A petition contesting the Sept. 9 school district election, in which proposals for an increased maintenance tax and a bond were both defeated, was filed with District Clerk George C. Choate this morning and promptly set down for hearing in 70th district court on Oct. 9.

Seventeen property owners, headed by Ted Groehl, challenged the right of 102 persons who cast ballots in the election to vote. Those listed in the accompanying exhibit allegedly did not possess poll tax receipts or certificate of exemptions, had not rendered their property or did not reside within the Big Spring school district.

## Globe Aircraft Charged With False Stocks

PHILADELPHIA, Sept. 25. (AP)—The securities and exchange commission today found the \$1,500,000 stock registration of the Globe Aircraft Corp., Fort Worth "war baby" industry, contained "materially false and misleading statements and omissions."

The SEC issued a stop order suspending the effectiveness of the registration statement. However, the company has already been declared bankrupt and the securities "are worthless and the possibility of future trading in the securities appears remote."

The SEC added "We think it clear that whenever a registration statement contains materially false omissions, we have the power to issue a stop order no matter what the status of the securities then is."

The company's registration covered 150,000 shares of \$10 par value 5% per cent convertible preferred which was sold to the public in March and April, 1946. The securities were underwritten by Newburger & Hanno of Philadelphia, and Gearhart & Co. (formerly Kobb, Gearhart & Co.) of New York.

Under provisions of the securities act of 1933, Globe, its officers who signed the registration and the underwriters may be held liable to purchasers of the securities.

## HCIC Evening Classes Grow

Enrollment in adult evening school classes at Howard County Junior College has been encouraging, E. C. Dodd, president, said Thursday. He did not have exact tabulation on registrations.

Three large classes are assured for shorthand, tax accounting and adolescent psychology. Smaller classes are shaping up in typing, English and bookkeeping. There has been demand, as yet insufficient for organization of classes in leathercraft, woodwork, German and conversational Spanish. In regular daytime classes at the college, there has been good interest in woodworking, said Dodd. Part of the equipment for the vocational class was on hand, and more arrived Thursday.

**WORLD RELIEF**  
CHICAGO, Sept. 25. (AP)—Lutheran World Relief, Inc., agency for eight church bodies participating in the national Lutheran council, announced today it had shipped \$3,233,111 pounds of relief supplies to 12 countries during the last 21 months.

## IN UN-AMERICAN CHECK

## Probers Seek To Prove High Pressure Kept Eisler In U. S.

WASHINGTON, Sept. 25. (AP)—The House committee on un-American activities turned today from letters between Mrs. Eleanor Roosevelt and Sumner Welles for fresh evidence of any "pressure" behind the efforts of former communist Hans Eisler to remain in the United States.

The committee billed as its top witness today George S. Messersmith, former ambassador to Argentina and assistant secretary of state in charge of the visa section at the time Eisler obtained an entry permit in 1940. The German-born Hollywood song writer since has taken out first citizenship papers.

Robert E. Stripling, chief investigator, said the committee will prove that Eisler was allowed to remain in the United States because of "pressure from above," and Chairman J. Parnell Thomas (R-NJ) told newsmen the hearings will show laxity on the part of both the state department and the immigration and naturalization service.

## Whitney Returns From Meeting

H. W. Whitney, city manager, returned Thursday morning from Ft. Worth where he attended the annual convention of the League of Texas Municipalities.

A former Big Spring city manager, B. J. McDaniel, Abilene, was elected trustee to fill a vacancy on the league's board. Whitney said an informational program cast light on many current municipal problems.

Thursday he was engaged in clearing the accumulation of three days work and was to confer with Mayor G. W. Dabney on a time for the city commission meeting, possibly at 5 p. m. Friday. The commission recessed Tuesday to await return of the manager.

**Local Agencies Work On Tax Notices**  
Two local tax agencies are working feverishly in an effort to get out tax notices before Oct. 1, when 1947 taxes become payable.

The city plans to get its notices into the mail prior to Oct. 1 and the county hopes to get notices to county, common school district, Howard County Junior College district and state taxes in the mail by that date.

Roll for the Big Spring Independent School District is not yet complete. It also may be affected by litigation pending in 70th district court contesting a Sept. 9 tax rate election.

**SABOTAGERS SOUGHT**  
SHANGHAI, Sept. 25. (AP)—Lt. Gen. Hsuan Ti-Wu, Woosung garrison commander, said today his men were on the lookout for 16 Shanghai power company workers wanted as "communist" agents plotting to sabotage the city's power supply and make capital of a major industrial breakdown.

## Bank Robbery Suspects Held

OKLAHOMA CITY, Sept. 25. (AP)—Arrest of two additional persons in connection with the \$58,000 robbery of the bank of Sweet Home, Ore., Aug. 29, was announced today by D. A. Bryce, chief of the FBI bureau here.

Bryce said Henry Clay Green, 27, was arrested on a warrant charging participation in the robbery and that his wife, Fannie Lee Green, 21, was being held as a material witness.

Bryce said the two were taken into custody near Woodville in the morning.

State Game Ranger Ed Everett, Sheriff Joe Everett of Marshall county and FBI Agents W. C. Gentry and Wilson McCully arrested Green and his wife, Bryce said.

Green was armed with a rifle but offered no resistance. The two arrests brought to four the number held in connection with the robbery.

Henry Clay Tollett, Oklahoma ex-convict, was arrested in Bakerville, Calif., Sept. 19 after the arrest at Hugo, Okla. of Joe Berry Bishop, Sept. 12.

Both Tollett and Bishop have been returned to Oregon.

Bryce said Green and his wife were being held at Madril.

He added they probably would be arraigned today before the U. S. commissioner at Ada.

He said a bond of \$50,000 would be asked for Green and \$7,000 for Mrs. Green.

**Hearing Is Set On Slavery Case**  
EL PASO, Sept. 25. (AP)—An El Paso couple charged with holding a Negro girl in slavery for the past 11 years will have a hearing in the case tomorrow.

FBI agents yesterday charged Paul R. Franklin, 67, a contractor, and his wife, Mrs. Anna L. Franklin, 62, with "knowingly aiding in causing Elizabeth Coker, Negro, also known as Jean Coker, to be held as a slave in violation of section 443, title 18, United States code."

The pair were arraigned before R. E. Crawford, acting U. S. commissioner.

R. C. Suran, special agent in charge of the El Paso division of the FBI, said investigations conducted by special agents indicated that the Franklins took the girl into their home in El Paso in 1936 as a servant and she worked for them from that time until January, 1947, except for a period when she was in a mental institution.

The pair were arraigned before R. E. Crawford, acting U. S. commissioner.

Several weeks ago, he had offered the commission's services, but the U. S. Gypsum Company declined. Local No. 82 of the United States Cement, Lime and Gypsum Workers agreed to the arbitration.

Jester also sent Labor Commissioner M. B. Morgan to the scene to make a personal investigation. Sen. Pat Bullock, County Judge Delas Reeves of Nolan county and Mayor R. O. Peters of Sweetwater yesterday urged Jester to try again to settle the difficulty, saying the strike "is seriously affecting the economy of this community."

Jester promised a new study of the industrial commission statute to see if its aid could be invoked. The strike followed failure of the Gypsum company and the Union to agree on wages and hours. The company manufactures wallboard.

## Second Suit Hits College Building Plan

Action Claims Violation Of Publishing Rule

AUSTIN, Sept. 25. (AP)—A suit contesting the college building amendment election in six Texas counties was filed in 126th District Court here today.

The suit alleged that in Bexar, Galveston, El Paso, Hill, Moore and Taylor counties the proposed amendment was not published once each week for four weeks, commencing at least three months before the election.

It was the second court attack on the amendment adopted at the Aug. 23 special election by a narrow vote. The amendment was designed to give state-supported colleges and universities a \$60,000,000 building program.

The suit was styled G. W. Whiteside and others versus Paul Brown, secretary of state. It contended that the official poll of the votes cast included "votes which were illegal and void because of irregularities in the election" in the counties named.

It said not only were the propositions to be voted on not published once each week in one weekly newspaper, but that they were not published in any newspaper.

The suit asked that Brown be enjoined "from tabulating, estimating or canvassing the returns" of the election.

Judge Roy C. Archer, in whose 126th district court the suit was filed, pointed out that the votes had already been canvassed and the governor had issued a proclamation declaring the amendment to have passed. He raised the question as to whether a court restraining order of the nature requested would have any effect and recessed the court until 2 p. m. to allow time for a conference of attorneys on both sides to consider the question.

Filing of the new suit delayed arguments scheduled to begin today in the first suit brought to nullify the election, which has been under attack from a group of taxpayers.

This was an injunction to prevent Attorney General Price Daniel from approving any bonds that might be issued under the amendment adopted in August by a narrow margin.

The state defended validity of the election on grounds that in reality it contained only one subject, but that there is no specific legal prohibition against submission of more than one subject to the electorate.

**State May Enter Into Dispute At Sweetwater**  
AUSTIN, Sept. 25. (AP)—A new possibility that the state industrial commission may intercede in the Sweetwater gypsum dispute developed here today.

Gov. Beauford H. Jester was considering new pleas, after having announced Saturday he did not expect to take further action.

Several weeks ago, he had offered the commission's services, but the U. S. Gypsum Company declined. Local No. 82 of the United States Cement, Lime and Gypsum Workers agreed to the arbitration.

Jester also sent Labor Commissioner M. B. Morgan to the scene to make a personal investigation. Sen. Pat Bullock, County Judge Delas Reeves of Nolan county and Mayor R. O. Peters of Sweetwater yesterday urged Jester to try again to settle the difficulty, saying the strike "is seriously affecting the economy of this community."

Jester promised a new study of the industrial commission statute to see if its aid could be invoked. The strike followed failure of the Gypsum company and the Union to agree on wages and hours. The company manufactures wallboard.

**Canine War Hero Missing In Dallas**  
DALLAS, Sept. 25. (AP)—"Sgt. Tim," Dallas war dog credited with wiping out a machine gun nest and killing five Japs in the process, was missing today.

The English shepherd's owners, Mr. and Mrs. T. F. McKinney, missed the dog Tuesday night and have appealed for help in recovering the canine hero.

"Sgt. Tim" wears a wide brown collar with gold studs, weighs about 90 pounds and is brindled-colored, his owners said.

McKinney, a former Navy chief petty officer, bought the dog after the war was over.

**CONVENTION**  
GALVESTON, Sept. 25. (AP)—The 21st annual convention of the Texas Home Demonstration association entered its second day today with more than 600 women from all parts of the state in attendance.

EUROPE'S NEEDS — British messenger Walter Kirkwood leaves his plane at LaGuardia Field in New York City holding a sack containing 230-page report on the needs of 16 European nations under the Marshall Plan. ## SPECIAL SESSION 'OPEN'

## Truman Asks U. S. To Conserve Food

WASHINGTON, Sept. 25. (AP)—President Truman asked Americans today to save food for Europe's hungry and said he still hopes emergency aid can be met without a special session of Congress.

In a news conference, Mr. Truman left open, however, the possibility that the legislators may be summoned into an emergency session. That is a question to be explored at a conference he will have Monday with Republican and Democratic congressional leaders.

Asked whether he thinks a return of rationing and price controls might be necessary, he replied that those are matters for Congress to decide.

In appealing for food conservation, the President observed that it would help budgets of American families as well as providing food to combat hunger in Europe.

His 20-minute talk with reporters ranged over a wide field of the problems involved in helping Europe get through the winter and back on its feet, economically speaking.

Mr. Truman said: 1. A decision on a special session of Congress for emergency aid for Europe will flow from a meeting he has scheduled Monday with congressional leaders of both parties. He hopes a special session can be avoided and has an open mind on the subject.

2. On the long-range Marshall Plan for helping European countries which help themselves and each other, careful study will precede any action and the government will move cautiously.

3. A special committee of citizens has been named to consider the immediate food problem and advise "on ways and means of carrying out the necessary conservation effort."

4. Other committees have been assigned the responsibility of studying the report drawn up by 16 nations in Paris, outlining their needs under the Marshall Plan.

## Americans Are Victims In Crash

WASHINGTON, Sept. 25. (AP)—Sgt. Hilmar W. Zeinert of San Antonio was among nine Americans listed as killed or missing in the crash of a C-54 transport into the sea near San Juan, Peru, last Friday. Sgt. Zeinert was listed as missing. The Air Force made public the list yesterday.

Zeinert's next of kin was listed as his father, Richard Zeinert, Route 9, Box 214AA, San Antonio. Mrs. William Poole, wife of a major at the U. S. military mission at La Paz, Bolivia, was also killed. She was flying to Panama for an emergency operation.

## JAP FLOOD TOLL MAY HIT 1,000

TOKYO, Sept. 25. (AP)—The toll taken by floodwaters which still cover much of the great Kanto plain north of Tokyo was placed at 1,002 dead, 1,616 injured and 985 missing today by allied headquarters' public health and welfare section.

Previously, first cavalry headquarters had estimated 2,000 dead on the basis of reports from its units scattered throughout ten of the flooded prefectures.

## LAKE SUCCESS, Sept. 25. (AP)—Australian Delegate W. R. Hodgson today accused Russia of using "blackmail" aimed at forcing the Security Council to admit Soviet satellites to United Nations membership.

Hodgson made the blackmail charge in referring to a statement by Soviet Deputy Foreign Minister Andrei A. Gromyko that Russia would vote for admission of Italy only if the council also admitted Hungary, Romania, Bulgaria and Finland.

The United States and Britain supported Italy, but objected vigorously to admission of the Communist-dominated governments of Hungary, Romania and Bulgaria. They insisted that a separate vote be taken on each of the five ex-enemy states.

Polish Foreign Minister Zygmunt Modzelewski touched off the new big power fight by proposing formally that the council give blanket approval to all five-ex-enemies.

Gromyko supported the Polish proposal with a declaration that the Potsdam agreement treated all these ex-enemy states in the same way without any discrimination toward any of them.

"The United States and the United Kingdom," he said, "deviate from the Potsdam agreement when they seek to have Italy considered separately."

The new membership battle came in the midst of these other developments:

1. The U. S. delegation prepared to plunge immediately into the Greek-Balkan controversy this afternoon with a formal proposal to the United Nations assembly for creation of a "watchdog" commission to restore peace under assembly authority. Herschel V. Johnson was scheduled to make a major U. S. speech on the Balkan problem in the 55-nation political committee to back the American resolution. That committee was scheduled to start at 3 p. m. (EDT).

2. The assembly's 55-nation Palestine committee assured Jews and Arabs a hearing on the Holy Land problem by agreeing to give representatives of the Jewish agency for Palestine and the Arab higher committee for Palestine the right to participate in committee debates.

Australia's Herbert V. Evatt was elected chairman of the Palestine committee.

## Cool Breezes Blow In Texas

Cool breezes played across much of Texas today as a weak north wind moved into the state.

The front lowered temperatures into the 40's at several points early today and the weatherman promised that tonight will be just as cool.

No rain was reported and none is in sight. The outlook for the entire state, the U. S. weather bureau said, is for clear skies to continue through tomorrow.

Lampasas registered a minimum of 42 degrees early in the day for the lowest temperature in the state. Three points—Kerrville, Junction and Lufkin—listed 43.

Yesterday's maximums included 97 at Miami, in the Panhandle; 96 at Seymour, San Marcos and Pampa, and 95 at Clarendon and Henrietta. Down to a pleasant 79 at Palestine, Lindale and Greenville.

## Escapes 'Rescued' From Refrigerator

HOUSTON, Sept. 25. (AP)—Two half-frozen convicts who escaped from Central prison farm No. 2 near Sugar Land in a refrigerator truck were "rescued" today by Houston police and sheriff's deputies after a passing motorist spotted a hand through the truck's rear door.

The motorist, R. M. Angell of Houston, pulled alongside the truck and notified the driver, R. M. Hartless, a trusty at the farm, who immediately stopped at a filling station and called police.

The two convicts, Seamon Williams, 29, serving 99 years for robbery from Plainview, and S. J. Knight, 28, serving 20 years for robbery from Waco, were among a group who loaded the truck with meat before dawn today, prison officials said. The truck was to take the meat to the main penitentiary at Huntsville.

Williams and Knight told police they had sprung the rear door of the truck and that Williams was reaching through the small opening trying to unlatch the door when Angell's car approached from the rear. Police Investigator Vic Dwyer and Deputies H. L. Owens and V. J. Donnelly, upon arrival at the filling station, found the refrigerator compartment still closed tightly.

Hartless opened the door for the Police and Williams and Knight, covered with frost from the 2-below-freezing temperature, staggered out.

"We're glad to be caught," Knight admitted. "Another few minutes in there and we would have been frozen stiff." The escapes were taken to the Houston city jail. They will be returned to the prison farm later today.

## Bible Class Funds Reach Halfway Mark

Contributions to the high school Bible class fund reached the halfway mark Thursday as teams began to report on solicitations.

At noon Thursday, the amount subscribed stood at \$757, according to available tabulations. Perhaps more has been raised but not reported to Capt. Olyv Sheppard, treasurer.

Goal of the one-week campaign is \$1,500 from the community. This is the first appeal on behalf of the fund since 1945, when the community raised \$2,300 spontaneously to provide instruction in the high school because the state constitution prohibits use of tax funds for this purpose.

Among latest contributors reported are Cunningham & Phillips, Robert T. Piner, Texas Electric Service, McEwen Motor and Big Spring Herald, \$25 each; Twins Cafe, K. H. McGibbon and an anonymous donor, \$15 each; Ted Phillips, \$12.50; Big Spring Hardware, Merle J. Stewart, and an anonymous contributor, \$10 each; Mrs. James T. Brooks, J. W. Phillips, Jr., and Sew and Chatter club, \$5 each.

## Bush Appointment Fills Posts For National Defense

WASHINGTON, Sept. 25. (AP)—President Truman today completed the top leadership of the new national defense organization by naming Dr. Vannevar Bush, noted scientist, as chairman of the research and development board.

He also filled positions in the new department of air with these appointments:

Arthur S. Barrows, Chicago, Ill., to be undersecretary of the department which is headed by Secretary W. Stuart Symington.

Eugene M. Zuckert, and Cornelius Vanderbilt Whitney to be assistant secretaries for air.

Zuckert has been special assistant to the assistant secretary of war for air. Whitney, an officer in both world wars, is president of a lumbering company in northern New York state and head of livestock properties in New York and Kentucky.

Gen. Carl Spaatz was appointed chief of staff for the air department. He has been chief of the Army Air Force.

The board which Dr. Bush will head is designed to keep America in the forefront of scientific developments and in obtaining new weapons.

## Three Thousand GIs Seek German Wives

FRANKFURT, Sept. 25. (AP)—More than 3,000 Americans have applied for permission to marry German girls since the ban on such weddings was lifted last December. U. S. Army headquarters said today.

Approval has been given to 1,392 of the applications and at least 1,355 of the couples already have been married.

Applications are still pouring in.

## Butter Prices Drop

NEW YORK, Sept. 25. (AP)—Top grades of butter dropped 2 1/2 cents a pound today on the wholesale market.

Grade AA sold at 77 cents and grade A at 75 cents a pound, compared with 86 1/2 and 84 cents, respectively, Sept. 15.

Consumer resistance in retail stores was credited with the recent downward trend in wholesale butter prices.

FAREWELL SAID

# Students Pay Their Respects To Dobie In Torchlight March

AUSTIN, Sept. 25. (AP)—Two hundred or more University of Texas students last night staged a mile-long torchlight march to the home of Professor-folklorist J. Frank Dobie to thank him for 33 years of service to the university from which he was dismissed Tuesday.

Student-leader of the demonstration William Darden of Holliday told the ex-professor of English that the group came not as a protest against the university administration but with one purpose—"to pay our respects to a beloved Texan and express appreciation for your 33 years of service to the University of Texas."

Dobie, who was dismissed by the administration because he failed to return to duty this semester after his request for leave was refused,

stood on the back steps of his home and listened to the student tribute. His wife sat on the steps nearby.

"I don't know hardly how to express my appreciation and Mrs. Dobie's appreciation for this expression of your heart and—I say without flattery—your intellect," Dobie told his visitors.

"I assure you that seeing you and hearing you makes our minds feel large. There is nothing needed in the world these days more than a certain largeness, a certain magnanimity of spirit."

While the students sang "Auld Lang Syne" Dobie glanced up at the University of Texas tower rising above the trees of his garden

and tears welled in his eyes.

Dobie had refused to teach during the fall semester for reasons of wanting to finish a book he is writing and of suffering severely from hay fever during the winter months. University of Texas President T. S. Painter refused to grant him a leave under a board of regents new ruling limiting faculty leaves to one year except under very unusual circumstances.

As the students left Dobie's home last night, a co-ed told Dobie she was sorry he was leaving.

"Oh don't preach my funeral yet," the 59-year-old ex-professor of English bantered and wished her good night.

## Mexico Disapproves Of Private Labor Recruiting By U. S.

WASHINGTON, Sept. 25. (AP)—The Mexican government has advised the U. S. immigration commission that it "is not in a position to accede to the proposal" that thousands of Mexicans be recruited privately for cotton picking, a government official says.

T. B. Shoemaker, acting commissioner of immigration, said Texas members of Congress were notified that there is no apparent way to bring in additional farm labor from Mexico, with federal funds for this purpose exhausted.

Farmers at Lamesa and other points had asked Mexican labor to pick cotton. Such help can be imported only through a contract arrangement between the Mexican and United States government, Shoemaker said.

## One Dies In Tanker Blast

TEXAS CITY, Sept. 25. (AP)—Crewman William Fall, Flushing, L. I., said today a checkup of crew members disclosed that only one man was killed in a fire and explosion aboard the tanker Cedar Mountain here last night.

He said it was first believed that two men had been trapped in the tanker's engine room.

Body of a man identified by Second Engineer W. L. Turner of McDonough, Ga., as Third Assistant Engineer Albert Bruback of Pittsburgh, Pa., was recovered one hour and thirty-three minutes after the blast.

Intense heat prevented rescuers from entering the engine room for an immediate search for the second man at first thought trapped.

After the fire was extinguished at 3 a. m. today (CST) and a checkup of crew members made, it was definitely established that only the one life had been lost, Fall said.

The tanker blast occurred at 11:25 p. m. last night near the scene of the April 16 and 17 disaster in which two ship explosions resulted in 700 dead or missing.

Fall said the Cedar Mountain, which arrived here yesterday from Port Everglades, Fla., was a 135,000-barrel high octane fuel carrier. Cause of the fire and explosion was not immediately known.

By inflating tires of large aircraft with helium instead of air, 180 pounds of weight per plane can be saved.

### Plymouth No. 1 Georgia Frost Swabs Down To 8,384 Feet

Plymouth No. 1 Georgia Frost, Ellenburger exploration in north-central Sterling, 11 1/2 miles north and slightly west of Sterling City, swabbed down to 8,384 after a re-squeeze job to shoot off water.

It drilled ahead to 8,386 feet, one foot below previous bottom, before losing cones from bit and resorting to fishing. At one time the test rated seven and a half barrels hourly, and subsequently 110 barrels of oil and 112 barrels of water in 24 hours of swabbing. Location is in section 39-1, H&TC.

A. M. Lacy No. 1 P. M. Buchanan, north-central Howard wildcat, was ordered plugged and abandoned Wednesday at 4,512 feet in lime. No shows, either in drilling or on electrical survey, were reported. The test, located three miles north of Cosden, was in section 29-31-in, T&P.

Ralph U. Fitting, Jr., Midland, has staked his No. 1 Settles, one and three-quarters miles south of Forsan and in northern Glasscock county. The test is slated for 3,000 feet and is that distance from nearest production in the Howard-Glasscock pool. Location is 990 feet from the north and west lines of the southeast quarter of section 158-29, W&NW and is on a Standard Oil of Texas farm out.

Hickok & Reynolds, Inc., Cisco, have staked location 330 feet from the south and east lines of section 10-30-in, T&P, six miles northeast of Coahoma. The rotary venture is in an area where the operators drilled a dry hole, also on the B. F. McGettes tract. The new test, No. 1-A McGettes is due for 3,950 feet.

### German Industry Called Essential As Aid For Europe

BERLIN, Sept. 25. (AP)—U. S. Secretary of the Treasury John W. Snyder said today it was "perfectly clear" to him that the productive capacity of Germany must be utilized in the recovery of Europe.

Snyder expressed his views in a statement forecasting a German economic comeback "during the next several years."

The statement, issued after conferences with Gen. Lucius D. Clay, American military governor, and his staff, declared that although Germany's present financial and economic condition is serious, the "foundation for recovery has been laid."

Snyder said Gen. Clay had invited him to visit Berlin during his present trip to Europe in order to "summarize for me Germany's immediate financial and economic condition as well as plans and hopes for the future."

## Kansas City Has Gas Leak Panic

KANSAS CITY, Sept. 25. (AP)—Thousands of persons flooded switchboards of the police and fire departments and the gas company last night, reporting that they believed gas fumes permeated their homes.

The gas company said, however, that special crews sent to investigate found no leaks and that they knew of no cause for alarm.

Police headquarters estimated more than 7,000 telephone calls were made in three hours.

The weather bureau offered a possible explanation, pointing out a steady wind from the northeast could have carried odors from an oil company refining plant over parts of the city. The cool clear condition of the air last night, the bureau said, enabled odors to stay close to the ground and travel farther than they normally would.

**We All Need Fun!**

Nobody in our town is exactly lazy (even though Pete Swanson's missus claims he sleeps till seven A.M.). But the hardest working man of all is Doc Hollister—on call, morning, noon and night.

Funny thing, Doc's favorite prescription to his patients is: You ought to have fun. The pace of modern living, even on the farm, demands some relaxation.

And as Doc says—fun is a personal thing. For the missus it may mean a movie or a good book; for Dad, a mellow and refreshing glass

of beer; and for the kids, parcheesi or the radio. Doesn't mean everybody has to like the same thing—so long as they relax, have fun, together, in the home.

Doc doesn't have much time himself. After a hard day, he'll relax before the fire with a glass of beer—and wait for the phone to ring again. And from where I sit, Doc deserves each well-earned minute of that relaxation.

## FROM EUROPE

# Letters Of Poage, Mahon Give Inside Picture Of Their Trip

Washington, (U)—Letters of Rep. Bob Poage of Waco give an excellent and informal presentation of what traveling lawmakers see when they go abroad.

During the past few years he has been in all parts of the world, and from these distant lands he writes regularly and at length to Mrs. Poage. She keeps every letter.

Poage goes to all the social functions the legislators are invited to in foreign countries, and gathers a lot of information many would forget. He arises early and takes walks off the beaten path, questioning common folk about their thoughts and living conditions.

Currently traveling in Europe with a House agriculture subcommittee studying food production

there, and the need for food imports, Poage wrote his wife on their first stopping point, in the Azores. Although they stopped there only for gas and lunch, he drove with an Army officer about the island, which he noted is covered with small farms, bordered with big rock fences.

He wrote from Berlin that, while the downtown area is in ruins, many of the suburbs of the city are virtually undamaged. Writing on Sunday, Sept. 7, from Vienna, Austria, he said:

"There is a substantial amount of damage here but not the great area you see in Germany. There are crowds on the streets and while everything is closed today there are lots of stores that evidently have a substantial amount of goods. In addition, the drought that is destroying German crops is not nearly so severe here, although things are dry here, too."

Sept. 11, writing from Munich, Germany, and telling of the beautiful Bavarian Alps, he related:

"We went up to Hitler's 'Eagle Nest' and saw the ruins of his home and of the SS guard barracks. Then we drove 150 miles, recrossing both the Austrian and the German lines through some magnificent country."

Sept. 14, in Oslo, Norway, he wrote:

"We went into the dining room and sat down. The waiter brought us bread and butter and then left. We kept waiting only to find out after awhile that we were to go to the center of the room and help ourselves to the smorgasbord. We went and looked—cold tongue, sar-

dines, other fish and some tomatoes.

"The result was we did not eat breakfast, but we can hardly be said to suffer as we have had so much to eat everywhere. We have been telling these people their propaganda is bad, if they want us to understand they were in need of food they ought not to feed us so much."

Another Texas congressman traveling over Europe is Rep. Geo. Mahon of Colorado City and Lubbock, who is with a special committee studying economic conditions in general in relation to appeals for more U. S. loans.

Excerpts in a recent report he sent from Europe:

"In going by train 70 miles from the port of Southampton to London, I was struck with the intensity with which the land is cultivated. The grain was off the wheat fields but many other crops were growing. However, they were not growing very well because England is in the midst of a terrific drought. x x x

"In suitable areas the British are using such places as the right of way on the railroad for countless little gardens, and they are well cared for. I went out in the country and met with what we would call the AAA committee for one of the counties. x x x

"A farmer in England has to cooperate with the government program. If he fails to do so the government can take over his farm; but the farm committee explained that they had encountered no serious trouble in securing cooperation."

# Good Relations With Migratory Workers Urged

With prospects of a 30,000 to 35,000 bale cotton crop looming ahead, Big Spring people can do much toward solving a troublesome labor situation by maintaining courtesies and kindness toward migratory farm workers, Durward Lewter, county agent, told the Lions club Wednesday noon at the Settles.

Little things often determine where a crew leader will stop with his workers for the harvest, Lewter pointed out. Bad relations last year caused one nearby county to be boycotted by migratory laborers, he recalled.

Lewter said that there would be a "fair" cotton crop, despite ravages of drought, considering an acreage he estimated at 110,000 for Howard county. Around Coahoma farmers have as good or better crop than they have ever had. Elsewhere the picture is spotted, depending upon scattered showers during the growing season.

Feed prospects are dismal, he said. A record cotton acreage cut to around 35,000 acres at the outside land to grain sorghums. Bad weather situations had mitigated against the feed, and this, together with sharply sub-normal range conditions, is portending a wintering problem for cattle and sheep men. Only the sharp marketing a year ago, which cut stocking by 40 per cent, has kept the livestock industry in fairly good condition, he said.

Rain now might damage cotton seriously, since it is dry weather variety and subject to blowing and moisture conditions, he added. On the other hand, some late feed

might be helped, and ranges would benefit.

F. E. Lichte, Texas A&M extension service cotton gin specialist, also addressed the club, recalling that the first cotton—five bales—was produced in Howard county in 1889, and that by 1906 Glasscock county produced more than Howard county. Very little cotton has been grown in Glasscock since, he

Big Spring (Texas) Herald, Thurs., Sept. 25, 1947 3

said. Price of cotton on the New York market has varied from a low of five cents, reached three times and most recently in 1932, to \$1.89 per pound during the Civil War. The shortest crop since 1889 is in prospect for this year, Lichte said. The largest ever made was

in 1937 when the nation produced nearly 19 million bales. Texas' largest crop was in 1926 with better than five and a half million, and Howard county hit a ginning peak with 50,000 bales in 1937. Joe Heddlston was chairman of the program.

### WEEDS WILL BE FIRE HAZARD

Mayor G. W. Dabney today urged owners of vacant property to attack accumulation of the summer crop of tumble weeds, brush, grass, etc.

Besides being unsightly, the mayor pointed out, these shortly will become a fire hazard. Action now also may catch many of the plants before they have dropped seed, cutting down on the problem of control for next season.

Condition of many alleys also is none too good, he added, urging people to clean along the fence line.

### U. S. Army Tents Make Mail Bags

BERLING, (AP)—American Army tenting is being used to relieve an acute shortage of mail bags in the U. S. zone of occupation. The Reichspost has purchased 24,000,000 square feet of surplus U. S. Army canvas for manufacture into 500,000 mail bags. The shortage of bags has been retarding international and domestic parcel post, newspaper and letter service.

### Fox, Wolf Hunters Open Three Day Meet

GAINESVILLE, Sept. 25. (AP)—The North Texas Fox and Wolf Hunters association opens a three-day wolf hunt in the old Camp Howe area near here this morning, long before the farmers begin their chores.

About 250 hounds will be released at 3 a. m. Field judging will begin shortly after dawn. Master of hounds will be Ralph Bridges of Denton.

Last night some 50 hunting dogs were displayed in a bench show. James Phillips of Tyler will be the bench show judge.

Ira Ward of Gainesville, vice president of the association, said dogs will wear a number on each side to aid judges, some of whom will be afoot, others in cars and still others on horseback.

A horn-blowing contest is scheduled this afternoon. A religious service is planned Friday night by the Rev. Philip Walker of Denton.

### BRITISH FIGHT PARIS FASHIONS

LONDON, Sept. 25. (AP)—British dress designers, warring upon Paris' long dresses, came up today with a "spirited design."

The guild of creative designers promised details later. Chairman Henry Scott said the spiral gives the impression of length but by no means shields a shapeless calf from the public eye.

Some stylists said it ends about 14 inches from the ground.

ATTENDS WIFE'S FUNERAL WITH BRIDE. — Frank "Rodeo Roy" Nicholson, San Francisco radio entertainer (right), and his bride of a few days, the former Ann Cooper Hewitt (center), leave the chapel of a funeral parlor in Sacramento, Calif., after funeral services for Nicholson's wife, Gertrude, who died in San Francisco. ### Disc Jockey Is Widower Then Quick Newlywed

SAN FRANCISCO, Sept. 25. (AP)—A widower Friday, a newlywed Saturday, radio disc jockey Frank (Rodeo Roy) Nicholson was without his microphone today—while he honeymooned with his heiress bride Ann Cooper Hewitt and while officials continued to probe the death of his former wife.

Nicholson's sponsor and radio station KSFO announced in a joint public statement that his recorded programs of hillbilly music "will continue at the same hours... but will be handled by a new master of ceremonies, 'Buck' Smith."

Interviewed after he and his bride attended the late Mrs. Nicholson's funeral in Sacramento Tuesday, Nicholson had announced:

"If all this notoriety causes me to lose my radio job, I guess I'll have to open a hamburger stand."

An autopsy yesterday failed to determine the exact cause of death of Mrs. Gertrude Nicholson, whose death last Friday preceded by 24 hours the wedding of Nicholson and the thrice-wedded Miss Hewitt. An overdose of headache tablets had been blamed in a coroner's preliminary report.

Tests were being made by a toxicologist but the findings were not yet known.

Klaes Martensen van Roosevelt who arrived in what is now the United States from the Netherlands some time between 1644 and 1649 was the ancestor of seven American presidents: James Madison, Martin van Buren, Zachary Taylor, Ulysses S. Grant, William H. Taft, Theodore Roosevelt and Franklin D. Roosevelt.

#### MURDER CHARGE

DALLAS, Sept. 25. (AP)—Charges of murder without malice were filed here yesterday against Lewis Hughes, 21, in the death of Fred Kranz, 66, of Lake Dallas, who was killed Sunday at Letot when struck by an automobile.

### Jews Laugh At French Offer To Give Them Home In France

LUEBECK, Germany, Sept. 25. (AP)—Jewish refugees of the Exodus 1947 only laughed today when a renewed French offer to take them back to France was broadcast in the camps where they are being held.

None of the refugees accepted the offer, despite a British warning that those who turned it down would find their rations cut from the present 2,800 calories a day to the regular German ration of 1,550 calories.

"If the Jews refuse," the broadcast and posted handbills said, "it will be quite clear that they remain in the British zone of Germany of their own free will."

Refugees in the two displaced persons camps—Poppendorf and Am Stau—went about their normal duties after the broadcast, voiced in English, German, Polish and Yiddish, with children attending school and women busy at domestic tasks.

The Poppendorf commandant said earlier that the refugees quite obviously were settling down for a long stay and their leaders have said they intend to go nowhere but to Palestine.

The British have been balked in their efforts to screen the more than 4,300 refugees for eventual disposition since they were landed from three British transports at Hamburg nearly three weeks ago. Virtually all of them have informed screening personnel that their nationality is "Palestinian," their language "Hebrew" and their destination "Palestine." Their effort to crack the British blockade and enter Palestine in July aboard the Exodus 1947 failed and they were brought here aboard the British transports.

### Jeep Caravan To Stop Here

A caravan of Jeeps, bearing the complete line of agricultural and industrial equipment manufactured by Willys-Overland will appear here Friday at 2:30 p. m. Troy Gifford, area distributor, announced today.

Demonstrations with equipment powered off the Jeeps will be given in the vacant area south of Oldham Implement company on the Lamesa road.

Officials, farm agents, club boys, farmers and others are invited to witness the demonstration, said Gifford.

A Jeep fire engine will head the eight unit caravan. Included in the list of items is a line of hydraulic lift implements, together with a four-wheeled farm wagon. The caravan, according to Gifford, is one of four touring the nation, making demonstration of the vehicles and apparatus.

Cumberland Restores Its Famous Caves

**Newsfeatures**  
CUMBERLAND, Md. — The subterranean passages of old Fort Cumberland, about which George Washington wrote in his reports on the frontier, have come to life again.

But not to the life of blood, rum, and gunpowder they knew when Cumberland was Britain's remotest outpost, with a wilderness controlled by French and Indians beyond them.

Today the passages are lighted brick caverns which a family may explore on a Sunday afternoon.

The restoration has been carried out by members of the Emmanuel Episcopal Church, which stands directly over the old fort.

It was in 1755 that Col. James Innes ordered the fort built. In the same year Gen. Braddock arrived in a "chariot" drawn by six horses, his bodyguard of light horse galloping at each side while the drums beat out the "Grenadier's March." The chariot was left at Cumberland when Braddock set out on his unsuccessful attempt to capture the French Fort Duquesne—now Pittsburgh.

Having failed to take young Washington's advice on backwoods military methods, Braddock was fatally wounded ten miles short of his goal.

ORDERED TO COURT

Police Thursday ordered a Big Spring man to report in corporate court Friday morning on complaint from another local resident that his automobile was struck by a truck at Third and Gregg Tuesday afternoon. The truck did not stop, and highway patrolmen halted the driver at Stanton and released him to appear in corporate court.

The ticker tape slumbered frequently after a moderately active start. Near midday quotations were well mixed. Concern over international developments continued to cast a chill over investing sentiment while some brokers reported customers wary in commitments in stocks widely owned by foreign holders. Supporting the rally were expectations of action on a freight rate increase. Some bidding was attributed to anticipation of a comeback in the wake of recent declines.

Bonds were narrow and commodities mixed.

### Another Use Found For Catalogues

The Montgomery Ward and Sears-Roebuck catalogues are used as text books in Belgium. While Dr. June Hyer was studying in Brussels, Belgium on the subject of the investigation of the influence of Nazi decrees and administration on the postwar philosophy of higher education, on a fellowship granted by the American Association of University Women, she discovered that the children were having a difficult time with English common nouns, especially the names of objects. She ordered copies of the catalogues so that the children could see pictures of the objects and in this way, could remember the names much better. They are used in much the same manner as encyclopedias and dictionaries are used in our schools.

## WHAT GIVES 'ROUND TOWN

Governmental body of the Howard County Junior college likely will be selected by the end of the week, according to our observations. Currently, in typical junior college vernacular, they are "working on it." An activities committee will be appointed by the faculty much in the same manner as it was last fall. That group will set up student officers and council for the year's work. Pickins have become good this semester. The number of boys and girls are comparatively the same, much unlike the five-to-one odds in favor of the white last year. Sub-Deb pledges from BSHS are still appearing with that over-large white bow in their hair. The State drug must surely be prospering. Afternoons are finding it cluttered with HCJC and BSHS students in the usual way. Commodore Ryan, who is still working in a T&P school in Fort Worth, was in for the weekend. Says he ran onto Pat Holcombe some days ago. Pat is down that way loafing. James Thomas left Monday for Hagerstown, N. M., where he has been "rough-necking" in an oil field for the past two months or thereabouts. Jim also was here for just the weekend. Fee Wee Simmons left Sunday for the fall term at College of Mines, El Paso. Joy Lane departed Thursday for Saginaw, Mich. Billie Bob Fallon left Sunday for the mountains of Utah to visit a brother. Charles Calloway of Colorado City spent the weekend here as usual. Don Conner of Sulphur Springs was in town Saturday to see his Navy buddy, Zack Gray.

## LOST 36 POUNDS WITH THIS HOME RECIPE

Barcentrate is the original grapefruit juice recipe for taking off ugly fat. It's simple. Just go to your druggist and ask for 4 ounces of liquid Barcentrate. Pour the contents into a pint bottle—add enough grapefruit juice to fill bottle. Then take just two table-spoonful a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves—if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles; just return the empty bottle for your money back. You need never know a hungry moment while taking Barcentrate—no starvation diet—no printed diet list to buy—no vitamins to fortify you against weakness while going hungry, for you WON'T be going hungry. Here is what Mrs. D. W. Baer, 1823 20th St., Galveston, Texas, says about Barcentrate. "It is your privilege to know the fine results I obtained from your wonderful product—Barcentrate. I weighed 208 pounds when I commenced to take it. I now weigh 172, a loss of 36 pounds, and a best of all I feel fine; have good healthy flesh—no flabby skin after reducing." You can get Barcentrate from any druggist in Texas.

### Papai To Face Mobile Bears

HOUSTON, Sept. 25. (AP)—Houston, champion of the Texas league, and Mobile, Southern Association titlist, square off here tomorrow in the opening game of the Dixie Series.

The Buffs won the Texas league crown last night by blanking Dallas, 1-0, behind the four-hit pitching of Clarence Beers.

The first two games of the seventh Dixie Series will be played here with the next three at Mobile, starting Monday. If the final two games are needed they will be played here.

Big Al Papai (23-11) is expected to start on the mound for Houston tomorrow, opposing John Hall (18-8). Hall has nine shutouts to his credit.

HOUSTON, Sept. 25. (AP)—In the words of Manager Johnny Keane: "I've never seen anything like this ball club."

He was speaking of his Houston Buffaloes who last night defeated the defending champion Dallas Rebels, 1-0, to take the 1947 Texas league pennant and the right to represent the circuit in the Dixie Series, opening here Friday night, with Mobile's Bears, champions of the Southern Association.

The Buffs have had Keane, fans and sports writers guessing all season, for, despite a noticeable absence of heavy hitters, a siege of injuries and only three "front line" hurlers; they "monopolized first place throughout most of the league's regular schedule, defeated Tulsa four straight in the first round of the playoff and overcame terrific odds in the Dallas round.

But repeated diagnosis has indicated two things: The Buffs hit when hits count and they are firm believers in the old adage that the game is not over until the final out is recorded.

### Ackerly Plays Loop Friday

The Klondike victory established the Ackerly sextet heavy favorites over Loop.

An Ackerly team composed of ninth and tenth graders beat the seventh and eighth graders, 3-0, here Wednesday. Clint Lauderdale scored the touchdown.

### FLAMING OIL

## Two Are Dead; Ten Injured As Tanker, Collier Collide

MASSENA, N. Y., Sept. 25. (AP)—At least two were known dead today and 10 injured following the collision of a collier and an oil tanker in the St. Lawrence river, which set off a terrific explosion and fire on the coal ship.

All the casualties were aboard the 2,600-ton Canadian collier Milverton which was a mass of flames from oil spilling over its bow shortly after the collision yesterday. Ten of its crewmen still were unaccounted for late last night.

All 22 men aboard the tanker Translake were safe.

The known dead were William Goldworthy, 29, of Verdun, Que., who succumbed to burns in a Massena, N. Y., hospital, and William Robertson of Toronto, who died en route to an Ogdensburg, N. Y., hospital shortly after the collision. An unverified report said F. Dobson of Montreal, third engineer on the collier, was injured fatally.

The collision occurred off Iroquois, Ont., about 23 miles west of Massena and 17 miles east of Ogdensburg.

Capt. L. E. Pain of the Milverton, hospitalized in Ogdensburg, gave this account of the collision. "The tanker must have jammed her steering gear. She cut directly across my bow. There were no possibilities of stopping my ship, and we struck her amidships. "Heavily laden as we were, we cut a great gash into her side and the oil spouted over our bows. Almost at once it caught fire. There was an inferno forward, and it became a hell when our spare fuel tanks in the bow suddenly blew up and showered everything with blazing oil.

"Several of the crew leaped into the river. There was no chance of controlling the flames. We got our engines going as soon as possible and beached the ship. But we got off barely in time."

Capt. R. Chétel of the Translake declined comment pending an inquiry.

The Milverton was owned by the Sarnia and Colonial Steamship Lines. The Translake is operated by the Transit Tankers and Terminals, Ltd., of Montreal.

### Bisons Invade Sterling City

FORSAN, Sept. 25. — Forsan's Buffaloes, who have scored 74 points in two six-man football starts while shutting out the opposition, invade Sterling City Friday night for an important District Seven game.

The Bisons have throttled Rankin (38-0) and Water Valley (36-0) while Sterling turned back Whiteface of District Three, 25-0, but lost to Coahoma, 31-20.

George Tillerson's Sterling gang had to function without the services of Jackie Tweedle, their all-district back against Coahoma. If he's ready this time, the Buffs can prepare for trouble.

The Buffs' chief threat will probably be Eldon Prater, a speed merchant, who gave both Rankin and Water Valley a bad time. Prater will have company in the backfield in the persons of Dan Fairchild and Wayne Huestis.

Coach Frank Honeycutt's starting line will consist of Dolan and Camp at ends and Pike at center.

Across the way, Sterling will use Grosshan and Baker at ends, King at center and Tweedle, Smith and Hudson in the backfield.

Sterling's must win in order to stay in the running for the league gonfalon.

## Mahon Gives Praise To British Courage

Despite the severity of economic recourses during the current crisis in England, the "British are determined to prevent the collapse of their country."

This was the impression Rep. George Mahon, Colorado City, received recently in England, where he and other members of the special Hous committee investigating European conditions, paused before separating on special assignments.

"The British are a sturdy lot," Mahon observed. "They are unwilling to admit defeat. This was the impression I got in conferences which we held with officials of the British government. Our officials feel that the collapse of England and Western Europe would mean communism and the domination of all Europe by Russia. In that event the security of America would be threatened seriously."

Mahon said the most dynamic British officials with whom we conferred in London were the foreign minister, Ernest Bevin, and the minister of the board of trade, Sir Stafford Cripps.

Despite the elapse of two years since V-J day, British people still face severe rationing, which apparently works much better than our OPA ever did. Each person is allowed only one egg and only 20 cents worth of meat per week. Gasoline, clothing, etc. are rationed. There are large stocks of clothing, but they are not released

in quantity because the government wants to export to get vital dollar credits in the U. S.

The congressman from this district was struck with the intensity of cultivation in England. Wheat was barely off the ground but other crops were growing. . . slowly because England is in the midst of a severe drouth. Even railroad right-of-ways are planted to crops and gardens and the Victory Gardens are everywhere.

A farmer in England, he said, has to cooperate with the government program; else the government takes over. No serious trouble has been encountered, however, officials told Mahon. The cry in England as in European nations is "food, food, food." At home we complain at prices of food, but here the emphasis is on food at any price.

England is far from being self-sufficient and "the people are up against it. They are not producing enough manufactured products to sell abroad to acquire enough dollars to pay for the food which they need to import. They call this the dollar crisis. The people are reducing their import of food and struggling to increase their exports . . . to get dollars and prevent collapse of the government."

Mahon has been in Trieste, nestled between Italy and Yugoslavia, during the past week.

He makes the most beautiful canapes I have ever seen, and while his is an entirely professional job, you can approximate it yourself if you'd like to. If you could see one of Tino's simple, beautiful tables set out, you would want to!

He starts with a beautiful, unperforated Irish linen cloth in a neutral gray which shows up the artistic forms of his canapes and enhances the natural brilliance of the vegetable colorings. The canapes themselves offer almost enough by way of decoration, but Tino does something more than that. He makes a "flower", arrangement entirely out of vegetables! He uses no tools except an ordinary paring knife, and his results are more beautiful than many flowers.

**Texsun No. 1 GRAPEFRUIT JUICE**  
 America's  
 Pure, unadulterated, unacidulated, naturally sweeter Grapefruit juice—that's Texsun. It comes to you with all the health-giving qualities that Nature puts in the fresh fruit. We add nothing—we take nothing away. Texsun is enjoyed more by more people because it's a natural product—naturally sweeter.

Now for the canapes. Tino has a few basic principles. First, he keeps things as simple as possible. He believes in elimination, rather than accumulation. He doesn't combine more than two colors. He doesn't mix up a lot of flavors. He makes special little melba toast shells to hold his fillings and they are so beautifully arranged that no tray looks messy, even when there's only one canape left.

## E. E. Baker Builds Terraces In Plan To Save Water, Soil

E. E. Baker, who recently made out a plan for soil and water conservation measures on his stock farm in the Vincent conservation group started construction of terraces on a 140-acre field last week. Baker is building his terraces as a part of his coordinated program to save water and soil in cooperation with the Martin-Howard Soil Conservation District.

"I lost enough water from one rain to make a crop," Baker stated. "With terraces and contour farming I can hold the water on the field and prevent loss of soil from washing," he added.

Baker also plans a soil management program on the field including a conservation crop rotation, cover crops, soil building crops and crop residue management, designed to build up the land, increase the organic matter in the

with a row planter in sudan and feed land, putting the seed in double rows on each side of the sudan and feed. He will fertilize the crop with superphosphate to get a good growth on the rye and vetch.

Reed planted the rye and vetch for a cover and soil building crop to keep his soil from blowing and to improve the land by adding nitrogen and organic matter to the soil.

"I first noticed the benefits of adding organic matter to the land," Reed stated, "when I threshed maize on a small area in my field. Cotton is larger and greener on this area, and will make half a bale to the acre while it will take six acres to make a bale on the land beside it," he added.

Terrace construction started last week on the farm of O. H. McAlister in the Ceaboma conservation group. McAlister is building his terraces to district specifications of 24 feet base width and 15 inches settled height to conserve water and prevent soil washing. He will plant Abruzzi rye and hairy vetch building and will graze the crop on the land for cover and soil moderately.

M. L. Hamlin started plowing wheat stubble on his ranch in the Vealmoor ranch group last week. Hamlin is using a one-way plow and leaving as much straw as possible on top. This will put the land in good shape to soak up rainfall and prevent blowing and washing. Hamlin also blocked his terrace by building a ridge along the fence to help hold water on his fields and prevent loss from runoff around the ends of his terraces.

Willis Winters planted blue grama and buffalo grass last week on his place in the Vincent conservation group. Winters broadcast and harrowed in the seed on about 15 acres of land retired from cultivation to get a good cover of grass back on the land.

C. W. Creighton, cooperater with the district on his ranch three miles west of Big Spring, plans to seed around 12 acres of retired land next week with Little Bluestem, sand lovegrass and blue grama. Creighton will drill the seed in cane stubble with a grass drill furnished by the Soil Conservation Service.

### City Receives Small Lot Of Sewer Tile

Some sewer extensions will be possible through receipt of a carload of sewer tile, E. L. Killingsworth, city engineer, said Wednesday.

However, he reminded, the amount available for the extensions was relatively small as compared to demand.

In all sizes—six, eight and 10-inch tile—only about 1,500 feet are included in the carload. A third of this is in the large size, which is stockpiled for use in connecting with the veterans' hospital site.

Killingsworth estimated that the city has demand for extensions in six-inch lines alone which would quickly require as much as 6,000 feet.

### Drop In Texas Traffic Fatalities

AUSTIN, Sept. 25. (AP) — There were 25 fewer traffic fatalities during the first eight months of this year than last, the department of public safety has announced.

"This little reduction is nothing to get optimistic about," warned Joe S. Fletcher, assistant director. "When the end of the year comes, we have every reason to expect the number of deaths will be bigger than it was last year."

The total dead for the 1947's first eight months was 1,227.

### BOY 'BORROWS' 11 TON BUS

The boy, George Readhead, was detained for juvenile court investigation. The \$20,000 bus was held for return to the Pacific Electric Railway Co.

Policemen W. J. Hart and P. E. Harston said the boy told them he took the bus from a railway company parking yard after trying to find an automobile with the key left in it.

**Virginia Fried Chicken**  
 1 good-sized fryer  
 1-2 cup flour  
 1 teaspoon salt  
 1/2 teaspoon pepper  
 1-4 cup butter  
 2 tablespoons butter  
 2 tablespoons flour  
 1-2 teaspoon salt  
 2 cups cream

Wash, singe and cut fryer into serving pieces. Sift flour, salt and pepper and dredge chicken by putting the flour mixture into a bag. Place a few pieces of the chicken at a time and shake well. Place butter in frying pan and when hot add chicken pieces and brown to a good golden color on both sides. Reduce heat and cook gently 5 minutes. Melt 4 tablespoons butter in double boiler; add flour and seasonings. Blend well when bubbling, stir in cream and cook until thickened, about 10 minutes. Arrange chicken on platter and pour cream sauce over all and serve.

**Chicken Pie**  
 1-4 pound fowl, cut in serving pieces.  
 5 cups water

 Salt and pepper

Place a layer of sliced eggs in bottom of glass casserole. Garnish between with ripe olives. Cover with

Simmer, covered for two to three hours, or until tender, adding half teaspoon salt per pound after first hour of cooking. Dice the salt pork. Remove chicken from kettle and saute pieces with the salt pork. Remove chicken and pork cracklings. Stir flour into drippings. Gradually add the stock and cook until thickened. Return chicken pieces to gravy. Add salt and pepper and simmer, covered, until thoroughly heated. Serve chicken on top of rice on a hot platter with gravy poured over all.

# Taft-Hartley Solons Face Fight

WASHINGTON.—A two million dollar kitty will be voted at the San Francisco convention of the American Federation of Labor Oct. 6 to launch the AFL's campaign to defeat members of Congress who supported the Taft-Hartley labor bill.

mands, 5 trucks, two autos, and several motorcycles. Ildebrando Brighetti, alias Brando, is commander of the railway police. He is in a position to dispose of 70 motor vehicles of the FF.SS.

za, the latter, by timely transfers among the personnel, has placed the office of identification cards and the office of food rationing in charge of absolutely trusted personnel so as to be able to issue identification cards and ration cards to their own elements, especially Slavs sent by the Tito organization.

Question troubling AFL leaders is how to spend the money without violating the Taft-Hartley Act which prohibits a labor union from using union dues for political activity. Here is how AFL moguls plan to do it:

"The provincial military commander of Bologna is thought to be Illo Barontini and the probably chief of staff, General Francesco Zani. Dozza, Bottonelli, Betti, Gianquinto Borghesi, and Verenne Grazia belong to the provincial military command with assignments not yet specified.

## LOOKING 'EM OVER

By TOMMY HART

All reports from the West tell of Odessa fans battering down the gates when their football Bronchos play at home. Practically all of the Hoss contests this season are sellouts. Something like 8,000 season tickets were sold before the first game and all the other duets have been asked for.

Fortunately for Big Spring followers, they won't have to worry about good seats at the Oct. 3 Big Spring-Odessa game, at least 500 of them won't. That many reservations are being sent this way shortly by Odessa school officials, as per agreement by the league's athletic executive earlier this year. All of the news will be located around the 50-yard line on the east side of Fly field.

Decision of the league dads to set aside 500 seats for visiting delegations at all 3AA games was reached after the Sweetwater fans protested their rights were not respected at last year's Odessa-Sweetwater tilt. Some five hundred seats were set aside, alright, but all of them were in the end zones. The pasteboards must be picked up by local fans by Wednesday, Oct. 1. Those left after the deadline will be returned to Odessa and placed on sale there.

Persons who plan to make the trip can reserve their seats at the school tax office by telephoning No. 1206.

Our Town's J. B. Neely it was who said he'd like to see the Odessa team play one of its games in Berlin, Germany, just to see how many of its partisan rooters would follow them there.

The Odessa backers have the reputation of supporting their team at home or abroad better than any other faction in the state.

Hopes of the Big Spring high school B football team suffered a blow recently when Eddie Hooper came up with a broken ankle. Eddie is built along the lines of Moe Madison and is about as rugged.

Fortunately, Coaches Conn Isaacs and J. B. Neely came up with a competent replacement. That would be Eddie's brother, Johnny Hooper, who perhaps is faster than Eddie and apparently relishes the rough stuff just as much.

Three of the boys in the Short-horn secondary, incidentally, are Golden Gloves boxers—Carroll Cannon, Billy Carlisle and Hooper.

Texas football fans should hear a lot of Jake Leicht come Saturday, Leicht, in event the reader doesn't remember, played for the Randolph Field team some years back. After his discharge from the service, Jake popped up in the Oregon university backfield.

## Five Battles Slated Tonite

By The Associated Press

Strong tests between powers of the North and South in a schedule of 58 games during which at least a dozen undefeated teams are likely to take the count headline the Texas schoolboy football program for the week-end.

The firing starts tonight with five games while tomorrow night there will be 49 battles spotlighted with the Breckenridge-Wichita Falls tussle.

The schedule tapers off with four contests Saturday night, two of them highly important as unbeaten Tyler and North Dallas clash at Dallas and Sunset (Dallas) invades the south for a crack at undefeated John Reagan of Houston.

Breckenridge should furnish the test to brand Wichita Falls, one of the pre-season championship favorites. The Bucks tied Abilene and licked Paschal (Fort Worth), a couple of pretty good trial horses. Wichita Falls was impressive in downing Denison 26-0 in its only game thus far.

Other games matching undefeated teams are Vernon-Sherman and Goose Creek-Thomas Jefferson, while Adamson (Dallas) makes its start against high-powered Brackenridge (San Antonio).

The Goose Creek-Jefferson game tops the schedule in South Texas.

Other important games over the state are Longview-Paris and Austin-Temple, with Longview and Austin each meeting a beaten team but facing tough competition nevertheless.

This week's schedule by districts:

- 1-Friday: Abilene at Amarillo, Lamesa at Brownfield, Mangum, Okla., at Borger, North Side (Fort Worth) at Lubbock, Amon Carter-Riverside (Fort Worth) at Pampa.
- 2-Friday: Breckenridge at Wichita Falls, Big Spring at Childress, Bowie at Quanah.
- 3-Friday: Plainview at Odessa, Austin (El Paso) at Midland, Mineral Wells at San Angelo.
- 4-Thursday: Bowie (El Paso) vs. Cathedral (El Paso); Friday: Ysleta at Las Cruces, N. M.; Saturday: El Paso high at Albuquerque, N. M.
- 5-Friday: Vernon at Sherman, Longview at Paris.
- 6-Friday: Kilgore at Sulphur Springs, Arlington at Grand Prairie, Woodrow Wilson (Dallas) at Denton.
- 7-Thursday: Graham at Arlington Heights (Fort Worth); Friday: Highland Park (Dallas) at Paschal (Fort Worth); Saturday: Ranger at Fort Worth Tech.
- 8-Thursday: Denison at Forest (Dallas); Friday: Poly (Fort Worth) at Crozier Tech (Dallas); Saturday: Tyler at North Dallas.
- 9-Friday: Bonham at Weatherford, Sweetwater at Brownwood.

## Bufs, Iraan In 5B Clash

STANTON, Sept. 25. — A large turnout is anticipated for the Stanton Buffs' opening District 5B football game of the season, which pits Coach Travis Green's club against the Iraan Braves here Friday night. The Bisons have won one and lost one to date. They dropped a 12-6 encounter to Loraine last week after turning back the Monahans B squad in their initial go, 12-0.

## IN LAMESA

## Two Big Spring Teams Open 1947 Campaigns

Two Big Spring football eleven's, the high school B string and the eighth graders (Yearlings), see action in a gridiron double header at Lamesa starting at 6:30 o'clock this evening. The Yearlings, coached by Good Graves, tackle the Lamesa Juniors in the first contest while the reserves take the field against the Lamesa second stringers immediately afterwards.

Those who can expect to see action include Billy Wheeler and Joe Bailey, ends; Donnie Carter and Billy Cunningham, tackles; Bob Tom Coffey and Kimble Guthrie, guards; Don Freeman, center; Jimmy Webb, Virgil Roundtree, Carroll Cannon and either Johnny Hooper or Billy Carlisle in the backfield. Carlisle was a leading passer for the Yearlings last fall and is due to be a thorn in the Lamesans' side. Hooper should prove to be a running threat.

## Ramsdell Takes Lumps In Debut With Brooklyn

By The Associated Press

The 1947 World Series may go down in the books as the "battle of the bullpen" but it hasn't looked that way in the final tuneups of the Brooklyn and New York starters.

Not to be outdone by the Yankees who daily parade a new mound gem, the Dodgers' staff has been showing great form in recent efforts of Joe Hatten and Hal Gregg. Gregg, who may be the dark-horse of the series, warmed up for series duty yesterday by shutting out the home-run-happy New York Giants with one hit over a five-inning stretch. It mattered little that rookie Willard Ramsdell who came in after Gregg was lifted for a pinchhitter blew a comfy lead and the ball game, 6-5. Gregg had looked fine in his turn.

The day before it was Hatten, the lefty who has specialized in beating second division clubs, going five-innings at a three-hit pace.

Cincinnati, picked to scramble for the cellar with the Phillies, clinched fifth place, a fine tribute to freshman manager Johnny Neun. The Reds had to go hard to make it, shading Chicago, 6-5, on a ninth inning home run by Grady Hatton.

George Munger hurled his second straight three-hitter for his 16th win, a 5-1 edge for St. Louis over Pittsburgh, practically wrapping up second place for the Cardinals.

Bobby Feller finally became the first American league pitcher to win 20 games, subduing the St. Louis Browns, 9-1. Cleveland routed Ellis Kinder in a four-run fifth inning attack.

Derolt stretched its second place margin over Boston to a full game by noosing out Chicago, 5-4, in 10 innings before a small night turnout of 2,806 persons at Comiskey Park.

All eastern clubs in the American and Boston and Philadelphia in the National were not scheduled.

## Bearcats Play Mertzion Club

GARDEN CITY, Sept. 25. — Gordon Griggs' Garden City Bearcats, owners of one victory in two six-man football starts this season, invade Mertzion Friday to try for their first District Seven win.

The Kats were routed by Courtney last week after they had smashed Flower Grove of District Four by four touchdowns in the opening game.

Garden City will be the underdog in the Mertzion class. The Mertzion troupe has been impressive in its assignments to date and only last week cruised through Water Valley by a record 35-0 score.

## Billies Oppose Union Friday

KNOTT, Sept. 25. — Knott's Hill Billies, who have been moved from District Seven to Four since last season, open their conference campaign here Friday afternoon at 1 o'clock, meeting the strong Union Bobcats.

Admission prices have been pegged at 20 and 40 cents, Supt. Homer Barnes announced.

Doc Self, who succeeded Barnes as coach of the Billies, said he would probably use Darrel Ditto and Ray Beal or J. Robinson at ends, Max Roman at center, and Tom Barnes, Delbert Harland and Nathan Hughes in the backfield.

The Knott club finished in the cellar in last fall's District Seven race but most of the boys of the 1946 aggregation are back in uniform.

12-Friday: Captislie at Jacksonville, Lamar (Houston) at Lufkin, South Park (Beaumont) at Bryan, Henderson at Palestine, Hillsboro at Nacogdoches.

# Steers Take Final Drills For Childress Assignment

## Team Departs At 6 A. M.

Coach Pat Murphy and some 25 members of the Big Spring high school football team shove off around 6 o'clock Friday morning for Childress and their nocturnal assignment with Dan Salkeld's Bobcats of District 2AA.

The 210-mile jaunt is expected to be completed in about six hours but Murphy wants them in Childress in plenty of time to get the kinks out of their legs.

The team will travel by way of Sweetwater, Roby and Hamlin. Fans who follow them would be wise to do the same, since that route is much shorter than any other.

The Big Springers will travel via chartered vehicle. The newly-ordered bus has not yet arrived from the manufacturer.

In Wednesday's drills, the first stringers took an extended drill in pass offense and defense. Scouts who viewed the Childress-Amarillo game last weekend reported the Bobcats could do little with their ground game against the massive Sandie line but threw 26 passes.

Harold Berry et al may throw the pigskin around themselves. Berry and Company connected with only three of seven against Cisco last week. Two of those three went for touchdowns, however.

Childress will have the weight edge, both in the line and the secondary, but the advantage should be slight.

## Yearling Game Moved Back

The football game between the ninth grade teams of Big Spring and Odessa high schools, originally scheduled to be played here Friday evening, has been moved back to Saturday, Coach Jim McWhorter announced Wednesday. Starting time is 3:30 o'clock, scene of action Sloop stadium.

McWhorter's starting lineup is still problematical but he will probably use Amos Jones and Aubrey Armstead at ends, Paul Fortenberry and either Ross Word or Richard Laswell at tackles, Harold Rusk and either J. W. Drake or G. B. Harris at guards, Robert Cobb at center and Bobby Wheeler, Harold Washburn, Wendell Stacey and either Bobby Gross or Melvin Byers in the secondary.

Jones, Rusk and Stacey are holdovers from last year's Yearling team.

## Odessans Lead Football Poll

DALLAS, Sept. 25. (AP)—Odessa's Broncos are the current choice of Texas sports writers to repeat as state Class AA high school champion, a poll conducted by the Dallas Morning News revealed today.

The Broncos received 29 first place votes from the 35 sports writers taking part in the first of the News' planned weekly polls. Second place went to the Wichita Falls Coyotes—who handed the Broncos their last defeat in quarter-final play in 1945.

Running behind the top two were Corpus Christi, Thomas Jefferson (San Antonio), Tyler, Highland Park (Dallas), Waxahachie, Brackenridge (San Antonio), Austin and Longview.

Four of the top ten teams are from the same district—15AA. They are Corpus Christi, Thomas Jefferson, Brackenridge, and Austin.

Wichita Falls received five first place votes and Corpus Christi one. Sports writers who picked Wichita Falls for the top spot after two weeks of play were Bob Cantrell, Bonham Favorite; Jack Proctor, Cleburne Times-Review; George Raborn, San Antonio Evening News; Jim Wheat, Laredo Times and Melvin Fenolio, Sherman Democrat. Larry Moore, Wichita Falls Record-News picked Corpus Christi.

A patent has been issued for chemical peeling of potatoes by plunging them into a certain solution to loosen the skins, which then are removed by rinsing in water.

When they're screaming for a touchdown, reach for a Y-B Cigar. Light up and you've called a winning play. Y-B's are a perfect blend of fine imported Cuban and Puerto Rican filler tobaccos. To Rican filler tobaccos. To the man who knows, there's no good cigar, there's no substitute for quality. So make it a Y-B today. BY'S AND BUY Y-B!

# Shipping Strike Ends At Trieste

TRIESTE, Sept. 25. (U.P.)—A general strike which paralyzed shipping in Trieste's port for 24 hours was brought to an end early today. The allied military government of the new free territory announced that an agreement to call off the strike had been reached at a midnight conference attended by AMG officials; leaders of the Sindacati Unici, which ordered the work stoppage; and of the moderate, non-communist Camera Del Lavoro, which refused to participate.

# Vegetable And Citrus Growers Meet In Dallas

DALLAS, Sept. 25. (U.P.)—Leaders of Texas' \$100,000,000-a-year citrus and vegetable industry converged on Dallas today with early registration indicating that more than 1,250 delegates will register for the three-day convention. The fifth annual meeting of the Texas citrus and vegetable growers and shippers association was to get underway officially this afternoon. Among the speakers scheduled for the convention are U. S. Atty. Gen. Tom Clark, Gov. Beauford H. Jester, House Minority Leader Sam Rayburn and Ugo Carusi, former U. S. commissioner of immigration and naturalization.

Austin Anson, executive manager of the association, said the convention will be devoted to studying the problems "created by the new buyers' market." Carusi was scheduled to be among the first speakers before the convention. He said he would outline a recently instituted plan of local temporary entry of alien labor into Texas during crop harvesting seasons. "Before the new plan was worked out between U.S. and Mexican governments, more than 15,000 aliens who had come over the southern border of Texas had to be returned to Mexico each month by immigration authorities," Carusi, now a special assistant to the U. S. attorney general, declared. Farmers requiring additional farm labor to harvest their crops, upon approval of the U. S. immigration department, may now contact Mexican immigration officials to obtain the approved number of alien farm hands for the duration of the harvest season, he said.

# 'RAIN MAKER' IS RELEASED

FLORENCE, Ariz., Sept. 25. (U.P.)—Little Fat, Navajo Indian medicine man who says it won't rain until he gets out of state prison, is going to get his chance. The state board of pardons and paroles today recommended commutation of sentence for the 82-year-old Navajo. He was sentenced last year to 12 to 15 months imprisonment for killing someone else's steer. Little Fat promised to go back to the reservation and start making rain medicine. The board said current drought conditions had nothing to do with its decision.

# Bell Telephone May Seek Rate Hikes

DALLAS, Sept. 25. (U.P.)—A study of earnings in each of 248 exchanges in Texas will determine where the Southwestern Bell Telephone Company will seek rate increases, W. L. A request for the department of public safety at Austin to furnish rangers to investigate origin of the fires was made by J. O. Burnside, chief of the Texas forest service's division of forest protection at Lufkin. Early yesterday morning only 12 fires were reported burning. J. U. Foster, district forester for the Texas forest service, who spotted blazes from a plane, said the majority of the 67 fires were located in southeast San Jacinto, south Liberty and east Montgomery counties. Six were south of Cleveland, one was near Conroe, six near Willis, six near Spadonia and one near Keenan. There were several northwest of Fostoria and others were scattered. Two fires also were reported near Lufkin in Angelina county, and one near Acou in Polk county, and one west of Nacogdoches. Burnside issued a plea to all persons in the woods to be especially careful with fires during this dry period. He was particularly concerned that hunters be sure to extinguish their fires.

In event such is not the case, Norris urged scouts to contact their scoutmasters for details. There will be flood lights for illumination in playing games, and a radio will be at the grounds so scouts can listen to the Big Spring-Childress football game.
