

# The Hereford Brand

TUESDAYS—TWICE-A-WEEK—FRIDAYS

HEREFORD, DEAF SMITH COUNTY, TEXAS, FRIDAY, JUNE 8, 1922

## 46 Shares Hospital Stock Donated To Endowment Fund

### CANDIDATES HAVE UNTIL JUNE 17TH TO FILE APPLICATIONS FOR PLACES ON PRIMARY TICKET

### SLOWLY WARM UP

**Button Hole Campaign is About to Start. Few Already at it**

Saturday, July 17, is the last day on which county candidates may file their applications for place on the ballot with the county democratic chairman, under the law, Travis Dameron is county chairman this year.

Mr. Dameron stated Friday that he is beginning to receive many applications for the various places but that there are many more candidates who have announced who have not yet filed their applications with him. He expects a flood of them the coming week.

To date the local campaign has been very quiet with the candidates working quietly in a personal canvass. As the time approaches for the July primary, however, interest and effort is expected to pick up steadily and "button-holing" will be the order of the day.

### CATHOLIC MISSION WILL BEGIN HERE ON NEXT SUNDAY

Rev. Paul James Francis, S. A., editor of The Antidote and Superior of the Friars of the Atonement, Graymoor, N. Y., will arrive here Saturday, June 10, and begin a "Mission," the Catholic word for Revival, at the local church Sunday. He has written a letter to Hereford friends extending an invitation to all Protestants as well as Catholics to attend the meetings of this Mission. The program of the Mission will be as follows:

Every morning at an early hour Mass will be celebrated as is usual at Catholic Missions. Every night a Vesper Service will be held at 8:15 and the preaching will begin at 8:30. Those who do not care to come to Vespers are invited to arrive at 8:25, so all will be seated in time for the sermon. There will be placed near the door a Question Box, in which written questions can be placed by the congregation and each night, the Father Missioner will do his best to answer these questions in a clear and interesting manner. The purpose of the Question Box is to give the people of Hereford an opportunity to find out from one who has made a life study of the Catholic Church what the true answer is to many charges made by those on the outside against Catholicism both doctrinally, historically and politically.

### WOOD WON'T WORK ON DOCTORS' BUILDING ON A FRIDAY

Geo. A. Lewis moved his family to the Bogard place this week and Friday Contractor J. P. Wood was sizing up the job of raising and improving the old Lewis home, opposite the Catholic church, which has been purchased by Drs. Price, LeGrand & Hicks for new offices.

Mr. Wood said he would postpone the actual beginning of the work until Saturday, as he did not relish the idea of starting a job on Friday.

The building is to be raised two feet and put on a concrete foundation, then stuccoed and divided into offices.

**WE GAIN WHEN WE LOSE**

Since the truth is best, we had rather inquire than argue. There is nothing gained in arguing a point after the manner of district attorneys. Argue to ascertain the truth. When we present our views it should be to draw the other fellows fire in opposition and from the outcome to reach the conclusion of common sense. We gain more when we lose an argument than when we win one, because when we lose we learn something, while when we win we only add to our vanity, which is always more than sufficient for our own good. Entering into an argument with our wife is like going to the grain field with a scythe—a waste of time if we don't gather the grain we seek and need.

### Lelan Gilbreath Appreciates Big Bundle Brands

It's kinder good to pick up the old home town paper when you are a long, long way from home, according to Lelan Gilbreath, son of Mr. and Mrs. W. H. Gilbreath, now a sailor in the United States Navy. Young Gilbreath is now aboard the U. S. S. "California," and writes his parents from San Francisco, in part, as follows:

"I guess you think I didn't appreciate the big package of Brands you sent me. The truth is we have been having so much to do getting ready for the Admiral's inspection that when I received them several days ago I didn't seem to find time to tell you how surprised and glad I was to get them. They were so interesting that I thought I would have to read every line for fear of missing something you had not written. I had been wondering why you hadn't sent any Brands lately, but I see you had been saving them just the same. It's a wonder I didn't get on the report yesterday for reading them instead of going to my boat during Abandon Ship Drill."

Lelan writes a most interesting letter and seems to be getting along splendidly in the service.

### Brothers Marry Same Day But at Different Places

Brothers, both Hereford men, took wives unto themselves in the state of Oklahoma this week, both on the same day, Wednesday, but at different places. The brothers are Edgar and Norman Rice, sons of Mr. and Mrs. S. J. Rice, of this county.

Edgar was married to Miss Mary Rogers in Medford, Okla. Both had been students at Kingfisher College, Edgar at present is a student at Clark University in Boston where he graduates next year.

Norman Rice was united in marriage to Miss Eunice Phelps at the bride's home in Shawnee, Okla. Norman has been named to take charge of the Congregational church at Springlake.

### BRITAIN BUSY IN CLEANUP OF PARKS FOR NEXT SUNDAY

F. H. Britain, always on the job of making Hereford the City Beautiful, is again hard at work cleaning up the City Parks, getting ready for inspection and approval on Decoration Day. He already has completed the work at the park opposite Dr. Price's residence, and is now busily engaged on the U. D. C. Park in east Hereford.

Mr. Britain is one of those rare humans who love and admire the beauties of nature, and contributes his share toward his community debt in striving to develop and maintain the trees and flowers that make any community a better place in which to live and die.

### SPRING LAKE MAN SHOWS SAMPLE OF HIS SPRING WHEAT

J. I. Phipps and two sons, Wallace and Milton, of Springlake, were in Hereford Wednesday on business. Mr. Phipps brought in a nice truck load of fat hogs and a sample of winter wheat, of which he stated that out of 200 acres planted he had about 150 acres that would average thirty bushels to the acre.

### MILTON BEAVERS HAS UNIQUE NEW AUTO WASH RACK

Milton Beavers has built a new combination washing and greasing rack in the rear of his brothers' garage, the Dodge Service Station. The contrivance is, including an approach, 28 feet long, and the rack proper is about 18 feet in length. The arrangement is so that a man can get under the car with ease. Two pools are constructed under the car, being worked to catch water and oil.

### MISS WOOD COMES HOME FOR VISIT WITH RELATIVES

Miss Johnnie Wood came home Wednesday morning from Abilene, Texas, where she holds a position with the Daily Abilene Reporter. Miss Johnnie is visiting her parents and old friends for the next two weeks.

### STOCKHOLDERS ANSWER CHARGE OF SELF INTEREST IN EMPHATIC MANNER

### ONLY FOUR OUT OF 55 SHARE HOLDERS FAIL TO COOPERATE IN MOVEMENT. SEVERAL SHAREHOLDERS ARE AWAY THIS WEEK

### SENTIMENT FOR HOSPITAL GROWS Schoolhouse Meeting are Held and Assurances of Support Given. Everyone in County Who Believes in Humanity Should Work Saturday

Opponents of the proposed \$10,000 Hospital bond issue, to be voted on Saturday, this week began an exceedingly unkind and unfair attack upon the measure in an effort to influence voters against it. They began circulating the report that the stockholders in the Hereford Hospital had been "stung" and were simply trying to unload the stock on the people of the county.

The attack has been met by the stockholders in a two-fold manner that ought to silence the gentlemen who advance such a statement against their neighbors. The stockholders got together and forty-six of them have agreed to donate their shares to an Endowment Fund for charity patients at the county hospital, in case the bond issue carries Saturday. Several of the share holders are out of town this week and cannot be reached. Other shares were involved in trades or litigation that made their acquisition impossible. Only four would not cooperate in this sacrifice. But at that the county will be the winner \$4,000 if the bond issue carries, at the expense of these men, who would not see Hereford deprived of the facilities of a hospital for the sum of \$100.

And please remember also that in addition to this \$100 each a large part of this body of men are also donating their payments already made on the X-Ray machine! If any man can accuse this body of public spirited men after this of selfish purposes, then the individual is "hard boiled" indeed. The agreement signed by the stock holders, which was circulated by Percy Welliver, follows:

"Hereford, Texas, June 8, 1922.

"It having been called to our attention that opponents of the proposed bond issue of \$10,000 for a County Hospital, to be voted on June 10, 1922, are claiming that these bonds are asked for because the present stockholders in the Hereford Hospital have a selfish purpose in view:

"Therefore, we, the undersigned stockholders in the Hereford Hospital, in case the voters will approve the bond issue of June 10, 1922, hereby voluntarily donate one share of stock each now held by us in the Hereford Hospital to a permanent County Hospital Endowment Fund, to be controlled by the County Hospital Board, and to be kept out of interest by said Board, the interest from such fund to be used in helping to defray expenses of charity patients admitted to said County Hospital:

"Wm. M. Knight, Brand Publishing Company, Percy Welliver, Ralph Barnett, Jno. McLean, J. J. Clark, W. M. Megert, J. O. Newell, E. D. Fox, T. K. Wilson, A. A. Foster, G. A. F. Parker, Henry Wilkinson, Homer Wilkinson, L. F. Borden, The G. & R. Grocery, L. W. Hough, E. B. Black, G. P. Garrison, E. W. Harrison, W. E. Dunlap, Eli Dunlap, C. H. Carl, D. F. Ashbrook, Geo. L. Muse, A. H. Elliston, W. D. Kelleher, A. L. Biggs, Alvin C. Thompson, F. H. Oberthier, H. L. Broadwell, C. S. Purcell, Mrs. L. R. Brady, Carl Gilliland, L. H. Shore, Geo. E. Shepard, J. T. Gilbreath, Jno. P. Slaton, A. O. Thompson, E. S. Ireland, J. E. Hill, Arch D. Collins, Mrs. W. F. Diebel, D. L. McDonald, Ford Garage (Estes Stock), D. C. Laird."

Thursday night a party composed of Mayor Knight, D. F. Ashbrook, T. K. Wilson, A. A. Foster and Doug Fox visited the Wyche school in Mr. Fox's car. Only a small audience turned out here, although an interesting meeting was held. Friday night another party was billed to go to Progressive schoolhouse on a similar mission.

Saturday is battle day on this proposition and it behooves every man, woman and child in the county who believe in progress and humanity and Christianity to quit everything else and go out and work for this measure which means so much to our community.

### Big Community Celebration Here On Fourth of July Now Planned By Community Clubs and Others

### PARADE, WATER FIGHT, FRACAS, GAMES, MUSIC AND OTHER STUNTS FOR BEST BLOWOUT YET

### Spare Tire Has Bunch Looking For The Irish

A report like a sixteen inch gun shook Main street Wednesday afternoon and started everyone looking about for Irish invaders.

There was nothing to be found. An examination of all the tires on all the cars parked along the street showed four good hoofs per car.

Discovery was finally made that the trouble originated in the spare tire on the rear of Dr. LeGrand's Ford coupe. The car had been sitting in the sun, with the back to the hot afternoon sun. The tire had either been pinched and gradually worn through or else it had been too tight and the heat had done the rest. The inner tube was literally torn to fragments and hung from the casing in strips.

### Firemen Smother Midnight Blaze In Snappy Style

Fire broke out in the blacksmith shop of Barnhart & Clark about midnight Wednesday, but was promptly choked off by Hereford's hustling fire boys. Small damage is reported.

It is presumed the blaze originated in some way from the forge fire. The new city siren was used for the first time and while the "up notes" were a little weak the "down notes" did the work and roused out the fire-fighters. The chemical engine justified itself in this blaze, holding down the conflagration in that shape until aid came from the regular wagon.

### HEREFORD GUNNERS AGAIN LEAD WAY IN WEEK'S SHOOT

Results in the weekly shoots of the Panhandle Gun Club are announced as follows:

Hereford	119
Perryton	103
Slaton	93

The local score was amassed as follows:

Beene	25
Bell	24
McDonald	24
Thurmond	23
Mars	23

### OKLAHOMA FOLKS VISITING FRIENDS SOUTH HEREFORD

Mr. and Mrs. Howe, of Duncan, Okla., arrived in Hereford the latter part of last week and visited in the home of their old friends, Mr. and Mrs. J. F. Ward of South Hereford. Mr. and Mrs. Howe are enroute from South-ern California to their home in Oklahoma.

Don't make your arrangements to go away from home the coming Fourth of July, for if you do you will miss the biggest celebration Hereford has attempted in several years.

The idea of making the Fourth a big day for Hereford this year originated with the ladies Community Clubs, of which Mrs. Homer Wilkinson is president, and plans are now under way to put the big pot into the little one on this occasion. The Chamber of Commerce has been asked to help and President McDonald Friday announced the appointment of Messrs. D. F. Ashbrook, Cliff Acker and Johnathan Pittman as a committee to represent the commercial organization in cooperation with the ladies.

Preliminary plans already made include a big parade, games by the kids, a ball game, a water fight by the fire department, a basket dinner, etc. The Fire Department will be asked to cooperate and another Fracas, or a Minstrel, will probably be worked up. The Hereford Band will be expected to render sweet music for the occasion.

While a lot of details have yet to be arranged, the determination of all concerned is to make this one of the biggest and best Fourth of July celebrations ever pulled in this neck of the woods and those responsible for the movement have asked The Brand to request the people to make their plans to stay at home and aid on this big day instead of planning a trip away somewhere else.

### J. N. MESSENGER ANNOUNCES FOR COMMISSIONER NO. 3

The Brand has been authorized to announce the name of J. N. Messenger as a candidate for the position of County Commissioner, Precinct No. 3, of Deaf Smith county, subject to the action of the voters at the Democratic primary.

Mr. Messenger is 54 years of age and resides twenty-five miles west of Hereford. His friends are enthusiastic over his candidacy and tell The Brand that he has been solicited by many of his neighbors and friends to enter the race because they believe him eminently qualified for the place and that he will render courageous, conspicuous and progressive service to his precinct.

Mr. Messenger is a successful farmer-stockman and has a splendid ranch home. He asks the careful consideration of the voters of Precinct No. 3 before casting their ballots at the primary.

### MARK BRAY, WITH FAMILY, RETURNS TO HEREFORD HOME

Mr. and Mrs. Mark Bray and family of Springfield, Mo., arrived in this city last Saturday and have taken possession of their residence on Twenty-Five Mile Ave. The Bray family expect to make Hereford their future home.

### MISS MINNIE DEA COFFIN STARTS ON TRIP HOMEWARDS

Miss Minnie Dea Coffin will leave Hereford Friday morning for Amarillo where she will visit with friends. From there she will go to her home in Blum, Texas, and spend the summer. Miss Coffin will teach music the coming year in Fort Worth.

### KINGFISHER COLLEGE STUDENTS IN EXODUS FOR HOME

Misses Fern and Gladys Axtell, Mary Belle Ham, Jewell Gilbreath and Ruth Linville arrived home Wednesday morning from Kingfisher College. Miss Ester Rice and brother, Norman, of the same college are expected home the latter part of the week.

### MISS GRIFFITH IS TO STUDY AGAIN IN CHICAGO, ILL.

Miss Millicent Griffith left Friday morning for Chicago. While in Chicago she will study in the Chicago University for a part of the summer and also visit her brother and sister.

For County Judge:

B. D. Woodlee

For District and County Clerk:

Joe Hastings

#### DIMMITT

Miss Alice McLean returned home Monday from Ft. Worth, Texas, where she has been attending the Texas Woman's College the past year.

Dimmitt and Nazareth will play a game of ball in Dimmitt Wednesday.

Mrs. Lye Thomas, of Newcastle, Wyo., is expected in Dimmitt this week for a visit with relatives and friends. Mrs. Thomas is now visiting her parents, Mr. and Mrs. J. A. Womack, in Lamesa, Texas.

The Union Aid will meet at the courthouse Thursday to sew for an orphan's home.

The Baptist W. M. U. Ladies met Tuesday afternoon at the church.

Dr. Miller and I. B. Brooks attended the ball game at Nazareth Tuesday afternoon.

Miss Margaret Brockman, who has been employed at the home of Mr. and Mrs. Leonard O'Neil, returned to her home in Nazareth Saturday afternoon.

Sheriff Johnson and Mr. Leonard O'Neil made a business trip to Wichita Falls, Texas this week.

Mr. and Mrs. O. B. Hankins visited Mr. and Mrs. Ester Womack Wednesday.

Mr. and Mrs. Rea Gilbreath spent Monday with Mr. and Mrs. Reynolds. Messrs. Bruce McLean, J. M. Alexander, Arthur Patton made a business trip to Herford Wednesday.

Last Sunday after Sunday School at Sunnyside, Viola and Lavin Coplin, Katie Lou Bridges, Lem Johnston and Marvin Mundell went home with Edna

### BAREFOOT GOLF THE LATEST CRAZE

and Richard Galle. After dinner they came to Dimmitt. As Katie Lou Bridges had never been in Dimmitt before, she enjoyed the sights immensely. After supper they attended the B. Y. P. U. at Sunnyside. All enjoyed a pleasant day.

#### Ladies' Aid Society, Dimmitt

Discussing subject:

"Mother"

It has been said that the three sweetest words in the English language are Mother, Home and Heaven. How closely they are linked together. A true mother, a happy home, and the Heaven eternal.

Mother! What a world of tender memories cluster round the name. I believe there is no heart so cold or hard that the word 'mother' does not touch a tender chord within that heart.

"Was there ever a name that lived like this?"

"Will there ever be another?"

The angels have reared in Heaven a shrine

To the Holy name of Mother."

First: What mother has done for us and our duty to her.

It was mother who went down into the valley of death, willing to give her life if necessary, that we might have birth. It was she to whom our infant eyes were first uplifted; our first small words were taught us from her lips; she guided our tottering footsteps when we learned to walk; our first tears were lovingly wiped away by her hands; our joys and sorrows were alike shared by her. She would gladly sacrifice every comfort for our convenience and surrender every pleasure for our enjoyment.

A mother is the truest friend when trials, heavy and sudden, fall upon us; when friends who rejoice with us in our sunshine, but desert us when clouds of trouble hang around us, she will cling to us and endeavor to cause peace to return to our hearts. A mother is always anxious to become the confidante of her children, so that she can advise them what is best to do. How many heartaches girls might be spared if they would only make a confidante of mother. It is mother who in sickness bathes the fevered brow, and watches with loving care through the long watches of the night, when the candle of life flickers and our lives hang by a slender thread.

"The mother is her child's book of wisdom, love and beauty, but she should be of God's writing."

Napoleon once said, "Let France have good mothers and she will have good sons. A mother carries the key of her child's soul in her bosom."

"All that I am or hope to be, I owe to my angel mother," said Abraham Lincoln. Who was it last at the cross and first at the tomb? Somebody's mother. What then should be our duty to mother? Nothing we can do is too good for her. We can never hope to repay what she has done for us.

Let her see that we appreciate what she has done by living the kind of life she would have us live. Even He who died for us upon the cross, during the last hour in the agony of death, was mindful of His mother.

How beautiful is the custom now of setting aside a day in May as 'Mother's Day,' wearing a flower for mother, red for the living and white for the dead. Let each of you who have a mother living be sure on this day to do something to let her know how dearly you love her.

Think of hours that she is probably sad and lonely. Let the dear old mother enter into your joys, for a mother's heart is always with her children. Send her a box of flowers; or—

"If you have a grayhaired mother in the old home far away,

Sit you down and write the letters You've put off from day to day. Don't wait until her weary steps Reach Heaven's pearly gate, But show her that you think of her Before it is too late."

And we that have had mother, our dearest friend, taken from us, let us on this day, take an hour of leisure and sit down with mother's picture to look at, and again the happy hours spent

### SEE BEETHOVEN, THEN HIS SONATA

This remarkable photograph of the great composer is from a painting, symbolic of his masterpiece, the *Passionate Sonata*. Draw the lids of your eyes close together, glimpse through the eyelashes and you will see Beethoven. Open the eyes wide and you will see what was in the mind of the musician when he wrote his delightful harmony.

with her, and earnestly think of the eternal home, where mother is waiting and watching. It seems to me that next to the welcome of the Father in Heaven that a welcome from a mother as she stands at the Beautiful Gate with outstretched hands to welcome her children, will be the sweetest in Heaven.

Second: The Influence of a mother. It is like a pebble thrown into a stream, causing a tiny ripple of the waves, it broadens, going on and on, influencing not only the life of her child, but reaching out to others. A certain mother, as she told her boy good-bye, as he left for the city to go to school, said, "Son, remember you are only No. 3." In his room he placed several cards on which were these words, "I am only No. 3." The boys as they would gather in his room wanted to know the meaning of this. "We all know the old saying," he said, "I am going to look out for No. 1, meaning ourselves, but mother says Jesus is No. 1, the other fellow is No. 2, and I am only No. 3." So these boys gained a different viewpoint of life, that of living for others.

The kindly sympathy of youth and the deep affection of manhood can be traced to influences that began at mother's knee. I think many a boy on the brink of the precipice of some awful crime, has been saved because the thought of mother came to him. A picture of the dear old mother, whose hair is silvered, and whose brow is furrowed with care comes before his mind. He sees her on the day he left home as she kisses him good-bye, the tears rolling down her wrinkled cheeks, as she hugs him close to her heart and whispers, "God bless and keep my boy." He turns from the wild life he is lead-

ing and his life begins anew. Let us pray daily that we may become better mothers; we may have wisdom to teach our children the eternal truths of God, as he would have them taught, that their lives may glorify God, and their influence may reach out for good to others.

Third: The Love of a Mother. For unchanging tenderness the love of a true mother stands next to our Heavenly Father.

"A mother's love, how sweet the name."

"What is a mother's love? A noble, pure and tender flame, unkindled from above,

To bless a heart of earthly mold, The warmest love, that can't grow cold."

What is there hidden so deep but mother's love will find it?

What is there up so high but mother's love can share it.

The father may turn from his son and a sister from her brother, the wicked world turns from a disgraced man, he is put in prison, and despised by society, but the mother clings to him still. She visits him in the prison, she kneels outside when the gallows trap drops that day, and prays as only a mother can pray, that God will forgive her wayward boy. She combs his hair, places a rose upon his breast, kisses his darkened brow, then at last puts a wreath upon his grave.

As mother was first to greet him in this life so, mother was last to leave him in death. A mother's tender love can never die.

It would be a great happiness to me to know that the memory of mother will be as dear to my children as mine is to me, for the memory of my mother

is the one of the sweetest memories of my life.

"Blessed is the memory to us of our mother. It floats to us like the perfume of some woodland blossom; the music of other voices may be lost but the melody will echo in our souls forever; other faces will fade away and be forgotten, but hers will shine on until the light of Heaven's portals will glorify our own."

Oh, the memory of a mother,  
'Tis the sweetest Heaven can give,  
And it grows I think far sweeter  
Every day and hour we live,  
And the softest, sweetest music  
Made by angels in Heaven above  
Will be songs they sing of mother,  
Of her true and tender love.

Mrs. B. D. Woodlee.

#### A Communication

Dimmitt, Texas, June 6th, 1922  
Herford Brand, Herford, Texas.

Gentlemen:  
I noticed an article in your paper of last week written from Nazareth, Texas, in which the writer stated that Mr. Purcell of Herford assisted me in making a raid on stills at Nazareth, and in order to make the matter clear to all I wish to state that Mr. Purcell did assist me in making the raid and he did so at my request. I am very grateful to Mr. Purcell for the good work which he did, and I believe all law-abiding citizens of Castro County should thank him also, and as to it being a coarse work, I will have to admit that we should have done better, for we should have gotten at least three more stills. However, I think that the writer of the Nazareth article should not be displeased if I should call on any of my neighbor officers to assist me in capturing and breaking up of so unlawful a crime as that of manufacturing intoxicating liquors.

The writer of the Nazareth article referred to will do me a very great favor if they will give me any information on more important crimes and lawlessness than that of making whiskey and bootlegging.

If the writer of the Nazareth article will grant me the favor of a little personal talk I am sure that I could make the matter much clearer than it is possible for me to do in print.

J. A. Johnson,  
Sheriff of Castro County, Texas.

**DAWN**  
This community has been drenched out the past week. Everyone wanted to know some way to make it stop raining. There's lots of row stuff planted and up, but it's having a hard-time staying up. As fast as it comes out of the ground another rain comes and covers it up and next day it's the same thing over again.

The Literary has a good program on for the coming Friday night. Come and hear it.

Mrs. Clint Abbott left for Amarillo to visit her mother who is ill.

Dawn is sporting another baseball (Continued on Page Five)

## THE SHORTER BIBLE

The heretical, rationalistic forces do not seem to be satisfied with the wreck they have produced. They are responsible for the late war. They are also responsible for the crime wave sweeping this country and Europe. The orgy of sin and crime can be traced directly to false teachings. Like the cultures they make a feast of the decaying carcass. Not satisfied with the murder, expense, wreck, and ruin produced, they have written a shorter Bible which will perpetuate the orgy. The astonishing thing is that there are leaders connected with the Y. M. C. A. and the Y. W. C. A., who have lent their names and their influence to the infamous, hell-horn production called the Shorter Bible. If the Y. M. C. A. and the Y. W. C. A. organizations permit their names and the names of their leaders to be attached to this shorter, then the righteous, orthodox Christian forces of America should crush the Y. M. C. A. and the Y. W. C. A.

C. A. Our boys and girls cannot be entrusted to the leadership or to the educational and club features of institutions drawing their sustenance from the churches of the living Christ, to have the faith of those children undermined by such infamous attacks upon God's infallible Word.

The Shorter Bible, so called, is one of the most blasphemous attacks that has been made upon God's Holy Bible. Let the Y. M. C. A. and the Y. W. C. A. repudiate their leaders or suffer the consequences.

Orthodox, self-respecting consecrated men and women will not be insulted by such attacks of the rationalistic forces.

## WORLD'S PRETTIEST? WHAT DO YOU SAY?

Katherine MacDonald, winner of thirty beauty prizes, is now selected in New York as the prettiest woman in the world. Former President Wilson thinks so, every leading authority of the screen thinks so, foreign artists say so. Do the readers of this newspaper think so? Miss MacDonald is photographed here in her latest 1922 up-to-date riding outfit.

Lawn Mowers

At about this time of the year, when your lawn sheds its winter coat of hardness, and the first blades of grass spring up, you're going to start thinking of a lawn-mower.

That is, if you want a neat, even growth, and know its advantages. An unkempt, shaggy lawn detracts from the appearance, and so indirectly from the value of the house.

Pop in and look over the various models and

## Hupmobile Dealer Wanted in This Town

We advertised for dealers in fifteen papers last month. We made nine new Hupmobile contracts. Our dealer organization sold more Hupmobiles last month than have ever been sold in any one month in western Texas.

Either you did not read the advertisement or else you do not know the value of a Hupmobile Agency.

If you are a business man and want to make money, here is your opportunity. Everybody knows the Hupmobile.

### MR. CHAS. G. THOMAS

The Speaker of the house of Representatives says that *Eighty Eight Mutual Fire and Hail Insurance Companies* failed in Texas during the past year.  
*Better Be Safe Than Sorry.*

Always a Dependable Insurance Service.

**T. K. Wilson Insurance Agency**

nothing is more important, nothing more clearly points to the necessity of the government commanding space in the newspapers to educate the people, especially in the rural districts, in matters affecting the public health. The anti-prohibitionists have held as their trump card of opposition to enforcement of the Volstead act the fact that drug addicts have increased as drunkards have decreased. With the drug addict cure and habit-forming drugs under government control, prohibition will have a fair chance to demonstrate

its beneficial effect on the human race, at least as applied to America. Dr. Copeland is a practical man in every sense of the word, and there is no greater advocate than he of educational work by the government, municipal, state and nation alike. Not more than a week ago Dr. Copeland made the flat assertion that measles could be absolutely wiped out of America forever in forty-eight hours if all cases were properly isolated. The only reason this disease is not already been killed forever is that the people do not understand how easy it is to master. It is a fair assertion that if the government would educate the people in matters medical that the death rate in the United States could be lowered at least ten per cent. This should arrest the attention of our Congressmen, even from the standpoint of economic saving, if not from its humanitarian angle, and it may when a number of our national legislators take

a sufficient time off from rolling the pork barrel to think of the people they are supposed to serve. We will get some action.

Silver dollars at the rate of 200,000 a day are being coined at the United States mint at San Francisco.

#### POLITICAL ANNOUNCEMENTS

The following candidates authorize us to announce them for the office under which they are listed, subject to the action of the Democratic Primary:

#### BOSTON GIVES US A NEW SENSATION

Versed in forest lore and determined to prove that the primitive species has nothing on the modern flapper and her male companion, we hear that a young Boston couple propose to make a dash into the woods of Maine without food or clothing and there dwell for a period of six weeks, wresting their sustenance from Mother Earth. Boston has given to the world many a thrill from the day of the famous tea party to this year of our Lord, but this latest demonstration of the unique caps the climax. Still, the experiment may not be without its value. If the young couple—the young wife is twenty-three and her husband twenty-seven—manage to get along in their battle with nature, it may bring them a greater spirit of contentment, in that it may teach them how little they really need in this world, and make them more pliable to the exactions of the shoe trust, which has plucked the toes of New England and the pocketbooks of the whole nation for a good many years. The spot chosen for the experiment is one uninhabited by man, though reports have it as infested with wild beasts, and of course by the terrifying mosquito, which may prove the greatest obstacle to overcome. When all is said and done, however, it would be more important if some one could demonstrate how a young couple

### Does Work of Twenty Men on Farm

The latest labor saving device for the farm is an auto truck attachment which automatically bores holes for posts. It consists of a huge earth boring auger attached on the front of the chassis of an ordinary auto truck. The power of the truck is used to operate the boring apparatus which does the work of twenty men.

can live in civilized surroundings on a modest wage and raise a healthy American family without turning the young wife into a drudge and the young husband into a slavish sycophant, lashed into obedience and sapped of all initiative because of dread of the future and the possible loss of a job.

#### END OF DRUG ADDICTS IN SIGHT

Dr. Copeland, Health Officer of the big City of New York, says when the Miller bill regulating the importation and exportation of habit-forming drugs gets into operation he will guarantee to cure every drug addict in the City of New York—and there are thousands on thousands of them—by a painless method and within six months. Surely

Automobile-making ranks first among the industries of Italy.

### Why Dempsters Turn Easier

- 1 SELF OILING
- 2 BALL-BEARING TURNTABLE
- 3 SELF-ALIGNING, REMOVABLE BEARINGS

The bearings in the Dempster No. 11 Self-Oiling Windmill will last indefinitely, yet we have equipped it with self-aligning removable bearings, making it possible for any ordinary man to easily and quickly insert new bearings should it be necessary. The wheel does not have to be removed or taken from the tower to make this change. This windmill bearing construction is another exclusive Dempster feature.

The official score will be kept on a score board in plain view of the contestants. Errors must be corrected before two succeeding targets have been shot at, otherwise the score stands. The referee's decision will be final, and changes WILL NOT BE MADE in the office.

Rules of the American Trapshooting Association will govern this tournament.

Trap loads of all kinds will be on sale on the grounds.

# For Rent

**FOR RENT**—House; also 2 rooms in another house.  
75-11 **H. L. Broadwell.**

# From Neighboring Towns

(Continued from Page 2)

## DAWN

team now. The Panhandle Morning-Glories. They won their first game Sunday from Umberger. The score was 11 to 4. It took a hard rain to put the Glories out in the last half of the third inning.

Dawn club was due to play Wildorado June 4th, but was rained out. They will probably play about the 6th.

The Sunday School is still going good, there being a good crowd out Sunday considering the weather.

## FRIONA

The singing practice was held Tuesday night at the home of H. W. Wright, just south of town. On account of unfavorable weather for the past few weeks the singing has been discontinued, but it is hoped it may be held regularly each week from this time.  
Several head of young horses escaped from the pasture of F. W. Reeve Monday and he and Mr. Guyer were out Tuesday searching for them. The colts belonged to Russell Reeve.  
The protracted rains of last week, together with the queasing traffic, have put the roads on either side of Friona in worse condition than they have been since the grade was built. In many places the ruts are axle deep and two feet wide. Until recently the road drag has been sufficient to put the roads in good condition after each rain, but now the drag can do little, if any, good in the worst places. Nothing short of the big engine and grader will be able to put them in anything like decent condition.

Rev. and Mrs. John C. Peyton arrived here last Thursday from North Carolina, and on Sunday Rev. Peyton preached his initial sermon as pastor of the Congregational church. He and Mrs. Peyton express themselves as well pleased with the country and their little parsonage home and with the people of Friona, and they have both made a most favorable impression upon our people. We bespeak for them great success in their work here.

For a period of eight days in succession we had at least one heavy shower of rain within each twenty-four hours

and there is now no lack of moisture in the ground. Farmers have been unable to do any work in the fields for over a week. Row crops that were planted are coming up and growing nicely and just now conditions bid fair for a good crop.

A petition is being circulated here praying for an election for a bond issue to secure funds for erecting a new school building in Friona. If the election goes through all right, the trustees hope to have everything ready to begin work on the building not later than August first.

The trustees have secured the services of Prof. H. J. Buckner as superintendent of the school for next year and Mrs. Buckner as primary teacher. Both Prof. and Mrs. Buckner come to us highly recommended and the board of trustees have been complimented on being able to secure the services of two such worthy people "on" our teaching force.

The Cadmean Chautauque people sent us some excellent talent and the programs were all exceptionally good, but the tent was rotten and leaky and three of the evening programs were almost completely spoiled by the downpour of rain which came through the old tent almost unimpeded. The last program was given in the school building.

Four large steers in the Hines and O'Brien pasture south of town were killed by lightning one night last week. They were all near a wire fence and their bodies were lying about ten feet apart.

## Bankers Use Radio To Get "The Latest"

Here is a photograph of a recent meeting of the Board of Directors of The Fidelity Trust and Savings Bank of Chicago. The financiers are going over the business of the bank while the radio keeps them informed of financial and market conditions. Left to right may be seen Edward Morris, packer; tuning in, John T. Nylan, Vice-President; Dr. Henry R. Taeker, and E. C. Hart, President of the Bank.

Inez leaves this week for Canyon where she will attend the summer normal. May our loss be her gain.

Mrs. Reedy is still on the sick list. We think it time she is feeling better.

A number of our folks attended the singing convention at Frion, and report a fine time.

'Tis fine to read and hear about these big singing conventions being held on the plains. Singing helps us to grow healthy as well as to grow mentally and spiritually. There are no fat-chested singers of note. Lung diseases are almost unknown among vocal artists. For physical recreation, singing is just as important to our young folks as boy-scouting and camp-firing.

After an absence of about two months, J. M. Kinmons is home again. His travels extended to points in Oklahoma where he was on business. We are glad to see him feeling fine after an illness of about two weeks.

The mule driven by Fred Caldwell Sunday became frightened at its shadow and ran away. Fred accompanied it part of the way. The mule is on the road to Summerfield.

C. C. Bowman was looking over some road Monday.

Recently in England the men of a motion picture audience throw their boots at the screen as a mark of disapproval. The American screen today would be better for a few boots. I have often wished that we in the country would applaud pictures when they are good and hiss when they are bad. I can think of nothing as effective for the hurrying along of the art of motion-pictures.

The Sunday School expects to meet with the Ashken people Sunday, June 11, for an all day service, beginning at eleven o'clock. All are to bring their dinner and come prepared to sing.

## Winning the High Jump in Harvard Stadium

This remarkable action photograph of Le Roy Brown, of Dartmouth College, winner of the high jump at the inter-collegiate athletic meet in the Harvard stadium on May 27, shows the Dartmouth lads are not "snake eaters," "tee hounds," or "spineless jelly coddies."

## GEORGE DENT HAS LEARNED THE WAY TO USE THE BEES

Who says we can't produce honey in this country? Geo. Dent for many years has been successfully raising honey bees and increasing his hives until they number fifty, from which he gathers about twenty-five pounds every week. Production varies according to weather conditions, says this local bee expert.
