.

"It's powered by a 12-volt battery," Goetsch, a rancher-turned-dogcatcher, explained. "I've got a gear box inside that runs the front and back legs the same as a steer would lope when you're in an arena roping him."

It took him more than two years, but Goetsch finally has a patent pending on his device.

and renting a real steer at 50 cents or \$1 a try as many ropers must now do.

Goetsch, 54, said the main problem he now faces is keeping the price down.

"I think it will sell for less than \$500. It was hoping to build it for about \$300 but the costs keep going up."

Goetsch, who for 30 years worked on ranches from South Dakota to California, had to give up that life when a horse fell on him.

Now he is this city's animal control officer, a post he assumed in June. He considers dogcatching to be just a sideline.

He hopes to make his future living building herds of mechanical cows — providing there's a market for them.

The word orangutan means "man of the woods."

The body of the "beast" is made of lightweight tubing with a fascimile steer head. The mechanical animal is set on an inclined pedestal made of plastic pipes and is attached to an iron pipe sled.

A dry cell battery and motor, operating on a two-way switch, make the steer's plastic legs work. The legs move at either 44 or 61 strokes a minute, timing that's important if you want to learn to rope a steer.

Goetsch said he believes schools that teach rodeo skills might be interested in his mechanical steer. He explained that it would be much cheaper than going to an arena

Skipped beats common

By Lawrence Lamb, M.D.

DEAR DR. LAMB—My problem is cardiac irregularity. I have many extra beats that occur all at one time with the feeling that the heart is struggling to beat regularly, but cannot come out of it. It is most frightening when they occur that way. An occasional one I can tolerate, but this scares me a lot.

They occur at any time, even at night while asleep. I work hard at trying to put them out of my mind, but then I'll read where they can mean sudden death and I'll be very upset.

Is it true they can mean sudden death? My clinic has several doctors, and one tells me to rest when they occur, another one tells me to exercise, and I have a feeling the others would tell me something else. I'm confused as to what is the solution and cause. Can you tell me?

I'm 48, in the menopause, 5 feet 10, weigh 155. I don't smoke, drink coffee or liquor, only about three cups of tea a day.

I'm on a very tiny amount of thyroid that my doctor says is not really needed according to the test, but might prove helpful anyway. My doctor says he has no idea what causes my extra beats. Can you shed some light on it please?

DEAR READER—Extra beats, skipped beats, flip flops or whatever you want to call them, are rather common. You have to judge their importance by the rest of the patient's health status. In a person such as yourself, who apparently has no evidence of heart disease as you would see with abnormal heart sounds, heart pain or high blood pressure, they may have little significance other than the discomfort they cause you.

I saw a lot of these in the young health men in the U.S. Air Force flying personnel. Our group studied over 120,000 records and such extra beats were common.

We know that they are caused by a spot in the heart that is overactive. Sometimes it is because a person is born with an "extra spark-plug" so to speak to run the heart, and every once in a while it gets a chance to fire in between regular beats and upsets the normal rhythm of the heart beat. Such a spot can also be caused by injury to the heart muscle. An injured spot takes on the characteristics of an extra spark-plug.

We know that when they occur in people with no other evidence of heart disease, they are not harmful. But those that are caused by injury to the heart such as a

REAL ESTATE

HOMES FOR SALE

3 bedrooms on Aspen. In excellent condition. With large living area. Will sell FHA.

3 bedrooms, like new, inside and out. Only \$15,000.

3 bedrooms, 2 baths, brick, good location.

1 lot at Ruidoso. Reduced price.

House to be moved. 1200 sq ft. double car garage.

14x74 trailer home with 2 acres and well on highway.

ACREAGES

2 acres with well and plumbing on Highway.

80 acres, 3 bedroom home.

13 acres, 6 miles North of Hereford. \$12,000

5 Acre tracts for home sights. Some on highway.

AP Bowl Outlook

Irish In Cotton; Lions In Orange

NEW YORK (AP) - College football invitations can't be formally extended until Saturday, but The Associated Press has learned that Notre Dame will go to the Cotton Bowl, Penn State to the Orange Bowl and either Ohio State or Michigan to the Sugar Bowl.

Of course, many of the bowl

pairings will depend on key games this weekend, but, as usual, the major post-season classics will attract the nation's top teams.

The opponent for sixth-ranked Notre Dame, 8-1, in the Jan. 2 Cotton Bowl game at Dallas could be top-ranked Texas, 9-0. The Longhorns, leading the

Southwest Conference, still have to face two league opponents, unranked Baylor, 4-5, and No. 14 Texas A&M, 6-2. The SWC champion automatically is the host team for the Cotton Bowl.

No. 9 Penn State, 9-1, will face the Big Eight conference champion, either third-ranked

Oklahoma, 9-1, or 11th-ranked Nebraska, 8-2, in the Orange Bowl at night Jan. 2. Oklahoma and Nebraska will decide the league title when they meet Nov. 25. The Big Eight loser will go to the Sun Bowl at El Paso, Texas Dec. 31 against unranked Louisiana State, 6-3.

Fourth-ranked Ohio State and No. 5 Michigan, each 9-1, clash Saturday for the Big Ten Conference title and a berth in the Rose Bowl Jan. 2 at Pasadena, Calif., against the Pacific-8 Conference representative, either No. 19 Washington, 6-4; 20th-ranked UCLA, 7-3, or unranked Stanford, 7-3.

The Ohio State-Michigan loser will meet No. 2 Alabama,

9-1, in the Sugar Bowl at New Orleans Jan. 2. If it's Ohio State, that would set up an interesting confrontation between the Buckeyes' Woody Hayes and Alabama's Bear Bryant, two of the game's master coaches.

Other major bowl games are shaping up this way:

Gator Bowl, Dec. 30, at Jacksonville, Fla. - No. 15 Clemson, 7-2-1, against an undetermined opponent.

Liberty Bowl, Dec. 19, at Memphis, Tenn. - No. 18 North Carolina, 7-2-1, against an undetermined opponent.

Fiesta Bowl, Dec. 25, at Tampa, Ariz. - The Western Athletic Conference champion,

most likely No. 12 Arizona State, 8-1, against eighth-ranked Arkansas, 8-1.

Astro-Bluebonnet Bowl, Dec. 31, at Houston - The Texas-Texas A&M loser against possibly unranked Iowa State, 7-3, UCLA, unranked Southern California, 6-4, or Washington.

Tangerine Bowl, Dec. 23, at Orlando, Fla. - No. 16 Texas

Tech, 7-2, against 13th-ranked Florida State, 8-1.

Peach Bowl, Dec. 31, at Atlanta - Unranked North Carolina State, 7-4, against an undetermined opponent.

Independence Bowl, Dec. 17, at Shreveport, La. - Unranked Louisiana Tech, 6-0-2, the Southland Conference against one of three unranked independent teams - Colgate, 10-0, East

Carolina, 8-3, or Louisville, 6-3. Hall of Fame Classic, Dec. 22, at Birmingham, Ala. - Undetermined.

Among the leading candidates to fill the bowl vacancies are: No. 10 Pitt, 8-1-1; Iowa State; unranked California 7-3; Stanford; Southern Cal; UCLA; unranked Florida, 4-3-1; unranked North Texas State, 8-2, and unranked Maryland, 6-4.

Bostock Seeking '3 Million Deal

NEW YORK (AP) - What price glory? Would you believe more than \$3 million?

That's what outfielder Lyman Bostock is seeking for a multi-year contract.

Should Bostock achieve his lofty goal, he would surpass the highest baseball free agent contract signed last year - \$2.9 by outfielder Reggie Jackson of the New York Yankees.

Bostock, picked by the maximum 13 teams in the draft, is expected to narrow the bidding to six clubs later this week, according to his agent, Abdul Jalil.

Jalil said Tuesday that Pittsburgh and Kansas City already have been eliminated from the Bostock sweepstakes because their financial offers were not comparable to those of other clubs.

"You can't ask a player to consider signing for \$1 million less with one club than he can get from another," said Jalil.

"Right now, we have five offers of over \$2 million and three offers that are better than what Reggie Jackson signed for."

Surprisingly, the Yankees and California Angels, two of the biggest winners in last year's free agent market, opened their offers for Bostock with low bids, Jalil said. However, since then, both teams apparently have raised their antes and still are in the financial battle for the popular outfielder, the agent indicated.

Other clubs which could be among the finalists for Bostock are Toronto, San Diego and Milwaukee.

Among the other teams who drafted Bostock - the New York Mets, Oakland, Chicago White Sox, San Francisco, Baltimore and his old club, Minnesota - all have sidestepped the big money stakes that the bidding has reached.

And the Texas Rangers already have spent more than \$3 million in signing two free agents, outfielder Richie Zisk and pitcher Doc Medich.

"A lot of clubs eliminated themselves by not being competitive," said Jalil.

"There's no sense negotiating with someone who's not really interested."

One interested party could be Milwaukee.

Outfielder Larry Hise, another free agent who played for Minnesota last season, said he was leaning toward signing with the Brewers and would like Bostock to join him.

"I can't see anything but great things happening in Milwaukee if the Brewers get both of us," said Hise, the American League RBI leader in 1977.

Hise said only "a few small details" remained to be ironed out with his agent and the Brewers.

One free agent came to terms Tuesday, relief pitcher Oscar Zamora signing with the Houston Astros.

player in the recent re-entry free agent draft, is basing a great deal of his argument for the huge contract on his strong 1977 season - a .336 batting average, second best in the American League behind Minnesota teammate Rod Carew's .388; 14 home runs and 90 runs batted in.

Bostock, picked by the maximum 13 teams in the draft, is expected to narrow the

bidding to six clubs later this week, according to his agent, Abdul Jalil.

Jalil said Tuesday that Pittsburgh and Kansas City already have been eliminated from the Bostock sweepstakes because their financial offers were not comparable to those of other clubs.

"You can't ask a player to consider signing for \$1 million less with one club than he can get from another," said Jalil.

One free agent came to terms Tuesday, relief pitcher Oscar Zamora signing with the Houston Astros.

Dorsett May Start For Dallas Sunday

By DENNE H. FREEMAN AP Sports Writer

DALLAS (AP) - The door is ajar for Dallas Cowboys rookie running back Tony Dorsett to make his first National Football League start Sunday.

And, if indeed that's the way Dallas Coach Tom Landry wants it, Dorsett would be making his debut in the city where he stood the collegiate football world on its ear for four years at the University of Pittsburgh.

Landry said Tuesday that the explosive Dorsett, who is the eighth leading rusher in the National Football Conference playing only parttime behind Preston Pearson, could "possibly" start.

"We're not positive on it but it may happen," said Landry in the wake of Dallas' 24-17 loss to the St. Louis Cardinals Monday night.

Landry emphasized, "We haven't made a definite decision but Tony will continue to play more."

Dallas' offense sputtered and coughed against the Cardinals except when Dorsett was in the game as the Cowboys suffered their first defeat in nine games.

"Tony is running well and did an excellent job on that 60-yard touchdown drive we had," said Landry.

Dorsett, collegiate football's all-time leading ground gainer at Pittsburgh where he won the Heisman Trophy, leads the Cowboys in touchdowns with seven and has averaged 4.7 yards per carry in his 522 yards rushing total.

"The Pittsburgh game will be a big one for us because we'll see if we can bounce back from a loss," said Landry. "I felt the race would tighten up in our division. The NFL will humble you quickly. Right now we are just one of the contenders—just like I said all along."

Landry said of the Steelers, "They are just as good as they want to be...they can beat anybody. When quarterback Terry Bradshaw is on they can score a lot of points."

Asked if he was concerned with his offense, Landry soft-pedaled the matter, saying, "We're breaking in a lot of

people in the offensive line. We're going to sputter. Quarterback Roger Staubach had his first bad game of the season. That will happen in this league."

The Cowboys own a two-game lead over St. Louis in the NFC East and said, "If the Cardinals continue to win, this thing very easily could go down to the last week of the season."

And if it does, Landry obviously wants to fire as many shots with fleet-footed Dorsett as he can.

LUBBOCK, Texas (AP) - Happy V, a black quarterhorse that has served as Texas Tech's mascot for the past four years, died Tuesday after suffering a ruptured intestine, school officials said.

The 17-year-old horse, which carries the masked Red Raider around the football field after each Texas Tech score, had been ill and was going to be retired at the end of the 1977 football season, officials said.

A replacement has already been donated, although it was not known if it would be ready for the Red Raider's final two games of the season.

NEW YORK (AP) - Westminster College, with its 9-0 season record, has won the Lambert Bowl for the outstanding NAIA Division III team in the East.

Coached by Joe Fusco, the Wilmington, Pa., school collected all seven first-place votes for 70 points. Westminster, with six previous unbeaten records, goes to the NAIA playoffs.

Millersville College, 8-1, was runner-up with 56 points, two more than third-place Widener, 8-1.

NEW ORLEANS (AP) - The New Orleans Saints of the National Football League have signed defensive back Wade Bosarge to replace safety Jimmy Stewart, one for the year with a knee injury.

Both players are rookies from Tulsa. Bosarge, 5-foot-11 and 175 pounds, signed as a free agent with Miami and played seven games with the Dolphins before he was released.

Walton Stops Passes; Leads Blazers Victory

By ALEX SACHARE AP Sports Writer

Bill Walton stopped passing and started shooting and Portland won. Pete Maravich kept on passing and New Orleans lost.

"I made a lot of stupid plays passing the ball," said Walton. "At one stretch I made four straight passes to the other team."

So Walton decided he'd better start taking his shots and wound up scoring 32 points as the Trail Blazers beat the Milwaukee Bucks 109-106 Tuesday night to become the first National Basketball Association team with 10 victories.

The defending champions lead the Pacific Division with a 10-2 mark.

Walton, who scored his season high, hit from the top of the key to give the defending National Basketball Association champions a 107-104 lead with 1:07 to go. After Dave Meyers cut the lead to a basket with a tip-in, Walton responded with a hook shot with 36 seconds left for the final margin.

Maravich, meanwhile, was guarded extra closely by Ney,

York's Jim Clemons all night long and went 4-for-20, scoring just 11 points as the Jazz was beaten by the Knicks 108-105. Maravich, the NBA's reigning scoring king, had only 2 points in the second half and did not attempt a shot in the fourth quarter, when the game was up for grabs.

In other NBA games, the Indiana Pacers edged the Buffalo Braves 100-94, the Philadelphia 76ers beat the Atlanta Hawks 114-93, the Washington Bullets trimmed the Seattle SuperSonics 111-109, the San Antonio Spurs defeated the Kansas City Kings 113-107, the Denver Nuggets beat the Detroit Pistons 123-113 and the Cleveland Cavaliers topped the Los Angeles Lakers 102-95 in overtime.

76ers 114, Hawks 93

Atlanta disappointed a sellout crowd at the Omni by suffering its third loss in a row after jumping off to an 8-1 start. "We can't cancel the next 70 games," reasoned Hawks Coach Hubie Brown, "so we have to regroup."

Pacers 100, Braves 94

Ricky Sobers scored 23 points, including a key three-point play in the last two minutes, as Indiana snapped a six-game losing streak with its first road victory of the season.

Spurs 113, Kings 107

Larry Kenon scored 11 of his game-high 23 points in a 32-point third period that enabled San Antonio to pull away to its fourth straight victory. George Gervin, the NBA's third leading scorer, added 19 for the Spurs, eight below his average.

Bullets 111, Sonics 109

Elvin Hayes scored 22 points and reserve guard Kevin Grevey added 20 for Washington, which handed Seattle its 11th loss in 15 games.

Cavaliers 102, Lakers 95, OT

Cleveland erased an eight-point deficit and sent the game into overtime on John Lambert's basket with 33 seconds left, then Campy Russell snapped an 89-99 tie as the Cavs went on to raise their record to 9-3.

Nuggets 123, Pistons 113

Denver raised its home-court record to 7-0 behind David Thompson's 33 points and Dan Issel's 24, including 10 in the final period.

Bowling Limelights

West 157 Over Average

Lou West totaled 157 pins over her average to earn star of the week honors in the Majorette league this week. Levia Aguirre had the high game scratch with a 175, and also the top series with a 470.

Splits earned included Gwen Scott, 6-10; Marlene Daugherty, 5-10; Mary Lopez, 5-7; Doris Cagle, 2-5-7-9; and West, 5-7.

Mar-Lo Chemical 21½-10½, leads the league followed by the Pili Rollers, who stand 21-11. Fowler Pump is third at 17-15, with Skeets Diagnostic Center fourth at 16-16, Blakely's Exon fifth with a 11½-19½ mark, and Warren Steel sixth at 8-24.

Dutton, Stockstill

Teresa Dutton improved her average three pins and Dan Stockstill rolled a 638 series to win star bowler honors in the Thursday night mixed league.

Tommy Bowling had the high scratch game for men with a 221, while Randy Hamilton's 178 led the women. Bowling's 593 scratch series was also tops for men with Dutton's 457 the best among the women.

Split-earners included Mike McWhorter, 3-9-10; Paul Mason, 5-10; Dutton and Bobby Barrett, 2-7; Bess Donaway, 4-9, and John Cantu, 7-9.

Park A Barber Shop leads the league this week with a 28½-11½ record, just ahead of SPS, which stands 27-13. Coker Photography is third at 25-15, while the Pet Stop is fourth with a 24½-15½ mark.

Rounding out the league are the Alley Cats, 23-17; Anthony's Mall, 22-18; Ate Truck Stop, 20-20; Four Roses and Barrett-Crowfoot East, 19½-20½; MBPXL, 18½-21½; Dutton's Duross Arrowhead Mills, and AM Soil, 18-22; Gutter Runners, and Pinheads, 13-27; and Pushovers, 12½-27½.

Watts Leads Strickettes

Carleto Watts rolled to 75 pins over her average to claim Star of the week laurels in the Strickettes league. Pat Evans had the high series with a 565, while Jettie Watts' 235 topped individual games. Watts' 524 was the runner-up series, while Chris Ivy was third at 520.

Evans also had the second-best game with a 225 and Ivy was again third with a 211.

A host of splits were converted with Barbara Burkhalter, Linda Block, Watts, and Lynn Hedkins all getting the 3-10. Irene Boardman picked up the 2-5-8-10, Phyllis Cornelius got the 2-4-8-9-10, Lois Jones the 4-5 and 3-10; Carrie Shirley the 3-9-10; Vickie Lambert the 2-7-8; Faye Kennedy the 2-5-7; Shirley Peterson the 2-7; and Lenny Howard the 1-3-10.

The Honda Hawks, Four C's, and Southwest carpet are atop the league this week with 24-12 marks each. West Fiona Grain is at 23-13, while the Branding Irons are 22-14.

Rounding out the list are Vernon Lewis Exon, 20-16; Warren Bros. Motors, 19-17; Armour Raiters and Ace Discount Liquor, 18-18; Crown Auto and AVI Corp. 16-20; Property Enterprise, 15-21; HTFCU Delinquents, 14-22; Buy Wise Beauty Supply and S&R Feeds, 12-24; and John's Casing, 11-25.

Popes Fight It Out

David Pope and Spett Pope went tooth and nail at each other last Wednesday night, and David finally got the upper hand with a 758 handicap series to earn bowler of the week honors.

David Pope had a 265 handicap game, while Socc rolled a 267 (without handicap).

Scott Pope finished with a 739 series without benefit of a handicap. Leaton Noyles had a 647 series, while Don McIntyre

rolled a 693.

The Pizza Hut made up some ground on league-leading Owens Electric last week as the league held a position round. Owens still leads the loop with a 33½-6½ mark, but lost four games to the Pizza Hut last week. Pizza Hut is second in the league with a 31-9 mark.

Bowling's Bowl is third at 28-12, and Hereford Millworks fourth with a 25-15 record. Rounding out the league are Arrowhead Mills, 23½-16½; Armour, 21-19; Gibson's and Sully's Vending, 19-21; Birko Chemical, 17½-22½; Burney's Used Cars, 16-24; Valjejo Trucking, 14-26; Deaf Smith County Abstract, 11½-28½; and Farr Better Feeds and the Hereford Brand, 11-29.

Weaver, McDonald

Top Kings and Queens

Bobby Weaver's 655 handicap series and Carolyn McDonald's 97 pins over her average have earned the pair star honors in the Kings and Queens league. Weaver had games of 255, 202, 186 enroute to his honor. Cathy Veld topped women's series with a 540 on games of 214, 168, 158. Weaver's 255 and Veld's 214 were also tops for solo game efforts.

Splits converted included Sandra Combs, Bruce Johnson, Jean Watts, Buddie Evans, Wilma Clark, Jim Bridges, Raymond Lueb, and Bertha Arnold, 3-10; Arnold, 5-8-10; Evans, 3-7-10; Brandon Owens, 4-5-7; Shirley Peterson, 3-6-7; Sharon Bridges, Stella Varner, 2-7; Leroy McDonald, Kay Banner, 5-7; Veld, 6-7; Carolyn McDonald, 5-6; Robert Betzen, 5-10; Evans, 4-10.

Troys' Sweet Shop stands above the rest of the loop this week with a 29-11 mark. Hereford Janitor Supply is second at 25-15, while the Service Co. is third at 24-16. Rounding out the league are Anderson Sales and Vance Hall, 23½-16½; Anthony's 23-17; Hereford Glass, 22-18; Stevens Welding, 20-20; McDowell Pharmacy, 19-21; Henderson's Exon, 18-22; PAG Seeds, 17-23; Athletic Shirts and Lettering and Electrical Specialist, 16-24; National Life Insurance and Bridges Agency, 15-25; and Wilker's Auto Sales, 14-26.
