

He's Making A Personal Investigation—
LOUIS-CONN FIGHT DETAILS 'SHOCK' STIMSON

WASHINGTON, Sept. 24 (AP)—Secretary of War Stimson said today he was "shocked" over arrangements for the Joe Louis-Billy Conn championship prize fight and had started a personal investigation.

which I hope to complete within 48 hours."
The war secretary's announcement was prompted by a question whether he would comment on the proposed October 12 fight at the Yankee Stadium in New York between Serg. Louis, the heavyweight champion, and Pvt. Conn. He declined to state what details "shocked" him.

Senate Agriculture Group Spurns Parity Compromise

Bomb Control Display Here Friday Eve

The general public, as well as officials here for the autumn meeting of the West Texas County Judges and Commissioners association, will be privileged to witness the effects of intense heat generated by incendiary bombs in a demonstration Friday evening.

Farm Bloc Holds Out For Higher Formula, Deadlock Is Threatened

WASHINGTON, Sept. 24 (AP)—Senator Brown (D-Mich.) told the senate today he feared congress and the president were heading for a "collision" that, "God forbid," might have to be settled by the third branch of government, the supreme court.

Taking the floor immediately after 13 senate agriculture committee members had voted to reject an administration-sponsored compromise in the controversy over farm parity price provisions of the anti-inflation bill, Brown told his colleagues:

"I believe the congress and the president are headed for a collision. x x x I am fearful at this time when unity is the need in the conduct of the government today that we are going to have criticism, disunity and discord between the legislative and the executive branches of the government."

"God forbid that this should happen," he continued, "but it is entirely possible that this dispute may have to be resolved in the third branch of our government."

Brown alluded to the demand of the congressional farm bloc that farm parity prices be revised upward to take into account cost of all labor on the farms, a revision to which President Roosevelt said he was "unalterably opposed."

Some administration supporters have said that if this provision, already approved by the house in passing the anti-inflation legislation, were finally adopted by congress, the president might veto the bill and proceed to act under executive authority.

Senator Thomas (D-Okla.) said all members present at a meeting with leaders of farm organizations had agreed to stand by an amendment sponsored by him and Senator Hatch (D-N.M.), which would increase the level of parity prices by about 12 per cent by including all farm labor costs as a factor.

The house adopted a similar amendment yesterday in passing a measure authorizing and directing President Roosevelt to stabilize prices, wages and salaries at 15 levels, so far as practical.

Administration leaders had sought to split the farm bloc apart in the senate by offering an amendment which would leave to the president the determination of when increased costs were not reflected by the price ceilings. The president had expressed "unalterable" opposition to recomputing the basis of parity.

"The compromise doesn't mean anything," Thomas told reporters. "We want to write this thing directly into the law."

Senator Russell (D-Ga.) said the compromise proposal in itself was not so bad, but there was some fear among agriculture committee members about its administration.

Democratic Leader Barkley, of Kentucky, said before the committee voted that if the farm group did not accept the compromise, the issue would be fought out on the floor of the senate.

The farm bloc's effort to change the basis of parity has an important bearing on the proposed grant of broad authority to president Roosevelt to stabilize prices, wages and salaries at September 15 levels, so far as practical.

The situation shaped up like this:
1. An unofficial poll showed 40 of the 98 senators committed to support the principle of an upward parity revision, with 22 against, 19 undecided, eight declining to comment and seven not reached.

2. Senator Thomas (D-Okla.), co-author of the amendment, declared that he and others of similar views could not accept a compromise proposed by Senators Reed (R-Kan) and Tydings (D-Md.).

3. An authoritative source, declining to be quoted by name, said the administration was supporting this compromise, which would not disturb the present basis for computing parity, but would direct President Roosevelt to take into account farm labor costs in modifying price ceilings to correct "gross inequities."

4. This same source said that if the parity revision were included in any bill sent to the White House, President Roosevelt would veto it and could be expected then to take the initiative in fixing farm prices, as he threatened to do if congress did not act before Oct. 1.

Kaiser Labor Hunt Under US Scrutiny

NEW YORK, Sept. 24 (AP)—The federal government took closer cognizance of the labor recruiting drive of Henry J. Kaiser, west coast ship builder, to obtain 20,000 workmen for his ship yards in Oregon as 600 more men were hired here today by Kaiser's agents.

Government officials were particularly desirous that no men already holding jobs in war plants be hired by Kaiser's agents and that skilled workers be supplied through local unions. All those holding I-A classification in the draft were rejected, as were youths of 18 and 19 because of their early liability for selective service.

Agree To Freezing Of Security Tax

WASHINGTON, Sept. 24 (AP)—The senate finance committee voted 7 to 4 today to write into the new revenue bill an amendment by Senator Vandenberg (R-Mich.) freezing social security taxes for another year at their present levels of 1 per cent on employers and 1 per cent on employees.

The effect of the amendment, if adopted finally by congress, would be to stay an increase to 2 per cent of employees and a like amount on employers which automatically would go into effect January 1.

Five Dead In Train Wreck; Toll May Grow

Many Unaccounted For After Collision In Maryland

DICKERSON, Md., Sept. 24 (AP)—Five persons, and perhaps as many as 23, were believed killed near here today after a rear-end collision of two Washington-bound passenger trains threw a pullman into a fast freight train passing on an adjoining track.

Eighteen of 21 persons were unaccounted for in the rear sleeper, and many of them may be dead or injured, Baltimore and Ohio officials said.

Seventeen persons in the car ahead of it were "all accounted for and the injured among them hospitalized."

A Washington Evening Star reporter made the indefinite count of five or perhaps 23 persons killed. The sleeper fell into a deep cut.

Wreckage was strewn over the tracks in a 100-foot three-way crash. Dickerson is 35 miles northwest of Washington.

The Ambassador, express from Detroit to Washington, crashed into the rear of the Cleveland night express, and the rear pullman on the Cleveland train was sideswiped by a freight train going in the opposite direction.

Burdette said some cars caught fire immediately after the crash, about 6:30 a. m. Central War Time, and still were burning fiercely hours later.

Baltimore and Ohio headquarters in Baltimore said the pullman on the rear of the Cleveland night express to Washington was derailed in the crash and was sideswiped by the freight train going in the opposite direction.

The Cleveland train had stopped near Dickerson, Md., because of engine trouble and the Ambassador express between Detroit and Washington crashed into the rear of the train shortly after the trouble had been repaired and the Cleveland train had started up.

Before taking any such action, though, Chairman Fulmer (D-S.C.) said the committee would seek the opinion tomorrow of Maj. Gen. Lewis B. Hershey, selective service director, and possibly later that of Paul V. McNutt, war manpower commission head.

"It may be that General Hershey will have some recommendations," Fulmer said. "At any rate, we want to hear his views and try to get an idea of the manpower needs for the armed forces."

After hearing Secretary of Agriculture Wickard warn that failure to relieve the farm labor shortage would make it necessary "in the not too distant future to deal with a shortage of food," Fulmer told reporters:

"The secretary offered us no real solution to the problem which he admitted was grave. It is beginning to look like government officials will not do anything about it until an actual food shortage stares them right in the face. It might be too late then."

Rather than wait until then, Fulmer added committee members believe they should take "an aggressive attitude" and seek to solve the problem themselves.

Reds Disappointed Over Absence Of A Second Front

MOSCOW, Sept. 24 (AP)—Wendell L. Willkie said today he would take back to Washington from Soviet Russia a story of growing disappointment and dissatisfaction over the failure of the United States and Britain to establish a second front.

"I feel it and you must," said Willkie.

He presented Joseph Stalin a large, thick and square envelope containing a personal message from President Roosevelt at a conference with the Soviet premier in the Kremlin last night.

Those wishing to contribute to the center may phone 1222, Mrs. L. A. Eubanks.

Four men's clubs and nine women's clubs were contacted yesterday in effect Friday with a city truck making the rounds of the city on calls to bring in equipment.

Committee members of the War Recreation Council met Wednesday afternoon to make out a list of furnishings that will be needed. Committee heads asked that local people bring furnishings to the center unless the articles are too large to be handled. For such calls as divans, easy chairs, and other large articles, the pick up truck service available Friday only will be used.

Members of the 3550 Hyperion club will contact local people for 12 lamps and the Hyperion club for heaters.

The Woman's Forum will search for six desks or tables and the Music Study club and Airport Widows for popular sheet music and records.

The American Association of University Women will furnish a work table for the kitchen and a screen. The Child Study club's chore will be to find a refrigerator or an ice box.

Members of the 3550 Hyperion club will contact local people for 12 lamps and the Hyperion club for heaters.

Reds Show Surge Of Power, Nazi Hordes Are Stopped

By EDDY GILMORE
MOSCOW, Sept. 24 (AP)—Red army men of Stalingrad have torn a group of fortified positions from the German grip, recaptured a settlement northwest of the city and slain more than 7,200 invaders in a dramatic resurgence of both defensive and offensive power, the Russians said today.

Communications of the day implied that there was not a single new breach in Russian lines within the streets of the embattled Volga river city. The Germans were reported again hurriedly bringing up reinforcements by plane to fill their ranks.

The Red navy's Volga river gunboats helped Red army artillerymen, machine-guns and riflemen mow down the invaders by the thousands.

Official reports of midnight and mid-day listed 115 additional tanks and more than 48 field guns as wrecked or captured in fresh actions of the bitter, month-old battle.

Destroyer Jarvis Lost In Pacific Without A Trace

WASHINGTON, Sept. 24 (AP)—The navy announced today that the United States destroyer Jarvis had disappeared in the Southwest Pacific without leaving a trace, presumably sunk by enemy submarines or aircraft, and that the auxiliary transport Little had been sunk during recent operations in the Solomons.

Possible loss of life on the two ships was estimated at 250 men.

The Jarvis was en-route from the Solomons to a repair base when she vanished several weeks ago. She had been damaged during enemy air attacks off Guadalcanal in the Solomons.

Approximately half of the personnel of the Little was saved when she went down.

The loss included the commanding officers, Lieutenant Commander William Walter Graham, Jr., Phoenix, Ariz., of the Jarvis, and Lieutenant Commander Gus B. Lofberg, Santa Cruz, Calif., of the Little.

Navy communique number 131 said: "SOUTH PACIFIC—

"1. The USS Jarvis (destroyer), which was damaged as a result of enemy air attacks off Guadalcanal, must be presumed lost as she enroute from Tulagi to a southern repair base. The Jarvis had been overdue for several weeks and intensive search by ships and aircraft has failed to locate her or reveal any trace of her personnel. It is assumed that she was sunk by enemy submarines or aircraft.

"2. The USS Little (small auxiliary transport) has been sunk by the enemy in recent operations in the Solomon Islands area. Approximately half of the personnel of the Little were saved.

"3. The next of kin of those lost have been notified."

The Jarvis, according to Japan's standard reference work on fighting ships, had a normal complement of 173 officers and men. The 1,500-ton vessel was a modern ship, having been launched in May, 1937, and commissioned later that same year. She was built at the Puget Sound, Wash., navy yard.

ST. LOUIS, Sept. 24 (AP)—After hours of questioning, Robert Nash, 27-year-old St. Louis electrician, today confessed, said Police Capt. Murphy, to the ax slaying of his father and mother during a quarrel over his financial difficulties.

Murphy, of the St. Louis police detective division, said the husky blonde-haired youth related details of the brutal crime to police, federal bureau of investigation agents and Illinois authorities.

Charles A. Nash, 61-year-old internal revenue agent, and his 49-year-old wife, Eleanor, were found, hacked and mutilated, Tuesday night in the family automobile on a highway eight miles north of Springfield, Ill.

His composure unflinched by a constant barrage of questions, the younger Nash finally revealed to his father, then his mother, during a violent argument over \$540 in personal debts and his habit of continued late hours, Murphy related.

Nash said at a press conference after police announced he had admitted the slayings that the altercation with his parents took place on a deserted country road near St. Louis. He stopped the car, he told newspapermen, during the argument, and then struck his father.

"I knew the penalty for my crime and I'm willing to pay it," Nash told reporters.

"Are you sorry?" he was asked.

"Of course, I'm sorry," Nash replied.

LONDON, Sept. 24 (AP)—British bombers in their first night raid against Germany this week attacked objectives in the north and northwest, including submarine yards at Flensburg, last night, the air ministry announced today.

This thrust accompanied a raid by coastal command aircraft on an axis convoy off the Dutch coast in which three medium-sized ships were declared hit.

"Ten of our bombers are missing from these operations," the air ministry said.

Authorities said that overnight aerial activity against Britain was confined to flights by three Nazi bombers. One was reported destroyed before it crossed the coast.

WAR BOND SALES took a spurt in Big Spring Thursday, with the special sales at the Ritz theatre accounting for more than \$11,000. The theatre, joining with others over the nation in spearheading the September bond drive, sold three \$5,000 issues as well as a number of smaller bonds.

With a little under a week to go, the county was \$24,500 short of its September quota of \$99,500. Chairman Ira Thurman called attention to reports from Austin that Texas as a whole is falling down on its war bond purchases this month, and urged that local people come forward to help make up the deficit on the home front.

NEW BOMBARDIERS From Midland

Civilian Meat Use To Be Cut 21 Pct.

WASHINGTON, Sept. 24 (AP)—Secretary of Agriculture Wickard announced today that, beginning Oct. 1, civilian meat consumption during the last three months of this year would be restricted to approximately 79 per cent of the amount delivered by packers for civilian use during the last quarter of 1941.

Simultaneously, Wickard reiterated that citizens voluntarily should limit themselves to 2 1/2 pounds of meat a week per person; to permit a fair sharing of available supplies.

As chairman of the War Production Board's food requirements committee, Wickard disclosed that, to assure sufficient meat for army, navy and lend-lease needs, the committee had ordered deliveries for civilian use curtailed on this basis:

Beef and veal, 80 per cent of deliveries during the last quarter of 1941; lamb and mutton, 95 per cent; pork, 75 per cent.

The allowance proposed, the secretary declared, was entirely adequate for good nutrition, assuming the 3-1-3 pound limit was observed.

"It is necessary that individuals hold their consumption at this figure whether they eat at home or in public eating places," Wickard said. "Public eating places in some sections may prefer some such device as a meatless day."

"We plan to consult with the trade groups of people managing public eating places and help them work out methods of enabling their patrons to stay within the sharing limits."

Individual households may use any method the family prefers in effecting the limitation, he explained. However, if there are invalids, aged persons, young children, or vegetarians in the home—none of whom would normally consume 3-1-3 pounds of meat a week—the housewife should reduce her purchases accordingly, Wickard declared.

In actual operation, he predicted, the over-all 21 per cent statistical cut in civilian meat supplies probably would not be as great since adjustments will be made when necessary to allow for changes in distribution patterns and wartime food requirements.

SCHOOL CHILDREN To Be 'Rangers' Out After Scrap
AUSTIN, Sept. 24 (AP)—More than a million school children organized as Junior Texas Rangers to ferret out all sorts of scrap for war use, was envisioned today by Lewis C. Huff of Dallas, associated secretary of the Texas Salvage committee.

Huff said that Governor Coke Stevenson had approved the use of the name, Junior Texas Rangers, in this state and that he and Thornton Hall of San Antonio would seek final approval for the plan today from L. A. Woods, state superintendent of public instruction.

Huff explained that under the national scrap salvage plan sponsored by newspapers, school systems would be organized as Junior Rangers, but that it was felt in Texas the junior ranger idea would be more compelling.

Organizing Funds Sought By Union
FORT WORTH, Sept. 24 (AP)—Financing of the oil workers organizing campaign of the CIO, with the organization of Standard Oil company workmen as the major objective, today occupied the attention of the Oil Workers International Union, CIO, as the fourth day of its convention opened here.

A special committee headed by Edwin S. Smith of Houston, national director of the campaign and a former member of the National Labor Relations Board, was to report today. Final policies in the matter will be adopted at the closing session of the convention tomorrow.

In resolutions adopted yesterday the OWIU urged the opening of a second front and increased purchases of war bonds.

Sales At Theatre Boost Bond Total
War bond sales took a spurt in Big Spring Thursday, with the special sales at the Ritz theatre accounting for more than \$11,000. The theatre, joining with others over the nation in spearheading the September bond drive, sold three \$5,000 issues as well as a number of smaller bonds.

Rationing Rumor Brings Run On Gas
HOUSTON, Sept. 24 (AP)—A rumor that gasoline rationing would begin last night started a rush on gasoline stations here yesterday.

Thousands of cars, jammed bumper to bumper, lined up at stations both downtown and in the residential districts. Stations which had been closing at 5 p. m. stayed open long after dark to wait on block-long lines of cars.

Nazi Ships Sunk
BERLIN (From German Broadcasts), Sept. 24 (AP)—A special German communique reported today that Nazi submarines had sunk three destroyers, an auxiliary cruiser and five transports in an attack on an Allied convoy between Spitzbergen and Iceland.

(Neither the reported attack on the convoy nor the German claims of losses inflicted were confirmed by any other source. Previous German claims of Allied ship sinkings on the Arctic supply route have been termed "grossly exaggerated" by the British.)

The announcement said the convoy, described as British, was bound from Soviet Russia to British and American ports and "consisted of a larger number of protecting vessels than transport vessels."

The Germans also reported their submarines had sunk 15 Allied merchant ships totaling 75,000 tons and a corvette in attacks on Allied supply lines in the Atlantic, off the African coast and in the Caribbean.

Alaska Road Due To Go In Use Dec. 1st

WASHINGTON, Sept. 24 (AP) — The Alaska highway will be ready for use about Dec. 1, Secretary Stimson announced today, and traffic is expected to move steadily over its 1,800 miles until spring thaw makes it impassable in April and May.

Not only is the highway being completed months ahead of schedule, Stimson said, but instead of the contemplated rough "pioneer" road, the "Alcan" highway as it is now being constructed by the corps of engineers is a well-graded, well-drained truck road, for practically its entire length and will afford two-way traffic over many long stretches.

The highway, beginning at Dawson Creek, British Columbia, runs northwest to Whitehorse, Yukon Territory, and then crosses the Alaskan boundary, terminating at Fairbanks. It connects with the rail and highway systems of southern Canada and the United States at Dawson Creek, and not only provides a motor highway to Alaska, but serves also as a feeder route for various military airfields which previously had to depend on air transport alone for all supplies.

Army Recruiter Does A Good Turn

Sgt. Edwin R. Turner, Big Spring army recruiting officer, did a good turn for the Sweetwater recruiting office Wednesday when he turned over to that office four men he had signed up. Since the men were from Sweetwater, Sgt. Turner thought it only right that the Sweetwater recruiting office should be credited with their enlistment.

Four new recruits were signed up by Sgt. Turner Wednesday. Errol A. Nance, Jr., Big Spring, Billie M. Newton, Snyder, Eugene M. Preston, Vigo Park, and Johnnie A. Drake, Big Spring all entered the army air specialist corps.

Regional Meeting For Red Cross To Be At Midland

MIDLAND, Sept. 24.—A one-day regional meeting for Red Cross chapter workers will be held in Midland on Tuesday, October 6, with the Midland County Red Cross chapter as the host organization.

Problems confronting the Red Cross chapters due to war time expansion of the Red Cross program will be discussed and plans for the coming year will be mapped. Three Red Cross programs, Junior Red Cross, Home Services, and Disaster Preparedness, will be discussed in separate meetings during the day. Staff members from the area office will lead the discussions.

Representatives from Red Cross units at Pecos, Fort Stockton, McCamey, Odessa, Wink, Stanton, Big Spring, Gail Launes, Seminole, Orono, Alpha, Marfa, Marathon, Sanderson, Andrews and Midland are expected to attend the day-long session.

The conferences will be held in the educational building of the First Methodist church. Registrations will begin at 9:30 a. m., and the sessions will close at 4 p. m. A luncheon will be served the delegates at noon.

J. L. Le Bleu is chairman of the Howard County Red Cross chapter.

Texas Flying Tiger Felled By Cupid; Weds At Austin

AUSTIN, Sept. 24 (AP)—Cupid did with one shot what the Japanese failed to do with many—downed "Kirk of San Saba" the Flying Tiger hero.

Pretty, blue-eyed Norma Gate and Matthew W. Kuykendall, late of the AVG, announced they were married last night after a four-year courtship which started on a blind date and which, they both admitted, resulted in the well-known love at first sight.

Mrs. Kuykendall is a former Austin girl whose parents, Mr. and Mrs. W. S. Gate, live in Houston.

Kirk, whose exploits with General Claire L. Chennault's air dragons struck terror into the hearts of Japanese airmen, came home to west Central Texas first to help in the sale of \$47,000 worth of war bonds at a rally Tuesday night.

Yesterday he came to Austin with his twin sister, Ida Jeanne and his father, W. S. Kuykendall of San Saba. The marriage ceremony was read by the Rev. Harry E. Payne of the North Side Church of Christ.

Kirk and his bride planned to leave this morning for Houston, and tomorrow morning for New York. He said he had taken a job with the American Export Airlines.

Kirk is 23 and his bride is 21. She attended Texas State College for Women at Denton and Kuykendall was a student at Texas A. & M. before he went to Randolph Field to win his wings.

October Quota On Tires Is Larger

FORT WORTH, Sept. 24 (AP)—Texas' new passenger tire quota for October will be 32 per cent above September's but quotas for all other classes of tires will be cut by varying percentages, the State Office of Price Administration announced today.

The state will receive 8,694 new passenger tires to be apportioned among the counties next month, in addition to 4,307 grade 2 tires for distribution among war workers. The grade 2 quota is a decrease of 17 per cent from September.

Available passenger tire retreads will number 19,823, a drop of 9 per cent, and the passenger tube quota will be 14,228, a decrease of 8 per cent.

New tires for trucks, farm tractors, and other purposes will number 14,553, a 22 per cent decrease, and retreads 15,088, a decrease of 17 per cent. The truck tube quota of 15,936 will represent a decrease of 21 per cent from the current month.

Wheat Parity Payments Here

First wheat parity payments were received here Thursday as the county ACA office prepared to take signatures for the initial batch of regular agricultural conservation payments.

Wheat parity checks aggregated \$411.71 for 14 producers, possibly one-third of the number of small grain producers in the county. None of these went in for wheat production on a large scale.

All farmers who are in compliance with the federal farm program this year were advised to come in and sign their conservation applications. As soon as a sufficient number have signed, a transmittal will be made to the state office for issuance of checks.

Funeral Directors Give To Red Cross

West Texas Funeral Directors and Embalmers association has made a gift of \$50 to the Red Cross. It was announced here Thursday.

The donation was made to the Howard-Glasscock chapter reported Neal Stanley, secretary. The association voted the gift in a recent session here and stipulated it should be given to the chapter where the secretary reside.

Another Atlantic Sinking Disclosed

WASHINGTON, Sept. 24 (AP)—A medium sized United States merchant vessel was torpedoed and sunk by enemy submarines early in July in the north Atlantic, the navy said today. Survivors are at an east coast port.

Preliminary Work Started On Stanton Packing Plant

STANTON, Sept. 24 (AP)—Surveyors are at work staking location for buildings to be a part of a projected \$750,000 packing plant five and one-half miles west of here, it was reported today.

This announcement was made by H. A. Emerson, New York, and P. D. Anderson, Del Rio, who said they closed a deal for 138 acres of the J. B. Harvard farm on US Highway 80 on behalf of their associate, John W. Ashworth, New York City. Ashworth, said Emerson, has been one of the largest carlot distributors of dressed meats in the New York area for years.

Based on blueprints and specifications exhibited by Emerson, the plant would be one of the most modern of its kind in the country, would not only cost three-quarters of a million dollars but would employ around 8,000 people in its initial year of operation. Capacity, said Emerson, would be 8,500 frozen cattle, 7,500 head of sheep and lambs and 2,000 head of hogs weekly.

Plans call for establishment of a battery of pens in connection so that livestock may be finished to meet requirements. However, bulk of purchases would come from feeders, farmers and ranchers in the area. Emerson said that men

like E. T. Hill, J. K. Barfield and many others who raise tremendous amounts of food and cattle would find markets for finished meat on a par with Fort Worth without the cost of transportation or as great a loss from shrinkage.

The plant, it was reported by Emerson and Anderson, would be strictly a defense proposition for the duration of the war. The Stanton Packing Co., as it will be known, will be within easy trucking distance of more than a quarter of a million men in military service.

The great supply of pure water in Mustang Draw, where the land is located, had a great deal to do with location of the plant. Too, the rich feed belt lying north and adjacent to US Highway 80 was a determining factor. The tract has half a mile fronting on the T.&P. railway and has ample space for siting for refrigeration cars. According to Emerson, the unit would be the only federally inspected packing plant between Fort Worth and El Paso.

Both Anderson and Emerson said they expected to reside in Stanton where they contact farmers, ranchers, and others from whom they might buy either feed or cattle.

Dates Set, Methods Outlined For Rat Killing Campaign

Get ready the week of Sept. 28—pre-bait Oct. 5 and 6, and poison Oct. 8 and 9.

These are the important dates in a conclusive plan of action for a county-wide, concerted rat-killing program planned for the next fortnight. Sets of the instructions were being mailed to 1,000 persons in the rural areas Thursday by County Agent O. P. Griffin and County Home Demonstration Agent Fontilla Johnson.

According to the detailed expert advice given farmers and ranchers, the week of Sept. 23

Employables May Be Taken Off Stamp Lists

The state department of public welfare has announced that all employable persons now receiving federal surplus commodities or food stamps will be taken off the rolls if the request is made by the War (manpower) board and the county commissioners' courts.

This is a broadening of a previous policy to include those receiving supplementary aid, said Mrs. Frances Peters, Howard county representative of the state department.

J. S. Murchison, executive director of the department, said that in some areas it was felt the availability of aid discouraged acceptance of farm labor offers. "Many of the families now receiving surplus commodities," he said, "have no member physically able to work." Blanket discontinuance of the aid would penalize these who really need it.

In the case of the school lunch programs, which are much in demand, Murchison explained that quantities of surplus commodities had been bought up by the government in peak production times. "It is much better for it to be distributed to the needy than to be permitted to waste," he said.

Don't Use Ration Books Belonging To Service Men

Families of men reporting for military service were warned again today by the Howard County Rationing board against use of ration books issued to these men.

Despite appeals to men entering the service to comply with the law by surrendering their ration books, only about 30 per cent of those going in trouble to do this, W. F. Wilson and Sonora Murphy, board clerks, estimated.

In event the holder enters the military, a penal or eleemosynary institution, leaves the United States or dies.

Reports have been received that in some instances families are utilizing these books to get more sugar after the holder has gone, said Wilson. This carries a heavy fine and imprisonment possibility.

More Openings For Officer Candidates

The war department has announced an additional quota for the number of volunteer officer candidate applicants who may be inducted for the purpose of competing for selection for the engineer officer candidate school, Lt. Col. Marvin B. Durrutte, recruiting and induction office at Lubbock, states.

Technical education and experience is not essential, he says. Most important requirements being the desire to earn a commission, leadership ability, and the sufficient maturity to complete the course satisfactorily.

Quotas exist, also, for anti-aircraft, coast and field artillery, armored forces, tank destroyer, infantry, ordnance, signal, cavalry and chemical warfare services.

Enlistment last June, Wright received recruit training at San Diego. He ultimately will be assigned to active duty.

USCC Revamps Organization

WASHINGTON, Sept. 24 (AP)—Ralph Bradford, 50-year-old Texas economist, today was named to the new position of general manager of the chamber of commerce of the United States as part of a general reorganization to gear the chamber's machinery to war and post-war needs.

Bradford will have direction and the board of directors, of the chamber's entire operations, including a new streamlined set-up putting major activities under 12 main groupings to speed up and simplify the organization's work.

The appointment will be effective Oct. 1, the date of the resignation, announced last spring, of John W. O'Leary, of Chicago, as chairman of the chamber's executive council. O'Leary was president of the chamber from 1935-37. It is understood Bradford will take over much of the work of this council which is composed of a small number of the 87-man board of directors and which usually administers chamber affairs between board sessions. The council will continue to function, however, in an advisory capacity, officials said.

Bradford was born on a farm near Waynesburg, Pa., and moved with his family to Robstown, Texas, when he was 15. He spent most of his life in local chamber work in Texas, being manager of the Corpus Christi local from 1924-29. Author of a number of books on economic subjects, he has served as manager of the national chamber's organization department and as its secretary since 1939.

Berlin Reveals Many Killed In Yugoslavia

NEW YORK, Sept. 24 (AP)—A Berlin broadcast containing the tacit admission of the extent of patriot resistance in old Yugoslavia declared today that in two weeks ending Sept. 8 axis occupation forces killed 3,000 persons and captured 4,000 more in the mountainous Bosnia district.

The German broadcast referred to the patriots only as brigands, vagabonds, bandits and criminals. It gave no clue to the fate of those captured.

Water Billing Is Greatly Reduced

Recent rains and cool weather have reduced Big Spring residential water bills for September about 200 per cent under August and other summer months, city water department officials said Thursday.

A typical example is the consumer who was billed for about \$5 last month and this month will have to pay only a little over \$1.50. Water bills will be in the mails Saturday.

Stanton Man Will Move To Pecos

STANTON, Sept. 24 (AP)—Jim Zimmerman has resigned his position with Reed's feed store here to join Mrs. Zimmerman at Pecos where she operates a hotel. It was understood that he had consummated a deal to deliver his hog to the Stanton Packing Co. to be fed out. He and John Atchison, Jr., Pecos, have secured contract to handle garbage from the air base there.

BROWN CRACKER AND CANDY COMPANY—Division of Loose-Wiles Biscuit Company

Miss Laneous Notes

By MARY WHEATLEY

Thoughts when we should be working
Everytime we see a fellow tearing around a corner in his car with tires screaming in protest, we always want to yell, "Who's buying your tires?" But we never do.

When people shrug their shoulders over the plight of the Russians and the valiant fighting they are doing in Stalingrad, we always want to hit their thick heads with geography books which easily explain the necessity for a friendly and unbeaten Russia. But we haven't yet.

When people with sons in the service insist on telling things that come under the head of military news, or so it would seem on the surface, we always want to gag them in best movie style and shake a warning finger under their collective noses. But do we?

No.

When people preface remarks with the words, "now understand she's a good friend of mine," and then proceed to rip the victim to shreds we yearn to say, "what a pal!" But we sit quiet and try to think of something else.

All of which makes us a sissy prissel. We admire calloused souls who declaim without regard to time, place or audience on the things we believe in but don't have the courage to say. What a beautiful life it would be to say always just what we are thinking.

Gasoline Stocks Show A Decline

NEW YORK, Sept. 24. (AP)—Fuel oil supplies again increased for the week ended Sept. 19 but total stocks of gasoline fell off, the American Petroleum Institute reported today.

Distillates, or light fuel oils, advanced 875,000 barrels to 44,442,000 while residual, or heavy fuel oils, increased 702,000 to 79,335,000.

Total finished and unfinished stocks of gasoline declined 965,000 barrels to a total of 80,788,000, compared with 81,753,000 the previous week and 79,198,000 a year ago.

Refining companies operating at 77.4 per cent of potential capacity ran a total of 3,713,000 barrels of crude oil to stills daily, a daily increase of 3,000 over last week when the percentage was 77.3 and 8,710,000 barrels.

Daily average gross crude oil production in the United States increased 33,500 barrels during the week and totaled 3,935,750, compared with 4,074,200 a year ago.

Total estimated gasoline production amounted to 11,097,000 barrels against 11,255,000 last week.

Pickled Peaches From Bumper Crop Will Be Thrifty Winter Relishes

PICKLED PEACHES... It's thrifty to can them in glass coffee jars.

By MRS. ALEXANDER GEORGE
Wide World Food Editor

Dame Nature certainly knows her onions this year. She has turned out a bumper crop of this very versatile food along with other vegetables and fruits to be enjoyed in relishes throughout the winter.

Spiced apricots and peaches, perky with Vitamin A, pickled melon rinds, patriotic with their part syrup sweetening, and usual run of zippy pepper and tomato relishes were never more needed.

These delicious home-mades help fill the gaps in many meals caused by food priorities.

Relishes and chutneys mixed in sauces for vegetables or fish dishes or added to dressings for salads and sandwich fillings give a comelier look to many a fall meal.

OLD-FASHIONED PICALILLI: Wash and dry 5 pounds of firm green tomatoes (not peeled, but blossom ends discarded.) Wash and dry 5 large-sized green peppers, cut in halves, discard seeds and pulp. Peel 15 onions, about 1-2 inches in diameter. Put all vegetables through chopper or chop in a bowl. Add 2-3 cups salt and let stand, covered, over night. Drain thoroughly and lightly press out the liquid with a spoon. Transfer the vegetables to a kettle and add 2 cups diced celery, 1 cup chopped sweet red peppers, 2 cups vinegar, 2-3 cup sugar, 1 cup light corn syrup, 1-2 teaspoons ground cinnamon, 1-3 cup whole pickling spices loosely tied in white muslin

4 ounces tick cinnamon.
6 cups sugar
6 cups glassed dark syrup.
4 cups cider vinegar.

Immerse firm, unblemished peaches in boiling water for about 1-2 minute or until the skins will slip easily. Plunge at once into cold water, then remove skins. Tie spices in a bag made from two thicknesses of cheesecloth. Combine sugar, syrup and vinegar in a large kettle. Add spices and bring to a boil. Add 10 to 12 peaches at a time, cook until tender, 5 to 6 minutes. Remove fruit and pack into clean, hot jars. Then fill containers with hot pickling syrup, filling clear to the top, and seal jars.

cloth. Slowly bring to boiling point and simmer 30 minutes or until thick. Stir frequently with wooden spoon. Seal in sterilized jars. Discard the spice bag before canning. Store in cool, dark, dry place.

AUNT PATTIE'S CHILI SAUCE: Scald and peel 1-2 bushel of firm ripe tomatoes. Bring to boiling point in large kettle. Add 5 cups each chopped green peppers and white onions, 3 cups chopped sweet red peppers, 2 cups diced celery, 1 cup sugar, 1-4 cup light colored corn syrup, 1-3 cup salt, 2 tablespoons mustard seed, 2 teaspoons cinnamon, 1 teaspoon

cloves and 2 cups vinegar. Cook slowly over asbestos mat set over low heat until sauce thickens—this usually takes between 2 1/2 and 3 hours. Pour into sterilized jars and seal at once. Since some vegetables take more salt than others it is advisable to taste the sauce before it has finished cooking and add more seasoning if desired.

OIL PICKLES can easily be made today by using a salad oil, if olive oil is not available. No sugar is called for. Wipe with damp cloth 50 firm green cucumbers (3 to 4 inches long). Cut in thin slices crosswise and sprinkle with 1-4 cup salt. Let stand 4 hours. Drain and add 2 cups thinly sliced small white onions, 2 tablespoons celery seed, 2-3 cup shredded sweet red peppers, 5 cups vinegar and 1 cup oil. Mix thoroughly and pour into sterilized jars. Seal and let ripen 3 weeks or so before using. Store in cool, dark, dry place.

BANCROFT CORN RELISH: Mix 8 cups corn cut from the cob, 2 cups diced celery, 1 cup each chopped green peppers and onions, 3 cups chopped cabbage, 1-3 cup salt, 1-2 teaspoon paprika, 2 tablespoons dry mustard, 1-4 cup celery seed and 2 1-2 cups vinegar. Boil gently an hour or until thick. Pour into hot sterilized jars and seal immediately.

NOTICE
EFFECTIVE OCTOBER 1, AND FOR THE DURATION

Effective October 1, we are sorry to announce that we can no longer continue our credit business and delivery service. We are working short-handed, and yet trying to care for more customers, making it necessary to cut down on work every way we can. We do not have time to carry your accounts and take care of them as they should be taken care of. This is an action we are indeed sorry for, and we hope you understand.

Thank You,

New Racial Policy Fixed By Hitler

MOSCOW, Sept. 24. (AP)—A new racial policy, dividing the vaguely defined Nordic race into "full-valued" and "devalued" elements has been outlined by Adolf Hitler, the official Soviet News Agency Tass reported today in dispatches from Stockholm.

The division into first class and second class Nordics has become necessary because Nordics living on the periphery of Germany have allowed themselves to become debased by inferior foreign elements, Tass asserted, quoting a curious secret document which it said had been circulated among German authorities in the occupied Scandinavian countries and the Netherlands.

The failure of Nordics who live on the "contaminated periphery of the German racial center" to resist effectively "the decline of their racial standards" establishes their unfitness to be classed as Nordics of the first order, the document said.

Finnns, Mongols, Slavs, Celts, Gauls and Anglo-Saxons have contributed to this chaos, it was said, and Germans inhabiting Germany are the sole examples of the "healthy Aryan nucleus."

"The events of 1940 to 1942 have confirmed the right of this superior element of the race to assume the leading political and education role in the German space," the document continued.

German occupying authorities, Tass continued, were advised to adopt three measures of policy to emphasize the superiority of the "nucleus German."

First—take political activities "from the hands of mixed and impotent national elements," and concentrate such activities among persons "bound by blood ties with internal Germany."

Second—draw on any number of representatives of the northern (second-class) races for work necessary to meet German economic and war needs.

Third—in the execution of laws to differentiate "between elements of the Germanic race, and to await in these matters the decisions of imperial organs now under preparation."

Workers Who Take Time Off May Find Selves Drafted

WASHINGTON, Sept. 24. (AP)—Maj. Gen. Lewis B. Hershey, selective service director, said today coal miners and other workers deferred from military service because of their occupations but who take frequent days off for unexplained reasons will risk being drafted in the future.

Spokesmen for the coal industry in particular have made urgent appeals to workers to cut out voluntary absenteeism which has made serious inroads into production.

Hershey told reporters in response to questions that a new regulation would apply to the coal

miners, although it was not prompted solely by the recent plea of that industry.

The regulation provides that when a deferred registrant or group of registrants "is not supporting or is adversely affecting the war effort or the national health, safety, or interest," the offender, or offenders may be called up for reclassification by local draft boards.

Coloradoan Now At Overseas Post

COLORADO CITY, Sept. 24.—Mrs. Ollie Ellis has received word of the safe arrival of her son, Corporal Jesse Ray Ellis, somewhere overseas. Corp. Ellis is an air corps mechanic. He volunteered in December, 1941, and was a member of the second class of graduates at Sheppard Field in aviation mechanics. He recently completed further training in Seattle at an aircraft factory. He is the grandson of John Ellis, pioneer Colorado Citian.

Hospitalized From Mishap At Lubbock

COLORADO CITY, Sept. 24.—Mr. and Mrs. R. H. Barber received word Wednesday of the hospitalization of their son, Pfc. Billie Barber of the flying school in Lubbock. According to Pfc. Barber's letter he was the victim of an accidental discharge of a gun in the hand of a friend when the two rode a motorcycle over an irrigation ditch and overturned. The bullet was removed from Barber's thigh. By latest reports he is recovering from the minor flesh wound.

S'west Games To Be Aired

Four of the season's opening football games played by Southwest Conference teams will be broadcast by the Humble Oil and Refining company this weekend as this company again resumes the broadcasts which have been a feature of the football season for the past seven years.

Starting Friday afternoon, Humble will broadcast direct from Los Angeles the game between T.C.U. and U.C.L.A. This game starts at 4:00 p. m. Pacific War Time, which is 8:00 p. m. Central War Time and the broadcast will begin at 5:30 p. m. over the Texas State Network including KPFX, Fort Worth; KRLH, Midland; KOKL, San Angelo; KRBC, Abilene; and KBBT, Big Spring. Charley Jordan will travel to Los Angeles to bring a description of this game to fans of this section. Jordan, though a newcomer to the Humble staff, is well-known to sports fans of Texas for his sports announcing in other fields.

On Saturday afternoon at 2:30 p. m. the Humble broadcast will feature the game between Texas U. and Kansas at Memorial Stadium in Austin. Humble's veteran Kern Tipton will handle the play-by-play, while the colorful description of the scene at the stadium will be brought to listeners by Dave Eyrn. This game will go on the air over stations KPXC, Houston; WOAI, San Antonio; WFAA, Dallas; KTBC, Austin.

Saturday night there will be two games to vie for the fans' attention. In Baton Rouge Texas A. & M. plays L.S.U. in a game to be

broadcast over stations KGKO, Ft. Worth; KKYZ, Houston; KTBA, San Antonio; KRIS, Corpus Christi; KRGV, Westaco, at 8:05 p. m. The play-by-play announcer will be a favorite of many previous Humble Broadcasts—Vee Box, assisted by Bill Newkirk, a new addition to Humble's 1942 staff of announcers.

At 7:00 p. m. station KTRH in Houston will air the game between the Rice Owls and the U.S. Naval Air Station in Corpus Christi. This game will be played in Houston and will bring to the microphone, Bill Michaels, well-known for his broadcasts of baseball sports events in Texas. Dave Russell will describe the colorful side-ights of the game.

Mann Asked For Ruling On Taxless Vote To Soldiers

ADUSTIN, Sept. 24 (AP)—Attorney General Gerald C. Mann will be asked to rule on the constitutional power of the Texas secretary of state to administer the federal act granting voting privileges to members of the armed forces without requiring a poll tax.

Announcing that he would request an opinion from Mann, Secretary of State William J. Lawson said yesterday that he felt the act "was in conflict with the state constitution" and that he was "constitutionally prohibited from administering the law."

Under the bill, any Texan in the armed forces who makes a request in writing to the secretary of state can vote in the general election and in subsequent primary elections. The act limits this voting privilege to elections for president, vice president, United States senators and members of the national house of representatives.

Lawson pointed out to a press conference that since Texas has no registration system for voters "there is no way to check the eligibility of those who want to vote except through our poll tax system."

"but this act provides that the oath may be administered by any commissioned officer of the army, navy, marine corps or coast guard."

Lawson declared that the congressional act prescribing that ballots cast by members of the armed forces be returned to the secretary of state by the time the polls close on election day contravened the Texas constitution which provides that absentee ballots be received at least three days before an election.

The recent state democratic convention expressed itself on the congressional act, granting voting privileges to members of the armed forces without payment of poll taxes by commending Senator Tom Connally (D-Tex) for his fight in the senate against that measure.

When questioned about the law, Gov. Coke R. Stevenson recently referred to the state constitution, pointing out that it originally opened the way for passage of the state poll tax law by saying that the legislature may impose a poll tax.

Son In Solomons Asks Hunting Knife

CHICAGO, Sept. 24 (AP)—James A. Boyle, Sr., went shopping for his son, a gunner on a dive bomber in the Solomon Islands.

He carried a letter from his 20-year-old boy who asked him—not for a gun, chocolate cake, or cigarettes. "He told me to buy him a 10-inch hunting knife," Boyle said.

Boyle added the letter didn't specify for what purpose the knife was to be used, but he had a good idea.

Lost: A Hospital

PHILADELPHIA, Sept. 24 (AP)—John Michel, Red Cross executive, made this appeal:

"Will the party who found a 12-bed emergency hospital in North Philadelphia yesterday kindly return it to the Red Cross?"

Michel explained that a cabinet maker, who built the interior of the 20 by 30-foot canvas emergency station, was delivering it when he lost the whole thing off his truck.

Milk Program Is Studied By Garner P-TA

KNOTT, Sept. 24.—A program, under direction of Laura Fitch, was given by the eighth grade students at this week's meeting of the Garner Parent-Teacher association.

The free milk program offered through the Agriculture Marketing association was discussed and the following committee was appointed to make necessary arrangements to take advantage of this service: Supt. Noel Burnett, Mrs. W. O. Jones and Mrs. J. W. Phillips.

Flags for the gymnasium and playground, refills for first-aid kits, football replacements and playground equipment will be purchased by the P-T. A.

It was decided to change meeting dates to 2:30 p. m. on the first Wednesday of each month to enable more mothers to attend the meetings.

A program will be given by the first grade at the next meeting. This will be supervised by Mrs. J. D. McGregor.

Those attending the meeting were Mrs. Clarence Jones, Mrs. W. O. Jones, Lorens Brunley, Mrs. J. D. McGregor, Mr. and Mrs. E. P. Birkhead, Mrs. Wilbur Forrest, Mrs. L. C. Gibbs, Mrs. C. A. Cosden Test Drills In Lime Formation

Cosden Petroleum Corp. No. 1 Thelma Cole, northeastern Howard county wildcat, had drilled to 2-160 feet in lime Thursday.

Location is in section 14, block 26, H&TC. The test logged air at 657 and again at 1,592 feet.

In southern Mitchell county the C. T. McLaughlin and Cosden Petroleum Corp. No. 1 H. H. Griffin, a projected 3,000 foot exploration, was reported to have mudded seven-inch string at 2,317 to shut off a hole full of water from various levels up the hole. Location is in section 26-28-1s, T&P.

Scurry county's deep wildcat, the Humble Oil and Refining No. 1 Newman, nine miles northwest of Snyder and in section 258-97, H&TC, was below 5,404 feet in lime.

Scrap Situation 'Truly Critical'

NEW YORK, Sept. 24 (AP)—The need for metal scrap today was described as "truly critical" by steel men who said this country had stopped living on its metal "fat" and now must dip back 40 years for steel and iron junk.

The statements came as this nation's newspapers—more than 1,600 have pledged their help—assumed leadership in the drive to collect the scrap lying around American homes, farms, factories and buildings.

"Many millions of tons of iron and steel scrap must be collected if the tremendous tonnage of scrap needed in the nation's war efforts are to be produced," said Eugene R. Grace, president of Bethlehem Steel corporation.

Steel men estimated they would need to pile up at least 17 million tons of scrap between now and Jan. 1, when war production is expected to reach its peak. Monthly consumption of scrap now is running at about 4 million tons, the greatest in history but still not enough.

"The recovery of scrap is so vital," said Ralph H. Watson, vice president of the United States Steel corporation, "that every farmer and every householder has a heavy responsibility for the country's production of guns, tanks, ships and shells."

Because scrap collection was lagging badly the government asked the newspapers for the next three weeks to stimulate their communities into an all out effort to dig up metal junk—items no longer needed.

"Steel men and leaders of the newspaper drive, worried that sight of large piles of scrap in junk yards or elsewhere might give the impression that scrap was plentiful, pointed out: These piles, even though un-

St. Louis Has Chance To Clinch Flag Today

Brooks' 100th Win Doesn't Mean A Thing

Associated Press Sports Writer
In 65 years the National league, the oldest baseball organization in the world, has had only one season in which winning 100 games was not sufficient to win the pennant—until this year.

The Brooklyn Dodgers won their 100th game yesterday and it didn't move them even one wisp closer to the championship. That's why the St. Louis Cardinals, with 103 already in the bag, are making preparations to face the New York Yankees in the world series opening next Wednesday.

The Dodgers reached the 100 victory mark last year on the last day of the season. It was the occasion for a lot of whoop-la because the Dodgers, in all their years in the senior circuit, never had won that many games before. But winning a hundred this year didn't mean a thing.

The Dodgers' 6-0 triumph over the Phils didn't save them from the imminent elimination in the furious National league pennant fight because the Cardinals also triumphed in a night game against Cincinnati, 4-2.

This made it possible for the Cardinals to clinch the pennant today if they win again from the Reds and the Dodgers lost to the Boston Braves.

The Cardinals came from behind last night to down the Reds, who scored both their runs in the first inning on a walk, an error, a wild pitch and a single. After the first frame Cincinnati made only one hit—a total of two for the game—off Rookie Johnny Beasley as he attained his 20th triumph of the season.

This reduced the Cardinals' combination to any two St. Louis victories, or Dodger defeats, or one of each, to take the world series to the best of the world series for the first time since 1934. Even though the Dodgers remained 2 1/2 games behind the lead by winning yesterday, they can do no better than tie if St. Louis wins one of its remaining three games.

While the National league squabble was continuing unabated the New York Yankees, secure with their sixth American league championship in seven years, trimmed the Washington Senators, 4-1, on the five-hit hurling of big Ernie Bonham.

This closed the Yanks' home season and left them with only one game, at Boston Sunday, to play before they enter the world series next Wednesday.

No other games were scheduled in the major leagues yesterday.

Alsab, Whirlaway, Shut Out May Be In Belmont Race

NEW YORK, Sept. 24 (AP)—Alsab, Whirlaway and Shut Out, three candidates for "horse-of-the-year" honors, are expected to meet in one of the feature races of Belmont Park's war relief meeting, Nov. 5-12. All three have been invited to compete over the mile and a quarter route and the owners have expressed willingness, the turf committee of America announced yesterday.

Shreveport Cops Pennant, Goes Into Dixie Series

SHREVEPORT, La., Sept. 24 (AP)—Shreveport's battling Sports, who came from behind in a breathless surge that blasted Beaumont's Texas league pennant hopes, are heading for Nashville and a crack at the baseball championship of Dixie.

M'Phail Resigns As Dodger Manager To Accept Commission In The Army

LARRY MacPHAIL

NEW YORK, Sept. 24 (AP)—Help wanted: one experienced baseball executive with colorful personality capable of taking charge front-running baseball club and keeping it there. Salary up to \$75,000. Address board of directors Brooklyn Baseball Club.

that he expected to be commissioned in the field artillery Sunday, the day the major league season closes, although the fact that his beloved Bums are close to being squeezed out of the National league pennant had no bearing on his action.

Dudley Looms As New Star In Pro Arena

PITTSBURGH, Sept. 24 (AP)—Youthful Bill Dudley is off to such a brilliant start in pro football that he's already called better than Pittsburgh's 1941 Rhodes scholar flash "Whizzer" White—but Bill draws, "I've jes been lucky."

And co-owner Art Rooney smiles: "He looks better to me than 'Whizzer' White, the Rhodes scholar we paid \$15,000 last year."

The Whizzer led the National league in total ground gained in his first year. But, on the basis of Dudley's two-game record, some experts expect his performance to be eclipsed.

Steers Taper Off For Cisco Match Friday

Ready for whatever Cisco might throw at them here Friday evening, the Big Spring high school Steers today tapered off for their second game of the season.

Game time is 8:30 p. m., although the ticket window at the stadium will be open at 7 p. m. and the gates open at 7:30 p. m.

Glenn (Silent) Brown, one of three lettermen on the Steer squad, will be captain for the game—and thereby Big Spring is assured of one victory. Not while Brown can draw a breath will the home team be out-talked.

Wednesday the line got some rough work in close blocking, but backs took it easy, polishing their timing. The center of the line, which leaked badly last week, was looking steadily better, and the line backers were more alert with their plugging.

Very little change is expected for Friday evening in the plan of attack. The backfield, composed of Dewey Stevenson at quarter, Earnest Bostick and Billy Mims at halves and Hunka Stewart at fullback, will run from the T, shifting into the box or short punt, and occasionally breaking quickly out of the T itself.

Redbirds To Use Cooper In Game Today

ST. LOUIS, Mo., Sept. 24 (AP)—The pennant-bound St. Louis Cardinals today are 24 hours closer to hitting the jackpot—the National league championship, their first since 1934.

Even illness or a replacement in the lineup failed to check or stop these amazing Cardinals, who last night registered their 103rd victory of the campaign to equal the 1934 straight year for the first time since 1940.

The last time the Texas league took the Dixie series was in 1939 when Fort Worth beat Nashville out in seven games.

Price announced that the umpires would be Dusty Boggess and Milt Steingrafe of the Texas league and Paul Blackard and Red Jones of the Southern association.

Shreveport climaxed the best-attended Texas league Shaugnessy play-off since 1939 by beating Beaumont out after the Exporters had taken the first two games and the fourth.

Price said that around 95,000 saw the 20 games in the play-off between Fort Worth and Shreveport, Beaumont and San Antonio in 1939 there was a total of 107,000.

Both Shreveport and Nashville finished second in their respective leagues over the full season route.

SPORTS ROUNDUP

By HUGH FULLERTON, JR., Wide World Sports Columnist
NEW YORK, Sept. 24—On behalf of west coast fans, Col. Russ Newland takes issue with this corner's recent nomination of Gunder Haag as the year's outstanding athlete. Russ points out that Cornelius (Dutch) Warmerdam, the pole vault champ, is the only man ever to clear 15 feet officially. And he's done it 14 times this year and 26 times in all since April, 1940. We're still inclined to rate Haag as running at various difficult distances above Connie's consistency at one feat. However, we agree that Warmerdam is in line for the Sullivan Memorial award, which he almost won last year. He's a standout among American athletes and there's no question about his qualifying as a sportsman, leader, etc. The secretary will cast one affirmative vote.

Grunt and groan dept.—Taking an idea, maybe, from the much-maligned pro rasslers, Louis (Bartelma) has introduced blindfold wrestling at the Iowa Navy pre-flight school. The coaches claim it not only develops balance and skill but has its carry-over in military values to hand-to-hand encounters at night. We also hear soldiers in Texas are trying out blindfolded boxing. Next, we suppose, will be practice in mud-wrestling for landing parties, but we hope they'll draw the line at a commission for Rosie the rassing bear.

Today's guest star—Deak Morse, St. Johnsbury (Vt.) Caledonian-Record, "1942 will be remembered as the year when production was very good at the Brooklyn navy yard and very poor at Ebbetts Field."

Recovered Fumbles—Risking whatever reputation we gained last week, here's how this week's grid games: Friday—Temple over Georgetown, and Georgia over Jacksonville naval air station; Saturday: the four navy pre-flight schools over Harvard, Penn, Northwestern and Oregon, William and Mary over Navy, Fordham over Purdue, Notre Dame over Wisconsin, Southern California over Tulane, Texas Aggies over Louisiana State. Our guess is that Georgia and W. & M. will have the toughest games.

When Jimmy Slattery boxed in Fort Worth a few years ago, nothing he could do would build him up into a heavyweight. Then he joined the air force, and by the time he earned his wings at Kelly Field, Tex., he was up to 165—and all muscle.

34 Aggies Leave For Baton Rouge

COLLEGE STATION, Sept. 24 (AP)—Thirty-four Texas Aggie football players, accompanied by Coaches Homer Norton and J. James and Trainer Dimmitt, move to Baton Rouge today for their game with Louisiana State University Saturday night.

Traveling plans were altered when it became known that no sleeping cars would be available for the team. The boys slept in Houston last night.

Temple-Austin Tilt Features School Card

By HAROLD V. RATLIFF
Associated Press Sports Editor

The powers of Texas schoolboy football slug it out from Fannin to Gulf this weekend but headline fight of the glittering array of attractive games is Temple's march against Austin's Maroons.

The Wildcats, back with another fine team which must be rated among the top six until some foe shows otherwise, meet a tartar in an Austin outfit potentially greater than the 1941 eleven that went to the quarter-finals.

This game is set for Friday night at Austin.

There are two conference games on the schedule marking the start of championship play, with Amon Carter Riverside opening defense of its title in the Fort Worth district against Fort Worth Tech and Tyler doing the same in District II against Athens.

The complete schedule by districts: 1—Friday: Electra at Berger, Olney at Plainview; Saturday: Sunset (Dallas) at Pampa, San Angelo at Lubbock.

2—Friday: Breckenridge at Wichita Falls, Nocoona at Burkburnett, Wellington at Childress.

3—Friday: Brownwood at Sweetwater, Amarillo at Abilene, Cisco at Big Spring, Brownfield at Lamesa.

4—Friday: Yaleta at Carlsbad, N. M., Midland at Austin (El Paso), El Paso High at Roswell, N. M.

5—Friday: McKinney at Sherman, Denton at Bonham.

6—Friday: Denison at Greenville; Saturday: Crozier Tech (Dallas) vs. Highland Park (Dallas).

7—Thursday: Graham at Pechal (Fort Worth); Friday: Amon Carter Riverside (Fort Worth) vs. Fort Worth Tech (conference); Saturday: Gainesville at Poly (Fort Worth).

8—Thursday: Kilgore at North Dallas; Friday: Masonic Home (Fort Worth) at Adamson (Dallas); Saturday: Goose Creek at Woodrow Wilson (Dallas).

9—Friday: Merkel at Ranger,

W. C. McCord Named Insurance Head

DALLAS, Sept. 24 (AP)—John W. Carpenter, chairman of the board of directors of the Southland Life Insurance company, has announced election by the board of W. C. McCord as president of the company. McCord succeeds the late Morgan Duke.

Colorado Opens Home Schedule With Loraine

COLORADO CITY, Sept. 24—The first home game of the season will be played on Cantrill Field in Colorado City Friday night at 8:30 between the Loraine Bulldogs and the Colorado Wolves. The game, though a non-conference tilt, is one of traditional local interest between ancient enemies.

Coaches Roland and Pyatt, far from being discouraged at the 29 to 6 defeat suffered by the Wolves last week in their first game at Brownwood, expressed gratification at the spirit of the inexperienced team being molded from almost-nothing here. Most of the boys were playing their first inter-city football game.

Loraine came out victor last week over Fluvana, 13 to 7. Last year the home team routed Loraine, 57 to 13. This year it's anybody's game. Probable starting lineups follow: Wolves, Bynum and Williams, ends; Jones and Hestand, tackles; Dorn and Caffey, guards; Hamrick, center; Gibbs, Harrison, Brinkley, and Alford in the backfield.

Loraine: Givens and Hackfeld, ends; McAdams and Nacroll, tackles; McCollum and Taylor, guards; Mahon, center; Coffey, Nix, Elliott and Bennett, in the backfield.

Officials are Dodson of Sweetwater and Browning and Bishop of Hermleigh.

Two More Colleges Drop Grid Games

DENVER, Sept. 24 (AP)—Montana State and Western State colleges of the Rocky Mountain conference have abandoned football for the duration of the war, but will stress intra-mural sport programs featuring body-building and physical fitness.

The other conference schools are Colorado college, Colorado Mines and Greeley State.

The Time Will Not Be Short

While their number has declined under the hammering of events, there are a great many people left in this country who think the war will be over pretty soon now. This belief is not justified by any known fact; it has its basis entirely in wishful thinking. It is dangerous fallacy, dangerous because if everybody thought that way about it we'd never get anything done, and our defeat would be inevitable.

would bring us up to the fall of 1945 in the opinion of a man who is in possession of far more facts than the average citizen will ever know. It may come as a surprise to some that the Japs are considered to be tougher than the Germans, yet this is the opinion of Joseph C. Grew, our returned ambassador to Japan. The only way to stop a Jap, as events in this war have proved, is to kill him. A German may doubt the omnipotence and the omniscience of a Hitler, but a Jap believes his emperor is divine and can do no wrong; so he is not easily discouraged and fights on to the final out. It is a pleasure to die for the Son of Heaven, and the

Jap fighting man believes firmly that if he dies in battle he is performing the only function he was born for in the first place. So as long as there is a core of military resistance in Japan, there will be fighting to do; and that core of resistance will exist as long as there are as many as a hundred Japs with guns in their hands. Yes, this is going to be a long and hard war, as our leaders have hinted into our ears from the first. Recognition of this fact will go a long way toward eventual victory; for as long as we believe we are in a fight for life we aren't going to let down for a minute. And we must believe it, for it is the simple truth.

Washington Daybook—How They Interpret President's Message

By JACK STINNETT WASHINGTON—The capital's political old-timers—the has-beens who no longer have any iron in the Washington fire and are content merely to warm their shins at the capital hot stoves—have two sets of opinions of the president's secret recent speech and message to congress: (1) That is was the rarest stroke of political genius the president has yet shown. (2) That in that speech and message the president kicked politics out the window for the duration. The No. 2 men argue that President Roosevelt showed supreme contempt for political dallying. He named names. He said industry, farm prices and wage controls had to be established. He said that wartime taxes had to be levied. He gave congress three weeks to get the job done. He served notice that if congress delayed beyond October 1, he would exercise his powers as chief wartime executive and do them himself.

give two whoops in a voting booth how the voters cast their ballots. Those who argue Theorem No. 1 get a political glint in their eyes, rub their hands in gleeful appreciation and shout, "By the whiskers of Uncle Sam, he's done it again." What they see in the president's speech and message to congress is something different: By issuing his ultimatum to congress and placing the deadline on October 1, five weeks before election, he has given the farm and labor bloc in the democratic ranks a perfect out. He has taken the responsibility on his own shoulders. He has fixed it so the incumbents can point out to the strong-arm lobbyists that if they (the candidates for re-election) hadn't acquiesced to the president's demands, he would have put them into effect anyway. He has provided also a bandwagon that the heretofore lukewarm members of congress can crawl onto with impunity. In addition to all this, the No. 1 argues, the president has sidestepped two potent political left jobs, and crossed over with two equally deadly right hooks. First, he HAS consulted congress before cracking down with legislative powers already placed in his hands. Second, he has disclaimed all interest in "dictatorship" with that one strong paragraph: "When this war is won, the powers under which I act will automatically revert to the people—to whom they belong."

Man About Manhattan—Secret Of Success With A Night Club

(Second of Three Articles) By GEORGE TUCKER NEW YORK—Sherman Billingsley's Stork Club does an over-all business, he estimates, of more than \$400,000 a year. It can accommodate 500 customers. Working for Billingsley is a staff of 250, and his weekly payroll is \$6,000. Name personalities and headliners in the theatrical or music field are never employed at the Stork. There is no floor show. Two small, unknown orchestras, one American and the other Cuban, are hired for dancing, plus a small cocktail outfit that appears only in the afternoons. These are paid the standard union scale wage. Nevertheless, the Stork continues to be the "smart" place to go.

to as many of my guests as I possibly can. It doesn't make any difference what you say to them, so long as you pass by and give them a few words. I also find it good policy to send over a glass of creme de menthe, or a bottle of wine, just as a gesture on the part of the house. I may spy some little old lady in here and send her over a bottle of perfume or a box of candy. "It is important to a place like the Stork to have pretty girls sitting around in it. Debutantes make their headquarters here. It is good business to give them a real take-off—I mean, let them come here at greatly reduced prices, because names mean something. "We often knock the cover charge (\$2 a person) off a ringside table for a group of names. When other people hear that their favorite author, or picture star, has been to the Stork, they want to go there too. "We do a good business every day of the year here (most clubs close for the summer), not only at lunch, but for cocktails, dinner, and supper. I think that's because we never get independent. We cash a lot of checks for people, which we don't like to do, but we do it, and we get clipped around \$15,000 a year. Another of Billingsley's habits has been to give away souvenirs and wines to his friends and customers. He has been known to give away more than \$100,000 worth of wine in a single year. For awhile he gave away portable radios ornamented with a Stork. The most popular thing he ever gave away, he says, were solid gold cigarette holders. "The girls liked those. They kept them from getting tobacco and nicotine on their hands."

A Promise for Tomorrow

Chapter Eight TO THE HOSPITAL Julie scarcely had time to think of Dawn's strange request again all day. Driven by a relentless schedule of appointments, she put the tangle of thoughts into the back of her mind, concentrated on doing her job at hand thoroughly and well. "Have a good day, Julie?" Dr. Tom asked her as they met for the first time that day at the dinner table. She nodded. "Hard, but everything went smoothly. Did you?" "Old Kelland's got me baffled. He's practically recovered complete muscular control but his mind doesn't clear accordingly." He buttered one of Hulda's golden biscuits, ate it in one bite. "Usually takes time, doesn't it?" "Not this much time. At any rate, he can talk rationally enough about ordinary topics. When you mention Dawn he goes off on a tangent."

to make it stronger. Dawn'd Pete roar if Julie should say that Dawn made a coward of him, encouraged him to make a coward of himself! But it was true. Pete, for all his physical strength, his keen, hard-bitten determination, had a sensitive streak that made him vulnerable. His affections were deep, strong, unquestioning. An enemy he could meet, master single-handed. A friend could be truly his enemy. Was Dawn his friend—or enemy? The thought pursued her through the evening, the first she and her father had spent together in weeks. Even a good detective story couldn't hold her attention. Finally she flung it aside. "I think I'll go for a walk, Dad," and pulled on a sweater as she went. Free In The Shipyard The wind that had been nagging at loose window catches all evening, snatched at her rudely as she stepped out onto the porch. A sharp wind from the ocean, she noticed as she pulled her sweater close, walked crossroads and up the hill. Dark clouds scudded swiftly driven by the wind into deep black ceiling overhead. The ocean would be beautiful tonight, Julie thought, imagined she could hear the glorious thunder of the surf. She loved a strong wind, liked to push against it, challenge it. Hair streaming away from her face, cheeks tingling she scrambled to the crest of the low foot hill, turned her back to the boisterous wind while she looked down on Santa Felice below her. Beyond that to the deep fringe of lights spread like a sangled border along the quiet black waters of the Bay. As she looked, she heard the shrill scream of a siren. She left the walk, ran out onto a narrow point. This time she saw the burst of flame far below her. Julie turned then, raced back down the hill, pursued by the horrors her own imagination pictured. All those men—those inflammable materials! And this time to whip flames out of control, into an inferno! She raced across the lawn, up the steps, flung open the door. "Dad! Fire in the shipyard!"

Hulda met her in the hall. "He is just gone. The telephone-rings just as you are gone. He says to go straight to the hospital. Wait there for him." Julie nodded, caught up her bag, a heavy coat. Only moments later, she was pushing quickly through traffic already gathering down town. Under the well-disciplined order of the hospital, excitement ran only as an under-current. But Julie felt it as she stepped into the room. The first ambulances had delivered their painfully burned charges. Some of them had had first-aid treatment. Others hadn't. As Julie washed her hands, slipped a sterile uniform over her head, she heard an injured workman saying. "Don't know how it started. Things just started blowing up all around us. We just ducked on the—"

Hollywood Sights and Sounds—A Girl Can Sing, But They Won't Let Her

By ROBBIN COONS HOLLYWOOD—This is Hollywood: Somebody at the studio has discovered that Lynn Bari, has a singing voice. But they're afraid to use Lynn Bari's voice when she sings in musicals because in the past they have had another girl double for Lynn Bari's singing. "It wouldn't be the same and people would think it wasn't Lynn singing," is the explanation. . . . But so is this: Betty Grable, kept from making army camp tours because of tonsils, wisdom teeth and an operation on different occasions, finally made one—by turning down four weeks of stage appearances in Chicago which would have netted her \$30,000. . . .

When actors look hot, tired and exhausted on the screen it often happens that they are hot, tired and exhausted. Betta Davis, Paul Lukas and their movie children—Janis Wilson, Eric Roberts and Donald Buka—were approaching a U. S. immigration bureau station on the Mexican border. In "Watch on the Rhine" they're refugees from Europe, and they're coming home, poverty-stricken, heart-sick, hungry for a little security and a kind word. All five looked the parts—practically without acting. Anybody would look the part—under the blanket heat of a California sun in a low, arid valley. It's no military secret now, but the tempera-

ture topped 90 that afternoon—and Betta Davis, to look the matronly mother of three, wore cotton padding. The players were soon grimy. Carrying heavy luggage and heavy coats under arm, they were soon tired. When the long shots, medium shots and close-ups were finished, late in the day, they all looked even more like refugees—hot, exhausted, and discouraged. They were. . . . Jimmy Cagney's going to have new neighbors. I hear, next time he visits his place in Martha's Vineyard. Tyrone Power and Annabella are buying a home there. See HOLLYWOOD, Page 10

How To Torture Your Husband

"Young Fowler?" Dr. Tom looked up, another biscuit poised in mid-air. "She wants him to go to the new yards at Riverport." "What for?" "Be out of danger there." Dr. Tom snorted. "What makes her think the yards up there are any safer?" "I don't know. She just urged me to persuade him to go."

Steel freighters whose keels were actually laid after the attack on Pearl Harbor, within three months were completed and carried the bombs across the Pacific which helped to win the Coral Sea battle in May. To be continued. Steel freighters whose keels were actually laid after the attack on Pearl Harbor, within three months were completed and carried the bombs across the Pacific which helped to win the Coral Sea battle in May. Helpless "Right!" His hearty laugh rolled up from deep inside his big body. "Young Pete's the kind who'll make his own decisions, if I'm any judge. However, you may be interested to know, he's gone already." "Gone! To Riverport?" "He called in to cancel an appointment for a treatment this afternoon, Miss Dalton said. Told her he was leaving town." "Well—" Around a strange lightening in her throat, Julie tried to say, lightly, "Dawn should be satisfied now." So it hadn't been because Dawn believed in her influence with Pete that she had summoned Julie. It had rather been a sly way of proving that her own hold on him was complete. Julie ate the rest of her dinner automatically. Dawn—always feline—had simply wanted to know whether or not Julie would put up a fight for Pete. From now on it was to be Dawn and Pete. The thought stung like the scalding coffee she tasted. Dawn wouldn't be good for Pete, she told herself, trying to pretend there was only professional interest. And knowing perfectly that there was nothing professional about the aching emptiness inside. Dawn would sympathize with Pete, encourage him to self-pity, torment his pride with false goals. If he really loved her, she could ruin him. And she would if it suited her mood. Julie knew Dawn well enough for that. And there was nothing she could do to prevent it. Even the best, the closest of old friends hadn't the right to touch a man's decision in love. Not the right, not the power to affect the decision in any way, probably, save

Crime Rampant At The Police Station

LITTLE ROCK, Ark., Sept. 24 (AP)—The deep pink complexion around police headquarters here are not sunburns. Within 24 hours, a masked gunman held up a service station across the street and escaped; a safecracker robbed a restaurant safe — also across the street; two tires were stolen from a truck parked in the filling station, and then somebody inserted 12 signs in the soft drink vending machine in city hall corridor adjacent to headquarters.

Playgrounds Draw Crowds

The City-WPA Recreation Playgrounds, ABC Park, East Side and Mexican Plaza have been well attended the past month. Approximately 20,000 participants have taken part in some form of recreation which is conducted on the playgrounds and centers by WPA recreation leaders. The following are some of the forms of recreation conducted: arts and crafts, athletics and sports, clubs, literary, music, drama, playground activities and social recreation.

About 770 spectators have come out to witness the above named recreational activities.

Closed for the winter season are the department's wading pools at ABC Park and Mexican Plaza playground. The places have afforded children of nearby vicinities a pleasurable entertainment for the past hot summer months. Water games, contest and relays have been successively conducted once each week to attract both children and adults to the playgrounds.

Two At Colorado Enroll In SeaBees

COLORADO CITY, Sept. 24.—John Houston Lupton and Oren Lipps of Colorado City have enlisted in the United States construction battalion and are awaiting orders to report for active duty. Lipps, a concrete and plaster finisher was given the rating, petty officer 1st class; Lupton, a painter, that of petty officer 3rd class. Lupton has a brother, James, a petty officer 2nd class, stationed with the Navy at Providence R. I.

3-A Men Wanted In Anti-Aircraft

WASHINGTON, Sept. 24. (UP)—Men classified 3-A by the selective service were asked by the anti-aircraft command today to volunteer as officer candidates at the anti-aircraft school, Camp Davis, N. C.

Major Gen. Joseph A. Green, commanding general of the anti-aircraft command, said a nationwide quota of 500 volunteer officer candidates for the school offered an opportunity "to those Americans who earnestly seek a way to serve their country but who heretofore have been deferred by responsibilities to dependents."

Volunteer officer candidates undergo a 90-day basic military training course, followed by 12 weeks of instruction in school. Those who fail of appointments as a second lieutenant are permitted to return to civilian life.

The War Today
Hitler May Have Missed His Chance In Stalingrad Push

By DeWITT MACKENZIE
Wide World War Analyst

That quarrel between Herr Hitler and the commander-in-chief of his now-or-never offensive against the Caucasus, Field Marshal Fedor von Bock, may prove literally to be the decisive battle of the war. The basic strategy of the vital Caucasian campaign is said to be involved in this historic argument, which is reported to have resulted in von Bock being relieved of his command. The point at issue is described as this:

Von Bock, who ranks as one of the outstanding generals of our time, wanted to concentrate on the Caucasus and not attack Stalingrad at the same time. He maintained that an assault against that great industrial city on the Volga would be too costly in casualties. Not that the cold-blooded von Bock ever gave a damn about the lives of his men for their own sakes, but because he badly needed this fresh young man-power for his main show.

It seems that the Nazi all highest, who boasts that he works by intuition, insisted on the siege of Stalingrad. Von Bock bowed his stiff Prussian neck to the yoke, but apparently sulked in his tent as his drive was held up by the grand red defense, and Nazi casualties strewed the approaches to the

city like autumn leaves.

Now for purposes of careful analysis we must make allowances for the possibility that the report of a Hitler-von Bock feud isn't true. But even if the story is apocryphal, we can get ahead with our study, because the fact still remains that the siege of Stalingrad has thrown the calculations of the entire Nazi campaign out of kilter. Obviously this was undertaken at Hitler's order, since he is the master gangster and makes all important decisions. At the same time it's easy to believe that a soldier of von Bock's caliber would oppose such a risky experiment.

Looking at the position today, as the Russians still continue to throw back the invaders from Premier Stalin's proud namesake-city, I'm afraid we have to say that the infallible Hitler's intuition has failed him at the crucial moment. We must give von Bock the credit of a soldier's courage. We must recognize that the two men approached the problem from different viewpoints—Hitler from that of political strategy and his captain solely from the military angle.

It's not difficult to see the workings of the two minds. Von Bock, every inch the expert soldier from the soles of his polished

boots to the crown of his Prussian bullet-head, saw only that the outcome of the war likely depended on Germany's ability to break into the oil-bearing Caucasus and the strategic Middle East this year, and in the process annihilate the Marshal Timoshenko's armies of the south.

One cannot doubt that Hitler also saw it was imperative to conquer the Caucasus and the Middle East, for his other operations indicate this. However, as time went on and the Russian resistance became menacing, Hitler developed a new scheme to secure help.

He saw the political value of the capture of the city which is the apple of the communist leader's eye.

Most of all he wanted to influence Japan to attack Russia from the rear. The capture of Stalingrad might turn the trick. So one of the greatest gamblers of all time took another long chance. He bet the Gods of war that he could take Stalingrad without missing stride on the march into the Caucasus and Middle East.

But not even Hitler can guess right all the time. We need to see the outcome of the next month of fighting, but the indications now are that military history will be thrown away his chances of winning the war when he forced von

Rains Hold Up Harvest In Some Areas

AUSTIN, Sept. 24 (UP)—The vagaries of Texas weather stepped in last week to complicate the crop situation, already suffering somewhat from a labor shortage.

The U.S. Department of Agriculture and the Texas Agricultural Extension Service today reported further delays in the cotton harvest by continued rains, and showers in the coastal area and the southwest and south central districts.

From the University of Texas Bureau of Business Research came a report of a booming Texas poultry business for the past month, as shipments increased 100 per cent above those for August last year, and a decline in the amount of milk for processing.

The USDA report for the week ending Sept. 20, indicated progress with crops in the fall and winter commercial vegetable areas, with temperatures favorable for pepper and tomato plants, and with onion seed beds in good condition.

Native range and pasture grasses continued to make the best possible growth over the entire state, with early volunteer wheat fields in the plains counties being pastured. All classes of livestock were fat and getting fatter and marketing was on the increase.

Bock to embark on what probably has been the costliest siege ever undertaken.
