FRIDAY, October 25, 1902

The continued drouth along the Tex. and Pacific Railroad is far west, as Colorado City has become distressing. The drouth is still unbroken, and with no water, grass or food and with winter approaching the prospect for the cattlemen of that section is gloomy.

A Kansas experiment station is trying its hand on the extermination of the prairie dog. It is estimated that 68 counties in that state can furnish (not deliver) one hundred million dogs. This is another luxury that Panhandle stock men rejoice in the scarcity of. Don't we have a good time, with no chills to bother the children, no ticks on our cows, no dogs to eat up our grass, no quarantine line to bother us?

Mrs. Helen M. Stoddard, state president of the W. C. T. U. in Texas has been appointed a committee of one, by Gov. Sayers, to locate the state Industrial school for girls, for which an appropriation was made by the last legislature. Quite a compliment to Mrs. Stoddard but not more than she deserves since it was by her untiring efforts that the bill and appropriation were passed.

By recent proclamation of Gov. Joseph D. Sayers, the stock quarantine will be raised Nov. 1 and continue to Dec. 31. However the same rigid inspection for ticks and ect.

will prevail. Each year the restrictions become closer. The Sanitary Live Stock commission are alive to the interest of the non-infected districts and are guarding jealously the cattle interest of northwest Texas. This year they move a little further north leaving Baylor county south of the line.

There was a real interesting dialogue in our literary society last Friday evening.

Mr. David Martin was absent last Wednesday, but was busy, having gotten work from J. A. Johnston.

We all think we should study more in some of "disliked books."

We hear that Miss Annie Hill is coming to school here and we are all glad to welcome her since we know that she is a very refined scholar: she is to begin Monday.

W. H. Taylor manager of the Hawkins Bro's., ranch was in town Wednesday on business connected with this ranch.

It seems that sickness prevails among the school children every Friday evening.

Messrs Tom and Elisha Carter were absent from school Monday but returned Tuesday.

Last Tuesday night an oyster supper was given at the Ritchey house.

Upon the request of the trustees, suspension was given to the pupils and they all had a very pleasant evening.

We are all very sorry that Mr. Claude Elkins was absent Tuesday but he returned Monday.

Last Friday evening the "debates" of our literary society was absent and as the constitution provides for 10 cents every absence, we now have 30 cents in the treasury.

It gives us pleasure to announce that our school organ has arrived, — after so long a time.

Last Feb. 22 the scholars undertook to give an entertainment for the purpose of raising money to purchase an organ. We had some trouble with our entertainment, but we now have a fine organ and we all hope that the

benefit derived from it will pay for the trouble: the marches played are a great help to both the teachers and the pupils since the music is better than the triangle.

Happenings in Our Busy County Sent Briefly Told.

The Fortales Progress is blowing about a certain cucumber that was raised near there this season without irrigation, that weighed 27 pounds and measured 34 x 44. That fruit (?) is all right but Hereford can discount it. One of our farmers raised a cucumber that tipped the scales at 51 1/2 pounds and was 39 x 60—feet. He did water the vine twice during the summer. We don't believe in exaggeration in this matter so will be frank in all details. Deaf Smith county will raise anything if given any show at all.
