THE WATER BUCKET

It looks as if the race for the title in this high school district will center through without a play-off. When Abilene and Ranger fought a zero deadlock and Breckenridge slipped the skates under the Cisco Lobos, it seemingly fixed things for the Prince Shotwell Buckaroos. Should Ranger and Abilene, however, win all of their remaining games, a deadlock between the two teams would result and they would have to meet to settle things among themselves. Ranger and Abilene, however, are not predicted to win the rest of their games. In fact each is expected to drop another fray before the boys don basketball trunks instead of the melonshins. Each must meet Breckenridge, and, as matters stand now, each should drop by the wayside. Neither, however, is expected to get out of the picture in the manner the Lobos did. Of course neither will go in to the fray with the same handicaps. From here it looks as if Ranger and Abilene should trounce the Lobos, but there is little to indicate but what one of them may fall a victim. Each is an ancient enemy, as it were, of the Labo clan and each can expect a hard battle, a tough tussle, a gala affair, or put it as you like it.

Schedule Tilt For Friday Here

Financial Reasons Cause Game To Be Moved

The Brownwood Lions, hammered and clawed by every Class A team they have encountered this year, will invade Big Spring Friday afternoon, it was announced today.

The game was scheduled for Saturday at Brownwood. School officials, however, reached an agreement whereby the Brownwood aggregation will leave the old home town and come to Big Spring. They played here last year, and will be here again next year.

According to Brownwood officials, they have had slow going with finances down there this year on account of poor attendance, conflicting college games, not such a good team and other minor difficulties.

The game here will start at 3:30 p. m., school officials declare.

The Lions are in sole possession of cellar rights in District Two this year.

They have met the members of the Big Four all of them, but Breckenridge—and have clashed with those of the Little Six, and have been found wanting in each of the conflicts.

Big Spring is expected to cop the fray for the first time this year going into a battle the overwhelming favorite to emerge the victor.

Mid-Kansas Pays Million For Half Interest In Lease

WEWOKA, Okla., Oct. 28. (AP)—Transfer of 51 per cent of the oil and gas lease on a 140 acre tract in Section 30-5-8 near the Wewoka townsite from the Ramsey Petroleum Company to the Mid-Kansas Oil and Gas Company became known here today. The transfer was said to have involved a consideration of \$1,000,000.

The tract sold is adjoined on the southeast by the ten acre tract in which the Deep Rock Company struck the Number 1 Whitworth, which has been making around 2,500 barrels of oil a day.

Legality Of Army Touchdown Against Yale Is Questioned

NEW YORK, Oct. 28. (AP)—Football students had the problem "when is a touchdown not a touchdown" before them today as well as the growing speculation that all is not as well as it might be in the football relations of Yale and Army.

Officials at Yale announced yesterday after a review of motion pictures of Saturday's Army-Yale game that Tom Kilday, Cadet halfback, had scored an illegal touchdown in putting Army in a position to gain a 7-7 tie. They claim that the pictures, viewed in private by Head Coach Mal Stevens, Line Coach Adam Walsh, T.J. Jones, Dean Clarence Mendell and Harold F. Woodcock, general manager of the Yale Athletic Association, showed that Kilday was knocked over the goal line from behind by Stecker, a halfback mate, after he had been "stopped short of the goal in a charge from the Yale one yard line."

At the same time, Yale officials said they expected to do nothing about the situation and would accept the official decision giving Army the touchdown. It was pointed out, however, that rule 19, section one, says no player of the team in possession of the ball may help the runner except by interfering for him and there shall be no interlocked interference. A supplementary note adds that "pushing the runner or lifting runner from the ground by a team mate is an infraction of the rule. The penalty is loss of 15 yards."

While Army officials maintain that the pictures of the game and quotations of supporters of the Cadets expressed wonder at the existence of motion pictures of the game and took little pains to hide the fact that there was feeling of the Army side concerning the sportsmanship of the Eli rosters.

Yale mentions that the pictures also show the play on which Albie Booth, "quarterback ace," was smothered by Cadets and bruised so that he was forced to retire from the game on the first play in which he participated. The Yale version is that the pictures show Booth had been stopped after intercepting a long Army pass and that the referee had signalled the play at an end when Army players, picking up speed suddenly, leaped into the mass on the ground, among that mass, Booth.

Army spokesmen comment bitterly on the scenes that followed. They insist Booth was downed hard but legally and the Cadet corps, cheering his gallantly, was booed by the Eli section. Later, when an Army man was injured, Yale cheered again and this time the Cadets think the Eli had something else in mind.

While the game was hard fought and at times bitter, it is felt among the wiser minds that any ill-feeling that might have cropped out will die away with the excitement of the day.

Going DUCK HUNTING?

Read This:
Bag Limit on Ducks And Geese Increased

AUSTIN, Texas, Oct. 24.—Efforts to make the state game laws conform with federal regulations has resulted in much confusion among sportsmen, especially in the matter of bag limits in ducks and geese, William J. Tucker, executive secretary of the game, fish and oyster commission, said Wednesday.

The weekly limit on both has been eliminated. In its stead has been placed a possession limit of 30 ducks and eight geese. The daily limit on ducks is 15 and on geese four. The former weekly limit on ducks was 50.

Theoretically, if the hunter can dispose of 30 ducks every two days, the weekly bag limit on this fowl has been increased to 105, but in reality it has reduced the limit to 30, for the average hunter is unable to dispose of thirty every two days, he said. Under the former law the weekly bag limit of 50 was in reality only a possession limit. The new law will effect a saving of ducks, it is believed.

Spur Charges Upheld By Body

School Placed on Probation By Committee

AUSTIN, Oct. 28. (AP)—Charges that officials of Spur high school, member of Conference B of the Texas interscholastic league, used unethical tactics in obtaining the transfer of an athlete from the Dickens to the Spur school, were sustained here last night by the league executive committee. The committee reviewed the charges in executive session which lasted nearly four hours.

Although the charges were sustained, the committee did not expel the Spur school from the league, but placed it on probation for an indefinite period. Resolutions severely criticizing and repudiating the action of the Spur officials were adopted.

Three charges submitted by the Spur district committee were sustained.

The first alleged undue pressure was brought to bear on officials of the Dickens school to obtain a transfer certificate for Grady Edgar from the Dickens to the Spur school. The second alleged the transfer certificate of Edgar, submitted to the office of the league in Austin, did not contain the true signature of the principal or superintendent of the Dickens school. The third count charged that Edgar was used in games before his transfer certificate was filed.

Roy H. Henderson, athletic director of the league, said the committee voted to place the school on probation rather than resort to expulsion, because Edgar had not been used in any conference games by the Spur school.

Reverse Ruling

AUSTIN, Oct. 28. (AP)—Reversing its previous decision, in which athletes were barred from participating in interscholastic athletics after five years from the time they graduated from grade school, the Texas Interscholastic League yesterday held the rule inoperative for the remainder of the 1936-37 school year.

The action removed the cloud that has hung over several high school athletes and will permit use of (CONTINUED ON PAGE 4)

Old World To Play Part In Celebrations

Spooks and Ghosts Ride As City Makes Merry On Halloween

BY ADA E. LINGO Woman's Editor

Halloween for years has been the happy season for America. Fun rides high.

Ghosts walk—and so does your front gate.

Night brings giggling, scurrying figures, shrouded in sheets and pillowcases with gapping holes for the nose and mouth—strings the hair raising tap-tap of the "tick-tack" string and rest.

In the "good old days" it was nothing to find the family cow peacefully chewing her cud on top of the barn.

And we remember one Halloween when a sad, but resigned bossy was found on the stage of the High School Auditorium.

Halloween in Big Spring this season will bring almost an uncountable number of parties.

There will be two dances in Big Spring on Thursday evening, a masquerade at the Settles on Friday evening and another dance at the Settles on Saturday night.

In Midland there will be a dance on Friday night and one in Colorado on Thursday night.

For the past week we have been kept most busy with Halloween bridges and children's parties in the traditional orange and black color schemes.

Thursday is the most outstanding day in the mass of entertainments offered.

Four church parties have been reported for that evening, three socials, two dances and one banquet.

There will be four church parties on Friday night, one large children's party at the Crawford, a Halloween party at the Ritz theatre, a masquerade at the Settles and a big dance in Midland.

If that isn't whoopee enough for two nights—then take in the regular Saturday night affair at the Settles and sleep all day Sunday.

The Halloween events in their regular order are as follows:

Thursday—Regular invitation dance at the Settles Hotel.

Kiwanian banquet at the Crawford Hotel.

Dance at the Crawford Hotel.

Dance in Colorado.

Elna Hardy Philathea social for Officers and Captains at the home of Mrs. J. C. and Mrs. R. H. Holmes at 1 o'clock in the afternoon.

Methodist Senior and High Leagues will attend a party to be given by the Methodist Senior League in Colorado.

The E. N. of A's plan a Halloween party at the home of Mrs. F. L. Van Open, 710 Aylford at eight o'clock.

Mrs. A. M. Ripps will entertain the juveniles of the W. O. W. with a Halloween party at the lodge.

The Junior Department of the Presbyterian church will have a social at the church in the evening.

Friday—A masquerade ball will be given at the Settles Hotel.

The Ritz Theatre will entertain with a Halloween party.

Mrs. T. E. Paylor will entertain the members of the Junior Missionary society of the Methodist church at her home, 1702 Main street at 7:30 o'clock.

Four Bridge Clubs To Meet Tomorrow

Four bridge clubs will meet tomorrow afternoon. They are the Kilkare, the Pioneer, the Three-Four and the Work.

The Kilkare bridge club will meet with Mrs. Clint Rutherford at the home of Mrs. O. H. McAllister at three o'clock.

The Pioneer bridge club will meet with Mrs. R. C. Strain at three o'clock.

The Three-Four bridge club will meet with Mrs. Adams Talley at her home on Scurry street at three o'clock.

Mrs. Tom Ashley will be hostess to the members of the Work bridge club at her home on West Eighth street at three o'clock.

Miss Setzer Opens Class In Ballroom Dancing At Settles

Miss Martha Stezer, dancing instructor at the Settles hotel, announced today that she would open classes in the ball room dancing immediately.

There will be classes for young people, middle aged people and older people—for beginners or for those who wish to learn new steps.

This will be at six-fifteen every Tuesday evening in the Settles Hotel ballroom. She desires that those who wish to take lessons get in touch with her at the hotel or at the home of Mrs. L. E. Eddy as soon as possible.

Miss Setzer's classes are all well under way now. She wishes to announce, however, to mothers, that she has a class for children under school age on Tuesday at from three to three-thirty and on Wednesday at from eleven to eleven-thirty.

Her women's classes are on Wednesday morning from ten o'clock to eleven. She has a regular group who come now for this lesson.

Tap dancing lessons will be given for younger children at four fifteen on Tuesday afternoons and for older children (of high school age) at five-fifteen on Tuesday.

Miss Setzer divides her time (CONTINUED ON PAGE 4)

Says "Your use of the Ultra Violet Ray in the Toasting of LUCKY STRIKE ranks with the many other great contributions to the health and comfort of millions."

Here is the complete statement as authorized by JAMES A. FARLEY President, General Builders Supply Corp.; Chairman, New York State Athletic Commission; Chairman, New York State Democratic Committee

"I am certain that without the use of modern, scientific methods the skyscrapers for which our country is so justly proud would never have been possible. I am equally convinced that your modern use of the Ultra Violet Ray in the Toasting of your LUCKY STRIKE Tobaccos ranks with the many other great contributions to the health and comfort of millions and that it is responsible for the skyscraping sales of your famous brand."

Everyone knows that sunshine mellows—that's why TOASTING includes the use of the Ultra Violet Ray. LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobacco—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so TOASTING removes harmful irritants that cause throat irritation and coughing. No wonder 20,679 physicians have stated LUCKIES to be less irritating!

"It's toasted"

Your Throat Protection—against irritation—against cough

Consistent with its policy of laying the facts before the public, The American Tobacco Company has invited Mr. James A. Farley to review the reports of the distinguished men who have witnessed LUCKY STRIKE'S famous Toasting Process. The statement of Mr. Farley appears on this page.

The GOOD OLD DAYS are BACK

THERE'S been a lot of talk in late years about the good old days when money counted for something.

"Why, I used to be able to get my laundry done for \$1.50 per week... every stitch that our family used."

Or—

"I used to be able to buy a good house dress for \$2.00."

Or—

"Just remember back when the price of eggs was 25 cents and you could get a good fat hen for less than a dollar."

Great days those! But why look backward? Right now the lowest prices in years are adver-

tised in every issue of The Herald. Truly the good old days are back.

Reading advertisements haphazardly yields some benefit, of course. But the best plan is to read all the advertisements in every issue of The Herald and make a written memorandum of the things that interest you. That's real money saving!

Even though practically all prices are down, the biggest bargains are advertised in The Herald. They are the values which Big Spring merchants use to tell customers of their stores.

Don't waste time yearning for old-time bargains. Read The Herald and buy now at old-time prices.

Answered By Dr. S. Parkes Cadman

Questions from readers are answered by the Rev. Dr. S. Parkes Cadman, Pastor of the Federal Council of Churches of Christ in America.

The abuse reformers get in these days is discouraging. I have a good home and the best of parents.

Do not be unduly alarmed about it. The galled and wined. No evil has been attacked without the usual fringe of rage, misrepresentation and calumny upon its port of its defenders.

Year hesitation in taking this second matrimonial step is natural, and until the matter is settled you are sure to be fearful about the result.

How and when can I find a job? I have a good home and the best of parents.

In cold weather motors usually are hard to start, but Conoco Germ-Processed oil actually makes starting easier!

safe starting—and quick starting, even at zero temperatures.

Change now to this new oil. Use it all winter for motor safety and economy. You always will find Germ-Processed Motor Oil at stations bearing the Conoco Red Triangle.

CONOCO GERM PROCESSED PARAFFIN BASE MOTOR OIL

First: Germ-Processed oil is thoroughly de-waxed and does not congeal at low temperatures. Second: Germ-Processed oil does not drain away during periods of motor idleness.

The initial "turning over" process is made easier by the protective lubricating film which is on duty before you touch the starter. The usual 40% to 60% of motor wear occurring during the starting period is greatly reduced. Conoco Germ-Processed Motor Oil gives you

"CARDUI GAVE GOOD APPETITE"

Lady Says She Was Stronger, Nerves Better and Much Relieved of Pain.

New Orleans, La.—"I took Cardui for about four months, and it did me worlds of good," writes Miss Antonette J. Lee, of 3144 Chipewa Street, this city.

"I had been suffering from pains in my back and stomach, especially if I took cold.

"I had tried other remedies, but did not seem to get any better. I was very nervous and worried over my condition.

"My aunt, who had been taking Cardui every once in a while, told me that I ought to try it. After I commenced taking Cardui, it gave me a good appetite. My nerves were better. I was much stronger, and I was much relieved from pain.

"I certainly am very grateful that my aunt told me about Cardui."

Many other women have reported that they began taking Cardui on the advice of older members of their family, for this medicine has been in use so long its real worth is known by several generations of women.
