

Elaine Mies recognized as CowBelle of year

Elaine Mies, program and publicity chairman of the Hereford CowBelles, was named 1982 Hereford

CowBelle of the Year Wednesday as the CowBelles gathered for a 10th anniversary luncheon and style show

at the Country Club. Her husband, Bill Mies, who is Assistant General Manager of Friona In-

dustries, was selected as Honorary CowBelle of the Year. He has given programs for the CowBelles and supports the club's projects and activities.

Mrs. Mies, who was already active in CowBelles before moving to Hereford, is a former Outstanding Texas CowBelle.

Mayor Bartley Dowell welcomed local guests and visitors from Golden Spread CowBelles in Amarillo, Caprock CowBelles of Lubbock, and CowBelles from Wildorado.

Among the honored guests were Frances Owen of Lubbock, second vice-president of the National CowBelles.

Irene McKinster, who was assisted in drawing up the CowBelle charter and state bylaws in 1972 by Sarah Lawson was recognized as the state organizer of CowBelles.

Hostesses for the luncheon were Charmayne Clett, Kay Hall, Mysedia Smith and Sharon Hodges. Ruth Newsom decorated the tables.

A special fall style show, with Hereford CowBelles as models, was presented by Gaston's of Hereford and Alexander's of Amarillo. Musical accompaniment during the style show was provided by Jan Walser.

Mrs. Irving Alexander narrated the fashion show, noting that ultra suede, leathers, and furs are in style this year, and black is a

popular color. Participating as models were Elizabeth Witherspoon, Nancy Josseland, who was the first president of the local CowBelle chapter in 1972, Jean Reinauer, Darlene Fields, Sue Sims.

Also, Dee Anne Trotter, Brenda Reinauer, Susie Merrick, Arvella Lauderback, Janette Caviness, Betty Rudder and Juanita Bowles.

Honorees

Elaine Mies, left, and her husband, Bill Mies, were honored as 1982 CowBelle of the Year and Honorary CowBelle of the Year, respectively, at the Hereford CowBelles 10th anniversary luncheon Wednesday. Congratulating them is Peaches Reinauer, president of the local

CowBelles. Mrs. Mies is first vice-president in charge of programs for the Hereford CowBelles. Mies, who has given programs and supports the organization, is Assistant General Manager of Friona Industries. (Brand Photo by Lavon Nieman).

Carr named chipper of year

Deaf Smith County Chamber of Commerce Executive Vice President Mike Carr was presented with the Bull Chip of the Year award this morning to highlight the chamber's bi-monthly Fun Breakfast at the community center.

Carr was cited for his leadership of the chamber during the year, and for his efforts in securing the location of the Swift Packing Plant here.

In another special presentation, past chamber president Speedy Nieman presented Town & Country Jubilee co-chairpersons Sallie Strain and Garth Thomas with the Bull Chip of the month awards.

Kathy Guzman missed out on \$200 in Deaf Smith County Bucks when she was not present at the breakfast in one drawing, while Thomas collected \$25 in another drawing and John Stagner pocketed a \$75 prize.

Thelma Mercer and Georgia Sparks were also the lucky winners of adult memberships in the Community Concert Association.

The breakfast was sponsored by the local new automobile dealers, including Hereford Ford, Lincoln, Mercury, Stagner-Orsborn Buick, Pontiac, GMC, and Stevens Chevrolet-Oldsmobile.

Carr introduced Swift Packing Company dignitaries at the breakfast, including several from the main office in Chicago, and those who are making the move to Hereford.

Chamber president Bill Johnson also announced new members of the chamber, and formally introduced several physicians who have joined the staff here recent-

Chrysler, UAW reach agreement

HIGHLAND PARK, Mich. (AP) — Chrysler Corp. and the United Auto Workers reached tentative agreement today on a new contract, but not before thousands of Chrysler workers walked off their jobs when a midnight strike deadline passed.

"This tentative agreement achieves our principal goal to start the Chrysler workers on the long, long road back to parity with workers at

General Motors and Ford," UAW President Douglas Fraser and Vice President Marc Stepp said.

Chrysler workers, trying to help keep the company from bankruptcy, agreed to concessions two years ago that left them about \$2.60 an hour behind their counterparts at General Motors Corp. and Ford Motor Co. Fraser said the new Chrysler agreement, which he called "modest,"

would reduce the difference to about \$2 an hour.

"I don't think it's going to be an easy ratification because it is a modest agreement," he said at a news conference. "So I suppose it's a question of convincing the membership. We couldn't have gotten anything better without a prolonged strike."

The first step in the ratification process will be to present the agreement Fri-

day to the union's Chrysler Council, comprised of top local union officials from around the country.

Thomas Miner, Chrysler

vice president of industrial relations, said after the final 21-hour marathon bargaining session that the agreement was "good."

Vote expected on jobs bill

WASHINGTON (AP) — House Democrats are looking toward victory on a \$1 billion jobs bill they hope will call attention to the nation's soaring unemployment rate less than two months before the election.

A vote on the measure — which would provide 200,000 temporary public service jobs — was expected in the House this afternoon.

Seeking to build on the

momentum gained last week when Congress overrode President Reagan's veto of a \$14.2 billion supplemental spending bill, Democratic leaders have mounted a nearly non-stop public relations campaign for the bill leading up to today's vote.

Majority Leader Jim Wright, D-Texas, said the bill is "the centerpiece of this week's effort."

Dow Jones bright spot

By STEVEN P. ROSENFELD AP Business Writer

Despite the gloom of a nationwide recession, one bright spot has emerged on Wall Street, where the Dow Jones average of 30 industrial stocks has climbed to a 13-month high.

The blue-chip average rose Wednesday for the third straight day, even though interest rates were also rising and the Federal Reserve Board reported the 11th decline in U.S. factory output in the last 13 months.

The central bank was to report today on factory use in August. In July, factories operate at 69.5 percent of capacity. The post-World War II low of 69 percent was recorded during the 1975 recession.

The board also reported Wednesday that output of the nation's mines and factories dropped 0.5 percent in August.

Reports earlier this week of an August decline in retail sales and an early September drop in new car sales also have raised doubts about consumer spending leading the

economy out of recession. But on the New York Stock Exchange, the Dow industrial average rose 7.45 points to close at 930.46, its highest finish since Aug. 14, 1981.

Consumer stocks were among issues rising to 12-month highs, an indication that investors still expect an economic recovery in the months ahead, fueled by consumer purchases.

But bond prices fell and interest rates rose as traders said they were taken by surprise when the Federal Reserve Board drained reserves from the banking system Wednesday through the sale of government securities.

The central bank's action came just as the Treasury was preparing to sell \$6.5 billion in two-year notes. At the auction, the average annual yield rose to 12.2 percent from the 11.67 percent average at the previous auction, Aug. 25.

It was the highest interest rate on such an issue since July 21, when the Treasury auctioned two-year notes at an average yield of 13.09 percent.

Iran executes Ghotbzadeh

NICOSIA, Cyprus (AP) — Sadegh Ghotbzadeh, the former Iranian foreign minister who fell from favor after opposing spy trials for the American hostages in Tehran, was executed by a firing squad for plotting to topple Ayatollah Ruhollah Khomeini's government, the official Iranian news agency reported today.

The news agency IRNA said the execution was carried out in Tehran Wednesday night on the basis of a verdict issued by the Army Revolutionary Tribunal and approved by the High Judicial Court. IRNA gave no other details of the execution.

Ghotbzadeh, 48, was arrested early in April and charged with masterminding a plot to overthrow the Islamic government and assassinate Khomeini, his one-time mentor and Iran's supreme revolutionary leader.

His close ties to Khomeini were evident in 1979 when Ghotbzadeh returned home after 20 years aboard on the same airplane as the exiled religious leader and promptly emerged as one of the most powerful men in Iran. He had been one of Khomeini's closest confidants ever since the ayatollah was exiled by the late Shah of Iran, Mohammad Reza Pahlavi, in 1963.

Ghotbzadeh was named foreign minister a few days after student radicals seized the U.S. Embassy, taking Americans hostage in

November 1979. After 444 days in captivity, the 52 hostages were released Jan. 20, 1981 — the day President Reagan took office.

During the early months of the hostage crisis, Ghotbzadeh's face became a nightly feature on American television screens as he answered questions and gave his government's position on the hostages.

In June 1980, he openly opposed spy trials for the hostages that were being demanded by Iran's Moslem militants. At one point, Ghotbzadeh had supported such trials, but later moderated his stance to say only the United States — not the hostages themselves — should stand trial for alleged crimes against Iran.

Ghotbzadeh's opposition to the spy trials put him on a collision course with the militants holding the Americans and the Moslem extremists running the Parliament.

Later he was arrested by Islamic revolutionary guards and charged with criticizing government officials but was freed. He was stripped of his position in August 1980 and kept a low profile after leaving office.

He apparently made no attempt to leave Iran as did his fellow moderate, former President Abolhassan Bani-Sadr, who fled to France in 1981 after being ousted from power by Moslem fundamentalists in the regime.

Knack for decorating proving profitable

(Editor's Note: The following story is the third in a series of five articles about women who have successfully created moneymaking and satisfying jobs within their homes.)

By JERI CURTIS Staff Writer

When people started asking Carmen Flood questions, she decided to start charging for the answers.

Some correspondence courses from an interior design school in Chicago enhanced her knack for decorating, but it was the beauty of her own home west of town that brought word-of-mouth fame to Mrs. Flood's eye for interior design. About five years ago she became locally "the one to ask."

As a consultant, she may merely pick out a wallpaper or revamp a complete house.

She can arrange for all the work to be done or only draw up specifications for a job. She has a woman who sews all the drapes for her and another exclusively for upholstery. For other jobs she takes bids.

To advance and broaden her skills, she is attending TSTI-Amarillo six hours a day to learn more of the technical side through classes like drafting, color theory, drawing, and perspective. In designing her own house she met with a draftsman twice weekly with ideas for the floorplan. Each submitted changes until the perfect plan was developed.

The final product is a four-bedroom home with a study, two small offices, a dining area, a breakfast room off the kitchen, a library and basement playroom all arranged into a perfect U-shape. All the pretty is also practical. An absence of windows on the north side locks out chilly winds. The south side is full of oversized windows, lighting nearly every room and giving view to a landscaped patio and back yard. One section of the yard is a grassy incognito volleyball court.

Inside, Mrs. Flood hides things too. Behind a complete wall of closets is her office. Folding doors in the hallway close off her husband's farm (See FLOOD, Page 2)

Willie Nelson testifies in murder trial

WACO, Texas (AP) — A prosecutor called the pony-tailed country singer an unusual character witness, and one jury member said the panel wasn't overly swayed by the man's testimony.

Willie Nelson returned Wednesday to his home state of Texas to testify on behalf of murder defendant Marjorie Lundy, 61, who gave the singer one of his first paying singing jobs.

Mrs. Lundy was acquitted, after jurors deliberated about an hour and 20 minutes.

"Whatever she did, she had a good reason for doing it," Nelson said during his brief testimony. "I've never heard anyone say anything bad about Margie."

Mrs. Lundy was charged with murder in the July 2 shooting death of her brother-in-law, Louis Dickson Jr., 50. She contended it was self-defense.

Nelson said he has known Mrs. Lundy for 25 years. She hired Nelson to sing at her Nite Owl Club in nearby West years ago, and he grew up about five miles away in the Central Texas town of Abbott.

Nelson traveled here Wednesday from Fork, Pa., and crowds kept the singer busy signing autographs outside the courthouse for 30 minutes.

But prosecutor Pat Murphy said he was not impressed.

"I love some of his music, but he leaves a lot to be desired as a witness," Murphy said. "He's well known for his appearance and a past that has been checked in some fashion by drinking and drugs. ... I don't think he's much of a character witness."

Harvard professor wins chemistry award

HOUSTON (AP) — A Harvard University professor whose research has led to significant advances in the study of bio-organic chemistry has been selected to receive the 1982 Welch Award.

Dr. Frank H. Westheimer will receive the \$150,000 cash prize, given annually by the Robert A. Welch Foundation, at a Nov. 15 banquet here.

Westheimer's research in bio-organic chemistry has led to better understanding of enzymes, the biological catalysts that speed up the reactions of metabolism, foundation spokeswoman Phyllis Spittler said Wednesday. Knowing how enzymes react has enabled pharmaceutical chemists to dramatically speed up the development of new drugs, she said.

His work also was the basis for photoaffinity labeling, a widely used technique used to identify compounds that react with specific hormones or drugs, she said.

Westheimer is active in the National Academy of Sciences and was a councillor of the organization. He also has received the Theodore William Richards Medal, the National Academy of Sciences Award for Chemical Sciences and was a Fulbright-Hayes fellow in

Yugoslavia.

He served as chairman of Harvard's chemistry department from 1959 to 1962 and now is the Morris Loeb professor emeritus and senior professor of chemistry.

Body parts may not be human

CONROE, Texas (AP) — Body parts found floating in Lake Conroe near here may not have been human, a spokesman for the sheriff's office said here today.

Ed DeForest, the spokesman, said the parts, thought to be five neatly severed feet and four hands, have been sent to the Harris County Medical Examiner's office for testing. "They appear to be human and we'll treat them as such until we know better," he said.

DeForest, added, however: "A game warden has told me that when the paws of a bear are stripped down they have an amazing resemblance to human hands and feet."

A spokesman at the medical examiner's office in Houston said the body parts have not yet been examined, but are expected to be sometime today.

Miss Stovall to undergo transplant

Mrs. C.L. Stovall, mother of 1982 HHS graduate Darlene Stovall who has a serious illness, has pointed out that her daughter's condition is much worse than was indicated in a story about a fund established on behalf of Miss Stovall in Wednesday's paper.

Mrs. Stovall said her daughter, who has been ill for four weeks, will be transferred to Houston's M.D. Anderson Hospital on Sunday to

prepare for a bone marrow transplant operation.

Miss Stovall, 18, was to attend South Plains College in Levelland this fall.

Her brother, Melvin, of Fritch will be the donor for the bone marrow transplant surgery.

A fund has been set up at the Hereford State Bank to help defray the family's medical expenses.

Firefighters control gas well

LIVINGSTON, Texas (AP) — More than 1,000 evacuees were allowed to return to their homes after a team of special firefighters controlled a runaway gas well, authorities say.

Oil firefighter Red Adair and his Houston crew worked throughout the day Wednesday to control the flow from the well. Crewman Paul Faulnier said it would take two or three days to seal the leak.

However, Faulnier insisted residents living within a one-

mile radius and campers at nearby Lake Livingston State Park were in no danger.

The well blew out Tuesday, and authorities quickly evacuated six subdivisions near Lake Livingston.

"It sounded like a tornado or a jet plane flying over real low," said Polk County Sheriff's Capt. Chuck Staton. "It had a roar you could hear for a mile."

A low fog, he said, caused the escaping gas to hang near the ground and concentrate.

office. And hidden in the wash room is some floral wallpaper she liked, but felt it was a little too wild for anywhere else.

Her decor is eclectic, a style she said is popular because people can use pieces they like and already have. Antique pieces sit comfortably by contemporary. Bamboo chairs in view of chrome and glass. Some Italian, some oriental, some American.

"There are not too many who want an entire style," she said. "It's (eclectic) not that difficult to do."

Blue is a popular color and the one she uses in her living area. An eye for color is the most important natural talent to have for decorating, she said, explaining that just buying furniture for a home doesn't give a total look.

"There's a great deal of difference in interior design and just furnishing a home," she noted.

The Community Concert Association's season begins Oct. 18 with The Eastern Brass Quintet. Two additional concerts are scheduled by the association during the coming year.

HHS cheerleaders were present to help with the drawings, and to sell Whiteface Booster Club memberships. The booster club is trying to exceed 300 memberships this year. Memberships are \$5 per year.

Carr also announced that the Deaf Smith County Crime Stoppers Inc. organization now has available special decals for residential or business use to help law enforcement officials identify owners of property.

Each piece of property is identified with a number, which is registered with the police department, logging the owner's name and other pertinent information.

RIF program books distributed Wednesday

The kids at the Texas Migrant Council Head Start knew what was up when teachers started setting up a RIF (Reading Is Fundamental) display Wednesday.

"They knew what was going to happen," said Hope Chavarria, head teacher.

"They started saying, 'Hey, look we're gonna get more books.'"

Twice in the summers and three times in the winter books are distributed to children from about three years old through high school in a federal program to promote the importance of reading. The books are sent to the RIF centers from the state office in Laredo.

Hereford's TMC Head Start is one of about eight centers in the Panhandle because it is a good place to serve both mobile migrant and seasonal homebased children, according to Ms. Chavarria.

Most of the children who come for books are enrolled

in the TMC Head Start.

Ms. Chavarria said the children come to school saying that their parents read the books to them. She said some of the preschool books were how-to type stories of things familiar to the children. One of the most popular was the "When I Was a Baby" title.

"I guess it makes them feel good when we tell them they are their books," she said. "After the first one (distribution) we had, one of the little boys asked when we were going to get more."

Colorado authorities will probably file charges of parole violation on a Hereford man arrested for aggravated assault of his wife.

Foster parents to form association

Foster parents in Deaf Smith, Parmer, and Castro Counties will meet to form an association at the Easter Community Center, Oct. 12 according to Ira Purdy, area coordinator of foster home care.

Purdy said the formerly loose-knit organization will elect officers and apply for membership in the Texas State Foster Parents Association. He said that there are currently about a dozen foster care homes in the tri-county area.

"Our main concern is support and training of the foster parents we now have," Purdy said. "But, we will be getting into some recruitment in the

near future." Foster parents serve abused and neglected children ranging in age from newborn to 18. The children are in the custody of the Department of Human Resources.

Purdy said that any family interested in joining the program may call the local DHR office or him in Amarillo at 353-7451. Coordinator for the Parmer-Castro Counties area is Kent Brickenstone, who can be reached at 293-5193 in Plainview.

Irwin Fincher, Regional Vice President of the Texas State Foster Parents Association, met with the group this week to help make the decision to join the state association, Purdy said.

Letter To The Editor

Dear Editor:
How can intelligent Chamber of Commerce people think up such costly and foolish ideas as an enclosed swimming pool and Convention Complex?

This plan will cost the average taxpayer, homeowner and business owner, from \$500 to \$800 per year extra taxes. Over a 15-year period, taxes will be increased more than \$29,500 per average homeowner. This will be above our normal taxes which will increase also in years to come. There will also be the cost of maintaining this facility.

Will it end up like the nice restroom and facilities in Veterans Park? Locked and not in use because of destructive vandals? MORE TAX MONEY DOWN THE DRAIN!!

West Texas State University will tell you their Sports Complex was money wasted. It is not used extensively, and it has a built in student population. So why do a small

group of chamber people think we need a complex of such magnitude?

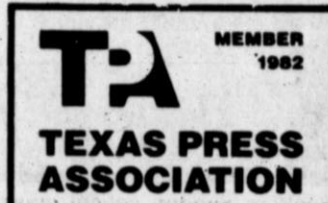

There are too many things Hereford needs more than a \$9 million building with \$17 million in interest, so a few people can get their names on a bronze plaque or cornerstone.

This bond issue, if it comes up, will be voted on by NON-TAX-PAYERS as well as those who will have to pay the bills in form of increased taxes.

Can we, the average homeowners, afford an extra \$50 to \$70 per month in EXTRA TAXES?

Can our Retail business stand this loss of spendable income that will go for TAXES rather than retail sales? It will be a shame to see all this money leave our county and community.

times," Miner said.

The agreement came more than six hours after the strike deadline passed, triggering walkouts — the first in nine years against the nation's No. 3 automaker — by workers at plants around the country.

The contract, covering 43,200 U.S. autoworkers plus 40,000 on indefinite layoff, originally was slated to expire at midnight Tuesday. But 20 minutes before that deadline, Fraser announced a 24-hour extension, saying both sides needed more time. He insisted, however, that no further extension would be allowed.

The accord, a one-year economic and two-year non-economic pact, includes resumption of cost-of-living allowances tied to quarterly increases in the Consumer Price Index and a wage increase based on Chrysler pro-

fits, Fraser said.

If Chrysler makes between \$20 million and \$50 million in a quarter, the automaker will share \$4 million of that with its workers, he said. If the profit exceeds \$50 million, the share for workers will increase to \$8 million.

The company failed to get any co-payments or deductibles on health care, he said.

Retired workers will get a small increase in pensions, the UAW president said.

On Wednesday, about 5,200 UAW members went on strike at General Dynamics Corp. plants in Michigan, Ohio and Pennsylvania as negotiators failed to agree on a new contract. They formerly were Chrysler employees at the automaker's tank manufacturing subsidiary, which General Dynamics bought this year.

Evans honored at 25th anniversary reception

Roy and Christine Evans were honored over the Labor Day weekend with a dinner party and reception for their 25th wedding anniversary.

The events were hosted by their children, Dennis Evans and his wife, Kathy, from Albuquerque; N.M.; Denise Evans, a senior at Texas Tech in Lubbock; and Doug Evans, a sophomore at Hereford High.

The Evans and their children, along with Mr. and Mrs. M.H. Stephens, Mr. and Mrs. James Short and Rhonda of Midland, Mr. and Mrs. Don Walser, and Mr. and Mrs. Lee Donaway attended the Country Squire Dinner Theatre in Amarillo Saturday

night.

On Sunday afternoon, a reception was held in the home of Mrs. Evans' parents, Mr. and Mrs. M.H. Stephens. Guests were registered from Albuquerque, Lubbock, Midland, Odessa, Amarillo, Friona, Littlefield, and Canyon as well as Hereford.

The former Christine Thomas and Roy Evans were married in Hereford on Sept. 1, 1957. They have lived here since that time, and raised their three children here.

3-5A opener for Herd

Whitefaces host troublesome Lubbock Friday

By Les Giles
SPORTS EDITOR

How do you get a team 'up' to play against an opponent you're supposed to beat by 30 points.

According to Hereford boss Don Cumpston it won't be that difficult a task, especially since the opponent is Lubbock High, a pesky foe for the Herd down through the years.

"I can remember others years when we were supposed to beat them (Lubbock) pretty bad, but things didn't work out that way," Cumpston noted.

"In fact, some of those years they ended up beating us when we were heavy favorites.

"And, I think our kids are aware of that fact, and don't want it to happen this year."

While Lubbock has its back to the wall already in the district season, Hereford is playing its first 3-5A game, after routing Pampa (34-6) and Canyon (31-8) in a pair of non-loop encounters.

The Westerners come in to Friday night's game 0-2 on the year and 0-1 in district play, following last week's 26-14 loss to Lubbock Coronado. LHS opened the season by losing to Dunbar, 20-0.

While the Herd hosts LHS Friday at 7:30 p.m. one district game is on tap tonight in Amarillo. In that battle, Caprock (2-0 on the year and owning a share of the early district lead after upsetting Palo Duro, 7-6, last week) meets Amarillo High (0-2 overall and looking for its initial

district win after being shut out by Monterey, 24-0, last week) in Dick Bivins Stadium.

In Friday's other 3-5A games, Palo Duro and Tascosa meet in Amarillo, while Monterey takes on Coronado in Lubbock. Plainview, a 55-28 winner over Tascosa last week, is idle this week.

Statistically, Friday's game shapes up as a mismatch, in favor of the Herd, but don't tell that story to Cumpston, because he'll have none of it.

"This has been one game that you can throw out past records and statistics," Cumpston added.

"For some reason they always seem to play us tough. And, I don't look for things to be any different this year."

Hey Don, how about last year's 28-0 victory by the Herd, en route to a Class 5A semifinal berth?

"Well, I sure would like to see a repeat of that game this year," he added.

"Maybe, just maybe, our kids will remember that, too, and not take them (the Westerners) too lightly."

"I think perhaps in other years the players, and maybe the community in general didn't give Lubbock the respect it deserved.

"I kinda feel this way," Cumpston added, "that Lubbock High is capable of beating anyone on a given night. I don't think you can just show up against them, and win. I feel we're going to have to play well."

"They can throw the football, and I feel our defense is a long way where we (the coaches) would like it to be."

In two games, the Westerners have thrown for 192 yards

and 10 touchdowns. They have also run for 200 yards and 10 touchdowns.

The Herd has run for 300 yards and 10 touchdowns, and passed for 150 yards and 10 touchdowns.

(the third-highest total in the league), while running for 124 (the fewest among 3-5A teams).

The Hub City club ranks last in the district in total offense (158 yards a game), as well as total defense (giving up 327 yards a game).

Hereford, on the other hand, ranks first in the district offensively. The Herd has rushed for 667 yards and thrown for 234 for an average of 450.5 per start. Defensively, Hereford ranks third in the league, behind Palo Duro and Monterey.

Friday's opposing quarterbacks (Hereford's Charles McDowell and LHS's Mike Starkey) rank 1-2 in the district in passing yardage. McDowell has completed 9 of 17 tosses for 206 yards, while Starkey is 14 of 31 for 192 yards.

Lubbock's Frank Campos, a 5-5, 135-pounder, leads the district with eight receptions.

Hereford running backs Alfred Ball and Raymond Martinez rank 1-3 in the league. Ball, who gained 181 yards against Canyon last week, has 255 yards on 33 carries, while Martinez has added 206 on 23 attempts.

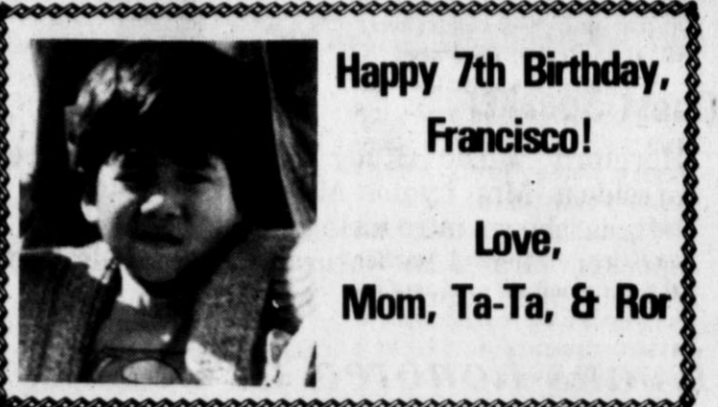

Lubbock High leads the overall series, 6-5-1. However, Hereford has won the last two games and hasn't lost to the Westerners since 1979.

"Basically, I look for them to pull out all the stops against us," Cumpston added.

"They kinda have their backs to the wall with one loss in district play.

"I think they realize it's going to be hard to win the district with two losses.

"So, we have a chance to put them away pretty early. I just hope we go out and play well."

NFL strike set Tuesday

WASHINGTON (AP) —

The National Football League Players Association will go on strike Tuesday, just two weeks into the season, unless there is a breakthrough in contract negotiations resuming Friday, union leader Ed Garvey says.

Garvey confirmed Wednesday night what sources in the NFLPA and elsewhere in the labor movement told The Associated Press earlier: that Monday night's Green Bay Packers-New York Giants game will be the last one played until a new collective bargaining agreement is reached.

The formal decision will be made by the union's nine-member executive committee at a meeting Monday in New York, Garvey said.

The first game to be affected by pro football's first regular-season strike would be Atlanta at Kansas City on Thursday.

The owners have indicated they will try to put on games despite a strike, using free agents along with any regular players who defy the union. The NFLPA has signed a contract with Ted Turner's cable television superstation, WTBS, to stage a series of makeshift all-star games.

"This is totally consistent with what we have heard all along," Jack Donlan, chief negotiator for the owners' NFL Management Council, said of the Tuesday strike date. "The NFLPA has had a master plan to strike."

He vowed that a strike will not gain the players their main goal, a salary scale based on a fixed percentage of the 28 clubs' gross revenues.

Sources who asked not to be identified told the AP that the executive committee decided

earlier this week to walk out Tuesday with virtually no advance notice for fear that the players would be locked out by the owners.

Garvey, the NFLPA executive director, at first called the report premature. However, he was quoted in today's editions of The New York Times as saying later: "Our choices were to announce a strike for Tuesday or to wait a week. In any event, we were going to announce it Monday. But the sentiment is to do something sooner, if we find Friday that the owners are still not serious about bargaining."

He could not be reached late Wednesday night for comment. The operator said Garvey's telephone was off the hook.

Negotiators for the two sides last met Sept. 8, when the players rejected the owners' plan to raise minimum player salaries, ease movement of free agents and pay seniority bonuses of \$10,000 per player for each year of service in the NFL, up to \$60,000.

Garvey said the union would respond to that proposal point by point Friday and discuss other ideas to meet the players' concerns.

The NFLPA announced last week that any strike would come between Sept. 19 and Oct. 3, the second and fourth weekends of the season. Garvey said Sunday that it probably would be Sept. 26 or Oct. 3.

Malone traded to Philadelphia

HOUSTON (AP) - The Houston Rockets finally have played their hand and sent Moses Malone to the Philadelphia 76ers along with his \$22 million yearly contract.

Houston's immediate reward following Wednesday's announcement was center Caldwell Jones and a first-round draft pick in the 1983 National Basketball Association draft that the 76ers obtained from Cleveland.

The Rockets are gambling, however, that they will really rake in the chips at draft time when they hope to get a chance to pick Virginia's Ralph Sampson or Georgetown's Pat Ewing, should he decide to declare himself eligible.

Herd back gains recognition

Glenn Youngblood, Venustino "Tuffy" Martinez and Sammy Garza practiced the same magic act on different high school football fields last week and all three players pulled victories out of the hat for their teams.

Garza threw his fourth touchdown pass of the game with 41 seconds left to play, to lead Harlingen to a 35-30 victory over San Benito.

Port Isabel's Martinez intercepted three passes, the last a 55-yard return for the winning touchdown with 5:53 to play in a 13-12 victory over Class 4A Brownsville Pace.

Youngblood scored the winning touchdown on a 13-yard run with one minute to play to give Three Rivers a 40-35 victory over Nixon.

Youngblood, a 6-2, 165 halfback, moments earlier had returned an interception 100 yards for a touchdown. He also caught a 43-yard touchdown pass.

In other outstanding performances: — Garland Little rushed 115 yards on 28 carries and

scored the winning touchdown with a 74-yard pass reception with six seconds to go in a 13-10 victory over Gonzalez.

— Victoria offensive lineman Dean DeAtley scored on a 34-yard guard-around play on the final play of the first half en route to a 14-13 victory over Alice.

— Motley County's Tim Shannon rushed 299 yards on 34 carries and scored on runs of 70, 25, 2, 21, and 50 yards and kicked two of four extra points in a 32-6 victory over Valley.

— Port Arthur Jefferson's Jerry Chaney accounted for 147 of his team's 309 rushing yards and scored touchdowns

on runs of 3, 27, and 27 yards in 32-7 victory over Baytown Lee.

— Ganado quarterback Jerrett Sodia had touchdown runs of 17, 34 and 41 yards and passed 30 yards for another score in a 50-27 victory over Victoria St. Joseph. Sodia rushed 93 yards on seven carries, completed four of eight passes for 101 yards, ran over two two-point conversions and passed for two more.

— Fullback Rosendo Delgado rushed 170 yards on 10 carries, scored three touchdowns and kicked eight extra points as Gregory-Portland booted Flour Bluff 62-28. In the same game, Flour Bluff's Keith Campbell scored four touchdowns and

rushed 224 yards on 20 carries in a losing cause.

— Port Lavaca Calhoun defeated Rockport-Fulton 20-16 despite the 285-yard rushing performance of Rockport-Fulton's Dwayne Walls, who had touchdown runs of 58 and 3 yards.

— Tailback Alfred Ball rushed 181 yards on 23 carries and scored on runs of 44, 23 and 4 yards in leading Hereford to a 31-8 victory over Canyon.

— Cotulla blasted Asherton 64-0 behind the running and passing of quarterback Pat Nieves who completed six of eight passes for three touchdowns and ran for three more scores as Cotulla ended a 17-game losing streak.

Bills host Vikings

ORCHARD PARK, N.Y. (AP) — Despite quarterback Tommy Kramer's passing prowess, the Minnesota Vikings' offense is looking for a more balanced attack this season, leaving the Buffalo Bills with a little more to worry about.

Minnesota, which achieved just that last Sunday in beating the Tampa Bay Buccaneers, will once again try to prove its backfield can run as well as catch when the Vikings meet the Bills at 8:30 p.m. EDT at Rich Stadium in a nationally televised game.

Last Sunday against Tampa Bay in their 1982 National

Football League opener, the Vikes rushed for 101 yards and a touchdown and passed for 115 yards in beating the Bucs 17-10.

Last year, Kramer threw for 3,912 yards — the Vikes' pass offense ranked second in the NFL — and Minnesota picked up three yards in the air for every yard gained on the ground.

"We went in this year with the idea of opening up the run," said Ahmad Rashad, Minnesota's all-time leading receiver.

Ted Brown, the fourth-year veteran, rushed for 1,063 yards last year and once again is Minnesota's leading rusher. He caught 83 passes.

Great things also are expected of rookie Darrin Nelson, the first-round pick from Stanford.

"He's as good as any new back I've seen in the 11 years I've been in the league," Rashad said.

"Nelson is going to turn that 5- or 6-yard completion into an 80-yard run at the end," Bills' Coach Chuck Knox said. "He's to their team what Joe Cribbs is to ours. He's dynamite."

Cribbs, an All-Pro his two years with the Bills, is

holding out for a new contract and won't play tonight.

Minnesota, which finished 7-9 last year, showed indications of improvement in several areas besides running against Tampa Bay. The Vikes held the Bucs, NFC Central champs last year, to just 65 yards rushing, and they intercepted three passes. The offensive line also opened holes for Brown and Nelson and didn't allow a sack.

Buffalo also won Sunday, edging Kansas City 14-9. The Bills' defense came up with three sacks and an interception, but the running game never really got untracked.

Longhorns launch season

By DENNEH. FREEMAN
AP Sports Writer

The season opener is finally here for the defending Cotton Bowl champion Texas Longhorns, who have been most restless to start the season.

Two Longhorn players had to be disciplined for taking liberties with a stop sign and linebacker Jeff Leiding hurt himself trying to hurdle a chain blocking a driveway.

"We didn't think the season would ever get here," said Longhorn Coach Fred Akers, who leads his 18th-ranked team against Utah in Austin Saturday night.

Texas was a 10-point favorite over the Utes, who have already played two games, beating Montana State 30-12 and losing to Arizona State 23-10 after leading 10-6 at halftime.

In other games involving SWC teams, Arizona State at Houston was rated a pick 'em affair; Texas Tech was a seven-point favorite in Jones Stadium over the Air Force; Arkansas was a 17-point nod over Navy in Little Rock; Kansas was a seven-point choice over Texas Christian in Lawrence, Kan.; Texas A&M was a three touchdown selection over Texas-Arlington at College Station; Tulane was a seven-point favorite over Rice in New Orleans; and No. 6 ranked Southern Methodist was a prohibitive favorite over Texas-El Paso which lost 55-0 to Washington last week.

Baylor will be idle after almost upsetting Ohio State last week before falling 21-14.

Leiding will play for Texas although he cut his face trying the high jump.

Texas will need him to help stop Carl Monroe, an exciting running back who returned a kickoff 96 yards for a

touchdown against Montana State. The Longhorns' tailback, John Walker, has overcome a knee injury suffered in spring training and will be ready to go. It will be the first meeting between the two schools.

COMMENTARY

Don Graff

Experts in irrelevance

These first weeks of December have been busy ones on the world crisis beat.

The PLO accepted the inevitable and pulled out of Beirut, thereby securing for Israel its primary war aim.

But conflict immediately erupted on another front — the diplomatic one. Ronald Reagan's call for an autonomous Palestinian West Bank in association with Jordan brought Menachem Begin out with fighting words.

That confrontation, however, looks almost simple in comparison to the one the American president has gotten himself into with his chief European allies over construction of the Soviet natural gas pipeline.

Meanwhile, the semi-collapse of the Mexican economy has exposed long-standing and widespread weaknesses in the world monetary system and has initiated an international bail-out effort that may take in a lot more territory than Mexico before it is finished.

And the secretary general of the United Nations has issued his annual report.

The timing is ironically appropriate. It is a measure of the immense irrelevance of the United Nations to what really matters in world affairs that the organization has had no role in events that are shaping the world's future.

The PLO withdrawal was arranged through threat and negotiation by Israelis, Americans, Syrians, Saudis and assorted Lebanese, and overseen by an ad hoc French-American-Italian force. The UN's own peace-keeping units in southern Lebanon, brushed aside in the initial Israeli advance, are virtually refugees themselves.

Begin at least responded to Reagan's West Bank plan. He probably wouldn't have bothered if it had originated on the East River rather than in Washington.

The problem of Mexico and other developing nations in debt over their heads to foreign bankers is being dealt with by the major industrial and lending nations. The pipeline affair is strictly East-West business and any other parties even suggesting getting involved would promptly be told to butt out.

Secretary General Javier Perez de Cuellar touches on

some of this in his report. He acknowledges an "alarming succession of international crises" in which the United Nations had been ineffective. He sees a number of reasons for this, such as the impotence of the UN Security Council because of the failure of the major powers that are permanent members to establish a working relationship. As a consequence, its resolutions usually go unheeded or — even more damaging to UN influence — simply ignored.

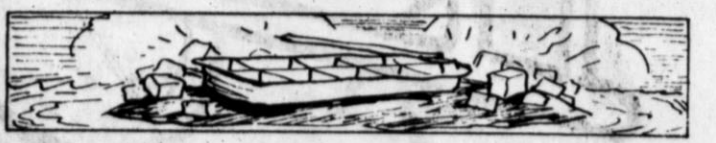

Fundamentally, the problem is super-power polarization that violates the principles of collective efforts toward the preservation of peace upon which the United Nations was founded.

Well, maybe. But super-power rivalry is a reality that the UN founders recognized and sought to accommodate in charter provisions granting permanent Security Council membership and vetoes, among other prerogatives.

The polarization that is destroying the United Nations as a meaningful international influence is between the great majority of members and a few selected targets. These include the industrial democracies, whose aid is essential to an underdeveloped majority that regularly gangs up on them politically. And Israel, against which the Arabs have mobilized every UN agency as a weapon. And South Africa, denied a General Assembly seat.

The majority has become expert in adopting resolutions that have little relevance to reality and therefore no chance of being heeded. As a consequence, no one can take the United Nations seriously, least of all most who work there.

That would make a good subject for the secretary general's next report.

Greenland is the world's largest island. Of its 840,000 square miles, 700,000 are ice-covered.

At Wits End

BY ERMA BOMBECK

I was watching a TV starlet (who shall remain nameless) on a talk show the other afternoon and when the host asked her how she had lost all her weight she said, "I ate less."

I dropped everything and ran for a pencil and paper to take down what she ate.

When I got back the host was saying, "How does it work?" she said, "I just eat less food than my body can burn up."

I could have screamed. What kind of advice is that? Does she think Americans are stupid? We've know that for years. What we really want to hear is how we can lose weight and still eat everything and as much of it as we always did. I want someone to tell me what I can have from list A and list B. I want to measure food that I hate on scales and suffer. I want to feel disgust and guilt when I put sugar on my grapefruit. I want a diet that is so dramatic and you lose weight so fast, you have to put a belt on your underwear.

Five out of five Americans go on a diet every Monday. You know why? Because everyone respects a dieter. Dieting books have outsold sex manuals for the last decade. And of 200 million Americans, there is not one who admits to being a perfect weight.

Dieters are the modern-day heroes and heroines. And why shouldn't they be? They staple their ears, wire their mouths shut, go to overweight camps, overpriced spas, take pills and candles to curb appetites, take tucks in their tummies and undergo hypnosis.

They hook their vacuum sweeper bags to silicone jump suits, knead their cellulite, wrap themselves in chamois soaked in herbs, drink water until their liver floats and change fruits every 15 minutes and dance.

To eat less? It's unnatural. Besides, eating sensibly would only tarnish the memory of those sainted people who starved courageously with Drs. Stillman, Pritkin and Atkins and stopped off at those calorie-starved cities of Scarsdale, Beverly Hills and New York.

I started at the TV screen and said out loud, "You don't know nothin' bout dieters, Miss Starlet. They exist on technology. They want to believe the ads about a pill that turns fat into water and flushes it out of your body by the gallon. They want to believe the stories that say, 'Yes, Virginia, there is a starch burner that allows you to eat pasta until you faint.'"

"East less! Maybe if you could list something that we could mimeograph and pass around the office...it might fly."

Walsers celebrate 50th anniversary

Mr. and Mrs. Guy Walser of Summerfield will celebrate their 50th wedding anniversary this afternoon with a reception in the fellowship hall of First Baptist Church

hosted by their children and grandchildren. Friends are invited to come by from 3 to 5 p.m. The couple was married Sept. 17, 1932 in Clovis, N.M.

He had come to Summerfield in 1917 with his parents and she came in 1922 with her family. Both attended schools in Summerfield and Hereford.

Walser belongs to the Scottish Rite and Masonic Lodge. They are members of the First Baptist Church.

Mrs. Walser has been president of the Summerfield Study Club and is a member of Pioneer Study Club.

Children of the couple are Wayne Walser of Summerfield, Bobbie Purcell of Canadian, Don and Ken Walser, both of Hereford, and Betty Hayes of Lockney. They have 10 grandchildren and seven great-grandchildren.

Ann Landers

DEAR ANN LANDERS: Just because you lived in New Orleans for three years does not make you an authority on cockroaches. I thought it was pretty smug of you to suggest such a thing.

A lot of people consider roaches a nuisance (especially Yankees), but in the state I live they are worth a lot of money if you know how to train them to race.

Roach-racing is a fascinating sport, and I have seen some important money change hands at these events. It has also created an interesting sideline business - for example, embalming, gold-plating and mounting the winners. Just a few weeks ago I saw a six-inch, gold-plated roach that had been framed on a red velvet background, hanging in the home of a prominent citizen.

What do you think of that, Annie? - Bulletin From Biloxi

DEAR BULL: I think people are still going to spend more money to get rid of roaches than to watch them race. They carry diseases and can create serious problems if they bite children.

I was fascinated to hear about those racing roaches in Mississippi. When Willie Shoemaker rides one, let me know. I'll bet on him.

DEAR ANN LANDERS: My 23-year-old niece insists she is in love with a 21-year-old boy (cannot use the word "man" because he acts like 14), and I am deeply distressed at her talk about marriage.

"Tom" has been in and out of hospitals ever since he was a child. He has a heart problem, asthma, back trouble and migraine headaches. I've known the family for many years, and Tom has been understandably pampered because of his illnesses. He is also demanding, rude, has a bad temper and asks Janet to do many things for him that

he could do for himself. He dropped out of college after the first year and has never been able to hold a job.

Janet's first boyfriend (age 16), was an amputee. Her second romance was legally blind. Do you see a pattern here? Please express your opinion. Perhaps Ann Landers can put things into proper perspective. - A Loving Aunt

DEAR AUNT: I do, indeed, see a pattern, but people resent being told they have a martyr complex, so I won't suggest it.

Janet is 23 and can do as she pleases, but if she marries this 21-year-old semi-invalid, she'd better be prepared to become a part-time nurse and full-time breadwinner. Wish her luck - she will need it.

DEAR ANN LANDERS: You've printed many letters from divorcees and widows who complain that their married friends have dropped them because no one wants an extra woman.

Perhaps this will help the widows and divorcees understand why they are lonely: listen to yourselves and count the number of times in the course of the evening that you say, "When George was living..." or, "When I was married to Henry..." -Enough Said In Opelousas, La.

DEAR OP: Your letter is sure to make some people mad, but you have a point. Thanks for writing.

CONFIDENTIAL: Hear My Side: Sorry. It won't wash. We all have 24 hours a day. It's how we use those hours that determines our priorities. When something isn't done it's because we decided something else was more important.
