

Around Town

SIGHTS, FACES SEEN

Bob Wear, President of the Hereford Safety Council, will be the guest speaker for the Dawn Home Demonstration club Saturday afternoon at 2:30. He will discuss 'Safety in The Farm Home' using information furnished by the National Safety Council. This meeting will be in the home of Mrs. Bill Wilcox.

Martha Ann McCutchen, 5 years old, daughter of Mr. and Mrs. O. R. McCutchen, Hereford, was admitted to the Scottish Rite Hospital for Crippled Children in Dallas on May 16, 1951.

Carlos Vaughn and Carl Schroeder have added their story of last week's "flood" to the record. The two went to Ceta Glen Encampment Monday to work on the building and grounds. They had taken supplies for a few days, but expected to be able to replenish their needs. After Tuesday's downpour, they continued to work until Thursday. By that time they decided they had better try to get out of the encampment. Because of washed-out crossings, the two walked to the top of the canyon where they were met by Rev. Roy Ford and others who had decided to come for them.

The Llano Estacado Council of the Boy Scouts of America is launching its 1951 fund-raising campaign aimed at securing money for the \$37,620 council budget. Bob Lawrence is

A CLOSE-UP of the tornado damage to the ranch home of Mr. and Mrs. W. S. Dameron Monday shows how the twister cleaned off the roof, leaving the majority of the insulation bats still in place between the rafters. Brand Staff Photo.

Tornado Damage at Three Ranches Nearly \$10,000

THIS VIEW OF the W. S. Dameron home shows the overall picture of how Monday evening's twister tore the roof off the place, causing damage estimated from \$3500 to \$4000. This view was taken from the southwest corner of the yard. Brand Staff Photo.

Two twisting, black, tornado funnels dipped out of turbulent skies over Deaf Smith county around 4:45 p.m. Monday, leaving in their wake damages totaling about \$7500 on the W. E. Dameron and F. C. Winfrey farms, both of which are located between 20 and 25 miles northwest of Hereford.

These two twisters were the second and the third tornadoes to be reported in that part of Deaf Smith county within a 24-hour period. Shortly before 5 p.m. Sunday, a twister demolished the west 125 feet of the cattle shed on the Cecil Guseman ranch west of Hereford and north of the Harrison highway. Damages were not estimated, but Guseman said he had \$3000 insurance on the building, and he felt that would cover the loss.

No injuries were reported from any of the twisters.

In addition to the 125 feet of demolished shed, another 200 feet was damaged by the tornado. Guseman told The Brand he intends to rebuild the structure immediately.

There were no witnesses to the twister that leveled the Guseman shed, but workers returning to the ranch at 5 p.m. found the wreckage and, according to their estimates, the damage had just occurred.

Guseman felt a twister had done the damage because a cook shed directly north of the 350-foot cattle shed was untouched. A straight wind would have taken the shed, too, he surmised.

The corrugated iron roofing of the shed was rolled up into a ball and parts of the shed were strewn into the wheat fields for a distance of about a quarter of a mile.

At the Dameron farm, the twister peeled off about 90% of the roof of the newly-constructed ranch-type farm home occupied by Mr. and Mrs. W. S. Dameron.

Damage there was estimated at about \$3500-\$4000.

Just west of the Dameron place about seven miles, a tornado caused damages unofficially estimated at about \$3000 on the F. C. Winfrey farm, twisting a four-room home to an angular position on its foundation, demolished a one-room outbuilding, took the roof off a chicken house, overturned and tore up a house trailer, and tore a large water storage tank off the top of a 12-foot well house.

Mr. and Mrs. Dameron were at Brownfield at the time of the tornado. They were notified and returned to Hereford on Tuesday.

Hereford had a tornado scare about 5:20 p.m. Monday evening when Wallace Hill, who lives about four miles north of Hereford, called Sheriff J. C. Reese and told him that a

twister was over the town and the ground twice southwest of town and each time had disappeared. (Continued on page 5)

Four Santa Fe Cars Are Derailed Sunday Morning

Four cars of a westbound extra Santa Fe freight train enroute from Chicago to California hurtled off the main track at 12:25 a.m. Sunday morning about a mile east of the passenger depot, just inside the Hereford city limits.

No estimate of the damage was available from the Amarillo offices of the Santa Fe when The Brand went to press.

No injuries were caused by the derailment which tore up

about 125 feet of the main track and the one to the north of it and broke and twisted a third set of track to the south of the main line.

A full gasoline tanker, a full asphalt tanker, an empty hopper car, and a flat car were the four damaged and derailed. The flat car was wedged under the northernmost of the three sets of rails.

Cause of the crash was a burned-off journal resulting

from a hot box on the truck of an asphalt tanker car. Hereford firemen were called to the scene of the wreck to extinguish the burning hot box.

Possible serious damages were averted when officials kept spectators at a safe distance from the wreck after one of the four cars, a full gasoline tanker, was punctured, and began spilling out its 8000-gallon load. Gasoline and gasoline fumes drenched the area. A transport truck from Amarillo was called to pump the gasoline from the tank car before clean-up operations began.

Section crews were brought to the scene of the wreck immediately and began preparing the right-of-way for removal of the debris and re-laying of a track for through traffic.

The Santa Fe wrecking crew from Amarillo arrived at the scene about 4 a.m. and a crew from Clovis arrived at 5 a.m.

A track to allow trains to pass the scene was readied by 6:45 a.m.

Salvage operations continued all through Sunday morning as spectators watched the crews from the edge of the highway. Two cranes lifted the derailed cars back onto the trucks. The wrecking crews finished clean-up operations by 1 p.m. Sunday.

Mr. and Mrs. J. R. Robinson and daughter Penny left Sunday for Dallas, Ennis and Waco where they are transacting business and visiting with relatives.

No Ruling Yet On New Trial For Lovelady

State's attorney and defense counsel appeared before County Judge L. H. Foster Monday morning in a hearing on the law regarding a motion filed May 15 for a new trial in the case of Karl Lee Lovelady, Muleshoe attorney convicted in county court April 18 for driving while intoxicated.

John Aikin and Wayne Thomas, attorneys for Lovelady, filed a 16-count motion for a new trial in the office of the county clerk on May 15.

Among the 16 points contained in their motion for a new trial and expanded at the hearing Monday was a charge of jury misconduct supported by an affidavit of one of the jurors who charged prejudice on the part of another juror against anyone who took a drink.

Another point raised by Lovelady's attorneys in the hearing was on the method of selection of the jury. Aikin and Thomas said the two men on the jury were not properly selected. The name of S. S. Dodson appeared on the jury list as S. F. Dodson and Roy Bickford's name appeared as Roy Pickford on the jury list. S. S. Dodson and Roy Bickford served on the jury.

Lovelady's attorneys contended that even a slight deviation from the statutes constitutes an error and that Dodson and Bickford were not eligible jurors.

(Continued on page 6)

Scouts Will Collect Clothing Saturday

The Hereford Boy Scouts will try to put over their clothing drive for the needy in one day—Saturday. Everyone is requested to have clothes they wish to donate ready and on the front porch when the boys call.

Officials of the drive said the clothing should be clean and usable. All kinds of wearing apparel, except high heel shoes and ladies hats, will be accepted. Wearing apparel for men, women and children, all good bedding, such as quilts, blankets, sheets and pillow cases, and shoes will be needed.

If possible, the scouts would

like to have the clothing put in paper cartons, otherwise each housewife is requested to tie the clothing in bundles and place it on the front porch.

Those who will not be at home Saturday are requested to leave their bundles with neighbors or bring them to the collection truck at the corner of Main and Fifth streets on Friday and Saturday, May 25 and 26.

Trucks will start their work at 1:30 Saturday afternoon.

S. O. Wilson, chairman of the collection, said the clothing will be used by 18 world relief organizations. Troy Moore is serving as chairman of trucks and cars for the collection.

The leaders of the drive urge everyone to do his part to put the campaign over in one day.

DWI Charges, Check Case in County Court

Two Deaf Smith county men pled guilty to charges of driving while intoxicated last week. William Glenn West was fined \$50 and \$29.30 costs Saturday after he pled guilty to a DWI charge. He was arrested on Saturday.

Burr Davidson pled guilty on Saturday also to a charge of driving while intoxicated on May 18. He was fined \$100 plus \$29.30 costs.

In another county court case, Gladys Davidson pled guilty to charges of swindling with a worthless check and was fined \$1 plus costs of \$28.30.

Mr. and Mrs. Stewart Owen and children of Oklahoma City visited briefly with relatives here Monday. They stopped here enroute home from a vacation in New Mexico.

Six Teams Will Form Softball League Thurs.

The formation of a six-team league will be planned Thursday night at the American Legion diamond prior to the Hereford Hardware-Magnolia softball game.

The managers of each team are asked to meet there for discussion of the league and preliminaries to drawing up a schedule.

Teams entering the league are: Knights of Columbus, C & R Cleaners, Dawn, Summerfield, Hereford Hardware, and Magnolia Petroleum.

THIS IS THE NIGHT SCENE along the Santa Fe right-of-way early Sunday morning following the midnight derailment of four cars of an extra Santa Fe freight. The flat car lying across the picture extending into the right corner is wedged under a set of track. Brand Staff Photo.

SALVAGE OPERATIONS for the Santa Fe freight car derailment early Sunday morning are shown in the above picture. Here the derailed gasoline tank car is being lifted onto the tracks as workmen in the rear of the photo are pushing a set of trucks under the end of the car in the right corner of the picture. Brand Staff Photo.

HHS Graduates 83 Friday Evening

Eighty-three students are to be graduated from Hereford High school Friday evening when commencement exercises will be held in the high school auditorium at 8 o'clock.

Dr. J. A. Hill, president emeritus of West Texas State college will be speaker of the evening. Supt. George Graham will introduce the speaker, and A. J. Schroeter, president of the school board, will present the diplomas.

Mrs. J. C. McCracken will serve as pianist, and Rev. S. E. Eldridge will give the invocation. Two musical numbers will be presented, "The World Is Waiting for the Sunrise", sung by the girl's sextet, and "The Perfect Day", sung by the senior sextet.

Honor students of the 1951 graduating class include Patsy Wiltshire, valedictorian; Nan Buckner, salutatorian, and Neal Lomenick, highest ranking boy.

Seek \$3500 Damages In Qualls Accident

A \$3500 damage suit against in a two-car collision at the Freshe Bread company of corner of Union avenue and Amarillo was filed May 21 in "E" avenue on February 1, 1951 the district clerk's office by Silas Wayne Qualls Sr. for his and his son were riding in the minor son, Silas Wayne Qualls car at the time of the accident.

Settlement asked for in the petition include \$2000 in damages and \$1500 for physical pain and suffering. Attorney for the plaintiff is James W. Witherspoon.

WILLIS DUFUR, 16-year-old son of the farmer employed on the Dameron farm, points to where a piece of 1x8 lumber from the demolished roof entered an oak cross tie and broke off. Brand Staff Photo.

By JIMMIE GILLENTE

Pioneer Day has finally come and gone—and I never saw so many salloy looking faces. Sank Ramey, Gerald Wilson, Bob Blount and Bob Manning, the champion, are all in this class. I don't know if the whiskers sapped their vitality—or what, but they certainly don't look natural. I was kidding Troy Moore about leaving his mustache and he told me that it was an outgrowth of his Pioneer Day whiskers back in 1939. He says he became so attached to the "little rascal" that he just decided to keep it. I'll bet those fellows really do miss their beards just a little bit.

Another interesting development of the celebration was the Pitman Chain Company float which, in my opinion, was one of the most unusual floats ever seen in a parade in Hereford. So many people were talking about it that I checked to find out who was responsible. The gang around the elevator give all the credit to Art Manjeet. Even Genevieve Egerle, refuses to claim any credit. They say that Art got mad because they didn't have anything in the calf show parade—and started to work. He engineered the whole deal, but got a little outside-help. He spent more than 30 days in constructing the model elevator which was made to exact scale with the real elevator.

The elevator tanks were made of sheet metal, then painted white. The tops and bottoms of the tanks were made of wood. They plan to store the scale model for future exhibition. It was a wonderful job.

S. O. Wilson says people aren't showing much interest in the Boy Scout Old Clothes drive, slated for next Saturday. He stresses the fact that the clothes must be clean and usable. Also that folks put them on the front porch—and he definitely plans to complete the drive in one afternoon. It is pretty well organized, but so many stories have leaked out that people don't seem very excited. However, he says that you can rest assured that the clothes will reach the proper folks. The Scouts will start collecting Saturday afternoon. Rural residents are urged to leave their bundles in collection trucks, Main and Sixth, any time Friday and Saturday. Town residents who will be away were also invited to leave bundles in the collection trucks.

He says it is important to get them in on these days because they have free hauling to California immediately following—and not later. S. O. has worked hard on this job. He thinks it is a wonderful movement, and personally endorses it.

Hereford definitely needs some small factories or, perhaps, some sort of industrial payroll. This would do more for the community right now than any one single thing. It should become a No. 1 "Must" project with the Chamber of Commerce directors.

Meanwhile, what is happening to our schools? You don't hear any more about them since the bond issue failed. Will the kids wind up sitting on apple boxes again? The Trustees have a most difficult job. I am sure that they were sincere in pointing out the school needs.

Even if they make a mistake along, it's their job to keep pushing us until we do something about the situation. What's the score? What's in future plans?

Have you noticed the cartoons we are running on our editorial pages each Sunday? Sam Nunnally is doing a good job on them. He draws one to fit an editorial each week, a feature which is afforded by very, very few newspapers—and then only larger papers like the Dallas News and New York Times. Quite a few papers use syndicated cartoons, but homespun jobs like Sam furnishes are rare indeed. If you like them, give him a pat on the back. He spends quite a bit of time on them and I think he is doing a worthwhile job.

Jackie Allmon, who is working part-time at The Brand office, is a little bit worried. He made a higher grade in Spanish than he did in English. However, he is mighty happy—and says he is not about to go to Mexico on the strength of his Spanish grade.

A lot of people are predicting a bigger row crop than even in 1950. This might be exceptionally good since a lot of the area competing in grain sorghums last year are this year planting cotton. Some folks figure \$3.00 grain sorghums this fall, due to possible shortages. Most of this talk has developed since the big rains. Boy, this country is one of extremes. When it's dry, it's plenty dry and when it rains, it really rains.

Probably the most unusual thing about the recent Pioneer Day was the number of cameras along the streets. I never saw so many cameras. I'll bet 10,000 pictures were made during Friday and Saturday. The real feature of the gathering, however, was the swapping of stories of the old timers. They really get a bang out of these gatherings—and this fact should never, never be overlooked.

A few years ago the whole Hereford Fire Department got just a little bit peeved at me because I criticized them. Today I am ready to take it all back. I sincerely believe that Hereford has the very best volunteer fire department in Texas. They are really on the ball. The way they get on the spot, dig in and do their job would be a credit to any fire department in the country. Furthermore, the City deserves a big hand for the fine equipment which the Hereford department now boasts. If every organization in town were doing such a jam-up job as the fire department there wouldn't be anyone to fuss with. There may be better fire departments in towns this size, but I will have to see them before I will admit it.

I have seen the Hereford boys in action three times during the past 30 days and each time I have been greatly impressed by their efficiency, their cooperation—and the results. To back this up is the fact that key rates are on a downward trend. They'll drop even further, too, but a big fire to impense for any fire department. Even then, our boys will be in there doing a first class job of fire fighting.

NEWS FROM EASTER

Visiting Main Item of Interest This Week in Easter Community

By Mrs. Wendell Markley Sunday guests in the W. A. Epperson home were Mr. and Mrs. O. B. Robertson of Sumnerfield and Mrs. Ben Mobley and daughter, Janice Sue. Mr. and Mrs. Luke Johnson of McLean visited Mr. and Mrs. Dee Johnson Friday and Saturday.

Lee Parker, W. A. Epperson, and A. H. Brown visited Rendie Hackleman in the Dimmitt hospital Sunday. Hackleman had his arm severely burned. Mr. and Mrs. Ivan Bowerman of Chickasha, Okla., visited her grandfather, J. S. Smith, Friday.

Mr. and Mrs. Bill Carthel are the proud parents of a baby boy born Friday night at the Dimmitt hospital.

Mr. and Mrs. Olin LaPlant and daughters, Glen Bell of Hereford and Miss Evelyn LaPlant, were dinner guests of Mr. and Mrs. Wendell Markley on Sunday.

Mr. and Mrs. A. H. Brown visited Mr. and Mrs. G. H. LaPlant Sunday afternoon. Mr. and Mrs. L. B. Wortham are vacationing in California. They left Wednesday.

Mrs. Loraine Sisk is undergoing treatment at Hendrick Memorial hospital in Abilene.

DAMAGE AMOUNTING to about \$800 was inflicted on this 1949 Mercury owned by Leon Warren Denton of Hereford shortly before noon Monday when Denton struck the rear of a flat bed semi-trailer truck. There were no personal injuries in the crash.—Brand Staff Photo.

THE CEILING of the kitchen of the ranch home of Mr. and Mrs. W. S. Dameron was damaged as shown in the above photo. Ceiling damage to the adjoining living room was limited to a hole where a piece of 2x4 was driven through it.—Brand Staff Photo.

La Gioconda is the real name of da Vinci's famous painting known as the Mona Lisa. Originally the dollar was subdivided into halves, dimes, and cents; there were no quarters. Thomas Jefferson was the first U. S. President to send a written message to Congress.

Long Time Ago

45 Years Ago

Since it has been definitely decided that there will be a democratic primary election held in this county and perhaps in Castro county, we give below a synopsis of the Terrell Election Law.

A company with a capital stock of \$5,000 is being formed to put into operation an automobile line from Canyon City to Lubbock to be used for passenger and express purposes. The company will be a great improvement over the present mule-car system.

The money has been raised by local subscription for purchasing a large tent, costing \$500, to be used in the camp meeting which is to take place here this summer.

Mr. and Mrs. Walter Farwell who have large interest in the XIT ranch and whose home is in Chicago will soon move to Channing. Mrs. Farwell was called "The most beautiful woman in Chicago society" in the "Beauty Book".

A large audience, all of whom could not be seated, assembled to witness the program prepared by the graduating class of the public schools. The class this year was composed of Sam Bratton, Earl Kibbe, Myrtle Witherspoon, Leta Boone, Nellie Robinson, Nannie Hughes, Bessie Lay, Audrey Aggo, and Pattie Estes.

An outfit is now at work putting in a telephone line from Hereford to the ranch headquarters of the George G. Wright Land Co.

If it had been predicted four years ago that this country would ever grow 35 bushels of wheat and 75 bushels of oats per acre, it would have been treated as the lightest kind of jest. From present indications this year will surpass all others in agricultural advancement and we truly believe our lands will be selling for twenty-five dollars per acre within the next eighteen months. Wheat, oats, and alfalfa are doing the work.

All that Hereford lacks being a splendid city is a system of sidewalks and better sanitary conditions. At present, it is safe to state that she is entirely wanting in both.

A. H. Morrow of Oklahoma was in Hereford a few days this week endeavoring to induce the people to go in with him in building a flouring mill in this city. . . but it was soon learned that he wished the people to build it and give it to him to run. Or at least he wanted a cash bonus of \$2500 which of course he was told he could not get; so he went on his way to greener fields.

25 Years Ago

Officers of the Hereford High School Athletic Association, organized in 1924, are Director, C. W. Humble; business manager, Artis Russell; vice-president, Jess Russell; secretary-treasurer, Oliver Ray; senior representative, Gordon Witherspoon; junior, Price Barrett; sophomore, George Murphy; freshman, George Jowell.

Over \$1,000 was paid to farmers last Saturday by the local produce houses for eggs. Local farmers received almost that much for eggs on that same date.

The Ladies Bob Shop will be open all the time again and

J. L. McFARLING JR., son of Mr. and Mrs. J. L. McFarling of Hereford, will receive his degree June 1 from Texas A & M. McFarling's picture arrived at The Brand office too late for the Sunday paper which carried stories and pictures of college graduates from Hereford.

Hospital Notes

Patients in Hospital: Mrs. H. W. Melton, med.; Mrs. A. S. Boll, OB; J. O. Clark, T&A; Mrs. Bess B. Roloson, med.; Connie Lee Burns, med.; Mrs. Clara Bell Layman, med.; Douglas Campbell, med.; C. L. Lloyd, med.; Jerry Zachary, Friona, surg.; Mrs. Lester Wagner, surg.; C. M. Phipps, acid.; Sherman Chapman, Midland, surg.; E. A. Edwards, med.; Mrs. Mike Baird, med.; John Ross, surg.; Mrs. J. M. Watson, Friona, surg.; Boyd Knox, surg.; Mrs. E. J. Shea, surg.; J. A. Hardin, Med.

C. Hewitt, med., 5-22; Mrs. U. C. Menard, med., 5-22; Anaya Cruzita, accid., 5-23; Mrs. Carl Perrin, surg., 5-23; Mrs. H. V. Fields, med., 5-22; Shirley Smith, med., 5-21; Mrs. R. L. Bickford, med., 5-21; Barry Hudson, T&A, 5-21; Mrs. S. M. Easley, OB, 5-21; Mrs. Raymond Mobley, Dimmitt, OB, 5-21; Mrs. Betty R. Whisenand, surg., 5-19; Mrs. Margaret Walls, med., 5-19; Sue Nell Sumner, surg., 5-19; Mrs. Earl D. Hopson, OB, 5-23.

Births: A daughter, Dawn, was born to Mr. and Mrs. Earl D. Hopson, May 19.

POPPIES TO BE SOLD Miniature "Flinders Fields" accented with the rows of bright red poppies were placed in all church entrances Sunday in remembrance of war veter-

ans. Mrs. Billy Graham and her committee members, Mrs. Wilbur Davis and Mrs. James Wilde, have announced that members of the American Legion Auxiliary will sell poppies Saturday all day. The veterans are paid for making the poppies and the money from the sale of the poppies goes to assist with the work of the Veteran's Hospitals.

Son Is Born

Mr. and Mrs. O. J. Beene of Friona are the parents of a baby boy borne Saturday, May 19. He has been named Ramey Carroll.

Mrs. Beene is the former Miss Decima Ramey, daughter of Mr. and Mrs. Edwin Ramey of Dimmitt. Mrs. J. W. Beene of Hereford is the paternal great-grandmother.

HERE IS THE WRECKAGE of the car in which Lorrain Stark, 57, met his death Sunday evening four miles east of Friona at a Santa Fe railroad crossing when the car was struck by the eastbound Grand Canyon Limited.—Brand Staff Photo.

Tornado...

(Continued from page 1)

appeared into the clouds. Hill told Reese that the twister was a big one and that it looked bad. He feared it might come out of the clouds again and hit Hereford. Reese went out into the area but found nothing, he reported.

The tornado reported on the Dameron farm hit at 4:45 p.m. Monday evening, according to Mr. and Mrs. Sherman Dufur and their 16-year-old son, Willis, who were eye-witnesses to the destructive twister. The Dufurs work on the Dameron farm and live in a house about 100 feet north of the main farm home.

Young Dufur told The Brand that they watched the twister from about 300 yards west of the farm and that it hit immediately.

Mrs. Dufur watched the tornado from the window of their home. Dufur and his son were outside at the time the twister hit. They were putting up the chickens about 150 feet from the wrecked house. Young Dufur said that it got so black he couldn't see his father 10 feet away. Mrs. Dufur said the wind lifted the roof twice and the third time carried it off.

Debris from the roof was scattered in the path of the twister for about 1800 feet. Large sections of the roof were carried as far as 1000 feet.

The twister did some funny things with the debris from the roof. All along its path after it hit the house could be found pieces of board driven securely into the ground. About 250 feet from the house, a piece of 1x4 was driven solidly into an oak cross tie and broken off. Fifteen hundred feet from the house, a piece of 1x8 was wedged between the top strand of the barbed wire fence and the fencepost. A 2x4 was driven about 30 inches into the ground about 200 feet from the farm house.

The hot water heater vent pipe was lifted off the heater and pulled through the roof, leaving a clean round hole in the roof and not disturbing the rest of the heater.

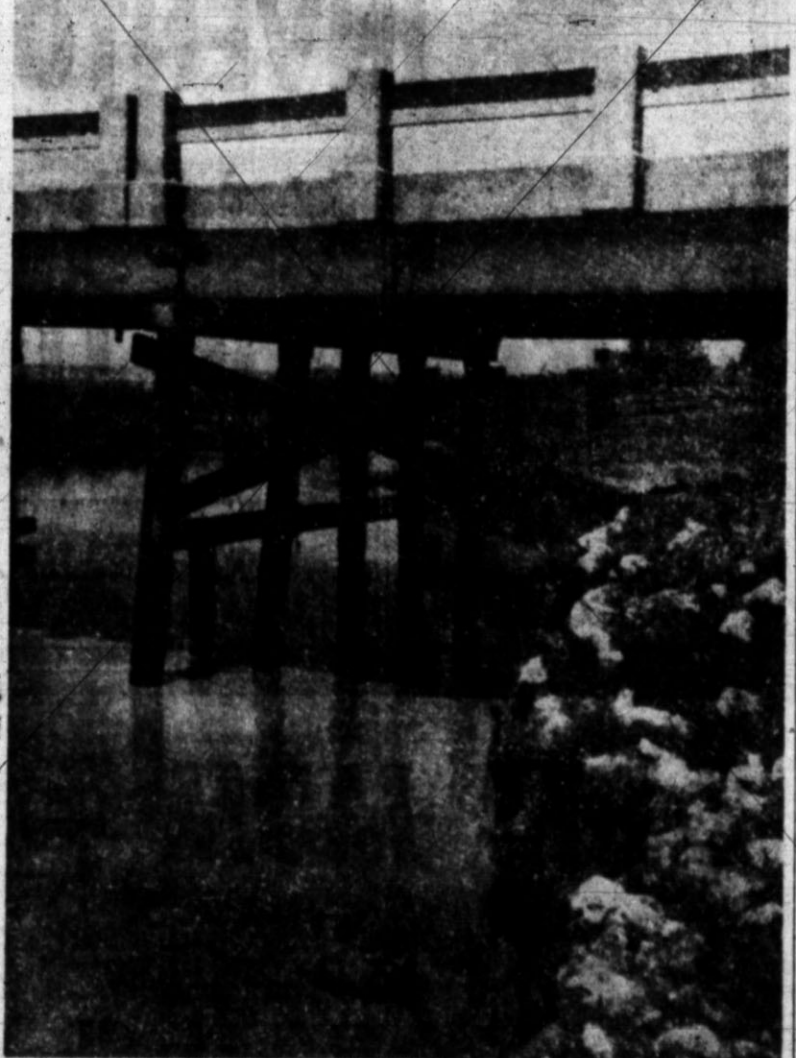

Young Dufur said the tornado was preceded by a strong hail storm. The wind was coming from the east, stopped, shifted to the west, and then came the twister. Dufur said the funnel, which looked like a large whirlwind, was "teetotally" black.

The interior of the Dameron house suffered damage also. A large hole was torn in the ceiling of the kitchen and a piece of timber was driven through the southwest corner of the livingroom ceiling.

Mr. and Mrs. Dameron moved into the house last September. The Dufurs have been at the Dameron farm for about two months.

The Dufurs drove to Hereford and notified Wayne Evans and Earl Stagner. Warren Owen was also notified to disconnect the electricity at the Dameron place. The Dufurs and the others moved furniture from the roofless Dameron home to a place of shelter.

There were no witnesses to the twister on the Winfrey farm, according to Mrs. F. C. Winfrey. There was apparently no rain there, either, she

THIS PHOTO SHOWS how the high waters of the past 10 days have weakened the Tierra Blanca bridge west of Hereford. The bank from the wooden pilings to where it is shown in the right corner of the picture fell victim to the swirling waters from the record rains. One-way traffic with a 5000-pound load limit was imposed on the bridge by the highway department as a safety precaution.—Brand Staff Photo.

Student Induction Postponed Until Scholastic Standing Is Obtained

AUSTIN — Brig. Gen. Paul Wakefield, state Selective Service director, today announced receipt of a Selective Service order postponing induction of all students until they can furnish local boards with scholastic standings or results of college qualification tests.

The order will give students time to furnish necessary information local boards will need in considering student deferments. The induction will not be postponed beyond August 20, 1951.

Upon receipt of necessary evidence of scholastic standing or score attained on the test, indicating satisfactory status as set forth in Selective Service regulations, local boards "shall reopen and consider anew the classification of any student" registrant, the order read.

"Such deferred college students are still liable for service," General Wakefield stressed.

Damage from the twister was first discovered by her brother-in-law, L. W. Winfrey, who went to the place about 7 a.m. Tuesday.

Mrs. Winfrey said the foundation for the four-room farm home would have to be rebuilt. At Hereford, residents were concerned with the looks of the sky at the time the twister did its damage on the Dameron farm. There was about 25 inches of rain in this cycle.

"This deferment plan is merely designed to let as many young men as possible, who would normally go to college, carry out their plans, and then put in their obligatory service."

The order also reiterated instructions issued earlier regarding the 30-day postponement granted all students beyond the end of their academic year to enlist in a service of their choice or to secure employment in essential industry.

The above policy was designed to implement the intent of Congress that students should be encouraged to continue in school until the end of their academic year and, at the same time, preserve the right to choose branch of service.

In his order, General Hershey requests local boards to consider for deferment all college graduates who secure employment in a critical occupation in essential industry which the employer has not otherwise been able to fill.

Mr. and Mrs. Billy Bob Jackson and children and Mrs. R. R. Jackson are scheduled to return home this week end from Austin where they visited Billy's sister and Mrs. Jackson's daughter. They also visited in Houston with Mrs. Billy Bob Jackson's parents.

The Hereford Brand, Hereford, Texas, Thursday, May 24, 1951

Around Town

(Continued from page 1) campaign chairman for the local district.

A. T. Ford, electrification advisor for the Deaf Smith County Electric cooperative, attended a three-day adequate wiring conference in Austin last week. Wiring terms, methods, safety practices, and planning of wiring jobs were the main parts of the program.

Vern Witherspoon, president of the newly organized Mid-Plains Pioneer Association, has announced that old settlers wishing to join the organization may do so by sending their names, addresses, and \$1 membership fee to Mrs. Corinne Jennings, treasurer. Everyone is eligible who moved to the area 40 years or more ago. Old-

timers who met here Saturday to form the organization were enthusiastic about its prospects in regard to keeping in touch with each other and reuniting once each year.

Mrs. Oliver Rudd reports the jackrabbit drive mentioned by Burl Elliston, was on April 1, 1925. Mrs. Rudd, the former Irene Ledford, and others chased rabbits until the dirt storm got so bad they couldn't see. They went to Dimmitt for the barbecue, but the sandstorm had ruined it. She reported one rabbit was put in the pen—not driven in as planned, but picked up and put in. Mrs. L. W. Carlyle also says the rabbit drive was in April, 1925 and the much talked-about snow in May, 1917. She brought a photo in to prove the date of the snow, which is written on the back of the pic-

ture at the old Borden home.

At a recent district meeting of the Veterans of Foreign Wars a resolution submitted by the local chapter was adopted in regard to caring for naval personnel injured en route to physical examinations under a plan similar to that already in operation by the Army and Air Force. Frank A. Giles Jr., local commander, said the resolution will next be submitted to the state and then to the national convention, who will present it to Washington if it sees fit.

After hearing a discussion by Fr. Raymond Gillis, ex-chaplain, the local VFW agreed to help furnish beds or furnish one room completely if a small hospital can be established at the Hereford Labor Camp. A plan suggested by Gillis in his discussion at the VFW meeting last Thursday evening, Gillis is pastor of the St. Joseph's Mission at the Hereford Labor Camp.

In the story of results of the cancer drive in Deaf Smith county in The Sunday Brand, only actual money raised from the canasta tournament was credited to Beta Sigma Phi, a total of \$277. While organizing the tournament, members of the sorority collected a total of \$630 in contributions including tourney entrance fees. Thus, through efforts of the sorority, the county goal of \$6-12 was reached even before the drive actually opened. Total contributions for Deaf Smith county were \$923.05. Mrs. V. O. Hennen, a member of Beta Sigma Phi, served as chairman of the campaign.

Accident Monday Results in \$800 In Damages

A 1949 Mercury driven by Lon Warren Denton, Box 321, Hereford, suffered about \$800 in damages Monday morning when Denton attempted to pass a semi-trailer flat bed truck in the 600 block on Highway 60. Denton failed to clear the rear of the truck, smashing the front end of his automobile. No injuries were reported from the accident.

Driver of the 10-ton semi-trailer was Kenneth Lee Stephens of El Paso. The truck was owned by the El Paso Natural Gas company. No charges were filed as a result of the collision.

L. Stark Killed By Train Sunday

Lorrain Stark, 57, was killed instantly Sunday evening at 6:30 p.m. when the car he was driving was struck by the Santa Fe railroad crossing four miles east of Friona.

Stark was returning to the small farm home he shared with M.C. Jordan on the place belonging to the victim's brother, W. B. Stark, only 200 feet from where he was killed.

Rain was falling at the time of the accident. He was hit by the overdue train which normally arrived in Hereford at 4:48 p.m.

The impact of the crash carried the 1940 Ford about 150 feet from the crossing. The motor was torn out and the body of the auto was carried 50 feet past the motor. Parts of the car were strewn in a 100-foot radius from the body of the auto. The hood was carried about a half mile down the track.

From the windshield up, the auto was torn and laid to one side like it was hinged from the main part of the body. The interior of the auto was a shambles.

Stark's body was found inside the demolished automobile. Funeral services for the victim will be held at 10 a.m. this (Thursday) morning at a church in Curtis, Okla. The body was sent to Curtis by Gilliland's Funeral home.

Stark, a bachelor, was born January 18, 1894 in Illinois. He moved to Texas in 1937 from California, moving to the place where he resided at the time of his death.

Survivors include a brother, W. B. Stark and the following sisters: Mrs. Hazel Tinnaman of Curtis, Okla.; Mrs. R. D. Williams of California; Mrs. Ruth Russell of Tulsa, Okla.; and Pauline Friend of Tulsa, Okla. A nephew, Wayne Stark of Hereford, also survives.

Amaro Charged On Aggravated Assault Count

Ricardo Amaro was charged in county court on May 23 with aggravated assault on a complaint filed by Deputy Sheriff S. B. Berry.

Amaro, a resident of the Mexican labor camp southwest of town, was charged with beating Mrs. Ricardo Amaro with his hands and his fists on May 22.

He pled guilty and was sentenced to 60 days in the county jail Wednesday.

Lovelady...

(Continued from page 1)

Wayne Thomas, in his argument before the court, said the defendant and his counsel were not present when the jury list was read and the jurors were impeached before the defense counsel knew of the discrepancy.

County Attorney Howard contended that the defense counsel knew before any evidence was presented that a mistake had been made. The county clerk had called the fact to the attention of all lawyers in the case and the defendant waived objection, Howard charged.

Lovelady's counsel charged introduction of other testimony in the jurors deliberation in the statement of personal knowledge of one of the jurors. Alkin said the proof of jury misconduct was clear.

Howard countered that other testimony introduced must relate to a material issue in the case to constitute grounds for a new trial.

Lovelady's attorneys told the court of a new witness who could testify for their client. Howard argued that the defense counsel knew of the witness at the time of the trial.

Alkin told the court that the defendant insists he was not given a fair trial by jury. There was a question, Alkin said, of whether Lovelady was given a fair and impartial trial in view of the fact that one juror was clearly, definitely, and openly prejudiced.

Alkin told the court that he (Alkin) drew the conclusion that Lovelady was convicted for ever taking a drink and then getting behind the wheel of an automobile.

Both sides submitted briefs on the law to Judge Foster for his consideration and study. No ruling has been made on the motion as yet.

J. V. Pickens Won First Prize At Opening

Several hundred persons attended the drawing for \$1000 in prizes offered at the grand opening of the Hereford Motor company Saturday, May 19.

First prize of \$500 down payment on a new Mercury was won by J. V. Pickens of Hereford. A second prize of \$250 down on a new Ford was won by S. Villaseor of Hereford.

Third prize of \$75 credit on repair work went to Velma Kemp. George Suggs won \$50 credit on repair work as fourth prize. A fifth prize of \$25 in credit on repair work went to W. H. Garrett and Mrs. H. D. Buse won the \$10 prize for credit on repair work.

Twelve other prizes were awarded at the grand opening, which was held as part of Pioneer Day.

Frio Revival Is June 3 to 10

Rev. A. C. Hardin of Cisco, Texas, will be the evangelist for the revival at the Frio Baptist church beginning Sunday, June 3, through Sunday night, June 10. Rev. Hardin is well known in West Texas, having conducted revivals in many churches in the area.

Services will be held twice daily, 10 o'clock each morning and 8:15 each evening. Rev. R. L. Shannon, pastor of the Frio church, extends an invitation to the public to attend.

Rev. Shannon states that many Baptist leaders consider Rev. Hardin one of the outstanding evangelists in West Texas. He was pastor several years at Post and several years at Tahoka before entering the evangelistic field. Later he became pastor at Sundown and worked among the oil field workers.

Air Corps Assistance Makes a Hit With Boys Ranch Youngsters

Part of the Air Force personnel stationed at the Amarillo Air Base Thursday night put aside their training for warfare when one officer and three enlisted men went to the aid of the boys at the famous Boys' Ranch, located 40 miles northwest of Amarillo.

Boys' Ranch, cut off from the outside world by flood waters, was unable to obtain its regular food supply which was becoming low. Ordinary traffic to Boys' Ranch was made impossible by the road mud-bogs and the rampant Canadian River which left its banks in the early stages of the Panhandle's three-day torrential downpour.

Hearing of the plight of the boys and their supervisors, Colonel A. J. Mason, Executive Officer at the Base, immediately dispatched two trucks to Cal Farley, founder and president of Boys' Ranch, for the mis-

sion. One of the trucks, a six wheeler, and another lighter truck, manned by the lieutenant and three enlisted men, made the night run carrying the food supplies successfully through the high waters. They remained overnight as guests of their happy hosts, the boys of Boys' Ranch.

The boys were quite relieved and pleased to see the two trucks loaded with food enter the Ranch gate. As one boy put it, "Heck, I wasn't worried at all when I found out the Air Corps were sending trucks. When I get big I'm going to be one of them soldiers myself."

Virginia colonists bought wives on the wharf at Jamestown in 1620 for 100 pounds of tobacco per wife.

Draper 4-H Girls Study Cooking

A demonstration on cheese fondue was given by Miss Doris Mahaffey, assistant county home demonstration agent, Thursday afternoon at the meeting of the Draper 4-H club. Each member was given the recipe which she is to make before the next meeting.

With Kaye Kerschen presiding, the girls answered roll call by "What I Like to Cook Best". Marilyn Russell led the club in singing the club song.

Sharon Brinkman played "Yellow Tulips" and "New Shoes".

Refreshments of cookies and punch were served by Miss Russell to Kaye Kerschen, Sharon Brinkman, Marilyn Russell, Erlene Connally, Roma Frisch, Bernadette Benzer, Laura Jane Lamb, Miss Mahaffey, and Mrs. Bartlett.

The next meeting will be held on June 7, at the home of Mrs. Bartlett, 310 G Street.

YOUR NEIGHBOR COULD BE A CROOK

Suppose someone came up to you and whispered that in your ear. Maybe you had thought your neighbor an honest, respectable fellow who paid his bills and minded his own business.

But a statement like that would start you wondering. If you heard it over and over, you would start wondering more and more.

Stop and think about it. The gossip didn't say your neighbor is a crook... and didn't give you facts to back it up. He didn't really say anything. Your minister could be a crook, but he isn't.

That's the way it is with a lot of the propaganda against rural electric systems. It doesn't come right out and say there is something wrong with our business. It just hints that there is. Maybe you hear these hints in some radio commercials or read them in magazine advertisements. Maybe eventually you begin wondering about us.

As a locally-owned, locally-controlled business, we want everyone in this community to know us... understand what we do and how we do it, what we believe in and how we operate.

Come In and See Us and Get the Facts.

WINNERS OF the square-dancing contest held Saturday night at Hotel Jim Hill as part of the Pioneer Days celebration was a set from the Texas Star Square-Dancing club, shown above. Four sets entered the contest. First prize was \$25 or a plaque. Members of the winning set are, first row, from left: Mrs. Jack France, Mrs. Glen Nelson, Mrs. Cecil Rockwell Jr., and Mrs. Charles Dye. Back row, from left: Jack France, Glen Nelson, caller, Cecil Rockwell Jr., and Charles Dye. V. O. Hopson, who danced as partner with Mrs. Nelson, was not present for the picture. Clubs entered in the contest were the following clubs: Ye Olde-Fashioned Square Dance club, Checkered Shirts and Swirling Skirts club, and the Sal and Joe Square Dancing club.—Elmer Patterson Photo.

6000 MILES FROM HOME

Holland "Just As I Had Imagined" Resident Says

(By Dorothy Nell Avery)
 (Editor's Note: This is the third of a series of articles written by Dorothy Nell Avery, daughter of Mr. and Mrs. R. T. Adams, formerly Dorothy Nell Adams, now spending four years in Germany with her husband, Warrant Officer Harold Avery, who is stationed in Bremerhaven with the Special Service Section.)

Holland: The land of canals, windmills and tulips and that is just what it is. As we drove through Holland, we saw the flat green fields, where black and white cows grazed, the straight canals at almost regular intervals, the low farm-houses with their stiff clumps of trees promised nothing but ceaseless monotony of outlook to us; but then as we neared Amsterdam we saw fields of tulips with windmills scattered throughout. Later we learned there were three types of windmills in Holland, one for grinding grain; one for sawing logs and one for pumping water. The nature of the soil, the proximity to the ocean, the generations of skilled hands, have all made their contributions, so that today Holland is famed as the "Country of Tulips".

Little Holland owes much of its territory to a ceaseless battle against the water. For centuries a nation of dike-builders has been pushing back the sea. Inland lakes which gnawed greedily at the land were restrained. With the help of dikes, canals and windmills, reclaimed land has been made over into fertile fields, carpeted with golden, waving grain or lush meadowland for the famous Dutch cattle.

The population of Amsterdam is 860,000, surrounded by water with canals running through the city dividing the old from the new; 450 bridges within the city built over the canals.

The main railroad station is completely surrounded by water.

The queen's palace, in the center of the city, sets within a square called "The Dam Square". We saw their Museum of Arts and the world famous picture "The Night Watch" painted by Rembrandt in 1606.

Also went through one of their diamond factories; this particular one is about seven stories high, covers a square block, very modern inside and out. The guides explained the process of the diamonds which are imported from East Indies.

The diamonds reach the factory in rock form, similar to glass or clear rock. The first process—the cutting, which takes twelve hours of constant cutting with bronze machinery which consists of a sharp wheel, that turns 350,000 revolutions per minute, diamond dust is sprinkled on the wheel and this dust does the cutting not the wheel. The second process; cutting of the base for the setting, here again a diamond is used to cut another diamond. Third process—shaping of the diamond and there are hundreds of shapes, round, square, pear shape, triangle, etc. Fourth process—making the points in the diamond; this determines the value of the diamond, their best diamonds have 58 points each. Here again diamond dust mixed with oil is used to polish them which is the fifth process. There are many different colors of diamonds—blue diamonds are the most expensive. We saw their smallest ones and their largest one, the latter still in rock form—when cut will make about 600 carats.

Next on our tours was to the Marken Island—traveled by bus about 20 miles then by ferry

one hour across the Zuyder Zee. There the people wear native costumes—boys and girls wear long hair and dresses; boys wear their first pants when they are seven years old, have their hair cut for the first time when they reach eight. Boys and girls look alike except for the type of cap they wear—girls wear an oblong lace cap; boys wear a round skull cap. Girls wear long hair and long dresses all time. They can become engaged at eighteen but cannot marry until they are twenty-five years old; they have never had a divorce since it was inhabited in the 14th century.

The women wear long dresses with lace caps; the men wear big loose black wool pants with black fur caps. Everyone on the Island wears wooden shoes; farmers wear yellow ones; fishermen wear white ones. Farming and fishing are their main occupations.

The Holland Government supplied the island with electricity and running water ten years ago—1941. Their homes consist of two rooms, the living room and kitchen. The living room is large with built in beds for the parents, babies sleep in a built in cradle inside the parents bed, here they sleep until they are two years old; then they sleep in another built-in bed below the parents bed until they are seven years old, then they sleep in the attic. Everything is handed down from generation to generation, including china, clothing, etc. The only decorations are china plates hanging on the walls, handed down from generations.

The kitchen is small with a ladder leading up to the attic where the older children sleep. Before a couple can get married, the girls must make and

embroider everything for their bed—the boy must carve a pair of wooden shoes which he wears to his wedding.

There are 1400 people—27 clans on the Island. They are not allowed to marry anyone off the island, anyone off the island can not marry anyone on the island. I am sure by now they are marrying kin.

The people in the cities dress as we do and they do not wear wooden shoes, only in different provinces do they still wear long skirts, long hair and wooden shoes. The Amsterdam buildings are very modern,

streets very wide and most, everyone owns their own home. The people of Holland are extremely friendly, some speak English, some speak German.

All have one thing in common—they have a great dislike for the Germans. When Hitler over-ran Holland all their cranes along the harbors were sunk; their ships were seized and all food and supplies were taken out of Holland to Germany. Before the war Holland had enough food to feed all nine million people for six years; during the war the Dutch suffered for lack of food and free-

dom. Everyone we came in contact with expressed their respect for Americans and they have not forgotten the day the Americans liberated them from the Germans. So far they are the best dressed and most friendly European people we have seen yet.

Their main occupations are farming, which includes raising of corn, wheat, tulips and numerous other flowers, cattle raising; cheese factories, fishing, diamond factories and canning plants. Most all their cars are American made and most everyone owns a car. All their machinery is imported from

various countries; cars, trucks and buses are imported from America.

Holland is just as beautiful as I had imagined it was when I studied about it in school.

FEATURED IN THE HEREFORD GARDEN CLUB FLOWER SHOW Saturday were iris. The above specimens from the cultural division include four varieties, Dutch spuria, concho bearded, and large bearded.—Bill Patton Photo.

BRANCHES IN-MOTION AND SHADES OF EVENING appropriately describe these flower arrangements which were exhibited at the "Iris Around the Clock" flower show held by the Hereford Garden Club Saturday at Southwestern Public Service. Each of these arrangements won an award. The one at the right was arranged by Mrs. John P. Slaton as "shades of evening." From left to right, the three "branches in motion" arrangements were entered by Mrs. James Black, Mrs. F. M. Kester, and Mrs. Art Manjeot.—Bill Patton Photo.

Spring Flower Show Held With Pioneer Day Celebration Saturday

"An Iris Parade Around the Clock" was the theme for the Spring Flower Show held by the Hereford Garden Club in the Southwestern Public Service Building Saturday. The general staging of the show featured the face of a clock and all entry cards featured a

clock. The overall show was rated a red ribbon by the judges despite the handicap of the weather. The heavy rains which fell for days preceding the show rendered the flowers less perfect but had little effect on arrangements which were as per-

fect as gardener's skill can make them. There were 58 entries in the cultural division, 9 in the Garden Division and 40 in the Artistic. Many old varieties and many new ones were shown with some varieties shown of

iris just released.

In the Horticultural Division 1-Cultural, section A, class 1—(white) Mrs. Jim Black won 1st. Mrs. A. O. Thompson 2nd. Class 2-B (stitched) Mrs. W. S. Fluit 1st. Mrs. A. O. Thompson 2nd. Class 5-B (yellow) Mrs. John Jacobson Jr. 2nd. Mrs. A. O. Thompson 3rd. Class 6-B (yellow with white) Mrs. John Jacobson Jr. 1st. Mrs. A. O. Thompson 2nd. Mrs. W. S. Fluit 3rd. Class 8-A (buff pinks and salmon blend) Mrs. A. O. Thompson 2nd. Mrs. W. S. Fluit 3rd. Class 9-A (rose pinks) Mrs. A. O. Thompson 1st. Mrs. Homer Brumley 2nd. Class 9-B, Mrs. A. O. Thompson 3rd. Class 10-Reds, Mrs. W. S. Fluit 1st. Mrs. John Jacobson Jr. 2nd. Class 11 (violet) Mrs. Homer Brumley 2nd. Mrs. A. O. Thompson 3rd. Class 12-A (blues) Mrs. Jim Black 1st. Mrs. W. S. Fluit 2nd. Mrs. E. Ramey 3rd. Class 12-B (blues) Mrs. A. O. Thompson 1st. Mrs. A. L. Manjeot 2nd. Mrs. C. C. Ferguson 3rd.

Division 1-Section B. Onco Bearded. Class 1, Mrs. A. O. Thompson 1st. Mrs. W. S. Fluit 2nd. Mrs. J. P. Slaton 3rd. Honorable mention to Mrs. Jim Black. Class 2-A Mrs. A. O. Thompson 1st.

Spurea (white) Division 1-Section C, Class 3, Mrs. A. L. Manjeot 1st. Dutch Iris (white) Division 1, Section D, Class 1, Mrs. A. O. Thompson 1st. Mrs. F. M. Kester 2nd. Mrs. J. P. Slaton 3rd. Class 2—(yellow) Mrs. A. O. Thompson 1st. Mrs. Floyd West 2nd. Mrs. O. G. Hill 3rd. Honorable mention, Mrs. F. M. Kester. Class 3 (blue) Mrs. Homer Brumley 1st. Mrs. F. Ramey 2nd. and Mrs. Jim Black 3rd.

Siberian (blue) Division 1, Section E, Class 1, Mrs. W. S. Fluit 1st.

Mrs. A. O. Thompson was sweepstakes winner of the Horticulture Division.

Division II—Garden Division Section A, Class 9 (pink) Mrs. A. O. Thompson 2nd. Class 12 (blue) Mrs. A. L. Manjeot 2nd. Class 11 (blue) Mrs. Jim Black 3rd. Class 10 (red) Mrs. A. O. Thompson 1st.

Dutch Iris, Section D, class 2 (yellow) Mrs. Jim Black 3rd. Section D, Class 3 (blue) Mrs. Homer Brumley 1st.

Siberian, Section E, Class 1 (blue) Mrs. W. S. Fluit 1st.

Black, 2nd. Mrs. E. Ramey, 3rd. Breakfast table, Class 2, Mrs. Lyle Blanton, 2nd. Class 4, Brunch (for blue ribbon winners only) Mrs. J. P. Slaton, 2nd.

One o'clock luncheon, Class 5, Mrs. Jack Roberson, 1st. A May Day Tea Table, Class 6, Mrs. A. O. Thompson, music tea, 1st. Mrs. A. L. Manjeot, bird's announcement, 2nd. Mrs. Homer Brumley, May Pole, 3rd. Honorable mention, Mrs. W. S. Fluit.

Branches in Motion, Class 7, Mrs. A. L. Manjeot, 1st. Mrs. Jim Black, 2nd. and Mrs. F. M. Kester, 3rd. Class 8, Sunset, Mrs. J. P. Slaton, 1st.

Class 9, Twilight, Mrs. John Jacobson Jr. 1st. Mrs. A. O. Thompson 2nd. Mrs. E. Ramey 3rd. Honorable mention, Mrs. E. E. Fridley.

Monochromatic Dinner Table Arrangement, Class 10, Mrs. A. L. Manjeot, 2nd. Moonbeams, Class 11, Mrs. O. G. Hill, 2nd. Iris Grand Parade, Class 12, Mrs. A. L. Manjeot, 1st. Mrs. W. S. Fluit, 2nd. Mrs. A. O. Thompson, 3rd. Honorable mention, Mrs. Jim Black. Mrs. A. L. Manjeot was sweepstakes winner in the Artistic Division.

Educational Division The fourth division of the show was the educational division in which Pioneer Celebration in progress, were emphasized. This was done by contrasts depicting "The Yester-years" fifty years ago, and "Today". Exotic oriental poppies in black glazed pottery were accentuated with a miniature silver air plane. An added feature was a reminder for vacation time emphasizing good manners out of doors.

Judges were Mesdames Hugh Tolleson, J. A. James and Larry Williams, nationally accredited Judges, of Amarillo, and Mesdames Joe Miller, Chas. Johnson and Ed West, also of Amarillo who have completed flower judging training and are recognized by the state.

Mrs. W. S. Fluit is president of the club, Mrs. O. G. Hill served as general chairman for the flower show. Other committees included: Mrs. Ralph McCullough, Mrs. M. T. Rutter, general flower show. Schedule: Mesdames John Jacobson Jr., A. O. Thompson, Jim Black. Staging: Mesdames Homer Brumley, M. T. Rutter, Floyd West. Entries: Mesdames Ralph McCullough, E. W. Young, C. C. Ferguson, Hardy Benson. Classification: Mesdames W. S. Fluit, J. P. Slaton, A. O. Thompson. Publicity, Mrs. A. L. Manjeot. Judges, Mesdames Lyle Blanton, E. Ramey, Clerks, Mrs. Jim Black. Awards: Mrs. Lyle Blanton and Mrs. Jim Black. Hospitality: Mesdames E. Fridley, F. M. Kester, F. H. Oberthier, W. S. Fluit, Leroy Aven and Jeff Gilbreath. Finance: Mrs. John Jacobson Jr. Education: Mrs. A. L. Manjeot.

Local Explorers To Get "Flying Time" at Reese

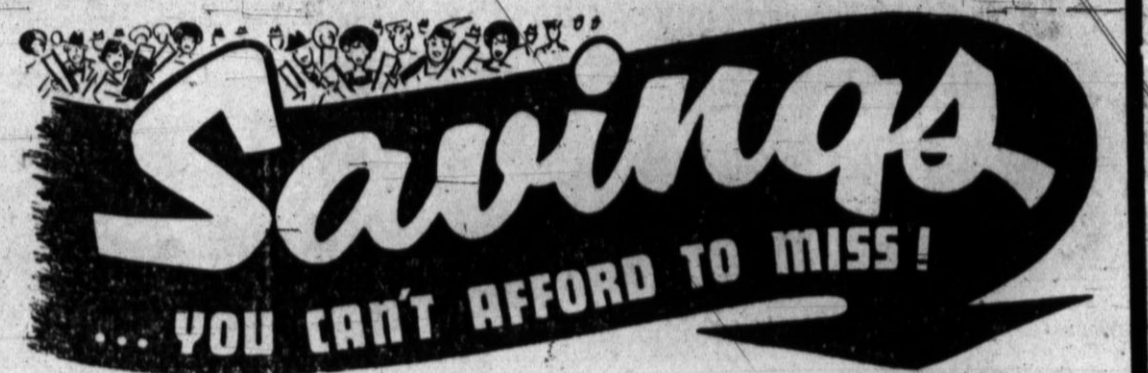

Explorer Post 50 will be represented by 10 or 12 boys at the Explorer encampment Friday and Saturday at Reese Air Force Base where approximately 160 Explorers from all over the Panhandle will take part in the activities. Bill Phillips, post advisor, is planning to accompany the boys.

The Explorers are expected to begin arriving at Reese Friday afternoon. They will be housed on the base in the area near the gymnasium and will take their meals at the Consolidated Dining hall.

Following the supper hour on Friday, the boys will assemble in the base gymnasium where an Air Force official will welcome them to Reese. Following their welcome, they will be shown movies depicting survival training and combat. Saturday the Explorers will be taken on a familiarization tour about the base. Each Explorer will get "flying time" in a TB-25. Trips will be made to the flight line, field sanitation, link trainer section operations and weather. They will view an aircraft display.

The Explorers are scheduled to break camp at 2 p.m. Saturday. Counties to be represented are Armstrong, Dallam, Deaf Smith, Hartley, Moore, O'Dham, Potter, Randall, Sherman, Swisher, and Farmer.

Noah Webster was 40 years of age when he began writing the dictionary, and 70 when he completed the work.

Miami Team Won Calf-Roping Event

Roping teams from four towns entered the calf-roping contest sponsored Sunday afternoon by the Hereford Riders as the climax to the Pioneer Days celebration.

The Miami team, comprised of Rudolph Rankin and C. M. Coffee, won the first prize for the event with a team time of 124.5 seconds.

Rankin's time for three calves was 71.4 seconds and Coffee's time was 53.1 seconds for three times.

Coffee, a diminutive lefty, put on a good exhibition of roping to win the jackpot event also with a time of 16 seconds flat for one calf.

Bovina's entry, Robert Calloway and Johnny Hans, took third place with an aggregate time of 265 seconds. Calloway roped his three calves in 146.9 seconds and Hans made it in 118.1 seconds.

Deroy Cates and G. Keller of Dimmitt took second place with a team time of 184.7 seconds.

The Hereford team—Spicer Gripp, did not have an aggregate score. Spicer Gripp had a total of 165.5 for his three calves and O. G. Hill didn't have a score given because he missed his last calf.

In the second event, a jackpot contest, seven ropers entered. Lefty C. M. Coffee of Miami won that event with a tie for the fastest time of the afternoon, 16 seconds flat. Each contestant had one calf.

Coffee's team-mate from Miami, Rudolph Rankin, was second with a time of 18.3 seconds.

Thirteen ropers entered the third jackpot with Robert Calloway winning that event with a 16-second performance. C. M. Coffee of Miami, was second with 17.3 seconds.

After the roping contests, the Hereford Riders put on a square dance on horses for the goodly-sized crowd that witnessed the afternoon's activities.

Dub Hair Twirls No-Hit Opener

Dub Hair turned in a masterful no-hitter Monday night at the American Legion diamond to lead his Hereford Hardware team-mates to a 9-1 decision over the Magnolia Petroleum team in the season's softball curtain-raiser.

The lanky hurler had things under complete control throughout, retiring the first 16 men to face him. Not a ball was hit out of the infield during the entire game as Hair either whiffed or pounded the ball into the ground. The only Magnolia players on base during the game were put there through errors.

The Hereford hurler contributed measurably to the scoring of the game, also, pounding out a four-bagger off the Oiler Pitcher Bars. Two other Hereford homers were pounded in, in right field by Leftfielder Leiland Alderson.

George Loerwald at second base and John Kelly at first turned the best fielding performances of the evening.

Three runs were scored by Hereford in the second inning, and one in the fourth. Five runs were scored in the top half of the seventh stanza.

Magnolia's tally came in the bottom of the sixth.

The game was played under the arcs at the American Legion diamond. Play was slowed somewhat by the damp ground.

Another contest between the two teams has been scheduled for Thursday night at 8 p.m.

A team from Dawn has asked for a game with the local team and a team from Summerfield has contacted the Hereford team for a game also. More teams are being sought so a softball league can be organized.

Vera Gives Trudell Tough Time in Saturday's Bout

Rolando Vera, fast and rough customer from Monterey, Old Mexico, stepped into the ring at the Bull barn last Saturday night and made an immediate hit with local wrestling fans by poising off the unpopular Benny Trudell, Canadian ruffian.

The Canadian had about a 50 pound edge over the crafty Mexican, but that didn't help him a bit. Trudell's illegal actions kept the fans on him constantly during the one hour event.

The Mexican grappler rapidly became a favorite with the Hereford cash customers by the way he handled the hard-tomane Canadian. Trudell conceded after the match that this was his toughest match in a long, long time. That was obvious to the 400 fans gathered at the match.

The Trudell-Vera match was the second main event of the evening—but was by far the best and the most lively.

Trudell took first fall in nine minutes with his own personal hold, a Canadian back-breaker.

Hickson waved Vera in for the kill and Trudell headed for the ropes. Vera chased Trudell to all sides of the ring and brought the Canadian back into the ring with a series of flying head-locks.

Den 1, Pack 50, Den Mother, Mrs. C. L. Morris: Cubs, Larry Morris, Bobbie Tyler, Gary Wayne, Derrill Carroll, Jerry Dave Morris.

It was after the initial fall that Vera got tired of Trudell's tactics and got his dander up enough to go at the Canadian with all he had. The wily Mexican finished things as far as the second fall was concerned with a body press and leg stretch in a quick nine minutes.

Den 2, Pack 50 Cubs Leldon Womble and Carroll Whiteside.

Action between the second and third falls livened up more considerably than even the action in the early part of the match. Referee Billy Hickson, who did a bang-up job as the third man in the ring, had to

Den 3, Pack 50: Den Mother, Mrs. W. D. Jones. Cubs Ronnie Jones and Den Chief, Gary Slaughter.

In the first go of the evening, also a two out of three fall, one-hour time limit event, George Curtis and Balk Estes walked through three falls. Curtis taking the edge over the Indian (Continued on page 2)

Den 4, Pack 50: Den Mother, Mrs. Edna Lee Collier, Cubs, Pete Plank, Skeet Collier, Jerry Mitchell, Jackie Cooper, Eddie Skypala, George Heard, Roger Hamilton, Gregory Combs, David Brumley.

Mrs. Archie Scott, Cubs, Den Chief, Wayne Scott, Durward Jacobs, Donald Roland, Philip Roland, Wendel Roe, and Edsel Roe.

Roe Wins 75-Yard Dash at Palava; 80 Hereford Cubs, Parents Attend

Hereford Cub Scout Edsel Roe, Den 5, Pack 50, returned wearing a blue ribbon for having won in the eight-year old 75-yard-dash held Saturday, May 12, at the 13th Annual Cub Palava, Llano Estacado Council, Boy Scouts of America in Amarillo, Ellwood Park.

Pack 33 of Dumas carried home the majority of honors for the seventh year. Hereford received mentionable reward for the enthusiastic attendance of 80 cubbers, parents and visitors.

Serving as Palava Scout Masters were E. L. Ladd, Pack 50, and Bruce L. Miller, Pack 52. H. L. Newman and C. L. Morris furnished drinks and assisted the den mothers.

Palava events on which annual scores are given include attendance, pack yell, soft ball throw, tug-o-war, sack race, Do This-Do That Drill, and the eight, nine and ten year-old 75 yard dash.

Entries from the various dens included:

Den 1, Pack 50, Den Mother, Mrs. Colby Conkwright: Cubs Joe Reinauer, Jim Conkwright, Edwin Morrison, Jim Fowikes, Richard Smith, Lewis Block.

Den 2, Pack 52, Den Mother, Mrs. H. L. Newman: Cubs Billy and Bobby Ladd, Albert Schroe-

Rites Held for Two-Year-Old Michelle Barber

Funeral services were conducted in Lubbock Friday morning for Michelle Barber, age 2, daughter of Mr. and Mrs. Flake Barber of Lubbock and granddaughter of Mr. and Mrs. Frank Barber of Hereford.

The baby died in Goodnight hospital at 1:20 a.m. Thursday. Schilders encephalitis, an in-

curable disease which decomposes the fatty tissue of the brain, was the cause of death. On March 6 the parents took the baby to Baylor Hospital in Dallas where her illness was diagnosed as Schilders encephalitis. She had been ill two months.

Rev. David L. Zacharias was in charge of services at Westminster Presbyterian church in Lubbock. Burial was in Tech Memorial Park in Lubbock.

Survivors in addition to the parents and paternal grandparents, are Mr. and Mrs. A.

H. Gentry of Gulfport, Miss., great grandparents, Mr. and Mrs. W. A. Edwards of Gulfport; uncles, Major G. A. Barber, Roswell, N. M., Jack A. Barber, Lubbock, Frank Barber Jr., Sterling City; aunts, Mrs. Orland Newell, Hereford, Mrs. J. E. Guirm, Worland, Wyo., and Mrs. A. P. Jones of Amarillo.

Mrs. Rosa Speer left this week for Bennett Springs State Park, Mo., to visit her daughter and son-in-law, Mr. and Mrs. Werner W. White.

The Styline De Luxe 3-Door Sedan (Continuation of standard equipment and trim illustrated is dependent on availability of material.)

America's **Largest and Finest Low-Priced Car!**

Here's why we say **LARGEST!**

It's **LONGEST**—measuring 197 1/2 inches from bumper to bumper. You can see that extra length—and feel it in the smoother ride!

It's **HEAVIEST**—flipping the scales at 3140 pounds.* You can feel Chevrolet's big-car solidness in its steady, even way of going!

It has the **WIDEST TREAD**—spanning 58 3/4 inches between the rear wheels. That wider base means better roadability—helps steady the ride!

You'd expect to pay a little more for the largest low-priced car... longest, heaviest, with the widest tread. But not with all its extra size and weight—all its exclusive features—Chevrolet is the lowest priced line in the low-price field.

*Styline De Luxe 4-Door Sedan, shipping weight.

Here's why we say **FINEST!**

FISHER BODY QUALITY • UNITIZED KNEE-ACTION RIDE • VALVE-IN-HEAD ENGINE ECONOMY • WIDE-VIEW CURVED WINDSHIELD • JUMBO-DRUM BRAKE SAFETY • SAFETY-SIGHT INSTRUMENT PANEL • TIME-PROVED POWER *Slide* AUTOMATIC TRANSMISSION. (Continued from page 1)
from Oklahoma.

The exhibition put on by the two grapplers failed to impress the local fans as to many of the "blows" struck failed to hurt the way the grapplers indicated.

The lack of color in the opener was overcome by the rough and tumble action of the final match.

Estes won the first fall in 15 minutes with a one-legged crab intended to be a Japanese crab.

Curtis took the second fall of the match with a knifer—an abdominal stretch—in 10 minutes.

Curtis took the third fall and the match with a body press over Estes in 15 minutes.

Both Estes and Curtis are excellent wrestlers with plenty of ring know-how, but they failed to show the paying customers a bout like Trudell and Vera did later in the evening.

Church Notes

In the absence of Bishop Henry Seaman, who is attending a two-weeks ministers college in Washington, D. C., Joe Smith served as lay reader Sunday morning at the St. Thomas Episcopal Church.
Sunday morning services are held at 8 o'clock. A lay reader will also be in charge next Sunday.

The regular schedule of service for the Assembly of God Church includes: two radio programs on Sunday, 7:45 a.m. and 1:00 p.m.; Sunday school, 9:45; morning worship, 11:00; young people's meeting, 6:45; evangelistic service, 7:45. Mid-week services are held at 7:45 on Wednesday evening, and the Women's Missionary Council meets Thursday afternoon at 2 o'clock. Rev. S. E. Eldridge is pastor.

At the First Presbyterian church, 7th and Lee, services include: church school, 9:45; morning worship, 11 o'clock; evening worship, 7:30. Rev. Russell Wingert is pastor.

Services at the Church of the Nazarene, Fourth and Jackson, include: Sunday school, 10 o'clock; morning worship, 11:00; evening service, 8 o'clock, and mid-week service, Wednesday evening, 8:00. Rev. Roy Bickford is pastor.

The 10-day meeting at the Church of Christ will open on Sunday with Frank Smith of Shawnee, Okla., as guest speaker, and J. B. Roberts of Canyon directing the singing.

Week day services will be held twice daily, 7 o'clock a.m. and 8:30 p.m. Bob Wear, minister, extends an invitation to the public to attend the services.

Regular services of the Church of Christ on Sunday include Sunday school, 10 o'clock; morning worship, 11 o'clock; young people's meeting, 6:45; evening worship, 7:30. The daily radio program is at 9:30 each morning except Sunday when program time is 9:15.

Registration for the vacation Bible school at the First Chris-

tian church will begin Saturday morning at 8 o'clock. The children will be through in time to attend the regular Saturday morning show.

Sessions of the vacation school will begin Monday and continue all week. Mrs. O. H. Culpepper will serve as superintendent of the school.

A schedule of Ceta Glen conferences and camps, as announced by The First Christian Church includes: young people's conference, ages 15-25, June 3-9; Chi Rho camps, either June 10-15 or June 17-22; junior camp, fourth, fifth, and sixth graders, July 23-27; family camp, July 27-29.

Sunday services at the First Christian Church include: church school, 9:45; morning worship, 10:50; youth groups, 6:30; evening worship, 7:30.

Because of annual conference being in session in Abilene, there will be no Sunday morning or Sunday evening worship service at the First Methodist Church on Sunday, May 27. Sunday school will be held at the usual time, 9:45.

Vacation Bible School at the First Methodist Church will begin June 2, and continue through June 9. The closing exercises will be held during the Sunday evening service on June 10.

Parents who have children in the kindergarten, primary and junior departments are urged to send their children to the vacation Bible school.

Beginning the Sunday schedule at Immanuel Lutheran church is the Sunday school and Bible class hour at 10:30 a.m. The children will study the lesson titled "The Lord's Prayer". The hour of worship begins at 11:30 a.m. with Pastor Lichtsinn delivering the sermon.

KPAN carries the weekly radio program of the church on Saturday morning at 8:45 a.m. The Lutheran Hour is carried over KAMQ, Amarillo, on Sunday evening at 6:30 p.m.

In the near future the church will organize a new Bible class especially for its high

FRIO NEWS

Spring Revival at Frio To Begin June 3; Roads in Bad Condition

By Mrs. Owen Andrews

The spring revival at the Frio Baptist church will begin Sunday, June 3, with Rev. A. C. Hardin conducting the services

and Wade Thompson leading the singing. The meeting is scheduled to run through June 10.

Rev. Hardin, an evangelist, makes his home at Cisco. He has been pastor at several South Plains churches, the last one being at Sundown.

Rev. R. L. Shannon of Frio has worked with him in revivals at Meadow.

The Vacation Bible school is being planned for the last of June.

Practically Marooned
A part of the community is practically marooned with lakes and washed out roads. Residents of the western part of the community during really rainy weather have to go south to the farm road by the Carl Frye place and east to the Dimmitt highway before they can get to Hereford or to Frio.

Lakes and bad road conditions are getting beyond the joking stage. The bus hasn't run except Monday afternoon since the big rains started last week, and parents have to make long drives to take their children to school.

Several from Frio attended the baccalaureate service for the Hereford High school seniors last Sunday night. Miss Gladys Thompson of Frio is a member of the class, and Miss Evelyn Benson played for the high school choir on the program. Miss Sue Berryman is a member of the choir.

Mr. and Mrs. C. E. Roberts of Wellington spent the week end with their daughter, Mrs. Robert Simpson and family. Mrs. Simpson's sister and her family also visited them Saturday

night and Sunday. Jerry King of Amarillo was a guest of Clark and Glenn Andrews Saturday night and Sunday.

Mr. and Mrs. T. L. Sparkman visited Sunday afternoon in the home of Mrs. Sparkman's cousin, Bill Buchanan, in the Palo Duro community. Other guests in the Buchanan home included an aunt, Mrs. Jennie Buchanan and her son, Cleo Buchanan and family, all of Manteca, Calif., who were on their way to Oklahoma to visit other relatives.

Mr. and Mrs. Raymond Mobley are the parents of a daughter, Karla Kay, born Thursday, May 17, at Deaf Smith county hospital. Kent, young son of the Mobleys, is staying at Dimmitt with his maternal grandparents, the McMahaons, this week.

Mr. and Mrs. J. C. Simpson are parents of a son, James Edward, who was born Saturday, May 19, at the Dimmitt hospital. Their daughter, Shirley, is staying with her paternal grandparents this week.

Mr. and Mrs. Henry Andrews attended to business in Lubbock Thursday.

Mr. and Mrs. David Yandell and Rose Marie of Tahoka spent the week end in the Olin Parrish home. They report that Tahoka only received about an inch and a half of rain last week, and they were planning to start planting cotton the first of this week.

Mr. and Mrs. Floyd Cole and children and Mr. and Mrs. Harold Shearhart and children went to Houston last week end to visit their brother, Ralph Cole.

Doyle Johnson was ill the last of the week with a virus infection.

The H. D. Robbins family attended baccalaureate services for the West Texas State graduating class, of which their daughter

and Wade Thompson leading the singing. The meeting is scheduled to run through June 10.

Rev. Hardin, an evangelist, makes his home at Cisco. He has been pastor at several South Plains churches, the last one being at Sundown.

Rev. R. L. Shannon of Frio has worked with him in revivals at Meadow.

The Vacation Bible school is being planned for the last of June.

Mr. and Mrs. Floyd Cole and children and Mr. and Mrs. Harold Shearhart and children went to Houston last week end to visit their brother, Ralph Cole.

Doyle Johnson was ill the last of the week with a virus infection.

The H. D. Robbins family attended baccalaureate services for the West Texas State graduating class, of which their daughter

ter, Lyla, is a member, Sunday morning in Canyon. They also attended graduation exercises Monday morning.

Misses Evelyn Will and Virginia Brock spent Saturday night and Sunday with Misses Veradelle and Frances Andrews.

Mr. and Mrs. T. L. Sparkman Jr. and family moved the first of last week from their

home two miles south of Dawn to the property they purchased two miles east of Hereford. They are living in the four upstairs rooms while remodeling the house and adding more rooms. The Sparkmans bought the place from Donald Henslee and sold their house, improvements and a small acreage to Reece Stewart.

PICK A DODGE "Job-Rated" PICK-UP

Prize Winner ON EVERY COUNT!

ONLY Dodge Trucks offer glyrol Fluid Drive!

Before you buy any pick-up, let us give you a demonstration in a Dodge with Fluid Drive! You'll discover driving ease, convenience, load protection, and safety offered by no other pick-up.

Only Dodge has it! This Dodge exclusive—available on 1/2-, 3/4-, and 1-ton "Job-Rated" trucks—saves wear and tear on more than 80 vital parts. It reduces repairs . . . lengthens truck life. It makes driving easier . . . protects your load. It helps avoid wheel-spinning . . . increases tire mileage.

FIRST in Load Space!

Haul more payload with a Dodge 1/2-ton pick-up. Take your choice of a low-side body with 31.41 cu. ft. capacity or an optional high-side body with 44.16 cu. ft. capacity—more load space than any other popular pick-up of comparable wheelbase. These trucks also have lower loading heights to save work time.

WINNER in Visibility!

Drive in safety—with the biggest windshield of any popular make! Enjoy wide, clear, forward vision through an area of more than 900 square inches. You'll get a good close-up of the road—with the new, lower hood line. You'll have excellent side- and rear-visibility, too!

CHAMP in Easy Handling!

It's a cinch to maneuver, park, and drive these pick-ups in traffic! They turn sharper than comparable trucks—because Dodge gives you cross-steering, wide front tread, and short wheelbase. They steer easier, too, thanks to the worm-and-roller steering gears and a new, more comfortable steering wheel angle. Try 'em and see!

TOPS in Plus Features!

Only Dodge gives you all these extra-value features: Revolutionary new "Oriflow" shock absorbers for matchless riding comfort on any road. Four-ring pistons with chrome-plated top ring for dependability and economy. Exhaust valve seat inserts to reduce valve grinding. Moistureproof ignition. Wide running boards for safe footing. 45-ampere generator. Independent hand brake. Two fuel filters. Heavy-duty radiator.

Come in Today
FOR THE RIGHT DEAL AT THE RIGHT PRICE! EASY TERMS!

PROMISE for the future

You see the bright promise of wonderful tomorrows in the young . . . from the colts that roam the blue grass to the boys and girls who will be tomorrow's leaders. There's still plenty of time for them.

But what of your own wonderful tomorrows? Have your plans for family security based on economic independence become a "someday" dream, wistfully recalled by a picture like this?

There's a way you can still assure that independence—a way you can protect your future and your family's future. Your friendly Equitable representative can tell you how. Why not have a talk with him soon?

EVEN DOGS HAVE to celebrate occasionally, and Sandy, the Golden Retriever belonging to J. Roy Oswald seems to be enjoying the ice cream cone being given to him by Mary Ruth Oswald. The picture was taken during a lull in the Pioneer Day celebration.—Bill Patton Photo.

Home Nursing Class to Organize School to Hold Closing Picnic

By Bertha Frye
Those interested in taking the Red Cross home nursing classes are requested to contact Mrs. Dudley Rutherford, civil defense chairman at once. To conclude their school activities for the year, the Dawn school children will have a picnic at Elwood Park in Amarillo Friday. Last Friday most of the children attended the parade and pioneer celebration in Hereford.

Miss Mary Frye, who has been teaching in the Muleshoe schools the past year, returned to her home Saturday.

Mr. and Mrs. Bill Carthel are the proud parents of a son, born at the Dimmitt Hospital Friday, May 18. Mrs. Carthel is the former Ann McCabe, daughter of Mr. and Mrs. H. V. McCabe.

Guests in the Coley Arender home Friday and Saturday were his brother and sister-in-law, Mr. and Mrs. Clyde Arender of Big Springs.

Mr. and Mrs. T. L. Sparkman and children moved to their newly-remodeled home on the highway between Dawn and Hereford last week.

Mr. and Mrs. Reece Stewart and children of Stratford have

moved to their new home, the one the Sparkmans vacated just south of Dawn.

Mr. and Mrs. James Slough and children spent the week end visiting Mrs. Slough's parents, Mr. and Mrs. Fred Houston at Perryton.

Mr. and Mrs. Lloyd Airhart and James spent Sunday with the L. G. Airharts and the George Rahlfs at Happy.

Miss Donna Airhart was able to leave the hospital at Plainview Wednesday of last week and is now convalescing at the home of her sister, Mrs. George Rahlfs in Happy.

Mr. and Mrs. Wesley Cox and sons have returned to their farm after completing their school term at Perryton.

Mr. and Mrs. Charles Corder spent Saturday in Amarillo. Mrs. Johnnie Carathers and children were Amarillo visitors Saturday.

Miss Dorothy Airhart is expected home on leave from Ft. Benjamin Harrison, Ind., the latter part of this week before returning to the Pentagon in Washington, D. C.

Mr. and Mrs. L. M. Turner of Hereford have been assisting Mr. and Mrs. Henry Turner at the Dawn Mercantile the last

few days.

Mr. and Mrs. Lewis Smith and their daughter, Mrs. Norman Miller, were called to the Plainview hospital by the illness of Mrs. O. T. Hewitt of Silverton. Mrs. Hewitt, the former Sybil Smith, is reported doing nicely.

Young Robert Eldon Caraway spent last week with his grandparents, Mr. and Mrs. J. R. Oglesby at Etter.

Mr. and Mrs. Robert Kerzschel recently had as dinner guests, Mr. and Mrs. Ray Kerzschel, Mr. and Mrs. Charles Berch, and Mr. and Mrs. Ed Jesko.

TIE YOUR APRON STRINGS ON REDDY AND LEAVE . . .

.. THE REST TO YOUR Electric RANGE

Yes, your automatic electric range—and Reddy Kilowatt—keep on working while you're away from your kitchen. With an automatic electric oven you can prepare an entire meal before you leave and have it start to cook while you're far away enjoying your shopping trip, your church work, your civic activities. When you return, just open the oven and call out to the family—"Dinner's Ready!" It's just that easy.

Don't be tied to your kitchen. Tie your apron strings to Reddy and leave the rest to your automatic electric range.

On December 27, 1776, George Washington was made dictator of the United States—the only one we have ever had.

Wilbur Shaw thinks so much of this new Chrysler, he has selected it as Pace Car for the 1951 Indianapolis 500-mile race.

"I've just driven the most powerful car* in the U.S."

WILBUR SHAW, AMERICA'S MOST FAMOUS DRIVER, DRIVES NEW 1951 CHRYSLER—REPORTS TO YOU ON REVOLUTIONARY FIREPOWER ENGINE AND HYDRAGUIDE POWER STEERING

Here are Wilbur Shaw's reactions—in his own words—as taken down by a recording machine in the car:

"The '51 Chrysler has it! With this new engine and power steering, the first on any U.S. car, it's a whale of an automobile.

"I'm completely bowled over by the ease of steering!
"This steering combined with the automatic trans-

mission . . . is the nearest thing to an automatic pilot for a car I can possibly imagine.

"This engine . . . I can't get over the amount of power and snap in this engine . . . it's incredible!
"I drove 111 miles with the feeling I had expended no more effort than in driving around the block.

"When Mrs. Shaw drove, her comments just about squared with mine. Here's what she thinks of the 1951 Chrysler . . ."

Mrs. Shaw: "At first I could hardly believe the ease with which I could turn the wheel. That's important . . . especially in the summertime.

"Often after I have parked a car in the average parking space, I feel I should taxi home, shower and get dressed again. But with Hydraguide Power Steering I parked it with one hand. It practically drives itself."

Wilbur Shaw: "It's hard to describe this new Chrysler without going off the deep end . . . it has it in every department.

"In fact, I think so much of this car, I've selected it as Pace Car of the 1951 Indianapolis 500-mile race!" (Mr. Shaw's comments are reprinted through the courtesy of Popular Science Magazine.)

*Mr. Shaw refers of course to standard passenger cars—not racing cars or special models.

Shaw inspects FirePower, the greatest new engine in 27 years.

Smartly styled Chrysler convertible to pace Indianapolis 500-mile race.

Gold Prospectors to Grave Diggers -- Senior Prophecy

Senior Prophecy

Last month I was visiting again the scenes of my childhood and last, but definitely not least, I decided to visit the old "parking place". But now, many of those I knew are parked there permanently and are inside the fence—legally!

As I wandered among the tombstones I chanced to see the names of one of HHS's greatest football stars, Neil Witherspoon, whose ambition was to join the navy, but he was drafted into the army and died of a broken heart.

Next I came to the grave of the late Wilma Allen whose employer couldn't understand why the profits on the popcorn machine increased so much after her death.

Look, here are two graves just alike. Oh, it's the place where Patsy Witherspoon and La Juan White are buried. We'd better get away from here -- I've heard that wierd groans came from these graves whenever HHS loses a game!

Here's Jack McCracken—how well I remember the day the teacher picked up his book while he was asleep—and read those famous words -- "When I'm dead, I hope it may be said: 'His sins were scarlet but his books were red'".

Johnny McSweeper became head of his own broom factory, but was killed when his wife hit him over the head with one of his own products.

Bill Engman was swinging the girls of the nation right off their feet as a famous movie star when he was killed in an accident while driving with his car lights off!

Jack Stanton was a great pencil manufacturer until the day he tried to swipe a dozen from his competitor, Joyce Lyons.

A. J. Walker became the water commissioner of that famous town, Dry Gulch, Arizona.

Billy Robinson, the great construction engineer, saw some dynamite, couldn't understand it quite; curiosity never pays; it rained Billy seven days.

Buddy Pickens, the gold prospector, died of conceptions when his pickin's were pronounced only fool's gold.

Purris Williams achieved his life-long ambition to play before the president--of the United Dog Lovers, Orlin Teed.

Wayne Stagner, the unfriendly undertaker, was killed recently when he fell into the grave of the great philosopher, Jessie Evelyn Curry. The odd thing about it was that his favorite gravedigger, Pat Walton, had dug the grave.

R. G. Griswold made his million shinning shoes. It seems he got stuck in a rut while he was in high school.

Claudia Lewis, who became a brilliant English teacher, was killed by a brain concussion when one of her students accidentally dangled a participle.

Jay Lynn Shaw was fatally injured when he slipped on a bar of soap and banged his head against the bucket he used for his window washing.

James Durham, who moved to Edinburg to be nearer his kind, woke up one morning, found his wife had died -- he only said to the maid Leora you need only boil one egg this morning!

Barbara Smith finally got up enough nerve to start her date bureau, but I hear that Helen Markham, one of her customers shot her when she gave her a date with her old flame, Keith.

Speaking of Smith's remember the Smith twins, Lela Payne and Willie Mae, they won the title of the National Toni Twins.

Gerry Patterson finally made her life's goal, "the best lady forger in Texas" but was taken prisoner by the famous woman detective, Lola Verne Pitts.

A. L. Williams was a scientific farmer. I remember his program -- eat two hours; sleep 10 hours; rest in chair overlooking his land for 12 hours -- farm any remaining time. Poor lad, he died of over-exertion.

Nora Jo McLallen achieved her dream of owning an old bachelor's home and died the richest old maid in town.

Jim Wilkins, owner of the Wilkins Livery Stable was killed. He rented a room in Leonard Walterschled's Hotel and fell down the stairs.

Ted Houston, Gene Walker, and "Karly" Strange were playing poker when in burst Pat Kerr. He raised the stakes so high that Ted went through the ceiling and the roof fell in and killed them all.

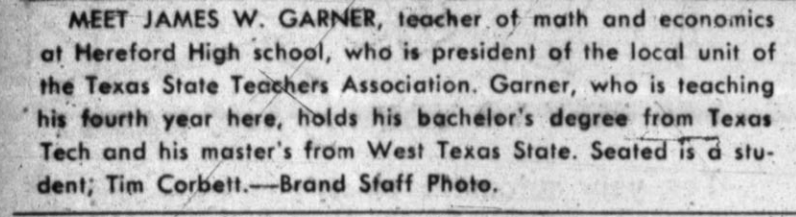

Bob Manning, the champion beard grower, died of a broken heart the day that he finally had to shave. It seems that three sparrows built a nest in his beard. The record up to that time was two sparrows and a bluebird.

The famous Jim Lookingbull won a Phil Harris contest when he submitted himself as the "thing". The prize was a new rope which he used to hang himself.

Dwaine Walker was hired on the Bob Hope show as a straight man. The strain was too great and one day he died cruelly in the "Nuts in May" asylum.

One of our blushing seniors became a burglar. His name was James Light-finger Alston. The night he met his doom he entered the house of the rich widow, Linda Betzen, found the safe, carefully turned the knobs, listened for the click of the tumblers, and heard Sam Shovel, Detective at Large, played by none other than Jerry Reese, and his secretary, Nelda Guy Lawrence, the former girl reporter of HHS. The shock killed him.

Then there was the day that

MEET JAMES W. GARNER, teacher of math and economics at Hereford High school, who is president of the local unit of the Texas State Teachers Association. Garner, who is teaching his fourth year here, holds his bachelor's degree from Texas Tech and his master's from West Texas State. Seated is a student; Tim Corbett.—Brand Staff Photo.

Meet Principal D. C. Martin

By Nelda Guy Lawrence
On June 25, 1909 at Swaine, Ark., there entered this world a boy who was destined to become the future principal of Central grade school at Hereford, Texas. His name was Don C. Martin.

When he was in the second grade he moved to Maude, Okla., where he received his elementary and high school education, graduating with the class of 1928.

In 1939 he married a girl he had gone to school with ever since the second grade and they went on to college together at East Central State college at Ada, Okla., where Don received his B.S. degree in 1933.

During the time from 1929 to 1933 he had served as elementary teacher at Seminole, Okla., working on his degree during vacations.

He was principal of the junior high school at Stoather for two years and principal of the high school for one year following that. He was then promoted to the office of the superintendent of schools of Stoather and served in that capacity for 16 years.

As a sideline during the time he was principal, he taught history and math.

In 1948 he moved to Hereford where he taught history for one semester before starting the job of principal of the Central grade school.

He has worked on his master's degree at Oklahoma U., ENMU and WT. He and his wife will both receive their master's degree sometime next summer from WT.

TUESDAY MAY 29th

is Coleman "SERVICE DAY"

Factory Expert Here! Bring in Your Coleman Appliances and let the Coleman factory man make them "work like new". He will be at our store on the above date to repair and adjust any Coleman Appliance. Bring 'em in for any service work.

Expert Service Work—Reasonable Charges
Come in and watch the Coleman factory man do the work. Ask him questions about the care and operation of your Coleman Lamp, Lantern, Iron or Stove and the best fuel to use. He will gladly give you expert advice. Your only cost will be the new parts needed, and a reasonable service charge.

If it is not convenient for you to be here on the "Service Day", bring your appliances to our Service Department. Will fix 'em up for you so they will "work like new".

HEREFORD HARDWARE
216 N. Main Phone 567

Nan Buckner and Mary Kathryn Boyd opened their reducing salon, and of course their first customer was Earlene Nipper. The next day James (slim) Henderson wandered in, completely by mistake.

Betty Henry became head librarian at HHS but was killed the day a copy of Don Russell's self-pronouncing dictionary fell on her head. This was his addition to the library, of course, no one could find anything in it—we all remember Don's spelling.

Melba Wall, Nora Shelton, and Joan Orr became the heads of the United Flag Pole Sitters Association. They met an untimely death when they went to the movies and sat down in the row where the manager, Anna Jewell Cox, was digging the basement.

Kenneth Brock became a poet—let's see—can I remember anything he wrote, oh, yes: "Woman's faults are many,

Men have only two; Everything they say And everything they do."

One day Anna Lois Cummings fell into a pot of stew in the kitchen of the Bide-A-Wee Home for old maids run by Reece Whittington.

Juanne Smith, Gladys Thompson, and Carolyn Walker went into the business of conducting tours. The only difficulty was that they only did this around the golf course at four in the morning. All three died of starvation from lack of customers.

Alberta Higgins and Pat Townsend started a flying service, but they were both killed when the plane they were flying crashed into the Empire State Building. This was a trifle unusual because they were headed for San Francisco at the time.

Darlene Nelson, the famous history teacher was killed when a student mis-aimed and hit her. Bettye Jean Stayton, another history teacher sat on a tack, bumped her head on a shelf behind the desk when she jumped out of her chair.

Everyone remembers the time Alton Brock gave Kenneth Carol the loaded cigarette. This scared him half to death. Later he slipped on a banana peel and went the rest of the way. Poor old Neil Lominick committed suicide when he flunked

campus-ology at Yipahoo University.

Elizabeth McReynolds, Marco Sumner, Mavis Henslee, and Luella Jones went to the big city of Wichita Falls to earn their fortunes, uhhmm I wonder if they caught up with them.

Rosene Dawson and Nellie Jean Zellner lived side by side in a duplex in Timbuctoo, the reason that they live there is that the neighbors couldn't stand the noise caused by the two sets of twins.

Look! There lies poor old Leon Frerich. It seems that one night out at the Dawn Drive-In, Clifford-Limp-a-long-Galley drew out his 12 shooter and shot him. No one ever knew why.

Say, that reminds me—Lee McNeese flew away with that Flyboy of hers—wonder if they ever crashed?

Being out at the graveyard reminded me of a story I read in the paper the other day. Bob Morgan and Lloyd Parsons killed each other when they tried to out do each other trying to become circus strong men. It didn't do any good, however—Eugene Miles got the job.

Wanda Block became a very famous newspaper reporter until the day she had to resign because of this statement she printed—"Fifty guests assembled at the Domestic Forum—thirty of them have been married to the same man for over twenty years."

We heard that Bedford For-

rest became a noted or should we say notorious politician. Seems as if he died when he slipped off his soap box and broke his neck. I do hope though that he was the rarest of all animals, an honest politician.

Hmmmm, seems to me that we (Continued on page 5)

Who of the 1951 Seniors Will Become Famous? Many Plan Future

Now that school is almost out the seniors begin to think of their future. Will any of the senior class of 1951 become famous? Only time will tell but here is what some of them plan to do to start out their future.

Claudia Lewis plans to work in an office this summer and enter West Texas State college in the fall.

Barbara Smith would like to work as a receptionist in a hospital during the summer before entering Wayland college in the fall.

Neal Lomenick will work on a farm this summer and enter the fall semester at Draughon's Business college in Amarillo.

Nora Jo McLallen will keep her present job as cashier at Penney's. As yet she has no plans for college in the fall.

Pat Kerr will probably work on a farm this summer. He doesn't know exactly what college he will attend but A&M is being seriously considered.

Gladys Thompson will work this summer and go to either WT or Wayland next fall.

Eugene Miles will work at the show this summer and go to school at San Antonio next fall.

Bob Morgan, after working on a farm this summer, will go to Tech.

Lloyd Parsons will work at C. R. Anthony Co. until time for school, when he will enroll at West Texas State college.

Billy Robinson has no definite plans for the summer but he will enter West Texas State college in the fall.

Junanne Smith will work at the D&S Variety Store this summer and enter either TSCW or WT next fall.

Alberta Higgins plans to work this summer and enter WT in the fall.

Patricia Townsend will work this summer before entering a school of nursing at El Paso next fall.

the past year. A. L. has a very peculiar like—to raise hogs. He has no particular dislike (at least he didn't put anything on the piece of paper). His pet peeve is people who gripe all the time about someone or something. His ambition is to be a farmer or a preacher. He says he is planning to attend the college of Hard Knox. He is a member of FFA band, and boys choir. He holds the offices of president in FFA, and drum major in the band. His favorite food is fried chicken and chocolate "pudding". He says his hobby is hog raisin'.

A. L. was born on January 1, 1933 in Bluit, New Mexico. He said of HHS, "A wonderful school and I have enjoyed it much."

The last but not the least for the year is the ever smiling Jack McCracken. Jack has no dislikes but he likes: mountains, Ag, hunting, horseback

rides, hikes, fishing, and feeding calves. His pet peeve is egotistical people. His ambition is to own a large ranch in Colorado. His college plans are to attend Tech. He is a member of FFA, 4-H, DeMolay, Hi-Y MYF. He is president of 4-H, president of 4-H council, and treasurer of MYF. His favorite food is strawberries, and chicken, and iced tea. His hobby is feeding show calves. Jack was born on June 20, 1934, in Hereford. His opinion of HHS is "A grand school and a wonderful spirit."

St. Anthony Graduates Have Weiner Roast

Graduates of St. Anthony's school were honored with a weiner roast Sunday at the Robert Kerschen farm.

Present were Mary Jo Peters, Clea Betzen, Kenneth Walter-

scheid, Frank Brorman, Marjella Beizer, Gwendolyn Jesko, Dorothy Hund, Ronny Ker-

schon, Lawrence Wilhelm, Jerome Noggier, and Robert Lamm.

Comanche, a horse, was the only survivor of Custer's massacre.

MEET CLAUDE McDUGAL, Hereford High school teacher, who is teaching his first year here. A graduate of Highland University, Las Vegas, N. M., he holds his master's degree from the University of New Mexico at Albuquerque. McDougal teaches junior English.—Brand Staff Photo.

Whiteface News

HHS Students Take a Look at Varied Activities of Class of '50

The students of the senior class of 1950 have gone their many and varied ways—some are in college, some are married and some are working. Research revealed that the 1950 graduates are engaged in the following ways:

Richard Alston, Don Davison and George Hamilton are in the Navy while Joe Bob Thom-

pson is in the Air Force and Tommy D. Carnahan is in the Marines.

Jessie Click and Duane Christian are at McMurray college. Also in Abilene are Glenn Willson, Alex Schroeter, Bill Forbus, Nancy Cagle, Reba Dones, Audrey Hood and Donna Stagner, who are at Hardin-Simmons.

Joe Hershey and John Dale Kelly are at A&M.

Alma Fay Knox, Dale Doak and Michael Kelly are at ENMU. Registered at WT are Ruby Barclay, Colline Brown, Gayle Foster, Ruth London, Joyce McGee, Wilma Moore, Earlena Phillips, Gayle Roberson, Emmarie Turner, Earnest Hardman, Billy Moore, Jack Ramey, and Garland Robinson.

Freshmen at Tech are John Southall, Eldon Powell, Milton Newell, Louis LeGrand, Joan Hendricks, and Joyce Rose.

The rest of the college students are scattered among several colleges with L. T. Hawks and Doris Jean McGee at Amarillo Business college; Pat Corbett at North Texas State college; Joe Kerr at Trinity; Betty Robbins at Wayland; Kathryn Davis at St. Anthony's School of Nursing and Bob Patterson at Amarillo Junior college.

Wedding bells rang for Betty Carney, Marilyn Matthews, Bobby Nell Pittman, Margaret Statts and Joan Walser. Two of the graduates, Darrell Jannsen and Glenna Finley, walked down the aisle together.

Working around Hereford are Clark Andrews, James Grimes, Wendell Morton, Gene Moore, Raymond Nixon, Jack Reynolds, Bobbie Brownlow, June Heck, Bobbie Jane Sisk, Mattie Jane West, Dick Axe, Fred Frye, John Higgins, Robert Lueb and

Senior Who's Who

Yes, this is the last article. We are sorry that some of you seniors didn't get in the paper but you, as to the rest of the seniors, we wish you the best of luck.

This week we have three boys the first of whom is Jim Lookingbill. Jim made his grand entrance on April 9, 1933, in Summerfield, Texas. Jim dislikes conceited people and tests, but he likes sports, to eat, and to sleep. His pet peeve is getting up in the morning. His ambition is to be a rancher or a farmer and he is planning to go to Tech. He is a member of the band and Hi-Y. His favorite food is fried chicken. When asked his opinion of HHS he said, "Best school in the country."

The next one is A. L. Williams. A. L. has been seen at the head of our HHS band for

Glenn Talley. Whitley Ewton is ranching in Colorado.

We were unable to find what Genevieve Erdman, Chloe Fortenberry, Teresa Fangman, Evelyn Lee, Sarah Beth Owen, Dorothy Watson, Thomas Albracht, Joe Fod, M. J. Layman, Walter Paetzold and Lloyd Russell were doing or where they were.

So goes the seniors of '50.

MEET FRANK JONES, co-sponsor of the Hereford High school freshman class, who teaches freshman English. A graduate of West Texas State, Jones also holds his master's from W. T. This is his sixth year to teach here.—Brand Staff Photo.

(Continued from page 4)

have forgotten someone—oh, yes, Stanley Stagle, who I ever saw of him he was chasing a "turkey across the state line."

That just about takes care of all the seniors of HHS, class of 1951—don't take all this seriously, we wish everyone of you the very best that life has to offer. May all of your dreams come true and don't trip on your gowns going up the aisle next Friday — GOD'S LUCK ALWAYS!

FACTS ABOUT MONEY!

UNIQUE "COINS"

We usually associate the word "coin" with metal, but in the island of Yap—the "coins" are made of stone. This strange money is sometimes 12 feet in diameter, weighing many hundreds of pounds. The proud owner usually displays his stone in front of his home, proof enough of his financial standing in the community.

ALWAYS BE CAREFUL DRIVING

Here's something Special in Spaciousness

A LOT of folks like the two-door idea, because they feel that tiny tots are safer in the back seat.

But that's no reason why back-seat headroom should be dimensioned for midgets only.

So Buick engineers have done something about it, in the Buick SPECIAL 2-door Sedan pictured here.

They've kept the compactness of over-all length that's important in modern garages. But they've arched that sturdy steel top to give you he-man headroom—headroom in back as well as headroom in front—that makes a six-footer feel at home.

And they've designed a trunk that has "room for tourists."

Don't ask us how they did it. Come see for yourself.

Slip into those spacious seats—and while

you're there, find out why this compact honey is one of the hottest numbers we've seen in years.

Find out how that F-263 valve-in-head Fireball Engine pours out the power and stretches the miles per gallon.

Find out how Buick's exclusive combination of torque-tube drive and coil springs on all four wheels puts big-car steadiness and stability into this nimble performer.

Find out how Dynaflo Drive* takes the strain out of traffic driving—and brings you relaxed to the end of a long day's cross-country driving.

And above all—find out the prices—and how much they'll buy in comfort and convenience. The sooner you see your Buick dealer, the better off you'll be.

*Standard on ROADMASTER, optional at extra cost on other Series.

Equipment, accessories, trim and models are subject to change without notice.

YOUR KEY TO GREATER VALUE

NO OTHER CAR PROVIDES ALL THIS!

- DYNAFLO DRIVE* • FIREBALL POWER
- PUSH-BAR FOREFRONT • WHITE-GLOW INSTRUMENTS • 4-WHEEL COIL SPRING
- TORQUE-TUBE DRIVE • DUAL VENTILATION
- DREAMLINE STYLING • BODY BY FISHER

MEET GILL STANFORD, vocational agriculture instructor at Hereford High school, who is holding a sample of grass brought in by a student during the grass identification contest. Stanford, who is teaching his third year here, co-sponsors the senior class and is advisor of the local chapter of Future Farmers of America. He holds his bachelor's degree from Texas A & M and his master's from Texas Tech.—Brand Staff Photo.

HS Sports Fans Make Guesses

To our sports fans, here are a few predictions (and guesses) about which teams are going to win the pennants, in both the American and National Leagues.

James Alston: New York Yankees, American; Boston Braves, National.

Ray Dean Axe: New York Yankees, American; Boston Braves, National.

Sammy Albracht: New York Yankees, American; Boston Braves, National.

Shelby Whitfield: Cleveland Indians, American; Boston Braves, National.

Lonnie Roberts: New York Yankees, American; Philadelphia Phillies, National.

J. T. Cronnin: Boston Red Sox, American; Boston Braves, National.

Raymond Webb: Cleveland Indians, American; New York Giants, National.

Tommy Culpepper: New York Yankees, American; Phil. Phillies, National.

Gerald Diller: Boston Red Sox, American; Chicago Cubs, National.

Joe Newman: New York Yankees, American; St. Louis Cardinals, National.

Raymond Cummings: New York Yankees, American; St. Louis Cardinals, National.

Leroy Nettles: Cleveland Indians, American; St. Louis Cardinals, National.

David Stanton: Cleveland Indians, American; Phil. Phillies, National.

Out of these the New York Yankees and the Boston Braves will be playing in the World Series.

ple, windy days, people who don't mind their own business. His pet peeve is people with hot tempers.

James has an original college to attend—it is his daddy's farm and his ambition fits along side it, to own a 30-section ranch. He must like to farm and ranch. Slim is a member of FFA, CYO. His favorite foods are angel food cake, and pie of any kind. His hobby is working on cars, making them run good.

James was born in 1932 in Amarillo, Texas. He said of HHS, "It has a good student body, but it needs new equipment."

Ronnje Durham, above, Hereford student attending the Eastern New Mexico university, was named the winner of the Anna E. Keener award for outstanding contribution to art at the university in 1950-51.

The Hereford sophomore received the honor jointly with Alice Allott, a girl from Floyd. President of the University chapter of Kappa Pi, national honorary art fraternity, Durham's activities have been widely varied. He has designed posters for many university activities, served as cartoonist for the student newspaper, and designed the cover for El Portales, student literary annual. Durham's work, along with other art students, will be on exhibit in the University Student Union beginning Monday, May 21.

Party Honors Deborah and Stevie Jesko

Mrs. Jimmie Jesko entertained with a birthday party on May 12 in honor of her children, Deborah Marie and Steven Edward, in the home of Mrs. Ed Jesko. Deborah's birthday was May 12, and Steven's, May 13.

The table was decorated with a large birthday cake and candy. Refreshments of home made ice cream and cake were served to Garry and Billy Oh-

County Library Will Not Be Open On Saturday Afternoon in Summer

Deaf Smith County library, beginning Saturday, May 26, will be closed all afternoon on Saturdays throughout the summer school vacation, Mrs. J. J. Boydston, librarian, announced. The library will be open each Saturday from 9 until 12 o'clock noon.

Monday through Friday the library will follow its usual schedule, 9 to 12, 1 to 5.

The librarians, Mrs. Boydston and Mrs. Corinne Jennings, will work the same number of hours as previously, but will have their afternoon a week off on Saturday instead of one afternoon during the week as they have done recently.

Mrs. Boydston said this plan worked very satisfactorily last summer.

To Summer Camp
Mr. and Mrs. Joe Smith and children Van and Ann, are scheduled to leave June 10 for Pokomoke camp at Sebago Lake, Me., where Smith will edit the camp newspaper, Birch Bark Scroll, which is mailed to parents weekly. Van and Ann

Is Transferred
1st. Lt. Jack Boydston, son of Mr. and Mrs. J. J. Boydston, has been transferred from Lubbock to Denver, Colo. His wife and daughter plan to remain in Lubbock where Mrs. Boydston is employed in a bank.

HEREFORD

Forrest, Bedford seems to have hit this world on April 10, 1932, in Farwell, Texas. He dislikes work, war, and winter. Bedford likes Wanda, cherry pie, summer, horses and everyone, but his pet peeve is people who tease. Bedford's ambition is a about to be fulfilled—to get out of high school. Bedford would like to attend West Texas.

Bedford is a member of De Molay and FFA, and he holds the office of Master-Councilor of De Molay. He said that he did not have a favorite food but just likes it all. His hobby is horseback riding. When Bedford was asked his opinion of HHS, this is what he said: "Just about the best place I know. The kids are really good."

The next boy of the week is James Henderson. Commonly known as "Slim", James has many likes even though several of them are the same—anyway this is what he said, "Girls, dances, girls, money, girls, and lots of fun!" He dislikes hot-dogs, English IV, stuck-up peo-
