

TUGS AID IN FIGHTING PIER FIRE — Tug boats equipped with fire-fighting apparatus pour streams of water into the Grace Line pier on the Hudson River in New York City, estimated as causing \$5,000,000 damage, is brought under control after battle of several hours. The fire started on this pier, spread through waterfront building connecting with the next pier, where a liner was berthed. Fifty firemen suffered minor injuries (AP Wirephoto).

# Yankees Win Opener, 5-3

DODGERS ..... 100 001 100—3 6 0  
YANKEES ..... 000 050 00x—5 4 0

YANKEE STADIUM, New York, Sept. 30.—The New York Yankees went ahead in the 1947 World Series by winning the first game, 5 to 3, here Tuesday afternoon. The American League champions were limited to four hits by three Brooklyn hurlers—Ralph Branca, Hank Behrman and Hugh Casey—but used three of them to big advantage in the fifth inning, when they scored all their runs.

A crowd of 73,365 customers who paid \$328,828.70 was in attendance. Both were World Series records.

### FIRST INNING

Dodgers—Stanky sent a long fly to Lindell. Robinson drew a base on balls. On Shea's second pitch to Reiser Robinson stole second.

Reiser hit the next pitch to Shea and Robinson was caught in a rundown between second and third with Rizzuto making the putout. Rizer reached second.

Walker punched a single into short left field scoring Reiser with the first run of the game. Hermanski watched a third strike breeze by. One run, one hit, no errors, one left.

Yankees—Stirnweiss hit Branca's second pitch directly at Stanky who threw to Robinson. Henrich struck out. Berra swung at the first pitch and fled to Reiser in deep center.

### SECOND INNING

Dodgers—Edwards swinging at the first pitch, sent DiMaggio back about 375 feet for his long drive. Jorgensen struck out. Rizzuto scooped up Reese's grounder and threw to McQuinn at first for the out.

No runs, no hits, no errors, none left.

Yankees—Reese grabbed DiMaggio's chopper and threw to Robinson for the out. McQuinn bounced high to Jorgensen who to retire the batter. Johnson was whipped across the diamond an easy out, Stanky to Robinson.

No runs, no hits, no errors, none left.

### THIRD INNING

DODGERS—McQuinn threw Branca out at first. Johnson threw Stanky out at first. Robinson for the second time drew a base on balls. Henrich raced to the right field foul line and caught Reiser's fly in fair territory.

No runs, no hits, no errors, one left.

Yankees—Lindell struck out. Rizzuto fled to Hermanski. Shea struck out.

No runs, no hits, no errors, none left.

### FOURTH INNING

Dodgers—Walker lined a sharp single off McQuinn's glove as the first baseman failed to hold the hot smash.

Hermanski sent a smoking liner directly into the hands of Johnson who completed a double play by whipping across to McQuinn as Walker was unable to get back to first. DiMaggio lined over to Edwards' liner in straight center.

No runs, one hit, no errors, none left.

Yankees—Stirnweiss struck out. Reiser caught Henrich's high fly. Berra went down swinging to become Branca's fifth strikeout victim.

No runs, no hits, no errors, none left.

### FIFTH INNING

Dodgers—Jorgensen fled to Lindell in left center. Shea threw out Reese. Branca struck out.

No runs, no hits, no errors, none left.

Yankees—DiMaggio beat out an infield hit to Reese. McQuinn walked. DiMaggio moved to second. Branca's first pitch to Johnson hit him on Lindell lined a double into the left field corner scoring DiMaggio and McQuinn to put the Yankees ahead, 2 to 1. Johnson stopped at third, Rizzuto walked. The bases were filled again. Bobby Brown, a lefthanded hitter, batted for Shea. After missing the plate by wide margins on his first two tosses to Brown, Branca

was removed from the hill with Hank Behrman another righthander, taking over. Hugh Casey, the Dodger's ace relief hurler who had been sitting on the bench, trotted out to the bullpen. Behrman was able to get only one strike over and finished the job of walking Brown to force Johnson over the plate and for the third time in the inning the bases were loaded. Branca was charged with the base on balls to Brown. Brown was credited with a run batted in. Stirnweiss grounded to Robinson who fired to Edwards at the plate forcing Lindell. Edwards' return throw to Robinson at first was too late to catch the speeding Stirnweiss and the bases were still filled. Henrich singled sharply to left through the drawn-in infield scoring Rizzuto and Brown and sending Stirnweiss to second. Berra fled to Walker and Dixie's fast return held the runners on the bases. DiMaggio, up for the second time in the inning, fled to Hermanski in left-center.

Five runs, three hits, no errors, two left.

### SIXTH INNING

Dodgers—Page took over the hurling duties for the Yankees. Stanky hit a single into centerfield. Rizzuto scooped up Robinson's bouncer and whipped to Stirnweiss to force Stanky at second. Robinson reaching first safely. Reiser chopped a high bounce along the first baseline and was credited with a single when he slid under McQuinn's attempted tag. Robinson moved to second on the play. Henrich caught Walker's drive and returned promptly to the infield to hold the runners glued to the sacks. Carl Furillo, a righthanded batter, batted for Hermanski. Furillo hit to centerfield to score Robinson. Reiser racing to third. Edwards bounced to Rizzuto who flipped to Stirnweiss forcing Furillo at second.

One run, three hits, no errors, two left.

YANKEES—Furillo took over centerfield and Reiser moved over to left for the Dodgers. McQuinn raised a high pop fly to Edwards.

Reiser snared Johnson's low line drive. Behrman gathered in Lindell's slow roller and threw to Robinson for the out.

No runs, no hits, no errors, none left.

### SEVENTH INNING

Dodgers—Cookie Lavagetto, batting for Jorgensen popped to Stirnweiss. Reese blooped a single into short right field. Ed Miksis, batting for Behrman, struck out. Reese stole second on the strikeout. Page's third pitch to Stanky

See WORLD SERIES, Pg. 4 Col 3.

## MEXICAN TROOPS ARE ALERTED TO KEEP WORKERS OUT OF TEXAS

The Mexican government said in Mexico City last night that border troops, especially at Matamoros, Nuevo, Laredo, Piedras Negras and Ciudad Juarez have been ordered to redouble their watch to prevent contract farm workers from slipping across the border into Texas.

Secretary of Interior Hector Perez Martinez announced last week that no more Braceros (farm workers) could enter Texas because of alleged discrimination against Mexican farm hands.

Workers, meanwhile, continued to be signed up for other states in the United States. The government said that there was no discrimination in Arizona, Colorado, California, New Mexico and Arkansas, and that workers would be provided farmers in those areas.

In Mexico City, Mexican officials said last night that President Miguel Aleman was fully cognizant of the difficulties Texas farmers would suffer under the new ruling.

## PRICES STRONG

# WAA Buildings Sold Rapidly

Exactly three hours and 20 minutes after the first call for bids sounded on 164 structures, the "sold out" sign went up at the War Assets Administration's site sale of buildings at the Big Spring Army Airfield today.

Bidders who came from cities and towns over a radius of some 250 to 300 miles, submitted figures rapidly. Most of the buildings brought prices recorded at some previous sales at other points. War Assets Administration officials said they believed some of the prices went higher than at two other major sales conducted in Texas, but the buildings here are of better type construction and in better condition, they declared.

Shortly before noon a total of 365 bidders had registered, and registration continued to within a few minutes of the close of the sale. Of the 365 recorded on the first check, 179 were from Big Spring and Howard county.

The sale time of three hours and 20 minutes represented only three hours and five minutes of actual sales time, since proceedings were recessed for a quarter of an hour at the midway mark.

Virtually all cities and towns in the immediate area were represented among the bidders and several came from the Panhandle section. Out of state bidders came from Oklahoma and New Mexico. A mess hall, measuring 67 feet by 160 feet brought the top price. It was bid in at \$3,500 by a purchaser whose identity could not be learned immediately after the sale, as successful bidders crowded the pay counter.

Total sale price of the buildings offered also had not been determined.

Barracks buildings, which made up a major portion of the offerings, were selling mostly between \$500 and \$600, with a few substantially higher.

Howard Davis, sales director from the office of real property, WAA zone office, Grand Prairie, said the sale here drew far more bidders than two other similar activities, and proceedings here moved faster than any others he and his staff had conducted.

The bid calls were sounded at a brisk pace by George La Rue, veteran surplus property auctioneer, and bid cards were collected promptly from prospective buyers.

Davis, who personally recorded most of the purchases, said that few individual bidders purchased more than one building each. A survey conducted among a group of buyers indicated that most successful bidders plan to use the buildings themselves. Apparently, only a small percentage will be offered for resale.

A number of the barracks buildings were bid in by farm owners who plan to convert the surplus structures into storage units for cotton and feed, while others plan to erect quarters for migratory workers.

A representative of a church from Wellman, who purchased a barracks building, told WAA men that his congregation would convert their building into Sunday school rooms.

All buildings offered, except five, sold on the first bid call, and the exceptions were disposed of quickly after the auctioneer reached the end of the list. Four buildings were deleted from the original sales list when it was discovered that they had been claimed earlier by priority bidders. A total of 164 buildings were sold during today's bidding.

## Valley Drenched

Rains in the lower Rio Grande valley drenched Brownsville with 1.31 inches of moisture last night, but elsewhere in Texas the weather was fair and cool.

## Insult Heralds Anti-America Drive By Reds

Officials See Decision For Hate Campaign

WASHINGTON, Sept. 30. (AP)—An increasingly violent anti-American campaign by Russian press and radio was predicted today by U. S. officials examining Moscow's propaganda line.

They said the attack on President Truman by a Russian magazine which compared him with Hitler indicated a decision to pull out all the stops.

One official expressed belief the Russians have given up any hope of winning favor from the American public and will concentrate now on trying to discredit the United States in the Soviet Union and abroad.

The "war mongering" accusation against nine Americans by Andrei Vishinsky, deputy Russian foreign minister, in a United Nations assembly address Sept. 18 was viewed as part of the campaign.

The latest Soviet-American disagreement came to light yesterday when the state department announced that the American embassy in Moscow had emphatically protested criticisms of Mr. Truman in the Russian publication "Literary Gazette No. 39".

Boris Gorbатов, author of the article, called Truman "Messenger boy, bank clerk and a tool of the Pendergast machine" and compared him to the "Corporal from Munich."

Ambassador Walter Bedell Smith protested to Soviet Foreign Minister Molotov that the late Dr. Paul Goebbels, Hitler's wartime propaganda minister, never was more vituperative in his diatribes against allied statesmen.

Molotov flatly rejected Smith's protest, saying the Soviet government "cannot bear the responsibility for this or that article."

In his reply, Molotov added a denunciation of the American press for what he termed its "lying and slanderous articles regarding the U. S. S. R. and its statesmen."

## Gunman Is Caught After Kidnapping Chief Of Police

ALLENTOWN, Pa., Sept. 30. (AP)—A gunman kidnaped Police Chief Wayne Elliott and marched him through a cordon of his own men early today but was captured five hours later after the chief escaped unharmed.

Elliott, who was seeking to arrest the man on a robbery charge, was forced to drive at gunpoint for two hours until he finally managed to leap from his machine in nearby Bethlehem.

During the wild ride across the eastern Pennsylvania countryside, said the official, the gunman threatened a number of times to shoot him with one of three revolvers he was carrying and "laughed about taking a cop for a ride."

The 45-year-old Chief identified his captor as Erbor Julius Worsack, 23, who was apprehended without firing of a shot at the home of a relative here.

Worsack had abandoned Elliott's car at a nearby park just after day break. A neighbor saw him enter the house and tipped police who surrounded the place under direction of Elliott. Worsack threw a pistol out the window and gave up without resistance.

# Stop-Gap Aid Is Called Vital

## Solon Says Human Survival At Stake

WASHINGTON, Sept. 30. (AP)—Senator Vandenberg (R-Mich.) said today that in the matter of emergency aid for Europe "the immediate question is one of elemental human survival in a free society."

Vandenberg, the recognized Senate Republican spokesman on foreign policy matters, made that statement in announcing he has called the Senate foreign relations committee to meet Nov. 10 in accordance with a request from President Truman. Vandenberg is chairman of the group.

Noting Mr. Truman's request that key Senate and House committees explore Western Europe's "urgent winter needs for food and fuel," Vandenberg added: "This proposal is submitted separately from plans dealing with long range economic recovery on a self-help basis although they have factors in common."

Mr. Truman asked yesterday that four congressional committees study a \$580,000,000 fund for European winter aid before he determines whether to summon a special session of Congress.

Explaining why he had not called his committee to meet until Nov. 10, Vandenberg said the state department "will not be ready with concrete proposals until November 1st."

He added that "other essential reports," including findings of Congressional committees visiting Europe and also the report of the Harriman commission, will not be available until that time.

Secretary of Commerce Harrison is directing a study into the question of how much aid the United States can give Europe without injury to its own economy.

With Vandenberg's call for the Senate foreign relations committee to meet, three of the four committees Mr. Truman asked to study European aid have now been summoned to convene in early November. The others are Senate appropriations and House foreign affairs.

The fourth committee is House appropriations. Rep. Taber (R-N.Y.), chairman of it, is now in Europe and is not expected back until late next month.

Since his return from visiting Brazil, President Truman has given most of his time to the question of aid for Europe, and made two major moves:

1. Called for a campaign against waste of food in this country and appointed a committee to devise ways of increased saving.

2. Asked the congressional committees to meet and study the matter of European aid.

On the President's calling list for the day were Charles Luckman, chairman of the citizens food committee—the group named to push food saving.

Vandenberg's statement added to strong bipartisan backing given the President's course in putting the matter before Congress.

U. S. SHIP HIT MINE — Pointer from cross indicates approximate position of the U.S.S. Douglas H. Fox, 2,200-ton destroyer, when she struck a mine 18 miles from Trieste. (AP Wirephoto Map.)

## Schools Delay Approval Of '47 Tax Roll

A resolution delaying compilation of 1947 tax rolls and assessing of the tax rate for the Big Spring independent school district was voted by the district board of trustees in a special meeting Monday afternoon.

The delay was ordered in view of pending litigation involving tax matters—the contest of results of the Sept. 9 election in which a proposed 50-cent increase in the school tax rate was defeated by one vote.

Hearing on a suit challenge some of the votes in this referendum has been set for hearing in 70th district court on October 9. Outcome of this litigation could determine the schools' tax setup for the year.

The board Monday also authorized the president and secretary to arrange for a loan of up to \$6,500 to meet teacher payrolls for the month. This loan would be sought until state per capita apportionment remittances are received.

## Sprinklers Jump Water Consumption

Just as water consumption totals had established a definite downward curve with the arrival of autumn, residents rallied with the sprinkler over the weekend. Water use jumped by half a million gallons, amounting to 3,352,000 gallons Sunday. Water department officials theorized that residents, awaiting usual September rains, had given up and returned to the hydrant for relief of flowers and lawns.

## Bible Fund Grows

Approaching the two-thirds marker, Bible fund contributions Tuesday morning reached \$965, an increase of \$75 for the day.

Donors included Eberley Lullal Home \$15; Thomas J. Coffee, Dr. Allen R. Hamilton, Mrs. Lilly A. Settles, H. B. Reagan, Mrs. Harry Lees, \$10 each; Mrs. F. M. Bailey, \$5. Goal is \$1,500.

## AS PRICE CURB

# Experts Consider Cut-Rate Food Plan

WASHINGTON, Sept. 30. (AP)—The government is considering a proposal that it offer some high-priced foods to hungry areas abroad at "cutrate" prices as a means of preventing further advances in grain and livestock quotations.

Such foods would include dried fruits, citrus juices, fats and oils, dried beans and peas, dried eggs, and canned vegetables. A cabinet food committee reported to President Truman last week that this country could spare \$650,000,000 worth of these.

Under the cut-rate proposal, the government would buy the food at prevailing market prices and sell it to foreign countries at prices which they could afford to pay.

Foreign countries have followed a practice of spending what funds they have for grains, particularly wheat, because it provides the maximum amount of food energy for each dollar spent.

Likewise, the Army and the state department have been reluctant to spend relief funds for foods other than grains and flour.

At the agriculture department, where the cut-rate proposal was advanced, an aide of Secretary of Agriculture Anderson said it would be "very much cheaper" for this country to subsidize foreign sale of substitute foods than to try to fill foreign needs with grain alone.

This official predicted \$3.50 a bushel wheat and corn at the farm if the government attempts to export 570,000,000 bushels this crop year.

## BURGLARY CHECKED

Police Tuesday were investigating the reported burglary of a hotel room here Monday night. A guest reported a quantity of personal belongings had been removed.

AMERICAN WAR DEAD COMING HOME — As a military guard stands at the left, caskets containing American war dead, some of whom died in the Japanese attack on Pearl Harbor, Dec. 7, 1941, are loaded aboard the converted liberty ship Honda Knot at Pearl Harbor for the last voyage to U. S. cemeteries. (AP Wirephoto).

## MARRIAGE EXPERT SAYS WOMEN ARE AFTER A MAN — ANY MAN

CLEVELAND, Sept. 30. (AP)—With more than twice as many unmarried women as men in the 20-34 age bracket, the trend today is "for the girls to get a man regardless of quality," the Rev. Gilbert H. Applehof, author and marriage counselor, says.

The Episcopal Rector told a marriage class at the annual Methodist school of religion last night that marriage-minded girls above 22 "are becoming just a little bit anxious for fear they'll get left."

Dr. Applehof, the author of "You Can Be Happily Married," declared that half the women in the nation are married by the time they reach 22.

"If you want the right person," he advised, "you had better try hard to be the right person yourself. It's surprising how often 'like attracts like' works out in marriage."

The class was one of 13 in a six-week institute sponsored by the Methodist Union of Cleveland. Twice as many women as men attended.

# Federated Council Of Church Women Names Committee On Allied Youth

A committee was appointed at the meeting of the Federated Council of Church Women Monday afternoon to contact W. C. Blankenship, superintendent of schools, about starting a chapter of the allied youth council in Big Spring through the schools.

This council is a national organization that has as its main objective the education of teenagers on the subject of alcohol.

The committee is composed of seven members, one from each church represented on the council. Mrs. Bernard Fisher, represents the Jewish faith, Mrs. D. T. Evans of the First Presbyterian, Mrs. A. A. Marchant of the First Christian, Mrs. A. F. Johnson of the First Methodist, Mrs. Arthur Pickle of the Wesley Methodist, Mrs. C. W. Deats of the Catholic and the member from the Episcopal church had not been named.

The project, which is sending clothing and school bundles to Europe on World Community Day, Nov. 7, was discussed. The clothing bundle consists of two suits or dresses or new material for dresses, one coat, one sweater, three sets of underwear, two sets of night clothes, three pair of

socks, one cap, one pair of mittens, one bright scarf or hair ribbon, one pair of soft soled shoes, two towels, two wash cloths, one blanket and short message from the sender with his name and address.

The shoe and school bundle consists of one pair of shoes polished and with new laces, notebook, pen, pencils, colored pencils, not crayons, pencil sharpener, star stickers, clips, gummed tape, calendar, comb, soap and a simple school game such as jacks, jumping rope or ball.

The year of the council was changed from beginning in October to begin at the beginning of the calendar year.

The Wesley Methodist Church was hostess of the meeting and presented a pantomime on Ruth and Naomi, two Biblical characters. Mrs. J. E. Duggan was narrator and Mrs. W. D. Lovelace, Mrs. Andrew Bruce, Mrs. J. W. Bryant, Peggy Williamson, Patsy Jarrett, and Ella Ruth Payne were characters of the pantomime. A silver tea was held following the program.

The next meeting of the Federated Council of Church Women will be at the First Presbyterian Church on Nov. 7, which is World Community Day.

Those attending were Mrs. W. A. Laswell, Mrs. H. F. Taylor, Mrs. H. N. Robins, Mrs. Bob Eubank, Mrs. N. W. McCleskey, Mrs. W. D. McDonald, Mrs. J. M. Faucett, Mrs. Cecil Nabors, Mrs. F. G. Powell, Mrs. D. L. Lovelace, Alice Wooten, Mrs. Aubrey White, Mrs. J. B. Pickle, Mrs. C. C. Schull,

## Century Class Has Anniversary

Members of the Century Class of the First Presbyterian church and their guests were entertained with an annual Fall Banquet to celebrate their First Anniversary with a program entitled "The Century Limited" on Monday night.

Women of the Ladies Auxiliary served dinner to the group.

A train theme was followed in the table decorations and the program following the dinner.

The Rev. R. Gage Lloyd officiated at the candlelight installation service giving a short talk, "The Whole Army of God," after which he installed the following officers for the coming year: Al Aton as president; Ernest Barber as vice-president; Kathleen Aton, secretary-treasurer; Sally Norton, corresponding secretary; Robbie Piner, devotional chairman; Lola Neill, social chairman; Paul Soldan, publicity chairman; Leona Freeman, music chairman; Dorothy Kennemur, pianist; Janice Barber, editor of "Turn of the Century"; and Elizabeth and Johnnie Johansen, sponsors.

Movies of the group at the 1947 Easter Breakfast were shown.

Those attending were: Ray Echols, Rae Neill Hale, Sally Norton, Martha Leysath, Temp Currie, Jr., Harry Middleton, Robert B. Coffee, Horace Rankin, James Brooks, Lola Neill, Janet Robb, Cornelia Frazier, Helen Duley, Robbie Piner, Gertrille Wilkerson, Mildred Hobbs, Mr. and Mrs. Bob Aton and Mr. and Mrs. Noble Kennemur.

Mr. and Mrs. Ernest Barber, Mr. and Mrs. David Shahan, Mrs. Ethel Knapp, Mr. and Mrs. Joe Selvin, Mr. and Mrs. H. C. Brown, Mr. and Mrs. Ralph Stark, The Rev. and Mrs. R. Gage Lloyd, Mr. and Mrs. W. S. Talbot, Mr. and Mrs. Bob Davis, Mrs. Olen L. Puckett, Mr. and Mrs. Johnnie Johansen, Mr. and Mrs. Paul Soldan and Mr. and Mrs. Al Aton.

## MR. (MADAM) CHAIRMAN

# Motions Key To Orderly Procedure To Business

(This is the third in a series of sketches on basic rules of parliamentary procedure. Ed.)

Motions are highly important in the conduct of any meeting or organizational business.

Almost always, a motion, supported by a second, should precede discussion on any point. There are exceptions to the rule requiring seconds, notable these: Nominations, questions or order, question of privilege, objection to consideration of a question, call for orders of the day, call for a division of the assembly in voting (a check or accurate counting of votes), inquiries of any kind, leave blanks, call up a motion to reconsider. Of these, remember that nominations do not require a second, write the others down and forget about it unless they come up. Then look at your notes.

It is easy for the chairman to get lost on motions. The first motion before the house generally is the "main" motion. Oddly, it is of lowest rank, and all other motions take precedence over it. That simply means that motions to amend, table, postpone, refer to a committee, etc. must be disposed before the main motion is put. A privileged motion, one of such urgency or importance that it cannot wait (and it need not have any relation at all to the main motion) must be put before the main motion. This might be a motion to adjourn or recess. An "incidental" motion takes precedence also, for usually it deals with some point that must be settled before the main motion is put.

More chairmen are tempted to succumb to amendments to motions than by any other cause. Cool-headedness will solve many difficulties. When a main motion is made, amendments are in order, but the chair should not accept amendments which are contrary to or substitute for the main motion. These are really new motions, and thus, out of order. When amendments are proposed and seconded, someone may want to amend the amendment. This is all right, but stop there. Call for a vote at once on the amendment to the amendment. There may be other amendments, so the secretary needs to be alert. When all are in, amendments are put separately in reverse order. If they pass, they either become part of an amendment or part of the original motion. If they fail, the original motion is unchanged.

Just remember to vote on amendments to motions before voting on the main motion. If you get all balled up, simply start over.

If you weary of debate as a member, call for the "previous question," but be sure to state the question on which you want to vote on. This motion stops discussion and debate and means you want to vote right now. Or, you may simply call for "question."

Most motions call for debate or discussion. Here are exceptions: To adjourn, fix time of adjournment, recess, orders of the day, an appeal (from the chair's ruling), suspend rules, lay on table, reconsider or amend undebatable motion, object to consideration of a question, incidental motions, previous question and similar devices to halt or limit discussion. Most of these are not subject to amendment.

When putting the question, the chair should state the motion to be considered. Tactfully, he may say "I understand the motion to be so and so." Most organizations, don't have "usual voting signs," so specify the sign—Aye and No, raising hands, standing, etc. so there will be no confusion.

## Classes To Have Coffee

The Barbara Reagan, Ruth and Mary Martha Classes of the First Baptist Church will have an installation coffee tonight at the First Baptist Church at 8 p.m. All members are urged to attend.

**Couldn't Get A Good Night's Sleep, Says Denison Lady**

"Before taking Mertzox I was so bloated with gas on my stomach that I could hardly breathe," writes Mrs. J. A. Jackson, Route 3, Box 96A, Denison, Texas. "My food would sour and I suffered with a great deal of pain in my elbows and knees, so that I could not sleep. I also had headaches most of the time. Since taking Mertzox a short time I feel like a different person and I think Mertzox is a wonderful tonic."

This great herbal compound containing 25 ingredients is being endorsed by hundreds of people for they have found that it is just the medicine they need. Mertzox helps to throw off poisonous waste matter from the system, promotes a more rhythmic bowel action and helps to build rich, red blood. After taking Mertzox for a short time you should feel, look and act like a different person. It can be taken by every member of the family. Ask your druggist today for Mertzox Compound.

**The CHIROPRACTOR and You**

This is One Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic.

**WHAT IS CHIROPRACTIC?** The Chiropractor teaches that the brain and nervous system are the root of health. From the brain, nerve energy is distributed through the nervous system to control all parts of the body. When this nerve energy is shut off even slightly between brain and body (by bone displacement in the spine), one or more body functions are interfered with and ill health results. By x-ray analysis and spinal adjustment the Chiropractor is able to relieve nerve interference and restore normalcy to the affected part. No drugs. No surgery. Nature is the healer.

**CASE HISTORY No. 24.** This patient had suffered almost continually since 1918 with stomach pains and gases, and had turned from one method to another seeking relief, without results. Eventually the condition became so chronic that he was, at times, unable to sleep or eat. On the recommendation of a friend a Chiropractor was consulted. X-ray analysis revealed displacement of a segment of the spine which had shut off nerve supply to the digestive organs. A series of adjustments restored the bone to normal position and within a short time the gastric condition cleared up.

**CASE HISTORY No. 125.** A victim of asthma for ten years. Many remedies had been tried without results. An operation on the sinus was undertaken to try to correct the condition, but she still suffered. After some time friends suggested Chiropractic. Analysis indicated displacement of an upper vertebra. Adjustments to correct the displacement were successful and improvement was immediate. The patient now enjoys excellent health and there has been no recurrence of the asthmatic condition.

**CASE HISTORY No. 98.** A typical case of Sciatica. Patient unable to move without suffering great pain. Condition gradually became worse until finally Chiropractic aid was sought. Within one week following adjustments of the spine, he could move around quite freely and in less than two weeks the patient was able to resume an active life.

**FOR FURTHER INFORMATION** concerning the modern Chiropractor and what he can do for you, Phone 419. Appointment only.

## Rita Jo Haney Feted With Birthday Party

Mrs. Fred C. Thompson honored her daughter, Rita Jo Haney, with a wienner roast at the City park on her thirteenth birthday Saturday afternoon.

Those present were Joyce Gound, Alvin Moore, Bobby and Larry Stevenson, Wilbur Cunningham, Jennie Lindsay, Beverley and Sandra Trappell, Jo Ann Miller, Mrs. R. V. Cobb, Jr., Mrs. R. V. Cobb, Sr., and Mrs. Minnie Cannon.

## Visits - Visitors

Joan O'Brien of Wichita Falls visited in Big Spring Monday. Visiting in the W. B. Ayers home during the weekend were Mr. and Mrs. T. A. Ayers, and family of Odessa, Mrs. and Mrs. Roy Ayers of Andrews and Mr. and Mrs. M. D. Frost of Big Spring.

Mr. and Mrs. F. K. Owens returned Sunday from a visit in Fort McConit and Abilene. They visited with their son, John, who is an instructor at Hardin-Simmons College while in Austin.

Lindell and Geneva, Beze of Odessa and Mr. and Mrs. Gray Parks and G. A. Parks of Snyder visited with Mr. and Mrs. G. B. Parks Sunday night.

## Baptist WMS Has Circle Meetings

The Women's Missionary Society of the East Fourth Baptist church met in Circles Monday afternoon.

Mrs. L. M. Bond entertained Circle Two and they finished their community project.

Mrs. O. R. Smith led the invocation.

Others attending were Mrs. Cleve Reece, Mrs. J. B. Riddle and Mrs. Elmer Rainey.

Mrs. Walter Grice entertained Circle Five in her home.

An election of chairmen for the offices left vacant by members moving away was held. Mrs. J. C. Harmon was elected circle chairman, Mrs. Ella Allen as benevolence chairman and Mrs. Minnie Anderson as Bible study chairman.

Clothes and material were chosen for the mission box.

Mrs. S. H. Morrison gave the devotional and the meeting was closed with a season of prayer.

Others present were Mrs. L. O. Johnston, Mrs. E. F. White, Mrs. J. S. Nabors, Mrs. Joe Williams and Mrs. Lula Satterwhite.

The next meeting will be with Mrs. J. F. Nabors.

The other three circles did not meet.

## Executive Committees Are Named at Meet

Plans for the new year were made at the Executive board meeting of the East Fourth Baptist church WMS Monday afternoon in the home of Mrs. George McLellan.

The yearbooks were discussed and the quarterly reports finished.

Chairmen named were Mrs. LeRoy Menchew as periodical, Mrs. Curtis Reynolds, mission; Mrs. Tom Buckner, mission study; Mrs. A. F. Gilliland, Bible study; Mrs. Ernest Richter, benevolence; Mrs. Garland Sanders and Mrs. R. T. Lytle, social; Mrs. T. B. Clifton also attended.

## Ola Mae McNew And U. A. Campbell Wed

Mr. and Mrs. Utah A. Campbell are at home in Big Spring after their recent marriage, Sept. 27 in the home of Justice of Peace, Walter Grice, who performed the double ring ceremony.

The bride is the former, Ola Mae McNew daughter of Mr. and Mrs. Frank McNew of Knott. The bridegroom is the son of Mrs. Albert Campbell of Tulsa, Okla. and is employed at Homan Service Station.

The bride wore a fuchsia dress with black accessories.

The couple will leave Friday for a week's honeymoon in Tulsa, Oklahoma.

## Hammond Padgett Are Home In Lenora

STANTON, Sept. 30.—Mr. and Mrs. Hammond H. Padgett are at home in LeLenora community following their marriage, Sept. 27, in the home of the Rev. T. R. Hawkins, pastor of the First Baptist church.

The bride is the former Eunice Compton, daughter of Fulis Compton of Loraine and the bridegroom is the son of Mr. and Mrs. W. L. Badgett of Colorado City.

## RUPTURE Shield Expert Here

H. M. Shevnan, widely known expert of Chicago, will personally be at the Settles Hotel, Big Spring, Saturday only, October 4, from 9 A. M. to 4 P. M.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan, will be glad to demonstrate without charge. 6509 N. Artesian Ave., Chicago 45 Large incisional hernia or rupture following surgical operation especially solicited.

## Girls Study Tribes Of American Indians

The Junior Girls Auxiliary of the East Fourth Baptist Church met with Barbara Jean Parks Monday afternoon for a study of the American Indians.

The program was centered around an imaginary camp fire with each girl on the program representing a different tribe of Indians. Those on the program were Nerita Cross, Jo Ann Miller, Barbara Jean Parks, Lavern Cooper and Della Sue Reynolds.

Others present were Belva Jo Wren, Carrie Sue Lawson, Maudine Bennett, Patsy Reeves, Jolene Reynolds, Beverley Edwards, Barbara Moreland and Mrs. Ernest Richter.

## BRING OUT THE RICH, NATURAL BEAUTY OF YOUR FURNITURE ...

# THE COFFEE SO DIFFERENT!

It's the PRIZED Flavor—So Economical You'll be Amazed!

Prized—by professional coffee buyers who pay more for these types of coffees than for any other types of coffees in the world.

Prized—by true coffee lovers who prove their preference by making Folger's the largest selling coffee throughout the great over-all area where Folger's Coffee is sold.

Prized—because Folger's is a blend of better kinds of coffees... special Mountain Grown coffees... from the Tropical Americas where Nature gives coffee the most sought-after flavor qualities. These rare coffees are carefully selected and artfully blended to create the Folger Flavor. No other coffee flavor is quite like Folger's—Vigorous—with a rare winey tang that really sets it apart as different and delightful.

**Try using 1/4 less!**

A good way to prove the Extra Flavor and Extra Economy of Folger's is to try making coffee with 1/4 less of Folger's than you used with lesser-flavored brands. The extra flavor is provided—for both enjoyment and economy.

**Won't You Try This Special Mountain Grown Coffee!**

Surely you would rather serve and enjoy this coffee that is the established favorite! And while you enjoy the extra goodness of Folger's—discover the economy of its extra richness—economy you can prove in your own home. So ask your grocer for Folger's Coffee and look for more coffee enjoyment at no extra cost.

**There's a mountain of flavor in every spoonful**

**Butane Dealers Give Views On Controls**

AUSTIN, Sept. 30. (AP)—Texas butane gas dealers have given the railroad commission their views

on proposed changes in regulations governing the industry. W. E. Fraley of Abilene, chairman of the industry committee presented a brief at the public hearing attended by more than 300 butane dealers yesterday.

**TNG Official To Aid Forming Of Unit Here**

A representative from the office of Adjutant General Kearie Berry will be sent here soon to assist in the organization of a national guard company.

Gen. Berry notified the chamber of commerce that itinerary of a man in the field would be altered to send him to Big Spring at the earliest possible date.

His letter was directed to the chamber of commerce after J. H. Greene, manager, had informed the adjutant general of the formation of a steering committee and that Big Spring was ready to proceed. The action came after a conference a week ago with Col. Ira H. Treest, U. S. Army, retired, who is seeking to stimulate action on guard unit organization plans.

**Texas Ranks Fifth In Federal Workers**

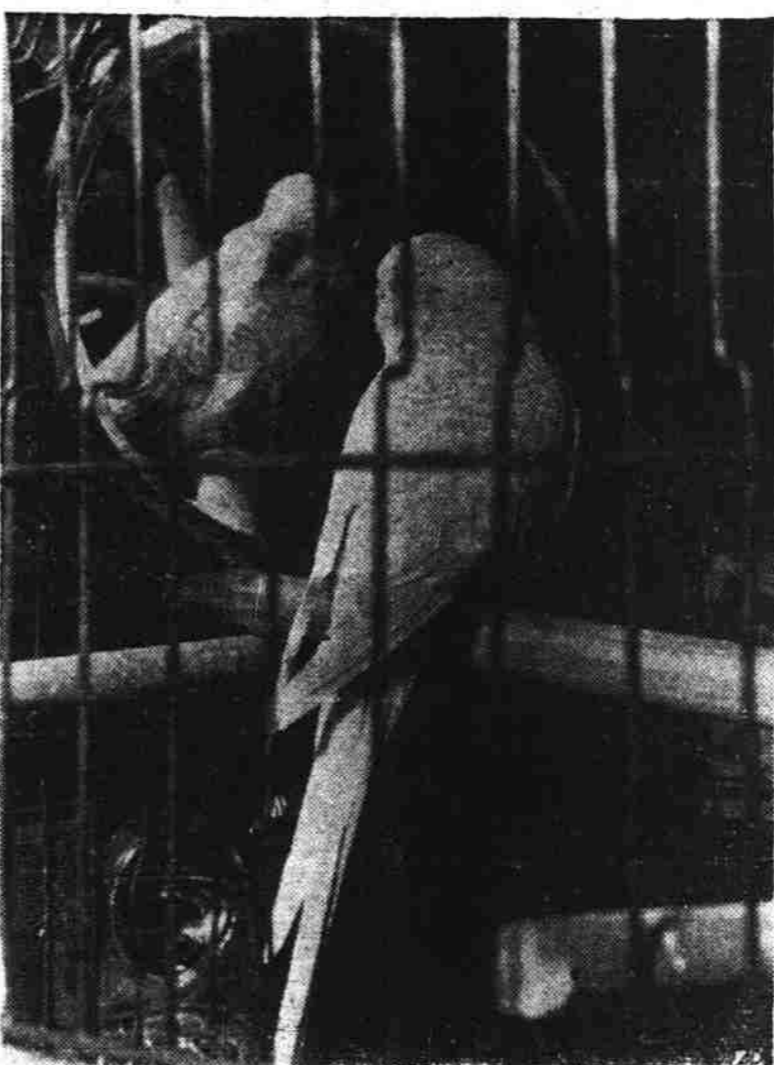

DALLAS, Sept. 30. (AP)—Texas ranks fifth in the number of federal employees with 81,984, Paul H. Figg, regional civil service director, has announced.

The figure was of June 30 of this year and is 41.8 per cent less than on the same date in 1945.

California, New York, Pennsylvania and Illinois top Texas. The Army employs 27,434, in Texas, Figg said, while the Navy has 6,391 workers; postal 18,967; Veterans Administration 9,013 and other departments and agencies 20,159.

One-third of all passenger automobiles registered in the United States in 1946 were at least 10 years old.

Cloth-short England today is featuring men's ties made from wartime RAF escape maps and paper collars.

**LOVEBIRD FINDS LOVE'S NOT BLIND** — Sam Gordon had so much trouble keeping mates for his lovebird alive that after the most recent one died he hit on this idea of placing a shaving mirror in the cage with Jake. The bird admires himself and seems happy. Sam, who lives in Chicago, says. (AP Wirephoto).

**LOVE BIRD IS THRIVING ON SELF ESTEEM, SAVING OWNER MONEY**

CHICAGO, Sept. 30. (AP)—Sam Gordon's loveless love bird is thriving — on self esteem.

It's a good thing, because Sam was getting pretty tired of the mounting costs of consoling his lovesick feathered pets.

Sam has had awful luck with his love birds. Seven years ago he bought Antony and Cleopatra, a pair, for \$1. Then Cleo died and Antony drooped until Sam bought Peewee for \$5.

Antony and Peewee bled and cooed a while, until Antony died. Then Peewee drooped, so Sam bought Jake for \$7. Peewee perked up briefly, but finally she died too, and Jake was inconsolable.

Sam thought of how the cost of love birds kept going up, and tried comforting Jake with a lifeless China mate. Jake gave it the bird. Then Sam tried a new stunt, and Jake has been happy as a lark ever since. He put a mirror in the cage and let Jake admire himself.

**Mayor Proclaims 'Employ The Physically Handicapped Week'**

Second annual observance of "Employ The Physically Handicapped Week" will begin Oct. 5 on a nation-wide scope, L. O. Conally, manager of the Big Spring, Texas Employment Commission office, announced today.

The observance was instituted last year as a method for emphasizing the importance of furnishing employment to hundreds of thousands of handicapped persons in the United States. Most of the handicapped persons are war veterans, Conally reminded, and many others helped the war effort by working efficiently in munitions factories and other plants.

The TEC will again attempt a vigorous program during the week to encourage local employers to give consideration to handicapped persons for types of work they are capable of performing. Mayor G. W. Dabney has again issued a formal proclamation setting aside the week for local observance.

The proclamation: WHEREAS, victory in World War II cost us hundreds of thousands of casualties and whereas, there are numerous handicapped persons in the United States, many of whom by their efforts were of great aid to industry and the war effort by providing essential services; and WHEREAS, all of those persons including disabled veterans of World War I and II deserve self-supporting, self-respecting jobs in which they can make useful contributions to our community, state and nation. NOW, THEREFORE, I, G. W. Dabney, Mayor of the City of Big Spring, do set aside the week of Oct. 5 to Oct. 11 as EMPLOY THE PHYSICALLY HANDICAPPED WEEK, and I call upon all local officials, all local employers, all local civic organizations and all citizens to assist in every way possible, to the end that it shall be brought to the attention of all members of our community that

disabled veterans and other handicapped persons are fully capable and are performing efficiently, safely and reliably in thousands of different occupations AND I FURTHER URGE ALL EMPLOYERS to place all their job orders with the Texas Employment Commission so that disabled veterans and other handicapped workers may be given an opportunity to prove their value in productive and self-respecting jobs. IN WITNESS WHEREOF, I have hereunto set my hand. G. W. Dabney.

**Announcing Admiration's \$5,000.00**

"MY FAVORITE GROCER" CONTEST!

**PRIZES!**  
\* FIRST GRAND PRIZE \$1,000.00  
\* SECOND GRAND PRIZE Philco Refrigerator  
\* THIRD GRAND PRIZE Crosley Radio-Phonograph

YOU MAY WIN \$1,000 OR ANY OF THE HUNDREDS OF OTHER WONDERFUL PRIZES

It's easy—and it's fun! Just write in a few sincere words why you like your favorite grocer. If your statement is judged best—you win \$1000 and your grocer wins \$500! Second and third grand prizes are a Philco Refrigerator and a Crosley Radio-Phonograph. There are wonderful weekly prizes, too, including Philco Refrigerators, Westinghouse Electric Roasters, Dormeyer Electric Mixers, Manning-Bowman Electric Percolators, Westinghouse Electric Irons, Dominion Electric Toasters, and many other prizes! Don't wait! Enter today! "Cup-Tested" ADMIRATION—that favorite coffee with the tantalizing aroma, delicious flavor, and luxurious richness, is always available at your "Favorite Grocer's."

**READ HOW TO WIN!**

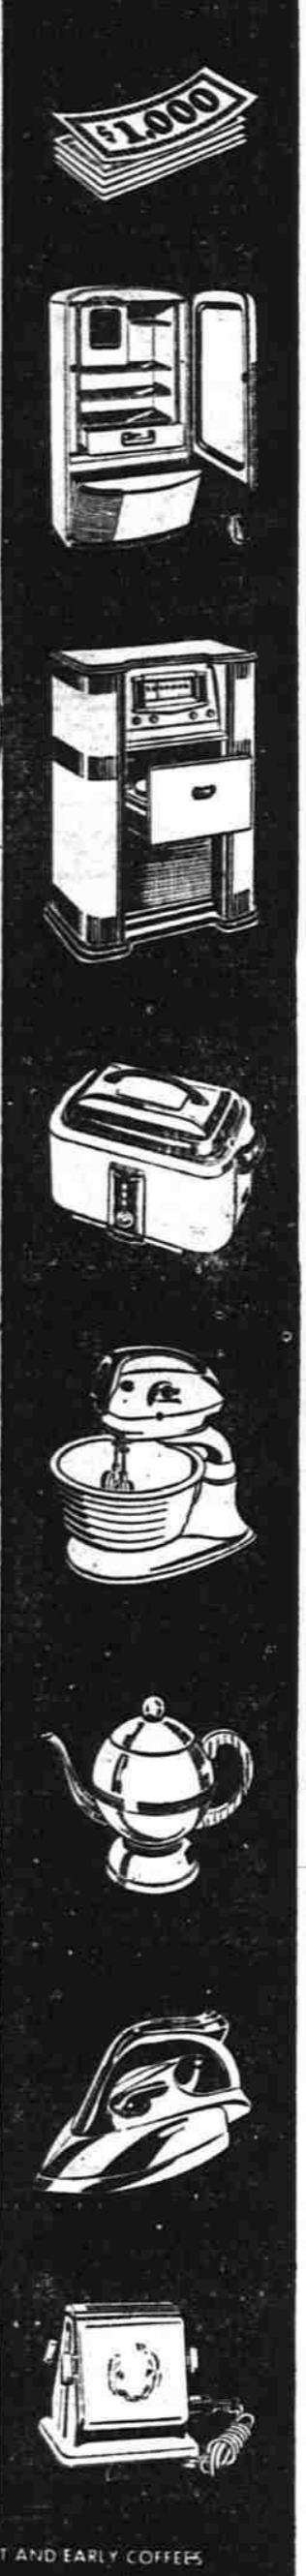

- Simply complete this statement in fifty words or less: "Your favorite grocery store's name is my favorite grocer because..."
- Write on one side of paper (or get an entry blank from your grocer) and mail to Admiration Contest, Box 285, Houston, Texas. Be sure to include your name and address and the name and address of your grocer.
- You may send as many entries as you wish but each entry must be accompanied by one of these: The Mammy picture (or label) from an Admiration Coffee package or jar—or the strip that unwinds from an Admiration vacuum can.
- Anyone is eligible to enter except employees of the Duncan Coffee Company, their advertising agency and their families.
- All entries become the property of the Duncan Coffee Company—none can be returned—and the decision of the judges will be final.
- The contest begins September 29th and ends midnight, November 16th. Weekly contest winners will be selected from entries received before midnight Saturday of each week. All entries postmarked later than midnight November 16 will not be considered.
- All winners will be notified. A list of the winners will be sent to all contestants requesting one and sending a self-addressed stamped envelope.

**YOUR GROCER WINS, TOO!**  
Every winning contestant will win a special prize for the grocer he or she names as "My Favorite Grocer."

CONTEST OPENS MONDAY, SEPTEMBER 29 CLOSES MIDNIGHT NOVEMBER 16

- 1st Weekly contest closes midnight Oct. 4
- 2nd Weekly contest closes midnight Oct. 11
- 3rd Weekly contest closes midnight Oct. 18
- 4th Weekly contest closes midnight Oct. 25
- 5th Weekly contest closes midnight Nov. 1
- 6th Weekly contest closes midnight Nov. 8

**Flood Gives Delhi Area New Problem**

NEW DELHI, Sept. 30. (AP)—The Indian government was confronted with a new emergency today — the care of uncounted thousands driven from their homes by the Holy Jamuna river's worst flood in 23 years.

Scores of rural villages in the Delhi area were inundated. A heavy loss of life was feared.

The government said the flood had passed its crest and was receding.

Flood waters covered all but a few highways leading from Delhi. Railway lines leading toward the Punjab were broken. The movement of refugees from Delhi's communal disturbances was halted.

Several sacred cows were roped and rescued from the flood.

Richard Wanger, German composer, was a political exile for many years, in France and Switzerland, where he wrote some of his greatest works.

# TNG Won't Be Called To Fight Forest Fires

CONROE, Sept. 30. (AP)—National Guard troops will not be called to fight the wave of forest fires sweeping rich east Texas forestland, Gov. Beauford H. Jester declared after an on-the-spot inspection.

Jester told newsmen late yesterday at Austin that there were enough local volunteer firefighters to battle present fires without calling out troops.

During his inspection trip here yesterday the Governor was told by a group of major timber operators that they believed squatters were responsible for the wave of fires.

At a late hour yesterday, 110 blazes were reported. Sunday night at approximately the same time a count showed only 95. Jester was told in a conference that the operators believed the tenants and squatters had set the fires as retaliation against large timber operators, who had stopped theft of timber.

The Governor was told that the tenants and squatters were seeking of drive out large operators. Previously, it was said, theft of timber had been on a large scale and well organized.

# Sweatt Seeking Court Order For Entry Into UT

AUSTIN, Sept. 30. (AP)—Attorneys for Heman Marion Sweatt today filed a brief in the third court of civil appeals seeking a court order which would force the University of Texas to admit the Houston Negro as a student in its school of law.

The appeal is from the 53rd district court, where Judge Roy Archer refused to grant the mandamus, or court order.

Attorneys W. J. Durham of Dallas and Thurgood Marshall of New York City offered four points of exception to rulings of the lower court, their major contention being that a racially segregated law school is unconstitutional and violates the 14th amendment of the United States constitution.

Sweatt was first refused admission to the University of Texas law school nearly two years ago, on grounds that he was a Negro. He has said he would carry his fight to the United States Supreme Court if necessary.

When the legislature established a Texas State university for Negroes this year, he did not enroll, stating he would not be satisfied with anything less than entry to the university law school because he believed it was the best in the state.

# French Riot Over Sugar

PARIS, Sept. 30. (AP)—The French news agency reported today from Verdun that Army truck convoys loaded with 400 tons of sugar destined for the French zone in Germany had left the city this morning after a new clash between police and civilian pickets trying to halt the shipment.

Six policemen and one civilian had been injured in similar scuffling yesterday when demonstrators erected street barricades in an effort to prevent movement of the 142-truck convoy.

The disorders, which Premier Ramadier's socialist party termed a communist maneuver to embarrass the government, began a week ago Sunday, when a crowd halted two bargeloads of sugar intended for Germany.

The sugar came originally from the United States and was refined in France, but the demonstrators maintained it was French sugar and bitterly opposed its distribution in Germany.

# Texarkana Evens Big State Series

By The Associated Press  
Texarkana and Wichita Falls take a night off from their Big State league playoff tonight. When they resume tomorrow night at Texarkana they'll be all square at two games each.

Texarkana evens the seven game series last night with an eight run spurge in the last three innings that netted an 8-1 decision. The Bears jumped on McLee Baker in the seventh inning and relief pitcher Leo Summers and Ed Cole failed to fare any better.

# Kilgore Finally Defeats Hubbers

KILGORE, Sept. 30. (AP)—Kilgore's Drillers were back in the running for the Class C baseball championship of Texas.

After losing three straight games to Lubbock, West Texas-New Mexico league champion, the Lone Star league still bounced back to take the fourth game of the seven game series 10-2 last night.

Big Bob Ross fanned ten men in holding the powerful Hubbers to six hits. The fifth game of the series will be played here tonight.

# Stanton Cub Pack Is Reorganized

Reorganization of a Cub pack at Stanton was accomplished at a meeting held at the school building Monday evening.

Twenty-four boys have been registered, the committee chosen and den-mothers appointed. Adult leaders this week will select a Cubmaster. H. D. Norris, field executive for the Boy Scouts, and J. C. Webb attended from Big Spring.

At Coshoma, Charles Watson and George Melear, commissioners, conferred with adult leaders on reorganization of the Boy Scout troop there, and Oct. 10 was set as initial meeting date of the troop with John Albers as scoutmaster. The Coshoma school is sponsoring the troop.

# JUNIORS PLAY TIDE THURSDAY

Jim McWhorter's Ninth grade football Yearlings, who ran into a buzz saw in the form of the Odessa junior high grid eleven here last week but lived to tell about it, try again here Thursday night against the San Angelo Crimsons Tide.

Last year's edition of the Yearlings, one of the better teams for its age in District 3AA last fall, bit off more than it could chew in a collision with Angelo in 1946 but the Tide is not due to be as rough this time out.

The Angeloans are big at most positions but reportedly are slower than the Odessans. McWhorter will be in favor of that. Kickoff time of the tussle is 8 o'clock.

# Opening Nears For Stanton Fair

Tempo and temperature are mounting in Stanton as preparations for the Martin county fair this weekend enter the home stretch.

Indications are that the fair and events attending it will make it perhaps the biggest single celebration in the history of Stanton and Martin county.

Streets and store fronts are being decorated. There will be a big parade, led by the 70-piece Crane high school band, at 2:30 p. m. Friday. That evening the Stanton Buffs meet the Crane Golden Cranes on the gridiron.

Agricultural exhibits of home canned foods, clothing, etc., both by women and club girls, feed stuffs, cotton, garden truck and other items at the high school gymnasium. Saturday morning judging will be had on the various livestock entries. The parade looms as something special, for in addition to the band there will be several floats entered by Stanton business firms and organizations.

# Blasts Reported Over Holy Land

JERUSALEM, Sept. 30. (AP)—The explosion outside an Arab shop near the Jaffa gate touched off an eight-minute general alarm today in Jerusalem, still jittery from the bombing of a Haifa police station in which 10 persons died yesterday.

No casualties were reported from today's bombing, which police believed was intended to intimidate Arab shop owners who have broken an Arab boycott against trading with Jews.

Almost simultaneously advices from Haifa reported that the engine, tender and two coaches of the Egypt Express had been derailed by a mine explosion on the Cairo-Haifa line 20 miles south of the latter city.

Officials said there were no casualties in this incident either. Three ships loaded with more than 4,500 Jewish immigrants were reported nearing the Palestine coast today in an attempt to run the British blockade.

# Illinois Commission Bars Rocky Graziano From Rings In State

CHICAGO, Sept. 30. (AP)—The Illinois Athletic Commission yesterday barred dishonorably discharged servicemen from boxing in Illinois in an order which Roy D. Keehn, commission member, said referred to Rocky Graziano, Middleweight champion.

Keehn said the commission had accepted the War Department's record of Pvt. Rocco Barbella as that of Graziano. That record showed Barbella was convicted, sentenced and dishonorably discharged from the Army on a charge of being absent without leave in 1942.

"Braziano's application for a permit to fight Tony Zale here last July 6 was signed by both names Rocco Barbella and Rocky Graziano," Keehn declared.

Graziano, who lives in Brooklyn could not be reached for comment, but his manager, Irving Cohen, said in New York that he had in his possession a letter from John D. Fromm, assistant adjutant at the Leavenworth prison, which he said stated that Barbella's dishonorable discharge was "suspended."

"I can only say now," Cohen added, "that when Rocky entered the Army he was a wild kid, up from the city streets, a kid who never had the privileges of most youngsters as he grew up. He had to learn the hard way that the Army wasn't fooling when it gave

# DEAD MAN WAS ALIVE

Another traffic "statistic" turned out to be a lower court docket entry here Monday. Officers answered a call to the Lamasa highway on receiving a report of a "dead man" lying in the road. He was dead—but dead drunk.

# World Series

(Continued From Page One)

bounced in front of the plate and rolled all the way to the screen enabling Reese to score all the way from second. Page was charged with a wild pitch. Stanky then bounced the next pitch back to Page who threw him out easily. One run, one hit, no errors, none left.

Yankees—Hugh Casey went in to pitch and Lavagetto took over at third base for the Dodgers. Rizzuto rapped a single between third and short. Stanky knocked down Page's grounder between first and second and tossed the pitcher out at first. Rizzuto threw to second on the play. Reese threw out Stirnweiss, Rizzuto going to third. Stanky stopped Henrich's smash and whipped to Robinson at first for the out.

No runs, one hit, no errors, none left. EIGHTH INNING DODGERS—The fans spotted Babe Ruth as he got up to leave the park and gave him a splendid ovation. Robinson sent a fly to Lindell. Reiser was out on a close play at first. McQuinn to Page who covered the bag. Stirnweiss threw out Walker.

No runs, no hits, no errors, none left. YANKEES—Furillo made a running catch of Berra's fly behind second base. DiMaggio flied deep to Furillo. Casey struck out McQuinn.

No runs, no hits, no errors, none left. NINTH INNING DODGERS—Furillo walked on five pitches. Edwards lifted an easy fly to Henrich in short right. Lavagetto struck out missing a low inside pitch.

Reese hit a two and two pitch back to Page who tossed to McQuinn to retire the side and end the game.

No runs, no hits, no errors, none left. City Heads To Take Up Paving Business

City commissioners were to go into session at 5 p. m. today for the consideration of ordinances governing a contract paving project which is in the making. If the ordinances are adopted—and it is anticipated they will be—notice will be given of a public hearing and a date set for the hearing. After this is held, work on lining up the projects will proceed at the hands of the contractor.

Property Owners To Get Tax Notice

Property owners who have not received their tax notices from the county are not being ignored. Employees of the tax collector-assessor's office have been "burning the midnight oil" for the past several weeks, working against time to have the assessment figures ready by Oct. 1. However, the task has not been completed. One spokesman said the notices would be placed in the mails "in several days."

Blalock Promises Support For McGrath

MARSHALL, Sept. 30. (AP)—Myron G. Blalock, national Democratic committeeman from Texas, said yesterday that if President Truman wants Senator Harold McGrath for chairman of the national Democratic committee, "I shall certainly give him my support."

National Chairman Robert E. Hannegan announced he would step down because of ill health. He said President Truman "indicated his approval" of the Rhode Island Senator as Hannegan's successor.

him a new pattern to live by. The Graziano of today is as different from the Rocky who entered the Army as day and night.

Cohen denied Graziano had participated in fights for "big purses" in 1942. He said he knew of four fights Rocky had in neighborhood clubs for \$25 each that year, and that he did not know whether any of these fights occurred while Rocky was supposed to have been on Army duty.

The War Department said records showed that Pvt. Rocco Barbella was tried by court martial in 1942 and was convicted on a charge of being A. W. O. L. The record showed Barbella was sentenced to one year in Leavenworth and was given a dishonorable discharge after serving 10 months of the sentence, the War Department said.

Keehn said the Commission had attempted to get Graziano's record from the War Department before the July 16 fight in which Graziano took the title from Tony Zale by technical knockout in the Chicago Stadium. He said the request was refused. Governor Dwight H. Green said that if the information had been available then, the fight would not have been permitted.

Graziano is barred from boxing in New York for alleged failure to report an attempt to bribe him to "throw" a fight.

REPORT FROM YUGOSLAVIA — Lt. William T. Van Atten (center), Pfc. Glen C. Meyer (right) and Pfc. Earl Hendricks, Jr. (standing), who were held in captivity by Yugoslavia since Sept. 22, after being captured in a disputed section of the new frontier between the free territory of Trieste and Yugoslavia, report to Lt. Col. James G. Holland of Birmingham, Ala. (left) after being returned to the free territory. They were released after an official American protest. In the right foreground is their mascot dog "Tiny" which stayed with the men during their captivity and returned with them. (AP Wirephoto by radio from Rome).

# Rotarians Hear Talk On Speeding Reading

Visual training techniques, now being employed in some of the larger colleges, can speed reading phenomenally, Dr. S. E. Womack told the Rotary club at its Rotary Anne day program Tuesday.

It is no trick at all, he continued, to teach readers to get through a book a day, and in scanning type of reading, techniques are employed to "read" a page at a time and to fan through

a book in 20 minutes. Because of the tempo of the times and starting youngsters to school at early ages, some visual deficiencies are showing up in greater quantities these days, he said.

Obie Bristow was elected as delegate to the Rotary International convention in Rio de Janeiro in 1948. Introduced as a new member was Frank Campbell. Visiting Rotarians were Fred Wemple, Delbert Downing, Midland, Harley Sadler, Sweetwater, and Marshall Moore, Abilene.

# Mayor Designates Air Force, Army Recruiting Month

October has been designated as Army and Air Force Recruiting month by Mayor G. W. Dabney in a proclamation issued Tuesday.

Mayor Dabney recalled that the governor and commanding general of the Fourth Army had designated the month for that purpose with the request that all civic officials support the Army and Air Force recruiting drive.

"The welfare of the Army and Air Force is a matter of vital concern to all citizens. . . and their well-being is dependent upon the support given by all people," said the mayor. In proclaiming the month, he urged "all organizations and citizens to learn" as much as possible about the Army and Air Force and give them their most unselfish support.

# Ackerly Churches Have Socials During Week

ACKERLY, Sept. 30. (Sp1)—Mrs. J. Archer entertained the Adult Sunday School class of the Baptist church with a dinner Sunday.

Those present were the Rev. and Mrs. Huey Snell, Mr. and Mrs. E. N. Adams, Mr. and Mrs. E. C. Houchin, Mr. and Mrs. Roy Motley, Mr. and Mrs. J. Archer, Mrs. Bob King, Mrs. Reynolds and Mrs. J. N. Hinson.

Paul Adams, director of the Young People of the Baptist church entertained the young people with an ice cream supper Friday night. Twenty five were present.

The Women's Society of Christian Service of the Methodist Church met Monday to make out the quarterly reports that are to be sent to conference offices.

# COMING EVENTS

- Tuesday ART STUDY CLUB meets with Mrs. John R. Chaney, 1910 Runnels at 7:30 p. m.

- SUNBEAMS OF THE EAST FOURTH BAPTIST CHURCH will meet at the church at 2:30 p. m.
- 1906 HYPERION CLUB will meet with Mrs. George Wilke, 511 Hillside Drive, at noon.

# Food Boxes To Be Sent To Europe By Auxiliary

Plans were made to pack food boxes to be sent to missions in the European countries at the meeting of the Girls Auxiliary at the First Baptist church Monday afternoon. The boxes will contain concentrated soups, powdered milk, dried beans and fruit, rice and sugar.

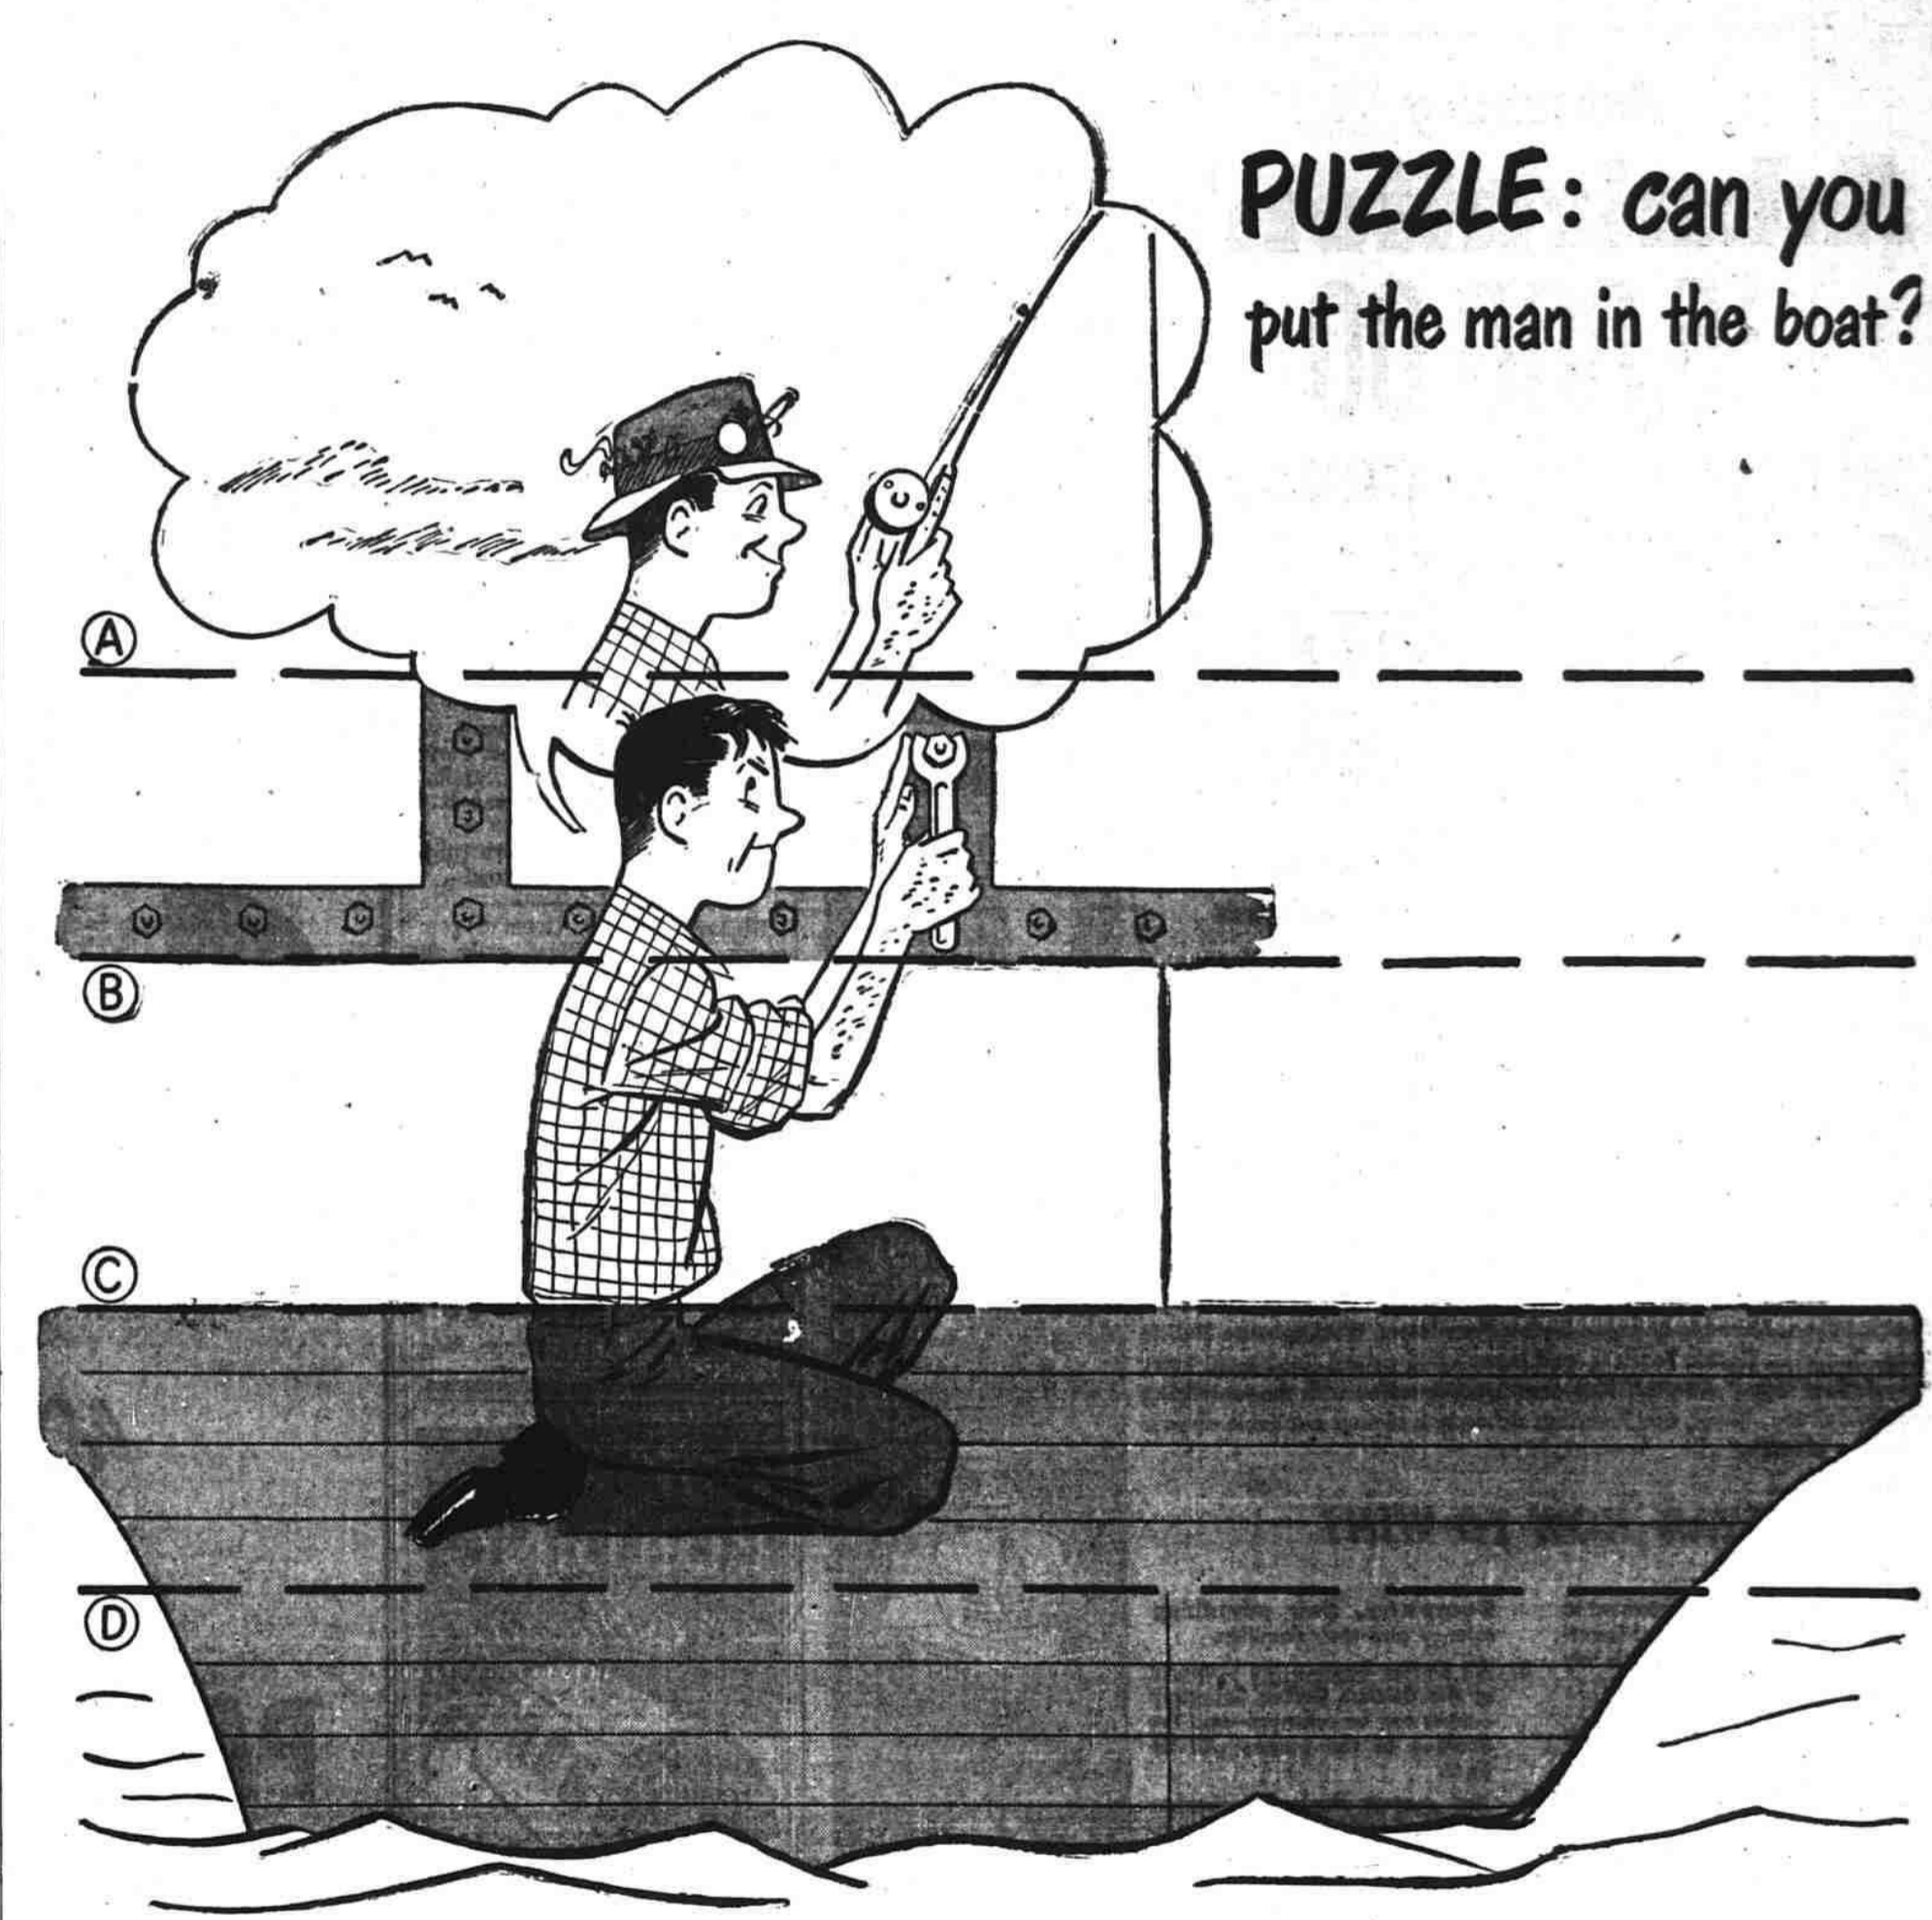

The standard of excellence was presented showing all points attained during the month of September. The auxiliary has been A-1 during the year.

A regular program was given. Attending were Glenna Coffey, Mary Frances Norman, Twila Phillips, Nelda Boatman, Doris Ann Daniels, Janice Brooks, Ethel Chapman, Janice Anderson, Mary Evelyn Hobbs, Lila Jean Turner, Peggy Todd, Dolores Hagood, Virginia Carpenter, Lusa Curry, Anna Belle Lane, Earlene Berry, Shirley McClinton, Louise Smith, Beatrice Hobbs, Frances Chapman, Mrs. H. E. Choate, Mrs. J. W. Arnett and Mrs. G. L. Brooks.

# Public Installation

The Order of the Rainbow Girls will have public installation tonight at 7 p. m. at the Masonic Hall.

Mrs. Bill Bonner returned home Saturday from the Big Spring hospital after undergoing major surgery.

Here is a man hard at work. See him frown. He wishes he were somewhere loafing. Retired for good. Catching a big fish, maybe.

Can you put him in the boat?

You can do it simply by making two folds in this newspaper.

The answer is below.

Perhaps you would like to retire, too.

Achieving this is a little more difficult. You cannot do it by folding a newspaper. It is necessary to have folding money.

The way to collect this useful material is by regular purchase of U. S. Savings Bonds, which give you back \$4 for every \$3 invested.

The easiest way to buy them is through Payroll Savings. Get on this Plan. Stay on this Plan. It is the only way most of us can ever hope to take life easy, like the man in the picture.

ANSWER: Fold line A down to join line B. Then fold line C down to join line D.

**Banker Advocates Corporation To Administer Aid To Europe**

ATLANTIC CITY, N. J., Sept. 30. (AP)—Winthrop W. Aldrich advocated today formation by the government of a "United States corporation for European Reconstruction" to administer funds appropriate for aid under the Marshall Program.  
 In an address prepared for delivery before the 13rd annual convention of the American Bankers association here, the chairman of the Chase National Bank, New York, said that "nothing will help western Europe itself so much as for us to organize in a businesslike manner with the same assurance to win the peace as we organized to win the war."  
 Aldrich suggested the corporation should be non-partisan and might consist of five experts appointed by the President with advice and consent of the Senate. Its duties, he said, would be:  
 1. To make certain that assistance by the United States was productively used and used to promote key industries.  
 2. To exert its influence to persuade western European nations to check inflationary pressures.  
 3. To encourage the removal of trade restrictions and economic controls.  
 Aldrich, who since the end of the war has made four trips to western Europe, said that "it is my judgment that our security as a nation depends in large measure upon the prompt and successful reconstruction" of that area, which he defined as the 16 nations of the Paris committee on European economic co-operation, plus the three western zones of Germany.

**Greece May Get U. S. Defense Plans**

ATHENS, Sept. 30. (AP)—Informed sources reported today that Maj. Gen. Stephen J. Chamberlin, chief of U. S. Army intelligence, was surveying military operations in Greece with a view to recommending specific "defense plans" to meet "any threat which might develop."  
 The informant said the plans would be designed primarily to quell current guerrilla activities in northern Greece but would not exclude the contingency of outside interference, including "aggression in any form."

**Sailors In Blast Should Recover**

TRIESTE, Sept. 30. (AP)—Hospital authorities said today that four American sailors badly hurt yesterday when the U. S. Destroyer Douglas H. Fox hit a mine 18 miles off this port were expected to recover.  
 Three sailors were killed by the blast and eight others less seriously hurt. The names of the dead and injured were withheld. The destroyer was taken to drydock in Venice.

**Witnesses Give Conflicting Views In Shooting Trial**

DALLAS, Sept. 30. (AP)—Wayne Thompson, 20, testified here yesterday that his father was wounded with a shotgun before the shots which killed Frank Williams in Vickery last Jan. 25 were fired.  
 He testified in the trial of his father, Charles Edward Thompson, charged with murder.  
 Young Thompson and his sister Joyce, 17, testified as to arguments and misunderstandings between their parents and the W. F. Core family. Williams was Mrs. Core's brother. The Thompsons had been renting part of the Core home.  
 State witnesses testified earlier that the first shot was fired by Thompson, and that Williams fired the shotgun one time as Thompson's second shot struck him in the heart.  
 Crystal chandeliers, still in use today, were ornaments in the court of Louis XIV of France.

# Constructive Discussion Desirable

A noticeable growth in discussion groups is reflected in reports from over the nation, and in general this is an encouraging and healthy sign.

The idea, regardless of the name, is to simulate the old cracker-box discussions in the early-day rural grocery store. Some excellent forums have been devised over the country, and in this field radio has rendered a distinguished service.

Danger of the trend is that the forum shall be accepted as a fad. It would be far better if it enjoyed a slow and solid growth, for fad acceptance might give the movement the kiss of death.

There are pitfalls for localizing the forum, not that it is not a good thing for any area or community. One is the organization of so-called discussion groups for ax-grinding purposes. The very nature of such units circumscribes their usefulness, for they are apt to become whipping posts rather than constructive instruments for enlightenment. Another hazard is in degenerating into personalities. Constantly, emphasis must be placed upon issues, not persons. Few people are capable of clear thought when the air is clouded with personal invectives.

But in the process of open and free debate, it is possible to develop ideas and perhaps support them with fact. More important, the desirability of persuasion is stressed, tolerance encouraged, and thought promoted.

# Real Stability Needs To Endure

As this is written, we do not know what the pronouncement from the White House will be regarding conferences on the European situation, and the attendant matter of a special session.

We do not pose as expert in any degree, and certainly not on whether a special session is urgent. There are many sound arguments for one, and there are many reasons for hoping to avoid convoking the Congress. The point that needs to be answered, however, is the review and action on methods and extent of assisting Europe.

This is not an altogether popular thesis, for in recent months there has been growing sentiment to curtail, and some would even stop, assistance outside our borders. Some responsible quarters have laid the blame for rising prices to export policies, and there is good reason to believe that they logically have a bearing on our economic structure. The inclination is that we need to attend to our own situation before attempting to attend to others, i. e., obtain stability at home before seeking to accomplish it elsewhere.

The fault with this premises, however, is in placing paramount emphasis on order, rather than the ends. President Truman had this to say: "The earliest practicable achievement of economic health and consequent political stability in Europe is of utmost importance for the peace and well being of the world."

If this is true, it follows that there can be no real stability until something has been done about stability in Europe. We might achieve a temporary stability by withdrawal, but it would not be an enduring stability.

The Nation Today—James Marlow—

# New Hope Seen For Street Car

WASHINGTON, (AP)—Street cars are still decreasing in number, as they have for 30 years.

But the street car isn't ready to fade from the American scene. Hundreds of new ones—fast, lightweight, streamlined, nearly noiseless—have been delivered this year. Hundreds more are on order.

Also, street cars are still yielding ground to buses. Every week or so, some city replaces the street cars on certain routes with motor buses or trolley coaches (sometimes called trackless trolleys).

In the last 20 years, street car tracks have shrunk from 40,570 miles to 15,490 miles.

Thousands of big new motor buses have been delivered this year. They are more comfortable than the old ones. Some are diesel-powered. A few—in San Antonio—are even air-conditioned.

But streamlined trolleys have certainly given a boost to the prestige of the street car, and new hope to those who have a stake in its survival.

Street railways hit their passenger peak in 1923, when they carried passengers for 13,569,000,000 rides. They sank to 5,943,000,000 passengers by 1940.

During the war they came back considerably, carrying 9,516,000,000 passengers in 1944, but then started back down. The figure for 1946 was 9,027,000,000.

By contrast, buses have increased their traffic from 661,000,000 passengers in 1923 to 10,199,000,000 in 1946.

Affairs Of The World—DeWitt MacKenzie

# Britons Are Loyal To Throne

The eagerness and affection with which England is preparing for its forthcoming royal wedding, despite the worries of a depression which is rocking the very foundations of the country's economy, speaks in no uncertain terms of the country's loyalty to the throne.

It also seems to give an answer in the negative to the much debated question of whether Britain is swinging toward communism.

Princess Elizabeth will have a wedding such as befits the girl who is expected one day to sit upon the throne. She and Lt. Philip Mountbatten, handsome prince of the Greek royal house, will be married in ancient Westminster Abbey, surrounded by the heirlooms of England's greatness. There will be a magnificent procession through London; a great reception; eight wedding cakes weighing 300 pounds or more each; many and wonderful wedding presents, and the whole country will be en fete.

However, in these hard times the wedding will lack the pomp and splendor of bygone days. Costs will be kept as low as possible. The prince will forego a trousseau, and we even find the august Lord Chamberlain announcing that gentlemen attending the wedding may wear ordinary lounge suits instead of the customary morning dress of long tails and striped trousers.

Thus due reference will be paid to slim pocketbooks. Still, the people on the whole didn't want an out and out "austerity" wedding for their beloved Princess. And the reason for this attitude is that the King and Queen and their children are looked upon as a part of the English family as a whole, comprising all classes. In war and in peace, royalty in modern times has marched with the "rank and file." It belongs among cherished traditions.

Furthermore no political line can be drawn about present day British royalty. It exercises no influence on the political thoughts of the people. It is head of the social structure but knows no class.

Texas Today—Jack Rutledge

# Special Lock May Save Lives

A Texas woman's fear led her husband to invent a device that may save a lot of lives—and make him a lot of money.

Mrs. Ruth Clair of Palestine works in the Palestine consolidated frozen food locker plant. One of her duties is to lock up each night.

She would warn that the room would be closed in a few minutes. Then, she would shut the eight-inch thick door and insert a padlock spike in the latch—a practice required by insurance underwriters to guard against theft of the thousands of dollars worth of meat and fresh fruits in the box.

Cold statistics show that 18 or 20 persons over the country have died by being locked inside the huge boxes where temperatures remain a constant zero or less. There is no exit from these frigid tombs.

"Every night she would worry and worry," said her husband, L. C. Clair, an electrician for an oil company. "About 11 o'clock, we'd both go to the locker plant and check the place again."

There were a lot of sleepless nights.

Clair decided to invent a lock that would work so, as he put it, "you have to be inside to get out." He did.

He devised a brass chamber lock with a spring-operated smaller chamber inside. The outer chamber serves as the door lock, using a bolt and padlock as on the conventional latch, but the interior chamber has a rod-actuated trigger which will unlock the door. Understand?

He says it is fool-proof, and can be attached to any locker door in the estimated 30,000 locker plants in the U. S., including 1,600 in Texas.

He has been asked to demonstrate the new Clair safety lock release before the National Board of Underwriters in Chicago, and manufacturers are making him tentative offers for its production. He figures the gadget will sell for about \$35 each.

And they won't have trouble selling them. In fact, they will be made mandatory in all frozen food and fur storage rooms in the nation, he believes.

Then he can sleep again at night.

**LEMON GROWS IN N. H.**  
BRADFORD, N. H. (U.P.)—A lemon tree at the home of Hubert Davis, which is only two feet tall, has yielded a lemon weighing 1 1/4 pounds and measuring 14 inches in circumference.

**FISH YIELDS WATCH**  
JANESVILLE, Wis. (U.P.)—Fred Raby dropped his wrist watch into Lake Lynx while on a fishing trip. Several weeks later, a neighbor hauled in a 20-pound muskellunge. He found Raby's watch in its stomach.

**NATURE TOO MUCH**  
MILWAUKEE (U.P.)—Joseph Rodich said he had taken a lot in 24 years of married life, but when his wife made him sleep in the attic during a heat wave, that was too much. He filed suit for divorce.

**POPCORN BITES BACK**  
QUINCY, Mass. (U.P.)—Fifteen-year-old Constance Roberts virtually was handcuffed to a popcorn machine for 15 minutes when her hand became caught in the delivery hole while she was buying popcorn.

# Marriage And Money

NEW YORK, (AP)— Sayeth the poor man's philosopher: Man cannot live by bread alone, but it is also true that love is nobody's fuel.

That's why young married couples need an income of some kind. But they don't have to start jaywalking down the road to divorce just because their budget is small. It's only the ten-penny rule that demands the big-dollar upkeep.

How, then, can two loving people live as cheap as one? Well, they can't. The last couple that did it were the Siamese twins. But a couple can live happily together cheaper than they can apart, dueling at each other through attorneys over the problem of alimony.

The biggest problem a young husband and wife face in living on a junior-size budget is to come to the open and mutual realization that being together is worth skipping a dress or a suit of clothes, the weekly bottle of booze, or the annual vacation trip to a postcard land.

The next problem is to be sure that the budget, no matter how small, is deliberately salvaged occasionally to give you both a night out together on the town. There is no other thrill in life to compare with the delirious terror of a young couple or a beach resort—which they know they can't afford. The late J. P. Morgan never had so much fun buying a yacht.

A couple, on the other hand, that doesn't play hooky with some once-in-a-while foolishness is inviting the disaster of dry rot. Their iron-clad budget will rust all joy into slow hate.

Less quickly do many young couples realize that to make up for the pleasures lost in low-budget living, they must share more deeply in each other's lives. This is endless reward.

I have reversed my belief of many years that a man should perform as few household chores as possible. I still think it is demeaning for a husband to cook all the meals. But the more work-a-day things you do together the more a house seems like a home instead of a corral. For some reason modern wives still prefer a husband to a radio in the kitchen. The radio just won't stop and listen.

So—pitch in with a towel on the dishes, men. As Frances tells me, "You only do so about once every leap year, but every little bit helps."

Broadway—Jack O'Brien

# Weather And A Show

NEW YORK, (AP)— A recent guest on the radio show, "We The People," insisted that a clause be included in his contract for an appearance on the program—that in case of a thunder storm he would not have to go on!

Seems the gentleman is an engineer at the Empire State Building and his job is to measure the force of lightning striking that edifice. He pointed out that in the event of a storm within twenty minutes of his scheduled air appearance, he would have to be at his post. P.S.—he didn't have to dash away and leave the program's producer to curse the weather. It was nice and clear and he went on, and kept everybody happy.

**CY HOWARD**, one of Broadway's ranking wits, and I don't mean with "nit" for a prefix, has coined a new word, "de-joke-ify." Cy, who produces, directs and helps write the very funny new air show, "My Friend Irma," finds that although his show is basically a comedy program, he must maintain a certain mood which precludes the use of completely extraneous laughs. The guffaws, if any, must follow a certain characterization and no matter how hefty a giggle may follow some jokes, they must be tossed dolefully away if they do not fit Irma in character. He admits he has to put up a pretty stiff argument with himself each time he "de-joke-ifies" one of his scripts. Cy says there is nothing more dear to anyone's heart, not even the reactions of mother love, than a gagman's loyalty to a laugh.

Over on Arthur Godfrey's "Talent Scouts" program, a young Irish tenor from West New York, N. J., told Arthur after he walked off with top honors the other night that it was a double victory. Seems that when Joe Ford got out of the Army and insisted on chasing after a singing career, his wife, who preferred to face the harsher realities rather than the permanent frustrations of a stage or radio ambition which never realized itself, gave him a limit of two years in which to get going or quit. The agreement had only a little over a month to go, Joe told Arthur, and already, with offers arriving as a direct result of his radio showing, things look considerably brighter for Joe. His wife even feels she might have been wrong all the time, and is willing to extend that two-year limit if need be. From here, though, it seems that Joe has received the exact career propulsion he needed.

**FROZEN Happiness**: Dr. Sidney Davidson was a rink-side patron at the New Yorker Hotel's ice show the other evening, and the Doc termed the occasion one of the most satisfying of his career. His professional and personal pride was an object of attractive interest twirling expertly on the ice. Jeanne Soak, who was a patient of Dr. Davidson's just two years ago. Jeanne, now the lovely young star of the rink show, injured her legs to such an extent that the doctor was quite certain she'd never skate again. But the Doc and Jeanne managed a miracle—now on view on 34th Street!

**THANKS MR. JAILER**  
CONNERSVILLE, Ind. (U.P.)—Sheriff Oscar Haag received a bread-and-butter letter from a former "guest," who wrote: "I have been in a lot of jails, but yours was the cleanest jail I've ever been in. I didn't even see a cockroach."

**SLAKE TOO FRIENDLY**  
FORT LORAMIE, O. (U.P.)—While cutting brush along a fence row, Clemens Seger felt something crawling on his back. He grabbed a blacksnake about seven feet long which he hurled across the fence while he ran in the other direction.

**TIME STANDS STILL**  
GREEN BAY, Wis. (U.P.)—Workers here had a good excuse for being late. Two pigeons perched on the hands of the courthouse clock, stopped the mechanism for nearly an hour.

**DOGS BITES PREPAID**  
FALL RIVER, Mass. (U.P.)—When a Fall River youth was bitten by a dog, the owner told police she would take care of all medical bills, since the dog was insured against such activities.

**DAISY CLIMBS HIGH**  
BROCKTON, Mass. (U.P.)—An elm tree owned by Mr. and Mrs. Charles E. Hill has a yellow daisy growing out of a branch 15 feet from the ground.

**MARRIAGE LASTED TOO**  
BENTON, Wis. (U.P.)—Thirty years after it was lost, Lee Powers found his wife's wedding ring in the garage of her home. It was in perfect condition.

**FOILED TERMITES**  
STURBRIDGE, Mass. (U.P.)—With the fire chief's approval, George R. Martel burned down his house to rid the structure of termites.

Washington Merry-Go-Round—Draw Pearson

# Morgenthau And Wallace Chat

WASHINGTON, (AP)— Hawk-eyed Henry Morgenthau casually meandered into the office of his ex-cabinet colleague, Henry Wallace, the other day for an informal chat which may have been their last for a long time.

As the chat ended, Wallace stood up from behind his small, dust-cluttered desk and said: "Henry, why don't you and Mrs. Morgenthau come over to our farm tonight and have some supper with us?"

Morgenthau said that he couldn't accept the invitation because Mrs. Morgenthau wasn't well.

"I'm sorrier than I can tell you that we can't accept," Morgenthau added, with a nervous twang in his voice like the ticking of a bomb about to explode. "You see, in a few days I don't think you're going to be talking to me anymore, Henry."

Wallace was shocked, asked why. Morgenthau then told how he had turned his famous 900-volume diary over to Collier's to be published in a series of articles. He added that the first article would be on the new-stands in a short time.

"I'm afraid you won't like it very much, Henry," explained the doleful ex-secretary of the Treasury, who with good reason FDR nicknamed "Henry the Morgue." "It seems that in my early days in the Administration I thought you were quite a spender and said so. Collier's picked that out. They're using it in my first story."

When Wallace heard this, he didn't realize just how devastating the Collier's attack under Morgenthau's name would be, and merely laughed at Morgenthau's comment. Now that he has seen the articles, the close-lipped ex-Vice President hasn't even permitted his close friends to learn his real reaction.

Note — When Morgenthau signed up with Collier's, the magazine agreed to permit him to cut out any objectionable portions of the diary. Morgenthau sent the section on Mrs. Roosevelt to the former first lady for her approval. He did the same with the part on Harry Hopkins, referring it to Hopkins' Boswell, famed playwright Robert E. Sherwood. Somehow, Morgenthau forgot to clear with Wallace.

**DIDN'T COME TRUE**  
Here are more statements

**In Hollywood—Bob Thomas**

**HOLLYWOOD, (AP)—** Spending money is no problem for the glitter queens and kings of the movie factories, but spending time is another matter.

An independent survey (conducted by this independent reporter) shows that movie stars, who work a theoretical eight-hour day, spend an average of only 53.2 minutes of actual emoting before the cameras. Also, this vastly unscientific report declares, they donate 67.3 minutes for makeup (double this for women), 12 minutes to studying the script, 17 for arguing with the director, 14 for press interviews, 25 for miscellaneous functions.

This leaves a whopping amount of time to kill, and some slay the hours aimlessly, others make use of them. Joan Crawford, for example, is an inveterate knitter, as are Deborah Kerr and Jane Powell. Ronald Reagan and Robert Taylor talk politics with anyone around. Fred McMurray, a frustrated artist, sketches anything in sight, pausing now and then to read the stock market reports.

Cary Grant indulges in guessing games. Lana Turner is one of the few who reads books between scenes and she always has a phonograph playing the latest records. Gene Kelly figures out his next dance routine. Loretta Young sews things for her children.

Van Johnson answers his fan mail. Clark Gable pulls a chair out on the set and shoots the breeze with the crew. Olivia De Havilland reads palms. Robert Mitchell grips.

Then there are some who spend the time laboring over a hot racing form. But they prefer to remain anonymous.

# Star Brook Backstop Enters World Series With Badly Bruised Hand

## Herd In Shape For Odessans

If the mental trim of the Big Spring Steers is as good as their physical condition, the local grid-ders are going to give the Odessa Broncs a battle in Odessa Friday night.

The Longhorns emerged from the Childress bout last week in good shape. Harold Berry, star quarterback, suffered a bruised arm against the Bobcats but will be shipshape Friday. Delmar Turner, the elongated tackle, had to leave the bout for a while because of a leg bump but he can probably go the full 45 minutes Friday.

The Big Springers were acquainted with a few Odessa plays for the first time yesterday and were due to get more today.

## LOOKING 'EM OVER

With TOMMY HART

Pet Murphy's Big Spring football Steers will have to see what can be done with the fastest if not the best schoolboy backfield in Texas come Friday night.

That evening the Longhorns will be the guests of the Odessa Broncs, owners of a victory string that has extended through 17 consecutive games, including three this season.

Coach Joe Coleman lost nine of his eleven starters from the 1946 state championship team and his line is not what it once was. One doesn't lose boys like the Moorman brothers, Glenn Taylor, Wayne Jones, Steve Dowden and Herman Foster and not suffer for it.

However, the Odessa secondary has taken up the slack and can in time rank with the great backfield combinations in schoolboy history. Murphy has no fears that his forward line will scrap the Odessa primary on even terms but shudders when he thinks of what Coleman's gosh-awful backfield will do to his defense.

Hayden Fry, a cool and collected T quarterback, has gone his way but all doubt as to whether young Paul Matejowski would be able to fill the bill has been erased. Matejowski is all there.

Gerald Campbell and Jimmy Patterson have replaced Pug Gabriel and Sonny Holderman, respectively. Campbell

pass, recovers a fumble or steals the ball from an opponent he earns \$10.

Local fistcuffers could get started on their winter conditioning program if officials of the Big Spring Athletic association had some building in which to install their ring.

An enclosure no bigger than 25 x 25 feet is needed.

Persons knowing of any empty structure which would suit the purpose can do a service by calling Mark Wentz or contacting this department.

Ref Thumbs Out Lubbock Heavy

Ray "Big Train" Clements sluffed off another decision at the Big Spring Athletic club Monday night and in much the same manner as in his debut here more than a month ago.

Referee A. C. Perry disqualified the Lubbock ruffian for trying to trample Dr. Gil Knudson, Clements' opponent, when all was supposed to be peace and quiet.

Each gladiator had won a fall and the two were preparing for the finale when Clements decided to end it then and there. He rushed Knudson. Perry rushed Clements and the railbirds rushed for the exits.

Kenny Mayne tried doing a flying trapeze act in his taffy-pull with Ace Abbot—without the swings—and wound up a disarranged article in the corner of the ring. Abbott plopped on him easily for the count.

Mobile Defeats Houston, 7-2

MOBILE, Ala., Sept. 30. (AP)—Mobile's Southern Association champion held a two games to one edge over Texas league champion Houston today in the Dixie Series.

The Bears handed the Buffs their second straight licking last night, 7-2.

Mobile chased Houston's ace Clarence Beers, in the sixth inning after Bill Hart homered with two mates aboard.

Pat McGlothlin held Houston pretty well in check.

Tommy Glaviano's home run kept Houston in the ball game during the early innings.

Mobile scored twice in the first, added four more in the sixth and one in the seventh.

The two teams meet here again tonight in the fourth game of the seven game series.

Plan For Fems' Cage League Going Over

HILLSBORO, Sept. 30. (AP)—A week after mailing out invitations to 800 schools asking that they enter teams in the Texas high school girls basketball league, L. C. McKemie, director general, has received 100 applications for membership.

Entries to date include east chambers of Winnie-Stovall, defending state champions.

The deadline for entering teams in the 18 districts will be Nov. 1.

Odessa And Wichita Falls Rate One-Two In School Boy Grid Poll

DALLAS, Sept. 30. (AP)—Odessa and Wichita Falls lead the hit parade in Texas schoolboy football. We are already advertising their quarterfinals game in the state play-off as the real title struggle.

Here's how we rank the top 10 teams in Texas after three weeks of play:

1. Odessa.
2. Wichita Falls.
3. Austin.
4. Corpus Christi.
5. Waxahachie.
6. Breckenridge (San Antonio).
7. Longview.
8. Marshall.
9. Goose Creek.
10. Thomas Jefferson (San Antonio).

The second ten: 11. North Side (Fort Worth), 12. Kilgore, 13. North Dallas, 14. Lufkin, 15. Tyler, 16. Sunset (Dallas), 17. Sherman, 18. Highland Park (Dallas), 19. Port Arthur, 20. Pampa.

Ranking next in line would be

## Single Foul Tip Could Cripple Chances Of Under-Dog Brooklyn

NEW YORK, Sept. 30. (AP)—Lingering doubt about the condition of Dodger catcher Bruce Edwards was the only disturbing note on the World Series front today as Ralph Branca of Brooklyn and Frank (Spec) Shea of the New York Yankees braced themselves for the big tests of their baseball lives in the Yankee Stadium opener.

Edwards definitely will start but there is deep concern in the Dodgers clubhouse over the stocky catcher's badly bruised right hand. As deep as the Brooks are in all other positions, they are dangerously thin in catching. Back of Edwards they have Bobby Bragan, rusty from disuse after catching only a half dozen complete games, and rookie Gil Hodges from Newport News.

One solid crack on the middle finger of Edwards' right hand by a Yankee foul could cripple the Brooks. Because of Edwards, catching was the one spot in which the underdog Dodgers were given a decided edge over the Yank starters.

Shortly before the 1:30 (EST) starting time, Manager Burt Shotton was expected to confirm Branca's selection by sending him out to warm up before some 73,000 customers who will set a new in-

jury record for the series.

If there should be a last-minute shift the honors would go to Vic Lombardi, the crafty little lefthander.

Shotton is following his seasonal formula by starting Gene Hermanski in left field against a right-handed pitcher, Shea. Despite Carl Furillo's timely hitting and great throwing arm, the lad from Reading, Pa., will be sitting on the bench except when Lefty Page is in action.

Jackie Robinson at first, Eddie Stanky at second, Pee Wee Reese at short and Spider Jorgensen at third will be the Dodger inner defense with Hermanski in left, Pete Reiser in center and Dixie Walker, the elder statesman, in right field.

Harris announced his lineup Sunday night, reserving the privilege of shifting batting positions of Catcher Larry (Yogi) Berra from third to eighth with Left Fielder Johnny Lindell moving to sixth and Shortstop Phil Rizzuto to seventh in case a lefty goes for Brooklyn. The infield will have George McQuinn at first, George Stranewass at second, Rizzuto at short and Bill Johnson at third. Lindell will be in left, Joe DiMaggio in center and Tommy Henrich in right.

With the city's hotels bulging and tickets selling at \$25 each for a single seat, the only thing that could upset the opera was rain. The weather man predicted showers in the morning and clearing in the afternoon.

Although the series originally figured to be a battle of the bulls between Page and Hugh Casey, the portly Flatbush restaurant owner, the September revival of Shea, Allie Reynolds and Bill Bevens as strong 9-to-5's to favorites man-to-man betting.

Yankee home run power overshadowed the Dodgers' long ball ability but Shorthorn crew packs more speed, especially in the person of the fleet Jackie Robinson who has stolen more bases than the entire Yankee club. National leaguers predict another upset such as the St. Louis Cardinals pulled in 1942 when they outsped the bewildered New Yorkers.

## S'west Elevens Face Difficult Tests Saturday

By The Associated Press

Southwest conference football teams face a hard week of practice for the three intersectional and one conference game Saturday.

Texas, TCU, A&M, Rice and Baylor opened their week's drills yesterday. Southern Methodist university arrives back home at Dallas today from California.

Injuries were comparatively few after a full schedule of games last week.

TCU Coach Dutch Meyer said he expected ailing back Jim Lucas to be ready for Oklahoma, but that Harold Kilman, first string tackle, would probably be shelved due to a bruised shoulder.

The Frogs went through a full practice session yesterday.

Coach Jess Neely of Rice started what he said was "a full week's practice in three days" yesterday. The Owls, who lost to LSU last week, meet Southern California in one conference game Saturday.

Blocking and tackling were expected to be major items on the Owls' agenda.

Texas worked until dark yesterday and Coach Blair Cherry indicated the Longhorns would do the same the rest of the week.

The Longhorns will work on their pass defense and on offense, Cherry said.

SMU is expected to start its hard practice tomorrow.

A&M went through a session devoted to contact work. Coach Homer Norton had his second team running from the T formation and using Oklahoma plays.

Arkansas' regulars had a light day, Coach John Barnhill outlining mistakes made against North Texas State Saturday in a lecture. Baylor doesn't play this week, but Coach Bob Woodruff had the Bears working hard yesterday.

## Shorthorn Crew Meets Mustang B String Oct. 4

Victors their first time out against Lamesa, the Big Spring high school football Shorthorns square off with the Sweetwater B string here Saturday.

Coaches Conn Isaacs and J. B. Neely were pleased with the overall performance of their troops but are satisfied the Dogies need much more polishing before they come out against a really good contingent.

The 1946 edition of the reserves won all but one of its starts and Isaacs and Neely are hoping the current edition of the club will do as well.

Little Carroll Cannon, who was a whale of a guard for the Yearlings last year, blossomed out as a back in the first game—a back that showed an ability and a liking for carrying the ball.

The Shorthorns were slow in getting started against Lamesa, but once they did begin to roll, there was no stopping them. Cannon scored two of the touchdowns in the 18-0 victory, Virgil Roundtree the other.

Saturday, Oct. 11, the Big Springers journey to Odessa to play Joe Coleman's reserves.

## Herd-Tarheel Bout Saturday To Be Sellout

AUSTIN, Sept. 30. (AP)—Southwestern football fans expect the boys to do everything except eat the pigskin out at Memorial Stadium next Saturday.

That's why 44,000 will jam into the big saucer for the first meeting of the University of Texas and North Carolina.

This game will answer a lot of questions about Texas, a team no one can get hot on but one which everybody in the Southwest Conference appears to fear worse than poison. But they're still wondering about the switch to the T formation and whether the Texas line can get the job done.

For one thing, Texas will be the under dog in this game. It's something new—at least new since 1941. The Longhorns have been the favored team in every game for seven years—until now. In fact, this is the first season Texas hasn't been picked to win the Conference title.

Furnishing the chief lure to fandom is the expected duel between two of the finest backs in the country—a couple of guys who should give the All-America pickers worries come December One is Charlie (Choo Choo) Justice of the Tar Heels. The other is blond Bobby Layne, that passin' man of Texas.

Layne, the leading pitcher in the nation last year, has taken up right where he left off. In two games this season he has completed 11 out of 17 tries for 207 yards. And Bobby hasn't played a third of the time. Coach Blair Cherry doesn't even leave him in the lineup on defense.

Justice is one of the top running and kicking backs of the nation. But they're wondering here if another fellow won't edge into the spotlight when the game gets under way. Walt Pupa, that big full-back, has been throwing them high, wide and handsome for North Carolina.

But anyway the fans will be spotting No. 22 as the game starts. In that way they can keep up with both Layne and Justice—each will have No. 22 on his sweater.

## Porker Defense, Offense Best

DALLAS, Sept. 30. (AP)—That iron-bound Arkansas defense that sent the Razorbacks to the Cotton Bowl last season is still at work. But the Porkers also have moved out offensively this year.

Statistics on Southwest conference football released today by James H. Stewart, conference secretary, show Arkansas to have allowed only 164 yards rushing and passing in their two games. This is 30 yards better than given up by Texas Christian, second defensively in the conference.

Arkansas has rolled up 776 yards rushing and passing to lead the offense. Texas, in second place, is 15 yards behind Arkansas.

Little Ken Holland has contributed 250 Arkansas yards on the ground as leading ball-carrier of the conference. Byron Gillory of Texas is second with 166.

Bobby Layne of Texas tops in passing with 11 completions in 17 attempts for 207 yards; J. D. Ison of Baylor leads in pass-receiving, having taken five for 98 yards; Leon Justin of Texas Christian is the leading punter with an average of 38.5 on two kicks, with Stan Holmigg of Texas A. and M. second with 47.2 on seven boots, and Bob Goode of A. and M. leads in punt returns with 102 yards on three run-backs for an average of 34.0.

## Shorthorn Crew Meets Mustang B String Oct. 4

Victors their first time out against Lamesa, the Big Spring high school football Shorthorns square off with the Sweetwater B string here Saturday.

Coaches Conn Isaacs and J. B. Neely were pleased with the overall performance of their troops but are satisfied the Dogies need much more polishing before they come out against a really good contingent.

The 1946 edition of the reserves won all but one of its starts and Isaacs and Neely are hoping the current edition of the club will do as well.

Little Carroll Cannon, who was a whale of a guard for the Yearlings last year, blossomed out as a back in the first game—a back that showed an ability and a liking for carrying the ball.

The Shorthorns were slow in getting started against Lamesa, but once they did begin to roll, there was no stopping them. Cannon scored two of the touchdowns in the 18-0 victory, Virgil Roundtree the other.

Saturday, Oct. 11, the Big Springers journey to Odessa to play Joe Coleman's reserves.

## Two Fems Play

Don McGuire is leading the early qualifiers in the annual City golf tournament now underway at the Muni course.

McGuire posted an even par 74 recently to beat the next lowest linksman by eight strokes. McGuire was three under regular figures for the first nine but slipped to a 40 coming in.

McGuire's score assures him of rating the championship flight but a 70 or 71 could take the medal.

In all, 12 entries have gone to the post. J. E. Foote, Johnny Burns

## Cosdenites Set A Torrid Pace

Cosden's Ollers, gathering 2,885 pins in the three games, became the team to beat in the Men's Classic bowling league by thumping Texas club in three outings at the West Texas Bowling center Monday night.

Schilir's Beer and Nathan's Jewelers also scored sweeps over Carling's Ale and Griffin Nash, respectively, while Berghoff was nudging Douglas Hotel, 2-1.

Douglas boasted high single game with a 332. E. B. Dozier of Berghoff accumulated a 217 in one outing and went on to post a 578, tops in aggregate scoring. Skeet West, one of Dozier's team mates, collected a 213.

Jack Smith and Leonard Morgan, both of Cosden, were the only other kleglers to shoot 200 or better. Each had a 202.

## Water Valley Cats Lose Star Back

WATER VALLEY, Sept. 30. —David Jones, a back who performed brilliantly for Coach Elvin Mathis' Water Valley Wildcats in last week's outing with the Rankin Red Devils, probably will be lost to the Felines in Friday's outing with Garden City.

Jones split a bone in his right arm shortly before the end of the game with Rankin and will probably be lost to the Cats for at least two weeks, Coach Mathis said.

In his place, Mathis will probably use Len Ainsworth, 122-pound quarter, who passed to Jack Willis for one touchdown last week.

"MARCH  
OF  
TIME" No. 1

with BARRY NELSON - LEON AMES

"MURDER AT MIDNIGHT" — A horror show of the most thrilling variety is announced for the Ritz stage Wednesday, with a special midnight (11:30) presentation of Dr. London and his "Inner-Sanctum Hour." Dr. London, with one of his models, is shown above. Not the least chilling of Dr. London's amazing feats is the "he-heading" of an innocent victim, this act being done, of course, with all the grisly atmosphere possible. Princess Karnac appears in a "spook shower," and Dr. London demonstrates many feats of dark magic. The stage show is in addition to a screen program, and tickets may be obtained in advance at the Ritz boxoffice.

### Romanian Says Communism To Take Europe

PARIS, Sept. 30. (AP)—Gregoire Niculescu-Buzesti, former foreign minister of Romania, declared today that the Marshall aid-Europe plan is "only a temporary measure and will not halt the westward march of Soviet Russia."

Most people in the Balkans, Niculescu-Buzesti said, believe that the Marshall Plan was devised to curb the spread of communism in western Europe, but he voiced the conviction that the Soviet Union had extended its influence too far for the plan to succeed.

"The Russians have cut the body of Europe in half," said the 40-year-old diplomat in an interview. "The Marshall Plan is equal to a blood transfusion, but it is running right back out of the continent's gaping wound."

Niculescu-Buzesti served as personal counsellor to King Mihai during the German occupation and was foreign minister in the second government formed after the end of the war. His brother has been imprisoned by the communist-dominated Romanian government.

### Lord Nelson Heir Dies

SALISBURY, England, Sept. 30. (AP)—Earl Nelson, great-great nephew of Admiral Lord Nelson, hero of the battle of Trafalgar, died in a nursing home today. He was 89 years old.

The Earl, christened Thomas Horatio Nelson, lived as a recluse on his Wiltshire estate—Trafalgar—supported by a \$20,000-a-year government pension which will be terminated upon the death of the sole remaining heir to the title, Hon. Edward Nelson, the Earl's 87-year-old brother.

The pension, granted in perpetuity for Lord Nelson's services, was the last of its kind ever voted by Parliament and provoked numerous debates in the House of Commons. The labor government introduced a bill, passed last June, abolishing the pensions on the death of the last heirs.

The pension had cost British taxpayers \$2,820,000 in the last 141 years, but Earl Nelson repaid part of his income to the state in recent years in the interests of national economy.

### Markets

**LIVESTOCK**  
PORT WORTH, Sept. 30. (AP)—Cattle 4,200 calves, 2,100; slaughter calves and steers 12,000; early rounds; later trade on fat calves dull all day; common to medium slaughter steers and heifers 12.00-12.50; few good steers and yearlings to 22.50; good fat cows 16.00-16.50; common to medium cows 12.00-12.50; 16.50; good and choice fat calves 17.00-20.00; common to medium calves 12.00-14.00; medium and good aged sheep 7.00-8.00; 13.00-20.00; heifer calves and yearlings mostly 15.50 down; stocker cows 14.00.

Hogs 500; butcher hogs active 25-30 cents higher; sows and pigs steady; top 29.00; good and choice 100-270 lb butchers 28.75-29.00; good 160-185 lb 27.00-28.50; good 150 lb averages downward to 26.00; sows 24.00-26.00; stocker hogs mostly 20.00-25.00.

Sheep 4,500; fairly active, killing classes steady; yearlings 10.00-11.00; medium to good fat lambs 19.00-21.00; common to medium yearlings 12.00-16.00; medium and good aged sheep 7.00-8.00; medium and good feeder lambs 13.00-17.00, including light weight lambs at 13.00.

**COTTON**  
NEW YORK, Sept. 30. (AP)—Noon cotton prices were 65 cents to \$1.60 a bale higher than the previous close Oct. 31.52, Dec. 31.24 and March 31.23.

**WALL STREET**  
NEW YORK, Sept. 30. (AP)—Leading stocks reached for further recovery in today's market although bidding urgency again was lacking.

Dealings tapered after a fairly active opening but fractional gains predominated near midday.

Pleasant dividends aided Union Oil of Cal. and Burlington Mills. In front most of the time were U. S. Steel, Chrysler, General Motors, Columbia Gas (on an initial 7.50-share block), J. I. Case, Montgomery Ward, International Harvester, Kennecott, Southern Railway, Pacific Western Oil and International Paper. On the offside at intervals were Bethlehem, Republic Steel, North American, Du Pont, Southern Pacific and Standard Oil (NJ).

Bonds were steady and cotton futures

### Weather Forecast

Dept. of Commerce Weather Bureau

Expected high today 85, low tonight 60, high Wednesday 88.

EAST TEXAS: Fair, except occasional rain, extreme south portion this afternoon, tonight and Wednesday. No important temperature changes. Moderate southeast winds on the coast.

WEST TEXAS: Fair this afternoon, tonight and Wednesday. No important temperature changes.

### Overseas Airmen Start Strike

NEW YORK, Sept. 30. (AP)—The crew of an American overseas airplane plane which was to have left New York at 4:30 a. m. (EST) today for Washington, D. C., before starting a transatlantic flight, failed to report for duty, a company spokesman announced.

A few minutes before, in Chicago, David L. Behncke, president of the AFL Air Line Pilots association, announced a mass walkout of the company's transatlantic crewmen had begun at 4 a. m. (EST).

The first plane affected here was to have flown empty to Washington, picked up passengers there for a return flight at 7:50 a. m. and then to have left La Guardia field at 10:30 a. m. for Frankfurt, Germany. The company said 17 passengers were scheduled to make the trip.

Three other flights from New York to European points were scheduled today, the company said.

### Czechs Appear To Be Caught In Big Power Squeeze Play

NEW YORK, Sept. 30. (AP)—Czechoslovakia appeared to be tightly caught today in a squeeze play between Russia and the western powers over election of three new members to the United Nations security council. It seemed that Czechoslovakia might have to take one of the seats despite her own campaign against election.

The campaign has been waged privately by the Czechoslovaks apparently in an effort to avoid inheriting Poland's "yes-man" role to Russia in the council.

If Czechoslovakia should not get a seat on the important 11-nation agency, then, diplomatic authorities predicted, Russia would find herself without a single friend on the council. Such a situation would carry the United Nations split in the big-power bloc to a length undreamed of even a few

### First Meet Set For Community Fund Leaders

Initial meeting looking to organization of the Community Fund for 1947-48 is set for 7:30 today at room No. 2 in the Settles.

Ira L. Thurman, general chairman, announced that an out-of-town speaker had been invited to address the meeting and urged organizations participating in or interested in the Community Fund to be on hand for the important meeting.

"Today's meeting is vital," he said. "We are confronted with decisions affecting the continuation and organization of the Community Fund, and it is imperative to have participating agencies represented."

Last year the Community Fund—the first joint peace-time campaign in Big Spring—embraced the Boy Scouts, Girl Scouts, Salvation Army, YMCA locally and made provision for the USO and China relief campaigns nationally.

**Scout Head Names Nominating Group**

A nominations committee, charged with responsibility of selecting an annual meeting date as well as proposing officers, was named by Chairman Champ Rainwater at a meeting of the Big Spring district Boy Scout committee Monday noon.

On the important committee are Dr. W. B. Hardy, Dr. P. W. Malone, and W. C. Blankenship.

At the meeting operational reports were heard, including recognition of Charles Willbanks, who earned his Eagle award, and Don Williams, recipient of a special life saving award.

Attending were Dr. Malone, Nat Shick, S. M. Smith, C. S. Blomshield, Charles Watson, George Melear, A. V. Karcher, D. M. McKinney, W. C. Blankenship, Elra Phillips, Dr. Hardy. Visitors included Rev. Jimmy Parks, Dr. P. D. O'Brien, Rev. C. A. Long, and Bill Dawes. Henry D. Norris, district field executive, also attended.

**Two Are Held In Ballinger Robbery Case**

BALLINGER, Sept. 30. (AP)—Two men were held in jail today, charged with robbery with firearms in connection with a \$17,000 robbery near here Sept. 20.

Charged yesterday before Justice of the Peace J. N. Key were Buryl E. Walker, 39, Pampa ex-convict, and Henry J. West, 33, of Mineral Wells.

West was arrested several days ago in Mineral Wells and Walker was arrested by Fort Worth police Sunday night.

Ranger Capt. Gully Cowser told Walker had served terms on charges of cattle theft and robbery with firearms.

All jewelry and cash taken from Mr. and Mrs. Eldridge S. Price of Ballinger and Mr. and Mrs. O. P. Haller of Hollywood, Fla., has been recovered. Only a small amount of cash remains unaccounted.

A submachine gun said to have been used in the robbery has been recovered, Texas Ranger Clarence Nurdyke said yesterday.

**Radio Programs To Honor Newsboys**

Special program paying tribute to the newspaperboys of America are scheduled on several major radio presentations this week, as a part of the observance of National Newspaper Week which opens Wednesday.

Recognition to the young men who play a vital part in distribution of the news is scheduled on the following programs:

Tuesday—Bob Hope, Red Skelton; Wednesday—Don McNeill's Breakfast Club, Dennis Day; Thursday—Hart's Desire, Darts For Dough; Friday—Tom Brennen's Breakfast Club, What's Doing Ladies, House Party, Saturday—Truth and Consequences, William Gargan, Knox Manning.

**Gene Haston Heads Baptist Group**

Gene Haston was re-elected president of the East Fourth Baptist Brotherhood at a meeting Monday evening marking the beginning of a new year for the laymen's organization.

Members heard a message from Capt. Olvy Sheppard of the Salvation Army on stewardship. Music for the evening was furnished by the Riverside Quartet, singing Negro spirituals, and accompanied by E. M. Watson, who gave piano selections.

Among other officers named, were O. R. Smith, membership vice-president; Melvin Ray, secretary; R. Y. Cloud, program chairman; and Leroy Menchev, music director.

**Boeing Discloses New Heavy Bomber**

WASHINGTON, Sept. 30. (AP)—Boeing Aircraft disclosed today it is developing a new heavy bomber, the XB-52, along with an advanced model of the B-50, the latest in propeller bombers.

Neither of these planes was described, but the XB-52 is believed to be an effort to apply gas turbine-powered propellers to heavy aircraft.

The advanced B-50, to be known as the B50C, will have important design changes.

William M. Allen, Boeing president, told of the new models in a statement submitted to the President's air policy commission.

He also disclosed that the gross weight of the B50, which is basically the B29 superfortress with larger engines, is 164,000 pounds, compared with the usual gross weight of 135,000 pounds for the B29.

At peak loading, the B50 carries 94 pounds for every square foot of wing—the heaviest wing-loading ever flown.
