

Around Town

Despite the mad rush of Pioneer Day this past week end, Hereford merchants are planning on Dollar Day Monday as one of the outstanding events of the year. Bargains in various lines will be found listed in this issue of The Brand.

Meanwhile, it appears that we have a real controversy on our hands as to how Bootleg Community got its name. Guess maybe the Bootleg Philosopher will finally solve the problem, but right now it looks tough.

Mrs. R. C. Childers' story on Bootleg in the Pioneer edition last Thursday has drawn fire from at least two sources. Frank Bezner says the place was known as Messenger Store back in 1932, when he had the Davis land leased and lived out there. He also says that Louis Woodford was running the store. Arnie Steff was working for Bezner that summer and Frank recalls they had a bread one night and he and Arnie to run set some bread out. Arnie could not recall the name "messenger," so he just said "over there at Bootleg." Arnie got to telling Louis about the reference—and that is how Frank Bezner says he figures the name got started. He adds, however, that he is subject to correction if anyone has more authentic facts on the subject.

Mrs. Childers' article, as you may recall, attributed the unusual name to bootlegging activities in the same location away back in the 1890's.

Earl (Son) Wood has still another version. Like Mr. Bezner, he says that no store was on the tract for many years. In 1922, as he recalls, a school building was moved to the site and later the Messenger store was started. A bootlegger lived a few miles down the road, but would never make deliveries at his home—always insisting that customers meet him at the vacant school building. Folks around Hereford who patronized the man got in the habit of saying, "I'm going out to Bootleg." This, according to Earl, is how Bootleg really got its name.

A sign posted along with Byrle Elliston's Indian relic and archeological collection this week end got quite a few chuckles. It read, "This is only a part of Byrle Elliston's collection over a period of 165 Million Years—Streu."

A big percentage of the 1953 graduating class, it appears, will be transferred to The Brand Office with more than 20 percent of the group (five out of 93) scheduled there this summer. Bobby Drury will be assistant in the bookkeeping department, Jackie Allmon, printing, Mary Frances Pitner, news; Douglas Braeken, office supplies; and Betty Hamilton, advertising department. In addition, Shelby Whitfield is doing sports on a part-time basis, and Nancy Patterson, senior next year, is in photography.

Court Awards Cavin \$4,500 On \$20,237 Damages Suit

A county court case, on docket here since December, 1952, was settled out of court when the commissioners of Deaf Smith County agreed to pay John A. and Mayme Cavin \$4,500 in damages for right-of-way in the north part of the county.

The Cavin's originally were allowed \$423 by a special commission to cover damages due to the right-of-way and, dissatisfied with the amount, filed a damage suit asking for \$20,237.50 plus costs, which was estimated close to \$22,000 total.

The commissioners discussed various phases of the case and on motion of C. G. Richardson, seconded by J. T. Guinn, voted to settle the case out of court on the proposed \$4,500 basis as final settlement on the strip, which Cavin alleged "split" his acreage. J. C. Morrison voted for the settlement, and M. T. Rutter cast a dissenting vote on the settlement.

The case, due to wide range of amounts, has previously attracted much interest with an array of local talent involved from Amarillo and Hereford. The hearing, first scheduled for January, was delayed from time to time at the request of various lawyers who were unable to appear at different times.

Colorful Floats, Riders Highlight Annual Parade

A crowded estimated up to 10,000 people Friday afternoon lined the streets of Hereford to view the big Mid-Plains Pioneer Day parade which started at 2:30 and ran on past 3 o'clock as 222 horses, 14 club and individual floats and scores of other entries passed in review.

Quite a few things about the parade were outstanding this year, but the exceptionally well planned and decorated floats possibly drew more comment than any other single feature.

First place in club entries was awarded to the Hereford Music Club on its "Family Album" float, which dated from the "Gay Nineties" to present day. The float was decorated with hundreds of flowers and was one of the most colorful entered. Second place went to LaPlata Study Club's "Saturday Bath" float, which was exactly what the title indicates—with the entire family taking part. Third place was entered by Loyal Workers, and depicted "Pioneer Mothers." Fourth place went to B. F. W. Club, depicting "Miss Hereford: 1888 and 1953"; fifth place was won by Jaycees with a float captioned "Bury Me Not On This

Lone Prairie." Individual floats first prize was awarded to Buddy Bob Campbell on his panned sheep. Judging was done by West Texas State College faculty members who based their scoring on Originality, Amount of Work and Appearance. Trophies, plus checks for \$40 and \$15, were awarded first and second place winners. The next three winners got checks for \$10 each, and Buddy Bob Campbell was given \$5 for his individual entry.

Estimates on the crowd varied with individuals, running from a low of 6,000 to a high of 10,000 spectators. Most people agreed, however, that the crowd viewing the parade was one of the largest in the history of the Pioneer Day event.

Of the 10 riders clubs entered in the parade this year, the three top prizes were as follows: Hockey County Sheriff's posse, Levelland, first place; XIT Rangers, Dalhart, second place, and Crosby County Sheriff's posse, Crosbyton, third place. Other clubs taking part in the parade were from Clovis, Tucumcari, Littlefield, Slaton, Tulla, Idalou, Portales and Hereford.

Sammy Baugh, highly publicized former All-American, who was scheduled to lead the big parade—led barely got in at all. Officials held the parade 10 minutes, started and Baugh arrived at the Sixth Street intersection. He rode just behind the "Colors." The event was enlivened by the Amarillo Air Force Band, the Amarillo Drum and Bugle Corps, the Dimmitt High School Band, and the Hereford High School Band.

Order of the parade follows: Colors, Sammy Baugh, Air Force Band, State Officials, City Officials, Hereford Band, Crosbyton riders, Hereford riders, Loyal Workers float, Lions Club skit, Cub Scouts, Den 3, pack 50; Fire Department, LAE Club float, Tulla riders, Tucumcari riders, Rebel "B" car, Jr. County-Wide 4-H float, B. & P. W. float, Dalhart riders, Troop 50, Boy Scouts float, Garden Beautiful float, Truck of Pioneers, Littlefield riders, Music Study Club, Drum and Bugle Corps, La Madre Mia float, Borrelli on Jet horse, Portales riders, Slaton riders, Wyche HD float, LaPlata Club float, Levelland riders, Jaycee float, Progressive HD Club float, Idalou riders.

Total Of 329 Pioneers Gather For Celebration

Stories of yester-years fanned the breeze here Friday and Saturday as a total of 329 old timers registered for the annual Mid-Plains Pioneer Day celebration at headquarters in Hotel Jim Hill. The figure topped the 321 total last year by nine. Only persons who lived in the area 40 years or longer were included in the registration, which showed 49 with 60-year badges, 106 with 50-year badges, and 174 with 40-year badges.

Lunch was served to all registered Pioneers at the noon hour Friday by the Hereford Lions Club. The Lions also repeated at 5 o'clock Friday afternoon with a barbecue for visiting riders clubs.

Old timers who did not appear on the special float in the big parade Friday afternoon viewed from the sidelines and generally commented upon it as "one of the best ever." Other features on the Friday program were a concert by the Amarillo Air Force Band, and a talk by Bascom Giles, State Land Commissioner Friday afternoon.

Just visiting, seeing old friends, and recalling of incidents in the past were the things which the Old Settlers enjoyed most.

Saturday morning marked a meeting of the Overstreet Class of 1901, which likewise elicited more stories among a small group. The fiddlers contest Saturday afternoon also provided entertainment and lots of fun for the early settlers.

At 4 o'clock Saturday afternoon, the Pioneers joined the entire community in pausing for a Memorial Day Service on the courthouse lawn, honoring those who lost their lives in service of the country. Gold Star mothers were special guests in the ceremony conducted by the Hereford VFW.

Overflow Crowds See Rodeo; Final Events Sunday

A gay, carefree crowd of more than 3,000 persons Friday night attended the Hereford Riders second annual R. C. A. rodeo. Arena improvements this year swelled the seating capacity to 2,300, which was still far short of adequate.

The first performance of the three-day rodeo went off smoothly with some excellent times recorded in calf roping and steer wrestling. Opening time Saturday night was set for 8:15, and the Sunday performance will begin at 2:30 o'clock, featuring finals in all events. A total of 88 individual cowboys were reported entered in the various contests with several slated to appear in more than one event. Broken into groups, the list reads: bareback bronc riding 31, calf roping 28, saddle bronc riding 22, steer wrestling 27, brahman bull riding 23—a total of 131 different competitors for prize money.

Winners in the Friday night events follow: bareback bronc riding, Leonard McCravy of Memphis, first; Bob Maynard, Hollywood, second; Judd Barker, Cleburne, Tex., third. Calf roping: Earl Brown, Adrian, first, 15.4 seconds; Elmer Carter, Houston, second, 15.7; Spicer Gripp, Hereford, third, 16.9. Saddle bronc riding: Freckles Brown, Lawton, first; Harley May, Demming, second; Bill Ward, Angel Camp, Calif., third. Steer wrestling, Bob Maynard, first, 8 seconds; A. L. South, Lawton, second, 8.9; Bill Ussery, third, 18.8. Brahman bull riding: Jim Brannon, Mesalero, first; Bob Maynard, second; Berni Johnson of Cleburne, third.

Two near-accidents also brought the paying customers out of their seats when riders were thrown and missed being gored only by quick thinking of the Kojin Kid, rodeo clown. The Kid also presented a specialty act with his educated mule, "Parker-carcas," which found general approval of the crowd.

In addition to finals scheduled for Sunday, the following cowboys are among those scheduled to perform: Bud Linderman, Red Lodge, in three events, Homer Pettigrew, Chandler, Ariz., famous steer wrestler; Deb Copenhaver, Spokane, saddlebronc riding; Elliott Calhoun, one of 10 high standing men in RCA, and Troy Fort, Lovington, N. M., calf roper.

PLASTIC SURGERY and skin-grafting are the only hope for turning little four-year-old Gary Ohlig of Westway once again into a boy of normal appearance. Facial burns, seen above, are possibly not as bad as those suffered on the upper part of his body, but the little fellow cried and asked that the covers not be removed—"cause I don't want folks to see my burns." He was more conscious of these places, due to the fact that he can see them, but cannot see his own face. The burns are so severe that the little fellow has been kept under ether much of the time in order that he may avoid the pain. The picture was made by special permission in connection with a drive friends are conducting to help Gary once again appear normal.

Plastic Surgery Fund Now \$317; So Little Boy Can Look Normal

A Gary Ohlig fund, started this week to help defray expenses on plastic surgery, skin grafting, and other special requirements for helping the little 4-year-old boy regain the semblance of a normal youth, was reported to now have a total of \$317.

Due to severe, third degree facial and body burns, the little fellow can probably never become absolutely normal in appearance. His hair, for instance, is not likely to grow out at all—and extreme burns on his face and upper body are such that friends feel only through considerable plastic surgery can he once again appear anything like an average boy.

These things, his parents cannot afford right now, so the fund was started this week with Frank Bezner as chairman. All contributions will be voluntary and will be used 100 percent toward helping the small boy, Mr. Bezner said. He said that contributions may also be left at The Brand office—or with Mrs. Albert C. Stengel, 612 Knight.

A total of \$2,500 or more is estimated for costs which will follow before Gary is fully improved. The fund, sponsors hope, will reach an amount which will help considerably. New things keep popping up, too. The outer rim of his ear fell off Thursday and some plastic surgery may be necessary to take care of his small 3-year-old brother, Billy.

"All in all it is a rough deal," said Bezner. "We just thought a lot of folks would like to help out a case like this at least, where we know the people and know they are good, down-home folks. The Leo Ohligs aren't asking for charity—but some of us who know the circumstances will figure that when a fellow is in need and trouble he can best turn to his friends and neighbors."

The two small boys, a year in Mr. Ohlig's, were seriously burned when the stove in their bathroom exploded May 11 in the Westway Community. The trio has since been in the Deaf Smith County Hospital—and little Gary has had one week of hospital life still awaiting him.

Plans Complete For Bloodmobile

Respecting a total of 250 donors signed up for the bloodmobile trip here next Tuesday, T. E. Seigler, chairman, and E. G. Lewis, vice chairman, said today that the number would be approximately correct for the 150 pints of blood scheduled from Hereford.

"Cut-backs, due to colds and other developments will give us just about the correct number," Mr. Seigler said. Solicitation for donors ended this week when Mrs. E. P. Conner, recruiting chairman, turned over the cards to Mrs. Eugene Brumley and Mrs. O. G. Hill.

Donors who signed these cards should receive the schedule cards before this is published," Mrs. Brumley said. The schedule cards will designate specific hours for each donor to appear at the Baptist Church basement, where the unit will work again this year. Persons who signed up, but do not receive cards will know that they are being held for reserve calls.

Mrs. A. L. Mangot, unit chairman, said donors were reminded to eat, but to avoid fatty foods.

Mrs. Mangot will be assisted by Mrs. Reed Williams; Catherine workers include: Mrs. Jim Neill, Mrs. Dale Kelly, Mrs. Richard Jewell, Mrs. Tuff McGee, Mrs. Herbert Houshaff, Mrs. Jack Robinson, Mrs. Edna Gilliam, Mrs. W. S. Krummen, Mrs. J. B. Martin, Mrs. and Mrs. Don Post.

Mrs. Martin Gilliam, nurse chairman, will have under her as volunteers for the day: Mrs. William Lawrence, Mrs. Glen Anderson, Mrs. Earl Stagner, Mrs. Steve Bennett, Mrs. F. L. Whitcomb, Mrs. A. A. Hines, Mrs. Alice Cox, along with nurses and nurse aides from the hospital as needed.

Working under Mrs. James M. (Dorothy) Wood, Service Group chairman who heads all volunteers, will be the teams: Mrs. Charles Smith, Mrs. J. N. Edmonson, Mrs. George James, Mrs. Mary Taylor, and others if needed.

Bottle labeling will be taken care of by Mrs. F. C. Glenkennin, Mrs. B. A. Crockett, Mrs. James Black and Mrs. Vern Wilson.

Receptionists for the day include Mrs. Jan Lipscomb, Mrs. Ora Tucker, Mrs. George Graham and Mrs. Ray Slat.

Volunteers from the Fire Department will unload and reload the unit and the members of the Hereford's teenage Rebels Car Club will take care of transportation for those meeting it.

Bob West, information chairman assisted by Mrs. Corinne Jennings, executive secretary handled publicity and with Chugner Chairman, Mrs. Reed Williams, will work as co-ordinators on the program during the unit's visit here.

Mrs. John Jacobson, Jr. acted as chairman for the group of five mother's clubs who with a limited membership signed up 30 donors because of their interest in the polo angle of blood donations.

Assisting Mrs. Jacobson from the clubs were the presidents, Mrs. Duane Stanton of El Nino, Mrs. Bill Brady of Young Mothers Club, Mrs. W. D. Jones of Les Nieces, Mrs. J. W. Witherspoon of Child Study, and Mrs. Louis Beckman of La Madre Mia who assigned Mrs. Holly Owen to handle registration from her club.

FRIO NEWS

By Mrs. Bill Simpson

R. T. A. lines are being energized in the Frio-Exchange this week. Even though the lines are only inter-community, they are certainly being appreciated and enjoyed by those receiving these tele-phones.

Revival services at the Frio Baptist Church will begin this Friday, May 29th, and will continue through Sunday, June 7th. Rev. J. W. Ward, pastor, is conducting the meeting. Morning services will begin at 10:30 each week day, and evening services at 8:15. All are invited and welcomed to attend this series of services.

Rev. and Mrs. D. W. Ward and children attended graduation exercises at Maxwell, N. M. last Thursday night. D. W.'s brother, George, was a member of the graduating class. The Wards then visited Mrs. Ward's parents, at Pueblo, Colo. They returned home on Monday and were accompanied by D.W.'s mother, Mrs. H. A. Ward for a few days' visit.

Mrs. Floyd Cole and infant daughter, Cheryl Ann, were able to come home from the hospital at Hereford, last Saturday. Cheryl Ann was born May 20, and both she and her mother are doing fine.

The Frio Home Makers Club met, Wednesday, in the home of Mrs. Spicer Gripp. The subject of the program was "Garden Pests". Charlie Crowell of Hereford showed some films on the subject, also a short one on "Roses—Bouquet of Beauty." Present for the meeting were Mesdames H. F. Benson, Herb Schmidt, C. N. McClure, Gene Noel, Frank Robbins, W. A. Springer, E. H. Little, Owen Andrews, Mrs. Glenn Gripp, the hostess, Mrs. Spicer Gripp, and Mr. Crowell. The next meeting will be in the home of Mrs. Owen Andrews on June 10th and will be about "Picnics."

Mr. and Mrs. J. E. Andrews and Miss Alma Andrews left Thursday for a visit with Mr. Andrews' sister Mrs. Alma Spruill, at Loco, Oklahoma, and other relatives. They planned to visit the brother of Mrs. Andrews, J. R. Benson, at Shamrock, on the way.

Mr. and Mrs. Frank Robbins and children visited the home of her sister, Mrs. Glenn O. Edwards, and family, on Sunday. Their pa-

rents, the F. Y. Moremans, were also there. They all helped Clifford, son of the Edwards, celebrate his fifth birthday. The Edwards live in the Ward Community.

Clark Andrews was accompanied home from Ft. Bliss, last week and by a friend, Bill Padgett, of Plainview, Ark. Padgett is stationed at the same job as Clark, in the Army, at Ft. Bliss. James Gwyn, of Palo Duro, who is a radar school there, also came with them, and spent the time with his folks, the Homer-Gwyns.

Miss Lyla Robbins is home with her parents, the H. D. Robbins, for summer vacation, from her teaching duties in the Abernathy Public Schools.

Mr. and Mrs. C. E. Roberts of Wellington parents of Mrs. Robert Simpson, were here Tuesday night for the Hereford High School graduation exercises, as their granddaughter, Nell, was a member of the class.

From Melrose, N. M. were Mr. and Mrs. Fred Andrews, Mr. and Mrs. Wiley Andrews and from Texaco were Mr. and Mrs. Roscoe Burtis to witness the graduation Tuesday night, of Glenn Andrews, also with the Hereford High School group.

Mrs. W. A. Springer and Charles were shopping in Amarillo Saturday.

Mr. and Mrs. Weldon Stephens moved into their home, on 25-Mile Ave., this week. The house was formerly occupied by the Inman family.

Mr. and Mrs. J. D. Blodgett and family, of County Line, Okla., are visiting Mrs. Blodgett's parents, Mr. and Mrs. Simmons. Marilyn Kay Cole, daughter of Mr. and Mrs. John Cole, also of County Line, accompanied them here for a visit with her Cole relatives here. Mr. and Mrs. Earl Cole were Amarillo visitors, Thursday.

Barbara McGee has returned home from Abilene Christian College for the summer. She was accompanied by Clara Jane West. Both girls were enrolled in ACC as freshmen for the past nine months. Barbara is the daughter of Mr. and Mrs. Lawrence McGee and Clara Jane is the daughter of Mr. and Mrs. Floyd West.

Eugene "Squeaky" Roberson of Fort Bliss was here for the Pioneer Day festivities. He was accompanied by four friends from Illinois, Utah, Indiana, and Nebraska. The boys from the north attended their first rodeo.

Luncheon -Practice Session Held By O.E.S. Officer Staff

Mrs. W. L. Jones, incoming worthy matron of the Hereford chapter, Order of Eastern Star, was hostess at a luncheon Thursday for members of her staff at the Masonic Hall.

Following the luncheon a practice session was held for formal installation ceremonies which will

be held at the hall next Tuesday night.

Those besides the worthy matron attending were: Mesdames Nell McLallen, Esther Gleaton, Virginia Patton, Alta Caraway, Dorothy No'and, Earline Wa'ton, Catherine Moore, Lela Scarth, and Luffe Gresson.

Good Neighbors

Mr. and Mrs. M. C. Leffel

Mr. and Mrs. C. M. Leffel, 216 Whiteface Avenue, are building an addition to their home, so we picked our way through scraps of lumber and roofing to tell them they have been nominated in the Good Neighbor Contest.

"Don't give us any praise. We're just trying to serve the Master," they said, when told there would be a story about them in the Hereford Brand.

Mrs. E. E. Holman feels, however, that they should have some recognition for their work. She says, "I know they are deserving because when my husband was sick for over two years, they practically left their home and came to help me. No matter what the time or the weather, they would walk the nine blocks. They gave food and bed clothes when they needed it themselves. They were never too tired or too busy when there was anything they could do.

They are both active members in the Avenue Baptist Church. I do hope and pray they will win."

Mrs. Agnes Perry, 411 East Second Street, says, "I have seen Mrs. Leffel walk five or six blocks in rain and all other kinds of disagreeable weather to relieve someone who was sitting with the sick at one or two o'clock in the morning. She works out, but still has time to help anyone who needs her. They are very much in need of a vacation, which they cannot afford to finance themselves. All their friends feel they are deserving."

Mr. Leffel is employed in the City Water Department and his wife works in Caddell's Laundry. They have only one child—a son. Both love to ride and fish and, in the opinion of these friends, should have a week of riding and fishing at Drowsy Water Ranch.

Jernigan, who broke both legs in a car wreck on her way to the sunrise service in Palo Duro Park Easter morning. Her father is extremely ill and her mother has taken him to another city for care and treatment. While they are gone the McClungs are caring for Emma, who was quite happy to have the cast taken off one leg the day we were there.

Mrs. Tom Parker does not mention Emma, but she does say, "While we naturally expect a preacher to be friendly and helpful, Paul and Myrna McClung are especially good neighbors. Paul's car and his services as driver are always ready for anyone's need. After a recent wreck he went to Amarillo for blood, made the necessary deposit and saw to it that the blood was repaid, giving the first pint himself. He constantly tries to improve playground facilities for local children.

Their home is always open when needed for any parties, showers, etc. Myrna is not only active in church affairs but any local project. They really work to make newcomers feel at home. They include not only their church members but any member of the community.

Mr. and Mrs. W. E. Clowdus

Mr. and Mrs. W. E. Clowdus are the first from Castro County to be nominated in the Good Neighbor Contest. They came from Jackson County, Oklahoma, to Jumbo five years ago, where they quickly found a place in community work. They have one son still at home and three married. There are four grandchildren who are really theirs and three more they claim who belong to a girl they "partly raised." "Lots of the young people around here are like our own kids, too," they say.

Mr. and Mrs. Clowdus attend the Church of Christ, sometimes in Dillmitt, sometimes in Hereford. Mrs. Clowdus is in the Jumbo Home Demonstration Club, and both are taking part in the Texas Rural Neighborhood Progress Contest. This is a contest sponsored by the Farmer-Stockman in cooperation with Texas A & M College System Extension Service for the purpose of stimulating "individual family and neighborhood improvement" in an effort to "make farm and ranch life more desirable and satisfying." Jumbo won second in their district last year. Mr. and Mrs. Clowdus are working hard to make it first this time.

Mr. and Mrs. Bill Simpson, of the Jumbo community, say "They are the most unselfish people we know. It seems they want only to make other people happy, either by helping in time of need or by their presence any time. No one in the community has been missed by the Clowdus' good will. They kept Montadelle Hunter last year while her parents were in Dallas sick. Just recently they have kept the three Lesly girls while their mother was in the hospital. They babysat with from two to seven children during our recent play practice. We never have a work-day at the Community Center but the Clowdus' are there, eager to do even the most menial of tasks. No one is ill but they get a cheery card and a visit from 'Grandma' Clowdus. These people haven't been able to do as much as they'd like because their car of ancient vintage isn't always in running condition, but everyone in the Jumbo community will second my nomination and say that 'Grandpa' and 'Grandma' Clowdus are truly good neighbors who are due a week's vacation and rest at Drowsy Water Ranch."

Dr. and Mrs. C. M. Strapp

Dr. C. M. Strapp, 519 Blevins, is as busy this week as any other man who has been out of town and let the work pile up for a few days, but, with his wife's cooperation, we were able to find a few minutes when he could stop for a picture and hear about his nomination in the Good Neighbor Contest.

When Dr. Strapp left Detroit, Michigan, to visit an old college roommate in Boger about four years ago, he was not planning to settle in the Panhandle. His wife was somewhat surprised when he wrote about a beautiful little town in which he wanted to start a new practice. There was, however, a long period of house-hunting before Dr. and Mrs. Strapp, their son and daughter, could all settle down in Hereford. In the few years since their arrival, Dr. Strapp has become too busy to keep

up club memberships, but they attend the Episcopal Church regularly, and Mrs. Strapp has been active in the Child Study Club.

Both like to fish and ride and Mr. Earl Needham thinks they should have a week of fun at Drowsy Water Ranch. He says Dr. Strapp "is unselfishly devoted to the well-being of all the people of our community. He has worked ceaselessly and unstintingly for the happiness of all who have come to him for help. No hour is too late—no call too trivial for Doc to do anything but deliver his best without regard for himself. Doc never lets anyone down. Many a person has been made to feel happy when fortunes were low. To many, Doc has been an unselfish servant. Because of him, our community has been made a good place in which to live."

Bride-Elect Elaine Thompson Feted At Informal Shower-Tea

Bride-elect Elaine Thompson daughter of Mr. and Mrs. Robert Thompson, was feted at a miscellaneous tea and shower Saturday afternoon, May 23, held in the Louie LeGrand home. Hostesses included Mesdames: LeGrand, Earl Phillips, Earl Springer, Lee Conklin, Louis Woodford, S. O. Wilate—no call too trivial for Doc to do anything but deliver his best without regard for himself. Doc never lets anyone down. Many a person has been made to feel happy when fortunes were low. To many, Doc has been an unselfish servant. Because of him, our community has been made a good place in which to live."

Decorations for the party were arranged in the bride-elect's colors of pink and blue. The table, laid with a white linen cloth, held arrangements of blue iris and pink primroses flanked by tall pink tapers. Cake squares were topped with tiny sugar spun wedding bells in pink. Appointments were in silver and crystal.

Bouquets of iris and mock orange were used throughout the house and piano music was provided during the calling hours of 4 to 6 by Caren Conklin and Mrs. Clyde Swatzell of Canyon.

Special guests were the prospective bridegroom's mother, Mrs. J. B. True, and an aunt, Mrs. E. M. True of Wellington.

Guests registering were Mes-

dames: W. L. Jones, B. E. Robertson, O. G. Vick, V. L. Hilton, R. W. Womack, Baker Womble, O. N. Elliott, Ida Ricketts, Fritz Christman, Henry Hastings, Tommy Braddy, O. D. Lowrie, D. C. Schroetter, Carl Williams, Ray Conway, Geo. L. Warrior, I. R. Spratt, Don Root, J. C. McCracken, Coy Phillips, Jess Carter, J. J. Durham, E. W. Hobson, George L. LeGrand of Amarillo, Robert Thompson, Miss Mona McMaster, Miss Ethel Womble, the honoree and members of the house party. Many sent gifts who were unable to attend the party.

Mr. and Mrs. Urlin Streu and Mr. and Mrs. Bob Lewis spent the pioneer holidays in Red River, N. Mex.

Gerry Patterson returned home Thursday evening from Abilene Christian College where she has been enrolled as a sophomore. Her father, Elmer Patterson, went down Thursday to get her.

Rev. and Mrs. Paul McClung

The Rev. and Mrs. Paul McClung have been in the Panhandle only two years. Before coming to Dawn as the pastor of the Baptist Church, he and his wife were students in East Texas Baptist College in Marshall. In 1946 they came from California, planning to attend Baylor University. With sixty or seventy students in every freshman class, they decided the university was too crowded and trans-

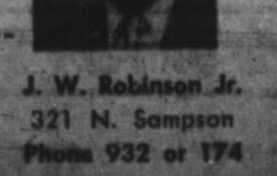

ferred to the smaller college in Marshall. They have one small son who seems happy to be now in the land of cowboys and horses.

We were curious about the lovely young girl in a hospital-type bed who watched our approach up the parsonage walk. The McClungs were obviously too young to have a teen-age daughter, so we decided she must be a sister. This guess was far wrong. The girl is Emma

Dwaine Stewart Is Leading Local Club, .571 Average

By Shelby Whitfield
Big Dwaine Stewart is currently leading Hereford baseballers in the batting department. The right fielder is clouting the ball at a .571 clip. Half of the eight base hits that Stewart has collected have been for extra bases. He has batted 3 doubles and a triple.
Third baseman Raymond Lueb is in the runner up position with a .525 mark. Two of Lueb's six hits have been doubles.
Stewart and Lueb are the only players who have garnered a hit in every game played this season. Johnny Renner, Bud Stengle, and Jackie Burrus are other Hereford sluggers hitting over .300.
The team average for Andy Anderson's boys is .287, a very good average considering the young season.
Skipper Anderson is counting on his younger boys to carry much of the load when Hereford makes its stretch-bid for the Irrigation League pennant.
Youth has been welcomed in the Hereford line up this year while some of the older hands have rested.
One of the better young gems, Anderson has come up with is first

baseman Burrus. Jackie is a demon with a mitt around first and his hitting is improving steadily.
Another lad Anderson is high on is chucker Terry McRight, a lefty. McRight turned in a fine performance in the Happy game last week. The youngster will start more as the season progresses.
Other youthful athletes Anderson expects help from, are Duane Albracht, Sammy Albracht, Everett

Allen, Jack Hennen, and Raymond Cummings.
There are still two vacant places on the Hereford roster. Anyone interested can try out by seeing Andy Anderson.
Dimmitt comes to Hereford Sunday for a league game. Game time is 2:30 at Veteran's Park.
Johnny Winkler, whose record is 1-0 has been named as the probable pitcher.

LET'S COOK SOMETHING

Pies Are Always Been Popular On Your Menus

Grandma had to give a lot more thought to her cooking than does the housewife of today. She had to improvise to make her cooking appetizing. Some people contend that women cook better today than they did fifty years ago because they have modern equipment, but those old time cooks have handed down many precious heirlooms in the way of recipes, some being changed a little as the years went by and others, still being used just as they were fifty years ago or more.

Away back in the early days when newcomers arrived in Hereford one of the first things they would hear about was Mrs. E. T. Woodburn's cooking. Homes were opened wide to the newcomers in those days and with a meal in the family, it wasn't long before young people coming into the town would find themselves enjoying the Woodburn hospitality.
Mattie Woodburn still uses one of her mothers favorite recipes - Jeff Davis Pie - just like her mother made it, and she remembers that everybody liked it, regardless of the hour, day or night. Mrs. Woodburn would serve this recipe makes 2 pies.

- Jeff Davis Pie
- 4 eggs
 - 4 tablespoons flour
 - 1/2 cup butter
 - 1 cup sweet milk
 - 2 cups sugar
 - 2 teaspoons cinnamon
 - 1 teaspoon spice
 - 1 teaspoon nutmeg
 - 2 pie shells (medium size)
- Beat egg yolks lightly and mix with all other ingredients except butter. Pour in two unbaked pie shells and cut butter over tops. Bake in moderate oven until set, remove from oven and allow to cool. Beat egg whites stiff and add three teaspoons sugar. Cover with the meringue and return to moderate oven for browning. When meringue is brown, remove from oven and allow to cool before serving.

Surplus Farm Goods Marketing Plan Is Outlined Before Commissioners

Plans for a retail market to dispose of surplus food products of rural women was outlined this week when the County Commissioners heard a general report from Home Demonstration women in Precinct 2. The plan was reviewed by Mrs. R. C. Childers, county marketing chairman for the Deaf Smith H-D Council, who reported that women had saved around \$3,000 through cooperative buying. The court took no action on the proposal, however.
Mrs. Taft McGee reported on recreation, citing the recent "Stunt Night" as an example of work through this division. Three groups of 4-H girls were presented by Mrs. Paul Hoff in dresses modeled at the recent review. Mrs. J. P. Stanton acted as chairman, introducing the program. Clubs in Precinct 2 include: Cultural, Progressive and North Hereford.
The court also moved to pay the Palo Duro Roofing Company of Canyon \$86.50 for repairs recently made on the courthouse roof, and checked the fee report of Sheriff Lowell Sharp. All four commissioners acted favorably on instances of warrants for purchase of law books for the county; payments will total \$32.50 per month.
Prior to the regular session, the court also attended a 2-4-D meeting, sponsored by the Extension Service.

Romances Of Yester Years

Pictures on this page are six pioneer couples who have contributed much to this area in the form of progress, social activities and general development. The occasion of Pioneer Day, 1953, presents an opportunity to recognize accomplishments which resulted from a few of those "Romances of Yesteryears."

Bradlys Came To This Area Three Days After Wedding

Mrs. L. R. Brady and the late Mr. Brady were married in 1896 and three days later moved to his ranch 5 miles east of Hereford. Mr. Brady had come to the Plains in 1883 and operated one of the then few, cattle ranches. They engaged in farming and stock raising and increased their holdings to 10 sections of land. He leased other land and when they built the town of Hereford he had 21 sections under fence in this area. To make room for the town he moved on down the creek and kept on raising cattle. He and the late Rat Jowell brought the first registered Hereford cattle to this sec-

tion and Hereford was named for this herd.

The couple is shown dressed in the best of the day's fashion. The bride wore a dress of pale blue cashmere made with tight fitting basque, leg o'mutton sleeves with cream lace trim on the high collar, shoulders and sleeves. Her artificial flowers given to her by a friend, Mrs. Albert Marchison, the former Miss Lela Jowell, matched those in his boutonniere and the ornament in her hair was in the latest design.

Mrs. Brady has three daughters, Mrs. Lan Shore, Mrs. Bruce Rose and Mrs. Doyle Rose, and one son, Wes Brady, all of Hereford.

C. R. Smith, Ranch Boss, Zula Vanderburg -- 1906

Zula Vanderburg and C. R. Smith were married August 22, 1906 in the home of her parents, which is now the home of Mrs. C. B. Williams on the corner of 6th Street and Miles Ave.

Smith came to Hereford in 1900 and was "wagon boss" at the old XIT Ranch from 1900 to 1903. He was manager of the Estabada division until 1906. Mrs. Smith had

come to Hereford with her parents in 1902.

Her wedding dress was of white silk trimmed in net and lace. The shirred yoke and collar were edged in lace and the sleeves were elbow length. The skirt was full gathered and she wore long mitts to match her dress.

Mr. and Mrs. Smith have one son, Roy Smith.

Vern Witherspoon Wed In LaPlata Rites In 1906

Mr. and Mrs. Vern Witherspoon were married October 28, 1906 at her father's home at old LaPlata. Rev. Wm. Gordon Kain, Presbyterian minister, performed the ceremony.

The shirt waist worn by the bride for her wedding was of sheer white batiste, made with high collar and featuring tucks and lace for trimming. A soft bow of white ribbon was tied at the throat.

The couple farmed the old Mercer place and later built what is now known as the old Wedel Place.

He was one of the early pioneers moving to LaPlata with his father before the county was organized. She was Miss Myrtle Bowe and came to LaPlata in the spring of 1906 with her parents, the late Dr. and Mrs. F. E. Bowe.

They have two sons, Buddy of Hereford and Byrl of Amarillo.

Phillips Wedding Dinner At Amarillo Harvey House

Mr. and Mrs. Wirt Phillips were married on January 1, 1916 and spent a month honeymooning in Galveston and other points in Texas. He came to Hereford in 1905 as a cow puncher and has held ranch interests ever since.

They had a simple home wedding, she was the former Miss Bessie Sisk, and went to the Harvey House in Amarillo for dinner before leaving on the wedding trip.

The bride wore a navy blue suit with the cream lace blouse shown in the picture.

Back home again they moved to a ranch in Castro County and then returned to Hereford to buy the old Moreman place where they lived for 18 years. Now he has retired as a rancher, but they still operate an irrigated farm.

The Phillips have one son, Bill Phillips, and a daughter, Mrs. Viola Chisholm.

Ireland Wedding Occured At Dimmitt Home, 1909

Mr. and Mrs. E. S. Ireland are shown in pictures taken shortly before their marriage, while she was a student at Austin College, Sherman, Texas. She was the former Miss Emily Bell.

They were married at her home in Dimmitt in 1909. For a couple of years they lived near Dimmitt on the OYO Ranch and later moved to Round Rock. When they returned to Dimmitt they purchased

the Ira Aten place east of Dimmitt where they were engaged in farming and stock raising. They moved to Hereford 34 years ago and bought the late Robert Elliott place on Union Ave. Recently they built a home on Avenue D.

Their children are: Edgar Ireland Jr. of Sweetwater, Woodrow Ireland, Richard Ireland, Mrs. Elizabeth Bonesio and Mrs. Donald Henslee.

Allred Wedding Ceremony Conducted near Wildorado

Mr. and Mrs. J. C. Allred pose for their wedding picture wearing what the best dressed bride and groom wore in 1907. She was Miss Della McClain and they were married at her parents' country home near Wildorado.

Her dress was of cream wool made with full blouse and skirt leg o'mutton sleeves and upstanding collar trimmed in lace. She wore a bow of white ribbon in her hair and pinned to her shoulder was a chatelaine watch, the gift of

the groom.

The couple lived on a farm and then moved to Amarillo to put the children in school. Later they went back to the farm, but for the past several years have made their home in Hereford at 204 N. Lawton St.

Mr. and Mrs. Allred have two sons, Cecil of Amarillo and Jimmie of Hereford, three daughters Mrs. Sadye Mae Henry of Plainview, Mrs. Lottie Anderson and Mrs. Ethel Mayo of Hereford.

This would be quite a hardship for them, if it were not that a neighbor is letting them use his well on their vegetables. The truck gardening is looking extra good. Coffins say the prettiest, cleanest they've had.

Free Press Vs. School Publicity

The newspapers, radio and other mediums of communication were possibly never more in the position of losing America's "freedom of the press" than in this particular period.

Take, for instance the rigid criticism which Robert L. Stearns, president of the University of Colorado, heaped in scorching tones upon publishers during the 22nd annual newspaper week recently. Dr. Stearns' chief complaint was the fact that the reporters frequently take the more bizarre happenings and faults of college life to play up, rather than its virtues. Dr. Stearns had, of course, a strong point for argument. A point which, in fact, applies to most colleges over the country and has in more recent years spread down to the high school level over the entire nation. Outbreaks of the type have occurred here on the High Plains of Texas.

Looking at the situation from the point of view of a man who is interested only in promoting and building a college or improving a school system, we are inclined to feel some justice in his argument. Dr. Stearns forgets the one big point, however: he is spending tax dollars, paid by the public. If the colleges of America do not want publicity about their professors occasionally being Communists and "Reds," it would be our opinion that they should take pains not to hire communists. Certainly the newspapers do not hire the professors—and we fail to see how they can conscientiously blame a newspaper for telling the truth about such situations. We even think that the people from whom tax dollars are extracted are entitled to know when their money is being used to pay Communists, who can in turn teach and influence their children to also become communists. Perhaps this is old-fashioned, but it is the way we feel.

Actually, Dr. Stearns, along with hundreds of high school superintendents and college presidents, are in substance saying that they do not want a free press. What they want is a series of propaganda machines. They would have the newspapers dispatch and mislead the public with only the good things about the schools—and let the taxpayers continue paying for the undesirable happenings without knowledge of their existence. This is the exact replica of the type press which Hitler and Stalin instituted and maintained.

At a recent meeting of Texas Press Association in Houston the subject occurred and it appeared that 75 percent of the newspapers in Texas are being subjected to semi-control regarding the spending of tax dollars and releasing of unbiased information concerning school districts. Several have been forced to secure court or-

ders to enter presumably "open" school board meetings. Over a period of years the teaching profession can, unquestionably, install a general feeling of antagonism toward the "freedom of press" and "freedom of speech" in America. If this is the goal of any group or organization, it is certainly dangerous to our present way of life.

The American Press, on the other hand, is not without fault. Some papers do, both intentionally and unintentionally, distort situations such as Dr. Stearns outlined. These situations, we like to feel, are much like the Communist professors—few and far between. Release of a recent article maligning the State of Texas by Esquire magazine is a good example of unfair tactics. However, this unquestionably did hurt Esquire over the Southwest—and will lead all people in this area to realize that if the magazine is not dependable in this occasion that it is not likely to be dependable in other reporting. Esquire, we have no doubt, will pay the price in months to come.

Libel laws of Texas are based generally upon "the truth as a complete defense." Such restriction may not be adequate. However, when people, especially those spending tax money, start covering up, hiding facts, and are afraid to face the truth in print, we generally begin to wonder about those people, regardless of their reputation and past records.

Just to prove that our feeling is sincere, we would like to recall an unpleasant incident a few years back when some of the Hereford Brand printers became involved on counterfeiting charges. The Brand is not tax supported, but a newspaper is a semi-public institution and we feel that the people of the community were entitled to the TRUTH. We printed it in big, black headlines—just as we would have printed it had the school been involved instead of The Brand. Other Panhandle press, radio and public speakers also gave the incident a good long ride. It was not pleasant. We are still ashamed of it—but we would be even more ashamed had we tried to hide the truth from the people. It is a poor rule which only works one way.

Who Wants Justice?

The injustice of methods through which people sometimes seek justice, it appears, is a questionable practice.

Take for instance a case which appeared in this county. A land commission awarded damages totaling \$423, which the owners considered unfair. The owners, in turn filed objections and asked for \$22,000. Final settlement was for \$4,500.

Since \$4,500 in settlement was acceptable to both sides in question, it would certainly indicate that neither side was trying to be fair or just in their original offers.

Furthermore, the case is no great exception to the average type of "justice" which is sought by people going to court. If most people think they are due \$500 in damages, they generally ask for \$5,000, whereas the other side will start out offering \$50 or \$100. Such legal camouflage is unquestionably out of order, creating undue expense to courts, for lawyers and in that it indicates injustice, rather than justice. Anyway, that is how it appears to us.

On the other hand, if people wanted justice and tried to do what was right, they probably would not go to court in the first place, thus settling their problems outside. Which, after all, seems to be happening to a great extent. Civil cases in district and county courts have percentage-wise fallen far below the ever-increasing population in this area over the past 10 years.

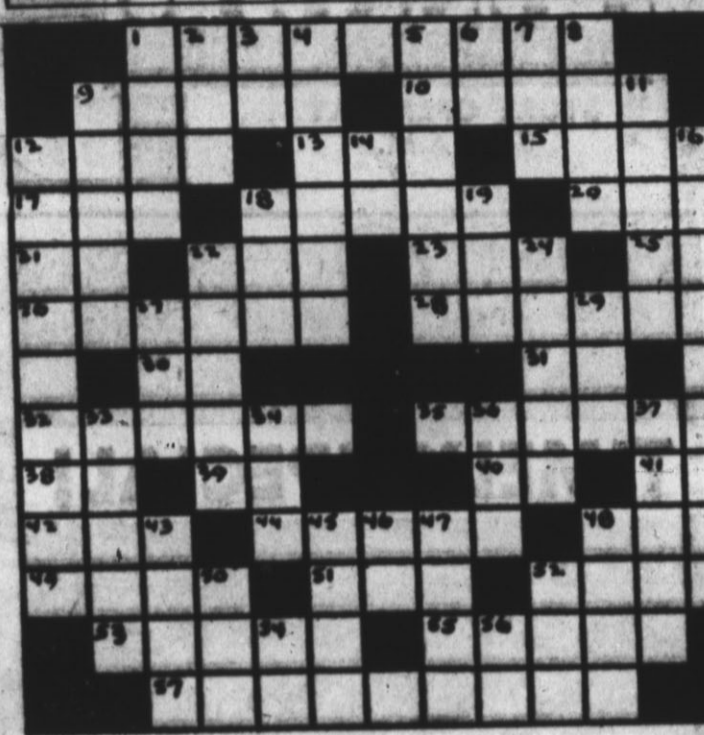

Hard work has never killed a man but there are any number of cripples who were injured trying to dodge it.

Sometimes it would be a good idea if the people who listen to public speakers would get up and talk back.

The average dad, with all his wisdom, rarely understands how much the average child understands.

Adult Classes In Spanish Favored By Merchants As Good Project Here

If the Chamber of Commerce should sponsor night classes in Spanish as an incentive toward better sales relations do you think there would be enough people to justify the class?

MONK JOHNSON

Yes, I think there would be enough people to justify the classes.

MRS. VERN HILTON

I don't know for sure but it is my opinion that there would be enough interested to justify the classes.

PICK HARMON

I would attend if they had a class. I think it would be good.

PAUL HARVEY

It depends on when it was held. I think that after people work all day they are not too interested in going to a class or something for two or three hours. If they could get a class in the morning say from 8 to 10 and another from 10 to 12 I think that most employers would be willing to let their employees off so that they could attend. By having two classes they could send part of the force once and the rest during the next class.

Well, after June's second we can begin to look for a new type of recipes.

Lately we've been trying our "Coronation Salads" and "Crown Cakes" until we've nearly forgotten our old favorites but they are pretty much like old friends so we'll be going back to them by the time they get through reading Queen Elizabeth's new title.

The women who set up their booth for the Migrant Day Nursery must be natives of West Texas because it was built to withstand the wind.

If they apply of good judgement to the rest of the project we say they are bound to succeed.

For some reason we stopped long enough to read the sports page of the paper the other day and imagine our surprise to find the name "Middle Coff" connected with golf.

Until then we had thought it was the name of a race horse.

Austin, Tex.—Is Governor Allan Shivers going to run for a third term?

That question came up at the tail end of a legislative session which has failed to accomplish major parts of the governor's program.

Governor Shivers has said that he wants to see his program completed.

Questioned by reporters, the governor replied that he "might some day" make another political race.

Asked directly whether he planned to run for another term as governor, Shivers responded:

"I don't know. But there have been lots of people nice enough to suggest it—I have always said that I want to do whatever the majority of the people want."

It may seem a long time until the next statewide election, but the prospective candidates are already preparing their campaigns.

If Shivers should decide to try for a third time, the plans of other hopefuls would have to be revised.

Lieutenant Governor Ben Ramsey, who has been considered a gubernatorial candidate, said that he will ask for re-election to the office he now holds if Shivers again seeks the chief executive's job.

It is problematical if others thinking about the governor's race would get into it if Shivers did.

These include Attorney General John Ben Shepperd, Speaker Reuben Senterlitt, and Land Commissioner Bascom Giles.

An exception might be Ralph Yarborough the Austin attorney, who campaigned hard for the office last year and has indicated he plans to run again.

One part of Governor Shivers' program that failed in the Legislature was a pay raise for teachers.

The solons were ready to give the pedagogues an additional \$300 per year, but the teacher lobby held out for \$600 or nothing.

Thus the teachers got nothing. Their hope now is that a tax on natural gas, passed by the Legislature two years ago and now being tested in the courts, will be finally approved.

Should that happen, it is expected that the governor will call a special session of the Legislature to appropriate the money that the state has been collecting under the terms of the tax.

The money has been piling up, unspent, pending the final outcome of the court action.

The state now has \$15 million of this money, and collections are continuing at the rate of about \$1 million per month.

Last week, attorneys for some of the gas companies involved asked the state supreme court to reconsider its opinion upholding the tax.

If the court stands by its original decision, the gas companies may either drop their suit or take it to the U. S. Supreme Court.

Governor Shivers has predicted that the state can begin spending the money later this year.

He wants to use it for teacher pay increases, salary boosts for state employees, and construction of needed state buildings.

Voters of Texas will decide at the general election in November of next year on a number of changes in the state constitution. Here are some of the questions the people will be called upon to answer:

Whether teacher and state employee retirement credits shall be interchangeable.

Whether county hospital districts with taxing powers may be created.

Whether the terms of local elected officials shall be lengthened from two to four years.

Whether a \$5 million surplus in the Confederate Pension fund may be used to build a state courts building and a state office building.

Whether women shall be required to serve on juries.

All these proposed constitutional amendments were voted by the Legislature.

After two filibusters in the Senate and a storm of opposition in the House, the legislature finally passed a bill to set up a state toll road authority.

The original bill would have limited the authority to the construction of a Dallas-Fort Worth turnpike, but as finally passed, the bill carried no such limitation. The Dallas-Fort Worth road, however, gets first priority.

After the bill becomes law by virtue of the governor's signature,

Uriebas roped the alligator and drug him out by tying the rope around the saddle horn, after which it was tied securely to a tree and the two men went to the ranch headquarters for a truck to bring the big reptile in alive. THE UVALDE NEWS.

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher is talking about something he doesn't know anything about this week, again.

Dear editor:

I was out here on my farm yesterday think about whether I ought to take up golf, just in case I ran into President Eisenhower, and I got to think about the practice he has established of not telling his score, and I want you to know I approve of it.

People talk too much. They ask too many questions. Somebody is always asking me if I'm through plowing yet, and as far as I'm concerned it's a personal question, like how much money you got in the bank, and from now on me and Eisenhower are gonna follow the same pattern, with him not telling his golf score and me not telling the status of my plowing.

Another question I don't go far is, how much wheat you got planted this year? I got the same amount of wheat I planted in 1939, and it's still in the ground as far as I know as it hasn't come up yet. People seem to forget that farmin and golfin are pretty much the same, you do both for exercise, and if you don't feel like either one today you can put it off till tomorrow and that's your business, at least that's the way I look at farmin and I suppose it's the way Eisenhower looks at golfin. I don't think he looks at the Presidency that way, but that's the advantage of livin out here ever havin to live in the White House.

Out here, about all the problems I get are domestic problems, but every mornin when Eisenhower wakes up he's got not only domestic problems but foreign problems, national problems, Republican problems, Democratic problems, tax problems, budget problems, deficit problems, speech-makin problems, Joe McCarthy problems, I tell you, plowin has politics beat all to pieces as recreation.

But even if I don't play golf myself, I'd like to suggest that more political leaders in Texas ought to brush up on the game. Nobody knows when one of em is gonna have to go up to Washington to ask for some form of aid or another and it's possible a little golf-playin ability might be just the thing. Ain't anybody countin on needin any help, don't suppose, but there sure ain't no harm in brushin up the game, just in case.

Yours faithfully,

he will implement it by appointment of six persons who will constitute the authority, along with members of the state highway commission.

The authority will have power to issue bonds and use the money to build roads. When the bonds are retired, the roads will become the property of the state.

The Dallas-Fort Worth turnpike, first to be constructed by the authority, will cost about \$30 million, or nearly \$1 million per mile.

Department of Public Safety investigators have filed charges against six persons, all Negroes, in connection with a fraudulent college diploma racket.

The inquiry was made by the department at the request of the Texas Education Agency.

A. C. Cason, a department investigator, said that the probing is still going on and more charges may be filed.
J. W. Edgar, state commissioner of education, said local school districts have lost some money because of the higher salaries paid teachers with fake college degrees.

Three Texas officials returned from Washington, where they testified before a Senate committee in regard to the states' claims to the continental shelf.

The Texas representatives were Land Commissioner Bascom Giles,

Attorney General John Ben Shepperd and Railroad Commissioner William J. Murray.

They all expressed gratification that President Eisenhower had signed a bill returning title to the tidelands to the states.

As he signed the bill, the president said, "I will always resist federal encroachment upon rights and affairs of the states."

As a result of the bill, Texas keeps its "historic boundary," which extends 10 1/2 miles into the Gulf of Mexico. Oil wells have already been drilled in this submerged land.

Governor Shivers has appointed Weldon Hart as chairman and executive director of the Texas Employment Commission.

Hart has been one of the governor's top aides. He will succeed Harry Benge Crozier on July 1. Legislators upped the salary from \$12,500 to \$13,100 a year.

Austin, teeming with lawmakers and lobbyists for three months, took on a quieter aspect this week, not only because of the legislatures adjournment, but also because University of Texas and other students left for summer vacations.

Suggestion: If you haven't contributed to both the Waco and the San Angelo tornado relief funds, do so today. People in both cities are in urgent need of your help.

Streu's Diary

May 29, 1953

DEAR DIARY:

Here it is Pioneer Day again—and again, we at Streu's extend our heartiest congratulations to those whose pioneer spirit made this country safe, prosperous, and a pleasant place in which to live. I have hopes of living long enough to become an "old timer" myself. But I've only been in Hereford 29 years. Of course, I lived at Portales New Mexico in 1910 and in Amarillo from 1912 till 1924. So I am almost a pioneer.

Have been reading a book about the State of Texas from 1848 to 1885; a book dealing with the many trails and roads and Indian battles—very interestingly it describes the Llano Estacado—the great Texas 'Dezart.' Sometimes after days like Thursday, I'm about to agree with the old cartographers on that 'dazart' deal. Still, it is thrilling to read of the exploits of Texas' Pioneers.

More and more people of Hereford and the surrounding territory are buying RCA Victor television sets—those who visit their neighbors always see the best pictures on RCA Victor—an account RCA Victor just makes with the best picture—for reasons that we will gladly explain when you come in to see the beautiful models on our floor.

Monday is \$ day, and we have a couple of red hot specials for you—a 6 cup, \$3.45 Pyrex percolator for only \$2.49—limit one to a customer—and a huge metal waste basket—\$3.19 value for only \$1.99—also limit of one to a customer—these

are really hot specials and are possible only by lucky buying opportunities.

Could ramble along for a while and fill this space but have other things to do—so will close with the thought that more car wrecks are caused by a loose nut at the steering wheel than any other one cause.

 THE
MAGICIAN
 BY LEE FALK & PHIL DAVIS

IN THE SHIP OF THE TITANIC VISITORS FROM SPACE...
 BECAUSE THE SUN OF THEIR OWN SOLAR SYSTEM IS DYING, THEY PLAN TO TOW OUR EARTH AWAY, DROP IT INTO THEIR SUN--AND GIVE IT NEW LIFE--

BUT HOW CAN THEY--BIG AS THEY ARE--TOW OUR EARTH AWAY?
 THEY GAVE US A MENTAL PICTURE OF HOW THEY'LL DO IT. WITH SOME SORT OF POWER RAYS--

"A POWER WE CAN'T EVEN IMAGINE! THEY'LL TOW US THROUGH SPACE AND DROP US INTO THEIR SUN--AS LOTHAR SAID--LIKE PUTTING A LOG ON THE FIRE!"

DON'T THEY REALIZE THE EARTH IS INHABITED? THEY'LL DESTROY US ALL!
 TO THEM, WE'RE LIKE TINY BUGS--FLEAS. WE CAN'T FIGHT THEM. EVEN OUR ATOM BOMB WOULD BE A FIRECRACKER TO THEM.

SUDDENLY, COMMUNICATION VIA THE WIRED HELMETS...
 WE LISTENED TO YOUR THOUGHTS. TINY THOUGH YOU ARE, WE REALIZE THAT YOU HAVE INTELLIGENCE...
 WE WILL CONFER, AND DECIDE WHAT TO DO ABOUT YOUR PLANET.

ANXIOUSLY, THEY WAIT, AS THE COLOSSI CONFER ABOUT THE EARTH'S FATE.
 IF THEY DECIDE AGAINST US--WHAT CAN WE DO?
 NOTHING.
 LESS THAN NOTHING--
