ASC Explains Cotton Acreages

In response to questions raised by many growers about 1961 cotton allotments, Deaf Smith County Agricultural Stabilization and Conservation office manager Faust Collier Tuesday afternoon explained the difference between the 1961 program and the one in effect for the past two cotton crops.

Possibly by next week, cotton allotments for this county will be announced, Collier said.

The office manager reminded local farmers that the allotments will remain in effect for 1961-crop cotton whether or not growers approve 1961 marketing quotas in the national referendum to be held here Dec. 13. Allotments are used as a means of determining eligibility for the available price support.

"The 1961 national allotment of 18.5 million acres compares with the 'regular' 1960 allotment of 16.3 million acres," Collier pointed out. "This 1960 figure was increased to 17.5 million acres under Choice B elections."

In 1961, he added, there will be only one upland cotton allotment, whereas for the past two crops growers had a choice between the "regular" farm allotment and the 40 percent larger B allotment. All eligible growers in 1961 may receive the full available price support on their cotton. In 1960 the eligible B growers received lower support but a larger acreage allotment.

"Because of the provisions of the law," Collier commented, "the effect of the increased national allotment on the size of the state, county and farm allotments will vary widely. Some farms may receive no increase or possibly a reduction from the available allotment acreage for 1960 primarily because of the operation of the minimum provisions or participation in the Choice B program in 1960."

"Growers on 1960 Choice B farms and on farms with allotments of 10 acres or less should keep these facts in mind when they receive their notices of 1961 upland allotments," Collier said.

Mrs. Bryant Is Contest Winner For Ninth Week

By a closer score prediction on the Hereford-Littlefield game, Mrs. Cawthon Bryant won the ninth week of the Hereford Brand's annual football contest. She and Harold Loerwald both picked 17 winners from the 20 on the entry blank. But Mrs. Bryant had Littlefield over Hereford 21-7, while Loerwald guessed the score at 20-0 for Littlefield. The Wildcats actually won by a 15-6 score.

Lumped together with 16 correct choices were Thomas Coffman, Jane Kirby, W. O. Logan, Martha Wiltshire, Dale Blaney, O. C. Curtsinger and Jeffrey Price.

Mrs. Bryant will receive \$10 cash for winning the week's contest.

All entrants are reminded that the entries due by 5 p. m. Friday, Nov. 18, will constitute the end of the contest, which will close after ten weeks.

Season winners will receive tickets to the Cotton Bowl classic in Dallas on Jan. 2. First place will get two tickets, while second and third places will receive one ticket each.

Clovis Company Low Bidder On New Building For County

Don D. Zimmerman presided at a regular meeting of the Deaf Smith County Commission immediately after being sworn in as County Judge Monday.

Dura-Built Products Co. of Clovis, N. M., was awarded a contract to build a steel building near the present Bull Barn. Contract price is \$21,259, the apparent low bid.

Construction will start as soon as the site is brought to grade by the county. It is expected to be completed in not more than 60 days.

Parker Brothers Construction Co. of Hereford bid \$22,315 on a haydite block and steel truss building. Panhandle Steel Buildings, Inc., of Amarillo bid \$25,020 on the building and also offered an "approved" building with less than minimum standards required by the specifications for \$22,981.

The building will be 70 by 98 feet with a wall height of 12 feet. Other specifications (Continued on page 2)

Man Jailed For Non-Support

Santos Soliz, 33, of Muleshoe Tuesday morning in Deaf Smith County Court was sentenced to three days in County Jail and assessed court costs after pleading guilty to charge of non-support of children.

Soliz was charged after arrest by the County Sheriff's Department in Hereford Nov. 13. He was arrested in the 300 block of Main St.

The man appeared before County Judge Don Zimmerman at 10:30 a. m. Tuesday.

GIVEN AWARDS by Roy Boyer as outstanding students in their respective schools and classes were these 11 youths who were honored at the Optimist Club meeting Tuesday. Optimists Honor Students

Eleven students from Hereford were recognized by Hereford Optimists Tuesday evening in a special ceremony. The group, representative of the youth who do not get into trouble, were currently being observed by the club.

They were presented certificates for their outstanding citizenship in school and in outside activities by Roy Boyer, chairman of the Optimist Club boys' work committee.

Honored were: Cynthia Loerwald, St. Anthony's parochial school; Eugene Sparks, Shirley Elementary; Sharon Garrison, Central Elementary; Gary Story, Northwest Elementary; Lee Robinson, Aikman Elementary; Steve Hodges, Stanton seventh grade; Sharon Tinnin, Stanton eighth grade; Ronnie Duncan, Stanton ninth grade; Jim Grubbs, Hereford High sophomore; Donna Rogers, Hereford High junior; and Ronnie Botkin, Hereford High senior.

In the absence of Mayor Woodrow B. Wilson, club member Bill Phipps made a brief talk with Youth Appreciation Week.

Statistics show that about 95 per cent of our youth in this county never come into contact with the law. Of the remaining five per cent, about

two per cent are waiting for adoption or placement in founding homes," Phipps said. "This leaves only three per cent who get all the notoriety."

"As Optimists, we use Youth Appreciation Week to honor the 95 per cent who are doing what we as adults would have them do.

"This club feels that it takes more than a week each year, however, to honor our youth, so we will start honoring a student of the month in this club. "Youth tell us that they are told by adults to think for themselves and when they do, the adults don't like it.

"But we who are Optimists are proud that when you are called upon to act like adults, you respond. The future of this country rests with you, and we are proud that its future is of concern to you," Phipps concluded.

Guests for the noon luncheon at the IOOF Hall, the honored students also saw a color film, "Wings A B o u n d."

Expect 300 For Scout Banquet

More than 300 persons are expected to attend the annual Scout Banquet on Friday, Nov. 18, at 7:30 p. m. in the Bull Barn.

Cub Scouts, Boy Scouts, Explorers, their parents and Scouters from the Tierra Blanca District will attend the pot luck supper and program.

Guest speaker for the banquet will be Dr. James P. Comette, president of West Texas State College, and himself a recent recipient of the Eagle award, highest in Scouting.

Presiding at the dinner and meeting will be Orpha Click, district Scout chairman. (Continued on page 2)

Around Town

This weekend should see the end of the maize harvest, which is really a good one. Cotton is beginning to come in rapidly now, with most farmers using mechanical harvesters rather than pickers. Which reminds me that Eli Whitney's famous last words were supposed to have been, "Keep your cotton - pickin' hands off my gin!"

We are going to miss Homer Henslee over in the courthouse. After swearing in his successor Monday morning, he stayed around to help Don Zimmerman get settled in his new job. Ho-

2 Women Hurt Slightly In Wreck Monday

Two Hereford women were admitted to Deaf Smith County Hospital following a two-car accident at Union and Ave. E. in the city Monday morning.

Reported in good condition at the hospital Tuesday afternoon was driver of one of the cars, Mrs. Mary Beth Inman, 21, 711 E. Third St. She received multiple lacerations about the face in the intersection collision.

Driver of the other car, Mrs. Mary Etta Hinds, 124 N. 25 Mile Ave., was admitted for observation but was later released. Both were taken to the hospital by Gilliland ambulance.

Mrs. Hinds was headed east on Union and Mrs. Inman was travelling north on Ave. E. The Hinds car struck the Inman automobile, then careened into a tree about 40 feet from point of impact, investigating Hereford police reported. The Inman automobile struck a light pole after the cars collided, according to investigating Hereford patrolman Claude Roper.

Damage to the Inman 1960 model car was estimated at \$1,500. Damage to Mrs. Hinds' 1949 model automobile was estimated at about \$350.

The accident occurred at about 10 a. m. Monday.

Whitefaces Announce Slate With First Game On Tuesday

Coach Cuby Kitchens has announced a 19-game schedule for his Hereford High basketball team, plus one doubleheader and two tournaments.

First game of the season is scheduled for Tuesday, Nov. 22, when the Friona Chiefs visit Hereford.

Every letterman returns for the Whitefaces this year from the 1959-60 squad that didn't include a senior.

The Whitefaces will be going after their fourth straight district title this year. They won 1-AAA crown in 1958 and 1959.

then staged a strong uprising last year to tie Dumas as co-champions. Dumas later won the play-off game to enter regional play.

In 1958 and 1959, Hereford won its way into the four-team state tournament, placing fourth in 1958 and second the following year.

The 1959-60 team had a 4-15 record in non-conference play, but rebounded in district after dropping two-point losses to Phillips and Dumas. The squad ended up with an 11-18 mark and ended the regular district

round robin with a 6-2 mark. This year, Kitchens has scheduled some of the toughest AAAA and AA schools in the area and will face strong competition in its doubleheaders and tournaments.

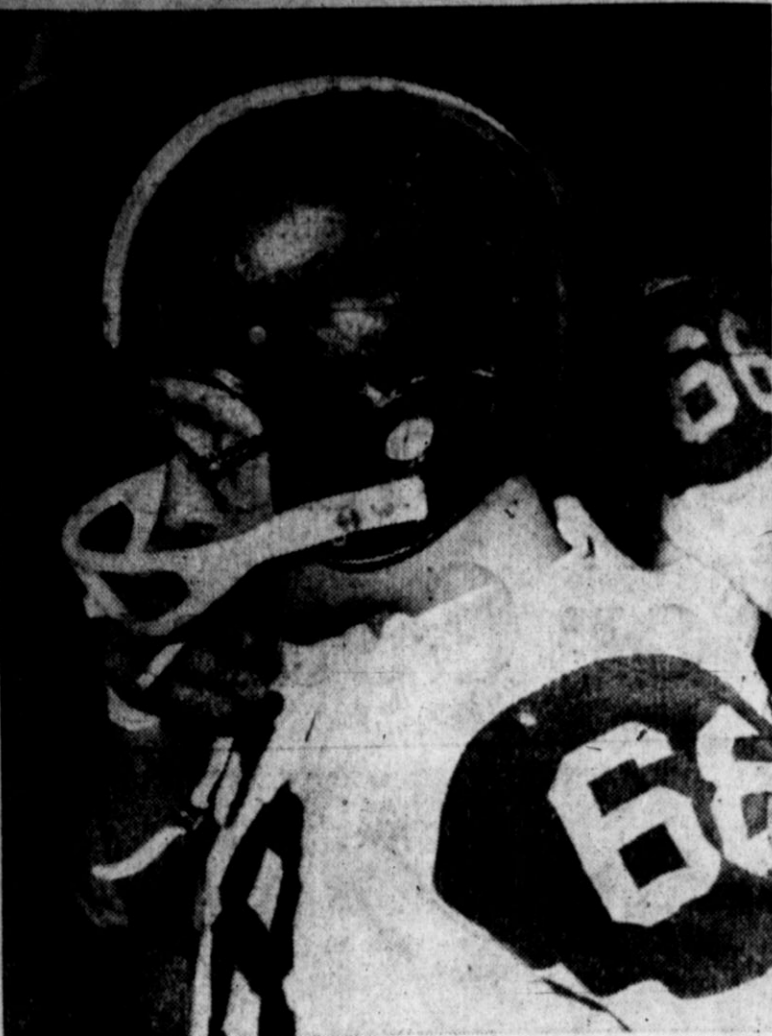

On Dec. 15 and 16, the Herd will compete with Tascosa, Amarillo High and Dumas in the Amarillo doubleheader. The team also is entered in the annual Caprock Christmas tournament at Lubbock on Dec. 26, 27 and 28. This tournament will include eight of the strongest

First Haircut

ALTHOUGH SHE is 9½ years old, Pat Daniels had her hair cut for the first time Tuesday evening. The daughter of Mr. and Mrs. Lindy Daniels, 401 East 4th, she showed interest, then apprehension as her waist-length braids were cut off to shoulder length by Mary Helen Askew. But she was pleased with the final result. And her parents shed no tears, since a younger daughter still has not had her long hair cut the first time. (Staff Photos by H. A. Tuck)

TIME-OUTS for air, linament and cigarettes came frequently for the players involved Saturday night in the football game between the Optimist Club and the Junior Chamber of Commerce. Brand reporter-photographer Dan Mudd, who played guard for the Jaycees, found the game much more interesting from the sideline than butting heads with the Optimists out on the field as he took a break, complete with glasses and cigarette. (Continued from page 1) mer kept the minutes and handled the agenda for the Commissioners Court meeting and then kept office hours with Judge Zimmerman the rest of the week as they went over the various aspects of the job.

Some of the courthouse people have been having a hard luck lately. Jewel Smith, county welfare officer, returned last week after being out for about a month for an operation, worked two days and then came down with the flu. And Marian Goodin, who works in the Texas Employment Commission office, thought she was strong enough to catch five falling sheets of sheetrock but ended up buried under them. She fractured her left wrist in two places trying to hold up the sheetrock.

When the county first called for bids on a small building out by the Bull Barn, we jokingly suggested it be called the "Calf Barn." But the name probably should be something like the "4-H Barn." But that's just another problem for the County Commissioners to wrestle with.

Christmas decoration sub-committee of the Chamber of Commerce is to meet Friday

at 10 a. m. in the Chamber's conference room.

Jaycees started testing light bulbs Tuesday night in preparation for Christmas. They say it gets to be a rather boring job, but one that has to be done before the lights are strung above the streets right after Thanksgiving.

Annual Scout banquet for Tierra Blanca District 1 is scheduled for 7:30 p. m. Friday, Nov. 18. It will be held in the Bull Barn with Dr. James P. Cornette, president of West Texas State College, to be the guest speaker.

Above is a picture of a tired reporter. Dan Mudd usually takes all the football action pictures, but declined last Saturday to play for the Jaycees against the Optimists. When he wasn't playing, Dan put on his glasses, lighted a cigarette and watched the action. The Brand got quite involved. Shop foreman Jackie Allmon was playing for Optimists, along with circulation manager Dale Smith and society editor Mona Jette's husband, Paul. It was Paul Jette, incidentally, who threw a touchdown pass to Duane Albracht and kicked the extra point as the Optimists won a surprisingly good game, 7-0. Jette played for SMU and Eastern New Mexico University. All hands

It is expected the building will be green with a white roof. Commissioners hope the building will be completed before the annual Junior Livestock Show, which is scheduled for Jan. 19-21. Bid-letting climaxed more than a year of thought about a new building for various public uses. The building will be located near the present Bull Barn. Name for a new building has not been discussed.

Zimmerman was sworn in Monday to replace Homer E. Henslee as County Judge. Henslee resigned the post last spring in order that a successor could be named by election. He was immediately appointed to fill the vacancy he had created and agreed to serve until the new judge was elected and qualified.

Zimmerman was elected during the General Election, Nov. 8, without opposition. In other action, the Court agreed to issue \$50,000 in refunding bonds at 3 3/4 per cent interest payable in 1971, 1972 and 1973 without an option to pay in advance.

Issuance will be handled by Bob Davis of Amarillo, representing Columbian Securities Corporation of Texas.

Commissioners also voted to buy some 18 inch shelving for the county library from General Office Supply of Amarillo, taking credit from the company for some unused nine inch shelves which had been ordered.

After a lengthy discussion, the court voted to accept the renovated courthouse and new jail from the contractor, Timmons Construction Co. of Amarillo.

Architect John P. Work of Amarillo and Curt Timmons talked with the court about the various extras which were not included in the basic contract, their cost and agreed to make some minor repairs.

Ezra Norton and Claude Ricketts talked about securing right-of-way to set Bradley Street paved west to West Lawn Cemetery. Two houses and an irrigation well, they said, would make it prohibitive to secure ten feet of right-of-way on each side of the present road. The county had asked Norton to see about getting right-of-way for 100 feet of paving and bar ditches.

agreed that the air was much thicker than when they used to play.

Air is much thicker. All the players agree. Since they tire quicker. They just get older. And much less bolder. Is the answer I see.

Commissioner Charles Sowell agreed to work with Norton and Ricketts on the project, which is being sought to take funeral traffic off Harrison Highway.

Action in District 1-AAA will start on Jan. 24. The Herd will have two home district games, go on the road for four and return home for the last two. Assisting Kitchens and coaching the B team will be Joe Brooks. The B team will play the first game in all home and away contests, except for tournaments. The B team will compete in tournaments at Happy, on Dec. 8, 9 and 10, and at the Silverton tournament on Dec. 15, 16 and 17.

Returning lettermen from the 1959-60 squad include Charlie Thomas, 5-11 senior; Ronnie Botkin, 5-11 senior; Ronnie Caster, 5-7 senior; Thomas Coffman, 6-0 senior; Greg Combs, 5-7 senior; Charlie Burrus, 6-2 senior; Carl Miller, 6-5 senior; and Dennis Hodges, 5-8 junior.

Mack Cansler, 5-10 junior who played some varsity games last year; and Jackie Oldham, 5-10 senior who was ineligible as a transfer last year, also are expected to be on the varsity squad.

Kitchens had not decided this week who else might be brought up from the B team. Possibilities include Randy Dowell, 6-4 junior; Jerry Curtsinger, 6-3 junior; and Lynton Allred, 5-10 junior.

A two-thirds favorable vote in the Dec. 13 referendum would mean quotas for the 1961 cotton crop, marketing quota penalties on any excess cotton and price support at not less than 70 percent of parity.

Opposition to the quotas by more than a third of the voters would mean no quotas or penalties for 1961 and support at 50 percent of parity to growers who comply with their acreage allotments.

AUSTIN HIGHLIGHTS

Following Election, Texans Now Turn To New Issues

BY VERN SANFORD

AUSTIN — Shell-shocked and exhausted from one of the hardest-fought general elections in decades, Texans now can get a second wind and turn to new issues and decisions.

Some of the significant decisions ahead grow out of decisions made at the polls earlier this month. As a result of Sen. Lyndon B. Johnson's election to the vice presidency his senate seat will become vacant on or before Jan. 20. It's a highly coveted position, seldom up for grabs, since the winner of a six-year term can be fairly sure of holding it for life.

It is likely that the race for Johnson's post will be the first special election in Texas history to have a run-off. A 1957 law, called the Pool Bill, provided that in special elections for congressional vacancies, there shall be a run-off if no candidate receives a majority of the votes in the first polling.

Previously, special elections had been on a high-man-wins basis. Many possible candidates are mentioned. Among them: John Connally of Fort Worth, Jack Cox of Breckenridge, Martin Dies, Sr. of Lufkin, Congressman Joe Kilgore of McAllen, Wright Morrow of Houston, Lt. Gov. Ben Ramsey, John Ben Shepperd of Odessa, John G. Tower, Johnson's Republican opponent in the general election, Atty. Gen. Will Wilson and Congressman Jim Wright of

Weatherford.

It is unlikely that any candidate will make a public announcement until Senator Johnson officially resigns and Gov. Price Daniel sets the date for the special election. Under the law, the governor must call the election in no less than 60 days and not later than 90 days from the time the vacancy occurs.

If Congress is in session at the time the vacancy occurs, it would also be the governor's duty to name an interim senator to serve until a successor is elected. Governor Daniel already has said that former Sen. William Blakely would have first chance at such an appointment.

When the vacancy will occur depends entirely on Senator Johnson. There is speculation that he will not lay aside his senatorial toga until he takes the oath as vice president (Jan. 20). Many feel that his presence and assistance in organizing the Senate prior to that date would help get the incoming Democratic administration off to a good start.

On the purely state level, voters' approval of the four constitutional amendments during the general election pose some new decisions and issues for the state legislators next January. Among them: 1. More Pay — From Where? By constitutional amendment, voters have, for the first time in history, put members of the Texas Legislature on an annual salary.

They will be entitled to \$4,800 a year, whether in session or not. They also are to get \$12 a day expenses for 120 days of a regular session and for each day of any special sessions called thereafter. This replaces the old \$25-a-day pay plan.

Question is where to get the money. State's general revenue fund is, according to State Treasurer Jesse James' latest report, \$60,535.63; in the red. By the time the next session starts, this figure is expected to be higher.

So, legislators will have to turn their attention quickly to a means of finding money somewhere if they're going to meet their own grocery bills.

2. Loan Company Regulation— Passage of Amendment Four dumps in the Legislature's lap the tremendous job of passing laws to regulate lending practices in Texas.

Some lawmakers gloomily and privately predict that it will result in a worse fight than trying to pass a new tax bill.

Previously, the Constitution limited legal interest rates to 10 per cent. This provision was repealed.

Under the new provision the Legislature has the responsibility to (1) license and regulate lenders, (2) prevent misleading advertising, (3) fix and limit maximum charges and (4) impose effective penalties for vio-

lations. Atty. Gen. Will Wilson, elated over the passage of the amendment, warned that "the loan sharks will pitch their final battle in the Legislature to try to eliminate the penalties and to develop loopholes."

Good Insecticide

Make your own effective and non-inflammable insecticide by dissolving one ounce of rosin and one ounce of oil of amber in a mixture consisting of one-half gallon gasoline and one-half gallon carbon tetrachloride. It may be used in a spray gun to kill flies, bedbugs, fleas, ants, roaches and other pests. The rosin forms a cake around eggs and thus prevents hatching. It is not necessary that the destroyer be aimed at the pest to do its work. Finely divided particles of it in the air kills the insects.

versity and head of a citizens committee that worked for passage of the amendment, predicted "a real dog fight" in the Legislature over control legislation.

3. Land Program Picks Up— Since the voters gave it permission Nov. 8 to pay higher interest on its bonds, the Veterans Land Board is getting ready to do a bigger business.

Maximum interest the board can pay on the bonds it sells was raised from 3 to 3.5 per cent. With this easing of restrictions, the board expects to be able to sell more bonds and have more money available to loan veterans for land purchases.

A new bond sale is planned tentatively for December. Meanwhile, the board secretary said mailing of applications to veterans has been stepped up from 100 a week to 225 a week.

Some 40,000 veterans are now waiting for loans, but in actual practice, only about one in five finally finds land and qualifies for a loan.

Board has authority to issue \$62,500,000 more in bonds. This amount of money is expected to take care of those waiting to buy who will qualify. According to the constitutional amendment setting up the program, no new loans are supposed to be made after Dec. 1, 1965.

School Goals Set — Knowing it will be a rough job in this debt-ridden era, Texas school people are, nevertheless, setting their sights on a \$100,000,000 improvement program.

At an Austin meeting of educators, legislators and interested citizens, Governor Daniel promised his support to the effort to pass a bill to raise teachers salaries.

This is one of the main items of the \$100,000,000 Hale-Aikin recommendations. This program resulted from a study begun in 1957. It sat on the shelf during the last legislature because of the acute money shortage.

If you are interested in making a wad of money, the thing to do is to invent a new national fad. The people are poised and waiting. We nearly always have one following a big national election. Just after Franklin D. Roosevelt landed into office, someone came up with the Yo-Yo; Harry Truman revived the art of piano playing, and while they were still counting votes to elect Ike Eisenhower some yoke invented the "Hula Hoop." Right now the country is ready and ripe for a fad to commemorate Jack Kennedy and Lyndon Johnson. True enough, there have been more jokes than usual, but people want something more tangible.

H. Allen Smith says, "... first, there was just this Adam and Eve and they had only one state, then this Columbus sailed off and found more states, then Davy Crockett came along and took over."

That's about the way it goes, too. We need some sort of fad where the Republicans can keep busy enough to forget, and the Democrats can celebrate with a wiggle. We need something which involves just a little bit of physical exertion, but not too much. If it is something you can do while sitting down, all the better - and it will last a long, long time. The American people would much rather watch someone go west in a covered wagon on TV than to travel in one themselves, but they do like just a bit of spectator participation. A long time ago they used to "tat," do fancy work and shell peas, but those things are far too productive for the modern times. Besides, when you shell peas they are usually a gift - and you don't get trading stamps.

We went over to Lubbock Monday night with Mr. and Mrs. Leo Forrest to attend a regional REA meeting. However, the man said not to call it "REA" anymore. He said it is a "home-owned, tax paying cooperative," and they need to drop the "alphabet" - but I personally doubt if they ever will be able to shake the "REA" brand. The Deaf Smith County Coop had a large crowd at the meeting, including some 20 to 25 people from Hereford, Dawn, Friona, and Dimmitt.

I took some white looking salad stuff, mainly because it had nice, big slices of onion, and was really enjoying it until I discovered that it was "herring and sour cream." Of all the things I probably wouldn't like, this would be "it," but I had to admit that it was pretty good groceries, especially before I discovered the contents. It didn't faze Steve Bavousett or Raymond Higginbotham, though; they kept right on eating just like it was good.

Goose Ramey and Tom Draper were probably having more fun than anyone at the meeting which, I guess, figures. I never knew two other people who could enjoy any given occasion more than these old boys. I'll bet they kept Mrs. Ramey and Argen laughing all of the way home. Judge and Mrs. Don Zimmerman also attended, and everyone was wondering how long it will take to get used to calling Don "Judge." I suggested that they might get hailed

into court and learn in a big hurry, but most everyone figured they would rather take the long, hard way.

The Swisher County delegation chartered a special bus and, in addition to H. M. Baggarly, their fighting Democratic editor, brought along the Republican Chairman for good measure. It really got a laugh when the GOP man was introduced.

It is surprising how many people you see who have finished harvesting their grain sorghum. All in all, 1960 has been a highly productive year for the North Plains, including a bonus dry land wheat crop.

Jay Boston says that now the Democrats have control in a big way, we can expect to see some pronto action on the sugar beet business. He says this is the difference from the GOPs. We'll see some favorable action - soon.

Lee Benefield says he figures I am a pretty good boy most of the time, and passably level headed "about everything but politics."

The U. S. Navy, meanwhile, has the Brand force in a quandary. They say they want to present us a certificate of recognition for helping the deep sea cause, but they expect to make the award at a Rock and Roll dance Saturday night, and we can't find anyone who wants to attend. Even Mona Jette, who is doing a nice job on society, is holding out. I had no idea we were becoming such a bunch of sticks-in-the-mud. Looks as if we will have to draft an outsider - or wait until they have a square dance, which will be more our speed.

Carpenters are one group of people who get on the job early. You can see them around the lumber yards about 7 a. m., getting things in shape, and they generally report for work at 8 o'clock sharp. Plumbers and electricians seem to operate much more leisurely, but carpenters and painters do maintain prompt hours. At least, that's the way it looks to me.

Meanwhile, I never saw so many people eating this diet powder stuff. Mostly men, too. I think their wives keep complaining how fat the men are getting. Among other things, it cuts down on the house work.

Future Nurses Meet Monday

The Future Nurses Club of Hereford High School met in the home of Mrs. Clarence E. Hicks on Monday night, Nov. 14. Dr. Weslie Owen gave an interesting and informative talk on "Socialism" emphasizing socialized medicine, after which a discussion by the group followed. Letters from former members describing college activities and life as Student Nurses were read.

Those present were Mrs. Earl Springer, club advisor; Phyllis Betzen, Kathryn McClain, Delores Price, Judy Smith, Judy Stone, Lavonne Thompson, Barbara Tiesel, Jan Story, Patsy Loeberwald, and two guests, Marjorie Muse and Mary Betzen.

ENDS VISIT

Mrs. L. W. Thompson returned to her home in Kansas City, Mo., after a two-week visit in the home of her son, Bill Thompson and family. She assisted Mrs. Thompson in the care of the new son born several weeks ago.

NOMINATED TO OFFICE

Frank Barrett was recently elected to serve as a member of the Board of Directors of the Ex-Students Association of West Texas State College at Canyon. The meeting took place last week during homecoming festivities on the neighboring campus.

APPEARS IN PLAY

Lee Blocker, daughter of Mr. and Mrs. John F. Blocker, is appearing in a play, "I Lead A Lonely Life," presented in the Little Branding Iron Theatre on West Texas State College campus at Canyon this week.

Slate Program At Community Center

A variety show and dance for local teenagers will be held at Hereford Community Center Saturday beginning at 8:30 p. m.

The program will feature "The Pharaohs," musical recording stars headed by vocalist Tommy Overstreet. All teenagers in the county are invited to attend.

During the program, appreciation awards will be given to the Brand and to K-PAN Radio by Bill Berry, U. S. Navy recruiting officer from Amarillo.

VISITS PARENTS

John David Bryant, a student at West Texas State College in Canyon, visited his parents, Mr. and Mrs. Cawthon Bryant, in Hereford Sunday. John, a member of the WTSC Buffalo football squad, did not get to play Saturday night against New Mexico State because of an injured knee. He should be ready to play Nov. 24 at Wichita, last game of the season.

Area Residents Attend 4-H Achievement Night

BY MRS. T. L. COLLINS
Several Walcott 4-H'ers and their parents attended the annual Deaf Smith County 4-H club Achievement Night program Monday night, Nov. 7, held in the Hereford High School cafeteria.

The following awards, in the form of medals, were received for outstanding work in the 4-H activities during the 1959-60 club year: John Perrin, Agricultural, Beef; Larry Minks, Beef, Beautification of Home and Ground, Livestock Judging; Marla Jack, Clothing; Kathryn Monroe, Clothing; Dianne Jack, Dress Revue; John Hall, Entomology; Ronnie Henderson, Entomology; Nancy Minks, Food Preparation.

Present for this annual achievement banquet from Walcott were Mr. and Mrs. Norm and Minks, Nancy, Margaret and Larry, Mrs. J. V. Perrin, John, Mrs. Buel Monroe and Kathy, Mr. and Mrs. Bertram Jack, Dianne and Marla.

Mr. and Mrs. H. D. Buse, Ronnie and David, drove to Portales, N. M., on Sunday, Nov. 6, to visit an aunt and uncle.

Glenn Burrus went pheasant hunting in Kansas over the weekend of Nov. 4 to 7. He reported that he got several birds.

Regular monthly business was transacted at the school board meeting held on Monday night, Nov. 7. Present were Jack Weaver, G. V. Hall,

and principal, Thomas L. Collins.

Assembly was conducted at Walcott School on Wednesday morning, Nov. 9. Congratulations were expressed to the 4-H boys and girls who had earned awards.

In connection with the election Tuesday T. L. Collins asked that each remember as they become old enough to "Always Vote." He then read the 62nd Psalm.

The seventh and eighth-grade girls gave reports on snakes, which were interesting and informative. They pointed out that there are 3,400 different kinds of snakes.

Elizabeth Burrus spoke on the Diamond-Back Rattlesnake. She stated that he was beautiful, but a dangerous creature which grows to six or eight feet long.

Nancy Tyler talked about the Copperhead snake. This snake grows to two and one-half or three feet in length. Its bite is poisonous but not fatal.

Marilyn Tice gave a report on Coral snakes. This is a poisonous snake with a black snout with red circles around his entire body. He does not strike, has 300 bones in his body, his tongue is an organ of touch, and he is deaf to sound carried by air. The Coral snake sneezes with his eyes open, swallows his food whole, which is digested by stomach juices. He could go for a year or longer without eating.

The Python, a true water snake which grows to 16 or 17 feet in length, was reported on by Marsha Burns. This snake weighing 30 pounds, can crush his victim to death.

Dianne Jack told that the Water Moccasin has a deadly bite that is highly dangerous and usually fatal. He is spoken of as the Cotton-mouth snake, and grows to three or five feet long. He eats fish, frogs and other animals that live on or near the water.

The Prairie Rattlesnake was discussed by Vicki Burns. He has greenish-gray markings with a white border. The average length is from three to five and one-half feet long. The snake is poisonous and feeds at night. He lives in rocky ledges or in an old prairie dog town.

Excitement at the close of school on Thursday afternoon was the sight of a fire in the pick up of Glenn Burrus, which was parked at the corner just north of school. He had driven over stubble just that morning, cut from soil conservation land, some which must have lodged under the vehicle, causing the fire. Mrs. Thurman Davis received

a telephone call on Thursday evening informing her that her father, R. L. Neff of McAadoo, had suffered a heart attack and was in the Crosbyton Hospital, Mrs. Davis, Elton and Robert drove to see him on Friday afternoon.

American Education Week, Nov. 7 through the 12, was the close of a month's contest, "Cleanliness Unit in Health Chart," for Walcott's first and second-grade children.

On Friday this class invited their parents to visit their room at school. The following program was presented under direction of their teacher, Miss Paula Green:

Spanish Lesson—Each child introduced themselves in Spanish to his mother. There was a panish quiz, and Arturo Lopez said prayer and Frances Castillo counted in Spanish.

Science Lesson—Three poems, "Sun and Stars," Nadine Tice; "A Sure Sign," Linda Sorrells; "Thunder," Denise Caraway, and "Autumn is Here," a story, by Sherri West.

Health Lesson—"Breakfast," a poem by Kent Jack and Roger Brown; Socials Studies Lesson in poem—"Japanese Parasol," Denise Caraway; "Riggety-Jig," Arturo Lopez.

Reading Lesson in poem—"The Zoo," Jimmy Monroe; "The Monkey and the Zebra," Charles Cupell; Guideposts—guide to Daily Living—"Do What You Can, Being What you Are," Joe Don Weaver; "Golden Keys," Yvonne Merrill, Bob Merrill, Chris Burns, Gary Coleman and Elton Davis, David Brown and Diane Kirby, Health Song—"For Flag Day," Sherri West.

The program closed with a story, "Our Farm" which Miss Green read aloud. The children produced the animal sounds for the poem.

Miss Green gave prizes to each child who had the most stickers on the health chart. Then a small bar of soap and an apple went to all pupils. They played "May I" to conclude the program.

Those present were Mrs. J. T. Tice and James, Mrs. LeRoy Cupell, Brenda and Sue, Mrs. Jim West, Bart, Jimmy Bret and Carmen Sue, Mrs. Don Kirby and Larry, Mrs. Leland Burns, Mrs. Waldron Melton, Mrs. Bruce Coleman, Cindy and Jeff, Mrs. Bertram Jack, Mrs. J. E. Sorrells and Debra, Mrs. Buel Monroe, Mrs. Ernest Brown and Dennis, Mrs. Floyd Brown, Mrs. Eldred Brown, Mrs. Obed Caraway, Tracy and Chip, Mrs. Jack Weaver, Mrs. Thurman Davis, Mrs. Joe Merrill and Mrs. Harold Bass. Mr. and Mrs. Charlie Bourquin of Bulter, Okla., Mr. and

Mrs. Blain Brinkley, Mike, Charles, Leslie and Enola Gay of Clinton, Okla., came Saturday afternoon to visit Miss Paula Green. The visitors were Miss Bouquin's father and sister and family. They left Sunday morning to return to their homes.

Mr. and Mrs. Cliff Johnson and Wayne and Mr. and Mrs. Port Johnson drove to Memphis on Sunday, Nov. 13, to visit a 79-year-old aunt, Mrs. Iris McQueen there. She is a sister of the women's mother.

The "northern lights" could be seen from Walcott School about 7:30 p. m. Saturday.

Mr. and Mrs. Marvin Payne, Darla and Larry of Hereford spent Saturday evening visiting and eating supper with her parents, Mr. and Mrs. Joe Rader.

Mr. and Mrs. James Welch, Mike and Marsha, of Shreveport, La., arrived Friday, Nov. 11, to visit his sister, Mr. and Mrs. Bernie Northcutt, Sue and Ray. James Welch is employed at a clothing store in Hereford now. The Welch family is staying in the Bernie Northcutt home until they locate a house in Hereford.

T. J. Welch of Clovis, N. M., visited in the Bernie Northcutt home on Saturday.

Mr. and Mrs. Leland Burns, Vicki, Marsha and Chris visited in the home of Mr. and Mrs. L. E. Garrison and children of Adrian on Saturday night.

The Leland Burns family ate Sunday dinner with Mr. and Mrs. Lorin Creitz and daughters of Adrian.

Mr. and Mrs. Melvin Henderson and sons had guests Sunday for dinner. They are Mr. and Mrs. Buel Monroe, Jimmy, Kathy and Joe, and John Hall.

Mr. and Mrs. Don Kirby, Larry, Dianne and Kay attended church in Hereford on Sunday. Afterwards they ate dinner in a cafe with Mr. and Mrs. Bill Carthel and three children of Black. Later the Kirby family visited with Mr. and Mrs. J. B. Shirley and children in Hereford.

Maize harvest is in full swing in the Walcott area. Farmers are working long hours. Many trucks of loaded grain pass by during the day.

Mr. and Mrs. Obed Caraway and family ate dinner Sunday with her parents, Mr. and Mrs. E. J. Reynolds in Hereford. In the afternoon Mr. and Mrs. Floyd Messenger and daughters visited there also.

Charles Bass spent from Saturday morning to late Sunday afternoon visiting with Marsh Pittman in Hereford. That night they skated at the rink in Hereford. On Sunday

Mr. and Mrs. John D. Pittman and family and Charles Bass ate dinner in the Hereford Country Club.

His grandfather Whipkey of Sweetwater, Okla., came Saturday to visit Charles, and his parents, Mr. and Mrs. Harold Bass. He will be here several days.

Mr. and Mrs. LeRoy Cupell and family attended the birthday party of his one-year-old granddaughter, Donna Kay

Tucker, daughter of Mr. and Mrs. Tommy Tucker of Vega, on Friday night.

P-T-O will have their annual Community Thanksgiving Day supper on this Friday night, Nov. 18, at Walcott School. Each family will bring a covered-dish meal. Stunts will be presented by some of the community members for entertainment.

Retired General Tells Of 'Threat Of Communism'

Retired United States Air Force General Jerry Lee told of the "Treat Of Communism In The U. S." at the noon meeting of Hereford Lions Club last Wednesday.

Gen. Lee told of the rise of Soviet leader Lenin from 1917 until Lenin's death in 1924. Lenin's strategy is still being used today to force communism into governmental powers, he said.
 "Americans are too complacent today," he pointed out. "They don't read enough about what is going on and they don't talk about communism enough. Too many are not concerned about the threat of communism."

Gen. Lee pointed out that communism and socialism have the same aims. Both require patience, as both are long processes, he added.
 "I'll bet you think I'm an alarmist," he commented. "Frankly, I am."

Before Lenin died, the retired general said, Lenin said "We shall encircle that last bastion of capitalism in the United States." Since 1945, he added, 7,000 persons per hour have been converted into communists.

He urged the Lions to read **JOINS FRAT**

What Exactly Is A Friend?

"A friend" ... to many of us that term applies to nearly everyone except our deadly enemies; but what exactly is a friend?

Is a friend a person that is friendly to your face and turns around and talks behind your back? Hardly.

Some people think they can get by without friends - the worth of a friend cannot be measured until one is without him. A kind word from a friend can often make the most unhappy person feel better. That is a gift a friend can give that will mean more than anything.

Friendship? That is one thing that can never be bought or sold. It is something that can never die or be killed; it will last forever. Real friendship can lead a person to a goal in the future; it will become a crutch if one should stumble on the way to that goal.

This is friendship-look around you; do you have it? If not, why don't you find it? It will make your life more worth living. If so, take it and give yours in return, and that will be yours forever.

Clubicity

The Tri-Hi-Y club held its formal initiation at the First Christian Church on Nov. 10. Formal dress was worn by members and new members for the candlelight induction service. New members repeated the creed, prayer, pledge, and sang the club song. Members ended the service in a friendship circle and by saying the club prayer.

National Honor Society members met in the auditorium for a regular business meeting on Nov. 10. James Gentry gave the program, which was designed to help the new members become acquainted with NHS. Those who participated in Radio Day practiced their parts before the group. Plans for several other projects were discussed and committees were appointed to complete details.

Speech Teacher Likes 'Live Ones'

"Because I had been working in a mortuary and I thought the live ones would be more fun," was Burney Boyd McClurkan's reply when asked why he decided to teach.

Mr. McClurkan was born in Denton on Aug. 15, 1932. He was graduated from Denton High School and attended college at the University of Texas.

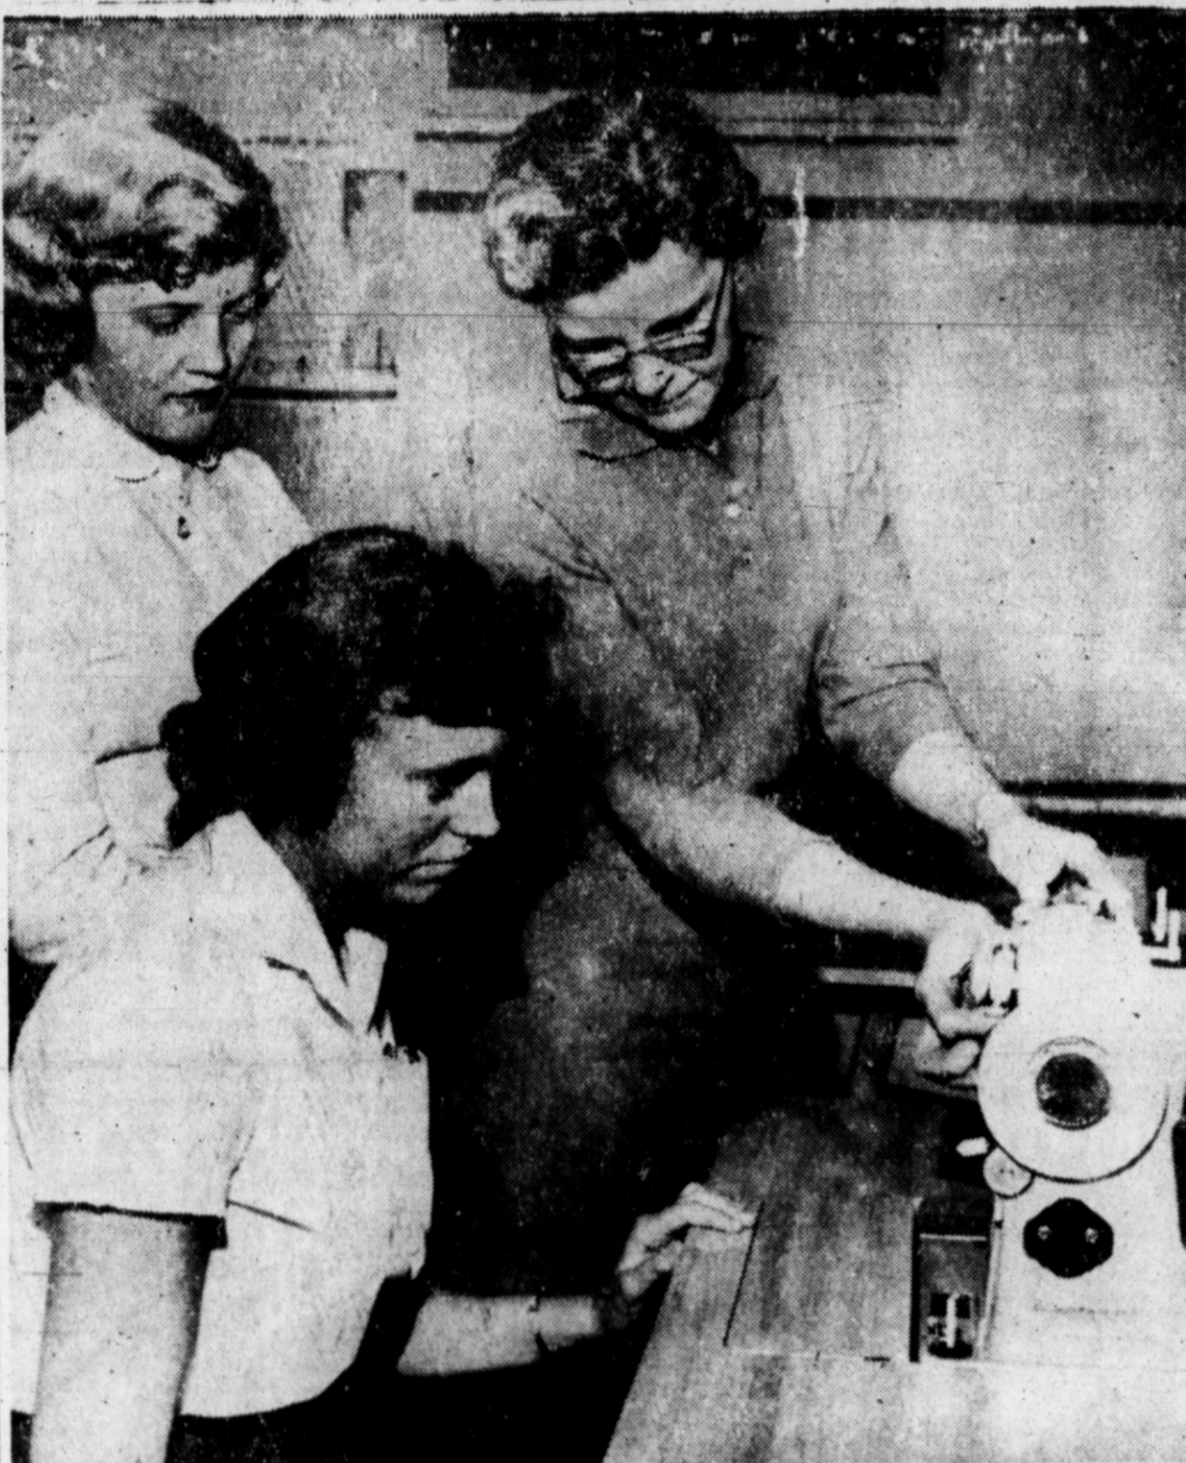

Mr. McClurkan's hobby is reading. He enjoys it because he believes that most education must be self-obtained anyway.

Mr. McClurkan had two children: Elaine, who is three years old, and Kevin who is one. Mr. McClurkan has had many funny experiences but he says his funniest and most embarrassing one happened one day when he was in the boiler room and a man came in. Mr. McClurkan, in the con-

versation, revealed his name and the man asked him what he thought of Eugene Baldwin. Mr. McClurkan said he thought Eugene was a good boy, but he was having a hard time living up to his older brother's reputations. The man disagreed with him; then introduced himself to Rev. B. H. Baldwin!

Mr. McClurkan, who has never taught anywhere else before, states, "I've never seen more talented students in one group. I never have to worry when I direct a play because I know I'll get the job done."

When asked what his ambitions for the Theatians were, Mr. McClurkan replied, "I hope to bring enough good plays to the people that audiences will come to expect more than just putting girdles on boys and calling it a play."

THE HOMEMAKING DEPARTMENT of Hereford High School is really proud of the new Singer sewing machines they have just received. Mrs. Powell at right is showing Carolyn Diller and Martha Duncan how to work one of the attachments. (Staff Photo)

Homemaking Classes Enjoy Ten New Sewing Machines

Ten new electric sewing machines have been put to good use by 40 homemaking girls in H. H. S.

The machines are in a special school cabinet of light beige-tone finish. Nine are slant needle type and one is a "Slant-O-Matic."

The sewing department has also received two new button hole attachments. The old attachments gave some students trouble and they have enjoyed using the new ones.

Third year homemaking students are making lined suits and two girls are making floor length formal. They will also plan their future home and if time permits they will have a management and consumer course.

Second year students are making dresses, studying fibers and studying and analyzing personalities, and taking courses in child development.

Three new electric ranges, one refrigerator, one freezer and a washer-dryer makeup the new equipment to be received by the cooking lab at H. H. S. The lab consists of eight complete units. There are 56 girls

participating in the cooking courses.

Third year girls study personal adjustment, marriage and family living, consumer buying, and planning and preparation of special occasion meals.

Second year students have courses in meal planning and

preparation, home nursing, nutrition study, and large kitchen equipment and furnishings.

Mrs. Frank Provell teaches the second and third year sewing classes and Mrs. J. J. Durham teaches the second and

third year cooking classes.

Talent And Fun Highlight D. E. Club's Day On Radio

The Hereford Radio School Day was held Friday, Nov. 11. It is sponsored annually by the Distributive Education Club of Hereford, High School.

Both the Distributive Education I and II classes worked together with their sponsor, Mr. Kenneth E. Hart, and sold advertisements to the local merchants for their radio day on station K.P.A.N.

Most of the advertisements were individually written by the students themselves. The money received through their selling will be used in the club to send

their delegates to the state convention in February, and to help finance the Employee-Employee Banquet and other club expenses.

This year, they are also setting up a special fund of one-third of this money to be used as a benefit to the club or to help establish a scholarship for a senior student. The plans at this time are to buy a tape re-

cord for next year. The programs were presented by the Hereford High School clubs, classes, groups, and individual talent. All of the other schools in Hereford presented a program.

The persons who did an excellent job, by staying and working at the station all day were students: Sam Sall, Kay Cole, Gary Wilson, Dewae Fryar, Curtis Crowell, A. Mae Bettis, and Billie Jean Barnett. The other members of the club went out to the radio station at various times during the day to help these members.

Student Council Has Talent Show

Hereford High School students were entertained by a talented group of fellow students on Nov. 8. The Student Council sponsored the talent show which was conducted by Ken Walser, Council president.

First place went to a girls' trio composed of Sandra Moore, Deanna Kriegshauser, and Joy Wiman. The girls won with a difficult song and pantomime routine.

A local band, the Frio Trio, took second honors. The members of the "trio" included Walker Parris, doing the vocalizing, Eddie Gallagher at the keyboard, Dennis Hodges, and Billy Lytal.

Third place went to Jerry Don Whitaker and Glen Nelson, with a drum and trumpet duet.

Donna Rodgers placed fourth as she sang "Some Enchanted Evening." Other contestants were Carole Snead, Gary Mills, Heidi Rutishauser, and a girls' sextet.

Judges for the show were Mr. Maurice Tannahill, Mrs. Troyce Carmichael, and Mr. Orpha Click.

The Shadow

This week the shadow has been chasing a senior girl. Monday is the day she should have stayed in bed. She got a new pair of slim-jims which were too little, so she exchanged them for another pair. When she got home, plans changed, so back she went to exchange them for a red skirt. It was too short, so she took it to the cleaners and had it altered.

Tuesday she came to school in a real cute skirt and sweater set which was bright orange. Blinding, HUH! At noon she stayed in assembly looking for a letter. Maybe Ann S. knows something about it; wasn't it addressed to someone at Hart? Friday was asked to the ballgame Friday night, but because of circumstances beyond her control, she was unable to accept.

Now, what was that reason again? Tuesday afternoon she left her poor sister stranded downtown, while she looked for shoes. Meany! She received a very important phone call from Lubbock Tuesday night, which made her and three other girls very happy.

Wednesday her heater broke in her car. She received another call from Lubbock; it was the same person.

Thursday she was seen talking to a certain party at noon; maybe T. S. knows who it was, he got quite a kick out of it.

Thursday night she received three phone calls one of which she could have gotten along without very well; or so she

Superintendent Of Schools Has Around-The-Clock Job

P. L. Stevens started on the road to being a teacher by graduating from Northside High School in Fort Worth. While he was in high school he wanted to become an engineer but during the depression the engineering profession went down, so he changed his mind. He continued his education by attending Texas A&M, where he received his bachelor's degree. To continue his education, he attended the University of Houston.

He was employed at Galena Park, in Houston, before coming to Hereford. There, he was assistant superintendent. His family consists of his wife, who is teacher of the sixth grade at Northwest Elementary; and his two sons, Mickey, who is a junior in Hereford High School, and David, who is in the eighth grade at Stanton Junior High.

The sport that Mr. Stevens enjoys most is fishing. He likes to fish on the coast and his favorite fish is kind fish.

He thinks that for a person to be a good teacher he or she has to have an interest in helping people and enjoy being around them. He also thinks that classroom teaching is the most enjoyable because of the contact with students.

The one thing he does not like about being in the administrative branch of teaching is the loss of contact with the students. One thing that is interesting about being a teacher is that it isn't routine. There is more to teaching than just going to school from 8 a. m. to 4 p. m. Ones that don't go back to school spend their summers making lesson plans.

He thinks for a town to have a good school system, it must meet the needs of the students of the school and that a school should have a well-balanced schedule.

Football Personalities

Wesley Poarch was born on July 27, 1943 in Dimmitt. He is one of the members of this year's varsity football team. Wesley plays left end on offense and right halfback on defense.

He has been a member of the football team for the last two years and enjoys playing very much. Wesley believes that Dumas was the toughest team that he has played against this year.

Wesley's favorite pastime is running around. He also likes to go duck hunting and horseback riding. He is a senior this year and his favorite subject is mechanical drawing.

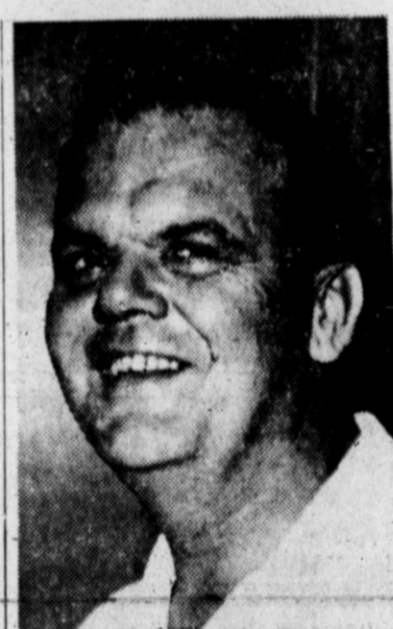

Wesley plans to attend Howard Payne College in Brownwood, Tex. after his graduation this year.

"Jungle" Jim Pavlicek was born Oct. 18, 1942 in Wichita Falls, Tex. He is also a member of this year's varsity football team; his position on the team is defensive left halfback.

Jim has been playing football for four years and in his opinion Phillips is the roughest team he has played against this year.

In his spare time Jim enjoys going duck hunting and goofing around. He enjoys attending school and one of his favorite subjects is Texas history. Jim is a senior this year and is sorry this is going to be his last year in high school.

After graduation he plans to (Continued on page 2)

Poet's Corner

This poem was written by one of Miss Dolores Wall's English II students, Kathryn McClain.

The Lone Cypress by Kathryn McClain

There grew by the sea A lone cypress tree All crooked, distorted, and bent. Enclosed with rocks on three sides, But on the fourth the sea did rent.

And through the snarled branches With leaves on their ends, A glimpse of sea we view again; Working its way to the edge of the shore

And rushing back to return once more.

Twisted, wind blown, and torn The lone cypress stands forlorn. Forsaken by all but the sun, sky, and sea

With only the stars for company. Alone, all alone, it stands Against a vast barren sea and land.

But no, not really alone, Although it seems that way. For because God had placed it there,

And it has grown.

He has watched it from somewhere-somewhere in the air.

Question Of The Week

What improvements would you make if you were President of the United States?

Eugene Baldwin - abolish the electoral college.

Caroline Brumley - raise the price of wheat and milk; get rid of Benson and not have coaches as teachers.

Dickie Mason - change the farm program.

Mickey Bonasio - improve the schools and the value of money; also the world situation.

Jan Reese - kick out Kennedy.

Sandra Brumley - work for world peace.

Bonnie Sparkman - give the foreign countries surplus food instead of the money.

Shari Prowell - leave all the foreign countries alone and help ourselves.

Dwight McGee - do away with all schools.

Bill Steele - work for world peace.

Bill Fitzgerald - change the popular voting and the electoral voting.

Lisle Patton - kick out Johnson.

Sherri Dameron - send all the communists back to their own country.

Heidi Rutishauser - we need longer vacations during the school year.

said. This girl is known for her beautiful singing voice in H.M. Friday she received a very long note from someone-boy, it was interesting. All day she worried about Saturday; maybe Sondra, Kay and Heidi know something about this, Reckon? After school she began planning for Friday night for a trip out of town. Of this we know nothing, but we sure would like to find out.

Thanks to our contacts for securing this information. Oh, by the way, if you haven't guessed by now who has been betrayed it is Ann Lance.

The man who makes the radio day possible is Mr. Clint Formby, the owner of the radio station K.P.A.N. The D. E. would like to express their gratitude to Mr. Formby and the staff at the station for this day.

The club wishes to take this means of thanking the principals, teachers, and sponsors for the assistance they gave them on Nov. 11: Mr. Bill Stanford, principal of Hereford High School; Mr. Howard Richey, assistant principal of Hereford High School; Mr. W. C. Quattlebaum, principal of Junior High School; Mr. D. C. Martin, principal of Aikman, Mr. L. B. Russell, principal of Snirley, Mrs. Odessa Harris of Parkview, Mr. Roy Hartman, principal of Northwest, and Mr. L. C. Thomas, principal of Central.

They would also like to thank the merchants who bought the advertisements from the D. E. students. Without them it would be impossible for the Distributive Education Club or the radio day to function at all.

To Mr. Formby, Mr. Steve Thompson, Mrs. Jimmy Roberts, Gary Tannahill, and all of the other staff of K.P.A.N. A vote of gratitude for the use of the station for the day. The Distributive Education Club and sponsor thank all who made their radio school day a big success!

Mystery Couple

(By Whiteface Staff)
This girl is crazy about blue and she feels she couldn't do without strawberries. "Devil or Angel" has just naturally become her favorite song. She has gotten a bit of enjoyment out of reading *Gone With the Wind* and seeing movie "Ben-Hur." Her hobbies are playing the piano and reading; and her unusual pastime is being with W.P. While she is eating strawberries the mystery boy usually has chicken-fried steak. He also enjoys the movie "Ben-Hur," but he liked the book *Giant*. Like the mystery girl his favorite color is blue and his song is "Devil or Angel." His hobby is playing football and his pastime is being with S. L.

The rank of greenhand is the first of four ranks a boy may obtain in the F. F. A. The other ranks are chapter farmer, state farmer, and the high honor of American farmer.

Following the initiation each of the officers received his long awaited officer pin. The meeting moved from the auditorium to the agriculture building, where refreshments were served and the parents were given a chance to look at some of the banners in the building and to get acquainted with each other.

A Mistake

— and the irate community must know where to place the blame. The police seek the guilty and the judge demands to know whom he is. Now witnesses join with the officers and the judge gets the case. He arises to pronounce judgment, but another Judge takes over. The Heavenly Judge speaks: "First, I condemn the father who fished, or played golf on Sunday instead of attending Sunday School and church worship with his son, where he might have learned the values of integrity and reverence. "Secondly, I condemn the mother who didn't have time to teach him; 'Now I lay me down to sleep.' This mother actually committed this crime when she satisfied her own immediate pleasure at the sacrifice of her duties to her son and her home." When will fathers and mothers realize that more lasting good may come from teaching the minds and hearts of their young, than in the providing of clothes, bread and shelter? *Worship with them in church!*

P-TA Sponsors Men's Style Review Friday

BY MRS. R. L. PINNELL
"Did You Ever See A Dream Walking?" might have been the theme song for the P-TA-sponsored Men's Style Review Friday evening in the high school auditorium. John Horton served

as narrator for the 23 male models.
The kitchen was in charge of Mesdames Carroll Gruhke y, Bob Lane, Howard Engle and Brub Beavers. Mrs. Irene Brown took tickets at the door.
Make-up artists were Mrs. Don Johnson and Mrs. Elbert Whitten with many wives putting on the finishing touches.
The activity needed a large sum of money, which will be used for a yearly project for the P-TA.

Male models were Perry Gruhke y, Don Tice, Jerry Fortenberry, Bill Gude y, Calvin Peters, Joe Martinez, Harvey Bronniman, Wayne Milner, Robert Jacobson, Hubert Bronniman, Jim Clark, Billy Johnson, Bill James, A. P. Jones, Jake Fortenberry, Joe Brownlee, Poole Doherty, Wilbur Harris, Kenneth Milner, Grady Pridmore, Gene Moore and Lorin Creitz.
Coach Jim Clark and Mrs. Don Johnson sponsored a group of basketball girls to the clinic held on the Wayland Baptist College campus in Plainview Saturday. The group went in the driver's education car.
The girls enjoyed the Flying Queens-Queen Bees game and the warmup exhibition of the Queens. A coaches' luncheon was held at noon.
In the evening the girls watched games of eight of the larger Panhandle schools in competition.
Making the trip were Coralie Fortenberry, Sue and Donna Brownlee, Paula Creitz, Cathy Kromer and Madeline Weidner.
What could have been a serious accident occurred Sunday afternoon when Jimmy Zaring and his little sister Patty overturned his father's loaded truck on the road near Bootleg corner. Jimmy had just loaded and pulled out of a field on the E. K. Horton farm when he reportedly hit a soft place on the road shoulder, causing the truck to overturn and land on its top. The windshield broke and Jimmy climbed out and assisted Patty out of the truck.
A passing motorist picked up the two and took them to the field where they summoned help. The truck was nearly demolished but neither of the oc-

cupants were injured.
Mrs. A. P. Jones and Mrs. John T. Lewis attended the "Round-Table" for Cub Scout Den Mothers Monday evening in the First Methodist Church of Hereford.
The first basketball games were played Thursday night on the home court. At the end of the game the score was 39-39 and in an over-time Channing boys pulled out in front 43-39.
The girls won with a score of 45-35. Superintendent Jones reported that there was an unusually large turn-out for the games.
Little Mike Perry is still a patient in Deaf Smith County Hospital where he is being treated for a rattle snake bite. The accident occurred three weeks ago when Mike was feeding his dog. He jumped over the snake once, thinking it was a stick.
On the return trip to the house he stepped on the snake and it bit him on the leg. His mother summoned help from a passing neighbor who took her to a Vega physician, who sent her to Hereford. His mother, Mrs. Winfred Perry, had home use of the rattle snake bite kit.
Mike is up in a wheel chair and should be home and in school soon.
Several of the models of the Men's Style Show gave a repeat performance at Wildorado for the benefit of their men's club Saturday night. Accompanying musicians were Sidney Blankenship, Calvin Peters and Wayne Milner.
Superintendent and Mrs. A. P. Jones and son Raymond visited his brother, Mr. and Mrs. George Jones at Friona Sunday. Gravel is being placed around the school building with Cotton Johnson running the maintainer this week.
Mr. and Mrs. Keith Kromer and son left Tuesday for a vacation with her sister, Lt. and Mrs. Charles Munch, who are stationed with the Navy in Washington, D. C. They went by Fort Worth where the baby remained with his aunt, Dr. and Mrs. Tom Risley and family.
Mrs. Hazel Chilton took Mrs. Kenneth Milner, Mrs. E. N. Jacobson, Mrs. Claribel Wykoff and Mrs. N. L. Jacobson as guests with her Saturday to the PEO Chapter coffee held in the Tom Kritzer home.
The Baptist Church will hold a religious census next Sunday afternoon in the community.
Mr. and Mrs. Arthur Jewett and family of Fritch were Sunday guests of her parents, the Ernest Franks.
Mr. and Mrs. John Proctor are in Amarillo with their new grandson born Thursday to Mr. and Mrs. Red Garrison. Mrs. Earl Brown is helping in the lunchroom in her place.
Mr. and Mrs. Johnnie Lewis and Johnnie attended to business in Floydada this weekend.
Mr. and Mrs. Grady Skaggs and family moved into their new Adrian home on Wednesday from Amarillo. Mrs. James Tomberlain assisted her sister with the moving. In the evening Mr. and Mrs. R. L. Moore, also of Amarillo, came out with the baby, Susan, who had been with them throughout the day. Steven remained with his paternal grandparents, the John Skaggs.
Mrs. Joe Speed and Mrs. Jane Stroup left Monday for Temple where they both will have medical check-ups.
Mr. and Mrs. Tommy Slocum and family and Mr. and Mrs. Tom Metcalf of Amarillo were Sunday guests of Mrs. Slocum's brother, Mr. and Mrs. M. H. Zaring Jr.

OFF THE Shelf

BY H. A. TUCK
We grabbed an armload of little books from the Deaf Smith County Library last week. Harold H. Martin has written an amusing little book, *Father's Day Comes Once A Year*, and then it always rains. William Michelfelder's non-fiction release, *It's Cheaper to Die* is more sober reading. Martin got most of the material for his book from his columns for a newspaper, covering a span of years roughly from a dissertation on triangular versus square-fold diapers to a long white wedding dress. All mixed up inside the covers are little boys who sleep with their cowboy hats on, teenagers who pipe Elvis

their friends over the telephone, tomcats who return home with sherry on their whiskers and a large white rabbit who eats his way into a box of Wheaties and then can't get the box off his head. For anyone who ever raised a family, or was part of one, this is the bright little incident that becomes funnier as time passes. This is a wonderfully amusing book that should appeal to almost any level. But parents will like it more than their children. But Michelfelder's book is nothing to take laughing. In fact, it will almost make you cry. He delves into the charges and countercharges that medical care is too high, that medical and hospital insurance is abused, that prescriptions cost too much. While he refutes none of these, he gives a comprehensive background study as to why medical care is expensive. This is a book that you will want to read and then

NOW! THE GREATEST SHOW ON WORTH!

El Air Sport Coupe. There's up to 2 inches more head room in this trim new hardtop; more leg room, too—front and rear.

NEW-SIZE YOU-SIZE SIXTY-ONE DEDERFUL CHEVY

This '61 is built on the principle that the place you want space is *inside*. We put it there, too. Actually trimmed the outer size to give you extra inches of clearance for parking and maneuvering, and still worked wonders with inner space. Door openings are as much as 6" wider. Seats as much as 14% higher. We've thought of everything. Increased rear foot room by slenderizing the driveshaft tunnel. Worked in sensible new ideas all the way back through that huge bin of a baggage compartment. See how thoughtful this one is? Full of good new things. Full of good old things, too, like Chevrolet's well-known thrift and dependability. See it soon.

Brookwood 9-Passenger Station Wagon. One of 6 for '61. Each features a case-size cargo opening and a new concealed compartment.

about people and events around Hereford High School

Well, the football boys brought their season to an end with Littlefield beating them 15-6 last Friday night. Some of the boys looked pretty happy Saturday night, but I don't think it was because they lost. Maybe it was because they didn't have a workout Monday.

Stan Kroppf looked pretty happy following the elections last Wednesday morning. It couldn't be that Kennedy's victory made him 45 dollars richer, could it? That new ring of Phyllis Ward's doesn't look like the kind that comes in a box of crakerjacks. Where did you say you got it?

Terry Smith and Jay Boynton are seen sporting their new Chevy Impalas around quite often. They got them last week. And speaking of cars, Kay Packard's little auto "will never be the same" after her catastrophe last Friday. I guess some people have all the luck, good and otherwise.

For any of you who are interested in entering, the Red Cross talent show will be in February.

The Whitefaces will begin their basketball season next Tuesday night.

Rumor has it that once upon a time, Gary Tannahill bought himself some steel wool and knitted himself a Volkswagen. And now, everytime Gary goes for a spin and hits a pedestrian, they hit back.

And then there are these people like Jackie Nunley who take Algebra II and can't tell the difference between a four and a "check mark with a line through it," in her words.

So long, and until next week, take the advice of Joe Schultz and don't get too close behind Arnold Powell when he is on loose gravel if you value your headlights.

IN CORPUS CHRISTI
Mrs. Cecil Guseman, accompanied by her son, Chip, left Wednesday for an extended visit with her brother, Dr. Howard J. Everle, in Corpus Christi.

REP. WALTER ROGERS WRITES:

Mandate Of The People

TO THE PEOPLE OF THE 18TH DISTRICT:

On Nov. 8, 1960, the people of the United States exercised their right of franchise; a right enjoyed by very few people throughout the world; a right indispensable to the preservation of a government by law rather than by man; a right, the proper exercise of which is the keystone of democracy.

The result of the exercise of that right by well over 60 million Americans is indicative of many things. Pollsters, lawyers, editorial writers, columnists, political experts, and others will be analyzing that vote for many months and years to come. These analyses will produce as

many meanings attributed to the votes and the voters as the number of people who undertake to treat the subject.

Many will say that the system in this country is wrong, that it is unfair, that it does not permit the true reflection of the feeling of the majority of the people. Others will say that the system should be retained as the most perfect system yet devised by man.

The electoral college method of electing a president has been under fire for a long time. Many attempts have been made to change it, but none have been successful. No doubt other attempts will be made in the future, near and far, but I seriously doubt that the system will be changed until there is definite proof that an alternative is better.

FARMERS INCORPORATE

URBANA, Ill. (AP)—Many farmers are incorporating, says N. G. P. Krausz, University of Ill. agricultural law professor, because it offers many solutions to farmers' problems.

It offers aid in inheritance problems. It could aid in meeting huge capital needs for increased farm mechanization. A farmer would be liable for debts of the business only to the extent of his investment. The corporation would not be responsible for his debts.

Farm corporation stock may be sold, willed, given away or allowed to go to heirs by laws of descent without breaking up the business. It would require adequate records and tend to promote efficiency.

Krausz, however, doubts that incorporation affords tax advantages, except on large agreements that produce substantial income.

PERTINENT REPLY

ATLANTA (AP)—A woman reported she was sitting in the public library when a man, somewhat the worse for whiskey, wandered in.

He sat down at a table and began thumbing through birth and death statistics with growing concern.

"Do you know," he blurted to a distinguished looking man sitting beside him, "that everytime I breathe somebody dies?"

"Very interesting," was the reply. "Why don't you try chewing cloves?"

NEW TEMPEST

AMERICA'S ONLY FRONT ENGINE ↔ REAR TRANSMISSION CAR
155 H.P. FROM FOUR CYLINDERS*

The new-size Tempest is primed to scoot on less gas! Five hot versions of the Trophy 4 engine. 110 to 155 h.p. Any choice will move out in a hurry, sail up a steep hill in high gear, has the power for quicker, safer passing.

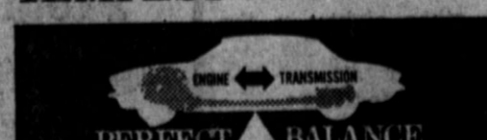

Front engine is balanced by rear transmission. (Standard shift or extra-cost automatic.) Takes weight off the front. Easy steering. Longer tire life. Adds ballast in the rear. Improves traction and braking. No big floor hump. Foot room and leg room for six men. Independent suspension at all 4 wheels. Most other cars only have it in front.

Wide-Track, too. The Tempest wheels are set farther apart than the wheels of other new-size cars. Gives a solid stance. Secure cornering. There's a 4-door sedan and a station wagon.

Prices come close—or even beat—the tags on the compacts. If you're figuring on a new car—figure on a new Tempest.

Four-H Club Girls Learn By Doing

BY ARGEN DRAPER Mrs. Marvin Kendrick invited me to the Favorite Food Show of two foods, groups of the Merry Maidens 4-H Club. Mrs. Kendrick and Mrs. Clyde Smithers, foods leaders, had their group together Saturday afternoon for the final lesson of the first foods unit. This is the new method of doing 4-H work. Mrs. Velma Bryan is the organization leader of the Merry Maidens 4-H Club. Linda Loerwald exhibited chocolate pudding; Vicky Koelzer showed peanut butter cookies; Joyce Warren and Susan Peters displayed meat salad—one made of ham and the other tuna; and Kay James showed carmel apples. Susan Peters explained that meals should be planned by the Texas Food Standard. Linda and Vicky were wearing their Dress Revue dresses. Incidentally, the girls drew for the products to make for the Favorite Food Show. The girls, their leaders and the mothers all agreed that the unit method of teaching 4-H subject matter is the best way of doing club work. The girls learn by doing; learn to work together and share work, duties and equipment.

age of two inches per garment for women's clothing and 2 1/2 inches per garment for men's clothing are ample. Heavy coats may require as much as four inches each. There are other standards set out in this memorandum material and you may have a copy by calling the office. Miss Fannie Brown Eaton, clothing specialist, Texas Agricultural Extension Service, worked this material up to be used when she came to Deaf Smith County last March for our closet tour. On the second Thursday nights of each month, for a few months, a meeting will be held on various farm and home management topics. All interested persons are invited. Last week we had a study of income taxes. On Dec. 8 the program will be on farm corporations. The meeting will be at 7:30 p. m. in the Community Center. There are many subjects that this group can study if there is sufficient interest. Some of them are: Contracts - rental - leases, new crops and enterprises, linear programming and estate planning. An area-home management specialist can give part of the program at these meetings if

HIS PAL IS A ROBOT UNION, N. J. of Alan Moskowitz' best friend has a head of tin. He's a robot the 13-year-old boy built himself. The mechanical pal has eyes that light up, a bell-and-buzzer brain, a loudspeaker mouth and doorknob ears. Alan, an honor student, spent a year making the robot and claims it can do everything but walk. A kiwi bird, found in New Zealand, has no wings.

Up In the Air

BY BENNY WOMBLE I am sorry for the misleading information in last Sunday's Brand concerning the spot landing contest. I told the paper they were going to have spot landings at the airport. They must have presumed I meant parachute spot landings. Spot landings are a test of skill in landing closest to a without using any power or without using flaps or slips. Anyway, we had a lot of people out looking for para-

chutes, not airplanes. I doubt if the parachutists will jump much more until spring because of the cold weather at the altitude they ball out from. Each thousand-foot altitude is three degrees colder. I have taken off from Hereford in 90 degrees heat and in 30 minutes time had to close the ventilators in order to stay warm (outside air temperature was about 60 degrees). I notice our Chamber of Commerce gave 10 most-needed improvements in our community. One of these, I believe, was attracting year-round industry. A neighboring city, Carlsbad, N. M., is having the same problem and this is what it is doing about it. This article, appearing under "What's New" in the November issue of "Pilot," is self-explanatory. "A city will make Aircoupes. The city of Carlsbad, N. M., has purchased the complete aircraft division of Forney Industries, Denver, Colo., in a drive to bring more industry to the New Mexico city. A \$7,000,000 bond issue will provide funds for the purchase of the Aircoupe operations of the Colorado concern. Air Products Company, Inc., will operate the new Carlsbad plant under a lease arrangement with the city. "A. D. Witche, director of marketing for Air Products, Air-

coupe division, said first-planes to be produced in the new plant will be ready in December. The new plane will be known as the "Aircoupe of Carlsbad." "Our plans are to set up production immediately in our new facilities and produce four times the number produced at our location in Fort Collins, Colo.," he said. "Some people have the idea that only a larger city can attract industry. On the contrary, many manufacturing companies are looking more to the smaller cities to relocate. As an example, Mooney Aircraft moved from Wichita, Kan., to Kerrville, Tex. Snow Aircraft is at Olney, near Wichita Falls. We have lots of cheap non-union labor locally available. I have been through Mooney at Kerrville and Luscombe at Garland, Tex., and both factories use more non-skilled labor than skilled labor. Local news: Tommy Bryant made a round-trip last week to Las Cruces, N. M. J. D. Green returned Sunday from a trip to Dallas. Earnest Langley recently made a trip to Midland in the Blue-Air Service Skyland. Jerry Cady flew the Skyland to Amarillo on charter Sunday. Dr. Adams made a solo cross-country to Clevis, Portales and Little-

SEE TEXAS FIRST Tourists Admire Old Mother Neff Mother Neff may be old, but she's well preserved and as popular as a young movie star. She's Texas' oldest state park and is located in McLennan County, just southwest of McGregor, in north-central Texas. Mother Neff is rich, too, for in her 253 acres she has a stone auditorium, refreshment facilities, picnic and camping ground. A popular place for fresh-water fishing, too! Visit Old Mother Neff soon. She'll treat you like one of her family. Reserved For You Row, row, row your boat -- or propel it any way you wish -- over fabulous Inks Lake. It's beautiful body of water located ten miles west of Burnet in Central Texas. On the east shore are 1,202 acres of marvelous land reserved just for you. It's Inks Lake State Park where you can fry your big catch of fish or eat your picnic lunch, camp out overnight, or shake a leg on the dance terrace. Just another one of those free paradises available for those fortunate enough to be in Texas. Indian Lodge No Teepee An apartment is awaiting you in a quaint Indian Lodge constructed of adobe. Despite its historic exterior, it is modern on the inside with running water, gas heat and bath. This quaint and beautiful lodge, complete with dining room and numerous recreational facilities, is located high up in the Davis Mountains. It is in the far western tip of Texas on the 1,541 acre park just west of Fort Davis in Jeff Davis County. There the nights are cool and good weather stays the year 'round, so you can enjoy trail riding, picnicing, tennis, badminton, croquet, dancing, and numerous other games and sports. Lots of other sights in the area too -- including the McDonald Observatory. A Kingdom in Texas You'll feel like a king at Possum Kingdom. There are 6,970 acres of public park land on both sides of the Central-North Texas Possum Kingdom Lake in the Graham, Mineral Wells, and Breckenridge, Texas triangle. Possum Kingdom State Park has facilities fit for a king, too. It has cabins, camping and pic-

nic grounds, groceries, swimming, bait houses, playground equipment, boat launching ramp, and confections. There's all this plus the enticing reputation as one of the finest lakes in Texas for boating and fishing. P. S.: I notice on television that Dan True just about ready to fly. I just wonder if he would like to fly to Hereford some Sunday evening if there was some encouragement from Hereford citizens. I personally think that a lot of people would like to meet Dan and admire his airplane. Let Us handle Your Anhydrous Ammonia Needs BLANTON BUTANE, INC. On East Highway 60 Phone EM 4-0220
