Harris said that it is hoped that all members of the Committee, made up of pioneers of the county, can be present. Others who serve

on the group include Mrs. Henry F. Neeley, Mrs. Clara Shore, Mrs. Reed Williams, Mrs. Ida May Vaughn, J. C. Cox, J. Burl Elliston and C. R. Smith.

Harris explained the purpose of the group, which serves with the Texas State Historical Survey Committee, as follows: To preserve and designate historical houses, sites and landmarks.

Preservation of important papers, documents and relics that record Texas life.

School utilization of historic resources and participation of school children in reliving the days of Texas pioneers.

CLUES ARE FEW—Police Chief Leo Box checks over the few clues left by burglars Saturday afternoon when they took an estimated \$1400 worth of household articles and guns from the E. P. Morgan residence here. In the picture above Box lifts tire marks and in the picture at left he looks over the gun case, where nine guns were taken. (Staff Photos)

Burglars Get \$1400 Loot From Home Here Saturday

An area wide alarm Wednesday had failed to capture burglars who entered a Hereford home here Saturday afternoon in open daylight to take \$1400 worth of property.

Police Chief Leo Box said Wednesday that the case is still not solved, but said that all area law officers have been alerted to keep their eyes open in case any of the stolen property shows up in pawn shops or second hand stores.

The burglar, or burglars, broke the lock on the front door of the E. P. Morgan home, in the 300 block of Avenue K, drove their truck into the back alley and loaded up. Listed as stolen were five rifles, four shotguns, one pistol, a table model television set, an electric sewing machine, two men's suits and two men's jackets.

Rifles stolen included a 22 bolt action, a 300 Salvage, a 30-06 Winchester with scope, a 30-30 carbine and a 25 calibre Japanese rifle. Stolen shotguns included a 410 single shot, a 12 gauge Long Tom, a double barrel Ithaca 20 gauge and a Browning semi-automatic.

Police set the time of the crime between 4 p. m. and 7:30 p. m. Saturday. The Morgans left the house for Amarillo at 4 and did not return until 1 a. m. Sunday. However, a friend called at the house at 5 p. m. and noticed the door standing open. He said he tried to close the door, but could not.

The burglars, in forcing the lock to the door, had made it impossible to close the door. They tracked up the modern home with mud and left it in a complete mess as they

searched the place. They missed about \$100 in a drawer, however. Police made plaster casts of tire tracks left in the alley, and also lifted a number of foot prints from the back yard. The burglars apparently made several trips to the house.

The Morgan home is located in

a newly developed section of the city and they have no close neighbors. Neighbors a block away said they did not notice any activity at the house.

Box, who has been police chief here four years, said that this was the biggest burglary since he has been here.

Around Town

Hereford and Deaf Smith County enjoyed beautiful sunny weather this week, and folks Around Town were talking about how good the wheat in this area now looks. Growers say a good rain in April could make a good crop now.

Mud was giving some farmers trouble, however. R. L. Campbell of Wildorado, who was in town to join the Grain Sorghum Producers Association, said that mud didn't run Tuesday or Wednesday out his way because of muddy roads. "We have really put our tractor to good use in the last week," he stated.

"All but about 80 percent" of property owners in the Hereford Rural School District have rendered their property so far, Fred Baird, tax collector, said Wednesday. Citizens have until April 30 to render their property at all tax offices here, and Baird said they could save "both themselves and us a lot of trouble if they would make their renditions."

The Sub-District meeting of the woman's Society of Christian Service of Methodist Churches will hold their annual spring business meeting and program Thursday at the First Methodist Church.

Friday is the last day for farmers to make application for new grower's allotments at the Agricultural Stabilization and Conservation office, Faust Collier, office manager, reminded Wednesday.

A representative of the Social Security office will be in Hereford Thursday and may be contacted at the courthouse at 9:30.

He Better Be There Next Time

Hereford City Commissioner had one of their quietest and quickest meetings in recent months Monday night.

Only routine matters came before the group at their regular meeting, and about the only thing that went into the minutes was the fact that the meeting was held. The meeting ended shortly after 9 p. m.—something most unusual.

Mayor Henry Sears and Commissioner Raylan Evans did consider naming a street after Commissioner Nell Cooper, but no official action was taken. Cooper was on a fishing trip and was not present at the meeting.

Deciding Pitch Is Made; Little League Baseball Finds New Home

By BILL KNOX
Little League baseball has at last found a home in Hereford, Texas.

Deaf Smith County, United States of America. One of the country's most successful juvenile programs, it has long been absent from Hereford. Several organizations supported plans but nothing else was done. Finally the deciding pitch was made toward home plate, and the Little League connected for a home run.

Officers were elected and committees appointed on field procurement and development and constitution, by-laws and franchise. Roy Cowser was elected president while Buck Overall was named vice president. Joel Hodges was

voted secretary and Roy Phillips treasurer.

The meeting held at the Hereford High School Monday night. A representative of Holt Sporting Goods Company was also present to explain uniform cost, etc.

Buck Overall, high school principal, and Bill Lenderman, Chamber of Commerce manager, explained the functioning of the Little League teams in Cisco and in Graham and told of their previous experiences with the youngsters.

The Little Leagues are run on the same basis as the actual major leagues. According to present plans, Hereford will support four teams, each team having a farm

club or minor league team.

A commissioner and a manager will be elected. Each team will be appointed by the league officials.

Each team will be allocated a set amount of money, figuratively speaking, and players will be "bought" from this fund. A team has no source of income other than the sale of players. "Sale price" of players will be known only to managers, player's agent and the commissioner.

A committee of Jaycees was delegated to investigate locations, etc. for a baseball park. Under Little League rules, the park must have certain fence lengths, distance between bases and equipment.

Regulation equipment consists of special shoes with rubber cleats, a

cap, regular uniform and a batting helmet. A player must wear the helmet when batting or running the base paths.

For national Little League recognition and the right to participate in playoffs and the Little League World Series, the application for franchise must be in by April 1.

Eddie Comers, Holt Sporting Goods representative, set the price of one uniform at about \$13.50. He estimated the cost of outfitting one whole team at \$250 or \$300.

Officers met with the Jaycees committee Wednesday morning to hear reports on the ball park. Several firms on Little League organization, functioning, and World Series have been ordered.

Cane Bird Cages Make Him Living

SAN ANTONIO (AP) — Magdalena Solls, 55, a skilled craftsman on the banks of Apache Creek in San Antonio, is the last known builder of cane bird cages in his area, perhaps in Texas.

Plying a trade he learned from an uncle in Mexico when he was 12 years old Solls turns out about 12 of the fancy cages each week. Three a day is hard work.

Solls sells the cages to curio shops for 80 cents each.

The particular type of cage he uses comes from a patch on the creek bed near his home. Only during the full moon does he cut it, then stores the cane under his house to keep the sun from drying it out.

Solls fashions the cane into cages while the material is still green and pliable. His only tool is a crude steel stiletto with a handle made from a cow's horn. There is no power machinery involved and no wire or nails are used.

The craftsman says there has been a slight increase in demand

KNOX'S KNOTHINGS

By BILL KNOX

Some people say that all-district, all-tourney teams, and such like mean nothing.

And we're inclined to agree. At least right now.

So many different opinions and factors in the picking of such a team are present, and it is an extremely difficult task. No matter who picks the team, coaches or sportswriters, it is bound not to be accurate.

To pick an accurate team, the person must see every game that every player played in. He must know his attitude, whether he had an off night that day, or whether he was playing above his head the other day.

Of course, it's impossible to do that.

It is extremely difficult to criticize any one person for their decision on such a matter. Mainly because no one person sees something else the same as the other and no one person has the same opinion as another.

Maybe by now you have guessed our ulterior motive. We'll let it go at that and let everybody decide for themselves.

Considerable talk has arisen over just how far the Phillips Blackhawks will go in the state race. It's a subject I'm sure which will interest plenty of people.

There lies only one obstacle in the Hawks path to the state tourney at Austin. That is, of course, Seminole or Pecos, whichever wins out in their struggle.

Seminole is defending state champion; and off last year's starting lineup they have five men returning. That sounds plenty good. But they are having a rugged time with Pecos. They have lost to Pecos once, and at the present time are tied with the West Texas club.

Either of the teams will be favored to win the state championship. But they may be regarding Phillips too lightly. We think they might be.

Could be they are in for a surprise.

Here's a long, long shot. But here goes anyway. We'll take Phillips.

snow and that now it "looks pretty good."

"This snow hasn't made a wheat crop; but it sure did help a lot," Brown said. "It was what I would call temporary relief."

The snow immensely helped irrigation farmers who were readying the soil for the planting of the next crops by moistening the soil beneath the surface.

Most farmers wholeheartedly agreed to the fact that certainly no damage was done by the snow, and that if any was done, it wouldn't be hard to overlook.

Letters To The Editor

The play "Room For One More," a good reproduction presented by the Speech Class of Hereford High School was quite outstanding in my estimation. This type of play will always draw a crowd. The story, with a wonderful moral.

The Director, Mrs. Bessie Patterson, not only being a good speech teacher, she has a special way with the students, and has given the Hereford High School something to be proud of and also something to look forward to.

The cast, consisting of all ages and taken from all classes gives the play that certain polish that is hard to acquire with one age of actresses or actors.

will carry further. Stage fright? I don't think so, I can't imagine students of today having a fear of anything. I do believe it was a case of not being too sure of themselves.

Letter To The Editor

Dear Editor:
St. Joseph's Mission extends its type that your heart goes out to.
Sad or funny, the people loved him. If such a thing is permissible, a born actor. I am sure of a gold star in your crown, Jimmy. If not, one on your locker door.
A friend and critic.

deepest gratitude to the Veterans of Foreign Wars and the American Legion for their kindness and generous donation of food supplies to the needy people at the Labor Camp. In the name of all the people who were greatly benefited by this help, we extend our most grateful thanks. We wish also to thank the Hereford Bakery for so many times donating a most generous supply of bread in order to help the poor at the Labor Camp. Without this kind gesture on the part of the veterans, Legionnaires and the Bakery, many poor people would have suffered greatly.

May the Lord return his benefits to these kind donors a hundred fold.

Rev. Raymond Gillis

H D Chatter

The County Federation meets on Friday for a luncheon meeting. It will be at the First Methodist Church dining room at 12 noon. The program will be on "Conservation of Energy." It should be good as Mrs. Ira Ott, Mrs. George Turrentine, Mrs. P. B. Sowell, Mrs. Bill Nunn and Mrs. C. A. Sauley will give the program. These are outstanding clubwomen and will spend some time in trying to make the program interesting. I really hate to miss this meeting but I'll be in Amarillo at a district meeting Friday.

Saturday at 2:30 the living-room demonstrators will meet in the County court room. They will decide on the program to give to the clubs in March. The program will be on "Color Combinations in the Living Room," with emphasis on decorating to bring out the best points of the hometaker.

Next week will be a busy week too. Representatives from West Hereford, Wyche, Dawn and South Hereford will give our quarterly report. The presidents are: Mrs. Zed Stewart, Mrs. Claud Damron, Mrs. W. H. Goetsch and Mrs. W. H. Awtry Sr.

Council meets Monday at 2:30 p.m. in the rock clubhouse at Veterans Park.

West Hereford Home Demonstration Club meets Tuesday, Feb. 28, with Mrs. Edna Bove.

The 4-H Club leaders will meet in their regular meeting on Wednesday 29 at 2:30 in the REA kitchen. This will be a training meeting for club programs to be given later as well as the regular business meeting. The leaders will meet to make recommendations to be presented to the Home Demonstration Council.

Some good word from Noble Brown who lives in the Garcia Community. He says the wheat fields are wet about 10 inches down. The snow gave more moisture than some of the farmers at

Highlights and Sidelights FROM THE State CAPITOL

By VEEN SANFORD
Texas Press Association

AUSTIN — President Eisenhower jerked the platform out from under the Republican Party in Texas, and his Democratic supporters in the Lone Star State, when he vetoed the now famous natural gas bill.

"To sign the bill," said the President, "would risk creating doubt among the American people concerning the integrity of governmental processes." This statement referred to a \$2500 campaign contribution offered a Senator, presumably for his vote, favoring the measure.

Strong support was given Ike in Texas, when the native son ran for President, because of his State's Rights stand. Another factor was his expressed belief in the private enterprise system of free competition. This stand made Texans feel the President would sign the bill.

U. S. Senator Price Daniel said "The President has made a great

mistake."

Gov. Allan Shivers, Atty. Gen. John Ben Shepperd and members of the State Railroad Commission joined in criticizing the President's action.

Jack Porter, the Republican party's national committeeman from Texas, said that he disagreed with the advice upon which the President's action was based. The veto will make Porter's job in Texas more difficult.

Public officials and oil men in general seem in agreement that passage over the President's veto is impossible. Therefore, Texas' next move may be a campaign to bring industries to Texas. This, because gas produced in a state and used by manufacturers located within that same state is not subject to control by the Federal Power Commission.

Ike's veto was a set-back to Senator Daniel who promised to report his future political plans by March 1. "Delay in passage of the farm bill, and the Presidential veto of the natural gas bill, may mean that I will not be able to reach a decision as early as I had planned, regarding the governorship race," said Daniel. "But we may have to fight this out on the home front in Texas," he added—still paving the way for entry in the governor's race.

Two Question Marks

Two big question marks remaining in Texas' current political scene are the intentions of Atty. Gen. John Ben Shepperd and Lt. Gov. Ben Ramsey. No one seems to know what either will do. Shepperd, only recently regard-

ed as definitely planning retirement to private business, again is being discussed as a possible candidate, either for re-election or for governor. His only comment has been that, "The frost is still on the dogwood,"—interpreted as "it's too early for political announcements."

A growing number of editorials urging him to continue in public office have appeared in several Texas dailies. The latest have been the Lufkin Daily News and the Cuero Daily Record. It was the latter newspaper that broke the veterans' block-land-sales story. The Cuero Record commended Shepperd on his work in the veterans' land investigation.

For Ramsey the suggested possibilities include (1) running for governor, (2) running for re-election, (3) waiting for a possible U.S. Senate race, or (4) retiring to San Augustine. He has given no public hint.

Insurance Story

Texas' once-explosive insurance story is beginning to lag. Industry spokesmen hopefully termed the new stage a "curative period."

Both legislative investigating groups have adjourned. Though more-hearings are expected, predictions are that they have about run their course in making headlines.

Carbons of 11 letters written by A. B. Shoemaker, head of the defunct US Trust and Guaranty Co., to the then Insurance Commissioner Garland Smith, made headlines. However, the commissioners had reported earlier that they knew the firm was selling securities. What they didn't know was how to get them stopped.

Insurance commissioners are urging companies to file replies to solvency questionnaires ahead of the May 31 deadline, if possible. Those passing the test will be announced in groups, starting perhaps in March.

One company, which failed before the test, Texas Union County Mutual of San Antonio, was placed in permanent receivership by an Austin district court.

Newest name in the insurance picture is that of State Treasurer Jesse James. He is reported to be "dumping private ventures for which he might be criticized." He owns 1001 shares of stock in the International Life Insurance Co., which leases the major part of its building to the state. He also has been criticized for selling boats to the state.

James says he knew nothing about the International lease; and that he already has sold his boat dealership to his daughter and her husband.

According to the State Treasurer he now can afford to get rid of all his private ventures since the leg-

islature increased his pay from \$419 a month take home to an annual \$17,500.

Legislative Code Sought

Former Gov. Dan Moody of Austin heads a special state bar committee named to work out a code of ethics for lawyer-legislators. Serving with Moody will be Bill Kerr of Midland, Page Keeton, dean of the University of Texas Law School, and probably three others.

Rep. Wade Spilman of McAllen, chairman of the house investigating committee, requested the bar study. He also suggested the Texas Legislative Council do similar research, including an evaluation of lobby laws and whether lawmakers are paid in proportion to their responsibilities.

Water Fight Hot

San Antonio and some 26 near-

by towns are squabbling over their rights to one of the state's most controversial resources—water.

San Antonio wants an appropriation of some 100,000 acre feet of water per year from the proposed Canyon Dam and reservoir near New Braunfels. Officials in the Guadalupe River basin have organized an opposing campaign.

A hearing on the San Antonio application is scheduled by the State Board of Water Engineers for March 26.

awards in cubbing to members of the various dens and presented Denner's Stipes to Paul Hoff and Clint Conaway.

Tommy Powell, Dwight McGee, Carl Stapp, Dick Combs and Dick Pepper were welcomed into Scouting by Paul Conaway.

The program was concluded with a color and sound film of the Explorer Scouts Canoe trip into Canada last summer shown by Morris Teague.

More than 250 Cub scouts and their guests attended the banquet.

Survivors also include a brother, Boyd, 4; a sister, Susan, 2; and maternal grandparents, Mr. and Mrs. L. G. Hooper of Jasper.

Mrs. W. E. Dameron left Wednesday morning for Austin where she will visit her daughter, Mr. and Mrs. C. C. Nolen and family.

Your Congressman Reports

The Committee on Interstate and Foreign Commerce is presently hearing witnesses both for and against legislation that is designed to prohibit the advertising of alcoholic beverages in interstate commerce. The questions involved have been a matter of public concern for some time, but became more pressing and perhaps more controversial with the advent of television. Although there is vigorous objection by many to the ad-

vertising of alcoholic beverages through any medium, whether it be a distilled or fermented beverage, the most vigorous objection is to the type of advertising that has been employed through the medium of television. It is being contended that the individuals in their homes, together with their children, are captive audiences in many respects, and that the alluring and appealing programs used to promote these products are proving very detrimental to the entire nation and are contributing measurably to juvenile delinquency.

The bill before the Committee would prohibit the advertising of such beverages through any medium of advertising in interstate commerce, including newspapers, periodicals, etc. Texas was ably represented in the witnesses supporting passage of the bill in the persons of a former Amarilloan, Dr. Caradine R. Hooten, executive secretary, Methodist Board of Temperance; Dr. W. R. White, President of Baylor University at Waco; Dr. Sam Morris, of San Antonio, and Albert F. Tucker, executive secretary, Texas Alcohol-Narcotic Education, Inc., of Dallas.

The President's Health The news that President Eisenhower was recovering his health in good order was welcomed by all here as it was by everyone all through the nation. It is regrettable that there were attempts to inject partisan politics into the matter concerning President Eisenhower's health. I might say that in and around Washington I have found, without exception, a feeling of gratitude in the hearts of everyone that Mr. Eisenhower is recovering, not alone because he is the President, but mostly because

he is a human being. We all hope that his health continues to improve and that his recovery is permanent.

Another Foot In Mouth

This entire section of the country has been in an uproar over the statements made by Vice President Nixon in a Lincoln Day Speech in New York. In that speech he undertook to take full credit on behalf of the Republicans for all advances in the settlement of the racial issues. He especially called attention to the great advances that had been made in the field of desegregation and stated that the Republican Party was entitled to full credit. He added that the school desegregation decision was the work of a great Republican, Chief Justice of the Supreme Court, Earl Warren. Frankly, I do not argue the ques-

tion with him, but do point out that it was only a few short years ago that he and his crowd were running rampant through the southern states blaming desegregation on the Democrats. Frankly, I am happy that he has finally come out and told the truth, not only about the desegregation question, but about the fact that he considers the Chief Justice of the Supreme Court as a partisan politician.

He also pointed out in detail that this administration has brought in to effect rules and regulations that were not the statutory law of this land nor the Constitutional law of this land, but were the result of Executive Decrees that forced federal regulations on states and communities because there happened to be some federal funds involved in certain projects. In other words, the Vice President boastfully took

credit for engaging in conduct and actions that would tend to centralize the control of this government and invade states rights.

Visitors

Washington had quite a number of visitors from our District and West Texas last week. Amarillo sent some representatives to the C.F.D.A., a food organization that held quite a convention here. Among those were Mr. and Mrs. Loren Young and Mr. and Mrs. U. J. Boston. Miss Lyn Blackburn, lovely daughter of Stanley Blackburn, and Miss Dana Boston, lovely daughter of Mr. and Mrs. Bob Boston, accompanied Mr. and Mrs. U. J. Boston. Our able representative on the state school matters, Dick Bivins, was also in town in the company of Dr. J. W. Edgar of Austin. Pampa sent some splendid representatives to the food con-

vention. Mr. and Mrs. Elmer Fite and Mr. and Mrs. Elmer Francis Canyon were ably represented by Mr. and Mrs. Clay Cooper, and Dalhart sent some very fine people in the persons of Mr. and Mrs. Russell Porter. Mr. and Mrs. Holcomb did a fine job of representing Bojger.

Representatives of the Farmers Union, who were in town doing a good job of exercising their Constitutional rights of talking to their Senators and Congressmen, included our good friends, Arch Thornton and J. O. Stanley of Paducah, Donald Love of Childress, and Jim Skinner of Delwin. Farm matters also brought to town the hard working Kenneth Kendrick of Stratford, who was here in connection with some conferences with the Department of Agriculture. We also have some folks in

town from Plainview who are working on matters that are of prime importance to our District. I refer to the Honorable Harold LaFont, Frank Moore and Melvin Gantz. They are working on an amendment we are trying to have included in the agriculture bill to help work out the grain sorghum situation.

Next week I will try to include in my newsletter some very interesting facts concerning a Russian collective farm that we were allowed to visit near Odessa, Russia.

WALTER ROGERS, Member of Congress, 18th District of Texas

Visiting in the Floyd Crist home over the weekend were their sons and families, Ronald and Mary

Crist and family of Hereford, Dale and Doris Crist of Amarillo and Gary and Mack Crist of Amarillo.

Mr. and Mrs. Keith Hutson of Lubbock spent the weekend with his parents, Mr. and Mrs. Bill Hutson.

Mr. and Mrs. Hugh Norman spent the weekend in Crowell visiting their parents.

The population of Russia is 2-14 1/2 million.

The Revival that was to have

Walcott News

By MRS. T. L. COLLINS

Mrs. Mae Engle, mother of Mrs. Door Guseman, came home from the Deaf Smith County Hospital Friday afternoon. She is still doing nicely.

Charles McClure, son of Mrs. Wallace Lumpkins, came home on Friday afternoon to spend the weekend. Charles is attending high school at Whiteface. He came home with his uncle and aunt, Mr. and Mrs. Steve Self and Frank and Camella.

Walcott P-TA met Friday night. The president, Mrs. J. V. Perrin, called the meeting to order and welcomed each one present—especially "our visitors from Hereford." No minutes were read due to the illness of the secretary, Mrs. Roy Pruitt. Treasurer's report was given by Mrs. Don Guseman. Program chairman, Mrs. Wallace Lumpkins, presented the numbers on the program.

A. L. Shelton's group and other children gave a sample of fun and exercise enjoyed at the school, using the new tumbling mats, which the P-TA purchased for the school. J. V. Perrin Jr., was the announcer. Ray Northcutt, George Lockhart, Bobby Sessums, Gary Guseman, Wayland Northcutt, Kathryn Burrus, James Burrus and Larry Minks got warmed up doing forward and backward tumbling. A human pyramid was next formed. Kathryn and James Burrus did back bends and cart wheels. With Wayland Northcutt lying on his back, several children flipped across his body after placing their hands on his knees. Other stunts were attempted which proved of interest to those watching.

Perhaps the funniest event was a boxing match—featuring "Popeye Baker" — George Lockhart and "Marshmallow Marchena" —Wayland Northcutt — with Gary Guseman as the ringside announcer. Bobby Sessums was the clock watcher. J. V. Perrin Jr., and Ray Northcutt seemed to be the managers. Larry Minks was water and towel boy. It was quite a battle with some hard punches and

blows. For "Popeye Baker" it was a "bloody battle" when he failed to dodge his opponents fist. Final decision was given to "Popeye Baker." However, the match was close to a tie.

Mrs. Corinne Neeley of Hereford and Mr. and Mrs. Kenneth Rudd and baby of Westway were here representing Deaf Smith County Chapter of the American Red Cross. Mrs. O. A. Smith of Hereford to represent County Welfare. We were glad to have each of these present with us. Each explained the special phrase of their work. Rudd is rural chairman of this county. He explained how your Red Cross dollars are on the job. Mrs. Neeley handed out these slips showing how Red Cross dollars are spent. A film showing some of the disasters of our nation and how Red Cross helps was shown by principal Thomas L. Collins.

Refreshments of doughnuts, coffee and Kool-aid were served from the kitchen. These were furnished by the Red Cross since we could not attend the "Kick Off" breakfast in Hereford. Visiting was enjoyed. Our visitors were shown through the school building.

I. J. Kimmons from Phillips visited in the T. L. Collins home on Saturday evening.

Valentine Party Held By Sunshine Club Recently

By MRS. T. L. COLLINS

A Valentine party and Grab-box theme was featured in the Feb. 16 meeting of the Sunshine Club which met in the home of Mrs. Leota Good with 12 members present. The chairman, Elsie Miner, called the meeting to order and each member answered roll call with a description of their first Valentine which proved to be both comical and romantic.

Minutes of last meeting were read and approved and the treasury report revealed the clubs contribution to the March of Dimes, which was \$11. As a yearly project the club will sponsor a needy family and also a teen-age girl.

Birthday gifts from secret pals were presented to Elsie Miner, Iona Kemp and Florence Teague. Lovely handkies and Valentine cards and gifts from the grab-box were also highlights of the Valentine party. Games of Bingo were played and Jean Davis won the prize. Lovely refreshments of fruit cup and coffee with valentine decorations were served to Jean Davis, Nell Pittman, Edna Smith, Audine Wells, Iona Kemp, Geneva Higgins, Dorothy Lundry, Rhoda Mays, Elsie Miner, Helen Watts, Margie Kemp and the hostess.

The Revival will be in March some time, but we aren't sure of the date yet.

Mrs. Paul McClung, David, Kenneth and Mrs. Finis Wright went to Amarillo Saturday after the Rev. Paul McClung. He landed his plane at the airport in Amarillo because he didn't think he would be able to land where he usually does here at Dawn.

NEW MONTCLAIR PHAETON 4-DOOR HARDTOP—Newest, most beautiful 4-door hardtop of them all. No center pillars, of course. But more important, no view-cramping curve to the roof. Rear-seat passengers enjoy full visibility. Dramatic styling touches distinguish the Phaeton from all other 4-door hardtops.

Here's why so many small car owners are moving up to the Big M!

- 1. PROVABLE VALUE**
You get far more car for your money. Big-car size, weight, and power. Big-car luxury and prestige. Remember, too, that Mercury's low starting price, low operating cost and consistently high resale value make Mercury the top value in its field.
- 2. REFLEX-ACTION PERFORMANCE**
You not only get high horsepower in THE BIG M, you get a car with the reflexes of a champion athlete. Go, stop, climb, pass—THE BIG M responds instantly to your every command. On rough roads and curves—THE BIG M adjusts instantly for ease and comfort.
- 3. LOW COST**
Prices start low for THE BIG M. For example, the beautiful and powerful Mercury Medalist is priced below many models in the "low-price 3." And you have a wide choice of body styles and color options in Mercury's newest, lowest-priced Medalist series.
- 4. BIG M BEAUTY**
Mercury has a look of distinction all its own. You see it in the sleek, road-hugging profile. In the fresh, youthful lines. In the sparkling new colors—rich solid-ones, radiant two-tones, and new Flo-Tone color styling.
- 5. SAFETY-FIRST DESIGN**
There's a whole new family of safety advances. At no extra cost, you get an impact-absorbing safety steering wheel and triple-strength door locks. And, as options, there are seat belts and a padded instrument panel.

Three Register During Month

Only three of the 6602 young Texans who registered during the month of January with the state's 137 draft boards were from the four county area served by the local Selective Service board. Nearly all these men registering

in January were registered on their eighteenth birthday, or within five days after their eighteenth birthday. The four county area served by the Hereford board includes Deaf Smith, Randall, Palmer and Castro.

The law provides that a man must register when he is 18, no matter whether he is at home or not. He is required to go and register at the nearest draft board, no matter where he is. A man can find out where the nearest draft board is by going to a post office.

If a man wishes to be registered with his draft board at home, all he has to do is give his place-of-residence address in that area, and that is where his registration card will be sent.

All males in this country born

since Aug. 30, 1922 have had a legal obligation to register since August 1948, except those not yet 18.

Failure to be registered as required by law can mean a fine of \$10,000, five years in prison, or both.

LOCAL WOMAN GETS THRILL
Mrs. J. W. Terry got a thrill out of watching a television program recently. On "Navy Log" she was able to identify her son's ship, the USS Shangri La, the action of the picture being centered around the plane No. 315 which her son Lt. Ray Terry J. G. serves as pilot. Lt. Terry who is now stationed in the western Pacific, has been a jet pilot for the past three years.

Gaston E. Baer was in Amarillo Friday morning on business. He said it was foggy when he left and clear when he returned.

Mr. and Mrs. Harry Bennett and Mr. and Mrs. Harry McCauley at- tended the Fashion Market in Lub- bock over the weekend.

Mr. and Mrs. E. D. Hopson and children, who have been living east of town, have moved on Bel- vins Street.

Lake Park, which until recently has been little more than a park in name and about one step above the class of an ordinary plains lake, a water catchment in rainy seasons and a nuisance in the heart of the residential district, is taking on the aspects of a metro- politan common. Beautification plans for the site, adopted last fall by the city commission, are gradually being worked out, and the engineer's ideas are assuming a pleasing reality in their transfor- mation from blue-print to ter- rain.

"COUNT THREE AND PRAY"
The rowdy, rousing and rollick-
ing troubles of a man who is
through with sin, only to learn sin
isn't through with him, are joyous-
ly bared in Columbia Pictures'
"Count Three and Pray," which
stars Van Heflin at the Star Fri-
day and Saturday. This is a most
unusual story of a most unusual
guy.

Van Heflin appears as a Civil
War veteran, a former roisterer
who returns home a self-ordained
minister. He faces a gun-totin' gal,
a whip-wieldin' woman and a hate-
filled town, none of whom believe
in his reformation and all of
whom are determined to smash
him if they can. Joanne Wood-
ward, Phil Carey, Raymond Burr
and Allison Hayes co-star.

"DOUBLE FEATURE"
Introducing a new Tarzan in
the person of ruggedly handsome Gor-
don Scott, "Tarzan's Hidden Jun-
gle" will show Saturday and Sun-
day at the Texas. Co-starring with
Scott are Vera Miles and Peter
Van Eyck, while Jack Elam, and
Charles Fredericks, Madie Nor-
man and Rex Ingram have feature
roles. Portraying Cheta for the
first time is Zippy, a rare pigmy
chimpanzee featured on TV's
"Howdy Dobby" and Ed Sullivan's
show.

The jungle struggle involves the
white men's attempts to deliver
2000 barrels of animal fat, two
tons of ivory and several hundred
lion skins in an operation which
takes them, to an isolated section
of deepest Africa. Tarzan knows
that if their commercial endeavors
are successful they will decimate
the entire area of game.
With the aid of a savage tribe
which worships animals, Tarzan's
cunning and knowledge of the jungle
and its inhabitants enables him
to stampede the herds across a
river to safety in some of the most
thrilling wild animal scenes ever
shown in a Tarzan film.

"THEY RODE WEST"
"They Rode West," Columbia
Pictures' spectacular frontier dra-
ma starring Robert Francis, Don-
na Reed, May Wynn and Phil Car-
rey will also show Saturday and
Sunday at the Texas with "Tar-
zan's Hidden Jungle."
"They Rode West" deals with
the conflict between an Army doc-

tor who tries to treat Indians as
people and an Army captain who
insists on dealing with them as
savages. The suspenseful climax
comes when the massed warriors
face the besieged troopers in silent
waiting as the doctor fights to
save the life of their severely
wounded leader through his surgi-
cal skill.

What's This

By Chris

Hi there folks! This may come
as a surprise to you, but now that
the "weather" is over, I intend to
have a column in the Sunday
Brand every week; just as regu-
lar as clock work. I really did
have good intentions, but I had
no snow shoes.

Well, Kay and Glenn tied the
knot! Weren't you surprised? I
always knew they would, so I
wasn't very flabbergasted.
Did you know Don Brown has a
new nick name? Yep! Just call
him "Peanuts." Got caught red
handed didn't you Don? Or should
I say "salt handed"?

You know, I really have enjoyed
all the new faces around H.H.S.
this last week. There was only one
fly in the ointment, to coin a
phrase. Everytime all those cute
"ill" or basketball boys started fil-
ling past the book keeping room,
and just about the time we girls
would get good and interested, Mr.
Smith would close the door. Oh

well! Sal La Gaire and Sal La
Fate, and all that, as they would
say in Paroo.

Man! this is the most! I'm try-
ing to write this column and watch
the basketball game too. Those
guys are really playing! Norma
Bokout just knocked the referee
down; that gave the crowd quite
a charge.

Did you know Johnny Latham
had a date with Carrol Alston last
week? I thought Joan had him
boxed and wrapped.

A few anonymous persons want
me to mention the fact that Lo-
retta is seeing quite a bit of a cer-
tain "fly-boy." What about that?
Wow! Coach Kitchens was lash-
ing out with some harsh words and
looks in the third quarter of the
game. Well, I know how he felt!

Highlights of the service were the reading of its history, roll call of all church members and cutting of a birthday cake. The pastor, Rev. Wall Street Journal Points To 'Unwanted Plenty' In Sorghums

"Sorghum Glut Spectre Rises Where Wheat, Cotton Were Cut Back," a headline in the Southwest edition of The Wall Street Journal read last week.

The article, which carried a Lubbock dateline, attempted to explain the growing grain sorghum problem, pointing to an "unwanted plenty."

The article follows: Here on the table-flat plains of Texas, where the cotton country meets the wheat country, the spectre of a new farm surplus is rising to plague the agricultural planners.

The up-and-coming promiser of unwanted plenty is sorghum. It's a plant with a stalk that resembles that of corn. But at its top, instead of a tassel, it has a head of grain.

Of all the burdens borne by Uncle Sam's price-propping Agriculture Department, there are none to compare with wheat and cotton. Some \$4 billion of Federal funds is now tied up in idle heaps of the grain-and-fibre pair. And, to escape the wheat-and-cotton scourge, the Government has, in the past few years, ordered mighty cuts in the acreage planted to them. Northward from here to toward Canada, more than 20 mil-

lion acres have been whacked off wheat fields. Southward another 10 million acres have been cut from cotton.

A Neat Pile Growing But farm folks in these parts have made an interesting discovery. A crop of sorghum just does fine in those idled acres. And the Government price - props sorghum grain. So the farmers are now growing it like crazy. And, since they are producing it faster than livestock can eat it, a neat pile of the grain is already beginning to form in the lap of Government surplus holders.

A final note of irony: Plant wizards have just come up with a new hybrid sorghum seed that will produce 20% or more sorghum per acre than seed heretofore used. The De Kalb Hybrid Seed Co., one of the nation's largest producers of hybrid corn seed, is now busy shoveling out some 10,000 bushels of the new sorghum seed to farmers in Texas, Oklahoma, Kansas, and Nebraska. Farmers will pop it into the ground this spring.

Agriculture Department production figures bespeak the frenzied activity in sorghum growing. Pre-war 1939 'saw farmers produce only 53 million bushels of sorghum grain. Last year they harvested a thumping 232 million bushels. Now with the potent new seed to help out, many talk freely of 300-million-bushel crops in the near future.

Official figures also delineate the pile-up of this grain in Government hands that's now being noted nervously by Federal officials. Two years ago, at the end of 1953, Government men had an undisturbing 5.8 million pounds of sorghum grain in their bins. But at the end of 1954 they had over 756 million pounds. And as 1955 wound up they had nearly 1.8 billion pounds.

Cotton Land, Wheat Land Here in this one Texas county (Lubbock County) some 170,000 acres have been taken out of cotton over the past four years—and just about all of it planted in sorghum. "We don't keep records of sorghum acreage on the county level," says Walter Wells of the county's agricultural stabilization committee, "but it's almost a sure bet that every acre that was taken out of cotton in this county went into sorghum." A single Lubbock County farmer, T. A. Stevenson, switched 400 acres to sorghum just this past year.

Travel north from here into the wheat country and you hear the same story. Some 200 miles north at Dalhart, Texas, where farms are really man-sized, farmer Harold Hogue, who cultivates about 12,000 acres, put 4,600 acres of wheat land in sorghum this past year. "To some it is a disturbing spectacle. Howard S. Whitney, agricultural economist at Texas A&M College, figures that, counting on population and livestock growth, this big sorghum grain productivity will be fine, say 20 years from now. But for the near future he can't see how it's to be consumed. "There's just so much and no more that can be used," he says.

Agriculture Department men with an ear to the ground may well reflect uneasily over murmurings in these parts to the effect that sorghum is getting to be such a big boy that it ought to be considered a "basic" crop in the price support machinery.

The "basic" staples—now corn, cotton, wheat, rice, peanuts, and tobacco—get better support treatment. The minimum at which they can be price-propped now is 75% of "parity"—and there's a bill in Congress aimed at making 90% mandatory again. Sorghum at present only has a 70%-of-parity support. The Agriculture Secretary could abstain from giving it any price support at all if he wanted to. There's no big clamor yet to give sorghum a "Basic" status.
