AT LABOR CAMP

Families Aided After Fire Strikes Barracks

Four Hereford organizations swung into action Tuesday after two Latin-American families, including 11 small children, were left homeless after a fire gutted their apartments Monday evening at Barracks 4 of the Labor Camp.

Flames swept through two apartments at the north side of the barracks, destroying most of the belongings of the Tiodulo Aranda and Joe Garcia families.

The Deaf Smith County Red

Cross Chapter, United Church Women's Council of Hereford and the local Salvation Army unit set up a disaster program for the two families with the cooperation of the Baptist Mission and Catholic Mission at the Labor Camp.

Fire Marshal Clay Angelo said the fire started in the Aranda apartment at the north end of the barracks after a kerosene cooking stove exploded as Mrs. Aranda was preparing a meal. Nobody was in the apartment at the time.

The Hereford Volunteer Fire Department answered the call at 6:13 p.m. and fought the fire for about 45 minutes. Smoke damage was reported to the two other apartments in the barracks.

Deputy Sheriff Domingo Pelsina reported the fire. The barracks consisted of wooden interior, stucco exterior and fire-resistant shingles.

Furniture in the two south apartments was taken outside by other residents at the Labor Camp.

The disaster program began Tuesday morning, under direction of Wayne Edwards of Hereford Red Cross disaster program chairman.

Mr. and Mrs. Aranda's family consists of Dora, 7, Robert, 11, Raul, 10, Rosie, 7, Juan, 5, Eva, 4, Renaldo, 2, and Silvia, 3 months. They presently are staying in a house adjacent to the Baptist Mission at the Labor Camp, occupied by Miss Louisa Ortiz, a worker there.

Silvia, the three-month-old baby, was believed to have been suffering from malnutrition. (Continued On Page 2)

Around Town

There are identifying signs now on the temporary courthouse and law enforcement quarters over on Miles Avenue, which saves a lot of confusion. School children, particularly, had a tough time finding the library. The signs will be quite valuable, as the county will be spending a good many months in those temporary quarters. By the way, why are such things called quarters?

Hereford's United Council of Church Women will have its annual business meeting Friday, Sept. 25, at 3 p.m. The meeting will be held in Ward Hall of the First Methodist Church, according to president Mrs. Marcus Bell. Everyone is urged to attend.

The Dominic Savio Club of St. Anthony's school will have a bake sale at Safeway Supermarket on Saturday, Sept. 19, beginning at 9 a.m.

Adults interested in night classes for typing, shorthand or bookkeeping, are asked to contact Joe Smith at EM 4-3164 or Mrs. Johnson at the high school principal's office, EM 4-0617.

Woman's Death Self-Inflicted; Services Sunday

A verdict of "gunshot wound, self-inflicted" was rendered Monday by Justice of the Peace, Berry Miles in the death of Mrs. L. J. Jones, 28, who was found dead shortly before noon Saturday in her home at 204 Star St.

Funeral services for Mrs. Jones, the mother of four small children, were held at 4 p.m. Sunday in the first Methodist Church of Hereford, with the Rev. H. L. Thurston, pastor, officiating.

The body was found in the hallway of the home by her husband at about 11:50 a.m. Saturday. A 12-gauge shotgun was found beside the body, and investigating officers said the shot entered under the chin of the woman.

Miles withheld a ruling Saturday. (Continued On Page 2)

Hereford Grain Names Directors

More than 150 attended the Hereford Grain Corporation stockholders meeting in the County Bull Barn Saturday afternoon. The program consisted of speeches, a demonstration on cooperative marketing and a business session for stockholders.

Re-elected as directors were Ivan Bloek and W. J. Albracht of Hereford. Frank Knabe of Hereford was elected to fill a director's post vacated by C. H. (Continued On Page 2)

Brand Football Contest Starts

With the thud of toes on pigskin and the crash of helmets, the Hereford Brand's annual football contest gets underway this week.

Weekly prizes of \$10 cash and a chance for Cotton Bowl tickets are at stake for the best football predictors (or guessers).

Person choosing the most winners from the list of contests each week will receive a \$10 cash award from the Brand.

But if you don't win each week, don't be discouraged. The persons choosing the most winners during the entire season will receive Cotton Bowl tickets. First place season winner will get two tickets, while second and third places will get one ticket each.

Entry blanks will appear each Sunday for the following week, along with predictions by a couple of the 20 sponsoring merchants. The blank will be repeated in the Thursday Brand.

All blanks should be mailed or brought to the Hereford Brand office, 336 North Main, and must be received not later than 5 p.m. each Friday or postmarked not later than 6 p.m. Friday. Winners will be announced the following Thursday. Address all entries to: Football Contest, Hereford Brand, Hereford, Texas.

Fair Holiday Slated Monday

Hereford school children will be out on a holiday Monday, Sept. 21, to attend the Tri-State Fair in Amarillo. The announcement was made this week by Superintendent Fred Cunningham.

All children will be given tickets this week in admission to the fair grounds, Cunningham said.

Hereford High's Big Domino Band will march in the annual kick-off parade for the fair Monday morning in Amarillo.

Discuss Plans For Coming Year By County Red Cross

More than 20 persons heard reports on planned activities for the Deaf Smith County chapter of the American Red Cross Tuesday morning.

County chairman Bill Hardwick called the meeting to re-

view activities during the past year and plan a program of work for the coming year.

Emergency activities, a plan a program of work for the coming year.

Relatives Not Located For Heart Victim

Funeral services were still pending Wednesday for Russell Stewart Phillips, 48, a tenant farmer on the S. C. Brewton farm, one mile east of Hereford. He died of a heart attack Sunday at 11:45 a.m. while unloading a truck. He was pronounced dead on arrival at the Deaf Smith County Hospital in Hereford. Local authorities have not been able to locate any relatives.

Phillips is believed to be from Quincy, Ill., where he was born in 1911. His car was registered in Kansas and his driver's license was registered to him at Rt. 4, Hartford, Minn.

Phillips had worked for S. C. (Continued On Page 2)

Assault Charges Filed On Man

The Deaf Smith County Sheriff's Department Monday filed two charges of aggravated assault, a misdemeanor, against James Patrick Jackson, 25, of Hereford. Bonds were set at \$1,000 and \$5,000 by Justice of the Peace, Berry Miles, and Jackson made both bonds Tuesday.

Both charges were filed by complaint of Jackson's wife, Jackson was arrested in Tulla Monday and arrested by Deputy Sheriff Bill McCarver in Hereford the same day.

Roads and what to do with them occupied Deaf Smith County Commissioners Monday.

During a regular meeting, they considered acquisition of property in Dawn for U. S. Highway 60 widening, some impassable county roads and application for state paving appropriations.

County Clerk Ralph Smith presided at the meeting in the absence of County Judge Homer Henslee, who is on vacation.

After a heated discussion, Commissioners voted 3-1 to submit a road in the Ford vicinity as first choice for state paving in the next farm-to-market project. Commissioners Donald Hicks and Charles Sowell differed sharply on which of two proposed county roads should be submitted for inclusion in the state program.

Hicks favored a road which runs west from U. S. Highway 385 in the vicinity of Ford. Sowell countered with the proposal that the "West" road, north from Summerfield, was a better choice.

Eventually, it was moved that the Ford road be submitted, with the West road as an alternate. Commissioners Hicks, J. T. Guinn and Otto Massie voted for the motion and Commissioner Sowell against it.

On hand to discuss the state's rural road program with the Commission, was Charles "Chili" Smith, district engineer from Amarillo, and Vernon York, resident engineer for Deaf Smith County.

Smith said about six miles of paving could be expected under the state program, which will be set up for next year.

A delegation of four persons met with the Commission Monday afternoon to discuss a new bridge or culvert over the creek about three miles southeast of Hereford.

Miss Loreta Fowler of Crosbyton began her duties as assistant Deaf Smith County Home Demonstration Agent Monday.

Miss Fowler, 22, a spring graduate at West Texas State College this year, replaces Mrs. Jeanette Hadaway, who resigned her position as assistant agent last month to move to Amarillo. Mrs. Hadaway worked at the post for more than a year before tendering her resignation.

The new assistant to Mrs. Argen Draper, County H. D. Agent, received her bachelor of science degree in home economics this spring at WT. During her four years of college, she was a member of Buffalo Gals, a service club, and of Kappa Omicron Phi, national home economics fraternity.

She was graduated from Crosbyton High School in 1955. (Continued On Page 2)

Ben Lane Knocks Out Adams For Invitation Links Title

By DAN MUDD BRAND STAFF REPORTER

"It was one of the best rounds I ever shot," was the lone comment made by 21-year-old Ben Lane Jr. of Amarillo after burning the links with a nine-under-par 99 and edging defending champion Roland Adams of Lubbock in final play of the Hereford Invitational Tournament championship flight Sunday at John Pitman Municipal Golf Course here.

The North Texas State College student's accurate chip-

ping and steady putting for 27 holes of medal play proved too much for Adams, who posted a 101 at the end of the final hole of the nerve-shattering round.

Other finalists in the top bracket, Russell Haberer of Muleshoe and Charlie Seed of Hereford, turned in 107 and 109 scores, respectively.

Playing nearly comparably to each other throughout the finals, Lane split the common denominator between himself and Adams when he took a birdie-

4 on the 500-yard 26th hole and Adams took a bogie-6 after making an unsuccessful bid for the green with a wedge from a weedy rough on the third stroke.

After chipping to the green on his fourth stroke, Adams two-putted while Lane chipped from the apron to the green on his third and cupped the ball on his fourth.

Adams made a final stab at the crown by scoring a birdie-3 on the final hole, but he was still over the fence after Lane (Continued On Page 2)

Ben Lane...

(Continued From Page 1) made a par-4 on the same hole. A hot second nine holes for Lane, in which he posted a 30, gave him a total of 66 at the end of 18 holes, one stroke under Adams' 67. At the end of the first nine, Adams staggered Lane when he shot a 33, three under Lane's 33.

Haberer scored a 37-35-35 for 107 and Seed posted 35-39-35 for 109 to fill out the foursome. Seed had a little trouble in the roughs and Haberer found his trouble on the greens. Par for the 27 holes was 108.

Taking championship consolation honors was Al Handy of Mercedes, who posted 109 under Rex Brown of Floydada, 113, and Jack Marvin of McAllen, 117. Bob Strickland of McAllen dropped out after the first nine holes after hitting a 41.

Winners in other flights included: Stan Barrett of Muleshoe over Russell Carver of Hereford, 4 and 3, first flight; David McCaskill of Floydada over Claude Harp of Matador, 3 and 2, second flight; Jim Littlefield of Jal, N.M., over J. W. Robinson Jr. of Hereford, 3 and 2, third flight; and Brad Wilson of Silverton over Tandy Bustillos of Lubbock, 5 and 4, fourth flight. Consolation honors went to: Punk Gilbreath of Dimmitt over Lloyd Mingus of Friona, 2 and 1, first flight; Royce Hurley of Amarillo over Frank Cogdell of Hereford, 1 up, second flight; A. C. Carthel of Floydada over Jim Curtiss of Dimmitt, 1 up, third flight; and Buck Hickerson of Floydada over Charles Skinner of Hereford, 1 up, fourth flight.

All flights besides the championship were played by match, 18 holes Saturday and 36 holes Sunday. Final pairings began 18 holes Sunday afternoon. A total of 124 area golfers entered the tournament, which

Morton's SANDWICH SPREAD

began with qualifying rounds Thursday morning. Second round consolation matches began Saturday morning. Semi-finalists began rounds Sunday morning. Trophies and prizes were presented at 6 p.m.

First flight semi-final victories Saturday included: Joe Butler of Dimmitt over Dale Tinnin of Hereford, 5 and 4; Carver over Skinny Winn of Floydada, 2 and 3; Aaron Carthel of Floydada over Lloyd Glenn of Tulsa, 3 and 2; and Barrett over Jack Littlefield of Jal, N.M., 6 and 5.

Carver beat Butler, 3 and 2, and Barrett took Carthel, 2 and 1, Sunday morning to occupy berths of the finals Sunday afternoon.

Second flight semi-finals went to Harp over M. C. Coffey of Hereford, 3 and 2; Wendell Burdine of Hereford over Al Yeager of Hereford, 3 and 1; McCaskill over Doc Cowan of Hereford, 3 and 2; and W. L. Edelman of Friona over Dave Carson of Friona, 1 up.

Sunday morning match results in the flight were Harp over Burdine, 2 and 1, and McCaskill over Edelman, 3 and 2.

In the third flight, taking honors in semi-finals were Dick Garner of Plainview over Mutt Foster of Cleburne, 2 up; Littlefield over Joe Ferrell of Friona, 5 and 4; Robinson over Don Little of Hereford, 3 and 2; and T. W. Battey of Floydada over Ray Daniel of Muleshoe, 5 and 4.

Sunday morning matches went to Littlefield over Garner, 1 up, and Robinson over Battey, 1 up.

In the fourth flight, semi-final victories went to Herb Owens of Olton over Donald Brittain of Canyon, 2 up; Wilson over Lane Decker of Floydada, 2 up; Bustillos over Grady Walker of Floydada, 1 up; and Golden Ferguson of Muleshoe over Pip Dawson of Slaton, 1 up.

Pre-final matches went to Wilson over Owens, 3 and 2, and Bustillos over Ferguson, 1 up.

Consolation semi-finalist matches included: Punk Gilbreath over Danny Elliston of Lubbock, 3 and 1, and Mingus over Sam Gilbreath of Dimmitt, 3 and 2, in the first flight; Cogdell over Don Bridges of Hereford, 6 to 5, and Hurley over Paul Hamilton of Hico, 4 and 2, in the second flight; Curtiss over Troy Moore of Hereford, 3 and 2, and Carthel over Buddy Hutson of Hereford, 5 and 4, in the third flight; and Hickerson over Lee Renner of Friona, 1 up, and Skinner over Ed Schroe-

Dimmitt's probable starting line-up includes: Carlos Barnes, quarterback, 153; Junior Coffey, fullback, 184; Jerry Hyatt, halfback, 145; Ted Collins, halfback, 160; Darless Goolsby, center, 165; Joe Burkett, guard, 165; Junior Pesina, guard, 155; Jimmie Slough, tackle, 170; Jack Ragland, tackle, 189; Stanley Nelson, end, 168; and Hal Ratcliff, end, 184.

After running his charges through a hard head-knocking and scrimmage session Monday, Herd boss Bobby Williams was still undecided about his starters for Friday. "We've been working Dirks and Collier at halfback and probably will use them there some and use Paris more at quarter."

Billy Dirks, a senior, and Jimmy Collier, a junior, handled most of the man-under chases during the Canyon game, with sophomore Walker Parris seeing some action.

Hereford's line should be slightly heavier than Dimmitt's, but the Bobcat backs will be

ter of Hereford, 1 up, in the fourth bracket.

In earlier events of the tournament last week, Plainview professional Horace Moore set a new pro record when he toured the course with a 63 Friday. The old professional competition course record of 64 was shared by Joe Lopez, a pro from Mexico, and J. D. Taylor of Valley Country Club of Denver.

Low medalist in qualifying rounds Thursday was Bill St. Clair of Muleshoe, who posted a 68. St. Clair later was knocked out of the tournament by Haberer, who went on to play in the final game of the championship.

First place in the West Texas Pro-Am Tournament Thursday went to Bob Hickson, Littlefield professional, Skinny Winn and T. W. Battey of Floydada and Neil Herrin of Littlefield, who posted a 16-under-par 56.

Amarillo Country Club, with a total of 336, won the Hereford Cup Matches Friday for the third consecutive year, edging a Hereford team by 13. Winning foursome was Scott Edwards, pro, Juanita Jones, Betsy Ross and Hetty Moore, all of Amarillo. The Hereford team included host professional Bud Posey, Juanita Sims, Meredith Ireland and Ola Mae Tremble.

Disaster Group chairwoman Wayne Edwards announced plans for a complete reorganization, including a booklet with lists of volunteers and their jobs during emergencies. He also said the group plans to hold a simulated emergency drill during the year.

Mrs. J. H. Early, volunteer committee chairman, reported that her group was studying the re-organization of the Grey Ladies to assist in illness. She said that volunteer participation in the water safety and disaster programs had been extremely good.

Marlin Gilliland, First Aid committee chairman, said there were 10 instructors in the county, with about 60 persons trained during the past two years. He said that first aid courses would be taught this year to city police, school bus drivers, teachers and students.

Dr. Bruce Beene, chairman of the medical services committee, reported that the Deaf Smith County hospital was planning a course for training nurses' aid-

We'd guess that Monday evening's fire at the Labor Camp drew more spectators than any blaze in recent Hereford history. Even when a hose went astray and wet down the crowd, not many moved out of range. And while we're on the subject, we'd like to see the police crack down on the casual spectators who insist on going to every fire. One of these days it's liable to go beyond being a nuisance when a couple of cars pile up.

The water safety program last summer enrolled 744, with 303 certificates issued, according to Mrs. Ted Higgins, head of the registration and reports committee. She added that 1086 volunteer hours were spent in the summer swimming program.

A Red Cross speakers' bureau has been organized, with

Several projects are planned by the Home Nursing Committee. Mrs. Esther Springer made the report for chairman Mrs. S. F. Clements. The group plans to get a list of all nurses and nurses' aides for use during emergencies. A mother-baby course will be taught to three high school groups and to a group of students after school hours.

The group also is trying to organize a class for Latin-Americans.

A. J. Schroeter, reporting for the advisory group, said that committee was drawing up a list of firm policies for the county Red Cross. He also recommended that Mrs. Henry F. Mr. Khrushchev got here right on schedule and it looks as if he is a pretty smart cookie, at that. Many Americans figured that his visit would be a good thing, because we would be able to "educate" him in the ways of American life. Mr. K seems to have other ideas, though. Looks as if he plans to educate us, while we are trying to educate him. The moon shot, for instance, provided a nice bit of propaganda for conference table parley.

It was 26 feet deep, according to Lee. Charley Bell dropped in Tuesday, and we were talking about how well the band looked and sounded at the ball game Friday night. Charley seems to take as much pride in the kids as when he was directing. He says it does seem a bit odd, after all these years, to sit on the sideline as a spectator.

Abe Martin and I were talking this situation over the other day, but the only conclusion we reached was that we would just as soon the old boy had stayed at home. The main thing we are hoping for now is that he won't borrow a few million dollars before he goes back.

Which reminds me of all the people who are complaining because the football programs carried the wrong player numbers. The trouble, as I get it, was caused by late arrival of the new player uniforms. The new jerseys were printed with player numbers and, in the last minute shuffle of swapping jerseys to get a proper fit, several of the boys exchanged numbers. Consequently, they did not match the numbers shown on the program. Programs in the past have been an FFA project, but they were not design-

ated to any organization in the first game.

A bright spot in the football picture is the fact that 71 boys turned out for the team this year as compared with 49 last year. Player strength, many fans predict, is the first step in a comeback in football strength. A near 50 per cent increase sounds good.

Clay Ridgeway, for many years one of the earliest risers in town, absolutely swears we had ice last Saturday night. Clay says it appeared on car tops and higher - none lower - and that it disappeared around sun up. I never argue with Clay about these things, chiefly because I know that he knows that I am not going to get up that early. He can have all of those early bird worms, with or without ice.

Monk Johnson is becoming a regular fashion plate these days. If you mention it, he comes right back: "This is nothing. You should see my Sunday clothes".

We had a letter from George Heard today, dated Madrid, Spain. Those Heards really are getting around - and I must say that George has been indeed faithful and competent in reporting his experiences. Many people have enjoyed them from place to place. The only trouble I can see with going so many places would be deciding which one you like best. Also, it is bound to be a bit difficult settling down after you get home.

Sheriff Charles Skelton broke into another gun magazine with an article about "Draw Slow and Live". Charles says this writing deal creates no particular tax problem, because it takes every cent he makes writing to make payments on his typewriter - and without the typewriter, he couldn't write the articles in the first place. That's the way the ball bounces sometimes. Anyway, it is a nice hobby, and Charles seems to be doing a better than average job. If you don't believe it, read one of his articles and you will see.

I notice where he is starting another class in Conversational Spanish in a couple of weeks or so. I think I will take it just so I can tell what Desi Arnaz says when he goes into one of those tantrums because Lucy does something wrong. Besides, I always have a sneaking suspicion these translators are throwing me a curve.

A pessimist is a woman who fears she will not be able to squeeze her car into a very small parking space. An optimist is the husband who thinks she won't try.

Looks as if the country club is going through. Several people have asked if memberships are closed. As I understand it, they are open at least until the group organizes and applies for a charter; after that, they will have to be approved by the board. Interested persons should see Bill Decker or Charlie Seeds.

Legal Notice

THE STATE OF TEXAS TO: Lois Roeder and husband, Levi D. Roeder, and if either of them are deceased to the heirs, the unknown heirs, their heirs and legal representatives, of Lois Roeder and Levi D. Roeder; to J. D. Roeder, a son of the said Lois Roeder and Levi D. Roeder, and to Grace Roeder, wife of J. D. Roeder, and if either of them, the said J. D. Roeder or Grace Roeder, are deceased, to the heirs, the unknown heirs, their heirs and legal representatives, of J. D. Roeder and Grace Roeder. Defendants. Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 2nd day of November, 1959, at or before ten o'clock A.M. before the Honorable District Court of Deaf Smith County, Texas, at the Court House of said County in Hereford, Texas.

Said Plaintiff's Petition was filed in said court, on the 4th day of September, A. D. 1959, in this cause, numbered 4286 on the docket of said court, and styled, G. W. EDWARDS, Plaintiff, vs. LOIS ROEDER, et al Defendants.

The names of the parties to the cause are as follows: G. W. EDWARDS is Plaintiff and Lois Roeder and her husband, Levi D. Roeder, and if either of them are deceased, the heirs, the unknown heirs, their heirs and legal representatives of the said Lois Roeder and Levi D. Roeder; and J. D. Roeder, a son of the said Lois Roeder and Levi D. Roeder, and Grace Roeder, wife of J. D. Roeder, and if either the said J. D. Roeder or Grace Roeder are deceased, to the heirs, the unknown heirs, their heirs and legal representatives of J. D. Roeder, et ux, are Defendants.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff sues in trespass to try title to the following described land situated in Deaf Smith County, Texas, to-wit:

The South One-half (S¹/₂) of the Southwest Quarter (SW¹/₄) of Section No. 37, Block K-3, Cert. No. 333, Pat. No. 537 Vol. 28, Deaf Smith County, Texas.

Plaintiff also pleads the five- and ten-year statute of limitation against all of the Defendants, and to remove the cloud from the title to such property, and to quiet the title in the Plaintiff, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this 15th day of September A. D. 1959.

Attest: Lucille Posey Clerk, District Court, Deaf Smith County, Texas.

Nine-Under-Par Takes Hereford Invitational Trophy

Charlie Seed of Hereford

The championship flight of the eighth-annual Hereford Invitational Tournament on the John Pitman Municipal links melted down to a 21-year-old Amarillo amateur, Ben Lane Jr., who posted a nine-under-par at the end of 27 holes Sunday evening to become 1959 champion.

Winner of the tournament last year, Roland Adams of Lubbock lost his chance at defending his crown when he took a bogie on hole 26 and Lane made a birdie. Adams' score was 101 at the end of final play.

Hard-driving Russell Haberer of Muleshoe was a constant threat throughout the tournament. He brought gasps from the gallery as he put 40-foot putts in or within inches of the cup. Haberer recorded a 107.

Local favorite Charlie Seed was far from outclassed as he kept his competitors constantly on their toes. Although he had a little bad luck on a few holes, he turned in a 109 and will be a serious threat to any golfer entering the tournament next year.

Music Club Musettes To Observe 10th Anniversary

By MRS. CARL WIMBERLEY
The Dawn Musettes Junior Music Club will observe their tenth anniversary, with a tea Sunday, Sept. 20 at 3 p.m. in the home of Mr. and Mrs. Carl Wimberley.

Mrs. D. L. Darden of Borger, Junior Club Counselor for the Seventh District, Texas Federation of Music, will be a guest at the tea.

A covered dish "get acquainted" supper will be held at the Dawn School Friday evening Sept. 18, at 8 p.m. It is sponsored by the Dawn School P.T.A.

Each family is to provide dishes, glasses and silver for its members. They are to bring their own food, also, but drinks of coffee and tea will be furnished.

Mr. and Mrs. Orval Galley were at Ruidoso, N. M. from Monday until Wednesday of last week. They helped Mr. and Mrs. C. C. Billingslea move there.

Mr. and Mrs. Lester Galley of Hereford stayed with Robert, Janice and Paul Galey while their parents were gone.

Mr. and Mrs. Billingslea traded their farm for a motel owned by Mr. and Mrs. S. K. Kuykendall who have been living in Ruidoso, but now have moved to Amarillo.

Mrs. L. L. Airhart returned home last Wednesday from a ten day's visit in the home of her sister, Mr. and Mrs. E. W. Smith at Roscoe.

Mr. and Mrs. C. C. Stewart had a dinner Thursday evening honoring her uncle and his family, Mr. and Mrs. Claude Good and daughters Carolyn and Claudine of Birmingham, Ala.

Other guests were Mrs. Carrie Mae Doak, Mr. and Mrs. George Olson and children; Mrs. Jewell Miller and son, Wayne of Hereford; Mr. and Mrs. J. R. Dodson of Canyon; Mr. and Mrs. Henry Hamblen of Wayside; Mr. and Mrs. Cecil Benton and daughter, Elaine of Edmondson.

The Good family spent the week in Amarillo visiting with his sister, Mrs. L. M. Harris. Mrs. Harris was unable to attend the family dinner because of illness.

Visiting Saturday in the home of Mr. and Mrs. Jack Ward Jr. were T. Sgt. and Mrs. Johnny Rhodes and daughter, Deborah Sue, who have recently returned from New Britain where he has been stationed in the Air Force.

The Rhodes family are en route to Sacramento, Calif. for his next assignment.

Mrs. Rhodes is a native of Ireland and has lived six years in England.

E. M. McDill returned home Saturday from Cutbank, Mont. where he worked in the wheat harvest since July.

McDill reports that he was 500 miles from the Madison River where the recent earthquake came, but it was felt that far away.

He also reports that most of that state has been dry this year with much hail damage in places.

Carl Wimberley has been driving the school bus for McDill the past two weeks.

Those from Dawn who attended the Woman's Missionary Union Workshop which was held Thursday at the First Baptist Church in Amarillo were Mrs. W. H. Gentry, Mrs. William Wimberley, Mrs. Charles Davenport and Mrs. Carl Wimberley.

The local Missionary Society will meet Thursday at 2:30 p.m. at the Dawn Church for a program on State Missions. Mrs. William Wimberley will be the leader.

Mr. and Mrs. R. L. Johnson and sons visited his parents, Mr. and Mrs. J. A. Johnson at Muleshoe Sunday afternoon.

Mrs. J. B. Caraway left Monday with a group of Deaf Smith County women for the State Home Demonstration Convention this week at Galveston.

Alice Ann Caraway is staying with Mr. and Mrs. Reece Stewart while their mother is gone.

Mr. and Mrs. Joe Pruet of Amarillo visited Sunday afternoon in the home of Mr. and Mrs. Carl Wimberley. The Pruet's had visited Saturday night with her parents, Mr. and Mrs. A. J. Dutton at Muleshoe.

Mr. and Mrs. W. H. Jackson, who have been living south of Hereford, are living in a trailer house at the Gentry farm. He is working for Gentry.

Mr. and Mrs. Baker Womble of Hereford, Mr. and Mrs. Robert Strain and son went to Mangum, Okla. Sunday, Sept. 6 to attend the wedding of Pat Wynn and C. J. Franklin, both of Mangum.

Franklin is the son of Mrs. Dee Hinds, who is a sister of Mrs. Womble's.

The newlyweds visited in the home of Mr. and Mrs. Strain Monday.

The Kinship Circle of Hereford met Saturday afternoon in the Strain home. A total of 16 members were present.

The Training Union hour at the Dawn Church has been changed from 7 p.m. to 6:30 p.m. beginning Sunday, September 20.

The evening worship hour will begin at 7:30 p.m.

The Rev. and Mrs. Charles Davenport attended a luncheon Monday in Dimmitt for the pastors and their wives of the Tierra Blanca Association.

REP. WALTER ROGERS WRITES:

Summerfield Winning Bout Against Filthy Literature

To the people of the 18th District September 13, 1959

The Postmaster General of the United States, Arthur Summerfield, deserves the plaudits of all clean-thinking Americans for his vigorous fight against lewd and lascivious literature. Few people realize the amount of filthy and obscene publications being circulated throughout this nation.

The Congress has waged a long fight on this. A few years back I started a one-man campaign to stop the circulation of a particular magazine that contained most obnoxious writings. It was a problem which was almost impossible to cope with because these purveyors of filth and obscenity were depositing the literature in the mails in certain areas of the country where the judges were very liberal-minded.

The result was that the Post Office Department was unable to obtain convictions or injunctions against these activities. The Congress passed a law authorizing these suits to be filed in jurisdictions other than where the original deposit in the mails were made. However, there has been very little activity in the way of prosecution by the Justice Department. Mr. Summerfield has risen to the occasion and has clamped down on the handling of this literature. The Congress recently passed another measure that would help the Postmaster General in holding these publications which appear to him to be obscene, lascivious, lewd, or fraudulent.

All Americans believe in freedom of speech and freedom of the press, but they do not believe such freedoms give filthy-minded people a license to circulate literature conceived by their sick minds, nor to scream "fire" in a crowded theater. It is difficult to conceive a worse crime than to contaminate the mind of the youth. Every effort should be made on a Federal, State, and local level to rid this country of the literature which is contributing to the juvenile delinquency problem and to rid this country of those who are responsible for the circulation of that literature. I say "hurrah" for Postmaster General Summerfield, and more power to him.

President Eisenhower suffered his first setback at the hands of the Congress when his veto of the Public Works appropriations bill was overridden by the Congress. The vote in the House was 280 to 121. The vote in the Senate was 72 to 23. Under the constitution, a two-thirds majority is required to override a Presidential veto.

Estimate 9,000 Bales In County

Texas High Plains cotton crop prospects for the 1959-60 season continue to look good and estimated production in early September was placed at 1,775,000 bales. The estimated production in Deaf Smith County is 9,000.

This is up about 5,000 bales from the Aug. 1 crop estimate made by officials of the Lubbock County Exchange and the Plains Cotton Growers, Inc.

Crop reports throughout the area continue to be good. Late-planted June cotton is said to be making excellent progress. Some dryland cotton is possibly suffering now from lack of moisture but much of the dryland area is in good shape and farmers report heavily loaded stalks. Most noticeable change in the crop estimate is the decrease in production on irrigated areas.

Most cotton authorities now agree that weather the next six weeks on the Plains will mean the difference between a good and bad crop year as far as cotton is concerned. Most farmers have hopes for a warm, dry fall and late frost.

If the 1,775,000 bale estimate does materialize, it would be the second largest cotton crop ever produced in the 23-county Texas High Plains area. Tops was the 1958 season which produced 2,025,433 bales. About 100,000 more acres were planted this year since there was no soil bank, but adverse weather in May and June wiped out as high as 600,000 acres and much of it was late in being replanted. Standing acreage on the Plains as of August 1 this year was 2,159,650 acres, just about the same as standing acreage in 1958 at this time.

New County Assistant Agent Beginning Duties

By ARGEN DRAPER

The Assistant Home Demonstration Agent came to work Monday morning. We are real happy to have her join the County Extension staff.

The 4-H Club leaders and other people in the county will want to come by and meet her. She will go to the Achievement programs this month and will come to the Home Demonstration clubs with me.

The sweet peas of Dorothy Noland's were used at the meeting when the women got "The Messenger" ready to mail; and when the women served on Saturday afternoon; so the bowl of sweet peas spread a lot of sunshine.

The 4-H baking exhibit for the Tri-State Fair is taking shape. The subject is "4-H Baking-Out of This World". The idea is good if we can carry it out.

A 12-hour course in six two-hour sessions is planned. It will cover the potential perils from both natural and man-made disasters, and how to survive them.

Texas is one of five pilot states which will pioneer this program this year. Next year 29 states will participate.

Too much rain at the wrong time has caused Texas crop prospects in some areas to sag.

U. S. Department of Agriculture has estimated the state's 1959 cotton crop at 4,525,000 bales. This is 225,000 bales less than was predicted earlier. Wet weather, causing insect damage

Amarillo Fair To Unveil Huge Official Strategic Army Corps

The U. S. Army's Strategic Army Corps—more popularly known as "STRAC"—will be unveiled to area residents for the first time in an official exhibit to be displayed at the Tri-State Fair in Amarillo Sept. 21-26, it was announced recently.

Coming to Amarillo by motorcade from Washington, D.C. the huge exhibit shows the Army's ability to cope with small limited conflicts as well as all-out atomic war and forecasts weapons of the future projected to the year 1975.

Spanning the historical and technological evolution of weaponry from man's earliest attempts to defend himself in the Stone Age to the present-time, the exhibit points up Army success in meeting the challenge of the atomic-electronic-missile era. The operational weapons of today, shown in one area of the exhibit, form the basis for futuristic weapons predictions of two decades hence shown along an opposite wall.

The exhibit, prepared by the Army's Chief of Information, was designed to authentically inform the American public on the Army's ability to cope with present and future military problems.

It explains the concept behind the STRAC forces and emphasizes the modern Army's requirements for far-ranging mobility, wide-ranging communications necessary to achieve victory on the atomic battlefield.

A unique three-dimension 1 sequence theater with voice narration describes the versatility of the Army's STRAC command and a color motion picture shows modern soldiers putting their weapons and equipment to use in actual field maneuvers.

The Army's STRAC exhibit pays tribute to the teams of dedicated military and civilian scientists, soldiers and civilian industrial leaders who through their forthright and progressive efforts are helping America solve its increasingly complex problems of defense.

Army information specialists will attend the exhibit to answer questions posed by the public. Admission is free of charge.

THREE DELEGATES from Deaf Smith County are currently attending the annual state meeting of Texas Home Demonstration convention at Galveston. From left to right they are Mrs. J.B. Caraway of Dawn, J.C. Myerson of Westway and Mrs. H.I. Hershey of Progressive. The meeting started Wednesday and will continue through Friday. (Staff Photo)

AUSTIN HIGHLIGHTS

Dogwood Time In Texas Near

By Vern Sanford

AUSTIN, — "Dogwood time in Texas" could come around Thanksgiving this year.

In years past, the deadline for candidates to file for a place on the Democratic primary ballot was the first Monday in May. Would-be candidates frequently followed an old East Texas tradition of holding off formal announcements "until the dogwood is out." Depending on the season, dogwood blooms in late February to early March, some 2 to 2 1/2 months before the old May filing deadline.

Election law changes passed this year move the filing date up to Feb. 1. If the whole schedule is moved up accordingly, "dogwood time" would be from late November to early December.

Probably for the first time at least, long habit will cause most candidates to feel this is too early.

Also for the first time in 1960, county officials will face a new fact of life. A constitutional amendment adopted last year bars them from running for another office while holding their present office, if it has more than one year to run.

This means that district judges, district attorneys, county judges, etc., all of whom have four-year terms, can't run for

some state office in their "off year." They will have to resign first.

This rule does not apply to state officials holding four or six-year offices.

Miss Witherspoon Returns To College

Miss Eleanor Irene Witherspoon, 410 N. Lawton, Hereford, will be returning to Mary Baldwin College for the 118th session which opens with a formal convocation on Sept. 19.

A senior this year, Miss Witherspoon is the daughter of Mr. and Mrs. James Winifred Witherspoon, 410 N. Lawton.

A record-breaking enrollment and the beginnings of a million-dollar expansion program will highlight this year for the liberal arts college in Staunton.

Ground is to be broken this fall on a dormitory for 134 students, a service center and the Lyda Bunker Hunt dining hall for a future enrollment of 600 students. The first steps in a long-range development program, these building are expected to be in use by January, 1961.

Newcomers will begin a four-day orientation on Sept. 16. Classes for all students will begin on Sept. 21.

However lively state politics, they probably will be eclipsed in the coming months by the tremendous interest building up in national party politics.

Focal point of most of the suspense and activity is U. S. Sen. Lyndon B. Johnson, first Texas since John Nance Garner to be regarded seriously as a potential presidential nominee.

Clubs to support Johnson are already being formed, and Democratic Executive Committee Chairman J. Ed Connolly of Abilene has predicted strong unity behind the senator.

But complete unity is unlikely. Liberals are forming a Texas Democrats for Stevenson organization.

First showdown will be at the precinct conventions. They'll be May 7 since the new law moves the date from the last Saturday in July to the first Saturday in May.

Texas government cost more last year than ever before and will cost even more in the fiscal year that began this month.

But there was a bright spot in State Comptroller Robert Calvert's report. Because of a new bookkeeping system enacted by the Legislature, the General Revenue Fund deficit is only \$26,571,159 instead of the \$67,000,

000 that was predicted.

Calvert reported the state spent \$1,163,883,080 in the year just ended. This is \$140,000,000 more than in the previous year. In the present year spending will be some \$50,000,000 higher than in the year just ended.

Biggest expenditures, in the order of their cost, were for highways, schools, public welfare, state hospitals and penal institutions.

A new adult education program, aimed at the person who wants to live to a ripe old age regardless of what happens, will be launched in Texas this fall.

Texas Education Agency, in conjunction with several other state and federal agencies, is setting up the civil defense study program. It will be offered initially through public schools & junior colleges.

TEA's team of civil defense consultants will begin by holding workshops in various Texas cities and towns to train teachers. Teachers in turn will set up free classes for the public.

A 12-hour course in six two-hour sessions is planned. It will cover the potential perils from both natural and man-made disasters, and how to survive them.

Texas is one of five pilot states which will pioneer this program this year. Next year 29 states will participate.

OFF THE Shelf

By H. A. TUCK

A little-known episode in the history of North America is dramatically described in Taos by Irwin R. Blacker.

Everyone knows that the Spanish settled New Mexico in the 17th Century, but few are aware that the Indians staged an uprising that drove the Spanish south to El Paso.

One of the newest selections at the Deaf Smith County Library, Taos is long, and slightly difficult to get interested in. But once the story is started, it is a fine dramatization of actual happenings.

Key figure in the 476-page book is Don Antonio de Otermin, the Governor and Captain General of the province.

Organized in Taos, the Indian revolt hit simultaneously at the scattered outposts of Spanish "Whiteface", but reserving special torture for the priest.

The few survivors race for Santa Fe and the protection of the governor. But Otermin has little with which to work. He is forced to fight with ill-equipped volunteers. The seige on Santa Fe becomes desperate. Otermin fights and fights again, finally winning a decisive skirmish.

With the Indians looking on, Otermin marches his people out of the walls on the beginning of a terrible flight to El Paso.

To the south of Santa Fe, old soldier Garcia musters his few forces and, not hearing of any survivors in Santa Fe, starts south to meet a supply train that is due.

With Indians watching every move, the two columns make their tedious way south: no food, no clothing, few horses, and little hope.

Despite the situation there is romance, as Otermin finds a rancher's widow who appeals to him, yet destroys his position. Eventually, the two columns are united, but Garcia faces trial charges for deserting his post without permission.

WT Opening Against Conference Favorite

CANYON, — Meeting the Border Conference favorite in the season opener is the unenviable task facing West Texas State's football team Saturday night, Sept. 19.

The Buffs, who are trying a comeback after losing nine of 10 starts in '58, will tackle Arizona State's Sun Devils at Tempe before an expected 30,000 fans. West Texas will return the following weekend, Sept. 26, to open its new 20,000-seat stadium against the University of Arizona.

Coach Clark Jarnagin, in his second year at the helm, will take a 35-man squad by chartered plane to Arizona. They will fly out Friday and hold a short workout in the Devils' new stadium.

West Texas helped inaugurate the Arizona State plant last year and lost a heart-breaker, 16-13, to a team that went on to win seven of 10 outings.

"The fact that we played Arizona State close last year, and could have won with a break, is the most encouraging thing for us," said Coach Jarnagin. "We know Arizona State is loaded with outstanding talent and

will have another fine team." The Buffs, who will run from a winged-T this fall, have had their share of early injuries and two boys who have been running with the No. 1 unit won't be starting against the Devils. They are Ray McCown, a fast back who has been converted to left end (split end), and Jimmy Jones, 170-pound sophomore left half who figures to be one of the brightest newcomers this fall. McCown has an injured back, Jones a bad ankle.

Replacing Jones at left half is Ned Jolly, 170-pound junior from Phillips who led the Texas JC Conference in rushing at Tyler Junior College last season. John Hall, who closed with a rush last year and made second team all-Border Conference as a sophomore, is the top man at right half while the fullback post is being handled by Jones Hedrick and Rex Loftis, a pair of 190-pounders. Hedrick has a slight end.

Quarterback is up for grabs with a junior, sophomore and second-semester freshman battling for the post, Jim Wood,

170-pound junior from Claude. Mayfield and Carl Johnston, 170-pound soph, and Carl Johnston, 170-pound freshman passer deluxe, are keeping the race hot.

Mayfield is the young brother of Gene Mayfield, former All-Border Conference quarterback at West Texas and now successful head coach at Borger High School.

Probable starting lineup:

LE — Fred Hedgecoke, 183, Jr., Stinnett;
LT — Eddie Meyer, 230, Sr., Borger;
LG — Carroll Stafford, 205, Sr., Amarillo;
C — Jerry Hill, 190, Sr., Westlaco;
RG — Leon Manley, 210, Sr., Abernathy;
RT — Gary Ward, 205, Jr., Dumas;
RE — Ken Friemel, 200, Jr., Groom;
QB — Jim Wood, 170, Jr., Claude;
LH — Ned Jolly, 170, Jr., Phillips;
RH — John Hall, 170, Jr., Pettit;
FB — Jones Hedrick, 190, Jr., Panhandle.

Mrs. Brashears Is Guest Speaker For Home-Makers

By MRS. OWEN ANDREWS
Frio Home Makers Club met Tuesday in the home of Mrs. J. H. Dobbs. Guest speaker was Mrs. Brashears, of Hereford. She spoke of her native country, Germany, and conditions that prevailed there during the war. She urged every woman to be interested in her country's welfare, to vote at every opportunity, to pray for leaders of our country and to realize that it is a privilege to be a citizen of this country.

During the business meeting it was voted to have a booth representative of the Frio community at the Dimmit Fair next weekend. Mrs. E. F. Vogler, Mrs. Floyd Cole, Mrs. Frank Robbins and Mrs. Jim Brooks are on the committee to make the arrangements. The next meeting will be at 2 p.m., on Sept. 22 at the home of Mrs.

Frank Robbins. The time until the regular 2:30 hour for the meeting to begin will be spent with a display of greeting cards by the chairman, Mrs. Annie Springer. Officer election is also planned for the meeting. All members are urged to attend.

Present for Tuesday's meeting were Mesdames Frank Robbins, E. F. Vogler, Floyd Cole, Jim Brooks, Harlan Barber, Owen Andrews, T. L. Sparkman Jr., Earnest Harder, James Dobbs, Joe Lindsey, Ed Clark, Commie Smith, H. M. Mobley, Miss Alma Andrews, the hostess and the guest.

College students are again getting ready to enter school. Godfrey Baldwin son of Mr. and Mrs. B. H. Baldwin, left Wednesday for Austin where he will be a sophomore at Texas University. His brother, Robert, is a senior at Texas Tech and another brother, Darold, is working on his Master's Degree at Baptist Seminary, Ft. Worth.

Delores, daughter of Mr. and Mrs. W. H. Andrews, will begin studies at Hardin Simmons. Her parents took her on Saturday to Abilene.

Joe Andrews, son of Mr. and Mrs. Owen Andrews, is a junior at W. T. S. C.

Visiting the Kenneth Cox home last weekend were Capt. and Mrs. W. S. Lowe and children. Mrs. Lowe and Mrs. Cox are sisters. The Loves have been in Morocco for two years, where he has been stationed with the Air Force. They were on their way to visit their other relatives at Long Beach and Bellflower, Calif., and will return to Sweetwater where he will be stationed.

Mr. and Mrs. Carl Easterwood and family of Flagg visited the Cox home on Sunday. The Easterwoods are relatives, also.

Kenneth Cox has been ill for about five weeks with a sinus infection and has not been able to work most of that time. He is improved this week.

Joe Andrews, Carl Miller and Tommie Sparkman visited Boys Ranch last Sunday.

Mr. and Mrs. T. L. Sparkman Jr., Bonnie and Darlene, Mr. and Mrs. D. C. Miller were visiting in Amarillo last Sunday afternoon.

Visiting the Earnest Harders Sunday were their relatives, Mr. and Mrs. Earnest Schmidt, and Johnny of Pampa. During the afternoon, Mr. and Mrs. Herb Schmidt and Tontmie and Dale

also visited the Harders. Mr. and Mrs. Olin Parris and Mr. and Mrs. G.W. Parker were vacationing and fishing at Mora, N. M., Saturday through Tuesday. Walker Parris visited Jerry Hodges, while his parents were away.

Mr. and Mrs. David Yandell were visiting friends at Tahoka Thursday and Friday.

Get-Acquainted Session Is Held

Central School and Northwest School P.T.A. met for a "get acquainted" night Sept. 9 in the Central School gym with about 425 present. The program was in the form of a round table discussion on "What the teacher expects from the parent and what the parent expects from the teacher."

Mrs. Coffman, first grade teacher, and Mrs. Crawford, sixth grade teacher, gave the teacher's view point. S. L. Garrison and Hugh Clearman gave the view points of the parents.

Garrison said in part, "Our schools are the media through which civilization has progressed. Education does not operate unless it operates on the individual."

L. C. Thomas closed the discussion, saying, "We hope that you as parents, will not believe all of the things your children say happens at school any more than you would want us to believe every thing your child says happens at home."

Refreshments were served in the classrooms where the parents and teachers became acquainted.

Northwest School is also a part of Central P.T.A.

der and the officials were impressed with how well the 4-Hers knew their subject. They were coached by Mrs. Earl Plank leader of the Willing Workers 4-H Club. "The Messenger" was put in the mail Saturday morning. Every subscriber in the state should have her copy by now. This is giving favorable publicity to club work in Deaf Smith County.

A certain club president was seen Sunday afternoon riding a bicycle, and her husband and 2 boys riding a horse along the highway right-of-way. I think this is an ideal way to go visiting the neighbors on Sunday.

Andy Parsons, the cute little boy on the front page of the Amarillo Sunday News, is the grandson of Mr. and Mrs. Grady Parsons.

Did you notice the scared look on the faces of the farmers when they were told Sunday morning that the thermometer had dropped to 34 degrees?

President Eisenhower had successfully vetoed 145 measures without one having been overridden. However, he pushed his luck too far on the last bill. The fact is that this bill was approximately \$100,000 below the budget estimate furnished the Congress by the President and his Budget Bureau.

The fuss between the President and the Congress was a difference of opinion as to which projects should be commenced and where the money should be spent. It was the opinion of the Congress that the 537 Members duly elected by the people were in a better position to answer that question than was the appointed Director of the Bureau of the Budget. There was much talk in the Halls of Congress that this country was not yet in the position of yielding to dictatorial policies.

Many Members felt the issue was clearly drawn in that the Executive Branch of the government was saying to the Congress, "You will either do it my way or it will not be done."

Personally, I do not criticize Mr. Eisenhower for vetoing the measure if he felt he was correct in his conclusions concerning these programs. Under those circumstances, he should have vetoed the bill. On the other hand, the action of the Congress in passing the measure notwithstanding the objections of the President by a two-thirds vote of both Houses of the Congress exemplifies the strength of the democratic processes. So long as we have such a system, we need never fear fascism or communism.

and root rot, particularly in East Texas, was blamed. Quality, as well as quantity, of cotton has been hurt by the rains.

In some parts of the state August was the wettest month of this year.

Rice, grain sorghum and vegetables also have been damaged in the sections near the coast.

A long and sometimes bitter controversy over Trinity River water apparently has ended in compromise.

Conflict had developed between the City of Houston and the Trinity River Authority, for which Dallas and other upriver residents were spokesmen. Each group wanted a permit from the State Board of Water Engineers to build a reservoir on the Trinity.

Charges and counter-charges were exchanged with a strong undercurrent of regional rivalry. A shouting contest before the Water Board seemed inevitable.

Now TRA and Houston have agreed on a plan by which the reservoir would be built, owned

and operated jointly by the two. Houston would pay 70 per cent of the cost and get 70 per cent of the water.

Plan cannot be final until approved by the Water Board.

Leave bats alone, warns the State Health Department in its September bulletin.

Department officials have studied several cases in which rabies was apparently transmitted to people by bats. Two of the cases involved women who were trying to help bats that seemed to be hurt. Death resulted in each instance.

Bats serve a useful purpose, the bulletin points out, consuming as much as twice their weight in insects each night. A healthy bat, it continues, won't come near people. And if people exercise reasonable caution, says the article, there is little danger.

FAVORITE IMPORT: Swedish meat ring, made with nonfat dry milk, is packed with extra nutrients.

Nonfat Dry Milk Full Of Nutrients

By CECILY BROWNSTONE
Many women use nonfat dry milk to step up food values, as well as for economy and convenience, in preparing family meals. Judging from the questions we've been asked, they want answers to two questions about using the milk.

First off, they've noticed that a white sauce made with nonfat dry milk (in dry form) and standard proportions of fat and flour is usually thicker than one made with regular fluid milk. What proportions are recommended for a thinner sauce?

Home economists and nutritionists at Cornell University's New York State College of Agriculture and Home Economics have the answer. They say that for a thin sauce use 1/4 cup of the dry milk and 1 cup of water; use 1 tablespoon each of fat and flour; for a medium sauce increase both fat and flour to 1/2 tablespoon; and for a thick sauce use 2 tablespoons of the fat and 2 1/2 tablespoons of the flour. As seasoning for all three, use 1/4 teaspoon salt and 1/8 teaspoon pepper.

The other question that has come up: When nonfat dry milk is used in bread-making, is it necessary to reliquify and scald it. The Cornell people say no, the dry milk is sifted with the flour. They add, "Finished loaves have good volume and texture, and are nicely browned on top."

Mothers who often make meat loaf for their families want to step up nutrients in the dish. One way to do this is to add nonfat dry milk. In the following recipe the large amount of onion helps to give the loaf a moist texture and savory flavor; it also cuts well.

SWEDISH MEAT RING
Ingredients: 1 1/2 cups finely

chopped onion, 3 tablespoons butter or margarine, 2 pounds ground lean beef, 3/4 cup nonfat dry milk, 1/2 cup dry bread crumbs, 2 eggs, 1 clove garlic (minced), 2 teaspoons salt, 1 teaspoon dry mustard, 1/2 teaspoon pepper, 1 teaspoon nutmet, 1 1/2 teaspoons Worcestershire sauce.

Method: Cook the onion until transparent in the butter. Mix lightly with remaining ingredients. Press firmly into a 5-cup ring mold. Bake in a moderate (350 degrees) oven 30 minutes or until cooked through. Allow to stand about 5 minutes. Loosen edges and invert on flat surface, then transfer to serving platter. (This keeps serving platter free of fat from the loaf.) Center of ring may be filled with creamy mashed potatoes. Makes 8 servings.

'Can't Find Eternal Youth In A Bottle'

By Charles-Gene McDaniel
CHICAGO — Don't expect eternal youth to come from a cosmetics bottle - regardless of the manufacturer's claim, says Dr. Veronica Conley, secretary of the American Medical Assn.'s committee on cosmetics.

Don. Conley says there is no cosmetic on the market which can prevent the natural processes of aging. The rate of aging, she points out, depends on heredity, and the human skeleton and the skin changes as the years go by. There's no way to stop this, short of surgery, and even that is limited in what can be achieved, she adds.

Dr. Conley, a nurse with a master's degree from Yale and a Ph.D. in health education from the University of Chicago, says she is unhappy with exaggerated advertising by some cosmetic manufacturers. She objects particularly to advertisements which say products have been "scientifically tested." The AMA's standard of what is scientific differs from that of the manufacturers, she says.

A cosmetic which has been popular for the past 1,800 years is as good as any available for skin care, Dr. Conley says. That's cold cream. Cold cream helps retain water in the skin, making it soft and nicer in appearance, she says.

Another way for preventing premature aging is to stay out of the sun as much as possible.

Tanning not only makes a person look older, she says, it actually ages the skin. This is especially true after the age of 30. She warns also that excessive exposure to the sun can cause skin cancer in certain individuals.

This is another area in which there is a great deal of misinformation in advertising claims. Dr. Conley says, There is no sun tan preparation on the market, she adds, which can cause tanning for persons whose skin is not susceptible to tan.

Other types of preparations about which Dr. Conley says the buyer should be wary include these:

ACNE — There is no cure for this, since doctors do not even know the cause. The best these

preparations can do is dry up the blemish. A physician should be consulted early when acne appears so scarring can be prevented.

BALDNESS — This is determined by heredity and the only thing that can be done about it is buy a toupee.

HORMONECREAMS — The AMA is not convinced that these creams have any effect on age changes, though research is continuing in this field.

HAIR DYES — In beauty salons, a woman should insist that she be given a skin test the day before her hair is to be dyed to be sure she is not sensitive to the dye — particularly when coal tar dyes are used.

FRECKLES — The AMA says there is no sound evidence that

creams to bleach freckles actually work. The best way to prevent such pigmentation is to stay out of the sun.

DEODORANTS — Users may have to use deodorants more frequently than the advertisers claim because they are more active or because they live or work in a warmer climate. It sometimes is necessary to change the kind of deodorant used because of resistance developed by the body.

ENLARGED PORES — No preparation can shrink pores permanently. They, like the shape of the nose, are determined by heredity.

With all these warnings, how does a woman determine what to buy?

She goes to the cosmetic counter "best armed with common sense," says Dr. Conley. "Always read the labels and instructions," she says, and do not buy the product if the claims are obviously untrue.

How Can I?

By Anne Ashley

Q. What can I do about some dents in one of my articles of furniture?

A. These dents can often be effectively raised with steam. Moisten the dent and the area around it with some warm water, then place a piece of dampened toweling over the dent and apply a hot iron to the cloth directly over the dent.

Q. How can I make a good dentifrice?

A. Lemon juice is a good dentifrice. Dilute it with water and use as a mouth wash. It will make the mouth and teeth feel clean and wholesome.

Q. How can I remove mold from book bindings?

A. Rub leather book bindings, that have become moldy, with a soft cloth dampened with ammonia, and then wipe dry with a soft cloth or chamois.

Q. How can I provide a firm hold for a mirror or picture on a plaster wall where there is no stud into which I can drive my nail?

A. Try drilling a hole into the plaster with a twist drill and then filling the hole with some plastic wood, obtainable at your hardware store. After this has hardened overnight, drive your nail into the plastic wood.

Reminder Issued To All Hunters

Don't ruin your hunt by overlooking the game laws," warned the Director of Law Enforcement, Texas Game and Fish Commission, recently. "Before taking your gun from the rack, be sure you know all laws concerning game in your particular area.

"Old hunting licenses expired Aug. 31. Be sure to have your new licenses on you when you go out to hunt. Check your gun for a plug. Only three shells, including one in the chamber are allowed in it by law.

"Don't hunt on a piece of property unless you have permission from the owner or person in charge of it. Don't fire near a home or in a direction that might endanger some person, house, or even livestock.

"Hunting from a public road is prohibited by law and it's illegal to shoot from a moving vehicle. These are laws that have been in existence for quite a long time," said the director.

He then reminded hunters that many of the birds taken during the hunting season will have tags on their legs. "These tags

He then warned hunters not to forget the changes in the waterfowl regulations. "If they can't be found in print," he said, "check with the warden in your area; he'll be more than happy to help you."

Messenger H.D. Club Has Meet

The Messenger Home Demonstration Club had its first meeting of the new season Friday afternoon in the home of Mrs. E. M. Jack.

The Home Demonstration agent talked to the group about teaching children and the different phases of spending money.

The nominating committee included Mrs. Jack Buse, Mrs. Bertram Jack and Mrs. N. A. Brown.

Mrs. N. A. Brown won the floating prize and those receiving secret pal gifts were Norma Jo Coleman and Verona Jack.

Refreshments were served to all those present. Those attending the meeting were Mesdames Argen Draper, Ruth Coleman, J. E. Rouse, Alta Wyle, G. E. Pinkerton, M. A. Brown, Harris Evans, S. M. Thweatt, Ernest Brown, Bertram Jack and the hostess.

The next meeting will be in the home of Mrs. Buse.

The Basic Side

It's that time again... the time that challenges anew an army of vigorous American youth to the task of preparation in basic education that will equip them with know-how for their tomorrows. Here young minds fresh from their bowl of wheaties, assemble for classroom and playground training. *Dear Teacher, responsibility lies heavy on your shoulders.* Don't forget that along with reading and writing and arithmetic—lessons in how to live God's way are needed. Teachers and students alike have God to honor and your country to save right there in your classrooms. Always remember, "A word fitly spoken is like apples of gold in pictures of silver." Give Tot Chance For Exercising

By Dorothy V. Whipple, M. D.

Have you ever watched a baby smile with his toes? When a grownup is amused the corners of his mouth twitch his eyes crinkle up and his whole face lights up but his body remains still. The amount of muscular activity involved is not very great.

But not so a baby. When he wants to say he likes it he smiles or laughs out loud, he throws his arms out, he straightens his legs, points his toes and just plain wiggles all over.

Every muscle in his little body takes part in his expression of pleasure. The baby uses everything he's got when he doesn't like it, too. He cries and wails, not with his voice alone

but with every bit of him.

This is as it should be. A baby must use all his muscles if he is to grow strong. He will do it if we give him half a chance. All he needs is a place big enough to wiggle and a reasonably appreciative audience.

A baby crawls with delight when he plays all alone, but he does a lot more of it when you express some enthusiasm for his activities.

Don't keep your baby wrapped up in snug blankets all the time. He needs quite a bit of his waking time free from hampering clothes so that he can make full use of every muscle in his body. As soon as he is awake take him out of his crib and let him wiggle to his heart's content.

CHURCH

(Continued from page 4)
Immanuel Lutheran
Park Avenue at E Street
Rev. Andrew Szegedin, Pastor

A blanket on the floor is all right, but a playpen is a lot safer. Never, never, put your baby on a bed or a table top and leave him for a single minute. He will turn over before you think he knows how and you'll find him on the floor and maybe he's had a nasty blow on his head.

When your babe is struggling to sit up let him pull against your finger. He will grab your hands and use every bit of power he's got to raise himself up. He is developing strength in his muscles — help him.

When he is able to sit up and to crawl don't overdo the play-pen. He needs more space to explore, big hollow blocks to push about, a ball to push and then dive for.

You will have to keep him in his playpen some of the time, but try to fix up a larger area for him, too, a corner of the porch, or a stream-lined corner of his own room or some other room. Make it safe, equip it with big, light things he can push and tug. He will exercise if you just give him a chance.

If you have a feeding table or a chair use them just for feeding. Don't keep your baby sitting for long at a time. He needs freedom to move about.

During his first year a baby will take care of his own exercise if you just provide the place and a little incentive. In winter he will have to be wrapped up for outdoors, so he will need extra playtime indoors free from the constricting warm clothes. In summer, however, outdoor time should, as much as possible, be a time for vigorous wiggling.

Don't just wheel your baby along a street, get him out of the buggy in your own backyard if you're lucky enough to have one — or in the park, or on the roof if you live in the city.

Beauty At Home

Q. What advice have you to give regarding the shampooing of hair?

A. The choice of the right shampoo is as important as the right hair style. Choose a shampoo that gets your hair really clean — but "floats" dirt away gently, instead of "laundering" your hair, and choose a shampoo that leaves no dulling film. Make sure the shampoo you use does not rob your hair of natural oils. Shampoo when your hair begins to lose its shine, or feels coarse and lifeless. If your hair is oily, shampoo every five to seven days.

Q. How can I dress to offset the appearance of a long and thin neck?

A. Best for you are high necklines, perhaps softened with ruffles, a choker necklace, or a collar in a contrasting color. Also, avoid a coiffure that is cut too short.

Q. Please tell me what I can do about pimples on my face.

A. You must keep your skin extra-scrupulously clean! Try leaving thick coats of soapsuds on the skin until they dry, then rinsing off. Calamine lotion is very drying to pimples. Drink lots of water, avoid sweets, eat fresh foods, and get extra doses of fresh air and exercise.

How To Make And Keep Friendships

By VIVIAN BROWN

Is popularity the key to happy school days? More than one letter emphasizes that the student who is lost in a sea of unfamiliar faces may have difficulty feeling at ease with the young people around her, especially if they are different from those she has known.

It isn't easy to make new friends, these letters emphasize, but it is a cinch to lose them. So it behooves a teenager in a new school to treat friendships lightly.

Here are some tips to help ease the way:
1. Do not expect other people to conform to your pattern of living. Learn to understand them, and their mode of living, the customs of their families and their interests.

2. Avoid dreary outlooks, telling troubles to everyone you meet. Be jolly, and you will not only win friends, but be able to weather the hurdles you encounter.

3. A reputation of being a gossip can make you highly unpopular. You'll attract those who love to gossip, and they may even eventually turn the

heat on you.
4. Be helpful without expecting obvious rewards. If you lend someone a book don't expect them to fall on their face in appreciation.

5. If your family is better heeled than those of your friends, don't emphasize the fact.

6. A group may laugh at your off-color jokes or crude remarks but these are unflattering tributes to your popularity. Good types will avoid you on other occasions, especially in not extending invitations to their homes.

7. Do not speak disparagingly of ex-friends — girls or boys you've dated. When friendships cease, go on to make new friends.

8. Students below par in your estimation should not be avoided in such a way that they are sneered into despair.

9. The most difficult role you can play is that of a liar. You'll need a perfect memory to put it over, and the chances are you'll be suspected.

10. Avoid suspicion. Your imagination may be the reason

EVERY OUNCE COUNTS . . . Shirley Wells, head dietician for the Oklahoma Medical Research Foundation hospital, carefully weighs distilled water to be used in a patient's diet.

people do not like you, gossip about you or try to avoid you. If you have such ideas, test the individuals you suspect by pouring out the honey rather than the vinegar. If they are against you, this method may change their attitude, and if your doubts are merely your imagination, a shot of honey will have done no more than impress the suspect.

One way to make friends is to learn to like people. Many girls, especially, have difficulty making fast friends because they try to single out a girl without getting to know her. Get to know as many people as you can, and from these acquaintances you may make some very choice friends. You will naturally choose those who see more eye-to-eye with you, rather than those who are different from you. Meanwhile give everybody a chance.

PLAY ABOUT DISASTER
HILO, Hawaii (AP) — "Tsunami," a play written by two local men, should draw well in this capital city of Hawaii's largest island.

The word is the Japanese term for tidal wave. The "big Island" bore the brunt of a massive tidal wave in 1946 which left 159 dead and hundreds more injured.

Research Dietician Puts Patients First

By STELLA ROBERTS

OKLAHOMA CITY (AP) — "People have the idea this is all very complicated," says hospital dietician Shirley Wells, "but it's really exceedingly simple."

And "simple" it may be to Miss Wells, but to an outsider, her "routine" as menu-planner for patients in the Oklahoma Medical Research Foundation hospital here is unusual and complicated.

Patients in the 16-bed hospital play a major role in research done at the foundation and Miss Wells says:

"The dietary aspects of these studies are as important as any other phase in determining the effect of the medication they receive."

Most of the patients are on a rigid routine in which technicians carefully record every ounce of food and liquid consumed and analyze all body waste so researchers can determine how the body utilizes and is affected by the medication administered. Detailed daily records are kept, not only of the amounts of food consumed, but each serving's components, such as fats, carbohydrates, minerals, etc.

Of her part in the research job, Miss Wells says: "All it amounts to is keeping track of items the way you do with your bank account."

Miss Wells and her two assistants plan and prepare the

menus for the patients in the research hospital's small kitchen.

Each diet is as individual as the patient.

Each patient receives the same basic menu each day — the same breakfast, the same lunch and the same dinner — in the same amounts. And once treatment is started, the patient must eat and drink every scrap of his basic daily diet, and no more.

Because of the monotony of such diets, Miss Wells and her assistants spend days and sometimes weeks working them out to be sure the patients can continue eating them for weeks or even months.

"I ask the patient what he likes for breakfast, lunch and dinner," Miss Wells explains, "and we try to work out a menu he can eat day after day."

The patient is by far the most important commodity we have," she adds, "and we like to give them things they'll be happy with and still meet our requirements."

Do many complain about their food?
"Not many," Miss Wells says, adding, "They're pretty special people — they're saints, really."

One sure reason the patient can endure one of these diets so long is that it's simple. The food is high-grade and well-prepared in its simple way."

Miss Wells, a tall, slender woman with graying hair, has been a research hospital dietician more than 20 years — and it's still an exciting and challenging job to her. She started her career as head dietician for the research ward of Massachusetts General Hospital in Boston. She held that job for 15 years before coming to the Oklahoma Medical Research Foundation soon after the foundation opened its research hospital more than five years ago. A native of Marshalltown, Iowa, she is a graduate of Iowa State College and the University of Iowa.

NEWPORT NEWS, Va. (AP) — Lt. Dewey Schanz of the police traffic bureau found three overtime parking tickets, three one dollar bills and a note in a letter.

The note said: "I've bought my husband a watch."

LADY SACHEM: Mrs. Virginia Klinekole has been elected president of the Mescalero Tribal Council.

Mescalero Tribe Elects Woman

MESCALERO N.M. (AP) — For the first time in the known history of the Mescalero Apaches, a woman has become tribal sachem.

Amiable Mrs. Virginia Klinekole this year became the first woman president of the Apache Tribe of the Mescalero Reser-

vation.
Mrs. Klinekole, serving a one-year term, is a native of the reservation and has lived on it all her life with the exception of years spent away at school at Haskell Institute in Lawrence, Kan. Her husband is a rancher in Three Rivers village and they have three children.

"I was greatly surprised upon being elected president," said Mrs. Klinekole. "I am greatly honored that my people hold me worthy of this position."

Mrs. Klinekole is not what most people think of as an "Indian chief." Among most New Mexican Indians, the "chief" was a leader whose power came from his skill in war. There is no modern counterpart.

The Mescalero tribe consists of about 800 Mescaleros, about 400 Chiracahuas and a few Lipians. The majority speak and read English but all can speak the native Apache tongue.

Vega, Texas, Man Reports — 42-bushel Average on 165 Acres of Wheat

Kenneth Robinson, successful young West Texas farmer, says: "I have been using Phillips 66 Ammonia for three years on wheat, and for that period my average is 42 bushels per acre. I've watched these yields carefully, checking each year's yield against the amount of ammonia applied. I'm raising my rate of application from 65 pounds to 100 pounds of Phillips 66 Ammonia on my wheat, in order to further increase my yields."

"My grain sorghum has responded profitably to Phillips 66 Ammonia, too. Last year, my yield average was 4,800 pounds per acre, with one field running 6,000 pounds."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin . . . yields of sorghum grain or ensilage are increased . . . profits on wheat and small grains are increased through higher grain yields and improved forage . . . more marketable vegetables are harvested.

Phillips 66 Ammonia can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia . . . it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

A Reason Behind Your Popularity

NEW YORK (AP) — Ever wonder why your mailbox is generously supplied with matter advertising bird seed to corsets, when you've shown no direct interest in the products?

The answer is that your name has made a list — perhaps dozens of lists — with little or no effort on your part.

"Basically, the success of any business mail depends on its reaching a properly selected audience," says the Business Mail Foundation. You, the consumer, fit somewhere in this "selected" audience.

Some advertisers build up their own lists from their sales records or from association lists or directories.

Others buy or rent lists. Just about anyone with a mailing list of his own — magazines, manufacturers, wholesalers, retailers — will rent it to a non-competitor, says the Foundation.

"Thus, if you're selling lawn-mowers, it's logical you'd be most successful using lists from homemaking magazines, seed houses or nurseries."

There are even list "brokers" — agents who make a business of helping list owners and list users find each other. Once the advertiser has a list, he test-samples it to make sure it includes people who want and need his produce.

The reason for your getting more than one piece of mail on a certain product means, simply, that you're on more than one of the advertiser's mailing lists.

The Foundation says that because businesses want only to place their products or services before those who are most interested, "you have nothing to lose and everything to gain when you open the next piece of business mail that comes to your letterbox."
