SIGHTS, FACES SEEN

The installation of officers for the Order of the Eastern Star has been postponed until June 12 because of the illness of the Worthy Matron elect, Mrs. Henry Melton, who is undergoing medical treatment in Northwest Texas hospital in Amarillo. Mrs. Melton was reported resting Tuesday.

Officers elect will practice on June 11 at 3 o'clock, according to Mrs. Vivian Major, an officer elect of Eastern Star.

Jane Welch, daughter of Mr. and Mrs. Fred Welch, will spend the summer in Kaufman County, Texas, working for the Texas State Sunday school department of the Baptist church. She will be working with the Invincibles, a college student group, conducting vacation Bible schools in the county. Jane has just finished her second year at Hardin-Simmons University. She was home for a short vacation, after which she went to Waco for training.

Wayne Edwards, who underwent an operation two weeks ago for a ruptured intervertebral disc at Baylor hospital in Dallas, was scheduled to leave the hospital yesterday and go to the home of his brother, J. Roy Edwards, in Dallas for a few days. Mrs. Edwards, who returned from Dallas last week, said Wayne reported by telephone Monday night at the doctors thought he would be able to come home the last of this week or the first of next week.

Milton Beavers of Big Delta, Alaska, surprised his parents, Mr. and Mrs. M. M. Beavers, by walking in unexpectedly Friday.

Evans Receives Keeter Award at HSU Banquet

Ex-students of Hardin-Simmons University at their annual banquet in Abilene Saturday night bestowed double honors on Wayne Evans of Hereford, electing him as the association's new president and presenting him the John J. Keeter Award, given annually to the ex-student who has done the most for the university during the past year.

The presentation of the award was a complete surprise to Mr. and Mrs. Evans, both of whom attended the banquet.

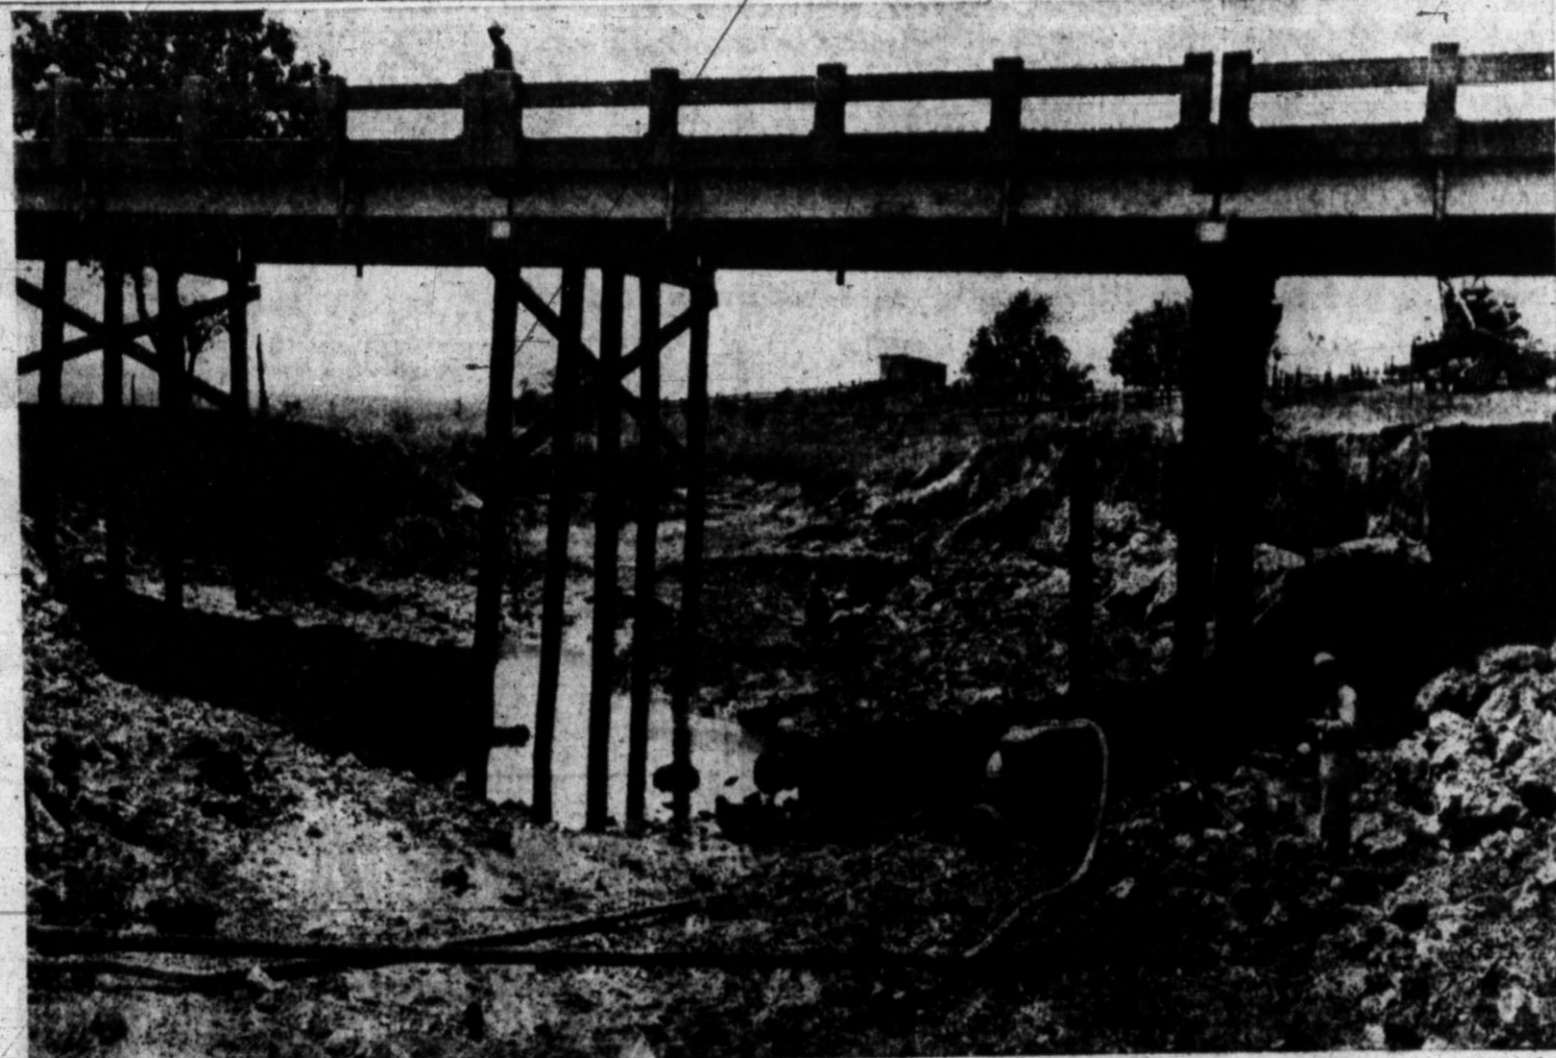

A 1940 honor graduate and member of the Board of Trustees, Evans was a member of the Cowboy band for four years, was president of his sophomore class, a member of the student council, and president of Alpha Chi, national honorary society.

The award is endowed by the John J. Keeter family of Throckmorton as a memorial to John J. Keeter Jr., who was killed during World War II. It was presented by Dr. Truett Walton, vice-president of the association.

All officers of the association were elected by acclamation. Mr. and Mrs. Evans and children went to Abilene Saturday and returned home Monday night. Both of them attended ex-student affairs during the week end, and Evans attended a trustee meeting Monday.

Cancer Film Is To Be Shown Tuesday Night

All women and girls are invited to see a free cancer film, "Breast Self Examination" on Tuesday night, June 5, at 8 o'clock in the Shirley school auditorium, under the sponsorship of the local cancer society and the county home demonstration clubs.

EXTENSIVE WATER DAMAGE done to the river bed beneath the Tierra Blanca bridge west of Hereford is shown in the picture above, which was taken from the river bed downstream from the bridge. The hole, which undermined the wooden bridge pilings, causing the structure to sink about three to four inches, measured 30 feet deep, 25 feet wide, and 75 feet in length. The piece of concrete stuck to one of the pilings at the right of the picture shows the old height of the river bed and how it used to slope toward the center of the stream from the abutments. A special bridge crew is in Hereford this week driving additional pilings and raising the span.

PART OF AN OVER-ALL PLAN to give the City of Hereford better lights in the improvement of Main street lighting from fourth street to Park Avenue where new standards with more powerful lights are replacing the old ones, giving that section of town the same amount of lighting as Main street. Already completed is the first part of the project, the new lights at the court house. Improvements will also be made in lighting of Park Avenue and 25-Mile Avenue and various points in the residential districts where needed, according to Don Zimmerman, City Commissioner. The city officials and engineers of Southwestern Public Service have cooperated in laying plans for the extension. Setting the new standard in the photo are employees of Southwestern Public Service, Earl Walls, at left, W. E. Drummond and Bill Davis, left to right, on the right side of the fixture. \$43,244 REA Job Completed Tues.

The completion of a \$43,244 improvement program on a Deaf Smith REA sub-station south of Hereford was announced Tuesday by Leo Forrest, manager of the cooperative.

A new 600 KV regulator to improve continuity of electrical service was installed at sub-station four (five miles south

of Hereford off Highway 51) by local crews in addition to the doubling of the capacity of the sub-station from a 3000-KVA transformer to a 6000-KVA unit.

This improvement will mean better service to the Summerfield area, the Frio school, and down into Castro county for a distance of 16 miles, local REA officials stated.

The voltage regulator alone cost \$12,420 without installation costs and other sub-station improvements amounted to \$30,824.11. This is part of the local cooperative's expansion program for the rural areas, according to E. T. Ford, power use supervisor for the cooperative.

in Hereford in March, is returned here by requests of the women of the county.

Dr. H. H. Cooke will interpret the film and give a lecture on cancer of the breast.

Mrs. Hennen, who emphasized the fact there will be no admission charge and no collection taken, urges all women and girls to see the film.

Wayland Romance To Be on CBS Broadcast

A romance which started at Wayland college, Plainview, will be broadcast to the nation on the "Bride and Groom" program over CBS on June 7 from New York City when Paul DePaula and Carmen Franklin, both of Brazil, will exchange wedding vows.

Both of these students and other members of the wedding party have visited frequently in Hereford and have appeared on programs of both the Avenue Baptist Church and First Baptist Church.

Paul, who will be a senior at Wayland next year, is from Victoria, Brazil, and Carmen, a junior next year, is from Belen, Brazil. They met at Wayland about two years ago and have been engaged since January.

Included in the wedding party will be Julia Nolinor of Soa Paulo, Brazil, a 1951 graduate of Wayland, who has made the home of Mr. and Mrs. Otis

Dickey in Hereford her home while attending school in the United States, and Lilly DePaula, sister of the bridegroom-to-be, who has just received her degree from Berkeley.

Someone suggested to Carmen several weeks ago that she write to sponsors of the program as she wanted a church wedding, but knew the necessary expense such a wedding involved would be an obstacle. Carmen was doubtful that her letter would even be read, but decided to write it anyway. And there was still the big problem of transportation to New York City, not a small item, if the couple should be chosen.

Having heard of the wedding plans, someone presented the situation to Dr. Bill Marshall, Wayland president, who immediately offered to fly the wedding party to New York. The news came that the couple would be on the program and plans were completed—with the exception of groomsmen—the plane is full with the other members of the party.

Forty tickets to the program have been presented the couple, who haven't decided yet.

No Break Yet In Parkway Grocery Theft

Authorities are still looking for the burglar who entered the Parkway Grocery sometime Friday night and made off with about \$185 in cash.

Entry into the store was gained by breaking the glass in the front door, according to Manager J. R. Fowlkes. The only other thing that might have been taken in the burglary was some cigarettes, Fowlkes said.

Nothing else was disturbed, according to Fowlkes. Sheriff J. C. Reese said the money was pretty well hidden and the thief apparently found the money with very little trouble.

The store closed for the night at about 8:30 p.m. Friday and the break-in was first discovered by a Panhandle Fruit salesman at about 6 a.m. Saturday morning.

Officials are still working on the slim leads they have.

Rev. Davidson Is Reappointed

Rev. Don Davidson, pastor of the First Methodist church, was appointed for another year on Sunday at the annual Northwest Texas Methodist Conference in Abilene.

Rev. Davidson came to Hereford three years ago from Munday. He is now beginning his fourth year in Hereford.

In addition to activities of the church, Rev. Davidson is active in Lions club and other community activities.

Corn Planting at Record 7500 Acres

Planting of a record corn acreage in Deaf Smith county is expected to be completed this week as farmers put the finishing touches on an estimated 7,500 - 8,000 acres of irrigated corn land.

Corn-planting, which normally extends from May 1-20, was

delayed this season by the heavy rains of the last two weeks.

Acreage given over to corn in the county last year reached a mark of 4,000 acres, which was a record until this year. The increase in the plant-

ing of corn is credited with the success of the crop here in years past and the favorable loan value. Most farmers figured it was just a safe crop to repeat on, seed dealers here believe.

Corn acreage here was planned, they believe, after the success of previous crops and is not just a fill-in for a lost wheat crop.

Planting is expected to be pretty well completed by the end of the week, although some of the earlier corn planted is already out of the ground.

Hybrids are all popular in this area, a survey of the dealers shows. Perhaps the most popular strains are Texas Hybrids 26 and 28.

All dealers contacted by The Brand indicated increased sales in a percentage comparable with the overall increase for the county.

Increased corn storage is being provided by the Bradley Grain company in their new elevator. Of the new structure's 750,000-bushel capacity, 320,000 bushels will be devoted to corn storage with small bins being built to accommodate the crop.

A corn comparison test is being run on the Reece-McNeill farm south of Hereford with 17 varieties being tested in small plots, as a "uniform corn test" conducted by Texas A & M. The plots were planted earlier this month.

This is the first time this "uniform corn test" has been run in the county, according to County Agent Hugh Clearman.

Mr. and Mrs. O. C. Cummings and Mr. and Mrs. Birch West were called to Pampa last week end by the serious illness of Mrs. W. F. Mullins of Allenred, mother of Mrs. Cummings and Mrs. West. The Wests went to Pampa Saturday night, and the Cummings went Sunday morning. They all returned home on Monday when Mrs. Mullin's condition was reported improved.

Tornado Hits on Gallagher Farm

An estimated three or four hundred dollars damage was done to a windmill and out buildings at the Leo Gallagher

farm in the Sims community, 25 miles northwest of Hereford, Sunday night about 9:30 when a tornado swooped down overturning out buildings, but leaving the tenant house in the same yard completely undamaged.

Rites Held for Mrs. Clara Bell Layman Tuesday

Mrs. Clara Bell Layman, age 66, died Sunday at Deaf Smith County hospital following an illness of one week.

Funeral services were held Tuesday afternoon at 4 o'clock at the Assembly of God church with Rev. S. E. Eldridge in charge.

Mrs. Layman, wife of M. G. Layman, retired farmer, was born on March 1, 1885, in Dallas county. She moved to Canyon in 1901 and to Deaf Smith county from Canyon in 1922.

In addition to her husband, Mrs. Layman is survived by five sons, Clarence, Ernest, James, and Eddie Lee of Hereford, and Dalton of Levelland; four daughters, Blanche Anderson of Santa Ana, Calif., Susie Taylor of Weatherford, Buehlah Cargo and Neta Wederbrook of Hereford; 24 grandchildren and four great grandchildren.

Interment was in Canyon under the direction of Gilliland Funeral Home of Hereford.

Mrs. Gallagher said the windmill was twisted off about two feet above the ground and two chicken houses were turned upside down. Part of a stack of lumber, which was originally about 150 feet from the tenant house was carried to the door of the house, but a chair and Coko Cola box nearby were untouched. No one was living in the house.

Mr. and Mrs. Gallagher, who live about three-fourths of a mile from the scene of the tornado, saw the cloud, but did not realize it dipped to the ground. Mrs. Gallagher said they watched two additional tornado clouds which she said were traveling southwest together toward the Walcott community, apparently right on the ground.

She also reported a beating rain fell three or four miles east of the Gallagher farm.

District Judge Here

District Judge Harry B. Schultz will be in Hereford on Saturday, June 2.

Pilot Hits High Lines at Edge of Clover Airport

A pilot for a Mississippi crop dusting firm miraculously escaped serious injury when the landing gear of his reconverted Stearman PT-17 tore down two high line wires at the northeast edge of Clover airport as he was coming into the field for a landing at about 6 a.m. Tuesday.

Damage to the plane totaled an estimated \$1000. The left landing gear, which tore down the wires, was broken off by the impact when the biplane hit the ground. The upper wing of the craft was damaged and twisted and half the lower wing was demolished. The pilot

hit his head on the windshield of the plane and cracked the glass when he hit.

The ship hit once, bounced on its nose to a second spot about 25 feet away from the point of impact, and settled there.

Bell said he was making his final approach into the southwest at a speed of 65 to 70 miles per hour when he hit the wires. He failed to see the high lines, which stick up about 35 feet at the extreme end of the runway.

Bell, an employee of the Mississippi Valley Aircraft Service, is based at Friona where he is

doing dusting work in conjunction with L. V. Jennings. Airport-owner Carl Kropff said this is the third airplane crash at the field since he took over in 1946. In each instance, no one involved in the mishaps has been injured.

One of the other accidents involved a plane that hit the same high lines. The third instance was when a C-47 flew under the lines without hitting them. It was on the takeoff, with the transport leaving the field to the northeast.

Bell and Bill Jennings of Friona were working on the ship to make it airworthy again.

BOTH WINGS and the left landing gear of this Stearman PT-17 were damaged early Tuesday morning when the pilot, W. H. Bell of Clarkdale, Miss., failed to see the high line wires at the northeast edge of Clover airport and clipped them with his landing gear on the final approach for a landing. Bell is shown beneath the upper wing of his biplane in the above picture. He is partly hidden by Bill Jennings of Friona, who is helping Bell repair his craft.

Hereford, Tulia Game Called In Fifth - Duster

Hereford and Tulia DAV's played a no-contest here Tuesday night as play was halted in the top of the fifth due to a dust storm.

The score when the game was called was 2 to 1 in favor of Tulia. The no-contest has been rescheduled for June 12 at Veterans Memorial park, Hereford Manager Earl Stagner said.

Hereford will meet the Amarillo naval reserve team here tomorrow night at 8:15.

Two other games scheduled include Sunray on June 22 and Turkey on June 26.

Wanda Coltharp will present her students in a tap dance ballet recital Thursday evening at 8 o'clock in the Shirley school auditorium.

All interested friends of the students are invited to attend. The program will include 10 numbers, presenting 24 students in costume.

Taking part in the program will be Bruce Benson, Carol Ann and Marilyn Newell, Jimmy and Judy Bradley, Carolyn Sue Knox, Gayle and Ann Wag-ner, Van and Ann Smith, Caroline Brumley, Mike Kelly, Mary Beth Gilliland, Diana Robinson, Pam Coltharp, Ann Olson, Colleen Reeves, Pam Clay, Paula Moore, Sheila Millard, Donna Jones, Sandy Nunnally, Susan Blood, and Kay Scott.

Management and Sales Courses Get Underway

Three courses in selling and one in management have been organized here by Ford Johnson, retail training specialist on the staff of the University of Texas, under the sponsorship of the Hereford Chamber of Commerce and S. N. Henry, high school distributive education coordinator.

Registration for the courses began Tuesday, and classes are scheduled to get underway today.

The first class in selling is scheduled from 8:45 to 9:45 each morning with the second class each morning from 10 to 11 o'clock. For the benefit of those who cannot attend a sales course during the daytime, the same course is being taught at night, beginning tonight at 8 o'clock with sessions also being scheduled for Monday, Wednesday, and Friday nights of next week. All the sales classes meet in the county court room.

With emphasis on public relations, the management course was organized Tuesday night at Junior High school where sessions will be held on Friday night of this week and Tuesday and Thursday nights next week.

By JIMMIE GILLETTE

What is causing all of these twisters? Until five or six years ago they were unheard of on the Panhandle Plains. They struck fairly often below the Caprock, but seldom above. Storm cellars were the last thing a person ever considered in this country. Ever since the Higgins blow, they have been more and more pronounced. Amarillo lost thousands of dollars in property damage a few years back; a twister struck the Cocanougher farm south of town and the Verna Glenn place in the Vega territory—and we've had several this year, mostly north and west of town. Fortunately, no lives have been lost.

I always heard that the straight hard winds could not develop into tornados in this country. Why the sudden change? Maybe we are doing too much contour plowing. Surely someone has a reasonable theory about these twisters.

Howard Hume has been giving M. C. Littlejohn a fit lecture. Mr. Littlejohn caught a tagged fish at Buffalo Lake—and could not qualify because he failed to join the Panhandle Sportsmen's club. Howard says the prize was probably an out-board motor, but Mr. Littlejohn insists it was probably only a quart of ice cream. Anyway, he is having a bad time. If you happen to catch a tagged fish, be sure and turn it in at the boat house for registration. They won't accept them after they have been dead very long. This is because lots of dead fish wash ashore and people got to bringing them in during past seasons. Old He-Fisherman Jim Lipscomb is authority for this statement. He says it costs two bucks to join the Panhandle Sportsmen's Club.

Buffalo Lake is getting a bad name. The fishermen around here are complaining because the concessionaire will not fix up the boat docks and make minimum improvements. They say he is trying to take in and keep too much of the fees and that he refuses to do anything toward improving conditions. I hear this everywhere. Maybe it is untrue or unjust. I don't know. However, the complaint is becoming general. How about it, fishermen, is this right? If so, why not write Congressman Walter Rogers in Washington. Buffalo Lake was built with government money "for the people" and it should be kept in reasonable condition. It is a wonderful recreation point and is becoming more and more popular each year. Let's keep it that way.

Don Davidson has been returned to Hereford as Pastor of the First Methodist church. He is mighty happy, but no happier than the general populace and members of the local Methodist church. The Davidsons are mighty fine people.

Here's a story which is making the rounds:

A little boy, the member of a very poor family, decided to write Santa Claus for some financial assistance. He got a sheet of paper, a stub pencil, and laboriously wrote asking for \$100 to buy food. He addressed the letter to "Santa Claus" and dropped it in the post-office chute. One of the clerks, opened it and feeling sorry for the youngster, placed it in another envelope and mailed it to his congressman in Washington. The congressman, likewise, filled with pity and not wishing to disappoint the lad, placed a \$10 bill in a government envelope and sent, along with a letter explaining that it was in answer to his appeal to Santa Claus.

The boy was very happy upon arrival of the ten dollars, so he sat down and wrote a thank you letter as follows: "Dear Santa: "Thanks a lot for the money. It is a great help, but next time please don't send it by way of Washington, those politicians held out 90 percent for administration and taxes."

Here's another one. A negro preacher waxed eloquent on the subject of prohibition and finally wound up by declaring: "If I cud get my hands on all the liquor in de world, I'd pouh it in de rivah" and on this climax turned to the choir

leader and asked for a song. The leader scratched his head, then announced, "Let's all sing dat old favorite: 'We'll Gather at the River'."

Mother, to small son wondering around the room, "What are you looking for?" Son: "Oh, nothing." Mother: "You'll find it in the box where the candy was."

Church Notes

Henry Seaman will be present to conduct services at 8 o'clock Sunday morning at St. Thomas Episcopal church, having just returned from Washington, D. C.

Frank Smith of Shawnee, Okla., is conducting a series of meetings at the Church of Christ with services daily, 7 o'clock each morning and 8:30 each evening during the week. Sunday services are at 11 o'clock in the morning and 7:30 in the evening. The meeting will continue through Wednesday, June 6.

Mr. and Mrs. C. R. Lady and sons, Wayne and Jimmy, spent Sunday in Amarillo visiting Mrs. Lady's mother and step-father, Mr. and Mrs. J. H. Kendall.

what to do with them.

In addition to the wedding clothes, the couple will be awarded many valuable gifts on the program and a two-weeks honeymoon, all expenses paid.

The program will also be on television, which should bring out the bride's coloring—her red hair, blue eyes and fair complexion. Blue will be the color of her wedding gown since a color is preferred for television.

Around Town

His first trip home in ten years. For the past year Beavers has been a warehouse man under civil service in Alaska. He made the trip home by plane to spend three or four weeks.

The cancer film, "Breast Self Examination" will be shown June 7 at 3 o'clock in the afternoon at the Sims Community house where Dr. Roy Grubbs of Hereford will be guest speaker.

The middle name of one of the young fishermen in the picture on Sunday's Brand was wrong. It should have been Marcus Earl Jacobson instead of Marcus Cyril Jacobson.

Roy Crutchfield is now connected with the Hereford Motor company, according to General Manager Frank Vogel. Crutchfield is a member of the Ford "300 Club", a dealership organization for sales achievement.

Norris Bysby and Joe Kearns, both of Hereford, were among a group of 15 boys recently graduated from the 8th grade of the famous Boys' Ranch, located near Amarillo. Commencement services were held in the Boys' Ranch chapel with the program theme of the rainbow and it's promise as a likeness to the promise of a wholesome and useful life in store for the students.

OK Road Opening

The county commissioners Monday approved the opening of a road 3 1/2 miles in length in commissioner's precinct number four. The road began

at the Oldham county line, going south for 1 1/2 miles, then west for about 1 3/4 miles.

Picnic, No Fish
A picnic supper and fishing trip to Buffalo Lake was enjoyed Thursday evening by

three local families, but no fish were caught. Members of the party were Mr. and Mrs. Dub Reeves and Colleen, Mr. and Mrs. Bruce Woodell, Donna and Patsy, and Mr. and Mrs. Dale Tinnin, Daleine and Sharon.

Farmers Trying To Get Crops Sowed While Moisture Content Is Right

By Mrs. R. C. Childers
Farmers are working feverishly getting their crops sowed while the moisture content is just right. One inch of rain fell in the northern part of this community Sunday night. In several places planters are following plows in order not to lose the moisture. The C. S. and S. J. Barclays are scratching cotton in an effort to get a stand, while others are plant-

ing cotton. Club will meet with Mrs. Leona Packard June 14 at 3:30. Mrs. Ira Scott is scheduled to speak to the group on hair styling and home permanents. Mrs. Pat Robinson is in charge of the program. All 4-H girls have a special invitation to attend this meeting.

SUMMERFIELD NEWS

Summerfield Bible School Begins Friday; Meeting Starts Sunday

By Bobby Walser

Vacation Bible school at Summerfield will begin with a preparation day Friday, June 1, with the school being scheduled for June 4-15. Enrollment is open to every boy and girl between the ages of 4 and 16, regardless of whether or not they attend Sunday school or church services.

Mrs. Carl Lee will have the beginners; Mrs. Earl Lance, primary; Mrs. J. M. Wright, juniors; Mrs. Ky Lawrence, intermediates. Nancy Story, a new comer to this community, will be pianist. Mrs. Jack Sireun and Mrs. J. B. Noland will have charge of handwork.

The revival meeting at Summerfield begins Sunday, June 3, and continues through June 17 with Rev. Earl Lantrop delivering the messages. Bob Lawrence of Hereford will lead the singing.

The farmers were glad to see the moisture which fell last week; however, some fields were badly washed and many roads were almost impassable. Lead on the Frank Huckert, Mike Huckert, and Lawrence Cole farms washed.

Mr. and Mrs. House and family of Claude are newcomers to this community having purchased the place formerly owned by Ed Russell. The Russells, who have been living in Hereford until Don graduated, left Sunday for New Mexico where they will run a tourist court.

Among the seniors graduating Friday night from Hereford High school were four from Summerfield, Rosene Lance Dawson, Mavis Hensley, Jim Lookingbill, and Don Russell.

C & R, Hereford Hardware Win

C & R Cleaners won their season's softball opener at the Veterans Memorial park diamond Monday night by downing Magnolia 10-9 in the first game of a league doubleheader. The winners took their game on a total of 11 hits while Jerry and Johnny Winkler combined their pitching talents to limit the losers to four safeties. Magnolia was knocking on the door all the time, even up to the last out of the see-saw battle. The tying run for the oilers crossed the plate but was thumbed back to third and died there.

The line score:
Magnolia 230 003 1; R-9; H-4; E-6.

C & R 022 150 X; R-10; H-11; E-7.

Hereford Hardware took its game in the nightcap, downing Dawn in its first appearance of the year on the local diamond. The score was 17-2 in the run-away.

Hereford Hardware had 15 hits to get their 17 runs and the Dawn nine had a total of two safeties for their two hits. The ragged affair lasted late into the night.

The line score:
Hereford: 324 221 3; R-17; H-15; E-2.
Dawn: 100 000 1; R-2; H-2; E-8.

It's Fly Time--Fishing Flies, That is--Many to Streams

Whether its with an old cane pole and a bucket of worms or fancy rigs and shrimp, everybody's goin' fishing. Trying their luck near Durango, Colo., this week is a group of 15 Hereford men, including eight school teachers and administrators, who are taking advantage of school being out just at the time the weather got good for fishing. Other fishing parties take off daily for distant fishing points and those near home—points along the Tierra Blanca and Buffalo Lake where fish are reported biting since the recent rains. Incidentally, the Chamber of Commerce and Hereford Hardware will give a prize to the local fisherman who catches the biggest fish (and brings home the proof) this season, regardless of where he fishes. Making the trip to Colorado were D. C. Kinsey, Bob Lawrence, Jack Kirksey, B. E. Roberson, Marlin Gilliland, Jimmie Allred, George Graham, John Patton, Douglas Groom,

James W. Garner, Don T. Martin, Pat Sullivan, Bill Stanford, Dalton Criswell, and Frank Jones.

Personals

J. D. Sanders, Electrician's Mate, third class, U. S. Navy, arrived Friday to spend a few days with his mother, Mrs. Ernest N. Sanders.

G. P. Owen, math teacher in the Pecos High School, and Lawrence Owen, student at Hardin-Simmons University, Abilene, have arrived home to spend the summer with their parents, Mr. and Mrs. G. P. Owen. G. P. is employed by the Associated Growers.

Mrs. L. M. McGee returned last week from Oklahoma City where she underwent major surgery.

Taft McGee returned home Friday from Kansas City, Mo., where he underwent surgery about three weeks ago.

S W States Junior Heavy Will Defend Crown Here

Hereford's wrestling season will wind up on June 30 for a 60-day period with a championship bout between the Southwestern States Junior Heavyweight champion and a contender to be chosen in an elimination tournament here during the coming weeks. Guy Lawrence, matchmaker for the Lions club and its wrestling activities, said Saturday that arrangements are

now being for the elimination contest and the championship bout. It is not known yet whether six or eight grapplers will sign up for the elimination. Also, it is not definite as to whether or not the elimination will begin this coming Saturday or on June 2. That depends on how many of the top contenders of this area sign up.

Regardless, the tournament is sure to pit some of the most outstanding wrestlers in this area against each other in the local arena. The climax of the whole tournament will be the go-between the winner and the holder of the junior heavy-weight crown. Dory Funk, Boys Ranch foreman, is holder of the crown at the present time.

Carter, O'Reilly Thumbed Out of Ring Saturday Night

Two Jacks — Carter and O'Reilly — were thumbed from the Bull barn ring Saturday night and thereby dropped an Australian tag team match because of unnecessary roughness. O'Reilly, the rough Australian and Carter, the same type of individual from New Zealand, teamed up against George Curtis and Newcomer Rorlando Vera in the four-man event to provide the spectators with more than just a few thrills.

Burst of action spotted the match, with George Curtis coming back with a sparkling exhibition after a dull showing the Saturday before. The Mississippi boy was handling both Carter and O'Reilly for awhile and doing a good job of it, too. O'Reilly and Carter took turns roughing up George Curtis for the first fall after they successfully kept Vera from tagging his partner and relieving him from the onslaught. O'Reilly put the skids on the Vicksburg grappler in 15 minutes with an octopus split, the Australian ruffian's specialty.

Carter lowered the boom on the grizzled arbiter. Trudell picked himself off the mat and awarded the verdict to Vera and Curtis. In the first bout of the evening, a one-fall, 20-minute affair, Carter and Vera fought to a draw. Curtis and O'Reilly fought to a no-decision contest for the second event of the evening. Both Curtis and Vera showed plenty of stuff against bigger and rougher opponents here Saturday night.

The tag team match was the final event of the three-bout card last week. Benny Trudell, no tame customer himself, was the third man in the ring. Never too popular here, Trudell's stock with the fans didn't rise much during the bout until he gave the two Jacks the heave. The stocky Canadian did that after a bit of wild horse-play which saw him take one on the chin from Jack Carter, who was on the outside of the ropes at the time Benny was trying to unloose O'Reilly from the floundered Vera.

The situation was somewhat reversed for the second fall with the Vera-Curtis team taking the edge and keeping away from the punishment. Vera, terrifically fast man, won the second fall over Carter in 10 minutes with a hammerlock. It was all over in a hurry after the second fall as O'Reilly and Carter tried stretching their luck too far on the rough stuff. Trudell got their number and disqualified them after their niece, Barbara Smith.

Mrs. George Cameron and children, Linda and Cindy, of Dimmitt spent Friday here visiting her mother, Mrs. J. B. Harlan. Mrs. Ray Parmer and David Gene of Dimmitt were guests of her aunt, Mrs. Jack Roberson, Friday. Mr. and Mrs. Eston Breitting of Canyon were here Friday night for the graduation of and their niece, Barbara Smith.

Long Time Ago

25 Years Ago
 Summerfield is to have a new elevator within thirty days capable of caring for local needs, according to D. E. Fridley, local manager of the Great West Mill & Elevator company. Mr. Fridley states that while the size, of course, will not be large, it will be ample for that vicinity.

45 Years Ago
 At an early hour on Wednesday morning a number of Hereford's young people were seen with fishing tackle headed for the Jowell Lake on the river east of town, some in buggies, some in hay wagons and others on foot. Fearing that there might not be sufficient fish caught by the young men, as they were not well equipped except for fishing on dry land, the young ladies took with them well-filled baskets. After a sumptuous repast, which gave satisfaction to all, the afternoon was spent in such sports as rowing, throwing stones, kodaking, dry land fishing, etc.

The following were present: Misses Addie and Millie Vaughn, Sudibel and Josephine Warren, Annie and Amber Collins, Edna and Dude Allen, Roxie Witherspoon and Leta Boone; Messrs. O. E. Thomas, J. T. Webb, Milton Burrows, Paul Barnett, John Herod, Frank Wilson, H. M. Russell, W. H. Ray, J. P. Allen, Mrs. Wilkie, Claude Witherspoon and C. P. Woodburn.

If we can live through a week or two more with our present awful sanitary conditions, we may be able to get some relief, otherwise we may expect nothing less than an epidemic of typhoid fever and other contagious diseases which commonly come as the direct result of filth accumulation.

J. D. Thompson this week made a nice addition to his herd in the form of 100 full-blood Hereford heifers and a registered Hereford bull which he purchased from J. T. Jowell of this city. The fancy price of \$21 was paid for the heifers and \$175 for the bull, the latter coming from L. R. Bradley's herd of registered Herefords.

W. M. Cogdell has now completed the work of enumerating the scholastic population of Deaf Smith county and finds

With the closing of the Dawn school Friday night, May 28, a very successful year for the rural schools of Deaf Smith county was completed. Of the twenty schools in the county, twelve employ one teacher, six employ two teachers, and two employ three teachers, with prospects growing all the time for the need of additional room and more teachers. The rural schools include: Summerfield, Dawn, Askren, Rice, Wyche, Westway, Messenger, Walcott, Valentine, Bippus, Fairview, Daniels, Union, Progressive, Higgins, Ford, Mecaskey, Simms, and Ward.

While sliding into third base in the game between Hereford and Dimmitt last Thursday, Charlie Bennett, Hereford's catcher, and well known battery station man and farmer, caught the spikes on his right foot in the dirt and his momentum twisted his leg so badly that the bone snapped diagonally across midway between the knee and ankle.

MRS. MAGGIE NELSON, of Hollis, Okla., had an 80th birthday celebration she'll never forget. She spent the day at the home of her son, Glen Nelson. Mrs. Nelson arrived in Hereford Thursday, May 24, which was her birthday. The day marked a double celebration for her daughter, Mrs. Lillian Whorton of Lawton, Texas, who also observed the occasion in the Nelson home here.—Wendell Purdine Photo.

Community Party
 Saturday night the community gathered at the school house for a party. Card games were played, after which refreshments of cookies, coffee and punch were served.

Visiting in the G. H. LaPlant home Saturday and Sunday was Mrs. LaPlant's brother, Dale Percy of Drummond, Okla. Sunday callers in the home of Mr. and Mrs. Bill Carthel were her brother and sister-in-law, Mr. and Mrs. Bill McCabe and baby daughter of Canyon.

Mrs. Homfeld Hostess To Bippus HD Club
 Mrs. C. F. Homfeld was hostess to the Bippus Home Demonstration club recently when members made plans for a called meeting May 26 to discuss civil defense training. Mrs. Tom Draper, home demonstration agent, demonstrated sewing sleeves in a garment. On June 13, a safety program will be given at the regular club meeting with Christine Fortenberry.

Local Cattlemen Make Tour of Colorado's Arkansas Valley

Several Deaf Smith county cattlemen returned recently from an organized tour of the Arkansas Valley in Colorado to view cattle-feeding operations there.

The tour, sponsored by an Amarillo livestock auction firm and the Burlington railroad left Amarillo by bus Monday, May 21 and returned the following Wednesday. Forty-seven persons were on the tour.

Those attending from this vicinity included: Knox Parr, district agriculture agent; Willard Scarth, Route 3, Hereford; Roger Brumley, Hereford; Homer Brumley, Hereford; J. B. Noland, Summerfield; and Hugh Clearman, county agent.

While there, they saw some cattle J. B. Noland has up there on feed and selected five calves for T-H club boys here.

Mrs. Seth Waddill of Bentonville, Arkansas, spent last week end with her brother and sister-in-law, Mr. and Mrs. B. F. Markham.

Vacation Bible School Begins

Children, age 4-12, are invited to attend the vacation Bible school at the First Methodist Church to be held June 2-9. Registration will be Saturday

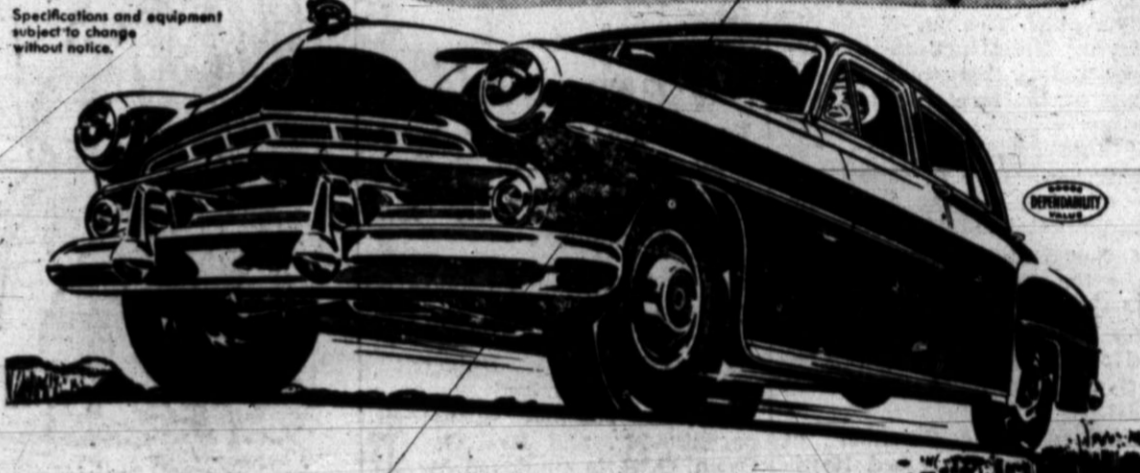

morning from 9 to 11 o'clock. Regular sessions will be held from 9 to 11 each morning, June 2 through the 9th with the closing exercises being held on Sunday night, June 10.

Mrs. Homer Brumley will serve as director. Meetings will be held in the educational building.

Church Notes

The meeting, which began at the Church of Christ Sunday with Frank Smith of Shawnee, Okla., as guest speaker, will continue through June 6, with two services daily, 7 o'clock a. m. and 8:30 p. m. Singing is under the direction of J. B. Roberts of Canyon.

Sunday services are held according to the regular schedule.

Church of Christ
We Welcome You
CHURCH OF CHRIST
(Sunday)

Radio KPAN 9:15 A. M.
Bible Study 10:00 A. M.
Worship 11:00 A. M.

Evening:
Young People 6:45
Worship 7:30

Daily Radio Program
KPAN-860 on Your Dial
9:30 A. M.

The Bible is right and it does make a difference what we BELIEVE AND PRACTICE. We invite you to all services of the church.

Sunday school 10 o'clock; morning worship, 11 o'clock; young people's meeting, 6:45; evening worship, 7:30.

Bob Wear, in behalf of the church, extends an invitation to the public to attend the special and regular services. The Church of Christ radio program is at 9:30 each morning except Sunday when program time is 9:15.

The Seventh Day Adventists heard E. L. Bowers of Keene, Tex., health lecturer, at the 11 o'clock hour Saturday. The title of his address was "Personal Preparation for Transulation", based on 1 Cor. 6: 19-20 and 1 Cor. 3:16-17 and counsels on diet and food.

Bowers stated that there are over two million vegetarians in the United States other than the Adventists.

Mary Jo Slayton is the delegate from the Hereford church to the SDA senior camp being held at Ardmore, Okla., May 27 to June 3. Junior camp will be held at Ceta Glen canyon June 24 to July 1 with L. V. Stonebrook of Amarillo in charge.

On June 2, Mrs. R. W. Ellison will have charge of the 11 o'clock service at which time the juniors in her class will present a Father's Day program.

clude: Church school, 9:45; morning worship, 11 o'clock; evening worship, 7:30. Rev. Russell Wingert is pastor.

Christian Science services are held each Sunday morning at 11 o'clock in the Star Theatre. All who are interested are invited.

Christian Science denounces all evil as unreal in its explanation of the Lesson-Sermon titled "Ancient and Modern Neoromancy, Alias Mesmerism and Hypnotism, Denounced" to be read in all Christian Science churches on Sunday, June 3.

The Golden Text for the week is from the sixteenth chapter of Romans: "I would have you wise unto that which is good, and simple concerning evil. And God of peace shall bruise Satan under your feet shortly."

Further emphasizing the theme is this command from Jeremiah, "But this thing commanded I them, saying, Obey my voice, and I will be your God, and ye shall be my people; and walk ye in all the ways that I have commanded you, that it may be well unto you."

Holy Communion will be celebrated during the morning service at Immanuel Lutheran Church. The service begins at 11:30 A.M. Receiving their first Communion will be the members of the recent confirmation class. Sunday School and Bible Class convene at 10:30 A.M.

On the Saturday morning devotion, Rev. Lichtstn is giving a series of studies on the Lord's Prayer. The topic this Sunday will be the 1st. Petition, "Hallowed be Thy Name". The program is heard over KPAN at 8:45 A.M. each Saturday.

Sessions of the daily Vacation Bible school at the First Christian church began last Monday morning at 9 o'clock with classes for children from the nursery through the junior ages. Mrs. O. H. Culpepper is serving as superintendent.

"I got the story on
50,000 Miles-No Wear
and changed to New Conoco Super Motor Oil"

says Marshall Rousseau
Police Sergeant
Harrington, Texas

"Driving at all kinds of speeds, I've piled up 30,000 miles. I've used Conoco Super in my personal cars, and have had absolutely no engine trouble of any kind."

"50,000 Miles-No Wear!" Proved Here:

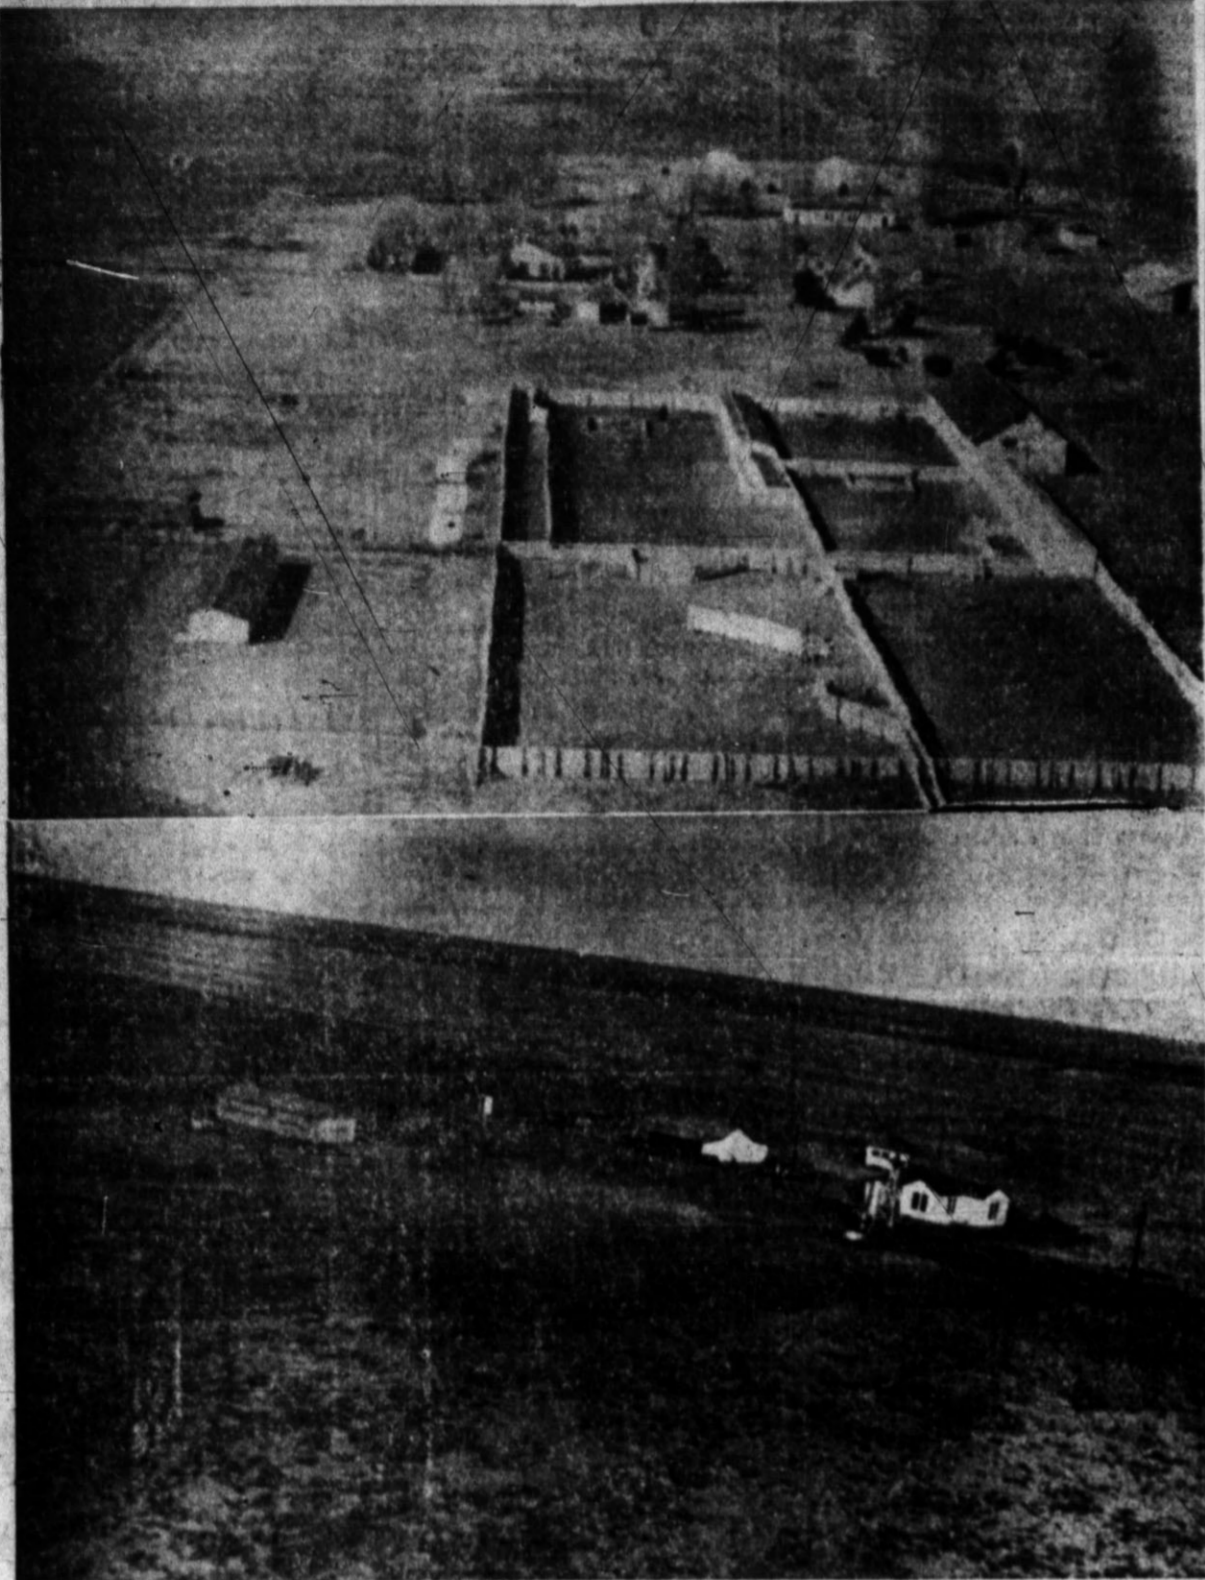

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

TRAVELING SALESMAN
"66,000 hard, fast miles have been put on my Pontiac, with new Conoco Super," says David Brown, Salesman, Salt Lake City. "That car is still like new—excellent gasoline mileage, oil consumption slight, and no engine repairs."

PIKE'S PEAK TOURS
"Our car makes 2 or 3 trips to the top of Pike's Peak every day during the summer," reports R. P. Finney, Sight-Seeing Service, Colorado Springs. "We use Conoco Super and never have to add oil between 1,000-mile drains."

housewives of this country decided in 1948 that beef was too high and broke the cattle market by merely refusing to eat beef. The same procedure of supply and demand could be employed again without any Federal interference and you wouldn't hear one cattleman complain. But when the Federal Government interferes in his business with unwarranted unreasonable and unsound regulations, you will hear him complain, and rightfully so. The program of the cattleman anticipated an increase of the cattle population by 1955 to 95 million from the present population of approximately 84 million. The result of DiSalle's order will ultimately reduce the cattle population by several million and these animals will be a poorer grade of beef than would have been the 95 million. I have gathered a lot of factual information on the subject which I expect to give the House in a speech this week and which I hope will open the eyes of many of the Representatives who are not familiar with the cattle business nor its problems. Most of them think they are protecting their consumers by these price controls, but I intend to show them that they are following a false hope.

This Shrinking World: We sometimes wonder just how small the world has grown, and this was brought to mind very forcibly last week when I received a letter from a war correspondent in Korea with which he enclosed a clipping regarding a statement that I had made in a news letter to you folks about the rumor circulating in Washington that John Foster Dulles would replace Dean Acheson. The following is a copy of the letter and clipping:

"Seoul, Korea ... May 12, 1951.

"Dear Mr. Rogers:

"If we needed proof that the world is shrinking, I think we have it here.

"You write a letter to your constituents in Texas. Someone hears about it in Belgian Congo and puts it on the air. It's picked up in Tokyo, reprinted in Malindi on May 8, and finally it's read by Americans fighting in Korea, some of whom undoubtedly would have read it in Texas if it weren't for the war.

"I thought you might be interested.

Sincerely yours,
Jim G. Lucas
Scripps-Howard War Correspondent."
(Clipping)

"Radiopress Brazzaville (Radio), May 6.—A United States Congressman told his constituency today that it was hinted in Washington that Secretary of State Dean Acheson was to be replaced in the near future by John Foster Dulles, the Republican Presidential adviser.

"Representative Walter Rogers, Democrat of Texas, made this statement in a weekly news letter to his home state. Reports that Secretary Acheson would be replaced have circulated for months but have been denied repeatedly by President Truman."

I certainly wish that the clipping referred to could have been read in Texas by the American fighting boys rather than in Korea, and I am sure that the war correspondent agrees with me.

Visitors: I had lunch yesterday in the House restaurant with Mr. and Mrs. C. E. Carlidge of Sunray, Texas, and their two fine sons, Don and Stevie Joe. Don is the boy who won the Amarillo News-Globe spelling contest and is competing in Washington. He is a fine young man and will give the others tough competition for the National Championship. Stevie Joe is nine months old and has as much energy as Don has spelling ability. The office has been honored recently by visits from R. G. Allen, of Boston, Mass., formerly of Pampa; B. I. Barfield, Ted Taylor, and Louie Evans of Amarillo, and John Allen of Skellytown. Louie Evans is in charge of Don Carlidge in the spelling bee, and doing a good job.

CONG. ROGERS SAYS

Cattle-Raisers Protests of Price Rollbacks Not Selfish Action

Last week was the first week that I have missed sending out a news letter, the reason being that I was in the district visiting among the people to get first hand information as to what you want done. The visit was short and I did not get to see as many as I would like, but I thoroughly enjoyed it and look forward to another visit in the near future.

Price Rollback on live Cattle: The Office of Price Stabilization is running into a great deal of difficulty on most all fronts and especially in the directives issued rolling back the price of live cattle. Although the Administration has stood pat on

this matter, so far, it is no secret that they are experiencing grave concern. It is my opinion that the OPS either failed to gather correct information on the subject or failed and refused to honor the correct information that was gathered. Mr. DiSalle has made several references to beef producers engaging in a strike. This reference is not only unwarranted but it is definitely unfair. The beef producers of this country have never engaged in a strike and do not intend to. If they fail to produce beef, it will be because they have been put out of business by unreasonable and

unwarranted Federal regulations, and I certainly intend to do all I can to prevent it. The OPS is attempting to lead the people to believe that this rollback order is going to help the consumer and that the cattle people are interested in doing away with it for a selfish reason. If such a statement was true, I would certainly not be condemning the actions of the Administrator. In the first place, the cattle people have done an outstanding job in the production of beef without Federal control and without Federal subsidy, and I take exception to any and all remarks reflecting upon the cattle people. In the second instance, the consumer is not only going to pay higher prices for beef in the long run, but is going to be faced with a shortage of beef that would not have come about if the cattle business had been left alone.—The
