

Rain, Lots of It, Soaks Hereford Area

A Boat Might Be Easier

Water was deep this morning on U.S. Highway 385, particularly at the intersection of the highway and Grand. Police issued a caution to drivers early today because of the heavy rain, which deposited around

three inches of moisture around the city and made driving difficult nearly everywhere. Skies were expected to remain cloudy and temperatures cool.

By JIM STEIERT
Brand Farm Editor

Heavy rainfall over the eastern and central portions of Deaf Smith County Tuesday and early today comes as a mixed blessing to local farmers.

Rainfall accumulations that soared as high as six inches in a 24 hour period should give recently-planted and newly emerging wheat a shot in the arm toward a good stand, and will boost the regrowth of sugar beets recently damaged by beet armyworms.

But the rains are untimely for local farmers who were busy harvesting ensilage corn and carrots and making preparations for getting the dry corn harvest underway.

Heavy rainfall has stalled the ensilage corn harvest, and with maturation of the crop continuing while fields are too wet for harvesters to run, the quality of the forage may well be lost in many fields, forcing farmers to harvest the crop for grain.

The wet weather could also lead to a lodging problem in local corn fields, depending on the severity of the damage inflicted by southwestern corn borers and spider mites earlier this summer.

Rainshowers which began Tuesday have concentrated in the areas to the north and east of Hereford.

A whopping six inches of rain was reported from the Ford vicinity north of Hereford, and some four inches of rain had fallen by last night in the area of the Donald Myer farm two miles north of Milo Center.

A total of 3.75 inches of rain had been recorded at Pioneer Fertilizer at Milo Center by this morning, with light rainfall continuing.

The H.L. Hershey farm 13 miles northeast of the city recorded 3.30 inches of rain as of 7 a.m. today, and the Raymond Schlabs farm five miles north of Hereford reported an accumulation of 3.70 inches.

To the east, another large rainfall accumulation was reported in the Dawn area, as a spokesman for Dawn Co-Op listed rainfall in that community at 4.50 inches for the rainfall period beginning Tuesday and extending into today.

The J.E. McCabe farm east of Dawn recorded 2.50 inches of rainfall.

The city of Hereford also came in line for heavy rains, as KPAN radio logged a 2.50 inch total, with 1.30 inches of that amount falling in a heavy downpour this morning.

The Holly Sugar Corporation's Hereford plant had received 2.65 inches of rainfall as of 8 a.m. today.

To the south of Hereford, rainfall apparently tapered off. A spokesman for Easter Grain reported that he had not had an opportunity to check a rain gauge, but moisture was noticeably lighter than that received in Hereford.

The dryland country to the west and northwest of Hereford failed to receive heavy moisture in most locations, although farmers in that area would welcome precipitation to bring on their newly-sown wheat crop.

A total of .80 inches of rainfall was reported at the Walcott School, and a spokesman there indicated that rainfall was heavier in the Simms vicinity, where several school buses became stuck in the mud this morning.

A .80 inch moisture report was also received from the Bill Page farm at Bootleg Corner, while the Clint Homfeld farm 47 miles northwest of the city reported no moisture.

Scattered showers and thundershowers should continue through tonight in all but the extreme western portion of West Texas as the fall's first wet spell continues.

Rainfall is expected to end sometime tomorrow.

Predictions are for continued cooler temperatures in most sections through tomorrow, with highs in the Panhandle expected to reach only the upper 50's. Lows should dip into the upper 40's.

Tomorrow's high is expected to be in the mid-60's.

Gas Vote — Big Win For Carter

WASHINGTON (AP) - Opponents of a natural gas pricing compromise are organizing for one last attack despite a resounding defeat at the hands of President Carter and his allies in the Senate.

In the first showdown vote on the volatile issue, the Senate rejected by a 59-39 vote Tuesday an effort to return the compromise to the conference committee, a move supporters said would kill it.

Given the margin of that vote, it appeared unlikely opponents would be able to reverse the current tide in support of the compromise.

An Associated Press count showed 50 senators either firmly or tentatively in support of the compromise with 39 in opposition and 11 still undecided.

Nonetheless, Sen. Russell Long, D-La., is leading a last-ditch effort to rewrite the bill, a move which also would send it back to a House-Senate conference committee.

The current compromise would lift federal price controls on new natural gas by Jan. 1, 1985 and allow producers price increases of about 10 percent between (See COMPROMISE, Page 2)

Vance Hustles to Middle East

By ROBERT CULLEN
Associated Press Writer

Secretary of State Cyrus Vance flew to the Middle East today to try to keep Jordan and Saudi Arabia out of an Arab front bent on derailing the Camp David accords. He also hoped to see Syria's opposition to the agreements.

Vance was scheduled to meet with four Arab leaders - King Hussein of Jordan in Amman today, King Khaled and Crown

Prince Fahd of Saudi Arabia in Riyadh on Thursday and Friday, and President Hafez Assad of Syria in Damascus on Saturday.

Vance said he would explain to the "key Arab governments not represented at Camp David . . . the contents, purpose and philosophy of the understandings reached . . . so they can make their own decisions on how to respond to the invitations to them contained in the basic

documents." But the secretary's mission was set back at the start by statements from Jordan saying it would not be bound by the agreements and from Saudi Arabia saying they "could not be considered as an acceptable final formula for peace."

Both Jordan and Saudi Arabia reiterated the primary Arab demand for Israeli withdrawal from all territory occupied in the 1967 war, including East

Jerusalem, which the Camp David accords do not guarantee.

Both called for Palestinian self-determination, and the Saudis also demanded a Palestinian state and recognition of the Palestine Liberation Organization as the "sole legitimate representative of the Palestinian people."

Both also called for unification of Arab policy. But while Jordan was critical of Egyptian President Anwar Sadat's dealings with Israel without calling him by name, the Saudi government said it did not challenge the right of any Arab country to restore its occupied lands "so long as it does not run contrary to higher Arab interests."

Vance as he left Washington repeated President Carter's request that the moderate Arabs give the agreements "careful and thoughtful study," making clear that he did not expect the Jordanian and Saudi leaders to change their positions immediately. And the Jordanian statement promised "extensive contacts on Arab and international levels in order to evaluate the situation."

The Carter administration is counting on two factors to persuade the Saudis to acquiesce privately to further negotiations on the basis of Camp David and Jordanian participation if Hussein can be brought around.

One is the administration's cultivation of the Saudis as exemplified by the sale to it of F-15 fighter jets. Another is the conservatism of the oil-rich Saudi monarchy, which has no sympathy for the socialist views of the radical Arabs.

As far as Syria is concerned, the administration will be satisfied if Assad allows the process started to Camp David to continue without actively opposing it.

The Syrian president was to be host (See VANCE, Page 2)

Parliament Favors Agreements, But Begin in Party's Doghouse

JERUSALEM (AP) - Prime Minister Menachem Begin appears to have solid support in Parliament for the agreements he signed with President Anwar Sadat of Egypt but reportedly he is in so much trouble with his own party that he could be forced to resign.

Two of Begin's 18 Cabinet ministers are likely to quit if the two documents negotiated at the Camp David Middle East summit are ratified by the Knesset, or parliament.

Even if Begin were to quit as head of the right-of-center Herut Party, the arithmetic of announced support by other parties virtually assures backing of the accords by the 120-member chamber.

The Knesset is to vote within two weeks on the documents and whether to accede to Sadat's condition that the 20 civilian settlements in the Sinai be evacuated. The Camp David agreements return the Sinai to Egyptian sovereignty. They leave the status of the settlements

on the West Bank of the Jordan River open to negotiation.

Until the ultimate status of the West Bank is decided, Begin agreed not to allow any more settlements there. However Tuesday morning about 20 families moved into a new West Bank settlement eight miles south of Nablus. The move was sponsored by the ultra-nationalist Gush Emunim - Bloc of the Faithful.

A straw poll by the armed forces radio Monday questioned 68 members on how they would vote. Only two said they opposed dismantling the settlements, 44 said they would vote in favor and 22 refused to reply.

"By my count, the worst Begin could get would be 85 votes," said one political insider. He needs 61.

Begin has said he would allow each (See BEGIN, Page 2)

USDA Economist Claims

'79 Grocery Bill Increase Depends on Meat Supply

WASHINGTON (AP) - The average four-person family's grocery bill could rise by as much as \$3.40 a week next year if farm prices are stable, but smaller meat and dairy supplies could boost the increase to \$6.15 a week, the Agriculture Department's chief economist said Tuesday.

That hike would be on top of the \$6.21 increase foreseen for 1978 for the typical family whose weekly grocery bill was \$67.10 last year. By the end of 1979 then, that family would be spending between \$71.71 and \$74.46 a week.

Department economist Howard W. Hjort told a House subcommittee that steady farm prices would mean an increase of only 4 percent or 5 percent in retail food prices next year, but private forecasters are predicting a rise of 7 percent to 9 percent.

Food prices this year are expected to average 10 percent above 1977 averages.

Most of that occurred in the first five months of the year. Hjort told the economic stabilization subcommittee of the House Banking, Finance and Urban Affairs Committee.

"For the balance of this year," he said, "food prices are expected to hold about steady, barring unusual weather or other events."

The increase was caused mainly by smaller beef supplies, with ranchers attempting to compensate for four years of losses by trimming herds, by weather damage to fruits and vegetables and by a congressional boost in minimum sugar prices, Hjort said.

An increase in farm prices of about 15 percent this year accounts for more than half the 1978 boost, he said.

The costs and profits of food industry middlemen are rising by about 7 percent or 8 percent and account for about 40 (See PRICES, Page 2)

'Tax-Indexing' Goes Before Finance Panel

WASHINGTON (AP) - Republicans on the Senate Finance Committee are plugging for a system of automatic tax cuts to keep inflation from pushing wage earners into ever-higher income tax brackets.

Sponsored chiefly by Sen. Bob Dole, R-Kansas, the "tax-indexing" plan would require yearly increases in personal exemption and standard deduction as well as cuts in individual tax rates pegged to the rate of inflation.

The indexing measure, scheduled for a committee vote today, represents an attempt by the Republicans to bounce back after failing three times Tuesday to pass the Roth-Kemp proposal to cut individual income taxes by an average of 33 percent over the next three years.

Meanwhile, the Republicans began a coast-to-coast flying caravan today with party leaders such as former President Gerald Ford and former California Gov. Ronald Reagan talking tax reform and boosting GOP candidates.

They are carrying the message that a big change in taxes will require a big change in the composition of Congress.

Back in the Senate committee, Dole argued his case this way Tuesday in a statement:

"The average family of four earned \$15,000 last year. The effective tax rate on that income is about 9 percent, or \$1,400. Assuming the inflation rate is at 7 percent and the family keeps up by a cost-of-living increase, the family next year will earn \$16,050.

"The family, of course, has not increased its spending power of the previous year. However, the family is now confronted with an 11-percent effective tax rate and a new tax bill that is nearly \$1,600."

Dole calls that \$200 difference to his hypothetical family "an unlegislated tax hike that cheats the American worker." Under his proposal, it would be offset by a 7 percent increase in deductions allowed the family and by expanding the tax rate tables to allow a 7 percent increase in wages without going into a higher tax bracket.

Opponents say the Dole amendment, which would be for a two-year trial period beginning in 1980, would worsen inflation by raising the federal deficit, forcing the

government to borrow more money and giving taxpayers little incentive for their own inflation fight.

The committee, writing its own version of a \$16.3 billion tax cut approved by the House, also is nearing a final decision on how the House bill should be changed to direct more of the tax cuts to low- and middle-income taxpayers.

In a major decision Tuesday, the panel voted new tax relief for business by increasing from 20 percent to 30 percent the asset-depreciation range.

The sponsor, Sen. Lloyd Bentsen, D-Texas, said this would stimulate plant modernization and increase productivity, resulting in more output per dollar spent and, thus, less inflation. It would cost \$51 million next year.

City Receives \$61,000 As Share of Sales Tax

Hereford has been sent a check for \$61,267.69 as its September share of the local option one percent sales tax, State Comptroller Bob Bullock has announced.

The September rebate raises Hereford's total for the year to \$278,405, an increase of two percent over the same period last year.

Hereford, in September last year, received a check for \$54,557 from the comptroller.

Bullock said his office has sent checks totaling \$70.1 million to 900 cities as their share of the September tax. The rebates raise the yearly total for the cities to \$306.5 million, an increase of 16.3 percent over last year.

The city sales tax is collected by merchants and other sales tax permit holders and rebated monthly by the

comptroller. The city sales tax is collected by merchants and other sales tax permit holders and rebated monthly by the comptroller.

Houston was sent a check for \$17.7 million this week, raising the city's total for the year to \$64 million, a 21 percent increase over last year.

Dallas was sent a rebate of \$8.1 million, bringing its total to \$35.9 million, up 11 percent.

Amarillo and Lubbock were mailed checks for \$921,004 and \$1.15 million, respectively.

Area cities and their rebates included Pampa, \$164,166; Plainview, \$134,245; Borger, \$116,426; Dumas, \$53,150; Perryton, \$66,070; Friona, \$9,783; Dimmitt, \$18,963; and Canyon, \$26,423.

Golfers To Play In PGA Event

NAPA, Calif. (AP) - Gary Player, Tom Watson, Andy North, John Mahaffey and several other top-name golfers will play in the \$200,000 PGA event which starts Thursday.

"There's no doubt we have the strongest field ever," said tournament chairman Vern Peak, who was surprised as the big-name entries kept coming in for the event which has sometimes had to scratch for headlines.

The tournament has been handicapped in recent years by its scheduling near the end of the Professional Golf Association season. But this time the timing - the week before the World Series of Golf - is clearly advantageous. Player, Watson, North and Mahaffey all expect to play the World Series, too.

Player, the South African who won the Masters title, will be making his first appearance in the tournament played on Napa's Silverado Country Club's par-72 North and South courses.

Watson is the tour's leading money winner, with over \$300,000.

Plainview heads up local teams in this week's Harris Rating System, as they moved up from 18th to 8th place with a power base of 155.4.

Their nearest competitor is Amarillo Palo Duro, rated 45th this week with a power rating of 150.9.

The Hereford Whitefaces lost ground according to the Harris System, after they lost to the Dons 28-0. The Herd slipped from 134th last week to 157th and a power of 134.

The Whitefaces take on the Borger Bulldogs there Friday night in an attempt to improve their early season record.

Borger is rated 43rd this week according to Harris with a power base of 136th. Dumas is just ahead of the Bulldogs with 40th spot and a power rating of 139.0.

Canjion heads the area AAA teams with 22nd and a power base of 145th.

Ladies Golf Tourney Slated

PORTLAND, Ore. (AP) - Nancy Lopez, who has won \$157,000 already this year, is teamed with Jo Ann Washam for a \$100,000 Ladies Professional Golf Association tournament this weekend.

The three-day team tournament begins Friday at the Columbia-Edgewater Country Club.

Lopez and Washam, 1975 winners of the Portland tournament, should provide a strong challenge to defending champions Joanne Carner and Judy Rankin. Carner recently became the first woman golfer in history to surpass \$100,000 in winnings three seasons in a row.

Former Portland champions Donna Caponi Young and Kathy Whitworth also are among the 50 teams. Young has two U.S. Open titles in her 11 tour victories, while Whitworth has

80 wins, two shy of Hall of Famer Mickey Wright.

Another Hall of Fame player, Carol Mann, will play with Dot Germain. Jane Gialock and Joan Joyce, a softball pitcher, will be back after trying for third last year.

Sally Little, the seventh leading money winner this season, is paired with Argentine Silvia Bertolaccini. The list also includes the combined talents of the ninth and 10th leading money winners - Amy Alcott and 1977 Rookie-of-the-Year Debbie Massey.

The tournament is played under a best ball format. Two women play 54 holes as a team, with only the lowest score counting on each hole. The twosome with the lowest overall team total wins, splitting a \$15,000 first prize.

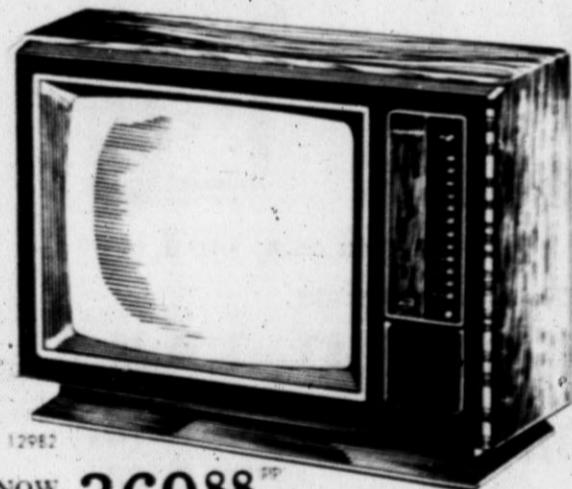

The tournament is sponsored by Karsten Manufacturing Co., which sells golf equipment under the PING brand name.

Shorts

Pete Maravich of the New Orleans Jazz averaged 44.2 points a game as a collegian.

Fan Fever

Football fever-continues Friday night when the Hereford Whitefaces travel north to visit the Borger Bulldogs. Local fans will be watching intently to see if the Herd bounces back into the win column after last week's loss to Palo Duro.

At Tuesday Club Meeting... Boosters Review Game; Hear Bell May Play

The Hereford Booster Club heard a little good news Tuesday night at the high school cafeteria.

Club president Bob Nigh said boosters reviewed last week's loss with Amarillo Palo Duro with Herd coaches and viewed the game film.

Nigh said running back Paul Bell, hurt in the Herd's first scrimmage with Amarillo Tas-

cosa Sept. 1, was listed by coach Don Cumpston as much improved.

Bell may possibly play Friday against the Borger Bulldogs according to booster club reports.

The 5-9, 160 pound running back was the district's leading rusher last year. He suffered a severe ligament strain against the Rebels and has not played in

the Herd's two-games this season.

The Herd defeated Pampa 13-7 in their season opener here

Ali-Leon Fight Get Top Ratings

NEW YORK (AP) - Friday night's Muhammad Ali-Leon Spinks heavyweight championship fight was among the highest rated sports shows of all-time. ABC Television said Tuesday.

The network said that from 10 till about 11:45 p.m. EDT., the time the Ali fight was actually on, the bout drew a 46.7 rating, meaning 46.7 percent of TV sets in the nation were tuned in, and a whopping 73 share, meaning 73 percent of the sets in use were tuned to the fight. These are records for a TV fight, surpassing the first Ali-Spinks bout.

During that period, the fight delivered approximately 34.8 million homes per minute, an all-time record for a sports event and second only in TV history to the final episode of "Roots." The previous record for homes delivered was Super Bowl XII last January with 34.4 million.

then found the going tough against Palo Duro as the Dons blanked the Whitefaces 28-0.

The Bulldogs defeated Lubbock in their season opener Sept. 8 and were open last week.

Cumpston told boosters the player's have bounced back mentally after the Palo Duro loss and believes they are ready to tame the Bulldogs.

Also during the booster meeting, club members were

LaPlata Blast Clovis, 41-12

The La Plata 9th grade Mavericks whipped Clovis Gattis last Saturday 41-12 here at Whiteface Stadium.

Coach Joe Spann said the Mavericks played aggressively. "We were very proud of our young men. The offensive line was able to open our running game by doing a good job up front," said Spann. He said many of the players have really started to improve.

The 9th grade B-team lost their outing against the Gattis 8th grade A-team 34-0.

Spann feels like however that

presented a special defensive show on Herd defensive assignments and techniques.

Nigh said each week special techniques will be presented by the coaching staff to better educate boosters on Herd football.

Booster club memberships are still being accepted for \$5 per family.

The club meets each Tuesday at 8 p.m. at the high school cafeteria.

all the players will improve with playing time.

The A-team scored two touchdowns in the 1st period. Alan Wartes scored from four yards out and then Bruce Clarke scored a five-yard touchdown. Both extra point attempts failed.

The Mavericks' third TD was on a 50-yard pass play from Wartes to Julian Lucero. Aubrey Richburg ran for the extra point conversion, and the scoreboard read 20-0 in favor of Hereford.

Wartes scored the next TD on a 3-yard option play and Stanton led 26-0.

Jeff Coupe scored another TD for Stanton on a 30-yard run. The conversion points were completed on a pass play from Wartes to Don Delozier, making it 33-0.

The final Maverick TD came on a 25-yard pass to Rodolfo Carrasco. Baedemos Reyna kicked the extra point.

The Mavericks play the Muleshoe sophomores there at 5 p.m. Sept. 28.

OUR BOARDING HOUSE with Major Hoopie

"I'm afraid you've caught him at a very busy time — he's trying to get off to Switzerland on one of those combined business and pleasure trips."

COMMENTARY Donald F. Graff

What would Marie think?

A nice thought, anyway

Speaking of bread, Americans traveling abroad these days are discovering that they need plenty of the U.S. variety to keep up with the escalating foreign exchange rates.

Which adds an ironic touch to the favor Congress is considering doing for travelers. In process is an increased in the duty-free allowance from \$100 to \$300 per person.

It certainly is a recognition of the decline in the value of the dollar, but how much good it will do individual travelers is debatable. Reports have it that customs agents are already becoming accustomed to Americans returning from abroad with only what they took with them, bargaining in foreign bazaars being no longer available for dollars.

Window shoppers never have had any problems with customs.

Hurrying home

Speaking of travelers, the government is doing its bit to speed their journeys and lessen the hassle.

The Immigration and Naturalization Service is experimenting with processing of homebound citizens at the foreign airports of their departure rather than upon U.S. arrival. The idea is to reduce airport congestion and passenger delay.

Preclearance procedures are being tried out at several Canadian points, the Bahamas and Bermuda and may soon be extended to Mexico, Japan and West Germany.

The result should be making the return home not only the best but a much easier part of a trip abroad.

Birdsong Gives Buffs Their Kicks

West Race Close

LOS ANGELES (AP) — Cincinnati's Johnny Bench analyzed the National League West race, borrowing from one of America's great orators, Yogi Berra — or maybe it was Casey Stengel.

"It ain't over with until it's over with."

Mike LaCoss, the Reds' rookie right-hander, handcuffed Los Angeles on seven hits Monday night, pitching Cincinnati to a 4-0 victory that prevented the Dodgers from reducing their magic number for clinching a second consecutive divisional title.

The Dodgers' magic number remains at five, as the Reds closed to within 7 1/2 games.

"Tonight we played like world champions," said Cincinnati Manager Sparky Anderson, refusing to concede the championship to Los Angeles. "The trouble is, we haven't played that way enough times this season."

Asked flatly if the Reds can catch the Dodgers, Anderson said: "I don't know. I'll let you know Oct. 1. I don't think it will take a miracle, but we're going to have to win every one of our 12 remaining games."

Bench and Ken Griffey had three singles each to account for six of the Reds' nine hits in handling Bob Welch's fourth loss against seven victories.

Dave Concepcion's sacrifice fly gave Cincinnati a 1-0 lead in the second and the Reds put it away with a three-run seventh. Griffey singled home one run, and Bench singled home the other two.

LaCoss, 4-7, snapped a personal six-game losing streak as he hurled his first major league shutout.

But he had to pitch out of a bases-loaded jam in the fourth inning after the Dodgers collected successive one-out singles by Steve Garvey, Ron Cey and Dusty Baker. He got out of it when Lee Lacy and Steve Yeager popped out.

"I jammed Lacy and Yeager after getting my pitches up when they got the hits," said LaCoss, a native of Glendale, Calif.

LaCoss permitted only three hits the final five innings in handling the Dodgers their second consecutive defeat.

Shorts

CHICAGO (AP) — Center Stan Mikita, the club's all-time leading scorer, will return for his 20th season with the Chicago Black Hawks, the National Hockey League club announced.

Terms of the new contract Mikita signed Tuesday were not given.

Mikita, 38, had been a free agent and would not have brought the Hawks compensation if he signed with another team.

Mikita has won four NHL scoring championships and is the Hawks' last link to the Stanley Cup championship team of 1960-1961.

Last season, he played in 76 games with 18 goals and 59 points.

MISSION, Kan. (AP) — Unbeaten Delaware holds down the No. 1 spot in the National Collegiate Athletic Association Division II football poll this week.

Delaware, 2-0, received 60 points in the poll, followed by Northern Michigan, 2-0, with 55, and Winston-Salem, with 52.

In fourth place is Youngstown Ohio, 2-0; followed by California-Davis 1-0; Eastern Illinois, 3-0; Virginia Union, 2-0; Nebraska-Omaha, 3-0; Norfolk State, 3-0 and; in the No. 10 spot, North Dakota State, 2-1.

CANYON — Carl Birdsong first started punting competitively in the fourth grade. Ten years later, he's still kicking around.

The Amarillo sophomore has been one of the brightest spots for West Texas State during the 1978 football campaign to date. He currently ranks among the national leaders in punting with a 45.4 average for 21 efforts. And his consistency has been almost uncanny. He averaged 45.8 in the season opener against Mississippi State, 44.3 against UT-Arlington, and 46.8 last weekend against McNeese State. His longest to date has been 64 yards against Mississippi State, but five boots have been over 50 yards.

Perhaps even more important has been Birdsong's accuracy. His deadeye has caused foes to bring drives inside their 15-yard line on four occasions.

"Carl is one of the finest punters I've ever been around," praises head coach Bill Yung. "It's funny, but he punts better under pressure than without. He is a very conscientious player. He practices all types of kicks with much dedication."

Yung considers the kicking game a full one-third of football, noting "The field goal rule of bringing misses back to the line of scrimmage is bringing back the guy who can hit the corner or pook chick it dead inside the ten."

Offensive coordinator Don Davis agrees on the importance

of a good punter. "With a guy like Carl, you can afford to make some mistakes on offense and still punt your way out of trouble. Or you can gamble on offense and still get out of trouble. Or he can get the other team in the hole and trouble."

Birdsong says he would like to win the MVC punting title, but says his chief goal for 1978 is "to accomplish what the team needs from me. The team as a whole comes before individual goals."

Not only one of the best punters in the country, Birdsong may be one of the smartest. He's a pre-pharmacy major with an overall 3.9 grade point average.

He made the adjustment to college ball in a hurry, averaging 40.5 as a freshman to

rank third in the Missouri Valley Conference. His 83-yarder against Tulsa was the longest in the NCAA for 1977.

"I really don't study other kickers that much," he admits. "When things are going good I don't experiment and change it."

Birdsong admits he would like to win the MVC punting title, but says his chief goal for 1978 is "to accomplish what the team needs from me. The team as a whole comes before individual goals."

Not only one of the best punters in the country, Birdsong may be one of the smartest. He's a pre-pharmacy major with an overall 3.9 grade point average.

WT Opens Title Defense

TULSA, Okla. — Even though the first three weeks of the 1978 football season have not been what West Texas State coach Bill Yung would call ideal, the second-year WTSU coach could be excused if he did not panic immediately.

Last year, West Texas State lost its first four games of the year before closing with a rush and finishing a 6-4-1 for the year. Along with that finish came a Missouri Valley Conference title.

This year the Buffs were the pre-season choice of writers and coaches to win the MVC crown again. Yet they have won just one of their first three games (all non-conference) and were blitzed by McNeese State 45-13 last Saturday in their home opener.

"You are always going to get tested," says Yung. "The Lord will make sure of that. What you do when tested is the key."

West Texas State's first test in its MVC title defense comes this Saturday afternoon in Carbondale, Ill., against Southern Illinois. Ironically, it is SIU whom the Buffs defeated in the final game of the 1977 season to clinch the conference title.

The Salukis already have played one MVC game, and it was a season-opening 38-14 loss to Drake. Since then, they have bounced back to claim a 22-20 road win at Lamar.

The West Texas-SIU matchup is the only conference game on tap this weekend. Other non-conference games find Kansas State at Tulsa, Idaho at Wichita State, North Texas State at New Mexico State, Drake at Arkansas State and Indiana State at Eastern Michigan.

WTSU Fans

WTSU — West Texas State University fans in attendance at the WTSU-McNeese football clash Saturday night were [l-r] Jerry Don George,

Hereford High School principal and WTSU Alumni Association president, and his father Bill George, also of Hereford.

Tulsa, Kansas Due Matchup

TULSA, Okla. (AP) — Tulsa places its unblemished record on the line Saturday against Kansas State of the Big Eight in the premier matchup of the Missouri Valley Conference members next Saturday.

All seven league teams took on foes from outside the conference last Saturday, and three teams received whippings.

Tulsa's Golden Hurricane downed Southwest Louisiana 10-3 Saturday for its third win of the season. The 3-0 mark is the best Hurricane opening since 1967.

New Mexico State is the only other league team with a perfect record. The Aggies are 2-0 following a 35-32 shootout with Texas-El Paso.

Elsewhere, last year's league champion West Texas State was trampled by McNeese State, 45-14; Wichita State dropped a 16-14 squeaker to New Mexico; Drake fell short to Texas, 36-29; Indiana State beat Western Illinois, 31-20 and Southern Illinois came from behind to defeat Lamar 22-20.

Quarterback Bill Blankenship came off the bench to complete four of six passes for 78 yards and a 31-yard touchdown strike to flanker Jerry Taylor to spark Tulsa's win over Southwest Louisiana. Freshman kicker Stu Crum kicked a 42-yard field goal in the victory.

New Mexico State's David Spriggs passed for a touchdown and ran for another as he led the Aggies to the 35-32 win over

UTEP. The game, attended by 30,193, marked the dedication of New Mexico State's new \$4 million stadium.

HEREFORD GRAIN CORPORATION

TO OUR MEMBERS:

It is annual meeting time again, and we have an outstanding evening planned for you.

The Directors have called the meeting as follow:

DATE: September 22, 1978 (Friday) **TIME:** 7 P.M.

PLACE: "BULL BARN", Dairy Road, Hereford, Texas

There will be three important parts of the meeting:

- DINNER:** A barbeque dinner, catered by SUTPHEN'S of Amarillo.
- SPEAKER:** Our honored guest and speaker will be United States Senator JOHN TOWER.
- BUSINESS MEETING:** There are several important matters which must be considered at this time, and we need YOU - **THIS IS YOUR BUSINESS!!!**

BOX 910
HEREFORD, TEXAS 79045

The UCLA basketball team won 88 straight games, from Jan. 30, 1971, to Jan. 19, 1974, with the streak finally being ended by Notre Dame.

LEAVING TOWN?

Whether it's for a few days or a few weeks, Hereford Home-watcher Service will take care of your home. This service is similar to services in Lubbock, Dallas, Houston and other large cities. HHS will check your house at least twice daily while you are away.

Services include:
 --Installation of electric timing switch to turn a light on and off.
 --Personal inspection of interior and exterior of the home and surrounding grounds.
 --Indoor plants watered.
 --Pets fed.
 --Mail and newspapers brought into your house each day of vacation.

All this—for a low daily fee. We are insured and promise to please you because we are a new, local business and wish to establish references. For more information, call 364-8082 or write Denise Sims, 701 Grand, Hereford, TX 79045. 1-270-tfc

Names In The News

ATLANTA (AP) - It's been 36 years since Jimmy Carter went to Georgia Tech. and it looks like he will finally get a degree.

The State Board of Regents quietly voted three months ago to relax its ban on honorary degrees by state colleges and universities - but only for former students who are elected president of the United States. The unheralded rule change will allow Georgia Institute of Technology to confer an honorary doctor of engineering degree on President Carter. He attended the school in 1942 while waiting to enter the U.S. Naval Academy at Annapolis.

FLORENCE, Ala. (AP) - Country music singer George Jones has been charged with assault with intent to murder following an apparent argument with a songwriting friend, police said.

Chief Deputy Jones Irons said Jones was freed Sunday after posting \$2,500 bond.

He said the warrant, approved by the district attorney's office, was based on a complaint by Earl "Peanut" Montgomery, a country music songwriter.

Details of the alleged incident were not available. "I don't know what happened," said Irons. "This very possibly couldn't amount to anything."

Queen Honored in Parade

1978-79 Fiestas Patrias Queen Delilah Guererro, who was crowned Friday night in a ceremony at the Bull Barn, brings up the rear in Saturday's annual parade down Main Street. Saturday was Mexican-Independence Day in Hereford, and citizens responded with the parade and a dance at the Bull Barn. Proceeds from the dance and queen contest will go into the San Jose Catholic Church building fund.

Cattle Meeting Friday

Department of the Interior Water-Pollution Control Advisory Board, National Livestock and Meat Board, USDA National Cattle Industry Advisory Committee and U.S. Chamber of Commerce Agriculture Committee.

Other speakers include Everett Harris, president emeritus, Chicago Mercantile Exchange, and Robert Jensen, head, Department of Nutrition, University of Connecticut.

Luncheon speaker will be President Barbara Keating of Consumer Alert, who will talk on "Regulation of Any Industry Is Really Regulation of All Consumers."

Sponsors are Texas Tech College of Agricultural Sciences, American Quarter Horse National Cattlemen's, National Wool Growers, Ranching Heritage, Texas and Southwest Cattle Raisers, Texas Cattle Feeders and the Texas Sheep & Goat Raisers associations.

The symposium precedes the first National Golden Spur Award and Prairie Party honoring Albert K. Mitchell of Albert, N.M., as recipient. The Prairie Party begins at 6:30 p.m. in Lubbock Memorial Civic Center.

The ninth annual Ranch Day of the Ranching Heritage Association will be held Saturday, Sept. 23, at the 12-acre outdoor exhibit at The Museum of Texas Tech University. The center depicts the history of ranching in America.

All events are open to the public. Ticket information is available by calling the Ranching Heritage Center, 742-2498 in Lubbock.

National Bank will address the National Golden Spur Symposium Friday.

The symposium on livestock and money will be held from 10 a.m. - 2:30 p.m. in the Museum of Texas Tech University. The registration fee, including a barbecue luncheon at the Ranching Heritage Center, is \$15.

Emphasis will be on impact of government regulations on the ranching and livestock industry. The eight sponsors, including all major American livestock associations, have invited five speakers.

Edwards, who heads a bank that historically built much of its reputation through financing of ranching and other livestock operations, is past president of the Texas Bankers Association and a former member of the Governing Council of American Bankers Association and of ABA's Administrative Committee of Government Relations Council.

Farr is president of Farr Farms Co., Greeley, Colo. The company has diversified agricultural interests, with the main business, cattle feeding and cattle ranching.

Farr is a member of NCA's Beef Grading Committee and HEW's Food and Drug Administration Committee. He has served as a member of the Food Advisory Committee of the Cost of Living Council.

LUBBOCK - W.D. Farr, former National Cattlemen's Association president and head of NCA's Feeder Grade Subcommittee, and Gene Edwards, board chairman and president of Amarillo's First

Lighter Side

TURLOCK, Calif. (AP) - The fire department here is finally legal - just 28 years late. Fire Chief Larry Hughes says the department never received official authority to put out fires when it switched from an all-volunteer force to a mixture of paid and volunteer firefighters 28 years ago.

The City Council put it right this week, adopting an ordinance to establish the Turlock Fire Department.

WELLAND, Ontario (AP) - Even a naturally superior effort wasn't enough to win the "best of show" award for a duck named "Daffy" at the Niagara Regional Exhibition Pet Show. Daffy faced two other finalists and a dog.

The 4-year-old fowl honked twice, flapped her wings and produced an egg before the surprised judges and about 100 spectators.

But Daffy's performance laid an egg - the cat won the trophy.

RENTALS

1 bedroom house
COMMERCIAL PROPERTY
Good location, 4 lots on Hwy. 60. Priced to sell.

A beauty shop with 2 one bedroom apartments. \$20,000.

Owner will finance with small down payment.

OUR FASCINATING EARTH
BY PHILIP SEFF, PH.D. & DAVID BAER, II

EARTHQUAKE LIGHTS

STRANGE FLASHING STREAKS OF LIGHT HAVE OFTEN BEEN REPORTED WHEN MAJOR EARTHQUAKES OCCUR. DURING THE LAST GREAT QUAKE IN CHINA, BLUE FLASHING LIGHTS WERE SEEN FOR MILES.

THEORIES RELATE THEM TO STATIC ELECTRICITY CREATED BY THE SHIFTING ROCKS AS THEY BREAK AND TRIGGER EARTHQUAKES. THE LIGHTS ARE AN EFFECT OF THE QUAKE AND HAVE NOTHING TO DO WITH THE CAUSE.

GSA Boss Outlines 19 Changes

WASHINGTON (AP) - General Services Administrator Jay Solomon said Tuesday at scandals so far exposed in his agency "may represent only the tip of a gigantic iceberg," but he outlined 19 administrative changes he has made to clean it up.

"The fraud, the corruption, the thievery, the mismanagement and downright abuse of the public trust that have been exposed to this date are only the beginning," Solomon told a hearing of the Senate subcommittee on federal spending practices and open government.

"GSA is today sitting in exile like a wounded animal," he said. "It is surrounded by the vigilant media, the disgruntled, the corrupters and by turf-conscious bureaucrats from other agencies... who would like to put an end to the cost-effective concept of centralized administrative services envisioned by the Hoover Commission in creating GSA."

Solomon said he might be criticized for "being too tolerant during my early days," but that during the past 88 days he had implemented 19 major changes intended to correct the agency's problems.

Among these were establishment of a central procurement office for GSA, reinstatement of so-called whistleblowers who had been penalized for criticizing GSA, establishment of a central budget office, a central office to dispose of surplus stockpile property, a limitation on spending authority of low-level officials, and a series of changes designed to ensure sharper policing of work done for the government under contract.

A new "office of acquisition policy" to be operating by Oct. 1 and reporting directly to him will standardize and police the billion dollar-a-year purchases of the GSA, which Solomon said now "are decentralized among the services in the central office in Washington and in the 10 regions."

Vincent Alto, the special counsel hired by Solomon to head the internal investigation of the federal government's landlord and storekeeper agency, said Monday that no GSA administrator since the first one, Jess Larson in the Truman administration, has really been able to run the agency.

"Lack of a central procurement office is a major reason for that and for the scandals, which really go back almost 20 years," Alto said. "We're the only billion-dollar-plus agency in the government without a central procurement office."

The subcommittee planned to review with Solomon, Alto and other agency officials a series of what chairman Lawton Chiles, D-Fla., called "horror stories" illustrating allegations of fraud that have penetrated every major operating division of GSA and all of its regions.

'Battlestar' Leads Field

NEW YORK (AP) - ABC's three-hour premiere of "Battlestar Galactica" captured larger audiences in three big cities than the tough competition on CBS and NBC, overnight figures from the A.C. Nielsen Co. show.

The space adventure show claimed between 40 percent and 44 percent of the audience in New York City in half-hour checks while it was on the air, compared to a range of 24 percent to 30 percent for CBS' broadcast of the Emmy awards show and 22 percent to 24 percent for NBC's telecast of the Dino DiLaurentis movie, "King Kong."

In Chicago, the range was 38 percent to 43 percent for "Battlestar Galactica," 25 percent to 32 percent for the Emmy show and 25 percent to 29 percent for "King Kong."

The Los Angeles tally from Nielsen was 48-55 for "Battlestar Galactica," 24-28 for the Emmys and 14-25 for "King Kong."

President Carter, who cut into the Sunday night programming to announce developments in the Mideast summit talks, was a beneficiary of the heavy Sunday night fare. Carter broke into regular programming at 10:30 p.m. EDT, causing a delay in the regular programming in the Eastern and Central time zones.

Ann Landers

Parents Anonymous

DEAR ANN LANDERS: No one knows for sure how many children are neglected or abused. Sometimes the difference between "disciplining a child" and beating him can be a matter of opinion.

Recently, my husband and I joined a group that has changed our lives and will certainly change the future of our children. It's called Parents Anonymous and has no agency affiliations and costs nothing to join. Basic rules of privacy and confidentiality are strictly followed.

The primary objective is the rehabilitation of damaged relationships between parents and children. We try to give parents self-confidence and know-how so they can rechannel their destructive attitudes and actions into constructive behavior.

Some parents who abuse their children are seriously disturbed, but most are normal everyday mothers and fathers whose parents beat THEM. When they become angry or frustrated with their children they behave as their parents did. I hope you will print the guidelines of Parents Anonymous. -- A Made-Over

DEAR MOTHER: The guidelines are well worth sharing with my readers and I do thank you. For those who are interested in learning if there is a chapter in your city -- or for those who want to start a chapter -- please write to the national headquarters. The address is: Parents Anonymous, 2810 Artesia Boulevard, Suite F, Redondo Beach, Cal. 90278.

Here are the Daily Goals and Guidelines of Parents Anonymous of New York:

1. We recognize and admit to each other that child abuse and neglect -- be it physical, verbal, sexual, or emotional -- exists in our homes.
2. We admit that our children are defenseless and that the problem is within us as parents, and we will set about an immediate course of action to correct it by changing our daily habits.
3. We want and will accept help for ourselves and will follow any path to get the strength, the courage, and the control that we must have in order to stop abusing our children.

4. We will not blame our children or subject them to our abusive actions.

5. We promise ourselves and our family that we will use to the fullest extent the Parents Anonymous program.

6. We will take one step, one day at a time, to achieve our goals.

7. We admit we must learn to control our tempers, and once this is accomplished, we can achieve harmony in our home and earn love and respect for ourselves and our family.

8. We understand that our problem cannot be cured immediately and demands continuous practice of the Parents Anonymous program.

9. We remain anonymous, but if we wish to individually, we may identify ourselves and will call upon other Parents Anonymous members, or seek any help before, during, or after any act of child abuse occurs.

10. We admit that we are separating ourselves from our children, and through practicing the Parents Anonymous program daily we will reunite our children into a loving, healthy, family unit.

Homebuying Trends Indicate Money Saved

SCOTTSDALE, Ariz. (AP) - An album of pronographic pictures may lead police to the killer of Bob Crane, TV star of the "Hogan's Heroes" series.

Detectives have been looking for the album since June 29, when Crane, 49, was beaten to death with a heavy metal bar. Crane apparently knew his killer and had let him into the apartment Crane was using while appearing here in a Windmill Dinner Theater production of "Beginner's Luck," police said.

"Apparently there was an album missing - pronographic stills," said Police Chief Walter Nemetz. "It might be a clue."

Crane suffered two skull-crushing blows and his neck was tied with an electrical cord from a videotape camera, investigators said. Dozens of videotapes reportedly were found in the apartment, showing Crane engaged in sex with women in various stages of undress.

Several of the women have been contacted and cooperated with investigators.

"There are lots of motives," Nemetz said. "He (Crane) developed a lot of acquaintances. His peculiar activities offstage could lead to many motives amongst his acquaintances."

The weapon, believed to have been a tire iron or jack handle, has not been found. Blood was wiped from it onto a corner of Crane's bedsheet, and the weapon may have been tossed into a canal near the murder scene, officials said.

"We've expended about 2,000 man-hours on the case and we're still coming up with new people to talk to," Nemetz said. "I still have one investigator assigned fulltime."

The investigation has gone to Texas, where Crane also appeared in dinner-theater productions, and to Los Angeles, home of Crane's estranged wife, Patty Olsen, and Crane's friend, John Carpenter, 49.

Carpenter has told police that he was out with Crane and two women until about 2 a.m. the day of the murder, and last saw Crane outside a coffee shop. Carpenter also said he flew to Los Angeles after the evening out, but telephoned Crane in his

apartment just before leaving. Crane also received a telephone call from his estranged wife the night before his death, Nemetz said. Carpenter told police he was with Crane at the time of the call, which developed into a loud argument. Crane and Miss Olsen apparently had argued the previous week as well.

Photos of professional killers have been shown to potential witnesses but Nemetz says, "Our inclination is to discount that whoever killed Crane was in the room with him and knew him. He was pretty careful about locking his door. There was no evidence of a break-in."

At one point, Scottsdale Police Lt. Ron Dean told reporters, "We know who did it, but the suspect is out of state."

Maricopa County Attorney Charles Hyder, however, refused to issue a complaint for lack of evidence.

"I think whoever did it will make his actions known to somebody else and that somebody else will come forward and tell us," Nemetz said.

Pornographic Pictures Linked to Dead Actor

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) - When you determine the answers to these three questions you will have come a long way toward understanding some of the puzzling behavior of the still strong housing market.

More specifically, you might obtain an insight into why your neighbor has decided to go even deeper into debt, and otherwise involve himself or herself in what appears to be contradictory behavior.

The questions:

Why should homebuyers show a tendency toward adding embellishments when the basic price of new homes is already forced higher by rising costs of materials and labor?

Why should homebuyers show a preference for larger homes even though the average household size is generally lower today than just a few years ago?

Why should buyers appear to ignore rising borrowing costs, the insistence of some lenders on higher downpayments, and the strain on family finances by debts already outstanding?

One encompassing answer is offered for all three questions, but whatever clarity might evolve from its concreteness might at first be clouded by confusion. The answer: They are saving.

If you spend them on superficialities, of course, you waste your money. But if you spend them on something substantial, such as for a house, then your dollars might hold their value and even grow.

Since 1974, for example, housing prices have risen on average at about 10 percent - exactly that in 1975, 8.4 percent in 1976, 12.2 percent last year, and about a 9 percent rate this year.

By contrast, traditional savings in financial assets, such as savings accounts, Savings Bonds and even stock accounts, have been eroded by inflation and taxes, which in effect are one and the same.

"Just earning enough on financial assets to offset inflation and taxes has become an overly ambitious objective for many investors," says Gary Wengulski, head of the Goldman Sachs research group. Wengulski, whose company is deeply involved in financial assets and not at all in housing, offers this illustration:

In 1976-1977, the average yield on savings accounts at savings and loan associations was 6.3 percent. Inflation ran at about a 6 percent rate, reducing the yield to almost nothing - before taxes.

Assuming a 30 percent tax bracket, the holder of the savings account actually ended up with a "return" of minus 1.6 percent after paying the

taxes due on the alleged profits. The calculation is simple: Subtract Uncle Sam's 30 percent from 100, leaving 70 percent of the total return for the saver. Then multiply by the 6.3 percent return. And deduct 6 percent inflation.

Inflation cuts into housing assets also - there's very little if anything that the inflation termite misses - but for the present at least the increased value generally exceeds the inflation rate.

Philippines First Lady Rips Manners

MANILA, Philippines (AP) - Imelda R. Marcos says she's rather visit the Russians than American congressmen.

The Philippines' first lady says 15 U.S. congressmen were rude to her during a July meeting she requested in Washington, but Soviet Premier Alexei Kosygin was "very kind" when she toured his country.

Mrs. Marcos said the congressmen, most of whom are severe critics of her husband's martial-law government, asked questions based entirely on the view of "hostile and uninformed observers."

"The Russians, especially Soviet Premier Alexei Kosygin, were very kind to me," she said. "At least they like me over there."
